Subd. 4. [RESTRICTIONS ON FILING AND RECORDING CONVEYANCES.] In a municipality in which subdivision regulations are in force and have been filed or recorded as provided in this section, no conveyance of land to which the regulations are applicable shall be filed or recorded, if the land is described in the conveyance by metes and bounds or by reference to an unapproved registered land survey made after April 21, 1961 or to an unapproved plat made after such regulations become effective. The foregoing provision does not apply to a conveyance if the land described:

(1) was a separate parcel of record April 1, 1945 or the date of adoption of subdivision regulations under Laws 1945, Chapter 287, whichever is the later, or of the adoption of subdivision regulations pursuant to a home rule charter, or

In any case in which compliance with the foregoing restrictions will create an unnecessary hardship and failure to comply does not interfere with the purpose of the subdivision regulations, the platting authority may waive such compliance by adoption of a resolution to that effect and the conveyance may then be filed or recorded. Any owner or agent of the owner of land who conveys a lot or parcel in violation of the provisions of this subdivision shall forfeit and pay to the municipality a penalty of not less than \$100 for each lot or parcel so conveyed. MESSAGES FROM THE SENATE

The following messages were received from the Senate:

Mr. Speaker:

I hereby announce the repassage by the Senate of the following Senate File, notwithstanding the veto by the Governor:

S. F. No. 550, A bill for an act relating to elections; regulating campaign financing; increasing certain expenditure limits; amending Minnesota Statutes 1978, Section 10A.25, Subdivision 2.

The enrolled copy of Senate File No. 550, with all of the signatures of the officers of the Senate and the House together with the Governor's objections, is herewith transmitted.

PATRICK E. FLAHAVEN, Secretary of the Senate

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
ST. PAUL 55155

March 10, 1980

The Honorable Edward J. Gearty
President of the Senate

Dear Sir:

I am vetoing Senate File 550. This act, if allowed to become law, would have permitted candidates campaigning for a legislative or constitutional office to spend an increased amount of money on their elections.

The focus of public policy should turn from the cost of a campaign to the sources of the money for a campaign.

I have long been an advocate of reduced contribution limits. It is illogical to assume that candidates are tainted by the amount they spend on their campaigns. Rather, the potential for creating undue influence is derived from the amount any one individual or group can contribute to a candidate.

Merely increasing spending limits is not the solution to ensure that elections will be fair and free from abuse. It's my belief that S. F. No. 550 has the potential of repressing rather than improving our political process.

Campaign financing is an important facet of Minnesota's Ethics in Government Act. It is an area of law which should be addressed *in toto* rather than piecemeal. By simply raising expenditure limits the Legislature has failed to consider other changes which have been recently suggested by the Ethical Practices Board. This Board is given the statutory authority to indicate apparent abuses and offer legislative recommendations regarding this Act.

For seven months the Board undertook an extensive analysis of public financing of election campaigns. Their study focused on how well Minnesota's program has met the goals of the public financing system which was adopted in 1974.

Their report, transmitted to the Legislature in January, recommended the *elimination* of expenditure limits. The bipartisan Board concluded:

- a. Spending limits do not hold down the costs of campaigns;

b. Spending limits inhibit a challenger's ability to obtain name recognition and identity which any incumbent inherently has already acquired;

c. Current emphasis on spending limits is misdirected. Rather, public policy should be to control the impact of campaign money by a reduction in contribution limits.

I find it regrettable that the Legislature not only acted contrary to the Board's conclusions, but more disturbing, failed to even consider them before enacting this bill.

It is quite apparent that the provision of S. F. No. 550 are politically motivated. This act has been placed on my desk without careful study or legislative deliberation. This law would not benefit the people of this State.

I am encouraged that the Senate Elections Committee has adopted several of the recommendations of the Ethical Practices Board. I urge that they all be adopted. The Board's recommendations which received unanimous approval included:

- a. Increase the political checkoff to \$2.00 (single) and \$4.00 (joint);
- b. Eliminate the party designated checkoff;
- c. Substitute a matching fund system for the current grant system of public financing;
- d. Eliminate campaign expenditure limits;
- e. Reduce contribution limits.

For the reasons set forth in this message, and with the hope that the Board's recommendations be adopted, I cannot allow S. F. No. 550 to become law. I am, therefore, returning it to you unsigned.

Sincerely,

ALBERT H. QUIE
Governor

"Sec. 19. Minnesota Statutes 1978, Section 462.351, is amended to read:

462.351 [MUNICIPAL PLANNING AND DEVELOPMENT; STATEMENT OF POLICY.] The legislature finds that municipalities are faced with mounting problems in providing means of guiding future development of land so as to insure a safer, more pleasant and more economical environment for residential, commercial, industrial and public activities, *to preserve agricultural and other open lands*, and to promote the public health, safety, (MORALS) and general welfare. Municipalities can prepare for anticipated changes and by such preparations bring about significant savings in both private and public expenditures. Municipal planning, by providing public guides to future municipal action, enables other public and private agencies to plan their activities in harmony with the municipality's plans. Municipal planning will assist in developing lands more wisely to serve citizens more effectively, will make the provision of public services less costly, and will achieve a more secure tax base. It is the purpose of sections 462.351 to 462.364 to provide municipalities, in a single body of law, with the necessary powers and a uniform procedure for adequately conducting and implementing municipal planning.

Sec. 20. Minnesota Statutes 1978, Section 462.358, Subdivision 4, is amended to read:

Subd. 4. [RESTRICTIONS ON FILING AND RECORDING CONVEYANCES.] In a municipality in which subdivision regulations are in force and have been filed or recorded as provided in this section, no conveyance of land to which the regulations are applicable shall be filed or recorded, if the land is described in the conveyance by metes and bounds or by reference to an unapproved registered land survey made after

April 21, 1961 or to an unapproved plat made after such regulations become effective. The foregoing provision does not apply to a conveyance if the land described:

(1) was a separate parcel of record April 1, 1945 or the date of adoption of subdivision regulations under Laws 1945, Chapter 287, whichever is the later, or of the adoption of subdivision regulations pursuant to a home rule charter, or

(2) was the subject of a written agreement to convey entered into prior to such time,

(3) was a separate parcel of not less than two and one-half acres in area and 150 feet in width on January 1, 1966, or

(4) was a separate parcel of not less than five acres in area and 300 feet in width on July 1, 1980, or

((4) (5) is a single parcel of *commercial or industrial* land of not less than five acres and having a width of not less than 300 feet and its conveyance does not result in the division of the parcel into two or more lots or parcels, any one of which is less than five acres in area or 300 feet in width (.), or

(6) is a single parcel of *residential or agricultural* land of not less than 20 acres and having a width of not less than 500 feet and its conveyance does not result in the division of the parcel into two or more lots or parcels, any one of which is less than 20 acres in area or 500 feet in width.

In any case in which compliance with the foregoing restrictions will create an unnecessary hardship and failure to comply does not interfere with the purpose of the subdivision regulations, the platting authority may waive such compliance by adoption of a resolution to that effect and the conveyance may then be filed or recorded. Any owner or agent of the owner of land who conveys a lot or parcel in violation of the provisions of this subdivision shall forfeit and pay to the municipality a penalty of not less than \$100 for each lot or parcel so conveyed. A municipality may enjoin such conveyance or may recover such penalty by a civil action in any court of competent jurisdiction."

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Section 116H.01, is amended to read:

116H.01 [FINDINGS AND PURPOSE.] The legislature finds and declares that (THE PRESENT RAPID) *continued* growth in demand for energy (IS IN PART DUE TO UNNECESSARY ENERGY USE; THAT A CONTINUATION OF THIS TREND WILL RESULT IN SERIOUS DEPLETION OF FINITE QUANTITIES OF FUELS, LAND AND WATER RESOURCES, AND THREATS TO THE STATE'S ENVIRONMENTAL QUALITY; THAT THE STATE MUST INSURE CONSIDERATION OF URBAN EXPANSION, TRANSIT SYSTEMS; ECONOMIC DEVELOPMENT, ENERGY CONSERVATION AND ENVIRONMENTAL PROTECTION IN PLANNING FOR LARGE ENERGY FACILITIES; THAT THERE IS A NEED TO CARRY OUT ENERGY CONSERVATION MEASURES; AND THAT ENERGY PLANNING, PRO-

TECTION OF ENVIRONMENTAL VALUES, DEVELOPMENT OF MINNESOTA ENERGY SOURCES, AND CONSERVATION OF ENERGY REQUIRE EXPANDED AUTHORITY AND TECHNICAL CAPABILITY AND A UNIFIED, COORDINATED RESPONSE WITHIN STATE GOVERNMENT.)

(THE LEGISLATURE SEEKS TO ENCOURAGE THRIFT IN THE USE OF ENERGY, AND TO MAXIMIZE USE OF ENERGY EFFICIENT SYSTEMS, THEREBY REDUCING THE RATE OF GROWTH OF ENERGY CONSUMPTION, PRUDENTLY CONSERVING ENERGY RESOURCES, AND ASSURING STATEWIDE ENVIRONMENTAL PROTECTION CONSISTENT WITH AN ADEQUATE, RELIABLE SUPPLY OF ENERGY.) *will cause severe social and economic dislocations, and that the state has a vital interest in providing for: increased efficiency in energy consumption, the development and use of renewable energy resources wherever possible, and the creation of an effective energy forecasting, planning and education program.*

The legislature further finds and declares that the protection of life, safety and financial security for citizens during an energy crisis is of paramount importance.

Therefore, the legislature finds that it is in the public interest to encourage and support those energy programs which will prevent the need for annual increases in fossil fuel consumption by 1990 and the need for additional electrical generating plants, and provide for an optimum combination of energy sources consistent with environmental protection and the protection of citizens.

The legislature intends to monitor through energy policy, planning, and implementation the transition from historic growth in energy demand to a period when demand for traditional fuels becomes stable and the supply of renewable energy resources is readily available and adequately utilized.

Sec. 2. [116H.089] [COMMUNITY ENERGY PLANNING; GRANTS.] *Subdivision 1. [PURPOSE.] In order to improve the energy planning capabilities of local governments, the energy agency shall make grants to counties and cities, however organized. The energy agency shall give priority when granting funds to those units of government that submit plans that would result in significant savings of traditional energy sources, development of renewable energy systems, and broad community involvement. The director shall give priority to local units of government which agree to pay part of the cost of a program and which request grants for programs which can be duplicated by other local governments. The grants may be used to purchase materials, employ staff or contract with other units of government or qualified consultants.*

Subd. 2. [QUALIFYING EXPENDITURES.] Community energy planning grants may be used for the following purposes:

(a) To gather, monitor, and analyze local energy supply, demand, and cost information;

(b) Preparation of community energy plans which may be incorporated into other community plans and ordinances;

(c) Implementation of programs which result in significant energy savings or the development of alternative and renewable energy resources and which have the potential to achieve community energy conservation goals; and

(d) To assist neighborhood organizations in counties, and cities to do energy planning; and

(e) Any other purposes deemed appropriate by the director of the energy agency.

Subd. 3. [ADMINISTRATION.] The energy agency shall determine priorities pursuant to subdivisions 1 and 2, and shall promulgate rules for the submission and review of applications in accordance with the provisions of chapter 15. For this purpose the energy agency may adopt temporary rules pursuant to the provisions of section 15.0412, subdivision 5.

Sec. 3. Minnesota Statutes 1978, Chapter 216B, is amended by adding a section to read:

[216B.165.] [ENERGY AUDITS.] Subdivision 1. A customer who asks a public utility to perform an energy audit of his residence pursuant to 42 U.S.C. 8211 shall pay no more than \$10 of the administrative and general expenses associated with the audit. The remainder of the administrative and general expenses of operating a program of energy audits pursuant to 42 U.S.C. 8211, including those associated with program audits, list distribution, customer billing services, arranging services and post-installation inspections shall be treated as current operating expenses of providing utility service and shall be charged to all ratepayers of the public utility in the same manner as other current operating expenses of providing utility service.

Subd. 2. All audits performed pursuant to 42 U.S.C. 8211 of residences which are required by section 116H.129, subdivision 3 to comply with energy efficiency standards shall include a separate list of those improvements to the residence which are required to bring the residence into compliance with section 116H.129, subdivision 3, and a statement describing remedies available to tenants for violations.

Sec. 4. Minnesota Statutes, 1979 Supplement, Section 116H.13, Subdivision 7, is amended to read:

Subd. 7. Other state agencies authorized to issue permits for siting, construction or operation of large energy facilities, including the department of public service when the proposed facility would be subject to its ratemaking authority, shall present their position regarding need and participate in the public hearing process prior to the issuance or denial of a certificate of need. Issuance or denial of certificates of need shall be the sole and exclusive prerogative of the director and said determinations and certificates shall be binding upon other state departments and agencies, regional, county and local governments and special purpose government districts except as provided in sections 116C.01 to 116C.08 and 116D.04, subdivision 9.

Sec. 5. [APPROPRIATION.] *Subdivision 1. There is appropriated from the general fund to the energy agency the sum of \$50,000 to administer the grant program established by section 2 and to develop model community energy plans and ordinances of statewide applicability pursuant to section 2. This appropriation shall remain available until June 30, 1981. The approved complement of the energy agency is increased by one person.*

Subd. 2. There is appropriated from the general fund to the energy agency the sum of \$2,000,000 for the grants established by section 2. The appropriation shall not cancel but shall remain available until expended.

ARTICLE II

Section 1. [EMERGENCY RESIDENTIAL HEATING GRANTS.] *Subdivision 1. The commissioner of economic security shall make grants to community action agencies, county boards, or other public or private nonprofit agencies for the purpose of providing emergency residential heating grants to low income households. These grants shall be made to the same agencies and in the same manner as provided for federal grants under the energy crisis assistance program of 42 U.S.C.A., Section 2809, Paragraph (a), Clause (5), except as otherwise provided in sections 1 to 5.*

Subd. 2. The commissioner of economic security shall promulgate rules that provide: (a) procedures for the administration of grants; (b) data to be reported by grant recipients and heating fuel suppliers; and (c) other matters the commissioner finds necessary for the proper administration of the state and federal grant programs. The rules may take effect as temporary rules upon approval by the attorney general and without the normal publication in the state register and, 20 day wait for comments from the public, and may be amended in the same manner at a later date if comments from the public demonstrate that amendments are justified.

viduals and shall not be disclosed except as provided for data in the welfare system under Minnesota Statutes, 1979 Supplement, Section 15.1691.

Sec. 2. [ALLOCATIONS.] Money appropriated under section 12, subdivision 1, clauses (a) to (e) shall be allocated among local administrative agencies on the basis of the number of households in the area served by the agency whose income falls within the limits specified in section 3, subdivision 1, in relation to the total of these households in the state.

Sec. 3. [ELIGIBILITY; AMOUNT OF GRANT.] Subdivision 1. [INCOME LIMITS.] Emergency residential heating grants under this section shall be paid only to households not eligible for the federal energy crisis assistance program and whose total household income does not exceed the following limits:

In determining total household income, a household with earned income may deduct from earned income state and federal income taxes and social security contributions. In addition, a household may deduct medical expenses which are not reimbursed by insurance or other sources and which exceed three percent of the household income.

Subd. 2 [AMOUNT OF GRANT.] The amount of a grant under this section, in combination with the special grant paid by the federal government directly to recipients of supplemental security income and money available to the state under the HEW block grant program shall be the least of:

Grants for recipients who use two or more types of fuel shall be based on the household's primary energy source.

Users of wood as the primary heating source, whether the wood is purchased or not, shall be eligible for assistance under this section.

Grants shall not be considered as income or resources under any other public or publicly assisted income tested program.

Sec. 4. [LEGISLATIVE AUDITOR REPORT.] *The legislative auditor shall submit to the legislature by January 1 of each year an audit report of the department of economic security concerning their administration of the emergency residential heating grant program. This report shall also contain a summary of the audit results of the local agencies involved in the administration of this program.*

These financial and compliance audits of the local agencies shall be initiated, monitored, and approved by the department of economic security. The legislative auditor must approve the selection of the auditors and scope of the audit.

Sec. 5. Minnesota Statutes, 1979 Supplement, Section 268.37, is amended to read:

268.37 [COORDINATION OF FEDERAL AND STATE RESIDENTIAL WEATHERIZATION PROGRAMS.] Subdivision 1. The department of economic security is the state agency to apply for, receive, and disburse (FEDERAL) money made available to the state by federal law (OR RULES PROMULGATED THEREUNDER) for the purpose of weatherizing the residences of low-income persons. The commissioner of economic security shall coordinate available federal money with (ANY) state money appropriated for this purpose.

Subd. 2. The commissioner shall make grants of federal and state money to community action agencies and other public or private nonprofit agencies for the purpose of weatherizing the residences of low-income persons. Grant applications shall be submitted in accordance with rules developed pursuant to 42 U.S.C., Sections 6861 to 6872, any other relevant federal weatherization program, and rules promulgated by the commissioner.

Subd. 3. The commissioner shall promulgate temporary rules as necessary to administer the grants program (BY JULY 1, 1979) and shall promulgate permanent rules by July 1, 1980. The rules shall describe: (a) procedures for the administration of grants, (b) data to be reported by grant recipients, and (c)

other matters the commissioner finds necessary for the proper administration of the grant program including compliance with relevant federal regulations. Weatherization assistance shall be given to households where the total income does not exceed 125 percent of the poverty level as updated by the federal office of management and budget poverty guidelines.

Subd. 4. [SUPPLEMENTARY STATE GRANTS.] *The commissioner shall distribute supplementary state grants in a manner consistent with the goal of producing the maximum number of weatherized units feasible. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production of weatherized units.*

Criteria for the allocation of state grants to local agencies include: (a) existing local agency production levels, (b) availability of CETA resources in the area, (c) emergency needs, and (d) the potential for maintaining or increasing acceptable levels of production in the area.

An eligible local agency may receive advance funding for 90 days' production, but thereafter shall receive grants solely on the basis of program criteria.

Subd. 5. The commissioner shall submit reports to the legislature by March 1 of each year, (1980, AND MARCH 1, 1981,) evaluating the weatherization program. The reports shall describe: (a) the number of households weatherized, (b) the average cost per household, (c) any change in energy consumption after weatherization, (d) outreach efforts, and (e) any other information the commissioner feels is relevant, including information routinely submitted to the federal government.

Sec. 6. Minnesota Statutes 1978, Section 462A.05, is amended by adding a subdivision to read:

Subd. 15b. It may make grants to assist in energy conservation rehabilitation measures for existing owner occupied housing including, but not limited to: insulation, storm windows and doors, furnace or space heater repair, cleaning or replacement, chimney construction or improvement, weatherstripping and caulking, and structural or other directly related repairs essential for energy conservation. The grant to any household shall not exceed \$2,000.

To be eligible for an emergency conservation grant, a household must be certified as eligible to receive emergency residential heating assistance under either the federal or the state program, and either (1) have had a heating cost for the preceding heating season that exceeded 120 percent of the regional average for the preceding heating season for that energy source as determined by the energy agency, or (2) be eligible to receive a

federal energy conservation grant, but be precluded from receiving the grant because of a need for directly related repairs that cannot be paid for under the federal program. The housing finance agency shall make a reasonable effort to determine whether other state or federal loan and grant programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs that finance other needed rehabilitation work. The receipt of a grant pursuant to this section shall not affect the applicant's eligibility for other housing finance agency loan or grant programs.

Temporary rules to implement this subdivision may be promulgated and amended pursuant to chapter 15. The temporary rules may remain in effect until July 1, 1981.

Sec. 7. Minnesota Statutes 1978, Section 462A.21, is amended by adding a subdivision to read:

Subd. 4g. It may make emergency energy conservation grants as provided in section 9 and may pay the costs and expenses necessary and incidental to the development of the emergency energy conservation grant program.

Sec. 8. [STATE PLAN FOR SPENDING FEDERAL MONEY.] *Subdivision 1. The governor shall submit to the appropriate federal agency a state delivery plan for money the state receives under the Federal Home Energy Assistance Act of 1980, that includes the following elements:*

(a) Those households in which one or more individuals are eligible for (a) aid to families with dependent children, (b) supplemental security income payments, (c) food stamps, or (d) certain veteran's benefits as limited by the Home Energy Assistance Act of 1980 shall be categorically eligible for assistance under the state plan, and procedures for simplified application shall be developed.

(b) Users of wood as a primary heating source, whether the wood is purchased or not, shall be eligible for assistance if otherwise eligible under federal law.

(c) Grants under the state plan may be in the form of a direct payment to an eligible household or as a line of credit to an energy supplier. The plan shall describe the conditions under which direct payment is permitted.

(d) Eligible households that have medically necessary cooling costs, as limited by federal law, shall be eligible for assistance.

(e) *The state plan shall provide that three percent of the federal money shall be set aside for the emergency uses specified in federal law.*

Subd. 2. Before the state plan is submitted to the appropriate federal agency, the governor shall deliver the plan to the appropriate committees of the legislature for review and comment. Thereafter, the governor shall notify the committees of any changes made in the plan.

Sec. 9. [APPROPRIATIONS.] *Subdivision 1. The sum of \$20,000,000 is appropriated from the general fund to the commissioner of economic security for the purposes specified in this subdivision, to be available for the fiscal year ending June 30 in the year indicated.*

1980 1981

(a) *For the purposes specified in Section 1. \$5,000,000*

Any unencumbered balance remaining in the first year does not cancel, but is available for the second year of the biennium for the purposes specified in clause (c)

(b) *For emergency residential heating assistance \$6,000,000*

(1) *If for any reason, federal money is not available, this appropriation may be used for grants to be made pursuant to the current state plan.*

(2) *If federal money is available to pay energy grants to persons eligible under section 1, up to \$5,000,000 of the money appropriated in clause (c) is available for any state matching requirement required by a federal energy assistance program.*

(3) *If a household's income does not exceed 168 percent of office of management and budget nonfarm poverty guidelines and the household is not eligible for assistance under the federal program for fiscal year 1981, the money appropriated in clauses (b) and (c) is available for grants in the same manner, and form as is specified in the state plan for the fed-*

eral energy assistance program for fiscal year 1981.

(c) If grants are paid from the appropriation of state money in clauses (b) and (c) to persons eligible to receive grants for the same purpose from federal money, the appropriations shall be reimbursed for those grants from federal money when the federal money becomes available if reimbursement is permitted under federal law.

(d) Local administrative agencies may retain up to five percent of the appropriations in clauses (a), (b), and (c) for administrative costs. The state administrative agency may retain up to two percent of the appropriation for administrative costs.

(e) Weatherization of residences pursuant to section 5 to be available until June 30, 1981. Local administrative agencies may retain up to 7-1/2 percent of the appropriation in clause (e) for administrative costs. The state administrative agency may retain up to two percent of the appropriation in clause (e) for administrative costs. \$9,000,000

The sum of \$4,000,000 is appropriated from the general fund to the housing development fund created by Section 462A.20, for the purpose of the emergency energy conservation grant program specified in sections 6 and 7, and for the payment of related costs and expenses. The complement of the housing finance agency is increased by two positions.

Subd. 3. The sum of \$1,000,000 is appropriated from the general fund to the commissioner of public welfare to reimburse counties for the county portion of expenses incurred by them in providing residential heating assistance under the emergency assistance and special needs allowance programs during fiscal years 1980 and 1981. No county match is required for this money.

ARTICLE IV

Section 1. [216B.241] [ENERGY CONSERVATION IMPROVEMENTS.] *Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision shall have the meanings given them:*

(a) "Commission" means the public service commission, department of public service;

(b) "Energy conservation improvement" means the purchase or installation of any device, method or material that increases the efficiency in the residential use of electricity or natural gas including, but not limited to:

- (1) insulation and ventilation;
- (2) storm or thermal doors or windows;
- (3) caulking and weatherstripping;
- (4) furnace efficiency modifications;
- (5) thermostat or lighting controls;
- (6) awnings; or

(7) systems to turn off or vary the delivery of energy. The term "energy conservation improvement" does not include any device or method which creates, converts or actively uses energy from renewable sources such as solar, wind and biomass.

(c) "Investments and expenses of a public utility" includes the investments and expenses incurred by a public utility in connection with an energy conservation improvement including, but not limited to:

(1) the differential in interest cost between the market rate and the rate charged on a no interest or below market interest loan made by a public utility to a customer for the purchase or installation of an energy conservation improvement;

(2) the difference between the utility's cost of purchase or installation of energy conservation improvements and any price charged by a public utility to a customer for such improvements.

(d) "Public utility" has the same meaning as given that term in section 216B.02, subdivision 4. For the purposes of this section, "public utility" shall not include cooperative electric associations that become subject to rate regulation after the effective date of this act.

Subd. 2. [PROGRAMS.] Prior to January 1, 1981, the commission, after consultation with the energy agency, shall initiate a pilot program designed to demonstrate the feasibility of investments and expenses of a public utility in energy conservation improvements. The commission, as part of the pilot program, shall order at least one public utility to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements shall be offered to the customers. The commission shall not order a utility to make any energy conservation improvement investment or expenditure unless it first finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. Investments and expenditures made pursuant to such orders shall be treated for ratemaking purposes in the manner prescribed in section 2 of this act. No utility shall make an energy conservation improvement pursuant to this section to a residential building envelope unless it is the primary supplier of energy used for either space heating or cooling in the building.

Subd. 3. [OWNERSHIP OF RESIDENTIAL ENERGY CONSERVATION IMPROVEMENTS.] Any energy conservation improvement made to or installed in any residential building pursuant to this section shall be the exclusive property of the owner of said building except insofar as it is subjected to a security interest in favor of the utility in case of a loan to the building owner. The utility shall have no liability for loss, damage or injury caused directly or indirectly by any energy conservation improvement except for negligence by the utility in purchase, installation, or modification of the product.

Subd. 4. [FEDERAL LAW PROHIBITIONS.] If investments by public utilities in energy conservation improvements are in any manner prohibited or restricted by federal law and there is a provision under which such prohibition or restriction may be waived, then the commission, the governor, or any other necessary state agency or officer shall take all necessary and appropriate steps to secure such waiver with respect to those public utility investments in energy conservation improvements included in this section.

Sec. 2. Minnesota Statutes 1978, Section 216B.16, is amended by adding a subdivision to read:

Subd. 6b. All investments and expenses of a public utility incurred in connection with energy conservation improvements as defined in section 1, subdivision (1)(c) shall be recognized and included by the commission in the determination of just and reasonable rates as if the investments and expenses were directly made or incurred by the utility in furnishing utility service.

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 116H.13, Subdivision 3, is amended to read:

Subd. 3. No proposed large energy facility shall be certified for construction unless the applicant has justified its need. In assessing need, the director shall evaluate:

(1) The accuracy of the long range energy demand forecasts on which the necessity for the facility is based;

(2) The effect of existing or possible energy conservation programs under sections 116H.01 to 116H.15 or other federal or state legislation on long term energy demand;

(3) The relationship of the proposed facility to overall state energy needs, such as are described in the most recent state energy policy and conservation report prepared pursuant to section 116H.11;

(4) Promotional activities which may have given rise to the demand for this facility;

(5) Socially beneficial uses of the output of this facility, including its uses to protect or enhance environmental quality;

(6) The effects of the facility in inducing future development;

(7) Possible alternatives for satisfying the energy demand including but not limited to potential for increased efficiency of existing energy generation facilities;

(8) The policies, rules and regulations of other state and federal agencies and local governments (.); and

(9) *Any feasible combination of energy conservation improvements, required by the public service commission pursuant to section 1, that can (1) replace part or all of the energy to be provided by the proposed facility, and (2) compete with it economically."*

Further, delete the title and insert:

"Section 1. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 1a. [DEFINITIONS.] For the purposes of sections 116D.01 to 116D.07, the following terms have the meanings given to them in this subdivision.

(a) "Natural resources" has the meaning given it in section 116B.02, subdivision 4.

(b) "Pollution, impairment or destruction" has the meaning given it in section 116B.02, subdivision 5.

(c) "Environmental assessment worksheet" means a brief document which is designed to set out the basic facts necessary to determine whether an environmental impact statement is required for a proposed action.

(d) "Governmental action" means activities, including projects wholly or partially conducted, permitted, assisted, financed, regulated or approved by units of government including the federal government.

(e) "Governmental unit" means any state agency and any general or special purpose unit of government in the state including, but not limited to, watershed districts organized under chapter 112, counties, towns, cities, port authorities and housing authorities, but not including courts, school districts and regional development commissions other than the metropolitan council.

Sec. 2. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 2a. Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact

statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action.

(a) The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section.

(b) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet in a manner to be determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30 day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chairman may extend the 15 day period by not more than 15 additional days upon the request of the responsible governmental unit.

(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 25 individuals, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chairman of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chairman may extend the 15 day period by not more than 15 additional days upon request of the responsible governmental unit.

(d) *The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.*

(e) *An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alternatives which are appropriate for consideration in the statement. In addition, the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.*

(f) *Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement.*

(g) *An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.*

Sec. 3. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 3a. Within 90 days after final approval of an environmental impact statement, final decisions shall be made by the appropriate governmental units on those permits which were identified as required and for which information was developed concurrently with the preparation of the environmental impact statement. Provided, however, that the 90 day period may be extended where a longer period is required by federal law or state statute or is consented to by the permit applicant. The

permit decision shall include the reasons for the decision, including any conditions under which the permit is issued, together with a final order granting or denying the permit.

Sec. 4. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 4a. The board shall by rule identify alternative forms of environmental review which will address the same issues and utilize similar procedures as an environmental impact statement in a more timely or more efficient manner to be utilized in lieu of an environmental impact statement.

Sec. 5. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 5a. The board shall, by January 1, 1981, promulgate rules in conformity with this chapter and the provisions of chapter 15, establishing:

(a) The governmental unit which shall be responsible for environmental review of a proposed action;

(b) The form and content of environmental assessment worksheets;

(c) A scoping process in conformance with subdivision 2a, clause (e);

(d) A procedure for identifying during the scoping process the permits necessary for a proposed action and a process for coordinating review of appropriate permits with the preparation of the environmental impact statement;

(e) A standard format for environmental impact statements;

(f) Standards for determining the alternatives to be discussed in an environmental impact statement;

(g) Alternative forms of environmental review which are acceptable pursuant to subdivision 4a;

(h) A model ordinance which may be adopted and implemented by local governmental units in lieu of the environmental impact statement process required by this section, providing for an alternative form of environmental review where an action does not require a state agency permit and is consistent with an applicable comprehensive plan. The model ordinance shall provide for adequate consideration of appropriate alternatives, and shall ensure that decisions are made in accordance with the policies and purposes of this act;

(i) *Procedures to reduce paperwork and delay through inter-governmental cooperation and the elimination of unnecessary duplication of environmental reviews;*

(j) *Procedures for expediting the selection of consultants by the governmental unit responsible for the preparation of an environmental impact statement; and*

(k) *Any additional rules which are reasonably necessary to carry out the requirements of this section.*

Sec. 6. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 6a. Prior to the preparation of a final environmental impact statement, the governmental unit responsible for the statement shall consult with and request the comments of every governmental office which has jurisdiction by law or special expertise with respect to any environmental effect involved. Copies of the drafts of such statements and the comments and views of the appropriate offices shall be made available to the public. The final detailed environmental impact statement and the comments received thereon shall precede final decisions on the proposed action and shall accompany the proposal through an administrative review process.

Sec. 7. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 10. Decisions on the need for an environmental assessment worksheet, the need for an environmental impact statement and the adequacy of an environmental impact statement may be reviewed by a declaratory judgment action in the district court of the county wherein the proposed action, or any part thereof, would be undertaken. Judicial review under this section shall be initiated within 30 days after the governmental unit makes the decision, and a bond may be required under section 562.02 unless at the time of hearing on the application for the bond the plaintiff has shown that the claim has sufficient possibility of success on the merits to sustain the burden required for the issuance of a temporary restraining order. Nothing in this section shall be construed to alter the requirements for a temporary restraining order or a preliminary injunction pursuant to the Minnesota Rules of Civil Procedure for District Courts. The Board may initiate judicial review of decisions referred to herein and may intervene as of right in any proceeding brought under this subdivision.

Sec. 8. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 11. If the board or governmental unit which is required to act within a time period specified in this section fails to so act,

any person may seek an order of the district court requiring the board or governmental unit to immediately take the action mandated by subdivisions 2a and 3a.

Sec. 9. Rules adopted under the authority of section 116D.04 which are in effect on the effective date of this act shall remain in effect until the rules required by this section become effective.

Sec. 10. [REPEALER.] Minnesota Statutes 1978, Section 116D.04, Subdivisions 1, 2, 3, 4 and 5 are repealed.

Sec. 11. [EFFECTIVE DATE.] Sections 1 to 10 are effective the day following final enactment."

(d) Develop, revise and monitor a statewide rail transportation plan as part of the statewide transportation planning process, including a study and evaluation of alternative methods for insuring adequate and economical transportation of agricultural commodities, supplies and other goods to and from rural areas of the state. The plan (MAY) shall include an analysis of rail lines in the state for the purpose of determining: (1) eligibility of rail lines for assistance under federal and state rail assistance programs; (2) *eligibility of rail lines for inclusion in the state rail bank*; and ((2)) (3) the actions required by the state to insure the continuation of rail service that meets essential state needs and objectives.

Sec. 2. Minnesota Statutes, 1979 Supplement, Section 222.50, Subdivision 7, is amended to read:

Subd. 7. The commissioner may expend money from the rail service improvement account for the following purposes:

(a) To pay interest adjustments on loans guaranteed under the state rail user loan guarantee program;

(b) To pay a portion of the costs of capital improvement projects designed to improve rail service including construction or improvement of short segments of rail line such as side track, team track and connections between existing lines, and construction and improvement of loading, unloading, storage and transfer facilities of a rail user;

(c) To acquire, maintain, manage and dispose of railroad right-of-way pursuant to subdivision 8 *and the state rail bank program*; (.)

(d) To provide for aerial photography survey of proposed and abandoned railroad tracks for the purpose of recording and re-establishing by analytical triangulation the existing alignment of the in-place track.

All money derived by the commissioner from the disposition of railroad right-of-way or of any other property acquired pursuant to sections 222.46 to 222.62 shall be deposited in the rail service improvement account.

Sec. 3. Minnesota Statutes 1978, Chapter 222, is amended by adding a section to read:

[222.63] [ABANDONED RIGHT-OF-WAY; STATE RAIL BANK.] *Subdivision 1. [DEFINITION.] For the purpose of this section the term "abandoned", when used with reference to a railroad line or right-of-way, means a line or right-of-way with respect to which the interstate commerce commission or other empowered authority has found that the public convenience and necessity permit discontinuance of rail service.*

Subd. 2. [ESTABLISHMENT; ACQUISITION; ELIGIBLE PROPERTIES.] A state rail bank is established for the acquisition, preservation and disposition of abandoned railroad right-of-way for future use for commercial transportation and transmission. The commissioner of transportation may acquire by purchase or otherwise all or part of any abandoned railroad right-of-way which is necessary for inclusion in the state rail bank to meet the future commercial transportation needs of the state. The commissioner shall not acquire any interest in an abandoned right-of-way for inclusion in the state rail bank by eminent domain except when all owners as defined in section 117.025 that are known to the court have no objection to the taking.

An abandoned right-of-way is eligible for inclusion in the state rail bank if the right-of-way meets one or more of the following criteria:

(a) Provides or is expected to provide access to a present or proposed major energy generating or using facility such as an electrical generating plant, major heating plant or other major industrial user of energy;

(b) Provides or is expected to provide access to a major storage or terminal facility in the marketing of agricultural commodities and forest products;

(c) Provides important access to surrounding states;

(d) Is a present or potential corridor for a pipeline, electrical transmission line, highway, transit route, rail freight or

passenger line or other similar commercial transportation use;
or

(e) Provides access to an extractive resource requiring transportation and transmission rail services for its development.

The commissioner shall provide for the maintenance including control of weeds, of any right-of-way that is included in the rail bank. The commissioner shall provide for the maintenance and management of any right-of-way that is acquired under the rail bank program in a manner that minimizes maintenance costs and provides a benefit to the state. The commissioner may allow interim uses of the right-of-way compatible with the adjacent land use. The commissioner may also require that any existing railroad track that is included in the acquired right-of-way shall not be removed during the period the right-of-way is included in the state rail bank.

Subd. 3. [PUBLIC AND AGENCY PARTICIPATION.] If the commissioner desires to acquire, dispose of or utilize any right-of-way which he is authorized to acquire or has acquired pursuant to authorization under subdivision 2, he shall publish a notice of the proposed action in the state register and in at least one newspaper of general circulation in the area where the right-of-way is located. If any person objects in writing to the proposed action within 30 days of publication of notice the commissioner shall proceed in the manner provided for a contested case. If no written objection is received the commissioner may take the proposed action only after holding a public meeting to seek public comment on the action. At least one hearing or meeting required under this subdivision shall be held in the area where the right-of-way is located.

Subd. 4. [DISPOSITION PERMITTED.] The commissioner shall lease any right-of-way acquired under the state rail bank program for any of the purposes set forth in subdivision 2 in accordance with a fee schedule to be developed by the commissioner in consultation with the advisory task force established in section 222.65.

Subd. 5. [SPECIFIC USE OF RIGHT-OF-WAY; DISPOSITION REQUIRED.] If a property acquired for the state rail bank has not been disposed of according to subdivision 4 and no specific commercial transportation use for that property has been identified by the commissioner within 20 years after its acquisition the commissioner shall offer it for sale to the owners of private property adjacent to the rail bank property. If a specific commercial transportation use has been identified for a rail bank property but the property is not disposed of or utilized as provided in subdivision 4 within 30 years after its acquisition it shall be offered for sale to the owners of private property ad-

jaacent to the rail bank property. The commissioner may not offer any property required to be disposed of under this subdivision to any other state department or agency until the owners of adjacent private property have had an opportunity for at least six months to make offers to purchase the property from the commissioner at its fully appraised value.

Subd. 6. [INTERVENTION IN ABANDONMENT PROCEEDING.] The commissioner may intervene in a proceeding of the interstate commerce commission on the issue of suitability for a public use of a rail line proposed to be abandoned if the commissioner finds that the right-of-way of the line would be eligible for inclusion in the state rail bank. To the extent practicable before intervening as provided in this section the commissioner shall hold at least one public meeting in the area in which the line is located to solicit opinions of interested persons concerning the commissioner's proposed action.

Subd. 7. [RULES.] The commissioner of transportation shall adopt rules necessary to establish criteria for properties eligible for inclusion in the rail bank and to establish public procedures for acquisition and disposition of rail bank properties.

Sec. 4. Minnesota Statutes, 1979 Supplement, Section 222.65, is amended to read:

222.65 [ADVISORY TASK FORCE.] The commissioner of transportation may establish an advisory task force in the manner provided in section 15.059 to advise the department concerning the implementation of the rail service improvement program, the federal rail service continuation program, the state rail bank program, and the rail user loan guarantee program. The task force may include representatives of departments of agriculture, commerce, economic development, the energy agency, state planning agency, railroad companies, railroad labor organizations, and rail users."

Sec. 2. Minnesota Statutes 1978, Section 271.01, Subdivision 1, is amended to read:

271.01 [CREATION.] Subdivision 1. [MEMBERSHIP, APPOINTMENT, QUALIFICATIONS.] There is hereby created a tax court as an independent agency of the executive branch of the government. The tax court shall consist of three judges, each of whom shall be a citizen of the state, appointed by the governor, by and with the advice and consent of the senate, for a term of six years commencing at the expiration of the preceding term. Any vacancy shall be filled by the governor for the unexpired term, subject to confirmation by the senate. The terms of the judges shall end on the first Monday in January. The terms of the judges shall be staggered. The initial three terms to be filled pursuant to Laws 1977, Chapter 307 will expire on the first Monday in January in the following years: 1979, 1981, and 1983. Judges may serve until their successors are appointed and qualify. They shall be *learned in the law and shall be* selected on the basis of their experience with and knowledge of taxation and tax laws. The judges of the tax court shall be subject to the provisions of the Minnesota Constitution, Article VI, Section 6, the jurisdiction of the commission on judicial standards, as provided in sections 490.15 and 490.16, and the provisions of the code of judicial conduct.

Sec. 3. Minnesota Statutes 1978, Section 278.01, Subdivision 1, is amended to read:

278.01 [DEFENSE OR OBJECTION TO TAX ON LAND; SERVICE AND FILING.] Subdivision 1. Any person having any estate, right, title, or interest in or lien upon any parcel of land, who claims that such property has been partially, unfairly, or unequally assessed *in comparison with other property in the city or county*, or that (SUCH) the parcel has been assessed at a valuation greater than its real or actual value, or that the tax levied against the same is illegal, in whole or in

part, or has been paid, or that the property is exempt from the tax so levied, may have the validity of his claim, defense, or objection determined by the district court of the county in which the tax is levied or by the tax court by serving two copies of a petition for such determination upon the county auditor and one copy each on the county treasurer and the county attorney and filing the same, with proof of (SUCH) service, in the office of the clerk of the district court before the first day of June of the year in which (SUCH) *the* tax becomes payable. The county auditor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A petition for determination under this section may be transferred by the district court to the tax court. *An appeal may also be taken to the tax court under chapter 271 at any time following receipt of the valuation notice required by section 273.121 but prior to June 1 of the year in which the taxes are payable.*

Sec. 4. Minnesota Statutes 1978, Section 278.05, is amended to read:

278.05 [TRIAL OF ISSUES.] *Subdivision 1.* (SUCH) *The* petition, without any answer, return, or other pleading thereto, shall (STAND FOR TRIAL AT ANY GENERAL TERM IN SESSION WHEN THE SAME IS FILED; OR, IF THE COURT BE NOT THEN IN SESSION,) *be tried* at the next (GENERAL OR SPECIAL) term (APPOINTED TO BE HELD IN THE COUNTY; AND, IF NO SUCH TERM BE APPOINTED TO BE HELD WITHIN 30 DAYS THEREAFTER, THE SAME SHALL BE BROUGHT TO TRIAL AT ANY GENERAL TERM APPOINTED TO BE HELD WITHIN THE JUDICIAL DISTRICT UPON TEN DAYS NOTICE) *of court. The court shall without delay summarily hear and determine the claims, objections or defenses made by the petition and shall direct judgment accordingly, and the trial shall disregard technicalities and matters of form not affecting the merits.*

Subd. 2. If the property on which the taxes have been levied is located in a home rule charter or statutory city or town which employs its own certified assessor, the attorney for that governmental unit may, within 20 days after receipt by the governmental unit of the copy of the petition forwarded by the county auditor, give notice to the county attorney and to the petitioner or his attorney that the home rule charter or statutory city or town is taking charge of and prosecuting the proceeding. If the attorney for the home rule charter or statutory city or town does not give (SUCH) notice, the attorney of the county in which these taxes are levied shall take charge of and prosecute (SUCH) *the* proceedings, but the county board may employ any other attorney to assist him. (AT THE TERM AT WHICH SUCH PETITION COMES ON FOR TRIAL IT SHALL TAKE

PRECEDENCE OF ALL OTHER BUSINESS BEFORE THE COURT. THE COURT SHALL WITHOUT DELAY SUMMARILY HEAR AND DETERMINE THE CLAIMS, OBJECTIONS, OR DEFENSES MADE BY THE PETITION AND SHALL DIRECT JUDGMENT ACCORDINGLY, AND THE TRIAL THEREOF SHALL DISREGARD ALL TECHNICALITIES AND MATTERS OF FORM NOT AFFECTING THE SUBSTANTIAL MERITS.)

Subd. 3. Assessor's records, including certificates of real estate value, assessor's field cards and property appraisal cards shall be made available to the petitioner for inspection and copying and may be offered at the trial subject to the applicable rules of evidence and rules governing pre-trial discovery and shall not be excluded from discovery or admissible evidence on the grounds that the documents and the information recorded thereon are confidential or classified as private data on individuals. Evidence of comparable sales of other property shall, within the discretion of the court, be admitted at the trial.

Subd. 4. The sales ratio studies published by the department of revenue, or any part of the studies, or any copy of the studies or records accumulated to prepare the studies which is prepared by the commissioner of revenue for the equalization aid review committee for use in determining school aids shall be admissible in evidence as a public record without the laying of a foundation.

Subd. 5. Any time after the filing of the petition and before the trial of the issues raised thereby, when the defense or claim presented is that the property has been partially, unfairly, or unequally assessed, or that (SUCH) the parcel has been assessed at a valuation greater than its real or actual value, or that a parcel which is classified as homestead under the provisions of section 273.13, subdivisions 6, 6a, 7, 7b, 10 or 12, has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class in that portion of the county in which the parcel is located, for which the commissioner is able to establish and publish a sales ratio study, the attorney representing the state, county, city or town in the proceedings may serve on the petitioner, or his attorney, and file with the clerk of the district court, an offer to reduce the valuation of any tract or tracts to a valuation set forth in the offer. If, within ten days thereafter, the petitioner, or his attorney, (SHALL GIVE) gives notice in writing to the county attorney, or the attorney for the city or town, that the offer is accepted, he may file (SAME) the offer with proof of (SUCH) notice, and (THEREUPON) the clerk shall enter judgment accordingly. Otherwise, the offer shall be deemed withdrawn and evidence thereof shall not be given; and, (IF) unless a lower valuation than specified in the offer (BE NOT) is found by the court, no costs or disburse-

ments shall be allowed to the petitioner, but the costs and disbursements of the state, county, city or town, including interest at six percent on the tax based on the amount of (SUCH) *the* offer from and after the first day of November of the year (SUCH) *the* taxes are payable, shall be taxed in its favor and included in the judgment and when collected shall be credited to the county revenue fund, unless the taxes were paid in full before the first day of November of the year in which (SUCH) *the* taxes were payable, in which event interest shall not be taxable.

