S.F. No. 1363: A bill for an act relating to natural resources; amending requirements to replace wetlands; adding exemptions; increasing wetland acreage in certain counties; extending interim rules; amending Minnesota Statutes 1992, sections 103G.222; 103G.2241; 103G.2242, subdivisions 1 and 2; and 103G.2369, subdivision 2, and by adding a subdivision; Laws 1991, chapter 354, article 7, section 2; proposing coding for new law in Minnesota Statutes, chapter 103G.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 103G.222, is amended to read:

103G.222 [REPLACEMENT OF WETLANDS.]

(a) After the effective date of the rules adopted under section 103B.3355 or 103G.2242, whichever is later, wetlands must not be drained or filled, wholly or partially, unless replaced by restoring or creating wetland areas of at least equal public value under either a replacement plan approved as provided in section 103G.2242 or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 103G.2242.

(b) Replacement must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that a deed restriction is placed on the altered wetland prohibiting nonagricultural use for at least ten years.

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 103G.2242, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish replacement in counties or watersheds in which 50 percent or more of the presettlement

wetland acreage has been filled, drained, or otherwise degraded. Wetlands impacted by public transportation projects may be replaced statewide, provided they are approved by the commissioner under an established wetland banking system, or under the rules for wetland banking as provided for under section 103G.2242.

(f) *Except as provided in paragraph (g), for a wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.*

(g) *For a wetland located on agricultural land or in counties or watersheds in which 80 percent or more of the presettlement wetland acreage exists, replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.*

(h) *Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.*

(i) *Except in counties or watersheds where 80 percent or more of the presettlement wetlands are intact, only wetlands that have been restored from previously drained or filled wetlands, wetlands created by excavation in nonwetlands, wetlands created by dikes or dams along public or private drainage ditches, or wetlands created by dikes or dams associated with the restoration of previously drained or filled wetlands may be used in a statewide banking program established in rules adopted under section 103G.2242, subdivision 1. Modification or conversion of nondegraded naturally occurring wetlands from one type to another are not eligible for enrollment in a statewide wetlands bank.*

(j) *The technical evaluation panel established under section 103G.2242, subdivision 2, shall ensure that sufficient time has occurred for the wetland to develop wetland characteristics of soils, vegetation, and hydrology before recommending that the wetland be deposited in the statewide wetland bank. If the technical evaluation panel has reason to believe that the wetland characteristics may change substantially, the panel shall postpone its recommendation until the wetland has stabilized.*

Sec. 2. Minnesota Statutes 1992, section 103G.2241, is amended to read:

103G.2241 [EXEMPTIONS.]

(5) activities exempted from federal regulation under United States Code, title 33, section 1344(f);

(6) activities authorized under, and conducted in accordance with, an applicable general permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, except the nationwide permit in Code of Federal Regulations, title 33, section 330.5, paragraph (a), clause (14), limited to when a new road crosses a wetland, and all of clause (26);

(ii) the proposed project significantly modifies or alters less than one-half acre of wetlands;

(12) activities associated with routine maintenance of utility and pipeline

rights-of-way, provided the activities do not result in additional intrusion into the wetland;

(13) alteration of a wetland associated with the operation, maintenance, or repair of an interstate pipeline;

(14) temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage of the wetland or public waters;

(15) permanent access for forest roads across wetlands so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch or tile line; with filling avoided wherever possible; and there is no drainage of the wetland or public waters;

(16) activities associated with routine maintenance or repair of existing public highways, roads, streets, and bridges, provided the activities do not result in additional intrusion into the wetland and do not result in the draining or filling, wholly or partially, of a wetland outside of the existing right-of-way;

(17) emergency repair and normal maintenance and repair of existing public works, provided the activity does not result in additional intrusion of the public works into the wetland and do not result in the draining or filling, wholly or partially, of a wetland;

(18) normal maintenance and minor repair of structures causing no additional intrusion of an existing structure into the wetland, and maintenance and repair of private crossings that do not result in the draining or filling, wholly or partially, of a wetland;

(19) duck blinds;

(20) aquaculture activities, except building or altering of docks and activities involving the draining or filling, wholly or partially, of a wetland including pond excavation and associated access roads and dikes authorized under, and conducted in accordance with, a permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, but not including buildings;

Summary by Fund

General	1,382,251,000	1,545,494,000
Health Care Access	1,091,000	1,438,000

The commissioner of finance shall transfer \$7,988,000 for fiscal year 1994 and \$19,138,000 for fiscal year 1995 from the health care access fund to the general fund.

Any money allocated to the alternative care program that is not spent for the purposes indicated does not cancel but shall be transferred to the medical assistance account.

The commissioner shall study modifications to Minnesota Rules, parts 9553.0010 to 9553.0080, governing the reimbursement system for intermediate care facilities for persons with mental retardation, and shall solicit advice from the public, including provider groups, advocates, and legislators when developing rule amendments. The commissioner shall report to the legislature by January 31, 1994, on the status of revision to these rule parts.

The nonfederal share of the costs of case management services provided to persons with mental retardation or related conditions relocated from nursing homes as required by federal law and receiving home and community-based services funded through the waiver granted under section 1915(c)(7)(B) of the Social Security Act shall be provided from state-appropriated medical assistance grant funds. Up to \$40,000 of the appropriation for preadmission screening and alternative care for fiscal year 1994 may be transferred to the health care administration account to pay the state's share of county claims for conducting nursing home assessments for persons with mental illness or mental retardation as required by Public Law Number 100-203.

Services provided by a physical therapy assistant shall be reimbursed at the same rate as services performed by a physical therapist when the services of the physical therapy assistant are provided under the direction of a physical therapist who is on the premises. Services provided by a physical therapy assistant that are provided under the direction of a physical therapist who is not on the premises shall be reimbursed at 65 percent of the physical therapist rate. Services provided by

an occupational therapy assistant shall be reimbursed at the same rate as services performed by an occupational therapist when the services of the occupational therapy assistant are provided under the direction of the occupational therapist who is on the premises. Services provided by an occupational therapy assistant that are not provided under the direction of an occupational therapist who is not on the premises shall be reimbursed at 65 percent of the occupational therapist rate.

The paragraph in Laws 1992, chapter 513, article 5, section 2, subdivision 7, providing for the transfer to the medical assistance account of \$600,000 of community social services act grant funds for case management to act as a state match necessary for preplacement activity upon federal approval of adding preplacement case management for persons with mental retardation or related conditions to the state Medicaid plan, is repealed.

The commissioner shall study and report to the legislature by February 1, 1994, recommendations on the feasibility of developing a Medicaid inpatient hospital payment system similar to the current Medicare methodology. The study shall examine at least the following reimbursement options: (1) Medicare diagnostic related grouping methodology, (2) reimbursement of small volume Medicaid providers on a percentage-of-charges basis rather than on a prospective basis; (3) equitable methods for reimbursing the additional costs incurred by teaching hospitals, children's hospitals, and high-volume Medicaid hospitals; and (4) contracting with an outside agency for the administration of the Medicaid program. The commissioner shall establish a task force including department staff and hospital industry representatives to assist with the preparation of the report and recommendations. The report shall include recommendations on the feasibility of implementing a new reimbursement system on July 1, 1994, and an estimate of the cost or savings associated with any recommended changes.

The commissioner may not adjust hospital reimbursement rates to provide a new hospital payment for short length of stay mental health patients without the prior approval of the legislature unless the adjustment will result in budget savings.

The commissioner shall apply to the federal government for a waiver from Code of Federal Regulations, parts 441.206 and 441.256, which require certain attachments be included with Medicaid provider billings, in order to enable the commissioner to allow providers to submit most or all bills electronically.

Rates paid for anesthesiology services provided by physicians and certified registered nurse anesthetists (CRNAs) shall be according to the formula utilized in the Medicare program. For physicians, a conversion factor "at percentile of calendar year set by legislature" shall be used. For CRNAs, the conversion factor shall be that used by Medicare.

The amount of state semi-independent living services (SILS) funds and state community social services funds transferred to the state medical assistance account for the purpose of transferring certain persons from the SILS program to the home and community-based waived services program for persons with mental retardation or related conditions shall be based on each county's participation in transferring persons to the waiver program. Funds shall not be transferred for any person until that person begins receiving waived services. No person for whom these funds are transferred shall be required to obtain a new living arrangement, notwithstanding Minnesota Statutes, section 252.28, subdivision 3, paragraph (4), and Minnesota Rules, parts 9525.1800, subpart 26a, and 9525.1860, subpart 6. When supported living services are provided to persons for whom these funds are transferred, the commissioner may substitute the licensing standards of Minnesota Rules, parts 9525.0500 to 9525.0660, for Minnesota Rules, parts 9525.2000 to 9525.2140, if the services remain nonresidential as de-

fined in Minnesota Statutes, section 245A.02, subdivision 10.

Contingent upon federal approval of expanding eligibility for home and community-based services for persons with mental retardation or related conditions, the commissioner shall reduce the state semi-independent living services (SILS) payments to each county by the total medical assistance expenditures for non-residential services attributable to former SILS recipients transferred by the county to the home and community-based services program for persons with mental retardation or related conditions. Of the reduced SILS payments determined above, the commissioner shall transfer to the state medical assistance account an amount equal to the nonfederal share of the nonresidential services under the home and community-based services for persons with mental retardation or related conditions. Of the remaining reduced SILS payments, 80 percent shall be returned to the SILS grant program to provide additional SILS services and 20 percent shall be transferred to the general fund.

The commissioner shall allocate money for home and community-based services to meet the needs of developmentally disabled individuals on the following priority basis: (1) to serve individuals on county waiting lists; and (2) to serve individuals who have been screened for discharge from regional treatment centers. In allocating waiver slots to a county under Minnesota Statutes, sections 256B.092 and 256B.501, the commissioner shall ensure that at least one individual from the county waiting list is served for each individual served as a discharge from a regional treatment center.

The commissioner of finance shall transfer \$50,000 in fiscal year 1994 and \$50,000 in 1995 from the department of human services' training budget to the state technical college system. This transfer is to be used for customized training of staff who work directly with persons with developmental disabilities. Any unex-

pending money shall revert to the general fund.

For the fiscal year ending June 30, 1994, if a facility which is in receivership under Minnesota Statutes, section 245A.12 or 245A.13, is sold to an unrelated organization: (a) the facility shall be considered a newly established facility for rate setting purposes notwithstanding any provisions to the contrary in Minnesota Statutes, section 256B.501, subdivision 11; and (b) the facility's historical basis for the physical plant, land, and land improvements for each facility must not exceed the prior owner's aggregate historical basis for these same assets for each facility. The allocation of the purchase price between land, land improvements, and physical plant shall be based on the real estate appraisal using the depreciated replacement cost method.

For the fiscal year ending June 30, 1994, a newly constructed or newly established intermediate care facility for the mentally retarded that is developed and financed during that period shall not be subject to the equity requirements in Minnesota Statutes, section 256B.501, subdivision 11, paragraph (d), or Minnesota Rules, part 9553.0060, subpart 3, item F, provided that the provider's interest rate does not exceed the interest rate available through state agency tax exempt financing.

Effective for services rendered on or after July 1, 1993, medical assistance payments to ambulance services are increased by 10 percent from the lower of: (1) the submitted charges; or (2) the 50th percentile of the prevailing charge for 1982.

Effective the day following final enactment, fiscal year 1993 appropriations made to the commissioner of human services for computer projects may be transferred between operations and development. A transfer under this paragraph may be made at the discretion of the commissioner, but must not be made to any project not previously approved by the commissioner of finance and the information policy office.

Up to \$600,000 of the appropriation for systems modification and start-up costs for MinnesotaCare contained in Laws 1992, chapter 549, article 10, section 1, subdivision 4, shall not cancel, but may be transferred to the state systems account established in Minnesota Statutes, section 256.014, to complete the work of integrating MinnesotaCare into the Medicaid management information system.

This appropriation is from the health care access fund.

Subd. 7. Mental Health and Regional Treatment Center Administration	264,267,000	264,844,000
---	-------------	-------------

If the resident population at the regional treatment centers is projected to be higher than the estimates upon which the medical assistance forecast and budget recommendations were based, the amount of the medical assistance appropriation that is attributable to the cost of services that would have been provided as an alternative to regional treatment center services is transferred to the residential facilities appropriation.

The commissioner may transfer unencumbered appropriation balances between fiscal years for the state residential facilities repairs and betterments account and may transfer any unencumbered balances in special equipment remaining in the first year to the second year of the biennium.

Of this appropriation, \$25,000 is to be transferred to the commissioner of administration for a study of legal and treatment issues related to persons with psychopathic personalities.

The transfer of the Osage building at the Faribault regional treatment center to the department of administration or the department of corrections or to any other state agency may not occur before December 31, 1994. Residents affected by the transfer of the Osage building shall not be transferred to another regional treatment center or state nursing home but must either be housed at the Faribault regional treatment center or placed in appropriate community-based facilities.

The transfer of the hospital building at the Faribault regional treatment center to the department of administration, to the department of corrections, or to any other state agency, may take place only after alternative, state-operated, skilled nursing facility and infirmary space has been developed for residents on the campus of the Faribault regional treatment center. The commissioner of human services is prohibited from transferring any other building on the campus of the Faribault regional treatment center to any other state agency, or from declaring any building or acreage on the campus to be surplus, unless specifically authorized to do so by the legislature.

It is the intent of the legislature that the transfer of vulnerable persons, construction of the psychiatric hospital, and the conversion of existing buildings at Moose Lake for use by the department of corrections shall be coordinated in order to minimize any disruptive impact on the care and treatment of vulnerable persons.

For purposes of restructuring the regional treatment centers and state nursing homes, any regional treatment center employee whose position is to be eliminated shall be afforded the options provided in applicable collective bargaining agreements. Provided there is no conflict with any collective bargaining agreement, any regional treatment center position reduction must only be accomplished through mitigation, attrition, transfer, and other measures as provided in state or applicable collective bargaining agreements and in Minnesota Statutes, section 252.50, subdivision 11, and not through layoff.

Agreements between the commissioner of corrections and the commissioner of human services concerning operation of a correctional facility on the Moose Lake regional treatment center campus shall include provisions for the utilization of the regional laundry facilities at the Brainerd regional treatment center.

The commissioner of human services shall transfer buildings at the Moose Lake campus housing persons with mental illness and psychogeriatric patients to the

commissioner of corrections upon the commencement of actual construction of a 100-bed psychopathic personality treatment facility at the Moose Lake regional treatment center.

When the operations of the regional treatment center chemical dependency fund created in Minnesota Statutes, section 246.18, subdivision 2, are impeded by projected cash deficiencies resulting from delays in the receipt of grants, dedicated income or other similar receivables, and when the deficiencies would be corrected within the budget period involved, the commissioner of finance shall transfer general fund cash reserves into this account as necessary to meet cash demands. The cash flow transfers must be returned to the general fund as soon as sufficient cash balances are available in the account to which the transfer was made. Any interest earned on general fund cash flow transfers accrues to the general fund and not the regional treatment center chemical dependency fund.

Any efforts undertaken by the Minnesota departments of health or human services to conduct periodic educational programs for nursing home residents shall build on and be coordinated with the resident and family advisory council education program established in Minnesota Statutes, section 144A.33.

Notwithstanding the provisions of Minnesota Statutes, sections 144.122 and 144.53, the commissioner shall increase the annual licensure fee charged to a hospital accredited by the joint commission on accreditation of health care organizations by \$520 and shall increase the annual licensure fee charged to nonaccredited hospitals by \$225.

Notwithstanding the provisions of Minnesota Statutes, sections 144.122, 144.53, and 144A.07, a health care facility licensed under the provisions of Minnesota Statutes, chapter 144 or 144A, may submit the required fee for licensure renewal in quarterly installments. Any health care facility requesting to pay the renewal fees in quarterly payments shall make the request at the time of license renewal. Facilities licensed under the provisions of Minnesota Statutes, chapter 144, shall submit quarterly payment by January 1, April 1, July 1, and October 1 of each year. Nursing homes licensed under Minnesota Statutes, chapter 144A, shall submit the first quarterly payment with the application for renewal, and the remaining payments shall be submitted at three-month intervals from the license expiration date. The commissioner of

health can require full payment of any outstanding balance if a quarterly payment is late. Full payment of the annual renewal fee will be required in the event that the facility is sold or ceases operation during the licensure year. Failure to pay the licensure fee is grounds for the non-renewal of the license.

The commissioner shall adjust the fees for hospital licensure renewal in such a way that fees for hospitals not accredited by the joint commission on accreditation of health care organizations are capped at \$2,000, plus \$100 per bed. Any loss of revenue that results from this cap must be evenly distributed to hospitals which are accredited by the joint commission.

The commissioner shall report to the chairs of the house of representatives health and housing finance division and the senate health and family services finance division by January 1, 1995, on progress in developing a revised cost allocation system to determine licensing fees for health care facilities and shall recommend language to modify hospital and nursing home fees accordingly.

Effective the day following final enactment, in the event that the commissioner of health is ordered by a court or otherwise agrees to assume responsibility for the handling of patient's medical records from a closed hospital, such records shall be considered as medical data under the provisions of Minnesota Statutes, section 13.42, subdivision 3. The commissioner of health is authorized to handle and to provide access to these records in accordance with the provisions of Minnesota Statutes, sections 145.30 to 145.32 and 144.335. A written certification by the commissioner of health or the commissioner's designee that a photographic or photostatic copy of a record is a complete and correct copy shall have the same force and effect as a comparable certification of an officer or employee in charge of the records of the closed hospital. Costs incurred for the handling of these records pursuant to Minnesota Statutes, sections 145.30 to 145.32, shall be considered as a lien on the property of the

closed hospital in accordance with the provisions of Minnesota Statutes, section 514.67. At the commissioner of health's discretion, all or a portion of this lien may be released in consideration for payment of a reasonable portion of the costs incurred by the commissioner. Any costs incurred by the commissioner for the handling of or providing access to the medical records must be recovered through charges for the access to records under Minnesota Statutes, section 144.335. The commissioner may contract for services for the handling of the medical records pursuant to Minnesota Statutes, sections 145.30 to 145.32, and for the provision of access to these records. Any revenues received by the commissioner through collections from the closed hospital or from charges for access shall be used to cover any contractual costs. Any remaining money shall be deposited into the state government special revenue fund.

Transfers of appropriations between fiscal years must be for the purpose of maximizing federal funds or minimizing fluctuations in the number of participants.

When cost effective, the commissioner may use money received for the services for children with handicaps program to purchase health coverage for eligible children.

\$50,000 of the appropriation for fiscal year 1994 for services to the children treatment fund may be used to conduct a needs assessment.

In the event that Minnesota is required to comply with the provision in the federal maternal and child health block grant law, which requires 30 percent of the allocation to be spent on primary services for children, federal funds allocated to the commissioner of health under Minnesota Statutes, section 145.882, subdivision 2, may be transferred to the commissioner of human services for the purchase of primary services for children covered by MinnesotaCare. The commissioner of human services shall transfer an equal amount of the money appropriated for MinnesotaCare to the commissioner of health to assure access to quality child health services under Minnesota Statutes, section 145.88.

Transfers may be made by the commissioners of human services and health and the veterans nursing homes board to salary accounts and unencumbered salary money may be transferred to the next fiscal year in order to avoid layoffs with the advance approval of the commissioner of finance and upon notification of the chairs of the senate health care and family services finance division and the house of representatives human services finance and health and housing finance divisions. The allowance for food may be adjusted annually according to the United States Department of Labor, Bureau of Labor Statistics publication, producer price index, with the approval of the commissioner of finance. Adjustments for fiscal year 1994 and fiscal year 1995 must be based on the June 1993 and June 1994 producer price index respectively, but the adjustment must be prorated if the wholesale food price index adjustment would require money in excess of this appropriation.

ARTICLE 2

HEALTH DEPARTMENT AND HEALTH BOARDS

Section 1. [136A.1358] [RURAL CLINICAL SITES FOR NURSE PRACTITIONER EDUCATION.]

Subdivision 1. [DEFINITION.] For purposes of this section, "rural" means any area of the state outside of the seven metropolitan counties, as defined in section 473.121, subdivision 4.

Subd. 2. [ESTABLISHMENT.] A grant program is established under the authority of the higher education coordinating board to provide grants to colleges or schools of nursing located in Minnesota that operate programs of study designed to prepare registered nurses for advanced practice as nurse practitioners.

Subd. 3. [PROGRAM GOALS.] Colleges and schools of nursing shall use grants received to provide rural students with increased access to programs of study for nurse practitioners, by:

- (1) developing rural clinical sites;*
- (2) allowing students to remain in their rural communities for clinical rotations; and*
- (3) providing faculty to supervise students at rural clinical sites.*

The overall goal of the grant program is to increase the number of graduates of nurse practitioner programs who work in rural areas of the state.

Subd. 4. [RESPONSIBILITY OF NURSING PROGRAMS.] (a) Colleges or schools of nursing interested in participating in the grant program must apply to the higher education coordinating board, according to the policies established by the board. Applications submitted by colleges or schools of

nursing must include a detailed proposal for achieving the goals listed in subdivision 3, a plan for encouraging sufficient applications from rural applicants to meet the requirements of paragraph (b), and any additional information required by the board.

(b) Each college or school of nursing, as a condition of accepting a grant, shall make at least 25 percent of the openings in each nurse practitioner entering class available to applicants who live in rural areas and desire to practice as a nurse practitioner in rural areas. This requirement is effective beginning with the fall 1994 entering class and remains in effect for each biennium thereafter for which a college or school of nursing is awarded a grant renewal. The board may exempt colleges or schools of nursing from this requirement if the college or school can demonstrate, to the satisfaction of the board, that the nurse practitioner program did not receive enough applications or acceptance letters from qualified rural applicants to meet the requirement.

(c) Colleges or schools of nursing participating in the grant program shall report to the higher education coordinating board on their program activity as requested by the board.

Subd. 5. [RESPONSIBILITIES OF THE HIGHER EDUCATION COORDINATING BOARD.] (a) The board shall establish an application process for interested colleges and schools of nursing, and shall require colleges and schools of nursing to submit grant applications to the board by November 1, 1993. The board may award up to two grants for the biennium ending June 30, 1995.

(b) In selecting grant recipients, the board shall consider:

(1) the likelihood that an applicant's grant proposal will be successful in achieving the program goals listed in subdivision 3;

(2) the potential effectiveness of the college's or school's plan to encourage applications from rural applicants; and

(3) the academic quality of the college's or school's program of education for nurse practitioners.

(c) The board shall notify grant recipients of an award by December 1, 1993, and shall disburse the grants by January 1, 1994. The board may renew grants if a college or school of nursing demonstrates that satisfactory progress has been made during the past biennium toward achieving the goals listed in subdivision 3.

Sec. 2. Minnesota Statutes 1992, section 144.122, is amended to read:

144.122 [LICENSE AND PERMIT FEES.]

(a) The state commissioner of health, by rule, may prescribe reasonable procedures and fees for filing with the commissioner as prescribed by statute and for the issuance of original and renewal permits, licenses, registrations, and certifications issued under authority of the commissioner. The expiration dates of the various licenses, permits, registrations, and certifications as prescribed by the rules shall be plainly marked thereon. Fees may include application and examination fees and a penalty fee for renewal applications submitted after the expiration date of the previously issued permit, license, registration, and certification. The commissioner may also prescribe, by rule, reduced fees for permits, licenses, registrations, and certifications when the

application therefor is submitted during the last three months of the permit, license, registration, or certification period. Fees proposed to be prescribed in the rules shall be first approved by the department of finance. All fees proposed to be prescribed in rules shall be reasonable. The fees shall be in an amount so that the total fees collected by the commissioner will, where practical, approximate the cost to the commissioner in administering the program. All fees collected shall be deposited in the state treasury and credited to the ~~general~~ *state government special revenue* fund unless otherwise specifically appropriated by law for specific purposes.

(b) The commissioner may charge a fee for voluntary certification of medical laboratories and environmental laboratories, and for environmental and medical laboratory services provided by the department, without complying with paragraph (a) or chapter 14. Fees charged for environment and medical laboratory services provided by the department must be approximately equal to the costs of providing the services.

(c) The commissioner may develop a schedule of fees for diagnostic evaluations conducted at clinics held by the services for children with handicaps program. All receipts generated by the program are annually appropriated to the commissioner for use in the maternal and child health program.

(d) The commissioner, for fiscal years 1993 and beyond, shall set license fees for hospitals and nursing homes that are not boarding care homes at a level sufficient to recover, over a two-year period, the deficit associated with the collection of license fees from these facilities. The license fees for these facilities shall be set at the following levels:

Joint Commission on Accreditation of Healthcare

Organizations (JCAHO hospitals)	\$2,142
Non-JCAHO hospitals	\$2,228 plus \$138 per bed
Nursing home	\$324 plus \$76 per bed

For fiscal years 1993 and beyond, the commissioner shall set license fees for outpatient surgical centers, boarding care homes, and supervised living facilities at a level sufficient to recover, over a four-year period, the deficit associated with the collection of license fees from these facilities. The license fees for these facilities shall be set at the following levels:

Outpatient surgical centers	\$1,645
Boarding care homes	\$249 plus \$58 per bed
Supervised living facilities	\$249 plus \$58 per bed.

Sec. 3. Minnesota Statutes 1992, section 144.123, subdivision 1, is amended to read:

Subdivision 1. [WHO MUST PAY.] Except for the limitation contained in this section, the commissioner of health shall charge a handling fee for each specimen submitted to the department of health for analysis for diagnostic purposes by any hospital, private laboratory, private clinic, or physician. No fee shall be charged to any entity which receives direct or indirect financial assistance from state or federal funds administered by the department of health, including any public health department, nonprofit community clinic, venereal disease clinic, family planning clinic, or similar entity. The commis-

sioner of health may establish by rule other exceptions to the handling fee as may be necessary to gather information for epidemiologic purposes. All fees collected pursuant to this section shall be deposited in the state treasury and credited to the ~~general~~ *state government special revenue fund*.

Sec. 4. Minnesota Statutes 1992, section 144.226, subdivision 2, is amended to read:

Subd. 2. [~~FEES TO GENERAL STATE GOVERNMENT SPECIAL REVENUE FUND.~~] Fees collected under this section by the state registrar shall be deposited to the ~~general~~ *state government special revenue fund*.

Sec. 5. Minnesota Statutes 1992, section 144.3831, subdivision 2, is amended to read:

Subd. 2. [COLLECTION AND PAYMENT OF FEE.] The public water supply described in subdivision 1 shall:

(1) collect the fees assessed on its service connections;

(2) pay the department of revenue an amount equivalent to the fees based on the total number of service connections. The service connections for each public water supply described in subdivision 1 shall be verified every four years by the department of health; and

(3) pay one-fourth of the total yearly fee to the department of revenue each calendar quarter. The first quarterly payment is due on or before September 30, 1992. In lieu of quarterly payments, a public water supply described in subdivision 1 with fewer than 50 service connections may make a single annual payment by June 30 each year, starting in 1993. The fees payable to the department of revenue shall be deposited in the state treasury as nondedicated ~~general~~ *state government special revenue fund revenues*.

Sec. 6. Minnesota Statutes 1992, section 144.802, subdivision 1, is amended to read:

Subdivision 1. [LICENSES; CONTENTS, CHANGES, AND TRANSFERS.] No natural person, partnership, association, corporation or unit of government may operate an ambulance service within this state unless it possesses a valid license to do so issued by the commissioner. The license shall specify the base of operations, primary service area, and the type or types of ambulance service for which the licensee is licensed. The licensee shall obtain a new license if it wishes to establish a new base of operation, or to expand its primary service area, or to provide a new type or types of service. A license, or the ownership of a licensed ambulance service, may be transferred only after the approval of the commissioner, based upon a finding that the proposed licensee or proposed new owner of a licensed ambulance service meets or will meet the requirements of section 144.804. If the proposed transfer would result in a change in or addition of a new base of operations, expansion of the service's primary service area, or provision of a new type or types of ambulance service, the commissioner shall require the prospective licensee or owner to comply with subdivision 3. The commissioner may approve the license or ownership transfer prior to completion of the application process described in subdivision 3 upon obtaining written assurances from the proposed licensee or proposed new owner that no change in the service's base of operations, expansion of the service's primary service area, or provision of a new type or types of ambulance service will occur during the processing of the application. The cost of licenses shall be in an

amount prescribed by the commissioner pursuant to section 144.122. Licenses shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122. *Fees collected shall be deposited to the trunk highway fund.*

Sec. 7. Minnesota Statutes 1992, section 144.98, subdivision 5, is amended to read:

Subd. 5. [LABORATORY CERTIFICATION ACCOUNT STATE GOVERNMENT SPECIAL REVENUE FUND.] There is an account in the special revenue fund called the laboratory certification account. Fees collected under this section and appropriations for the purposes of this section must be deposited in the laboratory certification account. Money in the laboratory certification account is annually appropriated to the commissioner of health to administer this section *state government special revenue fund.*

Sec. 8. Minnesota Statutes 1992, section 144A.071, is amended to read:

144A.071 [MORATORIUM ON CERTIFICATION OF NURSING HOME BEDS.]

Subdivision 1. [FINDINGS.] The legislature finds that medical assistance expenditures are increasing at a much faster rate than the state's ability to pay them; that reimbursement for nursing home care and ancillary services comprises over half of medical assistance costs, and, therefore, controlling expenditures for nursing home care is essential to prudent management of the state's budget; that construction of new nursing homes and the addition of more nursing home beds to the state's long-term care resources inhibits the ability to control expenditures; that Minnesota already leads the nation in nursing home expenditures per capita, has the fifth highest number of beds per capita elderly, and that private paying individuals and medical assistance recipients have equivalent access to nursing home care; and that in the absence of a moratorium the increased numbers of nursing homes and nursing home beds will consume resources that would otherwise be available to develop a comprehensive long-term care system that includes a continuum of care. Unless action is taken, this expansion of bed capacity is likely to accelerate with the repeal of the certificate of need program effective March 15, 1984. The legislature also finds that Minnesota's dependence on institutional care for elderly persons is due in part to the dearth of alternative services in the home and community. The legislature also finds that further increases in the number of licensed nursing home beds, especially in nursing homes not certified for participation in the medical assistance program, is contrary to public policy, because: (1) nursing home residents with limited resources may exhaust their resources more rapidly in these facilities, creating the need for a transfer to a certified nursing home, with the concomitant risk of transfer trauma; (2) a continuing increase in the number of nursing home beds will foster continuing reliance on institutional care to meet the long-term care needs of residents of the state; (3) a further expansion of nursing home beds will diminish incentives to develop more appropriate and cost-effective alternative services and divert community resources that would otherwise be available to fund alternative services; (4) through corporate reorganization resulting in the separation of certified and licensed beds, a nursing home may evade the provisions of section 256B.48, subdivision 1, clause (a); and (5) it is in the best interests of the state to ensure that the long-term care system is designed to protect the private resources of individuals as well as to use state resources most effectively and efficiently.

The legislature declares that a moratorium on the licensure and medical assistance certification of new nursing home beds and construction projects that exceed \$500,000 or 25 percent of a facility's appraised value is necessary to control nursing home expenditure growth and enable the state to meet the needs of its elderly by providing high quality services in the most appropriate manner along a continuum of care.

Subd. 1a. [DEFINITIONS.] For purposes of sections 144A.071 to 144A.073, the following terms have the meanings given them:

(a) "attached fixtures" has the meaning given in Minnesota Rules, part 9549.0020, subpart 6.

(g) "construction project" means:

(1) a capital asset addition to, or replacement of a nursing home or certified boarding care home that results in new space or the remodeling of or renovations to existing facility space;

(2) the remodeling or renovation of existing facility space the use of which is modified as a result of the project described in clause (1). This existing space and the project described in clause (1) must be used for the functions as designated on the construction plans on completion of the project described in clause (1) for a period of not less than 24 months; or

[MORATORIUM.] The commissioner of health, in coordination with the commissioner of human services, shall deny each request by a nursing home or boarding care home, except an intermediate care facility for the mentally retarded, for addition of new licensed or certified nursing home or certified boarding care beds or for a change or changes in the certification status of existing beds except as provided in subdivision 3 or 4a, or section 144A.073. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under sections 245A.01 to 245A.16 and section 252.28 and chapter 245A to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount. The commissioner of health shall deny each request for licensure of nursing home beds except as provided in subdivision 3.

In addition, the commissioner of health must not approve any construction project whose cost exceeds \$500,000, or 25 percent of the facility's appraised value, whichever is less, unless:

(a) any construction costs exceeding the lesser of \$500,000 or 25 percent of the facility's appraised value are not added to the facility's appraised value and are not included in the facility's payment rate for reimbursement under the medical assistance program; or

(b) the project:

(1) has been approved through the process described in section 144A.073;

(2) meets an exception in subdivision 3 or 4a;

(3) is necessary to correct violations of state or federal law issued by the commissioner of health;

(4) is necessary to repair or replace a portion of the facility that was destroyed by fire, lightning, or other hazards provided that the provisions of subdivision 3 4a, clause (g) (a), are met; or

(5) as of May 1, 1992, the facility has submitted to the commissioner of health written documentation evidencing that the facility meets the "commenced construction" definition as specified in subdivision 3 1a, clause (b) (f), or that substantial steps have been taken prior to April 1, 1992, relating to the construction project. "Substantial steps" require that the facility has made

arrangements with outside parties relating to the construction project and include the hiring of an architect or construction firm, submission of preliminary plans to the department of health or documentation from a financial institution that financing arrangements for the construction project have been made;

(6) is a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993; or

(7) is being proposed by a licensed nursing facility that is not certified to participate in the medical assistance program and will not result in new licensed or certified beds.

Prior to the final plan approval of any construction project, the commissioner of health shall be provided with an itemized cost estimate for the project construction project costs. If a construction project is anticipated to be completed in phases, the total estimated cost of all phases of the project shall be submitted to the commissioner and shall be considered as one construction project. Once the construction project is completed and prior to the final clearance by the commissioner, the total actual project construction costs for the construction project shall be submitted to the commissioner. If the final project construction cost exceeds the dollar threshold in this subdivision, the commissioner of human services shall not recognize any of the project construction costs or the related financing costs in excess of this threshold in establishing the facility's property-related payment rate.

The dollar thresholds for construction projects are as follows: for construction projects other than those authorized in clauses (1) to (7), the dollar threshold is \$500,000 or 25 percent of appraised value, whichever is less. For projects authorized after July 1, 1993, under clause (1), the dollar threshold is the cost estimate submitted with a proposal for an exception under section 144A.073, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a). For projects authorized under clauses (2) to (4), the dollar threshold is the itemized estimate project construction costs submitted to the commissioner of health at the time of final plan approval, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a).

The commissioner of health shall adopt emergency or permanent rules to implement this section or to amend the emergency rules for granting exceptions to the moratorium on nursing homes under section 144A.073. The authority to adopt emergency rules continues to December 30, 1992.

Subd. 3. [EXCEPTIONS AUTHORIZING AN INCREASE IN BEDS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed license or certify a new bed in place of one decertified after ~~May 23, 1983~~ July 1, 1993, as long as the number of certified plus newly certified or recertified beds does not exceed the number of beds licensed or certified on July 1, 1993, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has

fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) (b) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans affairs or the United States Veterans Administration; or

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the

facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility; provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less; or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) (c) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency long-term care planning committee under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation; provided:

(1) the nursing home beds are not certified for participation in the medical assistance program; and

(2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building; or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility; provided there is no net increase in the number of state nursing home beds. The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and

decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less; or to license as nursing home beds boarding care beds in a facility with an addendum to its provider agreement effective beginning July 1, 1983, if the boarding care beds to be upgraded meet the standards for nursing home licensure. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or

renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements:

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation;

(t) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(u) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(v) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules; or

(w) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds.

Subd. 4. [MONITORING EXCEPTIONS FOR REPLACEMENT BEDS.] The commissioner of health, in coordination with the commissioner of human services, shall implement mechanisms to monitor and analyze the effect of the moratorium in the different geographic areas of the state. The commissioner of health shall submit to the legislature, no later than January 15, 1984, and annually thereafter, an assessment of the impact of the moratorium by geographic area, with particular attention to service deficits or problems and a corrective action plan.

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] *It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.*

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds.

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2;

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a

bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(m) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single or double occupancy rooms in a nursing home that, as of January 1, 1993, was county-owned and had a licensed capacity of 115 beds; or

(n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified nursing facility located in Minneapolis to lay away all of its licensed and certified nursing home beds, which may be relicensed and recertified in a newly-constructed teaching nursing home facility affiliated with a teaching hospital upon approval by the legislature.

Subd. 5. [REPORT.] The commissioner of the state planning agency, in consultation with the commissioners of health and human services, shall report to the senate health and human services committee and the house health and welfare committee by January 15, 1986 and biennially thereafter regarding:

(1) projections on the number of elderly Minnesota residents including medical assistance recipients;

(2) the number of residents most at risk for nursing home placement;

(3) the needs for long-term care and alternative home and noninstitutional services;

(4) availability of and access to alternative services by geographic region; and

(5) the necessity or desirability of continuing, modifying, or repealing the moratorium in relation to the availability and development of the continuum of long-term care services.

Subd. 6. [PROPERTY-RELATED PAYMENT RATES OF NEW BEDS.] *The property-related payment rates of nursing home or boarding care home beds certified or recertified under subdivision 3 or 4a, shall be adjusted according to Minnesota nursing facility reimbursement laws and rules unless the facility has made a commitment in writing to the commissioner of human services not to seek adjustments to these rates due to property-related expenses incurred as a result of the certification or recertification. Any licensure or certification action authorized under repealed statutes which were approved by the commissioner of health prior to July 1, 1993, shall remain in effect. Any conditions pertaining to property rate reimbursement covered by these repealed statutes prior to July 1, 1993, remain in effect.*

Subd. 7. [SUBMISSION OF COST INFORMATION.] *Before approval of final construction plans for a nursing home or a certified boarding care home construction project, the licensee shall submit to the commissioner of health an itemized statement of the project construction cost estimates.*

If the construction project includes a capital asset addition, replacement, remodeling, or renovation of space such as a hospital, apartment, or shared or common areas, the facility must submit to the commissioner an allocation of capital asset costs, soft costs, and debt information prepared according to Minnesota Rules, part 9549.

Project construction cost estimates must be prepared by a contractor or architect and other licensed participants in the development of the project.

Subd. 8. [FINAL APPROVAL.] *Before conducting the final inspection of the construction project required by Minnesota Rules, part 4660.0100, and issuing final clearances for use, the licensee shall provide to the commissioner of health the total project construction costs of the construction project. If total costs are not available, the most recent cost figures shall be provided. Final cost figures shall be submitted to the commissioner when*

The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency committee within 90 days of the date of publication. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made. To be considered for approval, a proposal must include the following information:

- (3) a description of the proposed project;
- (4) an analysis of projected costs, including initial construction and remodeling costs, site preparation costs, financing costs, and estimated operating costs during the first two years after completion of the project;

Subd. 3. [REVIEW AND APPROVAL OF PROPOSALS.] Within the limits of money specifically appropriated to the medical assistance program for this purpose, the interagency long-term care planning committee for quality assurance may recommend that the commissioner of health grant exceptions to the nursing home licensure or certification moratorium for proposals that satisfy the requirements of this section. The interagency committee shall appoint an advisory review panel composed of representatives of consumers and providers to review proposals and provide comments and recommendations to the committee. The commissioners of human services and health shall provide staff and technical assistance to the committee for the review and analysis of proposals. The interagency committee shall hold a public hearing before submitting recommendations to the commissioner of health on project requests. The committee shall submit recommendations within 150 days of the date of the publication of the notice, based on a comparison and ranking of

proposals using the criteria in subdivision 4. The commissioner of health shall approve or disapprove a project within 30 days after receiving the committee's recommendations. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires 18 months after approval by the commissioner of health unless the facility has commenced construction as defined in section 144A.071, subdivision 3 *1a*, paragraph (b) (d). The committee's report to the legislature, as required under section 144A.31, must include the projects approved, the criteria used to recommend proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

(2) the amended project designs may not reduce the space in each resident's living area or in the total amount of common space devoted to resident and family uses by more than five percent;

(3) the costs recognized for reimbursement of amended project designs shall be the threshold amount of the original proposal as identified according to section 144A.071, subdivision 2, except under conditions described in clause (4); and

Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program *and shall be limited to five percent under the medical assistance program* for admissions occurring during the biennium ending June 30, 1993 1995, and the hospital cost index under medical assistance, excluding general assistance medical care, shall be increased by one percentage point to reflect changes in technology for admissions occurring after September 30, 1992.

(b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, excluding the technology factor under paragraph (a), nor under general assistance medical care. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 16. Minnesota Statutes 1992, section 256.969, subdivision 8, is amended to read:

Subd. 8. [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day ~~and cost~~ outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the mean length of stay ~~or allowable cost~~. Payment for the days ~~and cost~~ beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the mean length of stay ~~or allowable cost~~, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative to the 70 percent outlier payment that is at a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. ~~Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.~~

Sec. 17. Minnesota Statutes 1992, section 256.969, subdivision 9, as amended by Laws 1993, chapter 20, section 1, is amended to read:

Subd. 9. [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] (a) For admissions occurring on or after ~~October 1, 1992, through December 31, 1992~~ July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of *one standard deviation above* the arithmetic mean. The adjustment must be ~~determined~~ paid as follows: (1) \$908,333 per month, payable on the 16th of the month, beginning July 16, 1993, to a hospital with medical assistance fee-for-service payment volume during calendar 1991 in excess of eight percent of total medical assistance fee-for-service payment volume; or (2) for a hospital not eligible under clause (1), \$1,000 per year, payable on June 1, beginning in 1994.

(b) *The commissioner shall not adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in paragraph (a).*

Sec. 18. Minnesota Statutes 1992, section 256.969, subdivision 22, as amended by Laws 1993, chapter 20, section 5, is amended to read:

Subd. 22. [HOSPITAL PAYMENT ADJUSTMENT.] For admissions occurring ~~from January 1, 1993, until June 30, 1993~~ on or after July 1, 1993, the commissioner shall adjust the medical assistance payment paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment under clause (1) for that hospital by 1.1. ~~Any payment under this clause must be reduced by the amount of any payment received under subdivision 9a.~~ For purposes of this subdivision, medical assistance does not include general assistance medical care. *The commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in this section. The adjustment must be made on a nondiscounted hospital-specific basis.*

Sec. 19. Minnesota Statutes 1992, section 256.9695, subdivision 3, is amended to read:

Subd. 3. [TRANSITION.] Except as provided in section 256.969, subdivision 8, the commissioner shall establish a transition period for the calculation of payment rates from July 1, 1989, to the implementation date of

the upgrade to the Medicaid management information system or July 1, 1992, whichever is earlier.

During the transition period:

(a) Changes resulting from section 256.969, subdivisions 7, 9, 10, 11, and 13, shall not be implemented, except as provided in section 256.969, subdivisions 12 and 20.

(b) The beginning of the 1991 rate year shall be delayed and the rates notification requirement shall not be applicable.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. For payments made for admissions occurring on or after June 1, 1990, until the implementation date of the upgrade to the Medicaid management information system the hospital cost index excluding the technology factor shall not exceed five percent. This hospital cost index limitation shall not apply to hospitals that meet the requirements of section 256.969, subdivision 20, paragraphs (a) and (b).

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through the transition period. The laws in effect on the day before July 1, 1989, apply to the retroactive settlement.

(e) If the upgrade to the Medicaid management information system has not been completed by July 1, 1992, the commissioner shall make adjustments for admissions occurring on or after that date as follows:

(1) provide a ten percent increase to hospitals that meet the requirements of section 256.969, subdivision 20, or, upon written request from the hospital to the commissioner, 50 percent of the rate change that the commissioner estimates will occur after the upgrade to the Medicaid management information system; and

(2) adjust the *Minnesota and local trade area* rebased payment rates that are established after the upgrade to the Medicaid management information system to compensate for a rebasing effective date of July 1, 1992. The adjustment shall be based on the change in rates from July 1, 1992, to the rebased rates in effect under determined using claim specific payment changes that result from the rebased rates and revised methodology in effect after the systems upgrade. The adjustment shall reflect be reduced for payments under clause (1), differences in the hospital cost index and dissimilar rate establishment procedures such as the variable outlier and the treatment of births and. Hospitals shall revise claims so that services provided by rehabilitation units of hospitals are reported separately. The adjustment shall be in effect for a period not to exceed the amount of time from July 1, 1992, to the systems upgrade until the amount due to or owed by the hospital is fully paid over a number of admissions that is equal to the number of admissions under adjustment. The adjustment for admissions occurring from July 1, 1992, to December 31, 1992, shall be based on claims paid as of August 1, 1993, and the adjustment shall begin with the effective date of rules governing rebasing. The adjustment for admissions occurring from January 1, 1993, to the effective date of the rules shall be based on claims paid as of February 1,

1994, and shall begin after the first adjustment period is fully paid. For purposes of appeals under subdivision 1, the adjustment shall be considered payment at the time of admission.

Sec. 20. [256B.037] [PROSPECTIVE PAYMENT OF DENTAL SERVICES.]

Subdivision 1. [CONTRACT FOR DENTAL SERVICES.] The commissioner may conduct a demonstration project to contract, on a prospective per capita payment basis, with an organization or organizations licensed under chapter 62C or 62D, for the provision of all dental care services beginning July 1, 1994, under the medical assistance, general assistance medical care, and MinnesotaCare programs, or when necessary waivers are granted by the secretary of health and human services, whichever occurs later. The commissioner shall identify a geographic area or areas, including both urban and rural areas, where access to dental services has been inadequate, in which to conduct demonstration projects. The commissioner shall seek any federal waivers or approvals necessary to implement this section from the secretary of health and human services.

The commissioner may exclude from participation in the demonstration project any or all groups currently excluded from participation in the prepaid medical assistance program under section 256B.69.

Subd. 2. [ESTABLISHMENT OF PREPAYMENT RATES.] The commissioner shall consult with an independent actuary to establish prepayment rates, but shall retain final authority over the methodology used to establish the rates. The prepayment rates shall not result in payments that exceed the per capita expenditures that would have been made for dental services by the programs under a fee-for-service reimbursement system. The package of dental benefits provided to individuals under this subdivision shall not be less than the package of benefits provided under the medical assistance fee-for-service reimbursement system for dental services.

Subd. 3. [APPEALS.] All recipients of services under this section have the right to appeal to the commissioner under section 256.045.

Subd. 4. [INFORMATION REQUIRED BY COMMISSIONER.] A contractor shall submit encounter-specific information as required by the commissioner, including, but not limited to, information required for assessing client satisfaction, quality of care, and cost and utilization of services.

Subd. 5. [OTHER CONTRACTS PERMITTED.] Nothing in this section prohibits the commissioner from contracting with an organization for comprehensive health services, including dental services, under section 256B.031, 256B.035, 256B.69, or 256D.03, subdivision 4, paragraph (c).

Subd. 4. [NOTICE.] The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable to pay part or all of the cost of medical care when the state agency has paid or become liable for the cost of that care. Notice must be given as follows:

(a) Applicants for medical assistance shall notify the state or local agency of any possible claims when they submit the application. Recipients of

medical assistance shall notify the state or local agency of any possible claims when those claims arise.

(b) A person providing medical care services to a recipient of medical assistance shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(c) A person who is a party to a claim upon which the state agency may be entitled to a lien under this section shall notify the state agency of its potential lien claim before filing a claim, commencing an action, or negotiating a settlement. *A person who is a party to a claim includes the plaintiff, the defendant(s), and any other named party to the cause of action.*

Notice given to the local agency is not sufficient to meet the requirements of paragraphs (b) and (c).

Sec. 22. Minnesota Statutes 1992, section 256B.055, subdivision 1, is amended to read:

Subdivision 1. [CHILDREN ELIGIBLE FOR SUBSIDIZED ADOPTION ASSISTANCE.] Medical assistance may be paid for a child eligible for or receiving adoption assistance payments under Title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 676, *and to any child who is not Title IV-E eligible but who was determined eligible for adoption assistance under Minnesota Statutes, section 259.40 or 259.434, subdivision 4, clauses (a) to (c), and has a special need for medical or rehabilitative care.*

Sec. 23. Minnesota Statutes 1992, section 256B.056, subdivision 2, is amended to read:

Subd. 2. [HOMESTEAD; EXCLUSION FOR INSTITUTIONALIZED PERSONS.] The homestead shall be excluded for the first six calendar months of a person's stay in a long-term care facility and shall continue to be excluded for as long as the recipient can be reasonably expected to return, ~~as provided under the methodologies for the supplemental security income program to the homestead.~~ *For purposes of this subdivision, "reasonably expected to return to the homestead" means the recipient's attending physician has certified that the expectation is reasonable, and the recipient can show that the cost of care upon returning home will be met through medical assistance or other sources.* The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by one of the following individuals:

(a) the spouse;

(b) a child under age 21;

(c) a child of any age who is blind or permanently and totally disabled as defined in the supplemental security income program;

(d) a sibling who has equity interest in the home and who resided in the home for at least one year immediately before the date of the person's admission to the facility; or

(e) a child of any age, or, subject to federal approval, a grandchild of any age, who resided in the home for at least two years immediately before the date of the person's admission to the facility, and who provided care to the person that permitted the person to reside at home rather than in an institution.

Sec. 24. Minnesota Statutes 1992, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, *or a surviving spouse of a veteran having no child*, the amount of ~~any veteran's pension~~ *an improved pension received from the veteran's administration* not exceeding \$90 per month;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to \$100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only if the children resided with the institutionalized person immediately prior to admission;

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

(7) reparations payments made by the Federal Republic of Germany; and

(8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 25. Minnesota Statutes 1992, section 256B.059, subdivision 3, is amended to read:

Subd. 3. [COMMUNITY SPOUSE ASSET ALLOWANCE.] (a) An institutionalized spouse may transfer assets to the community spouse solely for the benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is the greater of as follows:

(1) ~~\$12,000~~ prior to July 1, 1994, the greater of:

(i) \$14,148;

(2) (ii) the lesser of the spousal share or ~~\$60,000~~ \$70,740; or

(3) (iii) the amount required by court order to be paid to the community spouse; and

(2) from July 1, 1994, and thereafter, the greater of:

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse.

If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, ~~1990~~ 1994, and every January 1 thereafter, the ~~\$12,000 and \$60,000~~ limits in this subdivision shall be adjusted by the same percentage change in the consumer price index for all urban consumers (all items; United States city average) between the two previous Septembers. These adjustments shall also be applied to the ~~\$12,000 and \$60,000~~ limits in subdivision 5.

Sec. 26. Minnesota Statutes 1992, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of application for medical assistance benefits, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the greater of following:

- (1) ~~\$12,000~~; or prior to July 1, 1994, the greater of:
- (i) ~~\$14,148~~;
 - ~~(2) (ii) the lesser of the spousal share or \$60,000 \$70,740; or~~
 - ~~(3) (iii) the amount required by court order to be paid to the community spouse;~~
- (2) for the period from July 1, 1994, and thereafter, the greater of:
- (i) ~~\$20,000~~;
 - (ii) ~~the lesser of the spousal share or \$70,740; or~~
 - (iii) ~~the amount required by court order to be paid to the community spouse.~~
- If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if:

- (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section ~~256B.14~~ 256B.15, subdivision 2 3;
- (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under clause (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.

Sec. 27. Minnesota Statutes 1992, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] (a) If a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time

~~determined under subdivision 2~~ *No person, a person's spouse, nor a person's authorized representative may give away, sell, or dispose of, for less than fair market value, any asset or interest therein, for the purpose of establishing or maintaining medical assistance eligibility. For purposes of determining eligibility for medical assistance, any transfer of an asset, including assets excluded under section 256B.056, subdivision 3, for less than fair market value may be considered. Any transfer made within 60 months preceding application for medical assistance or during the period of medical assistance eligibility is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for medical assistance for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose. Any other transfer of an asset for less than fair market value more than 60 months prior to application for medical assistance eligibility may be considered for purposes of determining eligibility.*

(b) This section applies to transfers, for less than fair market value, of income or assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments.

(c) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(d) This section applies to the portion of any asset or interest that a person or a person's spouse transfers to an irrevocable trust, annuity, or other instrument, that exceeds the value of the benefit likely to be returned to the person or spouse while alive, based on estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care.

(e) For purposes of this section, long-term care services include nursing facility services, and home- and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home- and community-based services under section 256B.491.

Sec. 28. Minnesota Statutes 1992, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. [PERIOD OF INELIGIBILITY.] ~~For any uncompensated transfer transfers, the number of months of ineligibility including partial months, for long-term care medical assistance services shall be the lesser of 30 months, or the total uncompensated transfer amount value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. If a calculation of a penalty period results in a partial month, payments for medical assistance services will be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, uncompensated transfers not to exceed~~

\$1,000 in total value, per month shall be disregarded for each month prior to the month of application for medical assistance. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin in the month the first assets were transferred. The penalty in this section shall not apply to gifts not to exceed a total of \$1,000 per month during a medical assistance eligibility certification period. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

Sec. 29. Minnesota Statutes 1992, section 256B.0595, subdivision 3, is amended to read:

Subd. 3. [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.]

(a) An institutionalized person is not ineligible for ~~long-term care~~ *medical assistance* services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

- (1) title to the homestead was transferred to the individual's
 - (i) spouse;
 - (ii) child who is under age 21;
 - (iii) blind or permanently and totally disabled child as defined in the supplemental security income program;
 - (iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or
 - (v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of ~~long-term care~~ *medical assistance* services granted ~~within 30 months of the transfer~~ *during the period of ineligibility under subdivision 2* or

the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

Sec. 30. Minnesota Statutes 1992, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] An institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for ~~long-term~~ *care medical assistance* services if one of the following conditions applies:

(1) the assets were transferred to the community spouse, as defined in section 256B.059; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for ~~long-term~~ *care medical assistance* services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of ~~long-term~~ *care medical assistance* services granted ~~within 30 months of the transfer, during the period of ineligibility determined under subdivision 2~~ or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter.

