H. F. No. 951 upon which it recommended progress until Wednesday, January 30, 1974, with the following amendment offered by Berg:

The typewritten bill, as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [PUBLIC POLICY.] It is hereby declared to be the public policy of the state of Minnesota that:

(1) Public confidence in the integrity of government and the impartiality of its members is a prerequisite of representative democracy. To maintain responsible state government, the legislature must foster a moral climate in which public officials reach judgments based solely on consideration of the public good. To that end, the public interest is best served when full disclosure is made of the identity and expenditures of persons who engage in substantial efforts to persuade governmental officials to take specific actions;

(2) Public officials shall not use their official positions to obtain financial gain for themselves, their households or any

organizations with which they are associated in a manner which violates the public trust;

(3) Major political campaign contributions and expenditures should be fully disclosed to the public;

(4) Disclosure of major political campaign contributions and expenditures serves the public interest by (a) preventing corruption and undue influence and (b) revealing the sources of campaign financing to the public as well as thereby facilitating future informed decisions regarding alternative methods of public and private financing;

(5) Although small individual contributions to a candidate are unlikely to have a corrupting influence, a number of small contributions from an individual or small contributions from a number of associated individuals may when cumulated have a corrupting influence. Thus there is a compelling state interest in requiring the disclosure of all contributions of \$25 or more in the case of legislative campaigns and \$100 or more in the case of campaigns for statewide office;

(6) Limitations upon campaign expenditures are necessary to control the spiraling amount of money required to campaign for public office and to ensure that no individual is denied the opportunity to run for public office for financial reasons;

(7) Candidates for public office and elected officials should not be under the influence of those persons who make large contributions to political campaigns.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 39, the terms defined in this section have the meanings given them unless the context clearly indicates otherwise.

Subd. 2. "Association" means business, corporation, firm, partnership, committee, labor organization, club, or any other group of two or more persons acting in concert.

Subd. 3. "Business with which he is associated" means any business, proprietorship, labor union, or association in connection with which the individual is compensated in excess of \$50 in any month as a director, officer, owner, member, partner, employer or employee, or is a holder of securities worth \$2,500 or more at fair market value.

Subd. 4. "Candidate" means an individual who seeks nomination for election, or election to any statewide office or legislative office, other than a federal office for which candidates are required to report under federal laws and supreme court and district court judges of the state. An individual shall be deemed to seek nomination for election or election if he has taken the

action necessary under the law of the state of Minnesota to qualify himself for nomination for election or election to an office has received contributions or made expenditures, or has given his consent, implicit or explicit, for any other person to receive contributions or make expenditures with a view to bringing about his nomination for election or election to an office.

Subd. 5. "Commission" means the state ethics commission.

Subd. 6. "Contribution" means:

(a) A gift, subscription, loan, advance, or deposit of money or anything of value made to influence the nomination for election or election of a candidate to office;

(b) A transfer of funds between political committees or political funds; or

(c) The payment, by any person other than a candidate, political committee or political fund, of compensation for the personal services of another person which are rendered to a candidate, political committee or political fund to influence the nomination for election or election of a candidate to office.

"Contribution" does not include services provided without compensation by individuals volunteering their time on behalf of a candidate, political committee or political fund.

Subd. 7. "Depository" means any bank, savings and loan association or credit union, organized under federal or state law and transacting business within Minnesota.

Subd. 4. The reports shall cover the time from the last day of the period covered by the last report to seven days prior to the filing date.

Subd. 5. In any statewide election any contribution or contributions from a single person totaling \$1,000 or more or, in any legislative election, any contribution of \$100 or more, received after the period covered in the last report prior to an election and prior to the election shall be reported to the commission by telegram within 48 hours after its receipt and in the next required report.

Subd. 6. If no contribution is received or expenditure made by or on behalf of a candidate, political fund or political committee during a reporting period, the treasurer of the committee or fund shall file with the commission at the time required by this section a statement to that effect.

Subd. 7. The commission shall exempt any person, association, or any of its members or contributors from the provisions of this section if disclosure would expose any or all of its contributors to:

- (a) Economic reprisals;
- (b) Loss of employment; or
- (c) Threat of physical coercion.

An association may seek an exemption for all of its members or contributors only if it proves by clear and convincing evidence that a substantial number of its members or contributors would suffer a restrictive effect on their freedom of association if members were required to seek exemptions individually.

Subd. 8. A political committee or a political fund or any of its members or contributors shall have standing to seek an exemption. All applications for exemption shall be treated as contested cases within the meaning of Minnesota Statutes, Chapter 15. The commission by rule shall establish a procedure so that any individual seeking an exemption may proceed anonymously if he would be exposed to the reprisals listed in subdivision 7 were he to reveal his identity for the purposes of the hearing.

Subd. 9. No person or association shall engage in economic reprisals or threaten loss of employment or physical coercion against any person or association because of that person's or association's political contributions or political activity. This subdivision shall not apply to compensation for employment or loss of employment when the political affiliation of the employee is a bonafide occupational qualification of the employment. Any person or association which violates this subdivision is guilty of a gross misdemeanor.

Sec. 23. [REPORTS TO COUNTY AUDITOR.] Subdivision 1. All reports or statements that must be filed with the commission by the committees of legislative candidates shall also be filed with the county auditor of each county in which the legislative district lies.

Subd. 2. The copies of reports filed with the county auditor need not be certified copies.

Subd. 3. Statements and reports filed with county auditor shall be available to the public in the manner prescribed by section 3, subdivision 8, clause (e) and retained until four years after the election to which they pertain.

Sec. 24. [REQUIREMENTS RESPECTING REPORTS AND STATEMENTS.] Subdivision 1. A report or statement required by sections 16 to 37 to be filed by a treasurer of a political committee or political fund, or by any other person, shall be signed and certified as true by the person required to file the report. Any person who signs and certifies to be true a report or statement which he knows contains false information or who knowingly omits required information is guilty of a felony.

Subd. 2. A copy of a report or statement required to be filed shall be preserved by the person filing it for two years after the election to which it pertains.

Subd. 3. Contributions and expenditures in the nature of debts and other contracts, agreements, and promises to make contributions or expenditures shall be reported in separate schedules. In determining aggregate amounts of contributions and expenditures, such debts and other contracts, agreements and promises shall not be considered as part of the totals of receipts or expenditures until actual payment is made, but shall be reported according to section 22, subdivision 3, clause (n).

Subd. 4. Each contribution in kind shall be declared at fair market value and reported on the appropriate schedule of receipts, identified as to nature and listed as "contribution in kind". The total amount of goods and services contributed in kind shall be deemed to have been consumed in the reporting period in which received. Each contribution in kind shall be declared as an expenditure at the same fair market value and reported on the appropriate expenditure schedule, identified as "contribution in kind". A candidate may refuse to accept any contribution in kind.

Subd. 5. In determining the aggregate of a person's contributions, the treasurer shall list contributions from the same donor under the same name. In each instance when a contribution received from a person in a reporting period is added to previously unitemized contributions from the same contributor and the aggregate exceeds \$100 in the case of a statewide candidate or exceeds \$25 in the case of a legislative candidate within the year, the name, address, occupation, and principal place of business, if any, of that contributor shall then be listed on the prescribed reporting forms. A candidate may refuse to accept any contribution.

Subd. 6. A political committee or political fund making an expenditure, other than a transfer of funds, for or on behalf of more than one candidate for state or legislative office shall allocate the expenditure among the candidates on a reasonable cost basis and report this allocation for each candidate. The treasurer shall retain for audit any documents supporting the allocation.

Subd. 7. Each person required to file any report or statement shall maintain records on the matters required to be reported, included vouchers, cancelled checks, bills, invoices, worksheets, and receipts, which will provide in sufficient detail the necessary information from which the filed reports and statements may be verified, explained, clarified and checked for accuracy and completeness, and he shall keep the records available for audit, inspection, or examination by the commission or its authorized representatives for six years from the date of filing of the reports or statements or of changes or corrections thereto.

Any person violating any provisions of this subdivision is guilty of a misdemeanor.

Subd. 8. The treasurer of a political committee or political fund shall not accept a contribution of more than \$100 from a political committee or political fund not registered in this state unless the contribution is accompanied by a written statement, stating the name and address of each person who contributed (a) in excess of \$25, if the contribution or contributions are made directly to the principal campaign committee of a candidate for legislative office, or (b) in excess of \$100 if the contribution or contributions are made to any other political committee or political fund. These statements shall be certified as true and correct by an officer of the contributing committee or political fund. The provisions of this subdivision shall not apply when the national affiliate of any political party in this state transfers money to its state affiliate and that money is expended by the state political party on behalf of candidates of that party generally, without referring to any of them specifically, in any advertisement published or posted, on any broadcast, or in any telephone conversation if that conversation mentions three or more candidates.

Subd. 9. The secretary of state shall cause one certified copy of each report or statement filed with him under section 309 of the federal election campaign act of 1971 to be delivered to this commission within 24 hours of the time he receives such report or statement.

Sec. 25. [CHANGES AND CORRECTIONS.] Any changes in information previously submitted and any corrections to a report shall be reported in writing to the commission within ten days following the date of the event prompting the change or the date upon which the person filing became aware of the inaccuracy. The change or correction shall identify the form and the paragraph containing the information to be changed or corrected.

Sec. 26. [DISSOLUTION OR TERMINATION.] No political committee or political fund shall dissolve until it has settled all of its debts and filed a termination report. The termination report shall include all information required in periodic reports and a statement as to the disposition of any residual funds.

Sec. 27. [LIMITS ON CAMPAIGN EXPENDITURES.]  
Subdivision 1. For the purposes of sections 27 to 37 a candidate for governor and a candidate for lieutenant governor, running together, shall be deemed to be a single candidate and all expenditures made by or on behalf of the candidate for governor and all expenditures made by or on behalf of the candidate for lieutenant governor shall be considered to be expenditures by or on behalf of the candidate for governor.

Subd. 2. In a year in which a candidate stands for election no expenditures shall be made and no obligations to make ex-

penditures shall be incurred by a candidate or by a political committee, political fund or individual which makes expenditures with the authorization, express or implied, and under the control, direct or indirect, of the candidate or his agents which shall result in the aggregate expenditure on behalf of the candidate of an amount in excess of the following amounts:

(a) For governor and lieutenant governor, running jointly, 15 cents per capita or \$600,000, whichever is greater;

(b) For attorney general, 2 1/2 cents per capita or \$100,000, whichever is greater;

(e) For state representative, 25 cents per capita or \$7,500, whichever is greater.

Subd. 3. Notwithstanding subdivision 2, clause (a), a candidate for the nomination to the office of lieutenant governor at the convention of a political party may spend \$30,000 or five percent of the amount in subdivision 2, clause (a), prior to the time of nomination. This money shall be in addition to the money which may be expended pursuant to subdivision 2, clause (a).

Subd. 4. Notwithstanding subdivision 2 with respect to the 1974 general election, expenses incurred prior to the effective date of this act shall not be counted against the spending limitations imposed by subdivision 2.

Subd. 5. If the winning candidate in a contested race in a primary election receives less than 70 percent of the vote cast in that election, he shall have added to the aggregate amount which may be expended by him or on his behalf an amount equal to one sixth of the applicable amount as set forth in subdivision 2 of this section, or the amount actually expended by him or on his behalf in the primary election, whichever is less.

Subd. 6. In a year in which a candidate does not stand for election, no expenditures shall be made and no obligations to make expenditures shall be incurred by a candidate or by a political committee, political fund or individual which makes expenditures with the authorization, express or implied, and under the control, direct or indirect, of the candidate or his agents which shall result in the aggregate expenditure on behalf of the candidate in that year of an amount in excess of 20 percent of the amount of the aggregate expenditure permitted by subdivision

2. Expenditures permitted by this subdivision shall be in addition to expenditures permitted by subdivision 2.

Subd. 7. On or before January 31 of each election year, the commission shall determine and cause to be published generally the per capita amounts specified in subdivision 2. In determining the per capita amounts, the commission shall use:

(a) In the case of the elections for governor and lieutenant governor, attorney general, secretary of state, state treasurer and state auditor, the total population of the state;

(b) In the case of the elections for state senator, 1/67 of the total population of the state;

(c) In the case of elections for state representative, 1/134 of the total population of the state.

Subd. 8. On or before January 15 of each election year, the secretary of state shall certify to the commission the estimated total population of the state as of January 1 of that year.

Subd. 9. An expenditure is made in the year in which the goods or services for which it was made are used or consumed.

Sec. 28. [TRANSFERS OF FUNDS EXCEPTED.] A transfer of funds from any political committee or political fund other than a political party to the principal campaign committee of a candidate shall not be considered to be an expenditure of funds on behalf of the candidate by the political committee or political fund.

Sec. 29. [ADDITIONAL LIMITATIONS.] Subdivision 1. No political committee, political fund, or individual, except a political party or the principal campaign committee of a candidate shall make expenditures on behalf of a candidate, or transfer funds to the principal campaign committee of a candidate, in an amount in excess of ten percent of the amount that may be spent by or on behalf of that candidate as set forth in section 27.

Subd. 2. No political party shall make expenditures on behalf of a candidate or transfer funds to the principal campaign committee of a candidate in an amount in excess of 20 percent of the amount that may be spent by or on behalf of that candidate as set forth in section 27.

Subd. 3. Expenditures by a political party on behalf of candidates of that party generally, without referring to any of them specifically in any advertisement published or posted, on any broadcast, or in any telephone conversation, if that conversation mentions three or more candidates, shall not be subject to the limitations of section 27, subdivision 2.

Subd. 4. For the purposes of this section, a political party includes a political party's organization within congressional districts, counties, legislative districts, municipalities, wards and precincts.

Sec. 30. [PRICE ADJUSTMENT.] At the beginning of each year, the commission shall obtain from the secretary of labor of the United States information as to the percent difference between the national price index for the 12 months preceding the beginning of the year and the price index for the base period which shall be 1973. Each amount determined under section 27 shall be increased by the percent difference. Each amount so increased shall be the amount in effect for the year. For the purpose of this section, the term "price index" means the average over a year of the consumer price index (all items, United States city average published monthly by the United States bureau of labor statistics). In the event that there is a decline in the price index it shall not result in a reduction in the amounts determined under section 27 and in any year after 1974 in which there is a decline in the price index, the amounts in effect shall be those in effect for the preceding general election.

Sec. 31. [PENALTY FOR EXCEEDING LIMITS.] Any person or association that makes expenditures in excess of the limitations imposed by sections 27 and 29 shall be subject to a fine equal to five times the amount by which its expenditure exceeded the limit. If the attorney general has reason to believe that a person or association has made such excess expenditures, he shall bring an action in the district court of Ramsey county to impose this penalty. All moneys recovered pursuant to this section shall be deposited in the general account of state elections campaign fund.

Sec. 32. [CIRCUMVENTION PROHIBITED.] Any attempt by a person to circumvent the provisions of sections 13 to 31 by redirecting funds through, or contributing funds on behalf of, another person is a gross misdemeanor.

Sec. 33. [STATE ELECTIONS CAMPAIGN FUND.] Subdivision 1. There is hereby established an account within the general fund of the state to be known as the "state elections campaign fund".

Subd. 2. Within the state elections campaign fund account there shall be maintained separate accounts for the candidates of each political party and a general account.

Sec. 34. [DESIGNATION OF INCOME TAX PAYMENTS.] Subdivision 1. Effective with the taxable years beginning after December 31, 1973, every individual whose income tax liability after personal credit for any taxable year is \$1 or more may designate that \$1 shall be paid into the state elections campaign fund. In the case of a joint return of husband and wife having

Subd. 2. The taxpayer may designate that the \$1 be paid into the account of a political party, or into the general account.

Subd. 3. The income tax form provided to taxpayers shall include:

(a) A section on the first page in legible type which shall say: "In order to promote financing of election campaigns by the people, the law allows you to allocate \$1 of your taxes to the financing of campaigns of candidates of the party of your choice for state offices. The dollar is not an additional tax. It is an allocation of \$1 of your tax to the state elections campaign fund. The allocation is voluntary. If you are filing a joint return you may allocate \$1 each." The form shall state that each \$1 on a joint return may be allocated independently.

(b) The form shall then contain a line stating: "I hereby direct \$1 of my taxes to be distributed to state candidates," and shall then provide for boxes which may be marked designating one of the following: (i) each major political party listed in the sequence they are listed on the last general election ballot; (ii) the name of any minor party which has either appeared on the ballot on a statewide election in the last previous general election or submitted a petition which contains the names of 2,000 persons registered to vote in Minnesota to the secretary of state by June 1 of that taxable year; and (iii) distribution to all qualifying candidates proportionately.

Subd. 4. All moneys designated by individual taxpayers for the state elections campaign fund shall be credited to the appropriate account in the general fund of the state and shall be annually appropriated for distribution as set forth in subdivisions 5, 6, 7 and 8.

Subd. 5. In each fiscal year, ten percent of the moneys in each account, except the general account, shall be distributed directly to the party of the candidates to be funded from that account. The distribution shall occur on September 1 of each year. The remaining 90 percent of the money in each party account and all of the moneys in the general fund shall be distributed in accordance with subdivisions 6, 7 and 8.

Subd. 6. (a) In each fiscal year, 40 percent of the moneys in each account shall be set aside for candidates for statewide office.

(b) Of the amount set aside in clause (a), 40 percent shall be distributed to the candidates for governor and lieutenant governor jointly; 24 percent shall be distributed to the candidate for attorney general; and 12 percent each shall be distributed

to the candidates for secretary of state, state treasurer and state auditor. If there is no nominee of that party for one of the offices, the share set aside for that office shall be distributed to the other statewide candidates of that party in the same proportions as the original amount.

(c) Within two weeks of the certification by the state canvassing board of the results of the primary election, the state treasurer shall distribute available funds in each account, other than the general account, of the state elections fund to the appropriate candidates as prescribed in clauses (a) and (b).

(d) Within two weeks of the certification by the state canvassing board of the results of the general election, the state treasurer shall distribute the available funds in the general account in the same proportions as provided in clause (b), in an equal amount to each candidate who received at least five percent of the vote cast for the office for which he was a candidate.

Subd. 7. (a) In each fiscal year, 20 percent of the moneys in each account shall be set aside for candidates for state senate.

(b) The amount set aside in clause (a) shall be distributed in equal shares to each of the candidates for state senate of that party.

(c) Within two weeks of the certification by the state canvassing board of the results of the primary election, the state treasurer shall distribute available funds in each account, other than the general account to the appropriate candidates as prescribed in clauses (a) and (b).

(d) Within two weeks of the certification by the state canvassing board of the results of the general election, the state treasurer shall distribute the available funds in the general account in an equal amount to each candidate who received at least five percent of the votes cast for the office for which he was a candidate.

Subd. 8. (a) In each fiscal year, 40 percent of the moneys in each account shall be set aside for candidates for state representative.

(b) The amount set aside in clause (a) shall be distributed in equal shares to each of the candidates for state representative of that party.

(c) Within two weeks of the certification by the state canvassing board of the results of the primary election, the state treasurer shall distribute available funds in each account, other than the general account, to the appropriate candidates as prescribed in clauses (a) and (b).

(d) Within two weeks of the certification by the state canvassing board of the results of the general election, the state treasurer shall distribute the available funds in the general account in an equal amount to each candidate who received at least five percent of the votes cast for the office for which he was a candidate.

Sec. 35. [LIMITATIONS UPON THE STATE ELECTION CAMPAIGN FUND.] Subdivision 1. No candidate shall be entitled to receive from the state elections campaign fund an amount greater than the total amount of expenditures which may be made by or on behalf of the candidate under sections 27 and 29.

Subd. 2. No candidate shall be entitled to receive from the state election campaign fund an amount greater than the total amount actually expended by or on behalf of the candidate.

Subd. 3. As a condition of receiving any funds from the state elections campaign fund, any candidate, prior to receipt of the funds, shall agree that his principal campaign committee shall not accept contributions exceeding 105 percent of the difference between the amount which may legally be expended by or on behalf of that candidate, and the amount which the candidate receives from the state elections campaign fund.

Subd. 4. If a political party for whose candidates funds have been accumulated in the state elections campaign fund does not have a candidate for statewide office, state representative or state senator, the moneys which would be used for distribution to that category or categories shall be transferred to the general account.

Sec. 36. [APPLICATION.] The provisions of section 34, subdivisions 5, 6, 7 and 8, and section 35 shall apply only in general elections and primary elections preceding general elections and shall not include special elections, special primary elections, conventions, and caucuses of a political party.

Sec. 37. [REMEDIES.] Subdivision 1. A person charged with a duty under sections 1 to 37 shall be personally liable for the penalty for failing to discharge it.

Subd. 2. Any person who believes that a violation of sections 1 to 37 has occurred shall report his belief to the commission.

Subd. 3. The commission, the attorney general or the county attorney may seek an injunction in the district court to enforce the provisions of sections 1 to 37.

Subd. 4. The district courts of this state shall have jurisdiction to issue injunctions to enforce the provisions of sections 1 to 37 upon application by any citizen of this state.

Subd. 5. Unless otherwise provided, a violation of sections 1 to 37 is not a crime.

Adams, S.; Connors; LaVoy; and Graw moved to amend S. No. 96, the unofficial printed engrossment, as follows:

Page 22, after line 32, insert the following:

"Sec. 32. [EQUITABLE ALLOCATION OF BURDENS AMONG INSURERS.] Subdivision 1. Reparation obligors paying basic economic loss benefits and owners of motor vehicles suffering uninsured physical damage to the vehicles are entitled to the proportionate reimbursement from other reparation obligors to assure that the allocation of the financial burden of losses will be reasonably consistent with the propensities of different vehicles to affect probability and severity of injury to persons or physical damage to vehicles because the vehicles are of different weight or have different devices for the protection of occupants, other different characteristics, or different regular uses. Reparation obligors paying basic economic loss benefits

for loss arising from injury to persons, and self-insurers who are natural persons bearing equivalent losses arising from their own injuries, are entitled to proportionate reimbursement from basic reparation obligors of other involved vehicles. Insurers paying residual liability insurance benefits for physical damage to vehicles and owners of motor vehicles suffering uninsured physical damage to vehicles are entitled to proportionate reimbursement from reparation obligors who provide property damage liability coverage on other involved vehicles.

Subd. 2. Reparation obligors shall maintain in accordance with rules of the commissioner of insurance statistical records from which can be determined the propensities of different vehicles to affect probability and severity of injury to persons and physical damage to vehicles.

Subd. 3. When the commissioner of insurance determines that adequate supporting information is available he may establish by rule and maintain a system under which rights of reimbursement are determined through pooling, reinsurance, or other form of reallocation procedure in lieu of case-by-case reimbursement. The system may apply to (1) all reparation obligors or (2) all reparation obligors except those who are parties to an agreement entered into under this subdivision and approved by the commissioner of insurance. Two or more reparation obligors, with approval of the commissioner of insurance, may enter into an agreement for settlement of their rights of proportionate reimbursement through a system of pooling, reinsurance, or other reallocation procedure in lieu of case-by-case reimbursement.

Subd. 4. The commissioner of insurance may not approve or establish case-by-case proportionate reimbursement on the basis of fault in cases involving only privately owned passenger motor vehicles designed to carry ten or fewer passengers.

Subd. 5. All claims for case-by-case proportionate reimbursement between insurers, if not settled by agreement, shall be submitted to binding arbitration in accordance with Minnesota Statutes 1971, Chapter 572.

Sec. 33. [ALLOCATION OF BURDENS UNTIL SYSTEM ESTABLISHED.] Subdivision 1. If, in a particular case, there is no applicable system of proportionate reimbursement as authorized by the provisions on equitable allocation of burdens among insurers and the commissioner of insurance has not adopted by rule other criteria for proportionate reimbursement consistent with those provisions, the following standards for case-by-case proportionate reimbursement apply:

(1) In accidents involving motor vehicles in different weight classes, burdens of losses shall be adjusted among reparation obligors, injured persons, and owners of the vehicles in accordance with this section.

(2) The commissioner of insurance shall adopt rules classifying motor vehicles into a number of classes according to weight, including cargo capacity. All passenger vehicles weighing less than 6000 pounds and other vehicles weighing less than 4500 pounds apart from cargo capacity shall be included in a single class. For the purposes of this section, a vehicle in this class is a "low-weight vehicle". The commissioner shall assign by rule to each class, except the low-weight class, a number of percentages determined as hereinafter provided. The highest percentage for a class applies to accidents between vehicles in that class and low-weight vehicles. Other percentages apply to accidents between vehicles of each lighter weight class and vehicles of the class to which the percentage is assigned.

(3) In an accident involving a vehicle of a lighter class and a vehicle of a heavier class, a proportion of costs which would otherwise fall on an injured person as a result of an optional exclusion or deductible, on the owner of the lighter vehicle, or on the reparation obligors paying or obligated to pay residual liability insurance benefits for physical damage to the lighter vehicle or basic economic loss benefits for injury to the owner, driver, or other occupant of the lighter vehicle is imposed upon the reparation obligor of the heavier vehicle. The proportion of costs to be transferred is the percentage assigned under clause (2). For the purposes of this clause costs are equal to loss in any amount exceeding \$250 in the case of injury to a person or \$100 in the case of damage to a vehicle.

(4) Percentages assigned under clause (2) shall be based on evidence of the average increase in severity of occupant injury and vehicle damage sustained by vehicles of the various lighter classes in accidents involving the class of heavier vehicles to which the percentage is assigned. Percentages shall be set to provide that reparation obligors and owners of vehicles shall bear, on the average, the costs which would result from accidents involving other vehicles of the same class and that reparation obligors and owners of vehicles in each heavier class shall have transferred to them the percentages of costs which on the average arise from the greater weight of vehicles of their class.

(5) Until the commissioner of insurance, in accordance with clause (2), has adopted rules classifying motor vehicles into classes according to weight and assigning percentages to each class, the percentage presumptively applying between a low-weight vehicle and a vehicle not a low-weight vehicle, or between two vehicles not low-weight vehicles, shall be determined by subtracting the weight of the lighter vehicle from the weight of the heavier vehicle, including cargo capacity, dividing the difference by the combined weight of the vehicles, and multiplying by 100 to convert to percentage. However, another percentage applies if a party claiming or defending against a claim for reimbursement under this clause proves that the other percentage is more consistent with allocating the financial burden of losses according to the propensities of vehicles of the different classes to af-

fect probability and severity of injury to persons or physical damage to vehicles.

(6) In accidents involving more than two vehicles each lighter vehicle shall have transferred from it to reparation obligors of the low-weight or heavier vehicles involved the percentage of cost designated for transfer to the heaviest of those vehicles. Reparation obligors of the low-weight or heavier vehicles shall contribute to the transferred cost in proportion to the respective percentages designated for them in accidents with vehicles of the class of the lighter vehicle or two-wheeled vehicle from which the cost is transferred.”.

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [POLICY.] The legislature, in seeking a rational approach to the establishment of an energy policy and the handling of energy problems declares it necessary to create an inter-agency task force. The purpose of the task force shall be to study the energy crisis as it relates to Minnesota, to implement regulations and procedures they deem necessary through existing agencies and departments insofar as is practicable and consistent with their authority, to recommend appropriate actions outside the scope of their authority to the governor and the legislature, to inform the people of the state on the energy crisis and related conservation measures.

Sec. 2. [CREATION OF A TASK FORCE.] Subdivision 1. There is hereby created an inter-agency task force, consisting of a chairman, appointed by the governor, the director of the state planning agency, the director of the pollution control agency, the director of the office of civil defense, the director of the office of consumer services, the chairman of the public service commission, the commissioner of natural resources, the commissioner of agriculture, the commissioner of highways, and the commissioner of revenue.

Subd. 2. The committee on committees shall appoint two members of the senate and the speaker shall appoint two members of the house of representatives to serve on the task force in an advisory capacity. The legislators shall serve without a vote and at the pleasure of their appointing authorities.

Subd. 3. The governor shall appoint a recognized leader from the private sector to serve as chairman of the task force with the advice and consent of the senate whose term shall coincide with

the term of the governor. A vacancy in the office shall be filled for the unexpired term.

Subd. 4. The chairman shall employ such staff, make such contracts, and take such action as is authorized by the task force in order to carry out its duties and responsibilities.

Sec. 3. [DUTIES.] Subdivision 1. The task force shall: (a) assess the energy crisis as it relates to Minnesota, its economy, businesses and jobs and to determine the facts as they relate thereto; (b) determine the role of the state and local units of government and their agencies in insuring adequate energy resources for the state; (c) enlighten the people of the state on energy matters and the conservation thereof; (d) study the impact of federal energy measures on the state and coordinate the implementation thereof; (e) promulgate rules, regulations and procedures and implement them through such participating agencies of government as it deems necessary to cope with the current and future energy needs of the state; (f) recommend to the legislature and governor such action as it deems necessary.

Subd. 2. The task force may: (a) require all agencies and departments of state and local government to comply with its rules, regulations and procedures; (b) make all contracts and do all things necessary to cooperate with the federal government and its energy policy; (c) contract with the state's institutions of higher education, public and private and others for the necessary research; (d) enter into interstate compacts to conduct research, planning and programs with other states or the federal government where appropriate; (e) disseminate to the general public through whatever means it deems appropriate information pertinent to energy matters and the conservation thereof.

Sec. 4. Subdivision 1. The members of the task force other than the chairman, shall serve without compensation. The chairman shall be paid such compensation as is prescribed by the governor. All members shall be reimbursed for the expenses incurred in the performance of their duties, in the same manner and in the same amounts as prescribed for other state officers. This subdivision is inapplicable if reimbursement of expenses is otherwise provided for by law.

Subd. 2. Minnesota Statutes, Chapters 15 and 16 shall not apply to rules, regulations or procedures promulgated by the task force or to contracts which it may authorize.

Sec. 5. [REPORTS REQUIRED.] Subdivision 1. The task force shall transmit to the legislature, the governor, and the general public a preliminary report of its findings and recommendations 90 days after the effective date of this act.

Subd. 2. The preliminary report shall include, in addition to recommendations for action to be taken by the legislature and

governor, such proposals for either the continuation or dissolution of the task force.

Sec. 6. [APPROPRIATIONS.] Subdivision 1. The sum of \$50,000, is appropriated from the general fund in the state treasury to the task force to carry out the terms of this act to be available until expended.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [LEGISLATIVE FINDING.] It is hereby declared to be in the public interest that public utilities be regulated as hereinafter provided in order to provide the retail consumers of natural gas and electric service in this state with adequate and reliable services at reasonable rates, consistent with the financial and economic requirements of public utilities and their need to construct facilities to provide such services or to otherwise obtain energy supplies, to avoid unnecessary duplication of facilities which increase the cost of service to the consumer and to minimize disputes between public utilities which may result in inconvenience or diminish efficiency in service to the consumers. Because municipal utilities are presently effectively regulated by the residents of the municipalities which own and operate them, it is deemed unnecessary to subject such utilities to regulation under this act except as specifically provided herein.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of this act the terms defined in this section have the meanings given them.

Subd. 2. "Corporation" includes a private corporation, a public corporation, a municipality, an association, a cooperative whether incorporated or not, a joint stock association, a business trust, or any political subdivision or agency.

Subd. 3. "Person" includes a natural person, a partnership, or two or more persons having a joint or common interest, and a corporation as hereinbefore defined.

Subd. 4. "Public utility" includes persons, corporations or other legal entities, their lessees, trustees, and receivers, now or hereafter operating, maintaining, or controlling in this state equipment or facilities for furnishing at retail natural, manufactured or mixed gas or electric service to or for the public or its members, or engaged in the production and retail sale thereof but does not include a municipality producing or furnishing natural, manufactured or mixed gas or electric service. Except as otherwise provided, the provisions of this act shall not be applicable to any sale of natural gas or electricity by a public utility to another public utility for resale. No person shall be deemed to be a public utility if it presently furnishes its services only to tenants in buildings owned, leased or operated by such person. No person shall be deemed to be a public utility if it presently furnishes service to occupants of a mobile home or trailer park owned, leased, or operated by such person. No person shall be deemed to be a public utility if it presently produces or furnishes service to less than 25 persons.

Subd. 5. "Rate" means and includes every compensation, charge, fare, toll, tariff, rental and classification, or any of them,

demand, observed, charged, or collected by any public utility for any service and any rules, regulations, practices, or contracts affecting any such compensation, charge, fare, toll, rental, tariff, or classification.

Subd. 6. "Service" means and includes natural, manufactured or mixed gas and electricity; the installation, removal, or repair of equipment or facilities for delivering or measuring such gas and electricity.

Subd. 7. "Commission" shall refer to and mean the public service commission of the department of public service.

Subd. 8. "Department" shall refer to and mean the department of public service of the state of Minnesota.

Subd. 9. "Municipality" means any city however organized, and any village or borough.

