*Whereas*, American citizens serving at the American embassy in Iran were taken captive by Iranian militants on November 4, 1979; and,

*Whereas*, since being taken captive, the hostages have spent long hours bound and gagged, beaten, and isolated from each other and from outside news; and,

*Whereas*, during the entire period the American people have not only had to endure the fact that its citizens were being held hostage contrary to international law and diplomatic custom, but also to a continual stream of verbal invective from the Iranian captors; and,

*Whereas*, the families of the American hostages have had to endure over 14 months of anguish over the health and safety of their relatives; and,

*Whereas*, an attempted rescue of the hostages resulted in the greatest sacrifice by eight brave Americans; and,

*Whereas*, the crisis, caused by the outrageous actions of the Iranians, threatened to rend the delicate fabric of world peace; and,

*Whereas*, on January 20, 1981, after 444 days the hostages were set free; and,

*Whereas*, the hostages, their families and all the American people are gratified that the crisis will at last be over; and,

*Be it Resolved* by the House of Representatives of the state of Minnesota, on the part of all Minnesotans, that it is joyful over the safe return of the American hostages. It is hoped that the lingering resentment over the taking and lengthy holding and treatment of the hostages will dissolve in the elation over their freedom. A welcome home is extended to all the American hostages, but particularly to the Minnesotans L. Bruce Laingen and Joseph Hall.

*Be It Further Resolved* that the skill, courage, and ultimate sacrifice of the eight Americans who gave their lives to save their fellow countrymen and countrywomen should never be forgotten.

*Be It Further Resolved* that the appreciation of the American people is expressed to President Ronald Reagan, President Jimmy Carter, Vice-President Walter Mondale, Secretary of State Edmund Muskie, Secretary of State Cyrus Vance, Deputy Secretary of State Warren Christopher, the personnel of the state department, and the government of Algeria for their long, tireless, and now fruitful efforts to return the hostages.

## PERMANENT RULES OF THE HOUSE

### ARTICLE I — DAILY BUSINESS

1.1 CONVENING OF THE HOUSE. Unless otherwise ordered, regular sessions of the House shall convene at two o'clock p.m. The Speaker shall take the chair at the hour at which the House convenes and the House shall then be called to order. After prayer by the Chaplain or a brief meditation, a roll of members shall be called and the names of members present and members excused shall be entered in the Journal of the House.

1.2 READING OF THE JOURNAL. A quorum being present, the Journal of the preceding day shall be read by the Chief Clerk unless otherwise ordered. The House may correct any errors in the Journal of the preceding day.

1.3 ORDER OF BUSINESS. After the reading of the Journal, the order of business of the day shall be:

- (1) Presentation of petitions or other communications.
- (2) Reports of standing committees.
- (3) Second reading of House bills.
- (4) Second reading of Senate bills.
- (5) Reports of select committees.
- (6) Introduction and first reading of House bills.
- (7) Consideration of messages from the Senate.
- (8) First reading of Senate bills.
- (9) Consent Calendar.
- (10) Calendar for the day.
- (11) General Orders.
- (12) Motions and resolutions.

Conference committees and the Committee on Rules and Legislative Administration may report at any time.

**1.4 SECOND READING OF BILLS.** Every bill shall require a second reading.

Except as otherwise ordered, every bill requiring the approval of the Governor shall, after a second reading, be considered in a Committee of the Whole before it shall be finally acted upon by the House.

**1.5 COMMITTEE OF THE WHOLE.** The Committee of the Whole is a committee of the entire membership of the House. The Speaker may appoint another member as chairman to preside over the Committee of the Whole.

When the House arrives at the General Orders of the Day, it shall resolve itself into a Committee of the Whole to consider bills on General Orders.

A bill considered in the Committee of the Whole shall be reported and then debated by sections, with the title considered last. All amendments shall be typewritten and five copies shall be submitted to the Chairman who shall report them to the House.

**1.6 RULES TO APPLY TO COMMITTEE OF THE WHOLE.** The Rules of the House shall be observed in the Committee of the Whole so far as may be applicable except that the previous question shall not be forced or speaking limited.

Upon demand of 15 members, the ayes and nays shall be called, the question voted on, and the ayes and nays recorded in the Journal of the House.

In the Committee of the Whole no amendment increasing the amount of any appropriation shall be passed without the ayes and nays recorded in the Journal of the House.

A motion that the committee arise shall always be in order and shall be decided without debate.

Upon the request of any member, a bill shall be excepted from the report of the Committee of the Whole. Only a motion to strike an amendment to the bill adopted in the Committee of the Whole or to amend the recommendation of the Committee of the Whole concerning the disposition of the bill shall be in order.

**1.7 GENERAL ORDERS OF THE DAY.** The Chief Clerk at the direction of the speaker shall prepare the General Orders of the Day, which is a list of all bills which have not been made Special Orders or placed on the Consent Calendar, numbered according to their order at second reading. Unless otherwise ordered by a majority of the Committee, items on General Orders shall be taken up in numerical order.

The Chief Clerk shall see that a copy of each bill printed under the Rules or Orders of the House is placed in each member's file, which is to be kept at his desk in the chamber, at least 24 hours before the bill shall be considered in the Committee of the Whole. Under the first order of business each day, the Chief Clerk shall report to the House which bills he has placed in the files.

If a bill is progressed three times it shall be placed at the end of General Orders unless otherwise ordered by majority vote.

Except during the last five days in any year on which a bill may be passed, a bill amended in the Committee of the Whole shall not be given its third reading until it is engrossed and reproduced as amended.

**1.8 THIRD READING OF BILLS.** No amendment shall be received on the third reading without the unanimous consent of the House, except to fill blanks or to amend titles.

At any time prior to its passage any bill or resolution may be committed or recommitted by a majority vote of the whole

House. If the committee, other than the Committee of the Whole, to which it was committed or recommitted reports an amendment on it, it shall again be given its second reading, considered in Committee of the Whole, given its third reading and placed upon its final passage.

1.9 SPECIAL ORDERS. A bill may be made the Order of the Day for a special time and be placed upon a separate list known as "Special Orders".

The Committee on Rules and Legislative Administration may by committee report designate as a Special Order any bill which has had its second reading.

Any member may move to make a bill a Special Order by giving notice at least two legislative days in advance of and specifying the day on which he will so move. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member designated by him in writing to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order.

When the time arrives for the consideration of any Special Order, the House shall consider each bill upon the Special Order in the order in which it is listed. After consideration it shall immediately be read the third time and placed upon final passage.

1.10 TAX AND APPROPRIATION BILLS GIVEN PRECEDENCE. At any time after (FEBRUARY 18, 1980) *April 13, 1981*, any bill relating to taxes or raising revenue shall be acted upon whenever requested by the Chairman of the Committee on Taxes, and any appropriation bill shall be acted upon whenever requested by the Chairman of the Committee on Appropriations.

1.11 CONSENT CALENDAR. Any bill of a non-controversial nature for which the committee report recommends placement upon the Consent Calendar shall be given its second reading after the report is adopted and placed upon the Consent Calendar. The bill shall be printed and placed in the members' files at least one day before it can be considered. The bill shall be placed upon the Consent Calendar in the order in which it is given its second reading.

The Consent Calendar shall immediately precede the order of business known as "Calendar for the Day". Every bill on the Consent Calendar shall be debated, given its third reading and voted upon, provided, however, that at any time prior to third reading, ten members may object to any bill as being controversial. Any bill so objected to shall be stricken from the Consent Calendar and be immediately returned to General Orders, taking its place in the usual order.

1.12 SUSPENSION OF RULES TO ADVANCE A BILL. Every bill shall be reported on three different days, except that in case of urgency, a two-thirds majority of the whole House may suspend this Rule. A motion for suspension of the Rules to advance a bill for consideration out of its regular order is in order under the order of business "Motions and Resolutions" or at any time the bill is before the House. The motion must be presented to the Speaker in writing and must state the present position of the bill.

1.13 MINORITY REPORTS. Any minority report shall be made separately from the majority report and shall be considered before the majority report. If the minority report is adopted the majority report shall not be considered. If the minority report is not adopted the majority report shall then be considered.

1.14 COMMITTEE REPORT LAID OVER. The report of any committee may be laid over one day and printed in the Journal, if so ordered by the House.

1.15 RECALLING BILL FROM COMMITTEE. Except after the deadline for committee reports on bills originating in the House, any bill or resolution may be recalled from any committee at any time by majority vote of the whole House, be given a second reading and be advanced to General Orders. A motion to recall a bill or resolution shall be in order only under the order of business "Motions and Resolutions".

1.16 TIME LIMIT FOR CONSIDERATION OF BILLS. If 20 legislative days after a bill has been referred to committee (other than a bill in Appropriations) no report has been made upon it by the committee, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee shall have ten calendar days

thereafter in which to vote upon the bill requested. If the committee fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the foot of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

After (MARCH 27, 1980) *May 15, 1981*, the House shall not act on bills other than those recommended by conference committee reports or the Committee on Rules and Legislative Administration, and those bills contained in messages from the Senate or from the Governor.

**1.17 DISPOSITION OF SENATE BILLS.** Any Senate File received by the House, accompanied by a message announcing its passage by the Senate, shall be referred to the appropriate standing committee in accordance with Rule 5.4. However, if a Senate File is received which is stated by a member to be identical to a House File already reported by a standing committee of the House and placed on General Orders, Calendar, Consent Calendar, or Special Orders, the Senate File shall be referred to the Chief Clerk for comparison. If the Chief Clerk reports that the Senate File is identical with the House File, the Senate File may by majority vote be substituted for the House File and take its place. The fact that the bills are identical shall be entered in the Journal and the House File is then considered withdrawn.

Any Senate File which has been amended on the floor of the House, except at time of final passage, and any Senate File which has been reported to the House with amendments by a House standing committee, shall be unofficially engrossed and reprinted by the Chief Clerk. Amendments to unofficial engrossments of a Senate File may be offered by members on the floor of the House but shall not be offered in standing committees.

**1.18 RECORDED FLOOR PROCEEDINGS.** All proceedings on the floor of the House shall be recorded on magnetic tape or similar recording device under the direction of the Chief Clerk. Two copies of each tape shall be delivered to the Director of the Legislative Reference Library and there maintained on file for use by any member of the public in accordance with the rules of the Legislative Reference Library. At the end of each biennium, the Director of the Legislative Reference Library shall deliver one copy of each tape to the Director of the Minnesota Historical Society.

Any person may obtain a copy of any such tape during the biennium in which it is recorded upon payment of a fee determined by the Chief Clerk to be adequate to cover the cost of preparing the copy.

Discussion preserved under this rule is not intended to be admissible in any court or administrative proceeding on an issue of legislative intent.

#### ARTICLE II — VOTING

**2.1 AUTHORIZING ELECTRIC VOTING SYSTEM.** Except for a vote upon elections or the overriding of a Governor's veto, any vote may be taken by means of the electric voting system which shall be under the control of the Speaker of the House.

**2.2 CALL OF THE HOUSE.** Ten members may demand a call of the House at any time except after voting has commenced. When such call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave until the roll call is suspended or completed. During the roll call, no motion shall be in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. After the roll call is suspended or completed the Sergeant at Arms shall not permit any member to leave the Chamber unless excused by the Speaker. A call of the House may be lifted by a majority vote of the whole House.

**2.3 DEMANDING YEAS AND NAYS.** Yeas and nays shall be ordered without demand upon final passage of bills and upon adoption of resolutions or motions directing the payment of money. In all other cases the yeas and nays shall be ordered only upon demand of 15 members.

**2.4 EXPLAINING OR CHANGING VOTE.** No member shall be allowed to explain his vote or discuss the question while the yeas and nays are being taken, nor be allowed to change his vote after the yeas and nays have been announced from the chair by the Speaker.

**2.5 EVERY UNEXCUSED MEMBER TO VOTE.** Any member who is immediately interested in the question being voted on shall not vote.

Every other member present before a vote is declared from the chair shall vote for or against the matter before the House, unless the House excuses him from voting.

When a member declines to vote on a call of his name, he shall be required to state his reasons for so declining. After the vote has been taken but before the chair has announced the

vote, he shall submit to the House the question, "Shall the member, for the reasons stated, be excused from voting?" which shall be decided without debate. Any other proceedings in reference thereto shall take place after announcement of the vote.

#### ARTICLE III — MOTIONS AND AMENDMENTS

**3.1 MOTIONS.** No motion shall be debated until after it is stated by the Speaker.

After a motion has been stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time before amendment or decision. Unless a motion, resolution or amendment is withdrawn on the day it is made, it shall be entered in the Journal, together with the name of the member offering it.

The Speaker may require any motion to be written.

**3.2 PRECEDENCE OF MOTIONS.** When a question is under consideration, no motion shall be received except the following, the first four of which shall be decided without debate:

- (1) To fix the time of adjournment.
- (2) To adjourn.
- (3) To lay on the table.
- (4) For the previous question.
- (5) To refer.
- (6) To postpone to a day certain.
- (7) To amend.
- (8) To postpone indefinitely.
- (9) To pass.

The motions shall have precedence in the order listed. However, if the motion for the previous question has been seconded and the main question ordered, the motion to lay on the table shall not be in order.

**3.3 MOTION TO ADJOURN.** A motion to adjourn shall always be in order except during roll call.

When a motion to adjourn is made it shall be in order for the Speaker, before putting the question, to permit any member

to state reasons which would seem to render adjournment improper at that time. Such a statement shall not be debatable and shall be limited to not over two minutes.

**3.4 MOTION FOR RECONSIDERATION.** When a question has been decided either in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move its reconsideration, provided that such motion is made either on the same day the vote was taken or within the following two days of actual session of the House. A motion for reconsideration can be made at any time in the Order of Business and shall take precedence over all other questions except the motion to adjourn and the notice of intention to move reconsideration. Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

(THE) *In 1981* notice of intention to move reconsideration shall not be in order after (MARCH 8, 1980) *Monday, April 27.*

**3.5 ORDER OF PUTTING QUESTION.** Except in the case of privileged questions, all questions, whether in committee or in the House, shall be put in the order in which they are moved. When filling blanks, a motion for the largest sum or the longest time shall be put first.

**3.6 DIVISION OF A QUESTION.** Any member may request the division of a question which contains several points. A motion to strike out and insert shall not be divisible. If a motion to strike out is lost it shall not preclude another motion to amend or to strike out and insert.

**3.7 THE PREVIOUS QUESTION.** The motion calling for the previous question must be seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, it shall have the effect of cutting off all debate and bringing the House to direct vote upon the question or questions.

The previous question may be moved and ordered upon a single motion, a series of motions allowable under the rules, or an amendment or amendments; or it may include all authorized motions or amendments, including a vote on final passage of a bill.

On a motion for the previous question, but prior to its being ordered, a call of the House shall be in order. After a majority has ordered the previous question, no call shall be in order prior to the decision on the main question.

When the previous question is decided in the negative, the main question remains under debate until disposed of by taking a vote either on the question or in some other manner.

All incidental questions of order arising after a motion is made for the previous question and prior to the vote on the main question shall be decided without debate.

**3.8 UNANIMOUS CONSENT TO MAKE A MOTION.** Whenever unanimous consent to make a motion is requested by a member, the member as a part of such request shall state briefly the purpose of such motion and the subject matter involved.

**3.9 MOTIONS AND PROPOSITIONS TO BE GERMANE.** No motion or proposition on a subject different from that under consideration shall be admitted under guise of its being an amendment.

**3.10 AMENDMENT NOT TO ANNEX ANOTHER BILL.** Except in a standing committee no bill or resolution shall at any time be amended by annexing or incorporating any other bill or resolution pending before the House.

**3.11 RESOLUTIONS AND MOTIONS INVOLVING EXPENDITURE OF MONEY.** Any resolution or motion involving the expenditure of money out of the legislative expense fund shall be referred to the Committee on Rules and Legislative Administration before being acted upon by the House. A majority vote of the whole House, determined by a roll call, is required to pass any such resolution or motion.

**3.12 AMENDMENTS TO APPROPRIATION BILLS.** No amendment increasing the amount or amounts carried by any appropriation bill shall be declared passed until voted for by a majority of the whole House determined by a roll call vote.

**3.13 MOTION TO RESCIND.** The motion to rescind shall not be in order at any time in any proceeding in the House or in any committee of the House.

**3.14 SUSPENSION OR AMENDMENT OF THE RULES.** The concurrence of two-thirds of the whole House is required to suspend,

alter, or amend any Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House.

Except as provided in Rule 1.12, a motion to suspend, alter, or amend any Rule of the House must be made under the order of business "Motions and Resolutions". If the motion is made at any other time, unanimous consent is required before the Speaker can entertain the motion.

A motion to suspend the Rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion.

#### ARTICLE IV — DEBATE AND DECORUM

4.1 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, no member or officer of the House shall absent himself from any session of the House without first having obtained from the Speaker permission to be absent.

4.2 DUTIES OF MEMBERS. Members shall keep their seats until the Speaker announces adjournment.

Every member, before speaking, shall rise from his seat and respectfully address the Speaker and shall not speak further until recognized by the Speaker. When two or more members rise at the same time, the Speaker shall designate the member to speak first.

4.3 QUESTIONS OF ORDER. If any member of the House transgresses the Rules, either in speaking or in any other way, the Speaker shall, or any member may, call him to order. A member so called to order shall immediately sit down unless another member moves to permit him to explain. In either case, the House, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed. A member called to order shall be liable to censure or such other punishment as the House may deem proper.

4.4 ORDER IN DEBATE. No member shall speak more than twice on the same subject without leave of the House, nor more than once until every other member wishing to speak on the pending question has had an opportunity to do so.

4.5 NOTICE OF INTENTION TO DEBATE A RESOLUTION. Any member may give notice of his intention to debate a resolution. Such notice may be given at any time before the vote is taken

on the resolution. If such notice is given, the resolution shall be laid over one day without debate or any other action.

**4.6 OFFENSIVE WORDS IN DEBATE.** If any member is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Clerk shall record them. No member shall be held to answer or be subject to censure of the House for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place.

**4.7 ORDER DURING SESSION.** No member shall walk out of or across the Chamber when the Speaker is putting the question. No member shall engage in private conversation while another member is speaking or pass between the speaking member and the chair.

**4.8 NO ONE TO REMAIN BY THE CLERK'S DESK.** No member or other person shall remain by the clerk's desk while the yeas and nays are being called.

**4.9 WHO MAY BE ADMITTED TO THE FLOOR.** No person shall be admitted within the House Chamber, except members themselves, properly authorized employees, the Chief Executive and ex-governors of the State of Minnesota, members of the Senate, heads of departments of the state government, judges of the Supreme and District Courts, members of Congress, properly accredited representatives of radio and television stations, newspapers and press associations, as herein provided for, and none other. When a former member of Congress or the Minnesota Legislature or any other person is issued a permit by the Speaker good for the day he shall be provided with a seat near the Speaker's rostrum, and at no time shall a conversation be carried on so as to disturb the business of the House. Before issuing the permit, the Speaker shall satisfy himself that the person does not seek the floor of the House for the purpose of influencing decisions of the House.

