Mr. Carlson, B., from the Committee on Transportation to which was referred:

H. F. No. 2444, A bill for an act relating to transportation; establishing the Minnesota state transportation fund for the appropriation of money to subdivisions of the state for public lands, buildings, and capital improvements needed for public transportation; authorizing the issuance of state bonds for the purposes of the trunk highway fund and the transportation fund; and appropriating money in connection therewith.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert:

“Section 1. [PURPOSE.] It is determined that there is a critical need to preserve and improve transportation facilities throughout the state which cannot be met by local effort without state financial assistance. The rate of completion of the interstate portion and upgrading of the remainder of the state’s highway system has fallen behind the rate of traffic growth, resulting in serious traffic hazards and delays that affect the personal safety, quality of life, and economic welfare of citizens. The highway traffic problem is accentuated by the deficiency in the quality and quantity of public transportation available in urban areas, large and small. This deficiency is itself largely caused by the inability of public transportation to compete economically with private automobiles, without financial support comparable to that given highway construction. Its most serious effect is to limit severely the life and liberty of many persons who because of age, physical or mental characteristics, or economic circumstances are unable to use automobiles. For many more it compels the use of automobiles, often more than one per family, for daily attendance at work and school and for transportation in emergencies, notwithstanding cost that reduce remaining living resources below poverty levels, and notwithstanding unacceptable safety hazards often resulting from physical handicaps or inexperience. And for many high cost makes it impossible to acquire and maintain vehicles that can operate at acceptable safety and pollution control levels, thus aggravating the traffic and pollution hazards created by sheer numbers of vehicles. Capital and maintenance cost of the principal arterial highways of this state cannot be adequately met from existing sources of funds. Similar costs of adequate public transportation in urban areas cannot be met by user fees without subsidy, or even with subsidy to the extent this is possible from property taxes or other resources available to local units of government. It is determined that state financial assistance in meeting the capital cost of public transportation in urban areas and constructing and reconstructing the state’s principal arterial highways is a proper function of state government and is necessary to protect the safety and the personal and economic welfare of the citizens of the state at large.

Sec. 2. [PRINCIPAL ARTERIAL HIGHWAY BOND AUTHORIZATION AND APPROPRIATION.] Subdivision 1.

The state auditor is authorized and directed, upon request of the commissioner of transportation, to issue and sell Minnesota state principal arterial bonds in accordance with the provisions of section 3 and Article IX, Section 6 of the Constitution, in an aggregate principal amount not to exceed \$120,000,000, which sum, or so much thereof as shall be required, is appropriated from the proceeds of such bonds to the commissioner of transportation for grants to counties and municipalities for use in constructing and reconstructing the principal arterial highways of this state. This appropriation shall not lapse or cancel until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement shall be and remain appropriated for that purpose until the grant is fully disbursed or part of all thereof is revoked by the department of transportation.

Subd. 2. The department of transportation shall promulgate regulations, standards, and priorities for the administration of grants authorized in accordance with subdivision 1.

Subd. 3. Applications by counties and municipalities for grants for the funds provided for by subdivision 1 shall be made through regional planning agencies to the department of transportation on forms requiring information prescribed by the regulations of the department of transportation. The regional agency shall certify to the department of transportation those applications which appear to meet the standards and criteria set forth by the department of transportation and the regulations promulgated hereunder, and the department of transportation shall direct grants to be disbursed on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the counties and municipalities sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the department ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the projects have complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 3. [PRINCIPAL ARTERIAL BONDS.] Subdivision 1. For the purpose of providing money appropriated to the counties and municipalities of the state from the principal arterial highway funds authorized by section 2 for constructing and reconstructing the state's principal arterial highways, in accordance with section 2, when authorized by law and requested by the commissioner of transportation, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a

law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state principal arterial bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state principal arterial funds, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state principal arterial bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state principal arterial bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state principal arterial bonds shall be credited

to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state principal arterial bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state principal arterial bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state principal arterial bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 4. [TRANSPORTATION BOND AUTHORIZATION AND APPROPRIATION.] The state auditor is authorized and directed, upon request of the commissioner of transportation, to issue and sell Minnesota state transportation bonds in accordance with the provisions of section 6 and of the Constitution, Article IX, Section 6, in an aggregate principal amount not to exceed \$80,000,000, which sum, or so much thereof as shall be required, is appropriated from the proceeds of the bonds to the Minnesota state transportation fund created in section 4, and shall be used, with any other money in that fund, solely for the purpose of providing money which is hereby appropriated from that fund to subdivisions of the state for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the provisions of section 5. This appropriation shall not lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement

from the Minnesota state transportation fund shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the department of transportation.

Sec. 5. [MINNESOTA STATE TRANSPORTATION FUND.] Subdivision 1. A Minnesota state transportation fund is created as a separate bookkeeping account in the general books of account of the state, to record receipts of the proceeds of state bonds and any other money appropriated to the fund and disbursements from the fund to subdivisions of the state for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the long-range state policies and purposes defined in subdivision 2, and in accordance with standards established in regulations to be adopted by the department of transportation pursuant to law, and to be prepared in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B, referred to in this section as "regional planning agencies", and in consultation with the "subdivisions" defined and referred to in this section. "Subdivisions" referred to in this section include the metropolitan transit commission created by Minnesota Statutes, Chapter 473A, and any other public body now or hereafter given power by law or a city charter to operate public transportation facilities in any defined area, and any city, village, or borough outside the area of operation of such a public body.

Subd. 2. It is the policy of the state to assist its subdivisions in providing, so far as possible, public transportation facilities in all urban areas within the state by providing state funding for public transportation capital improvements. The department of transportation and regional planning agencies are directed to prepare and revise annually a program of capital grants to subdivisions for specific projects which will implement this plan and policy. Capital costs eligible to be paid from such grants shall include all expenses of the kinds enumerated in Minnesota Statutes, Section 475.65.

Subd. 3. The department of transportation shall promulgate regulations for the administration of grants authorized to be made from the fund.

Subd. 4. The regulations of the department shall provide that a high priority shall be given to applications from subdivisions which, because of limited tax base, excessive bonded indebtedness, or critical conditions of public transportation service, would face extreme financial hardship without assistance from the state transportation fund, and to applications for systems to serve more than one municipality.

Subd. 5. Applications by subdivisions for grants from the fund shall be made through regional planning agencies to the

department of transportation on forms requiring information prescribed by the regulations of the department of transportation. The regional agency shall certify to the department of transportation those applications which appear to meet the standards and criteria set forth by the department of transportation and the regulations promulgated hereunder, and the department of transportation shall direct grants to be disbursed from the fund on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the subdivision to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the department ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the subdivision has complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 6. [MINNESOTA STATE TRANSPORTATION BONDS.] Subdivision 1. For the purpose of providing money appropriated to subdivisions of the state from the Minnesota state transportation fund for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed to provide adequate public transportation in urban areas in accordance with the provisions of section 5, when authorized by law and requested by the commissioner of transportation, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state transportation bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations, as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed

by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state transportation fund, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state transportation bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state transportation bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state transportation bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state transportation bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then theretofore credited to the bond account, to pay the

entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state transportation bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state transportation bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 7. [TRANSFER OF POWERS.] Should this legislature fail by July 1, 1973, to enact a law authorizing the creation of a department of transportation, the powers and duties of sections 2 and 3 of this act shall be assumed by the department of highways, and the powers and duties of sections 4 through 6 of this act shall be assumed by the state planning agency.

Sec. 8. [SEVERABILITY.] The invalidity of any provision of this act shall not affect the validity of the remainder of the act.

The tax provided for by subdivision 1 shall not be subject to any statutory limitation as to amount and shall not affect the amount or rate of taxes that may be levied for other county purposes. Such a tax may be in addition to any amounts levied upon all taxable property in the county for the same or similar purposes.

Subd. 3. Upon adoption of its annual budget, the county board or boards shall include appropriate provisions for the operation of the lake improvement district.

Sec. 22. Minnesota Statutes 1971, Section 429.011, Subdivision 2a, is amended to read:

Subd. 2a. “Municipality” also includes a county in the case of construction, reconstruction or improvement of a county state-aid highway or county highway including curbs and gutters and storm sewers outside of the boundaries of any city, village or borough and includes a county exercising its powers and duties under section 444.075, subdivision 1.

Sec. 23. Minnesota Statutes 1971, Section 444.075, is amended to read:

444.075 [WATERWORKS SYSTEMS, MAIN SEWERS, SEWAGE DISPOSAL PLANTS.] Subdivision 1. [AUTHORIZATION.] Any city, except cities of the first class operating under a home rule charter, or any village is hereby authorized and empowered to build, construct, reconstruct, repair, enlarge, improve, or in any other manner obtain waterworks systems, including mains, valves, hydrants, service connections, wells, pumps, reservoirs, tanks, treatment plants, and other appurtenances of a waterworks system, and sewer systems, sewage treatment works, disposal systems, and other facilities for disposing of sewage, industrial waste, or other wastes, all hereinafter called facilities, and to maintain and operate the same inside or outside its corporate limits, and to acquire by gift, purchase, lease, condemnation or otherwise any and all land and easements required for that purpose. The authority hereby granted shall be in addition to all other powers with reference to such facilities otherwise granted by the laws of this state or by the charter of any such city. *Counties, except counties in the seven-county metropolitan area, shall have the same authority granted to cities by this subdivision except for areas of the county organized into cities or villages and areas of the county incorporated within a sanitary district established by special act of the legislature.*

Subd. 2. [FINANCING.] For the purpose of paying the cost of building, constructing, reconstruction, repairing, enlarging, improving, or in other manner obtaining such facilities or any portion thereof, any such city (OR), village or county may issue and sell its general obligations, which may be made payable primarily from taxes or from special assessments to be levied to pay the cost of the facilities or from net revenues derived from water or sewer service charges or from any other nontax revenues pledged for their payment under charter or other statutory authority, or from any two or more of such sources; or it may issue special obligations, payable solely from such taxes or special assessments or from such revenues, or from any two or more of such sources. *Real estate tax revenues should be used only, one then on a temporary basis, to pay general or special obligations when the other revenues are insufficient to meet the obligations.* All such obligations shall be issued and sold in accordance with chapter 475. When special assessments are pledged for the payment of such obligations, they shall be authorized and issued in accordance with the further provisions of chapter 429, or of the municipality's charter if it authorizes such obligations and the governing body determines to proceed thereunder. When net revenues are pledged to the payment of the obligations, together with or apart from taxes and special assessments, such pledge shall be made in accordance with the further provisions of subdivision 3.

Subd. 3. [CHARGES; NET REVENUES.] For the purpose of paying for the construction, reconstruction, repair, enlargement, improvement, or other obtainment and the maintenance, operation and use of such facilities, the governing body of any such city (OR), village or county shall have authority to impose just and equitable charges for the use and for the availability of such facilities and for connections therewith and to make contracts for such charges as hereinafter provided. Such charges may be imposed with respect to facilities made available by agreement with other municipalities (OR), counties or private corporations or individuals, as well as those owned and operated by the city (OR), village or county itself. Charges made for service directly rendered shall be as nearly as possible proportionate to the cost of furnishing the same, and sewer charges may be fixed on the basis of water consumed, or by reference to a reasonable classification of the types of premises to which service is furnished, or by reference to the quantity, pollution qualities and difficulty of disposal of sewage produced, or on any other equitable basis including, but without limitation, any combination of those referred to above. Minimum charges for the availability of water or sewer service may be imposed for all premises abutting on streets or other places where municipal or county water mains or sewers are located, whether or not connected thereto. Charges for connections to the facilities may in the discretion of the governing body be fixed by reference to the portion of the cost thereof which has been paid by assessment of the premises to be connected, in comparison with other premises, as well as the cost of making or supervising the connection.

The governing body may make any such charges a charge against the owner, lessee, occupant or all of them and may provide and covenant for certifying unpaid charges to the county auditor with taxes against the property served for collection as other taxes are collected. The governing body may fix and levy taxes for the payment of reasonable charges to the municipality or county itself for the use and availability of the facilities for fire protection and for maintaining sanitary conditions in public buildings, parks, streets, and other public places. In determining the reasonableness of the charges to be imposed, the governing body may give consideration to all costs of the establishment, operation, maintenance, depreciation and necessary replacements of the system, and of improvements, enlargements and extensions necessary to serve adequately the territory of the city (OR), village (,) or county including the principal and interest to become due on obligations issued or to be issued therefor. When net revenues have been appropriated to the payment of the cost of the establishment, or of any specified replacement, improvement, enlargement or extension thereof, or to pay the principal and interest due on obligations to be issued for such purpose, no charges imposed to produce net revenues adequate for such purpose shall be deemed unreasonable by virtue of the fact that the project to be financed has not been commenced or completed, if proceedings therefor are taken with reasonable dispatch and the project, when completed, may be expected to make service available to the premises charged which will have a value reasonably commensurate with such charges. All such charges, when collected, and all moneys received from the sale of any facilities or equipment or any by-products thereof, shall be placed in a separate fund, and shall be used first to pay the normal, reasonable and current costs of operating and maintaining the facilities. The net revenues from time to time received in excess of such costs may be pledged by resolutions of the governing body, or may be used though not so pledged, for the payment of principal and interest on obligations issued as provided in subdivision 2, or to pay such portion of said principal and interest as may be directed in such resolutions, and net revenues derived from any facilities of the types listed in subdivision 1, whether or not financed by the issuance of such obligations, may be pledged or used to pay obligations issued for other facilities of any such types. In resolutions authorizing the issuance of either general or special obligations and pledging net revenues thereto, the governing body may make such covenants for the protection of holders of the obligations and taxpayers of the municipality or county as it deems necessary, including, but without limitation, a covenant that the municipality or county will impose and collect charges of the nature herein authorized at the times and in the amounts required to produce, together with any taxes or special assessments designated as a primary source of payment of the obligations, net revenues adequate to pay all principal and interest when due on the obligations and to create and maintain such reserves securing said payments as may be provided in said resolutions. When such a covenant is

made it shall be enforceable by appropriate action on the part of any holder of the obligations or any taxpayer of the municipality or county in a court of competent jurisdiction, and the obligations shall be deemed to be payable wholly from the income of the system whose revenues are so pledged, within the meaning of Minnesota Statutes, Sections 475.51 and 475.58.

Subd. 4. [LEVY ASSESSMENTS.] The governing body of any such city (OR), village or county may also levy assessments against property within the city (OR), village or county limits benefited by such facilities under the procedure authorized by law or charter with reference to other assessments for benefits of local improvements, may transfer and use for the purposes hereof surplus funds of the city (OR), village or county not specifically dedicated to any other purpose, and may levy taxes on property within the city (OR), village or county limits for such purposes within the limitations of section 275.11; except that of the taxes so levied, including taxes initially levied under section 475.61 for the payment of the bonds issued therefor and interest thereon, an amount equal to 35 percent of the total cost of the construction, reconstruction, repair, enlargement, improvement, or other obtainment of any such facilities, plus an amount sufficient to pay the interest on the bonds issued in an amount equal to 35 percent of the total cost of the construction, reconstruction, repair, enlargement, improvement, or other obtainment of any such facilities, shall not be included in computing the levies subject to the limitations of such section 275.11. Any such city (OR), village or county may contract with any person, company or corporation for the purposes and under the restrictions set forth in subdivision 5. Any such contract shall be binding upon the parties thereto for the full term agreed upon but in no event more than 30 years, and shall not be changed by either party without the consent of the other party.

Subd. 5. [CONNECTION WITH FACILITIES; CHARGES.] Any such city (OR), village or county is hereby authorized to permit any person, company or corporation located and doing business inside or outside of the city (OR), village or county limits to connect with such facilities and make use of the same upon such terms and upon the payment of such fees and charges therefor as may be prescribed or contracted for by the city (OR), village or county, and to contract with any such person, company or corporation for the payment by such person, company or corporation of a part of the cost of construction, maintenance or use of such facilities and to receive from such person, company or corporation doing business inside or outside of the city (OR), village or county limits payment in cash or installments of such portion of the cost of the construction, maintenance or use thereof as may be agreed upon or contracted for with the city (OR), village or county and devote the money so received to the purpose of such construction, maintenance or use. The proportionate cost of construction, maintenance or use of such facilities to be paid by such person, company, or corporation

may be made payable in installments due at not greater than annual intervals for a period not to exceed 30 years. Any such person, company or corporation which may pay any part of the cost of construction, maintenance or use of such facilities in the manner aforesaid, shall thereafter have the right to use such facilities for the disposal or treatment of his, their or its sewage, industrial waste, or other wastes, by the city (OR), village or county upon the payment of reasonable charges for the use of such facilities or the charges contracted for in case there is a contract as herein provided. Any such city (OR), village or county may contract with any other city (OR), village or county for the joint or cooperative obtainment or use of such facilities without limitation of time.

Subd. 1a. Any county board that has established a water or sewer system or combined water and sewer system under the provisions of this chapter may acquire the right to operate the system under and exercise all the rights and authority of section 23 of this act, instead of this chapter, upon the filing by the county board, in the office of the clerk of district court of the county, a petition to the court asking that the county board be granted such authority. The clerk of district court, as directed by the judge, shall thereupon fix a time and place for hearing upon the petition. Notice of the hearing shall be given by publication for two successive weeks in a newspaper published in the county. SUSPENSION OF RULES

Boland moved that the rules be so far suspended that S. F. No. 1160 be substituted for H. F. No. 1202 and that the House File be indefinitely postponed. The motion prevailed.

S. F. No. 1824 and H. F. No. 1760, which had been referred to the Chief Clerk for comparison, were examined and found to be identical, except that S. F. SUSPENSION OF RULES

Eckstein moved that the rules be so far suspended that S. F. No. 1824 be substituted for H. F. No. 1760 and that the House File be indefinitely postponed. The motion prevailed.

S. F. No. 1353 and H. F. No. 1487, which had been referred to the Chief Clerk for comparison, were examined and found to be identical, except that H. F. No. 1487, after the enacting clause, reads as follows:

"Section 1. Subdivision 1. [PURPOSE.] For the purpose of more effectively protecting society and to promote efficiency and economy in the delivery of correctional services, the commissioner is hereby authorized to make grants to assist counties in the development, implementation, and operation of community based corrections programs including, but not limited to preventive or diversionary correctional programs, probation, parole, community corrections centers, and facilities for the detention or confinement, care and treatment of persons convicted of crime or adjudicated delinquent.

Subd. 2. [DEFINITION.] For the purposes of this act, "commissioner" means the commissioner of corrections or his designee.

Sec. 2. Any county, or group of contiguous counties situated within the same region designed pursuant to Minnesota Statutes, Sections 462.381 to 462.396, may qualify for a grant as provided in section 1 by the enactment of appropriate resolutions creating and establishing a corrections advisory board and providing for the preparation of a comprehensive plan for the development, implementation and operation of the correctional services described in section 1 of this act, including the assumption of these correctional services other than the operation of state institutions presently provided in such counties by the department of corrections, and providing for centralized administration and control of those correctional services described in section 1 of this act.

Where counties combine as authorized in subdivision 1, they shall comply with the provisions of Minnesota Statutes, Section 471.59.

Sec. 3. The commissioner of corrections shall, as provided in Minnesota Statutes, Sections 15.0411 to 15.0422, promulgate rules for the implementation of this act, and shall provide consultation and technical assistance to counties to aid them in the development of comprehensive plans.

Sec. 4. Any county or group of counties electing to come within the provisions of this act may (a) acquire by any lawful means, including purchase, lease or transfer of custodial control, the lands, buildings and equipment necessary and incident to the accomplishment of the purposes of this act, (b) determine and establish the administrative structure best suited to the efficient administration and delivery of the correctional services described

in section 1, and (c) employ a director and such other officers, employees and agents as deemed necessary to carry out the provisions of this act. Any county employees affected by this act shall be transferred to the agency assuming administration and control of the correctional services without loss of grade, civil service rating, seniority or other benefits. To the extent that participating counties shall assume and take over state correctional services presently provided in such counties, preference shall be given to the employment of those state officers, employees and agents thus displaced; if hired by a county, such employment shall, to the extent possible, be deemed a transfer in grade with all of the benefits enjoyed by such officer, employee or agent while in the service of the state.

Sec. 5. Any county or group of counties electing to come within the provisions of this act, may, through their governing bodies, use unexpended funds, accept gifts, grants and subsidies from any lawful source, and apply for and accept federal funds.

Sec. 6. No county or group of counties electing to provide correctional services pursuant to this act shall be eligible for the subsidy herein provided unless and until its comprehensive plan shall have been approved by the commissioner. To remain eligible for subsidy the county or group of counties shall substantially comply with the operating standards established by the commissioner. The commissioner shall review annually the comprehensive plans submitted by participating counties, including the facilities and programs operated under the plans. He is hereby authorized to enter upon any facility operated under the plan, and inspect books and records, for purposes of recommending needed changes or improvements.

When the commissioner shall determine that there are reasonable grounds to believe that a county or group of counties is not in substantial compliance with minimum standards, at least 30 days notice shall be given the county or counties and a hearing held to ascertain whether there is substantial compliance or satisfactory progress being made toward compliance. The commissioner may suspend all or a portion of any subsidy until the required standard of operation has been met.

Sec. 7. In any county or group of counties where correctional services are currently being provided by a single jurisdiction within that county, nothing in this act shall be interpreted as requiring a change of authority.

Sec. 8. Subdivision 1. The corrections advisory board provided in section 2 of this act shall consist of no more than 17 members, who shall be representative of law enforcement, prosecution, the judiciary, education, corrections, ethnic minorities, the social services, and the lay citizen, and shall be appointed as follows:

(1) the law enforcement representation shall consist of a sheriff, and a chief of police (selected by the chiefs of police of the county), or their respective designees;

(2) the prosecution representative shall be either the county attorney or his designee;

(3) the judiciary representatives shall be designated by the chief judge of each district and county court district, and shall include judges representative of courts having felony, misdemeanor and juvenile jurisdiction respectively;

(4) education shall be represented by an academic administrator appointed by the chairman of the board of county commissioners with the advice and consent of the members of the board;

(5) the director of a county welfare board or his designee;

(6) the public defender or his designee;

(7) with the advice and consent of the other members of the county board, the chairman shall appoint the following additional members of the corrections advisory board:

(a) one parole or probation officer;

(b) one correctional administrator;

(c) a representative from a social service agency, public or private;

(d) an ex-offender;

(e) a licensed medical doctor;

(f) at least four citizens, provided, however, that if the ethnic minorities resident in the county exceed the percentage of ethnic minorities in the state population, at least two of the citizen members shall be members of an ethnic minority group.

Subd. 2. Members of the corrections advisory board appointed by the chairman of the board of county commissioners shall serve for terms of two years from and after the date of their appointment, and shall remain in office until their successors are duly appointed. The other members of the corrections advisory board shall hold office at the pleasure of the appointing authority.

Subd. 3. Where two or more counties combine to come within the provisions of this act the joint corrections advisory board shall contain representation as provided in subdivision 1, but the members comprising the board may come from each of the participating counties as may be determined by agreement of the counties. The board may elect its own officers.

Subd. 4. The corrections advisory board provided in this act shall actively participate in the formulation of the comprehensive plan for the development, implementation and operation of the correctional program and services described in section 1 of this act, and shall make a formal recommendation to the county board or joint board at least annually concerning the comprehensive plan and its implementation during the ensuing year.

Sec. 9. Failure of a county or group of counties to elect to come within the provisions of this act shall not effect their eligibility for any other state subsidy for correctional purposes otherwise provided by law. Any comprehensive plan submitted pursuant to this act may include the purchase of selected correctional services from the state by contract, including the temporary detention and confinement of persons convicted of crime or adjudicated delinquent; confinement to be in an appropriate state institution as otherwise provided by law. The commissioner shall annually determine the costs of the purchase of services under this section and deduct them from the subsidy due and payable to the county or counties concerned; provided that no contract shall exceed in cost the amount of subsidy to which the participating county or counties are eligible.

Sec. 10. [CORRECTIONS EQUALIZATION FORMULA.] To determine the amount to be paid participating counties during the biennium ending June 30, 1975, the commissioner of corrections will apply the following formula:

(1) All 87 counties will be ranked in accordance with a formula involving four factors:

- (a) per capita income;
- (b) per capita taxable value;

(c) per capita expenditure per 1,000 population for correctional purposes, and;

(d) percent of county population aged six through 30 years of age according to the most recent federal census.

“Per capita expenditure per 1,000 population” for each county is to be determined by multiplying the number of adults and “youthful offenders” under supervision in each county at the end of the current year by \$350. To the product thus obtained will be added:

(i) the number of presentence investigations completed in that county for the current year multiplied by \$50;

(ii) the annual cost to the county for county probation officers' salaries for the current year; and

(iii) 33 1/3 percent of such annual cost for probation officers' salaries.

The total figure obtained by adding the foregoing items is then divided by the total county population according to the most recent federal census.

(2) Each county is then ranked as follows:

(a) on the basis of per capita income the ranking is from the lowest to the highest;

(b) per capita taxable value is ranked from lowest to highest;

- (c) per capita expenditure is ranked from highest to lowest;
- (d) percent of county population aged six through 30 years is ranked from highest to lowest.

(3) The ranking given each county on each of the foregoing four factors is then totaled and the counties ranked in numerical order according to score.

(4) The total score for each county thus determined is then divided into a median total score. The median total score is the score obtained by that county ranked number 44 in the final ranking. The quotient thus obtained then becomes the computation factor for the county. This computation factor is then multiplied by a "dollar value", as fixed by the appropriation pursuant to this act, times the total county population. The resulting product is the amount of subsidy to which the county is eligible under this act. Notwithstanding any law to the contrary, the commissioner of corrections, after notifying the committees on finance of the senate and appropriations of the house of representatives may, at the end of any fiscal year, transfer any unobligated funds in any appropriation to the department of corrections to the appropriation under this act, which appropriation shall not cancel but is reappropriated for the purposes of this act.

Sec. 11. The comprehensive plan submitted to the commissioner for his approval shall include those items prescribed by regulation of the commissioner, which may require the inclusion of the following: (a) the manner in which presentence and post-sentence investigations and reports for the district courts and social history reports for the juvenile courts will be made; (b) the manner in which probation and parole services to the courts and persons under jurisdiction of the youth conservation commission and the adult corrections commission will be provided; (c) a program for the detention, supervision and treatment of persons under pre-trial detention or under commitment; (d) delivery of other correctional services defined in section 1; (e) proposals for new programs, which proposals must demonstrate a need for the program, its purpose, objective, administrative structure, staffing pattern, staff training, financing, evaluation process, degree of community involvement, client participation and duration of program.

Sec. 12. Participating counties shall not diminish their current level of spending for correctional expenses as defined in section 1, to the extent of any subsidy received pursuant to this act; rather the subsidy herein provided is for the expenditure for correctional purposes in excess of those funds currently being expended. Should a participating county be unable to expend the full amount of the subsidy to which it would be entitled in any one year under the provisions of this act, the commissioner shall retain the surplus, subject to disbursement in the following year wherein such county can demonstrate a need for and ability to expend same for the purposes provided in section 1.

Sec. 13. Each participating county will be charged a sum equal to the per diem cost of confinement of those persons committed to the commissioner or the youth conservation commission after the effective date of this act, and confined in a state institution. Provided, however, that no charge shall be made for those persons convicted of offenses for which the penalty provided by law exceeds five years, nor shall the amount charged a participating county for the costs of confinement exceed the amount of subsidy to which the county is eligible. The commissioner shall annually determine costs and deduct them from the subsidy due and payable to the respective participating counties. All charges shall be a charge upon the county of commitment.

Sec. 14. Upon compliance by a county or group of counties with the prerequisites for participation in the subsidy prescribed by this act, and approval of the comprehensive plan by the commissioner, the commissioner shall determine whether funds exist for the payment of the subsidy and proceed to pay same in accordance with applicable rules and regulations.

Sec. 15. Subdivision 1. On or before the end of each calendar quarter, participating counties shall submit to the commissioner certified statements detailing the amounts expended and costs incurred in providing the correctional services provided in this act. Upon receipt of certified statements, the commissioner shall, in the manner provided in sections 9 and 11, determine the amount each participating county is entitled to receive, and certify same to the state auditor who shall thereupon draw his warrant upon the state treasurer in favor of the chief fiscal officer of each participating county for the amount shown to be due each county. Thereafter, the state auditor shall transmit the warrant to the appropriate fiscal officer, together with a copy of the certificate prepared by the commissioner.

Subd. 2. The commissioner shall biennially review the ranking accorded each county by the equalization formula provided in section 9 and compute the subsidy rate accordingly.

Sec. 16. Any participating county may, at the beginning of any calendar quarter, by resolution of its board of commissioners, notify the commissioner of its intention to withdraw from the subsidy program established by this act, and such withdrawal shall be effective the last day of the last month of the quarter in which such notice was given."

Whereas, S. F. No. 1353, after the enacting clause reads:

"Section 1. Subdivision 1. [PURPOSE.] For the purpose of more effectively protecting society and to promote efficiency and economy in the delivery of correctional services, the commissioner is hereby authorized to make grants to assist counties in the development, implementation, and operation of community based corrections programs including, but not limited to preventive or diversionary correctional programs, probation, parole, community corrections centers, and facilities for the detention

or confinement, care and treatment of persons convicted of crime or adjudicated delinquent.

Where counties combine as authorized in this section, they shall comply with the provisions of Minnesota Statutes, Section 471.59.

Sec. 4. Any county or group of counties electing to come within the provisions of this act may (a) acquire by any lawful means, including purchase, lease or transfer of custodial control, the lands, buildings and equipment necessary and incident to the accomplishment of the purposes of this act, (b) determine and establish the administrative structure best suited to the efficient administration and delivery of the correctional services described in section 1, and (c) employ a director and such other officers, employees and agents as deemed necessary to carry out the provisions of this act. To the extent that participating counties shall assume and take over state correctional services presently provided in such counties, preference shall be given to the employment of those state officers, employees and agents thus displaced; if hired by a county, such employment shall, to the extent possible, be deemed a transfer in grade with all of the benefits enjoyed by such officer, employee or agent while in the service of the state.

Sec. 5. Any county or group of counties electing to come within the provisions of this act, may, through their governing bodies, use unexpended funds, accept gifts, grants and subsidies from any lawful source, and apply for and accept federal funds.

Sec. 6. No county or group of counties electing to provide correctional services pursuant to this act shall be eligible for the subsidy herein provided unless and until its comprehensive plan shall have been approved by the commissioner. To remain eligible for subsidy the county or group of counties shall substantially comply with the operating standards established by the commissioner. The commissioner shall review annually the comprehensive plans submitted by participating counties, including the facilities and programs operated under the plans. He is hereby authorized to enter upon any facility operated under the plan, and inspect books and records, for purposes of recommending needed changes or improvements.

When the commissioner shall determine that there are reasonable grounds to believe that a county or group of counties is not in substantial compliance with minimum standards, at least 30 days notice shall be given the county or counties and a hearing held to ascertain whether there is substantial compliance or satisfactory progress being made toward compliance. The commissioner may suspend all or a portion of any subsidy until the required standard of operation has been met.

Sec. 7. Subdivision 1. The corrections advisory board provided in section 2 of this act shall consist of no more than 17 members, who shall be representative of law enforcement, prosecution, the judiciary, education, corrections, ethnic minorities, the social services, and the lay citizen, and shall be appointed as follows:

(1) the law enforcement representation shall consist of a sheriff, and a chief of police (selected by the chiefs of police of the county), or their respective designees;

(2) the prosecution representative shall be either the county attorney or his designee;

(3) the judiciary representatives shall be designated by the chief judge of each district and county court district, and shall include judges representative of courts having felony, misdemeanor and juvenile jurisdiction respectively;

(4) education shall be represented by an academic administrator appointed by the chairman of the board of county commissioners with the advice and consent of the members of the board;

(5) the director of a county welfare board or his designee;

(6) the public defender or his designee;

(7) with the advice and consent of the other members of the county board, the chairman shall appoint the following additional members of the corrections advisory board:

(a) one parole or probation officer;

(b) one correctional administrator;

(c) a representative from a social service agency, public or private;

(d) an ex-offender;

(e) a licensed medical doctor;

(f) at least four citizens, provided, however, that if the ethnic minorities resident in the county exceed the percentage of ethnic minorities in the state population, at least two of the citizen members shall be members of an ethnic minority group.

Subd. 2. Members of the corrections advisory board appointed by the chairman of the board of county commissioners shall serve for terms of two years from and after the date of their appointment, and shall remain in office until their successors are duly appointed. The other members of the corrections advisory board shall hold office at the pleasure of the appointing authority.

Subd. 3. Where two or more counties combine to come within the provisions of this act the joint corrections advisory board shall contain representation as provided in subdivision 1, but the members comprising the board may come from each of the participating counties as may be determined by agreement of the counties. The board may elect its own officers.

Subd. 4. The corrections advisory board provided in this act shall actively participate in the formulation of the comprehensive plan for the development, implementation and operation of the correctional program and services described in section 1 of this act, and shall make a formal recommendation to the county board or joint board at least annually concerning the comprehensive plan and its implementation during the ensuing year.

Sec. 8. Failure of a county or group of counties to elect to come within the provisions of this act shall not effect their eligibility for any other state subsidy for correctional purposes otherwise provided by law. Any comprehensive plan submitted pursuant to this act may include the purchase of selected correctional services from the state by contract, including the temporary detention and confinement of persons convicted of crime or adjudicated delinquent; confinement to be in an appropriate state institution as otherwise provided by law. The commissioner shall annually determine the costs of the purchase of services under his section and deduct them from the subsidy due and payable to the county or counties concerned; provided that no contract shall exceed in cost the amount of subsidy to which the participating county or counties are eligible.

Sec. 9. [CORRECTIONS EQUALIZATION FORMULA.] To determine the amount to be paid participating counties during the biennium ending June 30, 1975, the commissioner of corrections will apply the following formula:

(1) All 87 counties will be ranked in accordance with a formula involving four factors:

- (a) per capital income;
- (b) per capita taxable value;
- (c) per capita expenditure per 1,000 population for correctional purposes, and;
- (d) percent of county population aged six through 30 years of age according to the most recent federal census.

"Per capita expenditure per 1,000 population" for each county is to be determined by multiplying the number of adults and "youthful offenders" under supervision in each county at the end of the current year by \$350. To the product thus obtained will be added:

- (i) the number of presentence investigations completed in that county for the current year multiplied by \$50;
- (ii) the annual cost to the county for county probation officers' salaries for the current year; and
- (iii) $33 \frac{1}{3}$ percent of such annual cost for probation officers' salaries.

The total figure obtained by adding the foregoing items is then divided by the total county population according to the most recent federal census.

(2) The percent of county population aged six through 30 years shall be determined according to the most recent federal census.

(3) Each county is then ranked as follows:

- (a) on the basis of per capita income the ranking is from the lowest to the highest;
- (b) per capita taxable value is ranked from lowest to highest;
- (c) per capita expenditure is ranked from highest to lowest;
- (d) percent of county population aged six through 30 years is ranked from highest to lowest.

(4) The ranking given each county on each of the foregoing four factors is then totaled and the counties ranked in numerical order according to score.

(5) The total score for each county thus determined is then divided into a median total score. The median total score is the score obtained by that county ranked number 44 in the final ranking. The quotient thus obtained then becomes the computation factor for the county. This computation factor is then multiplied by a "dollar value", as fixed by the appropriation pursuant to this act, times the total county population. The resulting product is the amount of subsidy to which the county is eligible under this act. Notwithstanding any law to the contrary, the commissioner of corrections, after notifying the committees on

finance of the senate and appropriations of the house of representatives, may, at the end of any fiscal year, transfer any unobligated funds in any appropriation to the department of corrections to the appropriation under this act, which appropriation shall not cancel but is reappropriated for the purposes of this act.

Sec. 10. The comprehensive plan submitted to the commissioner for his approval shall include those items prescribed by regulation of the commissioner, which may require the inclusion of the following: (a) the manner in which presentence and postsentence investigations and reports for the district courts and social history reports for the juvenile courts will be made; (b) the manner in which probation and parole services to the courts and persons under jurisdiction of the youth conservation commission and the adult corrections commission will be provided; (c) a program for the detention, supervision and treatment of persons under pre-trial detention or under commitment; (d) delivery of other correctional services defined in section 1; (e) proposals for new programs, which proposals must demonstrate a need for the program, its purpose, objective, administrative structure, staffing pattern, staff training, financing, evaluation process, degree of community involvement, client participation and duration of program.

Sec. 11. Participating counties shall not diminish their current level of spending for correctional expenses as defined in section 1, to the extent of any subsidy received pursuant to this act; rather the subsidy herein provided is for the expenditure for correctional purposes in excess of those funds currently being expended. Should a participating county be unable to expend the full amount of the subsidy to which it would be entitled in any one year under the provisions of this act, the commissioner shall retain the surplus, subject to disbursement in the following year wherein such county can demonstrate a need for and ability to expend same for the purposes provided in section 1.

Sec. 12. Each participating county will be charged a sum equal to the per diem cost of confinement of those persons committed to the commissioner or the youth conservation commission after the effective date of this act, and confined in a state institution. Provided, however, that no charge shall be made for those persons convicted of offenses for which the penalty provided by law exceeds five years, nor shall the amount charged a participating county for the costs of confinement exceed the amount of subsidy to which the county is eligible. The commissioner shall annually determine costs and deduct them from the subsidy due and payable to the respective participating counties. All charges shall be a charge upon the county of commitment.

Sec. 13. Upon compliance by a county or group of counties with the prerequisites for participation in the subsidy prescribed by this act, and approval of the comprehensive plan by the commissioner, the commissioner shall determine whether funds exist for the payment of the subsidy and proceed to pay same in accordance with applicable rules and regulations.

Sec. 14. Subdivision 1. On or before the end of each calendar quarter, participating counties shall submit to the commissioner certified statements detailing the amounts expended and costs incurred in providing the correctional services provided in this act. Upon receipt of certified statements, the commissioner shall, in the manner provided in sections 9 and 11, determine the amount each participating county is entitled to receive, and certify same to the state auditor who shall thereupon draw his warrant upon the state treasurer in favor of the chief fiscal officer of each participating county for the amount shown to be due each county. Thereafter, the state auditor shall transmit the warrant to the appropriate fiscal officer, together with a copy of the certificate prepared by the commissioner.

Subd. 2. The commissioner shall biennially review the ranking accorded each county by the equalization formula provided in section 9 and compute the subsidy rate accordingly."

It shall include (a) an assessment of the accuracy of energy demand forecasts and of the alternatives to meeting that demand such as reducing consumption; (b) an energy conservation program; (c) an evaluation of the impact of existing energy conservation programs and a projection of the anticipated future impact of additional conservation programs, rules and regulations; (d) an examination of the interrelationship between short and long range growth and energy policies recommended to the governor and legislature; (e) identification of the major energy uses and users in the state; (f) the criteria to be used in the certificate of need review as developed in section 7; and (g) recommendations for necessary legislation.

[ASSESSMENT OF NEED CRITERIA.] The council shall promptly initiate a public planning process where all interested persons can participate in developing the criteria to be used to assess the need for new large energy facilities. The participatory process shall include public hearings held by the council, but shall not be limited to such hearings. Criteria to be considered in the process shall include, but not be limited to:

(a) No proposed facility shall be certified for construction unless the applicant has made an affirmative showing of need. In assessing need the council shall evaluate:

- (1) The accuracy of the long range energy need forecasts on which the need of the facility is based;

(3) The relationship of the proposed facility to the state energy plan;

(b) The alternative that minimizes the adverse environmental effects consistent with satisfying energy needs shall be selected;

(c) The economic effects of the facility in inducing future development, including but not limited to direct and indirect economic, social and environmental effects, shall be considered;

Subd. 7. [APPLICATION FEES.] Any application for a certificate of need shall be accompanied by a fee not to exceed \$50,000. The board shall establish by regulation a schedule of fees based on the size of the facility and the difficulty of assessment of need. Funds collected in this manner shall be credited to the general fund in the state treasury.

(FOR PURPOSES OF THIS SUBDIVISION, THAT PORTION OF THE MONTHLY SALARY OF AN ANNUITANT FROM WHICH SUCH DEDUCTIONS WERE MADE FOR THE PERIOD BEFORE JUNE 4, 1969, SHALL BE TREATED AS \$600). *Effective June 1, 1973, "average monthly salary" shall mean the average of the monthly salaries for the five high years of service as a member. The monthly salary for the period prior to July 2, 1969 shall be deemed to be \$600.* In lieu of the life annuity herein provided, the (PATROLMAN) *member or former member* with 20 years or more of service may elect a joint and survivor annuity, payable to his surviving spouse during her natural life, adjusted to the actuarial equivalent value of such life annuity. The joint and survivor annuity elected by a (PATROLMAN) *member* may also provide that the elected annuity be reinstated to the life annuity herein provided, if after drawing the elected joint and survivor annuity, the (SURVIVING) spouse dies prior to the death of the (PATROLMAN) *member*. This reinstatement shall not be retroactive but shall be in effect for the first full month subsequent to the death of the surviving spouse. This additional joint and survivor option with reinstatement clause shall be adjusted to

(5) No disability benefit payment shall be made except upon adequate proof furnished to the association of the existence of such disability, and during the time when any such benefits are being paid, the association shall have the right, at reasonable times, to require the disabled (PATROLMAN) *former member* to submit proof of the continuance of the disability claimed.

