(c) The issues raised by the appeal shall stand for trial by jury and shall be tried and determined at the next term of the district court held within the county in which the proceedings were commenced, or in such other county in which the appeal shall be heard, beginning after the filing of the appeal; and shall take precedence of all other matters of a civil nature in court. If there be more than one appeal triable in one county, the court may, on its own motion or upon the motion of a party in interest, consolidate two or more appeals and try them together, but the rights of the appellants shall be separately determined. If the appellant fails to prevail, the cost of the trial shall be paid by the appellant. In case of appeal as to damages or benefits to

property situated in the county other than the county where the drainage proceedings are pending, and if the appellant so requests, the trial shall be held at the next term of the district court of the county wherein the lands are situated. In such case, the clerk of the district court where the appeal is filed, shall make, certify and file in the office of the clerk of the district court of the county where the trial is to be had, a transcript of the papers and documents on file in his office in the proceedings so far as they pertain to the matters on account of which the appeal is taken. After the final determination of such appeal, the clerk of the district court where the action is tried, shall certify and return the verdict to the district court of the county where the proceedings were instituted.

(d) The clerk of the district court shall file a certified copy of the final determination of any such appeal with the auditor of the county affected.

(e) An appeal on the third ground may be to the district court of any county wherein lands are affected. Such appeal shall be made within 30 days after the order allowing or disallowing the claim and shall be governed as far as applicable by the provisions of this subdivision."

“Section 1. [494.01] [LEGISLATIVE FINDINGS.]

*The legislature finds and declares that the resolution of certain civil, juvenile, and criminal matters in a traditional court proceeding can be costly and complex. Formal court actions are not always the most efficient and expeditious manner of resolving civil, juvenile, and criminal disputes. To assist in the resolution of certain disputes arising out of civil, juvenile, and criminal matters not involving violence against a person, there is a compelling need for the creation of an alternative in the form of community dispute resolution programs. Certain civil, juvenile, and criminal matters not involving violence against a person may be diverted to a dispute resolution program either before or after adjudication in civil, juvenile, or criminal court proceedings. Community dispute resolution programs can provide forums for individuals to voluntarily participate in the resolution of disputes in an atmosphere free of restraint and intimidation. Participation in dispute resolution will be effective and fair only when participation is voluntary. The use of volunteers and space in local public facilities can provide an accessible, cost-efficient means of dispute resolution.*

Sec. 2. [494.02] [COMMUNITY DISPUTE RESOLUTION PROGRAM.]

*Subdivision 1. [DEFINITION.] For the purposes of sections 1 to 5, “dispute resolution” means a process voluntarily entered by parties in disagreement using conciliation, mediation, or arbitration to reconcile the parties’ differences. An individual who has been adjudicated incompetent, is under judicial commitment pursuant to chapter 253B, or is under guardianship or conservatorship of the person may not participate in a dispute resolution process.*

*Subd. 2. [ESTABLISHMENT; ADMINISTRATION.] The community dispute resolution program shall be established and administered by the state court administrator’s office. The alternative service delivery/dispute resolution program in the state planning agency shall provide advice and technical assistance upon the request of any public agency or nonprofit organization engaged in establishing a community dispute resolution program.*

*Subd. 3. [GUIDELINES.] The state court administrator shall develop guidelines governing the establishment of community dispute resolution programs and training programs for mediators and arbitrators for those community dispute resolution programs. The guidelines shall provide a method for en-*

*uring that participation in dispute resolution is voluntary. The guidelines shall apply to dispute resolution programs seeking court referrals and include procedures for case processing and program certification criteria which must be met in order to receive court referrals. The guidelines shall require programs to exclude all matters involving violence against a person and shall include standards for training mediators to recognize such situations. Any guidelines developed under this subdivision shall be submitted to the chairmen of the judiciary committees in the house of representatives and senate by February 1, 1985, and shall take effect upon enactment by the legislature.*

*Subd. 4. [REPORTS.] By August 1 of each year, each community dispute resolution program established pursuant to this section shall provide the state court administrator with statistical data regarding the operation budget, the number of referrals, categories or types of cases referred, number of parties served, number of disputes resolved, nature of resolution, amount and type of awards, rate of compliance, returnees to the dispute resolution process, duration and estimated costs of proceedings, and any other information that is required.*

**Sec. 3. [494.03] [CONFIDENTIALITY OF COMMUNICATIONS.]**

*Any communication relating to the subject matter of the resolution process by any participant during dispute resolution shall not be used as evidence against a participant in a judicial or administrative proceeding. This shall not preclude the use of evidence obtained by other independent investigation.*

**Sec. 4. [494.04] [EXCLUSIONS.]**

*A community dispute resolution center may not accept for resolution, either before or after the effective date of guidelines adopted pursuant to section 2, any dispute involving violence against persons, including incidents arising out of situations that would support charges under sections 609.342 to 609.345, 609.3641 to 609.3644, or 609.365, any matter relating to guardianship, conservatorship, or civil commitment, any matter involving neglect or dependency arising under section 260.015, subdivisions 6, 7, 8, 10, 17, and 18, or termination of parental rights arising under sections 260.221 to 260.245, or any dispute subject to sections 518.002 to 518.66, 518A.01 to 518A.25, or 518B.01, whether or not a court action is pending. A department of court services may accept for resolution a dispute arising under sections 518.002 to 518.66 or 518A.01 to 518A.25. This shall not restrict the present authority of the court from referring disputes arising under sections 518.002 to 518.66, or 518A.01 to 518A.25, to for-profit mediation.*

Sec. 5. [13.88] [COMMUNITY DISPUTE RESOLUTION CENTER DATA.]

*All memoranda, agreements, files, and other work products relating to a community dispute resolution program case are classified as private data on individuals, pursuant to section 13.02, subdivision 12, with the following exceptions:*

*(a) When an agreement is between two parties either of whom has been formally charged with a criminal offense, the data are classified as public data on individuals, pursuant to section 13.02, subdivision 15.*

*(b) Dispute resolution program data relating to suspected neglect or physical or sexual abuse of children or vulnerable adults are subject to the reporting requirements of sections 626.556 and 626.557.*

Sec. 6. [STATE COURT ADMINISTRATOR REPORT.]

*By January 1, 1986, the state court administrator shall report to the chairmen of the judiciary committees in the house and in the senate the experience to date with dispute resolution programs established pursuant to section 2 and shall make recommendations for any changes that may be deemed desirable in the dispute resolution program.*

Sec. 7. [APPROPRIATION.]

The commissioner shall either reaffirm or reverse his determination of no probable cause within 20 days after receipt of the request for reconsideration, and he shall within ten days notify in writing the charging party and respondent of his decision to reaffirm or reverse.

A decision by the commissioner that no probable cause exists to credit the allegations of an unfair discriminatory practice shall not be appealed to the court of appeals pursuant to section 363.-072 or sections 14.63 to 14.68.

(3) If the commissioner determines after investigation that probable cause exists to credit the allegations of unfair discriminatory practices, the commissioner shall serve on the respondent and his attorney if he is represented by counsel, by first class mail, a notice setting forth a short plain written statement of the

alleged facts which support the finding of probable cause and an enumeration of the provisions of law allegedly violated. If the commissioner determines that attempts to eliminate the alleged unfair practices through conciliation pursuant to subdivision 5 have been or would be unsuccessful or unproductive, the commissioner shall issue a complaint and serve on the respondent, by (REGISTERED OR CERTIFIED) *first class* mail, a written notice of hearing together with a copy of the complaint, requiring the respondent to answer the allegations of the complaint at a hearing before a hearing examiner at a time and place specified in the notice, not less than ten days after service of said complaint. A copy of the notice shall be furnished to the charging party and the attorney general.

(4) If, at any time after the filing of a charge, the commissioner has reason to believe that a respondent has engaged in any unfair discriminatory practice, the commissioner may file a petition in the district court in a county in which the subject of the complaint occurs, or in a county in which a respondent resides or transacts business, seeking appropriate temporary relief against the respondent, pending final determination of proceedings under this chapter, including an order or decree restraining him from doing or procuring an act tending to render ineffectual an order the commissioner may enter with respect to the complaint. The court shall have power to grant temporary relief or a restraining order as it deems just and proper, but no relief or order extending beyond ten days shall be granted except by consent of the respondent or after hearing upon notice to the respondent and a finding by the court that there is reasonable cause to believe that the respondent has engaged in a discriminatory practice. Except as modified by this section, the Minnesota rules of civil procedure shall apply to an application, and the district court shall have authority to grant or deny the relief sought on conditions as it deems just and equitable. All hearings under this section shall be given precedence as nearly as practicable over all other pending civil actions.

(5) If a lessor, after he has engaged in a discriminatory practice defined in section 363.03, subdivision 2, clause (1), (a), leases or rents a dwelling unit to a person who has no knowledge of the practice or of the existence of a charge with respect to the practice, the lessor shall be liable for actual damages sustained by a person by reason of a final order as provided in this section requiring the person to be evicted from the dwelling unit.

(6) In any complaint issued under this section, the commissioner may seek relief for a class of individuals affected by an unfair discriminatory practice occurring on or after a date (SIX MONTHS) *300 days* prior to the filing of the charge from which the complaint originates.

(7) The commissioner may adopt policies to determine which charges are processed and the order in which charges are

processed based on their particular social or legal significance, administrative convenience, difficulty of resolution, or other standard consistent with the provisions of this chapter.

(8) *The commissioner shall adopt sanctions for unreasonable delay caused by any charging party or respondent in an investigation, or any other aspect of proceedings before the department under this chapter. The sanctions adopted shall be exempt from the rulemaking provisions of chapter 14. In any proceeding before a judge or hearing examiner sanctions may be imposed against a charging party or respondent for unreasonable delay, including an increase or decrease in any award authorized under this chapter.*

Sec. 5. Minnesota Statutes 1982, section 363.071, is amended by adding a subdivision to read:

*Subd. 1a [HEARINGS 180 DAYS AFTER CHARGE.] At any time after 180 days from the filing of a charge, if there has been neither a finding of no probable cause nor of probable cause, the charging party may file a request with the commissioner to appear at a hearing on his own behalf or through a private attorney. Upon receipt of the request, the commissioner shall review the documents and information held in the department's files concerning the charge and shall release to the charging party and respondent all documents and information that is accessible to the charging party and respondent under sections 13.01 to 13.87. The commissioner shall forward the request for hearing to the office of administrative hearings, which shall promptly set the matter for hearing. If the charging party prevails at this hearing, the hearing examiner may require the respondent to reimburse the charging party for reasonable attorney's fees.*

Sec. 6. Minnesota Statutes 1983 Supplement, section 363.071, subdivision 2, is amended to read:

**Subd. 2. [DETERMINATION OF DISCRIMINATORY PRACTICE.]** The hearing examiner shall make findings of fact and conclusions of law, and if the hearing examiner finds that the respondent has engaged in an unfair discriminatory practice, the hearing examiner shall issue an order directing the respondent to cease and desist from the unfair discriminatory practice found to exist and to take such affirmative action as in the judgment of the examiner will effectuate the purposes of this chapter. Such order shall be a final decision of the department. The examiner shall order any respondent found to be in violation of any provision of section 363.03 to pay a civil penalty to the state. This penalty is in addition to compensatory and punitive damages to be paid to an aggrieved party. The hearing examiner shall determine the amount of the civil penalty to be paid, taking into account the seriousness and extent of the violation, the public harm occasioned by the violation, whether the

violation was intentional, and the financial resources of the respondent. Any penalties imposed under this provision shall be paid into the general fund of the state. In all cases *where the examiner (MAY) finds that the respondent has engaged in an unfair discriminatory practice the examiner shall order the respondent to pay an aggrieved party, who has suffered discrimination, compensatory damages, including damages for mental anguish or suffering, in an amount three times the actual damages sustained; and, in all cases, may also order the respondent to pay an aggrieved party, who has suffered discrimination, punitive damages in an amount not more than \$6,000. Punitive damages shall be awarded pursuant to section 549.20. In any case where a political subdivision is a respondent the total of punitive damages awarded an aggrieved party may not exceed \$6,000 and in that case if there are two or more respondents the punitive damages may be apportioned among them. Punitive damages may only be assessed against a political subdivision in its capacity as a corporate entity and no regular or ex officio member of a governing body of a political subdivision shall be personally liable for payment of punitive damages pursuant to this subdivision. In addition to the aforesaid remedies, in a case involving discrimination in*

(a) employment, the examiner may order the hiring, reinstatement or upgrading of an aggrieved party, who has suffered discrimination, with or without back pay, admission or restoration to membership in a labor organization, or his admission to or participation in an apprenticeship training program, on-the-job-training program, or other retraining program, or any other relief the examiner deems just and equitable.

(b) housing, the examiner may order the sale, lease, or rental of the housing accommodation or other real property to an aggrieved party, who has suffered discrimination, or the sale, lease or rental of a like accommodation or other real property owned by or under the control of the person against whom the complaint was filed, according to terms as listed with a real estate broker, or if no such listing has been made, as otherwise advertised or offered by the vendor or lessor, or any other relief the examiner deems just and equitable.

The examiner shall cause the findings of fact, conclusions of law, and order to be served on the respondent (PERSONALLY,) and the charging party by (REGISTERED OR CERTIFIED) first class-mail, and shall furnish copies to the attorney general and the commissioner.

Sec. 7. Minnesota Statutes 1983 Supplement, section 363.072, subdivision 1, is amended to read:

Subdivision 1. [APPEAL.] The commissioner or a person aggrieved by a final decision of the department reached after a hearing held pursuant to section 363.071 may seek judicial re-

view in accordance with chapter 14. *The attorney general shall represent on appeal a charging party who prevailed at a hearing authorized by section 5, if the charging party requests representation within ten days after receipt of the petition for appeal.*

Sec. 8. Minnesota Statutes 1982, section 363.116, is amended to read:

363.116 [TRANSFER TO COMMISSIONER.]

A local commission may refer a matter under its jurisdiction to the commissioner.

The charging party has the option of filing a charge either with a local commission or the department. *Notwithstanding the provisions of any ordinance to the contrary, a charge may be filed with a local commission within 300 days after the occurrence of the practice.* The exercise of such choice in filing a charge with one agency shall preclude the option of filing the same charge with the other agency. At the time a charge comes to the attention of a local agency, the agency or its representative shall inform the charging party of this option, and of his rights under Laws 1967, Chapter 897.

The term "local commission" as used in this section has the same meaning given the term in section 363.115.

Sec. 9. Minnesota Statutes 1982, section 363.117, is amended to read:

363.117 [WITHDRAWAL FROM A LOCAL COMMISSION.]

Notwithstanding the provisions of any law or ordinance to the contrary, a person who has filed a charge with a local commission may bring a civil action as provided in section 363.14 at the following times:

(a) Within 45 days after the local commission has determined that there is no probable cause to credit the allegations contained in the charge; or

(b) After 45 days from the filing of the charge if a hearing has not been held or if the local commission has not entered into a conciliation agreement to which the charging party is a signator. The charging party shall notify the local commission of his intention to bring a civil action, which shall be commenced within 90 days of giving the notice.

A charging party bringing a civil action shall (MAIL BY REGISTERED OR CERTIFIED MAIL) *send a copy of the summons and complaint to the local commission by first class*

*mail* and upon their receipt the local commission shall terminate all proceedings before the local commission relating to the charge. No charge shall be filed or reinstated with the local commission after a civil action relating to the same unfair discriminatory practice has been brought unless the civil action has been dismissed without prejudice.

Sec. 10. Minnesota Statutes 1982, section 363.14, subdivision 1, is amended to read:

Subdivision 1. [COURT ACTIONS, SUITS BY PRIVATE PARTIES, INTERVENTION.] A person may bring a civil action seeking redress for an unfair discriminatory practice:

(a) Directly to district court; or

(b) Notwithstanding the provisions of any law to the contrary, (1) within 45 days after the commissioner has dismissed a charge because it is frivolous or without merit, because the charging party has failed to provide required information, *because the commissioner has determined that further use of department resources is not warranted*, or because the commissioner has determined that there is no probable cause to credit the allegations contained in a charge filed with the commissioner; (2) *within 45 days after the commissioner has reaffirmed his determination of no probable cause if the charging party requested a reconsideration of the probable cause determination*; or ((2)). (3) after 45 days from the filing of a charge pursuant to section 363.06, subdivision 1 if a hearing has not been held pursuant to section 363.071 or if the commissioner has not entered into a conciliation agreement to which the charging party is a signator. The charging party shall notify the commissioner of his intention to bring a civil action, which shall be commenced within 90 days of giving the notice;

(c) The commissioner may dismiss, without prejudice to the charging party, any case filed with the department on or before June 30, 1978. The commissioner shall notify a charging party by regular mail sent before August 1, 1981, that he has a right to bring a civil action pursuant to this section. Upon giving this notice the commissioner shall end all proceedings in the department relating to the charge. Notwithstanding any statutory period of limitation to the contrary, an individual notified pursuant to this clause may bring a civil action relating to his charge; provided that the action is filed on or before February 1, 1982.

A charging party bringing a civil action shall (MAIL BY REGISTERED OR CERTIFIED MAIL) *send* a copy of the summons and complaint to the commissioner *by first class mail*, and upon their receipt the commissioner shall terminate all proceedings in the department relating to the charge. No

charge shall be filed or reinstated with the commissioner after a civil action relating to the same unfair discriminatory practice has been brought unless the civil action has been dismissed without prejudice.

Upon application by the complaining party to the district court at a special term and under circumstances the court deems just, the court may appoint an attorney for the person and may authorize the commencement of the action without payment of fees, costs, or security.

Upon timely application, the court may permit the department to intervene in a civil action brought pursuant to this section upon certification that the case is of general public importance.

Sec. 11. Minnesota Statutes 1982, section 363.14, subdivision 2, is amended to read:

Subd. 2. [DISTRICT COURT JURISDICTION.] Any action brought pursuant to this section shall be filed in the district court of the county wherein the unlawful discriminatory practice is alleged to have been committed or where the respondent resides or has his principal place of business.

Any action brought pursuant to this chapter shall be heard and determined by a judge sitting without a jury.

If the court finds that the respondent has engaged in an unfair discriminatory practice, it shall issue an order directing (SUCH) *appropriate* relief (AS IT DEEMS APPROPRIATE AND WHICH EFFECTUATES THE PURPOSE OF THIS CHAPTER. SUCH RELIEF SHALL BE LIMITED TO THAT PERMITTED) *as provided* by section 363.071, subdivision 2.

Sec. 12. [EFFECTIVE DATE; APPLICATION.]

*Sections 1 to 11 are effective August 1, 1984. Section 5 applies only to charges filed with the department after the effective date of this act."*

In primaries where electronic voting systems are used, the ballot pages for the partisan primary ballots may be different colors or may be otherwise distinctively differentiated as between parties and all pages of the partisan primary ballot of a single party shall be consecutive without the intervention of any pages of any other party. In a prominent place on such ballots there shall be conspicuously printed a notice stating in substance the effect of

attempting to vote in more than one partisan primary. Preparation of separate ballots for use on separate marking devices, each ballot containing the partisan primary ballot of only one party, shall also be permitted. Candidates' names may be set in as large type as the length of the majority of such names of all candidates on the ballot permits and the remaining candidates' names may be set in such smaller sizes or styles of type as the length of each such name requires based upon the available space in the frame of the voting machine or upon the space available on any card, paper, booklet, or pages. Ballots (or ballot labels) for constitutional amendments or that portion of the ballot containing constitutional amendments shall be printed on material tinted pink. In a prominent place on such ballots, there shall be conspicuously printed a notice stating in substance that if a voter fails to vote on a constitutional amendment he votes, in effect, in the negative. Ballots (or ballot labels) for other questions shall be printed on material so tinted as to conform with the laws relating to paper ballots.

The authorities charged with the duty of providing ballots for any polling place where voting machines are used shall provide therefor at least two sample ballots which shall be arranged in the form of a diagram showing such part of the face of the voting machine as shall be in use at that election for voting for all candidates whose names are entitled to be placed on the ballot at such election and shall also show such part of the face of the voting machine as shall be in use for voting for all referendum questions, constitutional amendments, or other propositions; the proper authorities shall provide at least two sample ballots, ballot cards, or ballot labels which shall be arranged in the form of a diagram showing the ballot label containing the names of all candidates and propositions to be voted upon at that election in each polling place. Candidates' names shall not be rotated on such sample ballots but shall be arranged in alphabetical order for all offices where rotation of names on the official ballots on the voting machines is required by law. Such sample ballots shall be either in full or (REDUCED) *enlarged* size and shall contain suitable illustrated directions for voting on the voting machine, or for operating a marking device, or such illustrated instructions shall be provided on a separate poster, to be posted adjacent to each sample ballot. Not less than two such sample ballots shall be posted in a prominent place in the polling place and shall remain open to inspection by the voters throughout the election day. *The instructions shall be printed in at least 14-point bold type with heavy leading.*

The county auditor may use a one inch or more space between partisan and nonpartisan ballots, but in all cases a canary yellow color shall be used as background color on the nonpartisan ballots.

Sec. 15. Minnesota Statutes 1982, section 206.19, subdivision 2, is amended to read:

Subd. 2. The authorities in charge of elections shall provide adequate facilities for the instruction of voters prior to an election and cause to be placed in one or more convenient locations a voting machine with sample ballot labels affixed for the purpose of instructing voters in the operation of the machine. *The facilities for the instruction of voters and the location of the voting machine so far as practicable shall be accessible to elderly and handicapped individuals.* If the ballot labels that are used for this purpose are the same that will be used for the succeeding election the counting mechanism of the machine shall be concealed from view until the machine is prepared for the election and if the machine or machines are not used at the election the counting mechanism shall remain concealed from view until after the election.

Sec. 16. Minnesota Statutes 1982, section 206.20, is amended to read:

206.20 [ACCESSIBILITY; INSTRUCTIONS; ASSISTANCE TO VOTERS.]

Subdivision 1. The voting machine or machines shall be so placed and protected that each machine shall be accessible to only one voter at a time and in full view of all of the election officers and watchers at the polling place. An election judge shall inspect the face of each voting machine after each voter has voted to see that the ballot labels are in their proper places and that the machine has not been injured or tampered with. During elections the door or other compartment of the machine shall not be unlocked or opened or the counters exposed except by a custodian or other authorized person, a statement of which shall be made and signed by the custodian or authorized person and attached to the returns.

Subd. 2. For the instruction of the voters there shall be, so far as practicable in each polling place, at least one mechanical model being a mechanical reproduction of a portion of the face of the voting machine. The model shall be located during the election in some *accessible* place which the voter must pass to reach the machine. Every voter before entering the booth shall be instructed regarding its operation. The instruction shall be illustrated on the model and the voter given the opportunity to personally operate the model. The voter's attention shall also be called to the diagram of the face of the machine so that the voter becomes familiar with the location of the questions and the names of the offices and candidates. At least one election judge shall remain in constant attendance at the instruction model and diagram and occupy himself at all times with the duties of instructing the voters. If any voter after entering the voting machine booth asks for additional instruction in operating the machine the instruction shall be given him by two election judges who are members of different major political parties, if such there be. After giving instruction the election judges shall

retire from the voting machine booth and the voter shall thereafter proceed to vote alone and in secrecy. If any voter at a primary after entering the voting machine booth and setting the primary lever of a major political party so as to release the candidates of that party for voting, and turning down levers over the names of candidates, but before recording the votes for any candidates, states to the election judges that he wishes to enter the primary of a different major political party, the entire election board shall go to the machine and shall see that all voting levers have been returned to the unvoted position so that no votes may be cast for any candidates or for or against any questions or other propositions, and the voter shall then be permitted to return the operating lever to its original position and start from the beginning once more. In each such case the entire election board shall sign a certificate stating what was done and the certificate shall be returned with the official returns of the primary.

Subd. 3. When any voter states under oath that he cannot read English, or that he is physically unable to operate the voting machine in order to record his vote thereon, he may call to his aid two of the election judges of different major political party affiliation, who shall prepare his ballot on the machine as he may desire, and in as secret a manner as circumstances permit. (WHEN HE ALSO STATES THAT HE) *If the voter is deaf or cannot speak the English language or understand it when spoken, the election judges may select two persons from different major political parties to act as interpreters, who shall take an oath similar to that taken by the election judges, and assist such person in voting.* (WHEN THE VOTER SHALL PREFER) *Alternatively, (HE) the voter may (CALL TO HIS AID ANY VOTER OF THE SAME PRECINCT, WHO) obtain the assistance of any individual the voter chooses. The individual who assists the voter shall take an oath that he or she is eligible to do so. Only the following persons may not provide assistance to a voter: the voter's employer, an agent of the voter's employer, an officer or agent of the voter's union, or a candidate for election. The person who assists the voter shall, unaccompanied by an election judge, (MAY) retire with (HIM) the voter to the voting machine booth and prepare (SUCH) the voter's ballot on (SUCH) the voting machine for (HIM) the voter; but no such person shall prepare the ballot of more than three such voters at one election. Before registering his vote such voter may show his ballot, as prepared for recording, privately to an election judge to ascertain that it is prepared as directed. No election judge or other person so assisting a voter shall in any manner request, persuade, or induce, or attempt to persuade such voter to vote for or against any particular major political party, candidate or question, but shall prepare the ballot as requested, and shall not reveal to any other person the name of any candidate for whom the voter has voted, or anything that took place while so assisting him.*

Subd. 4. The election judges shall admit but one voter to the voting machine at one time and only after it has been ascertained that he is entitled to vote. The voting on the voting machine shall be secret except as herein provided for voters needing assistance and no voter shall remain within the voting machine booth longer than three minutes and if he shall refuse to leave it after the lapse of three minutes he shall be removed by the election judges. *If necessitated by the length of the ballot or the handicap of the voter, election judges may allow a voter to remain in the voting booth longer than three minutes.*

Subd. 5. If the official ballots at a precinct at which a voting machine is to be used are not delivered at the time required, or if after delivery they shall become lost, destroyed or stolen the election judges shall immediately notify the clerk or other authority under whose direction the ballots are printed who shall cause other ballots to be prepared, printed, or written as nearly in the form of the official ballot as practicable. The election judges shall cause such substituted ballots to be used in the same manner as the official ballots.

Subd. 6. Ballots cast for persons not nominated by the use of the machine device provided for that purpose shall be designated irregular ballots.

Subd. 7. If any voting machine being used in any election shall become out of order during such election it shall be repaired if possible or another machine substituted as promptly as possible. In case such substitution or repair cannot be made, paper ballots printed or written, and of any suitable form may be used for the taking of votes and for such purpose voting machine sample ballots may be used.

For the purpose of this subdivision, the term "regular business day" means any day during which the establishment having custody of an animal is open to the public not less than four consecutive hours between the hours of 8:00 A.M. and 7:00 P.M. These establishments shall maintain the following records of the animals in custody, and preserve the records for a minimum of six months:

subdivision 10 has immunity from any liability, civil or criminal, that otherwise might result by reason of that action.

This subdivision does not provide immunity to any person for failure to make a required report or for committing neglect, physical abuse, or sexual abuse of a child.

Sec. 5. Minnesota Statutes 1983 Supplement, section 626.556, subdivision 10, is amended to read:

Subd. 10. [DUTIES OF LOCAL WELFARE AGENCY UPON RECEIPT OF A REPORT.] (a) If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, the local welfare agency shall immediately (INVESTIGATE) *conduct an assessment* and offer protective social services for purposes of preventing further abuses, safeguarding and enhancing the welfare of the abused or neglected minor, and preserving family life whenever possible. When necessary the local welfare agency shall seek authority to remove the child from the custody of his parent, guardian or adult with whom he is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

(b) Authority of the local welfare agency responsible for (INVESTIGATING) *assessing* the child abuse report includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school or any facility or other place where the alleged victim or other minors might be found and may take place outside the presence of the perpetrator or parent, legal custodian, or guardian. Except as provided in this clause, the parent, legal custodian, or guardian shall be notified, no later than the conclusion of the (INVESTIGATION) *assessment*, that this interview has occurred. Notwithstanding rule 49.02 of the Minnesota Rules of Procedure for Juvenile Courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, notification of this interview be withheld from the parent, legal custodian, or guardian.

(c) When the local welfare agency determines that an interview should take place on school property, written notification must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. The notification shall be signed by the chairman of the county welfare board or his designee. The time, place, and manner of the interview on school premises shall be within the discretion of school officials. The conditions as to time, place, and manner of the

interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is deemed necessary by agreement between the school officials and the local welfare agency. School officials shall not disclose to the parent, legal custodian, guardian, or perpetrator that a request to interview the child has been made until after the (ABUSE INVESTIGATION) *assessment interview* has been concluded. Every effort shall be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(d) Where the perpetrator or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency outside the presence of the perpetrator or any person responsible for the child's care at reasonable places and times as specified by court order.

(e) Before making an order under paragraph (d), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If a guardian ad litem is appointed, he shall be present at the hearing on the order to show cause.

(f) The commissioner and the local welfare agencies responsible for investigating reports have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

Sec. 6. Minnesota Statutes 1982, section 626.556, subdivision 11, is amended to read:

Subd. 11. [RECORDS.] All records maintained by a local welfare agency under this section, including any written reports filed under subdivision 7, shall be private data on individuals, except insofar as copies of reports are required by subdivision 7 to be sent to the local police department or the county sheriff. Report records maintained by any police

department or the county sheriff shall be private data on individuals except the reports shall be made available to the investigating, petitioning, or prosecuting authority *and to the local welfare agency*. The welfare board shall make available to the investigating, petitioning, or prosecuting authority any records which contain information relating to a specific incident of neglect or abuse which is under investigation, petition, or prosecution and information relating to any prior incidents of neglect or abuse involving any of the same persons. The records shall be collected and maintained in accordance with the provisions of chapter 13. An individual subject of a record shall have access to the record in accordance with those sections, except that the name of the reporter shall be confidential while the report is under *assessment or investigation*. After the *assessment or investigation* is completed, the name of the reporter shall be confidential but shall be accessible to the individual subject of the record upon court order.

Records maintained by local welfare agencies, the police department or county sheriff under this section shall be destroyed as described in clauses (a) to (c):

(a) If upon *assessment or investigation* a report is found to be unsubstantiated, notice of intent to destroy records of the report shall be mailed to the individual subject of the report. At the subject's request the records shall be maintained as private data. If no request from the subject is received within 30 days of mailing the notice of intent to destroy, the records shall be destroyed.

(b) All records relating to reports which, upon *assessment or investigation*, are found to be substantiated shall be destroyed seven years after the date of the final entry in the case record.

(c) All records of reports which, upon initial *assessment or investigation*, cannot be substantiated or disproved to the satisfaction of the local welfare agency, local police department or county sheriff may be kept for a period of one year. If the local welfare agency, local police department or county sheriff is unable to substantiate the report within that period, each agency unable to substantiate the report shall destroy its records relating to the report in the manner provided by clause (a).

*Subdivision 1. [GENERAL.]* Where voting machines shall be provided in the manner permitted by law, such voting machines may be used at all elections, insofar as the use of the same is applicable, and not inconsistent with this chapter. If the mechanism of such machines will not permit the voter to record his vote in the manner provided by this chapter said machines may be used in the manner now provided by law so far as is applicable, and as to offices to which such voting machines will not apply, separate paper ballots conforming with the law shall be used. All votes on voting machines shall be recorded and counted and the results thereof ascertained, canvassed and returned as provided by this chapter. When voting machines are used in an election, a reasonable supply of paper ballots and ballot boxes shall be maintained in the possession of the authority charged with the duty of providing ballots for any polling place where voting machines are used. If one or more of the voting machines in any such polling place fails to function during the election, such authority may dispatch paper ballots and ballot boxes to the polling place in such quantity as the authority deems necessary to avoid undue delay occasioned by the machine failure. If paper ballots are used in an election pursuant to this section, they shall be handled, counted, and canvassed in the same manner as absentee ballots. At such time as notification of machine failure is received the officer in charge of supplying ballots shall notify the county headquarters of all major political parties with an office therein or the county chairman of said parties without delay and before said paper ballots are distributed.

*Subd. 2. The separate paper ballot must be headed "Judicial Dis-

*strict Nonpartisan General Election Ballot'* and printed on gray paper. Gray ballots must be distributed to voters, handled, counted, and canvassed in the manner provided by law for precincts using only paper ballots, so far as is practicable. The canvass of the gray paper ballots must not delay the canvass of votes recorded on the voting machines. A separate summary statement may be provided for reporting of the canvass of the gray paper ballots. The returns from the voting machines may be filed as provided in section 206.21 before the canvass of the gray paper ballots is completed. Additional or replacement election judges may be appointed to count the gray paper ballots.

*Subd. 23. [PASS-ELIGIBLE STATUS.] "Pass-eligible status" means the status in which persons committed as mentally ill and dangerous may be released on passes upon approval of a pass plan by the head of the treatment facility.*

Sec. 4. Minnesota Statutes 1982, section 253B.18, is amended by adding a subdivision to read:

*Subd. 4a. [PASSES.] Patients who have been committed as mentally ill and dangerous and who are confined at the Minnesota security hospital shall not be released on a pass unless the pass is part of a pass plan that has been approved by the medical director of the Minnesota security hospital. At least ten days prior to his determination on the plan, the medical director shall notify the county attorney of the county of commitment of the plan, the nature of the passes proposed and the county attorney's right to object to the plan. If the county attorney objects prior to the proposed date of implementation, the county attorney shall have the opportunity to appear, personally or in writing, before the medical director, within ten days of this objection, to present his grounds for opposing the plan. The pass plan shall not be implemented until the county attorney has been furnished that opportunity.*

Sec. 5. Minnesota Statutes 1982, section 253B.18, is amended by adding a subdivision to read:

*Subd. 4b. [PASS-ELIGIBLE STATUS.] Patients who have been committed as mentally ill and dangerous, who are confined at the Minnesota security hospital, and who were acquitted of a crime against the person pursuant to a verdict of not guilty by reason of mental illness, or who were convicted of a crime against the person, or who are subject to a commitment to the commissioner of corrections, shall not be placed on pass-eligible status unless the status has been approved by the medical director of the Minnesota security hospital. At least ten days prior to his determination on the status, the medical director shall notify the county attorney of the county of commitment of the proposed status, and the county attorney's right to request review by the special review board. If the county attorney requests review by the special review board within ten days of the date of the notice, by filing a notice of objection with the commissioner and the head of the treatment facility, the status shall not be implemented unless it is approved by the commissioner after a hearing before the special review board and a favorable recommendation of majority of the board. The status shall be deemed approved by the commissioner unless he orders otherwise within 30 days of the request for a review by the county attorney. Any patient aggrieved by the head of the treatment facility's failure to approve a pass-eligible status may seek approval of the status by petitioning the special review board. The order of the commissioner is appealable as provided in section 253B.19."*

Subd. 7. [PRELIMINARY HEARING.] (a) No proposed patient may be held pursuant to subdivision 6 for longer than 72 hours, exclusive of Saturdays, Sundays, and legal holidays, unless the court holds a preliminary hearing and determines that probable cause exists to continue to hold him.

(b) The proposed patient, his counsel, the petitioner, the county attorney, and any other persons as the court directs shall be given at least 24 hours written notice of the preliminary hearing. The notice shall include the alleged grounds for confinement. The proposed patient shall be represented at the preliminary hearing by counsel. If the court finds it to be reliable, it may admit hearsay evidence, including written reports.

(c) *The court, on its motion or on motion of any party, may, in extreme circumstances, exclude a respondent who is seriously disruptive or who is totally incapable of comprehending and participating in the proceedings. All waivers shall be on the record. At the time of the hearing the patient shall not be so under the influence or suffering from the effects of drugs, medication, or other treatment so as to be hampered in participating in the proceedings. When in the opinion of the licensed physician or licensed consulting psychologist attending the patient the discontinuance of drugs, medication, or other treatment is not in the best interest of the patient, the court, at the time of the hearing, shall be presented a record of all drugs, medication or other treatment which the patient has received during the 48 hours immediately prior to the hearing.

Sec. 3. Minnesota Statutes 1983 Supplement, section 525.619, is amended to read:

525.619 [POWERS AND DUTIES OF GUARDIAN OF MINOR.]

A guardian of a minor has the powers and responsibilities of a parent who has not been deprived of custody of his minor and unemancipated child, except that a guardian is not legally obligated to provide from his own funds for the ward. In particular, and without qualifying the foregoing, a guardian has the following powers and duties:

(a) He must take reasonable care of his ward's personal effects and commence protective proceedings if necessary to protect other property of the ward.

(b) He may receive money payable for the support of the ward to the ward's parent, guardian or custodian under the terms of any statutory benefit or insurance system, or any private contract, devise, trust, conservatorship or custodianship. He also may receive money or property of the ward paid or delivered by virtue of section 525.6196. Any sums so received shall be applied to the ward's current needs for support, care and education. He must exercise due care to conserve any excess for the ward's future needs unless a conservator has been appointed for the estate of the ward, in which case the excess shall be paid over at least annually to the conservator. Sums so received by the guardian are not to be used for compensation for his services except as approved by order of court or as determined by a duly appointed conservator other than the guardian. A guardian may institute proceedings to compel the performance by any person of a duty to support the ward or to pay sums for the welfare of the ward.

