The lands described in the petition shall be those over which the proposed improvement passes or is located. For the purposes of this subdivision, holders of easements for electric or telephone transmission or distribution lines shall not be deemed freeholders or owners; or (2) a county board of any county affected; or (3) the governing body of any city, village, or borough lying wholly or partly within the area proposed to be improved. Provided, however, if the proposed project affects lands exclusively within a *county*, city, village or borough, the petition shall originate from the governing body of such *county*, city, village, or borough *provided that the requirement of a county; petition shall not apply to a watershed project in the metropolitan area.* Such petition shall contain the following:

- (1) A description of the work proposed, and the purpose to be accomplished;
- (2) A description of the lands over which the proposed improvement passes or is located;
- (3) A general description of the part of the district which will be affected, if less than the entire district;
- (4) The need and necessity for the proposed improvement;
- (5) That the proposed improvement will be conducive to public health, convenience, and welfare;
- (6) A statement that the petitioners will pay all costs and expenses which may be incurred in case the proceedings are dismissed or for any reason no contract for the construction thereof is let.

Sec. 10. Minnesota Statutes 1971, Section 112.48, Subdivision 3, is amended to read:

Subd. 3. Where an improvement is to be constructed within the district under an agreement between the managers and the state of Minnesota, or any department or agency thereof, or the United States of America, or any department or agency thereof, wherein the cost of the improvement is to be paid for in whole or in part by the governmental agency but the rights of way, and the expenses of the improvement are assumed by the district or where the managers are undertaking all or a portion of the basic

water management project as identified in the overall plan, the following procedure shall be followed. The managers shall hold a public hearing on the proposed improvement following publication once each week for two successive weeks prior to the date of the hearing in a legal newspaper, published in the county or counties in which a part or all of the affected waters and lands are located. The last publication shall occur not more than 30 days and at least ten days before the hearing. The notice shall state the time and place of hearing, the general nature of the proposed improvement, the estimated cost thereof and the method by which the cost of the improvement is to be paid, including the cost to be allocated to each affected municipal corporation or the state of Minnesota or any department thereof. Not less than ten days before the hearing, notice by mail shall be given to the director and to the municipal corporations wholly or partly within the improvement project area, but failure to give mailed notice or defects in the notice shall not invalidate the proceedings. At the time and place specified in the notice the managers shall hear all parties interested in the proposed project or improvement. If upon full hearing the managers find that the improvement will be conducive to public health and promote the general welfare, and is in compliance with the overall plan and the provisions of chapter 112, *and is in compliance with the plan of the regional development commission where one exists or the metropolitan council*, they shall make findings accordingly and authorize the project.

Sec. 11. Minnesota Statutes 1971, Section 394.25, is amended by adding a subdivision to read:

Subd. 9. A water and related land resources plan, adopted pursuant to the requirements of section 8, subdivision 3 of this act.

Sec. 12. *There is appropriated from the general fund in the state treasury to the department of natural resources the sum of \$75,000 to defray expenses of preparing and publishing the state water and related land resources plan pursuant to section 8 of this act."*

Strike the title and insert in lieu thereof:

"A bill for an act relating to water and related land resources planning; imposing certain duties in relation thereto on the governor, the Minnesota resources commission, the commissioner of natural resources, counties, municipalities, regional development commissions, the metropolitan council, the state planning agency, sanitary districts, watershed districts, lake conservation districts and soil and water conservation districts; setting the terms for state participation in state-federal river basin commissions; providing for the development of state, regional, and local water and related land resources plans; appropriating money; amending Minnesota Statutes 1971, Sections 105.485, Subdivision 3, and by adding a subdivision; 112.48, Subdivisions 1 and 3; 394.25, by adding a subdivision."

With the recommendation that when so amended the bill do pass and be re-referred to the Committee on Appropriations.

The report was adopted.

Mr. Munger from the Committee on Environmental Preservation and Natural Resources to which was referred:

H. F. No. 2069, A bill for an act relating to the establishment of a power plant site and transmission line route selection authority in the environmental quality council; appropriating money.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

Subd. 7. Construction shall be deemed to have started or commenced as a result of significant physical alteration of a site or route but not including activities incident to preliminary engineering or environmental studies.

Sec. 2. [SITING AUTHORITY.] Subdivision 1. [ESTABLISHMENT.] The Minnesota environmental quality council is hereby given the authority to provide for power plant site and transmission line corridor and route selection.

Sec. 3. [ADVANCE FORECASTING.] Every utility which owns or operates, or plans within the next 15 years to own or operate large electric power generating plants or high voltage transmission lines shall develop forecasts as specified in this section. On or before July 1 of each even-numbered year, every such utility shall submit a report of its forecast to the council. Such report may be appropriate portions of a single regional forecast or may be jointly prepared and submitted by two or more utilities and shall contain the following information:

(1) Description of the tentative regional location and general size and type of all large electric power generating plants and high voltage transmission lines to be owned or operated by such utility during the ensuing 15 years or such longer period as the council deems necessary;

(2) Identification of all existing generating plants and transmission lines projected to be removed from service during such 15 year period or upon completion of construction of such large electric power generating plants and high voltage transmission lines;

(3) Statement of the projected demand for electric energy for the ensuing 15 years and the underlying assumptions for this forecast, such information to be as geographically specific as possible where this demand will occur;

(4) Description of the capacity of the electric power system to meet such demands during the ensuing 15 years;

(5) Description of the utility's relationship to other utilities and regional associations, power pools or networks; and

(6) Other relevant information as may be requested by the council.

Sec. 4. [DEVELOPMENT OF POWER PLANT SITING AND TRANSMISSION LINE ROUTING CRITERIA; PUBLIC HEARINGS; INVENTORY.] Subdivision 1. [POLICY.] The legislature hereby declares it to be the policy of the state to site large electric power facilities in an orderly manner compatible with environmental preservation and the efficient use of resources. In accordance with this policy, the environmental quality council shall choose sites that minimize adverse human and environmental impact while insuring continuing electric power system reliability and integrity and insuring that electric energy needs are met and fulfilled in an orderly and timely fashion.

Subd. 2. [INVENTORY CRITERIA; PUBLIC HEARINGS.] The council shall promptly initiate a public planning process where all interested persons can participate in developing the criteria and standards to be used by the council in preparing an inventory of potential large electric power generating plan sites and high voltage transmission line corridors and to guide the site suitability evaluation and selection process. The participatory process shall include, but should not be limited to

public hearings. Before substantial modifications of the initial criteria and standards are adopted, additional public hearings shall be held. Such criteria and standards shall be promulgated on or before July 1, 1974.

Subd. 3. [INVENTORY OF POTENTIAL LARGE ELECTRIC POWER GENERATING PLANT SITES AND HIGH VOLTAGE TRANSMISSION LINE CORRIDORS.] On or before July 1, 1975, the council shall assemble and publish an inventory of potential large electric power generating plant sites and high voltage transmission line corridors. The inventory report of potential large electric power generating plant sites and high voltage transmission line corridors shall set forth the criteria and standards used in developing the potential site and corridor inventory. After completion of its initial inventory of potential sites and corridors, the council shall have a continuing responsibility to evaluate, update and publish its inventory and if, due to changed circumstances or information, a site or corridor is inconsistent with prescribed criteria or does not meet prescribed standards, such site or corridor shall be removed from the inventory of potential sites and corridors.

Sec. 5. [FACILITY DEVELOPMENT PLANS.] After publication by the council of its initial inventory of potential sites and corridors, and the criteria by which such sites and corridors were selected, every utility which owns or operates or plans within the next five years to start construction, own or operate large electric power generating plants or high voltage transmission lines shall develop and annually submit to the council its plans for facilities to meet and fulfill the expected future demands for electric energy during the period covered by such report. Such plans may be appropriate portions of a single regional plan or may be jointly prepared and submitted by two or more utilities, and shall contain the following information:

(1) Description of the general size and type of all large electric power generating plants and high voltage transmission lines to be owned and operated by such utility;

(2) Identification of all existing generating plants and transmission lines intended to be removed from service upon completion of construction of such large electric power generating plants and high voltage transmission lines;

(3) Identification of the location of the tentative preferred site and at least one alternative site for all large electric power generating plants, and the tentative preferred corridors and at least one alternative corridor for all high voltage transmission lines on which construction is intended to be commenced, and preliminary indication of the potential impact of the planned plants and lines on existing environmental values, and how potential adverse effects on such values will be avoided or minimized at least detriment to the public and to the total environment. Such site and corridor identification shall be made from the inventory published by the council pursuant to section 4 or from sites or corridors offered by the utility. In the event a util-

ity identifies a plant site or transmission line corridor not contained in the council's inventory of potential sites and corridors, the utility shall set forth the reasons for such identification and shall make an evaluation of such identified sites and corridors using the council's plant siting and routing criteria.

Sec. 6. [DESIGNATION OF SITES AND CORRIDORS; APPROVAL OF TRANSMISSION LINE ROUTES AND FACILITY CONSTRUCTION; EMERGENCY CERTIFICATION; RESPONSIBILITIES.] Subdivision 1. [DESIGNATION OF SITES AND CORRIDORS SUITABLE FOR SPECIFIC FACILITIES: REPORTS.] Following publication of the inventory of potential sites for large electric power generating plants or corridors for high voltage transmission lines and the submission of the five year development plans of the utilities, a utility must apply to the council in a form and manner prescribed by the council for designation of a specific site or corridor for a specific size and type of facility. No large electric power generating plant or high voltage transmission line shall be constructed except on a site or route designated by the council pursuant to this act. Following the study, evaluation and hearings, as provided in this section and sections 7, 8 and 9, on any site or corridor proposed by the utilities and such other sites and corridors as the council deems necessary from the inventory the council shall designate a suitable site or corridor for a specific size and type of facility. This designation by the council shall be made in accordance with the site selection criteria and standards established in section 4 and shall be made in a timely manner in a finding with reasons for such choice, and published no later than one year after the request for designation of a site by the utility or not later than 180 days after the request for designation of a corridor by the utility. The time for designation of a site may be extended for six months by the council for just cause. No site or corridor designation shall be made in violation of the site selection standards established in section 4. The council shall indicate the reasons for any refusal and indicate changes in size or type of facility necessary to allow siting in compliance with the standards. Upon designation of the site or corridor, the council shall issue to the utility a certificate of site compatibility.

Subd. 2. [APPROVAL OF SPECIFIC HIGH VOLTAGE TRANSMISSION LINE FACILITIES, DESIGNS AND ROUTES WITHIN A DESIGNATED CORRIDOR.] No later than two years after the issuance of a certificate of site compatibility the utility shall apply to the council for a permit for the construction of a high voltage transmission line within the approved corridor. Following study, evaluation and hearings on the type, design, routing, right-of-way preparation and facility construction as identified in the utility's application and alternatives to the utility's corridor development proposal as provided in subdivision 4, the council shall issue a permit for the construction of high voltage transmission lines within the designated corridor. This permit issuance by the council shall be made in a timely manner and published no later than 180 days after the application for a permit by the utility.

Subd. 3. [EMERGENCY CERTIFICATION.] Any utility whose electric power system requires the immediate construction of a large electric power generating plant or high voltage transmission line may make application to the council for an emergency certificate of site compatibility or permit for the construction of high voltage transmission lines, which certificate or permit shall be issued in a timely manner and published no later than 180 days of the application and upon a finding by the council that a demonstrable emergency exists which requires such immediate construction, and that adherence to the procedures and time schedules set forth in sections 3, 4, 5 and 6 hereof would jeopardize such utility's electric power system. A public hearing shall be held within 90 days of the application. The council shall, after notice and hearing, promulgate regulations setting forth the criteria for emergency certification.

Subd. 4. [RESPONSIBILITIES, PROCEDURES, CONSIDERATIONS IN DESIGNATING SITES AND CORRIDORS; APPROVAL OF TRANSMISSION LINE FACILITY CONSTRUCTION.] To facilitate the study, research, evaluation and designation of sites and corridors for large electric power generating plants and high voltage transmission lines and the approval of specific transmission line facilities and their routes the council shall be guided by, but not limited to, the following responsibilities, procedures, and considerations:

(1) Evaluation of research and investigations relating to the effects on land, water and air resources of large electric power generating plants and high voltage transmission line corridors and routes and the effects of water and air discharges from such plants on public health and welfare, vegetation, animals, materials and aesthetic values, including base line studies, predictive modeling, and monitoring of the water and air mass at proposed sites and sites of operating large electric power generating plants, evaluation of new or improved methods for minimizing adverse impacts of water and air discharges and other matters pertaining to the effects of power plants on the water and air environment;

(2) Environmental evaluation of large electric power generating plant sites and high voltage transmission line corridors and routes proposed for future development and expansion and their relationship to the land, water, air and human resources of the state;

(3) Evaluation of the effects of new electric power generation and transmission technologies and systems related to power plants designed to minimize adverse environmental effects;

(4) Evaluation of the potential for beneficial uses of waste energy from proposed large electric power generating plants;

(5) Analysis of the direct and indirect economic impact of proposed large electric power generating plants and high voltage transmission lines;

(6) Evaluation of adverse direct and indirect environmental effects which cannot be avoided should the proposed site and transmission line corridor or route be accepted;

(7) Evaluation of alternatives to the proposed site and transmission line corridors and routes;

(8) Evaluation of irreversible and irretrievable commitments of resources should the proposed site and transmission line corridor or route be approved;

(9) Where appropriate, consideration of problems raised by other state and federal agencies and local entities.

(10) Where rules and regulations of the council as set forth in this act are substantially similar to existing rules and regulations of a federal agency to which the utility in the state is subject, the federal rules and regulations shall be applied by the council.

Sec. 7. [PUBLIC HEARINGS; NOTICE.] The council shall hold an annual public hearing at a time and place prescribed by regulation in order to afford interested persons an opportunity to be heard regarding its inventory of potential sites and corridors and any other aspects of the council's activities and duties or the policies set forth in this act. The council shall hold at least one public hearing in each county where a site or route is being considered for designation pursuant to section 6 as suitable for construction of a large electric power generating plant or a high voltage transmission line. Notice of public hearings shall be given by the council at least ten days in advance but no earlier than 45 days prior to such hearings. Notice shall be by publication in a legal newspaper of general circulation in the county in which the public hearing is to be held and by mailed notice to chief executives of the regional councils, county and the incorporated municipalities therein.

Sec. 8. Subdivision 1. [ADVISORY COMMITTEE.] The council shall appoint one or more advisory committees to assist it in carrying out its duties. Committees appointed to evaluate plant sites or transmission line corridors considered for designation shall be comprised of as many persons as may be designated by the council, but shall include a majority of public representatives; at least one representative from each of the following: A public or municipally owned utility, a private investor owned utility and a cooperatively owned utility; one representative from the regional council and one from each county and municipal corporation in which a large electric power generating plant site and high voltage transmission line corridor are proposed to be located. Reimbursement for expenses incurred shall be made pursuant to the rules governing state employees.

Subd. 2. [OTHER PUBLIC PARTICIPATION.] The council shall adopt broad spectrum citizen participation as a principal of operation. The form of public participation shall not be limited to public hearings and advisory committees and shall

be consistent with the council's rules, regulations and guidelines as provided for in section 15 of this act.

Sec. 9. [PUBLIC MEETINGS; TRANSCRIPT OF PROCEEDINGS; WRITTEN RECORDS.] Meetings of the council, including hearings, shall be open to the public. Minutes shall be kept of council meetings and a complete record of public hearings shall be kept. All books, records, files, and correspondence of the council shall be available for public inspection at any reasonable time.

Sec. 10. Subdivision 1. [REGIONAL, COUNTY AND LOCAL ORDINANCES, RULES, REGULATIONS; PRIMARY RESPONSIBILITY AND REGULATION OF SITE DESIGNATION, IMPROVEMENT AND USE.] To assure the paramount and controlling effect of the provisions herein over other state agencies, regional, county and local governments, and special purpose government districts, the issuance of a certificate of site compatibility or transmission line construction permit and subsequent purchase and use of such site or route locations for large electric power generating plant and high voltage transmission line purposes shall be the sole site approval required to be obtained by the utility. Such certificate or permit shall supersede and preempt all zoning, building, or land use rules, regulations, or ordinances promulgated by regional, county, local and special purpose government.

Subd. 2. [FACILITY LICENSING.] Notwithstanding anything herein to the contrary, utilities shall obtain state permits that may be required to construct and operate large electric power generating plants and high voltage transmission lines. A state agency in processing a utility's facility permit application shall be bound to the decisions of the council, with respect to the site designation for the large electric power generating plant or the corridor or route designation for the high voltage transmission line, and with respect to other matters for which authority has been granted to the council by this act.

Subd. 3. [STATE AGENCY PARTICIPATION.] State agencies authorized to issue permits required for construction or operation of large electric power generating plants or high voltage transmission lines shall participate in and present the position of the agency at public hearings and all other activities of the council on specific site, corridor or route designations of the council, which position shall clearly state whether the site, corridor, or route being considered for designation or permit approval for a certain size and type of facility will be in compliance with state agency standards, regulations or policies. No site or route shall be designated which violates state agency regulations.

Sec. 11. [IMPROVEMENT OF ACQUIRED LARGE ELECTRIC POWER GENERATING PLANT SITES AND HIGH VOLTAGE TRANSMISSION LINE ROUTE LOCATIONS.] Utilities which have acquired a power plant site or transmission line route in accordance with this act may proceed to construct or improve such site or route for the intended purposes at any

time, subject to section 10, subdivision 2, provided that if such construction and improvement commences more than four years after a certificate or permit for the site or route has been issued then the utility must certify to the council that such site or route continues to meet the conditions upon which the certificate of site compatibility or transmission line construction permit was issued.

Sec. 12. [EMINENT DOMAIN POWERS; RIGHT OF CONDEMNATION.] Nothing herein shall abrogate or invalidate the right of eminent domain vested in utilities by statute or common law existing as of the effective date of this act. Such right of eminent domain shall continue to exist for utilities and may be used according to law to accomplish any of the purposes and objectives of this act.

Sec. 13. [FAILURE TO ACT.] In the event the council fails to designate in a timely manner large electric power generating plant sites and high voltage transmission line corridors or routes as provided for herein, any affected utility may seek an order of the district court requiring the council to designate a site, corridor, or route.

Sec. 14. [JUDICIAL REVIEW.] Any utility, party or person aggrieved by the issuance of a certificate or emergency certificate of site compatibility or transmission line construction permit from the council or a certification of continuing suitability filed by a utility with the council or by a final order in accordance with any rules and regulations promulgated by the council, may appeal therefrom to any district court where such large electric power generating plant or high voltage transmission line is to be located. Such appeal shall be made and perfected within 60 days after the issuance of the certificate or permit by the council or certification filed with the council or the filing of any final order by the council. The notice of appeal to the district court shall be filed with the clerk of the district court and a copy thereof mailed to the council and affected utility. Any utility, party or person aggrieved by a final order or judgment rendered on appeal to the district court may appeal therefrom to the supreme court in the manner provided in civil action.

Sec. 15. [RULES AND REGULATIONS.] The council, in order to give effect to the purposes of this act, shall adopt rules and regulations consistent with this act, including promulgation of plant siting and transmission line routing criteria, the description of the information to be furnished by the utilities, establishment of minimum guidelines for public participation in the development, revision, and enforcement of any regulation, plan or program established by the council. Minnesota Statutes, Chapter 15, shall apply to the appeal of rules and regulations adopted by the council to the same extent as it applies to review of rules and regulations adopted by any other agency of state government.

Sec. 16. [SAVINGS CLAUSE.] The provisions of this act shall not apply to the site for the large electric power generating

plant evaluated and recommended by the governor's environmental quality council, prior to the date of enactment, and also to high voltage transmission lines, the construction of which will commence prior to July 1, 1974; provided, however, that within 90 days following the date of enactment, the affected utility shall file with the council a written statement identifying such transmission lines, their planned location, and the estimated date for commencement of construction.

Sec. 17. [ENFORCEMENT, PENALTIES.] Subdivision 1. Any person who violates this act or any rule or regulation promulgated hereunder, or knowingly submits false information in any report required by this act shall be guilty of a misdemeanor for the first offense and a gross misdemeanor for the second and each subsequent offense. Each day of violation shall constitute a separate offense.

Subd. 2. The provisions of this act or any rules or regulations promulgated hereunder may be enforced by injunction, action to compel performance or other appropriate action in the district court of the county wherein the violation takes place. The attorney general shall bring any action under this subdivision upon the request of the council.

Subd. 3. When the court finds that any person has violated this act, any rule or regulation hereunder, knowingly submitted false information in any report required by this act or has violated any court order issued under this chapter, the court may impose a civil penalty of not more than \$10,000 for each violation. These penalties shall be paid to the general fund in the state treasury.

Sec. 18. [BIENNIAL REPORT; BUDGET; APPROPRIATION; FUNDING.] Subdivision 1. The council shall prepare and submit to the legislature biennially a report of its power plant and transmission siting operations, activities, findings, recommendations, and undertakings. The report shall also contain information on the council's biennial expenditures, its proposed budget for the following biennium, and the amounts paid in certificate and permit application fees pursuant to subdivision 2 and in assessments pursuant to subdivision 3. The proposed budget for the following biennium shall be subject to legislative review.

Subd. 2. Every applicant for a site certificate or transmission line construction permit shall pay to the council a fee in an amount equal to \$500 for each \$1,000,000 of production or transmission plant investment in the proposed installation as defined in the Federal Power Commission Uniform System of Accounts. However, the fee shall not be less than \$5,000 for each application. The council shall specify the time and manner of payment of the fee. If any single payment requested by the council is in excess of 25 percent of the total estimated fee, the council shall show that such excess is reasonably necessary. The applicant shall pay within 30 days of notification such additional fees as are reasonably necessary for completion of the plant site, trans-

mission line corridor or route evaluation and selection process by the council. In no event shall the total fees required of the applicant under this subdivision exceed an amount equal to 0.001 of said production or transmission plant investment (\$1,000 for each \$1,000,000). All money received pursuant to this subdivision shall be deposited in the general fund. So much money as is necessary is annually appropriated from the general fund to pay expenses incurred in processing applications for certificates or permits in accordance with the provisions of this act and in the event such expenses are less than the fee paid, to refund the excess to the applicant.

Subd. 3. The council shall finance its base line studies, general environmental studies, development of criteria, inventory preparation and all other work, other than specific site, corridor, and route selection, from an assessment made annually by the council against all utilities. Each share shall be determined as follows: (1) the ratio that the annual retail kilowatt-hour sales in the state of each utility bears to the annual total retail kilowatt-hour sales in the state of all such utilities, multiplied by 0.667, plus (2) the ratio that the annual gross revenue from retail kilowatt-hour sales in the state of each utility bears to the annual total gross revenues from retail kilowatt-hour sales in the state of all such utilities, multiplied by 0.333, as determined by the council. Such assessment shall be credited to the general fund and shall be paid to the state treasury within 30 days after receipt of the bill, which shall constitute notice of said assessment and demand of payment thereof. The total amount which may be assessed to the several utilities under authority of this subdivision shall not exceed the annual budget of the council for carrying out the purposes of this subdivision.

Subd. 4. There is hereby appropriated to the environmental quality council from the general fund in the state treasury \$500,000 for the biennium ending June 30, 1975, as the budget for carrying out the provisions of subdivision 3 of this section.

address, the voter shall (PRESENT THE NOTICE IN PERSON AT) so notify the office of the (COMMISSIONER) county auditor and have the same corrected. Failure to do so or the return of the notice by the post-office to the (COMMISSIONER) county auditor shall be sufficient evidence to justify a challenge of his vote at an election, which challenge shall be signed by the (COMMISSIONER) county auditor. Upon the return by the post-office of any such notice, the (COMMISSIONER) county auditor shall direct a deputy or clerk in his office to personally ascertain the name and address of any such voter; and, if such voter is found to have removed from the address recorded in the original registration file, the (COMMISSIONER) county auditor shall cause to be affixed to the duplicate registration file card of the voter the word "challenged." Upon receipt of such report, the (COMMISSIONER) *auditor* shall examine the original and duplicate registration files; and, if such examination discloses that any of the persons named in such report as being under guardianship of the person, or as adjudged incompetent or a psychopathic personality, is registered, the (COMMISSIONER) *auditor* shall remove the registration cards of such persons from the active files; and upon notice from the judge of probate of a restoration to capacity, the (COMMISSIONER) *auditor* shall then process the person's registration card in the same manner as if no guardianship or adjudication had occurred.

The new board shall consist of nine members. In its initial composition, membership shall consist of (1) three psychologists whose qualifications shall be not less than those specified in section 4, subdivision 4, (2) three psychologists whose qualifications shall be those specified in section 4, subdivision 5, (3) two doctoral level psychologists, not neces-*

Subd. 4. The board shall annually report in writing to the governor. Such reports shall include the names of all psychologists to whom licenses have been granted as provided in sections 4 and 5, and as well as any cases heard and decisions rendered; recommendations as to future policies, rules, and regulations; the names, remuneration, and duties of its employees; and an account of all moneys received and expended by it.

Sec. 4. [REQUIREMENTS OF LICENSES.] Subdivision 1. The board of examiners may grant licenses for two levels of psychological practice. The persons so licensed are to be known and are hereafter referred to as (a) licensed consulting psychologist and (b) licensed psychologist, or if both levels are referred to, as licensee.

chology. This examination shall be given at least once each year, at such time and place and under such supervision as the board prescribes.

Subd. 3. Each applicant shall pay a nonrefundable application fee set by the board. The licenses granted hereunder shall be valid for a period of two years from date of issuance, but may be renewed biennially. The fee for such renewal, which shall not exceed \$50, shall be set by the board.

Subd. 4. To become a licensed consulting psychologist a person must fulfill and comply with the requirements of subdivision 2 and satisfy the board that he:

(1) Is at least 21 years of age;

(2) Is of good moral character and is not found to be engaging in unethical practices as defined within the code of ethics adopted pursuant to section 11;

(3) Otherwise fulfilled and complied with subdivisions 2 and 4, clauses (1) and (2).

Sec. 5. [WAIVERS.] Subdivision 1. For a period of two years from the effective date of this act the board shall waive the requirements of section 4, subdivision 2, and grant the appropriate license to any person who meets or has met the requirements of section 4, subdivisions 3, and 4, or 5, who is qualified by experience to practice at the appropriate level of psychology, and who has engaged in such practice of a nature satisfactory to the board for at least two years or its equivalent, within five years prior to the effective date of this act.

Subd. 2. The board may grant a license without an examination to any person who at the time of application is licensed or certified by a similar board of another state whose standards, in the judgment of the board, are not lower than those required by this act at the time he was licensed or certified in said state; or who is a diplomate of the American board of professional psychology.