Sec. 5. Minnesota Statutes 1978, Section 278.08, is amended to read:

278.08 [INTEREST.] If the tax (BE) *is* sustained in full as levied, the judgment shall include any (PENALTIES OR) interest which (HAVE) *has* then accrued thereon for failure to pay the same, or any part thereof, at the time required by law. If the tax (BE) *is* reduced, no penalties and interest shall be included in the judgment because of the failure to pay (SUCH) *the* reduced tax prior to the entry thereof. The judgment shall be subject to (SUCH) interest or penalties as would under the law attach to the tax embraced therein after the entry thereof.

Sec. 6. *This act is effective the day after final enactment.*"

Further amend by striking the title and inserting:

"A bill for an act relating to taxation; removing limitations on the admissibility of sales ratio studies; providing that property tax court judges shall be learned in the law; providing that certain documents be made available to the petitioner and providing for their admittance as evidence; providing that tax court judgments will not include penalties; amending Minnesota Statutes 1978, Sections 271.01, Subdivision 1; 278.01, Subdivision 1; 278.05; and 278.08; Minnesota Statutes, 1979 Supplement, Section 124.212, Subdivision 11."

(8) Who, if single, does not have more than \$2,000 in cash or liquid assets, plus \$150 for each additional legal dependent or, if married, whose cash or liquid assets do not exceed \$10,000, except that the value of the homestead and one automobile shall be disregarded; and

(9) Who has or anticipates receiving an annual income not in excess of \$2,600 for a single person, or \$3,250 for two family members (man and wife, parent and child, or two siblings), plus \$625 for each additional legal dependent, or who has income in excess of these maxima and in the month of application, or during the three months prior to the month of application, incurs expenses for medical care that total more than one-half of the annual excess income in accordance with the regulations of the state agency. In computing income to determine eligibility of persons who are not residents of long term care facilities, the commissioner shall, beginning in July 1979, disregard increases in income of social security or supplementary security income recipients due solely to increases required by sections 215(i) and 1617 of the social security act. *In assessing income, the income disregard available to disabled persons who are not residents of long term care facilities in determining eligibility for supplemental aid under Minnesota Statutes, Section 256D.37, Subdivision 1, shall be applied to disabled persons who are not residents of long term care facilities under this section.* In excess income cases, eligibility shall be limited to a period of six months beginning with the first of the month in which these medical obligations are first incurred.

In licensed nursing home and state hospital cases, income over and above that required for justified needs, determined pursuant to a schedule of contributions established by the commissioner of public welfare, is to be applied to the cost of institutional care. The commissioner of public welfare may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care and shall seek a waiver from federal regulations which establish the amount required to be contributed by either spouse when one spouse is a nursing home resident; and

of medical care for himself, his spouse, and children. The state agency may require from any applicant or recipient of medical assistance the assignment of any rights accruing under private health care coverage. Any rights or amounts so assigned shall be applied against the cost of medical care paid for under this chapter. Any assignment shall not be effective as to benefits paid or provided under automobile accident coverage and private health care coverage prior to receipt of the assignment by the person or organization providing the benefits.

[CREDIT OF INCOME TOWARDS SUBSEQUENT APPROPRIATIONS.] Notwithstanding provisions of section 10, the net income of the state bond fund after the recovery of any losses from the sale of securities shall be deducted from the amount of any subsequent appropriations for the payment of principal and interest of state bonds.

Sec. 14. [11A.14] [PERMANENT SCHOOL FUND.] *Subdivision 1. [ESTABLISHMENT.] Pursuant to Article XI, Section 8, of the constitution of the state of Minnesota, there is hereby established a permanent school fund which shall be a continuation of the permanent school fund in existence on January 1, 1980.*

Subd. 2. Subd. 5. [CALCULATION OF INCOME.] *As of the end of each fiscal year, the board shall calculate the investment income earned by the permanent school fund. The investment income earned by the fund shall equal the amount of interest on debt securities and dividends on equity securities. If the sale of securities results in a net loss during a fiscal year, the net loss shall be recovered from interest and dividend income in equal installments over a period equal to (a) the average period prior to maturity remaining on the debt securities which were sold if the sale of debt securities results in the loss, or (b) over a period of five years if the sale of equity securities resulted in the loss unless there is a net gain in the sale of securities sufficient to eliminate the amount of the loss prior to the end of the period. In any fiscal year in which gains on the sale of securities exceed the losses on the sales of securities, the excess shall be added to the principal of the fund.*

Subd. 6. [DISPOSITION OF INCOME.] Notwithstanding provisions of section 10, the income of the permanent school fund as calculated pursuant to subdivision 5, shall be credited to the permanent school fund, and transferred to the school endowment fund as needed for payments made pursuant to Minnesota Statutes, Section 124.08.

Sec. 15. [11A.15] [MINNESOTA SUPPLEMENTAL RETIREMENT INVESTMENT FUND.] *Subdivision 1. [ESTABLISHMENT.] There is hereby established a supplemental retirement investment fund for the purpose of providing an investment vehicle for the assets of various public retirement plans and funds. The supplemental retirement investment fund shall be a continuation of the supplemental retirement fund in existence on January 1, 1980.*

Subd. 2. [ASSETS.] The assets of the supplemental retirement investment fund shall consist of the moneys certified and transmitted to the board from the participating public retirement plans and funds and shall be used to purchase investment shares in the investment accounts specified by the plan or fund.

Subd. 3. [MANAGEMENT.] The supplemental retirement investment fund shall be managed by the board.

Subd. 4. [INVESTMENT.] The assets of the supplemental retirement investment fund shall be invested by the board subject to the provisions of section 22; provided, however, that the fixed-return account shall be invested entirely in debt obligations and the growth share account shall be invested as follows:

(a) Up to 100 percent of the book value may be invested in corporate stocks;

(b) Up to six percent of the book value may be invested in the stock of any one corporation;

(c) Up to ten percent of the book value may be invested in corporate stocks which do not conform with the dividend standard provided for in section 22, subdivision 5, clause (d).

Subd. 5. [PARTICIPATING PUBLIC RETIREMENT PLANS OR FUNDS.] *Any public retirement plan or fund authorized or required by law to invest its assets in the supplemental retirement investment fund may from time to time as provided by law certify moneys to the board for the purchase of investment shares in the investment accounts of the supplemental retirement investment account. The board shall credit each purchase of investment shares to the appropriate participating public retirement plan or fund and shall confirm each purchase in writing to the appropriate plan or fund. Each participating*

public retirement plan or fund shall maintain adequate records to account for moneys certified to the supplemental retirement investment fund.

Subd. 6. [PARTICIPATION IN FUND.] Each public retirement plan or fund which has certified moneys to the board for investment in the supplemental retirement investment fund shall have a participation in each investment account of the fund in which it has moneys invested. The participation shall be determined by the ratio of the number of shares credited to the public retirement plan or fund to the total number of shares in that account.

Subd. 7. [PURCHASE OF SHARES.] The board shall allocate shares in the investment account or accounts at least monthly following the receipt of the funds for purchase of shares from the public retirement plan or fund as specified in the certification. The purchase price for shares shall be determined using the procedure specified in subdivision 9.

Subd. 8. [REDEMPTION OF SHARES.] The board shall redeem shares in the investment account or accounts on the first business day after the valuation date next following the receipt of the request for redemption of shares from the public retirement plan or fund. The redemption value for shares shall be determined using the procedure specified in subdivision 9. Moneys representing the value of the redeemed shares shall be transmitted to the public retirement plan or fund making the request.

Subd. 9. [VALUATION OF INVESTMENT SHARES.] The value of investment shares in the income share investment account or in the growth share investment account shall be determined by dividing the total market value of the securities constituting the respective account by the total number of shares then outstanding in the investment account. Whenever the value of investment shares of an investment account has exceeded \$10 per share for a period of six consecutive months, each investment share in the investment account may be split at the direction of the board on a two new shares for one prior share basis. The value of investment shares in the fixed-return investment account shall be \$5 per share; provided, however, if the fixed-return investment account shares are redeemed by a public retirement fund where the shares are not attributable to the individual account of any person prior to the expiration of the multi-year period set by the board for the payment of the applicable assumed rate, the value of the investment shares shall be at market value. Terms as to withdrawal schedules will be agreed upon by the public retirement fund and the board. Notwithstanding provisions of section 10, the investment income earned by the fixed-return investment account shall be used to purchase additional shares on behalf of each participating public retirement plan or fund.

Subd. 10. [CERTIFICATIONS FOR INVESTMENT AND REQUESTS FOR REDEMPTION.] *The board may specify the required forms for certifications of moneys for investment and requests for redemption of investment shares and may require the filing of any other documents which it deems necessary.*

Subd. 11. [PROSPECTUS.] *Annually, on or before July 1, the board shall prepare and shall issue a prospectus for the supplemental retirement investment fund with separate exhibits for each investment account. The exhibit for each account shall list for each security representing the current assets of the account the following items, whichever are applicable:*

- (1) The purchase price of the security;*
- (2) The current market value of the security;*
- (3) The current dividend or interest rate of the security;*

(4) The rating of a debt security issued by a nationally recognized rating agency if it is other than a security issued or guaranteed by the United States government.

The prospectus shall set forth the statutory provisions governing the supplemental retirement investment account.

Sufficient copies of the prospectus shall be transmitted to each public retirement plan or fund participating in the supplemental retirement investment account to meet the plan or fund's distribution requirements. Ten copies of the prospectus shall be filed with the director of the legislative reference library.

Subd. 12. [RATE OF INTEREST FOR FIXED RETURN.] *At the beginning of each fiscal year, the board shall set an assumed interest rate for moneys invested in such account during that year, with the rate applicable to all sums invested during that 12 month period. At the end of the 12 months, the board may determine the period over which an assumed rate is to apply to funds so invested, depending on the average yield and maturity of the securities purchased. Any earnings accrued to the account above the rate earlier indicated may be used to purchase additional shares on behalf of each participating public retirement plan or fund at fiscal year end after necessary reserves are established.*

Sec. 16. [11A.16] [MINNESOTA ADJUSTABLE FIXED BENEFIT FUND.] **Subdivision 1. [ESTABLISHMENT.]** *There is hereby established an adjustable fixed benefit fund for the purpose of providing an investment vehicle for the reserves of various retirement annuities and benefits payable by the participating retirement funds and plans. The adjustable fixed benefit fund shall be a continuation of the Minnesota adjustable fixed benefit fund in existence on January 1, 1980.*

Subd. 2. [ASSETS.] The assets of the adjustable fixed benefit fund shall consist of the moneys representing the reserves for various retirement annuities and benefits payable by participating retirement funds and plans which have been certified to and received by the board from the participating public retirement funds and plans.

Subd. 3. [MANAGEMENT.] The adjustable fixed benefit fund shall be managed by the board.

Subd. 4. [INVESTMENT.] The assets of the adjustable fixed benefit fund shall be invested by the board subject to the provisions of section 22.

Subd. 5. [PARTICIPATING PUBLIC RETIREMENT FUNDS OR PLANS.] Any public retirement fund or plan authorized by law to participate in the adjustable fixed benefit fund shall from time to time as provided by law certify and transfer to the board moneys equal to the actuarially determined reserves required for those retirement annuities and benefits which are payable by the public retirement fund or plan and which are specified in law to be included in the participation in the fund. The board shall confirm in writing each certification and transfer of moneys made by a participating public retirement fund or plan. Each participating public retirement fund or plan shall maintain adequate records to account for moneys transferred to the adjustable fixed benefit fund.

Subd. 6. [PARTICIPATION IN FUND.] Any public retirement organization authorized to participate in the Minnesota adjustable fixed benefit fund may own an undivided participation in all the assets of the fund. The extent of annual participation shall be determined by the ratio of each organization's contribution to the total contributions of all participating organizations. The ratio shall be determined monthly. Contributions and withdrawals may be certified at any time, but notification of contributions must reach the state board of investment by the twenty-fifth day of any month in order for the contributions to be included in calculations determining the monthly ratio. At the end of each fiscal year, the 12 ratios for the year, beginning with that of the previous July 31, shall be averaged. The average ratio shall determine the distribution of the difference between the admitted value and the balances of contributions of the respective organizations at year end to determine the respective amounts of participation. The interpretation and administration of all calculations affecting the fund shall be made in a manner to achieve the most uniform and equitable treatment possible for all participating organizations.

Subd. 7. [BOOK VALUE.] Book value as of any date of assets other than corporate stocks and all other equity investments means amortized cost computed from the date the asset was first acquired by the participating retirement association.

Book value as of any date of corporate stocks and all other equity investments transferred to the Minnesota adjustable fixed benefit fund means the closing market value of the stocks as of the last business day prior to the transfer. Book value as of any date of corporate stocks and all other equity investments first acquired by the Minnesota adjustable fixed benefit fund means the cost of the stocks.

Subd. 8. [RECOGNIZED VALUE, DEFERRED YIELD ADJUSTMENT ACCOUNT.] *Recognized value as of any date of assets other than corporate stocks and all other equity investments shall be the book value of those assets as of that date. The recognized value as of any date of corporate stocks and all other equity investments, including convertible securities, shall be the market value at closing on that particular date as determined by the state board of investment.*

There is hereby established a deferred yield adjustment account which shall be increased by the sale or disposition of any debt securities at less than book value and shall be decreased by the sale or disposition of debt securities at more than book value. At the end of each fiscal year, a portion of the balance of this account shall be offset against the investment income for that year. The annual portion of the balance to be offset shall be proportional to the reciprocal of the average remaining life of the bonds sold, unless the amounts are offset by gains on the future sales of these securities. The amount of this account shall be included in the recognized value of assets other than corporate stocks and all other equity investments. In any fiscal year in which the gains on the sales of debt securities exceed the discounts realized on the sales of such securities, the excess shall be used to reduce the balance of the account.

Subd. 9. [RATIO OF RECOGNIZED VALUE TO BOOK VALUE.] *During each fiscal year beginning with 1971, there shall be determined the ratio of recognized value to book value of the assets of the Minnesota adjustable fixed benefit fund as of the last days of August, October, December, February, April and June. In computing such a ratio, the total book value shall be adjusted for any realized profit or loss due to the sale or disposition of securities.*

Subd. 10. [AVERAGE RECOGNIZED VALUE TO BOOK VALUE RATIO.] *The average recognized value to book value ratio for any fiscal year means the sum of the 12 recognized value to book value ratios determined for the fiscal year and the immediately preceding year, divided by 12. For fiscal 1971, the ratio means the sum of the six recognized value to book value ratios determined for the fiscal year plus six assumed ratios of 100, the total of which is divided by 12.*

Subd. 11. [ADMITTED VALUE OF MINNESOTA ADJUSTABLE FIXED BENEFIT FUND.] *The admitted value of the Minnesota adjustable fixed benefit fund as of June 30 of*

any fiscal year beginning with 1971 shall be equal to the book value of the assets of the Minnesota adjustable fixed benefit fund as of that date, including accrued income, with adjustments for realized gains and losses, multiplied by the average recognized value to book value ratio for the fiscal year. Prior to fiscal 1971, the admitted value of the assets shall be the cost of the assets to the Minnesota adjustable fixed benefit fund.

Subd. 12. [ACTUARIALLY DETERMINED RESERVE.] The actuarially determined reserve for any participating fund as of any date means the present value, computed in accordance with the interest and mortality assumptions in effect for the particular fund as of the date of determination, of the retirement annuities authorized and in effect on the date.

Subd. 13. [TRANSFER OF ASSETS.] As of the beginning of any fiscal year, assets representing the actuarially determined reserves of any public retirement organization newly authorized by law to participate in the Minnesota adjustable fixed benefit fund shall be transferred from such participating retirement funds to the Minnesota adjustable fixed benefit fund.

The state board of investment may purchase any securities owned by a retirement organization up to the total amount of the participation of the fund, insofar as the securities meet the quality standards and requirements of the board. The state board of investment may require the participating organization to sell the securities and transfer cash if this appears desirable in achieving appropriate portfolio balance. All securities shall be valued as of the last business day of June, or one business day before the actual participation of the new retirement organization in the Minnesota adjustable fixed benefit fund.

The assets to be transferred and the values to be used for transfers shall be approved by the state board of investment.

Subd. 14. [TRANSFER AND WITHDRAWAL OF FUNDS.] All money necessary to meet the requirements of certification of withdrawal by funds authorized to participate in the Minnesota adjustable fixed benefit fund are hereby annually, and from time to time, appropriated from the Minnesota adjustable fixed benefit fund to the participating pension funds involved. Withdrawals for pensions are limited to those pensions for which reserves have been transferred to the Minnesota adjustable fixed benefit fund.

Subd. 15. [ADJUSTMENT IN ANNUITY PAYMENTS.] Annually as of July 1 of each fiscal year the annuity payments made from each retirement fund or organization participating in the Minnesota adjustable fixed benefit fund during the next calendar year shall be determined in accordance with the following procedures. Any adjustment in the amount of annuity payments shall become effective with the first payment falling

due after December 31 next succeeding the July 1 as of which the adjustment was determined.

(a) *Annually, after June 30 of each year, the state board of investment shall:*

(1) *Based upon the admitted value as determined pursuant to subdivision 11, determine the actual rate of return and the accumulation factor on the assets of the Minnesota adjustable fixed benefit fund. The accumulation factor shall be 1.00 plus or minus the actual rate of return.*

(2) *Calculate the benefit adjustment factor, which shall be the ratio of the accumulation factor determined pursuant to (1) to the valuation accumulation factor. The valuation accumulation factor shall be 1.00 plus the interest rate assumed for actuarial valuations.*

(3) *Calculate the actual benefit adjustment factor in accordance with the provisions of clause (f) and subdivision 16.*

(4) *Determine for each pension fund the amount of participation of the fund in the Minnesota adjustable fixed benefit fund, excluding any portion of the annuity stabilization reserve.*

(5) *Determine a preliminary amount for the current annuity stabilization reserve by multiplying the final amount of the previous year's annuity stabilization reserve by the accumulation factor determined pursuant to (1).*

(b) *Each participating pension fund shall determine the amount of the reserve required for the level of benefit in effect during the year preceding the valuation date. This total reserve shall be separated into two portions, one for participants who are eligible for an adjustment in benefits and the other for participants who are not eligible for a benefit adjustment.*

(c) *Each participating pension fund shall determine its adjusted participation in the Minnesota adjustable fixed benefit fund in the following manner.*

(1) *Determine the expected reserve on the current valuation date in accordance with the mortality and interest assumptions used for actuarial valuations. This shall be done separately for those participants who are eligible for an adjustment in benefits and those participants who are not eligible for an adjustment in benefits.*

(2) *Determine the difference between the expected reserve calculated pursuant to clause (c)(1) and the reserve calculated pursuant to clause (b). This difference shall be calculated separately for participants who are eligible for a benefit adjustment*

and for participants who are not eligible for a benefit adjustment.

(3) For the participants who are entitled to a benefit adjustment, multiply the difference obtained pursuant to clause (c)(2) by the actual benefit adjustment factor and combine the result with the difference calculated pursuant to clause (c)(2) associated with participants not eligible for a benefit adjustment.

(4) If the result obtained pursuant to clause (c)(3) is positive, the amount thus determined is due to a mortality gain, and the pension fund shall be credited with the amount thus determined by deducting the amount from the fund's total participation. If the result obtained pursuant to clause (c)(3) is negative, the amount thus determined is due to a mortality loss, and the pension fund shall pay to the Minnesota adjustable fixed benefit fund the amount thus determined which amount shall be added to the pension fund's participation. In either case, the resulting participation is the pension fund's adjusted participation in the Minnesota adjustable fixed benefit fund.

(d) The actual benefit adjustment factor shall be applied to the reserve determined pursuant to clause (b) for participants who are entitled to a benefit adjustment and the result shall be combined with the reserve determined pursuant to clause (b) for participants not eligible for a benefit adjustment. The resulting sum is the pension fund's reserve requirement.

(e) The difference between a pension fund's adjusted participation in the Minnesota adjustable fixed benefit fund determined pursuant to clause (c)(4) and the pension fund's reserve requirement determined pursuant to clause (d) shall be calculated. If the result is positive, the amount shall be added to the annuity stabilization reserve and deducted from the pension fund's adjusted participation in the Minnesota adjustable fixed benefit fund. If the result is negative, the amount shall be deducted from the annuity stabilization reserve and added to the pension fund's adjusted participation in the Minnesota adjustable fixed benefit fund.

(f) Subject to the limitations set forth in subdivision 16, the actual benefit adjustment factor shall be determined as follows:

(1) As of June 30, 1977, and each anniversary thereafter, a potential benefit adjustment factor shall be determined by multiplying the benefit adjustment factor calculated pursuant to clause (a)(2) by the ratio of the potential adjustment factor for the anniversary immediately preceding the current anniversary to the actual benefit adjustment factor for that same prior anniversary, which ratio for June 30, 1976, shall be equal to one.

(2) If the potential benefit adjustment factor for the current anniversary obtained pursuant to clause (f)(1) is greater than 98 percent but less than 102 percent, no adjustment of annuities shall be made.

(3) If the potential benefit adjustment factor for the current anniversary obtained pursuant to clause (f)(1) is less than or equal to 98 percent or greater than or equal to 102 percent, the actual benefit adjustment factor shall be obtained from the potential benefit adjustment factor by rounding to the next lower one-half of one percent.

(4) If no adjustment of annuities is to be made, then the actual benefit adjustment factor is one.

(g) The actual annuity adjustment factor shall be applied to the annuity payments for the twelve month period beginning with the first payment due after December 31 next succeeding the valuation date, except that persons who retired during the fiscal year preceding the July 1 valuation date shall not be entitled to an adjustment.

(h) If the application of the actual annuity adjustment factor to the annuity benefit of any annuitant produces a benefit smaller than the amount determined on the date of retirement or on July 1, 1976, whichever is later, the benefit for the annuitant shall be adjusted to or maintained at the amount determined on the date of retirement or on July 1, 1976, for the twelve month period beginning with the first payment due after December 31 next succeeding the valuation date.

Subd. 16. [ANNUITY STABILIZATION RESERVE.] An annuity stabilization reserve shall be attached to the Minnesota adjustable fixed benefit fund for the purposes of (1) eliminating any surplus or deficiency so that the assets of the fund will equal the reserves supporting benefits being paid; and, (2) precluding or lessening any downward adjustment in annuity payments below the previous calendar year's payment rate.

(a) Upward adjustments of annuity payments to each annuitant shall be limited to four percent of the previous year's payment rate until the accumulation in the annuity stabilization reserve from withholding has reached an amount equal to 15 percent of the immediate past fiscal year's total annuity payments. So long as the annuity stabilization reserve totals an amount equal to 15 percent of the immediate past fiscal year's total annuity payments, an increase up to six percent of the previous calendar year's payment rate shall be paid to each annuitant entitled to an increase. The amount of any increase above six percent of the previous calendar year's payment rate shall be added to the annuity stabilization reserve until the reserve totals an amount equal to 25 percent of the total pensions paid during the previous fiscal year. Upward adjustments of the annuity pay-

ments to each annuitant shall be limited to eight percent of the previous year's payment rate with any excess being added to the annuity stabilization reserve even though the reserve may then exceed 25 percent of the immediate past fiscal year's total annuity payments.

(b) If the annuity stabilization reserve should become negative as a result of the guarantee set forth in subdivision 15, clause (h), the amount of subsequent benefit increases after January 1, 1978, shall be limited to amounts which will cause the annuity stabilization reserve to be restored again to a positive level.

Subd. 17. Effective January 1, 1973, each retirement fund participating in the Minnesota adjustable fixed benefit fund shall make an upward adjustment of four and one-half percent to each annuitant retiring prior to July 1, 1971. Subsequent adjustments will be in accordance with subdivisions 15 and 16, except that in the event the assets transferred to the annuity stabilization reserve result in a stabilization reserve of less than an amount equal to 15 percent of the immediate past fiscal year's total annuity payments, the deficiency shall be made up before the next annual adjustment is made.

Subd. 18. Upon taking effect of Laws 1973, Chapter 7, the calculations required by subdivisions 15 and 16, as amended by Laws 1973, Chapter 7 shall be determined as of July 1, 1972. Any participating pension fund that has previously announced an increase adjustment in excess of four and one-half percent, and the fund is entitled to a credit or refund due to mortality gain determined in accordance with subdivision 15, clauses (b), (c), (d) and (e), and the credit or refund exceeds the reserves required to further increase the benefits of those eligible for the four and one-half percent adjustment by an additional one percent, the fund may pay to the fund's participation the reserves required for the additional one percent increase in benefit adjustment. The adjustments provided by Laws 1973, Chapter 7 shall apply to the accrual of benefits commencing with January 1, 1973. In case any actual disbursements of benefits have or do vary from the amounts herein provided, the participating pension fund or funds so involved shall adjust to the amounts herein provided.

Subd. 19. All assets in the annuity stabilization reserve shall be credited proportionately to the individual retirement funds' participation in the Minnesota adjustable fixed benefit fund, except that the share attributable to the municipal employees retirement fund of Minneapolis shall be used to increase benefits or may at the discretion of its board of trustees be returned to the fund.

Effective January 1, 1974 each participating fund in the Minnesota adjustable fixed benefit fund, except the municipal em-

employees retirement fund of Minneapolis, shall increase the benefits in effect on June 30, 1973 by an amount that when added to the interest assumption increase granted to benefits effective July 1, 1973, equals 25 percent. The increase shall apply to the accrual of benefits commencing January 1, 1974 and shall be in lieu of the adjustment provided by subdivisions 15 and 16 scheduled to take effect January 1, 1974.

The actuary for each participating fund, except the municipal employees retirement fund of Minneapolis, shall calculate the reserve required to support the benefits in effect on June 30, 1973 as increased July 1, 1973 and herein. As of December 31, 1973, each participating fund shall transfer to or from the Minnesota adjustable fixed benefit fund assets so that its participation equals the total of the required reserve and the reserve for benefits authorized on or after July 1, 1973.

The increased benefits accruing as of January 1, 1974 shall be considered the "originally determined benefits" for the purpose of future adjustments.

Notwithstanding section 356.18, increases in payments pursuant to this section will be made automatically unless the intended recipient files written notice with the public employees retirement association requesting that the increase shall not be made.

The ratio of the total market value of investments to the admitted value of investments at the end of the preceding fiscal year, plus the cost of investments acquired, less the net receipts from investments sold during the fiscal year, shall be determined for each valuation date. The admitted value of the investments of the variable annuity investment fund at the end of each fiscal year shall be the book value of all investments held at such date multiplied by the average of the ratios at the 12 bimonthly valuation dates for the fiscal year and the immediately preceding fiscal year. The book value of investments during any fiscal year shall be the admitted value at the end of the preceding fiscal year or the cost of such investments if acquired during the fiscal year.

Subd. 8. [RATE OF RETURN.] The total annual increment or decrement divided by the admitted value of the assets

of the Minnesota variable annuity fund, as computed pursuant to subdivision 5, shall be defined as the rate of return for the fiscal year. 43.064 [OTHER SALARIES SET BY COMMISSIONER OF PERSONNEL.] Notwithstanding any other law to the contrary, compensation for all unclassified positions in the executive branch not enumerated in the listing described in section 15A.-081, shall be established by the commissioner except for the following: (1) positions listed in section 299D.03; (2) employees in the office of the governor whose salaries shall be determined by the governor; (3) employees in the office of the attorney general; (4) *employees of the state board of investment*; (5) posi-

Sec. 26. Minnesota Statutes 1978, Section 69.77, Subdivision 2, as amended by Laws 1980, Chapter 341, Section 1, is amended to read:

Subd. 2. Subdivision 1 does not apply to an association enumerated in subdivision 1a under the following circumstances:

(1) Each member of the association pays into the retirement funds of the association during his term of covered employment from and after January 1, 1981, a contribution for retirement and survivorship benefits of not less than eight percent of the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined, and that (SUCH) *the* contributions of a member are deducted from his salary by his governmental employer, transmitted to the association, and deposited to the credit of the proper fund thereof, provided that to avoid undue increase in the amount of employee contributions in any one year, any increase in the amount of contributions required by this section may be spread over several years, but the increase in rate of contribution in each year commencing in 1981 shall not be less than one percent until the appropriate levels of required employee contributions have been reached. This paragraph shall not apply to members who are volunteer firefighters, provided that the local governing body shall have given their approval to the exemption following consideration of the most recent actuarial survey.

(2) The officers of the association determine on or before the date established by the municipality, which shall not be later than September 1 and shall not be earlier than August 1, of each year the financial requirements and minimum obligation of

the association for the following calendar year in accordance with the following requirements:

The financial requirements shall be based on the most recent actuarial survey prepared in accordance with sections 356.215, subdivision 4 and 356.216.

The normal level cost expressed as a percent of covered payroll determined from the actuarial survey shall be applied to the estimated covered payroll of the membership for the following year to determine the dollar amount of normal cost for said following year.

To the dollar amount of normal cost thus determined shall be added the amount of one year's interest at five percent on the amount of the (deficit) unfunded liability found by the actuarial survey of the fund.

The total of these two amounts represents the financial requirements of the association for the following year.

Except as otherwise provided in this paragraph, the minimum obligation of the governmental subdivision shall be the financial requirements of the association less member contributions herein provided from covered salary and less one year's estimated receipts expected from the state of Minnesota through state collected insurance premium taxes or other state aids. The minimum obligation may, by vote of the governing body of the governmental subdivision, be reduced to the amount levied in the preceding year for purposes of the association, plus the following percentage of the difference between that levy and the amount of the minimum obligation determined without benefit of this sentence: for the levy made in 1971, 10 percent; in 1972, 20 percent; in 1973, 30 percent; in 1974, 40 percent; in 1975, 50 percent; in 1976, 60 percent; in 1977, 70 percent; in 1978, 80 percent; and in 1979, 90 percent. Commencing with the levy made in 1980, there shall be no reduction in the minimum obligation pursuant to this paragraph.

(3) The foregoing determination of the obligation of a governmental subdivision shall be submitted to its governing body not later than September 1 of each year so that it may ascertain if it has been prepared in accordance with law.

(4) The governmental subdivision shall provide and pay as promptly as funds are available to the association at least the amount of the minimum obligation each year. Any portion of this amount not paid to the association at the end of any calendar year shall be increased at the rate of six percent per annum until so paid. On September 1 of any year the unpaid amount subject to interest shall be added to the obligation of the governmental subdivision.

(5) The governmental subdivision shall provide in its annual budget at least its minimum obligation and may levy taxes for the payment thereof without limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of any fund of the association has attained a specified level; the levy of (SUCH) taxes shall not cause the amount of other taxes levied or to be levied by the governmental subdivision, which are subject to any such limitation, to be reduced in any amount whatsoever. If the governmental subdivision does not include the full amount of the minimum obligation in its levy for any year, the officers of the association shall certify that amount to the county auditor, who shall spread a levy in the amount of (SUCH) the obligation.

(6) Moneys paid by the governmental subdivision to the association in excess of the minimum amount so required shall be applied to the reduction in the unfunded liabilities of the association.

(7) The funds of the association shall be invested in securities which are proper investments (FOR FUNDS OF THE MINNESOTA STATE RETIREMENT SYSTEM) pursuant to section 22, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size that the three percent stock limitation (APPLICABLE TO THE MINNESOTA STATE RETIREMENT SYSTEM) specified in section 22, subdivision 5, clause (b) would necessitate a lesser investment. Securities held by the association before July 1, 1971, which do not meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on April 28, 1969. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section (11.21) 15, provided that there be no share account (DESCRIBED IN SECTION 11.18, SUBDIVISION 2), or in the fixed-return account (DESCRIBED IN SECTION 11.18, SUBDIVISION 3A), and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement investment fund may be invested in the growth share account (DESCRIBED IN SECTION 11.18, SUBDIVISION 3).

(8) The association shall procure an actuarial survey showing the condition of its fund pursuant to section 356.216 as of December 31, 1978, and shall procure an actuarial survey every two years thereafter. The association shall also procure a quadrennial experience study pursuant to section 356.216 as of December 31, 1978, and shall procure a quadrennial experience study every four years thereafter. A copy of the actuarial survey and the quadrennial experience study shall be filed with the director of the legislative reference library, the governing body of the municipality in which the association is organized, the executive secretary of the legislative commission on pensions and

retirement, and the commissioner of insurance, not later than June 1 of the following year.

Securities held by the associations before January 1, 1972, which do not meet the requirements of this section may be retained after that date if they were proper investments for the association on May 14, 1971. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section (11.21) 15, provided that there be no limit to the amount which may be invested in the income share account (DESCRIBED IN SECTION 11.18, SUBDIVISION 2), or in the fixed-return account (DESCRIBED IN SECTION 11.18, SUBDIVISION 3A), and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement fund may be invested in the growth share account (DESCRIBED IN SECTION 11.18, SUBDIVISION 3).

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 1a. [DEFINITIONS.] For the purposes of sections 116D.01 to 116D.07, the following terms have the meanings given to them in this subdivision.

(a) "Natural resources" has the meaning given it in section 116B.02, subdivision 4.

(b) "Pollution, impairment or destruction" has the meaning given it in section 116B.02, subdivision 5.

(c) "Environmental assessment worksheet" means a brief document which is designed to set out the basic facts necessary to determine whether an environmental impact statement is required for a proposed action.

(d) "Governmental action" means activities, including projects wholly or partially conducted, permitted, assisted, financed, regulated or approved by units of government including the federal government.

(e) "Governmental unit" means any state agency and any general or special purpose unit of government in the state including, but not limited to, watershed districts organized under chapter 112, counties, towns, cities, port authorities and housing authorities, but not including courts, school districts and regional development commissions other than the metropolitan council.

Sec. 2. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 2a. Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact

statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action.

(a) The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section.

(b) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet in a manner to be determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30 day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chairman may extend the 15 day period by not more than 15 additional days upon the request of the responsible governmental unit.

(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 25 individuals, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chairman of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chairman may extend the 15 day period by not more than 15 additional days upon request of the responsible governmental unit.

(d) The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.

(e) An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alternatives which are appropriate for consideration in the statement. In addition, the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.

(f) Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement.

(g) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.

Sec. 3. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 3a. Within 90 days after final approval of an environmental impact statement, final decisions shall be made by the appropriate governmental units on those permits which were identified as required and for which information was developed concurrently with the preparation of the environmental impact statement. Provided, however, that the 90 day period may be extended where a longer period is required by federal law or state statute or is consented to by the permit applicant. The permit decision shall include the reasons for the decision, in-

cluding any conditions under which the permit is issued, together with a final order granting or denying the permit.

Sec. 4. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 4a. The board shall by rule identify alternative forms of environmental review which will address the same issues and utilize similar procedures as an environmental impact statement in a more timely or more efficient manner to be utilized in lieu of an environmental impact statement.

Sec. 5. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 5a. The board shall, by January 1, 1981, promulgate rules in conformity with this chapter and the provisions of chapter 15, establishing:

(b) The form and content of environmental assessment worksheets;

(c) A scoping process in conformance with subdivision 2a, clause (e);

(e) A standard format for environmental impact statements;

(f) Standards for determining the alternatives to be discussed in an environmental impact statement;

(g) Alternative forms of environmental review which are acceptable pursuant to subdivision 4a;

(h) A model ordinance which may be adopted and implemented by local governmental units in lieu of the environmental impact statement process required by this section, providing for an alternative form of environmental review where an action does not require a state agency permit and is consistent with an applicable comprehensive plan. The model ordinance shall provide for adequate consideration of appropriate alternatives, and shall ensure that decisions are made in accordance with the policies and purposes of this act;

(i) *Procedures to reduce paperwork and delay through intergovernmental cooperation and the elimination of unnecessary duplication of environmental reviews;*

(j) *Procedures for expediting the selection of consultants by the governmental unit responsible for the preparation of an environmental impact statement; and*

(k) *Any additional rules which are reasonably necessary to carry out the requirements of this section.*

Sec. 6. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 6a. Prior to the preparation of a final environmental impact statement, the governmental unit responsible for the statement shall consult with and request the comments of every governmental office which has jurisdiction by law or special expertise with respect to any environmental effect involved. Copies of the drafts of such statements and the comments and views of the appropriate offices shall be made available to the public. The final detailed environmental impact statement and the comments received thereon shall precede final decisions on the proposed action and shall accompany the proposal through an administrative review process.

Sec. 7. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 10. Decisions on the need for an environmental assessment worksheet, the need for an environmental impact statement and the adequacy of an environmental impact statement may be reviewed by a declaratory judgment action in the district court of the county wherein the proposed action, or any part thereof, would be undertaken. Judicial review under this section shall be initiated within 30 days after the governmental unit makes the decision, and a bond may be required under section 562.02 unless at the time of hearing on the application for the bond the plaintiff has shown that the claim has sufficient possibility of success on the merits to sustain the burden required for the issuance of a temporary restraining order. Nothing in this section shall be construed to alter the requirements for a temporary restraining order or a preliminary injunction pursuant to the Minnesota Rules of Civil Procedure for District Courts. The board may initiate judicial review of decisions referred to herein and may intervene as of right in any proceeding brought under this subdivision.

Sec. 8. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

Subd. 11. If the board or governmental unit which is required to act within a time period specified in this section fails

to so act, any person may seek an order of the district court requiring the board or governmental unit to immediately take the action mandated by subdivisions 2a and 3a.

Sec. 9. *Rules adopted under the authority of section 116D.04 which are in effect on the effective date of this act shall remain in effect until the rules required by this section become effective.*

S. F. No. 2122 was reported to the House.

Peterson, D., moved to amend S. F. No. 2122, as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Section 204A.17, is amended by adding a subdivision to read:

Subd. 6. [TIME OFF FROM WORK TO SERVE AS ELECTION JUDGE.] Every individual who is selected to serve as an election judge pursuant to this section is entitled, after giving his employer at least ten days written notice, to absent himself from his place of work for the purpose of serving as an election judge. No employer shall penalize an employee for such absence other than a deduction in salary for the time he absented himself from his place of employment. This subdivision applies only to employers with four or more employees.

Sec. 2. [HENNEPIN COUNTY REAPPORTIONMENT COMMISSION.] In each year ending in the number one, or when required by court order, a reapportionment commission shall be established to draw the boundaries of Hennepin County commissioner districts.

The commission shall consist of nine members who are eligible voters of the county. One member shall be appointed by each member of the county board.

The remaining two members shall be appointed by unanimous agreement of the board appointees and shall be impartial in the matter of apportionment.

Members of the commission shall be appointed not later than March 15 when the commission is established in a year ending in the number one. The district court shall fill any vacancy caused by failure to appoint a member within the time required by law.

Sec. 3. [APPORTIONMENT STANDARDS.] The commission shall draw the boundaries of commissioner districts in accordance with the requirements of sections 2 to 16.

All districts shall be as equal in population as practicable. Population shall be the controlling factor in drawing the district boundaries.

The districts shall be composed of compact and contiguous territory. To the extent consistent with other standards, the boundaries of the districts shall follow the boundaries of local governmental units. No apportionment plan shall be drawn for the purpose of favoring any political party or person.

Sec. 4. [APPORTIONMENT PLAN.] The commission by a majority vote shall adopt an apportionment plan setting forth all of the districts.

An apportionment plan shall be effective 30 days after it is adopted. The districts set forth in the plan shall govern elections beginning with the first general election after the plan is adopted.

Sec. 5. [MEMBERS; QUALIFICATIONS.] *Subdivision 1. No individual shall be appointed or serve on the commission who:*

(a) holds or has held within two years prior to appointment an elected or appointed office in federal, state or local government;

(b) is or has been within two years prior to appointment an officer of a political party;

(c) is an employee of federal, state or local government;

(d) is a member of the immediate family of a county commissioner. "Member of the immediate family" means father, mother, son, daughter, brother, sister, spouse, ex-spouse or member of the same household. No individual appointed as a member of the commission shall, while a member of the commission, be a candidate for any elective office.

Subd. 2. If the county board or its appointees fail to appoint required members before March 15, the district court shall do so upon the petition of any citizen. Other vacancies shall be filled by the appointing authority or, if necessary, the district court.

Sec. 6. [COMMENCEMENT OF DUTIES; MEETINGS.] *Subdivision 1. The commission shall meet not later than April 1. The commission shall elect a presiding officer and other officers as it shall find necessary.*

Subd. 2. The commission shall meet upon the call of either the presiding officer or a majority of the members of the commission. The proceedings of the commission are open to the public. The commission shall give public notice of its proceedings and shall keep minutes and audio recordings of those proceedings. All materials submitted to or developed by the commission, together with the minutes and audio record of its proceedings shall be preserved and made available for public inspection and copying. The commission may administer oaths to individuals appearing before it.

Subd. 3. A majority of the members of the commission is a quorum to conduct business.

Sec. 7. [REMOVAL OF COMMISSION MEMBER.] *Any member of the commission may be removed from the commission by the district court upon petition filed by any eligible voter. The member may be removed, after a hearing, upon a finding by the*

court, by a preponderance of the evidence, that a member of the commission during his membership has been convicted of a gross misdemeanor or felony, or that a member is unqualified to serve under the provisions of section 4, or that a member is physically or mentally incapable of serving, or is unwilling to serve. It is prima facie evidence that a member is unwilling to serve if he fails to attend three successive meetings of the commission or fails to attend a total of six meetings of the commission. Upon removal, the position shall be filled in the manner provided for filling vacancies. An individual who is removed from the commission pursuant to this section may not be reappointed to the commission.

Sec. 8. [ADMINISTRATIVE SUPPORT.] *The presiding officer of the commission shall supervise the staff of the commission. The county board shall make available the personnel, facilities, technical services and other assistance requested by the commission. The commission shall consult with county staff in the development of a plan to the extent practical. The commission may employ or contract for the services of other staff personnel.*

Sec. 9. [APPORTIONMENT PLAN.] *Subdivision 1. An apportionment plan adopted by the commission shall include:*

(a) a written description of each district drawn by the commission;

(b) a map of each district showing the name and location of each public road and each local governmental unit boundary in the district in a scale that allows precise location of the district boundaries;

(c) a statement of the deviation in population of each district from the average population of all districts of that kind;

(d) a justification of any population deviation which exceeds one-half of one percent;

(e) an explanation of the standards used by the commission to draw the districts; and

(f) Any other information which the commission deems relevant to the plan.

Subd. 2. An apportionment plan shall be adopted not later than September 1 of the year in which the commission is established. The district court, upon petition by the commission, may extend the time for adoption of the plan to a date not later than December 1 of that year if the court finds that the population information needed by the commission to adopt the plan has not been made available in a timely manner. When an apportionment

plan adopted by the commission is remanded by a court, the commission shall adopt an amended plan consistent with the finding of the court not later than 30 days after the original plan is remanded.

Subd. 3. An apportionment plan is adopted when approved by a vote of at least five members of the commission and filed with the secretary of state. An apportionment plan is effective 30 days after it is adopted.

Subd. 4. Any commission members in the minority may prepare a minority report which shall be published with the plan adopted by the commission.

Sec. 10. [COURT ORDER.] Subdivision 1. When a commission is not otherwise constituted and a federal court order requires amendment of a plan, a commission shall be established consistent with sections 2 to 16 and shall draw the district boundaries or amend the plan.

Subd. 2. The district court shall set a timetable for establishing a reapportionment commission and drawing the boundaries or amending the plan. The timetable shall be consistent with the time otherwise provided for adoption of an apportionment plan, as far as practicable.

Sec. 11. [COMPENSATION.] Members shall be compensated for their actual and necessary expenses incurred in carrying out their duties on the commission in the same manner and amount as other county employees.

Sec. 12. [DISSOLUTION.] The commission shall conclude its business and dissolve when:

(a) 60 days have passed from the adoption of an original, unamended apportionment plan without the filing of any petition for review by the supreme court and all legal actions concerning the plan which are known at that time have been decided; or

(b) the commission has adopted an amended apportionment plan after remand by a court; or

(c) the commission has failed to adopt a plan or amended plan within the time required by law. The conclusion of business shall include preparation of the official record of the commission and a financial statement disclosing all expenditures made by the commission. The official record shall contain all information developed by the commission pursuant to carrying out its duties including records of public hearings, data collected, minutes and audio recordings of hearings and meetings, and other information of a similar nature. The official record shall be submitted to the county board who shall provide for its preservation.

Sec. 13. [PUBLICATION OF REPORT.] *Subdivision 1. Promptly after the filing of an apportionment plan the secretary of state shall:*

(a) *prepare and transmit a copy of the plan to the county auditor;*

(b) *prepare and transmit a summary of the plan to each newspaper of general circulation and each radio and television station in the county; and*

(c) *prepare sufficient copies of the plan and the summary for inspection, copying and purchase by the public.*

Subd. 2. The summary shall contain:

(a) *a map showing all the new districts;*

(b) *a statement of the population of each district;*

(c) *a statement of the percentage variation of each district from the average population of other districts of the same kind; and*

(d) *an indication of where a copy of the final report of the commission may be examined or purchased and its purchase price.*

Sec. 14. [JUDICIAL REVIEW.] *Subdivision 1. An action to review an apportionment plan adopted by the reapportionment commission shall be commenced by petition to the district court within 30 days of the effective date of the plan. The petition shall set forth the facts and the law on the basis of which petitioner believes the plan does not comply with the provisions of the United States Constitution, the Minnesota Constitution or other provisions of law. A copy of the petition shall be served upon the commission and the county attorney. The court shall hold hearings upon the petition and render its opinion within 60 days of the date that the petition is filed.*

Subd. 2. If the court determines that an original, unamended plan of the reapportionment commission does not comply with constitutional or legal requirements, the court shall specify the reasons for its finding and immediately remand the plan to the commission for amendment. If the court retains jurisdiction of an action to review an apportionment plan when the plan is remanded to the commission, the court shall render its opinion on any amended plan within 90 days after the effective date of the amended plan.