Sec. 14. Subdivision 1. The commission may from time to time issue revenue bonds for purposes of this act and all such revenue bonds, notes, bond anticipation notes or other obligations of the commission issued pursuant to this act shall be and are hereby declared to be negotiable for all purposes notwithstanding their payment from a limited source and without regard to any other law or laws. In anticipation of the sale of such revenue bonds, the commission may issue negotiable bond anticipation notes and may renew the same from time to time, but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of the original note. Such notes shall be paid from any revenues of the commission available therefor and not otherwise pledged, or from the proceeds of sale of the revenue bonds of the commission in anticipation of which they were issued. The notes shall be issued in the same manner as the revenue bonds. Such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which a bond resolution or the commission may contain.

Subd. 2. The revenue bonds and notes of every issue shall be payable solely out of revenues of the commission, subject only to any agreements with the holders of particular revenue bonds or notes pledging any particular revenues. Notwithstanding that revenue bonds and notes may be payable from a special fund, they shall be and be deemed to be, for all purposes, negotiable instruments, subject only to the provisions of the revenue bonds.

Subd. 3. The revenue bonds may be issued as serial bonds or as term bonds, or the commission, in its discretion, may issue bonds of both types. The revenue bonds shall be authorized by resolution of the members of the commission and shall bear such date or dates, mature at such time or times, not exceeding 50 years from their respective dates, bear interest at such rate or rates, payable at such time or times, be in denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States of America at such place or places, and be subject to such terms of redemption, as such resolution or resolutions may provide. The revenue bonds or notes may be sold at public or private sale for such price or prices as the commission shall determine. Pending preparation of the definitive bonds, the commission may issue interim receipts or certificates which shall be exchanged for such definite bonds.

Subd. 4. Any resolution or resolutions authorizing any revenue bonds or any issue of revenue bonds may contain provisions

which shall be part of the contract with the holders of the revenue bonds to be authorized as to:

(a) The setting aside of reserves or sinking funds, and the regulation and disposition thereof;

(b) Limitations on the purpose to which the proceeds of sale of any issue of revenue bonds then or thereafter to be issued may be applied and pledging such proceeds to secure the payment of the revenue bonds or any issue of the revenue bonds;

(c) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds;

(d) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(e) Defining the acts or omissions to act which shall constitute a default in the duties of the commission to holders of its obligations and providing the rights and remedies of such holders in the event of a default.

Subd. 5. Neither the members of the commission nor any person executing the revenue bonds or notes shall be liable personally on the revenue bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

Subd. 6. The commission shall have power out of any funds available therefor to purchase its bonds or notes. The commission may hold, pledge, cancel or resell such bonds, subject to and in accordance with agreements with bondholders.

Sec. 15. In the discretion of the commission any revenue bonds issued under the provisions of this act may be secured by a trust agreement by and between the commission and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within the state. Such trust agreement or the resolution providing for the issuance of such revenue bonds may pledge or assign the revenues to be received or proceeds of any contract or contracts pledged or any portion thereof. Such trust agreement or resolution providing for the issuance of such revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of laws, including particularly such provisions as have hereinabove been specifically authorized to be included in any resolution or resolutions of the commission authorizing revenue bonds thereof. Any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues or other moneys may furnish such indemnifying bonds or pledges such securities as may be required by the commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees and may restrict the individual right of action by bond-

holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the commission may deem reasonable and proper for the security of the bondholders.

Sec. 16. Subdivision 1. The commission is hereby authorized to provide for the issuance of revenue bonds of the commission for the purpose of refunding any revenue bonds of the commission then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or any subsequent date of redemption, purchase or maturity of such revenue bonds.

Subd. 2. The proceeds of any such revenue bonds issued for the purpose of refunding outstanding revenue bonds may, in the discretion of the commission, be applied to the purchase or retirement at maturity or redemption of such outstanding revenue bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application be placed in escrow to such purchase or retirement at maturity or redemption on such date as may be determined by the commission.

Subd. 3. Any such escrowed proceeds, pending such use, may be invested and reinvested in direct obligations of the United States of America, or in certificates of deposit or time deposits secured by direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding revenue bonds to be so refunded. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the commission for use by it in any lawful manner.

Subd. 4. All such revenue bonds shall be subject to the provisions of this act in the same manner and to the same extent as other revenue bonds issued pursuant to this act.

Sec. 17. Bonds issued under authority of this act do not, and shall state that they do not, represent or constitute a debt or pledge of the faith and credit of the state, grant to the owners or holders thereof any right to have the state levy and any taxes or appropriate any funds for the payment of the principal thereof or interest thereon. Such bonds are payable and shall state that they are payable solely from the rentals, revenues, and other income, charges, and moneys as are pledged for their payment in accordance with the bond proceedings.

Sec. 18. Any holder of revenue bonds issued under the provisions of this act or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by any

resolution authorizing the issuance of, or any such trust agreement securing, such bonds, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the state or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the commission or by any officer, employee or agent thereof, including the fixing, charging and collecting of the rates, rents, fees and charges herein authorized and required by the provisions of such resolution or trust agreement to be fixed, established and collected.

Sec. 19. Bonds issued by authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the state and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them; it being the purpose of this section to authorize the investment in such bonds of all sinking, insurance, retirement, compensation, pension and trust funds, whether owned or controlled by private or public persons or officers; provided, however, that nothing contained in this section may be construed as relieving any person, firm, or corporation from any duty of exercising due care in selecting securities for purchase or investment; and provided further, that in no event shall assets of pension funds of public employees of the state of Minnesota or any of its agencies, board or subdivisions, whether publicly or privately administered, be invested in bonds issued under the provisions of this act. Such bonds are hereby constituted "authorized securities" within the meaning and for the purposes of Minnesota Statutes, Section 50.14. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state now or may hereafter be authorized by law.

Sec. 20. The exercise of the powers granted by this act will be in all respects for the benefit of the people of this state, for the increase of their commerce, welfare and prosperity, and for the improvement of their health and living conditions, and as providing loans by the commission or its agent will constitute the performance of an essential public function, and any bonds issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free from taxation of every kind by the state and by the municipalities and other political subdivisions in the state.

Sec. 21. The administrator of this act shall be under the commission independent of other authority and notwithstanding Minnesota Statutes, Chapter 16.

Sec. 22. (APPROPRIATION.) *The sum of \$1,000,000 is appropriated for the purposes of this act to the higher education coordinating commission from the general fund. Such amounts as may be necessary from the appropriation made for the purposes of this act may be used by the commission for costs incurred in administering the provisions of this act. The balance of the appropriation not required for administrative costs shall constitute a reserve fund which may be invested by the commission. Any interest which accrues on such investment shall inure to the commission and shall be available for either administrative costs or additions to the reserve fund at the discretion of the commission. The reserve fund shall not cancel and shall be available to the commission for as long as the programs provided by the provisions of this act are in effect. The commission may use the reserve fund established by the appropriation for fulfilling the income contingent provisions of this act as well as for the general purposes of the reserve fund in accordance with the provisions of this act."*

Every person engaged in the business of mining or producing iron ore or other ores in this state shall pay to the state of Minnesota an occupation tax equal to 15.5 percent of the valuation of all ores except taconite, semi-taconite and iron sulphides mined or produced after December 31, 1971. Said tax shall be in addition to all other taxes provided for by law and shall be due and payable from such person on (MAY 1) or before June 15 of the year next succeeding the calendar year covered by the report thereon to be filed as hereinafter provided.

Sec. 2. Minnesota Statutes 1971, Section 298.01, Subdivision 2, is amended to read:

Subd. 2. Every person engaged in the business of producing or mining taconite, semi-taconite and iron sulphides in this state shall pay to the state an occupation tax equal to 15 percent of the valuation of all taconite, semi-taconite and iron sulphides mined or produced after December 31, 1970. The tax shall be in addition to all other taxes provided for by law and shall be due and payable from such person on (MAY 1) or before June 15 of the year next succeeding the calendar year covered by the report thereon to be filed as hereinafter provided.

Sec. 3. Minnesota Statutes 1971, Section 298.10, is amended to read:

298.10 [COMMISSIONER TO ASSESS TAXES AND BILL PERSONS LIABLE FOR TAX.] The commissioner of taxation shall enter on his records the amount of taxes found and determined by him to be due from any person as herein provided; and, on or before June first, shall (CERTIFY SUCH AMOUNT TO THE STATE AUDITOR, WHO THEREUPON SHALL MAKE HIS DRAFT UPON SUCH PERSON FOR THE AMOUNT OF TAXES AS THUS CERTIFIED, AND PLACE THE SAME IN THE HANDS OF THE STATE TREASURER FOR COLLECTION.) *make an assessment and send a statement to the person subject to the tax, which tax shall be payable to the commissioner of taxation as provided in this chapter and deposited in the state treasury.*

Sec. 4. Minnesota Statutes 1971, Section 298.12, is amended to read:

298.12 [COMMISSIONER'S ASSESSMENT ON PRIMA FACIE EVIDENCE OF AMOUNT DUE.] The (DRAFT OF THE STATE AUDITOR) *assessment of the commissioner of taxation for the tax, or tax and penalties, imposed by the provisions of sections 298.01 to 298.11, shall be prima facie evidence, in any court where proceedings may be brought for its enforcement, that the amount therein stated is due the state from the person (AGAINST WHOM THE SAME IS DRAWN.) indicated.*

Sec. 5. Minnesota Statutes 1971, Section 298.13, is amended to read:

298.13 [ATTORNEY GENERAL TO COLLECT UNPAID TAXES.] On July first each year, the (STATE TREASURER) *commissioner of taxation shall deliver to the attorney general a certification of all unpaid (DRAFTS FOR) taxes imposed under sections 298.01 to 298.16, and he shall bring an action thereon in the district court of Ramsey county, or of the county where such ores are mined or produced, for the amount of such (DRAFT) taxes, together with interest, penalties, and costs. The judgment of the court, when so obtained, shall bear interest at the rate of one percent per month and be enforceable in the manner provided by law for the enforcement of judgments obtained in civil actions.*

Sec. 6. Minnesota Statutes 1971, Section 298.28, Subdivision 1, is amended to read:

298.28 [DIVISION OF PROCEEDS.] Subdivision 1. The proceeds of the tax collected under section 298.24 shall be distributed by the state treasurer, upon certificate of the commissioner of taxation to the general fund of the state and to the various taxing districts in which the lands from which taconite was mined or quarried were located in the following manner and proportions: 11 1/2 percent thereof to the city, village or town; 27 percent thereof to the school district; 11 1/2 percent thereof to the county; three percent thereof to the state and 47 percent thereof, less any amount required to be distributed under subdi-

vision 1a to the taconite property tax relief account in the apportionment fund in the state treasury. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities, villages and towns among such subdivisions as provided above, and the part going to school districts among such districts, and the part going to counties among such counties, upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner. The amount so distributed shall be divided among the various funds of the state, or of the taxing districts in the same proportion as the general ad valorem tax thereof. If in any year the state shall not spread any general ad valorem tax levy against real property, the state's proportion of the tax shall be paid into the general fund. The amount distributed to any city or village and one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the amount distributed to any school district under the provisions hereof shall be included in computing the permissible levies of such city, village or school district under sections 275.11 or 275.125, provided, in computing the deduction from permissible levies of cities or villages by reason hereof effect shall be given to the cost of living adjustment allowed by section 275.11, subdivision 2, regardless of whether or not more than 25 percent of the assessed valuation consists of iron ore. On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of taxation and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or village which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in such next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of taxation. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice

of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district except in the case of school districts one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the indicated amount is to be used in computing, pursuant to sections 275.11 or 275.125, the permissible tax levy of such city, village or school district in the year in which such estimate is made, and payable in the next ensuing calendar year. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section (294.25) 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of taxation pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of taxation, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.11 or 275.125 has been made, if the taxes distributable to any such city, village or school district are greater than the amount estimated to be paid to any such city, village or school district in such year, the excess of such distribution shall be held in a special fund by the city, village or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.11 or 275.125, of such city, village or school district payable in such year. If the amounts distributable to any such city, village or school district, after final determination by the commissioner of taxation under section 298.28 are less than the amounts indicated by such estimates, such city, village or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.11 or 275.125 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby appropriated to such taxing districts as are stated herein and to the taconite property tax relief account in the apportionment fund in the state treasury, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer.

Sec. 7. Minnesota Statutes 1971, Section 298.282, Subdivision 2, is amended to read:

Upon completion of such determination, the (STATE AUDITOR) *commissioner of taxation* shall certify to the chief clerical officer of each qualifying municipality the amount which will be distributed to such municipality from the taconite municipal aid account that year.

If the amount distributable to any qualifying municipality, after final determination by the (STATE AUDITOR) *commissioner of taxation* is less than the amount estimated to have been distributable to such qualifying municipality, such municipality may issue certificates of indebtedness in the amount of the shortage and may include in its next tax levy in excess of then existing levy limitations an amount sufficient to pay such certificates of indebtedness and interest thereon or, if no certificates were issued, an amount equal to such shortage.

Sec. 9. Minnesota Statutes 1971, Section 298.282, Subdivision 4, is amended to read:

Subd. 4. Sec. 14. Minnesota Statutes 1971, Section 299.07, is amended to read:

S. F. No. 1120, A bill for an act relating to manpower services; authorizing the summer employment of young persons for state service; appropriating money.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [DEVELOPMENT OF YOUTH EMPLOYMENT OPPORTUNITIES.] Subdivision 1. The legislature finds that

every summer thousands of Minnesota youths, 21 years of age and younger, are unable to find employment because of lack of jobs or because these youths are not qualified for employment due to age, lack of training, or readiness of skills. This is particularly true of youth, 21 years of age and younger, who come from low income families. The legislature further finds that without employment these youths have no way of satisfying their financial needs which creates a particular hardship for youths from low income families. The inability of youth to find employment creates boredom, frustration and resentment of the system which they see as the cause of their problems. The legislature, recognizing the problems created by lack of adequate summer employment of youths, declares it to be in the public interest to use every available resource to provide employment opportunities for these youths, and particularly disadvantaged youths.

Subd. 2. To the extent of funds provided herein, the commissioner of Minnesota manpower services, hereinafter referred to as "the commissioner" is authorized to hire young individuals up to 22 years of age for approximately ten weeks for work periods not to exceed 30 hours per week per individual, during each of the summers of the calendar years 1973 and 1974 for the purpose of placing such individuals in service with the Minnesota department of manpower services and with other departments, agencies, and instrumentalities of the state, county, local governments, and school districts, and nonprofit organizations whether incorporated or not.

Sec. 2. [RATE OF PAY.] Persons hired pursuant to this act shall be compensated at the prevailing rate for federal youth employment programs.

Sec. 3. [ELIGIBILITY FOR EMPLOYMENT AND PLACEMENT.] Subdivision 1. Eligibility for employment and placement pursuant to this act shall be governed by procedures established by the Minnesota department of manpower services. Any procedures or rules and regulations promulgated in connection therewith may be made by the Minnesota department of manpower services without compliance with any existing law or statutory provision except as provided in this act, relating to the hiring and to the promulgation of rules and regulations by departments, agencies or instrumentalities of the state.

Subd. 2. The commissioner shall give due regard to the entire employment needs of youth throughout the state by taking into account any other funds which are distributed by the state and which are available for youth employment opportunities other than those provided in this act, and shall establish the necessary procedures to provide for a credit of these funds against those provided in this act. Due regard shall also be given to the relative economic circumstance of competing job applicants.

Sec. 4. [EMPLOYMENT CONTRACTS WITH GOVERNMENTAL SUBDIVISIONS AND NONPROFIT ORGANIZATIONS.] Subdivision 1. The commissioner is authorized to administer the funds herein appropriated for the purpose of

placing youths in service with departments, agencies, and other instrumentalities of the state including county and local governments, and school districts, and nonprofit organizations whether incorporated or not.

Subd. 2. The commissioner is also authorized and encouraged to enter into arrangements with existing public and private nonprofit agencies with experience in administering summer youth employment programs to act on behalf of the department of manpower services in the recruiting, training, placement of youth for summer jobs, and the performance of other related administrative functions. The department of manpower services shall retain ultimate responsibility for the administration of the youth employment program, including but not limited to, approval of summer job opportunities, review of applicants therefore, the placement of youth in such jobs, subject to approval of the recipient agency, and the disbursements of funds. Any administrative costs incurred by any nonprofit agency, as outlined in this act, shall not be paid from this appropriation nor shall it be considered part of the matching funds outlined in section 5 if paid by any other unit of government.

Sec. 5. [DISBURSEMENT OF FUNDS.] Except for funds disbursed to pay compensation for state jobs, 50 percent of the funds disbursed by the department of manpower services to other recipient agencies shall be conditioned upon the recipient agency furnishing at least 25 percent in 1973 and at least 50 percent of the funds in 1974 required to compensate the youth from sources other than the state of Minnesota. Up to 50 percent of the matching fund requirement may be waived by the department of manpower services if the recipient agency demonstrates to the satisfaction of the department that the agency has exercised its best efforts to meet such requirements.

Sec. 6. [ESTABLISHMENT OF ADVISORY COMMITTEES.] All county boards of commissioners may establish county-wide or multi-county advisory committees, representative of affected public and private agencies and the public at large, composed of not less than five members and not more than 15 members, to review and evaluate job opportunities made available under this act within the county, to assist in raising funds to help meet matching fund requirements under the act, to assist and stimulate private industry in furnishing summer jobs for youth, and take such other voluntary actions as are deemed appropriate to provide meaningful summer employment opportunities for youth and to otherwise assist in carrying out the purposes of this act.

Sec. 7. [REPORT TO THE LEGISLATURE.] The commissioner of the department of manpower services shall initiate a research study program to evaluate the effectiveness of the youth employment program, taking into account the extent of other programs which are providing summer employment opportunities for youths 21 years of age and under, and shall report back to the legislature no later than January 15, 1974 with

an evaluation of the program and any recommendations for improvements.

Sec. 8. [APPROPRIATION.] There is hereby appropriated to the Minnesota Department of Manpower Services from the general fund, in the state treasury, the sum of \$3,000,000 to carry out the purposes of this act. This appropriation is effective upon enactment and shall be available until October 1, 1974."

Further, amend the title by striking it in its entirety and inserting in lieu thereof:

"A bill for an act relating to manpower services; authorizing the summer employment of young persons for state and local service; appropriating money."

With the recommendation that when so amended the bill do pass.

Subd. 2a. "Municipality" also includes a county in the case of construction, reconstruction or improvement of a county state-aid highway or county highway including curbs and gutters and storm sewers outside of the boundaries of any city, village or borough and includes a county exercising its powers and duties under section 444.075, subdivision 1.

Sec. 23. Minnesota Statutes 1971, Section 444.075, is amended to read:

444.075 [WATERWORKS SYSTEMS, MAIN SEWERS, SEWAGE DISPOSAL PLANTS.] *Subdivision 1. [AUTHORIZATION.] Any city, except cities of the first class operating under a home rule charter, or any village is hereby authorized and empowered to build, construct, reconstruct, repair, enlarge, improve, or in any other manner obtain waterworks systems, including mains, valves, hydrants, service connections, wells, pumps, reservoirs, tanks, treatment plants, and other appurtenances of a waterworks system, and sewer systems, sewage treatment works, disposal systems, and other facilities for disposing of sewage, industrial waste, or other wastes, all hereinafter called facilities, and to maintain and operate the same inside or*

outside its corporate limits, and to acquire by gift, purchase, lease, condemnation or otherwise any and all land and easements required for that purpose. The authority hereby granted shall be in addition to all other powers with reference to such facilities otherwise granted by the laws of this state or by the charter of any such city. *Counties, except counties in the seven-county metropolitan area, shall have the same authority granted to cities by this subdivision except for areas of the county organized into cities or villages and areas of the county incorporated within a sanitary district established by special act of the legislature.*

Subd. 2. [FINANCING.] For the purpose of paying the cost of building, constructing, reconstructing, repairing, enlarging, improving, or in other manner obtaining such facilities or any portion thereof, any such city (OR), village or county may issue and sell its general obligations, which may be made payable primarily from taxes or from special assessments to be levied to pay the cost of the facilities or from net revenues derived from water or sewer service charges or from any other nontax revenues pledged for their payment under charter or other statutory authority, or from any two or more of such sources; or it may issue special obligations, payable solely from such taxes or special assessments or from such revenues, or from any two or more of such sources. *Real estate tax revenues should be used only, and then on a temporary basis, to pay general or special obligations when the other revenues are insufficient to meet the obligations.* All such obligations shall be issued and sold in accordance with chapter 475. When special assessments are pledged for the payment of such obligations, they shall be authorized and issued in accordance with the further provisions of chapter 429, or of the municipality's charter if it authorizes such obligations and the governing body determines to proceed thereunder. When net revenues are pledged to the payment of the obligations, together with or apart from taxes and special assessments, such pledge shall be made in accordance with the further provisions of subdivision 3.

Subd. 3. [CHARGES; NET REVENUES.] For the purpose of paying for the construction, reconstruction, repair, enlargement, improvement, or other obtainment and the maintenance, operation and use of such facilities, the governing body of any such city (OR), village or county shall have authority to impose just and equitable charges for the use and for the availability of such facilities and for connections therewith and to make contracts for such charges as hereinafter provided. Such charges may be imposed with respect to facilities made available by agreement with other municipalities (OR), *counties or private corporations or individuals, as well as those owned and operated by the city (OR), village or county itself.* Charges made for service directly rendered shall be as nearly as possible proportionate to the cost of furnishing the same, and sewer charges may be fixed on the basis of water consumed, or by reference to a reasonable classification of the types of premises to which service is furnished, or by reference to the quantity, pollution qualities and

difficulty of disposal of sewage produced, or on any other equitable basis including, but without limitation, any combination of those referred to above. Minimum charges for the availability of water or sewer service may be imposed for all premises abutting on streets or other places where municipal *or county* water mains or sewers are located, whether or not connected thereto. Charges for connections to the facilities may in the discretion of the governing body be fixed by reference to the portion of the cost thereof which has been paid by assessment of the premises to be connected, in comparison with other premises, as well as the cost of making or supervising the connection. The governing body may make any such charges a charge against the owner, lessee, occupant or all of them and may provide and covenant for certifying unpaid charges to the county auditor with taxes against the property served for collection as other taxes are collected. The governing body may fix and levy taxes for the payment of reasonable charges to the municipality *or county* itself for the use and availability of the facilities for fire protection and for maintaining sanitary conditions in public buildings, parks, streets, and other public places. In determining the reasonableness of the charges to be imposed, the governing body may give consideration to all costs of the establishment, operation, maintenance, depreciation and necessary replacements of the system, and of improvements, enlargements and extensions necessary to serve adequately the territory of the city (OR), village (,) *or county* including the principal and interest to become due on obligations issued or to be issued therefor. When net revenues have been appropriated to the payment of the cost of the establishment, or of any specified replacement, improvement, enlargement or extension thereof, or to pay the principal and interest due on obligations to be issued for such purpose, no charges imposed to produce net revenues adequate for such purpose shall be deemed unreasonable by virtue of the fact that the project to be financed has not been commenced or completed, if proceedings therefor are taken with reasonable dispatch and the project, when completed, may be expected to make service available to the premises charged which will have a value reasonably commensurate with such charges. All such charges, when collected, and all moneys received from the sale of any facilities or equipment or any by-products thereof, shall be placed in a separate fund, and shall be used first to pay the normal, reasonable and current costs of operating and maintaining the facilities. The net revenues from time to time received in excess of such costs may be pledged by resolutions of the governing body, or may be used though not so pledged, for the payment of principal and interest on obligations issued as provided in subdivision 2, or to pay such portion of said principal and interest as may be directed in such resolutions, and net revenues derived from any facilities of the types listed in subdivision 1, whether or not financed by the issuance of such obligations, may be pledged or used to pay obligations issued for other facilities of any such types. In resolutions authorizing the issuance of either general or special obligations and pledging net revenues thereto, the governing body may make such covenants for the protection of hold-

ers of the obligations and taxpayers of the municipality *or county* as it deems necessary, including, but without limitation, a covenant that the municipality *or county* will impose and collect charges of the nature herein authorized at the times and in the amounts required to produce, together with any taxes or special assessments designated as a primary source of payment of the obligations, net revenues adequate to pay all principal and interest when due on the obligations and to create and maintain such reserves securing said payments as may be provided in said resolutions. When such a covenant is made it shall be enforceable by appropriate action on the part of any holder of the obligations or any taxpayer of the municipality *or county* in a court of competent jurisdiction, and the obligations shall be deemed to be payable wholly from the income of the system whose revenues are so pledged, within the meaning of Minnesota Statutes, Sections 475.51 and 475.58.

Subd. 4. [LEVY ASSESSMENTS.] The governing body of any such city (OR), village *or county* may also levy assessments against property within the city (OR), village *or county* limits benefited by such facilities under the procedure authorized by law or charter with reference to other assessments for benefits of local improvements, may transfer and use for the purposes hereof surplus funds of the city (OR), village *or county* not specifically dedicated to any other purpose, and may levy taxes on property within the city (OR), village *or county* limits for such purposes within the limitations of section 275.11; except that of the taxes so levied, including taxes initially levied under section 475.61 for the payment of the bonds issued therefor and interest thereon, an amount equal to 35 percent of the total cost of the construction, reconstruction, repair, enlargement, improvement, or other obtainment of any such facilities, plus an amount sufficient to pay the interest on the bonds issued in an amount equal to 35 percent of the total cost of the construction, reconstruction, repair, enlargement, improvement, or other obtainment of any such facilities, shall not be included in computing the levies subject to the limitations of such section 275.11. Any such city (OR), village *or county* may contract with any person, company or corporation for the purposes and under the restrictions set forth in subdivision 5. Any such contract shall be binding upon the parties thereto for the full term agreed upon but in no event more than 30 years, and shall not be changed by either party without the consent of the other party.

Subd. 5. [CONNECTION WITH FACILITIES; CHARGES.] Any such city (OR), village *or county* is hereby authorized to permit any person, company or corporation located and doing business inside or outside the city (OR), village *or county* limits to connect with such facilities and make use of the same upon such terms and upon the payment of such fees and charges therefor as may be prescribed or contracted for by the city (OR), village *or county*, and to contract with any such person, company or corporation for the payment by such person, company or corporation of a part of the cost of construction, maintenance or use

of such facilities and to receive from such person, company or corporation doing business inside or outside of the city (OR), village or county limits payment in cash or installments of such portion of the cost of the construction, maintenance or use thereof as may be agreed upon or contracted for with the city (OR), village or county and devote the money so received to the purpose of such construction, maintenance or use. The proportionate cost of construction, maintenance or use of such facilities to be paid by such person, company, or corporation may be made payable in installments due at not greater than annual intervals for a period not to exceed 30 years. Any such person, company or corporation which may pay any part of the cost of construction, maintenance or use of such facilities in the manner aforesaid, shall thereafter have the right to use such facilities for the disposal or treatment of his, their or its sewage, industrial waste, or other wastes, by the city (OR), village or county upon the payment of reasonable charges for the use of such facilities or the charges contracted for in case there is a contract as herein provided. Any such city (OR), village or county may contract with any other city (OR), village or county for the joint or co-operative obtainment or use of such facilities without limitation of time.

Sec. 24. Minnesota Statutes 1971, Chapter 459, is amended by adding a section to read:

[459.20] [AUTHORITY OVER PUBLIC WATERS.] *The governing body of any city, village or borough in the state within which the whole of any body of water is situated, shall have all the powers to improve and regulate the use of such body of water as are conferred on county boards by sections 4 and 5 of this act, and to establish and administer lake improvement districts under sections 9 to 21 of this act. References in sections 4 to 21 to the county board shall mean also the appropriate governing body of a city, village, or borough.*

Sec. 25. Minnesota Statutes 1971, Section 116A.01, is amended by adding a subdivision to read:

Subd. 1a. Any county board that has established a water or sewer system or combined water and sewer system under the provisions of this chapter may acquire the right to operate the system under and exercise all the rights and authority of section 23 of this act, instead of this chapter, upon the filing by the county board, in the office of the clerk of district court of the county, a petition to the court asking that the county board be granted such authority. The clerk of district court, as directed by the judge, shall thereupon fix a time and place for hearing upon the petition. Notice of the hearing shall be given by publication for two successive weeks in a newspaper published in the county. The clerk of district court shall give written notice of the hearing to the Minnesota pollution control agency. If at the hearing the court finds that it is for the best interests of the county board to be granted such authority, it may by order grant such petition. Thereafter the county board may operate and

maintain the water or sewer system or combined water and sewer system as provided in section 23 of this act.

Honorable Alec G. Olson
President of the Senate

Honorable Martin O. Sabo
Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 342, report that we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. Minnesota Statutes 1971, Section 168.011, Subdivision 13, is amended to read:

Subd. 13. [TRAILER.] “Trailer” means any vehicle designed for carrying property or passenger on its own structure and for being drawn by a motor vehicle *but shall not include a trailer drawn by a truck-tractor semitrailer combination.*

Sec. 2. Minnesota Statutes 1971, Section 168.011, Subdivision 14, is amended to read:

Subd. 14. [SEMI-TRAILER.] “Semi-trailer” means a vehicle of the trailer type so designed and used in conjunction with a truck-tractor that a considerable part of its own weight or that of its load rests upon and is carried by the truck-tractor *and shall include a trailer drawn by a truck-tractor semitrailer combination.*

Sec. 3. Minnesota Statutes 1971, Section 168.011, Subdivision 16, is amended to read:

[GROSS WEIGHT.] “Gross weight” means the actual unloaded weight of the vehicle, either a truck or tractor, or the actual unloaded combined weight of a truck-tractor and semitrailer, *or of the truck-tractor, semitrailer and one additional semitrailer*, fully equipped for service, plus the weight of the maximum load which the applicant has elected to carry on such vehicle or combined vehicles. The term gross weight applied to a truck occasionally used for towing a trailer means the unloaded weight of the truck, fully equipped for service, plus the weight of the maximum load which the applicant has elected to carry on such truck, but not including the weight of such part of the trailer and its load as may rest upon the truck. The term gross weight applied to a truck-tractor used exclusively by the owner thereof for towing an equipment dolly shall be the actual weight of the truck-tractor alone, and the equipment dolly shall be separately licensed and taxed as a trailer, as provided in section 168.013, subdivision 1, paragraph 7. The term "equipment dolly" as used in this subdivision means a heavy semitrailer used solely by the owner thereof to transport his construction machinery, equipment, implements and other objects used on a construction project, but not to be incorporated in or to become a part of a completed project. The term gross weight applied to a truck-tractor or a truck used as a truck-tractor transporting unfinished forest products or used by the owner thereof to transport agricultural, horticultural, dairy, and other farm products, including livestock, produced or finished by the owner of the truck, and any other personal property owned by the farmer to whom the license for such truck is issued, from the farm to market, and to transport property and supplies to the farm of the owner, as described in section 168.011, subdivision 17, shall be the unloaded weight of the truck-tractor or converted truck plus the weight of the maximum load which the applicant has elected to carry on the truck, but in no case shall this be less than 21,000 pounds, whether hauling a semitrailer or not, and the semitrailer used for such hauling in conjunction with such truck-tractor or converted truck shall be registered and taxed separately as provided by section 168.013, subdivision 1, paragraph 7.

Sec. 21. Minnesota Statutes 1971, Section 16.16, Subdivision 4, is amended to read:

Subd. 4. Otherwise the commissioner of administration shall modify the (ESTIMATE) *spending plan* so as to conform with the terms of the appropriation and the prospective needs of the agency, and shall reduce the amount allotted accordingly. The commissioner of administration shall act promptly upon all (ESTIMATES) *spending plans*, and shall notify every agency of its allotments at least five days before the beginning of each allotment period, and shall notify the (STATE AUDITOR) *commissioner of finance*. The total amount allotted to any agency for the fiscal year or other terms for which the appropriation was made shall not exceed the amount appropriated for such year or term.

[MODIFICATION.] The commissioner of administration shall also have authority at any time to modify or amend any (ALLOTMENT) *spending plan* previously (MADE) *approved* by him, upon application of or upon notice to the agency concerned, and upon a showing of emergency or other cause; provided, no deficit or undue reduction of funds to meet future needs of such agency will result therefrom.

Sec. 23. Minnesota Statutes 1971, Section 16.16, Subdivision 6, is amended to read:

Claims presented against existing appropriations without prior

allotment or encumbrance may, upon investigation, review, and approval by the commissioner of (ADMINISTRATION) *finance* be determined valid where the services, materials, and supplies for which payment is claimed have been actually rendered or furnished to the state in good faith without collusion and without intent to defraud. Thereafter the (STATE AUDITOR) *commissioner of finance* may draw his warrant in payment of such claims in the same manner in which other claims, properly allotted and encumbered prior to inception thereof, are paid.

REPORTS OF STANDING COMMITTEES

Mr. Norton from the Committee on Appropriations to which was referred:

H. F. No. 2444, A bill for an act relating to transportation; providing principal arterial highway funds for the appropriation of money to counties and municipalities of the state for the purposes of constructing and reconstructing the state's principal arterial highways, authorizing the issuance of state bonds for the purposes thereof and appropriating money in connection therewith; establishing the Minnesota state transportation fund for the appropriation of money to subdivisions of the state for public lands, buildings, and capital improvements needed for public transportation, authorizing the issuance of state bonds for the purposes of the transportation fund and appropriating money in connection therewith.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [PURPOSE.] It is determined that there is a critical need to preserve and improve transportation facilities throughout the state which cannot be met by local effort without state financial assistance. The rate of completion of the interstate portion and upgrading of the remainder of the state's highway system has fallen behind the rate of traffic growth, resulting in serious traffic hazards and delays that affect the personal safety, quality of life, and economic welfare of citizens. The highway traffic problem is accentuated by the deficiency in the quality and quantity of public transportation available in urban areas, large and small. This deficiency is itself largely caused by the inability of public transportation to compete economically with private automobiles, without financial support comparable to that given highway construction. Its most serious effect is to limit severely the life and liberty of many persons who because of age, physical or mental characteristics, or economic circumstances are unable to use automobiles. For many more it compels the use of automobiles, often more than one per family, for daily attendance at work and school and for transportation in emergencies, notwithstanding cost that may reduce remaining living resources below poverty levels, and notwithstanding unacceptable safety hazards often resulting from physical handicaps or inexperience. And for many high cost makes it impossible to acquire and maintain vehicles that can operate at acceptable safety and pollution control levels, thus aggravating the traffic and pollution hazards created by sheer numbers of vehicles. Capital cost of the principal arterial highways of this state cannot be adequately met from existing sources of funds. Similar costs of adequate public transportation in urban areas cannot be met by user fees without subsidy, or even with subsidy to the extent this is possible from property taxes or other resources available to local units of government. It is determined that state financial assistance in meeting the capital cost of public transportation in urban areas and constructing and reconstructing the state's principal arterial highways is a proper function of state government and is necessary to protect the safety and the personal and economic welfare of the citizens of the state at large.

Sec. 2. [PRINCIPAL ARTERIAL HIGHWAY BOND AUTHORIZATION AND APPROPRIATIONS.] Subdivision 1. The state auditor is authorized and directed, upon request of the commissioner of highways, to issue and sell Minnesota state principal arterial bonds in accordance with the provisions of section 3 of this act, and Article IX, Section 6, of the Constitution in an aggregate principal amount not to exceed \$120,000,000, which sum, or so much thereof as shall be required, is appropriated from the proceeds of such bonds to the commissioner of highways for grants to counties and municipalities for the acquisition and betterment of public land and other improvements of a capital nature needed to provide adequate principal arterial highways of this state. This appropriation shall not lapse or cancel until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for

disbursement shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the department of highways.

Subd. 2. The department of highways shall promulgate regulations, standards, and priorities for the administration of grants authorized in accordance with subdivision 1, and these regulations, standards, and priorities are to be developed in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B.

Subd. 3. Applications by counties and municipalities for grants for the funds provided for by subdivision 1 shall be made through regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Section 462.381 to 462.396 and Chapter 473B referred to in this section as regional planning agencies to the department of highways on forms requiring information prescribed by the regulations of the department of highways. The regional planning agency shall certify to the department of highways those applications which appear to meet the standards and criteria set forth by the department of highways and the regulations promulgated hereunder, and the department of highways shall direct grants to be disbursed on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the counties and municipalities sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the department ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the projects have complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 3. [PRINCIPAL ARTERIAL BONDS.] Subdivision 1. For the purpose of providing money appropriated to the counties and municipalities of the state from the principal arterial highway funds authorized by section 2 for the acquisition and betterment of public land and other improvement of a capital nature needed to provide adequate principal arterial highways, in accordance with section 2, when authorized by law and requested by the commissioner of highways, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority

for such issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state principal arterial bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state principal arterial funds, and the amounts necessary therefor are appropriated from those funds; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state principal arterial bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state principal arterial bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state principal arterial bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond

account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state principal arterial bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state principal arterial bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state principal arterial bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 4. [TRANSPORTATION BOND AUTHORIZATION AND APPROPRIATION.] The state auditor is authorized and directed, upon request of the director of the state planning agency, to issue and sell Minnesota state transportation bonds in accordance with the provisions of section 6 of this act, and Article IX, Section 6 of the Constitution, in an aggregate principal amount not to exceed \$80,000,000 which sum, or so much thereof as shall be required, is appropriated from the proceeds of the bonds to the Minnesota state transportation fund created in section 5; and shall be used, with any other money in that fund, solely for the purpose of providing money which is hereby appropriated from that fund to the director of the state planning agency for grants to subdivisions of the state, according to the definition of "subdivision" in section 5, subdivision 1, for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the provisions of section 5. This appropriation shall not lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for

disbursement from the Minnesota state transportation fund shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the state planning agency.

Sec. 5. [MINNESOTA STATE TRANSPORTATION FUND.] Subdivision 1. A Minnesota state transportation fund is created as a separate bookkeeping account in the general books of account of the state, to record receipts of the proceeds of state bonds and any other money appropriated to the fund and grants disbursed from the fund to subdivisions of the state for the acquisition of betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the long range state policies and purposes defined in subdivision 2, and in accordance with standards established in regulations to be adopted by the state planning agency pursuant to law, and to be prepared in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B, referred to in this section as "regional planning agencies", and in consultation with the "subdivisions" defined and referred to in this section. "Subdivisions" referred to in this section include the metropolitan transit commission created by Minnesota Statutes, Chapter 473A, and any other public body now or hereafter given power by law or a city charter to operate public transportation facilities in any defined area, and any city, village, or borough outside the area of operation of such a public body.

Subd. 2. It is the policy of the state to assist its subdivisions in providing, so far as possible, public transportation facilities in all urban areas within the state by providing state funding for public transportation capital improvements. The state planning agency and regional planning agencies are directed to prepare and revise annually a program of capital grants to subdivisions for specific projects which will implement this policy. Capital costs eligible to be paid from such grants shall include all expenses of the kinds enumerated in Minnesota Statutes, Section 475.65.

Subd. 3. The state planning agency shall promulgate regulations for the administration of grants authorized to be made from the fund.

Subd. 4. The regulations of the state planning agency shall provide that a high priority shall be given to applications from subdivisions which, because of limited tax base, excessive bonded indebtedness, or critical conditions of public transportation service, would face extreme financial hardship without assistance from the state transportation fund, and to applications for systems to serve more than one municipality.

Subd. 5. Applications by subdivisions for grants from the fund shall be made through regional planning agencies to the state planning agency, on forms requiring information pre-

scribed by the regulations of the state planning agency. The regional agency shall certify to the state planning agency those applications which appear to meet the program of capital grants and the standards and criteria set forth by the state planning agency and the regulations promulgated hereunder, and the state planning agency shall direct grants to be disbursed from the fund on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the subdivision sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the state planning agency ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the subdivision has complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 6. [MINNESOTA STATE TRANSPORTATION BONDS.] Subdivision 1. For the purpose of providing money appropriated to subdivisions of the state from the Minnesota state transportation fund for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed to provide adequate public transportation in urban areas in accordance with the provisions of section 5, when authorized by law and requested by the director of the state planning agency, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions of limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state transportation bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside this state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations, as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their

official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state transportation fund, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state transportation bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state transportation bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state transportation bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state transportation bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore

due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state transportation bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state transportation bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 7. [SEVERABILITY.] The invalidity of any provision of this act shall not affect the validity of the remainder of the act.