Sec. 31. Minnesota Statutes 1992, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from the ~~Minnesota professional medical association associations~~ and the ~~Minnesota pharmacists association professional pharmacist associations~~, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. ~~The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981.~~ The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health

insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve ~~two-year three-year~~ terms and shall serve without compensation. *Members may be reappointed once.* The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. ~~Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act.~~ The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until ~~January 4, 1993~~ June 30, 1994, or the date the *on line, real time* Medicaid Management Information System (MMIS) upgrade is *successfully* implemented, *as determined by the commissioner of administration*, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement,

and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 33. Minnesota Statutes 1992, section 256B.0625, subdivision 15, is amended to read:

Subd. 15. [HEALTH PLAN PREMIUMS AND COPAYMENTS.] Medical assistance covers health care prepayment plan premiums and, insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act, and copayments if determined to be cost-effective by the commissioner. For purposes of obtaining Medicare part A and part B, and copayments, expenditures may be made even if federal funding is not available.

Sec. 34. Minnesota Statutes 1992, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. [TRANSPORTATION COSTS.] (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this subdivision, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the provider receives and maintains a current physician's order by the recipient's attending physician. The commissioner shall establish maximum medical assistance reimbursement rates for special transportation services for persons who need a wheelchair lift van or stretcher-equipped vehicle and for those who do not need a wheelchair lift van or stretcher-equipped vehicle. The average of these two rates must not exceed \$13 \$14 for the base rate and \$1 \$1.10 per mile. Special transportation provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.

Sec. 35. Minnesota Statutes 1992, section 256B.0625, subdivision 25, is amended to read:

Subd. 25. [PRIOR AUTHORIZATION REQUIRED.] (a) The commissioner shall publish in the State Register a list of health services that require prior authorization, as well as the criteria and standards used to select health services on the list. The list and the criteria and standards used to formulate it are not subject to the requirements of sections 14.001 to 14.69. The commissioner's decision whether prior authorization is required for a health service is not subject to administrative appeal.

(b) The commissioner shall not require prior authorization for physical therapy, occupational therapy, and speech therapy services provided by an entity that operates both a Medicare certified comprehensive outpatient rehabilitation facility and a facility which was certified prior to January 1, 1993, that is licensed under Minnesota Rules, parts 9570.2000 to 9570.3600,

when those services are (1) provided within the comprehensive outpatient rehabilitation facility and (2) provided to residents of facilities owned by the entity.

Sec. 36. Minnesota Statutes 1992, section 256B.0625, subdivision 28, is amended to read:

Subd. 28. [CERTIFIED NURSE PRACTITIONER SERVICES.] Medical assistance covers services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.

Sec. 37. Minnesota Statutes 1992, section 256B.0625, subdivision 29, is amended to read:

Subd. 29. [PUBLIC HEALTH NURSING CLINIC SERVICES.] Medical assistance covers the services of a certified public health nurse or a registered nurse practicing in a public health nursing clinic that is a department of, or that operates under the direct authority of, a unit of government, if the service is within the scope of practice of the public health or registered nurse's license as a registered nurse, as defined in section 148.171.

Sec. 38. Minnesota Statutes 1992, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

- (1) adult foster care;
- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;
- (7) respite care;
- (8) assisted living; and
- (9) residential care services;

(10) care-related supplies and equipment;

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of

- (11) meals delivered to the home;
- (12) transportation;
- (13) skilled nursing;
- (14) chore services;

- (15) companion services,;
- (16) nutrition services,; and
- (17) training for direct informal caregivers.

The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.

(e) (b) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by (c) Unless specified in statute, the service standards for alternative care services shall be the same as the service standards defined in the elderly waiver. Persons or agencies must be employed by or contracted under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program.

(e) (d) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75 percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

(f) (e) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) (f) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor.

(g) For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments and are registered with the department of health as providing special services. Residential care services are defined as "supportive services" and "health-related services." "Supportive services" means the provision of up to 24-hour supervision and oversight. Supportive services includes: (1) transportation, when provided by the residential care center only; (2) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature; (3) assisting clients in setting up meetings and appointments; (4) assisting clients in setting up medical and social services; (5) providing assistance with personal laundry, such as carrying the client's laundry to the laundry room. Assistance with personal laundry does not include any laundry, such as bed linen, that

is included in the room and board rate. Health-related services are limited to minimal assistance with dressing, grooming, and bathing and providing reminders to residents to take medications that are self-administered or providing storage for medications, if requested. Individuals receiving residential care services cannot receive both personal care services and residential care services.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care clients who reside in the same apartment building of ten three or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. Assisted living services are defined as up to 24-hour supervision, and oversight, supportive services as defined in clause (1), individualized home care aide tasks as defined in clause (2), and individualized home management tasks as defined in clause (3) provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or by providers under contract with the management or with the county.

(1) Supportive services include:

(i) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature;

(ii) assisting clients in setting up meetings and appointments; and

(iii) providing transportation, when provided by the residential center only.

Individuals receiving assisted living services will not receive both assisted living services and homemaking or personal services. Individualized means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions.

(2) Home care aide tasks means:

(i) preparing modified diets, such as diabetic or low sodium diets;

(ii) reminding residents to take regularly scheduled medications or to perform exercises;

(iii) household chores in the presence of technically sophisticated medical equipment or episodes of acute illness or infectious disease;

(iv) household chores when the resident's care requires the prevention of exposure to infectious disease or containment of infectious disease; and

(v) assisting with dressing, oral hygiene, hair care, grooming, and bathing, if the resident is ambulatory, and if the resident has no serious acute illness or infectious disease. Oral hygiene means care of teeth, gums, and oral prosthetic devices.

(3) Home management tasks means:

(i) housekeeping;

(ii) laundry;

(iii) preparation of regular snacks and meals; and

(iv) shopping.

A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

Reimbursement for assisted living services and residential care services shall be made by the lead agency to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, except for alternative care assisted living projects established under chapter 256 whose rates may not exceed 65 percent of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover rent and direct food costs.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and

educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 39. Minnesota Statutes 1992, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waived services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month for both the elderly waiver and the disabled waiver must have the commissioner's prior approval.

(e) For the fiscal year beginning on July 1, 1993, and for subsequent fiscal years, the commissioner of human services shall not provide automatic annual inflation adjustments for home- and community-based waived services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for home- and community-based waived services, based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set. The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

The adult foster care daily rate for the elderly and disabled waivers shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed the state average monthly nursing home payment for the case mix classification to which the individual

receiving foster care is assigned, and it must allow for other waiver and medical assistance home care services to be authorized by the case manager.

The assisted living and residential care service rates for elderly and disabled waivers must be a monthly rate negotiated between the county agency and the vendor. The rate must not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate for the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, except for alternative care assisted living projects established under chapter 256 whose rates may not exceed 65 percent of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate for the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover rent or direct food costs.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 40. Minnesota Statutes 1992, section 256B.15, subdivision 1, is amended to read:

Subdivision 1. [DEFINITION.] For purposes of this section, "medical assistance" includes the medical assistance program under this chapter and the general assistance medical care program under chapter 256D, but does not include the alternative care program ~~under this chapter~~ for nonmedical assistance recipients under section 256B.0913, subdivision 4.

Sec. 41. Minnesota Statutes 1992, section 256B.15, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS ON CLAIMS.] The claim shall include only the total amount of medical assistance rendered after age 65 or during a period of institutionalization described in subdivision 1a, clause (b), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage.

Sec. 42. Minnesota Statutes 1992, section 256B.19, subdivision 1b, is amended to read:

Subd. 1b. [PORTION OF NONFEDERAL SHARE TO BE PAID BY GOVERNMENT HOSPITALS.] (a) In addition to the percentage contribution

paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance costs attributable to them. For purposes of this subdivision, "designated governmental unit" means Hennepin county, and the public corporation known as Ramsey Health Care, Inc. which is operated under the authority of chapter 246A Ramsey county, and the University of Minnesota. For purposes of this subdivision, "public hospital" means the Hennepin County Medical Center, the University of Minnesota hospital, and the St. Paul-Ramsey Medical Center.

(b) Each of the governmental units designated in this subdivision Hennepin county and Ramsey county shall on a monthly basis transfer an amount equal to two percent of the public hospital's net patient revenues, excluding net Medicare revenue to the state Medicaid agency.

(c) Effective July 1, 1994, each of the governmental units designated in paragraph (a) shall on a monthly basis transfer an amount equal to a percentage of the public hospital's net patient revenues, excluding net Medicare revenue, to the state Medicaid agency as follows: Ramsey county and the University of Minnesota, 1.8 percent, and Hennepin county, 2.3 percent.

(d) These sums shall be part of the local designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 43. Minnesota Statutes 1992, section 256B.19, is amended by adding a subdivision to read:

Subd. 1c. [ADDITIONAL PORTION OF NONFEDERAL SHARE.] In addition to any payment required under subdivision 1b, Ramsey county, Hennepin county, and the University of Minnesota shall be responsible for a monthly transfer payment of \$903,000, due on the 15th of each month beginning July 15, 1993. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 44. Minnesota Statutes 1992, section 256B.19, is amended by adding a subdivision to read:

Subd. 1d. [PORTION OF NONFEDERAL SHARE TO BE PAID BY CERTAIN COUNTIES.] In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. For purposes of this subdivision, "designated governmental unit" means the counties of Becker, Beltrami, Cook, Dodge, Hubbard, Itasca, Lake, Mahnommen, Pennington, Pipestone, Ramsey, St. Louis, Steele, Traverse, and Wadena.

Beginning in 1994, each of the governmental units designated in this subdivision shall transfer on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned by the county multiplied by \$5,723. If two or more counties own a nursing home, the payment shall be prorated. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 45. Minnesota Statutes 1992, section 256B.37, subdivision 3, is amended to read:

Subd. 3. [NOTICE.] The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable in damages, or otherwise obligated to pay part or all of the cost of medical care when the state agency has paid or become liable for the cost of care. Notice must be given as follows:

(a) Applicants for medical assistance shall notify the state or local agency of any possible claims when they submit the application. Recipients of medical assistance shall notify the state or local agency of any possible claims when those claims arise.

(b) A person providing medical care services to a recipient of medical assistance shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(c) A person who is party to a claim upon which the state agency may be entitled to subrogation under this section shall notify the state agency of its potential subrogation claim before filing a claim, commencing an action, or negotiating a settlement. *A person who is a party to a claim includes the plaintiff, the defendants, and any other named party to the cause of action.*

Notice given to the local agency is not sufficient to meet the requirements of paragraphs (b) and (c).

Sec. 46. Minnesota Statutes 1992, section 256B.37, subdivision 5, is amended to read:

Subd. 5. [PRIVATE BENEFITS TO BE USED FIRST.] Private accident and health care coverage for medical services is primary coverage and must be exhausted before medical assistance is paid. When a person who is otherwise eligible for medical assistance has private accident or health care coverage, including a prepaid health plan, the private health care benefits available to the person must be used first and to the fullest extent. ~~Supplemental payment may be made by medical assistance, but the combined total amount paid must not exceed the amount payable under medical assistance in the absence of other coverage. Medical assistance must not make supplemental payment for covered services rendered by a vendor who participates or contracts with a health coverage plan if the plan requires the vendor to accept the plan's payment as payment in full.~~

Sec. 47. Minnesota Statutes 1992, section 256B.37, is amended by adding a subdivision to read:

Subd. 5a. [SUPPLEMENTAL PAYMENT BY MEDICAL ASSISTANCE.] Medical assistance payment will not be made when either covered charges are paid in full by a third party or the provider has an agreement to accept payment for less than charges as payment in full. Payment for patients that are simultaneously covered by medical assistance and a liable third party other than Medicare will be determined as the lesser of clauses (1) to (3):

- (1) the patient liability according to the provider/insurer agreement;*
- (2) covered charges minus the third party payment amount; or*
- (3) the medical assistance rate minus the third party payment amount.*

A negative difference will not be implemented.

Sec. 48. Minnesota Statutes 1992, section 256B.421, subdivision 14, is amended to read:

Subd. 14. [FRINGE BENEFITS.] "Fringe benefits" means workers' compensation insurance, *including costs related to operating a self-insured workers' compensation program under chapter 79A*, group health or dental insurance, group life insurance, retirement benefits or plans, except for public employee retirement act contributions, and uniform allowances.

Sec. 49. Minnesota Statutes 1992, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing facility's cost report of allowable operating costs incurred by the nursing facility during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing facility, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing facility. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing facilities in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing facilities established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. For rate years beginning on or after July 1, 1989, facilities located in geographic group I as described in Minnesota Rules, part 9549.0052, on January 1, 1989, may choose to have the commissioner apply either the care related limits or the other operating cost limits calculated for facilities located in geographic group II, or both, if either of the limits calculated for the group II facilities is higher. The efficiency incentive for geographic group I nursing facilities must be calculated based on geographic group I limits. The phase-in must be established utilizing the chosen limits. For purposes of these exceptions to the geographic grouping requirements, the definitions in Minnesota Rules, parts 9549.0050 to 9549.0059 (Emergency), and 9549.0010 to 9549.0080, apply. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing facility

payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing facility is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing facilities that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing facilities licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing facilities referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing facility shall receive an operating cost payment rate equal to the sum of the nursing facility's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing facility's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing facility's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each nursing facility as an operating cost of that nursing facility. Allowable costs under this subdivision for payments made by a nonprofit nursing facility that are in lieu of real estate taxes shall not exceed the amount which the nursing facility would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing facilities shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing facility as an

operating cost of that nursing facility. For rate years beginning on or after July 1, 1989, the commissioner shall include a nursing facility's reported public employee retirement act contribution for the reporting year as apportioned to the care-related operating cost categories and other operating cost categories multiplied by the appropriate composite index or indices established pursuant to paragraph (e) as costs under this paragraph. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, the indexed public employee retirement act contribution, and license fees paid as required by the Minnesota department of health, for each nursing facility (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the care-related operating cost limits or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e), unless otherwise indicated in this paragraph.

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of a nursing facility that meets the criteria for the special dietary needs of its residents as specified in section 144A.071, subdivision 3, clause (e), and the requirements in section 31.651. The adjustment for raw food cost shall be the difference between the nursing facility's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group.

The rate adjustment shall be reduced by the applicable phase-in percentage as provided under subdivision 2h.

Sec. 50. Minnesota Statutes 1992, section 256B.431, subdivision 2o, is amended to read:

Subd. 2o. [SPECIAL PAYMENT RATES FOR SHORT-STAY NURSING FACILITIES.] Notwithstanding contrary provisions of this section and rules adopted by the commissioner, for the rate years beginning on or after July 1, 1992 1993, a nursing facility whose average length of stay for the rate preceding reporting year beginning July 1, 1991, is (1) less than 180 days; or (2) less than 225 days in a nursing facility with more than 315 licensed beds must be reimbursed for allowable costs up to 125 percent of the total care-related limit and 105 percent of the other-operating-cost limit for hospital-attached nursing facilities. ~~The~~ A nursing facility that received the benefit of this limit during the rate year beginning July 1, 1992, continues to receive this rate during the rate year beginning July 1, 1993, even if the facility's average length of stay is more than 180 days in the rate years subsequent to the rate year beginning July 1, 1991. For purposes of this subdivision, a nursing facility shall compute its average length of stay by dividing the nursing facility's actual resident days for the reporting year by the nursing facility's total resident discharges for that reporting year.

Sec. 51. Minnesota Statutes 1992, section 256B.431, subdivision 13, is amended to read:

Subd. 13. [HOLD-HARMLESS PROPERTY-RELATED RATES.] (a) Terms used in subdivisions 13 to 21 shall be as defined in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) Except as provided in this subdivision, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the property-related rate for a nursing facility shall be the greater of \$4 or the

property-related payment rate in effect on September 30, 1992. In addition, the incremental increase in the nursing facility's rental rate will be determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(c) Notwithstanding Minnesota Rules, part 9549.0060, subpart 13, item F, a nursing facility that has a sale permitted under subdivision 14 after June 30, 1992, shall receive the property-related payment rate in effect at the time of the sale or reorganization. For rate periods beginning after October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility shall receive, in addition to its property-related payment rate in effect at the time of the sale, the incremental increase allowed under subdivision 14.

(d) For rate years beginning after June 30, 1993, the property-related rate for a nursing facility licensed after July 1, 1989, after relocating its beds from a separate nursing home to a building formerly used as a hospital and sold during the cost reporting year ending September 30, 1991, shall be its property-related rate prior to the sale in addition to the incremental increases provided under this section effective on October 1, 1992, of 29 cents per day, and any incremental increases after October 1, 1992, calculated by using its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, recognizing the current appraised value of the facility at the new location, and including as allowable debt otherwise allowable debt incurred to remodel the facility in the new location prior to the relocation of beds.

Sec. 52. Minnesota Statutes 1992, section 256B.431, subdivision 14, is amended to read:

Subd. 14. [LIMITATIONS ON SALES OF NURSING FACILITIES.] (a) For rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility's property-related payment rate as established under subdivision 13 shall be adjusted by either paragraph (b) or (c) for the sale of the nursing facility, including sales occurring after June 30, 1992, as provided in this subdivision.

(b) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is greater than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the greater of its property-related payment rate under subdivision 13 prior to sale or its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(c) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is equal to or less than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the nursing facility's property-related payment rate under subdivision 13 plus the difference between its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale and its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(d) For purposes of this subdivision, "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include a stock purchase of a nursing facility or any of the following transactions:

(1) a sale and leaseback to the same licensee that does not constitute a change in facility license;

(2) a transfer of an interest to a trust;

(3) gifts or other transfers for no consideration;

(4) a merger of two or more related organizations;

(5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa;

(6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing facility or the issuance of stock; and

(7) a sale, merger, reorganization, or any other transfer of interest between related organizations other than those permitted in this section. *For purposes of this subdivision "sale" includes the sale or transfer of a nursing facility to a close relative as defined in Minnesota Rules, part 9549.0020, subpart 38, item C, upon the death of an owner, due to serious illness or disability, as defined under the Social Security Act, under United States Code, title 42, section 423(d)(1)(A), or upon retirement of an owner from the business of owning or operating a nursing home at 62 years of age or older. For sales to a close relative allowed under this clause, otherwise allowable related organization debt resulting from seller financing of all or a portion of the debt resulting from the sale shall be allowed and shall not be subject to Minnesota Rules, part 9549.0060, subpart 5, item E; provided that in addition to existing requirements for allowance of debt and interest, the debt is subject to repayment through annual principal payments and the interest rate on the related organization debt does not exceed the lesser of the interest rate offered on the day of the sale to for-profit nursing homes by the Minnesota housing finance agency, if such information is available from that agency, or three percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation for delivery in 60 days in effect on the day of sale. If at any time, the seller forgives or otherwise reduces the amount of the related organization debt allowed under this clause between the parties for other than equal amount of payment on that debt, then the buyer shall pay to the state the total revenue received by the facility after the sale attributable to the amount of allowable debt which has been forgiven or otherwise reduced for less than fair value. Any assignment, sale, or transfer of the contract for deed or debt instrument entered into by the related organization seller and the related organization buyer that grants to the buyer the right to receive all or a portion of the payments under the contract for deed or debt instrument shall, effective on the date of the transfer, result in the prospective reduction in the allowable related organization debt equal to the total amount transferred attributable to payment of principal and effective beginning with the cost reporting period during which the transfer takes place shall result in the offset against allowable interest of amounts received pursuant to the transfer annually thereafter attributable to payment of interest. Upon the death of the related organization seller, any remaining balance of the related organization debt must be refinanced and such refinancing shall be subject to the provisions of Minnesota Rules, part 9549.0060, subpart 7, item G.*

(e) For purposes of this subdivision, "effective date of sale" means the later of either the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

(f) The effective day for the property-related payment rate determined under this subdivision shall be the first day of the month following the month in which the effective date of sale occurs or October 1, 1992, whichever is later, provided that the notice requirements under section 256B.47, subdivision 2, have been met.

(g) Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (3) and (4), and 7, items E and F, the commissioner shall limit the total allowable debt and related interest for sales occurring after June 30, 1992, to the sum of clauses (1) to (3):

(1) the historical cost of capital assets, as of the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

(2) the average annual capital asset additions after deduction for capital asset deletions, not including depreciations; and

(3) one-half of the allowed inflation on the nursing facility's capital assets. The commissioner shall compute the allowed inflation as described in paragraph (h).

(h) For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for all urban consumers or the Dodge Construction Systems Costs for Nursing Homes for any time periods during which both are available must be used. If the Dodge Construction Systems Costs for Nursing Homes becomes unavailable, the commissioner shall substitute the index in subdivision 3f, or such other index as the secretary of the health care financing administration may designate;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall be used for purposes of prorating;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must not exceed 300 percent of the total capital assets in any one of those clauses; and

(5) the allowed inflation must be computed starting with the month following the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the month following the date of the nursing facility's initial occupancy, and ending with the month preceding the effective date of sale.

(i) If the historical cost of a capital asset is not readily available for the date of the nursing facility's most recent previous sale or if there has been no previous sale for the date of the nursing facility's initial occupancy, then the commissioner shall limit the total allowable debt and related interest after sale to the extent recognized by the Medicare intermediary after the sale. For a nursing facility that has no historical capital asset cost data available and does not have allowable debt and interest calculated by the Medicare intermediary, the commissioner shall use the historical cost of capital asset data from the

point in time for which capital asset data is recorded in the nursing facility's audited financial statements.

(j) The limitations in this subdivision apply only to debt resulting from a sale of a nursing facility occurring after June 30, 1992, including debt assumed by the purchaser of the nursing facility.

Sec. 53. Minnesota Statutes 1992, section 256B.431, subdivision 15, is amended to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST REPORTING AND RATE CALCULATION.] For rate years beginning after June 30, 1993, a nursing facility's capital repair and replacement payment rate shall be established annually as provided in paragraphs (a) to (d).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of acquiring *any of* the following items, including cash payment for equity investment and principal and interest expense for debt financing, shall be reported in the capital repair and replacement cost category *when the cost of the item exceeds \$500*:

- (1) wall coverings;
- (2) paint;
- (3) floor coverings;
- (4) window coverings;
- (5) roof repair;
- (6) heating or cooling system repair or replacement;
- (7) window repair or replacement;

(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and

(9) ~~capitalized~~ repair or replacement of capital assets not included in the equity incentive computations under subdivision 16.

(b) To compute the capital repair and replacement payment rate, the allowable annual repair and replacement costs for the reporting year must be divided by actual resident days for the reporting year. The annual allowable capital repair and replacement costs shall not exceed \$150 per licensed bed. The excess of the allowed capital repair and replacement costs over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods, except that sale of a facility, under subdivision 14, shall terminate the carryover of all costs except those incurred in the most recent cost reporting year. The termination of the carryover shall have effect on the capital repair and replacement rate on the same date as provided in subdivision 14, paragraph (f), for the sale. For rate years beginning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 3f, paragraph (a). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate the nursing facility's capacity days. The capital repair and replacement rate must be added to the nursing facility's total payment rate.

(c) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

(d) If costs otherwise allowable under this subdivision are incurred as the result of a project approved under the moratorium exception process in section 144A.073, or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of these assets exceeds the lesser of \$150,000 or ten percent of the nursing facility's appraised value, these costs must be claimed under subdivision 16 or 17, as appropriate.

Sec. 54. Minnesota Statutes 1992, section 256B.431, subdivision 21, is amended to read:

Subd. 21. [INDEXING THRESHOLDS.] Beginning January 1, 1993, and each January 1 thereafter, the commissioner shall annually update the dollar thresholds in subdivisions 15, paragraph (d), 16, and 17, and in section 144A.071, ~~subdivision~~ subdivisions 2; and ~~3~~ 4a, clauses ~~(h)~~ (b) and ~~(p)~~ (e), by the inflation index referenced in subdivision 3f, paragraph (a).

Sec. 55. Minnesota Statutes 1992, section 256B.431, is amended by adding a subdivision to read:

Subd. 22. [CHANGES TO NURSING FACILITY REIMBURSEMENT.] *The nursing facility reimbursement changes in paragraphs (a) to (c) apply to Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, and are effective for rate years beginning on or after July 1, 1993, unless otherwise indicated.*

(a) *The care related operating rate shall be increased by 40 cents to reimburse facilities for unfunded federal mandates, including costs related to hepatitis B vaccinations.*

(b) *In addition to the approved pension or profit sharing plans allowed by the reimbursement rule, the commissioner shall allow those plans specified in Internal Revenue Code, sections 403(b) and 408(k).*

(c) *In the determination of incremental increases in the nursing facility's rental rate as required in subdivisions 14 to 21, except for a refinancing permitted under subdivision 19, the commissioner must adjust the nursing facility's property-related payment rate for both incremental increases and decreases in recomputations of its rental rate.*

Sec. 56. Minnesota Statutes 1992, section 256B.431 is amended by adding a subdivision to read:

Subd. 23. [COUNTY NURSING HOME PAYMENT ADJUSTMENTS.]

(a) *Beginning in 1994, the commissioner shall pay a nursing home payment adjustment on June 1 to a county in which is located a county-owned nursing home with over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to \$16 per calendar day multiplied by the number of beds licensed in the facility as of September 30, 1991.*

(b) *Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may*

not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

Sec. 57. Minnesota Statutes 1992, section 256B.432, is amended by adding a subdivision to read:

Subd. 8. [ADEQUATE DOCUMENTATION SUPPORTING NURSING FACILITY PAYROLLS.] Beginning July 1, 1993, payroll records supporting compensation costs claimed by long-term care facilities must be supported by affirmative time and attendance records prepared by each individual at intervals of not more than one month. The affirmative time and attendance record must identify the individual's name; the days worked during each pay period; the number of hours worked each day; and the number of hours taken each day by the individual for vacation, sick, and other leave. The affirmative time and attendance record must include a signed verification by the individual and the individual's supervisor, if any, that the entries reported on the record are correct.

Sec. 58. Minnesota Statutes 1992, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing facility is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing facility may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be available to all residents in all areas of the nursing facility and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing facility in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing facility. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing facility that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing facility that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing facility may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or

according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the facility, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of \$100, loan any money to the nursing facility, or promise to leave all or part of the applicant's estate to the facility.

(c) Requiring any resident of the nursing facility to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing facility chosen by the nursing home.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance or refusal to purchase special services. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing facility, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing facility care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately or an applicant's refusal to pay for a special service.

The collection and use by a nursing facility of financial information of any applicant pursuant to a preadmission screening program established by law shall not raise an inference that the nursing facility is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing facility except as payment for renting or leasing space or equipment or purchasing support services from the nursing facility as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing facilities and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement

facility with more than 325 beds including at least 150 licensed nursing facility beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the facility so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the facility to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the facility to permit the applicant to withdraw from the facility at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing facility or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing facility to correct the violation. The nursing facility shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing facility by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation and shall remain in effect until the violation is corrected. The nursing facility or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing facility is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing facility to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing facility.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Sec. 59. Minnesota Statutes 1992, section 256B.50, subdivision 1b, is amended to read:

Subd. 1b. [FILING AN APPEAL.] To appeal, the provider shall file with the commissioner a written notice of appeal; the appeal must be postmarked *or received by the commissioner* within 60 days of the date the determination of the payment rate was mailed *or personally received by a provider, whichever is earlier*. The notice of appeal must specify each disputed item; the reason for the dispute; the total dollar amount in dispute for each separate disallowance, allocation, or adjustment of each cost item or part of a cost item; the computation that the provider believes is correct; the authority in statute or rule upon which the provider relies for each disputed item; the name and address of the person or firm with whom contacts may be made regarding

the appeal; and other information required by the commissioner. The commissioner shall review an appeal by a nursing facility, if the appeal was sent by certified mail and postmarked prior to August 1, 1991, and would have been received by the commissioner within the 60-day deadline if it had not been delayed due to an error by the postal service.

Sec. 60. Minnesota Statutes 1992, section 256B.50, is amended by adding a subdivision to read:

Subd. 1h. [APPEALS REVIEW PROJECT.] (a) The appeals review procedure described in this subdivision is effective for desk audit appeals for rate years beginning between July 1, 1993, and June 30, 1997, and for field audit appeals filed during that time period. For appeals reviewed under this subdivision, subdivision 1c applies only to contested case demands under paragraph (c) and subdivision 1d does not apply.

(b) The commissioner shall review appeals and issue a written determination on each appealed item within one year of the due date of the appeal. Upon mutual agreement, the commissioner and the provider may extend the time for issuing a determination for a specified period. The commissioner shall notify the provider by first class mail of the determination. The determination takes effect 30 days following the date of issuance specified in the determination.

(c) In reviewing the appeal, the commissioner may request additional written or oral information from the provider. The provider shall have the right to present information by telephone or in person concerning the appeal to the commissioner or a designee prior to the issuance of the determination if a conference is requested within six months of the date the appeal was received by the commissioner. Statements made during the review are not admissible in a contested case hearing under paragraph (d) absent an express stipulation by the parties to the contested case.

(d) For an appeal item on which the provider disagrees with the determination, the provider may file with the commissioner a written demand for a contested case hearing to determine the proper resolution of specified appeal items. The demand must be postmarked or received by the commissioner within 30 days of the date of issuance specified in the determination. The commissioner shall refer any contested case demand to the office of the attorney general. When a contested case demand is referred to the office of the attorney general, the contested case procedures described in subdivision 1c apply and the written determination issued by the commissioner is of no effect.

(e) The commissioner has discretion to issue to the provider a proposed resolution for specified appeal items upon a request from the provider filed separately from the notice of appeal. The proposed resolution is final upon written acceptance by the provider within 30 days of the date the proposed resolution was mailed to or personally received by the provider, whichever is earlier.

(f) The commissioner may use the procedures described in this subdivision to resolve appeals filed prior to July 1, 1993.

Sec. 61. Minnesota Statutes 1992, section 256B.50, is amended by adding a subdivision to read:

Subd. 3. [TIME AND ATTENDANCE DISPUTED ITEMS.] The commissioner shall resolve pending appeals by a nursing facility of disallowances or

adjustments of compensation costs for rate years beginning prior to June 30, 1994, by recognizing the compensation costs reported by the nursing facility when the appealed disallowances or adjustments were based on a determination of inadequate documentation of time and attendance or equivalent records to support payroll costs. The recognition of costs provided in this subdivision pertains only to appeals of disallowances and adjustments based solely on disputed time and attendance or equivalent records. Appeals of disallowances and adjustments of compensation costs based on other grounds, including misrepresentation of costs or failure to meet the general cost criteria under Minnesota Rules, parts 9549.0010 to 9549.0080, are not governed by this subdivision.

Sec. 62. Minnesota Statutes 1992, section 256B.501, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meaning given them.

(a) "Commissioner" means the commissioner of human services.

(b) "Facility" means a facility licensed as a mental retardation residential facility under section 252.28, licensed as a supervised living facility under chapter 144, and certified as an intermediate care facility for persons with mental retardation or related conditions.

(c) "Waivered service" means home or community-based service authorized under United States Code, title 42, section 1396n(c), as amended through December 31, 1987, and defined in the Minnesota state plan for the provision of medical assistance services. Waivered services include, at a minimum, case management, family training and support, developmental training homes, supervised living arrangements, semi-independent living services, respite care, and training and habilitation services.

(d) "Fringe benefits" means workers' compensation insurance, including costs related to operating a self-insured workers' compensation program under chapter 79A, group health insurance, disability insurance, dental insurance, group life insurance, and retirement benefits or plans.

Sec. 63. Minnesota Statutes 1992, section 256B.501, subdivision 3g, is amended to read:

Subd. 3g. [ASSESSMENT OF RESIDENTS.] For rate years beginning on or after October 1, 1990, the commissioner shall establish program operating cost rates for care of residents in facilities that take into consideration service characteristics of residents in those facilities. To establish the service characteristics of residents, the quality assurance and review teams in the department of health shall assess all residents annually beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the client's services needed and provided to each client to address behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. The commissioner may adjust the program operating cost rates of facilities based on a comparison of client service characteristics, resource needs, and costs. The commissioner may adjust a facility's payment rate during the rate year when accumulated changes in the facility's average service units exceed the

~~minimums established in the rules required by subdivision 3j.~~ By January 30, 1994, the commissioner shall report to the legislature on:

- (1) the assessment process and scoring system utilized;
- (2) possible utilization of assessment information by facilities for management purposes; and
- (3) possible application of the assessment for purposes of adjusting the operating cost rates of facilities based on a comparison of client services characteristics, resource needs, and costs.

Sec. 64. Minnesota Statutes 1992, section 256B.501; subdivision 3i, is amended to read:

Subd. 3i. [SCOPE.] Subdivisions 3a to 3e and 3h do not apply to facilities whose payment rates are governed by Minnesota Rules, part 9553.0075.

Sec. 65. Minnesota Statutes 1992, section 256B.501, is amended by adding a subdivision to read:

Subd. 5a. [CHANGES TO ICF/MR REIMBURSEMENT.] The reimbursement rule changes in paragraphs (a) and (b) apply to Minnesota Rules, parts 9553.0010 to 9553.0080, and this section, and are effective for rate years beginning on or after October 1, 1993, unless otherwise specified.

(a) In addition to the approved pension or profit sharing plans allowed by the reimbursement rule, the commissioner shall allow those plans specified in Internal Revenue Code, sections 403(b) and 408(k).

(b) The operating cost payment rate shall be increased by 72 cents effective July 1, 1993, to reimburse facilities for federal, state, and local mandates relating to hepatitis B vaccinations, workers' compensation increases, facility bed licensing charges, and other requirements. For rate periods and rate years beginning July 1, 1994, the adjustment to the operating cost payment rate for these costs shall be 31 cents.

(c) The commissioner must retroactively review a facility's expenditures related to this operating cost-payment rate adjustment. The period of review shall be July 1, 1993, to June 30, 1995. Each facility must report its expenditures on forms specified by the commissioner. The expenditures subject to review are costs of hepatitis B vaccinations; workers' compensation increases which exceed by five percent the amount of the facility's workers' compensation expense for the prior reporting year; facility bed licensing charge increases above those for the prior reporting year; and other new governmental mandates which occur during these two rate years. Any excess payments under this provision over these expenses must be recovered by the department. The excess payment, if any, shall be divided by the facilities resident days for its most recent desk audited reporting year, and shall be repaid over the facility's next rate year.

Sec. 66. Minnesota Statutes 1992, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:

- (1) inpatient hospital services;

- (2) outpatient hospital services;
- (3) services provided by Medicare certified rehabilitation agencies;
- (4) prescription drugs and other products recommended through the process established in section 256B.0625, subdivision 13;
- (5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level;
- (6) eyeglasses and eye examinations provided by a physician or optometrist;
- (7) hearing aids;
- (8) prosthetic devices;
- (9) laboratory and X-ray services;
- (10) physician's services;
- (11) medical transportation;
- (12) chiropractic services as covered under the medical assistance program;
- (13) podiatric services;
- (14) dental services;
- (15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;
- (16) day treatment services for mental illness provided under contract with the county board;
- (17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;
- (18) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;
- (19) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments; and
- (20) medical equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision; and
- (21) *services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.*

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

(c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with

organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent actuary in establishing prepayment rates, but shall retain final control over the rate methodology.

(d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(e) Any county may, from its own resources, provide medical payments for which state payments are not made.

(f) Chemical dependency services that are reimbursed under chapter 254B must not be reimbursed under general assistance medical care.

(g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(h) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 67. Minnesota Statutes 1992, section 256D.03, subdivision 8, is amended to read:

Subd. 8. [PRIVATE INSURANCE POLICIES.] (a) Private accident and health care coverage for medical services is primary coverage and must be exhausted before general assistance medical care is paid. When a person who is otherwise eligible for general assistance medical care has private accident or health care coverage, including a prepaid health plan, the private health care benefits available to the person must be used first and to the fullest extent. Supplemental payment may be made by general assistance medical care, but the combined total amount paid must not exceed the amount payable under general assistance medical care in the absence of other coverage. General assistance medical care must not make supplemental payment for covered services rendered by a vendor who participates or contracts with any health coverage plan if the plan requires the vendor to accept the plan's payment as payment in full. General assistance medical care payment will not be made when either covered charges are paid in full by a third party or the provider

has an agreement to accept payment for less than charges as payment in full. Payment for patients that are simultaneously covered by general assistance medical care and a liable third party other than Medicare will be determined as the lesser of clauses (1) to (3):

- (1) the patient liability according to the provider/insurer agreement;*
- (2) covered charges minus the third party payment amount; or*
- (3) the general assistance medical care rate minus the third party payment amount.*

A negative difference will not be implemented.

(b) When a parent or a person with an obligation of support has enrolled in a prepaid health care plan under section 518.171, subdivision 1, the commissioner of human services shall limit the recipient of general assistance medical care to the benefits payable under that prepaid health care plan to the extent that services available under general assistance medical care are also available under the prepaid health care plan.

(c) Upon furnishing general assistance medical care or general assistance to any person having private accident or health care coverage, or having a cause of action arising out of an occurrence that necessitated the payment of assistance, the state agency shall be subrogated, to the extent of the cost of medical care, subsistence, or other payments furnished, to any rights the person may have under the terms of the coverage or under the cause of action.

This right of subrogation includes all portions of the cause of action, notwithstanding any settlement allocation or apportionment that purports to dispose of portions of the cause of action not subject to subrogation.

(d) To recover under this section, the attorney general or the appropriate county attorney, acting upon direction from the attorney general, may institute or join a civil action to enforce the subrogation rights established under this section.

(e) The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable in damages, or otherwise obligated to pay part or all of the costs related to an injury when the state agency has paid or become liable for the cost of care or payments related to the injury. Notice must be given as follows:

(i) Applicants for general assistance or general assistance medical care shall notify the state or county agency of any possible claims when they submit the application. Recipients of general assistance or general assistance medical care shall notify the state or county agency of any possible claims when those claims arise.

(ii) A person providing medical care services to a recipient of general assistance medical care shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(iii) A person who is party to a claim upon which the state agency may be entitled to subrogation under this section shall notify the state agency of its potential subrogation claim before filing a claim, commencing an action, or

negotiating a settlement. *A person who is a party to a claim includes the plaintiff, the defendant(s), and any other named party to the cause of action.*

Notice given to the county agency is not sufficient to meet the requirements of paragraphs (b) and (c).

(f) Upon any judgment, award, or settlement of a cause of action, or any part of it, upon which the state agency has a subrogation right, including compensation for liquidated, unliquidated, or other damages, reasonable costs of collection, including attorney fees, must be deducted first. The full amount of general assistance or general assistance medical care paid to or on behalf of the person as a result of the injury must be deducted next and paid to the state agency. The rest must be paid to the public assistance recipient or other plaintiff. The plaintiff, however, must receive at least one-third of the net recovery after attorney fees and collection costs.

Sec. 68. Minnesota Statutes 1992, section 259.431, subdivision 5, is amended to read:

Subd. 5. [MEDICAL ASSISTANCE; DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.] The commissioner of human services shall:

(a) Issue a medical assistance identification card to any child with special needs *who is Title IV-E eligible, or who is not Title IV-E eligible but was determined by another state to have a special need for medical or rehabilitative care, and who is a resident in this state and is the subject of an adoption assistance agreement with another state when a certified copy of the adoption assistance agreement obtained from the adoption assistance state has been filed with the commissioner. The adoptive parents shall be required at least annually to show that the agreement is still in force or has been renewed.*

(b) Consider the holder of a medical assistance identification card under this subdivision as any other recipient of medical assistance under chapter 256B; process and make payment on claims for the recipient in the same manner as for other recipients of medical assistance.

(c) Provide coverage and benefits for a child *who is Title IV-E eligible or who is not Title IV-E eligible but was determined to have a special need for medical or rehabilitative care and who is in another state and who is covered by an adoption assistance agreement made by the commissioner for the coverage or benefits, if any, which is not provided by the resident state. The adoptive parents acting for the child may submit evidence of payment for services or benefit amounts not payable in the resident state and shall be reimbursed. However, there shall be no reimbursement for services or benefit amounts covered under any insurance or other third party medical contract or arrangement held by the child or the adoptive parents.*

(d) Publish emergency and permanent rules implementing this subdivision. Such rules shall include procedures to be followed in obtaining prior approvals for services which are required for the assistance.

Sec. 69. Minnesota Statutes 1992, section 393.07, subdivision 3, is amended to read:

Subd. 3. [FEDERAL SOCIAL SECURITY.] The county welfare board shall be charged with the duties of administration of all forms of public assistance and public child welfare or other programs within the purview of the federal Social Security Act, other than public health nursing and home

health services, and which now are, or hereafter may be, imposed on the commissioner of human services by law, of both children and adults. The duties of such county welfare board shall be performed in accordance with the standards and rules which may be promulgated by the commissioner of human services in order to achieve the purposes of the law and to comply with the requirements of the federal Social Security Act needed to qualify the state to obtain grants-in-aid available under that act. Notwithstanding the provisions of any other law to the contrary, the welfare board ~~may~~ shall delegate to the director the authority to determine eligibility and disburse funds without first securing board action, provided that the director shall present to the board, at the next scheduled meeting, any such action taken for ratification by the board.

Sec. 70. [514.980] [MEDICAL ASSISTANCE LIENS; DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 514.980 to 514.985.

Subd. 2. [MEDICAL ASSISTANCE AGENCY OR AGENCY.] "Medical assistance agency" or "agency" means the state or any county medical assistance agency that provides a medical assistance benefit.

Subd. 3. [MEDICAL ASSISTANCE BENEFIT.] "Medical assistance benefit" means a benefit provided under chapter 256B to a person while in a medical institution. A "medical institution" is defined as a nursing facility, intermediate care facility for persons with mental retardation, or inpatient hospital.

Sec. 71. [514.981] [MEDICAL ASSISTANCE LIEN.]

Subdivision 1. [PROPERTY SUBJECT TO LIEN; LIEN AMOUNT.] (a) Subject to sections 514.980 to 514.985, payments made by a medical assistance agency to provide medical assistance benefits to a medical assistance recipient who owns property in this state or to the recipient's spouse constitute a lien in favor of the agency upon all real property that is owned by the medical assistance recipient on or after the time when the recipient is institutionalized.

(b) The amount of the lien is limited to the same extent as a claim against the estate under section 256B.15, subdivision 2.

Subd. 2. [ATTACHMENT.] (a) A medical assistance lien attaches and becomes enforceable against specific real property as of the date when the following conditions are met:

(1) payments have been made by an agency for a medical assistance benefit;

(2) notice and an opportunity for a hearing have been provided under paragraph (b);

(3) a lien notice has been filed as provided in section 514.982;

(4) if the property is registered property, the lien notice has been memorialized on the certificate of title of the property affected by the lien notice; and

(5) all restrictions against enforcement have ceased to apply.

(b) An agency may not file a medical assistance lien notice until the medical assistance recipient and the recipient's spouse or their legal representatives have been sent, by certified or registered mail, written notice of the agency's lien rights and there has been an opportunity for a hearing under section 256.045. In addition, the agency may not file a lien notice unless the agency determines that the medical assistance recipient cannot reasonably be expected to be discharged from a medical institution to return home, as medically verified by the recipient's attending physician.

(c) An agency may not file a medical assistance lien notice against real property while it is the home of the recipient's spouse.

(d) An agency may not file a medical assistance lien notice against real property that was the homestead of the medical assistance recipient or the recipient's spouse when the medical assistance recipient received medical institution services if any of the following persons are lawfully residing in the property:

(1) a child of the medical assistance recipient if the child is under age 21 or is blind or permanently and totally disabled according to the supplemental security income criteria;

(2) a child of the medical assistance recipient if the child resided in the homestead for at least two years immediately before the date the medical assistance recipient received medical institution services, and the child provided care to the medical assistance recipient that permitted the recipient not to require medical institution services; or

(3) a sibling of the medical assistance recipient if the sibling has an equity interest in the property and has resided in the property for at least one year immediately before the date the medical assistance recipient began receiving medical institution services.

(e) A medical assistance lien applies only to the specific real property described in the lien notice.

Subd. 3. [CONTINUATION OF LIEN NOTICE AND LIEN.] A medical assistance lien notice remains effective from the time it is filed until it can be disregarded under sections 514.980 to 514.985. A medical assistance lien that has attached to specific real property continues until the lien is satisfied, becomes unenforceable under subdivision 6, or is released and discharged under subdivision 5.

Subd. 4. [LIEN PRIORITY.] A medical assistance lien that attaches to specific real property is subject to the rights of any other person, including an owner, other than the recipient or recipient's spouse, purchaser, holder of a mortgage or security interest, or judgment lien creditor, whose interest in the real property is perfected before a lien notice has been filed under section 514.982. The rights of the other person have the same protections against a medical assistance lien as are afforded against a judgment lien that arises out of an unsecured obligation and that arises as of the time of the filing of the medical assistance lien notice under section 514.982. A medical assistance lien is inferior to a lien for taxes or special assessments, or other lien that would be superior to the perfected lien of a judgment creditor.

Subd. 5. [RELEASE.] (a) An agency that files a medical assistance lien notice shall release and discharge the lien in full if:

(1) the medical assistance recipient is discharged from the medical institution and returns home;

(2) the medical assistance lien is satisfied;

(3) the agency has received reimbursement for the amount secured by the lien or a legally enforceable agreement has been executed providing for reimbursement of the agency for that amount; or

(4) the medical assistance recipient, if single, or the recipient's surviving spouse, has died, and a claim may not be filed against the estate of the decedent under section 256B.15, subdivision 3.

(b) Upon request, the agency that files a medical assistance lien notice shall release a specific parcel of real property from the lien if:

(1) the property is or was the homestead of the recipient's spouse during the time of the medical assistance recipient's institutionalization, or the property is or was attributed to the spouse under section 256B.059, subdivision 3 or 4, and the spouse is not receiving medical assistance benefits;

(2) the property would be exempt from a claim against the estate under section 256B.15, subdivision 4;

(3) the agency receives reimbursement, or other collateral sufficient to secure payment of reimbursement, in an amount equal to the lesser of the amount secured by the lien, or the amount the agency would be allowed to recover upon enforcement of the lien against the specific parcel of property if the agency attempted to enforce the lien on the date of the request to release the lien; or

(4) the medical assistance lien cannot lawfully be enforced against the property because of an error, omission, or other material defect in procedure, description, identity, timing, or other prerequisite to enforcement.

(c) The agency that files a medical assistance lien notice may release the lien if the attachment or enforcement of the lien is determined by the agency to be contrary to the public interest.

(d) The agency that files a medical assistance lien notice shall execute the release of the lien and file the release as provided in section 514.982, subdivision 2.

Subd. 6. [TIME LIMITS; CLAIM LIMITS.] (a) A medical assistance lien is not enforceable against specific real property if any of the following occurs:

(1) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within 18 months of the agency's receipt of notice of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later; or

(2) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within three years of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later. This limitation is tolled during any period when the provisions of section 514.983, subdivision 2, apply to delay enforcement of the lien.

(b) A medical assistance lien is not enforceable against the real property of an estate to the extent there is a determination by a court of competent jurisdiction, or by an officer of the court designated for that purpose, that

there are insufficient assets in the estate to satisfy the agency's medical assistance lien in whole or in part in accordance with the priority of claims established by chapters 256B and 524. The agency's lien remains enforceable to the extent that assets are available to satisfy the agency's lien, subject to the priority of other claims, and to the extent that the agency's claim is allowed against the estate under chapters 256B and 524.

Sec. 72. [514.982] [MEDICAL ASSISTANCE LIEN NOTICE.]

Subdivision 1. [CONTENTS.] A medical assistance lien notice must be dated and must contain:

(1) the full name, last known address, and social security number of the medical assistance recipient and the full name, address, and social security number of the recipient's spouse;

(2) a statement that medical assistance payments have been made to or for the benefit of the medical assistance recipient named in the notice, specifying the first date of eligibility for benefits;

(3) a statement that all interests in real property owned by the persons named in the notice may be subject to or affected by the rights of the agency to be reimbursed for medical assistance benefits; and

(4) the legal description of the real property upon which the lien attaches, and whether the property is registered property.

Subd. 2. [FILING.] Any notice, release, or other document required to be filed under sections 514.980 to 514.985 must be filed in the office of the county recorder or registrar of titles, as appropriate, in the county where the real property is located. Notwithstanding section 386.77, the agency shall pay the applicable filing fee for any document filed under sections 514.980 to 514.985. The client-specific characteristics must be submitted to the commissioner quarterly. The commissioner shall minimize the reporting required from counties.

Subd. 4. [FUNDING.] On March 1, 1994, and monthly thereafter until June 30, 1994, the commissioner shall issue to counties participating in the pilot projects an amount of money equal to one-sixth of each county's unexpended allocation of base and targeted alternative care appropriations under Minnesota Statutes, section 256B.0913, subdivisions 10 and 11. On July 1, 1994, and monthly thereafter, the commissioner shall issue an amount of money equal to one-twelfth of the fiscal year 1994 allocation. Additional targeted funds may be allocated based on the criteria established in Minnesota Statutes, section 256B.0913, to the extent that money is available. Targeted funds will be equally distributed over the remaining months of the fiscal year. Counties participating in the pilot projects must submit to the commissioner quarterly expenditure reports and reconcile the actual expenditure on September 1, 1995.

Sec. 86. [REPORT.]

The commissioner must evaluate the pilot projects and report findings to the legislature by February 1, 1995. The report must evaluate client outcomes and service utilization, total spending and average per client costs, administrative cost reductions, changes in the types of services provided, and any border problems with contiguous nonpilot counties.

If eligibility exists for this fictional unit, the pregnant woman is eligible and her payment amount is determined based solely on her needs, income, including deemed income, and resources. The commissioner of human services shall promulgate, pursuant to the administrative procedures act, rules to implement this subdivision.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member for one or more monthly assistance payments until the overpayment is repaid. For any month in which an overpayment must be recovered, recoupment may be made by reducing the grant but only if the reduced assistance payment, together with the assistance unit's total income after deducting work expenses as allowed under section 256.74, subdivision 1, clauses (3) and (4), equals at least 95 percent of the standard of need for the assistance unit, except that if the overpayment is due solely to agency error, this total after deducting allowable work expenses must equal at least 99 percent of the standard of need. Notwithstanding the preceding sentence, beginning on the date on which the

~~commissioner implements a computerized client eligibility and information system in one or more counties.~~ All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. *If the overpayment is due solely to having wrongfully obtained assistance, whether based on a court order, the finding of an administrative fraud disqualification hearing or a waiver of such a hearing, or a confession of judgment containing an admission of an intentional program violation, the amount of this reduction shall be ten percent.* In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the above aid reductions, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance in accordance with standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of fraud under section 256.98.

If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements. "Secondary education" for purposes of this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, "good cause" means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation needed to attend, illness or incapacity of the caretaker or another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a ~~targeted~~ target caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency, its case manager or employment and training service provider, the county that approved the plan is responsible for the costs of case management and other services required to carry out the plan, including employment and training services. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined

under chapter 256H. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the ~~nontargeted~~ *nontarget* caretaker relocates to another county or when a ~~targeted~~ *target* caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 9. Minnesota Statutes 1992, section 256.736, subdivision 10a, is amended to read:

Subd. 10a. [ORIENTATION.] (a) Each county agency must provide an orientation to all caretakers within its jurisdiction ~~who are determined eligible for AFDC on or after July 1, 1989, and who are required to attend an orientation. The county agency shall require attendance at orientation of all caretakers except in the time limits described in this paragraph:~~

(1) ~~caretakers who are exempt from registration under subdivision 3 within 60 days of being determined eligible for AFDC for caretakers with a continued absence or incapacitated parent basis of eligibility; and or~~

(2) ~~caretakers who are not within 30 days of being determined eligible for AFDC for caretakers with an unemployed parent basis of eligibility.~~

(b) ~~Caretakers are required to attend an in-person orientation if the caretaker is a member of one of the groups listed in subdivision 3a, paragraph (a), and who are either responsible for the care of an incapacitated person or a dependent child under the age of six or enrolled at least half time in any recognized school, training program, or institution of higher learning unless the caretaker is exempt from registration under subdivision 3 and the caretaker's exemption basis will not expire within 60 days of being determined eligible for AFDC, or the caretaker is enrolled at least half time in any recognized school, training program, or institution of higher learning and the in-person orientation cannot be scheduled at a time that does not interfere with the caretaker's school or training schedule. The county agency shall require attendance at orientation of caretakers described in subdivision 3a, paragraph (b) or (c), if they become the commissioner determines that the groups are eligible for participation in employment and training services.~~

(b) ~~Except as provided in paragraph (e),~~ (c) The orientation must consist of a presentation that informs caretakers of:

(2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;

(3) the child care resource and referral program designated by the commissioner providing education and assistance to select child care services and a referral to the child care resource and referral when assistance is requested;

(4) the obligations of the county agency and service providers under contract to the county agency;

(5) the rights, responsibilities, and obligations of participants;

(6) the grounds for exemption from mandatory employment and training services or educational requirements;

(7) the consequences for failure to participate in mandatory services or requirements;

(8) the method of entering educational programs or employment and training services available through the county;

(9) the availability and the benefits of the early and periodic, screening, diagnosis and treatment (EPSDT) program and preschool screening under chapter 123;

(10) their eligibility for transition year child care assistance when they lose eligibility for AFDC due to their earnings; and

(11) their eligibility for extended medical assistance when they lose eligibility for AFDC due to their earnings; and

(12) the availability and benefits of the Head Start program.

(c) *(d)* Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.

~~(d)~~ *(e)* County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The county agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.

