Bills shall refer to the session laws as follows:

"Laws, Chapter, Section"

A bill for the amendment of a statute shall contain the full text of the chapter, section, or subdivision to be amended as it appears in the latest edition of Minnesota Statutes, unless it has been amended at a later session, in which event it shall contain the full text as amended. The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them.

The text of the new section or subdivision shall also be underscored when a bill amends an existing chapter, section or subdivision, by adding a new section or subdivision. Before a committee favorably reports upon such a bill, the chairman of the committee shall see that the bill conforms to this rule. When a bill is printed, the new matter shall be in italics, or underscored, and the matter to be eliminated shall be capitalized and in brackets, or stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purpose of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled, immediately below the title "REVISOR'S BILL" and if there is attached thereto a memorandum of information explaining the reasons for the bill.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for his examination. Any such headnotes shall be in capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, Section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of laws shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers in parenthesis.

That joint rule 20 be amended to read:

Unless otherwise ordered, regular sessions of the House shall convene at two o'clock p.m. The Speaker shall take the chair at the hour at which the House convenes and the House shall then be called to order. After prayer by the Chaplain or a brief meditation, a roll of members shall be called and the names of members present and members excused shall be entered in the Journal of the House.

1.2 READING OF THE JOURNAL. A quorum being present, the Journal of the preceding day shall be read by the Chief Clerk unless otherwise ordered. The House may correct any errors in the Journal of the preceding day.

1.3 ORDER OF BUSINESS. After the reading of the Journal, the order of business of the day shall be:

- (1) Presentation of petitions or other communications.
- (2) Reports of standing committees.
- (3) Second reading of House bills.
- (4) Second reading of Senate bills.
- (5) Reports of select committees.
- (6) Introduction and first reading of House bills.
- (7) Motions and resolutions.
- (8) Consideration of messages from the Senate.
- (9) First reading of Senate bills.

- (10) Consent Calendar.
- (11) Calendar for the day.
- (12) General Orders.

1.4 SECOND READING OF BILLS. Every bill shall require a second reading.

Except as otherwise ordered, every bill requiring the approval of the Governor shall, after a second reading, be considered in a Committee of the Whole before it shall be finally acted upon by the House.

1.5 COMMITTEE OF THE WHOLE. The Committee of the Whole is a committee of the entire membership of the House. The Speaker may appoint another member as chairman to preside over the Committee of the Whole.

When the House arrives at the General Orders of the Day, it shall resolve itself into a Committee of the Whole to consider bills on General Orders.

A bill considered in the Committee of the Whole shall be reported and then debated by sections, with the title considered last. All amendments shall be typewritten and five copies shall be submitted to the Chairman who shall report them to the House.

1.6 RULES TO APPLY TO COMMITTEE OF THE WHOLE. The Rules of the House shall be observed in the Committee of the Whole so far as may be applicable except that the previous question shall not be forced or speaking limited.

Upon demand of 15 members, the ayes and nays shall be called, the question voted on, and the ayes and nays recorded in the Journal of the House.

In the Committee of the Whole no amendment increasing the amount of any appropriation shall be passed without the ayes and nays recorded in the Journal of the House.

A motion that the committee arise shall always be in order and shall be decided without debate.

Upon the request of any member, a bill shall be excepted from the report of the Committee of the Whole. Only a motion to strike an amendment to the bill adopted in the Committee of the Whole or to amend the recommendation of the Committee of the Whole concerning the disposition of the bill shall be in order.

1.7 GENERAL ORDERS OF THE DAY. The Chief Clerk at the direction of the Speaker shall prepare the General Orders of the Day, which is a list of all bills which have not been made Special Orders or placed on the Consent Calendar, numbered according to their order at second reading. Unless otherwise ordered by a majority of the Committee, items on General Orders shall be taken up in numerical order.

The Chief Clerk shall see that a copy of each bill printed under the Rules or Orders of the House is placed in each member's file, which is to be kept at his desk in the chamber, at least 24 hours before the bill shall be considered in the Committee of the Whole. Under the first order of business each day, the Chief Clerk shall report to the House which bills he has placed in the files.

If a bill is progressed three times it shall be placed at the end of General Orders unless otherwise ordered by majority vote.

Except during the last five days in any year on which a bill may be passed, a bill amended in the Committee of the Whole shall not be given its third reading until it is engrossed and reproduced as amended.

1.8 THIRD READING OF BILLS. No amendment shall be received on the third reading without the unanimous consent of the House, except to fill blanks or to amend titles.

At any time prior to its passage any bill or resolution may be committed or recommitted by a majority vote of the whole House. If the committee, other than the Committee of the Whole, to which it was committed or recommitted reports an amendment on it, it shall again be given its second reading, considered in Committee of the Whole, given its third reading and placed upon its final passage.

1.9 SPECIAL ORDERS. A bill may be made the Order of the Day for a special time and be placed upon a separate list known as "Special Orders".

The Committee on Rules and Legislative Administration may by committee report designate as a Special Order any bill which has had its second reading.

Any member may move to make a bill a Special Order by giving notice at least two legislative days in advance of and specifying the day on which he will so move. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member designated by him in writing to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order.

When the time arrives for the consideration of any Special Order, the House shall consider each bill upon the Special Order in the order in which it is listed. After consideration it shall immediately be read the third time and placed upon final passage.

1.10 TAX AND APPROPRIATION BILLS GIVEN PRECEDENCE. At any time after April 21, 1975, any bill relating to taxes or raising revenue shall be acted upon whenever requested by the Chairman of the Committee on Taxes, and any appropriation bill shall be acted upon whenever requested by the Chairman of the Committee on Appropriations.

1.11 CONSENT CALENDER. Any bill of a non-controversial nature for which the committee report recommends placement upon the Consent Calendar shall be given its second reading after the report is adopted and placed upon the Consent Calendar. The bill shall be printed and placed in the members' files at least one day before it can be considered. The bill shall be placed upon the Consent Calendar in the order in which it is given its second reading.

The Consent Calendar shall immediately precede the order of business known as "Calendar for the Day". Every bill on the Consent Calendar shall be debated, given its third reading and voted upon, provided, however, that at any time prior to third reading, ten members may object to any bill as being controversial. Any bill so objected to shall be stricken from the Consent Calendar and be immediately returned to General Orders, taking its place in the usual order.

1.12 SUSPENSION OF RULES TO ADVANCE A BILL. Every bill shall be reported on three different days, except that in case of urgency, a two-thirds majority of the whole House may suspend this Rule. A motion for suspension of the Rules to advance a bill for consideration out of its regular order is in order under the order of business "Motions and Resolutions" or at any time the

bill is before the House. The motion must be presented to the Speaker in writing and must state the present position of the bill.

1.13 **MINORITY REPORTS.** Any minority report shall be made separately from the majority report and shall be considered before the majority report. If the minority report is adopted the majority report shall not be considered. If the minority report is not adopted the majority report shall then be considered.

1.14 **COMMITTEE REPORT LAID OVER.** The report of any committee may be laid over one day and printed in the Journal, if so ordered by the House.

1.15 **RECALLING BILL FROM COMMITTEE.** By majority vote of the whole House, any bill or resolution may be recalled from any committee at any time, be given a second reading and be advanced to General Orders.

1.16 **TIME LIMIT FOR CONSIDERATION OF BILLS.** If 20 legislative days after a bill has been referred to committee (other than a bill for appropriations) no report has been made upon it by the committee, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee shall have ten calendar days thereafter in which to vote upon the bill requested. If the committee fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the foot of General Orders.

Such bill is subject to re-reference by the House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

1.17 **DISPOSITION OF SENATE BILLS.** Any Senate File received by the House, accompanied by a message announcing its passage by the Senate, shall be referred to the appropriate standing committee. However, if a Senate File is received which is stated by a member to be identical to a House File already reported by a standing committee of the House and placed on General Orders, Calendar, Consent Calendar, or Special Orders, the Senate File shall be referred to the Chief Clerk for comparison. If the Chief Clerk reports that the Senate File is identical with the House File, the Senate File may by majority vote be substituted for the House File and take its place. The fact that the bills are identical shall be entered in the Journal and the House File is then considered withdrawn.

1.18 RECORDED FLOOR PROCEEDINGS. All proceedings on the floor of the House shall be recorded on magnetic tape or similar recording device under the direction of the Chief Clerk. Two copies of each tape shall be delivered to the Director of the Legislative Reference Library and there maintained on file for use by any member of the public in accordance with the rules of the Legislative Reference Library. At the end of each biennium, the Director of the Legislative Reference Library shall deliver one copy of each tape to the Director of the Minnesota Historical Society.

Any person may obtain a copy of any such tape during the biennium in which it is recorded upon payment of a fee determined by the Chief Clerk to be adequate to cover the cost of preparing the copy.

Discussion preserved under this rule is not intended to be admissible in any court or administrative proceeding on an issue of legislative intent.

ARTICLE II — VOTING

2.1 AUTHORIZING ELECTRIC VOTING SYSTEM. Except for a vote upon elections or the overriding of a Governor's veto, any vote may be taken by means of the electric voting system which shall be under the control of the Speaker of the House.

2.2 CALL OF THE HOUSE. Ten members may demand a call of the House at any time except after voting has commenced. When such call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave until the roll call is suspended or completed. During the roll call, no motion shall be in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. After the roll call is suspended or completed the Sergeant-at-Arms shall not permit any member to leave the Chamber unless excused by the Speaker. A call of the House may be lifted by a majority vote of the whole House.

2.3 DEMANDING YEAS AND NAYS. Yeas and Nays shall be ordered without demand upon final passage of bills and upon adoption of resolutions or motions directing the payment of money. In all other cases the yeas and nays shall be ordered only upon demand of 15 members.

2.4 EXPLAINING OR CHANGING VOTE. No member shall be allowed to explain his vote or discuss the question while the yeas and nays are being taken, nor be allowed to change his vote after the yeas and nays have been announced from the chair by the Speaker.

2.5 EVERY UNEXCUSED MEMBER TO VOTE. Any member who is immediately interested in the question being voted on shall not vote.

Every other member present before a vote is declared from the chair shall vote for or against the matter before the House, unless the House excuses him from voting.

When a member declines to vote on a call of his name, he shall be required to state his reasons for so declining. After the vote has been taken but before the chair has announced the vote, he shall submit to the House the question, "Shall the member, for the reasons stated, be excused from voting?" which shall be decided without debate. Any other proceedings in reference thereto shall take place after announcement of the vote.

ARTICLE III — MOTIONS AND AMENDMENTS

3.1 MOTIONS. No motion shall be debated until after it is stated by the Speaker. The Speaker may require any motion to be written.

After a motion has been stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time before amendment or decision. Unless a motion, resolution or amendment is withdrawn on the day it is made, it shall be entered in the Journal, together with the name of the member offering it.

3.2 PRECEDENCE OF MOTIONS. When a question is under debate, no motion shall be received except the following, the first four of which shall be decided without debate:

- (1) To fix the time of adjournment.
- (2) To adjourn.
- (3) To lay on the table.
- (4) For the previous question.
- (5) To commit.
- (6) To postpone to a day certain.
- (7) To amend.
- (8) To postpone indefinitely.

The motions shall have precedence in the order listed. However, if the motion for the previous question has been seconded

and the main question ordered, the motion to lay on the table shall not be in order.

3.3. MOTION TO ADJOURN. A motion to adjourn shall always be in order except during roll call.

When a motion to adjourn is made it shall be in order for the Speaker, before putting the question, to permit any member to state reasons which would seem to render adjournment improper at that time. Such a statement shall not be debatable and shall be limited to not over two minutes.

3.4 MOTION FOR RECONSIDERATION. When a question has been decided either in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move its reconsideration, provided that such motion is made either on the same day the vote was taken or within the following two days of actual session of the House. A motion for reconsideration shall take precedence over all other questions except the motion to adjourn and the notice of intention to move reconsideration. Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

The notice of intention to move reconsideration shall not be in order after April 27, 1975, through May 19, 1975.

3.5 ORDER OF PUTTING QUESTION. Except in the case of privileged questions, all questions, whether in committee or in the House, shall be put in the order in which they are moved. When filling blanks, a motion for the largest sum or the longest time shall be put first.

3.6 DIVISION OF A QUESTION. Any member may request the division of a question which contains several points. A motion to strike out and insert shall not be divisible. If a motion to strike out is lost it shall not preclude another motion to amend or to strike out and insert.

3.7 THE PREVIOUS QUESTION. The motion calling for the previous question must be seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, it shall have the effect of cutting off all debate and bringing the House to direct vote upon the question or questions.

The previous question may be moved and ordered upon a single motion, a series of motions allowable under the Rules, or an amendment or amendments; or it may include all authorized motions or amendments, including a vote on final passage of a bill.

On a motion for the previous question, but prior to its being ordered, a call of the House shall be in order. After a majority has ordered the previous question, no call shall be in order prior to the decision on the main question.

When the previous question is decided in the negative, the main question remains under debate until disposed of by taking a vote either on the question or in some other manner.

All incidental questions of order arising after a motion is made for the previous question and prior to the vote on the main question shall be decided without debate.

3.8 UNANIMOUS CONSENT TO MAKE A MOTION. Whenever unanimous consent to make a motion is requested by a member, the member as a part of such request shall state briefly the purpose of such motion and the subject matter involved.

3.9 MOTIONS AND PROPOSITIONS TO BE GERMANE. No motion or proposition on a subject different from that under consideration shall be admitted under guise of its being an amendment.

3.10 AMENDMENT NOT TO ANNEX ANOTHER BILL. Except in a standing committee no bill or resolution shall at any time be amended by annexing or incorporating any other bill or resolution pending before the House.

3.11 RESOLUTIONS AND MOTIONS INVOLVING EXPENDITURE OF MONEY. Any resolution or motion involving the expenditure of money out of the legislative expense fund shall be referred to the Committee on Rules and Legislative Administration before being acted upon by the House. A majority vote of the whole House, determined by a roll call, is required to pass any such resolution or motion.

3.12 AMENDMENTS TO APPROPRIATION BILLS. No amendment increasing the amount or amounts carried by any appropriation bill shall be declared passed until voted for by a majority of the whole House.

3.13 MOTION TO RESCIND. The motion to rescind shall not be in order at any time in any proceeding in the House or in any committee of the House.

3.14 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole House is required to suspend, alter, or amend any Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House.

Except as provided in Rule 1.12, a motion to suspend, alter, or amend any Rule of the House must be made under the order of business "Motions and Resolutions". If the motion is made at any other time, unanimous consent is required before the Speaker can entertain the motion.

A motion to suspend the Rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion.

ARTICLE IV — DEBATE AND DECORUM

4.1 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, no member or officer of the House shall absent himself from any session of the House without first having obtained from the Speaker permission to be absent.

4.2 DUTIES OF MEMBERS. Members shall keep their seats until the Speaker announces adjournment.

Every member, before speaking, shall rise from his seat and respectfully address the Speaker and shall not speak further until recognized by the Speaker. When two or more members rise at the same time, the Speaker shall designate the member to speak first.

4.3 QUESTIONS OF ORDER. If any member of the House transgresses the Rules, either in speaking or in any other way, the Speaker shall, or any member may, call him to order. A member so called to order shall immediately sit down unless another member moves to permit him to explain. In either case, the House, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed. A member called to order shall be liable to censure or such other punishment as the House may deem proper.

4.4 ORDER IN DEBATE. No member shall speak more than twice on the same subject without leave of the House, nor more than once until every other member wishing to speak on the pending question has had an opportunity to do so.

4.5 NOTICE OF INTENTION TO DEBATE A RESOLUTION. Any member may give notice of his intention to debate a resolution. Such notice may be given at any time before the vote is taken on the resolution. If such notice is given, the resolution shall be laid over one day without debate or any other action.

4.6 OFFENSIVE WORDS IN DEBATE. If any member is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Clerk shall record them. No member shall be held to answer or be subject to censure of the House for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place.

4.7 ORDER DURING SESSION. No member shall walk out of or across the Chamber when the Speaker is putting the question. No member shall engage in private conversation while another member is speaking or pass between the speaking member and the chair.

4.8 NO ONE TO REMAIN BY THE CLERK'S DESK. No member or other person shall remain by the clerk's desk while the yeas and nays are being called.

4.9 WHO MAY BE ADMITTED TO THE FLOOR. No person shall be admitted within the House Chamber or retiring room, except members themselves, properly authorized employees, the Chief Executive and ex-governors of the State of Minnesota, members of the Senate, heads of departments of the state government, judges of the Supreme and District Courts, members of Congress, properly accredited representatives of radio and television stations, newspapers and press associations, as herein provided for, and none other. When a former member of Congress or the Minnesota Legislature or any other person is issued a permit by the Speaker good for the day he shall be provided with a seat near the Speaker's rostrum, and at no time shall a conversation be carried on so as to disturb the business of the House. Before issuing the permit, the Speaker shall satisfy himself that the person does not seek the floor of the House for the purpose of influencing decisions of the House.

The alcoves shall be kept for the use of members only, and the Sergeant-at-Arms shall keep them cleared.

It shall not be in order for the Speaker to entertain a request for the suspension of this Rule, or to present from the Chair the request of any member for unanimous consent unless an extraordinary condition exists, in which event he may consent to entertain a motion for its suspension.

4.10 PRESENTATION OF PETITIONS. Any petition, memorial or other paper presented to the House shall include the name of the

member introducing it and a brief description of its contents and shall be presented by the Speaker, who shall state briefly its contents.

ARTICLE V — BILLS

5.1 BILL FORM. No bill shall be introduced until it has been examined and approved by the Revisor of Statutes as to form and compliance with the Joint Rules of the House and Senate and the Rules of the House. Approval as to form shall be endorsed on the bill by the Revisor of Statutes.

5.2 INTRODUCTION OF BILLS AND RESOLUTIONS. A bill or resolution offered for introduction shall be placed in the hands of the Speaker at least 24 hours prior to the convening of the daily session. Every bill shall be introduced in quadruplicate and each copy shall contain the signature of the member or name of the committee introducing it. No bill, memorial or resolution shall have more than five authors. Any memorial shall be introduced in the same manner and take the same course as a bill. No resolution shall authorize the expenditure of monies from any source other than the legislative expense fund.

5.3 ADVISORY BILLS. An advisory bill may be introduced by any member in the same manner as a bill except that the requirements of Rule 5.1 shall not apply. No member shall be an author of more than five advisory bills.

Each advisory bill shall be typewritten on a form provided by the Chief Clerk. The resolution shall set forth:

(2) an estimate of budget outlays and an appropriate level of new budget authority for each major category of state spending and for contingencies based on allocations of the appropriate level of total budget outlays and of total new budget authority;

(3) the amount, if any, of the surplus in the budget which is appropriate in light of economic conditions and all other relevant factors;

(4) a recommended level of state revenues and the amount, if any, by which the aggregate level of state revenues should be

increased or decreased by bills and resolutions to be reported by the appropriate committees;

(5) an appropriate level of the public debt including bonding authorization both general obligation and contingent; and

(6) such other matters relating to the budget as may be appropriate to carry out the purposes of this Rule.

Sec. 2 (a) In General: It shall not be in order in the House of Representatives to consider any bill or resolution (or amendment thereto) which provides:

(b) **Permissible Revisions of House Resolutions of the Budget:** At any time after the first House resolution on the budget for a fiscal year has been agreed to pursuant to Section 1, and before the end of the legislative session, the House may adopt a resolution on the budget which revises the resolution on the budget for such fiscal year most recently agreed to.

(c) **Completion of Action on Bills Providing New Budget Authority and Certain New Spending Authority:** Except as otherwise provided pursuant to this rule, not later than the 40th legislative day of the session, the standing committees of the House shall complete action on all bills and resolutions:

House a summary report comparing the committee's recommendations with the appropriate levels of budget outlays and new budget authority as set forth in the most recently agreed to House resolution on the budget for that year.

Sec. 4. Second Required House Resolution and Reconciliation Process: (a) Reporting of House Resolution: The standing committees of the House affected by this rule shall issue a report to the House which reaffirms or revises House action pursuant to Section 3 and the House budget resolution most recently adopted with respect to the fiscal year beginning on July 1 of such year. (B) budget authority initially provided for prior fiscal years; and

(C) new bonding authority which is to become effective during the biennium, contained in laws, bills, and resolutions within the jurisdiction of a committee,

(b) Completion of Action on House Resolution: Not later than the 60th Legislative day of the session, the House shall complete action on a second resolution on the budget which takes into consideration changes recommended in the various reports authorized in Section 4 (a) of this rule.

Sec. 5. New Budget Authority, New Spending Authority and Revenue Legislation Must Be Within Appropriate Levels.

Legislation Subject to Point of Order: After the House has completed action on the resolution on the budget required in Sec. 4, it shall not be in order in the House of Representatives unless by two-thirds vote thereof to consider any bill, resolution, or amendment providing additional new budget authority for the biennium, new bonding authority to become effective during such biennium, or reducing revenues for such biennium, or any conference report on any such bill or resolution, if:

- (1) the enactment of such bill or resolution as reported;
- (2) the adoption and enactment of such amendment; or
- (3) the enactment of such bill or resolution in the form recommended in such conference report;

Such fund shall consist of all moneys appropriated therefor by the legislature, all moneys in the form of interest and penalties collected pursuant to section 268.16 (SHALL BE PAID INTO THE GENERAL FUND) and all moneys received in the form of voluntary contributions to this fund and interest thereon. All moneys in such fund shall be supplemental to all federal moneys that would be available to the commissioner but for the existence of this fund. Such fund shall be available to the commissioner for such expenditures as he may deem necessary in connection with the administration of Minnesota Statutes, Sections 268.03 to 268.24. Whenever the commissioner expends moneys from said contingent fund for the proper and efficient administration of the Minnesota employment services law for which funds have not yet been made available by the federal government, such moneys so withdrawn from the contingent fund shall be replaced as hereinafter provided. Upon the deposit in the employment services administration fund of moneys which are received in reimbursement of payments made as above provided for said contingent fund, the commissioner shall certify to the state treasurer the amount of such reimbursement and thereupon the state treasurer shall transfer such amount from the employment services administration fund to said contingent fund. After any contribution has become delinquent for a period of 12 months thereafter interest thereon shall be computed at the rate of six percent per annum. Contributions, if mailed, shall be deemed to have been paid on the date of mailing as indicated by the postmark on the cover thereof; provided, however, that after January 1, 1949, contributions received by mail postmarked on a day following the date on which the law requires such contributions to be paid shall be deemed to have been paid on the due date if there is substantial evidence by affidavit or otherwise reasonably tending to prove that said report or contribution was actually deposited in the United States mails properly addressed to the department with postage prepaid thereon on or before the due date. *Interest collected pursuant to this subdivision shall be paid into the contingent fund.*

Sec. 4. Minnesota Statutes 1974, Section 268.16, Subdivision 2, is amended to read:

Subd. 2. [FAILURE TO MAKE REPORT.] (1) [PENALTIES.] Any employer who knowingly fails to make and submit to the department of employment services any report of wages paid by or due from him for insured work in the manner and at the time such report is required by regulations prescribed by the commissioner shall pay to the department of employment services *for the contingent fund* an amount equal to one percent of contributions accrued during the period for which such report is required, for each month from and after such date until such report is properly made and submitted to the department of employment services. In no case shall the amount of the penalty imposed hereby be less than \$5 except that in cases where the contribution is less than \$10 and the commissioner finds that the employer does not habitually fail to report on time the penalty shall be \$1. Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the regulations of the commissioner, shall be subject to a penalty in the sum of \$10 payable to the department of employment services *for the contingent fund*. All such penalties shall be in addition to interest and any other penalties provided for by sections 268.03 to 268.24 and shall be collected by civil action as hereinafter provided.

(2) [ASSESSMENT MAY BE MADE.] If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by regulations under the authority thereof,

or shall make, wilfully or otherwise, an incorrect, false or fraudulent contribution report, he shall, on the written demand of the commissioner, make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make for him a report, or corrected report, from his own knowledge and from such information as he can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report. If an employer has failed to submit any report of wages paid, or has filed an incorrect report, and the commissioner finds that such noncompliance with the terms of sections 268.03 to 268.24 was not wilful and that such employer was free from fraudulent intent, the commissioner shall limit the charge against such employer to the period of the year in which such condition has been found to exist and for the preceding calendar year.

Sec. 5. There is hereby appropriated from the moneys credited and which may hereafter be credited to this state's account in the federal unemployment trust fund by the secretary of the treasury of the United States of America pursuant to the provisions of Public Law 567, Chapter 657, entitled the Employment Security Administrative Financing Act of 1954, as amended, the sum of \$250,000 for the purpose of funding the contingent fund herein established and the accomplishment of the purposes set forth therein. Subject to the provisions of section 903 (c) (2) of said act, the commissioner of employment services may requisition moneys appropriated by this act and upon receipt shall deposit such moneys in the state treasury to the credit of the employment services contingent fund. The money appropriated herein shall be deemed to have been obligated upon the final enactment of this act. The commissioner of employment services may enter into any agreement for and in behalf of the state of Minnesota with the United States of America or any department or agency thereof pursuant to any federal law or rule or regulation promulgated thereunder governing or relating to the availability and use of the funds contemplated by this act and upon such terms and conditions as may be prescribed by the United States of America or any department or agency thereof,

notwithstanding the provisions of any state law to the contrary or inconsistent therewith.

Such interest shall be computed on the average monthly balance in the escrow account for the immediately preceding 12 months and shall be annually credited to the remaining principal balance on the mortgage or contract for deed. If the interest exceeds the remaining balance, the excess shall be paid to the mortgagor or vendee. Sec. 2. The commerce commission shall have the power to prescribe, from time to time, but not more often than once in every three month period, a rate higher than that set by this act. In prescribing any rate the commission shall consider pertinent economic and cost factors including, but not limited to: (1) current yields on short term investments, (2) current dividend rates paid on regular savings accounts throughout this state, (3) currently prevailing interest rates on conventional and insured or guaranteed mortgage loans in this state, (4) cost factors in maintaining escrow accounts and (5) such other pertinent economic or cost factors that the commerce commission shall deem to be appropriate.

Sec. 3. If the use of an escrow account is offered as an option to the mortgagor or contract for deed vendee, interest need not be credited or paid.

Sec. 4. Mortgagees shall be prohibited from charging a direct fee for the administration of the escrow account.

Sec. 5. A mortgagee shall make timely payments of tax and insurance bills provided that funds paid into escrow by the mortgagor or contract for deed vendee are sufficient for such payment. If there is a shortage of funds the mortgagee shall promptly notify the mortgagor or contract for deed vendee of the shortage. Failure to make the payment required by this section shall subject the mortgagee to liability for all damages caused by such failure. The mortgagee is permitted to make any payment on behalf of the mortgagor even though there are not sufficient funds in a particular escrow account to cover the payment.

Sec. 6. (SEVERABILITY.) If any provision of this act is found to be unconstitutional and void, the remaining provisions are expressly made severable.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert the following:

"Section 1. Minnesota Statutes 1974, Section 43.30, is amended to read:

43.30 [VETERANS PREFERENCE.] Notwithstanding sections (197.45) 197.46 to 197.48, the provisions of this section shall govern the granting of veterans' preference for the state civil service.

In all examinations under this chapter a veterans' preference shall be given to every person who has been (HONORABLY DISCHARGED OR) separated *under honorable conditions* from any branch of the armed forces of the United States (1) ; (a) after having served on active duty for (OTHER THAN TRAINING PURPOSES) *181 consecutive days* or (2) (b) by reason of disability incurred while serving on active duty, and who is a citizen of the United States (, AND PERSONS WHO SERVED IN THE ACTIVE MILITARY SERVICE OF ANY GOVERNMENT ALLIED WITH THE UNITED STATES IN WORLD WAR I OR WORLD WAR II, AND HAVE BEEN HONORABLY DISCHARGED THEREFROM, AND WHO ARE CITIZENS OF THE UNITED STATES AND WERE CITIZENS AT THE TIME OF ENTRANCE INTO ACTIVE SERVICE) *and who has been a resident of the state of Minnesota for 30 days immediately preceding his application.* (AND THE) A veteran thus preferred shall not be disqualified from holding any position in the classified service on account of his age or by reason of any physical disability provided such age or physical disability does not render him incompetent to perform the duties of the position.

Recognizing that training and experience in the services of the government and loyalty and sacrifice for the government are qualifications of merit which cannot be readily discovered by examination; there shall be added to the examination rating of a disabled veteran, *if he so elects*, a credit of ten points (, AND IN OPEN COMPETITIVE EXAMINATION ONLY) if such (AUGMENTED RATING GIVES TO SUCH DISABLED) veteran *obtained* a passing grade, and *if* such disabled veteran is able to perform the duties of the position sought with reasonable efficiency, his name shall be placed (AT THE HEAD OF THE ELIGIBLE LIST FOR SUCH POSITION) *on the list of eligibles with the names of other eligible persons. The name of a veteran with such augmented rating shall be entered ahead of a non-veteran when their ratings are the same.*

There shall be added to the examination rating of (ALL OTHER VETERANS) *a nondisabled veteran, if he so elects*, a credit of five points (, AND) if such (AUGMENTED RATING GIVES TO SUCH) veteran *obtained* a passing grade (AND IF SUCH VETERAN IS ABLE TO PERFORM THE DUTIES OF THE POSITION WITH REASONABLE EFFICIENCY, HIS NAME SHALL BE PLACED ON THE LIST OF ELIGIBLES WITH THE NAMES OF OTHER ELIGIBLE PERSONS). The name of a veteran with such augmented rating shall be entered ahead of a non-veteran when their ratings are the same.

A governmental agency, when notifying an applicant that he has passed an examination, shall notify the veteran of his specific score and shall also notify the applicant that he may elect

to use a veterans preference to augment his passing rating, subject to the limitations contained in this section.

Except for a veteran adjudicated as disabled and eligible for a ten point credit no veteran shall be eligible for an augmented rating pursuant to this section after ten years next following the effective date of this act or after ten years next following that veteran's most recent date of discharge or separation, not counting any time spent in a hospital or similar institution for treatment of a service connected disability, whichever is the later. The veterans' preference created by this section, once utilized to secure employment, appointment or promotion shall not thereafter again be so used in this state or any political subdivision thereof. If the veteran is involuntarily removed within one year of employment from the job for which he successfully utilized his preference then the veteran is not precluded from once again utilizing the preference created by this act. The exercise of a veterans' preference formerly existing under Minnesota Statutes 1974, Sections 197.45 or 43.30 which resulted in employment, an appointment, or a promotion shall preclude further use of the veterans' preference created by this section.

Such preference is hereby extended to the widows or widowers of deceased veterans and to the spouse of a disabled veteran, who because of such disability is unable to qualify.

The fact that an applicant has claimed a veterans preference shall not be made known to the examiners (AND). The preference credit shall be added to the examination rating (BY THE COMMISSIONER), and the records shall show the examination rating and the preference credit.

A disabled veteran is one who (IS RATED OR CERTIFIED) has a compensable service connected disability as (DISABLED) adjudicated by the United States Veterans Administration, or by the retirement boards of the several branches of the armed forces, and which disability is existing at the time preference is claimed.

In the event of the rejection by the appointing officer of the person so preferred when certified for promotion or to fill a vacancy or a new position, the appointing officer shall forthwith file in writing with the commissioner the reasons for such rejection and shall furnish to the rejected veteran a copy thereof.

Sec. 2. Minnesota Statutes 1974, Chapter 197, is amended by adding a section to read:

[197.455] [STATE LAW APPLICABLE.] *The provisions of Minnesota Statutes, Section 43.30 granting preference to veterans in employment, appointment to and promotion in the state civil service shall also govern preference in employment, appointment and promotion of a veteran under the civil service laws, charter provisions, ordinances, rules or regulations of a county,*

city, town, school district, or other municipality or political subdivision of this state, except that a notice of rejection shall not be filed with the commissioner of personnel as required by section 43.30. Any provision in a law, charter, ordinance, rule or regulation contrary to the applicable provisions of section 43.30 is void to the extent of such inconsistency.

Sec. 3. Minnesota Statutes 1974, Section 44.14, is amended to read:

44.14 [VETERANS PREFERENCE.] This chapter does not exclude or modify the application of (SECTIONS 197.45 AND) section 197.46 (, KNOWN AS THE VETERANS PREFERENCE LAW) and section 2 of this act.

Sec. 4. Minnesota Statutes 1974, Section 197.46, is amended to read:

197.46 [VETERANS PREFERENCE ACT; REMOVAL FORBIDDEN; RIGHT OF MANDAMUS.] Any person whose rights may be in any way prejudiced contrary to any of the provisions of this section, shall be entitled to a writ of mandamus to remedy the wrong. No person holding a position by appointment or employment in the state of Minnesota or in the several counties, cities, towns, school districts and all other political subdivisions or agencies thereof, who is an honorably discharged veteran, shall be removed from such position or employment except for incompetency or misconduct shown after a hearing, upon due notice, upon stated charges, in writing.

Any veteran who has been notified of the intent to discharge him from an appointed position or employment pursuant to this section shall be notified in writing of such intent to discharge and of his right to request a hearing within 60 days of receipt of the notice of intent to discharge. The failure of a veteran to request a hearing within the provided 60-day period shall constitute a waiver of his right to a hearing. Such failure shall also waive all other available legal remedies for reinstatement.

Request for a hearing concerning such a discharge shall be made in writing and submitted by mail or personal service to the employment office of the concerned employer or other appropriate office or person.

In all governmental subdivisions having an established civil service board or commission, or merit system authority, such hearing for removal or discharge shall be held before such civil service board or commission or merit system authority. Where no such civil service board or commission or merit system authority exists, such hearing shall be held by a board of three persons appointed as follows: one by the governmental subdivision, one by the veteran, and the third by the two so selected.

In the event the two persons so selected do not appoint the third person within ten days after the appointment of the last of the two, then the judge of the district court of the county wherein the proceeding is pending, or if there be more than one judge in said county then any judge in chambers, shall have jurisdiction to appoint, and upon application of either or both of the two so selected shall appoint, the third person to the board and the person so appointed by the judge with the two first selected shall constitute the board. The veteran may appeal from the decision of the board upon the charges to the district court by causing written notice of appeal, stating the grounds thereof, to be served upon the governmental subdivision or officer making the charges within 15 days after notice of the decision and by filing the original notice of appeal with proof of service thereof in the office of the clerk of the district court within ten days after service thereof. Nothing in (SECTION 197.45 AND) *section 197.46 or section 2 of this act* shall be construed to apply to the position of private secretary, teacher, superintendent of schools, or one chief deputy of any elected official or head of a department, or to any person holding a strictly confidential relation to the appointing officer. The burden of establishing such relationship shall be upon the appointing officer in all proceedings and actions relating thereto.

All officers, boards, commissions, and employees shall conform to, comply with, and aid in all proper ways in carrying into effect the provisions of (SECTIONS 197.45 AND) *section 197.46 and section 2 of this act*. Any wilful violation of such sections by officers, officials, or employees is a misdemeanor.

Sec. 5. Minnesota Statutes 1974, Section 197.481, Subdivision 1, is amended to read:

197.481 [ENFORCEMENT.] Subdivision 1. [PETITION.] A veteran who has been denied rights by the state or any political subdivision, municipality, or other public agency of the state under sections 43.30, (197.45,) 197.46, 197.47, (AND) 197.48 *or section 2 of this act* may petition the commissioner of veterans affairs for an order directing the agency to grant the veteran such relief the commissioner finds justified by said statutes.

Sec. 6. *Minnesota Statutes 1974, Section 197.45, is repealed.*

Sec. 7. *This act is effective the day following its final enactment."*

HOUSE RESOLUTION NO. 6

A house resolution urging that the Agricultural Stabilization and Conservation Service office remain in Minneapolis.

Whereas, the State of Minnesota is highly dependent upon agriculture and agribusiness; and

Whereas, the United States Secretary of Agriculture has announced the immediate removal of the Minneapolis office of the Agricultural Stabilization and Conservation Service from Minneapolis to Prairie Village, Kansas; and

Whereas, the ostensible purpose of the removal is to achieve an economy in the service's operations; and

Whereas, the facts presented thus far indicate that the move will not only be expensive but is a totally inappropriate and inefficient way of handling the problem, which lies in Kansas, not Minneapolis; and

Whereas, the convenience of Minnesota farmers and the agribusiness community is an aspect of our concern as is the loss of jobs and a 3-1/2 million dollar payroll; now, therefore,

Be It Resolved, by the House of Representatives of the State of Minnesota, that the removal of the Minneapolis office of the Agricultural Stabilization and Conservation Service is hereby

strongly opposed and a continuation of the service in Minnesota is strongly recommended and is highly beneficial to the economy of Minnesota.

Be It Further Resolved, that one of the authors of the Resolution is hereby instructed to hand deliver a copy of the Resolution to the United States Secretary of Agriculture, Earl Butz, and that the Chief Clerk of the Minnesota House of Representatives transmit copies of this Resolution to the chairmen of the committees on Agriculture and Government Operations of the United States House of Representatives and Senate and the Minnesota Representatives and Senators in Congress.

Forsythe moved that House Resolution No. 6 be now adopted. The motion prevailed and House Resolution No. 6 was adopted.

Jude; Sherwood; Anderson, I.; Ewald and Savelkoul introduced:

House Concurrent Resolution No. 3, A house concurrent resolution endorsing the objectives of Minnesota Shares for Hunger Day.

The resolution was referred to the Committee on Rules and Legislative Administration.

Reported the same back with the recommendation that the bill do pass.

The report was adopted.

Johnson, D., from the Committee on Commerce and Economic Development to which was referred:

H. F. No. 178, A bill for an act relating to sales, consumer credit; providing for maximum finance charges and a penalty.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [334.20] [DEFINITIONS.] The definitions and provisions in the Truth-In-Lending Act, Title I of the Consumer Credit Protection Act, P.L. 90-321, and in Regulation Z of the Board of Governors of the Federal Reserve System adopted pursuant thereto, 12 CFR 226, as in effect on June 5, 1971, shall apply to the terms used in sections 1 to 6.

Sec. 2. [334.21] [FINANCE CHARGES FOR OTHER THAN OPEN END CREDIT.] Subdivision 1. Unless otherwise authorized by statute, the parties to a consumer credit sale other than a sale pursuant to an open end credit plan may agree to payment by the consumer of a maximum finance charge calculated according to the actuarial method using the rate of finance charge specified by section 334.16.

Subd. 2. For the purposes of this section:

(a) The finance charge may be calculated on the assumption that all scheduled payments will be made when due;

(b) The dollar amount of the finance charge shall include the prepaid finance charge excluded from the amount financed; and

(c) The effect of prepayment is governed by the provisions on rebate upon prepayment under section 4 of this act.

Subd. 3. For the purposes of this section, the term of a consumer credit sale other than one pursuant to an open end credit plan commences with the date the credit is granted or, if goods are delivered, services performed or proceeds of a loan paid ten days or more after that date, with the date of commencement of delivery or performance. Differences in lengths of months are disregarded and a day may be counted as 1/30 of a month.

Subd. 4. A seller may contract for and receive a minimum finance charge with respect to a sale other than one pursuant to an open end credit plan, of not more than fifty cents per month for each month of the original contract term.

Sec. 3. [334.22] [PREPAYMENT PENALTIES PROHIBITED.] Subject to section 4, and unless otherwise authorized by statute, a buyer may prepay in full, or in any part, the unpaid balance of a consumer credit sale at any time without penalty.

Sec. 4. [334.23] [REBATE ON PREPAYMENT.] Subdivision 1. Unless otherwise authorized by statute, and upon prepayment in full of the unpaid balance of a precomputed consumer credit sale, refinancing or consolidation, an amount not less than the unearned portion of the finance charge calculated according to this section shall be rebated to the buyer. If the total of all rebates, refunds and credits to be paid to the buyer under sections 1 to 6 is less than \$1, no rebate need be made.

Subd. 2. The unearned portion of the precomputed finance charge on consumer credit sales shall be at least as great a proportion of the time price differential as the sum of the periodic time balances after the month in which prepayment is made, bears to the sum of all the periodic time balances under the schedule of payments in the original contract. This method of calculating rebates may be referred to as the "rule of 78" or "sum of the digits" method. When a rebate computed by the "rule of 78" results in a buyer having been charged an effective rate of interest in excess of that allowable under section 334.16, it shall not be a violation of law.

Subd. 3. Unless otherwise authorized by statute, the parties to a consumer credit sale other than one pursuant to an open end credit plan, may agree in writing at any time subsequent to the transaction to a deferral of all or part of any installments and an appropriate deferral charge which may not exceed one percent per month on the amount deferred. If prepayment in full is made on a transaction for which there was a prior agreement for a deferral and a deferral charge, the unearned portion of the finance charge shall be computed without regard to the deferral. The amount of deferral charge accumulated at the date of prepayment shall also be calculated. If the deferral charge accumulated is less than the deferral charge actually paid by the buyer, the difference shall be added to the unearned portion of the finance charge to be rebated to the buyer. If any part of a deferral charge has been accumulated but has not been paid, that part shall be subtracted from the unearned portion of the finance charge to be rebated to the buyer.

Subd. 4. In the absence of an agreement for deferral of any installment, as provided in subdivision 3, and if the contract between the seller and the buyer so provides, the seller may collect, or retain, in the event of prepayment, a delinquency charge with respect to any installment not paid in full within ten days after its due date, as originally scheduled or as deferred by agreement, in an amount which is five percent of the unpaid amount of such delinquency installment, or \$5 whichever is less. Such a delinquency charge with respect to any single delinquent installment may be collected only once, however long such installment remains in default. A separate delinquency charge, as computed above, may be imposed with respect to each separate installment that is delinquent. A delinquency charge may not be collected on an installment paid in full within ten days after its scheduled

or deferred installment due date even though an earlier maturing installment or a delinquency or deferral charge on an earlier installment has not been paid in full. For purposes of this subdivision, and in the absence of specific direction by the buyer to the contrary, a payment is applied first to any installment due and not delinquent at the time in which it is received and then to delinquent installments and charges. A delinquency charge may be collected at the time it accrues or at any time thereafter.

Subd. 5. Unless otherwise authorized by statute, if the maturity of the obligation is accelerated for any reason and judgment is obtained, the buyer is entitled to the same rebate as if payment in full had been made on the date judgment is entered against the buyer excluding delinquency charges previously collected by the creditor.

Sec. 5. [334.24] [PENALTY.] Any seller who violates any of the provisions of sections 1 to 6 except as a bona fide error, shall forfeit to the buyer an amount which is three times any finance charge imposed, charged or collected, in connection with a consumer credit sale, with a minimum forfeiture of \$100 plus reasonable attorneys fees and court costs.

Sec. 6. [334.25] [ASSIGNEES AND PURCHASERS.] Any conditional sales contract, personal note or other instrument arising out of or given in connection with a consumer credit sale which reflects or bears a finance charge higher than allowed under sections 1 to 6, or higher than otherwise authorized by statute, may not be held in good faith by an assignee or purchaser of commercial or negotiable paper, and any assignee who acquires said instrument shall be liable for the penalties provided by section 5.

Sec. 7. [334.26] [MOTOR VEHICLE RETAIL INSTALLMENT SALES ACT.] Sections 1 to 6 shall not apply to sections 168.66 to 168.77, known as the motor vehicle retail installment sales act."

With the recommendation that when so amended the bill do pass.

The report was adopted.

PATRICK E. FLAHAVEN, Secretary of the Senate

SUSPENSION OF RULES

Kempe, R., moved that the Rules be so far suspended that Senate Concurrent Resolution No. 4 be now considered and be placed upon its adoption. The motion prevailed.

SENATE CONCURRENT RESOLUTION NO. 4

A Senate concurrent resolution urging the United States Railway Association to reconsider its decision in denying loan funds to the Rock Island Railroad.

Whereas, the Chicago, Rock Island, and Pacific Railroad Company provides rail transportation service to ten Minnesota counties and directly serves many Minnesota communities and population centers, including Minneapolis and St. Paul; and,

Whereas, the Rock Island Railroad provides an essential transportation service that carries Minnesota agricultural and manufactured products on direct routes to Gulf Ports and the midwest and southwest as well as to national and world markets; and,

Whereas, there are over 10,500 employees on the Rock Island Railroad, many of whom reside in Minnesota, whose employment will be adversely affected, even to the point of furlough or termination, if the Rock Island were to cease or suspend operation; and,

Whereas, the existing and anticipated long range energy shortage requires that energy efficient means of hauling bulk goods for long distances be preserved and protected; and,

Whereas, the Rock Island's financial problems have been grievously aggravated by the intolerable delays of the Interstate Commerce Commission in deciding the 1963 merger application of the Rock Island and the Union Pacific railroad companies; and,

Whereas, the Rock Island has been denied a \$100,000,000 reconstruction loan requested from the U. S. Railway Association; and,

Whereas, the Congress, in amending the 1973 Regional Rail Reorganization Act at the time of passage, clearly showed its intent by providing that the railroads such as the Rock Island be eligible for federal assistance; and,

Whereas, federal aid and regulatory responsiveness is essential for the Rock Island to continue to provide transportation services and employment and pay taxes in Minnesota and elsewhere,

Now, Therefore, Be It Resolved by the Senate, the House of Representatives concurring, that the Legislature of the State of Minnesota urge the U. S. Railway Association to reconsider its decision in denying loan funds to support operating and capital needs of the Rock Island Railroad; and,

Be It Further Resolved, that a copy of this resolution be immediately transmitted to the U. S. Railway Association, the President of the United States, members of the Minnesota Congressional Delegation, the Honorable Vance Hartke, Chairman of the Surface Transportation Subcommittee of the Senate Commerce Committee, and the Honorable Harley Staggers, Chairman of the House Interstate and Foreign Commerce Committee.

Kempe, R., moved that Senate Concurrent Resolution No. 4 be now adopted. The motion prevailed and Senate Concurrent Resolution No. 4 was adopted.

I hereby announce the passage by the Senate of the following Senate File, herewith transmitted:

"Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source.

For each of the taxable years beginning after December 31, 1960 and prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

For each of the taxable years beginning after December 31, 1970, the term "gross income" in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through the date specified herein for the applicable taxable year, with the modifications specified in this section.

(i) The Internal Revenue Code of 1954, as amended through December 31, 1970, shall be in effect for taxable years beginning after December 31, 1970 and prior to January 1, 1973.

(ii) The Internal Revenue Code of 1954, as amended through December 31, 1972, shall be in effect for taxable years beginning after December 31, 1972.

(iii) The Internal Revenue Code of 1954, as amended through December 31, (1973) 1974, shall be in effect for taxable years beginning after December 31, 1973.

References to the Internal Revenue Code of 1954 in Clauses (a), (b) and (c) following shall mean the code in effect for the purpose of defining gross income for the applicable taxable year.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under chapter 290, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) Losses which do not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses, and including any such nonassignable losses which occur prior to the time the individual becomes a resident of the state of Minnesota;

(7) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to an-

other taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(8) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(9) In the case of property disposed of on or after January 1, 1973, the amount of any increase in the taxpayer's federal tax liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1972, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1972, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (9) or under section 290.09, Subdivision 24;

(10) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29; *and the contributions for the taxable year to pension, profit sharing or annuity plans on behalf of self-employed individuals that are deductible from adjusted gross income as computed for Federal income tax purposes as defined in the Internal Revenue Code of 1954, to the extent such contributions exceed \$3,750. The amount so added by this modification to Federal adjusted gross income shall be recognized as consideration paid by the self-employed individual when computing taxes on distributions from said plans;*

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income;

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes,

the modification shall be limited to fifty per centum of such portion of the gain;

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(6) If included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(7) The amount of any pension or benefit which is excluded from gross income under the provisions of section 290.08, subdivision 6; and

(8) The amount of compensation for personal services in the armed forces of the United States or the United Nations which is excluded from gross income under the provisions of section 290.65; and

(9) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1972.

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions

in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless property to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1 (2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax

purposes under section 642 (g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Subd. 5. [CUSTODIAL ACCOUNTS.] A custodial account within the meaning of section 401 (f) or section 403 (b) (7) of the Internal Revenue Code of 1954 as amended through December 31, 1974, shall be treated as a trust under this section.

Subd. 6. [INDIVIDUAL RETIREMENT ACCOUNTS.] Any individual retirement account that is exempt from taxation under the provisions of section 408 of the Internal Revenue Code of 1954 as amended through December 31, 1974, shall also be exempt from taxation under the provisions of this chapter.

Sec. 3. Minnesota Statutes 1974, Chapter 290, is amended by adding a section to read:

[290.032] *Subdivision 1. There is hereby imposed as an addition to the annual income tax for a taxable year of a taxpayer in the classes described in section 290.03 a tax with respect to any distribution received by such taxpayer that is treated as a lump sum distribution under section 402 (e) of the Internal Revenue Code of 1954, as amended through December 31, 1974, and that is subject to tax for such taxable year under section 402 (e) of the Internal Revenue Code of 1954, as amended through December 31, 1974.*

Subd. 2. The amount of tax imposed by subdivision 1 shall be computed in the same way as the tax imposed under section 402 (e) of the Internal Revenue Code of 1954, as amended through December 31, 1974, except that the initial separate tax shall be an amount equal to ten times the tax which would be imposed by section 290.03 if the recipient was an individual referred to in such section and the taxable net income, excluding the credits allowed in section 290.06, subdivision 3c, and section 290.21, was an amount equal to one-tenth of the excess of

(i) the total taxable amount of the lump sum distribution for the taxable year, over

(ii) the minimum distribution allowance, and except that references in section 402 (e) of the Internal Revenue Code of 1954, as amended through December 31, 1974, to paragraph (1) (A) thereof shall instead be references to subdivision 1 of this section.

Subd. 3. The tax imposed by this section on a non-resident individual shall be based only on that part of the lump sum dis-

tribution attributable to personal or professional services within this state.”.