Sec. 3. [REASONABLE RATE.] Every rate made, demanded, or received by any public utility, or by any two or more public utilities jointly, shall be just and reasonable. Rates shall not be unreasonably preferential, unreasonably prejudicial or discriminatory, but shall be sufficient, equitable and consistent in application to a class of consumers. Any doubt as to reasonableness should be resolved in favor of the consumer. For rate making purposes a public utility may treat two or more municipalities served by it as a single class wherever the populations are comparable in size or the conditions of service are similar.

Sec. 4. [STANDARD OF SERVICE.] Every public utility shall furnish safe, adequate, efficient, and reasonable service; provided that service shall be deemed adequate if made so within 90 days after a person requests service. Upon application by a public utility, and for good cause shown, the commission may extend such period for not to exceed another 90 days.

Sec. 5. [PUBLISH SCHEDULES; REGULATIONS; FILES; JOINT RATES.] Subdivision 1. Every public utility shall file with the commission schedules showing all rates, tolls, tariffs and charges which it has established and which are in force at the time for any service performed by it within the state, or for any service in connection therewith or performed by any public utility controlled or operated by it.

Subd. 2. Every public utility shall file with and as a part of such schedule all rules and regulations that, in the judgment of the commission, in any manner affect the service or product, or the rates charged or to be charged for any service or product, as well as any contracts, agreements or arrangements relating to the service or product or the rates to be charged for any service or product to which the schedule is applicable as the commission may by general or special order direct.

Subd. 3. Every public utility shall keep copies of such schedules open to public inspection under such rules and regulations as the commission may prescribe.

Sec. 6. [RECEIVING DIFFERENT COMPENSATION.] No public utility shall directly or indirectly, by any device whatsoever, or in any manner, charge, demand, collect, or receive from any person a greater or less compensation for any service rendered or to be rendered by such utility than that prescribed in the schedules of rates of such public utility applicable thereto then filed in the manner provided in this act, nor shall any person knowingly receive or accept any service from a public utility for a compensation greater or less than that prescribed in such schedules, provided that all rates being charged and collected by a public utility upon the effective date of this act may be continued until schedules are filed. Nothing in this act shall prevent a cooperative association from returning to its patrons the whole, or any part of, the net earnings resulting from its operations in proportion to their purchases from or through the association.

Sec. 7. [RATE PREFERENCE PROHIBITED.] No public utility shall, as to rates or service, make or grant any unreasonable preference or advantage to any person or subject any person to any unreasonable prejudice or disadvantage.

Sec. 8. [DUTIES OF COMMISSION.] The commission is hereby vested with the powers, rights, functions, and jurisdiction to regulate in accordance with the provisions of this act every public utility as defined herein. The exercise of such powers, rights, functions, and jurisdiction is prescribed as a duty of the commission. The commission is authorized to make rules and regulations in furtherance of the purposes of this act.

Sec. 9. [STANDARDS; CLASSIFICATIONS; REGULATIONS; PRACTICES.] The commission, after hearing upon reasonable notice had upon its own motion or upon complaint, may ascertain and fix just and reasonable standards, classifications, regulations, or practices to be observed and followed by any or all public utilities with respect to the service to be furnished; ascertain and fix adequate and reasonable standards for the measurement of the quantity, quality, pressure, initial voltage, or other condition pertaining to the supply of such service; prescribe reasonable regulations for the examination and testing of such service and for the measurement thereof; establish or approve reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters, instruments and equipment used for the measurement of any service of any public utility. Any standards, classifications, regulations, or practices now or hereafter observed or followed by any public utility may be filed by it with the commission, and the same shall continue in force until amended by the public utility or until changed by the commission as herein provided.

The commission may require the filing of all rates, including rates charged to and by public utilities. The commission is empowered to appear before the Federal Power Commission to offer evidence and to seek appropriate relief in any case in which the rates charged consumers within the state of Minnesota may be affected.

Sec. 10. [ACCOUNTING SYSTEM.] Subdivision 1. The commission shall establish a system of accounts to be kept by public utilities subject to its jurisdiction. A public utility which maintains its accounts in accordance with the system of accounts prescribed by a federal agency or authority shall be deemed to be in compliance with the system of accounts prescribed by the commission. Where optional accounting is prescribed by a federal agency or authority, the commission may prescribe which option is to be followed.

Subd. 2. Every public utility engaged directly or indirectly in any other business than that of the production, transmission or furnishing of natural gas or electric service shall, if required by the commission, keep and render separately to the commission in like manner and form the accounts of all such other business, in which case all the provisions of this act shall apply to the books, accounts, papers and records of such other business.

Subd. 3. Every public utility is required to keep and render its books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the commission, and to comply with all directions of the commission relating to such books, accounts, papers and records.

Subd. 4. The commission may require any public utility to file annual reports in such form and of such content, having regard for the provisions of this section, as the commission may require, and special reports concerning any matter about which the commission is authorized to inquire or to keep itself informed. The commission may require such reports to be verified. The basic financial statements in the annual report of a public utility may, at the direction of the public service commission, be examined by an independent certified public accountant and his opinion thereof included in such annual report filed with the commission.

Subd. 5. [AUDIT AND INSPECTION.] The commission may require the examination and audit of all accounts, and all items shall be allocated to the accounts in the manner prescribed by the commission.

Subd. 6. The term public utility as used in this section includes municipal utility.

Sec. 11. [DEPRECIATION RATES AND PRACTICES.] The commission shall fix proper and adequate rates and meth-

ods of depreciation, amortization, or depletion in respect of utility property, including utility property owned by a municipality owned gas or electric utility, and every public and every municipally owned gas and electric utility shall conform its depreciation, amortization or depletion accounts to the rates and methods fixed by the commission.

Sec. 12. [RIGHT OF ENTRANCE; INSPECTION.] Subdivision 1. The commissioners and the duly authorized officers and employees of the department, during business hours, may enter upon any premises occupied by any public utility for the purpose of making examinations and tests and to inspect the accounts, books, papers, and documents of any public utility for the purpose of exercising any power provided for in this act, and may set up and use on such premises any apparatus and appliance necessary therefor. Such public utility shall have the right to be represented at the making of such examinations, tests, and inspections. Such public utility, its officers and employees, shall facilitate such examinations, tests, and inspections by giving every reasonable aid to the commissioners and any person or persons designated by the department for the duties aforesaid.

Subd. 2. The term public utility as used in this section includes municipal utility.

Sec. 13. [PRODUCTION OF RECORDS.] Subdivision 1. The commission may require, by order served on any public utility in the manner provided herein for the service of orders, the production within this state at such reasonable time and place as the commission may designate, of any books, accounts, papers, or records of the public utility relating to its business or affairs within the state, pertinent to any lawful inquiry and kept by said public utility in any office or place within or without this state, or, at its option, verified or photostatic copies in lieu thereof, so that an examination thereof may be made by the commission or under its direction.

Subd. 2. The term public utility as used in this section includes municipal utility.

Sec. 14. [INVESTIGATION.] The commission upon complaint or upon its own initiative and whenever it may deem it necessary in the performance of its duties may investigate and examine the condition and operation of any public utility or any part thereof. In conducting such investigations the commission may proceed either with or without a hearing as it may deem best, but it shall make no order without affording the parties affected thereby a hearing.

Sec. 15. [HEARINGS; EXAMINER.] The commission may, in addition to the hearings specifically provided for by this act, conduct such other hearings as may reasonably be required in the administration of the powers and duties conferred upon it by this act. The commission may designate one of its members

to act as an examiner for the purpose of holding any hearing which the commission has the power or authority to hold or in the event parties to the hearing so stipulate the commission may designate a qualified commission employee as such examiner. Reasonable notice of all such hearings shall be given the persons interested therein as determined by the commission.

Sec. 16. [RATE CHANGES; PROCEDURE; HEARING.]  
Subdivision 1. Unless the commission otherwise orders, no public utility shall change any rate which has been duly established under this act, except after 30 days notice to the commission, which notice shall state the change proposed to be made in the rates then in force, and the time when the modified rates will go into effect. The commission shall give written notice of the proposed change to the governing body of each municipality and county in the area affected. All proposed changes shall be shown by filing new schedules or shall be plainly indicated upon schedules on file and in force at the time.

Subd. 2. Whenever there is filed with the commission any schedules modifying or resulting in a change in any rate or rates then in force, the commission shall upon complaint or may upon its own motion, upon reasonable notice to the governing bodies of municipalities affected, enter upon a hearing to determine whether such rates are unjust or unreasonable; and pending such hearing and the decision thereon, the commission, upon filing with such schedule of rate or rates and delivering to the utility affected thereby a statement in writing of its reasons therefor at any time before they become effective, may suspend the operation of such schedule of rate or rates, but not for a longer period than 90 days beyond the time when such schedule of rate or rates would otherwise go into effect unless the commission shall find that a longer time will be required, in which case the commission may further extend the period for not to exceed a total of nine months. If the commission does not make a final determination concerning any such schedule of rate or rates within a period of nine months beyond the time when such schedule of rate or rates would otherwise go into effect, under subdivision 1, the schedule shall be deemed to have been approved by the commission.

Subd. 3. Notwithstanding any order of suspension of a proposed increase in rates, the public utility may put the suspended schedule into effect on the date when it would have become effective if not suspended, or any date subsequent thereto within such suspension period, by filing with the commission a bond in an amount approved by the commission with sureties approved by the commission, conditioned upon the refund, in a manner to be prescribed by order of the commission, of the excess in increased rates, including interest thereon which shall be at the current rate of interest as determined by the commission, collected during the period of the suspension if the schedule so put into effect is finally disallowed by the commission. There may be substituted for such bond other arrangements satisfactory to the commission

for the protection of persons affected. If the public utility fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefor and is authorized to recover in behalf of all persons entitled to a refund. In addition to the amount of the refund and interest due, the commission shall be entitled to recover reasonable attorney's fees, court costs and estimated cost of administering the distribution of the refund to persons entitled thereto. No suit under this subdivision shall be maintained unless instituted within two years after the end of the period of time prescribed by the commission for repayment of refunds. However, no public utility shall put a suspended rate schedule into effect as provided by this subdivision until at least 90 days after the commission has made a determination concerning any previously filed change of said rate schedule or the change has otherwise become effective under subdivision 2.

Subd. 4. The burden of proof to show that any such rate change is just and reasonable shall be upon the public utility seeking the change.

Subd. 5. If, after such hearing, the commission finds any such rate or rates to be unjust or unreasonable or discriminatory, the commission shall determine the level of rates to be charged or applied by the utility for the service in question and shall fix the same by order to be served upon the utility; and such rates are thereafter to be observed until changed, as provided by this act. In no event shall such rates exceed the level of rates requested by the public utility, except that individual rates may be adjusted upward or downward.

Subd. 6. The commission, in the exercise of its powers under this act to determine just and reasonable rates for public utilities, shall give due consideration to the public need for adequate, efficient, and reasonable service and to the need of the public utility for revenue sufficient to enable it to meet the cost of furnishing such service, including adequate provision for depreciation of its utility property used and useful in rendering service to the public, and to earn a fair and reasonable return upon the investment in such property. In determining the rate base upon which the utility is to be allowed to earn a fair rate of return, the commission shall give due consideration to evidence of the cost of the property when first devoted to public use, to prudent acquisition cost to the public utility less appropriate depreciation on each, to construction work in progress, to offsets in the nature of capital provided by sources other than the investors, and any other factors or evidence material and relevant thereto. To the extent that construction work in progress is included in the rate base, the income used in determining the actual return on the public utility property shall include an allowance for funds used during construction. In setting just and reasonable rates the commission shall give the utility a reasonable opportunity of earning a fair rate of return on its rate base during the period that said rates are to be in effect.

Subd. 7. Notwithstanding any other provision of this act, the commission may permit a public utility to file rate schedules containing provisions for the automatic adjustment of charges for public utility service in direct relation to changes in federally regulated wholesale rates for energy delivered through interstate facilities or fuel used in generation of electricity or the manufacture of gas.

Sec. 17. [COMPLAINTS.] Subdivision 1. On its own motion or upon a complaint made against any public utility by the governing body of any political subdivision, by another public utility, or by any 50 consumers of the particular utility that any of the rates, tolls, tariffs, charges, or schedules or any joint rate or any regulation, measurement, practice, act or omission affecting or relating to the production, transmission, delivery or furnishing of natural gas or electricity or any service in connection therewith is in any respect unreasonable, insufficient or unjustly discriminatory, or that any service is inadequate or cannot be obtained, the commission shall proceed, with notice, to make such investigation as it may deem necessary. The commission may dismiss any complaint without a hearing if in its opinion a hearing is not in the public interest.

Subd. 2. The commission shall, prior to any formal hearing, notify the public utility complained of that a complaint has been made, and ten days after such notice has been given the commission may proceed to set a time and place for a hearing and an investigation as hereinafter provided.

Subd. 3. The commission shall give the public utility and the complainant, ten days notice of the time and place when and where such hearing will be held and such matters to be considered and determined. Both the public utility and complainant shall be entitled to be heard and be represented by counsel.

Subd. 4. Notice shall also be given to the governing bodies of affected municipalities and counties, and to such other persons as the commission shall deem necessary.

Subd. 5. The notice provided for in subdivisions 2 and 3 may be combined but if combined the notice shall not be less than ten days.

Subd. 6. The commission shall have the power to hear, determine and adjust complaints made against any municipally owned gas or electric utility with respect to rates and services upon petition of ten percent of the non-resident consumers of such municipally owned utility or 25 such non-resident consumers whichever is less. The hearing of such complaints shall be governed by subdivisions 1 through 5 of this section.

Subd. 7. Minnesota Statutes, Section 15.0419, shall be applicable to all contested cases before the commission.

Sec. 18. [SERVICE OF NOTICE.] Service of notice of all hearings, investigations and proceedings pending before the commission and of complaints, reports, orders and other documents shall be made personally or by mail as the commission may direct.

Sec. 19. [JOINT HEARINGS AND INVESTIGATIONS.] In the discharge of its duties under this act, the commission may cooperate with similar commissions of states and any federal agency and may hold joint hearings and make joint investigations with such commissions.

Sec. 20. [SEPARATE RATE HEARINGS.] The commission may, in its discretion, when complaint is made of more than one rate or charge, order separate hearings thereon, and may consider and determine the several matters complained of separately and at such times as it may prescribe.

Sec. 21. [SUMMARY INVESTIGATIONS.] Subdivision 1. Whenever the commission shall believe that any rate or charge may be unreasonable or unjustly discriminatory or that any service is inadequate or cannot be obtained or that an investigation of any matter relating to any public utility should for any reason be made, it may on its own motion summarily investigate the same with or without notice.

Subd. 2. If, after making such summary investigation, the commission becomes satisfied that sufficient grounds exist to warrant a formal hearing being ordered as to the matters investigated, it shall set a time and place for a hearing.

Subd. 3. Notice of the time and place for such hearing shall be made as provided in section 18 of this act.

Sec. 22. [LAWFUL RATES; REASONABLE SERVICE.] Subdivision 1. Whenever upon an investigation made under the provisions of this act, the commission shall find rates, tolls, charges, schedules or joint rates to be unjust, unreasonable, insufficient or unjustly discriminatory or preferential or otherwise unreasonable or unlawful, the commission shall determine and by order fix reasonable rates, tolls, charges, schedules or joint rates to be imposed, observed and followed in the future in lieu of those found to be unreasonable or unlawful.

Subd. 2. Whenever the commission shall find any regulations, measurements, practices, acts or service to be unjust, unreasonable, insufficient, preferential, unjustly discriminatory or otherwise unreasonable or unlawful, or shall find that any service which can be reasonably demanded cannot be obtained, the commission shall determine and by order fix reasonable measurements, regulations, acts, practices or service to be furnished, imposed, observed and followed in the future in lieu of those found to be unreasonable, inadequate or otherwise unlaw-

ful, and shall make such other order respecting such measurement, regulation, act, practice or service as shall be just and reasonable.

Subd. 3 A copy of such order shall be served upon the person against whom it runs or his attorney, and notice thereof shall be given to the other parties to the proceedings or their attorneys.

Sec. 23. [CONSTRUCTION OF FACILITIES; COMMISSION APPROVAL.] Subdivision 1. The words "major utility facility" shall mean: (1) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of 50 megawatts or more; (2) an electric transmission line and associated facilities of a design capacity of 125 kilovolts or more; and (3) a gas transmission line and associated facilities designed for, or capable of, transporting gas at pressures in excess of 125 pounds per square inch; provided, however, that the words "major utility facility" shall not include electric or gas distribution lines and gas gathering lines and associated facilities as defined by the commission.

Subd. 2. Under such rules and regulations as the commission may prescribe, every public utility shall file with the commission, within such time and in such form as the commission may designate, plans showing any contemplated construction of major utility facilities.

Subd. 4. The provisions of this section shall apply to the construction of major utility facilities by a municipally owned gas or electric utility.

Sec. 24. [CHANGE; AMENDMENT; RECISION OF ORDERS.] The commission may at any time, on its own motion or upon motion of an interested party, and upon notice to the public utility and after opportunity to be heard, rescind, alter or amend any order fixing rates, tolls, charges or schedules, or any other order made by the commission, and may reopen any case following the issuance of an order therein, for the taking of further evidence or for any other reason. Any order rescinding, altering, amending or reopening a prior order shall have the same effect as an original order.

Sec. 25. [ORDERS; EFFECTIVE DATE.] Every decision made by the commission constituting an order or determination shall be in force and effective 20 days after the same has been filed and has been served by personal delivery or by mailing a copy thereof to all parties to the proceeding in which such decision was made or to their attorneys, unless the commission shall specify a different date upon which the same shall be effective.

Sec. 26. [REHEARINGS BEFORE COMMISSION; CONDITION PRECEDENT TO JUDICIAL REVIEW.] Subdivision 1.

Within 20 days after the service by the commission of any decision constituting an order or determination, any party to the proceeding and any other person, aggrieved by such decision and directly affected thereby, may apply to the commission for a rehearing in respect to any matters determined in said decision. The commission may grant and hold such rehearing on said matters, or upon such of them as it may specify in the order granting such rehearing, if in its judgment sufficient reason therefor exists.

Subd. 2. The application for a rehearing shall set forth specifically the ground or grounds on which the applicant contends said decision to be unlawful or unreasonable. No cause of action arising out of any decision constituting an order or determination of the commission or any proceeding for the judicial review thereof shall accrue in any court to any person or corporation unless the plaintiff or petitioner in such action or proceeding within 20 days after the service of said decision, shall have made application to the commission for a rehearing in the proceeding in which such decision was made. No person or corporation shall in any court urge or rely on any ground not so set forth in said application for rehearing.

Subd. 3. Applications for rehearing shall be governed by such general rules as the commission may establish. In case a rehearing is granted the proceedings thereupon shall conform as nearly as may be to the proceedings in an original hearing, except as the commission may otherwise direct. If in the commission's judgment, after such rehearing, it shall appear that the original decision, order or determination is in any respect unlawful or unreasonable, the commission may reverse, change, modify or suspend the same accordingly. Any decision, order or determination made after such rehearing reversing, changing, modifying or suspending the original determination shall have the same force and effect as an original decision, order or determination. Only one rehearing shall be granted by the commission; but this shall not be construed to prevent any party from filing a new application or complaint. No order of the commission shall become effective while an application for a rehearing or a rehearing shall be pending and until ten days after such application for a rehearing is either denied, expressly or by implication, or the commission has announced its final determination on rehearing.

Subd. 4. Any application for a rehearing not granted within 20 days from the date of filing thereof, may be taken to be denied.

Subd. 5. It is hereby declared that the legislative powers of the state, in so far as they are involved in the issuance of orders and decisions by the commission, have not been completely exercised until the commission has acted upon an application for rehearing, as provided for by this section and by the rules of

the commission, or until such application for rehearing has been denied by implication, as above provided for.

Sec. 27. [SUBPOENA; WITNESSES; FEES; AND MILEAGE.] The commission and each commissioner, or the secretary of the commission may issue subpoenas and all necessary processes in proceedings pending before it; and such process shall extend to all parts of the state and may be served by any person authorized to serve processes of courts of record. Each witness who shall appear before the commission, or at a hearing before one of the individuals designated by it as provided in section 15 of this act, or whose deposition is taken, shall receive for his attendance the fees and mileage now provided for witnesses in civil cases in courts of record.

Sec. 28. [OATHS; CONTEMPT; EXAMINER'S POWERS.] The commission and each of the commissioners or authorized examiner, for the purpose mentioned in this act, may administer oaths and examine witnesses. In case of failure on the part of any person to comply with any subpoena, or in the case of the refusal of any witness to testify concerning any matter on which he may be interrogated lawfully, any court of record of general jurisdiction or a judge thereof, on application of the commission, may compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein.

Sec. 29. [DEPOSITIONS.] The commission or any party to the proceedings may, in any investigation or hearing before the commission, cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for taking depositions in civil actions in the district court.

Sec. 30. [TESTIMONY AND PRODUCTION OF RECORDS; PERJURY.] No person shall be excused from testifying or from producing any book, document, paper, or account in any investigation, or inquiry by, or hearing before, the commission or any commissioner, or person designated by it to conduct hearings, when ordered to do so, upon the ground that the testimony or evidence, book, document, paper, or account required of him may tend to incriminate him or subject him to penalty or forfeiture; but no person shall be prosecuted, punished, or subjected to any forfeiture or penalty for or on account of any act, transaction, matter, or thing concerning which he shall have been compelled under oath to testify or produce documentary evidence; provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed by him in his testimony.

Sec. 31. [COPIES OF DOCUMENTS AS EVIDENCE.] Copies of official documents and orders filed or deposited according to law in the office of the commission, certified by a commissioner or by the secretary under the official seal of the commission to be true copies of the original shall be evidence

in like manner as the originals, in all matters before the commission and in the courts of this state.

Sec. 32. [ORDERS AND FINDINGS IN WRITING.] Every order, finding, authorization, or certificate issued or approved by the commission under any provisions of this act shall be in writing and filed in the office of the secretary of the commission. A certificate under the seal of the commission that any such order, finding, authorization, or certificate has not been modified, stayed, suspended, or revoked, shall be received as evidence in any proceedings as to the facts therein stated.

Sec. 33. [PUBLIC RECORDS.] All decisions, transcripts, and orders of the commission shall be public records.

Sec. 34. [TRANSCRIBED RECORD TO BE KEPT.] A full and complete record shall be kept of all proceedings at any formal hearing had before the commission or any commissioner or hearing examiner and all testimony shall be taken down by a reporter appointed by the commission. A copy of such transcript shall be furnished on demand to any party to the proceedings upon payment of reasonable costs of reproduction.

Sec. 35. [FRANCHISES CONTINUED.] Any public utility furnishing the utility services enumerated in this act or occupying streets, highways, or other public property within a municipality may be required to obtain a license, permit, right or franchise in accordance with the terms, conditions, and limitations of regulatory acts of the municipality, including the placing of distribution lines and facilities underground, and under such license, permit, right, or franchise, the utility may be obligated by any municipality, home rule or statutory, to pay to the municipality fees to raise revenue or defray increased municipal costs accruing as a result of utility operations, or both, including but not limited to a sum of money based upon gross operating revenues or gross earnings from its operations in such municipality so long as such public utility shall continue to operate in such municipality, unless upon request of the public utility it is expressly released from such obligation at any time by such municipality. All existing licenses, permits, franchises and other rights acquired by any public utility or municipality prior to the passage of this act including the payment of existing franchise fees, shall not be impaired or affected in any respect by the passage of this act, except with respect to matters of rate and service regulation and service area assignments that have been vested to the jurisdiction of the commission by this act. However, in the event that a court of competent jurisdiction determines, or the parties by mutual agreement determine, that an existing license, permit, franchise or other right has been abrogated or impaired by this act, or its execution, the municipality affected shall impose and the public utility shall collect an excise tax on the utility charges which from year to year yields an amount which is reasonably equivalent to that amount of revenue which

then would be due as a fee, charges or other thing or service of value to the municipality under the franchise, license or permit. Such authorization shall be over and above taxing limitations including, but not limited to those of section 477A.01, subdivision 18. Franchises granted pursuant to this section shall be exempt from the provisions of Laws 1973, Chapter 612.

Sec. 36. [ASSIGNED SERVICE AREAS; ELECTRIC UTILITIES.] Subdivision 1. [LEGISLATIVE POLICY.] It is hereby declared to be in the public interest that, in order to encourage the development of coordinated statewide electric service at retail, to eliminate or avoid unnecessary duplication of electric utility facilities, and to promote economical, efficient, and adequate electric service to the public, the state of Minnesota shall be divided into geographic service areas within which a specified electric utility will provide electric service to customers on an exclusive basis.

Sec. 37. [DEFINITIONS.] For the purpose of sections 36 through 43 only, the following definitions shall apply:

Subdivision 1. "Person" means a natural person, a partnership, private corporation, a public corporation, a municipality, an association, a cooperative whether incorporated or not, a joint stock association, a business trust, any political subdivision or agency, or two or more persons having joint or common interest.

Subd. 2. "Customer" means a person contracting for or purchasing electric service at retail from an electric utility.

Subd. 3. "Electric service" means electric service furnished to a customer at retail for ultimate consumption, but does not include wholesale electric energy furnished by an electric utility to another electric utility for resale.

Subd. 4. "Electric line" means lines for conducting electric energy at a design voltage of 25,000 volts phase to phase or less used for distributing electric energy directly to customers at retail.

Subd. 5. "Electric utility" means persons, their lessees, trustees, and receivers, separately or jointly, now or hereafter operating, maintaining or controlling in Minnesota equipment or facilities for providing electric service at retail and which fall within the definition of "public utility" in section 2, subdivision 4, and includes such facilities owned by a municipality.

Subd. 6. "Assigned service area" means the geographical area in which the boundaries are established as provided in section 38 hereof.

Subd. 7. "Municipality" shall mean and include any city, however organized, and any village or borough.

Sec. 38. [ASSIGNED SERVICE AREAS.] Subdivision 1. On or before six months from the effective date of this act, or, when requested in writing by an electric utility and for good cause shown, such further time as the commission may fix by order, each electric utility shall file with the commission a map or maps showing all its electric lines outside of incorporated municipalities as they existed on the effective date of this section. Each electric utility shall also submit in writing a list of all municipalities in which it provides electric service on the effective date of this act. Where two or more electric utilities serve a single municipality, the commission may require each such utility to file with the commission a map showing its electric lines within such municipality.

Subd. 2. On or before 12 months from the effective date of this section, the commission shall after notice and hearing establish the assigned service area or areas of each electric utility and shall prepare or cause to be prepared a map or maps to accurately and clearly show the boundaries of the assigned service area of each electric utility.

Subd. 3. To the extent that it is not inconsistent with the legislative policy stated in subdivision 1 of section 36, the boundaries of each assigned service area, outside of incorporated municipalities, shall be a line equidistant between the electric lines of adjacent electric utilities as they exist on the effective date of this section; provided that these boundaries may be modified by the commission to take account of natural and other physical barriers including, but not limited to, highways, waterways, railways, major bluffs, and ravines and shall be modified to take account of the contracts provided for in subdivision 4; and provided further that at any time after the effective date of the section, the commission may on its own or at the request of an electric utility make changes in the boundaries of the assigned service areas, but only after notice and hearing as provided for in section 17.

Subd. 4. Contracts between electric utilities, which are executed on or before 12 months from the effective date of this section, designating service areas and customers to be served by such electric utilities when approved by the commission shall be valid and enforceable and shall be incorporated into the appropriate assigned service areas. The commission shall approve such a contract if it finds that the contract will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected and will promote the efficient and economical use and development of the electric systems of the contracting electric utilities.

Subd. 5. Where a single electric utility provides electric service within a municipality on the effective date of this section, that entire municipality shall constitute a part of the assigned service area of the electric utility in question. Where two or more electric utilities provide electric service in a municipality on the

effective date of this section, the boundaries of the assigned service areas shall conform to those contained in municipal franchises with such electric utilities on the effective date of this section. In the absence of such franchises, the boundaries of the assigned service areas within an incorporated municipality shall be a line equidistant between the electric lines of the electric utilities as they exist on the effective date of this section; provided that these boundaries may be modified by the commission to take account of natural and other physical barriers including, but not limited to, major streets or highways, waterways, railways, major bluffs and ravines and shall be modified to take account of the contracts provided for in subdivision 4.

Subd. 6. In those areas where, on the effective date of this section, the existing electric lines of two or more electric utilities are so intertwined that subdivisions 2 through 5 cannot reasonably be applied, the commission shall determine the boundaries of the assigned service areas for the electric utilities involved as will promote the legislative policy in section 36, subdivision 1.

Sec. 39. [EXCLUSIVE SERVICE RIGHTS.] Each electric utility shall have the exclusive right to provide electric service at retail to each and every present and future customer in its assigned service area and no electric utility shall render or extend electric service at retail within the assigned service area of another electric utility unless said electric utility consents thereto in writing except as provided in section 41; provided that any electric utility may extend its facilities through the assigned service area of another electric utility if such an extension is necessary to facilitate such electric utility connecting its facilities or customers within its own assigned service area.

Sec. 40. [EFFECT OF INCORPORATION, ANNEXATION, OR CONSOLIDATION.] After the effective date of this section, the inclusion by incorporation, consolidation, or annexation of any part of the assigned service area of an electric utility within the boundaries of any municipality shall not in any respect impair or affect the rights of such electric utility to continue and extend electric service at retail throughout such parts of its assigned service area unless a municipality which owns and operates an electric utility elects to purchase the facilities and property of such electric utility as provided in section 43 of this act.

Sec. 41. [SERVICE EXTENSIONS IN CERTAIN SITUATIONS.] Subdivision 1. Notwithstanding the establishment of assigned service areas for electric utilities provided for in section 38, customers located outside municipalities and who require electric service with a connected load of 2,000 kilowatts or more shall not be obligated to take electric service from the electric utility having the assigned service area where such customer is located if, after notice and hearing, the commission so determines after consideration of following factors:

- (a) the electric service requirements of the load to be served;
- (b) the availability of an adequate power supply;
- (c) the development or improvement of the electric system of the utility seeking to provide the electric service, including the economic factors relating thereto;
- (d) the proximity of adequate facilities from which electric service of the type required may be delivered;
- (e) the preference of the customer;
- (f) any and all pertinent factors affecting the ability of the utility to furnish adequate electric service to fulfill customers' requirements.

Subd. 2. Notwithstanding the provisions in section 38, any electric utility may extend electric lines for electric service to its own utility property and facilities.

Sec. 42. [HEARINGS; COMPLAINTS.] Upon the filing of an application under section 41 or upon complaint by an affected utility that the provisions of sections 38 through 41 have been violated, the commission shall hold a hearing, upon notice, within 15 days after the filing of such application of complaint, and shall render its decision within 30 days after said hearing.

Sec. 43. [SERVICE EXTENSIONS IN ANNEXED AREAS; MUNICIPAL PURCHASE.] Notwithstanding the provisions of sections 40 through 42 sections 37 and 38 of this act, whenever a municipality which owns and operates an electric utility extends its corporate boundaries through annexation or consolidation, such municipality shall thereafter furnish electric service to the annexed area unless the area is already receiving electric service from an electric utility, in which event, the annexing municipality may purchase the facilities of the electric utility serving the annexed area. The municipality acquiring the facilities shall pay to the utility formerly serving the annexed area the appropriate value of its properties within such area which payment may be by exchange of other electric utility property outside the municipality on an appropriate basis giving due consideration to revenue from and value of the respective properties. In the event the municipality and the electric utility involved are unable to agree as to the terms of the payment or exchange, the municipality or the electric utility may file an application with the commission requesting that the commission determine the appropriate terms for the exchange or sale. After notice and hearing, the commission shall determine appropriate terms for an exchange, or in the event no appropriate properties can be exchanged, the commission shall fix and determine the appropriate value of the property within the annexed area, and the transfer shall be made as directed by the commission. In making that

determination the commission shall consider the original cost of the property, less depreciation, loss of revenue to the utility formerly serving the area, expenses resulting from integration of facilities, and other appropriate factors. Until the determination by the commission, the facilities shall remain in place and service to the public shall be maintained by the owner. However, the electric utility being displaced, serving the annexed area, shall not extend service to any additional points of delivery within the annexed area if the commission, after notice and hearing, with due consideration of any unnecessary duplication of facilities, shall determine that the extension is not in the public interest.

When property of a public utility located within an area annexed to a municipality which owns and operates a public utility is proposed to be acquired by such municipality, ratification by the electors is not required.