~~(e)~~ Orientation for caretakers not eligible for participation in employment and training services under the provisions of subdivision 3a, paragraphs (a) and (b), shall present information only on those employment, training, and support services available to those caretakers, and information on clauses (2), (3), (9), (10), and (11) of paragraph (a) and all of paragraph (c), and may not last more than two hours. The county or, under contract, the county's employment and training service provider shall mail written orientation materials containing the information specified in paragraph (c), clauses (1) to (3) and (8) to (12), to each caretaker exempt from attending an in-person orientation or who has good cause for failure to attend after at least two dates for their orientation have been scheduled. The county or the county's employment and training service provider shall follow up with a phone call, or in writing, within two weeks after mailing the material.

(f) Persons required to attend orientation must be informed of the penalties for failure to attend orientation, support services to enable the person to attend, what constitutes good cause for failure to attend, and rights to appeal. Persons required to attend orientation must be offered a choice of at least two dates for their first scheduled orientation. No person may be sanctioned for failure to attend orientation until after a second failure to attend.

(g) Good cause for failure to attend an in-person orientation exists when a caretaker cannot attend because of:

(1) temporary illness or injury of the caretaker or of a member of the caretaker's family that prevents the caretaker from attending an orientation during the hours when the orientation is offered;

(2) a judicial proceeding that requires the caretaker's presence in court during the hours when orientation is scheduled; or

(3) a nonmedical emergency that prevents the caretaker from attending an orientation during the hours when orientation is offered. "Emergency" for the purposes of this paragraph means a sudden, unexpected occurrence or situation of a serious or urgent nature that requires immediate action.

(h) Caretakers must receive a second orientation only when:

(1) there has been a 30-day break in AFDC eligibility; and

(2) the caretaker has not attended an orientation within the previous 12-month period, excluding the month of reapplication for AFDC.

If the principal wage earner is exempt from participation in job search, the other caretaker must be referred to and begin participation in the job search program within 30 days of being determined eligible for AFDC. The principal wage earner or the other caretaker is exempt from job search participation if:

(4) the caretaker is unable to secure employment due to inability to communicate in the English language, is participating in an English as a second language course, and is making satisfactory progress towards completion of the course. If an English as a second language course is not available to the caretaker, the caretaker is exempt from participation until a course becomes available (2) the caretaker is under age 25, has not completed a high school diploma or an equivalent program, and is participating in a secondary education program as defined in subdivision 10, paragraph (a), clause (17), which is approved by the employment and training service provider in the employability development plan.

(b) The job search program must provide the following services:

(1) an initial period of up to four consecutive weeks of job search activities for no less than 20 hours per week but not more than 32 hours per week. [FEDERAL REQUIREMENTS.] If the Family Support Act of 1988, Public Law Number 100-485, is revised or if federal implementation of that law is revised so that Minnesota is no longer obligated to operate a mandatory work experience program for AFDC-UP families, the commissioner shall operate the work experience program under this section as a volunteer program, and shall utilize the funding authorized for work experience to improve and expand the availability of other employment and training services authorized under this section.

Sec. 21. Minnesota Statutes 1992, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit AFDC family must be budgeted in the normal retrospective cycle. ~~The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other~~ When the family's income, after application of the applicable disregards, ~~by exceeds the standard of need standard for the assistance unit family because of receipt of earned or unearned lump sum income, the family will be ineligible for the full number of month derived by dividing the sum of the lump sum income and other income by the monthly need standard for a family of that size. An amount~~ Any income remaining after from this calculation is income in the first month following the period of eligibility ineligibility. ~~If the total monthly income including the lump sum income is larger than the standard of need for a single month~~ The first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. For purposes of applying the lump sum provision, family includes those persons defined in the Code of Federal Regulations, title 45, section 233.20(a)(3)(ii)(F). A period of ineligibility must be shortened when the standard of need increases and the amount the family would have received also changes, an amount is documented as stolen; an amount is unavailable because a member of the family left the household with that amount and has not returned, an amount is paid by the family during the period of ineligibility to cover a cost that would otherwise qualify for emergency assistance, or the family incurs and pays for medical expenses which would have been covered by medical assistance if eligibility existed. In making its determination the county agency shall disregard the following from family income:

(1) *all the earned income of each dependent child applying for AFDC if the child is a full-time student and all of the earned income of each dependent child receiving aid to families with dependent children AFDC who is a full-time student or is a part-time student, and who is not a full-time employee. A student is one who is attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as and includes a participant in the job corps program under the job training and partnership act (JTPA). Also, disregard all the earned income derived from the job training and partnership act (JTPA) for a of each dependent child for applying for or receiving AFDC when the income is derived from a program carried out under JTPA, except that disregard of earned income may not exceed six calendar months per calendar year, together with unearned income derived from the job training and partnership act;*

(3) the first \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of subclasses (a) to (d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical

assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) \$174 for each individual age two or older, and \$199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance. A review of a payment decision under this clause must be requested within 30 days after receiving the notice of collection of assigned support or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

All payments made pursuant to a court order for the support of children not living in the assistance unit's household shall be disregarded from the income of the person with the legal obligation to pay support, provided that, if there has been a change in the financial circumstances of the person with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for a modification of the support order.

Sec. 22. Minnesota Statutes 1992, section 256.78, is amended to read:

256.78 [ASSISTANCE GRANTS RECONSIDERED.]

All assistance granted under sections 256.72 to 256.87 shall be reconsidered as frequently as may be required by the rules of the state agency. After such further investigation as the county agency may deem necessary or the state agency may require, the amount of assistance may be changed or assistance may be entirely withdrawn if the state or county agency find that the child's circumstances have altered sufficiently to warrant such action. The period of ineligibility for AFDC which results when an assistance unit receives lump sum income must be reduced when:

(1) the assistance unit's standard of need increases due to changes in state law or due to changes in the size or composition of the assistance unit, so that

the amount of aid the assistance unit would have received would have increased had it not become ineligible;

(2) the lump sum income, or a portion of it becomes unavailable to the assistance unit due to expenditures to avoid a life-threatening circumstance, theft, or dissipation which is beyond the family's control by a member of the family who is no longer part of the assistance unit when the lump sum income is not used to meet the needs of members of the assistance unit; or

(3) the assistance unit incurs and pays medical expenses for care and services specified in sections 256B.02, subdivision 8, and 256B.0625.

The county agency may for cause at any time revoke, modify, or suspend any order for assistance previously made. When assistance is thus revoked, modified, or suspended the county agency shall at once report to the state agency such decision together with supporting evidence required by the rules of the state agency. All such decisions shall be subject to appeal and review by the state agency as provided in section 256.045.

Sec. 23. Minnesota Statutes 1992, section 256.983, subdivision 3, is amended to read:

Subd. 3. [DEPARTMENT RESPONSIBILITIES.] The commissioner shall establish training programs which shall be attended by all investigative and supervisory staff of the involved county agencies. The commissioner shall also develop the necessary operational guidelines, forms, and reporting mechanisms, which shall be used by the involved county agencies. *An individual's application or redetermination form shall include an authorization for release by the individual to obtain documentation for any information on that form which is involved in a fraud prevention investigation. The authorization for release would be effective until six months after public assistance benefits have ceased.*

Sec. 24. Minnesota Statutes 1992, section 388.23, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The county attorney, or any deputy or assistant county attorney whom the county attorney authorizes in writing, has the authority to subpoena and require the production of any records of telephone companies, cellular phone companies, paging companies, electric companies, gas companies, water utilities, chemical suppliers, hotels and motels, airlines, buses, taxis, and other entities engaged in the business of transporting people, and freight companies, warehousing companies, package delivery companies, and other entities engaged in the businesses of transport, storage, or delivery, and records of the existence of safe deposit box account numbers and customer savings and checking account numbers maintained by financial institutions and safe deposit companies, *insurance records relating to the monetary payment or settlement of claims, and wage and employment records of an applicant or recipient of public assistance who is the subject of a welfare fraud investigation relating to eligibility information for public assistance programs.* Subpoenas may only be issued for records that are relevant to an ongoing legitimate law enforcement investigation or welfare fraud investigation and there is probable cause that a crime has been committed. *This provision applies only to the records of business entities and does not extend to private individuals or their dwellings. Subpoenas may only be served by peace officers as defined by section 626.84, subdivision 1, paragraph (c).*

Sec. 25. Minnesota Statutes 1992, section 256B.056, subdivision 1a, is amended to read:

Subd. 1a. [INCOME AND ASSETS GENERALLY.] Unless specifically required by state law or rule or federal law or regulation, the methodologies used in counting income and assets to determine eligibility for medical assistance shall be as follows: (a) for persons whose eligibility category is based on blindness, disability, or age of 65 or more years, the methodologies for the supplemental security income program shall be used; and (b), except that payments made pursuant to a court order for the support of children shall be excluded from income in an amount not to exceed the difference between the applicable income standard used in the state's medical assistance program for aged, blind, and disabled persons and the applicable income standard used in the state's medical assistance program for families and children. Exclusion of court-ordered child support payments is subject to the condition that if there has been a change in the financial circumstances of the person with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for modification of the support order. For families and children, which includes all other eligibility categories, the methodologies for the aid to families with dependent children program under section 256.73 shall be used. For these purposes, a "methodology" does not include an asset or income standard, or accounting method, or method of determining effective dates.

Sec. 26. Minnesota Statutes 1992, section 256B.0625, is amended by adding a subdivision to read:

Subd. 32. [CHILD WELFARE TARGETED CASE MANAGEMENT.] Medical assistance, subject to federal approval, covers child welfare targeted case management services as defined in section 256B.094 to children under age 21 who have been assessed and determined in accordance with section 256F.10 to be:

(1) at risk of placement or in placement as defined in section 257.071, subdivision 1;

(2) at risk of maltreatment or experiencing maltreatment as defined in section 626.556, subdivision 10e; or

(3) in need of protection or services as defined in section 260.015, subdivision 2a.

Sec. 27. [256B.094] [CHILD WELFARE TARGETED CASE MANAGEMENT SERVICES.]

Subdivision 1. [DEFINITION.] "Child welfare targeted case management services" means activities that coordinate social and other services designed to help the child under age 21 and the child's family gain access to needed social services, mental health services, habilitative services, educational services, health services, vocational services, recreational services; and related services including, but not limited to, the areas of volunteer services, advocacy, transportation, and legal services. Case management services include developing an individual service plan and assisting the child and the child's family in obtaining needed services through coordination with other agencies and assuring continuity of care. Case managers must assess the delivery, appropriateness, and effectiveness of services on a regular basis.

Subd. 2. [ELIGIBLE SERVICES.] Services eligible for medical assistance reimbursement include:

(1) assessment of the recipient's need for case management services to gain access to medical, social, educational, and other related services;

(2) development, completion, and regular review of a written individual service plan based on the assessment of need for case management services to ensure access to medical, social, educational, and other related services;

(3) routine contact or other communication with the client, the client's family, primary caregiver, legal representative, substitute care provider, service providers, or other relevant persons identified as necessary to the development or implementation of the goals of the individual service plan, regarding the status of the client, the individual service plan, or the goals for the client, exclusive of transportation of the child;

(4) coordinating referrals for, and the provision of, case management services for the client with appropriate service providers, consistent with section 1902(a)(23) of the Social Security Act;

(5) coordinating and monitoring the overall service delivery to ensure quality of services;

(6) monitoring and evaluating services on a regular basis to ensure appropriateness and continued need;

(7) completing and maintaining necessary documentation that supports and verifies the activities in this subdivision;

(8) traveling to conduct a visit with the client or other relevant person necessary to the development or implementation of the goals of the individual service plan; and

(9) coordinating with the medical assistance facility discharge planner in the 30-day period before the client's discharge into the community. This case management service provided to patients or residents in a medical assistance facility is limited to a maximum of two 30-day periods per calendar year.

Subd. 3. [COORDINATION AND PROVISION OF SERVICES.] (a) In a county where a prepaid medical assistance provider has contracted under section 256B.031 or 256B.69 to provide mental health services, the case management provider shall coordinate with the health maintenance organization to ensure that all necessary mental health services required under the contract are provided to recipients of case management services.

(b) When the case management provider determines that a health maintenance organization is not providing mental health services as required under the contract, the case management provider shall make other arrangements for provision of the covered services.

(c) The case management provider may bill the provider of prepaid health care services for any mental health services provided to a recipient of case management services which the county arranges for or provides and which is included in the prepaid provider's contract. The prepaid provider must reimburse the county, at the provider's standard rate for that service, for any services delivered under this subdivision.

(d) If the county has not obtained prior authorization for this service, the prepaid provider may appeal the payment for services under section 256.045 if the prepaid provider determines the services were not medically necessary.

(e) The case management provider may appeal under section 256.045 a refusal by the prepaid provider to pay the costs of any services provided under this subdivision.

Subd. 4. [CASE MANAGEMENT PROVIDER.] To be eligible to receive medical assistance reimbursement, the case management provider must meet all provider qualification and certification standards under section 256F.10.

Subd. 5. [CASE MANAGER.] To provide case management services, a case manager must be employed by and authorized by the case management provider to provide case management services and meet all requirements under section 256F.10.

Subd. 6. [MEDICAL ASSISTANCE REIMBURSEMENT OF CASE MANAGEMENT SERVICES.] (a) Medical assistance reimbursement for services under this section shall be made on a monthly basis. Payment is based on face-to-face or telephone contacts between the case manager and the client, client's family, primary caregiver, legal representative, or other relevant person identified as necessary to the development or implementation of the goals of the individual service plan regarding the status of the client, the individual service plan, or the goals for the client. These contacts must meet the minimum standards in clauses (1) and (2):

(1) There must be a face to face contact with each client at least once a month except as provided in clause (2).

(2) For a client placed outside of the county of financial responsibility in an excluded time facility under section 256G, subdivision 6, or through the interstate compact on the placement of children, section 257.40, and the placement in either case is more than 60 miles beyond the county boundaries, there must be at least one contact per month and not more than two consecutive months without a face to face contact.

(b) The payment rate is established using time study data on activities of provider service staff and reports required under sections 245.482, 256.01, subdivision 2, clause (17), and 256E.08, subdivision 8. Separate payment rates may be established for different groups of providers to maximize reimbursement as determined by the commissioner. The payment rate will be reviewed annually and revised periodically to be consistent with the most recent time study and other data. Payment for services will be made upon submission of a valid claim and verification of proper documentation described in subdivision 6. Federal administrative revenue earned through the time study shall be distributed according to earnings, to counties or groups of counties which have the same payment rate under this subdivision, and to the group of counties which are not certified providers under section 256F.10. The commissioner shall modify the requirements set out in Minnesota Rules, parts 9550.0300 to 9550.0370, as necessary to accomplish this.

Subd. 7. [DOCUMENTATION FOR CASE RECORD AND CLAIM.] (a) The assessment, case finding, and individual service plan shall be maintained in the individual case record under the data practices act, chapter 13. The individual service plan must be reviewed at least annually and updated as necessary. Each individual case record must maintain documentation of

routine, ongoing, contacts and services. Each claim must be supported by written documentation in the individual case record.

(b) Each claim must include:

- (1) the name of the recipient;*
- (2) the date of the service;*
- (3) the name of the provider agency and the person providing service;*
- (4) the nature and extent of services; and*
- (5) the place of the services.*

Subd. 8. [PAYMENT LIMITATION.] Services that are not eligible for payment as a child welfare targeted case management service include but are not limited to:

- (1) assessments prior to opening a case;*
- (2) therapy and treatment services;*
- (3) legal services, including legal advocacy, for the client;*
- (4) information and referral services that are part of a county's community social services plan, that are not provided to an eligible recipient;*
- (5) outreach services including outreach services provided through the community support services program;*
- (6) services that are not documented as required under subdivision 6 and Minnesota Rules, parts 9505.1800 to 9505.1880;*
- (7) services that are otherwise eligible for payment on a separate schedule under rules of the department of human services;*
- (8) services to a client that duplicate the same case management service from another case manager;*
- (9) case management services provided to patients or residents in a medical assistance facility except as described under subdivision 2, clause 9; and*
- (10) for children in foster care, group homes, or residential care, payment for case management services is limited to case management services that focus on permanency planning or return to the family home and that do not duplicate the facility's discharge planning services.*

Sec. 28. Minnesota Statutes 1992, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.]

(a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

- (1) who is receiving assistance under section 256D.05 or 256D.051, or who is having a payment made on the person's behalf under sections 256I.01 to 256I.06; or*
- (2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. Exempt assets, the reduction of excess*

assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer

amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(f)(1) An undocumented alien or a nonimmigrant is ineligible for general assistance medical care other than emergency services. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(2) For the five-year period beginning on the date when lawful temporary resident status was granted under United States Code, title 8, section 1255a, an alien granted lawful temporary residence status is ineligible for general assistance medical care other than emergency services. An alien admitted to the United States for purposes of family unity with an alien granted lawful temporary residence status as provided under Public Law Number 101-649, section 301, is ineligible for general assistance medical care other than emergency services for the same ineligibility period as the family member granted lawful temporary residence status.

(3) This subdivision does not apply to a child under age 18, to a Cuban or Haitian entrant as defined in Public Law Number 96-422, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

(4) For purposes of paragraph (f), "emergency services" has the meaning given in the Code of Federal Regulations, title 42, section 440.255(b)(1).

Sec. 29. Minnesota Statutes 1992, section 256D.05, is amended by adding a subdivision to read:

Subd. 8. [PERSONS INELIGIBLE.] (a) An undocumented alien or a nonimmigrant is ineligible for work readiness and general assistance benefits. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(b) For the five-year period beginning on the date when lawful temporary resident status was granted under United States Code, title 8, section 1255a, an alien granted lawful temporary residence status is ineligible for work readiness and general assistance benefits. An alien admitted to the United States for purposes of family unity with an alien granted lawful temporary residence status as provided under Public Law Number 101-649, section 301, is ineligible for work readiness and general assistance benefits for the same ineligibility period as the family member granted lawful temporary residence status.

(c) This subdivision does not apply to a child under age 18, to a Cuban or Haitian entrant as defined in Public Law Number 96-422, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

Sec. 30. Minnesota Statutes 1992, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of six calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. After July 1, 1992, if orientation is available within three weeks after the date eligibility is determined, initial payment will not be made until the registrant attends orientation to the work readiness program. Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled or participating at least half-time in an institution of higher education, or a post-secondary program is ineligible for the work readiness program. *Post-secondary education does not include the following programs: (1) high school equivalency; (2) adult basic education; (3) English as a second language; (4) literacy training; and (5) skill-specific technical training that has a course of study of less than three months, that is not paid for using work readiness funds, and that is specified in the work readiness employability development plan developed with the recipient prior to the recipient beginning the training course.*

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

Sec. 31. Minnesota Statutes 1992, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Except as provided in this subdivision, grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and by the first day of each month of services, the county agency must inform all mandatory registrants in the assistance unit that they must comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month unless the registrants comply with work readiness requirements specified in the notice. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice no later than five days after eligibility ends, which informs the registrant that family general assistance or work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. *The first time in a 12-month period that a recipient's benefits are terminated for failure to comply with work readiness requirements, subsequent assistance must not be issued unless the person completes an application, is determined eligible, and complies with the work readiness requirements that had not been complied with, or demonstrates that the person had good cause for failing to comply with the requirement. If a recipient's benefits are terminated more than once in a 12-month period for failure to comply with work readiness requirements, subsequent assistance must not be issued unless a period of three calendar months of benefit ineligibility has expired, the person completes an application, is determined eligible, and complies with the work readiness requirements that had not been complied with, or the person demonstrates good cause for failing to comply with the requirement. In all instances of termination of work readiness benefits for failure without good cause to comply with work readiness requirements, eligibility for subsequent assistance shall not begin sooner than the beginning of the month following reapplication for benefits.* The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.

(c) Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the five months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.

(d) Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 32. Minnesota Statutes 1992, section 256D.051, subdivision 2, is amended to read:

Subd. 2. [COUNTY AGENCY DUTIES.] (a) The county agency shall provide to registrants a work readiness program. The work readiness program must include:

- (1) orientation to the work readiness program;
- (2) an individualized employability assessment and an individualized employability development plan that includes assessment of literacy, ability to communicate in the English language, educational and employment history, and that estimates the length of time it will take the registrant to obtain employment. The employability assessment and development plan must be completed in consultation with the registrant, must assess the registrant's assets, barriers, and strengths, and must identify steps necessary to overcome barriers to employment. A copy of the employability development plan must be provided to the registrant;
- (3) referral to available accredited remedial or skills training programs designed to address registrant's barriers to employment;
- (4) referral to available programs including the Minnesota employment and economic development program;
- (5) a job search program, including job seeking skills training; and
- (6) other activities, to the extent of available resources designed by the county agency to prepare the registrant for permanent employment.

~~The work readiness program may include a public sector or nonprofit work experience component only if the component is established according to section 268.90.~~

In order to allow time for job search, the county agency may not require an individual to participate in the work readiness program for more than 32 hours a week. The county agency shall require an individual to spend at least eight hours a week in job search or other work readiness program activities.

(b) The county agency shall prepare an annual plan for the operation of its work readiness program. The plan must be submitted to and approved by the commissioner of jobs and training. The plan must include:

- (1) a description of the services to be offered by the county agency;
- (2) a plan to coordinate the activities of all public entities providing employment-related services in order to avoid duplication of effort and to provide services more efficiently;
- (3) a description of the factors that will be taken into account when determining a client's employability development plan;
- (4) provisions to assure that applicants and recipients are evaluated for eligibility for general assistance prior to termination from the work readiness program; and
- (5) provisions to ensure that the county agency's employment and training service provider provides each recipient with an orientation, employability assessment, and employability development plan as specified in paragraph

(a), clauses (1) and (2), within 30 days of the recipient's application for assistance.

(c) *The county agency shall develop a work experience program by contracting with nonprofit agencies or public agencies, giving preference to nonprofit agencies, to provide employment for participants who are not employed after three months of participating in the work readiness program. Nonexempt recipients must be referred to the work experience program at the end of their third month of work readiness eligibility and must participate in the program for the final months of work readiness eligibility. The county agency shall give the participant the option to begin the work experience program after 30 days of participating in work readiness. The employment need not provide the participant with training or work experience that will enhance the participant's employability. The employment may include, but is not limited to, housing rehabilitation, agricultural projects, road and building repair and improvement, grooming and beautification of parks and trails, and assistance with food shelf or shelter services. The county agency shall place the participant in employment if it is available through the contract and continue placement unless permanent suitable employment is offered through grant diversion under section 256D.091 or unless work readiness benefits are terminated under subdivision 1a. If no employment positions are available under the county contract, the participant shall continue with the other duties required to maintain eligibility until a position becomes available and the county shall place the participant in the next available position. The county shall monitor the participant to ensure continued compliance with the requirements for eligibility. In order to maintain eligibility, the participant under the contract must work for that number of hours calculated by dividing the assistance units work readiness assistance payment by the state minimum wage per month.*

(d) *An eligible employer may not terminate, lay off, or reduce the regular working hours of an employee for the purpose of hiring an individual with money available under this program. An eligible employer may not hire an individual with money available through this program if any other person is on layoff from the same or a substantially equivalent job or to fill an established vacant position. Written or oral concurrence with respect to job duties of persons placed under this program shall be obtained from the appropriate exclusive bargaining representative.*

(e) *County agencies who, as of January 1, 1993, operated a public sector or nonprofit work experience component under the community investment program provisions of section 268.90, may continue to operate that program in lieu of the work experience provisions of this subdivision for work readiness recipients who lack a work history or a local work reference. [~~LOWER MAXIMUM SUPPLEMENTARY RATES.~~] (a) The maximum monthly rate for a general assistance or Minnesota supplemental aid group residence that enters into an initial group residential housing agreement with a county agency on or after June 1, 1989, may not exceed 90 percent of the maximum rate established under subdivision 1. This is effective until June 30, 1993, or until the statewide system authorized under subdivision 6 is established, whichever occurs first.

(b) The maximum monthly rate for a general assistance or Minnesota supplemental aid group residence that is neither licensed by nor registered with the Minnesota department of health, or licensed by the department of human services, to provide programs or services in addition to room and board is an amount equal to the total of:

(1) the combined maximum shelter and basic needs standards for Minnesota supplemental aid recipients living alone specified in section 256D.44, subdivisions 2, paragraph (a), and 3, paragraph (a); plus

(2) for persons who are not eligible to receive food stamps due to living arrangements, the maximum allotment authorized by the federal food stamp program for a single individual which is in effect on the first day of July each year; less

(3) the personal needs allowance authorized for medical assistance recipients under section 256B.35. In addition to the room and board rate specified in subdivision 1, the county agency may negotiate a payment not to exceed \$426.37 for other services necessary to provide room and board provided by the group residence if the residence is licensed by or registered by the department of health, or licensed by the department of human services to provide services in addition to room and board, and if the recipient of services is not also concurrently receiving services under a home- and community-based waiver under title XIX of the Social Security Act or under Minnesota Rules, parts 9535.2000 to 9535.3000. The registration and licensure requirement does not apply to establishments which are exempt from state licensure because they are located on Indian reservations and for which the tribe has prescribed health and safety requirements. Service payments under this section may be prohibited under rules to prevent the supplanting of federal funds with state funds. The commissioner shall pursue the feasibility of obtaining the approval of the secretary of health and human services to provide home and community-based waiver services under title XIX of the Social Security Act for residents who are not eligible for an existing home and community-based waiver due to a primary diagnosis of mental illness or chemical dependency, and shall apply for a waiver if it is determined to be cost effective.

Sec. 57. Minnesota Statutes 1992, section 256I.05, is amended by adding a subdivision to read:

Subd. 1c. [RATE INCREASES.] A county agency may not increase the rates negotiated for group residential housing above those in effect on June 30, 1993, except:

(a) A county may increase the rates for group residential housing settings to the MSA equivalent rate for those settings whose current rate is below the MSA equivalent rate.

(b) A county agency may increase the rates for residents in adult foster care whose difficulty of care has increased. The total group residential housing rate for these residents must not exceed the maximum rate specified in subdivisions 1 and 1a. County agencies must not include nor increase group residential housing difficulty of care rates for adults in foster care whose difficulty of care is eligible for funding by home- and community-based waiver programs under title XIX of the Social Security Act.

(c) *The room and board rates will be increased each year when the MSA equivalent rate is adjusted for SSI cost-of-living increases by the amount of the annual SSI increase, less the amount of the increase in the medical assistance personal needs allowance under section 256B.35.*

(d) *When a group residential housing rate is used to pay for an individual's room and board, or other costs necessary to provide room and board, the rate payable to the residence must continue for up to 18 calendar days per incident that the person is temporarily absent from the residence, not to exceed 60 days in a calendar year, if the absence or absences have received the prior approval of the county agency's social service staff. Prior approval is not required for emergency absences due to crisis, illness, or injury.*

(e) *For facilities meeting substantial change criteria within the prior year. Substantial change criteria exists if the group residential housing establishment experiences a 25 percent increase or decrease in the total number of its beds, if the net cost of capital additions or improvements is in excess of 15 percent of the current market value of the residence, or if the residence physically moves, or changes its licensure, and incurs a resulting increase in operation and property costs.*

(f) *A county agency may increase the overall rates for Minnesota supplemental assistance and general assistance recipients residing in uncertified boarding care homes by 15 percent, capped by a figure equivalent to 65 percent of the medical assistance reimbursement for the nursing home resident class A, as established under Minnesota Rules, parts 9549.0052 and 9549.0058.*

Sec. 58. Minnesota Statutes 1992, section 256I.05, subdivision 8, is amended to read:

Subd. 8. [STATE PARTICIPATION.] For a resident of a group residence who is eligible for general assistance under sections 256D.01 to 256D.21 section 256I.04, subdivision 1, paragraph (b), state participation in the group residential housing rate payment is determined according to section 256D.03, subdivision 2. For a resident of a group residence who is eligible under sections 256D.33 to 256D.54 section 256I.04, subdivision 1, paragraph (a), state participation in the group residential housing rate is determined according to section 256D.36.

Sec. 59. Minnesota Statutes 1992, section 256I.06, is amended to read:

256I.06 [PAYMENT METHODS.]

~~When a group residential housing rate is used to pay the room and board costs of a person eligible under sections 256D.01 to 256D.21, the monthly payment may~~ Subdivision 1. [MONTHLY PAYMENTS.] *Monthly payments made on an individual's behalf for group residential housing must be issued as a voucher or vendor payment. When a group residential housing rate is used to pay the room and board costs of a person eligible under sections 256D.33 to 256D.54, payments must be made to the recipient. If a recipient is not able to manage the recipient's finances, a representative payee must be appointed.*

Subd. 2. [TIME OF PAYMENT.] *A county agency may make payments to a group residence in advance for an individual whose stay in the group residence is expected to last beyond the calendar month for which the payment is made and who does not expect to receive countable earned income during the month for which the payment is made. Group residential housing*

payments made by a county agency on behalf of an individual who is not expected to remain in the group residence beyond the month for which payment is made must be made subsequent to the individual's departure from the group residence. Group residential housing payments made by a county agency on behalf of an individual with earned income must be made subsequent to receipt of a monthly household report form.

Subd. 3. [FILING OF APPLICATION.] The county agency must immediately provide an application form to any person requesting group residential housing. Application for group residential housing must be in writing on a form prescribed by the commissioner. The county agency must determine an applicant's eligibility for group residential housing as soon as the required verifications are received by the county agency and within 30 days after a signed application is received by the county agency for the aged or blind or within 60 days for the disabled.

Subd. 3a. [VERIFICATION.] The county agency must request, and applicants and recipients must provide and verify, all information necessary to determine initial and continuing eligibility and group residential housing payment amounts. If necessary, the county agency shall assist the applicant or recipient in obtaining verifications. If the applicant or recipient refuses or fails without good cause to provide the information or verification, the county agency shall deny or terminate eligibility for group residential housing payments.

Subd. 3b. [REDETERMINATION OF ELIGIBILITY.] The eligibility of each recipient must be redetermined at least once every 12 months.

Subd. 3c. [REPORTS.] Recipients must report changes in circumstances that affect eligibility or group residential housing payment amounts within ten days of the change. Recipients with earned income must complete a monthly household report form. If the report form is not received before the end of the month in which it is due, the county agency must terminate eligibility for group residential housing payments. The termination shall be effective on the first day of the month following the month in which the report was due. If a complete report is received within the month eligibility was terminated, the individual is considered to have continued an application for group residential housing payment effective the first day of the month the eligibility was terminated.

Subd. 3d. [DETERMINATION OF RATES.] The county in which a group residence is located will determine the amount of group residential housing rate to be paid on behalf of an individual in the group residence regardless of the individual's county of financial responsibility.

Subd. 3e. [AMOUNT OF GROUP RESIDENTIAL HOUSING PAYMENT.] The amount of a group residential housing payment to be made on behalf of an eligible individual is determined by subtracting the individual's countable income under section 2561.04, subdivision 1, for a whole calendar month from the group residential housing charge for that same month. The group residential housing charge is determined by multiplying the group residential housing rate times the period of time the individual was a resident or temporarily absent under section 2561.05, subdivision 3a.

Sec. 60. Minnesota Statutes 1992, section 257.3573, is amended by adding a subdivision to read:

Subd. 3. [REVENUE ENHANCEMENT.] The commissioner shall submit claims for federal reimbursement earned through the activities and services supported through Indian child welfare grants. The commissioner may set aside a portion of the federal funds earned under this subdivision to establish and support a new Indian child welfare position in the department of human services to provide program development. The commissioner shall use any federal revenue not set aside to expand services under section 257.3571. The federal revenue earned under this subdivision is available for these purposes until the funds are expended.

Sec. 62. Minnesota Statutes 1992, section 257.541, is amended to read:

257.541 [CUSTODY AND VISITATION OF CHILDREN BORN OUTSIDE OF MARRIAGE.]

Subdivision 1. [MOTHER'S RIGHT TO CUSTODY.] The biological mother of a child born to a mother who was not married to the child's father neither when the child was born nor when the child was conceived has sole custody of the child until paternity has been established under sections 257.51 to 257.74, or until custody is determined in a separate proceeding under section 518.156.

Subd. 2. [FATHER'S RIGHT TO VISITATION AND CUSTODY.] (a) If paternity has been acknowledged under section 257.34 and paternity has been established under sections 257.51 to 257.74, the father's rights of visitation or custody are determined under sections 518.17 and 518.175.

Subd. 3. [FATHER'S RIGHT TO VISITATION AND CUSTODY; RECOGNITION OF PATERNITY.] *If paternity has been recognized under section 257.75, the father may petition for rights of visitation or custody in an independent action under section 518.156. The proceeding must be treated as an initial determination of custody under section 518.17. The provisions of chapter 518 apply with respect to the granting of custody and visitation. These proceedings may not be combined with any proceeding under chapter 518B.*

(b) Before the child's birth, he and the child's biological mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) if the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 280 days after its termination by death, annulment, declaration of invalidity, dissolution or divorce; or

(f) Evidence of statistical probability of paternity based on blood testing establishes that the likelihood that ~~the man~~ he is the father of the child, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater;

(g) *He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man is presumed to be the father under this subdivision; or*

(h) *He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man and the child's mother have executed a recognition of parentage in accordance with section 257.75.*

(3) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (f), only if the action is brought within three years after the party bringing the action, or the party's attorney of record, has been provided the blood test results.

Sec. 65. Minnesota Statutes 1992, section 257.73, subdivision 1, is amended to read:

Subdivision 1. Upon compliance with the provisions of section 257.55, subdivision 1, ~~clause paragraph~~ (e), section 257.75, or upon order of a court of this state or upon request of a court of another state, the local registrar of vital statistics shall prepare a new certificate of birth consistent with the acknowledgment or the findings of the court and shall substitute the new certificate for the original certificate of birth.

Sec. 66. Minnesota Statutes 1992, section 257.74, subdivision 1, is amended to read:

Subdivision 1. If a mother relinquishes or proposes to relinquish for adoption a child who has

(a) a presumed father under section 257.55, subdivision 1,

(b) a father whose relationship to the child has been determined by a court or established under section 257.75, or

(c) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, the father shall be given notice of the adoption proceeding as provided in section 259.26.

Sec. 67. [257.75] [RECOGNITION OF PARENTAGE.]

Subdivision 1. [RECOGNITION BY PARENTS.] The mother and father of a child born to a mother who was not married to the child's father nor to any other man when the child was conceived nor when the child was born may, in a writing signed by both of them before a notary public and filed with the state registrar of vital statistics, state and acknowledge under oath that they are the biological parents of the child and wish to be recognized as the biological parents. The recognition must be in the form prepared by the commissioner of human services under subdivision 5.

Subd. 2. [REVOCAION OF RECOGNITION.] A recognition may be revoked in a writing signed by the mother or father before a notary public and filed with the state registrar of vital statistics within 30 days after the recognition is executed. Upon receipt of a revocation of the recognition of parentage, the state registrar of vital statistics shall forward a copy of the revocation to the nonrevoking parent.

Subd. 3. [EFFECT OF RECOGNITION.] Subject to subdivision 2 and section 257.55, subdivision 1, paragraph (g) or (h), the recognition has the force and effect of a judgment or order determining the existence of the parent and child relationship under section 257.66. If the conditions in section 257.55, subdivision 1, paragraph (g) or (h), exist, the recognition creates only a presumption of paternity for purposes of sections 257.51 to 257.74. Until an order is entered granting custody to another, the mother has sole custody. The recognition is:

(1) a basis for bringing an action to award custody or visitation rights to either parent, establishing a child support obligation, ordering a contribution by a parent under section 256.87, or ordering a contribution to the reasonable expenses of the mother's pregnancy and confinement, as provided under section 257.66, subdivision 3;

(2) determinative for all other purposes related to the existence of the parent and child relationship; and

(3) entitled to full faith and credit in other jurisdictions.

Subd. 4. [ACTION TO VACATE RECOGNITION.] An action to vacate a recognition of paternity may be brought by the mother, father, or child. A mother or father must bring the action within one year of the execution of the recognition or within six months after discovery of evidence in support of the action, whichever is later. A child must bring an action to vacate within six months of discovery of evidence in support of the action or within one year of reaching the age of majority, whichever is later. If the court finds a prima facie basis for vacating the recognition, the court shall order the child, mother, and father to submit to blood tests. If the court issues an order for the taking of blood tests, the court shall require the party seeking to vacate the recognition to make advance payment for the costs of the blood tests. If the party fails to pay for the costs of the blood tests, the court shall dismiss the action to vacate with prejudice. The court may also order the party seeking to vacate the recognition to pay the other party's reasonable attorney fees, costs, and disbursements. If the results of the blood tests establish that the man who executed the recognition is not the father, the court shall vacate the recognition. The court shall terminate the obligation of a party to pay ongoing child support based on the recognition. A modification of child support based on a recognition may be made retroactive with respect to any period during which the moving party has pending a motion to vacate the recognition but only from the date of service of notice of the motion on the responding party.

Subd. 5. [RECOGNITION FORM.] The commissioner of human services shall prepare a form for the recognition of parentage under this section. In preparing the form, the commissioner shall consult with the individuals specified in subdivision 6. The recognition form must be drafted so that the force and effect of the recognition and the benefits and responsibilities of establishing paternity are clear and understandable. The form must include a notice regarding the finality of a recognition and the revocation procedure under subdivision 2. The form must include a provision for each parent to

verify that the parent has read or viewed the educational materials prepared by the commissioner of human services describing the recognition of paternity. Each parent must receive a copy of the recognition.

Subd. 6. [PATERNITY EDUCATIONAL MATERIALS:] The commissioner of human services shall prepare educational materials for new and prospective parents that describe the benefits and effects of establishing paternity. The materials must include a description and comparison of the procedures for establishment of paternity through a recognition of parentage under this section and an adjudication of paternity under sections 257.51 to 257.74. The commissioner shall consider the use of innovative audio or visual approaches to the presentation of the materials to facilitate understanding and presentation. In preparing the materials, the commissioner shall consult with child advocates and support workers, battered women's advocates, social service providers, educators, attorneys, hospital representatives, and people who work with parents in making decisions related to paternity. The commissioner shall consult with representatives of communities of color. On and after July 1, 1994, the commissioner shall make the materials available without cost to hospitals, requesting agencies, and other persons for distribution to new parents.

Subd. 7. [HOSPITAL DISTRIBUTION OF EDUCATIONAL MATERIALS; RECOGNITION FORM.] Hospitals that provide obstetric services shall distribute the educational materials and recognition of parentage forms prepared by the commissioner of human services to new parents and shall assist parents in understanding the recognition of parentage form. On and after July 1, 1994, hospitals may not distribute the declaration of parentage forms.

Subd. 8. [NOTICE.] If the state registrar of vital statistics receives more than one recognition of parentage for the same child, the registrar shall notify both signatories on each recognition that the recognition is no longer final and that each man has only a presumption of paternity under section 257.55, subdivision 1.

Sec. 68. Minnesota Statutes 1992, section 393.07, subdivision 10, is amended to read:

Subd. 10. [FEDERAL FOOD STAMP PROGRAM.] (a) The county welfare board shall establish and administer the food stamp program pursuant to rules of the commissioner of human services, the supervision of the commissioner as specified in section 256.01, and all federal laws and regulations. The commissioner of human services shall monitor food stamp program delivery on an ongoing basis to ensure that each county complies with federal laws and regulations. Program requirements to be monitored include, but are not limited to, number of applications, number of approvals, number of cases pending, length of time required to process each application and deliver benefits, number of applicants eligible for expedited issuance, length of time required to process and deliver expedited issuance, number of terminations and reasons for terminations, client profiles by age, household composition and income level and sources, and the use of phone certification and home visits. The commissioner shall determine the county-by-county and statewide participation rate.

(b) On July 1 of each year, the commissioner of human services shall determine a statewide and county-by-county food stamp program participation rate. The commissioner may designate a different agency to administer

the food stamp program in a county if the agency administering the program fails to increase the food stamp program participation rate among families or eligible individuals, or comply with all federal laws and regulations governing the food stamp program. The commissioner shall review agency performance annually to determine compliance with this paragraph.

(c) A person who commits any of the following acts has violated section 256.98 or 609.821, or both, and is subject to both the criminal and civil penalties provided under ~~that section~~ those sections:

(1) Obtains or attempts to obtain, or aids or abets any person to obtain by means of a willfully false statement or representation, or intentional concealment of a material fact, food stamps to which the person is not entitled or in an amount greater than that to which that person is entitled; or

(2) Presents or causes to be presented, coupons for payment or redemption knowing them to have been received, transferred or used in a manner contrary to existing state or federal law; or

(d) A peace officer or welfare fraud investigator may confiscate food stamps, authorization to purchase cards, or other assistance transaction devices found in the possession of any person who is neither a recipient of the food stamp program nor otherwise authorized to possess and use such materials. Confiscated property shall be disposed of as the commissioner may direct and consistent with state and federal food stamp law. The confiscated property must be retained for a period of not less than 30 days to allow any affected person to appeal the confiscation under section 256.045.

Sec. 69. Minnesota Statutes 1992, section 518.156, subdivision 1, is amended to read:

Subdivision 1. In a court of this state which has jurisdiction to decide child custody matters, a child custody proceeding is commenced:

(a) by a parent

(1) by filing a petition for dissolution or legal separation; or

(2) where a decree of dissolution or legal separation has been entered or where none is sought, or when paternity has been recognized under section 257.75, by filing a petition or motion seeking custody or visitation of the child in the county where the child is permanently resident or where the child is found or where an earlier order for custody of the child has been entered; or

(b) by a person other than a parent, where a decree of dissolution or legal separation has been entered or where none is sought by filing a petition or motion seeking custody or visitation of the child in the county where the child

Sec. 70, Minnesota Statutes 1992, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (h). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c); and

(7) the obligor's receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40.

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(d) Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(f) Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(g) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(h) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply

whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

Sec. 71. Minnesota Statutes 1992, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the

motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 72. Minnesota Statutes 1992, section 609.821, subdivision 1, is amended to read:

Sec. 74. Minnesota Statutes 1992, section 626.559, is amended by adding a subdivision to read:

Subd. 5. [TRAINING REVENUE.] The commissioner of human services shall submit claims for federal reimbursement earned through the activities and services supported through department of human services child protection or child welfare training funds. Federal revenue earned must be used to

improve and expand training services by the department. The department expenditures eligible for federal reimbursement under this section must not be made from federal funds or funds used to match other federal funds. The federal revenue earned under this subdivision is available for these purposes until the funds are expended.

Sec. 75. [WORK EXPERIENCE PROGRAM.]

The commissioner of human services shall coordinate efforts with counties to develop recommendations for the 1994 legislature to revise the work experience component of the work readiness program so it more closely parallels the structure of an actual job, including an hourly wage and a pay check and report to the legislature by January 1, 1994.

Sec. 76. [REPEALER.]

(a) Minnesota Statutes 1992, sections 256.985; 2561.03, subdivision 4; 2561.05, subdivisions 4 and 9; and 2561.051 are repealed.

Sec. 77. [EFFECTIVE DATE.]

Sections 72 and 73 are effective for crimes committed on or after July 1, 1993. Section 7 is effective October 1, 1993.

Sections 8 to 18, 23, 24, 72, and 73 are effective October 1, 1993.

Sections 1 and 61 to 67 and 69 are effective January 1, 1994, except that section 67, subdivisions 5 to 7, are effective the day following final enactment.

Implementation of section 45 is contingent on approval by the secretary of health and human services of the definition and procedure contained in that section. Sections 2, 3, 28, and 40 to 44, and 46 to 59 are effective July 1, 1994, contingent upon federal recognition that group residential housing payments qualify as optional state supplement payments to the SSI program under title XVI of the Social Security Act and confer categorical eligibility for medical assistance under the Minnesota state plan. Sections 35 to 37 are effective January 1, 1994. Upon federal approval of payment under the home- and community-based waiver provisions for room and board costs in addition to the MSA equivalent rate, the commissioner shall transfer anticipated group residential housing expenditures to the medical assistance account to meet the nonfederal share requirement of funding these additional costs as home- and community-based services. COMMUNITY MENTAL HEALTH AND

REGIONAL TREATMENT CENTERS ADMINISTRATION

Section 1. [245.037] [LEASES FOR REGIONAL TREATMENT CENTER AND STATE NURSING HOME PROPERTY.]

Notwithstanding any law to the contrary, money collected as rent under section 16B.24, subdivision 5, for state property at any of the regional treatment centers or state nursing home facilities administered by the

commissioner of human services is dedicated to the regional treatment center or state nursing home from which it is generated. Any balance remaining at the end of the fiscal year shall not cancel and is available until expended.

Sec. 2. Minnesota Statutes 1992, section 245.464, subdivision 1, is amended to read:

Subdivision 1. [COORDINATION.] The commissioner shall supervise the development and coordination of locally available adult mental health services by the county boards in a manner consistent with sections 245.461 to 245.486. The commissioner shall coordinate locally available services with those services available from the regional treatment center serving the area *including state-operated services offered at sites outside of the regional treatment centers.* The commissioner shall review the adult mental health component of the community social services plan developed by county boards as specified in section 245.463 and provide technical assistance to county boards in developing and maintaining locally available mental health services. The commissioner shall monitor the county board's progress in developing its full system capacity and quality through ongoing review of the county board's adult mental health component of the community social services plan and other information as required by sections 245.461 to 245.486.

Sec. 3. Minnesota Statutes 1992, section 245.466, subdivision 1, is amended to read:

Subdivision 1. [DEVELOPMENT OF SERVICES.] The county board in each county is responsible for using all available resources to develop and coordinate a system of locally available and affordable adult mental health services. The county board may provide some or all of the mental health services and activities specified in subdivision 2 directly through a county agency or under contracts with other individuals or agencies. A county or counties may enter into an agreement with a regional treatment center under section 246.57 *or with any state facility or program as defined in section 246.50, subdivision 3,* to enable the county or counties to provide the treatment services in subdivision 2. Services provided through an agreement between a county and a regional treatment center must meet the same requirements as services from other service providers. County boards shall demonstrate their continuous progress toward full implementation of sections 245.461 to 245.486 during the period July 1, 1987, to January 1, 1990. County boards must develop fully each of the treatment services and management activities prescribed by sections 245.461 to 245.486 by January 1, 1990, according to the priorities established in section 245.464 and the adult mental health component of the community social services plan approved by the commissioner under section 245.478.

Sec. 4. Minnesota Statutes 1992, section 245.474, is amended to read:

245.474 [REGIONAL TREATMENT CENTER INPATIENT SERVICES.]

Subdivision 1. [AVAILABILITY OF REGIONAL TREATMENT CENTER INPATIENT SERVICES.] By July 1, 1987, the commissioner shall make sufficient regional treatment center inpatient services available to adults with mental illness throughout the state who need this level of care. *Inpatient services may be provided either on the regional treatment center campus or at any state facility or program as defined in section 246.50, subdivision 3.* Services must be as close to the patient's county of residence as possible. Regional treatment centers are responsible to:

- (5) facilitate appropriate discharge and referrals for follow-up mental health care in the community.

Subd. 2. [QUALITY OF SERVICE.] The commissioner shall biennially determine the needs of all adults with mental illness who are served by regional treatment centers *or at any state facility or program as defined in section 246.50, subdivision 3*, by administering a client-based evaluation system. The client-based evaluation system must include at least the following independent measurements: behavioral development assessment; habilitation program assessment; medical needs assessment; maladaptive behavioral assessment; and vocational behavior assessment. The commissioner shall propose staff ratios to the legislature for the mental health and support units in regional treatment centers as indicated by the results of the client-based evaluation system and the types of state-operated services needed. The proposed staffing ratios shall include professional, nursing, direct care, medical, clerical, and support staff based on the client-based evaluation system. The commissioner shall recompute staffing ratios and recommendations on a biennial basis.

Subd. 3. [TRANSITION TO COMMUNITY.] Regional treatment centers must plan for and assist clients in making a transition from regional treatment centers *and other inpatient facilities or programs, as defined in section 246.50, subdivision 3*, to other community-based services. In coordination with the client's case manager, if any, regional treatment centers must also arrange for appropriate follow-up care in the community during the transition period. Before a client is discharged, the regional treatment center must notify the client's case manager, so that the case manager can monitor and coordinate the transition and arrangements for the client's appropriate follow-up care in the community.

Sec. 5. Minnesota Statutes 1992, section 245.4873, subdivision 2, is amended to read:

Subd. 2. [STATE LEVEL; COORDINATION.] *The state coordinating council consists of the commissioners or designees of commissioners of the departments of human services, health, education, state planning, and corrections, and a representative of the Minnesota district judges association juvenile committee, in conjunction with the commissioner of commerce or a designee of the commissioner, and the director or a designee of the director of the office of strategic and long range planning. (3) identify barriers including policies and procedures within all agencies represented that interfere with delivery of mental health services for children;

(4) recommend policy and procedural changes needed to improve development and delivery of mental health services for children in the agency or agencies they represent;

(5) identify mechanisms for better use of federal and state funding in the delivery of mental health services for children; and

(6) until February 15, 1992, prepare an annual report on the policy and procedural changes needed to implement a coordinated, effective, and cost-efficient children's mental health delivery system.

This report shall be submitted to the legislature and the state mental health advisory council annually as part of the report required under section 245.487, subdivision 4. The report shall include information from each department represented on:

(1) the number of children in each department's system who require mental health services;

(2) the number of children in each system who receive mental health services;

(3) how mental health services for children are funded within each system;

(4) how mental health services for children could be coordinated to provide more effectively appropriate mental health services for children; and

(5) recommendations for the provision of early screening and identification of mental illness in each system perform the duties required under sections 245.494 to 245.496.

Sec. 6. [245.491] [CITATION; DECLARATION OF PURPOSE.]

Subdivision 1. [CITATION.] Sections 245.491 to 245.496 may be cited as "the children's mental health integrated fund."

Subd. 2. [PURPOSE.] The legislature finds that children with emotional or behavioral disturbances or who are at risk of suffering such disturbances often require services from multiple service systems including mental health, social services, education, corrections, juvenile court, health, and jobs and training. In order to better meet the needs of these children, it is the intent of the legislature to establish an integrated children's mental health service system that:

(1) allows local service decision makers to draw funding from a single local source so that funds follow clients and eliminates the need to match clients, funds, services, and provider eligibilities;

(2) creates a local pool of state, local, and private funds to procure a greater medical assistance federal financial participation;

(3) improves the efficiency of use of existing resources;

(4) minimizes or eliminates the incentives for cost and risk shifting; and

(5) increases the incentives for earlier identification and intervention.

The children's mental health integrated fund established under sections 245.491 to 245.496 must be used to develop and support this integrated mental health service system. In developing this integrated service system, it is not the intent of the legislature to limit any rights available to children and their families through existing federal and state laws.

Sec. 7. [245.492] [DEFINITIONS.]

Subdivision 1. [DEFINITIONS.] The definitions in this section apply to sections 245.491 to 245.496.

In subsequent years, base level funding may be adjusted to reflect decreases in the numbers of children in the target population.

Subd. 3. [CHILDREN WITH EMOTIONAL OR BEHAVIORAL DISTURBANCES.] "Children with emotional or behavioral disturbances" includes children with emotional disturbances as defined in section 245.4871, subdivision 15, and children with emotional or behavioral disorders as defined in Minnesota Rules, part 3525.1329, subpart 1.

[MULTIAGENCY PLAN OF CARE.] “Multiagency plan of care” means a written plan of intervention and integrated services developed by a multiagency team in conjunction with the child and family based on their unique strengths and needs as determined by a multiagency assessment. The plan must outline measurable client outcomes and specific services needed to attain these outcomes, the agencies responsible for providing the specified services, funding responsibilities, timelines, the judicial or administrative procedures needed to implement the plan of care, the agencies responsible for initiating these procedures, and designate one person with lead responsibility for overseeing implementation of the plan.

Subd. 16. [RESPITE CARE.] "Respite care" is planned routine care to support the continued residence of a child with emotional or behavioral disturbance with the child's family or long-term primary caretaker.

Subd. 17. [SERVICE DELIVERY AREA.] "Service delivery area" means the geographic area to be served by the local children's mental health collaborative and must include at a minimum a part of a county and school district or a special education cooperative.

(1) multiagency service coordination and wraparound services; or

(2) informal coordination of traditional mental health services provided on a temporary basis.

Sec. 8. [245.493] [LOCAL LEVEL COORDINATION.]

Subdivision 1. [REQUIREMENTS TO QUALIFY AS A LOCAL CHILDREN'S MENTAL HEALTH COLLABORATIVE.] In order to qualify as a local children's mental health collaborative and be eligible to receive start-up funds, the representatives of the local system of care, or at a minimum one county, one school district or special education cooperative, and one mental health entity must agree to the following:

(4) in consultation with the local children's advisory council and the local coordinating council, if it is not the local children's mental health collaborative, design, develop, and ensure implementation of an integrated service system and develop interagency agreements necessary to implement the system;

(5) expand membership to include representatives of other services in the local system of care;

(6) develop mechanisms for integrating funds to either expand the initial target population or expand services to the target population;

(7) create or designate a management structure for fiscal and clinical responsibility, data collection, outcome evaluation, and information flow;

(8) develop mechanisms for quality assurance, outcome management, and appeals;

(9) involve the family, and where appropriate the individual child, in developing multiagency service plans to the extent required in sections 120.17, subdivision 3a; 245.4871, subdivision 21; 245.4881, subdivision 4; 253B.03, subdivision 7; 257.071, subdivision 1; and 260.191, subdivision 1e;

(iii) provide the commissioner of human services with data consistent with that collected under sections 245.487 to 245.4888; and

(3) gather data needed to manage mental health care including evaluation data and data necessary to establish a separate capitation rate for children's mental health services if that option is selected;

(4) by January 1, 1994, develop a model contract for providers of mental health managed care that meets the requirements set out in sections 245.491 to 245.496 and 256B.69, and utilize this contract for all subsequent awards, and before January 1, 1995, the commissioner of human services shall not enter into or extend any contract under section 256B.69 that would impede the implementation of sections 245.491 to 245.496;

Subd. 4. [RULEMAKING.] The commissioners of human services, health, corrections, and the state board of education shall adopt or amend rules as necessary to implement sections 245.491 to 245.496.