Subd. 3. If a federal court determines that an original unamended plan of the reapportionment commission does not com-

ply with constitutional or legal requirements, and the court permits the commission to redraw the boundaries with consideration to the court's findings and conclusions, the plan shall be remanded to the commission for amendment.

Subd. 4. If the commission fails to adopt an apportionment plan or an amended plan within the time provided by law, or an amended plan adopted by the commission is found invalid upon review by the district court, the district court shall adopt its own reapportionment plan. The court shall hold at least one public hearing before adopting or amending a plan. An apportionment plan adopted or amended by the court shall be in the form prescribed for a plan adopted by the commission. The court shall adopt the plan or amended plan and file it with the secretary of state not later than 60 days from the date on which the commission was required to adopt its plan or the date on which the plan was declared invalid. The plan is effective 30 days after it is adopted.

Sec. 15. [DUTIES OF COUNTY ATTORNEY.] *The county attorney shall represent the commission and defend the apportionment plan adopted by the commission in any action to review the plan in state or federal court.*

Sec. 16. *This act supersedes for Hennepin County the provisions of Minnesota Statutes, Section 375.025.*

Sec. 17. *Section 1 of this act is effective the day following final enactment and, pursuant to Minnesota Statutes, 1979 Supplement, Section 645.023, Subdivision 1, Clauses (a) and (c), sections 2 to 16 of this act are effective the day after final enactment."*

Further amend by striking the title and inserting:

"A bill for an act relating to elections; authorizing time off from work for election judges; providing for redistricting of Hennepin County commissioner districts; amending Minnesota Statutes 1978, Section 204A.17, by adding a subdivision."

The motion prevailed and the amendment was adopted.

"Sec. 2. Minnesota Statutes 1978, Chapter 179, is amended by adding a section to read:

[179.78] [TEACHERS; NEGOTIATIONS; ARBITRATION.] *Subdivision 1. The provisions of this section shall govern the negotiation and arbitration of a collective bargaining agreement between the employer and the exclusive representative of the teachers. The provisions of sections 179.61 to 179.76 shall continue to govern the rights and obligations of teachers, their exclusive representative and their employer except to the extent that the provisions are inconsistent with the provisions of this section.*

Subd. 2. The employer and the exclusive representative of the teachers shall execute a written contract or memorandum of contract as provided in section 179.70 not later than July 1 of each odd-numbered year. Either party may petition the director of mediation services for assistance in reaching an agreement, as provided in section 179.69, subdivision 1. If the employer and the exclusive representative fail to execute a contract by July 1 of the odd-numbered year, they shall be conclusively presumed to be at an impasse.

Subd. 3. If a new or different exclusive representative is certified by the director at any time other than the period between 120 days before the termination date of a contract and the termination date of the contract, or if on July 1 of any odd-numbered year a representation proceeding involving the employer and the employer's teachers is before the director, the provisions of subdivision 2 shall not apply. In those cases, the employer and the exclusive representative of the teacher shall execute a written contract or memorandum of contract as provided in section 179.70 no later than 45 days after a certification by the director of a new or different exclusive representative or the resolution by the director of a representation proceeding. Either party may petition the director of mediation services for assistance in reaching an agreement, as provided in section 179.69, subdivision 1. If the employer and the exclusive representative fail to execute a contract by 45 days after the certification of a new or different exclusive representative or the resolution by the director of a representation proceeding, they shall be conclusively presumed to be at an impasse.

Subd. 4. Upon an impasse, either party may petition the director for binding arbitration. When a petition for binding arbitration is filed by either party and an impasse exists, the director shall notify the other party of the filing of a petition for binding arbitration. The other party shall have 15 days after notification of the filing of the petition to reject the request or to agree to submit matters not agreed upon to binding arbitra-

tion. If the other party does not respond within 15 days, the failure to respond shall be regarded as a refusal to submit to binding arbitration within the meaning of subdivision 5.

Subd. 5. Teachers shall have the right to strike and a defense to a charge of violating section 179.64 only under the following circumstances:

(a) The employer has violated section 179.68, subdivision 2, clause (9);

(b) Either party has refused a request by the other party for binding arbitration pursuant to this section; or

(c) Forty-five days after an impasse in contract negotiations, there is no agreement to submit the issues in dispute to binding arbitration pursuant to this section.

Sec. 3. Minnesota Statutes 1978, Section 179.61, is amended to read:

179.61 [PUBLIC POLICY.] It is the public policy of this state and the purpose of sections 179.61 to 179.77 and section 2 to promote orderly and constructive relationships between all public employers and their employees, subject however, to the paramount right of the citizens of this state to keep inviolate the guarantees for their health, education, safety and welfare.

The relationships between the public, the public employees, and their employer governing bodies imply degrees of responsibility to the people served, need of cooperation and employment protection which are different from employment in the private sector. So also the essentiality and public desire for some public services tend to create imbalances in relative bargaining power or the resolution with which either party to a disagreement presses its position, so that unique approaches to negotiations and resolutions of disputes between public employees and employers are necessary.

Unresolved disputes between the public employer and its employees are injurious to the public as well as to the parties; adequate means must therefore be established for minimizing them and providing for their resolution. Within the foregoing limitations and considerations the legislature has determined that overall policy may best be accomplished by:

(1) granting to public employees certain rights to organize and choose freely their representatives;

(2) requiring public employers to meet and negotiate with public employees in an appropriate bargaining unit and providing for written agreements evidencing the result of such bargaining; and

(3) establishing special rights, responsibilities, procedures and limitations regarding public employment relationships which will provide for the protection of the rights of the public employee, the public employer and the public at large.

Sec. 4. Minnesota Statutes 1978, Section 179.62, is amended to read:

179.62 [CITATION.] Sections 179.61 to 179.77 and *section 2* shall be known and may be cited as the public employment labor relations act (OF 1971).

Sec. 5. Minnesota Statutes 1978, Section 179.63, Subdivision 1, is amended to read:

179.63 [DEFINITIONS.] Subdivision 1. For the purposes of sections 179.61 to 179.77 and *section 2* the terms defined in this section have the meanings given them.

Sec. 6. Minnesota Statutes 1978, Section 179.63, Subdivision 4, is amended to read:

Subd. 4. "Public employer" or "employer" means (a) the state of Minnesota in respect to employees of the state not otherwise provided for in this subdivision or section 179.74 for executive branch employees; (b) the board of regents of the University of Minnesota, in respect to employees thereof; and (c) the governing body of a political subdivision or agency or instrumentality thereof which has final budgetary approval authority, in respect to employees of that subdivision, agency or instrumentality. When two or more units of government subject to the provisions of sections 179.61 to 179.77 and *section 2* undertake a project or form a new agency of government under chapter 402, or section 471.59, or other law authorizing common or joint action, the employer for purposes of sections 179.61 to 179.77 and *section 2* shall be the governing person or board of the created agency and the governing official or body of the cooperating governmental units shall be bound by an agreement entered into by the created agency pursuant to the procedures of sections 179.61 to 179.77 and *section 2*. The term does not include a "charitable hospital" as defined in section 179.35, subdivision 2. Nothing in this subdivision shall be construed to diminish the authority granted pursuant to law to an appointing authority in respect to the selection, direction, discipline or discharge of an individual employee insofar as such action is consistent with general procedures and standards relating to selection, direction, discipline or discharge which are the subject of an agreement entered into pursuant to sections 179.61 to 179.77 and *section 2*.

Sec. 7. Minnesota Statutes 1978, Section 179.64, Subdivision 1, is amended to read:

179.64 [STRIKES; PROHIBITION; PENALTIES.] Subdivision 1. No person holding a position by appointment or

employment in the government of the state of Minnesota, or in the government of any one or more of the political subdivisions thereof, or in the service of the public schools, or of the state university, or in the service of any authority, commission or board or any other branch of the public service, whether included or excepted from this act may engage in a strike, nor shall any such person or organization of such persons or its officials or agents cause, condone, instigate, encourage, or cooperate, in a strike except as may be provided in subdivision 7 or in section 2, subdivision 5.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 179.64, Subdivision 7, is amended to read:

Subd. 7. A violation of section 179.68, subdivision 2, clause (9), a refusal by the employer to request binding arbitration when requested by the exclusive representative pursuant to section 179.69, subdivision 3 or 5, or, as applied to state employees, a disapproval by the legislative commission on employee relations pursuant to section 3.855 or a failure by the legislature to approve a negotiated agreement or arbitration award pursuant to section 179.74, is a defense to a violation of this section, except as to essential employees. *A teacher shall have a defense to a violation of this section only as provided by section 2, subdivision 5.* As to all public employees, no other unfair labor practice or violation of sections 179.61 to 179.76 and section 2 by a public employer shall be a violation of this section but may be considered by the court in mitigation of or retraction of any penalties as to employees and employee organizations.

Sec. 9. Minnesota Statutes 1978, Section 179.65, Subdivision 1, is amended to read:

179.65 [RIGHTS AND OBLIGATIONS OF EMPLOYEES.]

If no exclusive representative has been certified, any public employee individually, or group of employees through their representative, shall have the right of expression or communication of a view, grievance, complaint or opinion on any matter related to the conditions or compensation of public employment or their betterment, by meeting with their public employer or his representative so long as the same is not designed to and does not interfere with the full, faithful and proper performance of the duties of employment.

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under this chapter, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(7) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(8) In the case of property disposed of on or after January 1, 1973, the amount of any increase in the taxpayer's federal tax

liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1976, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (7) or under section 290.09, subdivision 24;

(9) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29;

(10) Expenses and depreciation attributable to substandard buildings disallowed by section 290.101;

(11) The amount by which the gain determined pursuant to section 41.59, subdivision 2 exceeds the amount of such gain included in federal adjusted gross income;

(12) To the extent deducted in computing the taxpayer's federal adjusted gross income for the taxable year, losses realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(13) Interest income from qualified scholarship funding bonds as defined in section 103(e) of the Internal Revenue Code of 1954, as amended through December 31, 1976, if the nonprofit corporation is domiciled outside of Minnesota; and

(14) Exempt-interest dividends, as defined in section 852 (b) (5) (A) of the Internal Revenue Code of 1954, as amended through December 31, 1976, not included in federal adjusted gross income pursuant to section 852(b) (5) (B) of the Internal Revenue Code of 1954, as amended through December 31, 1976, except for that portion of such exempt-interest dividends derived from interest income on obligations of the state of Minnesota, any of its political or governmental subdivisions, any of its municipalities, or any of its governmental agencies or instrumentalities;

(15) The amount of any excluded gain realized by a trust on the sale or exchange of property as defined in section 641(c) (1).

(16) *The amount of a distribution from an individual housing account which is to be included in gross income as required under clause (c) of section 290.09, subdivision 30.*

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but

exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 50 per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1977. The maximum amount of this subtraction shall be \$10,000 less the amount by which the individual's federal adjusted gross income exceeds \$17,000. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$10,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000;

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(8) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(9) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(10) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed after December 31, 1977 and before January 1, 1982 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

(11) The amount of gain on the sale of the taxpayer's residence excluded from the federal gross income of the taxpayer pursuant to section 121 of the Internal Revenue Code of 1954, as amended through December 31, 1978 provided that a taxpayer who elects under that section shall not, for the purpose of this subdivision, also take an exclusion according to the provisions of section 121 of the Internal Revenue Code, as amended through December 31, 1976;

(12) The first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota; and

(13) The amount of any income earned for personal services rendered prior to the date when the taxpayer became a resident of Minnesota.

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chap-

ter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section

291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

THE AMOUNT OF NONFAT MILK SOLIDS IN SKIM MILK AND BUTTERMILK SHALL BE DETERMINED BY METHODS PROVIDED FOR HEREIN. THE TESTS SHALL BE PERFORMED IN THE MANNER AND WITH EQUIPMENT PRESCRIBED BY RULES AND REGULATIONS PROMULGATED BY THE COMMISSIONER IN THE MANNER PROVIDED BY LAW.) *as described in the latest edition*

Subdivision 1. (AN UNINCORPORATED.) A nonprofit association known as the workers' compensation reinsurance association is created, *which may be incorporated under chapter 317 with all the powers of a corporation formed under that chapter, except that if the provisions of that chapter are inconsistent with sections 79.34 to 79.42 or any amendments thereto, sections 79.34 to 79.42 shall govern.* Each insurer as defined by section 79.01, subdivision 2, shall as a condition of its authority to transact workers' compensation insurance in this state, be a member of the reinsurance association and shall be bound by the plan of operation of the reinsurance association. Each self-insurer approved pursuant to section 176.181 shall (ALSO), *as a condition of its authority to self-insure workers' compensation liability in this state,* be a member of the reinsurance association and shall be bound by its plan of operation. The reinsurance association shall not be deemed a state agency. Actions of the reinsurance association and its board of directors and actions of the commissioner of insurance with respect to the reinsurance association shall not be subject to chapter 15. *The reinsurance association shall be exempt from taxation under the laws of this state and all property owned by the association shall be exempt from taxation. The reinsurance association shall not be obligated to make any payments or pay any assessments to any funds or pools established pursuant to chapters 79 or 176 or any other law.*

Subd. 2. ((1)) The reinsurance association shall provide and each member shall accept indemnification for 100 percent of the amount of ultimate loss sustained in each loss occurrence *relating to one or more claims arising out of a single compensable event, including aggregate losses related to a single event or occurrence which constitutes a single loss occurrence,* under chapter 176 *on and after October 1, 1979,* in excess of \$300,000 or \$100,000 *retention limit,* at the option of the member (, PROVIDED THAT \$300,000 AND \$100,000). *In case of occupational disease causing disablement on and after October 1, 1979, each person suffering such disablement shall be considered to be involved in a separate loss occurrence. Each retention limit shall be increased (,) to the nearest \$10,000, on (OCTOBER 1, 1980) January 1, 1981 and on each (OCTOBER) January 1 thereafter by the percentage increase in the statewide average weekly wage (FOR THE PREVIOUS CALENDAR YEAR AS DETERMINED PURSUANT TO CLAUSE (2)), as determined in accordance with section 176.011, subdivision 20.* Ultimate loss as used in this section means the actual loss amount which a member is obligated to pay and which is paid

(OR PAYABLE) by the member for workers' compensation benefits payable under chapter 176 and shall not include claim expenses, assessments, damages or penalties. (AN ULTIMATE) A loss is incurred by the reinsurance association on the date on which the accident or other compensable event giving rise to the loss occurs, and a member is liable for a loss up to its retention limit in effect at the time that the loss was incurred, except that members which are determined by the reinsurance association to be controlled by or under common control with another member, and which are liable for claims from one or more employees entitled to compensation for a single compensable event, including aggregate losses relating to a single loss occurrence, may aggregate their losses and obtain indemnification from the reinsurance association for the aggregate losses in excess of the higher retention limit in effect at the time the loss was incurred. Each member is liable for payment of its ultimate loss and shall be entitled to indemnification from the reinsurance association for the ultimate loss in excess of the member's retention limit in effect at the time of the loss occurrence.

A member that chooses the higher retention limit shall retain the liability for all losses below the higher retention limit itself and shall not transfer the liability to any other entity or reinsurance or otherwise contract for reimbursement or indemnification for losses below its retention limit, except in the following cases: (a) when the reinsurance or contract is with another member which, directly or indirectly, through one or more intermediaries, control or are controlled by or are under common control with the member; (b) when the reinsurance or contract provides for reimbursement or indemnification of a member if and only if the total of all claims which the member pays or incurs, but which are not reimbursable or subject to indemnification by the reinsurance association for a given period of time, exceeds a dollar value or percentage of premium written or earned and stated in the reinsurance agreement or contract; (c) when the reinsurance or contract is a pooling arrangement with other insurers where liability of the member to pay claims pursuant to chapter 176 is incidental to participation in the pool and not as a result of providing workers' compensation insurance to employers on a direct basis under chapter 176; or (d) any other reinsurance or contract approved by the commissioner upon his determination that the reinsurance or contract is not inconsistent with the bases for exception provided under clauses (a), (b) and (c) above.

(2) FOR THE PURPOSES OF THIS SECTION STATE-WIDE AVERAGE WEEKLY WAGE MEANS THAT WAGE DETERMINED BY THE COMMISSIONER IN THE FOLLOWING MANNER: ON OR BEFORE THE JULY 1 PRECEDING THE OCTOBER 1 ON WHICH THE INCREASE IS TO BE APPLICABLE, THE TOTAL WAGES REPORTED TO THE DEPARTMENT OF ECONOMIC SECURITY FOR

THE PRECEDING 12 MONTHS ENDING ON DECEMBER 31 SHALL BE DIVIDED BY THE TOTAL EMPLOYMENT REPORTED TO THAT DEPARTMENT FOR THE SAME PERIOD TO ARRIVE AT AN AVERAGE ANNUAL WAGE, WHICH SHALL BE DIVIDED BY 52 TO DETERMINE THE STATEWIDE AVERAGE WEEKLY WAGE.)

Subd. 3. An insurer may withdraw from the reinsurance association only upon ceasing to (WRITE) *be authorized by license issued by the commissioner to transact workers' compensation insurance in this state and when all workers' compensation insurance policies issued by such insurer have expired; a self-insurer may withdraw from the reinsurance association only upon ceasing to be approved to self-insure workers' compensation liability in this state pursuant to section 176.181.*

An insurer or self-insurer which withdraws or whose membership in the reinsurance association is terminated shall continue to be bound by the plan of operation. Upon withdrawal or termination, all unpaid premiums which have been charged to the withdrawing or terminated member shall be payable as of the effective date of the withdrawal or termination.

Subd. 4. An unsatisfied net liability to the reinsurance association of an insolvent member shall be assumed by and apportioned among the remaining members of the reinsurance association as provided in the plan of operation. The reinsurance association shall have all rights allowed by law on behalf of the remaining members against the estate or funds of the insolvent member for sums due the reinsurance association.

Subd. 5. When a member has been merged or consolidated into another insurer or self insurer, or another insurer, which provides insurance required by chapter 176, has reinsured a member's entire business, the member and successors in interest of the member shall remain liable for the member's obligations.

Subd. 6. (NO INSURER OR SELF INSURER MAY ESTABLISH RESERVE IN A FINANCIAL STATEMENT FILED WITH THE COMMISSIONER OF INSURANCE IN EXCESS OF ITS MAXIMUM LIABILITY UNDER THIS SECTION FOR A SINGLE CLAIM OR OCCURRENCE.) *The commissioner shall require each member to identify the portion of all losses which exceed its retention limit selected under this section in any report filed with the workers' compensation insurers rating association of Minnesota or filed with the insurance division for use in reviewing the workers' compensation schedule of rates.*

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 79.35, is amended to read:

79.35 [DUTIES; RESPONSIBILITIES; POWERS.] The reinsurance association shall do the following on behalf of its members:

(a) Assume 100 percent of the liability as provided in section 79.34;

(b) Establish procedures by which members shall promptly report to the reinsurance association each claim which, on the basis of the injury sustained, may reasonably be anticipated to involve liability to the reinsurance association if the member is held liable under chapter 176. Solely for the purpose of reporting claims, the member shall in all instances consider itself legally liable for the injury. The member shall advise the reinsurance association of subsequent developments likely to materially affect the interest of the reinsurance association in the claim;

(c) Maintain relevant loss and expense data relative to all liabilities of the reinsurance association and require each member to furnish statistics in connection with liabilities of the reinsurance association at the times and in the form and detail as may be required by the plan of operation;

(d) Calculate and charge to members a total premium sufficient to cover the expected liability which the reinsurance association will incur in excess of the higher retention limit but less than \$500,000, together with *incurred or estimated to be incurred* operating (EXPENSES,) and administrative expenses and actual claim payments for claims in excess of \$500,000 for the period to which this premium is applicable. (THE PREMIUM SHALL INCLUDE AN AMOUNT TO COVER ANY EXCESS OR DEFICIENT PREMIUMS FROM PREVIOUS PERIODS.) Each member shall be charged a *proportion of the total premium* in an amount equal to (A PERCENTAGE, EQUAL TO THAT CHARGED OTHER MEMBERS, OF THAT MEMBER'S TOTAL GROSS WRITTEN PREMIUMS, LESS RETURNED PREMIUMS, WRITTEN) *its proportion of the total standard earned premium of all members during the period (PRECEDING THAT) to which the reinsurance association premium will apply, as determined by the commissioner. (AN EQUITABLE BASIS FOR PREMIUM CHARGES TO SELF INSURERS SHALL BE ESTABLISHED BY THE BOARD. MEMBERS)* Each member exercising the lower retention option shall also be charged a premium established by the board as sufficient to cover *incurred or estimated to be incurred* claims for the liability the reinsurance association is likely to incur *between the lower and higher retention limits* for the period to which the premium applies. *Each member's premium shall include an amount determined by the board to equitably distribute excess or deficient premiums from previous periods. An equitable basis for determining standard earned premium for self-insurers shall be established by the commissioner.* The (PREMIUM) premiums charged to members shall not be unfairly discriminatory as defined in section 79.074. (THE PREMIUM MAY REFLECT EX-

CESSIVE OR DEFICIENT PREMIUMS FROM PREVIOUS PERIODS) *All premiums shall be approved by the commissioner;*

(e) Require and accept the payment of premiums from members of the reinsurance association;

(f) Receive and distribute all sums required by the operation of the reinsurance association;

(g) Establish procedures for reviewing claims procedures and practices of members of the reinsurance association. If the claims procedures or practices of a member are considered inadequate to properly service the liabilities of the reinsurance association, the reinsurance association may undertake, or may contract with another person, including another member, to adjust or assist in the adjustment of claims which create a potential liability to the association and may charge the cost of the adjustment to the member; and

(h) Provide each member of the reinsurance association with an annual report of the operations of the reinsurance association in a form the board of directors may specify.

Sec. 9. Minnesota Statutes, 1979 Supplement, Section 79.36, is amended to read:

79.36 [ADDITIONAL POWERS.] In addition to the powers granted in section 79.35, the reinsurance association may do the following:

(a) Sue and be sued. A judgment against the reinsurance association shall not create any direct liability against the individual members of the reinsurance association. The reinsurance association (MAY) *shall provide in the plan of operation for the indemnification, to the extent provided in the plan of operation, of the members, members of the board of directors of the reinsurance association, and officers, employees and other persons lawfully acting on behalf of the reinsurance association;*

(b) Reinsure all or any portion of its potential liability, *including potential liability in excess of \$500,000, with reinsurers licensed to transact insurance in this state or otherwise approved by the commissioner;*

(c) Provide for appropriate housing, equipment, and personnel as may be necessary to assure the efficient operation of the reinsurance association;

(d) Contract for goods and services, including *but not limited to* independent claims management, actuarial, investment, and legal services from others within or without this state to assure the efficient operation of the reinsurance association;

(e) Adopt *operating* rules, consistent with the plan of operation, for the administration of the reinsurance association, enforce those *operating* rules, and delegate authority as necessary to assure the proper administration and operation of the reinsurance association;

(f) Intervene *in or prosecute* at any time, (IN) *including but not limited to intervention or prosecution as subrogee to the member's rights in a third party action*, any proceeding under this chapter or chapter 176 in which liability of the reinsurance association may, in the opinion of the board of directors of the reinsurance association or its designee, be established, or the reinsurance association affected in any other way;

(g) *The net proceeds derived from intervention or prosecution of any subrogation interest, or other recovery, shall first be used to reimburse the reinsurance association for amounts paid or payable pursuant to this chapter, together with any expenses of recovery, including attorney's fees, and any excess shall be paid to the member or other person entitled thereto, as determined by the board of directors of the reinsurance association, unless otherwise ordered by a court.*

(h) Hear and determine complaints of a company or other interested party concerning the operation of the reinsurance association; and

((H)) (i) Perform other acts not specifically enumerated in this section which are necessary or proper to accomplish the purposes of the reinsurance association and which are not inconsistent with sections 79.34 to 79.42 or the plan of operation.

Sec. 10. Minnesota Statutes, 1979 Supplement, Section 79.37, is amended to read:

79.37 [BOARD OF DIRECTORS.] A board of directors of the reinsurance association is created and shall be responsible for the operation of the reinsurance association consistent with the plan of operation and sections 79.34 to 79.42. The board shall consist of nine directors and the commissioner of insurance who shall be an *ex officio* member. Four members of the board shall represent insurers, three members of the board shall represent employers, *at least one, but not more than two, of whom shall represent self-insurers*, and two members of the board shall represent employees. *Members shall elect the insurer directors, and the commissioner shall appoint the employer and employee directors, for the terms authorized in the plan of operation.* Each board member shall be entitled to one vote. Terms of the directors shall be staggered so that the terms of all the directors do not expire at the same time and so that a director does not serve a term of more than four years. The board shall select a chairman and other officers it deems appropriate.

A majority of the board shall constitute a quorum, notwithstanding any vacancies. Action may be taken by a majority vote of the directors present.

Sec. 11. Minnesota Statutes, 1979 Supplement, Section 79.38, is amended to read:

79.38 [PLAN OF OPERATION.] *Subdivision 1.* The plan of operation shall provide for all of the following:

- (a) The establishment of necessary facilities;
- (b) The management and operation of the reinsurance association;
- (c) A preliminary premium, payable by each member in proportion to its total premium in the year preceding the inauguration of the reinsurance association, for initial expenses necessary to commence operation of the reinsurance association;
- (d) Procedures to be utilized in charging premiums including adjustments from excess or deficient premiums from prior periods;
- (e) Procedures governing the actual payment of premiums to the reinsurance association;
- (f) Reimbursement of each member of the board by the reinsurance association for actual and necessary expenses incurred on reinsurance association business;
- (g) The composition, terms, compensation and other necessary rules consistent with section 79.37 for boards of directors of the reinsurance association to succeed the initial board provided in section 79.41;
- (h) The investment policy of the reinsurance association; and
- (i) Any other matters required by or necessary to effectively implement sections 79.34 to 79.42.

Subd. 2. If the reinsurance association is incorporated pursuant to chapter 317, the plan of operation shall be filed with and accepted by the secretary of state as the corporation's articles of incorporation and bylaws. The plan of operation shall be valid as articles of incorporation and bylaws under chapter 317, notwithstanding that one or more of the required provisions for articles and bylaws under chapter 317 is not included or requirements of form are not followed.

Subd. 3. [AMENDMENTS.] (a) **[PROCEDURE WITH MEMBERS' RATIFICATION.]** *The plan of operation may be*

amended, in whole or in part, as follows: proposal of an amendment by a member of the board and adoption by a majority vote of the board at a meeting duly called for that purpose, ratification by a majority vote of the members at any annual meeting or special meeting duly called for that purpose, and approval of the commissioner, provided that an amendment shall be deemed approved 30 days after the day following the date of ratification by the members if not sooner disapproved by written order of the commissioner.

(b) [EMERGENCY BOARD POWER TO AMEND WITH DELAYED MEMBERS' RATIFICATION.] *The board shall have emergency powers to amend the plan at a meeting duly called for that purpose, without ratification by the members; provided that a meeting of members shall be scheduled to consider ratification of the amendment within 90 days.*

(c) [COMMISSIONER'S POWER TO AMEND.] *If the board proposes an amendment which the members decline to ratify, the commissioner is authorized, upon request of the board, to amend the plan as proposed by the board when he determines that failure to adopt the proposed amendment may seriously impair the ability of the reinsurance association to meet its financial obligations.*

(d) [DELEGATION OF AUTHORITY TO RATIFY.] *By a majority vote, the members, voting in person, or by proxy if authorized by the board, at a meeting duly called for that purpose, may authorize the board to exercise the power of amendment of the plan without ratification by the members. When the members have authorized the board to amend the plan without ratification by the members, the board may, by a majority vote of the directors, amend the plan, provided that notice of the meeting and of the proposed amendment shall be given to each director and officer, including the commissioner. By a majority vote, the members, voting in person, or by proxy if authorized by the board, at a meeting duly called for that purpose, may prospectively revoke the authority of the board to amend the plan without ratification by the members.*

Sec. 12. [REPEALER.] *Minnesota Statutes, 1979 Supplement, Sections 79.41 and 79.42 are repealed.*

Sec. 13. [EFFECTIVE DATE.] *Sections 1 to 12 are effective the day following final enactment."*

Thiede moved to amend H. F. No. 2304, as amended, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Subdivision 1. An amendment to the Minnesota Constitution is proposed to the people. If the amendment is adopted, two new sections shall be added to Article IV, which shall read:

Sec. 27. [INITIATIVE.] The people reserve to themselves the power on their initiative to propose laws and to adopt or reject them independently of the legislature.

A law initiated by the people shall be adopted by the people upon the affirmative vote of a majority of those voting on the question at a general election.

The governor shall have no power to approve or veto a law initiated by the people.

No law initiated and adopted by the people may be repealed by the legislature, but it may be amended by a two-thirds vote of the members elected to each house, until after another general election has intervened.

Sec. 28. [REFERENDUM.] The people reserve to themselves the power by petition to require the referral to them for their approval or rejection of a law, or part of a law, adopted by the legislature. The people shall not require the referral of a law or part of a law which is an appropriation, a special law which names the single local government unit or county to which it ap-

plies, or a law which provides that it is an emergency matter and is adopted by a two-thirds vote of each house.

A law, or part of a law, referred by petition to the people shall be adopted by the people upon the affirmative vote of a majority of those voting on the question at a general election.

Sec. 2. The amendment shall be submitted at the 1980 general election. The question shall be:

“Shall the Minnesota Constitution be amended to provide for initiative and referendum?

Yes.....

No.....”

Sec. 3. [3B.01] [CITATION.] Sections 3 to 38 may be cited as “The Initiative and Referendum Implementation Act”.

Sec. 4. [3B.02] [DEFINITIONS.] Subdivision 1. The words defined by this section shall, when used in sections 4 to 38, have the meanings given them.

Subd. 2. “General election” is as defined in Minnesota Statutes, Section 200.02, Subdivision 2.

Subd. 3. “Measure” means the proposed law in an initiative petition or the law in either the Laws of Minnesota or Minnesota Statutes cited in a referendum petition.

Subd. 4. “Petition drive” means the organized process by the sponsors and their authorized agents of soliciting the general public to sign initiative or referendum petitions.

Sudd. 5. “Eligible voter” means those persons who may register to vote under the provisions of chapter 201.

Subd. 6. “Sponsors” means the persons specified by section 5, subdivision 2, clause (a).

Sec. 5. [3B.03] [PREPARATION FOR PETITIONING ON AN INITIATIVE MEASURE.] Subdivision 1. Before circulation of any petitions to have an initiative measure placed on the ballot, the sponsors shall, as soon as possible but not later than October 31 of an odd numbered year, file a declaration with the secretary of state.

Subd. 2. The declaration shall:

(a) State the names, mailing addresses and any business or residential phone numbers of not less than 25 persons with an

indication of who is the chairman, or chairwoman, and who is the treasurer; and,

(b) State the name and mailing address of all committees, groups or organizations known to the sponsors who intend to support the petition drive on the measure or otherwise aid the sponsors; and,

(c) Give a description of the intent or purpose of the measure, or, if the proposed measure is already drafted, include a copy of the draft; and,

(d) State the name, address or phone number of a person who is generally available to work on the final form and wording of the measure and is authorized to approve its final form and wording.

Subd. 3. The secretary of state shall, by rule, provide a sample declaration form.

Subd. 4. The sponsors shall pay to the secretary of state a filing fee of \$200 which shall be deposited in the general fund.

Subd. 5. The sponsors at the time of filing the declaration with the secretary of state may present a petition in lieu of the filing fee required by subdivision 4. The petition shall be validly signed by at least 4,000 eligible voters. The petition authorized by this subdivision may not be used to fulfill the requirements of sections 8 to 11.

Sec. 6. [3R.04] [ADVICE BY REVISOR OF STATUTES.] Subdivision 1. The secretary of state shall forward one copy of each declaration provided for in section 5 to the revisor of statutes. The secretary of state shall also advise the sponsors to consult with the revisor.

Subd. 2. The revisor of statutes shall, within 30 calendar days of receipt of the declaration, prepare a final draft of the initiative measure in accordance with the intent and purpose expressed in the declaration. The intent and purpose may be amplified or refined by the person authorized in the declaration to approve the form and wording of the measure. The revisor shall give to the person authorized to approve the form and wording of the measure, his or her best advice as to the measure's constitutionality, and the best form and content of the measure to accomplish the sponsors' intent and purpose. However, if the revisor and the sponsors disagree as to the best form and content of the measure to accomplish the sponsors' intent and purpose, or disagree as to constitutionality, the directions of the sponsors shall prevail. All discussions by the revisor with the sponsors shall be treated by the revisor as confidential. With the final draft prepared by the revisor, the revisor shall also furnish the sponsors and the secretary of state with a summary of the mea-

sure for use on the petition as provided by section 8, subdivision 1, clause (b). If, after consulting with the revisor, the sponsors do not desire the revisor's assistance, they shall sign a written waiver of assistance. The waiver shall then be filed with the secretary of state and the revisor together with a final draft of the initiative measure prepared by the sponsors. Within seven calendar days after the revisor receives the waiver and final draft, he or she shall furnish the sponsors and the secretary of state with a summary of the measure for use on the petition as provided by section 8, subdivision 1, clause (b).

Subd. 3. The form of initiative measures shall conform to the form of bills considered by the legislature. The enacting clause shall be "BE IT ENACTED BY THE PEOPLE OF THE STATE OF MINNESOTA". No initiative shall embrace more than one subject. The measure may not provide for the form of the ballot question by which it would be submitted to the voters.

Subd. 4. Upon receiving the final draft of the initiative measure from the revisor of statutes, the sponsors shall, within 21 calendar days, either file it with the secretary of state or file a waiver and draft prepared by the sponsors as provided by subdivision 2. Failure to file within the time limit either the revisor's draft or a waiver and sponsors' draft constitutes a voluntary abandonment of the petition drive.

Sec. 7. [3B.05] [FISCAL NOTE ON AN INITIATIVE MEASURE.] Subdivision 1. Upon receiving the final draft of the initiative measure, the secretary of state shall, within seven calendar days, file a copy with the commissioner of finance. Within 30 calendar days after the copy is filed, the commissioner of finance shall prepare an impartial fiscal note on the measure and shall file a copy of it with the secretary of state and each county auditor.

Subd. 2. The fiscal note shall estimate the amount of any increase or decrease, immediate or long range, in either revenue or costs for all governmental units. The total increase or decrease shall be subdivided to separately show the fiscal effect upon state government and local governmental units. The fiscal note shall not comment upon the merits of the proposal. The note shall be signed by the commissioner and shall clearly show that the information was prepared by his or her department.

Sec. 8. [3B.06] [PETITIONS FOR INITIATIVE.] Subdivision 1. Each initiative petition shall consist of as many copies as the sponsors print, each of which is not more than one sheet of paper and contains the following on the front:

(a) In not less than 25 point bold type on a 30 point body at the top of the front page, the printed words "INITIATIVE PETITION"; and,

(b) A brief impartial summary of the purpose and effect of the measure prepared by the revisor of statutes; and,

(c) A statement that a verbatim copy of the initiative measure is available for public examination at the office of the secretary of state or any county auditor; and,

(d) A statement that a statement of any fiscal effect of the measure, prepared by the commissioner of finance, is or will be on file with the secretary of state and each county auditor; and,

(e) Space for the signatures, printed name, mailing address, county and city or town of each petition signer, and the date of signing.

Subd. 2. On the reverse side of each petition shall be an affidavit for the person circulating the petition which shall give his or her name, mailing address, and phone number; indicate that he or she circulated the petition; indicate that to the best of his or her knowledge each of the signers is an eligible voter and resident in the county; identify the sponsors on whose behalf the petition was circulated; and indicate that he or she has received no compensation for circulating the petition.

Subd. 3. The secretary of state shall, by rule, prescribe the form for initiative petitions.

Subd. 4. At the time the final draft of the initiative measure is filed with the secretary of state, as provided by section 6, subdivision 4, the sponsors shall also file a copy of the petition with the secretary of state. Within seven calendar days the secretary shall examine the petition and determine whether it complies with this section and the secretary's rules. If the petition complies, the secretary shall approve it and notify the sponsors. If the secretary finds that the form of the petition is not in compliance, he or she shall disapprove it and order it redrafted. The secretary shall notify the sponsors that the petition is not in compliance with the law and rules and specify what changes are necessary to bring it into compliance. Failure to refile a new petition drafted in accordance with the secretary's instructions not later than seven calendar days after the secretary's notice constitutes abandonment of the drive. Upon refile, the secretary shall again examine the petition for its compliance with this section and the secretary's rules and approve it or again reject it. The petition may subsequently be refiled until it is found to comply with the law and rules.

Subd. 5. The secretary of state shall, within seven calendar days after approving the petition form, notify the county auditor in each county of the nature of the proposed initiative measure, that the petition form has been approved, and the date of approval. The secretary of state shall enclose a verbatim copy of the initiative measure as on file in his or her office.

Sec. 9. [3B.07] [TIME OF CIRCULATION OF INITIATIVE PETITIONS; VOLUNTARY ABANDONMENT.] *Subdivision 1. Initiative petitions may only be circulated on those days of odd numbered years which are eight calendar days after the date of the secretary of state's approval of the petition. This limitation shall not prevent the sponsors from undertaking organizational activity or completing the procedures of section 5 or 6 prior to the time petitions are circulated.*

Subd. 2. The sponsors may voluntarily abandon the drive any time before the certification by the secretary of state provided for in section 17, subdivision 4. To abandon the drive, a declaration to that effect shall be filed with the secretary of state. The filing of the declaration shall not prevent other sponsors from beginning a similar or identical petition drive. However, all petitions signed prior to the declaration are invalid upon the filing of the declaration and may not subsequently be utilized by the new sponsors.

Subd. 3. Petitions which are signed but never filed, or which are filed but the number of signatures are later determined to be insufficient, are invalid on January 8 of the year after they are signed. The petitions may not be used for similar or identical petition circulation efforts in subsequent years.

Sec. 10. [3B.08] [AMOUNT OF SIGNATURES FOR INITIATIVE.] *An initiative measure shall be placed on the ballot if petitions for the measure are validly signed by eligible voters in a number which is not less than ten percent of the number of votes cast for all candidates for governor at the last gubernatorial election. Signatures shall be from eligible voters in every county of the state. For no county shall the number of signatures be less than eight percent of the votes cast for all candidates for governor in that county at the last gubernatorial election.*

Sec. 11. [3B.09] [FILING OF PETITIONS.] *Subdivision 1. Not later than January 7 of the year succeeding the one in which the petitions were circulated, the sponsors may file the signed petitions with the auditor of the county in which they were circulated. When filed, the signed petitions shall be securely bound together by the sponsors. Failure to file petitions with each county auditor in time constitutes abandonment of the petition drive.*

Subd. 2. If any petitions are filed in accordance with this section, not later than January 7, the sponsors shall also file an affidavit with the secretary of state indicating the counties in which petitions are or will be filed and the number of valid signatures believed to be on the petitions filed in each county. Failure to file the affidavit in time constitutes abandonment of the petition drive.

Subd. 3. Only the sponsors, or those authorized in writing by the sponsors, may file petitions.

Subd. 4. If petitions are filed before January 7, the sponsors may, not later than January 7, file petitions containing additional signatures.

Sec. 12. [3B.10] [PETITIONS RECEIVED BY AUDITORS AND SIGNATURES COUNTED.] *Subdivision 1. Not later than January 28, the auditor of each county shall, without then attempting to verify the validity of any signature, determine the total number of signatures affixed to the petitions filed at his or her office and shall, not later than February 16, give written notification to the secretary of state and the sponsors of the number of signatures.*

Subd. 2. If the sponsors wish to contest any auditor's count of signatures, they shall file a brief statement of the reasons and evidence they believe indicate that the count is erroneous. The statement shall be filed not later than February 2 with the county auditor believed to have made an erroneous count. The contest shall be heard and determined not later than February 9. The determination by a county auditor shall be in writing. It is final, however, if determination of the contest will determine whether the number of signatures on the petitions is sufficient for the county, it may be appealed by the sponsors to the secretary of state. If the sponsors indicate in writing to the auditor and the secretary of state before February 16 that they will appeal, the county auditor shall notify the secretary of state that the number of signatures is tentatively sufficient pending the determination of the appeal by the secretary.

Subd. 3. Not later than the last day of February, the secretary of state shall hear and determine any appeals of contests of the count of signatures by the county auditors.

Subd. 4. If, upon receiving all notifications of the county auditors and determination of any appeals contesting the count, it is found by the secretary of state that the total number of signatures filed with each county and in the entire state are equal to or more than the number of signatures needed to declare the number of signatures on the petitions to be sufficient, not later than March 5, the secretary of state shall notify all county auditors. If either the total number of signatures filed with any county auditor is less than the minimum number of signatures required, or the total number of signatures filed with all county auditors in the state is less than the number of signatures required, the secretary of state shall notify the sponsors and all county auditors. No further action shall then be taken on the petitions.

Sec. 13. [3B.11] [VERIFICATION OF PETITIONS.] *Subdivision 1. Upon receipt of the notice from the secretary*

of state as provided in section 12, subdivision 4, each county auditor shall, not later than April 30, verify the number of valid signatures on the petitions and, not later than June 7, notify the secretary of state of the number of valid signatures.

Subd. 2. A signature is valid when:

(a) The signatory was an eligible voter on the date he or she signed the petition; and,

(b) The signatory is a resident of the county in which the petition is filed; and,

(c) The signature is legible.

Subd. 3. Upon the contesting by any eligible voter of the county of the validity of any signature on a petition, a signature otherwise valid under subdivision 2, is invalid upon a finding by the auditor by a preponderance of the evidence that a signature:

(a) is not that of who it purports to be; or,

(b) that it was not voluntarily signed; or,

(c) that compensation has been paid to the signatory for signing; or,

(d) that the signature was procured by fraud.

Subd. 4. If an auditor requests assistance and the assistance will be provided without charge to the auditor, the sponsors of the petition may assist the auditor to verify the signatures. However, the assistance shall be subject to any controls the auditor may impose.

Subd. 5. If 500 or more signatures appear on petitions filed with a county auditor, the auditor shall use the random sampling method provided for in section 14 for the verification of signatures.

Subd. 6. If less than 500 signatures appear on a petition filed with a county auditor, the auditor shall verify all signatures.

Subd. 7. The secretary of state shall provide by rule for a uniform method for the county auditors to verify signatures.

Sec. 14. [3B.12] [RANDOM SAMPLING METHOD OF SIGNATURE VERIFICATION.] Subdivision 1. A sample of signatures to be verified shall be drawn in such a manner that every signature filed with the county auditor shall be given an

equal opportunity to be included in the sample. The sample shall include either 500 signatures or five percent of the signatures, whichever is greater.

Subd. 2. If the verification from the statistical sample shows that the total number of valid signatures on all the petitions is within 90 to 110 percent of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the county, the county auditor shall verify all remaining unverified signatures. After the verification, the auditor shall notify the secretary of state either that the number of valid signatures was insufficient or, if the number is sufficient, of the number of valid signatures.

Subd. 3. If the verification from the statistical sample shows that the total number of valid signatures on all the petitions is 110 percent or more of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the county, the auditor shall notify the secretary of state of the number of valid signatures. The number of valid signatures shall be determined by taking the total number of signatures filed and multiplying it by the percentage of signatures in the statistical sample which were found to be valid. In calculating the number of valid signatures, any fractions shall be rounded up to one.

Subd. 4. If the verification from the statistical sample shows that the number of valid signatures is less than 90 percent of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the county, the auditor shall notify the secretary of state that the number of petition signatures has been found to be insufficient.

Sec. 15. [3B.13] [CONTESTS ON THE VALIDITY OF SIGNATURES.] *If an auditor finds that any signature is invalid, he or she shall record the reason for the determination of invalidity and notify the sponsors of the finding and reason. If an auditor finds that any signature is valid and any eligible voter in the county wishes to contest it, the person shall file with the auditor a statement of the signature asserted to be invalid and the reason for the invalidity. If the sponsors wish to contest the auditor's determination of the invalidity of any signature, or if any eligible voter of the county wishes to contest a determination of validity, not later than May 7, they shall file a brief statement of the evidence they believe indicates the auditor's determination was erroneous. The auditor shall hear evidence and determine contests not later than May 31. The sponsors may participate in any hearing contesting a finding of the validity of a signature. The determination of the county auditor shall be in writing. It is final; however, it may be appealed to the secretary of state as provided by section 17. If it is indicated in writing to the auditor and secretary of state before June 7 that there will be an appeal, the county*

auditor shall notify the secretary of state of both the valid number of signatures and the number of contested signatures appealed for final determination by the secretary of state.