Renumber the remaining section accordingly.

Further, amend the title, in line 5, after “trusts” by inserting “and annuities” and by deleting all of lines 9 and 10 and inserting in lieu thereof “Statutes 1974, Chapter 290, by adding a section, and Sections 290.01, Subdivision 20; and 290.26.”.

tion during early childhood and noncorrective damage to an individual's health and mental development. The legislature also finds that the incidence of malnourishment is disproportionately high among low income citizens of this state. The legislature declares that the public policy of Minnesota is to cultivate the health of children as its most valuable state resource. To that end, a program is established to provide nutritional supplements to needy pregnant and lactating women, infants, and children.

Subd. 2. An individual shall be eligible for nutritional supplements who is not receiving a similar supplement under any federal, state, or local program and

- (a) Is pregnant or lactating; or

JOINT RULES OF THE SENATE AND HOUSE

JOINT CONVENTIONS—HOW GOVERNED

Rule 1. The Speaker of the House shall preside at all Conventions of the two branches of the Legislature, and shall call the members to order. The Chief Clerk of the House shall be the Secretary, and the Sergeant at Arms of the House shall be the Sergeant at Arms at the Convention.

DUTIES OF THE PRESIDENT

Rule 2. The President of the Convention shall preserve order and decorum, may speak on all points of order in preference to other members; shall decide questions of order, subject to an appeal to the Convention by any member. He shall rise to put a question, but may state it sitting.

QUESTIONS—HOW STATED

Rule 3. Questions shall be distinctly put in this form, to-wit: "As many as are of the opinion that (as the question may be),

say 'Aye,' and after an affirmative vote is expressed, "As many as are of the contrary opinion, say 'No.'" If the President doubts, or a division be called, the Convention shall decide—those in the affirmative of the question shall first rise and afterwards those in the negative.

PRESIDENT'S RIGHT TO VOTE

Rule 4. The President shall have the right of voting in all cases except on an appeal from the decisions, and on all questions he shall vote last.

ORDER OF DEBATE

Rule 5. When any member is about to speak or deliver any matter to the Convention, he shall rise and respectfully address himself to "Mr. President," and confine himself to the question under debate and avoid personalities.

Rule 6. Whenever any member is called to order, he shall be seated until the point of order is determined; and if called to order for words spoken in debate the exceptional words shall be reduced in writing immediately.

Rule 7. When two or more members rise at the same time, the President shall name the member who is in order.

Rule 8. No member shall speak more than twice on the same question, without permission of the Convention.

CALL OF THE CONVENTION

Rule 9. Any five members may move a call of the Convention, and require absent members to be sent for, but a call cannot be made after voting is commenced; and a call being ordered and the absentees noted, the door shall be closed and no member permitted to leave the hall until the report of the Sergeant at Arms be received and acted upon, or further proceedings under the call are suspended by a vote of the majority of all the members of the Convention.

EITHER HOUSE MAY AMEND, ETC.

Rule 10. It shall be in the power of either house to amend any amendment made by the other to any bill or resolution.

BILLS—HOW ENROLLED AND SIGNED

Rule 11. After a bill, memorial, or resolution shall have passed both houses, it shall be duly and carefully enrolled by the enrolling clerk of the house in which it originated. The enrolling

clerk of that house shall then obtain the signatures and certificates of the proper officers to the enrolled copies, present the same to the Governor for his approval, and report the date of such presentation to the respective houses.

ELECTIONS BY JOINT CONVENTIONS

Rule 12. Whenever there shall be an election of any officer in Joint Convention, the result shall be certified by the President of the Senate and the Speaker of the House, and by them announced to their respective houses, and shall be entered on the Journal of each and communicated to the Governor by the Secretary of the Convention.

CONFERENCE COMMITTEES

Rule 13. In all cases of disagreement between the Senate and House on amendments, adopted by either house to a bill, memorial, or resolution passed by the other house, a Conference Committee, consisting of not less than three members, nor more than five members from each house, may be requested by either house, and the other house shall appoint a similar committee. The manner of procedure shall be as follows: The Senate, for instance, passes a bill and it is duly transmitted to the House, which body adopts an amendment to the bill and passes the bill as amended, returning the same with the record of the actions of the House, to the Senate; the Senate refuses to concur in the House amendment, asks for a Conference Committee, appoints such a committee on the part of the Senate, and with a record of the action of the Senate, returns the bill to the House; if the House adheres to its amendment, a like committee is appointed on the part of the House. The joint committee shall, at a convenient hour agreed upon, meet and state to each other, (**VERBALLY**) *orally* or in writing, the reason of their respective houses for or against the disagreement, and confer thereon, and shall report to both houses such agreement as they may arrive at, if any—and if not, the fact of a disagreement. Within seven calendar days after the appointment of such committee and every seven calendar days thereafter until such time as such committee is discharged, the committee shall report its progress to both houses. The house last having possession of the bill before the conference commences shall first act upon such report, if an agreement is reported, and duly transmit the same with the record of its action thereon to the other house together with the bill. All Conference Committees shall be open to the public. Meetings of Conference Committees shall be announced as far in advance as practicable. Except on the last Saturday during which a bill may be passed in any year, a copy of a report of a Conference Committee shall be placed on the desk of each member of a house in written form twelve hours in advance of action on the report by that house unless the report has been reprinted in the Journal of either house for a preceding day and is available to the members.

EITHER HOUSE MAY RECEDE, ETC.

Rule 14. It shall be in order for either house to recede from any subject or matter of difference existing between the two houses at any time previous to a conference, whether the papers upon which the difference has arisen are before it or not, and a majority shall govern, except in cases otherwise provided in the Constitution; and the question having been put and lost, shall not be again put upon the same day, and a reconsideration thereof shall in all respects be regulated by the rules of the respective houses.

APPROPRIATIONS OF MONEY—HOW MADE

Rule 15. The same bill shall not appropriate public money or property to more than one local or private purpose.

No cause appropriating money for a local or private purpose shall be contained in a bill appropriating money for the State government or public institutions, and all resolutions authorizing the issuing of certificates by the Secretary of the Senate or the Chief Clerk of the House for the payment of money shall be upon the call of "yeas" and "nays."

8. A bill covering appropriations for the highway department.

No other appropriations shall be contained in any of said bills but all other appropriations shall be contained in separate bills.

RULES OF JOINT CONVENTION

Rule 16. The Rules of the House shall be the Rules of the Joint Convention of both houses in all cases where the foregoing rules are not applicable.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for his examination. Any such headnotes shall be in capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, Section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of laws shall be in figures. The enrolled bills shall be labeled "An Act" and otherwise shall contain the

same material as the bill passed by the Legislature. That S. F. No. 28 be further amended as follows:

Strike everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1974, Section 65B.43, Subdivision 7, is amended to read:

Subd. 7. “Loss” means economic detriment resulting from the accident causing the injury, consisting only of medical expense, (DISABILITY AND) income loss, replacement services loss and, if the injury causes death, funeral expense, survivor’s economic loss and survivor’s replacement services loss. Non-economic detriment is not loss; however, economic detriment is loss although caused by pain and suffering or physical or mental impairment.

Sec. 2. Minnesota Statutes 1974, Section 65B.43, Subdivision 12, is amended to read:

Subd. 12. “Commercial vehicle” means:

- (a) any motor vehicle used as a common carrier,
- (b) any motor vehicle, other than a passenger vehicle or a station wagon, as those terms are defined in section 168.011, subdivisions 7 and 23, which has a curb weight *in excess* of 5500 pounds apart from cargo capacity, or
- (c) any motor vehicle while used in the for-hire transportation of property.

Sec. 3. Minnesota Statutes 1974, Section 65B.44, Subdivision 1, is amended to read:

65B.44 [BASIC ECONOMIC LOSS BENEFITS.] Subdivision 1. [INCLUSIONS.] Basic economic loss benefits shall provide reimbursement for all loss suffered through injury arising out of the maintenance or use of a motor vehicle, subject to any applicable deductibles, exclusions, disqualifications, and other conditions, and shall provide a maximum of \$30,000 for loss arising out of the injury of any one person, consisting of:

(a) \$20,000 for medical expense loss arising out of injury to any one person; and

(b) A total of \$10,000 for (DISABILITY AND) income loss, replacement services loss, funeral expense loss, survivor’s economic loss, and survivor’s replacement services loss arising out of the injury to any one person.

Sec. 4. Minnesota Statutes 1974, Section 65B.44, Subdivision 2, is amended to read:

Subd. 2. [MEDICAL EXPENSE BENEFITS.] Medical expense benefits shall reimburse all reasonable expenses for necessary medical, surgical, x-ray, optical, dental, chiropractic, and rehabilitative services, including prosthetic devices, prescription drugs, necessary ambulance, hospital, extended care and nursing services. ("EXTENDED CARE FACILITY" MEANS A PLACE WHERE SKILLED NURSING CARE AND RELATED SERVICES ARE PROVIDED FOR PATIENTS WHO REQUIRE POST HOSPITALIZATION, IN-PATIENT MEDICAL, NURSING, OR THERAPY SERVICES.) Hospital room and board benefits may be limited, except for intensive care facilities, to the regular daily semi-private room rates customarily charged by the institution in which the recipient of benefits is confined. Such benefits shall also include necessary remedial treatment and services recognized and permitted under the laws of this state for an injured person who relies upon spiritual means through prayer alone for healing in accordance with his religious beliefs. Medical expense loss includes medical expenses accrued prior to the death of a person notwithstanding the fact that benefits are paid or payable to the decedent's survivors. Medical expense benefits for rehabilitative services shall be subject to the provisions of section 65B.45.

Sec. 5. Minnesota Statutes 1974, Section 65B.44, Subdivision 6, is amended to read:

Subd. 6. HOUSE CONCURRENT RESOLUTION NO. 5

A house concurrent resolution urging that a presidential commission be established to investigate the matter of American Prisoners of War and persons Missing in Action in Indochina.

Whereas, more than two years have elapsed since the Paris agreement that was to have ended American involvement in the Indochina war; and

Whereas, one of the conditions of that agreement was provision for a return or accounting for prisoners of war and persons missing in action; and

Whereas, more than 2,400 Americans remain unaccounted for with investigation of their status arrested by failure of North Vietnam and its allied political movements to cooperate and assist; and

Whereas, the sorrow, anxiety and frustration of the families of these men cannot be dispelled by delay or neglect; and

Whereas, several congressmen have proposed measures to stop administrative action on the status of these men until an authentic, comprehensive investigation of their fate has been completed; and

Whereas, this tragic problem requires the undivided and disinterested attention of a body established for the purpose; now, therefore,

Be it Resolved, by the House of Representatives of the State of Minnesota, the Senate concurring, that the President of the United States should establish a Presidential Commission to investigate the status of the prisoners and missing, to do all it can itself to answer the questions surrounding their status, to secure the return of any living prisoners or persons missing, to secure the return of the remains of the dead, and to instruct the regular departments of government on proper action to take pending resolution of the questions.

Be it Further Resolved, that the Chief Clerk of the House of Representatives transmit copies of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the chairman of the Committee on Foreign Affairs of the United States House of Representatives, the chairman of the Committee on Foreign Relations of the United States Senate and the Minnesota Representatives and Senators in Congress.

"Section 1. Minnesota Statutes 1974, Chapter 126, is amended by adding a section to read as follows:

[126.21] [ATHLETIC TEAMS.] *Subdivision 1. Recognizing the relationship between a sound mind and a sound body and realizing that vigorous physical activity builds character and develops citizenship as well as contributing to physical well being, the state of Minnesota requires that educational institutions and other public services provide equal opportunity for both sexes to pursue physical development without regard to limits imposed by sexual stereotyping. However, it also recognizes that some separation between the sexes in athletic programs may be necessary and beneficial, similar to existing separation of athletic competition into age, weight, and skill classes.*

Subd. 2. Notwithstanding any other law to the contrary, in athletic programs operated by educational institutions or public services and designed for participants 12 years old or older or in the seventh grade or above, it is not an unfair discriminatory practice:

(1) to restrict membership on an athletic team to participants of one sex, if this restriction is necessary to provide members of each sex with an equal opportunity to participate in the athletic program, except that teams restricted on the basis of sex shall be permitted in wrestling; provided, if a membership restriction on the basis of sex results in the operation of two teams in the same sport which are separated or substantially separated according to sex, the two teams shall be operated in compliance with all the provisions of clause (2) of this subdivision; or

(2) to provide two teams in the same sport which are separated or substantially separated according to sex, if the two teams are provided with similar budgets per participant, exclusive of gate receipts and donations generated by that sport, and in all other respects are treated in a substantially equal manner. The two teams shall be operated separately only in those activities where separation serves a clear and desirable purpose.

Subd. 3. Any organization, association or league entered into by educational institutions or public services for the purpose of promoting sports or adopting rules and regulations for the conduct of athletic contests between members shall effective July 1, 1976 provide rules and regulations and conduct its activities so as to permit its members to comply fully with subdivision 2 and section 363.03, subdivisions 4 and 5.

Subd. 4. Educational institutions and public services shall make every reasonable effort to provide similar budgets per participant pursuant to subdivision 2 during the school year 1975-1976; and thereafter shall provide similar budgets per participant pursuant to subdivision 2. Educational institutions and public services shall gradually eliminate separation based on sex in athletic programs designed for participants 11 years old or younger and in the sixth grade or below during the school years 1975-1976, 1976-1977, and 1977-1978, and thereafter shall comply fully with subdivision 2 and section 363.03, subdivisions 4 and 5.

Sec. 2. Laws 1974, Chapter 355, Section 68, Subdivision 4, is repealed."

Further, strike the title in its entirety and insert the following:

"A bill for an act relating to athletics; providing for equal opportunity for members of both sexes to participate in athletics; amending Minnesota Statutes 1974, Chapter 126, by adding a section; repealing Laws 1974, Chapter 355, Section 68, Subdivision 4."

Johnson, C., from the Committee on Education to which was referred:

H. F. No. 96, A bill for an act relating to education; the establishment of educational cooperative service units to provide educational services and programs on a regional basis; appropriating money therefor.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. [123.58] [EDUCATIONAL COOPERATIVE SERVICE UNITS.] Subdivision 1. [DECLARATION OF

POLICY.] It is declared to be a policy of the state to make general and uniform educational opportunities available to all school children in the state. In striving toward this equalizing of educational opportunity, the policy of the state shall be to encourage cooperation in making available to all students those educational programs and services which may most efficiently and economically be provided by a consortium effort of several school districts.

Subd. 2. [ESTABLISHMENT OF EDUCATIONAL COOPERATIVE SERVICE UNITS.] (a) In furtherance of this policy, ten educational cooperative service units are designated. The units, should they become operational, shall be termed educational cooperative service units, hereafter designated as ECSU. Geographical boundaries for each ECSU shall coincide with those identified in governor's executive orders 8, dated September 1, 1971, and 59, dated May 29, 1973, issued pursuant to the regional development act of 1969, Minnesota Statutes, Sections 462.381 to 462.397, with the following exceptions:

(i) Development regions one and two shall be combined to form a single ECSU;

(ii) Development regions six east and six west shall be combined to form a single ECSU;

(iii) Development regions seven east and seven west shall be combined to form a single ECSU. The ECSU shall cooperate with the regional development commission for the region with which its boundaries coincide but shall not be responsible to nor governed by that regional development commission.

(b) The geographic location of the central administrative office of a school district shall determine the membership of the total school district in a particular ECSU. Existing school district boundaries shall not be altered as a result of this act.

(c) Two or more identified ECSU units may, upon approval by a majority of school boards of participating school districts in each affected ECSU, be combined and administered as a single ECSU unit but state assistance shall be allocated on the basis of two or more ECSU units.

(d) The initial organization of each ECSU may occur only upon petition to the state board of education by a majority of all school districts in an ECSU. The state board of education shall, upon receipt of such petition, invite representation from all public school districts in an ECSU at a regional meeting. The state board of education shall then assist in the necessary organizational activities for establishment of an ECSU pursuant to the requirements of this act.

Subd. 3. [PURPOSE OF ECSU.] The primary purposes of designation as an ECSU shall be to perform educational planning on a regional basis and to assist in meeting specific educational needs of children in participating school districts which could be better provided by an ECSU than by the districts themselves. The ECSU shall provide those educational programs and services which are determined, pursuant to subdivision 8, to be priority needs of the particular region and shall assist in meeting special needs which arise from fundamental constraints upon individual school districts.

Subd. 4. [MEMBERSHIP AND PARTICIPATION.] Full membership in an ECSU shall be limited to public school districts of the state but nonvoting associate memberships shall be available to nonpublic school administrative units within the ECSU. Participation in programs and services provided by the ECSU shall be discretionary and no school district shall be compelled to participate in these services under authority of this act, except that all school districts within that ECSU whose boundaries coincide with those of development region 11 shall participate in the planning and planning research functions of that ECSU. Nonpublic school students and personnel may participate in programs and services to the extent allowed by law.

Subd. 5. [GOVERNING BOARD.] (a) The care, management, and control of an ECSU shall be vested in a board of directors composed of not less than six nor more than 15 members. Members of the ECSU board of directors shall be current members of school boards of participating public school districts. Election to the ECSU board of directors shall be by vote of all current school board members of participating public school districts with each school board member having one vote.

(b) At the initial election, not less than six nor more than 15 members shall be elected at large from the ECSU, one third of the members for a one year term from July 1 next following the election, one third of the members for a two year term, and one third of the members for a three year term, to serve until a successor is elected and qualifies; provided that if the number of members is not evenly divisible by three, the membership will be as evenly distributed as possible among one, two, and three year terms with the remaining members serving the three year term. Elections shall occur after the third Tuesday in May but not later than June 15, or within 90 days following the filing of the initial petition with the state board of education. Thereafter, members shall be elected to serve a term of three years beginning on July 1 next following the election.

(c) Notwithstanding any contrary provisions in (a) and (b), the school boards of districts within that ECSU whose boundaries coincide with those of development region 11 may form a representative assembly composed of one current school board member from each district. The care, management, and

control of that ECSU shall be vested in the representative assembly if one is formed. The representative assembly shall elect an executive committee from its membership of not less than six nor more than 15 members to terms as provided in clause (b) to have those powers and to carry out those duties delegated to it by the representative assembly. In the election of its executive committee, the representative assembly shall establish such electoral districts as necessary to ensure proportional representation based on school enrollments within the ECSU. The provisions of clauses (d), (e), (f) and (g) of this subdivision shall apply to the executive committee of this ECSU.

(d) A vacancy on the board which results in an unexpired term shall be filled by appointment by the board of directors until such vacancy can be filled at the next annual election.

(e) The first meeting of the ECSU board shall be at a time mutually agreed upon by board members. At this meeting, the ECSU board shall choose its officers and conduct any other necessary organizational business. The ECSU board may, in its discretion, appoint up to three superintendents of school districts within the ECSU as ex-officio, nonvoting members of the board.

(f) The officers of the ECSU board shall be a chairman, vice chairman, clerk and treasurer, no two of whom when possible shall be from the same school district.

(g) A member of the ECSU board shall have the same liability applicable to a member of an independent school board.

Subd. 6. [DUTIES AND POWERS OF ECSU BOARD OF DIRECTORS.] The board of directors shall have authority to maintain and operate an ECSU. Subject to the availability of necessary resources, the powers and duties of this board shall include the following:

(a) The board of directors shall submit within 90 days after the filing of the initial petition with the state board of education and by June 1 of each year thereafter to the state board of education and to each participating school district an annual plan which describes the objectives and procedures to be implemented in assisting in resolution of the educational needs of the ECSU.

(b) The ECSU board of directors may provide adequate office, service center, and administrative facilities by lease, purchase, gift, or otherwise, subject to the review of the state board of education as to the adequacy of the facilities proposed.

(c) The ECSU board of directors may employ a central administrative staff and other personnel as necessary to provide and support the agreed upon programs and services. The board may discharge staff and personnel pursuant to provisions of law

applicable to independent school districts. ECSU staff and personnel may participate in retirement programs and any other programs available to public school staff and personnel.

(d) The ECSU board of directors may appoint special advisory committees composed of superintendents, central office personnel, building principals, teachers, parents and lay persons.

(e) The ECSU board of directors may employ service area personnel pursuant to certification standards developed by the state board of education and the teacher standards and certification commission.

(f) The ECSU board of directors may enter into contracts with school boards of local districts including school districts outside the ECSU area.

(g) The ECSU board of directors may enter into contracts with other public and private agencies and institutions which may include, but are not limited to, contracts with Minnesota institutions of higher education to provide administrative staff and other personnel as necessary to furnish and support the agreed upon programs and services.

(h) The ECSU board of directors shall exercise all powers and carry out all duties delegated to it by participating local school districts under provisions of the ECSU bylaws. The ECSU board of directors shall be governed, when not otherwise provided, by the provisions of law applicable to independent school districts of the state.

(i) The ECSU board of directors shall submit an annual evaluation report of the effectiveness of programs and services to the school districts within the ECSU and the state board of education by September 1 of each year following the school year in which the program and services were provided.

(j) The ECSU board is encouraged to establish cooperative, working relationships with post-secondary educational institutions in the state.

Subd. 7. [APPOINTMENT OF AN ADVISORY COUNCIL.] There shall be an advisory council selected to give advice and counsel to the ECSU board of directors. This council shall be composed of superintendents, central office personnel, principals, teachers, parents, and lay persons. A plan detailing procedures for selection of membership in this council shall be submitted by the ECSU board of directors to the state board of education.

Subd. 8. [EDUCATIONAL PROGRAMS AND SERVICES.] Pursuant to subdivision 6, and rules and regulations of the state

board of education, the board of directors of each operational ECSU shall submit annually a plan to the school districts within the ECSU and the state board of education. The plan shall identify the programs and services which are suggested for implementation by the ECSU during the following school year and shall contain components of long range planning determined by the ECSU in cooperation with the state board of education and other appropriate agencies. "Sec. 2. Minnesota Statutes 1974, Section 268.15, Subdivision 3, is amended to read:

Subd. 3. [CONTINGENT ACCOUNT.] *There is hereby created in the state treasury a special account, to be known as the employment services contingent account, which shall not lapse nor revert to any other fund. Such account shall consist of all moneys appropriated therefor by the legislature, all moneys in the form of interest and penalties collected pursuant to section 268.16 (SHALL BE PAID INTO THE GENERAL FUND) and all moneys received in the form of voluntary contributions to this account and interest thereon. All moneys in such account shall be supplemental to all federal moneys that would be available to the commissioner but for the existence of this account. Monies in this account are hereby appropriated to the commissioner and shall be expended in accordance with the provisions of Minnesota Statutes, Section 3.30, in connection with the administration of Minnesota Statutes, Sections 268.03 to 268.24. Whenever the commissioner expends moneys from said contingent account for the proper and efficient administration of the Minnesota employment services law for which funds have not yet been made available by the federal government, such moneys so withdrawn from the contingent account shall be replaced as hereinafter provided. Upon the deposit in the employment services administration fund of moneys which are received in reimbursement of payments made as above provided for said contingent account, the commissioner shall certify to the state treasurer the amount of such reimbursement and thereupon the state treasurer shall transfer such amount from the employment services administration fund to said contingent account. All*

moneys in this account shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for the other special accounts in the state treasury. The state treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the employment services contingent account provided for herein. Notwithstanding anything to the contrary contained here, on June 30 of each year all amounts in excess of \$300,000 in this account shall be paid over to the unemployment compensation fund established under section 268.05 and administered in accordance with the provisions set forth therein.

Sec. 3. Minnesota Statutes 1974, Section 268.16, Subdivision 1, is amended to read:

268.16 [COLLECTION OF CONTRIBUTIONS.] Subdivision 1. [INTEREST ON PAST DUE CONTRIBUTIONS.] If contributions are not paid on the date on which they are due and payable, as prescribed by the commissioner, the whole or part thereafter remaining unpaid shall bear interest at the rate of one percent per month from and after such date until the first day of the calendar month during which payment is made to the department of employment services; provided, however, that during the first month of delinquency interest shall be computed on the basis of one-thirtieth of one percent per month for each and every day of such delinquency. After any contribution has become delinquent for a period of 12 months thereafter interest thereon shall be computed at the rate of six percent per annum. Contributions, if mailed, shall be deemed to have been paid on the date of mailing as indicated by the postmark on the cover thereof; provided, however, that after January 1, 1949, contributions received by mail postmarked on a day following the date on which the law requires such contributions to be paid shall be deemed to have been paid on the due date if there is substantial evidence by affidavit or otherwise reasonably tending to prove that said report or contribution was actually deposited in the United States mails properly addressed to the department with postage prepaid thereon on or before the due date. *Interest collected pursuant to this subdivision shall be paid into the contingent account.*

Sec. 4. Minnesota Statutes 1974, Section 268.16, Subdivision 2, is amended to read:

Subd. 2. [FAILURE TO MAKE REPORT.] (1) [PENALTIES.] Any employer who knowingly fails to make and submit to the department of employment services any report of wages paid by or due from him for insured work in the manner and at the time such report is required by regulations prescribed by the commissioner shall pay to the department of employment services *for the contingent account* an amount equal to one percent of contributions accrued during the period for which such report is required, for each month from and after such date until such report is properly made and submitted to the

department of employment services. In no case shall the amount of the penalty imposed hereby be less than \$5 except that in cases where the contribution is less than \$10 and the commissioner finds that the employer does not habitually fail to report on time the penalty shall be \$1. Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the regulations of the commissioner, shall be subject to a penalty in the sum of \$10 payable to the department of employment services *for the contingent account*. All such penalties shall be in addition to interest and any other penalties provided for by sections 268.03 to 268.24 and shall be collected by civil action as hereinafter provided.

(2) [ASSESSMENT MAY BE MADE.] If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by regulations under the authority thereof, or shall make, wilfully or otherwise, an incorrect, false or fraudulent contribution report, he shall, on the written demand of the commissioner make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make for him a report, or corrected report, from his own knowledge and from such information as he can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report. If any employer has failed to submit any report of wages paid, or has filed an incorrect report, and the commissioner finds that such noncompliance with the terms of sections 268.03 to 268.24 was not wilful and that such employer was free from fraudulent intent, the commissioner shall limit the charge against such employer to the period of the year in which such condition has been found to exist and for the preceding calendar year.

Sec. 5. *There is hereby appropriated from the moneys credited and which may hereafter be credited to this state's account in the federal unemployment trust fund by the secretary of the treasury of the United States of America pursuant to the provisions of Public Law 567, Chapter 657, entitled the Employment*

Security Administrative Financing Act of 1954, as amended, the sum of \$250,000 for the purpose of funding the contingent account herein established and the accomplishment of the purposes set forth therein. Subject to the provisions of section 903 (c) (2) of said act, the commissioner of employment services may requisition moneys appropriated by this act and upon receipt shall deposit such moneys in the state treasury to the credit of the employment services contingent account. The money appropriated herein shall be deemed to have been obligated upon the final enactment of this act. The commissioner of employment services may enter into any agreement for and in behalf of the state of Minnesota with the United States of America or any department or agency thereof pursuant to any federal law or rule or regulation promulgated thereunder governing or relating to the availability and use of the funds contemplated by this act and upon such terms and conditions as may be prescribed by the United States of America or any department or agency thereof, notwithstanding the provisions of any state law to the contrary or inconsistent therewith.

Sec. 6. *This act is effective the day following its final enactment.*"

Whereas S. F. No. 226 does not contain this language.

The title of H. F. No. 204 reads as follows:

"A bill for an act relating to employment services; unemployment compensation; administrative expense; re-establishing the contingent account, providing for its funding; appropriating Reed Act federal moneys; amending Minnesota Statutes 1974, Sections 268.05, Subdivision 5; 268.15, Subdivision 3; and 268.16, Subdivisions 1 and 2."

Whereas the title of S. F. No. 226 reads as follows:

"A bill for an act relating to employment services; unemployment compensation; administrative expense; amending Minnesota Statutes 1974, Section 268.05, Subdivision 5."

SUSPENSION OF RULES

Beauchamp moved that the rules be so far suspended that S. F. No. 226 be substituted for H. F. No. 204 and that the House File be indefinitely postponed. The motion prevailed.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert the following:

“Section 1. [PRESIDENTIAL PRIMARY ELECTION.] There shall be held on the first Tuesday in April of each year in which a president and vice-president of the United States are to be nominated and elected a presidential primary election at which the voters shall express their popular choices for the party nominations for president of the United States.

Sec. 2. [CANDIDATES.] Subdivision 1. The name of a candidate is placed on the presidential primary election ballot either by the candidate filing in person or by proxy with his written authorization and paying a fee of \$150. The affidavit of candidacy must be filed with the secretary of state no more than 42 days nor less than 28 days prior to the date set for the primary election. A candidate may withdraw after filing provided that his affidavit of withdrawal has been received by the secretary of state no later than 28 days prior to the primary election.

Subd. 2. The state executive committee of each political party may file with the secretary of state an affidavit of candidacy designated “Not committed to any candidate” according to the procedure set forth in subdivision 1. Such designation shall be included on the presidential primary election ballot as though it were the name of a candidate.

Sec. 3. [PRESIDENTIAL PRIMARY: HOW CONDUCTED.] Except as otherwise provided in this act, the presidential primary election shall be announced, held, conducted, and the results canvassed and returned in the manner provided by law for other primary elections and in accordance with the general election laws of the state, insofar as they are applicable. Nothing contained in this act shall alter or amend the existing primary election laws or the general election laws except as herein specifically provided. Paper ballots shall be used for the presidential primary election in every precinct.

Sec. 4. [AUDITOR FURNISHED INFORMATION BY SECRETARY OF STATE.] Prior to February 1 of the year in which the presidential primary election is to be held, the secretary of state shall cause to be delivered to the auditor of each county a notice advising him of the date of the election. Each auditor, on receipt of the notice, shall cause a notice to be delivered to each town and city clerk in his county.

Sec. 5. [BALLOTS: VOTING PROCEDURE.] Subdivision 1. For the purposes of this act, the secretary of state shall designate the color pale blue to represent one political party as defined in chapter 200, and the color pale orange to represent the other political party. If any other party qualifies as a political party as defined in chapter 200, the secretary of state shall

designate a color to represent that party, provided that such color shall not duplicate a color already in use for ballots used in other elections.

Subd. 2. The secretary of state shall prepare the ballots and voter's certificates for use in the presidential primary election. The ballots and voter's certificates for each party shall bear the name of the political party and shall be printed on paper in the color designated for that party. After verification of the voter's signature, the voter shall be given a ballot of the same color as his voter's certificate and no other.

The plan shall include the number of delegates and alternate delegates to be selected and the method of apportionment if any delegates are to be selected from districts smaller than the state. The plan shall include the method of reallocating delegates in the event that a candidate withdraws from competition following the primary election but before delegates are selected. The state executive committee of the party shall provide for the allocation of delegates to candidates to reflect the result of the presidential primary election.

Subd. 2. Within three days after the state canvassing board has certified the results of the presidential primary election, the secretary of state shall transmit to the state chairman of each political party for which at least one candidate was listed on the ballot the number of votes each presidential candidate received statewide and in each congressional district.

Subd. 3. date and the apportionment of such delegates and alternate delegates if they are to be selected from districts smaller than the state.

Sec. 7. [ADDITIONAL JUDGES NOT REQUIRED.] The provisions of Minnesota Statutes, Section 203.21, Subdivision 3, requiring additional qualified judges to count the votes after the polls close shall not apply to elections held under this act.

Subd. 4. [STAY OF SALE.] (a) Where a jeopardy assessment or any other assessment has been made by the commissioner, the property seized for collection of the tax shall not be sold until the time has expired for filing an appeal of the assessment with the tax court pursuant to chapter 271. If an appeal has been filed, no sale shall be made unless the taxes remain unpaid for a period of more than 30 days after final determination of the appeal by the tax court or by the appropriate judicial forum.

(b) Notwithstanding clause (a), seized property may be sold if

(i) the taxpayer consents in writing to the sale, or

(ii) the commissioner determines that the property is perishable or may become greatly reduced in price or value by keeping, or that such property cannot be kept without great expense.

Subd. 5. [PROBATE COURT JURISDICTION.] Where a levy has been made to collect taxes pursuant to subdivision 1 and the property seized is properly included in a formal proceeding commenced under sections 524.3-401 to 524.3-505 and maintained under full supervision of the court, such property shall not be sold until the probate proceedings are completed or until the court so orders.

Subd. 6. [BOND OR SECURITY TO RELEASE SEIZURE.] The property seized shall be returned by the commissioner if the owner gives a surety bond equal to the appraised value of his interest in the property, as determined by the commissioner, or deposits with the commissioner security in such form and amount as he deems necessary to insure payment of the liability, but not more than twice the liability.

Subd. 7. [INJUNCTION.] Notwithstanding any other provision to the contrary, if a levy or sale pursuant to this section would irreparably injure rights in property which the court determines to be superior to rights of the state in such property,

the district court may grant an injunction to prohibit the enforcement of such levy or to prohibit such sale.

Subd. 8. [SURRENDER OF PROPERTY SUBJECT TO LEVY.] Any person who fails or refuses to surrender without reasonable cause any property or rights to property subject to levy, upon demand by the commissioner, shall be liable in his own person to the state of Minnesota in an amount equal to the value of the property or rights not so surrendered, but not exceeding the amount of taxes for the collection of which such levy has been made. Any amount recovered under this subdivision shall be credited against the tax liability for the collection of which such levy was made.

Subd. 9. [PENALTY.] In addition to the personal liability imposed by subdivision 8, if any person required to surrender property or rights to property fails or refuses to surrender the property or rights to property without reasonable cause, such person shall be liable for a penalty equal to 25 percent of the amount recoverable under subdivision 8. No part of such penalty shall be credited against the tax liability for the collection of which such levy was made.

Subd. 10. [PERSON DEFINED.] The term "person" as used in subdivision 8 includes an officer or employee of a corporation or a member or employee of a partnership who, as such officer, employee or member is under a duty to surrender the property or rights to property or to discharge the obligation.

Subd. 11. [OPTIONAL REMEDY.] Any action taken by the commissioner pursuant to this section shall not constitute an election by the state to pursue a remedy to the exclusion of any other remedy.

Subd. 12. [EQUITABLE RELIEF.] After the commissioner has seized the property of any person, that person may, upon giving 48 hours notice to the commissioner and to the court, bring a claim for equitable relief before the district court for the release of the property to the taxpayer upon such terms and conditions as the court may deem equitable."

REPORTS OF SELECT COMMITTEES

REPORT OF THE SELECT COMMITTEE ON LEGISLATIVE COMPENSATION

The following Minority Report and Majority Report from the Select Committee on Legislative Compensation were reported to the House and pursuant to House Resolution No. 4 were referred by the Speaker to the Committee on Rules and Legislative Administration:

MINORITY REPORT

Introduction

The question of adequate compensation for Minnesota legislators must be approached in the light of a goal to achieve an ideal form of representative government for citizens of Minnesota. This report takes this goal into consideration of its recommendation pursuant to House Resolution No. 4.

This report makes use of the research of the State Personnel Board. We did, however, reach conclusions different from the Personnel Board's recommendation because of errors in computation which are apparent in the Personnel Board's report dated November 14, 1974, and assessments of priorities which we believe are essential to the goal of representative democracy.

Time Needed To Fulfill A Legislator's Responsibility

This report takes the position that it is of paramount importance to maintain a legislature which preserves the right of citizens throughout the state to have an opportunity of being involved in the legislative process.

To consider the issue of compensation before settling the issue of time would be a classic case of "the tail wagging the dog".

It is our premise that the Minnesota Legislature should not, at this time, take steps to becoming a full-time legislative body. It is our belief that the legislative process should be structured so that legislators return to their districts after session and that they not be encouraged to abandon jobs in their communities. It is in the best interest of this state for those who represent the people in the state to have a direct, real experience with the jobs and problems of their various constituents. To have these real and personal experiences is of tremendous value to legislators when they vote and deliberate on legislation which affects their communities.

We believe the advantage of having legislators who are experienced in the realities of legislation affecting their citizens provides a much greater benefit than does the potential for conflict of interest which may occur when individuals who work in the state also serve as legislators.

Time which the legislature is in session should be limited to those available days prior to May 20 in the first year of fiscal biennium for passing budgetary and general legislative items, 30 legislative days for committee meetings for purposes of passing out of committee legislation to be acted upon by the legislature during the second half of the biennium, 40 legislative meeting days when committees shall meet to overview functions and operations of the various state agencies, and 2 days per month

during interim for mini-session meetings to take care of interim problems.

The Personnel Board survey which was conducted of 201 legislators was the basis for time commitments currently put forth by legislators. Only 56 of the legislators responded to the survey, so it can be fairly said that the sampling probably is not entirely accurate since not all legislators responded and it is probable that those who did respond were committing a substantial amount of time to legislative duties. It is our position that a substantial amount of time was given as legislative time which we think are obligations of every citizen. Some of the time obligations which were put into that category include attendance at party conventions and caucuses, attendance at appropriate committee meetings where community problems are being discussed, etc.

Inasmuch as it is the best information available, however, this report accepts the following findings of the Personnel Board:

The legislator is an extremely active individual who devotes extensive time to his combined duties of legislator and personal occupation. He reports that he devotes 50-70 hours a week to these combined duties when the legislature is not in session and even more, over 70 hours a week, when in session.

During session he is consumed with his legislative duties, including research and meeting with constituents and other interested parties, with 85% of his 70-hour week required for such activities.

During recess he reports typically 30-35% of his time required to attend to legislative duties, involving committee meetings, research and time with constituents.

In arriving at a composite of the time demand of the legislator over a two-year period, the Personnel Board stated the following considerations:

A. The extensive time of 60-70 hours a week is typical of a large number of professional, administrative and managerial people, and as such was accepted as a basis of comparison.

B. 85% of in-session and 35% of recess days would result in an equivalent of 60% of full time of an extensive work week. Consequently, this was considered as the time demands arising out of legislative duties.

The first of these considerations, A, is accepted outright. Although the statement in B, "85% of in-session and 35% of recess days" is accepted, the conclusion that this results "in an equivalent of 60% of full time of an extensive work week" is rejected. 85% of in-session time and 35% of interim period time will result

in a 60% composite figure for the two-year period only if the session period is substantially equal to the interim period. In 1973 and 1974 the session and interim periods broke down as follows:

1973	Session (20 weeks)	Interim (32 weeks)
1974	Session (11 weeks)	Interim (41 weeks)
TOTAL	Session (31 weeks)	Interim (73 weeks)

In computing the correct percentage of full time of an extensive work week, we made the following calculations:

$$85\% \times 70 \text{ (hours)} = 59.5 \text{ (hours)}$$

$$35\% \times 70 \text{ (hours)} = 24.5 \text{ (hours)}$$

$$59.5 \text{ (hours)} \times 31 \text{ (weeks)} = 1844.5 \text{ (hours)}$$

$$24.5 \text{ (hours)} \times 73 \text{ (weeks)} = 1788.5 \text{ (hours)}$$

$$1788.5 \text{ (hours)} + 1844.5 \text{ (hours)} = 3633 \text{ (hours)}$$

$$70 \text{ (hours)} \times 104 \text{ (weeks in 2 years)} = 7280 \text{ (hours)}$$

3633 is approximately 50% of 7280.

The report from the Personnel Board with a recommendation of a \$13,500 annual salary is based upon 60% of the legislator's time being spent according to a survey on legislative duty. When we deduct the time which we feel is the responsibility of any citizen and deduct the overage of 10% as a result of errors in calculation as previously pointed out, we believe the 50% calculation is an accurate reflection of the maximum time needed to fulfill legislative responsibilities.

This would make a full-time equivalency of payment for the job in excess of \$20,000 per annum when per diem is included. Since we believe it is wise to encourage legislators to keep their non-legislative jobs, we feel that it would be unwise to compensate legislators at a rate higher than 50% of a full-time equivalency.

We conclude that the percentage of time required is less than 50% of a full-time equivalent and that this should not be increased.

Based on the amount of time which the Republican caucus feels need be committed to the legislative process for purpose of representation, it is our position that the current salary of \$8400 per year is presently adequate. The citizens of the state should

not be required to pay a salary adequate to support a full-time legislator when it is not necessary to fulfill the job responsibility.

Inflation has and continues to reduce the purchasing power of everyone's compensation. Although we maintain that the current legislative salary is adequate and should not be increased, we recommend that the salary should be adjusted at a rate equivalent to the cost-of-living increase. We recommend that January 1975 be used as the base month in the computation. Since legislative pay cannot, by the constitution, be increased until 1977, we recommend that the salary be increased by an amount which reflects the cost-of-living increase between January 1975 and that projected to January 1977. Indications are now that inflation will be about 6% this year and 7% next year.

Per Diem

Per diem is a traditional concept which has been accepted as an additional fee necessary for the interference of a legislator's responsibilities in his or her job opportunities in other areas and the inconvenience of separation from family and community privileges during legislative session.

We do not, however, feel that there should be a discrepancy between rural and urban legislators since it interferes with occupations of those from rural as well as urban areas. Therefore, we believe that the current per diem arrangement must be changed.

We recommend that per diem be paid at a rate of \$25 per day with limitations being placed on per diem to remove incentive for legislators to be at the capitol away from their district for more days than provided in the above recommendations. We suggest that per diem be allowed for those days prior to May 20 in the first year of the biennium only. Each legislator should be allowed an additional 20 days of per diem for purposes of attending meetings throughout the state or legislative overview in legislative study committees during each of the interim periods.

Expense Reimbursement

We believe that the current form of expense reimbursement should be limited to scheduled benefits with incentive built in the expense reimbursement policy for greater contact with citizens in the representative's district. We, therefore, recommend that legislators be reimbursed for scheduled expenses incurred relative to legislative responsibility while at the capitol and while in the district to the extent costs are incurred for purposes of holding public meetings and providing secretarial constituent services in the district to the maximum of \$50 per month.

In order to equalize treatment between the metropolitan and outstate legislators, we recommend that the outstate legislator

be reimbursed for his housing expense during session. A maximum should be established and the legislator should then be reimbursed for his actual renting expenses. His actual expenses would be determined by filing a statement with the top administrative officer of the body. The statement would be public record.

Every legislator would be reimbursed for the expense of having to stay overnight away from home. For outstate legislators this would involve motel expenses for interim meetings and for all legislators this would involve outstate and out-of-state meetings. We recommend that legislators be reimbursed the same way state employees are, that is by presenting the receipts.

Compensation Commission

We further recommend the establishment of a compensation commission to be composed as follows:

Two members of the House; one appointed by the Speaker and one appointed by the minority leader.

Two members of the Senate; one appointed by the majority leader and one appointed by the minority leader.

Three persons appointed by the Governor.

Two persons appointed by the Chief Justice of the Supreme Court.

The commission shall be charged with the responsibility of adopting a compensation plan for a citizen legislature. The plan would have the effect of law providing that by resolution the legislature shall ratify it. The plan shall be submitted for consideration to the legislature prior to the convening of the session in even-numbered years.

Summary

During the 1973-74 legislative session the average member of the House of Representatives received roughly \$12,300 a year in salary and per diem.

Under the plan we propose, legislators would be paid as follows:

First year of biennium (1977):

Salary \$8400 + \$1092 (inflationary increase) = \$9492

Per diem (session) \$3500 + 455 (inflationary increase) = \$3955

Per diem (interim) \$500 + \$65 (inflationary increase) = \$ 565

\$14,012

Second year if biennium (1978) :

Salary \$8400 + \$1092 (inflationary increase) =	\$9492
Per diem (session) \$1850 + \$240.50 (inflationary increase) =	\$2090.50
Per diem (interim) \$500 + \$65 (inflationary increase) =	\$ 565
	\$12,147.50

To this compensation would be added for outstate legislators their housing expenses for session, for all legislators their expenses for staying away from their residence during the interim, and up to \$50 a month for constituent services in the district.

With the additional changes in per diem and expenses, we believe that the legislative salary of \$8400 is presently adequate. Because the constitution prohibits increasing members' compensation during the term of the House and since inflation will still be a factor in 1977, we recommend that the present legislature pass legislation increasing compensation by the projected inflation rate.

In summary, we find that the typical legislator should be required to spend no more than 50% of his time over a two-year period on legislative duties. In the event that the individual does spend more time on this, it should not be the obligation of the taxpayers of the state to pay for this additional time commitment.

We, the undersigned, being a minority of the members of the Select Committee on Legislative Compensation recommend that this minority report be substituted for the majority report.

MAJORITY REPORT

Pursuant to House Resolution No. 4, adopted February 6, 1975, the Speaker appointed the following members to serve on the Select Committee on Legislative Compensation:

Voss, Chairman; Anderson, I.; Carlson, A.; Faricy; Hauge-rud; Kahn; Kelly, W.; Patton; Savelkoul; Suss and Zubay.

The Select Committee on Legislative Compensation was charged with the responsibility to "study the related questions involving per diem, total time to be committed to the legislative process, and salary. . . . [and] to complete its investigation and study by March 31, 1975."

The Select Committee on Legislative Compensation, therefore submits the following report:

Conclusions

1. For the 1977-78 biennium the committee recommends that the legislative salary should be computed at 80% of the mean salary paid to department heads in the state of Minnesota, excluding the salaries of constitutional officers, as listed in Minnesota Statutes 1974, Section 15A.081. Salaries for the Speaker of the House and the Majority Leader and Minority Leader of both bodies should be computed at 100% of the mean.

No per diem allowance should be paid, but each member should be reimbursed for actual vouchered expenses incurred in providing lodging, related expenses, and meals away from home (at the rate paid to state employees), up to a maximum allowance to be set by the legislature. Travel expenses, phone, stationery, postage, etc. should be provided in the same manner as at present.

2. For the 1975-76 biennium the committee recommends that the per diem allowances should not be increased, but per diem should be allowed for a maximum of 15 days per month, during the interim, spent on legislative business, whether or not in the Capitol and whether or not official committee meetings are involved. However, the Speaker, Majority Leader, and Minority Leader should not be limited to 15 days per month, but should be reimbursed for every day spent on legislative business.

3. It is further recommended that a Compensation Commission consisting of nine members shall be appointed as follows: two members of the public appointed by the Speaker of the House of Representatives; two members of the public appointed by the Senate Committee on Committees; three members appointed from the state at large by the Governor; and two members appointed from the state at large by the Chief Justice of the Supreme Court of the State of Minnesota. The Commission's sole charge is to set the compensation of members of the legislature, the constitutional officers, and members of the Supreme Court. The Commission shall meet within 15 days after final appointment and shall report its findings by September 1, 1975.

Compensation set by the Commission shall have the force and effect of law. The legislature may at its discretion review and repeal any action of the Commission.

Explanation

The Select Committee on Legislative Compensation accepts the Personnel Board's theory of comparability in determining the level of legislative compensation, and accepts in principle that per diem should cover actual expenses only. The Committee is also in agreement that leadership ought to receive additional compensation.

The Committee, however, finds that it disagrees with assumptions made by the Personnel Board in its use of comparability. For example, the Board assumed that legislators spend 60% of a 60-70 hour work week, on the average, on legislative business (i.e. 36-42 hours); that middle management personnel spend 60 to 70 hours per week on the job; that Minnesota's legislature spends about 60% of the time spent by a "full time" legislature; that legislators should be compared with other states' legislators and local elected officials in determining salary level.

The Committee submits that the amount of time spent by Minnesota legislators on legislative business (36-42 hours) is closer to 80% of a normal middle management work week and closer to 80% of a "full time" legislature's time span. It is the opinion of this Committee that the complexity of state government problems and the state's increased role render this work level both right and proper, and it is only just that compensation should be provided to match. Because the degree of responsibility and creativity required of the average legislator, as well as overall impact, compares favorably with that of department heads in Minnesota's executive branch, these positions should be included in the comparability equation. The lack of concise and accurate data on middle management salaries in private industry, together with the extremely wide salary range, make comparability in this case, though desirable, unattainable at this time. The Committee further submits that comparing legislative salaries only with salaries of other elected officials who have the responsibility to set their own salaries is in fact building in an error, as distortion will always be toward the lowest end of the salary range.

Attached to this report is the list of salaries paid to department heads as indicated in MS 1974 Section 15A.081. The mean (average) salary is \$24,100 and 80% of this figure is \$19,280.

It is the opinion of this Committee that the base used for calculating salary should be *present* salaries of department heads, even though doing so builds in a two-year lag, because these salaries were set before the question of their use for this purpose had arisen.

With regard to per diem allowances for the interim periods in this biennium, the maximum of 15 days per month recognizes the part-time nature of this legislature, and, in fact, coupled with

full-time sessions, approximates 80% of a normal work week. For any metro member who claims the maximum number of days, the yearly total of salary and per diem would be approximately \$15,500.

For this biennium only, the definition of per diem in the interim periods should be that used for part-time boards and commissions.

It is recognized that comparability and time requirements are current conditions and will change with time. A flexible method of establishing just compensation must be provided. It is recognized that legislators are in the best position to analyze the effect of changing conditions on demands made on legislators' time, and that a non-legislative commission can be expected to address the compensation issue with disinterest.