Sec. 44. [MUNICIPAL PURCHASE OF PUBLIC UTILITY.] Any public utility operating in a municipality under a license, permit, right or franchise shall be deemed to have consented to the purchase by the municipality, for just compensation, of its property operated in such municipality under such license, permit, right or franchise. The municipality, subject to the provisions of this act, may purchase such property upon notice to the public utility as herein provided. Whenever the commission is notified by the municipality or the public utility affected that the municipality has, pursuant to law, determined to purchase the property of the public utility, and that the parties to the purchase and sale have been unable to agree on the amount to be paid and received therefor, the commission shall set a time and place for a public hearing; after not less than 30 days notice to the parties, upon the matter of just compensation or the matter of the property to be purchased. Within a reasonable time the commission shall, by order, determine the just compensation for the property to be purchased by the municipality. In determining just compensation, the commission shall consider the original cost of the property less depreciation, loss of revenue to the utility, expenses resulting from integration of facilities and other appropriate factors. The order of the commission may be reviewed as hereinafter provided in this act. Commission expenses arising out of the exercise of its jurisdiction under this section shall be assessed to the municipality.

Sec. 45. [MUNICIPAL PROCEDURE; NOTICE; ELECTION.] Any municipality which desires to acquire the property of a public utility as authorized under the provisions of section 37 of this act may determine to do so by resolution of the governing body of such municipality taken after a public hearing of which at least 30 days published notice shall be given as determined by the governing body. Such determination shall become effective when ratified by a majority of the qualified electors voting on the question at a special election to be held for that pur-

pose, not less than 60 nor more than 120 days after the resolution of the governing body of such municipality.

Sec. 46. [ACQUISITION BY EMINENT DOMAIN.] Nothing in this act shall be construed to preclude a municipality from acquiring the property of a public utility by eminent domain proceedings; provided that damages to be paid in eminent domain proceedings shall include the original cost of the property less depreciation, loss of revenue to the utility, expenses resulting from integration of facilities, and other appropriate factors.

Sec. 47. [RELATIONS WITH AFFILIATED INTERESTS.] Subdivision 1. "Affiliated interests" with a public utility means and includes the following:

(a) Every corporation and person owning or holding directly or indirectly five percent or more of the voting securities of such public utility.

(b) Every corporation and person in any chain of successive ownership of five percent or more of voting securities.

(c) Every corporation five percent or more of whose voting securities is owned by any person or corporation owning five percent or more of the voting securities of such public utility or by any person or corporation in any such chain of successive ownership of five percent or more of voting securities.

(d) Every person who is an officer or director of such public utility or of any corporation in any chain of successive ownership of five percent or more of voting securities.

(e) Every corporation operating a public utility or a servicing organization for furnishing supervisory, construction, engineering, accounting, legal and similar services to utilities, which has one or more officers or one or more directors in common with such public utility, and every other corporation which has directors in common with such public utility where the number of such directors is more than one-third of the total number of the utility's directors.

(f) Every corporation or person which the commission may determine as a matter of fact after investigation and hearing is actually exercising any substantial influence over the policies and actions of such public utility even though such influence is not based upon stockholding, stockholders, directors or officers to the extent specified in this section.

(g) Every person or corporation who or which the commission may determine as a matter of fact after investigation and hearing is actually exercising such substantial influence over the policies and actions of such public utility in conjunction with

one or more other corporations or persons with which or whom they are related by ownership or blood relationship or by action in concert that together they are affiliated with such public utility within the meaning of this section even though no one of them alone is so affiliated.

Subd. 2. Provided, however, that in subdivision 1 of this section the term "person" shall not be construed to exclude trustees, lessees, holders of beneficial equitable interest, voluntary associations, receivers and partnerships.

Subd. 3. No contract or arrangement providing for the furnishing of management, supervisory, construction, engineering, accounting, legal, financial or similar services, and no contract or arrangement for the purchase, sale, lease or exchange of any property, right, or thing, or for the furnishing of any service, property, right, or thing, other than those above enumerated, made or entered into after the effective date of this act between a public utility and any affiliated interest as defined in this act, shall be valid or effective unless and until such contract or arrangement has received the written approval of the commission. It shall be the duty of every public utility to file with the commission a verified copy of any such contract or arrangement, or a verified summary of any such unwritten contract or arrangement, and also of all such contracts and arrangements, whether written or unwritten, entered into prior to said date and in force and effect at that time. The commission shall approve such contract or arrangement made or entered into after said date only if it shall clearly appear and be established upon investigation that it is reasonable and consistent with the public interest. No such contract or arrangement shall receive the commission's approval unless satisfactory proof is submitted to the commission of the cost to the affiliated interest of rendering the services or of furnishing the property or service described herein to each public utility. No proof shall be satisfactory within the meaning of the foregoing sentence unless it includes the original (or verified copies) of the relevant cost records and other relevant accounts of the affiliated interest, or such abstract thereof or summary taken therefrom as the commission may deem adequate, properly identified and duly authenticated, provided, however, that the commission may, where reasonable, approve or disapprove such contracts or arrangements without the submission of such cost records or accounts. The burden of proof to establish the reasonableness of any such contract or arrangement shall be on the public utility.

Subd. 4. The provisions of this section requiring the written approval of the commission shall not apply to transactions with affiliated interests where the amount of consideration involved is not in excess of \$10,000 or five percent of the capital equity of the utility whichever is smaller; provided, however, that regularly recurring payments under a general or continuing arrangement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within the

aforesaid exemption. Such transactions shall be valid or effective without commission approval under this section. However, in any proceeding involving the rates or practices of the public utility, the commission may exclude from the accounts of such public utility any payment or compensation made pursuant to such transaction unless the public utility shall establish the reasonableness of such payment or compensation.

Subd. 5. In any proceeding, whether upon the commission's own motion or upon application or complaint, involving the rates or practices of any public utility, the commission may exclude from the accounts of such public utility any payment or compensation to an affiliated interest for any services rendered or property or service furnished, as above described, under existing contracts or arrangements with such affiliated interest unless such public utility shall establish the reasonableness of such payment or compensation.

Subd. 6. The commission shall have continuing supervisory control over the terms and conditions of such contracts and arrangements as are herein described so far as necessary to protect and promote the public interest. The commission shall have the same jurisdiction over the modifications or amendment of contracts or arrangements as are herein described as it has over such original contracts or arrangements. The fact that the commission shall have approved entry into such contracts or arrangements as described herein shall not preclude disallowance or disapproval of payments made pursuant thereto, if upon actual experience under such contract or arrangement it appears that the payments provided for or made were or are unreasonable.

Subd. 7. The provisions of this section shall not apply to cooperative electric associations.

Franchises granted pursuant to this section shall be exempt from the provisions of Laws 1973, Chapter 612.

Sec. 48. [SECURITIES.] Subdivision 1. For the purpose of this section, "security" means any note; stock; treasury stock; bond; debenture; evidence of indebtedness; assumption of any obligation or liability as a guarantor, endorser, surety, or otherwise in the security of another person; certificate of interest or participation in any profit sharing agreement; collateral trust certificate; preorganization certificate or subscription; transferable shares; investment contract; voting trust certificate; certificate of deposit for a security; certificate of interest or participation in an oil, gas or mining right; title or lease or in payments out of production under such a right, title or lease; or, in general, any interest or instrument commonly known as a security, or any certificate for, receipt for guarantee of, or warrant or right to subscribe to or purchase, any of the foregoing.

Subd. 2. For the purpose of this section, "capital structure" is the total capitalization of the public utility including, but not

limited to, all outstanding common stock, preferred stock, and the permanent financing of said public utility represented by long term debt, and shall further include retained earnings and paid in surplus in excess of par values.

Subd. 3. It shall be unlawful for any public utility organized under the laws of this state to offer or sell any security or, if organized under the laws of any other state or foreign country, to subject property in this state to an encumbrance for the purpose of securing the payment of any indebtedness unless the capital structure of said public utility shall first be approved by the commission. Approval by the commission shall be by formal written order.

Subd. 4. Upon the application of a public utility for approval of its capital structure prior to the issuance of any security or the encumbrance of any property for the purpose of securing the payment of any indebtedness, the commission may make such inquiry or investigation, hold such hearings, and examine such witnesses, books, papers, documents, or contracts, as in its discretion it may deem necessary. Prior to approval the commission shall ascertain that the amount of securities of each class which any public utility may issue shall bear a reasonable proportion to each other and to the value of the property, due consideration being given to the nature of the business of the public utility, its credit and prospects, the possibility that the value of the property may change from time to time, the effect which such issue shall have upon the management and operation of the public utility, and other considerations which the commission as a matter of fact shall find to be relevant. If the commission shall find that the proposed capital structure is reasonable and proper and in the public interest and will not be detrimental to the interests of the consumers and patrons affected thereby, the commission shall by written order grant its permission for the proposed public financing.

Subd. 5. The requirements of this section are in addition to any other requirements of law and, specifically, the requirements of Chapter 451 of the Laws of Minnesota, 1973, and the rules and regulations promulgated pursuant thereto.

Subd. 6. The provisions of this section shall not apply to cooperative electric associations.

Sec. 49. [ACQUIRING PROPERTY; MERGER.] Subdivision 1. No public utility shall sell, acquire, lease, or rent any plant as an operating unit or system in this state for a total consideration in excess of \$100,000, or merge or consolidate with another public utility operating in this state, without first being authorized so to do by the commission. Upon the filing of an application for the approval and consent of the commission thereto the commission shall investigate the same, with or without public hearing, and in case of a public hearing upon such notice as the commission may require, and if it shall find that the proposed

action is consistent with the public interest it shall give its consent and approval by order in writing. In reaching its determination the commission shall take into consideration the reasonable value of the property, plant, or securities to be acquired or disposed of, or merged and consolidated. The provisions of this section shall not be construed as applicable to the purchase of units of property for replacement or to the addition to the plant of the public utility by construction.

Subd. 2. The provisions of this section shall not apply to cooperative electric associations.

Subd. 3. Mergers and consolidations as enumerated in subdivision 1 hereof shall be exempt from the provisions of Laws 1973, Chapter 331.

Sec. 50. [STOCK PURCHASE.] Subdivision 1. No public utility shall purchase voting stock in another public utility doing business in Minnesota without first having made application to and received the consent of the commission in writing or by order.

Subd. 2. The provisions of this section shall not apply to cooperative electric associations.

Subd. 3. Mergers and consolidations as enumerated in subdivision 1 hereof shall be exempt from the provisions of Laws 1973, Chapter 331.

Sec. 51. [APPEALS.] Subdivision 1. Any party to a proceeding before the commission or any other person, aggrieved by such decision and order and directly affected thereby, shall be entitled to appeal from such decision and order of the commission. Such proceedings shall be instituted by serving a notice of appeal personally or by registered mail upon the commission or one of its members or upon its secretary, and by filing such notice in the office of the clerk of the district court of the county of Ramsey or of the county in which the appellant resides or maintains his principal place of business, all within 30 days after the service of the order and decision of the commission or in cases where a rehearing is requested within 30 days after service of the order finally disposing of the application for such rehearing, or within 30 days after the final disposition by operation of law of any such application for rehearing. The notice shall state the nature of the appellant's interest, the facts showing that the appellant is aggrieved and directly affected by the decision, and the grounds upon which the appellant contends that the decision should be reversed or modified. Copies of the notice shall be served, personally or by registered mail, not later than 30 days after the institution of the appeal, upon all parties who appeared before the commission in the proceeding in which the order sought to be reviewed was made. The commission and all parties to the proceeding before it, shall have the right to par-

ticipate in the appeal. The court, in its discretion, may permit other interested parties to intervene.

Subd. 2. Every person served with a notice of appeal as provided in this section and who desires to participate in the appeal thereby instituted shall serve upon the appellant, within 20 days after the service of the notice upon such person, a notice of appearance stating his position with reference to the affirmance, vacation, or modification of the order or decision under appeal. Such notice, other than by the named respondent, shall also be served on the named respondent and the attorney general, and shall be filed, together with proof of required service thereof, with the clerk of the reviewing court within ten days after such service. Service of all subsequent papers or notices in such appeal need be made only upon the appellant and such other persons as have served and filed the notice as herein provided or have been permitted to intervene in said proceeding, as parties thereto, by order of the court.

Subd. 3. Within 30 days after service of the notice of appeal upon the commission, or within such further time as the court may allow, the commission shall transmit to the court the original or a certified copy of the entire record of the proceedings in which the decision under appeal was made, including all pleadings, notices, testimony, exhibits, findings, decisions, orders, and exceptions, therein; but by stipulation of all parties to the appeal the record may be shortened by eliminating any portion thereof. The cost of preparing the transcript of the testimony, objections, rulings thereon, and exceptions, shall be paid by the appellant to the official reporter of the commission. Any party, other than the commission, refusing to stipulate to limit the record may be taxed by the court for the additional costs.

Subd. 4. The appeal shall be conducted by the court without a jury and shall be confined to the record, arguments and brief, except that in cases of alleged irregularities in procedure before the commission testimony thereon may be taken in the court. The court may affirm the decision of the commission or may reverse or modify it.

Subd. 5. Any party, including the commission, may secure a review of the final judgment of the district court by appeal to the supreme court. Such appeal shall be taken in the manner provided by law for appeals from the district court in other civil cases, except that the time for appeal shall be limited to 30 days from the notice of entry of the judgment.

Sec. 52. [SUSPENSION OF COMMISSION ORDERS.] The pendency of proceedings on appeal shall not of itself stay or suspend the operation of the order of the commission, but during the pendency of such proceedings the court in its discretion may stay or suspend, in whole or in part, the operation of the commission's order on such terms as it deems just, and in accor-

dance with the practice of courts exercising equity jurisdiction, but no such stay shall be granted without notice to the parties and opportunity to be heard by the court. Any party shall have the right to secure from the court in which an appeal of an order of the commission is sought an order suspending or staying the operation of an order of the commission, pending an appeal of such order, but no commission order relating to rates or rules and regulations shall be stayed or suspended absent a finding that great or irreparable damage would otherwise result to the party seeking the stay or suspension, and any order staying or suspending a commission order shall specify the nature of the damage.

In case the order of the commission is stayed or suspended, the court shall require a bond with good and sufficient surety, conditioned that the public utility petitioning for review shall answer for all damages caused by the delay in enforcing the order of the commission, and for all compensation for whatever sums or transmission or service any person shall be compelled to pay pending review proceedings in excess of the sum such person or corporation would have been compelled to pay had the commission's order not been stayed or suspended. The court, may, in addition or in lieu of the bond require such other further security for the payment of such excess damages or charges as it may deem proper.

Sec. 53. [ACTIONS BY COMMISSION; ATTORNEY GENERAL TO INSTITUTE.] Whenever the commission shall be of the opinion that any person or public utility is failing or omitting or is about to fail or omit to do anything required of it by this act or by any order of the commission, or is doing anything or about to do anything, or permitting anything or about to permit anything to be done, contrary to or in violation of this act or of any order of the commission, it may direct the attorney general to commence an action or proceeding in the district court of Ramsey County, in the name of the state of Minnesota, for the purpose of having such violations stopped and prevented by injunction. The attorney general shall thereupon begin such action or proceeding by petition to such court alleging the violation or threatened violation complained of, and praying for appropriate relief by way of injunction. It shall thereupon be the duty of the court to specify a time, not exceeding 20 days after the service of the copy of the petition, within which the public utility or person complained of must plead, and in the meantime said public utility or person may for good cause shown be restrained. In case of default, the court shall immediately inquire into the facts and circumstances of the case. Such corporations or persons as the court may deem necessary or proper to be joined as parties, in order to make its judgment, order, or writ effective, may be joined as parties. The final judgment in any such action or proceeding shall either dismiss the action or proceeding or direct that an injunction issue or be made permanent as prayed for in the petition, or in such modified or other form as will af-

ford appropriate relief. An appeal upon the record may be taken as in other civil actions.

Sec. 54. [PRIORITY OF ACTION.] All actions and proceedings under this act, and all actions or proceedings to which the commission or the state of Minnesota may be parties, and in which any question arises under this act, or under or concerning any order or decision of the commission, shall be preferred over all other civil causes, except election causes, irrespective of position on the calendar.

Sec. 55. [BURDEN OF PROOF.] In all proceedings before the commission in which the modification or vacation of any order of the commission is sought, the burden of proof shall be on the person seeking such modification or vacation.

Sec. 56. [PENALTIES.] Any person who knowingly and intentionally violates any provision of this act, or who knowingly and intentionally fails, omits, or neglects to obey, observe, or comply with any lawful order, or any part or provision thereof, of the commission is subject to a penalty of not less than \$100 nor more than \$1,000 for each violation.

Sec. 57. [ACTS; OMISSION; FAILURE; CONSTRUCTION THEREOF.] In construing and enforcing the provision of this act relating to penalties, the act, omission, or failure of any officer, agent or employee of any person acting within the scope of his official duties of employment shall in every case be deemed to be also the act, omission, or failure of such person.

Sec. 58. [CONTINUING VIOLATIONS.] Every violation of the provisions of this act or of any lawful order of the commission, or any part or portion thereof by any person, is a separate and distinct offense, and in case of a continuing violation after a first conviction thereof each day's continuance thereof shall be deemed to be a separate and distinct offense.

Sec. 59. [PENALTIES CUMULATIVE.] All penalties accruing under this act shall be cumulative, and a suit for the recovery of one penalty shall not be a bar to or affect the recovery of any other penalty or forfeiture or be a bar to any criminal prosecution against any public utility or any officer, director, agent, or employee thereof or any person.

Sec. 60. [ACTIONS TO RECOVER PENALTIES.] Actions to recover penalties under this act shall be brought in the name of the state of Minnesota in the district court of Ramsey County.

Sec. 61. [COST OF EXAMINATION; ASSESSMENT OF EXPENSES; LIMITATIONS; OBJECTIONS.] Subdivision 1. Immediately after the passage and adoption of this act, the commission shall assess to all public utilities subject to the provisions of this act in proportion to their respective gross operating reve-

nues, as hereinafter defined, during the preceding calendar year, the sum of \$300,000. Such assessment shall be paid into the state treasury within 30 days after the bill has been mailed, by registered mail, to the several public utilities, which shall constitute notice of said assessment and demand of payment thereof.

Subd. 2. Whenever the commission, in a proceeding upon its own motion, on complaint, or upon an application to it, shall deem it necessary, in order to carry out the duties imposed by this act, to investigate the books, accounts, practices, and activities of, or make appraisals of the property of any public utility, or to render any engineering or accounting services to any public utility, such public utility shall pay the expenses reasonably attributable to such investigation, appraisal, or service. The commission shall ascertain such expenses, and the department shall render a bill therefor to the public utility, either at the conclusion of the investigation, appraisal, or services, or from time to time during its progress, which bill shall constitute notice of said assessment and demand of payment thereof. The amount of such bills so rendered by the department shall be paid by the public utility into the state treasury within 30 days from the date of rendition. The total amount, in any one calendar year, for which any public utility shall become liable, by reason of costs incurred by the commission within such calendar year, shall not exceed two-fifths of one percent of the gross operating revenue from retail sales of gas, or electric service by such public utility within the state in the last preceding calendar year. Where, pursuant to this subdivision, costs are incurred within any calendar year which are in excess of two-fifths of one percent of such gross operating revenues, the excess costs shall not be chargeable as part of the remainder under subdivision 3 or this section, but shall be paid out of the general appropriation to the department. In the case of public utilities offering more than one public utility service only the gross operating revenues from the public utility service in connection with which the investigation is being conducted shall be considered when determining the limitation set herein.

Subd. 3. The department shall annually, within 90 days after the close of each fiscal year, ascertain the total of its expenditures to the performance of its duties relating to public utilities under this act, and shall deduct therefrom all amounts chargeable to public utilities under subdivision 2 of this section. The remainder shall be assessed by the commission to the several public utilities in proportion to their respective gross operating revenues from retail sales of gas or electric service within the state during the last calendar year. Such assessment shall be paid into the state treasury within 30 days after the bill has been mailed to the several public utilities, which shall constitute notice of said assessment and demand of payment thereof. The total amount which may be assessed to the public utilities, under authority of this subdivision, shall not exceed one-eighth of one percent of the total gross operating revenues of such public util-

ities during such calendar year from retail sales of gas or electric service within the state.

Subd. 4. Within 30 days after the date of the mailing of any bill as provided by subdivisions 2 and 3, the public utility against which said bill has been rendered may file with the commission objections setting out the grounds upon which it is claimed the bill is excessive, erroneous, unlawful or invalid. The commission shall within 60 days hold a hearing and issue an order in accordance with its findings. Such order shall be appealable in the same manner as other final orders of the commission.

Subd. 5. A public utilities account is hereby created in the state treasury. All moneys deposited in the state treasury pursuant to the provisions of this act shall be credited to such account. All moneys in such account are hereby appropriated annually to carry out the provisions of this act. None of the moneys in such account shall cancel but at all times shall be available for purposes herein expressed.

Sec. 62. [INTEREST ON ASSESSMENTS.] The amounts assessed against any public utility not paid after 30 days after the mailing of a notice advising the public utility of the amount assessed against it, shall draw interest at the rate of six percent per annum, and upon failure to pay the same the attorney general shall proceed by action in the name of the state against such public utility to collect the amount due, together with interest and the cost of the suit.

Sec. 63. [ATTORNEY GENERAL TO REPRESENT COMMISSION.] The attorney general of the state shall, upon request of the commission, represent and appear for the commission in all actions and proceedings involving any question under this act, and shall aid in any investigation or hearing had under the provisions hereof. The attorney general shall perform such duties and services in connection with this act and the enforcement thereof as the commission may require. He shall also bring all actions to collect penalties herein provided. Nothing in this section shall prohibit the commission from employing counsel other than the attorney general to represent the public interest in any proceeding.

Sec. 64. Minnesota Statutes 1971, Section 216A.03, Subdivision 1, is amended to read:

216A.03 [COMMISSION.] Subdivision 1. Sec. 65. [DEPARTMENT TO EMPLOY NECESSARY STAFF.] The department may employ such experts, engineers, statisticians, accountants, inspectors, clerks, attorneys and employees as it deems necessary to carry out the provisions of this act.

Sec. 66. [SEVERABILITY.] If any provision of this act, or any severable provision of a section of this act, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of the act, or section thereof, and the application of such provision to persons and circumstances other than those as to which it is held invalid, shall not be affected.

Sec. 67. [CONSTRUCTION.] This act is complete in itself and other Minnesota statutes are not to be construed as applicable to the supervision or regulation of public utilities by the commission. All acts and parts of acts in conflict with this act are repealed insofar as they pertain to the regulation of public utilities as defined herein.

Sec. 68. [AUTHORITY PRIOR TO EFFECTIVE DATE OF ACT.] The commission is authorized, upon the passage and adoption of this act, and prior to its effective date, to promulgate rules and regulations as provided herein; to take the steps necessary for the setting up of proper records and forms and the department is authorized to make necessary staff and clerical appointments as provided by law, and to do all things required for the effective and orderly administration of the duties imposed upon the commission pursuant hereto.

Sec. 70. [EFFECTIVE DATE.] This act shall become effective on January 1, 1975, except that sections 35 through 43, and section 54 shall become effective upon its passage."

H. F. No. 2182, A bill for an act relating to education; prescribing tax levies; and authorizing school districts to levy to offset certain real estate tax delinquencies; amending Minnesota Statutes 1971, Section 275.125, Subdivision 3.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. Minnesota Statutes, 1973 Supplement, Section 275.125, Subdivision 3, is amended to read:

Subd. 3. In addition to the levy authorized by section 275.125, subdivision 2a, a qualifying district may levy additional amounts as follows:

(1) The amounts necessary to make payments for bonds issued and for interest thereon, including the bonds and interest thereon, issued as authorized by clause (7) (C) of this subdivision, and for repayment of debt service loans and capital loans, the amount authorized for capital expenditures pursuant to section 124.04 and the amount authorized for liabilities of dissolved districts pursuant to section 122.45.

(2) For school transportation services, an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year; provided that in 1973 and thereafter a district having boundaries coterminous with the boundaries of a city of the first class may levy an amount not to exceed 20 percent of its costs for transportation and related services for which state aid is authorized for the 1974-1975 school year and thereafter, and provided further that a district may levy under this clause for the annual cash payments to be made for the purchase of busses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation.

(3) For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), shall be allowed to levy the same amount per pupil unit allowed by that clause. Provided, however, that a district having boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 1.9 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3) but did not qualify for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4) in 1972, collectible in 1973, shall be allowed to levy the amount per pupil unit it was qualified to levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(4) In 1973 only, for a district which was authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3), but which was not authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), an amount not to exceed the aggregate amount authorized by Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(5) A district which qualified for a levy under clause (3) above shall be allowed to levy that same amount per pupil unit in 1974 reduced by two and one-half percent. The per pupil amount of the reduction shall be rounded down to the dollar. Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 1.9 mills times the adjusted assessed valuation of the district shall be allowed to levy the 1.9 mills.

(6) For districts in cities of the first class, maintaining post secondary vocational schools, one-half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.

(7) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 20, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(8) In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money raised by the greater of (A) \$1 per capita, or (B) the number of mills not to exceed the number of mills necessary in 1973 to raise \$1 per capita in 1973 for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

(9) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies.

(10) The commissioner shall certify to the county auditors any errors made in 1971 and 1972 in general and special purpose levy amounts. The county auditor is authorized to adjust the 1973 levy to correct for the errors.

*(11) Any district whose total tax receipts, including homestead credit and delinquent tax receipts for any prior year, collected by the county auditor during the preceding year are less than 95 percent of the amount of the district levy spread by the county auditor for that year as a result of delinquent real estate taxes occurring in that year may make an additional levy equal to the amount by which such net receipts are less than 95 percent of the spread levy which produced such delinquency. The county treasurer shall certify to each district authorized to make such additional levy the amount of the delinquent real estate taxes which resulted from the district levy collected during the preceding year and the same shall be submitted by any district making the additional levy to the commissioner of education and the commissioner of taxation as provided in Minnesota Statutes, Section 275.125, Subdivision 7.*

*Any district which makes the additional levy authorized by this clause shall deduct one-third of the amount of such additional levy from the levy spread by the county auditor in each of the succeeding three years.*

*Any district which makes such an additional levy is authorized to make the levy permitted by this clause in any subsequent year provided that the 95 percent factor shall apply to the amount of the district levy spread by the county auditor exclusive of additions to or deductions from spread levies authorized by this clause.*

*The additions and deductions authorized by this section shall not be adjusted by the county auditor in spreading the levy.*

Sec. 2. Minnesota Statutes, 1973 Supplement, Section 275.51, is amended by adding a subdivision to read:

*Subd. 5. Any governmental subdivision whose total tax receipts, including homestead credit and delinquent tax receipts for any prior year, collected by the county auditor during the preceding year are less than 95 percent of the amount of the governmental subdivision's levy spread by the county auditor for that year as a result of delinquent real estate taxes occurring in that year may make an additional levy equal to the amount by which such net receipts are less than 95 percent of the spread levy which produced such delinquency. The county treasurer shall certify to each governmental subdivision authorized to make such additional levy the amount of the delinquent real estate taxes which resulted from the governmental subdivision's levy collected during the preceding year and the same shall be submitted by any governmental subdivision making the additional levy to the commissioner of taxation.*

*Any governmental subdivision which makes the additional levy authorized by this clause shall deduct one-third of the amount of such additional levy from the levy spread by the county auditor in each of the succeeding three years.*

*Any governmental subdivision which makes such an additional levy is authorized to make the levy permitted by this subdivision in any subsequent year provided that the 95 percent factor shall apply to the amount of the governmental subdivision's levy spread by the county auditor.*

Sec. 3. This act is effective for taxable years commencing after December 31, 1973."

Further amend the title by striking it in its entirety and inserting in lieu thereof the following:

"A bill for an act relating to education; prescribing tax levies; and authorizing school districts to levy to offset certain real estate tax delinquencies; amending Minnesota Statutes, 1973 Supplement, Sections 275.125, Subdivision 3; and 275.51, by adding a subdivision."

## MOTIONS AND RESOLUTIONS

House Resolution No. 31 was reported to the House.

### HOUSE RESOLUTION NO. 31

A house resolution requesting the United States Secretary of the Treasury to transfer the territory within the state of Minnesota from Customs District No. 34, under the administration of the district office at the customs port of Pembina, North Dakota, to Customs District No. 36, under the administration of the district office at the customs port of Duluth, Minnesota.

*Whereas*, Customs District No. 34 includes the territory of all of the states of North Dakota and South Dakota and the Minnesota counties of Kittson, Roseau, Lake of the Woods, Marshall, Polk, Beltrami, Red Lake and Pennington, including the Minnesota customs ports of Noyes, Lancaster, Pine Creek, Roseau, Warroad and Baudette, all of which is under the administration of the district office at the customs port of Pembina, North Dakota; and

*Whereas*, the customs port of Pembina, North Dakota, which includes the headquarters administrative office for Customs District No. 34, is in direct competition with the customs port of

Noyes, Minnesota, for the traffic moving on Manitoba Highway No. 75, which extends from the Winnipeg metropolitan and Manitoba industrial areas to the United States border and which traffic may either pass through the port of Pembina, North Dakota into or out of the state of North Dakota via Interstate Highway No. 29, or may pass through the port of Noyes, Minnesota into or out of the state of Minnesota via United States Highway No. 75; and

*Whereas*, the traffic moving on Manitoba Highway No. 75 consists of people looking for fishing, hunting, skiing and other playground resorts as well as other types of tourism, and businessmen and farmers from Canada trying to buy industrial and agricultural products of all descriptions that are manufactured, grown and produced and sold in various parts of Minnesota and North Dakota, and the transportation of such products via large trucks; it is obvious that any such traffic gained by the state of North Dakota can only be a benefit to the economy of the state of North Dakota at a corresponding loss to the economy of the state of Minnesota; and

*Whereas*, under the administration of the District No. 34 Office at the customs port of Pembina, North Dakota, and as a result of North Dakota political interests, through a process extending over many years, the customs port of Noyes has been downgraded in its services and facilities and at the same time the services and facilities have been upgraded at the customs port of Pembina, and during such years little has been done to improve the services and facilities at the other Minnesota customs ports of Lancaster, Pine Creek, Roseau, Warroad and Baudette; and

*Whereas*, the district director of Customs District No. 34 at Pembina has publicly disclosed that his office has experienced many problems and difficulties in covering the vast territory comprising his district, and it is obvious that the Minnesota territory contained in his district has suffered as a result; and

*Whereas*, the District No. 36 office at the customs port of Duluth, Minnesota, is better equipped and has the disposition to effect fair and adequate administration over the said Minnesota territory, and such administration would enhance the chances of the state of Minnesota to compete fairly with the state of North Dakota for the said business in the Winnipeg Metropolitan and Manitoba industrial areas; now, therefore,

*Be It Resolved*, that the United States Secretary of the Treasury be requested to transfer the territory within the state of Minnesota comprising the counties of Kittson, Roseau, Lake of the Woods, Marshall, Polk, Red Lake and Pennington, and the customs ports of Noyes, Lancaster, Pine Creek, Roseau, Warroad and Baudette, from Customs District No. 34 under the administration of the district office at the customs port of Pembina,

North Dakota, into Customs District No. 36 under the administration of the district office at the customs port of Duluth, Minnesota.