Subd. 5. [REPORT.] By January 15, 1994, the commissioner shall report to the legislature the extent to which claims for federal reimbursement for case management as set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322 as they pertain to mental health case management are consistent with the number of children eligible to receive this service. The report shall also identify how the commissioner intends to increase the numbers of eligible children receiving this service, including recommendations for modifying rules or statutes to improve access to this service and to reduce barriers to its provision.

In developing these recommendations, the commissioner shall:

(1) review experience and consider alternatives to the reporting and claiming requirements, such as the rate of reimbursement, the claiming unit of time, and documenting and reporting procedures set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322 as they pertain to mental health case management;

(2) consider experience gained from implementation of child welfare targeted case management;

(3) determine how to adjust the reimbursement rate to reflect reductions in caseload size;

(4) determine how to ensure that provision of targeted child welfare case management does not preclude an eligible child's right, or limit access, to case management services for children with severe emotional disturbance as set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322 as they pertain to mental health case management;

(5) determine how to include cost and time data collection for contracted providers for rate setting, claims, and reimbursement purposes;

(6) evaluate the need for cost control measures where there is no county share; and

(7) determine how multiagency teams may share the reimbursement.

The commissioner shall conduct a study of the cost of county staff providing case management services under Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322 as they pertain to mental health case management. If the average cost of providing case management services to children with severe emotional disturbance is determined by the commissioner to be greater than the average cost of providing child welfare targeted case management, the commissioner shall insure that a higher reimbursement rate is provided for case management services under Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322 to children with severe emotional disturbance. The total medical assistance funds expended for this service in the biennium ending in state fiscal year 1995 shall not exceed the amount projected in the state Medicaid forecast for case management for children with serious emotional disturbances.

Sec. 11. [245.495] [ADDITIONAL FEDERAL REVENUES.]

(a) Each local children's mental health collaborative shall report expenditures eligible for federal reimbursement in a manner prescribed by the commissioner of human services under section 256.01, subdivision 2, clause (17). The commissioner of human services shall pay all funds earned by each local children's mental health collaborative to the collaborative. Each local children's mental health collaborative must use these funds to expand the initial target population or to develop or provide mental health services through the local integrated service system to children in the target population. Funds may not be used to supplant funding for services to children in the target population.

For purposes of this section, "mental health services" are community-based, nonresidential services, which may include respite care, that are identified in the child's multiagency plan of care.

(b) The commissioner may set aside a portion of the federal funds earned under this section to repay the special revenue maximization account under section 256.01, subdivision 2, clause (15). The set-aside must not exceed five percent of the federal reimbursement earned by collaboratives and repayment is limited to:

(1) the costs of developing and implementing sections 245.491 to 245.496, including the costs of technical assistance from the departments of human services, education, health, and corrections to implement the children's mental health integrated fund;

(2) programming the information systems; and

(3) any lost federal revenue for the central office claim directly caused by the implementation of these sections.

(c) Any unexpected funds from the set-aside described in paragraph (b) shall be distributed to counties according to section 245.495, subdivision 2.

If the number of applications received exceed the number of local children's mental health collaboratives that can be funded, the funds must be geographically distributed across the state and balanced between the seven county metro area and the rest of the state. Preference must be given to collaboratives that include the juvenile court and correctional systems, multiple school districts, or other multiple government entities from the local system of care. In rural areas, preference must also be given to local children's mental health collaboratives that include multiple counties. Within 60 days of receiving the local collaborative proposal the state coordinating council must review the proposal and notify the local children's mental health collaborative as to whether or not the proposal has been approved. If the proposal is not approved, the state coordinating council must indicate changes needed to receive approval.

ARTICLE 9

FAMILY SERVICES COLLABORATIVE

Section 1. [256F.10] [FAMILY SERVICES COLLABORATIVE.]

Subdivision 1. [FEDERAL REVENUE ENHANCEMENT.] (a) [DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.] The commissioner of human services may enter into an agreement with one or more family services collaboratives to enhance federal reimbursement under Title IV-E of the Social Security Act and federal administrative reimbursement under Title XIX of the Social Security Act. The commissioner shall have the following authority and responsibilities regarding family services collaboratives:

(1) *the commissioner shall submit amendments to state plans and seek waivers as necessary to implement the provisions of this section;*

(2) *the commissioner shall pay the federal reimbursement earned under this subdivision to each collaborative based on their earnings. Notwithstanding section 256.025, subdivision 2, payments to collaboratives for expenditures under this subdivision will only be made of federal earnings from services provided by the collaborative;*

(3) *the commissioner shall review expenditures of family services collaboratives using reports specified in the agreement with the collaborative to ensure that the base level of expenditures is continued and new federal reimbursement is used to expand education, social, health, or health-related services to young children and their families;*

(4) *the commissioner may reduce, suspend, or eliminate a family services collaborative's obligations to continue the base level of expenditures or expansion of services if the commissioner determines that one or more of the following conditions apply:*

(i) *imposition of levy limits that significantly reduce available funds for social, health, or health-related services to families and children;*

(ii) *reduction in the net tax capacity of the taxable property eligible to be taxed by the lead county or subcontractor that significantly reduces available funds for education, social, health, or health-related services to families and children;*

(iii) *reduction in the number of children under age 19 in the county, collaborative service delivery area, subcontractor's district, or catchment area when compared to the number in the base year using the most recent data provided by the state demographer's office; or*

(iv) *termination of the federal revenue earned under the family services collaborative agreement;*

(5) *the commissioner shall not use the federal reimbursement earned under this subdivision in determining the allocation or distribution of other funds to counties or collaboratives;*

(6) *the commissioner may suspend, reduce, or terminate the federal reimbursement to a provider that does not meet the reporting or other requirements of this subdivision;*

(7) *the commissioner shall recover from the family services collaborative any federal fiscal disallowances or sanctions for audit exceptions directly attributable to the family services collaborative's actions in the integrated fund, or the proportional share if federal fiscal disallowances or sanctions are based on a statewide random sample; and*

(8) *the commissioner shall establish criteria for the family services collaborative for the accounting and financial management system that will support claims for federal reimbursement.*

(b) [FAMILY SERVICES COLLABORATIVE RESPONSIBILITIES.] *The family services collaborative shall have the following authority and responsibilities regarding federal revenue enhancement:*

(1) *the family services collaborative shall be the party with which the commissioner contracts. A lead county shall be designated as the fiscal agency for reporting, claiming, and receiving payments;*

(2) the family services collaboratives may enter into subcontracts with other counties, school districts, special education cooperatives, municipalities, and other public and nonprofit entities for purposes of identifying and claiming eligible expenditures to enhance federal reimbursement, or to expand education, social, health, or health-related services to families and children;

(3) the family services collaborative must continue the base level of expenditures for education, social, health, or health-related services to families and children from any state, county, federal, or other public or private funding source which, in the absence of the new federal reimbursement earned under this subdivision, would have been available for those services, except as provided in subdivision 1, clause (4). The base year for purposes of this subdivision shall be the four-quarter calendar year ending at least two calendar quarters before the first calendar quarter in which the new federal reimbursement is earned;

(4) the family services collaborative must use all new federal reimbursement resulting from federal revenue enhancement to expand expenditures for education, social, health, or health-related services to families and children beyond the base level, except as provided in subdivision 1, clause (4);

(5) the family services collaborative must ensure that expenditures submitted for federal reimbursement are not made from federal funds or funds used to match other federal funds. Notwithstanding section 256B.19, subdivision 1, for the purposes of family services collaborative expenditures under agreement with the department, the nonfederal share of costs shall be provided by the family services collaborative from sources other than federal funds or funds used to match other federal funds;

(6) the family services collaborative must develop and maintain an accounting and financial management system adequate to support all claims for federal reimbursement, including a clear audit trail and any provisions specified in the agreement; and

(7) the family services collaborative shall submit an annual report to the commissioner as specified in the agreement.

Subd. 2: [AGREEMENTS WITH FAMILY SERVICES COLLABORATIVES.] At a minimum, the agreement between the commissioner and the family services collaborative shall include the following provisions:

(1) specific documentation of the expenditures eligible for federal reimbursement;

(2) the process for developing and submitting claims to the commissioner;

(3) specific identification of the education, social, health, or health-related services to families and children which are to be expanded with the federal reimbursement;

(4) reporting and review procedures ensuring that the family services collaborative must continue the base level of expenditures for the education, social, health, or health-related services for families and children as specified in subdivision 2, clause (3);

(5) reporting and review procedures to ensure that federal revenue earned under this section is spent specifically to expand education, social, health, or health-related services for families and children as specified in subdivision 2, clause (4);

(6) the period of time, not to exceed three years, governing the terms of the agreement and provisions for amendments to, and renewal of the agreement; and

(7) an annual report prepared by the family services collaborative.

Subd 3. [REQUEST FOR WAIVER OF RULES.] (a) A family services collaborative, or any other local collaborative entity, including those in Becker, Cass, and Ramsey counties, is encouraged to seek a waiver from any state or federal rule that impedes the implementation or effectiveness of the services provided by the collaborative. If the board or commissioner who adopted the state rule from which a waiver is requested approves a request for a waiver, it shall notify the family services collaborative and the interagency family services team of the approval. If the request for a waiver is denied, the board or commissioner who adopted the rule shall notify the family services collaborative, the interagency family services team, and the appropriate policy committees of the legislature of the reason for denying the waiver.

(b) A family services collaborative seeking a waiver from a federal rule shall submit a request, in writing, to the appropriate policy committees of the legislature. If the legislative committees approve the request, they shall direct the appropriate state agency to make a reasonable effort to negotiate a waiver of the federal rule. If the legislative committees deny the request for a waiver, they shall jointly notify the family services collaborative of the reason for denying the waiver."

GENERAL ORDERS

The Senate resolved itself into a Committee of the Whole, with Mr. Kelly in the chair.

After some time spent therein, the committee arose, and Mr. Kelly reported that the committee had considered the following:

S.F. Nos. 1368, 167, 672, 653 and H.F. Nos. 846, 576, 670, which the committee recommends to pass.

H.F. No. 661, which the committee recommends to pass with the following amendment offered by Mr. Sams:

Mr. Sams moved to amend H.F. No. 661, the unofficial engrossment, as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 13.99, is amended by adding a subdivision to read:

Subd. 8a. [DAIRY TRADE PRACTICES.] Certain information obtained by the commissioner of agriculture on dairy marketers or retailers is classified in section 7.

Sec. 2. Minnesota Statutes 1992, section 17.983, subdivision 1, is amended to read:

Subdivision 1. [ADMINISTRATIVE PENALTIES; CITATION.] If a person has violated chapter 29, 31, 31A, 32, or 34, the commissioner may issue a written citation to the person by personal service or by certified mail. The citation shall describe the nature of the violation and the statute or rule alleged to have been violated; state the time for correction; and the amount of any proposed fine. The citation must advise the person to notify the commissioner in writing within 30 days if the person wishes to appeal the citation. If the person fails to appeal the citation, the citation is the final order and not subject to further review.

Sec. 3. Minnesota Statutes 1992, section 17.984, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] To carry out the commissioner's enforcement duties under chapter 29, 31, 31A, 32, or 34, the commissioner may, upon presenting appropriate credentials, during regular working hours and at other reasonable times, inspect premises subject to the commissioner's enforcement and licensing authority for reasons related to the commissioner's enforcement and licensing authority; request information from persons with information relevant to an inspection; and inspect relevant papers and records, including business records. The commissioner may issue notices in lieu of citations for minor violations if a notice is in the public interest.

Sec. 4. Minnesota Statutes 1992, section 32.394, subdivision 8d, is amended to read:

Subd. 8d. [PROCESSOR ASSESSMENT.] (a) A manufacturer shall pay to the commissioner a fee for fluid milk processed and milk used in the manufacture of fluid milk products sold for retail sale in Minnesota. Beginning ~~July May 1, 1991~~ 1993, the fee is five six cents per hundredweight. If the commissioner determines that a different fee, not exceeding less than five cents and not more than nine cents per hundredweight, when combined with general fund appropriations and fees charged under sections 31.39 and 32.394, subdivision 8, is needed to provide adequate funding for the Grades A and B inspection programs and the administration and enforcement of this act, the commissioner may, by rule, change the fee on processors within the range provided within this subdivision.

(b) Processors must report quantities of milk processed under paragraph (a) on forms provided by the commissioner. Processor fees must be paid monthly. The commissioner may require the production of records as necessary to determine compliance with this subdivision.

Sec. 5. Minnesota Statutes 1992, section 32.394, subdivision 9, is amended to read:

Subd. 9. [PAYMENTS; REFUNDS; DISPOSITION.] Fees are payable by a processor or marketing organization by July 1 of each year for Grade A, and by January 1 of each year for manufacturing grade, and if not paid within 30 days of the due date, the service must be discontinued, and permission to market manufacturing grade or Grade A milk or milk products or use the Grade A label must be withdrawn. A processor may terminate payment and service without loss of the Grade A label if written notice of that intention is given prior to the due date of the payment of an assessment and if the continuous inspection of the plant is assumed by a city whose milk control ordinance is substantially equivalent to Minnesota law and rule and is enforced with equal effectiveness. If a farm discontinues the production of milk within six months of the billing date, a request for a refund based on inspection services not received may be made by the processor or by the marketing organization on behalf of its patrons. This request must be made in writing by July 1 for manufacturing grade, or by December 31 for Grade A, and on approval by the commissioner refunds must be made to the processor or marketing organization.

The fees for services performed by the activities of this section must be deposited in the state treasury and constitute a separate account to be known as the milk inspection service dairy services account, which is hereby created,

set aside, and appropriated as a revolving fund to be used to help to defray the cost of administration, refunds and expenses of the preliminary and continuous milk inspection services and is in addition to and not in substitution for the sums appropriated or otherwise made available for this purpose to the department of agriculture.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 231.01, is amended by adding a subdivision to read:

Subd. 9. [HOUSEHOLD GOODS.] “Household goods” means:

(a) personal effects and property used or to be used in a dwelling if it is part of the equipment or supply of the dwelling.

(b) furniture, fixtures, equipment, and the property of business places and institutions, public or private, when a part of the stock, equipment, supplies, or property of such establishments. It does not mean the storage of property of a business concern in the usual course of its business activities.

(c) articles which, because of their unusual nature or value, require specialized handling and equipment customarily employed in moving household goods.

Sec. 2. Minnesota Statutes 1992, section 231.11, is amended to read:

231.11 [SCHEDULE OF RATES; *STORING HOUSEHOLD GOODS.*]

In order to insure nondiscriminatory rates and charges for all depositors of household goods, the commissioner shall establish a collective rate-making procedure which will insure the publication and maintenance of just and

reasonable rates and charges under uniform, reasonably related rate structures. These procedures shall provide for the joint consideration, initiation, and establishment of rates and charges, and shall assure that the respective revenues and expenses of warehouse operators engaged in warehouse services for household goods are ascertained. Any participating warehouse operator party to a collectively mandated rate or charge has the right to petition the commissioner for the establishment of a rate or charge which deviates from the collectively set rate. Upon receiving the commissioner's approval, that warehouse operator may proceed to establish the requested rate or charge. All warehouse operators subject to rate regulation under this chapter must comply with the commissioner's rate-making procedures. No warehouse operator shall undertake to perform any service, or store any household goods, wares, or merchandise, until a schedule of rates has been filed and published in accordance with this chapter. In case of emergency, however, a service or storage not specifically covered by the schedules filed, may be performed or furnished at a reasonable rate, which must then be promptly filed, and which is subject to review in accordance with this chapter.

Sec. 3. Minnesota Statutes 1992, section 231.12, is amended to read:

231.12 [CHANGE OF RATES; *STORING HOUSEHOLD GOODS.*]

Unless the department otherwise orders, no warehouse operator storing household goods may change any rate except after ten days' notice to the department and to the public pursuant to this section. Notice shall be given by filing with the department and keeping open for public inspection new schedules or supplements stating plainly the changes to be made in the schedules then in force and the time when the changes will go into effect. The department for good cause shown, may, after hearing, allow changes without requiring the ten days' notice by an order specifying the changes to be made, the time when they shall take effect, and the manner in which they shall be filed and published.

Sec. 4. Minnesota Statutes 1992, section 231.13, is amended to read:

231.13 [CHARGING MORE OR LESS THAN THE PUBLISHED RATE; *STORING HOUSEHOLD GOODS.*]

Except as specified in sections 231.11 and 231.12, no warehouse operator storing household goods shall have, demand, collect, or receive, a greater or less or different compensation for any service rendered or for storing any household goods, wares, or merchandise than the rates applicable to such service or storage, as specified in the schedules of rates on file with the commissioner and in effect at the time.

When a warehouse operator shall have had household goods in store for such a period that the storage charges thereon accumulated are more than such household goods would bring at a forced sale, the department, upon written application and proof thereof, may authorize such warehouse operator to compromise such charges for a sum not less than the amount which such household goods would bring at such forced sale.

Sec. 5. Minnesota Statutes 1992, section 231.14, is amended to read:

231.14 [DISCRIMINATION IN RATES; *STORING HOUSEHOLD GOODS.*]

Except as herein otherwise specified, no warehouse operator *storing household goods*, or any officer, agent, or employee thereof, shall, directly or indirectly, by remittance, rebate, or any device, inducement, or other means, suffer or permit any corporation or person to obtain any service, or the storage of any *household goods, wares, or merchandise*, at less than the rates then established and in force as shown by the schedule of rates filed and in effect at the time. No person or corporation shall, directly or indirectly, by any device, inducement, or means, either with or without the consent or connivance of a warehouse operator *storing household goods*, or any of the officers, agents, or employees thereof, obtain, or seek to obtain, any service, or the storage of any *household goods, wares, or merchandise*, at less than the rates then established and in force therefor. Any warehouse operator *storing household goods*, or the officers, agents, or employees thereof, or any person acting for or employed by it, or transacting business with it, or any other person, who shall violate any provision of this section, shall be guilty of a gross misdemeanor; and, upon conviction, subject to imprisonment not exceeding one year or to a fine not exceeding \$3,000, or both.

Sec. 6. Minnesota Statutes 1992, section 231.17, is amended to read:

231.17 [BONDS OF WAREHOUSE OPERATORS.]

Every warehouse operator applying for and receiving a license from the department, as provided for in this chapter, shall file with the department, acceptable to the department, a surety bond to the state of Minnesota. Such bonds shall be in an amount to be determined by the department as reasonable for the applicant but shall not be less than \$10,000 and.

The commissioner shall, after a study of the existing bonding structure and after consultation with the warehousing industry, adopt rules for bonding. The rules must be adopted by April 1, 1994.

The bond shall be conditioned for the faithful discharge of all duties as a warehouse operator operating under this chapter, and full compliance with the laws of the state and rules and orders of the department relative thereto. Failure to maintain the bond as required shall void the license.

The bond must be continuous until canceled. To cancel a bond, the surety must provide 90 days' written notice of the bond's termination date to the licensee and the department.

In lieu of the bond required by this section, the applicant may deposit with the state treasurer cash; a certified check; a cashier's check; a postal, bank, or express money order; assignable bonds or notes of the United States; or an assignment of bank savings account or investment certificate or an irrevocable bank letter of credit as defined in section 336.5-103, in the same amount as would be required for a bond.

Sec. 7. Minnesota Statutes 1992, section 231.18, is amended to read:

231.18 [PROCEEDINGS BEFORE THE DEPARTMENT; HOW COMMENCED CLAIMS AGAINST A BOND.]

Proceedings before the department against any warehouse operator shall be instituted by complaint, verified as pleadings in a civil action, stating in ordinary language the facts constituting the alleged omission or offense. The parties to such proceeding shall be termed, respectively, complainant and respondent. Subdivision 1. [FILING A CLAIM.] A depositor claiming to be

damaged by the breach of an agreement to store general merchandise and household goods must file a claim with the department within 180 days of the date of breach.

Subd. 2. [FORM OF CLAIM.] All claims must be in writing, must state the facts upon which the claim is based, must include any supporting evidence, and must be signed by the claimant. The supporting evidence may consist of, but is not limited to, a bill of lading, a warehouse receipt, a contract form, correspondence, or photographs.

Subd. 3. [WHERE TO FILE.] All claims must be filed at the following address: Minnesota Department of Agriculture, Grain Licensing and Auditing Division, 316 Grain Exchange Building, Minneapolis, Minnesota 55415.

Subd. 4. [BOND LIMITATIONS.] The bonds are not cumulative from one year to the next. A claim against the bond may only be made against the bond in effect at the time the agreement is breached. A bond is not liable for claims filed after 180 days from the date of the breach of the bond.

Subd. 5. [PUBLIC NOTICE OF A CLAIM.] Upon determining that a depositor has filed a valid claim, the department shall publish notice of the claim in the official county newspaper of the county in which the licensee's place of business is located.

The notice must state that a claim against the bond of a licensee has been filed with the department, the name and address of the licensee; that any additional claims should be filed with the department, the bond disbursement date, and where the claims should be filed.

The public notice of the claim must appear for three consecutive days in newspapers with a daily circulation and for two consecutive publications in newspapers published less than daily.

Subd. 6. [BOND DISBURSEMENT.] (a) Upon expiration of the claim filing period, the department shall promptly determine the validity of all claims filed and notify the claimants of the determination. An aggrieved party may appeal the department's determination by requesting, within 15 days, that the department initiate a contested case proceeding. In the absence of such a request, or following the issuance of a final order in a contested case, the surety company shall issue payment promptly to those claimants entitled to payment.

(b) If a warehouse operator has become liable to more than one depositor by reason of breaches of the conditions of the bond and the amount of the bond is insufficient to pay the entire liability to all depositors entitled to the protection of the bond, the proceeds of the bond shall be apportioned among the bona fide claimants.

Sec. 2. Minnesota Statutes 1992, section 124.2131, subdivision 1, is amended to read:

Subdivision 1. [~~ADJUSTED GROSS TAX CAPACITY; ADJUSTED NET TAX CAPACITY.~~] (a) [~~COMPUTATION.~~] The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine ~~an aggregate equalized gross tax capacity and an aggregate equalized net tax capacity~~ for the various classes of taxable property in each school district, which tax capacity shall be designated as ~~the adjusted gross tax capacity and the adjusted net tax capacity, respectively.~~ *The adjusted net tax capacities shall be determined using the net tax capacity percentages in effect for the assessment year following the assessment year of the study. The department of revenue shall make whatever estimates are necessary to the property value data to accommodate changes in the classification scheme.* The department of revenue may incur the expense necessary to make the determinations. The commissioner of revenue may reimburse any county or governmental official for requested services performed in ascertaining ~~the adjusted gross tax capacity and the adjusted net tax capacity.~~ On or before March 15 annually, the department of revenue shall file with the chair of the tax committee of the house of representatives and the chair of the committee on taxes and tax laws of the senate a report of ~~adjusted gross tax capacities and adjusted net tax capacities.~~ On or before April 15 annually, the department of revenue shall file its final report on the ~~adjusted gross tax capacities and adjusted net tax capacities~~ established by the previous year's ~~assessment assessments and the current year's net tax capacity percentages~~ with the commissioner of education and each county auditor for those school districts for which the auditor has the responsibility for determination of local tax rates. A copy of the report so filed shall be mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which each district is located.

(b) [~~METHODOLOGY.~~] In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general meth-

odology with specific procedures necessary for execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedure act. For purposes of this section, section 270.12, subdivision 2, clause (8), and section 278.05, subdivision 4, the commissioner of revenue shall exclude from the assessment/sales ratio study the sale of any nonagricultural property which does not contain an improvement, if (1) the statutory basis on which the property's taxable value as most recently assessed is less than market value as defined in section 273.11, or (2) the property has undergone significant physical change or a change of use since the most recent assessment.

(c) [AGRICULTURAL LANDS.] For purposes of determining the ~~adjusted gross tax capacity and~~ adjusted net tax capacity of agricultural lands for the calculation of ~~adjusted gross tax capacities and~~ adjusted net tax capacities, the market value of agricultural lands shall be the price for which the property would sell in an arms length transaction.

(d) [FORCED SALES.] The commissioner may include forced sales in the assessment/sales ratio studies if it is determined by the commissioner that these forced sales indicate true market value.

(e) [STIPULATED VALUES.] *The estimated market value to be used in calculating sales ratios shall be the value established by the assessor before any stipulations resulting from appeals by property owners.*

(f) [SALES OF INDUSTRIAL PROPERTY.] *Separate sales ratios shall be calculated for commercial property and for industrial property. These two classes shall be combined only in jurisdictions in which there is not an adequate sample of sales in each class.*

An exemption under this clause remains in effect for taxes levied in each year or partial year of the term of its permanent financing.

(26) Real and personal property that is owned or leased and operated by a nonprofit organization that is exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1992, and is primarily used to provide recreational opportunities for disabled veterans and their families.

Sec. 9. Minnesota Statutes 1992, section 272.02, subdivision 4, is amended to read:

Subd. 4. [CONVERSION TO EXEMPT OR TAXABLE USES:] (a) Any property exempt from taxation on January 2 of any year which, due to sale or other reason, loses its exemption prior to July 1 of any year, shall be placed on the current assessment rolls for that year.

The classification shall be based upon the use to which the property was put by the purchaser, or in the event the purchaser has not utilized the property by July 1, the intended use of the property, determined by the county assessor, based upon all relevant facts.

(b) Property subject to tax on January 2 that is acquired by a governmental entity, institution of public charity, church, or educational institution before July 1 of the year is exempt for that assessment year if (1) the property is to be used for an exempt purpose under subdivision 1, clauses (1) to (7), and (2) the property is not subject to the filing requirement under section 272.025.

Sec. 10. Minnesota Statutes 1992, section 272.115, subdivision 1, is amended to read:

Contract for deeds are subject to recording under section 507.235, subdivision 1. Value shall, in the case of any deed not a gift, be the amount of the full actual consideration thereof, paid or to be paid, including the amount of any

lien or liens assumed. The certificate of value shall include the classification to which the property belongs for the purpose of determining the fair market value of the property. The certificate shall include financing terms and conditions of the sale which are necessary to determine the actual, present value of the sale price for purposes of the sales ratio study. The commissioner of revenue shall promulgate administrative rules specifying the financing terms and conditions which must be included on the certificate.

Sec. 11. Minnesota Statutes 1992, section 272.115, subdivision 4, is amended to read:

Subd. 4. No real estate sold or transferred on or after January 1, 1993, under subdivision 4a / shall be classified as a homestead, unless a certificate of value has been filed with the county auditor in accordance with this section.

This subdivision shall apply to any real estate taxes that are payable the year or years following the sale or transfer of the property.

Sec. 12. Minnesota Statutes 1992, section 273.061, subdivision 8, is amended to read:

Subd. 8. [POWERS AND DUTIES.] The county assessor shall have the following powers and duties:

(1) To call upon and confer with the township and city assessors in the county, and advise and give them the necessary instructions and directions as to their duties under the laws of this state, to the end that a uniform assessment of all real property in the county will be attained.

(2) To assist and instruct the local assessors in the preparation and proper use of land maps and record cards, in the property classification of real and personal property, and in the determination of proper standards of value.

(3) To keep the local assessors in the county advised of all changes in assessment laws and all instructions which the assessor receives from the commissioner of revenue relating to their duties.

(4) To have authority to require the attendance of groups of local assessors at sectional meetings called by the assessor for the purpose of giving them further assistance and instruction as to their duties.

(5) To immediately commence the preparation of a large scale topographical land map of the county, in such form as may be prescribed by the commissioner of revenue, showing thereon the location of all railroads, highways and roads, bridges, rivers and lakes, swamp areas, wooded tracts, stony ridges and other features which might affect the value of the land. Appropriate symbols shall be used to indicate the best, the fair, and the poor land of the county. For use in connection with the topographical land map, the assessor shall prepare and keep available in the assessor's office tables showing fair average minimum and maximum market values per acre of cultivated, meadow, pasture, cutover, timber and waste lands of each township. The assessor shall keep the map and tables available in the office for the guidance of town assessors, boards of review, and the county board of equalization.

(6) To also prepare and keep available in the office for the guidance of town assessors, boards of review and the county board of equalization, a land valuation map of the county, in such form as may be prescribed by the commissioner of revenue. This map, which shall include the bordering tier of

townships of each county adjoining, shall show the average market value per acre, both with and without improvements, as finally equalized in the last assessment of real estate, of all land in each town or unorganized township which lies outside the corporate limits of cities.

(7) To regularly examine all conveyances of land outside the corporate limits of cities of the first and second class, filed with the county recorder of the county, and keep a file, by descriptions, of the considerations shown thereon. From the information obtained by comparing the considerations shown with the market values assessed, the assessor shall make recommendations to the county board of equalization of necessary changes in individual assessments or aggregate valuations.

(8) To prepare annually and keep available in the assessor's office for the guidance of boards of review and the county board of equalization, a table showing the market value per capita of all personal property in each assessment district in the county as finally equalized in the last previous assessment of personal property. For the guidance of the county board of equalization, the assessor shall also add to the table the market value per capita of all personal property of each assessment district for the current year as equalized by the local board of review.

(9) To become familiar with the values of the different items of personal property so as to be in a position when called upon to advise the boards of review and the county board of equalization concerning property, market values thereof.

(10) While the county board of equalization is in session, to give it every possible assistance to enable it to perform its duties. The assessor shall furnish the board with all necessary charts, tables, comparisons, and data which, it requires in its deliberations, and shall make whatever investigations the board may desire.

(11) At the request of either the board of county commissioners or the commissioner of revenue, to investigate applications for reductions of valuation and abatements and settlements of taxes, examine the real or personal property involved, and submit written reports and recommendations with respect to the applications, in such form as may be prescribed by the board of county commissioners and commissioner of revenue.

(12) To make diligent search each year for real and personal property which has been omitted from assessment in the county, and report all such omissions to the county auditor.

(13) To regularly confer with county assessors in all adjacent counties about the assessment of property in order to uniformly assess and equalize the value of similar properties and classes of property located in adjacent counties. The conference shall emphasize the assessment of agricultural and commercial and industrial property or other properties that may have an inadequate number of sales in a single county.

(14) To render such other services pertaining to the assessment of real and personal property in the county as are not inconsistent with the duties set forth in this section, and as may be required by the board of county commissioners or by the commissioner of revenue.

(15) To maintain a record, in conjunction with other county offices, of all transfers of property to assist in determining the proper classification of

property, including but not limited to transferring homestead property and name changes on homestead property.

(16) To determine if a homestead application is required due to the transfer of homestead property or an owner's name change on homestead property.

Sec. 13. Minnesota Statutes 1992, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in ~~subdivisions 6, 8, 9, 11, and 14~~ this section or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, platted property shall be assessed as provided in subdivision 14. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 14. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 1a. [LIMITED MARKET VALUE.] After determining the value of any property, the assessor shall compare that value with an average value determined under this subdivision. For taxes levied in 1993 only, the average value is the average of the values determined under subdivision 1 for taxes levied in 1992 and for taxes levied in 1993. For taxes levied in 1994 and subsequent years, the average value is the average of the values determined under subdivision 1 for taxes levied in the current year and the two preceding years. The value subject to taxation shall be the lesser of the value determined under subdivision 1, or the average value determined under this subdivision. For purposes of the assessment/sales ratio study conducted under section 124.2131, market values determined under subdivision 1 shall be used. For purposes of the computation of state aids paid under chapters 124, 124A, 273, and 477A, limited market values determined under this subdivision shall be used.

Sec. 15. Minnesota Statutes 1992, section 273.11, subdivision 5, is amended to read:

Subd. 5. [LIMITATIONS ON REVIEW OF VALUATION.] Notwithstanding any other provision of law to the contrary, the limitation contained in ~~subdivision~~ subdivisions 1 and 1a shall also apply to the authority of the local board of review as provided in section 274.01, the county board of equalization as provided in section 274.13, the state board of equalization and the commissioner of revenue as provided in sections 270.11, 270.12 and 270.16.

Sec. 16. Minnesota Statutes 1992, section 273.11, subdivision 6a, is amended to read:

Subd. 6a. [RESIDENTIAL FIRE-SAFETY SPRINKLER SYSTEMS.] For purposes of property taxation, the market value of automatic fire-safety sprinkler systems installed in existing buildings after January 1, 1992 meeting the standards of the Minnesota fire code shall be excluded from the market value of (1) existing multifamily residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence and (2) existing real estate containing four or more contiguous residential units for use by customers of the owner, such as hotels, motels, and lodging houses and (3) existing office buildings or mixed use commercial-residential buildings, in which at least one story capable of occupancy is at least 75 feet above the ground. The market value exclusion under this section shall expire if the property is sold.

Sec. 17. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 15. [VACANT HOSPITALS.] *In valuing a hospital, as defined in section 144.50, subdivision 2, that is located outside of a metropolitan county, as defined in section 473.121, subdivision 4, and that on the date of sale is vacant and not used for hospital purposes or for any other purpose, the assessor's estimated market value for taxes levied in the year of the sale shall be no greater than the sales price of the property, including both the land and the buildings, as adjusted for terms of financing. If the sale is made later than December 15, the market value as determined under this subdivision shall be used for taxes levied in the following year.*

Sec. 18. Minnesota Statutes 1992, section 273.121, is amended to read:

273.121 [VALUATION OF REAL PROPERTY, NOTICE.]

Any county assessor or city assessor having the powers of a county assessor, valuing or classifying taxable real property shall in each year notify those persons whose property is to be assessed or reclassified that year if the person's address is known to the assessor, otherwise the occupant of the property. The notice shall be in writing and shall be sent by ordinary mail at least ten days before the meeting of the local board of review or equalization. It shall contain the amount of the valuation in terms of market value, including both the market value determined under section 273.11, subdivision 1, and the limited market value determined under section 273.11, subdivision 1a, the new classification, the assessor's office address, and the dates, places, and times set for the meetings of the local board of review or equalization and the county board of equalization. If the assessment roll is not complete, the notice shall be sent by ordinary mail at least ten days prior to the date on which the board of review has adjourned. The assessor shall attach to the assessment roll a statement that the notices required by this section have been mailed. Any assessor who is not provided sufficient funds from the assessor's governing

body to provide such notices, may make application to the commissioner of revenue to finance such notices. The commissioner of revenue shall conduct an investigation and, if satisfied that the assessor does not have the necessary funds, issue a certification to the commissioner of finance of the amount necessary to provide such notices. The commissioner of finance shall issue a warrant for such amount and shall deduct such amount from any state payment to such county or municipality. The necessary funds to make such payments are hereby appropriated. Failure to receive the notice shall in no way affect the validity of the assessment, the resulting tax, the procedures of any board of review or equalization, or the enforcement of delinquent taxes by statutory means.

Sec. 19. Minnesota Statutes 1992, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, as provided in subdivision 13, of the facts upon which classification as a homestead may be determined. Notwithstanding any other law, the assessor may at any time require a homestead application to be filed in order to verify that any property classified as a homestead continues to be eligible for homestead status.

When there is a name change or a transfer of homestead property, the assessor may reclassify the property in the next assessment unless a homestead application is filed to verify that the property continues to qualify for homestead classification.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) Residential real estate that is occupied and used for purposes of a homestead by a relative of the owner is a homestead but only to the extent of the homestead treatment that would be provided if the related owner occupied the property. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, spouse, grandparent, grandchild, brother, or sister, ~~uncle, or aunt~~. This relationship may be by blood or marriage. Property that was classified as seasonal recreational residential property at the time when treatment under this paragraph would first apply shall continue to be

classified as seasonal recreational residential property for the first two ~~three~~ assessment years beginning after the date when the relative of the owner occupies the property as a homestead; this delay also applies to property that, in the absence of this paragraph, would have been classified as seasonal recreational residential property at the time when the residence was constructed. Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative. ~~In the case of a residence located on agricultural land, only the house, garage, and immediately surrounding one acre of land shall be classified as a homestead under this paragraph.~~ *Agricultural property that is classified as a homestead under this paragraph qualifies in its entirety as class 2a property, provided that this treatment is available only for one property owned by an individual and occupied by a relative of that individual.*

Sec. 20. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 6a. [PRELIMINARY APPROVAL OF LEASEHOLD COOPERATIVES.] Preliminary approval for classification as a leasehold cooperative may be granted to property when a developer proposes to construct one or more residential dwellings or buildings using funds provided by the Minnesota housing finance agency if all of the following conditions are met:

(a) The developer must present an affidavit to the county attorney and to the governing body of the municipality that includes a statement of the developer's intention to comply with all requirements in subdivision 6, and a detailed description of the plan for doing so.

(b) The commissioner of the Minnesota housing finance agency must provide the county attorney and governing body with a description of the financing and related terms the commissioner proposes to provide with respect to the project, together with an objective assessment of the likelihood that the project will comply with the requirements of subdivision 6.

(c) The county attorney must review the materials provided under paragraphs (a) and (b), and may require the developer or the Minnesota housing finance agency to provide additional information. If the county attorney determines that it is reasonably likely that the project will meet the requirements of this subdivision, the county attorney shall provide preliminary approval to treatment of the property as a leasehold cooperative.

(d) The governing body shall conduct a public hearing as provided in subdivision 6, paragraph (j), and make its preliminary findings based on the information provided by the developer and the Minnesota housing finance agency.

Upon completion of the project and creation of the leasehold cooperative, actual compliance with the requirements of this subdivision must be demonstrated, and certified by the county attorney. A second hearing by the governing body is not required.

If the county attorney finds that the homestead treatment granted pursuant to a preliminary approval under this subdivision must be revoked because the completed project failed to meet the requirements of this subdivision, the benefits of the treatment shall be recaptured. The county assessor shall determine the amount by which the tax imposed on the property was reduced because it was treated as a leasehold cooperative. The developer shall be

charged an amount equal to the tax reduction received or, if the county attorney determines that the failure to meet the requirements was due to the developer's intentional disregard of the requirements, 150 percent of the tax reduction received. The penalty must be paid to the county treasurer within 90 days after receipt of a statement from the treasurer. The proceeds of the penalty shall be distributed to the local taxing jurisdictions in proportion to the amounts of their levies on the property.

Sec. 21. Minnesota Statutes 1992, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead by ~~June~~ **June** December 1 of a year, constitutes class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor under section 273.063, in writing, ~~prior to June~~ **prior to June** by December 15 of the year of occupancy in order to qualify under this subdivision. The assessor must not deny full homestead treatment to a property that is partially homesteaded on January 2 but occupied for the purpose of a full homestead by ~~June~~ **June** December 1 of a year.

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

If homestead classification has not been requested as of December 15, the assessor will classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, may be entitled to receive homestead classification by proper application as provided in section 375.192.

The county assessor ~~shall~~ **may** publish in a newspaper of general circulation within the county ~~no later than June 1~~ **no later than June 1** of each year a notice ~~informing~~ **requesting** the public ~~of the requirement~~ to file an application for homestead ~~prior to June 15~~ **as soon as practicable after acquisition of a homestead, but no later than December 15.**

The county auditor shall publish in a newspaper of general circulation within the county no later than December 1 of each year a notice informing the public of the requirement to file an application for homestead by December 15.

Sec. 22. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 17. [PROPERTY UNDERGOING RENOVATION.] *Property that is not occupied as a homestead on the assessment date will be classified as a homestead if it meets each of the following requirements on that date:*

(a) *The structure is a single family or duplex residence.*

(b) *The property is owned by a church or an organization that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code of 1986.*

(c) The organization is in the process of renovating the property for use as a homestead by an individual or family whose income is no greater than 60 percent of the county or area gross median income, adjusted for family size, and that renovation process and conveyance for use as a homestead can reasonably be expected to be completed by the end of the calendar year.

The organization must apply to the assessor for classification under this subdivision within 30 days of its acquisition of the property, and must provide the assessor with the information necessary for the assessor to determine whether the property qualifies.

Sec. 23. Minnesota Statutes 1992, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. If the market value of the house, garage, and surrounding one acre of land is less than \$115,000, the value of the remaining land including improvements equal to the difference between \$115,000 and the market value of the house, garage, and surrounding one acre of land has a net class rate of ~~45~~ .35 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over \$115,000 of market value that does not exceed 320 acres has a net class rate of ~~43~~ 1.0 percent of market value, and a gross class rate of 2.25 percent of market value. The remaining property over the \$115,000 market value in excess of 320 acres has a class rate of ~~46~~ 1.4 percent of market value, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; ~~and~~ (2) real estate that is not improved with a structure and is used exclusively for growing trees for timber, lumber, and wood and wood products, if the owner has participated or is participating in a cost-sharing program for afforestation, reforestation, or timber stand improvement on that particular property, administered or coordinated by the commissioner of natural resources; and (3) real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of 1.6 percent of market value, except that nonhomestead agricultural land has a net class rate of 1.4 percent and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in state or federal farm programs. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products.

(d) Real estate of less than ten acres used principally for raising or cultivating agricultural products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in this subdivision includes:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections

18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(2) fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use;

(3) the commercial boarding of horses if the boarding is done in conjunction with raising or cultivating agricultural products as defined in clause (1); and

(4) property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing.

(f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 24. Minnesota Statutes 1992, section 273.13, subdivision 24, is amended to read:

Subd. 24. [CLASS 3.] (a) Commercial and industrial property and utility real and personal property, except class 5 property as identified in subdivision 31, clause (1), is class 3a. It has a class rate of ~~3-3~~ 3 percent of the first \$100,000 of market value for taxes payable in 1990, ~~3-2~~ 3-2 percent for taxes payable in 1991, ~~3-1~~ 3-1 percent for taxes payable in 1992, and three percent for taxes payable in 1993 and thereafter, and 5.06 percent of the market value over \$100,000. In the case of state-assessed commercial, industrial, and utility property owned by one person or entity, only one parcel has a reduced class rate on the first \$100,000 of market value. In the case of other commercial, industrial, and utility property owned by one person or entity, only one parcel in each county has a reduced class rate on the first \$100,000 of market value, *except that:*

(1) if the market value of the parcel is less than \$100,000, and additional parcels are owned by the same person or entity in the same city or town within that county, the reduced class rate shall be applied up to a combined total market value of \$100,000 for all parcels owned by the same person or entity in the same city or town within the county; and

(2) in the case of grain, fertilizer, and feed elevator facilities, the limitation to one parcel per owner per county for the reduced class rate shall not apply, but there shall be a limit of \$100,000 of preferential value per site of contiguous parcels owned by the same person or entity. For purposes of this subdivision, contiguous parcels include parcels separated only by a railroad or public road right-of-way.

(b) Employment property defined in section 469.166, during the period provided in section 469.170, shall constitute class 3b and has a class rate of 2.3 percent of the first \$50,000 of market value and 3.6 percent of the remainder, except that for employment property located in a border city enterprise zone designated pursuant to section 469.168, subdivision 4, paragraph (c), the class rate of the first \$100,000 of market value and the class rate of the remainder is determined under paragraph (a), unless the governing body of the city designated as an enterprise zone determines that a specific parcel shall be assessed pursuant to the first clause of this sentence. The governing body may provide for assessment under the first clause of the preceding sentence only for property which is located in an area which has been designated by the governing body for the receipt of tax reductions authorized by section 469.171, subdivision 1.

Sec. 25. Minnesota Statutes 1992, section 273.13, subdivision 25, is amended to read:

Subd. 25. [CLASS 4.] (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. Class 4a property has a class rate of ~~3.5 percent of market value for taxes payable in 1992~~, and 3.4 percent of market value for taxes payable in 1993 and thereafter.

(b) Class 4b includes:

(1) residential real estate containing less than four units, other than seasonal residential, and recreational;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4b property has a class rate of ~~2.8 percent of market value for taxes payable in 1992~~, 2.5 percent of market value for taxes payable in 1993, and 2.3 percent of market value for taxes payable in 1994 and thereafter.

(c) Class 4c property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low- and moderate-income families as defined in Title II, as amended through December 31, 1990, of the National Housing Act or the Minnesota housing finance agency law of 1971, as amended, or rules promulgated by the agency and financed by a direct federal loan or federally insured loan made pursuant to Title II of the Act; or

(ii) situated on real property that is used for housing the elderly or for low- and moderate-income families as defined by the Minnesota housing finance agency law of 1971, as amended, or rules adopted by the agency pursuant thereto and financed by a loan made by the Minnesota housing finance agency pursuant to the provisions of the act.

This clause applies only to property of a nonprofit or limited dividend entity. Property is classified as class 4c under this clause for 15 years from the date of the completion of the original construction or substantial rehabilitation, or for the original term of the loan.

(2) a structure that is:

(i) situated upon real property that is used for housing lower income families or elderly or handicapped persons, as defined in section 8 of the United States Housing Act of 1937, as amended; and

(ii) owned by an entity which has entered into a housing assistance payments contract under section 8 which provides assistance for 100 percent of the dwelling units in the structure, other than dwelling units intended for management or maintenance personnel. Property is classified as class 4c under this clause for the term of the housing assistance payments contract, including all renewals, or for the term of its permanent financing, whichever is shorter; and

(3) a qualified low-income building as defined in section 42(c)(2) of the Internal Revenue Code of 1986, as amended through December 31, 1990, that (i) receives a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1990; or (ii) meets the requirements of that section and receives public financing, except financing provided under sections 469.174 to 469.179, which contains terms restricting the rents; or (iii) meets the requirements of section 273.1317. Classification pursuant to this clause is limited to a term of 15 years.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under Laws 1991, chapter 291, article 1, section 55. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in Laws 1991, chapter 291, article 1, section 55, the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for valuation under Laws 1991, chapter 291, article 1, section 55. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. This clause applies only to the property of a nonprofit or limited dividend entity.

(4) a parcel of land, not to exceed one acre, and its improvements or a parcel of unimproved land, not to exceed one acre, if it is owned by a neighborhood real estate trust and at least 60 percent of the dwelling units, if any, on all land owned by the trust are leased to or occupied by lower income families or individuals. This clause does not apply to any portion of the land or improvements used for nonresidential purposes. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Class 4c property classified in this clause also includes the remainder of class 1c resorts. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The first \$100,000 of the market value of the remainder of the cabins or units and a proportionate share of the land on which they are located shall have a class

rate of three percent. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the second year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(7) post-secondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus; and

(8) manufactured home parks as defined in section 327.14, subdivision 3.

Class 4c property has a class rate of 2.3 percent of market value, except that (i) for each parcel of seasonal residential recreational property not used for commercial purposes under clause (5) ~~has a class rate of 2.2 percent of market value for taxes payable in 1992, and for taxes payable in 1993 and thereafter,~~ the first \$72,000 of market value on each parcel has a class rate of two percent and the market value of each parcel that exceeds \$72,000 has a class rate of 2.5 percent, and (ii) manufactured home parks assessed under clause (8) have a class rate of two percent for taxes payable in 1993 and 1994 only.

(iii) financed by a direct loan or insured loan from the Farmers Home Administration. Property is classified under this clause for 15 years from the date of the completion of the original construction or for the original term of the loan.

The class rates in paragraph (c), clauses (1), (2), and (3) and this clause apply to the properties described in them, only in proportion to occupancy of the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to January 1, 1984; or the project had been approved by the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983. For property for which application is made for 4c or 4d classification for taxes payable in 1994 and thereafter, and which was not classified 4c or 4d for taxes payable in 1993 those properties, 4c or 4d classification is available only for those units meeting the requirements of section 273.1318.

Classification under this clause is only available to property of a nonprofit or limited dividend entity.

(2) For taxes payable in 1992, 1993 and 1994, only, buildings and appurtenances, together with the land upon which they are located, leased by the occupant under the community lending model lease-purchase mortgage loan program administered by the Federal National Mortgage Association, provided the occupant's income is no greater than 60 percent of the county or area median income, adjusted for family size and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the assessor to determine qualification under this clause.

The administering agency shall verify the occupants income eligibility and certify to the county assessor that the occupant meets the income criteria under this paragraph. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. For purposes of this section, "qualifying buildings and appurtenances" shall be defined as one or two unit residential buildings which are unoccupied and have been abandoned and boarded for at least six months.

Class 4d property has a class rate of two percent of market value.

(e) Residential rental property that would otherwise be assessed as class 4 property under paragraph (a); paragraph (b); clauses (1) and (3); paragraph (c), clause (1), (2), (3), or (4), is assessed at the class rate applicable to it

under Minnesota Statutes 1988, section 273.13, if it is found to be a substandard building under section 273.1316. (b) ~~Real property that is not improved with a structure and for which there is no identifiable current use~~ must be classified according to its highest and best use permitted under the local zoning ordinance. If the ordinance permits more than one use, the land must be classified according to the highest and best use permitted under the ordinance. If no such ordinance exists, the assessor shall consider the most likely potential use of the unimproved land based upon the use made of surrounding land or land in proximity to the unimproved land.

~~(b) Real property that is not improved with a structure and is in commercial, industrial, or agricultural use under this section must be classified according to its actual use.~~

Sec. 27. Minnesota Statutes 1992, section 273.1318, subdivision 1, is amended to read:

Sec. 28. Minnesota Statutes 1992, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing

jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1992 the class rate applied to class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; the class rate applied to noncommercial seasonal recreational residential property shall be 2.25 percent; and the class rates applied to portions of class 1a, 1b, and 2a property shall be 2 percent for the market value between \$68,000 and \$110,000 and 2.5 percent for the market value over \$110,000; for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 2.65 percent; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent; and the class rate applicable to class 2b and that portion of class 2a over \$115,000 market value and in excess of 320 acres shall be 1.6 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. Any reclassification of property by Laws 1991, chapter 291, shall not be considered in determining net tax capacity for aids payable in 1992. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and

(3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(i) For purposes of calculating the homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's 1989 local tax rate; (ii) its total net tax capacity; and (iii) 0.9767.

(j) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

"Taxes levied" excludes actual amounts levied for purposes listed in subdivision 2a.

(k) "Human services aids" means:

(1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;

(2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(3) general assistance medical care under section 256D.03, subdivision 6;

(4) general assistance under section 256D.03, subdivision 2;

- (5) work readiness under section 256D.03, subdivision 2;
- (6) emergency assistance under section 256.871, subdivision 6;
- (7) Minnesota supplemental aid under section 256D.36, subdivision 1;
- (8) preadmission screening and alternative care grants;
- (9) work readiness services under section 256D.051;
- (10) case management services under section 256.736, subdivision 13;
- (11) general assistance claims processing, medical transportation and related costs; and
- (12) medical assistance, medical transportation and related costs.

(l) "Cost-of-living adjustment factor" means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

(p) "Household adjustment factor" means the number of households for the second most recent year preceding that in which the aids are payable divided by the number of households for the third most recent year. The household adjustment factor cannot be less than one.

(q) "Growth adjustment factor" means the household adjustment factor in the case of counties, cities, and towns. In the case of school districts the growth adjustment factor means the average daily membership of the school district under section 124.17, subdivision 2, for the school year ending in the second most recent year preceding that in which the aids are payable divided by the average daily membership for the third most recent year. In the case of special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(r) For aid payable in 1992 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 less any permanent aid reduction in the previous year to homestead and agricultural credit aid under section 477A.0132, plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(s) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing

jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to equalized school levies as defined in subdivision 2a.

Sec. 29. Minnesota Statutes 1992, section 273.1398, subdivision 7, is amended to read:

Subd. 7. [APPROPRIATION.] (a) An amount sufficient to pay the aids and credits provided under this section for school districts, intermediate school districts, or any group of school districts levying as a single taxing entity, except aid provided under subdivisions 4 and 5 for fiscal year 1993 only, is annually appropriated from the general fund to the commissioner of education. An amount sufficient to pay the aids and credits provided under this section for counties, cities, towns, and special taxing districts, except as provided under paragraph (b), is ~~annually~~ *annually appropriated in 1993 and 1994 from the local government trust fund and annually thereafter from the general fund* to the commissioner of revenue. A jurisdiction's aid amount may be increased or decreased based on any prior year adjustments for homestead credit or other property tax credit or aid programs.

(b) An amount sufficient to pay the aid provided under subdivision 5a is appropriated four percent from the local government trust fund and 96 percent from the general fund in fiscal year 1993 and entirely from the general fund in fiscal year 1994 and thereafter.

Sec. 30. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. *For hearings held in 1993 only, the notice must clearly state that each taxing authority holding a public meeting will present information for discussion at that meeting regarding the compensation*

paid to its employees in the current and the next succeeding budget year, and how those amounts relate to its property tax levies.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year, *including both the market value determined under section 273.11, subdivision 1, and the limited market value determined under section 273.11, subdivision 1a*; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 31. Minnesota Statutes 1992, section 275.065, subdivision 5a, is amended to read:

The council may by ordinance adopt regulations consistent with this section to make this authority effective, including, at the option of the council, provisions for collection of actual or estimated charges from the property owner or other person served before the unpaid charges are made a special assessment.

Subd. 4. If estimated charges are collected and, based upon subsequent actual costs, found to be excessive or deficient, subsequent charges shall be reduced by the excess or increased by the deficiency.

Of the members first appointed, as far as possible, the terms of one-half shall expire on the first Monday in January in the first year following their appointment and one-half the first Monday in January in the second year. The terms of those initially appointed shall be determined by lot. The amount of the reimbursement may be deducted in the next distribution of tax proceeds to the taxing jurisdiction.

Section 1. Minnesota Statutes 1992, section 290A.03, subdivision 3, is amended to read:

Subd. 3. [INCOME.] (1) "Income" means the sum of the following:

(a) federal adjusted gross income as defined in the Internal Revenue Code; and

(b) the sum of the following amounts to the extent not included in clause (a):

(i) all nontaxable income;

(ii) the amount of a passive activity loss that is not disallowed as a result of section 469; paragraph (i) or (m) of the Internal Revenue Code and the amount of passive activity loss carryover allowed under section 469(b) of the Internal Revenue Code;

(iii) an amount equal to the total of any discharge of qualified farm indebtedness of a solvent individual excluded from gross income under section 108(g) of the Internal Revenue Code;

(iv) cash public assistance and relief;

(v) any pension or annuity (including railroad retirement benefits, all payments received under the federal Social Security Act, supplemental security income, and veterans benefits), which was not exclusively funded by the claimant or spouse, or which was funded exclusively by the claimant or spouse and which funding payments were excluded from federal adjusted gross income in the years when the payments were made;

(vi) interest received from the federal or a state government or any instrumentality or political subdivision thereof;

(vii) workers' compensation;

(viii) nontaxable strike benefits;

(ix) the gross amounts of payments received in the nature of disability income or sick pay as a result of accident, sickness, or other disability, whether funded through insurance or otherwise;

(x) a lump sum distribution under section 402(e)(3) of the Internal Revenue Code;

(xi) contributions made by the claimant to an individual retirement account, including a qualified voluntary employee contribution; simplified employee pension plan; self-employed retirement plan; cash or deferred arrangement plan under section 401(k) of the Internal Revenue Code; or deferred compensation plan under section 457 of the Internal Revenue Code; and

(xii) nontaxable scholarship or fellowship grants.