Sec. 16. [3B.14] [INSUFFICIENT VALID SIGNATURES.] *If the secretary of state receives a notification of insufficiency from any county auditor, the secretary shall immediately notify the sponsors and all county auditors. Upon receipt of the notification, no further actions shall be taken on the petitions by the secretary of state or any county auditors.*

Sec. 17. [3B.15] [RECEIPT OF NOTIFICATIONS BY SECRETARY OF STATE.] *Subdivision 1. The secretary of state shall receive the notifications from each county auditor of the valid number of signatures.*

Subd. 2. Not later than July 7, the secretary of state shall hear and determine any appeals of contests relating to the determination of the validity of signatures by the county auditors. The secretary may delegate the hearing and determination to other persons.

Subd. 3. The secretary shall, not later than July 31, declare whether or not the total number of valid signatures meets both the minimum number of signatures required by law for the state and for each county.

Subd. 4. If the number of petition signatures meets or exceeds the minimum, the secretary of state shall certify the sufficiency of the initiative petitions to the sponsors and all county auditors. The question of adoption of the initiative measure filed with the secretary of state shall be placed on the ballot for the general election. The secretary of state's certificate shall state the wording of the question to be placed on the ballot. The revisor of statutes shall recommend to the secretary of state a wording for the question. The ballot question shall not exceed 30 words and shall be a true and impartial statement of the intent and purpose of the initiative measure. It shall be in similar form as for any ballot issues which may be on the ballot as a result of a legislative proposal of a constitutional amendment.

Subd. 5. If the secretary of state shall find that the number of signatures either in a county or in the entire state is insufficient, the secretary of state shall notify the sponsors and all county auditors. No further action shall then be taken on the petitions.

Sec. 18. [3B.16] [PROCEDURES FOR REFERENDUM PETITIONING.] *Subdivision 1. Before circulating any petitions to require the referral to the people for their approval or rejection of either any chapter, section or subdivision of the Minnesota Statutes or any chapter, section or subdivision of the Laws of Minnesota, the sponsors shall file a declaration with the*

secretary of state by October 31. A referendum shall not propose to amend an act or part of an act. No referendum shall embrace more than one subject.

Subd. 2. The declaration shall:

(a) State the names, mailing addresses and any business or residential phone numbers of not less than 25 persons, with an indication of who is the chairman, or chairwoman, and who is the treasurer; and,

(b) State the name and mailing address of all committees, groups or organizations known to the sponsors who intend to support the petition drive on the measure or otherwise aid the sponsors; and,

(c) Give a precise citation of the act, or portion of an act, which the sponsors seek to have referred. The citation shall be to the Laws of Minnesota, chapter number of the act and, if appropriate, the sections of the chapter; and,

(d) Give a concise statement of the nature of the act, or portion of an act, that the sponsors propose to have referred to the people.

Subd. 3. The sponsors shall pay to the secretary of state a filing fee of \$200 which shall be deposited in the general fund.

Subd. 4. The sponsors at the time of filing the declaration with the secretary of state may present a petition in lieu of the filing fee required by subdivision 3. The petition shall be validly signed by at least 4,000 eligible voters. The petition authorized by this subdivision may not be used to fulfill the requirements of sections 21 to 24.

Sec. 19. [3B.17] [ADVICE BY REVISOR OF STATUTES.] *Subdivision 1. The secretary of state shall forward a copy of each declaration provided for in section 18, subdivision 2, to the revisor of statutes. The secretary of state shall also advise the sponsors to consult with the revisor. If assistance is not desired, the citation in the declaration is final upon the filing of the waiver in subdivision 2.*

Subd. 2. The revisor of statutes shall, within seven calendar days after receipt of the declaration, compare the declaration's citation and statement of the sponsor's statement of the nature of the act, or portion of an act, the sponsors propose to refer to the people. The revisor shall also consult with the sponsors and obtain any amplification or referment as to their intentions. The revisor shall give his or her best advice as to the correct and complete citation to accomplish the sponsor's intentions. All discussions by the revisor with the sponsors are to be treated by the

revisor as confidential. The revisor shall also furnish the sponsors, and the secretary of state, with a summary of the measure for use on the petition as provided by section 20, subdivision 1, clause (c). If, after consulting with the revisor, the sponsors do not desire the revisor's assistance, they shall sign a written waiver of assistance and file it with the secretary of state and the revisor of statutes.

Subd. 3. Within seven calendar days after receiving the revisor's advice, the sponsors may amend the citation in the declaration. Upon the expiration of this time without amending the citation in the declaration, the citation in the declaration is final. Upon the amending of the citation or the expiration of the time to amend, whichever is later, the revisor shall prepare and deliver to the sponsors and the secretary of state with a summary of the measure for use on the petition as provided by section 21, subdivision 1, clause (c).

Sec. 20. [3B.18] [FISCAL NOTE ON A REFERENDUM MEASURE.] *Subdivision 1. Upon receiving the final draft of the referendum measure, the secretary of state shall, within seven calendar days, file a copy with the commissioner of finance. Within 30 calendar days after the copy is filed, the commissioner of finance shall prepare an impartial fiscal note on the measure and shall file a copy of it with the secretary of state and each county auditor.*

Subd. 2. The fiscal note shall estimate the amount of any increase or decrease, immediate or long range, in either revenue or costs for all governmental units. The total increase or decrease shall be subdivided to separately show the fiscal effect upon state government and local governmental units. The fiscal note shall not comment upon the merits of the proposal. The note shall be signed by the commissioner and shall clearly show that the information was prepared by his or her department.

Sec. 21. [3B.19] [PETITIONS FOR REFERENDUM.] *Subdivision 1. Each referendum petition shall consist of as many copies as the sponsors print, each of which is not more than one sheet and contains the following on the front:*

(a) In not less than 25 point bold type on a 30 point body at the top of the front page have the printed words "REFERENDUM PETITION"; and,

(b) A precise citation of the act, or portion of an act, which the sponsors seek to have referred. The citation shall be exactly as stated in the declaration or any amendment to the declaration; and,

(c) A brief impartial summary, drafted by the revisor of statutes, of the purpose and effect of the act, or portion of an

act, which the sponsors propose to have referred to the people; and,

(d) A statement that a statement of the fiscal effect of the measure, prepared by the commissioner of finance, is or will be on file with the secretary of state and each county auditor; and,

(e) Space for the signatures, printed name, mailing address, county and city or township of each petition signer, and the date of signing.

Subd. 2. On the reverse side of the petition shall be an affidavit for the person circulating the petition which shall give his or her name, mailing address, phone number; indicate that he or she circulated the petition; indicate that to the best of his or her knowledge each of the signers is an eligible voter and resident in the county; identify the sponsor on whose behalf the petition was circulated; and indicate that he or she has received no compensation for circulating the petition.

Subd. 3. The secretary of state shall, by rule, prescribe the form for referendum petitions.

Subd. 4. When the citation is amended as provided by section 19, subdivision 3, or not later than seven days after receiving the revisor's advice as provided by section 19, subdivision 2, the sponsors shall file with the secretary of state a copy of the petition they propose to circulate. Within seven calendar days the secretary of state shall examine it to determine its compliance with subdivisions 1 and 2 of this section and the secretary of state's rules. If the petition complies, the secretary of state shall approve it and notify the sponsors. If the secretary of state finds that the petition is not in compliance with the law and the rules, he or she shall disapprove it and order it redrafted in accordance with his or her directions. Failure to refile within seven calendar days constitutes abandonment of the drive. Upon refile, the secretary shall again examine the petition for compliance with the law and rules and approve it or again reject it. The petition may again be refiled until it is found to comply with the law and rules.

Subd. 5. The secretary of state shall, within seven calendar days after approving the petition form, notify the auditor in each county of the nature of the proposed referendum matter, that the petition form has been approved, and the date of approval.

Subd. 6. Failure to file a copy of the petition within the time limit of subdivision 4 constitutes an abandonment of the petition drive.

Sec. 22. [3B.20] [TIME OF CIRCULATION OF REFERENDUM PETITIONS.] Subdivision 1. If referendum peti-

tions concern a bill enacted at the most recent legislative session, the petitions may not be circulated before the act is passed by the legislature and either approved by the governor or again passed by the legislature notwithstanding the governor's objections, and is filed with the secretary of state and assigned a chapter number. However, this subdivision does not restrict referendum petitions to bills passed at the most recent session of the legislature.

Subd. 2. Referendum petitions may only be circulated on those days of odd numbered years which begin eight calendar days after the date of the secretary of state's approval of the petition. This limitation shall not prevent the sponsors from undertaking organizational activity or compiling the procedures of section 18 or 19 prior to the time the petitions are circulated.

Subd. 3. The sponsors may voluntarily abandon the circulation of petitions in accordance with the provisions of section 9, subdivision 2.

Sec. 23. [3B.21] [AMOUNT OF SIGNATURES FOR REFERENDUM.] A referendum measure shall be placed on the ballot if petitions for the measure are validly signed by eligible voters in a number which is not less than five percent of the number of votes cast for all candidates for governor at the last gubernatorial election. Signatures shall be from eligible voters who are residents of every county of the state. For no county shall the number of signatures be less than four percent of the votes cast for all candidates for governor in that county at the last gubernatorial election.

Sec. 24. [3B.22] [REFERENDUM PETITION PROCEDURES.] Referendum petitions shall be filed, received, verified and notice of results given as provided by sections 11, 12, 13, 14, 15, 16 and 17.

Sec. 25. [3B.23] [NUMBERING OF BALLOT MEASURES.] The secretary of state shall number in consecutive order each initiative and referendum ballot measure with the wording "BALLOT QUESTION. . .". Ballot questions shall be numbered sequentially starting from the number 1 for the first ballot question certified to be on the ballot after the effective date provided in section 47. Ballot questions which are certified to appear on the ballot in general elections in subsequent years shall be numbered sequentially beginning with the first number after the number of the last ballot question at the last general election. The order shall be assigned by the secretary of state in the order that it is finally determined that each question will be placed on the statewide ballot at the next general election.

Sec. 26. [3B.24] [BALLOTS, VOTING AND CANVASING OF INITIATIVE AND REFERENDUM QUESTIONS.] On all initiative and referendum measures, the ballots shall be

prepared, voting conducted, results canvassed, contests conducted and results certified as provided by chapters 200 to 211.

Sec. 27. [3B.25] [TIME OF ELECTION ON INITIATIVE AND REFERENDUM QUESTIONS.] *Voting upon initiative and referendum questions shall be held only at a general election.*

Sec. 28. [3B.26] [SIMULTANEOUS PETITIONS FOR INITIATIVE AND REFERENDUM MEASURES.] *Nothing shall prevent multiple simultaneous petition drives involving identical initiative and referendum petitions whether by the same or different sponsors. However, the first determination by the secretary of state of the sufficiency of the signatures for one measure shall automatically constitute abandonment of the other petition drives as of the date of the secretary's determination.*

Sec. 29. [3B.27] [COSTS OF COUNTY AUDITORS TO VERIFY SIGNATURES.] *Subdivision 1. The state of Minnesota shall reimburse all county auditors for all reasonable costs of handling the petitions including the cost of verifying signatures on initiative and referendum petitions.*

Subd. 2. Each year prior to May 1, each auditor shall submit to the secretary of state a verified statement of expenditures incurred in the calendar year prior to the previous April 1. The statement shall specify how all costs were incurred.

Subd. 3. The secretary of state shall, within 30 days after receipt of each auditor's statement, pay to each county auditor the cost which the secretary determines are reasonable.

Subd. 2. If two or more measures which substantially conflict are adopted by a vote of the people, the one receiving the highest affirmative vote shall be effective. In the event that it is finally determined that the measures received an equal number of votes, neither measure shall become effective. However, they shall again be placed on the ballot at the next general election.

Subd. 3. The supreme court shall have exclusive jurisdiction of any suit alleging that two or more adopted measures substantially conflict. A petition may be filed by any eligible voter.

A copy of the petition shall be served upon the sponsors and upon the attorney general. The attorney general shall appear and defend the effectiveness of all the measures. The supreme court shall issue its findings and conclusions within 60 days of the filing of the petition.

Subd. 4. The supreme court shall find that two or more measures substantially conflict when any material provision in one measure is irreconcilable with a material provision in another measure. Upon a finding that any provisions of measures substantially conflict, then the supreme court shall find that the entire measures conflict and state which measure prevails under the provisions of subdivision 2.

Sec. 31. [3B.29] [LIMITATION ON SUCCESSIVE INITIATIVE OR REFERENDUM MEASURES.] *Subdivision 1. An initiative or referendum petition for a measure which is substantially the same as a measure previously rejected by the people, is not valid until after another general election has intervened. Upon a finding by the secretary of state that a declaration is for a petition for a matter substantially the same as the previously rejected measure, the secretary shall, after the filing and analysis by the secretary of the final draft, strike the declaration from his or her files.*

Subd. 2. A petition is substantially the same as a measure previously rejected by the people when all material provisions of the measure are identical in substance with material provisions in the other. Differences solely in the manner in which those provisions are expressed are not material.

Sec. 32. [3B.30] [PUBLICATION OF ADOPTED INITIATIVE AND REFERENDUM MATTERS.] *Subdivision 1. Initiative measures which are adopted by the people shall be published by the revisor of statutes in the laws of Minnesota for the legislative session for the year subsequent to the year of the election at which the law is adopted. Initiative measures shall be placed in a separate section of the Laws of Minnesota and given chapter numbers by the revisor of statutes distinctive from the chapter numbers given legislative enactments by the secretary of state.*

Subd. 2. Any bill enacted by law which will be subject to referendum shall be published in the session laws as for other legislative enactments. However, if it is known prior to the publication of the Laws of Minnesota that an act will be subject to referendum the revisor of statutes shall indicate the measure, or the portion of it, that will be subject to a vote of the people. If a statute in the Minnesota Statutes will be subject to referendum, and it is known prior to the publication of the statutes. The revisor of statutes shall indicate by annotations to the appropriate portions, that the provision is subject to a vote of the people.

Subd. 3. If an initiative measure is adopted by the people, the revisor of statutes may incorporate it into the next edition of the Minnesota Statutes or the supplement to the Minnesota Statutes in the same manner as for legislative enactments.

Sec. 33. [3B.31] [LITERATURE MUST INCLUDE NAMES.] *Any person or committee who shall publish, issue, post, circulate, or cause to be published, issued, posted, circulated, other than in a newspaper as provided in section 34, any literature, campaign material, or any publication, including cards, pamphlets, flyers, signs, banners, leaflets, announcements, or other material tending to influence desire to sign or refusal to sign on initiative or referendum petition or the voting at an election on a ballot issue, which fails to prominently display the name and mailing address of the author, the name of the person or committee in whose behalf the same is published, issued, posted, or circulated, and the name and mailing address of any other person or committee causing the same to be published, issued, posted, circulated, or broadcasted shall be guilty of a misdemeanor.*

There shall also be a statement of the amount paid or to be paid, or a statement that the same is to be paid at regular advertising rates, the name of the person or committee in whose behalf the matter is inserted or broadcast and of any other person or the names of the officer and the committee authorizing the publication.*

Subd. 2. To the extent that any person sells either advertising space or broadcast time used on behalf of any measure, the charges made shall not exceed the charges made for any other comparable purpose or use according to the seller's rate schedule.

Subd. 2. The signature of any of the chairmen, or chairwomen, of the sponsors, or a person authorized in writing by a chairman or chairwoman, is sufficient to authorize the filing of any statement required by law. If the chairman or chairwoman authorizes another person to make filings of a copy of the authorization it shall be attached to the filed document.

Subd. 3. If notice is required to be given to the sponsors, it shall be given to those persons provided in subdivision 2 who may authorize any filing.

Sec. 37. [3B.35] [DATES OF ACTIONS.] *Subdivision 1. Subd. 3. Suits contesting a final administrative determination of the number or validity of signatures on petitions shall be filed not later than 15 calendar days after the final determination.

If a law is referred to and rejected by the people, no lawsuit may be filed claiming that the repeal is invalid after the date the repeal becomes effective. A court may defer the effective date of an initiative measure enactment or a referendum measure repeal for not more than six months when a deferral, in the discretion of the court, is found to be in the interest of justice.

The auditor shall cause two copies to be conspicuously posted at or near each polling place on election day. An ordinance initiated by the people shall be adopted upon the affirmative vote of a majority of those voting at the election.

To invoke the local initiative, petitions signed by a number of eligible voters greater than five percent of the total vote cast for all candidates for governor in the city or county at the last preceding general election at which a governor was elected, are required.

An ordinance proposed by initiative shall be acted upon by the city council or county board within the time provided by law. The city council or county board may reject any measure proposed by initiative petition and propose a different measure upon the same subject, and in that event the proposed ordinance shall not be submitted to the people for approval or rejection at the next election for city council or county board members.

An ordinance submitted to the people and approved by a majority of all the electors voting at the election shall take effect ten days after the date of the official declaration of the vote. No ordinance adopted by the people under the initiative provisions of this section shall be amended or repealed until another election for city council or county board members has intervened. Nothing in sections 24 through 32 shall be construed to restrict or supersede initiative powers and procedures provided in any city charter.

Sec. 25. [3B.23] [LOCAL INITIATIVE PETITIONS.] Subdivision 1. A local initiative petition shall consist of as many copies as the sponsor prints, each of which is not more than one sheet of paper and contains the following:

(a) In 25 point bold type at the top of the front page, the printed words "LOCAL INITIATIVE PETITION";

(b) A brief impartial summary of the purpose and effect of the measure, prepared by the city or county attorney;

(c) A statement that a verbatim copy of the initiative measure as it is on file at the office of the city clerk or county auditor is available for public examination at that official's office;

(d) Space for the signatures, printed name, mailing address, county and city of residence of each petition signer, indication that the signer is an eligible voter, and the date of signing; and,

(e) An affidavit for the person circulating the petition which shall give his name and mailing address; indicate that he circulated the petition to which the affidavit is attached; that to the best of his knowledge each of the signers is an eligible voter and resident of the city or county in which the petition was circulated; and that he has received no compensation for circulating the petition.

Subd. 2. The secretary of state shall prescribe the form for local initiative petitions, a copy of which shall be available at

each county auditor's office. Upon filing the proposed initiative ordinance measure, the sponsors shall also file a copy of the petition form they intend to use, so that the clerk or auditor may approve it.

Sec. 26. [3B.24] [TIME OF CIRCULATING.] *Subdivision 1. Petitions for a local initiative may be circulated beginning at any time after the measure and sponsors' statement have been filed as provided by section 25, but not later than six months before the election at which the measure would appear on the ballot.*

Subd. 2. A local initiative petition drive may be abandoned by filing a statement to that effect with the city clerk or county auditor. Other sponsors may then begin a similar drive, but they shall not utilize any petitions collected in the original petition drive.

Sec. 27. [3B.25] [NUMBER OF SIGNATURES FOR LOCAL INITIATIVE.] *A local initiative measure shall be proposed to the city council or county board if petitions for the measure are signed by eligible voters who reside in the city or county in a number greater than five percent of the number of votes cast in the city or county for all candidates for governor at the last general election at which a governor was elected.*

A signature is valid when:

- (a) It is signed by the person named;*
- (b) It is voluntarily signed;*
- (c) No compensation has been paid to the person for the signature;*
- (d) The person was a registered voter on the date he or she signed the petition; and,*
- (e) The person is a resident of the city or county in which the petition is filed.*

Sec. 28. [3B.26] [SIGNATURE COUNT; VERIFICATION.] *Subdivision 1. Upon receipt of the completed initiative petitions, the clerk or auditor shall count the signatures. If the total number of signatures is less than the minimum required, additional signatures may be filed within 10 days after the clerk or auditor announces the total number received. If the minimum required are not filed by that date, no further action shall be taken on the petitions.*

Subd. 2. If the minimum number of signatures is filed, the clerk or auditor shall proceed to verify the signatures within 30

days of receiving them. If 500 or more signatures appear on petitions filed with a clerk or auditor, the clerk or auditor shall use the random sampling method provided for in section 29 for the verification of signatures. If fewer than 500 signatures appear on a petition filed with a clerk or auditor, the clerk or auditor shall verify all signatures.

Sec. 29. [3B.27] [RANDOM SAMPLE VERIFICATION.]
Subdivision 1. A sample of signatures to be verified shall be drawn in such a manner that every signature filed with the municipal clerk or county auditor shall be given an equal opportunity to be included in the sample. The sample shall include five percent of the signatures.

Subd. 2. If the verification from the statistical sample shows that the total number of valid signatures on all the petitions is 100 percent or more of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the city or county, the clerk or auditor shall determine the number of valid signatures to be sufficient. The number of valid signatures shall be determined by taking the total number of signatures filed and multiplying it by the percentage of signatures in the statistical sample which were found to be valid. After the verification, the clerk or auditor shall notify the sponsors either that the number of valid signatures was insufficient or, if the number is sufficient, of the number of valid signatures.

Subd. 3. If the verification from the statistical sample shows that the number of valid signatures is less than 100 percent of the minimum number of signatures needed to declare the number of petition signatures to be sufficient for the city or county, the clerk or auditor shall notify the sponsors that the number of valid petition signatures has been found to be insufficient and that additional signatures may be filed within 10 days of the clerk or auditor's determination.

Sec. 30. [3B.28] [CONTESTS.] Subdivision 1. Any eligible voter may contest the clerk or auditor's count of signatures by filing with that officer a brief statement of the reasons and evidence they believe indicate that the count is erroneous, within three days after the clerk or auditor announces the count. The contest shall be heard and determined within 21 days after it is filed. The determination by a clerk or auditor shall be in writing and is final but may be appealed to the secretary of state as provided by subdivision 3.

Subd. 2. Any eligible voter may contest the clerk or auditor's determination of the validity of any signature, within three days after the final determination, by filing a brief statement of the evidence which indicates the determination was erroneous. The clerk or auditor shall hear and determine contests within 10 days after the date of the receipt of notice of the contest. The determi-

nation of the clerk or auditor shall be in writing and is final, but may be appealed to the secretary of state as provided by subdivision 3.

Subd. 3. Within 30 days, the secretary of state shall hear and determine any contests relating to the count or determination of the validity of signatures by the municipal clerk or county auditor. The secretary may delegate the hearing and determination to another person.

Subd. 4. If the secretary of state determines that the number of petition signatures meets or exceeds the minimum, the secretary of state shall certify the sufficiency of the local initiative petitions to the sponsors and to the clerk or auditor.

Sec. 31. [3B.29] [CITY COUNCIL OR COUNTY BOARD ACTION.] *If it is determined pursuant to sections 28 to 30 that the number of valid signatures meets or exceeds the required minimum, the clerk or auditor shall forward to the city council or county board the draft of the measure prepared as provided by section 24. The city council or county board shall act upon the measure within 60 days. The measure may be adopted as an ordinance or it may be rejected and another ordinance on the same subject may be adopted instead. In either of these cases, the local initiative measure shall not appear on the ballot. If the city council or county board fails to act on the measure or rejects the measure without enacting a different ordinance on the same subject, it shall return to the city clerk or county auditor the copy of the measure forwarded to it under this section.*

Sec. 32. [3B.30] [PREPARATION OF LOCAL INITIATIVE BALLOT.] *If the city council or county board returns a local initiative measure to the clerk or auditor, the question of adoption of the measure shall be placed on the ballot at the next election for city council or county board members. The city clerk or county auditor shall prepare the ballot question, which shall be a true and impartial statement of the local initiative measure. A measure proposing a city ordinance shall be placed on the blue ballot, and a measure proposing a county ordinance shall be placed on the canary ballot. Voting, canvassing, and reporting of results on a local initiative measure shall be conducted as provided in chapters 200 to 210A."*

"Sec. 31. Minnesota Statutes 1978, Section 290.09, Subdivision 2, is amended to read:

Subd. 2. [TRADE OR BUSINESS EXPENSES; EXPENSES FOR PRODUCTION OF INCOME.] (a) In General. There shall be allowed as a deduction all the ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, including

For purposes of the preceding sentence, the place of residence of a member of congress within the state shall be considered his home, but amounts expended by such members within each taxable year for living expenses shall not be deductible for income tax purposes in excess of \$3,000.

(b) Expenses for Production of Income. In the case of an individual, there shall be allowed as a deduction all the ordinary and necessary expenses paid or incurred during the taxable year.

(1) For the production or collection of income;

(2) For the management, conservation, or maintenance of property held for the production of income; or

(3) In connection with the determination, collection, or refund of any tax.

(c) Campaign expenditures in an amount not to exceed the limits set out in section 210A.22, not subsequently reimbursed, which have been personally paid by a candidate for public office if the candidate has complied with the expenditure limitations set out in section 210A.22:

(No deduction shall be allowed under this clause for any contribution or gift which would be allowable as a credit under section 290.21 were it not for the percentage limitations set forth in such section);

(d) All expense money paid by the legislature to legislators;

(e) The provisions of section 280A (disallowing certain expenses in connection with the business use of the home and rental of vacation homes) of the Internal Revenue Code of 1954, as amended through December 31, 1976, shall be applicable in determining the availability of any deduction under this subdivision.

(f) No deduction shall be allowed under this subdivision to a taxpayer for expenditures to promote or defeat the certification of an initiative or referendum proposal or the passage of an initiative or referendum measure which has qualified for the general election ballot, including a proposal or measure which materially affects the property, business, or assets of a taxpayer; nor shall a deduction be allowed to a taxpayer for contributions or payments made to an individual, organization, association, corporation, or committee any part of whose activities include efforts to promote or defeat the certification of an initiative or referendum proposal or the passage of an initiative or referendum measure which has qualified for the general election ballot, including a proposal or measure which materially affects the property, business, or assets of a taxpayer.

Sec. 32. Minnesota Statutes, 1979 Supplement, Section 290.-21, Subdivision 3, is amended to read:

Subd. 3. An amount for contribution or gifts made within the taxable year:

(a) to or for the use of the state of Minnesota, or any of its political subdivisions for exclusively public purposes,

(b) to or for the use of any community chest, corporation, organization, trust, fund, association, or foundation located in and carrying on substantially all of its activities within this state, organized and operating exclusively for religious, charitable, public cemetery, scientific, literary, artistic, or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual,

(c) to a fraternal society, order, or association, operating under the lodge system located in and carrying on substantially all of their activities within this state if such contributions or gifts are to be used exclusively for the purposes specified in subdivision 3(b), or for or to posts or organizations of war veterans or auxiliary units or societies of such posts or organizations, if they are within the state and no part of their net income inures to the benefit of any private shareholder or individual, or to an employee stock ownership trust as defined in section 290.01, subdivision 25. Where the beneficiaries of a stock ownership trust include the transferor, his spouse, children, grandchildren, parents, siblings or their children, the amount of the deduction shall be reduced by the product of multiplying said amount by their percentage interest in the trust,

(d) to or for the use of the United States of America for exclusively public purposes, and to or for the use of any community chest, corporation, trust, fund, association, or foundation, organized and operated exclusively for any of the purposes specified in subdivision 3(b) and (c) no part of the net earnings of which inures to the benefit of any private shareholder or individual, but not carrying on substantially all of their activities within this state, in an amount equal to the ratio of Minnesota taxable net income to total net income, provided, however, that for an individual taxpayer, the credit shall be allowed in an amount equal to the ratio of the taxpayer's gross income assignable to Minnesota to the taxpayer's gross income from all sources,

(e) to a political party, as defined in section 200.02, subdivision 7, or a political candidate, as defined in section 210A.01, or a political cause when sponsored by any party or association or committee, as defined in section 210A.01, in a maximum amount not to exceed the following:

(g) in the case of a corporation, the total credit against net income hereunder shall not exceed 15 percent of the taxpayer's taxable net income less the credits allowable under this section other than those for contributions or gifts,

provided that no credit shall be allowed to a corporation for contributions or gifts to any individual, association, corporation, committee, trust, fund, foundation, community chest, fraternal society, or organization for use in efforts to promote or defeat the certification of an initiative or referendum proposal or the passage of an initiative or referendum measure which has qualified for the general election ballot,

One member shall be appointed from each congressional district in accordance with boundaries existing on January 1, 1980. The term of office and compensation of the eight members thus appointed, and the manner of removal and filling of vacancies, shall be as provided in section 15.0575, except that the initial term of all members shall be four years and the rate of compensation shall be \$50 per day spent on board activities. Where the property is acquired by means other than through eminent domain proceedings, as by direct purchase or gift, the land owner's compensation shall be determined by the agreement of the parties involved. An award of compensation in a condemnation proceeding shall not be increased or decreased by reason of any increase or decrease in the value of the property caused by its designation in the inventory of sites and buffer areas under section 6 or as a candidate site under article III or its selection as a site or buffer area.

Subd. 5. [RIGHT OF ACCESS.] Whenever the board or the chairperson acting on behalf of the board deems it necessary to the accomplishment of its purposes, the board or any member, employee, or agent thereof, when authorized by it or the chairperson, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and

(d) an evaluation of feasible and prudent disposal abatement objectives, along with a description of hazardous waste management methods and technologies, private and government actions, facilities and services, development schedules, revenue-raising measures, and levels of public and private expenditure and effort necessary to the achievement of those objectives.

The report shall analyze the environmental, social, and economic effects of the alternatives and methods by which unavoidable adverse effects could be mitigated. The report shall

include a draft hazardous waste management plan, based on the analysis in the report and proposed for adoption pursuant to section 8, and a draft certificate or certificates of need proposed for issuance under article III, section 7.

Subd. 5. [REPORT ON MITIGATION OF LOCAL EFFECTS OF HAZARDOUS WASTE FACILITIES.] By January 1, 1982, the board through its chairperson shall report and make recommendations to the legislative commission on methods of mitigating and compensating for the local risks, costs, and other adverse effects of various types of hazardous waste facilities and on methods of financing mitigation and compensation measures. The methods of mitigating and compensating to be considered shall include but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference in reviews of applications for federal funds conducted by the metropolitan council and regional development commissions; payment of all costs to service the facilities including the cost of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvement; local control over buffer zone design; a guarantee against any and all liability that may occur.

Subd. 6. [PREPARATION OF HAZARDOUS WASTE REPORTS; PROCEDURES; PUBLIC INVOLVEMENT.] By January 1, 1981, the board through its chairperson shall submit a proposed scope of work and work program for the hazardous waste reports required by subdivisions 4 and 5 to the legislative commission for review. During the preparation of the proposed scope of work and work plan and the reports, the board and the chairperson on behalf of the board shall encourage public debate and discussion of the issues relating to the reports. The board and the chairperson on behalf of the board shall meet with local officials and sponsor at least one public meeting in areas of the state affected by the inventory of preferred processing facility sites prepared pursuant to section 6. The board and the chairperson on behalf of the board shall follow the procedures set out in article III, section 5, for consulting with citizens in areas affected by the selection of candidate sites for disposal facilities. To assist it in preparing the reports required by subdivisions 4 and 5, the board through its chairperson shall make grants to each local project review committee established for a candidate site for disposal identified under article III. The grants may be used by the committee to employ staff, pay administrative expenses, or contract with affected units of government or qualified consultants. The board and the chairperson on behalf of the board shall request recommendations from the private waste management industry, the board's advisory councils, affected regional development commissions, and the metropolitan council and shall consult with them on the board's intended disposition of the recommendations. The reports of the board shall summarize the comments received and the board's response to the comments.

Sec. 6. [DUTIES OF THE BOARD; INVENTORY OF PREFERRED SITES FOR HAZARDOUS WASTE PROCESSING FACILITIES.] *Subdivision 1. [BOARD RESPONSIBILITY.]* By November 1, 1981, the board shall prepare an inventory of preferred sites for commercial hazardous waste processing facilities. The inventory shall include at least three sites for each of the following categories of processing facilities: (a) a commercial chemical processing facility for hazardous waste, (b) a commercial incineration facility for hazardous waste, and (c) a commercial transfer and storage facility for hazardous waste.

Subd. 2. [EVALUATION OF SITES.] The board shall not be required to promulgate rules pursuant to chapter 15 to govern its evaluation and selection of sites under this section. The board and the chairperson on behalf of the board shall evaluate the sites in consultation with the board's advisory councils, the affected counties and regions, generators of hazardous waste, and prospective facility developers. The evaluation shall consider at least the consistency of sites with state and federal regulations, local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation and other services appropriate to the hazardous waste facilities, the quality of other potential sites, and the location of hazardous waste generators. No site shall be included in the inventory unless the agency certifies its intrinsic suitability for the use intended. No land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable for the use intended.

Subd. 3. [PROCEDURES.] The board shall propose the inventory of sites by June 1, 1981, by publication in the state register and newspapers of general circulation in the state and by mail to each regional development commission and local government unit containing a proposed site. Any person objecting to the agency's certification or the board's proposal of a site for inclusion in the inventory shall have 30 days in which to request a hearing. If a hearing is requested, the hearing shall be ordered by the chairperson of the board and shall be conducted by the state office of hearing examiners in a manner determined by the hearing examiner to be consistent with the completion of the proceedings and the examiner's report in the time allowed by this section. At the hearing, any county in which a site is proposed for inclusion in the inventory may propose an alternative site or sites within the county. The hearing examiner may consolidate hearings. When any site in the inventory becomes unavailable as a hazardous waste facility site, the inventory shall be amended, in the manner of its original adoption, provided, however, that during the period when the inventory is being amended any other site in the inventory may be reviewed and approved under article IV. No action of the board shall be held invalid by reason of the board's failure to notify any of the entities listed in this subdivision.

Subd. 4. [GRANTS; TECHNICAL ASSISTANCE.] To assist counties participating in the inventory required by this section, the board through its chairperson may make grants to the counties to be used to employ staff, pay administrative expenses, or contract with qualified consultants. The board through its chairperson shall ensure the delivery to the counties of technical information and assistance by appropriate state agencies.

Sec. 7. In preparing the reports under section 5 and the inventory of processing facility sites under section 6, in adopting the management plan, and in its actions and decisions under articles III and IV, the board and the chairperson on behalf of the board shall solicit the active participation of private waste management firms and shall so conduct its activities as to encourage private permit applications for facilities needed in the state. The board shall promulgate rules for accepting, evaluating, and selecting applications for permits for the construction and operation of facilities at sites preferred or selected by the board pursuant to section 6 or article III. The rules shall include standards and procedures for making determinations on the minimum qualifications, including technical competence and financial capability, of permit applicants. The rules shall include standards and procedures for soliciting and accepting bids or permit applications and for selecting developers and operators of hazardous waste disposal facilities at sites chosen by the board pursuant to article III, which shall include a preference for qualified permit applicants who control a site chosen by the board.

(a) an estimate of the types and volumes of hazardous waste which will be generated in the state through the year 2000;

(b) specific and quantifiable objectives for reducing to the greatest feasible and prudent extent the need for and practice of disposal, through waste reduction, pretreatment, processing, and resource recovery;

(c) a description of the minimum disposal capacity and capability needed to be developed within the state for use through the year 2000, based on the achievement of the objectives under clause (b).

The plan shall require the establishment of at least one commercial disposal facility in the state.

Subd. 2. [PROCEDURE.] The plan shall be based upon the reports prepared pursuant to section 5. The plan shall not be subject to the rule-making or contested case provisions of chapter 15. Following the submission of the report on hazardous management required under section 5, subdivision 4, the board shall hold a public hearing on the draft plan and draft certificate or certificates of need contained in the report. Notices of the draft plan and the draft certificate or certificates and notice of the hearing shall be published in the state register and newspapers of general circulation in the state. The hearing shall be ordered by the chairperson of the board and shall be conducted by the state office of hearing examiners in a manner consistent with the completion of the proceedings in the time allowed by this section. A majority of the permanent members of the board shall attend the hearing. In connection with the hearing, the chairperson of the board shall provide copies of the studies and reports on which the draft plan and certification of need are based and shall make an affirmative presentation showing the need for and reasonableness of the draft plan and certification of need. Following the hearing, the board shall revise the plan and the certificate or certificates of need as it deems appropriate, shall make a written response to the testimony received at the hearing explaining its disposition of any recommendations made with respect to the plan and certification, and shall finally adopt a plan in accordance with this section and issue a certificate or certificates of need in accordance with article III, section 7.

Sec. 9. [ADVISORY COUNCILS.] Subdivision 1. [SOLID AND HAZARDOUS WASTE MANAGEMENT.] The chairperson of the board shall establish a solid waste management advisory council and a hazardous waste management planning council broadly representative of the geographic areas and interests of the state. The councils shall have not less than 9 nor more than 18 members each. The membership of the solid waste council shall consist of one-third citizen representatives, one-third representatives from local government units, and one-third representatives from private solid waste management firms. The solid waste council shall contain at least one member experienced in each of the following areas: state and municipal finance; solid waste collection, processing, and disposal; and solid waste reduction and resource recovery. The membership of the hazardous waste advisory council shall consist of one-third citizen representatives, one-third representatives from local government units, and one-third representatives of hazardous waste generators and private hazardous waste management firms. The chairpersons of the advisory councils shall be appointed by the chairperson of the board. The chairperson of the board shall provide administrative and staff services for the advisory councils. The advisory coun-

cils shall have such duties as are assigned by law or the chairperson of the board. The solid waste advisory council shall make recommendations to the board on its solid waste management activities. The hazardous waste advisory council shall make recommendations to the board on its activities under article II, sections 5, 6, 7, and 8, and article III, sections 3, 4, 6, and 7. Members of the advisory councils shall serve without compensation but shall be reimbursed for their reasonable expenses as determined by the chairperson of the board.

Subd. 2. [TECHNICAL ADVISORY COUNCIL.] The chairperson of the board shall establish an interagency technical advisory council to advise the board and the chairperson on such matters as the board, through its chairperson, deems necessary. The members of the council shall be the commissioner of health; the commissioner of agriculture; the commissioner of natural resources; the commissioner of economic development; the director of the pollution control agency; the director of the energy agency; the director of the state planning agency; and such other heads of agency as the chairperson of the board deems necessary; or their designees. The council shall meet at the call of the chairperson of the board who shall serve as chairperson of the council. The members, collectively and individually shall advise the board and the chairperson on matters within their various areas of expertise and shall provide technical assistance and information as requested by the board through its chairperson.

Sec. 10. [BOARD; EXPIRATION.] The board shall cease to exist on June 30, 1987.

Sec. 11. [LEGISLATIVE COMMISSION ON WASTE MANAGEMENT.] Subdivision 1. [CREATION, MEMBERSHIP, VACANCIES.] There is created in the legislative branch a legislative commission on waste management. The commission shall consist of ten members appointed as follows:

(1) Five members of the senate to be appointed by the subcommittee on committees and to serve until their successors are appointed;

(2) Five members of the house to be appointed by the speaker and to serve until their successors are appointed;

(3) Vacancies occurring on the commission shall not affect the authority of the remaining members of the commission to carry out the functions thereof, and such vacancies shall be filled in the same manner as the original positions.

Subd. 2. [STAFF.] The commission is authorized, without regard to the civil service laws and regulations, to appoint and fix the compensation of such additional legal and other personnel and consultants as may be necessary to enable it to carry out its

functions, or to contract for services to supply necessary data, except that any state employees subject to the civil service laws and regulations who may be assigned to the commission shall retain civil service status without interruption or loss of status or privilege. The staff shall be hired and supervised for the commission by the executive director of the legislative commission on Minnesota resources.

Subd. 3. [DATA FROM STATE AGENCIES; AVAILABILITY.] *The commission may request information from any state officer or agency in order to assist it in carrying out its duties and such officer or agency is authorized and directed to promptly furnish any data required, subject to applicable requirements or restrictions imposed by sections 15.162 to 15.17.*

Subd. 4. [POWERS AND DUTIES.] *The commission shall review the biennial report of the board. The commission shall oversee the activities of the board under articles I to VIII and the activities of the agency under articles V and VI, and direct such changes or additions in the work plan of the board and agency as it deems fit. The commission may conduct public hearings and otherwise secure data and expressions of opinion. The commission shall make such recommendations as it deems proper to assist the legislature in formulating legislation. Any data or information compiled by the commission shall be made available to any standing or interim committee of the legislature upon request of the chairperson of the respective committee.*

Subd. 5. [STUDY.] *The commission shall study alternative methods of insuring that an adequate supply of solid waste will be available to resource recovery facilities and report to the appropriate policy committees of the house of representatives and senate before January 1, 1982. The commission shall, at a minimum, consider the relative merits of the required use provisions described in article VIII, section 9, article IX, section 8, and article X, section 14, and other mechanisms designed to facilitate resource recovery by raising costs of landfill alternatives or lowering costs of disposal at resource recovery facilities.*

Subd. 6. [EXPIRATION.] *The provisions of this section shall expire on June 30, 1987.*

Sec. 12. [STATE GOVERNMENT RESOURCE RECOVERY.] **Subdivision 1. [ESTABLISHMENT OF PROGRAM.]** *There is established within state government a resource recovery program to promote the reduction of waste generated by state agencies, the separation and recovery of recyclable and reusable commodities, the procurement of recyclable commodities and commodities containing recycled materials, and the uniform disposition of recovered materials and surplus property. The program shall be administered by the commissioner of administration.*

Subd. 2. [DUTIES OF COMMISSIONER.] The commissioner of administration shall develop policies to reduce the volume of waste generated by state agencies. The commissioner shall develop and institute procedures for the separation, collection, and storage of used commodities wherever feasible in state agencies and shall establish policies for the reuse, sale, or disposition of recovered materials and surplus property. The commissioner shall promote and publicize the waste reduction and waste separation and recovery procedures on an on going basis to all state employees. The commissioner shall issue guidelines for the procurement of recyclable commodities and commodities containing recycled materials that include definitions of recycled materials, the percentage of recycled materials to be contained in each commodity and performance specifications. To the extent practicable, the guidelines shall be written so as to give preference to recyclable commodities and commodities containing recycled materials. The commissioner shall inform state agencies whenever recycled commodities are available for purchase. The commissioner shall investigate opportunities for the inclusion of local governments and regional agencies in administrative programs to reduce, separate, and recover waste materials. The commissioner shall investigate opportunities for the inclusion of local governments and regional agencies in the resource recovery program.

Subd. 3. [POWERS OF COMMISSIONER.] The commissioner of administration shall have such powers as are necessary to implement and operate the program. All state agencies shall comply with the policies, guidelines, and procedures established by the commissioner pursuant to this section. The commissioner shall have the power to issue orders to compel compliance.

Subd. 4. [STAFF.] The commissioner of administration shall employ an administrator to manage the resource recovery program and other staff and consultants as are necessary to carry out the program.

Subd. 5. [REPORTS.] By January 1, 1981, and each odd-numbered year thereafter, the commissioner of administration shall submit a report to the governor and to the legislative commission summarizing past activities and proposed goals of the program for the following biennium. By July 1, 1980, and each even numbered year thereafter the directors of the energy agency and the pollution control agency shall submit recommendations to the commissioner regarding the operation of the program.

Subd. 6. [RESOURCE RECOVERY REVOLVING ACCOUNT.] Upon the certification of the commissioner of administration, the commissioner of finance shall establish an account in the general services revolving fund, effective June 30, 1980, for the operation of the state government resource recovery program. The revolving account shall consist of all funds

appropriated by the state for the program and all revenues resulting from the sale of used commodities made available for sale as a result of the resource recovery program. The account may be used for all activities associated with the program including payment of administrative and operating costs.

ARTICLE III

COMMERCIAL HAZARDOUS WASTE DISPOSAL FACILITIES

Section 1. [LEGISLATIVE FINDINGS; PURPOSE.] *The legislature finds that proper management of hazardous waste generated in the state is needed to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens, that the establishment of safe disposal facilities is necessary to properly manage the waste, that this cannot be accomplished solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on the locations, sizes, types, and functions of such facilities.*

Sec. 2. [PROCEDURE NOT EXCLUSIVE.] *The procedure established by this article for the permitting of hazardous waste disposal facilities shall not preclude the issuance of permits by the agency pursuant to section 116.07 for disposal facilities at sites not reviewed under this article.*

Sec. 3. [EVALUATION OF SITES.] *The board shall not be required to promulgate rules pursuant to chapter 15 to govern its evaluation and selection of sites for commercial disposal facilities under this article. In evaluating and selecting sites for disposal facilities, the board shall consider at least the following factors:*

(a) *economic feasibility, including proximity to concentrations of generators of the types of hazardous wastes likely to be proposed and permitted for disposal;*

(b) *intrinsic suitability of the sites;*

(c) *federal and state pollution control and environmental protection rules;*

(d) *the risk and effect for local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to a facility or at a facility, water, air, and land pollution, and fire or explosion;*

(e) the consistency of a facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(f) the adverse effects of a facility at the site on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by stipulations, conditions, and requirements respecting the design and operation of a disposal facility at the proposed site.

No land shall be excluded from consideration except land determined by the agency to be intrinsically unsuitable for the use intended.

Sec. 4. [CANDIDATE SITES.] Subdivision 1. [SELECTION.] By August 1, 1981, the board shall select six locations in the state, no more than one site per county, as candidate sites for commercial disposal facilities for hazardous waste. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended. The board shall consult with the agency and the private waste management industry in selecting candidate sites. Any sites proposed in applications for permits for disposal facilities being reviewed by the agency on August 1, 1981, may be included by the board as candidate sites, provided the agency certifies the intrinsic suitability of the sites.