The alcoves shall be kept for the use of members only, and the Sergeant at Arms shall keep them cleared.

It shall not be in order for the Speaker to entertain a request for the suspension of this Rule, or to present from the Chair the request of any member for unanimous consent unless an extraordinary condition exists, in which event he may consent to entertain a motion for its suspension.

During the period extending from one hour prior to the time the House is scheduled to convene until one hour after the House adjourns for the day, the retiring room shall be reserved for the exclusive use of the members and employees of the House or Senators specifically authorized to be present by a House member. No committee meetings shall be held therein except for

emergency meetings authorized by the Speaker of the House. The Sergeant at Arms is charged with the duty of strict enforcement of this provision.

4.10 PRESENTATION OF PETITIONS. Any petition, memorial or other paper presented to the House shall include the name of the member introducing it and a brief description of its contents and shall be presented by the Speaker, who shall state briefly its contents.

4.11 NO SMOKING IN HOUSE CHAMBER. No member of the House of Representatives or officer of the House, or other person, shall be permitted to smoke in the House Chamber except in designated smoking areas, confined only to the front desk and the legislative retiring room. There shall be no smoking in the visitors' section of the galleries.

#### ARTICLE V — BILLS

5.1 BILL FORM. No bill shall be introduced until it has been examined and approved by the Revisor of Statutes as to form and compliance with the Joint Rules of the House and Senate and the Rules of the House. Approval as to form shall be endorsed on the bill by the Revisor of Statutes.

5.2 INTRODUCTION OF BILLS AND RESOLUTIONS. A bill, advisory bill or resolution offered for introduction shall be placed in the hands of the Speaker at least 24 hours prior to the convening of the daily session. Every bill, advisory bill and resolution shall be introduced in quadruplicate and each copy shall contain the signature of the member or name of the committee introducing it. No bill, advisory bill, memorial or resolution shall have more than five authors. Any memorial (a statement of facts being forwarded to a governmental official, agency or body) shall be introduced in the same form as a bill and take the same course as a bill. No resolution shall authorize the expenditure of monies from any source other than the legislative expense fund.

5.3 ADVISORY BILLS. An advisory bill may be introduced by any member in the same manner as a bill except that the requirements of Rule 5.1 shall not apply.

Each advisory bill shall be typewritten on a form provided by the Chief Clerk. It shall have a title not exceeding 12 words in length and shall contain a specific proposal for the initiation, termination or alteration of a law or program of the state or any of its subdivisions. It need not be drafted in a form appropriate for enactment into law.

An advisory bill may be considered only in committee and shall not be given a second reading or be otherwise considered by the

House, except that the committee may report its recommendation for re-referral to another committee.

This paragraph shall not apply to that part of any such income of the trust which the terms of the decree, written separation agreement, or trust instrument fix, in terms of an amount of money or a portion of such income, as a sum which is payable for the support of minor children of such (HUSBAND) *spouse*. In case such income is less than the amount specified in the decree, agreement, or instrument, for the purpose of applying the preceding sentence, such income, to the extent of such sum payable for such support, shall be considered a payment for such support.

(2) For purposes of computing the taxable income of the estate or trust and the taxable income of a (WIFE) *person* to whom paragraph (1) applies, such (WIFE) *person* shall be considered as the beneficiary specified in sections 290.22 to 290.28. Subd. 6. The (WIDOW) *spouse* of every judge of the district or supreme court who dies, in active service, shall be paid one-half of the retirement compensation to which such judge would have been entitled on the date of (HIS) death, if (HE) *the judge* would have been otherwise eligible for retirement under the provisions of section 490.101 or under section 490.025, and had retired on that date, irrespective of whether (HE) *the judge* shall have attained the age of retirement at the date of (HIS) death or not and irrespective of whether (HE) *the judge* had served 15 years as such judge or as a judge of a court of record, and irrespective of whether (HE) *the judge* had previously been eligible to retire, but had not retired under the provisions of section 490.101, prior to (HIS) death, provided (SHE) *the spouse* had

been married to such judge for three years prior to (HIS) *the judge's* death. The (WIDOW) *spouse* of every judge of the district court or supreme court who dies after retiring shall be paid one-half of the retirement compensation which such judge was receiving at the date of (HIS) death.

Any judge who has heretofore retired and exercised the option previously set forth in section 490.102, shall, after July 1, 1961, be paid the full retirement compensation herein provided for, and (HIS WIDOW) *the judge's spouse* shall upon (HIS) *the judge's* death be entitled to compensation as herein set forth.

The term ("WIDOW") "*spouse*" as used in this subdivision means the surviving (WIFE) *spouse* of a district or supreme court judge, but only if *he or she* was married to (HIM) *the judge* for a period of not less than three years immediately prior to the date of (HIS) *the judge's* retirement or (OF HIS) death, whichever occurs first.

A (WIDOW) *spouse* who is entitled to a retirement compensation under the provisions of this subdivision and subdivision 7 shall be paid such retirement compensation for the period of *his or her* life, unless *he or she* remarries, in which event such retirement compensation is to cease and terminate. Every judge of the district court and every judge of the supreme court shall contribute four percent of his *or her* state salary, which amount shall be deducted from his *or her* salary at least once each month and paid to the state treasurer to be deposited in a special survivor retirement account. This contribution shall be for the purpose of providing the survivor benefits established by this subdivision and subdivision 7 and such amount as may be necessary to carry out this purpose is hereby appropriated from such special retirement account. It is declared to be the policy of the legislature that the survivor benefits provided for herein shall be wholly paid from contributions by the judges to said special retirement account. To implement this policy the rate of contribution by the judges shall be reviewed periodically and contributions adjusted to make this account sufficient to cover all benefits.

For the purposes of this subdivision, the said judge shall be deemed to have been entitled to full retirement and to have retired as of the day of (HIS) death. If retirement of a district judge from active service was by executive order prior to enactment of Laws 1949, Chapter 640, *his or her* unremarried (WIDOW) *spouse* who would otherwise qualify under this section will receive one-half of the compensation such judge would have received if (HIS) *the judge's* retirement occurred in 1949 after enactment of that law and (HE) *the judge* was eligible for compensation thereunder.

Knickerbocker moved to amend the proposed permanent rules of the House, as printed in the Journal of the House for the Eighteenth day, by changing rule 1.16 as follows:

**1.16 TIME LIMIT FOR CONSIDERATION OF BILLS.** If 20 legislative days after a bill has been referred to committee (other than a bill in Appropriations) no report has been made upon it by the committee, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee shall have ten calendar days thereafter in which to vote upon *the passage of the bill* requested. If the committee fails to vote upon (IT) *the passage of the bill* within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. **179.11 [UNFAIR LABOR PRACTICES BY EMPLOYEES.]**

It shall be an unfair labor practice:

(1) For any employee or labor organization to institute a strike if such strike is a violation of any valid collective agreement between any employer and his employees or labor organization and the employer is, at the time, in good faith complying with the provisions of the agreement, or to violate the terms and conditions of such bargaining agreement;

(2) For any employee or labor organization to institute a strike if the calling of such strike is in violation of sections 179.-06 or 179.07 or to create or authorize payment from a fund for compensation to a striking employee in lieu of his normal salary or other compensation during a labor dispute;

(3) For any person to seize or occupy property unlawfully during the existence of a labor dispute;

(4) For any person to picket or cause to be picketed a place of employment of which place the person is not an employee while a strike is in progress affecting the place of employment, unless the majority of persons engaged in picketing the place of employment at these times are employees of the place of employment;

(5) For more than one person to picket or cause to be picketed a single entrance to any place of employment where no strike is in progress at the time;

(8) Unless the strike has been approved by a majority vote of the voting employees in a collective bargaining unit of the employees of an employer or association of employers against whom such strike is primarily directed, for any person or labor organization to cooperate in engaging in, promoting or inducing a strike. Such vote shall be taken by secret ballot at an election called by the collective bargaining agent for the unit, and reasonable notice shall be given to all employees in the collective bargaining unit of the time and place of election.

### REPORTS OF STANDING COMMITTEES

Jacobs from the Committee on Regulated Industries to which was referred:

H. F. No. 12, A bill for an act relating to public utilities; repealing authority for rate increases pending final commission approval; repealing Minnesota Statutes 1980, Sections 216B.16, Subdivision 3; and 237.075, Subdivision 3.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1980, Section 216B.16, Subdivision 3, is amended to read:

Subd. 3. Notwithstanding any order of suspension of a proposed increase in rates, the (PUBLIC UTILITY) *commission* may (PUT THE SUSPENDED) *order an interim rate schedule* into effect on the date when it would have become effective if not suspended, or any date subsequent thereto within the suspension period (, BY FILING WITH THE COMMISSION A BOND IN AN AMOUNT APPROVED BY THE COMMISSION WITH SURETIES APPROVED BY THE COMMISSION, CONDITIONED UPON THE REFUND, IN A MANNER TO BE PRESCRIBED BY ORDER OF THE COMMISSION, OF THE EXCESS IN INCREASED RATES, INCLUDING INTEREST THEREON WHICH SHALL BE AT THE CURRENT RATE OF INTEREST AS DETERMINED BY THE COMMISSION, COLLECTED DURING THE PERIOD OF THE SUSPENSION IF THE SCHEDULE SO PUT INTO EFFECT IS FINALLY DISALLOWED BY THE COMMISSION. THERE MAY BE SUBSTITUTED FOR THE BOND OTHER ARRANGEMENTS SATISFACTORY TO THE COMMISSION FOR THE PROTECTION OF PERSONS AF-

FFECTED). The commission shall consider the imposition of interim rates if the utility's filing pursuant to subdivision 1 includes documentation which supports the clear and compelling need for the proposed interim rate changes. Interim rates, if imposed by the commission, shall be imposed without a public hearing as a contested case pursuant to chapter 15. Notwithstanding the provisions of sections 216B.27 and 216B.52, no interim rate ordered by the commission pursuant to this subdivision shall be subject to an application for a rehearing or an appeal to any court until the commission has rendered its "final determination" as defined in subdivision 2. The commission shall not order any interim rate which is calculated to include a rate of return on common equity for the utility which is higher than that authorized in the utility's most recent rate proceeding and calculated on a rate base which excludes issues disallowed by the commission in the most recent rate proceeding or order any change in the existing rate design. Interim rates shall include only those previously allowed expense items experienced by the utility in its most recent historical year prior to the effective date of the interim rates, including costs of labor and materials, that can be shown to have increased in cost since the utility's most recent rate proceeding as well as any expenses incurred in complying with any state or federal law or rule. In the case of a utility which has not been subject to a prior commission determination, the commission shall base its interim order, if any, on its most recent determination concerning a similar utility.

If, at the time of its "final determination" as defined in subdivision 2, the commission finds that the interim rates are in excess of the rates in the final determination, the commission shall order the utility to refund the excess amount collected under the interim rates, including interest calculated at a rate two percent above the average prime interest rate as determined by the commission. The refund shall be distributed to the utility's customers within 60 days of the final determination.

If the public utility fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefore and is authorized to recover on behalf of all persons entitled to a refund. In addition to the amount of the refund and interest due, the commission shall be entitled to recover reasonable attorney's fees, court costs and estimated cost of administering the distribution of the refund to persons entitled thereto. No suit under this subdivision shall be maintained unless instituted within two years after the end of the period of time prescribed by the commission for repayment of refunds. (HOWEVER, NO PUBLIC UTILITY) The commission shall not put (A SUSPENDED) an interim rate schedule into effect as provided by this subdivision until at least (90 DAYS) one year after (THE COMMISSION) it has made a determination concerning any previously filed change of the rate schedule or

the change has otherwise become effective under subdivision 2, unless it finds that a one year delay would unreasonably burden the utility, its customers, or its shareholders and that an earlier imposition of interim rates is therefore necessary.

Sec. 2. Minnesota Statutes 1980, Section 237.075, Subdivision 3, is amended to read:

Subd. 3. Notwithstanding any order of suspension of a proposed increase in rates, the (TELEPHONE COMPANY) commission may (PUT THE SUSPENDED) order an interim schedule into effect on the date when it would have become effective if not suspended, or any date subsequent thereto within the suspension period (, BY FILING WITH THE COMMISSION A BOND IN AN AMOUNT APPROVED BY THE COMMISSION WITH SURETIES APPROVED BY THE COMMISSION, CONDITIONED UPON THE REFUND, IN A MANNER TO BE PRESCRIBED BY ORDER OF THE COMMISSION, OF THE EXCESS IN INCREASED RATES, INCLUDING INTEREST THEREON WHICH SHALL BE AT THE CURRENT RATE OF INTEREST AS DETERMINED BY THE COMMISSION, COLLECTED DURING THE PERIOD OF THE SUSPENSION IF THE SCHEDULE SO PUT INTO EFFECT IS FINALLY DISALLOWED BY THE COMMISSION. THERE MAY BE SUBSTITUTED FOR THE BOND OTHER ARRANGEMENTS SATISFACTORY TO THE COMMISSION FOR THE PROTECTION OF PERSONS AFFECTED). *The commission shall consider the imposition of interim rates if the telephone company's filing pursuant to subdivision 1 includes documentation which supports the clear and compelling need for the proposed interim rate changes. Interim rates, if imposed by the commission, shall be imposed without a public hearing as a contested case pursuant to chapter 15. No interim rate ordered by the commission pursuant to this subdivision shall be subject to an application for a rehearing or an appeal to any court until the commission has rendered its "final determination" as defined in subdivision 2. The commission shall not order any interim rate which is calculated to include a rate of return on common equity for the company which is higher than that authorized in the company's most recent rate proceeding and calculated on a rate base which excludes issues disallowed by the commission in the most recent rate proceeding or order any change in the existing rate design. Interim rates shall include only those previously allowed expense items experienced by the company in its most recent historical year prior to the effective date of the interim rates, including costs of labor and materials, that can be shown to have increased in cost since the company's most recent rate proceeding as well as any expenses incurred in complying with any state or federal law or rule. In the case of a company which has not been subject to a prior commission determination, the commission shall base its interim order, if any, on its most recent determination concerning a similar company.*

*If, at the time of its "final determination" as defined in subdivision 2, the commission finds, that the interim rates are in excess of the rates in the final determination, the commission shall order the company to refund the excess amount collected under the interim rates, including interest calculated at a rate two percent above the average prime interest rate as determined by the commission. The refund shall be distributed to the company's customers within 60 days of the final determination.*

If the telephone company fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefore and is authorized to recover on behalf of all persons entitled to a refund. In addition to the amount of the refund and interest due, the commission shall be entitled to recover reasonable attorney's fees, court costs and estimated cost of administering the distribution of the refund to persons entitled thereto. No suit under this subdivision shall be maintained unless instituted within two years after the end of the period of time prescribed by the commission for repayment of refunds. (HOWEVER, NO TELEPHONE COMPANY) *The commission shall not put (A SUSPENDED) an interim rate schedule into effect as provided by this subdivision until at least (90 DAYS) one year after (THE COMMISSION) it has made a determination concerning any previously filed change of the rate schedule or the change has otherwise become effective under subdivision 2, unless it finds that a one year delay would unreasonably burden the company, its customers, or its shareholders and that an earlier imposition of interim rates is therefore necessary.*

Delete everything after the enacting clause and insert:

"Section 1. [116H.31] [DISTRICT HEATING LOANS.]

*Subdivision 1. [POLICIES.] Developing and improving efficient and economical district heating systems is a public purpose for state financing and a proper function of state government. Climate and geography make a reliable, economic supply of energy essential for industrial, commercial, and residential heating. Imported supplies are increasingly costly, unreliable, and environmentally disadvantageous. District heating systems employing cogeneration techniques and innovative technology offer an important means of increasing the efficiency of Minnesota's energy systems and reducing the state's reliance on imported energy supplies. The combination of the large initial capital cost and investors' lack of familiarity with district heating has made the private market reluctant to provide the necessary capital for district heating projects. As a result, public leadership, cooperation, and aid are needed to demonstrate the feasibility of district heating systems by establishing economically viable municipal district heating systems as demonstration projects. Municipal district heating systems may be financed by loans from the state and from other sources available to municipalities.*

*Subd. 2. [DEFINITIONS.] In this section:*

(a) "Commissioner" means the commissioner of finance.

(b) "Construction costs" means all costs associated with the construction, modification or expansion of a district heating system except for preliminary planning costs and detailed design costs. Construction costs include the cost of debt service from the time a construction loan is made until five years after the beginning of the operation of the district heating system constructed or the part of the system being modified or expanded.

(c) "Director" means the director of the Minnesota energy agency.

(d) "District heating" means the use of a central energy conversion facility to produce hot water or steam for distribution to homes or businesses. District heating facilities may also produce electricity in addition to hot water or steam.

(e) "Municipality" means any county, city, town, municipal power agency, or public utility, as defined in section 452.01, subdivision 3, owned and operated by a city, however organized.