Sec. 8. [EFFECTIVE DATE.] This act is effective on the day following final enactment.”.

The probate judge who is not hereby designated as judge of the county court shall continue in office until the expiration of his term and become a part time judicial officer of the county court, hearing and trying matters assigned to him by the judge of the county court but,

S. F. No. 96, A bill for an act relating to motor vehicle insurance; providing for basic reparation insurance benefits, regardless of fault, in cases of accident; limiting the recovery of general damages in bodily injury tort claims; requiring no-fault reparation insurance; providing for the administration of a no-fault reparation system and providing penalties; providing for mandatory arbitration of certain claims; providing for the partial abrogation of tort liability; repealing Minnesota Statutes 1971, Sections 65B.01 to 65B.27; 168.054; 168.833; 170.21; 170.22; 170.23; 170.231; 170.25 to 170.58; and 171.12, Subdivision 4.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert:

"Section 1. [CITATION.] Sections 1 to 28 may be cited as the "Minnesota Automobile Accident Reparations Act".

Sec. 2. [PURPOSE.] The detrimental impact of automobile accidents on uncompensated injured persons, upon the orderly and efficient administration of justice in this state, and in various other ways requires that this act be adopted to effect the following purposes:

(1) To relieve the severe economic distress of uncompensated victims of automobile accidents within this state by requiring automobile insurers to offer and automobile owners to main-

tain automobile liability insurance policies or other pledges of indemnity which will provide prompt payment of specified basic economic loss benefits to victims of automobile accidents without regard to whose fault caused the accident;

(2) To prevent the overcompensation of those automobile accident victims suffering minor injuries by restricting the right to recover general damages to cases of serious injury.

(3) To encourage appropriate medical and rehabilitation treatment of the automobile accident victim by assuring prompt payment for such treatment;

(4) To speed the administration of justice, to ease the burden of litigation on the courts of this state, and to create a system of small claims arbitration to decrease the expense of and to simplify litigation, and to create a system of mandatory inter-company arbitration to assure a prompt and proper allocation of the costs of insurance benefits between motor vehicle insurers;

(5) To correct imbalances and abuses in the operation of the automobile accident tort liability system, to provide offsets to avoid duplicate recovery, to require medical examination and disclosure, and to govern the effect of advance payments prior to final settlement of liability.

Sec. 3. [DEFINITIONS.] Subdivision 1. The following words and phrases, shall, for the purpose of this act, have the meanings ascribed to them, except where the context clearly indicates a different meaning.

Subd. 2. "Motor vehicle" means every vehicle which has four or more wheels and which (a) is required to be registered pursuant to Minnesota Statutes 1971, Chapter 168, (b) is designed to be self-propelled by an engine or motor for use primarily upon public roads, highways or streets in the transportation of persons or property, or trailers, when connected to or being towed by a motor vehicle.

Subd. 3. "Maintenance or use of a motor vehicle" means maintenance or use of a motor vehicle as a vehicle, including, incident to its maintenance or use as a vehicle, occupying, entering into, and alighting from it. Maintenance or use of a motor vehicle does not include (1) conduct within the course of a business of repairing, servicing, or otherwise maintaining motor vehicles unless the conduct occurs off the business premises, or (2) conduct in the course of loading and unloading the vehicle unless the conduct occurs while occupying, entering into or alighting from it.

Subd. 4. "Owner" means a person who holds legal title to a motor vehicle, or in the event that a motor vehicle is the subject of a security agreement or lease with option to purchase and the debtor or lessee is entitled to the immediate use or possession of the vehicle, then the debtor or lessee shall be deemed the owner for the purposes of this act.

Subd. 5. "Insured" means the named insured under a plan of reparation security as provided by this act, including the named insured and the following persons not identified by name as an insured while (a) residing in the same household with the named insured and (b) not identified by name in any other contract of basic reparation insurance complying with this act as an insured:

- (1) a spouse,
- (2) other relative of a named insured or
- (3) a minor in the custody of a named insured or of a relative residing in the same household with a named insured.

A person resides in the same household with the named insured if that person usually makes his home in the same family unit, even though he temporarily lives elsewhere.

Subd. 6. "Income" means salary, wages, tips, commissions, professional fees, and other earnings from work or tangible things of economic value produced in individually owned businesses, farms, ranches or other work, or the reasonable value of the services necessary to produce them.

Subd. 7. "Loss" means economic detriment accrued within two years following the accident causing the injury, consisting only of medical expense, disability and income loss, replacement services loss and, if the injury causes death, funeral expense, survivor's economic loss and survivor's replacement services loss. Noneconomic detriment is not loss; however, economic detriment is loss although caused by pain and suffering or physical or mental impairment.

Subd. 8. "Noneconomic detriment" means all dignitary losses suffered by any person as a result of bodily injury, sickness, or disease arising out of the ownership, maintenance, or use of a vehicle in this state including pain and suffering, loss of consortium, and inconvenience.

Subd. 9. "Reparation obligor" means an insurer or self-insurer obligated to provide the basic reparation benefits required by this act, including natural persons, firms, partnerships, associations, corporations, trusts and syndicates.

Subd. 10. "Basic economic loss benefits" means benefits providing reimbursement to the minimum amount of \$10,000 per person per accident for loss suffered through injury, sickness, disease or death arising out of the maintenance or use of a motor vehicle, subject, where applicable, to the deductibles, exclusions, disqualifications, and other conditions provided in this act.

Subd. 11. Except where otherwise indicated, "commissioner" means the commissioner of public safety of the state of Minnesota.

Sec. 4. [BASIC ECONOMIC LOSS BENEFITS.] (1)
Basic economic loss benefits shall consist of the following:

(a) [MEDICAL EXPENSE BENEFITS.] All reasonable expenses for necessary medical, surgical, x-ray, optical, dental, chiropractic, and rehabilitative services, including prosthetic devices, prescription drugs, necessary ambulance, hospital, extended care and nursing services. "Extended care facility" means a place where are provided skilled nursing care and related services for patients who require post-hospitalization, in-patient medical, nursing, or therapy services. Hospital room and board benefits may be limited, except for intensive care facilities, to the regular daily semi-private room rates customarily charged by the institution in which the recipient of benefits is confined. Such benefits shall also include necessary remedial treatment and services recognized and permitted under the laws of this state for an injured person who relies upon spiritual means through prayer alone for healing in accordance with his religious beliefs.

(b) [DISABILITY AND INCOME LOSS BENEFITS.] Eighty-five percent of the injured person's loss of present and future gross income per individual from inability to work proximately caused by the injury subject to a maximum of \$200 per week and only if the person is disabled during the seven days following the accident causing the injury sustained by the injured. All disability or income loss benefits payable under this provision shall be paid not less than every two weeks. Compensation for loss of income from work shall be reduced by any income from substitute work actually performed by the injured person or by income the injured person would have earned in available appropriate substitute work which he was capable of performing but unreasonably failed to undertake.

For the purposes of this section "disability" shall mean disability which continuously prevents the injured person from engaging in any substantial gainful occupation or employment, for wage or profit, for which he is or may by training become reasonably qualified.

(c) [FUNERAL AND BURIAL EXPENSES.] Reasonable funeral and burial expenses not in excess of \$1,000, including expenses for cremation or delivery under the Uniform Anatomical Gift Act, Minnesota Statutes 1971, Sections 525.921 to 525.93.

(d) [REPLACEMENT SERVICE AND LOSS.] All expenses reasonably incurred by or on behalf of the injured person in obtaining usual and necessary substitute services in lieu of those that, had he not been injured, the injured person would have performed not for income but for the direct benefit of himself or his household; if the injured person is either a housewife or husband who normally, as a full time responsibility, provides care and maintenance of a home with or without children, the benefit to be provided under this clause shall be the reasonable value of such care and maintenance or the reasonable expenses incurred in obtaining usual and necessary substitute care and maintenance of the home, whichever is greater. All replacement

services, loss sustained on the date of injury and the first seven days thereafter is excluded in calculating replacement services loss; and

(e) [SURVIVORS ECONOMIC LOSS BENEFITS.] (1) In the event of death occurring within one year of the date of the accident, caused by and arising out of injuries received in the accident, a survivor's benefit shall be paid for loss after decedent's death of contributions of money or tangible things of economic value, not including services, subject to a maximum of \$200 per week that his surviving dependents would have received for their support during their dependency from the decedent had he not suffered the injury causing death. The term also includes medical expenses accrued prior to decedent's death if benefits therefor are not paid to decedent or his estate and funeral expense if benefits therefor are not paid to decedent's estate.

(2) For the purposes of definition under this subdivision, the following described persons shall be conclusively presumed to be dependents of a deceased person: (a) a wife is dependent on a husband with whom she lives at the time of his death; (b) a husband is dependent on a wife with whom he lives at the time of her death; (c) any child while under the age of 18 years, or while over that age but physically or mentally incapacitated from earning, is dependent on the parent with whom he is living or from whom he is receiving support regularly at the time of the death of such parent. In all other cases, questions of the existence and extent of dependency shall be determined in accordance with the facts at the time of the death.

(3) Payments to the surviving spouse may be terminated in the event such surviving spouse remarries or dies. Payments to a dependent child who is not physically or mentally incapacitated from earning may be terminated in the event he attains majority, marries or becomes otherwise emancipated, or dies.

(4) [SURVIVOR'S REPLACEMENT SERVICES LOSS.] Benefits to surviving dependents shall also be payable to reimburse expenses reasonably incurred by such dependents during their dependency and after the date of the deceased insured's death in obtaining ordinary and necessary services in lieu of those the deceased would have performed for their benefit had he not suffered the injury causing death, minus expenses of the survivors avoided by reason of the decedent's death.

(5) "Basic economic loss benefits" do not include benefits for physical damage done to property or motor vehicles, including their contents.

Sec. 5. [RIGHT TO BENEFITS.] Subdivision 1. If the accident causing injury occurs in this state, every person suffering loss from injury arising out of maintenance or use of a motor vehicle has a right to basic economic loss benefits.

Subd. 2. If the accident causing injury occurs outside this state, the following persons and their survivors suffering loss

from injury arising out of maintenance or use of a motor vehicle have a right to basic economic loss benefits:

(1) Insureds, and

(2) the driver and other occupants of a secured vehicle, other than (a) a vehicle which is regularly used in the course of the business of transporting persons or property and which is one of five or more vehicles under common ownership, or (b) a vehicle owned by a government other than this state, its political subdivisions, municipal corporations, or public agencies.

Subd. 3. For the purposes of this act, injuries suffered by a person while on, mounting or alighting from a vehicle having fewer than four wheels do not arise out of the maintenance or use of a motor vehicle although a motor vehicle is involved in the accident causing the injury.

Sec. 6. [PRIORITY OF APPLICABILITY OF SECURITY FOR PAYMENT OF BASIC ECONOMIC LOSS BENEFITS.]
Subdivision 1. In case of injury to the driver or other occupant of a motor vehicle, if the accident causing the injury occurs while the vehicle is being used in the business of transporting persons or property, the security for payment of basic economic loss benefits is the security covering the vehicle or, if none, the security under which the injured person is an insured.

Subd. 2. In case of injury to an employee, or to his spouse or other relative residing in the same household, if the accident causing the injury occurs while the injured person is driving or occupying a motor vehicle furnished by the employer, the security for payment of basic economic loss benefits is the security covering the vehicle or, if none, the security under which the injured person is an insured.

Subd. 3. In the case of any other person whose injury arises from the maintenance or use of a motor vehicle described in subdivision 1 or 2, the security for the payment of basic economic loss benefits is the security covering the vehicle, or if none, the security under which the injured person is an insured.

Subd. 4. In all other cases, the following priorities apply.

(a) The security for payment of basic reparation benefits applicable to injury to an insured is the security under which the injured person is an insured.

(b) The security for payment of basic economic loss benefits applicable to injury to the driver or other occupant of an involved motor vehicle who is not an insured is the security covering that vehicle.

(c) The security for payment of basic economic loss benefits applicable to injury to a person not otherwise covered who is not the driver or other occupant of an involved motor vehicle is the security covering any involved motor vehicle. An unoccupied parked vehicle is not an involved motor vehicle unless it was parked so as to cause unreasonable risk of injury.

Subd. 5. If two or more obligations to pay basic economic loss benefits are applicable to an injury under the priorities set out in this section, benefits are payable only once and the reparation obligor against whom a claim is asserted shall process and pay the claim as if wholly responsible, but he is thereafter entitled to recover contribution pro rata for the basic economic loss benefits paid and the costs of processing the claim. Where contribution is sought among reparation obligors responsible under clause (c) of subdivision 4, proration shall be based on the number of involved motor vehicles.

Subd. 6. Where a reparation obligor pays basic economic loss benefits which another reparation obligor is obligated to pay under the priority provided in this section, the reparation obligor is subrogated to all rights of the person to whom benefits are paid, including the rights to recover interest and attorney's fees for basic economic loss benefits paid.

Sec. 7. [REPARATION SECURITY COMPULSORY.] Subdivision 1. Every owner or registrant of a motor vehicle which is required to be registered or licensed or is principally garaged in this state shall provide and maintain, throughout the licensing or registration period, a plan of reparation security under provisions approved by the commissioner of insurance, insuring against loss resulting from liability imposed by law for bodily injury, death and property damage sustained by any person arising out of the ownership, maintenance, operation or use of an automobile. Such coverage shall provide for basic economic loss benefits and residual liability coverage in amounts not less than those specified in section 7, subdivision 2, clauses (a) and (b). The nonresident owner of a motor vehicle which is not required to be registered or licensed, or which is not principally garaged in this state, shall maintain such security in effect continuously throughout the period of the operation, maintenance or use of such motor vehicle within this state with respect to accidents occurring in this state.

Subd. 2. The security required by this act may be provided by a policy of insurance complying with this act which is issued by or on behalf of an insurer authorized to transact business in this state or, if the vehicle is registered in another state, by a policy of insurance issued by or on behalf of an insurer authorized to transact business in either this state or the state in which the vehicle is registered or by qualifying as a self-insurer.

Subd. 3. Self-insurance, subject to approval of the commissioner of insurance of the state of Minnesota, is effected by filing with the commissioner of insurance in satisfactory form:

(1) a continuing undertaking by the owner or other appropriate person to pay tort liabilities or basic economic loss benefits, or both, and to perform all other obligations imposed by this act;

(2) evidence that appropriate provision exists for prompt administration of all claims, benefits, and obligations provided by this act; and

(3) evidence that reliable financial arrangements, deposits, or commitments exist providing assurance, substantially equivalent to that afforded by a policy of insurance complying with this act, for payment of tort liabilities, basic economic loss benefits, and all other obligations imposed by this act.

Subd. 4. The state of Minnesota or any agency thereof and any political subdivision of the state or agency thereof may provide security by lawfully obligating itself to pay basic reparation in accordance with this act.

Subd. 5. A person providing security pursuant to subdivision 3 or 4 is a "self-insurer."

Subd. 6. "Security covering the vehicle" is the insurance or other security so provided. The vehicle for which the security is so provided is the "secured vehicle."

Subd. 7. "Basic reparation insurance" includes a contract, self-insurance, or other legal means under which the obligation to pay basic reparation benefits arises.

Sec. 8. [INSURERS.] Subdivision 1. [MANDATORY OFFER OF INSURANCE BENEFITS.] On and after the effective date of this act, no plan of reparation security shall be issued, renewed, continued, delivered, issued for delivery, or executed in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, under provisions approved by the commissioner of insurance, requiring the insurer to pay, regardless of the fault of the insured, the accident reparation benefits arising out of injury sustained during the operation of the motor vehicle as provided in subdivision 2.

A plan of reparation security shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged, the term and limits of liability, and shall contain an agreement or endorsement that insurance is provided thereunder in accordance with and subject to the provisions of this act.

Subd. 2. (a) [BASIC ECONOMIC LOSS.] Each plan of reparation security shall provide for payment of basic economic loss benefits to any insured, operator of the insured motor vehicle, passenger in such motor vehicle and other person whose injury arises out of the maintenance or use of the motor vehicle, to a minimum limit of \$10,000 per person per accident.

(b) [RESIDUAL LIABILITY INSURANCE.] (1) Each plan of reparation security shall also contain stated limits of liability, exclusive of interest and costs, with respect to each vehicle for which coverage is thereby granted, of not less than \$25,000 because of bodily injury to, or death of, one person in any one accident and, subject to said limit for one person, of not less than \$50,000 because of bodily injury to, or death of, two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, of not less than

\$10,000 because of such injury to or destruction of property of others in any one accident.

(2) Under residual liability insurance the reparation obligor shall be liable to pay, on behalf of the insured, sums which the insured is legally obligated to pay as damages because of bodily injury and property damage arising out of the ownership, maintenance or use of a motor vehicle if the injury or damage occurs within this state, the United States of America, its territories or possessions, or Canada.

(3) Every plan of reparation security shall be subject to the following provisions which need not be contained therein:

(a) The liability of the reparation obligor with respect to the residual liability coverage required by this clause shall become absolute whenever injury or damage occurs; such liability may not be cancelled or annulled by any agreement between the reparation obligor and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the reparation obligor to make payment on account of such injury or damage.

(c) The reparation obligor shall have the right to settle any claim covered by the residual liability insurance policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability for the accident out of which such claim arose.

(d) [UNINSURED OR HIT-AND-RUN MOTOR VEHICLE COVERAGE.] (1) On and after the effective date of this act, no plan of reparation security may be renewed, delivered or issued for delivery, or executed in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in the amounts of \$25,000 because of bodily injury to or the death of one person in any accident, and subject to the said limit for one person, \$50,000 because of bodily injury to or the death of two or more persons in any one accident, and \$10,000 for injury to or the destruction of property, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of bodily injury, sickness, disease, bodily malfunction, aggravation of such sickness, disease or malfunction, or death, resulting therefrom.

(2) Every owner or registrant of a motor vehicle registered or principally garaged in this state shall maintain uninsured motor vehicle coverage as provided in subdivision 1.

(3) "Uninsured motor vehicle" means any motor vehicle for which a plan of reparation security meeting the requirements of this act is not in effect.

(4) Amounts paid by any reparation obligor under the un-insured motor vehicle provisions of this section may be offset against the economic loss benefits paid or payable as the result of an accident to an insured claimant by that obligor.

Subd. 3. Nothing in this act shall be construed as preventing the insurer from offering other benefits or limits in addition to those required to be offered under this section.

Subd. 4. Any coverage issued by a participating member of the Minnesota automobile insurance plan shall comply with the provisions of this section, any provisions of law or of the contract notwithstanding.

Sec. 9. [INSURERS' CERTIFICATION OF BASIC COVERAGE.] Subdivision 1. Every insurer licensed to write motor vehicle accident reparation and liability insurance in this state shall, on or before the effective date of this act or as a condition to such licensing, file with the commissioner and thereafter maintain a written certification that any person insured by the insurer who suffers accidental bodily injury in this state arising from the ownership, operation, maintenance or use of a motor vehicle, including motor vehicles of out-of-state residents who are insured under the insurer's motor vehicle liability insurance policies, shall be afforded at least the minimum coverage required by section 7.

Subd. 2. Any nonadmitted insurer may voluntarily file the certification described in subdivision 1.

Sec. 10. [DEDUCTION OF COLLATERAL BENEFITS FROM TORT RECOVERY; LIMITATION ON RIGHT TO RECOVER DAMAGES.] Subdivision 1. [DEDUCTION OF BASIC ECONOMIC LOSS BENEFITS.] In a negligence action brought as a result of bodily injury, sickness or disease arising out of the operation, ownership, maintenance or use of a motor vehicle with respect to which security has been provided as required by this act and arising out of an accident or occurrence within this state, there shall be deducted from any recovery the value of basic economic loss benefits paid or payable or which would be payable but for any deductible.

Subd. 2. [LIMITATION OF DAMAGES FOR NONECONOMIC DETRIMENT.] In an action of the type described in subdivision 1, no person shall recover damages for noneconomic detriment unless:

(a) The basic medical economic loss benefits which are payable for his injury or which would be payable but for any optional deductible or exclusion exceed \$2,000. The value of free medical or surgical care and of ordinary and necessary nursing services performed by a relative or member of the household of the injured person may be added to payable benefits to meet the requirements of this section; or

(b) The injury results in:

- (1) permanent disfigurement;
 - (2) a fracture of a weight-bearing bone;
 - (3) a compound, comminuted or dislocation fracture;
 - (4) a compression fracture of the vertebrae;
 - (5) loss of a bodily member;
 - (6) permanent injury determined within a reasonable medical certainty;
 - (7) permanent loss of a bodily function; or
 - (8) death; or
 - (9) disability for 60 days or more.
- (c) For the purposes of this subdivision "disability" means a mental or physical condition which constitutes a handicap.

Sec. 11. [MANDATORY ARBITRATION OF CERTAIN CLAIMS; SUPREME COURT TO PROMULGATE RULES OF PROCEDURE.] Subdivision 1. The supreme court and the several courts of general trial jurisdiction of this state may, on or before the effective date of this act, by rules of court or other constitutionally permissible device, provide for the submission to arbitration at the election of the plaintiff of all cases at issue where a claim in an amount of \$5,000 or less is made by a motor vehicle accident victim, whether in an action to recover economic loss or noneconomic detriment for the allegedly negligent operation, maintenance, or use of a motor vehicle within this state, or against any reparation obligor or benefits as provided in this act.

Subd. 2. The rules of court may provide that cases which are not at issue, whether or not suit has been filed, may be referred to arbitration by agreement of reference signed by counsel for both sides, or by the parties themselves. Such agreement of reference shall define the issues to be arbitrated and, shall also contain any stipulations with respect to facts submitted or agreed or defenses waived. In such cases, the agreement of reference shall take the place of the pleadings in the case and be filed of record.

Sec. 12. [SUBROGATION AND ARBITRATION BETWEEN OBLIGORS.] Subdivision 1. Except as otherwise provided in this section, where a reparation obligor has paid benefits provided under this act to an injured person, the obligor paying such benefits is, to the extent of such payments, subrogated to any right of action for damages by the injured person against the alleged wrongdoer. However, where such wrongdoer is covered by a plan of reparation security underwritten by another reparation obligor, the right of the subrogated obligor shall be exercisable only as provided in subdivision 2.

Subd. 2. Every reparation obligor licensed to write insurance in this state is deemed to have agreed, as a condition of doing business in the state or maintaining its license after the effective

date of this act, that (a) where its insured is liable for injuries sustained by any person to whom basic economic loss benefits have been paid by another obligor or person, it will reimburse such other obligor or person in an amount equal to the lesser of: (1) benefits paid, (2) the amount of damages which would be recoverable by an injured person in an action for negligence but for the provisions of section 9, or (3) its limits of liability under the applicable plan of reparation security; (b) where its insured is or would be held legally liable for property damage or destruction sustained by any claimant to whom payment has been made by another person, it will reimburse such other person to the extent of such payment, but not in excess of the amount of damages so recoverable for the types of loss covered by such reparation security or in excess of the limits of its liability under its plan of reparation security; and (c) the issue of liability for such reimbursement and the amount thereof must be decided by mandatory, good faith, and binding inter-obligor arbitration procedures approved by the commissioner of insurance. Such procedures shall utilize determinations of the comparative negligence of those insureds represented by a reparation obligor at the arbitration proceeding.

Subd. 3. Any evidence or decision in the arbitration proceedings is privileged and is not admissible in any action at law or in equity by any party.

Subd. 4. If any reparation obligor in such an arbitration proceeding also has provided coverage to the same policyholder for collision or upset arising out of the same occurrence, such obligor shall also submit the issue of recovery of any payments thereunder to the same mandatory and binding arbitration proceedings as herein provided.

Subd. 5. Arbitration proceedings need not await final payment of benefits, and the award, if any, shall include provision for reimbursement of subsequent benefits, but no question of fact decided by a prior award shall be reconsidered in any such subsequent arbitration hearing.

Sec. 13. [REPARATION OBLIGOR'S DUTY TO RESPOND TO CLAIMS.] Subdivision 1. Basic economic loss benefits are payable monthly as loss accrues. Loss accrues not when injury occurs, but as income loss, replacement services loss, survivor's economic loss, survivor's replacement services loss, or medical or funeral expense is incurred. Benefits are overdue if not paid within 30 days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, unless the reparation obligor elects to accumulate claims for periods not exceeding 31 days and pays them within 15 days after the period of accumulation. If reasonable proof is supplied as to only part of a claim, and the part totals \$100 or more, the part is overdue if not paid within the time provided by this section. Medical or funeral expense benefits may be paid by the reparation obligor directly to persons supplying products, services, or accommodations to the claimant.

Subd. 2. Overdue payments shall bear simple interest at the rate of ten percent per annum.

Subd. 3. A claim for basic economic loss benefits shall be paid without deduction for the benefits which are to be subtracted pursuant to section 18, if these benefits have not been paid to the claimant before the reparation benefits are overdue or the claim is paid. The reparation obligor is entitled to reimbursement from the person obligated to make the payments or from the claimant who actually receives the payments.

Subd. 4. A reparation obligor may bring an action to recover benefits which are not payable, but are in fact paid, because of an intentional misrepresentation of a material fact, upon which the reparation obligor relies, by the claimant or by a person providing an item of allowable expense. The action may be brought only against the person providing the item of allowable expense, unless the claimant has intentionally misrepresented the facts or knew of the misrepresentation. An insurer may offset amounts he is entitled to recover from the claimant under this subdivision against any basic economic loss benefits otherwise due him.

Subd. 5. A reparation obligor who rejects a claim for basic reparation benefits shall give to the claimant prompt written notice of the rejection, specifying the reason. If a claim is rejected for a reason other than that the person is not entitled to the basic economic loss benefits claimed, the written notice shall inform the claimant that he may file his claim with the assigned claims bureau and shall give the name and address of the bureau.

Sec. 14. [APPLICATION FOR BENEFITS UNDER PLAN OF SECURITY.] Subdivision 1. A plan of reparation security may prescribe a period of not less than six months after the date of accident within which an insured or any other person who sustained injury, or anyone acting on their behalf, must notify the reparation obligor or its agent, of the accident and the possibility of a claim for economic loss benefits in order to be eligible for such benefits. Such notice may be given in any reasonable fashion.

Subd. 2. A plan of reparation security may provide that in any instance where a lapse occurs in the period of disability or in the medical treatment of an injured person who has received basic economic loss benefits and such person subsequently claims additional benefits based upon an alleged recurrence of the injury for which the original claim for benefits was made, the obligor may require reasonable medical proof of such alleged recurrence; provided, that in no event shall the aggregate benefits payable to any person exceed the maximum limits specified in the plan of security, and provided further that such coverages may contain a provision terminating eligibility for benefits after a prescribed period of lapse of disability and medical treatment, which period shall not be less than one year.

Sec. 15. [COOPERATION OF PERSON CLAIMING BENEFITS.] Subdivision 1. [MEDICAL EXAMINATIONS AND

DISCOVERY OF CONDITION OF CLAIMANT.] Any person injured in an automobile accident who claims damages therefor from another party or benefits therefor under a plan of reparation security shall, upon request of the party or obligor from whom recovery is sought, submit to a physical examination by a physician or physicians selected by such party or obligor as may reasonably be required.

The costs of any examinations requested by the obligor or another party shall be borne entirely by the requesting obligor or party. Such examinations shall be conducted within the city, town, village or borough of residence of the claimant. If there is no qualified physician to conduct the examination within the city, town, village or borough of residence of the claimant, then such examination shall be conducted at another place of the closest proximity to the claimant's residence. Obligor is authorized to include reasonable provisions in policies for mental and physical examination of those claiming security benefits.

If requested by the person examined, a party causing an examination to be made shall deliver to him a copy of every written report concerning the examination rendered by an examining physician, at least one of which reports must set out in detail the findings and conclusions of such examining physician.

A claimant shall also do all things reasonably necessary to enable such party or obligor to obtain medical reports and other needed information to assist in determining the nature and extent of the claimant's injuries and loss, and the medical treatment received by him. If the claimant refuses to cooperate in responding to requests for examination and information as authorized by this section, evidence of such non-cooperation shall be admissible in any suit or arbitration filed by the claimant for damages for such personal injuries or for the benefits provided by this act.

Subd. 2. [CLAIMANT'S PARTICIPATION IN ARBITRATION BETWEEN OBLIGORS.] Any person receiving benefits under this act shall participate and cooperate, as reasonably required under the coverage, in any and all arbitration proceedings as provided in section 12 by or on behalf of the obligor paying the benefits, and the obligor may require in the furnishing of proof of loss the claimant's statement that he shall so participate and cooperate as consideration for the payment of such benefits. However, no claimant may be required by any obligor which has paid or is obligated to pay benefits as herein provided to personally attend an arbitration proceeding which shall take place more than 50 miles from the usual residence of the claimant; and provided that in no event shall the claimant have to attend such an arbitration proceeding if, at the time scheduled for that meeting, travel thereto by the claimant is not recommended by a physician treating the claimant for his injuries.

Sec. 16. [ECONOMIC LOSS BENEFITS; EXEMPTIONS FROM LEGAL ATTACHMENT.] All reparation benefits provided by this act, whether paid or payable to any injured person

shall not be subject to garnishment, sequestration, attachment or execution, or any other legal process which would deny their receipt and use by that person; provided, however, that this section shall not apply to any person who has provided treatment or services, as described in section 4, clause (1), to the victim of a motor vehicle accident.

Sec. 17. [PERSONS EXCLUDED FROM BENEFITS.] Subdivision 1. No reparation obligor shall be required to pay basic economic loss benefits to an injured person who at the time of the accident:

- (1) Intentionally caused or attempted to cause injury to himself, another person, or the property of another person;
- (2) Was operating or a passenger in a vehicle known to him to be stolen or used without the owner's consent;
- (3) Was operating a motor vehicle while his driver's license was under suspension, revocation or denial;
- (4) Sought to elude apprehension or arrest by a police officer if he is convicted of an offense arising out of the accident; or
- (5) Was committing a felony which contributed to the accident or injury if he is convicted thereof.

Subd. 2. For purposes of subdivision 1, clause (a), a person intentionally causes or attempts to cause injury if he acts or fails to act for the purpose of causing injury or with knowledge that injury is substantially certain to follow. A person does not intentionally cause or attempt to cause injury (1) merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of causing injury or (2) if the act or omission causing the injury is for the purpose of averting bodily harm to himself or another person.

Subd. 3. The provisions of subdivision 1 shall not diminish the obligation of a reparation obligor to provide survivor's benefits as described in section 4, clause (5).

Sec. 18. [BENEFITS PRIMARY; SUBTRACTIONS.] Basic economic loss benefits shall be primary. The amount by which benefits paid or payable under social security or a workmen's compensation law exceed an applicable deductible shall be subtracted in calculating economic loss.

Sec. 19. [DUPLICATE CLAIMS; OBLIGOR SUBROGATED.] A reparation obligor paying or obligated to pay basic economic loss benefits is subrogated to any claim based on an intentional tort or on strict or statutory liability against any person whose act or omission caused the injury. This right of subrogation shall exist only to the extent that basic economic loss benefits are paid and only to the extent that recovery on the claim would produce a duplication of benefits or reimbursement of the same loss.

Sec. 20. [ASSIGNED CLAIMS PLAN.] Subdivision 1. Reparation obligors providing basic economic loss insurance in this state may organize and maintain, subject to approval and regulation by the commissioner of insurance, an assigned claims bureau and an assigned claims plan, and adopt rules for their operation and for the assessment of costs on a fair and equitable basis consistent with this act. If such obligors do not organize and continuously maintain an assigned claims bureau and an assigned claims plan in a manner considered by the commissioner of insurance to be consistent with this act, he shall organize and maintain an assigned claims bureau and an assigned claims plan. Each reparation obligor providing basic economic loss insurance in this state shall participate in the assigned claims bureau and the assigned claims plan. Costs incurred shall be allocated fairly and equitably among the reparation obligors.

Subd. 2. The assigned claims bureau shall promptly assign each claim and notify the claimant of the identity and address of the assignee-obligor of the claim. Claims shall be assigned so as to minimize inconvenience to claimants. The assignee thereafter has rights and obligations as if he had issued a policy of basic economic loss insurance complying with this act applicable to the injury or, in case of financial inability of a reparation obligor to perform its obligations, as if the assignee had written the applicable reparation insurance, undertaken the self-insurance, or lawfully obligated itself to pay reparation benefits.

Sec. 21. [PERSONS ENTITLED TO PARTICIPATE IN ASSIGNED CLAIMS PLAN.] Subdivision 1. A person entitled to basic economic loss benefits because of injury covered by this act and occurring in this state may obtain basic economic loss benefits through the assigned claims plan or bureau established pursuant to section 20 and in accordance with the provisions for making assigned claims provided in this act, if:

(a) Basic economic loss benefits are not applicable to the injury for some reason other than those specified in section 17;

(b) The plan of reparation security applicable to the injury cannot be identified; or

(c) A claim for basic economic loss benefits is rejected by a reparation obligor on some ground other than the person is not entitled to basic economic loss benefits under this act.

Subd. 2. If a claim qualifies for assignment under subdivision 1 of this section, the assigned claims bureau or any reparation obligor to whom the claim is assigned shall be, as provided in section 12, subrogated to all of the rights of the claimant against any person, including another obligor, who is legally obligated to provide reparation benefits to the claimant, for reparation benefits provided by the obligor to whom the claim was assigned.

Subd. 3. A person shall not be entitled to basic economic loss benefits through the assigned claims plan with respect to injury which he has sustained if at the time of such injury he was the

owner of a private passenger motor vehicle for which security is required under this act and he failed to have such security in effect. Members of the owner's household shall also be disqualified from benefits if they knew or reasonably should have known that security covering the vehicle was not provided as required by this act.

Sec. 22. [NOTIFICATION TO ASSIGNED CLAIMS BUREAU.] A person authorized to obtain basic economic loss benefits through the assigned claims plan shall notify the bureau of his claim within one year of the date on which he receives written authorization to participate in such plan. If timely action for basic economic loss benefits is commenced against a reparation obligor who is unable to fulfill his obligations under this act, a claim through the assigned claims plan may be made within a reasonable time after discovery of such inability.

Sec. 23. [CLAIMS AGAINST WRONG INSURER.] If timely action for economic loss benefits is commenced against a reparation obligor and benefits are denied because of a determination that the obligor's coverage is not applicable to the claimant under the provisions of section 6 on the priority of applicability of security a claim against a proper obligor or assigned claims plan may be made not later than 90 days after such determination becomes final or the last date on which the action could otherwise have been commenced, whichever is later.

Sec. 24. [CANCELLATION OR REDUCTION IN LIMITS DURING POLICY PERIOD; REJECTION OF APPLICATION; GROUNDS; NOTICE.] Subdivision 1. [CANCELLATION.] No cancellation or reduction in the limits of a plan of reparation security required under this act shall be effective only upon notice and under one or more of the following conditions stated in the policy:

- a. Nonpayment of premium; or
- b. The policy was obtained through a material misrepresentation; or
- c. Any insured made a false or fraudulent claim or knowingly aided or abetted another in the presentation of such a claim; or
- d. The named insured failed to disclose fully his motor vehicle accidents and moving traffic violations for the preceding 36 months if called for in his written application; or
- e. The named insured failed to disclose in his written application any requested information necessary for the acceptance or proper rating of the risk; or
- f. The named insured knowingly failed to give any required written notice of loss or notice of lawsuit commenced against him, or, when requested, refused to cooperate in the investigation of a claim or defense of a lawsuit; or

g. The named insured or any other operator who either resides in the same household or customarily operates an automobile insured under such policy:

(1) has, within the 36 months prior to the notice of cancellation, had his driver's license under suspension or revocation; or

(2) is or becomes subject to epilepsy or heart attacks, and such individual does not produce a written opinion from a physician testifying to his medical ability to operate a motor vehicle safely, such opinion to be based upon a reasonable medical probability; or

(3) has an accident record, conviction record (criminal or traffic), physical condition or mental condition, any one or all of which are such that his operation of an automobile might endanger the public safety; or

(4) has been convicted, or forfeited bail, during the 24 months immediately preceding the notice of cancellation for criminal negligence in the use or operation of an automobile, or assault arising out of the operation of a motor vehicle, or operating a motor vehicle while in an intoxicated condition or while under the influence of drugs; or leaving the scene of an accident without stopping to report; or making false statements in an application for a driver's license, or theft or unlawful taking of a motor vehicle; or

(5) has been convicted of, or forfeited bail for, one or more violations within the 18 months immediately preceding the notice of cancellation, of any law, ordinance, or regulation which justify a revocation of a driver's license.

h. The insured automobile is:

(1) so mechanically defective that its operation might endanger public safety; or

(2) used in carrying passengers for hire or compensation, provided however that the use of an automobile for a car pool shall not be considered use of an automobile for hire or compensation; or

(3) used in the business of transportation of flammables or explosives; or

(4) an authorized emergency vehicle; or

(5) subject to an inspection law and has not been inspected or, if inspected, has failed to qualify within the period specified under such inspection law or

(6) substantially changed in type or condition during the policy period, increasing the risk substantially, such as conversion to a commercial type vehicle, a dragster, sports car or so as to give clear evidence of a use other than the original use.

Subd. 2. [LIMITATION.] Subdivision 1 shall not apply to any plan of reparation security which has been in effect less than 60 days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

Subd. 3. [REJECTION OF APPLICATION; NONRENEWAL.] "Renewal" or "to renew" means the issuance and delivery by an obligor of a policy superseding at the end of the policy period a policy previously issued and delivered by the same obligor, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; provided, however, that any policy with a policy period or term of less than six months or any policy with no fixed expiration date shall for the purpose of sections 24 to 26 be considered as if written for successive policy periods or terms of six months. No obligor shall reject an application for or fail to renew a plan of reparation security:

(a) Without notice except in the case of nonrenewal for nonpayment of premium or unless the obligor has manifested a willingness to renew;

(b) Solely because of the age of the applicant or insured; or

(c) For reasons which are arbitrary or capricious.

Notwithstanding the failure of an obligor to comply with this section, the policy shall terminate on the effective date of any other plan of security procured by the insured, with respect to any automobile designated in both policies. Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

Sec. 25. [NOTICE; STATEMENT OF REASONS FOR REJECTION, CANCELLATION, REDUCTION OR NONRENEWAL.] Subdivision 1. [WHEN GIVEN.] The notice required by section 24 shall be effective only if it is mailed or delivered to the named insured:

(a) At least 10 days prior to the effective date of any cancellation for nonpayment of premium or of any cancellation or reduction in limits of a policy in effect for less than 60 days, provided that, if less than ten days remain in the 60 day period, coverage must be extended to expire ten days after notice has been mailed;

(b) At least 30 days prior to the effective date of a cancellation or reduction in limits for any other reason;

(c) At least 60 days prior to the expiration of coverage in the case of intention not to renew; or

(d) Within a reasonable period of time, in the case of rejection of an application for coverage.

Subd. 2. [CONTENTS.] The notice required by section 24 shall be effective only if it contains:

(a) The specific underwriting or other reasons for rejection, nonrenewal, cancellation or reduction in limits;

(b) Where failure to renew is based on a termination of the agency contract, a statement to that effect;

(c) If the obligor's action was based upon the statements or charges of any person concerning alleged unsafe driving habits of an insured, the name and address of that person;

(d) Notice of the named insured's right to complain to the commissioner of insurance of such action within 30 days of receipt of notice;

(e) Notice of the nature of and the named insured's possible eligibility for coverage through the Minnesota insurance plan; and

(f) A statement that notice is given pursuant to this section.

Subd. 3. [IMMUNITY OF OBLIGOR OR COMMISSIONER; USE OF REASONS FOR CANCELLATION.] There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner of insurance or against any obligor, its authorized representative, its agents, its employees, or any firm, person or corporation furnishing to the obligor information as to reasons for rejection, nonrenewal or cancellation, for any statement made by them in any written notice of nonrenewal or cancellation, for the providing of information relating thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

Subd. 4. [PROOF OF GIVING NOTICE.] Proof of mailing notice shall be sufficient proof that notice required herein has been given. A certificate of mailing on United States Postal Form 3817, as defined in Part 165 of the United States Postal Manual as now existing or hereafter changed by the United States Postal Department shall constitute proof of mailing.

Sec. 26. [OBJECTIONS; INVESTIGATION; DETERMINATION.] Subdivision 1. Any individual who believes such nonrenewal, cancellation or reduction in the limits of liability of coverage of his policy or rejection of his application is arbitrary, capricious or otherwise in violation of this act, or who believes such notice of nonrenewal and the reason or reasons therefor were not given as provided herein, may, within 30 days after receipt of notice thereof, file in writing an objection to such action with the commissioner of insurance.