In the case of an individual who files an income tax return on a fiscal year basis, the term "federal adjusted gross income" shall mean federal adjusted gross income reflected in the fiscal year ending in the calendar year. Federal adjusted gross income shall not be reduced by the amount of a net operating loss carryback or carryforward or a capital loss carryback or carryforward allowed for the year.

(2) "Income" does not include

(a) amounts excluded pursuant to the Internal Revenue Code, sections 101(a), 102, and 121;

(b) amounts of any pension or annuity which was exclusively funded by the claimant or spouse and which funding payments were not excluded from federal adjusted gross income in the years when the payments were made;

(c) surplus food or other relief in kind supplied by a governmental agency;

(d) relief granted under this chapter; or

(e) child support payments received under a temporary or final decree of dissolution or legal separation.

(3) The sum of the following amounts may be subtracted from income:

(a) for the claimant's first dependent, the exemption amount multiplied by 1.4;

(b) for the claimant's second dependent, the exemption amount multiplied by 1.3;

(c) for the claimant's third dependent, the exemption amount multiplied by 1.2;

(d) for the claimant's fourth dependent, the exemption amount multiplied by 1.1;

(e) for the claimant's fifth dependent, the exemption amount; and

(f) if the claimant or claimant's spouse was disabled or attained the age of 65 prior to June 1 on or before December 31 of the year for which the taxes were levied or rent paid, the exemption amount.

For purposes of this subdivision, the "exemption amount" means the exemption amount under section 151(d) of the Internal Revenue Code of 1986, as amended through December 31, 1991, for the taxable year for which the income is reported.

Sec. 2. Minnesota Statutes 1992, section 290A.03, subdivision 7, is amended to read:

Subd. 7. [DEPENDENT.] "Dependent" means any person who is considered a dependent under sections 151 and 152 of the Internal Revenue Code of 1986, as amended through December 31, 1991. In the case of a son, stepson, daughter, or stepdaughter of the claimant, amounts received as an aid to families with dependent children grant or allowance to or on behalf of the child, surplus food, or other relief in kind supplied by a governmental agency must not be taken into account in determining whether the child received more than half of the child's support from the claimant.

Sec. 3. Minnesota Statutes 1992, section 290A.03, subdivision 8, is amended to read:

Subd. 8. [CLAIMANT.] (a) "Claimant" means a person, other than a dependent, as defined under sections 151 and 152 of the Internal Revenue Code of 1986, as amended through December 31, 1992, disregarding section 152(b)(3) of the Internal Revenue Code, who filed a claim authorized by this chapter and who was a resident of this state as provided in chapter 290 during the calendar year for which the claim for relief was filed.

(b) In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes or payments made in lieu of ad valorem taxes, including payments of

special assessments imposed in lieu of ad valorem taxes, are payable at some time during the calendar year covered by the claim.

(c) "Claimant" shall not include a resident of a nursing home, intermediate care facility, or long-term residential facility whose rent constituting property taxes is paid pursuant to the supplemental security income program under title XVI of the Social Security Act, the Minnesota supplemental aid program under sections 256D.35 to 256D.54, the medical assistance program pursuant to title XIX of the Social Security Act, or the general assistance medical care program pursuant to section 256D.03, subdivision 3. If only a portion of the rent constituting property taxes is paid by these programs, the resident shall be a claimant for purposes of this chapter, but the refund calculated pursuant to section 290A.04 shall be multiplied by a fraction, the numerator of which is income as defined in subdivision 3, paragraphs (1) and (2), reduced by the total amount of income from the above sources other than vendor payments under the medical assistance program or the general assistance medical care program and the denominator of which is income as defined in subdivision 3, paragraphs (1) and (2), plus vendor payments under the medical assistance program or the general assistance medical care program, to determine the allowable refund pursuant to this chapter.

(d) Notwithstanding paragraph (c), if the claimant was a resident of the nursing home, intermediate care facility or long-term residential facility for only a portion of the calendar year covered by the claim, the claimant may compute rent constituting property taxes by disregarding the rent constituting property taxes from the nursing home, intermediate care facility, or long-term residential facility and use only that amount of rent constituting property taxes or property taxes payable relating to that portion of the year when the claimant was not in the facility. The claimant's household income is the income for the entire calendar year covered by the claim.

(e) In the case of a claim for rent constituting property taxes of a part-year Minnesota resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only. Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. When two individuals of a household are able to meet the qualifications for a claimant, they may determine among them as to who the claimant shall be. If they are unable to agree, the matter shall be referred to the commissioner of revenue whose decision shall be final. If a homestead property owner was a part-year Minnesota resident, the income reflected in the computation made pursuant to section 290A.04 shall be for the entire calendar year, including income not assignable to Minnesota.

(f) If a homestead is occupied by two or more renters, who are not husband and wife, the rent shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be each renter's household income for purposes of computing the amount of credit to be allowed.

Sec. 4. Minnesota Statutes 1992, section 290A.23, is amended to read:

290A.23 [APPROPRIATION.]

Subdivision 1. [RENTERS CREDIT AND TARGETING.] There is appropriated from the general fund in the state treasury to the commissioner of revenue the amount necessary to make the payments required under section 290A.04, subdivisions 2a and 2h.

(a) A board of assessors is hereby created. The board shall be for the purpose of establishing, conducting, reviewing, supervising, coordinating or approving courses in assessment practices, and establishing criteria for determining assessor's qualifications. The board shall also have authority and responsibility to consider other matters relating to assessment administration brought before it by the commissioner of revenue. The board may grant, renew, suspend, or revoke an assessor's license. The board shall consist of nine members, who shall be appointed by the commissioner of revenue, in the manner provided herein.

1. Two from the department of revenue,
2. Two county assessors,
3. Two assessors who are not county assessors, one of whom shall be a township assessor, and
4. One from the private appraisal field holding a professional appraisal designation,
5. Two public members as defined by section 214.02.

The appointment provided in 2 and 3 may be made from two lists of not less than three names each, one submitted to the commissioner of revenue by the Minnesota association of assessing officers or its successor organization containing recommendations for the appointment of appointees described in 2, and one by the Minnesota association of assessors, inc. or its successor organization containing recommendations for the appointees described in 3. The lists must be submitted 30 days before the commencement of the term. In the case of a vacancy, a new list shall be furnished to the commissioner by the respective organization immediately. A member of the board who shall no longer be engaged in the capacity listed above shall automatically be disqualified from membership in the board.

The board shall annually elect a chair and a secretary of the board.

(b) The board may refuse to grant or renew, or may suspend or revoke, a license of an applicant or licensee for any of the following causes or acts:

- (1) failure to complete required training;

(5) any other cause or act that in the board's opinion warrants a refusal to issue or suspension or revocation of a license.

(c) The board of assessors may adopt rules under chapter 14, defining or interpreting grounds for refusing to grant or renew, and for suspending or revoking a license under this section. An action of the board of assessors in refusing to grant or renew a license or in suspending or revoking a license is subject to review in accordance with chapter 14.

(d) *Any assessor, deputy assessor, assistant assessor, appraiser or other person employed by an assessment jurisdiction, or contracting with an assessment jurisdiction, for the purpose of valuing or classifying property for property tax purposes shall be prohibited from making appraisals, analyses, accepting an appraisal assignment or preparing an appraisal report as defined in section 82B.02, subdivisions 2, 3, 4, and 5, on any property within the assessment jurisdiction where the individual is employed or performing the duties of the assessor under contract. Violations of this prohibition shall result in immediate revocation of the individual's license to assess property for property tax purposes. This prohibition shall not be construed so as to prohibit an individual from carrying out any duties required for the proper assessment of property for property tax purposes.*

Sec. 2. Minnesota Statutes 1992, section 270B.12, is amended by adding a subdivision to read:

Subd. 9. [COUNTY ASSESSORS.] If, as a result of an audit, the commissioner determines that a person is a Minnesota nonresident or part-year resident for income tax purposes, the commissioner may disclose the person's name, address, and social security number to the assessor of any political subdivision in the state, when there is reason to believe that the person may have claimed or received homestead property tax benefits for a corresponding assessment year in regard to property apparently located in the assessor's jurisdiction.

the field of property taxation and appointment shall be approved by the commissioner of revenue before the same shall become effective. Upon receipt by the county commissioners of the commissioner of revenue's refusal to approve an appointment, the term of the appointee shall terminate at the end of that day. Notwithstanding any law to the contrary, a county assessor must have senior accreditation from the state board of assessors by January 1, 1992, or within two years of the assessor's first appointment under this section, whichever is later.

Sec. 4. Minnesota Statutes 1992, section 273.11, subdivision 13, is amended to read:

Its powers include the following powers in addition to others granted in sections 469.001 to 469.047:

(1) to sue and be sued; to have a seal, which shall be judicially noticed, and to alter it; to have perpetual succession; and to make, amend, and repeal rules consistent with sections 469.001 to 469.047;

This includes any property devoted to a public use, whether or not held in trust, notwithstanding that the property may have been previously acquired by condemnation or is owned by a public utility corporation, because the public use in conformity with the provisions of sections 469.001 to 469.047 shall be deemed a superior public use. Property devoted to a public use may be so acquired only if the governing body of the municipality has approved its acquisition by the authority. An award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of sections 469.001 to 469.047 of the real property in an area;

Real property with buildings or improvements thereon shall only be acquired under this clause when the buildings or improvements are substandard. The exercise of the power of eminent domain under this clause shall be limited to real property which contains, or has contained within the three years immediately preceding the exercise of the power of eminent domain and is currently vacant, buildings and improvements which are vacated and substandard. *Notwithstanding the prior sentence, in cities of the first class the exercise of the power of eminent domain under this clause shall be limited to real property which contains, or has contained within the three years immediately preceding the exercise of the power of eminent domain, buildings and improvements which are substandard.* For the purpose of this clause, substandard buildings or improvements mean hazardous buildings as defined in section 463.15, subdivision 3, or buildings or improvements that are dilapidated or obsolescent, faultily designed, lack adequate ventilation, light, or sanitary facilities, or any combination of these or other factors that are detrimental to the safety or health of the community;

The governing body shall agree on behalf of all the applicable governing bodies affected that local cooperation as required by the federal government shall be provided by the local governing body or bodies in whose jurisdiction the project is to be located, at no cost or at no greater cost than the same public services and facilities furnished to other residents;

(11) to cooperate with or act as agent for the federal government, the state or any state public body, or any agency or instrumentality of the foregoing, in carrying out any of the provisions of sections 469.001 to 469.047 or of any other related federal, state, or local legislation; and upon the consent of the governing body of the city to purchase, lease, manage, or otherwise take over any housing project already owned and operated by the federal government;

This includes study of data on population and family groups and their distribution according to income groups, the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, desirable patterns for land use and community growth, and other factors affecting the local housing and redevelopment needs and the meeting of those needs; to make the results of those studies and analyses available to the public and to building, housing, and supply industries;

(27) to recommend to the city concerning the enforcement of the applicable health, housing, building, fire prevention, and housing maintenance code requirements as they relate to residential dwelling structures that are being rehabilitated by low- or moderate-income persons pursuant to section

(31) to apply for, enter into contracts with the federal government, administer, and carry out a section 8 program. Authorization by the governing body creating the authority to administer the program at the authority's initial application is sufficient to authorize operation of the program in its area of operation for which it was created without additional local governing body approval. Approval by the governing body or bodies creating the authority constitutes approval of a housing program for purposes of any special or general law requiring local approval of section 8 programs undertaken by city, county, or multicounty authorities; and

(32) to secure a mortgage or loan for a rental housing project by obtaining the appointment of receivers or assignments of rents and profits under sections 559.17 and 576.01, except that the limitation relating to the minimum amounts of the original principal balances of mortgages specified in sections 559.17, subdivision 2, clause (2); and 576.01, subdivision 2, does not apply.

The notice must contain a general description of the boundaries of the proposed manufacturing district and the proposed activities to be financed by the manufacturing district, an offer by the authority to meet and discuss the proposed district with the county board, and a solicitation of the county board's comments with respect to the manufacturing district.

Sec. 14. Minnesota Statutes 1992, section 469.175, subdivision 3, is amended to read:

Subd. 3. [MUNICIPALITY APPROVAL.] A county auditor shall not certify the original net tax capacity of a tax increment financing district until the tax increment financing plan proposed for that district has been approved by the municipality in which the district is located. If an authority that proposes to establish a tax increment financing district and the municipality are not the same, the authority shall apply to the municipality in which the district is proposed to be located and shall obtain the approval of its tax increment financing plan by the municipality before the authority may use tax increment financing. The municipality shall approve the tax increment financing plan only after a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of the hearing. The published notice must include a map of the area of the district from which increments may be collected and, if the project area includes additional area, a map of the project area in which the increments may be expended. The hearing may be held before or after the approval or creation of the project or it may be held in conjunction with a hearing to approve the project. Before or at the time of approval of the tax increment financing plan, the municipality shall make the following findings, and shall set forth in writing the reasons and supporting facts for each determination:

(1) that the proposed tax increment financing district is a redevelopment district, a renewal or renovation district, a mined underground space development district, a housing district, a soils condition district, a manufacturing district, or an economic development district; if the proposed district is a redevelopment district or a renewal or renovation district, the reasons and supporting facts for the determination that the district meets the criteria of section 469.174, subdivision 10, paragraph (a), clauses (1) and (2), or subdivision 10a, must be retained and made available to the public by the authority until the district has been terminated.

(2) that the proposed development or redevelopment, in the opinion of the municipality, would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future and therefore the use of tax increment financing is deemed necessary.

(3) that the tax increment financing plan conforms to the general plan for the development or redevelopment of the municipality as a whole.

(4) that the tax increment financing plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the development or redevelopment of the project by private enterprise.

(5) that the municipality elects the method of tax increment computation set forth in section 469.177, subdivision 3, clause (b), if applicable.

(6) in the case of a manufacturing district, that the use of tax increment financing is necessary either to retain a business that will expand within the municipality which would otherwise leave the state, or to induce a business to relocate to the municipality from another state.

When the municipality and the authority are not the same, the municipality shall approve or disapprove the tax increment financing plan within 60 days of submission by the authority, or the plan shall be deemed approved. When the municipality and the authority are not the same, the municipality may not amend or modify a tax increment financing plan except as proposed by the authority pursuant to subdivision 4. Once approved, the determination of the authority to undertake the project through the use of tax increment financing and the resolution of the governing body shall be conclusive of the findings therein and of the public need for the financing.

Sec. 15. Minnesota Statutes 1992, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor, unless within the three-year period (1) bonds have been issued in aid of the project containing the district pursuant to section 469.178, or any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) No tax increment shall in any event be paid to the authority

(1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, ~~redevelopment district, or housing district.~~

(2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district,

(3) after 12 years from approval of the tax increment financing plan for a soils condition district *or a manufacturing district*, ~~and~~

(4) after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district,

(5) for a housing district or a redevelopment district, after 20 years from date of receipt by the authority of the first tax increment by the authority pursuant to section 469.175, subdivision 1, paragraph (b); or, if no provision is made under section 469.175, subdivision 1, paragraph (b), after 25 years from date of receipt by the authority of the first increment, and

(6) except as provided in paragraph (f), after 25 years from the date of receipt by the authority of the first tax increment for a pollution district.

(f) No tax increment derived from a pollution district, except tax increment attributable to the reduction in original net tax capacity pursuant to an election under section 469.177, subdivision 1, paragraph (i), shall be paid to the authority, unless such tax increment will be used for the remediation of contamination: (1) after 25 years from the date of receipt by the authority of the first tax increment from a pollution district that the authority has elected to be subject to the provisions applicable to a mined underground space development district, redevelopment district, or housing district, (2) after 15 years from the date of receipt by the authority of the first tax increment from a pollution district that the authority has elected to be subject to the provisions applicable to a renewal and renovation district, (3) after 12 years from the date of approval of the tax increment financing plan for a pollution district that the authority has elected to be subject to the provisions applicable to a soils condition district, and (4) after eight years from the date of receipt by the authority of the first tax increment, or ten years from the date of approval of the tax increment financing plan, whichever is less, for a pollution district that the authority has elected to be subject to the provisions applicable to an economic development district.

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

(f) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.

(g) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section 469.174, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

(h) If a parcel located in the district has delinquent property taxes when the district terminates under the duration limits under this subdivision, the payment of the parcel's delinquent taxes made after decertification of the district are tax increments to the extent the nonpayment of property taxes caused the outstanding bonds or contractual obligations pledged to be paid by the district to be paid by sources other than tax increments or to go unpaid. The county auditor shall pay the appropriate amount to the district. The authority shall provide the county auditor with information regarding the payment of outstanding bonds or contractual obligations and any other information necessary to administer the payment, as requested by the county auditor.

Sec. 16. Minnesota Statutes 1992, section 469.176, subdivision 4, is amended to read:

secured by the reserve, an amount equal to 20 percent of the aggregate principal amount of the outstanding and nondefeased bonds secured by the reserve.

Sec. 17. Minnesota Statutes 1992, section 469.176, subdivision 4f, is amended to read:

Subd. 4f. [INTEREST REDUCTION.] Revenues derived from tax increment may be used to finance the costs of an interest reduction program operated pursuant to section 469.012, subdivisions 7 to 10, or pursuant to other law granting interest reduction authority and power by reference to those subdivisions only under the following conditions: (1) tax increments may not be collected for a program for a period in excess of ~~12~~ 15 years after the date of the first interest rate reduction payment for the program, (2) tax increments may not be used for an interest reduction program, if the proceeds of bonds issued pursuant to section 469.178 after December 31, 1985, have been or will be used to provide financial assistance to the specific project which would receive the benefit of the interest reduction program, and (3) tax increments may not be used to finance an interest reduction program for owner-occupied single-family dwellings.

Sec. 18. Minnesota Statutes 1992, section 469.176, subdivision 4g, is amended to read:

Subd. 4g. [GENERAL GOVERNMENT USE PROHIBITED.] These revenues shall not be used to circumvent existing levy limit law. No revenues derived from tax increment from any district, whether certified before or after August 1, 1979, shall be used for the acquisition, construction, renovation, operation, or maintenance of a building to be used primarily and regularly for conducting the business of a municipality, county, school district, or any other local unit of government or the state or federal government. This provision shall not prohibit the use of revenues derived from tax increments for the construction or renovation of a parking structure, a commons area used as a public park, or a facility used for social, recreational, or conference purposes and not primarily for conducting the business of the municipality.

(b) If any publicly owned facility used for social, recreational, or conference purposes and financed in whole or in part from revenues derived from a district is operated or managed by an entity other than the authority, the operating and management policies of such facility must be approved by the governing body of the authority.

Sec. 19. Minnesota Statutes 1992, section 469.176, is amended by adding a subdivision to read:

Subd. 4k. [POLLUTION DISTRICTS.] *The portion of the tax increment derived from a pollution district that is attributable to the reduction in original net tax capacity pursuant to an election under section 469.177, subdivision 1, paragraph (i), shall only be used to pay or reimburse the costs of the remediation of contamination in the project in which the pollution district is located. The remaining tax increment received from a pollution district may be used in accordance with subdivision 4, but subject to the restrictions imposed by sections 469.174 to 469.179 applicable to the type of district elected by the authority pursuant to section 469.175, subdivision 1, paragraph (c).*

Sec. 20. Minnesota Statutes 1992, section 469.1763, subdivision 2, is amended to read:

Subd. 2. [EXPENDITURES OUTSIDE DISTRICT.] (a) For each tax-increment financing district, an amount equal to at least 75 percent of the revenue derived from tax increments paid by properties in the district must be expended on activities in the district or to pay bonds, to the extent that the proceeds of the bonds were used to finance activities in the district or to pay, or secure payment of, debt service on credit enhanced bonds. Not more than 25 percent of the revenue derived from tax increments paid by properties in the district may be expended, through a development fund or otherwise, on activities outside of the district but within the defined geographic area of the project except to pay, or secure payment of, debt service on credit enhanced bonds. The revenue derived from tax increments for the district that are expended on costs under section 469.176, subdivision 4h, paragraph (b), may be deducted first before calculating the percentages that must be expended within and without the district.

(b) In the case of a housing district, *revenue expended in a housing project, as defined in section 469.174, subdivision 11, or in another housing district, is an activity in the district.*

(c) All administrative expenses are for activities outside of the district.

Sec. 21. Minnesota Statutes 1992, section 469.1763, is amended by adding a subdivision to read:

Subd. 6. [POLLUTION DISTRICTS.] Subdivisions 2 to 4 do not apply to a pollution district if:

(1) the district is located within a project that meets the criteria of a targeted neighborhood under sections 469.201, subdivision 10; and 469.202, subdivisions 1 and 2, provided that the project does not exceed 50 acres and does not include additional area under section 469.202, subdivision 3;

(2) the authority has elected, under section 469.175, subdivision 1, paragraph (c), to impose the provisions of sections 469.174 to 469.179 applicable to a redevelopment district to the pollution district; or

(3) the authority has elected, under section 469.175, subdivision 1, paragraph (c), to impose the provisions of sections 469.174 to 469.179 applicable to a renewal and renovation district to the pollution district.

This subdivision applies only to the extent of authorizing expenditures for the purpose of remediation in another pollution district.

Sec. 22. [469.1764] [GUARANTY OR INDEMNIFICATION FUND.]

An authority may establish and maintain a guaranty or indemnification fund with respect to any contaminated parcel, or more than one such parcel, included within a pollution district. Funds held in the guaranty or indemnification fund must be available, upon terms and conditions determined by the authority through agreement or resolution, to an eligible person to indemnify and hold harmless the eligible person from liability for remediation costs arising under any state or federal environmental law, regulation, ruling, order, or decision with respect to the contaminated parcel or parcels by reason of the person's use, occupancy, ownership, or financing associated with the contaminated parcel. The authority may not indemnify or hold harmless an eligible person from liability for contamination of a parcel caused by the eligible person. Tax increments derived from a pollution district and any other funds available to the authority may be deposited in or

otherwise used to secure payments from the guaranty or indemnification fund. The authority is liable under the guaranty or indemnification only to the extent of funds available to secure payments from the guaranty or indemnification fund. The maximum amount payable from the guaranty or indemnification fund with respect to any eligible parcel or group of parcels must not exceed 50 percent of the cost of remediation of the contamination present in the contaminated parcels at the time of final approval of the plan, which amount may be inflated each year according to an appropriate inflation index selected by the authority. The guaranty or indemnification fund must be held or maintained in or with a financial institution or corporate fiduciary eligible for the deposit of public money or eligible to act as a trustee or fiduciary for bonds or other obligations issued under chapter 475. The guaranty or indemnification fund must be held and maintained for the period agreed to by the authority, except that tax increments may be deposited in the fund only during the duration of the district. Upon termination of the period of guaranty or indemnification all unexpended money then held in the guaranty or indemnification fund must be considered excess tax increments and returned to the county auditor for redistribution. Investment earnings, net of investment losses, on money held in the guaranty or indemnification fund may, at the option of the authority, be retained in the fund or disbursed to the authority and applied to other eligible costs. Tax increments used or pledged to secure payments from the guaranty or indemnification fund may be irrevocably pledged for that purpose, and neither filing nor possession is required to perfect the security interest created by the pledge.

Sec. 23. Minnesota Statutes 1992, section 469.177, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) In the case of a mined underground space development district the county auditor shall certify the original net tax capacity as zero, plus the net tax capacity, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

(c) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If

substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(e) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the net tax capacity of a property increases because the property no longer qualifies under the Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, or because platted, unimproved property is improved or three years pass after approval of the plat under section 273.11, subdivision 1, the increase in net tax capacity must be added to the original net tax capacity.

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the average percentage increase in the market value of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(h) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

(i) *The original net tax capacity of a pollution district may be reduced by an amount up to 100 percent of the original net tax capacity of the pollution district at the election of the authority. The election must be made in writing*

and delivered to the county auditor of the county in which the pollution district is located. The change in original net tax capacity is effective as of the July 1 subsequent to the date of receipt of the election by the county auditor. The tax increment attributable to this reduction in original net tax capacity must be used only in accordance with section 469.176, subdivision 4k. At any time after an election has been made to reduce the original net tax capacity of a pollution district pursuant to this subdivision, the authority may elect to forego the election. If the authority elects to forego the election, the original net tax capacity shall be changed to the original net tax capacity that would have been applicable to the pollution district without the application of this paragraph. The subsequent election must be made in writing and delivered to the county auditor of the county in which the pollution district is located. The change in original net tax capacity is effective as of the July 1 subsequent to the date of receipt of the election by the county auditor.

Sec. 24. Minnesota Statutes 1992, section 469.1831, subdivision 4, is amended to read:

Subd. 4. [PROGRAM MONEY; DISTRIBUTION AND RESTRICTIONS.] (a) Neighborhood revitalization program money may only be expended in accordance with the program for a purpose listed in subdivision 3 or this subdivision. Program money may not be used in those project areas of the city where the city determines that private investment will be sufficient to provide for development and redevelopment of the project area without public sector assistance, except in cases where program money is being used to remove or rehabilitate structurally substandard or obsolete buildings. Revenues derived from tax increments may only be expended for the purposes otherwise permitted by law, except that notwithstanding any law to the contrary, the city must pay at least the following amount of program money, including revenues derived from tax increments: (1) 15 percent to the school district, (2) 7.5 percent to the county, and (3) 7.5 percent for social services. Payment must be made to the county and school district within 15 days after the city receives the distribution of increment revenues, provided that the payment for calendar year 1990 may be made at any time during the year. Payment to the county for social services delivery shall be paid only after approval of program and spending plans under paragraph (b). Payment to the school district for education programs and services shall be paid only after approval of program and spending plans under paragraph (b).

(b) The money distributed to the county in a calendar year must be deducted from the county's levy limit for the following calendar year. In calculating the county's levy limit base for later years, the amount deducted must be treated as a local government aid payment.

The city must notify the commissioner of education of the amount of the payment made to the school district for the year. The commissioner shall deduct from the school district's state education aid payments one-half of the amount received by the school district.

The program money paid to the school district must be expended for additional education programs and services in accordance with the program. The amounts expended by the school district may not replace existing services.

The money for social services must be paid to the county for the cost of the provision of social services under the plan, as approved by the policy board and the county board.

(c) The city must expend on housing programs and related purposes as provided by the program at least 75 percent of the program money, after deducting the payments to the school district and county.

(d) Notwithstanding any other provisions of law to the contrary, for a city of the first class qualifying under section 469.1781, paragraph (a), program money and money described in Laws 1990, chapter 604, article 7, section 29, as amended, may be expended anywhere within the city by the authority for a purpose permitted by this section for any political subdivision without compliance with section 469.175, subdivision 4; and such money shall be deemed to be expended for a purpose that is a permitted project under section 469.176 and for a purpose that is permitted under section 469.176 for the district from which the increment was received.

Sec. 25. [INVER GROVE HEIGHTS.]

Subdivision 1. [EXTENSION OF TAX INCREMENT FINANCING DISTRICT.] Tax increment financing district number 3-2 established by the city of Inver Grove Heights on April 30, 1992, pursuant to Laws 1990, chapter 604, article 7, section 30, subdivision 2, shall continue in effect until the earlier of May 1, 2004, or when all costs provided for in the tax increment financing plan relating to the district have been paid. In no event shall the city receive more than eight full years of tax increment.

Subd. 2. [GENERAL OBLIGATION BONDS.] Upon execution of an agreement among the city of Inver Grove Heights, the state, acting through the department of transportation, and Dakota county, relating to the planning, design, construction, and reconstruction of state, county, and city highway, street, and bridge improvements to serve, among other areas, the area included in tax increment financing district number 3-2 of the city, the city council may by resolution authorize, sell, and issue general obligation bonds of the city in a principal amount not exceeding \$3,000,000 to finance a portion of the cost of the improvements to be paid for by the state pursuant to the agreement. The bonds shall be issued only if and in the amount estimated to be necessary to provide money to pay the costs of the improvements for which state funds are not immediately available but are to be received by the city pursuant to the agreement. The state money shall be pledged to the payment of the bonds and when received shall be used to pay them as soon as practicable. The bonds shall be issued and secured under Minnesota Statutes, chapter 475, except that no election is required to authorize their issuance.

Sec. 26. [CHANHASSEN.]

Subdivision 1. [EXTENSION OF TIF DISTRICT.] The tax increment financing district established by the housing and redevelopment authority in and for the city of Chanhassen and approved by the city on December 19, 1977, within the downtown and Chanhassen lakes business park areas continues in effect until the earlier of (1) December 31, 2004, or (2) when all costs provided for in the tax increment financing plan relating to the district have been paid. All tax increments received after April 1, 2001, in excess of the amount needed to pay bonds issued before April 1, 1990, shall be used only to pay or reimburse capital costs of public road improvements pursuant to subdivision 2.

Subd. 2. [BOND AUTHORIZATION.] If Carver county and the cities of Chanhassen and Chaska agree to the planning, design, construction, and reconstruction of county and city highway and street improvements that serve,

among other areas, the area of the tax increment financing district established on December 19, 1977, the city council may, by resolution, authorize, sell, and issue general obligation bonds of the city to finance part of the cost of the improvements to be paid for by the county under the agreement. The city shall issue the bonds only if and to the extent it estimates they are necessary to pay costs of the improvements coming due for which county funds are not immediately available but will be received by the city under the agreement. The city shall pledge the county moneys to the payment of the bonds and after it receives the moneys shall pay the bonds as soon as practicable. The bonds shall be issued and secured under Minnesota Statutes, chapter 475, except that no election is required to authorize their issuance.

Sec. 27. [CITY OF MANKATO; DURATION OF TAX INCREMENT FINANCING DISTRICT.]

Notwithstanding Minnesota Statutes, section 469.176, subdivision 1, the duration of the key city redevelopment project tax increment financing district, district AA1, located within the city of Mankato, may be extended by the authority to August 1, 2009. Any increment received during the period of extended duration may only be utilized for payment of or to secure payment of debt service on bonds issued after April 1, 1993, and before January 1, 1994, or bonds issued to refund those bonds.

Sec. 28. [EFFECTIVE DATE.]

Section 1 is effective for aids payable in 1993 and thereafter. Sections 2 and 4 to 23 are effective for districts certified after May 31, 1993. Section 3 applies to sales or leases entered into after July 31, 1993. Section 24 is effective the day following final enactment.

ARTICLE 5

LOCAL GOVERNMENT EFFICIENCY AND COOPERATION

Section 1. [465.795] [DEFINITIONS.]

Subdivision 1. [AGENCY.] "Agency" means a department, agency, board, or other instrumentality of state government that has jurisdiction over an administrative rule or law from which a waiver is sought under section 3. If no specific agency has jurisdiction over such a law, "agency" refers to the attorney general.

Subd. 2. [BOARD.] "Board" means the board of government innovation and cooperation established by section 2.

Subd. 3. [COUNCIL.] "Council" or "metropolitan council" means the metropolitan council established by section 473.123.

Subd. 4. [LOCAL GOVERNMENT UNIT.] "Local government unit" means a county, home rule charter or statutory city, school district, town, or special taxing district, except for purposes of sections 465.81 to 465.87.

Subd. 5. [METROPOLITAN AGENCY.] "Metropolitan agency" has the meaning given in section 473.121, subdivision 5a.

Subd. 6. [METROPOLITAN AREA.] "Metropolitan area" has the meaning given in section 473.121, subdivision 2.

Subd. 7. [SCOPE.] As used in sections 1 to 5 and sections 465.80 to 465.87, the terms defined in this section have the meanings given them.

Sec. 2. [465.796] [BOARD OF GOVERNMENT INNOVATION AND COOPERATION.]

Subdivision 1. [MEMBERSHIP.] The board of government innovation and cooperation consists of the majority leader and the minority leader of the senate or their designees, the majority leader and the minority leader of the house of representatives or their designees, one administrative law judge appointed by the chief administrative law judge, a nonlegislative member of the advisory commission on intergovernmental relations, the commissioner of finance, the commissioner of administration, the director of the legislative commission to review administrative rules, and the state auditor. The commissioners of finance and administration and the state auditor may each designate one staff member to serve in the commissioner's or auditor's place. The members of the senate and house of representatives and the director of the legislative commission to review administrative rules serve as nonvoting members.

Subd. 2. [DUTIES OF BOARD.] The board shall:

(1) accept applications from local government units for waivers of administrative rules and temporary, limited exemptions from enforcement of procedural requirements in state law as provided in section 3, and determine whether to approve, modify, or reject the application;

(2) accept applications for grants to local government units and related organizations proposing to design models or plans for innovative service delivery and management as provided in section 4 and determine whether to approve, modify, or reject the application;

(3) accept applications from local government units for financial assistance to enable them to plan for cooperative efforts as provided in section 5, and determine whether to approve, modify, or reject the application;

(4) accept applications from eligible local government units for service-sharing grants as provided in section 465.80, and determine whether to approve, modify, or reject the application;

(5) accept applications from counties, cities, and towns proposing to combine under sections 465.81 to 465.87, and determine whether to approve or disapprove the application; and

(6) make recommendations to the legislature regarding the elimination of state mandates that inhibit local government efficiency, innovation, and cooperation.

The board may purchase services from the metropolitan council in reviewing requests for waivers and grant applications.

Subd. 3. [STAFF.] The board may hire staff or consultants as necessary to perform its duties.

Sec. 3. [465.797] [RULE AND LAW WAIVER REQUESTS.]

Subdivision 1. [GENERALLY.] (a) Except as provided in paragraph (b), a local government unit may request the board of government innovation and cooperation to grant a waiver from one or more administrative rules or a

temporary, limited exemption from enforcement of state procedural laws governing delivery of services by the local government unit. Two or more local government units may submit a joint application for a waiver or exemption under this section if they propose to cooperate in providing a service or program that is subject to the rule or law. Before submitting an application to the board, the governing body of the local government unit must approve the waiver or exemption request by resolution at a meeting required to be public under section 471.705.

(b) A school district that is granted a variance from rules of the state board of education under section 121.11, subdivision 12, need not apply to the board for a waiver of those rules under this section. A school district may not seek a waiver of rules under this section if the state board of education has authority to grant a variance to the rules under section 121.11, subdivision 12. This paragraph does not preclude a school district from being included in a cooperative effort with another local government unit under this section.

Subd. 2. [APPLICATION.] A local government unit requesting a waiver of a rule or exemption from enforcement of a law under this section shall present a written application to the board. The application must include:

- (1) identification of the service or program at issue;
- (2) identification of the administrative rule or the law imposing a procedural requirement with respect to which the waiver or exemption is sought;
- (3) a description of the improved service outcome sought, including an explanation of the effect of the waiver or exemption in accomplishing that outcome;
- (4) a description of the means by which the attainment of the outcome will be measured; and
- (5) if the waiver or exemption is proposed by a single local government unit, a description of the consideration given to intergovernmental cooperation in providing this service, and an explanation of why the local government unit has elected to proceed independently.

A copy of the application must be provided by the requesting local government unit to the exclusive representative of its employees as certified under section 179A.12.

Subd. 3. [REVIEW PROCESS.] Upon receipt of an application from a local government unit, the board shall review the application. The board shall dismiss or request modification of an application within 60 days of its receipt if it finds that (1) the application does not meet the requirements of subdivision 2, or (2) the application should not be granted because it clearly proposes a waiver of rules or exemption from enforcement of laws that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If the application is submitted by a local government unit in the metropolitan area or the unit requests a waiver of a rule or temporary, limited exemptions from enforcement of a procedural law over which the metropolitan council or a metropolitan agency has jurisdiction, the board shall also transmit a copy of the application to the council for review and comment. The council shall report its comments to the board within 60 days of the date the application was transmitted to the council. The council may point out any resources or

technical assistance it may be able to provide a local government submitting a request under this section. If it does not dismiss the application, the board shall transmit a copy of it to the commissioner of each agency having jurisdiction over a rule or law from which a waiver or exemption is sought. The agency may mail a notice that it has received an application for a waiver or exemption to all persons who have registered with the agency under section 14.14, subdivision 1a, identifying the rule or law from which a waiver or exemption is requested. If no agency has jurisdiction over the rule or law, the board shall transmit a copy of the application to the attorney general. If the commissioner of finance, the commissioner of administration, or the state auditor has jurisdiction over the rule or law, the chief administrative law judge shall appoint a second administrative law judge to serve as a member of the board in the place of that official for purposes of determining whether to grant the waiver or exemption. The agency shall inform the board of its agreement with or objection to and grounds for objection to the waiver or exemption request within 60 days of the date when the application was transmitted to it. Interested persons may submit written comments to the board on the waiver or exemption request within 60 days of the board's receipt of the application. If the agency fails to inform the board of its conclusion with respect to the application within 60 days of its receipt, the agency is deemed to have agreed to the waiver or exemption. If the exclusive representative of the employees of the requesting local government unit objects to the waiver or exemption request it may inform the board of the objection to and the grounds for the objection to the waiver or exemption request within 60 days of the receipt of the application.

Subd. 4. [HEARING.] If the agency or the exclusive representative does not agree with the waiver or exemption request, the board shall set a date for a hearing on the application, which may be no earlier than 90 days after the date when the application was transmitted to the agency. The hearing must be conducted informally at a meeting of the board. Persons representing the local government unit shall present their case for the waiver or exemption, and persons representing the agency shall explain the agency's objection to it. Members of the board may request additional information from either party. The board may also request, either before or at the hearing, information or comments from representatives of business, labor, local governments, state agencies, consultants, and members of the public. If necessary, the hearing may be continued at a subsequent board meeting. A waiver or exemption must be granted by a vote of a majority of the board members. The board may modify the terms of the waiver or exemption request in arriving at the agreement required under subdivision 5.

Subd. 5. [CONDITIONS OF AGREEMENTS.] If the board grants a request for a waiver or exemption, the board and the local government unit shall enter into an agreement providing for the delivery of the service or program that is the subject of the application. The agreement must specify desired outcomes and the means of measurement by which the board will determine whether the outcomes specified in the agreement have been met. The agreement must specify the duration of the waiver or exemption, which may be for no less than two years and no more than four years, subject to renewal if both parties agree. A waiver of a rule under this section has the effect of a variance granted by an agency under section 14.05, subdivision 4. A local unit of government that is granted an exemption from enforcement of a procedural requirement in state law under this section is exempt from that law for the duration of the exemption. The board may require periodic reports

from the local government unit, or conduct investigations of the service or program.

Subd. 6. [ENFORCEMENT.] If the board finds that the local government unit is failing to comply with the terms of the agreement under subdivision 5, it may rescind the agreement. Upon the rescision, the local unit of government becomes subject to the rules and laws covered by the agreement.

Subd. 7. [ACCESS TO DATA.] If a local government unit, through a cooperative program under this section, gains access to data collected, created, received, or maintained by another local government that is classified as not public, the unit gaining access is governed by the same restrictions on access to and use of the data as the unit that collected, created, received, or maintained the data.

Sec. 4. [465.798] [SERVICE BUDGET MANAGEMENT MODEL GRANTS.]

One or more local units of governments, an association of local governments, the metropolitan council, or an organization acting in conjunction with a local unit of government may apply to the board of government innovation and management for a grant to be used to develop models for innovative service budget management. Proposed models may provide options to local governments, neighborhood or community organizations, or individuals for managing budgets for service delivery. A copy of the work product for which the grant was provided must be furnished to the board upon completion, and the board may disseminate it to other local units of government or interested groups. If the board finds that the model was not completed or implemented according to the terms of the grant agreement, it may require the grantee to repay all or a portion of the grant.

Sec. 5. [465.799] [COOPERATION PLANNING GRANTS.]

Two or more local government units may apply to the board of government innovation and cooperation for a grant to be used to develop a plan for intergovernmental cooperation in providing services. The grant application must include the following information:

(1) the identity of the local government units proposing to enter into the planning process;

(2) a description of the services to be studied and the outcomes sought from the cooperative venture; and

(3) a description of the proposed planning process, including an estimate of its costs, identification of the individuals or entities who will participate in the planning process, and an explanation of the need for a grant to the extent that the cost cannot be paid out of the existing resources of the local government unit.

The plan may include model contracts or agreements to be used to implement the plan. A copy of the work product for which the grant was provided must be furnished to the board upon completion. If the board finds that the grantee has failed to implement the plan, it may require the grantee to repay all or a portion of the grant.

Sec. 6. Minnesota Statutes 1992, section 465.80, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] This section establishes a program for grants to ~~cities, counties, and towns~~ *local government units* to enable them to meet the start-up costs of providing shared services or functions.

Sec. 7. Minnesota Statutes 1992, section 465.80, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY.] Any ~~home rule charter or statutory city, county, or town~~ *local government unit* that provides a plan for offering a governmental service under a joint powers agreement with another ~~city, county, or town~~ *local government unit*, or with an agency of state government, is eligible for a grant under this section, and is referred to in this section as an "eligible local government unit."

Sec. 8. Minnesota Statutes 1992, section 465.80, subdivision 4, is amended to read:

Subd. 4. [SUBMISSION OF PLAN TO ~~DEPARTMENT BOARD~~.] The plan must be submitted to the ~~department of trade and economic development board of government innovation and cooperation~~. *A copy of the plan must also be provided by the requesting local government units to the exclusive representatives of the employees as certified under section 179A.12.* The ~~commissioner of trade and economic development board~~ will approve a plan only if it contains the elements set forth in subdivision 3, with sufficient information to verify the assertions under clauses (2) and (3). The ~~commissioner board~~ may request modifications of a plan. If the ~~commissioner board~~ rejects a plan, written reasons for the rejection must be provided, and a governmental unit may modify the plan and resubmit it.

Sec. 9. Minnesota Statutes 1992, section 465.80, subdivision 5, is amended to read:

Subd. 5. [GRANTS.] The amount of each grant shall be equal to the additional start-up costs for which evidence is presented under subdivision 3, clause (3). Only one grant will be given to a local government unit for any function or service it proposes to combine with another government unit, but a unit may apply for separate grants for different services or functions it proposes to combine. If the amount of money available for making the grants is not sufficient to fully fund the grants to eligible local government units with approved plans, the ~~commissioner board~~ shall award grants on the basis of each qualified applicant's score under a scoring system to be devised by the ~~commissioner board~~ to measure the relative needs for the grants and the ratio of costs to benefits for each proposal.

Sec. 10. Minnesota Statutes 1992, section 465.81, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] As used in sections 465.81 to 465.87, the words defined in this subdivision have the meanings given them in this subdivision.

"Board" means the board of government innovation and cooperation.

"City" means home rule charter or statutory cities.

"Commissioner" means the ~~commissioner of trade and economic development~~.

"Department" means the ~~department of trade and economic development~~.

“Governing body” means, in the case of a county, the county board; in the case of a city, the city council; and, in the case of a town, the town board.

“Local government unit” or “unit” includes counties, cities, and towns.

Sec. 11. Minnesota Statutes 1992, section 465.82, subdivision 1, is amended to read:

Subdivision 1. [ADOPTION AND STATE AGENCY REVIEW.] Each governing body that proposes to combine under sections 465.81 to 465.87 must adopt by resolution a plan for cooperation and combination. The plan must address each item in this section. The plan must be specific for any item that will occur within three years and may be general or set forth alternative proposals for an item that will occur more than three years in the future. The plan must be submitted to the ~~department of trade and economic development~~ *board of government innovation and cooperation* for review and comment. *For a metropolitan area local government unit, the plan must also be submitted to the metropolitan council for review and comment. The council may point out any resources or technical assistance it may be able to provide a governing body submitting a plan under this subdivision.* Significant modifications and specific resolutions of items must be submitted to the ~~department~~ *board and council, if appropriate,* for review and comment. In the official newspaper of each local government unit proposed for combination, the governing body must publish at least a summary of the adopted plans, each significant modification and resolution of items, and the results of each ~~department~~ *board and council, if appropriate,* review and comment.

Sec. 12. Minnesota Statutes 1992, section 465.83, is amended to read:

465.83 [STATE AGENCY APPROVAL.]

Before scheduling a referendum on the question of combining local government units under section 465.84, the units shall submit the plan adopted under section 465.82 to the ~~commissioner~~ *board.* *Metropolitan area units shall also submit the plan to the metropolitan council for review and comment.* The ~~commissioner~~ *board* may require any information it deems necessary to evaluate the plan. The ~~commissioner~~ *board* shall disapprove the proposed combination if the ~~commissioner~~ *it finds* that the plan is not reasonably likely to enable the combined unit to provide services in a more efficient or less costly manner than the separate units would provide them, or if the plans or plan modification are incomplete. *If the combination of local government units is approved by the board under this section, the local units are not required to proceed under chapter 414 to accomplish the combination.*

Sec. 13. Minnesota Statutes 1992, section 465.87, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] A local government unit is eligible for aid under this section if the ~~commissioner~~ *board* has approved its plan to cooperate and combine under section 465.83.

Sec. 14. Minnesota Statutes 1992, section 465.87, is amended by adding a subdivision to read:

Subd. 1a. [ADDITIONAL ELIGIBILITY.] A local government unit is eligible for aid under this section if it has combined with another unit of government in accordance with chapter 414 and a copy of the municipal

board's order combining the two units of government is forwarded to the board.

Sec. 15. [APPROPRIATION.]

\$2,000,000 is appropriated from the general fund to the board of government innovation and cooperation for the purpose of making grants under this article, including grants made under Minnesota Statutes, section 465.80, and aid paid under Minnesota Statutes, section 465.87.

ARTICLE 6

COMPREHENSIVE CHOICE HOUSING

Section 1. [16A.713] [AID PENALTIES FOR NONCOMPLIANCE WITH COMPREHENSIVE CHOICE HOUSING ALLOTMENT.]

For cities and towns which are within the metropolitan urban service area or which are freestanding growth centers, as defined by the metropolitan council established under chapter 473, only those which are certified to be in compliance with the comprehensive choice housing objectives under section 2, subdivision 3, clause (4), shall be eligible to receive aid payments, including, but not limited to, homestead and agricultural credit payments, from the local government trust fund in the calendar year following the year in which certification was made. Aid amounts for cities and towns deemed not to be in compliance with the comprehensive choice housing objectives under section 2, subdivision 3, clause (4), shall be distributed to the cities and towns in the metropolitan area certified by the metropolitan council to be in compliance, in proportion to each city's or town's share of local government aid and equalization aid under section 477A.013. For cities and towns which are partially within and partially without the area, this section shall apply to the proportion of the city's or town's aid equal to the population within the area divided by the total population of the city or town. For the purposes of this section, "population" means the population according to the most recent federal census, or according to the metropolitan council's most recent population estimates if the estimates have been issued subsequent to the most recent federal census.

Sec. 2. [473.202] [AFFORDABLE HOUSING.]

Subdivision 1. [POLICY; GOALS.] In order to protect and enhance the social and economic health of the metropolitan region and each community in the region, it is the legislature's policy to encourage development of a full range of housing options in every community in the metropolitan area. The legislature's goals are to: provide citizens with housing choices; remove barriers to the development of a comprehensive range of housing; create incentives for each community to develop housing that will serve residents as their income and housing needs change; reduce traffic congestion in the metropolitan area by providing people opportunities to live near their work in housing that is affordable to them; allow people to live near where jobs are being created; allow people to remain in their community as their situations and needs change; and have each community implement the housing policy and goals of the region.

Subd. 2. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(a) "Affordable housing" means housing that requires households to expend no more than 30 percent of their household income on housing and housing related expenses.

(b) "Comprehensive choice housing" means single-family and multifamily housing that is affordable for households with incomes less than or equal to 30 percent, 50 percent, and 80 percent of median income.

(c) "Comprehensive choice housing allotment" means a city's or town's allocation of comprehensive choice housing distributed on a fair-share basis under subdivision 3.

(d) "Median income" means median household income, adjusted for family size, for the Minneapolis-St. Paul metropolitan statistical area as determined by the federal Department of Housing and Urban Development.

(e) "Substantial compliance" means that at least 75 percent of the cities and towns in a sector of the metropolitan area are certified as meeting the comprehensive choice requirements under subdivision 3, clause (4).

Subd. 3. [COMPREHENSIVE CHOICE HOUSING ALLOTMENT, RULES.] Before July 1, 1994, the metropolitan council shall adopt rules for establishing comprehensive choice housing in the metropolitan urban service area and freestanding growth centers. The council shall contract with the office of administrative hearings to conduct public hearings to adopt rules under this subdivision. The council shall give notice at least 30 days before the hearing by publishing a notice in the State Register and mailing a notice to persons and groups who have requested notification. At the hearing, the public shall have an opportunity to give testimony and question council representatives and council staff. Rules adopted under this subdivision must:

(1) analyze the metropolitan urban service area's and freestanding growth centers' present and prospective need for comprehensive choice housing, including the need for multifamily and single-family housing for individuals and households at 30 percent, 50 percent, and 80 percent of median income. Local, state, and federal agencies shall work cooperatively with the council to identify, collect, and augment relevant data and studies without duplicating other analytical efforts;

(2) allocate the metropolitan urban service area's and freestanding growth centers' comprehensive choice housing needs, on a fair-share basis, to cities and towns in the metropolitan urban service area and freestanding growth centers' area.

Using the most current and reliable information available, the council shall develop a formula for allocating the metropolitan area's comprehensive choice housing needs to cities and towns within the metropolitan urban service area and freestanding growth centers. The formula developed by the council shall include the following factors:

(i) distribution of housing units by value or rent and the proportion of those units affordable to households earning 30 percent, 50 percent, and 80 percent of median income considering housing tenure, type and availability;

(ii) income distribution of households considering the number of households with incomes that are 30 percent, 50 percent, and 80 percent of median income, and the proportion of those households paying more than 30 percent of their household income on housing and housing related expenses;

(iii) job base, considering those jobs that provide employment opportunities for lower-income households and the ratio of jobs to households;

(iv) future development potential considering vacant land, the council's forecasts of households and employment, and the annual deviation from the council's forecasts resulting from variation in overall housing construction in the metropolitan area;

(v) future redevelopment potential in cities and towns with adequate supplies of vacant land to meet their allocation needs, considering age and value of housing, and redevelopment plans of cities and towns; and

(vi) cities' and towns' current and past efforts to provide and sanction housing or housing assistance for low-income households;

(3) determine the extent to which each city or town has, in the past, accomplished its comprehensive choice housing allotment. For the purpose of determining substantial compliance with choice housing allotment, full credit shall be given for current and past efforts to provide affordable housing;

(4) describe actions that a city or town may take to:

(i) eliminate barriers to comprehensive choice housing including, but not limited to, the elimination of zoning requirements, development agreements, and local development practices that impose barriers to the development of comprehensive choice housing;

(ii) utilize available opportunities that will meet the objective of providing comprehensive choice housing development; and

(iii) maintain housing affordability;

(5) establish annual review procedures, requirements, and guidelines for council review and certification of city and town compliance with the fair-share housing allocation; and

(6) establish procedures through which the council shall adopt and execute a plan to facilitate, coordinate, and, subject to its authority under sections 473.194 to 473.201, cause the development of affordable comprehensive choice housing in all cities and towns where the supply of affordable housing is inadequate to meet the objectives under this section. Based on the factors in clause (2), the plan shall prioritize the proposed development of affordable comprehensive choice housing in inverse proportion to the percentage of available low- and moderate-income housing in each respective city or town.

Subd. 4. [PERIODIC REVIEW OF COMPREHENSIVE CHOICE HOUSING ALLOTMENT RULES.] The council shall review and assess the comprehensive choice housing allotment rules at least every five years following their effective date. No major changes to rules for allocating comprehensive choice housing or evaluating compliance under subdivision 3, clause (4), shall be made until 90 days after a report to the legislature on proposed changes to the comprehensive choice housing allotment rules. The report must be submitted to the legislature in January.

Subd. 5. [COMPREHENSIVE CHOICE HOUSING COUNSELING.] The council may provide or contract for housing counseling services to promote comprehensive housing choice throughout the metropolitan area by providing services to poor persons living in areas of concentrated poverty by locating

available housing, counseling people on the advantages and disadvantages of housing locations, and offering on-site visits to available housing.

Subd. 6. [REVIEW AND CERTIFICATION.] (a) Beginning February 1, 1995, the council shall annually review and certify a city's or town's compliance with the objectives of comprehensive choice housing under subdivision 3, clause (4). A city or town shall be in compliance when it has taken all actions required by council rules adopted under the authority of subdivision 3, clause (4), or when it has achieved its comprehensive choice allotment under subdivision 3, clause (2).

(b) Before January 1, 1996, and each subsequent year, the council shall certify to the department of revenue, the cities and towns that are in compliance with the comprehensive choice housing objectives under subdivision 3, clause (4). At the time of certification, the council shall send a written notice to each uncertified city and town describing: the nature of the noncompliance, the types of corrective actions necessary for the city or town to be certified, and the penalties for noncompliance under subdivision 7 and section 16A.713.

(c) The council shall establish appeal procedures for uncertified cities and towns to obtain a review of the council's determination under this subdivision.