*Subd. 3. [ELIGIBILITY.] The commissioner of finance, upon request of the governor, may make loans to municipalities for the acquisition and betterment of district heating systems. A loan shall be made only to a municipality that has demonstrated that:*

*(a) The municipality has the financial capability to sponsor the project;*

*(b) The project is technologically feasible;*

*(c) The district heating project will become a cogeneration facility or the project will utilize hot water or, if the project involves an existing district steam heating system, the project will become integrated with a hot water district heating system, or the project will allow the use of non-petroleum fuels or will construct an efficient heat transmission system; and*

*(d) The municipality has made adequate provision to assure proper and efficient operation and maintenance of the project after construction is completed.*

*Subd. 4. [PRIORITIES.] The director shall give higher priority to a project that does more to achieve the following goals:*

*(a) The district heating conversion facility employs cogeneration techniques;*

*(b) The facility uses renewable or nonpetroleum sources of energy;*

*(c) The district heating facility will save petroleum or natural gas;*

*(d) The operation of the district heating facility will not have an adverse impact on the environment;*

*(e) The district heating facility may readily be expanded to serve additional customers or to supply additional amounts of energy, and market demand for the energy exists;*

*(f) The project has obtained additional financing from the federal government, private sources, or other sources of capital; and*

*(g) Other goals the director finds desirable for district heating systems.*

*Subd. 5. [PRELIMINARY PLANNING GRANTS.] Upon the recommendation of the governor pursuant to subdivision 9,*

*the director shall make grants to municipalities for preliminary planning related to the development of district heating systems. The municipality must demonstrate that a community heatload survey and map have been successfully completed, that potential district heating load is sufficiently large to justify further consideration, and that sufficient resources are available for the municipality to meet its financial requirements. Eligible planning grant costs include project definition, development of preliminary financing and distribution system plans, and obtaining community commitment for detailed planning or design and preparation of a final report. The amount of a grant shall be limited to 90 percent of eligible planning costs and shall not exceed \$20,000.*

*Subd. 6. [APPLICATION.] Application for a loan to be made pursuant to subdivision 7 shall be made by a municipality to the director on a form prescribed by the director by rule. The director shall review each application and determine:*

- (a) Whether or not the project is eligible for a loan;*
- (b) The priority of the project when ranked with all other eligible projects for which a loan application has been submitted;*
- (c) The total estimated cost of the project;*
- (d) The amount of the loan for which the project is eligible;*
- (e) The terms upon which the loan would be made; and*
- (f) The means by which the municipality proposes to finance the project, including:*
  - (1) A loan authorized by state law; or*
  - (2) A grant of money appropriated by state law; or*
  - (3) A grant to the municipality by an agency of the federal government within the amount of money then appropriated to that agency and allocated by it to projects within the state; or*
  - (4) The appropriation of proceeds of bonds or other money of the municipality to an account for the construction of the project; or*
  - (5) User charges, franchise fees, special assessments or taxes; or*
  - (6) Any or all of the means referred to in clauses (1) to (5).*

*Subd. 7. [LOANS.] Upon the recommendation of the governor pursuant to subdivision 9, the commissioner shall make loans to municipalities on the following terms:*

(a) *In the case of loans for design costs, a municipality must meet the requirements for grants pursuant to subdivision 5. For cities of the first class, the amount of the loan shall not exceed 40 percent of the design costs. For cities of the second, third and fourth class, the amount of the loan shall not exceed 90 percent of the design costs;*

(b) *In the case for loans for construction costs, a municipality must demonstrate that all design activities have been completed; that the project is economically and technologically feasible; that the district heating system will be constructed, and that it has made adequate provisions to assure proper and efficient operation and maintenance of the project. For cities of the first class, the amount of the loan shall not exceed 50 percent of the construction costs. For cities of the second, third or fourth class, the amount of the loan shall not exceed 90 percent of the construction costs.*

(c) *Loans made pursuant to this section are repayable over a period of 25 years beginning after the receipt of the loan. Interest payments shall begin one year after the receipt of the loan with interest accruing from the date of the loan at a rate sufficient to cover the cost to the state of borrowing the money.*

**Subd. 8. [MODERN STEAM SYSTEMS.]** (a) *A municipality which has operating within its boundaries a modern steam district heating system owned by a district heating utility may apply for a loan or grant under this section even though the district heating project for which the loan or grant application is made may be planned, constructed, or owned by a district heating utility. The loan or grant application shall be treated in the same manner as loan or grant applications for district heating projects where the projects are to be planned, constructed, or owned by a municipality.*

*All or a portion of the proceeds of a grant or loan made to a municipality described in this paragraph may be used to make grants or loans to a district heating utility to provide financial assistance for the planning or construction of a district heating project. Prior to making the loan or grant to the district heating utility, the municipality shall:*

(1) *Adopt a district heating plan which identifies the areas of the city to be served by district heating; a time schedule indicating when service would be available in different areas of the city and the type of service to be offered; and*

(2) *Enter into a written agreement with the district heating utility which includes a requirement that the district heating utility restrict expansion of its existing steam system within its current geographic boundaries as determined by the municipality and develop a hot water system on a specific time schedule.*

(b) *The powers, authority and obligations granted to a municipality under this subdivision are supplemental to the powers, authority and obligations granted all municipalities under this section.*

(c) *As used in this subdivision, "modern steam district heating system" means a steam district heating system with condensate return built after 1970 and before the effective date of this section. "District heating utility" means any person, corporation, or other legal entity which owns or operates or plans to own or operate a district heating system.*

*Subd. 9. [GRANT AND LOAN APPROVAL.] The director shall prepare and submit to the legislative advisory commission a list of district heating grant and loan requests. The list shall contain the supporting information required by subdivisions 3, 4, 5, 6, 7 and 8. The recommendation of the legislative advisory commission shall be transmitted to the governor. The governor shall approve or disapprove, or return for further consideration, each project recommended for approval by the legislative advisory commission. Loans or grants may be disbursed only upon approval by the governor.*

*Subd. 10. [PAYMENT; OBLIGATION.] The commissioner shall not pay money to a municipality pursuant to an approved loan until he has determined that:*

(a) *Financing of the project as proposed by the municipality is assured by an irrevocable undertaking, by resolution of the governing body of the municipality, to use all money made available by the financing plan exclusively for the eligible costs of the project, and to pay any additional amount by which the cost of the project exceeds the estimate by the appropriation to the construction account of additional municipal money or the proceeds of additional bonds to be issued by the municipality; and that*

(b) *The governing body of the municipality has adopted a resolution obligating the municipality to repay the loan according to the terms in the loan. The obligation may be payable from user charges, franchise fees, special assessments or other money available to the municipality. The resolution shall obligate the municipality to annually impose and collect user charges, franchise fees, special assessments, or to use any other money available to it from any other specified source, in amounts and at times that if collected in full will annually produce at least five percent in excess of the amount needed for all annual costs of the system, including annual repayment on state loans. A municipality may also pledge to levy an ad valorem tax to guarantee the payments under the loan agreement. For the purpose of repaying the loan, the municipality by resolution of its governing body may fix the rates and charges for district heating system*

*service and products, may enter into contracts for the payment by others of costs of construction, maintenance, and use of the project in accordance with section 444.075 and may pledge the revenues derived therefrom. The commissioner shall condition a loan upon the establishment of rates and charges or the execution of contracts sufficient to produce annually the revenues pledged for repayment of all annual costs of the system, including annual repayment of the state loan.*

*Subd. 11. [RECEIPTS.] All principal and interest payments received by the commissioner in repayment of the loans authorized by this section shall be deposited in the state treasury and credited to the state bond fund and are appropriated to the commissioner for the purposes of that account.*

*Subd. 12. [RULES.] The director shall adopt rules necessary to carry out this section. The director shall adopt temporary rules pursuant to section 15.0412, subdivision 5, meeting the requirements of this section. The rules shall contain as a minimum:*

- (a) Procedures for application by municipalities; and*
- (b) Criteria for reviewing grant and loan applications.*

**Sec. 2. Minnesota Statutes 1980, Section 412.321, Subdivision 1, is amended to read:**

**Subdivision 1. [AUTHORITY TO OWN AND OPERATE.] Any statutory city may own and operate any waterworks, district heating system, or gas, light, power, or heat plant for supplying its own needs for utility service or for supplying utility service to private consumers or both. It may construct and install all facilities reasonably needed for that purpose and may lease or purchase any existing utility properties so needed. It may, in lieu of providing for the local production of gas, electricity, water, hot water, steam, or heat, purchase the same wholesale and resell it to local consumers. After any such utility has been acquired, the council, except as its powers have been limited through establishment of a public utilities commission in the city, shall make all necessary rules and regulations for the protection, maintenance, operation, extension, and improvement thereof and for the sale of its utility products.**

**Sec. 3. Minnesota Statutes 1980, Section 412.351, is amended to read:**

**412.351 [COMMISSION, JURISDICTION.]**

**The council shall, in the ordinance establishing the commission, decide which of the following public utilities shall be within the commission's jurisdiction: (1) the city water system; (2) light and power system, including any system then in use or later**

acquired for the production and distribution of steam heat; (3) gas system; (4) sanitary or storm sewer system or both, including the city sewage disposal plant; (5) public buildings owned or leased by the city; (6) *district heating system*. As used subsequently in sections 412.351 to 412.391, the term "public utility" means any water, light and power, gas or sewer system, or public buildings thus placed by ordinance under the jurisdiction of the public utilities commission. Any public utility not placed under the jurisdiction of the public utilities commission by the ordinance establishing the commission may be placed under the jurisdiction of the commission by an amendment to the original ordinance.

Sec. 4. Minnesota Statutes 1980, Section 412.361, Subdivision 3, is amended to read:

Subd. 3. The commission shall have power to buy all fuel and supplies, and it may purchase wholesale electric energy, steam heat, *hot water energy*, gas or water, as the case may be, for municipal distribution.

**Sec. 6. [465.74] [AUTHORIZATION TO OPERATE DISTRICT HEATING SYSTEMS.]**

*Subdivision 1. [CITIES OF THE FIRST CLASS.] Any city operating or authorized to operate a public utility pursuant to chapter 452 or its charter is authorized to acquire, construct, own, and operate a municipal district heating system pursuant to the provisions of that chapter or its charter. Acquisition or construction of a municipal district heating system shall not be subject to the election requirement of sections 452.11 and 452.12, or city charter provision, but must be approved by a three-fifths vote of the city's council or other governing body. Loans obtained by a municipality pursuant to section 1 are not subject to the limitations on the amount of money which may be borrowed upon a pledge of the city's full faith and credit or the election requirements for general obligation borrowing, contained in section 452.08.*

[GENERAL OBLIGATION BONDS.]** A municipality may, pursuant to the provisions of chapter 475, issue general obligation bonds for the purpose of acquiring or constructing a district heating system and may pledge its full faith and credit as security for the bonds. Bonds issued under this section shall be considered as part of a municipality's indebtedness under its governing charter or any law fixing a limit of indebtedness.

**Subd. 2. [REVENUE BONDS.]** Notwithstanding any other law, general or special, or the provisions of any home rule charter to the contrary, a municipality may, by resolution, authorize, issue and sell revenue bonds or obligations payable solely from all or a portion of revenues derived from a district heating system located wholly or partially within a municipality to finance the acquisition, construction or operation of a district heating system and for the purpose of loaning the proceeds of the bonds or obligations to any person, firm or public or private corporation to acquire or construct a district heating system. The bonds or obligations shall mature as determined by resolution of the municipality and may be issued in one or more series and shall bear such date or dates, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in medium of payment at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, its trust indenture or mortgage may provide. The bonds or obligations may be sold at public or private sale at the price or prices as the municipality by resolution shall determine, and any provision of any law to the contrary notwithstanding, shall be fully negotiable. In any suit, action, or proceedings involving the validity or enforceability of any bonds or obligations of the municipality or the security therefore, any bond or obligation reciting in substance

*that it has been issued by the municipality to aid in the acquisition, construction or operation of a district heating system shall be conclusively deemed to have been issued for such purpose. Neither the municipality nor any council member, officer, employee or agent of the municipality nor any person executing the bonds or obligations shall be liable personally on the bonds or obligations by reason of the issuance thereof. The bonds or obligations may be further secured by a pledge and mortgage of all or any portion of the property in aid of which the bonds or obligations are issued and such covenants as the municipality shall deem by such resolution to be necessary and proper to secure payment of the bonds or obligations. The bonds or obligations, and the bonds or obligations shall so state on their face, shall not be payable from nor charged upon any funds other than the revenues and property pledged or mortgaged to the payment thereof, nor shall the issuing municipality be subject to any liability thereon or have the powers to obligate itself to pay or pay the bonds or obligations from funds other than the revenues and properties pledged and mortgaged and no holder or holders of the bonds or obligations shall ever have the right to compel any exercise of any taxing power of the issuing municipality or any other public body to pay the principal of or interest on any such bonds or obligations, nor to enforce payment thereof against any property of the municipality or other public body other than that expressly pledged or mortgaged for the payment thereof.*

**Sec. 8. [216B.166] [COGENERATING POWER PLANTS.]**

*Subdivision 1. [FINDING.] The legislature finds and declares that significant public benefits may be derived from the cogeneration of electrical and thermal energy and that cogenerated district heating may result in improved utilization and conservation of fuel, the substitution of coal for scarce oil and natural gas, the substitution of domestic fuel for imported fuel, and the establishment of a reliable, competitively priced heat source. Since the cost of cogenerated thermal energy is dependent upon the method used to allocate costs between the production of electric and thermal energy at a power plant, and because the method of cost allocation can be a significant factor in determining investment in district heating, it is necessary to develop cost allocation methods rapidly.*

*Subd. 2. [DEFINITIONS.] For the purpose of this section, the following terms shall have the meanings given.*

*(a) "Cogeneration" means a combined process whereby electrical and thermal energy are simultaneously produced by a public utility power plant.*

*(b) "District heating" means a process whereby thermal energy is distributed within a community for use as a primary heat source.*

(c) "District heating utility" means any person, corporation, or other legal entity which owns and operates a facility for district heating.

*Subd. 3. [ALLOCATION.] The methods used to allocate or assign costs between electrical and thermal energy produced by cogeneration power plants owned by public utilities shall be consistent with the following principles:*

(a) *The method used shall result in a cost per unit of electricity which is no greater than the cost per unit which would exist if the power plants owned by the public utility had been normally constructed and operated without cogenerating capability;*

(b) *Costs which the public utility incurs for the exclusive benefit of the district heating utility, including but not limited to backup and peaking facilities, shall be assigned to thermal energy produced by cogeneration;*

(c) *The methods and procedures may be different for retrofitted than for new cogeneration power plants; and*

(d) *The methods should encourage cogeneration while preventing subsidization by electric consumers so that both heating and electricity consumers are treated fairly and equitably with respect to the costs and benefits of cogeneration.*

#### Sec. 9. [APPROPRIATIONS.]

The agreement shall include the organization of the consortium, the management, accounting and allocation of money among members of the consortium, and the consortium's plans for fuel conversion, plant retrofitting and energy conservation.*

Nelson, K., from the Committee on Energy to which was referred:

H. F. No. 549, A bill for an act relating to energy; creating the Minnesota renewable energy financing commission; establishing a program of loans and financial assistance for small businesses and municipalities; authorizing the issuance of bonds; appropriating money; proposing new law coded in Minnesota Statutes 1980, Chapter 116H.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. [116H.135] [RENEWABLE ENERGY FINANCING COMMISSION ACT.]

*Subdivision 1. [TITLE.] Sections 1 to 3 may be cited as the "Minnesota energy financing commission act."*

*Subd. 2. [POLICIES.] Improving energy efficiency and developing economical renewable energy systems is a public purpose for state financing and a proper function of state government. Climate and geography make a reliable, economic supply of energy essential for municipalities and small businesses. Imported supplies are increasingly costly, unreliable, and environmentally disadvantageous. Renewable energy systems offer an important means of increasing the efficiency of Minnesota's energy systems and reducing the state's reliance on imported energy supplies. The combination of the large initial capital cost and investors' lack of familiarity with renewable energy systems has made the private market reluctant to provide the necessary capital for their development. As a result, public leadership, cooperation, and aid are needed to develop economically viable renewable energy systems.*

*Subd. 3. [DEFINITIONS.] Each term defined in this subdivision has the meaning given it whenever used in sections 1 to 3.*

(a) "Commission" means the renewable energy financing commission created in this section.

(b) "Owner" means a person, partnership, firm, or corporation engaged in a small business and applying to the commission for a loan under section 2.

(c) "Small business" means an enterprise defined as a small business concern in regulations of the United States small business administration pursuant to 15 U.S. Code, Sections 631 to 647, as in effect March 1, 1980, which is engaged in any industrial or commercial activity. For the purposes of sections 1 to 3, a small business includes a cooperative association organized pursuant to chapter 308, a charitable organization as defined in section 309.50, a nonprofit corporation as defined in section §17.02, a conservation service company, or a labor union. A small business also includes a family farm, a family farm corporation, or an authorized farm corporation as defined in section 500.24, subdivision 2.

(d) "Target small business" for the purpose of section 2, subdivision 6, means a small business entity as defined in clause (c) which:

(1) Is not an affiliate or subsidiary of a business dominant in its field of operation;

(2) Has 50 or fewer full time employees or not more than the equivalent of \$2,000,000 in annual gross revenues in the preceding fiscal year; and

(3) Demonstrates a commitment to employ individuals who are from low income households and have a history of unemployment.

(e) "Dominant in its field of operation" means having more than 50 full time employees and more than \$2,000,000 in annual gross revenues.

(f) "Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in its field of operation.

(g) "Financial institution" means any bank or other financial corporation described in chapter 47, any insurance company licensed to do business under chapter 60A, any securities broker-dealer licensed under chapter 80A, and any credit union.

(h) "Renewable energy system" includes, but is not limited to, the systems that qualify under the provisions of section 290.06, subdivision 14 and the rules promulgated under it except that qualifying systems described in section 290.06, subdivision 14, clause (c) may sell any fuels they produce.

(i) "Conservation" means a capital investment designed to reduce the use of energy so that the resulting fuel savings amortize the cost of the investment over a period of ten years or less.

(j) "Municipality" means any city, however organized, or any municipal power agency governed by chapter 453, or any group or combination of those units operating under an agreement to jointly undertake projects authorized by sections 1 to 3.

**Subd. 4. [ENERGY COMMISSION.]** An energy financing commission is established to carry out the powers and duties authorized in sections 1 to 3 to implement a loan program by which, in cooperation with cities, towns, counties and private or public lenders, adequate funds may be provided on sufficiently favorable terms to assist and encourage the establishment, maintenance and growth of small renewable energy and conservation businesses in Minnesota and to reduce to a manageable level the cost of energy to businesses and municipalities. The commission shall make loans to assist small businesses and municipalities in the manufacture, design, distribution, maintenance, installation or acquisition of renewable energy systems and energy conservation materials and devices.

Because of its ability to pool or combine loans to be funded from one or more issues of bonds, the commission will be able to spread its financing costs among the municipalities, small businesses and individuals to which the commission makes loans.

**Subd. 5. [PURPOSE.]** Sections 1 to 3 are enacted to promote the welfare and prosperity of the state by maintaining and increasing the career and job opportunities of its citizens, by reducing waste of resources and by protecting and enhancing the tax base on which state and local governments depend for the financing of public services.

**Subd. 6. [LIABILITY.]** Neither the state nor any other agency or political subdivision of the state shall be liable on any bond, note or other obligation of the commission, and no bond, note, or other obligation of the commission shall constitute a debt or loan of credit of the state or any political subdivision.

**Subd. 7. [LIMIT OF STATE ACTION.]** The state pledges and agrees with all holders of obligations of the commission that it will not limit or alter the rights vested in the commission to fulfill their terms, and will not in any way impair the rights or remedies of the holders, until all of the obligations and interest on them, with interest on any unpaid installments of interest and all costs and expenses in connection with any action or proceeding by or on behalf of the holders to enforce the payment and other provisions of the obligations, are fully met and discharged. The commission may include and recite this pledge and agreement of the state in any obligation or related document.