Respectfully submitted,

Gordon O. Voss
Chairman

"Sec. 2. Minnesota Statutes 1974, Section 268.15, Subdivision 3, is amended to read:

Subd. 3. [CONTINGENT ACCOUNT.] There is hereby created in the state treasury a special account, to be known as the employment services contingent account, which shall not lapse nor revert to any other fund. Such account shall consist of all moneys appropriated therefor by the legislature, all moneys in the form of interest and penalties collected pursuant to section 268.16 (SHALL BE PAID INTO THE GENERAL FUND) and all moneys received in the form of voluntary contributions to this account and interest thereon. All moneys in such account shall be supplemental to all federal moneys that would be available to the commissioner but for the existence of this account. Monies in this account are hereby appropriated to the commis-

sioner and shall be expended in accordance with the provisions of Minnesota Statutes, Section 3.30, in connection with the administration of Minnesota Statutes, Sections 268.03 to 268.24. Whenever the commissioner expends moneys from said contingent account for the proper and efficient administration of the Minnesota employment services law for which funds have not yet been made available by the federal government, such moneys so withdrawn from the contingent account shall be replaced as hereinafter provided. Upon the deposit in the employment services administration fund of moneys which are received in reimbursement of payments made as above provided for said contingent account, the commissioner shall certify to the state treasurer the amount of such reimbursement and thereupon the state treasurer shall transfer such amount from the employment services administration fund to said contingent account. All moneys in this account shall be deposited, administered, and dispersed in the same manner and under the same conditions and requirements as is provided by law for the other special accounts in the state treasury. The state treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the employment services contingent account provided for herein. Notwithstanding anything to the contrary contained herein, on June 30 of each year all amounts in excess of \$300,000 in this account shall be paid over to the unemployment compensation fund established under section 268.05 and administered in accordance with the provisions set forth therein.

Sec. 3. Minnesota Statutes 1974, Section 268.16, Subdivision 1, is amended to read:

268.16 [COLLECTION OF CONTRIBUTIONS.] Subdivision 1. [INTEREST ON PAST DUE CONTRIBUTIONS.] If contributions are not paid on the date on which they are due and payable, as prescribed by the commissioner, the whole or part thereafter remaining unpaid shall bear interest at the rate of one percent per month from and after such date until the first day of the calendar month during which payment is made to the department of employment services; provided, however, that during the first month of delinquency interest shall be computed on the basis of one-thirtieth of one percent per month for each and every day of such delinquency. After any contribution has become delinquent for a period of 12 months thereafter interest thereon shall be computed at the rate of six percent per annum. Contributions, if mailed, shall be deemed to have been paid on the date of mailing as indicated by the postmark on the cover thereof; provided, however, that after January 1, 1949, contributions received by mail postmarked on a day following the date on which the law requires such contributions to be paid shall be deemed to have been paid on the due date if there is substantial evidence by affidavit or otherwise reasonably tending to prove that said report or contribution was actually deposited in the United States mails properly addressed to the department with postage prepaid thereon on or before the due date. *Interest col-*

lected pursuant to this subdivision shall be paid into the contingent account.

Sec. 4. Minnesota Statutes 1974, Section 268.16, Subdivision 2, is amended to read:

Subd. 2. [FAILURE TO MAKE REPORT.] (1) [PENALTIES.] Any employer who knowingly fails to make and submit to the department of employment services any report of wages paid by or due from him for insured work in the manner and at the time such report is required by regulations prescribed by the commissioner shall pay to the department of employment services *for the contingent account* an amount equal to one percent of contributions accrued during the period for which such report is required, for each month from and after such date until such report is properly made and submitted to the department of employment services. In no case shall the amount of the penalty imposed hereby be less than \$5 except that in cases where the contribution is less than \$10 and the commissioner finds that the employer does not habitually fail to report on time the penalty shall be \$1. Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the regulations of the commissioner, shall be subject to a penalty in the sum of \$10 payable to the department of employment services *for the contingent account*. All such penalties shall be in addition to interest and any other penalties provided for by sections 268.03 to 268.24 and shall be collected by civil action as hereinafter provided.

(2) [ASSESSMENT MAY BE MADE.] If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by regulations under the authority thereof, or shall make, wilfully or otherwise, an incorrect, false or fraudulent contribution report, he shall, on the written demand of the commissioner, make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make for him a report, or corrected report, from his own knowledge and from such information as he can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any

action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report. If an employer has failed to submit any report of wages paid, or has filed an incorrect report, and the commissioner finds that such noncompliance with the terms of sections 268.03 to 268.24 was not wilful and that such employer was free from fraudulent intent, the commissioner shall limit the charge against such employer to the period of the year in which such condition has been found to exist and for the preceding calendar year.

Sec. 5. There is hereby appropriated from the moneys credited and which may hereafter be credited to this state's account in the federal unemployment trust fund by the secretary of the treasury of the United States of America pursuant to the provisions of Public Law 567, Chapter 657, entitled the Employment Security Administrative Financing Act of 1954, as amended, the sum of \$250,000 for the purpose of funding the contingent account herein established and the accomplishment of the purposes set forth therein. Subject to the provisions of section 903 (c) (2) of said act, the commissioner of employment services may requisition moneys appropriated by this act and upon receipt shall deposit such moneys in the state treasury to the credit of the employment services contingent account. The money appropriated herein shall be deemed to have been obligated upon the final enactment of this act. The commissioner of employment services may enter into any agreement for and in behalf of the state of Minnesota with the United States of America or any department or agency thereof pursuant to any federal law or rule or regulation promulgated thereunder governing or relating to the availability and use of the funds contemplated by this act and upon such terms and conditions as may be prescribed by the United States of America or any department or agency thereof, notwithstanding the provisions of any state law to the contrary or inconsistent therewith.

Sec. 6. This act is effective the day following its final enactment."

Strike the title in its entirety and insert in lieu thereof:

"A bill for an act relating to employment services; unemployment compensation; administrative expense; re-establishing the contingent account, providing for its funding; appropriating Reed Act federal moneys; amending Minnesota Statutes 1974, Sections 268.05, Subdivision 5; 268.15, Subdivision 3; and 268.16, Subdivisions 1 and 2."

H. F. No. 25, A bill for an act relating to housing; providing implied and express warranties on the sale of new housing upon the seller.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [DEFINITIONS.] Subdivision 1. As used in this act, the terms in this section shall have the meanings assigned to them.

Subd. 2. "Building standards" means the structural, mechanical, electrical and quality standards of the home building industry for the geographic area in which the dwelling is situated.

Subd. 3. "Dwelling" means a new building, not previously occupied, constructed for the purpose of habitation. The term dwelling shall not mean appurtenant recreational facilities, detached garages, driveways, walkways, patios, boundary walls, retaining walls not necessary for the structural stability of the dwelling, landscaping, fences, nonpermanent construction materials, off-site improvements and all other similar items.

Subd. 4. "Initial vendee" means a person who first contracts to purchase a dwelling from a vendor for the purpose of habitation and not for resale in the ordinary course of trade.

Subd. 5. "Major construction defect" means actual damage to the load-bearing portion of the dwelling, including damage due to subsidence, expansion or lateral movement of the soil (excluding movement caused by flood, earthquake or other natural disaster) which affects its load-bearing function and which vitally affects or is imminently likely to vitally affect use of the dwelling for residential purposes.

Subd. 6. "Vendee" means any purchaser of a dwelling and includes the initial vendee and any subsequent purchasers.

Subd. 7. "Vendor" means any person, firm or corporation which constructs dwellings for the purpose of sale.

Subd. 8. "Warranty date" means the earliest date:

(a) from and after which the statutory warranties contained herein shall be effective as of the date of the initial vendee's first occupancy of the dwelling; or

(b) on which the initial vendee takes legal or equitable title in the dwelling.

Sec. 2. [STATUTORY WARRANTIES.] Subdivision 1. In every sale of a completed dwelling, and in every contract for

the sale of a dwelling to be completed, the vendor shall warrant to the vendee that:

(a) during the one year period from and after the warranty date the dwelling shall be free from defects caused by faulty workmanship and defective materials due to noncompliance with building standards;

(b) during the two year period from and after the warranty date, the dwelling shall be free from defects caused by faulty installation of plumbing, electrical, heating and cooling systems;

(c) during the ten year period from and after the warranty date, the dwelling shall be free from major construction defects.

Subd. 2. The statutory warranties provided for herein shall survive the passing of legal or equitable title in the dwelling to the vendee.

Sec. 3. [EXCLUSIONS.] The liability of the vendor under this act is limited to the specific items set forth in this act and not to the following:

(a) loss or damage not reported by the vendee in writing within six months after the vendee discovers or should have discovered such loss or damage;

(b) loss or damage caused by defects in design, installation or materials which the vendee supplied, installed or had installed under his direction;

(c) secondary loss or damage such as personal injury or property damage;

(d) loss or damage from normal wear and tear;

(e) loss or damage from normal shrinkage caused by drying of the dwelling within tolerances of building standards;

(f) loss or damage from dampness and condensation due to insufficient ventilation after occupancy;

(g) loss or damage from negligence, improper maintenance or alteration of the dwelling by parties other than the vendor;

(h) loss or damage from changes in grading of the ground around the dwelling by parties other than the vendor;

(i) landscaping or insect loss or damage;

(j) loss or damage from failure to maintain the dwelling in good repair;

(k) loss or damage which the vendee, whenever feasible, has not taken timely action to minimize;

(l) loss or damage which occurs after the dwelling is no longer used primarily as a residence;

(m) accidental loss or damage usually described as acts of God (including but not limited to fire, explosion, smoke, water escape, windstorm, hail or lightning, falling trees, aircraft and vehicles, flood and earthquake), except when such loss or damage is caused by failure to comply with building standards;

(n) loss or damage from soil movement which is compensated by legislation or covered by insurance;

(o) loss or damage due to soil conditions where construction is done upon lands owned by the vendee and obtained by him from a source independent of the vendor.

Sec. 4. [WAIVER.] Subdivision 1. At any time after a contract for the sale of a dwelling is entered into by and between a vendor and a vendee, any of the statutory warranties provided for herein may be excluded or modified by written instrument, signed by the vendee, which shall be in bold face type of a minimum size of ten points, and which sets forth in detail the warranty involved, the consent of the vendee and the terms of the new agreement with respect thereto, provided, however, that in no event shall such exclusion or modification be effective unless the vendor provides other express warranties, offering similar protections to the statutory warranties contained in this act.

Subd. 2. Except as provided above, the provisions of this act cannot be waived or modified by contract or otherwise. Any agreement to the contrary is contrary to public policy and void.

Sec. 5. [REMEDIES.] Upon breach of any warranty imposed by this act, the vendee shall have a cause of action against the vendor for damages arising out of the breach, or for specific performance. Damages shall be limited to:

(a) the amount necessary to remedy the defect or breach;
or

(b) the difference between the value of the dwelling without the defect and the value of the dwelling with the defect.

Sec. 6. [OTHER WARRANTIES.] The statutory warranties provided for herein shall be in addition to all other warranties imposed by law or agreement. The remedies provided by section 5 shall not be construed as limiting the remedies in any action not predicated upon breach of the statutory warranties imposed by this act.

Sec. 7. [APPLICABILITY.] The commissioner of administration may approve, pursuant to the administrative procedures act, Minnesota Statutes, Section 15.0412, variations from the provisions of sections 2 and 3, if the warranty program of the vendor requesting the variation offers at least substantially the same protection to the vendee as is offered by this act.

Sec. 8. [REPEALER.] Minnesota Statutes, Section 541.051, is not applicable insofar as it applies to dwellings as defined in this act.

Sec. 9. [EFFECTIVE DATE.] This act is effective January 1, 1976 and shall apply to any contract for the sale of a dwelling entered into thereafter.”.

The report was adopted.

Johnson, D., from the Committee on Commerce and Economic Development to which was referred:

H. F. No. 682, A bill for an act relating to commerce; requiring repair orders and invoices for repairs; regulating estimates; providing penalties.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [DEFINITIONS.] Subdivision 1. "Repairs" include repairs, alterations, maintenance, and the installation of any item, where the total cost is more than \$25 and less than \$2,000. Repairs do not include health care services to persons or animals.

Subd. 2. "Shop" means individuals, corporations, partnerships, and any other form of business organization which derives income, in whole or part, by engaging in the repair business.

Subd. 3. "Estimate" means any offer by the shop, either written or verbal, to make agreed upon repairs for a stated price, provided that if the shop was given a customer a repair order,

the agreed upon repairs consist of the work described on the repair order.

Subd. 4. "Binding estimate" means any estimate which has been agreed to by both the shop and the customer.

Subd. 5. "Customer" includes the agents of a customer.

Sec. 2. [REPAIR ORDER; INVOICE.] Subdivision 1. Whenever a shop proposes to make repairs for a customer the shop shall furnish, prior to commencement of repairs, a copy of a written repair order to the customer describing the repairs to be made. The repair order shall be signed by the shop, and upon notification of his right to a repair order the customer may waive this right.

Subd. 2. The repair order may be specific or general. The shop may list on the repair order the specific parts and the specific labor that it will supply or the shop may describe on the repair order the general condition that it will repair.

(a) If the repair order lists specific parts and labor to be supplied, the shop is authorized to supply and charge only for those parts and labor listed in the repair order. The shop shall not be authorized and shall not charge for parts or labor not already listed on the repair order unless the customer authorizes the additional parts or labor not already listed on the repair order. The customer may authorize additional parts or labor orally or in writing.

(b) If the repair order describes the general condition that will be repaired, the shop shall be authorized to perform and charge for all parts and labor the shop deems necessary to repair the condition described on the repair order. The shop shall not be authorized and shall not charge for parts or labor supplied to repair any condition other than that described on the repair order unless the customer authorizes the additional repairs not already described on the repair order. The customer may authorize additional repairs orally or in writing.

Subd. 3. A shop is not required to give an estimate to any customer or prospective customer. Any shop that does not wish to give an estimate shall so inform the customer at the time an estimate is requested. If a repair order is furnished there shall be a conspicuous written statement on it stating whether an estimate has been given the customer and, if so, the amount of the estimate.

Subd. 4. A shop shall state on its repair order its charge to the customer, or the basis upon which it will be calculated, for an estimate, diagnostic service, work preliminary to a diagnosis, reassembly of the unrepaired item, service call, or release of the item in the event it is not repaired.

Subd. 5. Upon completion of all repairs, each shop shall provide each customer with a copy of a dated invoice for the work

done. The information which is required to be on the invoice may be placed on the face of the repair order, which then may be used as an invoice. The invoice shall contain the following information:

(a) A description of all service work done and parts supplied, including all warranty work;

(b) The estimated price, if any was given;

(c) A detailed itemization of the charges for parts, labor, incidentals, the making of an estimate, the release of the item, service call charge, and any other charges imposed upon the customer; and

(d) A statement specifying which parts, if any, are used, rebuilt, or reconditioned if that information is known by the shop.

Sec. 3. [COSTS AND ESTIMATES.] Subdivision 1. The repair order may be silent as to the price of repairs described on the repair order.

Subd. 2. The shop may add conditions to its estimate if those conditions are disclosed to the customer at the time the estimate is given and are in the same form as the estimate and if those conditions affect neither the amount of work authorized nor the cost of doing the agreed upon repairs.

Subd. 3. When a shop gives a customer an estimate and the customer accepts the estimate and any conditions imposed by the shop, the estimate shall be binding upon the parties, and the shop shall not charge more than the amount of the binding estimate for performing the agreed upon work.

Subd. 4. A shop shall inform the customer of the period of time for which an estimate is binding upon the shop. If no period of time is stated by the shop an estimate shall be presumed to be binding upon the shop for 21 days.

Subd. 5. A shop may make a reasonable charge for an estimate, diagnostic service, work preliminary to a diagnosis, reassembly of an unrepaired item, service call, or release of an item in the event it is not repaired. Such a charge, or the basis upon which it will be calculated, shall be disclosed to the customer prior to the performance of any act which would impose a charge upon the customer. The disclosure shall clearly state whether the charge is included in the shop's estimate and whether the charge will be credited toward the total cost of the repairs.

Subd. 6. Repairs which the shop estimated to cost less than \$25, yet exceed that amount, fall within the scope of sections 1 to 7.

Sec. 4. [SERVICE CALL CHARGES.] When a shop makes repairs to, or picks up or delivers an item at a place other than its own premises it shall inform the customer, at the time of the customer's inquiry for service, of any service call charge. The service call charge shall be stated in absolute terms, not on an hourly, mileage, or other basis. The service call charge may be imposed in addition to any other charges assessed the customer, but it shall be separately stated. If the customer is furnished a repair order or written estimate, the service call charge shall be indicated thereon.

Sec. 5. [REQUIRED SHOP PRACTICES.] Subdivision 1. At the time the customer authorizes the repairs he may request that replaced parts be returned to him. If such a request is made, the shop shall return the replaced parts to the customer, except for parts that the shop is required to return to the manufacturer or distributor under a warranty or exchange arrangement if the customer is shown the replaced parts. The customer shall remove the replaced parts from the shop premises within a reasonable time from the date the repaired item is returned to the customer.

Subd. 2. Every shop shall maintain repair records which shall include all repair orders, estimates, and invoices, and the names of all customers for whom repair services have been performed. These records shall be available for reasonable inspection and copying by law enforcement officials and shall be retained for at least two years. A customer has the right to a copy of documents maintained by the shop reflecting any transaction to which he was a party.

Subd. 3. Each shop shall conspicuously display a sign that states the following:

"If a customer of this shop is given an estimate, the shop cannot lawfully charge a greater amount for performing the agreed upon work. Customers are entitled to see or accept return of replaced parts if a request is made at the time work is authorized."

Sec. 6. [PROHIBITED ACTS.] No shop shall:

- (a) Charge or recover for unauthorized repairs;
- (b) Charge or recover for an amount exceeding a binding estimate;
- (c) Fail to return to any customer, upon demand, the customer's goods because of the customer's nonpayment of the proportion of the bill which represents;
 - (1) Repairs which were performed but unauthorized, or
 - (2) Repair charges which exceed a binding estimate for such repairs;

(d) Perform repair work without notifying the customer of his right to a repair order;

(e) Fail to disclose to a customer its charge for an estimate, diagnostic service, work preliminary to a diagnosis, reassembly fee, service call charge or for the release of an item in the event it is not repaired;

(f) Fail to comply with any conditions that the customer imposes on repair work, provided that the shop was informed of such conditions before commencement of the repairs.

Sec. 7. [REMEDIES; PENALTIES.] Subdivision 1. When a shop refuses return of a customer's goods, despite the customer's fulfillment of all conditions agreed upon with the shop as well as the customer's offer to pay either the amount of a binding estimate or the cost of authorized work, the customer, without making any additional payment, is entitled to the return of his goods or consequential damages, reasonable attorneys fees as determined by the court, and punitive damages not to exceed three times the total charges for the repairs. Acceptance by the shop of the amount offered by the customer shall not be an admission that the amount offered is the true and correct amount owing and payable.

Subd. 2. When a shop refuses return of a customer's replaced parts despite a timely request, the shop shall be liable for the reasonable value of those parts.

Subd. 3. When a shop fails to disclose its charge for an estimate, diagnostic service, work preliminary to a diagnosis, reassembly fee, service call, or release of an unrepaired item, there shall be a rebuttable presumption that the charge is for unauthorized work.

Subd. 4. Any violation of sections 1 to 7 shall be deemed a violation of section 325.79.

Subd. 5. The remedies of this section are to be construed as cumulative in addition to those provided by the common law and other statutes of this state.

Sec. 8. [PREEMPTION BY STATE.] The provisions of sections 1 to 7 shall supercede local ordinances regulating repairs to the extent that the ordinances are inconsistent with sections 1 to 7.

Sec. 9. [TITLE.] Sections 1 to 9 may be cited as the truth in repairs act."

Subd. 17. "Motor vehicle fuel dealer" means any person engaged in the retail sale of gasoline products to members of the public under a marketing agreement entered into with a supplier, other than a person who is an employee of a supplier.

Sec. 2. Minnesota Statutes 1974, Section 80C.01, is amended by adding a subdivision to read:

Subd. 18. "Motor vehicle fuel marketing agreement" means an agreement between a supplier and a dealer under which the dealer is granted the right to use a trademark, trade name, service mark, or other identifying symbol or name owned by the supplier. Marketing agreement also means an agreement between a supplier and a dealer by which the dealer is granted the right to occupy premises owned, leased or controlled by the supplier, for the purpose of engaging in the retail sale of motor vehicle fuel products supplied by the supplier or any other agreement whereby a dealer may market motor vehicle fuel.

Sec. 3. Minnesota Statutes 1974, Section 80C.01, is amended by adding a subdivision to read:

Subd. 19. "Service station" means any site equipped for the sale and dispensing of gasoline into vehicles of members of the public.

Sec. 4. Minnesota Statutes 1974, Section 80C.01, is amended by adding a subdivision to read:

Subd. 20. "Motor vehicle fuel supplier" means any person engaged in the sale, consignment, or distribution of gasoline products at wholesale to dealers and who maintains a contractual relationship with a dealer or dealers for the sale of the products, at wholesale or retail, and shall include any subsidiary or affiliated corporation in which it holds at least ten percent voting control.

Sec. 5. Minnesota Statutes 1974, Section 80C.04, is amended by adding a subdivision to read:

Subd. 3. The public offering statement to be used in connection with the offer, sale, or grant of motor vehicle fuel marketing agreements shall contain the following information:

(a) A copy of the proposed marketing agreement.

(b) A summary of the obligations of the supplier and dealer together with a summary of the marketing agreement referred to in clause (a).

(c) Any offer for the sale or other disposition of the location subject to the marketing agreement or negotiations which might result in an offer, sale or other disposition of the location.

(d) Any agreement that would result in the demolition or a major alteration of the condition of the location, or negotiations that would precede an agreement to demolish or otherwise materially alter the condition of the location.

(e) A statement disclosing the interest and the nature thereof enjoyed by the supplier in the location and, further, a disclosure of any other interest and the nature thereof enjoyed by any other person in said location.

(f) Full disclosure of the total amount of any security deposits required, plus the amount of interest that shall be paid on any cash security deposit, and the conditions for the return of any security deposit.

(g) The training program, if any, and the specific goods and services the supplier will provide for and to the dealer.

(h) The gallonage volume history, if any, of the location under negotiation for and during the three year period immediately past or for the entire period for which the location has been supplied by the supplier, whichever is shorter.

(i) The name and last known address of the previous dealer or dealers for the last five years or for and during the entire period for which the location has been supplied by the supplier, whichever is shorter, and the reason or reasons of the supplier where an aforescribed relationship has ended by cancellation.

Sec. 6. Minnesota Statutes 1974, Section 80C.13, is amended by adding a subdivision to read:

Subd. 4. (a) A supplier shall not cancel a motor vehicle fuel marketing agreement except for one or more of the following grounds:

(1) A mutual agreement between the parties;

(2) The bankruptcy or insolvency of the dealer;

(3) The dealer's failure to act in good faith in carrying out the terms of his marketing agreement with the supplier;

(4) A good faith voluntary or involuntary decision by the supplier to discontinue doing business at the service station site;

(5) Decline in annual sales from the service station site below the figure set forth in the marketing agreement or otherwise agreed to by the parties in writing when the marketing agreement is signed. The foregoing shall not apply to declines that materially result from extrinsic physical changes, such as those resulting from highway construction, construction on the premises or changes in highway routes, but not limited thereto.

(b) The supplier shall exercise any right of cancellation above by giving written notice to the dealer in person or by certified mail of his intent to terminate or cancel at least 60 days prior to the date on which he intends to terminate or cancel the marketing agreement; provided, however, that where criminal misconduct, fraud, abandonment, bankruptcy or insolvency of the dealer, adulteration of product, or the giving of a nonsufficient fund check which remains dishonored for a period of ten days after notice, which notice shall be effective on the fifth day after the date of mailing, is proven at the time of termination or cancellation, the 60 day notice shall not be required. Where notice is given by certified mail, the notice shall be effective on the date of mailing.

(c) The notice required for cancellation shall include a statement of reasons setting forth the basis of the proposed cancellation and shall provide the dealer a reasonable opportunity to rectify any default constituting the basis for cancellation except for causes where no 60 day notice is required. In no event shall the time in which rectification is allowed be less than 30 days. The notice of cancellation shall be void upon rectification of the matters set forth in the statement of reasons for cancellation.

Sec. 7. Minnesota Statutes 1974, Section 80C.13, is amended by adding a subdivision to read:

Subd. 5. (a) Either party to a motor vehicle fuel marketing agreement may refuse to renew the marketing agreement

upon giving the other party notice of his intent not to renew at least 90 days prior to the expiration of the marketing agreement.

(b) Where the supplier and the dealer have been parties to one or more marketing agreements extending for three consecutive years, or where the dealer has sold the same brand name motor vehicle fuel for such period, or where the dealer has been in business as a motor vehicle fuel dealer in the same location for such period and the supplier has obtained the interest of the prior supplier to that location, the supplier shall either automatically renew the existing marketing agreement or, in good faith, offer another marketing agreement, different either in its terms or location. This obligation of the supplier shall also apply whenever the supplier and the dealer have had any marketing agreement written or otherwise in existence as of August 1, 1973, and any of the relationships mentioned above have been effective for a period of one year thereafter. However, this obligation of the supplier shall not apply where the supplier would have a right to cancel his relationship with the dealer under any of the provisions of subdivision 4.

Sec. 8. Minnesota Statutes 1974, Section 80C.13, is amended by adding a subdivision to read:

Subd. 6. A supplier shall not take retaliatory action against a dealer who files or manifests an intent to file a complaint of alleged violation of state or federal law by the supplier with the appropriate state or federal regulatory authority. Retaliatory action shall include, but shall not be limited to, a refusal to continue the franchise agreement, a reduction in the quality or quantity of services or products available to the dealer under the franchise agreement, any violation of privacy, harassment or the inducing or attempt to induce others to engage in retaliatory actions against the dealer.

Sec. 9. Minnesota Statutes 1974, Section 80C.14, is amended to read:

80C.14 [UNFAIR PRACTICES.] *Subdivision 1.* No person, whether by means of a term or condition of a franchise or otherwise, shall engage in any unfair or inequitable practice in contravention of such rules as the commissioner may adopt defining as to franchises the words "unfair and inequitable". Any violation of this section is enjoined by a court of competent jurisdiction.

Subd. 2. No supplier, whether by means of a term or condition of a motor vehicle fuel marketing agreement or otherwise, shall engage in any unfair or inequitable practice. Unless a motor vehicle fuel marketing agreement includes the following provisions, among others, it shall be deemed unfair and inequitable. Any violation of this section is enjoined by a court of competent jurisdiction.

(a) *The dealer shall have the right to cancel his marketing agreement until midnight of the seventh business day after the day on which the agreement was signed, by giving the supplier in person or by certified mail written notice of cancellation, provided that any money, equipment, or merchandise loaned, sold, or delivered to the dealer is returned to the supplier for full credit, or cash equivalent, together with delivery of full possession of the service station location to the supplier within ten days after delivery of notice.*

(b) *The right of either party to trial by jury or the interposition of counterclaims or crossclaims shall not by agreement be waived.*

(c) *The price at which the dealer sells products shall not be fixed or maintained by the supplier, nor shall he seek to do so, nor shall the price of products be subject to enforcement or coercion by the supplier in any way, provided that nothing herein shall be construed to prohibit a supplier from suggesting prices.*

(d) *No dealer shall be required to use or utilize any promotion, premium, coupon, give-away, or rebate in the operation of the business. Except as otherwise provided by law, nothing herein shall be construed to prohibit the dealer from voluntarily participating financially in promotion, premium coupon, give-away, or rebate sponsored by the supplier.*

(e) *In the event of any termination or cancellation, whether by mutual agreement or otherwise, the supplier shall be required to purchase from the dealer within 30 days from the date of termination at the then current wholesale prices any and all merchantable products purchased by the dealer from the supplier; provided, however, that in the event of purchase, the supplier shall have the right to apply the proceeds against any existing indebtedness owed to him by the dealer and that the repurchase obligation is enforceable to the extent that there are not other valid claims or liens against the products by or on behalf of other creditors of the dealer.*

(f) *No supplier shall unreasonably withhold his consent to any assignment, transfer, or sale of a marketing agreement.*

(g) *No supplier shall restrict or inhibit, directly or indirectly, the right of free association among dealers for any lawful purpose.*

(h) *No supplier shall require a dealer to assent to a release or waiver of the dealer's rights hereunder.*

(i) *The supplier may set forth in the franchise agreement the required number of hours per day and days per week that the dealer must maintain his retail outlet open for business; how-*

ever, the supplier shall not unreasonably withhold consent to a modification of such requirements where dictated by changes of circumstances.

(j) The supplier may set forth in the marketing agreement prohibitions and limitations on the conduct of any other business at the service station site by the dealer, including a charge for additional rent where another business is permitted and conducted; however, the supplier shall not:

(1) Unreasonably withhold its consent to the performance of another business;

(2) Impose unreasonable limitations on the dealer's ability to perform another business; or

(3) Charge an unreasonable rent for the conduct of another business, considering the fair rental value of the site and any imposition upon the supplier's business.

"Section 1. Minnesota Statutes 1974, Section 90.02, is amended to read:

90.02 [CITATION, STATEMENT OF POLICY.] This chapter may be cited as the state timber act.

It is the intent and desire of the Minnesota legislature to provide equal opportunity for all segments of our society to participate in the sale process, and to attempt to prevent the purchase or acquisition of excessive volumes of the state's timber resources by any one individual or corporation.

The department of natural resources is directed to enact regulations to reach this objective, including provision for sale of all timber species by both the informal and the auction sale method, and maintaining reasonable proportions of volume in each method of sale.

Sec. 2. Minnesota Statutes 1974, Section 90.101, Subdivision 1, is amended to read:

90.101 [TIMBER SOLD AT PUBLIC AUCTION, MAXIMUM LOTS OF \$7,500.] Subdivision 1. The commissioner may sell the timber on any tract of state land in lots not exceeding (\$15,000) \$7,500 in appraised value and may determine the number of sections or fractional sections of land to be covered by any one permit issued to the purchaser of timber on state lands, or in any one contract or other instrument relating thereto. No timber shall be sold, except to the highest bidder at public auction, and the minimum price shall be the appraised value as fixed by the report of the state appraiser. All sales shall be held in the county in which the tract is located and no sale shall be held in more than one location on any one day.

Sec. 3. Minnesota Statutes 1974, Section 90.101, Subdivision 2, is amended to read:

Subd. 2. At least 30 days before the date of sale the commissioner shall compile a list containing a description of each tract of land upon which any timber to be offered is situated and a statement of the quantity of timber and of the appraised price of each kind of timber thereon as shown by the report of the state appraiser. The commissioner may also list the quantity of timber of doubtful market value and the appraised price of each kind of such timber located in other timber types within the sale area that may be cut at the discretion of the purchaser. Optional timber will not be considered a part of the sale contract until the permit holder has advised the commissioner of his intent to cut such timber. No description shall be added after the list is posted as herein provided and no timber shall be sold from land not described therein. Copies of the list shall be furnished to all interested applicants. A copy of the list shall be conspicuously posted in the office of the commissioner and in the office of the auditor of the county in which the lands are situated at least 30 days prior to the date of sale, and extra copies of the list shall be furnished to the county auditor for distribution to applicants. The

commissioner shall cause (THE LIST) a notice to be published for three consecutive weeks in a legal newspaper in the county where the land is situated. *The notice shall state the time and place of the sale and the location at which further information regarding the sale may be obtained.* He may give such other published or posted notice as he deems proper to reach prospective bidders.

Sec. 4. Minnesota Statutes 1974, Section 90.151, Subdivision 1, is amended to read:

90.151 [PERMITS TO CUT AND REMOVE TIMBER SOLD AT PUBLIC AUCTION.] Subdivision 1. Following receipt of the down payment for state timber sold at public auction, the commissioner shall issue a numbered permit to the purchaser, in a form approved by the attorney general, by the terms of which he shall be authorized to enter upon the land, and to cut and remove the timber therein described, according to the provisions of this chapter. The permit shall be correctly dated and executed by the commissioner or his agent and signed by the purchaser. The permit shall (COVER ONE OR MORE LOGGING SEASONS) *expire no later than two years after the date of sale* as the commissioner shall specify, and the timber shall be cut within the time specified therein. All cut timber, equipment, and buildings not removed from the land within 90 days after expiration of the permit shall become the property of the state. The commissioner may grant an additional period of time not to exceed 120 days for the removal of cut timber, equipment, and buildings upon receipt of such request by the permit holder for good and sufficient reasons. No permit shall be issued to any person other than the purchaser in whose name the bid was made.

Sec. 5. Minnesota Statutes 1974, Section 90.151, Subdivision 13, is amended to read:

Subd. 13. The commissioner may grant extensions of timber permits and contracts, whether issued before or after July 1, 1967, for such periods as the commissioner deems advisable, (NOT TO) *provided that such extension shall not exceed a total of (TEN) three years from date of issuance, (BUT OTHERWISE) and shall be* subject to all the provisions of chapter 90. The commissioner shall include in each extension a condition that the purchaser shall pay to the state interest at the rate of six percent of the unpaid purchase price for each year of such extension or portion thereof to the date of the seasonal scale report of products cut as computed on the sale price of the timber cut, or if not cut, upon the official estimate thereof; however, the purchaser is not required to pay interest totaling \$1 or less.

Sec. 6. Minnesota Statutes 1974, Section 90.191, Subdivision 1, is amended to read:

90.191 [INFORMAL SALES OF STATE TIMBER.] Subdivision 1. The commissioner may sell the timber on any tract of state land in lots not exceeding (\$500) \$1,500 in appraised value, without formalities but for not less than the full appraised value thereof, to any individual. No sale shall be made under this section to any person holding two permits issued hereunder which are still in effect.

Before issuing a permit or contract under this section the purchaser shall file an affidavit with the commissioner stating under oath, that if the permit is issued the purchaser will not hold more than two permits which are in effect.

Sec. 7. Minnesota Statutes 1974, Chapter 90, is amended by adding a section to read:

(90.222) [ANNUAL REPORT.] *The commissioner shall file an annual report on or before September 30 of each year with the legislative reference library providing detailed information on all auction and informal sales made in the previous fiscal year. The report shall include but not be limited to the names and addresses of all purchasers, volumes of timber purchased, species, appraised value and sale price. The commissioner shall make copies of the report available to the public upon request.*

Sec. 8. [REPEALER.] *Minnesota Statutes 1974, Section 90.101, Subdivision 3, is repealed.*

April 2, 1975

The Honorable Martin O. Sabo
Speaker of the House of Representatives
The Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees for H. F. No. 84, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 84 be further amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1974, Section 43.18, is amended to read:

43.18 [VACANCIES.] Subdivision 1. [NOTICE.] Appointing officers shall give written notice to the commissioner of personnel of their intention to establish new positions and of the existence of any vacancy to be filled in any office or employment in the classified service, and, within a reasonable time after the receipt of this notice, the commissioner shall certify, from the list of eligibles, appropriate for the grade and class in which the position is classified, (THE FIRST THREE) names (ON SUCH LIST TOGETHER WITH ANY ADDITIONAL NAMES OF PERSONS HAVING AN EXAMINATION RATING WITHIN THREE POINTS OF THE PERSON ON THE LIST WITH THE HIGHEST EXAMINATION RATING, EXCEPT AS PROVIDED IN SECTION 43.23. IN THE CASE OF AN ELIGIBLE LIST FOR INITIAL ENTRY INTO THE STATE SERVICE, THE COMMISSIONER, HOWEVER, SHALL CERTIFY THE FIRST TEN NAMES ON SUCH LIST) *in the manner as provided in this section.*

Subd. 2. [PROMOTIONS.] In the case of positions to be filled by examinations other than open competitive examinations, the commissioner shall certify, from the list of eligibles, appropriate for the grade and class in which the position is classified, the first three names on such list together with any additional names of persons having an examination rating within three points of the person on the list with the highest examination rating, except as provided in sections 43.23 and 43.19, subdivision 1.

Subd. 3 [ORIGINAL ENTRY.] In the case of positions to be filled by open competitive examination, the commissioner shall certify the first ten names on the list. Appointments from the list shall only be made from the first ten available eligibles. The commissioner shall promulgate rules so that a determination of unavailability by appointing authority will be based on a statement of unavailability from the eligible or lack of response by the eligible to notification by certified mail of the open position. Before requesting a recertification based on unavailability or rejection of an eligible, the appointing authority shall demonstrate the unavailability of an eligible or shall provide reasons for requesting the removal of an eligible's name from the certification.

Subd. (2) 4. [APPOINTMENT; PROBATION.] The appointing officer shall appoint on probation, with sole reference to merit and fitness, one of the said candidates, whose name is certified in the manner above set forth, to fill such vacancy, except as provided in section 43.23. The provisions of this section shall not apply when the office or employment is among those listed in section 43.20, for which competitive examinations are not required.

Sec. 2. Minnesota Statutes 1974, Section 43.30, is amended to read:

43.30 [VETERANS PREFERENCE.] (NOTWITHSTANDING SECTIONS 197.45 TO 197.48,) The provisions of this section shall govern the granting of veterans' preference for the state civil service.

(IN ALL EXAMINATIONS UNDER THIS CHAPTER) A veterans' preference shall be (GIVEN) *available pursuant to this section* to every person who has been (HONORABLY DISCHARGED OR) *separated under honorable conditions* from any branch of the armed forces of the United States (1) ; (a) after having served on active duty for (OTHER THAN TRAINING PURPOSES) *181 consecutive days* or ((2)) (b) by reason of disability incurred while serving on active duty, and who is a citizen of the United States(, AND PERSONS WHO SERVED IN THE ACTIVE MILITARY SERVICE OF ANY GOVERNMENT ALLIED WITH THE UNITED STATES IN WORLD WAR I OR WORLD WAR II, AND HAVE BEEN HONORABLY DISCHARGED THEREFROM, AND WHO ARE CITIZENS OF THE UNITED STATES AND WERE CITIZENS AT THE TIME OF ENTRANCE INTO ACTIVE SERVICE). (AND THE) A veteran thus preferred shall not be disqualified from holding any position in the classified service on account of his age or by reason of any physical disability provided such age or physical disability does not render him incompetent to perform the duties of the position.

Recognizing that training and experience in the services of the government and loyalty and sacrifice for the government are qualifications of merit which cannot be readily discovered by examination; there shall be added to the examination rating of a disabled veteran, *if he so elects*, a credit of ten points (, AND IN OPEN COMPETITIVE EXAMINATION ONLY IF SUCH AUGMENTED RATING GIVES TO SUCH DISABLED) *if the veteran obtained a passing grade without the addition of the credit points*; and (SUCH) *if the disabled veteran is able to perform the duties of the position sought with reasonable efficiency*, his name shall be placed (AT THE HEAD OF THE ELIGIBLE LIST FOR SUCH POSITION) *on the list of eligibles with the names of other eligible persons. The name of a veteran with such augmented rating shall be entered ahead of a non-veteran when their ratings are the same.*

There shall be added to the examination rating of (ALL OTHER VETERANS) *a nondisabled veteran, if he so elects*, a credit of five points(, AND IF SUCH AUGMENTED RATING GIVES TO SUCH) *if the veteran obtained a passing grade (AND IF SUCH VETERAN IS ABLE TO PERFORM THE DUTIES OF THE POSITION WITH REASONABLE EFFICIENCY, HIS NAME SHALL BE PLACED ON THE LIST OF ELIGIBLES WITH THE NAMES OF OTHER ELIGIBLE PERSONS) without the addition of the credit points.* The name

of a veteran with such augmented rating shall be entered ahead of a non-veteran when their ratings are the same.

A governmental agency, when notifying an applicant that he has passed an examination, shall notify the veteran of his specific score and shall also notify the applicant that he may elect to use a veteran's preference to augment his passing rating.

A veteran's preference under this section may only be used in the state civil service and political subdivisions of the state in the securing of positions to be filled by open competitive examinations and may not be used for the filling of promotional positions. An open competitive examination is an examination open to current employees and nonemployees of the state or political subdivision. A veteran's preference under this section may not be used by any veteran who is receiving or who is eligible to receive a monthly veteran's pension benefit based exclusively on length of military service.

Notwithstanding the foregoing restrictions on use, in any governmental agency giving an examination, where an applicant for a promotional position is a disabled veteran who has passed the promotional examination for his first promotion after entering that position, he may elect to have a credit of five points added to that examination rating. The decision to make such election may be made either before or after the examination. This promotional preference may only be successfully used one time and only in the securing of the first promotional position after securing public employment.

(SUCH) A preference given by this section is hereby extended to the (WIDOWS) surviving spouses of deceased veterans and to the spouse of a disabled veteran, who because of (SUCH) the disability is unable to qualify.

The fact that an applicant has claimed a veterans preference shall not be made known to the examiners (AND) . The preference credit shall be added to the examination rating (BY THE COMMISSIONER), and the records shall show the examination rating and the preference credit.

A disabled veteran is one who (IS RATED OR CERTIFIED) has a compensable service connected disability as (DISABLED) adjudicated by the United States Veterans Administration, or by the retirement boards of the several branches of the armed forces, and which disability is existing at the time preference is claimed. For purposes of the preference to be used by a disabled veteran in securing a promotional position, the term "disabled veteran" means a person who, at the time of election to use his promotional preference, is entitled to disability compensation under laws administered by the Veterans Administration for a permanent service connected disability rated at 50 percent or more.

In the event of the rejection by the appointing officer of the person so preferred when certified (FOR PROMOTION OR) to fill a vacancy or a new position, the appointing officer shall forthwith file in writing with the commissioner the reasons for such rejection and shall furnish to the rejected veteran a copy thereof.

Sec. 3. Minnesota Statutes 1974, Section 44.14, is amended to read:

44.14 [VETERANS PREFERENCE.] This chapter does not exclude or modify the application of (SECTIONS 197.45 AND) *section 197.46* (, KNOWN AS THE VETERANS PREFERENCE LAW) *and section 4 of this act.*

Sec. 4. Minnesota Statutes 1974, Chapter 197, is amended by adding a section to read:

[197.455] [STATE LAW APPLICABLE.] *The provisions of Minnesota Statutes, Section 43.30 granting preference to veterans in the state civil service shall also govern preference of a veteran under the civil service laws, charter provisions, ordinances, rules or regulations of a county, city, town, school district, or other municipality or political subdivision of this state, except that a notice of rejection stating the reasons for rejection of a qualified veteran shall be filed with the appropriate local personnel officer. Any provision in a law, charter, ordinance, rule or regulation contrary to the applicable provisions of section 43.30 is void to the extent of such inconsistency. Sections 197.46 to 197.48 shall not apply to state civil service.*

Sec. 5. Minnesota Statutes 1974, Section 197.46, is amended to read:

197.46 [VETERANS PREFERENCE ACT; REMOVAL FORBIDDEN; RIGHT OF MANDAMUS.] Any person whose rights may be in any way prejudiced contrary to any of the provisions of this section, shall be entitled to a writ of mandamus to remedy the wrong. No person holding a position by appointment or employment (IN THE STATE OF MINNESOTA OR) in the several counties, cities, towns, school districts and all other political subdivisions (OR AGENCIES THEREOF) *in the state, who is (AN HONORABLY DISCHARGED) a veteran separated from the military service under honorable conditions, shall be removed from such position or employment except for incompetency or misconduct shown after a hearing, upon due notice, upon stated charges, in writing.*

Any veteran who has been notified of the intent to discharge him from an appointed position or employment pursuant to this section shall be notified in writing of such intent to discharge and of his right to request a hearing within 60 days of receipt

of the notice of intent to discharge. The failure of a veteran to request a hearing within the provided 60-day period shall constitute a waiver of his right to a hearing. Such failure shall also waive all other available legal remedies for reinstatement.

Request for a hearing concerning such a discharge shall be made in writing and submitted by mail or personal service to the employment office of the concerned employer or other appropriate office or person.

In all governmental subdivisions having an established civil service board or commission, or merit system authority, such hearing for removal or discharge shall be held before such civil service board or commission or merit system authority. Where no such civil service board or commission or merit system authority exists, such hearing shall be held by a board of three persons appointed as follows: one by the governmental subdivision, one by the veteran, and the third by the two so selected. In the event the two persons so selected do not appoint the third person within ten days after the appointment of the last of the two, then the judge of the district court of the county wherein the proceeding is pending, or if there be more than one judge in said county then any judge in chambers, shall have jurisdiction to appoint, and upon application of either or both of the two so selected shall appoint, the third person to the board and the person so appointed by the judge with the two first selected shall constitute the board. The veteran may appeal from the decision of the board upon the charges to the district court by causing written notice of appeal, stating the grounds thereof, to be served upon the governmental subdivision or officer making the charges within 15 days after notice of the decision and by filing the original notice of appeal with proof of service thereof in the office of the clerk of the district court within ten days after service thereof. Nothing in (SECTIONS 197.45 AND) *section 197.46 or section 4 of this act* shall be construed to apply to the position of private secretary, teacher, superintendent of schools, or one chief deputy of any elected official or head of a department, or to any person holding a strictly confidential relation to the appointing officer. The burden of establishing such relationship shall be upon the appointing officer in all proceedings and actions relating thereto.

All officers, boards, commissions, and employees shall conform to, comply with, and aid in all proper ways in carrying into effect the provisions of (SECTIONS 197.45 AND) *section 197.46 and section 4 of this act notwithstanding any laws, charter provisions, ordinances or rules to the contrary*. Any wilful violation of such sections by officers, officials, or employees is a misdemeanor.

Sec. 6. Minnesota Statutes 1974, Section 197.481, Subdivision 1, is amended to read:

197.481 [ENFORCEMENT.] Subdivision 1. [PETITION.] A veteran who has been denied rights by the state or any political subdivision, municipality, or other public agency of the state under sections 43.30, (197.45,) 197.46, (197.47, AND) 197.48 or section 4 of this act may petition the commissioner of veterans affairs for an order directing the agency to grant the veteran such relief the commissioner finds justified by said statutes.

The petition shall contain:

(1) The name, address and acknowledged signature of the veteran.

(2) The names and addresses of all agencies and persons that will be directly affected if the petition is granted.

(3) A concise statement of the facts giving rise to the veteran's rights and a concise statement showing the manner in which rights were denied.

(4) A statement of the relief requested.

Sec. 7. *Minnesota Statutes 1974, Sections 197.45 and 197.47, are repealed.*

Sec. 8. *This act is effective the day following its final enactment."*

Further, amend the title as follows:

Page 1, line 9, delete "Section" and insert "Sections".

Page 1, line 9, after "197.45" insert "and 197.47".

Mr. Parish from the Committee on Judiciary to which was referred:

H. F. No. 471, A bill for an act relating to condominiums; providing for registration and disclosure prior to sale; providing penalties; appropriating money; amending Minnesota Statutes 1974, Section 83.26, Subdivision 1; and repealing Minnesota Statutes 1974, Chapter 515.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [CITATION.] Sections 1 to 64 may be cited as the "Minnesota condominium act".

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 64, the following terms shall have the meanings given to them:

Subd. 2. "Common elements" means all portions of the condominium or multiple housing project other than the units.

Subd. 3. "Common expenses" means all expenditures lawfully made or incurred by or on behalf of the unit owners' association, together with all funds lawfully assessed for the creation or maintenance of reserves pursuant to the provisions of the con-

dominium instruments; "future common expenses" means common expenses for which assessments are not yet due and payable.

Subd. 4. "Common revenue" means all revenue collected or accrued by or on behalf of the unit owners' association, other than revenue derived from assessments pursuant to section 41.

Subd. 5. "Commissioner" means the commissioner of securities or his authorized delegate.

Subd. 6. "Condominium" means real property and any incidents thereto or interests therein, lawfully submitted to regulation under sections 1 to 64 by the recordation of condominium instruments pursuant to the provisions of those sections.

Subd. 7. "Condominium instruments" is a collective term referring to the declaration, bylaws, and plats and plans, recorded pursuant to the provisions of sections 1 to 64. Any exhibit, schedule, or certification accompanying a condominium instrument and recorded simultaneously with it shall be deemed an integral part of the condominium instrument. An amendment or certification of a condominium instrument shall, from the time of its recordation, be deemed an integral part of the affected condominium instrument, if the amendment or certification was made in accordance with the provisions of sections 1 to 64.

Subd. 8. "Condominium unit" means a unit together with the undivided interest in the common elements appertaining to that unit.

Subd. 9. "Contractable condominium" means a condominium from which one or more portions of the submitted land may be withdrawn in accordance with the provisions of the declaration and sections 1 to 64. If the withdrawal can occur only by the expiration or termination of one or more leases, the condominium project is not a contractable condominium.

Subd. 10. "Conversion condominium" means a condominium project containing structures which were wholly or partially occupied by persons other than those who have contracted for the purchase of condominium units and those who occupy with their consent.

Subd. 11. "Convertible land" means a building site which is a portion of the common elements, described by a legal description, within which additional units or limited common elements may be created in accordance with the provisions of sections 1 to 64.

Subd. 12. "Convertible space" means a portion of a structure consisting of a unit or common elements within the condominium,

which may be converted into one or more units, common elements, limited common elements, or any combination thereof.

Subd. 13. "Developer" means any person who owns or constructs a condominium or multiple housing project or converts or proposes to convert a multi-unit rental project to a condominium and who offers or proposes to offer units in such project for sale.

Subd. 14. "Dispose" or "disposition" shall refer to any voluntary transfer of a legal or equitable interest in a multiple housing project unit, except a lease for a term of less than three years.

Subd. 15. "Expandable condominium" means a condominium to which additional land may be added in accordance with the provisions of the declaration and of sections 1 to 64.

Subd. 16. "Identifying number" means one or more letters or numbers that identify a particular unit in the condominium or multiple housing project.

Subd. 17. "Leasehold condominium" means a condominium in all or any portion of which each unit owner owns an estate for years in his unit, or in the land within which that unit is situated, or both, with all leasehold interests due to expire naturally at the same time. A condominium including leased land, or an interest therein, within which no units are situated or to be situated is not a leasehold condominium.

Subd. 18. "Limited common element" means a portion of the common elements reserved for the exclusive use of those entitled to the use of one or more, but less than all, of the units.

Subd. 19. "Multiple housing project" means one or more buildings containing two or more units intended for any type of residential use, where ownership of those units is held in fee simple and is coupled with either an undivided interest in or an easement authorizing the use of common elements. A multiple housing project shall not include a building where the only common element is a party wall or common wall.

