A person who fails to provide the notice shall not have the lien and remedy provided by this chapter.

The notice required by this subdivision is not required of any person who is himself an owner of the improved real estate, to any corporate contractor of which the owner of the improved real estate is an officer or controlling shareholder, to any contractor who is an officer or controlling shareholder of a corporation which is the owner of the improved real estate, or to any corporate contractor managed or controlled by substantially the same persons who manage or control a corporation which is the owner of the improved real estate.

Sec. 7. Minnesota Statutes 1971, Section 116B.04, is amended to read:

116B.04 [BURDEN OF PROOF.] (IN ANY ACTION MAINTAINED UNDER SECTION 116B.03, WHERE THE SUBJECT OF THE ACTION IS CONDUCT GOVERNED BY ANY ENVIRONMENTAL QUALITY STANDARD, LIMITATION, REGULATION, RULE, ORDER, LICENSE, STIPULATION AGREEMENT, OR PERMIT PROMULGATED OR ISSUED BY THE POLLUTION CONTROL AGENCY, DEPARTMENT OF NATURAL RESOURCES, DEPARTMENT OF HEALTH, OR DEPARTMENT OF AGRICULTURE, WHENEVER THE PLAINTIFF SHALL HAVE MADE A PRIMA FACIE SHOWING THAT THE CONDUCT OF THE

DEFENDANT VIOLATES OR IS LIKELY TO VIOLATE SAID ENVIRONMENTAL QUALITY STANDARD, LIMITATION, REGULATION, RULE, ORDER, LICENSE, STIPULATION AGREEMENT, OR PERMIT, THE DEFENDANT MAY REBUT THE PRIMA FACIE SHOWING BY THE SUBMISSION OF EVIDENCE TO THE CONTRARY; PROVIDED, HOWEVER, THAT WHERE THE ENVIRONMENTAL QUALITY STANDARDS, LIMITATION, REGULATIONS, RULES, ORDERS, LICENSES, STIPULATION AGREEMENTS, OR PERMITS OF TWO OR MORE OF THE AFOREMENTIONED AGENCIES ARE INCONSISTENT, THE MOST STRINGENT SHALL CONTROL.

IN ANY OTHER ACTION MAINTAINED UNDER SECTION 116B.03, WHENEVER THE PLAINTIFF SHALL HAVE MADE A PRIMA FACIE SHOWING THAT THE CONDUCT OF THE DEFENDANT HAS, OR IS LIKELY TO CAUSE THE POLLUTION, IMPAIRMENT, OR DESTRUCTION OF THE AIR, WATER, LAND OR OTHER NATURAL RESOURCES LOCATED WITHIN THE STATE, THE DEFENDANT MAY REBUT THE PRIMA FACIE SHOWING BY THE SUBMISSION OF EVIDENCE TO THE CONTRARY.)

Except as provided in section 116B.10, in any action maintained under this chapter, whenever the plaintiff shall have made a prima facie showing that the activity of the defendant has, is, or is about to pollute, impair or destroy the air, water, land or other natural resources located within the state, the defendant shall have the burden of proving that its conduct has not, is not or is not about to pollute, impair or destroy the air, water, land or other natural resources located within the state.

Where the defendant's conduct does not violate any environmental quality standard limitation, rule, order, license, stipulation, agreement or permit of the state or any instrumentality, agency or political subdivision, thereof, the defendant may also show, by way of an affirmative defense, that there is no feasible and prudent alternative and the conduct at issue is consistent with and reasonably required for promotion of the public health, safety, and welfare in light of the state's paramount concern for the protection of its air, water, land and other natural resources from pollution, impairment, or destruction. Economic considerations alone shall not constitute a defense hereunder.

Provided, however, that the burden of proof shall shift to the defendant under this section, only if, in the case of a private defendant, the defendant or any of its corporate or partnership owners, earned a gross yearly income of more than \$250,000 during any of the five years preceding commencement of the action; or, in the case of a governmental entity, only if the defendant had a population of more than 10,000 people or locally collected tax income of more than \$250,000.

[116B.125] [DISPOSITION OF ACTION.] *Subdivision 1. [JUDICIAL DETERMINATION.] The court shall determine whether it should remit the action pursuant to section 116B.08. If it does not remit, the court shall determine whether the defendant has, is, or is about to engage in pollution, impairment or destruction of the air, water, land or other natural resources located within the state.*

Subd. 2. [INJUNCTION.] Where a finding is made against the defendant, the court shall either (a) immediately issue its order for an injunction restraining the polluting activities of defendant and imposing such conditions upon the defendant as are necessary for the protection of the air, water, land or other natural resources located within the state from pollution, impairment or destruction, or; (b) hold a postadjudicatory hearing for the purpose of formulating a definite plan of action for the prevention or abatement of the pollution; or both (a) and (b) above.

Subd. 3. [PLAN FOR NONPOLLUTION; CONSIDERATIONS AND EFFECTUATION.] The court shall within 30 days after the postadjudicatory hearing formulate and put into effect a plan providing for a specific deadline at which time the activities of the defendant shall be brought to a standard of non-pollution. In arriving at its plan, the court shall take into consideration the following:

(a) Any and all plans submitted by plaintiffs, defendants, intervenors or amicus curiae.

(b) Any expert evidence presented by any party, amicus curiae, or upon motion of the court.

(c) The financial condition of the defendant.

When necessary to formulate its plan, the court shall have the power to subpoena the books, records, profit and loss statements, and any other relevant information from the defendant and any parent corporation or partial owning or controlling interest. The information so obtained by the court may be made available to the plaintiff or intervenors. If any person does not provide information subpoenaed which is later found to be in his possession, and the information is such that he had knowledge or ought to have had knowledge of its existence, he shall be responsible for the costs expended by the court, plaintiffs, or intervenors in securing the information.

Subd. 4. [NONPOLLUTION PLAN; APPEALABILITY AND CONTINUATION IN EFFECT.] The formulation and effectuation of the plan shall constitute an appealable order. Any appeal shall be heard and decided within six months of the time the appeal is filed. The court shall retain jurisdiction and supervision over the defendant until full compliance is achieved.

Subd. 5. [VIOLATIONS; MONETARY PENALTIES.] Where the court finds that any defendant has violated any statute, agency order, ruling, regulation, permit or license by polluting, impairing or destroying the air, water, land or other nat-

ural resources or that the defendant has violated any injunction, compliance plan, or mandamus order issued or approved by a court under this chapter or any other section of Minnesota Statutes pertaining to the protection of the environment, a civil penalty of not more than \$10,000 shall be levied against the defendant for each day the defendant is found to be in violation. Civil penalties shall not be levied if the defendant is a state, county, municipality or political subdivision of the state or any other governmental unit. These penalties shall be paid to the general fund in the state treasury but may be sued for on behalf of the state by any person permitted to bring an action pursuant to this chapter.

Subd. 6. [AWARD TO PLAINTIFF.] Upon a finding against the defendant in any action maintained under this section, the court may award the plaintiff reasonable attorney's fees, cost, and damages as proved.

116B.08 [REMITTITUR.] Subdivision 1. If administrative, licensing, or other similar proceedings are required to determine the legality of the defendants' conduct, the court shall remit the parties to such proceedings. If administrative, licensing, or other similar proceedings are available to determine the legality of the defendants' conduct, the court may remit the parties to such proceedings. In so remitting the parties the court may grant temporary equitable relief where appropriate to prevent irreparable injury to the air, water, land or other natural resources located within the state. *Any pollution, impairment, or destruction of the air, water, land or other natural resources located within the state which has been caused, is about to be caused, or has occurred, shall be deemed to constitute irreparable injury for the purpose of granting temporary equitable relief hereunder.* In so remitting the parties the court shall retain jurisdiction of the cause pending completion thereof.

Once a prima facie showing has been made by the plaintiff, the defendant shall have the burden of proving the existence of material evidence showing (SAID INADEQUACY) the adequacy of said environmental quality standard, limitation, regulation, rule, order, license, stipulation agreement, or permit.*

H. F. No. 624, A bill for an act relating to the free flow of information, the protection of sources of information, the protection of sources of information of the news media, and prohibiting disclosure of sources of information.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [CITATION.] Sections 1 to 4 may be cited as the Minnesota free flow of information act.

Sec. 2. [PUBLIC POLICY.] In order to protect the public interest and the free flow of news, the news media should have the benefit of a substantial privilege not to reveal sources of information or to disclose unpublished information. An informed citizenry is a basic idea upon which an open society is based, and a free press is indispensable to a free society. A vigorous news media, free to disseminate information, unfettered by political or state controls is essential for the preservation of a democracy of free men. To this end, the freedom of press requires protection of the confidential relationship between the news gatherer and the source of information. Coercion by public officials or the unwarranted use of subpoena powers to breach such confidentiality is condemned. The free flow of information to the public would be severely curtailed and restricted if protection of sources of information were lacking or if such sources were fearful of reprisals or loss of employment upon disclosure or identification. The purpose of this act is to insure and perpetuate, consistent with the public interest, the confidential relationship between the news media and its sources.

Sec. 3. [DEFINITIONS.] Subdivision 1. "News Media" shall mean any newspaper, periodical, press association, news syndicate, wire service, radio or television station, broadcasting association, or the gathering of information intended for publication, printing, broadcasting, or circulation.

Subd. 2. The term "person" includes individuals, private or public corporations, political bodies, and subdivisions of government, partnerships, and associations.

Subd. 3. "Source" means the person or means from or through which the news or information was obtained.

Sec. 4. [DISCLOSURE PROHIBITED.] No person directly engaged in the gathering, procuring, compiling, editing, transmitting, and dissemination of news whether previously or currently employed by or associated with any news media shall be required by any court, grand jury, agency, department or branch of the state, or any of its political subdivisions or other public body, or by either house of the legislature or any committee, officer, member, or employee thereof, to disclose in any proceeding the source of information, or to disclose any unpublished information, procured by him in the course of his work or any of his notes, memoranda, recording tapes, film or other reportorial data.

Sec. 5. [EXCEPTION AND PROCEDURE.] Subdivision 1. When disclosure is essential because of a compelling and overriding public interest in such information, the person seeking such disclosure may apply to the district court of the county where the person employed by or associated with a news media resides, has his principal place of business, or where the proceeding in which the information sought is pending.

Subd. 2. The application shall be granted only if the court determines after hearing the parties that the person making

such application, by clear and convincing evidence, has met all three of the following conditions:

(1) that there is probable cause to believe that the source has information clearly relevant to a specific violation of the law other than a misdemeanor,

(2) that the information cannot be obtained by any alternative means or remedy less destructive of First Amendment rights, and

(3) that there is a compelling and overriding public interest at stake requiring the disclosure of such information.

Subd. 3. The district court shall consider the nature of the proceedings, the merits of the claims and defenses, the adequacies of alternative remedies, the relevancy of the information sought, and the possibility of establishing by other means that which the source is expected or may tend to prove. The court shall make its appropriate order after making findings of fact, which order may be appealed directly to the supreme court according to the appropriate rule of appellate procedure. During such appeal the order is stayed and nondisclosure shall remain in full force and effect during the pendency of such appeal.

Sec. 6. [DEFAMATION.] Subdivision 1. The prohibition of disclosure provided in section 4 shall not apply in any defamation action where the person seeking disclosure can concretely demonstrate that the identity of the source will lead to persuasive evidence on the issue of actual malice.

Subd. 2. Notwithstanding the provisions of subdivision 1 of this section, the identity of the source of information shall not be ordered disclosed unless the following conditions are met:

(a) that there is probably cause to believe that the source has information clearly relevant to the issue of defamation;

(b) that the information cannot be obtained by any alternative means or remedy less destructive of First Amendment rights.

Subd. 3. The court shall make its appropriate order on the issue of disclosure after making findings of fact, which order may be appealed directly to the supreme court according to the appropriate rule of appellate procedure. During such appeal the order is stayed and nondisclosure shall remain in full force and effect during the pendency of such appeal."

The commissioner of taxation shall prescribe and provide forms proper for the determination and payment of such surcharge by those required by this section to pay the same. At the hearing upon the claim of the applicant for adjusted compensation, the board shall consider the results of its investigations, if any, the evidence submitted by the applicant in support of his claim, and as soon thereafter as possible make its order granting or disallowing the claim of the applicant, and, if the claim is granted, fixing the amount to which the applicant is entitled. The proceeds of such bonds, other than accrued interest

and premium, are appropriated and shall be credited to the veteran's adjusted compensation fund.

Sec. 17. [VETERANS BONUS BOND ACCOUNT.] In order to reduce the amount of taxes otherwise required by the Constitution, Article IX, Section 6, Subdivision 4, to be levied for the payment of interest and principal on the bonds authorized by section 16, there is hereby appropriated annually to the veteran's bonus bond account in the state bond fund from the general fund in the state treasury a sum of money sufficient in amount, when added to the balance on hand on November 1 in each year in the veteran's bonus bond account, to pay all principal and interest due and to become due on said bonds within the then ensuing year and to and including July 1 in the second ensuing year. The moneys received and on hand pursuant to the appropriation annually made by this section are available in the state bond fund prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4, and shall be used to reduce the amount of tax otherwise required to be levied.