Subd. 8. [POWERS OF THE STATE.] *This section does not affect the power of the state to supervise and control the commission or to discontinue its operation or alter its organization, programs or activities or transfer its powers to a successor agency, but the action of the state must be consistent with the provisions of subdivision 7 and title to all property owned by the commission at the time of the state's action must remain or vest in the commission, its successor or the state, as the case may be.*

Subd. 9. [TAXES.] *The property of the commission and its income and operation shall be exempt from all taxation by the state or any of its political subdivisions and all bonds and notes of the commission shall be exempt from all taxation by the state or any of its political subdivisions.*

Subd. 10. [BONDS; TAX STATUS.] *The state covenants with the purchasers and all subsequent holders and transferees of notes and bonds issued by the commission in consideration of the acceptance of and payment for the notes and bonds, that the notes and bonds of the commission issued pursuant to sections 1 to 3 and the income from them and all its fees, charges, gifts, grants, revenues, receipts, and other moneys received or to be received, pledges to pay or secure the payment of the notes or bonds shall at all times be free and exempt from all state, city, county or other taxation provided by the laws of the state, except for estate and gift taxes and taxes on transfers, and except for the Minnesota corporate franchise tax measured by income, so long as the interest on federal bonds is included in the income by which the corporate franchise tax is measured.*

Subd. 11. [COMMISSION; MEMBERS.] *The commission shall have five members knowledgeable about energy appointed by the governor with the advice and consent of the senate. The commissioners shall include:*

- (a) *One renewable energy or conservation entrepreneur managing a small business;*
- (b) *One officer from a commercial lending institution; and*
- (c) *One labor union official.*

*The director of the energy agency, the director of the housing finance agency, and the commissioner of economic development shall serve as ex officio members of the commission.*

Subd. 12. [TERMS.] *The commissioners shall serve three year terms. The first members shall be appointed for terms as follows: (a) one for a term ending the first Monday in January, 1982; (b) two for terms ending the first Monday in January, 1983; and (c) two for terms ending the first Monday in January, 1984.*

*Subd. 13. [CHAIR.] The members of the commission shall annually elect a chairman and other officers they deem necessary.*

*Subd. 14. [STAFF.] The commission shall hire permanent and temporary employees necessary for the performance of its duties. The commission may enter into agreements under which the housing finance agency will provide administrative support for the commission.*

*Subd. 15. [SERVICES.] The commission shall identify general consultative and technical services to assist in financing municipalities and small business facilities for which loans may be made pursuant to section 2. It may enter into agreements or other transactions concerning the receipt or provision of those services.*

**Sec. 2. [116H.136] [LOANS.]**

*Subdivision 1. [GENERAL.] The commission may make or purchase or participate with financial institutions in making or purchasing renewable energy loans or energy conservation loans upon the conditions described in this section, and may enter into commitments for loans.*

*Subd. 2. [LOAN PURCHASES.] The commission may participate with financial institutions in making or purchasing business loans not exceeding \$1,000,000 in principal amount, to be serviced by the institutions, provided that:*

*(a) The commission's share shall not exceed 90 percent of the total principal amount, and shall be payable with interest at the same times but not necessarily at the same interest rate as the share of the financial institution, and both shares shall be equally and ratably secured by a valid mortgage on or security interest in real and personal property;*

*(b) The total principal amount shall not exceed 90 percent of the value of the property securing the loan, unless the amount in excess of 90 percent is:*

*(1) Loaned from available funds which are not proceeds received directly from the sale of the commission's bonds or notes and are not restricted under the terms of any resolution or indenture securing bonds or notes, or*

*(2) Insured or guaranteed by a federal agency or by a private insurer qualified to write the insurance in the state, insuring a percentage of any claim for loss at least equal to the percentage by which the loan exceeds 90 percent of the value;*

(c) *The value of the property securing the loan shall be certified by the participating financial institution, on the basis of appraisals, bids, purchase orders, and engineers' certificates as the commission may require;*

(d) *The commission shall not disburse more than one-third of the total funds under a commitment to participate in a loan for the construction or substantial improvement of property until the construction or improvement has been completed in accordance with plans and specifications, unless the financial institution furnishes an irrevocable letter of credit or a qualified corporate surety furnishes payment and performance bonds, satisfactory to the commission and in an aggregate amount equal to the amount payable under the construction contract; and*

(e) *No other indebtedness may be secured by a mortgage on or security interest in property securing a business loan made or purchased pursuant to this subdivision.*

*Subd. 3. [LOANS; AMOUNT.] The commission may make small business and municipal loans not exceeding \$200,000 in principal amount, but each loan shall be made only from the proceeds of a bond or note sold and issued to a financial institution, payable exclusively from the repayments of principal and interest on the loan, which shall be assigned to and serviced by the financial institution.*

*Subd. 4. [ASSURED FINANCING.] No loan of state funds for any project shall be disbursed until the commission has determined the total estimated cost of a qualified project and ascertained that financing of the project is assured by:*

(a) *A loan or grant of funds authorized by state law;*

(b) *A grant of funds by an agency of the federal government which is within the amount of funds appropriated to that agency and allocated by it to the project;*

(c) *A grant or loan of funds from any other public or private entity;*

(d) *The appropriation of the proceeds of bonds or other funds of a municipality; or*

(e) *Any combination of the sources referred to in clauses (a) to (d).*

*Subd. 5. [MUNICIPAL PLEDGE.] In addition to the requirements of subdivision 4, no loan of state funds shall be disbursed until the governing body of qualifying municipality has adopted a resolution agreeing to utilize not only all funds*

*it allocates specifically for the qualifying project, but also to pay any additional amount by which the cost of the project exceeds those allocated funds. The resolution shall agree to obtain the additional amounts which are necessary to fully fund the project from either the appropriation of additional municipal funds or the appropriation of the proceeds of additional bonds to be issued by the municipality.*

*Subd. 6. [LOANS; TYPES.] The commission shall make every effort to assure that at least 40 percent of the principal amount of the loans made or purchased by the agency in each fiscal year consists of loans to target small businesses as defined in section 1, subdivision 3, clause (d), and shall provide technical assistance needed by target small business owners to complete applications and meet other requirements for those loans. The commission shall report to the legislature annually on or before October 1 as to its compliance with the requirements of this subdivision during the preceding fiscal year.*

*Subd. 7. [REPORTS]. (a) Each financial institution which participates in a residential or business loan with the commission shall annually on or before March 1 submit a report for the prior calendar year to the agency on a form prescribed by the state auditor. The report shall include a listing of each new and outstanding loan in which the financial institution is a participant, the amount and terms of the loan, the purpose of the loan and any other information as the state auditor may reasonably require.*

*(b) The commission shall annually on or before May 1 submit a report on a form prescribed by the state auditor for the prior calendar year to the state auditor on all loans which it makes, purchases or participates in. The report shall include a listing of each new and outstanding loan in which the financial institution is a participant, the amount and terms of the loan, the purpose of the loan and any other information the state auditor may reasonably require.*

*(c) The state auditor shall annually on or before July 1 submit a report for the prior calendar year to the governor and the legislature summarizing the report submitted pursuant to clause (b).*

*(d) The cost of preparing and submitting the reports required by this subdivision shall be borne by the party submitting it. Any financial institution which fails to comply with the requirements of this subdivision shall be prohibited from participating in future loans until it complies.*

[PROPERTY; DEFAULT.] It may acquire real property, or an interest in real property, in its own name, by purchase or foreclosure, when the acquisition is necessary or appropriate to protect any loan in which the agency has an interest and may sell, transfer and convey the property to a buyer and, if sale, transfer or conveyance cannot be effected with reasonable promptness or at a reasonable price, may lease the property to a tenant.*

*Subd. 8. [LOANS; SALES.] It may sell, at public or private sale, any note, mortgage or other instrument or obligation evidencing or securing a loan.*

In an unorganized territory, the board of county commissioners of the county in which the tract is located shall act as the town board. The proceedings of the town board shall be in accordance with section 164.07. The amount of damages shall be paid by the petitioner to the town before such cartway is opened. For the purposes of this subdivision damages shall mean the compensation, if any, awarded to the owner of the land upon which the cartway is established together with the cost of professional and other services which the town may incur in connection with the proceedings for the establishment of the cartway.

Town road and bridge funds shall not be expended on the cartway unless the town board, or the county board acting as the town board in the case of a cartway established in an unorganized territory, by resolution determines that an expenditure is in the public interest. If no resolution is adopted to that effect, the grading or other construction work and the maintenance of the cartway is the responsibility of the petitioner, subject to the provisions of section 164.10. After the cartway has been constructed the town board, or the county board in the case of unorganized territory, may by resolution designate the cartway as a private driveway with the written consent of the affected landowner in which case from the effective date of the resolution no town road and bridge funds shall be expended for maintenance of the driveway; provided that the cartway shall not be vacated without following the vacation proceedings established under section 164.07.

(9) To authorize the town board, by vote, to purchase grounds for a town cemetery, and limit the price to be paid, and to vote a tax for the payment thereof;

(10) To authorize the town, either by itself or in conjunction with one or more other towns, to purchase grounds for a public park and to limit the price to be paid therefor, to authorize the town, alone or in conjunction with such other town or towns, to care for, improve, and beautify such parks, and to determine, by ballot, the amount of money to be raised for that purpose, and to vote a tax for the payment thereof;

## 3.02 Odd Year Session Adjournment

## 3.03 Interim Committee and Commission Reports

## ARTICLE I: JOINT CONVENTION

## HOW GOVERNED

Rule 1.01. The Speaker of the House shall preside at all Conventions of the two houses of the Legislature and shall call the members to order. The Chief Clerk of the House shall be the Secretary and the Sergeant at Arms of the House shall be the Sergeant at Arms of the Convention.

## PRESIDENT'S DUTIES

Rule 1.02. The President of the Convention shall preserve order and decorum. He may speak on all points of order in preference to other members and shall decide questions of order, subject to an appeal to the Convention by any member. He shall rise to put a question but may state it while seated.

## PRESIDENT'S RIGHT TO VOTE

Rule 1.03. The President shall have the right to vote in all cases except appeals from his decisions. He shall vote last on all questions.

## STATING QUESTIONS

Rule 1.04. Questions shall be put to the Convention in the following form: "As many as are of the opinion that (the question) shall pass, say 'Aye.'" After an affirmative vote is expressed the nays shall be called as follows: "As many as are of the contrary opinion, say 'No.'" If the President is in doubt or a division is called, those in the affirmative shall rise first and those in the negative afterward.

## ORDER OF DEBATE

Rule 1.05. When any member wishes to speak to the Convention on any matter, he shall rise and respectfully address the President, and not speak further until recognized. He shall con-

fine himself to the question under debate and avoid personal remarks. When two or more members rise at the same time, the President shall designate the member to speak first. No member shall speak more than twice on the same question without permission of the Convention.

#### CALLING MEMBER TO ORDER

Rule 1.06. If any member of the Joint Convention is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Secretary shall record them. No member may be called to order for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place. A member called to order shall immediately sit down unless another member moves to permit him to explain. In any case, the Joint Convention, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed.

#### CALL OF THE CONVENTION

Rule 1.07. Five members may demand a call of the Convention at any time except after voting has commenced. When such a call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave the Chamber, unless excused by the President, until the call is lifted. Proceedings under the roll call may be suspended by a majority vote of all the members of the Convention. A call of the Convention may be lifted by a majority vote of all the members of the Convention.

#### ELECTIONS

Rule 1.08. In all elections by the Joint Convention, members shall vote viva voce and the role of Senate members shall be called first. Whenever there is an election of any officer in Joint Convention, the result shall be certified by the President of the Senate and the Speaker of the House and announced by them to their respective houses. The result shall be entered on the Journal of each house and communicated to the Governor by the Secretary of the Convention.

#### NO SMOKING

Rule 1.09. No person is permitted to smoke in the Chamber or in the gallery during a Joint Convention.

#### PARLIAMENTARY PROCEDURE

Rule 1.10. The rules of the House shall be the Rules of the Joint Convention of both houses in all cases in which the foregoing rules are not applicable.

## ARTICLE II: BILLS

## FORM

Rule 2.01. The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision.

Reference shall be made to Minnesota Statutes for the provisions appearing therein unless reference to previous session laws is required for some special reason.

Bills shall refer to Minnesota Statutes as follows:

"Minnesota Statutes . . . . ., Section . . . . ."

Bills shall refer to the session laws as follows:

"Laws . . . . ., Chapter . . . . ., Section . . . . ."

A bill for the amendment of a statute shall contain the full text of the section or subdivision to be amended as it appears in the latest edition of Minnesota Statutes unless it has been amended (AT A LATER SESSION), in which event it shall contain the full text as amended.

The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. In the omnibus appropriation bills required by Joint Rule 2.02, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored. Before a committee favorably reports upon a bill, the chairman of the committee shall see that the bill conforms to this rule. (PRINTED BILLS SHALL BE IN THE SAME FORM.) When a bill is printed in the Journal, the new matter shall be in italics or underscored and the matter to be eliminated shall be capitalized and in parentheses or stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purposes of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled "REVISOR'S BILL" immediately below the title, and if there is attached thereto a memorandum of information explaining the reasons for the bill.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes.

If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for examination. Any such headnotes shall be capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, Section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of law shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers or parentheses.

#### APPROPRIATING MONEY

Rule 2.02. The same bill shall not appropriate public money or property to more than one local or private purpose.

No clause appropriating money for a local or private purpose shall be contained in a bill appropriating money for the State government or public institutions. All resolutions authorizing the issuing of abstracts by the Secretary of the Senate or the Chief Clerk of the House for the payment of money shall be upon the call of "yeas" and "nays."

*In odd-numbered years, at least twenty calendar days prior to the (ADJOURNMENT OF) last day the Legislature can meet in regular session [April 28, 1981], the Committee on Finance of the Senate and the Committee on Appropriations of the House shall report to their respective houses, unless directed by concurrent resolution to report different appropriation bills, eight separate appropriation bills as follows:*

(a) A bill appropriating money for the general administrative and judicial expenses of the State government for the succeeding two fiscal years including salaries, office expenses and supplies and other necessary expenses connected therewith;

(b) A bill covering all appropriations relating to public welfare, health and corrections for the support and maintenance of all State penal and charitable institutions, and other institutions of the State except educational for the two succeeding fiscal years;

(c) A bill appropriating money for the support and maintenance of all State educational institutions for the two succeeding fiscal years;

(d) A bill covering all appropriations providing for the payment of claims against the State of Minnesota which may have

been allowed by the Finance Committee of the Senate or the Appropriations Committee of the House;

(e) A bill covering all appropriations made for semi-state activities;

(f) A bill covering all appropriations for construction and major rehabilitation of public buildings to be financed by issuance of bonds;

(g) A bill covering all appropriations for maintenance, repair, and minor rehabilitation and construction of public buildings; and

(h) A bill covering appropriations for the department of transportation.

No other appropriations shall be contained in any of said bills but all other appropriations shall be contained in separate bills.

#### DEADLINES

Rule 2.03. (a) In (1978) *odd-numbered years*, committee reports on bills favorably acted upon by a committee in the house of origin after the *fifth Friday (, MARCH 3) prior to the last Friday on which the Legislature can meet in regular session [April 10, 1981]*, and committee reports on bills originating in the other house favorably acted upon by a committee after the *third Friday (, MARCH 10) prior to the last Friday on which the Legislature can meet in regular session [April 24, 1981]* shall be referred in the Senate to the Committee on Rules and Administration, and in the House of Representatives to the Committee on Rules and Legislative Administration for disposition. Referral is not required when a committee after (MARCH 3) *the earlier date* and by (MARCH 10) *the later date set by this paragraph* acts on a bill that is a companion to a bill that has met the (MARCH 3) *earlier* deadline in the other house. This rule does not apply to the Senate Committees on Finance and on Taxes and Tax Laws, and the House Committees on Appropriations and on Taxes.

Conference committees on the major appropriation bills specified in Joint Rule 2.02 shall have their reports on the members' desks by (TUESDAY, MARCH 14) *the last Thursday on which the Legislature can meet in regular session [May 14, 1981]*. After (WEDNESDAY, MARCH 15) *the last Friday on which the Legislature can meet in regular session [May 15, 1981]*, neither house shall act on bills other than those contained in:

((A) 1) Reports of conference committees;

((B) 2) Messages from the other house;

((C) 3) Reports of the Committee on Rules and Administration in the Senate or the Committee on Rules and Legislative Administration in the House; or

((D) 4) Messages from the governor.

*(b) In even-numbered years the Legislature shall establish by concurrent resolution deadlines comparable to those set by paragraph (a) based on the date intended to be the date of adjournment sine die.*

#### AMENDING BILLS ORIGINATING IN OTHER HOUSE

Rule 2.04. Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

#### RECEDING FROM POSITION

Rule 2.05. Prior to a conference committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the Constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

#### CONFERENCE COMMITTEES

Rule 2.06. In all cases of disagreement between the Senate and House on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a Conference Committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee.

The manner of procedure shall be as follows: The house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a conference committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin.

At an agreed upon hour the conference committee shall meet. The members from each house shall state to the members from the other house, orally or in writing, the reason for their re-

spective positions. The members shall confer thereon and shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement. (WITHIN SEVEN CALENDAR DAYS AFTER THE APPOINTMENT OF A CONFERENCE COMMITTEE, AND EVERY SEVEN CALENDAR DAYS THEREAFTER UNTIL SUCH TIME AS THE CONFERENCE COMMITTEE IS DISCHARGED, THE CONFERENCE COMMITTEE SHALL REPORT ITS PROGRESS TO EACH HOUSE.) If an agreement is reported, the house of origin shall act first upon the report. If the report is adopted and repassed as amended by the conference committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house.

All Conference Committees shall be open to the public. Meetings of Conference Committees shall be announced as far in advance as practical.

Except (ON THE LAST TWO DAYS ON WHICH A BILL MAY BE PASSED IN ANY YEAR) *after the last Thursday on which the Legislature can meet in regular session in odd-numbered years [May 14, 1981], and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution required by Rule 2.03, paragraph (b), to meet in regular session in even-numbered years,* a written copy of a report of a Conference Committee shall be placed on the desk of each member of a house twelve hours before action on the report by that house. If the report has been reprinted in the Journal of either house for a preceding day and is available to the members, the Journal copy shall serve as the written report.

#### ENROLLMENT AND SIGNATURE

Rule 2.07. After a bill or memorial has been passed by both houses, it shall be carefully and properly enrolled by the Revisor of Statutes under the direction of the Secretary of the Senate for a matter originating in the Senate or the Chief Clerk of the House for a matter originating in the House. The Revisor of Statutes shall obtain the signatures and certificates of the proper officers to the enrolled copy of the bill or memorial and present it to the Governor for his approval.

A bill or memorial may be prepared for presentation to the Governor on good quality paper approximately 8 1/2" x (13) 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "An Act" and it shall be identical to the bill passed by the Legislature. An enrolled bill which is amendatory of any existing law or constitutional provision shall indicate deletions and additions in the manner provided in Rule 2.01 for printed bills.

If the report contains legislative recommendations, a copy of any proposed legislation, particularly if extensive in character, shall if possible be attached as an exhibit at the end of the report.

Interest at the rate of one-twelfth of eight percent for every 30 days shall not be construed to exceed eight percent per annum; nor shall the payment of interest in advance of one year, or any less time, at a rate not exceeding eight percent per annum constitute usury; and nothing herein shall prevent the purchase of negotiable mercantile paper, usurious or otherwise, for a valuable consideration, by a purchaser without notice, at any price before the maturity of the same, when there has been no intent to evade the provisions of this chapter, or where such purchase has not been a part of the original usurious transactions; but where the original holder of a usurious note sells the same to an innocent purchaser, the maker thereof, or his representatives, may recover back from the original holder the amount of principal and interest paid by him on the note. "Section 1. [80E.01] [LEGISLATIVE PURPOSE AND INTENT.]