Subd. 2. [PROCEDURE.] As soon as practicable, the board through its chairperson shall publish a request soliciting proposals and permit applications for hazardous waste disposal facilities from potential developers and operators of such facilities. Notice of the request shall be published in the state register and newspapers of general circulation in the state and shall be transmitted to all regional development commissions, the metropolitan council, and all counties in the state. The board may select conceptual design and operating specifications for a variety of hazardous waste disposal facilities in sufficient detail and extent in the judgment of the board to assist the evaluation of sites and the selection of candidate sites. By November 1, 1980, the board through its chairperson shall notify each regional development commission, or the metropolitan council, and each local government unit within whose jurisdiction the board intends to search for candidate sites. The notification shall explain the selection of the jurisdiction as a search area; shall summarize any conceptual specifications and the evaluation factors, criteria, standards, and procedures the board intends to use in selecting candidate sites; and shall describe the relationship of the candidate site selection process to the other review procedures under this article and the hazardous waste reports and plans required under article II. The notification shall request recommendations and suggestions from each such commission, the metropolitan council, and local government unit on the criteria, standards, and procedures the board should use in selecting candidate sites within the time allowed. The board through

its chairperson shall make a written response to any recommendations, explaining its disposition of the recommendations. By May 1, 1981, the board shall propose at least six locations as candidate sites and shall publish notice in the state register and newspapers of general circulation in the state and shall notify by mail all regional development commissions, or the metropolitan council, and local government units containing a proposed candidate site. Any person objecting to the agency's certification or the board's proposal of a site for candidacy shall have 30 days in which to request a hearing. If a hearing is requested, the hearing shall be ordered by the chairperson of the board and shall be conducted in a manner consistent with the completion of the proceedings and the examiner's report to the agency and board in the time allowed by this section. The hearing examiner may consolidate hearings. No action of the board shall be held invalid by reason of the board's failure to notify any of the entities listed in this subdivision.

Subd. 3. [MORATORIUM.] *A moratorium is hereby imposed on all development, except hazardous waste facilities, within each proposed or candidate site identified pursuant to this section and in a buffer area identified by the board surrounding and at least equal in area to the site. The moratorium on candidate sites and buffer areas shall extend until six months following final action of the board pursuant to this article. No development shall be allowed to occur within a proposed site or buffer area during the period of the moratorium. No land use control of any political subdivision shall permit development, nor shall any political subdivision sanction or approve any subdivision, permit, license, or other authorization which would allow development to occur.*

Sec. 5. [PARTICIPATION BY AFFECTED LOCALITIES.]
Subdivision 1. [GENERAL.] *In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on reports referred to in subdivision 7, the preliminary specifications under section 6, and the certification of need required under section 7 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.*

Subd. 2. [ESTABLISHMENT OF LOCAL PROJECT REVIEW COMMITTEES.] *A local project review committee shall be established for each location selected as a candidate site. The local committee shall exist, and its members shall serve, so long as the location for which the committee was formed is a candidate site or, for the site or sites finally chosen, until the commencement of the operation of the facility at that site.*

Subd. 3. [MEMBERSHIP ON LOCAL COMMITTEES.] *By September 1, 1981, the governor shall appoint the chairperson*

and members of each local project review committee, ensuring a balanced representation of all parties with a legitimate and direct interest in the outcome of the project review. The governor shall consult particularly with affected local units of government before selecting members. Members may be added to the local committee from time to time by the governor.

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] By October 1, 1981, each local committee shall select a temporary board member to be added to the board for the purposes of the reports, certifications, and review conducted under this article. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located.

Subd. 5. [DUTIES OF LOCAL COMMITTEES.] During the review, the local project review committee shall: inform affected local communities, government units, and residents of the proposed land containment and disposal facilities and of the planning and environmental review process relating to the proposed facilities; solicit and record local attitudes and concerns respecting the proposed facilities and represent and communicate such attitudes and concerns to the board, the legislative commission, the environmental quality board, the agency, and other units and agencies of government; and act as a forum for the exchange of local attitudes and concerns and the development, where possible, of local consensus.

Subd. 6. [TECHNICAL ASSISTANCE; GRANTS.] To assist local project review committees to participate in the certification of need and the review process, the board through its chairperson shall make grants to the committees to be used to employ staff, pay administrative expenses, or contract with qualified consultants. The board through its chairperson shall ensure the delivery to the committees of technical information and assistance by appropriate state agencies.

Subd. 7. [HAZARDOUS WASTE MANAGEMENT REPORTS.] The chairperson and the board shall prepare and submit the hazardous waste management reports required by article II, section 5, subdivisions 4 and 5, in consultation with the local project review committees. The chairperson and the board shall request recommendations from the local committees and shall consult with the committees on the board's intended disposition of the recommendations. The reports of the board shall summarize the recommendations of the committees and the board's response to the recommendations. Before submitting the reports, the board shall hold at least one public meeting in each county in which a candidate site is located. A majority of the permanent members shall be present at each meeting. Notice of the meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting.

The notice shall describe the proposed facilities, the proposed location, the purpose of the board's report to the legislature, and the subsequent and related activities of the board.

Sec. 6. [DISPOSAL FACILITIES; PRELIMINARY DESIGN AND OPERATING SPECIFICATIONS.] *By January 1, 1982, the board shall select, for further study and consideration, design and operating specifications for a variety of disposal facilities for hazardous waste in sufficient detail and extent in the judgment of the agency to allow the agency to begin preparing an environmental impact statement on the alternative facilities at each of the candidate sites pursuant to section 8. The preliminary design and operating specifications shall not be final and shall not preclude the consideration of other specifications nor foreclose the subsequent addition by the board of other disposal facility alternatives.*

Sec. 7. [CERTIFICATION OF NEED.] *By May 1, 1982, on the basis of and consistent with its hazardous waste management plan adopted under article II, section 8, the board shall issue a certificate or certificates of need for disposal facilities for hazardous wastes in the state. The certificate or certificates shall indicate the types and volumes of waste for which disposal facilities are and will be needed through the year 2000 and the number, types, sizes, general design and operating specifications, and function or use of the disposal facilities needed in the state. The board shall certify need only to the extent that the board has determined that there are no feasible and prudent alternatives including waste reduction, separation, pretreatment, processing, and resource recovery which would minimize adverse impact upon natural resources, provided that the board shall require the establishment of at least one commercial disposal facility in the state. Economic considerations alone shall not justify certification nor the rejection of alternatives. Alternatives that are speculative and conjectural shall not be deemed to be feasible and prudent. The certificate or certificates shall not be subject to the provisions of chapter 15 but shall be the final determination required on the matters decided by the certificate or certificates and shall have the force and effect of law. The certificate or certificates shall not be amended for five years. The board and the permitting agencies, in reviewing and selecting sites, completing environmental impact statements, and issuing approvals and permits for waste disposal facilities described in the certificate or certificates of need, shall not reconsider matters determined in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of facilities consistent with the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of at least one commercial disposal facility for hazardous waste in the state.*

Sec. 8. [AGENCY; ENVIRONMENTAL REVIEW PROCEDURES.] *Subdivision 1. [ENVIRONMENTAL IMPACT*

STATEMENT.] *An environmental impact statement meeting the requirements of chapter 116D shall be completed by the agency on disposal facilities at each candidate site. The statement shall be finally accepted or rejected within 120 days following the issuance of a certificate or certificates of need under section 7.*

Subd. 2. [PUBLIC DISCLOSURE.] *Before commencing preparation of the environmental impact statement, the agency shall issue a document summarizing and making full disclosure of the intended objectives and contents of the environmental impact statement and the environmental review. Announcement of the disclosure shall be published in the state register. The disclosure shall:*

(a) *identify the candidate sites;*

(b) *summarize preliminary design and operating specifications and indicate where and when the specifications are available for inspection;*

(c) *describe as fully as possible the object of the review, including the significant actions, issues, alternatives, types of impacts, and compensation and mitigation measures expected to be addressed in the statement; the depth of the analysis expected; and subjects which the statement will not address in depth because they have been disposed of previously or because they are believed to be insignificant or remote and speculative;*

(d) *identify, by reference and brief summary, any related planning activities and environmental reviews which have been, are being, or will be conducted, and the substantive, chronological, and procedural relationship between the proposed review and the other activities and reviews;*

(e) *identify the membership and address of the local project review committees and the names of the local representatives on the board;*

(f) *summarize the comments and suggestions received from the public pursuant to subdivision 3 and the agency's response.*

Subd. 2. [PUBLIC PARTICIPATION PROCEDURES.] *The public disclosure document shall be issued following diligent effort to involve the public in determining the objective and contents of the environmental impact statement. At least one public meeting shall be held in each county with a candidate site. The advice of the board, facility developers, state agencies, the local project review committees, and local units of government shall be actively solicited. The agency may engage the state hearing examiner to conduct meetings and make recommendations concerning the review. Each local project review committee shall*

present to the agency a written report summarizing local concerns and attitudes about the proposed action and the specific issues which the local communities and residents wish to see addressed in the environmental review.

Sec. 9. [AGENCIES; PERMIT CONDITIONS.] *Within 60 days following the acceptance of the final environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, each permitting state agency shall issue a notice of intent to issue permits, indicating the terms, conditions, and requirements of agency approval for all permits needed at each candidate site for the establishment of the facilities described in the board's certification of need. The agency decisions shall be consistent with the establishment of facilities in accordance with the certification of need.*

Sec. 10. [HEARINGS.] *Subdivision 1. [AGENCY HEARINGS.] Any person objecting to a notice of intent to issue permits shall have 30 days in which to request a hearing. The hearing shall be ordered by the commissioner or director of the agency involved and shall be conducted by the state office of hearing examiners in the manner provided for contested cases in chapter 15. The hearing examiner may consolidate hearings on agency notices as he deems appropriate. The hearing shall be held in the county where the candidate site is located. A majority of the permanent members of the board shall be present at the agency hearing. The proceeding shall be completed and the examiner's report submitted to the permitting agency within 90 days following the issuance of the agency's notice of intent. Within 60 days following the hearing examiner's report and after consulting with the board, facility developers, affected local government units, and the local project review committee, the permitting agency shall revise its notice of intent as it deems appropriate and shall reissue the notice.*

Subd. 2. [BOARD HEARINGS.] Within 90 days following the issuance of agency notice of intent under section 9, the board shall conduct a hearing in each county containing a candidate site, for the purpose of receiving testimony on the sites and facilities to be established. The hearings shall be ordered by the chairperson of the board and shall be conducted concurrently with any agency hearing regarding the site held pursuant to subdivision 1. The subject of the board hearing shall not extend to matters previously decided in the board's certificate of need. The hearing shall be conducted for the board by the state office of hearing examiner's in a manner determined by the hearing examiner to be consistent with the completion of the proceedings in the time allowed. The proceedings shall not be deemed a contested case under chapter 15. A majority of the permanent members of the board shall be present at the hearing.

Sec. 11. [FINAL ACTION.] *Subdivision 1. [DECISION OF BOARD.] Within 60 days following final agency decisions on permits pursuant to section 9 and section 10, subdivision 1, and after consulting with private facility developers, the agency, affected local government units, and the local project review committees, the board shall finally select the site or sites for the facilities and shall submit or cause to be submitted final permit applications. If the chairperson of the board determines that an agency notice of intent has been substantially revised following hearings held pursuant to section 10, subdivision 1, the chairperson shall order a public hearing to receive further testimony on the sites and facilities to be established. The proceeding shall be conducted as provided in section 10, subdivision 2, except that hearings shall not be separately held in the affected counties and the issues relating to all agency notices shall be considered at one hearing. The board's decision and final permit applications shall embody all terms, conditions, and requirements of the permitting agencies, provided that the board may: (a) finally resolve any conflicts between state agencies regarding permit terms, conditions, and requirements, and (b) require more stringent terms, conditions, and requirements respecting the facility as may be consistent with the certification of need and the agency rules and permit conditions. The board's resolution of conflicts under clause (a) shall be in favor of the more stringent terms, conditions, and requirements. The board's decision and the permit applications shall provide for the establishment of facilities consistent with the board's certification of need.*

Subd. 2. [BOARD'S DECISION PARAMOUNT.] The board's decision under subdivision 1 shall be final and shall supersede and preempt requirements of state agencies and political subdivisions, excepting only those terms, conditions, and requirements of permitting agencies embodied in the board's decision and except as provided in subdivision 3. The permitting agencies shall issue permits within 60 days following and in accordance with the board's final decision, and all permits shall conform to the terms, conditions, and requirements of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment, operation, expansion, continuance, or closure of a facility in accordance with the final decision of the board and permits issued pursuant thereto.

Subd. 3. [LOCAL REQUIREMENTS.] A political subdivision may impose reasonable requirements respecting the construction, inspection, operation, monitoring, and maintenance of a facility. Any such requirements shall be subject to review by the agency to determine their reasonableness and consistency with the establishment and use of a facility in accordance with the final decision of the board and permits issued pursuant thereto. The agency may approve, disapprove, suspend, modify, or reverse any such requirements. The decision of the agency shall be final.

Sec. 12. [RECONCILIATION AND INTERVENTION PROCEDURES.] *Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.]* At least 30 days before making final decisions on final site selection and permit application under section 11, the board through its chairperson may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. The report shall not raise issues previously decided by the board's certification of need. In any such report the chairperson of the board may request intervention in the review pursuant to subdivisions 2 and 3.

Subd. 2. [PRE-INTERVENTION ASSESSMENT.] If the legislative commission determines that intervention might be warranted under the terms of subdivision 1, the commission may suspend the review process for up to 60 days to allow a pre-intervention assessment. The pre-intervention assessment shall be conducted by an independent, impartial, and qualified public intervenor appointed by the commission with the advice and consent of the parties to the dispute. The intervenor shall report to the commission. The report shall include:

(a) an assessment of whether the dispute is ripe for mediation and whether the parties are willing to mediate;

(b) an assessment of whether, within the terms of subdivision 1, substantive issues exist which were not decided by the certification of need and which cannot be resolved effectively through normal administrative and judicial procedures;

(c) a preliminary definition of the facts and issues in dispute and actions and decisions being considered;

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] Following the report of the intervenor, the legislative commission may suspend the review process for an additional period not to exceed 90 days for an intervention proceeding. The intervention proceeding shall not consider issues previously decided by the board's certification of need. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairperson of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements

or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.

Sec. 13. [JUDICIAL REVIEW.] Any civil action maintained by or against the agency or board under this article shall be brought in the county where the board is located and shall take precedence over all other matters of a civil nature and be expedited to the maximum extent possible. Any person aggrieved by a final decision of the board authorizing facilities under this article may appeal therefrom within 30 days as provided in chapter 15. No civil action shall be maintained pursuant to section 116B.03 with respect to conduct taken by a person pursuant to any environmental quality standard, limitation, regulation, rule, order, license, stipulation agreement or permit issued by the board under this article. Notwithstanding any provision of chapter 116B to the contrary, in any action brought under that chapter with respect to any decision or conduct undertaken by any person or the board or agency pursuant to this article after the period for appeal under this section has lapsed, the plaintiff shall have the burden of proving that the evidence required under section 116B.10 was not reasonably available within the time provided for appeal. The trial court shall, upon motion of any prevailing non-governmental party, award costs, disbursements, reasonable attorney's fees, and reasonable expert witness fees, if the court finds the action hereunder was commenced or defended in bad faith or was frivolous.

ARTICLE IV

Section 1. [RULES.] The board shall promulgate rules pursuant to chapter 15 to govern its activities under article IV.

Sec. 2. [ELIGIBILITY; REQUEST FOR REVIEW.] The following persons shall be eligible to request supplementary review by the board pursuant to this article: (a) a generator of sewage sludge within the state who has been issued permits by the agency for a facility to dispose of sewage sludge or solid waste resulting from sewage treatment; (b) a political subdivision which has been issued permits by the agency, or a political subdivision acting on behalf of a person who has been issued permits by the agency, for a solid waste facility which is no larger than 250 acres, not including any proposed buffer area, and located outside the metropolitan area; (c) a generator of hazardous waste within the state who has been issued permits by the agency for a hazardous waste facility to be owned and operated by the generator, on property owned by the generator, and to be used by the generator for managing the hazardous wastes

produced by the generator only; (d) a person who has been issued permits by the agency for a commercial hazardous waste processing facility at a site included in the board's inventory of preferred sites for such facilities adopted pursuant to article II, section 6. The metropolitan waste control commission shall not be eligible to request review under clause (a) for a sewage sludge disposal facility. The metropolitan waste control commission shall not be eligible to request review under clause (a) for a solid waste facility with a proposed permitted life of longer than four years. The board may require completion of a plan conforming to the requirements of article V, section 5, before granting review under clause (b). A request for supplementary review shall show that the required permits for the facility have been issued by the agency and that a political subdivision has refused to approve the establishment or operation of the facility.

Sec. 3. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] Within 45 days of the submission of a request determined by the board to satisfy the requirements for review under this article, temporary board members shall be added to the board for the purpose of the supplementary review. Three members shall be selected by the governing body of the city or town in which the chairperson of the waste management board determines the facility would be principally located, and three members shall be selected by the governing body of the county in which the chairperson of the waste management board determines the proposed facility would be principally located. If the proposed facility is located in unorganized territory, all six members shall be selected by the governing board of the county. Temporary members shall be residents of the county in which the proposed facility would be located and shall be selected to represent broadly the local interests that would be directly affected by the proposed facility. At least one member appointed by the city or town shall live within one mile of the proposed facility, and at least one member appointed by the county shall be a resident of a city or town in which the proposed facility would be located. Temporary board members shall serve for terms lasting until the board has taken final action on the facility.

Sec. 4. [REVIEW PROCEDURE.] The board shall meet to commence the supplementary review within 90 days of the submission of a request determined by the board to satisfy the requirements for review under this section. At the meeting commencing the review the chairperson shall recommend and the board establish a scope and procedure, in accordance with the rules of the board, for review and final decision on the proposed facility. The procedure shall require the board to make a final decision on the proposed facility within 90 days following the commencement of review. The procedure shall require the board to hold, at the call of the chairperson, at least one public hearing in the county within which the proposed facility would be located. A majority of permanent members of the board shall be present at the hearing. The hearing shall be conducted for the

board by the state office of hearing examiners in a manner determined by the hearing examiner to be consistent with the expeditious completion of the proceedings as required by this article. The hearing shall not be deemed a contested case under chapter 15. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facility, its location, the permits, and the board's scope and procedure for review. The notice shall identify a location or locations within the city or town and county where the permit applications, the agency permits, and the board's scope and procedure for review are available for review and where copies may be obtained.

Sec. 5. [SCOPE AND CONTENT OF REVIEW.] *In its review and final decision on the proposed facility, the board shall consider at least the following matters:*

(a) *the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to the facility, water, air, and land pollution, and fire or explosion where appropriate, and the degree to which the risk or effect may be alleviated;*

(b) *the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;*

(c) *the adverse effects of the facility on agriculture and natural resources and opportunities to mitigate or eliminate the adverse effects by additional stipulations, conditions, and requirements respecting the proposed facility at the proposed site;*

(d) *the need for the proposed facility, especially its contribution to abating solid and hazardous waste disposal, the availability of alternative sites, and opportunities to mitigate or eliminate need by additional and alternative waste management strategies or actions of a significantly different nature;*

(e) *whether, in the case of solid waste resource recovery facilities, the applicant has considered the feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators.*

Sec. 6. [FINAL DECISION OF BOARD.] *Subdivision 1. [APPROVAL OR DISAPPROVAL.] In its final decision on the proposed facility, the board may either approve or disapprove the proposed facility at the proposed site. The board's approval shall embody all terms, conditions, and requirements of the per-*

mitting agencies, provided that the board may: (a) finally resolve any conflicts between state agencies regarding permit terms, conditions, and requirements, and (b) require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site. The board's resolution of conflicts under clause (a) shall be in favor of the more stringent terms, conditions, and requirements.

Subd. 2. [DECISION PARAMOUNT.] The decision of the board to approve a facility shall be final and shall supersede and preempt requirements of state agencies and political subdivisions, excepting only those terms, conditions, and requirements of permitting agencies embodied in the board's approval and except as provided in subdivision 3. The permitting agencies shall issue or amend the permits for the facility within 60 days following and in accordance with the final decision of the board, and all permits shall conform to the terms, conditions, and requirements of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment, operation, expansion, continuance, or closure of the facility in accordance with the final decision of the board and permits issued pursuant thereto.

Subd. 3. [LOCAL REQUIREMENTS.] A political subdivision may impose reasonable requirements respecting the construction, inspection, operation, monitoring, and maintenance of a facility. Any such requirements shall be subject to review by the agency to determine their reasonableness and consistency with the establishment and use of a facility in accordance with the final decision of the board and permits issued pursuant thereto. The agency may approve, disapprove, suspend, modify, or reverse any such requirements. The decision of the agency shall be final.

Sec. 7. [RECONCILIATION PROCEDURES.] Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.] At least 30 days before making a final decision under section 6 in a review brought pursuant to section 2, clause (d), the board through its chairperson may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. In any such report the chairperson of the board may request intervention in the review pursuant to subdivisions 2 and 3.

Subd. 2. [PRE-INTERVENTION ASSESSMENT.] If the legislative commission determines that intervention might be warranted under the terms of subdivision 1, the commission may suspend the review process for up to 60 days to allow a pre-intervention assessment. The pre-intervention assessment shall be conducted by an independent, impartial, and qualified public intervenor appointed by the commission with the advice

and consent of the parties to the dispute. The intervenor shall report to the commission. The report shall include:

(a) an assessment of whether the dispute is ripe for mediation and whether the parties are willing to mediate;

(b) an assessment of whether, within the terms of subdivision 1, substantive issues exist which cannot be resolved effectively through normal administrative and judicial procedures;

(c) a preliminary definition of the facts and issues in dispute and actions and decisions being considered;

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] Following the report of the intervenor, the legislative commission may suspend the review process for an additional period not to exceed 90 days for an intervention proceeding. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairman of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.

Sec. 8. [JUDICIAL REVIEW.] Judicial review with respect to conduct or decisions in supplementary reviews brought pursuant to section 2, clauses (c) or (d), shall be as provided in article III, section 13.

ARTICLE V

SOLID WASTE MANAGEMENT PLANNING ASSISTANCE PROGRAM

Section 1. [ESTABLISHMENT AND ADMINISTRATION.] There is established a planning assistance program to provide technical and financial assistance to political subdivisions of

the state for the purpose of encouraging and improving regional and local solid waste management planning activities and efforts. The program shall be administered by the agency pursuant to rules promulgated under chapter 15, except in the metropolitan area where the program shall be administered by the metropolitan council pursuant to chapter 473. The agency and the metropolitan council shall ensure conformance with federal requirements and programs established pursuant to the Resource Conservation and Recovery Act of 1976 and amendments thereto.

Sec. 2. [ELIGIBLE RECIPIENTS.] *Political subdivisions shall be eligible for assistance under the program.*

Sec. 3. [FINANCIAL ASSISTANCE.] *Eligible recipients may receive grants for up to 50 percent of the cost of the planning activity, except that planning by a regional development commission and joint planning by two or more contiguous counties or political subdivisions located in two or more contiguous counties may receive grants for up to 100 percent of the cost of the planning activity. Financial assistance provided under the program may be used to employ staff, contract with other units of government or qualified consultants, and pay such other planning expenses as the agency or metropolitan council may allow.*

Sec. 4. [TECHNICAL ASSISTANCE.] *The agency and metropolitan council shall provide for technical assistance for eligible recipients. The agency and metropolitan council shall provide model plans for regional and local solid waste management. The agency and metropolitan council may contract for the delivery of technical assistance by a regional development commission, any state or federal agency, or private consultants. The agency shall prepare and publish an inventory of sources of technical assistance for solid waste planning, including studies, publications, agencies, and persons available.*

Sec. 5. [CONTENTS.] *Political subdivisions preparing plans under this article are encouraged to consult with persons presently providing solid waste collection, processing, and disposal services in the preparation of the plan. Plans prepared by local units of government in the metropolitan area shall conform to the requirements of chapter 473. Plans prepared by political subdivisions outside the metropolitan area with assistance from the program shall conform to the requirements of this section. The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. The plans shall contain an assessment of opportunities to reduce the need for land disposal through waste reduction and resource recovery, the alternative degrees of reduction achievable, and a comparison*

of the costs of alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures. Plans for location, establishment, operation, maintenance, and post-closure use of facilities and facility sites, for ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. The plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. The plans shall address the establishment of joint powers management programs or waste management districts where appropriate. The plans shall address other matters as the rules of the agency may require consistent with the purposes of article V.

ARTICLE VI

SOLID WASTE MANAGEMENT DEMONSTRATION PROGRAM

Section 1. [ESTABLISHMENT; PURPOSES AND PRIORITIES.] *There is established a solid waste management demonstration program to encourage and assist cities, counties, and solid waste management districts in the development and implementation of solid waste management projects of potential state wide application or significance and to transfer the knowledge and experience gained from such projects to other communities in the state. The program shall be administered so as to demonstrate the application of feasible and prudent alternatives to disposal, including waste reduction; waste separation by generators, collectors, and other persons; and waste processing. The program shall be administered by the agency and the board in accordance with the requirements of article VI and rules promulgated by the agency and the board pursuant to chapter 15. In administering the program, the agency and the board shall give priority to areas where natural geologic and soil conditions are unsuitable for land disposal of solid waste and areas where the capacity of existing solid waste disposal facilities is determined by the agency or the board to be less than five years. In areas outside the metropolitan area, the agency and the board shall also give priority to projects serving more than one local government unit.*

Sec. 2. [ELIGIBLE RECIPIENTS.] *Eligible recipients for assistance under the program shall be limited to cities, counties, and solid waste management districts established pursuant to article VIII. Eligible recipients may apply for assistance under sections 4 and 5 on behalf of other persons.*

Sec. 3. [APPLICATION REQUIREMENTS.] *Applications for assistance under the program shall demonstrate: (a) that the project is conceptually and technically feasible; (b) that affected political subdivisions are committed to implement the project, to provide necessary local financing, and to accept and exercise the government powers necessary to the project; (c) that operating revenues from the project, considering the availability and security of sources of solid waste and of markets for recovered resources, together with any proposed federal, state, or local financial assistance, will be sufficient to pay all costs over the projected life of the project; (d) that the applicant has evaluated the feasible and prudent alternatives to disposal and has compared and evaluated the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators. The agency or the board may require completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5, before accepting an application.*

Sec. 4. [TECHNICAL ASSISTANCE FOR DEMONSTRATION PROJECTS.] *The agency and the board shall ensure the delivery of the technical assistance necessary for proper implementation of each demonstration project funded under the program. The agency and the board may contract for the delivery of technical assistance by any state or federal agency, a regional development commission, the metropolitan council, or private consultants and may use program funds to reimburse the agency, commission, council, or consultants. The agency and the board shall prepare and publish an inventory of sources of technical assistance, including studies, publications, agencies, and persons available. The agency and the board shall ensure statewide benefit from projects assisted under the demonstration program by developing exchange and training programs for local officials and employees and by using the experience gained in demonstration projects to provide technical assistance and education for other solid waste management projects in the state.*

Sec. 5. [WASTE REDUCTION AND SEPARATION PROJECTS.] *The agency shall provide technical assistance and grants to projects which demonstrate waste reduction; waste separation by generators, collectors, and other persons; and collection systems for separated waste. Activities eligible for assistance under this section include legal, financial, economic, educational, marketing, social, governmental, and administrative activities related to the implementation of the project. Preliminary planning and development, feasibility study, and conceptual design costs shall also be eligible activities, but no more than 20*

percent of program funds shall be used to fund those activities. The rules of the agency shall prescribe the level or levels of local funding required for grants under this section.

Sec. 6. [WASTE PROCESSING FACILITIES.] *Subdivision 1. [PURPOSES; PUBLIC INTEREST; DECLARATION OF POLICY.] The legislature finds that the establishment of waste processing facilities and transfer stations serving such facilities is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that opportunities to establish the facilities and transfer stations are not being fully realized by individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to provide capital assistance to stimulate and encourage the acquisition and betterment of the facilities and transfer stations.*

Subd. 2. [ADMINISTRATION; ASSURANCE OF FUNDS.] *The board shall provide technical and financial assistance for the acquisition and betterment of the facilities and transfer stations from revenues derived from the issuance of bonds authorized by article VII, section 2. Of money appropriated for the purposes of the demonstration program, at least 70 percent shall be distributed as loans, and the remainder shall be distributed as grants. An individual project may receive assistance totaling up to 100 percent of the capital cost of the project and grants up to 50 percent of the capital cost of the project. No grant or loan shall be disbursed to any recipient until the board has determined the total estimated capital cost of the project and ascertained that financing of the cost is assured by funds provided by the state, by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state, by any person, or by the appropriation of proceeds of bonds or other funds of the recipient to a fund for the construction of the project.*

Subd. 3. [OBLIGATIONS OF RECIPIENT.] *No grant or loan for any project shall be disbursed until the governing body of the recipient has made an irrevocable undertaking, by resolution, to use all funds made available exclusively for the capital cost of the project and to pay any additional amount by which the cost of the project exceeds the estimate by appropriation to the construction fund of additional funds or proceeds of additional bonds of the recipient. The resolution shall also indicate that any subsequent withdrawal of allocated or additional funds of the recipient will impair the obligation of contract between the state of Minnesota, the recipient, and the bondholders. The resolution shall pledge payment to the debt service account of all revenues of the project to the extent that they exceed costs and shall also obligate the recipient to levy a tax sufficient to make timely payments under the loan agreement, if a deficiency occurs in the amount of user charges, taxes, special assessments,*

or other moneys pledged for payment under the loan agreement. Each loan made to a recipient shall be secured by resolutions adopted by the board and the governing body of the recipient, obligating the recipient to repay the loan to the state treasurer in annual installments including both principal and interest. Installments shall be in an amount sufficient to pay the principal amount within the period required by the agency. The interest on the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds of the loan were made. The resolution shall obligate the recipient to provide money for the repayment from user charges, taxes, special assessments or any other funds available to it.

ARTICLE VII

STATE WASTE MANAGEMENT BONDS

Section 1. [WASTE MANAGEMENT FUND.] *Subdivision 1. [CREATION; RECEIPTS.] The commissioner of finance shall maintain a Minnesota state waste management fund. The fund shall receive the proceeds of state bonds and other money appropriated to the fund and disburse money for the acquisition of real property and interests in real property for hazardous waste facility sites and surrounding buffer areas, as authorized by article II, section 3, subdivision 4, and money to be granted or loaned to political subdivisions pursuant to the waste processing facility capital assistance program created by article VI, section 6. The commissioner of finance and state treasurer shall deposit in the fund as received (a) all proceeds of Minnesota state waste management bonds, except accrued interest and premiums received upon the sale of the bonds; (b) all other money appropriated by law for purposes stated in article VII, and (c) all money granted to the state for those purposes by the federal government or any agency thereof. All the receipts are annually appropriated for the purposes of the fund, and shall remain available until expended.*

Subd. 2. [DISBURSEMENTS.] Disbursements from the fund shall be made at the times and in the amounts authorized by the board in accordance with applicable state laws and the board's rules.

Sec. 2. [MINNESOTA STATE WASTE MANAGEMENT BONDS.] *Subdivision 1. [AUTHORITY TO ISSUE BONDS.] The commissioner of finance shall sell bonds of the state of Minnesota for the prompt and full payment of which, together with interest, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be sold only upon request of the board and in the amount as may otherwise be authorized by this or a subsequently enacted law which authorizes the sale of additional bonds and the deposit of the pro-*

ceeds in the state waste management fund. Any authorized amount of bonds in this law or any subsequently enacted law authorizing the issuance of bonds for the purposes of the state waste management fund, together with this section, constitute complete authority for the issue. The bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. [ISSUANCE OF BONDS.] Upon request by the board and upon authorization as provided in subdivision 1, the commissioner of finance shall sell Minnesota state waste management bonds. The bonds shall be in the aggregate amount requested, and sold upon sealed bids upon the notice, at the price, in the form and denominations, bearing interest at the rate or rates, maturing in the amounts and on the dates (without option of prepayment or subject to prepayment upon the notice and at the times and prices), payable at the bank or banks within or outside the state (with provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds), and in accordance with any further provisions as the commissioner of finance shall determine. The sale is subject to the approval of the attorney general, but not subject to the provisions of Minnesota Statutes, Sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for these purposes, and any expenses of litigation relating to the validity of the bonds, shall be paid from the waste management fund, and the amounts necessary are appropriated from that fund.

Subd. 4. [DEBT SERVICE ACCOUNT IN THE STATE WASTE MANAGEMENT FUND.] The commissioner of finance shall maintain in the Minnesota state waste management fund a separate account to be called the state waste management debt service account. It shall record receipts of premium and accrued interest, loan repayments, project revenue or other money transferred to the fund and income from the investment of the money and record any disbursements to pay the principal and interest on waste management bonds. Income from invest-

ment shall be credited to the account in each fiscal year. The amount credited shall be equal to the average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO DEBT SERVICE ACCOUNT; APPROPRIATION FROM ACCOUNT TO PAY DEBT SERVICE.] *The premium and accrued interest received on each issue of Minnesota state waste management bonds, and all payments received in repayment of loans and other revenues received are appropriated to the debt service account. All income from the investment of the Minnesota state waste management fund is appropriated to the debt service account. In order to reduce the amount of taxes otherwise required to be levied, there is also appropriated to the debt service account from any funds available in the general fund on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand, to pay all principal and interest on Minnesota waste management bonds due and to become due before July 1 in the second ensuing year. So much of the debt service account, of the state waste management fund as is necessary to pay principal and interest on waste management bonds is annually appropriated from the debt service account for the payment of principal and interest of the waste management bonds. All funds appropriated by this subdivision shall be available in the debt service account prior to any levy of the tax in any year required by the Minnesota Constitution, Article XI, Section 7.*

Subd. 6. [SECURITY.] *On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money currently credited to the debt service account, to pay the entire amount of principal and interest currently due and the principal and interest to become due before July 1 in the second year thereafter on Minnesota waste management bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of Minnesota Statutes, Section 273.13, Subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all the bonds and interest thereon are fully paid. The proceeds of this tax are appropriated to the debt service account. The principal of and interest on the bonds are payable from the proceeds of this tax.*

Sec. 3. [BOND AUTHORIZATION AND APPROPRIATION OF PROCEEDS.] *The commissioner of finance is authorized, upon request of the board, to sell Minnesota state waste management bonds in the amount of up to \$8,800,000 for the purpose of the waste processing facility capital assistance program under article VI, section 6, and in the amount of up to \$6,200,000 for the purpose of acquiring real property and interests in real property for hazardous waste facility sites and buffer areas as authorized by article II, section 3, subdivision*

4. The bonds shall be sold in the manner and upon the conditions prescribed in article VII, section 2, and in the Minnesota Constitution, Article XI, Sections 4 to 7. The proceeds of the bonds, except as provided in article VII, section 2, subdivision 5, are appropriated to the Minnesota state waste management fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the waste management fund equal to the aggregate amount of the loans and grants then approved and not previously disbursed, plus the amount of the loans and grants to be approved in the current and the following fiscal year, as estimated by the board.

ARTICLE VIII

SOLID WASTE MANAGEMENT DISTRICTS

Section 1. [PURPOSE; PUBLIC INTEREST; DECLARATION OF POLICY.] *The legislature finds that the development of integrated and coordinated solid waste management systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that this need cannot always be met solely by the activities of individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to establish a procedure for the creation of solid waste management districts having the powers and performing the functions prescribed in article VIII.*

Sec. 2. [SOLID WASTE MANAGEMENT DISTRICTS.]
Subdivision 1. [LEGAL STATUS.] *Solid waste management districts established pursuant to article VIII shall be public corporations and political subdivisions of the state.*

Subd. 2. [ESTABLISHMENT BY BOARD.] *The board may establish waste districts as public corporations and political subdivisions of the state, define the powers of such districts in accordance with article VIII, define and alter the boundaries of the districts as provided in article VIII, section 3, and terminate districts as provided in article VIII, section 5. The board shall promulgate rules pursuant to chapter 15 governing the establishment, alteration, and termination of districts.*

Subd. 3. [RESTRICTIONS.] *No waste district shall be established within the boundaries of the Western Lake Superior Sanitary District established by Laws 1971, Chapter 478, as amended. No waste district shall be established wholly within one county. The board shall not establish a waste district within or extending into the metropolitan area, nor define or alter the powers or boundaries of a district, without the approval of the metropolitan council. The council shall not approve a district unless the articles of incorporation of the district require that the district will have the same procedural and substantive responsi-*

bilities, duties, and relationship to the metropolitan agencies as a metropolitan county. The board shall not establish a district unless the petitioners demonstrate that they are unable to fulfill the purposes of a district through joint action under Minnesota Statutes, Section 471.59. The board shall require the completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5, by petitioners seeking to establish a district.

Sec. 3. [PROCEDURE FOR ESTABLISHMENT AND ALTERATION.] Subdivision 1. [LOCAL PETITION.] Waste districts shall be established and their powers and boundaries defined or altered by the board only after petition requesting the action jointly submitted by the governing bodies of petitioners comprising at least one-half of the counties partly or wholly within the district. A petition for alteration shall include a resolution by the board of directors of the district approving the alteration.

Subd. 2. [PETITION CONTENTS.] A petition requesting establishment or alteration of a waste district shall contain the information the board may require, including at least the following:

- (a) the name of the proposed district;
- (b) a description of the territory and political subdivisions within and the boundaries of the proposed district or alteration thereto, along with a map showing the district or alteration;
- (c) resolutions of support for the district, as proposed to the board, from the governing body of each of the petitioning counties;
- (d) a statement of the reason, necessity, and purpose for the district, plus a general description of the solid waste management improvements and facilities contemplated for the district showing how its activities will accomplish the purpose of the district and the purposes for waste resource districts stated in article VIII;
- (e) articles of incorporation stating the powers of the district consistent with article VIII, including a statement of powers proposed pursuant to sections 9 and 10.

After the petition has been filed, no petitioner may withdraw from it except with the written consent of all other petitioners filed with the board.

Subd. 3. [LOCAL REVIEW AND COMMENT.] At least 60 days before submitting the petition to the board, the petitioners shall publish notice of the petition in newspapers of gen-

eral circulation in the proposed district and shall cause a copy of the petition to be served upon the agency, the governing body of each political subdivision which is wholly or partly within the proposed district or is affected by the proposed alteration and each regional development commission affected by the proposed district or alteration. Each entity receiving service shall have 60 days within which to comment to the petitioners on the petition and the proposed district or alteration. Proof of service, along with any comments received, shall be attached to the petition when it is submitted to the board.

Subd. 4. [REVIEW PROCEDURES.] Upon receipt of the petition, the chairperson of the board shall determine whether the petition conforms in form and substance to the requirements of law and rule. If the petition does not conform to the requirements, the chairperson shall return it immediately to the petitioners with a statement describing the deficiencies and the amendments necessary to rectify them. If the petition does conform to the requirements, and if comments have been received objecting to the establishment or alteration of the district as proposed, the chairperson shall request the office of hearing examiners to conduct a hearing on the petition. The hearing shall be conducted in the proposed district in the manner provided in chapter 15 for contested cases. If no comments have been received objecting to the establishment of the district as proposed, the board may proceed to grant or deny the petition without the necessity of conducting a contested case hearing. If the petition conforms to the requirements of law and rule, the chairperson shall also immediately submit the petition to the solid waste and the technical advisory councils of the board for review and recommendation and shall forward the petition to the director of the agency, who shall prepare and submit to the board a report containing recommendations on the disposition of the petition. The director's report shall contain at least the director's findings and conclusions on whether the proposed boundaries, purposes, powers, and management plans of the district or alteration thereto serve the purposes of waste resource districts, are appropriately related to the waste generation, collection, processing, and disposal patterns in the area, and are generally consistent with the purposes of the agency's regulatory program.

Subd. 5. [CORRECTIONS ALLOWED.] No petition submitted by the requisite number of counties shall be void or dismissed on account of defects exposed in the hearing documents or report. The board shall permit the petition to be amended in form and substance to conform to the facts by correcting any errors in the description of the territory or any other defects.

Subd. 6. [BOARD ORDER.] After considering the reports of the hearing examiner, if a contested case hearing has been held, and the recommendations of the advisory councils director of the agency, the board shall make a final decision on the petition. If the board finds and determines that the establishment or alteration of a district as proposed in the petition would not

be in the public interest and would not serve the purposes of article VIII, it shall give notice to the petitioners of its intent to deny the petition. If a contested case hearing has not been held, the petitioners may request a hearing within 30 days of the notice of intent to deny the petition. The request shall be granted. Following the hearing and the report of the hearing examiner, the board shall make a final decision on the petition and mail a copy of its decision to the governing body of each affected political subdivision. If the board finds and determines that the establishment or alteration of a district as proposed in the petition would be in the public interest and would serve the purposes of article VIII, it shall, by order, establish the district, define its boundaries, and give it a corporate name by which, in all proceedings, it shall thereafter be known. The order shall include articles of incorporation stating the powers of the district and the location of its registered office. Upon the filing of a certified copy of the order of the board with the secretary of state, the district shall become a political subdivision of the state and a public corporation, with the authority, power, and duties prescribed in article VIII and the order of the board. At the time of filing, a copy of the order shall be mailed by the board to the governing body of each political subdivision wholly or partly within the district or affected by the alteration of the district.

Sec. 4. [PERPETUAL EXISTENCE.] A waste district created under the provisions of article VIII shall have perpetual existence to the extent necessary to perform all acts necessary and proper for carrying out and exercising the powers and duties expressly given in it. A district shall not be terminated except pursuant to article VIII, section 5.

Sec. 5. [TERMINATION.] Subdivision 1. [PETITION.] Proceedings for the termination of a district shall be initiated by the filing of a petition with the board. The petition shall be submitted by the governing bodies of not less than one-half of the counties which are wholly or partly in the district. The petition shall state that the existence of the district is no longer in the public interest. The petitioners shall publish notice of the petition in newspapers of general circulation in the district and shall cause to be served upon each political subdivision wholly or partly within the district a copy of the petition, and proof of service shall be attached to the petition filed with the board.

Subd. 2. [BOND; PAYMENT OF COSTS.] If the petition is dismissed or denied, the petitioners shall be required to pay all costs and expenses of the proceeding for termination. At the time of filing the petition a bond shall be filed by the petitioners with the board in such sum as the board determines to be necessary to ensure payment of costs.

Subd. 3. [HEARING; DECISION.] If objection is made to the board against the petition for termination, a contested case hearing on the petition shall be held in the waste district pursuant to chapter 15. If the board determines that the termi-

nation of the district as proposed in the petition would not be in the public interest, the board shall give notice to the petitioner of its intent to deny the petition. If a contested case hearing has not been held, the petitioner may request a hearing within 30 days of the notice of intent to deny the petition. The request shall be granted. Following the hearing and the report of the hearing examiner, the board shall make a final decision on the petition. If the petition is dismissed all costs of the proceeding shall be assessed against the petitioner. If the board determines that the existence of the district is no longer in the public interest, the board shall by its findings and order terminate the district. Upon the filing of a certified copy of the findings and order with the secretary of state the district shall cease to be a public corporation and a political subdivision of the state.

Subd. 4. [LIMITATION.] The board shall not entertain a petition for termination of a district within five years from the date of the formation of the district nor shall the board entertain a petition for termination of the same district more often than once in five years.

Sec. 6. [ORGANIZATION OF DISTRICT.] The governing body of each county wholly or partly within the district shall appoint two persons to serve on the first board of directors of the district. The first chairperson of the board of directors shall be appointed by the chairperson of the waste management board and shall be a local elected official within the district. The first chairperson shall serve for a term of two years. Thereafter the chairperson shall be elected from outside the board of directors by majority vote of the board of directors. The first meeting of the board of directors shall be held at the call of the chairperson, after notice, for the purpose of proposing the bylaws, electing officers and for any other business that comes before the meeting. The bylaws of the district, and amendments thereto, shall be adopted by a majority vote of the board of directors unless the certificate of incorporation requires a greater vote. The bylaws shall state:

(a) the manner and time of calling regular meetings of the representatives and the board of directors, not less than once annually;

(b) the title, manner of selection, and term of office of officers of the district;

(c) the term of office of members of the board of directors, the manner of their removal, and the manner of filling vacancies on the board of directors;

(g) *such other provisions for regulating the affairs of the district as the board of directors shall determine to be necessary.*

Sec. 7. [REGISTERED OFFICE.] *Every district shall maintain an office in this state to be known as its registered office. When a district desires to change the location of its registered office, it shall file with the secretary of state, the board, and the director of the agency, a certificate stating the new location by city, town, or other community and the effective date of change. When the certificate has been duly filed, the board of directors may make the change without any further action.*

Sec. 8. [POWERS.] *Subdivision 1. [GENERAL.] A district shall have all powers necessary or convenient to perform its duties, including the powers provided in this section.*

Subd. 2. [ACTIONS.] *The district may sue and be sued, and shall be a public body within the meaning of chapter 562.*

Subd. 3. [ACQUISITION OF PROPERTY.] *The district may acquire by purchase, lease, condemnation, gift, or grant, any right, title, and interest in and to real or personal property deemed necessary for the exercise of its powers or the accomplishment of its purposes, including positive and negative easements and water and air rights. Any local government unit and the commissioners of transportation, natural resources, and administration may convey to or permit the use of any property or facilities by the district, subject to the rights of the holders of any bonds issued with respect thereto, with or without compensation and without an election or approval by any other government agency. The district may hold the property for its purposes, and may lease or rent the property so far as not needed for its purposes, upon the terms and in the manner as it deems advisable. The right to acquire lands and property rights by condemnation shall be exercised in accordance with Minnesota Statutes, Chapter 117. The district may take possession of any property for which condemnation proceedings have been commenced at any time after the issuance of a court order appointing commissioners for its condemnation.*

Subd. 4. [RIGHT OF ENTRY.] *Whenever the district deems it necessary to the accomplishment of its purposes, the district or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private,*

for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. 5. [GIFTS AND GRANTS.] The district may apply for and accept gifts, loans, or other property from the United States, the state, or any person for any of its purposes, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement.