Subd. 3. The board may grant a license as a consulting psychologist without an examination to any person residing in the state who has applied for said license on or before a date two years after the effective date of this act and who fulfills and complies with section 4, subdivisions 3, 4, clauses (1) and (2), and 5, clause (1), and who has had at least ten years experience of a type satisfactory to the board.

Sec. 6. [LIMITATION.] A licensed psychologist may engage in private practice only in collaboration with a licensed consulting psychologist in his field of practice or with a licensed physician especially qualified in the diagnosis and treatment of mental illness. It shall be unlawful for any licensed psychologist or licensed consulting psychologist to divide fees with, or to pay a commission to, or to pay a referral fee to any other person who calls him in consultation or sends clients to him for psychological services as defined in this act, provided that payment of a fee for collaborative services performed is not prohibited by this section.

Sec. 7. [REVIEW.] Any action of, or ruling, or order made or entered by the board declining to issue a license or recommending suspension or revocation of a license shall be subject to review under the procedures of the Minnesota administrative procedures act and subject to the same powers and conditions as now provided by law in regard to rulings, orders and findings of other quasijudicial bodies in Minnesota, where not otherwise specifically provided.

Sec. 8. [SUSPENSION AND REVOCATION.] Subdivision 1. The license of any consulting psychologist or psychologist may be suspended or revoked by the board upon proof that he has been guilty of unprofessional conduct as defined by the rules established by the board or has violated the code of ethics adopted by the board.

Subd. 2. No license shall be suspended or revoked or reprimand issued until after a hearing before the board. A notice of at least 30 days shall be served upon the licensee charged, either personally or by registered mail, stating the time and place of the hearing and setting forth the ground or grounds constituting the charges against him. The licensee is entitled to be heard in his defense and by counsel and may produce testimony and may testify in his own behalf. A record of the hearing shall be taken and presented. The hearing may be adjourned as necessary. If the licensee fails or refuses to appear, the board may proceed to hear and determine the charges in his absence. If he pleads guilty, or if upon hearing the charges, five members of the board find them to be true, the board may enter an order suspending or revoking the license or reprimanding him, as the case may be. The board shall record its findings and orders in writing.

(2) The board, through its chairman or vice chairman, may compel the attendance of witnesses and the production of physical evidence before it from witnesses upon whom process is served anywhere within the state as in civil cases in the district

court by subpoena issued over the signature of the chairman or vice chairman and the seal of the board. Upon request by an accused licensee and statement under oath that the testimony or evidence is reasonably necessary to his defense, the subpoena shall be served out of the district courts in this state and returned as a return in such case is made. If a person refuses to attend in obedience to such subpoena, or refuses to be sworn or examined or answer any legally proper questions propounded by any member of said board of any attorney or licensee upon permission from said board, such person shall be guilty of a misdemeanor.

(3) Any person who feels aggrieved by reason of the suspension or revocation of his license or of the reprimand may file suit in the district court within 30 days after receiving notice of the boards' order to annul or vacate that order. The suit shall be filed against the board as defendant, and shall be tried by the court without a jury and shall be a trial de novo. The judgment of the district court may be appealed to the supreme court in the same manner as other civil cases.

(4) For reasons it deems sufficient and upon a vote of five of its members, the board may restore a license which has been revoked, reduce a period of suspension or withdraw a reprimand.

Sec. 9. [PRESENTATION TO PUBLIC.] No individual shall present himself or be presented to the public by any title incorporating the word "psychological," "psychologist," or "psychology" other than those so licensed by this act; except that:

(1) Any psychologically trained individual employed by educational institutions recognized by a regional accrediting organization, federal, state, county, or local governmental institutions, agencies, or research facilities may represent himself by the academic or research title designated by that organization;

(2) Any individual from such recognized institutions, as given in clause (1), may offer lecture services and be exempt from the provisions of this section; and

(3) Persons preparing for the profession of psychologist under qualified supervision in recognized training institutions or facilities may be designated by such titles as "psychological intern," "psychological trainee," or others clearly indicating such training status.

Sec. 10. [PENALTIES.] Subdivision 1. Any person who willfully holds himself out to the public as being engaged in the practice of psychology, such as clinical, industrial, school, personnel, social, or counseling psychology and is not licensed under the provisions of this act, is guilty of a misdemeanor.

Subd. 2. The unlawful practice of psychology as defined in this act may be enjoined by district court of the state of Minnesota on petition by the board. In any such proceeding it shall not be necessary to show that any person is individually injured by the actions complained of. If the respondent is found guilty of

the unlawful practice of psychology, the court shall enjoin him from so practicing unless and until he has been duly licensed. Procedure in such cases shall be the same as in any other injunction suit. The remedy by injunction hereby given is in addition to criminal prosecution and punishment.

Subd. 3. (1) Nothing in this act shall be construed to limit the professional pursuits consistent with their training and code of ethics of professions such as teachers in recognized public and private schools, clergymen, physicians, social workers, or optometrists or attorneys. However, in such performance any title used must be in accord with section 9.

(2) Persons preparing for the profession of psychology may perform as a part of their training any functions specified in section 2, but only under qualified supervision.

(3) Use of psychological techniques by business and industrial organizations for their own personnel purposes or by employment agencies or state vocational rehabilitation agencies for the evaluation of their own clients prior to recommendation for employment is also specifically allowed. However, no representative of an industrial or business firm or corporation may sell or offer for sale any psychological services as specified in section 2 unless such services are performed or supervised by individuals licensed under this act.

Subd. 4. Nothing in this act is to be construed as restricting a sociologist who holds a doctoral degree in sociology or social psychology awarded by an accredited institution, and who elects to represent himself to the public by the title "social psychologist" and who has notified the board of his intention to represent himself as such.

Subd. 5. A psychological consultant who is not a resident of the state of Minnesota, but is licensed or certified by a similar board of another state whose standards, in the judgment of the board, are not lower than those required by this act at the time he was licensed or certified in said state or who meets the requirements of section 4, subdivision 4, and resides in a state which does not grant certification or licenses to psychologists may offer professional services in this state for no more than 60 days in any calendar year without holding a license under this act, provided that such persons shall report to the board the nature and extent of their practice in this state if it exceeds 12 days in any calendar year.

Subd. 6. Nothing in this act shall be construed to authorize a person licensed under this act to engage in the practice of any other profession licensed under Minnesota law unless he is duly licensed in that profession.

Sec. 11 [CODE OF ETHICS.] *The board of examiners shall adopt a code of ethics to govern appropriate practices or behavior, as referred to in section 2. The board of examiners*

shall file such code with the secretary of state at least 30 days prior to the effective date of such code. This code of ethics shall include, but not be limited to, the following principles:

(1) The psychologist recognizes the boundaries of his competence and the limitation of his techniques and does not offer services or use techniques that fail to meet professional standards established in particular fields.

(2) The psychologist who engages in practice assists his client in obtaining professional help for all important aspects of his problem that fall outside the boundaries of the psychologist's competence.

(3) A psychologist does not claim either directly or by implication professional qualifications that differ from actual qualifications, nor does he misrepresent his affiliation with any institution, organization, or individual, nor lead others to assume he has affiliations that he does not have.

Sec. 12. [FEES APPROPRIATED TO USE OF BOARD.]
Subdivision 1. All fees charged and collected by the board shall be deposited by it in the state treasury to the credit of the board. All such moneys are hereby appropriated to be used by the board in carrying out the provisions of this act, including the payment of salaries of the members of the board and its secretary, clerks, and assistants and the money credited to the board shall remain therein. The state auditor shall draw his warrant on such moneys from time to time in favor of the board for amounts expended or lawfully incurred by the board or its duly authorized agents, and the state treasurer shall pay the same. The expenditures of the board may be paid only from such moneys. Semiannually the secretary of the board shall certify to the state treasurer, the total amounts of the receipts and the expenditures of the board for the six months preceding.

Subd. 2. All moneys credited and appropriated to the state board of examiners of psychologists created pursuant to Laws 1971, Chapter 672, shall be transferred, on the effective date of this act, to the credit of and appropriated for the use of the board of examiners created under this act.

Sec. 9. Minnesota Statutes 1971, Chapter 256B, is amended by adding a section to read:

[256B.31] [HEALTH CARE FACILITIES; REIMBURSEMENT FOR WELFARE PATIENTS AND RESIDENTS; INCENTIVE PROGRAM.] *Subdivision 1.* [PAYMENT FOR RESIDENTS AND PATIENTS.] *The commissioner of public welfare is required to pay facilities required to be licensed under the provisions of sections 144.50 to 144.58 for the care of welfare residents and patients in an amount sufficient to cover at least the actual cost of resident and patient care insofar as permitted by federal law. In addition, the commissioner of public welfare shall pay to each facility an additional amount equal to at least ten percent of actual cost of resident and patient care insofar as permitted by federal law. 2. *As to facilities purchased after December 31, 1972, or, at the owner's option, as to facilities purchased before December 31, 1972, the value for determining costs of a facility shall be the actual market value as determined by appraisal or by comparable sales. Any amounts in excess of said market value shall be deemed goodwill and not reimbursable to the provider; and*

3. For reimbursement purposes depreciation shall be calculated as beginning on January 1, 1973; and
4. Rents and other charges and costs of leases entered in an arms-length transaction shall be allowed.

Subd. 3 [ALTERNATE REIMBURSEMENT PRINCIPLES.] The commissioner of public welfare is encouraged to investigate and use alternative methods of reimbursement consistent with providing reimbursement in an amount at least as much as in subdivision 1. Alternative methods should be directed toward reducing administrative expense and paying for quality care. Such alternative method should include a negotiated rate system, unit of service purchases, and similar methods.

Subd. 4 [INCENTIVE PROGRAM.] The commissioner of public welfare in consultation with the state board of health shall promulgate regulations under the administrative procedures act providing for financial incentives for quality care offered by facilities required to be licensed under the provisions of sections 144.50 to 144.58 to welfare residents and patients in excess of minimal care requirements required by law.

H. F. No. 1144, A bill for an act relating to health; establishing a health maintenance commission and prescribing its powers and duties; authorizing the establishment of health maintenance organizations and prescribing powers and duties; and providing penalties.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [SHORT TITLE AND PURPOSE.] Subdivision 1. Sections 1 to 31 may be cited as the "health maintenance act of 1973".

Subd. 2. (a) Faced with the continuation of mounting costs of health care coupled with its inaccessibility to large segments of the population, the legislature has determined that there is a need to explore alternative methods for the delivery of health care services, with a view toward achieving greater efficiency and economy in providing these services.

(b) It is, therefore, the policy of the state to eliminate the barriers to the organization, promotion, and expansion of health maintenance organizations; to provide for their regulation by the state board of health; and to exempt them from the operation of the insurance and nonprofit health service plan corporation laws of the state except as hereinafter provided.

(c) It is further the intention of the legislature to closely monitor the development of health maintenance organizations in order to assess their impact on the costs of health care to consumers, the accessibility of health care to consumers, and the quality of health care provided to consumers.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of this act, unless the context clearly indicates otherwise, the terms defined in this section shall have the meaning here given them.

Subd. 2. "Commissioner" means the commissioner of insurance or his designee.

Subd. 3. "Board" means the state board of health or its designee.

Subd. 4. "Health maintenance organization" means a non-profit corporation organized under Minnesota Statutes, Chapter 317, controlled and operated as provided in this act, which provides, either directly or through arrangements with providers or other persons, comprehensive health maintenance services, or arranges for the provision of such services, to enrollees on the basis of a fixed prepaid sum without regard to the frequency or extent of services furnished to any particular enrollee.

Subd. 5. "Evidence of coverage" means any certificate, agreement or contract issued to an enrollee which sets out the coverage to which he is entitled under the health maintenance contract which covers him.

Subd. 6. Subd. 7. "Comprehensive health maintenance services" means a set of comprehensive health services which the enrollees might reasonably require to be maintained in good health including as

a minimum, but not limited to, emergency care, inpatient hospital and physician care, outpatient medical services and preventive medical services.

Subd. 8. "Health maintenance contract" means any contract whereby a health maintenance organization, or its representative, agrees to provide comprehensive health maintenance services to enrollees, provided that the contract may contain reasonable enrollee copayment provisions. Any contract may provide for health care services in addition to those set forth in subdivision 7.

Sec. 3. [ESTABLISHMENT OF HEALTH MAINTENANCE ORGANIZATIONS.] Subdivision 1. Notwithstanding any law of this state to the contrary, any nonprofit corporation organized to do so may apply to the board for a certificate of authority to establish and operate a health maintenance organization in compliance with this act. No person shall establish or operate a health maintenance organization in this state, nor sell or offer to sell, or solicit offers to purchase or receive advance or periodic consideration in conjunction with a health maintenance organization or health maintenance contract unless such organization has a certificate of authority under this act.

Subd. 2. Every group operating a health maintenance organization on the effective date of this act shall submit an application for a certificate of authority, as provided in subdivision 4, within 90 days of the effective date of this act. Each such applicant may continue to operate until the board acts upon the application. In the event that an application is denied, the applicant shall henceforth be treated as a health maintenance organization whose certificate of authority has been revoked.

Subd. 3. The board may require any person providing physician and hospital services with payments made in the manner set forth in section 2, subdivision 4, to apply for a certificate of authority under this act. Any person directed to apply for a certificate of authority shall be subject to the provisions of subdivision 2.

Subd. 4. Each application for a certificate of authority shall be verified by an officer or authorized representative of the applicant, and shall be in a form prescribed by the board. Each application shall include the following:

(f) A copy of the form of each individual or group health maintenance contract which is to be issued to enrollees or their representatives;

(g) Financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent certified financial statement may be deemed to satisfy this requirement;

(h) (1) A description of the proposed method of marketing the plan, (2) a schedule of proposed charges, and (3) a financial plan which includes a three year projection of the expenses and income and other sources of future capital;

(i) A statement reasonably describing the geographic area or areas to be served and the type or types of enrollees to be served;

(j) A description of the complaint procedures to be utilized as required under section 11;

Subdivision 1. Upon receipt of an application for a certificate of authority, the board shall determine whether the applicant for a certificate of authority has:

(a) Demonstrated the willingness and potential ability to assure that health care services will be provided in such a manner as to enhance and assure both the availability and accessibility of adequate personnel and facilities;

(b) Arrangements for an ongoing evaluation of the quality of health care;

(c) A procedure to develop, compile, evaluate, and report statistics relating to the cost of its operations, the pattern of utilization of its services, the quality, availability and accessibility of its services, and such other matters as may be reasonably required by regulation of the board;

(d) Reasonable provisions for emergency and out of area health care services;

(e) Demonstrated that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the board may consider:

(1) The financial soundness of its arrangements for health care services and the proposed schedule of charges used in connection therewith;

(2) The adequacy of its working capital;

(3) Arrangements which will guarantee for a reasonable period of time the continued availability or payment of the cost of health care services in the event of discontinuance of the health maintenance organization; and

(4) Agreements with providers for the provision of health care services.

(f) Demonstrated that it will assume full financial risk on a prospective basis for the provision of comprehensive health maintenance services, including hospital care; provided, however, that the requirement in this subparagraph (f) shall not prohibit a health maintenance organization from obtaining insurance or making other arrangements (i) for the cost of providing to any enrollee comprehensive health maintenance services, the aggregate value of which exceeds \$5,000 in any

year, (ii) for the cost of providing comprehensive health care services to its members while they are outside the area served by the organization, or (iii) for not more than 95 percent of the amount by which the health maintenance organization's costs for any of its fiscal years exceed 105 percent of its income for such fiscal years.

(g) Otherwise met the requirements of this act.

Subd. 2. Within 90 days after the receipt of the application for a certificate of authority, the board shall determine whether or not the applicant meets the requirements of this section. If the board determines that the applicant meets the requirements of this act, it shall issue a certificate of authority to the applicant. If the board determines that the applicant is not qualified, it shall so notify the applicant and shall specify the reason or reasons for such disqualification.

Subd. 3. Except as provided in section 3, subdivision 2, no person who has not been issued a certificate of authority shall use the words "health maintenance organization" or the initials "HMO" in its name, contracts or literature. Provided, however, that persons who are operating under a contract with, operating in association with, enrolling enrollees for, or otherwise authorized by a health maintenance organization licensed under this act to issue health maintenance contracts or evidences of coverage may use the terms "health maintenance organization" or "HMO" for the limited purpose of denoting their association or relationship with the authorized health maintenance organization. No health maintenance organization which has a minority of consumers as members of its board of directors shall use the words "consumer controlled" in its name or in any way represent to the public that it is controlled by consumers.

Sec. 5. [POWERS OF HEALTH MAINTENANCE ORGANIZATIONS.] Subdivision 1. Any nonprofit corporation may, upon obtaining a certificate of authority as required in this act, operate as a health maintenance organization.

Subd. 2. A health maintenance organization may enter into health maintenance contracts in this state and engage in any other activities consistent with this act which are necessary to the performance of its obligations under such contracts or authorize its representatives to do so.

Subd. 3. A health maintenance organization may contract with providers of health care services to render the services the health maintenance organization has promised to provide under the terms of its health maintenance contracts, and may contract with insurance companies and nonprofit health service plan corporations for insurance, indemnity or reimbursement against the cost of health care services provided for enrollees or against the risks incurred by the health maintenance organization.

Subd. 4. A health maintenance organization may contract with other persons for the provision of services, including, but not limited to, managerial and administration, marketing and enrolling, data processing, actuarial analysis, and billing ser-

vices. If contracts are made with insurance companies or non-profit health service plan corporations, such companies or corporations must be authorized to transact business in this state.

Subd. 5. Each health maintenance organization authorized to operate under this act, or its representative, may accept from governmental agencies, private agencies, corporations, associations, groups, individuals, or other persons payments covering all or part of the cost of health care services provided to enrollees. Any recipient of medical assistance, pursuant to Minnesota Statutes, Chapter 256B, may join a health maintenance organization which has been approved for medical assistance by the commissioner of public welfare.

Sec. 6. [GOVERNING BODY.] Subdivision 1. The governing body of any health maintenance organization may include enrollees, providers, or other individuals; provided, however, that after a health maintenance organization has been authorized under this act for one year at least 40 percent of the governing body shall be composed of consumers elected from among the enrollees.

Subd. 2. The governing body shall establish a mechanism to afford the enrollees an opportunity to express their opinions in matters of policy and operation through the establishment of advisory panels, by the use of advisory referenda on major policy decisions, or through the use of other mechanisms as may be prescribed or permitted by the board.

Sec. 7. [EVIDENCE OF COVERAGE.] Subdivision 1. Every enrollee residing in this state is entitled to evidence of coverage under a health care plan. The health maintenance organization or its designated representative shall issue the evidence of coverage.

Subd. 2. No evidence of coverage or amendment thereto shall be issued or delivered to any person in this state until a copy of the form of the evidence of coverage or amendment thereto has been filed with the board pursuant to sections 3 or 8.

Subd. 3. An evidence of coverage shall contain:

(a) No provisions or statements which are unjust, unfair, inequitable, misleading, deceptive, or which are untrue, misleading or deceptive as defined in section 12, subdivision 1; and

(b) A clear, concise and complete statement of:

(1) The health care services and the insurance or other benefits, if any, to which the enrollee is entitled under the health care plan;

(2) Any exclusions or limitations on the services, kind of services, benefits, or kind of benefits, to be provided, including any deductible or copayment feature;

(3) Where and in what manner information is available as to how services, including emergency and out of area services, may be obtained;

(4) The total amount of payment and copayment, if any, for health care services and the indemnity or service benefits, if any, which the enrollee is obligated to pay with respect to individual contracts, or an indication whether the plan is contributory or noncontributory with respect to group certificates; and

(5) A description of the health maintenance organization's method for resolving enrollee complaints.

Subd. 4. Any subsequent approved change in an evidence of coverage shall be issued to each enrollee.

Sec. 8. [ANNUAL REPORT.] Subdivision 1. A health maintenance organization shall, unless otherwise provided for by regulations adopted by the board, file notice with the board prior to any modification of the operations or documents described in the information submitted under clauses (a), (b), (e), (f), (i), (j), (k), (l), and (m) of section 3, subdivision 4. If the board does not disapprove of the filing within 30 days, it shall be deemed approved and may be implemented by the health maintenance organization.

Subd. 2. Every health maintenance organization shall annually, on or before March 1, file a verified report with the board covering the preceding calendar year.

Subd. 3. Such report shall be on forms prescribed by the board, and shall include:

(a) A financial statement of the organization, including its balance sheet and receipts and disbursements for the preceding year certified by an independent certified public accountant, reflecting at least (1) all prepayment and other payments received for health care services rendered, (2) expenditures to all providers, by group, other persons, and insurance companies or non-profit health service plan corporations engaged to fulfill obligations arising out of the health maintenance contract, and (3) expenditures for capital improvements, or additions thereto, including but not limited to construction, renovation or purchase of facilities and capital equipment;

(b) The number of new enrollees enrolled during the year, the number of enrollees as of the end of the year and the number of enrollees terminated during the year;

(c) A summary of information compiled pursuant to section 4, subdivision 1, clause (c) in such form as may be required by the board;

(d) A report of the names and residence addresses of all persons set forth in section 3, subdivision 4, clause (c) who were associated with the health maintenance organization during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals, including a full disclosure of all financial arrangements during the preceding year required to be disclosed pursuant to section 3, subdivision 4, clause (c); and

(e) Such other information relating to the performance of the health maintenance organization as is reasonably necessary to enable the board to carry out its duties under this act.

Sec. 9. [INFORMATION TO ENROLLEES.] Every health maintenance organization or its representative shall annually, before April 1, provide to its enrollees a summary of: Its most recent annual financial statement including a balance sheet and statement of receipts and disbursements; a description of the health maintenance organization, its health care plan or plans, its facilities and personnel, any material changes therein since the last report, and the current evidence of coverage.

Sec. 10. [PROVISIONS APPLICABLE TO ALL HEALTH PLANS.] Subdivision 1. The provisions of this section shall be applicable to nonprofit health service plan corporations regulated under Minnesota Statutes, Chapter 62C, nonprofit prepaid health care plans regulated under Minnesota Statutes, Chapter 317, and health maintenance organizations regulated pursuant to this act, all of which for purposes of this section shall be known as "health plans".

Subd. 2. [OPEN ENROLLMENT.] Once a health plan has been in operation 24 months, it shall thereafter have an annual open enrollment period of at least one month during which it shall accept enrollees up to a minimum of five percent of its current enrollment, exclusive of enrollees in group plans, in the order in which they apply for enrollment.

Subd. 3. A health plan providing health maintenance services or reimbursement for health care costs to a specified group or groups may limit the open enrollment in each group plan to members of such group or groups, but after it has been in operation 24 months shall have an annual open enrollment period of at least one month during which it accepts enrollees from the members of each group up to a minimum of five percent of its current enrollment in each group plan. "Specified groups" may include, but shall not be limited to:

- (a) Employees of one or more specified employers;
- (b) Members of one or more specified labor unions;
- (c) Members of one or more specified associations;

(d) Patients of physicians providing services through a health care plan who had previously provided services outside the health care plan; and

- (e) Members of an existing group insurance policy.

Subd. 4. A health plan may apply to the commissioner for a waiver of the requirements of this section or for authorization to impose such underwriting restrictions upon open enrollment as are necessary (a) to preserve its financial stability, (b) to prevent excessive adverse selection by prospective enrollees, or (c) to avoid unreasonably high or unmarketable charges for enrollee coverage for health care services. The commissioner upon a showing of good cause, shall approve or upon failure to show

good cause shall deny such application within 30 days of the receipt thereof from the health plan. The commissioner may, in accordance with Minnesota Statutes, Chapter 15, promulgate rules to implement this section.

Sec. 11. [COMPLAINT SYSTEM.] Subdivision 1. Every health maintenance organization shall establish and maintain a complaint system including an impartial arbitration provision, to provide reasonable procedures for the resolution of written complaints initiated by enrollees concerning the provision of health care services. Arbitration shall be subject to Minnesota Statutes, Chapter 572, except (a) in the event that an enrollee elects to litigate his complaint prior to submission to arbitration, and (b) no medical malpractice damage claim shall be subject to arbitration.

Subd. 2. The health maintenance organization shall maintain a record of each written complaint filed with it for three years and the board shall have access to the records.

Sec. 12. [PROHIBITED PRACTICES.] Subdivision 1. No health maintenance organization or representative thereof may cause or knowingly permit the use of advertising or solicitation which is untrue or misleading, or any form of evidence of coverage which is deceptive. Each health maintenance organization shall be subject to Minnesota Statutes, Sections 72A.17 to 72A.321, relating to the regulation of trade practices, except (a) to the extent that the nature of a health maintenance organization renders such sections clearly inappropriate and (b) that enforcement shall be by the board and not by the commissioner. Every health maintenance organization shall be subject to Minnesota Statutes, Sections 325.79 and 325.907.

Subd. 2. No health maintenance organization may cancel or fail to renew the coverage of an enrollee except for (a) failure to pay the charge for health care coverage; (b) termination of the health care plan; (c) termination of the group plan; (d) enrollee moving out of the area served; (e) enrollee moving out of an eligible group; (f) failure to make copayments required by the health care plan; or (g) other reasons established in regulations promulgated by the board. An enrollee shall be given 30 days notice of any cancellation or nonrenewal.

Subd. 3. No health maintenance organization may use in its name, contracts, or literature any of the words "insurance", "casualty", "surety", "mutual", or any other words which are descriptive of the insurance, casualty or surety business or deceptively similar to the name or description of any insurance or surety corporation doing business in this state; provided, however, that when a health maintenance organization has contracted with an insurance company for any coverage permitted by this act, it may so state.

Subd. 4. No health maintenance contract or evidence of coverage shall provide for the reimbursement of an enrollee other than through a policy of insurance, except to refund payments made upon termination of coverage.

Subd. 5. The providers under agreement with a health maintenance organization to provide health care services and the health maintenance organization shall not have recourse against enrollees for amounts above those specified in the evidence of coverage as the periodic prepayment, or copayment, for health care services.

Subd. 6. The rates charged by health maintenance organizations and their representatives shall not discriminate except in accordance with accepted actuarial principles.

Subd. 7. No health maintenance organization shall enroll more than 500,000 persons in the state of Minnesota. A violation of this subdivision shall be treated as a violation of the antitrust act, Minnesota Statutes, Sections 325.8011 to 325.8028.

Subd. 8. No health maintenance organization shall discriminate in enrollment policy against any person solely by virtue of status as a recipient of medical assistance or medicare.