A utility compartment or glove compartment shall be deemed to be within the area occupied by the driver and passengers. The course of travel to or from the areas may only include

necessary deviations under the circumstances. If the pistol is carried lawfully pursuant to this section in a snowmobile or boat, it shall be unloaded.

If the pistols are found to be the property of an innocent owner prior to their disposition, they shall be returned to him when no longer needed for evidentiary purposes. Any person aggrieved by the operation of this section may no later than 30 days after the forfeiture of a pistol request a hearing before the commissioner and obtain judicial review of the commissioner's decision pursuant to Minnesota Statutes, Sections 15.0418 to 15.0426. A copy of such a request for hearing shall be served upon the law enforcement officer to whom the pistol was originally forfeited and shall immediately notify the custodian of the pistol of the request for hearing. No pistol which is the subject of a hearing shall be disposed of until the proceedings are completed by final order of the commissioner or judicial order when the commissioner's order is appealed.

The court may adjudge costs and disbursements against either party. The court may authorize the collection of any money so awarded by execution, or out of any property sequestered, or in any other manner within the power of the court. In determining the parent with whom a child shall remain, the court shall consider all facts in the best interest of the children and shall not prefer one parent over the other solely on the basis of the sex of the parent. In determining the (APPROPRIATE) amount of child support to be paid by each parent, the court shall consider the earning capacity and financial circumstances of each parent. The court shall consider the age of the child and the child's relationship with the noncustodial parent prior to the commencement of the (ACTION) *proceeding*. The court may deny visitation rights to the noncustodial parent is such visitation is not in the best interest of the child. A parent's failure to pay support because of the parent's inability to do so shall not be sufficient cause for denial of visitation, unless such inability is willful.

House Resolution No. 23, A house resolution expressing objection to the planned discontinuance, by the Federal Aviation Administration, of nonstop air flights between Minneapolis-St. Paul and Washington, D. C.

SUSPENSION OF RULES

Sieben, M.; Salchert; Swanson; Lindstrom, E.; and Graw moved that the Rules be so far suspended that House Resolution No. 23 be now considered and be placed upon its adoption. The motion prevailed.

HOUSE RESOLUTION NO. 23

A house resolution expressing objection to the planned discontinuance, by the Federal Aviation Administration, of nonstop air flights between Minneapolis-St. Paul and Washington, D.C.

Whereas, the Federal Aviation Administration has proposed new regulations which, if they were to go into effect, would terminate the longstanding provision of nonstop airline service between Minneapolis-St. Paul and Washington National Airport; and

Whereas, the airlines have provided such service for many years and the Federal Aviation Administration has long recognized the Twin Cities "grandfather" rights to such service; and

Whereas, presently over 200,000 people and 51 cities in Minnesota and the northern tier states of this country use these particular nonstop flights annually as a gateway to Washington; and

Whereas, the elimination of these valuable nonstop flights between Minneapolis-St. Paul and Washington National will not only downgrade the service provided at Twin Cities International Airport but will mean greater inconvenience for a large segment of our traveling public and an increase of over \$590,000 per year in ground transportation costs for these travelers; and

Whereas, termination of nonstop flights between Minneapolis-St. Paul and Washington National would only serve to divert more air traffic over already heavily congested Chicago; and

Whereas, the Federal Aviation Administration should be trying to solve the problem of Chicago's air congestion instead of adding to it; now, therefore,

Be It Resolved, by the House of Representatives of the State of Minnesota, that this body lodge its strong opposition and objection to the proposed policy changes being considered by the Federal Aviation Administration which would have the effect of discontinuing nonstop flights between Minneapolis-St. Paul and Washington National Airport.

Be It Further Resolved, that the Minnesota House of Representatives urges the Federal Aviation Administration to reconsider its proposed policy changes and alter them accordingly so as all parties involved can live with them.

Be It Further Resolved, that the Minnesota House of Representatives requests the Federal Aviation Administration to hold a public hearing on this matter so that representatives of the Metropolitan Airports Commission and other interested parties may have the opportunity to explain orally why this drastic action should not be taken.

Be It Further Resolved, that the Chief Clerk of the House of Representatives forthwith prepare and transmit a formal copy of this resolution to the Federal Aviation Administration.

Sieben, M., moved that House Resolution No. 23 be now adopted.

House Resolution No. 23 was adopted.

Flakne, Munger, Searle, Skaar, and Samuelson introduced:

House Resolution No. 24, A house resolution congratulating Verne E. Long on his election as Grand Master of the Masonic Order.

SUSPENSION OF RULES

Flakne, Munger, Searle, Skaar, and Samuelson moved that the Rules be so far suspended that House Resolution No. 24 be now considered and be placed upon its adoption. The motion prevailed.

HOUSE RESOLUTION NO. 24

A house resolution congratulating Verne E. Long on his election as Grand Master of the Masonic Order.

Whereas, the Masonic Order is the oldest fraternity in the history of the world and today numbers over 55,000 members in Minnesota alone; and

Whereas, Masonry has contributed greatly to the welfare of our State not only in the establishing and funding of the Cancer Hospital at the University of Minnesota and the Crippled Children's Hospital in Minneapolis but also includes in its membership numerous outstanding governmental leaders throughout the history of our State; and

Whereas, the activities of Masonry in Minnesota are directed by a Grand Lodge headed by an elected Grand Master whose selection to that post is based on his dedication, over many years, to the highest principles of the Order; and

Whereas, the Masons of Minnesota did on April 6, 1973 select, for the first time in history, a member of this body to serve as Grand Master for the coming year, which said member exempli-

fies and typifies the virtue, dedication, concern, and other outstanding qualities which are requisites for the conferring of such a high honor; now, therefore,

Be It Resolved, that the House of Representatives of the State of Minnesota extends its heartfelt and warmest congratulations to Representative Verne E. Long, his wife Wilma Dean, and his family, upon his selection as Grand Master of Minnesota Masons for 1973 and further extends its best wishes for continued success in his endeavors in the ensuing year.

Be It Further Resolved, that the Chief Clerk of the House of Representatives forthwith transmit a formal copy of this resolution to Representative Verne E. Long.

Flakne moved that House Resolution No. 24 be now adopted.

House Resolution No. 24 was adopted.

Subd. 2. Unless such claimant files a written protest with the department of manpower services within ten days after the delivery of such notice or within 12 days after the date of mailing thereof, such determination shall become final. If such claimant shall appeal from such determination within the time above specified said matter shall be referred to an appeal tribunal for a hearing as in other benefit cases and thereafter the procedure for review shall be the same as set forth in section 268.10. If such benefits so fraudulently obtained are not repaid to the department in cash within 20 days from the date of mailing the notice to such claimant of such determination, the commissioner is hereby authorized to deduct from future benefits payable to such claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined or the commissioner may bring an action in a court of competent jurisdiction to recover such overpayment."

[CONTRACTORS.] Every person who enters into a contract with the owner for the improvement of real property and who has contracted or will contract with any subcontractors or materialmen to provide labor, skill or materials for the improvement shall give the owner the notice required in this subdivision. The notice shall be delivered personally or by certified mail to the owner or his authorized agent within ten days after the contract for the work of improvement is agreed upon. The notice shall be in at least 10-point bold type, if printed, or in capital letters, if typewritten and shall state as follows:*

(a) *Persons or companies furnishing labor or materials for the improvement of real property may enforce a lien upon the improved land if they are not paid for their contributions, even if such parties have no direct contractual relationship with the owner;*

A person who fails to provide the notice shall not have the lien and remedy provided by this chapter.

The notice required by this subdivision is not required of any person who is himself an owner of the improved real estate, to any corporate contractor of which the owner of the improved real estate is an officer or controlling shareholder, to any contractor who is an officer or controlling shareholder of a corporation which is the owner of the improved real estate, or to any corporate contractor managed or controlled by substantially the same persons who manage or control a corporation which is the owner of the improved real estate.

(e) Recognize the worldwide and long range character of environmental problems and, where consistent with the policy of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize interstate, national and international cooperation in anticipating and preventing a decline in the quality of mankind's world environment;

(f) Make available to the federal government, counties, municipalities, institutions and individuals, information useful in

restoring, maintaining, and enhancing the quality of the environment, and in meeting the policies of the state as set forth in this act;

(g) Initiate the gathering and utilization of ecological information in the planning and development of resource oriented projects; and

(h) Undertake, contract for or fund such research as is needed in order to determine and clarify effects by known or suspected pollutants which may be detrimental to human health or to the environment, as well as to evaluate the feasibility, safety and environmental effects of various methods of dealing with pollutants.

Sec. 4. [ENVIRONMENTAL IMPACT STATEMENTS].
Subdivision 1. Where there is potential for significant environmental effects resulting from any major public action or from any major private action of more than local significance, such action shall be preceded by a detailed statement prepared by the responsible agency or, where no governmental permit is required, by the responsible person, on:

(a) The environmental impact of the proposed action, including any pollution, impairment, or destruction of the air, water, land, or other natural resources located within the state;

(b) Any direct or indirect adverse environmental, economic, and employment effects that cannot be avoided should the proposal be implemented;

(c) Alternatives to the proposed action;

(d) The relationship between local short term uses of the environment and the maintenance and enhancement of long term productivity, including the environmental impact of predictable increased future development of an area because of the existence of a proposal, if approved;

(e) Any irreversible and irretrievable commitments of resources which would be involved in the proposed action should it be implemented;

(f) The impact on state government of any federal controls associated with proposed actions; and

(g) The multistate responsibilities associated with proposed actions.

Subd. 2. The governor shall, by January 1, 1974, prescribe by rule and regulation in conformity with provisions of Minnesota Statutes, Chapter 15, guidelines and regulations setting forth those instances in which environmental impact statements are required to be prepared for new and existing actions, including the time and manner in which such statements shall be prepared and acted upon, and to coordinate the processing of such statements among local, state and federal agencies. The governor may by order delegate to any state agency any or all duties im-

posed upon him by this section. The governor may require the preparation of an environmental impact statement for any action or project not referred to in its guidelines and regulations. Further, the governor may require the revision of an environmental impact statement which is found to be inadequate.

Subd. 3. Upon the filing with the governor of a petition of not less than 500 persons requesting an environmental impact statement on a particular action, the governor shall review the petition and, where there is material evidence of the need for an environmental review, require the preparation of an environmental impact statement in accordance with provisions of this section.

Subd. 4. Prior to the preparation of a final environmental impact statement, the person responsible for the statement shall consult with and request the comments of every governmental office which has jurisdiction by law or special expertise with respect to any environmental effect involved. Copies of the drafts of such statements and the comments and views of the appropriate offices shall be made available to the governor and the public. The final detailed environmental impact statement and the comments received thereon shall precede final decisions on the proposed action and shall accompany the proposal through an administrative review process.

Subd. 5. (a) "Permits for natural resources management and development" shall include only permits required by the following sections of Minnesota Statutes: 84.415, utility crossings of public lands and waters; 84.45, aircraft operation in wilderness areas; 84.60 and 84.621, underground storage of gas or liquid; 89.17, use of state forest lands; 89.18, roads through state forests; 90.151, cutting and removal of timber; 93.01 to 93.43, exploration and mining of minerals; 104.04, flood plain management ordinances; 105.41, appropriation and use of waters; 105.42, construction of dams, alteration of shorelines and waterways; 105.43, establishment of lake levels; 105.44 and 113.02, irrigation of agricultural lands; 105.485, shoreland conservation ordinances; 93.13 and 105.64, drainage to facilitate mining; 115.03 and 115.43, water pollution; 116.07 and 116.081, air, solid waste, and noise pollution; 117.47, use of state lands for taconite mining; 117.49, condemnation by pipeline companies; 160.20, connecting drains to highway drains; 360.018, subdivision 6, airport construction.

(b) "Natural resources" has the meaning given it in section 116B.02, subdivision 4.

(c) "Pollution, impairment or destruction" has the meaning given it in section 116B.02, subdivision 5.

Subd. 6. No state action significantly affecting the quality of the environment shall be allowed, nor shall any permit for natural resources management and development be granted, where such action or permit has caused or is likely to cause pollution, impairment, or destruction of the air, water, land or other natural resources located within the state, so long as there is a

feasible and prudent alternative consistent with the reasonable requirements of the public health, safety, and welfare and the state's paramount concern for the protection of its air, water, and other natural resources from pollution, impairment, or destruction. Economic considerations alone shall not justify such conduct.