*The legislature finds and declares that the distribution and sale of motor vehicles within this state vitally affects the general economy of the state and the public interest and the public welfare, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it*

*is necessary to regulate and license motor vehicle manufacturers, distributors or wholesalers, and factory or distributor representatives, and to regulate dealers of motor vehicles doing business in this state in order to prevent fraud, impositions, and other abuses upon its citizens and to protect and preserve the investments and properties of the citizens of this state.*

**Sec. 2. [80E.02] [APPLICABILITY.]**

*The provisions of sections 1 to 17 shall apply to all new motor vehicle dealers and contracts existing between new motor vehicle dealers and manufacturers on the effective date of sections 1 to 17 and to all subsequent contracts between new motor vehicle dealers and manufacturers.*

**Sec. 3. [80E.03] [DEFINITIONS.]**

*Subdivision 1. [TERMS.] As used in sections 1 to 17, unless the context otherwise requires, the following terms have the meanings given them.*

*Subd. 2. [MOTOR VEHICLE.] "Motor vehicle" is as defined in Minnesota Statutes, Section 168.011, Subdivision 4, but does not include farm implements or machinery or special mobile equipment as defined in section 168.011, subdivision 22.*

*Subd. 3. [DEALER.] "New motor vehicle dealer" or "dealer" means a person who in the ordinary course of business is engaged in the business of selling new motor vehicles to consumers or other end users and who holds a valid sales and service agreement, franchise, or contract, granted by a manufacturer, distributor, or wholesaler for the sale of its motor vehicles.*

*Subd. 4. [MANUFACTURER.] "Manufacturer" means any person who manufactures or assembles new motor vehicles or any person, partnership, firm, association, joint venture, corporation, or trust which is controlled by the manufacturer.*

*Subd. 5. [DISTRIBUTOR.] "Distributor" means any person who in whole or in part offers for sale, sells, or distributes any new motor vehicle to new motor vehicle dealers, or who maintains factory representatives or who controls any person who in whole or in part offers for sale, sells, or distributes any new motor vehicle to new motor vehicle dealers.*

*Subd. 6. [FACTORY BRANCH.] "Factory branch" means a branch office maintained by a manufacturer for the purpose of selling, or offering for sale, motor vehicles to a distributor or new motor vehicle dealer, or for directing or supervising in whole or in part factory or distributor representatives.*

*Subd. 7. [NEW MOTOR VEHICLE.] "New motor vehicle" means a motor vehicle which is in the possession of a manufacturer, distributor, or wholesaler, or has been sold only to the holders of a valid sales and service agreement, franchise, or contract, granted by the manufacturer, distributor, or wholesaler for the sale of the new motor vehicle and which is in fact new and on which the original title has not been issued from the franchised dealer.*

*Subd. 8. [FRANCHISE.] "Franchise" means the agreement or contract between any new motor vehicle manufacturer, written or otherwise, and any new motor vehicle dealer which purports to fix the legal rights and liabilities of the parties to the agreement or contract.*

*Subd. 9. [GOOD FAITH.] "Good faith" means honesty in fact and the observation of reasonable commercial standards of fair dealing in the trade as is defined and interpreted in Minnesota Statutes, Section 336.2-103, Clause (1) (b).*

*Subd. 10. [DESIGNATED FAMILY MEMBER.] "Designated family member" means the spouse, child, grandchild, parent, brother, or sister of the owner of a new motor vehicle dealer who, in the case of the owner's death, is entitled to inherit the ownership interest in the new motor vehicle dealer under the terms of the owner's will or who, in the case of an incapacitated owner of a new motor vehicle dealer, has been appointed by a court as the legal representative of the new motor vehicle dealer's property.*

*Subd. 11. [RELEVANT MARKET AREA.] "Relevant market area" means the area within a radius of ten miles around an existing new motor vehicle dealer.*

**Sec. 4. [80E.04] [WARRANTY OBLIGATIONS TO DEALERS.]**

*Subdivision 1. [REQUIREMENTS.] Each new motor vehicle manufacturer shall specify in writing to each of its new motor vehicle dealers licensed in this state the dealer's obligations for preparation, delivery, and warranty service on its products. The manufacturer shall also compensate the new motor vehicle dealer for warranty service and parts required of the dealer by the manufacturer, and shall provide the dealer the schedule of compensation to be paid the dealer for parts, work, and service in connection with warranty services, and the time allowance for the performance of the work and service.*

*Subd. 2. [REASONABLE COMPENSATION FOR SERVICES.] In no event shall the schedule of compensation fail to include reasonable compensation for diagnostic work, as well as repair service, parts, and labor. Time allowances for the diag-*

*nosis and performance of warranty work and service shall be reasonable and adequate for the work to be performed. In the determination of what constitutes reasonable compensation under this section, the principal factors to be given consideration shall be the prevailing wage rates paid by dealers in the community in which the dealer is doing business, and in no event shall the hourly labor rate paid to a dealer for warranty services be less than the rate charged by the dealer for like service to non-warranty customers for nonwarranty service and repairs unless the rate is determined to be unreasonable.*

*Subd. 3. [VIOLATIONS.] It is a violation of this section for any new motor vehicle manufacturer to fail to: (a) perform any warranty obligations that it undertakes under the motor vehicle manufacturer's warranty; (b) include in written notices of factory recalls to new motor vehicle owners and dealers the expected date by which necessary parts and equipment will be available to dealers for the correction of the defects; or (c) to compensate any of the motor vehicle dealers licensed in this state for repairs effected by a recall.*

*Subd. 4. [PAYMENT OF CLAIMS.] All claims made by new motor vehicle dealers pursuant to this section for labor and parts shall be paid within 30 days of their approval. Claims shall be either approved or disapproved within 30 days after they are submitted to the manufacturer in the manner and on the forms it prescribes, and any claims not specifically disapproved in writing within 30 days after the manufacturer receives them shall be construed to be approved and payment must follow within 30 days; provided, however, that the manufacturer retains the right to audit the claims for a period of two years and to charge back any amounts paid on unsubstantiated or fraudulent claims.*

*Subd. 5. [PRODUCT LIABILITY; LIMITATION.] As between the dealer and the manufacturer, the obligations imposed by this section shall constitute the dealer's only responsibility for product liability based in whole or in part on strict liability in tort.*

**Sec. 5. [80E.05] [INDEMNIFICATION REQUIRED.]**

*Notwithstanding the terms of any franchise agreement to the contrary, it shall be a violation of sections 1 to 17 for any new motor vehicle manufacturer to fail to indemnify and hold harmless its franchised dealers against any judgment for damages, including, but not limited to, those based on strict liability, negligence, misrepresentation, warranty (express or implied), or revocation of acceptance as is defined in Minnesota Statutes, Section 336.2-608, where the complaint, claim, or lawsuit relates solely to the alleged defective or negligent manufacture, assembly, or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer.*

Sec. 6. [80E.06] [CANCELLATIONS; TERMINATIONS.]

*Subdivision 1. [REQUIREMENTS.] Notwithstanding the terms of any franchise agreement or waiver to the contrary, no manufacturer shall cancel or terminate any franchise relationship with a licensed new motor vehicle dealer unless the manufacturer has:*

- (a) *Satisfied the notice requirement of section 8;*
- (b) *Acted in good faith as defined in section 3, subdivision 9; and*
- (c) *Good cause for the cancellation or termination.*

*Subd. 2. [CIRCUMSTANCES CONSTITUTING GOOD CAUSE.] Notwithstanding the terms of any franchise agreement or waiver to the contrary, good cause exists for the purposes of a termination or cancellation, when the new motor vehicle dealer fails to comply with a provision of the franchise which is both reasonable and of material significance to the franchise relationship; provided, that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of the failure; and*

*If failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer; provided, that the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; the notification stated that notice was provided for failure of performance pursuant to sections 1 to 17; the new motor vehicle dealer was afforded a reasonable opportunity in no event less than six months to comply with the criteria; and the dealer did not demonstrate substantial progress towards compliance with the manufacturer's performance criteria during the period.*

Sec. 7. [80E.07] [CANCELLATION, TERMINATION; LIMITATIONS.]

*Subdivision 1. [CIRCUMSTANCES NOT CONSTITUTING GOOD CAUSE.] Notwithstanding the terms of any franchise agreement or waiver to the contrary, the following examples represent circumstances which do not by themselves constitute good cause for the termination or cancellation of a franchise:*

- (a) *A change of ownership of the new motor vehicle dealer's dealership. This paragraph does not authorize any change in*

ownership which would have the effect of the sale of the franchise without the manufacturer's or distributor's consent, but consent shall not in any case be unreasonably withheld. The burden of establishing the reasonableness is on the franchisor;

(b) The fact that the new motor vehicle dealer refused to purchase or accept delivery of any new motor vehicle parts, accessories, or any other commodity or services not ordered by the new motor vehicle dealer, other than parts necessary to conduct recall campaigns; or

(c) The fact that the new motor vehicle dealer owns, invests in, participates in the management of, holds a license for the sale of another make or line of new motor vehicle, or has established another make or line of new motor vehicle in the same dealership facilities as those of the manufacturer; provided, that the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the franchise and with any reasonable facilities' requirements of the manufacturer.

Subd. 2. [BURDEN OF PROOF.] The manufacturer has the burden of proving that it acted in good faith; that the notice requirements have been complied with; and that there was good cause for the franchise termination or cancellation.

## Sec. 8. [80E.08] [NOTICE OF TERMINATION OR CANCELLATION.]

Subdivision 1. [REQUIREMENTS.] Notwithstanding the terms of any franchise agreement or waiver to the contrary, prior to the termination or cancellation of any franchise, the manufacturer shall furnish notice of the termination, cancellation, or nonrenewal to the new motor vehicle dealer as provided in subdivision 2.

Subd. 2. [GENERALLY.] Notice shall be in writing and except as provided in subdivision 3 shall be given not less than 90 days prior to the effective date of the termination or cancellation.

Subd. 3. [SPECIFIC EXCEPTIONS.] (1) At least 15 days notice must be provided with respect to terminations or cancellations involving the following circumstances:

(a) Conviction of or plea of *nolo contendere* of a franchised motor vehicle dealer, or one of its principal owners, of a crime which constitutes a felony as defined in Minnesota Statutes, Section 609.02, Subdivision 2;

(b) *The business operations of the franchised motor vehicle dealer have been abandoned or closed for seven consecutive business days unless the closing is due to an act of God, strike or labor difficulty, or other cause over which the dealer has no control;*

(c) *A significant misrepresentation by the new motor vehicle dealer; or*

(d) *The suspension, revocation, or refusal to renew the franchised motor vehicle dealer's license pursuant to Minnesota Statutes, Section 168.27.*

(2) *Not less than 180 days notice must be provided prior to the effective date of cancellation or termination where the manufacturer or distributor is discontinuing the sale of the product line.*

**Subd. 4. [CONTENTS AND DELIVERY.]** *The notice shall be sent by certified mail or personally delivered to the new motor vehicle dealer. The notice shall contain the following information:*

(a) *A statement of intention to terminate or cancel the franchise;*

(b) *A statement of the reasons for the termination or cancellation; and*

(c) *The date on which the termination or cancellation takes effect.*

**Sec. 9. [80E.09] [PAYMENTS REQUIRED UPON TERMINATION.]**

**Subdivision 1. [REQUIREMENTS.]** *Upon the termination or cancellation of any franchise, the new motor vehicle dealer shall, in the time prescribed, be allowed fair and reasonable compensation by the manufacturer for the following items:*

(a) *New motor vehicle inventory which was originally acquired from the manufacturer;*

(b) *Equipment and furnishings if the new motor vehicle dealer purchased them from the manufacturer;*

(c) *Special tools;*

(d) *Supplies, including parts, purchased from the manufacturer. Fair and reasonable compensation as applied to parts means that the manufacturer shall reimburse the dealer for 100 percent of the net cost of all current unused automobile and*

*truck parts, including transportation charges, and 85 percent of the current net prices on repair parts, including superseded parts listed in current price lists or catalogs plus five percent of the current net price of all parts returned to compensate the dealer for the handling, packing, and loading of the parts;*

*(e) Except as provided in clause (f), dealership facilities if the facilities were required to be purchased or constructed as a precondition to obtaining the franchise or its renewal by the manufacturer. If the facilities described in this clause were leased and the lease was required by the manufacturer as a precondition to obtaining the franchise or to its renewal, then the manufacturer is liable for one year's payment of the rent or the remainder of the term of the lease, whichever is less. The manufacturer has no obligations under this clause if the termination or cancellation was for good cause based on the conviction or a plea of nolo contendere of the dealer or one of its principal owners for a crime which constitutes a felony as defined in Minnesota Statutes, Section 609.02, Subdivision 2, or where it has been demonstrated at the hearing that the new motor vehicle dealer has repeatedly exhibited a course of conduct constituting fraud with respect to the manufacturer or the general public;*

*(f) In the event the termination or cancellation is due to a failure of performance of the dealer in sales or service as described in section 6, subdivision 2, the manufacturer shall have no obligation to purchase facilities owned by the dealer but shall be required to pay the dealer a sum equivalent to the reasonable rental value of the facilities for one year. In all other respects the provisions of clause (e) shall apply.*

**Subd. 2. [TIME IN WHICH PAYMENTS MUST BE MADE.]** *Fair and reasonable compensation shall be paid by the manufacturer when possible within 90 days of the effective date of termination or cancellation as long as this period will allow compliance with the notification requirements of Minnesota Statutes, Sections 336.6-101 to 336.6-111 or any other state or federal laws relating to creditor notification.*

**Subd. 3. [VOLUNTARY TERMINATIONS OR CANCELLATIONS.]** *For the purposes of reimbursement under this section, termination or cancellation includes a voluntary termination or cancellation by the dealer.*

**Sec. 10. [80E.10] [NONRENEWALS.]**

**Subdivision 1. [GENERAL PROVISIONS.]** *No manufacturer, distributor, or factory branch shall fail or refuse to renew a franchise unless the manufacturer or distributor provides the new motor vehicle dealer at least 12 months written notice of its intention not to renew and clearly indicating therein the specific grounds for nonrenewal and unless during the 12 months prior to expiration of the franchise, the manufacturer or distrib-*

utor permits the dealer to sell or transfer his business to a purchaser meeting the manufacturer's or distributor's then current requirements for granting new franchises and in accordance with the provisions of section 13, clause (j).

*Subd. 2. [PERMITTED IN CERTAIN CIRCUMSTANCES.] A manufacturer or distributor may fail or refuse to renew a franchise where:*

*(a) Termination would be permitted pursuant to sections 1 to 17; or*

*(b) The dealer and the manufacturer or distributor agree not to renew the franchise;*

*(c) The manufacturer discontinues distribution of the franchise product at the dealership location, and does not establish a replacement dealer at or within two miles of that location for a period of at least four years;*

*(d) The manufacturer discontinues production or distribution of the franchise product;*

*(e) The manufacturer discontinues distribution of the franchise product in a geographic area due to federal, state or local laws;*

*(f) The dealer and the manufacturer fail to agree to changes or additions to the terms and conditions of the franchise agreement if the changes or additions would result in renewal of the franchise agreement on substantially the same terms and conditions which the manufacturer or distributor is then customarily granting renewal franchises. The manufacturer or distributor may give the new motor vehicle dealer written notice of a date which is at least 60 days subsequent to the notice, on or before which a proposed written agreement of the terms and conditions of the renewal franchise must be accepted in writing by the dealer; or*

*(g) The business relationship between the parties has deteriorated to the point that a reasonably harmonious association does not exist; provided the deterioration is the result of actions of a serious and significant nature by the dealer which were not caused by or attributable to unlawful acts or unfair practices of the manufacturer or distributor as described in sections 4, 12 and 13, or any federal law, and provided the manufacturer or distributor has made a good faith effort to advise the dealer of the problems contributing to the deterioration and thereby improve the business relationship in the 12 months prior to expiration of the franchise.*

*Subd. 3. [RESTRICTIONS.] Nonrenewal shall not be permitted where the refusal to renew is for the purpose of converting the new motor vehicle dealer's business premises to operation by employees or agents of the manufacturer or distributor. Operation of the premises by employees or agents of the manufacturer or distributor shall be prima facie evidence of intent to convert unless the operation is temporary for a reasonable period or pending sale to any qualified independent person at a fair and reasonable price, or in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions.*

*Subd. 4. [PAYMENTS.] In the event of nonrenewal or failure to renew, the manufacturer or distributor shall be obligated to make the same payments to the dealer and in the same manner, subject to the same limitations and restrictions, as are set forth in section 9.*

*Subd. 5. [CERTAIN FRANCHISES ONLY.] This section applies only when the franchise agreement has a term of at least five years. However, nothing in this section shall prohibit a manufacturer from offering or agreeing before expiration of the current franchise term to extend the term of the franchise for a limited period in order to satisfy the time of notice or nonrenewal requirement contained herein.*

**Sec. 11. [80E.11] [SURVIVORSHIP.]**

*Subdivision 1. [AUTHORIZATION.] Any designated family member of a deceased or incapacitated owner of a new motor vehicle dealer may succeed to the ownership of the new motor vehicle dealer under the existing franchise or distribution agreement if: (a) the designated family member gives the manufacturer, distributor, factory branch, or importer of new motor vehicles written notice of the intention to succeed to ownership of the dealership within 120 days of the owner's death or incapacity; (b) agrees to be bound by all of the terms and conditions of the existing franchise; and (c) unless there exists good cause for refusal to honor the succession on the part of the manufacturer, factory branch, distributor, or importer.*

*Subd. 2. [PERSONAL AND FINANCIAL DATA.] At the time of serving notice under subdivision 1, the designated family member shall provide, upon the request of the manufacturer, distributor, factory branch, or importer, personal and financial data that is reasonably necessary to determine whether the succession should be honored.*

*Subd. 3. [NOTICE OF DISCONTINUANCE OR REFUSAL TO HONOR SUCCESSION.] If a manufacturer, distributor, factory branch, or importer believes that good cause exists for refusing to honor the succession to the ownership and operation*

*of a new motor vehicle dealer by a family member of a deceased or incapacitated owner of a new motor vehicle dealer under the existing franchise agreement, the manufacturer, distributor, factory branch, or importer may, within 60 days after receipt of the personal and financial data requested under subdivision 2, serve notice upon the designated family member of its refusal to honor the succession and of its intent to discontinue the existing franchise agreement with the new motor vehicle dealer no sooner than 90 days from the date the notice is served.*

**Subd. 4. [CONTENTS OF NOTICE.]** *The notice must state the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement with the new motor vehicle dealer.*

**Subd. 5. [EFFECT OF NOTICE NOT TIMELY SERVED.]** *If notice of refusal and discontinuance is not timely served upon the family member, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by sections 1 to 17.*

**Subd. 6. [BURDEN OF PROOF.]** *In determining whether good cause for the refusal to honor the succession exists, the manufacturer, distributor, factory branch, or importer has the burden of proving that the successor is a person who is not of good moral character or does not meet the franchisor's existing and reasonable standards and, considering the volume of sales and service of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area.*