Sec. 13. [POWERS OF INSURERS AND NONPROFIT HEALTH SERVICE PLANS.] Notwithstanding any law to the contrary, an insurer or a hospital or medical service plan corporation may contract with a health maintenance organization to provide insurance or similar protection against the cost of care provided through health maintenance organizations and to provide coverage in the event of the failure of the health maintenance organization to meet its obligations. Subd. 2. A certificate of authority shall be suspended or revoked only after compliance with the requirements of section 16.

Subd. 3. Reasonable notice in writing to the health maintenance organization shall be given of the intent to levy the penalty and the reasons therefor, and the health maintenance organization shall have a reasonable time within which to remedy the defect in its operations which gave rise to the penalty citation, or have an administrative hearing and review of the board's determination. Such administrative hearing shall be subject to judicial review pursuant to Minnesota Statutes, Chapter 15.

Subd. 2. Any person who violates this act or knowingly submits false information in any report required hereunder shall be guilty of a misdemeanor.

“Section 1. Minnesota Statutes 1971, Section 290.01, Subdivision 20 is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term “gross income,” as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source.

For each of the taxable years beginning after December 31, 1960 and ending prior to January 1, 1971, the term “gross income” in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954, as amended through December 31, 1970;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from the federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under chapter 290, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) Losses which do not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses, and including any such nonassignable losses which occur prior to the time the individual becomes a resident of the state of Minnesota;

(7) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year; and

(8) In the case of a move from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income.

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes; that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain;

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, as amended through December 31, 1970 or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, as amended through December 31, 1970 but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of

1954, as amended through December 31, 1970 but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954, as amended through December 31, 1970 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, as amended through December 31, 1970, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

If a husband and wife have filed a joint federal income tax return and separate Minnesota income tax returns for the same taxable period, amounts received as refunds on account of federal income taxes paid shall be included in gross income in the same ratio as the deductions for federal income taxes were claimed in the separate Minnesota tax returns.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of

In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954, as amended through December 31, 1970 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Any remaining balance of such deductions shall be carried forward five years, in chronological order.

Current expenses and losses shall be utilized as deductions in any taxable year, to the extent herein allowable, prior to the application of any carryover deductions. Subd. 3. The commissioner of highways shall prescribe specifications and guidelines for an in-depth study or test of the damage, if any, that may be caused to the public roadways of this state from the use of pneumatic tires that have embedded in them wire or wire coils for improving traction on ice and snow. The cost of such study and test shall be paid for by others, and no part of the study shall be paid for out of state funds except as may be incidentally spent for preparing specifications and guidelines. percent of the total tire area contact with the roadway. The commissioner of highways shall promptly evaluate the results of the study, and if he determines that the use of pneumatic tires embedded with wire or wire coils meeting the above test specifications as to percentage of wire or wire coils in contact with the roadway will not damage the streets and highways or that the use of such tires will only cause slight and tolerable damage to the streets and highways, he shall, by order, authorize the use of such tires on the streets and highways of this state, specifying in such order the months during which the tires may be used. The metal wire or coils used in such tires shall be of a limited hardness so that the wire or coils shall wear at the same rate as the rubber in such tires. When the tire is at rest, the wire or coils shall not protrude beyond the rubber surface of the tire, or shall protrude only to such an insignificant amount as not to cause damage to the highway roadways beyond the tolerable limits set by the commissioner. A certified copy of the order shall be filed with the secretary of state prior to the date that such tires are authorized by the order to be used on the highways and streets. The use of such tires in accordance with, and during the times specified in, the commissioner's order shall be lawful notwithstanding the provisions of subdivision 1.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

“Section 1. [STATEMENT OF PURPOSE.] The growth in popularity of the bicycle as a mode of transportation and as a recreational vehicle has led to an increase in the number of bicycle thefts. To more effectively deal with the problems associated with theft and to aid in the recovery of stolen bicycles, a statewide bicycle registration system is hereby created.

Sec. 2. [DEFINITIONS.] Subdivision 1. For purposes of sections 1 to 19 the terms defined in this section shall have the meanings given them.

Subd. 2. “Bicycle” means every device propelled by human power upon which any person may ride, having two tandem wheels either of which is over 14 inches in diameter, and includ-

ing any device generally recognized as a bicycle though equipped with two front or rear wheels.

Subd. 3. "Bicycle dealer" means any person, firm, partnership, or corporation which is engaged, wholly or partly, in the business of selling bicycles, or buying or taking in trade bicycles for the purpose of resale, selling, or offering for sale, or otherwise dealing in bicycles, whether or not such bicycles are owned by such person or entity. The term also includes agents or employees of such person or entity.

Sec. 3. [BICYCLE REGISTRATION REQUIRED.] Subdivision 1. No person shall ride or use any bicycle upon any street, sidewalk, highway, alley, boulevard, or public place in the state unless the same shall be registered as herein provided. Every owner of a bicycle, or the parent, or guardian of any minor child 18 years of age or less, owning a bicycle, shall register or cause to be registered the bicycle with the state department of public safety by giving the name and address of the owner, the signature of the owner, the name and address of the person from whom purchased, the date of purchase, the date of registration, the make, serial number, model number, and description of the bicycle registered and such additional information as the department of public safety may require. The state department of public safety shall provide a suitable form for the purpose of registration application.

Subd. 2. No bicycle purchased from a bicycle dealer shall be released by said dealer until the applicable license has been obtained or applied for.

Sec. 4. [LICENSE FEE.] Subdivision 1. The registration fee shall be \$2 and when registered the registration shall be without limitation as to time but shall not be transferable from person to person or from bicycle to bicycle.

Subd. 2. Bicycles having a wheel diameter of 26 inches or more shall be subject to an additional fee of \$3. These fees shall be paid at the time of registration. All receipts from the registration fees shall be deposited in the general fund and are appropriated annually to the commissioner of natural resources for the acquisition, design, construction and maintenance of bicycle lanes or multi-purpose trail systems or both. If another governmental instrumentality is specifically designated and charged with the responsibility of acquisition, design, construction and maintenance of bicycle lanes or multi-purpose trail systems, or both, the receipts are hereby appropriated annually to that instrumentality for those purposes instead of to the commissioner of natural resources.

Subd. 3. Before any funds are expended for the acquisition, design or construction of bicycle lanes or multi-purpose trail systems as authorized in subdivision 2, the Commissioner of Natural Resources or other governmental instrumentality therefor shall submit a plan to the legislature for the expenditure of these funds together with a method of distribution thereof to localities

or areas of the state on a pro rata basis according to the ratio that registered bicycles in the locality or area bears to the total bicycle registration in the state. In preparing the plan and method of distribution the Commissioner or other governmental instrumentality shall consult with local law enforcement agencies, bicycle dealers, and bicyclists' organizations and any other applicable group. The plan and method of distribution shall be submitted to the legislature not later than January 15, 1974.

[REPORT AND FEE FOR TRANSFERS.] Every person or bicycle dealer who sells or transfers ownership of any bicycle shall report such sale or transfer by returning to the department of public safety the registration card issued to him, together with the name and address of the person to whom said bicycle was sold or transferred. Such report shall be made within seven days of the date of said sale or transfer. The purchaser or transferee of such bicycle shall obtain a new registration within seven days from the department of public safety and pay the fee applicable for such registration.

Sec. 6. [NOTIFICATION OF ADDRESS CHANGE.] Whenever the owner of a registered bicycle moves or changes address, he shall notify the department in writing of the new address within seven days.

Sec. 7. [LICENSE TAGS.] The department of public safety shall provide suitable registration cards having the registration number stamped thereon and indicating the date of registration, the make, serial number, and model number of the bicycle, description of the bicycle, the owner's name and address, and such additional information as the department of public safety may require. Information concerning each registration shall be retained by the department of public safety. The registering office shall issue a suitable tag, plate, seal or other device which shall be permanently attached to the bicycle covered by such permit. Upon satisfactory evidence that the tag, plate, seal or other device has been lost or destroyed the department of public safety may issue a replacement license upon payment of a fee of \$1.

Sec. 8. [FRAME NUMBERS.] No person shall own, operate, control, purchase or sell any bicycle which has no frame number plainly and indelibly set forth thereon.

Sec. 9. [MUTILATION.] No person shall remove, destroy, mutilate or otherwise alter the frame number of any bicycle. No person shall remove, destroy, mutilate, or otherwise alter any license plate, seal, or registration card during the time in which such license plate, seal or registration card is operative. The department of public safety shall designate a number to be stamped or otherwise permanently affixed on the frames of bicycles on which no serial number can be found, or on which said number is illegible or insufficient for identification purposes.

Sec. 10. [IMPOUNDING.] Any bicycle found in any street, alley, highway, boulevard, or public grounds without a license

identification tag, or with a broken seal or mutilated frame number, said bicycle shall be prima facie evidence that said bicycle is being operated on the streets of the state without having been registered. Said bicycle may be impounded by the law enforcement agency of jurisdiction and shall only be surrendered to the owner thereof upon proof of ownership satisfactory to the law enforcement agency impounding such bicycle, and upon payment of the licensing fee and payment of an impoundment fee of \$1.

Sec. 11. [SALE OF IMPOUNDED BICYCLES.] At the expiration of 30 days after such impounding, each bicycle which has neither been claimed nor the owner identified and notified, may be sold at auction. Legal notice shall be given at least two weeks prior to the sale date. Bicycles sold at auction shall be registered at the time of sale and may be released only after such registration. At the discretion of the impounding agency, bicycles may be given away, free of charge to minors as part of a bicycle recreation, safety and responsibility program. Bicycles disposed of in this manner shall be licensed before their release. Moneys generated from the sale of impounded bicycles and collection of impoundment fees shall be used by the governing body employing the law enforcement agency impounding the bicycles to pay the costs of administering sections 10 and 11 of this act, and any excess may be used by said governing body for the purpose of acquisition, design, construction and maintenance of bicycle lanes or multi-purpose trail systems or both.

Sec. 12. [THEFT.] Subdivision 1. All bicycles stolen shall be reported to the local law enforcement agency immediately. The local law enforcement agency shall report such theft to the department of public safety within five days. All reports of stolen bicycles shall be entered in the national crime information center.

Subd. 2. The department of public safety shall maintain a record of all licensed bicycles in the state in an automated system. Such records shall be available to all authorized law enforcement agencies through the Minnesota crime information center.

Subd. 3. No person, other than the owner or the owner's authorized agent, except for impoundment by the law enforcement agency of jurisdiction, shall tamper with any bicycle which has been locked or placed in a rack or otherwise secured.

Sec. 13. [APPOINTMENT OF DEPUTY REGISTRARS.] The department of public safety shall appoint deputy registrars as required to fulfill provisions of this act. Such deputies shall act as agents of the department of public safety and may accept registrations as provided in this act. Agents may charge an additional 50 cents per license granted for their services.

Sec. 14. [REPAIR OF UNLICENSED BICYCLES PROHIBITED.] Any bicycle subject to registration under this act shall not be repaired by any individual, group, company or corporation engaging in the repair or sale of bicycles until such bicycle has been registered.

Sec. 15. [IMPLEMENTATION.] Except as herein provided, no person shall operate, transport or otherwise control a bicycle after September 1, 1974 without a bicycle license firmly affixed to the frame of the bicycle. Proof of purchase shall be required for registration. Any bicycle lacking proof of purchase shall be registered if there is no evidence that said bicycle is stolen. However, the registration record shall be marked to indicate that no proof of purchase was provided.

Sec. 16. [EXCEPTIONS.] Bicycles sold in Minnesota and normally subject to registration which will not be operated within the state are exempt from registration. Bicycles owned by non-residents and operated in Minnesota for a period of 30 consecutive days or less are exempt from registration. Registration provisions of this act do not apply to bicycle manufacturers or bicycle dealers transporting bicycles in the normal course of business.

Sec. 17. [BICYCLE DEALER'S REPORT.] Every bicycle dealer shall report to the department of public safety, in a manner determined by the department of public safety every bicycle purchased, sold or traded by such dealer, giving the name and address of the person from whom purchased or to whom sold, a description of such bicycle by name or make, the frame number thereof, the registration number, if any, found thereon or any additional information required by the department of public safety.

Sec. 18. [ADMINISTRATION OF ACT.] Subdivision 1. The department of public safety shall adopt rules and regulations for the implementation and administration of this act.

Subd. 2. Such rules and regulations shall be adopted after consultation with local law enforcement agencies, bicycle manufacturers, bicycle dealers, and bicyclists' organizations and any other applicable group.

Sec. 20. This act is in effect the day following its final enactment.

Sec. 21. [APPROPRIATION.] There is appropriated to the department of public safety from the general fund \$100,000 for carrying out the purposes of this act. Sec. 6. [DESIGNATION.] Subdivision 1. In its recommendations, the council shall specify the boundaries of the proposed area of critical concern, state the reason why the particular area proposed is of critical concern to the state or region, the dangers that would result from uncontrolled or inappropriate development of the area and the advantages that would be achieved from the development of the area in a coordinated manner and shall recommend specific principles for guiding the development of the area.

A local unit of government in an area where no regional development commission has been established may from time to time recommend to the council areas wholly or partially within its jurisdiction that meet the criteria for areas of critical concern as defined in Section 5 of this act. The council shall provide the regional development commission or local unit of government with a written statement of its decision and the reasons therefore.

(c) Prior to submitting any recommendations to the governor, under subd. 1 of this section, the council shall conduct a public hearing in the manner provided in Chapter 15 on the proposed designation at a location convenient to those persons affected by such designation.

Subd. 2. (a) The governor may designate by written order all or part of the recommended areas as areas of critical concern and specify the boundaries thereof and shall notify all local units of government in which any part or parts of a designated area or areas of critical concern are located.

(b) The order designating an area of critical concern shall (1) describe the boundaries of the area of critical concern, (2) indicate the reason that a particular area is of critical concern, (3) specify standards and guidelines to be followed in preparing and adopting plans and regulations required in section 7, and (4) indicate what development, if any, shall be permitted consistent with the policies of this act pending the adoption of plans and regulations.

Sec. 7. [PREPARATION, REVIEW, AND APPROVAL OF PLANS AND REGULATIONS.] Subdivision 1. (a) Within 30 days of receiving notification of the designation of an area or areas of critical concern within its jurisdiction, the local unit of government shall submit existing plans and regulations which deal with or affect the area or areas so designated to the appropriate regional development commission or to the council if no regional development commission has been established.

(b) If no plans or regulations exist, the local unit of government shall upon receiving notification of the designation of an area or areas of critical concern within its jurisdiction:

(1) Within 6 months of said notification prepare plans and regulations for the designated area or areas of critical concern and submit them to the appropriate regional development commission for review; or

(2) Within 30 days of said notification request that the appropriate regional development commission prepare plans and regulations for the area or areas of critical concern. Within six months of receipt of such request, the regional development commission shall prepare said plans and regulations and submit them to the council for review. If no regional development commission has been established, the local unit of government may request that the council prepare plans and regulations for adoption by the local unit of government.

Subd. 2. Within 45 days of receiving plans and regulations from the local unit of government under the provisions of subdivision 1 of this section, the regional development commission shall review the plans and regulations to determine their consistency with regional objectives and the provisions of the order designating the areas of critical concern and transmit its recommendations, together with the plans and regulations, to the council.

Subd. 3. (a) Within 45 days of receiving plans and regulations from the local unit of government or a regional development commission, the council shall review the plans and regulations to determine their consistency with the provisions of the order designating the area, the recommendations of the regional devel-

opment commission, and the review comments of such state agencies as the council shall deem appropriate, and shall either approve the plans and regulations by written order or return them to the local unit of government or regional development commission for modification along with a written explanation of the need for modification.

(b) Plans and regulations which are returned to the local unit of government or regional development commission for modification shall be revised consistent with the instructions of the council and resubmitted to the council within 60 days of their receipt, provided that final revision need not be made until a formal meeting has been held with the council on the plans and regulations if requested by the local unit of government or regional development commission.

(c) Plans or regulations prepared pursuant to this section shall become effective as though validly enacted by the local unit of government upon such date as the council may provide in its order approving said plans and regulations.

Sec. 8. [EXCEPTIONS.] (a) If, in the opinion of the council, the local unit of government is making a conscientious attempt to develop plans and regulations for the protection of a designated area or areas of critical concern within its jurisdiction, but the scope of the project is of a magnitude that precludes the completion, review, and adoption of the plans and regulations within the time limits established in section 7, the council may grant an appropriate extension of time.

(b) If the council determines that a designated area or areas of critical concern is of a size and complexity that precludes the development of plans and regulations by a local unit of government or a regional development commission, or that the development of plans and regulations requires the assistance of the state, the council shall direct the appropriate state agency or agencies to assist the local unit of government and the regional development commission in preparing the plans and regulations in accordance with a time schedule established by the council.

Sec. 9. [FAILURE TO PREPARE AND SUBMIT PLANS AND REGULATIONS.] Subdivision 1. Except as otherwise provided in section 8, if any local unit of government fails to prepare plans and regulations that are acceptable to the council within one year of the order designating an area or areas of critical concern within its jurisdiction, the council shall prepare and, after conducting a public hearing in the manner provided in Chapter 15 at a location convenient to those persons affected by such plans and regulations, adopt such plans and regulations applicable to that government's portion of the area of critical concern as may be necessary to effect the purposes of this act. If such plans and regulations are adopted, they shall apply and be

effective as if adopted by the local unit of government. Notice of any proposed order issued under this section shall be given to all units of government having jurisdiction over the area of critical concern.

Subd. 2. Plans and regulations adopted by the council under this section shall be administered by the local unit of government as if they were part of the local ordinance.

Subd. 3. At any time after the preparation and adoption of plans and regulations by the council, a local unit of government may submit plans and regulations pursuant to section 7 which, if approved by the council as therein provided, supersede any plans and regulations adopted under this section.

Subd. 4. If the council determines that the administration of the local plans and regulations are inadequate to protect the state or regional interest, the council may institute appropriate judicial proceedings to compel proper enforcement of the plans and regulations.

Sec. 10. [UPDATING AND RE-EVALUATION OF PLANS AND REGULATIONS.] Subdivision 1. If a local unit of government finds it necessary or desirable to amend or rescind plans and regulations that have been approved by the council, it shall re-submit its plans and regulations, together with any recommended changes thereto, for review and approval by the council.

Subd. 2. Two years from the initial date of the council's approval of the plans and regulations of a local unit of government, or from the date of a review conducted under the provisions of subdivision 1, the local unit of government shall re-submit its plans and regulations, together with any recommended changes thereto, for review and approval by the council.

Subd. 3. Approval of amendments or rescission shall become effective only upon approval thereof by the council in the same manner as for approval of the original plans and regulations as provided in section 7.

Sec. 11. [SUSPENSION OF DEVELOPMENT.] Except as provided in section 12, upon the designation of an area of critical concern, no local unit of government or state agency shall grant a development permit affecting any portion of the area except as otherwise specified in the order designating the area.

Sec. 12. [DEVELOPMENT PERMITS.] Subdivision 1. If an area of critical concern has been designated by the governor pursuant to section 6, a local unit of government shall grant a development permit only in accordance with the provisions of this section.

Subd. 2. If no plans and regulations for the area of critical concern have been adopted under the provisions of section 7, the local unit of government shall grant a development permit only if

(a) the development is specifically permitted by the order designating the area of critical concern or is essential to protect the public health, safety, or welfare because of an existing emergency; and

(b) a local ordinance has been in effect immediately prior to the designation of the area of critical concern and a development permit would have been granted thereunder.

Subd. 3. If plans and regulations for an area of critical concern have become effective under the provisions of section 7, the local unit of government shall permit development only in accordance with those plans and regulations.

Subd. 4. The local unit of government shall notify the council of

(a) any application for a development permit in any area of critical concern for which no plans or regulations have become effective under the provisions of section 7; or

(b) any application for a special development permit in any area of critical concern for which plans and regulations have become effective under the provisions of section 7.

Sec. 13. [PROTECTION OF LANDOWNERS' RIGHTS.]
Subdivision 1. Nothing in this act authorizes any governmental agency to adopt a rule or regulation or issue any order that is unduly restrictive or constitutes a taking of real or personal property without the payment of full compensation in violation of the constitution of this state or of the United States.

Subd. 2. Neither the designation of an area of critical concern nor the adoption of any regulations for such an area shall in any way limit or modify the rights of any person to complete any development that has been authorized by registration and recordation of a subdivision pursuant to state laws, or by a building permit or other authorization to commence development on which there has been reliance and a change of position, and which registration or recordation was accomplished, or which permit or authorization was issued prior to the date of notice for public hearing as provided by Section 6 of this act. If a developer has by his actions in reliance on prior regulations obtained vested or other legal rights that in law would have prevented a local government from changing those regulations in

a way adverse to his interests, nothing in this act authorizes any governmental agency to abridge those rights.

Subd. 3. Any person having a fee interest in land, of which the full use and enjoyment thereof has been prohibited or restricted by this act, may petition a court of competent jurisdiction to determine whether the prohibition diminishes the use of the property so as to require compensation under the constitution of this state or the United States for the loss and amount of compensation to be awarded therefor.

Sec. 14. [PLANNING GRANTS.] The council shall prepare guidelines for dispersing funds to local units of government or regional development commissions for up to 100 percent of the cost of preparing plans and regulations for areas of critical concern pursuant to section 7.”

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

“Section 1. Minnesota Statutes 1971, Section 40.01, is amended by adding a subdivision to read:

Subd. 15. *“Land-disturbing activity” means any land change which may result in soil erosion from water or wind and the movement of sediments into waters or onto lands in the state, including, but not limited to, tilling, clearing, grading, excavating, transporting, and filling of land, other than federal lands, except that the term shall not include such minor land-disturbing activities as home gardens and individual home landscaping, re-*

pairs, maintenance work, and other minor activities as specified by the soil and water conservation commission by regulation.

Sec. 2. Minnesota Statutes 1971, Section 40.01 is amended by adding a subdivision to read:

Subd. 16. "Person" shall have the meaning given it in section 115.01, subdivision 10.

Sec. 3. Minnesota Statutes 1971, Section 40.01, is amended by adding a subdivision to read:

Subd. 17. "State waters" shall have the same meaning as given "waters of the state" in section 115.01, subdivision 9.

Sec. 4. Minnesota Statutes 1971, Section 40.02, is amended to read:

40.02 [PUBLIC POLICY; PURPOSE.] As a guide to the interpretation and application of this chapter, the public policy of the state is declared to be as follows. Improper land-use practices have caused and contributed to serious erosion of farm and grazing lands of this state by wind and water and that thereby topsoil is being washed out of fields and pastures and has speeded up the removal of the absorptive top soil causing exposure of less absorptive and less protective, but more erosive, subsoil; and that land occupiers have failed to cause the discontinuance of such practice as creates this condition, and the consequences there of have caused the deterioration of soil and its fertility and the deterioration of crops grown thereon, and declining yields therefrom, and diminishing of the underground water reserve, all of which have caused water shortages, intensified periods of drought, and crop failure, and thus brought about suffering, disease, and impoverishment of families and the damage of property from floods and dust storms; and that all of these effects may be prevented by land-use practices contributing to the conservation of top soil by carrying on of engineering operations such as the construction of terraces, check dams, dikes, ponds, ditches, and the utilization of strip cropping, lister furrowing, contour cultivating, land irrigation, seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses, and that rapid shifts in land use from agricultural and rural to nonagricultural and urbanizing uses, changes in farm and ranch enterprises, operations, and ownership, construction of housing, industrial, and commercial developments, streets, highways, recreation areas, schools and universities, public utilities and facilities, and other land disturbing activities and accelerated and process of soil erosion and sediment deposition resulting in pollution of the waters of the state and damage to domestic, agricultural, industrial, recreational, fish and wildlife, and other resource uses.

It is, therefore, further declared to be the policy of sections 1 to 13 of this act to strengthen and extend the present erosion and sediment control activities and programs of this state for both rural and urban lands, and to establish and implement,

through the state soil and water conservation commission, hereinafter referred to as the "commission", and the soil and water conservation districts, hereinafter referred to as "districts", in cooperation with counties, municipalities and other local governments and subdivisions of this state, and other public and private entities, a statewide comprehensive and coordinated erosion and sediment control program to conserve and protect land, water, air, and other resources of the state. In recognition of the ever increasing demands on the natural resources of the state and of the need to preserve, protect, and develop such resources at such a rate and at such levels of quality as will meet the needs of the people of the state, it is hereby declared that it is for the public welfare, health, and safety of the people of Minnesota to provide for the conservation of the soil and (SOIL) water resources of this state, and for the control and prevention of soil erosion and resulting sedimentation, for land use resource planning and development, and for implementation of land protective practices that effectively reduce siltation and loss of the land base through activities associated with farming, mining, construction, forestry, and other activities of man, and for flood prevention or the conservation development, utilization, and disposal of water, including but not limited to, measures for fish and wildlife and recreational development, and thereby (PRESERVE) conserve and develop natural resources, control floods, assist in the control of pollution, prevent impairment of dams and reservoirs, assist in flood plain and shoreland management, assist in maintaining the navigability of rivers and harbors, (PRESERVE) conserve natural beauty and wildlife, assist in promoting the development of the recreational potential, protect the tax base, (AND) protect public lands by land-use practices, and protect and promote the health, safety, and general welfare of the people of this state, as herein provided for. It is further declared to be the policy of this state to authorize soil and water conservation districts established under Minnesota Statutes, Chapter 40, to serve as one of the local units of government responsible for the conservation and utilization of the natural resources of this state and competent to administer, in close cooperation with land owners and occupiers, with other local governmental units, and with agencies of the government of this state and the United States, projects, programs, and activities suitable for effectuating the policy of Minnesota Statutes, Chapter 40.

Sec. 5. Minnesota Statutes 1971, Chapter 40, is amended by adding a section to read:

[40.031] [SEDIMENT CONTROL ORDINANCE.] *Subdivision 1. [RULES AND REGULATIONS.] On or before July 1, 1974, the state soil and water conservation commission after consultation with the Minnesota pollution control agency and in accordance with the administrative procedure act, shall promulgate regulations governing land disturbing activities to control soil erosion and sedimentation. To assist in the development of such program, the commission shall name an advisory board of not less than seven nor more than eleven members,*

representing such interests as housing, financing, industry, agriculture, recreation, and local governments, and their planning, transportation, health, public works, and zoning commissions or agencies. The regulations shall:

(a) be based upon relevant physical and developmental information concerning the watersheds and drainage basins of the state, including, but not limited to, data relating to land use, soils, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;

(b) include such survey of lands and waters as may be deemed appropriate by the commission or required by any applicable law to identify areas, including multijurisdictional and watershed areas, with critical erosion and sediment problems;

(c) contain conservation standards for various types of soils and land uses, which standards shall include criteria, techniques, and methods for the control of erosion and sediment resulting from land-disturbing activities; and

(d) include a model sediment control ordinance which may be adopted by a county, or a city, village, or borough, hereinafter referred to as municipalities, as its sediment control ordinance, or which may be modified or adopted by a county or municipality to meet its particular needs; provided that every county or municipal sediment control ordinance shall meet the minimum requirements of the regulations of the state soil and water conservation commission.