Subd. 7. Regardless of whether a detailed written environmental impact statement is required by the governor to accompany an application for a permit for natural resources management and development, or a recommendation, project, or program for action, officials responsible for issuance of aforementioned permits or for other activities described herein shall give due consideration to the provisions of this act, as set forth in section 3, in the execution of their duties.

Subd. 8. In order to facilitate coordination of environmental decision making and the timely review of agency decisions, the governor shall establish by regulation a procedure for early notice to the governor and the public of natural resource management and development permit applications and other impending state actions having significant environmental effects.

Subd. 9. Prior to the final decision upon any state project or action significantly affecting the environment or for which an environmental impact statement is required, or within 10 days thereafter, the governor may delay implementation of the action or project by notice to the agency or department and to interested parties. Thereafter, within 45 days of such notice, the governor may reverse or modify the decisions or proposal where he finds, upon notice and hearing, that the action or project is inconsistent with the policy and standards of sections 1 through 6. Any aggrieved party may seek judicial review pursuant to Chapter 15.

Sec. 5. [REVIEW OF AUTHORITY, REPORT.] *All agencies of the state government shall review their present statutory authority, administrative regulations, and current policies and procedures for the purpose of determining whether there are any deficiencies or inconsistencies therein that prohibit full compliance with the purposes and provisions of sections 1 to 6, and shall propose to the governor not later than July 1, 1974, such measures as may be necessary to bring their authority and policies into conformity with the intent, purposes, and procedures set forth in this act.*

Sec. 6. [EFFECT OF EXISTING OBLIGATIONS.] *Subdivision 1. Nothing in sections 3, 4 or 5 shall in any way affect the specific statutory obligations of any state agency to (a) comply with criteria or standards of environmental quality, (b) coordinate or consult with any federal or state agency, or (c) act or refrain from acting contingent upon the recommendations or certification of any other state agency or federal agency.*

Subd. 2. [POLICIES ARE SUPPLEMENTAL.] *The policies and goals set forth in sections 1 to 6 are supplementary to those set forth in existing authorizations of state agencies.*

Sec. 7. [GOVERNOR, REPORT REQUIRED.] *The governor shall transmit to the legislature and make public by November 15 of each year an environmental quality report which shall set forth:*

(1) *The status and condition of the major natural, man-made, or altered environmental classes of the state, including, but not limited to, the air, the aquatic, and the terrestrial environment, including, but not limited to, the forest, dryland, wetland, range, urban, suburban, and rural environment;*

(2) *Current and foreseeable trends in the quality, management and utilization of such environments and the effects of those trends on the social, economic and other requirements of the state;*

(3) *The adequacy of available natural resources for fulfilling human and economic requirements of the state in the light of expected population pressures;*

(4) *A review of the programs and activities, including regulatory activities, of the federal government in the state, the state and local governments, and nongovernmental entities or individuals, with particular reference to their effect on the environment and on the conservation, development and utilization of natural resources;*

(5) *A program for remedying the deficiencies of existing programs and activities, together with recommendations for legislation;*

(6) *A review of identified, potentially feasible programs and projects for solving existing and future natural resources problems;*

(7) *Measures as may be necessary to bring state government statutory authority, administrative regulations and current policies into conformity with the intent, purposes, and procedures set forth in this act;*

(8) *The status of statewide natural resources plans; and*

(9) *A statewide inventory of natural resources projects, consisting of (a) a description of all existing and proposed public natural resources works or improvements to be undertaken in the coming biennium by state agencies or with state funds, (b) a biennial tabulation of initial investment costs and operation and maintenance costs for both existing and proposed projects, (c) an analysis of the relationship of existing state projects to all existing public natural resources works of improvement undertaken by local, regional, state-federal, and federal agencies with funds other than state funds, and (d) an analysis of the relationship of proposed state projects to local, regional, state-federal, and federal plans.*

The purpose of this environmental quality report by the governor is to provide the information necessary for the legislature to assess the existing and possible future economic impact on

state government of capital investments in and maintenance costs of natural resources works of improvement.

Sec. 8. Minnesota Statutes 1971, Section 4.12, Subdivision 2, is amended to read:

Subd. 2. The state planning officer shall:

(1) Review current programming and future planning of all state departments and agencies.

(2) Report regularly and on or before January 15 of each odd numbered year to the legislature, reviewing in each report the state planning program, and the progress and development thereof. Thereafter, as soon as practicable, he shall make recommendations for desirable legislation and necessary appropriations.

(3) To the extent practicable coordinate with state budgets the items therein relating to and reflecting statewide planning as authorized by the legislature and as recommended for the consideration of the legislature.

(4) Require each state department and agency having planning programs to regularly file copies thereof with him for review.

(5) Make available to the legislature or any authorized committee or commission thereof information concerning statewide development plans and basic research from which the plans have been developed.

(6) Act as the coordinating agency for the planning activities of all state departments and agencies and local levels of government.

(7) Review all plans filed with the federal government by state departments and agencies pursuant to Minnesota Statutes, Section 16.165, or any other law as part of his duties prescribed by this section. The commissioner of administration shall furnish the state planning officer the information required by this clause.

(8) Encourage the development of planning programs by state departments and agencies and local levels of government.

(9) *Act as the coordinating agency for submission of the environmental impact statements required by the National Environmental Policy Act and the state's comments thereon to the appropriate federal agencies.*

Sec. 9. Minnesota Statutes 1971, Section 40.02, is amended to read:

40.02 [PUBLIC POLICY; PURPOSE.] As a guide to the interpretation and application of this chapter, the public policy of the state is declared to be as follows. Improper land-use practices have caused and contributed to serious erosion of farm and grazing lands of this state by wind and water and that thereby

topsoil is being washed out of fields and pastures and has speeded up the removal of the absorptive top soil causing exposure of less absorptive and less protective, but more erosive, subsoil; and that land occupiers have failed to cause the discontinuance of such practice as creates this condition, and the consequences thereof have caused the deterioration of soil and its fertility and the deterioration of crops grown thereon, and declining yields therefrom, and diminishing of the underground water reserve, all of which have caused water shortages, intensified periods of drought, and crop failure, and thus brought about suffering, disease, and impoverishment of families and the damage of property from floods and dust storms; and that all of these effects may be prevented by land-use practices contributing to the conservation of top soil by carrying on of engineering operations such as the construction of terraces, check dams, dikes, ponds, ditches, and the utilization of strip cropping, lister furrowing, contour cultivating, land irrigation, seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses.

It is hereby declared that it is for the public welfare, health, and safety of the people of Minnesota to provide for the conservation of the soil and soil resources of this state, and for the control and prevention of soil erosion, for land resource planning and development, *for the implementation of land resource use practices that effectively reduce siltation and loss of the land base through activities associated with farming, mining, construction, forestry, and other activities of man*, and for flood prevention or the conservation development, utilization, and disposal of water, including but not limited to, measures for fish and wildlife and recreational development, and thereby preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, and protect public lands by land-use practices, as herein provided for.

Sec. 10. Minnesota Statutes 1971, Section 104.01, Subdivision 3, is amended to read:

Subd. 3. *It is the policy of this state and the purpose of sections 104.01 to 104.07 to reduce flood damages through flood plain management, stressing nonstructural measures such as flood plain zoning and flood proofing, and flood warning practices.* It is the policy of this state and the purpose of sections 104.01 to 104.07 not to prohibit but to guide development of the flood plains of this state consistent with the enumerated legislative findings to provide state coordination and assistance to local governmental units in flood plain management, to encourage local governmental units to adopt, enforce and administer sound flood plain management ordinances, and to provide the commissioner of natural resources with authority necessary to carry out a flood plain management program for the state and to coordinate federal, state, and local flood plain management activities in this state.

Sec. 11. [105.405] [WATER SUPPLY MANAGEMENT.]
Subdivision 1. The commissioner shall develop and manage water resources to assure a supply adequate to meet long range seasonal requirements for domestic, municipal, industrial, agricultural, fish and wildlife, recreational, power, navigation, and quality control purposes from surface or ground water sources, or from a combination of these.

Subd. 2. No permit authorized by sections 105.37 to 105.55 nor any plan for which the commissioner's approval is required or permitted, involving a diversion of any waters of the state, surface or underground, to a place outside of this state shall be granted or approved until after a determination by the commissioner that the water remaining in this state will be adequate to meet the state's water resources needs during the specified life of the diversion project.

Sec. 12. Minnesota Statutes 1971, Section 115.03, Subdivision 1, is amended to read:

115.03 [POWERS AND DUTIES.] Subdivision 1. The agency is hereby given and charged with the following powers and duties:

To administer and enforce all laws relating to the pollution of any of the waters of the state;

To investigate the extent, character, and effect of the pollution of the waters of this state and to gather data and information necessary or desirable in the administration or enforcement of pollution laws, and to make such classification of the waters of the state as it may deem advisable;

To establish and alter such reasonable pollution standards for any waters of the state in relation to the public use to which they are or may be put as it shall deem necessary for the purposes of sections 115.01 to 115.09;

To encourage waste treatment, including advanced waste treatment, instead of stream low-flow augmentation for dilution purposes to control and prevent pollution;

To make and alter reasonable orders requiring the discontinuance of the discharge of sewage, industrial waste or other wastes into any waters of the state resulting in pollution in excess of the applicable pollution standard established under this subdivision;

To require to be submitted and to approve plans for disposal systems or any part thereof and to inspect the construction thereof for compliance with the approved plans thereof;

To issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the discharge of sewage, industrial waste or other wastes, or for the installation or operation of disposal systems or parts thereof;

To revoke or modify any permit issued under sections 115.01 to 115.09 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution of any waters of the state;

To prescribe and alter rules and regulations, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by sections 115.01 to 115.09, provided that every rule or regulation affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state; and

To conduct such investigations and hold such hearings as it may deem advisable and necessary for the discharge of its duties under sections 115.01 to 115.09, and to authorize any member, employee, or agent appointed by it to conduct such investigations or hold such hearings.

Sec. 13. Minnesota Statutes 1971, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall *improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.*

The pollution control agency shall *promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation and disposal of solid waste for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of*

solid waste control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of solid waste control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.”

In anticipation of the sale of such revenue bonds, the commission may issue negotiable bond anticipation notes and may renew the same from time to time, but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of the original note. Such notes shall be paid from any revenues of the commission available therefor and not otherwise pledged, or from the proceeds of sale of the revenue bonds of the commission in anticipation of which they were issued. (e) Defining the acts or omissions to act which shall constitute a default in the duties of the commission to holders of its obligations and providing the rights and remedies of such holders in the event of a default.

Subd. 5. Neither the members of the commission nor any person executing the revenue bonds or notes shall be liable personally on the revenue bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

Subd. 6. The commission shall have power out of any funds available therefor to purchase its bonds or notes. The commission may hold, pledge, cancel or resell such bonds, subject to and in accordance with agreements with bondholders.

Sec. 20. In the discretion of the commission any revenue bonds issued under the provisions of this act may be secured by a trust agreement by and between the commission and a corporate trustee or trustees, which may be any trust company or

bank having the powers of a trust company within the state. Such trust agreement or the resolution providing for the issuance of such revenue bonds may pledge or assign the revenues to be received or proceeds of any contract or contracts pledged or any portion thereof. Such trust agreement or resolution providing for the issuance of such revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of laws, including particularly such provisions as have hereinabove been specifically authorized to be included in any resolution or resolutions of the commission authorizing revenue bonds thereof. Any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues or other moneys may furnish such indemnifying bonds or pledge such securities as may be required by the commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the commission may deem reasonable and proper for the security of the bondholders.

Sec. 21. Subdivision 1. The commission is hereby authorized to provide for the issuance of revenue bonds of the commission for the purpose of refunding any revenue bonds of the commission then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or any subsequent date of redemption, purchase or maturity of such revenue bonds.

Subd. 2. The proceeds of any such revenue bonds issued for the purpose of refunding outstanding revenue bonds may, in the discretion of the commission, be applied to the purchase or retirement at maturity or redemption of such outstanding revenue bonds either on the earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application be placed in escrow to such purchase or retirement at maturity or redemption on such date as may be determined by the commission.

Subd. 3. Any such escrowed proceeds, pending such use, may be invested and reinvested in direct obligations of the United States of America, or in certificates of deposit or time deposits secured by direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding revenue bonds to be so refunded. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the commission for use by it in any lawful manner.

Subd. 4. All such revenue bonds shall be subject to the provisions of this act in the same manner and to the same extent as other revenue bonds issued pursuant to this act.

Sec. 22. Bonds issued under authority of this chapter do not, and shall state that they do not, represent or constitute a debt or pledge of the faith and credit of the state, grant to the owners or holders thereof any right to have the state levy any taxes or appropriate any funds for the payment of the principal thereof or interest thereon. Such bonds are payable and shall state that they are payable solely from the rentals, revenues, and other income, charges, and moneys as are pledged for their payment in accordance with the bond proceedings.