(c) The guardian is empowered to facilitate the ward's education, social, or other activities and to authorize medical or other professional care, treatment or advice. A ward *who is less than 16 years of age may be admitted to a treatment facility as an informal patient according to section 253B.04* but may not be committed to any state institution except pursuant to chapter 253B (AND). No guardian may give consent for psychosurgery, electroshock, sterilization or experimental treatment of any kind unless the procedure is first approved by the order of the court, after a hearing as prescribed by section 525.56, subdivision 2.

A guardian is not liable by reason of his consent for injury to the ward resulting from the negligence or acts of third persons unless it would have been illegal for a parent to have consented, or unless he fails to comply with the requirements of this section which provide that a court order is necessary for commitment and for certain types of medical procedures. A guardian may consent to the marriage or adoption of his ward.

(d) A guardian must report the condition of his ward and of the ward's estate which has been subject to his possession or control, as ordered by the court on its own motion or on petition of any person interested in the minor's welfare and as required by court rule.

Sec. 4. Laws 1982, chapter 581, section 26, as amended by Laws 1983, chapter 251, section 27, is amended to read:

Sec. 26. [EFFECTIVE DATE.]

This act is effective August 1, 1982 and applies to any conduct, transaction, or proceeding within its terms which occurs after August 1, 1982. A proceeding for the commitment of a person to a treatment facility commenced before August 1, 1982, is governed by the law existing at the time the proceeding was com-

menced; provided, however, that if the proceedings are not terminated by August 1, 1983, they shall thereafter be governed by the provisions of sections 1 to 23. Any person, other than a person committed as mentally ill and dangerous, who was committed pursuant to chapter 253A and whose term of commitment is indeterminate shall have his status reviewed pursuant to the provisions of section 12 prior to February 1, 1984.

*For persons 16 years or older, involuntarily residing in a treatment facility pursuant to an order of guardianship, and not committed pursuant to an order issued under chapter 253B or Minnesota Statutes 1980, chapter 253A, the following review procedures will apply:*

(a) *The person shall have a commitment hearing according to section 253B.08 prior to August 1, 1985. The head of the treatment facility shall initiate the petition for commitment.*

(b) *The person shall be deemed to be legally committed to the head of the treatment facility until the committing court issues an appropriate judgment according to section 253B.09, or until August 1, 1985, whichever date occurs first.*

(c) *A finding by the committing court that the individual does not satisfy the commitment criteria of chapter 253B shall not terminate the guardianship or constitute a restoration to capacity. An order of restoration to capacity may only be obtained under section 525.61.*

*If the committing court finds that the individual does not satisfy the commitment criteria set forth in section 253B, the court, by order shall immediately notify the county welfare board. The designated agency shall locate an appropriate community placement within 90 days of notification by the guardian. Until an appropriate placement is available, the ward may continue to reside in the treatment facility in which the ward resided prior to the commitment hearing.*

Sec. 5. [EFFECTIVE DATE.]

*This act is effective the day following final enactment."*

## REPORT OF THE COMMITTEE OF THE WHOLE

H. F. Nos. 1557, 347 and 1345 which it recommended progress.

S. F. No. 214 which it recommended progress.

H. F. No. 1562 which it recommended to pass with the following amendments:

Offered by Blatz:

Delete everything after the enacting clause and insert:

“Section 1. [181.145] [PROMPT PAYMENT OF COMMISSIONS TO COMMISSION SALESPERSONS.]

*Subdivision 1. [DEFINITIONS.] For the purposes of this section, “commission salesperson” means a person who is paid on the basis of commissions for sales and who is not covered by sections 181.13 and 181.14 because he or she is an independent contractor. For the purposes of this section, the phrase “commissions earned through the last day of employment” means commissions due for services or merchandise which have actually been delivered to and accepted by the customer by the final day of the salesperson’s employment.*

*Subd. 2. [PROMPT PAYMENT REQUIRED.] (a) When any person, firm, company, association, or corporation employing a commission salesperson in this state terminates the salesperson, or when the salesperson resigns his or her position, the employer shall promptly pay the salesperson, at the usual place of payment, his or her commissions earned through the last day*

of employment or be liable to the salesperson for the penalty provided under subdivision 3 in addition to any earned commissions.

(b) If the employer terminates the salesperson or if the salesperson resigns giving at least five days written notice, the employer shall pay the salesperson's commissions earned through the last day of employment on demand no later than three working days after the salesperson's last day of work.

(c) If the salesperson resigns without giving at least five days written notice, the employer shall pay the salesperson's commissions earned through the last day of employment on demand no later than six working days after the salesperson's last day of work.

(d) Notwithstanding the provisions of paragraphs (b) and (c), if the terminated or resigning salesperson was, during his or her employment, entrusted with the collection, disbursement, or handling of money or property, the employer has ten working days after the termination of employment to audit and adjust the accounts of the salesperson before the salesperson can demand his or her commissions earned through the last day of employment. In such cases, the penalty provided in subdivision 3 shall apply only from the date of demand made after the expiration of the ten working day audit period.

**Subd. 3. [PENALTY FOR NON-PROMPT PAYMENT.]**

If the employer fails to pay the salesperson his or her commissions earned through the last day of employment on demand within the applicable period as provided under subdivision 2, the employer shall be liable to the salesperson, in addition to his or her earned commissions, for a penalty for each day, not exceeding 15 days, which the employer is late in making full payment or satisfactory settlement to the salesperson for the commissions earned through the last day of employment. The daily penalty shall be in an amount equal to one-fifteenth of the salesperson's commissions earned through the last day of employment which are still unpaid at the time that the penalty will be assessed.

**Subd. 4. [AMOUNT OF COMMISSION DISPUTED.]**

(a) When there is a dispute concerning the amount of the salesperson's commissions earned through the last day of employment or whether the employer has properly audited and adjusted the salesperson's account, the penalty provided in subdivision 3 shall not apply if the employer pays the amount it in good faith believes is owed the salesperson for commissions earned through the last day of employment within the applicable period as provided under subdivision 2; except that, if the dispute is later adjudicated and it is determined that the salesperson's commissions earned through the last day of employment were greater than the amount paid by the employer, the penalty provided in subdivision 3 shall apply.

*(b) If a dispute under this subdivision is later adjudicated and it is determined that the salesperson was not promptly paid commissions earned through the last day of employment as provided under subdivision 2, the employer shall pay reasonable attorney's fees incurred by the salesperson.*

*Subd. 5. [COMMISSIONS EARNED AFTER LAST DAY OF EMPLOYMENT.] Nothing in this section shall be construed to impair a commission salesperson from collecting commissions on merchandise ordered prior to the last day of employment but delivered and accepted after termination of employment. However, the penalties prescribed in subdivision 3 apply only with respect to the payment of commissions earned through the last day of employment."*

Further, delete the title and insert:

Subd. 2. A county (SHALL) *may* impose upon every importer and operator a production tax equal to ten cents per cubic yard or seven cents per ton of aggregate material removed (EXCEPT THAT THE COUNTY BOARD MAY DECIDE NOT TO IMPOSE THIS TAX IF IT DETERMINES THAT IN THE PREVIOUS YEAR OPERATORS REMOVED LESS THAN 20,000 TONS OR 14,000 CUBIC YARDS OF AGGREGATE MATERIAL FROM THAT COUNTY). The tax shall be imposed on aggregate material produced in the county when the aggregate material is transported from the extraction site or sold, when in the case of storage the stockpile is within the state of Minnesota and the highways are not used for transporting the aggregate material. The tax shall be imposed on an importer when the aggregate material is imported into the county that imposes the tax.

If the aggregate material is transported directly from the extraction site to a waterway, railway, or another mode of transportation other than a highway, road or street, the tax imposed by this section shall be apportioned equally between the county where the aggregate material is extracted and the county to which the aggregate material is originally transported. If that destination is not located in Minnesota *or the county to which the aggregate material is originally transported does not impose a tax under this section*, then the county where the aggregate material was extracted shall receive all of the proceeds of the tax. *If the county where the aggregate material was extracted does not impose a tax under this section, no tax shall be imposed by or apportioned to the county to which the aggregate material is originally transported.*

It may use forms and styles for the notice as it deems appropriate, including the use of display advertisements and graphics. It may publish or disseminate the notice in other newspapers in addition to the newspaper required to be designated under section 23. Regardless of whether a particular statute specifies "legal notice," "public notice," "notice," or uses similar terms, the governing body may use whatever form for the published notice that it deems appropriate in order to adequately inform the public, subject to the requirements of sections 20 to 30. The affidavit, if it states the required facts, shall be prima facie evidence of them and of the qualification. No compensation shall be recoverable for publishing legal or official matter in any newspaper unless the bill is accompanied by an affidavit of the publisher, or printer in charge, of the newspaper having knowledge of the facts, setting forth the fact that the newspaper has complied with all the requirements to constitute a legal newspaper. Any notice that, by law or the order of any court, is required to be published for any given number of weeks may*

*be published on any day in each week or the term, and if published as many weeks and as many times in each week as required by the law or order, it is a lawful publication.*

Sec. 29. [331A.10] [CHANGE OF NAME OR DISCONTINUANCE OF NEWSPAPER.]

If no order is required in the first instance, publication may be made or completed in any other qualified newspaper. Any time during which the notice is published in the first newspaper shall be calculated as a part of the time required for the publication, proof of which may be made by affidavit of any person acquainted with the facts.*

IN THE NEWSPAPER HAVING THE CONTRACT FOR PUBLISHING THE COMMISSIONERS' PROCEEDINGS FOR THE CURRENT YEAR.) A redistricting plan shall be effective on the 31st day after (PUBLICATION OF THE NOTICE) *filing* unless a later effective date is specified; provided, no redistricting plan shall be effective as to the next election of county commissioners unless the plan shall have been filed with the county auditor not less than 30 days before the first date candidates may file for the office of county commissioner. One commissioner shall be elected in each district who, at the time of the election, shall be a resident thereof and the person so elected shall be entitled to hold the office only while he remains a resident of the commissioner district. The county board or the redistricting commission as appropriate shall determine the number of members of the county board who shall be elected for two year terms and for four year terms in order to provide for staggered terms on the county board. Thereafter, all commissioners shall be elected for four years. When a county is redistricted, there shall be a new election of commissioners in all the districts of the county at the next general election except that where the change made in the boundaries of a district is less than 10 percent of the average of all districts of the county, the commissioner in office at the time of the redistricting shall serve for the full period for which he was elected.

Sec. 40. Minnesota Statutes 1982, section 375.12, is amended to read:

375.12 [PUBLICATION OF PROCEEDINGS.]

Subdivision 1. The county board shall cause the official proceedings of its sessions to be published in (SOME) a qualified newspaper (PRODUCED AND PUBLISHED IN ITS) *of general circulation in the county*, which publication shall be let annually by contract to the lowest bidder, at the first regular session of the board in January each year. (THE BOARD MAY ELECT TO PUBLISH ALL OR ANY PART OF THE OFFICIAL PROCEEDINGS; PROVIDED THAT IN THE CASE OF PARTIAL PUBLICATION, THE PUBLISHED PROCEEDINGS SHALL INDICATE IN WHAT RESPECT THEY ARE INCOMPLETE) *If the county board determines that publication of a summary of the proceedings would adequately inform the public of the substance of the proceedings, the county board may direct that only a summary be published, conforming to the requirements of section 20, subdivision 10.* In each county whose population exceeds 600,000, the proceedings shall be published in a daily newspaper. The board may reject any offer if, in its judgment, the public interests so require, and may thereupon designate a newspaper without regard to any rejected offer. In any county whose population exceeds 50,000, and is less than 250,000, the proceedings may be published in one daily and one weekly newspaper at their respective county seats. If the official newspaper of the county shall cease to exist for any reason, except by consolidation with another newspaper,

the county board shall have authority to designate another newspaper for the remainder of the year. (FOR THE PURPOSE OF THIS SECTION, A NEWSPAPER IS PRODUCED AND PUBLISHED IN THE COUNTY IF IT HAS IN THE COUNTY ITS KNOWN OFFICE OF ISSUE, AS SUCH TERM IS DEFINED IN SECTION 331.02, AND IF IT DOES ITS TYPOGRAPHIC COMPOSITION OR PRESSWORK OR BOTH IN THE COUNTY.) *The publication shall occur within 30 days of the meeting to which the proceedings relate.*

Subd. 2. Individualized itemized accounts, claims or demands allowed by the county board pursuant to section 471.38, subdivision 1, need not be published pursuant to subdivision 1, provided that the amount allowed from each claim is \$100 or less. The official proceedings following the itemization of accounts required shall contain a statement showing the total number of claims that did not exceed \$100, and the total dollar amount of those claims.

Sec. 41. [375.169] [PUBLICATION OF SUMMARY BUDGET STATEMENT.]

*Annually, upon adoption of the county budget, the county board shall cause a summary budget statement to be published in the official newspaper of the county, or if there is none, in a qualified newspaper of general circulation in the county. The statement shall contain information relating to anticipated revenues and expenditures in a form prescribed by the state auditor. The form prescribed shall be designed so that comparisons can be made between the current year and the budget year. A note shall be included that the complete budget is available for public inspection at a designated location within the county.*

Sec. 42. Minnesota Statutes 1982, section 375.17, is amended to read:

375.17 [PUBLICATION OF FINANCIAL STATEMENTS.]

Annually, not later than the first Tuesday after the first Monday in March, the county board shall make a full and accurate statement of the receipts and expenditures of the preceding year, which shall contain a statement of the assets and liabilities, a summary of receipts, disbursements, and balances of all county funds together with a detailed statement of each fund account, under the form and style prescribed by and on file with the state auditor, which prescribed form and any changes or modifications thereof shall so far as practical be uniform for all counties and shall be approved by the attorney general and the state printer and (WITHIN 30 DAYS THEREAFTER) *before June 1* shall cause the same to be published for one issue in some newspaper within the county, which newspaper must be a duly qualified legal newspaper, as provided by law. The county board

may also refrain from publishing an itemized account of amounts paid out, to whom and for what purpose to the extent that the published proceedings of the county board contain such information, provided that all disbursements aggregating \$5,000 or more to any person are set forth in a schedule of major disbursements showing amounts paid out, to whom and for what purpose and are made a part of, and published with, the financial statement. The county board may refrain from publishing the names and amounts of salaries and expenses paid to employees but shall publish the totals of disbursements for salaries and expenses. The county board may refrain from publishing the names of persons receiving poor relief or direct relief and the amounts paid to each, but the totals of the disbursements for such purposes must be published. In addition to the publication thereof in the newspaper designated by the board as the official newspaper for publication of the financial statement, the same shall be published in one other newspaper (OF THE COUNTY), if there be one (LOCATED) of *general circulation* in a different municipality in the county than the official newspaper. The county board shall call for separate bids for each publication. Insofar as any provision of this section is inconsistent with the provisions of section 393.07, the provisions of that section shall prevail.

Sec. 43. Minnesota Statutes 1982, section 375.51, subdivision 3, is amended to read:

Subd. 3. [PUBLICATION.] Every ordinance enacted by a county board shall be published at least once as part of the proceedings of the meeting at which the ordinance was enacted. Publication shall be made in the official newspaper of the county but additional publications, either in the official newspaper or other newspaper, may be ordered. An ordinance may be published in its entirety, or otherwise as hereinafter provided.

To the extent of the authority described in subdivision 1 of this section, a county may incorporate in an ordinance by reference any statute of Minnesota, any administrative rule or regulation of any department of the state of Minnesota affecting the county, or any code. The term "code" as used herein means any compilation of regulations or standards or parts thereof prepared by any governmental agency or any trade or professional association for general distribution in printed form as a standard or model on the subject of building construction, plumbing, electric wiring, inflammable liquids, sanitary provisions, public health, safety, or general welfare.

In the case of lengthy ordinances, or ordinances which include charts or maps, the ordinance need not be published in its entirety if the title of the ordinance and a summary of the ordinance *conforming to section 20, subdivision 10*, is included in the publication of the proceedings of the meeting at which the ordinance was enacted, *with notice that a printed copy of the*

*ordinance is available for inspection by any person during regular office hours at the office of the county auditor. In such case and in the case a statute, administrative rule or regulation or a code is adopted by reference, all requirements of statute for the publication of ordinances shall be satisfied if the summary of the ordinance or the ordinance incorporating the statute, regulation, ordinance or code is published in the required manner and if, prior to such publication, at least one copy of the entire ordinance or of the statute, rule, regulation or code are marked as the official copy and filed for use and examination by the public in the office of the county auditor. Provisions of the entire ordinance or of the statute, rule, regulation or code thus incorporated in such ordinance by reference shall be as much a part of the ordinance as if they had been set out in full therein.*

Sec. 44. Minnesota Statutes 1982, section 375.52, is amended to read:

**375.52 [REVISION AND CODIFICATION.]**

Any county may revise and codify and print in book, pamphlet or newspaper form any general and special laws, ordinances, resolutions and rules in force in the county. Such codification shall be a sufficient publication of any ordinance included in it and not previously published in a newspaper if a substantial quantity of the codification is printed for general distribution to the public. (A NOTICE THAT COPIES OF THE CODIFICATION ARE AVAILABLE IN THE OFFICE OF THE COUNTY AUDITOR SHALL BE PUBLISHED IN THE OFFICIAL COUNTY NEWSPAPER FOR AT LEAST TWO SUCCESSIVE WEEKS.) The county board is authorized to make a reasonable charge for the cost of printing and distribution of ordinances or a codification of ordinances.

Sec. 45. Minnesota Statutes 1982, section 383A.27, subdivision 2, is amended to read:

Subd. 2. [RULES; JOURNAL.] The board shall determine its own rules and order of business and shall provide for keeping a journal of its official proceedings. This journal shall be a public record and shall be published according to Minnesota Statutes, Section 375.12, in a newspaper having in the county its own office of issue (, AS THIS TERM IS DEFINED IN MINNESOTA STATUTES, SECTION 331.02,) and doing its typographic composition and presswork in the county.

Sec. 46. Minnesota Statutes 1982, section 412.191, subdivision 3, is amended to read:

Subd. 3. [PUBLICATION OF COUNCIL PROCEEDINGS.] The council (MAY PUBLISH ALL OR ANY PART OF THE OFFICIAL COUNCIL PROCEEDINGS IN THE OFFICIAL

NEWSPAPER. IN THE CASE OF PARTIAL PUBLICATION, THE PUBLISHED PROCEEDINGS SHALL INDICATE IN WHAT RESPECTS THEY ARE INCOMPLETE) *after every regular or special meeting shall publish the official council proceedings, a summary conforming to section 20, subdivision 10, or a condensed version of the official minutes which shall include action on motions, resolutions, ordinances, and other official proceedings. The publication shall occur within 30 days of the meeting to which the proceedings relate.*

Sec. 47. Minnesota Statutes 1982, section 412.191, subdivision 4, is amended to read:

Subd. 4. [ENACTMENT OF ORDINANCES.] Every ordinance shall be enacted by a majority vote of all the members of the council except where a larger number is required by law. It shall be signed by the mayor, attested by the clerk and published once in the official newspaper. *In the case of lengthy ordinances, or ordinances which include charts or maps, if the city council determines that publication of the title and a summary of an ordinance would clearly inform the public of the intent and effect of the ordinance, the council may by a four-fifths vote of its members direct that only the title of the ordinance and a summary be published, conforming to section 20, subdivision 10, with notice that a printed copy of the ordinance is available for inspection by any person during regular office hours at the office of the city clerk and any other location which the council designates. A copy of the entire text of the ordinance shall be posted in the community library, if there is one, or if not, in any other public location which the council designates. Prior to the publication of the title and summary the council shall approve the text of the summary and determine that it clearly informs the public of the intent and effect of the ordinance. The publishing of the title and summary shall be deemed to fulfill all legal publication requirements as completely as if the entire ordinance had been published. The text of the summary shall be published in a body type no smaller than brevier or eight-point type (, AS DEFINED IN SECTION 331.07). Proof of the publication shall be attached to and filed with the ordinance.*

Every ordinance shall be recorded in the ordinance book within 20 days after publication of the ordinance or its title and summary. All ordinances shall be suitably entitled and shall be substantially in the style. "The City Council of ..... ordains:".

Sec. 48. Minnesota Statutes 1982, section 414.09, subdivision 3, is amended to read:

Subd. 3. [ELECTIONS OF MUNICIPAL OFFICERS.] An order approving an incorporation or consolidation pursuant to this chapter shall set a date for this election of new municipal officers not less than 45 days nor more than 60 days after the

issuance of such order. The board shall appoint an acting clerk for election purposes, at least three election judges who shall be residents of the new municipality, and shall designate polling places within the new municipality.

The acting clerk shall prepare the official election ballot. Affidavits of candidacy may be filed by any person eligible to hold municipal office not more than four weeks nor less than two weeks before the date designated by the board for the election. (AT LEAST ONE WEEK BEFORE THE FIRST DAY TO FILE SUCH AFFIDAVITS THE ACTING CLERK SHALL PUBLISH A NOTICE IN A NEWSPAPER QUALIFIED AS A MEDIUM OF OFFICIAL PUBLICATION AND OF GENERAL CIRCULATION WITHIN THE NEW MUNICIPALITY STATING THE FIRST AND LAST DATES ON WHICH SUCH AFFIDAVITS MAY BE FILED, THE LOCATION OF THE CLERK'S OFFICE, THE CLERK'S OFFICE HOURS, AND THE AMOUNT OF THE FILING FEE.)

(THE ACTING CLERK SHALL PUBLISH A NOTICE OF ELECTION IN A NEWSPAPER QUALIFIED AS A MEDIUM OF OFFICIAL PUBLICATION AND OF GENERAL CIRCULATION WITHIN THE NEW MUNICIPALITY FOR TWO SUCCESSIVE WEEKS IMMEDIATELY PRIOR TO THE DATE DESIGNATED BY THE BOARD FOR THE ELECTION. THE ELECTION NOTICE SHALL STATE THE PURPOSE, DATE, AND POLLING PLACES FOR THE ELECTION, AND SHALL STATE THE TIME THE POLLS SHALL BE OPEN, WHICH TIME SHALL BE AT LEAST FIVE HOURS.)

The election shall be conducted in conformity with the charter and the laws for conducting municipal elections insofar as applicable. Any person eligible to vote at a township or municipal election within the area of the new municipality, is eligible to vote at such election.

Any excess in the expense of conducting the election over receipts from filing fees shall be a charge against the new municipality; any excess of receipts shall be deposited in the treasury of the new municipality.

Sec. 49. Minnesota Statutes 1982, section 415.021, is amended to read:

#### 415.021 [CODIFICATION OF ORDINANCES.]

Any city, however organized, may revise and codify and print in book, pamphlet or newspaper form, any ordinances, resolutions, and rules of the city and may include therein for reference any applicable general or special laws. Such codification shall be a sufficient publication of any ordinance included in it and not

previously published in a newspaper if a substantial quantity of the codification is printed for general distribution to the public. (A NOTICE THAT COPIES OF THE CODIFICATION ARE AVAILABLE AT THE OFFICE OF THE CITY CLERK OR RECORDER SHALL BE PUBLISHED FOR AT LEAST TWO SUCCESSIVE WEEKS IN THE OFFICIAL NEWSPAPER, OR, IF THERE IS NONE, IN A NEWSPAPER OF GENERAL CIRCULATION IN THE CITY.)

Sec. 50. Minnesota Statutes 1982, section 429.061, subdivision 2, is amended to read:

Subd. 2. [ADOPTION; INTEREST.] At such meeting or at any adjournment thereof the council shall hear and pass upon all objections to the proposed assessment, whether presented orally or in writing. The council may amend the proposed assessment as to any parcel and by resolution adopt the same as the special assessment against the lands named in the assessment roll. Notice of any adjournment of the hearing shall be adequate if the minutes of the meeting so adjourned show the time and place when and where the hearing is to be continued (, OR IF THREE DAYS NOTICE THEREOF BE PUBLISHED IN THE NEWSPAPER).

The council may consider any objection to the amount of a proposed assessment as to a specific parcel of land at an adjourned hearing upon further notice to the affected property owner as it deems advisable. At the adjourned hearing the council or a committee of it may hear further written or oral testimony on behalf of the objecting property owner and may consider further written or oral testimony from appropriate city officials and other witnesses as to the amount of the assessment. The council or committee shall prepare a record of the proceedings at the adjourned hearing and written findings as to the amount of the assessment. The amount of the assessment as finally determined by the council shall become a part of the adopted assessment roll. All objections to the assessments not received at the assessment hearing in the manner prescribed by this section are waived, unless the failure to object at the assessment hearing is due to a reasonable cause.

The assessment, with accruing interest, shall be a lien upon all private and public property included therein, from the date of the resolution adopting the assessment, concurrent with general taxes; but the lien shall not be enforceable against public property as long as it is publicly owned, and during such period the assessment shall be recoverable from the owner of such property only in the manner and to the extent provided in section 435.19. Except as provided below, all assessments shall be payable in equal annual installments extending over such period, not exceeding 30 years, as the resolution determines, payable on the first Monday in January in each year, but the

number of installments need not be uniform for all assessments included in a single assessment roll if a uniform criterion for determining the number of installments is provided by the resolution. The first installment of each assessment shall be included in the first tax rolls completed after its adoption and shall be payable in the same year as the taxes contained therein; except that the payment of the first installment of any assessment levied upon unimproved property may be deferred until a designated future year, or until the platting of the property or the construction of improvements thereon, upon such terms and conditions and based upon such standards and criteria as may be provided by resolution of the council. If special assessments against the property have been deferred pursuant to this subdivision, the governmental unit shall file with the county recorder in the county in which the property is located a certificate containing the legal description of the affected property and of the amount deferred. In any event, every assessment the payment of which is so deferred, when it becomes payable, shall be divided into a number of installments such that the last installment thereof will be payable not more than 30 years after the levy of the assessment. All assessments shall bear interest at such rate as the resolution determines, not exceeding eight percent per annum, except that the rate may in any event equal the average annual interest rate on bonds issued to finance the improvement for which the assessments are levied. To the first installment of each assessment shall be added interest on the entire assessment from a date specified in the resolution levying the assessment, not earlier than the date of the resolution, until December 31 of the year in which the first installment is payable, and to each subsequent installment shall be added interest for one year on all unpaid installments; or alternatively, any assessment may be made payable in equal annual installments including principal and interest, each in the amount annually required to pay the principal over such period with interest at such rate as the resolution determines, not exceeding the maximum period and rate specified above. In the latter event no prepayment shall be accepted under subdivision 3 without payment of all installments due to and including December 31 of the year of prepayment, together with the original principal amount reduced only by the amounts of principal included in such installments, computed on an annual amortization basis. When payment of an assessment is deferred, as authorized in this subdivision, interest thereon for the period of deferment may be made payable annually at the same times as the principal installments of the assessment would have been payable if not deferred; or interest for this period may be added to the principal amount of the assessment when it becomes payable; or, if so provided in the resolution levying the assessment, interest thereon to December 31 of the year before the first installment is payable may be forgiven.

Sec. 51. Minnesota Statutes 1982, section 430.02, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF HEARING; HEARING; AWARD AND APPRAISEMENT.] The commissioners shall give notice, (BY TWO PUBLICATIONS IN THE OFFICIAL NEWSPAPER OF THE CITY) *in a manner appropriate to inform the public*, that the survey and plat and the pedestrian mall ordinance, if any, is on file in the office of the city clerk for the examination of all persons interested and that they will, on a day designated in this notice, (WHICH SHALL BE AT LEAST TEN DAYS AFTER THE FIRST PUBLICATION OF THE NOTICE,) meet at a place designated in the notice on or near the proposed improvement, and view the property proposed to be taken or interfered with for the purposes of these improvements, and ascertain and award therefor compensation and damages, and view the premises to be benefited by this improvement, and assess thereon in proportion to benefits, the amount necessary to pay the compensation and damage and the cost of making the improvement and that they will then and there hear such allegations and proofs as interested persons may offer. These commissioners shall meet and view the premises pursuant to the notice, and may adjourn, from time to time, and, after having viewed the premises, may, for the hearing of evidence and preparation of their award and assessment, adjourn or go to any other convenient place in the city, and may have the aid and advice of the city engineer and of any other officer of the city, and adjourn from time to time. If a pedestrian mall ordinance is proposed by the council under section 430.011, in connection with an improvement, the commissioners may consider the business uses of abutting property affected by such ordinance and by the improvement to which it relates and the probable effect which the ordinance and improvement will have on the value of such property and such uses and shall consider whether such property has access to some other street or alley for delivering and receiving merchandise and materials and the extent to which the use and value of property without such access will suffer as a result of the adoption of such ordinance and the making of such improvement. After viewing the premises and hearing the evidence offered, these commissioners shall prepare and make a true and impartial appraisal and award of the compensation and damages to be paid to each person whose property is to be taken or injured by the making of the improvement; but if the remainder of the same property, a part of which only is to be taken or damaged by the improvement, shall be benefited by the improvement, then the commissioners, in considering and awarding compensation and damages, shall also consider, estimate, and offset the benefits which will accrue to the same owner, in respect to the remainder of the same property, and award him only the excess of the compensation or damages over and above these benefits.

Sec. 52. Minnesota Statutes 1982, section 430.02, subdivision 7, is amended to read:

Subd. 7. [PUBLICATION OF NOTICE OF HEARING.] The commissioners shall, upon the completion of their report, file the same with the city clerk and thereupon it shall be the duty of the city clerk to (GIVE NOTICE TO ALL INTERESTED PARTIES BY PUBLISHING, AS SOON AS POSSIBLE, IN THE OFFICIAL NEWSPAPER OF THE CITY A NOTICE CONTAINING) *prepare a list of* descriptions of the several lots and parcels of land taken for these proposed improvements, the amount awarded for the taking of each lot or parcel, the names of the owner or owners of the same, descriptions of the several lots or parcels of land upon which benefits have been assessed, the amount assessed against each lot or parcel and the names of the owner or owners of the same the names of all owners referred to herein to be obtained from the commissioners and, so far as may be necessary, from the records in the office of the county treasurer. Sec. 55. Minnesota Statutes 1982, section 430.04, is amended to read:

#### 430.04 [AWARDS; HOW PAID; ASSESSMENTS.]

When any award of damages made to appellants upon any appeal to the district court shall exceed the amount of the award appealed from, and when any assessment of benefits made in respect to any appellant upon appeal shall be less than the amount of the assessment of benefits appealed from, the amount of this increase in the amount of the award of damages and the amount of this decrease in the assessment of benefits may be paid by the city from the permanent improvement fund or any fund of the city available therefor, or the city council may cause the same to be assessed upon and against any property benefited by the proposed improvements in addition and without prejudice to prior assessments made thereon in the proceedings, and may refer the matter to the commissioners theretofore appointed by the council in the proceeding or to new commissioners to be

appointed by the city council. These commissioners, whether new or old, shall have the same qualifications as required of commissioners appointed by section 430.02 and shall take oath to faithfully discharge their duties as commissioners and give notice of the time and place when and where they will meet to hear persons interested and assess the amounts of the increase of awards of damages and decrease of assessments of benefits upon the land and property, theretofore assessed for these benefits, or assess benefits on lots or parcels of land not theretofore assessed for benefits in the proceeding. The notice, as to the owners of the lots or parcels of land entitled to increase of awards upon any appeal, and as to the owners of any lots or parcels of land to be then assessed for benefits that were not so assessed in the original proceeding by the commissioners, shall be given by these commissioners by depositing the same in the post office of the city, postage postpaid, directed to each of the persons at his last known place of residence, if known to the commissioners, otherwise as obtained from the office of the county treasurer; provided that the failure of any owner to receive this notice shall not in any wise operate to invalidate any of the proceedings covered by this chapter. The commissioners shall meet, at the time and place so designated in their notice, hear all persons interested, and assess the amount of the increased awards of damages and decreased assessments of benefits, or new and original assessments of benefits, upon the property benefited by the proposed improvements, in proportion to the benefits, but in no case shall the amount of this assessment exceed the actual benefit to the lot or parcel of land so assessed, and the commissioners shall prepare and file with the city clerk an assessment list of the assessment so made by them, containing a brief description of each piece of property assessed, the name of the owners thereof, if known, and the amount assessed against the same, and the city clerk shall present this list to the city council for consideration. A brief minute of the presentation of this assessment list to the city council shall be (MADE AND PUBLISHED) *included* in the record of the proceedings of the city council, which shall be held to be sufficient notice to all persons concerned. This assessment list shall lie over without action thereon by the city council until the next regular meeting of the council which will occur at least one week thereafter, at which time, or at any meeting thereafter, the city council may confirm the assessments and assessment roll, or send the same back to the commissioners for further consideration and report thereon. Any person interested who is dissatisfied with the amount of an assessment may appeal from the confirmation of the assessment by the city council to the district court, in like manner and with like proceedings as provided in section 430.03 in respect to filing objections and taking appeals from original appeals made in such proceedings from such order of confirmation. Any decrease made in any assessments upon any appeal may be paid by the city from the permanent improvement fund or from any fund of the city available therefor, or the city council may cause the same to be reassessed as hereinabove provided.

Sec. 56. Minnesota Statutes 1982, section 430.07, subdivision 5, is amended to read:

Subd. 5. If, in any proceedings under this chapter, the actual cost of the improvement of any street, park, or parkway in the manner herein designated is less than the estimated cost thereof, as found and adopted by it, the city council, except as otherwise provided by this subdivision, shall immediately cancel and annul the assessments made in the proceedings to an amount which, in the aggregate, shall not exceed such fractional part of the total amount of the excess of estimated cost over the actual cost as shall be equivalent to the fraction obtained by dividing the total amount of the assessments by the total amount of the estimated cost.

In case the assessments in any proceeding have not been entirely collected or in case the city council deems that any such assessments cannot be fully collected, the city council may direct the city comptroller to retain in the fund in the proceeding a sum sufficient, in the judgment of the city council, to cover the deficiencies in the collection of the assessments, and the city council shall direct that the balance of the excess of estimated cost shall be disposed of in the following manner. The city council shall direct the city comptroller to certify the amount of this balance to the county auditor. The auditor shall thereupon deduct the amount from the first instalment of the assessment to be collected after the receipt of this certificate. This deduction shall be made from the assessment against each piece or parcel of property in the proportion that the excess, as certified by the city comptroller, bears to the total of the instalment of the assessment. If the balance as certified, exceeds one instalment, it shall also be deducted in like manner from succeeding instalments until the same is fully deducted.

If the assessment against a piece or parcel of property has been paid in full, and the amount to be refunded does not exceed \$1, the city council may deposit the amount of the potential refund in the city's permanent improvement fund or bond redemption fund. If the amount to be refunded exceeds \$1, but does not exceed \$20, the city comptroller shall mail to the current owner of the property a notice stating that the refund is available. The notice shall be mailed within 60 days after the city council determines the actual cost of the improvement. If the amount to be refunded exceeds \$20 the following notice procedure shall be followed. The city comptroller shall mail to the person who owned the property when the assessment was paid, at his last known address, a notice stating that the refund is available. The notice shall be mailed within 60 days after the city council determines the actual cost of the improvement. If a response is not received from the owner within ten days of the date of mailing, a second notice shall be mailed. (IF A RESPONSE IS NOT RECEIVED FROM THE OWNER WITHIN TEN DAYS OF THE DATE OF THE SECOND MAILING,

A NOTICE OF REFUND CONTAINING THE NAME OF THE PERSON WHO WAS THE OWNER WHEN THE ASSESSMENT WAS PAID, AND THE ADDRESS OF THE PROPERTY SHALL BE PUBLISHED IN A NEWSPAPER OF GENERAL CIRCULATION IN THE CITY.) If the refund is not claimed by the person who owned the property when the assessment was paid, within 30 days of the date of mailing of the last required notice (OR WITHIN 30 DAYS OF THE DATE OF PUBLICATION OF ANY REQUIRED NOTICE, WHICHEVER IS LATER,) the city council may deposit the amount of the potential refund in the city's permanent improvement fund or bond redemption fund.

Sec. 57. Minnesota Statutes 1982, section 430.102, subdivision 3, is amended to read:

Subd. 3. [ANNUAL IMPROVEMENT ASSESSMENT PROCEDURE; APPEALS.] When the council shall have acted on the estimate of costs, the city engineer, with the assistance of the city assessor, shall prepare an assessment roll setting forth separately the amounts to be specially assessed against the benefited and assessable properties in the district in proportion to the benefits, descriptions of such properties, and the names of the owners of such properties, so far as such names are available to him. The assessment roll, when so prepared, shall be filed in the office of the city clerk and be there available for inspection. The city council shall meet to consider objections to the amounts of such special assessments at least ten days after a notice of hearing has been (PUBLISHED ONCE IN THE OFFICIAL NEWSPAPER AND) mailed to the named owners of all tracts, parcels and lots of property proposed to be assessed. The notice shall set forth the time and place of meeting, and set forth the purpose of such meeting, but may refer to the assessment roll for further particulars. When the city council shall have approved the amounts of the special assessments set forth therein, or as may be changed by it, the city clerk shall forthwith certify a copy of the assessment roll, with such changes, if any, to the county auditor to be extended on the tax lists of the county and to be collected with and in the same manner as other taxes on property for the current year. Within 20 days after the adoption of the assessment, any person aggrieved may appeal to the district court as provided in section 430.03 except that commissioners shall not be appointed to consider the amount of benefits; if the court shall find that the assessment is not arbitrary, unreasonable, or made under a demonstrable mistake of fact or erroneous theory of law, it shall confirm the proceedings, but otherwise shall remand the same to the city council for reconsideration and reassessment of the benefits upon like notice and hearing as in the case of original assessments under this subdivision. All objections to the assessment shall be deemed waived unless presented on such appeal.