Subd. 2. Upon receipt a written objection pursuant to the provisions herein, the commissioner of insurance shall notify the obligor of receipt of such objection and of the right of the obligor to file a written response thereto within ten days of receipt of such notification. The commissioner of insurance in his discretion may also order an investigation of the objection or complaint, the submission of additional information by the insured or the obligor about the action by the obligor or the objec-

tions of the insured, or such other procedure as he deems appropriate or necessary. Within 23 days of receipt of such written objection by an insured the commissioner of insurance shall approve or disapprove the obligor's action and shall notify the insured and obligor of his final decision. If the commissioner of insurance finds that the obligor has failed to conform to this section, he shall order the obligor to issue a policy of reparation security which shall be deemed to have been in force and in effect during the period of time which the application was rejected or during which such policy was cancelled or was not renewed. If the obligor refuses to comply with the order, the commissioner of insurance shall suspend it from conducting its business operations in this state and shall prohibit it from selling, directly or indirectly, any and all kinds of insurance in this state. If the commissioner of insurance enters the order, the obligor shall pay the reasonable attorney's fee incurred by the person filing the complaint. Either party may institute proceedings for judicial review of the decision of the commissioner of insurance in accordance with the provisions of Minnesota Statutes 1971, Sections 15.01 to 15.42; provided, however, that his final decision shall be binding pending judicial review.

Subd. 3. If the insured person filing the complaint before the commissioner of insurance shall prevail upon the appeal, the obligor shall pay the reasonable attorney fees incurred by that person in conjunction with the appeal. If the insurer shall prevail on the appeal, the party filing the complaint shall be deemed not to have been insured as of the date of such rejection, cancellation, reduction in limits, or refusal to renew or the date upon which the judgment is filed by the court hearing the appeal, whichever is later.

Subd. 4. In addition to the remedies provided by this section and the remedies available under the policy or under any contract, a reparation obligor shall be liable in tort for all damages suffered by a person aggrieved by the insurer's negligent or willful failure to conform to this act.

Sec. 27. [PENALTIES FOR FAILURE TO PROVIDE SECURITY FOR BASIC REPARATION BENEFITS.] Subdivision 1. Every owner or registrant of a motor vehicle for which security has not been provided as required by section 7, subdivision 1 shall be liable in tort without limitation.

Subd. 2. Any owner or registrant of a motor vehicle with respect to which security is required under this act who operates such motor vehicle or permits it to be operated upon a public highway, street or road in this state without having in full force and effect security complying with the terms of section 7, is guilty of a misdemeanor.

Subd. 3. Any other person who operates such motor vehicle upon a public highway, street or road in this state with knowledge that the owner or registrant does not have such security in full force and effect is guilty of a misdemeanor.

Subd. 4. Any operator of a motor vehicle who is convicted of a misdemeanor under the terms of this section shall have his operator's license revoked for not less than six months or more than 12 months. If such operator is also an owner or registrant of the motor vehicle, his motor vehicle registration shall also be revoked for not less than six months or more than 12 months.

Subd. 5. When a nonresident's operating privilege is suspended pursuant to this section, the commissioner or his designee shall transmit a copy of the record of such action to the official in charge of the issuance of licenses in the state in which the nonresident resides.

Subd. 6. Upon receipt of such notification that the operating privilege of a resident of this state has been suspended or revoked in any other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, or for failure to provide security covering a vehicle if required by the laws of that state, the commissioner shall suspend the license of the resident until he furnishes evidence of compliance with the laws of this state and if applicable the laws of the other state.

Sec. 28. [EVIDENCE OF COVERAGE.] Subdivision 1. Every owner or registrant of a motor vehicle with respect to which security is required under this act shall when applying for registration or licensing of such motor vehicle in this state, show evidence to the commissioner or his duly authorized agent that the security required under section 7 has been provided and is in effect. Evidence of compliance with this act may be furnished by a certificate reading substantially as follows:

"I certify that the above motor vehicle is presently covered by a contract of insurance issued by _____ in compliance with the Minnesota Automobile Accident Reparations Act and that such insurance or other security shall be maintained continuously during the period of registration."

Sec. 29. [OBLIGOR'S NOTIFICATION OF LAPSE, CANCELLATION, OR FAILURE TO RENEW POLICY OF COVERAGE.] (1) If the required plan of reparation security of an owner or named insured is cancelled, and notification of such fact is given to the insured as required by this act, a copy of such notice shall concurrently be sent to the commissioner. If, on or before the date specified by the reparation obligor for the expiration of its coverage, the insured owner or registrant of a motor vehicle has not presented the commissioner or his authorized agent with evidence of required security which shall take effect immediately upon the expiration of the previous coverage, or if the insured owner or registrant has not instituted an objection to his obligor's cancellation under section 26, he shall immediately surrender the registration certificate and motor vehicle license plates to the commissioner and may not operate or permit operation of the vehicle in this state until security is again provided and proof of security furnished as required by this act.

Sec. 30. [RESTRICTIONS ON PREMIUM RATE CHARGES.] Subdivision 1. **[SCHEDULE OF PREMIUM RATES; FILING WITH COMMISSIONER.]** Notwithstanding the provisions of Minnesota Statutes, Chapter 70A, or any other law to the contrary, on or before the effective date of this act, every person, including an individual, corporation, partnership, firm, association or syndicate who is authorized to underwrite, issue, contract for or otherwise provide any policy of basic or optional added reparation insurance, minimum or optional residual tort liability insurance coverage, uninsured motorist coverage, hit-and-run coverage, collision or comprehensive insurance coverages, or any other policy of insurance protection required or permitted by this act or any other law to be provided relative to accidents, injury or liability resulting from operation or use of a motor vehicle in this state shall file with the commissioner of insurance a schedule of standard premium rates proposed to be changed by that person under every contract, policy or other agreement for the provision of any such insurance coverage after the effective date of this act. Provided, however, that the filing requirement of this subdivision shall not apply to qualified self-insurers.

Subd. 2. [MANDATORY PREMIUM RATE DECREASES.] Every person required by subdivision 1 to file a schedule of standard premium rates shall so compute those proposed rates as to provide not less than a true 15 percent decrease in every premium or rate charged by that person for every kind and amount of personal injury and property liability, comprehensive, collision, and medical payment coverage on the day immediately preceding the date of the final enactment of this act. The commissioner of insurance shall, after proper examination thereof, certify or refuse to certify the conformance of each such schedule and premium rate thereon to the provisions of this section. In the instance of any nonconformance, as determined by the commissioner, notification of such nonconformance shall be given to the person submitting the schedule and a hearing, if requested on the issue, shall be allowed in accordance with the provisions of Minnesota Statutes, Chapter 15.

Subd. 3. After the effective date of this act, no person required by subdivision 1 to file a schedule of reduced standard premium rates shall sell, offer to sell, contract for, deliver for execution, execute or otherwise provide any policy or contract of insurance coverage described in subdivision 1 for which any premium or rate in excess of those shown in a certified schedule of standard premiums, as provided in subdivision 2, is charged.

Subd. 4. [PENALTIES; ENFORCEMENT.] Any person convicted or violating subdivision 3 shall be guilty of a misdemeanor. Every day that a violation continues shall be deemed a separate offense. Further, any person convicted of violating any provision of this section shall thereafter be prohibited from engaging in any business as an insurer or the agent of any insurer in this state for a period of five years. The attorney general shall, at the request of the commissioner of insurance, ini-

Sec. 31. [DRIVER DEEMED AGENT OF OWNER.] Whenever any motor vehicle shall be operated within this state by any person other than the owner, with the consent of the owner, express or implied, the operator thereof shall in case of accident, be deemed the agent of the owner of such motor vehicle in the operation thereof.

Sec. 32. [SERVICE OF PROCESS; RESIDENTS; NON-RESIDENTS; COMMISSIONER OF PUBLIC SAFETY AS AGENT.] Subdivision 1. The use and operation by a resident of this state or his agent, or by a nonresident or his agent of a motor vehicle within the state of Minnesota, shall be deemed an irrevocable appointment by such resident when he has been absent from this state continuously for six months or more following an accident, or by such nonresident at any time, of the commissioner of public safety to be his true and lawful attorney upon whom may be served all legal process in any action or proceeding against him or his executor, administrator, or personal representative growing out of such use and operation of a motor vehicle within this state, resulting in damages or loss to person or property, whether the damage or loss occurs on a highway or on abutting public or private property. Such appointment is binding upon the nonresident's executor, administrator, or personal representative. Such use or operation of a motor vehicle by such resident or nonresident is a signification of his agreement that any such process in any action against him or his executor, administrator, or personal representative which is so served, shall be of the same legal force and validity as if served upon him personally or on his executor, administrator, or personal representative. Service of such process shall be made by serving a copy thereof upon the commissioner or by filing such copy in his office, together with payment of a fee of \$2, and such service shall be sufficient service upon the absent resident or the nonresident or his executor, administrator, or personal representative; provided that notice of such service and a copy of the process are within ten days thereafter sent by mail by the plaintiff to the defendant at his last known address and that the plaintiff's affidavit of compliance with the provisions of this chapter is attached to the summons.

Subd. 2. The court in which the action is pending may order such continuance as may be necessary to afford the defendant reasonable opportunity to defend any such action, not exceeding 90 days from the date of filing of the action in such court. The fee of \$2 paid by the plaintiff to the commissioner at the time of service of such proceedings shall be taxed in his cost if he prevails in the suit. The said commissioner shall keep a record of all such processes so served which shall show the day and hour of such service.

Sec. 33. [ABSTRACTS; FEES.] The commissioner shall, upon payment of a \$2.50 fee, furnish any person a certified ab-

stract of the operating record of any person, and if there is no record that he has been convicted of violating a law relating to the operation of a motor vehicle or has caused any injury or damage with a motor vehicle, the commissioner shall so certify.

(7) *All employees whose rates of pay are established according to salary schedule "C" as cited in section 43.12, subdivision 2, clause (6), effective July 11, 1973, shall be advanced in salary from their rate of pay and step in salary range immediately*

preceding that date, to the comparable step in the new salary range for their class unless otherwise provided in procedures established by the board.

(8) Employees compensated according to salary schedule "C" as cited in section 43.12, subdivision 2, clause (6), whose monthly rate of pay immediately preceding July 11, 1973, equals or exceeds the new maximum monthly rate of pay for their class shall be advanced in salary by an amount equal to one-half the difference between the new maximum monthly rate of pay for their class and the next lowest monthly rate of pay in their salary range, rounded to the next highest dollar, effective July 11, 1973.

(9) For each full four-tenths point increase in the consumers price index for Minneapolis-St. Paul, as published by the Bureau of Labor Statistics for the months of July, 1973, and April, 1974, new series index (1967=100), all monthly rates of pay in the "A" and special teacher salary schedules as cited in sections 43.12, subdivision 2, clause (1), and 43.121, subdivision 3, shall be increased by two-tenths of one percent, rounded to the nearest dollar. All hourly rates of pay in the "B" and "C" schedules as cited in section 43.12, subdivision 2, clauses (4) and (6), shall be increased by one cent per hour.

The increase, if any, in wages and salaries generated by this formula shall be effective with the first full payroll period after July 1, 1974, and shall continue in effect until the first full payroll period after January 1, 1975.

A redetermination of the cost of living allowance shall be made in October, 1974. For each full four-tenths point increase in the consumer price index for Minneapolis-St. Paul, as published by the Bureau of Labor Statistics for the months of July, 1973, through October, 1974, all monthly rates of pay in the "A" and special teacher salary schedules as cited in sections 43.12, subdivision 2, clause (1), and 43.121, subdivision 3, shall be increased by two-tenths of one percent, rounded to the nearest dollar. All hourly rates in the "B" and "C" schedules as cited in section 43.12, subdivision 2, clauses (4) and (6), shall be increased by one cent per hour. The increase, if any, in wages and salaries generated by this redetermination shall be effective with the first full payroll period after January 1, 1975.

During periods when such cost of living allowance is in effect, it shall be added to the applicable basic hourly and monthly rates of pay of each employee, including those that are above the maximum step of their range, and treated as a part thereof in all calculations involving employees' pay.

(10) The commissioner of administration may direct the state auditor to transfer to the various departments and agencies the necessary amounts to finance clause (9) into effect. These transfers shall be from such accounts and funds from which each department or agency receives its revenue, including appropriations from the general fund and from any other fund, now or

hereafter existing for the payment of salaries and in the same proportion as it pays therefrom the amounts of such salaries. Such sums of money as are necessary for such purposes are hereby appropriated to such departments or agencies from such account and fund in the state treasury. The accounts and funds referred to from which agencies receive appropriations under the terms of this section are hereby declared to be a source of revenue for the purposes of any other law or statutory enactment.

((7)) (11) Overtime worked shall be compensated for either by cash payment or compensatory time off as provided for in overtime schedules approved under the provisions of the civil service rules.

((8)) (12) None of the provisions of sections 43.12, subdivision 2, to 43.122, shall apply to employees in the classified service under the state civil service act who are paid on a fee basis, or to such employees who are department heads.

((9) AN EMPLOYEE APPOINTED ON OR SUBSEQUENT TO JULY 14, 1971, AND PRIOR TO NOVEMBER 17, 1971, MAY RECEIVE THE PRESCRIBED SALARY AND WAGE INCREASES SET FORTH IN SECTION 43.12, SUBDIVISION 2, CLAUSES (2) AND (5) WITH THE APPROVAL OF HIS APPOINTING AUTHORITY. HOWEVER, SO THAT ALL EMPLOYEES ARE COMPENSATED AT AN ESTABLISHED RATE OF PAY, AN EMPLOYEE WHO IS NOT GRANTED THE PRESCRIBED SALARY OR WAGE INCREASE PROVIDED UNDER THE PROVISIONS OF THIS CLAUSE SHALL HAVE HIS RATE OF PAY ADVANCED TO THE NEXT HIGHER SALARY OR WAGE STEP ESTABLISHED FOR HIS CLASS OR THE NEW MINIMUM SALARY RATE OR PROBATIONARY WAGE RATE FOR HIS CLASS, WHICHEVER IS GREATER.)

((10)) (13) Except as otherwise provided in section 43.12, subdivision 2, no class will be reassigned to a higher salary range by the civil service board during the (1971-1973) 1973-1975 biennium.

((11) NOTWITHSTANDING THE PROVISIONS OF ANY OTHER LAW TO THE CONTRARY, THE CIVIL SERVICE BOARD IS DIRECTED TO REDUCE ALL ADOPTED SALARY ASSIGNMENTS BY TWO PERCENT FOR CLASSES OF WORK COMPENSATED ACCORDING TO THE SALARY SCHEDULES CITED IN SECTION 43.12, SUBDIVISION 2, CLAUSES (1) AND (4) AND SECTION 43.121, SUBDIVISION 3, EXCEPT IN NO INSTANCE SHALL THE MINIMUM RATE OF A SALARY ASSIGNMENT BE LESS THAN THE PRESCRIBED MONTHLY BASE RATE. THE CIVIL SERVICE BOARD IS DIRECTED TO PREPARE AND ADOPT A SUPPLEMENTAL SCHEDULE OF SALARY RATES TO IMPLEMENT THE PROVISIONS OF THE CLAUSE ROUNDED OFF TO THE NEAREST DOLLAR.)

(12) IF THE MINNEAPOLIS-ST. PAUL CONSUMERS' PRICE INDEX INCREASES AT LEAST ONE AND ONE HALF PERCENT BETWEEN OCTOBER, 1971, AND APRIL, 1972, ALL SALARY AND WAGE RATES CITED IN SECTION 43.12, SUBDIVISION 2 CLAUSES (1) AND (4) SHALL BE INCREASED IN VALUE BY TWO PERCENT EFFECTIVE AT THE BEGINNING OF THE FIRST PAYROLL PERIOD FOR FISCAL YEAR 1972-1973. CONCURRENT WITH THIS ADJUSTMENT, ALL SALARY AND WAGE ASSIGNMENTS SHALL BE INCREASED BY TWO PERCENT AND EMPLOYEES SHALL BE ADVANCED TO THE COMPARABLE STEP OF THE REVISED SCHEDULE OF RATES. IN THE EVENT THIS INCREASE SHOULD OCCUR, THE CIVIL SERVICE BOARD IS DIRECTED TO ESTABLISH SUPPLEMENTAL SALARY SCHEDULES WITH STEPS TWO PERCENT HIGHER THAN THE SCHEDULES THEN IN EFFECT. WHERE NECESSARY TO RECEIVE THIS ADVANCEMENT, AN EMPLOYEE SHALL BE PERMITTED TO BE PAID AT A RATE HIGHER THAN THE ESTABLISHED MAXIMUM RATE FOR HIS CLASS.)

(13) THE COMMISSIONER OF ADMINISTRATION IS HEREBY AUTHORIZED TO DIRECT THE STATE AUDITOR TO TRANSFER TO THE VARIOUS DEPARTMENTS AND AGENCIES THE NECESSARY AMOUNTS TO FINANCE CLAUSE (12) INTO EFFECT. THESE TRANSFERS SHALL BE FROM SUCH ACCOUNTS AND FUNDS FROM WHICH EACH DEPARTMENT OR AGENCY RECEIVES ITS REVENUE, INCLUDING APPROPRIATIONS FROM THE GENERAL FUND AND FROM ANY OTHER FUND, NOW OR HEREAFTER EXISTING FOR THE PAYMENT OF SALARIES AND IN THE SAME PROPORTION AS IT PAYS THEREFROM THE AMOUNTS OF SUCH SALARIES. SUCH SUMS OF MONEY AS ARE NECESSARY FOR SUCH PURPOSES ARE HEREBY APPROPRIATED TO SUCH DEPARTMENTS OR AGENCIES FROM SUCH ACCOUNT AND FUND IN THE STATE TREASURY. THE ACCOUNTS AND FUNDS REFERRED TO FROM WHICH AGENCIES RECEIVE APPROPRIATIONS UNDER THE TERMS OF THIS SECTION ARE HEREBY DECLARED TO BE A SOURCE OF REVENUE FOR THE PURPOSES OF ANY OTHER LAW OR STATUTORY ENACTMENT.)

(14) Notwithstanding the provisions of any other law to the contrary, when making an appointment to the unclassified service of the executive branch of government, the appointing authority shall provide the director (OF CIVIL SERVICE) with a personal resume of the appointee and a detailed job description outlining the duties and responsibilities of the position which the appointee will occupy in such form as the director may prescribe. Any changes in work assignment shall be reported in writing to the director. If, in the judgment of the director, additional information is required in order to establish comparability with positions in the classified service, the director shall review the

duties of the position in the same manner as a position in the classified service would be investigated. All persons in the unclassified service of the executive branch of government, except those whose salary is set specifically by statute, (MAY, WITH THE APPROVAL OF THE APPOINTING AUTHORITY, BE GRANTED SALARY INCREASES ON THE SAME EFFECTIVE DATES AS ALL EMPLOYEES OF THE CLASSIFIED STATE CIVIL SERVICE, BUT IN NO EVENT MAY THESE SALARY INCREASES EXCEED THE SALARY INCREASES AUTHORIZED FOR PERSONNEL IN THE CLASSIFIED SERVICE NOR) shall be paid according to the compensation provisions applicable to employees performing comparable work in the classified service, but in no event shall unclassified personnel receive rates of pay which exceed the maximum rate of the salary range established for comparable work in the classified service.

(15) NOTWITHSTANDING THE PROVISIONS OF ANY OTHER LAW TO THE CONTRARY, ALL NON-ACADEMIC EMPLOYEES OF THE UNIVERSITY OF MINNESOTA AND THE UNIVERSITY OF MINNESOTA DEPARTMENT OF CIVIL SERVICE PERSONNEL SHALL BE SUBJECT TO ALL OF THE PRECEDING CLAUSES AS IF THEY WERE CLASSIFIED EMPLOYEES OF THE MINNESOTA CIVIL SERVICE AND THE MINNESOTA CIVIL SERVICE BOARD).

(15) *Effective July 1, 1974, employees whose positions are assigned to classes in the A, B and C compensation schedules working an assigned shift that begins before 6:00 a.m. or which ends on or after 7:00 p.m. shall receive a shift differential of ten cents per hour for all hours worked on that shift in addition to their regular rate of pay. Such differential shall be included in all payroll computations for hours worked but shall not apply during periods of paid leave.*

Employees working the regular day schedule who are required to work overtime or who are called back to work for special projects shall not be eligible for the shift differential.

(16) *Effective July 1, 1973, any permanent employee who is separated from the state classified service by reason of death, mandatory retirement, layoff, excluding seasonal layoffs, or who is separated after completing 20 years of state service shall be entitled upon such separation, to pay in an amount equal to ten percent of the employee's regular accumulated but unused sick leave balance at the time of separation. Effective July 1, 1974, severance pay shall be computed upon 20 percent of the employee's regular accumulated but unused sick leave balance. The provisions of this clause shall apply to unclassified employees in the same manner as they apply to employees in the classified service.*

Should any employee who has received severance pay be subsequently reappointed to state service, eligibility for future sever-

ance pay shall be computed upon the difference between the amount of accumulated but unused sick leave to the employee's credit at the time the employee was separated and the amount of accumulated but unused sick leave balance at the time of the employee's subsequent eligibility for severance pay.

The base for computing the severance pay provided for in this clause shall not exceed 800 hours, nor shall said base include lapsed sick leave hours as defined by departmental rules and regulations.

Such severance pay shall be excluded from retirement deductions and from any calculations in retirement benefits and shall be paid over a period not to exceed five years from termination of employment. In the event that a terminated employee dies before all or a portion of the severance pay has been disbursed, that balance due shall be paid to a named beneficiary or, lacking same, to the deceased's estate.

(17) The board is hereby empowered to establish by rule an injured on duty compensation plan for certain classes of state employees in hazardous or dangerous classes of employment. Said plan shall not be subject to the limitations contained in Minnesota Statutes, Section 176.021, Subdivision 5.

Sec. 15. Minnesota Statutes 1971, Section 43.12, Subdivision 2a, is amended to read:

Subd. 2a. [CAREER EXECUTIVE SERVICE.] (a) There is established a career executive service within the Minnesota state service.

The purpose of the career executive service is to foster managerial and high level professional identification, development, utilization, mobility and responsiveness in the state service.

((A) (b) The director (OF CIVIL SERVICE, WITH THE APPROVAL OF THE BOARD,) shall designate (CLASSES) positions in the classified service of the state as eligible for (ASSIGNMENT TO) inclusion in the career executive (COMPENSATION SCHEDULE) service. Such (CLASSES) positions shall include those which carry basic responsibilities for high level professional or scientific competence, policy determination, leadership, or the internal management and administration of a department or other major unit.

The incumbents of such (CLASSES) positions shall be selected from among the employees of the state, or its political subdivisions, as set forth in this subdivision (2A, CLAUSES (B), (C), AND (D)).

((B)) (c) Eligibility for appointment to (ASSIGNMENT IN) the career executive (COMPENSATION SCHEDULE) service shall be (ESTABLISHED AS A RESULT OF AN EXAMINATION OF PERSONS WHO FIRST MEET SUCH QUALIFICATIONS) in accordance with regulations and procedures as the (BOARD) director shall determine. (THE BOARD SHALL SELECT INDIVIDUALS KNOWLEDGEABLE IN

THE FIELD OF ADMINISTRATIVE MANAGEMENT WHO SHALL SERVE IN AN EXAMINING CAPACITY TO REVIEW IN DETAIL THE APPLICANTS' QUALIFICATIONS. THE REVIEW SHALL INCLUDE BUT NOT BE LIMITED TO THE FOLLOWING MATTERS: (1) EDUCATIONAL QUALIFICATIONS, (2) PERTINENT WORK EXPERIENCE, (3) EVIDENCE OF CONTINUING ACADEMIC DEVELOPMENT, (4) MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS, AND (5) ESTIMATE OF CONTINUING PROFESSIONAL GROWTH IN A PARTICULAR DISCIPLINE.) *Assignments will be made only after the nominee has achieved permanent or probationary civil service status in the class occupied at the time nomination is made and after meeting requirements as determined by the director.*

((C)) (d) The provisions of chapter 43, and sections 197.45 to 197.48 insofar as they relate to the selection, classification, preference, transfer, tenure and other conditions of employment shall not apply in the selection and assignment of personnel in the career executive (COMPENSATION SCHEDULE) service. (ASSIGNMENTS) *Appointments may be terminated by the appointing authority, provided, however, that (A WRITTEN REPORT RELATIVE TO SUCH) the termination is (FIRST SUBMITTED TO THE BOARD) not based on reasons of politics, religion, race, age, sex, or disability.*

((D)) (e) The director shall certify the names of those persons (PASSING A SCREENING EXAMINATION) *meeting requirements established elsewhere in this subdivision to the appointing authority (IN THE ORDER OF THEIR PERFORMANCE IN SAID EXAMINATION), and the appointing authority shall be limited in his appointment to such list.*

((E)) (f) No person (ASSIGNED) *appointed to the career executive (COMPENSATION SCHEDULE) service shall be deemed to acquire any vested rights or tenure to such (ASSIGNMENT) appointment, provided however, that the time served in such (ASSIGNMENT) appointment shall be credited to (HIS) the employee's seniority, sick leave, vacation, and retirement rights (. UPON THE TERMINATION OF HIS ASSIGNMENT TO THE CAREER EXECUTIVE COMPENSATION SCHEDULE,) if the employee was appointed to the career executive service from the classified service. An employee may be reassigned to another career executive service position at the same or lower level at the discretion of his appointing authority. An employee removed from the career executive service who was appointed from the classified state service shall be reinstated to his former grade in the same or similar position under the civil service laws and his compensation shall be at the level formerly received plus any annual increments he would have received had he remained in the schedule provided in subdivision 2, clause (1).*

(g) *The director may establish and enforce regulations and procedures with respect to the career executive service to ensure compliance with the purposes and intent of this subdivision.*

(h) *Notwithstanding any provision to the contrary, persons appointed to the career executive service shall be subject to the retirement requirements set forth in section 43.051.*

Sec. 16. Minnesota Statutes 1971, Section 43.12, Subdivision 2b, is amended to read:

Subd. 2b. [CAREER EXECUTIVE SERVICE.] The following schedule of rates is established as the annual rates of pay for the employees selected under subdivision 2a:

CES-I	(13,000)	13,500	to	(18,000)	21,500
CES-II	(\$15,000)	15,500	to	(21,000)	24,500
CES-III	(18,000)	18,500	to	(24,000)	28,000
CES-IV	(22,000)	23,000	to	(28,000)	32,000

The salary rate to be paid an employee, within the range assigned by the director, shall be determined by the appointing authority. The beginning salary rate and any subsequent changes shall be reported to the director by the appointing authority.

Sec. 17. Minnesota Statutes 1971, Section 43.12, Subdivision 3, is amended to read:

Subd. 3. [ALLOCATIONS.] (1) The director shall allocate each position in the classified civil service to one of the classes within the classification plan, subject to review of the board if an application is made in writing to the board upon one of the grounds set forth in clause (7) by the appointing authority immediately affected at any time within 30 days following notice to him of that allocation, or within 30 days from the date of notice of the final action of the director in case of an application for reconsideration, as hereinafter provided for, and thereafter all salary rates, schedules, or compensation policies shall apply uniformly to all positions within each class, in accordance with rules and regulations established by the board, except those positions for which special provision is made in clause (6) below. When a position which has not been allocated to one of the classes within the classification plan is established, the appointing authority shall notify the director, who shall allocate that new position to its appropriate class, subject to the same right of review by the board as heretofore provided in this clause.

(2) After the director makes an allocation under clause (1), he shall notify the appointing authority affected, in writing, of that allocation. The allocation shall become immediately effective, but the appointing authority may within ten days file with the director an application for reconsideration, together with any written evidence by way of affidavits, statements or exhibits which that appointing authority may desire considered by him. The director shall act upon that application within ten days after receiving it, and notify the appointing authority of his final action. In case of the filing of such application for reconsideration, the time for asking a review by the board shall

commence to run from the date of notice to the appointing authority of the director's final action.

(3) Whenever, because of changes in the organizational structure of an agency, in the duties of a position, or for some other reason, a position appears to be improperly allocated, the director shall, upon his own initiative, or upon the written request of a permanent employee or an appointing authority, investigate the duties of the affected position. Following that investigation he may reallocate it to an appropriate class. If the director makes a reallocation or denies an application for reallocation, under this clause, he shall notify the appointing authority and the employee affected of his action. A permanent employee or appointing authority affected by any such action shall have the same right to make an application for reconsideration as is granted an appointing authority in the case of an original allocation by clause (2), and the procedure set out in clause (2) shall apply to such application. Except as provided in clause (6) below, any reallocation granted by the director shall become effective upon the expiration of the time fixed for making an application for reconsideration, if none is made, or if one is made, at the date of notice by the director of this final action. A permanent employee or appointing authority shall have the same right of review by the board of a reallocation which changes the class of a position as is granted an appointing authority in the case of an original allocation. Application for such a review must be made within 30 days from the date of notice by the director of his original action, or, if a reconsideration has been asked, within 30 days from the date of the director's final action upon that application.

(4) In case of any allocation under clause (1), or any reallocation under clause (3), no examination of witnesses nor any trial or hearing shall be required, but the director may act upon such matters as are submitted to him in writing by the employee whose position will be affected by a reallocation or by the appointing authority who will be affected by an allocation or a reallocation, and reports and records of investigators of the department, and may take official notice of the records of the department and of allocations of other comparable positions. The matters of which he takes official notice shall be set out by him in a memorandum to be filed with his order or report of investigation and made a part of his record. In all cases of applications for reallocation, the burden of proof shall be upon the person requesting the reallocation.

(5) Except as provided in clause (6) below, the incumbent of a position which has been reallocated shall continue in the position only if he is eligible for and actually is appointed to the position of the new class in accordance with the rules of the board governing promotion, transfer, and demotion. In any case in which the incumbent is ineligible to continue in the position and he is not transferred, promoted or demoted, the layoff provisions of this chapter and the rules of the board shall apply. Per-

sonnel changes required by the reallocation of positions shall be completed within a period of 60 days following the date of reallocation notice to an appointing authority. Any employee with permanent or probationary status whose position is reallocated shall be considered eligible to compete in any promotional examination held to fill the reallocated position, as provided in the rules of the board.

(6) When a position is reallocated by the director to a class in a lower salary range, *or when an employee is demoted to a position in a lower salary range*, the director and the commissioner of administration may give consideration to the employee's long or outstanding service, exceptional or technical qualifications, age, health, or *substantial changes in work assignment or operational changes in state government which eliminate positions held by classified employees with permanent status*. When, as a result of such consideration, the director and the commissioner determine that the best interests of the state will be served by such action, the position shall be reallocated but the employee shall continue at the same rate of pay. Thereafter, as long as he remains in the same position, such employee shall not be eligible to receive any salary increases, *except those economic adjustment increases based on the consumer's price index authorized by law*, until such time as his salary once again may be within the range of the class to which his position has been reallocated.

(7) A review by the board as provided for in this subdivision may be had when the employee or appointing authority affected files an application for review in writing on the ground:

(a) That the action of the director was not in accordance with the civil service act;

(b) That the action of the director was unwarranted by the evidence before him, or was procured by fraud, coercion or other improper conduct of any party in interest.

The board after receiving any application for review shall order the director to submit to it the record upon which he acted and thereafter, upon that record, may sustain, reverse or modify the action of the director or, in its discretion, may order that further evidence be taken by him to be submitted to the board and considered by it upon its review.

Sec. 18. Minnesota Statutes 1971, Section 43.121, Subdivision 2, is amended to read:

Subd. 2. When an additional class is added to the classification plan, it shall be assigned to one of the salary (RANGES) schedules set forth in section 43.12, subdivision 2 (, AND, IF THE DUTIES AND RESPONSIBILITIES OF A CLASS IN THE PLAN ARE SUBSTANTIALLY CHANGED, OR IF AN APPARENT INEQUITY EXISTS IN THE ASSIGNMENT OF A CLASS TO A SALARY RANGE, THAT CLASS SHALL BE REASSIGNED TO ANOTHER SALARY RANGE BY THE DIRECTOR OF CIVIL SERVICE). Such assignment (OR RE-

ASSIGNMENT) to a salary (RANGE) *schedule* when approved by the civil service board after public hearing shall be submitted to the commissioner of administration who shall determine whether funds are available for such purposes. The commissioner of administration may approve or reject such schedules. These schedules shall become effective when approved by the commissioner and shall be used by him in connection with all payrolls and accounting records and with all budget estimates for all departments or agencies of the state government. Upon his approval, the commissioner shall file such new schedules in the office of the secretary of state.

Sec. 19. Minnesota Statutes 1971, Section 43.122, is amended to read:

43.122 [SALARY INCREASES.] Subdivision 1. Appointing authorities are authorized to grant achievement awards in the amount of one salary step for employees assigned to (THE) schedule A, as set forth in section 43.12, subdivision 2 clause (1), who have demonstrated outstanding performance. Justification to the director must be in writing setting forth qualitative and quantitative criteria on which the determination was made. In no instance shall such awards be granted in excess of 20 percent of employees authorized at the beginning of each fiscal year, nor to employees whose rates of pay are at or above the maximum rate of pay established for their class. Appointing authorities shall make every effort to distribute achievement awards equitably among and within all classifications to eligible employees. (TO INSURE CONFORMANCE TO LEGISLATIVE INTENT, APPOINTING AUTHORITIES SHALL SUBMIT QUARTERLY REPORTS TO THE CHAIRMAN OF THE SENATE CIVIL ADMINISTRATION AND HOUSE GOVERNMENTAL OPERATIONS COMMITTEES INDICATING THE NAME AND CLASSIFICATION OF EACH EMPLOYEE GRANTED AN ACHIEVEMENT AWARD, AND THE SALARY STEP AT WHICH THE EMPLOYEE IS BEING COMPENSATED WITHIN HIS SALARY RANGE. A COPY OF EACH SUCH REPORT MUST BE FILED WITH THE CIVIL SERVICE DIRECTOR. THE FIRST QUARTERLY REPORT IS DUE APRIL 1, 1972.)

Subd. 2. Within the limits of available appropriations an appointing authority may propose salary increases *within the range* of more than one step or more frequently than provided in this section upon detailed written statements to the director specifying the unusual employment conditions that make such action necessary. The director shall review each such proposal giving due consideration to the salary rates paid other employees in the same class and agency and may deny any request which in his judgment is contrary to the best interest of the service.

Subd. 3. (a) *Employees in classes assigned to the "A" schedule as cited in section 43.12, subdivision 2, clause (1), may receive a one step salary increase annually, on their anniversary*

date, to the position rate in their salary range, provided performance is satisfactory as indicated by their appointing authority.

The position rate shall be as follows:

9 step salary range — 5th step

8 step salary range — 5th step

7 step salary range — 4th step

6 step salary range — 4th step

5 step salary range — 4th step

4 step salary range — 3rd step

3 step salary range — 3rd step

Beyond the position rate, employees may receive one step satisfactory performance increases biennially, on their anniversary date, upon the recommendation of their appointing authority, up to and including the maximum rate of the salary range for their class.

No increases authorized by this subdivision shall be granted by the appointing authority until an appropriate employee evaluation program is filed with the director. Authorized increases shall be recommended in the context of performance measured against specific performance standards or objectives.

Appointing authorities shall not recommend increases for those employees in this schedule who have not met, or only marginally attained, performance standards or objectives. Increases withheld may subsequently be granted by the appointing authority upon certification to the director that the employee is achieving performance standards or objectives.

(b) Employees in classes assigned to the "C" schedule as cited in section 43.12, subdivision 2, clause (6), shall progress through the salary range for their class according to the following procedure:

Employees compensated at the first step in their salary range shall be advanced to the second step following the completion of 1,044 hours of satisfactory service subsequent to the implementation of the provisions of section 43.12, subdivision 2, clause (7). Employees compensated at the second step in their salary range shall be advanced to the third step following the completion of 1,044 hours of satisfactory service subsequent to the implementation of the provisions of section 43.12, subdivision 2, clause (7).

Employees compensated at or beyond the third step in their salary range shall advance to the next highest rate in their salary range at the completion of each increment of 2,088 hours of satisfactory service subsequent to the implementation of the provisions of section 43.12, subdivision 2, clause (7), until the maximum rate of pay is attained.

Employees compensated at the maximum step in their range or above shall receive no salary adjustments under the provisions of this subdivision.

(c) Appointing authorities may withhold increases authorized in section 43.122, subdivision 3, clause (b). Those employees who will be denied an increase because of unsatisfactory service must be notified in writing. Increases withheld may subsequently be granted by the appointing authority upon certification to the director that the employee has achieved a satisfactory level of performance.

(d) All salary increase provisions for the "A" schedule cited in section 43.122, subdivision 3, shall be effective beginning with the payroll period following the employee's anniversary date but in no instance prior to the first full payroll period subsequent to May 30, 1974.

Subd. 4. [ANNIVERSARY DATES.] To determine anniversary dates for the purposes of this section, the following procedure shall be used. For all persons employed on or before May 30, 1973, annual anniversary dates shall be computed from that date. For those employed subsequent to May 30, 1973, the anniversary date shall be computed from the date of employment. For those promoted, reinstated, reemployed, or returned from leave of absence subsequent to May 30, 1973, the anniversary date shall be computed from the date of the action. Anniversary dates shall not be affected by the withholding of increases authorized in section 43.122, subdivision 3, clause (1).

Sec. 20. Minnesota Statutes 1971, Section 43.126, Subdivision 1, is amended to read:

43.126 [SPECIAL RATES OF PAY.] Subdivision 1. Notwithstanding the provisions of sections 43.12 and 43.121 to 43.123, the following salary ranges are established with annual salaries as shown:

Range C	(\$27,500)	\$30,000	to	(\$37,000)	\$45,000

Sec. 21. Minnesota Statutes 1971, Section 43.24, Subdivision 1, is amended to read:

43.24 [REMOVAL.] Subdivision 1. [WRITTEN STATEMENT.] No permanent employee in the classified service, under the provisions of this chapter or the rules made pursuant thereto, shall be removed, discharged, suspended without pay for more than 30 days, or reduced in pay or position, except for just cause, which shall not be religious or political, or because of the employee's race, sex, disability or age, subject however to the mandatory retirement ages specified by law. In case of any disciplinary action, as enumerated in this section, the employee shall, before the action is taken, be furnished with a statement, in writing, setting forth the reasons for the disciplinary

action, be permitted five days time to reply thereto, in writing, or upon his request, to appear personally and reply to the head of the department. A copy of the statement and the employee's reply, if any, shall be filed with the director (OF CIVIL SERVICE) prior to the effective date thereof.

Sec. 22. Minnesota Statutes 1971, Section 43.50, Subdivision 1, is amended to read:

43.50 [PAYMENT OF PREMIUMS.] Subdivision 1. Each department or agency of the state government shall pay the amounts due for basic life insurance and basic health benefits coverage authorized for eligible state employees as provided by Laws 1967, Chapter 103. *Additionally, and notwithstanding any law to the contrary, effective July 1, 1974, each department or agency of the state government shall contribute \$10 per month toward the cost of dependent hospital-medical insurance coverage premiums for their eligible employees who have eligible dependents. To enable employees to receive benefit from this provision, an open enrollment period of not less than one month, commencing May 1, 1974, is established. During said open enrollment period employees may enroll their dependents without proof of insurability. Effective January 1, 1975, the state contribution provided herein shall apply to eligible members of the legislature who have eligible dependents.* Each of such departments and agencies shall pay such amounts from such accounts and funds from which each department or agency receives its revenues, including appropriations from the general fund and from any other fund, now or hereafter existing for the payment of salaries and in the same proportion as it pays therefrom the amounts of such salaries. Such sums of money as are necessary for such purposes are hereby appropriated to such departments and agencies from such account and funds in the state treasury. In order to enable the state auditor to maintain proper records covering the appropriations made by this section, he may require such certifications in connection therewith as he may deem necessary from any state department or agency whose officers and employees receive benefits pursuant to Laws 1967, Chapter 103. The accounts and funds referred to from which departments and agencies receive appropriations under the terms of this section are hereby declared to be a source of revenue for the purposes of any other law or statutory enactment.

Sec. 23. Minnesota Statutes 1971, Section 299D.03, Subdivision 2, is amended to read:

Subd. 2. [SALARIES.] (1) Each such employee other than the chief supervisor, lieutenant colonel, majors, captains, and sergeants hereinafter designated shall be known as patrol officers.

(2) There may be appointed one lieutenant colonel; and such majors, captains, sergeants and officers as the commissioner deems necessary to carry out the duties and functions of the highway patrol. Persons in above named positions shall be appointed by law and have such duties as the commissioner may

Commencing July 10, 1974, the salary rates for all highway patrol officers and sergeants as cited in section 299D.03, subdivision 2, clause (3), shall be increased by \$10 per month in lieu of receiving any salary differential for working evening and night hours.

(THE SALARY FIGURES SHOWN IN THE TABLE ABOVE SHALL BE INCREASED IN VALUE BY TWO PERCENT, EFFECTIVE AT THE BEGINNING OF THE FIRST PAYROLL PERIOD IN FISCAL YEAR 1972-73, IF THE CLASSIFIED CIVIL SERVICE RECEIVES A TWO PERCENT COST OF LIVING INCREASE PURSUANT TO OTHER LAW.)