Subd. 20. "Nonbinding reservation agreement" means an agreement between the developer and a purchaser which is not binding on the purchaser and may be cancelled without penalty in the sole discretion of the purchaser by written notice to the developer at any time prior to the formation of a contract for the sale or lease of a unit in a multiple housing project or an interest therein. The agreement shall not contain any provision for waiver or in derogation of the rights of the purchaser as contemplated by this subdivision, nor shall the provisions be a part of any ancillary agreement.

Subd. 21. "Offer" means any inducement, solicitation, or attempt to encourage a person to acquire a legal or equitable interest or estate in a unit in a multiple housing project, except as security for a debt.

Subd. 22. "Officer" means a member of the executive committee or official of the unit owners' association.

Subd. 23. "Par value" means the allocation of interest in the common elements stated in dollars or points assigned to each unit by the declaration. Identical units shall be assigned the same par value, but units located at different heights above the ground, or having different views, or having different amenities or other characteristics which could result in differences in market value, may be considered identical within the meaning of this subdivision. If par value is stated in terms of dollars, the statement shall not be deemed to reflect or control the sales price or fair market value of a unit, and no opinion, appraisal, or fair market transaction at a different figure shall affect the par value of any unit, or an undivided interest in the common elements, voting rights in the unit owners' association, liability for common expenses, or rights to common profits, assigned on the basis of par value.

Subd. 24. "Person" means a natural person, corporation, partnership, association, trust, or other entity capable of holding title to real property, or any combination thereof.

Subd. 25. "Property" means the land, whether leasehold or in fee simple, the buildings, improvements and structures on it, and easements, rights, and appurtenances to it.

Subd. 26. "Purchaser" means any person who acquires by means of a voluntary transfer a legal or equitable interest or estate in a unit in a multiple housing project, except as security for a debt.

Subd. 27. "Recording officer" means the register of deeds or the registrar of titles, as the case may be, of the county in which the condominium or multiple housing project is situated.

Subd. 28. "Size" means the number of cubic feet, or the number of square feet of ground or floor space, within each unit as computed by reference to the plat and plans and rounded off to a whole number. Certain spaces within the units including attic, basement, or garage space may be omitted from the calculation or partially discounted by the use of a ratio, so long as the same basis of calculation is employed for all units in the condominium, and the basis is described in the declaration.

Subd. 29. "Unit" means those portions of a condominium or multiple housing project allocated by the developer for individual ownership and use.

Subd. 30. "Unit owner" means one or more persons who own a condominium or multiple housing project unit, or, in the case of a leasehold condominium, the whole leasehold interest or interests in the condominium extending for the balance of the unexpired term, but shall not include any person who holds legal title to a unit solely as security for the payment of a debt.

Sec. 3. [SEPARATE TITLES AND TAXATION.] *Each condominium unit shall constitute for all purposes, including taxation, a separate parcel of real property, distinct from all other condominium units. If there is any unit owner other than the developer, no tax or assessment shall be levied on the condominium as a whole, but shall be on the individual condominium units.*

Sec. 4. [COUNTY AND MUNICIPAL ORDINANCES.] *No zoning or other land use ordinance shall prohibit condominiums by reason of the form of ownership. No condominium shall be treated differently from a physically identical project or development under a different form of ownership by any zoning or other land use ordinance. No subdivision ordinance shall apply to any condominium or subdivision of convertible land, convertible space, or unit unless the ordinance is expressly made applicable. Counties, cities, and towns may provide by ordinance that condominiums and their use shall comply with the local zoning, land use, and site plan regulations. In the event of a conversion to condominium form of ownership, counties, cities, towns, sanitary districts, or other political subdivisions may only impose charges and fees as a result of construction of new structures to the extent that the charges and fees or portions of them, imposed upon property subject to the conversions may be reasonably related to additional services provided by the political subdivision as a result of the conversion.*

Sec. 5. [EMINENT DOMAIN.] Subdivision 1. [ALLOCATION OF AWARD.] *If any portion of the common elements is taken by eminent domain, the award for it shall be allocated to the unit owners' association; provided, however, that the portion of the award attributable to the taking of any permanently assigned limited common element shall be allocated by the decree to the unit owner of the unit to which the limited common element was so assigned. If that limited common element was permanently assigned to more than one unit at the time of the taking, then the portion of the award attributable to the taking shall be allocated in equal shares to the unit owners of the units to which it was assigned or in other shares as the condominium instruments specify for this purpose. A permanently assigned limited common element is a limited common element which cannot be reassigned or which can be reassigned only with the consent of the unit owner or owners of the unit or units to which it is assigned.*

Subd. 2. [UNDIVIDED INTEREST.] If one or more units is taken by eminent domain, the undivided interest in the com-

mon elements inuring to the unit shall inure to the remaining units, allocated to them in proportion to their respective undivided interests in the common elements. The court shall enter a decree reflecting the reallocation and the award shall include, without limitation, just compensation to the unit owner of any unit taken for his undivided interest in the common elements as well as for the unit.

Subd. 3. [COURT TO DETERMINE FAIR MARKET VALUE.] If portions of any unit are taken by eminent domain, the court shall determine the fair market value of the portions of the unit not taken, and the undivided interest in the common elements appertaining to the units shall be reduced, in the case of each unit, in proportion to the diminution in the fair market value of the unit resulting from the taking. The portions of undivided interest in the common elements divested from the unit owners shall be reallocated among those units and the other units in the condominium in proportion to their respective undivided interests in the common elements, with any units partially taken participating in such reallocation on the basis of their remaining undivided interests. The court shall enter a decree reflecting the reallocation of undivided interests. The award shall include just compensation to the unit owner of any unit partially taken for that portion of his undivided interest in the common elements divested from him and not revested in him, as well as for that portion of his unit taken by eminent domain.

Subd. 4. [UNUSABLE REMAINING PORTION.] If the taking of a portion of a unit makes it impractical to use the remaining portion of that unit for any purpose permitted by the condominium instruments, the entire undivided interest in the common elements pertaining to that unit shall accrue to the remaining units, allocated to them in proportion to their undivided interests in the common elements, and the remaining portion of that unit shall be a common element. The court shall enter a decree reflecting the reallocation of undivided interests. The award shall include just compensation to the unit owner of the unit for his entire undivided interest in the common elements and for his entire unit.

Subd. 5. [RIGHTS OF REMAINING UNITS.] Votes in the unit owners' association, rights to future common revenue, and liabilities for future common expenses not specially assessed, accruing to any unit or units taken or partially taken by eminent domain, shall accrue to the remaining units, allocated to them in proportion to their relative voting strength in the unit owners' association, with any units partially taken participating in the reallocation as though their voting strength had been reduced in proportion to the reduction in their undivided interest in the common elements. The decree of the court shall provide accordingly.

Subd. 6. [RECORDATION.] The court shall require recordation of the decree in the land records of the county in which the condominium is located.

Sec. 6. [CREATION OF A CONDOMINIUM.] No condominium shall come into existence except by the recordation of condominium instruments pursuant to sections 1 to 64.

No condominium instrument shall be recorded unless all units located or to be located on any portion of the submitted land other than within convertible lands are depicted on plats and plans that comply with the provisions of section 19, subdivisions 1 and 2.

Sec. 7. [RELEASE OF LIENS.] Subdivision 1. At the time of the conveyance to the first purchaser of each condominium unit following the recordation of the declaration, every mortgage, contract for deed, perfected lien, or any recorded mechanics' or materialmen's liens, affecting all of the condominium or a greater portion thereof than the condominium unit conveyed, shall be paid and satisfied of record, or the condominium unit being conveyed shall be released of record from the lien, or provision shall be made by the developer for assurance of satisfaction of such encumbrance by filing with the commissioner a bond, letter of credit or escrow of monies in an amount not less than one and one half times the amount of the encumbrance. The provisions of this subdivision shall not apply to any withdrawable land in a contractable condominium, and shall not be construed to prohibit the unit owners' association from mortgaging or encumbering any portion of the condominium within which no units are located, so long as any time limit specified in section 35 has expired. Subd. 2. When any lien, other than a contract for deed or mortgage, is recorded against two or more condominium units subsequent to the creation of the condominium, any unit owner may remove his condominium unit from that lien by payment of the amount attributable to his condominium unit. The amount shall be computed by reference to the liability for common expenses relating to that unit pursuant to section 41, subdivision 3. Subsequent to payment, discharge or other satisfaction, the unit owner of that condominium unit shall be entitled to have the lien released as to his condominium unit, and the units owners' association shall not assess, or have a valid lien against, that condominium unit for any portion of the common expenses incurred in connection with the lien, notwithstanding anything to the contrary in sections 41 and 42.

Sec. 8. [DESCRIPTIONS OF CONDOMINIUM UNITS.] After the creation of the condominium, a description of a condominium unit shall be legally sufficient if it sets forth the identifying number of that unit, the name of the condominium, the name of the city or county wherein the condominium is situated, and either the book and page number where the first page of the declaration is recorded, or the document number assigned to the declaration by the recording clerk. The description shall

be deemed to include the undivided interest in the common elements pertaining to the unit even if the interest is not defined or referred to therein.

Sec. 9. [EXECUTION OF CONDOMINIUM INSTRUMENTS.] *The declaration and bylaws and any amendments to either made pursuant to section 32 shall be executed in recordable form by or on behalf of all owners, mortgagees, and lessees of the submitted land; provided however, that failure of any mortgagee or lessee of the submitted land to join with the owner shall not invalidate the condominium, and it shall not be necessary that any person other than an owner, mortgagee or lessee execute these instruments.*

Sec. 10. [RECORDATION OF CONDOMINIUM INSTRUMENTS.] *All condominium instruments, and amendments and certifications thereof, shall be recorded in every county wherein any portion of the condominium is located. All condominium instruments, and amendments and certifications thereof, shall set forth the name and address of the condominium, the name of the city or county in which the condominium is located, and the document number or the book and page number where the first page of the declaration is recorded.*

Sec. 11. [CONSTRUCTION OF CONDOMINIUM INSTRUMENTS.] *Except to the extent otherwise provided by the condominium instruments, condominium instruments shall be construed according to rules established in the following clauses:*

(a) *To the extent that walls, floors, or ceilings are designated as the boundaries of units, all doors and windows, lath, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint, finished flooring, and other materials constituting part of the finished surfaces thereof, shall be deemed a part of the units, while all other portions of the walls, floors, or ceilings shall be deemed a part of the common elements.*

(b) *Any portion of the chutes, flues, ducts, conduits, wires, bearing walls, bearing columns, or other apparatus lying partially within and partially outside of the designated boundaries of a unit, and serving only that unit shall be deemed a part of that unit; any portions serving more than one unit or any portion of the common elements shall be deemed a part of the common elements.*

(c) *Subject to clause (b), all space, interior partitions, and other fixtures and improvements within the boundaries of a unit shall be deemed a part of that unit.*

(d) *Any shutters, awnings, window boxes, doorsteps, porches, balconies, patios, and any other apparatus serving a single unit shall be deemed a limited common element of only that unit.*

Sec. 12. [CONDOMINIUM INSTRUMENTS READ TOGETHER.] *Condominium instruments shall be construed together and shall be deemed to incorporate one another to the extent that any requirement of sections 1 to 64 as to the content of one shall be satisfied if the deficiency can be cured by reference to another. In the event of a conflict between the condominium instruments, the declaration shall control. Particular provisions shall control general provisions, except that a construction conformable with the statute shall in all cases control.*

Sec. 13. [VALIDITY OF CONDOMINIUM INSTRUMENTS.] *All provisions of condominium instruments shall be severable, and any unlawful provision void.*

Sec. 14. [COMPLIANCE WITH CONDOMINIUM INSTRUMENTS.] *Every unit owner and all those entitled to occupy a unit shall comply with all lawful provisions of the condominium instruments. Any lack of compliance shall be grounds for an action or suit to recover sums due, for damages or injunctive relief, or for any other remedy available at law or in equity, maintainable by the unit owners' association, or any managing agent on behalf of the association, or by one or more aggrieved unit owners on their own behalf.*

Sec. 15. [CONTENTS OF THE DECLARATION.] *Subdivision 1. The declaration for every condominium shall contain the following:*

Plats may be recorded with the declaration to supplement information furnished pursuant to clauses (d), (e), and (f).

Subd. 5. When the condominium is a leasehold condominium the declaration shall set forth, with respect to any ground lease or other lease the expiration or termination of which will or may terminate or contract the condominium, the county in which it is recorded and the document number or book and page number where the first page of each lease is recorded; the declaration shall also contain the following:

(a) The date upon which each lease is due to expire.

(b) A statement whether any land or improvements will be owned by the unit owners in fee simple, and if so, either a description of it, including a legal description of the land, or a statement of rights the unit owners have to remove improvements within a reasonable time after the expiration or termination of the lease involved, or a statement that they shall have no such rights.

(c) A statement of the rights the unit owners have to redeem the reversion, or a statement that they have no such rights.

After the recording of the declaration, no lessor who executed it and no successor in interest to the lessor may terminate any part of the leasehold interest of a unit owner who makes timely payment of his share of the rent to the person designated in the declaration for the receipt of rent and who complies with all covenants which, if violated, would entitle the lessor to terminate the lease.

Subd. 6. Where this section requires a legal description of land which is submitted to the provisions of sections 1 to 64 or that may be added to or withdrawn from the condominium, the requirement includes a legal description of any easements that are submitted to this chapter or that may be added to or withdrawn from the condominium. For each easement, the declaration shall contain the following:

(a) A description of the permitted use.

(b) If fewer than all of those entitled to the use of all of the units may use the easement, a statement of the relevant restrictions and limitations on use.

(c) If persons other than those entitled to the use of the units may use the easement, a statement of the rights of others to use of the same.

Subd. 7. Where this section requires a legal description that may be added to or withdrawn from the condominium, the requirement includes a separate legal description of all lands in which the unit owners shall or may be life tenants or tenants in common or joint tenants with any other persons, describing the

nature of the unit owner's interests. No units may be situated on the lands. The lands shall not be shown on plats showing other portions of the condominium, but shall be shown on separate plats.

Sec. 16. [ALLOCATION OF INTERESTS IN COMMON ELEMENTS.] *Subdivision 1. The declaration may allocate to each unit depicted on plats and plans that comply with section 19, subdivisions 1 and 2, an undivided interest in the common elements proportionate to either the area or par value of the unit.*

Subd. 2. The declaration shall allocate to each unit not receiving an allocation under subdivision 1, an equal undivided interest in the common elements, except that each convertible space depicted shall be allocated an undivided interest in the common elements proportionate to the area of each such space while the remaining undivided interest in the common elements shall be allocated equally to the other units so depicted.

Subd. 3. The undivided interest in the common elements allocated in accordance with subdivisions 1 and 2 shall add up to one if stated as fractions or 100 percent if stated as percentages.

Subd. 4. If, in accordance with subdivision 1 or 2, an equal undivided interest in the common elements is allocated to each unit, the declaration may simply state that fact and need not express the fraction or percentage so allocated. Otherwise, the undivided interest allocated to each unit in accordance with subdivision 1 or 2 shall be shown on a table, exhibit, or schedule recorded with the declaration, containing three columns. The first column shall identify the units, listing them serially or grouped in units to which identical undivided interests are allocated. Corresponding figures in the second and third columns shall set forth the area or par values of those units and the fraction or percentage of undivided interest in the common elements allocated to them.

Subd. 5. Except as otherwise expressly provided in sections 1 to 64, the undivided interest in the common elements allocated to any unit may not be altered, and any attempted transfer, encumbrance, or other disposition of the interest without the unit to which it appertains is void.

Subd. 6. The common elements shall not be subject to any suit for partition unless the condominium is terminated.

Sec. 17. [REALLOCATION OF INTEREST IN COMMON ELEMENTS.] *Subdivision 1. When a condominium contains any convertible lands or is an expandable condominium, the declaration shall not allocate undivided interests in the common elements on the basis of par value unless it:*

(1) prohibits the creation of any units not substantially identical to the units depicted on the plats and plans recorded pursuant to section 19, subdivisions 1 and 2, or

(2) prohibits the creation of any units not described pursuant to section 15, subdivision 2, clause (f), in the case of convertible lands, and section 15, subdivision 3, clause 12, in the case of additional land, and contains from the outset a statement of the par value that shall be assigned to every unit that may be created.

Subd. 2. Interests in the common elements shall not be allocated to any units to be created within convertible land or additional land until plats and plans depicting them are recorded pursuant to section 19, subdivision 3. Simultaneously with recording the plats and plans, the developer shall execute and record an amendment to the declaration reallocating undivided interests in the common elements so that the units depicted on the plats and plans shall be allocated undivided interests in the common elements on the same basis as the units depicted on the plats and plans recorded simultaneously with the declaration pursuant to section 19, subdivisions 1 and 2.

Subd. 3. If all of a convertible space is converted into common elements, including limited common elements, then the undivided interest in the common elements relating to the space shall relate to the remaining units, allocated among them in proportion to their undivided interests in the common elements. The principal officer of the unit owners' association or other officer the condominium instruments may specify shall prepare, execute, and record an amendment to the declaration reflecting the reallocation of undivided interests.

Subd. 4. In a leasehold condominium, if the expiration or termination of a lease causes a contraction of the condominium which reduces the number of units, the undivided interest in the common elements relating to any units withdrawn from the condominium shall relate to the remaining units, allocated among them in proportion to their undivided interests in the common elements. The principal officer of the unit owners' association or other officer the condominium instruments may specify shall prepare, execute, and record an amendment to the declaration reflecting the reallocation of undivided interests.

Sec. 18. [ASSIGNMENTS OF LIMITED COMMON ELEMENTS.] Subdivision 1. All assignments and reassignments of limited common elements shall be shown in the condominium instruments. No limited common element shall be assigned or reassigned except in accordance with the provisions of this chapter. No amendment to any condominium instrument shall alter any rights or obligations with respect to any limited common element without the consent of all unit owners adversely affected, evidenced by their execution of the amendment, except

to the extent that the condominium instruments expressly provided otherwise prior to the first assignment of the limited common element.

Subd. 2. Unless expressly prohibited by the condominium instruments, a limited common element may be reassigned upon written application of the unit owners concerned to the principal officer of the unit owners' association or to another officer the condominium instruments may specify. The officer to whom application is made shall prepare and execute an amendment to the declaration reassigning all rights and obligations with respect to the limited common element. The amendment shall be delivered to the unit owners of the units concerned upon payment by them of reasonable costs for its preparation and acknowledgment. The amendment is effective when the unit owners of the units concerned have executed and recorded it.

Subd. 3. A common element not previously assigned as a limited common element shall be so assigned only in pursuance of section 15, subdivision 1, clause (f). The amendment to the declaration making the assignment shall be prepared and executed by the principal officer of the unit owners' association, or other officer the condominium instruments may specify. The amendment shall be delivered to the unit owners of the units concerned upon payment by them of reasonable costs for its preparation and acknowledgment. The amendment is effective when the unit owners have executed and recorded it, and its recordation shall be conclusive evidence that the method prescribed pursuant to section 15, subdivision 1, clause (f), was adhered to.

Sec. 19. [CONTENTS OF PLATS AND PLANS.] Subdivision 1. [LAND AND IMPROVEMENTS.] There shall be recorded simultaneously with the declaration plats of survey showing the location and dimensions of the submitted land, of any convertible lands within the submitted land and of any existing improvement, the intended location and dimensions of any contemplated improvements which are to be located on any portion of the submitted land other than within the boundaries of any convertible lands, and, to the extent feasible, the location and dimensions of all easements appurtenant to the submitted land or otherwise submitted as a part of the common elements. If the submitted land is not contiguous the plats shall indicate the distances between the parcels constituting the submitted land. The plats shall label every convertible land as a convertible land, and if there be more than one convertible land, the plats shall label each with one or more letters or numbers different from those designating any other convertible land and different from the identifying number of any unit. The plats shall show the location and dimensions of any withdrawable lands, and shall label each as a withdrawable land. If, with respect to any portion but less than all of the submitted land, the unit owners are to own only an estate for years, the plats shall show the location and dimensions of those portions, and shall label each as a leased land. If there is more than one withdrawable land, or more than one leased land, the plats shall label each

with one or more letters or numbers different from those designating any convertible land or other withdrawable or leased land, and different from the identifying number of any unit. The plats shall show all easements to which the submitted land or any portion thereof is subject, and shall show the location and dimensions of all such easements to the extent feasible. The plats shall also show all encroachments by or on any portion of the condominium. In the case of any improvements located or to be located on any portion of the submitted land other than within the boundaries of any convertible lands, the plats shall indicate those which have not been begun by the use of the phrase "(NOT YET BEGUN)", and those which have been begun but have not been completed by the use of the phrase "(NOT YET COMPLETED)". In the case of any units having vertical boundaries lying wholly or partially outside of structures for which plans pursuant to subdivision 2 are simultaneously recorded, the plats shall show the location and dimensions of the vertical boundaries to the extent that they are not shown on the plans, and the units thus depicted shall bear their identifying numbers. Each plat shall be certified as to its accuracy and compliance with this subdivision by a registered land surveyor or architect who shall certify that all units so depicted have been substantially completed. The specification by this subdivision of items to be shown on the plats shall not be construed to mean that the plats shall not also show all other items customarily shown or hereafter required for land title surveys.

Subd. 2. [STRUCTURES.] There shall also be recorded simultaneously with the declaration plans of every structure which contains or constitutes all or part of any unit, and which is located on a portion of the submitted land other than within the boundaries of convertible lands. The plans shall show the location and dimensions of the vertical boundaries of each unit to the extent that the boundaries lie within or coincide with the boundaries of the structures, and the units depicted shall bear their identifying numbers. Each convertible space depicted shall be labeled a convertible space. Horizontal boundaries shall be identified on the plans with reference to established datum. Unless the condominium instruments expressly provide otherwise, it shall be presumed that in the case of any unit not wholly contained within or constituting one or more such structures, the horizontal boundaries thus identified extend at the same elevation as any part of the unit lying outside of the structures, except that in the case of a unit which does not lie over any other unit other than basement units, it shall be presumed that the lower horizontal boundary of that unit lies at the level of the ground with regard to any part of that unit lying outside of the structures. The plans shall be certified for accuracy and compliance with this subdivision by a registered architect or registered engineer, who shall certify that all units depicted thereon have been substantially completed.

Subd. 3. [CONVERTED AND ADDITIONAL LAND.] When converting all or any portion of any convertible land, or

adding additional land to an expandable condominium, the developer shall record new plats of survey meeting the requirements of subdivision 1. Where less than all of a convertible land is being converted, the plans shall also show the location and dimensions of the remaining portion of the land. At the same time, the developer shall record, for any structures on the land being converted or added, either plans conforming to the requirements of subdivision 2 or certifications conforming to the certification requirements of the subdivision of plans previously recorded pursuant to section 20.

Subd. 4. [UNITS FROM CONVERTED SPACE.] When converting all or any portion of any convertible space into units or limited common elements, the developer shall record, for the structure or portion constituting that convertible space, plans showing the location and dimensions of the vertical boundaries of each unit formed out of the space. The plans shall be certified for accuracy and compliance with this subdivision by a registered architect or registered engineer.

Subd. 5. [LIMITED COMMON ELEMENTS.] For the purposes of subdivisions 1, 2, and 3, provisions and requirements relating to units shall be equally applicable to limited common elements. Each limited common element shall be labeled as such, and each limited common element depicted on the plats and plans shall bear the identifying number of the unit to which it is assigned unless the provisions of section 11, subdivision 6, make the designations unnecessary.

Sec. 20. [PRELIMINARY RECORDATION OF PLANS.] Plans previously recorded pursuant to section 15, subdivisions 2 and 3, may be used in lieu of new plans to satisfy in whole or in part the requirements of section 22, subdivision 2, or section 24 if certifications are recorded by the developer in accordance with section 19, subdivision 3.

Sec. 21. [EASEMENT FOR ENCROACHMENTS.] To the extent that any unit or common element encroaches on any other unit or common element, whether because of a deviation from plats and plans in the construction, renovation, restoration, or repair of any improvement, or because of the settling or shifting of any land or improvement, a valid easement for the encroachment shall exist. The purpose of this section is to protect the unit owners, except in cases of wilful and intentional misconduct by them or their agents or employees, and not to relieve the developer or any contractor, subcontractor, or materialman of liability which they may have because of a failure to adhere to the plats and plans.

Sec. 22. [CONVERSION OF CONVERTIBLE LANDS.]
Subdivision 1. The developer may convert any convertible land into units or limited common elements subject to restrictions and limitations which the condominium instruments specify. The con-

version shall be deemed to have occurred at the time of recordation of appropriate instruments pursuant to subdivision 2 and section 19, subdivision 3.

Subd. 2. Simultaneously with the recording of plats and plans pursuant to section 19, subdivision 3, the developer shall prepare, execute, and record an amendment to the declaration describing the conversion. The amendment shall assign an identifying number to each unit formed out of a convertible land and shall reallocate undivided interests in the common elements in accordance with section 17, subdivision 2. The amendment shall describe the limited common elements formed out of the convertible land, showing the unit to which each is assigned.

Subd. 3. All convertible lands shall be deemed a part of the common elements except for portions thereof converted in accordance with this section. Until the expiration of the period during which the conversion may occur or until actual conversion, whichever occurs first, all real estate taxes and expenses related to land and improvements shall be assessed against the developer. No such conversion shall occur after five years from the recordation of the declaration, or a shorter time period as the declaration may specify.

Sec. 23. [CONVERSION OF CONVERTIBLE SPACES.]
Subdivision 1. The developer may convert any convertible space into units or common elements including limited common elements subject to restrictions and limitations which the condominium instruments may specify. The conversion shall be deemed to have occurred at the time of the recordation of appropriate instruments pursuant to subdivision 2 and section 19, subdivision 4.

Subd. 2. Simultaneously with the recording of plats and plans pursuant to section 19, subdivision 4, the developer shall prepare, execute, and record an amendment to the declaration describing the conversion. The amendment shall assign an identifying number to each unit formed out of a convertible space and shall allocate to each unit a portion of the undivided interest in the common elements relating to that space. The amendment shall describe the limited common elements formed out of the convertible space, showing the unit to which each is assigned.

Subd. 3. The developer shall, if necessary, reallocate the undivided interests in the common elements relating to the units formed out of that space as soon as all of that space has been converted, so that all of the undivided interest in the common elements originally allocated to that space shall be allocated among all of the units formed from it on the same basis for all the units. The reallocation shall be shown in an amendment to the declaration prepared, executed, and recorded by the developer.

Subd. 4. Convertible space not converted in accordance with this section, shall be treated for all purposes as a single unit until it is so converted, and the provisions of this chapter shall be deemed applicable to that space as though it were a unit.

Sec. 24. [EXPANSION OF THE CONDOMINIUM.] *No condominium shall be expanded except in accordance with the provisions of the declaration and of sections 1 to 64. Any expansion shall be deemed to have occurred at the time of the recordation of plats and plans pursuant to section 19, subdivision 3, together with an amendment to the declaration, duly executed by the developer. The amendment shall contain a legal description of the land added to the condominium, and shall reallocate undivided interests in the common elements in accordance with section 17, subdivision 2. The amendment may create convertible or withdrawable lands within the land added to the condominium provided the requirements on the lands are satisfied.*

Sec. 25. [CONTRACTION OF THE CONDOMINIUM.] *No condominium shall be contracted except in accordance with the provisions of the declaration and of sections 1 to 64. Any contraction shall be deemed to have occurred at the time of the recordation of an amendment to the declaration, executed by the developer, containing a legal description of the land withdrawn from the condominium. If portions of the withdrawable land were described pursuant to section 15, subdivision 4, clause (e), then no such portion shall be so withdrawn after the conveyance of any unit on the portion. If no such portions were described, then none of the withdrawable land shall be withdrawn after the first conveyance of any unit thereon.*

Sec. 26. [EASEMENT TO FACILITATE CONVERSION AND EXPANSION.] *Subject to any restrictions and limitations the condominium instruments specify, the developer shall have a transferable easement over the common elements for the purpose of making improvements on the submitted land and additional land, and doing all things reasonably necessary and proper in connection with them.*

Sec. 27. [EASEMENT TO FACILITATE SALES.] *The developer and his authorized agents, representatives, and employees may maintain site signs, sales offices or model units on the submitted land if the condominium instruments provide for it and specify the rights of the developer with regard to their number, size, location, and relocation. Any sales office or model unit which is not designated a unit by the condominium instruments shall become a common element when the developer ceases to be a unit owner, and the developer shall cease to have any rights in it unless the sales office or model unit is removed from the submitted land in accordance with a right reserved in the condominium instruments to make the removal.*

Sec. 28. [DEVELOPER'S OBLIGATION TO COMPLETE AND RESTORE.] *Subdivision 1. No covenants, restrictions, limitations, or other representations or commitments in the condominium instruments with regard to anything that is or is not to be done on additional land or withdrawable land shall be binding as to any portion of either lawfully withdrawn from the condominium or never added to it except to the extent that the condominium instruments so provide. In the case of any covenant, restriction, limitation, or other representation or commitment in the condominium instruments or any other agreement requiring the developer to add or withdraw land, or imposing obligation with regard to anything that is or is not to be done on or to the condominium this subdivision shall not be construed to nullify, limit, or otherwise affect the obligation.*

Subd. 2. The developer shall complete all improvements labeled "(NOT YET COMPLETED)" on plats recorded pursuant to the requirements of sections 1 to 64 unless the condominium instruments expressly exempt the developer from that obligation, and shall, in the case of every improvement labeled "(NOT YET BEGUN)" on the plats, state in the declaration either the extent of the obligation to complete it or that there is no obligation to do so.

Subd. 3. To the extent that damage is inflicted on a part of the condominium by a person utilizing the easements reserved by the condominium instruments or created by sections 26 and 27, the developer together with the person causing the damage shall be jointly and severally liable for its prompt repair and restoration to a condition compatible with the remainder of the condominium.

Sec. 29. [ALTERATIONS WITHIN UNITS.] *Subdivision 1. Except to the extent prohibited by the condominium instruments, and subject to restrictions and limitations specified therein, and in accordance with local codes and ordinances, a unit owner may make improvements or alterations within his unit that do not impair the structural integrity of any structure or otherwise lessen the support of any portion of the condominium project. No unit owner shall do anything which would change the exterior appearance of his unit or any other portion of the condominium except to the extent and subject to the conditions the condominium instruments specify.*

Subd. 2. If a unit owner acquires an adjoining unit, or an adjoining part of an adjoining unit, the unit owner shall have the right to remove any intervening partition or to create doorways or other apertures in them, notwithstanding the fact that the partition may in whole or in part be a common element, so long as no portion of any bearing wall or bearing column is weakened and no portion of any common element other than that partition is damaged, destroyed, or endangered. The creation of doorways or other apertures shall not be an alteration of boundaries within the meaning of section 30.

Sec. 30. [RELOCATION OF BOUNDARIES BETWEEN UNITS.] *Subdivision 1. If the condominium instruments expressly permit the relocation of boundaries between adjoining units, the boundaries between the units may be relocated in accordance with the provisions of this section and any restrictions and limitations not otherwise unlawful which the condominium instruments specify. Boundaries shall not be relocated unless the condominium instruments expressly permit it.*

Subd. 2. If the unit owners of adjoining units whose mutual boundaries may be relocated desire to relocate the boundaries, the principal officer of the unit owners' association, or other officer the condominium instruments specify, shall, upon written application of the units owners, prepare and execute appropriate instruments pursuant to subdivisions 3, 4, and 5.

Subd. 3. An amendment to the declaration shall identify the unit involved, state that the boundaries between those units are being relocated by agreement of their unit owners and contain conveyancing between those unit owners. If those unit owners have specified in their written application a reasonable reallocation between the units involved of the aggregate undivided interest in the common elements appertaining to the units, the amendment to the declaration shall reflect the reallocation.

Subd. 4. If the unit owners of the units involved have specified in their written application a reasonable reallocation as between their units of the aggregate number of votes in the unit owners' association allocated to those units, and amendment to the bylaws shall reflect that reallocation and a proportionate reallocation of liability for common expenses and rights to common revenue between those units.

Subd. 5. Plats and plans necessary to show the altered boundaries between the units involved, and their other boundaries, shall be prepared, with the units depicted bearing their identifying numbers. The plats and plans shall indicate the new dimensions of the units involved, and any change in horizontal boundaries as a result of the relocation of boundaries shall be identified with reference to established datum. The plats and plans shall be certified for accuracy and compliance with this subdivision by a registered land surveyor in the case of a plat and by a registered architect or registered engineer in the case of a plan.

Subd. 6. When the necessary instruments have been prepared, executed, and acknowledged, they shall be delivered to the unit owners of the units involved upon payment by them of reasonable costs for the preparation and acknowledgment of the instruments. The instruments shall be effective when the unit owners of the units involved have executed and recorded them. The recordation shall be conclusive evidence that the relocation of boundaries did not violate any restrictions or limitations spec-

ified by the condominium instruments that reallocations made pursuant to subdivisions 3 and 4 were reasonable.

Subd. 7. Any relocation of boundaries between adjoining units, not intended to result in the creation of two or more new units in place of the subdivided unit, shall be governed by this section.

Sec. 31. [SUBDIVISION OF UNITS.] Subdivision 1. If the condominium instruments expressly permit the subdivision of any units, the units may be subdivided in accordance with the provisions of this section and restrictions and limitations not otherwise unlawful which the condominium instruments specify.

Subd. 2. If the unit owner of any unit which may be subdivided desires to subdivide the unit, the principal officer of the unit owners' association, or other officer the condominium instruments specify, shall, upon written application of the unit owner, herein referred to as the subdivider, prepare and execute appropriate instruments pursuant to subdivisions 3, 4, and 5.

Subd. 3. An amendment to the declaration shall assign new identifying numbers to the new units created by the subdivision of a unit and shall allocate to those units, on a reasonable basis acceptable to the subdivider, all of the undivided interest in the common elements appertaining to the subdivided unit. The new units shall jointly share all rights, and shall be equally liable jointly and severally for all obligations, with regard to any limited common elements assigned to the subdivided unit except to the extent that the subdivider may have specified in his written application that a limited common element assigned to the subdivided unit exclusive should be assigned to one or more of the new units, in which case the amendment to the declaration shall reflect that intention.

Subd. 4. An amendment to the bylaws shall allocate to the new units, on a reasonable basis acceptable to the subdivider, the votes in the unit owners' association allocated to the subdivided unit, and reflect a proportionate allocation to the new units of the liability for common expenses and rights to common revenue formerly relating to the subdivided unit.

Subd. 5. Plats and plans necessary to show the boundaries separating the new units together with their other boundaries shall be prepared, and the new units depicted thereon shall bear their new identifying numbers. The plats and plans shall indicate the dimensions of the new units, and their horizontal boundaries shall be identified with reference to established datum. The plats and plans shall be certified for accuracy and compliance with this subdivision by a registered land surveyor in the case of a plat and by a registered architect or registered engineer in the case of a plan.

Subd. 6. *When necessary instruments have been prepared, executed, and acknowledged, they shall be delivered to the subdivider upon his payment of reasonable costs for their preparation and acknowledgment. The instruments shall be effective when the subdivider has executed and recorded them. The recordation shall be conclusive evidence that the subdivision did not violate any restrictions or limitations specified by the condominium instruments and that any reallocations made pursuant to subdivisions 3 and 4 were reasonable.*

Subd. 7. *This section shall not apply to convertible spaces, and no convertible space shall be deemed a unit for the purposes of this section, but shall apply to units formed by the conversion of such space, and any such unit shall be deemed a unit for the purposes of this section.*

Sec. 32. [TERMINATION OR AMENDMENT BEFORE CONVEYANCE OF UNITS.] *If there is no unit owner other than the developer, he may unilaterally terminate the condominium or amend the condominium instruments. The termination or amendment shall be effective upon its recordation if it has been executed by the developer. This section shall not be construed to nullify, limit, or otherwise affect the validity or enforceability of any agreement to renounce the right hereby conferred.*

Sec. 33. [TERMINATION OR AMENDMENT AFTER CONVEYANCE OF UNITS; RIGHTS OF MORTGAGEE.] *Subdivision 1. If there is any unit owner other than the developer, the condominium shall be terminated only by the agreement of unit owners of units to which four fifths of the votes in the unit owners' association pertain, or a larger majority the condominium instruments specify.*

Subd. 2. *If there is any unit owner other than the developer, the condominium instruments may be amended only by agreement of the unit owners of units to which two thirds of the votes in the unit owners' association pertain, or a larger majority the condominium instruments specify, except in cases for which this chapter provides different methods of amendment.*

Subd. 3. *If all of the units in the condominium are restricted exclusively to nonresidential use, the condominium instruments may specify majorities smaller than the minimums specified by subdivisions 1 and 2.*

Subd. 4. *Agreement of the required majority of unit owners to termination of the condominium or to any amendment of the condominium instruments shall be evidenced by their execution or ratification of the termination agreement or amendment. They shall be effective only when the agreement is so evidenced of record. For the purposes of this section and section 32, an instrument terminating a condominium shall be deemed a condo-*

minium instrument subject to the provisions of section 10. For the purposes of this section, a ratification of an amendment shall also be deemed such an instrument.

Subd. 5. Except to the extent expressly permitted or required by other provisions of this chapter, no amendment to the condominium instruments may change the boundaries of a unit, or the undivided interest in the common elements, liability for common expenses, rights to common revenue, or number of votes in the unit owners' association relating thereto.

Subd. 6. Upon recordation of an instrument terminating a condominium, all of the property constituting it shall be owned by the unit owners as tenants in common in proportion to their respective undivided interest in the common elements immediately prior to the recordation. As long as the tenancy in common lasts, each unit owner, or the heirs, successors, or assigns thereof, shall have an exclusive right of occupancy of the portion of the property which formerly constituted his unit.

Subd. 7. Upon recordation of an instrument terminating a condominium, any rights the unit owners may have to the assets of the unit owners' association shall be in proportion to their respective undivided interests in the common elements immediately prior to the recordation.

Subd. 8. No provisions of sections 1 to 64 shall be construed in derogation of any requirement of the condominium instruments that all or a specified number of the beneficiaries of mortgages or contracts for deed encumbering the condominium units approve specified actions contemplated by the unit owners' association.

Sec. 34. [ASSOCIATION OF UNITS OWNERS; CONTENTS OF BYLAWS.] *Subdivision 1.* [INCORPORATION OF ASSOCIATION.] The unit owners' association shall be incorporated as provided in Minnesota Statutes, Chapter 317.

Subd. 2. [BYLAWS.] There shall be recorded simultaneously with the declaration a set of bylaws providing for the self government of the condominium by the association of all the unit owners. The bylaws shall specify which powers and responsibilities of the unit owners' association may be delegated to a managing agent.

Subd. 3. [MEETINGS.] Meetings of the unit owners' association shall be held in accordance with the provision of the condominium instruments at least once each year. The bylaws shall specify an officer who shall, at least 21 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each unit owner notice of the time, place and complete agenda of the meeting. The notice shall be sent by United States mail to all unit owners of rec-

ord at the address of their respective units and to other addresses as any of them may have designated to the officer.

Subd. 4. [QUORUMS.] Unless the condominium instruments otherwise provide, a quorum shall be deemed present throughout any meeting of the unit owners' association until adjourned if persons entitled to cast more than one third of the votes are present at the beginning of the meeting. Unless the condominium instruments specify a larger majority, a quorum shall be deemed to be present throughout any meeting of an executive committee if persons entitled to cast one half of the votes in that committee are present at the beginning of the meeting.

Subd. 5. [VOTING.] (a) The bylaws may allocate to each unit depicted on plats and plans that comply with section 19 a number of votes in the unit owners' association proportionate to the liability for common expenses established pursuant to section 41.

(b) Except as provided in clause (a), the bylaws shall allocate to each unit an equal number of votes in the unit owners' association, except that each convertible space so depicted shall be allocated a number of votes in the unit owners' association proportionate to the area of each space, while the remaining votes in the unit owners' association shall be allocated equally to the other units so depicted.

(c) A unit owner may be more than one person. If only one of those persons is present at a meeting of the unit owners' association, that person may cast all votes allocated to that unit. But if more than one of those persons is present, the vote allocated to that unit shall be cast only in accordance with their unanimous agreement unless the condominium instruments expressly provide otherwise, and consent shall be conclusively presumed if any one of them purports to cast the votes allocated to that unit without protest being made immediately by any of the others to the person presiding over the meeting.

(d) The votes allocated to any unit may be cast pursuant to a proxy or proxies duly executed by or on behalf of the unit owner, or, in cases where the unit owner is more than one person, by or on behalf of all of them. No proxy shall be revocable except by actual notice to the person presiding over the meeting, by the unit owner or by any of those persons, that it be revoked. A proxy shall be void if it is not dated, if it purports to be revocable without notice, or if the signatures of any of those executing it have not been duly acknowledged. The proxy of any person shall be void if not signed by a person having authority at the time of its execution to execute deeds on behalf of that person. A proxy shall terminate automatically upon the adjournment of the first meeting held on or after the date of that proxy.

(e) If 50 percent or more of the votes in the unit owners' association constitute 25 percent or less of the units, then in any case when a majority vote is required by the condominium instruments or by sections 1 to 64, the requirement for the majority shall be deemed to include assent by the unit owners of a like majority of the units.

(f) No vote in the unit owners' association shall be deemed to inure to any condominium unit during any time when the unit owner thereof is the unit owners' association.

Subd. 6. [OFFICERS AND DIRECTORS.] (a) The condominium instruments shall provide that any officer or director must be a unit owner. An officer or director who disposes of all his interest in the unit or leases his interest in the unit for a period exceeding six months shall be deemed disqualified from continuing in office unless, in the instance of disposition and fee, he acquires or contracts to acquire another unit in the condominium under terms giving him a right of occupancy to it effective on or before the termination of his right of occupancy under the disposition.

(b) The term "unit owner" shall include any director, officer, partner in, or trustee of any person which is, either alone or in conjunction with another person, a unit owner. An officer who would not be eligible to serve as such were he not a director, officer, partner in, or trustee of a person, shall be deemed disqualified from continuing in office if he ceases to have the affiliation with that person, or if that person would itself have been deemed disqualified from continuing in office under subdivision 1 were it a natural person holding the office.

Sec. 35. [CONTROL BY THE DEVELOPER; TRANSFER OF CONTROL TO THE UNIT OWNERS' ASSOCIATION; PROHIBITIONS.] **Subdivision 1.** If the unit owners' association has not been incorporated or does not have officers and directors at the time of the creation of the condominium, the developer shall, until the time the association is incorporated, act in all instances where sections 1 to 64 require action by the unit owners' association.

Subd. 2. The condominium instruments may authorize the developer to appoint or remove a majority of the directors of the unit owners' association and to exercise the powers and responsibilities otherwise assigned by the condominium instruments or by sections 1 to 64 to the unit owners' association to initiate management of the condominium and its common elements. No amendment to the condominium instruments shall increase the scope of this authorization if there is any unit owner other than the developer. This authorization shall not be valid after the time limit set by the condominium instruments or after units to which three fifths of the undivided interests in the common elements

have been conveyed, whichever occurs first. The time limit initially set by the condominium instruments shall not exceed five years in the case of an expandable condominium, three years in the case of a condominium other than an expandable condominium, containing any convertible land, or two years in the case of any other condominium. The time period shall commence upon sale of the first unit in any portion of the condominium.

Subd. 3. No contract, lease, management contract, employment contract, or lease of recreational areas or facilities, which is directly or indirectly made by or on behalf of the unit owners' association shall be entered into for a period exceeding two years. The contracts or agreements may contain a provision authorizing renewal for periods not exceeding two years if the authorization is accompanied by a reservation in favor of the association permitting termination of the contract or agreement upon 60 days written notice.

Sec. 36. [UPKEEP OF THE CONDOMINIUM.] Except to the extent otherwise provided by the condominium instruments, all powers and responsibilities with regard to maintenance, repair, renovation, restoration, and replacement shall appertain to the unit owners' association in the case of the common elements, and to the individual unit owner in the case of any unit. Each unit owner shall afford to the other unit owners and to the unit owners' association, and to their agents or employees, access through his unit reasonably necessary to enable them to exercise and discharge their powers and responsibilities. To the extent that damage is inflicted on the common elements or any unit through which access is taken, the unit owner causing the damage, or the unit owners' association if it caused the damage, shall be liable for its prompt repair.

Sec. 37. [CONTROL OF THE COMMON ELEMENTS.]
Subdivision 1. Except to the extent prohibited by the condominium instruments, and subject to any restrictions and limitations specified in them, the unit owners' association shall have the power to:

(a) Employ, dismiss, and replace agents and employees to exercise and discharge the powers and responsibilities of the association arising under section 36.

(b) Make or cause to be made additional improvements on and as a part of the common elements.

(c) Grant or withhold approval of action by a unit owner or other person entitled to the occupancy of a unit which would change the exterior appearance of a unit or of another portion of the condominium, or elect or provide for the appointment of an architectural control committee, the members of which must have the same qualifications as officers, to grant or withhold that approval.

(d) *Acquire, hold, convey, and encumber title to real property, including condominium units.*

Subd. 2. Except to the extent prohibited by the condominium instruments, and subject to restrictions and limitations specified in them, the unit owners' association shall have the irrevocable power as attorney-in-fact on behalf of all the unit owners and their successors in title to grant easements through the common elements and accept easements benefiting the condominium or any portion thereof.

Subd. 3. This section shall not be construed to prohibit the grant, by the condominium instruments, of other powers and responsibilities to the unit owners' association.

Sec. 38. [LIABILITIES OF UNIT OWNERS' ASSOCIATION.] *Subdivision 1. An action for tort alleging a wrong done by any agent or employee of the developer or of the unit owners' association, or in connection with the condition of any portion of the condominium which the developer or the association is responsible to maintain shall be brought against the developer or the association. No unit owner shall be precluded from bringing an action because of his ownership of an undivided interest in the common elements or his membership in the association. A judgment against the developer arising from the action shall not be a lien against condominium units other than those owned by the developer.*

Subd. 2. Unit owners other than the developer shall not be liable for torts caused by agents or employees of the developer within any convertible land or using any easement reserved in the declaration or created by sections 26 and 27.

Subd. 3. No contractual obligation shall be enforceable against the unit owners' association unless the obligation is evidenced by a writing signed by an officer of the unit owners' association or an authorized agent.

Subd. 4. A judgment for money against the unit owners' association shall be a lien against all of the condominium units. The lien shall be enforced against the condominium units on a pro rata basis in proportion to the interest in the common elements only to the extent that enforcement against real estate, if any, of or to which the unit owners' association is possessed or entitled does not satisfy the judgment. Upon enforcement of the lien of the judgment against the condominium units, the unit owners' association may designate portions of the condominium which shall be subjected to satisfaction of the judgment, but in no event shall a unit be subjected to satisfaction of the judgment until all common elements are so subjected, unless the affected unit owner consents to it. If less than all of the common elements are to be subject to satisfaction of the judgment, the common elements, including limited common elements, to be so subjected shall not be

apportioned to result in a substantially more adverse effect upon the value, use or enjoyment of one or more condominium units relative to the remainder of the condominium units.

Sec. 39. [INSURANCE.] *Subdivision 1. The condominium instrument shall require the unit owners' association or managing agent on its behalf, to obtain:*

(a) *A master casualty policy affording fire and extended coverage in the amount of the full replacement value of the structures within the condominium, or of the structures that comprise portions of the common elements.*

(b) *A master liability policy, in an amount specified by the condominium instruments, covering the unit owners' association, the managing agent, all persons acting as their agents or employees with respect to the condominium, and all unit owners and other persons entitled to occupy any unit or other portion of the condominium.*

(c) *Other policies required by the condominium instruments, including workmen's compensation insurance, liability insurance on motor vehicles owned by the association, and specialized policies covering lands or improvements in which the unit owners' association has ownership or other rights.*

Subd. 2. When a policy of insurance has been obtained by or on behalf of the unit owners' association, written notice of that and of any subsequent changes in it or termination of it shall be promptly furnished to each unit owner by the officer required to send notices of meetings of the unit owners' association. The notices shall be sent in accordance with the notice provisions of section 34.

Sec. 40. [RIGHTS TO COMMON REVENUE.] *The common revenue shall be applied to the payment of common expenses, and rights in any surplus shall pertain to the condominium units in proportion to the liability for common expenses as established pursuant to section 41. The surplus shall be refunded accordingly to the unit owners, except to the extent the condominium instruments may require it to be added to reserves maintained pursuant to the instruments.*

Sec. 41. [LIABILITIES FOR COMMON EXPENSES.] *Subdivision 1. Except to the extent that the condominium instruments provide otherwise, any common expenses associated with the maintenance, repair, renovation, restoration, or replacement of any limited common element shall be specially assessed against the condominium unit to which that limited common element was assigned at the time such expenses were incurred. If the limited common element involved was assigned at that time to more than one condominium unit, the expenses shall be special-*

ly assessed against each of those units equally so that the total of the special assessments equals the total of the expenses.

Subd. 2. To the extent that the condominium instruments expressly so provide, any other common expenses benefiting less than all of the condominium units, or caused by the conduct of less than all of those entitled to occupy them or by their licensees or invitees, shall be specially assessed against the condominium unit involved.

Subd. 3. The amount of all common expenses not specially assessed pursuant to subdivisions 1 or 2, less the amount of all common revenue, shall be assessed against the condominium units in proportion to (a) the number of votes in the unit owners' association; (b) the undivided interest in the common elements; or (c) the percentage or fraction of the common expenses allocated by the condominium instruments based upon the methods of allocation set forth in section 16, accruing to each unit. The assessments shall be made by the unit owners' association annually, or more often if the condominium instruments so provide. No change in the number of votes in the unit owners' association accruing to any condominium unit shall enlarge, diminish or otherwise affect any liabilities arising from assessments made prior to the change.