(IF THE MUNICIPALITY HAS NO OFFICIAL NEWSPAPER, SUCH NOTICE MAY BE PUBLISHED IN ANY NEWSPAPER PUBLISHED IN THE MUNICIPALITY OR, IF NO NEWSPAPER IS PUBLISHED IN THE MUNICIPALITY, IT MAY BE POSTED.) The municipality is not required to, but may, pay such claims filed after the period allowed, and it may require any claimant to furnish satisfactory evidence that he paid the amounts claimed. Such claims may be paid out of moneys in the fund of the improvement which was abandoned, unless obligations have been issued payable therefrom, or they may be paid out of moneys in the general fund.

Subd. 5. [GENERAL AND ADMINISTRATIVE COSTS.] "General and administrative costs" means all allowable costs for administering the facility, including but not limited to: salaries of administrators, assistant administrators, (MEDICAL DIRECTORS,) accounting personnel, data processing personnel, and all clerical personnel; board of directors fees; business office functions and supplies; travel, *except as necessary for training programs for nursing personnel and dieticians required to maintain licensure, certification, or professional standards requirements*; telephone and telegraph; advertising; (LICENSES AND PERMITS;) membership dues and subscriptions; postage; insurance, except as included as a fringe benefit under subdivision 14; professional services such as legal, accounting and data processing services; central or home office costs; management fees; management consultants; employee training, for any top management personnel and for other than direct resident care related personnel; and business meetings and seminars. These costs shall be included in general and administrative costs in total, without direct or indirect allocation to other cost categories.

In a nursing home of 60 or fewer beds, part of an administrator's salary may be allocated to other cost categories to the extent justified in records kept by the nursing home. Central or home office costs representing services of required consultants in areas including, but not limited to, dietary, pharmacy, social services, or activities may be allocated to the appropriate department, but only if those costs are directly identified by the nursing home.

Sec. 11. Minnesota Statutes 1983 Supplement, section 256B.-431, subdivision 1, is amended to read:

Subdivision 1. [IN GENERAL.] The commissioner shall determine prospective payment rates for resident care costs. In

determining the rates, the commissioner shall group nursing homes according to different levels of care and geographic location until July 1, 1985 (, AND AFTER THAT DATE, MIX OF RESIDENT NEEDS, AND GEOGRAPHIC LOCATION, AS DEFINED BY THE COMMISSIONER). *For rates established on or after July 1, 1985, the commissioner shall develop procedures for determining operating cost payment rates that take into account the mix of resident needs, geographic location, special resident populations served, administrative relationship to a hospital, and other factors as determined by the commissioner.* The commissioner shall consider the use of the standard metropolitan statistical areas when developing groups by geographic location. Until (GROUPS ARE ESTABLISHED ACCORDING TO MIX OF RESIDENT NEEDS) *the commissioner establishes procedures for determining operating cost payment rates,* the commissioner shall group all convalescent and nursing care units attached to hospitals into one group for purposes of determining reimbursement for operating costs. On or before June 15, 1983, the commissioner shall mail notices to each nursing home of the rates to be effective from July 1 of that year to June 30 of the following year. In subsequent years, the commissioner shall provide notice to each nursing home on or before May 1 of the rates effective for the following rate year. If a statute enacted after May 1 affects the rates, the commissioner shall provide a revised notice to each nursing home as soon as possible.

The commissioner shall establish, by rule, limitations on compensation recognized in the historical base for top management personnel. *For rate years beginning July 1, 1985, the commissioner shall not provide, by rule, limitations on top management personnel.* The commissioner shall also establish, by rule, limitations on allowable nursing hours for each level of care for the rate years beginning July 1, 1983 and July 1, 1984. *For the rate year beginning July 1, 1984, nursing homes in which the nursing hours exceeded 2.9 hours per day for skilled nursing care or 2.3 hours per day for intermediate care during the reporting year ending on September 30, 1983 shall be limited to a maximum of 3.2 hours per day for skilled nursing care and 2.45 hours per day for intermediate care.*

Sec. 12. Minnesota Statutes 1983 Supplement, section 256B.431, subdivision 2, is amended to read :

Subd. 2. [OPERATING COSTS.] (a) *For the rate year beginning July 1, 1984, the commissioner shall establish, by rule, procedures for determining per diem reimbursement for operating costs based on actual resident days. The commissioner shall disallow any portion of the general and administration cost category, exclusive of fringe benefits and payroll taxes, that exceeds:*

(10 PERCENT) (1) *for nursing homes with more than 100 certified beds in total, the greater of ten percent or the median of*

*general and administrative cost per diems of nursing homes grouped by level of care;*

(12 PERCENT) (2) for nursing homes with fewer than 101 but more than 40 certified beds in total, *the greater of 12 percent or the median of general and administrative cost per diems of nursing homes grouped by level of care;*

(14 PERCENT) (3) for nursing homes with 40 or fewer certified beds in total, *the greater of 14 percent or the median of general and administrative cost per diems of nursing homes grouped by level of care; and*

(4) 15 percent for convalescent and nursing care units attached to hospitals for the rate year beginning July 1, (1983) 1984, of the expenditures in all operating cost categories except fringe benefits, payroll taxes, and general and administration.

(b) For the rate year beginning July 1, 1983 and ending June 30, 1984, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on the allowed historical operating costs as reported in the most recent cost report received by December 31, 1982 and audited by March 1, 1983, and may be subsequently adjusted to reflect the costs allowed. To determine the allowed historical operating cost, the commissioner shall update the historical per diem shown in those cost reports to June 30, 1983, using a nine percent annual rate of increase after applying the general and administrative cost limitation described in paragraph (a). The commissioner shall calculate the 60th percentile of actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1.

(1) Within each group, each nursing home whose actual allowable historical operating cost per diem as determined under this paragraph (b) is above the 60th percentile shall receive the 60th percentile increased by six percent plus 80 percent of the difference between its actual allowable operating cost per diem and the 60th percentile.

(2) Within each group, each nursing home whose actual allowable historical operating cost per diem is at or below the 60th percentile shall receive that actual allowable historical operating cost per diem increased by six percent.

For the rate year beginning July 1, 1984, and ending June 30, 1985, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on actual allowable historical operating costs incurred during the reporting year preceding the rate year. The commissioner shall analyze and evaluate each nursing home's report of allowable operating costs incurred by the nursing home during the report-

ing year immediately preceding the rate year. The actual allowable historical operating costs, after the commissioner's analysis and evaluation, shall be added together and divided by the number of actual resident days to compute the actual allowable historical operating cost per diems. The commissioner shall calculate the 60th percentile of actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1.

(3) Within each group, each nursing home whose actual allowable historical operating cost per diem is above the 60th percentile of payment rates shall receive the 60th percentile increased at an annual rate of six percent plus 75 percent of the difference between its actual allowable historical operating cost per diem and the 60th percentile.

(4) Within each group, each nursing home whose actual allowable historical operating cost per diem is at or below the 60th percentile shall receive that actual allowable historical operating cost per diem increased at an annual rate of six percent.

(c) For (SUBSEQUENT YEARS) *rate years beginning on or after July 1, 1985*, the commissioner shall establish procedures for determining per diem reimbursement for operating costs. The commissioner shall:

(1) Contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate;

(2) (ESTABLISH THE 60TH PERCENTILE OF ACTUAL ALLOWABLE HISTORICAL OPERATING COST PER DIEMS FOR EACH GROUP OF NURSING HOMES ESTABLISHED UNDER SUBDIVISION 1 BASED ON COST REPORTS OF ALLOWABLE OPERATING COSTS IN THE PREVIOUS REPORTING YEAR.) The commissioner shall analyze and evaluate each nursing home's *cost* report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective. (THE ALLOWABLE HISTORICAL OPERATING COSTS, AFTER THE COMMISSIONER'S ANALYSIS AND EVALUATION, SHALL BE ADDED TOGETHER AND DIVIDED BY THE ACTUAL NUMBER OF RESIDENT DAYS IN ORDER TO COMPUTE THE ACTUAL ALLOWABLE HISTORICAL OPERATING COST PER DIEM;)

(3) *Establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking*

*into consideration relevant factors including resident needs, geographic location, age, and size of the nursing home. The limits established under this clause shall remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (c), clause (4).*

*In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent.*

*The commissioner may establish efficiency incentives for different operating cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories.*

*((3)) (4) Establish a composite index (FOR EACH GROUP) or indices by determining the (WEIGHTED AVERAGE OF ALL) appropriate economic change indicators to be applied to (THE) specific operating cost categories (IN THAT GROUP;) or combination of operating cost categories.*

*((4) WITHIN EACH GROUP, EACH NURSING HOME SHALL RECEIVE THE 60TH PERCENTILE INCREASED BY THE COMPOSITE INDEX CALCULATED IN PARAGRAPH (C)(3). THE HISTORICAL BASE FOR DETERMINING THE PROSPECTIVE PAYMENT RATE SHALL NOT EXCEED THE OPERATING COST PAYMENT RATES DURING THAT REPORTING YEAR.)*

*(5) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (c), clause (4) for the operating cost category plus an efficiency incentive established pursuant to paragraph (c), clause (3), or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.*

(6) The commissioner shall include the reported actual real estate tax liability of each proprietary nursing home as an operating cost of that nursing home. The commissioner shall include a reported actual special assessment for each nursing home as an operating cost of that nursing home. Total real estate tax liability and actual special assessments paid for each nursing home (i) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (BUT (II) SHALL NOT BE USED TO COMPUTE THE 60TH PERCENTILE) (ii) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (iii) shall not be increased by the composite index or indices established pursuant to paragraph (c), clause (4).

(7) For rate years beginning on or after July 1, 1986, the commissioner may allow a one-time adjustment to historical operating costs of a nursing home that has been found by the commissioner of health to be significantly below care related minimum standards as established by state and federal requirements appropriate to the mix of resident needs in that nursing home when it is determined by the commissioners of health and welfare that the nursing home is unable to meet minimum standards through reallocation of nursing home costs and efficiency incentives or allowances. In developing procedures to allow adjustments, the commissioner shall specify the terms and conditions governing any additional payments made to a nursing home as a result of the adjustment. The commissioner shall establish procedures to recover amounts paid pursuant to this clause, in whole or in part, and to adjust current and future rates, for nursing homes that fail to use the adjustment to satisfy care related minimum standards.

(d) (THE COMMISSIONER SHALL ALLOW THE NURSING HOME TO KEEP, AS AN EFFICIENCY INCENTIVE, THE DIFFERENCE BETWEEN THE NURSING HOME'S OPERATING COST PAYMENT RATE ESTABLISHED FOR THAT RATE YEAR AND THE ACTUAL HISTORICAL OPERATING COSTS INCURRED FOR THAT RATE YEAR, IF THE LATTER AMOUNT IS SMALLER. IF A NURSING HOME'S ACTUAL HISTORIC OPERATING COSTS ARE GREATER THAN THE PROSPECTIVE PAYMENT RATE FOR THAT RATE YEAR, THERE SHALL BE NO RETROACTIVE COST SETTLE-UP.) If an annual cost report or field audit indicates that (THE) expenditures for direct resident care have been reduced in amounts large enough to indicate a possible detrimental effect on the quality of care, the commissioner shall notify the commissioner of health and the interagency board for quality assurance. If a field audit reveals that unallowable expenditures have been included in the nursing home's historical operating costs, the commissioner shall disallow the expenditures and recover the entire overpayment. The commissioner shall establish, by rule, pro-

cedures for assessing an interest charge at the rate determined for unpaid taxes or penalties under section 270.75 on any outstanding balance resulting from an overpayment or underpayment.

(e) *Until procedures for determining operating cost payment rates according to mix of resident needs are established,* the commissioner may negotiate, with a nursing home that is eligible to receive medical assistance payments, a payment rate of up to 125 percent of the allowed payment rate to be paid for a period of up to three months for individuals who have been hospitalized for more than 100 days, or who have extensive care needs based on nursing hours actually provided or mental or physical disability, or need for respite care for a specified and limited time period (, AND). *The payment rate shall be based on an assessment of the nursing home's resident mix as determined by the commissioner of health. The payment rate negotiated and paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rule-making procedures required by chapter 14 and section 256B.502.*

(f) **UNTIL (GROUPS ARE ESTABLISHED ACCORDING TO MIX OF RESIDENT CARE NEEDS)** *procedures for determining operating cost payment rates according to mix of resident needs are established,* nursing homes licensed on June 1, 1983 by the commissioner to provide residential services for the physically handicapped and nursing homes that have an average length of stay of less than 180 days shall not be included in the calculation of the 60th percentile of any group. For rate year beginning July 1, 1983 and July 1, 1984, each of these nursing homes shall receive their actual allowed historical operating cost per diem increased by six percent. The commissioner shall also apply to these nursing homes the percentage limitation on the general and administrative cost category as provided in subdivision 2, paragraph (a).

Sec. 13. Minnesota Statutes 1983 Supplement, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) A newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983 and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2, paragraph (b) to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2(f), the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for

more than 17 months. The commissioner shall establish, by temporary and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. *Until procedures determining operating cost payment rates according to mix of resident needs are established*, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

*(b) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the department of health only as a boarding care home, is certified by the department of health as an intermediate care facility, is licensed by the department of public welfare under 12 MCAR S 2.036, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:*

*(1) The desk audited payment rate in effect on June 30, 1983, shall remain in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.*

*(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited payment rate determined in paragraph (b), clause (1) at an annual rate of five percent.*

*(3) For fiscal years beginning on or after July 1, 1985, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.*

*(4) For the purpose of establishing payment rates under this clause, the facility's rate and reporting years coincide with the facility's fiscal year.*

*A facility that meets the criteria of paragraph (b) shall submit annual cost reports on forms prescribed by the commissioner.*

Sec. 14. Minnesota Statutes 1983 Supplement, section 256B.-431, subdivision 5, is amended to read:

Subd. 5. [ADJUSTMENTS.] When resolution of appeals or on-site field audits of the records of nursing homes within a

group result in adjustments to the 60th percentile of the payment rates within the group in (ANY) *the reporting year ending on September 30, 1983*, the 60th percentile established for the following rate year for that group shall be increased or decreased by the adjustment amount.

Sec. 15. Minnesota Statutes 1983 Supplement, section 256B.-431, is amended by adding a subdivision to read:

*Subd. 6. The commissioners of health and welfare shall adopt temporary rules necessary for the implementation and enforcement of the reimbursement system established in sections 5 to 17. The commissioner of health may adopt temporary rules relating to the licensure requirements of boarding care homes and nursing homes promulgated under sections 144.56 and 144A.08 if appropriate due to the changes in the reimbursement system. Until June 30, 1986, any temporary rules promulgated by the commissioners of health or welfare under this section shall be adopted in accordance with the provisions contained in sections 14.29 to 14.36 in effect as of March 1, 1984. Temporary rules adopted under this section shall have the force and effect of law and shall remain in effect until June 30, 1986 unless otherwise superseded by rule. The procedures for the adoption of the temporary rules authorized by this section shall prevail over any other act which amends the provisions of chapter 14 regardless of the date of final enactment of those amendments. The rules shall be developed in consultation with the interagency board for quality assurance, provider groups and consumers and the board shall conduct public hearings as appropriate. The commissioners of health and welfare shall consider all comments received and shall not implement the temporary rules until a report on the proposed rules has been presented to the senate health and human services committee and the house of representatives health and welfare committee. The rules shall be effective five days after publication in the State Register.*

Sec. 16. Minnesota Statutes 1983 Supplement, section 256B.-50, is amended to read:

256B.50 [APPEALS.]

A nursing home may appeal a decision arising from the application of standards or methods pursuant to sections 256B.41 and 256B.47 if the appeal, if successful, would result in a change to the nursing home's payment rate. *The appeal procedures also apply to appeals of payment rates calculated under 12 MCAR S 2.049 filed with the department on or after May 1, 1984.* To appeal, the nursing home shall notify the commissioner *in writing* of its intent to appeal within 30 days and submit a written appeal request within 60 days of receiving notice of the payment rate determination or decision. The appeal request shall specify each disputed item, the reason for the dispute, an estimate of the

dollar amount involved for each disputed item, the computation that the nursing home believes is correct, the authority in statute or rule upon which the nursing home relies for each disputed item, the name and address of the person or firm with whom contacts may be made regarding the appeal, and other information required by the commissioner. The appeal shall be heard by a hearing examiner according to sections 14.48 to 14.56, or upon agreement by both parties according to a modified appeals procedure established by the commissioner and the hearing examiner. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect. Regardless of any rate appeal, the rate established shall be the rate paid and shall remain in effect until final resolution of the appeal or subsequent desk or field audit adjustment, notwithstanding any provision of law or rule to the contrary. To challenge the validity of rules established by the commissioner pursuant to sections 256B.41, 256B.421, 256B.431, 256B.47, 256B.48, 256B.50, and 256B.502, a nursing home shall comply with section 14.44.

Sec. 17. [256B.504] [PROHIBITION.]

*Except for beds in state-operated institutions, no person, corporation, foreign or domestic, partnership, or association of such entities shall own, possess, or exercise control over, in any manner, more than ten percent of the beds in skilled nursing facilities, or intermediate care facilities, or boarding care homes certified for participation in the medical assistance program under United States Code, title 42, section 1396 et seq. Facilities certified as intermediate care facilities mentally retarded shall be considered a separate classification.*

Sec. 18. [REPORT.] *By February 1, 1985, the commissioner of health shall report to the legislature recommendations to reduce the amount and cost of regulation for nursing homes. The recommendations shall identify at least ten specific regulations and regulatory procedures that are not cost effective and that do not enhance the quality of care for residents of nursing homes.*

Sec. 19. [APPROPRIATION.]

*There is appropriated to the commissioner of health \$ . . . . . for purposes of sections 5, 6, and 15. The approved complement of the department of health is increased by . . . . . positions for the purposes of sections 5, 6, and 15. This appropriation is available until expended.*

In the case of a home rule charter or statutory city (OR TOWN), the petition shall be signed by a number of registered voters at least equal to 20 percent of those voting in the last presidential election. The eligible voters of any school district, as defined in section 123.32, subdivision 1a, may petition the state auditor, who shall be subject to the same restrictions regarding the scope and period of audit, provided that the petition shall be signed by at least ten eligible voters for each 50 resident pupils in average daily membership during the preceding school year as shown on the records in the office of the commissioner of education. Thirty days before the petition is delivered to the state auditor it shall be presented to the appropriate city (, TOWN) or school district clerk and the county auditor. Sec. 2. Minnesota Statutes 1983 Supplement, section 69.77, subdivision 2, is amended to read:

Subd. 2. The penalty provided for in subdivision 1 shall not apply to a relief association enumerated in subdivision 1a if the following requirements are met:

(1) Each member of the relief association pays into the special fund of the association during a year of covered service, a contribution for retirement coverage including survivorship benefits of not less than eight percent of the maximum rate of salary upon which retirement coverage is credited and service pension and retirement benefit amounts are determined. The member contributions shall be made by payroll deduction from the salary of the member by the municipality, and shall be transmitted by the municipality to the relief association as soon as practical. The relief association shall deposit the member contribution to the credit of the special fund of the relief association. The member contribution requirement specified in this clause shall not apply to any members who are volunteer firefighters.

(2) The officers of the relief association determine the financial requirements of the relief association and minimum obligation of the municipality for the following calendar year in accordance with the requirements of this clause. The financial requirements of the relief association and the minimum obligation of the municipality shall be determined on or before the submission date established by the municipality pursuant to clause (3).

The financial requirements of the relief association for the following calendar year shall be based on the most recent actuarial valuation or survey prepared in accordance with sections 356.215, subdivision 4 and 356.216, as required pursuant to clause (8). In the event that an actuarial estimate is prepared by

the actuary of the relief association as part of obtaining a modification of the benefit plan of the relief association and the modification is implemented, the actuarial estimate shall be used in calculating the financial requirements of the relief association.

If the relief association has an unfunded accrued liability as reported in the most recent actuarial valuation or survey, the total of the amounts calculated pursuant to clauses (a) and (b) shall constitute the financial requirements of the relief association for the following year. If the relief association does not have an unfunded accrued liability as reported in the most recent actuarial valuation or survey the amount calculated pursuant to subclause (a) shall constitute the financial requirements of the relief association for the following year.

(a) The normal level cost requirement for the following year, expressed as a dollar amount, which shall be determined by applying the normal level cost of the relief association as reported in the actuarial valuation or survey and expressed as a percentage of covered payroll to the estimated covered payroll of the active membership of the relief association, including any projected increase in the active membership, for the following year.

(b) To the dollar amount of normal cost thus determined shall be added an amount equal to the level annual dollar amount which is sufficient to amortize the unfunded accrued liability by December 31, 2010, as determined from the actuarial valuation or survey of the fund, using an interest assumption set at the rate specified in section 356.215, subdivision 4, clause (4). The amortization date specified in this subclause shall apply to all local police or salaried firefighters' relief associations and shall supersede any amortization date specified in any applicable special law.

The minimum obligation of the municipality shall be an amount equal to the financial requirements of the relief association reduced by the estimated amount of member contributions from covered salary anticipated for the following calendar year and the estimated amounts from the applicable state aid program established pursuant to sections 69.011 to 69.051 anticipated as receivable by the relief association after any allocation pursuant to section 69.031, subdivision 5, clause (2), subclause (c) or 423A.01, subdivision 2, clause (6), and from the local police and salaried firefighters' relief association amortization aid program established pursuant to section 423A.02 anticipated for the following calendar year.

(3) The officers of the relief association shall submit determination of the financial requirements of the relief association and of the minimum obligation of the municipality to the governing body on or before the date established by the municipality

which shall not be earlier than August 1 and shall not be later than September 1 of each year. The governing body of the municipality shall ascertain whether or not the determinations were prepared in accordance with law.

(4) The municipality shall provide for and shall pay each year at least the amount of the minimum obligation of the municipality to the relief association. If there is any deficiency in the municipal payment to meet the minimum obligation of the municipality as of the end of any calendar year, the amount of the deficiency shall be added to the minimum obligation of the municipality for the following year calculated pursuant to clause (2) and shall include interest at the rate of six percent per annum compounded from the date that the municipality was required to make payment pursuant to this clause until the date that the municipality actually makes the required payment.

(5) The municipality shall provide in the annual municipal budget for at least the minimum obligation of the municipality calculated pursuant to clause (2). The municipality may levy taxes for the payment of the minimum obligation of the municipality without any limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of the special fund or any fund of the relief association has attained a specified minimum asset level. In addition, any taxes levied pursuant to this section shall not cause the amount or rate of other taxes levied in that year or to be levied in a subsequent year by the municipality which are subject to a limitation as to rate or amount to be reduced. If the municipality does not include the full amount of the minimum obligation of the municipality in the levy that the municipality certified to the county auditor in any year, the officers of the relief association shall certify the amount of any deficiency to the county auditor. Upon verifying the existence of any deficiency in the levy certified by the municipality, the county auditor shall spread a levy over the taxable property of the municipality in the amount of the deficiency certified to by the officers of the relief association.

(6) Any sums of money paid by the municipality to the relief association in excess of the minimum obligation of the municipality in any year shall be used to amortize any unfunded liabilities of the relief association.

(7) The funds of the association shall be invested in securities which are proper investments pursuant to section 11A.24, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size that the (THREE) five percent stock limitation specified in section 11A.24, subdivision 5 would necessitate a lesser investment. *Notwithstanding the foregoing, up to 75 percent of the market value of the assets of the fund may be invested in open-end investment companies regis-*

tered under the federal Investment Company Act of 1940, if the portfolio investments of the investment companies comply with the type of securities authorized for investment by section 11A.24, subdivisions 2 to 5. The association may also invest funds in Minnesota situs nonfarm real estate ownership interests or loans secured by mortgages or deeds of trust, provided that the amount of all investments in real property shall not exceed ten percent of the market value of the association's fund. Securities held by the association before July 1, 1971, which do not meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on April 28, 1969. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board under the provisions of section 11A.17, provided that there be no limit to the amount which may be invested in the income share account, in the bond account, or in the fixed-return account, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental investment fund may be invested in the growth share account.

(8) The association shall procure an actuarial valuation showing the condition of the special fund of the relief association pursuant to sections 356.215 and 356.216 as of December 31 of every year. A copy of the actuarial survey shall be filed with the director of the legislative reference library, the governing body of the municipality in which the association is organized, the executive secretary of the legislative commission on pensions and retirement, and the commissioner of insurance, not later than June 1 of the following year.

Sec. 10. Minnesota Statutes 1983 Supplement, section 356.61, is amended to read:

**356.61 [LIMITATION ON PUBLIC EMPLOYEE RETIREMENT ANNUITIES.]**

Notwithstanding any provision of law, bylaws, articles of incorporation, retirement and disability allowance plan agreements or retirement plan contracts to the contrary, no person who has pension or retirement coverage by a public pension plan shall be entitled to receive a monthly retirement annuity or disability benefit which, at the time of commencement of the retirement annuity or disability benefit, exceeds the lesser of:

(a) the amount of the final monthly salary of the person; or

(b) One-twelfth of the amount of the annual benefit permitted by the terms of section 415 of the Internal Revenue Code with respect to a participant in a plan qualified under section 401(a) of the Internal Revenue Code, as amended through December 31, 1982.

*The benefit limitation of clause (b) is to be determined on the date the benefit is initially payable or on the date the employee*

terminated employment, if earlier. The benefit limitation on any date is the benefit limitation for the limitation year in which the date occurs. The limitations apply only to the annual benefit which is derived from employer contributions. Mandatory and voluntary employee contributions, if any, are treated as a separate defined contribution plan maintained by the employer which is subject to the limitations placed on annual additions to defined contribution plans.

The maximum annual benefit of clause (b) for any limitation year is the lesser of (1) or (2) below:

(1) A dollar limitation of \$90,000, adjusted as of January 1 of each calendar year to the dollar limitation as determined for that year by the commissioner of Internal Revenue. The amount determined for any year will apply to limitation years ending with or within that calendar year.

(2) A compensation limitation of 100 percent of the average of compensation paid or made available to the participant by the employer during those three consecutive calendar years of employment, or actual number of consecutive calendar years of employment if employed less than three consecutive years, which give the highest average. Compensation means any compensation which is includable in the employee's gross income.

A benefit shall be deemed not to exceed the maximum benefit limitation of clause (b) if:

(1) the retirement benefits payable under the plan and under any other defined benefit plans of the employer do not exceed the \$10,000 limit set in section 415(b) (4) of the Internal Revenue Code for the plan year, or for any prior plan year, and

(2) the employer has not at any time maintained a defined contribution plan in which the employee participated.

A public pension plan is any Minnesota public pension plan or fund which provides pension or retirement coverage for public employees other than volunteer firefighters, including any plan or fund enumerated in sections 356.20, subdivision 2, or 356.30, subdivision 3, any local police or firefighter's relief association to which section 69.77 applies, or any retirement or pension plan or fund, including a supplemental retirement plan or fund, established, maintained or supported by any governmental subdivision or public body whose revenues are derived from taxation, fees, assessments or from other public sources. Final monthly salary is the hourly rate of compensation received by the person on account of the most recent public employment for the final pay period occurring prior to retirement multiplied by 174.

The figure for the monthly retirement annuity or disability benefit to be used for the calculation of this limitation shall not include any reduction or adjustment required for retirement prior to the normal retirement age or required for the election of an optional annuity.

If the figure for the monthly retirement annuity or disability benefit exceeds the limit contained in this section, the annuity or benefit payable shall be reduced appropriately.

The managing board of each public pension plan from which a retirement annuity or disability benefit is payable shall, at the time that the retirement annuity or disability benefit commences, contact all other public pension plans to determine whether or not the recipient of the retirement annuity or disability benefit is also receiving or is entitled to receive a retirement annuity or disability benefit from any other public pension plan. If a person is entitled to receive or is receiving a retirement annuity or disability benefit from more than one public pension plan, all retirement annuities or disability benefits from all public pension plans shall be totalled in determining whether or not the limitation shall apply; provided however, that the limitation shall be based on the highest final monthly salary received by the individual from any plan. Any reduction in the amount of the retirement annuity or disability benefit required pursuant to this section shall be made by the public pension plan which provided retirement coverage for the most recent period of service.

As of April 14, 1976, the registrar may appoint, and for cause discontinue, a deputy registrar for any city as the public interest and convenience may require, without regard to whether the county auditor of the county in which the city is situated has been appointed as the deputy registrar for the county or has been discontinued as the deputy registrar for the county, and without regard to whether the county in which the city is situated has established a county license bureau which issues motor vehicle licenses as provided in section 373.32.

Effective August 1, 1976, the registrar may appoint, and for cause discontinue, a deputy registrar for any city as the public interest and convenience may require, if the auditor for the county in which the city is situated chooses not to accept appointment as the deputy registrar for the county or is discontinued as a deputy registrar, or if the county in which the city is situated has not established a county license bureau which issues motor vehicle license as provided in section 373.32. Any person appointed by the registrar as a deputy registrar for any city shall be a resident of the county in which the city is situated.

The registrar may appoint, and for cause discontinue, the county auditor of each county as a deputy registrar. Upon approval of the county board, the auditor, with the approval of the director of motor vehicles, may appoint, and for cause discontinue, the clerk or equivalent officer of each city or any other person as a deputy registrar as public interest and convenience may require, regardless of his county of residence. Notwithstanding any other provision, a person other than a county auditor or a director of a county license bureau, who was appointed by the registrar before August 1, 1976, as a deputy registrar for any city, may continue to serve as deputy registrar and may be

discontinued for cause only by the registrar. The county auditor shall be responsible for the acts of deputy registrars appointed by him. Each such deputy, before entering upon the discharge of his duties, shall take and subscribe an oath to faithfully discharge his duties and to uphold the laws of the state. If a deputy registrar appointed hereunder is not an officer or employee of a county or city, such deputy shall in addition give bond to the state in the sum of \$10,000, or such larger sum as may be required by the registrar, conditioned upon the faithful discharge of his duties as deputy registrar. Each deputy registrar appointed hereunder shall keep and maintain, in a convenient public place within the place for which he is appointed, a registration and motor vehicle tax collection bureau, to be approved by the registrar, for the registration of motor vehicles and the collection of motor vehicle taxes thereon. He shall keep such records and make such reports to the registrar as that officer, from time to time, may require. Such records shall be maintained at the facility of the deputy registrar. The records and facilities of the deputy registrar shall at all times be open to the inspection of the registrar or his agents. He shall report daily to the registrar all registrations made and taxes and fees collected by him. The filing fee imposed pursuant to subdivision 7 shall be deposited in the treasury of the place for which he is appointed, or if such deputy is not a public official, he shall retain the filing fee, but the registration tax and any additional fees for delayed registration he has collected he shall deposit each day in an approved state depository to the credit of the state through the state treasurer. The place for which the deputy registrar is appointed through its governing body shall provide the deputy registrar with facilities and personnel to carry out the duties imposed by this subdivision if such deputy is a public official. In all other cases, the deputy shall maintain a suitable facility for serving the public."

H. F. No. 1769, A bill for an act relating to water pollution control; establishing an independent state grants program for the construction of municipal wastewater treatment facilities; appropriating money; amending Minnesota Statutes 1982, sections 115.03, subdivision 1; 116.16, subdivisions 2, 4, 5, 9, and by adding a subdivision; amending Minnesota Statutes 1983 Supplement, section 116.18; repealing Minnesota Statutes 1982, section 116.16, subdivisions 6 and 7.

Delete everything after the enacting clause and insert :

“Section 1. Minnesota Statutes 1982, section 115.03, subdivision 1, is amended to read :

Subdivision 1. The agency is hereby given and charged with the following powers and duties :

(a) To administer and enforce all laws relating to the pollution of any of the waters of the state ;

(b) To investigate the extent, character, and effect of the pollution of the waters of this state and to gather data and information necessary or desirable in the administration or enforcement of pollution laws, and to make such classification of the waters of the state as it may deem advisable ;

(c) To establish and alter such reasonable pollution standards for any waters of the state in relation to the public use to which they are or may be put as it shall deem necessary for the purposes of this chapter and, with respect to the pollution of waters of the state, chapter 116 ;

(d) To encourage waste treatment, including advanced waste treatment, instead of stream low-flow augmentation for dilution purposes to control and prevent pollution ;

(e) To adopt, issue, reissue, modify, deny, or revoke, enter into or enforce reasonable orders, permits, variances, standards, regulations, schedules of compliance, and stipulation agreements, under such conditions as it may prescribe, in order to prevent, control or abate water pollution, or for the installation or operation of disposal systems or parts thereof, or for other equipment and facilities ;

(1) Requiring the discontinuance of the discharge of sewage, industrial waste or other wastes into any waters of the state re-

sulting in pollution in excess of the applicable pollution standard established under this chapter;

(2) Prohibiting or directing the abatement of any discharge of sewage, industrial waste, or other wastes, into any waters of the state or the deposit thereof or the discharge into any municipal disposal system where the same is likely to get into any waters of the state in violation of this chapter and, with respect to the pollution of waters of the state, chapter 116, or standards or regulations promulgated or permits issued pursuant thereto, and specifying the schedule of compliance within which such prohibition or abatement must be accomplished;

(3) Prohibiting the storage of any liquid or solid substance or other pollutant in a manner which does not reasonably assure proper retention against entry into any waters of the state that would be likely to pollute any waters of the state;

(4) Requiring the construction, installation, maintenance, and operation by any person of any disposal system or any part thereof, or other equipment and facilities, or the reconstruction, alteration, or enlargement of its existing disposal system or any part thereof, or the adoption of other remedial measures to prevent, control or abate any discharge or deposit of sewage, industrial waste or other wastes by any person;

(5) Establishing, and from time to time revising, standards of performance for new sources taking into consideration, among other things, classes, types, sizes, and categories of sources, processes, pollution control technology, cost of achieving such effluent reduction, and any non-water quality environmental impact and energy requirements. Said standards of performance for new sources shall encompass those standards for the control of the discharge of pollutants which reflect the greatest degree of effluent reduction which the agency determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants. New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed regulations prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973 and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such con-

struction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Construction shall encompass any placement, assembly, or installation of facilities or equipment, including contractual obligations to purchase such facilities or equipment, at the premises where such equipment will be used, including preparation work at such premises;

(6) Establishing and revising pretreatment standards to prevent or abate the discharge of any pollutant into any publicly owned disposal system, which pollutant interferes with, passes through, or otherwise is incompatible with such disposal system;

(7) Requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the agency shall prescribe, and providing such other information as the agency may reasonably require;

(8) Notwithstanding any other provision of this chapter, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision 5, clause (b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the agency determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(9) Modifying, in its discretion, any requirement or limitation based upon best available technology with respect to any

point source for which a permit application is filed after July 1, 1977 upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants (.);

(f) To require to be submitted and to approve plans and specifications for disposal systems or point sources, or any part thereof and to inspect the construction thereof for compliance with the approved plans and specifications thereof;

(g) To prescribe and alter rules and regulations, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by this chapter and, with respect to pollution of waters of the state, in chapter 116, provided that every rule or regulation affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state;

(h) To conduct such investigations, issue such notices, public and otherwise, and hold such hearings as are necessary or which it may deem advisable for the discharge of its duties under this chapter and, with respect to the pollution of waters of the state, under chapter 116, including, but not limited to, the issuance of permits, and to authorize any member, employee, or agent appointed by it to conduct such investigations or, issue such notices and hold such hearings;

(i) For the purpose of water pollution control planning by the state and pursuant to the Federal Water Pollution Control Act, as amended, to establish and revise planning areas, adopt plans and programs and continuing planning processes, including, but not limited to, basin plans and areawide waste treatment management plans, and to provide for the implementation of any such plans by means of, including, but not limited to, standards, plan elements, procedures for revision, inter-governmental cooperation, residual treatment process waste controls, and needs inventory and ranking for construction of disposal systems;

(j) To train water pollution control personnel, and charge such fees therefor as are necessary to cover the agency's costs. All such fees received shall be paid into the state treasury and credited to the water pollution control training fund of the agency, from which the agency shall have the power to make disbursements to pay expenses relating to such training;

(k) To impose as additional conditions in permits to publicly owned disposal systems appropriate measures to insure compliance by industrial and other users with any pretreatment

standard, including, but not limited to, those related to toxic pollutants, and any system of user charges ratably as is hereby required under state law or said Federal Water Pollution Control Act, as amended, or any regulations or guidelines promulgated thereunder; (AND)

(1) To set a period not to exceed five years for the duration of any National Pollutant Discharge Elimination System permit; and

*(m) To require a governmental subdivision that owns or operates a wastewater disposal system to have a plan to address the ability to pay costs of major repair and planning and constructing an adequate replacement system at the end of the existing system's expected useful life.*

Sec. 2. Minnesota Statutes 1982, section 116.16, subdivision 2, is amended to read:

(3) Pollution control fund means the Minnesota state water pollution control fund created by subdivision 1;

(4) Bond account means the Minnesota state water pollution control bond account created in the state bond fund by section 116.17, subdivision 4;

(5) Terms defined in section 115.01 have the meanings therein given them;

(6) The eligible cost of any municipal project, except as otherwise provided in (CLAUSE) clauses (7) and (8), includes (a) preliminary planning to determine the economic, engineering, and environmental feasibility of the project; (b) engineering, architectural, legal, fiscal, economic, sociological, project administrative costs of the agency and the municipality, and other investigations and studies; (c) surveys, designs, plans, working drawings, specifications, procedures, and other actions necessary to the planning, design, and construction of the

(8) *Notwithstanding clause (7), for state grants under section 9, the eligible cost includes the acquisition of land for stabilization ponds and the provision of reserve capacity sufficient to serve the reasonable needs of the municipality for 20 years in the case of treatment works and 40 years in the case of sewer systems. Notwithstanding clause (7), for state grants under section 9, the eligible cost does not include the provision of collector sewers as defined in agency rules, the provision of service to seasonal homes, the control of combined sewer overflow or cost increases from contingencies that exceed three percent of as-bid costs or cost increases from unanticipated site conditions that exceed an additional two percent of as-bid costs.*

Sec. 3. Minnesota Statutes 1982, section 116.16, subdivision 4, is amended to read:

Subd. 4. [DISBURSEMENTS.] Disbursements from the fund shall be made by the state treasurer upon order of the commissioner of finance at the times and in the amounts requested by the agency in accordance with the *applicable state and federal (LAWS AND REGULATIONS AND THE STATE APPROPRIATION ACTS) law* governing such disbursements; except that no appropriation or loan of state funds for any project shall be disbursed to any municipality until and unless the agency has by resolution determined the total estimated cost of the project, and ascertained that financing of the project is assured by:

(1) A grant to the municipality by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state; or

(2) A grant of funds appropriated by state law; or

(3) A loan authorized by state law; or

(4) The appropriation of proceeds of bonds or other funds of the municipality to a fund for the construction of the project; or

(5) Any or all of the means referred to in paragraphs (1) to (4); and

(6) An irrevocable undertaking, by resolution of the governing body of the municipality, to use all funds so made available exclusively for the construction of the project, and to pay any additional amount by which the cost of the project exceeds the estimate, by the appropriation to the construction fund of additional municipal funds or the proceeds of additional bonds to be issued by the municipality; and

(7) Conformity of the project and of the loan or grant application with the state water pollution control plan as certified to the federal government and with all other conditions under *applicable state and federal (LAWS AND REGULATIONS) law* for a grant of *state or federal funds of the nature and in the amount involved.*

Sec. 4. Minnesota Statutes 1982, section 116.16, subdivision 5, is amended to read:

Subd. 5. [RULES.] (a) The agency shall promulgate *permanent rules and may promulgate temporary rules* for the administration of grants and loans authorized to be made from the fund or from federal funds under the Federal Water Pollution Control Act, as amended, which rules, however, shall not be applicable to the issuance of bonds by the commissioner of finance as provided in section 116.17. The rules shall contain as a minimum:

(1) procedures for application by municipalities;

(2) conditions for the administration of the grant or loan;

(3) criteria for (ELIGIBILITY) *the ranking of projects in order of priority* for grants or loans, (INCLUDING THOSE SPECIFIED IN SUBDIVISION 6) *based on factors including the extent and nature of pollution, technological feasibility, assurance of proper operation, maintenance and replacement, and participation in multi-municipal systems; and*

(4) such other matters as the agency and the director find necessary to the proper administration of the grant program.