In addition to the rates of pay provided above, all employees compensated according to the above salary table shall be paid a cost of living allowance to be determined and redetermined in the following manner:

The difference, if any, between the consumers price index for the city of Minneapolis-St. Paul, Minnesota (new series index 1967=100) as published for the months of July, 1973, and April, 1974, by the Bureau of Labor Statistics of the United States Department of Labor shall be computed. For each full four-tenths point increase so computed, one cent per hour shall be added to the hourly rate of pay of each highway patrol officer; and two-tenths of one percent rounded to the nearest dollar shall be added to the monthly rate of pay of each sergeant, captain, major, and lieutenant colonel. Such cost of living allowance shall become effective the first full payroll period after July 1, 1974, and shall continue in effect until the first full payroll period after January

A redetermination of the cost of living allowance shall be made in October, 1974, and will involve computation of the difference, if any, between the aforementioned index as published for the base month of July, 1973, and the month of October, 1974. For each full four tenths point increase so computed one cent per hour shall be added to the hourly rate of pay of each officer; and two-tenths of one percent rounded to the nearest dollar shall be added to the monthly rate of pay of each sergeant, captain, major and lieutenant colonel as a cost of living allowance. Such cost of living allowance shall become effective the first full payroll after January 1, 1975.

During periods when such cost of living allowance is in effect, it shall be added to the applicable basic hourly and monthly rates of pay for highway patrol officer, sergeant, captain, major and lieutenant colonel, and treated as a part thereof in all calculations involving employees' pay.

The commissioner of administration may direct the state auditor to transfer to the department of public safety the necessary amount to finance the increased cost of the cost of living provisions of this clause. This amount is appropriated from the trunk highway fund to the department of public safety for this purpose.

(5) (4) Upon promotion, the person will be paid at the base salary rate of pay in effect for that rank, and (IF INITIALLY APPOINTED TO THE HIGHWAY PATROL ON OR BEFORE THE EFFECTIVE DATE OF THIS ACT,) shall subsequently be eligible for the time in rank increases calculated from the effective date of promotion.

Sec. 37. Minnesota Statutes 1971, Section 352.23, is amended to read:

352.23 [TERMINATION OF RIGHTS.] When any employee accepts a refundment as provided in section 352.22, all existing service credits and all rights and benefits to which the employee was entitled prior to the acceptance of such refundment shall terminate and shall not again be restored until the former employee acquires not less than one year's allowable service credit subsequent to taking his last refundment. In that event, he may repay all refundments which he had taken from the retirement fund. Repayment of refundments will entitle the employee only to credit for service covered by (a) salary deductions, (b) payments made in lieu of salary deductions, and (c) payments made to obtain credit for service as permitted by laws in effect at the time payment was made. If an employee before taking one or more refundments had credit for prior service or for military service without payment in either case, he may obtain credit for such forfeited service prior to July 1, 1929, and for such forfeited military service by making payments at a contribution rate of three percent of his average salary upon which deductions for the retirement fund were based, for the three year period immediately preceding repayment of refund-

Such employee may obtain such credit by paying into the fund an employee contribution based upon his salary at the date of return from military service. The amount of this contribution shall be the applicable amounts required in section 352.04, subdivision 2, plus interest at (FOUR) six percent per annum compounded annually. In such cases the matching employer contribution and additional contribution provided in section 352.04 shall be paid by the department employing such employee upon his return to state service from funds available to such department at the time and in the manner provided in section 352.04.

Sec. 39. Minnesota Statutes 1971, Chapter 352, is amended by adding a section to read:

[352.90] [CORRECTIONAL EMPLOYEES.] *It is the policy of the legislature to provide special retirement benefits and contributions for certain correctional employees who, because of the nature of their employment, are required to retire at an early age. For the purpose of Minnesota Statutes, Chapter 356, the actuary shall make separate reports with respect to these employees. Except as otherwise provided, the provisions of Minnesota Statutes, Chapter 352, apply to covered correctional employees.*

Sec. 40. Minnesota Statutes 1971, Chapter 352, is amended by adding a section to read:

[352.91] [COVERED CORRECTIONAL SERVICE.] *Covered correctional service means: (a) services performed on, before, or after July 1, 1973, by a state employee, as defined in section 352.01, as an attendant guard, attendant guard supervisor, correctional captain, correctional counselor I, correctional counselor II, correctional counselor III, correctional counselor IV, correctional lieutenant, correctional officer, correctional sergeant, director of attendant guards and guard farmer garden, provided the employee was employed in such position on July 1, 1973 or thereafter; (b) services performed before July 1, 1973 by an employee covered under clause (a) in a position classified as a houseparent or guard instructor; and (c) services per-*

However an employee shall not be covered hereunder if first employed after July 1, 1973 and who because of his age could not acquire ten years of service to qualify for an annuity as a correctional employee.

Sec. 41. Minnesota Statutes 1971, Chapter 352, is amended by adding a section to read:

[352.92] [CORRECTIONAL EMPLOYEE CONTRIBUTIONS.] *Subdivision 1. [EMPLOYEE CONTRIBUTIONS.] Beginning with the first full pay period after June 30, 1973, in lieu of employee contributions payable under section 352.04, subdivision 2, contributions by covered correctional employees shall be in an amount equal to six percent of salary.*

[352.93] [RETIREMENT ANNUITY.] *Subdivision 1. After separation from state service an employee covered under section 34 of this act who has attained the age of at least 55 years and has credit for not less than a total of ten years of covered correctional service and regular Minnesota state retirement system service shall be entitled upon application to a retirement annuity under this section based only on covered correctional employees' service.*

For the purpose of this section, average salary means the average of the monthly salary during the employees' highest five successive years of salary as a correctional employee.

Subd. 2. The monthly annuity under this section shall be determined by multiplying the average monthly salary by the number of years, or completed months, of covered correctional service by 2.5 percent for the first 20 years of correctional service and two percent for each year thereafter; provided however, the monthly annuity shall not exceed 75 percent of the average monthly salary.

Subd. 3. The annuity under this section shall begin to accrue as provided in section 352.115, subdivision 8, and shall be paid for an additional 84 full calendar months or to the first of the

month following the month in which he becomes age 65, whichever occurs first, and then be reduced to the amount as calculated under section 352.115, except that if this amount, when added to the social security benefit based on state service the employee is eligible to receive at such time, is less than the benefit payable under subdivision 2, the retired employee shall receive an amount that when added to such social security benefit will equal the amount payable under subdivision 2. When an annuity is reduced under this subdivision, the percentage adjustments, if any, that have been applied to the original annuity under Minnesota Statutes, Section 11.25, prior to the reduction, shall be compounded and applied to the reduced annuity. A former correctional employee employed by the state in a position covered by the regular plan between the ages of 58 and 65 shall receive a partial return of his correctional contributions at retirement with five percent interest based on the following formula:

<p>Employee contributions contributed as a correctional employee in excess of the contributions such employee would have contributed as a regular employee</p>	<p>X</p>	<p>Years and complete months of regular service between ages 58 and 65</p>
		<p>.....</p>
		<p>7</p>

Subd. 4. A former employee who has both regular and correctional service shall, if qualified, receive an annuity based on both periods of service under applicable sections of law but no period of service shall be used more than once in calculating the annuity.

Subd. 5. Notwithstanding the provisions of subdivision 1 an employee who was in a covered correctional position on July 1, 1973; was employed in a position covered by Minnesota Statutes, Chapter 352, prior to reaching age 60; and was required to retire because of the lowering of the mandatory age, shall be entitled to an annuity under this section even though he does not have ten years of covered service under Minnesota Statutes, Chapter 352.

Subd. 6. This section shall apply to qualified employees who retire on or after July 1, 1973, but the annuity payable hereunder shall not begin to accrue until July 1, 1974.

Sec. 43. Minnesota Statutes 1971, Chapter 352, is amended by adding a section to read:

[352.94] [AUGMENTATION.] Subdivision 1. An employee who becomes a correctional employee after serving as a regular employee shall be covered under section 352.72, subdivision 2, with respect to the regular service.

An employee who receives a disability benefit shall not be entitled to an annuity under Minnesota Statutes, Section 352.93, even though otherwise qualified, until reemployed in a covered correctional position for a period of at least one year.*

Sec. 45. Minnesota Statutes 1971, Section 356.21, Subdivision 5, is amended to read:

Subd. 5. [ACTUARIAL SURVEY; CONTENTS.] Each actuarial survey required under this section shall include:

(1) For each fund providing any benefits under a benefit formula, the level normal cost of the benefits provided by the laws governing the fund as of the date of the survey, computed in accordance with the Entry Age Normal Cost (Level Normal Cost) Method. Accrued liabilities of the fund shall also be calculated in accordance with that method.

Hanson moved to amend S. F. No. 1232 as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [GIFTED CHILDREN AND TEACHER CO-ORDINATORS; DEFINITIONS AND PROVISIONS.] Every

child who possesses superior intellectual, academic, creative or other special abilities to such degree that he needs special instructions or services as determined by the local school district is a gifted child. Special instructions and services are needed to assist the gifted children to achieve more nearly their potential. The standards for identification of such children shall be determined by school districts or combinations of districts using guidelines established by the state board of education.

Every school district or combination of districts may provide for such teacher coordinators as may be necessary for establishing and maintaining a program for gifted children. A "teacher coordinator" is an educator who instructs gifted children and is responsible for making provisions for the appropriate education of all gifted children in the district or combination of districts in which he serves.

Sec. 2. [INSTRUCTIONS FOR GIFTED CHILDREN.] Subdivision 1. School districts or combinations of districts may provide for programs for gifted children of school age who are residents of the district or combinations of districts and who are gifted as defined in section 1. School age for the gifted shall be from the ages of four years to 18 years. Districts with less than the minimum number of eligible gifted children as determined by the state board of education may cooperate with other districts to maintain a full sequence of programs for education and services for gifted children.

Subd. 2. The state board of education shall advise and cooperate with local school districts or combinations of districts to develop such programs and to determine a basis for selection of personnel to be employed in such programs, and shall determine which programs shall be funded.

Sec. 3. [FUNDING OF PROGRAMS FOR GIFTED CHILDREN.] Subdivision 1. The state shall pay for 60 percent of the annual salary of a teacher coordinator not to exceed \$5,600, in a maximum of 40 districts or combination of districts with approved programs for gifted children.

Subd. 2. To finance the terms of this act there is hereby appropriated from the general fund the sum of \$200,000 beginning July 1, 1973, until June 30, 1975.

Subd. 3. The aids provided for these programs for gifted children shall be paid currently on the same basis as the Minnesota foundation aids. If the appropriation is not adequate, the funds under the formula shall be prorated. Any unexpended balances remaining in the first year shall not cancel but shall be available for the second year of the biennium."

Further, amend the title as follows:

Page 1, line 2, strike the words "defining gifted".

Page 1, line 3, strike the entire line and insert the words "education of gifted children; appropriating money".

Section 1. Minnesota Statutes 1971, Section 124.03, Subdivision 3, is amended to read:

Subd. 3: (a) The county auditor shall compute the tax levy that would be produced by applying a rate of 25 mills to the valuation determined on the January 2, 1971 assessment and 8.3 mills on the January 2, 1972 assessment and subsequent assessments on all the agricultural lands and all real estate devoted to temporary and seasonal residential occupancy for recreational purposes, but not devoted to commercial purposes, within the several school districts for which the tax levy is required to be certified to him. The amounts so computed by the county auditor shall be submitted to the commissioner of taxation by November 15 of each year for verification.

(b) If the commissioner of taxation agrees with the computation, he shall deliver to the state auditor his certificate to that effect. In the event that the commissioner deems the computation to be erroneous, he may make the necessary corrections and deliver to the state auditor his certificate reflecting the amounts he deems to be correct. The county auditor or any school district aggrieved thereby may appeal the commissioner's revised certification to the Minnesota tax court in accordance with chapter 271.

(c) On or before May 31, 1972, the state auditor shall issue his warrant upon the state treasurer in favor of the school district in an amount equal to one half the amount certified by the commissioner shown to be due to the district. On or before October 31, 1972, the state auditor shall issue his warrant upon the state treasurer in favor of the school district distributing the remainder of the amount certified by the commissioner shown to be due to the school district for the year 1972. The state auditor in the same manner shall make distribution (IN SUBSEQUENT YEARS) for the year 1973 in the same manner with respect to amounts shown to be due in accordance with the commissioner's

certification. *For the year 1974 and subsequent years, the state auditor shall issue his warrant in an amount equal to one-half the amount certified on or before July 15, but no earlier than July 1. The remainder shall be distributed as provided herein.*

(d) In the event that a final judicial determination is not in agreement with the amount certified by the commissioner, the state auditor shall either increase or decrease the amount of the following payment required to be made to the school district in accordance with such judicial determination.

(e) There is hereby appropriated to the school districts entitled to such payments from the general fund, an amount sufficient to make the payments.

(f) The county auditor shall reduce the dollars levied for school maintenance by each district by the amount determined in (a) and (b). The amounts paid to the county treasurer pursuant to (c) shall be transmitted by the county treasurer to the school district at the same time the real estate settlement is made.

Subd. 2. "Governmental subdivision" means any county, city, village, borough, or town having the powers of a village pursuant to (SECTION) sections 368.01 or 368.61, or by special law (, OR ANY BOARD OR COMMISSION THEREOF AUTHORIZED BY LAW OR CHARTER TO LEVY PROPERTY TAXES). The term does not include school districts, towns without village powers, or special taxing districts determined by the department of taxation.

Sec. 2. Minnesota Statutes 1971, Section 275.50, Subdivision 4, is amended to read:

Subd. 4. "Special assessments" means assessments made against real property for purposes of financing, wholly or in part, only those types of improvements enumerated in (SECTION) sections 429.021, subdivision 1 and 429.101, whether imposed pursuant to such sections or pursuant to home rule charter provisions. General tax levies spread upon real estate not specifically benefited by the improvements, and on the benefited real estate as part of the taxable valuation of the governmental subdivision, are not considered special assessments.

Sec. 3. Minnesota Statutes 1971, Section 275.50, Subdivision 5, is amended to read:

Subd. 5. "Special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any action other than an action on an (EXPLICIT) express contract or default on an express contract, or to pay the costs of settlements out of court against the governmental subdivision in any action other than an action on an express contract when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, but only to the extent of the increase in levy for such judgments and out of court settlements over levy year 1970, taxes payable in 1971;

(b) pay the costs of complying with any written lawful order issued by the state of Minnesota, or the United States, or any agency or subdivision thereof, (OR ANY LAW ENACTED BY THE 1971 LEGISLATURE WHICH SPECIFICALLY REQUIRES AN ACTIVITY WHICH RESULTS IN INCREASED

EXPENDITURES OF EXPANDED COUNTY COURT SYSTEMS NOT IN FULL OPERATION DURING THE ENTIRE YEAR 1971) which is authorized by law, statute, special act or ordinance and is enforceable in a court of competent jurisdiction, or any stipulation agreement or permit for treatment works or disposal system for pollution abatement in lieu of a lawful order signed by the governmental subdivision and the state of Minnesota, or the United States, or any agency or subdivision thereof which is enforceable in a court of competent jurisdiction. The commissioner of taxation shall in consultation with other state departments and agencies, develop a suggested form for use by the state of Minnesota, its agencies and subdivisions in issuing orders pursuant to this subdivision;

(c) pay the costs of complying with any law enacted by the 1971 legislature or a prior or subsequent year's legislature which specifically and directly requires a new or altered activity after levy year 1970, taxes payable in 1971, but only to the extent of the increased cost for such activity after levy year 1970, taxes payable in 1971;

(d) pay the costs of an expanded county court system to the extent of the increase in costs over the amount levied in support of a county court or a probate court in levy year 1970, taxes payable in 1971;

((C)) (e) pay amounts required by any public pension plan to the extent that operation of the laws (ENACTED BEFORE JULY 1, 1971,) of the state of Minnesota or the United States governing such fund directly causes the level of governmental financial support to exceed the level of such support prior to July 1, 1971, provided that such increases are not the result of amendment by any means to the benefit plan after July 1, 1971 which required the approval of the governing body of the governmental subdivision;

((D)) (f) pay amounts required (BY) to be levied in support of a volunteer firemen's relief association if resulting from the operation of (SECTION) sections 69.772 and 69.773;

((E)) (g) pay the costs to a governmental subdivision for their share of any program otherwise authorized by law, including the administrative costs of social services and of county welfare systems, for which matching funds have been appropriated by the state of Minnesota or the United States, but only to the extent that the costs to the governmental subdivision for the program exceed those expended in calendar year 1970, subject to rules promulgated by the commissioner of taxation pursuant to the administrative procedures act;

((F)) (h) pay expenses reasonably and necessarily incurred in preventing, preparing for or repairing the effects of natural disaster. "Natural disaster" as used herein means the occurrence or threat of widespread or severe damage, injury or loss of life or property resulting from natural causes, including and limited to fire, flood, earthquake, wind storm, wave action, oil spill, or other water contamination requiring action to avert

danger or damage, volcanic activity, drought or air contamination. The civil defense division of the state department of public safety shall formulate standards by which an occurrence of any of the aforementioned natural phenomena would be deemed a natural disaster by reason of the level of damage, injury or loss of life or property that has occurred or would occur if preventative action was not taken;

((G)) (i) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under sections 245.21 to 245.43 (Aid to the Disabled), sections 256.11 to 256.43 (Old Age Assistance), sections 256.49 to 256.71 (Aid to the Blind), sections 256.72 to 256.87 (Aid to Families with Dependent Children), chapter 256B (Medical Assistance), and chapters 261, 262 and 263 (Poor Relief);

((H)) (j) pay the costs of principal and interest on bonded indebtedness(.) , or, effective for taxes levied in 1973 and years thereafter, to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(k) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency;

(l) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(m) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(n) pay the amounts required to compensate for a decrease in revenues from public service enterprises, municipal liquor stores, licenses, permits, fines and forfeits and no other, to the extent that the aggregate of revenues from these sources in the calendar year preceding the year of levy are less than the aggregate of revenues from these sources in calendar year 1971. "Revenues" from a public service enterprise or a municipal liquor store shall mean the net income or loss of such public service enterprise or municipal liquor store, determined by subtracting total expenses from total revenues, and before any contribution to or from the governmental subdivision. "Fines" for a municipal court means the net amount remaining after subtracting total municipal court expenses from total collections of municipal court fines. A governmental subdivision shall qualify for this special levy only if the decrease in aggregate revenues as computed herein and divided by the population of the governmental subdivision in the preceding levy year is equal to or greater than two percent of the per capita levy limitation for the preceding levy year;

(o) pay the amounts required to compensate for a decrease in mobile homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy year, pursuant to section 273.13, subdivision 3, as amended, is less than the distribution of the mobile homes tax to the governmental subdivision pursuant to section 273.13, subdivision 3, in calendar year 1971;

(p) pay the amounts required to compensate for a decrease in gross earnings tax aids pursuant to sections 276.15 to 276.18, or 368.39 to 368.42, or 373.20 to 373.24, to the extent that the distribution of these aids to the governmental subdivision in the calendar year immediately preceding the current levy year is less than the distribution of these aids to the governmental subdivision in calendar year 1971;

(q) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(r) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city, village, borough or town with village powers in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(s) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal commission in levy year 1971 or a subsequent levy year, but only to the extent and for the levy years as provided by the commission in its order pursuant to section 414.01, subdivision 15;

(t) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments, and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) The increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) The amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multi-

plying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in assessed value over the assessed value of the real estate parcels subject to such private development as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and nonresidential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and nonresidential commercial development.

Sec. 4. Minnesota Statutes 1971, Section 275.51, Subdivision 1, is amended to read:

275.51 [LEVY LIMITS.] Subdivision 1. Notwithstanding any provisions of law or municipal charter to the contrary which authorize ad valorem levies in excess of the limitations established by sections 275.50 to 275.56, but subject to section 275.56, the provisions of this section shall apply to the levies by governmental subdivisions in the years 1971, 1972 and subsequent years for all purposes other than those for which special levies and special assessments are made.

Sec 5. Minnesota Statutes 1971, Section 275.51, Subdivision 2, is amended to read:

Subd. 2. The property tax levy limitation for governmental subdivisions in 1971 is calculated as follows. There shall be calculated the aggregate of receipts by each governmental subdivision from:

(a) the total amount of property taxes levied before any reduction prescribed by sections 273.13 and 273.135 in respect to homestead property, by or for each governmental subdivision in 1970, or in the most recent preceding year when such taxes were levied for a period of 12 months if the governmental subdivision levied such taxes for a shorter period in 1970, for all purposes, except for special assessments and special levies;

(b) exempt property tax reimbursement payments, if any, estimated by the department of taxation to be due and payable for the year 1971 from the state pursuant to section 273.69, minus the allocation of these payments on a percentage distribution basis to the welfare aids and bonded indebtedness special levies in taxes payable year 1971;

(c) per capita aid payments estimated by the department of taxation to be due and payable for the year 1971 from the state

pursuant to sections 297A.51 to 297A.60, *minus the allocation of these payments on a percentage distribution basis to the welfare aids special levy in taxes payable year 1971.*

The aggregate of the foregoing receipts shall be divided by the 1970 population of the governmental subdivision established pursuant to section 275.53. The resulting quotient ((AGGREGATE 1971 RECEIPTS PER CAPITA) IS THE PER CAPITA LIMITATION AND MAY BE ADJUSTED) (1970 payable 1971 levy limit base per capita) shall be increased pursuant to section 275.52, subdivision 2, to derive the 1971 payable 1972 levy limit base per capita. The (ADJUSTED QUOTIENT) 1971 payable 1972 levy limit base per capita shall then be multiplied by the 1971 population of the governmental subdivision established pursuant to section 275.53. From the resulting figure (1971 payable 1972 levy limit base) shall be deducted the amount (estimated by the department of taxation) of state formula aids to be paid pursuant to (EXTRA SESSION LAWS 1971, CHAPTER 31, ARTICLE 21) section 477A.01, as amended and the taconite production tax municipal (AND COUNTY) aids to be paid pursuant to (EXTRA SESSION LAWS 1971, CHAPTER 31, ARTICLE 30) section 298.282, as amended, to the governmental subdivision during the calendar year 1972. The resulting figure is the amount of property taxes which the governmental subdivision may levy in 1971 for all purposes other than those for which special levies and special assessments are made.

Sec. 6. Minnesota Statutes 1971, Section 275.51, Subdivision 3, is amended to read:

Subd. 3. The property tax levy limitation for governmental subdivisions in 1972 and subsequent *levy* years is calculated as follows. (THERE SHALL BE CALCULATED THE AGGREGATE OF RECEIPTS BY EACH GOVERNMENTAL SUBDIVISION FROM:)

((A) THE TOTAL AMOUNT OF PROPERTY TAXES LEVIED PURSUANT TO SUBDIVISION 1 IN 1971 AND SUCCEEDING YEARS RESPECTIVELY;)

((B) STATE FORMULA AND TACONITE PRODUCTION TAX, MUNICIPAL AND COUNTY AID PAYMENTS ESTIMATED BY THE DEPARTMENT OF TAXATION TO BE DUE AND PAYABLE FOR THE YEAR 1972 AND SUCCEEDING YEARS, RESPECTIVELY, FROM THE STATE PURSUANT TO EXTRA SESSION LAWS 1971, CHAPTER 31, ARTICLES 21 AND 30.)

(THE AGGREGATE OF THE FOREGOING RECEIPTS SHALL BE DIVIDED BY THE 1971 OR SUBSEQUENT YEAR'S POPULATION OF THE GOVERNMENTAL SUBDIVISION ESTABLISHED AS ABOVE FOR THE PRECEDING YEAR. THE RESULTING QUOTIENT (AGGREGATE RECEIPTS PER CAPITA) IS THE PER CAPITA LIMITATION AND MAY BE ADJUSTED PURSUANT TO SECTION 275.52.) *The governmental subdivision's levy limit base per capita for the immediately preceding levy year shall be increased*

pursuant to section 275.52, subdivision 2. The (ADJUSTED QUOTIENT SHALL THEN BE MULTIPLIED BY THE 1972 OR SUBSEQUENT) resulting current levy year's levy limit base per capita shall then be multiplied by the current levy year's population of the governmental subdivision established pursuant to section 275.53. From the resulting figure (current levy year's levy limit base) shall be deducted the amount of state formula aids estimated by the department of taxation to be paid pursuant to (EXTRA SESSION LAWS 1971, CHAPTER 31, ARTICLE 21) section 477A.01, as amended, and the taconite production tax (,) municipal (AND COUNTY) aids paid pursuant to (EXTRA SESSION LAWS 1971, CHAPTER 31, ARTICLE 30) section 298.282, as amended, to the governmental subdivision during the (CALENDAR YEAR 1973, OR SUBSEQUENT YEAR, AS THE CASE MAY BE) tax collection year to which the current levy year's levy limit base applies. The resulting figure is the amount of property taxes which the governmental subdivision may levy in (1972 AND) the current levy year for all purposes other than those for which special levies and special assessments are made.

For the purpose of determining the amount of property taxes that a governmental subdivision may levy, in 1973 and thereafter, taxes payable in 1974 and thereafter, for all purposes except special levies and special assessments, the following amounts (increased by 12.36 percent and divided by the 1973 population of the governmental subdivision established pursuant to section 275.53) shall be added to the governmental subdivision's 1972 payable 1973 levy limit base per capita and adjusted pursuant to section 275.52, subdivision 2:

(1) The amount of a county auditor's error of omission in the ad valorem taxes extended in levy year 1970, taxes payable in 1971, but only to the extent that when included in the governmental subdivision's levy in 1970, taxes payable in 1971, such amount is not in excess of any applicable statutory, special law or charter limitation imposed on the governmental subdivision in levy year 1970.

(2) The amount of an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city, village, borough or town with village powers in levy year 1970, taxes payable in 1971, but only to the extent that when included in the governmental subdivision's levy in 1970, taxes payable in 1971, such amount is not in excess of any applicable statutory, special law or charter limitation imposed on the governmental subdivision in levy year 1970.

The foregoing addition shall not be construed to alter in any way the amount of state formula aids estimated by the department of taxation to be paid a governmental subdivision pursuant to section 477A.01 in calendar years 1972 and 1973.

For levy year 1973 and thereafter, taxes payable in 1974 and thereafter, the current levy year's levy limit base for the governmental subdivision shall be increased by:

(a) *the amount of aids (estimated by the department of taxation) that the governmental subdivision was entitled to receive from the state, pursuant to sections 297.13 and 340.60, 70 percent of the amount of county government was entitled to receive pursuant to section 287.12 and 100 percent of the amount a city, village or town government was entitled to receive pursuant to section 287.12, in calendar year 1973, before any adjustments for payments made in preceding calendar years;*

(b) *the amount of aids (estimated by the department of taxation) that the governmental subdivision was entitled to receive from the state, pursuant to section 290.361, on November 30, 1972 and May 31, 1973, before any adjustments for prior payments.*

The foregoing addition shall be made after the per capita adjustment pursuant to section 275.52, subdivision 2, and after the multiplication of the current levy year's levy limit base per capita by the current levy year's population of the governmental subdivision, but before the deduction of the aids estimated by the department of taxation to be paid to the governmental subdivision pursuant to sections 477A.01 and 298.282, as amended, during the tax collection year to which the current levy year's levy limit base applies.

Sec. 7. Minnesota Statutes 1971, Section 275.51, is amended by adding a subdivision to read:

Subd. 3a. Notwithstanding the provisions of subdivision 3, but subject to any other law or charter limitation, each governmental subdivision is entitled, in levy year 1973 and subsequent levy years, to a minimum property tax levy limitation of six percent of its state aids estimated by the department of taxation to be paid, pursuant to sections 477A.01 and 298.282, as amended, to the governmental subdivision during the tax collection year to which the property tax levy limitation applies.

A governmental subdivision which would maximize its property tax levy limitation under this subdivision shall qualify for this subdivision and subdivision 3 shall not apply to such governmental subdivision. In any levy year (qualifying levy year) that a governmental subdivision qualifies for this subdivision, its property tax levy limitation shall be determined as follows.

The state aids estimated by the department of taxation to be paid, pursuant to sections 477A.01 and 298.282, as amended, to the governmental subdivision in the taxes payable year to which such qualifying levy year applies shall be divided by the population of the governmental subdivision in such qualifying levy year as determined pursuant to section 275.53.

The resulting quotient shall be increased pursuant to section 275.52, subdivision 2, to derive the levy limit base per capita for the governmental subdivision for the qualifying levy year. The levy limit base per capita for the qualifying levy year shall be multiplied by the population of the governmental subdivision in the qualifying levy year as determined pursuant to section 275.53.

From the resulting figure (levy limit base for the qualifying levy year) shall be deducted the amount (estimated by the department of taxation) of state formula aids to be paid pursuant to section 477A.01, as amended, and the taconite production tax municipal aids to be paid pursuant to section 298.282, as amended, to the governmental subdivision during the tax collection year to which the qualifying levy year applies. The resulting figure is the amount of property taxes which the governmental subdivision may levy in the qualifying levy year for all purposes other than those for which special levies and special assessments are made.

In any levy year that a governmental subdivision would maximize its property tax levy limitation under subdivision 3 instead of this subdivision, the levy limit base per capita for the last qualifying levy year constituting the preceding year's levy limit base per capita for the provisions of subdivision 3, the governmental subdivision shall no longer qualify for this subdivision and shall presume to have its property tax levy limitation calculated pursuant to subdivision 3.

Sec. 8. Minnesota Statutes 1971, Section 275.51, Subdivision 4, is amended to read:

Subd. 4. If in 1971 the levy made by any governmental subdivision exceeds the limitation provided in this section, *except when such excess levy is due to the rounding of the mill rates of the governmental subdivision in accordance with section 275.28, subsequent distributions of formula aids pursuant to (EXTRA SESSION LAWS 1971, CHAPTER 31) sections 298.282 and 477A.01, as amended, shall be reduced 10 cents for each full dollar that the levy exceeds the limitation imposed by this section. If in any year subsequent to 1971 the levy made by a governmental subdivision exceeds the limitation provided in sections 275.50 to 275.56, except when such excess levy is due to the rounding of the mill rates of the governmental subdivision in accordance with section 275.28, subsequent distributions required to be made by the state auditor from any formula aids pursuant to (EXTRA SESSION LAWS 1971, CHAPTER 31) sections 298.282 and 477A.01, as amended, shall be reduced (10 CENTS FOR EACH FULL DOLLAR THE LEVY EXCEEDS THE LIMITATION UP TO FIVE PERCENT, AND) 33 cents for each full dollar the levy exceeds the limitation (BY MORE THAN FIVE PERCENT.); provided that a governmental subdivision may determine to levy in excess of the limitation provided in sections 275.50 to 275.56 by not to exceed five percent by passing a resolution setting forth the amount by which the levy limit is proposed to be exceeded. Thereafter the resolution shall be published for two successive weeks in the official newspaper of the governmental subdivision or if there be no official newspaper, in a newspaper of general circulation therein, together with a notice fixing a date for a public hearing on the proposed increase which hearing shall be held not less than two weeks nor more than four weeks after the first publication of the resolution. Following the public hearing, the governing body may determine to take no further action, or in the alternative,*

adopt a resolution authorizing the levy as originally proposed, or adopt a resolution approving a levy in such lesser amount as it so determines. The resolution authorizing a levy in excess of the limitation imposed by sections 275.50 to 275.56 shall be published in the official newspaper of the governmental subdivision or if there be no official newspaper, in a newspaper of general circulation therein. If within 30 days thereafter, a petition signed by voters equal in number to five percent of the votes cast in the governmental subdivision in the last general election or 2,000 voters, whichever is less, requesting a referendum on the proposed resolution is filed with the clerk or recorder of the governmental subdivision if the governmental subdivision is a city, village, borough, or town, or with the county auditor if the governmental subdivision is a county, the resolution shall not be effective until it has been submitted to the voters at a general or special election and a majority of votes cast on the question of approving the resolution are in the affirmative. The commissioner of taxation is directed to prepare a suggested form of question to be presented at any such referendum. A levy approved at any such referendum held at a special or general election held prior to October 1 in any levy year increases the allowable levy in that same levy year and provides a permanent adjustment to the levy limit base per capita of the governmental subdivision for future levy years, and there shall be no reduction in distributions of formula aids to the governmental subdivision as a result of such levy. If no referendum is requested, the excess levy authorized by the resolution, if the resolution is adopted prior to October 1 in any year, may be levied in that same levy year and subsequent distributions required to be made by the state auditor from any formula aids pursuant to Extra Session Laws 1971, Chapter 31, shall be reduced 15 cents for each full dollar the levy exceeds the limitation. A levy made in 1971 prior to the effective date of Extra Session Laws 1971, Chapter 31, shall be reviewed and may be modified by the appropriate authority of the governmental subdivision for the purpose of reducing such levy to conform to the limitations imposed by this section. Any reduction in such levy made prior to December 15, 1971, shall be given the same effect as though such reduction had been made prior to the expiration of the time allowed by law for making the levy. The provisions of this subdivision shall apply to the levy of a metropolitan county before the reduction required pursuant to section 163.051, subdivision 5.

Sec. 9. Minnesota Statutes 1971, Section 275.52, Subdivision 2, is amended to read:

Subd. 2. The (PER CAPITA LIMITATION) *levy limit base per capita*, as adjusted for previous increases pursuant to this section, may be increased each year by the governing body of the governmental subdivision affected thereby in the amount not to exceed six percent of the previous year's (PER CAPITA LIMITATION) *levy limit base per capita*.

Sec. 10. Minnesota Statutes 1971, Section 275.52, Subdivision 3, is amended to read:

Subd. 3. If the population of any governmental subdivision decreases from one year to the next, the *current levy year's* population shall, for purposes of sections 275.50 to 275.56, be increased by an amount equal to one half of the decrease in population from the prior *levy* year, such increase to be effective for the said one *levy* year only. (THIS SUBDIVISION SHALL NOT APPLY TO DECREASES IN POPULATION RESULTING FROM A CHANGE OR CHANGE IN THE BOUNDARIES OF A GOVERNMENTAL SUBDIVISION.)

Sec. 11. Minnesota Statutes 1971, Section 275.53, Subdivision 1, is amended to read:

275.53 [GOVERNING CENSUS.] Subdivision 1. For the purpose of determining the amount of tax that a governmental subdivision may levy in accordance with a per capita limitation established by this chapter, the population of the governmental subdivision shall be that established by the last state or federal census, or by a special census taken within the entire governmental subdivision pursuant to sections 275.50 to 275.56 or to any other law, by a census taken pursuant to subdivision 2, or by a population estimate made (BY THE STATE HEALTH DEPARTMENT,) by the metropolitan council (BY A REGIONAL DEVELOPMENT COMMISSION), by an order of the Minnesota municipal commission pursuant to section 414.01, subdivision 14, or by an estimate made pursuant to subdivision 3, whichever is the most recent *as to the stated date of count or estimate.*

Sec. 12. Minnesota Statutes 1971, Section 275.53, Subdivision 3, is amended to read:

Subd. 3. (a) In lieu of passing a resolution pursuant to subdivision 2, the governing body of a (MUNICIPALITY OR TOWN) *governmental subdivision* may pass by June 1 of any year a resolution containing an estimate of the current population of the subdivision. The resolution shall describe with specificity the criteria upon which the estimate is based, and shall state that the estimate is made for purposes of increasing that subdivision's tax levy pursuant to sections 275.50 to 275.56.

(b) The resolution shall then be submitted to the (VITAL STATISTICS SECTION OF THE STATE DEPARTMENT OF HEALTH) *state planning agency*. The (SECTION) *agency* shall determine, and so inform the subdivision in writing within 30 days of receipt of the resolution, whether the criteria described therein do or do not provide a reasonable basis for the population estimate. No determination by the (SECTION) *agency* made pursuant to this subdivision shall constitute, nor shall it be represented as constituting, a determination of actual population.

(c) If the (SECTION) *agency* determines that the criteria do not provide a reasonable basis for the population estimate, the resolution shall be of no effect. If the (SECTION) *agency* determines that the criteria do provide a reasonable basis for the population estimate, the resolution shall be published at least

once in a legal newspaper of general circulation in said subdivision. Said estimate may be used for computing the amount of ad valorem taxes the subdivision may levy, unless within 30 days following the publication of the resolution, 10 percent or more of the registered voters of the subdivision, or if the subdivision does not require voter registration, then 10 percent or more of its voters, who voted at the subdivision's last election, sign a petition demanding a special census, and submit the petition to the governing body of the subdivision.

(d) Attached to the petition shall be an affidavit executed by the circulator or circulators thereof, stating that he or they personally circulated the petition, the number of signatures thereon, that all signatures were affixed in his or their presence and that he or they believe them to be genuine signatures of the persons whose names they purport to be. Each signature need not be notarized.

(e) Upon the receipt of a petition conforming to this subdivision, the governing body shall pass a resolution requesting the secretary of state to take a special census of the governmental subdivision. The census shall be taken and financed pursuant to the provisions of subdivision 2. Any population estimate made by the governing body of any governmental subdivision shall be superseded by any subsequent state or federal census taken pursuant to sections 275.50 to 275.56 or any other law, or by a population estimate made by (THE STATE HEALTH DEPARTMENT,) the metropolitan council (OR A REGIONAL DEVELOPMENT COMMISSION). Notice of such decision must be given the commissioner within 30 days of the issuance of the commissioner's notice, or else the commissioner's decision is final and not subject to the review of the levy limitations review board. Upon receipt of a notice from a governmental subdivision within the time allowed, disputing the commissioner's administrative action, the commissioner shall conduct further investigation of the disputed issues of fact as he deems necessary. If the commissioner continues to adhere to his previous notice, the governing body of the governmental subdivision shall be entitled to a hearing before the levy limitations review board. The board shall set a time and place for the hearing and notice shall be given by mail to the governing body of the governmental subdivision. The board shall adopt rules governing the proceedings for hearings which shall afford all interested parties the opportunity to present evidence and arguments with respect to the contested issues of fact. The decision of the board shall be in writing, and shall state in detail the basis and reason for each conclusion upon each contested issue of fact. A copy of the decision and order together with the detailed reasons shall be delivered or mailed to the governmental subdivision or its attorney of record. Sec. 16. Minnesota Statutes 1971, Chapter 275, is amended by adding a section to read:

[275.58] [ELECTIONS TO INCREASE LEVY.] *Subdivision 1. Notwithstanding the provisions of sections 275.50 to 275.56, but subject to other law or charter provisions establishing per capita, mill or other limitations on the amount of taxes that may be levied, the levy of a governmental subdivision, as defined by section 275.50, subdivision 1, may be increased above the limitation imposed by sections 275.50 to 275.56 in any per capita or dollar amount which is approved by the majority of voters of the governmental subdivision voting on the question at a general or special election. When the governing body of the governmental subdivision resolves to increase the levy of the governmental subdivision pursuant to this section, it shall provide for submission of the proposition of an increase in the levy limit base per capita or the proposition of an additional levy,*

as the case may be, at a general or special election. Notice of such election shall be given in the manner required by law. If the proposition is for an adjustment to the governmental subdivision's levy limit base per capita, increasing the levy limit base per capita over the per capita amount established pursuant to section 275.51, subdivision 3, such notice shall state the purpose of such per capita adjustment and the per capita amount of such adjustment. If the proposition is for an additional levy, such notice shall state the purpose and maximum yearly amount of such additional levy.

Subd. 2. A levy limit base per capita adjustment approved pursuant to subdivision 1 at a general or special election held prior to October 1 in any levy year increases the levy limit base per capita in that same levy year by the approved per capita amount and provides a permanent adjustment to the levy limit base per capita of the governmental subdivision for future levy years. A levy limit base per capita adjustment approved pursuant to subdivision 1 at a general or special election held after September 30 in any levy year shall not increase the levy limit base per capita in that same levy year but shall provide a permanent adjustment to the levy limit base per capita of the governmental subdivision for future levy years.

Subd. 3. An additional levy approved pursuant to subdivision 1 at a general or special election held prior to October 1 in any levy year may be levied in that same levy year and in any levy years thereafter. An additional levy approved pursuant to subdivision 1 at a general or special election held after September 30 in any levy year shall not be levied in that same levy year, but may be levied in the subsequent levy year and in levy years thereafter.

Subd. 4. An additional levy approved by the majority of the voters of the governmental subdivision pursuant to subdivision 1 is over and above the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 and shall not be subject to the penalty provisions of section 275.51, subdivision 4. A levy limit base per capita adjustment approved by the majority of the voters of the governmental subdivision pursuant to subdivision 1 is a permanent adjustment to the levy limit base per capita established pursuant to section 275.51, subdivision 3, and shall not be subject to the penalty provisions of section 275.51, subdivision 4.