Subd. 6. [PROPERTY EXEMPT FROM TAXATION.] Any real or personal property owned, used, or occupied by the district for any authorized purpose is declared to be acquired, owned, used and occupied for public and governmental purposes, and shall be exempted from taxation by the state or any political subdivision of the state, provided that those properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of the properties in any manner different from their use for solid waste management at the time shall be considered in determining the special benefit received by the properties. All bonds, certificates of indebtedness or other obligations of the district shall be exempted from taxation by the state or any political subdivision of the state. Interest on the obligations of the district shall be exempted from taxation in the same manner provided for interest on obligations qualifying under Minnesota Statutes, Section 290.08, Subdivision 7.

Subd. 7. [FACILITIES AND SERVICES.] The district may construct, equip, develop, enlarge, improve, and operate solid waste facilities and services as it deems necessary and may negotiate contracts for the use of public or private facilities and services. The district shall contract with private persons for the construction, maintenance, and operation of facilities and services where the facilities and services are adequate and available for use and competitive with other means of providing the same service.

Subd. 8. [RATES; CHARGES.] The district may establish and collect rates and charges for the facilities and services provided by the district and may negotiate and collect rates and charges for facilities and services contracted for by the district. The board of directors of the district may agree with the holders of district obligations which are secured by revenues of the district as to the maximum or minimum amounts which the district shall charge and collect for services provided by the district. Before establishing or raising any rates and charges the board of directors shall hold a public hearing regarding the proposed rates and charges. Notice of the hearing shall be published at least once

in a legal newspaper of general circulation throughout the area affected by the rates and charges. Publication shall be no more than 45 days and no less than 15 days prior to the date of the hearing.

Subd. 9. [DISPOSITION OF PROPERTY.] *The district may sell or otherwise dispose of any real or personal property acquired by it which is no longer required for accomplishment of its purposes. The property shall be sold in the manner provided by Minnesota Statutes, Section 458.196, insofar as practical. The district shall give notice of sale which it deems appropriate. When the district determines that any property which has been acquired from a government unit without compensation is no longer required, the district shall transfer it to the government unit.*

Subd. 10. [DISPOSITION OF PRODUCTS AND ENERGY.] *The district may use, sell, or otherwise dispose of all of the products and energy produced by its facilities. The district may, on a competitive basis, enter into short or long term contracts, make spot sales, solicit bids, enter into direct negotiations, deal with brokers, or use such other methods of disposal as it chooses, provided that the dealings of the district shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the district. The district shall give particular consideration to the needs of purchasers in this state and shall actively promote sales to such purchasers so long as this can be done at prices and under conditions that meet constitutional requirements and that are consistent with the district's object of being financially self supporting to the greatest extent possible.*

Subd. 11. [CONTRACTS.] *The district may enter into any contract necessary or proper for the exercise of its powers or the accomplishment of its purposes.*

Subd. 12. [JOINT POWERS.] *The district may act under the provisions of Minnesota Statutes, Section 471.59, or any other law providing for joint or cooperative action between government units.*

Subd. 13. [RESEARCH.] *The district may conduct research studies and programs, collect and analyze data, prepare reports, maps, charts, and tables, and conduct all necessary hearings and investigations in connection with its work and may advise and assist other government units on planning matters within the scope of its powers, duties, and objectives.*

Subd. 14. [EMPLOYEES; CONTRACTS FOR SERVICES.] *The district may employ persons or firms and contract for services to perform engineering, legal or other services necessary to carry out its functions.*

Subd. 15. [INSURANCE.] The district may require any employee to obtain and file with it an individual bond or fidelity insurance policy. It may procure insurance in amounts it deems necessary to insure against liability of the board of directors and employees or both, for personal injury or death and property damage or destruction, with the force and effect stated in Minnesota Statutes, Chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property as it deems necessary.

Subd. 16. [REVIEW OF PROJECTS.] The district may require that persons shall not acquire, construct, alter, reconstruct or operate a solid waste facility within the district without prior consultation with and approval of the district.

Sec. 9. [DESIGNATION OF RESOURCE RECOVERY FACILITIES; REQUIRED USE.] Subdivision 1. [GENERAL.] A district may be authorized by the order and articles of incorporation establishing the district to require that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be taken for processing to a resource recovery facility or a transfer station serving a facility designated by the district.

Subd. 2. [STANDARDS.] In determining whether to designate and require use of resource recovery facilities the district shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility;

(d) less restrictive methods for ensuring an adequate solid waste supply are available;

(e) all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed designation have been considered and the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators have been compared and evaluated.

Subd. 3. [EXEMPTION.] The district shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator or by a licensed solid waste collector.

Subd. 4. [PROCEDURE.] *The district shall proceed as follows when designating and requiring use of facilities:*

(a) *The district shall notify those persons whom the district has determined should use the facilities. Notification to political subdivisions, landfill operators, and licensed solid waste collectors shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the district shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.*

(b) *If contracts have not been made at the end of the 90 day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).*

(c) *If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district may order any person identified in the notice of the district to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.*

No designation shall be invalid by reason of the district's failure to provide written notice to any of the entities listed in this subdivision.

Subd. 5. [SERVICE GUARANTEE.] *The district shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person or without just cause.*

Subd. 6. [TERMINATION.] *Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the district that the solid waste has value and that arrangements have been made by the person sufficient to justify exemption under subdivision 3, unless the district determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the district facilities.*

Sec. 10. [BONDING POWERS.] **Subdivision 1. [GENERAL.]** *A district may exercise the bonding powers provided in this section to the extent the powers are authorized by the order*

of the waste management board establishing the district and by its articles of incorporation.

Subd. 2. [DEBT.] The district's bonds shall be sold, issued, and secured in the manner provided in chapter 475 for revenue bonds and the district shall have the same powers and duties as a municipality and its governing body in issuing revenue bonds under that chapter. No election shall be required. The bonds may be sold at any price and at public or private sale as determined by the district and shall not be subject to any limitation as to rate.

Subd. 3. [REVENUE BONDS.] A district may borrow money and incur indebtedness by issuing bonds and obligations which are payable solely:

(a) from revenues, income, receipts, and profits derived by the district from its operation and management of solid waste facilities;

(b) from the proceeds of warrants, notes, revenue bonds, debentures, or other evidences of indebtedness issued and sold by the district which are payable solely from such revenues, income, receipts, and profits;

(c) from federal or state grants, gifts, or other moneys received by the district which are available therefor.

Every issue of revenue bonds by the district shall be payable out of any funds or revenues from any facility of the district, subject only to agreements with the holders of particular bonds or notes pledging particular revenues or funds. If any facility of the district is funded in whole or in part by Minnesota waste management bonds issued under article VII, the state bonds shall take priority. The district may provide for priorities of liens in the revenues between the holders of district obligations issued at different times or under different resolutions. The district may provide for the refunding of any district obligation through the issuance of other district obligations entitled to rights and priorities similar in all respects to those held by the obligations that are refunded.

Sec. 11. [AUDIT.] The board of directors, at the close of each year's business, shall cause an audit of the books, records and financial affairs of the district to be made by a certified public accountant or the state auditor. Copies of a written report of the audit, certified to by the auditors, shall be placed and kept on file at the principal place of business of the district and shall be filed with the secretary of state and the board.

ARTICLE X

SOLID WASTE AND SEWAGE SLUDGE MANAGEMENT: METROPOLITAN AREA

Section 1. Minnesota Statutes 1978, Section 473.121, is amended by adding a subdivision to read:

Subd. 36. The definitions of terms relating to waste in chapter 116 and article I, section 3, also apply to the same terms relating to waste used in chapter 473.

Sec. 2. Minnesota Statutes 1978, Section 473.149, is amended to read:

473.149 [SOLID WASTE COMPREHENSIVE PLANNING.] Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.] (BY JULY 1, 1978,) The metropolitan council shall prepare and by resolution adopt as part of its development guide a long range policy plan for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area. When adopted, the plan shall be followed in the metropolitan area. The plan shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council, *provided that no land shall be thereby excluded from consideration as a solid waste facility site except land determined by the agency to be intrinsically unsuitable for such use.* The plan shall include goals and policies for (THE COLLECTION AND PROCESSING OF) solid (AND HAZARDOUS) waste *management* in the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1. The plan shall include criteria and standards for *solid* waste facilities and

solid waste facility sites respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations, the plan shall include additional criteria and standards (RESPECTING FINANCIAL SELF SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) to ensure that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area. In developing the plan the council shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions conducive to efficient, (LOW COST,) competitive, and adaptable systems of waste (COLLECTION AND PROCESSING) management; and the orderly resolution of questions concerning changes in systems of waste (COLLECTION AND PROCESSING) management. Criteria and standards for solid (AND HAZARDOUS) waste facilities shall be consistent with regulations adopted by the pollution control agency pursuant to chapter 116 and (SECTION 473.823. THE HAZARDOUS WASTE PORTION OF THE POLICY PLAN SHALL BE APPROVED BY THE POLLUTION CONTROL AGENCY IN ACCORDANCE WITH ITS STANDARDS AND REGULATIONS PRIOR TO ADOPTION BY THE COUNCIL) shall be at least as stringent as the guidelines, regulations, and standards of the federal environmental protection agency.

Subd. 2. [DISPOSAL CAPACITY ESTIMATE.] By July 1, 1980, the council shall adopt by resolution an estimate of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The council's estimate shall be based upon existing and projected solid waste generation rates without regard to potential waste reduction, separation, and recovery activity except that provided by services and facilities in operation or under construction.

Subd. 2a. [DISPOSAL ABATEMENT REPORT.] By January 1, 1981, the council shall prepare and submit a report to metropolitan counties on potentials for abating the need for and practice of land disposal of mixed municipal solid waste in the metropolitan area, for use by the counties in developing land disposal abatement plans pursuant to section 473.803, subdivision 1b. The report shall contain an analysis of abatement achievable through waste reduction, waste separation, waste processing, and resource recovery. The report shall contain specific and quantifiable alternative abatement objectives and degrees of

abatement, along with solid waste management methods and technologies, private and government actions, facilities and services, development schedules, revenue-raising measures, and levels of public and private expenditure and effort necessary to the achievement of those alternative objectives and degrees of abatement. The report shall recommend priorities and objectives for abating, immediately and over specified time periods, the disposal of mixed municipal solid waste in the metropolitan area. During the preparation of the report, the council shall encourage public debate and discussion of the issues relating to land disposal abatement and shall hold a public meeting on the issues in each metropolitan county.

Subd. 2b. [INVENTORY OF SOLID WASTE DISPOSAL SITES.] By October 1, 1981, the council shall adopt by resolution an inventory of eligible solid waste disposal sites and buffer areas within the metropolitan area. The council's inventory shall be composed of the sites and buffer areas proposed by the counties and reviewed and approved by the council pursuant to section 473.803, subdivision 1a. If a county does not have an approved inventory, the council shall adopt the required inventory for the county, following investigations by the council and public hearings as the council deems appropriate. The council's inventory shall satisfy all requirements and standards described in section 473.803, subdivision 1a, for sites and buffer areas proposed by counties. For sites and buffer areas included in the council's inventory, the moratorium imposed under section 473.803, subdivision 1a, shall extend until October 1, 1983.

Subd. 2c. [REPORT ON LOCAL EFFECTS OF SOLID WASTE DISPOSAL FACILITIES; REPORT TO LEGISLATURE.] By January 1, 1982, the council shall report to the legislative commission on methods of mitigating and compensating for the local risks, costs, and other adverse effects of solid waste disposal facilities and on methods of financing mitigation and compensation measures. The methods of mitigating and compensating to be considered shall include but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference for the city or town containing a facility in federal A-95 reviews conducted by the council; payment of all costs to service the facilities including the costs of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvements; city or town control over buffer zone design; elimination of the tipping charge for solid waste collected in the city or town; a guarantee against any and all liability that may occur; payment for reclamation of closed sites to local design specifications.

Subd. 2d. [LAND DISPOSAL ABATEMENT PLAN.] By January 1, 1983, after considering county land disposal abatement proposals submitted pursuant to section 473.803, subdivision 1b, the council shall amend its policy plan to include specific and quantifiable objectives for abating the land disposal of mixed municipal solid waste. The plan shall include a reduced

estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The objectives in the plan shall be based upon standards for county resource recovery and waste reduction and separation programs and activities. The plan shall include standards and procedures to be used by the council in determining that metropolitan counties have not implemented the council's land disposal abatement plan and have not met the standards for county abatement programs and activities. The council shall report to the legislative commission on its abatement plan and on legislation that may be required to implement the plan.

Subd. 2e. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] *By January 1, 1983, after requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 16. The council shall adopt a schedule for development of disposal facilities by each such county through the year 2000. The schedule shall be based upon the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 16. The schedule shall include standards and procedures for council certification of need pursuant to section 473.823. The schedule shall include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 16, no longer needed for disposal facilities.*

Subd. 3. [PREPARATION AND ADOPTION.] *The solid waste policy plan shall be prepared, adopted, and amended in accordance with section 473.146, subdivision 2, provided that the procedural duties and responsibilities established therein for the affected metropolitan commission shall extend to the metropolitan counties and the pollution control agency. In addition to the requirements of section 473.146, subdivision 2, the council shall send notice of any hearing to the pollution control agency and the governing body of each metropolitan county and each local governmental unit, as defined in section 473.801, wherein a solid waste facility is or may be located in accordance with the plan. Any comprehensive (SOLID AND HAZARDOUS WASTE) plan adopted by the council (PRIOR TO THE EFFECTIVE DATE OF THIS ACT) shall remain in force and effect (UNTIL A POLICY PLAN IS) while new or amended plans are being prepared (IN ACCORDANCE WITH SUBDIVISION 1) and adopted by the council. By October 1, 1976, the council shall adopt either interim policies or amendments to the existing comprehensive plan establishing standards and criteria for the review under section 473.823 of permit applications for solid waste*

facilities used primarily for resource recovery. For permit applications received by the council prior to October 1, 1976, the council may extend the time period provided for review under section 473.823 until 60 days after the adoption of the interim policies or amendments. No metropolitan county, local government unit, commission, or person shall acquire, construct, improve or operate any *solid* waste facility in the metropolitan area except in accordance with the council's plan and section 473.823, provided that no *solid* waste facility in use when a plan is adopted shall be discontinued solely because it is not located in an area designated in the plan as acceptable for the location of such facilities.

Subd. 4. [ADVISORY COMMITTEE.] The council shall establish an advisory committee to aid in the preparation of the policy plan (AND,) *the performance of the council's responsibilities under subdivisions 2 to 2e, the review of county master plans and reports and applications for permits for waste facilities, under sections 473.151 and 473.801 to 473.823 and sections 14 to 16, and other duties determined by the council.* The committee shall consist of one-third citizen representatives, one-third representatives from metropolitan counties and municipalities, and one-third representatives from private waste management firms. *From October 1, 1981 to January 1, 1983, for the purpose only of participating in the preparation of the legislative report required by subdivision 2c and the land disposal abatement plan required by subdivision 2d, additional members shall be included on the advisory committee sufficient to assure that at least one-third of the members of the committee are residents of cities or towns containing eligible solid waste disposal sites included in the council's disposal site inventory, and that counties containing three sites have at least two additional members and counties containing one or two sites have at least one additional member.* A representative from the pollution control agency, one from the waste management board established under article II, section 1, and one from the Minnesota health department shall serve as ex officio members of the committee.

Sec. 3. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.153] [COMPREHENSIVE DISPOSAL FACILITIES PLAN FOR SEWAGE SLUDGE AND SOLID WASTE FROM SEWAGE TREATMENT.] *Subdivision 1. [FACILITIES REQUIRED.] Except as provided in subdivision 7 and article IV, section 2, all sewage sludge disposal facilities and facilities for the disposal of solid waste generated by the metropolitan waste control commission shall be established and operated in accordance with this section and section 473.516. The council and the commission shall establish at least one facility for sewage sludge disposal and at least one facility for solid waste disposal.*

Subd. 2. [CANDIDATE SITE SELECTION.] *By July 1, 1981, the council shall select three candidate sites for the disposal*

of the commission's sewage sludge and three candidate sites for the disposal of the commission's solid waste, together with appropriate surrounding buffer areas. The council shall evaluate sites for candidacy on the basis of at least the following factors: local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities, distance from the points of generation, and the intrinsic suitability of sites compared with other potential sites. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of the council, counties, or local units of government, no land shall be excluded from consideration for candidacy except land determined by the agency to be intrinsically unsuitable. No site shall be selected for candidacy unless the agency certifies its apparent intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the agency. In selecting candidate sites, the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on development within the area of each proposed site and buffer area selected by the council. The moratorium shall extend until six months following the council's decision under subdivision 6. No development shall be allowed to occur within the area of a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 4. [ADVISORY COMMITTEE.] For the purposes only of advising the council on decisions under this section, additional members shall be added to the advisory committee established by section 473.149, subdivision 4, sufficient to assure that each city and town containing a candidate site has at least one representative on the committee.

Subd. 5. [ENVIRONMENTAL AND PERMIT REVIEW.] An environmental impact statement meeting the requirements of chapter 116D shall be completed on each candidate site, provided that the statement shall be finally accepted or rejected within 280 days of the selection of candidate sites. Within 90 days following the acceptance of the statement, the agency shall indicate the conditions and terms of approval of all permits needed at each candidate site.

Subd. 6. [COUNCIL SITE SELECTION.] Within 90 days following the agency's decision on permit conditions and terms, the council shall select at least one of the candidate sites for acquisition and development by the commission as a sewage sludge disposal facility and at least one of the candidate sites for acquisition and development by the commission as a solid waste

disposal facility. Before its selection the council shall consult with the advisory committee and affected counties, cities, and towns.

Subd. 7. [EXEMPTIONS.] Nothing in this section shall be construed to preclude the commission from continuing to use existing sewage sludge disposal facilities. In addition, to the same extent and upon the same conditions as sewage sludge may be applied on private property pursuant to section 473.516, subdivisions 3 and 4, the commission may use any site owned by the commission for the purpose of landspreading sewage sludge for a period no longer than four years. Any property currently used by the commission and permitted by the agency for disposing of the commission's solid waste may continue to be used for that purpose by the commission, as permitted by the agency, for a period not to exceed four years.

Sec. 4. Minnesota Statutes 1978, Section 473.502, is amended to read:

473.502 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that in the metropolitan area there are serious problems of water pollution and *processing and disposal of sewage and waste resulting from sewage treatment*, which cannot be effectively or economically dealt with by existing local government units in the area under existing laws. The legislature therefore declares that for the protection of the public health, safety, and welfare of the area, for the preservation and best use of waters and other natural resources of the state in the area, for the prevention, control and abatement of water pollution in the area, and for the efficient and economic collection, treatment and disposal of sewage *and waste resulting from sewage treatment* it is necessary to assign to the metropolitan council the responsibility of carrying on a continuous, long-range program of planning with respect thereto and to establish a waste control commission, which, together with the council, can take over, acquire, construct, operate, and maintain all interceptors and treatment works *and waste facilities* necessary for the collection, treatment and disposal of sewage *and waste resulting from sewage treatment* in the metropolitan area, *and can take over, acquire, construct, operate, and maintain waste facilities in the metropolitan area.*

Sec. 5. Minnesota Statutes 1978, Section 473.516, is amended to read:

473.516 [WASTE FACILITIES; SEWAGE SLUDGE DISPOSAL.] *Subdivision 1. [ACQUISITION AND OPERATION.]* Without limiting the grant or enumeration of any of the powers conferred on the council or commission under sections 473.501 to 473.549, the commission shall have the specific power to acquire by purchase, lease, condemnation, gift or grant any real or personal property including *development rights as defined*

in section 16, positive and negative easements and water and air rights, and it may construct, enlarge, improve, replace, repair, maintain and operate (HAZARDOUS) waste facilities in the metropolitan area deemed to be necessary or convenient in connection with the processing or disposal of (HAZARDOUS) waste resulting from sewage treatment, and the commission may contract for the maintenance and operation of such waste facilities, subject to the bidding requirements of section 473.523. The commission may accept for processing (HAZARDOUS) waste derived from outside the metropolitan area in the state, as well as (HAZARDOUS) waste derived from within the metropolitan area, and may fix and collect fees and charges for the acceptance of (HAZARDOUS) waste as the commission determines to be reasonable.

Subd. 2. [GENERAL REQUIREMENTS.] With respect to its activities under this section, the commission shall be subject to and comply with the applicable provisions of this chapter. Property acquired by the commission under this section shall be subject to the provisions of section 473.545. Any site or facility owned or operated for or by the commission shall conform to the policy plan adopted by the council under section 473.149 and shall be authorized in accordance with the commission's development program and capital budget approved by the council. The commission shall contract with private persons for the construction, maintenance, and operation of waste facilities, subject to the bidding requirements of section 473.523, where the facilities are adequate and available for use and competitive with other means of providing the same service.

Subd. 3. [LOCAL RESTRICTIONS.] Counties and local units of government may impose conditions respecting the construction, operation, inspection, monitoring, and maintenance of a waste facility of the commission and conditions respecting the sale, gift, delivery, storage, use, and disposal of sewage sludge of the commission on private property as a soil conditioner or amendment, but only in the manner and only to the extent authorized and approved by the council and the agency as being consistent with the establishment and use of the commission's waste facilities and the disposal of the commission's sewage sludge on private property in accordance with the council's plan, adopted under section 3, and agency permits and rules. Counties may exercise the enforcement powers granted under section 473.811, subdivision 5c, in the manner and to the extent authorized and approved in accordance with this subdivision.

Subd. 4. [TECHNICAL MONITORING; SEWAGE SLUDGE DISPOSAL.] Each sewage sludge disposal facility of the waste control commission, or site used for the disposal of sewage sludge of the commission, shall be required to have an agency permit issued pursuant to agency rules for permitting sewage sludge disposal facilities and sites. Each permit shall require a regular monitoring and testing program to be carried out by the waste

control commission. A regular inspection program shall be conducted by the agency or a county under contract to the agency. The commission shall reimburse the agency quarterly for the cost of the program, and the amounts reimbursed are hereby appropriated to the agency for the purposes of the program.

Sec. 6. Minnesota Statutes 1978, Section 473.801, Subdivision 1, is amended to read:

473.801 [DEFINITIONS.] Subdivision 1. For the purposes of sections 473.801 to 473.823 and sections 14 to 17 the terms defined in this section have the meanings given them.

Sec. 7. Minnesota Statutes 1978, Section 473.802, is amended to read:

473.802 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that for the protection of the public health, safety, and welfare of the people of the metropolitan area, for the prevention, control and abatement of pollution of air and waters of the state in the metropolitan area, and for the efficient and economic (COLLECTION AND PROCESSING) *management* of solid (AND HAZARDOUS) waste in the metropolitan area, it is necessary to (AUTHORIZE THE AGENCY TO REGULATE THE HANDLING OF HAZARDOUS WASTE AND THE LOCATION AND OPERATION OF WASTE FACILITIES IN THE AREA; TO) authorize the metropolitan council to carry on a continuous, long range program of planning with respect to solid (AND HAZARDOUS) waste (COLLECTION AND PROCESSING) *management*, (AND) to establish criteria and standards and approve permits for *solid waste facilities* in the area, *and to provide funds for the acquisition of property for solid waste disposal purposes*; and to authorize the metropolitan counties if necessary to acquire, construct, operate and maintain solid waste facilities, to plan for and regulate *solid waste collection services and facilities, to collect data on solid and hazardous waste (COLLECTION AND PROCESSING) management systems and procedures, and to assist state agencies to regulate the (HANDLING) management of hazardous waste.* The legislature declares that a public purpose is served by the recovery and utilization of resources from solid (WASTE AND HAZARDOUS) waste where economically viable and compatible with source reduction. The plans, criteria, standards and regulations of the agency, council and metropolitan counties shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry.

Sec. 8. Minnesota Statutes 1978, Section 473.803, is amended to read:

473.803 [METROPOLITAN COUNTY PLANNING.] Subdivision 1. [COUNTY MASTER PLANS; GENERAL RE-

QUIREMENTS.] Each metropolitan county, following adoption or revision of the council's solid (AND HAZARDOUS) waste policy plan and in accordance with the dates specified therein, and after consultation with all affected (MUNICIPALITIES) *local government units*, shall prepare and submit to the council for its approval, a county solid (AND HAZARDOUS) waste master plan to implement the policy plan. *The master plan shall be revised and resubmitted at such times as the council's policy plan may require.* The master plan shall describe county solid (AND HAZARDOUS) waste activities, functions, and facilities; the existing system of solid (AND HAZARDOUS) waste generation, collection, and processing, *and disposal* within the county; existing and proposed county and municipal ordinances and license and permit requirements relating to *solid waste facilities* and (HAZARDOUS AND) solid waste generation, collection, and processing, *and disposal*; existing or proposed municipal, county, or private *solid waste facilities* and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry. For *solid waste facilities* owned or operated by public agencies or supported primarily by public funds or obligations, the master plan shall contain policies to ensure (FINANCIAL SELF SUFFICIENCY BASED UPON COMPETITIVE RATES AND CHARGES) *that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Subd. 1a. [PROPOSED INVENTORY OF DISPOSAL SITES.] *By June 1, 1981, each county shall adopt, by resolution of its governing body, an inventory of four proposed sites in the county suitable for mixed municipal solid waste disposal facilities and one proposed site in the county suitable for the disposal of demolition debris and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in federal and state regulations and the council's policy plan for solid waste waste management. In proposing and approving sites for the inventory, the counties and*

the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be proposed by the county or approved by the council unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county or agency. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. The council shall evaluate each site with respect to local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required of that county. A moratorium is hereby imposed on development within the area of each site and buffer area proposed by a county, pending the council's adoption of an inventory pursuant to section 473.149, subdivision 2b. For sites and buffer areas included in the council's inventory, the moratorium shall extend until October 1, 1983. No development shall be allowed to occur within the area of a site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 1b. [LAND DISPOSAL ABATEMENT.] By April 1, 1982, after considering the council's disposal abatement report submitted to the counties pursuant to section 473.149, subdivision 2a, each county shall submit to the council a proposal to reduce to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste. The proposal shall address at least waste reduction, separation, and resource recovery. The proposal shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste generated within the county. The proposal shall describe specific functions to be performed and activities to be undertaken by the county and cities and towns

within the county to achieve the objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The proposal shall include alternatives which could be used to achieve the objectives if the proposed functions and activities are not established. By June 1, 1983, each county shall revise its master plan to include a land disposal abatement element to implement the council's land disposal abatement plan adopted under section 473.149, subdivision 2d, and shall submit the revised plan to the council for review under subdivision 2. The proposal and master plan revision required by this subdivision shall be prepared in consultation with cities and towns within the county, particularly the cities and towns in which a solid waste disposal facility is or may be located pursuant to the county master plan.

Subd. 2. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall *disapprove and return the plan with its comments to the county for revision and resubmittal. The county shall have 90 days to revise and resubmit the plan for council approval.* Any county solid (OR HAZARDOUS) waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.

Subd. 3. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council *for its approval* a report containing information, as the council may prescribe in its policy plan, concerning solid (AND HAZARDOUS) waste generation (, COLLECTION, AND PROCESSING) and management within the county. *The report shall include a statement of progress in achieving the land disposal abatement objectives of the council's policy plan and county master plan.* The report shall include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

Sec. 9. Minnesota Statutes 1978, Section 473.811, is amended to read:

473.811 [COUNTIES AND LOCAL UNITS OF GOVERNMENT; WASTE MANAGEMENT.] Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, including contracts for deed and conditional sales contracts, solid waste facilities or properties or easements or development rights, as defined in section 16, for solid waste facilities which are in accordance with regulations adopted by the agency, the policy plan adopted by the council and the county master plan as approved by the council, and may improve or construct improvements on

any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If (SUCH) a tax is levied in anticipation of need, the purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.-66. The right of condemnation shall be exercised in accordance with chapter 117. (A METROPOLITAN COUNTY MAY ACQUIRE PROPERTY FOR AND OPERATE A SOLID WASTE FACILITY WITHIN THE BOUNDARIES OF ANY CITY OR TOWN IN THE METROPOLITAN AREA, WITHOUT COMPLYING WITH THE PROVISIONS OF ANY ZONING ORDINANCE ADOPTED AFTER APRIL 15, 1969.)

Subd. 1a. [RIGHT OF ACCESS.] Whenever the county deems it necessary to the evaluation of a waste facility for enforcement purposes or to the evaluation of a site or buffer area for inclusion in the inventory of disposal sites pursuant to section 473.149, subdivision 2b, and section 473.803, subdivision 1a, or for final acquisition under section 16, the county or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. 2. [COUNTY FINANCING OF FACILITIES.] Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities or property or property rights for a solid waste facility, or for refunding any outstanding bonds issued for any such purpose, and may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.

Subd. 3. [COUNTY OPERATION OF FACILITIES.] Each metropolitan county may operate and maintain solid waste facilities, and for this purpose may employ all necessary personnel, may adopt regulations governing operation, and may establish and collect reasonable, non-discriminatory rates and charges

for the use of the facilities by any local government unit or person, estimated to be sufficient, with any other moneys appropriated for the purpose, to pay all costs of acquisition, operation and maintenance. Each metropolitan county may use itself or sell all or any part of materials or energy recovered from solid waste to private interests or public agencies for consumption or reuse by them. Section 471.345 and Laws 1951, Chapter 556, as amended shall not apply to the sale of the materials or energy provided that the dealings of each county shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the county.

Subd. 4. [COUNTY CONTRACTS.] Each metropolitan county *may contract* for the use of existing public or private *solid waste facilities and may contract* with any person for the operation and maintenance of any solid waste facility owned by the county. The contract shall provide for the operation and maintenance of the facility in accordance with any regulations, criteria, and standards of the agency, the metropolitan council and the county relating thereto.

Subd. 4a. [ORDINANCES; GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] *Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted by the council and shall be consistent with county master plans approved by the council. Except as provided in this subdivision, a metropolitan county may acquire a site and buffer area for a solid waste disposal facility anywhere within the county without complying with local ordinances, if the action is approved by the council as being taken pursuant to the policy plan and the development schedule adopted under section 473.149, subdivision 2e, and the provisions of section 16, and the county may establish and operate or contract for the establishment or operation of a disposal facility at the a site without complying with local ordinances, if the council certifies need under section 13. With the approval of the council, local government units may impose and enforce reasonable conditions respecting the construction, operation, inspection, monitoring, and maintenance of the disposal facilities. No local government unit shall prevent the establishment or operation of any solid waste facility in accordance with the council's decision under section 12, except that, with the approval of the council, the local government unit may impose reasonable conditions respecting the construction, inspection, monitoring, and maintenance of a facility.*

Subd. 5. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] Each metropolitan county may adopt ordinances governing the collection of solid waste. (THE ORDINANCES SHALL NOT PREVENT THE HAULING OF

SOLID WASTE FROM ONE COUNTY TO ANOTHER.) Each (MUNICIPALITY AND TOWN) *local unit of government* within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted an ordinance, the (MUNICIPALITY OR TOWN) *local unit* shall adopt either the county ordinance by reference or a more strict ordinance. (A HAULER WHO QUALIFIED UNDER THE ORDINANCE OF THE MUNICIPALITY WHERE HE IS MAKING PICKUPS MAY TRANSPORT SOLID WASTE ON STREETS AND HIGHWAYS IN OTHER MUNICIPALITIES WITHIN THE COUNTY WITHOUT CONFORMING TO THEIR ORDINANCES.) *Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by the council pursuant to section 14. A licensed collector or a metropolitan county or local government unit may request review by the council of an ordinance adopted under this subdivision. The council shall approve or disapprove the ordinance within 60 days of the submission of a request for review. The ordinance shall remain in effect unless it is disapproved. Ordinances of counties and local units of government shall provide for the enforcement of any designation of facilities by the council under section 14. Nothing in this subdivision shall be construed to limit the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the council for ordinances regulating collection.*

Subd. 5a. [ORDINANCES; SOLID WASTE FACILITIES.] Each metropolitan county shall by ordinance establish and from time to time revise rules, regulations, and standards for *solid waste facilities* within the county, relating to location, sanitary operation, periodic inspection and monitoring, maintenance, termination and abandonment, and other pertinent matters. The *county ordinance* shall require permits or licenses for *solid waste facilities* and shall require that such facilities be registered with a county office.

Subd. 5b. [ORDINANCES; HAZARDOUS WASTE MANAGEMENT.] Each metropolitan county shall by ordinance establish and revise rules, regulations, and standards (FOR HAZARDOUS WASTE MANAGEMENT) relating to (a) the identification of hazardous waste, (b) the labeling and classification of hazardous waste, (c) the (HANDLING,) collection, *storage*, transportation (AND STORAGE), *processing*, and *disposal* of hazardous waste, and (d) (THE ULTIMATE DISPOSAL SITE OF HAZARDOUS WASTE, AND (E)) other matters necessary for the public health, welfare and safety. The county shall require permits or licenses for the generation, collection, (AND) *processing*, and *disposal* of hazardous waste and shall require registration with a county office. (ANY ORDINANCE

ENACTED UNDER THIS SUBDIVISION SHALL EMBODY REGULATIONS, STANDARDS, AND REQUIREMENTS ADOPTED BY THE AGENCY AND GOALS, POLICIES, CRITERIA, AND STANDARDS ADOPTED BY THE COUNCIL AND SHALL BE CONSISTENT WITH THE COUNTY MASTER PLAN APPROVED BY THE COUNCIL. COUNTY ORDINANCES ADOPTED PURSUANT TO THIS SUBDIVISION SHALL NOT APPLY TO THE LOCATION OR OPERATION OF ANY HAZARDOUS WASTE FACILITY OWNED OR OPERATED BY THE WASTE CONTROL COMMISSION UNDER SECTION 473.516.) Issuing, denying, *suspending*, modifying, imposing conditions upon, or revoking hazardous waste permits or licenses, and county hazardous waste regulations and ordinances, shall be subject to review, denial, suspension, *modification*, and reversal by the agency. The agency shall after written notification have 15 days to review, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court in the manner provided in (SECTION 115.05. ANY ORDINANCE ENACTED SHALL BE PUBLISHED IN ACCORDANCE WITH THE PROVISIONS OF SECTION 375.51) *chapter 15.*

Subd. (5A) 5c. [COUNTY ENFORCEMENT.] Each metropolitan county shall be responsible for insuring that waste facilities, solid waste collection operations licensed or regulated by the county and hazardous waste generation (,) and collection (, AND PROCESSING) operations are brought into conformance with, or terminated and abandoned in accordance with, applicable county ordinances; rules, regulations and requirements of the (AGENCY) *state*; and (GOALS, POLICIES, CRITERIA, AND STANDARDS) *the policy plan* of the council. Counties may provide by ordinance that operators or owners or both of such facilities or operations shall be responsible to the county for satisfactorily performing the procedures required. If operators or owners or both fail to perform, the county may recover the costs incurred by the county in completing the procedures in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land. The ordinances may be enforced by action in district court. The county may prescribe a criminal penalty for the violation of any ordinance enacted under this section not exceeding the maximum which may be specified for a misdemeanor.

Subd. 6. [GRANTS AND LOANS TO COUNTIES.] Each metropolitan county may accept gifts, may apply for and accept grants or loans of money or other property from the United States, the state, the metropolitan council, any local government unit, or any person, to accomplish the purposes specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the

money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto.

Subd. 7. [JOINT ACTION.] Each metropolitan county and local government unit may act *together with any county, city, or town within or without the metropolitan area* under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17.

Subd. 8. [COUNTY SALE OR LEASE.] Each metropolitan county may sell or lease any facilities or property or property rights previously used or acquired to accomplish the purposes specified by sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17. Such property may be sold in the manner provided by section 458.196. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section, may be disposed of in any manner unless and until the county shall have submitted to the agency and the metropolitan council for review and comment the terms on and the use for which the property will be disposed of. The agency and the council shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Subd. 9. [SOLID AND HAZARDOUS WASTE FUND.] All moneys received by any metropolitan county from any source specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17 shall be paid into the county treasury, placed in a special fund designated as the county solid and hazardous waste fund, and used only for the purposes authorized in those sections, as appropriated by the county board, subject to any lawful restrictions, conditions, or pledges applicable thereto.

Sec. 10. Minnesota Statutes 1978, Section 473.813, is amended to read:

473.813 [CITIES, COUNTIES, TOWNS; SOLID WASTE CONTRACTS.] Subdivision 1. Notwithstanding any contrary provision of law or charter, and in addition to the powers or authority granted by any other law or charter, a city, county, or town in the metropolitan area may directly negotiate and enter into contracts, for a term not to exceed 30 years, for the delivery of solid waste to a waste facility and the processing of solid waste. Contracts made by direct negotiations shall be approved by resolution adopted by the governing body of the city, county, or town.

Subd. 2. Before a city, county, or town (MAY ENTER) enters into any contract pursuant to subdivision 1 (, WHICH

CONTRACT IS) for a period of more than five years, the city, county, or town shall submit the proposed contract and a description of the proposed activities under the contract to the council for review and approval. The council shall approve the proposed contract if it determines that the contract (WILL NOT ADVERSELY AFFECT COLLECTION RATES AND CHARGES DURING THE TERM OF THE CONTRACT AND THAT THE CONTRACT) is consistent with the council's plan, permits issued under section 473.823, and county reports or master plans approved by the council. The council may consolidate its review of contracts submitted under this section with its review of related permit applications submitted under section 473.823 and for this purpose may delay the review required by this section.

Sec. 11. Minnesota Statutes 1978, Section 473.823, Subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] (THE AGENCY MAY PRESCRIBE PERMIT AND PERMIT APPLICATION FORMS, AND MAY REQUEST APPLICANTS TO SUBMIT IN WRITING ALL INFORMATION DEEMED RELEVANT BY THE AGENCY.) The agency shall request applicants for *solid waste facility permits* to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. (THE AGENCY, OR ANY EMPLOYEE OR AGENT THEREOF, WHEN AUTHORIZED BY IT, MAY EXAMINE ANY BOOKS, PAPERS, RECORDS OR MEMORANDA OF THE APPLICANT PERTAINING TO ITS WASTE FACILITY, AND MAY ENTER ON ANY PROPERTY, PUBLIC OR PRIVATE, FOR THE PURPOSE OF OBTAINING INFORMATION, CONDUCTING SURVEYS OR MAKING INVESTIGATIONS RELATIVE TO THE LOCATION OR OPERATION OF A WASTE FACILITY. THE AGENCY MAY ISSUE PERMITS FOR THE OPERATION OF WASTE FACILITIES BY ANY METROPOLITAN COUNTY OR COMMISSION, LOCAL GOVERNMENT UNIT OR PERSON WHERE THE OPERATION THEREOF IS CONSISTENT WITH APPLICABLE REGULATIONS ADOPTED BY THE AGENCY PURSUANT TO SUBDIVISION 1, PROVIDED THAT) No permit may be issued for the operation of a *solid waste facility* in the metropolitan area which is not in accordance with the metropolitan council's *solid (AND HAZARDOUS) waste policy plan*. The metropolitan council shall determine whether a permit is in accordance with the (GOALS, POLICIES, STANDARDS, AND CRITERIA IN ITS) *policy plan*. In making its determination, the council shall consider the area-wide need

and benefit of the applicant facility and may consider, without limitation, the effect of the applicant facility on existing and planned *solid* waste facilities described in a waste control commission development program or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a *solid* waste facility used primarily for resource recovery and (RESTRICTIONS ON) the geographic territory from which a (WASTE FACILITY USED PRIMARILY FOR) resource recovery facility or transfer station serving such a facility may draw its waste. For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60 day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit may be issued in the metropolitan area for a *solid* waste facility used primarily for resource recovery, if the facility or site is owned and operated by a public agency or if the acquisition or betterment of the facility or site is secured by *public funds or obligations* (PLEDGING THE FULL FAITH AND CREDIT OR TAXING POWERS OF A CITY, COUNTY, OR TOWN,) unless the council finds that adequate markets exist for the products recovered without substantially reducing the supply of solid waste available for existing resource recovery operations and that (ALL COSTS OF OPERATION, ADMINISTRATION, MAINTENANCE AND DEBT SERVICE WILL BE COVERED BY REASONABLE RATES AND CHARGES FOR THE USE OF THE FACILITY) *the facility is operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Sec. 12. Minnesota Statutes 1978, Section 473.823, is amended by adding a subdivision to read:

Subd. 5. [REVIEW OF WASTE PROCESSING FACILITIES.] A metropolitan county may establish a waste processing facility within the county without complying with local ordinances, if the action is approved by the council in accordance

with the review process established by this subdivision. A county requesting review by the council shall show that the required permits for the proposed facility have been or will be issued by the agency, that the facility is consistent with the council's policy plan and the approved county master plan and that a local government unit has refused to approve the establishment or operation of the facility. The council shall meet to commence the review within 90 days of the submission of a request determined by the council to satisfy the requirements for review under this subdivision. At the meeting commencing the review the chairman shall recommend and the council establish a scope and procedure for its review and final decision on the proposal facility. The procedure shall require the council to make a final decision on the proposed facility within 120 days following the commencement of review. The council shall conduct at least one public hearing in the city or town within which the proposed facility would be located. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing. The notice shall describe the proposed facility, its location, the proposed permits, and the council's scope and procedures for review. The notice shall identify a location or locations within the local government unit and county where the permit applications and the council's scope and procedure for review are available for review and where copies may be obtained. In its review and final decision on the proposed facility, the council shall consider at least the following matters:

(a) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;

(b) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) the adverse effects of the facility on agricultural and natural resources and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;

(d) the need for the proposed facility and the availability of alternative sites;

(e) the consistency of the proposed facility with the county master plan adopted pursuant to section 473.803 and the council's policy plan adopted pursuant to section 473.149;

(f) transportation facilities and distance to points of waste generation.

In its final decision in the review, the council may either approve or disapprove the proposed facility at the proposed site. The council's approval shall embody all terms, conditions, and requirements of the permitting state agencies, provided that the council may require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site.

Sec. 13. Minnesota Statutes 1978, Section 473.823, is amended by adding a subdivision to read:

Subd. 6. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, and the abatement master plans of counties adopted pursuant to section 473.803, subdivision 1b. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 14. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.827] [COUNCIL DESIGNATION OF SOLID WASTE FACILITY; REQUIRED USE.] *Subdivision 1. [AUTHORITY.] The council may require that all or any portion of the solid waste that is generated within the metropolitan area or any service area thereof and is disposed of in the state be delivered to a resource recovery facility designated by the council or a transfer station serving such a facility. The council may designate a facility under this section without the approval of the board except that the approval of the board shall be required if the solid waste required to be delivered is generated outside of the metropolitan area.*

Subd. 2. [STANDARDS.] In determining whether to designate and require the use of the facility the council shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) *the required use will lessen the demand for and use of land disposal;*

(c) *the required use is necessary for the financial support of the facility;*

(d) *less restrictive methods for ensuring an adequate solid waste supply are available;*

(e) *the applicant has considered the feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators.*

Subd. 3. [EXEMPTION.] The council shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator, or by a licensed solid waste collector.

Subd. 4. [PROCEDURE.] The council shall proceed as follows when designating and requiring use of facilities:

(a) *The council shall notify those persons whom the council has determined should use the facilities. Notification to political subdivisions, disposal facility operations, and licensed solid waste collectors shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. No action of the council pursuant to this subdivision shall be held invalid by reason of the council's failure to provide written notice to persons listed in this subdivision. During a period of 90 days following the notification, the council shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.*

(b) *If contracts have not been made at the end of the 90-day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).*

(c) *If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council may order any person identified in the notice of the council to use the designated facilities, starting at a specified*

date which shall be at least 30 days after the order has been issued.

Subd. 5. [SERVICE GUARANTEE.] The facility designated by the council shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person, or without just cause.

Subd. 6. [TERMINATION.] Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the council that the solid waste has value and that arrangements have been made sufficient to justify exemption under subdivision 3, unless the council determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the facilities designated by the council.

Sec. 15. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.831] [DEBT OBLIGATIONS; SOLID WASTE DISPOSAL.] *Subdivision 1. [GENERAL OBLIGATION BONDS.] Following the adoption of the revisions to its policy plan required by section 473.149, subdivision 2e, the council may by resolution authorize the issuance of general obligation bonds of the council to provide funds for the acquisition of sites and surrounding buffer areas for development as solid waste disposal facilities pursuant to this section and section 16 and to provide funds for refunding obligations issued under this section. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for general obligation bonds, and the council shall have the same power and duties as a municipality and its governing body in issuing bonds under chapter 475, except as otherwise provided in this chapter. No election shall be required, and the net debt limitations in chapter 475 shall not apply. The principal amount of bonds issued pursuant to this section shall not exceed \$15,000,000.*

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used pursuant to section 16, by the council, to make grants to metropolitan counties to pay the cost of the acquisition of all property or interests in property for solid waste disposal sites and surrounding buffer areas required to be acquired by the county, pursuant to section 16, by the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e.