(b) *Except as otherwise provided in sections 116.16 to 116.18, the rules for the administration of state grants under section 9, must comply, to the extent practicable, with provisions relating directly to protection of the environment contained in the Federal Water Pollution Control Act, as amended, and regulations and guidelines of the United States environmental protection agency promulgated under the act, except provisions regarding allocation contained in section 205 of the act and regulations and guidelines promulgated under section 205 of the act. This provision does not require approval from federal agencies for the issuance of grants or for the construction of projects under section 9.*

Sec. 5. Minnesota Statutes 1982, section 116.16, subdivision 9, is amended to read:

Subd. 9. [APPLICATIONS.] Applications by municipalities for grants or loans from the fund shall be made to the director of the agency on forms requiring information prescribed by rules of the agency. The director shall certify to the agency those applications which appear to meet the criteria set forth in sections 116.16 to 116.18 and the rules promulgated hereunder, and the agency shall award grants or loans on the basis of the criteria and priorities established in its rules and in sections 116.16 to 116.18. *A municipality that is designated under agency rules to receive state or federal funding for a project and that does not make a timely application for or that refuses the funding is not eligible for either state or federal funding for that project in that fiscal year or the subsequent year.*

Sec. 6. Minnesota Statutes 1982, section 116.16, is amended by adding a subdivision to read:

Subd. 9a. [SUBSEQUENT GRANTS.] *A municipality awarded a final grant of funding for a project, under the program established by the 1972 Federal Water Pollution Control Act amendments or the program established by section 9, is not eligible for additional funding to replace that project under the federal program or the state program, unless the funding is necessary as a result of subsequent changes in state water quality standards, effluent limits, or technical design requirements, or, for a municipality awarded a final grant before October 1, 1984, unless the funding is necessary for the provision of increased capacity.*

Sec. 7. Minnesota Statutes 1983 Supplement, section 116.18, subdivision 1, is amended to read:

116.18 [WATER POLLUTION CONTROL FUNDS; APPROPRIATIONS AND BONDS.]

Subdivision 1. [APPROPRIATION FROM THE FUND.] The sum of (\$155,000,000) *\$167,000,000*, or so much thereof as may be necessary, is appropriated from the Minnesota state water pollution control fund in the state treasury to the pollution control agency, for the period commencing on July 23, 1971 and ending June 30, 1985, to be granted and disbursed to municipalities and agencies of the state in aid of the construction of projects conforming to section 116.16, in accordance with the rules, priorities, and criteria therein described. (EXCEPT AS OTHERWISE PROVIDED IN THIS SUBDIVISION AND IN SUBDIVISION 2, THESE STATE FUNDS SHALL BE EXPENDED AT 15 PER CENTUM OF THE ELIGIBLE COST OF CONSTRUCTION AND SHALL BE EXPENDED ONLY)

*Subd. 2. [STATE MATCHING GRANTS PROGRAM.] (a)* For projects tendered, *by September 30, 1984*, a grant of federal funds under section 201(g), section 202, section 203 or section 206(f) of the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1314 et seq., at 75 per centum of the eligible cost for construction of the treatment works, *state funds appropriated under subdivision 1 must be expended at 15 percent of the eligible cost of construction, except as otherwise provided in this subdivision*; provided, that not less than ten percent of the cost shall be paid by the municipality or agency constructing the project. In the event that a municipality is tendered federal and state grants in a percentage cumulatively exceeding 90 per centum of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to assure that not less than ten percent of the cost shall be paid by the municipality. It is the purpose of this appropriation that a grant of state funds for each project approved in each of the fiscal years ending June 30, 1971 through 1985, shall be made in an amount not less than that required in federal law and regulations as a condition for the grant of federal funds for the project and for all other water pollution control projects for which federal grants are allocated in the same year, in the maximum amount permissible under law and regulations.

(NOTWITHSTANDING ANY OTHER PROVISION, THE AGENCY MAY, IN ITS DISCRETION, AND AFTER CONSIDERATION OF THE AMOUNT OF STATE FUNDS REQUIRED TO MATCH FEDERAL FUNDS, MAKE A GRANT OF STATE FUNDS NOT EXCEEDING 15 PER CENTUM TO A MUNICIPALITY THAT WOULD QUALIFY FOR A GRANT OF FEDERAL FUNDS BUT DESIRES TO INITIATE CONSTRUCTION OF A PROJECT WITHOUT A FEDERAL GRANT. THE AGENCY MAY LIMIT THE SCOPE AND ELIGIBLE COST OF THE PROJECT.)

(b) If a municipality is tendered a grant of federal funds under section 201, paragraph (g), section 202, section 203 or section 206, paragraph (f) of the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1314 et seq., at 85 per cent of the eligible cost for construction of treatment works utilizing innovative or alternative wastewater treatment processes and techniques, state funds shall be expended at nine percent of the eligible cost of construction; provided, that not less than six percent of the eligible cost of construction shall be paid by the municipality or agency constructing the project. In the event that a municipality is tendered federal and state grants in a percentage cumulatively exceeding 94 per cent of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to assure that the municipality receives no more than 94 per cent of the eligible cost of construction.

Sec. 8. Minnesota Statutes 1982, section 116.18, subdivision 2, is amended to read:

(SUBD. 2. [ADDITIONAL PURPOSES OF APPROPRIATION.]) (c) If the pollution control agency, acting in accordance with section 116.16, subdivision 4 and rules promulgated by the agency establishing criteria for financial hardship cases, determines that the prevention, control, and abatement of water pollution and the public health of the state requires the construction of a project by a municipality or agency that is unable to provide 10 percent of the eligible cost thereof, the funds appropriated in subdivision 1 may be expended to reduce or eliminate its contribution to the eligible cost.

Sec. 9. Minnesota Statutes 1982, section 116.18, is amended by adding a subdivision to read:

*Subd. 3a. [STATE INDEPENDENT GRANTS PROGRAM.] (a) The agency may award grants for projects for 50 percent or, if the agency requires advanced treatment, 65 percent of the eligible cost of construction. These grants may be awarded in separate steps for planning and design in addition to actual construction. Not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to any single grantee.*

*(b) Up to ten percent of the funds to be awarded as grants under this subdivision in any single fiscal year shall be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements. The agency shall forward its municipal needs list to the commissioner of energy and economic development at the beginning of each fiscal year, and the commissioner shall review the list and identify those municipalities having such substantial economic development projects. After the first 90 percent of the total available funds are allocated to municipalities in accordance with agency priorities, the set-aside shall be used by the agency to award grants to remaining municipalities that have been identified.*

*(c) Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and apply to be reimbursed in the subsequent year conditioned upon appropriation of sufficient funds under subdivision 1 for that year. The maximum amount of the reimbursement the agency may commit in any single fiscal year is equal to the amount newly appropriated under subdivision 1 for that year.*

Sec. 10. Minnesota Statutes 1982, section 116.18, subdivision 4, is amended to read:

Subd. 4. [BOND AUTHORIZATION.] For the purpose of providing money appropriated in subdivision 1 for expenditure from the Minnesota state water pollution control fund through grants to municipalities and agencies of the state for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed for the prevention, control, and abatement of water pollution, the commissioner of finance is authorized upon request of the pollution control agency to sell and issue Minnesota state water pollution control bonds in the amount of (\$144,000,000) \$156,000,000, in the manner and upon the conditions prescribed in section 116.17 and in the Constitution, Article XI, Sections 4 to 7. The proceeds of the bonds, except as provided in section 116.17, subdivision 5, are appropriated and shall be credited to the Minnesota state water pollution control fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the water pollution control fund equal to the aggregate amount of grants then approved and not previously disbursed, plus the amount of grants to be approved in the current and the following fiscal year, as estimated by the pollution control agency.

Sec. 11. [APPROPRIATION; COMPLEMENT.]

*The sum of \$ . . . is appropriated from the general fund to the director of the pollution control agency to administer sections 1 to 10. The complement of the pollution control agency is increased by . . . . positions.*

Sec. 12. [REPEALER.]

*Minnesota Statutes 1982, section 116.16, subdivisions 6 and 7, are repealed.*

Sec. 13. [EFFECTIVE DATE.]

*Sections 1 to 12 are effective the day following final enactment."*

The reduction shall accrue to the period of supervised release to be served by the inmate.

(2) that the petitioner has an inability to make payments on the mortgage or contract for deed.

*Whereas*, the Coalition of Black Trade Unionists, A. Phillip Randolph Institute, labor organizations, civil rights, feminist, consumer and environmental organizations throughout the United States sanctioned a national boycott of the Adolph Coors Brewery, brewers of Coors Beer, Coors Light Beer, Herman Joseph's 1868, Killian's Irish Red and Golden Lager; and

*Whereas*, the boycott was instituted because of Coors management's violations of basic human rights that forced the membership of Brewery Workers Local 366, DALU AFL-CIO, to strike Coors on April 5, 1977; and

*Whereas*, the only strike issue was human dignity, including forced lie detector tests by Coors which pried into workers' sex lives, sexual practices and preferences, political and religious beliefs, financial status, and other matters of private concern; and

*Whereas*, the issues that forced the Brewery Workers to strike Coors in 1977 remain as the Coors Company continues to demand that all employees take lie detector tests, be subjected to search and seizure raids, forced physical exams, and elimination of seniority rights; and

*Whereas*, the Adolph Coors Company had a long history of race and sex discrimination until 1977 when it settled a suit filed by the Equal Employment Opportunity Commission (EEOC) after Coors refused to even discuss affirmative action policy with Local 366; and

*Whereas*, the Coors Company then hired enough women and minorities as strikebreakers to achieve token representation; and

*Whereas*, William K. Coors urged employees to write members of Congress in opposition to the Civil Rights Act of 1964; and

*Whereas*, Coors has donated to and actively supports anti-ERA organizations; and

*Whereas*, through its contract the Coors Company denies its employees the right of freedom of expression; and

*Whereas*, Coors has funded and actively supports organizations, politicians, and legislation that are in opposition to the best interests and survival of workers, the poor, elderly, women, minorities, and other groups on the lower rungs of the economic ladder; and

*Whereas*, the philosophy of the owners has not changed over the years since on February 23, 1984, William K. Coors told a meeting of Black business owners that Black Africa's troubled economy was caused by a "lack of intellectual capacity" and that "one of the best things they (slave traders) did for you is to drag your ancestors over here in chains"; and

*Whereas*, Coors was the founder and major financial supporter of Mountain States Legal Foundation, an organization opposed to government regulation of the environment as was its first director, James Watt; *Now, Therefore*,

*Be It Resolved*, that the Minnesota House of Representatives condemns the Adolph Coors Brewery and its family owners for discriminatory and negative policies and practices regarding employees, unions, civil rights, women's rights, and the environment."

#### Sec. 9. [16B.07] [COMPETITIVE BIDS.]

*Subdivision 1. [APPLICATION.] Except as otherwise provided by this chapter, all contracts for construction or repairs and all purchases of and all contracts for supplies, materials, purchase or rental of equipment, and utility services must be based on competitive bids, and all sales of property must be to the highest responsible bidder after advertising for bids pursuant to this section.*

*Subd. 3. [PUBLICATION OF NOTICE; EXPENDITURES OVER \$5,000.] If the amount of an expenditure or sale is estimated to exceed \$5,000, sealed bids must be solicited by public notice inserted at least once in a newspaper or trade journal not less than seven days before the final date of submitting bids. The commissioner shall also solicit sealed bids by sending notices by mail to all prospective bidders known to the commissioner, and by posting notice on a public bulletin board in the commissioner's office at least five days before the final date of submitting bids.*

*All bids must be sealed when they are received and must be opened in public at the hour stated in the notice. All original bids and all documents pertaining to the award of a contract must be retained and made a part of a permanent file or record and remain open to public inspection.*

**Subd. 4. [PURCHASES, SALES, OR RENTALS; \$5,000 OR LESS.]** *All purchases or sales the amount of which is estimated to be \$5,000 or less may be made either upon competitive bids or in the open market, in the discretion of the commissioner. Any of the property may be withdrawn from the sale prior to the completion of the sale unless the auction has been announced to be without reserve. If the sale is made at public auction a duly licensed auctioneer must be retained to conduct the sale. The auctioneer's fees must be paid from the proceeds from which an amount sufficient to pay them is appropriated.*

[NEGOTIATED CONTRACTS.]** *In lieu of any of the other requirements of this chapter, the commissioner may negotiate a contract for public work to be performed at a state owned institution or installation if the cost does not exceed \$5,000 and if the head of the affected state agency requests the commissioner to do so. The commissioner shall have prepared whatever plans and specifications for the public work he deems*

*Subd. 5. [FEDERAL GENERAL SERVICES ADMINISTRATION PRICE SCHEDULES.] Notwithstanding anything in this chapter to the contrary, the commissioner may, instead of soliciting bids, contract for purchases with suppliers who have published schedules of prices effective for sales to the general services administration of the United States. These contracts may be entered into, regardless of the amount of the purchase price, if the commissioner considers them advantageous and if the purchase price of all the commodities purchased under the contract do not exceed the price specified by the schedule.*

*Subd. 6. [EMERGENCY PURCHASES.] In emergencies the commissioner may, without calling for bids, contract directly for the repair, rehabilitation, and improvement of a state owned structure or may authorize an agency to do so, and may purchase or may authorize an agency to purchase directly supplies, materials, equipment, or utility services for immediate use. An emergency for the purposes of this subdivision is an unforeseen occurrence or combination of circumstances which calls for immediate action in the public interest.*

*Subdivision 1. [LOWEST RESPONSIBLE BIDDER.] All state contracts and purchases made by or under the supervision of the commissioner or an agency for which competitive bids are*

required must be awarded to the lowest responsible bidder, taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids. The commissioner may decide which is the lowest responsible bidder for all purchases. As to contracts other than for purchases, the head of the interested agency shall make the decision, subject to the approval of the commissioner. Any bid may be rejected. In a case where competitive bids are required and where all bids are rejected, new bids, if solicited, must be called for as in the first instance, unless otherwise provided by law.

*Subd. 2. [ALTERATIONS AND ERASURES.] A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid must be rejected unless the alteration or erasure is corrected pursuant to this subdivision. An alteration or erasure may be crossed out and the correction printed in ink or typewritten adjacent to it and initialed in ink by the person signing the bid.*

*Subd. 3. [SPECIAL CIRCUMSTANCES.] The commissioner may reject the bid of any bidder who has failed to perform a previous contract with the state. In the case of identical low bids from two or more bidders, the commissioner may, in his discretion, use negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price.*

*Subd. 4. [RECORD.] A record must be kept of all bids, including names of bidders, amounts of bids, and each successful bid. This record is open to public inspection.*

## Sec. 12. [16B.10] [RECIPROCAL PREFERENCE.]

*Subdivision 1. [RESIDENT PREFERENCE.] When a public contract is to be awarded to the lowest responsible bidder a resident bidder must be given preference over a nonresident bidder from a state which gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the nonresident bidder.*

*Subd. 2. [DEFINITION.] "Resident bidder" as used in this section means a person, firm, or corporation authorized to engage in business in the state of Minnesota and having a bona fide establishment for doing business within the state of Minnesota on the date when any bid for a public contract is first advertised or announced, and includes a foreign corporation authorized to engage in business in Minnesota and having a bona fide establishment for the doing of business within the state.*

*Subd. 3. [EXCEPTION.] The provisions of subdivisions 1 and 2 do not apply to a contract for a project for which federal funds are available.*

Sec. 13. [16B.11] [PREFERENCE FOR MINNESOTA CONTRACTORS.]

*Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them:*

(a) "Municipality" has the meaning assigned to it in section 471.345, subdivision 1;

(b) "Public agency" includes all state agencies, the University of Minnesota, the state university board, and the state board for community colleges;

(c) "Resident" means:

(1) any individual who has been a resident of Minnesota for one year or more immediately prior to bidding on or performing work under the contract;

(2) any partnership or association whose members have been residents of Minnesota for one year or more immediately prior to bidding on or performing work under the contract; and

(3) a corporation, incorporated in Minnesota, which has been in existence for one year or more immediately prior to bidding on or performing work under the contract, or which has its principal place of business in Minnesota; and

(d) "State agency" means an agency as defined in section 14.02, subdivision 2.

*Subd. 2. [RESIDENT CONTRACTORS PREFERRED.] Notwithstanding any other law to the contrary, a contract awarded by a public agency for the engineering services, erection, construction, alteration, or repair of a public building or structure, or for any public work or improvement for which competitive bidding is not required by law, must be awarded to a Minnesota resident. If competitive bidding is required by law, the contract must be awarded to the resident making the lowest responsible bid if the resident's bid is not more than ten percent higher than the lowest responsible nonresident bid. A successful resident bidder may not subcontract more than 20 percent of the work covered by the contract to nonresident subcontractors.*

*Subd. 3. [MINNESOTA LABOR PREFERRED.] All contracts subject to subdivision 2 must require that, wherever possible, resident laborers, workers, and mechanics be used to perform all work covered by the contract.*

*Subd. 4. [PREFERENCE SUBJECT TO FEDERAL LAW.] The provisions of this section are subject to applicable laws of*

*the United States and regulations of federal agencies governing the use and payment of funds granted or advanced by the United States.*

Sec. 14. [16B.12] [PREFERENCE FOR MINNESOTA AND AMERICAN MADE MATERIALS.]

*Subdivision 1. [DEFINITIONS.] As used in this section, the following terms have the meanings given them:*

(a) *“Public agency” has the meaning assigned to it in section 13, subdivision 1, clause (b), and includes any contractor acting pursuant to a contract with a public agency;*

(b) *“Materials” means any goods, supplies, equipment, or any other tangible products or materials, including foods;*

(c) *“Manufactured” means mined, grown, produced, manufactured, fabricated, or assembled;*

(d) *“Manufactured in Minnesota” means manufactured in whole or in substantial part within Minnesota, or that the majority of its components were manufactured in whole or in substantial part in Minnesota, or manufactured in the United States by an individual, corporation, partnership, or association;*

(e) *“Manufactured in the United States” means manufactured in whole or in substantial part within the United States or that the majority of the component parts thereof were manufactured in whole or in substantial part in the United States;*

(f) *“Purchase” means acquire by purchase or lease.*

*Subd. 2. [PURCHASE PREFERENCE.] Notwithstanding the provisions of any other law to the contrary, no materials may be purchased by a public agency for use for governmental purposes which are not manufactured in Minnesota or the United States, except as may be provided in this section. When all other factors are substantially equal, preference must be given first to those products which are manufactured to the greatest extent in Minnesota, and second to those products which are manufactured to the greatest extent in the United States. To the extent possible, specifications must be written so as to permit the public agency to purchase materials manufactured in Minnesota.*

*Subd. 3. [EXEMPTIONS.] Subdivision 2 does not apply if the person having contracting authority in respect to the purchase determines that (1) the materials are not manufactured in Minnesota or the United States in sufficient or reasonably available quantities, (2) the price or bid of the materials ex-*

ceeds by more than ten percent the price or bid of available and comparable materials manufactured outside of Minnesota or the United States, (3) the quality of the materials is substantially less than the quality of comparably priced available materials manufactured outside of Minnesota or the United States, or (4) the purchase of the materials manufactured in Minnesota or the United States is otherwise not in the public interest. Subdivision 2 also does not apply if the materials are purchased with a view to commercial resale or with a view to use in the production of goods for commercial sale.

### SPECIAL PURCHASING SITUATIONS

#### Sec. 15. [16B.13] [ADVERTISEMENT OF HIGHWAY CONTRACTS.]

*Notwithstanding anything in chapter 16B to the contrary, all contracts for the repair, improvement, maintenance, or construction of highways or highway bridges must be advertised and let as provided by law for highway construction contracts.*

#### Sec. 16. [16B.14] [CERTAIN VEHICLES.]

*Upon the written request of the commissioner of public safety, motor vehicles for specific use by investigative and undercover agents of the department of public safety must be purchased by the brand make and model. All other provisions of this chapter relating to competitive bidding apply to purchases covered by this section.*

#### Sec. 17. [16B.15] [ELECTRONIC DATA PROCESSING EQUIPMENT.]

*Subdivision 1. [COMMISSIONER MAY REJECT BIDS.] The commissioner may reject all bids for electronic data processing equipment, related equipment, and software and may negotiate a contract for this equipment if the commissioner finds the bids to be unsatisfactory because of failure to fully comply with the specifications, terms, and conditions of the call for bids. The contract must be awarded to the vendor offering the lowest price to the state taking into consideration the specifications, terms, and conditions agreed upon pursuant to negotiation.*

*Subd. 2. [EQUIPMENT.] The commissioner may purchase, sell, repurchase or otherwise undertake the acquisition, rental or disposal of electronic data processing equipment as best serves the interests of the state; provided, however, the commissioner shall adhere to the competitive bidding requirements of chapter 16.*

#### Sec. 18. [16B.16] [ENERGY EFFICIENCY INSTALLMENT PURCHASES.] *The commissioner shall contract to*

*purchase by installment payments capital or other equipment or services intended to improve the energy efficiency of a state building or facility if:*

- (1) *the term of the contract does not exceed ten years;*
- (2) *the entire cost of the contract is a percentage of the resultant savings in energy costs;*
- (3) *the contract for purchase is competitive; and*
- (4) *the state may unilaterally cancel the agreement if the legislature fails to appropriate funds to continue the contract.*

*The commissioner may spend money appropriated for energy costs in payment of a contract under this section.*

**Sec. 19. [16B.17] [CONSULTANTS AND TECHNICAL SERVICES.]**

*Subdivision 1. [TERMS.] For purposes of this section, the following terms have the meanings given them:*

(a) **[CONSULTANT SERVICES.]** *“Consultant services” means services which are intellectual in character; which do not involve the provision of supplies or materials; which include analysis, evaluation, prediction, planning, or recommendation; and which result in the production of a report.*

(b) **[PROFESSIONAL AND TECHNICAL SERVICES.]** *“Professional and technical services” means services which are predominantly intellectual in character; which do not involve the provision of supplies or materials; and in which the final result is the completion of a task rather than analysis, evaluation, prediction, planning, or recommendation.*

**Subd. 2. [PROCEDURE FOR CONSULTANT AND PROFESSIONAL AND TECHNICAL SERVICES CONTRACTS.]** *Before approving a proposed state contract for consultant services or professional and technical services the commissioner must determine, at least, that:*

- (1) *all provisions of section 21 and subdivision 3 of this section have been verified or complied with;*
- (2) *the work to be performed under the contract is necessary to the agency's achievement of its statutory responsibilities, and there is statutory authority to enter into the contract;*
- (3) *the contract will not establish an employment relationship between the state or the agency and any persons performing under the contract;*

(4) no current state employees will engage in the performance of the contract;

(5) no state agency has previously performed or contracted for the performance of tasks which would be substantially duplicated under the proposed contract; and

(6) the contracting agency has specified a satisfactory method of evaluating and using the results of the work to be performed.

Subd. 3. [DUTIES OF CONTRACTING AGENCY.] Before an agency may seek approval of a consultant or professional and technical services contract valued in excess of \$2,000, it must certify to the commissioner that:

(1) no state employee is able to perform the services called for by the contract;

(2) the normal competitive bidding mechanisms will not provide for adequate performance of the services;

(3) the services are not available as a product of a prior consultant or professional and technical services contract, and the contractor has certified that the product of his services will be original in character;

(4) reasonable efforts were made to publicize the availability of the contract;

(5) the agency has received, reviewed, and accepted a detailed work plan from the contractor for performance under the contract; and

(6) the agency has developed, and fully intends to implement, a written plan providing for the assignment of specific agency personnel to a monitoring and liaison function; the periodic review of interim reports or other indications of past performance, and the ultimate utilization of the final product of the services.

Subd. 4. [REPORTS.] After completion of performance under a consultant or professional and technical services contract, the agency shall evaluate the performance under the contract and the utility of the final product. This evaluation must be delivered to the commissioner, who shall retain all the evaluations for future reference. The commissioner shall submit to the governor and the legislature a monthly listing of all contracts for consultant services and for professional and technical services executed or disapproved in the preceding month. The report must identify the parties and the contract amount, duration, and tasks to be performed. The commissioner shall also issue quarterly

*reports summarizing the contract review activities of the department during the preceding quarter.*

*Subd. 5. [CONTRACT TERMS.] A consultant or technical and professional services contract must by its terms permit the agency to unilaterally terminate the contract prior to completion, upon payment of just compensation, if the agency determines that further performance under the contract would not serve agency purposes. If the final product of the contract is to be a report, no more than three copies of the report, one in camera ready form, shall be submitted to the agency. One of the copies must be filed with the legislative reference library.*

**Sec. 20. [16B.18] [SHELTERED WORKSHOPS; PROCUREMENT OF PRODUCTS AND SERVICES; WORK ACTIVITY PROGRAMS.]**

*Subdivision 1. [PRODUCT AND SERVICE LIST.] The commissioner in consultation with the commissioner of economic security shall prepare a list containing products and services of state certified sheltered workshops and work activity programs for procurement use by state agencies and institutions. The commissioner shall determine the fair market price for listed products and services. In determining the fair market price the commissioner shall consider (1) open market bid prices in previous years for similar products and services, and (2) cost increases for both labor and materials. The price paid may not exceed by more than five percent the fair market price. State agencies and institutions shall, after promulgation of the product and service list by the commissioner, procure listed products and services from sheltered workshops and work activity programs in preference to procurement from other suppliers or sources with the exceptions in this section. The provisions of this chapter relating to competitive bidding do not apply to purchases made in accordance with this section.*

*Subd. 2. [PRODUCTS AND SERVICES AVAILABLE ELSEWHERE.] When any listed products or services are available for procurement from any state agency or institution and procurement from the agency or institution is required by law, the procurement must be made in accordance with that law.*

*Subd. 3. [RULES.] Rules under this section may provide a procedure by which the commissioner shall determine product specifications, quality standards, and timing of delivery to be complied with by the sheltered workshop and work activity program boards on purchases made under this section. The list to be prepared pursuant to subdivision 1 shall not be promulgated as a rule.*

*Subd. 4. [SELECTION OF NONPROFIT CORPORATION.] The commissioner may select a nonprofit corporation*

organized under chapter 317 to facilitate distribution of orders among sheltered workshops and work activity programs. The corporation shall distribute orders so as to afford each sheltered workshop and work activity program an equal opportunity to obtain orders.

Sec. 21. [16B.19] [PROCUREMENT FROM SMALL BUSINESSES.]

*Subdivision 1. [SMALL BUSINESS AND MINNESOTA CORRECTIONAL INDUSTRIES SET-ASIDES.] The commissioner shall for each fiscal year designate and set aside for awarding to small businesses and Minnesota correctional industries approximately 25 percent of the value of anticipated total state procurement of goods and services including printing and construction. The commissioner shall divide the procurements so designated into contract award units of economically feasible production runs in order to facilitate offers or bids from small businesses and Minnesota correctional industries. In making his annual designation of set-aside procurements the commissioner shall attempt (1) to vary the included procurements so that a variety of goods and services produced by different small businesses are set aside each year, and (2) to designate set-aside procurements in a manner that will encourage proportional distribution of set-aside awards among the geographical regions of the state. To promote the geographical distribution of set-aside awards, the commissioner may designate a portion of the small business set-aside procurement for award to bidders from a specified congressional district or other geographical region specified by the commissioner. The failure of the commissioner to set aside particular procurements shall not be deemed to prohibit or discourage small businesses or Minnesota correctional industries from seeking the procurement award through the normal solicitation and bidding processes.*

*Subd. 2. [CONSULTANT, PROFESSIONAL AND TECHNICAL PROCUREMENTS.] Every state agency shall for each fiscal year designate and set aside for awarding to small businesses with their principal place of business in Minnesota approximately 25 percent of the value of anticipated procurements of that agency for consultant services or professional and technical services. The set-aside under this subdivision is in addition to that provided by subdivision 1, but shall otherwise comply with section 19 and the set-aside for businesses owned and operated by socially or economically disadvantaged persons.*

*Subd. 3. [NEGOTIATED PRICE OR BID CONTRACT.] The commissioner may elect to use either a negotiated price or bid contract procedure in the awarding of a procurement contract under the set-aside program established in sections 21 to 24. The amount of an award may not exceed by more than five percent the commissioner's estimated price for the goods or ser-*

vices, if they were to be purchased on the open market and not under this set-aside program. Surety bonds guaranteed by the federal Small Business Administration and second party bonds are acceptable security for a construction award under this section. "Second party bond" means a bond which designates as principal, guarantor, or both, a person or persons in addition to the person to whom the contract is proposed for award.

**Subd. 4. [DETERMINATION OF ABILITY TO PERFORM.]** Before announcing a set-aside award, the commissioner shall evaluate whether the small business or Minnesota correctional industry scheduled to receive the award is able to perform the set-aside contract. This shall be done in consultation with an authorized agent of the Minnesota correctional industries program. This determination shall include consideration of production and financial capacity and technical competence.

**Subd. 5. [PREFERENCE TO SMALL BUSINESSES.]** At least 24 percent of the value of the procurements designated for set-aside awards shall be awarded, if possible, to businesses owned and operated by socially or economically disadvantaged persons as defined in section 645.445. The commissioner shall designate set-aside procurements in a manner that will encourage proportional distribution of set-aside awards among the geographical regions of the state. To promote the geographical distribution of set-aside awards, the commissioner may designate a portion of the set-aside for small businesses owned and operated by socially or economically disadvantaged persons for award to bidders from a specified congressional district or other geographical region specified by the commissioner. In the event small businesses owned and operated by socially or economically disadvantaged persons are unable to perform at least 24 percent of the set-aside awards, the commissioner shall award the balance of the set-aside contracts to other small businesses. At least 50 percent of the value of the procurements awarded to businesses owned and operated by socially or economically disadvantaged persons shall actually be performed by the business to which the award is made or another business owned and operated by a socially or economically disadvantaged person or persons. The commissioner may not designate more than 20 percent of any commodity class for set-aside to businesses owned and operated by socially or economically disadvantaged persons. A business owned and operated by socially or economically disadvantaged persons that has been awarded more than five percent of the value of the total anticipated set-aside procurements for a fiscal year under this subdivision is disqualified from receiving further set-aside awards for that fiscal year.

**Subd. 6. [CONTRACTS IN EXCESS OF \$200,000; SET-ASIDE.]** The commissioner as a condition of awarding state procurements for construction contracts or approving contracts for consultant, professional, or technical services pursuant

to section 19 in excess of \$200,000 shall require that at least ten percent of the contract award to a prime contractor be subcontracted to a business owned and operated by a socially or economically disadvantaged person or persons. Any subcontracting pursuant to this subdivision may not be included in determining the total amount of set-aside awards required by subdivisions 1, 1a, and 4, or any preference program authorized by the commissioner pursuant to section 24. In the event small businesses owned and operated by socially and economically disadvantaged persons are unable to perform ten percent of the prime contract award, the commissioner shall require that other small businesses perform at least ten percent of the prime contract award. The commissioner may determine that small businesses owned and operated by socially and economically disadvantaged persons are unable to perform at least ten percent of the prime contract award prior to the advertising for bids. Each construction contractor bidding on a project over \$200,000 shall submit with the bid a list of the businesses owned and operated by socially or economically disadvantaged persons that are proposed to be utilized on the project with a statement indicating the portion of the total bid to be performed by each business. The commissioner shall reject any bid to which this subdivision applies that does not contain this information. Prime contractors receiving construction contract awards in excess of \$200,000 shall furnish to the commissioner the name of each business owned and operated by a socially or economically disadvantaged person or persons or other small business that is performing work on the prime contract and the dollar amount of the work performed.

**Subd. 7. [PREFERENCE TO MINNESOTA CORRECTIONAL INDUSTRIES.]** At least 15 percent of the value of procurements designated for set-aside awards shall be awarded, if possible, to Minnesota correctional industries, established and under the control of the commissioner of corrections under section 241.27, for the variety of goods and services produced by the Minnesota correctional industries, unless the commissioner of corrections acting through an authorized agent certifies that Minnesota correctional industries cannot provide them. If the correctional industries are unable to perform at least 15 percent of the set-aside awards, the commissioner shall award the balance of the set-aside contracts to small businesses.

**Subd. 8. [RECOURSE TO OTHER BUSINESSES.]** In the event that subdivisions 1 to 4b do not operate to extend a contract award to a small business or the Minnesota correctional industries, the award must be placed pursuant to the normal solicitation and award provisions in this chapter. The commissioner shall then designate and set aside for small businesses or the Minnesota correctional industries additional state procurements corresponding in approximate value to the contract unable to be awarded pursuant to subdivisions 1 to 4b.