Sec. 23. Any holder of revenue bonds issued under the provisions of this act or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by any resolution authorizing the issuance of, or any such trust agreement securing, such bonds, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the state or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the commission or by any officer, employee or agent thereof, including the fixing, charging and collecting of the rates, rents, fees and charges herein authorized and required by the provisions of such resolution or trust agreement to be fixed, established and collected.

Sec. 24. Bonds issued by authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the state and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them; it being the purpose of this section to authorize the investment in such bonds of all sinking, insurance, retirement, compensation, pension and trust funds, whether owned or controlled by private or public persons or officers; provided, however, that nothing contained in this section may be construed as relieving any person, firm, or corporation from any duty of exercising due care in selecting securities for purchase or investment; and provided further, that in no event shall assets of pension funds of public employees of the state of Minnesota or any of its agencies, boards or subdivisions, whether publicly or privately administered be invested in bonds issued under the provisions of this act. Such bonds are hereby constituted "authorized securities" within the meaning and for the purposes of Minnesota Statutes, Section 50.14. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the state for any pur-

pose for which the deposit of bonds or obligations of the state now or may hereafter be authorized by law.

Sec. 25. *The exercise of the powers granted by this act will be in all respects for the benefit of the people of this state, for the increase of their commerce, welfare and prosperity, and for the improvement of their health and living conditions, and as providing loans by the commission or its agent will constitute the performance of an essential public function, and any bonds issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free from taxation of every kind by the state and by the municipalities and other political subdivisions in the state.*

Sec. 26. *The administrator of this chapter shall be under the commission independent of other authority and notwithstanding Minnesota Statutes, Chapter 16.*

Sec. 27. *Notwithstanding any provision in this act, the commission shall have the authority to promulgate such rules and regulations as will be necessary to comply with federal law and regulations.*

Sec. 28. [APPROPRIATION.] *The sum of \$1,000,000 is appropriated for the purposes of this act to the higher education coordinating commission from the general fund. Such amount as may be necessary from this appropriation may be used by the commission for costs incurred in administering the provisions of this act. The balance of this appropriation not required for administrative costs shall constitute a reserve fund which may be invested by the commission. Any interest which accrues on such investment shall inure to the commission and shall be available for either administrative costs or additions to the reserve fund at the discretion of the commission. The reserve fund shall not cancel and shall be available to the commission for as long as the programs provided by the provisions of this act are in effect. former members of this body, and

Whereas, the high character, the devotion to public service, and the nobility of purpose of these people merit an expression of respect and veneration for their memory,

Now, Therefore, Be It Resolved, that the House of Representatives, in session assembled this 19th day of April, 1973, do express to the families of these deceased its heartfelt sympathy in their bereavement and its pledge to carry forward the tasks which they so ably advanced.

"They rest from their labors and their works do follow them."

Connors, Tomlinson, and Erickson moved that House Resolution No. 30 be now adopted.

The Speaker welcomed the relatives and friends of the deceased former members.

The University of Minnesota Band Trombone Quartet played the "Minnesota Hymn."

Connors, for the Memorial Services Committee, in honor of the deceased former members eulogized "The Great Lawmaker."

THE GREAT LAWMAKER

He was a young man who was born in a town in the southern part of the state, the child of a poor woman. He grew up ninety miles north of his birthplace. He worked in a carpenter shop until he was thirty, and then for three years he became a servant to the needs of the people. He never had a family. He never traveled two hundred miles from the place he was born. He never did one of the things that usually accompany greatness. He had no credentials but himself.

While he was still a young man, the tide of public opinion turned against him. His friends ran away. He was turned over to his enemies. He went through the mockery of a trial. He was nailed to a cross between two thieves. While he was dying his executioners gambled for the only piece of property he had on earth, and that was his cloak. When he was dead, he was laid in a borrowed grave through the pity of a friend. Later his friends rejoiced in seeing the grave empty.

Nineteen centuries have come and gone, and today he stands out as the central figure of the human race. All the armies that ever marched, and all the navies that were ever launched, and all the legislatures that ever sat, and all the kings that ever reigned, put together, have not affected the life of man upon this earth as has that One Solitary Life. He is truly the Great Representative, the Legislator of all Legislators, the Creator of the Common Law.

Today we remember our brothers who, we pray, are now with Him. Let us imitate Him and the good deeds and the Laws of these Legislators who, having gone before us called for His mercy. Let us call upon Him for mercy, that when this committee do arise, we too "will be recommended to pass."

The Speaker recognized members, who delivered eulogies in memory of the deceased former members, as follows:

REPORTS OF STANDING COMMITTEES

Mr. Mann from the Committee on Agriculture to which was referred:

H. F. No. 647, A bill for an act relating to agriculture; collective bargaining; providing for mandatory bargaining between producers or associations and handlers; providing criteria.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. This act shall be known and may be cited as the "agricultural marketing and bargaining act of 1973."

Sec. 2. [DECLARATION OF POLICY.] Since agricultural products are produced by numerous and often scattered individual producers, the marketing and bargaining position of individual producers will be adversely affected unless they are free to join together voluntarily in cooperative associations or other associations as authorized by law. Membership of a producer in such a cooperative association or other association can only be meaningful if a handler of agricultural products is required to bargain in good faith with an agricultural cooperative association or other association as the representative of the members of such associa-

tion. Production and marketing of agricultural commodities constitutes a basic and essential industry. Agricultural producers do not now enjoy the opportunity, comparable to that of industrial workers and those in many other forms of enterprise or employment, to organize and bargain effectively. Neither is adequate government provision available to assure that the bargaining process shall be fair both to producers and handlers and in the public interest.

Sec. 3. Subdivision 1. For the purpose of sections 1 to 13, the terms defined in this section have the meanings given them.

Subd. 2. "Association" means an association of producers, or federation of cooperative association of producers engaged in producing, marketing, bargaining, shipping or processing functions of an agricultural commodity on behalf of its members who are producers of such agricultural commodity, which has been accredited by the commissioner.

Subd. 3. "Person" means an individual, partnership, corporation or association.

Subd. 4. "Producer" means any person who in any one calendar year within the previous two calendar years, produces or causes to be produced any agricultural commodity in quantity beyond his own family use, and who is able to transfer, during the calendar year, to a handler or an association a merchantable title to the agricultural commodity or provide management, labor, machinery, facilities, or any other production input, with the assumption of risk, for the production of the agricultural commodity under a written contract.

Subd. 5. "Agricultural commodity" includes all agricultural goods produced under contract for marketing as defined by the commissioner of agriculture. It does not include any commodity sold by a producer to another producer for his own exclusive use and not for resale. The kinds, types and subtypes of products to be classed together as an agricultural commodity for the purposes of this act shall be determined by the commissioner on the basis of common usage and practice.

Subd. 6. "Handler" means a person, other than an association, engaged in the business or practice of acquiring agricultural commodities from producers or associations for processing or sale; grading, packaging, handling, storing or processing agricultural commodities received from producers or associations; contracting or negotiating contracts or other arrangements, with producers or associations with respect to the production of any agricultural commodity; or acting as an agent or broker for a handler in the performance of any function or act specified above. It does not include a producer who sells at a retail establishment which he owns and operates or who sells at a produce market, agricultural commodities produced by him and agricultural commodities produced by another producer subject to value limitation established by the commissioner.

Subd. 7. "Commissioner" means the commissioner of agriculture of the state of Minnesota or his designated authority.

Subd. 8. "Marketing year" shall mean, generally, any time between the second day of February of the previous calendar year and the first day of February of the calendar year in which the marketing of the agricultural commodity in dispute will occur, unless the commissioner shall determine an alternative time period for a specific agricultural commodity to be designated as its marketing year.

Sec. 4. [ACCREDITATION.] Subdivision 1. Any association accredited under this section may engage in bargaining as provided for under this act.

(1) An association desiring accreditation shall file with the commissioner in the form required by the commissioner. The request shall contain properly certified evidence that the association meets the standards for accreditation and shall be accompanied by a report of the names and addresses of member producers, the name of each handler to whom the member producer delivered or contracted to deliver the agricultural commodity during the previous two calendar years and the quantity delivered. A fee to cover the costs of the commissioner in processing the request shall be established pursuant to Minnesota Statutes, Chapter 15, and paid by the association when the request is filed.

(2) The commissioner may require all handlers of an agricultural commodity produced in a bargaining unit area as individuals or through their trade association to file with the board within 30 days following such a request, a report, properly certified, showing the correct names and addresses of all producers of the agricultural commodity who have delivered the agricultural commodity to the handler during the two calendar years preceding the filing of the report and the quantities of the agricultural commodity received by the handler from each named producer during those periods. The information contained in the individual reports of handlers filed with the commissioner shall not be made public by the commissioner nor available to any person for private use.

Subd. 2. In determination of accreditation, the commissioner shall determine whether bargaining shall be appropriate by plant, processor, or company. This determination shall be the unit area for the bargaining provisions of this act as is applicable to associations and handlers. In making his determination, the commissioner shall define as appropriate the largest bargaining unit area in terms of the quantity of the agricultural commodity produced, the definition of the agricultural commodity, geographic area covered and number of producers included as is consistent with the following criteria:

- (a) The community of interest of the producers included;
- (b) The potential serious conflicts of interests among members of the proposed unit;
- (c) The effect of exclusions on the capacity of the association to effectively bargain for the bargaining unit as defined;

(d) The kinds, types and subtypes of products to be classed together as agricultural commodity for which the bargaining unit is proposed;

(e) Whether the producers eligible for membership in the proposed bargaining unit meet the definition of "producer" for the agricultural commodity involved;

(f) The wishes of the producers;

(g) The pattern of past marketing of the commodity.

Subd. 3. An association shall be accredited only if it complies with the following:

(a) The association meets the requirements of the Capper-Volstead Act, 7 U.S.C. 291-2.

(b) The association has submitted a copy of its bylaws which provide that: each member of the association shall have one vote in all votes of the membership of the association; that officers or directors shall be elected by a majority of the members voting or by delegates representing a majority of membership; and that all elections shall be by secret ballot.

(c) The association has marketing and bargaining contracts for the current or next marketing year with more than 50 percent of the producers of an agricultural commodity who are in the bargaining unit area and these contracts cover more than 50 percent of the quantity of that commodity produced by producers in that bargaining unit area. The commissioner may determine the quantity produced by the bargaining unit area using information on production in prior year, current marketing information, and projections on production during the current marketing year. The commissioner shall exclude from the quantity of the agricultural commodity contracted by producers with producer owned and controlled processing cooperatives and any quantity produced by handlers. An association whose main purpose is bargaining but which processes a surplus into a form which is not the subject of bargaining is not a processing cooperative. The contracts with members shall specify the agricultural commodity and that the members have appointed the association as their exclusive agent in negotiations with handlers for prices and other terms of trade with respect to the sale and marketing of the agricultural commodity and obligate them to dispose of their production or holdings of the agricultural commodity through or at the direction of the association.

Subd. 4. Within 60 days of the filing date of the request for accreditation by an association, the commissioner shall determine whether the association shall be accredited. If the commissioner determines that insufficient evidence was filed by the association, the commissioner may permit the association to file an amended request for accreditation within 30 days following the determination and notification of the association. The commissioner shall then determine, within 30 days of the filing of the amended request, whether the association shall be accredited. An association which is denied accreditation after filing of an

amended request may not file another request for accreditation for a period of one year.

Subd. 5. Accreditation of the association by the commissioner shall be effective 30 days after the notice of accreditation.

Subd. 6. [REVOCATION OF ACCREDITATION.] The commissioner shall consider revocation of accreditation upon any of the following conditions:

(a) Upon receipt of a request from an accredited association for its own disaccreditation.

(b) Upon receipt of a petition requesting that the accredited association be disaccredited and bearing the signatures of at least ten percent of the producers in the bargaining unit. Following the receipt of a petition prior to the commencement of the marketing year bearing the signatures of at least ten percent of the producers in an accredited association, the board shall order the commissioner to initiate a referendum among the members of the accredited association and if in the referendum a majority of the producers producing 50 percent of the commodity approve, the association accreditation shall be revoked by the board.

Subd. 7. The accredited association shall represent all member producers who are in the bargaining unit area and it shall act as exclusive sales agents for the bargaining unit area in negotiations with handlers. The association may not assess, bargain for, or claim to represent those producers who choose not to be represented by the association or choose not to have a bargaining committee bargain for them.

Sec. 5. [MARKETING AND BARGAINING COMMITTEE.] Subdivision 1. After accreditation of the association, the association shall establish and authorize a marketing and bargaining committee to negotiate, as the association's exclusive agent, with handlers for the sale and marketing of the agricultural commodity for which the association was accredited.

Subd. 2. This committee shall be comprised of members of the association elected by the association in a secret ballot election, except that the association may contract with legal counsel who shall, at the discretion of the association, be eligible for membership on the committee.