"Section 1. Minnesota Statutes 1971, Chapter 273, is amended by adding a section to read:

[273.71] [STATEMENT OF PURPOSE.] *The laws governing the use of tax increment financing in Minnesota have evolved over a long period of time and are found in several different special and general laws. These laws are sometimes inconsistent with one another. At the present time these laws provide legal basis for the use of tax increment financing in several types of situations under different procedures.*

*This method of financing has considerable impact on the tax base of communities involved. It is the intent of the legislature, by enacting the tax increment financing act, to establish a clear set of standards and procedures to be followed when using this method of financing. It is the intent of the legislature to supersede all tax increment financing provisions of existing law, whether in general or special laws.*

Sec. 2. Minnesota Statutes 1971, Chapter 273, is amended by adding a section to read:

[273.72] *Subdivision 1. [DEFINITIONS.] For the purposes of this act the terms defined in this section shall have the meanings given them.*

*Subd. 2. [TAX INCREMENT DISTRICT.] Tax increment district is a geographic area delineated exclusively for the purpose of financing redevelopment or renewal in municipalities. Such tax increment district is an area consisting of contiguous properties as specified in a city approved tax increment financing plan including projects pursuant to the authority of Chapter 474. In such districts the original assessed value is frozen and any increase in value is captured for financing the cost of redevelopment or renewal of such properties.*

*Subd. 3. [ORIGINAL ASSESSED VALUE.] The assessed value of all taxable real property within a tax increment district as most recently determined by the county auditor at the time of approval by the city council of the tax increment financing plan.*

*Subd. 4. [REDEVELOPMENT PROJECT.] Redevelopment project is a project as defined in Minnesota Statutes, Section 462.421, Subdivision 13, or any other development district project under any general or special law which is financed by tax increment financing.*

*Subd. 5. [AUTHORITY.] Authority means a housing and redevelopment authority created or authorized to be created by Minnesota Statutes, Chapter 462; port authorities created pursuant to Chapter 458; or the governing body of a municipality in which a development district has been authorized to be created by general or special law.*

*Subd. 6. [MUNICIPALITY.] Municipality means any city, however organized.*

*Subd. 7. [GOVERNING BODY.] Governing body means the duly elected council of a city, notwithstanding any contrary definition thereof contained in Chapter 475.*

*Subd. 8. [BONDS.] Bonds means any bonds, including refunding bonds, notes, interim certificates, debentures, or other obligations issued by an authority pursuant to this act.*

*Subd. 9. [BLIGHTED AREA.] Blighted area means any area, including slum areas, with buildings or improvements which by reason of dilapidation, obsolescence, overcrowding, faulty arrangement or design, lack of ventilation, light, and sanitary facilities, excessive land coverage or deleterious land use or obsolete layout, or any combination of these or other factors, are detrimental to the safety, health, morals or welfare of the community.*

Sec. 3. Minnesota Statutes 1971, Chapter 273, is amended by adding a section to read:

[273.73] *Subdivision 1. [TAX INCREMENT FINANCING PLAN.] A tax increment financing plan shall contain a statement of objectives of an authority for improvement of a tax increment district. Such plan shall contain a complete statement as to the public facilities to be constructed within the district, the open space to be created, the environmental controls to be applied, and the proposed reuse of property. It shall contain estimates of the following: cost of the redevelopment project; sources of revenue to finance these costs including estimates of tax increments; amount of bonded indebtedness to be incurred; and the duration of the district's existence. The plan shall also contain a statement of the estimated impact of tax increment financing on the assessed values of all taxing jurisdictions in which the district is located.*

*Subd. 2. [APPLICATION, NOTICE, HEARING.] (a) Whenever an authority determines that a tax increment district should be formed, it shall apply to the governing body of the municipality in which the district is located for approval thereof. The application shall be accompanied by a tax increment financing plan. Before approving any tax increment financing plan, the governing body shall hold a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of hearing.*

*(b) Whenever tax increment financing is used for a redevelopment project which is approved under Minnesota Statutes, Section 462.521, the tax increment financing plan may accompany the renewal plan and such portions of section 2, subdivision 1 which are contained in the renewal plan need not be repeated in the tax increment financing plan.*

*Subd. 3. [FINDINGS, NOTICE, DETERMINATION; GOVERNING BODY.] The authority shall not proceed with a redevelopment project financed through tax increments unless the governing body finds by resolution that (a) tax increment financing is necessary to successfully complete the project; (b) the redevelopment plans for the tax increment district in the municipality will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the redevelopment of such areas by private enterprise; and (c) the tax increment financing plan conforms to a general plan for the development of the municipality as a whole. The governing body shall within 90 days after submission of the application, or resubmission as hereinafter provided, give written notice to the authority of its decision with respect to the tax increment financing plan. If such notice is not given within 90 days the application shall be deemed to have been approved. A plan which has not been*

approved by the governing body when submitted to it may be again submitted to it with such modifications as are necessary to meet its objections.

*Subd. 4. [LIMITATIONS ON TAX INCREMENT DISTRICTS.]* When tax increment financing is undertaken by authorities for development districts created by laws other than the municipal housing and redevelopment act, the governing body shall by formal adoption adopt one of the three following alternative restrictive options. Once the choice is made, the municipality must use the same option for all succeeding development districts.

(1) The total acreage included in any one development district shall not exceed one percent of the total acreage of the municipality. At no time shall the total current acreage within development districts for which unrecovered cost of bonds remain exceed three percent of the total acreage of the municipality.

(2) The governing body may adopt one development district which shall not exceed six acres in area. At no time shall another development district be adopted by the governing body of the municipality until all cost of bonds for the previously adopted district has been paid.

(3) In any one industrial development district created pursuant to Chapter 458 or any project undertaken pursuant to Chapter 474 the total acreage of land zoned industrial included in any one development district shall not exceed 3 percent of the total acreage of the municipality which is zoned industrial, nor at any time shall the total current acreage of the land zoned industrial within development districts for which unrecovered cost of bonds remain exceed 10 percent of the total acreage of the municipality zoned industrial.

*Subd. 5. [CONSULTATIONS WITH OTHER JURISDICTIONS.]* Before formation of a tax increment district the authority shall meet with the members of the county board of commissioners of any county in which any portion of the tax increment district is located and with the members of the school board of any school district in which any portion of the tax increment district is located. The members of the county boards of commissioners and of the school boards shall be fully informed of the fiscal and economic implications of the proposed tax increment district. The members of the county boards of commissioners and of the school boards may present their recommendations at the public hearing on the tax increment financing plan. An authority may enter into agreements with the county boards of commissioners, the school boards and the governing body of the municipality in which the district is located to share a portion of the captured assessed value of the district.

*Subd. 6. [MODIFICATION OF PLAN.] A tax increment financing plan may be modified provided such modification shall be approved by the governing body upon such notice and after such public hearings and agreements as are required for approval of the original plan.*

Sec. 4. Minnesota Statutes 1971, Chapter 273, is amended by adding a section to read:

[273.74] [COMPUTATION OF TAX INCREMENT.] *Subdivision 1. [ORIGINAL ASSESSED VALUE.] Upon or after formation of a tax increment district, the auditor of the county in which it is situated shall upon request of the authority certify the original assessed value of the real property within the boundaries of the tax increment district as described in the tax increment financing plan. Property taxable at the time of the request shall be included in the original assessed value at its most recently determined valuation. Property exempt from taxation at the time of the request shall be included at zero unless it was taxable when the tax increment financing plan was approved in which case its most recently determined assessed valuation before it became exempt shall be included. Assessed valuation which is contributed to an area-wide tax base under Minnesota Statutes, Section 473F.08 shall not be included in the original assessed value. Each year thereafter, the auditor shall certify the amount by which the assessed value has increased or decreased from the original assessed value. The auditor shall also certify the proportion which any such increase or decrease bears to the total assessed value of the real property in that district for that year.*

*Subd. 2. [CAPTURED ASSESSED VALUE.] Any amount by which the current assessed value of a tax increment district exceeds the original assessed value, other than the portion thereof to be contributed to an area-wide tax base under Minnesota Statutes, Section 473F.08, is referred to as the captured assessed value. The county auditor shall certify the amount of the captured assessed value to the authority each year thereafter.*

*(a) An authority may choose to retain any part or all of the captured assessed value for purposes of tax increment financing according to one of the three following options:*

*(1) If the plan provides that all the captured assessed value is necessary to finance the redevelopment costs the authority may retain the full captured assessed value.*

*(2) If the plan provides that only a portion of the captured assessed value is necessary to finance the redevelopment costs of the project only that portion should be set aside and the remainder shall be distributed among the affected taxing districts by the county auditor.*

(3) If a redevelopment project will result in increased cost to the municipality, school district or county, a portion of the captured assessed value may be shared with the affected jurisdiction pursuant to agreements entered into under section 3, subdivision 5.

(b) The portion of captured assessed value that an authority intends to use for purposes of tax increment financing must be clearly stated in the tax increment financing plan.

Subd. 3. [TAX INCREMENTS.] (a) In each subsequent year the county auditor shall compute assessed valuation, mill rates and tax increments according to the following method:

(1) If the authority retains the full captured assessed value the county auditor shall include no more than the original assessed value of the real property in the tax increment district for purposes of determining assessed value for local mill rates. He shall compute the mill rates of all taxes levied by the state, the county, the municipality or town, the school district and every other taxing district in which the project is located on the aforementioned assessed value. He shall extend all mill rates against the current assessed value, including the captured assessed value. In each year for which the current assessed value exceeds the original assessed value the county treasurer shall remit to the authority that proportion of all taxes paid that year on real property in the district which the captured assessed value bears to the total current assessed value. The amount so remitted each year is referred to in this section as the tax increment for that year.

(2) If the authority retains only a portion of the captured assessed value for its use and returns the remaining portion to the tax rolls of all affected taxing districts the county auditor shall include the original assessed value and that portion of the captured assessed value which is shared with all the affected taxing districts in determining the assessed value for computing mill rates. He shall compute the mill rates of all taxes levied by the state, county, municipality, school district, and every other taxing district in which the project is located on this aforementioned assessed value. He shall extend all mill rates against the total current assessed value including that portion of the captured assessed value which the authority is retaining for its use only. In each year for which the current assessed value exceeds the original assessed value the county treasurer shall remit to the authority that proportion of all taxes paid on real property in the district that the retained captured assessed value bears to the total current assessed value in the district. The amount so remitted each year is referred to as the tax increment.

(3) If the authority negotiates with the municipality, school district, or county to share the captured assessed value the county auditor shall use the original assessed value for computing mill rates in taxing districts which are not sharing the captured

assessed value. In addition to the original assessed value, he shall add that portion of the captured assessed value which is shared with the municipality, school district, or county to the original assessed value of the sharing tax district when determining the assessed value for computing mill rates in said municipality, school district or county. In each year for which this current assessed value exceeds the original assessed value, the county treasurer shall remit taxes to all taxing authorities on the basis of original assessed value. He shall remit additional tax revenues to any jurisdiction sharing the captured assessed value on the basis of that jurisdiction's mill rate times the shared captured assessed value. He shall remit to the authority the remaining tax revenues collected from the district. The amount so remitted each year is referred to as the tax increment.

(b) In any year in which the tax increment district declines or remains constant in assessed value the county auditor shall compute and extend taxes against the current value. Taxes shall be distributed from the affected property to each of the taxing authorities as determined by the current levy and there is no tax increment.

Subd. 4. [TAX INCREMENT ACCOUNT.] Tax increments received with respect to any redevelopment project shall be segregated by the authority receiving them in a special account on its official books and records. This account shall be kept until the tax increments received equal the amount pledged in accordance with subdivision 5, or until 30 years from the date of approval of the tax increment financing plan, whichever is sooner.

Subd. 5. [TAX INCREMENT FINANCING.] The authority shall expend the tax increments received for any redevelopment project only in accordance with the tax increment financing plan. Tax increments may be pledged and appropriated for the payment of the principal of and interest on bonds issued in aid of the project pursuant to Minnesota Statutes, Chapters 462 and 474; Laws 1971, Chapters 546 and 677; Laws 1973, Chapters 196, 761 and 764; and Sections 9 through 20 of this act, by the authority or by the governing body of the municipality within whose corporate limits the tax increment district is situated. Any such pledge for the payment of bonds issued by the governing body shall be made by written agreement executed on behalf of the authority and the governing body and filed with the county auditor. The estimated collections of the tax increments and any other revenues so pledged may be deducted from the taxes otherwise required to be levied before the issuance of the bonds under Minnesota Statutes, Section 475.61, Subdivision 1, or the collections thereof may be certified annually to reduce or cancel the initial tax levies in accordance with Minnesota Statutes, Section 475.61, Subdivision 3. When such an agreement is made and filed, the bonds may be issued by the governing body in the same manner and subject only to the same conditions as those provided in Minnesota Statutes, Chapter 475, for bonds financing improvement costs reimbursable from special assessments.

*Subd. 6. [LIMITATION ON USE OF TAX INCREMENTS.] Revenues derived from tax increments shall be used only to pay off capital costs and administrative expenses authorized by the existing general or special law under which the authority was created. These revenues shall not be used to circumvent existing levy limit laws.*

*Subd. 7. [ANNUAL DISCLOSURE.] On or before July 1, of each year, the authority shall submit to the governing body of the municipality, the county board and the school board a report on the status of the account. The report shall include the following information: the amount and source of revenue in the account, the amount and purpose of expenditures from the account, the amount of principal and interest on any outstanding bonded indebtedness, the original assessed value of the district, the captured assessed value retained by the authority, the captured assessed value shared with other taxing districts, the tax increments received and any additional information necessary to demonstrate compliance with the tax increment financing plan. An annual statement showing the tax increments received and expended in that year, the original assessed value, captured assessed value, amount of outstanding bonded indebtedness, and any additional information the authority deems necessary shall be published in a newspaper of general circulation in the municipality.*

Sec. 5. Minnesota Statutes 1971, Chapter 273, is amended by adding a section to read:

[273.75] [EXISTING PROJECTS.] *This law does not affect any project using tax increment financing which was approved by a city council under Minnesota Statutes, Sections 462.545, 462.585, and 474.10; Laws 1971, Chapters 548 and 677; and Laws 1973, Chapters 196, 761, or 764 prior to its enactment. Provided, however, the tax increment financing provisions of any general or special laws are hereby specifically superseded, except as to those projects which have been approved as of the effective date of this act.*

[273.76] [CITATION.] *Sections 1 to 6 may be cited as the tax increment financing act.*

Sec. 7. Minnesota Statutes 1971, Section 462.585, Subdivision 1, is amended to read:

462.585 [AGREEMENTS RESPECTING TAX INCREMENTS AND EQUIVALENTS; PLEDGE FOR BONDS.] Subdivision 1. [GENERAL.] In connection with any project of an authority located wholly or partly within the corporate

limits of any municipality or other state public body, such body may agree with the authority with respect to the payment by the authority of such sums in lieu of taxes for any year or period of years in accordance with the provisions of section 462.575, but for no longer period than the period of tax exemption provided for under that section. In any case where property owned by the authority in a redevelopment project area is leased or otherwise made available by the authority to a private individual, firm, or corporation which previously owned the same or other property within the area, not for development in connection with the project but for temporary use pending relocation of such former owner's residence or business, the authority may agree to payment of sums in lieu of taxes for any year or period of such temporary use, not exceeding the amount of the annual rentals or other payments it receives for such use, but during such use the property and the authority shall be exempt from all taxes and special assessments as provided in section 462.575, and the provisions of section 272.01, subdivision 2 and of section 273.19 shall not apply to such property or to such use thereof. In connection with any redevelopment project, an authority may make further agreements respecting taxes as provided (BELOW) in sections 1 to 6 and 462.585, subd. 4.

**Sec. 9. [DEVELOPMENT PROGRAM; PURPOSE.]** *In a mature municipality, it is found that there is a need for new development in areas of the municipality which are already built up. This new development is crucial in providing employment opportunities in municipalities, in improving the tax base and in improving the general economy for the state. Under this act, municipalities would be authorized to develop a program for improving a district of the municipality in such ways as providing impetus for commercial development, providing increased employment, protecting pedestrians from vehicle traffic and inclement weather, providing the necessary linkage between peripheral parking facilities and places of employment and shopping; providing off-street parking to serve the shoppers and employees of the district; providing open space relief within the district; and providing such other facilities as are outlined in the development program adopted by the governing body. It is hereby declared by the legislature of the state of Minnesota that the actions required to assist the implementation of such development programs are a public purpose and that the execution and financing of such programs are a public purpose.*

**Sec. 10. [DEFINITIONS.]** *Subdivision 1. For the purposes of sections 9 through 18, the terms defined in this section shall have the meanings given them unless otherwise provided or indicated by the context.*

*Subd. 2. "Municipality" means any city, however organized.*

*Subd. 3. A "development district" is a specific area within the corporate limits of any municipality which has been designated by the governing body as a development district. Each dis-*

The area of such district shall not be enlarged after three years following the date of designation of such district.

Subd. 4. A "development program" is a statement of objectives of the municipality for improvement of a development district. Such development program shall contain a complete statement as to the public facilities to be constructed within the district, the open space to be created, the environmental controls to be applied, the proposed reuse of private property, and the proposed operations of the district after the capital improvements within the district have been completed.

Subd. 5. "Pedestrian skyway system" means any system of providing for pedestrian traffic circulation, mechanical or otherwise, elevated aboveground, within and without the public right of way, and through or above private property and buildings, and includes overpasses, bridges, passageways, walkways, concourses, hallways, corridors, arcades, courts, plazas, malls, elevators, escalators, heated canopies and accesses and all fixture, furniture, signs, equipment, facilities, services, and appurtenances which in the judgment of the municipal council of the municipality will enhance the movement, safety, security, convenience and enjoyment of pedestrians and benefit the municipality and adjoining properties. The use of a public street or public right of way for pedestrian travel only constitutes a public use and shall not require a vacation of the street or right of way.

Subd. 6. "Special lighting systems" means lights or light displays of any type located within or without the public right of way.

Subd. 7. "Parking structure" shall mean any building the principal use of which is designed for and intended for parking of motor vehicles. Open air parking on parking lots shall also be construed as parking structures for the purpose of this act.

Subd. 8. "Maintenance and operation" shall include all activities necessary to maintain facilities after they have been developed and all activities necessary to operate the facilities including but not limited to informational and educational programs, and safety and surveillance activities.

Sec. 11. [AUTHORITY GRANTED.] A municipality may after recommendation from its planning agency or planning department and after public hearings, notice of which shall have been published in the official newspaper of the municipality, or if the municipality has no official newspaper, in a newspaper of general distribution, adopt development districts within the boundaries of the municipality. Within said districts the municipality may adopt a development program consistent with which

*the municipality may acquire, construct, reconstruct, improve, alter, extend, operate, maintain, and promote developments aimed at improving the physical facilities, quality of life and quality of transportation. The municipality may acquire land or easements through negotiation or through powers of eminent domain. In all acquisitions the acquiring authority shall provide as a cost of acquisition the relocation assistance, services, payments and benefits required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 84 Statutes 1834, (1971) 42 United States Code, Section 4601, et seq. The municipal council may adopt ordinances regulating traffic in pedestrian skyway systems, public parking structures, and other facilities constructed within the development district. The municipal council may pass ordinances regulating access to pedestrian skyway systems and the conditions under which such access is allowed.*

*Traffic regulations may include but shall not be limited to direction and speed of traffic, policing of pedestrianways, hours that pedestrianways are open to the public, kinds of service activities that will be allowed in arcades, parks and plazas, fares to be charged on the people movers, and rates to be charged in the parking structures. The municipality shall have the power to require private developers to construct buildings so as to accommodate and support such pedestrian systems which are part of the program for the development district. When the municipality requires the developer to construct columns, beams or girders with greater strength than required for normal building purposes, the municipality shall reimburse the developer for the added expense. The municipality shall have the authority to install special lighting systems, special street signs and street furniture, special landscaping of streets and public property. The municipality shall have the authority to install special snow removal systems. The municipality shall have the power to acquire property for the district. The municipality shall have the power to lease air rights over public buildings and to spend public funds for constructing the foundations and columns in the public buildings strong enough to support the buildings to be constructed on air rights. The municipality shall have the authority to lease all or portions of basement, ground and second floors of the public buildings constructed in the district. The municipality shall have the authority to negotiate the sale or lease of property for private development if such development is consistent with the development program for the district.*

**Sec. 12. [TAX STATUS.]** *The pedestrian skyway system, underground pedestrian concourse, the people mover system, and public parking structures are all declared to be public property to be used for essential public and governmental purposes and such property shall be exempt from all taxes and special assessments of city, village, borough, county, state, or any political subdivision thereof. Taxes do not include charges for utilities and special services such as heat, water, electricity, gas, sewage disposal, or garbage removal.*

Sec. 13. [GRANTS.] *A municipality may accept grants or other financial assistance from the government of the United States or any other entity to do studies, construct and operate the pedestrian skyway system, underground pedestrian concourses, people mover systems, and other public improvements authorized under this act.*

Sec. 14. [ISSUANCE OF BONDS.] *The governing body of the municipality, as defined in Section 2 of this act, may authorize, issue and sell bonds, which shall mature within 30 years, to finance the acquisition and betterment of real and personal property needed to carry out the development program within the development district together with all relocation costs incidental thereto in accordance with Minnesota Statutes, Sections 475.51, 475.53, 475.54, 475.55, 475.56, 475.60, 475.61, 475.62, 475.63, 475.65, 475.66, 475.69, 475.70, 475.71. All tax increments received by the municipality pursuant to section 15 shall be pledged for the payment of such bonds and used to reduce or cancel the taxes otherwise required to be extended for that purpose, and the bonds shall not be included when computing the municipality's net debt.*

Sec. 15. [TAX INCREMENTS TO PAY CAPITAL IMPROVEMENT COSTS.] *The capital improvement costs of development districts shall be paid through tax increment financing in the manner provided by sections 1 through 8 of this act.*

Sec. 16. [MAINTENANCE AND OPERATION.] *Maintenance and operation of the pedestrian systems, special lighting systems, parking structures, and other public improvements constructed under provisions of this act shall be under the supervision of the administrator as designated in section 17 of this act. The cost of maintenance and operation of the nonrevenue facilities together with the excess costs of operation and maintenance of revenue producing facilities, if any, shall be charged against the development district in which it is located. The amount of assessment against each property within the district shall be in proportion to the benefit to the several properties within the district. By July 1 of each year the administrator of the development district shall submit to the governing body of the municipality the maintenance and operating budget for the following year, and the prorata share of the budget to be charged to each property in the district. The governing body of the municipality shall certify such assessments to the county auditor for collection.*

Sec. 17. [ADMINISTRATION.] *The governing body of a municipality shall create a department or designate an existing department or office to administer all districts authorized under the act. (i) *Apply for grants from the United States of America;*

(j) *Apply for grants from other sources.*

Sec. 18. [ADVISORY BOARD.] *The governing body of the municipality shall create in each development district an appointed or an elected advisory board consisting of not less than five nor more than nine persons. At least a majority of the members shall be owners or occupants of property located in the development district which they serve. Such an advisory board shall advise the governing body of the municipality and the administrator on the construction and implementation of the development program and maintenance and operation of the district after the development program has been completed.*

Upon or after the creation of an industrial development district under section 458.191, the auditor of the county in which it is situated shall upon request of the port authority certify the then most recently determined assessed valuation of all or so much of the taxable real property within the district as is identified by legal description in the request, and shall certify to the authority in each year thereafter the amounts and percentages of subsequent increases or decreases in such valuation, the auditor shall compute the mill rates of taxes against such original valuation but shall extend such rates also against any incremental value and remit the resulting tax increment to the port authority in the same manner as that provided for the computation and remittance of tax increments under section 462.585, subdivisions 2 and 3. The port authority shall segregate tax increments received with respect to any such property district in a special account on its official books and records. Such tax increments shall be remitted to the port authority until the cost of re-development of the marginal land within the district, including interest thereon, has been fully reimbursed from the tax increments. When such full reimbursement has been made, it shall be reported by the port authority to the county auditor, who shall thereafter include the entire assessed valuation of the property in the assessed valuations upon which tax mill rates are computed and extended and taxes are remitted to all taxing districts. Any part or all of such tax increments, if so directed by the city council, shall be pledged and appropriated for the payment of any general obligation bonds of the port authority.*

Subd. 3. The board of county commissioners shall upon the effective date of this act and thereafter annually set up in their budget an item designated as the mandatory state supplement fund and levy taxes and fix a rate therefor sufficient to produce the full amount of such item, in addition to all other tax levies and tax rates, however fixed or determined, sufficient to carry out the provisions hereof and sufficient to pay in full the county share of assistance and administrative expenses for the ensuing year; and annually on or before October 10, shall certify the same to the county auditor to be entered by him on the tax rolls.

Subd. 4. Notwithstanding any provision of law to the contrary, the board of county commissioners may at any time after the effective date of this act transfer surplus funds to the general revenue fund of the county or to the mandatory state supplement fund, and may immediately levy taxes and issue certificates of indebtedness in anticipation of collection of said taxes, for the purpose of providing money necessary to pay mandatory state supplement benefits as required by this act during the current calendar year.

Subd. 5. Upon the order of the local agency, the county auditor shall draw his warrant on the proper fund in accordance with the order and the county treasurer shall pay out the amounts ordered to be paid out as mandatory state supplements.

Sec. 5. [RULES AND REGULATIONS.] The commissioner of public welfare shall make such rules and regulations, and shall enter such contracts and agreements, as shall be necessary to carry out the provisions of this act.

Sec. 6. [MINNESOTA SUPPLEMENTARY ASSISTANCE.] The purpose of this act is to provide supplemental financial assistance to those individuals who were not receiving old age assistance, aid to the blind, or aid to the disabled during the month of December, 1973, and therefor could not be included in the conversion of these programs on January 1, 1974, into the program titled supplementary security income for the aged, blind and disabled, but who have since that date become recipients under said program, or who would but for excess income be recipients under said program, and who meet eligibility standards set forth in this act, and whose income is insufficient to meet all of their maintenance needs as determined by application of the standards of assistance which were in effect during December, 1973, for old age assistance, aid to the blind and aid to the disabled.

Sec. 7. [QUALIFICATIONS.] Subdivision 1. Any individual residing in this state who is a recipient of supplemental security income or who, except for excess income, would be a recipient of supplemental security income and who complies with the provisions of this act shall be eligible for Minnesota supplementary assistance. Temporary absences from the state may be allowed a recipient in accordance with the regulations established by the department.

Subd. 2. No Minnesota supplementary assistance shall be paid to a person:

(h) If the person or his spouse has, within three years immediately prior to applying for Minnesota supplementary assistance, transferred real or personal property for the purpose of qualifying for public assistance. Persons making such transfers shall be presumed to have done so in order to become or remain eligible for Minnesota supplementary assistance or to have deprived himself or his spouse of a resource that might otherwise have been used to meet his or their current needs. Such persons shall have the burden of overcoming such presumption to the satisfaction of the local agency.

Sec. 8. [PAYMENTS.] The department shall establish the manner and amount of Minnesota supplementary assistance to

be granted in accordance with the standards for shelter, food, clothing, personal needs, household supplies, utilities and recurring and nonrecurring special needs as were in effect for old age assistance, aid to the blind and aid to the disabled in December, 1973. In computing the Minnesota supplementary assistance grant there shall be deducted from the gross amount of the recipient's needs as thus determined all income which the individual is receiving. Minnesota supplementary assistance grants shall be reviewed and recomputed by the local agencies as frequently as may be required by the department.

Sec. 9. [LOCAL AGENCIES; DUTIES.] Subdivision 1. The local agencies shall administer the Minnesota supplementary assistance program in their respective counties under the supervision of the department, and shall make such reports, prepare such statistics, and keep such records and accounts in relation to this program as the department may require.

Subd. 2. Each Minnesota supplementary assistance grant shall be issued monthly by the local agency of the county in which the recipient was residing when he filed his effective application under this act. An application ceases to be effective when a recipient becomes ineligible for Minnesota supplementary assistance for any reason other than excess income.

Subd. 3. The cost of Minnesota supplementary assistance shall be shared on an equal basis by the state and local agencies.

Subd. 4. The board of county commissioners shall upon the effective date of this act and thereafter annually set up in its budget an item designated as the Minnesota supplementary assistance fund, and levy taxes and fix a rate therefor sufficient to produce the full amount of such item, in addition to all other tax levies and tax rate, however fixed or determined, sufficient to carry out the provisions hereof and sufficient to pay in full the county share of assistance and administrative expenses for the ensuing year; and annually on or before October 10, shall certify the same to the county auditor to be entered by him on the tax rolls.

Subd. 5. Notwithstanding any provision to the contrary, the county board of commissioners may at any time following the effective date of this act transfer surplus funds to the general fund or to the Minnesota supplementary assistance fund, and it may immediately levy taxes and issue certificates of indebtedness in anticipation of collection of said taxes, for the purpose of providing money necessary to pay Minnesota supplementary assistance benefits as required by this act during the calendar year 1974.

Subd. 6. Upon the order of the local agency, the county auditor shall draw his warrant on the proper fund in accordance with the order and the county treasurer shall pay out the amounts ordered to be paid out as Minnesota supplementary assistance.

The department shall audit such claims and certify to the department of finance the amounts due the respective counties without delay. As between the state and counties, the county agencies shall be solely responsible for erroneous payments of Minnesota supplemental assistance.

Sec. 10. [ADMINISTRATIVE AND JUDICIAL REVIEW.]  
Subdivision 1. The aggrieved applicant or recipient shall file with the local agency a notice of appeal within 30 days of the mailing of the order or determination of the local agency.

Subd. 2. Upon receipt the local agency shall immediately forward the notice of appeal to the department. The department shall provide the applicant or recipient with the opportunity for a hearing before the commissioner or her designee. The local agency shall be a party to the proceeding before the commissioner. After the hearing, the department shall render a decision in writing making findings of fact and conclusions of law. All decisions of the department shall be binding upon the county involved and upon the applicant or recipient and shall be complied with by the local agency unless modified or reversed on appeal as hereinafter provided.

Subd. 3. Any applicant or recipient or local agency aggrieved by the decision of the department may, within 30 days after notice of such decision is mailed, appeal from the decision of the department to the district court of the county in which the application was filed by serving a written notice of such appeal upon the department and all other parties involved and by filing the original of such notice together with proof of service with the clerk of the district court of the county. No filing fee or other fees normally charged by the clerk of district court upon the filing of a case shall be required.

Subd. 4. A summary of the issues involved, a copy of all supporting papers and a copy of the decision of the department shall be filed with the court. The court shall summarily, upon ten days' written notice, try and determine the appeal upon the record of the department as certified by the commissioner, and in the determination shall be limited to the issue of whether the order of the department is fraudulent, arbitrary or unreasonable. No new or additional evidence shall be taken on such appeal or introduced by any party to such hearing or appeal in a district court unless such new or additional evidence in the sound discretion of the court is necessary to a more equitable disposition of the appeal.

Subd. 5. Any party aggrieved by the determination of the district court may appeal to the supreme court in like manner as appeals are taken in civil actions. During the pendency of any appeal to the district court, if the department has awarded Minnesota supplementary assistance, it shall be paid pending the determination of the appeal. The determination of the district court shall remain in effect during the pendency of any appeal to the supreme court.

Sec. 11. [PROVISIONS FOR RECALCULATIONS OF SUPPLEMENTAL AID IN CASES OF CHANGED CIRCUMSTANCES.] An individual who is eligible for supplemental aid under this act may, if his or her circumstances change substantially after January 1, 1974, have the amount of his or her supplemental aid recalculated by the county welfare board in accordance with the standards for shelter, food, clothing, personal needs, household supplies, utilities, and recurring and nonrecurring special needs in effect in this act. Any adjustments in the individual's supplemental aid which results from a recalculation shall be administered pursuant to the provisions of this act.

Sec. 12. [RULES AND REGULATIONS.] The department may promulgate such rules and regulations as are necessary to carry out the intent and purpose of this act.

Sec. 13. This act shall be effective retroactive to January 1, 1974."

(f) The commissioner, in accordance with such regulations as he may prescribe, shall notify each nonprofit organization of any determination which he may make of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Such determinations shall be final unless reviewed in accordance with the provisions of section 268.12, subdivision 13.

Page 11, following line 5, insert:

"Sec. 10. Minnesota Statutes, 1973 Supplement, Section 69.77, Subdivision 2, is amended to read:

Subd. 2. Subdivision 1 does not apply to an association described in subdivision 1 under the following circumstances:

(1) Each member of the association pays into the retirement funds of the association during his term of covered employment from and after January 1, 1970, a contribution for retirement and survivorship benefits of not less than six percent of the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined, and that such contributions of a member are deducted from his salary by his governmental employer, transmitted to the association, and deposited to the credit of the proper fund thereof, provided that to avoid undue increase in the amount of employee contributions in any one year, any increase in the amount of contributions required by this section may be spread over several years, but the increase in rate of contribution in each year commencing in 1970 shall not be less than one percent until the appropriate levels of required employee contributions have been reached. This paragraph shall not apply to members who are volunteer firemen, provided that the local governing body shall have given their approval to the exemption following consideration of the most recent actuarial survey.

(2) The officers of the association determine on or before September 1 of each year commencing in 1970 the financial requirements and minimum obligation of the association for the following calendar year in accordance with the following requirements:

Until a later actuarial survey is prepared in accordance with sections 69.71 to 69.76, the association shall determine its finan-

cial requirements by basing the same on the actuarial survey prepared as of December 31, 1967, copies of which are on file with the legislative retirement study commission, the chief clerk of the house of representatives, and the secretary of the senate; thereafter the financial requirements are determined by the most recent actuarial survey prepared in accordance with sections 69.71 to 69.76.

The normal level cost expressed as a percent of covered payroll determined from the actuarial survey shall be applied to the estimated covered payroll of the membership for the following year to determine the dollar amount of normal cost for said following year.

To the dollar amount of normal cost thus determined shall be added the amount of one year's interest at five percent on the amount of the (deficit) unfunded liability found by the actuarial survey of the fund.

The total of these two amounts represents the financial requirements of the association for the following year.

Except as otherwise provided in this paragraph, the minimum obligation of the governmental subdivision shall be the financial requirements of the association less member contributions herein provided from covered salary and less one year's estimated receipts expected from the state of Minnesota through state collected insurance premium taxes or other state aids. The minimum obligation may, by vote of the governing body of the governmental subdivision, be reduced to the amount levied in the preceding year for purposes of the association, plus the following percentage of the difference between that levy and the amount of the minimum obligation determined without benefit of this sentence: for the levy made in 1971, 10 percent; in 1972, 20 percent; in 1973, 30 percent; in 1974, 40 percent; in 1975, 50 percent; in 1976, 60 percent; in 1977, 70 percent; in 1978, 80 percent; and in 1979, 90 percent. Commencing with the levy made in 1980, there shall be no reduction in the minimum obligation pursuant to this paragraph.