**Subd. 9. [PROCUREMENT PROCEDURES.]** All laws and rules pertaining to solicitations, bid evaluations, contract

*awards, and other procurement matters apply equally to procurements set aside for small businesses or Minnesota correctional industries. In the event of conflict with other rules, sections 21 to 24 and rules adopted under those sections govern.*

**Sec. 22. [16B.20] [ENCOURAGEMENT OF PARTICIPATION; ADVISORY COUNCIL.]**

*Subdivision 1. [COMMISSIONER OF ADMINISTRATION.] The commissioners of administration and energy and economic development shall publicize the provisions of the set-aside program, attempt to locate small businesses able to perform set-aside procurement awards, and encourage participation. When the commissioner of administration determines that a small business is unable to perform under a set-aside contract, the commissioner shall inform the commissioner of energy and economic development who shall assist the small business in attempting to remedy the causes of the inability to perform a set-aside award. In assisting the small business, the commissioner of energy and economic development in cooperation with the commissioner of administration shall use management or financial assistance programs made available by or through the department of energy and economic development, other state or governmental agencies, or private sources.*

*Subd. 2. [ADVISORY COUNCIL.] A small business procurement advisory council is created. The council consists of 13 members appointed by the governor. A chairperson of the advisory council shall be elected from among the members. The appointments are subject to the appointments program provided by section 15.0597. The terms and removal of members are as provided in section 15.059, but members do not receive per diem or expenses.*

*Subd. 3. [DUTIES.] The small business procurement advisory council shall:*

*(1) advise the commissioner of administration on matters relating to the small business procurement program;*

*(2) review complaints or grievances from small business vendors or contractors who are doing or attempting to do business under the program; and*

*(3) review the reports of the commissioners of administration and energy and economic development provided by section 23 to ensure compliance with the goals of the program.*

**Sec. 23. [16B.21] [REPORTS.]**

*Subdivision 1. [COMMISSIONER OF ADMINISTRATION.] The commissioner shall submit an annual report pursuant to section 3.195 to the governor and the legislature with a*

copy to the commissioner of energy and economic development indicating the progress being made toward the objectives and goals of sections 21 to 24 during the preceding fiscal year. The commissioner shall also submit a quarterly report to the small business procurement advisory council. These reports shall include the following information:

(1) the total dollar value and number of potential set-aside awards identified during this period and the percentage of total state procurement this figure reflects;

(2) the number of small businesses identified by and responding to the set-aside program, the total dollar value and number of set-aside contracts actually awarded to small businesses with appropriate designation as to the total number and value of set-aside contracts awarded to each small business, and the total number of small businesses that were awarded set-aside contracts;

(3) the total dollar value and number of set-aside contracts awarded to small businesses owned and operated by economically or socially disadvantaged persons with appropriate designation as to the total number and value of set-aside contracts awarded to each small business and to each category of economically or socially disadvantaged persons as defined by section 645.445 and agency rules, and the percentages of the total state procurements the figures of total dollar value and the number of set-asides reflect; and

(4) the number of contracts which were designated and set aside pursuant to section 21 but which were not awarded to a small business, the estimated total dollar value of these awards, the lowest offer or bid on each of these awards made by the small business, and the price at which these contracts were awarded pursuant to the normal procurement procedures.

The information required by paragraphs (1) and (2) must be presented on a statewide basis and also broken down by geographic regions within the state.

**Subd. 2. [COMMISSIONER OF ENERGY AND ECONOMIC DEVELOPMENT.]** The commissioner of energy and economic development shall submit an annual report to the governor and the legislature pursuant to section 3.195 with a copy to the commissioner of administration. This report shall include the following information:

(1) the efforts undertaken to publicize the provisions of the set-aside program during the preceding fiscal year;

(2) the efforts undertaken to identify small businesses including those owned and operated by socially or economically

*disadvantaged persons, and the efforts undertaken to encourage participation in the set-aside program;*

*(3) the efforts undertaken by the commissioner to remedy the inability of small businesses to perform on potential set-aside awards; and*

*(4) the commissioner's recommendations for strengthening the set-aside program and delivery of services to small businesses.*

Sec. 24. [16B.22] [RULES.]

*The commissioner shall adopt by rule standards and procedures for certifying that small businesses and small businesses owned and operated by socially or economically disadvantaged persons are eligible to participate under the requirements of sections 21 to 24. The rules shall provide that certification as a small business owned and operated by socially or economically disadvantaged persons will be for a maximum of five years from the date of receipt of the first set-aside award, and that after the expiration of the certification period the business may not again be certified for a five-year period. The commissioner shall adopt by rule standards and procedures for hearing appeals and grievances and other rules necessary to carry out the duties set forth in sections 21 to 24.*

*The commissioner may make rules which exclude or limit the participation of nonmanufacturing business, including third-party lessors, jobbers, manufacturers' representatives, and others from eligibility under sections 21 to 24.*

*The commissioner may adopt rules to establish a preference program whereby businesses owned and operated by socially and economically disadvantaged persons would be allowed a five percent preference in the bid amount on selected state procurements or a preference program whereby businesses owned and operated by socially and economically disadvantaged persons would be awarded any state procurement if the business could meet the low bid amount for that procurement. Each of the preference programs is applicable to no more than 1.5 percent of the value of anticipated total state procurements of goods and services, including construction. Each preference program established by the commissioner expires on June 30, 1986, and the commissioner shall report to the legislature on the progress of the program by January 1, 1986.*

Sec. 25. [16B.23] [DISTRICT HEATING.]

*Notwithstanding any other law, general or special, the commissioner of administration is authorized to enter into or approve a written agreement not to exceed 31 years with a district*

heating utility that will specify, but not be limited to, the appropriate terms and conditions for the interchange of district heating services.

## MANAGEMENT OF STATE PROPERTY

### Sec. 26. [16B.24] [GENERAL AUTHORITY.]

*Subdivision 1. [OPERATION AND MAINTENANCE OF BUILDINGS.] The commissioner is authorized to maintain and operate the state capitol building and grounds, subject to whatever standards and policies are set for its appearance and cleanliness by the capitol area architectural and planning board and the commissioner pursuant to section 15.50, subdivision 2, clause (h), and the state office building, the historical society building, the Normandale, Anoka-Ramsey, North Hennepin, Lakewood, Metropolitan, and South East Metropolitan Community Colleges, the employment services buildings in Minneapolis and St. Paul, the state department of health building, and the surplus property building, and their grounds, and, when the commissioner considers it advisable and practicable, any other building or premises owned or rented by the state for the use of a state agency. The commissioner shall assign and reassign office space in the capitol and state buildings to make an equitable division of available space among agencies. The power granted in this subdivision does not apply to state hospitals or to educational, penal, correctional, or other institutions not enumerated in this subdivision the control of which is vested by law in some other agency.*

*Subd. 2. [REPAIRS.] The commissioner shall supervise and control the making of necessary repairs to all state buildings and structures, except structures, other than buildings, under the control of the state transportation department; provided that all repairs to the public and ceremonial areas and the exterior of the state capitol building shall be carried out subject to the standards and policies of the capitol area architectural and planning board and the commissioner of administration adopted pursuant to section 15.50, subdivision 2, clause (h).*

*Subd. 3. [DISPOSAL OF OLD BUILDINGS.] The commissioner, upon request of the head of an agency which has control of a state owned building which is no longer used or which is a fire or safety hazard, shall, after obtaining approval of the chairmen of the senate finance committee and house of representatives appropriations committee, sell, wreck, or otherwise dispose of the building. In the event a sale is made the proceeds shall be deposited in the proper account or in the general fund.*

*Subd. 4. [INSPECTIONS; APPRAISALS; INVENTORIES.] The commissioner shall provide for the periodic inspection and appraisal of all state property, real and personal, and for current and perpetual inventories of all state property.*

*The commissioner shall require agencies to make reports of the real and personal property in their custody at the intervals and in the form the commissioner considers necessary.*

*Subd. 5. [RENTING OUT STATE PROPERTY.] (a) [AUTHORITY.] The commissioner may rent out state property, real or personal, that is not needed for public use, if the rental is not otherwise provided for or prohibited by law. The property may not be rented out for more than two years at a time without the approval of the state executive council, and may never be rented out for more than 25 years.*

*(b) [RESTRICTIONS.] Paragraph (a) does not apply to state trust fund lands, other state lands under the jurisdiction of the department of natural resources, lands forfeited for delinquent taxes, lands acquired under section 298.22, or lands acquired under section 41.56 which are under the jurisdiction of the department of agriculture.*

*(c) [FORT SNELLING CHAPEL; RENTAL.] The Fort Snelling Chapel, located within the boundaries of Fort Snelling State Park, is available for use only on payment of a rental fee. The commissioner shall establish rental fees for both public and private use. The rental fee for private use by an organization or individual must reflect the reasonable value of equivalent rental space. Rental fees collected under this section must be deposited in the general fund.*

*(d) [RENTAL OF LIVING ACCOMMODATIONS.] The commissioner shall establish rental rates for all living accommodations provided by the state for its employees. Money collected as rent by state agencies pursuant to this paragraph must be deposited in the state treasury and credited to the general fund.*

*(e) [LEASE OF SPACE IN CERTAIN STATE BUILDINGS TO STATE AGENCIES.] The commissioner may lease portions of the state owned buildings in the capitol complex, the capitol square building, the health building, and the building at 1246 University Avenue, St. Paul, Minnesota, to state agencies and charge rent on the basis of space occupied. Notwithstanding any law to the contrary, all money collected as rent pursuant to the terms of this section shall be deposited in the state treasury. Money collected as rent to recover the depreciation cost of a building built with state dedicated funds shall be credited to the dedicated fund which funded the original acquisition or construction. All other money received shall be credited to the general fund.*

*Subd. 6. [PROPERTY RENTAL.] (a) [LEASES.] The commissioner shall rent land and other premises when necessary for state purposes. The commissioner may lease land or premises for five years or less, subject to cancellation upon 30 days written notice by the state for any reason except rental of other land*

or premises for the same use. The commissioner may not rent nonstate-owned land and buildings or substantial portions of land or buildings within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board. Lands needed by the department of transportation for storage of vehicles or road materials may be rented for five years or less, such leases for terms over two years being subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use.

(b) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available.

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the national register of historic places, designated by a state or county historical society, or designated by a municipal preservation commission.

Subd. 7. [POWER, HEATING, AND LIGHTING PLANTS.] The commissioner shall inspect all state power, heating, and lighting plants, make rules governing their operation, and recommend improvements in the plants which will promote their economical and efficient operation.

Subd. 8. [REGIONAL SERVICE CENTER.] The commissioner may establish a regional service center on a demonstration basis. The commissioner shall select agencies to participate in the demonstration service center and determine equitable methods of sharing space, personnel and equipment. The commissioner may enter into a lease for a base term of five years with a five year leasehold renewal option to acquire suitable space for the service center.

Sec. 27. [16B.25] [LOST PROPERTY ON STATE LANDS.]

Subdivision 1. [PERMITS.] The commissioner may grant a permit to search upon lands, highways, or in buildings owned by the state for lost or abandoned property. Conditions of a permit may include a formula for dividing between the state and the finder the proceeds of any property found and unclaimed.

*Subd. 2. [NOTICE.] Lost or abandoned property found on state lands is placed in the custody of the commissioner. If the rightful owner is known, the owner must be notified by certified mail and may reclaim the property on paying the expenses of the search. If the owner is unknown, the commissioner must give two weeks' published notice in the county where the property was found. Within six months following publication, the rightful owner may receive the property on paying the search expenses.*

*Subd. 3. [DISPOSAL.] Unclaimed property may be sold at public sale, disposed of as state surplus property, or destroyed, based on the commissioner's judgment of its value.*

*Subd. 4. [MONEY.] All lost or abandoned money found under a permit granted pursuant to this section, and the proceeds from the sale of other abandoned or lost property found under a permit, must be deposited in the general fund.*

**Sec. 28. [16B.26] [UTILITY COMPANIES, PERMITS TO CROSS STATE-OWNED LANDS.]**

*Subdivision 1. [EASEMENTS.] (a) [AUTHORITY.] Except where the authority conferred by this section has been imposed on some other state or county office, the commissioner may grant an easement or permit over, under, or across any land owned by the state for the purpose of constructing roads, streets, telephone, telegraph, and electric power lines, cables or conduits, underground or otherwise, or mains or pipe lines for gas, liquids, or solids in suspension. This authority does not apply to land under the jurisdiction of the commissioner of natural resources or land obtained for trunk highway purposes.*

*(b) [NOTICE OF REVOCATION.] An easement or permit is revocable by written notice given by the commissioner if at any time its continuance will conflict with a public use of the land over, under, or upon which it is granted, or for any other reason. The notice must be in writing and is effective 90 days after the notice is sent by certified mail to the last known address of the record holder of the easement. If the address of the holder of the easement or permit is not known, it expires 90 days after the notice is recorded in the office of the county recorder of the county in which the land is located. Upon revocation of an easement, the commissioner may allow a reasonable time to vacate the premises affected.*

*(c) [EASEMENT RUNS WITH LAND.] State land subject to an easement or permit granted by the commissioner remains subject to sale or lease, and the sale or lease does not revoke the permit or easement granted.*

*Subd. 2. [LAND CONTROLLED BY OTHER AGENCIES.] If the easement or permit involves land under the jurisdiction*

*of an agency other than the department of administration, it is subject to the approval of the head of the agency and is subject to revocation by the commissioner as provided in this section, on request of the head of the agency.*

*Subd. 3. [APPLICATION.] An application for easement or permit under this section must be in quadruplicate and must include; a legal description of the land affected; a map showing the area affected by the easement or permit; and a detailed design of any structures to be placed on the land. The commissioner may require that the application be in another form and include other descriptions, maps, or designs. The commissioner may at any time order changes or modifications respecting construction or maintenance of structures or other conditions of the easement which the commissioner finds necessary to protect the public health and safety.*

*Subd. 4. [FORM; DURATION.] The easement or permit must be in a form prescribed by the attorney general and must describe the location of the easement granted. The easement or permit continues until revoked by the commissioner, subject to change or modification as provided in this section.*

*Subd. 5. [CONSIDERATION; TERMS.] The commissioner may prescribe consideration and conditions for granting an easement or permit. Money received by the state under this section must be credited to the fund to which income or proceeds of sale from the land would be credited, if provision for the sale is made by law. Otherwise, it must be credited to the general fund.*

## **Sec. 29. [16B.27] [GOVERNOR'S RESIDENCE.]**

*Subdivision 1. [USE.] The governor's residence must be used for official ceremonial functions of the state, and to provide suitable living quarters for the governor of the state.*

*Subd. 2. [MAINTENANCE.] The commissioner shall maintain the governor's residence in the same way as other state buildings are maintained and shall rehabilitate, decorate, and furnish the building. The decoration and furnishing shall be guided by the governor's residence council.*

*Subd. 3. [COUNCIL.] The governor's residence council consists of the following 15 members: the commissioner; the spouse, or a designee of the governor; the executive director of the Minnesota state arts board; the director of the Minnesota historical society; a member of the senate appointed pursuant to the rules of the senate; a member of the house of representatives appointed pursuant to the rules of the house of representatives; seven persons appointed by the governor including one in the field of higher education, one member of the American Society of*

*Interior Designers, Minnesota Chapter, one member of the American Institute of Architects, Minnesota Chapter, one member of the American Society of Landscape Architects, Minnesota Chapter, one member of the family that donated the governor's residence to the state, if available, and four public members. Members of the council serve without compensation. Membership terms, removal, and filling of vacancies for members appointed by the governor are governed by section 15.0575. The council shall elect a chairman and a secretary from among its members. The council shall expire on the date provided by section 15.059, subdivision 5.*

*Subd. 4. [DUTIES.] The council shall develop an overall restoration plan for the governor's residence and surrounding grounds and approve alterations in the existing structure.*

*Subd. 5. [GIFTS.] (a) To maintain and improve the quality of furnishings for the public areas of the building, the council may solicit and accept donated money, furnishings, objects of art and other items the council determines may have historical value in keeping with the building's period and purpose. The gift acceptance procedures of sections 7.09 to 7.12 do not apply to this subdivision.*

*(b) Notwithstanding sections 7.09 to 7.12, the council may solicit contributions for the renovation of and capital improvements to the governor's residence.*

*(c) Gifts for the benefit of the governor's residence and surrounding grounds are not accepted by the state unless accepted by the council. The council shall maintain a complete inventory of all gifts and articles received.*

### **Sec. 30. [16B.28] [SURPLUS FEDERAL PROPERTY.]**

*Subdivision 1. [DEFINITIONS.] For purposes of this section the following terms have the meanings given them:*

*(a) "Surplus property" means commodities, equipment, materials, supplies, books, printed matter, and other property made available by the federal government to a governmental or non-profit organization.*

*(b) "Governmental or nonprofit organization" means the state of Minnesota, its departments, agencies, political subdivisions, and other instrumentalities, and any nonprofit and tax-exempt medical institution, hospital, clinic, health center, school, school system, college, university, or other institution organized and existing for any purpose authorized by federal law to accept surplus property.*

*Subd. 2. [AUTHORIZATION.] The commissioner is the state agency designated to purchase or accept surplus property*

for the state and for the benefit of any other governmental or nonprofit organization for any purpose authorized by federal law and in accordance with federal rules and regulations. Any governmental or nonprofit organization may designate the commissioner to purchase or accept surplus property for it upon mutually agreeable terms and conditions. The commissioner may store surplus property until it is needed and any expenses incurred in connection with the storage shall be paid from the surplus property revolving fund.

Subd. 3. [REVOLVING FUND.] (a) [CREATION.] To pay for surplus property received from the federal government for governmental or nonprofit organizations, including the expense of accepting and distributing that property, there is a surplus property revolving fund in the state treasury. Money paid into the surplus property revolving fund is appropriated to the commissioner for the purposes of this section.

(b) [ADVANCES.] No more than \$1,000 from the surplus property revolving fund may be advanced to the commissioner or a state employee engaged in performing duties under this section to pay the expenses of travel, subsistence, toll charges, and similar expenses, in accordance with requirements prescribed by the commissioner of finance. When money which was advanced is repaid, it must be deposited in the state treasury to the credit of the surplus property revolving fund.

(c) [TRANSFER TO STATE AGENCY.] When the state or an agency operating under a legislative appropriation obtains surplus property from the commissioner, the commissioner of finance must, at the commissioner's request, transfer the cost of the property, including any expenses of accepting and distributing the property, from the appropriation of the state agency receiving the surplus property to the surplus property revolving fund. The determination of the commissioner is final as to the cost of the surplus property to the state agency receiving the property.

(d) [TRANSFER TO OTHER AGENCIES.] When any governmental or nonprofit organization other than a state agency receives surplus property from the commissioner, the governmental or nonprofit organization must reimburse the surplus property revolving fund for the cost of the property, including the expenses of accepting and distributing it, in an amount the commissioner sets. The commissioner may, however, require the governmental or nonprofit organization to deposit in advance in the surplus property revolving fund the cost of the surplus property upon mutually agreeable terms and conditions.

Sec. 31. [16B.29] [STATE SURPLUS PROPERTY; DISPOSAL.]

The commissioner may do any of the following to dispose of supplies, materials, and equipment which are surplus, obsolete, or unused: (1) transfer it to or between state agencies; (2) transfer it to local government units in Minnesota; or (3) sell it. The commissioner must make proper adjustments in the accounts and appropriations of the agencies concerned. When the commissioner sells the supplies, materials and equipment, the proceeds of the sale are appropriated to the agency for whose account the sale was made, to be used and expended by the agency to purchase similar needed supplies, materials and equipment at any time during the biennium in which the sale occurred.

## CAPITAL IMPROVEMENTS

### Sec. 32. [16B.30] [GENERAL AUTHORITY.]

Subject to other provisions in this chapter, the commissioner shall supervise and control the making of all contracts for the construction of buildings and for other capital improvements to state buildings and structures.

### Sec. 33. [16B.31] [COMMISSIONER MUST APPROVE PLANS.]

*Subdivision 1.* [CONSTRUCTION PLANS AND SPECIFICATIONS.] The commissioner shall (1) have plans and specifications prepared for the construction, alteration, or enlargement of all state buildings, structures, and other improvements except highways and bridges; (2) approve those plans and specifications; (3) advertise for bids and award all contracts in connection with the improvements; (4) supervise and inspect all work relating to the improvements; (5) approve all lawful changes in plans and specifications after the contract for an improvement is let; and (6) approve estimates for payment. This subdivision does not apply to the construction of the zoological gardens.

*Subd. 2.* [APPROPRIATIONS.] Plans must be paid for out of money appropriated for the purpose of improving or constructing the building. No part of the balance may be expended until the commissioner has secured suitable plans and specifications, prepared by a competent architect or engineer, and accompanied by a detailed statement of the cost, quality, and description of all material and labor required for the completion of the work. No plan may be adopted, and no improvement made or building constructed, that contemplates the expenditure for its completion of more money than the appropriation for it, unless otherwise provided in this section or the act making the appropriation. The commissioner may not direct or permit any expenditure beyond that appropriated, and any agent of the commissioner violating this provision is guilty of a gross misdemeanor.

Subd. 3. [FEDERAL AID.] (a) [ACCEPTANCE OF AID.] *The commissioner is the state agency empowered to accept money provided for or made available to this state by the United States of America or any federal department or agency for the construction and equipping of any building for state purposes not otherwise provided for by law, other than University of Minnesota buildings, in accordance with the provisions of federal law and any rules or regulations promulgated under federal law. The commissioner may do whatever is required of this state by federal law, rules, and regulations in order to obtain the federal money.*

(b) [FEDERAL FUNDS CONSIDERED PART OF APPROPRIATION.] *The commissioner may after consultation with the chairmen of the senate finance committee and house of representatives appropriations committee, adopt a plan, provide for an improvement, or construct a building that contemplates expenditure for its completion of more money than the appropriation for it, if the excess money is provided by the United States government and granted to the state of Minnesota under federal law or any rule or regulation promulgated under federal law. This federal money, for the purpose of this section, is a part of the appropriation for the project.*

(c) [DELAYED FEDERAL MONEY.] *If an amount is payable to a creditor of the state from a project account which is financed partly with federal money and the project is included in appropriations made to the commissioner for public buildings and equipment, and the amount cannot be paid on time because of a deficiency of money in the project account caused by a delay in the receipt of federal money, the commissioner may provide money needed to pay the amount by temporarily transferring the sum to the project account from any other appropriation made to the commissioner in the same act. Required money for a payment is appropriated for that purpose. When the delayed federal money is received, the commissioner shall have the amount of money transferred returned to the account from which it came.*

Subd. 4. [CAPITOL AREA ARCHITECTURAL AND PLANNING BOARD.] (a) [COMPREHENSIVE USE PLAN; COMPETITIONS.] *Notwithstanding any provision of this section to the contrary, plans for proposed new buildings and for features of existing public buildings in the capitol area which the capitol area architectural and planning board consider to possess architectural significance are subject to section 15.50, subdivision 2, clauses (c) and (e).*

(b) [APPROVAL REQUIRED.] *The preparation of plans and specifications for the capitol area, as defined in section 15.50, may not be initiated, contracted for, or conducted without consultation with the capitol area architectural and planning board to the extent the plans and specifications involve the public and ceremonial areas and the exterior of the capitol building*

and the lobbies, public concourses, and other features of other public buildings in the capitol area which the capitol area architectural and planning board considers to have architectural significance. The commissioner may not approve or adopt plans or specifications for the capitol area unless they have been approved by the capitol area architectural and planning board. The capitol area architectural and planning board must also be advised of and approve changes in plans and specifications which affect projects within the capitol area.

Sec. 34. [16B.32] [ALTERNATIVE ENERGY SOURCES.]

Plans prepared by the commissioner for a new building or for a renovation of 50 percent or more of an existing building or its energy systems must include designs which use active and passive solar energy systems, earth sheltered construction, and other alternative energy sources where feasible.

Sec. 35. [16B.33] [DESIGNER SELECTION BOARD.]

Subdivision 1. [DEFINITIONS.] As used in this section, the following terms have the meanings given them:

(a) "Agency" has the meaning given in section 3, and also includes the University of Minnesota.

(b) "Architect" means an architect or landscape architect registered to practice under sections 326.02 to 326.15.

(c) "Board" means the state designer selection board.

(d) "Designer" means an architect or engineer, or a partnership, association, or corporation comprised primarily of architects or engineers or of both architects and engineers.

(e) "Engineer" means an engineer registered to practice under sections 326.02 to 326.15.

(f) "Person" includes an individual, corporation, partnership, association, or any other legal entity.

(g) "Primary designer" means the designer who is to have primary design responsibility for a project, and does not include designers who are merely consulted by the user agency and do not have substantial design responsibility, or designers who will or may be employed or consulted by the primary designer.

(h) "Project" means an undertaking to construct, erect, or remodel a building by or for the state or an agency.

(i) "User agency" means the agency undertaking a specific project.

**Subd. 2. [ORGANIZATION OF BOARD.] (a) [MEMBERSHIP.]** *The state designer selection board consists of five individuals, the majority of whom must be Minnesota residents. Each of the following three organizations shall nominate one individual whose name and qualifications shall be submitted to the governor for consideration: the consulting engineers council of Minnesota after consultation with other professional engineering societies in the state; the Minnesota society of architects; and the Minnesota board of the arts. The governor may appoint the three named individuals to the board with the advice and consent of the senate, but the governor may reject a nominated individual and request another nomination. The remaining two members shall also be appointed by the governor with the advice and consent of the senate.*

(b) **[NON-VOTING MEMBERS.]** *In addition to the five members of the board, two non-voting members shall participate in the interviewing and selection of designers pursuant to this section. One shall be a representative of the commissioner and shall participate in the interviewing and selection of designers for all projects. The other shall be a representative of the user agency, who shall participate in the interviewing and selection of the designers for the project being undertaken by the user agency. The commissioner shall appoint the representative of the user agency in consultation with the user agency.*

(c) **[TERMS; COMPENSATION; REMOVAL; VACANCIES.]** *The membership terms, compensation, removal of members, and filling of vacancies on the board are as provided in section 15.0575. No individual may serve for more than two consecutive terms.*

(d) **[OFFICERS, RULES.]** *At its first meeting, the board shall elect a voting member of the board as chairman. The board shall also elect other officers necessary for the conduct of its affairs. The board shall adopt rules governing its operations and the conduct of its meetings. The rules shall provide for the terms of the chairman and other officers.*

(e) **[MEETINGS.]** *The board shall meet as often as is necessary, not less than twice annually, in order to act expeditiously on requests submitted to it for selection of primary designers.*

(f) **[OFFICE, STAFF, RECORDS.]** *The department of administration shall provide the board with suitable quarters to maintain an office, hold meetings, and keep records. The commissioner shall designate an employee of the department of administration to serve as executive secretary to the board and*

shall furnish a secretarial staff to the board as necessary for the expeditious conduct of the board's duties and responsibilities.

**Subd. 3. [AGENCIES MUST REQUEST DESIGNER.]** (a) [APPLICATION.] Upon undertaking a project with an estimated cost greater than \$400,000 or a planning project with estimated fees greater than \$35,000, every user agency, except the capitol area architectural and planning board, shall submit a written request for a primary designer for its project to the commissioner, who shall forward the request to the board. The written request must include a description of the project, the estimated cost of completing the project, a description of any special requirements or unique features of the proposed project, and other information which will assist the board in carrying out its duties and responsibilities set forth in this section.

(b) [REACTIVATED PROJECT.] If a project for which a designer has been selected by the board becomes inactive, lapses, or changes as a result of project phasing, insufficient appropriations, or other reasons, the commissioner or the University of Minnesota may, if the project is reactivated, retain the same designer to complete the project.

(c) [FEE LIMIT REACHED AFTER DESIGNER SELECTED.] If a project initially estimated to be below the cost and planning fee limits of this subdivision has its cost or planning fees revised so that the limits are exceeded, the project must be referred to the board for designer selection even if a primary designer has already been selected. In this event, the board may, without conducting interviews, elect to retain the previously selected designer if it determines that the interests of the state are best served by that decision and shall notify the commissioner of its determination.

**Subd. 4. [DESIGNER SELECTION PROCESS.]** (a) [PUBLICITY.] Upon receipt of a request from a user agency for a primary designer, the board shall publicize the proposed project in order to determine the identity of designers interested in the design work on the project. The board shall establish criteria for the selection process and make this information public, and shall compile data on and conduct interviews of designers. The board's selection criteria must include consideration of each interested designer's performance on previous projects for the state or any other person. Upon completing the process, the board shall select the primary designer and shall state its reasons in writing. Notification to the commissioner of the selection shall be made not more than 60 days after receipt from a user agency of a request for a primary designer. The commissioner shall promptly notify the designer and the user agency. The commissioner shall negotiate the designer's fee and prepare the contract to be entered into between the designer and the user agency.

(b) [CONFLICT OF INTEREST.] *The board may not select a designer or firm in which a member of the designer selection board has a current financial interest.*

(c) [SELECTION BY COMMISSIONER.] *In the event the board receives a request for a primary designer on a project, the estimated cost of which is less than the limit established by subdivision 3, or a planning project with estimated fees of less than the limit established by subdivision 3, the board may submit the request to the commissioner of administration, with or without recommendations, and the commissioner shall thereupon select the primary designer for the project.*

(d) [SECOND SELECTION.] *If the designer selected for a project declines the appointment or is unable to reach agreement with the commissioner on the fee or the terms of the contract, the commissioner shall, within 60 days after the first appointment, request the board to make another selection.*

(e) [SIXTY DAYS TO SELECT.] *If the board fails to make a selection and forward its recommendation to the commissioner within 60 days of the user agency's request for a designer, the commissioner may appoint a designer to the project without the recommendation of the board.*

(f) [LESS THAN SATISFACTORY PERFORMANCE.] *The commissioner, or the University of Minnesota for projects under its supervision, shall forward to the board a written report describing each instance in which the performance of a designer selected by the board or the commissioner has been less than satisfactory. Criteria for determining satisfaction include the ability of the designer to complete design work on time, to provide a design responsive to program needs within the constraints of the budget, to solve design problems and achieve a design consistent with the proposed function of the building, to avoid costly design errors or omissions, and to observe the construction work. These reports are public data and are available for inspection under section 13.03.*

Sec. 36. [16B.34] [INMATE LABOR.]

*At a state institution or state park or in the maintenance of a state armory, an appropriation for construction, improvements, or maintenance may be expended through the use of inmate or project labor when authorized by the commissioner with the concurrence of the head of the interested state department.*

Sec. 37. [16B.35] [ART IN STATE BUILDINGS.]

*Subdivision 1. [PERCENT OF APPROPRIATIONS FOR ART.] An appropriation for the construction or alteration of any state building may contain an amount not to exceed one per-*

cent of the total appropriation for the building for the acquisition of works of art, excluding landscaping, which may be an integral part of the building or its grounds, attached to the building or grounds or capable of being displayed in other state buildings. Money used for this purpose is available only for the acquisition of works of art to be exhibited in areas of a building or its grounds accessible, on a regular basis, to members of the public. For the purposes of this section "state building" means a building the construction or alteration of which is paid for wholly or in part by the state.

**Subd. 2. [EXEMPT BUILDINGS.]** A building for which the appropriation is less than \$500,000 for construction or alteration or a building for which the commissioner of administration has determined that this section is inappropriate is exempt from the requirements of this section.

**Subd. 3. [UNUSED FUNDS.]** If an amount made available under subdivision 1 is not expended for works of art for the building, the unexpended portion is available to the Minnesota board of the arts for the commission or purchase of works of art for state buildings existing or for which an appropriation was made prior to June 15, 1983, and is not available to pay construction costs of the building.

**Subdivision 1. [AUTHORITY.]** The commissioner may examine, investigate, or make a survey of the organization, administration, and management of state agencies and institutions under their control, to secure greater efficiency and economy through reorganization or consolidation of agencies or functions and to eliminate duplication of function, effort, or activity, so far as possible.

**Subd. 2. [HEARINGS.]** The commissioner shall recommend to the legislature any necessary changes in the laws of the state as a result of a survey or investigation, or otherwise, in order to secure a better organization of the state government or greater efficiency and economy in administration. For this purpose, the commissioner may hold hearings, and issue subpoenas for and compel the attendance of witnesses, the giving of testimony, and the production of books, records, accounts, documents, and papers, as provided in section 15.08.

### Sec. 39. [16B.37] [REORGANIZATION OF AGENCIES.]

**Subdivision 1. [COMMISSIONER'S AUTHORITY.]** To improve efficiency and avoid duplication, the commissioner may transfer personnel, powers, or duties, or any combination of them, from a state agency to another state agency that has been

*in existence for at least one year prior to the date of transfer. A transfer must have received the prior approval of the governor. The commissioner shall no later than January 15 of each year submit to the legislature a bill making all statutory changes required by reorganization orders issued by the commissioner during the preceding calendar year.*

*Subd. 2. [REORGANIZATION ORDER.] A transfer made pursuant to subdivision 1 must be in the form of a reorganization order. A reorganization order must be filed with the secretary of state, be uniform in format, and be numbered consecutively. An order is effective upon filing with the secretary of state and remains in effect until amended or superseded. Copies of the filed order must be delivered promptly by the commissioner to the secretary of the senate, the chief clerk of the house, and the chairmen of the governmental operations committees in the senate and house of representatives. A reorganization order which transfers all or substantially all of the powers or duties or personnel of a department, the housing finance agency, or the pollution control agency is not effective until it is ratified by concurrent resolution or enacted into law.*

*Subd. 3. [APPROPRIATION.] The commissioner of finance shall determine the fractional part of the appropriation to the transferor agency that is represented by the transferred personnel, power, or duty, and that part of the appropriation is reappropriated to the transferee agency.*

*Subd. 4. [WORK OF DEPARTMENT FOR ANOTHER.] To avoid duplication and improve efficiency, the commissioner may direct an agency to do work for another agency or may direct a division or section of an agency to do work for another division or section within the same agency and shall require reimbursement for the work. Reimbursements received by an agency are reappropriated to the account making the original expenditure in accordance with the transfer warrant procedure established by the commissioner of finance.*

*Subd. 5. [EMPLOYEES ASSIGNED.] With the approval of the governor and by agreement of the heads of the departments or agencies concerned, any appointive subordinate officer or employee of a department or agency may be employed by or assigned to perform duties under another department or agency.*

These functions may include but are not limited to: authorizing payment of all obligations of the dissolved or suspended agency including payroll certifications; serving as custodian for and disposing of all property of the*

agency; and, in the event that the agency is only temporarily dissolved or suspended, serving as its chief administrative officer with all necessary powers until the agency is reconstituted. To implement these responsibilities the commissioner may spend any necessary money from a dissolved or suspended agency's appropriation.

Sec. 41. [16B.39] [PROGRAMS FOR STATE EMPLOYEES.]

*Subdivision 1. [STATE EMPLOYEES SUGGESTION BOARD.] The state employees suggestion board is composed of seven members appointed by the governor, each of whom is a state officer or employee. The board shall annually elect a member to be chairman. For the purposes of this section, "board" means the state employees suggestion board. The membership terms, expenses, removal of members, and filling of vacancies on the board are as provided in section 15.0575. Members do not receive the daily compensation provided by section 15.0575. The board shall formulate, establish, and maintain plans to encourage and reward unusual and meritorious suggestions and accomplishments by state employees promoting efficiency and economy in state government; appoint committees to consider suggestions and accomplishments of state employees and make recommendations on them to the board; and render merit awards to state employees, which may include certificates, medals and other appropriate insignia, and cash awards, in accordance with the board's plans. The commissioner shall assign for the use of the board the personnel, facilities, and equipment required for the proper performance of its work. The commissioner, on behalf of the board, may require assistance from any state department of any of its personnel and facilities.*

*Subd. 2. [EMPLOYEE ASSISTANCE PROGRAM; ADVISORY COMMITTEE.] The commissioner shall provide an employee assistance program of training, diagnostic, and referral services for state employees and their dependents. The commissioner shall appoint an advisory committee on state employee assistance of not more than 15 members to advise the commissioner on the program. The committee is subject to the provisions of section 15.059.*

Sec. 42. [16B.40] [ADMINISTRATION OF STATE COMPUTER FACILITIES.]

(b) "Data processing device or system" means any equipment or computer programs, including computer hardware, firmware, software, and communication protocol, used in connection with the processing of information via electronic data processing means, and includes data communication devices used in connection with computer facilities for the transmission of data.

**Subd. 2. [COMMISSIONER'S RESPONSIBILITY.]** *The commissioner is charged with integrating and operating the state's computer facilities to serve the needs of the state government. Except as otherwise provided by law, all plans and programs for systems and procedures analysis, information systems, and related computer efforts of agencies must be submitted to the commissioner prior to implementation for review and approval, modification, or rejection. The commissioner, after consulting the intergovernmental information systems advisory council, shall:*

(1) *design and maintain a master plan for information systems in the state and its political subdivisions and shall report on the plan to the governor and legislature at the beginning of each regular session;*

(2) *establish standards for information systems;*

(3) *maintain a library of systems and programs developed by the state and its political subdivisions for use by agencies of government; and*

(4) *administer the communications for the state information system.*

**Subd. 3. [EVALUATION PROCEDURE.]** *The commissioner shall establish and, as necessary, update and modify procedures to evaluate computer activities proposed by state agencies. The evaluation must include the necessity, design and plan for development, ability to meet user requirements, feasibility, and flexibility, of the proposed data processing device or system, its relationship to other state data processing devices or systems, and its costs and benefits when considered by itself and when compared with alternative solutions.*

**Subd. 4. [EVALUATION AND APPROVAL REQUIREMENTS.]** *A state agency may not undertake a computer activity until the activity has been evaluated according to the procedures developed under subdivision 3 and the commissioners of administration and finance have given written approval of the proposed activity. If a proposed computer activity is not approved, the commissioner of finance shall cancel the unencumbered balance of any appropriation allotted for the activity. The commissioners of administration and finance may delegate their respective approval powers regarding computer activities*

*to the head of another agency including the agency seeking approval if delegation is deemed appropriate.*

*Subd. 5. [REPORT TO LEGISLATURE.] If a proposed computer activity is approved, the commissioners of administration and finance shall submit to the legislature a concise narrative explanation of the computer activity and a request for any additional appropriation necessary to complete the activity.*

*Subd. 6. [SYSTEM DEVELOPMENT METHODOLOGY.] The commissioner shall establish and, as necessary, update and modify a methodology for the development of approved data processing systems by state agencies. The development methodology shall be used to define the design, programming, and implementation of approved data processing systems. The development methodology shall also enable and require a data processing system to be defined in terms of its computer programs, input requirements, output formats, administrative procedures, and processing frequencies.*

*Subd. 7. [SYSTEM DEVELOPMENT METHODOLOGY REQUIREMENTS.] A state agency may not develop, improve, or modify a data processing system using any methodology other than that established by the commissioner.*

*Subd. 8. [DATA SECURITY SYSTEMS.] In consultation with the attorney general and appropriate agency heads, the commissioner shall develop, install, and administer state data security systems consistent with state law to assure the integrity of computer based and all other data and to assure confidentiality of the data, consistent with the public's right to know.*

*Subd. 9. [JOINT ACTIONS.] The commissioner may, within available funding, join with the federal government, other states, local governments, and organizations representing those groups either jointly or severally in the development and implementation of systems analysis, information services, and computerization projects.*

Revenues derived from royalties, reimbursements, or other fees from software programs, systems, or technical services arising out of activities funded by current or prior state appropriations is appropriated to the council for the purposes enumerated in subdivision 2.