Subd. 3. The production of the agricultural commodity shall comprise a significant portion of the total producing operation of each committee member.

Subd. 4. Members who have any quantity contracted with a producer owned and controlled processing cooperative are not eligible to serve on a marketing and bargaining committee for such a commodity.

Sec. 6. Subdivision 1. Producers of agricultural commodities are free to join together voluntarily in associations as authorized by law without interference by handlers. A handler shall

not engage in any of the following practices, defined as unfair practices:

(a) To coerce a producer in the exercise of his right to join and belong to or to refrain from joining or belonging to an association or to refuse to deal with a producer because of the exercise of his right to join and belong to an association.

(b) To discriminate against a producer with respect to price, quantity, quality or other terms of purchase, acquisition or other handling of agricultural products because of his membership in or contract with an association.

(c) To coerce or intimidate a producer to breach, cancel or terminate a membership agreement or marketing contract with an association or a contract with a handler.

(d) To pay or loan money, give anything of value or offer any other inducement or reward to a producer for refusing or ceasing to belong to an association.

(e) To make or circulate unsubstantiated reports about the finances, management or activities of associations or other handlers.

(f) To conspire, combine, agree or arrange with any other person to do or aid or abet the doing of any practice which is in violation of this act.

(g) To refuse to bargain with an association with whom the handler has had prior dealings or with an association whose producers in the bargaining units have had dealings with the handler prior to the effective date of this act.

Subd. 2. An association shall not engage nor permit an employee or agent to engage in the following practices, defined as unfair practices:

(a) To enter into a contract which discriminates against a producer represented by that association.

(b) To act in a manner contrary to the bylaws of the association.

(c) To coerce or intimidate a handler to breach, cancel or terminate an agreement or marketing contract with an association or a contract with a producer.

(d) To make or circulate unsubstantiated reports about the finances, management or activities of other associations or handlers.

(e) To conspire, combine, agree or arrange with another person to do or aid or abet the doing of any practice which is in violation of this act.

Subd. 3. For the purpose of this section, the commissioner may receive complaints with respect to violations or threatened violations. The commissioner may make all necessary investigations, examinations or inspections of any violation or threatened

violation specified in the sworn complaint filed with the commissioner. If, upon such investigation, the commissioner considers that there is reasonable cause to believe that the person charged has committed a practice in violation of this act, the commissioner shall issue and cause to be served a complaint upon the person. The complaint shall summon the person to a hearing before the commissioner at the time and place fixed.

Subd. 4. If the commissioner determines that the person complained of has committed a practice in violation of this section, he shall state his findings of fact and shall issue and cause to be served on the person an order requiring him to cease the violation and shall order further affirmative action as will effectuate the policies of this act.

Subd. 5. If the commissioner is of the opinion that the person complained of has not committed a practice in violation of this act, he shall make his findings of fact and issue an order dismissing the complaint.

Subd. 6. Until the record in a case has been filed in a court the commissioner may, at any time upon reasonable notice and in such manner as he deems proper, modify or set aside, in whole or in part, any finding or order he has made or issued, with jurisdiction for such a change specified in additional findings of fact.

Sec. 7. The commissioner may request the attorney general of the state of Minnesota to seek the appropriate temporary relief or restraining order of injunction in district court to insure the enforcement of his findings.

Sec. 8. Subdivision 1. As used in this act, "bargaining" means the mutual obligation of a handler and an association or their designated representatives to meet at reasonable times and confer and negotiate in good faith. Negotiations may include all terms relative to trading between handlers and producers of the agricultural commodity, such as:

- (a) prices and terms of sale
- (b) quality specifications
- (c) quantity to be marketed
- (d) transactions involving products and services utilized by one party and provided by the other party.

Subd. 2. The association shall notify the commissioner of the commencement of negotiations.

Subd. 3. (a) If no agreement is reached at the expiration of ten days after service of such notice to the commissioner, the association may, at any time thereafter, petition the commissioner to assume supervision over the dispute, except as provided for by clause (e).

(b) The commissioner shall then set a time and place for conference with the parties to present facts representing each par-

ty's case and hearing arguments. The commissioner shall take such steps, in accordance with rules promulgated under this act, as he deems expedient to affect a voluntary, amicable and expeditious adjustment and settlement of the differences between the handler and the association.

(c) At any time prior to 15 days before the first day of the marketing year in dispute, if an agreement on the issues in dispute between the association and the handler has not been reached, the handler may elect not to purchase, directly or indirectly, any quantity of the agricultural commodity produced by the association during that marketing year; or, the affected producers may elect not to sell, directly or indirectly, any quantity of the agricultural commodity produced by the association during that marketing year; or, the affected producers may elect not to sell, directly or indirectly, any quantity of the agricultural commodity to the handler during that marketing year.

(d) If either party makes an election, the other party is not under an obligation to continue bargaining with the party so electing for terms during the marketing period in dispute. Both parties may, however, engage immediately in bargaining for the following marketing year.

(e) If the petition requesting the commissioner to assume supervision over a dispute is presented 15 days or less before the marketing year in dispute, then the commissioner shall exercise his discretionary authority, according to rules promulgated under this act, in determining which disputes are arbitrable before the start of the marketing year in dispute.

Sec. 9. [MANDATORY BARGAINING.] Subdivision 1. (a) If the election provided for in section 8, subdivision 3, clauses (c) and (e) is not exercised by the association or the handler involved in negotiations, and if the issues in dispute are not agreed upon through good faith bargaining, prior to 15 days before the first day of the marketing year in dispute, the parties shall be deemed to have consented to the settlement of all issues in dispute by arbitration under supervision of a mandatory bargaining board as described in subdivision 2 of this section.

Subd. 2. [MANDATORY BARGAINING BOARDS.] (1) For purposes of this section, mandatory bargaining boards, henceforth referred to as the boards, shall be established to arbitrate disputes qualifying for settlement under this section. One board shall be established for each dispute qualifying under this section. The boards shall each be comprised of individuals who shall have the following qualifications:

(a) One individual shall be a handler or his designee whose handling operations represent, in as far as is practicable, a handling operation similar to that of the handler involved in the dispute. Such an individual shall not be an employee of, a stockholder in, an official of, or of any other relationship with the

handler involved in the dispute. This individual shall be appointed by the commissioner from lists submitted by handlers in this state recommending individuals for service on such boards. Such a list shall include the name and address of the individuals and the detailed relationship of the individual to handling functions as described by this act including a description of place and type of employment.

(b) One individual shall be a producer whose producing operations represent, in as far as is practicable, a producing operation similar to that of the majority of producers of the association which is involved in the dispute. Such an individual shall not be an employee of, a member of, an official of, a consultant to, or of any other relationship with, the association involved in the dispute or its members. Such an individual shall be appointed by the commissioner from lists submitted by associations recommending individuals for service on such boards. Such a list shall include the name and address of the individual and the detailed relationship of his producer functions as described by this act, including a description of place and type of his producing operation.

(c) One individual shall be an adult resident of this state who is in no way associated with the direct functions of handlers, producers, or associations as defined by this act. Such an individual shall be appointed by the commissioner from a list submitted to the office of the commissioner by the office of the governor. Such a list shall include name and address of the individual and a detailed description of the place and type of employment of the individual.

(2) Such boards shall be appointed by the commissioner by the 14th day before the start of the marketing year. The commissioner shall when practicable give ample notice to individuals that they will be asked to serve on such boards. Individuals on all lists submitted shall understand that they may be called on at any time during the mandatory bargaining period and that they shall meet as continually and continuously as is necessary to reach a settlement within the mandatory bargaining period.

(3) In each dispute requiring a board the association and the handler involved in the dispute shall each pay \$50 per day of negotiation meetings to be divided evenly between the three individuals on the board to help defray the expenses of the individuals on the board. Board members shall serve with no additional compensation.

(4) If an association or handler objects to the appointment of any of the individuals to the board arbitrating the dispute between that association and handler, it shall immediately notify the commissioner in writing stating the reasons for objection. Upon receipt of the objection, the commissioner, may in his discretion, immediately reconstitute the board with the appropriate new individuals.

(5) If during the course of arbitration by a board either the involved handler or the involved association or both can show

by reason of fact that any individuals on the board are not performing the duties of the board in a competent or ethical manner, the commissioner shall immediately reconstitute the board with the appropriate new individuals.

(6) Decisions of the board shall be consensual.

Subd. 3. (a) The following conditions shall govern the arbitration from a period of time 15 days prior to the first day of the marketing year in dispute until settlement is reached:

(1) The association shall agree that the association shall attempt to deliver the agricultural commodity to the handler or initiate the production of the agricultural commodity for future delivery to the handler;

(2) The handler shall agree to accept delivery of the agricultural commodity.

(b) Where the quantity of the agricultural commodity to be marked is in dispute, the handler shall offer to accept for delivery a reasonable quantity of the agricultural commodity. This offer shall be made in writing to the association at least ten days prior to the start of the marketing year. A copy of this offer shall be sent by registered mail to the board. The association may file a claim for relief with the board if it feels that the offer is unreasonable. The board shall determine the issue of reasonableness at a hearing within ten days of the receipt of the filed claim. This determination shall have priority over all other matters of the board. The board shall base its determination on: (1) projections as to the price and quantity of the agricultural commodity to be produced, (2) the relationship between the quantity of the commodity available and the amount of the quantity accepted by the handler, (3) the kind, grade, and quality of the commodity available, and (4) the past practices of the handler in relation to the items in (1), (2) and (3) of this clause. If the board is of the opinion that the quantity is unreasonable, it shall order the handler to accept the quantity which the board finds to be reasonable.

Subd. 4. After the 14th day of the marketing year in dispute, if no agreement has been reached by the parties in dispute, the board shall declare a temporary agreement according to its judgment and based on its findings of fact. The board shall then order both disputing parties to continue in negotiating sessions, under the supervision of the bureau of mediation services, until a voluntary and amicable settlement is agreed to between both disputing parties. Then, on determination of the board, the dispute shall be dismissed and it shall declare the details of the permanent agreement. Disputes covered in this clause must begin such negotiations no more than ten days after the declaration of the temporary agreement by the board, and both parties shall negotiate continuously and regularly until agreement is reached. The board shall announce the permanent agreement no more than ten days after the end of these negotiating sessions. The board shall immediately forward a copy of the agreement to the commissioner for his records.

Sec. 10. All decisions of arbitration and bargaining which result from sections 8 and 9 shall be based upon the following factors:

(a) Prices or projected prices for the agricultural commodity paid by the competing handlers in the market area or competing market areas.

(b) Amount of the commodity produced or projections of production in the production area of competing marketing areas.

(c) Relationship between the quantity produced and the quantity handled by the handler.

(d) The producers cost of production including the cost which would be involved in paying farm labor a fair wage rate and providing them with adequate housing.

(e) The average consumer prices for goods and services, commonly known as the cost of living.

(f) The impact of the award on the competitive position of the handler in the marketing area or competing areas.

(g) The impact of the award on the competitive position of the agricultural commodity in relationship to competing commodities.

(h) A fair return on investment.

(i) Kind, quality or grade of the commodity involved.

(j) Stipulation of the parties.

(k) Such other factors which are normally or traditionally taken into consideration in determining prices, quality, quantity and the costs of other services involved.

Sec. 11. The commissioner shall announce his findings of fact and decisions in all cases in which he has assumed supervision during the year previous to the marketing year in dispute by the 15th day of the marketing year in dispute. To expedite his decisions, the commissioner may engage the services of the bureau of mediation services, whose recommendations he shall consider in his final determination.

Sec. 12. The commissioner may promulgate rules necessary for the administration of this act in accordance with this act and Minnesota Statutes, Chapter 15.

Sec. 13. [EFFECTIVE DATE; EXPIRATION DATE.] This act is effective July 1, 1973, and it shall expire July 1, 1976. If the parties have deemed to have consented to arbitration prior to July 1, 1976 but arbitration is not completed or if negotiations have commenced prior to July 1, 1976, but are not completed by that date, the arbitration or negotiations shall be completed under the provisions of this act."