Subd. 5. Notwithstanding any statute, special law, ordinance or charter provision to the contrary, it shall require approval of a majority of those voting on the question to pass a referendum pursuant to subdivision 1.

Subd. 6. Notwithstanding any statutes, special law, ordinance or charter provision to the contrary, the governing body of a governmental subdivision may call and hold special elections pursuant to this section.

Sec. 17. Minnesota Statutes 1971, Chapter 275, is amended by adding a section to read:

Sec. 18. Minnesota Statutes 1971, Section 414.01, is amended by adding a subdivision to read:

Subd. 15. When a commission order enlarges an existing municipality or creates a new municipality, the commission shall indicate in its order the estimated increased costs to such municipality as the result of such annexation or consolidation, and the time period that such municipality would be allowed a special levy for these increased costs pursuant to section 275.50, subdivision 5, clause (s). This subdivision shall apply to annexations or consolidations of municipalities in levy year 1971 or a subsequent levy year.

WHERE THE AMOUNT DETERMINED TO BE APPORTIONABLE IN ANY INSTANCE TO ANY GIVEN SCHOOL DISTRICT, CITY, VILLAGE OR TOWN IS LESS THAN \$1, SUCH AMOUNT SHALL BE RETAINED IN THE COUNTY REVENUE FUND).

Sec. 2. *The provisions of this article shall be effective for all payments required to be made after December 31, 1973.*

ARTICLE VI

Section 1. Minnesota Statutes 1971, Section 290.081, is amended to read:

290.081 [INCOME OF NONRESIDENTS, RECIPROCITY.] (a) The compensation received for the performance of personal or professional services within this state by an individual who resides and has his place of abode and place to which he customarily returns at least once a month in another state, shall be excluded from gross income to the extent such compensation is subject to an income tax imposed by the state of his residence; provided that such state allows a similar exclusion of compensa-

tion received by residents of Minnesota for services performed therein, or

(b) Whenever a nonresident taxpayer has become liable for income taxes to the state where he resides upon his net income for the taxable year derived from the performance of personal or professional services within this state and subject to taxation under chapter 290, there shall be allowed as a credit against the amount of income tax payable by him under this chapter, such proportion of the tax so paid by him to the state where he resides as his gross income subject to taxation under this chapter bears to his entire gross income upon which the tax so paid to such other state was imposed; provided, that such credit shall be allowed only if the laws of such state grant a substantially similar credit to residents of this state subject to income tax under such laws, or

(c) If any taxpayer who is a resident of this state, or a domestic corporation or corporation commercially domiciled therein, has become liable for taxes on or measured by net income to another state upon income derived from the performance of personal or professional services within such other state and subject to taxation under this chapter he or it shall be entitled to a credit against the amount of taxes payable under this chapter, of such proportion thereof, as such gross income subject to taxation in such state bears to his entire gross income subject to taxation under this chapter; provided (1) that such credit shall in no event exceed the amount of tax so paid to such other state on the gross income earned within such other state and subject to taxation under this chapter, and (2) that such credit shall not be allowed if such other state allows residents of this state a credit against the taxes imposed by such state for taxes payable under this chapter substantially similar to the credit provided for by paragraph (b) of this section, and (3) the allowance of such credit shall not operate to reduce the taxes payable under this chapter to an amount less than would have been payable if the gross income earned in such other state had been excluded in computing net income under this chapter.

(d) The commissioner shall by regulation determine with respect to gross income earned in any other state the applicable clause of this section. *When it is deemed to be in the best interests of the people of this state, the commissioner may determine that the provisions of clause (a) shall not apply.*

(e) "Tax So Paid" as used in this section means taxes on or measured by net income payable to another state on income earned within the taxable year for which the credit is claimed, provided that such tax is actually paid in that taxable year, or subsequent taxable years.

(f) *For the purposes of clause (a), whenever the Wisconsin tax on Minnesota residents which would have been paid Wisconsin without clause (a) exceeds the Minnesota tax on Wisconsin residents which would have been paid Minnesota without clause (a), or vice versa, then the state with the net revenue loss resulting from clause (a) shall receive from the other state the*

amount of such loss. This provision shall be effective for all years beginning after December 31, 1972. The data used for computing the loss to either state shall be determined on or before September 30 of the year following the close of the previous calendar year.

If an agreement cannot be reached as to the amount of the loss, the commissioner of taxation and the taxing official of the state of Wisconsin shall each appoint a member of a board of arbitration and these members shall appoint the third member of the board. The board shall select one of its members as chairman. Such board may administer oaths, take testimony, subpoena witnesses, and require their attendance, require the production of books, papers and documents, and hold hearings at such places as are deemed necessary. The board shall then make a determination as to the amount to be paid the other state which determination shall be final and conclusive.

(2) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state. Income or gains from intangible personal property not employed in the business of the recipient of such income or gains, and from intangible personal property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, wherever held, whether in trust, or otherwise, shall be assigned to this state if the recipient thereof is domiciled within this state; income or gains from intangible personal property wherever held, whether in trust or otherwise shall be assigned to this state if the recipient of such income or gains is domiciled within this state, or if

(3) Income derived from carrying on a trade or business, including in the case of a business owned by natural persons the income imputable to the owner for his services and the use of his property therein, shall be assigned to this state if the trade or business is conducted wholly within this state, and to other states if conducted wholly without this state. This shall not apply to business income subject to the provisions of clause (1). *For the purposes of this clause, a trade or business located in Minnesota is carried on partly within and partly without this state if tangible personal property is sold by such trade or business and delivered or shipped to a purchaser located outside the state of Minnesota.*

In determining whether or not intangible property is employed in a unitary business carried on partly within and partly without this state so that income derived therefrom is subject to apportionment under section 290.19 the following rules and guidelines shall apply.

(a) Intangible property is employed in a business if the business entity owning intangible property holds it as a means of furthering the business operation of which a part is located within the territorial confines of this state.

(b) Where a business operation conducted in Minnesota, is owned by a business entity which carries on business activity outside of the state different in kind from that conducted within this state, and such other business is conducted entirely outside the state, it will be presumed that the two business operations are unitary in nature, interrelated, connected and interdependent unless it can be shown to the contrary.

The remaining net income shall be apportioned to Minnesota as follows:

(1) If the business consists of the mining, producing, smelting, refining, or any combination of these activities of copper and nickel ores, or of the manufacture of personal property and the sale of said property within and without the state, the remainder shall be apportioned to Minnesota on the basis of the percentage obtained by taking the arithmetical average of the following three percentages:

(a) The percentage which the sales made within this state (AND THROUGH, FROM OR BY OFFICES, AGENCIES, BRANCHES OR STORES WITHIN THIS STATE) is of the total sales wherever made;

(b) The percentage which the total tangible property, real, personal, and mixed, owned or rented, and used by the taxpayer in this state during the tax period in connection with such trade or business is of the total tangible property, real, personal, or mixed, wherever located, owned or rented and, used by the taxpayer in connection with such trade or business during the tax period; and,

Subd. 1a. [DETERMINATION OF SALES MADE WITHIN THIS STATE.] For purposes of this section the following rules shall apply in determining whether or not sales are made within this state.

ARTICLE XII

Section 1. *The significant increase in ad valorem taxes in recent years is a major concern of the legislature in view of the impact of such increases upon all economic groups within the state, but with particular emphasis upon certain home owners, renters and farmers. The legislature attributes this steadily increasing property tax burden to the rising costs of local government, increased school and welfare expenditures, and a continuing and strong inflationary effect on real property values.*

In Extra Session Laws 1971, Chapter 31, Article XIII, the legislature created a tax study commission to examine Minnesota's total tax structure as its equity and distribution methods relate to the general economic needs and development of the state, the special needs of employment and job opportunity and the revenue needs and sources of revenue available to the state and to its political subdivisions.

The tax study commission is herewith directed to focus particular attention on the process of assessing and classifying real and personal property for ad valorem tax purposes, in order that the legislature may be able to achieve a reasonable balance between the total revenue requirements of the state and its political subdivisions and that portion of such revenues that should be raised by property taxes.

No appropriation is made for the purposes of this article, as funds are being made available to the tax study commission in other sections of the law.

ARTICLE XIII

Sec. 2. Minnesota Statutes 1971, Section 477A.01, Subdivision 2, is amended to read:

Subd. 2. The county government shall receive 85 percent of the same percentage of the distributions pursuant to subdivision 1, that it was entitled to receive in 1971 of the total distributions to the several taxing authorities in the county's territory pursuant to Minnesota Statutes 1969, Sections 273.69 and 297A.51 to 297A.60, except that distributions to school districts under those laws shall be disregarded in making the calculation.

Subd. 3. Each taxing authority in each county, other than the county, the school districts and the cities, villages and towns, shall receive in (1972) 1974 and (1973) 1975 a distribution equal to the distribution it was entitled to receive in 1971 pursuant to Minnesota Statutes 1969, Section 273.69.

Sec. 4. Minnesota Statutes 1971, Section 477A.01, Subdivision 4, is amended to read:

Subd. 4. The balance of the distributions in 1974 pursuant to subdivision 1, shall be divided among the several cities, villages and towns in the county's territory in the proportion that the dollar amount of the *levy limitation and special levies* of each city, village and town for taxes payable in (1971) 1973 bears to the total dollar amount of the (LEVIES) *levy limitations and special levies* of all the cities, villages and towns for taxes payable in 1973.

The balance of the distribution in 1975 pursuant to subdivision 1, shall be divided among the several cities, villages and towns in the county's territory in the proportion that the dollar amount of the levy limitation and special levies of each city, village and town for taxes payable in 1974 bears to the total dollar amount of the levy limitations and special levies of all cities, villages and towns for taxes payable in 1974.

For the purposes of this subdivision, the levy limitation of a city, village or town with village powers for taxes payable in 1973 or 1974 shall be the limitation established for such governmental unit pursuant to Minnesota Statutes, Sections 275.50 to

275.56, as determined by the department of taxation. For the purposes of this subdivision, the special levies of a city, village or town with village powers for taxes payable in 1973 or 1974 shall be the amounts of the governmental unit's tax levy payable in 1973 or 1974 which the department of taxation determines to be qualified special levies pursuant to Minnesota Statutes, Section 275.50, Subdivision 5, before the reduction pursuant to Minnesota Statutes 1971, Section 477A.02, Clause (c). Furthermore, cities, villages and towns with village powers under 500 population, according to the latest state or federal census, and towns without village powers, shall receive distributions in 1974 and 1975, pursuant to this subdivision, based on their levies payable in 1973 and 1974, respectively.

Sec. 7. Minnesota Statutes 1971, Section 477A.01, Subdivision 7, is amended to read:

Subd. 7. In the territory comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington, the state shall distribute (\$27) \$36 for each person residing in the territory for the calendar year (1972) 1974 and (\$29) \$37 for the calendar year (1973) 1975 to the several taxing authorities, except school districts, with authority to impose taxes on property located in the territory.

Subd. 8. The seven county governments shall receive in total, in (1972) 1974, (18.5) 16 percent of (\$26) \$36 times the population of the seven counties, and, in (1973) 1975, (17.5) 16 percent of (\$28) \$37 times the population of the seven counties. That distribution in 1974 shall be divided among the seven county governments in the proportion that the levy of each payable in (1971) 1973 bears to the total levy of the seven. That distribution in 1975 shall be divided among the seven county governments in the proportion that the levy of each payable in 1974 bears to the total levy of the seven. For the purposes of this subdivision the levy of a county payable in 1973 and 1974 shall exclude that portion of the levy which was subject to the penalty provisions of Minnesota Statutes, Section 275.51, Subdivision 4, as amended, and shall be before the reduction pursuant to Minnesota Statutes 1971, Section 477A.02, Clause (c). If any county government would receive less pursuant to this subdivision than it was entitled to receive in 1971 pursuant to Minnesota Statutes 1969, Sections 273.69 and 297A.51 to 297A.60 it shall receive an amount equal to the amount to which it was entitled in 1971 and the distribution to other counties shall be proportionately reduced.

Sec. 9. Minnesota Statutes 1971, Section 477A.01, Subdivision 9, is amended to read:

Subd. 9. Each taxing authority in the counties named in subdivision 7, other than the counties, the school districts and the cities, villages, boroughs and towns, shall receive in (1972) 1974 and (1973) 1975, a distribution equal to the distribution to which it was entitled in 1971 pursuant to Minnesota Statutes 1969, Section 273.69.

Sec. 10. Minnesota Statutes 1971, Section 477A.01, Subdivision 10, is amended to read:

Subd. 10. In (1972) 1974 (\$26) \$36 shall be multiplied times the population of the seven counties named in subdivision 7. The

distributions pursuant to subdivisions 8 and 9 shall be subtracted from the product of that calculation.

Sec. 11. Minnesota Statutes 1971, Section 477A.01, Subdivision 11, is amended to read:

Subd. 11. The (CITY OF MINNEAPOLIS AND THE CITY OF ST. PAUL SHALL RECEIVE A DISTRIBUTION OF THE) balance remaining after the calculation provided by subdivision 10 shall be divided among the cities, villages, boroughs and towns in the proportion that the dollar amount of the levy limitation and special levies of each for taxes payable in (1971) 1973 bears to the dollar amount of the (LEVIES) levy limitations and special levies of all cities, villages, boroughs and towns in the seven named counties. For the purposes of this subdivision limitation of a city, village, borough or town with village powers for taxes payable in 1973 shall be the limitation established for such governmental unit pursuant to Minnesota Statutes, Sections 275.50 to 275.56, as determined by the department of taxation. For the purposes of this subdivision, the special levies of a city, village, borough or town with village powers for taxes payable in 1973 shall be the amounts of the governmental unit's tax levy payable in 1973 which the department of taxation determines to be qualified special levies pursuant to Minnesota Statutes, Section 275.50, Subdivision 5, before the reduction pursuant to Minnesota Statutes 1971, Section 477A.02, Clause (c). Furthermore, cities, villages, boroughs and towns with village powers under 500 population, according to the latest state or federal census, and towns without village powers, shall receive distributions in 1974, pursuant to this subdivision, based on their levies payable in 1973.

Sec. 12. Minnesota Statutes 1971, Section 477A.01, Subdivision 13, is amended to read:

Subd. 13. In (1973) 1975 (\$28) \$37 shall be multiplied times the population of the seven counties named in subdivision 7. The distributions pursuant to subdivisions 8 and 9 shall be subtracted from the product of that calculation.

Sec. 13. Minnesota Statutes 1971, Section 477A.01, Subdivision 14, is amended to read:

Subd. 14. The (CITY OF MINNEAPOLIS AND THE CITY OF ST. PAUL SHALL RECEIVE A DISTRIBUTION OF THE) balance remaining after the calculation provided by subdivision 13 shall be divided among the cities, villages, boroughs and towns in the proportion that the dollar amount of the levy limitation and special levies of each for taxes payable in (1971) 1974 bears to the dollar amount of the (LEVIES) levy limitations and special levies of all cities, villages, boroughs and towns in the seven named counties. For purposes of this subdivision the levy limitation of a city, village, borough or town with village powers for taxes payable in 1974 shall be the limitation established for such governmental unit pursuant to Minnesota Statutes, Sections 275.50 to 275.56, as determined by the department of taxation. For the purposes of this subdivision, the special levies of a city,

village, borough or town with village powers for taxes payable in 1974 shall be the amounts of the governmental unit's tax levy payable in 1974 which the department of taxation determines to be qualified special levies pursuant to Minnesota Statutes, Section 275.50, Subdivision 5, before the reduction pursuant to Minnesota Statutes 1971, Section 477A.02, Clause (c). Furthermore, cities, villages, boroughs, and towns with village powers under 500 population, according to the latest state or federal census, and towns without village powers, shall receive distributions in 1975, pursuant to this subdivision, based on their levies payable in 1974.

Sec. 14. Minnesota Statutes 1971, Section 477A.01, Subdivision 16, is amended to read:

Subd. 16. (IF THE AMOUNT DISTRIBUTED TO A CITY, VILLAGE, BOROUGH OR TOWN IN 1972 OR 1973 IN THE SEVEN NAMED COUNTIES PURSUANT TO THIS SECTION, IS LESS THAN IT WAS ENTITLED TO RECEIVE IN 1971 PURSUANT TO MINNESOTA STATUTES 1969, SECTIONS 273.69 AND 297A.51 TO 297A.60, THE AMOUNT SHALL BE RAISED TO THE AMOUNT DISTRIBUTED IN 1971 AND THE DISTRIBUTIONS TO EACH OF THE OTHER CITIES, VILLAGES, BOROUGHS AND TOWNS SHALL BE PROPORTIONATELY REDUCED AS NECESSARY TO SUPPLY THE DIFFERENCE.)

(a) The department of taxation shall calculate the aggregate of the following aids (before adjustments for prior year aid payments) for each city, village, borough, town, and county government within the territory specified in subdivision 7:

(1) 1973 local government aids pursuant to Minnesota Statutes 1971, Section 477A.01;

(b) If the amount distributed to a city, village, borough, town, or county in 1974 or 1975 in the seven named counties pur-

suant to this section is less than the aggregate of aids for such county, city, village, borough, or town as calculated by the department of taxation pursuant to clause (a), the amount distributed to it shall be raised to the amount for such county, city, village, borough or town as calculated by the department of taxation pursuant to clause (a), and the distributions to each of the other counties, cities, villages, boroughs and towns shall be proportionately reduced as necessary to supply the difference.

Sec. 15. Minnesota Statutes 1971, Section 477A.01, Subdivision 17, is amended to read:

Subd. 17. The commissioner of taxation shall make all necessary calculations based on the 1970 federal census and make payments directly to the affected taxing authorities in four equal parts on March 15, July 15, September 15, and November 15 in (1972) 1974 and (1973) 1975.

ARTICLE XVIII

Section 1. Minnesota Statutes 1971, Section 290.0601, Subdivision 6, is amended to read:

Subd. 6. [CLAIMANT.] Claimant means a person who has filed a claim under sections 290.0601 to (290.0617) 290.0616 and article XVI, has attained either the age of 65 or was a recipient of "supplementary security income for the aged, blind, and disabled" provided under the social security amendments of 1972 (P.L. 92-603) during the calendar year for which the claim is filed, and was domiciled in this state during the entire calendar year for which the claim for relief under sections 290.0601 to (290.0617) 290.0616 and article XVI, section 1, was filed. In the case of claim for rent constituting property taxes accrued the claimant shall have rented property during any part of the calendar year for which he files claim for relief under sections 290.0601 to (290.0617) 290.0616 and article XVI, section 1. When two individuals are able to meet the qualifications for a claimant and are husband and wife, they may determine between them as to which of the two the claimant shall be. If they are unable to agree the matter shall be referred to the commissioner of taxation and his decision shall be final. When a homestead is occupied by two or more individuals and more than one such individual is able to qualify as a claimant, and some or all such qualified individuals are not related as determined under subdivi-

sion 3, each such individual may be a claimant, provided he meets the requirements therefor. Each such claimant shall use only the rent constituting property taxes or property taxes accrued paid by him.

Sec. 2. Minnesota Statutes 1971, Section 290.0601, Subdivision 9, is amended to read:

Subd. 9. [PROPERTY TAXES ACCRUED.] Property taxes accrued means the net property tax after deducting the credit allowed by Minnesota Statutes 1967, Section 273.13, Subdivisions 6 and 7, (exclusive of special assessments, delinquent interest and charges for service) levied on a claimant's homestead in 1967 or any calendar year thereafter pursuant to Minnesota Statutes 1965, Chapters 272 and 273. When a homestead is owned by two or more persons or entities as joint tenants or tenants in common and one or more persons or entities is not a member of claimant's household, "property taxes accrued" is that part of property taxes levied on such homestead as reflects the ownership percentage of the claimant and his household. For purposes of this paragraph property taxes are "levied" when the tax roll is delivered to the local treasurer for collection. The local treasurer will include with the tax bill a statement that if the owner of the property is 65 years of age or over, *or was a recipient of "supplementary security income for the aged, blind, and disabled" under the social security amendments of 1972 (P.L. 92-603)*, he may be eligible for the credit allowed by sections 290.0601 to (290.0617) *290.0616 and article XVI, section 1*. When a claimant and his household own their homestead part of the preceding calendar year and rent the same or a different homestead for part of the same year "property taxes accrued" means only taxes levied on the homestead when both owned and occupied as such by claimant and his household at the time of the levy, multiplied by the percentage of 12 months that such property was owned and occupied by such household as its homestead during the preceding year. When a household owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall relate only to that property occupied by the household as a homestead on the levy date. Whenever a homestead is an integral part of a farm, the claimant may use the total property taxes accrued for the larger unit, but not exceeding 80 acres of land, as described in section 273.13, subdivision 6, except as the limitations of section 290.0608 apply. For the purpose of sections 290.0601 to (290.0617) *290.0616 and article XVI, section 1*, the "unit" refers to that parcel of property covered by a single tax statement of which the homestead is a part.

Sec. 3. Minnesota Statutes 1971, Section 290.061, is amended to read:

290.061 [PROOF OF CLAIM.] Every claimant under sections 290.0601 to (290.0617) *290.0616 and article XVI, section 1*, shall supply to the department of taxation, in support of his claim, reasonable proof of age, *proof of "supplementary security income for the aged, blind, and disabled" received, rent paid,*

name and address of owner or managing agent of property rented, property taxes accrued, changes of homestead, household membership, household income, size and nature of property claimed as the homestead and a statement that the property taxes accrued, used for purposes of sections 290.0601 to (290.0617) 290.0616 and article XVI, section 1, have been or will be paid by him and that there are no delinquent property taxes on the homestead.

Sec. 4. *This article is effective January 1, 1974, and shall apply to property taxes and rent constituting property taxes accrued in 1973 and subsequent years.*

ARTICLE XIX

Section 1. Minnesota Statutes 1971, Section 291.33, Subdivision 2, is amended to read:

Subd. 2. (TWENTY) *Ten* percent of the amount as determined under the provisions of subdivision 1 shall be paid to each of such counties.

Said payments shall be transmitted to the county auditor of each county, to be placed to the credit of the county revenue fund. It shall be the duty of the state treasurer to pay warrants therefor out of any funds in the state treasury not otherwise appropriated. The moneys necessary to pay such warrants are hereby appropriated out of any moneys in the state treasury not otherwise appropriated.

Sec. 2. *After November 1, 1973, no adjustments shall be made to the distributions resulting from the commissioner's November 1, 1973 determination or to the distributions required to have been made in prior years pursuant to Minnesota Statutes, Section 291.33. Any amounts appropriated for this purpose shall lapse after November 1, 1973 and shall revert to the general fund.*

Sec. 3. *The provisions of this article shall be effective for all payments required to be made in 1974 and years thereafter.*

ARTICLE XX

Section 1. Minnesota Statutes 1971, Chapter 272, is amended by adding a section to read:

[272.039] [LEGISLATIVE FINDINGS AND CONCLUSIONS RELATED TO THE TAXATION OF MINERALS OWNED SEPARATELY FROM THE SURFACE.] *The legislature finds, for the reasons stated below, that a class of real property has been created which, although not exempt from taxation, is not assessed for tax purposes and does not, therefore, contribute anything toward the cost of supporting the governments which protect and preserve the continued existence of the property. These reasons are as follows: (1) In the case of Washburn v. Gregory, 1914, 125 Minn. 491, 147 N.W. 706, the Minnesota Supreme Court determined that where mineral interests are owned separately from the surface interests in real estate,*

*the mineral interest is a separate interest in land, separately taxable, and does not forfeit if the overlying surface interest forfeits for nonpayment of taxes due on the surface interest; (2) Since this 1914 decision, mineral interests owned separately from the surface have been valued and assessed for tax purposes, as a practical matter, only if the value of the minerals has been determined through drilling and drill core analysis; and (3) The absence of any taxation of mineral interests owned separately from the surface, except where drilling analysis is available, has encouraged the separation of ownership of surface and mineral estates and resulted in the creation of hundreds of thousands of acres of untaxed mineral estate lands which thus are immune from tax forfeiture. The legislature also finds that the province of Ontario in Canada, which has land ownership patterns and mineral characteristics similar to that of Minnesota, has imposed a tax of \$.50 an acre on minerals owned separately from the surface since 1968, and \$.10 an acre before that. The legislature further finds that the identification of separately owned mineral interests by taxing authorities requires title searches which are extremely burdensome and, where no public tract index is available, prohibitively expensive. This result is caused in part by the decision in *Wichelman v. Messner*, 1957, 250 Minn. 88, 83 N.W. (2d) 800, where the so called "40 year law" was held inapplicable to mineral interests owned separately from surface interests. On the basis of the above findings, and for the purpose of requiring mineral interests owned separately from surface interests to contribute to the cost of government at a time when other interests in real property are heavily burdened with real property taxes, the legislature concludes that the taxation of severed mineral interests as provided in section 3 of this article is necessary and in the public interest, and provides fair taxation of a class of real property which has escaped taxation for many years. The legislature further concludes that such a tax is not prohibited by Minnesota Constitution, Article 18. The legislature concludes finally that the amendments and repeals made by this act to Minnesota Statutes, Sections 93.52 to 93.58, are necessary to provide adequate identification of mineral interests owned separately from the surface and to prevent the continued escape from taxation of obscure and fractionalized severed mineral interests.*

Sec. 2. Minnesota Statutes 1971, Section 272.04, Subdivision 1, is amended to read:

272.04 [MINERAL, GAS, COAL, AND OIL OWNED APART FROM LAND; SPACE ABOVE AND BELOW SURFACE.] Subdivision 1. When any mineral, gas, coal, oil, or other similar interests in real estate are owned separately and apart from and independently of the rights and interests owned in the surface of such real estate, such mineral, gas, coal, oil, or other similar interests may be assessed and taxed separately from such surface rights and interests in such real estate, including but not limited to the taxation provided in section 3 of this act, and may be sold for taxes in the same manner and with the same effect as other interests in real estate are sold for taxes.

Sec. 3. Minnesota Statutes 1971, Section 273.13, is amended by adding a subdivision to read:

Subd. 2a. [CLASS 1b.] "Mineral interest", for the purpose of this subdivision, means an interest in any minerals, including but not limited to gas, coal, oil, or other similar interest in real estate, which is owned separately and apart from the fee title to the surface of such real property. Mineral interests which are filed for record in the offices of either the register of deeds or registrar of titles pursuant to Minnesota Statutes, Sections 93.52 to 93.58, constitute class 1b, and shall be taxed as provided in this subdivision unless specifically excluded by this subdivision. A tax of \$.25 per acre or portion of an acre of mineral interest is hereby imposed and is due and payable annually. If an interest filed pursuant to sections 93.52 to 93.58 is a fractional undivided interest in an area, the tax due on the interest per acre or portion of an acre is equal to the product obtained by multiplying the fractional interest times \$.25, computed to the nearest cent. However, the minimum annual tax on any mineral interest is \$2. No such tax on mineral interests is due and payable on the following: (a) Mineral interests valued and taxed under other laws relating to the taxation of minerals, gas, coal, oil, or other similar interests; (b) Mineral interests which are exempt from taxation pursuant to constitutional or related statutory provisions. Tax money received under this subdivision shall be apportioned to the taxing districts included in the area taxed in the same proportion as the surface interest mill rate of a taxing district bears to the total mill rate applicable to surface interests in the area taxed. The tax imposed by this subdivision is not included within any limitations as to rate or amount of taxes which may be imposed in an area to which the tax imposed by this subdivision applies. The tax imposed by this subdivision shall not cause the amount of other taxes levied or to be levied in the area, which are subject to any such limitation, to be reduced in any amount whatsoever. The tax imposed by this section is effective for taxing years beginning January 1, 1975. Twenty percent of the revenues received from the tax imposed by this section shall be distributed under the provisions of section 4.

Sec. 4. Subdivision 1. For purposes of this section the following terms shall have the meanings ascribed to them herein.

Subd. 2. "Indian" means a person of one-quarter or more Indian blood.

Subd. 3. "Census" means the most recent census taken by the Minnesota department of manpower services.

Subd. 4. "Reservation residents" means Indians living on reservations at the time of the census.

Subd. 5. "Nonreservation residents" means Indians living off reservations in Minnesota at the time of the census, and who are enrolled members of a Minnesota-based tribe or band.

Subd. 6. "Person" means an individual Indian, or a partnership comprising Indians only, or a corporation whose stock is owned wholly by Indians.

Subd. 7. "Tribal council" means the reservation business committee or equivalent duly constituted tribal authority.

Subd. 8. The remaining 20 percent of the tax revenue received by the county auditor under section 3 shall be remitted by the county auditor to the state treasurer and shall be deposited in the general fund in special accounts identified as "reservation residents loan accounts" and a "nonreservation residents loan account." The amount to be credited to each reservation residents loan account shall be that percentage of the amount received from all the counties pursuant to subdivision 8 as the number of Indians living on such reservation bears to all the Indians in Minnesota, according to the census. The amount remaining shall be credited to the nonreservation residents loan account. The amounts credited to each of these special accounts shall be used solely for making loans to Indians, in the manner provided by subdivisions 9 and 10.

Subd. 9. A reservation resident, desiring to make a loan for the purpose of starting a business enterprise or expanding a going business, shall make application to the state department of economic development. The department shall prescribe the necessary forms, and advise the prospective borrower as to the condition under which his application may be expected to receive favorable consideration. Thereafter the application shall be forwarded to the tribal council, which is empowered either to approve or reject the application. If the application is approved, the tribal council shall forward the application, together with all relevant documents pertinent thereto, to the state auditor, who shall draw his warrant in favor of the tribal council with appropriate notations identifying the borrower. The tribal council shall thereafter reimburse suppliers and vendors for purchases of equipment, real estate and inventory made by the borrower pursuant to the conditions or guidelines established by the state department of economic development. The tribal council shall maintain records of transactions for each borrower in a manner consistent with good accounting practice. Simple interest at two percent of the amount of the debt owed shall be charged. When any portion of a debt is repaid, the tribal council shall remit the amount so received plus interest paid thereon to the state treasurer. The amount so received shall be credited to such reservation residents loan account. The tribal council shall secure a bond from a surety company, in favor of the state treasurer, in an amount equal to the maximum amount to the credit of such reservation residents loan account during the fiscal year. Ten percent of the total amount made available to any tribal council during the fiscal year shall be paid to such council prior to December 31 for the purpose of financing administrative costs.

Subd. 10. A nonreservation resident desiring to make a loan for the purpose of starting a business enterprise or expanding a going business shall make application to the state department

of economic development, on forms prescribed by the department. The department is empowered to either accept or reject the application, based upon guidelines and conditions essentially similar to those used for the purpose of recommending approval or rejection of reservation residents by the tribal council under subdivision 9 of this section. If the application is approved by the state department of economic development, the department shall forward the application, together with all the relevant documents pertinent thereto, to the state auditor, who shall draw his warrant in favor of the commissioner of economic development, with appropriate notations identifying the borrower. The department of economic development shall thereafter reimburse suppliers and vendors for purchases of equipment, real estate and inventory made by the borrower pursuant to the conditions or guidelines established by the department. The department of economic development shall maintain records of transactions for each borrower in a manner consistent with good accounting practice. Simple interest at two percent shall be charged. When any portion of a debt is repaid, the department of economic development shall remit the amount so received plus interest paid thereon to the state treasurer. The amount so received shall be credited to the nonreservation residents loan account.

Subd. 11. Loans made under subdivisions 9 and 10 shall be limited to a period of 20 years, if made for the purpose of financing nonreal estate purchases. Loans made for the purpose of financing real estate purchases, where such real property is to be used for nonresidential purposes only, shall be limited to a period of 40 years, and shall be a lien on the real property so acquired.

Subd. 12. Any person misrepresenting facts regarding the Indian ancestry of a prospective borrower for the purpose of securing a loan under subdivisions 9 and 10, whether such borrower be an individual, partnership or corporation, shall be guilty of a gross misdemeanor.

Subd. 13. The county auditor shall remit the tax revenue received yearly to the state treasurer as required by subdivision 8 no later than December 15.

Subd. 14. There is appropriated annually an amount equal to the tax revenue allotted under subdivisions 9 and 10.

Sec. 5. Minnesota Statutes 1971, Section 93.52, Subdivision 2, is amended to read:

Subd. 2. Except as provided in subdivision 3, from and after January 1, 1970, every owner of a fee simple interest in minerals, hereafter referred to as a mineral interest, in lands in this state, which interest is owned separately from the fee title to the surface of the property upon or beneath which the mineral interest exists, shall file for record in the register of deeds office or, if registered properly, in the registrar of titles office in the county where the mineral interest is located a verified statement citing sections 93.52 to 93.58 and setting forth his address, his interest in the minerals, and (EITHER) both (1) the legal description

of the property upon or beneath which the interest exists, (OR) and (2) the book and page number or the document number, in the records of the register of deeds or registrar of titles, of the instrument by which the mineral interest is created or acquired. (EVERY FIVE YEARS THEREAFTER THE OWNER, OR HIS SUCCESSOR IN INTEREST, SHALL RENEW THE FILING OF A VERIFIED STATEMENT WHICH SHALL CONTAIN THE INFORMATION AS ABOVE REQUIRED.) No statement may be filed for record which contains mineral interests from more than one government section unless the instrument by which the mineral interest is created or acquired includes mineral interests from more than one government section. The register of deeds and registrar of titles shall file with the county auditor a copy of each document so recorded within 60 days after recording in the office of register of deeds or registrar of titles.

Sec. 6. Minnesota Statutes 1971, Section 93.55, is amended to read:

93.55 [FAILURE TO FILE OR RE-FILE.] If the owner of a mineral interest fails to file the verified statement required by section 93.52, before January 1, 1975, as to any interests owned on or before (SEPTEMBER 30, 1974) *December 31, 1973*, or within (90 DAYS) *one year* after acquiring such interests as to interests acquired after (SEPTEMBER 30, 1974) *December 31, 1973*, and not previously filed under section 93.52, (OR IF THE OWNER FAILS TO RE-FILE SUCH VERIFIED STATEMENT WITHIN FIVE YEARS AFTER THE LAST FILING,) the mineral (MAY BE LEASED BY THE COMMISSIONER OF NATURAL RESOURCES AS AGENT FOR THE OWNER, HIS SUCCESSOR, AND ASSIGNS, IN THE MANNER PROVIDED HEREAFTER) *interest shall forfeit to the state. (THE OWNER'S FAILURE TO FILE THE VERIFIED STATEMENT IS DEEMED CONSENT BY THE OWNER TO SUCH LEASING.) Thereafter the mineral interest may be leased in the same manner as provided in Minnesota Statutes, Section 93.335, for the lease of minerals and mineral rights becoming the absolute property of the state under the tax laws, except that no permit or lease issued pursuant to this section shall afford the permittee or lessee any of the rights of condemnation provided in section 93.05, as to overlying surface interests. After the mineral interest has forfeited to the state pursuant to this section, a person claiming an ownership interest before the forfeiture may recover the fair market value of the interest, only in the following manner. An action must be commenced within six years after the forfeiture under this section to determine the ownership and the fair market value of the mineral interests in the property both at the time of forfeiture and at the time of bringing the action. The action shall be brought in the manner provided in Minnesota Statutes, Chapter 559, for an action to determine adverse claims, to the extent applicable. The person bringing the action shall serve notice of the action on the commissioner of natural resources in the same manner as is provided for service of notice of the action on a defendant. The commis-*

sioner may appear and contest the allegations of ownership and value in the same manner as a defendant in such actions. Persons determined by the court to be owners of the interests at the time of forfeiture to the state under this section may present to the state auditor a verified claim for refund of the fair market value of the interest. A copy of the court's decree shall be attached to the claim. Thereupon the state auditor shall refund to the claimant the fair market value at the time of forfeiture or at the time of bringing the action, whichever is lesser, less any taxes, penalties, costs, and interest which could have been collected during the period following the forfeiture under this section, had the interest in minerals been valued and assessed for tax purposes at the time of forfeiture under this section. There is appropriated from the general fund to the persons entitled to a refund an amount sufficient to pay the refund. The forfeiture provisions of this section do not apply to mineral interests valued and taxed under other laws relating to the taxation of minerals, gas, coal, oil, or other similar interests, so long as a tax is imposed and no forfeiture under the tax laws is complete. However, if the mineral interest is valued under other tax laws, but no tax is imposed, the mineral interest forfeits under this section if not filed as required by this section.

Sec. 7. Minnesota Statutes 1971, Section 93.58, is amended to read:

93.58 [PUBLICATION OF ACT.] Sections 93.52 to 93.58, as amended or repealed by this article, together with the other sections of this 1973 article, shall be published once during the first week of each month in a legal newspaper in each county in the months of October, November, and December of the year (1969) 1973 by the commissioner of natural resources at county expense. Sections 93.52 to 93.58 also shall be published by the commissioner of natural resources at least once in (1969) 1973 in two publications related to mining activities which have nationwide circulation. Failure to publish as herein provided shall not affect the validity of sections 93.52 to 93.58 or the other sections of this article.

Sec. 8. [SEVERABILITY.] If any provision of sections 1 through 7 of this article or the application thereof to any person, agency, department or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of sections 1 through 7 are severable.

Sec. 9. [REPEALER.] Minnesota Statutes 1971, Sections 93.53, 93.54, 93.56, and 93.57 are repealed.

Sec. 10. [EFFECTIVE DATE.] Except for section 7, which is effective upon final enactment, this article is effective as of January 1, 1974. As soon as possible after final enactment but before the effective date of this article the register of deeds and registrar of titles in each county shall file with the county auditor a copy of each document recorded pursuant to Minnesota

Statutes, Sections 93.52 to 93.58, before the effective date of this article.

ARTICLE XXI

Section 1. [GENERAL ASSISTANCE ACT; DECLARATION OF POLICY; CITATION.] *Subdivision 1. The objectives of sections 1 to 30 are to provide a sound administrative structure for public assistance programs; to maximize the use of federal funds for public assistance purposes; to provide property tax relief; and to provide an integrated public assistance program for all persons in the state without adequate income or resources to maintain a subsistence reasonably compatible with decency and health.*

It is hereby declared to be the policy of this state that persons unable to provide for themselves and not otherwise provided for by law, who meet the eligibility requirements of this article and do not refuse suitable employment, shall be entitled to receive such grants of general assistance and such services as may be necessary to maintain a subsistence reasonably compatible with decency and health. The furnishing of such assistance and services is a matter of public concern and a necessity in promoting the public health and welfare.

A principal objective in providing general assistance and services shall be to aid those persons who can be helped to become self-supporting or to attain self-care. To achieve this aim, the commissioner shall establish minimum standards of assistance for general assistance. The standard for cash payments to recipients shall be, as to shelter, 100 percent, and as to other budgetary items, 50 percent, of those established for the federally aided assistance programs; provided, however, that no general assistance payment shall exceed an amount, which when computed for the time period for which it is made, exceeds the equivalent on a weekly basis of 40 times the hourly federal minimum wage prevailing when the payment is made; and provided further that persons receiving general relief on the effective date of this article shall continue to be eligible therefor. In order to maximize the use of federal funds, the commissioner shall promulgate regulations, to the extent permitted by federal law for eligibility for the emergency assistance program, under the terms of this article for general assistance. The commissioner shall provide by regulation for the eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient. The strengthening and preservation of the family unit shall be a principal consideration in the administration of this article and all general assistance policies shall be formulated and administered so as to further this objective.

Subd. 2. Sections 1 to 30 may be cited as the general assistance article.

Sec. 2. [DEFINITIONS.] *Subdivision 1. The terms defined in this section shall have the meanings given them unless otherwise provided or indicated by the context.*

Subd. 2. "Commissioner" means the commissioner of public welfare or his designee.

Subd. 3. "Department" means the department of public welfare.

Subd. 4. "General assistance" means cash payments to persons unable to provide themselves with a reasonable subsistence compatible with decency and health and who are not otherwise provided for under the laws of this state or the United States. It shall include cash payments for goods, shelter, fuel, food, clothing, light, necessary household supplies, and personal need items. General assistance shall not include payments for foster care, child welfare services, medical, dental, hospitalization, nursing care, drugs, or medical supplies. It is the intent of this article that these items be provided by local agencies in accordance with programs in effect at the time of the passage of this article. Vendor payments may be made only as provided for in sections 9 and 11.

Subd. 5. "Family" means two or more individuals who are related by blood, marriage or adoption, who are living in a place or residence maintained by one or more of them as his or their own home, and at least one of whom is a child who is not married to another of such individuals and is in the care of or dependent upon another of such individuals.

Subd. 6. "Child" means an individual who is under the age of 18.

Subd. 7. "Childless couple" means two individuals who are related by marriage and who are living in a place of residence maintained by them as their own home.

Subd. 8. "Income" means earned and unearned income reduced by amounts paid or withheld for federal and state personal income taxes and federal social security taxes.

Subd. 9. "Earned income" means remuneration for services performed as an employee, and net earnings from self-employment.