Subd. 7. [COUNCIL PENALTIES FOR NONCOMPLIANCE WITH THE COMPREHENSIVE CHOICE HOUSING ALLOTMENT.] After January 1, 1996, in addition to the penalties for noncompliance under section 16A.713, the council shall not:

(1) approve, or favorably receive, any proposed project or plan for a sector in which the council finds substantial noncompliance with the comprehensive choice housing objectives that will grant any extensions to urban service area boundaries, except to address environmental contamination problems or in demonstrated cases of undue economic hardship for the property owner affected and in cases of undue economic hardships for no more than ten acres; or

(2) approve any element of a plan or proposed project that will grant any increased sewer service or access for a city or town that is not certified by the council under subdivision 6, except to address environmental contamination problems or in demonstrated cases of undue economic hardship for the property owner affected.

For purposes of this subdivision, the council shall define sector on a case-by-case basis to mean any contiguous area that includes the proposed sewer, or sewer extension project and is served by the sewer, or proposed project or extension.

Sec. 3. [STATE ADVISORY COUNCIL.]

Subdivision 1. [ESTABLISHMENT; PURPOSE.] A state advisory council on metropolitan governance is established to provide a forum at the state level for education, discussion, identification of emerging regional needs and appropriate responses, and advice to the legislature on the present and future role of the metropolitan council, metropolitan agencies, and the local governmental units as defined in Minnesota Statutes, section 473.121. The creation of the advisory council shall not affect any otherwise existing reporting relationships of the council, metropolitan agencies, or the local governmental units to the legislature.

Subd. 2. [AUTHORITY; DUTIES.] (a) The advisory council shall review and comment to the legislature on the duties and responsibilities of the council, metropolitan agencies, and the local governmental units.

(b) The advisory council may gather information, conduct research and analysis, and advise the legislature on matters related to the council's charge.

(c) The advisory council may conduct public hearings to inform the public and solicit opinion.

(d) The advisory council shall consult with local governmental units in making its recommendations.

Subd. 3. [MEMBERSHIP.] The advisory council shall consist of 15 members who serve at the pleasure of the appointing authority as follows:

(1) six legislators; three members of the senate appointed by the subcommittee on committees of the committee on rules and administration; and three members of the house of representatives appointed by the speaker; and

(2) nine public members who are residents of the metropolitan area; two appointed by the subcommittee on committees of the committee on rules and administration of the senate and two appointed by the speaker of the house of representatives; and five appointed by the governor.

Subd. 4. [CHAIRS.] The legislative appointing authorities shall each designate a legislative appointee to serve as co-chair of the advisory council.

Subd. 5. [ADMINISTRATION.] Legislative staff, the metropolitan council, and metropolitan agencies shall provide administrative and staff assistance when requested by the advisory council.

Sec. 4. [EXPENSES.]

The metropolitan council shall compensate the members of the advisory council. Public members are to be compensated in an amount provided by Minnesota Statutes, section 15.059, subdivision 3. Members of the legislature are to be paid per diem and expenses in an amount provided by Minnesota Statutes, section 3.099. The council shall adopt a budget of estimated expenses at its first meeting and provide a copy to the metropolitan council.

Sec. 5. [APPLICATION.]

Sections 1 to 4 apply in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

Sec. 6. [EFFECTIVE DATE.]

Sections 1 to 5 are effective the day following final enactment. Sections 3 and 4 are repealed June 30, 1994.

ARTICLE 7

CONTAMINATION TAX

Section 1. [270.91] [CONTAMINATION TAX.]

Subdivision 1. [IMPOSITION.] A tax is annually imposed on the contamination value of taxable real property in this state.

Subd. 2. [INITIAL TAX RATES.] Unless the rates under subdivision 3 or 4 apply, the tax imposed under this section equals 90 percent of the class rate for the property under section 273.13, multiplied by the local tax rate, multiplied by the contamination value of the property.

Subd. 3. [TAX RATES, NONRESPONSIBLE PARTY.] If neither the owner nor the operator of the taxable real property, in the assessment year, is a responsible person under chapter 115B or a responsible party under chapter 18D for the presence of contaminants on the property, unless subdivision 4 applies, the tax imposed under this section shall equal 25 percent of the class rate for the property under section 273.13, multiplied by the local tax rate, multiplied by the contamination value of the property. A no-association determination or good neighbor no-action determination by the commissioner of the pollution control agency shall be dispositive that the owner or operator is not a responsible person under chapter 115B for purposes of this section. Upon the request of the property owner or a county assessor, the commissioner shall make such a determination within 45 days.

Subd. 4. [TAX RATES AFTER PLAN APPROVAL.] (a) The tax imposed under this subdivision applies for the first assessment year that begins after one of the following occurs:

(1) a response plan for the property has been approved by the commissioner of the pollution control agency and work under the plan has begun; or

(2) the contaminants are asbestos and the property owner has in place an abatement plan for enclosure, removal, or encapsulation of the asbestos. To qualify under this clause, the property owner must either have entered into a binding contract with a licensed contractor for completion of the work or have obtained a license from the commissioner of health and begun the work. The abatement plan must provide for completion of the work within a reasonable time period, as determined by the assessors.

(b) To qualify under paragraph (a), the property owner must provide the assessor with a copy of: (1) the approved response plan, or (2) a copy of the asbestos abatement plan and contract for completion of the work or the owner's license to perform the work. The property owner also must file with the assessor an affidavit indicating when work under the response action plan or asbestos abatement plan began.

(c) The tax imposed under this subdivision equals 40 percent of the class rate for the property under section 273.13 multiplied by the local tax rate, multiplied by the contamination value of the property.

(d) If neither the owner nor operator of the taxable real property, in the assessment year, is a responsible person under chapter 115B or a responsible party under chapter 18D for the presence of contamination on the property the tax imposed under this subdivision shall equal ten percent of the class rate for the property under section 273.13, multiplied by the local tax rate, multiplied by the contamination value of the property.

Sec. 2. [270.92] [DEFINITIONS.]

Subdivision 1. [SCOPE OF APPLICATION.] For purposes of sections 1 to 8, the following terms have the meanings given.

Subd. 2. [ASSESSMENT YEAR.] "Assessment year" means the assessment year for purposes of general ad valorem property taxes.

Subd. 3. [CONTAMINANT.] "Contaminant" means a harmful substance as defined in section 115B.25, subdivision 7a.

Subd. 4. [CONTAMINATED MARKET VALUE.] "Contaminated market value" is the amount determined under section 3.

Subd. 5. [PRESENCE OF CONTAMINANTS.] "Presence of contaminants on the property" includes the release or threatened release, as defined in section 115B.02, subdivision 15, of contaminants on the property.

Subd. 6. [RESPONSE PLAN.] "Response plan" means either a development action response plan, as defined in section 469.174, subdivision 17, or a response action plan under chapter 115B or a corrective action plan under chapter 18D.

Sec. 3. [270.93] [TAX BASE; CONTAMINATION VALUE.]

The contamination value of a parcel of property is the amount of the market value reduction, if any, that is granted for general ad valorem property tax purposes for the assessment year because of the presence of contaminants. The contamination value for a property may be no greater than the cost of a reasonable response plan for the property. These reductions in market value include those granted by a court, by a board of review, by the assessor upon petition or request of a property owner, or by the assessor. Reductions granted by the assessor are included only if the assessor reduced the property's market value for the presence of contaminants using an appraisal method or methods that are specifically designed or intended to adjust for the valuation effects of the presence of contaminants. The contamination value for a parcel with a reduction in value of less than \$10,000 is zero.

Sec. 4. [270.94] [EXEMPTION.]

The tax imposed by sections 1 to 8 does not apply to the contamination value of a parcel of property attributable to contaminants that were addressed by a response plan for the property, if the commissioner of the pollution control agency has certified that all the requirements of the plan have been satisfied. Upon the request of a county assessor or the property owner, the commissioner of the pollution control agency shall certify within 45 days whether the plan requirements have been satisfied. This exemption applies beginning for the first assessment year after the commissioner of the pollution control agency certifies that the response plan has been completed.

To qualify under this section, the property owner must provide the assessor with a copy of the certification by the commissioner of the pollution control agency of the completion of the response action plan.

Sec. 5. [270.95] [PAYMENT; ADMINISTRATION.]

The tax imposed under sections 1 to 8 is payable at the same time and manner as the regular ad valorem property tax. The tax is subject to the penalty, interest, lien, forfeiture, and any other rules for collection of the regular ad valorem property tax. If a reduction in market value that creates contamination value is granted after the ad valorem property tax has been paid, the contamination tax must be subtracted from the amount to be refunded to the property owner.

Sec. 6. [270.96] [DUTIES.]

Subdivision 1. [ASSESSORS.] Each assessor shall notify the county auditor of the contamination value under section 1, subdivisions 2 and 3, for each parcel of property within the assessor's jurisdiction. The assessor shall provide notice of the contamination value to the property owner by the later of June 1 of the assessment year or 30 days after the reduction in market value is finally granted.

Subd. 2. [AUDITOR.] The county auditor shall prepare separate lists of the contamination values for all property located in the county that are taxed under section 1, subdivision 2, and under section 1, subdivision 3. The commissioner shall prescribe the form of the listing. The auditor shall include the amount of the local and state contamination taxes on the contamination value for the assessment year on the regular ad valorem property tax statement under section 276.04.

Subd. 3. [TREASURER.] The county treasurer shall pay the proceeds of the tax, less the amount retained by the county for the cost of administration under section 8, to the commissioner at the same times and in the same manner provided for the ad valorem property tax settlements.

Subd. 4. [COURT ORDERED REDUCTIONS IN VALUE.] If a court orders a reduction in market value for purposes of the ad valorem property tax because of the presence of contaminants on the property, the court shall include in its order an offset for payment of the state tax on contaminated value under section 1.

Sec. 7. [270.97] [DEPOSIT OF REVENUES.]

The commissioner shall deposit all revenues derived from the tax, interest, and penalties received from the county in the contaminated site cleanup and development account in the general fund.

Sec. 8. [270.98] [LOCAL ADMINISTRATIVE COSTS.]

The county shall retain five percent of the total revenues derived from the tax, including interest and penalties, as compensation for administering the tax. The county board may reimburse municipalities for the services provided by assessors employed by the municipality in administering sections 1 to 12.

Sec. 9. [APPROPRIATION.]

The first \$5,000,000 of tax proceeds collected annually from the state tax on contaminated value is appropriated to the pollution abatement development fund established by article 8, section 3. Any amounts collected in excess of \$5,000,000 shall be paid by the commissioner to the county treasurers in the same proportion as the collections from each county of the state tax on contaminated value, and shall be paid by the county treasurers to the local units of government in the same manner as ad valorem property taxes.

Sec. 10. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 15. [VALUATION OF CONTAMINATED PROPERTIES.] (a) In determining the market value of property containing contaminants, the assessor shall reduce the market value of the property by the contamination value of the property. The contamination value is the amount of the market value reduction that results from the presence of the contaminants, but it may not exceed the cost of a reasonable response plan for the property.

(b) For purposes of this subdivision, "contaminants" and "response plan" have the meanings given in section 2.

Sec. 11. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes; and

(6) *the contamination tax imposed on properties which received market value reductions for contamination.*

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 12. Minnesota Statutes 1992, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. *The amount of the state tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated.* The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value as defined in section 272.03, subdivision 8;

(2) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(3) a total of the following aids:

(i) education aids payable under chapters 124 and 124A;

(ii) local government aids for cities, towns, and counties under chapter 477A; and

(iii) disparity reduction aid under section 273.1398;

(4) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(5) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief";

(6) the net tax payable in the manner required in paragraph (a); and

(7) any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.61. These amounts shall be listed as "voter approved referenda levies."

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 13. [EFFECTIVE DATE.]

Sections 1 to 12 are effective beginning with taxes assessed in 1994, payable in 1995, and apply to reductions in market value in effect for the year regardless of when they were granted.

For the purposes of sections 116J.987 to 116J.990, the commissioner may exercise the powers of the public facilities authority in section 446A.04 and may issue bonds under sections 446A.12 to 446A.20.

Sec. 3. [116J.989] [POLLUTION ABATEMENT DEVELOPMENT LOAN FUND.]

Subdivision 1. [ESTABLISHMENT.] A pollution abatement development fund is established in the state treasury and administered by the commissioner. The fund consists of money appropriated to it by the legislature, other public or private funding sources, and earnings on assets in the fund.

Subd. 2. [PURPOSES FOR WHICH MONEY MAY BE SPENT.] Money in the fund is appropriated for the following purposes:

- (1) to make pollution abatement development grants;*
- (2) to make or buy pollution abatement development loans;*

(3) to pay the costs incurred in making or buying grants and loans under section 116J.990;

(4) to provide a source of revenue or security for the payment of principal and interest on bonds issued by the department, provided all of the bond proceeds are credited to the fund and used pursuant to sections 116J.987 to 116J.990; or

(5) to subsidize the interest rate on loans under section 116J.990.

Subd. 3. [SEPARATE ACCOUNTS.] The commissioner may require the commissioner of finance to create separate accounts within the fund to account for any money subject to limitation on use.

Subdivision 1. [AUTHORIZATION.] The commissioner may make or buy pollution abatement development loans with money from the pollution abatement development fund to pay up to 40 percent of the cost of a response plan. The commissioner may make a grant with money from the fund to pay up to one-half of the cost of a response plan. Both a loan and grant may be used to provide 90 percent funding for a single response plan.

Subd. 2. [LOAN REPAYMENT OBLIGATIONS.] (a) A municipality's obligation to repay a pollution abatement development loan must be evidenced by a revenue agreement with the commissioner. Loan repayment obligations are payable as a general obligation backed by the full faith and credit of the municipality. Payments made by the municipality under the revenue agreement may be less than or equal to the principal amount of the loan as determined by the commissioner based on the available sources of payment under this section. The loan may be interest free for a maximum period of five years. Thereafter the interest on the loan is at a rate and on terms set by the commissioner.

(b) A municipality must provide a local match equal to ten percent of the cost of a response plan from unrestricted money available to the municipality, excluding tax increment.

Subd. 3. [LOAN AND GRANT APPLICATION.] To obtain a contamination cleanup development grant, the development authority shall apply to the commissioner. The governing body of the municipality must approve, by resolution, the application. The commissioner shall prescribe and provide the application form. The application must include at least the following information:

(1) identification of the site;

(2) the proposed or approved response action plan for the site;

(3) the results of engineering and other tests showing the nature and extent of the release of contaminants on site or the threatened release of contaminants onto the site;

(4) a detailed estimate, along with necessary supporting evidence, of the total cleanup costs for the site;

(5) an appraisal of the current market value of the property, separately taking into account the effect of the contaminants on the market value,

prepared by a qualified independent appraiser using accepted appraisal methodology;

(6) an assessment of the immediate or long-term potential hazard to the public health and safety resulting from a failure to implement the response action plan;

(7) an assessment of the development potential or likely use of the site after completion of the response action plan, including any specific commitments from third parties to construct improvements on the site;

(8) the manner in which the municipality will meet the local match requirement;

(9) any additional information or material that the commissioner prescribes;

(10) if applicable, that the municipality has previously received a pollution abatement development grant or loan for the property and in the course of carrying out the response plan has determined that the response plan should be amended or supplemented to provide for additional removal, remedial, or corrective actions; and

(11) if applicable, that the commissioner of the pollution control agency has reviewed and approved the amendment or supplement to the response plan reflecting the additional removal, remedial, or corrective actions taken under clause (10).

Subd. 4. [LOAN AND GRANT PRIORITY AND RESTRICTIONS.] (a) On receipt of a loan or grant application, the pollution control agency shall advise the commissioner on the application based on the following criteria:

(1) the nature, desirability, and appropriateness of the applicant's proposed remedial action; and

(2) whether entry into the agreement will expedite undertaking a remedy or remedial action.

(b) Complete or permanent remedial action is not required unless the pollution control agency determines that a failure to do so would:

(i) interfere with the implementation of a future remedy or remedial action;

(ii) result in an action that would significantly contribute to the release or threat of release of a hazardous substance or pollutant or contaminant; or

(iii) pose health risks for persons in the vicinity of the real property or facility.

(c) The commissioner shall make a selection based on the following criteria:

(1) the recommendation of the pollution control agency;

(2) the recommendation of a municipality as to the desirability of the development or redevelopment;

(3) the location and importance of the real property or facility to the municipality and the state in terms of the desirability of the development or redevelopment;

(4) the amount of proposed new investment in the real property or facility;

(5) whether the municipality will create a tax increment district or subdistrict to fund repayment of the loan; and

(6) whether the proposed development or redevelopment will leverage state expenditures.

(d) The amount made available by the combination of loans and grants must not exceed a total of \$5,000,000 for a site.

(e) Loans and grants must be made quarterly to applicants. If the commissioner determines that money in the fund is insufficient to make all loans and grants properly applied for, preference must be given first to applicants that meet the criteria described in paragraph (f) and subdivision 3, clauses (10) and (11). Applicants who are otherwise qualified but are not awarded a loan or grant due to a lack of available funds must be given preference on the next award date when funds are available.

(f) The award of grants and loans is limited as follows:

(1) not more than 70 percent of the available funds may be allocated to municipalities located in the metropolitan area as defined in section 473.121, subdivision 2; and

(2) not more than 33-1/3 percent of the available funds may be allocated to a single municipality.

If the requests for funds for qualified projects from outside the metropolitan area or from municipalities having less than 33-1/3 percent of the available funds in any year are insufficient to utilize all available funds, the funds may be allocated without regard to the limitation in this section. Any allocation of these funds without regard to the limitation in this section does not affect a municipality's later application for a loan or grant.

(g) A pollution abatement development loan or grant may not be made, unless approved by the pollution control agency, for a site for which removal, remedial, or corrective actions are scheduled by the pollution control agency to be initially funded during the current or next fiscal year under the federal Superfund Act, the Leaking Underground Storage Tank Trust Fund, United States Code, title 42, section 6991b, the environmental response, compensation, and compliance account under section 115B.20, the petroleum tank release cleanup account under section 115C.08, or another state funding source.

(h) Pollution abatement loans and grants may be made only if the appraised value of the contaminated portion of the site (1) for which the procedures of section 115B.17, subdivision 1, paragraph (a), clause (1), have not been completed, and (2) after adjusting for the effect on the value of the presence or possible presence of contaminants using accepted appraisal methodology is less than the estimated cleanup costs for the site or the cost of the response plan exceeds \$2-per square foot for the contaminated portion of the site.

Subd. 5. [LOAN OR GRANT APPROVAL.] (a) On approval of a loan or grant, the commissioner shall notify the municipality:

(1) of the amount of the loan or grant;

(2) that the approved amount is in a special account in the pollution abatement development loan fund established in section 116J.989; and

(3) that the loan or grant will be made when the terms for making and repaying the loan have been agreed to by the commissioner and the municipality.

(b) The loan must be evidenced by instruments prepared under this section and the law under which the municipality proposes to issue its obligation.

Subd. 6. [ACCOUNTING OF COSTS.] Upon completion of the response plan, the municipality shall submit to the commissioner an accounting of costs incurred and any unexpended loan or grant proceeds, including any unexpended investment earnings on proceeds, which must be applied to the payment of the obligation under the loan agreement.

Subd. 7. [AUTHORIZATION TO BORROW.] Notwithstanding any general or special law or charter to the contrary, a municipality may borrow from the fund by entering into a revenue agreement between the municipality and the commissioner. The commissioner may require the municipality to issue a note payable to the department or a fiduciary for the department consistent with the terms of the revenue agreement. The security for the repayment of the obligation evidenced by the revenue agreement or the note must be the full faith and credit of the municipality. The revenue agreement or note is an obligation under section 475.51, subdivision 3, but the issuance of the obligation is not otherwise subject to chapter 475.

Subd. 8. [RESPONSE PLAN EXPENSE RECOVERY ACTIONS.] (a) The commissioner shall notify the attorney general whenever the commissioner makes a loan or grant under sections 116J.987 to 116J.990.

Any reasonable and necessary expenses incurred by the municipality for any removal or remedial action approved by the agency or commissioner pursuant to this chapter and consistent with section 115B.17, subdivision 1, including all response costs, administrative and legal expenses, but not including any costs related to operation of the loan and grant program, the development of the property, or other costs not directly required by the approved response action plan, may be recovered in a civil action brought by the attorney general against any person who may be liable under section 115B.04 or any other law, provided that no such cost recovery action can be brought by the attorney general, the municipality, or any other person affiliated with the pollution abatement development program, against a potentially responsible person, for any costs incurred under this chapter unless the procedures of 115B.17, subdivision 1, paragraph (a), clause (1), have been completed with respect to the potentially responsible person. Nothing herein restricts the right of any person named as a party in any civil action brought by the attorney general from naming other potentially responsible parties in that action, notwithstanding any inaction by the agency or commissioner pursuant to section 115B.17.

(b) If the attorney general brings an action under paragraph (a), clause (1), the municipality shall certify its reasonable and necessary expenses to implement the response plan and shall cooperate with the attorney general as required to effectively pursue the action. The certification by the municipality is prima facie evidence that the expenses are reasonable and necessary.

(c) The attorney general may deduct litigation expenses incurred by the attorney general from any amounts recovered in an action brought under paragraph (a), clause (1). Money recovered or paid to the attorney general for litigation expenses under this paragraph must be credited to the general fund. For the purposes of this section, "litigation expenses" means attorney fees and costs of discovery and other preparation for litigation.

Money recovered in an action brought under this subdivision in excess of the amounts paid to the attorney general for litigation expenses must be credited to the pollution abatement development fund established in section 116J.989.

Subd. 9. [RULES.] The commissioner may adopt rules to implement this section.

Sec. 5. [EFFECTIVE DATE.]

Sections 1 to 4 are effective the day following final enactment.

ARTICLE 9

INCOME TAX

Section 1. Minnesota Statutes 1992, section 289A.20, subdivision 2, is amended to read:

Subd. 2. [WITHHOLDING FROM WAGES, ENTERTAINER WITHHOLDING, WITHHOLDING FROM PAYMENTS TO OUT-OF-STATE CONTRACTORS, AND WITHHOLDING BY PARTNERSHIPS AND SMALL BUSINESS CORPORATIONS.] (a) A tax required to be deducted and withheld during the quarterly period must be paid on or before the last day of the month following the close of the quarterly period, unless an earlier time for payment is provided. A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships and S corporations must be paid on or before the date the return must be filed under section 289A.18, subdivision 2.

(b)(1) Unless clause (2) applies, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax withheld during that quarter under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, exceeds \$500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month.

(2) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is \$3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. For purposes of this clause, the term "eighth-monthly period" means the first three days of a calendar month, the fourth day through the seventh day of a calendar month, the eighth day through the 11th day of a calendar month, the 12th day through the 15th day of a calendar month, the 16th day through the 19th day of a calendar month, the 20th day through the 22nd day of a calendar month, the 23rd day through the 25th day of a calendar month, or the part of a calendar month following the 25th day of the month. An employer who, during the previous

quarter, withheld more than \$500 of tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2; must deposit tax withheld under those sections with the commissioner within the time allowed to deposit the employer's federal withheld employment taxes under Treasury Regulation, section 31.6302-1 without regard to the safe harbor or de minimus rules in subparagraph (f) or the one-day rule in subsection (c), clause (3). Taxpayers must submit a copy of their federal notice of deposit status to the commissioner upon request by the commissioner.

(c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(e) If the aggregate amount of the tax withheld during a fiscal year ending June 30 under section 290.92, subdivision 2a or 3, is equal to or exceeds \$240,000, the employer must remit each required deposit in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the deposit is due. If the date the deposit is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the deposit is due.

Sec. 2. Minnesota Statutes 1992, section 289A.26, subdivision 7, is amended to read:

Subd. 7. [REQUIRED INSTALLMENTS.] (a) Except as otherwise provided in this subdivision, the amount of a required installment is 25 percent of the required annual payment.

(b) Except as otherwise provided in this subdivision, the term "required annual payment" means the lesser of:

(1)(i) for tax years beginning in calendar year 1992, 93 97 percent of the tax shown on the return for the taxable year, or, if no return is filed, 93 97 percent of the tax for that year; or

(ii) for tax years beginning after December 31, 1992, 95 percent of the tax shown on the return for the taxable year, or if no return is filed 95 percent of the tax for that year; or

(2) 100 percent of the tax shown on the return of the entity for the preceding taxable year provided the return was for a full 12-month period, showed a liability, and was filed by the entity.

(c) Except for determining the first required installment for any taxable year, paragraph (b), clause (2), does not apply in the case of a large corporation. The term "large corporation" means a corporation or any

predecessor corporation that had taxable net income of \$1,000,000 or more for any taxable year during the testing period. The term "testing period" means the three taxable years immediately preceding the taxable year involved. A reduction allowed to a large corporation for the first installment that is allowed by applying paragraph (b), clause (2), must be recaptured by increasing the next required installment by the amount of the reduction.

(d) In the case of a required installment, if the corporation establishes that the annualized income installment is less than the amount determined in paragraph (a), the amount of the required installment is the annualized income installment and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing later required installments to the extent the reductions have not previously been recovered.

(e) The "annualized income installment" is the excess, if any, of:

(1) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(i) for the first two months of the taxable year, in the case of the first required installment;

(ii) for the first two months or for the first five months of the taxable year, in the case of the second required installment;

(iii) for the first six months or for the first eight months of the taxable year, in the case of the third required installment; and

(iv) for the first nine months or for the first 11 months of the taxable year, in the case of the fourth required installment, over

(2) the aggregate amount of any prior required installments for the taxable year.

(3) For the purpose of this paragraph, the annualized income shall be computed by placing on an annualized basis the taxable income for the year up to the end of the month preceding the due date for the quarterly payment multiplied by 12 and dividing the resulting amount by the number of months in the taxable year (2, 5, 6, 8, 9, or 11 as the case may be) referred to in clause (1).

(4) The "applicable percentage" used in clause (1) is:

For the following required installments:	for tax years beginning in 1992	The applicable percentage is:	for tax years beginning after December 31, 1992
1st	23.25	24.25	23.75
2nd	46.5	48.5	47.5
3rd	69.75	72.75	71.25
4th	93	97	95

(f)(1) If this paragraph applies, the amount determined for any installment must be determined in the following manner:

(i) take the taxable income for the months during the taxable year preceding the filing month;

(ii) divide that amount by the base period percentage for the months during the taxable year preceding the filing month;

(iii) determine the tax on the amount determined under item (ii); and

(iv) multiply the tax computed under item (iii) by the base period percentage for the filing month and the months during the taxable year preceding the filing month.

(2) For purposes of this paragraph:

(i) the "base period percentage" for a period of months is the average percent that the taxable income for the corresponding months in each of the three preceding taxable years bears to the taxable income for the three preceding taxable years;

(ii) the term "filing month" means the month in which the installment is required to be paid;

(iii) this paragraph only applies if the base period percentage for any six consecutive months of the taxable year equals or exceeds 70 percent; and

(iv) the commissioner may provide by rule for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances.

(3) In the case of a required installment determined under this paragraph, if the entity determines that the installment is less than the amount determined in paragraph (a), the amount of the required installment is the amount determined under this paragraph and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing later required installments to the extent the reductions have not previously been recovered.

Sec. 3. Minnesota Statutes 1992, section 290.01, subdivision 19, is amended to read:

Subd. 19. [NET INCOME.] The term "net income" means the federal taxable income, as defined in section 63 of the Internal Revenue Code of 1986, as amended through the date named in this subdivision, incorporating any elections made by the taxpayer in accordance with the Internal Revenue Code in determining federal taxable income for federal income tax purposes, and with the modifications provided in subdivisions 19a to 19f.

Sec. 24. Minnesota Statutes 1992, section 297A.15, subdivision 4, is amended to read:

Subd. 4. [SEIZURE; COURT REVIEW.] The commissioner of revenue or the commissioner's duly authorized agents are empowered to seize and confiscate in the name of the state any truck, automobile or means of transportation not owned or operated by a common carrier, used in the illegal importation and transportation of any article or articles of tangible personal property by a retailer or the retailer's agent or employee who does not have a sales or use tax permit authorization to conduct taxable sales and has been engaging in transporting personal property into the state without payment of the tax. The commissioner may demand the forfeiture and sale of the truck, automobile or other means of transportation together with the property being transported illegally, unless the owner establishes to the satisfaction of the commissioner or the court that the owner had no notice or knowledge or reason to believe that the vehicle was used or intended to be used in any such violation. Within two days after the seizure, the person making the seizure shall deliver an inventory of the vehicle and property seized to the person from whom the seizure was made, if known, and to any person known or believed to have any right, title, interest or lien on the vehicle or property, and shall also file a copy with the commissioner. Within ten days after the date of service of the inventory, the person from whom the vehicle and property was seized or any person claiming an interest in the vehicle or property may file with the commissioner a demand for a judicial determination of the question as to whether the vehicle or property was lawfully subject to seizure and forfeiture. The commissioner, within 30 days, shall institute an action in the district court of the county where the seizure was made to determine the issue of forfeiture. The action shall be brought in the name of the state and shall be prosecuted by the county attorney or by the attorney general. The court shall hear the action without a jury and shall try and determine the issues of fact and law involved. Whenever a judgment of forfeiture is entered, the commissioner may, unless the judgment is stayed pending an appeal, cause the forfeited vehicle and property to be sold at public auction as provided by law. If a demand for judicial determination is made and no action is commenced as provided in this subdivision, the vehicle and property shall be released by the commissioner and redelivered to the person entitled to it. If no demand is made, the vehicle and property seized shall be deemed forfeited to the state by operation of law and may be disposed of by the commissioner as provided where there has been a judgment of forfeiture. The forfeiture and sale of the automobile, truck or other means of transportation, and of the property being transported illegally in it, is a penalty for the violation of this chapter. After deducting the expense of keeping the vehicle and property, the fee for seizure, and the costs of the sale, the commissioner shall pay from the funds collected all liens according to their priority, which are established at the hearing as being bona fide and as existing without the lienor having any notice or knowledge that the vehicle or property was being used or was intended to be used for or in connection with any such violation as specified in the order of the court, and shall pay the balance of the proceeds into the state treasury to be credited to the general fund. The state shall not be liable for any liens in excess of the proceeds from the sale after deductions provided. Any sale under the provisions of this section shall operate to free the vehicle and property sold from any and all liens on it, and appeal from the order of the district court will lie as in other civil cases.

A refusal to ~~issue grant~~ or cancellation of a ~~permit~~ *authorization* on such grounds does not affect the retailer's right to make retail sales from outside this state to destinations within this state.

(b) When, in the opinion of the commissioner, it is necessary for the efficient administration of sections 297A.14 to 297A.25 to regard a salesperson, representative, trucker, peddler, or canvasser as the agent of the dealer, distributor, supervisor, employer, or other person under whom that person operates or from whom the person obtains the tangible personal property sold, whether making sales personally or in behalf of that dealer, distributor, supervisor, employer, or other person the commissioner may regard the salesperson, representative, trucker, peddler, or canvasser as such agent, and may regard the dealer, distributor, supervisor, employer, or other person as a retailer for the purposes of sections 297A.14 to 297A.25.

(7) ~~summon subpoena~~ witnesses, at a time and place reasonable under the circumstances, to appear and give testimony, and to produce books, records, papers and documents *for inspection and copying* relating to any ~~tax~~ matter which the commissioner may have authority to investigate or determine. ~~Provided, that any summons;~~

(8) *issue a subpoena* which does not identify the person or persons with respect to whose ~~tax~~ liability the ~~summons subpoena~~ is issued ~~may be served~~, but only if (a) the ~~summons subpoena~~ relates to the investigation of a particular person or ascertainable group or class of persons, (b) there is a reasonable basis for believing that such person or group or class of persons may fail or may have failed to comply with any ~~tax~~ law administered by the commissioner, (c) the information sought to be obtained from the examination of the records (and the identity of the person or persons with respect to whose liability the ~~summons subpoena~~ is issued) is not readily available from other sources, (d) the ~~summons subpoena~~ is clear and specific as to the information sought to be obtained, and (e) the information sought to be obtained is limited solely to the scope of the investigation. ~~Provided further that the party served with a summons subpoena which does not identify the person or persons with respect to whose tax liability the summons subpoena is issued shall have the right, within 20 days after service of the summons subpoena, to petition the district court for the judicial district in which lies the county in which that party is located for a determination as to whether the commissioner of revenue has complied with all the requirements in (a) to (e), and thus, whether the summons subpoena is enforceable. If no such petition is made by the party served within the time prescribed, the summons subpoena shall have the force and effect of a court order;~~

(8) (9) cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken, upon notice to the interested party, if any, in like manner that depositions of witnesses are taken in civil actions in the district court, in any matter which the commissioner may have authority to investigate or determine;

(9) (10) investigate the tax laws of other states and countries and to formulate and submit to the legislature such legislation as the commissioner may deem expedient to prevent evasions of assessment and taxing laws, and secure just and equal taxation and improvement in the system of assessment and taxation in this state;

(10) (11) consult and confer with the governor upon the subject of taxation, the administration of the laws in regard thereto, and the progress of the work of the department of revenue, and furnish the governor, from time to time, such assistance and information as the governor may require relating to tax matters;

(12) (13) inquire into the methods of assessment and taxation and ascertain whether the assessors faithfully discharge their duties, particularly as to their compliance with the laws requiring the assessment of all property not exempt from taxation;

(13) (14) administer and enforce the assessment and collection of state taxes and, from time to time, make, publish, and distribute rules for the administration and enforcement of state tax laws. The rules have the force of law;

(15) (16) prescribe rules governing the qualification and practice of agents, attorneys, or other persons representing taxpayers before the commissioner. After due notice and opportunity for hearing, the commissioner may suspend and disbar from further practice before the commissioner any person, agent, or attorney who is shown to be incompetent or disreputable, who refuses to comply with the rules, or who with intent to defraud, willfully or knowingly deceives, misleads, or threatens a taxpayer or prospective taxpayer, by words, circular, letter, or by advertisement. This clause does not curtail the rights of individuals to appear in their own behalf or partners or corporations' officers to appear in behalf of their respective partnerships or corporations;

(16) (17) appoint agents as the commissioner considers necessary to make examinations and determinations. The agents have the rights and powers conferred on the commissioner to *subpoena*, examine, and copy books, records, papers, or memoranda, subpoena witnesses, administer oaths and affirmations, and take testimony. *In addition to administrative subpoenas of the commissioner and the agents*, upon demand of the commissioner or an agent, the clerk or court administrator of any district court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, or memoranda before the agent for *inspection and copying*. The commissioner may also issue subpoenas. Disobedience of subpoenas issued under this chapter a court administrator's subpoena shall be punished by the district court of the district in which the subpoena is issued, or in the case of a subpoena issued by the commissioner or an agent, by the district court of the district in which the party served with the subpoena is located, in the same manner as contempt of the district court;

(17) (18) appoint and employ additional help, purchase supplies or materials, or incur other expenditures in the enforcement of state tax laws as considered necessary. The salaries of all agents and employees provided for in this chapter shall be fixed by the appointing authority, subject to the approval of the commissioner of administration;

(21) (22) exercise other powers and perform other duties required of or imposed upon the commissioner of revenue by law.

Sec. 8. Minnesota Statutes 1992, section 270.70, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY OF COMMISSIONER.] If any tax payable to the commissioner of revenue or to the department of revenue is not paid when due, such tax may be collected by the commissioner of revenue within five years after the date of assessment of the tax, or if a lien has been filed, during the period the lien is enforceable, or if the tax judgment has been filed, within the statutory period of enforcement of a valid tax judgment, by a levy upon all property and rights to property, including any property in the possession of law enforcement officials, of the person liable for the payment or collection of such tax (except that which is exempt from execution pursuant to section 550.37 and amounts received under United States Code, title 29, chapter 19, as amended through December 31, 1989) or property on which there is a lien provided in section 270.69. For this purpose, the term "tax" shall include any penalty, interest, and costs properly payable. The term "levy" includes the power of distraint and seizure by any means; *provided, no entry can be made upon the business premises or residence of a taxpayer in order to seize property without first obtaining a writ of entry listing the property to be seized and signed by a judge of the district court of the district in which the business premises or residence is located.*

Sec. 9. [270.78] [PENALTY FOR FAILURE TO MAKE PAYMENT BY ELECTRONIC FUNDS TRANSFER.]

In addition to other applicable penalties imposed by law, after notification from the commissioner of revenue to the taxpayer that payments for a tax administered by the commissioner are required to be made by means of electronic funds transfer, and the payments are remitted by some other means, there is a penalty in the amount of five percent of each payment that should have been remitted electronically. The penalty can be abated under the abatement procedures prescribed in section 270.07, subdivision 6, if the failure to remit the payment electronically is due to reasonable cause.

Sec. 10. Minnesota Statutes 1992, section 289A.18, subdivision 4, is amended to read:

Subd. 4. [SALES AND USE TAX RETURNS.] (a) Sales and use tax returns must be filed on or before the 20th day of the month following the close of the preceding reporting period, except that annual use tax returns provided for under section 289A.11, subdivision 1, must be filed by April 15 following the close of the calendar year. ~~In addition, on or before June 20 of a year, a retailer who has a May liability of \$1,500 or more must file a return with the commissioner for one-half of the estimated June liability, in addition~~

to filing a return for the May liability. On or before August 20 of a year, the retailer must file a return showing the actual June liability.

(b) Returns filed by retailers required to remit liabilities by means of funds transfer under section 289A.20, subdivision 4, paragraph (d), are due on or before the 25th day of the month following the close of the preceding reporting period. Returns filed under the second sentence of paragraph (a) by a retailer required to remit by means of funds transfer are due on June 25. The return for the May liability and 75 percent of the estimated June liability is due on the date payment of the estimated June liability is due, and on or before August 25 of a year, the retailer must file a return showing the actual June liability.

(c) If a retailer has an average sales and use tax liability, including local sales and use taxes administered by the commissioner, equal to or less than \$500 per month in any quarter of a calendar year, and has substantially complied with the tax laws during the preceding four calendar quarters, the retailer may request authorization to file and pay the taxes quarterly in subsequent calendar quarters. The authorization remains in effect during the period in which the retailer's quarterly returns reflect sales and use tax liabilities of less than \$1,500 and there is continued compliance with state tax laws.

(d) If a retailer has an average sales and use tax liability, including local sales and use taxes administered by the commissioner, equal to or less than \$100 per month during a calendar year, and has substantially complied with the tax laws during that period, the retailer may request authorization to file and pay the taxes annually in subsequent years. The authorization remains in effect during the period in which the retailer's annual returns reflect sales and use tax liabilities of less than \$1,200 and there is continued compliance with state tax laws.

(e) The commissioner may also grant quarterly or annual filing and payment authorizations to retailers if the commissioner concludes that the retailers' future tax liabilities will be less than the monthly totals identified in paragraphs (c) and (d). An authorization granted under this paragraph is subject to the same conditions as an authorization granted under paragraphs (c) and (d).

Sec. 11. Minnesota Statutes 1992, section 289A.20, subdivision 2, is amended to read:

Subd. 2. [WITHHOLDING FROM WAGES, ENTERTAINER WITHHOLDING, WITHHOLDING FROM PAYMENTS TO OUT-OF-STATE CONTRACTORS, AND WITHHOLDING BY PARTNERSHIPS AND SMALL BUSINESS CORPORATIONS.] (a) A tax required to be deducted and withheld during the quarterly period must be paid on or before the last day of the month following the close of the quarterly period, unless an earlier time for payment is provided. A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships and S corporations must be paid on or before the date the return must be filed under section 289A.18, subdivision 2.

(b)(1) Unless clause (2) applies, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax

withheld during that quarter under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, exceeds \$500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month.

(2) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is \$3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. For purposes of this clause, the term "eighth-monthly period" means the first three days of a calendar month, the fourth day through the seventh day of a calendar month, the eighth day through the 11th day of a calendar month, the 12th day through the 15th day of a calendar month, the 16th day through the 19th day of a calendar month, the 20th day through the 22nd day of a calendar month, the 23rd day through the 25th day of a calendar month, or the part of a calendar month following the 25th day of the month.

(c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(e) If the aggregate amount of the tax withheld during a fiscal year ending June 30 under section 290.92, subdivision 2a or 3, is equal to or exceeds ~~\$240,000~~ \$120,000, the employer must remit each required deposit in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the deposit is due. If the date the deposit is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the deposit is due.

Sec. 12. Minnesota Statutes 1992, section 289A.20, subdivision 4, is amended to read:

Subd. 4. [SALES AND USE TAX.] (a) The taxes imposed by chapter 297A are due and payable to the commissioner monthly on or before the 20th day of the month following the month in which the taxable event occurred or following another reporting period as the commissioner prescribes, except that use taxes due on an annual use tax return as provided under section 289A.11, subdivision 1, are payable by April 15 following the close of the calendar year.

(b) A vendor having a liability of ~~\$1,500~~ \$120,000 or more in ~~May~~ of *during a fiscal year ending June 30* must remit the June liability for the next year in the following manner:

(1) ~~On or~~ *Two business days* before June 20 30 of the year, the vendor must remit the actual May liability and ~~one-half~~ 75 percent of the estimated June liability to the commissioner.

(2) On or before August 20 14 of the year, the vendor must pay any additional amount of tax not remitted in June.

~~(3) If the vendor is required to remit by means of funds transfer as provided in paragraph (d), the vendor may remit the May liability as provided for in paragraph (e), but must remit one-half of the estimated June liability on or before June 14. The remaining amount of the June liability is due on August 14.~~

(c) When a retailer located outside of a city that imposes a local sales and use tax collects use tax to be remitted to that city, the retailer is not required to remit the tax until the amount collected reaches \$10.

(d) A vendor having a liability of ~~\$240,000~~ \$120,000 or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before ~~the date the tax is due~~ the 14th day of the month following the month in which the taxable event occurred, except for ~~the one-half 75 percent~~ of the estimated June liability, which is due ~~with the May liability on two business days before June 14~~ 30. The remaining amount of the June liability is due on August 14. If the date the tax is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

(e) If the vendor required to remit by electronic funds transfer as provided in paragraph (d) is unable due to reasonable cause to determine the actual sales and use tax due on or before the due date for payment, the vendor may remit an estimate of the tax owed using one of the following options:

(1) 100 percent of the tax reported on the previous month's sales and use tax return;

(2) 100 percent of the tax reported on the sales and use tax return for the same month in the previous calendar year; or

(3) 95 percent of the actual tax due.

Any additional amount of tax that is not remitted on or before the due date for payment, must be remitted with the return. A vendor must notify the commissioner of the option that will be used to estimate the tax due, and must obtain approval from the commissioner to switch to another option. If a vendor fails to remit the actual liability or does not remit using one of the estimate options by the due date for payment, the vendor must remit actual liability as provided in paragraph (d) in all subsequent periods. This paragraph does not apply to the June sales and use liability.

Sec. 13. Minnesota Statutes 1992, section 289A.36, subdivision 3, is amended to read:

Subd. 3. [POWER TO COMPEL TESTIMONY.] In the administration of state tax law, the commissioner may:

(1) administer oaths or affirmations and compel by subpoena the attendance of witnesses, testimony, and the production of a person's pertinent books, records, papers, or other data for *inspection and copying*;

(2) examine under oath or affirmation any person regarding the business of any taxpayer concerning any relevant matter incident to the administration of state tax law. The fees of witnesses required by the commissioner to attend a hearing are equal to those allowed to witnesses appearing before courts of this state. The fees must be paid in the manner provided for the payment of other expenses incident to the administration of state tax law; and

(3) in addition to other remedies that may be available, bring an action in equity by the state against a taxpayer for an injunction ordering the taxpayer to file a complete and proper return or amended return. The district courts of this state have jurisdiction over the action and disobedience of an injunction issued under this clause will be punished as a contempt of district court.

Sec. 14. Minnesota Statutes 1992, section 289A.36, subdivision 7, is amended to read:

Subd. 7. [APPLICATION TO COURT FOR ENFORCEMENT OF SUBPOENA.] ~~The commissioner or the taxpayer may apply to the district court of the county of the taxpayer's residence, place of business, or county where the subpoena can be served as with any other case at law, for an order compelling the appearance of the subpoenaed witness or the production of the subpoenaed records. If the subpoenaed party fails to comply with the order of the court, the party may be punished by the court as for contempt. Disobedience of subpoenas issued under this section shall be punished by the district court of the district in which the party served with the subpoena is located, in the same manner as contempt of the district court.~~

Sec. 15. Minnesota Statutes 1992, section 289A.40, is amended by adding a subdivision to read:

Subd. 1a. [INDIVIDUAL INCOME TAXES; REASONABLE CAUSE.] If the taxpayer establishes reasonable cause for failing to timely file a claim for refund of an overpayment of individual income tax under subdivision 1, and if necessary, independently verifies the fact that an overpayment has been made, a claim for refund of an overpayment of individual income tax may be filed within ten years after the date prescribed for filing the return.

Sec. 16. Minnesota Statutes 1992, section 289A.60, subdivision 1, is amended to read:

Subdivision 1. [PENALTY FOR FAILURE TO PAY TAX.] If a tax *other than a withholding or sales or use tax* is not paid ~~or amounts required to be withheld are not remitted~~ within the time specified for payment, a penalty must be added to the amount required to be shown as tax. The penalty is three percent of the tax not paid on or before the date specified for payment of the tax if the failure is for not more than 30 days, with an additional penalty of three percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding 24 percent in the aggregate.

If a withholding or sales or use tax is not paid within the time specified for payment, a penalty must be added to the amount required to be shown as tax. The penalty is five percent of the tax not paid on or before the date specified for payment of the tax if the failure is for not more than 30 days, with an

additional penalty of five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding 15 percent in the aggregate.

Sec. 17. Minnesota Statutes 1992, section 289A.60, subdivision 2, is amended to read:

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return other than an income tax return of an individual, a withholding return, or sales or use tax return, within the time prescribed or an extension, a penalty is added to the tax. The penalty is three percent of the amount of tax not paid on or before the date prescribed for payment of the tax including any extensions if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate.

If a taxpayer fails to file a return, other than an income tax return of an individual, within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must not be less than the lesser of: (1) \$200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) \$50.

If a taxpayer fails to file an individual income tax return within six months after the date prescribed for filing of the return, a penalty of ten percent of the amount of tax not paid by the end of that six-month period is added to the tax.

If a taxpayer fails to file a withholding or sales or use tax return within the time prescribed, including an extension, a penalty of five percent of the amount of tax not timely paid is added to the tax.

Sec. 18. Minnesota Statutes 1992, section 289A.60, is amended by adding a subdivision to read:

Subd. 5a. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] *If there is a pattern by a person of repeated failures to timely file withholding or sales or use tax returns or timely pay withholding or sales or use taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.*

Sec. 19. Minnesota Statutes 1992, section 289A.60, subdivision 15, is amended to read:

The penalty must not be imposed, however, if the amount remitted in June equals the lesser of: (1) 45 70 percent of the actual June liability, (2) ~~50~~ 75 percent of the preceding May's liability, or (3) ~~50~~ 75 percent of the average monthly liability for the previous calendar year.

Sec. 20. Minnesota Statutes 1992, section 289A.60, is amended by adding a subdivision to read:

Subd. 21. [PENALTY FOR FAILURE TO MAKE PAYMENT BY ELECTRONIC FUNDS TRANSFER.] In addition to other applicable penalties imposed by this section, after notification from the commissioner to the taxpayer that payments are required to be made by means of electronic funds transfer under section 289A.20, subdivision 2, paragraph (e), or 4, paragraph (d), or 289A.26, subdivision 2a, and the payments are remitted by some other means, there is a penalty in the amount of five percent of each payment that should have been remitted electronically. The penalty can be abated under the abatement procedures prescribed in section 270.07, subdivision 6, if the failure to remit the payment electronically is due to reasonable cause.

Sec. 21. Minnesota Statutes 1992, section 294.03, subdivision 1, is amended to read:

Subdivision 1. If any company, joint stock association, copartnership, corporation, or individual required by law to pay taxes to the state on a gross earnings basis shall fail to pay such tax or gross earnings percentage within the time specified by law for the payment thereof, or within 30 days after final determination of an appeal to the Minnesota tax court relating thereto, there shall be added a specific penalty equal to ~~ten~~ five percent of the amount so remaining unpaid if the failure is for not more than 30 days, with an additional penalty of five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding 15 percent in the aggregate. Such penalty shall be collected as part of said tax, and the amount of said tax not timely paid, together with said penalty, shall bear interest at the rate specified in section 270.75 from the time such tax should have been paid until paid.

Sec. 22. Minnesota Statutes 1992, section 294.03, subdivision 2, is amended to read:

Subd. 2. In case of any failure to make and file a return as required by this chapter within the time prescribed by law or prescribed by the commissioner in pursuance of law, unless it is shown that such failure is not due to willful neglect, there shall be added to the tax in lieu of the ten percent specific penalty provided in subdivision 1: ten percent if the failure is for not more than 30 days with an additional five percent for each additional 30 days or fraction thereof during which such failure continues, not exceeding 25 percent in the aggregate a penalty of five percent of the amount of tax not timely paid. The amount so added to any tax shall be collected at the same time and in the same manner and as a part of the tax, and the amount of said tax together with the amount so added shall bear interest at the rate specified in section 270.75 from the time such tax should have been paid until paid unless the tax has been paid before the discovery of the neglect, in which case the amount so added shall be collected in the same manner as the tax.

For purposes of this subdivision, the amount of any taxes required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed upon the return.

Sec. 23. Minnesota Statutes 1992, section 294.03, is amended by adding a subdivision to read:

Subd. 4. If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.

Subdivision 1. [CONTENTS; PAYMENT OF TAX; SHRINKAGE ALLOWANCE.] On or before the 23rd day of each month, every person who is required to pay gasoline tax or inspection fee on petroleum products and every distributor shall file in the office of the commissioner at St. Paul, Minnesota, a report in a manner approved by the commissioner showing the number of gallons of petroleum products received by the reporter during the preceding calendar month, and such other information as the commissioner may require. The number of gallons of gasoline shall be reported in United States standard liquid gallons (231 cubic inches), except that the commissioner may upon written application therefor and for cause shown permit the distributor to report the number of gallons of such gasoline as corrected to a 60 degree Fahrenheit temperature. If such application is granted, all gasoline covered in such application and as allowed by the commissioner must continue to be reported by the distributor on the adjusted basis for a period of one year from the date of the granting of the application. The number of gallons of petroleum products other than gasoline shall be reported as originally invoiced.

Each report shall show separately the number of gallons of aviation gasoline received by the reporter during such calendar month.

Each report shall be accompanied by remittance covering inspection fees on petroleum products and gasoline tax on gasoline received by the reporter during the preceding month; provided that in computing such tax a deduction of three percent of the quantity of gasoline received by a distributor shall be made for evaporation and loss; provided further that at the time of remittance the distributor shall submit satisfactory evidence that one-third of such three percent deduction shall have been credited or paid to dealers on quantities sold to them. The report and remittance shall be deemed to have been filed as herein required if postmarked on or before the 23rd day of the month in which payable.

Each report shall contain a confession of judgment for the amount of the tax shown due thereon to the extent not timely paid.

If the aggregate remittances made during a fiscal year ending June 30 equal or exceed \$240,000 \$120,000, all remittances in the subsequent calendar year must be made by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The commissioner may sell heat-applied stamps on a credit basis under conditions prescribed by the commissioner. The stamps shall be sold by the commissioner at a price which includes the tax after giving effect to the discount provided in subdivision 5. The commissioner shall recover the actual costs of the stamps from the distributor. A distributor having a liability of ~~\$240,000~~ \$120,000 or more during a fiscal year ending June 30 must remit all liabilities purchased on a credit basis in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). districts to be distributed, based upon the certification of the commissioner of revenue, under paragraphs (b) and (c).

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts in which the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the prior school year shall be multiplied by the ratio of the average adjusted net tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted net tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under section 124.918, subdivision 8, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i).

(d) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1; clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator. On July 15, 1989, 1990, and 1991, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). In 1992 and 1993, the amount distributed per ton shall be the same as that determined for distribution in 1991. In 1994, the amount distributed per ton shall be equal to the amount per ton distributed in 1991 increased in the same proportion as the increase between the fourth quarter of 1988 1989 and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. On July 15, 1995, and subsequent years, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1. Each district shall receive the product of:

(i) \$175 times the pupil units identified in section 124.17, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever

is greater, less the product of 1.8 percent times the district's taxable net tax capacity in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the sum of the amount certified pursuant to section 124A.03, subdivision 1g, in the previous year, plus the amount certified pursuant to section 124A.03, subdivision 1i, in the previous year, plus the referendum aid according to section 124A.03, subdivision 1h, for the current year, to the product of 1.8 percent times the district's taxable net tax capacity in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of \$175 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

Each district receiving money according to this paragraph shall reserve \$25 times the number of pupil units in the district. It may use the money for early childhood programs or for outcome-based learning programs that enhance the academic quality of the district's curriculum. The outcome-based learning programs must be approved by the commissioner of education.

The amount paid shall not exceed \$700,000 annually for all companies. If the initial amount to be paid to the fund exceeds this amount, each company's payment shall be prorated so the total does not exceed \$700,000.

Subd. 3. [EXCEPTIONS.] Notwithstanding sections 241.26, subdivision 5, and 243.24, subdivision 1, the commissioner may promulgate rules for the disbursement of funds earned under subdivision 1, or other funds in an inmate account, and section 243.88, subdivision 2, for the support of families and dependent relatives of the respective inmates, for the payment of court-ordered restitution, contribution to any programs established by law to aid victims of crime provided that the contribution shall not be more than 20 percent of an inmate's gross wages, for the payment of restitution to the commissioner ordered by prison disciplinary hearing officers for damage to property caused by an inmate's conduct, and for the discharge of any legal obligations arising out of litigation under this subdivision. *The commissioner may authorize the payment of court-ordered restitution from an inmate's wages when the restitution was ordered by the court as a sanction for the conviction of an offense which is not the offense of commitment, including offenses which occurred prior to the offense for which the inmate was committed to the commissioner.* An inmate of an adult correctional facility under the control of the commissioner is subject to actions for the enforcement of support obligations and reimbursement of any public assistance rendered the dependent family and relatives. The commissioner may conditionally release an inmate who is a party to an action under this subdivision and provide for the inmate's detention in a local detention facility convenient to the place of the hearing when the inmate is not engaged in preparation and defense.