Sec. 42. [LIEN FOR ASSESSMENTS.] *Subdivision 1. The unit owners' association shall have a lien on every condominium unit for unpaid assessments levied against that condominium unit in accordance with the provisions of sections 1 to 64 and all lawful provisions of the condominium instruments. The lien shall be prior to all other liens and encumbrances except real estate tax liens on that condominium unit, liens and encumbrances recorded prior to the recordation of the declaration, and sums unpaid on any first mortgages of record and first contracts for deed entered into prior to the perfection of said lien for assessments.*

Subd. 2. The lien created by subdivision 1 shall be perfected by the recordation of a memorandum, which need not be acknowledged, with the recording officer of the county in which the condominium is situated. The memorandum of lien shall be recordable only if it is signed by the principal officer of the unit owners' association, or other officer the condominium instruments specify, and contains the following:

(a) A description of the condominium unit in accordance with the provisions of section 8.

(b) The names of the record owners of that condominium unit and, in the case of a leasehold condominium, the names of the persons constituting the unit owner of that unit.

(c) *The amount of unpaid assessments currently due or past due and the date when each fell due.*

(d) *The date of issuance of the memorandum.*

Subd. 3. A lien perfected pursuant to subdivision 2 shall expire only when all sums secured by it have been paid in full plus accumulated interest at the rate of six percent a year and with full reimbursement for the cost of the filing of the memorandum of lien, or when three years have elapsed from the date of recordation of the memorandum without the commencement of a suit in equity as contemplated by subdivision 4, whichever shall first occur. A lien not perfected pursuant to subdivision 2 shall expire, as to each unpaid assessment, three years after the assessment, or the last installment thereof, became due and payable.

Subd. 4. The lien created by subdivision 1, unless it has expired under the provisions of subdivision 3, may be enforced by a suit in equity brought by the unit owners' association, or on behalf of the association by its principal officer or by another officer the condominium instruments specify.

Subd. 5. Nothing in this section shall be construed to prohibit actions at law to recover sums for which subdivision 1 creates a lien, maintainable pursuant to section 14.

Subd. 6. The judgment or decree in an action brought pursuant to this section shall include reimbursement for costs and reasonable attorneys' fees together with interest at the rate of six percent a year for the sums secured by the lien from the time each sum became due and payable.

Subd. 7. When payment or satisfaction is made of a debt secured by the lien created by subdivision 1, the lien shall be released. For the purposes of that section the principal officer of the unit owners' association, or other officer the condominium instruments specify, shall be deemed the authorized agent of the lien creditor.

Subd. 8. A unit owner or purchaser of a condominium unit, having executed a contract for its sale, shall be entitled upon request to a recordable statement setting forth the amount of unpaid assessments currently levied against the unit. The request shall be in writing, directed to the principal officer of the unit owners' association or to the other officer the condominium instruments specify. Failure to furnish or make available the statement within ten business days from the receipt of the request shall extinguish the lien created by subdivision 1 as to the unit involved. The statement shall be binding on the unit owners' association, and every unit owner. Payment of a fee not exceeding \$10 may be required as a prerequisite to the issuance of the statement if the condominium instruments so provide.

Sec. 43. [RESTRAINTS ON ALIENATION.] *If the condominium instruments create any rights of first refusal or other restraints on free alienability of the condominium units, the rights and restraints shall be void unless the condominium instruments make provision for promptly furnishing to any unit owner or purchaser requesting it a recordable statement certifying to any waiver of, or failure or refusal to exercise, the rights and restraints, in all cases where the waiver, failure, or refusal does occur. Failure or refusal to furnish promptly the statement in such circumstances in accordance with the provisions of the condominium instruments shall make the rights and restraints inapplicable to any disposition of a condominium unit in contemplation of which the statement was requested. The statement shall be binding on the association of unit owners, and every unit owner. Payment of a fee not exceeding \$10 may be required as a prerequisite to the issuance of the statement if the condominium instruments so provide.*

Sec. 44. [COMMISSIONER OF SECURITIES TO ADMINISTER.] *Sections 1 to 64 shall be administered by the commissioner of securities of the Minnesota department of commerce.*

Sec. 45. [EXEMPTIONS.] *Subdivision 1. Unless the method of disposition is adopted for the purpose of evasion of sections 45 to 64, sections 45 to 64 do not apply to:*

(a) *Offers or dispositions by a purchaser of a unit in a multiple housing project for his own account in a single or isolated transaction when the purchaser has complied with the provisions of section 54;*

(b) *Dispositions in which all units are restricted to commercial, industrial, or other nonresidential use;*

(c) *Dispositions pursuant to court order;*

(g) *Disposition of units in a multiple housing project exempt registered pursuant to Minnesota Statutes, Chapter 80A;*

(h) *Disposition of units in a multiple housing project registered under Minnesota Statutes, Chapter 83.*

Subd. 2. The provisions of section 47 with respect to the registration of multiple housing projects shall not apply to of-

fers or dispositions of interests in multiple housing projects involving the offer of not more than 50 separate units or interests therein within any period of twelve consecutive months, if the developer or his agent shall furnish to the commissioner, not less than twenty days prior to the consummation of any such disposition, a filing fee of \$25 and statement of the developer on forms prescribed by the commissioner containing the following information:

(a) The legal description and common address of the multiple housing project;

(b) The name, principal address and telephone number of the developer and its offices and agents in this state;

(c) A general description of the multiple housing project stating the total number of units or interests to be offered; the total number of units that may be included in the multiple housing project by reason of future expansion or merger of the project by the developer;

(d) The material terms of any encumbrances, easements, and restrictions including zoning and other regulations affecting the multiple housing project and each unit, a statement of the developer's efforts to remove such lien or encumbrance, and a statement of all existing taxes and existing or proposed special taxes or assessments which affect the multiple housing project;

(e) Copies of the declaration and bylaws, with a statement describing each and including information on developer control; a projected budget for at least the first year of the multiple housing project's operation including projected common expenses authorized or provided for in the declaration and the manner in which those expenses are apportioned among unit owners; the basis upon which reserves set out in the project, if any, are established; additional charges for use of any recreational, parking or other facilities that are a part of the multiple housing project, the estimated monthly membership assessments for the unit owners' association, and provisions, if any, for reserves for capital expenditures and restraints on alienation.

(f) Copies of any management contract, lease of recreational areas, or any part of the multiple housing project with a statement of the effect of any such agreement upon a purchaser, and a statement of the relationship, if any, between the developer and the managing agent or firm;

(g) A general description of the status of construction, zoning, site plan approval, issuance of building permits, or compliance with any other state or local statutes, ordinances or regulations affecting the multiple housing project;

(i) *The provisions of any warranties provided by the developer on the units and the common elements;*

(j) *Copies of the articles of incorporation and bylaws of the unit owners' association provided for in section 34;*

(k) *A proposed offering statement in which the information required by paragraphs (a) to (j) immediately above will be furnished to prospective purchasers.*

Provided, however, that the commissioner may by rule or order, as to the offer or disposition of any multiple housing project, withdraw or further condition this exemption, or require additional information or increase or decrease the number of units in a multiple housing project permitted to be offered or sold pursuant to this exemption.

Subd. 3. Sections 1 to 64 shall not apply to any multiple housing project or unit therein located outside the boundaries of this state.

Sec. 46. [PROHIBITION ON DISPOSITION OF UNITS.]

Unless the multiple housing project or the transaction is exempt pursuant to section 45, a person may not offer or dispose in this state of any interest in a multiple housing project or unit unless the multiple housing project or multiple housing unit is registered in accordance with sections 45 to 64.

Sec. 47. [APPLICATION FOR REGISTRATION; FEE.]

Subdivision 1. The application for registration of a multiple housing project shall be filed with the commissioner as prescribed by rule. The application shall be signed and sworn to by the developer and shall include, but not be limited to, the following documents and information:

(a) *An irrevocable appointment of the commissioner to receive service of any lawful process in any civil proceeding arising under this chapter against the applicant, or his personal representative;*

(b) *A legal description of the multiple housing project offered for registration in a form which the commissioner shall prescribe by rule;*

(f) *A statement in a form acceptable to the commissioner, of the condition of the title to the multiple housing project including encumbrances, deed restrictions and covenants applicable thereto with data as to recording, as of a specified date within 30 days prior to the date of application by a title opinion of a licensed attorney, not a salaried employee, partner, officer, or director of the developer or of its agent, title insurance written by an insurance company authorized to transact business in this state, or by other evidence of title acceptable to the commissioner;*

(g) *Copies of instruments which will be delivered to a purchaser to evidence his interest in the multiple housing project and of the contracts or other agreements which a purchaser will be required to agree to or sign, together with the range of selling prices, rates or rentals at which it is proposed to dispose of the units or interests in the multiple housing project, and a list of mandatory fees the purchaser may be required to pay for membership in groups including, but not limited to, unit owners' associations, and similar organizations;*

(s) *The developer of a conversion condominium shall include with the application for registration a copy of the notice set forth in section 49, subdivision 2, and a statement that such notice, fully complying with the provisions of said subdivision, shall be, at the time of the registration of such multiple housing project, mailed to each of the tenants in the building or buildings for which registration is sought;*

(t) Any additional information which the commissioner may by rule require for the protection of purchasers.

Subd. 2. If the developer registers additional units to be offered for disposition in the same multiple housing project, he may consolidate the subsequent registration with any earlier registration offering units in the multiple housing project for disposition under the same promotional plan. An application for consolidation shall be accompanied by a fee of \$50.

Subd. 3. The developer shall immediately report any material changes in the information contained in an application for registration.

Subd. 4. The application shall be accompanied by a filing fee of \$300.

Sec. 48. [PUBLIC OFFERING STATEMENT.] Subdivision 1. A person may not dispose of any interest in a multiple housing project or multiple housing unit unless a current public offering statement is delivered to the purchaser at the expense of the developer or his agent, and the purchaser is afforded a reasonable opportunity to examine, and is permitted to retain the public offering statement prior to the offer or disposition. The developer or his agent shall obtain a receipt, signed by the purchaser, acknowledging that he has received a copy of the public offering statement prior to the execution by the purchaser of a contract or agreement for the disposition of any unit in a multiple housing project, which receipt shall be kept in the possession of the developer or his agent subject to inspection by the commissioner for a period of three years from the date the receipt is taken.

Subd. 2. The public offering statement shall disclose fully and accurately the characteristics of the multiple housing project, and the units therein, offered and shall make known to prospective purchasers all unusual and material facts or features affecting the multiple housing project. The proposed public offering statement submitted to the commissioner shall be in a form prescribed by rule and shall include, but shall not be limited to, the following:

(a) The legal description and common address of the multiple housing project;

(b) The name, principal address and telephone number of the developer and of its offices and agents in this state;

(c) A general description of the multiple housing project stating the total number of units or interests to be offered; the total number of units that may be included in the multiple hous-

ing project by reason of future expansion or merger of the project by the developer;

(d) *The material terms of any encumbrances, easements, liens, and restrictions including zoning and other regulations affecting the multiple housing project and each unit, a statement of the developer's efforts to remove such lien or encumbrance, and a statement of all existing taxes and existing or proposed special taxes or assessments which affect the multiple housing project;*

(e) *Copies of the declaration and bylaws, with a statement describing each and including information on developer control, a projected budget for at least the first year of the multiple housing project's operation including projected common expenses authorized or provided for in the declaration and the manner in which those expenses are apportioned among unit owners; the basis upon which reserves set out in the project, if any, are established; additional charges for use of any recreational, parking or other facilities that are a part of the multiple housing project, the estimated monthly membership assessments for the unit owners' association, and provisions, if any, for reserves for capital expenditures and restraints on alienation;*

(f) *Copies of any management contract, lease of recreational areas, or any part of the multiple housing project with a statement of the effect of any such agreement upon a purchaser, and a statement of the relationship, if any, between the developer and the managing agent or firm;*

(i) *The provisions of any warranties provided by the developer on the units and the common elements;*

(j) *Such additional information as may be required by the commissioner to assure full and fair disclosure to prospective purchasers.*

Subd. 3. *The public offering statement shall not be used for any promotional purpose before registration of the multiple housing project and afterwards it shall be used only in its entirety. A person may not advertise or represent that the commissioner has approved or recommended the multiple housing project or disposition thereof. The public offering statement*

shall be printed or typed on white paper and a portion may not be underscored, italicized or printed in larger or heavier or different color type than the remainder of the statement unless required or approved by the commissioner.

Subd. 4. The commissioner may require the developer or his agent to alter or amend the proposed public offering statement in order to assure full and fair disclosure to prospective purchasers. No change in the substance of the plan of disposition or development of the multiple housing project may be made after registration without notifying the commissioner and without making appropriate amendment of the public offering statement. A public offering statement is not current unless all amendments are incorporated.

Sec. 49. [CONVERSION CONDOMINIUMS; SPECIAL PROVISIONS.] Subdivision 1. The developer of a conversion condominium shall include in his public offering statement, in addition to the requirements of section 48, the following:

(a) A specific statement of the amount of any initial or special fee due from the purchaser on or before settlement of the purchase contract and the basis of such fee;

(b) A specific statement disclosing the actual expenditures made on all repairs, maintenance and operation or upkeep of the subject building or buildings within the last three years, set forth tabularly with the proposed budget of the multiple housing project, and cumulatively broken down on a per unit basis in proportion to the relative voting strengths allocated to the units by the bylaws. If such building or buildings have not been occupied for a period of three years, then the information shall be set forth for the maximum period such building or buildings have been occupied;

(c) A description of any provisions made in the budget for reserves for capital expenditures and an explanation of the basis for such reserves, or if no such provision is made, a statement to that effect;

(d) A statement concerning the present condition of all structural components and major utility installations in the multiple housing project, which statement shall include the approximate dates of construction, installation, and major repairs, and the expected useful life of each such item, together with the estimated cost in current dollars, of replacing each of the same.

Subd. 2. (a) The developer shall within ten days of filing an application for registration with the commissioner in reference to a condominium conversion project provide each tenant of the building or buildings included within the application a notice of the intent to convert.

(b) Upon the effectiveness of an order of registration or advice that the multiple housing project to be converted is exempt, the developer shall provide each tenant with a notice describing the status of the tenancy, including but not limited to the following:

(i) any rights inured to the benefit of the tenant pursuant to an existing lease, whether written or oral;

(ii) a statement that the notice of termination of a lease of a duration less than 120 days shall not require the tenant to vacate the premises for a period of at least 120 days from the date of the mailing of the notice;

The notice required by this section shall be sent by first class mail, return receipt requested. The notice may also constitute the notice required by any lease agreement to terminate the tenancy in accordance with the lease agreement, except that, a tenancy from month to month shall only be terminated upon 120 days notice as provided for herein.

Sec. 50. [ESCROW OF DEPOSITS.] Any deposit made in regard to a disposition of a unit, including a nonbinding reservation agreement, shall be held in trust as required by the provisions of Minnesota Statutes, Section 82.24.

Sec. 51. [SALES CONTRACT; RESCISSION.] Subdivision 1. Every contract for disposition relating to a multiple housing project shall state clearly the legal description of the unit or interest disposed of and shall contain the disclosure substantially similar to that required by the federal truth in lending act, and the rules promulgated thereunder.

Subd. 2. Any contract or agreement for the disposition of a unit in a multiple housing project not exempt under section 45, is voidable at the discretion of the purchaser, if the multiple housing project was not registered pursuant to sections 46 to 64 at the time of the offer or disposition, or if a current public offering statement was not given to the purchaser in accordance with section 48.

Subd. 3. A purchaser has an unconditional right to rescind any contract, agreement or other evidence of indebtedness, or revoke any offer, at any time prior to or within 5 days after the date the purchaser actually receives a legible copy of the binding contract, agreement or other evidence of indebtedness or offer and the public offering statement as provided in section 48. Predating of a document does not affect the time in which the right to rescind may be exercised. The burden of proving that the document was not predated is upon the developer or lender.

Subd. 4. Each contract, agreement or other evidence of indebtedness shall be prominently labeled and captioned that it is

a document taken in connection with a sale or other disposition of a multiple housing project under sections 45 to 64.

Subd. 5. Each such contract, agreement or other evidence of indebtedness shall prominently contain upon its face the following notice printed in bold type, stating:

"Notice to Purchaser

You are entitled to rescind this agreement at any time if you have not received the public offering statement in advance of your signing of this agreement. In addition, you are entitled to rescind this agreement for any reason within five days from the day you actually receive a legible copy of this document signed by all parties. Such rescission must be in writing, and mailed to the developer or his agent or the lender at the address stated in this document. Upon rescission, you will receive a refund of all moneys paid."

The contract, agreement or other evidence of indebtedness shall contain sufficient space upon its face in immediate proximity to the above notice for the signature of each purchaser obligated under such instrument, acknowledging that such purchaser has read the notice.

Subd. 6. Rescission occurs when the purchaser gives written notice of rescission to the developer or his agent or the lender at the address stated in the contract, agreement or other evidence of indebtedness. Notice of rescission, if given by mail is effective when it is deposited in a mailbox properly addressed and postage prepaid. A notice of rescission given by the purchaser need not take a particular form and is sufficient if it indicates by any form of written expression that the purchaser intends not to be bound by the contract, agreement or other evidence of indebtedness.

Subd. 7. No act of a purchaser shall be effective to waive the right to rescind as provided in this section.

Sec. 52. [NOTICE OF FILING AND REGISTRATION.]
Subdivision 1. Upon compliance with all the provisions of sections 45 to 64 applicable to the application for registration and with the requirements of the commissioner, and if the commissioner finds no grounds for denial of the application, the commissioner shall register the multiple housing project. The commissioner shall have power to place such conditions, limitations, and restrictions on any registration as may be necessary to carry out the purposes of sections 1 to 64. Registration shall be by entry in a book called register of multiple housing projects, which entry shall show the multiple housing projects registered and for whom registered, and shall specify the conditions, limitations, and restrictions upon such registration, if any, or shall

make proper reference to a formal order of the commissioner on file showing such conditions, limitations, and restrictions.

Subd. 2. Upon receipt of the application for registration in proper form, the commissioner shall within sixty days from the date of such receipt enter an order registering the multiple housing project or denying its registration. If no order of denial is entered within 60 days from the date of receipt of the application, the multiple housing project shall be deemed registered and an order shall issue unless the developer has consented in writing to a delay.

Subd. 3. If the commissioner determines upon inquiry and examination:

(a) That any of the requirements of sections 1 to 64 or the rules promulgated pursuant to sections 1 to 64 have not been met;

(b) That the proposed promotional plan or advertising is or tends to be fraudulent, deceptive or misleading;

(c) That the sales of the units in a multiple housing project would work or tend to work a fraud or deception on the purchasers thereof;

(d) That the developer has violated any of the provisions of sections 1 to 64 or any order or rule of the commissioner;

He may issue an order denying the application for registration.

The commissioner may not deny an application solely on the basis of the proposed sale price of the condominium units. The order shall state the reasons for denial and shall inform the applicant of his right to a hearing if a request for the hearing is filed with the commissioner within 30 days of the receipt of the order of denial.

Sec. 53. [ANNUAL REPORT.] *Subdivision 1. Within 30 days after each annual anniversary date of an order registering a multiple housing project, the developer shall file a report in the form prescribed by rule of the commissioner.*

Subd. 2. The commissioner may permit the filing of annual reports within 30 days after the annual anniversary date of a consolidated registration in lieu of the annual anniversary date of the original registration.

Subd. 3. Failure to file the annual report shall constitute cause for cancellation of the registration. In the event of such

cancellation, registration may be reinstated at a subsequent date following a filing of the report.

Subd. 4. In the event that the annual report reveals that all of the units in the multiple housing project have been disposed of, provided any periods for conversion or expansion have expired, the commissioner shall issue an order terminating the registration of the multiple housing project.

Sec. 54. [RESALE BY PURCHASER.] *Subdivision 1. In the event of a resale of a unit in a multiple housing project by a unit owner other than the developer, the owner shall obtain from the unit owners' association and furnish to the purchaser, prior to the settlement date of the disposition, the following:*

(a) Appropriate statements pursuant to section 42, subdivision 8, and, if applicable, section 43;

(b) A statement of any capital expenditures anticipated by the unit owners' association within the current or succeeding two fiscal years;

(c) A statement of the status and amount of any reserve for replacement fund and any portion of such fund designated for any specified project by the board of directors;

(d) A copy of the statement of financial condition for the unit owners' association for the last fiscal year for which such statement is available;

(e) A statement of the status of any pending suits or judgments in which the unit owners' association is a party;

(f) A statement setting forth what insurance coverage is provided for all unit owners by the unit owners' association and what insurance coverage should be secured by each individual unit owner;

(g) A statement that any improvements or alterations made to the unit or the limited common elements assigned thereto by the unit owner are not known to be in violation of the condominium instruments.

Subd. 2. The principal officer of the unit owners' association, or such other officer or officers as the condominium instruments may specify, shall furnish the statements prescribed by subdivision 1 hereon upon the written request of any unit owner within ten days of the receipt of such request.

Sec. 55. [INVESTIGATIONS AND PROCEEDINGS.]
Subdivision 1. The commissioner in his discretion:

(a) *May make such public or private investigations within or without this state as he deems necessary to determine whether any person has violated or is about to violate sections 1 to 64 or any rule or order hereunder, or to aid in the enforcement of sections 1 to 64 or in the prescribing of rules and forms hereunder;*

(b) *May require or permit any person to file a statement in writing, under oath or otherwise as the commissioner determines, as to all the facts and circumstances concerning the matter being investigated;*

(c) *May publish information which is contained in any order issued by the commissioner;*

(d) *May hold hearings, upon reasonable notice, in respect of any matter arising out of the administration of sections 1 to 64;*

(e) *May conduct investigations and hold hearings for the purpose of compiling information with a view to recommending changes in the Minnesota condominium act to the legislature; and*

(f) *May require a developer to report to him all sales of any specified multiple housing project. Such reports shall be made within ten days after demand therefor by the commissioner and shall be open for public inspection only upon a court order. The commissioner shall not make known, in any manner not provided by law, any information contained in such reports.*

Subd. 2. For the purpose of any investigation, hearing or proceeding under sections 1 to 64, the commissioner or any officer designated by him may administer oaths and affirmation, subpoena witnesses, compell their attendance, take evidence and require the production of any books, papers, correspondence, memoranda, agreements or other documents or records which the commissioner deems relevant or material to the inquiry.

Subd. 3. In case of contumacy by, or refusal to obey a subpoena issued to, any person, the district court, upon application by the commissioner, may issue to the person an order directing him to appear before the commissioner, or the officer designated by him, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

Subd. 4. No person is excused from attending and testifying or from producing any document or record before the commissioner, or in obedience to the subpoena of the commissioner or any officer designated by him, or in any proceeding instituted by the commissioner on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or

subjected to any penalty or forfeiture for or on account of a transaction, matter, or thing concerning which he is compelled, after claiming his privilege against self-incrimination to testify or produce evidence, documentary or otherwise except that the individual testifying is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

Sec. 56. [ENFORCEMENT; POWERS OF THE COMMISSIONER.] *Subdivision 1. Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of sections 1 to 64 or any rule or order thereunder in reference to a registration, the commissioner may suspend or revoke a registration if he finds that the developer has:*

(a) *Violated any of the provisions of sections 1 to 64, or any rule or order of the commissioner;*

(b) *Directly or through an agent or employee knowingly engaged in any false, deceptive or misleading advertising, promotional or sales methods to offer or dispose of an interest in a unit in a multiple housing project;*

(c) *Made any material change in the plan of disposition or development of the multiple housing project subsequent to the order of registration without obtaining prior approval from the commissioner;*

(d) *Offered or disposed of any unit in a multiple housing project which has not been registered with the commissioner unless the unit or disposition thereof is exempt from registration pursuant to section 45;*

(e) *Been convicted, or if any of the developer's officers, directors, partners, principals or agents has been convicted, of a crime involving fraud, deception, false pretenses, misrepresentation, false advertising or dishonest dealing in real estate transactions, subsequent to the time of the filing of the application for registration;*

(f) *Disposed of, concealed or diverted any funds or assets of any person so as to defeat the rights of unit purchasers;*

(g) *Failed to faithfully perform any stipulation or agreement made with the commissioner as an inducement to grant any registration, to reinstate any registration or to permit any promotional plan or public offering statement;*

(h) *Made misrepresentations or concealed material facts in an application for registration;*

(i) Permanently or temporarily been enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of multiple housing project sales;

(j) Failed to pay any filing or other fee required by sections 1 to 64.

Subd. 2. When initiating a proceeding under subdivision 1, the commissioner shall issue an order requiring the developer to show cause why the registration should not be suspended or revoked. The order shall be calculated to give reasonable notice of the time and place for hearing thereon and shall state the reasons for the entry of the order. All hearings shall be conducted in accordance with the provisions of Minnesota Statutes, Chapter 15. After the hearing, the commissioner shall enter an order making such disposition of the order as the facts require. If the person to whom the order to show cause has been issued fails to appear at the hearing after being duly notified, such person shall be deemed in default, and the proceeding may be determined against him upon consideration of the order, the allegations of which may be deemed to be true.

Subd. 3. If at any time subsequent to the issuance of the order of registration, a change occurs affecting any material fact required to be contained in the application, the developer shall file an amendment thereto within 30 days. Upon receipt of any amendment or other information indicating such a material change, if the commissioner determines such action to be necessary or appropriate in the public interest or for the protection of purchasers, he may suspend the registration until such time as he is satisfied that the developer or his agent has made the proper changes in the public offering statement, advertising and promotional plan to provide full and fair disclosure of the material change to the public.

Subd. 4. In the event the commissioner issues an order under subdivision 2 or 3, the order shall include in its terms a provision for a hearing within 20 days of the date of the order, specifying a date, time and place for the hearing. Unless otherwise agreed, within 20 days of the close of the hearing record, the commissioner shall issue an order either vacating, modifying, or continuing the temporary order. If the temporary order is continued or modified he shall state his reasons therefor.

Sec. 57. [INJUNCTIONS; RECEIVERS.] *If it appears that a person has engaged or is about to engage in an act or practice constituting a violation of sections 1 to 64 or a rule or order hereunder, the commissioner, with or without prior administrative proceedings, may bring an action in district court to enjoin the acts of practices and to enforce compliance with sections 1 to 64 or any rule or order hereunder. Upon proper showing, injunctive relief or temporary restraining orders shall be granted*

and a receiver or conservator may be appointed. The commissioner shall not be required to post a bond in any court proceedings.

Sec. 58. [PENALTIES; CIVIL REMEDIES.] *Subdivision 1. Any person who, in connection with the disposition of any interest in a multiple housing project, violates section 46 or makes an untrue statement of material fact, or omits to state a material fact necessary to make the statements made, in the light of the circumstances under which they are made, not misleading, is liable as provided in this section to the purchaser unless in the case of an untruth or omission it is proved that the purchaser knew of the untruth or omission or that the person offering or disposing of any interest in a multiple housing project did not know and in the exercise of reasonable care could not have known of the untruth or omission.*

Subd. 2. In addition to any other remedies, the purchaser may recover the consideration paid for an interest in a multiple housing project where the offer or sale occurred absent registration in violation of section 46, together with interest at the rate of six percent per annum from the date of payment plus costs and reasonable attorneys' fees upon tender of appropriate instruments of reconveyance. If the purchaser no longer owns the unit, the purchaser may recover the amount that would be recoverable upon a tender of reconveyance, less the value of the unit when disposed of and less interest at the rate of six percent per annum on that amount from the date of disposition. A tender of reconveyance may be made at any time before the entry of judgment.

Subd. 3. An action shall not be commenced pursuant to this section later than three years from the date of disposition by the developer or the developer's agent.

Subd. 4. (a) Any person violating any provisions of section 46 or subdivision 1 of this section may be fined not more than \$5,000 or imprisoned not more than five years or both. Each of the acts specified shall constitute a separate offense and a prosecution or conviction for any one of such offenses shall not bar prosecution or conviction for any other offense.

(b) Any violation of sections 1 to 64 and any failure to comply with any provisions of sections 1 to 64 not enumerated in paragraph (a) shall be a gross misdemeanor.

Subd. 5. Any person who fails to pay the filing or inspection fees required by sections 1 to 64 and continues to dispose of or offers to dispose of units in a multiple housing project is liable civilly in an action brought by the attorney general on behalf of the commissioner for a penalty in an amount equal to treble the unpaid fees.

Sec. 59. [RULES AND REGULATIONS.] *The commissioner may adopt rules and regulations to implement the provisions of sections 1 to 64. The rules may include but shall not be limited to:*

(a) *Provisions for advertising standards to assure full and fair disclosure;*

(b) *Provisions requiring instruments to be executed in recordable form and as otherwise provided for by law;*

(c) *Provisions for the public offering statement to assure full and fair disclosure.*

Sec. 60. [ADMINISTRATIVE FILES.] *Subdivision 1. A document is filed when it is received by the commissioner.*

Subd. 2. All information contained in or filed with any registration statement, application, or report shall be a matter of public record and shall be made available to the public, except for reports of sales made pursuant to section 55, subdivision 1, clause (f).

Subd. 3. Upon request and at such reasonable charges as he prescribes, the commissioner shall furnish to any person photostatic or other copies (certified if requested) of any document which is a matter of public record. In any proceeding or prosecution under sections 1 to 64, any copy so certified is prima facie evidence of the contents of the document so certified.

Subd. 4. The commissioner may, upon request and upon payment of the sum of \$20, grant a request for a written advisory opinion concerning the availability of any exemption in section 45, or interpreting any provisions of sections 1 to 64.

Sec. 61. [SERVICE OF PROCESS.] *Subdivision 1. In addition to the methods of service provided for in any other provisions of law, service may be made by delivering a copy of the process to the office of the commissioner if the plaintiff, which may be the commissioner in a proceeding instituted by him, does both of the following:*

(a) *Sends a copy of the process and of the pleading or order by certified mail to the defendant or respondent at his last known address;*

(b) *Files with the court an affidavit of compliance with this section at the time of the filing of the complaint or other pleading or order.*

Subd. 2. If any person, including any nonresident of this state, engages in conduct prohibited by sections 1 to 64 or any

rule or order hereunder and has not filed a consent to service of process and personal jurisdiction over him cannot otherwise be obtained the conduct authorizes the commissioner to receive service of process in any civil proceedings against him or his successor which grows out of the conduct and which is brought under sections 1 to 64 or any rule or order hereunder, with the same force and validity as if served on him personally. Notice shall be given as provided in subdivision 1.

Sec. 62. [SCOPE OF SECTIONS 1 TO 64]. *Subdivision 1. The provisions of sections 1 to 64 concerning offers and disposition of units apply when an offer or disposition is made in this state.*

Subd. 2. For the purpose of sections 1 to 64, an offer or disposition is made in this state, whether or not either party is then present in this state, when the multiple housing project is located in this state.

Notwithstanding any provision of sections 1 to 64 to the contrary, sections 1 to 64 do not apply to nor invalidate the lien of a mortgagee when the said lien attaches to a unit pledged as security in a loan transaction consummated directly between the mortgagee and purchaser.

Sec. 63. [STATUTE OF LIMITATIONS.] *Except as provided for in section 58, subdivision 3, the statute of limitations shall not begin to run with respect to any civil or criminal cause of action arising out of the disposition of a unit in violation of sections 1 to 64 until a conveyance describing such unit is recorded with the appropriate recording authority. This section does not prohibit the maintenance of any action before the recording of such conveyance.*

Sec. 64. [EXISTING CONDOMINIA NOT EFFECTED.] *Subdivision 1. Prior law exclusively governs all suits, actions, or proceedings which are pending or may be initiated on the basis of or circumstances occurring before January 1, 1976.*

Subd. 2. Sections 1 to 64 do not apply to condominiums, nor to the offers of sale of condominium units, where a building permit has been obtained from the appropriate unit of local government, city or county, prior to November 1, 1975 and construction authorized by the building permit has commenced prior to January 1, 1976.

Subd. 3. Sections 1 to 64 do not apply to the offer or sale of multiple housing projects or units therein prior to January 1, 1976.

Sec. 65. Minnesota Statutes 1974, Section 83.26, Subdivision 1, is amended to read:

83.26 [EXEMPTIONS.] *Subdivision 1. Unless the method of disposition is adopted for the purpose of evasion of sections*

83.20 to 83.42, sections 83.20 to 83.42 do not apply to offers or dispositions of interests in land:

(a) By a purchaser of subdivided lands for his own account in a single or isolated transaction;

(b) To any person who acquires such land for the purpose of engaging in and who does use such land to engage in the business of constructing residential, commercial or industrial buildings thereon for the purpose of resale or constructing commercial or industrial buildings for his own use;

The commissioner may, by written rule or order, suspend, wholly revoke, or further condition this exemption, or may require, prior to the first disposition of subdivided lands, such further information with respect thereto as may be necessary for the protection of purchasers consistent with the provisions hereof;

(h) If the land is used or to be used in connection with a multiple housing project registered pursuant to this act. The commissioner may, by written rule or order, suspend, wholly revoke, or further condition this exemption, or may require, prior to the first disposition of subdivided lands, such further information with respect thereto as may be necessary for the protection of purchasers consistent with the provisions hereof.

Sec. 66. [REPEALER.] *Minnesota Statutes 1974, Chapter 515, is repealed.*

Sec. 67. [EFFECTIVE DATE.] *All provisions of sections 1 to 65, with the exception of section 59, shall take effect on January 1, 1976. "Sec. 2. Minnesota Statutes 1974, Section 290.01, Subdivision 20, is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source.

For each of the taxable years beginning after December 31, 1960 and prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

For each of the taxable years beginning after December 31, 1970, the term "gross income" in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through the date specified herein for the applicable taxable year, with the modifications specified in this section.

(i) The Internal Revenue Code of 1954, as amended through December 31, 1970, shall be in effect for taxable years beginning after December 31, 1970 and prior to January 1, 1973.

(ii) The Internal Revenue Code of 1954, as amended through December 31, 1972, shall be in effect for taxable years beginning after December 31, 1972.

(iii) The Internal Revenue Code of 1954, as amended through December 31, 1973, shall be in effect for taxable years beginning after December 31, 1973.

References to the Internal Revenue Code of 1954 in clauses (a), (b) and (c) following shall mean the code in effect for the purpose of defining gross income for the applicable taxable year.

(a) Modifications increasing federal adjusted gross income. There shall be added to federal adjusted gross income:

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under chapter 290, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) Losses which do not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses, and including any such nonassignable losses which occur prior to the time the individual becomes a resident of the state of Minnesota;

(7) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(8) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(9) In the case of property disposed of on or after January 1, 1973, the amount of any increase in the taxpayer's federal tax liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1972, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1972, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (9) or under section 290.09, subdivision 24; (AND)

(10) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29(.);

(11) *Expenses and depreciation attributable to substandard buildings disallowed by section 1 of this act; and*

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain. *This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 1 of this act;*

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Income which does not arise from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20;

(5) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(6) If included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(7) The amount of any pension or benefit which is excluded from gross income under the provisions of section 290.08, subdivision 6; and

(8) The amount of compensation for personal services in the armed forces of the United States or the United Nations which is excluded from gross income under the provisions of section 290.65; and

(9) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1972.

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954,

but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1 (2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the man-

ner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642 (g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commission.

Sec. 3. Minnesota Statutes 1974, Section 290.12, Subdivision 2, is amended to read:

Subd. 2. [ADJUSTMENTS.] In computing the amount of gain or loss under subdivision 1 proper adjustment shall be made for any expenditure, receipt, loss, or other item properly chargeable to capital account by the taxpayer during his ownership thereof, and for the gain or any part thereof realized from the sale, exchange or involuntary conversion of a residence where, by reason of the provisions of section 290.13, such gain or any part thereof is not recognized. The basis shall be diminished by the amount of the deductions for exhaustion, wear and tear, obsolescence, amortization, depletion, and the allowance for amortization of bond premium if an election to amortize was made in accordance with section 290.09, subdivision 13, which could, during the period of his ownership thereof, have been deducted by the taxpayer under this chapter in respect of such property. *The basis shall also be diminished by the amount of depreciation relating to a substandard building disallowed by section 1 of this act.* In addition, if the property was acquired before January 1, 1933, the basis, if other than the fair market value as of such date, shall be diminished by the amount of exhaustion, wear and tear, obsolescence, amortization, or depletion actually sustained before such date. In respect of any period since December 31, 1932, during which property was held by a person or an organization not subject to income taxation under this act, proper adjustment shall be made for exhaustion, wear and tear, obsolescence, amortization, and depletion of such property to the extent sustained. For the purpose of determining the amount of these adjustments the taxpayer who sells or otherwise disposes of property acquired by gift shall be treated as the owner thereof from the time it was acquired by the last preceding owner who did not acquire it by gift, and the taxpayer who sells or otherwise disposes of property acquired by gift through an inter vivos transfer in trust shall be treated as the owner from the time it was acquired by the grantor. The adjustments in case of a sale or other disposition of property received in a transaction of the kind specified in section 290.13, subdivision 1, and in the case of a transaction referred to in section 290.14, clause (6), shall

include those which the taxpayer should have been required to make were he selling or otherwise disposing of the property exchanged, or sold, in any such transaction.

No adjustment shall be made:

(1) for taxes or other carrying charges described in section 290.10 (10), or

(2) for expenditures described in section 290.09, subdivision 16 (relating to circulation expenditures), for which deductions have been taken by the taxpayer in determining taxable income for the taxable year or prior years.”

Strike everything after the enacting clause and insert the following:

Sec. 1. Minnesota Statutes 1974, Section 205.10 is amended to read:

205.10 [SPECIAL CITY ELECTIONS.] *Subdivision 1.* The council of any *home rule charter city*, however organized, may, by ordinance or resolution, elect to hold special elections for any purpose, and when held they shall be conducted and the returns made in the manner provided for the regular municipal election; except that this section is not applicable to any city the charter of which specifically prohibits or limits the holding of special elections.

Subd. 2. Special elections in any statutory city may be ordered by the city council upon its own motion, or on a question that has not been submitted to the voters in an election within six months previously, upon a petition signed by a number of voters equal to 20 percent of the votes cast at the last regular city election. At least ten days' posted notice and two weeks' published notice of the election shall be given to the clerk, clearly stating the questions to be determined. No question so submitted shall be deemed carried without such a majority in its favor as may be required by law in the particular instance. In case of a tie the proposal shall be deemed to have failed. The election officials for any special election shall be the same as the last preceding regular city election unless changed according to law. Otherwise the election shall be held in the same manner provided for regular city elections.

Sec. 2. Minnesota Statutes 1974, Section 205.11, Subdivision 1, is amended to read:

205.11. [CITY PRIMARY ELECTIONS.] *Subdivision 1. [RESOLUTION OR ORDINANCE.]* The council of any city (OF THE SECOND, THIRD, OR FOURTH CLASS,) however organized, may, by ordinance or resolution adopted at least six weeks before the time of holding the next regular municipal election, elect to choose nominees for city officers by a primary election system as provided in this section, except that this section is not applicable to any city the charter of which specifically prohibits or provides for a city primary election. The resolution or ordinance, when adopted, shall be effective for all ensuing municipal elections until revoked.

Sec. 3. Minnesota Statutes 1974, Section 205.13, is amended to read:

205.13. [CITY ELECTION; CANDIDATES FILING.] *Subdivision 1.*

Unless a city holds a primary election for nominating candidates for the municipal election, not more than six nor less than four weeks before the municipal election any person eligible and desiring to have his name placed on the official ballot as a candidate for an office to be voted for at the election shall file his affidavit of candidacy with the city clerk. The affidavit shall be substantially the same form as required of candidates for state offices. Upon payment of the proper filing fee to the clerk, the clerk shall place the name of the candidate on the official ballot without partisan designation. Unless a candidate has filed an affidavit of candidacy and paid a filing fee, his name may not be placed upon the official ballot for the municipal election.

Subd. 2. [Municipal elections, candidates, time for withdrawal.] In any municipality candidates for municipal elective offices may withdraw from the election by filing an affidavit of withdrawal with the clerk of the municipality until 12 o'clock noon of the day after the last day for filing affidavits of candidacy; and thereafter no candidate may file an affidavit of withdrawal.

Sec. 4. Minnesota Statutes 1974, Section 205.20, is amended to read:

205.20 [UNIFORM MUNICIPAL ELECTION DAY.] Subdivision 1. [DEFINITION.] For the purposes of this section, the term municipality means a city, however organized.

Subd. 2. [UNIFORM MUNICIPAL ELECTION DAY ESTABLISHED.] There is hereby established a uniform municipal election day. The uniform municipal election day shall be the first Tuesday after the first Monday in November in *either* odd numbered *or even numbered* years. Municipal officials elected on that date shall take office on the first business day of January next succeeding their election for such term as is provided by law or as is hereinafter provided. The governing body of a municipality may designate a date for the primary election not less than 14 days before the municipal election day.

Subd. 3. [ADOPTION.] Notwithstanding any provision of law or municipal charter to the contrary, and subject to the provisions of this section, the governing body of a municipality (MAY) shall by ordinance adopt the uniform municipal election day as its municipal election day.

Subd. 4. [MODIFICATION OF TERMS OF OFFICE.] (IF THE UNIFORM MUNICIPAL ELECTION DAY IS ADOPTED,) The terms of all incumbents at the time of adoption of the ordinance holding offices filled by municipal election whose terms end at a different date are hereby extended to the first business day in January of the (EVEN NUMBERED) year first following the date the term would otherwise expire, unless this extension would be longer than 13 months. If the

extension would be longer than 13 months, the terms of such incumbents are hereby shortened so as to end on the first business day in January of the (EVEN NUMBERED) year first preceding the date the term would otherwise expire.

Notwithstanding any provision of law or municipal charter to the contrary, the governing body of a municipality adopting the uniform municipal election day shall in the adopting ordinance designate a new term for each office to be filled where the term for such office at the time of the ordinance is an odd number of years. Such new terms shall be an even number of years and for no more than one year longer than the term in effect at the time of the adoption of the ordinance. At the time of any election, the governing body may also provide that one or more members of any multi-member body shall be elected for a shorter term than is otherwise provided, if and in the manner necessary to achieve staggered terms on such multi-member bodies so that, to the extent mathematically possible, the same number of members is thereafter chosen at each election, exclusive of those chosen to fill vacancies for unexpired terms. (IF A STATUTORY CITY ADOPTS THE UNIFORM MUNICIPAL ELECTION DAY, IT MAY IN THE ADOPTING RESOLUTION PROVIDE THAT THE TERMS OF THE MAYOR AND COUNCIL MEMBERS ARE THEREAFTER FOUR YEARS.)

Subd. 5. The governing body of any statutory city may, by ordinance passed at a regular meeting held before April 1 of any year, elect to hold the election on the first Tuesday after the first Monday in November in each odd-numbered year. Any city which is a village on January 1, 1974 and has before that date provided for a system of biennial elections in the odd-numbered year shall continue to hold its elections in that year until changed in accordance with this section. When a city changes its elections from one year to another, and does not provide otherwise by ordinance, the term of any incumbent expiring at a time when no city election is held in the months immediately prior thereto is extended until the date for taking office following the next scheduled city election. If such change results in having three councilmen to be elected at a succeeding election, the two persons receiving the highest vote shall serve for terms of four years and the person receiving the third highest number of votes shall serve for a term of two years. To the extent necessary to provide for an orderly transition to the odd or even year election plan, the council may adopt supplementary ordinances regulating initial elections, officers to be chosen at such elections, and shortening or lengthening the terms of incumbents and those so elected so as to conform as soon as possible to the regular schedule provided in section 412.02, subdivision 1. Whenever the time for holding the city election is changed, the city clerk immediately shall notify in writing the county auditor and secretary of state of the change of date; and thereafter the regular city election shall be held on the first Tuesday after the first Monday in November in each odd-numbered or even-numbered year until the ordinance is revoked and similar notification is made.

Subd. (5) 6. [EFFECT OF ORDINANCE; REFERENDUM.] An ordinance adopting the uniform municipal election day shall not become effective until 90 days after passage and publication or at such later date as is fixed in the ordinance. (WITHIN 60 DAYS AFTER PASSAGE AND PUBLICATION OF SUCH AN ORDINANCE, A PETITION REQUESTING A REFERENDUM ON THE ORDINANCE MAY BE FILED WITH THE MUNICIPAL CLERK. THE PETITION SHALL BE SIGNED BY QUALIFIED VOTERS EQUAL IN NUMBER TO FIVE PERCENT OF THE TOTAL NUMBER OF VOTES CAST IN THE MUNICIPALITY AT THE LAST STATE GENERAL ELECTION. IF THE MUNICIPALITY HAS A SYSTEM OF PERMANENT REGISTRATION OF VOTERS, ONLY REGISTERED VOTERS ARE ELIGIBLE TO SIGN THE PETITION. IF THE REQUISITE PETITION IS FILED WITHIN THE PRESCRIBED PERIOD, THE ORDINANCE SHALL NOT BECOME EFFECTIVE UNTIL IT IS APPROVED BY A MAJORITY OF 55 PERCENT OF VOTERS VOTING ON THE QUESTION AT A GENERAL OR SPECIAL ELECTION HELD AT LEAST 60 DAYS AFTER SUBMISSION OF THE PETITION. IF THE PETITION IS FILED, THE GOVERNING BODY MAY RECONSIDER ITS ACTION IN ADOPTING THE ORDINANCE.) *But in all cases the uniform municipal election day shall be in effect for all municipal elections in 1977.*

Sec. 5. *Minnesota Statutes 1974, Sections 205.03, 205.04, 205.05, 205.06, 205.07, 205.08, 205.09, 205.091, 205.12, 205.18, and 205.19 are repealed.*

This program shall include the disbursement of funds hereinafter described for the construction of such facilities, the creation of guidelines designed to assure that such funds will be disbursed in accord with the purposes of this act, the continued surveillance of the effectiveness of constructed facilities in cooperation with other related state agencies, and such other duties of administration as may be necessary to accomplish the purposes of this act.

Sec. 3. A Lake Superior water filtration and purification fund is created as a separate bookkeeping account in the general books of account of the state, to record receipts of the proceeds of monies appropriated to the fund, and disbursements of money appropriated from the fund to municipalities for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed for the prevention, control and abatement of water pollution in accordance with the declaration of purpose contained in section 1 of this act. (a) Human Services Board—The county board of a county with a human services board organized pursuant to Minnesota Statutes, Chapter 402, or Laws 1974, Chapter 293, may assign the responsibilities and duties of this act to the human services board.

(b) County Board or City Council—A city council, a county board or a combination of city councils or county boards, until a human services board is established and functioning for the county or counties, may assume the responsibilities of the health board pursuant to this act.

(c) Board of Health—In the absence of and until the creation of a human services board the county board or the city council may assign the responsibilities and duties of a board of health under this act to the board of health of said city, county, or combination of cities or counties organized under Minnesota Statutes, Sections 145.01, 145.47 to 145.55, or Laws 1969, Chapter 235.

(d) Board of Health—In the absence of an existing board of health organized under Minnesota Statutes, Sections 145.47 to 145.55, and in the absence of a human services board organized and functioning pursuant to Minnesota Statutes, Chapter 402, the county board or city council may organize a board of health and assign the responsibilities and duties of a board of health under this act to such board of health. The board of health for a single county or city shall consist of five members appointed by the board of county commissioners or the city council. When two or more counties or cities combine to form a board of health, each county board or city council shall appoint two members to the board of health, except that the county board, or city council of the city, having the largest population shall appoint three such members. At least two members of the board of health shall be providers of health services. The remaining members shall be laymen representative of the people in the community and shall include at least one person who is not a member of the county board of commissioners. Continuity of membership shall be assured by having approximately one third of the members terms expire each year. First appointments may be for less than three years, thereafter all terms shall be three years. No member shall serve more than three consecutive terms. The board shall elect a chairman and a vice chairman with terms of one year.

Subd. 2. [GENERAL DUTIES.] The board shall have general authority and responsibility for the development and maintenance of an integrated system of community health services.

Subd. 3. [EMPLOYEES.] The board may employ administrators, officers, employees, and agents as necessary to carry out the provisions of this act. Employees of the local board of health shall be subject to personnel administration rules adopted by the county board or boards or the city council or councils unless by law the employees or a class of employees shall be within the scope of a state wide personnel administration system. All persons employed by a county, city or the state, whose functions and duties are assumed by the board, shall become employees of the board without loss in benefits, salaries or rights.

Subd. 4. [POWERS.] In addition to any other powers assigned to a local board of health by sections 1 to 9, the local board of health shall possess all the powers and duties now assigned by law to local boards of health pursuant to Minnesota Statutes, Section 145.01, and to public health nursing and home health services agencies pursuant to Minnesota Statutes, Sections 145.08 to 145.125. Not later than 365 days after the approval of the community health services plan by the state board of health, any county or city board, committee or commission having authorities or duties in any area designated in sections 1 to 9 other than the local board of health designated and acting pursuant to sections 1 to 9, shall cease its operation and no per diem or reimbursement of expenses shall be paid to any member of the board, committee or commission. This subdivision shall not remove or otherwise change the powers and duties of any city or cities eligible for the subsidy under the provisions of section 5 of this act.

Subd. 5. The board of health by any lawful means, including gift, purchase, lease, or transfer of custodial control, may acquire and hold in the name of the county or counties, or the city or cities, the lands, buildings, and equipment necessary and incident to the accomplishment of the purposes of this act and accept gifts, grants, and subsidies from any lawful source, apply for and accept state and federal funds, request and accept local tax funds, establish and collect reasonable fees for community health services provided.