(3) The foregoing determination of the obligation of a governmental subdivision shall be submitted to its governing body not later than September 1 of each year so that it may ascertain if it has been prepared in accordance with law.

(4) The governmental subdivision shall provide and pay as promptly as funds are available to the association at least the amount of the minimum obligation each year. Any portion of this amount not paid to the association at the end of any calendar year shall be increased at the rate of six percent per annum until so paid. On September 1 of any year the unpaid amount subject to interest shall be added to the obligation of the governmental subdivision.

(5) The governmental subdivision shall provide in its annual budget at least its minimum obligation and may levy taxes for the payment thereof without limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of any fund of the association has attained a specified level; the levy of such taxes shall not cause the amount of other taxes levied or to be levied by the governmental subdivision, which are subject to any such limitation, to be reduced in any amount whatsoever. If the governmental subdivision does not include the full amount of the minimum obligation in its levy for any year, the association may certify that amount to the county auditor, who shall spread a levy in the amount of such obligation.

(6) Moneys paid by the governmental subdivision to the association in excess of the minimum amount so required shall be applied to the reduction in the unfunded liabilities of the association.

(7) The funds of the association shall be invested in securities which are proper investments for funds of the Minnesota state retirement system, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size that the three percent stock limitation applicable to the Minnesota state retirement system would necessitate a lesser investment. Securities held by the association before July 1, 1971, which do not meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on the date of enactment of this section. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section 11.21, provided that there be no limit to the amount which may be invested in the income share account described in section 11.18, subdivision 2, *or in the fixed-return account described in section 4 of this act*, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement fund may be invested in the growth share account described in section 11.18, subdivision 3.

(8) The association shall procure an actuarial survey showing the condition of its fund as of December 31, 1970, and not less frequently than each four years thereafter. Such survey shall be filed with the chief clerk of the house of representatives, the secretary of the senate, the governing body of the municipality in which the association is organized, and the secretary of any legislative committee or commission duly created and having within its jurisdiction the study of pension plans and pension funds, not later than June 1 of the following year in the manner described in sections 69.71 to 69.76.

Sec. 11. Minnesota Statutes, 1973 Supplement, Section 69.775, is amended to read:

69.775 [INVESTMENTS.] The special fund assets of the relief associations governed by sections 69.771 to 69.776 shall be invested in securities which are proper investments for funds of the Minnesota state retirement system, except that up to five percent of the special fund assets, or a minimum of \$10,000, may be invested in the stock of any one corporation. Securities held by the associations before January 1, 1972, which do not meet the requirements of this section may be retained after that date if they were proper investments for the association on May 14, 1971. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section 11.21, provided that there be no limit to the amount which may be invested in the income share account described in section 11.18, subdivision 2, or in the fixed-return account described in section 4 of this act, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement fund may be invested in the growth share account described in section 11.18, subdivision 3.

Sec. 12. Minnesota Statutes, 1973 Supplement, Section 352D.03, is amended to read:

352D.03 [TRANSFER OF ASSETS.] A sum of money representing the assets credited to each employee exercising the option contained in section 352D.02, plus an equal employer contribution together with interest for the employment period at the actuarially assumed rates during this period, compounded annually, shall be used for the purchase of shares on behalf of each employee in the (TWO) accounts of the supplemental retirement fund established by section 11.18. Any employer's contribution to amortize the deficit in the state employee's retirement fund shall not, however, be used for the purchase of shares.

Sec. 13. Minnesota Statutes, 1973 Supplement, Section 352D.04, Subdivision 1, is amended to read:

352D.04 [INVESTMENT OPTIONS.] Subdivision 1. An employee exercising his option to participate in the retirement program provided by this chapter may elect to purchase shares in (EITHER THE INCOME SHARE ACCOUNT) one or a combination of the income share account (AND), the growth share account or the fixed-return account of the supplemental retirement fund in accordance with one of the following options:

- (1) 100 percent invested in the income share account;
- (2) 75 percent invested in the income share account and 25 percent invested in the growth share account; (OR)
- (3) 50 percent invested in the income share account and 50 percent invested in the growth share account (.);

(4) 100 percent invested in the fixed-return account; or

(5) 75 percent invested in the fixed-return account and 25 percent invested in the growth share account.

Prior to July 1 of each year, each participant may indicate in writing on forms provided by the Minnesota state retirement system his choice of options for subsequent purchases of shares. For that year and thereafter until a different written indication is made by such participant the executive director shall purchase shares in the supplemental fund as selected by the participant. If no initial option is chosen, 100 percent income shares shall be purchased for a participant."

Delete everything after the enacting clause and insert in lieu thereof:

"Section 1. This act may be cited as "The Minnesota Fair Pupil Fee Law.".

Sec. 2. [GENERAL POLICY.] A public school pupil shall not be denied an education because of economic inability to furnish educational books and supplies necessary to complete educational requirements necessary for graduation. Any practice leading to suspension, coercion, exclusion, withholding of grades or diplomas, or discriminatory action based upon nonpayment of fees denies pupils of their right to equal protection and entitled privileges. On the other hand it is recognized that school boards do have the right to accept voluntary contributions and to make certain charges and to establish fees in areas considered extra, non-curricular or supplementary to the basic minimum requirements for the successful completion of a class or educational program. No public school board may require, therefore, the payment of fees relating to participation in the minimum requirements of any instructional program.

Sec. 3. [AUTHORIZED FEES.] Subdivision 1. A school board is authorized to require payment of fees in the following areas:

(a) In any program where the resultant product, in excess of minimum requirements and at the pupil's option, becomes the personal property of the pupil;

(b) Admission fees or charges for extra curricular activities, where attendance is optional, or products;

(c) A security deposit for the return of materials, supplies, or equipment;

(d) Personal physical education and athletic equipment and apparel, although any pupil may provide his own provided it meets reasonable requirements and standards relating to health and safety established by the school board;

(e) Items of personal use such as pencils, pens, erasers, notebooks, rulers, protractors, class rings, annuals, and graduation announcements;

(f) Fees for courses established specifically by any other statute;

(g) Items sold in the operation of any school store;

(h) Field trips considered supplementary to a district educational program;

(i) Any authorized voluntary student health and accident benefit plan;

(j) Rental of music instruments which fee shall not exceed rental cost to the district or the annual depreciation and maintenance cost.

Subd. 2. A school board may waive any such deposit or fee if any pupil or his parent or guardian is unable to pay it.

Sec. 4. [PROHIBITED FEES.] Subdivision 1. A school board is not authorized to charge fees in the following areas:

(a) Textbooks, work books, art paper, laboratory supplies, towels;

(b) Supplies required for the minimal educational program of the course, including but not limited to, home economics and industrial arts;

(c) Field trips which are required as a part of a basic education program or course;

(d) Graduation caps, gowns, any other uniform required for any educational program, and diplomas;

(e) Instructional costs for necessary school personnel employed in any required course or educational program;

(f) Library books required to be utilized in any educational course or program;

(g) Admission fees, dues, or fees for any activity the pupil is required to attend;

(h) Any admission or examination cost for any required educational course;

(i) Locker rentals.

Subd. 2. No pupil's rights or privileges, including the receipt of grades or diplomas may be denied or abridged for non-payment of fees; but this provision shall not prohibit a school district from maintaining any action provided by law for the collection of such fees authorized by section 3.

Sec. 5. The areas enumerated in sections 3 and 4 shall be construed as examples of authorized or prohibited fees. The state board pursuant to the administrative procedures act, Minnesota Statutes, Sections 15.0411 to 15.0426, and consistent with the general policy of section 2 shall have the power to specify additional examples of such fees and to adopt rules for the implementation of this act.

Sec. 6. [EFFECTIVE DATE.] This act shall be effective on July 1, 1975."

Mr. Munger from the Committee on Environmental Preservation and Natural Resources to which was referred:

H. F. No. 2797, A bill for an act relating to energy conservation; providing for regulations to reduce wasteful and inefficient energy use; providing for energy conservation, education, and technical assistance; providing penalties.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

“Section 1. [POLICY, FINDINGS.] The legislature seeks to encourage thrift in the use of energy and maximize the use of energy efficient systems in order to reduce the rapid rate of growth in energy demand. If presently projected energy demand occurs in the future, there will be insufficient energy resources to meet demand and the facilities needed for such energy production will cause severe degradation of the environment. The legislature finds that uniform statewide regulations to conserve energy can significantly reduce energy demand and are necessary to assure an adequate, reliable supply of energy in the future, consistent with environmental protection.

Sec. 2. [CITATION.] This act may be cited as the Minnesota energy conservation act of 1974.

Sec. 3. [DEFINITION.] Subdivision 1. For the purposes of this act, the following terms shall have the meanings here given them.

Subd. 2. “Commissioner” means the commissioner of energy.

Subd. 3. “Building” means any enclosed physical structure erected in the state which is subject to the state building code or funded in whole or in part by a state appropriation, including, but not limited to, houses, apartment buildings, factories, office buildings, stores, shopping centers, stadiums, sports arenas and warehouses.

Subd. 4. “Electric facility” means any electric generating equipment or facility and any electric transmission line.

Subd. 5. “Person” means an individual, partnership, joint venture, private or public corporation, association, firm, public service company, cooperative, political subdivision, municipal corporation, government agency, public utility district, or any other entity, public or private, however organized.

Subd. 6. Construction shall be deemed to have started or commenced as a result of significant physical alteration of a site but not including activities incident to preliminary engineering or environmental studies.

Sec. 4. [BUILDING DESIGN, CONSTRUCTION, OPERATION AND MAINTENANCE STANDARDS.] Subdivision 1. After consideration of standards developed pursuant to the state building code and in consultation with the commissioner, the commissioner of administration pursuant to Minnesota Statutes, Chapter 15, shall promulgate building design, construction, maintenance and operation standards to insure the efficient use

of energy consistent with protecting the public health, safety and welfare as follows:

(a) by April 1, 1975, specific design and construction standards regarding such areas as heat loss control, illumination and climate control for new buildings. The standards shall become part of the state building code and be effective six months after promulgation.

(b) by September 1, 1975, specific required modifications for various types or classes of existing buildings in such areas as heat loss control, illumination and climate control. The standards shall be economically and technically feasible and shall become part of the state building code. The commissioner shall also promulgate on September 1, 1975, reasonable deadline dates for various types and classes of existing buildings to come into compliance with the standards.

(c) by September 1, 1975, specific operation and maintenance standards and procedures for various types and classes of new and existing buildings. The standards shall be effective on the date of promulgation.

(d) by January 1, 1977, standards of energy use allocations based on building area, occupancy or other unit standards of measurement for various types and classes of new buildings. The standards shall become part of the state building code and be effective six months after promulgation.

Subd. 2. After the date specified in this act or in the regulations promulgated hereunder, no construction on a building may commence and no building permit may be granted unless the building will comply with regulations promulgated pursuant to this act.

After the effective date of the standards of energy use allocation established by subdivision 1, clause (d), the standards shall supersede the specific design and construction standards established by subdivision 1, clause (a) except that if the commissioner makes an affirmative determination that such an energy use allocation is not feasible and cannot be established for a type or class of buildings, specific design and construction standards shall continue to be applicable to such buildings. Prior to the issuance of a building permit or the commencement of construction of any building whose construction is regulated hereunder, the building architect, engineer, or owner shall file a certificate of compliance with the regulations pursuant to this act with the commissioner. The certificate shall provide such information in a form and manner as specified by the commissioner.

Sec. 5. [STREET AND HIGHWAY LIGHTING.] After consultation with the commissioner of highways and the commissioner of public safety, the commissioner shall, pursuant to

chapter 15, promulgate regulations establishing maximum energy use standards for street, highway and parking lot lighting. Such standards shall be consistent with overall protection of the public health, safety and welfare. No new highway, street or parking lot lighting shall be installed in violation of these regulations and existing lighting levels shall be reduced to these levels as soon as feasible and practical consistent with overall energy conservation.

Sec. 6. [ENERGY GENERATION EFFICIENCY.] The commissioner shall, pursuant to chapter 15, promulgate minimum standards of efficiency for operation of any new electric facility at a particular site which are technically and economically feasible. No new electric facility shall be constructed, where construction starts after January 1, 1977, unless these standards are met.

In no event shall these regulations prevent the use of an advertising device, as defined in Minnesota Statutes, Section 173.02, utilizing electricity on a particular business premise during hours after sunset or before sunrise when the business is in operation; however, the commissioner may establish maximum energy use allocations for outdoor advertising based on the size and type of business.

Sec. 9. [NATURAL GAS LIGHTING.] After the effective date of this act, no person shall knowingly sell or use natural gas for decorative outdoor illumination. Each day of such sale or use shall constitute a separate offense.

Sec. 10. [STATE AND LOCAL PURCHASING.] Subdivision 1. The commissioner, in conjunction with the commissioner of administration, shall conduct a study of all state purchasing of supplies, automobiles and other equipment and all use of materials in order to determine the potential for energy conservation.

Subd. 2. The commissioner may promulgate regulations to insure energy use and conservation will be considered in all state purchasing and, where appropriate, to require certain minimum energy efficiency standards in purchased products and equipment. No state purchasing of equipment or material use shall occur that is not in conformity with these regulations.

Subd. 3. This association shall create, maintain, and administer a firemen's pension fund for the benefit of its members, their widows, and their children.

Subd. 2. The association shall be organized, operated and maintained in accordance with its own articles of incorporation and bylaws, by firemen who are members of the fire department.

Subd. 3. The general management of the association shall be vested in a board of trustees, which shall be composed of the following persons: six trustees elected annually from their members and the mayor, city clerk and the chief of the fire department, who shall serve as ex officio members.

Sec. 3. [MEMBERSHIP.] Subdivision 1. Every fireman shall be eligible to apply for membership in the relief association within the time and in the manner set forth in the bylaws of the association.

Subd. 2. The association shall have the right to exclude all applicants for membership who are not physically and mentally sound, so as to prevent unwarranted risks for the association; and additional requirements for the entrance fees and annual dues for membership in the association as may from time to time be prescribed in the bylaws of the association.

Subd. 3. Any active member who is granted a leave of absence, shall cease to be an active member as of the effective date of leave and thereafter shall not be entitled to any benefits unless benefits were granted or applied for prior to such leave. Any member who was on a leave of absence, may resume active membership, and shall be considered an active member from the time he is reentered on the payrolls of the fire department, without medical examination provided his absence does not exceed 30 calendar days. In the event the absence of any member exceeds the 30 calendar days, the member must reapply for membership in accordance with the bylaws, unless such leave was granted due to the member serving with the armed forces of the United States.

Subd. 4. When any active member of the association ceases for any cause to be a member of the fire department, his name shall be stricken from the list of active members of the association, and unless his retirement is caused by disability of such character as shall entitle him to a pension under the articles of incorporation or bylaws, or unless he shall subsequently be reinstated pursuant thereto, such retiring member shall thereafter not be entitled to any pecuniary benefit or aid from his membership herein.

Sec. 4. [SOURCES AND ADMINISTRATION OF FUNDS.] Subdivision 1. Funds of the association shall be derived from the following sources:

- (a) Gifts made for such purposes;

(b) Money received under the provisions of Minnesota Statutes, Sections 424.01 to 424.31;

(c) Deductions from each member's salary to be made by the city treasurer, finance commissioner or other fiscal officer in an amount equal to six percent of the monthly salary of a first class fireman. Said sum shall be increased by one half of one percent effective January 1, 1975 and again in identical increments on the first day of January of each year thereafter until such time as the member's contribution equals eight percent of the monthly salary of a first class fireman;

(d) Moneys now in the firemen's relief association treasury and all interest thereon or gains therefrom.

(e) Any other income allowed by law.

Subd. 2. Any surplus remaining in these funds at the close of any fiscal year shall continue therein. Notwithstanding the provisions of subdivision 1, clause (d), the balance in the fund may be reduced proportionately as the number of members of the association and pensioners declines below the number of such members and pensioners on July 1, 1974. Any balance remaining in the fund upon the death of the last member of the association or spouse or eligible beneficiary thereof shall be turned over to the city treasury for general purposes.

Subd. 3. The board of trustees shall have exclusive control and management of all funds received by its treasurer under the provisions of Minnesota Statutes, Sections 424.30 and 424.31 and funds derived for the investment of these funds, and such funds when received, shall be kept in a special fund on the books of the secretary and treasurer of the association and never disbursed for any purpose except the following:

(a) For the relief of sick, injured and disabled members;

(b) For the payment of pensions to disabled firemen and their widows and orphans of firemen;

(c) For the payment of pensions to retired firemen pursuant to the laws of the state and the bylaws of the association;

(d) For the payment of such death or funeral benefits as may be from time to time stipulated in the bylaws of the association;

(e) For the payment of all expenses of administering such fund, including the secretary's and treasurer's salaries, and including payments from the fund for the purchase of insurance to cover either the disability or death of a member declaring the special fund as beneficiary and including expenses in connection with the investment and protection of moneys in said fund;

(f) For the payment of premiums for health insurance policies.

Subd. 4. The money received from the various sources shall be kept in two separate and distinct funds, one to be designated as the association special fund and the other as its general fund. All money received from the state, the city of St. Cloud and from all payroll deductions shall be deposited in the special fund, and expended only for purposes hereinafter authorized. All money received from other sources shall be deposited in the general fund and may be expended for any purpose deemed proper by the association.

Sec. 5. [FUNERAL AND DEATH BENEFITS.] Subdivision 1. Upon the death of any active member of this association in good standing, there shall be allowed and appropriated out of the special fund of the association a funeral benefit in the amount of \$200.

Subd. 2. Upon satisfactory proof of the death of an active member or permanent pensioner of the association, leaving a widow or a child or children who are entitled to a pension pursuant to the provisions of the articles of incorporation of the association, the board of trustees shall allow a pension to be paid out of the special fund of the association to any widow or to any child under 18 years of age of any member as follows:

(a) When a service pensioner, deferred pensioner, disability pensioner, or an active member of the relief association dies leaving a widow who was his legally married wife residing with him, and who was married while or prior to the time he was on the payroll of the fire department, and who, in case the deceased member was a service pensioner or a deferred pensioner, was legally married to the member at least one year before his retirement from the fire department, then to such widow a dependency pension of 18 units per month for her natural life, but, if she remarries, the pension shall cease as of the date of the remarriage.

(b) When a service pensioner, deferred pensioner, disability pensioner, or an active member of the relief association dies leaving a child or children who were living while the deceased was on the payroll of the fire department or born within ten months after the deceased was withdrawn from such payroll, then to each such child a dependency pension of six units per month until the child reaches 18 years.

(c) The total dependency pensions payable under paragraphs (a) and (b) above for the widow and children of a deceased member shall not exceed 36 units per month. The pension due to any minor child or children shall be paid to the legal guardian of such child or children.

Subd. 3. Upon the death of any active member, or permanent pensioner, leaving neither wife as beneficiary nor any child entitled to a pension as hereinafter provided, the board of trustees shall pay to the person or persons named as beneficiary in his certificate the sum of \$200 out of the special fund of the association as a funeral benefit. In the event the beneficiary named is not permitted under the articles or bylaws of the association to receive said sum, the board of trustees, shall make payment to one of the following people in this order of preference: first, the widow, if any; second, the member's children, if any, in equal shares; third, the parents of the deceased member; and fourth, his brothers and sisters, in equal shares. If the member leaves a minor child or children surviving him, who are entitled to a pension, such child or children shall, upon arriving at the age of 18 years be paid the sum of \$200, mentioned in the benefit certificate, less amounts paid to such child or children as a pension in accordance with the provisions of this section; upon surrender of the certificate. If certificate is lost or illegible an affidavit shall be signed before benefits are granted. No benefit shall be paid out under the provisions of this section except to a child, parent, brother or sister. No payment shall be made pursuant to this section if the making of such payment would reduce the special fund balance below the sum of \$1,000.

Sec. 6. [BENEFITS.] Subdivision 1. Whenever any active member not eligible for a service pension from the association, in good standing, becomes incapacitated from performing his duties as an active fireman in the fire department, by reason of illness or bodily injuries, provided that the condition causing such disability did not result from an attempted suicide or otherwise due to intentional self-inflicted injuries, the member shall then be entitled to relief in the amount of 36 units paid monthly from the time the member is dropped from the payroll upon the expiration of his leave of absence with pay, provided that the member complies with the bylaws of the association governing such disability benefits.

Subd. 2. (a) Any member of the age of 50 years or more who performs the duties as a member of the fire department of the city for 20 years or more, upon his written application after retiring from such duties shall be paid monthly during his lifetime a pension equal to 35 units plus one additional unit for each year of service in excess of 20 years, not to exceed a maximum of 42 units.

(b) Any member who performs duty as a member of the fire department of the city for 20 years or more who retires from such duty before he attains the age of 50 years, upon his written application after reaching 50 years of age shall be paid monthly during his lifetime a pension equal to 35 units plus one additional unit for each year of such service in excess of 20 years, but not to exceed a maximum of 42 units. In the case of an applicant for a pension pursuant to clauses (a) and (b) above, who, following admission to membership in the association, has served in the

military forces of the United States in any war or national emergency subsequent to January 1, 1940, and thereafter is honorably discharged from military service and resumes membership in the association, the period that the applicant spends in military service shall be counted in computing the period of service required for benefits under this section. During a period of military service any such person is not considered a member of the association and is not entitled to any service pension, disability benefits, or deferred pensions as provided in clauses (a) and (b) above, unless previously earned. If the member does not return to employment of the fire department within one year from the cessation of war or the termination of the period of the emergency, the provisions of this subdivision shall not apply.

Subd. 3. Every member of the association who was retired on January 1, 1961, and was receiving a service pension on that date, or had attained a deferred pensioner status on that date, and who is eligible to receive a pension thereafter, shall receive a pension each month thereafter during the time he is so eligible to receive a service pension equal to not less than 32 units and not more than 35 units, as determined by a uniform rule established by the board of trustees.

Subd. 4. All members who retire after July 1, 1973 shall be eligible for the same group health insurance coverage as is provided by the city for active fire fighters. If such a retired member requests coverage under the group hospitalization insurance plan for city employees, the fireman's pension fund shall pay the city, on behalf of the retired member, an amount equal to the premium for the same coverage for an active fire fighter. Said premium payment shall be in addition to and not deducted from any other payments for which the individual is eligible from the association. In the event such a retired member is receiving deferred pension, he shall be eligible for such insurance, however, the premiums therefore shall be paid by the retired member until such member reaches the age of 50, at which time he shall become eligible to have said premiums paid by the association as specified above. A retired member shall also be eligible to apply for and receive coverage for his eligible dependents under said group plan, however the cost of such additional insurance shall be paid by the retired member. The benefits provided in this section shall cease when the individual receiving said benefits attains the age of 65.

Sec. 7. [ACTIONS; EXEMPTION FROM PROCESS.]  
Subdivision 1. No person shall bring an action to recover any benefits provided in sections 5 and 6, unless he shall post a bond in a sufficient amount to defray the cost of the governing board of defending said action. In the event the governing board is sustained the portion of the bond necessary to defray these costs shall be forfeited to the association.

Subd. 2. Any payment made by the association under any provision of this act is exempt from any legal process. No person entitled to any such payment may assign the same. The association shall not recognize any assignment or pay any sum on account thereof.

Sec. 8. [POWERS OF CITY OFFICIALS LIMITED.] Subdivision 1. When the governing board of the firemen's relief association determines what is necessary to adequately protect, maintain, and administer the firemen's pension fund created by section 2, subdivision 1, neither the governing body of the city nor any official of the city may thereafter deny adequate representation therefor.

Subd. 2. Any duties performed by any member of such association under any provision of subdivision 1, are deemed to be fire duties.

Sec. 9. [P.E.R.A. MEMBERSHIP.] Subdivision 1. Notwithstanding any provisions of this act or any other general or special law to the contrary, all fire fighters first employed by the city on or after the effective date of this act shall be members of the public employees police and fire fund operated pursuant to Minnesota Statutes, Sections 353.63 to 353.68. Such persons shall not be members of the firemen's relief association and pension fund of the city continued and maintained pursuant to this act nor be subject to any of the laws related thereto.

Sec. 10. [GUIDELINES ACT NOT AFFECTED.] No provision of this act shall be construed as exempting, abridging, repealing, or amending compliance with the provisions of the police and firemen's relief association guidelines act of 1969, as amended, except as herein specifically provided. From and after the effective date of this act, Minnesota Statutes, Sections 424.01 to 424.31 shall not apply to the firemen's relief association of the city of St. Cloud, except as otherwise provided therein.

Sec. 11. This act is effective upon approval by the city council of the city of St. Cloud and upon compliance with Minnesota Statutes, Section 645.021."

(a) The actual net operating cost per eligible pupil transported during the 1975 fiscal year times the number of eligible pupils transported during the 1975 fiscal year; or

(b) (110) 115 percent of the actual net operating cost per eligible pupil transported during the year ending June 30, 1973, times the number of eligible pupils transported during the 1975 fiscal year;

(2) Minus the amount raised by a levy of one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy collected in calendar year 1974;

(3) Plus, the amount of depreciation for one year on the school bus fleet computed by the department of education on a straight line basis at the rate of ten percent per year of the net cost of the fleet.

Sec. 7. Minnesota Statutes, 1973 Supplement, Section 124.30, Subdivision 2, is amended to read:

Subd. 2. No district with an assessed valuation of (\$1,300) \$3,900 or more per pupil unit in average daily membership shall receive any aid under the provisions of this section. This subdivision does not apply to any district formed in accordance with the provisions of the consolidation law, in which more than 85 percent of the lands are tax exempt nor to any district with more

than 30 townships in which more than 50 percent of the land in such district is tax exempt.

Sec. 8. Minnesota Statutes, 1973 Supplement, Section 275.125, Subdivision 2a, is amended to read:

Subd. 2a. (1) In 1973, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1972 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the greater sum computed pursuant to section 124.212, subdivision 7a, clause (2), bears to \$820.

(2) In 1974, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1973 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the sum of the greater sum computed pursuant to section 124.212, subdivision 7a, clause (2), and the greater of (a) one-half of the difference that results when such greater sum is subtracted from (\$860) \$875, or (b) (\$40) \$50, bears to (\$860) \$875.

(3) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year. The question on the ballot shall be whether a specific millage which will yield a specific amount based on the most recent assessed valuation may be added to that authorized by clauses (1) or (2). If approved, the amount provided by the millage applied to each year's assessed valuation shall be authorized for certification until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. A petition authorized by this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

Sec. 9. Minnesota Statutes, 1973 Supplement, Section 275.125, Subdivision 3, is amended to read:

Subd. 3. In addition to the levy authorized by section 275.125, subdivision 2a, a qualifying district may levy additional amounts as follows:

(1) The amounts necessary to make payments for bonds issued and for interest thereon, including the bonds and interest thereon, issued as authorized by clause (7) (C) of this subdivision, and for repayment of debt service loans and capital loans, the amount authorized for capital expenditures pursuant to section 124.04 and the amount authorized for liabilities of dissolved districts pursuant to section 122.45.

(2) For school transportation services, an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year; provided that in 1973 and thereafter a district having boundaries coterminous with the boundaries of a city of the first class may levy an amount not to exceed 20 percent of its costs for transportation and related services for which state aid is authorized for the 1974-1975 school year and thereafter(,) ; and provided further that a district may levy under this clause for the annual cash payments to be made for the purchase of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation; *and provided further that a district may levy under this clause for actual transportation expenditures determined by the commissioner to be necessary for the transportation of any elementary pupil because of extraordinary traffic hazards, but only for that portion of the expenditures not offset by state transportation aid allocated for this purpose.*

(3) For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), shall be allowed to levy the same amount per pupil unit allowed by that clause. Provided, however, that a district having boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 1.9 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3) but did not qualify for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4) in 1972, collectible in 1973, shall be allowed to levy the amount per pupil unit it was qualified to levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(4) In 1973 only, for a district which was authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3), but which was not authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), an amount not to exceed the aggregate amount authorized by Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(5) A district which qualified for a levy under clause (3) above shall be allowed to levy *in 1974 the sum of that same amount per pupil unit (in 1974) and an amount per pupil unit equal to the district's reimbursement aid per pupil unit in average daily membership for 1970-71 school year programs for handicapped children, reduced by two and one-half percent.* The per pupil amount of the reduction shall be rounded down to the dollar. *No district in any year shall increase its levy as a result of the addition of the reimbursement aid for 1970-71 programs for handicapped children by an amount greater than the amount raised by two mills times the adjusted assessed valuation of the taxable property of the district for the preceding year.* Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 1.9 mills times the adjusted assessed valuation of the district shall be allowed to levy the 1.9 mills.

(6) For districts in cities of the first class, maintaining post secondary vocational schools, one half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.

(7) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commission-

er must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(8) In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money raised by the greater of (A) \$1 per capita, or (B) the number of mills not to exceed the number of mills necessary in 1973 to raise \$1 per capita in 1973 for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

(9) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies.

(10) The commissioner shall certify to the county auditors **(ANY ERRORS MADE IN 1971 AND 1972 IN GENERAL AND SPECIAL PURPOSE LEVY AMOUNTS)** *the levy limits for all school districts headquartered in the respective counties together with adjustments for errors in levies not penalized pursuant to subdivision 4 as well as adjustments to final pupil unit counts. A school district shall have the right to require the commissioner to review his certification and to present evidence in support of modification of his certification. The county auditor (IS AUTHORIZED TO ADJUST THE 1973 LEVY TO CORRECT FOR THE ERRORS)* shall reduce levies for any excess of levies over levy limitations pursuant to section 275.16. Such reduction in excess levies may at the discretion of the school district be spread over not to exceed two calendar years.

(11) The commissioner of education shall certify to the county auditors any overlevies or underlevies made in 1971 and 1972 in the transportation levy amounts. The 1971 overlevies and underlevies shall be determined to be (1) the actual net costs of reimbursable transportation as reported to the department of education for the 1972-1973 school year plus the amount expended by the district to acquire school buses in 1972-1973 used for reimbursable transportation, less (2) the 1971 certified transportation levy as amended and state aids received in 1972-1973 for transportation including depreciation. Overlevies and underlevies in the 1972 transportation levy shall be computed in like manner using 1973-1974 costs and state aids received in the 1973-1974 school year. The 1974 levy shall be adjusted to correct for such overlevies and underlevies, provided that upon written request of the affected school board, to the commissioner, the adjustment shall be pro-rated in the 1974 and 1975 transportation levies. No district may levy under this clause in any year an amount which exceeds the amount raised by a levy of two mills times the previous year's adjusted assessed valuation of the taxable property of the district. No district shall be required under this clause to reduce its transportation levy in any year by an amount greater than the amount raised by a levy of one mill times the adjusted assessed value of the district for the preceding year. The balance of any overlevy shall be subtracted from foundation aid for 1975-1976.