**Subd. 7. [SUCCESSION AGREEMENTS.]** *Notwithstanding the foregoing, in the event the new motor vehicle dealer and franchisor have duly executed an agreement concerning succession rights prior to the dealer's death, the agreement shall be observed, even if it designates an individual other than the surviving spouse or heirs of the franchised motor vehicle dealer.*

**Sec. 12. [80E.12] [UNLAWFUL ACTS BY MANUFACTURERS, DISTRIBUTORS, OR FACTORY BRANCHES.]**

*It shall be unlawful for any manufacturer, distributor, or factory branch to require a new motor vehicle dealer to do any of the following:*

(a) *Order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law which has not been voluntarily ordered by the new motor vehicle dealer;*

(b) *Order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law in order for the dealer to obtain delivery of any*

*other motor vehicle ordered by the dealer or to qualify for or participate in any rebate, refund, or similar program offered by the manufacturer;*

*(c) Order or accept delivery of any new motor vehicle with special features, accessories, or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer or distributor;*

*(d) Participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, showroom, or other display decorations or materials at the expense of the new motor vehicle dealer;*

*(e) Enter into any agreement with the manufacturer or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and the manufacturer. Notice in good faith to any dealer of the dealer's violation of any terms of the franchise agreement shall not constitute a violation of sections 1 to 17;*

*(f) Change the capital structure of the new motor vehicle dealer or the means by or through which the dealer finances the operation of the dealership; provided, that the new motor vehicle dealer at all times meets any reasonable capital standards agreed to by the dealer; and also provided, that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor as provided in section 13, clause (j);*

*(g) Prevent or attempt to prevent, by contract or otherwise, any motor vehicle dealer from changing the executive management control of the new motor vehicle dealer unless the franchisor proves that the change of executive management will result in executive management control by a person who is not of good moral character or who does not meet the franchisor's existing reasonable capital standards and, with consideration given to the volume of sales and services of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area; provided, that where the manufacturer, distributor, or factory branch rejects a proposed change in executive management control, the manufacturer, distributor, or factory branch shall give written notice of its reasons to the dealer;*

*(h) Refrain from participation in the management of, investment in, or the acquisition of, any other line of new motor vehicle or related products; provided, however, that this clause does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and that the new motor vehicle dealer remains in sub-*

*stantial compliance with the terms and conditions of the franchise and with any reasonable facilities requirements of the manufacturer;*

*(i) During the course of the agreement, change the location of the new motor vehicle dealership or make any substantial alterations to the dealership premises during the course of the agreement, when to do so would be unreasonable; or*

*(j) Prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability imposed by sections 1 to 17 or to require any controversy between a new motor vehicle dealer and a manufacturer, distributor, or factory branch to be referred to any person or tribunal other than the duly constituted courts of this state or the United States, if the referral would be binding upon the new motor vehicle dealer.*

**Sec. 13. [80E.13] [UNFAIR PRACTICES BY MANUFACTURERS, DISTRIBUTORS, FACTORY BRANCHES.]**

*It is unlawful and an unfair practice for a manufacturer, distributor, or factory branch to engage in any of the following practices:*

*(a) To delay, refuse, or fail to deliver new motor vehicles or new motor vehicle parts or accessories in reasonable time and in reasonable quantity relative to the new motor vehicle dealer's facilities and sales potential in the dealer's relevant market area, after having accepted an order from a new motor vehicle dealer having a franchise for the retail sale of any new motor vehicle sold or distributed by the manufacturer or distributor, if the new motor vehicle or new motor vehicle parts or accessories are publicly advertised as being available for delivery or actually being delivered. This clause is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer;*

*(b) To refuse to disclose to any new motor vehicle dealer handling the same line make, the manner and mode of distribution of that line make within the relevant market area;*

*(c) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and the other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the new motor vehicle dealer;*

*(d) To increase prices of new motor vehicles which the new motor vehicle dealer had ordered for private retail consumers prior to the dealer's receiving the written official price increase*

*notification. A sales contract signed by a private retail consumer shall constitute evidence of each order if the vehicle is in fact delivered to that customer. In the event of manufacturer price reductions, the amount of any reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer;*

*(e) To offer any refunds or other types of inducements to any new motor vehicle dealer for the purchase of new motor vehicles of a certain line make to be sold to the state or any political subdivision thereof without making the same offer to all other new motor vehicle dealers in the same line make within the relevant market area;*

*(f) To release to any outside party, except under subpoena or in an administrative or judicial proceeding involving the manufacturer or dealer, any business, financial, or personal information which may be provided by the dealer to the manufacturer, without the express written consent of the dealer or unless pertinent to judicial or governmental administrative proceedings or to arbitration proceedings of any kind;*

*(g) To deny any new motor vehicle dealer the right of free association with any other new motor vehicle dealer for any lawful purpose;*

*(h) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursement or authority granted its new vehicle dealers to make warranty adjustments with retail customers;*

*(i) To compete with a new motor vehicle dealer in the same line make operating under an agreement or franchise from the same manufacturer in the relevant market area. A manufacturer shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions; or*

*(j) To prevent a new motor vehicle dealer from receiving fair and reasonable compensation for the value of the new motor vehicle dealership. There shall be no transfer, assignment of the franchise, or major change in the executive management of the dealership, except as is otherwise provided in sections 1 to 17, without consent of the manufacturer, which shall not be unreasonably withheld. Denial of the request must be in writing and delivered to the new motor vehicle dealer within 60 days after the manufacturer receives the information necessary to*

*evaluate the proposed transfer. If a denial is not sent within this period, the manufacturer shall be deemed to have given its consent to the proposed transfer or change.*

**Sec. 14. [80E.14] [LIMITATIONS ON ESTABLISHING OR RELOCATING DEALERSHIPS.]**

*Subdivision 1. [NOTIFICATION; PROTEST; HEARING.] In the event that a manufacturer seeks to enter into a franchise establishing an additional new motor vehicle dealership or relocating an existing new motor vehicle dealership within or into a relevant market area where the line make is then represented, the manufacturer shall, in writing, first notify each new motor vehicle dealer in this line make in the relevant market area of the intention to establish an additional dealership or to relocate an existing dealership within or into that market area. The relevant market area is a radius of ten miles around an existing dealership. Within 15 days of receiving the notice or within 15 days after the end of any appeal procedure provided by the manufacturer, the new motor vehicle dealership may commence a civil action in a court of competent jurisdiction pursuant to section 17 challenging the establishing or relocating of the new motor vehicle dealership. An action brought under this section shall be placed on the calendar ahead of other civil actions to be heard and determined as expeditiously as possible. Thereafter the manufacturer shall not establish or relocate the proposed new motor vehicle dealership unless the court has determined that there is good cause for permitting the establishment or relocation of the motor vehicle dealership.*

*For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership within two miles of a location at which a former dealership of the same line make had been in operation within the previous two years shall not be deemed the establishment of a new motor vehicle dealership.*

*The relocation of an existing dealer within its area of responsibility as defined in the franchise agreement shall not be subject to this section, if the proposed relocation site is not within five miles of an existing dealer of the same line make.*

*Subd. 2. [GOOD CAUSE.] In determining whether good cause has been established for not entering into or relocating an additional franchise for the same line make, the court shall take into consideration the existing circumstances, including, but not limited to:*

(a) *The permanency of the investment;*

(b) *The effect on the retail new motor vehicle business and the consuming public in the relevant market area;*

(c) *Whether it is injurious to the public welfare for an additional new motor dealership to be established;*

(d) *Whether the new motor vehicle dealers of the same line make in that relevant market area are providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area including the adequacy of motor vehicle sales and service facilities, equipment, supply of motor vehicle parts, and qualified service personnel;*

(e) *Whether the new motor vehicle dealers of the same line make in the relevant market area are providing adequate market penetration and representation; provided, that good cause shall not be shown solely by a desire for further market penetration;*

(f) *Whether the establishment of an additional new motor vehicle dealership would increase competition, and therefore be in the public interest; and*

(g) *The growth or decline in population and new car registrations in the relevant market area.*

**Sec. 15. [80E.15] [MANUFACTURERS, DISTRIBUTORS, FACTORY BRANCHES ACTING AS LESSORS.]**

This tax shall be payable at the times, in the manner, and by persons specified in this chapter.

Sec. 17. Minnesota Statutes 1980, Section 174.50, Subdivision 1, is amended to read:

Subdivision 1. State assistance is needed to supplement local effort and the highway user tax distribution fund in financing capital improvements to preserve and develop a balanced transportation system throughout the state. Such a system is a proper function and concern of state government and necessary to protect the safety and personal and economic welfare of all citizens. *It requires capital expenditures for public facilities, improvements, and equipment that are complementary, additional, and alternate to highways and are a proper object for contracting public debt and engaging in works of internal improvement under article XI, section 5, clause (a) of the constitution. These expenditures are needed to harmonize state and local highway systems with the requirements of the federal interstate highways system, to avoid harmful environmental impact of arterial highways on urban, scenic, and recreational areas, to provide auxiliary facilities for the convenience and safety of persons crossing highways and persons living and working adjacent to them, and to reduce the number of private motor vehicles on highways by providing alternate modes of transportation. Capital expenditures of this nature exceed requirements for basic highway systems and should be funded from sources other than the taxes and bonds authorized in article XIV of the constitution. However, the improvements tend to reduce the cost of maintenance of highways to the minimum required for accommodation of traffic, and the cost may and shall continue to be paid from taxes authorized in article XIV of the constitution. Immediate improvement needs are reconstruction and replacement of key bridges and approaches to remove obstructions to the flow of traffic on state and county highways, municipal streets and township roads and expedited completion of the interstate highway system in Minnesota by paying the state and local shares of interstate highway segments, and of interstate highway substitution projects when approved by the United States secretary of*

*transportation, the governor, and the responsible regional councils and local government units.*

**Sec. 18. [TRANSPORTATION FUND APPROPRIATIONS.]**

*\$115,000,000 is appropriated from the state transportation fund to the commissioner of transportation to acquire and better public land, buildings, and capital improvements in accordance with section 174.50 and rules promulgated thereunder, to be expended in the following amounts for the following purposes, respectively:*

*(a) Design, construction, and reconstruction of key bridges and bridge approaches on routes of trunk and interstate highways - \$56,200,000;*

*(b) Payment of the state's share of the cost of completion of segments of the interstate highway system in cooperation with the United States secretary of transportation - \$52,200,000; and*

*(c) Payment of state and local shares of transit and highway projects for service of urbanized areas and connecting corridors in unurbanized areas, approved by the United States secretary of transportation, the governor, and responsible regional councils and local government units, in substitution for interstate routes withdrawn from the areas - \$6,600,000.*

**Sec. 19. [AUTHORIZATION OF BONDS.]**

*To provide the money appropriated in this act from the state transportation fund the commissioner of finance upon request of the governor shall sell and issue bonds of the state in an amount up to \$115,000,000 in the manner, upon the terms, and with the effect prescribed by section 174.51, and by the constitution, article XI, sections 4 to 7. The proceeds of the bonds, except premium and accrued interest, are appropriated to and shall be deposited in the Minnesota state transportation fund for expenditure for the acquisition and betterment of public land, buildings, and capital improvements in accordance with section 18 and section 174.50.*

**Sec. 20. [REPEALER.]**

*Minnesota Statutes 1980, Section 168.013, Subdivision 17, is repealed.*

**Sec. 21. [EFFECTIVE DATE.]**

*Sections 1 to 11 and 20 are effective November 15, 1981, for the year 1982 and subsequent years, provided that for vehicles registered under the monthly system on November 15, 1981, the increases provided in section 3 are effective on the date of the first renewal applications. Section 16 is effective June 1, 1981,*

*and applies to all gasoline and special fuel as defined in section 296.01, subdivision 6, in storage on that date. Sections 12, 17, 18 and 19 are effective the day following final enactment."*

"Section 1. Minnesota Statutes 1980, Section 500.221, is amended to read:

500.221 [RESTRICTIONS ON ACQUISITION OF TITLE.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, "agricultural land" means land capable of use in the production of agricultural crops, livestock or livestock products, poultry or poultry products, milk or dairy products, or fruit and other horticultural products but does not include any land zoned by a local governmental unit for a use other than and nonconforming with agricultural use. For the purposes of this section, "interest in agricultural land" includes any leasehold interest. *For the purposes of this section, a "permanent resident alien of the United States" is a natural person who has been lawfully admitted to the United States as a permanent resident alien and in fact maintains his or her principal, actual dwelling place within the United States, for at least six months out of every consecutive 12 month period, without regard to intent. For the purposes of this section, "commissioner" means the commissioner of agriculture.*

Subd. 1a. [DETERMINATION OF ALIEN STATUS.] *Every permanent resident alien of the United States who owns property subject to this section shall annually after January 1 and prior to January 31, file with the commissioner a statement setting forth the dates and places of that person's residence in the United States during the prior calendar year.*

Subd. 2. [ALIENS AND NON-AMERICAN CORPORATIONS.] Except as hereinafter provided, no natural person shall (HEREAFTER) acquire directly or indirectly any interest in agricultural land unless (HE BE) *the person is a citizen of the United States, (OR) a permanent resident alien of the United States, or is in the employ of the United States* and, in addition to the restrictions in section 500.24, no corporation, partnership, limited partnership, trustee, or other business entity shall (HEREAFTER,) directly or indirectly, acquire or otherwise obtain any interest, whether legal, beneficial or otherwise, in any title to agricultural land unless at least 80 percent of each class of stock issued and outstanding or 80 percent of the ultimate beneficial interest of (SUCH) *the entity is held directly or indirectly by citizens of the United States or permanent resi-*

dent aliens. This section shall not apply to agricultural land that may be acquired by devise, inheritance, as security for indebtedness, by process of law in the collection of debts, or by any procedure for the enforcement of a lien or claim thereon, whether created by mortgage or otherwise; provided, that all agricultural land so acquired in the collection of debts or by the enforcement of a lien or claim shall be disposed of within three years after acquiring ownership. Further, the provisions of this section shall not apply to citizens or subjects of a foreign country whose rights to hold land are secured by treaty or lands used for transportation purposes by a common carrier, as defined in section 218.011, subdivision 2, or lands or interests in lands acquired for use in connection with mining and mineral processing operations provided, however, that pending the development of agricultural land for mining purposes (SUCH) *the* land may not be used for farming except under lease to a family farm, a family farm corporation or an authorized farm corporation. Further, the provisions of this section shall not apply to agricultural land operated for research or experimental purposes, provided that the ownership of the agricultural land shall be incidental to the research or experimental objectives of the person or business entity, and provided that total acreage owned by the person or business entity does not exceed the acreage owned on May 27, 1977.

*Subd. 2a. [LOSS OF EXEMPT STATUS.] If any person or business entity acquires an interest in agricultural land as permitted by subdivision 2 and thereafter ceases to be a person or entity qualified to acquire an interest in agricultural land as permitted by subdivision 2 by reason of the loss of citizenship or permanent residence status or the loss of citizenship or permanent residence status of its shareholders or the holders of ultimate beneficial interests, the person or entity shall:*

*(a) Notify the commissioner within 90 days of the loss of qualification and shall file a report with the commissioner of agriculture giving a description of all agricultural land owned by the person or entity within the state, the date upon which the land was acquired, the date upon which the person or entity ceased to be qualified, and any other information as may reasonably be required by the commissioner;*

*(b) Divest itself of any agricultural land acquired after May 27, 1977 but before May 1, 1981, within three years and for those lands acquired after May 1, 1981, within one year of the date upon which the person or entity ceased to be qualified;*

*(c) Report the divestiture to the commissioner of agriculture within 30 days after it occurs;*

*(d) Make other reports as the commissioner may reasonably require; and*

(e) *Continue to file periodic reports as required by subdivision 4 with respect to any land acquired on or before May 27, 1977.*

*The commissioner is empowered to issue subpoenas requiring the attendance of any witness having information relevant to any matter reasonably related to the provisions of this section and to compel the production of any books, records, papers, articles, instruments, documents, memoranda, or other information, including machine sensible data, related to the matter. The commissioner is authorized to administer oaths and take testimony.*

*Any person who willfully and knowingly violates this section as an agent shall be guilty of a misdemeanor.*

*Subd. 2b. [INJUNCTIVE RELIEF.] The commissioner may seek injunctive relief whenever a violation of this section is threatened.*

*Subd. 3. [ENFORCEMENT.] If the (ATTORNEY GENERAL) commissioner has reason to believe that any person is violating subdivision 2, he shall commence an action in the district court in which any agricultural land relative to the violation is situated, or if situated in two or more counties, in any county in which a substantial part of the land is situated. The (ATTORNEY GENERAL) commissioner shall file for record with the county recorder or the registrar of titles of each county in which any portion of said land is located a notice of the pendency of the action as provided in section 557.02. If the court finds that the land in question is being held in violation of subdivision 2, it shall enter an order so declaring. The (ATTORNEY GENERAL) commissioner shall file for record any such order with the county recorder or the registrar of titles of each county in which any portion of said land is located. Thereafter, the natural person, corporation, partnership, limited partnership, trustee or other business entity, owning such land shall have a period of one year from the date of the order to divest itself of the lands. The aforementioned one year limitation period shall be deemed a covenant running with the title to the land against any grantee or assignee or successor corporation. Any land not so divested within the time prescribed shall be sold at public sale in the manner prescribed by law for the foreclosure of a mortgage by action. In addition, any prospective or threatened violation may be enjoined by an action brought by the (ATTORNEY GENER-*

AL) *commissioner* in the manner provided by law. No title to land shall be invalid or subject to forfeiture by reason of the alienage of any former owner or person having a former interest therein.

Subd. 4. The commissioner shall make the information available to the public. *All required annual reports shall include a filing fee of \$100.*

(7) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(15) The amount of any excluded gain recognized by a trust on the sale or exchange of property as defined in section 641(c) (1) of the Internal Revenue Code of 1954;

(16) An amount equal to one-sixth of any gain from the sale or other disposition of property deducted under sections 1202(a) and 1202(c)(1) of the Internal Revenue Code of 1954;

This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of the securities but includible in gross income for federal income tax purposes;

In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$11,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000;

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954 but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

This modification does not apply to compensation defined in clause (b) (6);

(12) The amount of any income earned for personal services rendered outside of Minnesota prior to the date when the taxpayer became a resident of Minnesota. This modification does not apply to compensation defined in clause (b) (6);

(13) In the case of wages or salaries paid or incurred on or after January 1, 1977, the amount of any credit for employment of certain new employees under sections 44B and 51 to 53 of the Internal Revenue Code of 1954 which is claimed as a credit against the taxpayer's federal tax liability, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and the corporation is liquidated or the individual shareholder disposes of the stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, the shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that the reserve is distributed to shareholders the distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that the amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that the amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1, clause (2) in computing Minnesota inheritance or estate tax liability shall not be allowed as a deduction *(or as an offset against the sales price of property in determining gain or loss)* in computing the taxable income of the estate or any person unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have the amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Subd. 3a. (1) The commissioner may challenge matters of valuation or taxability of any assets reported on the return, or any deductions claimed, or the computation of tax, only if within (90 DAYS OF RECEIPT OF THE RETURN) *180 days from the due date of the return or the receipt of the return* and all documents required to be filed with the return, *whichever is later*, the commissioner mails or delivers a written notice to the personal representative objecting to the return as filed and specifying the reasons for the objection.