The regulations shall be made available for inspection at the office of the commission.

Subd. 2. [REVIEW AND RECOMMENDATIONS.] Each district in the state shall by January 1, 1975, review the regulations for erosion and sediment control and the program for implementation of the regulations as promulgated by the commission, and shall make specific recommendations to the counties, cities, villages and boroughs within the district concerning the inclusion of sediment and erosion controls as part of the land and water use controls of the county, city, village or borough.

Subd. 3. [COUNTY AND MUNICIPAL ORDINANCES PERMITTED.] After July 1, 1975, any county that has not enacted a sediment control ordinance for unincorporated areas, and any municipality that has not enacted a sediment control ordinance for incorporated areas meeting the minimum requirements of the regulations provided for in subdivision 1 relating to practices other than agricultural and forest practices or mining practices subject to the provisions of chapter 93, may be ordered by the commission, after notice and hearing, to enact such an ordinance. Upon the request of a county or municipality, the commission shall assist in the preparation of the county's or municipality's ordinance. Upon adoption of its ordinance, the county or municipality shall submit the program to the district and to the commission for review and approval. If a county or mu-

unicipality fails to enact a sediment control ordinance within six months after ordered to do so by the commission, or if the commission at any time thereafter, after notice and hearing as provided in section 105.44, finds that a county or municipality has adopted a sediment control ordinance that fails to meet the minimum standards specified in this subdivision, the commission shall adopt the model sediment control ordinance provisions relating to practices other than agricultural and forest practices to the county or municipality. The commission shall hold at least one public hearing on the proposed ordinance in the manner provided in section 394.26 or 462.357, as applicable, after giving notice as provided in section 394.26 or 462.357, as applicable. The ordinance is effective for the county or municipality on the date and in accordance with such regulations relating to compliance as the commission shall prescribe. Any costs incurred by the commission in adopting the model sediment control ordinance to the county or municipality shall be paid by the county or municipality and such costs may be collected in the manner prescribed in section 105.485, subdivision 5. The governing body of a county or municipality may levy a tax in such amount as may be required to pay the costs of complying with an order of the commission to adopt a sediment control ordinance, including the costs of complying with the provisions of sections 1 to 13 of this act. This tax shall be levied in excess of any limitation as to rate or amount, but shall not cause the amount of other taxes which are subject to any limitation to be reduced in any amount whatsoever.

Sec. 6. Minnesota Statutes 1971, Chapter 40, is amended by adding a section to read:

[40.032] [PROHIBITED LAND-DISTURBING ACTIVITIES.] *Subdivision 1. Where a county or municipality has enacted a sediment control ordinance meeting the minimum requirements of section 5 of this act and any regulations promulgated pursuant thereto, and subject to the exceptions provided in subdivision 6 of this section, no person may engage in any land-disturbing activity until he has submitted to the county, for activities in unincorporated areas, or to the municipality, for activities in incorporated areas, a plan for erosion and sediment control for such land-disturbing activity and such plan has been reviewed and approved by the county or municipality, except that (1) when proposed land-disturbing activities are to be performed on state lands or by or on behalf of a state agency, plans for erosion and sediment control shall be submitted to the commission instead of the county or municipality for review and approval, and (2) where land-disturbing activities involve lands in more than one county or municipality, plans for erosion and sediment control may, as an alternative to submission to each county or municipality concerned, be submitted to the commission for review and approval.*

Subd. 2. Upon submission of an erosion and sediment control plan to a county or municipality or to the commission:

(a) the county or municipality shall review plans submitted to it and shall approve any such plan if it determines that the

plan meets the conservation standards of the county or municipality, and if the person responsible for carrying out the plan certifies that he will properly perform the erosion and sediment control measures included in the plan and will conform to the provisions of sections 1 to 13 of this act;

(b) the commission shall review plans submitted to it and shall approve any such plan if it determines that the plan is adequate in consideration of the commission's guidelines and the conservation standards of the counties or municipalities involved, and if the person responsible for carrying out the plan certifies that he will properly perform the conservation measures included in the plan and will conform to the provisions of sections 1 to 13 of this act.

Subd. 3. When a plan submitted for approval under this section is found, upon review by a county or municipality, or the commission, to be inadequate, the county, municipality, or the commission, as the case may be, may require such modifications, terms, and conditions as will permit approval of the plan.

Subd. 4. Plans shall be acted upon at the first reasonable opportunity. If a plan is not acted upon by the county, municipality, or commission within 35 days after it is submitted, the plan shall be deemed to be approved.

Subd. 5. An approved plan may be changed by the county or municipality which has approved the plan or by the commission when it has approved the plan, where:

(a) inspection has revealed the inadequacy of the plan to accomplish the erosion and sediment control objectives of the plan, and appropriate modifications to correct the deficiencies of the plan are agreed to by the plan-approving authority and the person responsible for carrying out the plan; or

(b) the person responsible for carrying out the approved plan finds that because of changed circumstances or for other reasons the approved plan cannot be effectively carried out, and proposed amendments to the plan, consistent with the requirements of this act, are agreed to by the plan-approving authority and the person responsible for carrying out the plan.

Subd. 6. (a) Any person owning, occupying, or operating private agricultural and forest lands who has a soil and water conservation plan approved by the district and is implementing and maintaining such plan with respect to normal agricultural and forestry activities, shall not be deemed to be engaged in prohibited land-disturbing activity. If there is not available to any such owner, operator, or occupier at least 50 percent cost-sharing assistance or adequate technical assistance for the installation of erosion and sediment control measures required in an approved farm or ranch plan, or for measures to conform agricultural and forestry practices to conservation standards established pursuant to sections 1 to 13 of this act, any such owner, occupier, or operator who shall fail to install erosion and sediment control measures required in an approved soil and water

conservation plan, or to conform his agricultural and forestry practices to such conservation standards, shall not be deemed to be engaged in prohibited land-disturbing activity subject to penalties under section 12 of this act,

(b) A state agency or political subdivision owning public lands that are being managed in accordance with a soil and water conservation plan approved by the district or that are being managed in accordance with a resource management plan that is in conformance with the conservation standards established pursuant to sections 1 to 13 of this act, shall not be deemed to be engaged in prohibited land-disturbing activity.

Sec. 7. Minnesota Statutes 1971, Chapter 40, is amended by adding a section to read:

[40.033] [APPROVED PLAN REQUIRED FOR ISSUANCE OF GRADING, BUILDING, OR OTHER PERMITS.] *Where a county or municipality has enacted a sediment control ordinance meeting the minimum requirements of section 5 of this act and any regulations promulgated pursuant thereto, no agency or officer authorized under any other law to issue grading, building, or other permits for activities involving land-disturbing activities may issue any such permits unless the projects comply with an erosion and sediment control plan approved by the district, or by the commission where appropriate, and his certification that such plan will be followed. These requirements are in addition to all other provisions of law relating to the issuance of such permits and are not intended to otherwise affect the requirements for such permits.*

Sec. 8. Minnesota Statutes 1971, Chapter 40, is amended by adding a section to read:

[40.034] [MONITORING, REPORTS, AND INSPECTIONS.] *Subdivision 1. [LAND-DISTURBING ACTIVITIES WHERE PERMIT IS ISSUED.] With respect to approved plans for erosion and sediment control in connection with land-disturbing activities which involve the issuance of a grading, building, or other permit, the district shall provide for periodic inspections of the land-disturbing activity to insure compliance with the approved plan, and to determine whether the measures required in the plan are effective in controlling erosion and sediment resulting from the land-disturbing activities. Notice of such right of inspection shall be included in the permit. If the permit-issuing authority determines that the permittee has failed to comply with the plan, the authority shall immediately serve upon the permittee by registered mail to the address specified by the permittee in his permit application a notice to comply. Such notice shall set forth the measures needed to come into compliance with such plan and shall specify the time within which such measures shall be completed. If the permittee fails to comply within the time specified, he shall be deemed to be in violation of sections 1 to 13 of this act and upon conviction shall be subject to the penalties provided by section 12 of this act.*

Subd. 2. [OTHER LAND-DISTURBING ACTIVITIES EXCEPT AGRICULTURAL AND FORESTRY OPERATIONS.] With respect to approved plans for erosion and sediment control in connection with all other land-disturbing activities except agricultural and forestry operations, the county, municipality, or the commission in connection with plans approved by it, may require of the person responsible for carrying out the plan such monitoring and reports, and may make such on-site inspections after notice to the resident owner, occupier, or operator, as are deemed necessary to determine whether the soil erosion and sediment control measures required by the approved plan are being properly performed, and whether such measures are effective in controlling soil erosion and sediment resulting from the land-disturbing activity. Such resident owner, occupier, or operator shall be given an opportunity to accompany the inspectors. If it is determined that there is failure to comply with the approved plan, the county, municipality, or the commission where appropriate, shall serve upon the person who is responsible for carrying out the approved plan a notice to comply, setting forth the measures needed to be taken and specifying the time in which such measures shall be completed. Such notice shall be by registered mail to the person responsible for carrying out the plan at the address specified by him in his certification at the time of obtaining his approved plan. Upon failure of such person to comply within the specified period, he will be deemed to be in violation of sections 1 to 13 of this act and subject to the penalties provided by section 12 of this act.

Subd. 3. [AGRICULTURAL AND FORESTRY OPERATIONS.] With respect to agricultural and forestry operations, the county or municipality shall have authority to make on-site inspections to determine if the approved soil and water conservation plan is being followed, or where there is no such plan, to determine if the agricultural and forestry practices are being carried out in conformance with conservation standards established pursuant to sections 1 to 13 of this act. On-site inspections may be made after notice to the resident owner, operator, or occupier of the land involved, and such person shall be given an opportunity to accompany the inspector. If such inspections reveal that an owner, operator, or occupier of agricultural or forestry lands is not complying with the approved soil and water conservation plan or is not carrying out his agricultural and forestry practices in conformance with conservation standards established pursuant to sections 1 to 13 of this act, such owner, operator, or occupier shall be notified by registered mail addressed to him at his usual abode or customary place of business of the measures needed for compliance. Such notice shall require that such resident owner, occupier, or operator shall commence such measures within six months from the date of the notice and shall complete the same within 12 months of such date. Upon failure to comply with such notice, the owner, occupier, or operator will be deemed in violation of sections 1 to 13 of this act and subject to the penalties provided by section 12 of this act.

Mr. Quirin from the Committee on Governmental Operations to which was referred:

H. F. No. 1318, A bill for an act relating to cable communications; providing penalties; appropriating money; amending Min-

nesota Statutes 1971, Sections 161.45, Subdivision 1; and 222.37, Subdivision 1.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [DECLARATION OF LEGISLATIVE FINDINGS AND INTENT.] *Upon investigation of the public interest associated with cable communications, the legislature of the state of Minnesota has determined that while cable communications serve in part as an extension of interstate broadcasting, that their operations also involve public rights-of-way, municipal franchising, and vital business and community service, which are of state concern; that while said operations must be subject to state oversight, they also must be protected from undue restraint and regulation so as to assure development of cable systems with optimum technology and maximum penetration in this state as rapidly as economically and technically feasible; that the municipalities and the state would benefit from valuable educational and public services through cable communications systems; that the cable communications industry must provide the opportunity for minority participation and benefit which its diversity promises; that the public and the business community would benefit if served by cable channels sufficient to meet the needs of producers and distributors of program and other communication content services; that the cable communications industry is in a period of rapid growth and corporate consolidation and should proceed in accord with regional and statewide service objectives; and, that many municipalities lack the necessary resources and expertise to plan for and secure these benefits and to protect subscribers and other parties to the public interest in franchise negotiations.*

There is, therefore, a need for a state agency to develop a state cable communications policy; to promote the rapid development of the cable communications industry responsive to community and public interest and consonant with policies, regulations and statutes of the federal government; to assure that cable communications companies provide adequate, economical and efficient service to their subscribers, the municipalities within which they are franchised and other parties to the public interest; to encourage the endeavors of public and private institutions, municipalities, associations and organizations in developing programming for the public interest; and to provide minorities with the fullest opportunity to make effective use of the medium.

It is the intent of the legislature in the provisions of this act to vest authority in a commission to oversee development of the cable communications industry in Minnesota in accordance with the statewide service plan; to review the suitability of practices for franchising cable communications companies to protect the public interest; to set standards for cable communications systems and franchise practices; to assure channel availability for municipal services, educational television, program diversity, local expression and other program and communications content

services; to assure that municipal franchising results in communication across metropolitan areas and in neighborhood communities in larger municipalities; to provide consultant services to community organizations and municipalities in franchise negotiations; and, to stimulate the development of diverse instructional, educational, community interest and public affairs programming with full access thereto by cable communications companies, educational broadcasters and public and private institutions operating closed circuit television systems and instructional television fixed services.

Sec. 2. [DEFINITIONS.] Subdivision 1. The words and phrases used in the provisions of this act shall have the following meanings unless a different meaning clearly appears in the context.

Subd. 7. "Master antenna television system" shall mean any system which serves only the residents of one or more apartment

dwelling under common ownership, control or management and any commercial establishment located on the premises of such apartment house and which transmits only signals broadcast over the air by stations which may be normally viewed or heard locally without objectionable interference, and which does not provide any additional service over its facilities other than closed-circuit security viewing services.

The commission shall, at such time or times and pursuant to such procedure as it shall determine by regulation, bill and collect from each cable communication company funds to carry on the work of the commission, according to an equitable formula established by the commission; provided that the amount billed to or collected from any operating cable communications company pursuant to this section shall never exceed 1 percent of the gross annual receipts of such company during the 12 month period designated by the commission. The proceeds collected pursuant to this section shall be annually appropriated to the general fund of the state treasury.*

Sec. 8. [FRANCHISE REQUIREMENT.] *Subdivision 1. A municipality shall have the power to require a franchise of any cable communications system providing service within the municipality.*

Subd. 2. Nothing in the provisions of this act shall be construed to prevent franchise requirements in excess of those prescribed by the commission, unless such requirement is inconsistent with the provisions of this act or any regulation, policy or procedure of the commission.

Subd. 3. Nothing in this act shall be construed to limit any municipality from the right to construct, purchase, and operate a cable communications system.

Sec. 9. [CERTIFICATE OF CONFIRMATION.] *Subdivision 1. Except as provided in subdivision 3 of this section, after the effective date of this act, no person shall exercise a franchise, and no such franchise shall be effective, until the commission has confirmed such franchise.*

Subd. 2. The commission may issue a certificate of confirmation contingent upon compliance with standards, terms or conditions set by the commission.

Subd. 3. Any cable communications company which, pursuant to an existing franchise (a) was lawfully engaged in actual operations, or (b) notwithstanding any other provisions of this act, had commenced substantial construction, indicated by erec-

tion of the antenna tower, "head end," and stringing of no less than five miles of feeder or distribution cable by January 1, 1974, may continue to exercise said franchise pursuant to the terms thereof, provided such company files with the commission by such date as the commission shall set, an application in such form and containing such information and supporting documentation as the commission may require. The commission shall issue a certificate of confirmation to such a cable communications company valid for five years without further proceedings, which certificate may be renewed by the commission on application. Any initial certificate of confirmation, other than stated heretofore, shall be for a period of ten years.

Sec. 12. [RATES.] *Subdivision 1. Except as otherwise provided in this section, the rates charged by a cable communications company shall be those specified in the franchise, which may establish, or provide for the establishment of reasonable classifications of service and categories of subscribers, or specify different rates for differing services or for subscribers in different categories.*

Subd. 2. Such rates may not be changed except by amendment of the franchise.

Subd. 3. The commission shall provide assistance regarding rates and related economic matters to interested municipalities and their citizens. The commission shall study, or cause to be studied, the desirability of regulation of all rates and charges of cable communications systems.

Sec. 13. [POLES, DUCTS AND CONDUITS.] *The commission shall within two years from the effective date of this act adopt complete and detailed rules specifying necessary regulations for contractual agreements between cable communications operators and any public utilities with respect to the use of poles, ducts, conduits, and other appurtenances related to the cable communications transmission lines.*

Sec. 14. [APPEALS TO THE COMMISSION.] *Any franchised cable communications company, who is aggrieved by action of any franchise authority in modifying, suspending, cancelling, revoking, or declaring forfeited the franchise, may appeal to the commission within 30 days following notice of such action by a petition in writing, setting forth all the material facts in the case. Any municipality which is aggrieved by the failure of its franchisee to perform according to the municipal ordinance may appeal to the commission for assistance in gaining franchisee compliance with the municipal ordinance by a petition in writing, setting forth all the material facts in the case.*

The commission at its discretion shall hold a hearing upon such appeals, requiring due notice to be given to all interested parties.

If the commission approves the action of the municipality it shall issue notice to it to that effect, but if the commission disapproves of its action it shall issue a decision in writing advising

the municipality of the reasons for its decision and ordering the municipality to conform with such decision. If the commission approves the action of the cable communications company it shall issue notice to it to that effect, but if the commission disapproves of its action it shall issue a decision in writing advising the cable communications company of the reasons for its decision and ordering the cable communications company to conform with the decision.

Upon request, or upon its own initiative, the commission may investigate the renewal or assignment of such franchise or the conduct of the business being done thereunder, and may, after hearing, modify, suspend, revoke or cancel such license for cause.

If the municipality fails to suspend, revoke, cancel or declare forfeited a license or to perform any other disciplinary act when lawfully ordered so to do by the commission upon appeal or otherwise, within such reasonable time as it may prescribe, the commission may itself revoke such license or perform such act with the same force and effect as if performed by the municipality.

Sec. 15. [FINANCIAL INTEREST OF MEMBERS AND EMPLOYEES.] *No member of the commission and no employee of the commission shall be employed by, or shall have any significant financial interest in any cable communications company holding a franchise in the state, their subsidiaries, major equipment or programming suppliers, or in any broadcasting company holding an operating license issued by the Federal Communications Commission, their subsidiaries, major equipment or programming suppliers. Members of any elected body granting franchises and employees of any franchising body who would be directly involved in the granting or administration of franchises for cable communications and who are employed or have any significant financial interest in any cable communications company holding a franchise in the state, their subsidiaries, major equipment or program suppliers shall abstain from participation in the franchising of cable communications companies.*

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. Subdivision 1. [PURPOSE.] For the purpose of more effectively protecting society and to promote efficiency and economy in the delivery of correctional services, the commissioner is hereby authorized to make grants to assist counties in the development, implementation, and operation of community based corrections programs including, but not limited to preventive or diversionary correctional programs, probation, parole, community corrections centers, and facilities for the detention or confinement, care and treatment of persons convicted of crime or adjudicated delinquent.

Subd. 2. [DEFINITION.] For the purposes of this act, “commissioner” means the commissioner of corrections or his designee.

Sec. 2. Any county, or group of contiguous counties situated within the same region designed pursuant to Minnesota Statutes, Sections 462.381 to 462.396, may qualify for a grant as provided in section 1 by the enactment of appropriate resolutions creating and establishing a corrections advisory board and providing for the preparation of a comprehensive plan for the development, implementation and operation of the correctional services described in section 1 of this act, including the assumption of these correctional services other than the operation of state institutions presently provided in such counties by the department of corrections, and providing for centralized administration and control of those correctional services described in section 1 of this act.

Where counties combine as authorized in subdivision 1, they shall comply with the provisions of Minnesota Statutes, Section 471.59.

Sec. 3. The commissioner shall, as provided in Minnesota Statutes, Sections 15.0411 to 15.0422, promulgate rules for the implementation of this act, and shall provide consultation and

technical assistance to counties to aid them in the development of comprehensive plans.

Sec. 4. Any county or group of counties electing to come within the provisions of this act may (a) acquire by any lawful means, including purchase, lease or transfer of custodial control, the lands, buildings and equipment necessary and incident to the accomplishment of the purposes of this act, (b) determine and establish the administrative structure best suited to the efficient administration and delivery of the correctional services described in section 1, and (c) employ a director and such other officers, employees and agents as deemed necessary to carry out the provisions of this act. Any county employees affected by this act shall be transferred to the agency assuming administration and control of the correctional services without loss of grade, civil service rating, seniority or other benefits. To the extent that participating counties shall assume and take over state correctional services presently provided in such counties, preference shall be given to the employment of those state officers, employees and agents thus displaced; if hired by a county, such employment shall, to the extent possible, be deemed a transfer in grade with all of the benefits enjoyed by such officer, employee or agent while in the service of the state.

Sec. 5. Any county or group of counties electing to come within the provisions of this act, may, through their governing bodies, use unexpended funds, accept gifts, grants and subsidies from any lawful source, and apply for and accept federal funds.

Sec. 6. No county or group of counties electing to provide correctional services pursuant to this act shall be eligible for the subsidy herein provided unless and until its comprehensive plan shall have been approved by the commissioner. To remain eligible for subsidy the county or group of counties shall substantially comply with the operating standards established by the commissioner. The commissioner shall review annually the comprehensive plans submitted by participating counties, including the facilities and programs operated under the plans. He is hereby authorized to enter upon any facility operated under the plan, and inspect books and records, for purposes of recommending needed changes or improvements.

When the commissioner shall determine that there are reasonable grounds to believe that a county or group of counties is not in substantial compliance with minimum standards, at least 30 days notice shall be given the county or counties and a hearing held to ascertain whether there is substantial compliance or satisfactory progress being made toward compliance. The commissioner may suspend all or a portion of any subsidy until the required standard of operation has been met.

Sec. 7. Subdivision 1. In any county or group of counties where correctional services are currently being provided by a single jurisdiction within that county, nothing in this act shall be interpreted as requiring a change of authority.

Sec. 8. Subdivision 1. The corrections advisory board provided in section 2 of this act shall consist of no more than 17 members, who shall be representative of law enforcement, prosecution, the judiciary, education, corrections, ethnic minorities, the social services, and the lay citizen, and shall be appointed as follows:

(1) the law enforcement representation shall consist of a sheriff and a chief of police (selected by the chiefs of police of the county), or their respective designees;

(2) the prosecution representative shall be either the county attorney or his designee;

(3) the judiciary representatives shall be designated by the chief judge of each district and county court district, and shall include judges representative of courts having felony, misdemeanor and juvenile jurisdiction respectively;

(4) education shall be represented by an academic administrator appointed by the chairman of the board of county commissioners with the advice and consent of the members of the board;

(5) the director of a county welfare board or his designee;

(6) the public defender or his designee;

(7) with the advice and consent of the other members of the county board, the chairman shall appoint the following additional members of the corrections advisory board:

(a) one parole or probation officer;

(b) one correctional administrator;

(c) a representative from a social service agency, public or private;

(d) an ex-offender;

(e) a licensed medical doctor;

(f) at least four citizens, provided, however, that if the ethnic minorities resident in the county exceed the percentage of ethnic minorities in the state population, at least two of the citizen members shall be members of an ethnic minority group.

Subd. 2. Members of the corrections advisory board appointed by the chairman of the board of county commissioners shall serve for terms of two years from and after the date of their appointment, and shall remain in office until their successors are duly appointed. The other members of the corrections advisory board shall hold office at the pleasure of the appointing authority.

Subd. 3. Where two or more counties combine to come within the provisions of this act the joint corrections advisory board shall contain representation as provided in subdivision 1, but the members comprising the board may come from each of the par-

ticipating counties as may be determined by agreement of the counties. The board may elect its own officers.

Subd. 4. The corrections advisory board provided in this act shall actively participate in the formulation of the comprehensive plan for the development, implementation and operation of the correctional program and services described in section 1 of this act, and shall make a formal recommendation to the county board or joint board at least annually concerning the comprehensive plan and its implementation during the ensuing year.

Sec. 9. Failure of a county or group of counties to elect to come within the provisions of this act shall not effect their eligibility for any other state subsidy for correctional purposes otherwise provided by law. Any comprehensive plan submitted pursuant to this act may include the purchase of selected correctional services from the state by contract, including the temporary detention and confinement of persons convicted of crime or adjudicated delinquent; confinement to be in an appropriate state institution as otherwise provided by law. The commissioner shall annually determine the costs of the purchase of services under this section and deduct them from the subsidy due and payable to the county or counties concerned; provided that no contract shall exceed in cost the amount of subsidy to which the participating county or counties are eligible.

Sec. 10. [CORRECTIONS EQUALIZATION FORMULA.] To determine the amount to be paid participating counties during the biennium ending June 30, 1975, the commissioner of corrections will apply the following formula:

(1) All 87 counties will be ranked in accordance with a formula involving four factors:

(a) per capita income;

(b) per capita taxable value;

(c) per capita expenditure per 1,000 population for correctional purposes, and;

(d) percent of county population aged six through 30 years of age according to the most recent federal census.

"Per capita expenditure per 1,000 population" for each county is to be determined by multiplying the number of adults and "youthful offenders" under supervision in each county at the end of the current year by \$350. To the product thus obtained will be added:

(i) the number of presentence investigations completed in that county for the current year multiplied by \$50;

(ii) the annual cost to the county for county probation officers' salaries for the current year; and

(iii) 33 1/3 percent of such annual cost for probation officers' salaries.

The total figure obtained by adding the foregoing items is then divided by the total county population according to the most recent federal census.

(2) Each county is then ranked as follows:

(a) on the basis of per capita income the ranking is from the lowest to the highest;

(b) per capita taxable value is ranked from lowest to highest;

(c) per capita expenditure is ranked from highest to lowest;

(d) percent of county population aged six through 30 years is ranked from highest to lowest.

(3) The ranking given each county on each of the foregoing four factors is then totaled and the counties ranked in numerical order according to score.

(4) The total score for each county thus determined is then divided into a median total score. The median total score is the score obtained by that county ranked number 44 in the final ranking. The quotient thus obtained then becomes the computation factor for the county. This computation factor is then multiplied by a "dollar value", as fixed by the appropriation pursuant to this act, times the total county population. The resulting product is the amount of subsidy to which the county is eligible under this act. Notwithstanding any law to the contrary, the commissioner of corrections, after notifying the committees on finance of the senate and appropriations of the house of representatives, may, at the end of any fiscal year, transfer any unobligated funds in any appropriation to the department of corrections to the appropriation under this act, which appropriation shall not cancel but is reappropriated for the purposes of this act.