Subd. 6. The board may contract for services from private firms, nonprofit corporations, primary and secondary schools, state and local governmental agencies, or other community agencies to avoid unnecessary duplication of services and realize cost advantages. The contracts shall be employed to improve efficiency and the quality and effectiveness of services. The board shall coordinate local, state, and federal services and funding for community health services.

Subd. 7. The board shall coordinate community health services with the delivery of personal health services, institutional health services, and related human services in the community; ensure responsible medical consultation and direction by employing a public health physician or by contracting with a local practicing physician; and coordinate community health services with health related environmental control services in the community.

Subd. 8. The board shall evaluate the effectiveness and efficiency of community health service systems and programs and prepare the annual community health services plan and budget, as provided in section 8.

Subd. 9. The board shall identify community health needs and set priorities among the needs for the broad range of community health services including the health needs of minorities and nonresidents, including tourists and migrants, and ensure that services are accessible to all persons on the basis of need

and that no one is denied service because of race, color, sex, age, language, religion, nationality, economic status, political persuasion or place of residence.

Subd. 10. The board shall recommend appropriate local legislation pertaining to community health services to the county board or city council and shall advise the state board of health on matters relating to public health that require assistance from the state, or that may be of more than local interest.

Subd. 11. The board shall publish for distribution an annual report of the activities of the board.

Subd. 12. When the local board of health determines that there is an acute shortage of medical or other health manpower, or that there is a significant problem in providing access to health care in the area, the board shall address itself to the resolution of those problems. The solution may involve providing assistance to recruit medical or other health personnel to the area, or the development of suitable linkages between area medical and allied health personnel that will make more effective use of existing private, nonprofit and community resources and extend health care services into the community.

Subd. 13. [LOCAL COMMUNITY HEALTH SERVICES ADVISORY COMMITTEE.] The county board or boards or the city council or councils shall establish a local community health services advisory committee to advise, consult with, and make recommendations to the board of health on matters relating to the development, maintenance, funding and evaluation of community health services. The committee shall consist of not less than nine members and no more than 21 members, all appointed by the county board or boards or the city council or councils. The membership of the local community health services advisory committee shall be as follows: one third shall be local elected officials; one third shall be providers of health services including at least one physician, one registered nurse, and one dentist; and one third shall be consumers selected to represent consumers' organizations or constituencies within the community. Continuity of membership shall be assured by having an approximately equal number of terms expire each year. First appointments may be for less than two years, thereafter all terms shall be two years and no member shall serve more than three consecutive terms. Members may receive a per diem and be reimbursed for travel and other necessary expenses while engaged in their official duties, the same as county welfare board members as provided in Minnesota Statutes, Section 393.03, or as set by the city council for a committee advisory to a city board of health. The committee shall elect officers including a chairman and vice chairman with terms of one year. The committee shall meet at least six times a year and at the call of the chairman or a majority of the members.

Subd. 14. [DUTIES OF COUNTY BOARD.] A board of commissioners of any county having a county board of health organized under this act may by ordinance adopt and enforce reasonable regulations related to the implementation and administration of sections 1 to 9.

Subd. 15. The state board of health and any county or group of counties organized under the provisions of sections 1 to 9 may enter into an agreement as prescribed in Minnesota Statutes, Section 145.55, to perform all or part of the licensing, inspection, and enforcement duties authorized under the provisions of Minnesota Statutes, Sections 144.075 and 144.12, and Chapter 157.

Sec. 4. [BUDGET; FUNDS.] Subdivision 1. On or before July 1 of each year the local board of health, if other than the county board, or the joint board of two or more county boards, or the city council or councils, shall submit to the county board or boards or the city council or councils an estimate of the amount needed by the local board of health to perform its duties including costs of administration for the ensuing year with its plan or proposed budget which shall set forth the expected source and amounts of funds which are expected to be available to the board of health and its proposed plan of expenditures to perform its duties and responsibilities. The board or boards of county commissioners or the city council or councils shall consider the estimates of income and the plan for expenditures and as the estimates and plan are approved or approved as modified, shall levy a tax as provided by law for the purposes.

If two or more counties or cities have agreed as provided in Minnesota Statutes, Section 471.59, to a joint or multi-county or multi-city activity, the county boards or city councils party to the agreement shall determine the proportional financial responsibility of each county or city to support the programs and services of the board if the agreement had not provided for the division of costs or other arrangements pursuant to the agreement.

Sec. 5. [ELIGIBILITY; WITHDRAWAL.] Subdivision 1. [ELIGIBILITY OF COUNTIES.] A county or two or more contiguous counties combined under the provisions of Minnesota Statutes, Section 471.59, shall be eligible for the community health services subsidy provided in section 9 under the following conditions:

(a) There shall be an aggregate population of 30,000 or more persons in the county or multi-county area situated within a region designated pursuant to Minnesota Statutes, Sections 462.381 to 462.396, or Chapter 473B. However, when three or more counties combine for the purposes of this act, the 30,000 minimum population shall not be required. When two or more counties combine for the purposes of this act, the state board of health with the approval of the regional development commissions directly

involved, may waive the requirements that all counties be within a single development region, provided, however, that if a single county has received an exemption for formation of a human services board pursuant to Minnesota Statutes, Section 402.01, population base of 30,000 is waived and such county shall be eligible for participation in this act;

(b) There shall be a local board of health organized under the provisions of section 3;

(c) There shall be substantial compliance with the requirements of the state board of health established under the provisions of section 6;

(d) There shall be local matching funds provided to help support the community health services as provided in section 9;

(e) The plan developed under the provisions of section 8 shall be approved by both the county board and the state board of health.

Failure of a county or group of counties to elect to come within the provisions of sections 1 to 9 shall not affect their eligibility for any other state subsidy.

Subd. 2. [ELIGIBILITY OF CITIES.] A city, or two or more contiguous cities combined under the provisions of Minnesota Statutes, Section 471.59, shall be eligible for a proportional share of the subsidy provided in section 9 for the county under the following conditions:

(a) There shall be an aggregate population of 65,000 or more persons in a city or multi-city area situated within a county having a population of 300,000 or more persons;

(b) There is a local board of health organized under the provisions of section 3;

(c) There is substantial compliance with the requirements established by the state board of health under the provisions of section 6;

(d) There are local matching funds provided to help support the community health services as provided in section 9;

(e) The plan developed under the provisions of section 8 shall be consistent with the plan developed by the county and shall be approved by both the city council and the county board.

The city's proportionate share of the community health services subsidy shall be determined by calculating the proportion of total expenditures for community health services within the county that were expended by the city.

Subd. 3. [WITHDRAWAL.] Any participating county or city may, by resolution of its governing body, indicate its intention to withdraw from the subsidy program established by this act. Notification shall be given to the state board of health and to each county or city in any multi-county or multi-city combination, at least one year before the beginning of the fiscal year in which it takes effect. When two or more counties or cities have combined for the purposes of sections 1 to 9, the withdrawal provision shall not be applicable during the first two years following the adoption of the initial agreement to combine. The withdrawal of a county or city from a group of two or more counties or cities combined for the purposes of sections 1 to 9 shall not affect the eligibility for the community health services subsidy of the remaining counties or cities for at least one year following the withdrawal.

Sec. 6. [DUTIES OF THE STATE BOARD OF HEALTH.]
The board of health shall:

(a) Provide consultation and technical training to communities to assist them in the development and provision of services, encouraging multi-county configurations to ensure that a county will not be isolated geographically and thereby ineligible for the subsidy.

(b) Develop guidelines and recommended administrative procedures through a joint planning process with extensive representation from local health boards. Adoption of these guidelines and recommendations by the local board of health shall not be a prerequisite for plan approval.

(c) Promulgate regulations in accordance with Minnesota Statutes, Chapter 15, for the purpose of establishing standards for:

(1) Training, credentialing, and experience requirements for key personnel to ensure expertise in administration, planning, and in each service program included in the community health services plan;

(2) A uniform reporting system that will permit an assessment of the efficiency and effectiveness of service delivery programs; and

(3) A planning process that will ensure that the community health services plan will be developed with full community participation.

(d) Review and act on the community health services plan and any proposed revision within 60 days after receiving the plan or revision. The board may approve the plan as written, reject the plan, or refer the plan back to the applicant with comments

and instructions for further consideration. A failure to act within the specified time shall constitute approval of the plan.

(e) Provide application forms and instructions for preparation and submission of applications for the community health services subsidy, in accordance with the provisions of section 8.

Sec. 7. [COMMUNITY HEALTH SERVICES ADVISORY COMMITTEE.] An advisory committee is established to advise, consult with, and make recommendations to the state board of health on matters relating to the development, maintenance, funding and evaluation of community health services. Each local board of health meeting the eligibility requirements of section 5 of this act may appoint a member to serve on the committee. The terms shall be two years and no member shall serve more than three consecutive terms. Continuity of membership shall be assured by having an approximately equal number of terms expire each year. Members may receive a per diem and shall be reimbursed for travel and other necessary expenses while engaged in their official duties. The committee shall meet at least quarterly and special meetings may be called by the chairman or a majority of the members.

Sec. 8. [COMMUNITY HEALTH SERVICES PLAN.] Subdivision 1. [PLAN CONTENT.] The community health services plan shall be a written plan for the development, implementation, coordination, and operation of community health services that meet the priority needs of the community. Financial constraints and differing priorities may result in variations in levels of effort for different services. The plan shall include the following:

(a) A description of the process used to ensure full community participation in the preparation of the plan;

(b) An explanation of the extent to which the board's planning and service delivery systems have been integrated with the delivery of personal health services, institutional health services, health related environmental programs and services, and with related human services in the community. The plan shall include a statement of the priority needs of the community and an inventory of existing health related services in the community;

(c) Descriptions of each service program including each of the following: Community nursing services, home health services, disease prevention and control services including immunization, emergency medical services, health education, and environmental health services;

(d) The projected amount and sources of funding for carrying out the plan;

(e) A report and evaluation of the two preceding years community health service programs.

Subd. 2. [PLAN SUBMISSION.] The application for a community health services subsidy and the plan and any proposed revisions of the plan shall be submitted to the appropriate regional development commission or to the metropolitan council and to the state board of health. The regional development commission or the metropolitan council shall review the plan to determine conformance with regional plans developed by the health systems agency under the provisions of National Health Planning and Resource Development Act of 1974, and submit their findings and other comments and recommendations to the state board of health within 40 days after receiving the plan.

Sec. 9. [COMMUNITY HEALTH SERVICES SUBSIDY.]
Subdivision 1. [PAYMENT.] When a city, county, or group of cities or counties meets the eligibility requirements prescribed in section 5, the state board of health shall pay the amount of subsidy to which the county is eligible in accordance with applicable rules and regulations from the funds appropriated for the purpose. The state board of health may make an advancement of funds on a quarterly basis.

Subd. 2. [FORMULA.] To determine the amount to be paid participating counties, the board of health shall apply the following formula using the most current data available:

(a) All counties will be ranked in accordance with a formula involving three factors:

- (1) Per capita income;
- (2) Per capita taxable value, and;

(3) Per capita local expenditure per 1,000 population for community health services.

(b) Each county is then ranked as follows:

(1) On the basis of per capita income the ranking is from the lowest to the highest;

(2) Per capita taxable value is ranked from lowest to highest;

(3) Per capita expenditure is ranked from highest to lowest.

(c) The ranking given each county on each of the foregoing three factors is then totaled and the counties ranked in numerical order according to score.

(d) The total score for each county thus determined is then divided into a median total score. The quotient thus obtained is then multiplied by \$2.25 times the county population. The resulting product is the amount of subsidy to which the county is eligible under this formula, provided that no city or county shall receive less than \$1.75 or more than \$2.75 per capita, provided that such computation shall not include additional subsidies granted pursuant to subdivision 4 or subdivision 5 of this section.

Subd. 3. [LOCAL MATCH.] The amount of local matching funds required to receive the full subsidy shall be determined by multiplying the city or county population by \$4.50 and subtracting the community health services subsidy allocated under the provisions of this section. The local matching funds may include local tax levys, gifts, fees for services and revenues from contracts. When the amount of local matching funds is less than the amount specified, the state formula subsidy shall be reduced proportionally. When a participating county fails to expend the full amount of the subsidy to which it would be entitled in any one year under the provisions of this act, the board of health may, at its discretion, retain the surplus, subject to disbursement in the following year to the county if it can demonstrate a need for and ability to expend the surplus for the purposes provided in section 8.

Subd. 4. [PAYMENT.] A county or group of counties with an aggregate population of 50,000 or more persons which meet the eligibility requirements of section 5 shall be entitled to an additional annual payment of \$.25 per capita.

Each county that combines with another county or counties for the purposes of sections 1 to 9 shall be entitled to an additional annual payment of \$5,000.

Subd. 5. [PLANNING GRANTS.] The board of health may provide grants to any county or group of counties showing intent to come within the provisions of sections 1 to 9 for the purpose of planning for the development, implementation, and operation of community health services. No single county shall receive more than \$25,000 to conduct the planning. The board of health shall specify the terms and conditions of grants.

Sec. 10. [CONTINUING APPROPRIATION.] Funds appropriated to the board of health that are unexpended and unencumbered at the end of the fiscal year may be spent for the purposes of this act in the next fiscal year. The board shall certify the amount it deems useful for the purposes of this act from the funds available. The amount certified is annually appropriated for the purposes of this act. The board shall notify the committees on finance of the senate and appropriations of the house of representatives of the amount to be certified.

Sec. 11. [APPROPRIATION.] Subdivision 1. The sum of \$ _____ is appropriated from the general fund to the state

board of health for the biennium ending June 30, 1977 for the purposes specified in section 9.

Subd. 2. The sum of \$100,000 is appropriated from the general fund to the board of health for each year of the biennium ending June 30, 1977 for the purpose of administering section 6.

(c) That criminal sexual conduct is a crime easily charged by a victim but very difficult to disprove by a defendant because of the heinous nature of the crime; or

Subd. 2. "Commissioner" means the commissioner of corrections.

Subd. 3. "Agency" means the public or private agency with which the commissioner of corrections has contracted to provide services for the study, assessment and treatment of antisocial sexual behavior, or the public or private agency with which the commissioner has contracted to evaluate, review or monitor department of corrections programs related to the study, assessment, and treatment of antisocial sexual behavior.

Subd. 4. "Assessment" means a complete, physical, behavioral, psychiatric and social examination.

Subd. 5. "Study" means conducting research to determine the nature and cause of antisocial sexual behavior and to determine the most effective means of providing treatment for antisocial sexual behavior.

Sec. 2. Subdivision 1. The commissioner of corrections shall provide programs for the study, assessment and treatment of antisocial sexual behavior. To fulfill this duty, the commissioner may contract with public or private agencies to provide services for the study, assessment, and treatment of antisocial sexual behavior, or he may provide the services through the department of corrections. If the commissioner contracts with an agency to provide these services, the agency shall submit to the commissioner, prior to approval of the contract, a plan specifying the services to be provided by the agency, the proper allocation of agency and department of corrections duties with respect to persons participating in the treatment programs to be provided, the

costs of providing these services, and the method of research to be used in studying the causes and treatment of antisocial sexual behavior.

Subd. 2. The commissioner shall provide for the evaluation of programs established pursuant to this act. If the commissioner contracts with an agency for the provision of study, assessment and treatment services under this act, he shall evaluate, review and monitor all agency programs. If the commissioner does not contract with an agency to provide study, assessment and treatment services, he shall contract with a public or private agency to evaluate, review, and monitor department of corrections programs developed and implemented by the commissioner to fulfill his duties under this act.

Subd. 3. The commissioner or the agency, whichever conducts the evaluation required by subdivision 2 of this section, shall prepare a plan specifying the review, evaluation, and monitoring services to be provided and the costs of providing the services. The commissioner or the agency shall:

(a) Conduct evaluations to determine the effectiveness of study, assessment, and treatment programs; and

(b) Review and monitor study, assessment, and treatment programs to insure that they are conducted in the proper legal and ethical manner; and

(c) Report during each legislative session to the legislative standing committees having jurisdiction over the subject matter concerning the evaluations made as required by clauses (a) and (b) of this subdivision; and

(d) Issue any reports or other statements as the commissioner or the agency administrator deems necessary to discharge the duties required by this act.

Subd. 4. During the development and implementation of programs required by this act, the commissioner shall consult with the chairmen of the legislative standing committees having jurisdiction over the subject matter. The commissioner shall also report to the legislature during the 1976 legislative session and each session thereafter concerning the development and implementation of the programs required by this act.

Any individual so transferred shall remain in the control of the commissioner of corrections until the individual revokes consent to treatment pursuant to section 4, subdivision 3, or until the commissioner terminates the individual's participation in a treatment program pursuant to section 4, subdivision 3, or until the individual has completed his treatment program to the satisfaction of the commissioner of corrections, whereupon he shall be returned to the control of the commissioner of public welfare for appropriate disposition. During the term of any individual's participation in a program developed under this act, the cost of his maintenance, care, and treatment shall be paid by the commissioner of corrections. The commissioner of public welfare shall allow the staff conducting assessments of persons in preparation for the selection of participants for these programs access to those persons under his custody whom the assessing staff chooses to interview and assess.

Sec. 4. [CONSENT TO RECEIVE TREATMENT.] Subdivision 1. No person shall be required to participate in any study, assessment, or treatment program established under this act unless he, and in the case of a juvenile his parents also, gives written consent. Prior to requesting any consent for these purposes, the staff charged with providing study, assessment and treatment programs shall inform the person, and in the case of a juvenile his parents also, in detail of the nature and expected results of the treatment. During discussions with this staff, the person shall be entitled to the presence and advice of any adult advisor he chooses. In the case of a juvenile, his parents shall also be entitled to be present during any of the discussions.

In developing a treatment program for individual persons, the treatment staff shall make efforts to develop an effective treatment plan that is acceptable to the person seeking treatment.

Subd. 2. Modifications of a treatment program, other than minor ones, may only be made with the consent of the individual under treatment, and, in the case of a juvenile, his parents must also give written consent to each modification. During any discussions between staff and the person under treatment concerning any proposed plan modifications, the person shall also be entitled to the presence and advice of an adult advisor of his choosing or his parents. In the case of a juvenile, his parents shall also be entitled to be present during any discussions of this nature.

Subd. 3. Any person who has given written consent to allow participation in treatment programs for antisocial sexual behavior established pursuant to this act may at any time revoke consent to participation in any or all treatment programs for

antisocial sexual behavior. If consent is revoked for participation in a treatment program, by the individual under treatment, he and the treatment staff shall attempt to agree upon a new or modified program. If the treatment staff and the individual fail to agree upon a new or modified program, the commissioner shall remove the individual from the treatment program and either return him to the jurisdiction from which received or return him to a state correctional institution.

Sec. 5. [CONVICTED PERSON'S PROGRESS REPORTED.] Immediately upon completion of a convicted person's participation in a treatment program for antisocial sexual behavior to the commissioner's satisfaction, the commissioner shall forward to the Minnesota corrections authority or the commissioner of public welfare, whichever is appropriate, an evaluation of the convicted person's progress in any such programs.

Sec. 6. Any person convicted or adjudicated as provided in section 3 may be granted probation upon condition that, if selected by the commissioner, he participate in the study, assessment and treatment programs provided by this act upon agreement of the responsible county to pay the costs thereof. Upon termination of his participation in the programs authorized by this act for any of the reasons provided in this act or for violation of any other term or condition of his probation, the probationer shall be returned to the proper court.

Strike everything after the enacting clause and insert the following:

"Section 1. [POLICY STATEMENT.] The legislature of the state of Minnesota finds that the use of bicycles as a means of travel and recreation embodying physical, environmental and social benefits is already recognized by many people in the state, and will be further encouraged given the opportunity for safe, convenient and pleasant bicycle travel. The legislature further finds that dependence on the private automobile must be reduced, particularly in the light of an energy shortage and encouragement of increased bicycle usage by the provision and maintenance of bikeways and with the addition of some traffic laws designed for the orderly integration of bicycles into traffic systems, is a way of reducing this dependence. However, the growth in popularity of the bicycle as a mode of transportation and as a recreational vehicle has led to an increase in the number of bicycle thefts. To more effectively deal with the problems associated with theft and to aid in the recovery of stolen bicycles, a statewide bicycle registration system is hereby created.

Sec. 2. [DEFINITIONS.] Subdivision 1. For purposes of sections 1 to 23 the terms defined in this section shall have the meanings given them.

Subd. 2. "Bicycle" means every device propelled by human power upon which a person may ride, having two tandem wheels either of which is over 14 inches in diameter, and including any device generally recognized as a bicycle though equipped with two front or rear wheels.

Subd. 3. "Bicycle dealer" means a person, firm, partnership, or corporation which is engaged, wholly or partly, in the business of selling bicycles, or buying or taking in trade bicycles for the purpose of resale, selling, or offering for sale, or otherwise dealing in bicycles, whether or not the bicycles are owned by the person or entity. The term does not include agents or employees of the person or entity.

Subd. 4. "Commissioner" means the commissioner of public safety.

Subd. 5. "License plate" means a tag, plate, seal or other device which can be permanently attached to a bicycle and is issued upon registration of the bicycle.

Sec. 3. On or after January 1, 1976 any owner of a bicycle may apply for registration of the bicycle to the commissioner,

to any deputy registrar of motor vehicles acting pursuant to Minnesota Statutes, Section 168.33 or to any deputy registrar of bicycles appointed by the commissioner pursuant to section 11. Applications shall contain the name and address of the owner, the signature of the owner, the name and address of the person from whom purchased, the date of purchase, the date of registration, the make, serial number, model number, and any additional information as the commissioner may require. Applications shall be on a three part form provided by the commissioner. The original shall be retained by or immediately forwarded to the commissioner, the second copy shall be retained by the purchaser and the third copy shall be retained for one year by the deputy registrar, if any, who received the application. The commissioner shall designate a number to be stamped or otherwise permanently affixed on the frames of bicycles on which no serial number can be found, or on which the number is illegible or insufficient for identification purposes.

Sec. 4. [REGISTRATION FEE.] The registration fee for bicycles shall be \$3. These fees shall be paid at the time of registration. All fees so collected shall be deposited in the general fund. Proof of purchase shall be required for registration. Bicycles lacking proof of purchase shall be registered if there is no evidence that such bicycle is stolen. However, the registration record shall be marked to indicate that no proof of purchase was provided. The registration of a bicycle shall be valid for a term of three calendar years.

Sec. 5. [REPORT OF TRANSFERS.] Every person who sells or transfers ownership of any bicycle registered pursuant to this act shall report the sale or transfer to the commissioner, indicating the name and address of the person to whom the bicycle was sold or transferred. The report shall be made within 14 days of the sale or transfer.

Sec. 6. [NOTIFICATION OF ADDRESS CHANGE.] Whenever the owner of a bicycle registered pursuant to this act moves or changes address, he shall notify the commissioner in writing of the new address within 14 days.

Sec. 7. [LICENSE PLATES.] The commissioner shall provide to the registrant a suitable registration card having the registration number stamped thereon and indicating the date of registration, the make, serial number, and model number of the bicycle, the owner's name and address, and any additional information as the commissioner may require. Information concerning each registration shall be retained by the commissioner. The commissioner shall issue a license plate which shall be permanently attached to the bicycle covered by the registration. Upon a satisfactory showing that the license plate or registration card has been lost or destroyed the commissioner shall issue a replacement license plate or registration card upon payment of a fee of \$1. All fees so collected shall be deposited to the general fund.

Sec. 8. [MUTILATION.] No person shall willfully remove, destroy, mutilate or otherwise alter the serial number of any bi-

cycle. No person shall willfully remove, destroy, mutilate, or otherwise alter any license plate during the time in which the license plate is operative. Any person who violates the provisions of this section is guilty of a misdemeanor.

Sec. 9. [THEFT.] Subdivision 1. The local law enforcement agency shall report the theft of all bicycles registered pursuant to this act to the department of public safety within five days. Reports of the stolen bicycles shall be entered in the national crime information center of the department of public safety. When the stolen bicycle has been recovered by a local law enforcement agency, the agency shall report the recovery to the department of public safety within five days of the recovery.

Subd. 2. The commissioner shall maintain a record of all bicycles registered pursuant to this act in the state in an automated system. The records shall be available to all authorized law enforcement agencies through the Minnesota crime information center.

Sec. 10. [TAMPERING WITH A BICYCLE.] No person, other than the owner or the owner's authorized agent, except for protection of the bicycle, shall tamper with any bicycle which has been locked or placed in a rack or otherwise secured. Any person who violates the provision of this section is guilty of a misdemeanor.

Sec. 11. [DEPUTY REGISTRARS OF BICYCLES.] Subdivision 1. [APPOINTMENT.] Subject to the provisions of subdivision 2, the commissioner shall appoint as deputy registrars of bicycles any bicycle dealer, or agent or employee thereof, who applies for appointment in a manner prescribed by the commissioner; provided that concurrently there may be no more than one such deputy for each separate place of business of a bicycle dealer. Deputy registrars of bicycles shall act as agents of the commissioner and may accept registrations as provided in this act, except that no deputy registrar of bicycles shall be required to register bicycles sold by other bicycle dealers. Deputy registrars of bicycles may charge and retain an additional 50 cents per registration granted for their services. All other registration fees collected by such deputies shall be processed, accounted for and transmitted to the state treasurer as required by the commissioner.

Subd. 2. [DENIAL, SUSPENSION OR REVOCATION OF APPOINTMENTS.] The commissioner, without prior notice or hearing, may issue an order denying, suspending or revoking any appointment made or applied for pursuant to this section if he finds that the applicant or deputy registrar of bicycles has violated or failed to comply with any provision of this act or any rule or regulation adopted hereunder. Upon the entry of such an order the commissioner shall promptly serve a copy thereof on the subject applicant or deputy registrar of bicycles. The

order shall state the reasons for its issuance and shall specify that upon the written request of the applicant or deputy registrar of bicycles the matter will be set for hearing within 15 days after the receipt of the request, provided that with the consent of the applicant or deputy registrar of bicycles a hearing may be held subsequent to the expiration of the period specified herein. If no hearing is requested, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested, the registrar, after notice and hearing in accordance with the provisions of Minnesota Statutes, Chapter 15, shall affirm, modify or vacate the order.

Sec. 12. [ADMINISTRATION OF ACT.] The commissioner shall adopt rules and regulations for the implementation and administration of this act no later than January 1, 1976. The commissioner shall begin to accept registrations and implement this act on January 1, 1976.

Sec. 13. [REGISTRATION BY POLITICAL SUBDIVISIONS.] Subdivision 1. After January 1, 1976, no political subdivision may license or register bicycles. However, any political subdivision which had such power prior to January 1, 1976, may thereafter require that any or all bicycles used or ridden upon any highway, street, alley, sidewalk or other public property within the boundaries thereof shall be registered. Applications for new registrations required pursuant to this subdivision shall be made to the commissioner in the same manner and subject to the same regulations, fees and penalties as those made voluntarily pursuant to section 3.

Subd. 2. Any political subdivision of the state which licensed or registered bicycles prior to January 1, 1976, may after such date, continue to maintain its licensing or registration records. In connection with the maintenance of such records, a political subdivision may require the owner of record as of January 1, 1976, of any bicycle registered therewith on or prior to that date to notify the political subdivision when he sells or otherwise transfers ownership of the bicycle.

Sec. 14. The commissioner, with the cooperation of representatives of regional and local units of government and law enforcement agencies, the state trail council, the Governor's trail advisory committee, the commissioner of highways, highway user groups and associations, and cycling groups and associations shall review and analyze problems relating to the operation of bicycles on the public roads and ways.

As part of this review and analysis the commissioner shall review the Minnesota motor vehicle code to identify provisions which give motorists and bicyclists inadequate guidelines where such traffic conflicts or which may be inconsistent or ambiguous when applied to traffic situations involving special bicycle facilities within or adjacent to public streets and highways. The

commissioner shall seek financial assistance from the federal government for the purposes of implementing any section of this act.

No later than January 15, 1976 the commissioner shall report the results of this review and analysis and his recommendations for any necessary action to the legislative committees having jurisdiction over the subject.

Sec. 15. [PROGRAM OF BICYCLE EDUCATION.] The state department of education in cooperation with the department of public safety shall develop a proposal by January 1, 1976 for teaching bicycle safety in kindergarten through secondary school. Elements of this proposal shall include instruction in actual on the road operation and a timetable for implementation of a bicycle safety program in school districts throughout the state. No later than January 15, 1976 the commissioner of education shall present this proposal to the legislative committees having jurisdiction over the subject along with his recommendation for necessary action.

Sec. 16. [BICYCLE LANE AND BICYCLE WAY DEFINED.] "Bicycle lane" means that portion of a roadway set aside by the governing body of a political subdivision having jurisdiction over the roadway for the exclusive use of bicycles or other self-propelled vehicles and so designated by appropriate signs and markings. "Bicycle way" means any path or sidewalk or portion thereof designated for the use of bicycles or other self-propelled vehicles by the governing body of a political subdivision. A bicycle lane may be designated for the exclusive use of bicycles if this designation does not destroy a pedestrian way or pedestrian access.

Sec. 17. [POWERS OF POLITICAL SUBDIVISIONS.]
Subdivision 1. The governing body of any political subdivision may by ordinance:

(a) Designate any roadway or portion thereof under its jurisdiction as a bicycle lane.

(b) Designate any sidewalk or portion thereof under its jurisdiction as a bicycle way.

Subd. 2. A governing body designating a sidewalk or portion thereof as a bicycle way, or a highway or portion thereof as a bicycle lane under this section may:

(a) Designate the type and character of vehicles or other modes of travel which may be operated on a bicycle lane or bicycle way, provided that the operation of such vehicle or other mode of travel is not inconsistent with the safe use and enjoyment of the bicycle lane or bicycle way by bicycle traffic.

(b) Establish priority of right of way on the bicycle lane or bicycle way and otherwise regulate the use of the bicycle lane or bicycle way as it deems necessary.

(c) Paint lines or construct curbs or establish other physical separations to exclude the use of the bicycle lane or bicycle way by vehicles other than those specifically permitted to operate thereon.

The designating governing body may, after public hearing, prohibit through traffic on any highway or portion thereof designated as a bicycle lane, except that through traffic may not be prohibited on a trunk highway. The designating governing body shall erect and maintain official signs giving notice of the regulations and priorities established under this subdivision, and shall mark all bicycle lanes and bicycle ways with appropriate signs.

Subd. 3. The governing body of any political subdivision, by resolution or ordinance and without an engineering or traffic investigation, may designate a safe speed for any street or highway under its jurisdiction and upon which it has established a bicycle lane; provided that such safe speed shall not be lower than 25 miles per hour. The ordinance or resolution designating a safe speed is effective when appropriate signs designating the speed are erected along the street or highway.

Sec. 18. [REPLACEMENT OF BICYCLE AND PEDESTRIAN WAYS.] Subdivision 1. Whenever an existing bicycle lane, bicycle way, pedestrian way or roadway capable of utilization by bicycles or pedestrians or the sole access to such is destroyed by any new federal, state or local highway or roadway construction, reconstruction or relocation, it shall be the responsibility of the road authority involved to insure the reestablishment of such lanes, ways or access.

Subd. 2. Bicycle and pedestrian ways are not required to be established under subdivision 1:

(a) Where the establishment of such bicycle lanes, bicycle ways or pedestrian ways would be contrary to public safety; or

(b) Where the sparsity of population, other available ways or other factors indicate an absence of need for such bicycle lanes, bicycle ways or pedestrian ways.

Sec. 19. [MODEL BICYCLE ORDINANCE.] Subdivision 1. [PURPOSE.] In order to establish uniform statewide application of the state bicycle registration system, political subdivisions are encouraged to adopt, in whole or in part, the model bicycle ordinance as provided in subdivisions 2 to 9.

Subd. 2. [BICYCLE LICENSE REQUIRED.] No person shall ride, use or leave a bicycle upon any public street, alley,

highway, boulevard or on any public sidewalk or public areas in the city unless the same shall be licensed and registered according to state law. For the purposes of registration, bicycle means every device propelled by human power having two tandem wheels either of which is 20 inches or more in diameter, or having three wheels of the same diameter over 20 inches.

Subd. 3. [DEALERS TO BE LICENSED.] (a) All persons, firms or corporations engaged in the business of selling new or secondhand bicycles and selling more than ten per year, shall be licensed under this subdivision. Any person, firm or corporation desiring to obtain such license shall file with the city clerk a written application to the city council stating the full name and address of each location of the applicant for such license. Each location shall require a separate license.

(b) [DEALER LICENSE FEE.] The annual license fees shall be \$10. All dealer's licenses issued under this subdivision shall expire on March 1 of each year.

(c) [REVOCAION OF LICENSE.] Every dealer license granted under this subdivision may be revoked by the city council as provided in the city charter.

(d) [LICENSED PREMISES TO BE OPEN FOR INSPECTION.] The place of business of any licensee under this clause shall be open to the inspection of the administrative assistant, or his authorized agent or any police officer of the city at anytime during business hours.

Subd. 4. [TO BE REGISTERED AT TIME OF PURCHASE.] No bicycle purchased from a bicycle dealer on or after (date) shall be released by the dealer unless the bicycle's registration has been obtained or applied for according to state law.

Subd. 5. [REPAIR OF UNLICENSED BICYCLES PROHIBITED.] Bicycles subject to registration shall not be repaired by an individual, group, company or corporation engaging in the repair or sale of bicycles for a fee until that bicycle has been registered.

Subd. 6. [EXCEPTIONS.] Bicycles sold and normally subject to registration under this ordinance which will not be operated within the state are exempt from registration. Bicycles owned by nonresidents and operated in Minnesota for a period of 30 consecutive days are exempt from registration. Registration provisions do not apply to bicycle manufacturers or bicycle dealers transporting bicycles in the normal course of business.

Subd. 7. [IMPOUNDING.] If any bicycle is being operated or is found abandoned in any street, alley, highway, boulevard

or public grounds without license identification, it shall be prima facie evidence that said bicycle is being operated on the streets of the city without having been licensed and may be impounded. Any person claiming a bicycle which has been impounded and for which a license has not been issued and who presents reasonable proof of ownership shall be charged a \$1 impounding fee and shall obtain a license before the release of the bicycle. At the expiration of 15 days after such impounding, each bicycle which has not been claimed may be sold at auction. Notice containing the description of the bicycle or bicycles to be sold shall be published in the official newspaper of the city at least two weeks prior to such sale. Written notice to the owner of the bicycle so impounded, and as noted in the files of the bureau of police, shall be sent by said bureau via first class mail before such sale.

Moneys generated from the sale of impounded bicycles shall be utilized to enhance bicycle usage including, but not limited to administration of a bicycle impounding facility, bicycle safety education, and planning, designation and maintenance of bicycle trails, lanes, ways and routes.

At the discretion of the police and in lieu of being sold at auction such impounded bicycles may be given free of charge to minors as a part of a bicycle recreation, safety and responsibility program or to any organization including but not limited to schools, parks, and nonprofit organizations operating such programs.

Subd. 8. [PENALTIES.] Any person, 16 years of age and under, who violates any of the provisions of this ordinance, or state law, relating to the vehicle traffic laws while operating a bicycle shall be, for the first offense, reprimanded in writing by the police department, addressed to the parents or guardian of the offender, stating the nature of the violation and a warning that a repetition of the violation, or any other violation, must be prevented by the parents or guardian or the offender's registration certificate will be suspended for a period of time at the discretion of the police department and during that period of time the offender shall not ride his bicycle on the streets. On the second offense the offender will be summoned to appear at the police headquarters with his bicycle, accompanied by a parent or guardian, and after a hearing on the violation, if in the discretion of the chief of police, or his representative, it is decided to punish the offender for the violation, the offender's bicycle may be impounded for a period of time not to exceed 30 days at the discretion of the chief of police or his representative, with the approval if possible, of the parent or guardian, but the decision of the chief of police shall be final and the bicycle impounded. No violation of this ordinance, relating to the vehicle traffic laws as prescribed in this ordinance or by state law shall be considered a criminal offense or made a matter of a court record where the offender is 16 years of age or under.

Any person over 16 years of age who violates any of the provisions of this ordinance while operating a bicycle is guilty of a petty misdemeanor.

Any bicycle dealer violating any provision of this ordinance is guilty of a misdemeanor. A bicycle impounded pursuant to this subdivision remains the property of the owner and may not be sold or given away as provided in subdivision 7.

Subd. 9. [REPEALER.] Any ordinance contrary to, or in conflict with, the provisions of this ordinance is hereby repealed.

Sec. 20. [APPROPRIATION; COMMISSIONER OF PUBLIC SAFETY.] There is appropriated to the commissioner of public safety from the general fund \$250,000 for the biennium ending June 30, 1977, for carrying out the purposes of sections 1 to 14. Before January 15, 1977, the commissioner of public safety shall study and report to the legislature its recommendations for the mandatory registration of all bicycles operated in this state. Nothing herein shall be construed to prevent the commissioner of the department of public safety from contracting any service provided under this act to the private sector, or any other unit of government.

Sec. 21. [APPROPRIATION; COMMISSIONER OF NATURAL RESOURCES.] There is appropriated to the commissioner of natural resources the sum of \$100,000 from the general fund for the development of a program for an interconnecting statewide system of bicycle trails utilizing both the state trails authorized by Minnesota Statutes, Section 85.015, and existing and proposed local bicycle trails. In addition the commissioner shall utilize this appropriation to provide technical assistance to local units of government in planning bicycle trail systems. The state bicycle trail program shall, as a minimum, describe the location, design, construction, maintenance and land acquisition needs of each component trail and shall give due consideration to the model standards for the establishment of recreational vehicle lanes promulgated by the commissioner of highways pursuant to Minnesota Statutes, Section 160.262. The program shall include a proposal for a system of state aid to localities. The proposal for a system of state aid to localities shall provide, as an element of the state aid formula, that the amount of aid apportioned to a locality will depend, in part, upon the numbers of bicycles registered in the locality. The program shall be developed after consultation with the state trail council and regional and local units of government and bicyclists organizations. This appropriation is for the biennium ending June 30, 1977.

Sec. 22. There is appropriated to the commissioner of highways the sum of \$150,000 from the general fund for matching federal funds on a 70/30 basis for construction of bicycle lanes

and bicycle ways on or adjacent to proposed or existent public highways and local streets. Of the 30 percent state contribution, 20 percent of the match will be provided by the local unit of government, including in kind contributions. Due consideration shall be given to the model standards for the establishment of bicycle and recreational vehicle lanes promulgated by the commissioner of highways pursuant to Minnesota Statutes, Section 160.262, and the plan established by the commissioner of natural resources pursuant to section 21.

Sec. 23. [EFFECTIVE DATE.] Except as otherwise specifically provided, this act is effective the day following its final enactment.”.

Subd. 10. The special compensation fund is created for the purposes provided in this chapter in the following manner:

(1) In every case of death of an employee resulting from personal injury arising out of and in the course of his employment where there are no persons entitled to monetary benefits of dependency compensation, the employer shall pay to the commissioner of the department of labor and industry the sum of \$5,000 for the benefit of the special compensation fund; in every

case of death of an employee resulting from personal injury arising out of and in the course of his employment where there are no persons entitled to at least \$5,000 in monetary benefits of dependency compensation, the employer shall pay to the commissioner of the department of labor and industry for the benefit of the special compensation fund the difference between the amounts actually paid for such dependency benefits and \$5,000; but in no event shall the employer pay the commissioner of the department of labor and industry less than \$1,000;

(2) When an employee shall suffer personal injury which results in permanent partial disability, temporary total disability, temporary partial disability, permanent total disability or death and which entitles him or dependents to compensation under sections 176.101 or 176.111, the employer shall in addition to compensation provided therein, pay to the commissioner of the department of labor and industry for the benefit of the special compensation fund a lump sum without interest deduction equal to seven percent of such total compensation, as soon as the amount payable for the particular injury is determined, or arrived at by agreement of the parties and such amount is approved by the commissioner of the department of labor and industry.

The provisions of clauses (1) and (2) shall apply to all workmen's compensation payments, exclusive of medical costs, paid under sections 176.101 and 176.111 for all injuries or death occurring on or after June 1, 1971.

Personal injuries that occurred prior to June 1, 1971 shall be assessed at the rate in effect on the date of occurrence.

The seven percent of the total compensation required to be paid by the employer to the commissioner of the department of labor and industry for the benefit of the special compensation fund as provided in clause (2) of this subdivision shall remain fixed at said seven percent for the period from June 1, 1971, to June 1, 1972. Effective June 1, 1972, *through June 1, 1975*, and thereafter on (JUNE 1, OF EACH SUBSEQUENT YEAR) *January 1, beginning in 1976*, the rate shall be adjusted on the following basis: if the balance in the special compensation fund as of April 30 in any year *through 1975 and as of September 30, 1975, and each September 30 thereafter*, is below \$1,000,000, the rate of payment shall be increased by two percent over the then prevailing rate. If the balance is at least \$1,000,000 but below \$1,500,000, the rate will be increased by one percent. If the balance is at least \$1,500,000 but below \$2,000,000, there shall be no change. If the balance is at least \$2,000,000 but less than \$2,500,000, the rate shall be decreased by one percent. If the balance is at least \$2,500,000, the rate shall be decreased by two percent. *If the balance is \$3,000,000 or more the commissioner of the department of labor and industry shall within 30 days determine the percent of decrease, which shall be not less than two percent nor more than five percent.*

Such sums as are paid to the commissioner of the department of labor and industry pursuant to the provisions hereof, shall be by it deposited with the state treasurer for the benefit of the special compensation fund and be used to pay the benefits provided by chapter 176. All money heretofore arising from the provisions of this section or similar law shall be transferred to this special compensation fund.

The state treasurer shall be the custodian of this special fund and the workmen's compensation division and the workmen's compensation commission in cases before it shall direct the distribution thereof, the same to be paid as other payments of compensation are paid. In case deposit is or has been made under the provisions of clause (1) and dependency later is shown, or if deposit is or has been made pursuant to either clause (1) or (2) by mistake or inadvertence, or under such circumstances that justice requires a refund thereof, the state treasurer is hereby authorized to refund such deposit under order of the workmen's compensation division or the workmen's compensation commission. There is appropriated to the persons entitled to such refunds from the fund an amount sufficient to make the refund and payment.

Costs within the department of labor and industry for the accounting and legal procedures necessary for administration of the programs financed by the special compensation fund shall be paid from the moneys biennially appropriated to the department and not from the special compensation fund."

When liability has been determined, the party held liable for the benefits shall be ordered to reimburse any other party for payments which the latter has made, including interest at the rate of five percent per annum. The claimant may also be awarded a reasonable attorney fee, to be paid by the party held liable for the benefits.

However, such settlement shall not diminish the right of any person or insurer to intervene against the employer or his workers' compensation insurer for reimbursement for any payments or services made to or for the employee which payments or services should have been made by the employer or his workers' compensation insurer pursuant to obligations imposed by this chapter.*

Where the compensation carrier's payment by the terms of the workmen's compensation settlement does not exceed \$1,000 in disability compensation, then and in that event said compensation carrier shall hold the employee harmless from any claims brought by the group carrier.

H. F. No. 636, A bill for an act relating to state employees; providing for transfers, relocation expenses, early retirement and the maintenance of benefits for state employees who have lost their positions because of the closing or phasing out of state institutions or facilities.

Reported the same back with the following amendments:

Strike everything after the enacting clause and insert the following:

"Section 1. Subdivision 1. As used in this act, the following terms shall have the meanings given.

Subd. 2. "Closure" means (1) the termination of services through a state institution either for fiscal reasons, changes in service modes, or obsolescence of programs or facilities; or

(2) The partial or complete transfer of the management duties of a state institution to a different unit of government or employer.

Subd. 3. "Institution" means any hospital, home, or school established pursuant to chapter 246 and any of the correctional institutions established pursuant to sections 242.385, 242.41, 242.51, 243.40, 243.75, 243.90.

Subd. 4. "Employee" means all employees with at least six months service at time of closure of any covered state institution except persons appointed pursuant to section 246.0251 and persons in analogous positions in any covered state institution.

Subd. 5. For the purpose of this act and the establishment of employee rights "closure" shall commence not less than six months prior to implementation of subdivision 2 of this section and the employee rights granted by this act may be exercised subject to the approval of the employee's appointing authority who may delay the exercise of such rights if necessary to prevent impairing the operation of the closing institution.

Sec. 2. When closure of a covered state institution occurs, covered employees shall be entitled to exercise the following rights and options:

- (1) A priority hiring right as described in section 4;
- (2) Payment for retraining expenses as described in section 5;
- (3) Early retirement as described in section 6;
- (4) Transfer of pension credits as described in section 7;
- (5) Relocation expenses as described in section 8;
- (6) Severance pay pursuant to section 9.

Sec. 3. The state agency or department operating a facility subject to closure as defined in section 1, subdivision 2, shall provide advance notice of at least six months to employees of the facility and to the collective bargaining representative of the employees, if any. At the time such notice is given, the employees and their collective bargaining representative, if any, shall be given a written detailed description of the plan for guaranteeing the rights of employees enumerated in section 2 and a written description of the alternative facilities and programs proposed to replace the facility being closed or the service being terminated. No person hired subsequent to the giving of the notice shall be entitled to any of the rights and privileges granted to employees in this act.

Sec. 4. Subdivision 1. The right of priority hiring means that the employee shall be given before any new hires the opportunity to fill any job opening in any state department or agency for work of similar type to his work at the closed institution. The commissioner of personnel in consultation with the state agencies involved and the exclusive representative of the affected employees, if any, shall determine the methods and procedures to implement this section.

Subd. 2. If two or more employees have rights for priority hiring the employee with the greatest length of state service shall be given priority.

Subd. 3. This right shall extinguish upon the acceptance of any job offered pursuant to subdivision 1 or upon the tender of a second job offer different from the first job offer made pursuant to subdivision 1, regardless of whether the employee accepts or rejects the second job offer.

Subd. 4. The employee who accepts alternative state employment pursuant to this section or secures employment under section 10 shall, as near as is practicable but not inconsistent with any bargaining agreement, retain from his former state employment all seniority rights and civil service status. The employee shall also retain vacation and sick leave rights and shall suffer no reduction in salary.

Sec. 5. Subdivision 1. If no offer of similar type of employment can be made under section 4 within 12 months after closure, but other jobs are available in any state department or agency or a succeeding institution or facility to which section 10 is applicable which the employee could perform if retrained, the employee shall at his request be properly trained provided such request is made within 24 months after the closure. The state department which maintained the closed institution shall provide to the employee during the period of retraining, not to exceed 12 months, the employee's normal wage or salary. In addition, during the period of retraining, not to exceed 12 months, that department shall pay any tuition and any other expenses reasonably necessary to the success of the retraining program. The determination of when training is appropriate and the approval of any specific training program shall be made by the commissioner of personnel who shall have a continuing responsibility to supervise and evaluate any approved training.

Sec. 6. Any employee of a state institution which is closed who is at least age 55 at the time of closure, if not otherwise entitled to receive an immediate full normal annuity, may elect, upon application to the appropriate retirement fund or funds in which the employee has allowable service credit, to receive a retirement annuity based upon all credited service at the time of closure or the value of the monies credited to his account as the case may be. The benefit shall be computed as if the employee were age 65 or normal retirement age and shall not be reduced for retirement prior to normal retirement age. If an employee has less than 10 years of service or is otherwise not vested, his retirement annuity shall be computed on a prorata basis. Provisions in the laws governing the retirement funds in respect to benefits based on service in more than one fund shall be applicable where not inconsistent herewith. The employee may select an actuarially equivalent joint and survivor annuity in lieu of the full normal annuity if available under the laws of the respective retirement fund.

The department which maintained the closed institution shall semi-annually reimburse the retirement fund for the full amount of benefits paid to the retired employee receiving benefits under

this act until such employee reaches age 65 or normal retirement age if such age is less than age 65 considering the employee's length of service.

Sec. 7. Subdivision 1. In the event that any employee does not continue in public service covered by a public pension fund and does not qualify for a service annuity, a deferred annuity or a combined service annuity, the employee shall qualify for a pro rata deferred service annuity upon reaching normal retirement age, which deferred annuity shall be augmented at the rate specified under the law of the retirement fund in effect when the employee last terminates public service.

Subd. 2. For any employee who transfers to other public employment covered by a public pension fund, that employee shall qualify for a combined service annuity or an augmented deferred annuity based on service in more than one fund pursuant to the law in effect when the employee last terminates public service, notwithstanding any law to the contrary. If any employee elects an early retirement annuity pursuant to this act, such employee will not be entitled to a right to priority hiring pursuant to section 4, a right to retraining pursuant to section 5, a right to relocation expenses pursuant to section 8, or a right to severance pay pursuant to section 9.

Sec. 8. Any employee who accepts employment under the provisions of this act or who accepts private or public employment elsewhere within 18 months of the closure of the state institution shall be entitled to relocation expenses paid by the department which maintained the closed institution in the event that the employee's new work location is at least 25 miles from the previous work location. Rates of reimbursement shall be consistent with applicable collective bargaining agreement or current state personnel rules. No employee accepting employment outside the state may be paid relocation expenses in excess of the maximum cost of relocating such employee within the state.

Sec. 9. Upon the waiving or expiration of the priority hiring right described in section 4 and the waiving of the retraining option as described in section 5 and the waiving of the relocation expenses right described in section 8, the employee shall be paid severance pay in the amount of five percent of the employee's last normal annual salary or wage, not to exceed \$1,000, multiplied by the number of years of state service and fraction thereof, but in no case shall the amount of severance pay receivable under this section exceed \$5,000.

Sec. 10. Any institution or facility which succeeds in whole or in part to the functions of a state institution upon its closure shall be obligated, as a condition of its receiving any state funds, to observe the priority hiring right granted employees in section 4 for all of its job openings for which there are available em-

ployees able or potentially able to do the type of work being offered.”