Sec. 16. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.833] [SOLID WASTE DISPOSAL SITES AND BUFFER AREAS.] *Subdivision 1. [DEFINITION.] "Develop-*

ment right' as used in this section means the right of the owner of the fee interest in land to change the use of the land from its existing use to any other use.

Subd. 2. [REQUIREMENT.] Each metropolitan county shall select and acquire sites and buffer areas for solid waste disposal facilities in accordance with this section and the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e.

Subd. 3. [COUNTY SITE SELECTION AUTHORITIES.] Each metropolitan county shall establish a site selection authority. By June 1, 1983, each site selection authority shall select specific sites within the county from the council's disposal site inventory, in accordance with the procedures established by the council under section 473.149, subdivision 2e, and in a number equal to that required by the council to be acquired by the county. Each site selection authority shall be composed of the county board, plus one member appointed by the governing body of each city or town within the county containing a site in the council's disposal site inventory or the majority of the land contained within such a site. If the number of members on the site selection authority who reside in a city or town containing all or part of a site or buffer area is equal to or greater than the number of members who do not, the chairman of the county board shall appoint to the authority an additional member or members, residing within the county but not within a city or town containing all or part of a site or buffer area, sufficient to assure a majority of one on the authority of members residing in cities and towns not containing all or any part of a site of buffer area. The chairman of the county board shall be the chairman of the site selection authority. If a site selection authority has not selected the requisite number of sites in accordance with the council's standards, criteria, and procedures by June 1, 1983, the council shall make the selection.

Subd. 4. [ACQUISITION AND DISPOSITION.] In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, the council shall provide for the acquisition by a metropolitan county of property and rights in property at and around each solid waste disposal site selected pursuant to subdivision 3. Each site scheduled for development as a facility through the year 1990 shall be acquired in fee. Development rights shall be acquired for each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights shall be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. The owner of any property for which development rights are to be or have been acquired pursuant to this subdivision may elect by written notice at any time up to 90 days following the issuance of a permit by the agency for a facility to have the county acquire

fee title to the property. Fee title shall be acquired by counties for buffer areas only at the election of the owner of the fee.

Subd. 5. [COMPENSATION.] Where the development right or fee is acquired by means other than through eminent domain proceedings, as by direct purchase or gift, the land owner's compensation shall be determined by the agreement of the parties involved. Where the fee is acquired through eminent domain proceedings, the land owner's compensation shall be the fair market value of the property. Where the development rights are acquired through eminent domain proceedings, the land owner's compensation shall be the fair market value of the property less the value of the land as restricted to the use to which it is devoted at the time of the acquisition. An award of compensation in a condemnation proceeding shall not be increased or decreased by reason of any increase or decrease in the value of the property caused by its designation in the inventory of disposal sites and buffer areas or its selection as a site or buffer area. Where the fee is subsequently condemned after the acquisition of the development rights, the land owner's compensation shall be based on the value of the property as restricted to the use permitted at the date of the subsequent acquisition.

Subd. 6. [DISPOSITION.] The county may sell property and development rights, with the permission of the council, when they are no longer needed for a site or surrounding buffer area. The owner of the fee shall have the right of first refusal of any development rights at the price of purchase plus interest at the rate permitted under section 344.01. The proceeds from any sale of property or development rights shall be returned to the council and used to pay debt service on the council's solid waste bonds.

Subd. 7. [FAILURE OF COUNTIES TO ACQUIRE; REPORT TO LEGISLATURE.] If any county fails to identify property for acquisition or if any county refuses to proceed with acquisition, as required by this section and the council's disposal facility development schedule adopted pursuant to section 473.149, subdivision 2e, the council shall prepare and recommend to the legislature, no later than January 1, 1984, legislation to transfer solid waste management authority and responsibility in the metropolitan area from the counties to the waste control commission or a new metropolitan commission established for that purpose.

Sec. 17. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.834] [DEBT SERVICE; SOLID WASTE BONDS.]
Subdivision 1. [CERTAIN CITIES AND TOWNS; EXEMPTION.] Each city or town in which a solid waste disposal facility is operating after January 1, 1980, shall be permanently exempt from the payments required by this section, if the facility is a commercial facility disposing of mixed municipal solid waste under an agency permit.

Subd. 2. [ALLOCATION OF DEBT SERVICE.] The annual debt service on the council's solid waste bonds, issued under article X, section 15, shall be annually apportioned by the council to each city and town in the metropolitan area, in the proportion that the assessed value of all taxable property within such city or town bears to the assessed value of the taxable property in all such cities and towns, as last finally equalized before October 1 in the year in which the allocation is made.

Subd. 3. [CERTAIN CITIES AND TOWNS; REDUCED PAYMENTS.] When a solid waste reduction, separation, or resource recovery program is implemented or solid waste processing facilities are established in a city or town pursuant to a county land disposal abatement plan approved by the council, the annual payment otherwise required of the city or town pursuant to subdivision 2, shall be reduced by an amount determined by the council to be proportionate to the abatement in the waste going from the city or town into a solid waste disposal facility as a result of the local abatement program or processing facility.

Subd. 4. [PROCEDURES FOR PAYMENT.] By January 1 of each year, the council shall certify to the auditor of each county the amount to be levied within each city and town in the metropolitan area to pay debt service on the council's bonds in the next succeeding calendar year. The amounts so certified shall be due and payable to the council, for deposit in the council's debt service fund, at such time or times during the year as the council determines. The council shall set the dates for payment with reference to the dates on which tax, assessment, and revenue collections become available to the government units required to pay such charges, provided that all payments shall be due in time to allow the council to certify deficiency tax levies pursuant to subdivision 5.

Subd. 5. [SECURITY.] In addition to the power to require payments and tax levies under subdivisions 3 and 4 for the payment of debt service on bonds issued under section 15, the council may levy taxes for the payment of the debt service upon all taxable property within the metropolitan area without limitation of rate or amount and without affecting the amount or rate of taxes which may be levied by the council for other purposes or by any local government unit in the area.

Sec. 18. Article X applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

ARTICLE XI

POLLUTION CONTROL AGENCY

Section 1. Minnesota Statutes 1978, Section 116.06, Subdivision 9, is amended to read:

Subd. 9. "Land pollution" means the presence in or on the land of any (SOLID) waste in such quantity, of such nature and duration, and under such condition as would affect injuriously any waters of the state, create air contaminants or cause air pollution.

Sec. 2. Minnesota Statutes 1978, Section 116.06, is amended by adding subdivisions to read:

Subd. 9a. "Waste" has the meaning given it in article I, section 3.

Subd. 9b. "Waste management" has the meaning given it in article I, section 3.

Subd. 9c. "Collection" of waste has the meaning given it in article I, section 3.

Subd. 9d. "Processing" of waste has the meaning given it in article I, section 3.

Subd. 9e. "Disposal" of waste has the meaning given it in article I, section 3.

Subd. 9f. "Intrinsic hazard" of a waste has the meaning given it in article I, section 3.

Subd. 9g. "Intrinsic suitability" of a land area or site has the meaning given it in article I, section 3.

Subd. 9h. "Sewage sludge" has the meaning given it in article I, section 3.

Sec. 3. Minnesota Statutes 1978, Section 116.06, Subdivision 10, is amended to read:

Subd. 10. "Solid waste" means garbage, refuse, sludge from a water supply treatment plant or air contaminant treatment facility, and other discarded (SOLID) waste materials and sludges, (INCLUDING SOLID WASTE MATERIALS AND WASTE SLUDGES) in solid, semi-solid, liquid, or contained gaseous form, resulting from industrial, commercial, mining, and agricultural operations, and from community activities, but does not include hazardous waste; animal waste used as fertilizer (,); earthen fill, boulders, rock (, SOLIDS); sewage sludge; solid or dissolved material in domestic sewage or other (SIGNIFICANT) common pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluents or discharges which are point sources subject to permits under section 402 of the federal water pollution control act, as amended, dissolved materials in irrigation return flows (, OR OTHER COMMON WATER POLLUTANTS); or source, special nuclear,

or by-product material as defined by The Atomic Energy Act of 1954, as amended.

Sec. 4. Minnesota Statutes 1978, Section 116.06, Subdivision 13, is amended to read:

Subd. 13. "Hazardous waste" means any refuse or discarded material or combinations of refuse or discarded materials in solid, semi-solid, liquid, or gaseous form which cannot be handled by routine waste management techniques because they pose a substantial present or potential hazard to human health or other living organisms because of their chemical, biological, or physical properties. Categories of hazardous waste materials include, but are not limited to: explosives, flammables, oxidizers, poisons, irritants, and corrosives. *Hazardous waste does not include sewage sludge and source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954, as amended.*

Sec. 5. Minnesota Statutes 1978, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, *processing*, and disposal

of solid waste *and the disposal of sewage sludge* for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of (SOLID WASTE) control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of (SOLID WASTE) control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the *management, identification, labeling, classification, storage, collection, transportation, processing, and disposal* of hazardous waste, recognizing that due to variable factors, (NO) a single standard of hazardous waste control (IS) *may not be* applicable to all areas of the state. In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unrea-

sonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing physical conditions, topography, soils, and geology, climate, transportation and land use. Standards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

Sec. 6. Minnesota Statutes 1978, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [RULES AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such (REGULATION) *rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, storage, *processing*, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. *The agency shall adopt such rules and standards for the disposal of sewage sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of disposal facilities, and operation of disposal facilities and disposal sites. The agency shall promulgate temporary rules for sewage sludge disposal pursuant to section 15.0412, subdivision 5.* Any such (REGULATION) *rule* or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to collection, transportation, *processing*, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control

of collection, transportation, *processing*, and disposal of solid waste *and the disposal of sewage sludge*, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter 727, for the prevention, abatement, or control of noise pollution. Any such (REGULATION) *rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, (REGULATIONS) *rules* or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Pursuant to chapter 15, the pollution control agency may adopt, amend, and rescind (REGULATIONS) *rules* and standards having the force of law relating to any purpose within the provisions of this chapter for the *management, identification, labeling, classification, storage, collection, treatment, transportation, processing, and disposal of hazardous waste and location of hazardous waste (DISPOSAL) facilities*. A (REGULATION) *rule* or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. The public service commission, in cooperation with the pollution control agency, shall set standards for the transportation of hazardous waste in accordance with chapter 221. *In implementing its hazardous waste rules, the pollution control agency shall give high priority to providing planning and technical assistance to hazardous waste generators. The agency shall assist generators in investigating the availability and feasibility of both interim and long term hazardous waste management methods. The methods shall include waste reduction, waste separation, waste processing, resource recovery, and temporary storage.*

The pollution control agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to evidence concerning economic costs of transportation and disposal of diseased shade trees by alternative methods.

Sec. 7. Minnesota Statutes 1978, Section 116.07, Subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste, or for the installation or operation of any system or facility, or any part thereof, related to the *storage*, collection, transportation, *processing*, or disposal of (SOLID) waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(THE POLLUTION CONTROL AGENCY MAY ISSUE, CONTINUE IN EFFECT OR DENY PERMITS, UNDER SUCH CONDITIONS AS IT MAY PRESCRIBE FOR THE TREATMENT OR DISPOSAL OR BOTH OF HAZARDOUS WASTE, OR FOR THE INSTALLATION OR OPERATION OF ANY SYSTEM OR FACILITY OR ANY PART THEREOF.)

Sec. 8. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4b. [PERMITS; HAZARDOUS WASTE FACILITIES.] *The agency shall provide to the waste management board established in article II, section 1, copies of each preliminary and final permit application for a hazardous waste facility immediately upon its submittal to the agency. The agency shall request recommendations on each permit application from the board and shall consult with the board on the agency's intended disposition of the recommendations. Except as otherwise provided in article III, the agency shall commence any environmental review required under chapter 116D within 120 days of its acceptance of a completed preliminary permit application. The agency shall respond to a preliminary permit application for a hazardous waste facility within 120 days following a decision not to prepare environmental documents or following the acceptance of a negative declaration notice or an environmental impact statement. Except as otherwise provided in article III, within 60 days following the submission of a final permit*

application for a hazardous waste facility, unless a time extension is agreed to by the applicant, the agency shall issue or deny all permits needed for the construction of the proposed facility.

Sec. 9. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4c. [PERMITS; TEMPORARY HAZARDOUS WASTE STORAGE FACILITIES.] A generator of hazardous waste within the state or an entity composed of or under contract to such generators may apply to the agency for permits for a temporary storage facility for hazardous waste generated within the state. The application shall demonstrate: (a) that no permitted commercial waste facility is reasonably available to accept the waste, and (b) that the proposed storage facility will be used for storing the hazardous waste generated exclusively by the applicant. The agency shall give highest priority to and shall expedite consideration of such applications. Within 60 days of receipt of a completed application, the agency shall either deny a permit or give notice of its intent to issue a permit. The agency shall publish the notice in the state register and shall notify directly the board and the affected county and city or town. If no hearing is requested on the permit within 30 days following the notice of intent, the agency shall issue the permit. If a hearing is requested, the hearing shall be ordered by the director of the agency and shall be conducted by the state office of hearing examiners in a manner determined by the hearing examiner to be consistent with the expeditious completion of the proceedings as required by this subdivision. The examiner shall give highest priority to and shall expedite the proceedings. The hearing shall be conducted within 45 days of the request, the examiner's report shall be submitted to the agency within 15 days of the hearing, and the agency shall make a final decision on the permit within 30 days of the report. The permit shall be issued for a period not to exceed one year but shall be renewable for four successive one year periods if at the time of each annual renewal the agency determines that there continues to be no permitted commercial waste facility reasonably available to accept the waste and that the facility has been operated in a way that does not cause pollution, impairment or destruction of the environment. Notwithstanding any law or requirement to the contrary, the permit shall be the only permit or approval required. Upon submission of an application for temporary storage facilities and until the permit is issued, the applicant shall store its hazardous wastes in the manner set forth in the application. A temporary storage permit issued or contract entered into for the purposes of a storage permit issued pursuant to this subdivision shall not affect the individual generator's ownership of and responsibility for the waste or the responsibility of the individual generator for removal and final processing or disposal in a permitted hazardous waste facility. The agency shall not be required to promulgate rules pursuant to chapter 15 governing its activity under this subdivision.

Sec. 10. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 9. [ORDERS; INVESTIGATIONS.] The agency shall have the following powers and duties for the enforcement of any provision of chapter 116, relating to waste:

(a) to adopt, issue, reissue, modify, deny, revoke, enter into or enforce reasonable orders, schedules of compliance and stipulation agreements;

(b) to require the owner or operator of any system or facility related to the storage, collection, transportation, processing, or disposal of waste to establish and maintain records; to make reports; to install, use, and maintain monitoring equipment or methods; and to make tests, in accordance with methods, at locations, at intervals, and in a manner as the agency shall prescribe; and to provide other information as the agency may reasonably require;

(c) to conduct investigations, issue notices, public and otherwise, and order hearings as it may deem necessary or advisable for the discharge of its duties under chapter 116, including but not limited to the issuance of permits; and to authorize any member, employee, or agent appointed by it to conduct the investigations and issue the notices.

Sec. 11. Minnesota Statutes 1978, Section 116.081, Subdivision 1, is amended to read:

116.081 [PROHIBITIONS.] Subdivision 1. [OBTAIN PERMIT.] It shall be unlawful for any person to construct, install or operate an emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, storage facility, or system or facility related to the collection, transportation, storage, processing, or disposal of (SOLID) waste, or any part thereof unless otherwise exempted by any agency (REGULATION) rule now in force or hereinafter adopted, until plans therefor shall have been submitted to the agency, and a written permit therefor shall have been granted by the agency. The requirements of this section shall not be applied to motor vehicles, abatement and control of air and land pollution during each biennium to the legislature with recommendations for action in furtherance of the air and land pollution and (SOLID) waste programs.

Sec. 12. Minnesota Statutes 1978, Section 116.101, is amended to read:

116.101 [HAZARDOUS WASTE CONTROL AND SPILL CONTINGENCY PLAN.] The pollution control agency shall study and investigate the problems of hazardous waste control

and shall develop a statewide hazardous waste (MANAGEMENT) *spill contingency* plan detailing the location of hazardous waste (DISPOSAL) facilities and storage sites throughout the state and the needs relative to the interstate transportation of hazardous waste.

(ELEMENTS OF) The statewide hazardous *waste* spill contingency plan (WHICH RELATE TO HAZARDOUS WASTES,) shall be incorporated into the statewide hazardous waste management (PLAN) *plans of the waste management board established by article II, section 1.* The pollution control agency shall develop an informational reporting system of hazardous waste quantities generated, *processed*, and disposed of in the state.

Sec. 13. Minnesota Statutes 1978, Section 116.41, is amended to read:

116.41 [WASTE AND WASTE FACILITIES CLASSIFICATION; TRAINING AND CERTIFICATION.] Subdivision 1. [LAND DISPOSAL FACILITY CLASSIFICATION.] *By January 1, 1982, the pollution control agency (MAY) shall classify, respectively, facilities for the disposal of solid waste, facilities for the disposal of sewage sludge, and facilities for the disposal of hazardous waste according to the degree of hazard to public health or the environment involved in their operation (, AND ACCORDING TO THE VOLUME OR HAZARDOUS CHARACTER OF SOLID WASTE DISPOSED OF AT THE FACILITY. THE AGENCY MAY DEVELOP STANDARDS OF COMPETENCE FOR PERSONS OPERATING VARIOUS CLASSES OF FACILITIES FOR THE DISPOSAL OF SOLID WASTE). The classification of disposal facilities for waste shall be based upon the degree of intrinsic hazard and the volume and rate of application of the waste accepted by a facility, the intrinsic suitability of the location of the facility, the design and operating character of the facility, and other factors deemed relevant by the agency.*

Subd. 1a. [HAZARDOUS WASTE CLASSIFICATION.] By January 1, 1982, the agency shall prescribe by rule criteria for excluding types and categories of hazardous wastes from disposal, criteria for accepting types and categories of wastes as suitable for disposal, and minimum pre-treatment standards required as a condition of acceptance for disposal. The criteria and standards shall be based upon the degree of intrinsic hazard of the waste; the availability of conventional processing technologies for reducing, separating, reusing, recycling, and treating the waste; the feasibility and cost of applying the processing technologies in relation to the benefits to be achieved by such application; the class of facility; and other factors deemed relevant by the agency.

Subd. 2. [TRAINING AND CERTIFICATION PROGRAMS.] The agency shall develop standards of competence for persons

operating and inspecting various classes of disposal facilities. The agency (MAY) shall conduct training programs for persons operating facilities for the disposal of (SOLID) waste and for inspectors of such facilities, and may charge such fees as are necessary to cover the actual costs of the training programs. (SUBD. 3. AFTER JULY 1, 1976, WHEN A FACILITY FOR THE DISPOSAL OF SOLID WASTE, OTHER THAN AN ANIMAL FEEDLOT, IS OPERATING UNDER A PERMIT FROM THE AGENCY,) The agency (MAY) shall require (THE OPERATOR) operators and inspectors of (THE FACILITY) such facilities to obtain from the agency a certificate of (HIS) competence (TO OPERATE THE FACILITY). The agency (MAY) shall conduct examinations to test the competence of applicants for certification, and (MAY) shall require that certificates be renewed at reasonable intervals. The agency may charge such fees as are necessary to cover the actual costs of receiving and processing applications, conducting examinations, and issuing and renewing certificates.

Subd. 3. [REGULATION AND ENFORCEMENT ASSISTANCE.] The agency shall establish a program to provide technical and financial assistance for regulation and enforcement to counties which have certified operators and inspectors conforming to the requirements of the agency, chapters 400 and 473, and articles I to VIII.

Subd. 4. [RULES.] The agency (MAY) shall adopt, amend, and rescind (SUCH) rules (AND REGULATIONS) as may be necessary to carry out the provisions of this section in accordance with chapter 15.

Sec. 14. [REPORT ON SEWAGE SLUDGE.] By January 1, 1981, in consultation with the department of health, the agency shall prepare and submit a report on sewage sludge disposal to the legislative commission. The report shall be based on available information and shall recommend appropriate strategies, procedures, and programs to abate potential health hazards resulting from sewage sludge disposal facilities. The report shall: (a) analyze the potential public health hazards resulting from sewage sludge disposal facilities and methods of abatement; (b) examine existing regional, state, and federal regulations regarding the pre-treatment of industrial wastewater and efforts which are being or could be made by industry to pre-treat their industrial wastewaters; (c) analyze the need and potential effects of state regulations on concentrations of toxic and hazardous substances in industrial wastewater effluent; (d) summarize the duties and relationships among government entities responsible for sewage and sewage sludge treatment and regulation.

Execution of the declaration shall:*

(a) *Have the same consequences as an acknowledgement by the signatories of parentage of the child for the purposes of sections 62A.041 and 62C.14, subdivision 5a;*

(b) *Be conclusive evidence that the signatories are parents of the child for the purposes of sections 176.111 and 197.09 to 197.11;*

(e) Have the same consequences as a writing declaring paternity of the child for the purposes of section 525.172; and

(f) Be conclusive evidence that the signatories are parents of the child for the purposes of chapter 573.

Subd. 2. The declaration authorized by subdivision 1 shall be conclusive evidence of all the matters stated therein and shall have the same effect as an adjudication of paternity for the purposes of the statutory provisions described in subdivision 1.

Subd. 3. The declaration authorized by subdivision 1 shall not affect the rights or duties arising out of a parent-child relationship of any person not a signatory to the declaration claiming to be the parent of the child nor shall the declaration impair any rights of the child arising out of a parent-child relationship against any person not a signatory to the declaration.

Sec. 4. Minnesota Statutes 1978, Section 259.24, Subdivision 2, is amended to read:

Sec. 6. Minnesota Statutes 1978, Section 259.24, is amended by adding a subdivision to read:

Subd. 6a. [WITHDRAWAL OF CONSENT.] A parent's consent to adoption may be withdrawn for any reason within ten working days after the consent is executed and acknowledged. Such agreement and consent shall be in the form prescribed by the commissioner and shall contain notice to the parent of the substance of section 8 providing for the right to revoke the agreement. The agreement shall be executed by the commissioner or agency, or one of their authorized agents, and all other necessary parties, and shall be filed, together with the consent, in the proceedings for the adoption of the child.

Sec. 8. Minnesota Statutes 1978, Section 259.25, is amended by adding a subdivision to read:

Subd. 2a. A parent's agreement to authorize placing a child for adoption may be revoked for any reason within ten working days after the agreement is executed. (c) A guardianship created under the provisions of subdivision 1 shall not of itself include the guardianship of the estate of the ward.

Subsequent to the initial certification and decertification, if any, pursuant to this section, the provisions of this section shall not apply.*

Subd. 2. [EXISTING MAJORITY.] The director shall certify an employee organization as exclusive representative for an appropriate unit established by section 38 upon a petition filed with the director by the organization within 30 days of the effective date of this section for state employees and within 180 days of the effective date of this section for university of Minnesota employees stating that the petitioner is certified pursuant to section 179.67 as the exclusive representative of a majority of the employees included within the unit established by section 38 on the effective date of this section. Two or more employee organizations which represent the employees in a unit established by section 38, may petition jointly pursuant to this subdivision, provided that any organization may withdraw from a joint certification in favor of the remaining organization or organizations on 30 days notice to the remaining organization or organizations, the employer, and the director without effect upon the rights and obligations of the remaining organization or organizations or the employer. The director shall make a determination on a timely petition within 45 days of its receipt.

Subd. 3. [NO EXISTING MAJORITY.] (1) If no exclusive representative is certified under subdivision 2, the director shall certify an employee organization as exclusive representative for an appropriate unit established by section 38 upon a petition filed by the organization within the time period provided in subdivision 2, stating that the petitioner is certified pursuant to section 179.67 as the exclusive representative of fewer than a majority of the employees included within the unit established by section 38, where no other employee organization so certified has filed a petition within the time period provided in subdivision 2 so long as a majority of the employees in the unit established

by section 38 are represented by employee organizations pursuant to section 179.67 on the effective date of this section. Two or more employee organizations, each of which represents employees included in the unit established by section 38 may petition jointly pursuant to this clause, provided that any organization may withdraw from a joint certification in favor of the remaining organization or organizations on 30 days notice to the remaining organization or organizations, the employer, and the director without effect upon the rights and obligations of the remaining organization or organizations or the employer. The director shall make a determination on a timely petition within 45 days of its receipt.

(2) If no exclusive representative is certified under subdivision 2 or subdivision 3, clause (1), and an employee organization petitions the director within 45 days of the effective date of this section for state employees and within 195 days of the effective date of this section for university of Minnesota employees stating that at least 30 percent of the employees included within a unit established by section 38 wish to be represented by the petitioner, where this 30 percent is evidenced by current dues deduction rights, signed statements plainly indicating that the signatories wish to be represented for collective bargaining purposes by the petitioner rather than by any other organization, or a combination thereof, the director shall conduct a secret ballot election to determine the wishes of the majority. The election shall be conducted within 75 days of the effective date of this section for state employees and within 225 days of the effective date of this section for university of Minnesota employees and shall, where not inconsistent with other provisions of this section, be governed by section 179.67.

Subd. 4. [DECERTIFICATION.] Prior to January 1, 1981 the director shall consider a petition for decertification of an exclusive representative certified under this section only when the petition is filed within 60 days of the initial certification and only when the certification was made pursuant to subdivisions 2 or 3(1). Exclusive representatives of state employees and university of Minnesota employees certified after the effective date of this section shall immediately upon certification have

the responsibility of bargaining on behalf of employees within the unit. They shall also have the responsibility of administering grievances arising under previous contracts covering employees included within the unit which remain unresolved on June 30, 1981. Where the employer does not object, these responsibilities may be varied by agreement between the outgoing and incoming exclusive representatives. All other rights and duties of representation shall commence on July 1, 1981, except that exclusive representatives certified after the effective date of this section shall immediately upon certification have the right to all employer information and all forms of access to employees within the bargaining unit which would be permitted to the current contract-holder. This section shall in no way affect any existing collective bargaining contract. Should an exclusive bargaining agent not be certified for the unit provided for in section 38, subdivision 3, clause (2), the employees assigned to that unit shall continue to be compensated pursuant to the appropriate university of Minnesota civil service rules, or by the terms of any master or uniform contract of their particular trade which exists between associations of employers in their local area representing all or substantially all of the employees of that trade.

Nothing in sections 1 to 42 shall prevent an exclusive representative certified after the effective date of sections 1 to 42 from assessing fair share or dues deductions immediately upon certification for employees in a unit established under section 38 if the employees were unrepresented for collective bargaining purposes prior to that certification.

Sec. 42. Minnesota Statutes 1978, Chapter 179, is amended by adding a section to read:

[179.743] [STATE EMPLOYEES.] *When no prior determination has been made with respect to the supervisory status of a state employee or his predecessor and no agreement can be reached between the employer and petitioning employee organizations, the commissioner of employee relations may petition the director for a determination. When no agreement can be reached between the employer and petitioning employee organizations on the confidential status of a state employee, the commission of employee relations may petition the director for a determination. The commissioner shall serve a copy of the petition on the exclusive representatives of the affected employees. The director shall not exclude any supervisory or confidential employee from an appropriate unit of nonsupervisory or nonconfidential state employees on the basis of a petition filed later than 30 days after the effective date of this section, except as provided in section 32. The director shall make all determinations under this subdivision within 60 days of receipt of a timely petition. The director shall have full discretion in his determination of the application of sections 179.63, subdivisions 8, 9, and 9a, and 179.71, subdivision 3, paragraph 2 in all cases arising*

under this subdivision. Notwithstanding any other law, his decision shall be final and no appeal whatsoever shall be heard. For the purposes of the certification of a bargaining agent for units provided in subdivision 1 of section 38 employees sought to be excluded by a timely and valid petition as supervisory or confidential shall be counted or shall vote separately in a fashion which shall permit them to be individually excluded or included after a determination as to their status. When a certification is dependent upon challenged employees, the director shall determine the status of the challenged employees prior to deciding the cases of challenged employees whose status need not be determined for a certification. In the latter situation the certification of a bargaining agent shall proceed irrespective of pending challenges.

[COMPOSITION.] The legislative commission on energy is composed of five senators of the majority party and three senators of the minority party appointed by the subcommittee on committees of the committee on rules and administration, and five representatives of the majority party and three representatives of the minority party appointed by the speaker of the house. The commission shall be appointed by June 1, 1980. The commission shall elect a chairman from among its members.*

Subd. 2. [GENERAL DUTIES.] The commission shall:

(a) Make a continuing study of matters relating to energy supply and use in the state;

(b) Identify the potential for enhanced economic growth and job creation from increased energy efficiency and the production and utilization of renewable energy systems.

(c) Identify ways to assure the provision of necessary energy supplies to all Minnesotans;

(d) Coordinate resources and programs on energy conservation; and

(e) Review overall legislative policy concerning energy.

Subd. 3. [ENERGY PLAN; REPORT TO LEGISLATURE.] The commission shall develop legislative energy plans based on the provisions of subdivision 2 and consistent with appropriate long term energy goals for Minnesota. The plans shall be reported to the legislature no later than February 15 of each year.

Sec. 4. Minnesota Statutes 1978, Section 116H.01, is amended to read:

116H.01 [FINDINGS AND PURPOSE.] The legislature finds and declares that (THE PRESENT RAPID) *continued* growth in demand for energy (IS IN PART DUE TO UNNECESSARY ENERGY USE; THAT A CONTINUATION OF THIS TREND WILL RESULT IN SERIOUS DEPLETION OF FINITE QUANTITIES OF FUELS, LAND AND WATER RESOURCES, AND THREATS TO THE STATE'S ENVIRONMENTAL QUALITY; THAT THE STATE MUST INSURE CONSIDERATION OF URBAN EXPANSION, TRANSIT SYSTEMS; ECONOMIC DEVELOPMENT, ENERGY CONSERVATION AND ENVIRONMENTAL PROTECTION IN PLANNING FOR LARGE ENERGY FACILITIES; THAT THERE IS A NEED TO CARRY OUT ENERGY CONSERVATION MEASURES; AND THAT ENERGY PLANNING, PROTECTION OF ENVIRONMENTAL VALUES, DEVELOPMENT OF MINNESOTA ENERGY SOURCES, AND CONSERVATION OF ENERGY REQUIRE EXPANDED AUTHORITY AND TECHNICAL CAPABILITY AND A UNIFIED, COORDINATED RESPONSE WITHIN STATE GOVERNMENT.

THE LEGISLATURE SEEKS TO ENCOURAGE THRIFT IN THE USE OF ENERGY, AND TO MAXIMIZE USE OF ENERGY EFFICIENT SYSTEMS, THEREBY REDUCING THE RATE OF GROWTH OF ENERGY CONSUMPTION, PRUDENTLY CONSERVING ENERGY RESOURCES, AND ASSURING STATEWIDE ENVIRONMENTAL PROTECTION CONSISTENT WITH AN ADEQUATE, RELIABLE SUPPLY OF ENERGY.) *will cause severe social and economic dislocations, and that the state has a vital interest in providing for: increased efficiency in energy consumption, the development and use of renewable energy resources wherever possible, and the creation of an effective energy forecasting, planning and education program.*

The legislature further finds and declares that the protection of life, safety and financial security for citizens during an energy crisis is of paramount importance.

Therefore, the legislature finds that it is in the public interest to review, analyze and encourage those energy programs that will minimize the need for annual increases in fossil fuel consumption by 1990 and the need for additional electrical generating plants, and provide for an optimum combination of energy sources consistent with environmental protection and the protection of citizens.

The legislature intends to monitor, through energy policy planning and implementation, the transition from historic growth in energy demand to a period when demand for traditional fuels becomes stable and the supply of renewable energy resources is readily available and adequately utilized.

Sec. 5. Minnesota Statutes, 1979 Supplement, Section 116H.085, is amended to read:

The energy information center shall serve as the official Minnesota alcohol fuels information center and shall disseminate information, printed, by the toll-free telephone information service, or otherwise on the applicability and technology of alcohol fuels.

The information center shall include information on the potential hazards of energy conservation techniques and improvements in the printed materials disseminated. The agency shall not be liable for damages arising from the installation or operation of equipment or materials recommended by the information center.

Sec. 7. [116H.089] [COMMUNITY ENERGY PLANNING; GRANTS.] *Subdivision 1. [PURPOSE.] In order to improve the energy planning capabilities of local governments, the energy agency shall make grants to counties and cities, however organized. The director shall give priority to local units of government that provide staff or other support for a program and who request grants for programs which can be duplicated by other local governments. The grants may be used to purchase materials, employ staff or contract with other units of government or qualified consultants.*

- (5) thermostat or lighting controls;
- (6) awnings; or

(7) systems to turn off or vary the delivery of energy. The term "energy conservation improvement" does not include any device or method which creates, converts or actively uses energy from renewable sources such as solar, wind and biomass.

(c) "Investments and expenses of a public utility" includes the investments and expenses incurred by a public utility in connection with an energy conservation improvement including, but not limited to:

(1) *the differential in interest cost between the market rate and the rate charged on a no interest or below market interest loan made by a public utility to a customer for the purchase or installation of an energy conservation improvement;*

(2) *the difference between the utility's cost of purchase or installation of energy conservation improvements and any price charged by a public utility to a customer for such improvements.*

(d) *"Public utility" has the same meaning as given that term in section 216B.02, subdivision 4. For the purposes of this section, "public utility" shall not include cooperative electric associations that become subject to rate regulation after the effective date of this act.*

Subd. 2. [PROGRAMS.] *Prior to January 1, 1981, the commission, after consultation with the energy agency, shall initiate a pilot program designed to demonstrate the feasibility of investments and expenses of a public utility in energy conservation improvements. The commission, as part of the pilot program, shall order at least one public utility to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements shall be offered to the customers. The order of the commission shall provide to the extent practicable for a free choice of contractor, qualified under the residential conservation services program of the energy agency, for consumers participating in the pilot program. The commission shall not order a utility to make any energy conservation improvement investment or expenditure unless it first finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. Investments and expenditures made pursuant to an order shall be treated for rate-making purposes in the manner prescribed in section 16. No utility shall make an energy conservation improvement pursuant to this section to a residential building envelope unless it is the primary supplier of energy used for either space heating or cooling in the building.*

Subd. 3. [OWNERSHIP OF RESIDENTIAL ENERGY CONSERVATION IMPROVEMENTS.] *Any energy conservation improvement made to or installed in any residential building pursuant to this section shall be the exclusive property of the owner of the building except insofar as it is subjected to a security interest in favor of the utility in case of a loan to the building owner. The utility shall have no liability for loss, damage or injury caused directly or indirectly by any energy conservation improvement except for negligence by the utility in purchase, installation, or modification of the product.*

Subd. 4. [FEDERAL LAW PROHIBITIONS.] If investments by public utilities in energy conservation improvements are in any manner prohibited or restricted by federal law and there is a provision under which such prohibition or restriction may be waived, then the commission, the governor, or any other necessary state agency or officer shall take all necessary and appropriate steps to secure a waiver with respect to those public utility investments in energy conservation improvements included in this section.

Sec. 19. Minnesota Statutes, 1979 Supplement, Section 268.-37, is amended to read:

268.37 [COORDINATION OF FEDERAL AND STATE RESIDENTIAL WEATHERIZATION PROGRAMS.] Subdivision 1. The department of economic security is the state agency to apply for, receive, and disburse (FEDERAL) money made available to the state by federal law (OR RULES PROMULGATED THEREUNDER) for the purpose of weatherizing the residences of low-income persons. The commissioner of economic security shall coordinate available federal money with (ANY) state money appropriated for this purpose.

Subd. 2. The commissioner shall make grants of federal and state money to community action agencies and other public or private nonprofit agencies for the purpose of weatherizing the residences of low-income persons. Grant applications shall be submitted in accordance with rules developed pursuant to 42 U.S.C., Sections 6861 to 6872, any other relevant federal weatherization program, and rules promulgated by the commissioner.

Subd. 3. The commissioner shall promulgate temporary rules as necessary to administer the grants program (BY JULY 1, 1979) and shall promulgate permanent rules by July 1, 1980. The rules shall describe: (a) procedures for the administration of grants, (b) data to be reported by grant recipients, and (c) other matters the commissioner finds necessary for the proper administration of the grant program including compliance with relevant federal regulations. Weatherization assistance shall be given to households where the total income does not exceed 125 percent of the poverty level as updated by the federal office of management and budget poverty guidelines.

Subd. 4. [SUPPLEMENTARY STATE GRANTS.] *The commissioner shall distribute supplementary state grants in a manner consistent with the goal of producing the maximum number of weatherized units. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production of weatherized units.*

Criteria for the allocation of state grants to local agencies include: (a) existing local agency production levels, (b) avail-

ability of CETA resources in the area, (c) emergency needs, and (d) the potential for maintaining or increasing acceptable levels of production in the area.

An eligible local agency may receive advance funding for 90 days' production, but thereafter shall receive grants solely on the basis of program criteria.

Subd. 5. The commissioner shall submit reports to the legislature by March 1 of each year, (1980, AND MARCH 1, 1981,) evaluating the weatherization program. The reports shall describe: (a) the number of households weatherized, (b) the average cost per household, (c) any change in energy consumption after weatherization, (d) outreach efforts, and (e) any other information the commissioner feels is relevant, including information routinely submitted to the federal government.

Sec. 20. Minnesota Statutes 1978, Section 462A.05, is amended by adding a subdivision to read:

Subd. 15b. It may make grants to assist in energy conservation rehabilitation measures for existing owner occupied housing including, but not limited to: insulation, storm windows and doors, furnace or space heater repair, cleaning or replacement, chimney construction or improvement, weatherstripping and caulking, and structural or other directly related repairs essential for energy conservation. The grant to any household shall not exceed \$2,000.

To be eligible for an emergency energy conservation grant, a household must be certified as eligible to receive emergency residential heating assistance under either the federal or the state program, and either (1) have had a heating cost for the preceding heating season that exceeded 120 percent of the regional average for the preceding heating season for that energy source as determined by the energy agency, or (2) be eligible to receive a federal energy conservation grant, but be precluded from receiving the grant because of a need for directly related repairs that cannot be paid for under the federal program. The housing finance agency shall make a reasonable effort to determine whether other state or federal loan and grant programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs that finance other needed rehabilitation work. The receipt of a grant pursuant to this section shall not affect the applicant's eligibility for other housing finance agency loan or grant programs.

Temporary rules to implement this subdivision may be promulgated and amended pursuant to chapter 15. The temporary rules may remain in effect until July 1, 1981.

Sec. 21. Minnesota Statutes 1978, Section 462A.21, is amended by adding a subdivision to read:

Subd. 4g. It may make emergency energy conservation grants as provided in section 20 and may pay the costs and expenses necessary and incidental to the development of the emergency energy conservation grant program.

Sec. 22. [EMERGENCY RESIDENTIAL HEATING GRANTS.] *Subdivision 1. The commissioner of economic security shall make grants pursuant to the state plan to county boards, community action agencies, or other public or private nonprofit agencies for the purpose of providing emergency residential heating grants to low income households. These grants shall be made to the same agencies and in the same manner as provided for federal grants under the energy crisis assistance program of 42 United States Code, Section 2809, Paragraph (a), Clause (5), except as otherwise provided in sections 22 to 25.*

Subd. 2. The commissioner of economic security shall promulgate rules that provide: (a) procedures for the administration of grants; (b) data to be reported by grant recipients and heating fuel suppliers; and (c) other matters the commissioner finds necessary for the proper administration of the state and federal grant programs. The rules may take effect as temporary rules upon approval by the attorney general and without the normal publication in the state register and 20 day wait for comments from the public, and may be amended in the same manner at a later date if comments from the public demonstrate that amendments are justified.

Subd. 3. Data on individuals collected, maintained, used, or disseminated pursuant to sections 22 to 25 are private data on individuals and shall not be disclosed except as provided for data in the welfare system under Minnesota Statutes, 1979 Supplement, Section 15.1691.

Sec. 23. [ALLOCATIONS.] *Money appropriated for emergency residential heating grants shall be allocated among local administrative agencies on the basis of the number of households in the area served by the agency whose income falls within the limits specified for grant eligibility in relation to the total of those households in the state.*

Sec. 24. [ELIGIBILITY; AMOUNT OF GRANT.] *Subdivision 1. [INCOME LIMITS.] Emergency residential heating grants under this section shall be paid only to households not eligible for the federal energy crisis assistance program and*

whose total household income does not exceed the following limits:

3	8,400
4	10,050
5	11,700
6	13,350
	(For each additional household member add \$1,650.)

In determining total household income, a household with earned income may deduct from earned income state and federal income taxes and social security contributions. In addition, a household may deduct medical expenses that are not reimbursed by insurance or other sources and that exceed three percent of the household income.

Subd. 2. [AMOUNT OF GRANT.] The amount of a grant under this section, in combination with the special grant paid by the federal government directly to recipients of supplemental security income and money available to the state under the HEW block grant program shall be the lesser of:

(a) Fifty percent of the cost of residential heating energy paid or reasonably anticipated to be paid by the household during the winter heating season beginning in September and ending in May; or

(b) The appropriate table of maximum grant amounts as follows:

(1) If the maximum grant for fuel oil under the current state plan for the federal energy assistance program at the highest eligible income level is between \$400 and \$600, the following amounts graduated by size of household, income of household, and source of energy:

For households of more than six members, the amount of the grant is scaled downward as income goes upward in the same manner as provided in tables 1 and 2 above.

Grants for recipients who use two or more types of fuel shall be based on the household's primary energy source.

Users of wood as the primary heating source, whether the wood is purchased or not, are eligible for assistance under this section.

Grants shall not be considered as income or resources under any other public or publicly assisted income tested program.

Sec. 25. [LEGISLATIVE AUDITOR REPORT.] *The legislative auditor shall submit to the legislature by January 1 of each year an audit report of the department of economic security concerning their administration of the emergency residential heating grant program. This report shall also contain a summary of the audit results of the local agencies involved in the administration of the program.*

These financial and compliance audits of the local agencies shall be initiated, monitored, and approved by the commissioner of economic security. The legislative auditor must approve the selection of the auditors and scope of the audit.

Sec. 26. [STATE PLAN FOR SPENDING FEDERAL MONEY.] *Subdivision 1. The governor shall submit to the appropriate federal agency a state delivery plan for money the state receives under the Federal Home Energy Assistance Act of 1980 that includes the following elements:*

(a) Those households in which one or more individuals are eligible for (a) aid to families with dependent children, (b) supplemental security income payments, (c) food stamps, or (d) certain veteran's benefits as limited by the Home Energy Assistance Act of 1980 shall be categorically eligible for assistance under the state plan, and procedures for simplified application shall be developed.

(b) Users of wood as a primary heating source, whether the wood is purchased or not, shall be eligible for assistance if otherwise eligible under federal law.

(c) Grants under the state plan may be in the form of a direct payment to an eligible household or as a line of credit to an energy supplier. The plan shall describe the conditions under which direct payment is permitted.

(d) Eligible households that have medically necessary cooling costs, as limited by federal law, shall be eligible for assistance.

(e) The state plan shall provide that three percent of the federal money shall be set aside for the emergency uses specified in federal law.

(f) The state plan shall specify the local entity to receive federal funds.

Subd. 2. Before the state plan is submitted to the appropriate federal agency, the governor shall deliver the plan to the appropriate committees of the legislature for review and comment. Thereafter, the governor shall notify the committees of any changes made in the plan.

Sec. 27. [AVAILABILITY OF MATCHING FUNDS; POSITIONS.] *Money appropriated by Extra Session Laws 1979, Chapter 2, Section 45, Subdivision 2, Clause (i) is available to match federal, local or private money for district heating systems when the federal or local government or private sources, or a combination thereof, issues a letter of intent to finance the project at the rate of at least \$3 for each \$1 of state money. Positions authorized by Extra Session Laws 1979, Chapter 2, Section 45, Subdivision 2, may be in the classified or unclassified service.*

Sec. 28. [ENERGY EFFICIENT BUILDING EDUCATION.] *The energy agency shall develop a program to provide*

The center shall be the focus of biomass energy activities for the state. To the maximum extent possible, the center shall coordinate its activities and the use of its staff and facilities with those of other entities involved in biomass energy projects.

Subd. 2. [RESPONSIBILITIES.] *The center shall:*

(1) *Coordinate existing education and training programs for biomass energy production and use within the state and develop new programs where necessary. Educational programs shall cover all types of biomass energy production use, including but not limited to production from grain, biowaste, and celulosic materials;*

CONFERENCE COMMITTEE REPORT ON H. F. NO. 1612

A bill for an act relating to metropolitan government; providing for metropolitan area agricultural preserves; providing property tax relief; excepting the conveyance of certain land from restrictions on the filing and recording of conveyances; modifying the policy statement for municipal planning and development; appropriating money; amending Minnesota Statutes 1978, Sections 462.351; and 462.358, Subdivision 4.

April 2, 1980

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 1612, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 1612 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [CITATION; POLICY; PURPOSE.] *Subdivision 1. Sections 2 to 17 may be cited as the “metropolitan agricultural preserves act”.*

Subd. 2. It is the policy of the state to encourage the use and improvement of its agricultural lands for the production of food and other agricultural products. It is the purpose of sections 2 to 17 to provide an orderly means by which lands in the metropolitan area designated for long term agricultural use through the local and regional planning processes will be taxed in an equitable manner reflecting the long term singular use of the property, protected from unreasonably restrictive local and state regulation of normal farm practices, protected from indiscriminate and disruptive taking of farmlands through eminent domain actions, protected from the imposition of unnecessary special assessments, and given such additional protection and benefits as are needed to maintain viable productive farm operations in the metropolitan area.