Sec. 11. The comprehensive plan submitted to the commissioner for his approval shall include those items prescribed by regulation of the commissioner, which may require the inclusion of the following: (a) the manner in which presentence and post-sentence investigations and reports for the district courts and social history reports for the juvenile courts will be made; (b) the manner in which probation and parole services to the courts and persons under jurisdiction of the youth conservation commission and the adult corrections commission will be provided; (c) a program for the detention, supervision and treatment of persons under pre-trial detention or under commitment; (d) delivery of other correctional services defined in section 1; (e) proposals for new programs, which proposals must demonstrate a need for the program, its purpose, objective, administrative structure, staffing pattern, staff training, financing, evaluation process, degree of community involvement, client participation and duration of program.

Sec. 12. Participating counties shall not diminish their current level of spending for correctional expenses as defined in sec-

tion 1, to the extent of any subsidy received pursuant to this act; rather the subsidy herein provided is for the expenditure for correctional purposes in excess of those funds currently being expended. Should a participating county be unable to expend the full amount of the subsidy to which it would be entitled in any one year under the provisions of this act, the commissioner shall retain the surplus, subject to disbursement in the following year wherein such county can demonstrate a need for and ability to expend same for the purposes provided in section 1.

Sec. 13. Each participating county will be charged a sum equal to the per diem cost of confinement of those persons committed to the commissioner or the youth conservation commission after the effective date of this act, and confined in a state institution. Provided, however, that no charge shall be made for those persons convicted of offenses for which the penalty provided by law exceeds five years, nor shall the amount charged a participating county for the costs of confinement exceed the amount of subsidy to which the county is eligible. The commissioner shall annually determine costs and deduct them from the subsidy due and payable to the respective participating counties. All charges shall be a charge upon the county of commitment.

Sec. 14. Upon compliance by a county or group of counties with the prerequisites for participation in the subsidy prescribed by this act, and approval of the comprehensive plan by the commissioner, the commissioner shall determine whether funds exist for the payment of the subsidy and proceed to pay same in accordance with applicable rules and regulations.

Sec. 15. Subdivision 1. On or before the end of each calendar quarter, participating counties shall submit to the commissioner certified statements detailing the amounts expended and costs incurred in providing the correctional services provided in this act. Upon receipt of certified statements, the commissioner shall, in the manner provided in sections 9 and 11, determine the amount each participating county is entitled to receive, and certify same to the state auditor who shall thereupon draw his warrant upon the state treasurer in favor of the chief fiscal officer of each participating county for the amount shown to be due each county. Thereafter, the state auditor shall transmit the warrant to the appropriate fiscal officer, together with a copy of the certificate prepared by the commissioner.

Subd. 2. The commissioner shall biennially review the ranking accorded each county by the equalization formula provided in section 9 and compute the subsidy rate accordingly.

Sec. 16. Any participating county may, at the beginning of any calendar quarter, by resolution of its board of commissioners, notify the commissioner of its intention to withdraw from the subsidy program established by this act, and such withdrawal shall be effective the last day of the last month of the quarter in which such notice was given.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. Minnesota Statutes 1971, Section 473A.01, Subdivision 2 is amended to read:

Subd. 2. "Metropolitan (TRANSIT) *transportation area*" or "(TRANSIT) *transportation area*" or "area" or "MTA" means the (TWIN CITIES) metropolitan (PUBLIC TRANSIT) *transportation area* hereinafter established.

Sec. 2. Minnesota Statutes 1971, Section 473A.01, Subdivision 3 is amended to read:

Subd. 3. "Metropolitan (TRANSIT) *transportation commission*" or "(TRANSIT) *transportation commission*" or "commission" means the (TWIN CITIES AREA)) metropolitan (TRANSIT) *transportation commission* hereinafter created.

Sec. 3. Minnesota Statutes 1971, Section 473A.01, is amended by adding a subdivision to read:

Subd. 12. "Metropolitan council" or "council" means the metropolitan council created by Minnesota Statutes 1971, Section 473B.02.

Sec. 4. Minnesota Statutes 1971, Section 473A.02, is amended to read:

473A.02 [LEGISLATIVE DETERMINATION, POLICY AND PURPOSE.] The legislature finds and determines that nearly half the people of the state live in the metropolitan (TRANSIT) *transportation* area hereinafter established. The population of that area is growing faster than in any other area of the state, and it is continually visited by large numbers of people from other parts of the state, resulting in a heavy and steadily increasing concentration of resident and transient population and creating serious problems of public transit and public highway traffic in the area. The present public transit systems in the area consist largely of bus lines using the public highways and streets. These systems are inadequate to meet the needs for public transit in the area. A major part of the transportation of people in the area is provided by private motor vehicles. All of the foregoing adds heavily to the traffic load on the state highways which constitute the main routes of travel to, from, and through the area, aggravating the congestion and danger of accidents thereon, polluting the surrounding air, intensifying the wear and tear on those highways and streets, increasing the cost of maintenance thereof, and the number, size, and cost of new highways that must be constructed in the area. These effects will progressively grow worse as the population of the area increases, imposing serious handicaps on the business, industry, property development, recreation, and other beneficial activities of the residents of the area and visitors thereto, and causing severe and widespread harm to the public health, safety and welfare of the area and the entire state. It is beyond the capacity of the present operators of public transit systems and other existing public and private agencies unassisted to make adequate provision for public transit in the area or for dealing effectively with the aforesaid problems and conditions therein. The legislature therefore declares as the public policy of the state that for the protection and advancement of the public health, safety, and welfare of the metropolitan (TRANSIT) *transportation* area and the entire state, and in order to provide for adequate public transit within the area, reduce the traffic congestion and hazards on the state and other highways and streets therein, and relieve the other harmful conditions aforesaid, there is urgent need for the establishment of that area as herein defined, for the creation of a metropolitan (TRANSIT) *transportation* commission therefor with the powers and duties herein prescribed, *for the implementation of a comprehensive transportation policy plan for the area and for the other measures herein provided for.*

Sec. 5. Minnesota Statutes 1971, Section 473A.03, is amended to read:

473A.03 [METROPOLITAN TRANSPORTATION AREA, ESTABLISHMENT.] There is hereby established a (TWIN

CITIES) metropolitan (PUBLIC TRANSIT) transportation area comprising the counties of Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, and Carver.

Sec. 6. Minnesota Statutes 1971, Section 473A.04, is amended by adding subdivisions to read:

Subd. 15. [APPOINTMENTS.] The metropolitan transportation commissioners shall be appointed by the governor as hereinafter provided. The governor shall on or before January 1, 1974 appoint one member from each commission district, each comprised of at least two contiguous council districts, by and with the advice and consent of the senate after consulting with all members of the legislature residing within the appropriate district.

Subd. 16. [QUALIFICATIONS.] Each member shall be a resident of the district for which he is appointed and shall not during his term of office as a commission member hold the office of council member. Each member shall qualify by taking and subscribing the oath of office prescribed by the Minnesota Constitution, Article 5, Section 8. Such oath, duly certified by the official administering the same, shall be filed with the secretary of the senate.

Subd. 17. [TERMS: REMOVAL.] Those members from even numbered districts of the first commission shall be appointed for terms ending on December 31, 1974, and those members from odd numbered districts of the first commission shall be appointed for terms ending on December 31, 1976. Thereafter all commission members shall be appointed for four year terms, except that each member shall serve until his successor has been duly appointed and qualified. Commission members may be removed only by the governor and only for cause in the manner provided in chapter 351.

Subd. 18. [VACANCIES.] If the office of any commission member becomes vacant the vacancy shall be filled by appointment in the same manner in which the last regular appointment for that district was made. The office shall be deemed vacant under the conditions specified in chapter 351.

Subd. 19. [CHAIRMAN.] The governor shall appoint the chairman of the transportation commission who shall be a resident of the metropolitan area. The chairman shall preside at all meetings of the commission, if present, and shall perform all other duties and functions usually incumbent upon such an officer, and all administrative functions assigned to him by the commission or council. The commission may elect a vice chairman to act for the chairman during his temporary absence or disability. The chairman may be paid such compensation as the commission shall determine.

Sec. 7. Minnesota Statutes, Chapter 473A, is amended by adding a section to read:

[473A.061.] [POLICY PLANS FOR TRANSPORTATION COMMISSION.] *Subdivision (1).* The council shall adopt a transportation policy plan as a part of its comprehensive development guide. When adopted, the policy plan shall be followed by the transportation commission. In preparing plans the council shall consider and give effect to policy statements, purposes, goals, standards, and maps in its development guide and in applicable statutes directly relating to the commission. Each such policy plan shall include the following:

(a) a statement of the needs of the metropolitan area with respect to the functions covered and the objectives of and the policies to be forwarded by the policy plan;

(b) a general description of the physical facilities and services to be developed by the commission in performing its functions;

(c) a statement as to the general location of physical facilities and service areas;

(d) a general statement of timing and priorities in the development by the commission of the physical facilities and service areas;

(e) a general statement on level of public expenditure, both capital and operating, appropriate to the facilities and a statement of the relationship of the policy plan to other policy plans and to chapters of the metropolitan development guide;

(f) policies, both capital and non capital, relating to all transportation forms; and

(g) such additional general information as may be necessary to develop the policy plan or as may be required by the laws relating to the commission and the function covered by the policy plan.

Subd. 2. In preparing or amending a policy plan the council shall consult with and make maximum use of the expertise of the commission, and each such commission shall cooperate with and make its employees, records, studies, plans and other information available to the council. Before adopting a policy plan, the council shall submit a proposed policy plan to the commission for its review, and the commission shall report its comments to the council within 90 days. It may, within that period, request the council to hold a special public meeting for the purpose of receiving the commission's report and comments. After receipt of the commission's report and public meeting, if any, the council shall make appropriate revisions to the policy plan and shall call and hold a public hearing on the proposed plan as revised at such time and place in the metropolitan area as it shall determine. Not less than 45 days before the hearing, the council shall publish notice thereof in a newspaper or newspapers having general circulation in the metropolitan area, stating the date, time and place of hearing, and the place where the proposed policy plan and commission comments may be examined by any

interested person. At any hearing all interested persons shall be permitted to present their views on the policy plan. The hearing may be continued from time to time. Each such policy plan may be amended on the council's own initiative or upon the request of the commission. At least every four years the council shall engage in a comprehensive review of the policy plan. Development guide policy plans satisfying the requirements of subdivision 2 which heretofore have been adopted by the council pursuant to Minnesota Statutes, Section 473B.06, Subdivision 5, shall be deemed prepared and adopted pursuant to this subdivision; provided, that the council shall not amend a development guide policy plan so adopted except in accordance with the procedures herein established. The transportation commission, state highway department, state planning agency, and affected counties and municipalities may provide such technical assistance as may be requested by the council.

Subd. 3. The metropolitan council shall be the designated planning agency for any long-range comprehensive transportation planning required by Section 134 of Federal Highway Act of 1962 and Section 4 of the Urban Mass Transportation Act of 1964. It shall assure administration and coordination of transportation planning with appropriate agencies and local governmental units, and together with the transportation commission shall establish such an advisory board in fulfillment of the planning responsibilities of the council and commission. The council and commission together shall be the agency for planning and carrying out urban regional transportation programs in the metropolitan area and entitled to receive any federal grants provided for each agency.

Subd. 4. In the event federal statutes require capital funding to be directly apportioned by the federal government to an urban area agency responsible for planning and carrying out projects on the federal aid urban system in an urbanized area, the metropolitan area shall be considered the urbanized area for purposes of such apportionment, and the council, together with the commission if necessary to meet federal requirements, shall be deemed to be such an agency to carry out their respective responsibilities under this act.

Sec. 8. Minnesota Statutes 1971, Chapter 473A, is amended by adding a section to read:

[473A.062] [DEVELOPMENT PROGRAM OF TRANSPORTATION COMMISSION.] Subdivision 1. The transportation commission shall prepare a development program covering the detailed technical planning, engineering, financing and scheduling necessary to the development of the program elements to be performed by the commission and the implementation of the policy plan adopted by the council. In preparing the plan, the commission shall consult with and obtain the views of counties and municipalities in the metropolitan area, the state highway department and the state planning agency, and for that purpose may create such advisory committees as may be necessary.

The program shall provide for and include coordination of routes and operations of all publicly and privately owned transportation facilities within the area to the end that combined efficient and rapid transportation may be provided for the use of the public in the entire area. The program shall cover at least the five-year period commencing with the first calendar year beginning after its submission or such longer period as the council may prescribe.

Subd. 2. The program shall describe all capital improvements to be undertaken in such period and with respect to each improvement shall include the following elements. The transportation development program shall include a description of the improvement and its location, function, the general alignment and profile, approximate points of access, facility classification, approximate cost, relation to other existing and planned transportation routes and facilities, and a statement of the expected general effect on present and future use of the property within the corridor and upon the probable impact of the improvement on the plans or programs of other metropolitan commissions. The program shall be accompanied with a statement of need for the proposed construction or improvement, and evaluation of its relative priority as regards other proposed improvements, a description of alternate routes which were considered, and an explanation of the advantages and disadvantages in the selection of any route considered. It shall describe the proposed manner of financing the capital costs of the improvement, an estimate of the annual operating costs of the improvement, and the sources of revenue available for payment of such costs. The transportation development program shall also contain a description of the type of right of way or routes required; the type of transit service to be provided in each portion of the system, designation of transit mode, and appropriate general operating criteria. The plan may include such other technical information as the commission deems necessary.

Subd. 3. [SUBMISSION TO AND APPROVAL BY COUNCIL.] The development program prepared by the commission shall be submitted to the council for review and approval or disapproval. If the council determines that the program is consistent with the development guide it shall approve the program as submitted. If it determines that the program is inconsistent with the developmental guide, it shall disapprove it and return it to the submitting commission with comments and the commission shall make appropriate revision in the program and resubmit it to the council for review and approval or disapproval. Within two years of the approval of its first development program by the council and biennially thereafter the commission shall review the program, make such revisions as are necessary, including an updating of the five-year capital improvement program, and submit the plan to the council for its review and approval or disapproval as herein provided.

Subd. 4. [EFFECT OF DEVELOPMENT PROGRAM.] After approval by the council of the development program, the commission shall implement the program, and no capital im-

provements not authorized by the program shall be adopted or undertaken by the commission unless approved by the council.

Subd. 5. In implementing the program, the commission may designate a segment of the system planned as a pilot or demonstration transportation project using, without limitation, new technology including airborne systems, or traditional systems of evolved or modern form.

Sec. 9. Minnesota Statutes 1971, Section 473A.05, Subdivision 10, is amended to read:

Subd. 10. [COMMISSION BUDGET; APPROVAL THEREOF.] (DURING THE MONTH OF JUNE IN EACH YEAR, THE COMMISSION SHALL AT ITS REGULAR MEETING ESTABLISH A BUDGET CONSISTING OF AN OPERATING EXPENSE BUDGET FOR THE CURRENT FISCAL YEAR, AND A CAPITAL IMPROVEMENT PROGRAM FOR THE FIVE FISCAL YEARS PAST THE CURRENT FISCAL YEAR. THE CAPITAL EXPENSE BUDGET AND THE CAPITAL IMPROVEMENT PROGRAM SHALL BE SUBMITTED TO THE METROPOLITAN COUNCIL FOR ITS APPROVAL OR DISAPPROVAL AND COMMENT WHICH SHALL BE GIVEN WITHIN 60 DAYS AFTER SUBMISSION. THE ABSENCE OF SUCH APPROVAL OR COMMENT AS TO THE ITEMS CONTAINED THEREIN SHALL CONSTITUTE APPROVAL OF SUCH ITEMS. IF CIRCUMSTANCES REQUIRE A SIGNIFICANT CHANGE IN THE BUDGET OR PROGRAM, THE COMMISSION SHALL SUBMIT THE MATTER TO THE COUNCIL FOR ITS APPROVAL WITHIN 80 DAYS UPON THE ABOVE TERMS.)

(THE COMMISSION AND THE COUNCIL SHALL COOPERATE IN SUCH MANNER AND PROVIDE SUCH INFORMATION SO AS TO MAKE POSSIBLE MEANINGFUL EVALUATION OF THESE ITEMS AND OF THE COMMENTS THEREON IN IMPLEMENTATION OF THE PURPOSES OF MINNESOTA STATUTES 1967, SECTION 473B.06.)

(1.) [CALENDAR YEAR.] The transportation commission shall adopt a budget for each calendar year.

(2.) [BUDGET PREPARATION AND APPROVAL.] The commission shall prepare a proposed budget on or before August 1 in 1974 and each year thereafter, showing for the next calendar year estimated receipts of money from all sources and funds on hand at the beginning of the calendar year, and estimated expenditures for costs of (a) operation, administration, and maintenance; (b) acquisition and betterment of capital improvements and (c) debt service. Between August 1 and October 1 of each year, the commission shall hold a public hearing on the proposed budget. Not less than 14 days before the hearing, the commission shall publish notice thereof in a newspaper having general circulation in the metropolitan area, stating the date, time and place of hearing, and the place where the proposed budget may be examined by any interested person. Those parts of the budget

relating to expenditures for acquisition and betterment of capital improvements shall be submitted to the council on or before August 1 of each year and shall be subject to approval by the council. The council shall act to approve or disapprove by October 1 of each year. Before December 15 of each year the commission, after obtaining approval of the council for any changes in the capital improvements budget, shall by resolution adopt a final budget. The commission shall file its final budget with the council on or before December 20 of each year. Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. Minnesota Statutes 1971, Chapter 325, is amended by adding a section to read:

[325.95] [DEFINITIONS.] *Subdivision 1. As used in this act, the terms defined in this section have the meanings given them.*

Subd. 2. “Consumer sale” means a sale of new goods, or as regards an express warranty, any goods, purchased primarily for personal, family, or household purposes, and not for agricultural or business purposes.

Subd. 3. “Goods” are as defined in Minnesota Statutes, Section 325.94.

Subd. 4. “New goods” mean those goods which are purchased for the first time other than for purposes of resale.

Subd. 5. “Express warranty” means a written statement arising out of a consumer sale pursuant to which the manufacturer, distributor, or retailer undertakes (1) to preserve or maintain the utility or performance of the goods or provide compensation or replacement if there is a failure in utility or performance; or (2) declares that in the event of any sample or model, that the whole of the goods conforms to the sample or model. It is not necessary to the creation of an express warranty that formal words such as “warrant” or “guarantee” be used or that a specific intention to make a warranty be present, but an affirmation merely of the value of the goods or a statement pur-

porting to be merely an opinion or commendation of the goods does not create a warranty.

Sec. 2. Minnesota Statutes 1971, Chapter 325, is amended by adding a section to read:

[325.96] [IMPLIED WARRANTIES.] *Subdivision 1. Unless disclaimed in the manner prescribed in subdivision 2, every consumer sale in this state shall be accompanied by an implied warranty that the goods are merchantable, and, in a consumer sale where the seller has reason to know that the goods are required for a particular purpose and that the buyer is relying on the seller's skill or judgment to select or furnish suitable goods, an implied warranty of fitness. A seller may, however, limit damages or remedies for breach of implied warranties as provided in Minnesota Statutes, Chapter 336.*

Subd. 2. [DISCLAIMER.] No consumer sale on an "as is" or "with all faults" basis shall be effective to disclaim the implied warranty of merchantability, or, where applicable, the implied warranty of fitness, unless a conspicuous writing clearly informs the buyer, prior to the sale, in simple and concise language each of the following:

(1) The goods are being sold on an "as is" or "with all faults" basis; and

(2) The entire risk as to the quality and performance of the goods is with the buyer.

In event of a consumer sale by means of a mail order catalog, the catalog may contain the required writing in lieu of the requirement of notification prior to the sale.

Sec. 3. Minnesota Statutes 1971, Chapter 325, is amended by adding a section to read:

[325.97] [EXPRESS WARRANTIES.] *Subdivision 1. [DISCLAIMERS.] No express warranty arising out of a consumer sale of new goods shall disclaim implied warranties of merchantability, or, where applicable, of fitness.*

Subd. 2. [HONORING OF EXPRESS WARRANTIES.] The maker of an express warranty arising out of a consumer sale in this state shall honor the terms of the express warranty. In a consumer sale, the manufacturer shall honor an express warranty made by the manufacturer; the distributor shall honor an express warranty made by the distributor; and the retail seller shall honor an express warranty made by the retail seller.

Subd. 3. [LIABILITY OF MANUFACTURER TO RETAILER.] Every manufacturer who makes an express warranty pursuant to a consumer sale, who authorizes a retail seller within this state to perform services or repairs under the terms of the express warranty shall be liable to the retail seller in an amount equal to that which is charged by the retail seller for like service or repairs rendered to retail consumers who are not entitled to warranty protection.

Sec. 4. Minnesota Statutes 1971, Chapter 325, is amended by adding a section to read:

[325.98] [REMEDIES.] *A violation of this act shall be treated as a violation of Minnesota Statutes, Section 325.79. The remedies provided by this act are cumulative and shall not be construed as restricting any remedy that is otherwise available.*

The department of public welfare is directed to furnish to the department of education that information concerning children from families with dependent children which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.

(5) *In every district where the number of pupils from families receiving aid to families with dependent children or its suc-*

Such weighting shall be in addition to the weighting provided in clauses (1), (2), (3), and (4) of this section. Districts with these pupil units shall receive aid of \$788 for each pupil unit described in this clause in 1973-1974 and \$820 in 1974-1975.

This adjustment shall not be made in computing adjusted maintenance cost per pupil unit.

To receive state aid for transportation, the schools in independent, *unorganized territory and special districts* shall be in session at least nine months in the year and shall have suitable school houses with the necessary rooms and equipment. For transportation or board of resident pupils in such districts who reside one mile or more from the public schools which they could attend or from the school they attend pursuant to a program approved by the commissioner of education or who reside one mile or more from a private school actually attended, but only to the extent permitted by Minnesota Statutes, Section 123.76 through Section 123.79 with respect to private school pupils, the state shall reimburse such districts, notwithstanding any statute, rule or regulation to the contrary regarding limitations of municipal boundaries, (AT RATES TO BE DETERMINED BY THE STATE BOARD PROVIDED, THAT NO DISTRICT SHALL RECEIVE ANNUALLY MORE THAN AN AVERAGE OF \$80 PER PUPIL PER YEAR TRANSPORTED OR BOARDED, AND PROVIDED FURTHER THAT SUCH REIMBURSEMENT SHALL NOT EXCEED) *in an amount equal to 80 percent of the actual total cost thereof including the actual depreciation at rates to be determined by the state board.*

Sec. 12. Minnesota Statutes 1971, Section 124.22, is amended by adding a subdivision to read:

Subd. 2a. The state shall also reimburse at the same rate as provided for in subdivision 1, for the cost of transporting resident elementary pupils who reside within one mile of the public schools which they attend or from the school they attend pursuant to a program approved by the commissioner of education or who reside within one mile of a private school actually attended, but only to the extent permitted by Minnesota Statutes, Section 123.76 to 123.79 with respect to private school pupils, if the commissioner determines that the transportation is necessary because of extraordinary traffic hazards.

There is hereby appropriated the sum of \$500,000 for the purposes of this subdivision. If the funds are insufficient to reimburse such districts at the prescribed rate, they shall be prorated among the approved districts.

Sec. 13. Minnesota Statutes 1971, Section 124.22, Subdivision 3, is amended to read:

Subd. 3. In a district or unorganized territory without a secondary school resident pupils including seventh and eighth grade pupils may attend a classified secondary school in another district and shall receive board and lodging in or transportation to a district having a classified secondary school at the expense of the district of the pupil's residence. The state will reimburse the county or school district therefor (NOT TO EXCEED \$80 PER PUPIL PER YEAR NOR TO EXCEED) *at the rate of 80 percent of the total cost including actual depreciation.*

Sec. 14. Minnesota Statutes 1971, Section 124.28, Subdivision 3, is amended to read as follows:

Subd. 3. For the purpose of determining the applicability of this section to any district in *fiscal 1974 and subsequent years*, the valuation of taxable property shall be the (1969) adjusted value of such property as determined by the equalization aid review committee *and used in calculating foundation aid for the corresponding school year*, (EXCLUSIVE OF CLASS 2 PERSONAL PROPERTY AND PERSONAL PROPERTY EXEMPT FROM TAXATION BY EXTRA SESSION LAWS 1967, CHAPTER 32,) and the valuation of the exempt property shall be the full value of the exempt *railroad* property as reported annually by the department of public service. For the purpose of determining refunds the valuations of the taxable property shall be taken at 30 percent of the valuations as adjusted by the equalization aid review committee and the valuation of the exempt property shall be taken at 30 percent of its full value. The eligibility of a school district under this section is determined by adding the adjusted taxable valuation of the taxable property of the district as determined by the equalization aid review committee to the full value of the exempt property as reported by the department of public service; then by dividing the amount of the exempt property by the total of such taxable property and exempt property; if the result is 20 percent or more the school district is eligible, otherwise not, unless it qualifies temporarily under subdivision 1 *or the following paragraph*.

Any district disqualified from receiving refunds because this subdivision as amended substitutes a more recent adjusted assessed valuation for the 1969 adjusted assessed valuation previously specified, shall nevertheless continue to receive such refunds for three additional years, but the net amounts due prior to any required proration shall be reduced by 25 percent the first year, by 50 percent the second year, and by 75 percent the third year.

Sec. 15. Minnesota Statutes 1971, Section 124.32, Subdivision 1, is amended to read:

124.32 [HANDICAPPED CHILDREN.] Subdivision 1. The state shall pay to any district and unorganized territory; (a) for the employment in its educational program for handicapped children, 60 percent of the salary of essential personnel, but this amount shall not exceed (\$5,300) \$5,600 for the normal school year for each full time person employed, or a pro rata amount for a part time person or a person employed for a limited time, including but not limited to summer school; (b) for the employment of an individual jointly with another district or districts or unorganized territory in its educational program for handicapped children, 60 percent of the salary of essential personnel, but this amount shall not exceed (\$5,300) \$5,600 per annum for each full time person employed, or a pro rata amount for a part time person or a person employed for a limited time including but not limited to summer school.

Sec. 16. Minnesota Statutes 1971, Section 124.32, Subdivision 3, is amended to read:

Subd. 3. When a handicapped or a mentally retarded pupil cannot be transported on a regular school bus, the state shall reimburse each district or unorganized territory for the transportation or board and lodging including a pro rata amount for summer school for a mentally retarded or otherwise handicapped pupil when approved by the state board, at rates to be determined by the state board. Actual transportation costs (MAY) shall be reimbursed (BUT SHALL NOT EXCEED \$225 ANNUALLY FOR EACH SUCH PUPIL) at the rate of 80 percent of the total cost thereof including actual depreciation. Transportation funds may be used to reimburse for expenditures in conveying mentally retarded or otherwise handicapped pupils between home and school and within the school plant. In addition to transportation provided school pupils pursuant to any other provisions of law, any school district may provide transportation for children residing within the district who are attending a licensed daytime activity center and such district shall be eligible for the state reimbursement authorized by this subdivision for mentally retarded or otherwise handicapped children.