No individual, corporation, partnership, voluntary association, or other organization may operate a day care or residential facility or agency unless licensed to do so by the department, provided that operation of a day care or residential facility or agency specifically excluded shall not preclude the issuance of a license if application is made for one. No unlicensed individual or agency shall receive a child for care or placing out, place a child in foster care, in any way assist with plans for his placement in foster care, or solicit money in behalf of such agency. Application for license and renewal of license shall be made on forms supplied by the department and in the manner it prescribes. This subdivision relates only to other state departments or agencies and confers no additional powers or duties upon the department respecting federal, county, municipal, or other nonstate agencies. Nothing in this subdivision shall

prevent the state fire marshal from delegating inspections to local units of government.

Subd. 3. Before issuing a license or renewing a license, the department shall conduct a study of the applicant and proposed program of care for persons and for operating the day care or residential facility or agency. If the results of the study satisfy the department that the provisions of this act and the applicable rules and regulations promulgated by the department are being substantially met, a license shall be issued. If the results of the study show to the department that all of the applicable rules and regulations cannot be met immediately, but can and will be met within one year or less, and the deviations do not threaten the health, human rights, or safety of persons, a provisional license shall be issued for a period not to exceed one year from the date of issuance.

The commissioner may request advice from persons using the facility or service, operators of a similar facility or service, and relevant professionals as part of the evaluation of an applicant.

Subd. 4. When an initial license is being issued to any day care or residential facility or agency, it shall remain in force for up to one year. When a license is being renewed, it may be issued for a period of up to two years at the discretion of the commissioner.

Subd. 5. Every day care and residential facility license and provisional license shall prescribe the number and age groupings of persons who may receive care at any one time.

Subd. 6. Every license and provisional license shall state the date of expiration and the location of the facility, the rule or rules under which the program is licensed, the name and address of the operator, and the provisional status of a license. Sec. 6. [245.801] [REVOCAION OF LICENSE: DENIAL.] *Subdivision 1. An applicant who has been denied a license by the department shall be given prompt written notice thereof, by certified or registered mail to the address shown in the application. The notice shall contain a statement of the reasons for the denial and shall inform the applicant that there is a right to appeal the decision to the commissioner, in writing,*

within 20 days after the mailing of the notice of denial. Upon receiving a timely written appeal, the commissioner shall give the applicant reasonable notice and an opportunity for a prompt hearing before an impartial hearing examiner. On the basis of the evidence adduced at the hearing, the hearing examiner shall make a final recommendation to the commissioner of whether the application shall be granted either for a license, or for a provisional license, or denied.

Subd. 2. Failure of the department to approve or deny an application within 90 days of receipt of a completed application shall be deemed to be an approval of license.

Subd. 3. The department may suspend, revoke, or make probationary a license if an operator fails to comply with the rules and regulations of the department.

Subd. 4. An operator whose license is about to be suspended, revoked, or made probationary shall be given notice by certified or registered mail addressed to the location shown on the license. The notice shall contain a statement of, and the reasons for, the proposed action and shall inform the operator that there is a right to appeal the decision to the commissioner, in writing, within ten days after the mailing of the notice of the proposed action. Upon receiving a timely written appeal, the commissioner shall give the operator reasonable notice and an opportunity for a prompt hearing before an impartial hearing examiner. On the basis of the evidence adduced at the hearing, the hearing examiner shall make a final recommendation to the commissioner as to whether the license shall be suspended, revoked, or made probationary. However, if the commissioner finds that the health or safety or human rights of persons requires, he shall order the immediate suspension of the license. The operator shall be given written notice of the order by personal service. The notice shall contain a statement of the reasons for the suspension and shall inform the operator that there is a right to petition the commissioner to reconsider the order. The petition shall be in writing and shall be made within five days after the personal service of the order. Upon receiving a timely written petition, the commissioner shall give the operator reasonable notice and an opportunity for a prompt hearing before an impartial hearing examiner with respect to the order of suspension of the license. On the basis of the evidence adduced at the hearing, the hearing examiner shall make the final recommendation to the commissioner as to whether the order of suspension should be affirmed or reversed.

Subd. 5. At any hearing provided for by this act, the applicant or operator may be represented by counsel and has the right to call, examine, and cross-examine witnesses. The hearing examiner is empowered to require the presence of witnesses and evidence by subpoena on the behalf of the appellant or department. Hearing examiner decisions shall be in writing, shall con-

tain findings of fact and conclusions, and shall be mailed to the parties to the proceedings by certified or registered mail to their last known addresses as shown in the application, or otherwise.

Subd. 6. An operator whose license has been revoked or not renewed because of noncompliance with rules and regulations may not make new application for license for five years. An applicant whose application for license has been denied may not make new application for license for one year.

Sec. 7. [245.802] [RULES; REGULATIONS.] Subdivision 1. The department shall develop and promulgate rules and regulations pursuant to chapter 15 for the operation and maintenance of day care and residential facilities and agencies, and for granting, suspending, revoking, and making licenses probationary. In developing rules and regulations, the department shall consult with:

(1) Other appropriate state agencies including, but not limited to, the department of health, the department of education, the fire marshal and the attorney general. The agencies consulted are directed to cooperate with and assist the department in developing appropriate rules and regulations for the licensing of day care and residential facilities and agencies.

(2) Persons, or the parents, guardians, relatives, or custodians of those persons who use the service.

(3) Advocacy groups.

(4) Representatives of those who operate day care or residential facilities or agencies.

(5) Experts in the various professional fields as are relevant.

Subd. 2. The rules and regulations for operating and maintaining day care and residential facilities shall be designed to promote the health, safety, and development of the persons who are to be served by assuring culturally normative, home-like, and adequate physical surroundings and healthful food; by assuring supervision and care by capable qualified personnel of sufficient number; by assuring an adequate program of activities and services to enhance the development of each person; by assuring the human and civil rights of persons; and by encouraging participation by persons and their relatives. The rules and regulations for operating and maintaining agencies shall be designed to promote the development of the persons who are to be served by assuring service by capable qualified personnel; by ensuring the human and civil rights of persons; by ensuring fiscal responsibility; and by encouraging participation by persons and their relatives. The rules and regulations with respect to granting, suspending, revoking, and making licenses probationary and licensing administra-

tion shall be designed to promote the proper and efficient processing of matters within the cognizance of the department and to assure applicants and operators fair and expeditious treatment under the law.

Subd. 3. The department shall conduct a comprehensive review of its licensing rules and regulations at least once every five years.

Sec. 8. [245.803] [VIOLATIONS; PENALTIES.] *Subdivision 1.* The operation of a day care or residential facility or agency required to be licensed under sections 2 to 15 without a license is a misdemeanor punishable by a fine of not more than \$300. The department may seek an injunction in the district court against the continuing operation of a day care or residential facility or agency:

(1) When there is a violation of sections 2 to 15 or of the rules and regulations promulgated by the department; or

(2) When an operator has willfully failed to apply for a license or renewal of license.

Proceedings for securing injunctions may be brought by the attorney general, or by the county attorney of the jurisdiction in which the day care or residential facility or agency is located.

Subd. 2. Any individual who offers or advertises a facility required to be licensed pursuant to sections 2 to 15 prior to obtaining a license is guilty of a misdemeanor.

Subd. 3. The application of the foregoing sanctions shall not preclude the application of any or all of the other sanctions.

Sec. 9. [245.804] [INSPECTION.] *Subdivision 1.* In exercising the powers of licensing, renewing, suspending, revoking, or making licenses probationary, the department shall study and evaluate operators and applicants for a license. To carry out these duties the department shall employ qualified personnel who, insofar as possible, are knowledgeable about the operation of the types and characters of facilities and agencies to be inspected. Authorized representatives of the department may visit a day care or residential facility or agency at any time during the hours of operation for purposes of the study and inspection. In conducting evaluations and inspections, the department may call upon and receive appropriate assistance from other governmental agencies within their authorized fields. Inspections may be made without prior notice to the operator.

Subd. 2. The operator or applicant shall cooperate with the evaluation and inspection by providing access to its facilities,

records, and staff. Failure to comply with the reasonable requests of the department in connection with the study and inspection is a ground for revocation of license or for a denial of application. The study and inspection may involve consideration of any facts, conditions, or circumstances relative to the operation of the day care or residential facility or agency, including data on previous operation of a facility or service, references, and other information about the character and qualifications of the personnel of the facility or agency.

Sec. 10. [245.805] [FINES.] Whenever a duly authorized representative of the department finds, upon inspection of a facility, that the operator is not in compliance with an applicable rule or regulation a correction order shall be issued to the operator. The correction order shall state the deficiency or deficiencies, cite the specific regulations violated, and specify the time allowed for correction. A correction order may be appealed in accordance with the procedures of section 6.

If, upon reinspection, it is found that the operator has not corrected the deficiency or deficiencies specified in the correction order, the operator may be required to forfeit to the state within 15 days a sum of up to \$250 for each deficiency not corrected. All forfeitures shall be paid into the general fund.

Any unpaid forfeitures may be recovered by the attorney general.

Sec. 11. [245.806] [CONSULTATION.] The department shall offer consultation through employed staff or other qualified persons to assist potential applicants, applicants, and operators to meet and maintain requirements for licensing and to help them otherwise to achieve programs of excellence related to the care of persons served.

Sec. 12. [245.811] [FEES.] The commissioner may charge a reasonable fee for the issuance or renewal of a license except that no fee may be charged to a day care or residential facility for the mentally retarded. In no event shall the fee exceed \$150. Fees may be waived at the discretion of the commissioner.

Sec. 13. [245.812] [LOCATION AND ZONING.] Subdivision 1. No license or provisional license shall be granted when the issuance of such a license would substantially contribute to the excessive concentration of residential facilities within any town, municipality or county of the state.

Subd. 2. In determining whether a license shall be issued, the commissioner shall specifically consider the population, size, land use plan, availability of community services and the number and size of existing public and private community residential facilities in the town, municipality or county in which an applicant seeks to operate a residence. Under no circumstances may

the commissioner newly license any residential facility pursuant to this act if such residential facility will be within 300 feet of any existing community residential facility unless the appropriate town, municipality or county zoning authority grants such facility a conditional use or special use permit. The commissioner shall establish uniform rules and regulations to implement the provisions of this section.

Subd. 3. A licensed day care or residential facility serving six or fewer persons shall be considered a permitted single family residential use of property for the purposes of zoning.

Subd. 4. Unless otherwise provided in any town, municipal or county zoning regulation, a licensed day care or residential facility serving from seven through sixteen persons shall be considered a permitted multi-family residential use of property for purposes of zoning. A township, municipal or county zoning authority may require a conditional use or special use permit in order to assure proper maintenance and operation of such a facility, provided that no conditions shall be imposed on such homes which are more restrictive than those imposed on other conditional uses or special uses of residential property in the same zones, unless such additional conditions are necessary to protect the health and safety of the residents of the facility. Nothing herein shall be construed to exclude or prohibit such residential homes from single family zones if otherwise permitted by a local zoning regulation.

Subd. 5. Notwithstanding any law to the contrary, no license or provisional license shall be issued under this act without 30 days written notice to the affected municipality or other political subdivision.

Subd. 6. No state funds shall be made available to or be expended by any state or local agency for facilities licensed under this act unless and until the provisions of subdivision 5 and subdivision 6, have been complied with in full.

Sec. 14. [245.813] [PROHIBITION OF NEGLECT; ABUSE.] *Subdivision 1. Any operator, employee or volunteer worker at any facility or agency required to be licensed who intentionally physically or sexually abuses or willfully neglects any person in the care of that facility or agency shall be charged pursuant to Minnesota Statutes, Sections 609.23 or 609.231.*

Subd. 2. [PERSONS MANDATED TO REPORT.] *Any professional individual or his delegate in the field of the healing arts, social services, hospital administration, psychological or psychiatric treatment, child care education, or law enforcement who has knowledge of or reasonable cause to believe a person in the care of a facility required to be licensed is being neglected or physically or sexually abused by an individual in that facility shall immediately report the information to the department, the*

local welfare agency, or police department. The appropriate police department, upon receiving a report, shall immediately notify the local welfare agency. Nothing in this subdivision shall be construed to require more than one report from any institution, facility, school or agency.

Any person not required to report under the provisions of this section may voluntarily report to the local welfare agency or police department if he has knowledge of or reasonable cause to believe a person in the care of a facility required to be licensed is being neglected or subjected to physical or sexual abuse by an individual in that facility. The police department upon receiving a report shall immediately notify the local welfare agency.

Subd. 3. [IMMUNITY FROM LIABILITY.] Any person participating in good faith and exercising due care in the making of a report pursuant to this section shall have immunity from any liability, civil or criminal, that otherwise might result by reason of his action.

Subd. 4. [FALSIFIED REPORTS.] Any person who willfully or recklessly makes a false report under the provisions of this section shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court.

Subd. 5. [FAILURE TO REPORT.] Any person required by this section to report suspected physical or sexual abuse who willfully fails to do so shall be guilty of a misdemeanor.

Subd. 6. [REPORT.] An oral report shall be made immediately by telephone or otherwise. An oral report made by a person required under subdivision 2 to report shall be followed as soon as possible thereafter by a report in writing to the department, the appropriate police department or local welfare agency. Any report shall be of sufficient content to identify the person, the facility responsible for his care, the nature and extent of the person's injuries, and the name and address of the reporter. Written reports received by a police department shall be forwarded immediately to the local welfare agency.

Subd. 7. [MANDATORY REPORTING TO A MEDICAL EXAMINER OR CORONER.] When a person required to report under the provisions of subdivision 2 has reasonable cause to believe a person has died as a result of physical or sexual abuse, he shall report that information to the appropriate medical examiner or coroner, instead of the local welfare agency or police department. Medical examiners or coroners shall notify the department, the local welfare agency, or police department in instances in which they believe that the person has died as a result of physical or sexual abuse. The medical examiner or coroner shall complete an investigation as soon as feasible and

report the findings to the appropriate law enforcement authorities and the local welfare agencies.

Sec. 15. [245.821] [CONFIDENTIALITY OF RECORDS.]
Except as otherwise specifically provided, the records kept by the commissioner pursuant to sections 2 to 15 shall be kept confidential and shall not be open to inspection, except to the operator of that licensed facility or agency.

Contents of records may be disclosed only by court order, except that the confidential exchange of information between agencies of the state, other social welfare agencies, or law enforcement agencies regarding persons in the care of one of the facilities or agencies is specifically authorized. The confidential exchange of information pursuant to section 4, subdivision 3, is also specifically authorized.

(2) "Person" means any person, firm, association, organization, partnership, company, corporation, private or public, county, city, trust or other public agencies.

(3) "Operation" means the performance of weather modification activities entered into for the purpose of producing, or attempting to produce, a certain modifying effect within one geographical area over one continuing time interval not exceeding one year.

Sec. 2. [POLICY AND PURPOSE OF REGULATION.] It is hereby declared that weather modification techniques for precipitation management are permitted to be used to augment precipitation and decrease hailfall damage in Minnesota. The application of weather modification techniques shall be carried out under proper safeguards to supply sufficient data and accurate information in order to provide a net economic benefit and enhance knowledge concerning weather modification and to protect life, property and the public interest.

Sec. 3. [SOVEREIGN RIGHT CLAIMED BY STATE.] It is hereby declared that the state of Minnesota claims its sovereign right to use for the best interest of its residents the moisture contained in the clouds and atmosphere within its sovereign state boundaries.

Sec. 4. [COMMISSIONER; POWERS AND DUTIES.] Subdivision 1. [PERSONNEL; RULES AND REGULATIONS.] The provisions of this act shall be administered under the direction and supervision of the commissioner of agriculture. The commissioner may employ a director.

The commissioner shall promulgate rules and regulations in accordance with Minnesota Statutes 1974, Chapter 15 for carrying out the purposes and enforcing the provisions of this act.

Subd. 2. [OPERATIONS; RESEARCH AND DEVELOPMENT; SHARING COSTS.] The commissioner may carry on operations and research and experimentation related to weather modification within the state by staff members, or by contract with approved cloud seeding organizations or in cooperation with other agencies as provided by law. The commissioner may enter into contracts with other units of government for the sharing of costs of weather modification operations. The commis-

sioner may also enter into contracts with educational institutions of the state for programs to help evaluate weather modification programs and to educate and inform the public. Scientific personnel of these institutions will be encouraged to develop measurement techniques for the application and evaluation of cloud seeding.

Subd. 3. [COOPERATION WITH FEDERAL GOVERNMENT AND OTHER STATES.] The commissioner shall cooperate with the federal government and its agents and contractors, and with other states, in the conduct of weather modification operations.

Subd. 4. [UTILIZATION OF TECHNICAL RESOURCES OF SCHOOLS.] The commissioner shall utilize to the extent possible the facilities and technical resources of public and private educational institutions in the state.

Subd. 7. [ADVISORY COMMITTEES.] The commissioner may establish advisory committees. Sec. 5. [LICENSES.] Subdivision 1. [ORIGINAL LICENSE.] No person shall engage in weather modification without a license issued by the commissioner. Applications for weather modification licenses shall be on forms prescribed and furnished by the commissioner and shall be accompanied by a fee of \$35. The commissioner shall issue licenses pursuant to its regulations and only to applicants who demonstrate to the satisfaction of the commissioner sufficient competence in the field of meteorology and cloud physics to engage in weather modification and who pay a fee of \$100. If the applicant is an organization, the competence must be demonstrated by the individuals who are to supervise and conduct the weather modification. The license shall be valid for one year.

Subd. 3. The moneys collected as fees shall be deposited with the state treasurer in the general fund.

Sec. 7. [EXEMPTIONS.] To the extent the commissioner deems necessary, emergency weather modification operations for the purpose of controlling fire, frost, sleet, hail or fog shall be exempt from the requirements of section 6.

Sec. 8. [SUSPENSION; REVOCATION; REFUSAL TO RENEW LICENSE OR PERMITS.] The commissioner shall suspend or revoke a license or permit if it appears that the licensee no longer has the qualifications necessary for the issuance of an original license or permit or has violated any provision of this act. The commissioner may refuse to renew the license of, or to issue another permit to, any applicant who has failed to comply with any provision of this act.

Sec. 9. [MODIFICATION OF PERMIT; NOTICE AND HEARING.] The commissioner may modify the terms and conditions of a permit if the permittee is first given notice and reasonable opportunity for a hearing and the commissioner determines that a modification is necessary to protect the health or property of any person.

Sec. 10. [WEATHER MODIFICATION REPORTS.] The commissioner by rule and regulation shall require persons en-

If the public utility fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefor and is authorized to recover on behalf of all persons entitled to a refund. Subd. 3. The legislature further finds that the outdoor recreational needs of the people of Minnesota will be best served by the establishment of an outdoor recreational system which will (1) preserve an accurate representation of Minnesota's natural and historical heritage for public understanding and enjoyment and (2) provide an adequate and equitable supply of scenic, accessible, and usable lands and waters to accommodate the outdoor recreational needs of Minnesota's citizens.

Subd. 4. [CLASSIFICATION.] The outdoor recreation system shall be comprised of units classified as follows, and each such unit shall be authorized, established, and administered to accomplish the purpose and objectives of its classification.

Subd. 2. [NATURAL STATE PARK; PURPOSE; RESOURCE AND SITE QUALIFICATIONS; ADMINISTRATION.]

standing of such resources without impairment for the enjoyment and recreation of future generations.

(b) No unit shall be authorized as a state park unless its proposed location substantially satisfies the following criteria:

(1) Exemplifies the natural characteristics of the major landscape regions of the state, as shown by accepted classifications, in an essentially unspoiled or restored condition or in a condition that will permit restoration in the foreseeable future; or contains essentially unspoiled natural resources of sufficient extent and importance to meaningfully contribute to the broad illustration of the state's natural phenomena; and

(2) Contains natural resources, sufficiently diverse and interesting to attract people from throughout the state; and is sufficiently large to permit protection of the plant and animal life and other natural resources which give the park its qualities and provide for a broad range of opportunities for human enjoyment of these qualities.

(c) Natural state parks shall be administered by the commissioner of natural resources in a manner which is consistent with the purposes of this subdivision to preserve, perpetuate, and interpret natural features that existed in the area of the park prior to settlement and other significant natural, scenic, scientific, or historic features that are present. Management shall seek to maintain a balance among the plant and animal life of the park and to reestablish desirable plants and animals that were formerly indigenous to the park area but are now missing. Programs to interpret the natural features of the park shall be provided. Outdoor recreation activities to utilize the natural features of the park that can be accommodated without material disturbance of the natural features of the park or the introduction of undue artificiality into the natural scene may be permitted. (c) Recreational state parks shall be administered by the commissioner of natural resources in a manner which is consistent with the purposes of this subdivision primarily to provide as broad a selection of opportunities for outdoor recreation as is consistent with maintaining a pleasing natural environment. Scenic, historic, scientific, scarce, or disappearing resources within recreational state parks shall be recommended for authorization as historic sites or designated scientific and natural areas pursuant to section 8 of this act to preserve and protect them. Physical development shall enhance and promote the use and enjoyment of the natural recreational resources of the area.

Subd. 4. [STATE TRAIL; PURPOSE; RESOURCE AND SITE QUALIFICATIONS; ADMINISTRATION; DESIGNATION.] (a) A state trail shall be established to provide a recreational travel route which connects units of the outdoor recreation system or the national trail system, provides access to or passage through other areas which have significant scenic, historic, scientific, or recreational qualities or reestablishes or permits travel along an historically prominent travel route or which provides commuter transportation.

(b) No unit shall be authorized as a state trail unless its proposed location substantially satisfies the following criteria:

(c) State trails shall be administered by the commissioners of highways or natural resources as specified by law in a manner which is consistent with the purposes of this subdivision. State trails established by the commissioner of natural resources shall be managed to provide a travel route through an area with a minimum disturbance of the natural environment and recognizing other multiple land use activities. Trail markers shall be limited to those providing safety information and interpretation.

(d) Facilities for the rest and comfort of trail users shall be provided primarily within units of the outdoor recreation system through which the trail passes. When additional facilities are required to insure the rest and comfort of the traveler, the managing agency may develop such facilities along the trail and shall designate the facilities as trail waysides. In addition to the foregoing purpose, trail waysides shall be developed for the preservation and interpretation of the trail's natural, historic, or scenic values, and may include facilities for primitive camping, picnicking, sanitation, and parking for access to the trail.

(e) State trails designated under this subdivision shall not be subject to the provisions of section 160.06.

(2) Embraces an area large enough to permit effective research or educational functions and to preserve the inherent natural values of the area.

(c) State scientific and natural areas shall be administered by the commissioner of natural resources, in consultation with qualified persons, in a manner which is consistent with the purposes of this subdivision to preserve, perpetuate and protect from unnatural influences the scientific and educational resources within them. Interpretive studies may be provided for the general public. Physical development shall be limited to the facilities absolutely necessary for protection, research, and educational projects, and, where appropriate, for interpretive services. An area designated as a state scientific and natural area shall not be altered in designation or use without holding a public hearing on the matter at a time and place designated in the notice of the hearing, which shall be published once in a legal newspaper in each county in which the lands are situated at least seven days in advance of the hearing. At the hearing the commissioner shall provide an opportunity for any person to be heard.

Subd. 6. [STATE WILDERNESS AREA; PURPOSE; RESOURCE AND SITE QUALIFICATIONS; ADMINISTRATION.] (a) A state wilderness area shall be established to preserve, in a natural wild and undeveloped condition, areas which offer outstanding opportunities for solitude and primitive types of outdoor recreation.

(b) No unit shall be authorized as a state wilderness area unless its proposed location substantially satisfies the following criteria:

Appears to have been primarily affected by the forces of nature, with the evidence of man being substantially unnoticeable or where the evidence of man may be eliminated by restoration.

(c) State wilderness areas shall be administered by the commissioner of natural resources in a manner which is consistent with the purposes of this subdivision, and shall be managed only to the extent necessary to control fire, insects, and disease, and to preserve existing wilderness or reestablish wilderness conditions. There shall be no development of public roads, permanent dwellings, or recreational facilities except trails for nonmotorized traffic. No commercial utilization of timber or minerals shall be allowed. Motorized traffic shall not be allowed except as deemed necessary for emergency or administrative purposes. Facilities existing at the time of establishment shall be removed.

[STATE FORESTS AND STATE FOREST SUB-AREAS; PURPOSE; RESOURCE AND SITE QUALIFICATIONS; ADMINISTRATION.] (a) A state forest, as established by Minnesota Statutes, Section 89.021, shall be administered to accomplish the purposes set forth in that section, and a state forest sub-area shall be established to permit development and management of specialized outdoor recreation at such locations and in such manner as is consistent with the primary purpose of the forest.

(b) No unit shall be authorized as a state forest sub-area unless it is located within a state forest and contains suitable natural resources to accommodate any of the following uses:

(1) *Day use areas.* Areas which permit recreational use of the forest in its natural state, not requiring an overnight stay,

including but not limited to picnicking, fishing, swimming, boat launching, hiking, interpretation, and nature observation.

(c) Outdoor recreation sub-areas located within state forests shall be administered by the commissioner of natural resources in a manner which is consistent with the purposes of this subdivision.

Subd. 8. [STATE WILDLIFE MANAGEMENT AREA; PURPOSE; RESOURCE AND SITE QUALIFICATIONS; ADMINISTRATION.] (a) A state wildlife management area shall be established to protect those lands and waters which have a high potential for wildlife production and to develop and manage these lands and waters for the production of wildlife, for public hunting, fishing, and trapping, and for other compatible outdoor recreational uses.

(b) No unit shall be authorized as a state wildlife management area unless its proposed location substantially satisfies the following criteria:

(1) Includes appropriate wildlife lands and habitat, including but not limited to marsh or wetlands and the margins thereof, ponds, lakes, stream bottomlands, and uplands, which permit the propagation and management of a substantial population of the desired wildlife species; and

(2) Includes an area large enough to ensure adequate wildlife management and regulation of the permitted recreational uses.

(c) State wildlife management areas shall be administered by the commissioner of natural resources in a manner which is consistent with the purposes of this subdivision to perpetuate, and if necessary, reestablish quality wildlife habitat for maximum production of a variety of wildlife species. Public hunting, fishing, trapping, and other uses shall be consistent with the limitations of the resource, including the need to preserve an adequate brood stock and prevent long term habitat injury or excessive wildlife population reduction or increase. Physical development may provide access to the area, but shall be so developed as to minimize intrusion on the natural environment.

Subd. 9. [STATE WATER ACCESS SITE; PURPOSE; RESOURCE AND SITE QUALIFICATIONS; ADMINISTRATION.] (a) A state water access site shall be established to provide public access to rivers and lakes which are suitable for outdoor water recreation and where the access is necessary to permit public use.

(b) No unit shall be authorized as a state water access site unless its proposed location substantially satisfies the following criteria:

(1) The body of water to which access is being provided and surrounding lands can withstand additional recreational use without undue damage to the environment or undue risks to the health and safety of water users;

(2) Public access to the body of water is either nonexistent or inadequate.

(c) State water access sites shall be administered by the commissioner of natural resources or the commissioner of highways in a manner which is consistent with the purposes of this subdivision to provide public access to water. Access roads, off-road parking areas, refuse containers, sanitary facilities, and facilities for limited picnicking and primitive camping may be provided when the commissioner determines that these activities are justifiable and are compatible with the resource and the natural environment.

(b) No unit shall be authorized as a state historic site unless it is historically important for any of the following reasons:

(1) Is the site of or directly associated with a significant historical event; or

(2) Is associated with persons whose lives and accomplishments are historically unique or important; or

(3) Embodies the distinctive characteristics of an architectural style or method of construction which represents a particular and significant historical period, or the work of a master builder, designer, or architect; or

(c) State historic sites shall be administered by the commissioner of natural resources, the Minnesota historical society, the board of regents of the university of Minnesota, governmental subdivisions of the state, or by county historical societies jointly or independently as designated by law in a manner which is consistent with the purposes of this subdivision to maintain and, if necessary, restore the historical integrity of the site to commemorate or illustrate its historical importance. Ancient features of significance shall be protected from disturbance until archaeological research has been completed. Interpretive programs for visitors shall be provided including, where practicable, interpretation of research programs under supervised conditions. Recreational use of natural features shall be permitted only where this can be accomplished without detriment to historical values. Physical development shall be limited to those facilities necessary to achieve the management and use objectives.

Subd. 12. [STATE REST AREA; PURPOSE; RESOURCE AND SITE QUALIFICATIONS; ADMINISTRATION.] (a) A state rest area shall be established to promote a safe, pleasurable, and informative travel experience along Minnesota highways by providing areas and facilities at reasonable intervals for information, emergencies, or the rest and comfort of travelers.

(b) No unit shall be authorized as a state rest area unless its proposed location substantially satisfies the following criteria:

(1) Is adjacent to or in near proximity to a trunk or interstate highway;

Subd. 2. [ADMINISTRATION OF SECONDARY UNITS.]

A unit shall be administered by the managing agency to which it is assigned by section 5 even when located wholly or partially within another unit administered by a different managing agency, unless otherwise specifically provided by law or by agreement between the agencies involved.

Sec. 9. [86A.09] [DEVELOPMENT AND ESTABLISHMENT OF UNITS.] **Subdivision 1. [MASTER PLAN REQUIRED.]**

No construction of new facilities or other development of an authorized unit, other than repairs and maintenance, shall commence until the managing agency shall have prepared and submitted to the state planning agency and the state planning agency shall have reviewed, pursuant to this section, a master plan for administration of the unit in conformity with this section. This requirement shall not apply to an existing unit until August 1, 1977. No master plan is required for wildlife management areas that do not have resident managers, for water access sites, or for rest areas.

Subd. 2. [MASTER PLAN; PREPARATION AND CONTENT.] The managing agency shall supervise preparation of the master plan and shall utilize the professional staffs of any agency of the state when the expertise of the staff of such agency is necessary to adequately prepare the master plan; the master plan shall present such information in such a format and in such detail as may be appropriate to the size and complexity of the authorized unit. In reviewing any master plan, the state planning agency shall consult with other state agencies. Within 60 days after receiving the master plan, the state planning agency shall notify the managing agency that the plan has been reviewed and forward its recommendations for any changes it might suggest. The managing agency shall review the recommendations and notify the state planning agency of the disposition made of them. Failure to comment on a master plan within the time specified shall be considered approval of the plan by the state planning agency. If the director of the state planning agency feels that the master plan still fails significantly to comply with this subdivision, he may request review of the master plan by the governor. In that event review shall not be deemed completed until after the master plan has been approved by the governor or 60 days have elapsed without action by the governor to approve or reject the plan, whichever occurs first.

Subd. 4. [DEVELOPMENT.] Construction of necessary facilities and other development of the unit shall commence as soon as practicable after review of the master plan by the state plan-

Sec. 10. [86A.10] [OUTDOOR RECREATION ADVISORY COUNCIL.] Subdivision 1. [MEMBERSHIP.] Each regional development commission and the metropolitan council shall designate one of its members to serve on the outdoor recreation advisory council, which is hereby created. Reported the same back with the following amendments:

Strike everything after the enacting clause and insert:

“Section 1. [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 10 the terms defined in this section have the meanings ascribed to them:

Subd. 2. “Bank” means a bank or savings bank organized under the laws of this state as defined in Minnesota Statutes, Section 47.02, or any national banking association having its principal office in this state, or credit union organized under the laws of this state or the federal government.

Subd. 3. “Consumer banking facility” means any manned or unmanned device located separate and apart from a bank’s principal office or detached facility as authorized by Minnesota Statutes, Sections 47.51 to 47.57, which meets all of the following specifications:

(a) A consumer banking facility shall perform only services which may legally be provided by banks for their customers. However, a consumer banking facility located on the business premises of a person engaged in the sale of goods may be used to perform internal nonbanking functions for such persons.

(b) Banking services, when performed by a consumer banking facility, must be pursuant to the terms of an existing contractual arrangement between the bank providing its services and its customers.

(c) The person maintaining a consumer banking facility shall make it available for use by a bank located in Minnesota on a fair, equitable and nondiscriminatory basis consistent with the provisions of this act.

Subd. 4. “Municipality” means the geographical area within the legal boundaries of any city or organized town located in Minnesota.

Sec. 2. [AUTHORIZATION.] Subdivision 1. Thirty days after written notice has been filed with the commissioner of banks, any bank may establish and maintain at a specific location, one or more consumer banking facilities for use by its customers, or may provide for the use of such facility to its custom-

ers by entering into agreement with any person or persons maintaining one or more consumer banking facility. The commissioner of banks shall adopt rules and regulations specifying the contents of such notice. Written notification shall not be deemed filed until all information required by the commissioner of banks has been received by his office, which shall make such information available to any other bank requesting the use of any or all consumer banking facilities which are the subject of such notice.

Subd. 2. Subject to the notification procedures adopted by the commissioner of banks, a consumer banking facility may be established and maintained anywhere within a municipality in which no banks or detached facilities are located, or anywhere within a municipality in which at least one bank is located, provided a bank in that municipality, pursuant to the provisions of this section, has established and maintains or provides the use of one or more consumer banking facility located in one or more municipalities. The location and placement of consumer banking facilities shall not be designed to give or promote an unfair competitive advantage to any bank in Minnesota.

Sec. 3. [FUNCTIONS OF A CONSUMER BANKING FACILITY.] Subdivision 1. Banking transactions which may be performed through the use of a consumer banking facility shall be limited to only lawful banking services, provided the services performed are pursuant to the terms of a preexisting contractual agreement between the bank and its customers. In particular and not in limitation of the foregoing, deposits and withdrawals may be made through the use of a consumer banking facility, but accounts may not be opened at such facilities.

Subd. 2. The method by which a consumer banking facility performs banking transactions may include, but are not limited to, the utilization of electronic based systems.

Subd. 3. A consumer banking facility may be operated exclusively by bank customers or it may perform banking transactions through the assistance of any person provided that person is not employed by any bank, bank holding company or subsidiary. Such assistance shall not be deemed to be engaging in the business of banking. Persons assisting bank customers at the site of a consumer banking facility may be trained by bank employees and nothing in this section shall be construed to prohibit periodic servicing of a consumer banking facility by a bank employee.

Sec. 4. [ESTABLISHMENT AND MAINTENANCE OF A CONSUMER BANKING FACILITY.] Subdivision 1. One or more consumer banking facilities may be established and maintained by a bank, or a group or combination of banks or by a third party if the party establishing and maintaining a consumer banking facility, exclusive of any supporting equipment,

structure or system, limits its use to the performance of banking transactions for customers of Minnesota banks.

Subd. 2. All banks shall comply with the notification procedures adopted by the commissioner of banks prior to providing the services of a consumer banking facility to its customers. Nothing in sections 1 to 10 shall be construed to provide authority for a party, other than a bank, to engage in the business of banking. The activities of third parties referred to in sections 1 to 10 are limited to the ownership, operation and maintenance of consumer banking facilities and any supporting equipment, structures or systems.

Subd. 3. A bank, group or combination of banks or third party establishing and maintaining a consumer banking facility shall, upon written request, make the services available to any bank on a fair, equitable and nondiscriminatory basis approved by the commissioner of banks, which includes a pricing structure limited to the owner's direct costs, including a reasonable return on the capital expenditure incurred by the owner in that consumer banking facility.

Subd. 4. Sections 1 to 10 shall be construed as permitting the use of a consumer banking facility only to facilitate, between a bank and a customer thereof, banking transactions deemed a part of the authorized business of such bank as conducted at its principal office. Content, use and distribution of any information, advertising material, or the use of any other promotional effort, to the contrary, is prohibited. Consistent with the foregoing, any advertisement, either on or off a consumer banking facility, promoting the use or the location of a consumer banking facility which identifies any bank, group or combination of banks or any third parties owning or providing for the use of its services, is prohibited.

Provided, however, the following shall be expressly permitted:

(a) A simple directory listing placed at the site of a consumer banking facility identifying the particular banks using its services;

(b) The use and the name, either on or off the consumer banking facility, which does not promote or identify any particular bank, group or combination of banks or any third party;

(c) A direct mailing of any information from a bank to its customers identifying the location and use of any consumer banking facility which said banks will provide, under the provisions of sections 1 to 10, for its customers.

Sec. 5. [CONSUMER PRIVACY.] To protect the privacy of customers using consumer banking facilities, a consumer banking facility, financial institution, or commercial business,

except as provided by law, rule of the commissioner, or consent of a customer, shall not provide any information about a customer transaction or a customer account to any unauthorized party.

Sec. 6. [EXAMINATION.] A service corporation that provides any services to a consumer bank facility may be examined whenever the commissioner deems it necessary. The service corporation shall pay examination fees as determined by the commissioner.

Sec. 7. [ANTI-TRUST.] No financial institution, bank or bank holding company or service corporation engaged in consumer banking facility activities shall contract, combine or conspire to restrain trade in the market for consumer banking facilities or engage in anti-competitive practices to the detriment of the public interest.

Sec. 8. [RULES AND REGULATIONS.] The commissioner may promulgate such rules and regulations as are reasonably necessary to carry out and make effective the provisions and purposes of this act pursuant to Minnesota Statutes, Chapter 15.

Sec. 9. The authorization for banks to establish, maintain or use the services of a consumer banking facility granted in sections 1 to 10 is rescinded upon a binding ruling by a federal court, department or agency that any of the restrictions contained in sections 1 to 10 which regulate consumer banking facilities including the prohibition on opening new accounts at a consumer banking facility, the prohibition on advertising a consumer banking facility in a manner which identified it as belonging to a particular bank and the requirement that a consumer banking facility be available to all banks on a nondiscriminatory basis, do not apply to national banking associations.

Sec. 10. [VIOLATION; PENALTIES.] A violation of sections 1 to 10 shall be subject to penalties applicable to violations of laws affecting banks. In addition, a violation of sections 1 to 10 may be enjoined by a civil action for injunction by any aggrieved bank.

The proceeds of the tax may be used only to acquire land, improve and repair school sites and to equip, re-equip, repair and improve buildings and permanent attached fixtures. Subject to the commissioner's approval, the tax proceeds may also be used to rent or lease buildings for school purposes and to acquire or construct buildings. Sec. 7. Minnesota Statutes 1974, Section 124.11, is amended to read:

124.11 [DATES OF AID PAYMENTS.] Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program, ten percent of the estimated *elementary and secondary* foundation aids shall be paid to districts in each of the months from September through May based upon information available and the final distribution shall be

made in the following August. *Estimated post-secondary vocational foundation aid shall be paid to districts in 12 equal monthly payments beginning July 15, 1976. The estimated post-secondary vocational foundation aid shall be paid on the basis of the prior year's average daily membership except that the average daily membership and the payments based thereon may be adjusted in September, December, March and June to reflect any increases or decreases in enrollment. The September payment in each fiscal year shall be increased or decreased to reflect any deficit or excess in post-secondary vocational foundation aid received in the prior fiscal year.* If any school district is unable to borrow necessary funds for the operation of its facilities during any fiscal year, due to legal borrowing restrictions or the lack of reasonable credit facilities, the commissioner of finance and state treasurer may, upon certification of such conditions by the commissioner of administration, advance such education aids as may be required to such district, with the condition that such aids be discounted by an amount equal to six percent or the current yield on U.S. treasury bills on the date of such payment to a maturity approximating the date on which aids are to be paid, whichever rate is higher, pursuant to the terms of this section. The amount of such discount shall be determined by the commissioner of finance, with the six percent discount or the "bid" price quoted on treasury bills of an appropriate maturity calculated after consultation with the staff of the state board of investment.

Estimated *elementary and secondary* foundation aids shall be paid out on the basis of the prior year's pupil unit enrollment unless the October 1 enrollment is larger, in which case the October enrollment shall be used. Adjustment for final *elementary and secondary* pupil unit figures shall be made in the August payment of aids.

Sec. 8. Minnesota Statutes 1974, Section 124.17, Subdivision 1, is amended to read:

124.17 [DEFINITION OF PUPIL UNITS.] Subdivision 1. Pupil units for each resident pupil in average daily membership shall be counted as follows:

(1) In an elementary school, for kindergarten and for handicapped pre-kindergarten pupils as defined in section 120.03, and enrolled in one-half day sessions throughout the school year or the equivalent thereof, approved by the commissioner of education, one-half pupil unit and other elementary pupils, one pupil unit.

(2) In secondary schools, (PUPILS IN JUNIOR HIGH SCHOOL OR A SIX-YEAR SCHOOL AND ALL OTHER PUPILS IN SECONDARY SCHOOLS,) one and four-tenths pupil units. Pupils enrolled in the seventh and eighth grades of (A MIDDLE) any school shall be counted as secondary pupils.

(3) In area vocational-technical schools one and one-half pupil units. *This clause shall expire June 30, 1976.*

(4) To meet the problems of educational overburden caused by broken homes, poverty and low income, each pupil in clauses (1) and (2) from families receiving aid to families with dependent children or its successor program shall be counted as an additional five-tenths pupil unit. *By May of each year the department of public welfare is directed to furnish to the department of education, and to each school district to the extent the information pertains to it, that information concerning children from families with dependent children which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.*

(5) In every district where the number of pupils from families receiving aid to families with dependent children or its successor program exceeds (NINE) *ten* percent of the total actual pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional $(35/100)$ *one half* (OF A) pupil unit; *for those districts where the number of such pupils is more than nine percent but not more than ten percent of the total pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional $35/100$ of a pupil unit; for those districts where the number of such pupils is more than eight percent but not more than nine percent of the total pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional two-tenths of a pupil unit and for those districts where the number of such pupils is at least five percent but not more than eight percent of the total pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional one-tenth of a pupil unit. Such weighing shall be in addition to the weighing provided in clauses (1), (2), (3), and (4) of this section. School districts are encouraged to allocate a major portion of the aids that they receive on account of clauses (4) and (5) to primary grade programs and services, particularly to programs and services that involve participation of parents:*

(6) Where the total pupil units of a district are used as a multiplier in determining foundation aids and spending and levy limitations and where the actual number of pupil units has decreased from the prior year, the number of pupil units for such district shall equal the average of actual pupil units for the prior and current years.

(7) Where the actual number of pupil units has increased from the prior year by more than three percent, a number of

pupil units equal to one fourth of the difference between the units as computed in clauses (1) and (2) for the two years shall be added to the other units for the district.

(8) Only pupil units in clauses (1) and (2) shall be used in computing adjusted maintenance cost per pupil unit.

Sec. 9. Minnesota Statutes 1974, Section 124.17, Subdivision 2, is amended to read:

Subd. 2. Membership for pupils in grades kindergarten through twelve (, FOR PUPILS IN AREA VOCATIONAL-TECHNICAL SCHOOLS) and for handicapped pre-kindergarten pupils shall mean the number of pupils on the current roll of the school, counted from the date of entry until withdrawal. The date of withdrawal shall mean the day the pupil permanently leaves the school or the date it is officially known that the pupil has left or has been legally excused; provided that any pupil, regardless of age, who has been absent from school without a legally justifiable excuse for 15 consecutive school days shall be dropped from the roll and classified as withdrawn. Nothing in Extra Session Laws 1971, Chapter 31, shall be construed as waiving the compulsory attendance provisions cited in section 120.10. Average daily membership shall equal the sum for all pupils of the number of days of the school year each pupil is enrolled in the district's schools divided by the number of days said schools are in session. For districts operating 12 months schools, days schools are in session shall mean the number of session days required by section 124.19, subdivision 1. The average daily membership of a pupil enrolled on a shared time basis shall equal the ratio of the total minutes for which such pupil is enrolled and the minimum minutes required during the year for a regularly enrolled public school pupil. Foundation aid for (EACH PUPIL IN SUCH SHARED TIME CLASSES SHALL BE PAID AT A RATE PROPORTIONATE TO AID PAID FOR OTHER RESIDENT PUPILS OF THE DISTRICT PROVIDING INSTRUCTION) *shared time pupils shall equal the amount which would accrue if shared time pupil units, counted pursuant to this section, were added to the district's total pupil units used in determining its foundation aid.* A district shall not be entitled to transportation aid under section 124.22 for pupils enrolled on a shared time basis unless the statutes specifically provide for transportation aid to such student. *This section of this act shall be effective July 1, 1975 as applied to shared time foundation aid and July 1, 1976 as applied to pupils in area vocational-technical schools.*

Sec. 10. Minnesota Statutes 1974, Section 124.18, Subdivision 2, is amended to read:

Subd. 2. [TUITION.] Every district which provides instruction in other districts and which receives foundation pro-

gram aid, and the county which pays tuition aid shall pay to the district furnishing elementary and secondary (OR AREA VOCATIONAL-TECHNICAL) school instruction on account of such instruction, the actual cost thereof chargeable to maintenance exclusive of transportation costs or the legal maximum prescribed in section 124.211, subdivision 2, clause (1).

There shall also be paid for capital outlay and debt service to the district providing such instruction \$10 per pupil unit in average daily attendance for each non-resident pupil unit, except that every district educating non-resident pupils may charge and include in its tuition, for capital outlay and debt service, an amount per pupil unit in average daily attendance based on the amount that the average expenditure for capital outlay and debt service determined by dividing such annual expenditure by the total number of pupil units in average daily attendance in the district exceeds \$10 per pupil unit. If the district has no capital outlay or debt service the district receiving such funds may use them for any purpose for which it is authorized to spend money. Provided further that, if a district invests capital moneys to remodel existing facilities or to build new facilities for the primary purpose of providing instruction for handicapped and trainable children, as specified in Minnesota Statutes 1961, Sections 120.17 and 120.18, such district may charge and include in its tuition for capital outlay and debt service an amount per pupil unit in average daily attendance determined by dividing such expenditure over a period of years mutually agreeable to the districts concerned, and by dividing each annual amount so determined by the total number of pupil units in average daily attendance enrolled in this area of handicap instruction in the district.

Sec. 11. Minnesota Statutes 1974, Section 124.20, is amended to read:

124.20 [EDUCATION; STATE AID; SUMMER SCHOOL AND FLEXIBLE SCHOOL YEAR CLASSES.] (STATE) *Foundation* aid for (1) summer school classes which are not a part of the regular school term in hospitals, sanatoriums, and home instruction programs, (AND) (2) inter-session classes of flexible school year programs and summer school classes in elementary and secondary schools, and (3) summer school instruction in (AREA VOCATIONAL SCHOOLS OR) teachers college laboratory schools or in the university laboratory school, shall be paid at a proportionate rate for *foundation* aids paid (DURING) for the *preceding* regular school (TERM) year, provided that no district shall receive aid for programs under this section in an amount greater than its actual expenditures for these programs. *Payments of aid for summer classes at a proportionate rate to foundation aid pursuant to this section in 1972 and preceding years is hereby sanctioned. The provision in this section for payment of aid for summer classes at a proportionate rate to foundation aid for the preceding school year shall apply to summer classes in 1973 and subsequent years.*

Sec. 12. Minnesota Statutes 1974, Section 124.212, Subdivision 1, is amended to read:

Subd. 3a. Notwithstanding any of the other provisions of this section, for the (1973-1974) 1975-1976 school year neither the sum nor the sum per pupil unit of the aggregate foundation aid earned by a district maintaining a classified secondary school and the amount raised by the maximum levy authorized by Minnesota Statutes (1971) 1974, Section 275.125, Subdivision (2) 2a, Clause (2) and for the (1974-1975) 1976-1977 school year neither the sum nor the sum per pupil unit of the aggregate foundation aid earned by such a district and the amount raised by the maximum levy authorized for (1973) 1975 by section 275.125, subdivision 2a, clause (1), shall be less than the sum or the sum per pupil unit respectively of the aggregate foundation aid earned for the 1972-1973 school year, any payments earned for 1972-1973 which but for the operation of Minnesota Statutes 1971, Section 124.212, Subdivision 3, would not have been earned, and the amount raised by the levy authorized by Minnesota Statutes 1971, Section 275.125, Subdivision 2, Clause (1). Aggregate foundation aid includes foundation aid for all pupils units, *except units computed in section 124.17, subdivision 1, clause (3)*. Applications shall be filed with the committee in each calendar year up to and including September 15. The committee shall determine whether the applicant is entitled to such loan and the amount thereof, and on or before October 1 shall certify to each applicant district the amount granted and its due date. A copy of each such certificate shall be filed with the commissioner. Upon receipt by the commissioner of a copy of the committee's certificate that the loan is granted, the commissioner shall notify the county auditor or county auditors in which the district is located that the amount so certified is available and appropriated for payment of principal and interest on its outstanding bonds and such auditors shall reduce by that amount the taxes otherwise leviable as the district's debt service levy on the tax rolls for such year (, WHICH TAXES SHALL NEVERTHELESS BE INCREASED BY THE AMOUNT NECESSARY TO PAY INTEREST ON THIS AND ANY OTHER STATE LOANS, AS HEREIN PROVIDED). Each debt service loan (SHALL BE FOR A TERM OF 30 YEARS PREPAYABLE AT PAR AT ANY TIME, AND) shall bear interest from its date at a rate determined by the commissioner of finance (, NOT LESS) annually, at the multiple of one-tenth of one percent per annum next higher than the average annual rate payable

It shall have printed thereon, or the commissioner shall attach thereto, a grill for entry of the date and amount of each payment and allocations of each payment to accrued interest or principal, and a certificate to be executed by the county auditor of each county in which any portion of the school district is situated, prior to the delivery of the note, stating that such county auditor has entered the debt service loan evidenced thereby in his bond register. Such notes shall be delivered by the committee not later than November 15 of the year in which executed. The secretary shall cause a record to be made and preserved showing the obligor district and the date (,) and principal amount (, AND DUE DATE) of each note, and shall then deliver it to the commissioner who shall make suitable record thereof.