(2) If the personal representative disagrees with the objection or does not wish to fully comply with the objection, he may request that the commissioner hold a hearing on the objection. Within 30 days of receipt of a request, the commissioner shall set a time and place for hearing. Unless otherwise agreed upon, the hearing date shall not be earlier than 30 days nor later than 60 days from the date of the notice setting the hearing. The notice of hearing shall set forth the rights available to the personal representative under chapter 15. Not later than 30 days after the commissioner receives the report and recommendation of the hearing examiner, or a written waiver of his hearing rights by the personal representative, the commissioner shall issue an order determining the tax. Any such determination made by the commissioner may be appealed to the tax court as provided in section 271.09.

(3) At any time together with or after the objection, the commissioner, on his own initiative, may set a time and place for a hearing in accordance with (2) above.

(4) In his objection, or at any time thereafter, the commissioner may assess any additional tax as the facts may warrant, subject to the right of the personal representative to demand a hearing under chapter 15. If the personal representative does not demand a hearing within 90 days of the date of the assessment, the tax so assessed shall be legally due and the commissioner may proceed to collect any unpaid tax after one year from the date of death. If the commissioner later finds the tax assessment to be erroneous, he may adjust the assessment prior to collection.

(5) The commissioner shall not be required to object to any subsequent original, amended or supplemental return in order to preserve his rights. The commissioner shall not be precluded from objecting to a subsequent original, amended or supplemental return even though an original return was accepted as filed. If the commissioner had accepted an original return showing no tax due and a subsequent original, amended or supplemental return discloses additional assets not disclosed on the original return, the commissioner may object to any matter of valuation, taxability, deduction or computation of tax on the original return within (90 DAYS) *180 days* of receipt of the subsequent original, amended or supplemental return.

(6) Subject to the provisions of section 291.11, the Minnesota estate tax liability shall be considered as finally determined on the date notification of acceptance is issued to the personal representative or, if no objection is filed, on the (91ST DAY AFTER THE RETURN) *day following 180 days from the due date of the return or the receipt of the return*, together with all other documents required to be filed with the return, (IS RECEIVED) *whichever is later*.

(7) Subject to the time limits imposed elsewhere in this chapter, the commissioner may refund an overpayment of tax, penalty or interest even though the personal representative has not made an application for refund.

Sec. 9. Minnesota Statutes 1980, Section 291.31, Subdivision 1, is amended to read:

Subdivision 1. The proceedings shall not be deemed a contested case or rule-making hearing. The hearing examiner may consolidate hearings. The report of the hearing examiner shall contain findings of fact, conclusions, and recommendations on the subject of the hearing. When any (SITE) area in the inventory becomes unavailable as a hazardous waste facility site, the inventory shall be amended, in the manner of its original adoption, provided, however, that during the period when the inventory is being*

amended any other (SITE) *area* in the inventory may be reviewed and approved under sections 115A.32 to 115A.39. No action of the board shall be held invalid by reason of the board's failure to notify any of the entities listed in this subdivision.

Subd. 4. [GRANTS; TECHNICAL ASSISTANCE.] To assist counties participating in the inventory required by this section, the board through its chairperson may make grants to the counties to be used to employ staff, pay administrative expenses, or contract with qualified consultants. The board through its chairperson shall ensure the delivery to the counties of technical information and assistance by appropriate state agencies.

Sec. 10. Minnesota Statutes 1980, Section 115A.11, Subdivision 1, is amended to read:

Subdivision 1. [CONTENTS.] By (MAY 1) *December 15, 1982*, the board shall adopt a hazardous waste management plan. The plan shall include at least the following elements:

(a) an estimate of the types and volumes of hazardous waste which will be generated in the state through the year 2000;

(b) specific and quantifiable objectives for reducing to the greatest feasible and prudent extent the need for and practice of disposal, through waste reduction, pretreatment, processing, and resource recovery;

(c) a description of the minimum disposal capacity and capability needed to be developed within the state for use through the year 2000, based on the achievement of the objectives under clause (b).

The plan shall require the establishment of at least one commercial disposal facility in the state.

Sec. 11. Minnesota Statutes 1980, Section 115A.19, is amended to read:

115A.19 [PROCEDURE NOT EXCLUSIVE.]

*Except as provided in Minnesota Statutes 1980, Section 115A.21, Subdivision 1*, the procedure established by sections 115A.18 to 115A.30 for the permitting of hazardous waste disposal facilities shall not preclude the issuance of permits by the agency pursuant to section 116.07 for disposal facilities at sites not reviewed under sections 115A.18 to 115A.30.

Sec. 12. Minnesota Statutes 1980, Section 115A.20, is amended to read:

115A.20 [EVALUATION OF SITES.]

The board shall not be required to promulgate rules pursuant to chapter 15 to govern its evaluation and selection of sites for commercial disposal facilities under sections 115A.18 to 115A.30, *nor shall the agency be required to promulgate rules pursuant to chapter 15 on criteria and standards to govern its certification of intrinsic suitability of sites for commercial disposal facilities under sections 115A.18 to 115A.30.* In evaluating and selecting sites for disposal facilities, the board shall consider at least the following factors:

(a) economic feasibility, including proximity to concentrations of generators of the types of hazardous wastes likely to be proposed and permitted for disposal;

(b) intrinsic suitability of the sites;

(c) federal and state pollution control and environmental protection rules;

(d) the risk and effect for local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to a facility or at a facility, water, air, and land pollution, and fire or explosion;

(e) the consistency of a facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(f) the adverse effects of a facility at the site on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by stipulations, conditions, and requirements respecting the design and operation of a disposal facility at the proposed site.

No land shall be excluded from consideration except land determined by the agency to be intrinsically unsuitable for the use intended.

Sec. 13. Minnesota Statutes 1980, Section 115A.21, Subdivision 1, is amended to read:

Subdivision 1. [SELECTION.] By (AUGUST 1, 1981) *March 15, 1982*, the board shall select six locations in the state, no more than one site per county, as candidate sites for commercial disposal facilities for hazardous waste. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended. The board shall consult with the agency and the private waste management industry in selecting candidate sites. Any sites proposed in applications for permits for disposal facilities being reviewed by the agency (ON AUGUST 1, 1981,) may be included by the board as can-

didate sites, provided the agency certifies the intrinsic suitability of the sites. *The agency shall suspend its review of any permit application being reviewed by the board for inclusion as a candidate site until the site is eliminated from consideration as a candidate site.*

Sec. 14. Minnesota Statutes 1980, Section 115A.21, Subdivision 2, is amended to read:

Subd. 2. [PROCEDURE.] As soon as practicable, the board through its chairperson shall publish a request soliciting proposals and permit applications for hazardous waste disposal facilities from potential developers and operators of such facilities. Notice of the request shall be published in the state register and newspapers of general circulation in the state and shall be transmitted to all regional development commissions, the metropolitan council, and all counties in the state. The board may select conceptual design and operating specifications for a variety of hazardous waste disposal facilities in sufficient detail and extent in the judgment of the board to assist the evaluation of sites and the selection of candidate sites. By November 1, 1980, the board through its chairperson shall notify each regional development commission, or the metropolitan council, and each local government unit within whose jurisdiction the board intends to search for candidate sites. The notification shall explain the selection of the jurisdiction as a search area; shall summarize any conceptual specifications and the evaluation factors, criteria, standards, and procedures the board intends to use in selecting candidate sites; and shall describe the relationship of the candidate site selection process to the other review procedures under sections 115A.18 to 115A.30 and the hazardous waste reports and plans required under sections 115A.04 to 115A.15. The notification shall request recommendations and suggestions from each such commission, the metropolitan council, and local government unit on the criteria, standards, and procedures the board should use in selecting candidate sites within the time allowed. The board through its chairperson shall make a written response to any recommendations, explaining its disposition of the recommendations. *The board shall provide to the agency data relating to the intrinsic suitability of the sites to be proposed as candidate sites as soon as available but no later than November 1, 1981.* By (MAY 1) November 15, 1981, the board shall propose at least six locations as candidate sites, *the director of the agency shall issue a notice indicating which of those sites the director recommends be certified as intrinsically suitable, and the board and the director shall publish notice of hearings on the board's proposal and the director's recommendations. Notice shall be published in the state register and newspapers of general circulation in the state and shall (NOTIFY) be sent by mail to all regional development commissions, or the metropolitan council, and to local government units containing a proposed candidate site. (ANY PERSON OBJECTING TO THE AGENCY'S CERTIFICATION OR THE*

BOARD'S PROPOSAL OF A SITE FOR CANDIDACY SHALL HAVE 30 DAYS IN WHICH TO REQUEST A HEARING. IF A HEARING IS REQUESTED, THE HEARING SHALL BE ORDERED BY THE CHAIRPERSON OF THE BOARD AND) *The hearings shall be conducted in a manner consistent with the completion of the proceedings and the hearing examiner's report to the agency and board in the time allowed by this section. The hearing shall afford all interested persons an opportunity to testify and present evidence on the subject of the hearing. The subject of the hearing shall be limited to information submitted by the board and additional information on the proposed sites which is relevant to the board's decision on candidate sites and the agency's decision on intrinsic suitability. The proceedings shall not be deemed a contested case or rule-making hearing. The hearing examiner may consolidate hearings. The report of the hearing examiner shall contain finds of fact, conclusions, and recommendations on the subject of the hearing. The agency shall make a final determination as to the intrinsic suitability of each proposed site and shall certify sites accordingly by March 1, 1982. No action of the board or agency shall be held invalid by reason of the board's or agency's failure to notify any of the entities listed in this subdivision.*

Sec. 15. Minnesota Statutes 1980, Section 115A.22, Subdivision 3, is amended to read:

Subd. 3. [MEMBERSHIP ON LOCAL COMMITTEES.] By (SEPTEMBER 1, 1981) *April 15, 1982*, the governor shall appoint the chairperson and members of each local project review committee, ensuring a balanced representation of all parties with a legitimate and direct interest in the outcome of the project review. The governor shall consult particularly with affected local units of government before selecting members. Members may be added to the local committee from time to time by the governor.

Sec. 16. Minnesota Statutes 1980, Section 115A.22, Subdivision 4, is amended to read:

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] By (OCTOBER 1, 1981) *May 15, 1982*, each local committee shall select a temporary board member to be added to the board for the purposes of the reports, certifications, and review conducted under sections 115A.18 to 115A.30. *If a local committee fails to appoint a temporary board member within 45 days after the appointment of the committee the governor shall appoint a temporary board member to represent the committee on the board.* Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located. *Temporary board members shall serve for terms lasting until the board has taken final action pursuant to section 115A.28 and, in the case*

*of members representing the site or sites finally chosen for the facility, until the commencement of the operation of the facility at that site.*

Sec. 17. Minnesota Statutes 1980, Section 115A.23, is amended to read:

**115A.23 [DISPOSAL FACILITIES; PRELIMINARY DESIGN AND OPERATING SPECIFICATIONS.]**

By (JANUARY 1) *August 15*, 1982, the board shall select, for further study and consideration, design and operating specifications for a variety of disposal facilities for hazardous waste in sufficient detail and extent in the judgment of the agency to allow the agency to begin preparing an environmental impact statement on the alternative facilities at each of the candidate sites pursuant to section 115A.25. The preliminary design and operating specifications shall not be final and shall not preclude the consideration of other specifications nor foreclose the subsequent addition by the board of other disposal facility alternatives.

Sec. 18. Minnesota Statutes 1980, Section 115A.24, is amended to read:

**115A.24 [CERTIFICATION OF NEED.]**

By (MAY 1) *December 15*, 1982, on the basis of and consistent with its hazardous waste management plan adopted under section 115A.11, the board shall issue a certificate or certificates of need for disposal facilities for hazardous wastes in the state. The certificate or certificates shall indicate the types and volumes of waste for which disposal facilities are and will be needed through the year 2000 and the number, types, sizes, general design and operating specifications, and function or use of the disposal facilities needed in the state. The board shall certify need only to the extent that the board has determined that there are no feasible and prudent alternatives including waste reduction, separation, pretreatment, processing, and resource recovery which would minimize adverse impact upon natural resources, provided that the board shall require the establishment of at least one commercial disposal facility in the state. Economic considerations alone shall not justify certification nor the rejection of alternatives. Alternatives that are speculative and conjectural shall not be deemed to be feasible and prudent. The certificate or certificates shall not be subject to the provisions of chapter 15 but shall be the final determination required on the matters decided by the certificate or certificates and shall have the force and effect of law. The certificate or certificates shall not be amended for five years. The board and the permitting agencies, in reviewing and selecting sites, completing environmental impact statements, and issuing approvals and permits for waste

disposal facilities described in the certificate or certificates of need, shall not reconsider matters determined in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of facilities consistent with the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of at least one commercial disposal facility for hazardous waste in the state.

Sec. 19. Minnesota Statutes 1980, Section 115A.26, is amended to read:

**115A.26 [AGENCIES; PERMIT CONDITIONS.]**

Within 60 days following (THE ACCEPTANCE) *determination of adequacy* of the final environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, each permitting state agency shall issue a notice of intent to issue permits, indicating the terms, conditions, and requirements of agency approval for all permits needed at each candidate site for the establishment of the facilities described in the board's certification of need. The agency decisions shall be consistent with the establishment of facilities in accordance with the certification of need.

Sec. 20. Minnesota Statutes 1980, Section 115A.28, Subdivision 2, is amended to read:

Subd. 2. [BOARD'S DECISION PARAMOUNT.] The board's decision under subdivision 1 shall be final and shall supersede and preempt requirements of state agencies and political subdivisions (, EXCEPTING ONLY) *and the requirements of sections 473H.02 to 473H.17; except that the facility shall be subject to those terms, conditions, and requirements of permitting agencies embodied in the board's decision and (EXCEPT AS PROVIDED IN) any requirements imposed pursuant to subdivision 3.* The permitting agencies shall issue permits within 60 days following and in accordance with the board's final decision, and all permits shall conform to the terms, conditions, and requirements of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment, operation, expansion, continuance, or closure of a facility in accordance with the final decision of the board and permits issued pursuant thereto.

Sec. 21. Minnesota Statutes 1980, Section 115A.33, is amended to read:

**115A.33 [ELIGIBILITY; REQUEST FOR REVIEW.]**

The following persons shall be eligible to request supplementary review by the board pursuant to sections 115A.32 to 115A.39: (a) a generator of sewage sludge within the state who has been issued permits by the agency for a facility to dispose of sewage sludge or solid waste resulting from sewage treatment; (b) a political subdivision which has been issued permits by the agency, or a political subdivision acting on behalf of a person who has been issued permits by the agency, for a solid waste facility which is no larger than 250 acres, not including any proposed buffer area, and located outside the metropolitan area; (c) a generator of hazardous waste within the state who has been issued permits by the agency for a hazardous waste facility to be owned and operated by the generator, on property owned by the generator, and to be used by the generator for managing the hazardous wastes produced by the generator only; (d) a person who has been issued permits by the agency for a commercial hazardous waste processing facility at a site included in the board's inventory of preferred sites for such facilities adopted pursuant to section 115A.09; (e) *a person who has been issued permits by the agency for a disposal facility for the nonhazardous sludge, ash, or other solid waste generated by a permitted hazardous waste processing facility operated by the person.* The metropolitan waste control commission shall not be eligible to request review under clause (a) for a sewage sludge disposal facility. The metropolitan waste control commission shall not be eligible to request review under clause (a) for a solid waste facility with a proposed permitted life of longer than four years. The board may require completion of a plan conforming to the requirements of section 115A.46, before granting review under clause (b). A request for supplementary review shall show that the required permits for the facility have been issued by the agency and that a political subdivision has refused to approve the establishment or operation of the facility.

Sec. 22. Minnesota Statutes 1980, Section 115A.34, is amended to read:

**115A.34 [APPOINTMENT OF TEMPORARY BOARD MEMBERS.]**

Within 45 days of the submission of a request determined by the board to satisfy the requirements for review under sections 115A.32 to 115A.39, temporary board members shall be added to the board for the purpose of the supplementary review. Three members shall be selected by the governing body of the city or town in which the chairperson of the waste management board determines the facility would be principally located, and three members shall be selected by the governing body of the county in which the chairperson of the waste management board determines the proposed facility would be principally located. If the proposed facility is located in unorganized territory, all six members shall be selected by the governing board of the county.

Temporary members shall be residents of the county in which the proposed facility would be located and shall be selected to represent broadly the local interests that would be directly affected by the proposed facility. At least one member appointed by the city or town shall live within one mile of the proposed facility, and at least one member appointed by the county shall be a resident of a city or town in which the proposed facility would be located. *If the appointing authority fails to appoint temporary board members in the period allowed, the governor shall appoint the temporary members to represent the local interests in accordance with this section.* Temporary board members shall serve for terms lasting until the board has taken final action on the facility.

Sec. 23. Minnesota Statutes 1980, Section 115A.37, Subdivision 2, is amended to read:

Subd. 2. [DECISION PARAMOUNT.] The decision of the board to approve a facility shall be final and shall supersede and preempt requirements of state agencies and political subdivisions (, EXCEPTING ONLY) *and the requirements of sections 473H.02 to 473H.17; except that the facility shall be subject to those terms, conditions, and requirements of permitting agencies embodied in the board's approval and (EXCEPT AS PROVIDED IN) any requirements imposed pursuant to subdivision 3.* The permitting agencies shall issue or amend the permits for the facility within 60 days following and in accordance with the final decision of the board, and all permits shall conform to the terms, conditions, and requirements of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment, operation, expansion, continuance, or closure of the facility in accordance with the final decision of the board and permits issued pursuant thereto.

Sec. 24. Minnesota Statutes 1980, Section 115A.54, Subdivision 3, is amended to read:

Subd. 3. [OBLIGATIONS OF RECIPIENT.] No grant or loan for any project shall be disbursed until the governing body of the recipient has made an irrevocable undertaking, by resolution, to use all funds made available exclusively for the capital cost of the project and to pay any additional amount by which the cost of the project exceeds the estimate by appropriation to the construction fund of additional funds or proceeds of additional bonds of the recipient. The resolution shall also indicate that any subsequent withdrawal of allocated or additional funds of the recipient will impair the obligation of contract between the state of Minnesota, the recipient, and the bondholders. The resolution shall pledge payment to the debt service account of all revenues of the project to the extent that they exceed costs and shall also obligate the recipient to levy a tax sufficient to

make timely payments under the loan agreement, if a deficiency occurs in the amount of user charges, taxes, special assessments, or other moneys pledged for payment under the loan agreement. Each loan made to a recipient shall be secured by resolutions adopted by the board and the governing body of the recipient, obligating the recipient to repay the loan to the state treasurer in annual installments including both principal and interest. Installments shall be in an amount sufficient to pay the principal amount within the period required by the (AGENCY) board. The interest on the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds of the loan were made. The resolution shall obligate the recipient to provide money for the repayment from user charges, taxes, special assessments or any other funds available to it.