When it is necessary to provide board and lodging for a non-resident handicapped pupil in a district maintaining special classes, reimbursement shall be made for 80 percent of the actual cost of board and lodging (BUT NOT TO EXCEED \$900) during the regular school year and (A PRO RATA AMOUNT) for summer school. This amount may be in addition to the reimbursement for transportation of such child from the place where the pupil is boarded to the school building.

Sec. 17. Minnesota Statutes 1971, Section 124.32, Subdivision 5, is amended to read:

Subd. 5. When a handicapped child is placed in a residential facility approved by the commissioner and established primarily to serve handicapped children and when the child's educational program is approved by the commissioner, the state shall pay to the resident district not to exceed 60 percent of instructional costs charged to the resident district, less the foundation aid per pupil unit payable to the resident district. Not more than (\$125,000) \$300,000 shall be spent annually for purposes of implementing this subdivision. If that amount does not suffice, the aid shall be pro rated among all qualifying districts.

The following types of facilities may be approved by the commissioner:

(a) A residential facility operated by a public school district and designed to serve the low incidence handicapped, the multiple handicapped, or the most severely handicapped children, either within or outside of the state, or, a state residential school outside of the state.

(b) A private, nonsectarian residential facility designed to provide educational services for handicapped children either within or outside of the state.

(c) A state hospital or private nonsectarian residential center designed to provide care and treatment for handicapped children.

This section does not apply for a child placed in a foster home or a foster group home.

Upon following such procedure as requested by the commissioner of education a district or unorganized territory providing instruction and services for such handicapped child may bill the state the actual cost incurred in providing said services including transportation costs and a proportionate amount of capital outlay and debt service, minus the amount of foundation aid, special education aid, transportation aid, and any other aid earned in behalf of such child, such action pursuant to limits set forth in Minnesota Statutes, Section 124.32, Subdivision 4.

Sec. 19. Minnesota Statutes 1971, Chapter 124, is amended by adding a section to read:

[124.781] [LIMITATION ON TAX ANTICIPATION BORROWING.] *Except as approved by the commissioner, a district may not issue certificates of indebtedness pursuant to sections 124.71 to 124.78, for a larger proportion of its total anticipated tax or aid revenues than it borrowed against such revenues which were received in calendar 1973.*

Sec. 20. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 2a. (1) In 1973, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the number of mills, not to exceed 30, times the 1972 adjusted assessed valuation of the district that bears the same relation to 30, as the greater sum computed pursuant to section 9, clause (2) of this act, bears to \$820.

(2) In 1974, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the number of mills, not to exceed 30, times the 1973 adjusted assessed valuation of the district that bears the same relation to 30, as the sum of the greater sum computed pursuant to section 9, clause (2) of this act, and the greater of (a) one-half of the difference that results when such greater sum is subtracted from \$860, or (b) \$40, bears to \$860.

(3) *The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year. The question on the ballot shall be whether a specific adjusted assessed millage may be added to that authorized by clauses (1) or (2). If approved, the additional adjusted assessed millage shall be authorized for each year until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. A petition authorized by this clause shall be effective if signed by a number of qualified voters in excess of 25 percent of the number of votes cast for the school board member who received the greatest number of votes at the most recent district wide school board election. A referendum invoked by petition shall be held within three months of submission of the petition to the school board unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.*

Sec. 21. Minnesota Statutes 1971, Section 275.125, Subdivision 3, is amended to read:

Subd. 3. In addition to the levy (PRESCRIBED) authorized by (SUBDIVISION 2) section 20 of this act, (EACH) a qualifying district may levy additional amounts as follows:

(1) *The amounts necessary to make payments for bonds issued and for interest thereon, (AND FOR REPAYMENT OF DEBT SERVICE LOANS AND CAPITAL LOANS, THE AMOUNT AUTHORIZED FOR CAPITAL OUTLAY) including the bonds and interest thereon, issued as authorized by clause (6)(C) of this subdivision, and for repayment of debt service loans and capital loans, the amount authorized for capital expenditures pursuant to section 124.04 and the amount authorized for liabilities of dissolved districts pursuant to section 122.45.*

The money raised by this additional levy may be used only for costs incurred in transportation which is partially reimbursable under sections 124.22 and 124.32 other than transportation of elementary pupils for which the commissioner authorizes aid for extraordinary traffic hazards. A district may levy under this clause for the annual cash payments incident to the purchase of buses, but only for that portion of said payments not reimbursed by state transportation aid received on account of depreciation.*

((3) FOR PURPOSES OF THE 1971 LEVY, COLLECTIBLE IN 1972, ANY DISTRICT, IN WHICH THE SUM OF \$87 PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP AND THE DIFFERENCE BETWEEN THE REIMBURSEMENT ENTITLEMENT PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP FOR 1970-1971 SCHOOL YEAR PROGRAMS FOR HANDICAPPED CHILDREN AND THE 1970-1971 ADJUSTED MAINTENANCE COST PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP IS GREATER THAN \$750 PER PUPIL UNIT, MAY LEVY AN AMOUNT PER PUPIL UNIT WHICH IS EQUAL TO OR LESS THAN THE DIFFERENCE BETWEEN SAID SUM AND \$750 PER PUPIL UNIT. A DISTRICT WHICH IS LOCATED IN A CITY OF THE FIRST CLASS MAY NOT QUALIFY FOR AN ADDITIONAL LEVY THAT EXCEEDS 1.5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT.)

((4) FOR PURPOSES OF THE 1972 LEVY COLLECTIBLE IN 1973, ANY DISTRICT, WHICH QUALIFIED FOR AN ADDITIONAL LEVY UNDER SUBPARAGRAPH (3) OF THIS SUBDIVISION, AND IN WHICH THE SUM OF THE ADDITIONAL AMOUNT PER PUPIL UNIT AUTHORIZED BY SUBPARAGRAPH (3) AND \$750 PER PUPIL UNIT IS GREATER THAN \$700 PER PUPIL UNIT MAY LEVY AN ADDITIONAL AMOUNT PER PUPIL UNIT WHICH IS EQUAL TO OR LESS THAN \$30 PER PUPIL UNIT PLUS THE DIFFERENCE BETWEEN SAID SUM AND \$700 PER PUPIL UNIT. A DISTRICT WHICH IS LOCATED IN A CITY OF THE FIRST CLASS MAY NOT QUALIFY FOR AN ADDITIONAL LEVY THAT EXCEEDS 1.5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT.)

((5) EACH DISTRICT WHICH MAINTAINS A POST-SECONDARY AREA VOCATIONAL-TECHNICAL SCHOOL SHALL REPORT TO THE COMMISSIONER OF EDUCATION THE RECEIPTS AND EXPENDITURES OF THE DISTRICT FOR THE AREA VOCATIONAL-TECHNICAL SCHOOL BY SEPTEMBER OF THE FISCAL YEAR ENDING IN THE PRECEDING JUNE. THE COMMISSIONER SHALL PRESCRIBE THE FORM OF THE REPORT.)

(EACH DISTRICT OR COUNTY MAINTAINING A POST-SECONDARY AREA VOCATIONAL-TECHNICAL SCHOOL MAY LEVY AN ADDITIONAL LEVY EXCLUSIVELY FOR THIS SCHOOL, BUT SUCH LEVY IN A DISTRICT WITHIN A CITY OF THE FIRST CLASS MAY NOT EXCEED .5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT AS DETERMINED BY THE EQUALIZATION AID REVIEW COMMITTEE FOR THE YEAR PRIOR TO THE CERTIFICATION OF THE LEVY.)

(3) For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy under Extra Session Laws 1971, Chapter 31, Article XX, Section 8, Subdivision 3, Clause (4), shall be allowed to levy the same amount allowed in

the 1972 levy collectible in 1973. Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 2.25 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Extra Session Laws 1971, Chapter 31, Article XX, Section 8, Subdivision 3, Clause (3), but did not qualify for an extra levy in 1972, collectible in 1973, shall be allowed to levy 133 percent of the amount it was qualified to levy under Extra Session Laws 1971, Chapter 31, Article XX, Section 8, Subdivision 3, clause (3).

(4) *Any district which qualified for a levy under clause (3) above shall be allowed to levy that same amount in 1974 reduced by the lesser of five percent of that amount or \$5 per pupil unit in average daily membership. Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 2.25 mills times the adjusted assessed valuation of the district shall be allowed to levy the 2.25 mills.*

(5) *For districts in cities of the first class, maintaining post secondary vocational schools, one-half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.*

(6) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(7) In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money, to raise \$1 per capita, for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14.

(8) Districts which receive payments which result in deductions from foundation aid pursuant to section 10 of this act, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy made bears to the sum of the permissible levies made.

Sec. 22. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 3a. School District No. 625 is authorized to issue general obligation bonds in the amount of \$15,000,000. Such bonds shall be sold and issued pursuant to the provisions of Minnesota Statutes, Chapter 475, except as provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

Sec. 23. Minnesota Statutes 1971, Section 360.133, Subdivision 2, is amended to read:

Subd. 2. [VALUATION OF PROPERTIES.] For the purposes of determining the amount of this refund, the value of such properties shall be set at 30 percent of their full and true value except that in no case shall the assessed value of said properties for this purpose exceed such an amount as when added to the assessed value of all other property in the school district exceed (\$2,600) \$6,500 per resident pupil unit.

Sec. 24. *The state board of education shall summarize and disseminate to boards of education, individual school faculty groups, individual school and school district parent organizations, the legislature and the governor, from presently available reports or from new reports it may require of school districts, the following types of information: individual elementary, secondary and area vocational technical school district program costs, student enrollments, staffing and staffing ratios, district capital and operating debt or surplus, per pupil per mile costs of transportation, and other school district fiscal and demographic characteristics of importance.*

Sec. 7. Minnesota Statutes 1971, Section 115.03, Subdivision 1, is amended to read:

115.03 [POWERS AND DUTIES.] Subdivision 1. The agency is hereby given and charged with the following powers and duties:

(a) To administer and enforce all laws relating to the pollution of any of the waters of the state;

(b) To investigate the extent, character, and effect of the pollution of the waters of this state and to gather data and information necessary or desirable in the administration or enforcement of pollution laws, and to make such classification of the waters of the state as it may deem advisable;

(c) To establish and alter such reasonable pollution standards for any waters of the state in relation to the public use to which they are or may be put as it shall deem necessary for the purposes of (SECTIONS 115.01 TO 115.09) *chapter 115 and, with respect to the pollution of waters of the state, chapter 116;*

(TO MAKE AND ALTER REASONABLE ORDERS REQUIRING THE DISCONTINUANCE OF THE DISCHARGE OF SEWAGE, INDUSTRIAL WASTE OR OTHER WASTES INTO ANY WATERS OF THE STATE RESULTING IN POL-

UTION IN EXCESS OF THE APPLICABLE POLLUTION STANDARD ESTABLISHED UNDER THIS SUBDIVISION.)

(d) To adopt, issue, reissue, modify, deny, or revoke, enter into or enforce reasonable orders, permits, variances, standards, regulations, schedules of compliance, and stipulation agreements, under such conditions as it may prescribe, in order to prevent, control or abate water pollution, or for the installation or operation of disposal systems or parts thereof, or for other equipment and facilities;

(1) Requiring the discontinuance of the discharge of sewage, industrial waste or other wastes into any waters of the state resulting in pollution in excess of the applicable pollution standard established under this chapter;

(2) Prohibiting or directing the abatement of any discharge of sewage, industrial waste, or other wastes, into any waters of the state or the deposit thereof or the discharge into any municipal disposal system where the same is likely to get into any waters of the state in violation of this chapter and, with respect to the pollution of waters of the state, chapter 116, or standards or regulations promulgated or permits issued pursuant thereto, and specifying the schedule of compliance within which such prohibition or abatement must be accomplished;

(3) Prohibiting the storage of any liquid or solid substance or other pollutant in a manner which does not reasonably assure proper retention against entry into any waters of the state that would be likely to pollute any waters of the state;

(4) Requiring the construction, installation, maintenance, and operation by any person of any disposal system or any part thereof, or other equipment and facilities, or the reconstruction, alteration, or enlargement of its existing disposal system or any part thereof, or the adoption of other remedial measures to prevent, control or abate any discharge or deposit of sewage, industrial waste or other wastes by any person;

(5) Establishing, and from time to time revising, standards of performance for new sources taking into consideration, among other things, classes, types, sizes, and categories of sources, processes, pollution control technology, cost of achieving such effluent reduction, and any non-water quality environmental impact and energy requirements. Said standards of performance for new sources shall encompass those standards for the control of the discharge of pollutants which reflect the greatest degree of effluent reduction which the agency determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants. New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed regulations prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the

law of this state, any point source the construction of which is commenced after the date of enactment of this Act and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Construction shall encompass any placement, assembly, or installation of facilities or equipment, including contractual obligations to purchase such facilities or equipment, at the premises where such equipment will be used, including preparation work at such premises;

(6) Establishing and revising pretreatment standards to prevent or abate the discharge of any pollutant into any publicly owned disposal system, which pollutant interferes with, passes through, or otherwise is incompatible with such disposal system.

(7) Requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the agency shall prescribe, and providing such other information as the agency may reasonably require.

(8) Notwithstanding any other provision of chapter 115, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision (5)(b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the agency determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social

costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person.

(9) To modify, in its discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977 upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants.

(e) To require to be submitted and to approve plans and specifications for disposal systems or point sources, or any part thereof and to inspect the construction thereof for compliance with the approved plans and specifications thereof;

(TO ISSUE, CONTINUE IN EFFECT OR DENY PERMITS, UNDER SUCH CONDITIONS AS IT MAY PRESCRIBE FOR THE PREVENTION OF POLLUTION, FOR THE DISCHARGE OF SEWAGE, INDUSTRIAL WASTE OR OTHER WASTES, OR FOR THE INSTALLATION OR OPERATION OF DISPOSAL SYSTEMS OR PARTS THEREOF;)

(TO REVOKE OR MODIFY ANY PERMIT ISSUED UNDER SECTIONS 115.01 TO 115.09 WHENEVER IT IS NECESSARY, IN THE OPINION OF THE AGENCY, TO PREVENT OR ABATE POLLUTION OF ANY WATERS OF THE STATE;)

(f) To prescribe and alter rules and regulations, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by (SECTIONS 115.01 TO 115.09) *this chapter and, with respect to pollution of waters of the state, in chapter 116*, provided that every rule or regulation affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state; (AND)

(g) To conduct such investigations, *issue such notices, public and otherwise*, and hold such hearings as *are necessary or which it may deem advisable* (AND NECESSARY) for the discharge of its duties under (SECTIONS 115.01 TO 115.09) *this chapter and, with respect to the pollution of waters of the state, under chapter 116, including, but not limited to, the issuance of permits*, and to authorize any member, employee, or agent appointed by it to conduct such investigations or, *issue such notices and hold such hearings* (.);

(h) For the purpose of water pollution control planning by the state and pursuant to the Federal Water Pollution Control Act, as amended, to establish and revise planning areas, adopt plans and programs and continuing planning processes, including, but not limited to, basin plans and areawide waste treatment management plans, and to provide for the implementation of any

such plans by means of, including but not limited to, standards, plan elements, procedures for revision, intergovernmental cooperation, residual treatment process waste controls, and needs inventory and ranking for construction of disposal systems;

(i) To train water pollution control personnel, and charge such fees therefor as are necessary to cover the agency's costs. All such fees received shall be paid into the state treasury and credited to the water pollution control training fund of the agency, from which the agency shall have the power to make disbursements to pay expenses relating to such training;

(j) To impose as additional conditions in permits to publicly owned disposal systems appropriate measures to insure compliance by industrial and other users with any pretreatment standard, including, but not limited to, those related to toxic pollutants, and any system of user charges ratably as is hereby required under state law or said Federal Water Pollution Control Act, as amended, or any regulations or guidelines promulgated thereunder; and

(k) To set a period not to exceed five years for the duration of any National Pollutant Discharge Elimination System permit;

Sec. 8. Minnesota Statutes 1971, Section 115.03, Subdivision 4, is amended to read:

Subd. 4. It is unlawful for any person to issue or grant a building permit for, or otherwise permit, the construction, enlargement, or relocation of a commercial or industrial building to be used as the place of employment of more than 12 persons, or any other commercial or industrial building to house a process producing industrial or other wastes, unless the sewage or industrial or other waste originating in such buildings is or will be discharged into a disposal system for which a permit has first been granted by the agency *unless the agency has cause not to apply this requirement*, provided that this subdivision shall not apply to building permits issued for buildings, which have an estimated value of less than \$500,000, located or to be located within an incorporated municipality. *After January 1, 1975 (IF AN APPLICATION FOR) such (PERMIT) permits (IS NOT) shall be acted upon by the agency within 90 days after submitted, (THE PERMIT SHALL BE DEEMED TO BE GRANTED),* provided that the agency, for good cause, may order said 90 day period to be extended for a reasonable time.

than the provisions of the Federal Water Pollution Control Act, as amended, applicable to the participation by the state of Minnesota in the National Pollutant Discharge Elimination System (NPDES); provided that this provision shall not be construed as a limitation on any powers or duties otherwise residing with the agency pursuant to any provision of law.

Sec. 10. Minnesota Statutes 1971, Section 115.04, is amended to read:

115.04 [DISPOSAL SYSTEMS AND POINT SOURCES.] Subdivision 1. [INFORMATION.] Any person operating or installing a disposal system or other point source, or portion thereof, when requested by the agency, or any member, employee or agent thereof, when authorized by it, shall furnish to it any information which he may have or which is relevant to the subject of (SECTIONS 115.01 TO 115.09) chapter 115 and, with respect to the pollution of waters of the state, of chapter 116.

115.05 [FINAL ORDER.] Subdivision 1. [NOTICE: HEARING.] No final order of the agency shall be effective as to the vested rights of any person adversely affected thereby nor as to any disposal system or point source operated by any person unless the agency or its authorized officer, member, or agent shall have held a hearing upon the matter therein involved at which evidence may be taken, of which hearing such person shall have had notice as hereinafter provided. Any person who will be directly affected by the final order therein shall have the right to be heard at the hearing and to submit evidence thereat. Written notice specifying the time and place of the hearing shall be served by the agency upon all persons known by it to be directly affected by the final order, personally or by mail not less than 30 days before the date of the hearing. A copy of the final order shall be served in the same manner upon all persons who entered an appearance at the hearing. *Stipulation agreements*

or permits for treatment works or disposal systems for pollution abatement shall be construed to be orders of the agency.

Sec. 12. Minnesota Statutes 1971, Section 115.07, Subdivision 3, is amended to read:

Subd. 3. [PERMISSION FOR EXTENSION.] It shall be unlawful for any person to make any change in, addition to or extension of any existing disposal system or point source, or part thereof that would (MATERIALLY ALTER THE METHOD OR THE EFFECT OF TREATING OR DISPOSING OF THE SEWAGE, INDUSTRIAL WASTE OR OTHER WASTES), to effect any facility expansion, production increase, or process modification which results in new or increased discharges of pollutants, or to operate such system or point source, or part thereof as so changed, added to, or extended until plans and specifications therefor shall have been submitted to the agency unless the agency shall have waived the submission thereof to it and a written permit therefor shall have been granted by the agency.

Sec. 13. Minnesota Statutes 1971, Chapter 115, is amended by adding a section to read:

[115.07] [ENFORCEMENT.] Subdivision 1. [REMEDIES AVAILABLE.] *The provisions of Minnesota Statutes, Chapter 115 and Chapter 116 and all regulations, standards, orders, stipulation agreements, schedules of compliance, and permits adopted or issued by the agency thereunder or under any other law now in force or hereafter enacted for the prevention, control, or abatement of pollution may be enforced by any one or any combination of the following: criminal prosecution; action to recover civil penalties; injunction; action to compel performance; or other appropriate action, in accordance with the provisions of said chapters and this section.*

(f) *Wherever deemed practicable and advisable by the agency, standards specifying the quality and purity, or maximum permissible pollutional content, of effluent entering waters of the state may be established without (PREVIOUSLY ESTABLISHING) respect to water quality standards; provided, however, that whenever the owner or operator of any point source, after opportunity for public hearing, can demonstrate to the satisfaction of the agency that any effluent limitation proposed for the control of the heat component of any discharge from such source will require effluent limitations more stringent than necessary to assure the protection and propagation of a balanced, indigenous population of fish and wildlife in and on the body of water into which the discharge is to be made, the agency may impose an effluent limitation for such plan, with respect to the heat component of such discharge, taking into account the interaction of such heat component with other pollutants, that will assure the protection and propagation of a balanced, indigenous population of fish and wildlife in and on that body of water; and provided further that notwithstanding any other provision of chapter 115 and, with respect to the pollution of the waters of the state, chapter 116, any point source of a discharge having a heat component, the modification of which point source is commenced after the date of enactment of this act, and which, as modified, meets applicable effluent limitations, and which effluent limitations will assure protection and propagation of a balanced, indigenous population of fish and wildlife in or on the water into which the discharge is made, shall not be subject to any more stringent effluent limitation with respect to the heat component of its discharge during a ten year period beginning on the date of completion of such modification or during the period of depreciation or amortization of such facility for the*

The agency may classify waters and adopt criteria and standards in such form and based upon such evidence as it may deem necessary and sufficient for the purpose of meeting requirements of such federal laws, notwithstanding any provisions in chapter 115 or any other state law to the contrary. In the event waters are classified and criteria and standards are adopted to meet the requirements of federal law, the agency shall thereafter proceed to otherwise comply with the provisions of this section which were waived as rapidly as is practicable. This authority shall extend to proceedings pending before the agency on (APRIL 20, 1967) the *effective date of this act.*

Notwithstanding the provisions of subdivision 4, wherever advisable and practicable the agency may establish standards for effluent (OF) or disposal systems (ENTERING) *discharging into waters of the state* regardless of whether such waters are or are not classified.

In the event of a unilateral application to the agency, the agency may, after 30 days written notice, hold a public hearing for the purpose of hearing evidence relating to the application. Subd. 3. The agency may create and establish a special fund or funds for the security of one or more or all series of its bonds or notes, which funds shall be known as debt service reserve funds. The agency may pay into each debt service reserve fund (a) any moneys appropriated by the state only for the purposes of such fund, (b) any proceeds of sale of bonds or notes to the extent provided in the resolution or indenture authorizing the issuance thereof, (c) any funds directed to be transferred by the agency to such debt service reserve fund, and (d) any other moneys made available to the agency only for the purpose of such fund from any other source or sources.

Subd. 4. The moneys held in or credited to each debt service reserve fund, except as provided in this section, shall be used solely for the payment of the principal of bonds or notes of the agency as the same mature, the purchase of such bonds or notes, the payment of interest thereon, or the payment of any premium required when such bonds or notes are redeemed before maturity; provided, that moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of the fund to less than the amount which the agency shall determine to be reasonably necessary for the purposes of the fund, except for the purpose of paying principal or interest due on bonds or notes secured by the fund, for the payment of which other moneys of the agency are not available.

Subd. 5. Moneys in any debt service reserve fund not required for immediate use or disbursement may be invested in obligations of the state or the United States of America, or obligations the principal and interest of which are guaranteed by the state or the United States of America. Subd. 7. To the extent consistent with the resolutions and indentures securing outstanding bonds and notes, the agency may at the close of any fiscal year transfer to any other fund or account from any debt service reserve fund, any excess in that fund over the amount deemed by the agency to be reasonably necessary for the purpose of the fund.

Subd. 8. In order to assure the payment of the principal of and interest on bonds and notes of the agency and the continued maintenance of all debt service reserve funds created and established therefor, the agency shall annually determine and certify to the governor, on or before December 1, (a) the amount, if any, then be used to restore each debt service reserve fund to the minimum amount required by the resolution of indenture establishing the fund, not exceeding the maximum amount of principal and interest to become due and payable in any subsequent year on all bonds or notes which are then outstanding and secured by such fund; and (b) the amount, if any, determined by the agency to be needed in the then immediately ensuing fiscal year, with other funds pledged and estimated to be received during that year, for the payment of the principal and interest due and payable in that year on all then outstanding bonds and notes secured by a debt service reserve fund the amount of which is then less than the minimum amount agreed. The governor shall include and submit to the legislature, in the budget for the following fiscal year, or in a supplemental budget if the regular budget for that year has previously been approved, the amounts certified to him by the agency in accordance with this subdivision 8.

Subd. 9. The agency shall also submit a biennial report of its activities to the governor and the legislature on or before January 15 in each odd-numbered year.

Subd. 10. All of the official books and records of the agency shall be subject to audit by the public examiner in the manner prescribed for other agencies of state government. The agency is authorized also to employ and to contract in its resolutions and indentures for the employment of independent accountants for the audit of books and records pertaining to any fund or funds, and the public examiner is authorized to cooperate with such accountants as provided in Minnesota Statutes, sections 215.31 to 215.37.

gency action to avert danger or damage, epidemic, air contamination, blight, drought, infestation, explosion, riot, hostile military or paramilitary action, or shortages of crucial materials such as fuel and energy.

Subd. 10. "Emergency" means an unforeseen combination of circumstances which calls for immediate action to protect life and property and to prevent a disaster from developing or occurring, including but not limited to the management of resources in crisis situations.

[12.38] [THE GOVERNOR AND EMERGENCIES.] Subdivision 1. The governor is responsible for meeting the dangers to the state and people presented by disasters.

Subd. 2. Under this act, the governor may issue executive orders, proclamations, and regulations, and amend or rescind them. Executive orders, proclamations, and regulations have the force and effect of law.

Subd. 3. (a) An emergency shall be declared by executive order or proclamation of the governor if he finds a disaster has occurred or that the occurrence or the threat thereof is imminent. (c) During the continuance of any state of emergency, the governor is commander-in-chief of the organized and unorga-

nized militia and of all other forces available for emergency duty. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or regulations, but nothing herein shall restrict his authority to do so by orders issued at the time of the emergency.

Subd. 4. In addition to any other powers conferred upon the governor by law, he may:

(a) Suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations, of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency;

(b) Utilize all available resources of the state government and of each political subdivision of the state as reasonably necessary to cope with the emergency;

(c) Transfer the direction, personnel, or functions of state departments and agencies or units thereof for the purpose of performing or facilitating emergency services;

The department of public welfare is directed to furnish to the department of education that information concerning children from families with dependent children which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.