Subd. 10. "Unearned income" means all other income including any payments received as an annuity, retirement or disability benefit, including veteran's or workmen's compensation; old age, survivors and disability insurance; railroad retirement benefits; unemployment benefits; and benefits under any federally aided categorical assistance program, supplementary security income, or family assistance program; rents, dividends, interest and royalties; and support and alimony payments except that such payments may not be considered as available to meet the needs of any person other than the person for whose benefit they are received, unless that person is under a legal duty to support another family member.

Subd. 11. "State aid" means state aid to local agencies for general assistance expenditures as provided for in this article.

Subd. 12. "Local agency" means the county welfare boards in the several counties of the state except that it may also include any multicounty welfare boards or departments where those have been established in accordance with law.

Sec. 3. [RESPONSIBILITY TO PROVIDE GENERAL ASSISTANCE.] Subdivision 1. Every local agency shall provide general assistance to persons residing within its jurisdiction who meet the need requirements of this article. General assistance shall be administered according to law and rules and regulations promulgated by the commissioner pursuant to the provisions of this article.

Subd. 2. State aid shall be paid to local agencies for 50 percent of all general assistance grants up to the standards of section 1, subdivision 1, according to procedures established by the commissioner. Any local agency may, from its own resources, make payments of general assistance at a standard higher than that established by the commissioner, without reference to the standards of section 1, subdivision 1.

Sec. 4. [DUTIES OF THE COMMISSIONER.] In addition to any other duties imposed by law, the commissioner shall:

(1) Supervise the administration of general assistance by local agencies as provided in this article;

(2) Promulgate uniform rules and regulations consistent with law for carrying out and enforcing the provisions of this article to the end that general assistance may be administered as uniformly as possible throughout the state; rules and regulations shall be furnished immediately to all local agencies and other interested persons; in promulgating rules and regulations, the provisions of Minnesota Statutes, Chapter 15, shall apply;

(3) Allocate moneys appropriated for general assistance to local agencies as provided in this article;

(4) Accept and supervise the disbursement of any funds that may be provided by the federal government or from other sources for use in this state for general assistance;

(5) Cooperate with other agencies including any agency of the United States or of another state in all matters concerning the powers and duties of the commissioner under this article;

(6) Cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services;

(7) Gather and study current information and report at least annually to the governor and legislature on the nature and need for general assistance, the amounts expended under the supervision of each local agency, and the activities of each local agency and publish such reports for the information of the public;

(8) Report at least annually to the governor and legislature the cost of living in the various counties and metropolitan areas as related to the standards of assistance and the amounts expended for assistance, and make this information available to the public.

Sec. 5. [ELIGIBILITY FOR GENERAL ASSISTANCE.]

Subdivision 1. Each person or family whose income and resources are less than the standard of assistance established by the commissioner shall be eligible for and entitled to general assistance; provided that no individual shall be eligible for general assistance if he is eligible for any of the following federally aided assistance programs: emergency assistance, aid to families with dependent children, supplemental security income for the aged, blind, or disabled; or any successor to the above.

Subd. 2. [USE OF FEDERAL FUNDS.] Notwithstanding any law to the contrary, if any person otherwise eligible for general assistance would, but for state statutory restriction or limitation, be eligible for a federally aided assistance program providing benefits equal to or greater than those of general assistance, he shall be eligible for that federally aided program and ineligible for general assistance; provided, however, that (a) nothing in this section shall be construed to extend eligibility for federally aided programs to persons not otherwise eligible for general assistance; (b) this section shall not be effective to the extent that federal law or regulation require new eligibility for federal programs to persons not otherwise eligible for general assistance; and (c) nothing in this section shall deny general assistance to a person otherwise eligible who is determined ineligible for a substitute federally aided program.

Sec. 6. [AMOUNT OF ASSISTANCE.] *Subdivision 1. General assistance shall be granted in such an amount that when added to the nonexempt income actually available to the individual or family, the total amount equals the applicable standard of assistance established by the commissioner for general assistance.*

Subd. 2. Notwithstanding the provisions of subdivision 1 of this section, a grant of general assistance may be made to an eligible individual or family for one or more items encompassed within the definition of general assistance where the applicant or recipient requests temporary assistance not exceeding 30 days and an emergency situation appears to exist if the individual is ineligible for the federally aided program of emergency assistance.

Sec. 7. [TIME OF PAYMENT OF ASSISTANCE.] *An applicant for general assistance shall be deemed presumptively eligible if his sworn application on its face demonstrates that he is within the eligibility criteria established by this article and any applicable rules and regulations of the commissioner. General assistance shall be immediately granted to such presumptively eligible applicant without the necessity of first securing action by the board of the local agency.*

If upon verification and due investigation it appears that the applicant swore falsely and such false information materially affected his eligibility for general assistance or the amount of his general assistance grant, the local agency shall refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Sec. 8. [EXCLUSION FROM RESOURCES.] *Subdivision 1. In determining eligibility of a family or individual there shall be excluded the following resources:*

(1) Property which does not exceed that permitted under the federally aided assistance program known as aid to families with dependent children; provided, however, that the commissioner may provide by rule and regulation more restrictive eligibility standards and levels of payment for general assistance if it is determined that funds available are not adequate to meet projected need; and

(2) Other property, including real or personal property used as a home, which has been determined, in accordance with and subject to limitations contained in rules and regulations promulgated by the commissioner, to be essential to the family or individual as a means of self-support or self-care or which is producing income that is being used for the support of the individual or family. The commissioner shall further provide by rule and regulation for those situations in which property may be retained by the family or individual where there is a reasonable probability that in the foreseeable future the property will be used for the self-support of the individual or family.

Subd. 2. Notwithstanding any other provision of this article, the commissioner shall provide by rule and regulation for the exclusion of property from the determination of eligibility for general assistance when it appears likely that the need for general assistance will not exceed 30 days and an undue hardship would be imposed on an individual or family by the forced disposal of such property.

Sec. 9. [FORM OF PAYMENT; VENDOR PAYMENTS.] *Subdivision 1. All grants of general assistance shall be paid in cash and with such frequency as the commissioner shall determine. The commissioner may provide by rule and regulation for the making of general assistance payments in different time periods for various reasonable classifications of recipients.*

Subd. 2. Notwithstanding the provisions of subdivision 1, the commissioner shall provide by rule and regulation for situations in which vendor payments may be made by local agencies because of the inability of the recipient to manage his general assistance grant for his own or family's benefit.

Sec. 10. [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.] *No grant of general assistance except one made pursuant to section 6, subdivision 2 or section 8, subdivision 2,*

shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the local agency.

Nothing herein shall deprive a recipient of his right to full administrative and judicial review of an order or determination of a local agency as provided for in section 12 subsequent to any action taken by a local agency after a prior hearing.

Sec. 11. [WORK INCENTIVE AND REGISTRATION.]

Subdivision 1. Every person who is a recipient of general assistance and not employed shall be required, unless exempt by subdivision 6, to register with the state employment service of the department of manpower services and the local agency and accept any suitable employment that is offered him.

Subd. 2. The local agency shall provide a general assistance work program for persons who qualify for assistance but who are unable to gain employment through the state employment service of the department of manpower services. Local agencies shall adopt a list of work priorities to be met through the employment of eligible recipients when such recipients are unable to gain employment through the state employment service or through their own initiative. The local agency may assign the recipient such work as he is able to perform but which is not that ordinarily performed and which would supplement but not replace projects which are ordinarily performed by regular employees of the county.

Subd. 3. General assistance work program recipients shall be paid at the same wage rates as county employees doing similar work, and the number of hours of work assigned to a recipient shall be determined by the needs of himself and his family, including expenses incidental to his employment.

Subd. 4. A local agency may contract with the federal government, or with any department, agency, subdivision or instrumentality of the state, for the services of general assistance work program recipients on such terms and conditions as may be agreed upon, with or without consideration paid to the local agency.

Subd. 5. General assistance work program recipients are employees of the local agencies within the meaning of workmen's compensation laws, but not retirement or civil service laws.

Subd. 6. No person shall be required to register with the commissioner or state employment service if he is:

- (1) A person with illness, incapacity, or advanced age;
- (2) A child attending a school or college full time;
- (3) A person whose presence in the home in a substantially continuous basis is required because of the illness or incapacity of another member of the household;
- (4) A person who has been referred to or applied for a work training, work experience, vocational rehabilitation or other such

similar program; provided that the period of time such person is exempted from the registration requirements of subdivision 1, while awaiting acceptance into such program, does not exceed 30 days; or

(5) An adult member of a household with children in which another adult is employed full time or has registered with the state employment service or been accepted in a work training program.

Subd. 7. Any person who objects to being required to register with the commissioner or state employment service, shall be entitled to a prior hearing in accord with the provisions of section 10 on the issue of whether such person comes within the exemptions contained in subdivision 6, clause (1), (2), (3), or (4).

Subd. 8. (1) Any person who refuses to accept suitable employment when offered him shall lose his eligibility for general assistance and, if a member of a family receiving general assistance, that portion of the grant attributable to said person shall not be paid.

The commissioner may further provide by rule and regulation that vendor payments may be made with respect to any family in which a person who is obligated to accept suitable employment has refused to do so.

(2) The provisions of section 10 providing for notice and opportunity to be heard prior to a decision to reduce, suspend or terminate benefits shall be applicable to determinations made under clause (1) of this subdivision.

Subd. 9. The commissioner shall establish procedures to insure that any recipient of general assistance desiring to improve his ability to support himself and his family shall be promptly referred to the department of manpower services or any other agency, public or private, operating a work training, work experience, vocational rehabilitation or other similar program.

Sec. 12. [ADMINISTRATIVE AND JUDICIAL REVIEW.]
Subdivision 1. Any applicant or recipient aggrieved by any order or determination of a local agency may appeal from such order or determination to the commissioner of public welfare. The aggrieved applicant or recipient shall file with the local agency a notice of appeal within 30 days of the receipt by him of the order or determination of the local agency, provided that the order or determination is in writing and contains a statement advising the applicant or recipient of his right to appeal and the procedures for perfecting same.

If the order or determination of the local agency is not in writing or does not contain the appeal procedure statement referred to above, the 30-day period shall not be tolled until the applicant or recipient is properly notified in accordance with the provisions of this subdivision.

Notwithstanding the absence of proper notice or order or determination, the applicant or recipient may appeal to the com-

missioner by filing with the local agency any writing which states with reasonable clarity his dissatisfaction with or desire to obtain review of the determination or order of the local agency.

Subd. 2. Upon receipt the local agency shall immediately forward the notice of appeal to the commissioner. Within 30 days of the receipt of the notice of appeal, the commissioner shall provide the applicant or recipient with the opportunity for a hearing before the commissioner or his legal representative. The local agency shall be a party to the proceeding before the commissioner.

Subd. 3. The commissioner may, upon his own motion, review any decision made by a local agency and may make such additional investigation as he deems necessary.

Subd. 4. Within 30 days from the date of the hearing before the commissioner or his legal representative, a decision in writing making findings of fact and conclusions of law shall be rendered.

Subd. 5. Any applicant or recipient aggrieved by the determination by the commissioner may, within 30 days after notice of such decision is mailed, appeal from the decision or determination of the commissioner to the district court of the county in which the application was filed by serving a written notice of such appeal upon the commissioner and all other parties to the administrative hearing and by filing the original of such notice together with proof of service with the clerk of the district court of the county. No filing fee or other fees normally exacted by the clerk of district court upon the filing of a case shall be required.

A summary of the issues involved, a copy of all supporting papers, a transcript of any testimony, and a copy of the decision of the commissioner shall be filed with the court. The court shall summarily, upon ten days' written notice, try and determine the appeal upon the record of the commissioner as certified by the commissioner and in the determination thereof shall be governed by the standard of review applicable to contested proceedings under Minnesota Statutes, Chapter 15. No new or additional evidence shall be taken on such appeal or introduced by any party to such hearing or appeal in a district court unless such new or additional evidence in the sound discretion of the court is necessary to a more equitable disposition of the appeal. If the court shall find that the order of the commissioner is not sustained by substantial evidence or is not in accord with applicable legal principles, the court shall make an order declaring the order of the commissioner null and void, giving the reasons therefor, and shall order the commissioner to take further action in the matter not inconsistent with the determination of the court. During the pendency of any appeal, if the commissioner has awarded general assistance, it shall be paid pending the determination of the appeal.

Subd. 6. Any party aggrieved by the determination of the district court may appeal to the supreme court in like manner.

as appeals are taken in civil actions, except that no filing fee shall be required by the clerk of the district court or supreme court.

The determination of the district court shall remain in effect during the pendency of any appeal to the supreme court.

Sec. 13. [MANDAMUS TO COMPEL PAYMENT OF GENERAL ASSISTANCE.] *Subdivision 1. Notwithstanding the provisions of section 12 providing for administrative and judicial review of local agency determinations, a person denied general assistance by the local agency may apply to the district court of the county in which his application was filed and the district court shall order the payment of general assistance if the person establishes:*

(1) *The substantial likelihood that he is eligible for and entitled to general assistance, and*

ARTICLE XXIII

Section 1. Minnesota Statutes 1971, Section 273.11, is amended to read:

273.11 [VALUATION OF PROPERTY.] *Subdivision 1. Except as provided in subdivision 2 herein, all property shall be valued at its market value. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price for which such property would sell at auction or at a forced sale, or in the aggregate with all the property in the town or district; but he shall value each article or description of property by itself, and at such sum or price as he believes the same to be fairly worth in money. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the assessed value of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment. All property, or the use thereof, which is taxable under sections 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.*

Subd. 2. In the case of property described in section 273.13, subdivisions 6, 7, 7B, 10, 12, 17, 17b, and 19, plus all agricultural property and all real estate devoted to temporary and seasonal residential occupancy for recreational purposes where such property is held by the same owner, by the surviving spouse of a deceased owner, or by a surviving joint tenant, for a period of one year prior to any assessment date, the assessor after determining the value of any such property shall compare the value with that determined in the preceding assessment. If the increase exceeds five percent of the preceding valuation, the amount of the increase entered in the current assessment shall not exceed five percent; the excess (not exceeding five percent of the latest assessors market valuation or the full amount of the excess if the property is no longer held by the same owner, by the surviving spouse of a deceased owner, or by a surviving joint tenant) may be entered in the following years assessment, notwithstanding the provisions of section 273.17.

Sec. 2. *In the event that, for the assessment year 1973, the assessor has increased the value of such property by an amount in excess of the five percent limitation provided for in section 1 of this article, he shall mail revised statement notices advising the property owner of the reduction required by this article. The revised notice shall state that the reduction is made pursuant to a statute enacted by the 1973 legislature.*

Sec. 3. *The provisions of this article shall not be applicable to property that may have become subject to taxation since the last assessment.*

Sec. 4. *Notwithstanding any other provision of law to the contrary, the limitation contained in section 1 and section 2 shall also apply to the authority of the local board of review as provided in section 274.01, the county board of equalization as provided in section 274.13, the state board of equalization and the commissioner of taxation as provided in section 270.11, 270.12 and 270.16, and any increase effected by these boards, the cumulative effect of which may increase property above the five percent permissible increase shall be invalid.*

Sec. 5. *The provisions of this article shall apply to the 1973 assessment and subsequent assessments.*

ARTICLE XXIV

Any taxpayer requesting exemption of all or a portion of any equipment or device, or part thereof, operated primarily for the control or abatement of air or water pollution shall file an application with the commissioner of taxation. Any such equipment or device shall meet standards, regulations or criteria prescribed by the Minnesota Pollution Control Agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota Pollution Control Agency shall upon request of the commissioner furnish information or advice to the commissioner. If the commissioner determines that property qualifies for exemption, he shall issue an order exempting such property from taxation. Any such equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota Pollution Control Agency remains in effect.

For the purpose of this subdivision, a school district mill rate for any of the forementioned levies which was not applied to the total taxable value of such school district shall be added to the forementioned sum of mill rates as if it had been applied to the entire taxable value of the school district.

Subd. 4. The provisions of this section do not apply to special taxing districts (determined by the department of taxation) or to county governments, cities, villages, boroughs, townships or school districts with less than \$1,000 assessed value, according to the 1972 assessment, of real estate exempted by section 1 of this article.

Subd. 3. State College Board		
Contingent	750,000	

Any unexpended balance remaining in the first year shall not cancel but shall be available for the second year of the biennium.

In event the enrollment of full time equivalent students enrolled exceeds the budget estimates of 32,000 full time equivalents the first year and 31,000 full time equivalents the second year of the biennium for the total state college system, it is the intent of the legislature to provide additional teaching positions at a ratio of one position for each 19 full time equivalent undergraduate students, and one position for each 13 graduate students in excess of the biennial budget enrollment estimates for each year of the biennium.

In order to provide for an orderly realignment of faculty staffing resulting from reduced or shifting enrollments, not more than \$600,000 of this appropriation may be expended to pay the salaries of faculty members employed on terminal year contracts where such terminal appointments are required by current state college board rules. The state college board shall conduct a comprehensive program review at southwest Minnesota state college to determine the basic staffing requirements necessary to offer a sound educational program. Pursuant to this review the board may recommend to the legislative advisory committee a minimum staffing for that institution. Before any of the above appropriation is expended, the state college board shall demonstrate to the legislative advisory committee that all reasonable measures were taken to adjust staffing patterns in such a manner as to minimize the need for such contracts.

The above appropriation is to be expended with the approval of the governor after consultation with the legislative advisory committee as provided by Minnesota Statutes 1971, Section 3.30.

Personnel occupying positions transferred may continue in the retirement programs in which they currently participate. Employees who have been employed by the colleges more than one year shall be granted permanent status; those employees with less than one year of service will be placed on probationary status. The above provisions shall be effective notwithstanding any other provisions of law to the contrary.

Notwithstanding any other law to the contrary, reimbursements are appropriated for use during the fiscal year in which they are received.

Notwithstanding the provisions of any law to the contrary, Minnesota Metropolitan State College is authorized to deposit tuition receipts received during the final quarter of each fiscal year in a suspense account. In addition, the division of labor standards shall administer the provisions of this act and chapter 184.

Subd. 3. [EMPLOYEES; TRANSFER FROM DIVISION OF WOMEN AND CHILDREN.] All persons employed by the department of labor and industry in the division of women and children shall be transferred to the division of labor standards without loss to the person of any rights acquired by reason of his employment at the time of transfer.

Sec. 7. [POWERS AND DUTIES OF THE COMMISSIONER.] Subdivision 1. The commissioner or his authorized representative may enter during reasonable office hours or upon request and inspect the place of business or employment of any employer of employees in any occupation in the state, for the purpose of examining and inspecting any or all books, registers, payrolls, and other records of any such employer that in any way relate to or have a bearing upon the question of wages, hours, and other conditions of employment of any such employees; transcribe any or all of such books, registers, payrolls, and other records as he or his authorized representative may deem necessary or appropriate; and question such employees for the purpose of ascertaining whether the provisions of this act and the regulations issued pursuant thereto have been and are being complied with.

Subd. 2. The commissioner or his authorized representative may require from any employer of employees in any occupation in the state full and correct statements in writing, including sworn statements, with respect to wages, hours, name, addresses, and such other information pertaining to his employees and their employment as the commissioner or his authorized representative may deem necessary or appropriate.

Subd. 3. The commissioner or his authorized representative may issue any order requiring an employer to comply with the provisions of this act or with any regulation promulgated under the provisions of section 8. Any order shall be served by the department upon the employer or his authorized representative in person or by certified mail at the employer's place of business.

If an employer wishes to contest the order for any reason, he shall file written notice of his objection to the order with the commissioner within 10 days after service of said order upon said employer. Thereafter, a public hearing shall be held in accordance with the provisions of Minnesota Statutes, Sections 15.0418 to 15.0426, and such regulations consistent therewith as the commissioner may make.

Subd. 4. The commissioner may investigate, mediate, and settle wage claims by an employee against an employer if the failure to pay any such wage may violate Minnesota laws or any order or regulation of the department thereunder.

Subd. 5. The commissioner may commence a civil action in any court of competent jurisdiction for the benefit of any employee for appropriate relief with respect to any wage claim which the commissioner deems to be valid, upon a written request being filed with the commissioner by such employee, provided: (1) the failure to pay such wage would constitute a violation of Minnesota laws or any order or regulation of the department thereunder, and (2) the wage claim does not exceed \$300. The employer shall pay all costs and disbursements as may be allowed by the court, and shall further pay an assessment of ten percent of the amount of any awarded wage claim to the treasurer of the state of Minnesota. In any action herein no security for payment of costs shall be required. Nothing herein shall be construed to prevent an employee from prosecuting his own claim for wages.

Subd. 6. Upon the written request of the commissioner, the attorney general of the state of Minnesota shall commence a civil action for appropriate relief against the employer as provided in subdivision 5.

Sec. 8. [POWER TO MAKE REGULATIONS.] Subdivision 1. The commissioner shall make and revise such regulations, including definitions of terms, as he shall deem appropriate to carry out the purposes of this act, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage and overtime rates established by sections 4 and 5.

Subd. 2. The commissioner shall appoint an advisory committee composed of an equal number of not more than three representatives each of employers and employees and of not more than three disinterested persons representing the public, which he shall consult concerning the making and revising of administrative regulations.

Subd. 3. The commissioner may establish regulations which define and govern this act with respect to, salesmen who conduct no more than 20 percent of their sales on the premises of the employer; allowances as part of the wage rates for board, lodging and other facilities or services furnished by the employer and used by the employees. Regulations issued by the department pursuant to this section shall include, but are not limited to, bonuses; part-time rates for employees working 24 hours or less

per week; special pay for special or extra work; procedures in contested cases; other facilities or services furnished by employers and used by employees; and other special items usual in a particular employer-employee relationship.

Subd. 4. An employee who receives \$20 or more per month in gratuities is a tipped employee. His employer is entitled to a credit in an amount up to 25 percent of the minimum wage which a tipped employee receives. Said credit against the wages due for gratuities received by a tipped employee may not be taken unless a signed statement from each tipped employee states that he did receive during the pay period an amount equal to or greater than the credit applied against the wages due by his employer. Such statements shall be maintained by the employer as a part of his business records.

Subd. 5. In order to prevent curtailment of opportunities for employment, avoid undue hardship, and safeguard the minimum wage rates under sections 4 and 5, the department shall also issue regulations providing for the employment of handicapped workers at wages lower than the wage rates applicable under sections 4 and 5, under permits and for such periods of time as specified therein; and providing for the employment of learners and apprentices at wages lower than the wage rates applicable under sections 4 and 5, under permits and subject to such limitations on number, proportion, length of learning period, occupations, and other conditions as the department may prescribe. The regulations issued by the department shall provide that where a handicapped person is now performing or is being considered for employment where he will perform work which is equal to work performed by a non-handicapped person, such handicapped person shall be paid the same wage as a non-handicapped person with similar experience and skill.

Subd. 6. Regulations shall be adopted by the department only after a public hearing held upon due publication of notice, at which any interested person may be heard and of which a record shall be made. Regulations shall be published by the department and shall take effect upon publication and filing with the secretary of state and the department of administration. Such regulations shall have the force and effect of law upon filing as provided herein.

Sec. 9. [JUDICIAL REVIEW.] Subdivision 1. Any person who may be aggrieved by any administrative regulation issued pursuant to section 8 may obtain a review thereof in the district court for Ramsey county, by filing in such court a written petition for declaratory judgment praying that the regulation be modified or set aside. A copy of such petition shall be served upon the department. The department's findings of fact, if any, shall be conclusive upon the court if supported by substantial evidence. The court shall determine whether the regulation is in accordance with law.

If the court determines that such regulation is not in accordance with law, it shall remand the case to the department with

directions to modify or revoke such regulation. If application is made to the court by any aggrieved party for leave to adduce additional evidence, such party shall show to the satisfaction of the court that such additional evidence is material, and that there were reasonable grounds for the failure to adduce such evidence before the department. If the court finds that such evidence is material and that reasonable grounds exist for the failure of the aggrieved party to adduce such evidence in prior proceedings, the court may remand the case to the department with directions that such additional evidence be taken by the department. The department may modify its findings and conclusions, in whole or in part, by reason of such additional evidence.

Subd. 2. Hearings in the district court on all appeals taken under subdivision 1 shall be privileged and take precedence over all matters, except matters of the same character. The jurisdiction of the court shall be exclusive and its judgment and decree shall be final except that the same shall be subject to review on appeal to the supreme court.

Subd. 3. The commencement of proceedings under subdivision 1 shall not, unless specifically ordered by the court, operate as a stay of an administrative regulation issued pursuant to section 8. The court shall not grant any stay of an administrative regulation unless the person complaining of such regulation shall file in the court an undertaking with a surety or sureties satisfactory to the court for the payment to the employees affected by the regulation, in the event such regulation is affirmed, of the amount by which the compensation such employees are entitled to receive under the regulation exceeds the compensation they actually receive while such stay is in effect.

Sec. 10. [KEEPING RECORDS.] Every employer subject to any provision of this act or of any regulation issued pursuant thereto shall make and keep, for a period of not less than three years in or about the premises wherein any employee is employed, a record of the name, address and occupation of each of his employees, the rate of pay, and the amount paid each pay period to each such employee, the hours worked each day and each workweek by such employee, and such other information as the department shall prescribe by regulation as necessary or appropriate for the enforcement of the provisions of this act or of the regulations issued pursuant thereto.

Sec. 11. [POSTING OF LAW AND REGULATIONS.] Every employer subject to any provision of this act shall keep a summary thereof, approved by the department, and copies of any applicable regulations issued pursuant thereto, or a summary of such regulations, posted in a conspicuous and accessible place in or about the premises wherein any person subject thereto is employed. The department shall furnish copies of such summaries and regulations to employers without charge.

May 18, 1973

Honorable Martin O. Sabo
Speaker of the House of Representatives

Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. No. 624, report that we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [CITATION.] Sections 1 to 4 may be cited as the Minnesota free flow of information act.

Sec. 2. [PUBLIC POLICY.] In order to protect the public interest and the free flow of information, the news media should have the benefit of a substantial privilege not to reveal sources of information or to disclose unpublished information. To this end, the freedom of press requires protection of the confidential relationship between the news gatherer and the source of information. The purpose of this act is to insure and perpetuate, consistent with the public interest, the confidential relationship between the news media and its sources.

Sec. 3. [DISCLOSURE PROHIBITED.] No person who is or has been directly engaged in the gathering, procuring, compiling, editing, or publishing of information for the purpose of transmission, dissemination or publication to the public shall be required by any court, grand jury, agency, department or branch of the state, or any of its political subdivisions or other public body, or by either house of the legislature or any committee, officer, member, or employee thereof, to disclose in any proceeding the person or means from or through which information was obtained, or to disclose any unpublished information procured by him in the course of his work or any of his notes, memoranda, recording tapes, film or other reportorial data which would tend to identify the person or means through which the information was obtained.

Sec. 4. [EXCEPTION AND PROCEDURE.] Subdivision 1. A person seeking disclosure may apply to the district court of the county where the person employed by or associated with a news media resides, has his principal place of business or where the proceeding in which the information sought is pending.

Subd. 2. The application shall be granted only if the court determines after hearing the parties that the person making ap-

plication, by clear and convincing evidence, has met all three of the following conditions:

(1) that there is probable cause to believe that the source has information clearly relevant to a specific violation of the law other than a misdemeanor,

(2) that the information cannot be obtained by any alternative means or remedy less destructive of first amendment rights, and

(3) that there is a compelling and overriding interest requiring the disclosure of the information where the disclosure is necessary to prevent injustice.

Subd. 3. The district court shall consider the nature of the proceedings, the merits of the claims and defenses, the adequacies of alternative remedies, the relevancy of the information sought, and the possibility of establishing by other means that which the source is expected or may tend to prove. The court shall make its appropriate order after making findings of fact, which order may be appealed directly to the supreme court according to the appropriate rule of appellate procedure. The order is stayed and nondisclosure shall remain in full force and effect during the pendency of the appeal.

Sec. 5. [DEFAMATION.] Subdivision 1. The prohibition of disclosure provided in section 3 shall not apply in any defamation action where the person seeking disclosure can demonstrate that the identity of the source will lead to relevant evidence on the issue of actual malice.

Subd. 2. Notwithstanding the provisions of subdivision 1 of this section, the identity of the source of information shall not be ordered disclosed unless the following conditions are met:

(a) that there is probable cause to believe that the source has information clearly relevant to the issue of defamation;

(b) that the information cannot be obtained by any alternative means or remedy less destructive of First Amendment rights.

Subd. 3. The court shall make its order on the issue of disclosure after making findings of fact, which order may be appealed directly to the supreme court according to the rules of appellate procedure. During the appeal the order is stayed and nondisclosure shall remain in full force and effect."

(3) In area vocational-technical schools one and one-half pupil units.

(4) To meet the problems of educational overburden caused by broken homes, poverty and low income, each pupil from families receiving aid to families with dependent children or its successor program shall be counted as an additional five-tenths pupil unit. The department of public welfare is directed to furnish to the department of education that information concerning children from families with dependent children which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.

(5) *In every district where the number of pupils from families receiving aid to families with dependent children or its successor program exceeds ten percent of the total actual pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional 35/100 of a pupil unit; for those districts where the number of such pupils is more than eight percent but not more than ten percent of the total pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional two-tenths of a pupil unit and for those districts where the number of such pupils is at least five percent but not more than eight percent of the total pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional one-tenth of a pupil unit. Such weighting shall be in addition to the weighting provided in clauses (1), (2), (3), and (4) of this section. School districts are encouraged to allocate a major portion of the aids that they receive on account of clauses (4) and (5) to primary grade programs and services, particularly to programs and services that involve participation of parents.*

((5)) (6) Where the total pupil units of a district are used as a multiplier in determining foundation aids and spending and levy limitations and where the actual number of pupil units has decreased from the prior year, the number of pupil units for such district shall equal the average of actual pupil units for the prior and current years.

(7) *Where the actual number of pupil units has increased from the prior year by more than four percent, a number of pupil units equal to one fourth of the difference between the units as*

computed in clauses (1) and (2) for the two years shall be added to the other units for the district.

(8) (THIS ADJUSTMENT SHALL NOT BE MADE) *Only pupil units in clauses (1), (2) and (3) shall be used in computing adjusted maintenance cost per pupil unit.*

Sec. 12. Minnesota Statutes 1971, Chapter 124, is amended by adding a section to read:

[124.223] [TRANSPORTATION AID AUTHORIZATION.] For the 1974-1975 school year and thereafter, school transportation and related services for which state transportation aid is authorized are:

(1) Transportation or board of resident pupils who reside one mile or more from the public schools which they could attend, or transportation to, from, or between the schools they attend pursuant to a program approved by the commissioner of education, or who reside one mile or more from a private school actually attended, but only to the extent permitted by Minnesota Statutes, Sections 123.76 to 123.79 with respect to private school pupils; provided that state transportation aid is authorized in an amount not to exceed \$700,000 annually for the transportation of any elementary pupil, if the commissioner determines that the transportation is necessary because of extraordinary traffic hazards;

(2) *Transportation to or board and lodging in another district, of resident pupils of a district without a secondary school; the pupils may attend a classified secondary school in another district and shall receive board and lodging in or transportation to a district having a classified secondary school at the expense of the district of the pupil's residence;*

Sec. 13. Minnesota Statutes 1971, Section 124.28, Subdivision 3, is amended to read:

Subd. 3. For the purpose of determining the applicability of this section to any district in *fiscal 1974 and subsequent years*, the valuation of taxable property shall be the (1969) adjusted value of such property as determined by the equalization aid review committee *and used in calculating foundation aid for the corresponding school year*, (EXCLUSIVE OF CLASS 2 PERSONAL PROPERTY AND PERSONAL PROPERTY EXEMPT FROM TAXATION BY EXTRA SESSION LAWS 1967, CHAPTER 32,) and the valuation of the exempt property shall be the full value of the exempt property as reported annually by the department of public service. For the purpose of determining refunds the valuations of the taxable property shall be taken at 30 percent of the valuations as adjusted by the equalization aid review committee and the valuation of the exempt property shall be taken at 30 percent of its full value. The eligibility of a school district under this section is determined by adding the adjusted taxable valuation of the taxable property of the district as determined by the equalization aid review committee to the full value of the exempt property as reported by the department of public service; then by dividing the amount of the exempt property by the total of such taxable property and exempt property; if the result is 20 percent or more the school district is eligible, otherwise not, unless it qualifies temporarily under subdivision 1 or the following paragraph.

Any district disqualified from receiving refunds because this subdivision as amended substitutes a more recent adjusted assessed valuation for the 1969 adjusted assessed valuation previously specified, shall nevertheless continue to receive such

refunds for three additional years, but the net amounts due prior to any required proration shall be reduced by 25 percent the first year, by 50 percent the second year, and by 75 percent the third year.

Sec. 14. Minnesota Statutes 1971, Section 124.32, Subdivision 1, is amended to read:

124.32 [HANDICAPPED CHILDREN.] Subdivision 1. Sec. 15. Minnesota Statutes 1971, Section 124.32, Subdivision 5, is amended to read:

Subd. 5. When a handicapped child is placed in a residential facility approved by the commissioner and established primarily to serve handicapped children and when the child's educational program is approved by the commissioner, the state shall pay to the resident district not to exceed 60 percent of instructional costs charged to the resident district, less the foundation aid per pupil unit payable to the resident district. Not more than (\$125,000) \$300,000 shall be spent annually for purposes of implementing this subdivision. If that amount does not suffice, the aid shall be pro rated among all qualifying districts.

The following types of facilities may be approved by the commissioner:

(a) A residential facility operated by a public school district and designed to serve the low incidence handicapped, the multiple handicapped, or the most severely handicapped children, either within or outside of the state, or, a state residential school outside of the state.

(b) A private, nonsectarian residential facility designed to provide educational services for handicapped children either within or outside of the state.

This section does not apply for a child placed in a foster home or a foster group home.

Upon following such procedure as requested by the commissioner of education a district or unorganized territory providing instruction and services for such handicapped child may bill the state the actual cost incurred in providing said services including transportation costs and a proportionate amount of capital outlay and debt service, minus the amount of foundation aid, special education aid, transportation aid, and any other aid earned in behalf of such child, such action pursuant to limits set forth in Minnesota Statutes, Section 124.32, Subdivision 4.

Sec. 17. Minnesota Statutes 1971, Chapter 124, is amended by adding a section to read:

[124.781] [LIMITATION ON TAX ANTICIPATION BORROWING.] *Except as approved by the commissioner, a district may not issue certificates of indebtedness pursuant to sections 124.71 to 124.78, for a larger proportion of its total anticipated tax or aid revenues than it borrowed against such revenues which were received in calendar 1973 with respect to tax revenues and in the 1972-1973 school year with respect to aid revenues.*

Sec. 18. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 2a. (1) In 1973, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1972 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the greater sum computed pursuant to section 9, clause (2) of this act, bears to \$820.

(2) In 1974, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1973 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the sum of the greater sum computed pursuant to section 9, clause (2) of this act, and the greater of (a) one-half of the difference that results when such greater sum is subtracted from \$860, or (b) \$40, bears to \$860.

(3) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year.

The question on the ballot shall be whether a specific millage which will yield a specific amount based on the most recent assessed valuation may be added to that authorized by clauses (1) or (2). If approved, the amount provided by the millage applied to each year's assessed valuation shall be authorized for certification until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. A petition authorized by this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

Sec. 19. Minnesota Statutes 1971, Section 275.125, Subdivision 3, is amended to read:

Subd. 3. In addition to the levy (PRESCRIBED) authorized by (SUBDIVISION 2) section 18 of this act, (EACH) a qualifying district may levy additional amounts as follows:

the first class may levy an amount not to exceed 20 percent of its costs for transportation and related services for which state aid is authorized for the 1974-1975 school year and thereafter, and provided further that a district may levy under this clause for the annual cash payments to be made for the purchase of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation.

(3) FOR PURPOSES OF THE 1971 LEVY, COLLECTIBLE IN 1972, ANY DISTRICT, IN WHICH THE SUM OF \$87 PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP AND THE DIFFERENCE BETWEEN THE REIMBURSEMENT ENTITLEMENT PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP FOR 1970-1971 SCHOOL YEAR PROGRAMS FOR HANDICAPPED CHILDREN AND THE 1970-1971 ADJUSTED MAINTENANCE COST PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP IS GREATER THAN \$750 PER PUPIL UNIT, MAY LEVY AN AMOUNT PER PUPIL UNIT WHICH IS EQUAL TO OR LESS THAN THE DIFFERENCE BETWEEN SAID SUM AND \$750 PER PUPIL UNIT. A DISTRICT WHICH IS LOCATED IN A CITY OF THE FIRST CLASS MAY NOT QUALIFY FOR AN ADDITIONAL LEVY THAT EXCEEDS 1.5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT.)

TION AID REVIEW COMMITTEE FOR THE YEAR PRIOR TO THE CERTIFICATON OF THE LEVY.)

(3) For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), shall be allowed to levy the same amount per pupil unit allowed by that clause. Provided, however, that a district having boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 1.9 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3) but did not qualify for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4) in 1972, collectible in 1973, shall be allowed to levy the amount per pupil unit it was qualified to levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(4) In 1973 only, for a district which was authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3), but which was not authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), an amount not to exceed the aggregate amount authorized by Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(5) A district which qualified for a levy under clause (3) above shall be allowed to levy that same amount per pupil unit in 1974 reduced by two and one-half percent. The per pupil amount of the reduction shall be rounded down to the dollar. Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 1.9 mills times the adjusted assessed valuation of the district shall be allowed to levy the 1.9 mills.

(6) For districts in cities of the first class, maintaining post secondary vocational schools, one half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.

((6)) (7) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified

in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(8) *In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money raised by the greater of (A) \$1 per capita, or (B) the number of mills not to exceed the number of mills necessary in 1973 to raise \$1 per capita in 1973 for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.*

The population of the district for purposes of this clause is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

(9) *Districts which receive payments which result in deductions from foundation aid pursuant to section 10 of this act, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on ac-*

count of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies.

(10) *The commissioner shall certify to the county auditors any errors made in 1971 and 1972 in general and special purpose levy amounts. The county auditor is authorized to adjust the 1973 levy to correct for the errors.*

Sec. 20. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 3a. Independent School District No. 625 is authorized to issue general obligation bonds in the amount of \$13,000,000. Such bonds shall be sold and issued pursuant to the provisions of Minnesota Statutes, Chapter 475, except as provided herein. When such reviews disclose reasonable evidence that the assessed valuation of any district furnished by any county auditor is not based upon the market value of taxable property in such district, then said committee shall call upon the department of taxation to ascertain the market value of such property, and adjust such values as required by law to determine the adjusted assessed valuation. The department of taxation shall take such steps as it may consider necessary in the performance of that duty and may incur such expense as is necessary therefor. The commissioner of taxation is authorized to reimburse any county or governmental official for services performed at his request in ascertaining such adjusted valuation. Such moneys

as are required therefor are hereby appropriated for such purpose. When the delayed federal funds are received the commissioner shall cause the amount of money transferred to be returned to the account from whence it came.

Notwithstanding any other provision of law, all moneys appropriated by this act and all previous acts for the purposes of the Minnesota state building fund shall be and remain available for such purposes until and unless such appropriations are specifically rescinded by law. The state auditor shall, upon the certification of the commissioner of administration as to the accounts involved, make such transfers of appropriations as will place in one account all of the moneys appropriated for the same or related projects, incidental expenses or contingencies.

Sec. 21. The appropriation made by Section 6, Subdivision 1 (5) for the Centennial building parking facility is in addition to the amounts heretofore appropriated for the same purpose. The conditions imposed under prior laws for this facility are rescinded and in lieu thereof all appropriations made for such facility are subject to the following:

By July 1, 1973, or as soon thereafter as possible, the commissioner of administration, in accordance with the provisions of Minnesota Statutes, Section 16.72, shall fix and collect gross rents, charges and fees in connection with and for the use of all parking lots and facilities now or hereafter owned and operated by the state and under the jurisdiction of the commissioner.

Such gross rents, charges and fees shall be fixed by the commissioner in such amount as will defray all costs of operating, maintaining and improving the parking lots and facilities under the jurisdiction of the commissioner and in addition provide the sum of \$4,064,000 which is hereby appropriated from such gross rents, charges and fees to the Minnesota State building bond account in the state bond fund, and which shall be credited to said account in the annual amount of \$203,200 on or before November 1 in each year, commencing in 1974 until the amount so appropriated has been credited to said account. The moneys received and on hand annually pursuant to this authorization are available in the state bond fund prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4, and shall be used to reduce the amount of the tax otherwise required to be levied.

Sec. 22. This act becomes effective the day following final enactment.”

---	------------	------------

Provided that \$3,000,000 of the funds appropriated by this subdivision shall be available only if separate legislation is passed by the legislature to provide supplemental payments in the adult categories.