(12) When a district finds it economically advantageous to rent or lease existing school buildings for instructional purposes, and the proceeds of the levy permitted under section 124.04 are insufficient for this purpose, it may apply to the commissioner for permission to make an additional capital expenditure levy for this purpose. An application for permission to levy under this clause shall contain financial justification for the proposed levy, the terms and conditions of the proposed lease, and a description of the space to be leased and its proposed use. The criteria for approval of applications to levy under this clause shall include: the reasonableness of the price, the appropriateness of the space to the proposed activity, the feasibility of transporting pupils

*to the leased building, conformity of the lease to the laws and regulations of the state of Minnesota, and the appropriateness of the proposed lease to the space needs and the financial condition of the district. The commissioner shall not authorize a levy under this clause in an amount greater than the cost to the district of renting or leasing a school building for approved purposes.*

Sec. 10. Minnesota Statutes 1971, Section 123.39, Subdivision 1, is amended to read:

123.39 [INDEPENDENT SCHOOL DISTRICTS, TRANSPORTATION.] Subdivision 1. The board may provide for the free transportation of pupils to and from school, and to schools, in other districts for grades and departments not maintained in the district, including high school, at the expense of the district, when funds are available therefor and if agreeable to the district to which it is proposed to transport the pupils, for the whole or a part of the school year as it may deem advisable, and subject to its rules. Every driver shall possess all the qualifications required by the rules of the state board of education. In any district which at the time of the adoption of this code was a consolidated district or enjoyed the privileges of a consolidated district, the board shall arrange for the attendance of all pupils living two miles or more from the school, through suitable provision for transportation or for the boarding and rooming of such pupils as may be more economically and conveniently provided for by such means. The district is authorized to provide for the transportation of pupils or expend a reasonable amount for room and board of pupils whose attendance at school can more economically and conveniently be provided for by such means *or where pupils attend school in a building rented or leased by a district within the confines of an adjacent district.*

Sec. 11. Minnesota Statutes 1971, Section 123.39, Subdivision 5, is amended to read:

Subd. 5. The board may provide for the admission to the schools of the district, of non-resident pupils, and those above school age, and fix the rates of tuition for such pupils. In case a person owns land and pays the taxes thereon, in a district other than the one in which he resides, then such person or his tenant shall be admitted to all the benefits of said school the same as residents therein, in respect to elementary pupils upon conforming to such reasonable terms for tuition and transportation as the board of education of such school district may have established for non-residents, except that he shall be entitled to have the amount of school taxes which he pays to the support of said district applied in payment of said tuition and transportation fees. In the payment of state aid, the district in which the pupil attends shall be considered the district of his residence because of the provisions of this subdivision *with the exception of pupils attending school in a building rented or leased by a district within the confines of another district.*

Sec. 12. Minnesota Statutes 1971, Section 124.28, Subdivision 1, is amended to read:

124.28 [GROSS EARNINGS REFUND.] Subdivision 1. When the properties of any district are made up, to the extent of at least 20 percent in value of property which is exempt from local taxation because taxes thereon are paid into the state treasury under the provisions of the gross earnings tax law, such district shall receive annually a refund from such gross earnings taxes in the amount that would be produced by a tax on such exempt property at *three times* the current tax rate for school purposes in the district including the rate for nonresident high school children levied by the county provided that any district which has 15 percent in value of such exempt property and presently receiving gross earnings refund shall continue to receive it until June 30, 1963. For the purpose of determining the amount of this refund, the value of such exempt property shall be set at 30 percent of its full and true value except that in no case shall the assessed value of said exempt property for this purpose exceed such an amount as when added to the assessed value of all other property in the district exceed \$3,000 per resident pupil unit. In the determination of the amounts to which districts shall be entitled in the distribution of any state aids that are based upon total valuation per pupil this valuation shall be included.

Sec. 13. Minnesota Statutes 1971, Section 270.11, Subdivision 2, is amended to read:

Subd. 2. [COUNTY AUDITOR'S REPORTS OF ASSESSMENTS FILED WITH COMMISSIONER.] The commissioner of (TAXATION) *revenue* shall require the auditor of each county in the state to file with him, on or before August 1, each year, complete abstracts of all real and personal property in the county, as equalized by the county board of equalization, and itemized by assessment districts, accompanied by a printed or typewritten copy of the proceedings of the county board of equalization, and it shall be the duty of the county auditor to so report to the commission of (TAXATION) *revenue*.

*The final abstract of assessments after adjustments by the state board of equalization and inclusion of any omitted property shall be submitted to the commissioner of revenue on or before January 1 of each calendar year.*

Sec. 14. Minnesota Statutes 1971, Section 275.125, Subdivision 7, is amended to read:

Subd. 7. By November 1 of each year ((DECEMBER 1, IN 1971 ONLY)) each district shall submit to the commissioner of education (AND THE COMMISSIONER OF TAXATION) a certificate of compliance with the levy limitations of this section (AND OF SECTION 124.04). The commissioner of (TAXATION) *education* shall prescribe the form of this certificate.

518.13 [FAILURE TO ANSWER; REFERENCE.] If the (DEFENDANT) *respondent* does not appear after service duly made and proved, the court may hear and determine the (ACTION) *proceeding* at a general or special term, or in vacation; provided, that the court or judge, upon application, may refer the (ACTION) *proceeding* to a referee to take and report the evidence therein. (WHEN ISSUE IS JOINED, LIKE PROCEEDINGS SHALL BE HAD AS IN CIVIL ACTIONS.) *Hearings for dissolution of marriage shall be heard in open court or before a referee appointed by the court to receive the testimony of the witnesses, or depositions taken as in other equitable actions. However, the court may in its discretion close the hearing. Hearings held for the purpose of determining child custody may be limited in attendance by the court to the affected parties and necessary witnesses if any.*

Sec. 11. Minnesota Statutes 1971, Section 518.14, is amended to read:

518.14 [TEMPORARY SUPPORT MONEY; COSTS AND DISBURSEMENTS AND ATTORNEY'S FEES.] In any (ACTION) *proceeding* brought either for (DIVORCE) *dissolution* or separate maintenance, the court, in its discretion, may require one party to pay a reasonable amount, necessary to enable the

other spouse to carry on, or to (DEFEND THE ACTION) *contest the proceeding*, and to support such spouse and the children during its pendency. The court may adjudge costs and disbursements against either party. The court may authorize the collection of any money so awarded by execution, or out of any property sequestered, or in any other manner within the power of the court. An award of attorney's fees made by the court during the pendency of the (ACTION) *proceeding* or in the final judgment survives the (ACTION) *proceeding* and if not paid by the party directed to pay the same may be enforced as above provided or by a separate civil action brought by the attorney in his own name. If the (ACTION) *proceeding* is dismissed or abandoned prior to determination and award of attorney's fees the court may nevertheless award attorney's fees upon the attorney's motion and such award shall also survive the (ACTION) *proceeding* and may be enforced in the same manner as last above provided.

Sec. 12. Minnesota Statutes 1971, Section 518.15, is amended to read:

518.15 [PROTECTION OF PARTY.] When (AN ACTION) *a proceeding* is commenced, or about to be commenced, to annul a marriage, or for a (DIVORCE) *dissolution* or separation, the court may, at any time, on the petition of (THE WIFE) *a party*, prohibit the (HUSBAND) *other party* from imposing any restraint on (HER) *the petitioning party's* personal liberty during the pendency of the (ACTION) *proceeding*.

Sec. 13. Minnesota Statutes 1971, Section 518.16, is amended to read:

518.16 [CUSTODY OF CHILDREN DURING PENDENCY.] The court, on the application of either party, may make such order concerning the care and custody of the minor children of the parties, and their suitable maintenance, during the pendency of such (ACTION) *proceeding*, and such temporary orders relative to the persons or property of the parties, as shall be deemed necessary and proper.

Sec. 14. Minnesota Statutes 1971, Section 518.17, is amended to read:

518.17 [CUSTODY AND SUPPORT OF CHILDREN ON JUDGMENT.] Upon adjudging the nullity of a marriage, or a (DIVORCE) *dissolution* or separation, the court may make such further order as it deems just and proper concerning the care, custody, and maintenance of the minor children of the parties and may determine with which of the parents they, or any of them, shall remain, having due regard to the age and sex of such children and the children's relationship with each parent prior to the commencement of the (ACTION) *proceeding*. In determining the parent with whom a child shall remain, the court shall

consider all facts in the best interest of the children and shall not prefer one parent over the other solely on the basis of the sex of the parent. In determining the (APPROPRIATE) amount of child support to be paid by each parent, the court shall consider the earning capacity and financial circumstances of each parent. On petition for any change in child support because of alleged change in circumstances the court shall take into consideration the earning capacity and financial circumstances of each parent and the custodial parent's spouse, if any.

Sec. 15. Minnesota Statutes 1971, Section 518.175, Subdivision 1, is amended to read:

518.175 [VISITATION OF CHILDREN AND NONCUSTODIAL PARENT.] Subdivision 1. In all (DIVORCE) proceedings for *dissolution*, subsequent to the commencement of the (ACTION) *proceeding* and continuing thereafter during the minority of the child, the court may, upon the request of the noncustodial parent, grant such rights of visitation as will enable the child and the noncustodial parent to maintain such child to parent relationship as will be beneficial to the child. The court shall consider the age of the child and the child's relationship with the noncustodial parent prior to the commencement of the (ACTION) *proceeding*. The court may deny visitation rights to the noncustodial parent if such visitation is not in the best interest of the child. A parent's failure to pay support because of the parent's inability to do so shall not be sufficient cause for denial of visitation, unless such inability is willful.

Sec. 16. Minnesota Statutes 1971, Section 518.25, is amended to read:

518.25 [REMARriage; REVOCATION.] When a (DIVORCE) *dissolution* has been granted, and the parties afterward intermarry, the court, upon their joint application, and upon satisfactory proof of such marriage, may revoke all decrees and orders of (DIVORCE) *dissolution*, alimony, and subsistence which will not affect the rights of third persons.

Sec. 17. Minnesota Statutes 1971, Section 518.27, is amended to read:

518.27 [EFFECT OF DISSOLUTION; NAME OF PARTY.] When a decree of (DIVORCE) *dissolution* from the bonds of matrimony is granted in this state, such decree shall completely dissolve the marriage contract as to both parties. (IN ALL ACTIONS FOR A DIVORCE BROUGHT BY A WOMAN,) If a (DIVORCE) *dissolution* is granted, the court may change the name of (SUCH WOMAN) *either party, upon the request of the party*, who shall thereafter be known by such name as the court designates in its decree.

Sec. 18. Minnesota Statutes 1971, Section 518.54, is amended to read:

518.54 [DEFINITIONS.] Subdivision 1. [TERMS.] For the purposes of sections 518.54 to 518.67, the terms defined in this section shall have the meanings respectively ascribed to them.

Subd. 2. [CHILD.] "Child" means an individual under 18 years of age, or an individual who, by reason of his physical or mental condition, is unable to support himself.

Subd. 3. [ALIMONY.] "Alimony" means an award made in a (DIVORCE) *dissolution* proceeding of payments from the future income or earnings of one spouse for the support and maintenance of the other.

Subd. 4. [SUPPORT MONEY.] "Support money" means an award in a (DIVORCE) *dissolution* or annulment proceeding for the care, support and education of any child of the marriage or of the parties to the annulment proceeding.

Subd. 5. [PROPERTY ACQUIRED DURING COVERTURE.] Except as provided in this subdivision, "property acquired during coverture" means any property, real or personal, acquired by the parties, or either of them, to a (DIVORCE) *dissolution* or annulment proceeding at any time during the existence of the marriage relation between them, or at any time during which the parties were living together as husband and wife under a purported marriage relationship which is annulled in an annulment proceedings. "Property acquired during coverture" does not include any property real or personal, acquired by either spouse before, during, or after coverture, where said property is acquired as a gift, bequest, devise or inheritance made by a third party to one but not to the other spouse, or any property transferred from one spouse to the other.

Sec. 19. Minnesota Statutes 1971, Section 518.55, is amended to read:

518.55 [ALIMONY OR SUPPORT MONEY.] Every award of alimony or support money in a judgment of (DIVORCE) *dissolution* shall clearly designate whether the same is alimony or support money, or what part of the award is alimony and what part thereof is support money. Any award of payments from future income or earnings of the custodial parent shall be presumed to be alimony. Any award of payments from the future income or earnings of the non-custodial parent shall be presumed to be support money unless otherwise designated by the court. In any judgment of (DIVORCE) *dissolution* the court may determine, as one of the issues of the case, whether or not either spouse is entitled to an award of alimony notwithstanding that no award is then made, or it may reserve jurisdiction of the issue of alimony for determination at a later date.

Sec. 20. Minnesota Statutes 1971, Section 518.551, is amended to read:

518.551 [ALIMONY AND SUPPORT PAYMENTS MADE TO WELFARE AGENCIES.] Notwithstanding any law to the contrary, any court having jurisdiction over (MATTERS OF DIVORCE) *proceedings for dissolution* shall direct that all payments ordered for alimony and support shall be made to the agency responsible for the welfare payments, when it appears that the party who is to receive the alimony and support payments will receive public assistance. Amounts so received by the board over and above the amount granted to the party receiving public assistance shall be remitted to that party.

The agency responsible for the welfare payments shall be notified by the (PLAINTIFF) *petitioner* of all (ACTIONS FOR DIVORCE) *proceedings for dissolution*, separate maintenance or for the custody of a child if either party is receiving aid to families of dependent children or applies for such aid subsequent to the commencement of such (ACTION) *proceeding*. Failure of such notification shall not affect the validity of the (ACTION FOR DIVORCE) *proceeding for dissolution*, separate maintenance, or custody of the child.

Sec. 21. Minnesota Statutes 1971, Section 518.57, is amended to read:

518.57 [MINOR CHILDREN, MAINTENANCE.] Upon a decree of (DIVORCE) *dissolution* or annulment, the court may make such further order as it deems just and proper concerning the maintenance of the minor children as is provided by section 518.17, and for the maintenance of any child of the parties as defined in this act, as support money, and may make the same a lien or charge upon the property of the parties to such (ACTION) *proceeding*, or either of them, either at the time of the entry of such judgment or by subsequent order upon proper application therefor.

Sec. 22. Minnesota Statutes 1971, Section 518.58, is amended to read:

518.58 [DISPOSITION OF PROPERTY ACQUIRED DURING COVERTURE.] Upon a (DIVORCE FOR ANY CAUSE) *dissolution of a marriage*, or upon an annulment, the court may make such disposition of the property of the parties acquired during coverture as shall appear just and equitable, having regard to the nature and determination of the issues in the case, the amount of alimony or support money, if any, awarded in the judgment, the manner by which said property was acquired and the persons paying or supplying the consideration therefor, the charges or liens imposed thereon to secure payment of alimony or support money, and all the facts and circumstances of the case.

Sec. 23. Minnesota Statutes 1971, Section 518.59, is amended to read:

518.59 [HOUSEHOLD GOODS, FURNITURE, AND OTHER PROPERTY.] Upon a (DIVORCE FOR ANY CAUSE) *dissolution of a marriage*, the court may also award to either spouse the household goods and furniture of the parties, whether or not the same was acquired during coverture, and may also order and decree to either spouse such part of the real and personal estate of the other not acquired during coverture, not exceeding in present value one-half thereof, as it deems just and reasonable, having regard to the amount of property decreed under section 518.58, the amount of alimony and support money awarded, if any, (THE CHARACTER AND SITUATION OF THE PARTIES, THE NATURE AND DETERMINATION OF THE ISSUES,) and all other circumstances of the case.

Sec. 24. Minnesota Statutes 1971, Section 518.62, is amended to read:

518.62 [TEMPORARY ALIMONY.] Temporary alimony may be awarded as provided in section 518.14, and temporary support money may be awarded as provided in section 518.16, for the support of any children of the parties, including children as defined in section 518.54; and the court may also award to either party to the (ACTION) *proceeding*, having due regard to all the circumstances and the party awarded the custody of the children, the right to the exclusive use of the household goods and furniture of the parties pending the (ACTION) *proceeding* and the right to the use of the homestead of the parties, exclusive or otherwise, pending the (ACTION) *proceeding*; and the court may order and direct either party to remove from the homestead of the parties upon proper application to the court for such order, pending the (ACTION) *proceeding*.

Sec. 25. Minnesota Statutes 1971, Section 518.63, is amended to read:

518.63 [HOMESTEAD, OCCUPANCY.] The court, having due regard to all the circumstances and the custody of any children of the parties, may award to either party the right of occupancy of the homestead of the parties, exclusive or otherwise, upon a final decree of (DIVORCE) *dissolution*, or proper modification thereof, for such period of time as may be determined by the court, and such award of the right of occupancy of the homestead, whether exclusive or otherwise, may be in addition to the maximum amount which may be awarded under section 518.59.

Sec. 26. Minnesota Statutes 1971, Section 518.64, is amended to read:

518.64 [ALTERATION OF ORDERS OR DECREES.] After an order or decree for alimony or support money, temporary or permanent, or for the appointment of trustees to receive and hold any property awarded as alimony or support money, the court may from time to time, on petition of either of the parties revise and alter such order or decree respecting the amount of such alimony, or support money, and the payment thereof, and also respecting the appropriation and payment of the principal and income of the property so held in trust, and may make any order respecting these matters which it might have made in the original (ACTION) *proceeding*, except as herein otherwise provided. Except for an award of the right of occupancy of the homestead, all divisions of real and personal property provided by sections 518.58 and 518.59 shall be final, and subject only to the power of the court to impose a lien or charge thereon at any time while such property, or subsequently acquired property, is owned by the parties or either of them, for the payment of alimony or support money, or to sequester the property as is provided by Minnesota Statutes (1949), Section 518.24.

Sec. 27. Minnesota Statutes 1971, Section 518.66, is amended to read:

518.66 [POWER OF COURT NOT LIMITED.] Nothing contained in sections 518.54 to 518.67 shall be construed as limiting the power of the court in appropriate cases to make adequate provision for the support and education of any children of the parties to any (DIVORCE) *dissolution* or annulment action where such (DIVORCE) *dissolution* or annulment is denied.

Sec. 28. Wherever the word "divorce" is used in the statutes, it has the same meaning as "dissolution" or "dissolution of marriage".

Sec. 29. Minnesota Statutes 1971, Sections 518.08; 518.26; and 518.28 are repealed.

Sec. 30. This act is effective on the day following final enactment and applies to all proceedings commenced after that date and may be invoked by either party in proceedings pending on that date."

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [471.371] [CONTRACTS FOR CONSTRUCTION OF TREATMENT WORKS.] Subdivision 1. [POLICY.] The United States Environmental Protection Agency is in the process of promulgating rules and regulations under the Federal Water Pollution Control Act which authorize the award of grants for treatment works to be constructed under a contract providing for single source responsibility for the design and construction of the facilities. The legislature determines that such contracts should help prevent pollution, thereby protecting the public health and the environment, should encourage more effective use of existing technology and the development of new technology for waste treatment, should better assure that treatment works will be designed and built to meet applicable treatment standards, and should reduce the time interval between the initial application for a grant and the commencement of operation of the facilities.

Subd. 2. [AUTHORIZATION OF DESIGN AND CONSTRUCT CONTRACTS.] Notwithstanding the provisions of any law or charter to the contrary, any municipality or regional

agency authorized by law to enter into a contract for the design and/or construction of treatment works facilities may advertise for sealed bids for the design and construction thereof under a single contract. Prior to such advertisement the municipality or regional agency shall prepare contract documents which shall serve as a basis for the comparison of bids and any contract to be entered into. These documents shall be prepared by a professional engineer in sufficient detail to describe the probable cost, scope of work, process, equipment and materials of construction, and shall include performance standards for the construction and supervisory operation of the facilities which must be met for specified conditions and time periods, prior to final acceptance of the facilities by the municipality or regional agency and by the Minnesota pollution control agency. The contract documents shall require the bidder to furnish estimates of the annual operation and maintenance costs of the facility and may require the bidder to furnish preliminary design plans and specifications and any other information deemed relevant for contract award.

In awarding the contract, the municipality or regional agency shall take into consideration the performance guarantee, completion date, construction cost, capacity of the facility, estimated annual operation and maintenance cost, and other relevant factors.

The provisions of any law which require the Minnesota pollution control agency to approve all plans and specifications on a municipal or regional waste treatment facility prior to calling for construction bids shall not be applicable to contracts authorized by this act. However, after bids have been received and evaluated by the governing body and the best bid determined, a municipality or regional agency shall not award a contract until the award is approved by the Minnesota pollution control agency. Nothing in this section shall prohibit the Minnesota pollution control agency from giving consideration to any or all bids prior to the determination by the governing body of the best bid, provided that the Minnesota pollution control agency or the municipality or regional agency request that such consideration be given.

Upon award of the contract the bidder shall furnish to the municipality or regional agency detailed plans and specifications and provide for termination of the contract if such information is insufficient to permit the municipality or regional agency to satisfy the requirements of any federal or state grant.

Subd. 3. [LIMITATIONS.] The provisions of subdivision 2 shall not in any way limit the application and effect of laws governing the practice of architecture, professional engineering, or land surveying in this state, including Minnesota Statutes, Sections 326.02 to 326.16, and 541.051.

Subd. 4. [DEFINITIONS.] As used in this section, "municipality" has the meaning given to it in Minnesota Statutes, Section 471.345;

"Contract" includes not only construction work but also all necessary design services, including process and mechanical equipment, provisions for the start-up of the new facility, performance guarantee, and the other necessary and related items to make an operable plant; and "treatment works" has the meaning given to it in Section 212, Title II, of the Federal Water Pollution Control Act Amendments of 1972.

Subd. 5. [BID SECURITY AND INSURANCE.] Each design construct bid submitted shall include a bid bond, labor and materials bond, performance bond, and applicable federal wage determination and other appropriate executive orders related to requirements for the construction of wastewater treatment facilities under the construction grant program of the Federal Water Pollution Control Act and insurance as specified to provide for uniform and equitable bid review procedures.

Sec. 2. [SECURITY.] Subdivision 1. [BID BONDS.] A bid bond shall not be less than ten percent of bid price for all services including cost for start-up and an operational period guarantee. Bids of the three lowest bidders are to be retained until approval of design-construct detail plans by the Minnesota pollution control agency, Federal Environmental Protection Agency and municipality.

Subd. 2. [PERFORMANCE SECURITY.] Performance security shall be in the form of a certified check payable to the city or agency in the amount of ten percent of the contract price not including the operation expenses cost. Security shall be returned to contractor upon acceptance of the project by the municipality and Minnesota pollution control agency.

Sec. 3. [EFFECTIVE DATE.] This act shall become effective on the day following its final enactment."

462.425 [MUNICIPAL HOUSING AND REDEVELOPMENT AUTHORITY.] Subdivision 1. [PRELIMINARY MUNICIPAL FINDINGS AND DECLARATION.] There is hereby created in each municipality in this state a public body corporate and politic, to be known as the housing and redevelopment authority in and for that municipality; provided, however, that no such authority shall transact any business or exercise any powers until the governing body of the municipality shall, by proper resolution, find that in such municipality (1) substandard, slum, or (BLIGHTED) *deteriorated* areas exist which cannot be redeveloped without government assistance, (2) adequate housing accommodations are not available to veterans and servicemen and their families, or (3) there is a shortage of decent, safe, and sanitary dwelling accommodations available to persons of low income and their families at rentals they can afford, and shall declare that there is need for a housing and redevelopment authority to function in that municipality. In determining whether dwelling accommodations are unsafe or unsanitary, or whether substandard, slum, or (BLIGHTED) *deteriorated* areas exist, the governing body may take into consideration the degree of deterioration, obsolescence, or overcrowding, the percentage of land coverage, the light, air, space, and access available to inhabitants of such dwelling accommodations, the size and arrangement of rooms, the sanitary facilities, the extent to which conditions exist in such buildings which endanger life or property by fire or other causes, and the original land planning, lot layout, and conditions of title in the area.

Sec. 4. Minnesota Statutes 1971, Section 462.426, Subdivision 1, is amended to read:

462.426 [COUNTY AND MULTI-COUNTY HOUSING AND REDEVELOPMENT AUTHORITIES.] Subdivision 1.

[PRELIMINARY COUNTY FINDINGS AND DECLARATION.] There is hereby created in each county in this state other than the metropolitan counties of Hennepin, Ramsey, Scott, Carver, Anoka, Washington and Dakota and other than those counties in which a county housing authority has been heretofore created by special act, a public body corporate and politic, to be known as the housing and redevelopment authority in and for that county, hereinafter referred to as "county authority"; provided, however, that no such county authority shall transact any business or exercise any powers until the governing body of the county, by proper resolution, finds that there is need for a county authority to function in such county. The governing body shall give consideration as to the need for a county authority to function (1) on the governing body's own motion (2) or upon the filing of a petition signed by 25 qualified voters of the county asserting that there is need for a county authority to function in such county and requesting that the governing body so declare. The governing body shall adopt a resolution declaring that there is need for a county authority to function in the county if it shall find (a) that substandard, slum, or (BLIGHTED) *deteriorated* areas exist in such county which cannot be redeveloped without government assistance, or (b) that there is a shortage of decent, safe and sanitary dwelling accommodations available to persons of low income at rentals or prices they can afford.

If the governing body of each of two or more municipalities or counties, or combinations of municipalities and counties, by resolution declares that there is a need for one housing and redevelopment authority to be created for all of such municipalities or counties, or combinations thereof, hereinafter referred to as "political subdivisions", to exercise in such political subdivisions powers and other functions prescribed for a multi-county housing and redevelopment authority, a public body corporate and politic to be known as a multi-county housing and redevelopment authority, hereinafter called "multi-county authority", shall thereupon exist for all of such political subdivisions and shall exercise its powers and other functions in such political subdivisions in lieu of the authority for each such political subdivision. The governing body of each of two or more political subdivisions shall by resolution declare that there is a need for one multi-county authority to be created for all of such political subdivisions to exercise in such political subdivision powers and other functions prescribed for a multi-county authority, if such governing body finds (a) that substandard, slum, or (BLIGHTED) *deteriorated* areas exist in such political subdivision which cannot be redeveloped without government assistance, or there is a shortage of decent, safe and sanitary dwelling accommodations available to persons of low income at rentals or prices they can afford, and (b) that a multi-county authority would be a more effective, efficient or economical administrative unit than the housing and redevelopment authority of such political subdivision to carry out the purposes of sections 462.415 to 462.711, in such political subdivision.

In determining whether dwelling accommodations are unsafe or unsanitary a governing body may take into consideration the same factors as are elsewhere provided in sections 462.415 to 462.711, with respect to such determinations by governing bodies in connection with the function of housing and redevelopment authorities for municipalities.

Sec. 5. Minnesota Statutes 1971, Section 462.445, Subdivision 4, is amended to read:

federal government may complete, operate, manage, lease, convey or otherwise deal with the project until such defaults are cured if the federal government agrees in such contract to reconvey to the authority the project as then constituted when such defaults have been cured;

(11) When a local public body does not have a planning agency or when a comprehensive or general community development plan or plans is or are not already available by the planning agency, to make or cause to be made such plans as a guide in the more detailed planning of housing and redevelopment areas;

(12) To lease or rent any dwellings, accommodations, lands, buildings, structures, or facilities embraced in any project and (subject to the limitations contained in sections 462.415 to 462.711 with respect to the rental of dwellings in housing projects) to establish and revise the rents or charges therefor;

(13) To own, hold, and improve real or personal property and to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein;

The rate to be used in this distribution computed to the last full quarter percent shall be determined by dividing the interest earnings by the total invested assets of the fund. However, the teacher or the school district or institution which presently employs him, may pay such equal additional amount representing the employer contribution required by this subdivision. Interest shall be paid on both the employee and employer contribution at the rate of (FOUR) *six* percent per annum from the year on which such service was rendered to the first date of payment. For payments made prior to July 1, 1969, pursuant to subdivision 1 where the employer's contributions were not made, an additional amount representing employer's contributions may be paid together with interest at the rate of (FOUR) *six* percent per annum on this amount from the year such service was rendered to the first date of payment.

If the employee and employer contributions and interest thereon provided in this section are not paid in full the member's formula service credit shall be calculated by multiplying the number of years of out of state service by the ratio obtained by the total amount paid and the maximum amount payable provided herein.

The board may authorize the collection of these payments in the form of installments rather than a lump sum. Any school district or institution which desires to make the employer contribution herein provided, is hereby authorized to appropriate money for such purpose.

All payments into the fund pursuant to subdivision 1, shall be considered accumulations after July 1, 1957 for the purpose of computing any annuity provided in Extra Session Laws 1957, Chapter 16.

In no case shall the provisions of subdivision 1 apply to teachers who become members of the fund after (JULY 1) *June 30*, 1957.

In no case shall the provisions of subdivisions 1 or 4 apply to members who have accepted refunds of their accumulated deductions and again resumed teaching in schools to which chapter 354 applies after July 1, 1957.

Sec. 13. Minnesota Statutes 1971, Chapter 354, is amended by adding a section to read:

No person shall be allowed credit for more than one year of teaching service for any fiscal year. Commencing July 1, 1969 (1) if a teacher teaches only a fractional part of a day, credit shall be given for a day of teaching service for each five hours taught, and (2) if a teacher teaches at least 170 full days in any fiscal year credit shall be given for a full year of teaching service, and (3) if a teacher teaches for only a fractional part of the year credit shall be given for such fractional part of the year as the term of service rendered bears to 170 days.*

Sec. 14. Minnesota Statutes 1971, Section 354.10, is amended to read:

354.10 [FUND NOT SUBJECT TO ASSIGNMENT OR PROCESS; BENEFICIARIES.] The right of a teacher to avail himself of the benefits (OF SECTIONS 354.05 TO 354.10 AND 354.31 TO 354.55, AND ACTS AMENDATORY THEREOF) *provided by this chapter*, is a personal right only and shall not be assignable. All moneys to the credit of a teacher's account in the fund or any moneys payable to him from the fund shall belong to the state of Minnesota until actually paid to the teacher or his beneficiary pursuant to the provisions of (SECTIONS 354.05 TO 354.10 AND 354.31 TO 354.55, AND ACTS AMENDATORY THEREOF) *this chapter*. Any *power of attorney*, assignment or attempted assignment of a teacher's interest in the fund, or of the beneficiary's interest therein, by a teacher or his beneficiary shall be null and void and the same shall be exempt from garnishment or levy under attachment or execution and from all taxation by the state of Minnesota, except that none shall be exempt from taxation under chapter 291, unless transferred to a surviving spouse or minor or dependant child of the decedent or a trust for their benefit. Any beneficiary designated by a teacher under the terms of (SECTIONS 354.05 TO 354.10 AND 354.31 TO 354.55, AND ACTS AMENDATORY THEREOF) *this chapter*, may be changed or revoked by the teacher at his pleasure, in such manner as the board may prescribe. In case a designated beneficiary dies before the teacher designating him dies, and a new beneficiary is not designated, the teacher's estate shall be the beneficiary.

Sec. 15. Minnesota Statutes 1971, Chapter 354, is amended by adding a section to read:

[354.146] [RETIREMENT PROGRAMS.] *Subdivision 1. Every member who has rendered teaching service or was on an authorized leave of absence after June 30, 1972 is covered by the full formula program except that those members who have contributed to the variable annuity fund are covered by the combined formula and variable annuity program. A former member who does not return to teaching service prior to retirement shall have his benefit determined under the program in effect at the time of termination.*

*Subd. 2. If a member had previously elected the total variable annuity program, a portion of his variable annuity account accumulations will be transferred to his formula account and become a part of his accumulated deductions. An equal amount of state contributions shall be transferred from the variable annuity fund to the teachers retirement fund. Such transfers shall be in an amount equal to four-sevenths of the value of the member's variable annuity account as of June 30, 1974, except that only one-half of the contributions made during the fiscal year ending June 30, 1974 shall be transferred.*

*Subd. 3. After June 30, 1974, every new teacher entering teaching service or resuming teaching service after previously accepting a refund shall be covered by the full formula program.*

Sec. 16. Minnesota Statutes 1971, Section 354.201, is amended to read:

354.201 [STATE AID FOR BENEFITS.] *Subdivision 1. The provisions of this section apply to teachers retirement fund associations and the benefits provided thereby in cities of the first class in which the teaching body thereof has established and incorporated such an association under the provisions of sections 354.15 to 354.23.*

*Subd. 2. Notwithstanding any of the provisions of section 354.20, before the proper officials of the association make the certification to the authorities having charge of levying taxes for school purposes as provided in section 354.20, and in no case later than September 15 of each year, it shall furnish a copy of the certification which it proposes to make to the (STATE AUDITOR) commissioner of finance and at the same time furnish the (STATE AUDITOR) commissioner of finance with the number of teachers in the association who are currently contributing to the fund of such association, the amount of the annual salary of each of such teachers, the amount of each teacher's contribution and such other information as the (STATE AUDITOR) commissioner of finance may from time to time require.*

From such information the (STATE AUDITOR) commissioner of finance shall determine the state's obligation as prescribed

in subdivision 3 and shall pay the same to the association from the general fund in the state treasury and so much thereof as may be necessary to annually make such payment is hereby appropriated to the (STATE AUDITOR) *commissioner of finance* for such purpose. This payment shall be made no later than October 15 of each year. When the association receives such payment from the (STATE AUDITOR) *commissioner of finance* it shall deduct the amount thereof from the amount it proposes to certify to the proper authorities having charge of the levying of taxes for school purposes as provided for in section 354.20 and the amount necessary to raise by taxation in order to carry out the retirement plan of the association shall be reduced by the amount of the state's payment.

Subd. 3. The state's obligation under this section to a teachers retirement fund association in a city of the first class is an amount equal to the average amount, expressed as a percentage of payroll, that the state of Minnesota is required to pay annually for all contributing members of the state teachers retirement association including social security taxes. This percentage of payroll shall be based on annual estimated payroll amounts and certification information prepared by the state teachers retirement fund association for the current year, including social security taxes paid the previous year. This percentage of payroll shall be applied to total salary as reported in the annual salary information furnished by each teachers retirement association in a city of the first class to the (STATE AUDITOR) *commissioner of finance* in compliance with subdivision 2 to determine the state's obligation to each teachers retirement fund association in each city of the first class. Any amount by which subsequent actual experience may deviate from the amounts allocated through the foregoing estimates shall be adjusted on succeeding allocations to said associations in cities of the first class. In no event shall the state's obligation be in excess of the amount required to be certified by such associations under applicable law to the proper authorities who have charge of the levying of taxes for school purposes.