(5) In every district where the number of pupils from families receiving aid to families with dependent children or its successor program exceeds ten percent of the total actual pupil units in the district for the same year as computed in clauses (1), (2), and (3), each such pupil shall be counted as an additional two-tenths pupil unit in school year 1973-1974 and 25/100 in 1974-1975 and for those districts where the number of such pupils is more than five percent but less than ten percent of the total pupil units in the district for the same year as computed in clauses (1), (2), and (3), each such pupil shall be counted as an additional one-tenth pupil unit in both 1973-74 and 1974-75. Such weighting shall be in addition to the weighting provided in clauses (1), (2), (3), and (4) of this section. This adjustment shall not be made in computing adjusted maintenance cost per pupil unit.

124.22 [TRANSPORTATION AID.] Subdivision 1. To receive state aid for transportation, the schools in independent, *unorganized territory* and special districts shall be in session at least nine months in the year and shall have suitable school houses with the necessary rooms and equipment. For transportation or board of resident pupils in such districts who reside one mile or more from the public schools which they could attend or from the school they attend pursuant to a program approved by the commissioner of education or who reside one mile or more from a private school actually attended, but only to the extent permitted by Minnesota Statutes, Section 123.76 through Section 123.79 with respect to private school pupils, the state shall reimburse such districts, notwithstanding any statute, rule or regulation to the contrary regarding limitations of municipal boundaries(, AT RATES TO BE DETERMINED BY THE STATE BOARD; PROVIDED, THAT NO DISTRICT SHALL RECEIVE ANNUALLY MORE THAN AN AVERAGE OF \$80 PER PUPIL PER YEAR TRANSPORTED OR BOARDED, AND PROVIDED FURTHER THAT SUCH REIMBURSEMENT SHALL NOT EXCEED) *in an amount equal to 80 percent of the actual total cost thereof including the actual depreciation at rates to be determined by the state board.*

Sec. 12. Minnesota Statutes 1971, Section 124.22, is amended by adding a subdivision to read:

Subd. 2a. The state shall also reimburse at the same rate as provided for in subdivision 1, for the cost of transporting resident elementary pupils who reside within one mile of the public schools which they attend or from the school they attend pursuant to a program approved by the commissioner of education or who reside within one mile of a private school actually attended, but only to the extent permitted by Minnesota Statutes, Sections 123.76 to 123.79 with respect to private pupils, if the commissioner determines that the transportation is necessary because of extraordinary traffic hazards.

There is hereby appropriated the sum of \$500,000 for the purposes of this subdivision. If the funds are insufficient to reimburse such districts at the prescribed rate, they shall be prorated among the approved districts.

Sec. 13. Minnesota Statutes 1971, Section 124.22, Subdivision 3, is amended to read:

Subd. 3. Sec. 14. Minnesota Statutes 1971, Section 124.28, Subdivision 3, is amended to read:

Subd. 3. For the purpose of determining the applicability of this section to any district in *fiscal 1974 and subsequent years*, the valuation of taxable property shall be the (1969) adjusted value of such property as determined by the equalization aid review committee and used in calculating foundation aid for the corresponding school year, (EXCLUSIVE OF CLASS 2 PERSONAL PROPERTY AND PERSONAL PROPERTY EXEMPT FROM TAXATION BY EXTRA SESSION LAWS 1967, CHAPTER 32,) and the valuation of the exempt property shall be the full value of the exempt property as reported annually by the department of public service. For the purpose of determining refunds the valuations of the taxable property shall be taken at 30 percent of the valuations as adjusted by the equalization aid review committee and the valuation of the exempt property shall be taken at 30 percent of its full value. The eligibility of a school district under this section is determined by adding the adjusted taxable valuation of the taxable property of the district as determined by the equalization aid review committee to the full value of the exempt property as reported by the department of public service; then by dividing the amount of the exempt property by the total of such taxable property and exempt property;

if the result is 20 percent or more the school district is eligible, otherwise not, unless it qualifies temporarily under subdivision 1 or the following paragraph.

Any district disqualified from receiving refunds because this subdivision as amended substitutes a more recent adjusted assessed valuation for the 1969 adjusted assessed valuation previously specified, shall nevertheless continue to receive such refunds for three additional years, but the net amounts due prior to any required proration shall be reduced by 25 percent the first year, by 50 percent the second year, and by 75 percent the third year.

Sec. 15. Minnesota Statutes 1971, Section 124.32, Subdivision 1, is amended to read:

124.32 [HANDICAPPED CHILDREN.] Subdivision 1. The state shall pay to any district and unorganized territory; (a) for the employment in its educational program for handicapped children, 60 percent of the salary of essential personnel, but this amount shall not exceed (\$5,300) *\$5,600* for the normal school year for each full time person employed, or a pro rata amount for a part time person or a person employed for a limited time, including but not limited to summer school; (b) for the employment of an individual jointly with another district or districts or unorganized territory in its educational program for handicapped children, 60 percent of the salary of essential personnel, but this amount shall not exceed (\$5,300) *\$5,600* per annum for each full time person employed, or a pro rata amount for a part time person or a person employed for a limited time including but not limited to summer school.

Sec. 16. Minnesota Statutes 1971, Section 124.32, Subdivision 3, is amended to read:

Subd. 3. When a handicapped or a mentally retarded pupil cannot be transported on a regular school bus, the state shall reimburse each district or unorganized territory for the transportation or board and lodging including a pro rata amount for summer school for a mentally retarded or otherwise handicapped pupil when approved by the state board, at rates to be determined by the state board. Actual transportation costs (MAY) *shall* be reimbursed (BUT SHALL NOT EXCEED \$225 ANNUALLY FOR EACH SUCH PUPIL) *at the rate of 80 percent of the total cost thereof including actual depreciation.* Transportation funds may be used to reimburse for expenditures in conveying mentally retarded or otherwise handicapped pupils between home and school and within the school plant. In addition to transportation provided school pupils pursuant to any other provisions of law, any school district may provide transportation for children residing within the district who are attending a licensed daytime activity center and such district shall be eligible for the state reimbursement authorized by this subdivision for mentally retarded or otherwise handicapped children.

When it is necessary to provide board and lodging for a non-resident handicapped pupil in a district maintaining special classes, reimbursement (MAY) shall be made for 80 percent of the actual cost of board and lodging (BUT NOT TO EXCEED \$900) during the regular school year and (A PRO RATA AMOUNT) for summer school. This amount may be in addition to the reimbursement for transportation of such child from the place where the pupil is boarded to the school building.

Sec. 17. Minnesota Statutes 1971, Section 124.32, Subdivision 5, is amended to read:

Subd. 5. When a handicapped child is placed in a residential facility approved by the commissioner and established primarily to serve handicapped children and when the child's educational program is approved by the commissioner, the state shall pay to the resident district not to exceed 60 percent of instructional costs charged to the resident district, less the foundation aid per pupil unit payable to the resident district. Not more than (\$125,000) \$300,000 shall be spent annually for purposes of implementing this subdivision. If that amount does not suffice, the aid shall be pro rated among all qualifying districts.

The following types of facilities may be approved by the commissioner:

(a) A residential facility operated by a public school district and designed to serve the low incidence handicapped, the multiple handicapped, or the most severely handicapped children, either within or outside of the state, or, a state residential school outside of the state.

(b) A private, nonsectarian residential facility designed to provide educational services for handicapped children either within or outside of the state.

(c) A state hospital or private nonsectarian residential center designed to provide care and treatment for handicapped children.

Sec. 18. Minnesota Statutes 1971, Section 124.32, is amended by adding a subdivision to read:

This section does not apply for a child placed in a foster home or a foster group home.

Upon following such procedure as requested by the commissioner of education a district or unorganized territory providing instruction and services for such handicapped child may bill the state the actual cost incurred in providing said services including transportation costs and a proportionate amount of capital outlay and debt service, minus the amount of foundation aid,

special education aid, transportation aid, and any other aid earned in behalf of such child, such action pursuant to limits set forth in Minnesota Statutes, Section 124.32, Subdivision 4.

Sec. 19. Minnesota Statutes 1971, Chapter 124, is amended by adding a section to read:

[124.781] [LIMITATION ON TAX ANTICIPATION BORROWING.] *Except as approved by the commissioner, a district may not issue certificates of indebtedness pursuant to sections 124.71 to 124.78, for a larger proportion of its total anticipated tax or aid revenues than it borrowed against such revenues which were received in calendar 1973.*

Sec. 20. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 2a. (1) In 1973, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the number of mills, not to exceed 30, times the 1972 adjusted assessed valuation of the district that bears the same relation to 30, as the greater sum computed pursuant to section 9, clause (2) of this act, bears to \$820.

(2) In 1974, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the number of mills, not to exceed 30, times the 1973 adjusted assessed valuation of the district that bears the same relation to 30, as the sum of the greater sum computed pursuant to section 9, clause (2) of this act, and the greater of (a) one-half of the difference that results when such greater sum is subtracted from \$860, or (b) \$40, bears to \$860.

(3) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year. The question on the ballot shall be whether a specific adjusted assessed millage may be added to that authorized by clauses (1) or (2). If approved, the additional adjusted assessed millage shall be authorized for each year until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. A petition authorized by this clause shall be effective if signed by a number of qualified voters in excess of 25 percent of the number of votes cast for the school board member who received the greatest number of votes at the most recent district wide school board election. A referendum invoked by petition shall be held within three months of submission of the petition to the school board unless the petition for revocation is sub-

mitted in the same year in which a levy has been increased by the voters pursuant to this clause. Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

Sec. 21. Minnesota Statutes 1971, Section 275.125, Subdivision 3, is amended to read:

Subd. 3. In addition to the levy (PRESCRIBED) authorized by (SUBDIVISION 2) section 20 of this act, (EACH) a qualifying district may levy additional amounts as follows:

(1) The amounts necessary to make payments for bonds issued and for interest thereon, (AND FOR REPAYMENT OF DEBT SERVICE LOANS AND CAPITAL LOANS, THE AMOUNT AUTHORIZED FOR CAPITAL OUTLAY) including the bonds and interest thereon, issued as authorized by clause (6)(C) of this subdivision, and for repayment of debt service loans and capital loans, the amount authorized for capital expenditures pursuant to section 124.04 and the amount authorized for liabilities of dissolved districts pursuant to section 122.45.

(2) An amount necessary to pay the estimated actual transportation costs of the district for the following school year less estimated state transportation reimbursement for the current year. The money raised by this additional levy may be used only for costs incurred in transportation which is partially reimbursable under sections 124.22 and 124.32 other than transportation of elementary pupils for which the commissioner authorizes aid for extraordinary traffic hazards. A district may levy under this clause for the annual cash payments incident to the purchase of buses, but only for that portion of said payments not reimbursed by state transportation aid received on account of depreciation.

(3) FOR PURPOSES OF THE 1971 LEVY, COLLECTIBLE IN 1972, ANY DISTRICT, IN WHICH THE SUM OF \$87 PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP AND THE DIFFERENCE BETWEEN THE REIMBURSEMENT ENTITLEMENT PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP FOR 1970-1971 SCHOOL YEAR PROGRAMS FOR HANDICAPPED CHILDREN AND THE 1970-1971 ADJUSTED MAINTENANCE COST PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP IS GREATER THAN \$750 PER PUPIL UNIT, MAY LEVY AN AMOUNT PER PUPIL UNIT WHICH IS EQUAL TO OR LESS THAN THE DIFFERENCE BETWEEN SAID SUM AND \$750 PER PUPIL UNIT. A DISTRICT WHICH IS LOCATED IN A CITY OF THE FIRST CLASS MAY NOT QUALIFY FOR AN ADDITIONAL LEVY THAT EXCEEDS 1.5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT.)

(4) FOR PURPOSES OF THE 1972 LEVY COLLECTIBLE IN 1973, ANY DISTRICT, WHICH QUALIFIED FOR AN ADDITIONAL LEVY UNDER SUBPARAGRAPH (3) OF THIS SUBDIVISION, AND IN WHICH THE SUM OF THE ADDITIONAL AMOUNT PER PUPIL UNIT AUTHORIZED BY SUBPARAGRAPH (3) AND \$750 PER PUPIL

UNIT IS GREATER THAN \$788 PER PUPIL UNIT MAY LEVY AN ADDITIONAL AMOUNT PER PUPIL UNIT WHICH IS EQUAL TO OR LESS THAN \$38 PER PUPIL UNIT PLUS THE DIFFERENCE BETWEEN SAID SUM AND \$788 PER PUPIL UNIT. A DISTRICT WHICH IS LOCATED IN A CITY OF THE FIRST CLASS MAY NOT QUALIFY FOR AN ADDITIONAL LEVY THAT EXCEEDS 1.5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT.)

(5) EACH DISTRICT WHICH MAINTAINS A POST SECONDARY AREA VOCATIONAL TECHNICAL SCHOOL SHALL REPORT TO THE COMMISSIONER OF EDUCATION THE RECEIPTS AND EXPENDITURES OF THE DISTRICT FOR THE AREA VOCATIONAL TECHNICAL SCHOOL BY SEPTEMBER OF THE FISCAL YEAR ENDING IN THE PRECEDING JUNE. THE COMMISSIONER SHALL PRESCRIBE THE FORM OF THE REPORT.)

(EACH DISTRICT OR COUNTY MAINTAINING A POST SECONDARY AREA VOCATIONAL TECHNICAL SCHOOL MAY LEVY AN ADDITIONAL LEVY EXCLUSIVELY FOR THIS SCHOOL, BUT SUCH LEVY IN A DISTRICT WITHIN A CITY OF THE FIRST CLASS MAY NOT EXCEED .5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT AS DETERMINED BY THE EQUALIZATION AID REVIEW COMMITTEE FOR THE YEAR PRIOR TO THE CERTIFICATION OF THE LEVY.)

(3) *For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy under Extra Session Laws 1971, Chapter 31, Article XX, Section 8, Subdivision 3, Clause (4), shall be allowed to levy the same amount allowed in the 1972 levy collectible in 1973. Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 2.25 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Extra Session Laws 1971, Chapter 31, Article XX, Section 8, Subdivision 3, Clause (3), but did not qualify for an extra levy in 1972, collectible in 1973, shall be allowed to levy 133 percent of the amount it was qualified to levy under Extra Session Laws 1971, Chapter 31, Article XX, Section 8, Subdivision 3, Clause (3).*

(4) *Any district which qualified for a levy under clause (3) above shall be allowed to levy that same amount in 1974 reduced by the lesser of five percent of that amount or \$5 per pupil unit in average daily membership. Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 2.25 mills times the adjusted assessed valuation of the district shall be allowed to levy the 2.25 mills.*

(5) *For districts in cities of the first class, maintaining post secondary vocational schools, one-half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.*

(6) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(7) *In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant*

to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money, to raise \$1 per capita, for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14.

(8) Districts which receive payments which result in deductions from foundation aid pursuant to section 10 of this act, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy made bears to the sum of the permissible levies made.

Sec. 22. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 3a. School District No. 625 is authorized to issue general obligation bonds in the amount of \$15,000,000. Such bonds shall be sold and issued pursuant to the provisions of Minnesota Statutes, Chapter 475, except as provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

Sec. 23. Minnesota Statutes 1971, 360.133, Subdivision 2, is amended to read:

Subd. 2. [VALUATION OF PROPERTIES.] For the purposes of determining the amount of this refund, the value of such properties shall be set at 30 percent of their full and true value except that in no case shall the assessed value of said properties for this purpose exceed such an amount as when added to the assessed value of all other property in the school district exceed (\$2,600) \$6,500 per resident pupil unit.

Sec. 24. *The state board of education shall summarize and disseminate to boards of education, individual school faculty groups, individual school and school district parent organizations, the legislature and the governor, from presently available reports or from new reports it may require of school districts, the following types of information: individual elementary, secondary and area vocational technical school district program costs, student enrollments, staffing and staffing ratios, district capital and operating debt or surplus, per pupil mile costs of transportation, and other school district fiscal and demographic characteristics of importance.*

The state board of education shall submit a report on or before November 15, 1974, to the house appropriations committee and senate finance committee detailing a plan for a fiscal accounting and reporting system of program expenditures for each ele-

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [INDEPENDENT SCHOOL DISTRICTS; VOCATIONAL OR COOPERATIVE CENTERS.] Subdivision 1. [ESTABLISHMENT.] Notwithstanding any law or other provision to the contrary, two or more independent school districts may enter into an agreement to establish a cooperative center to provide for vocational education and other educational services upon the vote of a majority of the full membership of each of the boards of the districts entering into the agreement. When a resolution approving such action has been adopted by the board of a district, the resolution shall be published once in a newspaper of general circulation in the district. If a petition for referendum on the question of said district entering into such agreement, containing signatures of qualified voters of said district

equal to five percent of the number of voters at the last annual school election, is filed with the clerk of the board within 60 days after publication of such resolution, the board shall not enter into the agreement until the question of whether the district shall enter into the agreement has been submitted to the voters of the district at a special election. Said election shall be conducted and canvassed in accordance with Minnesota Statutes, Section 123.32. If a majority of the total number of votes cast on the question within said district is in favor of the proposition, the board may thereupon enter into an agreement to establish the center for purposes herein described.

Subd. 2. [NAME; FISCAL AGENT.] A public corporation so created shall be known as (insert name) cooperative center no. and shall have an identification number assigned pursuant to Minnesota Statutes, Section 123.03.

Subd. 3. [GOVERNING BOARD.] (a) The center shall be operated by a center board of not less than five members which shall consist of members from school boards of each of the participating school districts within the center, appointed by their respective school boards. Each participating school district shall have at least one member on the board. The board shall choose an administrative officer to direct board activities who shall serve as an ex officio member of the board but shall not have a vote.

(b) The terms of office of the first members of the board shall be determined by lot as follows: one-third of the members for one year, one-third for two years, and the remainder for three years, all terms to expire on June 30 of the appropriate year. Thereafter the terms shall be for three years commencing on July 1 of each year. If a vacancy occurs on the center board, it shall be filled by the appointing school board. A person appointed to the center board shall qualify as a board member by filing with the chairman a written certificate of appointment from his school board.

(c) The first meeting of a center board shall be at a time mutually agreed upon by board members. At such meeting, the center board shall choose its officers and conduct such other organizational business as may be necessary. Thereafter the center board shall meet on the first Saturday of July of each year or as soon thereafter as practicable pursuant to notice sent to all center board members by the chief executive officer of the center.

(d) The officers of the center board shall be a chairman, vice-chairman, clerk and treasurer, no two of whom when possible shall be from the same school district. The chairman shall preside at all meetings of the center board except in his absence the vice-chairman shall preside. (e) Each participating school district shall have equal voting power with at least one vote. A majority of the center board shall be a quorum. Any motion other than adjournment shall pass only upon receiving a majority of the votes of the entire center board.

Subd. 4. [POWERS AND DUTIES.] (a) The center board shall have the general charge of the business of the center and the ownership of facilities. Where applicable, Minnesota Statutes, Section 123.36, shall apply. The center board may not issue bonds in its behalf. Each participating district shall issue its bonds for the purpose of acquisition and betterment of center facilities in the amount certified by the board to such participation district in accordance with Minnesota Statutes, Chapter 475.

(b) The center board (1) shall furnish vocational offerings to every eligible person residing in any participating district and (2) may provide special education for the handicapped and disadvantaged.

(c) The center board shall certify to each participating district, the amount of necessary funds assessed to such district as its proportionate share required for the conduct of the educational programs, payment of indebtedness, and all other proper expenses of the center.

(d) The center board shall employ and contract with necessary qualified teachers and administrators and may discharge the same for cause pursuant to section 125.12. The board may employ and discharge other necessary employees and may contract for other services deemed necessary. Employees of the center board shall have all the rights and benefits they would have if employed by a participating district.

(e) The center board shall provide an educational program for high school and adult vocational phases of instruction. The high school phase of its educational program shall be offered as a component of the comprehensive curriculum offered by each of the participating school districts. Graduation shall be from the student's resident high school district. Insofar as applicable, Minnesota Statutes, Section 123.35 to 123.40, shall apply.

A member of the center board shall have such liability as is applicable to a member of an indepen-

dent school district board. Any property, real or personal, acquired or owned by the center board for its purposes shall be exempt from taxation by the state or any of its political subdivisions.

(b) The center board may, in each year, for the purpose of paying any administrative, planning, operating, or capital expenses incurred or to be incurred, assess and certify to each participating school district its proportionate share of any and all expenses: Such share shall be based upon (1) the total enrollment of each member district as it relates to the total enrollments in all districts or (2) a uniform mill levy among all member districts. Each participating district shall remit its assessment to the center board within 30 days after receipt. The assessments shall be paid within the maximum levy limitations of each participating district.

Subd. 6. [STATE BOARD APPROVAL.] Prior to the commencement of the operation of any center the agreement entered into by participating districts shall be approved by the state board of education.

Subd. 7. [LAWS GOVERNING INDEPENDENT SCHOOL DISTRICT APPLICABLE.] As of the effective date of the creation of any center as contained in the agreement establishing such center, the organization, operation, maintenance, and conduct of the affairs of such center shall be governed by the general laws relating to independent school districts of the state unless provided otherwise herein or by statute passed hereafter.

Subd. 8. [ADDITION AND WITHDRAWAL OF DISTRICTS.] Upon approval by the majority vote of a school board, of the center board, and of the state board of education, an adjoining school district may become a member in the center and be governed by the provisions of this act and the agreement in effect.

Any participating district may withdraw from the center and from the agreement in effect upon mutual consent of a majority vote of the full board membership of such participating school district desiring withdrawal and according to provisions within the agreement establishing the center. Upon receipt of such withdrawal resolution, the center board shall file a certified copy of its resolution reciting the necessary facts with the county auditors of the counties affected. Such withdrawal shall become effective at the end of the next following school year but such withdrawal shall not affect the continued liability of the withdrawing district for bonded indebtedness it incurred prior to the effective withdrawal date.

Subd. 9. [EXISTING CENTERS.] Centers approved by the state board of education prior to enactment of this act shall be subject to its provisions except section 1, subdivision 1. Changes necessary in center agreements operating under Minnesota Statutes, Section 471.59, shall be completed within six

erinarian named in the application is accepted by the board to act as the official veterinarian, he shall be authorized by the board to act as its representative.

(c) Carcasses collected by such owners or operators under permit may be utilized for pet food or mink food purposes provided that the official veterinarian examines such carcass and in his opinion the carcass is suitable for pet food or mink food purposes.

Subd. 2. (a) Except as provided in subdivision 1a and section 1, every person owning or having in charge any domestic animal that has died or been killed otherwise than by being slaughtered for human or animal consumption, shall as soon as reasonably possible bury the carcass thereof at least three feet deep in the ground, or cause the same to be consumed by fire; provided, however, that the livestock sanitary board, through its secretary and executive officer, may issue a permit to owners of rendering plants, located within the boundaries of Minnesota, provided such rendering plants are operated and conducted as required by law, to remove carcasses of domestic animals and fowl that have died or have been killed otherwise than by being slaughtered for human or animal consumption, over the public highways to their plants for rendering purposes in accordance with the rules and regulations adopted by the livestock sanitary board relative to transportation, rendering, and all other provisions deemed by that board to be necessary to prevent the spread of disease; and to owners of rendering plants located in any adjacent state with which a reciprocal agreement is in effect, as provided in subdivision 3.

Failure to dispose of the carcass of any such domestic animal within the period specified by this subdivision is a public nuisance. The livestock sanitary board may petition the district court of the county in which such carcass is located for a writ requiring the abatement of the public nuisance. A civil action so commenced shall not preclude a criminal prosecution under the provisions of this section. No person shall sell or offer to sell, or give away such a carcass of a domestic animal when the animal died or was killed otherwise than by being slaughtered for human or animal consumption, nor convey the same along any public road or upon any land not his own; unless in accordance with a special permit, as provided in this section of Minnesota Statutes; provided, however, that the carcass of a domestic animal that has died or has been killed otherwise than by being slaughtered for human or animal consumption, or parts thereof, may, be transported along any public road for a medical or scientific purpose, provided that the carcass of any such domestic animal so transported shall be enclosed in a leak proof container to prevent spillage or the dripping of liquid waste. The livestock sanitary board may adopt rules and regulations relative to the transportation of the carcass of any such domestic animal for a medical or scientific purpose, and further provided that a carcass situated on a public thoroughfare may be transported for burial or other disposition in accordance with this section. No person shall negligently or wilfully permit diseased animals owned or controlled by him to escape his control or to run at large. Every violation of any provision of this section shall be a misdemeanor.

Page 4, after line 11, add the following new sections:

"Sec. 3. Minnesota Statutes 1971, Section 290.01, Subdivision 20, is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source.

For each of the taxable years beginning after December 31, 1960 and ending prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954, as amended through December 31, 1970;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under chapter 290, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) Losses which do not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses, and including any such nonassignable losses which occur prior to the time the individual becomes a resident of the state of Minnesota;

(7) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year; and

(8) In the case of a move from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income.

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes,

the modification shall be limited to fifty per centum of such portion of the gain;

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(6) If included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(7) The amount of any pension or benefit received from the United States or from the state of Minnesota, or any of its subdivisions, which is excluded from gross income under the provisions of section 290.08, subdivision 6; and

(8) The amount of compensation for personal services in the armed forces of the United States or the United Nations which is excluded from gross income under the provisions of section 290.65 (.); and

(9) *The portion of property taxes received in rental payments by the owners of apartments or any other rental unit or units, which are not deductible to the owners by reason of the provisions of Minnesota Statutes, Section 290.09, Subdivision 4.*

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, as amended through December 31, 1970 or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954 as amended through December 31, 1970 but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of

1954, as amended through December 31, 1970 but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954, as amended through December 31, 1970 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, as amended through December 31, 1970, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act. If a husband and wife have filed a joint federal income tax return and separate Minnesota income tax returns for the same taxable period, amounts received as refunds on account of federal income taxes paid shall be included in gross income in the same ratio as the deductions for federal income taxes were claimed in the separate Minnesota tax returns.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions

allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954, as amended through December 31, 1970 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Sec. 4. Minnesota Statutes 1971, Section 290.09, Subdivision 4, is amended to read:

Subd. 4. [TAXES.] Taxes paid or accrued within the taxable year, except (a) income or franchise taxes imposed by this chapter; (b) taxes assessed against local benefits of a kind deemed in law to increase the value of the property assessed; (c) inheritance, gift and estate taxes except as provided in section 290.077, subdivision 4; (d) cigarette and tobacco products excise tax imposed on the consumer; (e) that part of Minnesota property taxes for which a credit or refund is claimed and allowed under section 290.0603; and (f) federal income taxes, by corporations, national and state banks except as provided in section 290.18. Income taxes permitted to be deducted hereunder shall, regardless of the methods of accounting employed, be deductible only in the taxable year in which paid. Taxes imposed upon a shareholder's interest in a corporation which are paid by the corporation without reimbursement from the shareholder shall be deductible only by such corporation. *Property taxes otherwise deductible under this subdivision, upon apartments or any other rental unit or units, used by their occupants as full time residences, shall not be deductible to the owner of the property but shall be deductible to the occupants on a proportional basis. The commissioner shall establish rules and regulations to effectuate this act and shall provide forms and a means for notification to renters of the provisions affecting them.*

Sec. 5. [TAX OPTION.] *Renters shall have the option of taking the amount of credit offset against tax as provided in section 290.983, subdivision 1 or itemizing that portion of rent paid as real estate taxes as personal deductions on state or federal income tax returns. If such deduction shall be denied under the terms of the United States Internal Revenue Code, then sections 3, 4 and 5 shall be null and void and of no effect."*

Renumber the remaining sections accordingly.