Sec. 34. Minnesota Statutes 1974, Section 124.42, Subdivision 4, is amended to read:

Whenever the maximum effort debt service levy is greater the district shall remit to the commissioner, within ten days after its receipt of the last regular tax distribution in the year in which it is collected, that portion of the *maximum effort* debt service tax collections, including penalties and interest, which (EXCEEDED) *exceeds* the (PRINCIPAL AND INTEREST PAYABLE ON ITS BONDED DEBT IN THE PERIOD FOR WHICH THE LEVY WAS MADE. IN ADDITION TO THE FOREGOING, THE DISTRICT SHALL LEVY IN EACH YEAR, COMMENCING IN THE YEAR A DEBT SERVICE LOAN IS GRANTED

AND CONTINUING UNTIL THE ENTIRE LOAN IS PAID, A SUM SUFFICIENT TO PRODUCE FULL PAYMENT OF THE INTEREST PAYABLE IN THE ENSUING YEAR ON ITS DEBT SERVICE NOTE, AND THE PROCEEDS OF SUCH LEVY SHALL IN EACH YEAR BE REMITTED TO THE COMMISSIONER FOR PAYMENT OF SUCH INTEREST) *required debt service levy*. On or before November 1 in each year the commissioner shall notify the county auditor of each county containing taxable property situated within the school district of the amount of the maximum effort debt service levy of the district for that year, (AND THE ADDITIONAL AMOUNT NECESSARY TO BE LEVIED TO PRODUCE A SUM FIVE PERCENT IN EXCESS OF THE TOTAL AMOUNT OF INTEREST TO BECOME DUE IN THE ENSUING YEAR ON ALL DEBT SERVICE NOTES AND CAPITAL LOANS OF THE DISTRICT,) and said county auditor or auditors shall extend upon the tax rolls an ad valorem tax upon all taxable property within the district in the aggregate amount so certified. (IF ANY INTEREST IS NOT PAID WHEN DUE, THE COMMISSIONER SHALL ADD THE AMOUNT THEREOF TO THE AMOUNT OF INTEREST SO CERTIFIED IN THE FOLLOWING YEAR, WITH ONE YEAR'S INTEREST ON SUCH AMOUNT AT THE RATE BORNE BY THE LOAN.)

Sec. 35. Minnesota Statutes 1974, Section 124.43, Subdivision 1, is amended to read:

Proceeds of such loans shall be used only for sites for school (HOUSES) *buildings* and for acquiring, bettering, furnishing, or equipping school (HOUSES) *buildings* under contracts to be entered into within 12 months from and after the date on which each loan is granted. Applications with the accompanying data specified in subdivision 2 shall be filed between October 1 of any year and June 1 next following. *No application shall be approved unless the state board of education certifies that the loan is needed to replace facilities dangerous to the health and safety of pupils, or to provide for pupils for whom no adequate facilities exist; that such facilities could not be made available by consolidating the district with an adjacent district without substantially lowering the fiscal capacity of that district or so increasing its area that it would no longer be viable; and that existing institutions or facilities within the area could not be acquired or leased to provide the needed facilities safely and at a lower cost. The state board shall make recommendations to the committee. No loan shall be approved for any district exceeding an amount computed as follows:*

- (1) The amount voted by the district under subdivision 2;

(2) Plus the aggregate principal amount of general obligation bonds of the district outstanding on the date of approval, not exceeding the limitation on net debt of the district in section 475.53, subdivision 4;

(3) Less the maximum net debt permissible for the district on the date of approval, under the limitation in section 475.53, subdivision 4; and

(4) Less any amount by which the amount voted exceeds the total cost of the facilities for which the loan is granted, as estimated in accordance with subdivision 4, provided that the loan may be approved in an amount computed as provided in clauses (1) to (3), subject to subsequent reduction in accordance with this clause (4).

Sec. 36. Minnesota Statutes 1974, Section 124.43, Subdivision 2, is amended to read:

Subd. 2. The school board of any district desiring a loan shall adopt a resolution stating the amount proposed to be borrowed, the purpose for which the debt is to be incurred, and an estimate of the dates when the facilities for which the loan is requested will be contracted for and completed. The question of authorizing the borrowing shall then be submitted to the voters of the district at a regular or special election. The question submitted shall state the entire amount to be borrowed and that application will be made for a loan from the maximum effort school loan fund of such amount as may be available and allowable to the district and the remainder will be borrowed on bonds sold at a public sale within the limitations prescribed by law. A majority of those voting on the question shall be sufficient to authorize the district to effect the state loan and also to issue the bonds on public sale in accordance with chapter 475. Applications for loans shall be accompanied by (a) a copy of such resolution, (b) a certificate by the clerk showing the vote at the election, (c) a certificate by the clerk and treasurer showing the then outstanding indebtedness of the district, and (d) a certificate by the county auditor of each county in which a portion of the district lies showing the information in his official records which is required to be used in computing the debt limit of the district under section 475.53, subdivision 4. The clerk's and treasurer's certificate shall show, as to each outstanding bond issue, the amount originally issued, the purpose for which issued, the date of issue, the amount remaining unpaid as of the date of the resolution, and the interest rates and due dates and amounts of principal thereon. Applications shall be in such form and accompanied by such additional data as the committee *and state board of education* shall prescribe, which may include a statement from the state department of education as to the district's need of the proposed schoolhouses in comparison with needs of other districts. When an application is received, the committee shall obtain from the commissioner of revenue, and from the public service commission when required, the information in

their official records which is required to be used in computing the debt limit of the district under section 475.53, subdivision 4.

Sec. 37. Minnesota Statutes 1974, Section 124.43, Subdivision 3, is amended to read:

Subd. 3. The committee shall examine and consider all applications for capital loans *which have been recommended by the state board of education*, and if any applicant district is found not qualified it shall be promptly notified thereof. On January 1 and July 1 of each year, the committee shall make its determination on all pending applications which have been on file with it more than one month. If an applicant is qualified in the opinion of the committee and the aggregate of the amounts applied for does not exceed the amount available or which can be made available in the capital loan account, all loans so applied for shall be granted, subject to acceptance by the respective districts as specified below. If the aggregate exceeds the amount which is or can be made available, the committee shall allot the available amount among the qualified applicant districts, or any of them, according to the committee's judgment and discretion based upon their respective needs. The committee shall promptly certify to each qualified applicant district the amount, if any, of the capital loan granted to it, subject to adjustment under subdivision 1, clause (4).

Sec. 38. Minnesota Statutes 1974, Section 124.43, Subdivision 4, is amended to read:

Subd. 4. Each capital loan shall be for a term of 30 years and evidenced by a contract between the school district and the state acting through the committee. It shall obligate the state to pay to the district, out of the maximum effort school loan fund, an amount computed as provided in subdivision 1, upon receipt by the committee of a certified resolution of the school board reciting that contracts for construction of the facilities for which the loan is granted have been awarded and that bonds of the district have been issued and sold in the amount necessary to pay all costs thereof in excess of the amount of the loan, and estimating such costs. It shall obligate the district (ON ITS FULL FAITH AND CREDIT) to repay the (ENTIRE PRINCIPAL OF THE STATE) loan out of the excesses of its maximum effort debt service levy over its required debt service levy, (AND ALSO TO PAY) *including* interest at a rate determined *annually* by the commissioner of finance, (NOT LESS) *at the multiple of one-tenth of one percent per annum next higher than the average annual rate payable on Minnesota state school loan bonds (MOST RECENTLY ISSUED PRIOR TO THE DISBURSEMENT OF THE LOAN TO THE DISTRICT)*, but in no event less than 3 1/2 percent per annum on the principal amount from time to time unpaid. The district shall each year, as long as it is indebted to the state, levy for debt service (a) the amount of its

maximum effort debt service levy or (b) the amount of its required debt service levy, whichever is greater, except as such required debt service levy may be reduced by a loan under section 124.42. Whenever the maximum effort debt service levy is greater, the district shall remit to the commissioner within ten days after its receipt of the last regular tax distribution in each year, that portion of the debt service tax collections, including penalties and interest, which exceeded the required debt service levy. The commissioner shall supervise the collection of outstanding accounts due the fund and may, by notice to the proper county auditor require the maximum levy to be made as required hereunder. Interest on capital loans shall be paid on December 15 of the year next following that in which the loan is granted and annually thereafter. (IN ADDITION TO THE LEVIES OTHERWISE REQUIRED BY THIS SUBDIVISION, THE DISTRICT SHALL LEVY IN EACH YEAR, COMMENCING IN THE YEAR A CAPITAL LOAN IS GRANTED AND CONTINUING UNTIL THE ENTIRE LOAN IS PAID, A SUM SUFFICIENT TO PRODUCE FULL PAYMENT OF THE INTEREST PAYABLE IN THE ENSUING YEAR ON ITS CAPITAL LOAN CONTRACT, AND THE PROCEEDS OF SUCH LEVY SHALL IN EACH YEAR BE REMITTED TO THE COMMISSIONER FOR PAYMENT OF SUCH INTEREST.) On or before November 1 in each year the commissioner shall notify the county auditor of each county containing taxable property situated within the school district of the amount of the maximum effort debt service levy of the district for that year, (AND THE ADDITIONAL AMOUNT NECESSARY TO BE LEVIED TO PRODUCE A SUM FIVE PERCENT IN EXCESS OF THE TOTAL AMOUNT OF INTEREST TO BECOME DUE IN THE ENSUING YEAR ON ALL CAPITAL AND DEBT SERVICE LOANS OF THE DISTRICT,) and said county auditor or auditors shall extend upon the tax rolls an ad valorem tax upon all taxable property within the district in the aggregate amount so certified. (IF ANY INTEREST IS NOT PAID WHEN DUE, THE COMMISSIONER SHALL ADD THE AMOUNT THEREOF TO THE AMOUNT OF INTEREST SO CERTIFIED IN THE FOLLOWING YEAR, WITH ONE YEAR'S INTEREST ON SUCH AMOUNT AT THE RATE BORNE BY THE LOAN.) *In the event that any capital loan is not paid during its term of 30 years from maximum effort debt service levies in excess of required debt service levies, the liability of the school district levy thereon shall be satisfied and discharged. Districts having outstanding capital loans may not issue bonds on the public market except for the purpose of refunding outstanding state loans at any time during the 10 years preceding the due date on any capital loan contract.*

Sec. 39. Minnesota Statutes 1974, Section 124.45, is amended to read:

124.45 [APPLICATIONS OF PAYMENT.] The commissioner shall apply payments received from *collections of maximum effort debt service levies in excess of required debt service*

levies of a district on its debt service notes and capital loan contracts as follows: First, to payment of interest accrued on its notes, if any; second, to interest on its contracts, if any; third, toward principal (ON) of its notes, if any; and last, toward (PAYMENT OF) principal of its contracts, if any. While more than one note or more than one contract is held, priority of (APPLICATION) payment of interest shall be given to the one of earliest date (OF THE INSTRUMENT), and after interest accrued on all notes is paid, similar priority shall be given in the application of any remaining amount to the payment of principal. In any year when the receipts from a district are not sufficient to pay the interest accrued on any of its notes or contracts, the deficiency shall be added to the principal, and the commissioner shall notify the district and each county auditor concerned of the new amount of principal of the note or contract.

Sec. 40. Minnesota Statutes 1974, Chapter 124, is amended by adding a section to read:

[124.561] [POST-SECONDARY VOCATIONAL-TECHNICAL EDUCATION FUNDING.] *Subdivision 1. [PURPOSE.] The purpose of sections 40 to 44 of this act is to change the funding of post-secondary vocational-technical education from reimbursement of past expenditures to a current funding process.*

Subd. 2. [CURRENT AID.] Beginning July 1, 1975, the state board for vocational education shall not enter into agreements to pay reimbursements but shall be obligated for reimbursement payments incurred in fiscal year 1975. Beginning July 1, 1976, all post-secondary vocational foundation aid and post-secondary vocational categorical, capital expenditure and debt service aid shall be paid for the current fiscal year in accordance with sections 41 to 43 of this act.

Subd. 3. [BUDGETS.] Before January 1, 1976, and before January 1 of each year thereafter post-secondary vocational-technical school budgets for the following fiscal year shall be submitted to the state board for vocational education. The state board for vocational education shall approve the budgets for each district at a consolidated public hearing held pursuant to Minnesota Statutes, Chapter 15, which shall be held prior to June 1 of each year and which shall continue until all interested persons, representatives, and organizations have had an opportunity to be heard. The total amount of reimbursement payments approved for fiscal year 1975 payable in fiscal year 1976 shall not exceed by more than 14 percent the amount appropriated for post-secondary vocational-technical education for payment in fiscal year 1975. No district shall increase its indebtedness during fiscal year 1976 unless authorized to do so by the state board for vocational education. The state board for vocational education shall before September 1, 1975 promulgate rules and regulations which establish the approval criteria for budgets, including re-

sponsiveness to current and projected manpower needs of population groups to be served in the various geographic areas and communities of the state, particularly disadvantaged and handicapped persons; adequacy of evaluation of programs; and other criteria set forth in the state plan for vocational education. The commissioner, in cooperation with the department of finance, shall establish program budget standards by which area vocational-technical institutes shall submit financial requests.

Subd. 4. [LOCAL DEFICITS.] The commissioner with the approval of the state board for vocational education shall establish a uniform auditing procedure for post-secondary vocational-technical education. The procedure shall be used to determine the local deficit or surplus in each district as of July 1, 1975 and as of July 1 for each year thereafter. This deficit or surplus shall be certified to the commissioner before September 1, 1975 and September 1 of each year thereafter.

Sec. 41. Minnesota Statutes 1974, Chapter 124, is amended by adding a section to read:

[124.562] [POST-SECONDARY VOCATIONAL FOUNDATION AID.] Subdivision 1. For the 1976-77 school year a district shall receive post-secondary vocational foundation aid in the amount of \$2,000 times the number of post-secondary vocational-technical pupils in average daily membership, as defined in subdivision 2 less the sum of (1) any amounts received as tuition and fees for post-secondary vocational-technical pupils, (2) the amount raised by the minimum levy required in 1975 by section 49 of this act, (3) any amounts received for post-secondary vocational programs as federal vocational categorical aid and as special grants from state allocations of federal vocational funds, and (4) any amounts received as aid for programs for post-secondary handicapped pupils pursuant to section 124.32.

Subd. 2. Membership for pupils in post-secondary vocational-technical schools shall mean the number of pupils on the current roll of the school, counted from the date of entry until withdrawal. The date of withdrawal shall mean the day the pupil permanently leaves the school or the date it is officially known that he has left or has been legally excused; provided that any pupil, regardless of age, who has been absent from school without a legally justifiable excuse for 15 consecutive school days shall be dropped from the roll and classified as withdrawn. Average daily membership shall equal the sum for all pupils of the number of days of the school year each pupil is enrolled in a post-secondary vocational-technical school in a district divided by 175. Average daily membership for pupils who are enrolled on a part time basis, but not including adult vocational pupils, shall equal (a) the sum for all pupils of the number of days of the school year each pupil is enrolled in a post-secondary vocational-technical school in the district times the number of hours per day each stu-

dent is enrolled divided by the number of hours the school is in session per day (b) divided by 175. For a post-secondary vocational-technical school, the normal school year shall be at least the number of session days required by Minnesota Statutes, Section 124.19, Subdivision 1. In all post-secondary vocational-technical schools, the minimum length of the school day for each pupil, exclusive of the noon intermission, shall be six hours. Exceptions may be made by the local school administration for approved programs to meet individual student needs.

Subd. 3. All funds, whether state, federal, or from other sources, which may be made available to the department of education for carrying out the purposes of post-secondary vocational-technical education shall be apportioned by the state board for vocational education to the various school districts in accordance with law and shall be distributed by the state aids, statistics and research section of the state department of education. All post-secondary vocational foundation and categorical aids shall be paid to the school district where the pupil is in attendance.

Subd. 4. Each district providing post-secondary vocational-technical education programs shall establish and maintain accounts separate from all other district accounts for the receipt and disbursement of all funds related to these post-secondary vocational-technical education programs. All post-secondary vocational foundation and categorical aids and all funds received pursuant to the levy authorized by section 49 of this act, shall be utilized solely for the purposes of post-secondary vocational-technical education programs.

Subd. 5. The provisions of Minnesota Statutes, Section 124.212, Subdivisions 10 to 18, shall apply to this section.

Subd. 6. None of the provisions of Minnesota Statutes, Chapter 16, shall apply to appropriations enacted to carry out the provisions of this section.

Subd. 7. This section shall be effective July 1, 1976.

Sec. 42. Minnesota Statutes 1974, Chapter 124, is amended by adding a section to read:

[124.563] [POST-SECONDARY VOCATIONAL AND CAPITAL EXPENDITURE CATEGORICAL AID.] *Subdivision 1. "Post-secondary vocational categorical aid" means state and federal funds, exclusive of post-secondary vocational foundation, capital expenditure and debt service aid, apportioned by the state board for vocational education to local school districts for the purpose of assisting in the conduct of post-secondary vocational-technical training. No district shall qualify for post-secondary vocational categorical aid unless it has certified the minimum levy required by section 49 of this act. This aid shall be given to districts conducting high cost programs which require funds in*

addition to the post-secondary vocational foundation aid provided.

Subd. 2. "Post-secondary vocational capital expenditure aid" means state and federal funds exclusive of post-secondary vocational foundation, categorical and debt service aid, apportioned by the state board for vocational education to local school districts for the purpose of improving or repairing school sites or equipping, re-equipping, repairing or improving buildings and permanent attached fixtures, as necessary for the conduct of post-secondary vocational-technical training. No district shall qualify for post-secondary vocational capital expenditure aid unless it has certified the minimum levy required by section 49 of this act. Post-secondary vocational capital expenditure aid shall be utilized solely for the purposes enumerated in this subdivision.

Subd. 3. Post-secondary vocational categorical and capital expenditure aid shall be apportioned by the state board for vocational education at the consolidated public hearing held pursuant to section 40, subdivision 3, of this act. All post-secondary vocational categorical and capital expenditure aid approved at this public hearing shall be distributed to the districts on March 15 and September 15 of each year. Additional post-secondary vocational categorical and capital expenditure aid may be distributed at other times during the year if it is apportioned at a consolidated public hearing held pursuant to Minnesota Statutes, Chapter 15. On the date of each post-secondary vocational categorical and capital expenditure aid payment, the state board shall report to the appropriate committees of the legislature on the distribution of post-secondary vocational categorical and capital expenditure aid. The report shall include (a) the recipients of the aid; (b) the amounts distributed, and (c) the reasons for these distributions.

Subd. 4. This section shall be effective July 1, 1976.

Sec. 43. Minnesota Statutes 1974, Chapter 124, is amended by adding a section to read:

[124.564] [POST-SECONDARY VOCATIONAL DEBT SERVICE AID.] The state board for vocational education shall pay to qualifying districts post-secondary vocational debt service aid equal to the state portion of debt service costs. The state portion of debt service costs shall equal the amount necessary to make payments for bonds issued to finance post-secondary vocational facilities and for interest thereon multiplied by the average of the district's nonresident reimbursement percentage pursuant to Minnesota Statutes 1974, Section 121.21, Subdivision 5, in fiscal years 1973, 1974 and 1975. The local portion of debt service costs shall equal the amount necessary to make these payments, less the state portion of debt service costs. No district shall qualify for this post-secondary vocational debt service aid

unless it has certified a levy equal in amount to the local portion of debt service costs, pursuant to section 275.125, subdivision 3, clause (1). Post-secondary vocational debt service aid shall be utilized solely for payments for bonds issued to finance post-secondary vocational facilities and for interest thereon, and these bond and interest payments shall be made solely with proceeds from this aid and the local debt service levy. In addition, the state board for vocational education shall pay to districts which expended cash balances to finance the construction of new post-secondary vocational facilities and which the state board prior to June 30, 1975 agreed to repay for these expenditures the amount of the repayment specified in the agreement. Funds received in repayment shall revert to the fund of origin in the district. This section shall be effective July 1, 1976.

Sec. 44. Minnesota Statutes 1974, Chapter 124, is amended by adding a section to read:

[124.565] [POST-SECONDARY VOCATIONAL EDUCATION TUITION.] *Subdivision 1. Any Minnesota resident who is under 21 years of age may attend a post-secondary vocational-technical school without tuition, provided that the individual meets the entrance requirements for the training course in which enrollment is sought and the school has the room and the facility to receive him.*

Subd. 2. Any person who has attained his 21st birthday and who would, but for that fact, qualify under subdivision 1 to attend a post-secondary vocational-technical school without tuition, may attend the school without tuition subject to the other provisions of this subdivision, if he entered active military service in any branch of the armed forces of the United States before his 21st birthday, and who has then been separated or discharged from active military service under conditions other than dishonorable, and if he applies for admission to the school within two years after the date of his separation or discharge from service or before his 29th birthday, whichever, is earlier. Time after separation or discharge from military service spent as an inpatient in a hospital or similar institution for treatment of an illness or disability or in recovery from an illness or disability that prevents gainful occupation or study shall be added to the time allowed for application.

Subd. 3. Tuition at a post-secondary vocational-technical school for a Minnesota resident pupil who does not come within the exemptions provided in subdivisions 1 and 2, shall be two dollars per day for each school day the pupil is enrolled.

Subd. 4. Unless covered by a higher education reciprocity agreement relating to nonresident tuition, entered into by the Minnesota higher education coordinating commission and approved by the state board for vocational education, tuition at a post-secondary vocational-technical school for a pupil who is not

a resident of Minnesota shall be four dollars per day for each school day the pupil is enrolled.

Subd. 5. The state board for vocational education may pay a school district or post-secondary vocational-technical school in another state for tuition charges for Minnesota pupils who meet the qualifications of subdivisions 1 and 2 and who are enrolled in post-secondary vocational-technical schools in that state. This payment may not exceed the amount specified for post-secondary vocational foundation aid in section 41 of this act. This subdivision shall expire June 30, 1976.

Sec. 45. Minnesota Statutes 1974, Section 124.57, is amended to read:

124.57 [AID FOR VOCATIONAL EDUCATION.] Whenever any district shall have established a vocational school, department, or classes in accordance with the rules and regulations established by the state board adopted by that board, and the plan for vocational education, and approved by the United States office of education or other federal agency to which its functions are assigned, the state board shall reimburse such district or state tax supported institution for its expenditures for salaries and necessary travel of vocational teachers or other reimbursable expenditures from federal funds and may supplement such federal funds with such state aid as it may deem desirable under such rules as it may adopt, provided, however, that in the event of such funds not being sufficient to make such reimbursement in full, the state board shall prorate the respective amounts available to the various districts entitled to receive reimbursement. All instruction may be given at the place of the abode of the pupils, and adults may be given instruction in adjoining or nearby districts.

In like manner the state board shall have power to reimburse other governmental agencies for expenditures for salaries and necessary travel expenses of vocational teachers from federal funds, according to rules and regulations adopted by the state board.

When local districts desire but cannot provide vocational instruction for the related training required by apprentices and other learners in the trade, industrial, and distributive fields, the state board is empowered upon request of such local district or districts to employ itinerant vocational teachers to provide this service and pay the salary and necessary travel expense from authorized federal and state vocational aid funds under such rules as it may adopt. An itinerant vocational teacher in this section is defined as a vocational teacher employed to give part-time or periodic vocational instruction in one or more districts.

This section shall apply only to secondary and adult vocational education programs. Sections 40 to 44 of this act shall not apply

to secondary and adult vocational programs. This section of this act shall be effective July 1, 1976.

Sec. 46. Minnesota Statutes 1974, Chapter 124, is amended by adding a section to read:

[124.807] [DECREASED ASSESSED VALUATION.] *If in any year the assessed value of any district is less than the assessed value of the immediate preceding year, the equalization aid review committee shall, upon notification by the county assessor prior to October 16 of that assessment year, redetermine the adjusted assessed value of the immediate preceding year taking into account the decrease in assessed value. On or before November 1 of the assessment year, the equalization aid review committee shall file the redetermined adjusted assessed value with the commissioner of education who shall thereupon certify to the county auditors and school districts affected the appropriate levy limits of the school districts affected pursuant to section 275.125, subdivision 3, clause (10). Notwithstanding section 275.07, the districts affected may certify the taxes voted to the county auditor on or before December 1.*

Sec. 47. Minnesota Statutes 1974, Section 275.125, Subdivision 2a, is amended to read:

Subd. 2a. (1) In (1973) 1975, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the (1972) 1974 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the greater sum computed pursuant to section (124.212, SUBDIVISION 7a) 15, clause (2), of this act, bears to (\$820) \$970.

(2) In (1974) 1976, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the (1973) 1975 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the sum of the greater sum computed pursuant to section (124.212, SUBDIVISION 7a) 15, clause (2), of this act, and the greater of (a) (ONE-HALF) five sixths of the difference that results when such greater sum is subtracted from (\$875) \$1025, or (b) (\$50) \$55, bears to (\$875) \$1025.

(3) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year. The question on the ballot shall be whether a specific millage which will yield a specific amount based on the most recent assessed valuation may be added to that authorized by clauses (1)

or (2). If approved, the amount provided by the millage applied to each year's assessed valuation shall be authorized for certification until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. A petition authorized by this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. Notwithstanding any law to the contrary, the approval of 50 per cent plus one of those voting on the question is required to pass a referendum.

Sec. 48. Minnesota Statutes 1974, Section 275.125, Subdivision 3, is amended to read:

Subd. 3. In addition to the levy authorized by section 275.125, subdivision 2a, a qualifying district may levy additional amounts as follows:

(1) The amounts necessary to make payments for bonds issued and for interest thereon, including the bonds and interest thereon, issued as authorized by clause (7) (C) of this subdivision, and for repayment of debt service loans and capital loans, the amount authorized for capital expenditures pursuant to section 124.04 and the amount authorized for liabilities of dissolved districts pursuant to section 122.45.

(2) For school transportation services, an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year; provided that in 1973 and thereafter a district having boundaries coterminous with the boundaries of a city of the first class may levy an amount not to exceed 20 percent of its costs for transportation and related services for which state aid is authorized for the 1974-1975 school year and thereafter, and provided further that a district may levy under this clause for the annual cash payments to be made for the purchase of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation; and provided further that beginning with the levy certified in (1974) 1975, a district may levy for (THAT PORTION OF) transportation costs approved by the commissioner as (QUALIFYING FOR AID) *necessary* because of extraordinary traffic hazards (BUT FOR WHICH NO STATE AID IS RECEIVABLE) for the current fiscal year (PURSUANT TO SECTION 124.223, CLAUSE (1)).

(3) (FOR PURPOSES OF THE 1973 LEVY, COLLECTIBLE IN 1974, ANY DISTRICT WHICH QUALIFIED FOR AN EXTRA LEVY UNDER MINNESOTA STATUTES 1971, SECTION 275.125, SUBDIVISION 3, CLAUSE (4), SHALL BE ALLOWED TO LEVY THE SAME AMOUNT PER PUPIL UNIT ALLOWED BY THAT CLAUSE. PROVIDED, HOWEVER, THAT A DISTRICT HAVING BOUNDARIES COTERMINOUS WITH THE BOUNDARIES OF A CITY OF THE FIRST CLASS WHICH WAS AFFECTED BY THE LIMITATION OF AN EXTRA LEVY NOT TO EXCEED 1.5 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT SHALL BE ALLOWED TO LEVY 1.9 MILLS. FOR PURPOSES OF THE 1973 LEVY, COLLECTIBLE IN 1974, ANY DISTRICT WHICH QUALIFIED FOR AN EXTRA LEVY IN 1971, COLLECTIBLE IN 1972, UNDER MINNESOTA STATUTES 1971, SECTION 275.125, SUBDIVISION 3, CLAUSE (3) BUT DID NOT QUALIFY FOR AN EXTRA LEVY UNDER MINNESOTA STATUTES 1971, SECTION 275.125, SUBDIVISION 3, CLAUSE (4) IN 1972, COLLECTIBLE IN 1973, SHALL BE ALLOWED TO LEVY THE AMOUNT PER PUPIL UNIT IT WAS QUALIFIED TO LEVY UNDER MINNESOTA STATUTES 1971, SECTION 275.125, SUBDIVISION 3, CLAUSE (3).) *For purposes of the 1975 levy, collectible in 1976, any district which qualified for an extra levy under Minnesota Statutes 1974, Section 275.125, Subdivision 3, Clause (5), shall be allowed to levy the same amount per pupil unit allowed by that clause, reduced by two and one-half percent. Provided, however, that a district having boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 2.0 mills times the adjusted assessed valuation of the district shall be allowed to levy an amount per pupil unit which is equal to 2.0 mills times the 1974 adjusted assessed valuation of the district divided by the number of pupil units in the district in 1974-1975. Provided further, that any district in Hennepin County or Ramsey County, other than a district with boundaries coterminous with the boundaries of a city of the first class, whose excess levy per pupil unit pursuant to Minnesota Statutes 1974, Section 275.125, Subdivision 3, Clause (5), was among the lowest 20 percent of these levies in such districts shall be allowed in 1975 to make an excess levy in addition to the levy allowed by this clause if the district has had a decrease in actual pupil units for the previous three years. This additional permitted excess levy per pupil unit shall equal the difference between the excess levy per pupil unit for the district and the average excess levy per pupil unit for the districts in Hennepin and Ramsey Counties, other than districts with boundaries coterminous with the boundaries of a city of the first class, allowed pursuant to Minnesota Statutes 1974, Section 275.125, Subdivision 3, Clause (5), or 2.0 mills times the 1974 adjusted assessed valuation, whichever is less.*

(4) (IN 1973 ONLY, FOR A DISTRICT WHICH WAS AUTHORIZED TO LEVY PURSUANT TO MINNESOTA STAT-

UTES 1971, SECTION 275.125, SUBDIVISION 3, CLAUSE (3), BUT WHICH WAS NOT AUTHORIZED TO LEVY PURSUANT TO MINNESOTA STATUTES 1971, SECTION 275.125, SUBDIVISION 3, CLAUSE (4), AN AMOUNT NOT TO EXCEED THE AGGREGATE AMOUNT AUTHORIZED BY MINNESOTA STATUTES 1971, SECTION 275.125, SUBDIVISION 3, CLAUSE (3).) *A district which qualified for a levy under clause (3) above shall be allowed to levy that same amount per pupil unit in 1976, reduced by two and one-half percent.*

((5) FOR THE 1974 LEVY, COLLECTIBLE IN 1975, ANY DISTRICT, IN WHICH THE 1970-1971 ADJUSTED MAINTENANCE COST PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP WAS GREATER THAN \$663 PER PUPIL UNIT, MAY LEVY AN AMOUNT PER PUPIL UNIT WHICH IS EQUAL TO OR LESS THAN THE DIFFERENCE BETWEEN THE 1970-1971 ADJUSTED MAINTENANCE COST PER PUPIL UNIT IN AVERAGE DAILY MEMBERSHIP AND \$663 PER PUPIL UNIT, REDUCED BY TWO AND ONE-HALF PERCENT. NO DISTRICT MAY LEVY UNDER THIS CLAUSE AN AMOUNT WHICH EXCEEDS THE SUM OF THE LEVY PERMITTED UNDER SECTION 275.125, SUBDIVISION 3(3) AND THE AMOUNT RAISED BY 2 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE TAXABLE PROPERTY OF THE DISTRICT FOR THE PRECEDING YEAR. PROVIDED, HOWEVER, THAT A DISTRICT WITH BOUNDARIES COTERMINOUS WITH THE BOUNDARIES OF A CITY OF THE FIRST CLASS WHICH WAS AFFECTED BY THE LIMITATION OF AN EXTRA LEVY NOT TO EXCEED 1.9 MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE DISTRICT SHALL BE ALLOWED TO LEVY 2.0 MILLS.)

((6) FOR DISTRICTS IN CITIES OF THE FIRST CLASS, MAINTAINING POST-SECONDARY VOCATIONAL SCHOOLS, ONE-HALF MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE TAXABLE PROPERTY OF THE DISTRICT FOR THE PRECEDING YEAR; AND FOR OTHER DISTRICTS MAINTAINING POST-SECONDARY VOCATIONAL SCHOOLS, THREE MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE TAXABLE PROPERTY OF THE DISTRICT FOR THE PRECEDING YEAR, PROVIDED THAT DISTRICTS FORMED PURSUANT TO LAWS 1967, CHAPTER 822, AND LAWS 1969, CHAPTERS 775 AND 1060, SHALL BE SUBJECT TO THE LEVY LIMITATIONS IMPOSED BY THESE LAWS, AS AMENDED.)

((7)) 5 (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

((8)) (6) In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money raised by the greater of (A) \$1 per capita, or (B) the number of mills not to exceed the number of mills necessary in 1973 to raise \$1 per capita in 1973 for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census. *A district which provides 95 percent or more of the cost of the recreation program for the municipalities and town-*

ships located within it may, with the approval of the commissioner, levy an additional amount, not to exceed one mill times the adjusted assessed valuation of the district for the preceding year, to be used for the costs of the recreation program.

((9)) (7) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies.

Notwithstanding any other law to the contrary, districts which received payments pursuant to sections 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; and 298.51 to 298.67; shall not include part of estimates of these aids in their permissible levies pursuant to those sections, but instead shall reduce the permissible levies authorized by section 275.125 for collection in the calendar year beginning during the fiscal year in which the deduction from foundation aid is made pursuant to section 124.212, subdivision 8a by the amount of the payment which was not deducted from foundation aid in that fiscal year pursuant to section 124.212, subdivision 8a.

((10)) (8) The commissioner shall certify to the county auditors the levy limits for all school districts headquartered in the respective counties together with adjustments for errors in levies not penalized pursuant to subdivision 4 as well as adjustments to final pupil unit counts.

A school district shall have the right to require the commissioner to review his certification and to present evidence in support of modification of his certification.

The county auditor shall reduce levies for any excess of levies over levy limitations pursuant to section 275.16. Such reduction in excess levies may at the discretion of the school district be spread over not to exceed two calendar years.

((11)) (9) The commissioner of education shall certify to the county auditors any underlevies made in 1971 and 1972 in the transportation levy amounts. The 1971 underlevies shall be determined to be (1) the actual net costs of reimbursable transportation as reported to the department of education for the 1972-1973 school year plus the amount expended by the district to acquire school buses in 1972-1973 used for reimbursable transportation, less (2) the 1971 certified transportation levy as amended and state aids received in 1972-1973 for transportation including depreciation. Underlevies in the 1972 transportation

levy shall be computed in like manner using 1973-1974 costs and state aids received in the 1973-1974 school year. The 1974 levy shall be adjusted to correct for such underlevies, provided that upon written request of the affected school board to the commissioner, the adjustment shall be prorated in the 1974 and 1975 transportation levies. No district may levy under this clause in any year an amount which exceeds the amount raised by a levy of two mills times the previous year's adjusted assessed valuation of the taxable property of the district.

((12)) (10) When a district finds it economically advantageous to rent or lease existing school buildings for instructional purposes, and the proceeds of the levy permitted under section 124.04 are insufficient for this purpose, it may apply to the commissioner for permission to make an additional capital expenditure levy for this purpose. An application for permission to levy under this clause shall contain financial justification for the proposed levy, the terms and conditions of the proposed lease, and a description of the space to be leased and its proposed use. The criteria for approval of applications to levy under this clause shall include: the reasonableness of the price, the appropriateness of the space to the proposed activity, the feasibility of transporting pupils to the leased building, conformity of the lease to the laws and regulations of the state of Minnesota, and the appropriateness of the proposed lease to the space needs and the financial condition of the district. The commissioner shall not authorize a levy under this clause in an amount greater than the cost to the district of renting or leasing a school building for approved purposes.

Sec. 49. Minnesota Statutes 1974, Section 275.125, is amended by adding a subdivision to read:

Subd. 8. In addition to the levy authorized by subdivision 2a, districts maintaining a post-secondary vocational-technical school shall levy for post-secondary vocational-technical purposes as follows:

(1) For districts in cities of the first class, a minimum of one-half mill up to a maximum of one mill, exclusive of debt service, times the adjusted assessed valuation of the taxable property of the district for the preceding year as determined by the equalization aid review committee.

(2) For districts formed pursuant to Laws 1967, Chapter 822, as amended, and Laws 1969, Chapters 775 and 1060 as amended, a minimum of one-half mill up to a maximum of two mills, exclusive of debt service, times the adjusted assessed valuation of the taxable property of the district for the preceding year as determined by the equalization aid review committee.

(3) For other districts maintaining post-secondary vocational schools, a minimum of one mill up to a maximum of three

mills, exclusive of debt service, times the adjusted assessed valuation of the taxable property of the district for the preceding year as determined by the equalization aid review committee.

Sec. 50. Minnesota Statutes 1974, Section 275.125, is amended by adding a subdivision to read:

Subd. 9. In addition to the levy authorized by subdivision 2a, districts maintaining a post-secondary vocational-technical school may levy additional amounts as follows:

(1) *A district maintaining a post-secondary vocational-technical school shall assume responsibility for a local share of the district post-secondary vocational deficit. The local share shall be 30 percent of the district post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education pursuant to section 40, subdivision 4, of this act, for post-secondary vocational-technical schools established prior to December, 1971. For post-secondary vocational-technical schools established subsequent to November, 1971, the local share of the district post-secondary vocational deficit as of July 1, 1976, as certified to the commissioner shall be 15 percent.*

(2) *For the purpose of eliminating the local share of its post-secondary vocational deficit, a district may petition the commissioner of education for authority to make an additional levy. Before such a levy can be made, it must be approved by the commissioner. The approval shall specify the years in which the additional levy may be made and shall specify its dollar amount. No levy so approved shall be made in more than four successive years, beginning with the levy certified in 1975, and shall not annually exceed .25 mills in a district in a city of the first class, .5 mills in districts formed pursuant to Laws 1969, Chapter 1060, as amended; Laws 1969, Chapter 775, as amended; or Laws 1967, Chapter 822, as amended, or three mills in any other district maintaining a post-secondary vocational-technical school times adjusted assessed valuation of the districts for the preceding year as determined by the equalization aid review committee. Under no circumstances may a district, other than a district with a post-secondary vocational-technical school established subsequent to November, 1971, levy a total amount greater than the local share of its post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education. Under no circumstances may a district with a post-secondary vocational-technical school established subsequent to November, 1971, levy a total amount greater than the local share of its post-secondary vocational deficit as of July 1, 1976, as certified to the commissioner of education.*

(3) *If the additional levy allowed in clause (2) of this subdivision would be insufficient to eliminate the local share of the district's post-secondary vocational deficit as of July 1, 1975, or as of July 1, 1976, in the case of a district with a post-secondary vocational-technical school established subsequent to November,*

1971, as certified to the commissioner of education, it may petition the commissioner of education for authority to issue general obligation bonds in an amount sufficient to meet the deficiency. Before the bonds may be issued, they must be authorized by the commissioner. The authorization shall specify a term not to exceed seven years and the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not annually exceed .25 mills in a district in a city of the first class, .5 mills in districts formed pursuant to Laws 1969, Chapter 1060, as amended; Laws 1969, Chapter 775, as amended; or Laws 1967, Chapter 822, as amended, or six mills in any other district maintaining a post-secondary vocational-technical school times the 1973 adjusted assessed valuation of the district as determined by the equalization aid review committee; provided, however, that the mill limitation is subject to the provisions of Minnesota Statutes, Section 475.74. The bonds authorized by this section shall be sold and issued pursuant to the provisions of Minnesota Statutes, Chapter 475, except as otherwise provided herein. The bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

(4) A district may not be authorized an additional levy under both clauses (2) and (3) of this subdivision.

(5) The state shall assume responsibility for 70 percent of a district's post-secondary vocational deficit as of July 1, 1975, as certified to the commissioner of education, for post-secondary vocational-technical schools established prior to December, 1971. The state shall assume 85 percent of a district's post-secondary vocational deficit as of July 1, 1976, as certified to the commissioner of education, for post-secondary vocational-technical schools established subsequent to November, 1971. The state portion of the deficit shall be paid to each district in fiscal years 1977, 1978, and 1979 in three equal payments; provided that the levy for the district's portion of the deficit has been approved by the commissioner and the required portion for the 1975 levy has been certified to the county auditor.

Sec. 51. Minnesota Statutes 1974, Section 475.54, Subdivision 2, is amended to read:

Subd. 2. A serial maturity schedule conforming to subdivision 1 may be established for each new issue of obligations of a municipality, or the governing body may in its discretion adjust such schedule so that the combined maturities of the new issue and any other designated issue or issues will conform to subdivision 1, provided that all such issues are general obligations or all are payable from a common fund. Notwithstanding the provisions of any other general or special law, any school district having an outstanding state loan or loans, if it issues and sells bonds on the public market for any purpose other than refunding such loans, or refunding outstanding bonds as provided herein shall adjust the schedule of the maturities thereof so that

the total amount of principal and interest to become due on these bonds and on all other bonds of the school district, during each of the 30 fiscal or calendar years next following, will be as nearly equal as practicable, provided that the annual amounts of maturing principal may be fixed at multiples of \$5,000. A school district which has an outstanding state loan or loans may refund outstanding bonds, provided that the school loan committee established in section 124.41 approves such refunding. The committee shall approve refunding outstanding bonds only if such refunding results in lower annual debt service payments than the district made prior to the refunding.

Sec. 52. Laws 1967, Chapter 822, Section 7, as amended by Laws 1969, Chapter 945, Section 2, is amended to read:

Sec. 7. [TAX LEVIES.] (IF SO PROVIDED IN THE AGREEMENT,) The joint school board (MAY) shall each year, for the purpose of paying any administrative, planning, operating, or capital expenses incurred or to be incurred for area vocational-technical schools, certify to each participating school district (A) the tax levy (WHICH SHALL NEVER IN ANY YEAR EXCEED FOUR MILLS ON EACH DOLLAR OF ASSESSED VALUATION OF ALL TAXABLE PROPERTY. ADDITIONAL TAX LEVIES MAY BE CERTIFIED WHICH SHALL NOT IN ANY YEAR EXCEED TWO MILLS ON EACH DOLLAR OF ASSESSED VALUATION FOR EXPENSES FOR THE FOLLOWING: SPECIAL EDUCATION, AND DRIVING OF MOTOR VEHICLES. OF THE AMOUNT SO LEVIED, HOWEVER, NOT TO EXCEED ONE-HALF OF ONE MILL SHALL BE FOR THE DRIVING OF MOTOR VEHICLES; IT BEING CONTEMPLATED THAT 50 PERCENT OF THE COST THEREOF BE PAID BY THE STUDENT) specified in section 49, clause (2) of this act. Each participating school district shall include such tax levy in the next tax roll which it shall certify to the county auditor or auditors, and shall remit the collections of such levy to the board promptly when received. Such levies shall not be included in computing the limitations upon the levy of any district under Minnesota Statutes, Section (275.12) 275.125. The board may, any time after such levy has been certified to the participating school districts, issue and sell certificates of indebtedness in anticipation of the collection of such levy, but in aggregate amounts such as will not exceed the portion of the levy which is then not collected and not delinquent.

Sec. 53. Laws 1969, Chapter 775, Section 4, Subdivision 2, as amended by Laws 1971, Chapter 267, Section 3, is amended to read:

Subd. 2. The intermediate school board (MAY) shall in each year for the purpose of paying any administrative, planning, operating, or capital expenses incurred or to be incurred certify to each county auditor of each county in which said intermediate

school district shall lie, as a single taxing district, (A) *the tax levy (WHICH SHALL NEVER IN ANY YEAR EXCEED FIVE MILLS, EXCLUSIVE OF DEBT SERVICE, ON EACH DOLLAR OF ASSESSED VALUATION OF ALL TAXABLE PROPERTY WITHIN SAID INTERMEDIATE SCHOOL DISTRICT) specified in section 49, clause (2) of this act.* Said annual tax levy shall be certified pursuant to Minnesota Statutes (1969), Section 124.02. Upon such certification the county auditor or auditors and other appropriate county officials shall levy and collect such levies and remit the proceeds of collection thereof to the intermediate school district as in the case with independent school districts. Such levy shall not be included in computing the limitations, if any, upon the levy of the intermediate district or any of the participating districts under Minnesota Statutes (1967), Section (275.12) *275.125.* After such levies have been certified to the appropriate county officials the intermediate school board may issue and sell by negotiation or at public sale its certificates of indebtedness in anticipation of the collection of such levies, but in aggregate amount such as will not exceed the portion of such tax levy which is then not collected and not delinquent.

Sec. 54. Laws 1969, Chapter 1060, Section 7, is amended to read:

Sec. 7. [TAX LEVIES.] (IF SO PROVIDED IN THE AGREEMENT,) The joint school board (MAY) *shall* each year, for the purpose of paying any administrative, planning, operating, or capital expenses incurred or to be incurred for area vocational-technical schools, certify to each participating school district (A) *the tax levy (WHICH SHALL NEVER IN ANY YEAR EXCEED FOUR MILLS ON EACH DOLLAR OF ASSESSED VALUATION OF ALL TAXABLE PROPERTY) specified in section 49, clause (2) of this act.* Each participating school district shall include such tax levy in the next tax roll which it shall certify to the county auditor or auditors, and shall remit the collections of such levy to the board promptly when received. Such levies shall not be included in computing the limitations upon the levy of any district under Minnesota Statutes, Section (275.12) *275.125.* The board may, any time after such levy has been certified to the participating school districts, issue and sell certificates of indebtedness in anticipation of the collection of such levy, but in aggregate amounts such as will not exceed the portion of the levy which is then not collected and not delinquent.

Sec. 55. Laws 1971, Chapter 722, Section 1, is amended to read:

Section 1. [SPECIAL SCHOOL DISTRICT NO. 1; TAX LEVY.] To provide moneys to pay any administrative, operational, planning or capital expenses of an area vocational-technical school established pursuant to the provisions of Minne-

sota Statutes, Section 121.21, the board of directors of special school district No. 1 of Minneapolis (MAY) shall levy (ANNUALLY UPON ALL TAXABLE PROPERTY IN THE DISTRICT A) the tax specified in section 49, clause (1) of this act in excess of the limitation contained in Minnesota Statutes, Section (275.12) 275.125.

Sec. 56. Laws 1974, Chapter 521, Section 9, is amended to read:

Sec. 9. Notwithstanding any law to the contrary, in Independent School Districts No. 93 and No. 99 where the adjusted assessed valuation is under contest in a Minnesota court as of February 1, 1974, foundation aid payments for the 1972-73 and 1973-74 school years and for any future school years until such time as the valuation is finally decided shall be made on the basis of the uncontested portion of the valuation of these districts. If as a result of the pending litigation these districts experience an increase in the adjusted assessed value as determined by the equalization aid review committee and recover tax revenues in excess of those which would have been raised on the uncontested adjusted assessed value as determined by the equalization aid review committee, any excess in foundation aid payments which resulted from the use of this uncontested adjusted assessed value in the aid determination shall be returned to the state by these districts.

Sec. 57. [CITATION.] Sections 57 to 60 shall be cited as the Minnesota teacher training and staff maturity aid law.

Sec. 58. [DETERMINATION OF TEACHER TRAINING AID.] Subdivision 1. [COMPUTATION OF TEACHER TRAINING INDEX.] A teacher training index shall be determined as follows:

(a) The number of classroom teachers in a district having at least an M.A. degree or 60 or more graduate credits shall divided by the total number of classroom teachers in the district. The resultant quotient is the "teacher training ratio." A teacher training ratio shall be computed for each school district in the state.

(b) A "point of critical incidence" shall be determined as that ratio at which a district exceeds 90 percent of the districts in the state. If the same ratio applies to more than one district at the 90th percentile, that ratio which is the ratio of the district directly at the 90th percentile shall be the lowest ratio which qualifies for aid, and the next lower ratio shall be the "point of critical incidence."

(c) An index shall be computed for each district whose ratio is above the point of critical incidence by subtracting the ratio

at the point of critical incidence from the district's ratio and multiplying the difference by the number of classroom teachers in the district.

Subd. 2. [COMPUTATION OF TEACHER TRAINING AID.] Each district shall receive that portion of the total aid authorized each year which its teacher training index comprises of the sum of all the teacher training indices for all the districts above the point of critical incidence. The total aid available for this purpose is \$1,250,000 per year.

Sec. 59. [DETERMINATION OF STAFF MATURITY AID; COMPUTATION OF STAFF MATURITY INDEX.] A staff maturity index shall be determined as follows:

(a) The staff maturity level shall be computed by determining for each classroom teacher the number of years of experience which are used in determining the teacher's salary level; provided that no classroom teacher shall be determined to have more years of experience than there are steps in the salary schedule of the district for that type of teacher.

The sum of all the eligible years of experience for all the classroom teachers in a district shall be divided by the total number of classroom teachers in the district. The resultant quotient shall be the staff maturity level.

(b) The "point of critical incidence" shall be determined as that staff maturity level at which a district exceeds 90 percent of the districts in the state. If the same staff maturity level applies to more than one district at the 90th percentile, the staff maturity level which applies to the district directly at the 90th percentile shall be the lowest staff maturity level which qualifies for aid under this section, and the next lower staff maturity level shall be the point of critical incidence.

(c) An index shall be computed for each district whose staff maturity level is above the point of critical incidence by subtracting the staff maturity level at the point of critical incidence from the district's staff maturity level and multiplying the resultant difference by the total number of classroom teachers in the district.

Subd. 2. [COMPUTATION OF STAFF MATURITY AID.] Each district shall receive that portion of the total aid available in any one year which its staff maturity index comprises of the sum of all staff maturity indices for all the districts above the point of critical incidence. The total aid available for this purpose is \$1,250,000 per year.

Sec. 60. [PAYMENT.] The commissioner of education shall pay the teacher training and staff maturity aid in three

payments: 45 percent on or before February 15, 45 percent on or before June 15 and 10 percent on or before September 15. The department of education shall gather any data necessary to implement sections 57 to 60.

Sec. 61. *There is appropriated to the department of education from the general fund in the state treasury the sum of \$190,000 to be paid to Independent School District 381.*