Sec. 17. Minnesota Statutes 1971, Section 360.109, Subdivision 1, is amended to read:

360.109 [EXERCISE OF POWERS.] Subdivision 1. (IMMEDIATELY AFTER THE ADOPTION AND FILING OF ITS PERMANENT PLAN OF OPERATION, THE CORPORATION SHALL PROCEED TO EXERCISE) The powers herein granted (. Sec. 18. Minnesota Statutes 1971, Section 360.109, is amended by adding a subdivision to read:

Subd. 5. The investment of the cities of Minneapolis and St. Paul in the metropolitan airports system, from the date of the original enactment of this section to January 1, 1973, includes the land comprising airports owned by them and taken over pursuant to subdivision 2, and taxes levied on property within the cities in the years 1944 to 1969, the proceeds of which, together with revenues of the system and federal funds, were expended for the operation, administration, maintenance, improvement, and extension of the system and the service of debt incurred for such improvement and extension, including improvement of the city lands. The aggregate amount of such taxes was \$19,816,873, of which \$7,294,022 would have been assessed and extended against property outside the cities if the entire metropolitan area, which will be taxable by the corporation in 1973 and subsequent years under section 360.114, as amended, had been within its taxing jurisdiction when those levies were made. If it should become necessary for the corporation to levy any such taxes for any purpose other than the payment of bonds and interest, they shall be extended and assessed exclusively against taxable property outside the cities until the total amount so assessed and extended equals \$7,294,022. In the event that the airport land owned by either city should no longer be used for airport purposes, the corporation's control thereof shall cease, and title to the land and all improvements shall be and remain in the city, but the city shall become liable to the corporation for the repayment, without interest, of an amount of the taxes so paid which is proportionate to its own share of the cities' original investment, being 60 percent for Minneapolis and 40 percent for St. Paul. In the event that any other land or improvements owned or controlled by the corporation should ever cease to be used for airport purposes, all income therefrom and all proceeds received upon disposal thereof shall continue to be used for purposes of the metropolitan airports system, subject to federal laws and regulations governing such disposal; or if the operation of the system should ever be terminated, all such income and proceeds shall be distributed to the seven counties in the metropolitan area, in amounts proportionate to the assessed valuation of taxable property in each county at the time of such distribution.

Sec. 19. Minnesota Statutes 1971, Section 360.111, is amended to read:

360.111 [EXISTING AIRPORTS; CONTROL, JURISDICTION.] (AFTER TAKING OVER OPERATION AND MAINTENANCE OF THE MUNICIPALLY OWNED AIRPORTS, IN ACCORDANCE WITH THE PROVISIONS OF SECTION 360.109, SUBDIVISION 2,) The corporation shall exercise control and jurisdiction over any other airport within (25) 35 miles of the city hall of either city. Control and jurisdiction of the corporation over any (SUCH OTHER) *privately owned* airport (, WHETHER LICENSED AND OPERATING AT THE TIME OF THE PASSAGE OF THIS ACT OR HERE-AFTER ESTABLISHED,) shall be limited to control and jurisdiction of the flight and traffic patterns of such airport in the interests of safety of the operation of any airport owned or operated by the corporation. No airport shall be acquired or operated within the area above set forth without first securing the approval of the corporation, provided, however, such approval shall not be withheld except after notice to all interested parties and a public hearing held thereon, as provided in Minnesota Statutes (1945), Section 360.018, Subdivision 7, (AS AMENDED BY THIS ACT,) and then only upon a finding by the corporation that the acquisition or operation of such airport would create a flight hazard to any airport or airports owned or operated by it. As to any airport once licensed with the approval of the corporation, approval of the continued operation of such airport shall at no time be withdrawn by the corporation except after notice to all interested parties, a public hearing had, and a finding by the corporation based on substantial evidence that the operation of such airport is inconsistent with the safety of flight to and from an airport owned or operated or presently to be or being constructed to be operated by the corporation, and then only after payment of just compensation to cover the loss sustained by reason of such withdrawal, such just compensation, if not arrived at by agreement, to be ascertained in the condemnation of said airport by the corporation under the power of eminent domain, the commission to institute the condemnation proceedings promptly and to pay in connection with the prosecution thereof all reasonable and necessary expenses incurred not only by it but also by the owner of such airport.

Sec. 20. Minnesota Statutes 1971, Section 360.113, Subdivision 1, is amended to read:

360.113 [PUBLIC AND GOVERNMENTAL PURPOSES.] (SUBDIVISION 1.) THE COUNCIL OF EACH SUCH CITY SHALL REVIEW THE BUDGET, AND THE COMMISSIONERS, UPON NOTICE FROM ANY SUCH CITY, SHALL HEAR OBJECTIONS TO THE BUDGET AND MAY, AFTER HEARING, MODIFY OR AMEND IT, AND SHALL GIVE DUE NOTICE TO THE CITIES OF SUCH MODIFICATION OR AMENDMENT. DETERMINED TO BE ISSUED AND SOLD SHALL BE ISSUED AND SOLD IN THE MANNER PROVIDED BY SECTION 360.113 and SECTION 360.121) subject only to such changes as the commissioners may from time to time approve.

Subd. 2. (IF ANY SUCH CITY SHALL FAIL TO TAKE THE NECESSARY ACTION TO PROVIDE THE FUNDS REQUIRED BY THE CORPORATION AS IN SECTION 360.113 AND THIS SECTION PROVIDED,) The commissioners shall on or before October 10th of each calendar year, certify to the county auditor of (THE) *each county in (WHICH THE CITY SO FAILING TO COMPLY SHALL BE LOCATED, THE AMOUNT DETERMINED BY THE COMMISSIONERS TO BE RAISED BY THE CITY, AND) the metropolitan area the total amount to be raised by the commissioners during the next fiscal year through taxation, and each county auditor shall extend and assess against all property in his county which is then taxable by the corporation for the purpose for which the levy is made under the provisions of section 360.109, subdivision 5, that sum which bears the same proportion to the total amount as the assessed valuation of such taxable property bears to the assessed valuation of all property in the metropolitan area which is then taxable by the corporation for the purpose for which the levy is made.* The county auditor shall extend, spread, and include the same with and as a part of the general taxes for state, county, and municipal purposes, to be collected and enforced therewith, together with penalties and interest and costs, and the county treasurer, upon collection of the same, shall transfer the same to the treasurer of the corporation.

Subd. 3. In any budget certified by the commissioners, pursuant to any of the provisions of this section (OR OF SECTION 360.113), the amount included for operation and maintenance shall not exceed an amount which, when (APPORTIONED TO THE CITIES AFFECTED) *extended against the assessed valuation of property then taxable therefor under the provisions of section 360.109, subdivision 5, will require (THE PAYMENT BY EITHER CITY FOR THOSE ITEMS OF AN AMOUNT GREATER THAN WOULD BE PRODUCED BY) a levy at the rate of one third of one mill upon (THE) such assessed valuation (OF SUCH CITY). Taxes levied by the corporation shall not affect the amount or rate of taxes which may be levied by any other local government unit within the metropolitan area under the provisions of any law or charter.*

Sec. 22. [360.120] [GENERAL OBLIGATION REVENUE FINANCING.] *Subdivision 1. [SCOPE.] The Minneapolis-St. Paul Metropolitan Airports Commission shall have all the powers and duties set forth in this section, in addition to the powers granted and the duties imposed and notwithstanding any limitations of such powers set forth in any other law or city charter provision. These powers and duties are likewise granted to and imposed upon any successor public corporation, agency, or subdivision of the state in which the commission's property, rights, powers, obligations, and duties, or any of them, may in future be vested by law.*

Subd. 2. [BORROWING AUTHORIZATION.] Except for refunding bonds and certificates of indebtedness, the amount of borrowing authorized by this section, over and above the amount of bonds of the commission outstanding July 1, 1973, is limited to \$75,000,000 until and unless this limitation is increased by law.

Subd. 3. [GENERAL OBLIGATION REVENUE BONDS.] Subject to the provisions of subdivision 2 the commission may issue bonds for the acquisition and betterment of airports and air navigation facilities, and for the refunding of such bonds and of certificates of indebtedness issued under subdivision 10, in the same manner and with the same powers and duties as a municipality under the provisions of chapter 475 except as otherwise provided in this section. The bonds shall be designated as general obligation revenue bonds, and shall be payable primarily from and secured under resolutions of the commission by an irrevocable pledge and appropriation of the revenues to be derived from rates, fees, charges, and rentals to be imposed, maintained, and collected for all use, service, and availability of airport and air navigation facilities owned and to be owned or operated by the commission. They shall be further secured by the pledge of the full faith and credit of the commission, which shall be obligated to levy upon all taxable property within the metropolitan area a tax at such times and in such amounts, if any, as may be required to provide funds sufficient to pay all of the bonds and interest thereon when due and to maintain a reserve securing such payments in the manner and to the extent provided in this section. This tax, if ever required to be levied, shall not be subject to any limitation of rate or amount. The security afforded by this section extends equally and ratably to all general obligation revenue bonds of the commission, except that nothing herein shall prevent the commission from pledging current revenues from a particular facility or group of facilities first to the payment and security of bonds issued to finance such facilities.

Subd. 4. [DEBT SERVICE FUND.] The commission shall maintain permanently on its official books and records an account or accounts referred to herein collectively as the debt service fund, separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on its bonds, and on certificates of indebtedness issued pursuant to subdivision 10. At or before the due date of each principal and interest payment on said bonds and certificates the treasurer shall remit from the debt service fund to the paying agent for the issue an amount sufficient for such payment, without further order from the commission. At or before the time of delivery of any series of bonds the commission shall withdraw from the proceeds thereof, or from revenues then on hand and available for the purpose, and shall deposit in the debt service fund such amount, if any, as may be required to establish in the fund a balance of cash and investments at least equal to the total amount of principal and interest then due and to become due on bonds of the commission to the end of the following year. The commission shall also deposit in the fund as needed

and available, from revenues received in excess of budgeted current expenses of operation and maintenance of its property and of carrying on its business and activities, and in excess of amounts required to cancel taxes under subdivision 2, such amounts as shall be required to reimburse the fund for bond and certificate payments and to produce a balance of cash and investments therein by October 10 in each year at least equal to the total amount of principal and interest due and to become due on general obligation revenue bonds of the commission to the end of the following year. If the revenues are insufficient in any year to produce the required balance, then unless provision is made for restoring the deficiency in accordance with the provisions of subdivision 8, the commission shall levy and appropriate to the debt service fund, and certify to the county auditors of all counties in the metropolitan area, a tax in accordance with subdivision 3 in an amount at least five percent in excess of the deficiency. For the purpose of determining the balance in the debt service fund at any time, investments held therein shall be valued at the principal amount payable at maturity if they mature in the following year, or otherwise at market value, plus the amount of interest receivable thereon to the end of the following year.

Subd. 5. [RATES, FEES, CHARGES, AND RENTALS.] The commission shall be obligated to the holders of its bonds, and to the owners of all property subject to taxation for the payment thereof, to establish, revise from time to time, and collect rates, fees, charges, and rentals for all airport and air navigation facilities and service used by and made available to any person, firm, association, or corporation according to schedules such as to produce revenues at all times sufficient for the requirements of the debt service fund as provided in subdivision 4, and sufficient also to pay when due all expenses of operation and maintenance of the commission's property and of carrying on its business and activities in accordance with law. The payment of such rates, charges, fees, and rentals by any party for the use of any facility or service for any period, other than use permitted to the public generally, shall be secured by a lease or other agreement requiring such party to pay each year an amount sufficient to provide for the payment of a share of the principal and interest due during this period on all bonds of the commission, proportionate to the amount of such bonds issued to provide the facility or service and to the amount of use thereof assured to such party in comparison with others. If a tax is ever required to be levied for a debt service fund deficiency under the provisions of subdivision 4, the commission shall immediately take all action permitted by law and under its leases and other agreements to enforce the payment of rates, fees, charges, and rentals then due, and to raise the amounts thereof payable in the future to the extent required for conformity with subdivision 4 and for repayment of the deficiency with interest at six percent per annum.

Subd. 6. [REIMBURSEMENT OF DEBT SERVICE FUND DEFICIENCIES.] If a debt service fund deficiency tax is ever certified in accordance with subdivision 4, each county auditor

shall extend it on the tax roll of his county in that proportion which the assessed valuation of taxable property within his county then bears to the assessed valuation of all taxable property within the metropolitan area, and shall certify to the commission the amount so extended. Thereafter the commission shall be obligated to repay to the treasurer of each county the amount extended upon its tax roll with interest at six percent per annum from the dates of payment of the deficiency tax to the commission to the date or dates of repayment. The commission shall certify to each county auditor the principal amount to be so paid to the county before October 10 in each subsequent year, and the county auditor shall reduce by this amount the taxes levied by the county which are to be extended upon its tax rolls then in preparation.