Further amend the title after "287.12;" by adding "290.01, subdivision 20;" and after "290.081;" and before "290.17;" by inserting "290.09, subdivision 4;"

Johnson, R., moved to amend H. F. No. 2121, the printed bill, as follows:

Strike Article I in its entirety and insert a new Article I as follows:

"ARTICLE I

Section 1. [GENERAL ASSISTANCE ACT; DECLARATION OF POLICY; CITATION.] *Subdivision 1. The objectives of sections 1 to 30 are to provide a sound administrative structure for public assistance programs; to maximize the use of federal funds for public assistance purposes; to provide property tax relief; and to provide an integrated public assistance program for all persons in the state without adequate income or resources to maintain a subsistence reasonably compatible with decency and health.*

It is hereby declared to be the policy of this state that persons unable to provide for themselves and not otherwise provided for by law, who meet the eligibility requirements of this act and do not refuse suitable employment, shall be entitled to receive such grants of general assistance and such services as may be necessary to maintain a subsistence reasonably compatible with decency and health. The furnishing of such assistance and services is a matter of public concern and a necessity in promoting the public health and welfare.

A principal objective in providing general assistance and services shall be to aid those persons who can be helped to become self-supporting or to attain self-care. To achieve this aim, the commissioner shall establish minimum standards of assistance for general assistance. The standard for cash payments to recipients shall be, as to shelter, 100 percent, and as to other budgetary items, 50 percent, of those established for the federally aided assistance programs; provided, however, that no general assistance payment shall exceed an amount, which when computed for the time period for which it is made, exceeds the equivalent on a weekly basis of 40 times the hourly federal minimum wage prevailing when the payment is made; and provided further that persons receiving general relief on the effective date of this act shall continue to be eligible therefor. In order to maximize the use of federal funds, the commissioner shall promulgate regulations, to the extent permitted by federal law for eligibility for the emergency assistance program, under the terms of this act for general assistance. The commissioner shall provide by regulation for the eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient. The strengthening and preservation of the family unit shall be a principal consideration in the administration of this act and all general assistance policies shall be formulated and administered so as to further this objective.

Subd. 2. Sections 1 to 30 may be cited as the general assistance act.

Sec. 2. [DEFINITIONS.] Subdivision 1. The terms defined in this section shall have the meanings given them unless otherwise provided or indicated by the context.

Subd. 2. "Commissioner" means the commissioner of public welfare or his designee.

Subd. 3. "Department" means the department of public welfare.

Subd. 4. "General assistance" means cash payments to persons unable to provide themselves with a reasonable subsistence compatible with decency and health and who are not otherwise provided for under the laws of this state or the United States. It shall include cash payments for goods, shelter, fuel, food, clothing, light, necessary household supplies, and personal need items. General assistance shall not include payments for foster care, child welfare services, medical, dental, hospitalization, nursing care, drugs, or medical supplies. It is the intent of this act that these items be provided by local agencies in accordance with programs in effect at the time of the passage of this act. Vendor payments may be made only as provided for in sections 9 and 11.

Subd. 5. "Family" means two or more individuals who are related by blood, marriage or adoption, who are living in a place or residence maintained by one or more of them as his or their own home, and at least one of whom is a child who is not married to another of such individuals and is in the care of or dependent upon another of such individuals.

Subd. 6. "Child" means an individual who is under the age of 18, or under the age of 19 and a student regularly attending a school, college, or university of a course of vocational or technical training designed to prepare him for gainful employment.

Subd. 7. "Childless couple" means two individuals who are related by marriage and who are living in a place of residence maintained by them as their own home.

Subd. 8. "Income" means earned and unearned income reduced by amounts paid or withheld for federal and state personal income taxes and federal social security taxes.

Subd. 9. "Earned income" means remuneration for services performed as an employee, and net earnings from self-employment.

Subd. 10. "Unearned income" means all other income including any payments received as an annuity, retirement or disability benefit, including veteran's or workmen's compensation; old age, survivors and disability insurance; railroad retirement benefits; unemployment benefits; and benefits under any federally aided categorical assistance program, supplementary security income, or family assistance program; rents, dividends, interest and

royalties; and support and alimony payments except that such payments may not be considered as available to meet the needs of any person other than the person for whose benefit they are received, unless that person is under a legal duty to support another family member.

Subd. 11. "State aid" means state aid to local agencies for general assistance expenditures as provided for in this act.

Subd. 12. "Local agency" means the county welfare boards in the several counties of the state except that it may also include any multicounty welfare boards or departments where those have been established in accordance with law.

Sec. 3. [RESPONSIBILITY TO PROVIDE GENERAL ASSISTANCE.] Subdivision 1. Every local agency shall provide general assistance to persons residing within its jurisdiction who meet the need requirements of this act. General assistance shall be administered according to law and rules and regulations promulgated by the commissioner pursuant to the provisions of this act.

Subd. 2. State aid shall be paid to local agencies for 100 percent of all general assistance grants up to the standards of section 1, subdivision 1, according to procedures established by the commissioner. Any local agency may, from its own resources, make payments of general assistance at a standard higher than that established by the commissioner, without reference to the standards of sec. 1, subd. 1.

Sec. 4. [DUTIES OF THE COMMISSIONER.] In addition to any other duties imposed by law, the commissioner shall:

(1) Supervise the administration of general assistance by local agencies as provided in this act;

(2) Promulgate uniform rules and regulations consistent with law for carrying out and enforcing the provisions of this act to the end that general assistance may be administered as uniformly as possible throughout the state; rules and regulations shall be furnished immediately to all local agencies and other interested persons; in promulgating rules and regulations, the provisions of Minnesota Statutes, Chapter 15, shall apply;

(3) Allocate moneys appropriated for general assistance to local agencies as provided in this act;

(4) Accept and supervise the disbursement of any funds that may be provided by the federal government or from other sources for use in this state for general assistance;

(5) Cooperate with other agencies including any agency of the United States or of another state in all matters concerning the powers and duties of the commissioner under this act;

(6) Cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services;

(7) Gather and study current information and report at least annually to the governor and legislature on the nature and need for general assistance, the amounts expended under the supervision of each local agency, and the activities of each local agency and publish such reports for the information of the public;

(8) Report at least annually to the governor and legislature the cost of living in the various counties and metropolitan areas as related to the standards of assistance and the amounts expended for assistance, and make this information available to the public.

Sec. 5. [ELIGIBILITY FOR GENERAL ASSISTANCE.] Each person or family whose income and resources are less than the standard of assistance established by the commissioner shall be eligible for and entitled to general assistance; provided that no individual shall be eligible for general assistance if he is eligible for any of the following federally aided assistance programs: emergency assistance, aid to families with dependent children, supplemental security income for the aged, blind, or disabled; or any successor to the above.

Sec. 6. [AMOUNT OF ASSISTANCE.] Subdivision 1. General assistance shall be granted in such an amount that when added to the nonexempt income actually available to the individual or family, the total amount equals the applicable standard of assistance established by the commissioner for general assistance.

Subd. 2. Notwithstanding the provisions of subdivision 1 of this section, a grant of general assistance may be made to an eligible individual or family for one or more items encompassed within the definition of general assistance where the applicant or recipient requests temporary assistance not exceeding 30 days and an emergency situation appears to exist if the individual is ineligible for the federally aided program of emergency assistance.

Sec. 7. [TIME OF PAYMENT OF ASSISTANCE.] An applicant for general assistance shall be deemed presumptively eligible if his sworn application on its face demonstrates that he is within the eligibility criteria established by this act and any applicable rules and regulations of the commissioner. General assistance shall be immediately granted to such presumptively eligible applicant without the necessity of first securing action by the board of the local agency.

If upon verification and due investigation it appears that the applicant swore falsely and such false information materially affected his eligibility for general assistance or the amount of his general assistance grant, the local agency shall refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Sec. 8. [EXCLUSION FROM RESOURCES.] *Subdivision 1. In determining eligibility of a family or individual there shall be excluded the following resources:*

(1) *Property which does not exceed that permitted under the federally aided assistance program known as aid to families with dependent children; provided, however, that the commissioner may provide by rule and regulation more restrictive eligibility standards and levels of payment for general assistance if it is determined that funds available are not adequate to meet projected need; and*

(2) *Other property, including real or personal property used as a home, which has been determined, in accordance with and subject to limitations contained in rules and regulations promulgated by the commissioner, to be essential to the family or individual as a means of self-support or self-care or which is producing income that is being used for the support of the individual or family. The commissioner shall further provide by rule and regulation for those situations in which property may be retained by the family or individual where there is a reasonable probability that in the foreseeable future the property will be used for the self-support of the individual or family.*

Subd. 2. Notwithstanding any other provisions of this act, the commissioner shall provide by rule and regulation for the exclusion of property from the determination of eligibility for general assistance when it appears likely that the need for general assistance will not exceed 30 days and an undue hardship would be imposed on an individual or family by the forced disposal of such property.

Sec. 9. [FORM OF PAYMENT; VENDOR PAYMENTS.] *Subdivision 1. All grants of general assistance shall be paid in cash and with such frequency as the commissioner shall determine. The commissioner may provide by rule and regulation for the making of general assistance payments in different time periods for various reasonable classifications of recipients.*

Subd. 2. Notwithstanding the provisions of subdivision 1, the commissioner shall provide by rule and regulation for situations in which vendor payments may be made by local agencies because of the inability of the recipient to manage his general assistance grant for his own or family's benefit.

Sec. 10. [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.] *No grant of general assistance except one made pursuant to section 6, subdivision 2 or section 8, subdivision 2, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the local agency.*

Nothing herein shall deprive a recipient of his right to full administrative and judicial review of an order or determination of a local agency as provided for in section 12 subsequent to any action taken by a local agency after a prior hearing.

Sec. 11. [WORK INCENTIVE AND REGISTRATION.]
Subdivision 1. *Every person who is a recipient of general assistance and not employed shall be required, unless exempt by subdivision 6, to register with the state employment service of the department of manpower services and the local agency and accept any suitable employment that is offered him.*

Subd. 2. *The local agency shall provide a general assistance work program for persons who qualify for assistance but who are unable to gain employment through the state employment service of the department of manpower services. Local agencies shall adopt a list of work priorities to be met through the employment of eligible recipients when such recipients are unable to gain employment through the state employment service or through their own initiative. The local agency may assign the recipient such work as he is able to perform but which is not that ordinarily performed and which would supplement but not replace projects which are ordinarily performed by regular employees of the county.*

Subd. 3. *General assistance work program recipients shall be paid at the same wage rates as county employees doing similar work, and the number of hours of work assigned to a recipient shall be determined by the needs of himself and his family including expenses incidental to his employment.*

Subd. 4. *A local agency may contract with the federal government, or with any department, agency, subdivision or instrumentality of the state, for the services of general assistance work program recipients on such terms and conditions as may be agreed upon, with or without consideration paid to the local agency.*

Subd. 5. *General assistance work program recipients are employees of the local agencies within the meaning of workmen's compensation laws, but not retirement or civil service laws.*

Subd. 6. *No person shall be required to register with the commissioner or state employment service if he is:*

- (1) *A person with illness, incapacity, or advanced age;*
- (2) *A child attending a school or college full time;*

(3) *A person whose presence in the home on a substantially continuous basis is required because of the illness or incapacity of another member of the household;*

(4) *A person who has been referred to or applied for a work training, work experience, vocational rehabilitation or other such similar program; provided that the period of time such person is exempted from the registration requirements of subdivision 1, while awaiting acceptance into such program, does not exceed 30 days; or*

(5) *An adult member of a household with children in which another adult is employed full time or has registered with the state employment service or been accepted in a work training program.*

Subd. 7. Any person who objects to being required to register with the commissioner or state employment service, shall be entitled to a prior hearing in accord with the provisions of section 10 on the issue of whether such person comes within the exemptions contained in subdivision 4, clause (1), (2), (3), or (4).

Subd. 8. (1) Any person who refuses to accept suitable employment when offered him shall lose his eligibility for general assistance and, if a member of a family receiving general assistance, that portion of the grant attributable to said person shall not be paid.

The commissioner may further provide by rule and regulation that vendor payments may be made with respect to any family in which a person who is obligated to accept suitable employment has refused to do so.

(2) The provisions of section 10 providing for notice and opportunity to be heard prior to a decision to reduce, suspend or terminate benefits shall be applicable to determinations made under clause (1) of this subdivision.

Subd. 9. The commissioner shall establish procedures to insure that any recipient of general assistance desiring to improve his ability to support himself and his family shall be promptly referred to the department of manpower services or any other agency, public or private, operating a work training, work experience, vocational rehabilitation or other similar program.

Sec. 12. [ADMINISTRATIVE AND JUDICIAL REVIEW.]
Subdivision 1. Any applicant or recipient aggrieved by any order or determination of a local agency may appeal from such order or determination to the commissioner of public welfare. The aggrieved applicant or recipient shall file with the local agency a notice of appeal within 30 days of the receipt by him of the order or determination of the local agency, provided that the order or determination is in writing and contains a statement advising the applicant or recipient of his right to appeal and the procedures for perfecting same.

If the order or determination of the local agency is not in writing or does not contain the appeal procedure statement referred to above, the 30-day period shall not be tolled until the applicant or recipient is properly notified in accordance with the provisions of this subdivision.

Notwithstanding the absence of proper notice or order or determination, the applicant or recipient may appeal to the commissioner by filing with the local agency any writing which states with reasonable clarity his dissatisfaction with or desire to obtain review of the determination or order of the local agency.

Subd. 2. Upon receipt the local agency shall immediately forward the notice of appeal to the commissioner. Within 30 days of the receipt of the notice of appeal, the commissioner shall provide the applicant or recipient with the opportunity for a hear-

ing before the commissioner or his legal representative. The local agency shall be a party to the proceeding before the commissioner.

Subd. 3. The commissioner may, upon his own motion, review any decision made by a local agency and may make such additional investigation as he deems necessary.

Subd. 4. Within 30 days from the date of the hearing before the commissioner or his legal representative, a decision in writing making findings of fact and conclusions of law shall be rendered.

Subd. 5. Any applicant or recipient aggrieved by the determination by the commissioner may, within 30 days after notice of such decision is mailed, appeal from the decision or determination of the commissioner to the district court of the county in which the application was filed by serving a written notice of such appeal upon the commissioner and all other parties to the administrative hearing and by filing the original of such notice together with proof of service with the clerk of the district court of the county. No filing fee or other fees normally exacted by the clerk of district court upon the filing of a case shall be required.

A summary of the issues involved, a copy of all supporting papers, a transcript of any testimony, and a copy of the decision of the commissioner shall be filed with the court. The court shall summarily, upon ten days' written notice, try and determine the appeal upon the record of the commissioner as certified by the commissioner and in the determination thereof shall be governed by the standard of review applicable to contested proceedings under Minnesota Statutes, Chapter 15. No new or additional evidence shall be taken on such appeal or introduced by any party to such hearing or appeal in a district court unless such new or additional evidence in the sound discretion of the court is necessary to a more equitable disposition of the appeal. If the court shall find that the order of the commissioner is not sustained by substantial evidence or is not in accord with applicable legal principles, the court shall make an order declaring the order of the commissioner null and void, giving the reasons therefor, and shall order the commissioner to take further action in the matter not inconsistent with the determination of the court. During the pendency of any appeal, if the commissioner has awarded general assistance, it shall be paid pending the determination of the appeal.

Subd. 6. Any party aggrieved by the determination of the district court may appeal to the supreme court in like manner as appeals are taken in civil actions; except that no filing fee shall be required by the clerk of the district court or supreme court.

The determination of the district court shall remain in effect during the pendency of any appeal to the supreme court.

Sec. 13. [MANDAMUS TO COMPEL PAYMENT OF GENERAL ASSISTANCE.] *Subdivision 1.* Notwithstanding the

provisions of section 12 providing for administrative and judicial review of local agency determinations, a person denied general assistance by the local agency may apply to the district court of the county in which his application was filed and the district court shall order the payment of general assistance if the person establishes:

(1) The substantial likelihood that he is eligible for and entitled to general assistance, and

(2) The person or family will suffer irreparable injury if general assistance is not granted without delay.

Subd. 2. The denial by a district court of a writ of mandamus shall not affect the right or scope of administrative or judicial review as set forth in section 16 of this act.

Sec. 14. [VIOLATIONS; MISDEMEANOR.] Whoever obtains or attempts to obtain, or aids or abets any person to obtain by means of a willfully false statement or representation, or by impersonation, or other fraudulent device:

(1) Assistance to which he is not entitled; or

(2) Assistance greater than that to which he is reasonably entitled;

is guilty of a misdemeanor.

Sec. 15. [RELATIVE'S RESPONSIBILITY.] The financial responsibility of a relative for an applicant or recipient of general assistance shall not extend beyond the relationship of a spouse, or a parent of an applicant or recipient who is a child.

Sec. 16. [GENERAL ASSISTANCE TO BE ALLOWED AS CLAIM IN PROBATE COURT.] On the death of any person who received any general assistance under this act, or on the death of the survivor of a married couple, either or both of whom received general assistance, the total amount paid as general assistance to either or both, without interest, shall be allowed as a claim against the estate of such person or persons by the court having jurisdiction to probate the estate.

Sec. 17. [DATA PROCESSING PROCEDURES.] The local agency shall, to the extent permitted by federal law or regulation, in addition to any other necessary records and procedures, provide for the inclusion of all general assistance records in any data processing system established for the medical assistance program, in accordance with procedures established by the commissioner.

Sec. 18. [RESIDENCE; COUNTY OF FINANCIAL RESPONSIBILITY.] Subdivision 1. In determining the county of financial responsibility, in all matters concerning legal settlement of the poor, the definitions and rules of this section shall apply.

Subd. 2. "County of financial responsibility" means (a) the county in which an individual resides; or (b) if an individual is a patient in a hospital, nursing home, or boarding care home, as defined in Minnesota Statutes, Section 144.50, at the time of making application, and immediately prior thereto resided in another county, then that other county; or (c) the above provisions notwithstanding, if an individual is a recipient of medical assistance, the county from which he is receiving medical assistance.

Subd. 3. [PROCEDURE WHEN COUNTY OF FINANCIAL RESPONSIBILITY IS IN QUESTION.] If upon the investigation the local agency decides that the application was not filed in the county of financial responsibility as defined by this section, but that the applicant is otherwise eligible for assistance, it shall, while providing assistance to the applicant, transmit a copy of the application, together with the record of any investigation made by it and a copy of its decision, to the state agency, and to the agency of the county which it has decided is the county of financial responsibility. The state agency shall thereupon promptly decide any question of financial responsibility and make an order referring the application to the local agency of the proper county for further action, including reimbursement by such county of any assistance which another county has provided to the applicant in accordance with this subdivision. The state agency may make such investigation as it deems proper before making its decision. It shall prescribe rules and regulations for carrying into effect this subdivision. The order of the state agency shall be binding upon the local agency involved and the applicant or recipient, shall be complied with by that agency unless reversed on appeal as provided in this act, and shall be so complied with pending any such appeal.

Sec. 19. [ABOLITION OF TOWNSHIP SYSTEM OF POOR RELIEF.] Subdivision 1. The town system for caring for the poor in each of the counties in which it is in effect is hereby abolished. The county welfare board of each county shall administer general assistance under the provisions of this article.

Subd. 2. All county welfare boards affected by this act are hereby authorized to take over for the county as of the effective date of this section, the ownership of all case records relating to the administration of poor relief.

Sec. 20. [TRANSFER OF TOWN EMPLOYEES.] Subdivision 1. The term "merit system" as used herein shall mean the rules for a merit system of personnel administration for employees of county welfare boards adopted by the commissioner of public welfare in accordance with the provisions of Minnesota Statutes, Section 393.07, including the merit system established for Hennepin county pursuant to Laws 1965, Chapter 855, as amended, the federal social security act as amended, and merit system standards and regulations issued by the federal social security board and the United States children's bureau.

Subd. 2. All employes of any municipality or town who are engaged full time in poor relief work therein on the effective

date of this section shall be retained as employees of the county and placed under the jurisdiction of its welfare board.

All transferred employees shall be blanketed into the merit system with comparable status, classification, longevity, and seniority, and subject to the administrative requirements of the county welfare board. Employees with permanent status under any civil service provision on the effective date of this act shall be granted permanent status under the merit system at comparable classifications and in accordance with work assignments made under the authority of the county welfare board as provided by the merit system rules.

The determination of proper job allocation shall be the responsibility of the personnel officer or director as provided under merit system rules applicable to the county involved with the right of appeal of allocation to the merit system council or personnel board by any employee affected by this transfer.

All transferred employees shall receive salaries for the classification to which they are allocated in accordance with the schedule in effect for county welfare board employees and at a salary step which they normally would have received had they been employed by the county welfare board for the same period of service they had previously served under the civil service provisions of any municipality or town; provided, however, that no salary shall be reduced as a result of the transfer.

All accumulated sick leave of transferred employees in the amount of 60 days or less shall be transferred to the records of the county welfare board and such accumulated sick leave shall be the legal liability of the county welfare board. All accumulated sick leave in excess of 60 days shall be paid in cash to transferred employees by the municipality or town by which they were employed prior to their transfer, at the time of transfer. In lieu of the cash payment, the municipality or town shall, at the option of the employee concerned, allow a leave of absence with pay, prior to transfer, for all or part of the accumulated sick leave.

Subd. 3. Employees of municipalities and towns engaged in the work of administering poor relief who are not covered by civil service provisions shall be blanketed into the merit system subject to a qualifying examination. Employees with one year or more service shall be subject to a qualifying examination and those with less than one year's service shall be subject to an open competitive examination.

Subd. 4. All vacation leave of employees referred to in subdivision 2 of this section, accumulated prior to their transfer to county employment shall be paid in cash to them by the municipality or town by which they were employed prior to their transfer, and at the time of their transfer. In lieu of the cash payment, the municipality or town shall, at the option of the employee concerned, allow a leave of absence with pay, prior to such transfer, for all or part of the accumulated vacation time.

Sec. 21. [CONTINUATION OF RETIREMENT SYSTEM FOR FORMER MINNEAPOLIS EMPLOYEES.] *Subdivision 1. Each employee of the city of Minneapolis who is transferred to and employed by the county under the provisions of section 20 and who is a contributing member of a retirement system organized under the provisions of Minnesota Statutes, Chapter 422, shall continue to be a member of that system and entitled to all of the benefits conferred thereby and subject to all the restrictions of chapter 422, unless he applies to cancel his membership within six months after the effective date of this act.*

Subd. 2. The cost to the public of that portion of the retirement allowances or other benefits accrued while any such employee was in the service of the city of Minneapolis shall remain an obligation of the city and a tax shall be levied and collected by it to discharge its obligation as provided by Minnesota Statutes, Chapter 422.

Subd. 3. The cost to the public of the retirement allowances or other benefits accruing to employees so transferred to and employed by the county shall be the obligation of and paid by the county at such time as the retirement board shall fix and determine in accordance with chapter 422. The county shall pay to the municipal retirement fund an amount certified to the county auditor of the county by the retirement board as the cost of the retirement allowances and other benefits accruing and owing to such county employees. The cost to the public of the retirement allowances as herein provided shall be paid from the county revenue fund by the county auditor upon receipt of certification from the retirement board as herein provided, and the county board is authorized to levy and collect such taxes as may be necessary to pay such costs.

Sec. 22. Minnesota Statutes 1971, Section 245.77, is amended to read:

245.77 [LEGAL SETTLEMENT OF PERSONS RECEIVING ASSISTANCE; ACCEPTANCE OF FEDERAL FUNDS.] In the event federal funds become available to the state for purposes of reimbursing the several local agencies of the state for costs incurred in providing financial relief to poor persons under the liability imposed by section 261.03, or for reimbursing the state and counties for categorical aid assistance furnished to persons who are eligible for such assistance only because of the United States Supreme Court decision invalidating state residence requirements the commissioner of public welfare is hereby designated the state agent for receipt of such funds. Upon receipt of any federal funds the commissioner shall in a uniform and equitable manner use such funds to reimburse counties (, TOWNS, CITIES AND VILLAGES) for expenditures made in providing financial relief to poor persons. The commissioner is further authorized to promulgate rules and regulations, consistent with the rules and regulations promulgated by the Secretary of Health, Education and Welfare, governing the reimbursement provided for by this provision.

Sec. 23. Minnesota Statutes 1971, Section 261.04, Subdivision 1, is amended to read:

261.04 [LIABILITY OF ESTATE.] Subdivision 1. [SUPPORT, MAINTENANCE, CARE, OR BURIAL.] When any person is furnished or provided with support, maintenance, care, including care at the University of Minnesota hospitals, or burial as a poor person (BY ANY COUNTY, CITY, TOWN, VILLAGE, OR BOROUGH) the (MUNICIPALITY) county so furnishing such aid shall have a claim therefor against the person or his estate for the reasonable value thereof, which claim may be presented and prosecuted by such (MUNICIPALITY) county at its option upon discovery of any property belonging to the poor person or to his estate.

Sec. 24. Minnesota Statutes 1971, Section 261.063, is amended to read:

261.063 [TAX LEVY FOR SOCIAL SECURITY MEASURES; DUTIES OF COUNTY BOARD.] The board of county commissioners of each county shall annually levy taxes and fix a rate sufficient to produce the full amount required for *general assistance*, old age assistance, aid to dependent children, and any other social security measures wherein there is now or may hereafter be county participation, sufficient to produce the full amount necessary for each such item, including administrative expenses, for the ensuing year, within the time fixed by law in addition to all other tax levies and tax rates, however fixed or determined, and any commissioner who shall fail to comply herewith shall be guilty of a gross misdemeanor and shall be immediately removed from office by the governor.

Sec. 25. Minnesota Statutes 1971, Section 275.09, Subdivision 3, is amended to read:

Subd. 3.