Sec. 25. Minnesota Statutes 1980, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, processing, and disposal of solid waste and (THE DISPOSAL OF) sewage sludge for the prevention and abatement of water, air and land pollution, recog-

nizing that due to variable factors, no single standard of control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the management, identification, labeling, classification, storage, collection, transportation, processing, and disposal of hazardous waste, recognizing that due to variable factors, a single standard of hazardous waste control may not be applicable to all areas of the state. In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing physical conditions, topography, soils, and geology, climate, transportation and land use. Stan-

dards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

Sec. 26. Minnesota Statutes 1980, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [RULES AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, storage, processing, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. The agency shall adopt such rules and standards for (THE DISPOSAL OF) sewage sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of (DISPOSAL) facilities, and operation of (DISPOSAL) facilities and (DISPOSAL) sites. The agency shall promulgate temporary rules for sewage sludge (DISPOSAL) pursuant to section 15.0412, subdivision 5. Any such rule or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to collection, transportation, processing, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, processing, and disposal of solid waste and (THE DISPOSAL OF) sewage sludge, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter 727, for the prevention, abatement, or control of noise pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, rules or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Pursuant to chapter 15, the pollution control agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of this chapter for the management, identification, labeling, classification, storage, collection, treatment, transportation, processing, and disposal of hazardous waste and location of hazardous waste facilities. A rule or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. The public utilities commission, in cooperation with the pollution control agency, shall set standards for the transportation of hazardous waste in accordance with chapter 221. In implementing its hazardous waste rules, the pollution control agency shall give high priority to providing planning and technical assistance to hazardous waste generators. The agency shall assist generators in investigating the availability and feasibility of both interim and long term hazardous waste management methods. The methods shall include waste reduction, waste separation, waste processing, resource recovery, and temporary storage.

The pollution control agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to evidence concerning economic costs of transportation and disposal of diseased shade trees by alternative methods.

Sec. 27. Minnesota Statutes 1980, Section 116.41, Subdivision 2, is amended to read:

Subd. 2. [TRAINING AND CERTIFICATION PROGRAMS.] The agency shall develop standards of competence for persons operating and inspecting various classes of disposal facilities. The agency shall conduct training programs for persons op-

erating facilities for the disposal of waste and for inspectors of such facilities, and may charge such fees as are necessary to cover the actual costs of the training programs.

The agency shall require operators and inspectors of such facilities to obtain from the agency a certificate of competence. The agency shall conduct examinations to test the competence of applicants for certification, and shall require that certificates be renewed at reasonable intervals. The agency may charge such fees as are necessary to cover the actual costs of receiving and processing applications, conducting examinations, and issuing and renewing certificates. *Certificates shall not be required for a private individual for landspreading and associated interim and temporary storage of sewage sludge on property owned or farmed by that individual.*

Sec. 28. Minnesota Statutes 1980, Section 400.161, is amended to read:

#### 400.161 [HAZARDOUS WASTE REGULATIONS.]

The county may by ordinance establish and revise rules, regulations, and standards relating to (a) identification of hazardous waste, (b) the labeling and classification of hazardous waste, (c) the collection, transportation, processing, disposal, and storage of hazardous waste, (d) other matters as may be determined necessary for the public health, welfare and safety. The county may issue permits or licenses for hazardous waste generation and may require the generators be registered with a county office. The ordinance may require appropriate procedures for the payment by the generator of any costs incurred by the county in completing such procedures. If the generator fails to complete such procedures, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, or other action in district court. (ANY ORDINANCE UNDER THIS SECTION SHALL EMBODY STANDARDS AND REQUIREMENTS ESTABLISHED BY RULE OF THE AGENCY.) *County hazardous waste ordinances shall embody and be consistent with agency hazardous waste rules. Counties shall submit adopted ordinances to the agency for review. In the event that agency rules are modified, each county shall modify its ordinances accordingly and shall submit the modification to the agency for review within 120 days. Issuing, denying, modifying, imposing conditions upon, or revoking permits (PURSUANT TO THE PROVISIONS OF THIS SECTION) or licenses and county hazardous waste regulations (PROMULGATED HEREUNDER) and ordinances shall be subject to review, denial, suspension, modification, and reversal by the pollution control agency. The pollution control agency shall after written notification have 15 days in the case of haz-*

*ardous waste permits and licenses and 30 days in the case of hazardous waste ordinances to review, deny, suspend, modify, or reverse the action of the county. After (15 DAYS) this period, the action of the county board shall be final subject to appeal to the district court as provided in section 115.05.*

Sec. 29. Minnesota Statutes 1980, Section 473.149, Subdivision 2b, is amended to read:

Subd. 2b. [INVENTORY OF SOLID WASTE DISPOSAL SITES.] By (OCTOBER 1, 1981) *February 1, 1982*, the council shall adopt by resolution an inventory of eligible solid waste disposal sites and buffer areas within the metropolitan area. The council's inventory shall be composed of the sites and buffer areas proposed by the counties and reviewed and approved by the council pursuant to section 473.803, subdivision 1a. If a county does not have an approved inventory, the council shall adopt the required inventory for the county, following investigations by the council and public hearings as the council deems appropriate. The council's inventory shall satisfy all requirements and standards described in section 473.803, subdivision 1a, for sites and buffer areas proposed by counties. For sites and buffer areas included in the council's inventory, the moratorium imposed under section 473.803, subdivision 1a, shall extend until October 1, 1983.

Sec. 30. Minnesota Statutes 1980, Section 473.149, Subdivision 2c, is amended to read:

Subd. 2c. The methods of mitigating and compensating to be considered shall include but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference for the city or town containing a facility in federal A-95 reviews conducted by the council; payment of all costs to service the facilities including the costs of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvements; city or town control over buffer zone design; elimination of the tipping charge for solid waste collected in the city or town; a guarantee against any and all liability that may occur; payment for reclamation of closed sites to local design specifications.

Sec. 31. Minnesota Statutes 1980, Section 473.149, Subdivision 2e, is amended to read:

Subd. 2e. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] By January 1, 1983, after requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 473.833. The council shall adopt a schedule for development of disposal facilities by each such county through the year 2000. The schedule shall be based upon the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 473.833. The schedule shall include standards and procedures for council certification of need pursuant to section 473.823. The schedule shall include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 473.833, no longer needed for disposal facilities. *The schedule shall also include a facility closure schedule and plans for post-closure management of facilities in existence prior to January 1, 1983.*

Sec. 32. Minnesota Statutes 1980, Section 473.149, is amended by adding a subdivision to read:

*Subd. 4a. [RIGHT OF ACCESS.] Whenever the council deems it necessary to the evaluation of a disposal site or buffer area under this chapter, the council or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.*

Sec. 33. Minnesota Statutes 1980, Section 473.153, Subdivision 1, is amended to read:

Subdivision 1. [FACILITIES REQUIRED.] Except as provided in subdivision 7 and section 115A.33, all sewage sludge disposal facilities and facilities for the disposal of solid waste generated by the metropolitan waste control commission shall be established and operated in accordance with this section and section 473.516. The council and the commission shall establish (AT LEAST ONE FACILITY FOR SEWAGE SLUDGE DISPOSAL AND AT LEAST ONE FACILITY FOR SOLID WASTE DISPOSAL) *the facilities needed for the disposal of sewage sludge and solid waste generated by the commission. The council and the commission shall establish at least one facility.*

Sec. 34. Minnesota Statutes 1980, Section 473.153, Subdivision 2, is amended to read:

Subd. 2. [CANDIDATE SITE SELECTION.] By (JULY) *November (1) 15, 1981*, the council shall select (THREE) *six* candidate sites for the disposal of the commission's sewage sludge and (THREE CANDIDATE SITES FOR THE DISPOSAL OF THE COMMISSION'S) solid waste, together with appropriate surrounding buffer areas. The council shall evaluate sites for candidacy on the basis of at least the following factors: local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities, distance from the points of generation, and the intrinsic suitability of sites compared with other potential sites. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of the council, counties, or local units of government, no land shall be excluded from consideration for candidacy except land determined by the agency to be intrinsically unsuitable. No site shall be selected for candidacy unless the agency certifies its (APPARENT) intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the (AGENCY) council. *The council shall provide to the agency data relating to the intrinsic suitability of the sites to be proposed as candidate sites as soon as available but no later than August 15, 1981. By September 1, 1981, the council shall propose at least six locations as candidate sites and the director of the agency shall issue a notice indicating which of those sites the director recommends be certified as intrinsically suitable. The director shall publish notice of a consolidated hearing on the director's recommendation. Notice shall be published in the state register and newspapers of general circulation in the metropolitan area and shall be sent by mail to local government units containing a proposed candidate site. The hearing shall be conducted in a manner consistent with the completion of the proceedings and the hearing examiner's report to the agency in the time allowed by this section. The hearing shall afford all interested persons an opportunity to testify and present evidence on the subject of the hearing. The subject of the hearing shall be limited to information submitted by the council and additional information on the proposed sites which is relevant to the agency's decision on intrinsic suitability. The proceedings shall not be deemed a contested case or rule-making hearing. The report of the hearing examiner shall contain findings of fact, conclusions, and recommendations on the subject of the hearing. The agency shall make a final determination as to the intrinsic suitability of each proposed site and shall certify them accordingly by November 1, 1981. The agency shall not be required to promulgate rules pursuant to chapter 15 on criteria and standards to govern its certification of intrinsic suitability under this section. No action of the agency shall be held invalid by reason of the agency's failure to notify any of the entities listed in this subdivision. In selecting candi-*

date sites, the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility.

Sec. 35. Minnesota Statutes 1980, Section 473.153, Subdivision 6, is amended to read:

Subd. 6. [COUNCIL SITE SELECTION.] Within 90 days following the agency's decision on permit conditions and terms, the council shall select at least one of the candidate sites for acquisition and development by the commission (AS A SEWAGE SLUDGE DISPOSAL FACILITY AND AT LEAST ONE OF THE CANDIDATE SITES FOR ACQUISITION AND DEVELOPMENT BY THE COMMISSION AS A SOLID WASTE DISPOSAL FACILITY). Before its selection the council shall consult with the advisory committee and affected counties, cities, and towns. *The requirements of sections 473H.02 to 473H.17 shall not apply to the selection and acquisition of the sites.*

Sec. 36. Minnesota Statutes 1980, Section 473.516, Subdivision 4, is amended to read:

Subd. 4. [TECHNICAL MONITORING; SEWAGE SLUDGE DISPOSAL.] Each sewage sludge disposal facility of the waste control commission, or site used for the disposal of sewage sludge of the commission, shall be required to have an agency permit issued pursuant to agency rules for permitting sewage sludge disposal facilities and sites. Each permit shall require a regular monitoring and testing program to be carried out by the waste control commission. A regular inspection program shall be conducted by the agency or a county under contract to the agency. The commission shall reimburse the agency quarterly for the cost of the program, and the amounts reimbursed are hereby appropriated to the agency for the purposes of the program. *The commission shall attempt to the greatest practical extent to provide the highest quality sludge when disposing of its sludge on private property as a soil conditioner or amendment. The commission shall provide recipients with information on the facility generating the sludge and the content of the sludge taken from its various treatment facilities.*

Sec. 37. Minnesota Statutes 1980, Section 473.801, is amended by adding a new subdivision to read:

*Subd. 4. Unless otherwise provided the definitions of terms defined in section 115A.03 shall apply to sections 473.801 to 473.823.*

Sec. 38. Minnesota Statutes 1980, Section 473.803, Subdivision 1a, is amended to read:

Subd. 1a. [PROPOSED INVENTORY OF DISPOSAL SITES.] By (JUNE) *September (1) 15, 1981*, each county shall adopt, by resolution of its governing body, an inventory of four proposed sites in the county suitable for mixed municipal solid waste disposal facilities and one proposed site in the county suitable for the disposal of demolition debris and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in federal and state regulations and the council's policy plan for solid waste management. In proposing and approving sites for the inventory, the counties and the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be (PROPOSED BY THE COUNTY OR APPROVED) *adopted by a county or the council as part of an inventory unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county (OR AGENCY). Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. Each county shall provide to the agency data relating to the intrinsic suitability of the sites to be proposed for the inventory as soon as available but no later than June 15, 1981. By July 1, 1981 each county shall propose at least the number of sites required for the inventory, and the director of the agency shall issue a notice indicating which of those sites the director recommends be certified as intrinsically suitable. The director shall publish notice of a hearing in each county designed to gather additional information on each proposed site within the county. Notice shall be published in the state register and newspapers of general circulation in the metropolitan area and shall be sent by mail to the metropolitan council and local government units containing a proposed inventory site. A hearing shall be held in each metropolitan county and shall be conducted in a manner consistent with the completion of the proceedings and the hearing examiner's report to the agency in the time allowed by this section. The hearing shall afford all interested persons an opportunity to testify and present evidence on the subject of the hearing. The subject of the hearing shall be limited to information submitted by the county and additional information on the proposed sites which is relevant to the agency's decision on intrinsic suitability. The proceedings shall not be deemed a contested case or rule-making hearing. The report of the hearing examiner shall contain findings of fact, conclusions, and recommendations on the subject of the hearing. The agency shall make a final determination as to the intrinsic suitability*

*bility of each proposed site and shall certify them accordingly by October 1, 1981. The agency shall not be required to promulgate rules pursuant to chapter 15 on criteria and standards to governor its certification of intrinsic suitability under this section. No action of the agency shall be held invalid by reason of the agency's failure to notify any of the entities listed in this subdivision. The council shall evaluate each site with respect to local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required of that county. A moratorium is hereby imposed on development within the area of each site and buffer area proposed by a county, pending the council's adoption of an inventory pursuant to section 473.149, subdivision 2b. For sites and buffer areas included in the council's inventory, the moratorium shall extend until October 1, 1983. No development shall be allowed to occur within the area of a site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.*

Sec. 39. Minnesota Statutes 1980, Section 473.811, Subdivision 2, is amended to read:

Subd. 2. [COUNTY FINANCING OF FACILITIES.] Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities or property or property rights for a solid waste facility, or for refunding any outstanding bonds issued for any such purpose, and may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. *The proceeds of the bonds may be used in part to establish a reserve as further security for the payment of the principal and interest of the bonds when due. Revenue bonds issued pursuant to this section may be sold at public or private sale upon such conditions as the county board shall determine, but*

*any bonds to which the full faith and credit and taxing powers of the county are pledged shall be sold in accordance with the provisions of chapter 475.* No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.

Sec. 40. Minnesota Statutes 1980, Section 473.811, is amended by adding a new subdivision to read:

*Subd. 2A. Sec. 41. Minnesota Statutes 1980, Section 473.811, Subdivision 3, is amended to read:

**Subd. 3. [COUNTY OPERATION OF FACILITIES.]** Each metropolitan county may operate and maintain solid waste facilities, and for this purpose may employ all necessary personnel, may adopt regulations governing operation, and may establish and collect reasonable, non-discriminatory rates and charges for the use of the facilities by any local government unit or person, estimated to be sufficient, with any other moneys appropriated for the purpose, to pay all costs of acquisition, operation and maintenance. Each metropolitan county may use itself or sell all or any part of materials or energy recovered from solid waste to private interests or public agencies for consumption or reuse by them. Section 471.345 and Laws 1951, Chapter 556, as amended shall not apply to the sale of the materials or energy (PROVIDED THAT THE DEALINGS OF EACH COUNTY SHALL BE ON A COMPETITIVE BASIS SO AS NOT TO CREATE AN UNFAIR OR UNREASONABLE ADVANTAGE OR RESTRAINT OF TRADE ON THE PART OF THE COUNTY.)

Sec. 42. Minnesota Statutes 1980, Section 473.811, Subdivision 4, is amended to read:

**Subd. 4. [COUNTY CONTRACTS.]** Each metropolitan county may contract for the *acquisition or use of existing public or private solid waste facilities or any facilities deemed necessary or useful for resource recovery from solid waste* and may contract with any person for the operation (AND) or maintenance, or both, of any solid waste facility owned by the county. The contract shall provide for the operation (AND) or maintenance, or both, of the facility in accordance with any regulations, criteria, and standards of the agency, the metropolitan council and the county relating thereto. *Any contract for the operation or maintenance of a solid waste facility may provide for the sale of solid waste, materials, electric energy, steam or other product*

to the operator or for a fee payable to the operator, which may be a fixed fee, or a fee based on tonnage or a percentage of income or other measure, or any combination thereof. A metropolitan county shall have power to warrant to the operator of a solid waste facility or contract purchaser of any solid waste, materials, electric energy, steam or other product the quality, composition and available quantity of the solid waste, materials, electric energy, steam or other product to be sold or delivered.

Sec. 43. Minnesota Statutes 1980, Section 473.811, is amended by adding a new subdivision to read:

*Subd. 4b. [CONTRACTS; NEGOTIATION.] Notwithstanding any other law, a metropolitan county may contract for the acquisition, construction, improvement, maintenance or operation of solid waste facilities or property or property rights for solid waste facilities by any means available and in the manner determined by the county board, with or without advertisement for bids. A metropolitan county may select and employ a construction manager for construction and acquisition of solid waste facilities or property or property rights for solid waste facilities and negotiate and enter into a construction management agreement, which may but need not include a guaranteed maximum price. A construction manager shall give a bond to the county in accordance with Section 574.26 if a construction management agreement shall provide for a guaranteed maximum price, provided that the amount of any bond furnished by any contractor or subcontractor for performance of and payment of labor and materials under a contract or subcontract for solid waste facilities or property or property rights for solid waste facilities included in the guaranteed maximum price may be substituted to the extent of the bond amount for the bond of the construction manager. A construction management agreement for acquisition and construction of solid waste facilities or property or property rights for solid waste facilities may be combined with a contract for maintenance or operation, or both, of such facilities and negotiated with the same person.*

Sec. 44. Minnesota Statutes 1980, Section 473.811, Subdivision 5b, is amended to read:

Issuing, denying, suspending, modifying, imposing conditions upon, or revoking hazardous waste permits or licenses, and county hazardous waste regulations and ordinances, shall be subject to review, denial, suspension, modification, and reversal by the agency. The agency shall after written notification have 15 days in the case of hazardous waste permits and licenses and 30 days in the case of hazardous waste ordinances to review, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court in the manner provided in chapter 15.*

Sec. 45. Minnesota Statutes 1980, Section 473.811, Subdivision 8, is amended to read:

Subd. 8. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for general obligation bonds, and the council shall have the same power and duties as a municipality and its governing body in issuing bonds under chapter 475, except as otherwise provided in this chapter.