Subd. 7. [CONDITIONS.] Bonds of the commission shall not be conditioned upon an election, but no bonds shall be issued at any time, except for refunding in the cases described in subdivision 8, unless the required balance in the debt service fund is first established in accordance with subdivision 4, and the commission determines on one of the bases described in this subdivision that the revenues to be received by it each year during the term of the proposed issue will be at least sufficient to pay when due all of the commission's bonds and interest thereon, including the new issue but excluding any bonds refunded thereby, and to establish the balance required in the debt service fund by October 10. Before the bonds are delivered to the purchaser, the commission shall secure either:

(a) A report of audit of the commission's financial records for the fiscal year most recently ended or, if this is not yet available, a report for the preceding year, prepared by a nationally recognized firm of certified public accountants, showing that the net revenues received that year, computed as the gross receipts less any refunds of rates, fees, charges, and rentals for airport and air navigation facilities and service, less the aggregate amount of current expenses, paid or accrued, of operation and maintenance of property and carrying on the commission's business and activities, equaled or exceeded the maximum amount of then outstanding bonds of the commission and interest thereon to become due in any future fiscal year; or

(b) A lease or other agreement or agreements for the operation or use by one or more airline corporations of the facility for which the bonds are proposed to be issued, requiring such corporation or corporations to pay all costs of operation and maintenance thereof and to pay additional rentals or charges at the times and in not less than the amounts required to pay all of the bonds and interest thereon when due and to establish the annual balance required in the debt service fund to secure such payments, together with a report of audit showing net revenues fulfilling the condition in clause (a) as to all other bonds then outstanding or then to be issued; or

(c) A written report prepared by a nationally recognized consultant on airport management and financing, projecting

gross receipts, current expenses, and net revenues at least sufficient during each year of the term of the proposed bonds to pay all principal and interest due on all bonds and to establish and maintain the required annual debt service fund balance, and stating the estimates of air traffic, rate increases, inflation, and other factors on which the projection is based.

Subd. 8. [REFUNDING DEFICIENCIES.] *If in any year the revenues available for transfer to the debt service fund are or will in the judgment of the commission be insufficient to produce the balance required thereon on October 10 under the provisions of subdivision 4, or to make any interest or principal payment due on certificates of indebtedness issued under the provisions of subdivision 10, the commission may issue refunding bonds and appropriate the proceeds to the debt service fund in the amount needed to restore the deficiency, provided that the refunding bonds shall not mature earlier than the date or dates when the commission estimates that the revenues from enforced or increased rates, fees, charges, and rentals will be sufficient to pay them and to meet all other requirements of the debt service fund as stated in subdivision 4.*

Subd. 9. [ADDITIONAL TAXES.] *Nothing herein shall prevent the commission from levying a tax not to exceed in any year one-third of one mill on the assessed valuation of taxable property within its taxing jurisdiction, over and above any levies found necessary for the debt service fund, as authorized by section 360.116. Nothing herein shall prevent the levy and appropriation for purposes of the commission of any other tax on property or on any income, transaction, or privilege, when and if authorized by law. All collections of any taxes so levied shall be included in the revenues appropriated for the purposes referred to in this section, unless otherwise provided in the law authorizing such levies; but no covenant as to the continuance or as to the rate and amount of any such levy shall be made with the holders of the commission's bonds unless specifically authorized by law.*

Subd. 10. [EMERGENCY BORROWING.] *If in any budget year revenue receipts should from any unforeseen cause become insufficient to pay budgeted current expenses, or if a public emergency should necessitate expenditures in excess of revenues anticipated to meet the current budget, the commission may make an emergency appropriation sufficient to meet the deficiency and may authorize the issuance and sale of general obligation certificates of indebtedness in this amount, maturing not later than October 10 in the following budget year, at public or private sale and upon such other terms and conditions as the commission may determine. The principal of and interest on such certificates of indebtedness, unless paid from other revenues, shall be payable from the debt service fund.*

Subd. 12. *Except as provided in section 354.145, any person who ceased teaching service prior to July 1, 1968, who has ten years or more of allowable service and left his accumulated deductions in the fund for the purpose of receiving when eligible a retirement annuity, shall have his annuity computed in accordance with the law in effect on June 30, 1969, except that the portion of his annuity based on accumulations after June 30, 1957, under the provisions of section 354.44, subdivision 2, and all accumulations under the provisions of section 354.33, subdivision 1, shall be calculated using the same mortality table and*

interest assumption used to transfer the required reserves to the Minnesota adjustable fixed benefit fund.

Subd. 13. All annuities payable from the Minnesota adjustable fixed benefit fund which are in effect on June 30, 1973 shall be increased in the same ratio that the actuarially computed reserve for such annuities determined by using an interest assumption of three and one-half percent bears to the actuarially computed reserve for such annuities determined by using an interest assumption of five percent. The reserves upon which such increases shall be based shall be the actuarially determined reserves for all Minnesota adjustable fixed benefit fund annuities which were in effect on June 30, 1972, in accordance with the mortality assumptions then in effect and at interest assumptions of three and one-half percent and five percent. Such ratio of increase computed to the last full 1/100 of one percent shall be applied to all annuities payable from the Minnesota adjustable fixed benefit fund which are in effect on June 30, 1973. Notwithstanding the provisions of section 356.18, increases in annuity payments pursuant to this subdivision will be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase shall not be made.

Subd. 14. Notwithstanding the maximum benefit provisions of Minnesota Statutes, Section 354.46, Subdivision 1, all benefits and annuities payable pursuant to Minnesota Statutes, Sections 354.37, 354.48, 354.46, Subdivision 1 and Laws 1915, Chapter 199, as amended, which are in effect on June 30, 1973 shall be increased twenty percent. Such increase shall begin to accrue January 1, 1974. Notwithstanding the provisions of section 356.18, increases in benefit and annuity payments pursuant to this subdivision will be made automatically unless written notice is filed by the annuitant with the Teachers Retirement Association Board requesting that the increase shall not be made.

Sec. 28. Minnesota Statutes 1971, Section 354.62, Subdivision 2, is amended to read:

Subd. 2. [INDIVIDUAL ELECTION.] Each member of the teachers retirement association may elect to participate in the variable annuity division by filing a written notice with the board of trustees on forms provided by the board.

(2) Employer variable annuity contributions shall be an amount equal to the employee variable annuity contributions provided in clause (1). *The deficiency in equal employer variable annuity contributions which shall exist prior to July 1, 1975 shall be recovered from the additional employer contributions made prior to July 1, 1975 pursuant to section 8, subdivision 3 and section 18, subdivision 5 of this act.*

(3) Said election shall be made in accordance with section 354.145 (, SUBDIVISIONS 1 AND 2. SAID ELECTION ONCE MADE IS IRREVOCABLE).

(4) There shall be provided for members participating in the variable annuity division a separate account for each member which will show his variable account accumulations as defined in section 354.05, subdivision 23. The board shall establish such other accounts in the variable annuity division as its deems necessary for the operation of this provision.

Sec. 29. Minnesota Statutes 1971, Section 354.62, Subdivision 5, is amended to read:

Subd. 5. [VARIABLE RETIREMENT ANNUITY.] (1) At retirement the amount of the member's variable account accumulation in the employee variable annuity contribution account, based on the valuation at the previous fiscal year end plus any contributions made by such person since such date, and an equal amount from the employer variable annuity contribution account shall be transferred to the variable annuity reserve account, and the variable retirement annuity for the member shall be determined by the member's age, and sex, and the amount transferred for the member to the variable annuity reserve account at the date of retirement.

The amount of the annuity shall be calculated on the basis of (THE 1937 STANDARD ANNUITY TABLE OF MORTALITY SET BACK TWO YEARS AND CALCULATED SEPARATELY AS TO SEX) *an appropriate annuity table of mortality* with an interest assumption (OF THREE AND ONE HALF PERCENT) *as provided in section 354.07, subdivision 1.*

(2) Whenever the admitted value of the annuity reserve account of the variable annuity division, as of June 30 of any year, exceeds or is less than the then present value of all variable annuities in force, determined in accordance with the rate of interest and approved actuarial tables then in effect, by at least two percent of said present value. The amount of each variable annuity payment shall be proportionately increased or decreased for the following year.

(3) The death benefit payable in the event of a member's death prior to retirement will be the lump sum refund of a mem-

ber's variable account accumulation, based on the valuation at the previous fiscal year end plus any contributions made by such person since such date, to the surviving dependent spouse, or if there is no surviving dependent spouse to his designated beneficiary. Except that if a member has made an election in accordance with section 354.36 or 354.46, then his surviving dependent spouse will receive a joint and survivor annuity as described in sections 354.34 and 354.44 and computed as provided in clause (1). An amount equal to the lump sum refund made in this clause shall be transferred from the employer contribution account to the variable annuity turnover account.

(4) Except as provided in section 354.33, subdivision 1, clause (2); section 354.33, subdivisions 8 and 9; section 354.44, subdivision 2, clause (3), and section 354.44, subdivision 7, any person who ceases to be a member by reason of termination of teaching service, shall be entitled to a lump sum refundment of his variable account accumulations, based on the valuation at the previous fiscal year end plus any contributions made by such person since such date. Application for a refundment may be made no sooner than 30 days after termination of teaching service if the applicant has not again become a teacher. Repayment of a refundment upon resumption of teaching is not permitted under this section. An amount equal to the refundment to the member shall be transferred from the employer contribution account to the variable annuity turnover account.

(5) If a member is determined to be totally and permanently disabled as provided in Minnesota Statutes 1967, Sections 354.05, Subdivision 14; 354.37; and 354.48, he shall be entitled to the annuity provided in this subdivision.

(6) Those members eligible for retirement as provided in Minnesota Statutes 1967, Section 354.44, Subdivision 1 will upon application for the annuity provided therein be entitled to the annuity provided in this subdivision. The annuity elected in accordance with Minnesota Statutes 1967, Sections 354.33, 354.34, 354.44, and 354.45 shall be the annuity applicable to this subdivision.

(7) Notwithstanding section 356.18, increases in annuity payments pursuant to this section will be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase shall not be made.

(8) At retirement, a member may elect to have the amount of his variable annuity accumulation in the employee variable annuity contribution account and an equal amount from the employer variable annuity contribution account transferred to the Minnesota adjustable fixed benefit fund as provided in section 354.63, subdivision 2, clause (2). Such election shall be made on a form provided by the board of trustees.

Subd. 2. [VALUATION OF ASSETS; ADJUSTMENT OF BENEFITS.] (1) As of June 30, 1969 the present value of all annuities in force as of June 30, 1969 and as amended in accordance with Laws 1969, Chapter 485, except for the annuities of those persons who retired pursuant to Laws 1915, Chapter 199, as amended, shall be determined in accordance with the 1937 standard annuity table of mortality set back two years and calculated separately as to sex, with an interest assumption of three and one half percent, and assets representing the required reserves for these annuities shall be transferred to the Minnesota adjustable fixed benefit fund, during a period of one year in accordance with procedures specified in section 11.25.

(2) Effective July 1, (1969) 1973 for those members retiring pursuant to sections 354.05 to 354.14 and 354.31 to 354.61 and acts amendatory thereof, the required reserves as determined in accordance with these sections shall be transferred to the Minnesota adjustable fixed benefit fund as of the date of retirement. (THE 1937 STANDARD ANNUITY TABLE OF MORTALITY SET BACK TWO YEARS AND CALCULATED SEPARATELY AS TO SEX,) *an appropriate annuity table of mortality with an interest assumption (OF THREE AND ONE-HALF PERCENT) as provided in section 354.07, subdivision 1,* will be used to determine the amount to be transferred.

(3) Annuity payments shall be adjusted in accordance with the provisions of section 11.25, subdivisions 12 and 13.

(4) Notwithstanding section 356.18, increases in annuity payments pursuant to this section will be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase shall not be made.

Subd. 14. All assets in the annuity stabilization reserve and suspense account shall be credited proportionately to the individual retirement funds' participation in the Minnesota adjustable fixed benefit fund, except that the share attributable to the municipal employees' retirement fund of Minneapolis shall be used to increase benefits or may at the discretion of its board of trustees be returned to such fund.

Effective January 1, 1974 each participating fund in the Minnesota adjustable fixed benefit fund, except the municipal employees retirement fund, shall increase the benefits in effect on June 30, 1973 by an amount that when added to the increase granted to such benefits effective July 1, 1973, equals 20 percent. The increase shall apply to the accrual of benefits commencing January 1, 1974 and shall be in lieu of the adjustment provided by section 11.25, subdivisions 12 and 13 scheduled to take effect January 1, 1974.

The actuary for each participating fund, except the municipal employees retirement fund of Minneapolis, shall calculate the

reserve required to support the benefits in effect on June 30, 1973 as increased July 1, 1973 and herein. As of December 31, 1973, each participating fund shall transfer to or from the Minnesota adjustable fixed benefit fund assets so that its participation equals the total of such required reserves and the reserve for benefits authorized on or after July 1, 1973.

The increased benefits accruing as of January 1, 1974 shall be considered the "originally determined benefits" for the purpose of future adjustments.