Subd. 4. The allocation of the (STATE AUDITOR) *commissioner of finance* to a teachers retirement fund association in a city of the first class as provided in subdivision 3 shall be reduced by an amount obtained by applying the percentage of payroll calculated in subdivision 3 to that portion of salaries paid from sources other than normal school operating funds as defined in section 354.05, subdivision 27. Before such allocation may be made, each teachers retirement fund association in a city of the first class shall furnish to the (STATE AUDITOR) *commissioner of finance* a satisfactory certification which shows the total of all salaries paid which are subject to teachers retirement deductions. For each individual salary included in the total of all salaries

paid from sources other than normal school operating funds as defined in section 354.05, subdivision 27, the certification shall show each person's name, his salary or related portion of salary and amount of employer contributions determined by applying the percentage of payroll calculated in subdivision 3 to such salary. He shall exercise this option by making an application to the board on a form provided by the board. This greater amount shall be the actuarial equivalent of the member's annuity computed on the basis of his age when he retires. Sec. 25. Minnesota Statutes, 1973 Supplement, Section 354.44, Subdivision 2, is amended to read:

Subd. 2. [COMPUTATION OF MONEY PURCHASE ANNUITY.] The amount of retirement annuity is an amount equal to double the annuity which could be purchased by the member's accumulated deductions plus interest thereon. The annuity shall be determined by the member's age, his sex, double the amount of his accumulated deductions, double the interest earned on the accumulated deductions, and the appropriate mortality tables and interest rates. For the purpose of determining the amount of the annuity *for a basic member*, the accumulated deductions prior to July 1, 1957, and the accumulated deductions subsequent to July 1, 1957, shall be considered separately.

(1) For service rendered prior to July 1, 1957, the accumulated deductions for any member shall be carried forward at a fixed amount which is shown credited to his account as of that date. That fixed amount shall also include any payments in lieu of salary deductions which are to be made in the future and are actually so made pursuant to an agreement executed between the member and the board as authorized by section 354.50 or any

other authorized payments made by the member to the fund. The annuity granted with respect to such period shall be determined by the following:

(a) The fixed amount of the accumulated deductions for such period including the interest credited thereon as earned up to July 1, 1957.

(b) Annuity purchase rates based on the mortality tables and interest assumption used by the board prior to July 1, 1957 *in the case of basic members and an annuity purchase rate based on an appropriate annuity table of mortality with an interest assumption as provided in section 354.07, subdivision 1, in the case of coordinated members.*

(2) For service rendered subsequent to July 1, 1957, the accumulated deductions for any member shall consist of the amounts actually credited to his account by reason of salary deductions. The annuity granted with respect to such period shall be determined by the following:

(a) accumulated deductions for such period;

(b) interest credited on these accumulated deductions from July 1, 1957, to the date of retirement;

(c) interest credited on accumulated deductions including prior credited interest provided in paragraph (1) from July 1, 1957, to the date of retirement;

(d) after the amount available for an annuity granted with respect to such person is determined in accordance with the provisions of this subdivision, an additional amount equal to 20 percent of the sum of clause (2) (a) plus interest credited to members account from July 1, 1957 to date of retirement is to be added. This added amount is not to be doubled as provided for other amounts determined in this subdivision;

(e) annuity purchase rate based on an appropriate annuity table of mortality with an interest assumption as provided in section 354.07, subdivision 1.

**((3) EACH MEMBER WHO IS COVERED UNDER THIS SUBDIVISION WHO ELECTS A VARIABLE ANNUITY OPTION SHALL HAVE THE SUM OF ANY BENEFITS PROVIDED HEREIN AND THE BENEFITS PROVIDED IN SECTION 354.62, SUBDIVISION 5.)**

After a member has reached the age of 72 he shall receive his annuity in full regardless of the amount of income.

Sec. 27. Minnesota Statutes, 1973 Supplement, Section 354.44, Subdivision 6, is amended to read:

Subd. 6. [COMPUTATION OF FORMULA PROGRAM RETIREMENT ANNUITY.] (1) The formula retirement annuity hereunder shall be computed in accordance with the applicable provisions of the formula stated in clause (2) hereof on the basis of each member's average salary for the period of his formula service credit. For the purposes of computing the formula benefits (IN SUBDIVISIONS 6 AND 7) *under the formula and variable program*, if a combination of these formulas is used, the formula percentages used will be those percentages in each formula as continued for the respective years of service from one formula to the next.

For all years of formula service credit "average salary" for the purpose of determining the member's retirement annuity means the average salary upon which contributions were made and upon which payments were made to increase the salary limitation provided in section 354.511 for the highest five (CONSECUTIVE YEARS WITHIN THE LAST TEN) *successive* years of formula service credit.

(2) The average salary as defined in clause (1), (OF ANY MEMBER) multiplied by (TWO PERCENT PER YEAR OF FORMULA SERVICE CREDIT FOR THE FIRST TEN YEARS AND 2.5 PERCENT FOR EACH SUBSEQUENT) *the following percentages per year* of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled(.):

	Coordinated Member	Basic Member
<i>Each year of service during first ten</i>	1.0 percent per year	2.0 percent per year
<i>Each year of service thereafter</i>	1.5 percent per year	2.5 percent per year

(3) Where any member retires prior to age 65 under a formula annuity, he shall be paid a retirement annuity in an amount equal to the normal annuity provided in subdivisions 6 and 7, reduced by one half of one percent for each month that the member is under age 65 to and including age 60 and reduced by one fourth of one percent for each month under age 60 at the time of retirement except that for any member who has 30 or more years of allowable service credit, such reduction shall be applied only for each month such member is under age 62.

Sec. 28. Minnesota Statutes, 1973 Supplement, Section 354.44, Subdivision 7, is amended to read:

Subd. 7. [COMPUTATION OF FORMULA AND VARIABLE PROGRAM RETIREMENT ANNUITY.] The benefits provided in this subdivision are the sum of the benefits provided by the following:

(2) The benefits for service credit subsequent to the effective date of the (ELECTION OF THIS SUBDIVISION) *formula and variable program* shall be the average salary as defined in subdivision 6, clause (1) of any member multiplied by (ONE PERCENT PER YEAR OF FORMULA SERVICE CREDIT FOR THE FIRST TEN YEARS AND 1.25 PERCENT FOR EACH SUBSEQUENT) *the following percentages per year* of formula service credit, (AND)

	<i>Coordinated Member</i>	<i>Basic Member</i>
<i>Each year of service during first ten</i>	<i>.5 percent per year</i>	<i>1.0 percent per year</i>
<i>Each year of service thereafter</i>	<i>.75 percent per year</i>	<i>1.25 percent per year, and</i>

(3) the benefits provided in section 354.62, subdivision 5.

Payments for the benefit of any dependent child under the age of (18) 22 years shall be made to the surviving parent, or if there be none, to the legal guardian of such child. The maximum monthly benefit shall not exceed (\$400) \$450 for any one family, and the minimum benefit per family shall not be less than 30 percent of the *basic* member's average salary, subject to the foregoing maximum. The surviving dependent spouse benefit shall terminate upon (HIS OR HER) remarriage, and the dependent children's benefit shall be reduced pro tanto when any child is no longer dependent.

If the *basic* member and the surviving dependent spouse are killed in a common disaster and if the total of all survivors benefits paid under this subdivision is less than the accumulated deductions plus interest payable, the surviving children shall receive the difference in a lump sum payment.

Any survivor of a *basic* member whose average salary was less than \$75 per month shall not be entitled to the benefits provided in this subdivision. If the survivor benefits provided in this subdivision exceed in total the monthly average salary of the deceased *basic* member, these benefits shall be reduced to an amount equal to the deceased *basic* member's monthly average salary.

(EFFECTIVE JANUARY 1, 1973) *Prior to payment of any survivor benefit herein described, the surviving dependent spouse's benefit provided herein may be waived but the benefits of a dependent child can only be waived by order of the district court. The joint and survivor annuity provided herein shall be elected by the member after he has attained the age of at least 55 with not less than 20 years of allowable service, or who has received credit for not less than 30 years of allowable service regardless of age. (2) If a member dies before retirement and is covered under the provisions of section 354.44, subdivisions 6 and 7, and neither

an optional annuity nor reversionary annuity, *nor the benefit described in section 354.46, subdivision 1* is payable to the survivors of a basic member, there shall be paid to his surviving dependent spouse or if there is no surviving dependent spouse to his designated beneficiary an amount equal to his accumulated deductions credited to his account as of June 30, 1957 and from July 1, 1957 to the date of death his accumulated deductions plus interest at the rate of three and one half percent per annum compounded annually.

If upon the consideration of the reports of the physicians and such other evidence presented by the member or others interested therein, the board finds the member totally and permanently disabled, it shall grant him a disability benefit. H. F. No. 3164, A bill for an act relating to public transit; providing for public transportation improvements throughout the state and public transit demonstration projects; appropriating money therefor.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [LEGISLATIVE PURPOSE.] The legislature finds and determines that it is in the best interest of the state to establish supplemental public transit aid and public transit demonstration programs. It is the purpose of these programs to preserve, improve and develop supplemental public transit operations throughout the state with financial aid. It is the goal of these programs to reduce energy consumption, and afford the benefits of an effective public transit system to those persons who would not have available an alternative source of transportation. It is the intent of this legislation that the funds be used

on a statewide basis, and that the relative financial needs of all potential recipients be considered.

Sec. 2. [CITATION.] This act may be cited as the Minnesota Supplemental Transit Aid Program Act of 1974.

Sec. 3. [DEFINITIONS.] Subdivision 1. "Eligible recipients" means any legislatively established public transit commission or public transit authority, county, or municipality providing financial assistance to, or operating a public transit system or any combination of such units.

Subd. 2. "Total operating deficits" means the amount by which the total prudent operating expenses, including a reasonable return on investments, incurred in the operation of the public transit system exceeds the amount of operating revenue derived therefrom.

Subd. 3. "Public transit system" means a transit system, either publicly or privately owned, which provides to the public general or specific service on a regular and continuing basis.

Sec. 4. [SUPPLEMENTAL PUBLIC TRANSIT AID PROGRAM.] Subdivision 1. [CREATION.] A supplemental public transit aid program is hereby created to provide state financial assistance to eligible recipients.

Subd. 2. [PURPOSE.] The purpose of this program is to preserve and improve public transit operations in approved areas of the state.

Subd. 3. [ELIGIBILITY.] Eligible recipients of the financial assistance through the supplemental public transit aid program include counties, municipalities, and legislatively established public transit authorities or commissions, or combinations of such units. Applications for financial assistance shall be made through the regional development commissions.

Subd. 4. [ORGANIZATION.] The state planning agency shall administer this supplemental public transit aid program in an area other than the metropolitan transit area defined in Minnesota Statutes, Chapter 473A and shall have all the powers necessary and convenient to implement the program, including the following:

(a) Adopt rules and regulations necessary to carry out the purpose of this section.

(b) Receive applications for aid under this section and prescribe the form and nature and extent of the information which shall be contained in the application.

(c) Make and execute contracts with any eligible recipients to insure the continuance and improvement of public transit service at reasonable fares. Payments under such contracts to eligible recipients shall not exceed two-thirds of the total operating deficit of the public transit system involved. In allocating these funds, the state planning agency may consider population, transit ridership, relative need for public transit, new developments and other factors.

(d) Determine the operating deficit of any public transit system in accordance with the general accepted accounting principles and practices. In determining such total operating deficits, the agency shall consider all increases and expenses and reductions in revenue in the public transit system after the effective date of this section and may disallow portions or all of any such increase or reductions. Where legislatively established public transit authorities or commissions do not exist, and if more than one county or municipality contributes assistance to the operation of public transit system, the aid distributable under this section shall be allocated among contributors in proportion to their contribution.

(e) Apply for, receive and accept federal funds made available for the purpose of this section, if requested, on behalf of eligible recipients.

Subd. 5. [APPROPRIATION.] There is hereby appropriated from the general fund the sum of \$5,500,000 to the state planning agency for the purposes of carrying out the provisions of this section. Of these funds \$4,500,000 shall be appropriated for use by the metropolitan transit commission to carry out the provisions of the commission's petroleum emergency program. None of the moneys hereby appropriated shall cancel but shall be available until expended.

All financial records relative to the expenditure of funds appropriated under this subdivision shall be subject to audit by the legislative auditor.

Sec. 5. [PUBLIC TRANSIT DEMONSTRATION PROGRAM.] Subdivision 1. [CREATIONS.] A public transit demonstration program is hereby created which will provide state financial assistance to eligible recipients.

Subd. 2. [PURPOSE.] The purpose of this program is to demonstrate the effects of improving public transit service on reducing vehicular travel and meeting transportation needs at a minimal cost.

Subd. 3. [ELIGIBILITY.] Eligible recipients of the financial assistance through the public transit demonstration program include counties, municipalities, legislatively established public transit authorities or commissions, or combinations of such units

in areas other than the metropolitan transit area defined in Minnesota Statutes, Chapter 473A. Applications for financial assistance shall be made through the regional development commissions.

Subd. 4. [LIMITATIONS.] It is the intent of this legislation that the funds be used on a statewide basis. In order to carry out this policy, no more than 20 percent of the funds appropriated in subdivision 6, shall be granted to any single recipient during the first six months of the program. At the end of the six month period, unobligated funds shall be made available without such restriction.

Subd. 5. [ORGANIZATION.] The state planning agency shall administer the public transit demonstration program and shall have the powers necessary and convenient to implement the program, including the following:

(a) Adopt rules and regulations necessary to carry out the purpose of this section.

(b) Insure that grant applications specify how the proposed project will result in improvements in accessibility for public transportation, improvements in the quality of public transit service to passengers, improvements in the economic performance of the public transit system and in reducing adverse impacts of vehicular transportation on the environment.

(c) Make and execute contracts with eligible recipients. Grants of up to 100 percent of the cost of the public transit demonstration projects may be made.

Subd. 6. [APPROPRIATIONS.] There is hereby appropriated from the general fund to the state planning agency the sum of \$500,000 for the purpose of carrying out the provisions of this section. None of moneys hereby appropriated shall cancel but shall be available until expended.

Sec. 6. After 12 months from the effective date of this act, funds remaining unobligated under sections 4 and 5 may be allocated for either of the purposes described in sections 4 and 5.

Sec. 7. [ADMINISTRATIVE COST.] There is hereby appropriated from the general fund to the state planning agency the sum of \$75,000 for the purposes of administering the provisions of this act. None of the moneys hereby appropriated shall cancel but shall be available until expended.

Sec. 8. [ENACTMENT.] This act shall take effect upon final enactment."

[120.59] [PURPOSE.] *The purpose of Minnesota Statutes, Sections 120.59 to 120.67 is to authorize school districts to evaluate, plan and employ the use of flexible school year programs. It is anticipated that the open selection of the type of flexible school year program from a variety of alternatives will allow each district which seeks to utilize this concept to suitably fulfill the educational needs of its pupils. These alternatives shall include but not be limited to various 45-15 plans, four-quarter plans, quinmester plans, extended school year plans, flexible all-year plans, and four-day week plans.*

No school board shall discriminate on the basis of race, color, creed, religion, marital status, status with regard to public assistance, sex, or national origin when assigning pupils to attendance groups pursuant to this section.*

These procedures shall include at least three informational meetings for which the board has given adequate notice to the teachers, principals and assistant principals and employees and to the parents of pupils affected. [120.64] [ASSIGNMENT OF TEACHERS.] *In school districts where a flexible school year program is implemented in fewer than all of the schools maintained by the school district, the board of the school district shall make every reasonable effort to assign qualified teachers who prefer the regular school schedule to schools of the same level retaining the regular school schedule. *this program more than or less than the number of days in generally the same period of the calendar year the schools of the district were maintained during the year preceding implementation of the flexible school year program. In no event shall the tenure earned in a position be less than the tenure held the year preceding the program or if the year of teaching preceding the program were the end of a period in which the next succeeding year would result in securing tenure, then no less than the tenure normally acquired in that year of teaching experience.*

*Any school district operating a flexible school year shall enter into a contract with individual teachers governing the entire calendar year. If individual teachers agree to teach less than the usual nine months, such teachers shall be able to achieve tenure after 350 days of teaching within three calendar years or in cities of the first class 525 days in five calendar years. All other teachers who during a period of five calendar years from their first teaching experience in the school district teach in excess of 175 days shall be entitled to a six month or more teaching position, if available and in the order of seniority, upon written demand of the school district. This formula shall be computed so that tax levies to be made by the district, state aids to be received by the district, and any and all other formulas based upon average daily membership are not affected solely as a result of adopting this plan of instruction.*

*Subd. 2. This act shall not be construed to authorize the state board to require the establishment of a flexible school year program in any district in which the school board has not voted to establish, maintain, and operate such a program.*

If school is held a less period such special state aid shall be reduced in the proportion that school is held bears to 175 days effective the 1970-71 school year and thereafter, but districts maintaining less than the required minimum number of days of school in session do not lose special state aid if the circumstances causing such loss of school time below the required minimum number of days were beyond the control of the board and provided proper evidence has been submitted *and a good faith attempt made to make up time lost on account of these circumstances*; provided further, that days devoted to teachers' institutes or other meetings authorized or called by the commissioner may not be included as part of the required minimum number of days of school in session (, AND (2) EXPEND FOR TEACHERS' SALARIES NOT LESS THAN 65 PERCENT OF THE MAINTENANCE EXPENDITURES EXCLUSIVE OF TRANSPORTATION BUT WHEN SUCH EXPENDITURES EXCEED \$150 PER PUPIL UNIT IN AVERAGE DAILY ATTENDANCE, SUCH ANNUAL TEACHERS' SALARY EXPENDITURES NEED NOT EXCEED 65 PERCENT OF THE \$150 PER PUPIL UNIT IN AVERAGE DAILY ATTENDANCE EXCLUSIVE OF TRANSPORTATION. Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. Minnesota Statutes 1971, Section 56.01, is amended to read:

56.01 [NECESSITY OF LICENSE.] No person, copartnership, association, or corporation shall engage in the business of making loans of money, credit, goods, or things in action, in the amount or of the value of (\$900) \$1,500 or less, and charge, contract for, or receive on any such loan a greater rate of interest, discount, or consideration therefor than the lender would be permitted by law to charge if he were not a licensee hereunder, except as authorized by this chapter and without first obtaining a license from the commissioner of banks, hereinafter called the commissioner. The word “person”, as used in this chapter, includes individuals, copartnership, associations, and corporations, unless the context requires a different meaning.

Sec. 2. Minnesota Statutes 1971, Section 56.12, is amended to read:

56.12 [ADVERTISING; TAKING OF SECURITY; PLACE OF BUSINESS.] No licensee or other person shall advertise, print, display, publish, distribute, or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to the rates, terms, or conditions for the lending of money, credit, goods, or things in action, in the amount or of the value of (\$900) \$1,500 or less, at a greater rate of charge than lenders not licensed hereunder would be permitted by law to make, which is false, misleading, or deceptive. The commissioner

may order any licensee to desist from any conduct which he shall find to be a violation of the foregoing provisions.

The commissioner may require that rates of charge, if stated by a licensee, be stated fully and clearly in such manner as he may deem necessary to prevent misunderstanding thereof by prospective borrowers.

No licensee shall take a lien upon real estate as security for any loan made under this chapter, except such lien as is created by law upon the recording of a judgment.

No licensee shall conduct the business of making loans under this chapter within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, except as may be authorized, in writing, by the commissioner upon his finding that the character of the other business is such that the granting of such authority would not facilitate evasions of this chapter or of the rules and regulations lawfully made hereunder.

No licensee shall transact the business or make any loan provided for by this chapter under any other name or at any other place of business than that named in the license. No licensee shall take any confession of judgment or any power of attorney. Sec. 3. Minnesota Statutes 1971, Section 56.13, Subdivision 1, is amended to read:

56.13 [LIMITATION OF LOANS; INTEREST; INVESTIGATION CHARGE.] Subdivision 1. Every licensee hereunder may lend any sum of money not to exceed (\$900) *\$1,500* in amount, and may contract for and receive thereon a charge at a rate not exceeding two and three-quarters percent per month on that part of the unpaid principal balance of any loan not exceeding \$300; one and one-half percent per month on that part of the unpaid principal balance of any loan in excess of \$300 but not exceeding \$600, one and one-quarter percent per month on any remainder of such unpaid principal balance; provided (*, HOWEVER, THAT) in addition the licensee may collect from the proceeds of any loan an investigation charge of \$1 for each \$50, or fraction thereof, of the principal amount loaned, for expenses including any examination or investigation of the character and circumstances of the borrower, co-maker or security, and drawing and taking the acknowledgment of necessary papers, filing fees, or other expenses incurred in making the loan; provided, that no such charge shall be made on that portion of a loan in excess of \$1,000, and no such charge shall be collected unless a loan shall have been made. The full amount of the in-*

*investigation charge authorized by this subdivision shall be fully earned by the time a loan is made without regard to the expenses incurred and shall not be deemed interest; provided, however, if a loan for which an investigation charge was made is renewed within 12 months from the date of the loan, then 1/12 of such investigation charge shall be deemed earned for each month or portion thereof from the date of the loan to the date of renewal, and the balance thereof shall be refunded to the borrower. A loan shall be deemed to be renewed at the time the loan is paid in full if any part of such payment is made out of the proceeds of another loan from the same or affiliated lender. Not more than six months of accrued charges on the unpaid principal balance shall be included in any judgement entered on any loan made hereunder.*

For the purpose of computations a month shall be considered a calendar month and where a fraction of a month is involved a day shall be considered one-thirtieth of a month.

This transaction shall be governed by, and subject to, the provisions of this chapter.

Sec. 7. Minnesota Statutes 1971, Section 56.18, is amended to read:

56.18 [UNLICENSED PERSONS NOT TO MAKE LOANS.] No person, except as authorized in this chapter, shall directly or indirectly, charge, contract for, or receive any interest, discount, or consideration greater than the lender would be permitted by law to charge if he were not a licensee hereunder upon the loan, use, or forbearance of money, goods, or things in action, or upon the loan, use, or sale of credit of the amount or value of (\$900) \$1,500 or less.

The foregoing prohibition shall apply to any person who, by any device, subterfuge, or pretense, shall charge, contract for, or receive greater interest, consideration, or charges than is authorized by this chapter for any such loan, use or forbearance of money, goods, or things in action, or for any such loan, use or sale of credit.

No loan of the amount or value of (\$900) \$1,500 or less for which a greater rate of interest, consideration, or charges than is permitted by this chapter has been charged, contracted for, or received, wherever made, shall be enforced in this state, and every person in anywise participating therein in this state shall be subject to the provisions of this chapter, provided, that the foregoing shall not apply to loans legally made in any state which then has in effect a regulatory small loan law similar in principle to this chapter.

*Subd. 11. Upon or after the creation of an industrial development district under section 458.191, the auditor of the county in which it is situated shall upon request of the port authority certify the then most recently determined assessed valuation of all or so much of the taxable real property within the district as is identified by legal description in the request, other than that portion of the valuation which is contributed to an area-wide tax base under Minnesota Statutes, Chapter 473F. The auditor shall certify to the authority in each year thereafter the amounts and percentages of subsequent increases or decreases in such valuation other than that portion of such increases or decreases which is contributed to an area-wide tax base under Minnesota Statutes, Chapter 473F. The auditor shall compute the mill rates of taxes against such original valuation but shall extend such rates also against any incremental value and remit the resulting tax increment to the port authority in the same manner as that provided for the computation and remittance of tax increments under section 462.585, subdivisions 2 and 3. The port authority shall segregate tax increments received with respect to any such property district in a special account on its official books and records. Such tax increments shall be remitted to the port authority until the cost of redevelopment of the marginal land within the district, including interest thereon, has been fully reimbursed from the tax increments. When such full reimbursement has been made, it shall be reported by the port authority to the county auditor, who shall thereafter include the entire assessed valuation of the property in the assessed valuations upon which tax mill rates are computed and extended and taxes are remitted to all taxing districts. Any part or all of such tax increments, if so directed by the city council, shall be pledged and appropriated for the payment of any general obligation bonds of the port authority. Increases in the value of such property, subsequent to certification of the base for computing the tax increment therefrom, shall not be included in the assessed valuation of any taxing district for the purpose of computing any debt or levy limi-*

tation or the amount of any state or federal aid to the taxing district, so long as the tax increment therefrom is segregated under the provisions of this section.

Sec. 3. Minnesota Statutes 1971, Section 458.192, is amended by adding a subdivision to read:

*Subd. 12. The total acreage of land zoned for industrial use included in any one industrial development district by a port authority shall not exceed 3 percent of the total acreage of the municipality which is zoned for industrial use at the time of formation of the district. Upon formation of a new industrial development district the total acreage of land zoned for industrial use within the district shall not when added to the total current acreage of the land zoned for industrial use included by a port authority within all development districts for which unrecovered costs remain exceed 10 percent of the total acreage of the municipality zoned for industrial use."*

Sec. 7. [FINANCE, ASSISTANCE, ACCEPTANCE; RULES BY GOVERNOR.] Subdivision 1. It is the intent of the legislature and declared to be the policy of the state that funds to meet emergencies shall always be available as provided in Minnesota Statutes, Section 9.061.

Subd. 2. Whenever the federal government or any agency or officer thereof shall offer to the state, or through the state to any political subdivision thereof, services, equipment, supplies, materials, or funds by way of gift, grant or loan, for the purposes of emergency services, the state, acting through the governor, or such political subdivision, acting with the consent of the governor and through its governing body, may accept such offer and upon such acceptance the governor of the state or governing body of such political subdivision may authorize any officer of the state or of the political subdivision, as the case may be, to receive such services, equipment, supplies, materials, or funds on behalf of the state or such political subdivision, and subject to the terms of the offer and the rules and regulations, if any, of the agency making the offer, but no moneys or other funds shall be accepted or received as a loan nor shall any indebtedness be incurred except in the manner and under the limitations otherwise provided by law.

Subd. 3. Whenever any person, firm or corporation shall offer to the state or to any political subdivision thereof, services, equipment, supplies, materials, real property, or funds by the way of gift, grant or loan, for purposes of emergency services, the state, acting through the governor, or such political subdivision, acting through its governing body, may accept such offer and upon such acceptance the governor of the state or the governing body of such political subdivision may authorize any officer of the state or of the political subdivision, as the case may be, to receive such services, equipment, supplies, materials, real property, or funds on behalf of the state or such political subdivision, and subject to the terms of the offer, but no moneys or other funds shall be accepted or received as a loan nor shall any indebtedness be incurred except in the manner and under the limitations otherwise provided by law. Real property so accepted shall be treated as, and subject to the same immunities during time of emergency as real property owned by the state.

Subd. 4. The governor shall have authority to establish rules and regulations in accordance with the law for the proper and efficient operation and administration of the disaster emergency services program including methods relating to the establishment and maintenance of personnel standards on a merit basis for all employees of local disaster emergency services agencies, provided, however, that the governor shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods.

The governor may, by rule or regulation, cooperate with the federal government in any manner as may be necessary to qualify for federal aid to carry out the provisions herein expressed. The governor may, by rule or regulation, also cooperate with other political units or subdivisions in establishing and maintaining personnel standards on a merit basis.

In carrying out the provisions of this act, the governor and the governing bodies of the political subdivisions of the state are directed to utilize the services, equipment, supplies and facilities of existing departments, offices, and agencies of the state and of the political subdivisions thereof to the maximum extent practicable, and the officers and personnel of all such departments, offices, and agencies are directed to cooperate with and extend such services and facilities to the governor and to the emergency services organizations of the state upon request.

Subd. 5. Where the governor or his duly authorized representative deems it necessary to send an employee of the division of emergency services or any other person, whether or not that person is a state employee, to any school training or indoctrination program, or place for training or indoctrination in matter legitimately connected with emergency services, or where he deems it necessary to send any person whether or not a state employee, to any place in this or another state for any purpose connected with emergency services, he may authorize the payment

of travel expenses and reasonable subsistence for the period of time during which he is required to remain at the place to which he has been sent. These payments shall be made from money appropriated to the department. Upon the certification by the governor or his duly authorized representative of the purpose and amount of any such payment, the state auditor shall draw his warrant upon the state treasurer, and the latter shall pay the amount so certified. The provisions of this section are subject to the provisions of Minnesota Statutes, Chapter 16.

The governor may devise and formulate a procedure for processing and certification of travel and subsistence expenses which allows the person to submit monthly statements of expenses incurred during the preceding month.

Subd. 6. Nothing contained in this section shall be construed to limit the governor's authority to apply for, administer, and expend grants, gifts, or payments in aid of disaster prevention, preparedness, response, or recovery.

Sec. 8. [LOCAL ORGANIZATIONS.] Subdivision 1. Each political subdivision of this state shall establish a local organization for emergency services in accordance with the state emergency plan and program, but no town shall establish a local organization for emergency services without approval of the state director. Each local organization for emergency services shall have a director who shall be appointed forthwith in a city, by the mayor thereof, in a town by the town board, and for a public corporation created and operating under Minnesota Statutes, Sections 360.101 to 360.133 by its governing body who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency services, subject to the direction and control of such governing body.

Subd. 2. Each county emergency services organization shall have a director and one or more deputy directors. They shall be appointed by the county board. A county organization for emergency services shall have jurisdiction throughout the county outside of any city, or of a town which has a local emergency services organization. In addition to the other powers granted by this subdivision, such county organizations shall coordinate the activities of and may assist in the training of emergency services organizations of political subdivisions within the county, plan for the continuity of county government in cooperation with the county attorney who is authorized and directed to give legal advice to the county organization, acquire equipment necessary in connection therewith, and expend funds provided by the county board out of general revenue funds for such purposes.

Subd. 3. Each local and county organization for emergency services shall perform emergency functions within the territorial limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of

such territorial limits as may be required pursuant to the provisions of this act or any other applicable provisions of law.

Subd. 4. The county emergency services director shall promote a community first aid and blood bank committee for each hospital within the county other than any owned and operated by the state or federal governments. This committee, in cooperation with the committee on emergency services and disaster blood program, the medical and administrative staff of the hospital and other local and state agencies, shall develop blood banks and donor lists in accordance with the provisions of this act.

Subd. 5. With approval of the governor, two or more political subdivisions may enter into agreements determining the boundaries of the geographic areas of their respective emergency responsibilities or providing for a common emergency services organization which, for the purposes of this act shall be a local emergency services organization.

Subd. 6. Each local and interjurisdictional agency shall prepare and keep current a local or interjurisdictional emergency plan for its area.

Subd. 7. The local or interjurisdictional emergency agency, as the case may be, shall prepare and distribute to all appropriate officials in written form a clear and complete statement of the emergency responsibilities of all local agencies and officials and of the disaster chain of command.

Subd. 8. To provide moneys for emergency services purposes authorized by this chapter, a political subdivision is empowered to levy annually upon all taxable property in the political subdivision, except as provided in subdivision 11, a tax in excess of and over and above all taxing limitations, except a limitation established pursuant to sections 275.50 to 275.56, in such amount as may be necessary to pay such expenditures. The total amount of a tax levied under authority of this section except when levied by a county shall not exceed 40 cents per capita based on the last federal regular or special census, except in a political subdivision in which such tax will not produce a total amount of \$1,000 in which event a tax sufficient to produce \$1,000 or so much thereof as may be necessary may be levied, if not in excess of a limitation established pursuant to sections 275.50 to 275.56.

Subd. 9. (a) To provide moneys for the purchase of organizational equipment which is to be paid for in part by the federal government, a political subdivision is empowered to levy a tax upon all taxable property in the political subdivision, except as provided in subdivision 10, in excess of and over and above all taxing limitations, including those provided in subdivision 8, but subject to a limitation established pursuant to sections 275.50 to 275.56, in such amount as may be necessary to pay its share of the cost of such organizational equipment, provided that the governor has approved the purchase thereof.

(b) Each political subdivision which has initiated the purchase of organizational equipment shall have the power:

(1) To pay into the state treasury, in trust, its share of the cost of organizational equipment required by the federal government to be paid in advance.

(2) To pay into the state treasury, in trust, its share of the reimbursement of the federal government by the state as part of its share of the cost of organizational equipment purchased for the political subdivision and initially wholly paid for from the federal treasury.

(3) To pay the entire cost of organizational equipment from funds derived from tax levies herein authorized but within the limitations of subdivision 8. Organizational equipment purchased entirely from funds of a political subdivision need not be in excess of equipment provided for normal operation of a political subdivision and may be of a type and kind usable for both local and disaster emergency services purposes.

Subd. 10. When levied by a county, the taxes authorized in subdivisions 8 and 9, respectively, shall be spread wholly and exclusively upon property within the portion of the county over which the county local organization for civil defense has justification as provided in section 12.25, subdivision 1; provided, however, that a county may levy annually a tax upon all taxable property within any city or town within the county which has a local civil defense organization.