Sec. 2. Minnesota Statutes 1992, section 270.07, subdivision 3, is amended to read:

Subd. 3. [ADDITIONAL POWERS OF COMMISSIONER.] Notwithstanding any other provision of law the commissioner of revenue may,

(b) based upon collection costs as compared to the amount of tax involved, determine minimum standards of collection, and

(c) based upon the administrative costs of processing, determine the minimum amount of refunds for which an order shall be issued and refund made where no claim therefor has been filed, and

(d) cancel any amounts below these minimum standards determined under (a) and (b) hereof, and

The department of corrections shall administer the work program. No benefits under chapter 176 or 268 shall be available, but a claim authorized under section 3.739 may be made by the taxpayer. The state may not enter into any agreement that has the purpose or results in the displacement of public employees by a delinquent taxpayer under this section. The state must certify to the appropriate bargaining agent or employees, as applicable, that the work performed by a delinquent taxpayer will not result in the displacement of currently employed workers or layoff from a substantially equivalent position, including partial displacement such as reduction in hours of nonovertime

If the commissioner has reason to believe that the claim is valid, and the debt has not been paid, the commissioner shall initiate setoff procedures under this subdivision.

(c) Within ten days of receipt of the notification from the creditor political subdivision, the commissioner shall send a written notice to the debtor political subdivision, advising it of the nature and amount of the claim. This written notice shall advise the debtor of the creditor political subdivision's intention to request setoff of the refund against the debt.

The notice will also advise the debtor that the debt can be setoff against a state aid payment, and will advise the debtor of the right to contest the validity of the claim at a hearing. The debtor must assert this right by written request to the commissioner of revenue, which request the commissioner must receive within 45 days of the mailing date of the notice.

(d) If the commissioner receives written notice of a debtor political subdivision's intention to contest at hearing the claim upon which the intended setoff is based, the commissioner shall initiate a hearing according to contested case procedures established in the state administrative procedure act not later than 30 days after receipt of the debtor's request for a hearing.

(e) If the debtor political subdivision does not object to the claim, or does not prevail in an objection to the claim or at a hearing on the claim, the commissioner of revenue shall deduct the amount of the debt from the next payment scheduled to be made to the debtor under section 273.1398 or chapter 477A. Sec. 5. Minnesota Statutes 1992, section 270A.10, is amended to read:

270A.10 [PRIORITY OF CLAIMS.]

If two or more debts, in a total amount exceeding the debtor's refund, are submitted for setoff, the priority of payment shall be as follows: First, any delinquent tax obligations of the debtor which are owed to the department shall be satisfied. Secondly, the refund shall be applied to debts for child support based on the order in time in which the commissioner received the debts. Thirdly, *the refund shall be applied to payment of restitution obligations.* Fourthly, the refund shall be applied to the remaining debts based on the order in time in which the commissioner received the debts.

UNFAIR CIGARETTE SALES ACT

Section 1. Minnesota Statutes 1992, section 325D.33, is amended by adding a subdivision to read:

Subd. 8. [PENALTIES.] (a) A retailer who sells cigarettes for less than a legal retail price may be assessed a penalty in the full amount of three times the difference between the actual selling price and a legal price under sections 325D.30 to 325D.42. This penalty may be collected under the authorities given the commissioner in chapters 270 and 297, and the penalty shall bear interest at the rate prescribed by section 270.75, subdivision 5.

(b) A wholesaler who sells cigarettes for less than a legal price may be assessed a penalty in the full amount of three times the difference between the actual selling price and the legal price under sections 325D.30 to 325D.42. This penalty may be collected under the authorities given the commissioner in chapters 270 and 297, and the penalty shall bear interest at the rate prescribed by section 270.75, subdivision 5.

(c) A retailer who engages in a plan, scheme, or device with a wholesaler to purchase cigarettes at a price which the retailer knows to be less than a legal price may be assessed a penalty in the full amount of three times the difference between the actual purchase price and the legal price under sections 325D.30 to 325D.42. A retailer that coerces or requires a wholesaler to sell cigarettes at a price which the retailer knows to be less than a legal price may be assessed a penalty in the full amount of three times the difference between the actual purchase price and the legal price. These penalties may be collected under the authorities given the commissioner in chapters 270 and 297, and the penalties shall bear interest at the rate prescribed by section 270.75, subdivision 5.

For purposes of this subdivision, a retailer is presumed to know that a purchase price is less than a legal price if any of the following have been done:

(1) the commissioner has published the legal price in the Minnesota State Register;

(2) the commissioner has provided written notice to the retailer of the legal price;

(3) the commissioner has provided written notice to the retailer that the retailer is purchasing cigarettes for less than a legal price;

(4) the commissioner has issued a written order to the retailer to cease and desist from purchases of cigarettes for less than a legal price; or

(5) there is evidence that the retailer has knowledge of, or has participated in, efforts to disguise or misrepresent the actual purchase price as equal to or more than a legal price, when it is actually less than a legal price.

In any proceeding arising under this subdivision, the commissioner shall have the burden of providing by a reasonable preponderance of the evidence that the facts necessary to establish the presumption set forth in this section exist, or that the retailer had knowledge that a purchase price was less than the legal price.

(d) The commissioner may not assess penalties against any wholesaler, retailer, or combination of wholesaler and retailer, which are greater than three times the difference between the actual price and the legal price under sections 325D.30 to 325D.42.

Sec. 2. Minnesota Statutes 1992, section 325D.37, subdivision 3, is amended to read:

Subd. 3. Before selling cigarettes at a price set in good faith to meet competition, a wholesaler shall ~~contact~~ notify the commissioner to verify that a competitor has met the requirements of section 325D.32, subdivision 10, or that a competitor has contacted the commissioner under this subdivision in response to a wholesaler who has met the requirements of section 325D.32, subdivision 10 in writing that it intends to meet a competitor's legal price. A wholesaler filing the notice shall be allowed to meet the competitor's price unless within seven days of receipt of the notice, the commissioner informs the wholesaler that the competitor's price is an illegal price.

Sec. 3. [325D.371] [PUBLICATION OF CIGARETTE PRICES.]

The commissioner shall publish in the State Register the presumed legal prices of all cigarettes as calculated pursuant to section 325D.32, subdivision 10. The prices must be published within one month of each recomputation, but not less than once each year.

Sec. 4. [REPEALER.]

Minnesota Statutes 1992, section 325D.33, subdivision 7, is repealed.

Sec. 5. [EFFECTIVE DATES.]

Sections 2 and 3 are effective August 1, 1993. Section 1, paragraphs (a), (b), and (d), are effective the day following final enactment. Section 1, paragraph (c), is effective May 29, 1987, except that in any proceeding under paragraph (c) that arises out of purchases that occurred prior to August 1, 1993, the penalties shall not exceed the difference between the actual purchase price and the legal price. “Sec. 30. [275.055] [COUNTY TAX LEVIES; APPORTIONMENT FOR SERVICES.]

Subdivision 1. [CITIES; TOWNS; REQUEST FOR SERVICES REVIEW.] The governing body of a home rule or statutory city may by resolution, and a town may by an affirmative vote of the electors at an annual or special town meeting or by a resolution of the town board, petition the county or counties in which the city or town is located for review and adjustment of the county levy imposed on property located in the city or town, if the city or town finds in writing that both of the following conditions are met:

(1) the county services for which a county tax levy is imposed are not provided within the city or town or are not available to residents of the city or town; and

(2) the city or town levies taxes for and provides essentially the same or similar services to residents of the city or town.

Subd. 2. [PETITION.] (a) If the city or town elects to petition a county or counties for a review of its levy, the city or town shall file the petition with the auditor of the affected county or counties in which the city or town is located,

together with: (1) its finding that the conditions in subdivision 1 are met; (2) a detailed description of the county services and the city or town levies and services that meet the conditions in subdivision 1; and (3) any documents and facts supporting the findings of the city or town. The petition must specify the amount of any tax levy adjustment sought by the city or town. The county auditor shall provide the city or town with any information needed by the city to prepare the petition.

(b) The petition must be filed with the county auditor by June 30 of the year taxes are levied to be effective for taxes payable the following year.

Subd. 3. [HEARING; PUBLICATION.] On or before September 1, the county shall hold a public hearing on the petition at a regular or special meeting of the county board. The county may hold one hearing to discuss the petitions of all cities and towns that have submitted them. The hearing shall be held after the county publishes notice for two successive weeks under sections 645.11 and 645.13 in the regular issue of a qualified newspaper of general circulation within the county, including the affected cities or towns. The notice must state (1) the purpose of the hearing; (2) the service or services at issue; (3) the amounts of the county tax levy and city or town tax levy for the services for taxes payable in the current year; and (4) the amount of the county tax levy adjustment requested by the city or town. The notice must state that officials of the city or town and members of the public will be allowed to testify. A single consolidated notice of all petitions may be published, provided that levy and services information is stated separately for each city or town. The county shall pay the cost of preparation of the notice. The costs of publication shall be paid one-half by the county and one-half in equal shares by the cities and towns covered by the notice.

At the hearing, the city or town shall be represented by elected or appointed officials as determined by the city or town who shall present the petition of the city or town and respond to questions of the public, the county board, and county officials.

The county board shall hear testimony from representatives of the city and town and from the public, and shall discuss the petition. If it determines that the conditions in subdivision 1 have been met, it may adjust or eliminate the county levy imposed on property within the city or town that is attributable to the county services that are provided by the city or town. The county board may determine to continue the levy without adjustment. The board shall state the reasons for its determination. The decision and any levy adjustment may be made at a later public or special meeting of the county board, if the meeting time and place are announced at the meeting in which the petition is heard. The decision of the county board is final.

Subd. 4. [LEVY ADJUSTMENT.] If the county board adjusts the levy with respect to a city or town, the county board shall notify the city or town and the county auditor by September 10. The county auditor shall apportion the levy as adjusted by the county between the cities, towns, and unorganized territory within the county as adopted by the county board for purposes of the proposed levy and notice under section 275.065. The decision of the county board shall be incorporated as part of the budget and levy adoption under section 275.065, subdivision 6."

Before adopting a game procedure under this section, the director shall submit the procedure to the board for its review and comment.

Sec. 4. [CRIMINAL HISTORY.]

not pay, give, or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service, excluding food or beverage, having an aggregate value of over \$100 in any calendar year to the director, board member, employee of the lottery board, or to a member of the immediate family residing in the same household as that person.

Sec. 7. [REQUIREMENTS FOR LICENSED VIDEO LOTTERY MACHINES.]

A video lottery machine licensed under this article must:

- (1) offer only games approved by the director;
- (2) not have any means of manipulation that affect the random probabilities of winning a video lottery game; and
- (3) have a minimum of one electronic or mechanical coin acceptor that must be installed in each video lottery machine. A video lottery machine may also contain bill accepters for \$1 bills, \$5 bills, \$10 bills, and \$20 bills. The bill accepters may be for any single bill or combination of bills in the denominations listed in this clause. Sec. 9. [DISPLAY OF LICENSE FOR VIDEO LOTTERY MACHINE; CONFISCATION; VIOLATION.]

A video lottery machine must be licensed by the director before placement or operation on the premises of a licensed establishment. The machine must have the license prominently displayed on it. A machine that does not display the license required by this section is contraband and subject to confiscation by a law enforcement officer. A violation of this section is a misdemeanor.

Sec. 10. [APPLICATION FOR APPROVAL OF A VIDEO LOTTERY MACHINE.]

A manufacturer or distributor must not distribute a video lottery machine for placement in the state unless the machine has been approved by the director. A manufacturer may apply for approval of a video lottery machine or associated equipment while an application for the manufacturer's license is pending, provided that no machine or associated equipment may be distributed for placement until the license application has been approved.

Sec. 11. [EXAMINATION OF VIDEO LOTTERY MACHINES.]

The director must examine prototypes of video lottery machines of manufacturers seeking a license as required in this article. The director must require a manufacturer seeking examination and approval of a video lottery machine to pay the anticipated actual costs of the examination in advance and, after the completion of the examination, must refund overpayments or charge and collect amounts sufficient to reimburse the lottery for underpay-

ment of actual costs. The director may contract for the examination of video lottery machines as required by this section.

Sec. 12. [TESTING OF VIDEO LOTTERY MACHINES.]

The director may require working models of a video lottery machine to be transported to a location the director designates for testing, examination, and analysis. The manufacturer must pay all costs of testing, examination, analysis, and transportation of the machine models.

Sec. 13. [REPORT OF TEST RESULTS.]

After each test has been completed, the director must provide the machine manufacturer with a report that contains findings, conclusions, and pass/fail results. The report may contain recommendations for modifications to bring the machine into compliance with law and rules.

Sec. 14. [MODIFICATIONS TO PREVIOUSLY APPROVED MODELS.]

The machine manufacturer and distributor are responsible for the assembly and initial operation of a video lottery machine in the manner approved and specified in a license issued by the director. The manufacturer and distributor must not change the assembly or operational functions of a machine for placement in the state unless a request for modification has been approved by the director.

Sec. 15. [VIDEO LOTTERY MACHINE MANUFACTURERS, DISTRIBUTORS, OPERATORS, ESTABLISHMENTS; LICENSES; PROHIBITIONS.]

Subdivision 1. [LICENSE REQUIRED.] A person must not engage in business as a video lottery machine manufacturer, distributor, operator, or licensed establishment in this state without a license from the director under this section.

Subd. 2. [CONDITION ON LICENSED ESTABLISHMENTS.] (a) As a condition of the issuance of a license under this article, a licensed establishment, which as of March 31, 1993, leases space in the licensed establishment to an organization licensed to conduct lawful gambling under Minnesota Statutes, chapter 349, must continue to lease space to a licensed organization for the duration of the license of the licensed establishment.

(b) Any licensed establishment in which a video lottery machine is placed and operated must provide training to its employees for the recognition and prevention of compulsive gambling in accordance with standards established by the director.

Subd. 3. [PROHIBITIONS.] (a) A video lottery machine manufacturer must not sell, offer for sale, or furnish a video lottery machine for use in this state to a person who is not a video lottery machine distributor licensed by the director.

(b) A video lottery machine distributor must not sell, offer for sale, or furnish a video lottery machine for use in the state to a person who is not a licensed video lottery machine operator.

(c) A video lottery machine operator must not lease or furnish a video lottery machine for use in this state to a licensed establishment that is not licensed by the director.

(d) A licensed establishment must not lease a video lottery machine from a person not licensed as a video lottery machine operator.

Subd. 4. [APPLICATION.] (a) An application for a video lottery machine manufacturer, distributor, operator, or licensed establishment license must be accompanied by a corporate surety bond issued by a surety licensed to do business in this state in an amount determined by the director conditioned on compliance by the applicant with the provisions of the license. The bond required by this subdivision must be kept in full force during the period covered by the license.

(b) Upon receipt of the application, the bond in proper form, and payment of the license fee required under this section, the director must issue a license, in a form prescribed by the director, to the applicant unless the director determines that the applicant is otherwise unqualified. A refusal to issue a license is a contested case under Minnesota Statutes, sections 14.57 to 14.69.

(c) The license permits the applicant to whom it is issued to engage in business as a video lottery machine manufacturer, distributor, operator, or licensed establishment at the place of business shown in the application. The director must assign a license number to each licensee when the initial license is issued. The license number must be inscribed on all licenses issued to a manufacturer, distributor, operator, or licensed establishment.

Subd. 5. [QUALIFICATIONS.] (a) A license may not be issued under this section to a video lottery machine manufacturer, distributor, operator, or licensed establishment that has as a partner, officer, director, other person in a supervisory or management position, or employee eligible to make sales on behalf of the applicant, a person who has either: (1) for a license for a video lottery machine operator or a licensed establishment, within the previous five years been convicted of a felony or gross misdemeanor, a crime involving fraud or misrepresentation, a gambling-related offense or owes \$500 or more in delinquent taxes as defined in Minnesota Statutes, section 270.72; or (2) for a license for a video lottery manufacturer or distributor, fails to satisfy the requirements contained in Minnesota Statutes, section 299L.07, subdivision 3.

(b) A video lottery machine operator must be a resident of this state and, if a partnership or corporation, the majority of ownership interests must be held by residents of this state.

(c) The director shall require that all service employees or other persons authorized to open a video lottery machine be fingerprinted. The director may charge a fee for the fingerprinting.

(d) The director may adopt rules to establish additional requirements to preserve the integrity and security of the lottery.

Subd. 6. [LICENSE FEES.] The annual license fees for video lottery machine manufacturers, distributors, operators, and licensed establishments are:

- (1) \$5,000 for a video lottery machine manufacturer's license;
- (2) \$5,000 for a video lottery machine distributor's license;
- (3) \$1,000 for a video lottery machine operator's license for up to 25 licensed machines and \$100 per licensed machine thereafter; and

(4) \$100 for a retailer at whose establishment a video lottery machine is located.

The fees collected in this subdivision shall be deposited in the lottery fund and used to pay for the costs of conducting background investigations for licensees.

A license issued under this section is not transferable or assignable without the express written consent of the director.

Subd. 7. [RECORDS.] (a) Manufacturers, distributors, and operators of video lottery machines must maintain a record of all video lottery machines sold or purchased. The record must include:

(1) the identity of the person or firm to whom the video lottery machine was sold;

(2) the identity of the person or firm from whom the video lottery machine was purchased;

(3) the registration number of the video lottery machine; and

(4) the date of sale.

(b) The invoice for each sale must be retained for at least three years after the sale is completed and a copy of the invoice is delivered to the director. For purposes of this subdivision, a sale is completed when the video lottery machine is physically delivered to the purchaser.

(c) Manufacturers and distributors must report monthly to the director, in a form the director prescribes, their sales of each type of video lottery machine. The director or the director of gambling enforcement may inspect or cause to have inspected the books, records, and other documents of a manufacturer or distributor at any reasonable time without notice and without a search warrant.

Subd. 8. [LOCAL LICENSE.] No political subdivision may require a local license to operate a video lottery machine, restrict or regulate the placement of a video lottery machine, or impose a tax or fee on the operation of video lottery machine except as specifically permitted under section 28.

Sec. 16. [INVESTIGATION FEE.]

The director may charge a nonrefundable investigation fee to a person applying for a license as a video lottery machine manufacturer, distributor, operator, or licensed establishment in an amount sufficient to cover the cost of making the investigation required by section 4. The director may also charge a nonrefundable fee for an annual investigation of a licensee. Any fee collected under this section must be deposited into the lottery fund.

Sec. 17. [MAINTENANCE LOG FORMS REQUIRED.]

A written maintenance log must be kept in the main cabinet access area of a video lottery machine. Every person, including lottery and law enforcement personnel, who gains entry into an internal space of a video lottery machine must sign the log, indicate the time and date of entry, indicate the mechanical meter readings, and list the area inspected or repaired. The maintenance log forms must be obtained from the director and retained by operators for a period of three years from the date of the last entry. The maintenance logs must be available for inspection by the director upon request.

Sec. 18. [KEYS TO MACHINES.]

An operator must provide to the director master keys in a number determined by the director for access to the main cabinet door and locked logic area of a machine placed in operation.

Sec. 19. [NOTIFICATION OF REPAIRS TO THE LOGIC AREA.]

A repair to the logic board or circuitry within the logic area must be reported by the operator to the director immediately upon completion of the repair. The operator must also submit a written report of the repair to the director within 24 hours. If a logic board is replaced, the report must include the serial number of the replacement board.

Sec. 20. [NOTIFICATION OF BROKEN SEALS ON LOGIC BOARD.]

The eproms on the logic board of a video lottery machine must be sealed by the lottery after initial inspection. An operator must inform the director in writing of a break or tear in the sealed tape noticed during routine maintenance checks that were not the result of a repair under section 19.

Sec. 21. [PAYMENT FOR CREDITS.]

(a) A licensed establishment must pay for all credits won in the operation of the video lottery machine upon presentation of a valid credit receipt displaying the credits awarded to the player. The establishment must not pay a player on the basis of a credit receipt that has been defaced or tampered with. Upon payment to the player, the establishment must immediately cancel the credit receipt in a manner that prevents its reuse.

(b) The licensed establishment is responsible for accounting for all disbursements paid for credits won by the player and must supply that information to the director and to the operator.

(c) The operator is responsible for accounting to the establishment and to the director the machine income and must remit to the director the state's percentage of net machine income within the time periods required.

(d) Notwithstanding Minnesota Statutes, section 349A.08, subdivision 8, the director shall not be required to report to the department of revenue the name, address, and social security number of a winner of a prize from the operation of a video lottery machine.

(e) The director, board member, an employee of the state lottery, or a member of the immediate family of the director, board member, or employee of the state lottery residing in the same household, may not play a game on a video lottery machine or receive a prize from a video lottery machine.

Sec. 22. [RESTRICTION ON PAYMENT OF CREDITS.]

A licensed establishment may redeem credit receipts only for credits awarded on video lottery machines located on its premises. A credit receipt must be presented for payment before the close of business on the date the credit receipt was printed. Neither the lottery nor the state is liable for the payment of credits on valid credit receipts. A credit receipt redeemed by a licensed establishment must be marked or defaced in a manner that prevents subsequent presentation and payment.

Sec. 23. [LIABILITY FOR MACHINE MALFUNCTION.]

Neither the lottery nor the state is responsible for a machine malfunction that causes credits to be wrongfully awarded or denied to players. The operator is solely responsible for a wrongful award or denial of credits. An operator's liability is limited to the number of credits for the game displayed in the game rules and may not be greater than \$1,000 for any succession of games played.

Sec. 24. [PROHIBITION.]

A distributor or operator of a video lottery machine must not also be a wholesale distributor of liquor or alcoholic beverages.

Sec. 25. [MULTIPLE TYPES OF LICENSES PROHIBITED.]

A video lottery machine manufacturer must not be licensed as a video lottery machine distributor or operator or own, manage, or control a licensed establishment. A video lottery machine distributor must not be licensed as a video lottery machine operator or own, manage, or control a licensed establishment. A video lottery machine operator must not be licensed as a video lottery machine manufacturer or distributor. An owner or manager of a licensed establishment must not be licensed as a video lottery machine manufacturer or distributor.

Sec. 26. [RULES FOR PLACEMENT OF VIDEO LOTTERY MACHINES; NUMBER LIMITED; SECURITY.]

Subdivision 1. [NUMBER OF MACHINES.] A maximum of two video lottery machines may be placed in a licensed establishment. The placement of a video lottery machine in a licensed establishment is subject to the rules of the director.

Subd. 2. [SECURITY.] The licensed establishment is required to install a camera surveillance system.

Sec. 27. [HOURS OF OPERATIONS OF MACHINES.]

A video lottery machine may be played only during the legal hours for on-sale consumption of alcoholic beverages as provided in Minnesota Statutes, chapter 340A.

Sec. 28. [VIDEO LOTTERY MACHINE INCOME; REMITTANCE TO STATE; PENALTIES.]

(a) The percentages of the net machine income required to be remitted to the director from the operation of a video lottery machine referred to in this section constitute a trust fund until paid to the director. The licensed establishment and the video lottery machine operator are jointly and severally liable for the state's share of the net machine income. In any claim for net machine income the state shall have priority for its share over any other claim.

(b) The state is entitled to 30 percent of the net machine income from the operation of a video lottery machine. Of the state's percentage, the director must remit to the state from the lottery fund an amount equivalent to 2-1/2 percent of the state's share which shall be directed to the commissioner of human services for the compulsive gambling treatment program as provided in Minnesota Statutes, section 245.98.

(c) Any organization licensed under Minnesota Statutes, chapter 349, and conducting lawful gambling in the licensed establishment is entitled to ten

percent of the net machine income from the operation of a video lottery machine. A local statutory or home rule charter city or county may require by ordinance that the organization contribute up to ten percent of the amount of net machine income the organization receives to a fund administered and regulated by the responsible local unit of government for disbursement by the responsible local unit of government for lawful purposes contributions or expenditures, as defined in Minnesota Statutes, section 349.12, subdivision 25, paragraph (a). If there is no organization conducting lawful gambling at the licensed establishment, the ten percent shall be remitted to the local statutory or home rule charter city or county in which the licensed establishment is located for the purpose of economic development within that jurisdiction.

(d) The state's percentage and the percentage under paragraph (c) of net machine income must be reported and remitted to the director on the days determined by the director. The amount remitted to the director under this paragraph must be deposited into the lottery fund. The amount required to be remitted under paragraph (b) shall be included in the calculation of gross revenue under Minnesota Statutes, chapter 349A.

(e) An operator who falsely reports or fails to report the amount due as required by this section is guilty of a misdemeanor and is subject to termination of the operator's license.

(f) An operator must keep a record of net machine income in the form the director requires. A payment not remitted when due must be paid together with a penalty assessment on the unpaid balance at a rate of 1-1/2 percent per month.

(g) The operator of a video lottery machine shall be entitled to 70 percent of net machine income as commission. Any amount due an organization under paragraph (c) and to a licensed establishment under a location agreement shall be paid by the operator solely and exclusively from commission retained by the operator under this paragraph.

(h) Notwithstanding Minnesota Statutes, section 297A.02, sales of plays on a video lottery machine are exempt from the sales tax imposed in that section.

Sec. 29. [REMITTANCE THROUGH ELECTRONIC TRANSFER OF FUNDS.]

The operator of a video lottery machine must remit the state's percentage of net machine income and the amount required to be remitted under section 28, paragraph (c), through the electronic transfer of funds. The operator must furnish to the director all information and bank authorizations required to facilitate timely payment to the director. The operator must provide the director 30 days' advance notice of a proposed account change to ensure the uninterrupted electronic transfer of funds.

Sec. 30. [INTEREST ON LATE PAYMENT OR INSUFFICIENT FUNDS PAYMENT.]

An operator must maintain a balance in its account in an amount to cover the state's percentage of net machine income set forth in section 28. If an operator fails to maintain a balance in the account as required by this section, the director must assess interest at the rate of 1-1/2 percent per month on the unpaid balance. If an operator fails to remit full payment, including interest, before the next payment date, the director may disable the machine and

prevent further play, suspend or revoke the operator's license, or impose a civil fine.

Sec. 31. [AUDIT TAPE.]

An operator must retain an audit tape that records an exact duplicate of tickets printed and transactions recorded in the video lottery machine. The audit tape must be kept for a period of three years, identified by machine, and stored in a secure area.

Sec. 32. [INCOME RECORD KEEPING.]

An operator must keep accurate records of net machine income generated from a machine. The director must prepare and mail to the operator a statement reflecting the net machine income and the state's percentage of that amount before the date payment is remitted through the electronic transfer of funds. An operator must report to the director any discrepancies in net machine income between the lottery's statement and a machine's mechanical and electronic meter readings. The director is not responsible for resolving discrepancies in net machine income between actual money collected and the amount shown on the accounting meters or billing statement. In the event of a discrepancy, the operator must submit to the director information, including, without limitation, current mechanical meter readings and the audit ticket that contains electronic meter readings generated by the machine's software, necessary to resolve the discrepancy.

Sec. 33. [REQUEST FOR REPORTS.]

An operator may request, and the director must supply to the extent available, additional reports on play transactions of a video lottery machine and other marketing information not considered confidential by the director. The director may charge a fee for the cost of producing and mailing the reports and information.

Sec. 34. [REVOCATION, SUSPENSION, AND REFUSAL TO RENEW LICENSES.]

(a) The director must revoke the license of a video lottery machine manufacturer, distributor, operator, or licensed establishment that:

(1) for an operator of a licensed establishment, has been convicted of a felony, gross misdemeanor, or a gambling-related offense within the previous five years, or, for a video lottery machine manufacturer or distributor, has been convicted of a gambling-related offense at any time;

(2) has provided false or misleading information to the division;

(3) fails to comply with section 15, subdivision 2; or

(4) for a video lottery manufacturer or distributor, fails to comply with the requirements in Minnesota Statutes, section 299L.07, subdivision 3.

 or

(5) has violated Minnesota Statutes, section 340A.503, subdivision 2, clause (1), two or more times within a two-year period.

(c) The director may also revoke, suspend, or refuse to renew a license of a video lottery machine manufacturer, distributor, operator, or licensed establishment if there is a material change in any of the factors considered by the director under section 15, subdivision 5.

(d) A license cancellation, suspension, or refusal to renew under this subdivision is a contested case under Minnesota Statutes, sections 14.57 to 14.69, and is in addition to any criminal penalties provided for a violation of law or rule.

(e) The director may temporarily suspend a license without notice for any of the reasons specified in this section provided that a hearing is conducted within seven days after a request for a hearing is made by a licensee. Within 20 days after receiving the administrative law judge's report, the director shall issue an order vacating the temporary suspension or making any other appropriate order. If no hearing is requested within 30 days of the temporary suspension taking effect, the director may issue an order making the suspension permanent.

Sec. 35. [FRAUD.]

A person is guilty of a gross misdemeanor if the person does any of the following with intent to defraud the state lottery:

(5) otherwise claims a video lottery prize by means of fraud, deceit, or misrepresentation.

Sec. 36. [GAMBLING DEVICE; VIDEO LOTTERY DEVICE.]

Subdivision 1. [VIDEO LOTTERY DEVICE.] Notwithstanding Minnesota Statutes, section 349A.13, clause (2), this article authorizes the director to install or operate a video lottery device operated by coin or currency which when operated determines the winner of a game.

Subd. 2. [GAMBLING DEVICE.] Notwithstanding Minnesota Statutes, section 609.75, subdivision 4, a gambling device does not include a video lottery machine operated by the state lottery under this article.

Subd. 3. [VIDEO LOTTERY MACHINE.] Minnesota Statutes, sections 609.755 and 609.76, do not prohibit the manufacture, sale, placement, or operation of a video lottery machine under this article.

Sec. 37. [AGE.]

(a) A licensed establishment must not allow a person under the age of 21 to operate a video lottery machine.

(b) A person under the age of 21 must not operate a video lottery machine.

(c) It is an affirmative defense under paragraph (a) for the licensed establishment to prove by a preponderance of the evidence that the licensed establishment reasonably and in good faith relied on representation of proof of age described in Minnesota Statutes, section 340A.503, subdivision 6, in allowing the operation of the video lottery machine.

Sec. 38. [SERVICE AND REPAIR; TRAINING.]

(a) A video lottery machine must not be placed in operation in the state until training that has been approved by the director in the service and repair of the machine has taken place as hereafter provided.

(b) A manufacturer or distributor must provide training in the service and repair of each machine model approved by the director.

(c) A video lottery machine must not be placed in operation in the state until the manufacturer or distributor has provided the required training in the service and repair of the machine model approved by the director.

(e) A manufacturer or distributor must provide subsequent training programs to inform operators of new developments in the service and repair of its machines.

(f) A manufacturer or distributor must inform the director of the names of operators and service employees who attend and successfully complete each training program. The director must issue a certificate to each person certified signifying that the person is certified to service and repair video lottery machines of the particular manufacturer and model.

Sec. 39. [MAINTENANCE OF VIDEO LOTTERY MACHINES.]

Video lottery machines must be serviced and maintained in a manner and condition approved by the director.

Sec. 40. [INSPECTIONS.]

Manufacturers, distributors, operators, and licensed establishments must provide immediate access to all records and the physical premises of the business for inspection at the request of the director.

Sec. 41. [TELEPHONE LINES.]

The operator of a video lottery machine is responsible for the installation, operation, and funding of telephone lines into a licensed establishment as required by the director to provide direct communication between the machine and the central computer operated by the lottery.

Sec. 42. [LOCATION AGREEMENTS.]

(a) A video lottery machine operator must have a location agreement that is approved by the director with the licensed establishment providing at least the following:

(1) designation of the location where the video lottery machine is to be placed for use by the public; and

Provided, that any summons which does not identify the person or persons with respect to whose tax liability the summons is issued may be served only if (a) the summons relates to the investigation of a particular person or ascertainable group or class of persons, (b) there is a reasonable basis for believing that such person or group or class of persons may fail or may have failed to comply with any tax law administered by the commissioner, (c) the information sought to be obtained from the examination of the records (and the identity of the person or persons with respect to whose liability the summons is issued) is not readily available from other sources, (d) the summons is clear and specific as to the information sought to be obtained, and (e) the information sought to be obtained is limited solely to the scope of the investigation. Provided further that the party served with a summons which does not identify the person or persons with respect to whose tax liability the summons is issued shall have the right, within 20 days after service of the summons, to petition the district court for the judicial district in which lies the county in which that party is located for a determination as to whether the commissioner of revenue has complied with all the requirements in (a) to (e), and thus, whether the summons is enforceable. Subd. 19b. [SUBTRACTIONS FROM FEDERAL TAXABLE INCOME.] For individuals, estates, and trusts, there shall be subtracted from federal taxable income:

(1) interest income on obligations of any authority, commission, or instrumentality of the United States to the extent includable in taxable income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) if included in federal taxable income, the amount of any overpayment of income tax to Minnesota or to any other state, for any previous taxable year, whether the amount is received as a refund or as a credit to another taxable year's income tax liability;

(3) the amount paid to others not to exceed \$650 for each dependent in grades kindergarten to 6 and \$1,000 for each dependent in grades 7 to 12, for tuition, textbooks, and transportation of each dependent in attending an elementary or secondary school situated in Minnesota, North Dakota, South Dakota, Iowa, or Wisconsin, wherein a resident of this state may legally fulfill the state's compulsory attendance laws, which is not operated for profit, and which adheres to the provisions of the Civil Rights Act of 1964 and chapter 363. As used in this clause, "textbooks" includes books and other instructional materials and equipment used in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state. "Textbooks" does not include

instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to instill such tenets, doctrines, or worship, nor does it include books or materials for, or transportation to, extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or similar programs. (4) to the extent included in federal taxable income, distributions from a qualified governmental pension plan, an individual retirement account, simplified employee pension, or qualified plan covering a self-employed person that represent a return of contributions that were included in Minnesota gross income in the taxable year for which the contributions were made but were deducted or were not included in the computation of federal adjusted gross income. The distribution shall be allocated first to return of contributions until the contributions included in Minnesota gross income have been exhausted. This subtraction applies only to contributions made in a taxable year prior to 1985;

(5) income as provided under section 290.0802;

(6) the amount of unrecovered accelerated cost recovery system deductions allowed under subdivision 19g;

(7) to the extent included in federal adjusted gross income, income realized on disposition of property exempt from tax under section 290.491; and

(8) to the extent not deducted in determining federal taxable income, the amount paid for health insurance of self-employed individuals as determined under section 162(l) of the Internal Revenue Code, except that the 25 percent limit does not apply. If the taxpayer deducted insurance payments under section 213 of the Internal Revenue Code of 1986, the subtraction under this clause must be reduced by the lesser of:

(i) the total itemized deductions allowed under section 63(d) of the Internal Revenue Code, less state, local, and foreign income taxes deductible under section 164 of the Internal Revenue Code and the standard deduction under section 63(c) of the Internal Revenue Code; or

(ii) the lesser of (A) the amount of insurance qualifying as "medical care" under section 213(d) of the Internal Revenue Code to the extent not deducted under section 162(l) of the Internal Revenue Code or excluded from income or (B) the total amount deductible for medical care under section 213(a); and

(9) *the amount paid by an individual for premiums for long-term care policies. The premiums must have been paid during the taxable year for long-term care policies as defined in section 62A.46, subdivision 2; the individual or the individual's spouse or parent must be the insured person under the policy as defined in section 62A.46, subdivision 9; and the policy must be issued by a qualified insurer as defined in section 62A.46, subdivision 6, and must satisfy the requirements of sections 62A.46 to 62A.56."*

Subdivision 1. [LICENSE REQUIRED.] A person must not engage in business as a video lottery machine manufacturer, distributor, operator, or licensed establishment in this state without a license from the director under this section.

Subd. 2. [CONDITION ON LICENSED ESTABLISHMENTS.] (a) As a condition of the issuance of a license under this article, a licensed establishment, which as of March 31, 1993, leases space in the licensed establishment to an organization licensed to conduct lawful gambling under Minnesota Statutes, chapter 349, must continue to lease space to a licensed organization for the duration of the license of the licensed establishment.

(b) Any licensed establishment in which a video lottery machine is placed and operated must provide training to its employees for the recognition and prevention of compulsive gambling in accordance with standards established by the director.

Subd. 3. [PROHIBITIONS.] (a) A video lottery machine manufacturer must not sell, offer for sale, or furnish a video lottery machine for use in this state to a person who is not a video lottery machine distributor licensed by the director.

business in this state in an amount determined by the director conditioned on compliance by the applicant with the provisions of the license. The bond required by this subdivision must be kept in full force during the period covered by the license.

(b) Upon receipt of the application, the bond in proper form, and payment of the license fee required under this section, the director must issue a license, in a form prescribed by the director, to the applicant unless the director determines that the applicant is otherwise unqualified. A refusal to issue a license is a contested case under Minnesota Statutes, sections 14.57 to 14.69.

(c) The license permits the applicant to whom it is issued to engage in business as a video lottery machine manufacturer, distributor, operator, or licensed establishment at the place of business shown in the application. The director must assign a license number to each licensee when the initial license is issued. The license number must be inscribed on all licenses issued to a manufacturer, distributor, operator, or licensed establishment.

Subd. 5. [QUALIFICATIONS.] (a) A license may not be issued under this section to a video lottery machine manufacturer, distributor, operator, or licensed establishment that has as a partner, officer, director, other person in a supervisory or management position, or employee eligible to make sales on behalf of the applicant, a person who has either: (1) for a license for a video lottery machine operator or a licensed establishment, within the previous five years been convicted of a felony or gross misdemeanor, a crime involving fraud or misrepresentation, a gambling-related offense or owes \$500 or more in delinquent taxes as defined in Minnesota Statutes, section 270.72; or (2) for a license for a video lottery manufacturer or distributor, fails to satisfy the requirements contained in Minnesota Statutes, section 299L.07, subdivision 3.

Subd. 6. [LICENSE FEES.] The annual license fees for video lottery machine manufacturers, distributors, operators, and licensed establishments are:

- (1) \$5,000 for a video lottery machine manufacturer's license;
- (2) \$5,000 for a video lottery machine distributor's license;
- (3) \$1,000 for a video lottery machine operator's license for up to 25 licensed machines and \$100 per licensed machine thereafter; and
- (4) \$100 for a retailer at whose establishment a video lottery machine is located.

The fees collected in this subdivision shall be deposited in the lottery fund and used to pay for the costs of conducting background investigations for licensees.

A license issued under this section is not transferable or assignable without the express written consent of the director.

Subd. 7. [RECORDS.] *(a) Manufacturers, distributors, and operators of video lottery machines must maintain a record of all video lottery machines sold or purchased. The record must include:*

(3) the registration number of the video lottery machine; and

(4) the date of sale.

(b) The invoice for each sale must be retained for at least three years after the sale is completed and a copy of the invoice is delivered to the director. For purposes of this subdivision, a sale is completed when the video lottery machine is physically delivered to the purchaser.

(c) Manufacturers and distributors must report monthly to the director, in a form the director prescribes, their sales of each type of video lottery machine. The director or the director of gambling enforcement may inspect or cause to have inspected the books, records, and other documents of a manufacturer or distributor at any reasonable time without notice and without a search warrant.

Subd. 8. [LOCAL LICENSE.] *No political subdivision may require a local license to operate a video lottery machine, restrict or regulate the placement of a video lottery machine, or impose a tax or fee on the operation of video lottery machine except as specifically permitted under section 28.*

Sec. 16. [INVESTIGATION FEE.]

The director may charge a nonrefundable investigation fee to a person applying for a license as a video lottery machine manufacturer, distributor, operator, or licensed establishment in an amount sufficient to cover the cost of making the investigation required by section 4. The director may also charge a nonrefundable fee for an annual investigation of a licensee. Any fee collected under this section must be deposited into the lottery fund.

Sec. 17. [MAINTENANCE LOG FORMS REQUIRED.]

A written maintenance log must be kept in the main cabinet access area of a video lottery machine. Every person, including lottery and law enforcement personnel, who gains entry into an internal space of a video lottery machine must sign the log, indicate the time and date of entry, indicate the mechanical meter readings, and list the area inspected or repaired. The maintenance log forms must be obtained from the director and retained by operators for a period of three years from the date of the last entry. The maintenance logs must be available for inspection by the director upon request.

Sec. 18. [KEYS TO MACHINES.]

An operator must provide to the director master keys in a number determined by the director for access to the main cabinet door and locked logic area of a machine placed in operation.

Sec. 19. [NOTIFICATION OF REPAIRS TO THE LOGIC AREA.]

A repair to the logic board or circuitry within the logic area must be reported by the operator to the director immediately upon completion of the repair. The operator must also submit a written report of the repair to the director within 24 hours. If a logic board is replaced, the report must include the serial number of the replacement board.

Sec. 20. [NOTIFICATION OF BROKEN SEALS ON LOGIC BOARD.]

The eproms on the logic board of a video lottery machine must be sealed by the lottery after initial inspection. An operator must inform the director in writing of a break or tear in the sealed tape noticed during routine maintenance checks that were not the result of a repair under section 19.

Sec. 21. [PAYMENT FOR CREDITS.]

(a) A licensed establishment must pay for all credits won in the operation of the video lottery machine upon presentment of a valid credit receipt displaying the credits awarded to the player. The establishment must not pay a player on the basis of a credit receipt that has been defaced or tampered with. Upon payment to the player, the establishment must immediately cancel the credit receipt in a manner that prevents its reuse.

(b) The licensed establishment is responsible for accounting for all disbursements paid for credits won by the player and must supply that information to the director and to the operator.

(c) The operator is responsible for accounting to the establishment and to the director the machine income and must remit to the director the state's percentage of net machine income within the time periods required.

(d) Notwithstanding Minnesota Statutes, section 349A.08, subdivision 8, the director shall not be required to report to the department of revenue the name, address, and social security number of a winner of a prize from the operation of a video lottery machine.

(e) The director, board member, an employee of the state lottery, or a member of the immediate family of the director, board member, or employee of the state lottery residing in the same household, may not play a game on a video lottery machine or receive a prize from a video lottery machine.

Sec. 22. [RESTRICTION ON PAYMENT OF CREDITS.]

A licensed establishment may redeem credit receipts only for credits awarded on video lottery machines located on its premises. A credit receipt must be presented for payment before the close of business on the date the credit receipt was printed. Neither the lottery nor the state is liable for the payment of credits on valid credit receipts. A credit receipt redeemed by a licensed establishment must be marked or defaced in a manner that prevents subsequent presentment and payment.

Sec. 23. [LIABILITY FOR MACHINE MALFUNCTION.]

Neither the lottery nor the state is responsible for a machine malfunction that causes credits to be wrongfully awarded or denied to players. The operator is solely responsible for a wrongful award or denial of credits. An operator's liability is limited to the number of credits for the game displayed

in the game rules and may not be greater than \$1,000 for any succession of games played.

Sec. 24. [PROHIBITION.]

A distributor or operator of a video lottery machine must not also be a wholesale distributor of liquor or alcoholic beverages.

Sec. 25. [MULTIPLE TYPES OF LICENSES PROHIBITED.]

A video lottery machine manufacturer must not be licensed as a video lottery machine distributor or operator or own, manage, or control a licensed establishment. A video lottery machine distributor must not be licensed as a video lottery machine operator or own, manage, or control a licensed establishment. A video lottery machine operator must not be licensed as a video lottery machine manufacturer or distributor. An owner or manager of a licensed establishment must not be licensed as a video lottery machine manufacturer or distributor.

Sec. 26. [RULES FOR PLACEMENT OF VIDEO LOTTERY MACHINES; NUMBER LIMITED; SECURITY.]

Subdivision 1. [NUMBER OF MACHINES.] A maximum of two video lottery machines may be placed in a licensed establishment. The placement of a video lottery machine in a licensed establishment is subject to the rules of the director.

Subd. 2. [SECURITY.] The licensed establishment is required to install a camera surveillance system.

Sec. 27. [HOURS OF OPERATIONS OF MACHINES.]

A video lottery machine may be played only during the legal hours for on-sale consumption of alcoholic beverages as provided in Minnesota Statutes, chapter 340A.

Sec. 28. [VIDEO LOTTERY MACHINE INCOME; NET MACHINE INCOME TAX; PENALTIES.]

(a) The percentages of the net machine income required to be remitted to the director from the operation of a video lottery machine referred to in this section constitute a trust fund until paid to the director. The licensed establishment and the video lottery machine operator are jointly and severally liable for the state's share of the net machine income. In any claim for net machine income the state shall have priority for its share over any other claim.

(b) The state shall impose a tax on the net machine income in the amount of 30 percent. Of the tax imposed by the state, the director must remit to the state department of revenue from the lottery fund an amount equivalent to 2-1/2 percent of that tax which shall be directed to the commissioner of human services for the compulsive gambling treatment program as provided in Minnesota Statutes, section 245.98. Thirty-three percent of the tax imposed by the state shall be dedicated for property tax relief.

(c) Any organization licensed under Minnesota Statutes, chapter 349, and conducting lawful gambling in the licensed establishment is entitled to ten percent of the net machine income from the operation of a video lottery machine. A local statutory or home rule charter city or county may require by ordinance that the organization contribute up to ten percent of the amount of

net machine income the organization receives to a fund administered and regulated by the responsible local unit of government for disbursement by the responsible local unit of government for lawful purposes contributions or expenditures, as defined in Minnesota Statutes, section 349.12, subdivision 25, paragraph (a). If there is no organization conducting lawful gambling at the licensed establishment, the ten percent shall be remitted to the local statutory or home rule charter city or county in which the licensed establishment is located for the purpose of economic development within that jurisdiction.

(d) The tax imposed by the state and the percentage under paragraph (c) of net machine income must be reported and remitted to the director on the days determined by the director. The amount remitted to the director under this paragraph must be deposited into the lottery fund. The amount required to be remitted under paragraph (b) shall be included in the calculation of gross revenue under Minnesota Statutes, chapter 349A.

(e) An operator who falsely reports or fails to report the amount due as required by this section is guilty of a misdemeanor and is subject to termination of the operator's license.

(f) An operator must keep a record of net machine income in the form the director requires. A payment not remitted when due must be paid together with a penalty assessment on the unpaid balance at a rate of 1-1/2 percent per month.

(g) The operator of a video lottery machine shall be entitled to 70 percent of net machine income as commission. Any amount due an organization under paragraph (c) and to a licensed establishment under a location agreement shall be paid by the operator solely and exclusively from commission retained by the operator under this paragraph.

(h) Notwithstanding Minnesota Statutes, section 297A.02, sales of plays on a video lottery machine are exempt from the sales tax imposed in that section.

Sec. 29. [REMITTANCE THROUGH ELECTRONIC TRANSFER OF FUNDS.]

The operator of a video lottery machine must remit the state's percentage of net machine income and the amount required to be remitted under section 28, paragraph (c), through the electronic transfer of funds. The operator must furnish to the director all information and bank authorizations required to facilitate timely payment to the director. The operator must provide the director 30 days' advance notice of a proposed account change to ensure the uninterrupted electronic transfer of funds.

Sec. 30. [INTEREST ON LATE PAYMENT OR INSUFFICIENT FUNDS PAYMENT.]

An operator must maintain a balance in its account in an amount to cover the state's percentage of net machine income set forth in section 28. If an operator fails to maintain a balance in the account as required by this section, the director must assess interest at the rate of 1-1/2 percent per month on the unpaid balance. If an operator fails to remit full payment, including interest, before the next payment date, the director may disable the machine and prevent further play, suspend or revoke the operator's license, or impose a civil fine.

Sec. 31. [AUDIT TAPE.]

An operator must retain an audit tape that records an exact duplicate of tickets printed and transactions recorded in the video lottery machine. The audit tape must be kept for a period of three years, identified by machine, and stored in a secure area.

Sec. 32. [INCOME RECORD KEEPING.]

An operator must keep accurate records of net machine income generated from a machine. The director must prepare and mail to the operator a statement reflecting the net machine income and the state's percentage of that amount before the date payment is remitted through the electronic transfer of funds. An operator must report to the director any discrepancies in net machine income between the lottery's statement and a machine's mechanical and electronic meter readings. The director is not responsible for resolving discrepancies in net machine income between actual money collected and the amount shown on the accounting meters or billing statement. In the event of a discrepancy, the operator must submit to the director information, including, without limitation, current mechanical meter readings and the audit ticket that contains electronic meter readings generated by the machine's software, necessary to resolve the discrepancy.

Sec. 33. [REQUEST FOR REPORTS.]

An operator may request, and the director must supply to the extent available, additional reports on play transactions of a video lottery machine and other marketing information not considered confidential by the director. The director may charge a fee for the cost of producing and mailing the reports and information.

Sec. 34. [REVOCAION, SUSPENSION, AND REFUSAL TO RENEW LICENSES.]

(a) The director must revoke the license of a video lottery machine manufacturer, distributor, operator, or licensed establishment that:

(2) violates a law or a rule or order of the director;

(3) fails to comply with any of the terms in the license;

(4) fails to comply with bond requirements under section 15, subdivision 4; or

(5) has violated Minnesota Statutes, section 340A.503, subdivision 2, clause (1), two or more times within a two-year period.

(c) The director may also revoke, suspend, or refuse to renew a license of a video lottery machine manufacturer, distributor, operator, or licensed establishment if there is a material change in any of the factors considered by the director under section 15, subdivision 5.

(d) A license cancellation, suspension, or refusal to renew under this subdivision is a contested case under Minnesota Statutes, sections 14.57 to 14.69, and is in addition to any criminal penalties provided for a violation of law or rule.

(e) The director may temporarily suspend a license without notice for any of the reasons specified in this section provided that a hearing is conducted within seven days after a request for a hearing is made by a licensee. Within 20 days after receiving the administrative law judge's report, the director shall issue an order vacating the temporary suspension or making any other appropriate order. If no hearing is requested within 30 days of the temporary suspension taking effect, the director may issue an order making the suspension permanent.

Subd. 2. [GAMBLING DEVICE.] Notwithstanding Minnesota Statutes, section 609.75, subdivision 4, a gambling device does not include a video lottery machine operated by the state lottery under this article.

Subd. 3. [VIDEO LOTTERY MACHINE.] Minnesota Statutes, sections 609.755 and 609.76, do not prohibit the manufacture, sale, placement, or operation of a video lottery machine under this article.

Sec. 37. [AGE.]

(a) A licensed establishment must not allow a person under the age of 21 to operate a video lottery machine.

(b) A person under the age of 21 must not operate a video lottery machine.

(c) It is an affirmative defense under paragraph (a) for the licensed establishment to prove by a preponderance of the evidence that the licensed establishment reasonably and in good faith relied on representation of proof of age described in Minnesota Statutes, section 340A.503, subdivision 6, in allowing the operation of the video lottery machine.

Sec. 38. [SERVICE AND REPAIR; TRAINING.]

"ARTICLE 1

GENERAL EDUCATION REVENUE

Section 1: Minnesota Statutes 1992, section 16A.1541, is amended to read:
16A.1541 [ADDITIONAL REVENUES; PRIORITY.]

If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget and cash flow reserve account until the total amount in the account equals five percent of total general fund appropriations for the current biennium as established by the most recent legislative session. Beginning in November 1990, forecast unrestricted budgetary general fund balances are first appropriated to the department of education for the purpose of section 124A.226. Additional money may be used to restore the budget and cash flow reserve account to \$550,000,000 and then to reduce the property tax levy recognition percent under section 121.904, subdivision 4a, to 27 percent before money is

allocated to the budget and cash flow reserve account under the preceding sentence.

The amounts necessary to meet the requirements of this section are appropriated from the general fund.

Sec. 2, Minnesota Statutes 1992, section 121.904, subdivision 4a, is amended to read:

Subd. 4a. [LEVY RECOGNITION.] (a) "School district tax settlement revenue" means the current, delinquent, and manufactured home property tax receipts collected by the county and distributed to the school district, including distributions made pursuant to section 279.37, subdivision 7, and excluding the amount levied pursuant to sections 124.2721, subdivision 3; 124.575, subdivision 3; and 124.914, subdivision 1; and Laws 1976, chapter 20, section 4.

(b) In June of each year, the school district shall recognize as revenue, in the fund for which the levy was made, the lesser of:

(1) the May, June, and July school district tax settlement revenue received in that calendar year; or

(2) the sum of the state aids and credits enumerated in section 124.155, subdivision 2, which are for the fiscal year payable in that fiscal year plus an amount equal to the levy recognized as revenue in June of the prior year plus 50.0 percent of the amount of the levy certified in the prior calendar year according to section 124A.03, subdivision 2, plus or minus auditor's adjustments, not including levy portions that are assumed by the state; or

(3) 50.0 percent of the amount of the levy certified in the prior calendar year, plus or minus auditor's adjustments, not including levy portions that are assumed by the state, which remains after subtracting, by fund, the amounts levied for the following purposes:

(i) reducing or eliminating projected deficits in the reserved fund balance accounts for unemployment insurance and bus purchases;

(ii) statutory operating debt pursuant to section 124.914, subdivision 1, and Laws 1976, chapter 20, section 4; and

(iii) retirement and severance pay pursuant to sections 122.531, subdivision 9, 124.2725, subdivision 15, 124.4945, 124.912, subdivision 1, and 124.916, subdivision 3, and Laws 1975, chapter 261, section 4; and

(iv) amounts levied for bonds issued and interest thereon, amounts levied for debt service loans and capital loans, amounts levied for down payments under section 124.82, subdivision 3, and amounts levied pursuant to section 136C.411; and

(d) All other school district tax settlement revenue shall be recognized as revenue in the fiscal year of the settlement. Portions of the school district levy assumed by the state, including prior year adjustments and the amount to fund

the school portion of the reimbursement made pursuant to section 273.425, shall be recognized as revenue in the fiscal year beginning in the calendar year for which the levy is payable.

Sec. 3. Minnesota Statutes 1992, section 124.17, subdivision 1, is amended to read:

Subdivision 1. [PUPIL UNIT.] Pupil units for each resident pupil in average daily membership shall be counted according to this subdivision.