Sec. 32. *Minnesota Statutes 1971, Section 354.09, Subdivision 5, is repealed.*

Sec. 33. *Except as otherwise provided, the effective date of this act is July 1, 1973."*

Subd. 3. [DEFERRED ANNUITY; ELIGIBILITY; COMPUTATION.] Any person with at least ten years of allowable service when (SUCH) termination of *public service* occurs may at his option leave his accumulated deductions in the fund and thereby be entitled to a deferred annuity commencing at age 65, *except that any person who terminates public service after June 30, 1973, may qualify for early retirement under section 353.30, subdivisions 1 and 1a.* The deferred annuity shall be computed in the manner provided in section 353.29, subdivisions 2 and 3, on the basis of (ALLOWABLE SERVICE PRIOR TO) *the law in effect on the date of termination of public service* and shall be augmented as provided in section 353.71, subdivision 2. Such person shall be entitled to a refund of his accumulated deductions within 30 days following date of receipt of such application by the secretary of the association.

Sec. 60. Minnesota Statutes 1971, Section 353.34, Subdivision 6, is amended to read:

If a former (PUBLIC EMPLOYEE) *member* does not apply for refund within five years after the last deduction was taken from his salary for the retirement fund, and the total amount of his accumulated deductions is not over \$25, such accumulated deductions shall be credited to and become a part of the retirement fund proper. Refundable accumulated deductions of any former member, if over \$25 in amount and if unclaimed for a period of five years after separation from public service, shall be credited to a donations suspense account. The board of trustees may pay refunds of accumulated deductions without interest, from such donations suspense account, upon proper application therefor. After the refundable accumulated deductions of any former member have remained in such donations suspense account for a period of ten years, without application for a refund thereof having been made, such deductions shall be transferred to and credited to the retirement fund proper. In the event the former (PUBLIC EMPLOYEE) *member* should return to public service, the amount so credited to the retirement fund shall be restored to his individual account.

Sec. 61. Minnesota Statutes 1971, Section 353.35, is amended to read:

353.35 [CONSEQUENCES OF REFUND; REPAYMENT, RIGHTS RESTORED.] When any *former member* accepts

In that event he may repay all refund taken plus interest at (FIVE) *six* percent per annum compounded annually. If more than one refund has been taken, all refunds must be repaid with interest at (FIVE) *six* percent per annum compounded annually.

Such person may gain such allowable service credit by paying six percent of the salary covered under the law in effect at the time that such public service was performed, with interest thereon at the rate of six percent per annum compounded annually from the date first payable to the date payment is made, plus a matching amount, unless the employer agrees to pay said matching amount pursuant to subdivision 2a. An annuity shall accrue as provided in section 353.29, subdivision 6, but no annuity shall be paid until the applicant's payment is made in full for the prior public service; if said payment is not made within such 90 days, the application for retirement shall be void.*

Sec. 4. [MATURITY OF BENEFITS; RETIREMENT AND SURVIVORS' ANNUITIES.] Subdivision 1. [BASIC RETIREMENT ANNUITY.] Except as qualified hereinafter from and after mandatory retirement date, normal retirement date, early retirement date or two years from the disability retirement date, as the case may be, a retirement annuity shall be payable to a retiring judge from the judges' retirement fund in an amount equal to two and one-half percent of the judge's final average compensation multiplied by the number of years of service rendered, provided that such annuity shall not exceed 60 percent of the judge's annual salary for the year immediately preceding his retirement.

Subd. 2. [YEARS OF SERVICE.] No judge shall be eligible for a normal or early retirement annuity at normal or early retirement date if he has less than ten years of service.

A judge who was in office on December 31, 1973 and thereafter and who, by the date on which his term expires, would not have the minimum number of years of service for retirement benefits under statutes in effect on December 31, 1973, may apply to the governor for an extension to serve up to three additional years, stating his intention to retire upon such eligibility. Notwithstanding section 5 hereof, the governor shall forthwith make a written order accepting such retirement application, and extending the term of office of such judge for such period of time, not exceeding three years, as may be necessary to make such judge first eligible for retirement under statutes in effect on December 31, 1973.

Subd. 3. [EARLY RETIREMENT.] The retirement annuity provided by subdivision 1 of any judge electing to retire at an early retirement date shall be reduced by 1/15th for each full year or fraction thereof from his retirement date to normal retirement date.

Subd. 4. [DISABILITY RETIREMENT.] From and after disability retirement date, a disabled judge shall be entitled to (a) continuation of his full salary payable by the judge's employer, as if his office were not vacated by retirement, for a period of two full years, and (b) thereafter a disability retirement annuity computed as provided in subdivision 1, provided that such judge shall receive a minimum annuity of 25 percent of his final average compensation.

Subd. 5. [DEFERRED BENEFITS.] Any benefit to which a judge is entitled under this section may be deferred until early or normal retirement date, notwithstanding termination of such judge's service prior thereto.

Subd. 6. [PART-TIME JUDGES.] Notwithstanding other provisions of this section, except as provided herein service by a judge who was not paid an annual salary or was entitled to practice law while serving as a judge shall be credited only at the rate of 50 percent thereof. All disqualified service may be credited to years of service for the purposes of this act only if:

(a) The judge or his employer pays to the judges' retirement fund a sum equal to 5.85 percent of average salary earned during all or part of such period of service, plus accrued interest thereon at the rate of five percent per year compounded annually from the period of service so credited to the date payment is made;

(b) Such payment is made in not more than 36 monthly installments; and

(c) Such judge or his employer shall elect to make such payment and shall commence doing so within 60 days after the effective date of this act or after the commencement of such judge's first term in office, whichever is later.

Subd. 7. [PRACTICE OF LAW PROHIBITED.] No retired judge or his spouse or children shall receive a retirement annuity while such judge is practicing law in Minnesota. For the purposes of this subdivision, "practicing law" does not mean

service as a retired judge, as counsel for an indigent accused of committing a misdemeanor or felony, or service without compensation in connection with any legal assistance or legal aid program for indigents.

Subd. 8. [EXCLUSIVE NORMAL RETIREMENT BENEFITS.] Any judge who retires after December 31, 1973, shall be entitled to a retirement pension, retirement compensation or other retirement payment only pursuant to this section, except that any such judge in office prior to January 1, 1974, who retires at or after normal retirement age may then elect to receive during his lifetime a normal retirement annuity computed on the basis of retirement compensation provided for such judge under statutes in effect on December 31, 1973, in lieu of the amount of normal retirement annuity otherwise computed under this act.

Subd. 9. [SURVIVORS' ANNUITY.] Upon the death of a judge prior to retirement, his surviving spouse or, if there be no surviving spouse, his dependent children, shall receive an annuity, payable monthly, equal to 60 percent of the normal retirement annuity which would have been payable to the judge had the date of his death been the normal retirement date, provided that the surviving spouse or dependent children shall receive an annuity of not less than 25 percent of the judge's final average compensation.

Subd. 10. [PRIOR SURVIVORS' BENEFITS; LIMITATION.] Benefits provided under Minnesota Statutes, Sections 490.102, Subdivision 6, and 490.12, Subdivision 7, for a surviving spouse of a retired judge, payable after the death of the judge, shall be limited to:

(a) Spouses of judges who have retired prior to January 1, 1974; and

(b) Spouses of judges in office on December 31, 1973 and thereafter who elect to continue contributions under said Sections 490.102, Subd. 6 or 490.12, Subd. 7. Such contributions shall be in addition to contributions under Section 3, and upon retirement such judge may not elect to receive any of the optional annuities under Subd. 11 of this Section 5 unless such judge and his spouse shall waive any benefits under said Sections 490.102, Subdivision 6 or 490.12, Subdivision 7.

No other judge in office on or after January 1, 1974, shall be required to contribute under said Section 490.102, Subd. 6 or 490.12, Subd. 7.

Subd. 11. [OPTIONAL ANNUITIES.] There shall be no survivor or death benefits in connection with the death of a judge who retires after December 31, 1973, except as otherwise provided herein. Within 30 days prior to such retirement, except as provided in Section 4, Subd. 10, a judge may elect to receive, in lieu of the normal retirement annuity, optional annuities which shall take the form of an annuity payable for a period certain and for life thereafter or a joint and survivor annuity.

Such optional annuities shall be actuarially equivalent to an annuity for life, with no term certain, and shall be established by the governing body of the Minnesota state retirement system upon the recommendation of an approved actuary.

Subd. 12. [REFUND.] Any person who ceases to be a judge but who does not qualify for a retirement annuity or other benefit under this act shall be entitled to a refund of all his contributions to the judges' retirement fund with interest computed on the basis of interest assumption under the provisions of Section 356.21. No refund shall be payable upon the death of a judge prior to retirement if no benefits shall be payable under Section 4, Subdivision 9.

Sec. 5. [MANDATORY RETIREMENT.] Subdivision 1. Except as otherwise provided in this act, each judge shall retire on his mandatory retirement date.

Subd. 2. Except as provided by sections 490.025, subdivision 3, 490.102, subdivisions 3 and 3a and 490.12, subdivision 2, any judge in office on December 31, 1973 who shall have attained 70 years of age on or prior to such date shall retire upon the expiration of the term of office of such judge.

Subd. 3. This section takes effect December 31, 1973.

Sec. 6. [PROCEDURES.] Subdivision 1. [COMPULSORY RETIREMENT.] Proceedings for compulsory retirement of a judge, if necessary, shall be conducted in accordance with the provisions of sections 490.04 to 490.09.

Subd. 2. [VACANCIES.] Any judge may make written application to the governor for retirement. The governor thereupon shall direct the judge's retirement by written order which, when filed in the office of the secretary of state, shall effect a vacancy in the office to be filled as provided by law.

Subd. 3. [APPLICATION FOR ANNUITY OR REFUND.] Application for an annuity or refund under this act may be made by the annuitant or by someone authorized to act in his behalf. Every application for an annuity or refund, with proof of age and years of service when required, shall be submitted to the governing body of the Minnesota state retirement system in a form prescribed by it.

Subd. 4. [MANNER OF PAYMENT.] Unless otherwise specifically provided by statute or agreed upon by the annuitant and the governing body of the state retirement system, annuities payable under this act shall be paid in the manner and at the intervals as prescribed by the executive director of the state retirement system.

Sec. 7. [SOCIAL SECURITY COVERAGE; DEFINITIONS.] Subdivision 1. For the purpose of sections 7 to 9, the terms defined in this section shall have the meanings given them, and terms defined in Minnesota Statutes, Section 355.01, Subdivisions 2, 5, 8, and 9, shall have the meanings there given them.

Subd. 2. "Enabling act" means Minnesota Statutes, Sections 355.01 to 355.08.

Subd. 3. "Employee" means any judge, as defined in section 1 of this act.

Subd. 4. "Employing unit" means the state, county, or municipality by which a judge is employed.

Sec. 8. [AGREEMENTS.] Subdivision 1. Pursuant to the enabling act, the state agency, with the approval of the governor, shall supervise a referendum for the employees at a date set by the governor in accordance with the requirements of the social security act.

Subd. 2. The referendum shall decide the question of whether or not the employment of each such employee should be excluded from or included in an agreement.

Subd. 3. Notice of referendum as required by the social security act shall contain a statement in such form as the state agency shall deem necessary and sufficient to inform the employees of the rights which accrue to them under the social security act and the effect that coverage under the social security act will have on their retirement benefits.

Subd. 4. If the governor or an official of the state designated by him for the purpose receives satisfactory evidence that the conditions specified in section 218(d)(7) of the social security act have been met, he shall so certify to the secretary of health, education and welfare.

Subd. 5. The state agency, with the approval of the governor, may enter into an agreement with the secretary of health, education and welfare, or modify any such agreement previously made, to obtain the benefits of the federal old age survivors insurance system in respect to services performed by employees of any employing unit.

Subd. 6. In accordance with section 218(d)(6)(C) of the social security act, the retirement system for judges is divided into two parts:

(a) The first part is composed of judges in office on and after December 31, 1973, and who do not desire coverage under an agreement pursuant to section 218(d) of the social security act;

(b) The second part is composed of judges in office on and after December 31, 1973, who desire such coverage and judges first in office after December 31, 1973, whose service shall constitute "employment" as defined in the social security act.

Subd. 7. Effective with respect to services performed after December 31, 1973, by employees referred to in subdivision 6, clause (b), each employing unit shall pay into the contribution fund established by section 355.04, contributions with respect to wages equal to the sum of taxes which be imposed by the federal insurance contribution act if the services covered by the

agreement constituted employment within the meaning of that act.

Subd. 8. Effective January 1, 1974, as to employees referred to in subdivision 6, clause (b), contributions shall not be paid into the judges' retirement fund by such employees to the extent of the employee contribution under the federal insurance contribution act.

Subd. 9. Delinquent payments due under this section, with interest at the rate of six percent per annum, may be recovered by action in a court of competent jurisdiction against each and every employing unit liable therefor or may, at the request of the state agency, be deducted from any other moneys payable to such employing unit by any department or agency of the state.

Subd. 10. Each and every employing unit shall reimburse the state agency for its pro rata share of the cost of the administration of said agency in accordance with the rules and regulations of the state agency pertaining thereto. Such reimbursements shall be paid into the state agency revolving fund.