Sec. 2. [DEFINITIONS.] *Subdivision 1. For purposes of sections 2 to 17 the terms defined in this section shall have the meanings given them.*

Subd. 2. “Agricultural preserve” or “preserve” means a land area covenanted according to section 5 to remain in agricultural use.

Subd. 3. “Agricultural use” means the production for sale of livestock, dairy animals, dairy products, poultry or poultry products, fur bearing animals, horticultural or nursery stock, fruit, vegetables, forage, grains, or bees and apiary products. Wetlands, pasture and woodlands accompanying land in agricultural use shall be deemed to be in agricultural use.

Subd. 4. “Authority” means the unit of government exercising planning and zoning authority for the land specified in an application as provided under section 5 and pursuant to Minnesota Statutes, Sections 394.21 to 394.37, 462.351 to 462.364, or 366.10 to 366.19. Where both a county and a township have adopted zoning regulations, the authority shall be the unit of government designated to prepare a comprehensive plan pursuant to Minnesota Statutes, Section 473.861, Subdivision 2.

Subd. 5. “Certified long term agricultural land” means land certified pursuant to section 4 as eligible for designation as agricultural preserves.

Subd. 6. “Covenant agreement” means a restrictive covenant initiated by the owner and evidenced by an agreement provided for in section 5 whereby the owner places the limitations on specified land and receives the protections and benefits contained in sections 2 to 17.

Subd. 7. "Long term agricultural land" means land in the metropolitan area designated for agricultural use in local or county comprehensive plans adopted and reviewed pursuant to Minnesota Statutes, Sections 473.175, and 473.351 to 473.871, and which has been zoned specifically for agricultural use permitting a maximum residential density of not more than one unit per quarter/quarter.

Subd. 8. "Metropolitan area" has the meaning given it in Minnesota Statutes, Section 473.121, Subdivision 2.

Subd. 9. "Owner" means a resident of the United States owning land specified in an application pursuant to section 5, and includes an individual, legal guardian or family farm corporation as defined in Minnesota Statutes, Section 500.24, having a joint or common interest in the land. Where land is subject to a contract for deed, owner means the vendor in agreement with the vendee.

Subd. 10. "Quarter/quarter" means one quarter of one quarter of any section in the rectangular land survey system.

Sec. 3. [ELIGIBILITY.] Subdivision 1. Long term agricultural land comprising 40 or more acres shall be eligible for designation as an agricultural preserve.

Subd. 2. Noncontiguous parcels may be included to achieve the minimum acreage requirement in subdivision 1, provided that each parcel is at least ten acres in size and provided that all separate parcels are farmed together as a unit.

Subd. 3. The minimum acreage requirement in subdivision 1 may be reduced to 35 acres provided the land is a single quarter/quarter parcel and the amount less than 40 acres is due to a public road right-of-way or a perturbation in the rectangular survey system resulting in a quarter/quarter of less than 40 acres.

Subd. 4. Contiguous long term agricultural land comprising not less than 20 acres and surrounded by eligible land on not less than two sides shall be eligible for designation as an agricultural preserve provided the authority by resolution determines that: (i) the land area predominantly comprises Class I, II, III, or irrigated Class IV land according to the Land Capability Classification Systems of the Soil Conservation Service and the county soil survey; (ii) the land area is considered by the authority to be an essential part of the agricultural region; and (iii) the parcel was a parcel of record prior to January 1, 1980, or the land was an agricultural preserve prior to becoming a separate parcel of at least 20 acres.

Subd. 5. Contiguous long term agricultural land meeting the total acreage requirements of this section but located in two or

more authorities so that the minimum acreage requirement is not met in one or more of the authorities shall be eligible by joint resolution of the affected authorities.

Sec. 4. [CERTIFICATION.] *Subdivision 1. On or before January 1, 1981 each authority in the metropolitan area having land classified agricultural pursuant to Minnesota Statutes, Section 273.13 shall certify by resolution using appropriate maps which lands, if any, are eligible for designation as agricultural preserves. Maps shall be in sufficient detail to identify eligible lands by property boundaries. Notification of the certification shall be published in a newspaper having a general circulation within the area of jurisdiction of the authority. No additional lands shall qualify for designation as agricultural preserves until the authority certifies qualification.*

Subd. 2. Land shall cease to be eligible for designation as an agricultural preserve when the comprehensive plan and zoning for the land have been amended so that the land is no longer planned for long term agricultural use and is no longer zoned for long term agricultural use, evidenced by a maximum residential density permitting more than one unit per 40 acres. When changes have been made, the authority shall certify by resolution and appropriate maps which lands are no longer eligible. Notification of the decertification shall be published in a newspaper having a general circulation within the area of jurisdiction of the authority.

Subd. 3. The authority shall provide the metropolitan council with suitable maps showing any lands certified eligible pursuant to subdivision 1 or decertified pursuant to subdivision 2. The metropolitan council shall maintain maps of the metropolitan area showing all certified long term agricultural lands.

Sec. 5. [APPLICATION; COVENANT AGREEMENT.] *Subdivision 1. An owner or owners of certified long term agricultural land may apply to the authority with jurisdiction over the land on forms provided by the commissioner of agriculture for the creation of an agricultural preserve at any time. Land for which application is received prior to March 1 of any year shall be assessed pursuant to section 10 for taxes payable in the following year. Land for which application is received on or after March 1 of any year shall be assessed pursuant to section 10 in the following year. The application shall contain at least the following information and such other information as the commissioner deems necessary:*

(a) *Legal description of the area proposed to be designated or parcel identification numbers as designated by the county auditor;*

(b) *Name and address of owner;*

(c) *An affidavit by the authority evidencing that the land is certified long term agricultural land at the date of application;*

(d) *A witnessed signature of the owner covenanting that the land shall be kept in agricultural use, and shall be used in accordance with the provisions of sections 2 to 17 which exist on the date of application;*

(e) *A statement that the restrictive covenant shall be binding on the owner or his successor or assignee, and shall be an easement running with the land;*

(f) *Date of application and date that designation is effectuated.*

Subd. 2. The authority may require an application fee, not to exceed \$50, to defray administrative costs.

Sec. 6. [NOTIFICATION.] *Subdivision 1. Within five days of the date of application, the authority shall forward copies of the completed and signed application to the county recorder, the county auditor, the county assessor, the metropolitan council, and the county soil and water conservation district.*

Subd. 2. The county recorder shall file and record the restrictive covenant.

Subd. 3. The county auditor, for taxes payable in the following year and thereafter for the duration of the preserve, shall determine mill rates, assessments and taxes involving the preserve according to the provisions of section 10.

Subd. 4. The county assessor, for taxes payable in the following calendar year and thereafter for the duration of the preserve, shall value and assess the agricultural preserve according to section 10.

Subd. 5. The metropolitan council shall maintain agricultural preserve maps, illustrating (a) certified long term agricultural lands; and (b) lands covenanted as agricultural preserves. The council shall make yearly reports to the state planning agency and such other agencies as the council deems appropriate.

Subd. 6. County auditors shall maintain records of the taxes assessed and paid on agricultural preserves in a manner prescribed by the commissioner of revenue for the orderly monitoring of the program.

Subd. 7. The county soil and water conservation district may prepare an advisory statement of existing and potential

conservation problems for the agricultural preserve land. The statement shall be forwarded to the owner of record and a copy of the statement shall be forwarded to the authority.

Sec. 7. [COMMENCEMENT OF PRESERVE.] A land area shall be deemed an agricultural preserve and subject to all the benefits and restrictions of sections 2 to 17 commencing 30 days from the date of application.

Sec. 8. [DURATION.] Subdivision 1. Agricultural preserves shall continue until either the landowner or the authority initiates expiration as provided in this section.

Subd. 2. A landowner may initiate expiration by notifying the authority on a form provided by the commissioner of agriculture. The notice shall describe the property for which expiration is desired and shall state the date of expiration which shall be at least eight years from the date of notice. The notice and expiration may be rescinded by the owner at any time during the first two years following notice.

Subd. 3. The authority may initiate expiration by notifying the landowner by registered letter on a form provided by the commissioner of agriculture, provided that before notification (i) the comprehensive plan and the zoning for the land have been officially amended so that the land is no longer planned for long term agriculture and is no longer zoned for long term agriculture, evidenced by a maximum residential density permitting more than one unit per quarter/quarter, and (ii) the authority has certified such changes pursuant to section 4, subdivision 2. The notice shall describe the property for which expiration is desired and shall state the date of expiration which shall be at least eight years from the date of notice.

Subd. 4. Upon receipt of the notice provided in subdivision 2, or upon notice served by the authority as provided in subdivision 3, the authority shall notify the county recorder, county auditor, county assessor, the metropolitan council, and the county soil and water conservation district of the date of expiration. Designation as an agricultural preserve and all benefits and limitations accruing through sections 2 to 17 for the preserve shall cease on the date of expiration.

Sec. 9. [EARLY TERMINATION.] Termination of an agricultural preserve earlier than a date derived through application of section 8 may be permitted only in the event of a public emergency upon petition from the owner or authority to the governor. The determination of a public emergency shall be by the governor through executive order pursuant to Minnesota Statutes, Sections 4.035 and 12.01 to 12.46. The executive order shall identify the preserve, the reasons requiring the action and the date of termination.

Sec. 10. [AD VALOREM PROPERTY TAXES.] *Subdivision 1. Real property within an agricultural preserve shall be valued and assessed pursuant to Minnesota Statutes, Chapter 273, except as provided in this section.*

Subd. 2. All land classified agricultural and in agricultural use, exclusive of buildings, shall be valued solely with reference to its appropriate agricultural classification and value, notwithstanding Minnesota Statutes, Sections 272.03, Subdivision 8, and 273.11. In determining the value for ad valorem tax purposes the assessor shall not consider any added values resulting from nonagricultural factors.

Subd. 3. (a) After the assessor has determined the market value of all land valued according to subdivision 2, he shall compute the assessed value of those properties by applying the appropriate classification percentages. When the county auditor computes the rate of tax pursuant to Minnesota Statutes, Section 275.09, he shall include the assessed value of land as provided in this clause.

(b) The county auditor shall compute the tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times the total rate of tax for all purposes as provided in clause (a).

(c) The county auditor shall then compute the maximum ad valorem property tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times 105 percent of the previous year's statewide average mill rate levied on property located within townships for all purposes.

(d) The tax due and payable by the owner of preserve land valued according to subdivision 2 and nonresidential buildings will be the amount determined in clause (b) or (c), whichever is less. If the gross tax in clause (c) is less than the gross tax in clause (b), the state shall reimburse the taxing jurisdictions for the amount of difference. Residential buildings shall continue to be valued and classified according to the provisions of Minnesota Statutes, Sections 273.11 and 273.13, as they would be in the absence of this section, and the tax on those buildings shall not be subject to the limitation contained in this clause.

The county auditor shall certify to the commissioner of revenue on or before June 1, 1983, and each year thereafter, the total amount of tax lost to the taxing jurisdictions located within his county as a result of this subdivision. Payments shall be made by the state annually on or before July 15, 1983 and each year thereafter to each of the affected taxing jurisdictions. There is annually appropriated from the general fund in the state treasury to the commissioner of revenue an amount sufficient to make the reimbursement provided in this subdivision. This sec-

tion shall be effective for taxes levied in 1982, payable in 1983 and thereafter.

Sec. 11. [LIMITATION ON CERTAIN PUBLIC PROJECTS.] *Notwithstanding Minnesota Statutes, Chapter 429, construction projects for public sanitary sewer systems and public water systems benefiting land or buildings in agricultural preserves shall be prohibited. New connections between land or buildings in agricultural preserves and sanitary sewers or water systems shall be prohibited. Public sanitary sewer or water systems built in the vicinity of agricultural preserves are deemed of no benefit to the land and buildings in agricultural preserves.*

Sec. 12. [PROTECTION FOR NORMAL FARM PRACTICES.] *Local governments and counties shall be prohibited from enacting ordinances or regulations within an agricultural preserve which would unreasonably restrict or regulate normal farm structures or farm practices in contravention of the purpose of sections 2 to 17 unless the restriction or regulation bears a direct relationship to the public health and safety. This section shall apply to the operation of farm vehicles and machinery in the planting, maintenance and harvesting of crops and in the care and feeding of farm animals, the type of farming, and the design of farm structures, exclusive of residences.*

Sec. 13. [STATE AGENCIES TO BE SUPPORTIVE.] *Subdivision 1. It shall be the policy of all state agencies to encourage the maintenance of viable farming in agricultural preserves.*

Subd. 2. The joint legislative committee on agricultural land preservation shall undertake a study of state agency rules which negatively affect long term agricultural lands. The committee shall identify any state rules which favor nonagricultural development and adversely affect the long term nature of farming in an agricultural preserve. For any rules so identified, the committee shall propose modifications for application to agricultural preserves encourage agriculture as the primary and long term use of land within an agricultural preserve while protecting the health, safety, and welfare of the public. The committee shall make a report on this study to the legislature by January 1, 1982.

Sec. 14. [ANNEXATION PROCEEDINGS.] *Agricultural preserve land within a township shall not be annexed to a municipality pursuant to Minnesota Statutes, Chapter 414, without a specific finding by the Minnesota municipal board that either (a) the expiration period as provided for in section 8 has begun; (b) the surviving unit of government due to size, tax base, population or other relevant factors would not be able to provide normal governmental functions and services; or (c) the agricultural preserve would be completely surrounded by lands within a municipality.*

This section shall not apply to annexation agreements approved by the Minnesota municipal board prior to creation of the preserve.

Sec. 15. [EMINENT DOMAIN ACTIONS.] *Subdivision 1. Any agency of the state, any public benefit corporation, any local, county or regional unit of government, or any other entity possessing powers of eminent domain under Minnesota Statutes, Chapter 117, shall follow the procedures contained in this section before (1) acquiring any land or easement having a gross area over ten acres in size within agricultural preserves; or (2) advancing a grant, loan, interest subsidy or other funds for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities that could be used to serve nonfarm structures within agricultural preserves.*

Subd. 2. At least 60 days prior to an action described in subdivision 1, notice of intent shall be filed with the environmental quality board containing information and in the manner and form required by the environmental quality board. The notice of intent shall contain a report justifying the proposed action, including an evaluation of alternatives which would not require acquisition within agricultural preserves.

Subd. 3. The environmental quality board, in consultation with affected units of government, shall review the proposed action to determine the effect of the action on the preservation and enhancement of agriculture and agricultural resources within the preserves and the relationship to local and regional comprehensive plans.

Subd. 4. If the environmental quality board finds that the proposed action might have an unreasonable effect on an agricultural preserve or preserves, the environmental quality board shall issue an order within the 60 day period for the party to desist from such action for an additional 60 day period.

Subd. 5. During the additional 60 day period, the environmental quality board shall hold a public hearing concerning the proposed action at a place within the affected preserve or otherwise easily accessible to the preserve upon notice in a newspaper having a general circulation within the area of the preserves, and individual notice, in writing, to the municipalities whose territory encompasses the preserves, the agency, corporation or government proposing to take the action, and any public agency having the power of review of or approval of the action, in a manner conducive to the wide dissemination of the findings to the public.

Subd. 6. The review process required in this section may be conducted jointly with any other environmental impact review conducted by the environmental quality board.

Subd. 7. *The environmental quality board may request the attorney general to bring an action to enjoin any agency, corporation or government from violating the provisions of this section.*

Subd. 8. *This section shall not apply to an emergency project which is immediately necessary for the protection of life and property.*

Subd. 9. *The environmental quality board shall be empowered to suspend any eminent domain action for up to one year which it determines to be contrary to the purposes of sections 2 to 17 and for which it determines there are feasible and prudent alternatives which have less negative impact on the agricultural preserves.*

Sec. 16. [CONSERVATION.] *Subdivision 1. Land within an agricultural preserve shall be farmed and otherwise managed according to sound soil and water conservation management practices. Management practices which are not sound shall be any use of the land resulting in wind or water erosion in excess of the soil loss tolerance for each soil type as found in the United States soil conservation service, Minnesota technical guide.*

Subd. 2. *The authority shall be responsible for enforcing this section. Upon receipt of a written complaint stating the conditions or land management practices which are believed to be in violation of this section, the authority shall consult with the county soil and water conservation district. The district shall determine the average soil loss in tons per acre per year for each field cited in the complaint according to the universal soil loss equation and the wind erosion equation, and shall return to the authority a report showing the average soil loss in tons per acre per year for each field and a list of alternative practices that the landowner can use to reduce the soil loss to the limit allowed in subdivision 1. After consultation, and if in the judgment of the authority the land is not being managed properly as required by this section, the authority shall adopt a resolution to this effect and shall seek corrective measures from the owner. At the request of the landowner, the district shall assist in the planning, design and application of the practices selected to reduce the soil loss to an acceptable level and shall give such landowners a high priority for providing technical and cost share assistance.*

Subd. 3. *Any owner who fails to implement corrective measures to the satisfaction of the authority within one year of notice from the authority shall be subject to a fine of not more than \$1,000. The authority may recover the penalty by a civil action in a court of competent jurisdiction.*

Subd. 4. *Costs incurred by the authority in the enforcement of this section may be charged to the property owner. Charges*

not timely paid may be placed on the tax rolls and collected as a special assessment against the property.

Sec. 17. [LAND USE.] *Subdivision 1. Land within an agricultural preserve shall be maintained for agricultural production. The average maximum density of residential structures within an agricultural preserve shall not exceed one unit per 40 acres. The location of any new structure shall conform to locally applicable zoning regulations. Commercial and industrial uses shall not be permitted except that small on-farm commercial or industrial operations normally associated with and important to farming in the area may be permitted by the authority. The authority shall be responsible for enforcing this section.*

Subd. 2. When a separate parcel is created for a residential structure permitted under subdivision 1, the parcel shall cease to be an agricultural preserve unless the eligibility requirements of section 3 are met. However, the residential unit shall continue to be included in the maximum residential density for the original preserve.

Sec. 18. Minnesota Statutes 1978, Section 462.351, is amended to read:

462.351 [MUNICIPAL PLANNING AND DEVELOPMENT; STATEMENT OF POLICY.] The legislature finds that municipalities are faced with mounting problems in providing means of guiding future development of lands so as to insure a safer, more pleasant and more economical environment for residential, commercial, industrial and public activities, to preserve agricultural and other open lands, and to promote the public health, safety, (MORALS) and general welfare. Municipalities can prepare for anticipated changes and by such preparations bring about significant savings in both private and public expenditures. Municipal planning, by providing public guides to future municipal action, enables other public and private agencies to plan their activities in harmony with the municipality's plans. Municipal planning will assist in developing lands more wisely to serve citizens more effectively, will make the provision of public services less costly, and will achieve a more secure tax base. It is the purpose of sections 462.351 to 462.364 to provide municipalities, in a single body of law, with the necessary powers and a uniform procedure for adequately conducting and implementing municipal planning.

Sec. 19. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 12. "Subdivision" means the separation of an area, parcel, or tract of land under single ownership into two or more parcels, tracts, lots, or long-term leasehold interests where the creation of the leasehold interest necessitates the creation of

streets, roads, or alleys, for residential, commercial, industrial, or other use or any combination thereof, except those separations:

(a) *Where all the resulting parcels, tracts, lots, or interests will be 20 acres or larger in size and 500 feet in width for residential uses and five acres or larger in size for commercial and industrial uses;*

(b) *Creating cemetery lots;*

(c) *Resulting from court orders, or the adjustment of a lot line by the relocation of a common boundary.*

Sec. 20. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 14. "Plat" means the drawing or map of a subdivision prepared for filing of record pursuant to chapter 505 and containing all elements and requirements set forth in applicable local regulations adopted pursuant to section 462.358 and chapter 505.

Sec. 21. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 15. "Subdivision regulation" means an ordinance adopted pursuant to section 462.358 regulating the subdivision of land.

Sec. 22. Minnesota Statutes 1978, Section 462.352 is amended by adding a subdivision to read:

Subd. 16. "Official controls" or "controls" means ordinances and regulations which control the physical development of a city, county or town or any part thereof or any detail thereof and implement the general objectives of the comprehensive plan. Official controls may include ordinances establishing zoning, subdivision controls, site plan regulations, sanitary codes, building codes and official maps.

Sec. 23. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 17. "Preliminary approval" means official action taken by a municipality on an application to create a subdivision which establishes the rights and obligations set forth in section 462.358 and the applicable subdivision regulation. In accordance with section 462.358, and unless otherwise specified in the applicable subdivision regulation, preliminary approval may be granted only following the review and approval of a preliminary plat or other map or drawing establishing without limitation the number, layout, and location of lots, tracts, blocks, and parcels to be created, location of streets, roads, utilities and facili-

ties, park and drainage facilities, and lands to be dedicated for public use.

Sec. 24. Minnesota Statutes 1978, Section 462.355, Subdivision 4, is amended to read:

Subd. 4. [INTERIM ORDINANCE.] If a municipality is conducting (OR IN GOOD FAITH INTENDS TO CONDUCT) studies (WITHIN A REASONABLE TIME) or *has authorized a study to be conducted or has held or has scheduled a hearing for the purpose of considering adoption or amendment of a comprehensive plan or official controls as defined in section (473.-852) 462.352, subdivision 16, or if new territory for which plans or controls have not been adopted is annexed to a municipality, the governing body of the municipality may adopt an interim ordinance applicable to all or part of its jurisdiction for the purpose of protecting the planning process and the health, safety and welfare of its citizens. The interim ordinance may regulate, restrict or prohibit any use (OR), development, or subdivision within the jurisdiction or a portion thereof for a period not to exceed one year from the date it is (CREATED) effective, and may be (RENEWED) extended for (ONE ADDITIONAL YEAR) such additional periods as the municipality may deem appropriate, not exceeding a total additional period of 18 months. No interim ordinance may halt, delay, or impede a subdivision which has been given preliminary approval prior to the effective date of the interim ordinance.*

Sec. 25. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 1a. [AUTHORITY.] *To protect and promote the public health, safety, and general welfare, to provide for the orderly, economic, and safe development of land, to preserve agricultural lands, to promote the availability of housing affordable to persons and families of all income levels, and to facilitate adequate provision for transportation, water, sewage, storm drainage, schools, parks, playgrounds, and other public services and facilities, a municipality may by ordinance adopt subdivision regulations establishing standards, requirements, and procedures for the review and approval or disapproval of subdivisions. The regulations may contain varied provisions respecting, and be made applicable only to, certain classes or kinds of subdivisions. The regulations shall be uniform for each class or kind of subdivision.*

A municipality may by resolution extend the application of its subdivision regulations to unincorporated territory located within two miles of its limits in any direction but not in a town which has adopted subdivision regulations; provided that where two or more noncontiguous municipalities have boundaries less than four miles apart, each is authorized to control the subdivision of land equal distance from its boundaries within this area. However, if a municipality extends the application of its subdivision or zoning regulations to unincorporated territory, upon the pe-

tition of any county board or town board affected by the subdivision or zoning regulations, a joint board shall be established consisting of a three-member committee with one member appointed from each of the municipal, town and county governing bodies. This joint board shall adopt zoning and subdivision regulations under Minnesota Statutes, Sections 462.351 to 462.364 for the entire area within two miles of the city located within a town, and designate one of the governing bodies to serve as the governing body and board of appeals and adjustment for purposes of sections 462.357 and 462.358 within the area. During the time before the joint board adopts subdivision regulations, the subdivision regulations which the municipality has extended shall apply.

Sec. 26. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 2a. [TERMS OF REGULATIONS.] The standards and requirements in the regulations may address without limitation: the size, location, grading, and improvement of lots, structures, public areas, streets, roads, trails, walkways, curbs and gutters, water supply, storm drainage, lighting, sewers, electricity, gas, and other utilities; the planning and design of sites; access to solar energy; and the protection and conservation of flood plains, shore lands, soils, water, vegetation, energy, air quality, and geologic and ecologic features. The regulations shall require that subdivisions be consistent with the municipality's official map if one exists and its zoning ordinance, and may require consistency with other official controls and the comprehensive plan. The regulations may prohibit certain classes or kinds of subdivisions in areas where prohibition is consistent with the comprehensive plan and the purposes of this section, particularly the preservation of agricultural lands. The regulations may prohibit the issuance of building permits for any tracts, lots, or parcels for which required subdivision approval has not been obtained. The regulations may permit the municipality to condition its approval on the construction and installation of sewers, streets, electric, gas, drainage, and water facilities, and similar utilities and improvements or, in lieu thereof, on the receipt by the municipality of a cash deposit, certified check, irrevocable letter of credit, or bond in an amount and with surety and conditions sufficient to assure the municipality that the utilities and improvements will be constructed or installed according to the specifications of the municipality. The regulations may permit the municipality to condition its approval on compliance with other requirements reasonably related to the provisions of the regulations and to execute development contracts embodying the terms and conditions of approval. The municipality may enforce such agreements and conditions by appropriate legal and equitable remedies.

Sec. 27. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 2b. [DEDICATION.] The regulations may require that a reasonable portion of any proposed subdivision be dedicated to the public or preserved for public use as streets, roads, sewers, electric, gas, and water facilities, storm water drainage and holding areas or ponds and similar utilities and improvements.

In addition, the regulations may require that a reasonable portion of any proposed subdivision be dedicated to the public or preserved for public use as parks, playgrounds, trails, or open space; provided that (a) the municipality may choose to accept an equivalent amount in cash from the applicant for part or all of the portion required to be dedicated to such public uses or purposes based on the fair market value of the land no later than at the time of final approval, (b) any cash payments received shall be placed in a special fund by the municipality used only for the purposes for which the money was obtained, (c) in establishing the reasonable portion to be dedicated, the regulations may consider the open space, park, recreational, or common areas and facilities which the applicant proposes to reserve for the subdivision, and (d) the municipality reasonably determines that it will need to acquire that portion of land for the purposes stated in this paragraph as a result of approval of the subdivision.

Sec. 28. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3a. [PLATTING.] The regulations may require that any subdivision creating parcels, tracts, or lots, shall be platted. The regulations shall require that all subdivisions which create five or more lots or parcels which are 2-1/2 acres or less in size shall be platted. The regulations shall not conflict with the provisions of chapter 505 but may address subjects similar and additional to those in that chapter.

Sec. 29. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3b. [REVIEW PROCEDURES.] The regulations shall include provisions regarding the content of applications for proposed subdivisions, the preliminary and final review and approval or disapproval of applications, and the coordination of such reviews with affected political subdivisions and state agencies. The regulations may provide for the consolidation of the preliminary and final review and approval or disapproval of subdivisions. Preliminary or final approval may be granted or denied for parts of subdivision applications. The regulations may prescribe fees sufficient to defray the costs incurred by the municipality in the review and investigation of and actions upon such applications. The regulations may delegate the authority to review proposals to the planning commission, but final approval or disapproval shall be the decision of the governing body of the municipality unless otherwise provided by law

or charter. The regulations shall require that a public hearing shall be held on all subdivision applications prior to preliminary approval, unless otherwise provided by law or charter. The hearing shall be held following publication of notice of the time and place thereof in the official newspaper at least ten days before the day of the hearing. At the hearing, all persons interested shall be given an opportunity to make presentations. A subdivision application shall be preliminarily approved or disapproved within 120 days following delivery of an application completed in compliance with the municipal ordinance by the applicant to the municipality, unless an extension of the review period has been agreed to by the applicant. When a division or subdivision to which the regulations of the municipality do not apply is presented to the city, the clerk of the municipality shall within ten days certify that the subdivision regulations of the municipality do not apply to the particular division.

If the municipality or the responsible agency of the municipality fails to preliminarily approve or disapprove an application within the review period, the application shall be deemed preliminarily approved, and upon demand the municipality shall execute a certificate to that effect. Following preliminary approval the applicant may request final approval by the municipality, and upon such request the municipality shall certify final approval within 60 days if the applicant has complied with all conditions and requirements of applicable regulations and all conditions and requirements upon which the preliminary approval is expressly conditioned either through performance or the execution of appropriate agreements assuring performance. If the municipality fails to certify final approval as so required, and if the applicant has complied with all conditions and requirements, the application shall be deemed finally approved, and upon demand the municipality shall execute a certificate to that effect. After final approval a subdivision may be filed or recorded.

Sec. 30. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3c. [EFFECT OF SUBDIVISION APPROVAL.] For one year following preliminary approval and for two years following final approval, unless the subdivider and the municipality agree otherwise, no amendment to a comprehensive plan or official control shall apply to or affect the use, development density, lot size, lot layout, or dedication or platting required or permitted by the approved application. Thereafter, pursuant to its regulations, the municipality may extend the period by agreement with the subdivider and subject to all applicable performance conditions and requirements, or it may require submission of a new application unless substantial physical activity and investment has occurred in reasonable reliance on the approved application and the subdivider will suffer substantial financial damage as a consequence of a requirement to submit a new application. In connection with a subdivision involving

planned and staged development, a municipality may by resolution or agreement grant the rights referred to herein for such periods of time longer than two years which it determines to be reasonable and appropriate.

Sec. 31. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 4a. [DISCLOSURE BY SELLER; BUYER'S ACTION FOR DAMAGES.] A person conveying a new parcel of land which, or the plat for which, has not previously been filed or recorded, and which is part of or would constitute a subdivision to which adopted municipal subdivision regulations apply, shall attach to the instrument of conveyance either: (a) recordable certification by the clerk of the municipality that the subdivision regulations do not apply, or that the subdivision has been approved by the governing body, or that the restrictions on the division of taxes and filing and recording have been waived by resolution of the governing body of the municipality in this case because compliance will create an unnecessary hardship and failure to comply will not interfere with the purpose of the regulations; or (b) a statement which names and identifies the location of the appropriate municipal offices and advises the grantee that municipal subdivision and zoning regulations may restrict the use or restrict or prohibit the development of the parcel, or construction on it, and that the division of taxes and the filing or recording of the conveyance may be prohibited without prior recordable certification of approval, nonapplicability, or waiver from the municipality. In any action commenced by a buyer of such a parcel against the seller thereof, the misrepresentation of or the failure to disclose material facts in accordance with this subdivision shall be grounds for damages. If the buyer establishes his right to damages, a district court hearing the matter may in its discretion also award to the buyer an amount sufficient to pay all or any part of the costs incurred in maintaining the action, including reasonable attorney fees, and an amount for punitive damages not exceeding five per centum of the purchase price of the land.

Sec. 32. Minnesota Statutes 1978, Section 462.358, Subdivision 4, is amended to read:

Subd. 4b. [RESTRICTIONS ON FILING AND RECORDING CONVEYANCES.] In a municipality in which subdivision regulations are in force and have been filed or recorded as provided in this section, no conveyance of land to which the regulations are applicable shall be filed or recorded, if the land is described in the conveyance by metes and bounds or by reference to an unapproved registered land survey made after April 21, 1961 or to an unapproved plat made after such regulations become effective. The foregoing provision does not apply to a conveyance if the land described:

(1) was a separate parcel of record April 1, 1945 or the date of adoption of subdivision regulations under Laws 1945, Chapter 287, whichever is the later, or of the adoption of subdivision regulations pursuant to a home rule charter, or

(2) was the subject of a written agreement to convey entered into prior to such time,

(3) was a separate parcel of not less than two and one-half acres in area and 150 feet in width on January 1, 1966, or

(4) was a separate parcel of not less than five acres in area and 300 feet in width on July 1, 1980, or

((4)) (5) is a single parcel of *commercial or industrial* land of not less than five acres and having a width of not less than 300 feet and its conveyance does not result in the division of the parcel into two or more lots or parcels, any one of which is less than five acres in area or 300 feet in width (.), or

(6) is a single parcel of *residential or agricultural* land of not less than 20 acres and having a width of not less than 500 feet and its conveyance does not result in the division of the parcel into two or more lots or parcels, any one of which is less than 20 acres in area or 500 feet in width.

In any case in which compliance with the foregoing restrictions will create an unnecessary hardship and failure to comply does not interfere with the purpose of the subdivision regulations, the platting authority may waive such compliance by adoption of a resolution to that effect and the conveyance may then be filed or recorded. Any owner or agent of the owner of land who conveys a lot or parcel in violation of the provisions of this subdivision shall forfeit and pay to the municipality a penalty of not less than \$100 for each lot or parcel so conveyed. A municipality may enjoin such conveyance or may recover such penalty by a civil action in any court of competent jurisdiction.

Sec. 33. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 9. [LIMITATIONS.] Nothing in this section shall be construed to require a municipality to regulate subdivisions or to regulate all subdivisions which it is authorized to regulate by this section.

Sec. 34. [EXTENSION OF TIME FOR COMPLIANCE.] *Any municipality which has in effect on or before the effective date of this act an ordinance for subdivision controls may elect not to come into compliance with any change in subdivision regulations as may be required by this act until such time as the ordinance for subdivision controls is next amended.*

Sec. 35. *Minnesota Statutes 1978, Sections 462.352, Subdivision 4; and 462.358, Subdivisions 1, 2, and 3 are repealed.*

Sec. 36. [EFFECTIVE DATE.] *Sections 1 to 17 are effective on June 1, 1980."*

Further amend the title by deleting it in its entirety and inserting:

"A bill for an act relating to metropolitan government; providing for metropolitan area agricultural preserves; providing for municipal planning; authorizing regulation of subdivisions; providing a penalty; appropriating money; amending Minnesota Statutes 1978, Sections 462.351; 462.352, by adding subdivisions; 462.355, Subdivision 4; 462.358, Subdivision 4, and by adding subdivisions; repealing Minnesota Statutes 1978, Sections 462.352, Subdivision 4; and 462.358, Subdivisions 1, 2 and 3."

"Section 1. Minnesota Statutes 1978, Section 241.021, Subdivision 1, is amended to read:

241.021 [LICENSING AND SUPERVISION OF INSTITUTIONS AND FACILITIES.] Subdivision 1. [SUPERVISION OVER CORRECTIONAL INSTITUTIONS; ADVISORY TASK FORCES.] (1) The commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. He shall promulgate pursuant to chapter 15, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner may provide by rule for provisional licenses which authorize the operation of a correctional facility on a temporary basis where the operator is temporarily unable to comply with all of the requirements for a license. Notwithstanding the provisions of sections 15.0412 and 15.0413, rules setting standards for group homes established under the direction of the juvenile courts shall not take effect until September 1, 1979. The commissioner shall have access to the buildings, grounds, books, records, staff and to persons detained or confined in these facilities. He may require the officers in charge of these facilities to furnish all information and statistics he deems necessary, upon forms furnished by him. *Rules promulgated hereunder establishing the maximum number of children permitted to reside in group homes shall require that children in the group foster parents' natural family be counted in the number of children actually residing in the group home, and the application of the rules providing the maximum number and manner of counting residents shall not be waived.*

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1) of this subdivision, except foster care facilities for delinquent children and youth as provided in subdivision 2,

does not conform to the minimum standards established by law or by the commissioner, he shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, he may issue his order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, he may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted or adjudicated to be guilty or delinquent.

Sec. 2. Minnesota Statutes 1978, Section 257.071, is amended to read:

[PLACEMENT; PLAN.] A case plan shall be prepared within 30 days after any child is placed in a (FOSTER HOME) *residential facility* by court order or by the voluntary release of the child by his parent or parents. (BY JULY 1, 1979, A CASE PLAN SHALL BE PREPARED FOR EACH CHILD WHO WAS RESIDING IN A FOSTER HOME ON JULY 1, 1978 AND WHO HAS NOT BEEN RETURNED TO THE HOME OF HIS PARENT OR PARENTS.)

residential facility placement and is signed by the parent or parents, or other custodian, of the child, the child's legal guardian, the social service agency responsible for the (FOSTER HOME) *residential facility* placement, and, if possible, the child. The document shall be explained to all persons involved in its implementation, including the child who has signed the document, and shall set forth:

(1) The specific reasons for the placement of the child in a (FOSTER HOME) *residential facility*, including a description of the problems or conditions in the home of the parent or parents which necessitated removal of the child from his home;

(4) The visitation rights and obligations of the parent or parents during the period the child is in the (FOSTER HOME) *residential facility*;

The parent or parents and the child *each* shall have the right to legal counsel in the preparation of the case plan and shall be informed of the right at the time of placement of the child. The child shall also have the right to a guardian ad litem. If unable to employ counsel from their own resources, the court shall appoint counsel upon the request of the parent or parents or the child or his legal guardian. The parent or parents may also receive assistance from any person or social service agency in preparation of the case plan.

After the plan has been agreed upon by the parties involved, the foster parents shall be fully informed of the provisions of the case plan.

Subd. 2. [SIX MONTH REVIEW OF VOLUNTARY PLACEMENTS.] If the child has been placed in a (FOSTER HOME) *residential facility* pursuant to a voluntary release by his parent or parents, the case plan shall be reviewed by the persons involved in its preparation 180 days after the initial placement of the child in a (FOSTER HOME) *residential facility* if the child is not returned to the home of his parent or parents within that time.

Subd. 3. [REVIEW OF VOLUNTARY PLACEMENTS.] If the child has been placed in a (FOSTER HOME) *residential facility* pursuant to a voluntary release by his parent or parents, and is not returned to his home within 18 months after his initial placement in the (FOSTER HOME) *residential facility*, the social service agency responsible for the placement shall:

Sec. 3. Minnesota Statutes 1978, Section 260.011, Subdivision 2, is amended to read:

Subd. 2. The purpose of the laws relating to juvenile courts is to secure for each (MINOR) *child alleged or adjudicated neglected or dependent* and under the jurisdiction of the court, the care and guidance, preferably in his own home, as will serve the spiritual, emotional, mental, and physical welfare of the (MINOR) *child* and the best interests of the state; to preserve and strengthen the (MINOR'S) *child's* family ties whenever possible, removing him from the custody of his parents only when his welfare or safety (AND PROTECTION OF THE PUBLIC) cannot be adequately safeguarded without removal; and, when the (MINOR) *child* is removed from his own family, to secure for him custody, care and discipline as nearly as possible equivalent to that which should have been given by his parents.

The purpose of the laws relating to children alleged or adjudicated to be delinquent is to promote the public safety and reduce juvenile delinquency by maintaining the integrity of the substantive law prohibiting certain behavior and by developing individual responsibility for lawful behavior. This purpose should be pursued through means that are fair and just, that recognize the unique characteristics and needs of children, and that give children access to opportunities for personal and social growth.

The laws relating to juvenile courts shall be liberally construed to carry out these purposes.

Subd. 2. A child who (VIOLATES A STATE OR LOCAL TRAFFIC LAW, ORDINANCE, OR REGULATION, OR WHO VIOLATES A FEDERAL, STATE, OR LOCAL WATER TRAFFIC LAW) *commits a major traffic offense* shall be adjudicated a "juvenile highway traffic offender" or a "juvenile water traffic offender," as the case may be, and shall not be adjudicated delinquent, unless, as in the case of any other child alleged to be delinquent, a petition is filed in the manner provided in section 260.131, summons issued, notice given, a hearing held, and the court finds as a further fact that the child is also delinquent within the meaning and purpose of the laws relating to juvenile courts.

Subd. 3. *Except as provided in subdivision 4, a child who commits a minor traffic offense and at the time of the offense was at least 16 years old shall be subject to the laws and court procedures controlling adult traffic violators and shall not be under the jurisdiction of the juvenile court. Subd. 5. No referee sitting in juvenile court in the second and fourth judicial districts may hear any motion involving a contested case or preside at any hearing or final trial involving a contested case if either party or his attorney objects in writing to the assignment of a referee to hear the matter. The court shall, by rule, specify the time within which the objections must be filed. ANNOUNCEMENT BY THE SPEAKER

The Speaker announced the appointment of the following members of the House to a Conference Committee on H. F. No. 644:

Berkelman, Heinitz and Reif.

There being no objection the order of business reverted to Petitions and Communications.

PETITIONS AND COMMUNICATIONS

The following communication was received :

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
ST. PAUL 55155

April 7, 1980

Honorable Fred C. Norton
Speaker of the House
House of Representatives
State Capitol Building
Saint Paul, Minnesota 55155

Dear Speaker Norton :

Returned to you herewith please find House File No. 1837. Section 4, Subdivision 3 of this Act is unacceptable, and I am, therefore, compelled to veto this legislation.

Section 1 of the Act, authorizing issuance of temporary insurance licenses under certain circumstances, and Sections 2 and 3 of the Act, extending the Joint Underwriting Association Act

until September 1, 1982, are sound legislative measures. Had these measures been sent to me without the amendment of Section 4 to the Act, I would be able to sign H. F. No. 1837.

However, the provision of Section 4 which voids the workers compensation rate hearing which is presently in progress is not a constructive step in addressing the high workers compensation premium rates in Minnesota. Arbitrarily stopping this hearing would waste thousands of hours of time and hundreds of thousands of taxpayers' and employers' dollars already spent on the current hearing. Further, the credibility of the administrative rate-making process established by the legislature would be destroyed to the long-run detriment of employers, injured employees and insurers.

The main intent of the legislature, as embodied in Section 4, Subdivision 1 of this Act, will be accomplished by the Commissioner of Insurance. It is not acceptable to cancel the hearing.

Therefore, while I am vetoing H. F. No. 1837, I am taking steps to assure that the Commissioner of Insurance has all of the necessary information about Minnesota's workers compensation business available to him during the current rate-making hearing. I have directed Commissioner Markman to work with the Hearing Examiner to assure that the Workers Compensation Rating Association provide all of the significant and relevant information based solely on Minnesota workers compensation policies which is required for the Commissioner to make a fully-informed decision on workers compensation rates.

This administrative procedure will assure that workers compensation rates are decided in an open forum with full information available to all interested parties without wasting the significant time and resources already committed to the current rate hearing. Though I am vetoing this Act, I am confident that the problem addressed by the legislature will be solved and that we will continue to take every responsible step available to reach a solution to our workers compensation problem in Minnesota.

Sincerely yours,

ALBERT H. QUIE
Governor

Carlson, L., moved that H. F. No. 1837 be now reconsidered and repassed, the objections of the Governor notwithstanding, pursuant to Article IV, Section 23, of the Constitution of the State of Minnesota.

The question was taken on the motion to reconsider and repass H. F. No. 1837, the objections of the Governor notwithstanding, pursuant to Article IV, Section 23, of the Constitution of the

The Speaker announced the appointment of the following members of the House to a Conference Committee on H. F. No. 2304:

Sieben, M.; Pehler and Kempe.

CONFERENCE COMMITTEE REPORT ON H. F. NO. 1847

A bill for an act relating to public welfare; providing for a study of revisions to the nursing home rate reimbursement formula; appropriating money.

April 3, 1980

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 1847, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 1847 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. The commissioner of public welfare shall undertake a study to further develop, analyze, and evaluate suggested revisions to the current rate reimbursement system established pursuant to Minnesota Statutes, Sections 256B.41 to 256B.48. In the study, the commissioner shall analyze the fiscal impact of the suggested rate reimbursement formula on nursing homes in the state and on the medical assistance program budget. The study shall also analyze the revisions of the current system to determine if they are designed to improve the system's equitable treatment of nursing homes, control costs and cost increases, reduce administrative complexity, provide capability for better biennial budgeting for nursing home care by the commissioner, and place the commissioner's primary concerns on fair and equitable reimbursement and enforcement. The revisions studied shall provide for reimbursement of capital costs according to a rental concept of payment based upon an initial appraised value of fixed assets and land that will be updated according to an index or indices. The commissioner shall prepare a report for the legislature before December 31, 1980, which shall include cost analyses, implementation strategies and suggestions regarding changes in rule and statutory language needed to incorporate the revisions into the nursing home rate reimbursement system. The rule and statutory language changes in the report shall address allowable costs, capital costs, operating costs and exceptions.

Sec. 2. Minnesota Statutes 1978, Section 256B.47, is amended by adding a subdivision to read:

Subd. 5. The commissioner shall promulgate rules no later than August 1, 1980, to amend the current rules governing nursing home reimbursement, in accordance with sections 15.0411 to 15.052, to allow providers to allocate their resources in order to provide as many nursing hours as necessary within the total cost limitations of the per diem already granted.

Sec. 3. [STATEMENT OF PURPOSE.] *The legislature finds that general health is related to dental health and, due to*

the increased longevity of the population, the expansion of the nursing home industry, and the existing unmet and continuing needs for dental health in nursing homes, it is appropriate and necessary to establish programs for residents of nursing homes which promote dental health and prevent dental disease.

Sec. 4. [PROGRAM ASPECTS.] *Subdivision 1. The commissioner of health shall provide for the establishment of nursing home dental health programs as provided in this section.*

Subd. 2. The commissioner shall:

(a) Develop, maintain, and distribute to nursing homes a dental health manual which identifies their administrative and patient care responsibilities and which recommends a local dental health policy;

(b) Establish, in conjunction with the dental profession, nursing home dental health standards, priorities of dental operations and guidelines for advisory dentists;

(c) Review existing nursing home dental health regulations to insure their consistency with current oral health standards;

(d) Seek the cooperation and coordination of a joint state-wide effort between the dental profession, the nursing home industry and senior citizen organizations to promote the purpose of this section; and

(e) Provide technical dental health assistance, dental consultation, and current dental health information to nursing homes.

Subd. 3. *In each of the eight health department districts, the commissioner shall establish during the biennial cycle a specific site program for nursing homes each to include:*

(a) The analysis and identification of resident dental care needs and obstacles to access and the achievement of optimal oral health care and maintenance; and