Sec. 45. [16B.43] [EDUCATION MANAGEMENT INFORMATION SYSTEMS.]

Subdivision 1. [APPLICATION.] The authority of the commissioner under sections 42 to 44, 46, and 47 does not apply to ESV-IS but applies to SDE-IS and computer-related services provided to the department of education by the Department of administration's information services bureau. Sec. 47. [16B.45] [FUNCTION OF LEGISLATIVE AUDITOR.]

*The commissioner shall supervise and control all state telecommunication facilities including any transmission, emission, or reception of signs, signals, writing, images, and sounds or intelligence of any nature by wire, radio, optical, or other electromagnetic systems. Nothing in this section modifies, amends, or abridges any powers and duties presently vested in or imposed upon the commissioner of transportation or the commissioner of public safety relating to telecommunications facilities or the commissioner of transportation relating only to radio air navigation facilities or other air navigation facilities.*

**Sec. 49. [16B.47] [MICROGRAPHICS.]**

*The commissioner shall provide micrographics services and products to meet agency needs. Within available resources, the commissioner may also provide micrographic services to political subdivisions. In addition, the commissioner of administration, with the approval of the commissioner of finance, may require an agency to make advance payments to the revolving funds in this section sufficient to cover the agency's estimated obligation for a period of at least 60 days. All such reimbursements and other money received by the commissioner of administration under this section shall be deposited in the appropriate revolving fund. Any earnings remaining in the fund established to account for the documents service prescribed by section 53 at the end of each fiscal year not otherwise needed for present or future operations, as determined by the commissioners of administration and finance, shall be transferred to the general fund.

**Subd. 5. [LIQUIDATION.]** If the computer services or general services revolving fund is abolished or liquidated, the total net profit from the operation of each fund shall be distributed to the various funds from which purchases were made. ## CENTRAL SERVICES

## Sec. 51. [16B.49] [CENTRAL MAILING SYSTEM.]

*The commissioner shall maintain and operate for agencies a central mailing system. Official mail of an agency occupying quarters either in the capitol or in adjoining state buildings must be delivered unstamped to the central mailing station. Account must be kept of the postage required on that mail, which is then a proper charge against the agency delivering the mail. To provide funds for the payment of postage, each agency shall make advance payments to the commissioner sufficient to cover its postage obligations for at least 60 days.*

The fees, unless otherwise prescribed by law, may be fixed at the market rate. The commissioner of finance is authorized to approve the prescribed rates for the purpose of assuring that they, in total, will result in receipts greater than costs in the fund. Fees prescribed under this subdivision are deposited in the state treasury by the collecting agency and credited to the general services revolving fund. Nothing in this subdivision permits the commissioner of administration to furnish any service which is now prohibited or unauthorized by law.*

*Subd. 3. [SALE OF PUBLICATIONS.] The commissioner may sell official reports, documents, and other publications of all kinds, may delegate their sale to state agencies, and may establish facilities for their sale within the department of administration and elsewhere within the state service.*

Executive officers shall, before presenting their annual reports and other publications to the commissioner, examine them and exclude from them pictures of elected and administrative officials, and any other pictorial device calculated to or tending to attribute the publication to an individual instead of the department of state government from which it emanates. All other engravings, maps, drawings and illustrations must be excluded from the reports and publications, except those the executive officers certify when they present the reports for printing to be necessary and to relate entirely to the transaction of the state's business, or to be reasonably required to present for clear understanding the substance of the report.*

*Subd. 2. [ATTRIBUTION OF PUBLICATIONS.] A report or publication authorized by law and paid for from public funds must carry the imprimatur of the agency under whose authority it is issued, but it may not carry the name of an official in any way that might imply attributing the publication to any person, except where certification of the officer is required for authenticity of the document.*

*Subd. 3. [DISTRIBUTION.] No report or publication distributed by or from an administrative or executive officer may contain any notice that it is sent with "the compliments" and may not carry letters of personal greeting from an official.*

*Subd. 4. [EXCEPTION.] This section does not apply to the legislative manuals provided for in chapter 5.*

*Subd. 5. Fees established for the sale and distribution of laws and resolutions, including mailing and postage charges, may be accepted by the commissioner in advance, and any unused portions amounting to \$1 or more may be returned to the person entitled to them upon request, notwithstanding the provision of any other law prohibiting refunds.*

*Subd. 3. [REVOLVING FUND.] Money collected by the commissioner under this section must be deposited in the central services revolving fund in the state treasury. Money in that fund is annually appropriated to the commissioner for the purposes of carrying out this section.*

## VEHICLES

**Sec. 56. [16B.54] [CENTRAL MOTOR POOL, ESTABLISHMENT.]**

*Subdivision 1. [MOTOR POOLS.] The commissioner shall manage a central motor pool of passenger motor vehicles and trucks used by state agencies with principal offices in the city of St. Paul and may provide for branch central motor pools at other places within the state. *Subd. 2. [VEHICLES.] (a) [ACQUISITION FROM AGENCY; APPROPRIATION.] The commissioner may direct an agency to transfer to him a passenger motor vehicle or truck presently assigned to it for the central motor pool. The commissioner shall reimburse an agency whose motor vehicles have been paid for with funds dedicated by the constitution for a special purpose and which are assigned to the central motor pool. The amount of reimbursement for a motor vehicle is its average*

wholesale price as determined from the midwest edition of the National Automobile Dealers Association official used car guide.

(b) [PURCHASE.] To the extent that funds are available for the purpose, the commissioner may purchase or otherwise acquire additional passenger motor vehicles and trucks necessary for the central motor pool. The title to all motor vehicles assigned to or purchased or acquired for the central motor pool is in the name of the department of administration.

The department or agency transferring the vehicle or truck shall be paid for it from the motor pool revolving account established by this section in an amount equal to two-thirds of the average wholesale price of the vehicle or truck as determined from the midwest edition of the National Automobile Dealers Association official used car guide.

*Subd. 5. [USE OF MOTOR VEHICLES.] The motor vehicles in the central motor pool are for official state business only. An agency requiring the services of a motor vehicle shall request it from the central motor pool on either a temporary or permanent basis. No privately owned motor vehicle may be used for official state business except when authorized by the commissioner.*

*Subd. 6. [SCHEDULE OF CHARGES.] An agency using the facilities of the central motor pool shall periodically reimburse the commissioner for the services, in accordance with the schedule of charges the commissioner establishes. This schedule of charges must be based on the costs incurred in operating the central motor pool, including reasonable overhead costs, vehicle depreciation, insurance for public liability and property damage, and other costs. The commissioner must retain records and reports and all schedules used as a basis for charging state agencies for the services furnished.*

*Subd. 7. [EXCEPTIONS.] This section does not apply to motor vehicles of the state patrol or the University of Minnesota, or to motor vehicles of any other agency which are specially equipped for the needs of that agency.*

*Subd. 3. [PERMITTED USES.] A state vehicle may be used by a state employee to travel to or from the employee's residence:*

*(1) on a day on which it may be necessary for the employee to respond to a work-related emergency during hours when the employee is not normally working;*

*(2) if the employee has been assigned the use of a state vehicle for authorized state business on an extended basis, and the employee's primary place of work is not the state work station to which he is permanently assigned;*

*(3) if the employee has been assigned the use of a state vehicle for authorized state business away from the work station to which he is permanently assigned, and the number of miles travelled, or the time needed to conduct the business, will be minimized if the employee uses a state vehicle to travel to the employee's residence before or after travelling to the place of state business.*

*Use of a state vehicle pursuant to this subdivision requires the prior approval of the agency head or the designee of the agency head. Within 15 days of the end of each three-month period, the head of each agency shall report to the commissioner on each case in which a state vehicle is used by an employee of that agency to travel to or from the employee's residence. The commissioner shall specify the form of this report and the information to be included. If no state vehicles have been used for this travel, the head of the state agency shall report this to the commissioner; or*

*Subd. 4. [PERSONAL VEHICLES.] No state employee shall be compensated by the state for use of a personal vehicle for travel between the employee's residence and the state work station to which the employee is permanently assigned, except pursuant to a collective bargaining agreement negotiated under chapter 179 or a compensation plan adopted by the commissioner of employee relations under section 43A.05. A collective bargaining agreement or compensation plan may only provide for this compensation in cases in which an employee is called back to work during hours when the employee is not normally working.*

These rules, rates, and operating procedures are not subject to the administrative procedure act. Money received under these rules shall be deposited as nondedicated receipts to the credit of the fund from which the costs of operating the individual vehicles are paid.*

Commuter vans may be used by state employees and blind vending operators to travel between their homes and their work locations, and for personal purposes after working hours, not including partisan political activity. The commissioner shall acquire or lease commuter vans, or otherwise contract for the provision of commuter vans, and shall make the vans available for the use of state employees and blind vending operators in accordance with standards and procedures adopted by the commissioner. The commissioner shall promote the maximum participation of state employees and blind vending operators in the use of the vans.*

*(b) [ADMINISTRATIVE POLICIES.] The commissioner shall adopt standards and procedures under this section without regard to chapter 14. The commissioner shall provide for the recovery by the state of vehicle acquisition, lease, operation, and insurance costs through efficient and convenient assignment of vans, and for the billing of costs and collection of fees. A state employee using a van for personal use shall pay, pursuant to the standards and procedures adopted by the commissioner, for operating and routine maintenance costs incurred as a result of the personal use. Fees collected under this subdivision shall be deposited in the accounts from which the costs of operating, maintaining, and leasing or amortization for the specific vehicle are paid.*

*Subd. 2. [ELIGIBLE PARTICIPANTS.] State and other public employees and their spouses and other people who work in buildings owned or leased by the state are eligible for the employee transportation program established by this section, if*

*the driver and substitute driver of every van pool are state employees and if state employees constitute a majority of the members of every van pool. Available space in van pools must, whenever possible, be filled by state employees.*

*Subd. 3. [AREAS OF USE.] Use of the vans pursuant to this section is limited to areas not having adequate public transportation between the residences of state employees and blind vending operators and their places of employment.*

*Subd. 4. [EVALUATION.] The commissioner shall at least semiannually inform the metropolitan council and the capitol area architectural and planning board on the operation of the program.*

*Subd. 5. *Subdivision 1. [PETROLEUM PRODUCTS FACILITIES.] The commissioner may require a state agency which has facilities for the storage and distribution of gasoline and other petroleum products to furnish gasoline and other petroleum products to any other state agency and shall require payment to compensate for the cost of those products. The commissioner shall prescribe all procedures for the guidance of state agencies in carrying out the requirements of this section.*

*Subd. 2. [APPROPRIATION.] Money paid by one state agency to another to compensate for the cost of products furnished under subdivision 1 is annually appropriated to the state agency which furnishes those products.*

**Sec. 60. [16B.58] [STATE PARKING FACILITIES.]**

*Subdivision 1. [POWERS AND DUTIES OF THE COMMISSIONER.] No person may park a motor vehicle, either privately or publicly owned, upon any parking lot or facility owned or operated by the state except as authorized by this section. The commissioner shall operate and supervise all state parking lots and facilities. He may fix and collect rents, charges,*

or fees in connection with and for the use of any state parking lot or facility within the cities of St. Paul and Minneapolis except for any state lot or facility the control of which is vested by law in a state agency other than the department of administration.

Subd. 2. [RULES.] Copies of the commissioner's rules under this section must be provided to all contract parkers. Each parking lot or facility must be posted with notice of who is entitled to park there.

Subd. 3. [REMOVAL AND IMPOUNDING OF VEHICLES.] A motor vehicle parked on a state parking lot or facility in violation of the rules of the commissioner is a public nuisance and the commissioner shall provide for the abatement of the nuisance by rules, including provision for the removal and impounding of the motor vehicle. The cost of the removal and impounding is a lien against the motor vehicle until paid.

Subd. 7. [SURCHARGE FOR VEHICLES OCCUPIED BY ONE PERSON.] The commissioner shall impose a surcharge of 25 percent for vehicles occupied by only one person parking in a state parking facility in the capitol area, as described by section 15.50, subdivision 2. The revenue from this additional charge shall be placed by the commissioner in a special account. For the benefit of employees employed in the capitol area, the money in the account is appropriated to the commissioner and shall be used by the commissioner to acquire or lease commuter vans pursuant to section 58 and, within limits and upon conditions the commissioner determines to be necessary, to reimburse state agencies for costs resulting from agreements with the metropolitan transit commission or other operators pursuant to section 473.409. The commissioner may adopt rules necessary to administer the provisions of this subdivision, subdivision 5, and section 473.409. The rules may exempt from the surcharge vehicles operated by

persons whom the commissioner determines have job requirements that make car pooling impractical.

Subd. 8. [FEES CHARGED STATE EMPLOYEES.] Notwithstanding any other law to the contrary, the commissioner shall charge state employees for parking facilities which are used by them and furnished for their use pursuant to any lease entered into between the state of Minnesota and the lessor of any privately owned property situated in the seven county metropolitan area.

## STATE BUILDING CODE

Sec. 61. [16B.59] [STATE BUILDING CODE; POLICY AND PURPOSE.]

The state building code governs the construction, reconstruction, alteration, and repair of state-owned buildings and other structures to which the code is applicable. The commissioner shall administer and amend a state code of building construction which will provide basic and uniform performance standards, establish reasonable safeguards for health, safety, welfare, comfort, and security of the residents of this state and provide for the use of modern methods, devices, materials, and techniques which will in part tend to lower construction costs. The construction of buildings should be permitted at the least possible cost consistent with recognized standards of health and safety.

Sec 62. [16B.60] [DEFINITIONS, STATE BUILDING CODE.]

Subdivision 1. [SCOPE.] For the purposes of sections 61 to 75, the terms defined in this section have the meanings given them.

*Subdivision 1. [ADOPTION OF CODE.] Subject to sections 61 to 75, the commissioner shall by rule establish a code of standards for the construction, reconstruction, alteration, and repair of state-owned buildings, governing matters of structural materials, design and construction, fire protection, health, sanitation, and safety. The code must conform insofar as practicable to model building codes generally accepted and in use throughout the United States. In the preparation of the code, consideration must be given to the existing state-wide specialty codes presently in use in the state. Model codes with necessary modifications and statewide specialty codes may be adopted by reference. The code must be based on the application of scientific principles, approved tests, and professional judgment. To the extent possible, the code must be adopted in terms of desired results instead of the means of achieving those results, avoiding wherever possible the incorporation of specifications of particular methods or materials. To that end the code must encourage the use of new methods and new materials. Except as otherwise provided in sections 61 to 75, the commissioner shall administer and enforce the provisions of those sections.*

*Subd. 2. [ENFORCEMENT BY CERTAIN BODIES.] Under the direction and supervision of the commissioner, the provisions of the code relating to electrical installations shall be enforced by the state board of electricity, pursuant to the Minnesota Electrical Act, the provisions relating to plumbing shall be enforced by the commissioner of health, the provisions relating to fire protection shall be enforced by the state fire marshal, the provisions relating to high pressure steam piping and appurte-*

nances and elevators shall be enforced by the department of labor and industry, and the code as applied to public school buildings shall be enforced by the state board of education. Fees for inspections conducted by the state board of electricity shall be paid in accordance with the rules of the state board of electricity.

**Subd. 3. [SPECIAL REQUIREMENTS.] (a) [SPACE FOR COMMUTER VANS.]** *The code must require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.*

**(b) [SMOKE DETECTION DEVICES.]** *The code must require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.*

**(c) [DOORS IN NURSING HOMES AND HOSPITALS.]** *The state building code may not require that each door entering a sleeping or patient's room from a corridor in a nursing home or hospital with an approved complete standard automatic fire extinguishing system be constructed or maintained as self-closing or automatically closing.*

**Subd. 4. [REVIEW OF PLANS FOR PUBLIC BUILDINGS.]** *Construction or remodeling may not begin on any public building owned by the state until the plans and specifications of the public building have been approved by the commissioner. In the case of any other public building, the plans and specifications must be submitted to the commissioner for review, and within 30 days after his receipt of the plans and specifications, he shall notify the submitting authority of his recommendations if any.*

**Subd. 5. [ACCESSIBILITY.] (a) [PUBLIC BUILDINGS.]** *The code must provide for making public buildings constructed or remodeled after July 1, 1963, accessible to and usable by physically handicapped persons, although this does not require the remodeling of public buildings solely to provide accessibility and usability to the physically handicapped when remodeling would not otherwise be undertaken.*

**(b) [LEASED SPACE.]** *No agency of the state may lease space for agency operations in a nonstate-owned building unless the building satisfies the requirements of the state building code for accessibility by the physically handicapped, or is eligible to display the state symbol of accessibility. This limitation applies to leases of 30 days or more for space of at least 1,000 square feet.*

(c) [MEETINGS OR CONFERENCES.] *Meetings or conferences for the public or for state employees which are sponsored in whole or in part by a state agency must be held in buildings that meet the state building code requirements relating to accessibility for physically handicapped persons. This subdivision does not apply to any classes, seminars, or training programs offered by a state university, the University of Minnesota, or a state community college. Meetings or conferences intended for specific individuals none of whom need the accessibility features for handicapped persons specified in the state building code need not comply with this subdivision unless a handicapped person gives reasonable advance notice of his or her intent to attend the meeting or conference. When sign language interpreters will be provided, meetings or conference sites must be chosen which allow hearing impaired participants to see their signing clearly.*

(d) [EXEMPTIONS.] *The commissioner may grant an exemption from the requirements of paragraphs (b) and (c) in advance if an agency has demonstrated that reasonable efforts were made to secure facilities which complied with those requirements and if the selected facilities are the best available for access for handicapped persons. Exemptions shall be granted using criteria developed by the commissioner in consultation with the council for the handicapped.*

(e) [SYMBOL INDICATING ACCESS.] *The wheelchair symbol adopted by Rehabilitation International's Eleventh World Congress is the state symbol indicating buildings, facilities, and grounds which are accessible to and usable by handicapped persons. In the interests of uniformity, this symbol in its white on blue format is the sole symbol for display in or on all public or private buildings, facilities, and grounds which qualify for its use. The secretary of state shall obtain the symbol and keep it on file. No building, facility, or grounds may display the symbol unless it is in compliance with the rules adopted by the commissioner under subdivision 1. Before any rules are proposed for adoption under this paragraph, the commissioner shall consult with the state council for the handicapped. Rules adopted under this paragraph must be enforced in the same way as other accessibility rules of the state building code.*

(f) [MUNICIPAL ENFORCEMENT.] *Municipalities which have not adopted the state building code may enforce the building code requirements for handicapped persons by either entering into a joint powers agreement for enforcement with another municipality which has adopted the state building code; or contracting for enforcement with an individual certified under section 67, subdivision 3, to enforce the state building code.*

*Subdivision 1. [MUNICIPAL ENFORCEMENT.] The state building code applies statewide and supersedes the building code of any municipality. The state building code does not apply to agricultural buildings except with respect to state inspections required or rulemaking authorized by sections 104.05, 326.244, and 116J.19, subdivision 8. All municipalities shall adopt and enforce the state building code with respect to new construction within their respective jurisdictions.*

*If a city has adopted or is enforcing the state building code on June 3, 1977, or determines by ordinance after that date to undertake enforcement, it shall enforce the code within the city. A city may by ordinance extend the enforcement of the code to contiguous unincorporated territory not more than two miles distant from its corporate limits in any direction. Where two or more noncontiguous cities which have elected to enforce the code have boundaries less than four miles apart, each is authorized to enforce the code on its side of a line equidistant between them. Once enforcement authority is extended extraterritorially by ordinance, the authority may continue to be exercised in the designated territory even though another city less than four miles distant later elects to enforce the code. After the extension, the city may enforce the code in the designated area to the same extent as if the property were situated within its corporate limits.*

*A city which, on June 3, 1977, had not adopted the code may not commence enforcement of the code within or outside of its jurisdiction until it has provided written notice to the commissioner, the county auditor, and the town clerk of each town in which it intends to enforce the code. A public hearing on the proposed enforcement must be held not less than 30 days after the notice has been provided. Enforcement of the code by the city commences on the first day of January in the year following the notice and hearing.*

*Municipalities may provide for the issuance of permits, inspection, and enforcement within their jurisdictions by means which are convenient, and lawful, including by means of contracts with other municipalities pursuant to section 471.59, and with qualified individuals. In areas outside of the enforcement authority of a city, the fee charged for the issuance of permits and inspections for single family dwellings may not exceed the greater of \$100 or .005 times the value of the structure, addition, or alteration. The other municipalities or qualified individuals may be reimbursed by retention or remission of some or all of the building permit fee collected or by other means. In areas of the state where inspection and enforcement is unavailable from qualified employees of municipalities, the commissioner shall train and designate individuals available to carry out inspection and enforcement on a fee basis.*

*Subd. 2. [ENFORCEMENT BY STATE BUILDING INSPECTOR.] If the commissioner determines that a municipal-*

ity is not properly administering and enforcing the state building code as provided in section 73, the commissioner may have the administration and enforcement in the involved municipality undertaken by the state building inspector. The commissioner shall notify the affected municipality in writing immediately upon making the determination, and the municipality may challenge the determination as a contested case before the commissioner pursuant to the administrative procedure act. In municipalities not properly administering and enforcing the state building code, and in municipalities who determine not to administer and enforce the state building code, the commissioner shall have administration and enforcement undertaken by the state building inspector or by another inspector certified by the state. The commissioner shall determine appropriate fees to be charged for the administration and enforcement service rendered. Any cost to the state arising from the state administration and enforcement of the state building code shall be borne by the subject municipality.

Sec. 65. [16B.63] [STATE BUILDING INSPECTOR.]

*Subdivision 1. [APPOINTMENT.]* The commissioner shall appoint a state building inspector who under the direction and supervision of the commissioner shall administer the code.

*Subd. 2. [QUALIFICATIONS.]* To be eligible for appointment as state building inspector an individual must be competent in the field of administration and shall have the experience in building design, construction, and supervision which the commissioner considers necessary.

*Subd. 3. [POWERS AND DUTIES.]* The state building inspector may, with the approval of the commissioner, employ personnel necessary to carry out his function under sections 61 to 75. The state building inspector shall distribute without charge one copy of the code to each municipality within the state. Additional copies shall be made available to municipalities and interested parties for a fee prescribed by the commissioner. The state building inspector shall perform other duties in administering the code assigned to him by the commissioner.

Sec. 66. [16B.64] [APPLICATION OF ADMINISTRATIVE PROCEDURE ACT.]

*Subdivision 1. [APPLICABILITY.]* Subject to this section, the adoption of the code and amendment is subject to the administrative procedure act.

*Subd. 2. [DISTRIBUTION OF INCORPORATIONS BY REFERENCE.]* The commissioner need not publish or distribute those parts of the code which are adopted by reference pursuant to section 14.06.

*Subd. 3. [FILING.] The commissioner shall file one copy of the complete code with the secretary of state, except that all standards referred to in any model or statewide specialty code or any of the modifications of a code need not be filed. All standards referred to in the code must be kept on file and available for inspection in the office of the commissioner.*

*Subd. 4. [HEARINGS.] The commissioner, except in the case of energy conservation standards promulgated or amended pursuant to section 116J.19, subdivision 8, shall hold all state hearings and make all determinations regarding any subject matter dealt with in the code including those in which another state agency proposes to adopt or amend rules which are incorporated by reference into the code or whenever the commissioner proposes to incorporate those rules into the state building code. In no event shall a state agency subsequently authorized to adopt rules involving state building code subject matter proceed to adopt the rules without prior consultation with the commissioner.*

*Subd. 5. [PROPOSED AMENDMENTS; HEARINGS.] Any interested person may propose amendments to the code which may be either applicable to all municipalities or, where it is alleged and established that conditions exist within a municipality which are not generally found within other municipalities, amendments may be restricted in application to that municipality. Notice of public hearings on proposed amendments shall be given to the governing bodies of all municipalities in addition to those persons entitled to notice under the administrative procedure act.*

*Subd. 6. [ADOPTION.] The commissioner shall approve any proposed amendments which he deems to be reasonable in conformity with the policy and purpose of the code and justified under the particular circumstances involved. Upon adoption, a copy of each amendment must be distributed to the governing bodies of all affected municipalities.*

*Subd. 7. [INVESTIGATION AND RESEARCH.] With the approval of the commissioner the state building inspector shall investigate or provide for investigations, or may accept authenticated reports from authoritative sources, concerning new materials or modes of construction intended for use in the construction of buildings or structures, and shall propose amendments to the code setting forth the conditions under which the new materials or modes may be used.*

#### **Sec. 67. [16B.65] [BUILDING OFFICIALS.]**

*Subdivision 1. [APPOINTMENTS.] The governing body of each municipality shall, unless other means are already provided, appoint a person to administer the code who shall be known as a building official. Two or more municipalities may combine in*

*the appointment of a single building official for the purpose of administering the provisions of the code within their communities. In those municipalities for which no building officials have been appointed, the state building inspector, with the approval of the commissioner, may appoint building officials to serve until the municipalities have made an appointment. If the state building inspector is unable to make an appointment he may use whichever state employees or state agencies are necessary to perform the duties of the building official. All costs incurred by virtue of an appointment by the state building inspector or services rendered by state employees must be borne by the involved municipality. Receipts arising from the appointment must be paid into the state treasury and credited to the general fund.*

*Subd. 2. [QUALIFICATIONS.] A building official, to be eligible for appointment, must have the experience in design, construction, and supervision which the commissioner deems necessary and must be generally informed on the quality and strength of building materials, accepted building construction requirements, and the nature of equipment and needs conducive to the safety, comfort, and convenience of building occupants. Each building official must be certified under this section, except that the qualifications outlined in this section are not mandatory regarding any building official in any municipality engaged in the administration of a building code on May 27, 1971, and continuing that function through July 1, 1972.*

*Subd. 3. [CERTIFICATION.] The department of employee relations, with the approval of the commissioner, shall either:*

*(1) prepare and conduct oral, written, and practical examinations to determine if a person is qualified pursuant to subdivision 2 to be a building official, or*

*(2) accept documentation of successful completion of programs of training developed by public agencies, as proof of qualification pursuant to subdivision 2.*

*Upon a determination of qualification under either clause (1) or (2) of this section the commissioner shall issue a certificate to the building official stating that he is certified. Each person applying for examination and certification pursuant to this section shall pay a fee of \$20. The department of employee relations and the commissioner or his designee may establish classes of certification that will recognize the varying complexities of code enforcement in the municipalities within the state. Except as provided by subdivision 2, no person may act as a building official for a municipality unless the department of employee relations and the commissioner determine that he is qualified. The department of employee relations may, with the approval of the commissioner, prepare and conduct educational programs designed to train and assist building officials in car-*

*rying out their responsibilities. The commissioner shall reimburse the department of employee relations for costs of any services performed by them pursuant to this section.*

*Subd. 4. [DUTIES.] Building officials shall, in the municipality for which they are appointed, attend to all aspects of code administration, including the issuance of all building permits and the inspection of all manufactured home installations. The commissioner may direct a municipality with a building official to perform services for another municipality, and in that event the municipality being served shall pay the municipality rendering the services the reasonable costs of the services. The costs may be subject to approval by the commissioner.*

*Subd. 5. [REMOVAL FROM OFFICE.] Except as otherwise provided for by law the commissioner may, upon notice and hearing, direct the dismissal of a building official when it appears to him by competent evidence that the building official has consistently failed to act in the public interest in the performance of his duties. Notice must be provided and the hearing conducted in accordance with the provisions of chapter 14 governing contested case proceedings. Nothing in this subdivision limits or otherwise affects the authority of a municipality to dismiss or suspend a building official at its discretion, except as otherwise provided for by law.*

*Subd. 6. [VACANCIES.] In the event that a certified building official vacates his position within a municipality, that municipality shall appoint a certified building official to fill the vacancy as soon as possible. If the municipality fails to appoint a certified building official within 90 days of the occurrence of the vacancy, the state building inspector may make the appointment or provide state employees to serve that function as provided in subdivision 1.*

**Sec. 68. [16B.66] [CERTAIN INSPECTIONS.]**

*The state building inspector may, upon an application setting forth a set of plans and specifications that will be used in more than one municipality to acquire building permits, review and approve the application for the construction or erection of any building or structure designed to provide dwelling space for no more than two families if the set of plans meets the requirements of the state building code. All costs incurred by the state building inspector by virtue of the examination of the set of plans and specifications must be paid by the applicant. The plans and specifications or any plans and specifications required to be submitted to a state agency must be submitted to the state building inspector who shall examine them and if necessary distribute them to the appropriate state agencies for scrutiny regarding adequacy as to electrical, fire safety, and all other appropriate features. These state agencies shall examine and promptly return the plans and specifications together with their certified state-*

ment as to the adequacy of the instruments regarding that agency's area of concern. A building official shall issue a building permit upon application and presentation to him of a set of plans and specifications bearing the approval of the state building inspector if the requirements of all other local ordinances are satisfied.

Sec. 69. [16B.67] [APPEALS.]

A person aggrieved by the final decision of any municipality as to the application of the code, including any rules adopted under sections 471.465 to 471.469, may, within 30 days of the decision, appeal to the commissioner. Appellant shall submit a fee of \$20, payable to the commissioner, with his request for appeal. The final decision of the involved municipality is subject to review de novo by the commissioner or his designee. The commissioner shall submit his written findings to the parties. Any person aggrieved by a ruling of the commissioner may appeal in accordance with chapter 14. For the purpose of this section "any person aggrieved" includes the state council for the handicapped. No fee shall be required when the council for the handicapped is the appellant.

Sec. 70. [16B.68] [CERTAIN PERMITS.]

Building permits or certificates of occupancy validly issued before July 1, 1972, regarding buildings or structures being constructed or altered according to the permits or certificates, are valid after that date. The construction may be completed according to the building permit, unless the building official determines that life or property is in jeopardy.

Sec. 71. [16B.69] [VIOLATION, PENALTY.]

A violation of the code is a misdemeanor.

Sec. 72. [16B.70] [SURCHARGE.]

*Subdivision 1.* [COMPUTATION.] To defray the costs of administering sections 61 to 75, a surcharge is imposed on all permits issued by municipalities in connection with the construction of or addition or alteration to buildings and equipment or appurtenances after June 30, 1971, as follows:

If the fee for the permit issued is fixed in amount the surcharge is equivalent to 1/2 mill (.0005) of the fee or 50 cents, whichever amount is greater. For all other permits, the surcharge is as follows: (a) if the valuation of the structure, addition, or alteration is \$1,000,000 or less, the surcharge is equivalent to 1/2 mill (.0005) of the valuation of the structure, addition, or alteration; (b) if the valuation is greater than \$1,000,000, the surcharge is \$500 plus two-fifths mill (.0004) of the

value between \$1,000,000 and \$2,000,000; (c) if the valuation is greater than \$2,000,000 the surcharge is \$900 plus three-tenths mill (.0003) of the value between \$2,000,000 and \$3,000,000; (d) if the valuation is greater than \$3,000,000 the surcharge is \$1,200 plus one-fifth mill (.0002) of the value between \$3,000,000 and \$4,000,000; (e) if the valuation is greater than \$4,000,000 the surcharge is \$1,400 plus one-tenth mill (.0001) of the value between \$4,000,000 and \$5,000,000; and (f) if the valuation exceeds \$5,000,000 the surcharge is \$1,500 plus one-twentieth mill (.00005) of the value which exceeds \$5,000,000.

By September 1 of each odd-numbered year, the commissioner shall rebate to municipalities any money received under this section and section 64 in the previous biennium in excess of the cost to the building code division in that biennium of carrying out their duties under sections 61 to 75. The rebate to each municipality must be in proportion to the amount of the surcharges collected by that municipality and remitted to the state. The amount necessary to meet the commissioner's rebate obligations under this subdivision is appropriated to the commissioner from the general fund.

Subd. 2. [COLLECTION AND REPORTS.] All permit surcharges must be collected by each municipality and a portion of them remitted to the state. Each municipality having a population greater than 20,000 people shall prepare and submit to the commissioner once a month a report of fees and surcharges on fees collected during the previous month, but shall retain two percent of the surcharges collected to apply against the administrative expenses the municipality incurs in collecting the surcharges. All other municipalities shall submit the report and surcharges on fees once a quarter, but shall retain four percent of the surcharges collected to apply against the administrative expenses the municipalities incur in collecting the surcharges. The report, which must be in a form prescribed by the commissioner, must be submitted together with a remittance covering the surcharges collected by the 15th day following the month or quarter in which the surcharges are collected. All surcharges and other fees prescribed by sections 61 to 73, which are payable to the state, must be paid to the commissioner who shall deposit them in the state treasury for credit to the general fund.

Sec. 73. [16B.71] [PERMIT FEES, TO WHOM APPLICABLE.]