Subd. 11. Notwithstanding the limitation contained in section 8, subdivision 9, the limitation applicable to the city of Minneapolis shall continue at 20 cents per capita, and no levy may be made by Hennepin county on property within the city of Minneapolis pursuant to section 8, subdivision 11.

Sec. 9. Subdivision 1. If the governor finds that two or more adjoining counties would be better served by an interjurisdictional arrangement than by maintaining separate disaster agencies and services, he may delineate by executive order or regulation an interjurisdictional area adequate to plan for, prevent, or respond to disaster in that area and direct steps to be taken as necessary, including the creation of an interjurisdictional relationship, a joint emergency plan, mutual aid, or an area organization for emergency planning and services. A finding of the governor pursuant to this subdivision shall be based on one or more factors related to the difficulty of maintaining an efficient and effective disaster prevention, preparedness, response, and recovery system on an unijurisdictional basis, with concurrence of the counties involved, such as:

(a) Small or sparse population;

(b) Limitations on public financial resources severe enough to make maintenance of a separate emergency agency and services unreasonably burdensome;

(c) Unusual vulnerability to disaster as evidenced by a past history of disaster, topographical features, drainage characteristics, disaster potential, and presence of disaster-prone facilities or operations;

(d) The interrelated character of the counties in a multi-county area;

(e) Other relevant conditions or circumstances.

Subd. 2. If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or states or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship, mutual aid, or an area organization for disaster, he shall take steps to that end as desirable. If this action is taken with jurisdictions that have enacted the interstate civil defense and disaster compact, any resulting agreement or agreements may be considered supplemental agreements pursuant to Article VI of that compact.

Subd. 3. If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or states or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship, mutual aid, or an area organization for disaster, he shall take steps to that end as appropriate pursuant to Article VI of the civil defense and disaster compact. If the other jurisdiction or jurisdictions with which the governor proposes to cooperate have not enacted that compact, he may negotiate special agreements with the jurisdiction or jurisdictions. Any agreement, if sufficient authority for the making thereof does not otherwise exist, becomes effective only after its text has been communicated to the legislature and provided that neither house of the legislature has disapproved it by adjournment of the next ensuing session competent to consider it or within 30 days of its submission, whichever is longer.

Sec. 10. [INTERGOVERNMENTAL ARRANGEMENTS.]  
Subdivision 1. This state enacts into law and enters into the interstate civil defense and disaster compact with all states, defined therein, which states have enacted or shall hereafter enact the compact in the form substantially as follows:

Interstate civil defense and disaster compact

The contracting states solemnly agree:

## ARTICLE I

The purpose of this compact is to provide mutual aid among the states in meeting any emergency or disaster from enemy attack or other cause, natural or otherwise, including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. The prompt, full, and effective utilization of the resources of the respective states, including such resources as may be available from the United States government or any other source, are essential to the safety, care, and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment, or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the civil defense agencies or similar bodies of the states that are parties hereto. The directors of civil defense of all party states shall constitute a committee to formulate plans to take all necessary steps for the implementation of this contract.

## ARTICLE II

It shall be the duty of each party state to formulate civil defense plans and programs for application within such state. There shall be frequent consultation between the representatives of the states and with the United States government and the free exchange of information and plans, including inventories of any materials and equipment available for civil defense. In carrying out such civil defense plans and programs the party states shall so far as possible provide and follow uniform standards, practices and rules and regulations including:

(a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different civil defense services;

(b) Blackouts and practice blackouts, air-raid drills, mobilization of civil defense forces and other tests and exercises;

(c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith;

(d) The effective screening or extinguishing of all lights and lighting devices and appliances;

(e) Shutting off water mains, gas mains, electric power connections and the suspension of all other utility services;

(f) All materials or equipment used or to be used for civil defense purposes in order to assure that such materials and equipment will be easily and freely interchangeable when used in or by any other party state;

(g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic, prior, during and subsequent to drills or attacks;

(h) The safety of public meetings or gatherings; and

(i) Mobile support units.

### ARTICLE III

Any party state requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state. Each party state shall extend to the civil defense forces of any other party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, privileges and immunities as if they were performing their duties in the state in which normally employed or rendering services. Civil defense forces will continue under the command and control of their regular leaders but the organizational units will come under the operational control of the civil defense authorities of the state receiving assistance.

### ARTICLE IV

Whenever any person holds a license, certificate, or other permit issued by any state evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party state to meet an emergency or disaster and such state shall give due recognition to such license, certificate or other permit as if issued in the state in which aid is rendered.

### ARTICLE V

No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

### ARTICLE VI

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that appropriate among other states party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from enter-

ing into supplementary agreements with another state or states. Such supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons, and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications, personnel, equipment and supplies.

#### ARTICLE VII

Each party state shall provide for the payment of compensation and death benefits to injured members of the civil defense forces of that state and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

#### ARTICLE VIII

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further that any two or more party states may enter into supplementary agreements establishing a different allocation of costs as among those states. The United States government may relieve the party state receiving aid from any liability and reimburse the party state supplying civil defense forces for the compensation paid to and the transportation, subsistence, and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the state and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment, or facilities so utilized or consumed.

#### ARTICLE IX

Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster shall be worked out from time to time between representatives of the party states and the various local civil defense areas thereof. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees shall be reimbursed generally for the out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for

transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed by the party state of which the evacuees are residents, or by the United States government under plans approved by it. After the termination of the emergency or disaster the party state of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.

#### ARTICLE X

This compact shall be available to any state, territory or possession of the United States, and the District of Columbia. The term "state" may also include any neighboring foreign country or province or state thereof.

#### ARTICLE XI

The committee established pursuant to Article I of this compact may request the Civil Defense Agency of the United States government to act as an informational and coordinating body under this compact, and representatives of such agency of the United States government may attend meetings of such committee.

#### ARTICLE XII

This compact shall become operative immediately upon its ratification by any state as between it and any other state or states so ratifying and shall be subject to approval by Congress unless prior congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and the Civil Defense Agency and other appropriate agencies of the United States government.

#### ARTICLE XIII

This compact shall continue in force and remain binding on each party state until the legislature or the governor of such party state takes action to withdraw therefrom. Such action shall not be effective until 30 days after notice thereof has been sent by the governor of the party state desiring to withdraw to the governors of all other party states.

#### ARTICLE XIV

This compact shall be construed to effectuate the purposes stated in Article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

Subd. 2. If any person holds a license, certificate, or other permit issued by any state or political subdivision thereof evidencing the meeting of qualifications for professional, mechanical, or other skills, the person may render aid involving that skill in this state to meet an emergency or disaster, and this state shall give due recognition to the license, certificate or other permit.

Sec. 11. [LOCAL EMERGENCIES.] Subdivision 1. A local emergency may be declared only by the mayor of municipalities or chairman of the county board of commissioners or his legal successor of a political subdivision. It shall not be continued or renewed for a period in excess of seven days except by or with the consent of the governing board of the political subdivision. Any order or proclamation declaring, continuing, or terminating a local emergency shall be given prompt and general publicity and shall be filed promptly with the chief local records-keeping agency.

Subd. 2. The effect of a declaration of a local emergency is to activate the response and recovery aspects of any and all applicable local or interjurisdictional disaster emergency plans and to authorize the furnishing of aid and assistance thereunder.

Subd. 3. No interjurisdictional agency or official thereof may declare a local emergency, unless expressly authorized by the agreement pursuant to which the agency functions. However, an interjurisdictional disaster agency shall provide aid and services in accordance with the agreement pursuant to which it functions.

Sec. 12. [DISASTER PREVENTION.] Subdivision 1. In addition to disaster prevention measures as included in the state, local, and interjurisdictional emergency plans, the governor shall consider on a continuing basis steps that could be taken to prevent or reduce the harmful consequences of disasters. At his direction, and pursuant to any other authority and competence they have, state agencies, including but not limited to those charged with responsibilities in connection with flood plain management, stream encroachment and flow regulation, weather modification, fire prevention and control, air quality, public works, land use and land-use planning, and construction standards, shall make studies of disaster prevention-related matters. The governor, from time to time, shall make recommendations to the legislature, local governments, and other appropriate public and private entities as may facilitate measures for prevention or reduction of the harmful consequences of disasters.

Subd. 2. The department of natural resources, in conjunction with the division of emergency services, shall keep land uses and construction of structures and other facilities under continuing study and identify areas which are particularly susceptible to serve land shifting, subsidence, flood, or other catastrophic occurrence. The studies under this subdivision shall concentrate on

means of reducing or avoiding the dangers caused by such occurrences or the consequences thereof.

Subd. 3. If the division of emergency services determines on the basis of the studies or other competent evidence that an area is susceptible to a disaster of catastrophic proportions without adequate warning, that existing building standards and land-use controls in that area are inadequate and could add substantially to the magnitude of the disaster, and that changes in zoning regulations, other land-use regulations, or building requirements are essential in order to further the purposes of this subdivision, it shall specify the essential changes to the governor. If the governor upon review of the recommendation finds after public hearing that the changes are essential, he shall so recommend to the agencies or local governments with jurisdiction over the area and subject matter. If no action or insufficient action pursuant to his recommendations is taken within the time specified by the governor, he shall so inform the legislature and request legislative action appropriate to mitigate the impact of disaster.

Subd. 4. The governor, at the same time that he makes his recommendations pursuant to subdivision 3, may suspend the standard or control which he finds to be inadequate to protect the public safety and by regulation place a new standard or control in effect. The new standard or control shall remain in effect until rejected by concurrent resolution of both houses of the legislature or amended by the governor. During the time it is in effect, the standard or control contained in the governor's regulation shall be administered and given full effect by all relevant regulatory agencies of the state and local governments to which it applies. The governor's action is subject to judicial review in accordance with the state administrative procedure act but shall not be subject to temporary stay pending litigation.

Sec. 13. [COMPENSATION.] Subdivision 1. Each person within this state shall conduct himself and keep and manage his affairs and property in ways that will reasonably assist and will not unreasonably detract from the ability of the state and the public successfully to meet emergencies. This obligation includes appropriate personal service and use or restriction on the use of property in time of emergency. This act neither increases nor decreases these obligations but recognizes their existence under the constitution and statutes of this state and the common law. Compensation for services or for the taking or use of property shall be only to the extent that obligations recognized herein are exceeded in a particular case and then only to the extent that the claimant may not be deemed to have volunteered his services or property without compensation.

Subd. 2. No personal service may be compensated by the state or any subdivision or agency thereof, except pursuant to statute or local law or ordinance.

Subd. 3. Compensation for property shall be only if the property was commandeered or otherwise used in coping with an emergency and its use or destruction was ordered by the governor or a member of the emergency forces of this state.

Subd. 4. Any person claiming compensation for the use, damage, loss, or destruction of property under this act shall file a claim therefor with the legislative claims commission in the form and manner the legislative claims commission provides.

Subd. 5. Unless the amount of compensation on account of property damaged, lost, or destroyed is agreed between the claimant and the legislative claims commission, the amount of compensation shall be calculated in the same manner as compensation due for a taking of property pursuant to the condemnation laws of this state.

Subd. 6. Nothing in this subdivision applies to or authorizes compensation for the destruction of damaging of standing timber or other property in order to provide a fire break or to the release of waters or the breach of impoundments in order to reduce pressure or other danger from actual or threatened flood.

Sec. 14. [COMMUNICATIONS.] The division of emergency services shall ascertain what means exist for rapid and efficient communications in times of emergencies. The agency shall consider the desirability of supplementing these communications resources or of integrating them into a comprehensive state or state-federal telecommunications or other communications system or network. In studying the character and feasibility of any system or its several parts, the agency shall evaluate the possibility of multipurpose use thereof for general state and local governmental purposes. The agency shall make recommendations to the governor as appropriate.

Sec. 15. [MUTUAL AID.] Subdivision 1. Political subdivisions not participating in interjurisdictional arrangements pursuant to this act nevertheless shall be encouraged and assisted by the division of emergency services to conclude suitable arrangements for furnishing mutual aid in coping with disasters. The arrangement shall include provision of aid by persons and units in public employ.

Subd. 2. In passing upon local emergency plans, the governor shall consider whether they contain adequate provisions for the rendering and receipt of mutual aid.

Subd. 3. It is a sufficient reason for the governor to require an interjurisdictional agreement or arrangement pursuant to section 9 of this act that the area involved and political subdivisions therein have available equipment, supplies, and forces necessary to provide mutual aid on a regional basis and that the political subdivisions have not already made adequate provision

for mutual aid; but in requiring the making of an interjurisdictional arrangement to accomplish the purpose of this section, the governor need not require establishment and maintenance of an interjurisdictional agency or arrangement for any other disaster purposes.

Sec. 16. [ASSISTANCE BETWEEN POLITICAL SUBDIVISIONS.] Subdivision 1. Whenever the public interest requires it on account of an imminent emergency, the governor may, in his discretion, authorize and direct the police, fire-fighting, health, or other force of any political subdivision, herein called the sending political subdivision, to go to the assistance of another political subdivision, herein called the receiving political subdivision, and to take and use for such purpose such personnel, equipment, and supplies of the sending political subdivision as the governor may direct.

Subd. 2. While so engaged, the officers and members of such forces shall have the same powers, duties, rights, privileges and immunities as if they were performing like service in the sending political subdivision and shall be considered to be acting within the scope of and in the course of their regular employment, as employees of such sending political subdivision.

Subd. 3. The receiving political subdivision shall reimburse the sending political subdivision for all supplies used and the compensation paid to all officers and members of the forces so furnished during such time as the rendition of such aid prevents them from performing their duties in the sending political subdivision, for the actual traveling and maintenance expenses of such officers and members while rendering such aid, and the cost of all insurance covering such officers and members while so engaged. Any claim for such loss, damage or expense in use of equipment or supplies or for additional expenses incurred in the operation or maintenance thereof shall not be allowed unless within 90 days after the same is sustained or incurred an itemized notice of such claim, verified by an officer or employee of the municipality having knowledge of the facts, is filed with the clerk of the receiving political subdivision.

Subd. 4. It shall be the policy of the state to reimburse the sending political subdivision for any loss or damage to equipment used outside of the corporate limits of the sending political subdivision and to reimburse the sending political subdivision for any additional expenses incurred in the operation and maintenance thereof outside such corporate limits. Any claim for such loss, damage or expense in use of equipment or for additional expenses incurred in the operation or maintenance thereof shall not be allowed unless within 90 days after the same is sustained or incurred an itemized notice of such claim, verified by an officer or employee of the sending political subdivision having knowledge of the facts, is filed with the state director.

Sec. 17. [PERSONS REQUIRED TO ASSIST.] Subdivision 1. During an emergency, the governor, the state director or a member of a class of members of a state or local civil defense organization designated by the governor, may, when necessary to save life or property, (1) require any person, except members of the federal or state military forces and officers of the state or a political subdivision, to perform services for emergency services purposes as directed by any of the persons first above described, and (2) commandeer, during a disaster emergency, any motor vehicle, tools, appliances or any other personal property.

Subd. 2. The owner of any property so commandeered shall be promptly paid just compensation for the use thereof and all damages done to the property while so used for emergency services purposes. The governor or the governing body of the political subdivision concerned, respectively, according to the use thereof, shall make a formal order determining the amount of such compensation. The owner may appeal to the district court of the county in which such property was commandeered if, within 30 days from the date of such order, he serves upon the governor or the political subdivision concerned and files with the clerk of such court a written notice of appeal setting forth the order appealed from and, in detail, the amount claimed as compensation. Upon such appeal, the issue shall be the amount of damages to which the appellant is entitled. It may be noticed for trial as in the case of a civil action and the court may require other parties to be joined and to plead therein when necessary to a proper determination of the questions involved. The cause shall be tried without a jury de novo and the court shall determine the damages and the person or persons entitled thereto. Except as herein otherwise provided, the trial shall be conducted and the cause disposed of according to the rules applicable to civil actions in the district court. The court in its discretion may award to the prevailing party the costs and disbursements of the appeal.

Subd. 3. Any able-bodied person required to perform services for emergency services who refuses, neglects, or otherwise fails to perform the services required under subdivision 1 shall be guilty of a misdemeanor and punished by imprisonment in the county jail for not less than ten days or more than 90 days.

Sec. 18. [MOBILE SUPPORT UNITS CALLED TO DUTY.] Subdivision 1. Mobile support units shall be called to duty upon orders of the governor and shall perform their functions in any part of the state, or, upon the conditions specified in this section, in other states.

Subd. 2. Personnel of mobile support units while on active duty, whether within or without the state, shall: (1) if they are employees of the state, have the powers, duties, rights, privileges and immunities and receive the compensation incidental to their employment; (2) if they are employees of a political sub-

division, and whether serving within or without such political subdivision, have the powers, duties, rights, privileges and immunities and receive the compensation incidental to their employment; and (3) if they are not employees of the state or a political subdivision thereof, receive compensation by the state of \$5 per day and have the same rights and immunities as are provided by law for the employees of this state. All personnel of mobile support units shall, while on duty, be subject to the operational control of the authority in charge of emergency services activities in the area in which they are serving, and shall be reimbursed for all actual and necessary travel and subsistence expenses.

Subd. 3. The state shall reimburse a political subdivision for the compensation paid and actual and necessary travel, subsistence and maintenance expenses of employees of such political subdivision while serving as members of a mobile support unit and for all payments for death, disability or injury of such employees incurred in the course of such duty, and for all losses of or damage to supplies and equipment of such political subdivision resulting from the operation of such mobile support unit.

Subd. 4. Whenever a mobile support unit of another state shall render aid in this state pursuant to the orders of the governor of its home state, and upon the request of the governor of this state, this state shall reimburse such other state for the compensation paid and actual and necessary travel, subsistence and maintenance expenses of the personnel of such mobile support unit while rendering such aid, and for all payments for death, disability or injury of such personnel incurred in the course of rendering such aid, and for all losses of or damage to supplies and equipment of such other state or a governmental subdivision thereof resulting from the rendering of such aid; provided, that the laws of such other state contain provisions substantially similar to this section.

Subd. 5. No personnel of a mobile support unit of this state shall be ordered by the governor to operate in any other state unless the laws of such other state contain provisions substantially similar to this section.

Sec. 19. In addition the commissioner shall utilize this appropriation to provide technical assistance to local units of government in planning bicycle trail systems. The state bicycle trail plan shall, as a minimum, describe the location, design, construction, maintenance and land acquisition needs of each component trail and shall give due consideration to the model standards for the establishment of recreational vehicle lanes promulgated by the commissioner of highways pursuant to Laws 1973, Chapter 620. The proposal for a system of state aid to localities shall provide, as an element of the state aid formula, that the amount of aid apportioned to a locality will depend, in part, upon the numbers of bicycles registered in the locality. (B) Ramsey county may place supervision of the services provided by the abolished, consolidated or otherwise restructured agency, board or commission directly under the county board, a new agency or another department of county government.

(C) Nothing in this section may be construed as giving the county authority to abolish, consolidate or otherwise restructure an agency, board or commission which by statute is jointly funded and organized as between any city, village or town in Ramsey county and the county of Ramsey.

(D) Any Ramsey county employee who is holding a position which is in the classified service is subject to and protected under the civil service laws relating to Ramsey county.

(2) [THE OFFICES OF AUDITOR, TREASURER, COURT COMMISSIONER AND REGISTER OF DEEDS.] (A) In the county of Ramsey, the offices of county auditor, county treasurer, court commissioner, and register of deeds are not elective but filled by appointment by the Ramsey county board of commissioners as hereinafter provided, unless the office is abolished pursuant to a reorganization or consolidation under the following subparagraph.

The reorganization, reallocation, or delegation or other administrative change or transfer does not diminish, prohibit or avoid those specific duties required by statute to be performed by those officials whose office is now made appointive.

(C) The elected county auditor, county treasurer, court commissioner, and register of deeds shall serve as the head of a department created by Ramsey county to perform the functions performed by his office and shall serve until his term of office expires; or upon the expiration of his term until his successor is appointed and duly qualifies; and shall not prior to age 70 be disqualified from reappointment by reason of age.

These benefits may not exceed benefits of similar nature existent and authorized for employees of the county. For these benefits for each retired employee, the average monthly premium cost is limited to \$14 and

for the spouse of the employee the monthly premium cost is limited to 10. If the revised consumers' price index, as published by the United States department of labor, bureau of labor statistics, for the city of Minneapolis, Minnesota (or if no index is published for the city of Minneapolis, for the nearest city to Minneapolis for which an index is published), as of January 15th of each year (or for the date nearest to January 15th if no index is published as of January 15th), shall be above 119 (using the average for the year 1967 as a base), the total maximum amounts for average monthly premium cost shall be increased by one percent for each point increase in the index above 119. For purposes of this computation, a fractional point increase shall be disregarded if less than one-half point and treated as one full point if one-half point, or more.

(B) [ELIGIBILITY.] The benefits provided in subparagraph (A) are available to the employees and officials elected by the people at normal retirement and at age 65 to employees and elected officials who retire after the age of 58 years and have at least 30 years of county service.

This insurance shall be governed by the provisions of Minnesota Statutes, Chapter 176. The failure of the county of Ramsey to insure with an insurance carrier its liability to pay workmen's compensation to any other employee or group of employees shall not preclude exercise of the authority conferred by this paragraph.

(3) [FIDELITY BONDS.] (A) [BLANKET BOND.] (i) [AUTHORITY.] In Ramsey county, the county, or an agency supported in whole or in part by county funds, may secure, and pay for a corporate surety bond covering all county employees or employees of the agency, who are not required by law to furnish an individual bond to qualify for office, for an aggregate sum to be determined by the county or the body governing the agency in lieu of individual or other bonds.

(C) [COUNTY COMMISSIONERS' BOND.] In Ramsey county, each county commissioner, before he enters upon his duties, shall give bond to the state in the sum of \$10,000 with a legally-authorized surety company as surety conditioned upon the faithful performance of his official duties. A judge of the district court shall approve the bond. The bond and the commissioner's oath of office and certificate of election shall be filed with the secretary of state. The county shall pay the bond premium which may not exceed that prescribed by law for county treasurers.

(iii) The provisions of Minnesota Statutes, Section 393.07, Subdivision 5, are hereby superseded insofar as they may be inconsistent with this section.

(g) [CERTAIN EMPLOYEES TO BE PROTECTED.] If a joint county or city agency, including a board, commission or committee is established by statute or created pursuant to statute, which would eliminate the position or employment of a person employed under civil service by either the city or the county, the employee shall become an employee of the newly-created agency and within the classified service of the county. The compensation, seniority, vacation or sick-leave rights or other rights of the employee are not diminished thereby.

(h) [MAY CREATE NEW CLASSIFICATIONS.] The civil service commission, with the consent of the board of county commissioners, may create titles within the classified service

where considered necessary if the action is not prohibited by the provisions of existing law authorizing and establishing stated titles at stated salaries.

(i) **[ADMINISTRATOR MUST APPROVE PAYROLLS.]**

(1) No auditor, treasurer or other disbursing officer of the county or a county agency, may pay salary or compensation for service to a person holding a position in the classified service unless the payroll or account for the salary or compensation bears the certificate of the civil service administrator that the person named therein has been appointed in accordance with the provisions of this section. The administrator shall not certify a payroll item for payment unless the person, claimed to be entitled to the payment, has been appointed and employed in accordance with the provisions of this section, and the rules and regulations of the civil service commission.

(2) In litigation arising out of the provisions of this section or in relation thereto, the civil service commission is a proper party, plaintiff or defendant, and may sue or be sued as such. The county attorney of Ramsey county shall represent the commission in such an action. A taxpayer of the county may maintain an action in the district court, to enjoin a person from authorizing or making payment in violation of this section or the rules enacted hereunder.

(j) **[LABORERS.]** The rules and regulations of the civil service commission shall provide eligible lists in the classified service for hourly or day laborers, in the classes that are necessary and upon the tests of fitness that the commission prescribes. Appointments to work for hourly or day laborers shall be made upon certification from these eligible lists, under the rules of the commission, which take account of priority of application, location of work and the factor of convenience arising therefrom.

(k) **[MAY ISSUE SUBPOENAS.]** In an investigation conducted by the county civil service commission or civil service administrator, they may subpoena and require the attendance of witnesses and the production of books and papers pertinent to the investigation and administer oaths to witnesses. Failure to obey such a subpoena is a misdemeanor. The accused employee or officer has the right to be represented by counsel and may demand that a record of the hearing be made at the expense of the county or county agency.

(l) **[NOT TO INFLUENCE APPLICANTS.]** No person may deceive or obstruct a person in respect to his right of test under the provisions of this section, or falsely mark, grade, esti-

(n) [REMOVALS AND DEMOTIONS.] (1) No person in the classified service, who is permanently appointed or inducted into the service, may be removed, demoted or discharged except for cause. Removal, reduction or suspension for religious or political reasons is not considered "cause". If an appointing officer desires to demote or discharge an employee he shall present the employee with the charges against him in writing, and file a copy of the charges with the administrator. The accused employee may, within ten days from the date the charges are served upon him, file with the administrator a written demand for a hearing, whereupon the commission shall conduct a hearing without unnecessary delay. After the hearing the commission may, if it considers the evidence to so warrant, affirm the action of the appointing officer, or, if the commission determines the action of the appointing officer to be without just cause, order the reinstatement of the employee, or the commission may, in its judgment, reduce the punishment sought to be applied by the appointing officer to a reduction or suspension. If the commission determines that the action of the appointing officer is without cause, it may order the accused employee to be paid his salary during the period he was off duty because of removal without cause. All hearings of these charges by the commission shall be public, and the accused is entitled to be present in person and present his defense. An officer or employee may appeal from the decision of the commission to the district court of Ramsey county, which court shall determine whether the record of the hearing contains evidence upon which the commission could have reached its decision and whether the commission abused the dis-

The budget is to provide a complete financial plan of all county funds and activities for the ensuing fiscal year and be in the form that the county board considers desirable. In organizing the budget, the board is to utilize the most feasible combination of expenditure classification by fund, including a contingent fund, organization unit, program, purpose or activity, and object. The budget is to begin with a clear general summary of its contents; show, in detail, all estimated income, indicating the proposed property tax levy, and all proposed expenditures, including debt service, for the ensuing fiscal year; and be arranged so as to show comparative figures for actual and estimated income and expenditures. It is to indicate in separate sections:

(1) Proposed expenditures for current operations during the ensuing fiscal year, detailed by offices, departments and agencies in terms of their respective work programs;

(2) Proposed capital expenditures during the ensuing fiscal year, detailed by offices, departments and agencies when practicable, and the proposed method of financing each such capital expenditure.

(b) The board of commissioners may create a tort liability fund by carrying forward any unexpended liability appropriation balance from one fiscal year to the next.

(c) The total of proposed expenditures shall not exceed the total of estimated income.

Sec. 4.02. [CAPITAL PROGRAM.] (a) The board of commissioners may also prepare a five year capital program to include:

(1) A clear, general summary of its contents;

(2) A list of all capital improvements which are proposed to be undertaken during the next five fiscal years next ensuing, with appropriate supporting information as to the necessity for these improvements;

(3) Cost estimates, method of financing and recommended time schedules for each of these improvements; and

(4) The estimated cost of operating and maintaining the facilities to be constructed or acquired.

(b) The above information may be revised and extended each year with regard to capital improvements still pending or in the process of construction or acquisition.

Sec. 4.03. [REDUCTION OF APPROPRIATIONS.] If the maximum rate of taxation for the various purposes mentioned in the budget, for which the county may levy taxes, together with the estimated amount of the revenues of the county for the ensuing year, exclusive of those derived from taxation does not equal the total amount mentioned in the budget, or amendment thereof, the county shall reduce, proportionately, the several funds mentioned in the budget, except that the items for bonds, interest on bonds, salaries, and other items, the charges for which are fixed by law, shall remain at the full amount that the law requires.

Sec. 4.04. [APPROPRIATIONS AND TAX LEVY.] Adoption of the budget by the county board constitutes appropriations of the amounts specified therein as expenditures from the funds indicated and constitutes a levy of the tax therein proposed.

Sec. 4.05. [AMENDMENTS AFTER ADOPTION.] (a) [SUPPLEMENTAL APPROPRIATIONS.] The board of county commissioners of Ramsey county upon recommendation of the Ramsey county auditor may make a supplemental appropriation of funds to a county departmental budget during the course of a budget year. This appropriation shall authorize the use and expenditure of funds accruing to the county of Ramsey which were not derived from taxation by the county board and not anticipated in the budget as estimated receipts.

(b) [EMERGENCY APPROPRIATIONS.] (1) [EMERGENCY BORROWING; NOTES.] To meet a public emergency affecting life, health, property or the public peace, and to the extent that there are no available unappropriated revenues to meet the emergency, the board may, by unanimous vote, authorize the issuance of emergency notes. These notes may be renewed from time to time but the emergency notes and renewals in a fiscal year shall be paid not later than the last day of the fiscal year next succeeding that in which the emergency appropriation was made. The issuance and payment of these notes is subject to the mill limits on taxing power established by law for Ramsey county.

(2) [EMERGENCY BORROWING; BONDS.] (A) [\$1,000,000 BORROWING AUTHORIZED.] Ramsey county may borrow funds and pledge the credit of the county to meet an emergency arising inside the county and may make these loans either from the state of Minnesota, the federal government, or from private sources in an amount not exceeding \$1,000,000.

(B) [BONDS; APPROVAL OF VOTERS NOT REQUIRED.] Bonds or other evidences of indebtedness may be

issued pursuant to the authority granted to the county and for the purposes specified herein. If the county is required by statute to submit the question of the issuance of bonds or other evidences of indebtedness to a referendum vote, it may issue and sell these bonds or other evidences of indebtedness without submitting the question of the issue to a referendum vote, by the following procedure:

(i) [PROCEDURE.] Before any bonds or other evidences of indebtedness may be issued hereunder by Ramsey county without submitting the proposal to make the issue to a referendum vote of the electors of the county, the board of county commissioners of Ramsey county shall first adopt a resolution, by unanimous vote of all of its members, declaring an emergency to exist making it necessary to borrow in the specified amount without submitting the question of issuance of bonds or other evidences of indebtedness to a vote of the electors of the county.

(ii) [SALE.] Upon the passage of this resolution, the board of commissioners of the county may proceed to issue and sell its bonds or other evidences of indebtedness covering these loans, in the manner prescribed by Minnesota Statutes 1971, Section 475.60, Subdivisions 1, 2, 3, 5 and 6, and they shall be valid legal obligations of the county without the referendum vote of the electors. These bonds or evidences of indebtedness shall become due and payable in not more than five years from the date of issue.

(C) [LIMITATIONS; LEVY.] These bonds or other evidences of indebtedness are subject to the provisions of the laws of the state that govern the county in making loans in regard to the levy of a tax for interest and principal and for the payment thereof. No provisions of an act passed during the 1953 session of the legislature, limiting the tax which may be levied in the county, may in any way limit the tax to be levied for the payment of the principal or interest of these bonds.

(D) [LAWS SUSPENDED.] All laws or parts of laws inconsistent herewith are suspended, but this action does not repeal or suspend any other law authorizing Ramsey county to issue bonds.

(e) [TRANSFER OF APPROPRIATION.] The Ramsey county board may, by resolution, transfer part of all of any unencumbered appropriation balance or unappropriated funds from one department, office or fund to another department, office or fund.

Sec. 4.06. [ADMINISTRATION OF BUDGET.] (a) [PAYMENT OF OBLIGATIONS.] Ramsey county shall pay for obligations in accordance with appropriations duly made and payment shall be made in accordance with methods and procedures that the county board sets up and approves.

(b) [WARRANT-CHECK.] (1) On each warrant that Ramsey county draws on the county treasury, the county shall state the purpose for which it is issued. The warrant may be so designed that it becomes a check on the county depository and may be known as a "warrant-check".

(2) The warrant-check need not show the fund from which drawn.

(c) [PAYMENTS AND OBLIGATIONS PROHIBITED.]

(1) No payment shall be made or obligation incurred against an allotment or appropriation except in accordance with appropriations duly made and unless the county budget director first certifies that there is a sufficient unencumbered balance in the allotment or appropriation and that sufficient funds therefrom are or will be available to cover the claim or meet the obligation when it becomes due and payable.

(2) An authorization of payment or incurring of obligation in violation of the provisions of this article is void and a payment so made illegal.

(d) [ILLEGAL EXPENDITURE; GROSS MISDEMEANOR.] A county commissioner who knowingly authorizes or makes a payment or incurs an obligation in violation of the provisions of this article is guilty of a gross misdemeanor.

(e) [LAPSE OF APPROPRIATIONS.] (1) Each appropriation, except an appropriation for a capital expenditure, lapses at the close of the fiscal year to the extent that it has not been expended or encumbered.