(a) A prekindergarten pupil with a disability who is enrolled for the entire fiscal year in a program approved by the commissioner and has an individual education plan that requires up to 437 hours of assessment and education services in the fiscal year is counted as one-half of a pupil unit. If the plan requires more than 437 hours of assessment and education services, the pupil is counted as the ratio of the number of hours of assessment and education service to 875, but not more than one.

(b) A prekindergarten pupil with a disability who is enrolled for less than the entire fiscal year in a program approved by the commissioner is counted as the greater of:

Subd. 4. (a) In a school where the number of instructional hours in the school day is greater than the number of instructional hours prescribed in the rules of the state board for the school day, the excess number of instructional hours for those days may be included in calculating the required number of days school is in session for purposes of fulfilling the requirements of subdivision 1, provided that the school is in session for not less than 160 days during the school year, ~~and provided that no.~~

(b) Instructional hours ~~are included~~ from half-day sessions or any school day which has ~~less fewer~~ instructional hours than the number of instructional hours prescribed in the rules of the state board *must not be included without approval from the commissioner of education.*

Sec. 5. [124.755] [STATE PAYMENT OF DEBT OBLIGATION UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the term "debt obligation" means either a tax or aid anticipation certificate of indebtedness, a general obligation bond, or a certificate of participation in lease purchase obligations, as appropriate.

Subd. 2. [NOTIFICATIONS; PAYMENT; APPROPRIATION.] (a) If a school district believes that it may be unable to make a principal or interest payment on any outstanding debt obligation on the date that payment is due, it must notify the commissioner of education of that fact as soon as possible, but not less than 15 working days before the date that principal or interest payment is due. The notice shall include the name of the school district, an identification of the debt obligation issue in question, the date the payment is due, the amount of principal and interest due on the payment date, the amount of principal or interest that the school district will be unable to repay on that date, the paying agent for the debt obligation, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a payment is being requested by the district under this section. If a paying agent becomes aware of a potential default, it shall inform the commissioner of education of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner of education shall notify the commissioner of finance of the potential default. Upon receipt of this notice from the commissioner of education, which must include a final figure as to the amount due that the school district will be unable to repay on the date due, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for the debt obligation the specified amount on or before the date due subject to the availability of appropriations. The amounts needed for the purposes of this subdivision are annually appropriated to the department of education from the state general fund. The obligation of the state under this subdivision shall constitute a current expense of the state for each fiscal year and does not constitute or create a general or moral obligation or indebtedness of the state within the meaning of the Constitution and laws of the state in excess of the money from time to time appropriated and the state has no continuing obligation to appropriate money for payments under this subdivision.

(b) The departments of education and finance shall jointly develop detailed procedures for school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to

expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 3. [SCHOOL DISTRICT BOUND; INTEREST RATE ON STATE PAID AMOUNT.] *If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's debt obligation on a specific date, the school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the state treasurer's invested cash rate as it is certified by the commissioner of finance. Interest shall only accrue on the amounts paid and outstanding less the reduction in aid under subdivision 4 and other payments received from the district.*

Subd. 4. [PLEDGE OF DISTRICT'S FULL FAITH AND CREDIT.] *If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's debt obligation on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district to repay the principal and interest due on those debt obligations shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district to repay to the state the amount paid, with interest. Amounts paid by the state shall be repaid in the order in which the state payments were made.*

Subd. 5. [AID REDUCTION FOR REPAYMENT.] *Except as provided in this subdivision, the state shall reduce the state aid payable to the school district under chapters 124, 124A, and 273, according to the schedule in section 124.155, subdivision 2, by the amount paid by the state under this section on behalf of the school district, plus the interest due on it, and the amount reduced shall revert from the appropriate account to the state general fund. Payments from the school endowment fund or any federal aid payments shall not be reduced. If, after review of the financial situation of the school district, the commissioner of education advises the commissioner of finance that a total reduction of the aids would cause an undue hardship on or an undue disruption of the educational program of the school district, the commissioner of education, with the approval of the commissioner of finance, may establish a different schedule for reduction of those aids to repay the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the school district from other revenue sources.*

Subd. 6. [TAX LEVY FOR REPAYMENT.] (a) *With the approval of the commissioner of education, a school district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. The proceeds of this levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. The amount of aids to be reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95.*

(b) *If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state*

makes the payment, the commissioner of education must require the school district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. To prevent undue hardship, the commissioner may allow the district to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95 or any successor provision. A levy under this subdivision must be explained as a specific increase at the meeting required under section 275.065, subdivision 6.

Subd. 7. [ELECTION AS TO MANDATORY APPLICATION.] A school district may covenant and obligate itself, prior to the issuance of an issue of debt obligations, to notify the commissioner of education of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those debt obligations when due. If the school district obligates itself to be bound by this section, it shall covenant in the resolution that authorizes the issuance of the debt obligations to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner of education under subdivision 1 that it will be unable to make all or a portion of that payment. A school district that has obligated itself shall include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner of education if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent. If a school district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of debt obligations, the provisions of this section shall be binding as to that issue as long as any debt obligation of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of debt obligations and a district is unable to make payments on one or more of those issues, it shall continue to make payments on the remaining issues.

Subd. 8. [MANDATORY PLAN; TECHNICAL ASSISTANCE.] If the state makes payments on behalf of a district under this section or the district defaults in the payment of principal or interest on an outstanding debt obligation, it shall submit a plan to the commissioner of education for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department shall provide technical assistance to the school district in preparing its plan. If the commissioner determines that a school district's plan is not adequate, the commissioner shall notify the school district that the plan has been disapproved, the reasons for the disapproval, and that the state shall not make future payments under this section for debt obligations issued after the date specified in that notice until its plan is approved. The commissioner may also notify the school district that until its plan is approved, other aids due the district will be withheld after a date specified in the notice.

Sec. 6. Minnesota Statutes 1992, section 124A.02, is amended by adding a subdivision to read:

Subd. 15a. [MARGINAL COST PUPIL UNIT.] 'Marginal cost pupil units' means the sum of .77 times the pupil units identified in section 124.17, subdivision 1, for the current school year and .23 times the pupil units for the previous school year.

Sec. 7. Minnesota Statutes 1992, section 124A.03, subdivision 1e, is amended to read:

Sec. 8. Minnesota Statutes 1992, section 124A.03, subdivision 1f, is amended to read:

Subd. 1f. [REFERENDUM EQUALIZATION REVENUE.] A district's referendum equalization revenue equals ~~ten percent of the formula allowance~~ \$315 times the district's actual pupil units for that year.

Referendum equalization revenue must not exceed a district's ~~referendum revenue allowance times the district's actual pupil units total referendum revenue~~ for that year.

Sec. 9. Minnesota Statutes 1992, section 124A.03, subdivision 1g, is amended to read:

Subd. 1g. [REFERENDUM EQUALIZATION LEVY.] A district's referendum equalization levy equals the district's referendum equalization revenue times the lesser of one or the ratio of the district's adjusted net tax capacity per actual pupil unit to ~~50~~ 100 percent of the equalizing factor as defined in section 124A.02, subdivision 8.

Sec. 10. Minnesota Statutes 1992, section 124A.03, is amended by adding a subdivision to read:

Subd. 3b. [REFERENDUM ALLOWANCE REDUCTION.] (a) For a district with a referendum allowance greater than 30 percent of the formula allowance, the referendum allowance reduction equals one-fourth of the difference between:

(1) the sum of difference between (i) the district's training and experience revenue and compensatory education revenue per actual pupil unit for that fiscal year and (ii) the district's training and experience and compensatory education revenue per actual pupil unit for fiscal year 1994; and

(2) the amount of the supplemental allowance reduction according to section 124A.22, subdivision 8b, but not more than a district's referendum allowance.

(b) A district's referendum allowance reduction must not exceed the difference between the district's referendum allowance and 30 percent of the formula allowance.

Sec. 11. [124A.038] [DISCRETIONARY REVENUE.]

Subdivision 1. [DISCRETIONARY REVENUE ALLOWANCE.] A district's discretionary revenue allowance equals the discretionary revenue authority for that year divided by its actual pupil units for that school year. A district's discretionary revenue allowance must not exceed 30 percent of the formula allowance for the fiscal year for which it is attributable. A district that qualifies for sparsity revenue under section 124A.22 is not subject to a discretionary revenue allowance limit.

Subd. 1e. [TOTAL DISCRETIONARY REVENUE.] The total discretionary revenue for each district equals the district's discretionary revenue allowance times the actual pupil units for the school year.

Subd. 2. [DISCRETIONARY REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be conducted during the calendar year before the increased revenue, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual-pupil unit, the estimated income tax rate as a percentage of taxable personal income in the first year it is to be applied, and that the revenue shall be used to finance school operations. The ballot may state that existing discretionary revenue authority or referendum revenue authority is expiring. In this case, the ballot may also compare the proposed income tax authority to the existing expiring income or property tax authority, and express the proposed increase as the amount, if any, over the expiring discretionary or referendum revenue authority. The ballot shall designate the specific number of years, not to exceed five, for which the discretionary revenue authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of, independent school district No. ..., be approved?"

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the revenue is authorized for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first-class mail at least 15 days but no more than 30 days prior to the day of the referendum to each residential address in the school district, a notice of the referendum and the proposed revenue increase. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical family incomes within the school district.

The notice for a referendum may state that an existing discretionary or referendum revenue authority is expiring and project the anticipated amount of increase over the existing discretionary income tax or referendum property tax, if any, in annual dollars and annual percentage for typical family incomes within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your personal income taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the revenue amount must be based upon the amount per actual pupil unit that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a), must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first-class mail at least 20 days before the referendum.

Subd. 2b. [REFERENDUM DATE.] In addition to the referenda allowed in subdivision 2, clause (a), the commissioner may authorize a referendum for a different day.

(a) The commissioner may grant authority to a district to hold a referendum on a different day if the district is in statutory operating debt and has an approved plan or has received an extension from the department to file a plan to eliminate the statutory operating debt.

(b) The commissioner must approve, deny, or modify each district's request for a referendum levy on a different day within 60 days of receiving the request from a district.

Sec. 12. Minnesota Statutes 1992, section 124A.04, subdivision 2, is amended to read:

Subd. 2. [1993 AND LATER.] The training and experience index for fiscal year 1993 and later fiscal years must be constructed in the following manner:

(a) The department shall construct a matrix that classifies teachers by the extent of training received in accredited institutions of higher education and

by the years of experience that districts take into account in determining teacher salaries.

(b) The average salary for each cell of the matrix must be computed as follows using data from the second year of the previous biennium:

(1) For each school district, multiply the salary paid to full-time equivalent teachers with that combination of training and experience according to the district's teacher salary schedule by the number of actual pupil units in that district.

(2) Add the amounts computed in clause (1) for all districts in the state and divide the resulting sum by the total number of actual pupil units in all districts in the state that employ teachers.

(c) For each cell in the matrix, compute the ratio of the average salary in that cell to the average salary for all teachers in the state. Cells of the matrix in lanes beyond the master's degree plus 30 credits lane must receive the same ratio as the cells in the master's degree plus 30 credits lane.

(d) The index for each district that employs teachers equals the sum of the ratios for each teacher in that district divided by the number of teachers in that district. The index for a district that employs no teachers is zero.

Sec. 13. Minnesota Statutes 1992, section 124A.22, subdivision 4, is amended to read:

Subd. 4. [TRAINING AND EXPERIENCE REVENUE.] (a) For fiscal year 1992, The *previous formula* training and experience revenue for each district equals the greater of zero or the result of the following computation:

(1) subtract 1.6 from the training and experience index;

(2) multiply the result in clause (1) by the product of \$700 times the *actual marginal cost* pupil units for the school year.

(b) For 1993 and later fiscal years, The maximum training and experience revenue for each district equals the greater of zero or the result of the following computation:

(1) subtract .8 from the training and experience index;

(2) multiply the result in clause (1) by the product of \$575 times the *actual marginal cost* pupil units for the school year.

(c) For 1993 and later fiscal years, the *previous formula* training and experience revenue for each district equals the amount of training and experience revenue computed for that district according to the formula used to compute training and experience revenue for fiscal year 1992.

(d) For fiscal year 1993, the training and experience revenue for each district equals the district's *previous formula* training and experience revenue plus one-fourth of the difference between the district's maximum training and experience revenue and the district's *previous formula* training and experience revenue.

(e) For fiscal year 1994, the training and experience revenue for each district equals the district's *previous formula* training and experience revenue plus one-half of the difference between the district's maximum training and

experience revenue and the district's previous formula training and experience revenue.

(f) (d) For fiscal year 1995, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus three-fourths of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.

(g) (e) For fiscal year 1996 and thereafter, the training and experience revenue for each district equals the district's maximum training and experience revenue.

Sec. 14. Minnesota Statutes 1992, section 124A.22, subdivision 4a, is amended to read:

Subd. 4a. [TRAINING AND EXPERIENCE LEVY.] A district's training and experience levy equals its training and experience revenue times the lesser of one or the ratio of the district's adjusted net tax capacity per actual marginal cost pupil unit for the year before the year the levy is certified to the equalizing factor for the school year to which the levy is attributable.

Sec. 15. Minnesota Statutes 1992, section 124A.22, subdivision 5, is amended to read:

Subd. 5. [DEFINITIONS.] The definitions in this subdivision apply only to subdivisions 6 and 6a.

(a) "High school" means a secondary school that has pupils enrolled in at least the 10th, 11th, and 12th grades. ~~If there is no secondary school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, the commissioner shall designate one school in the district as a high school for the purposes of this section.~~

(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of resident pupils in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of resident pupils in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district.

(d) "Isolation index" for a high school means the square root of one-half the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means an elementary school that is located 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of resident pupils in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school.

Sec. 16. Minnesota Statutes 1992, section 124A.22, subdivision 6, is amended to read:

Subd. 6. [SECONDARY SPARSITY REVENUE.] (a) A district's secondary sparsity revenue for a school year equals the sum of the results of the following calculation for each qualifying high school in the district:

- (1) the formula allowance for the school year, multiplied by
- (2) the secondary average daily membership of the high school, multiplied by
- (3) the quotient obtained by dividing 400 minus the secondary average daily membership by 400 plus the secondary daily membership, multiplied by
- (4) the lesser of one or the quotient obtained by dividing the isolation index minus 23 by ten.

(b) A newly formed school district that is the result of districts combining under the cooperation and combination program or consolidating under section 122.23, shall receive secondary sparsity revenue equal to the greater of: (1) the amount calculated under paragraph (a) for the combined district; or (2) the sum of the amounts of secondary sparsity revenue the former school districts had in the year prior to consolidation, increased for any subsequent changes in the secondary sparsity formula.

Sec. 17. Minnesota Statutes 1992, section 124A.22, is amended by adding a subdivision to read:

Subd. 8a. [INITIAL SUPPLEMENTAL ALLOWANCE.] A district's initial supplemental allowance for 1995 and later fiscal years equals the sum of the following amounts:

- (1) the district's minimum allowance, plus

- (3) the sum of its basic revenue, previous formula compensatory education revenue, previous formula training and experience revenue, secondary sparsity revenue, and elementary sparsity revenue per marginal cost pupil unit for that fiscal year.

Sec. 18. Minnesota Statutes 1992, section 124A.22, is amended by adding a subdivision to read:

Subd. 8b. [SUPPLEMENTAL ALLOWANCE REDUCTION.] (a) If a district's initial supplemental allowance for 1995 or a later fiscal year is less than \$250, the district's supplemental allowance reduction equals one-fourth of the difference between (1) the sum of the district's training and experience revenue and compensatory education revenue per marginal cost pupil unit for that fiscal year and (2) the sum of the district's training and experience

revenue and compensatory education revenue per marginal cost pupil unit for fiscal year 1994.

(b) If a district's initial supplemental allowance is greater than \$250, the district's supplemental allowance reduction equals the greater of:

(1) an amount equal to the lesser of (i) the district's initial supplemental allowance minus \$250, or (ii) the sum of (A) the difference between the district's training and experience revenue and its previous formula training and experience revenue per marginal cost pupil unit for that fiscal year and (B) the difference between the district's compensatory education revenue and its previous formula compensatory education per marginal cost pupil unit for that fiscal year, or

(2) an amount equal to one-fourth of the difference between (i) the sum of the district's training and experience revenue and compensatory education revenue per marginal cost pupil unit for that fiscal year and (ii) the sum of the district's training and experience revenue and compensatory education revenue per marginal cost pupil unit for fiscal year 1994, but not greater than the district's initial supplemental allowance for that fiscal year.

Sec. 19. Minnesota Statutes 1992, section 124A.22, is amended by adding a subdivision to read:

Subd. 8c. [SUPPLEMENTAL ALLOWANCE.] For 1995 and later fiscal years, a district's supplemental allowance equals its initial supplemental allowance minus its supplemental allowance reduction.

Sec. 20. Minnesota Statutes 1992, section 124A.22, is amended by adding a subdivision to read:

Subd. 8d. [SUPPLEMENTAL REVENUE.] A district's supplemental revenue is equal to the district's supplemental allowance times its marginal cost pupil units.

Sec. 21. Minnesota Statutes 1992, section 124A.22, is amended by adding a subdivision to read:

Subd. 8e. [SUPPLEMENTAL LEVY.] To obtain supplemental revenue, a district may levy an amount not more than the product of its supplemental revenue for the school year times the lesser of one or the ratio of its general education levy to its general education revenue, excluding training and experience revenue and supplemental revenue, for the same year.

Sec. 22. Minnesota Statutes 1992, section 124A.22, is amended by adding a subdivision to read:

Subd. 8f. [SUPPLEMENTAL AID.] A district's supplemental aid equals its supplemental revenue minus its supplemental levy times the ratio of the actual amount levied to the permitted levy.

Sec. 23. Minnesota Statutes 1992, section 124A.22, subdivision 9, is amended to read:

Subd. 9. [DEFINITION FOR SUPPLEMENTAL REVENUE.] (a) The definition in this subdivision applies only to ~~subdivision~~ subdivisions 8 and 8a.

(b) "Minimum allowance" for a district means:

(1) the district's general education revenue for fiscal year 1992, according to subdivision 1; divided by

(2) the district's 1991-1992 actual pupil units.

Sec. 24. [124A.225] [LEARNING AND DEVELOPMENT REVENUE AMOUNT AND USE.]

Subdivision 1. [REVENUE.] Of a district's general education revenue an amount equal to the sum of the number of elementary pupil units defined in section 124.17, subdivision 1, clause (f) and kindergarten pupil units as defined in section 124.17, subdivision 1, clause (e), times .105 for fiscal year 1994 and .114 for fiscal year 1995 and thereafter times the formula allowance must be reserved according to this section. The revenue must be placed in a learning and development reserved account and may only be used according to this section.

Subd. 2. [INSTRUCTOR DEFINED.] Primary instructor means a public employee licensed by the board of teaching whose duties are full-time instruction, excluding a teacher for whom categorical aids are received pursuant to sections 124.273 and 124.32. Except as provided in section 125.230, subdivision 6, instructor does not include supervisory and support personnel; as defined in section 125.03. An instructor whose duties are less than full-time instruction must be included as an equivalent only for the number of hours of instruction.

Subd. 3. [INSTRUCTION CONTACT TIME.] Instruction may be provided by a primary instructor, by a team of instructors, or by teacher resident supervised by a primary instructor. The district must maximize instructor to learner average instructional contact time.

Subd. 4. [REVENUE USE.] Revenue shall be used to reduce and maintain the district's instructor to learner ratios in kindergarten through grade 6 to a level of 1 to 17. The district must prioritize the use of the revenue to attain this level initially in kindergarten and then through the subsequent grades as revenue is available. The revenue may be used to prepare and use an individualized learning plan for each learner. A district must not increase the district wide instructor-learner ratios in grades 7 through 12 as a result of reducing instructor-learner ratios in kindergarten through grade 6. Revenue may not be used to provide instructor preparation time or to provide the district's share of revenue required under section 124.311.

Subd. 5. [ADDITIONAL REVENUE USE.] If the school board of a school district determines that the district has achieved and is maintaining the instructor-learner ratios specified in subdivision 4 and is using individualized learning plans, the school board may use the revenue to purchase material and services or provide staff development needed for reduced instructor-learner ratios. If additional revenue remains, the district must use the revenue to improve program offerings, including programs provided through interactive television, throughout the district or other general education purposes.

Sec. 25. [124A.226] [AID TO REDUCE SECONDARY INSTRUCTOR-PUPIL RATIOS.]

To the extent revenues are available under section 16A.1541, the commissioner shall allocate aid to school districts on a per secondary pupil basis. The aid must be used by districts to reduce instructor-pupil ratios in secondary grades.

Sec. 26. Minnesota Statutes 1992, section 124A.23, subdivision 1, is amended to read:

Subdivision 1. [GENERAL EDUCATION TAX RATE.] The commissioner shall establish the general education tax rate by July 1 of each year for levies payable in the following year. The general education tax capacity rate shall be a rate, rounded up to the nearest tenth of a percent, that, when applied to the adjusted net tax capacity for all districts, raises the amount specified in this subdivision. The general education tax rate shall be the rate that raises ~~\$916,000,000 for fiscal year 1993 and \$969,800,000 for fiscal year 1994 and \$950,000,000 for fiscal year 1995 and \$1,034,200,000 for fiscal year 1996~~ and later fiscal years. The general education tax rate may not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been established.

Sec. 27. Minnesota Statutes 1992, section 124A.23, subdivision 5, is amended to read:

Subd. 5. [USES OF REVENUE.] *Except as provided in section 24, general education revenue may be used during the regular school year and the summer for general and special school purposes.*

Sec. 28. Minnesota Statutes 1992, section 124A.24, is amended to read:

124A.24 [GENERAL EDUCATION LEVY EQUITY.]

If a district's general education levy is determined according to section 124A.23, subdivision 3, an amount must be deducted from state aid authorized in this chapter and chapters 124 and 124B, receivable for the same school year, and from other state payments receivable for the same school year authorized in chapter 273. The aid in section 124.646 must not be reduced.

The amount of the deduction equals the difference between:

(1) the general education tax rate, according to section 124A.23, times the district's adjusted net tax capacity used to determine the general education aid for the same school year; and

(2) the district's general education revenue, excluding training and experience revenue and supplemental revenue, for the same school year, according to section 124A.22.

~~However, for fiscal year 1992, the amount of the deduction shall be four-sixths of the difference between clauses (1) and (2); and for fiscal year 1993, the amount of the deduction shall be five-sixths of the difference between clauses (1) and (2).~~

Sec. 29. Minnesota Statutes 1992, section 124A.26, subdivision 1, is amended to read:

Subdivision 1. [REVENUE REDUCTION.] A district's general education revenue for a school year shall be reduced if the ~~estimated~~ net unappropriated ~~operating~~ fund balance in the general, transportation, and food service funds as of June 30 in the prior school year exceeds \$600 21 percent of the formula allowance for the current year times the fund balance pupil units in the prior year. For purposes of this subdivision and section 124.243, subdivision 2, fund balance pupil units means the number of resident pupil units in average daily membership, including shared time pupils, according to section 124A.02, subdivision 20, plus

(1) pupils attending the district for which general education aid adjustments are made according to section 124A.036, subdivision 5; minus

(2) the sum of the resident pupils attending other districts for which general education aid adjustments are made according to section 124A.036, subdivision 5, plus pupils for whom payment is made according to section 126.22, subdivision 8, or 126.23. The amount of the reduction shall equal the lesser of:

(1) the amount of the excess; or

(2) \$150 times the ~~actual~~ *marginal cost* pupil units for the school year.

The final adjustment payments made under section 124.195, subdivision 6, must be adjusted to reflect actual net operating fund balances as of June 30 of the prior school year.

Sec. 30. Minnesota Statutes 1992, section 273.1398, subdivision 2a, is amended to read:

Subd. 2a. [EDUCATION LEVY REDUCTION.] (a) As used in this subdivision, "equalized levies" means the sum of the maximum amounts that may be levied for:

(1) general education under section 124A.23, subdivision 2;

(2) supplemental revenue under section 124A.23, subdivision 2a;

(3) capital expenditure facilities revenue under section 124.243, subdivision 3;

(4) capital expenditure equipment revenue under section 124.44, subdivision 2; ~~and~~

(5) basic transportation under section 124.226, subdivision 1; *and*

(6) *referendum revenue under section 124A.03.*

(b) By December 1, the commissioner of education shall determine and certify to the commissioner of revenue the amount of the education levy reduction. The reduction shall be equal to the amount by which:

(1) the amount that would have been computed as the district's total maximum levy for property taxes payable in 1990, if the equalized levies had been based upon the district's adjusted gross tax capacity, the general education tax rate had been 29.1 percent, the taconite levy reduction limit according to section 124.918, subdivision 8, had been 10.22 percent of adjusted gross tax capacity, and the capital expenditure equipment and facilities levies had been calculated using 70 percent of the equalizing factor, exceeds

(2) the amount that would have been computed as the district's total maximum levy for property taxes payable in 1990, if the equalized levies had been based upon the district's adjusted net tax capacity, the general education tax rate had been 29.1 percent, the taconite levy reduction limit according to section 124.918, subdivision 8, had been 10.22 percent of adjusted net tax capacity, and the capital expenditure equipment and facilities levies had been calculated using 70 percent of the equalizing factor.

(c) For property taxes payable in 1990, the amount of the education levy

reduction shall be deducted from the homestead and agricultural credit aid payable to each school district under subdivision 2.

Homestead and agricultural credit aid shall not be reduced below zero.

Sec. 31. Minnesota Statutes 1992, section 275.065, subdivision 6, is amended to read:

Subd. 6. [PUBLIC HEARING; ADOPTION OF BUDGET AND LEVY.] Between November 29 and December 20, the governing bodies of the city and county shall each hold a public hearing to adopt its final budget and property tax levy for taxes payable in the following year, and the governing body of the school district shall hold a public hearing to review its current budget and adopt its property tax levy for taxes payable in the following year.

At the hearing, the taxing authority, other than a school district, may amend the proposed budget and property tax levy and must adopt a final budget and property tax levy, and the school district may amend the proposed property tax levy and must adopt a final property tax levy.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

(1) the amount of a school district levy whose voters approved a referendum to increase taxes under section 124.82, subdivision 3, 124A.03, subdivision 2, 124B.03, subdivision 2, or 136C.411, after the proposed levy was certified;

(2) the amount of a city or county levy approved by the voters after the proposed levy was certified;

(3) the amount of a levy to pay principal and interest on bonds issued or approved by the voters under section 475.58 after the proposed levy was certified;

(4) the amount of a levy to pay costs due to a natural disaster occurring after the proposed levy was certified, if that amount is approved by the commissioner of revenue under subdivision 6a;

(5) the amount of a levy to pay tort judgments against a taxing authority that become final after the proposed levy was certified, if the amount is approved by the commissioner of revenue under subdivision 6a; ~~and~~

(6) the amount of an increase in levy limits certified to the taxing authority by the commissioner of revenue or the commissioner of education after the proposed levy was certified; *and*

(7) *the amount required under section 5.*

At the hearing the percentage increase in property taxes proposed by the taxing authority, if any, and the specific purposes for which property tax revenues are being increased must be discussed. During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions prior to adoption of any measures by the governing body. The governing body, other than the governing body of a school district, shall adopt its final property tax levy prior to adopting its final budget.

If the hearing is not completed on its scheduled date, the taxing authority must announce, prior to adjournment of the hearing, the date, time, and place for the continuation of the hearing. The continued hearing must be held at least five business days but no more than 14 business days after the original hearing.

The hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No hearing may be held on a Sunday. The governing body of a county shall hold its hearing on the second Tuesday in December each year. The county auditor shall provide for the coordination of hearing dates for all cities and school districts within the county.

By August 15, each school board shall certify to the county auditors of the counties in which the school district is located the dates on which it elects to hold its hearings and any continuations. If a school board does not certify the dates by August 15, the auditor will assign the hearing date. The dates elected or assigned must not conflict with the county hearing dates. By August 20, the county auditor shall notify the clerks of the cities within the county of the dates on which school districts have elected to hold their hearings. At the time a city certifies its proposed levy under subdivision 1 it shall certify the dates on which it elects to hold its hearings and any continuations. The city must not select dates that conflict with the county hearing dates or with those elected by or assigned to the school districts in which the city is located.

The county hearing dates and the city and school district hearing dates must be designated on the notices required under subdivision 3. The continuation dates need not be stated on the notices.

This subdivision does not apply to towns and special taxing districts.

Sec. 32, Minnesota Statutes 1992, section 290.06, subdivision 2c, is amended to read:

(3) On all over ~~\$44,750~~ \$48,550, but not over \$56,560, 8.5 percent;

(4) On all over \$56,560, 9.25 percent.

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1991, must be computed by applying to taxable net income the following schedule of rates:

(1) On the first ~~\$16,770~~ \$18,190, 6 percent;

(2) On all over ~~\$16,770~~ \$18,190, but not over ~~\$67,390~~ \$73,110, 8 percent;

(3) On all over ~~\$67,390~~ \$73,110, but not over \$85,170, 8.5 percent;

(4) On all over \$85,170, 9.25 percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than \$100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to \$1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1991, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1991, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1991, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Sec. 33. Minnesota Statutes 1992, section 290.06, subdivision 2d, is amended to read:

Subd. 2d. [INFLATION ADJUSTMENT OF BRACKETS.] (a) For taxable years beginning after December 31, ~~1991~~ 1993, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, ~~1990~~ 1992, and before January 1, ~~1992~~ 1994. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as

adjusted must be rounded to the nearest \$10 amount. If the rate bracket ends in \$5, it must be rounded up to the nearest \$10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as amended through December 31, ~~1991~~ 1992, except that in section 1(f)(3)(B) the word "~~1990~~ 1992" shall be substituted for the word "~~1987~~ 1989." For ~~1991~~ 1994, the commissioner shall then determine the percent change from the 12 months ending on August 31, ~~1990~~ 1992, to the 12 months ending on August 31, ~~1991~~ 1993, and in each subsequent year, from the 12 months ending on August 31, ~~1990~~ 1992, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the administrative procedure act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

Sec. 34. [290.0621] [SCHOOL REFERENDUM TAX.]

Subdivision 1. [IMPOSITION.] In addition to all other taxes imposed by this chapter, a tax is imposed on individuals who reside within the territory of a school district in which the voters approved a tax increase at a referendum conducted under section 124A.038 for that purpose in 1995 or a subsequent year. This tax does not apply to referendums on bond issues. Individuals residing in the district on the last day of the taxable year are subject to the tax.

Subd. 2. [RATE.] The commissioner of revenue shall annually determine the rate of the tax imposed under this section as the percentage of taxable income of individuals subject to the tax. The school referendum tax rate is computed as follows:

(1) for each district described in subdivision 1, the discretionary revenue contribution ratio equals the lesser of (i) the ratio of taxable income of individuals residing in the district during the previous taxable year, divided by the actual pupil units, to the discretionary equalizing factor, or (ii) 10/7;

(2) the discretionary revenue equalizing factor equals the amount of taxable income of individuals residing in all districts subject to this section during the previous taxable year, divided by actual pupil units for those districts; or

(3) for each district described in subdivision 1, the school referendum tax rate equals the ratio of (i) the product of the district's total discretionary revenue under section 124A.038, subdivision 1e, times the district's discretionary revenue contribution ratio, to (ii) the taxable income of individuals residing in the district during the previous taxable year.

Subd. 3. [REVENUE DISTRIBUTION.] Revenue raised in subdivision 1 shall be placed in a special account in the general fund. The amount necessary to make payments to school districts under section 11 is annually appropriated from the general fund to the commissioner of education and shall be paid to school districts according to section 124.195. If the amount in the account is less than the amount needed to make the payments, the commissioner shall adjust the discretionary revenue equalizing factor in subdivision 2 the next year by an amount necessary to raise the shortfall.

Sec. 35. Minnesota Statutes 1992, section 290.091, subdivision 1, is amended to read:

Subdivision 1. [IMPOSITION OF TAX.] In addition to all other taxes imposed by this chapter a tax is imposed on individuals, estates, and trusts equal to the excess (if any) of

(a) an amount equal to ~~seven~~ 7.35 percent of alternative minimum taxable income after subtracting the exemption amount, over

(b) the regular tax for the taxable year.

Sec. 36. Minnesota Statutes 1992, section 290.091, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:

(a) "Alternative minimum taxable income" means the sum of the following for the taxable year:

(1) the taxpayer's federal alternative minimum taxable income as defined in section 55(b)(2) of the Internal Revenue Code;

(2) the taxpayer's itemized deductions allowed in computing federal alternative minimum taxable income, but excluding the Minnesota charitable contribution deduction and non-Minnesota charitable deductions to the extent they are included in federal alternative minimum taxable income under section 57(a)(6) of the Internal Revenue Code, and excluding the medical expense deduction;

(3) to the extent not included in federal alternative minimum taxable income, the amount of interest income as provided by section 290.01, subdivision 19a, clause (1); less the sum of

(i) interest income as defined in section 290.01, subdivision 19b, clause (1);

(ii) an overpayment of state income tax as provided by section 290.01, subdivision 19b, clause (2); and

(iii) the amount of investment interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed net investment income, as defined in section 163(d)(4) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income.

In the case of an estate or trust, alternative minimum taxable income must be computed as provided in section 59(c) of the Internal Revenue Code.

(b) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through December 31, ~~1991~~ 1992.

(c) "Investment interest" means investment interest as defined in section 163(d)(3) of the Internal Revenue Code.

(d) "Tentative minimum tax" equals ~~seven~~ 7.35 percent of alternative minimum taxable income after subtracting the exemption amount determined under subdivision 3.

(e) "Regular tax" means the tax that would be imposed under this chapter (without regard to this section and section 290.032), reduced by the sum of the nonrefundable credits allowed under this chapter.

(f) "Net minimum tax" means the minimum tax imposed by this section.

(g) "Minnesota charitable contribution deduction" means a charitable contribution deduction under section 170 of the Internal Revenue Code to or for the use of an entity described in section 290.21, subdivision 3, clauses (a) to (e).

Sec. 37. Minnesota Statutes 1992, section 290.091, subdivision 6, is amended to read:

Subd. 6. [CREDIT FOR PRIOR YEARS' LIABILITY.] (a) A credit is allowed against the tax imposed by this chapter on individuals, trusts, and estates equal to the minimum tax credit for the taxable year. The minimum tax credit equals the adjusted net minimum tax for taxable years beginning after December 31, 1988, reduced by the minimum tax credits allowed in a prior taxable year. The credit may not exceed the excess (if any) for the taxable year of

(1) the regular tax, over

(2) the greater of (i) the tentative alternative minimum tax, or (ii) zero.

(b) The adjusted net minimum tax for a taxable year equals the lesser of the net minimum tax or the excess (if any) of

(1) the tentative minimum tax, over

(2) ~~seven~~ 7.35 percent of the sum of

(i) adjusted gross income as defined in section 62 of the Internal Revenue Code,

(ii) interest income as defined in section 290.01, subdivision 19a, clause (1),

(iii) interest on specified private activity bonds, as defined in section 57(a)(5) of the Internal Revenue Code, to the extent not included under clause (ii),

(iv) depletion as defined in section 57(a)(1) of the Internal Revenue Code, less

(v) the deductions provided in clauses (3)(i), (3)(ii), and (3)(iii) of subdivision 2, paragraph (a), and

(vi) the exemption amount determined under subdivision 3.

In the case of an individual who is not a Minnesota resident for the entire year, adjusted net minimum tax must be multiplied by the fraction defined in section 290.06, subdivision 2c, paragraph (e). In the case of a trust or estate, adjusted net minimum tax must be multiplied by the fraction defined under subdivision 4, paragraph (b).

Sec. 38. [ESTIMATED TAX; PENALTIES AND INTEREST.]

No addition to tax, penalties, or interest may be imposed under Minnesota Statutes, chapter 289A for an underpayment of estimated tax under Minnesota

Statutes, section 289A.25 to the extent that the underpayment was created or increased by imposition of the increased tax rates under section 32 or 35. This section applies only for periods ending before July 1, 1993.

Sec. 39. [REFERENDUM AUTHORITY.]

Unless scheduled to expire sooner, a referendum levy authorized under section 124A.03, expires July 1, 1995.

Sec. 40. [TAX CREDIT ADJUSTMENT.]

Prior to the computation of homestead and agricultural aid for taxes payable in 1994, the commissioner of revenue shall reduce a school district's homestead and agricultural aid by an amount equal to the homestead and agricultural aid for calendar year 1993 times the ratio of referendum levy certified for 1993 to the certified unequalized levies for 1993.

Sec. 41. [PAYMENT DATES.]

Upon notification from the commissioner of finance of the need to reduce or avoid state short-term borrowing in fiscal year 1995, the commissioner of education shall delay payments due March 15, 1995, or April 15, 1995, under section 124.195, subdivision 3, by up to ten business days.

Sec. 42. [GENERAL EDUCATION REVENUE CORRECTIONS.]

Subdivision 1. [APPROPRIATION.] \$2,045,300 is appropriated in fiscal year 1994 from the general fund to the department of education for payments to special school district No. 1, Minneapolis and independent school district No. 625, St. Paul. Of this amount, \$555,600 is for Minneapolis and \$1,489,000 is for St. Paul. The purpose of these payments is to correct general education revenue for the omission of supplemental contributions to teacher retirement in the change in general education revenue in Laws 1987.

Subd. 2. [LEVY.] The districts may levy in payable 1994 or later an amount not to exceed the aggregate levy authority the districts would have had if supplemental pension contributions have been included.

Subd. 3. [DULUTH RECOMPUTATION.] The department of education shall recompute the base revenue in fiscal year 1988 for supplemental revenue determination for fiscal year 1995 and thereafter for the omission of supplemental pension contributions for independent school district No. 709, Duluth.

Subd. 4. [USE.] The revenue from subdivisions 1 and 2 shall be transferred to the teacher retirement funds of the districts.

ARTICLE 2

TRANSPORTATION

Section 1. Minnesota Statutes 1992, section 120.062, subdivision 9, is amended to read:

Subd. 9. [TRANSPORTATION.] (a) If requested by the parent of a pupil, the nonresident district shall provide transportation within the district. The state shall pay transportation aid to the district according to section 124.225.

The resident district is not required to provide or pay for transportation between the pupil's residence and the border of the nonresident district. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week.

At the time a nonresident district notifies a parent or guardian that an application has been accepted under subdivision 5 or 6, the nonresident district must provide the parent or guardian with the following information regarding the transportation of nonresident pupils under this section:

(1) a nonresident district may transport a pupil within the pupil's resident district under this section only with the approval of the resident district; and

(2) a parent or guardian of a pupil attending a nonresident district under this section may appeal under section 123.39, subdivision 6, the refusal of the resident district to allow the nonresident district to transport the pupil within the resident district.

(b) Notwithstanding paragraph (a) and section 124.225, subdivision 8l, transportation provided by a nonresident district between home and school for a pupil attending school under this section is authorized for nonregular transportation revenue under section 124.225, if the following criteria are met:

(1) the school that the pupil was attending prior to enrolling in the nonresident district under this section was closed;

(2) the distance from the closed school to the next nearest school in the district that the student could attend is at least 20 miles;

(3) the pupil's residence is at least 20 miles from any school that the pupil could attend in the resident district; and

(4) the pupil's residence is closer to the school of attendance in the nonresident district than to any school the pupil could attend in the resident district.

Sec. 2. Minnesota Statutes 1992, section 123.39, is amended by adding a subdivision to read:

Subd. 15. [PUPIL TRANSPORT ON STAFF DEVELOPMENT DAYS.] A school district may provide bus transportation between home and school for pupils on days devoted to parent-teacher conferences, teacher's workshops, or other staff development opportunities. If approved by the commissioner as part of a program of educational improvement, the cost of providing this transportation, as determined by generally accepted accounting principles, must be considered part of the authorized cost for regular transportation for the purposes of section 124.225. The commissioner shall approve inclusion of these costs in the regular transportation category only if the total number of instructional hours in the school year divided by the total number of days for which transportation is provided equals or exceeds the number of instructional hours per day prescribed in the rules of the state board.

Sec. 3. Minnesota Statutes 1992, section 124.225, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given to them.

(3) an amount equal to one year's depreciation on district school buses reconditioned by the department of corrections computed on a straight line basis at the rate of 33-1/3 percent per year of the cost to the district of the reconditioning, plus

(4) an amount equal to one year's depreciation on the district's type three school buses, as defined in section 169.01, subdivision 6, paragraph (c), which were purchased after July 1, 1982, for authorized transportation of pupils, with the prior approval of the commissioner, computed on a straight line basis at the rate of 20 percent per year of the cost of the type three school buses.

(c) "Transportation category" means a category of transportation service provided to pupils as follows:

(1) Regular transportation is transportation services provided during the regular school year under section 124.223, subdivisions 1 and 2, excluding the following transportation services provided under section 124.223, subdivision 1: transportation between schools; noon transportation to and from school for kindergarten pupils attending half-day sessions; transportation of pupils to and from schools located outside their normal attendance areas under the provisions of a plan for desegregation mandated by the state board of education or under court order; and transportation of elementary pupils to and from school within a mobility zone.

(2) Nonregular transportation is transportation services provided under section 124.223, subdivision 1, that are excluded from the regular category and transportation services provided under section 124.223, subdivisions 3, 4, 5, 6, 7, 8, 9, and 10.

(3) Excess transportation is transportation to and from school during the regular school year for secondary pupils residing at least one mile but less than two miles from the public school they could attend or from the nonpublic school actually attended, and transportation to and from school for pupils residing less than one mile from school who are transported because of extraordinary traffic, drug, or crime hazards.

(4) Desegregation transportation is transportation during the regular school year of pupils to and from schools located outside their normal attendance areas under a plan for desegregation mandated by the state board or under court order.

(d) "Mobile unit" means a vehicle or trailer designed to provide facilities for educational programs and services, including diagnostic testing, guidance and counseling services, and health services. A mobile unit located off nonpublic school premises is a neutral site as defined in section 123.932, subdivision 9.

(e) "Current year" means the school year for which aid will be paid.

(f) "Base year" means the second school year preceding the school year for which aid will be paid.

(g) "Base cost" means the ratio of:

(1) the sum of the authorized cost in the base year for regular transportation as defined in paragraph (b) plus the actual cost in the base year for excess transportation as defined in paragraph (c);

(2) to the sum of the number of weighted ~~FTE pupils transported~~ FTE's in the regular and excess categories in the base year.

(h) "Pupil weighting factor" for the excess transportation category for a school district means the lesser of one, or the result of the following computation:

(2) Raise the result in clause (1) to the one-fifth power.

(3) Divide four-tenths by the result in clause (2).

The pupil weighting factor for the regular transportation category is one.

(i) "Weighted FTE's" means the number of FTE's in each transportation category multiplied by the pupil weighting factor for that category.

(2) Select the lesser of one or the result in clause (1).

(3) Multiply the district's percentage of regular FTE's transported in the current year using vehicles that are not owned by the school district by the result in clause (2).

(m) "Adjusted predicted base cost" means the predicted base cost as computed in subdivision 3a as adjusted under subdivision 7a.

(n) "Regular transportation allowance" means the adjusted predicted base cost, inflated and adjusted under subdivision 7b.

Sec. 4. Minnesota Statutes 1992, section 124.225, subdivision 3a, is amended to read:

Subd. 3a. [PREDICTED BASE COST.] A district's predicted base cost equals the result of the following computation:

(a) Multiply the transportation formula allowance by the district's sparsity index raised to the one-fourth power. The transportation formula allowance is \$424 \$447 for the 1989-1990 1991-1992 base year and \$434 \$463 for the 1990-1991 1992-1993 base year.

(b) Multiply the result in paragraph (a) by the district's density index raised to the 35/100 power.

(c) Multiply the result in paragraph (b) by the district's contract transportation index raised to the $1/20$ power.

Sec. 5. Minnesota Statutes 1992, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] The adjusted predicted base cost determined for a district under subdivision 7a for the base year must be increased by ~~4.0~~ 2.7 percent to determine the district's regular transportation allowance for the ~~1991-1992~~ 1993-1994 school year and by ~~2.0~~ 3.4 percent to determine the district's regular transportation allowance for the ~~1992-1993~~ 1994-1995 school year, but the regular transportation allowance for a district cannot be less than the district's minimum regular transportation allowance according to Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t).

Sec. 6. Minnesota Statutes 1992, section 124.225, subdivision 7d, is amended to read:

Subd. 7d. [TRANSPORTATION REVENUE.] Transportation revenue for each district equals the sum of the district's regular transportation revenue ~~and, the district's nonregular transportation revenue, and the district's excess transportation revenue.~~

(a) The regular transportation revenue for each district equals the district's regular transportation allowance according to subdivision 7b times the sum of the number of FTE's transported by the district in the regular, desegregation, and handicapped categories in the current school year.

(b) The nonregular transportation revenue for each district for the 1991-1992 school year equals the lesser of the district's actual costs in the 1991-1992 school year for nonregular transportation services or the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (e), times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year according to section 124.17, subdivision 2, times 1.03, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the 1991-1992 school year according to subdivision 7e.

(e) For the 1992-1993 and later school years, the nonregular transportation revenue for each district equals the lesser of the district's actual cost in the current school year for nonregular transportation services or the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year according to section 124.17, subdivision 2, times the nonregular transportation inflation factor for the current year, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the current year according to subdivision 7e. The nonregular transportation inflation factor is 1.047 for the ~~1992-1993~~ 1993-1994 school year is 1.061 and 1.034 for the 1994-1995 school year.

(c) For 1994-1995 and later school years, the excess transportation revenue for each school district equals the result of the following computation:

(1) multiply the lesser of (i) the regular transportation allowance for the current school year or (ii) the base cost for the current school year, by the number of weighted FTE's in the excess category in the district in the current school year;

(2) add to the result in clause (1) the actual cost in the current school year of other related services that are necessary because of extraordinary traffic hazards.

Sec. 7. Minnesota Statutes 1992, section 124.225, subdivision 7e, is amended to read:

Subd. 7e. [EXCESS NONREGULAR TRANSPORTATION REVENUE.] (a) A district's excess nonregular transportation revenue for the 1991-1992 school year equals an amount equal to 80 percent of the difference between:

(1) the district's actual cost in the 1991-1992 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), and

(2) the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times 1.15, times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year.

(b) A district's excess nonregular transportation revenue for the 1992-1993 school year and later school years equals an amount equal to 80 percent of the difference between:

(1) the district's actual cost in the current year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), and

(2) the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times 1.30, times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year.

(c) The state total excess nonregular transportation revenue must not exceed \$2,000,000 for the 1991-1992 school year and \$2,000,000 for the 1992-1993 school year. If the state total revenue according to paragraph (a) or (b) exceeds the limit set in this paragraph, the excess nonregular transportation revenue for each district equals the district's revenue according to paragraph (a) or (b), times the ratio of the limitation set in this paragraph to the state total revenue according to paragraph (a) or (b).

(b) Notwithstanding paragraph (a), for fiscal year 1995, the amount of the deduction is one-fourth of the difference between clauses (1) and (2); for fiscal year 1996, the amount of the deduction is one-half of the difference between clauses (1) and (2); and for fiscal year 1997, the amount of the deduction is three-fourths of the difference between clauses (1) and (2).

(c) *The amount of the deduction in any fiscal year must not exceed the amount of state payments that are authorized in chapter 273 and that are receivable for the same fiscal year in the district's transportation fund.*

Sec. 11. Minnesota Statutes 1992, section 124.226, subdivision 5, is amended to read:

(b) ~~Add to the result in paragraph (a) the actual cost in the fiscal year to which the levy is attributable of other related services that are necessary because of extraordinary traffic, drug, or crime hazards. The excess transportation levy equals the district's excess transportation revenue as defined in section 124.225, subdivision 7d, multiplied by the lesser of one, or the ratio of (i) the quotient derived by dividing the adjusted net tax capacity of the district for the year before the year the levy is certified, by the average daily membership in the district for the school year to which the levy is attributable, to (ii) \$3,500.~~

Sec. 12. Minnesota Statutes 1992, section 124.226, subdivision 9, is amended to read:

The provision of other appropriate services does not preclude Braille use or instruction. Instruction in Braille reading and writing shall be available for each blind student for whom the multidisciplinary team has determined that reading and writing is appropriate.

(h) The student's individualized education plan must specify:

- (1) the results obtained from the assessment required under paragraph (f);
- (2) how Braille will be implemented through integration with other classroom activities;

- (ii) a specification of the evidence used to determine that the student's ability to read and write effectively without Braille is not impaired.

- (i) Instruction in Braille reading and writing is a service for the purpose of special education and services under this section.

- (j) Paragraphs (e) to (i) shall not be construed to supersede any rights of a parent or guardian of a child with a disability under federal or state law.

Subd. 15. [USE OF BUILDINGS BY LOWER GRADES.] (a) In addition to the protections provided in existing building and fire code rules and standards, the following alternatives apply for existing school buildings:

(1) rooms occupied by preschool, kindergarten, and first and second grade students for classrooms, latchkey, day care, early childhood family education or teen parent or similar programs may be located on any floor level below the fourth story of a school building if the building is protected throughout by a complete automatic sprinkler system and a complete automatic fire alarm system consisting of automatic smoke detection throughout the exit system and approved smoke detection in all rooms and areas other than classrooms and offices;

(2) rooms used by preschool, kindergarten, or first grade students for classrooms, latchkey, day care, early childhood family education or teen parent or similar programs, must be located on the story of exit discharge, and rooms used by second grade students, for any purpose, must be located on the story of exit discharge or one story above unless one of the following conditions is met:

(i) a complete automatic sprinkler system is provided throughout the building, the use of the affected room or space is limited to one grade level at a time and exiting is provided from the affected room or space which is independent from the exiting system used by older students; or

(ii) a complete approved automatic fire alarm system is installed throughout the building consisting of automatic smoke detection throughout the exit system and approved detection in all rooms and areas other than classrooms and offices, the use of the affected room or space is limited to one grade level at a time and exiting is provided from the affected room or space which is independent from the exiting system used by older students; and

(3) for purposes of this clause, pupils from second grade down are considered one grade level.

(b) Accessory spaces, including gymnasiums, cafeterias, media centers, auditoriums, libraries, and band and choir rooms, which are used on an occasional basis by preschool, kindergarten, and first and second grade students are permitted to be located one level above or one level below the story of exit discharge, provided the building is protected throughout by a complete automatic sprinkler system or a complete approved corridor smoke detection system.

(c) Paragraphs (a) and (b) supersede any contrary provisions of the state fire code or state building code and rules relating to those codes must be amended by the state agencies having jurisdiction of them.

(d) Paragraphs (a), (b), and (c) are effective for new school buildings beginning July 1, 1994.

Sec. 2. [124.239] [ALTERNATIVE FACILITY MAINTENANCE PROGRAM.]

Subdivision 1. [TO QUALIFY.] An independent or special school district qualifies to participate in the alternative facilities bonding and levy program if the district has:

- (1) more than 66 students per grade;
- (2) over 2,000,000 square feet of space;
- (3) average age of building space is 20 years or older;

(4) insufficient funds from infrastructure maintenance revenue to meet the requirements for deferred maintenance, to make accessibility improvements, or to make fire, safety, or health repairs; and

(5) a ten-year facility plan approved by the commissioner according to subdivision 2.

Subd. 2. [TEN-YEAR PLAN.] (a) A qualifying district must have a ten-year facility plan approved by the commissioner that includes an inventory of projects and costs that would be eligible for:

If the district has indicated to the commissioner that the plan will be funded through a levy, the district may levy the amount of the approved costs according to the schedule in the plan.

Subd. 5. [SEPARATE ACCOUNT.] A district must establish a separate account under UFARS for this program. If the district's levy exceeds the

necessary interest and principal payments and noncapital health and safety costs, the district must reserve the revenue to replace future bonding authority, prepay bonds authorized under this program, or make payments on principal and interest.

If a district's capital expenditure facilities infrastructure maintenance revenue is reduced, the reduction equals the lesser of (1) the amount that the unreserved balance in the capital expenditure facilities infrastructure maintenance account on June 30 of the prior year exceeds \$270 times the fund balance pupil units in the prior year, or (2) the capital expenditure facilities infrastructure maintenance revenue for that year.~~

(b) For 1995 and later fiscal years, the previous formula infrastructure maintenance revenue equals the amount of revenue computed for the district according to Minnesota Statutes, section 124.243 for fiscal year 1994.

(c) Notwithstanding clause (a), for fiscal year 1995, the infrastructure maintenance revenue for each district equals 25 percent of the amount determined in clause (a) plus 75 percent of the previous formula infrastructure maintenance revenue.

[~~EXCEPTION TO FUND BALANCE REDUCTION.~~] A district may apply to the commissioner for approval for an unreserved fund balance in its ~~capital expenditure facilities infrastructure maintenance~~ account that exceeds \$270 per fund balance pupil unit for a period not to exceed ~~three~~ *five* years. ~~If the commissioner approves the district's application, the district's capital expenditure facilities infrastructure maintenance revenue shall not be reduced according to subdivision 2. The commissioner may approve a district's application for an exception only if the use of the district's capital expenditure facilities infrastructure maintenance funds are consistent with plans adopted according to subdivision 1.~~

Sec. 5. Minnesota Statutes 1992, section 124.243, subdivision 3, is amended to read:

Subd. 3. [~~CAPITAL EXPENDITURE FACILITIES INFRASTRUCTURE MAINTENANCE LEVY.~~] To obtain ~~capital expenditure facilities infrastructure maintenance~~ revenue, a district may levy an amount not to exceed the ~~capital expenditure facilities infrastructure maintenance~~ revenue determined in subdivision 2 multiplied by the lesser of one, or the ratio of:

(1) the quotient derived by dividing the adjusted net tax capacity of the district for the year preceding the year the levy is certified by the ~~actual marginal cost~~ pupil units in the district for the school year to which the levy is attributable, to