Municipal building officials shall administer and enforce the state building code with respect to all subject structures constructed within their jurisdiction, including all buildings constructed by the state of Minnesota, its agencies, departments, and instrumentalities, school districts, municipalities as defined in section 62, and the University of Minnesota. These governmental bodies shall pay the building permit fees and surcharges

*that the inspecting municipality customarily imposes for its administration and enforcement of the code.*

**Sec. 74. [16B.72] [REFERENDA ON STATE BUILDING CODE IN NONMETROPOLITAN COUNTIES.]**

*Notwithstanding any other provision of law to the contrary, a county that is not a metropolitan county as defined by section 473.121, subdivision 4, may provide, by a vote of the majority of its electors residing outside of municipalities that have adopted the state building code before January 1, 1977, that no part of the state building code except the building requirements for handicapped persons applies within its jurisdiction.*

*The county board may submit to the voters at a regular or special election the question of adopting the building code. The county board shall submit the question to the voters if it receives a petition for the question signed by a number of voters equal to at least five percent of those voting in the last general election. The question on the ballot must be stated substantially as follows:*

*"Shall the state building code be adopted in . . . . . County?"*

*If the majority of the votes cast on the proposition is in the negative, the state building code does not apply in the subject county, outside home rule charter or statutory cities or towns that adopted the building code before January 1, 1977, except the building requirements for handicapped persons do apply.*

*Nothing in this section precludes a home rule charter or statutory city or town that did not adopt the state building code before January 1, 1977, from adopting and enforcing the state building code within its jurisdiction.*

**Sec. 75. [16B.73] [STATE BUILDING CODE IN MUNICIPALITIES UNDER 2,500; LOCAL OPTION.]**

*The governing body of a municipality whose population is less than 2,500 may provide that the state building code, except the requirements for handicapped persons, will not apply within the jurisdiction of the municipality, if the municipality is located in whole or in part within a county exempted from its application under section 74. If more than one municipality has jurisdiction over an area, the state building code continues to apply unless all municipalities having jurisdiction over the area have provided that the state building code, except the requirements for handicapped persons, does not apply within their respective jurisdictions.*

**Sec. 76.** Minnesota Statutes 1983 Supplement, section 176.011, subdivision 9, is amended to read:

Subd. 9. [EMPLOYEE.] "Employee" means any person who performs services for another for hire including the following:

- (1) an alien;

- (3) a sheriff, deputy sheriff, constable, marshal, policeman, firefighter, county highway engineer, and peace officer while engaged in the enforcement of peace or in the pursuit or capture of any person charged with or suspected of crime and any person requested or commanded to aid an officer in arresting any person, or in retaking any person who has escaped from lawful custody, or in executing any legal process in which case, for purposes of calculating compensation payable under this chapter, the daily wage of the person requested or commanded to assist an officer or to execute a legal process shall be the prevailing wage for similar services where the services are performed by paid employees;
- (4) a county assessor;
- (5) an elected or appointed official of the state, or of any county, city, town, school district or governmental subdivision in it. An officer of a political subdivision elected or appointed for a regular term of office, or to complete the unexpired portion of a regular term, shall be included only after the governing body of the political subdivision has adopted an ordinance or resolution to that effect;

In the event of injury or death of the voluntary uncompensated worker, the daily wage of the worker, for the purpose of calculating compensation payable under this chapter, shall be the usual going wage paid at the time of the injury or death for similar services in institutions where the services are performed by paid employees;
- (8) a voluntary uncompensated worker engaged in peace time in the civil defense program when ordered to training or

other duty by the state or any political subdivision of it, shall be an employee. The daily wage of the worker for the purpose of calculating compensation payable under this chapter, shall be the usual going wage paid at the time of the injury or death for similar services where the services are performed by paid employees;

(9) a voluntary uncompensated worker participating in a program established by a county welfare board shall be an employee. In the event of injury or death of the voluntary uncompensated worker, the wage of the worker, for the purpose of calculating compensation payable under this chapter, shall be the usual going wage paid in the county at the time of the injury or death for similar services where the services are performed by paid employees working a normal day and week;

(10) a voluntary uncompensated worker accepted by the commissioner of natural resources who is rendering services as a volunteer pursuant to section 84.089 shall be an employee. (11) a member of the military forces, as defined in section 190.05, while in state active service, as defined in section 190.05, subdivision 5a. The daily wage of the member for the purpose of calculating compensation payable under this chapter shall be based on the member's usual earnings in civil life. If there is no evidence of previous occupation or earning, the trier of fact shall consider the member's earnings as a member of the military forces;

(12) a voluntary uncompensated worker, accepted by the director of the Minnesota historical society, rendering services as a volunteer, pursuant to chapter 138, shall be an employee. The daily wage of the worker, for the purposes of calculating compensation payable under this chapter, shall be the usual going wage paid at the time of injury or death for similar services where the services are performed by paid employees;

(13) a voluntary uncompensated worker, other than a student, who renders services at the Minnesota School for the Deaf or the Minnesota Braille and Sight-Saving School, and whose services have been accepted or contracted for by the state board of education, as authorized by law, shall be an employee. (14) a voluntary uncompensated worker, other than a resident of the veterans home, who renders services at a Minnesota veterans home, and whose services have been accepted or contracted for by the commissioner of veterans affairs, as authorized by law, is an employee. In the event of injury or death of the voluntary uncompensated worker, the daily wage of the worker, for the purpose of calculating compensation payable under this chapter, shall be the usual going wage paid at the time of the injury or death for similar services in institutions where the services are performed by paid employees;

(15) a worker who renders in-home attendant care services to a physically handicapped person, and who is paid directly by the commissioner of public welfare for these services, shall be an employee of the state within the meaning of this subdivision, but for no other purpose; and

(16) those students enrolled in and regularly attending the medical school of the University of Minnesota, whether in the graduate school program or the post-graduate program, as provided in section 147.20, notwithstanding that the students shall not be considered employees for any other purpose. In the event of the student's injury or death, the weekly wage of the student for the purpose of calculating compensation payable under chapter 176, shall be the annualized educational stipend awarded to the student, divided by 52 weeks. The institution in which the student is enrolled shall be considered the "employer" for the limited purpose of determining responsibility for paying benefits payable under chapter 176; and

(17) a voluntary uncompensated worker, accepted by the commissioner of administration, rendering services as a volunteer at the department of administration. In the event of injury or death of the voluntary uncompensated worker, the daily wage of the worker, for the purpose of calculating compensation payable under this chapter, shall be the usual going wage paid at the time of the injury or death for similar services in institutions where the services were performed by paid employees.

In the event it is difficult to determine the daily wage as provided in this subdivision, then the trier of fact may determine the wage upon which the compensation is payable.

**Sec. 77. [611.216] [CRIMINAL AND JUVENILE DEFENSE GRANTS.]**

*Subdivision 1. [ELIGIBLE RECIPIENTS.] Money appropriated to provide criminal and juvenile defense to indigent individuals must be distributed by the board of public defense to the nonprofit criminal and juvenile defense corporations designated by law. Money may not be disbursed to a corporation in the Leech Lake reservation area or the White Earth reservation area without prior approval by the respective reservation business*

*committee. Within its geographic area of responsibility each corporation shall accept cases involving felony, gross misdemeanor, and misdemeanor charges and juvenile cases if financial eligibility standards are met, unless there is a legal reason for rejecting a case. A corporation may accept cases arising outside its geographic area of responsibility, as appropriate. Each corporation, in order to insure broad support, shall provide matching money received from nonstate sources, which may include money from federal agencies, local governments, private agencies, and community groups, equal to ten percent of its state appropriation. The board of public defense shall give notice 30 days in advance and conduct a hearing if it has reasonable grounds to believe money appropriated for this purpose is being improperly used, or if it has reasonable cause to believe criminal and juvenile defense of proper quality is not being supplied. Payment must cease from the date of notice until either the board of public defense determines that the money appropriated will be properly handled, or the board of public defense determines that criminal and juvenile defense of proper quality will be provided. A participating corporation may give notice at any time of its withdrawal from this program of financial assistance.*

*Subd. 2. [DISCRIMINATION; PENALTY.] An employee, administrator, or officer of a recipient of the money provided by this section who discriminates on the basis of sex, race, color, national origin, religion, or creed is guilty of a gross misdemeanor.*

*Subd. 3. [REPORT.] Each corporation shall submit to the board of public defense twice each year a report on a form supplied by the council showing the number of clients served, the number of charges brought, the number of cases of each kind, such as felonies, gross misdemeanors, misdemeanors, and juvenile delinquencies, the number of dispositions of each kind, such as jury trials, court trials, plea bargains, and dismissals, and the number of court appearances. This information must be summarized for each corporation in the budget documents submitted to the legislature.*

Sec. 78. Minnesota Statutes 1982, section 645.445, subdivision 5, is amended to read:

Subd. 5. "Socially or economically disadvantaged person" means a person who has been deprived of the opportunity to develop and maintain a competitive position in the economy because of social or economic conditions. This disadvantage may arise from cultural, social or economic circumstances, or background, physical location if the person resides or is employed in an area designated a labor surplus area by the United States department of (COMMERCE) labor, or other similar cause. It includes racial minorities, women, or persons who have suffered a substantial physical disability.

## Sec. 79. [INSTRUCTIONS TO REVISOR.]

*In the following sections of Minnesota Statutes, the revisor of statutes shall change the reference to chapter 16 listed in column B which occurs in the section specified in column A to the new reference listed in column C.*

and treatment technologies to reduce the degree of environmental risk from hazardous waste. The board shall also consider technologies for retrievable storage of hazardous wastes for later recycling, re-use, recovery, conversion, or treatment.

*Subd. 1b. [CONTENTS.] The plan (SHALL) must include at least the (FOLLOWING) elements (:) prescribed in this subdivision.*

(a) (AN) *The plan must estimate (OF) the types and (VOLUMES) quantities of hazardous waste (WHICH) that will be generated in the state through the year 2000 (;).*

(b) *The plan must set out specific and quantifiable objectives for reducing to the greatest feasible and prudent extent the need for and (PRACTICE) use of disposal facilities located within the state, through waste reduction, pretreatment, retrievable storage, processing, and resource recovery (;).*

(c) (A DESCRIPTION OF) *The plan must estimate the minimum disposal capacity and capability (NEEDED TO BE DEVELOPED WITHIN) required by generators in the state for use through the year 2000 (,). The estimate must be based on the achievement of the objectives under (CLAUSE) paragraph (b) (;).*

(d) (A DESCRIPTION OF) *The plan must describe and recommend the implementation strategies required to (DEVELOP THE NEEDED) assure availability of disposal capacity for the types and quantities of waste estimated under (CLAUSE) paragraph (c) and to achieve the objectives (UNDER CLAUSE) required by paragraph (b) (, INCLUDING). The recommendations must address at least the following: the necessary private and government actions; the types of facilities and programs required; the availability and use of specific facilities outside of the state; development schedules for facilities, services, and (REGULATIONS) rules that should be established in the state; revenue-raising and financing measures; levels of public and private effort and expenditure; legal and institutional changes; and other similar matters.*

(e) *The plan (SHALL) must provide for the orderly development of hazardous waste management sites and facilities to protect the health and safety of rural and urban communities. In preparing the plan the board shall consider its impact upon agriculture and natural resources.*

Subd. 3. [PREPARATION OF DRAFT PLAN.] By July 1, 1983, the (CHAIRMAN) *chairperson* of the board shall report to the legislative commission on waste management about the hearing to be held pursuant to this subdivision. The (CHAIRMAN) *chairperson* shall describe the board's plans and procedures for the hearing, the provisions for encouraging public participation in the hearing, and the board's plans for preparing the required report to the legislature fully and accurately summarizing the results of the hearing, the objections raised to the board's draft plan (AND CERTIFICATION), and the board's response to the testimony received. The legislative commission shall hold a hearing to receive public comment on the board's proposed hearing procedures and thereafter shall make any recommendations it deems appropriate for changes in the board's procedures. By November 1, 1983, the board through its chairperson shall issue a draft hazardous waste management plan proposed for adoption pursuant to this section (, AND A DRAFT CERTIFICATE OR CERTIFICATES OF NEED PROPOSED FOR ISSUANCE UNDER SECTION 115A.24). The draft plan (AND CERTIFICATES) must include an explanation of the basis of the findings, conclusions, and recommendations contained therein. The

board shall hold a public hearing on the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) within 30 days of (THEIR) *its* issuance. Notices of the draft plan (AND THE DRAFT CERTIFICATE OR CERTIFICATES) and notice of the hearing (SHALL) *must* be published in the state register and newspapers of general circulation in the state. The notices must indicate how copies of the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) may be obtained. Within 15 days following the hearing the director of the agency shall issue a hazardous waste pollution control report. The report must be submitted to the legislative commission. The report must be based on existing and proposed federal and state pollution control rules and available information and expertise on the character, nature, and degree of hazard of the types and categories of hazardous waste identified in the plan. The report must:

(a) assess the pollution control problems and risks associated with each type and category of hazardous waste identified by the (DRAFT CERTIFICATION OF NEED) *plan* as eligible for disposal, before or after pretreatment, at a facility or facilities of the type and design selected by the board, and identify design and pretreatment alternatives or other methods for dealing with those problems and risks;

(b) identify at least one specific alternative technology for dealing with each waste (WHICH) *that* the report recommends should not be (CERTIFIED) *accepted* for disposal, and assess the pollution control problems and risks associated with the alternatives;

(c) assess the pollution control problems and risks associated with each standard and criteria contained in the plan

(AND CERTIFICATION) for determining the eligibility or ineligibility of waste for disposal;

(d) assess the pollution control programs and risks associated with the processing and other alternatives to disposal (WHICH) that are recommended in the plan for specific types or categories of hazardous waste, and identify methods for dealing with those problems and risks.

Within 30 days following the hearing, the board shall revise the draft plan (AND THE DRAFT CERTIFICATE OR CERTIFICATES OF NEED) as it deems appropriate, shall make a written response to the testimony received at the hearing and to the agency's report explaining its disposition of any recommendations made with respect to the plan (AND CERTIFICATION), and shall submit to the legislative commission the revised draft plan (AND CERTIFICATION OF NEED), together with a report on the testimony received, the board's response, and the results of the hearing process.

Sec. 8. [115A.152] [TECHNICAL AND RESEARCH ASSISTANCE TO GENERATORS.]

*Subdivision 1. [PURPOSES.] The board shall provide for the establishment of a technical and research assistance program for generators of hazardous waste in the state. The program must be designed to assist generators in the state to obtain information about management of hazardous wastes, to identify and apply methods of reducing the generation of hazardous wastes, to facilitate improved management of hazardous waste and compliance with hazardous waste regulations, and for other similar purposes. The program must emphasize assistance to smaller businesses that have inadequate technical and financial resources for obtaining information, assessing waste management methods, and developing and applying waste reduction techniques. Information and techniques developed under this program must be made available through the program to all generators in the state.*

*Subd. 2. [ASSISTANCE.] The assistance program must include at least the following elements:*

*(a) outreach programs including on-site consultation at locations where hazardous waste is generated, seminars, workshops, training programs, and other similar activities designed to assist generators to evaluate their hazardous waste generation and management practices, identify opportunities for waste reduction and improved management, and identify subjects that require additional information and research;*

*(b) a program to assemble, catalog, and disseminate information about hazardous waste reduction and management*

methods, available commercial waste management facilities and consultant services, and regulatory programs (provided that specific questions by generators about interpretation or application of waste management rules or regulations should be referred to appropriate regulatory agencies);

(c) evaluation and interpretation of information needed by generators to improve their management of hazardous waste; and

(d) informational and technical research to identify alternative technical solutions that can be applied by specific generators to reduce the generation of hazardous waste.

**Subd. 3. [ADMINISTRATION; EVALUATION.]** *The assistance program must be coordinated with other public and private programs that provide management and technical assistance to smaller businesses and generators of small quantities of hazardous waste, including programs operated by public and private educational institutions. The board may make grants to a public or private person or association that will establish and operate the elements of the program, but the grants must require that the assistance be provided at no cost to the generators and that the grantees provide periodic reports on the improvements in waste management, waste reduction, and regulatory compliance achieved by generators through the assistance provided.*

**Sec. 9. [115A.154] [WASTE REDUCTION GRANTS.]**

**Subdivision 1. [PROPOSALS AND GRANTS.]** *The board may make grants to generators of hazardous waste in the state for studies to determine the feasibility of applying specific methods and technologies to reduce the generation of hazardous waste. Grants may be awarded only on the basis of proposals submitted to the board by generators. The board shall select proposals that offer the greatest opportunity to significantly reduce the generation of hazardous waste by the generators making the proposal and, if applied generally, to significantly reduce the generation of hazardous waste in the state. The significance of waste reduction may be measured by the volume of hazardous waste that is eliminated or by the reduction in risk to public health and safety and the environment that is achieved by the reduction. In awarding grants, the board may consider the extent of any financial and technical support that will be available from other sources for the study. The board may adopt additional criteria for awarding grants consistent with the purposes of this section.*

**Subd. 2. [LIMITATIONS.]** *The waste reduction information and techniques developed using grants awarded under this section must be made available to all generators in the state*

*through the technical assistance and research program established under section 8. Grant money awarded under this section may not be spent for capital improvements or equipment.*

**Sec. 10. [115A.156] [WASTE PROCESSING AND COLLECTION FACILITIES AND SERVICES; DEVELOPMENT GRANTS.]**

*Subdivision 1. [PURPOSE.] The board may make grants to eligible recipients to determine the feasibility and method of developing and operating specific types of commercial facilities and services for collecting and processing hazardous waste, including integrated facilities designed for both processing and disposal of hazardous waste. Grants may be made for:*

- (1) market assessment, including generator surveys;*
- (2) conceptual design and preliminary engineering;*
- (3) financial and business planning necessary to address sources of funding, financial security, liability, pricing structure, and similar matters necessary to the development and proper operation of a facility or service;*
- (4) environmental impact and site analysis, preparation of permit applications, and environmental and permit reviews;*
- (5) analysis of methods of overcoming identified technical, institutional, legal, regulatory, market, or other constraints; and*
- (6) analysis of other factors affecting development, operation, and use of a facility or service.*

*Subd. 2. [ELIGIBILITY.] A person proposing to develop and operate specific collection and processing facilities or services to serve generators in the state is eligible for a grant. The board may give preference to applications by associations of two or more generators in the state proposing to develop and operate commercial facilities or services capable of collecting or processing their hazardous wastes.*

*Subd. 3. [PROCEDURE FOR AWARDED GRANTS.] The board may establish procedures for awarding grants under this section. The procedures for awarding grants shall include consideration of the following factors:*

- (1) the need to provide collection and processing for a variety of types of hazardous wastes;*
- (2) the extent to which the facility or service would provide a significant amount of processing or collection capacity for waste generated in the state, measured by the volume of waste*

to be managed, the number and geographic distribution of generators to be served, or the reduction of risk to public health and safety and the environment achieved by the operation of the facility or service;

(3) the availability of the facility or service to all generators needing the service in the area to be served;

(4) the contribution of the facility or service to achieving the policies and objectives of the hazardous waste management plan;

(5) participation by persons with demonstrated experience in developing, designing, or operating hazardous waste collection or processing facilities or services;

(6) the need for assistance from the board to accomplish the work;

(7) the extent to which a proposal would produce and analyze new information; and

(8) other factors established by the board consistent with the purposes of this section.

The board may adopt temporary rules under sections 14.29 to 14.36 to implement the grant program. Temporary rules adopted by the board remain in effect for 360 days or until permanent rules are adopted, whichever occurs first.

Subd. 4. [LIMITATIONS.] A grant may not exceed \$50,000. The board may award more than one grant for a single proposed facility or service if the board finds that results of previous studies justify additional work on other aspects of the development and operation of the facility or service. Grant money may not be spent for capital improvements or equipment.

Subd. 5. [MATCHING FUNDS REQUIRED.] A recipient other than an association of generators in the state must agree to pay at least 50 percent of the cost of the study. An association of two or more generators in the state must agree to pay at least 20 percent of the cost of the study.

## Sec. 11. [115A.158] [DEVELOPMENT OF PROCESSING AND COLLECTION FACILITIES AND SERVICES; REQUESTS FOR PROPOSALS.]

Subdivision 1. [REQUEST BY BOARD; CONTENTS OF PROPOSAL.] The board through its chairperson shall request proposals for the development and operation of specific types of commercial hazardous waste processing and col-

lection facilities and services, including integrated facilities designed for both processing and disposal of hazardous waste, that offer the greatest possibility of achieving the policies and objectives of the waste management plan including the goal of reducing to the greatest extent feasible and prudent the need for and practice of disposal. The proposals must contain at least the following information:

(1) the technical, managerial, and financial qualifications and experience of the proposer in developing and operating facilities and services of the type proposed;

(2) the technical specifications of the proposed facility or service including the process that will be used, the amount and types of hazardous waste that can be handled, the types, volume, and proposed disposition of any residuals, and a description of anticipated adverse environmental effects;

(3) the requirements of the site or sites needed to develop and operate the facility or service and the likelihood that a suitable site or sites will be available for the facility or service;

(4) projections of the costs and revenues of the facility or service, the types and numbers of generators who will use it, and the fee structure and estimated user charges necessary to make the facility or services economically viable;

(5) the schedule for developing and commencing operation of the facility or service; and

(6) the financial, technical, institutional, legal, regulatory, and other constraints that may hinder or prevent the development or operation of the facility or service and the actions that could be taken by state and local governments or by the private sector to overcome those constraints.

The information provided in the proposal must be based on current and projected market conditions, hazardous waste streams, legal and institutional arrangements, and other circumstances specific to the state.

Subd. 2. [PROCEDURE; EVALUATION; REPORT.] In requesting proposals, the board shall inform potential developers of the assistance available to them in siting and establishing hazardous waste processing and collection facilities and services in Minnesota including the availability of sites listed on the board's inventory of preferred areas for hazardous waste processing facilities, the authority of the board to acquire sites and order the establishment of facilities in those areas, the policies and objectives of the hazardous waste management plan, and the availability of information developed by the board on hazardous waste generation and management in the state.

*The board shall evaluate the proposals received in response to its request and determine the extent to which the proposals demonstrate the qualifications of the developers, the technical and economic feasibility of the proposed facility or service, and the extent to which the proposed facility or service will contribute in a significant way to the achievement of the policies and objectives of the hazardous waste management plan.*

*The board shall report to the legislative commission on the proposals that it has received and evaluated, and on the legislative, regulatory, and other actions needed to develop and operate the proposed facilities or services.*

*Subd. 3. [TIME FOR PROPOSALS.] The board shall issue the first round of requests under this section by June 1, 1984. The first round proposals must be returned to the board by November 1, 1984. The board shall submit its report on these proposals to the legislative commission by January 1, 1985. The board may issue additional requests in 1985 and in future years.*

**Sec. 12. [115A.159] [DEVELOPMENT OF HAZARDOUS WASTE COLLECTION AND TRANSPORTATION SERVICES.]**

*The board through its chairperson shall request, pursuant to the first round of requests under section 11, proposals for the development and operation of a system of commercial collection and transportation services for hazardous waste especially designed to serve smaller businesses and generators of small quantities of hazardous waste that have difficulty securing effective and reliable collection and shipment services and acceptance of wastes at appropriate waste facilities. The board's request under this section should require proposals containing at least the following elements:*

- (1) a collection service;*
- (2) assistance to clients about on-site waste management;*
- (3) a shipping coordination service, which may include transfer and temporary storage and bulking facilities and computerized inventory tracking capabilities, as the proposer deems appropriate and necessary to provide efficient and reliable combined shipment of wastes from generators to processing and disposal facilities;*
- (4) a brokerage service to ensure acceptance of wastes at appropriate processing and disposal facilities;*
- (5) recommendations on the utility of local or regional associations of generators to increase the efficiency and reliability of the services; and*

(6) recommendations on processing facilities, including mobile modular processing units, that would complement the collection and transportation system.

The board's request must require proposals that offer the delivery of services in stages commencing no later than July 1, 1985. The board should specify or require specification of immediate and staged performance standards for the services proposed, which may include standards relating to the volume and types of waste, the number and geographic distribution of generators served, accessibility, the percent of total waste and generators served, and other appropriate matters. After evaluating proposals received in response to its request, the board may select a proposer as the recipient of a development grant under section 10. Notwithstanding the provisions of section 10, subdivisions 4 and 5, on the amount of the grant and the required match, the grant made under this section may be up to \$350,000 and may not require a match greater than ten percent of the grant award.

Sec. 13. [115A.162] [HAZARDOUS WASTE PROCESSING FACILITY LOANS.]

The board shall review applications for hazardous waste processing facility loans received by the economic development authority and forwarded to the board under section 54. The board may certify a loan application only if it determines that:

- (1) the applicant has demonstrated that the proposed facility is technically feasible;
- (2) the applicant has made a reasonable assessment of the market for the services offered by the proposed facility;
- (3) the applicant has agreed to provide funds for the proposed facility in an amount equal to at least 25 percent of the capital cost of the facility excluding land acquisition cost;
- (4) the applicant has agreed to pay the cost of any land acquisition necessary to develop the facility; and
- (5) the facility will contribute in a significant way to achievement of the policies and objectives of the hazardous waste management plan and, in particular, to reduce the need for and practice of hazardous waste disposal.

As a condition of its certification the board may require an applicant to agree to provide funds in excess of 25 percent of the capital cost of the facility in addition to any land acquisition costs. In certifying an application or in determining the share of the capital costs that will be provided by the loan, the board may

*consider the types and volumes of hazardous waste that will be handled by the facility, the number of generators served by the facility, and the extent to which the facility serves the need of smaller businesses that generate hazardous waste. The board may establish additional criteria for certifying loan applications consistent with the provisions of this section.*

*The board may adopt temporary rules under sections 14.29 to 14.36 to implement the loan program. Temporary rules adopted by the board remain in effect for 360 days or until permanent rules are adopted, whichever occurs first.*

**Sec. 14. [115A.165] [EVALUATION OF PROGRAMS; REPORT.]**

*By November 1, 1986, the board shall evaluate the extent to which the programs provided in sections 8 to 13 have contributed to the achievement of the policies and objectives of the hazardous waste management plan. The evaluation must consider the amount of waste reduction achieved by generators through the technical and research assistance and waste reduction grant programs and the progress in reducing the need for and practice of disposal achieved through the development grants and the request for proposal program. The board shall report the results of its evaluation to the legislative commission with its recommendations for further action.*

Sec. 15. Minnesota Statutes 1982, section 115A.18, is amended to read:

**115A.18 [LEGISLATIVE FINDINGS; PURPOSE.]**

The legislature finds that proper management of hazardous waste generated in the state is needed to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens, that the establishment of safe *commercial disposal facilities (IS) in the state may be necessary and practicable* to properly manage the waste, that this cannot be accomplished solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on *whether commercial disposal facilities should be established in the state and on the locations, sizes, types, and functions of any such facilities.*

Sec. 16. Minnesota Statutes 1983 Supplement, section 115A.-21, subdivision 1, is amended to read:

Subdivision 1. [SELECTION.] The board shall select (AT LEAST FOUR LOCATIONS) *more than one location* in the state, no more than one site per county, as candidate sites for

commercial disposal facilities for hazardous waste. Candidate sites (SELECTED BY THE BOARD BEFORE FEBRUARY 1, 1983, AND ADDITIONAL CANDIDATE SITES SELECTED PURSUANT TO THIS SECTION,) must be reviewed pursuant to sections 115A.22 to 115A.30. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended pursuant to subdivision 2a.

Sec. 17. Minnesota Statutes 1983 Supplement, section 115A.-21, is amended by adding a subdivision to read:

*Subd. 1a. [VOLUNTEER CANDIDATE SITES.] The board may select candidate sites under this subdivision in addition to sites selected under subdivision 1. The board may submit a site to the agency if the site is proposed as a candidate site by a facility operator with the approval of the owners of the site and the statutory or home rule charter city or town and county in which the site is located. A location may be selected as a candidate site under this subdivision if the agency determines and certifies that the site is intrinsically suitable for the use intended. The director of the agency shall identify the information needed by the agency to make the determination of intrinsic suitability. The board shall obtain the necessary information and provide it to the director.*

*The director of the agency shall make a recommendation to the agency board on intrinsic suitability within 30 days after receiving the information from the board. The agency board shall make the determination on intrinsic suitability not later than the first regular meeting of the agency board held at least ten days after the director's recommendation.*

*The decisions of the board and the agency under this subdivision are not subject to the contested case or rulemaking provisions of chapter 14, or the procedures provided in subdivision 2a.*

Sec. 18. Minnesota Statutes 1983 Supplement, section 115A.-22, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on reports referred to in subdivision 7, the plan adopted under section 115A.11, and the (CERTIFICATION OF NEED) estimates and analysis required under section 115A.24 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.

Sec. 19. Minnesota Statutes 1983 Supplement, section 115A.-22, subdivision 4, is amended to read:

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] Within 30 days following the appointment of a local project review committee, the local committee shall select a temporary board member to be added to the board for the purposes of the reports to be issued under section 115A.08, the plan to be adopted under section 115A.11, and the (NEED CERTIFICATIONS) *estimates, the analysis and the review of candidate sites* conducted under sections 115A.18 to 115A.30. Temporary board members shall not participate or vote in decisions affecting the selection and certification of sites under sections 115A.201 and 115A.21. If a local committee fails to appoint a temporary board member within the time permitted by this subdivision, the governor shall appoint a temporary board member to represent the committee on the board. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located. Temporary board members shall serve for terms lasting as long as the location the member represents is a candidate site or, in the case of members representing (THE) a site or sites finally chosen for the facility, until the commencement of the operation of the facility at that site.

Sec. 20. Minnesota Statutes 1982, section 115A.24, is amended to read:

115A.24 [(CERTIFICATION OF NEED) DISPOSAL FACILITIES; ESTIMATE OF NEED; ANALYSIS OF ECONOMIC FEASIBILITY.]

Subdivision 1. [(CERTIFICATE) ESTIMATE OF NEED FOR DISPOSAL FACILITIES.] (ON THE BASIS OF AND CONSISTENT WITH ITS HAZARDOUS WASTE MANAGEMENT PLAN ADOPTED UNDER SECTION 115A.11, THE BOARD SHALL ISSUE A CERTIFICATE OR CERTIFICATES OF NEED FOR DISPOSAL FACILITIES FOR HAZARDOUS WASTES IN THE STATE. THE CERTIFICATE OR CERTIFICATES SHALL INDICATE THE TYPES AND VOLUMES OF WASTE FOR WHICH DISPOSAL FACILITIES ARE AND WILL BE NEEDED THROUGH THE YEAR 2000 AND) *The board shall develop an estimate of the number, types, capacity, and function or use of (THE) any hazardous waste disposal facilities needed in the state. (BEFORE FINALLY ADOPTING THE CERTIFICATE OF NEED THE BOARD SHALL SUBMIT IT TO THE AGENCY FOR A REVISION OF THE HAZARDOUS WASTE POLLUTION CONTROL REPORT REQUIRED UNDER SECTION 115A.11, SUBDIVISION 2.)*

*In developing its estimate the board shall:*

(1) *prepare a preliminary estimate of the types and quantities of waste generated in the state for which disposal will be*

*needed through the year 2000 based to the extent practical on data obtained from generators who are likely to use the facility;*

*(2) estimate the disposal capacity located outside of the state, taking into account the status of facility permits, current and planned capacity, and prospective restrictions on expansion of capacity;*

*(3) estimate the prospects for the continued availability of capacity outside of the state for disposal of waste generated in the state;*

*(4) estimate the types and quantities of waste likely to be generated as residuals of the commercial hazardous waste processing facilities recommended by the board for development in the state and for which disposal will be needed, taking into account the likely users of the facilities; and*

*(5) compare the indirect costs and benefits of developing disposal facilities in the state or relying on facilities outside the state to dispose of hazardous waste generated in the state, taking into account the effects on business, employment, economic development, public health and safety, the environment, and the development of collection and processing facilities and services in the state.*

*In preparing the estimate, the board (SHALL CERTIFY NEED) may identify need for disposal only to the extent that the board has determined that there are no feasible and prudent alternatives, including waste reduction, separation, pretreatment, processing, and resource recovery, which would minimize adverse impact upon air, water, land and all other natural resources (, PROVIDED THAT THE BOARD SHALL REQUIRE THE ESTABLISHMENT OF AT LEAST ONE COMMERCIAL DISPOSAL FACILITY IN THE STATE). Economic considerations alone (SHALL) may not justify (CERTIFICATION) an estimate of need for disposal nor the rejection of alternatives. Alternatives that are speculative and conjectural (SHALL) are not (BE DEEMED TO BE) feasible and prudent. The board shall consider all technologies being developed in other countries as well as in the United States when it considers the alternatives to hazardous waste disposal. (THE CERTIFICATE OR CERTIFICATES SHALL NOT BE SUBJECT TO THE PROVISIONS OF CHAPTER 14 BUT SHALL BE THE FINAL DETERMINATION REQUIRED ON THE MATTERS DECIDED BY THE CERTIFICATE OR CERTIFICATES AND SHALL HAVE THE FORCE AND EFFECT OF LAW. THE CERTIFICATE OR CERTIFICATES SHALL NOT BE AMENDED FOR FIVE YEARS EXCEPT AS PROVIDED IN SECTION 115A.291. IN REVIEWING AND SELECTING SITES, COMPLETING AND DETERMINING THE ADEQUACY OF ENVIRONMENTAL IMPACT STATEMENTS, AND ISSUING APPROVALS AND PERMITS FOR*

WASTE DISPOSAL FACILITIES DESCRIBED IN THE CERTIFICATE OR CERTIFICATES OF NEED, MATTERS DETERMINED IN THE CERTIFICATION SHALL NOT BE RECONSIDERED EXCEPT AS OTHERWISE PROVIDED IN SECTION 115A.291. THE BOARD AND THE PERMITTING AGENCIES SHALL BE REQUIRED TO MAKE A FINAL DECISION APPROVING THE ESTABLISHMENT OF FACILITIES CONSISTENT WITH THE CERTIFICATION EXCEPT AS OTHERWISE PROVIDED IN SECTION 115A.291.)

Subd. 3. [RADIOACTIVE WASTE.] The board's (CERTIFICATE) *estimate* of need shall not allow the use of a facility for disposal of radioactive waste, as defined by section 116C.71, subdivision 6.

Subd. 4. [ECONOMIC FEASIBILITY ANALYSIS.] *The board shall prepare an economic feasibility analysis for disposal facilities of the type, capacity and function or use estimated by the board to be needed in the state under subdivision 1. The analysis must be specific to the sites where the facilities are proposed to be located. The analysis must include at least the following elements:*

(1) *an estimate of the capital, operating, and other direct costs of the facilities and the fee schedules and user charges necessary to make the facilities economically viable;*

(2) *an assessment of the other costs of using the disposal facilities, such as transportation cost and disposal surcharges;*

(3) *an assessment of the market for the facility for waste generated in the state, that identifies the generators that would use the facility under existing and likely future market conditions, describes the methods otherwise available to those generators to manage their wastes and the costs of using those methods, and establishes the level at which the cost of using the proposed facilities would be competitive with the cost of using other available methods of waste management;*

(4) *an estimate of the subsidy, if any, needed to make the facility competitive for Minnesota generators under existing market conditions and the changes in market conditions that would increase or lower any subsidy.*

Sec. 21. Minnesota Statutes 1983 Supplement, section 115A.-241, is amended to read:

115A.241 [PARTICIPATION BY FACILITY DEVELOPERS AND OPERATORS.]

The board shall solicit the participation of private developers and operators of waste facilities in the evaluation of hazardous

waste disposal sites and facility specifications. (TO QUALIFY FOR CONSIDERATION AS A DEVELOPER OR OPERATOR, A PERSON SHALL SUBMIT A LETTER.) *The board shall request developers and operators to submit letters of intent to participate in evaluating sites, economic feasibility of disposal facilities, and facility specifications. The letters must be submitted to the board (WITHIN 90 DAYS FOLLOWING THE PUBLICATION OF THE BOARD'S DRAFT PLAN PURSUANT TO SECTION 115A.08, SUBDIVISION 4) by September 1, 1984.* To qualify for selection as a developer or operator, a person shall submit operability reports to the board at least 60 days before the board's hearings under section 115A.27, and shall submit an amended report within 60 days following the decisions under section 115A.28. The letters of intent and reports (SHALL) *must* be in the form and contain the information deemed appropriate by the board.

Sec. 22. Minnesota Statutes 1983 Supplement, section 115A.-25, subdivision 1, is amended to read:

Subdivision 1. [ENVIRONMENTAL IMPACT STATEMENT.] A phased environmental impact statement (SHALL) *must* be completed by the board and the agency *before any permits are issued under section 115A.291.* The statement must be prepared and reviewed in accordance with chapter 116D and the rules issued pursuant thereto, except as otherwise required by this section and sections 115A.11 (, 115A.24), 115A.28, and 115A.30. The board and agency shall follow the procedures in subdivisions 2 and 3 in lieu of the scoping requirements of chapter 116D and rules issued pursuant thereto. The statement (SHALL) *must* be completed in two phases as provided in subdivisions 1a and 1b.

Sec. 23. Minnesota Statutes 1983 Supplement, section 115A.-25, subdivision 1a, is amended to read:

Subd. 1a. [PHASE I.] Phase I of the statement (SHALL) *must* be completed by the board on the environmental effects of the (BOARD'S DECISION ON SITES AND FACILITY SPECIFICATIONS) *decisions that the board is required to make* under section 115A.28. Phase I of the statement (SHALL) *must* not address or reconsider (ALTERNATIVE SITES OR FACILITY NUMBERS, TYPES, CAPACITY, FUNCTION, AND USE WHICH) *alternatives that have been eliminated from consideration by the board's decisions under sections 115A.201 and 115A.-21 (AND 115A.24).* The determination of the adequacy of phase I of the statement is exclusively the authority of the board. The governor shall establish an interagency advisory group to comment on the scope of phase I of the statement, to review drafts, and to provide technical assistance in the preparation and review of phase I of the statement. The advisory group (SHALL) *must* include representatives of the agency, the departments of natural resources, health, agriculture, energy, planning and development,

and transportation, and the Minnesota geological survey. In order to obtain the staff assistance necessary to prepare the statement, the chairperson of the board may request reassignment of personnel pursuant to section 16.21 and may arrange to have other agencies prepare parts of the statement pursuant to section 16.135.

Sec. 24. Minnesota Statutes 1983 Supplement, section 115A.-25, subdivision 1b, is amended to read:

Subd. 1b. [PHASE II.] Phase II of the statement (SHALL) *must* be completed by the agency as a supplement to phase I specifically for the purpose of examining the environmental effects of (THE) *any* permitting decisions *that may be* required to be made by the permitting agencies under section 115A.291. In preparing, reviewing, and determining the adequacy of phase II of the statement, the agency shall not repeat or duplicate the research and analysis contained in phase I of the statement, unless the agency determines that the information available is not adequate or that additional information is necessary to examine the environmental effects of the permitting decisions. Phase II of the statement (SHALL) *may* not address or reconsider (ALTERNATIVE SITES AND FACILITY NUMBERS, TYPES, CAPACITY, FUNCTION, AND USE WHICH) *alternatives that* have been eliminated from consideration by the board's decisions under sections 115A.201, 115A.21, (115A.24,) and 115A.28. The determination of adequacy of phase II of the statement must be made by the agency within 180 days following submission of the preliminary permit application or applications under section 115A.291. The determination of the adequacy of phase II of the statement is exclusively the authority of the agency.

Sec. 25. Minnesota Statutes 1983 Supplement, section 115A.-26, is amended to read:

115A.26 [AGENCIES; REPORT ON PERMIT CONDITIONS AND APPLICATION REQUIREMENTS.]

Within 30 days following the board's determination of the adequacy of phase I of the environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, the chief executive officer of each permitting state agency shall issue to the board draft reports on permit conditions and permit application requirements at each candidate site. The reports must indicate, to the extent possible based on existing information, the probable terms, conditions, and requirements of permits, including the types and categories of waste eligible for disposal with or without pretreatment, and the probable supplementary documentation that will be required for phase II of the environmental impact statement under section 115A.25 and for permit

applications under section 115A.291. The reports may be revised following the hearings under section 115A.27 as the chief executive officer deems necessary. (THE REPORTS MUST BE CONSISTENT WITH THE ESTABLISHMENT OF FACILITIES IN ACCORDANCE WITH THE CERTIFICATION OF NEED.)