Notwithstanding the provision of any other law, the commissioner of public welfare may utilize the funds, pursuant to the approval of the governor, provided in the above subdivision to pay a portion of the cost of day care and vocational training programs. The portion of the cost not paid by federal funds shall be paid equally from state and local funds. The cases selected by the commissioner for the new programs, on the average, shall not have a greater cost than if they remained in this program. The commissioner shall develop such criteria, selection principles, and other rules so as to carry out the intent of this provision.

Notwithstanding any other law to the contrary, when the expenditure made in the aid to families with dependent children program to meet special needs, as defined

1974 1975

\$ \$

allowing recipients of medical services to be charged a specified minimum amount toward cost of medical services provided. An amount sufficient to meet anticipated needs for this purpose shall be included as part of the recipient's public assistance grant.

Notwithstanding any law to the contrary, if, due to any court ruling or federal law or regulation, federal financial participation in the aid to families with dependent children program for children over the age of 18 is conditioned upon the provision of aid to all children otherwise eligible between the ages of 18 and 21, eligibility for children under the aid to families with dependent children program shall cease at the age of 18; provided, however, that if such federal funds become unavailable, aid to families with dependent children shall be provided for children over 18 and under the age of 19 attending high school on a full-time basis, to be paid from state and county funds.

approval of the governor after consultation with the Minnesota public relief advisory committee. Provided further that such transfer of funds for payment for rent shall not be considered an expenditure for equalization aid reimbursement. Any federal funds received in lieu of taxes because of federal grants shall be available for welfare purposes.

Provided that no county shall receive in excess of 75 percent of its cost of welfare as defined in this subdivision from state funds.

Notwithstanding any law to the contrary, the formula used in this subdivision for equalizing welfare costs shall be used for computing distressed county aid for daytime activity centers and community mental health centers.

The department of public welfare is authorized and directed to negotiate with the federal government, or any agency, bureau, or department thereof, for the purpose of securing or obtaining any grants or aids. Any grants or aids thus secured or received are hereby appropriated to said department of public welfare and made available for the uses and purposes for which it was received but shall be used to reduce the appropriations herein before provided unless federal law prohibits such action or unless the commissioner of public welfare obtains approval of the governor who shall seek the advice of the legislative advisory committee.

Grants now or hereafter received from the federal government for any vocational training program or for administration under the jurisdiction of the department of corrections shall, in the first instance, be credited to a federal grant fund and shall be transferred therefrom to the credit of the commissioner of corrections in the appropriate account upon certification of the commissioner of corrections that the amounts so requested to be transferred have been earned or are required for the purposes and program intended. Moneys received by such federal grant fund need not be budgeted as such provided transfers from such fund are budgeted for allotment purposes in the appropriate appropriation.

Sec. 19. BUDGETARY CONTROL. The budgetary control as provided in Minnesota Statutes, Chapter 16, shall extend to and apply to all appropriations herein made available for the fiscal years ending June 30, 1973, June 30, 1974, and June 30, 1975.

All state departments, bureaus, agencies or divisions, operating under Minnesota Statutes, Chapter 16, financed by funds appropriated or receipts or fees of any nature whatsoever, when making requests or preparing budgets to be submitted to the federal government in support of or in request of funds, equipment, materials, or services, from the federal government shall, upon completion of such request or budget, first submit it to the commissioner of administration. The commission of administration shall have authority to approve, disapprove, modify, or amend any such request or budget before submitting it to the

proper federal authority. When such federal authority has approved such request or budget, the state agency shall resubmit it to the commissioner of administration for recording before any allotment or encumbrance of the federal funds can be made.

Sec. 20. UNOBLIGATED BALANCES. The unobligated balances on hand as of June 30, 1973, June 30, 1974, and June 30, 1975, in the several appropriations and accounts for which an appropriation is herein made out of the general fund, or has heretofore been made, are hereby cancelled into the general fund as of June 30, 1973, June 30, 1974, and June 30, 1975, and the unobligated balances on hand as of June 30, 1973, June 30, 1974, and June 30, 1975, appropriated out of any other funds, shall be cancelled into the fund from which they are appropriated as of June 30, 1973, June 30, 1974, and June 30, 1975.

The provisions of this section shall not apply to aid, contributions, or reimbursements received from the federal government by the state or boxing tax receipts transferred to the department of public welfare by the authority of Laws 1945, Chapter 245, and all such federal aid, contributions or reimbursements, and boxing tax receipts are hereby reappropriated for the purpose of supplementing the appropriation herein provided and shall be added to the maximums of the several accounts herein designated.

Sec. 21. TRANSFER OF FUNDS. (a) The commissioner of public welfare by direction of the governor after consulting with the legislative advisory committee may transfer unobligated appropriation balances between the various accounts appropriated under section 2, subdivisions 7, 8 and 10, and also between the various accounts appropriated under section 2, subdivisions 6, 12, 14, 18, 20a and 20b. Provided further that if the appropriation under section 2, subdivision 8 should be insufficient for either year, then the appropriation for the other year shall be available therefor by direction of the governor after consulting with the legislative advisory committee.

(b) Unless the 1973 legislature enacts legislation to the contrary, authority is hereby granted to the commissioner of corrections to transfer appropriations between all subdivisions of section 3, except for subdivision 1a in the best interest of the security and rehabilitation programs and for more efficient utilization of personnel and facilities. Of the appropriation provided by section 3, subdivision 1a, funds may be transferred from this appropriation to other appropriations in section 3, but in no case may transfers from the other appropriations in section 3, be made to section 3, subdivision 1a. Such transfers shall be made with the written approval of the governor after consulting with the legislative advisory committee.

Sec. 22. TRANSFER OF PERSONNEL. (a) Notwithstanding any other law to the contrary, the commissioner of public welfare shall transfer authorized positions between institutions under his control in order to properly staff the institu-

Sec. 24. Every group or individual policy of accident and sickness insurance issued or renewed after the effective date of this section regulated by Minnesota Statutes, Chapter 62A, and every group or individual service plan or subscriber contract issued or renewed after the effective date of this section regulated by Minnesota Statutes, Chapter 62C, providing care or payment for care in this state, shall provide payments for services rendered by a hospital or medical facility owned or operated by, or on behalf of, the state or any unit of local government, or practitioners therein, on the same basis as are made for like care in other facilities. The unit of government concerned may maintain an action for recovery of such payments.

Sec. 25. Notwithstanding any law to the contrary, when institutions of the department of public welfare or the department of corrections are consolidated, the director of civil service and the commissioner of administration shall direct the department incorporating the consolidation and all other departments of the state of Minnesota to employ the affected employees at no loss in salary.

The director of civil service is hereby directed to temporarily suspend any rules, regulations, or laws to accommodate these provisions. Any department which employs any of the affected employees is authorized to temporarily exceed its approved complement. The commissioner of administration shall develop procedures to insure that the moving expenses are reimbursed for those employees who relocate pursuant to the consolidation.

The department of public service is directed to adjust its schedule of fees before the end of each fiscal year to provide that the initial charge made for services to be rendered during the next fiscal year shall be sufficient to provide an income during the latter fiscal year equal to the amount of the expenditures for that year for salaries, overtime, expenses, which shall include without limitation an amount for state retirement and social security contributions. If the income from the fees provided for herein during any fiscal year shall be less than the expenditures for that year, the department in adjusting its schedule of fees for use in the next fiscal year shall fix the fees to produce income in the amount of such expenditure for the latter year plus the amount of the difference between the expenditure for the year first referred to herein and the total income from such fees during that year, and plus 3 percent of the total expenditure for both the latter and the first year referred to herein. Such schedule of fees shall provide that any elevator, mill, or other department business requesting the weighing or inspection service, shall pay a minimum charge per hour for each employee requested or assigned. Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the regulations of the commissioner, shall be subject to a penalty in the sum of \$10 payable to the department of manpower services (FOR THE CONTINGENT FUND). Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report. CONFERENCE COMMITTEE REPORT ON S. F. NO. 452

May 17, 1973

Honorable Alec G. Olson
President of the Senate

Honorable Martin O. Sabo
Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 452, report that we have agreed upon the items in dispute and recommend as follows: That S. F. No. 452 be amended as follows:

Strike everything after the enacting clause and substitute in lieu thereof the following:

“Section 1. [ST. PAUL, CITY OF; COUNCIL ELECTION; DISTRICTS.] Subdivision 1. The council of the city of St. Paul shall divide the city into four districts equal so far as possible in population at least 60 days prior to the first day for filing for the city elections. In the city general election next following the effective date of this section and thereafter four councilmen who shall be residents of the district shall be elected, one from each district, and three councilmen shall be elected at-large. Each person desiring to have his name placed on the primary ballot shall state in his affidavit of candidacy which office he is a candidate for specifying the district or specifying one of the three at-large positions. Incumbency shall not be indicated on election ballots. After the 1980 federal census and each federal census every ten years thereafter, the city council shall reapportion as necessary the four council districts provided herein. Except as provided herein the laws relating to the election of the council of the city of St. Paul shall continue to apply.

Subd. 2. This section takes effect when approved by a majority of the governing body of the city of St. Paul and upon compliance with Minnesota Statutes, Section 645.021; provided that notwithstanding the provisions of Minnesota Statutes, Section 645.021, Subdivision 1, relating to expiration of special laws, this section shall also take effect if approved at a special election by the voters of the city of St. Paul which election shall be held on the uniform municipal election day specified in Minnesota Statutes, Section 205.20, Subdivision 2, next following the presentation of a petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters.

Sec. 2. [ST. PAUL, CITY OF; ALLEY SYSTEM OF ELECTING COUNCIL.] Subdivision 1. Sixty days after this

section becomes effective the city council of the city of St. Paul shall designate each council seat, whether occupied or not, by a separate letter of the alphabet. Each so designated council seat shall be deemed a separate office for the city election of 1974 and thereafter. Any incumbent member of the city council running for election or re-election to the city council shall be a candidate for that office only of which he was an incumbent. Each person desiring to have his name placed on the primary ballot shall state in his affidavit of candidacy which designated council seat he is a candidate for. The names of the candidates for each council seat shall be rotated on the ballots to avoid any appearance of preference for incumbents. Incumbency shall not be indicated on the ballots. Except as herein provided the laws relating to the election of the council of the city of St. Paul shall continue to apply.

Subd. 2. This section takes effect when approved by a majority of the governing body of the city of St. Paul and upon compliance with Minnesota Statutes, Section 645.021; provided that notwithstanding the provisions of Minnesota Statutes, Section 645.021, Subdivision 1, relating to expiration of special laws, this section shall also take effect if approved at a special election by the voters of the city of St. Paul which election shall be held on the uniform municipal election day specified in Minnesota Statutes, Section 205.20, Subdivision 2, next following the presentation of a petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters.

Notwithstanding any provision of the charter of the city of St. Paul to the contrary, commencing November 4, 1975, the election of St. Paul city officers and such other officers as are required to be elected at a city election in the city of St. Paul shall be held on the first Tuesday after the first Monday in November of odd-numbered years. A primary election shall be held on a date set by the council which shall be no less than 14 days before the city election day.

Subd. 2. Notwithstanding any provision of the charter of the city of St. Paul to the contrary, commencing with the election of city officers on November 4, 1975, the mayor and each councilman of the city of St. Paul shall hold office for a term of two years commencing on the first business day in January next succeeding their election and until a successor is elected and qualified. section shall also take effect if approved at a special election by the voters of the city of St. Paul which election shall be held on the uniform municipal election day specified in Minnesota Statutes, Section 205.20, Subdivision 2, next following the presentation of a petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters.

Such compensation shall be fixed by ordinance passed upon in the manner provided for by the charter of the city of St. Paul, provided that no ordinance increasing compensation of elected officials may be passed during the last three months of any term of office. Except for the initial fixing of compensation authorized herein, no subsequent fixing of compensation shall be prescribed to take effect during the term of office for which the elected officials shall have been elected.

Subd. 2. [REFERENDUM.] Nothing contained in this section shall prohibit a referendum by petition of the registered voters of the city of St. Paul upon any ordinance adopted hereunder.

Subd. 3. [FEES.] No elected official shall receive any other compensation than that provided for pursuant to this section for the performance of his official duties and such compensation shall include compensation for all services rendered in any office or employment for said city. All fees, moneys or remuneration of whatever kind that accrue to any official in his elected capacity shall be reported to the city council and paid monthly into the treasury of the city.

Subd. 4. [REPEALER.] Laws 1971, Chapter 473, is hereby repealed.

Subd. 5. [EFFECTIVE DATE.] This section takes effect when approved by a majority of the governing body of the city of St. Paul and upon compliance with Minnesota Statutes, Section 645.021; provided that notwithstanding the provisions of Minnesota Statutes, Section 645.021, Subdivision 1, relating to expiration of special laws, this section shall also take effect if approved at a special election by the voters of the city of St. Paul which election shall be held on the uniform municipal election day specified in Minnesota Statutes, Section 205.20, Subdivision 2, next following the presentation of a petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters."

Sec. 4. [EXPIRATION OF QUALITY ASSURANCE DATE.] Nothing contained in this act or any regulation adopted pursuant hereto shall require the removal from sale of a perishable food product after the expiration of the quality assurance date on the product nor imply that after the expiration of the quality assurance date on the product, the product is not wholesome or safe for human consumption.

Sec. 5. [REGULATIONS OF OTHER STATES AND THE FEDERAL GOVERNMENT.] If any other state, or the federal government, adopts an open dating statute or regulation which provides for information and enforcement equal to or greater than that of this act, the commissioner may, by regulation, exempt any product from the provisions of this act if it is in compliance with such other statute or regulation.

Sec. 6. [LOCAL ORDINANCES PRE-EMPTED.] No subordinate unit of government may adopt or enforce any rule or ordinance regarding open dating of perishable foods other than this act.

Sec. 7. [ENFORCEMENT.] In enforcing the provisions of this act, the commissioner may receive complaints and investigate possible violations. The commissioner and his employees shall have reasonable access to all places wherein any item of perishable food regulated pursuant to this act is sold or held or offered for sale, and may take samples of perishable food for analysis. The attorney general, acting for the commissioner, or any municipal or county official responsible for the enforcement of rules or ordinances, may bring an action to restrain violations of this act.

Sec. 2. [STATEMENT OF POLICY.] It is declared to be the policy of the Minnesota fair labor standards act (1) to establish minimum wage and overtime compensation standards for workers at levels consistent with their health, efficiency, and general well-being; (2) to safeguard existing minimum wage and overtime compensation standards which are adequate to maintain the health, efficiency, and general well-being of workers against the unfair competition of wage and hour standards which do not provide such adequate standards of living; and (3) to sustain purchasing power and increase employment opportunities.

Sec. 3. [DEFINITIONS.] Subdivision 1. Unless the language or context clearly indicates that a different meaning is intended, the following terms, for the purposes of this act, shall have the meanings given to them in this section.

Subd. 2. "Department" means the Minnesota department of labor and industry.

Subd. 3. "Commissioner" means the commissioner of labor and industry of Minnesota or his authorized designee.

Subd. 4. "Wage" means compensation due to an employee by reason of his employment, payable in legal tender of the

United States or check on banks convertible into cash on demand at full face value, subject to such allowances as may be permitted by regulations of the department under section 8.

(1) any individual employed in agriculture on a farming unit or operation employing less than the equivalent of two full time workers and on any given day employing no more than four employees. For the purpose of this clause, equivalent of a full time worker means 40 weeks of employment in a calendar year;

(2) an individual who has not attained the age of 18 who is employed in agriculture on a farm;

(3) any individual employed as a counselor to work with programs and campers in an organized resident or day camp;

(4) any individual employed in a bona fide executive, administrative, or professional capacity, or a salesman who conducts no more than 20 percent of his sales on the premises of the employer, as such terms are defined and delimited by regulations of the department;

(5) any individual who renders service gratuitously for a nonprofit organization as such terms are defined by regulations of the department;

(6) any individual who serves as an elected official for a political subdivision or who serves on any governmental board, commission, committee or other similar body, or who renders service gratuitously for a political subdivision;

Sec. 4. [PAYMENT OF MINIMUM WAGES.] Except as may otherwise be provided in this act, or by regulation issued pursuant thereto, every employer shall pay to each of his employees wages at a rate of not less than \$1.80 an hour.

Sec. 5. [OVERTIME.] Subdivision 1. No employer shall employ any of his employees for a workweek longer than 48 hours, unless such employee receives compensation for his employment in excess of 48 hours in a workweek at a rate of not less than one and one-half times the regular rate at which he is employed; provided, however, that an employer if it is the State of Minnesota or a political subdivision may grant time off at the rate of one and one half hours for each hour worked in excess of 48 hours in any week in lieu of monetary compensation; and, provided, however, that no employer shall be deemed to have violated the overtime pay provisions of this section by employing any employees for a workweek in excess of that specified in this section without paying the compensation for overtime employment prescribed herein if such employee is so employed under an agreement meeting the requirement of section 7 (b) (2) of the Fair Labor Standards Act of 1938, as amended.

Subd. 2. Subd. 3. The provisions of subdivision 1 shall not apply with respect to any salesman, parts man, or mechanic primarily engaged in selling or servicing automobiles, trailers, trucks, or farm implements and paid on a commission or incentive basis, if employed by a nonmanufacturing establishment primarily engaged in the business of selling such vehicles to ultimate purchasers.

Sec. 6. [DIVISION OF LABOR STANDARDS IS CREATED.] Subdivision 1. A division of labor standards is hereby created in the department of labor and industry under the

supervision and control of the commissioner of labor and industry.

Subd. 2. [POWERS AND DUTIES.] The powers, duties, and functions vested in, or imposed upon, the division of women and children of the department of labor and industry by Minnesota Statutes, Chapter 177, and other applicable laws relating to wages, hours, and working conditions, are transferred, vested in, and imposed upon the division of labor standards. In addition, the division of labor standards shall administer the provisions of this act and chapter 184.

Subd. 3. [EMPLOYEES; TRANSFER FROM DIVISION OF WOMEN AND CHILDREN.] All persons employed by the department of labor and industry in the division of women and children shall be transferred to the division of labor standards without loss to the person of any rights acquired by reason of his employment at the time of transfer.

Sec. 7. [POWERS AND DUTIES OF THE COMMISSIONER.] Subdivision 1. The commissioner or his authorized representative may enter during reasonable office hours or upon request and inspect the place of business or employment of any employer of employees in any occupation in the state, for the purpose of examining and inspecting any or all books, registers, payrolls, and other records of any such employer that in any way relate to or have a bearing upon the question of wages, hours, and other conditions of employment of any such employees; transcribe any or all of such books, registers, payrolls, and other records as he or his authorized representative may deem necessary or appropriate; and question such employees for the purpose of ascertaining whether the provisions of this act and the regulations issued pursuant thereto have been and are being complied with.

Subd. 2. The commissioner or his authorized representative may require from any employer of employees in any occupation in the state full and correct statements in writing, including sworn statements, with respect to wages, hours, name, addresses, and such other information pertaining to his employees and their employment as the commissioner or his authorized representative may deem necessary or appropriate.

Subd. 3. The commissioner or his authorized representative may issue any order requiring an employer to comply with the provisions of this act or with any regulation promulgated under the provisions of section 8. Any order shall be served by the department upon the employer or his authorized representative in person or by certified mail at the employer's place of business. If an employer wishes to contest the order for any reason, he shall file written notice of his objection to the order with the commissioner within 10 days after service of said order upon said employer. Thereafter, a public hearing shall be held in accordance with the provisions of Minnesota Statutes, Sections

15.0418 to 15.0426, and such regulations consistent therewith as the commissioner may make.

Subd. 4. The commissioner may investigate, mediate, and settle wage claims by an employee against an employer if the failure to pay any such wage may violate Minnesota laws or any order or regulation of the department thereunder.

Subd. 5. The commissioner may commence a civil action in any court of competent jurisdiction for the benefit of any employee for appropriate relief with respect to any wage claim which the commissioner deems to be valid, upon a written request being filed with the commissioner by such employee, provided: (1) the failure to pay such wage would constitute a violation of Minnesota laws or any order or regulation of the department thereunder, and (2) the wage claim does not exceed \$300. The employer shall pay all costs and disbursements as may be allowed by the court, and shall further pay an assessment of ten percent of the amount of any awarded wage claim to the treasurer of the state of Minnesota. In any action herein no security for payment of costs shall be required. Nothing herein shall be construed to prevent an employee from prosecuting his own claim for wages.

Subd. 6. Upon the written request of the commissioner, the attorney general of the state of Minnesota shall commence a civil action for appropriate relief against the employer as provided in subdivision 5.

Sec. 8. [POWER TO MAKE REGULATIONS.] Subdivision 1. The commissioner shall make and revise such regulations, including definitions of terms, as he shall deem appropriate to carry out the purposes of this act, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage and overtime rates established by sections 4 and 5.

Subd. 2. The commissioner shall appoint an advisory committee composed of an equal number of not more than three representatives each of employers and employees and of not more than three disinterested persons representing the public, which he shall consult concerning the making and revising of administrative regulations.

Subd. 3. The commissioner shall establish regulations which define and govern this act with respect to, salesmen who conduct no more than 20 percent of their sales on the premises of the employer; allowances as part of the wage rates for board, lodging and other facilities or services furnished by the employer and used by the employees. Regulations issued by the department pursuant to this section shall include, but are not limited to, bonuses; special rates for employees under the age of 18, which rate shall not be more than 90 percent of the minimum wage established in section 4; part-time rates; special pay for special or extra work; procedures in contested cases; other facilities or services furnished by employers and used by employees; and

other special items usual in a particular employer-employee relationship. Regulations required by this subdivision shall be established by November 1, 1973.

Subd. 4. An employee who receives \$20 or more per month in gratuities is a tipped employee. His employer is entitled to a credit in an amount up to 25 percent of the minimum wage which a tipped employee receives. Said credit against the wages due for gratuities received by a tipped employee may not be taken unless a signed statement from each tipped employee states that he did receive during the pay period an amount equal to or greater than the credit applied against the wages due by his employer. Such statements shall be maintained by the employer as a part of his business records.

Subd. 5. In order to prevent curtailment of opportunities for employment, avoid undue hardship, and safeguard the minimum wage rates under sections 4 and 5, the department shall also issue regulations providing for the employment of handicapped workers at wages lower than the wage rates applicable under sections 4 and 5, under permits and for such periods of time as specified therein; and providing for the employment of learners and apprentices at wages lower than the wage rates applicable under sections 4 and 5, under permits and subject to such limitations on number, proportion, length of learning period, occupations, and other conditions as the department may prescribe. The regulations issued by the department shall provide that where a handicapped person is now performing or is being considered for employment where he will perform work which is equal to work performed by a non-handicapped person, such handicapped person shall be paid the same wage as a non-handicapped person with similar experience and skill.

Subd. 6. Regulations shall be adopted by the department only after a public hearing held upon due publication of notice, at which any interested person may be heard and of which a record shall be made. Regulations shall be published by the department and shall take effect upon publication and filing with the secretary of state and the department of administration. Such regulations shall have the force and effect of law upon filing as provided herein.

Sec. 9. [JUDICIAL REVIEW.] Subdivision 1. Any person who may be aggrieved by any administrative regulation issued pursuant to section 8 may obtain a review thereof in the district court for Ramsey county, by filing in such court a written petition for declaratory judgment praying that the regulation be modified or set aside. A copy of such petition shall be served upon the department. The department's findings of fact, if any, shall be conclusive upon the court if supported by substantial evidence. The court shall determine whether the regulation is in accordance with law.

If the court determines that such regulation is not in accordance with law, it shall remand the case to the department with directions to modify or revoke such regulation. If application is

made to the court by any aggrieved party for leave to adduce additional evidence, such party shall show to the satisfaction of the court that such additional evidence is material, and that there were reasonable grounds for the failure to adduce such evidence before the department. If the court finds that such evidence is material and that reasonable grounds exist for the failure of the aggrieved party to adduce such evidence in prior proceedings, the court may remand the case to the department with directions that such additional evidence be taken by the department. The department may modify its findings and conclusions, in whole or in part, by reason of such additional evidence.

Subd. 2. Hearings in the district court on all appeals taken under subdivision 1 shall be privileged and take precedence over all matters, except matters of the same character. The jurisdiction of the court shall be exclusive and its judgment and decree shall be final except that the same shall be subject to review on appeal to the supreme court.

Subd. 3. The commencement of proceedings under subdivision 1 shall not, unless specifically ordered by the court, operate as a stay of an administrative regulation issued pursuant to section 8. The court shall not grant any stay of an administrative regulation unless the person complaining of such regulation shall file in the court an undertaking with a surety or sureties satisfactory to the court for the payment to the employees affected by the regulation, in the event such regulation is affirmed, of the amount by which the compensation such employees are entitled to receive under the regulation exceeds the compensation they actually receive while such stay is in effect.

Sec. 10. [KEEPING RECORDS.] Every employer subject to any provision of this act or of any regulation issued pursuant thereto shall make and keep, for a period of not less than three years in or about the premises wherein any employee is employed, a record of the name, address and occupation of each of his employees, the rate of pay, and the amount paid each pay period to each such employee, the hours worked each day and each workweek by such employee, and such other information as the department shall prescribe by regulation as necessary or appropriate for the enforcement of the provisions of this act or of the regulations issued pursuant thereto.

Sec. 11. [POSTING OF LAW AND REGULATIONS.] Every employer subject to any provision of this act shall keep a summary thereof, approved by the department, and copies of any applicable regulations issued pursuant thereto, or a summary of such regulations, posted in a conspicuous and accessible place in or about the premises wherein any person subject thereto is employed. The department shall furnish copies of such summaries and regulations to employers without charge.

Sec. 12. [PENALTIES.] Subdivision 1. Any employer who hinders or delays the department or its authorized representative in the performance of its duties under this act or refuses to admit the commissioner or his authorized representative to any place of employment as required by section 7, subdivision 1; or

fails to make, keep, and preserve records as required by section 10; or falsifies any such record; or refuses to make any such record accessible, or to furnish a sworn statement of such record or any other information as required by section 7; or fails to post a summary of this act or a copy of any applicable regulation as required by section 11; or pays or agrees to pay wages at a rate less than the rate applicable under or pursuant to this act; or otherwise violates any provision of this act or of any regulation issued pursuant thereto; is guilty of a misdemeanor.

Subd. 2. Any employer who discharges or in any other manner discriminates against any employee because such employee has complained to his employer, to the department, or to an authorized representative of the department that he has not been paid wages in accordance with this act or regulations issued pursuant thereto or because such employee has caused to be instituted or is about to cause to be instituted any proceeding under or related to this act, or because such employee has testified or is about to testify in any proceeding shall, upon conviction therefor, be fined not less than \$500 nor more than \$1000.

Sec. 13. [EMPLOYEES' REMEDIES.] Any employer who pays any employee less than the wages and overtime compensation to which such employee is entitled under this act and regulations issued pursuant thereto shall be liable to such employee for the full amount of such wages and overtime compensation, less any amount actually paid to such employee by the employer, for an additional equal amount as liquidated damages, and for costs and such reasonable attorney's fees as may be allowed by the court. Any agreement between such employee and the employer to work for less than the applicable wage rate shall be no defense to such action. Such action may be maintained in any court of competent jurisdiction by any one or more employees for and in behalf of himself or themselves.

Sec. 14. [RELATION TO OTHER LAWS.] Any standards relating to minimum wages, maximum hours, overtime compensation, or other working conditions in effect under any other law of this state on the effective date of this act which are more favorable to employees than those applicable hereunder shall not be deemed to be amended, rescinded, or otherwise affected by this act but shall continue in full force and effect until they are specifically superseded by standards more favorable to such employees by operation of or in accordance with this act or regulations issued pursuant thereto.

Sec. 15. [RIGHT OF COLLECTIVE BARGAINING.] Nothing in this act shall be deemed to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing in order to establish wages or other conditions of work more favorable to the employees than those required by this act and regulations issued pursuant thereto.

Sec. 16. Minnesota Statutes 1971, Sections 175.38, 175.39, 177.01, 177.02, 177.03, 177.04, 177.05, 177.06, 177.07, 177.075,

Subd. 24. [LOCAL COMMISSION.] "Local commission" means an agency of a city, village, or borough created pursuant to law, city charter, or municipal ordinance for the purpose of dealing with discrimination on the basis of race, color, creed, religion, national origin, sex, age, disability, marital status or status with regard to public assistance.

Subd. 25. [DISABILITY.] "Disability" means a mental or physical condition which constitutes a handicap.

Subd. 26. [DEPARTMENT.] "Department" means the department of human rights.

Subd. 27. [STATUS WITH REGARD TO PUBLIC ASSISTANCE.] "Status with regard to public assistance" means the condition of being a recipient of federal, state or local assistance, including medical assistance, or of being a tenant receiving federal, state or local subsidies, including rental assistance or rent supplements.

Sec. 2. Minnesota Statutes 1971, Section 363.02, is amended to read:

 - (a) by his parent, grandparent, spouse, child, or grandchild, or
 - (b) in the domestic service of any person.

(2) A religious or fraternal corporation, association, or society, with respect to qualifications based on religion, when religion shall be a bona fide occupational qualification for employment.

(3) The employment of one person in place of another, standing by itself, shall not be evidence of an unfair discriminatory practice.

It is not an unfair employment practice for an employer, employment agency or labor organization:

(i) *to require a person to undergo physical examination for purpose of determining the person's capability to perform available employment; or*

(ii) *to conduct an investigation as to the person's medical history for the purpose of determining the person's capability to perform available employment.*

Subd. 2. [HOUSING.] The provisions of section 363.03, subdivision 2, shall not apply to (:)

Nothing in this chapter shall be construed to require any person or group of persons selling, renting or leasing property to modify the property in any way, or exercise a higher degree of care for a person having a disability than for a person who does not have a disability; nor shall this chapter be construed to relieve any person or persons of any obligations generally imposed on all persons regardless of any disability in a written lease, rental agreement, or contract of purchase or sale, or to forbid distinctions based on the inability to fulfill the terms and conditions, including financial obligations of such lease, agreement or contract.*

Subd. 3. [EDUCATION.] It is not an unfair discriminatory practice for a religious or denominational institution to limit admission or give preference to applicants of the same religion. *The provisions of section 363.03, subdivision 5, relating to sex, shall not apply to a private educational institution, or branch or level of a private educational institution, in which students of only one sex are permitted to enroll. Nothing in this chapter shall be construed to require any educational institution to provide any special service to any person because of the disability of such person or to modify in any manner its buildings, grounds, facilities, or admission procedures because of the disability of any such person. Nothing in this chapter shall prohibit an educational institution from discriminating on the basis of academic qual-*

ifications or achievements or requiring from applicant's information which relates to academic qualifications or achievements.

Subd. 4. [PUBLIC ACCOMMODATIONS.] *The provisions of section 363.03, subdivision 3, relating to sex, shall not apply to such facilities as restrooms, lockerrooms, and other similar places.*

Subd. 5. [DISABILITY.] *Nothing in this chapter shall be construed to prohibit any program, service, facility or privilege afforded to a person with a disability which is intended to habilitate, rehabilitate, or accommodate that person. It is a defense to a complaint or action brought under this chapter that the person bringing the complaint or action suffers from a mental disability which poses a serious threat to the safety of others. The burden of proving this defense is upon the respondent.*

Thereupon the court shall issue an order to show cause directed to the respondent why an order directing compliance should not be issued. Notwithstanding the provisions of any law or rule of civil procedure to the contrary, the court shall examine at the hearing on the order to show cause all the evidence in the record and may amend the order of the department in any way the court*

deems just and equitable. If the panel or examiner has ordered an award of damages pursuant to section 363.071 and if the court sustains or modifies the award, it shall enter judgment on the order or modified order in the same manner as in the case of an order of the district court, as provided in section 546.27.

CONFERENCE COMMITTEE REPORT ON H. F. NO. 2444.

May 19, 1973

Honorable Martin O. Sabo
Speaker of the House of Representatives

Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. No. 2444, report that we have agreed upon the items in dispute and recommend as follows:

That H. F. No. 2444 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1: [PURPOSE.] It is determined that there is a critical need to preserve and improve transportation facilities throughout the state which cannot be met by local effort without state financial assistance. The rate of completion of the interstate portion and upgrading of the remainder of the state's highway system has fallen behind the rate of traffic growth, resulting

in serious traffic hazards and delays that affect the personal safety, quality of life, and economic welfare of citizens. The highway traffic problem is accentuated by the deficiency in the quality and quantity of public transportation available in urban areas, large and small. This deficiency is itself largely caused by the inability of public transportation to compete economically with private automobiles, without financial support comparable to that given highway construction. Its most serious effect is to limit severely the life and liberty of many persons who because of age, physical or mental characteristics, or economic circumstances are unable to use automobiles. For many more it compels the use of automobiles, often more than one per family, for daily attendance at work and school and for transportation in emergencies, notwithstanding cost that may reduce remaining living resources below poverty levels, and notwithstanding unacceptable safety hazards often resulting from physical handicaps or inexperience. And for many high cost makes it impossible to acquire and maintain vehicles that can operate at acceptable safety and pollution control levels, thus aggravating the traffic and pollution hazards created by sheer numbers of vehicles. Capital cost of the principal arterial highways of this state cannot be adequately met from existing sources of funds. Similar costs of adequate public transportation in urban areas cannot be met by user fees without subsidy, or even with subsidy to the extent this is possible from property taxes or other resources available to local units of government. It is determined that state financial assistance in meeting the capital cost of public transportation in urban areas and constructing and reconstructing the state's principal arterial highways is a proper function of state government and is necessary to protect the safety and the personal and economic welfare of the citizens of the state at large.

Sec. 2. [PRINCIPAL ARTERIAL HIGHWAY BOND AUTHORIZATION AND APPROPRIATIONS.] Subdivision 1. The state auditor is authorized and directed, upon request of the commissioner of highways, to issue and sell Minnesota state principal arterial bonds in accordance with the provisions of section 3 of this act, and Article IX, Section 6, of the Constitution in an aggregate principal amount not to exceed \$80,000,000, which sum, or so much thereof as shall be required, is appropriated from the proceeds of such bonds to the commissioner of highways for grants to counties and municipalities for the acquisition and betterment of public land and other improvements of a capital nature needed to provide adequate principal arterial highways of this state. This appropriation shall not lapse or cancel until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the department of highways. Grants appropriated pursuant to this section shall not exceed \$20,000,000 in any one fiscal year of the state of Minnesota.

Subd. 2. The department of highways shall promulgate regulations, standards, and priorities for the administration of

grants authorized in accordance with subdivision 1, and these regulations, standards, and priorities are to be developed in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B.

Subd. 3. Applications by counties and municipalities for grants for the funds provided for by subdivision 1 shall be made through regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Section 462.381 to 462.396 and Chapter 473B referred to in this section as regional planning agencies to the department of highways on forms requiring information prescribed by the regulations of the department of highways. The regional planning agency shall certify to the department of highways those applications which appear to meet the standards and criteria set forth by the department of highways and the regulations promulgated hereunder, and the department of highways shall direct grants to be disbursed on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the counties and municipalities sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the department ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the projects have complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 3. [PRINCIPAL ARTERIAL BONDS.] Subdivision 1. For the purpose of providing money appropriated to the counties and municipalities of the state from the principal arterial highway funds authorized by section 2 for the acquisition and betterment of public land and other improvement of a capital nature needed to provide adequate principal arterial highways, in accordance with section 2, when authorized by law and requested by the commissioner of highways, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state principal arterial bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such

form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state principal arterial funds, and the amounts necessary therefor are appropriated from those funds; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state principal arterial bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state principal arterial bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state principal arterial bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state principal arterial bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof

is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state principal arterial bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state principal arterial bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 4. [TRANSPORTATION BOND AUTHORIZATION AND APPROPRIATION.] The state auditor is authorized and directed, upon request of the director of the state planning agency, to issue and sell Minnesota state transportation bonds in accordance with the provisions of section 6 of this act, and Article IX, Section 6 of the Constitution, in an aggregate principal amount not to exceed \$80,000,000 which sum, or so much thereof as shall be required, is appropriated from the proceeds of the bonds to the Minnesota state transportation fund created in section 5, and shall be used, with any other money in that fund, solely for the purpose of providing money which is hereby appropriated from that fund to the director of the state planning agency for grants to subdivisions of the state, according to the definition of "subdivision" in section 5, subdivision 1, for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the provisions of section 5. This appropriation shall not lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement from the Minnesota state transportation fund shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the state planning agency. Grants appropriated pursuant to this section shall not exceed \$14,000,000 in any one fiscal year of the state of Minnesota.

Sec. 5. [MINNESOTA STATE TRANSPORTATION FUND.] Subdivision 1. A Minnesota state transportation fund is created as a separate bookkeeping account in the general books of account of the state, to record receipts of the proceeds of state bonds and any other money appropriated to the fund and grants disbursed from the fund to subdivisions of the state for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the long range state policies and purposes defined in subdivision 2, and in accordance with standards established in regulations to be adopted by the state planning agency pursuant to law, and to be prepared in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B, referred to in this section as "regional planning agencies", and in consultation with the "subdivisions" defined and referred to in this section. "Subdivisions" referred to in this section include the metropolitan transit commission created by Minnesota Statutes, Chapter 473A, and any other public body now or hereafter given power by law or a city charter to operate public transportation facilities in any defined area, and any city, village, or borough outside the area of operation of such a public body.

Subd. 2. It is the policy of the state to assist its subdivisions in providing, so far as possible, public transportation facilities in all urban areas within the state by providing state funding for public transportation capital improvements. The state planning agency and regional planning agencies are directed to prepare and revise annually a program of capital grants to subdivisions for specific projects which will implement this policy. Capital costs eligible to be paid from such grants shall include all expenses of the kinds enumerated in Minnesota Statutes, Section 475.65.

Subd. 3. The state planning agency shall promulgate regulations for the administration of grants authorized to be made from the fund.

Subd. 4. The regulations of the state planning agency shall provide that a high priority shall be given to applications from subdivisions which, because of limited tax base, excessive bonded indebtedness, or critical conditions of public transportation service, would face extreme financial hardship without assistance from the state transportation fund, and to applications for systems to serve more than one municipality.

Subd. 5. Applications by subdivisions for grants from the fund shall be made through regional planning agencies to the state planning agency, on forms requiring information prescribed by the regulations of the state planning agency. The regional agency shall certify to the state planning agency those applications which appear to meet the program of capital grants and the standards and criteria set forth by the state planning agency and the regulations promulgated hereunder, and the state

planning agency shall direct grants to be disbursed from the fund on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the subdivision sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the state planning agency ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the subdivision has complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 6. [MINNESOTA STATE TRANSPORTATION BONDS.] Subdivision 1. For the purpose of providing money appropriated to subdivisions of the state from the Minnesota state transportation fund for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed to provide adequate public transportation in urban areas in accordance with the provisions of section 5, when authorized by law and requested by the director of the state planning agency, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions of limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state transportation bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside this state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations, as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated

by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state transportation fund, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state transportation bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state transportation bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state transportation bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state transportation bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state transportation bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivi-

sions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. PROTEST AND DISSENT

Pursuant to Article IV, Section 16 of the Minnesota State Constitution, the undersigned request that the following protest and dissent be entered in the Journal of the House:

The entire 1973 Session of the Minnesota Legislature has been characterized by an alarming disregard for rules and procedures and an enthusiastic willingness to violate these rules whenever expediency was desired.

The Rules of the House were intended to protect the rights of the minority and to provide open and thoughtful consideration of important public matters. However, this session we have seen the rights of the minority ignored and the right of every member of this body to be free to express the feelings of their own conscience and constituents obfuscated. We protest this action.

Members of this body have been blatantly coerced by members of the Governor's staff, who were continuously permitted access to the floor of this chamber in violation of Rule 62. The illegal lobbying activity of these individuals was embraced by the

silence of the presiding officer of this body. We protest this inaction.

We protest the obvious violations of Rules 18 and 23 which not only prohibit discussion of the question while the yeas and nays are being taken, but prohibit members from remaining at the desk while a vote is in process.

The general decorum of this body has been reduced to perhaps the lowest level in the history of this state. We protest this.

The weak sometimes need the crutch of illegality to survive; however, the strong and fair need no such tool.

We, the undersigned, hereby give notice to the majority party of this body and the people of this state that any future measure passed by this body, during a time when overt acts of illegal lobbying by the Executive branch and others have taken place, will be contested in every possible way.

The Honorable Martin O. Sabo
Speaker of the House

Sir:

I am herewith returning without my signature House File No. 1293.

This bill would substantially reduce the minimum penalty for first degree murder in our state. First degree murder is premeditated murder, a deliberate, horrendous taking of human life. It is my firm belief that the sentence for such a crime should not be reduced.

This Legislature has created a full-time parole board, a major step toward improving the process of release and rehabilitation

of persons convicted of crimes. It is my hope that the experience of the new board will provide further insights into the question of sentences and release procedures for all crimes, in the interest of improving our parole procedures and protecting the safety of our citizens.

Sincerely,

WENDELL R. ANDERSON
Governor