Sec. 26. Minnesota Statutes 1983 Supplement, section 115A.-27, subdivision 2, is amended to read:

Subd. 2. [BOARD HEARINGS.] Within 120 days following the board's determination of the adequacy of phase I of the environmental impact statement under section 115A.25, the board shall conduct a hearing in each county containing a candidate site, for the purpose of receiving testimony on the decisions required under section 115A.28. The hearings (SHALL) *must* be ordered by the chairperson of the board. The subject of the board hearing (SHALL) *may* not extend to matters previously decided in the board's decision on sites under (SECTION) *sections 115A.201 and 115A.21 (AND THE CERTIFICATE OF NEED ISSUED UNDER SECTION 115A.24). The record of the hearings must include the estimate of need for disposal facilities and the economic feasibility analysis prepared under section 115A.24, the phase I environmental impact statement, and the reports on permit conditions issued under section 115A.26.* The hearing (SHALL) *must* be conducted for the board by the state office of administrative hearings in a manner consistent with the completion of the proceedings in the time allowed. The proceedings and the hearing procedures are not subject to the rule-making or contested case provisions of chapter 14. The hearing officer (SHALL) *may* not issue a report but shall preside at the hearings to ensure that the hearings are conducted in a fair, orderly, and expeditious manner and in accordance with the hearing procedures of the board. A majority of the permanent members of the board shall be present at the hearing.

Sec. 27. Minnesota Statutes 1983 Supplement, section 115A.28, subdivision 1, is amended to read:

Subdivision 1. [DECISION OF BOARD.] Within 60 days following the conclusion of the hearings under section 115A.27, subdivision 2, and after consulting with private facility developers, the permitting agencies, affected local government units, and the local project review committees, *if the board decides that a disposal facility not be developed in the state, it shall dismiss the candidate sites from further consideration. If the board determines that a disposal facility should be developed and the board shall (FINALLY) select (THE) a site or sites (FOR THE FACILITIES AND THE DEVELOPER AND OPERATOR OF THE FACILITY AND SHALL PRESCRIBE FURTHER SPECIFICATIONS ON) and specify the number, type, capacity, function, and use of (THE) any facilities (AS*

THE BOARD DEEMS APPROPRIATE, CONSISTENT WITH THE BOARD'S CERTIFICATION OF NEED ISSUED UNDER SECTION 115A.24) *to be established under sections 115A.18 to 115A.30. Sites that are not selected by the board cease to be candidate sites.* If the chairperson of the board determines that an agency report on permit conditions and application requirements has been substantially revised following hearings held pursuant to section 115A.27, subdivision 2, the chairperson may delay the decision for 30 days and may order a public hearing to receive further testimony on the sites and facilities to be established. The proceeding (SHALL) *must* be conducted as provided in section 115A.27, subdivision 2, except that hearings shall not be separately held in the affected counties and the issues relating to all agency reports (SHALL) *must* be considered at one hearing. (THE BOARD'S DECISION SHALL PROVIDE FOR THE ESTABLISHMENT OF FACILITIES CONSISTENT WITH THE BOARD'S CERTIFICATION OF NEED.)

*The board may not make any final decision under this subdivision until the board:*

(1) *determines the current status of and future prospects for the final development of commercial hazardous waste processing facilities in the state based on the responses to the board's requests for proposals, the results of the board's processing facility development grant and loan programs, and any applications which have been filed for processing facility operation permits; and*

(2) *adjusts the estimate of need prepared under section 115A.24 to reflect the types and quantities of hazardous waste likely to be generated as residuals of processing facilities based on the board's determination under clause (1).*

Sec. 28. Minnesota Statutes 1983 Supplement, section 115A.-291, is amended to read:

115A.291 [PERMITS.]

Research and analysis necessary to the permit applications and permit decisions required under this chapter, and the supporting environmental study, must commence immediately following the board's decision (UNDER SECTION 115A.28) *to apply for permits under this section.* Within 180 days following its (FINAL DECISION) *decisions* under section 115A.28, the board shall *conclude its analysis of the financial requirements for the facility and shall decide whether to submit, or cause to be submitted by a developer and operator selected by the board,* a preliminary application for permits for a facility or facilities consistent with its decision under section 115A.28. Following

review by the permitting agencies and within 60 days following the agency's determination of the adequacy of phase II of the environmental impact statement, the board shall revise the application, or cause it to be revised, in accordance with the recommendations of the permitting agencies. In preparing its revised permit application, the board may amend its (CERTIFICATION OF NEED ISSUED UNDER SECTION 115A.24 OR ITS) facility specifications under section 115A.28, if the board finds and determines, based upon the recommendations of the permitting agencies, that: (a) the amendments are necessary to secure permits for the construction and operation of the proposed facility at the proposed site, and (b) the recommendations and amendments are the result of new information or rules produced after the board's decisions under (SECTIONS 115A.24 AND) section 115A.28. Within 210 days following the submission of the revised permit application, the permitting agencies shall issue the necessary permits unless the pollution control agency determines that the facility or facilities proposed for permitting present environmental problems which cannot be addressed through the imposition of permit conditions. *The permits may not allow the use of the facility for disposal of radioactive waste, as defined by section 116C.71, subdivision 6.*

Sec. 29. Minnesota Statutes 1982, section 115A.46, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Plans shall address the state policies and purposes expressed in section 115A.02. Plans for the location, establishment, operation, maintenance, and post-closure use of facilities and facility sites, for ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. Plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. Plans shall address the establishment of joint powers management programs or waste management districts where appropriate. Plans proposing a designation of resource recovery facilities pursuant to sections 115A.70 and 400.162 shall be submitted to the waste management board for review and approval or disapproval. The review shall be based on whether the plans conform to the requirements of this section. The board may require revision of a plan as a condition of its approval. Plans shall address other matters as the rules of the agency may require consistent with the purposes of sections 115A.42 to 115A.46. Political subdivisions preparing plans under sections 115A.42 to 115A.46 shall consult with persons presently providing solid waste collection, processing, and disposal services. Plans (PREPARED BY LOCAL UNITS OF GOVERNMENT IN THE METROPOLITAN AREA SHALL CONFORM TO THE REQUIREMENTS OF CHAPTER 473) *shall be approved by the agency, or the metropolitan council pursuant to section 473.803. After initial approval, each plan shall be updated every five years and revised as necessary for further approval.*

Sec. 30. Minnesota Statutes 1982, section 115A.46, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. (THE PLANS SHALL CONTAIN AN ASSESSMENT OF OPPORTUNITIES TO REDUCE THE NEED FOR LAND DISPOSAL THROUGH WASTE REDUCTION AND RESOURCE RECOVERY, THE ALTERNATIVE DEGREES OF REDUCTION ACHIEVABLE, AND) *The plans shall require the most feasible and prudent reduction of the need for and practice of land disposal of mixed municipal solid waste. The plans shall address at least waste reduction, separation, and resource recovery, and shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste. The plans shall describe specific functions to be performed and activities to be undertaken to achieve the abatement objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The plans shall include a comparison of the costs of (ALTERNATIVES) the activities to be undertaken, including capital and operating costs, and the effects of the (ALTERNATIVES) activities on the cost to generators and on persons currently providing solid waste collection, processing, and disposal services. The plans shall include alternatives which could be used to achieve the abatement objectives if the proposed functions and activities are not established. The plans shall designate how public education shall be accomplished.* The plans shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plans shall include criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures.

Sec. 31. Minnesota Statutes 1982, section 115A.70, is amended by adding a subdivision to read:

*Subd. 8. [AUTHORITY.] A waste management district possessing designation authority in its articles of incorporation may be authorized to designate a resource recovery facility under sections 32 to 41.*

Sec. 32. [115A.80] [DESIGNATION OF RESOURCE RECOVERY FACILITIES; PURPOSE.]

*In order to further the state policies and purposes expressed in section 115A.02, and to advance the public purposes served by resource recovery, the legislature finds and declares that it may be necessary pursuant to sections 32 to 41 to authorize a qualifying solid waste management district or county to designate a resource recovery facility.*

Sec. 33. [115A.81] [DEFINITIONS.]

*Subdivision 1. [SCOPE.] The terms used in sections 32 to 41 have the meanings given them in this section.*

*Subd. 2. [DESIGNATION.] "Designation" means a requirement by a waste management district or county that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be delivered to a resource recovery facility identified by the district or county.*

Sec. 34. [115A.82] [ELIGIBILITY.]

*Facilities may be designated under sections 32 to 41 by (1) a solid waste management district established pursuant to sections 115A.62 to 115A.72 and possessing designation authority in its articles of incorporation; or (2) a county, but only for waste generated outside of the boundaries of a district qualifying under clause (1) or the Western Lake Superior Sanitary District established by Laws 1971, chapter 478, as amended.*

Sec. 35. [115A.83] [EXEMPTION.]

*The designation may not apply to or include: (1) materials that are separated from solid waste and recovered for reuse in their original form or for use in manufacturing processes; and (2) materials that are processed at another resource recovery facility at the capacity in operation at the time that the designation plan is approved by the reviewing authority.*

Sec. 36. [115A.84] [DESIGNATION PLAN.]

*Subdivision 1. [REQUIREMENT.] Before commencing the designation procedure under section 37, the district or county shall adopt a comprehensive solid waste management plan or, under chapter 473, a master plan. The comprehensive or master plan must include a plan for designation approved under this section.*

*Subd. 2. [DESIGNATION; PLAN CONTENTS.] (a) The designation plan must evaluate (1) the benefits of the designation, including the public purposes achieved by the conservation and recovery of resources, the furtherance of local and any district or regional waste management plans and policies, and the furtherance of the state policies and purposes expressed in section 115A.02; and (2) the estimated costs of the designation, including the direct capital, operating, and maintenance costs of the facility designated, the indirect costs, and the long-term effects of the designation.*

*(b) In particular the designation plan must evaluate:*

*(1) whether the designation will result in the recovery of resources or energy from materials which would otherwise be wasted;*

*(2) whether the designation will lessen the demand for and use of land disposal;*

*(3) whether the designation is necessary for the financial support of the facility;*

*(4) whether less restrictive methods for ensuring an adequate solid waste supply are available; and*

*(5) other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed designation, the direct and indirect costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators.*

*Subd. 3. [PLAN APPROVAL.] A district or county planning a designation for waste generated wholly within the metropolitan area defined in section 473.121 shall submit its designation plan to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation plan to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 90 days following submission of the plan for review. The reviewing authority shall approve the designation plan if the plan satisfies the requirements of subdivision 2.*

*Subd. 4. [EXCLUSION OF CERTAIN MATERIALS.] When it approves the designation plan, the reviewing authority*

may exclude from the designation materials that the reviewing authority determines will be processed at another resource recovery facility if:

(1) the other resource recovery facility is substantially completed or will be substantially completed within 18 months of the time that the designation plan is approved by the reviewing authority; and

(2) the other facility has or will have contracts for purchases of its product; and

(3) the materials are or will be under contract for delivery to the other facility at the time the other facility is completed.

In order to qualify for the exclusion of materials under this subdivision, the operator or owner of the other resource recovery facility shall file with the reviewing authority and the district or county or counties a written description of the facility, its intended location, its waste supply sources, purchasers of its products, its design capacity and other information that the reviewing authority and the district or county or counties may reasonably require. The information must be filed as soon as it becomes available but not later than the date when the county or district submits its designation plan for approval.

The reviewing authority may revoke the exclusion granted under this subdivision when it approves the designation ordinance under section 38 if in its judgment the excluded materials will not be processed at the other facility.

### Sec. 37. [115A.85] [PROCEDURE.]

Subdivision 1. [REQUIREMENT.] A district or county with an approved designation plan shall proceed as provided in this section when designating facilities. A district need not repeat the designation procedures in this section to the extent that the procedures have been completed by each county having territory in the district or by a joint powers board composed of each county having territory in the district.

Subd. 2. [HEARING.] The district or county shall hold a public hearing to take testimony on the designation. Notice of the hearing must be published in a newspaper of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing and must be mailed to political subdivisions, landfill operators, and licensed solid waste collectors who may be expected to use the facility. The notification must: (1) describe the area in which the designation will apply and the plans for the use of the solid waste; (2) specify the point or points of delivery of the solid waste; (3) estimate the types and quantities of solid waste subject to the designation;

and (4) estimate the fee to be charged for the use of the facilities and for any products of the facilities. A designation or contract for use is not invalid by reason of the failure of the district or county to provide written notice to an entity listed in this subdivision.

*Subd. 3. [NEGOTIATED CONTRACTS FOR USE.] During a period of 90 days following the hearing, the district or county shall negotiate with the persons entitled to written notice under subdivision 2 for the purpose of developing contractual agreements that will require use of the facilities proposed to be designated.*

*Subd. 4 [DESIGNATION DECISION.] At the end of the 90-day contract negotiation period the district or county may proceed to secure approval for and implement the designation as provided in section 38.*

**Sec. 38. [115A.86] [IMPLEMENTATION OF DESIGNATION.]**

*Subdivision 1. [DESIGNATION ORDINANCE.] (a) The district or county shall prepare a designation ordinance to implement a designation. The designation ordinance must: (1) define the geographic area and the types and quantities of solid waste subject to designation; (2) specify the point or points of delivery of the solid waste; (3) require that the designated solid waste be delivered to the specified point or points of delivery; (4) set out the procedures and principles to be followed by the county or district in establishing and amending any rates and charges at the designated facility; and (5) state any additional regulations governing waste collectors or other matters necessary to implement the designation.*

*(b) The designation ordinance must provide an exception for: (1) materials that are exempt or excluded from the designation under section 35 or 36, subdivision 4; and (2) materials otherwise subject to the designation for which negotiated contractual arrangements exist that will require and effect the delivery of the waste to the facility for the term of the contract.*

*Subd. 2. [APPROVAL.] A district or county whose designation applies wholly within the metropolitan area defined in section 473.121 shall submit the designation ordinance, together with any negotiated contracts assuring the delivery of solid waste, to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation ordinance, together with any negotiated contracts assuring the delivery of solid waste, to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 90 days following submission of the designation for review. The review-*

*ing authority shall approve the designation if it determines that the designation procedure specified in section 37 was followed and that the designation is based on a plan approved under section 36. The reviewing authority may attach conditions to its approval.*

*Subd. 3. [IMPLEMENTATION.] The designation may be placed into effect no less than 60 days following the approval required in subdivision 2. The effective date of the designation must be specified at least 60 days in advance. If the designation is not placed into effect within three years of approval, the designation must be resubmitted to the reviewing authority for approval or disapproval under subdivision 2.*

*Subd. 4. [EFFECT.] The designation is binding on all political subdivisions, landfill operators, solid waste generators, and solid waste collectors in the designation area.*

*Subd. 5. [AMENDMENTS.] Amendments to a designation ordinance must be submitted to the reviewing authority for approval. The reviewing authority shall approve the amendment if the amendment is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02. If the reviewing authority does not act within 90 days, the amendment is approved.*

**Sec. 39. [115A.87] [JUDICIAL REVIEW.]**

*An action challenging a designation must be brought within 60 days of the approval of the designation by the reviewing authority. The action is subject to section 562.02.*

**Sec. 40. [115A.88] [SERVICE GUARANTEE.]**

*The district or county may not arbitrarily terminate, suspend, or curtail services provided to any person required by contract or designation ordinance to use designated facilities without the consent of the person or without just cause.*

**Sec. 41. [115A.89] [SUPERVISION OF IMPLEMENTATION.]**

*The reviewing authority shall: (1) require regular reports on the implementation of each designation; (2) periodically evaluate whether each designation as implemented has accomplished its purposes and whether the designation is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02; and (3) report periodically to the legislature on its conclusions and recommendations.*

The objectives must be stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The plan (SHALL) must include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated

in annual increments through the year 1990 and thereafter in five year increments through the year 2000. (THE OBJECTIVES IN) The plan (SHALL BE BASED UPON STANDARDS) *must include measurable objectives* for (COUNTY) *local abatement of solid waste through resource recovery and waste reduction and separation programs and activities for each metropolitan county and for cities of the first class, the second class, and the third class, respectively, stated in annual increments through the year 1990 and in five year increments through the year 2000. The standards must be based upon and implement the council's metropolitan abatement objectives.* The council's plan (SHALL) *must include standards and procedures to be used by the council in determining (THAT) whether a metropolitan (COUNTIES HAVE NOT) county or class of cities within a metropolitan county has implemented the council's metropolitan land disposal abatement plan and (HAVE NOT MET) has achieved the (STANDARDS) objectives for (COUNTY) local abatement (PROGRAMS AND ACTIVITIES).* The council shall report on abatement to the legislative commission (ON ITS) *before January 1 of each year. The report must include an assessment of whether the objectives of the metropolitan abatement plan (AND ON) have been met and whether each county and each class of city within each county has achieved the objectives set for it in the council's plan. The report must recommend any legislation that may be required to implement the plan. If in any year the council reports that the objectives of the council's abatement plan have not been met, the council shall attach legislation to the report that reassigns appropriate governmental responsibilities among cities, counties, and metropolitan agencies so as to assure implementation and achievement of the metropolitan and local abatement plans and objectives.*

The council shall adopt a schedule (FOR DEVELOPMENT) of disposal (FACILITIES BY) *capacity to be developed in each county through the year 2000. The schedule (SHALL BE BASED UPON) may not allow capacity in excess of the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan, except as the council deems necessary to allow reallocation of capacity as required by this subdivision.* The council (MAY) *shall make the implementation of elements of the schedule, including the disposal capacity allocated to each county, contingent on actions of (THE COUNTIES) each county and class of city in*

*that county* in adopting and implementing (COUNTY) abatement plans pursuant to section 473.803, subdivision 1b (; AND). The council shall review the development schedule (AT LEAST) every (TWO YEARS) year and shall revise the development schedule (AS IT DEEMS APPROPRIATE) and the allocation of disposal capacity required for each county based on the progress made in (THE ADOPTION AND) *that county* in the implementation of the (COUNCIL AND COUNTY) council's abatement plans and achievement of metropolitan and local abatement objectives. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 473.833. The schedule (SHALL) *must* include standards and procedures for council certification of need pursuant to section 473.823. The schedule (SHALL) *must* include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 473.833, no longer needed for disposal facilities. The schedule (SHALL) *must* also include a closure schedule and plans for post-closure management for facilities in existence before the adoption of the development schedule.

Sec. 60. Minnesota Statutes 1982, section 473.181, subdivision 4, is amended to read:

Sec. 61. Minnesota Statutes 1983 Supplement, section 473.803, subdivision 1a, is amended to read:

Subd. 1a. [PROPOSED INVENTORY OF DISPOSAL SITES.] By October 15, 1981, each (COUNTY) *metropolitan county having a population of less than 300,000, as determined by the 1980 United States Census, shall adopt, by resolution of its governing body, an inventory of (FOUR) at least three proposed sites in the county suitable for mixed municipal solid waste disposal facilities and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Each metropolitan county having a population greater than 300,000, as determined by the 1980 United States Census, shall adopt, by resolution of its governing body, an inventory of at least four proposed sites in the county that are suitable for mixed municipal solid waste disposal facilities and shall submit the inventory to the council for approval or disapproval. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in*

federal and state regulations and the council's policy plan for solid waste management. In proposing and approving sites for the inventory, the counties and the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be adopted by a county or the council as part of an inventory unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. Each county shall provide to the agency data relating to the intrinsic suitability of the sites to be proposed for the inventory as soon as available. By July 1, 1981 each county shall propose at least the number of sites required for the inventory, and the director of the agency shall issue a notice indicating which of those sites the director recommends be certified as intrinsically suitable. Notice of hearings on the director's recommendation shall be published in the state register and newspapers of general circulation in the metropolitan area and shall be sent by mail to the metropolitan council and local government units containing a proposed inventory site. A hearing shall be held in each metropolitan county and shall be conducted by the state office of administrative hearings in a manner consistent with the completion of the proceedings and the hearing examiner's report to the agency in the time allowed by this section. The hearing shall afford all interested persons an opportunity to testify and present evidence on the subject of the hearing. The subject of the hearing shall be limited to information submitted by the county and additional information on the proposed sites which is relevant to the agency's decision on intrinsic suitability. The rulemaking and contested case procedures of chapter 14 shall not apply to this hearing. The report of the hearing examiner shall contain findings of fact, conclusions, and recommendations on the subject of the hearing. The agency shall make a final determination as to the intrinsic suitability of each proposed site and shall certify them accordingly within 90 days of the county's proposal of a site. The agency shall not be required to promulgate rules pursuant to chapter 15 on criteria and standards to govern its certification of intrinsic suitability under this section. No action of the agency shall be held invalid by reason of the agency's failure to notify any of the entities listed in this subdivision. The council shall evaluate each site with respect to local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of gen-

eration of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required of that county.

Sec. 62. Minnesota Statutes 1983 Supplement, section 473.803, subdivision 1b, is amended to read:

Subd. 1b. [LAND DISPOSAL ABATEMENT.] By April 1, 1982, after considering the council's disposal abatement report submitted to the counties pursuant to section 473.149, subdivision 2a, each county shall submit to the council a proposal to reduce to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste. The proposal (SHALL) *must* address at least waste reduction, separation, and resource recovery. The proposal (SHALL) *must* include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste generated within the county. The proposal (SHALL) *must* describe specific functions to be performed and activities to be undertaken by the county and cities and towns within the county to achieve the objectives and (SHALL) *must* describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The proposal (SHALL) *must* include alternatives which could be used to achieve the objectives if the proposed functions and activities are not established. *By August 1, 1984, each county shall provide the council with an analysis of the solid waste generated in the county, by classification of generators and by composition.* Each county shall revise its master plan to include a land disposal abatement element to implement the council's land disposal abatement plan adopted under section 473.149, subdivision 2d, and shall submit the revised plan to the council for review under subdivision 2 within nine months after the adoption of the council's metropolitan abatement plan. *The county plan must embody and be consistent with at least the local abatement objectives for the county and cities within the county as stated in the council's plan.* The (PROPOSAL AND) master plan revision required by this subdivision (SHALL) *must* be prepared in consultation with (CITIES AND TOWNS WITHIN THE COUNTY, PARTICULARLY THE CITIES AND TOWNS IN WHICH A SOLID WASTE DISPOSAL FACILITY IS OR MAY BE LOCATED PURSUANT TO THE COUNTY MASTER PLAN) *the advisory committee established pursuant to subdivision 4.*

Sec. 63. Minnesota Statutes 1982, section 473.803, subdivision 2, is amended to read:

Subd. 2. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall disapprove and return the plan with its comments to the county for revision and resubmittal. The county (SHALL HAVE 90) *has 60 days to revise and resubmit the plan for council approval. Any county solid waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.*

Sec. 64. Minnesota Statutes 1982, section 473.803, subdivision 3, is amended to read:

Subd. 3. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council for its approval a report containing information, as the council may prescribe in its policy plan, concerning solid waste generation and management within the county. The report shall include a statement of progress in achieving the land disposal abatement objectives (OF) *for the county and classes of cities in the county as stated in the council's policy plan and county master plan. The report (SHALL) must include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.*

Sec. 65. Minnesota Statutes 1982, section 473.803, is amended by adding a subdivision to read:

*Subd. 4. [ADVISORY COMMITTEE.] By July 1, 1984 each county shall establish a solid waste management advisory committee to aid in the preparation of the county master plan and any revisions thereof. The committee must consist of one-third citizen representatives, one-third representatives from towns and cities within the county, and one-third representatives from private waste management firms. At least one-third of the members of the committee must be residents of towns or cities within the county containing solid waste disposal facilities and eligible solid waste disposal sites included in the council's disposal site inventory. Members of the council's solid waste advisory committee who reside in the county are members of the county advisory committee. A representative of the metropolitan council is an ex officio member of the committee.*

Sec. 66. Minnesota Statutes 1982, section 473.811, subdivision 10, is amended to read:

Subd. 10. [COUNTY DESIGNATION OF RESOURCE RECOVERY FACILITIES.] (THE AUTHORITY GRANTED TO METROPOLITAN COUNTIES BY THIS SUBDIVISION SHALL NOT APPLY WITHIN ANY SOLID WASTE MANAGEMENT DISTRICT ESTABLISHED UNDER SECTIONS

115A.62 TO 115A.72. IN ORDER TO ACCOMPLISH THE OBJECTIVES OF COUNTY WASTE MANAGEMENT, TO FURTHER THE STATE POLICIES AND PURPOSES EXPRESSED IN SECTION 115A.02, AND TO ADVANCE THE PUBLIC PURPOSES SERVED BY RESOURCE RECOVERY, THE LEGISLATURE FINDS AND DECLARES THAT IT MAY BE NECESSARY TO AUTHORIZE A COUNTY TO REQUIRE THAT ALL OR ANY PORTION OF THE SOLID WASTE THAT IS GENERATED WITHIN THE BOUNDARIES OF THE COUNTY OR ANY SERVICE AREA THEREOF AND IS DISPOSED OF IN THE STATE BE DELIVERED TO A RESOURCE RECOVERY FACILITY DESIGNATED BY THE COUNTY BOARD OR A TRANSFER STATION SERVING SUCH A FACILITY. ANY COUNTY DESIGNATION SHALL BE BASED UPON AN APPROVED MASTER PLAN AND SHALL BE SUBMITTED PURSUANT TO SECTION 473.827, SUBDIVISION 1, FOR REVIEW AND APPROVAL OR DISAPPROVAL BY THE METROPOLITAN COUNCIL. IN ESTABLISHING, CONTINUING, AND TERMINATING THE DESIGNATION, THE COUNTY SHALL BE GOVERNED BY ALL STANDARDS, EXEMPTIONS, PROCEDURES, AND OTHER REQUIREMENTS PROVIDED IN SECTION 115A.70, SUBDIVISIONS 2 TO 6) *A qualifying county may be authorized to designate a resource recovery facility under sections 32 to 41.*

Sec. 67. Minnesota Statutes 1983 Supplement, section 473.823, subdivision 6, is amended to read:

Subd. 6. [COUNCIL: CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility (SHALL) *or capacity may* be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures (SHALL) *must* be based on the council's disposal abatement plan adopted (PURSUANT TO) *under* section 473.149, subdivision 2d, and the abatement master plans of counties adopted (PURSUANT TO) *under* section 473.803, subdivision 1b. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural (SHALL) *are not* (BE DEEMED TO BE) feasible and prudent. Economic considerations alone (SHALL) *do not* justify the certification of need or the rejection of alternatives. In its certification the council (SHALL) *may not* consider alternatives (WHICH) *that* have been eliminated from consideration by the adoption of the inventory pursuant to section 473.149, subdivision 2b, or the selection of sites under section 473.833, subdivision 3.

Sec. 68. Minnesota Statutes 1982, section 473.833, subdivision 4, is amended to read:

Subd. 4. [ACQUISITION AND DISPOSITION.] In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, (THE COUNCIL SHALL PROVIDE FOR THE ACQUISITION BY A) *each metropolitan county (OF) shall acquire property and rights in property at and around each solid waste disposal site selected within the county pursuant to subdivision 3. Each site scheduled for development as a facility through the year 1990 (SHALL) must be acquired in fee. Development rights (SHALL) must be acquired for each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights (SHALL) must be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. The owner of any property for which development rights are to be or have been acquired pursuant to this subdivision may elect by written notice at any time up to 90 days following the issuance of a permit by the agency for a facility to have the county acquire fee title to the property. Fee title (SHALL) may not be acquired by counties for buffer areas (ONLY) except at the election of the owner of the fee.*

#### ARTICLE 3

Section 1. Minnesota Statutes 1982, section 10A.31, subdivision 3a, is amended to read:

Subd. 3a. A minor political party as defined in section 10A.01, subdivision 13 qualifies for inclusion on the income tax form and property tax refund return as provided in subdivision 3, provided that

(1)(a) if a petition is filed, it is filed by June 1 of the taxable year; or

(b) if the party ran a candidate for statewide office, that office must have been the office of governor and lieutenant governor, secretary of state, state auditor, state treasurer, or attorney general; and

(2) the secretary of state certifies to the commissioner of revenue by July 1, 1984, and by July 1 of every odd-numbered year thereafter the parties which qualify as minor political parties under this subdivision.

If a minor party qualifies by filing a petition, the party shall be certified only if the secretary of state determines that the party satisfies the following conditions:

(a) the party meets the requirements of section 10A.01, subdivision 13 and in the last applicable election ran a candidate for the statewide offices listed in clause (1)(b) of this subdivision;

(b) it is a political party, not a principal campaign committee;

(c) it has held a state convention in the last two years, adopted a state constitution, and elected state officers; and

(d) an officer of the party has filed with the secretary of state a certification that the party held a state convention in the last two years, adopted a state constitution, and elected state officers.

Sec. 2. Minnesota Statutes 1982, section 10A.31, subdivision 5, is amended to read:

Subd. 5. In each calendar year the moneys in each party account and the general account shall be allocated to candidates as follows:

(1) 21 percent for the offices of governor and lieutenant governor together;

(2) 3.6 percent for the office of attorney general;

(3) 1.8 percent each for the offices of secretary of state, state auditor and state treasurer;

(4) In each calendar year during the period in which state senators serve a four year term, 23-1/3 percent for the office of state senator and 46-2/3 percent for the office of state representative;

(5) In each calendar year during the period in which state senators serve a two year term, 35 percent each for the offices of state senator and state representative;

(6) To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, moneys from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive moneys from his party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula;

For each county within his district the candidate's share of the dollars allocated in that county to his party account and set aside for that office shall be:

(a) The sum of the votes cast in the last general election in that part of the county in his district for all candidates of his party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by

(b) The sum of the votes cast in that county in the last general election for all candidates of his party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by

(c) The amount in his party account allocated in that county and set aside for the candidates for the office for which he is a candidate.

The sum of all the county shares calculated in the formula above is the candidate's share of his party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, ("LAST GENERAL ELECTION" MEANS THE LAST GENERAL ELECTION IN WHICH THE NAME OF A CANDIDATE OF THAT PARTY APPEARED ON THE BALLOT IN EACH VOTING PRECINCT IN THE STATE) amounts in the party's account shall be allocated based on (a)

*the number of people voting in the last general election in that part of the county in his district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in his party account allocated in that county and set aside for the candidates for the office for which he is a candidate.*

Sec. 3. Minnesota Statutes 1983 Supplement, section 273.1314, subdivision 6, is amended to read:

Subd. 6. [LOCAL CONTRIBUTION.] No area may be designated as an enterprise zone unless the municipality agrees to make a qualifying local contribution in the form of (a) a property tax reduction for employment property as provided by section 273.1313 for any business qualifying for a state tax reduction pursuant to this section, or (b) an equivalent local contribution or investment out of other municipal funds, but excluding any special federal grants or loans. *In concluding the agreement with the municipality the commissioner may require that the local contribution will be made in a specified ratio to the amount of the state credits authorized.* If the local contribution is to be used to fund additional reductions in state taxes, the commissioner and the governing body of the municipality shall enter an agreement for timely payment to the state to reimburse the state for the amount of tax revenue foregone as a result.

Sec. 4. Minnesota Statutes 1983 Supplement, section 273.1314, subdivision 8, is amended to read:

Subd. 8. [FUNDING LIMITATIONS.] The maximum amount of the tax reductions which may be authorized pursuant to designations of enterprise zones under section 273.1312 and this section is limited to (\$32,000,000) *\$35,600,000*. The maximum amount of this total which may be authorized by the commissioner for tax reductions pursuant to subdivision 9 that will reduce tax revenues which otherwise would have been received during fiscal years 1984 and 1985 is limited to (\$8,000,000) *\$9,000,000*. Of the total limitation and the 1984-1985 biennial limitation the commissioner shall allocate to enterprise zones designated under section 273.1312, subdivision 4, paragraph (c), clause (3), an amount equal to (\$10,000,000) *\$16,610,940* and (\$4,000,000) *\$5,000,000* respectively. These funds shall be allocated among such zones on a per capita basis *except that the maximum allocation to any one city is \$6,610,940 and no city's allocation shall exceed \$210 on a per capita basis.* An amount sufficient to fund the state funded property tax credits authorized pursuant to this section is appropriated to the commissioner of revenue. Upon designation of an enterprise zone the commissioner shall certify the total amount available for tax reductions in the zone for its duration. The amount certified shall reduce the amount available for tax reductions in other enterprise zones. If subsequent estimates indicate or actual experience

shows that the approved tax reductions will result in amounts of tax reductions in excess of the amount certified, the commissioner shall implement a plan to reduce the available tax reductions in the zone to an amount within the sum certified. If subsequent estimates indicate or actual experience shows that the approved tax reductions will result in amounts of tax reductions below the amount certified, the difference shall be available for certification in other zones or used in connection with an amended plan of tax reductions for the zone as the commissioner determines appropriate. If the tax reductions authorized result in reduced revenues for a dedicated fund, the commissioner of finance shall transfer equivalent amounts to the dedicated fund from the general fund as necessary.

Sec. 5. Minnesota Statutes 1983 Supplement, section 273.1314, subdivision 15, is amended to read:

Subd. 15. [REPORTING.] The commissioner shall require municipalities receiving enterprise zone designations pursuant to section 273.1312, subdivision 4, to supply information or otherwise report to the state regarding the economic activity which has occurred in the zone following the designation. This information shall include the number of jobs created in the zone, the number of economically disadvantaged individuals hired in the zone, the average wage level of the jobs created, and descriptions of any affirmative action programs undertaken by the municipality in connection with the zone. *The report must include the amount of the municipality's local contribution and number of businesses qualifying for or directly benefiting from the local contribution.*

Sec. 6. Minnesota Statutes 1983 Supplement, section 290.06, subdivision 11, is amended to read:

Subd. 11. [CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.] A taxpayer may take a credit against the tax due under this chapter of 50 percent of his contributions to candidates for elective state or federal public office and to any political party. The maximum credit for an individual shall not exceed \$50 and, for a married couple filing jointly or filing a combined return, shall not exceed \$100. No credit shall be allowed under this subdivision for a contribution to any candidate, other than a candidate for elective judicial office or federal office, who has not signed an agreement to limit his campaign expenditures as provided in section 10A.32, subdivision 3b. For purposes of this subdivision, a political party means a major political party as defined in section 200.02, subdivision 7, or a minor political party qualifying for inclusion on the income tax or property tax refund form under section 10A.31, subdivision 3a. A major or minor party includes the aggregate of the party organization within each house of the legislature, the state party organization, and the party organization within congressional districts, counties, legislative districts, municipalities, and precincts.

This credit shall be allowed only if the contribution is verified in the manner the commissioner of revenue shall prescribe.

Sec. 7. Minnesota Statutes 1982, section 290.06, is amended by adding a subdivision to read:

*Subd. 16. [CONSERVATION TILLAGE FARM EQUIPMENT; CREDIT.] (a) A credit is allowed against the tax imposed by this chapter in an amount equal to ten percent of the net cost of conservation tillage planters.*

*(b) The credit for a taxable year may not exceed the liability for tax. "Liability for tax" means the tax imposed under this chapter for the taxable year reduced by the sum of any nonrefundable credits allowed under this chapter. The amount of any unused credit for a taxable year shall be a carryback to each of the preceding three taxable years and a carryover to each of the succeeding five taxable years. The entire amount of the credit shall be carried to the earliest of the taxable years to which it may be carried.*

*(c) For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to a carryback under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation shall be that period which ends with the expiration of the 15th day of the 46th month, or the 45th month, in the case of a corporation, following the end of the taxable year in which the credit arises which results in the carryback. With respect to any portion of a credit carryback from a taxable year attributable to a loss carryback from a subsequent taxable year, the period of limitations shall be that period which ends with the expiration of the 15th day of the 46th month, or, in the case of a corporation, the 45th month following the end of the subsequent taxable year. In any case in which a taxpayer is entitled to a refund in a carryback year due to the carryback, interest shall be computed only from the end of the taxable year in which the credit arises. With respect to any portion of a credit carryback from a taxable year attributable to a loss carryback from a subsequent taxable year, interest shall be computed from the end of the subsequent taxable year.*

*(d) For purposes of this subdivision, the following terms have the meanings given:*

*(1) "Conservation tillage planters" means planters or planting attachments designed and configured in a manner to plant row or small grain crops under a no-till, ridge-till, or strip-till method of conservation tillage.*

*(2) "No-till" means a conservation tillage system in which the soil is left undisturbed prior to planting and planting is com-*

pleted in a narrow seedbed approximately one to three inches wide.

(3) "Ridge-till" means a conservation tillage system in which the soil is left undisturbed prior to planting and approximately one-third of the soil surface is tilled at planting with sweeps or row cleaners. Planting is completed on ridges several inches higher than the row middles.

(4) "Strip-till" means a conservation tillage system in which the soil is left undisturbed prior to planting and approximately one-third of the soil surface is tilled at planting using a rototiller, inrow chisel, row cleaner, or other similar conservation tillage equipment.

Sec. 8. [TRANSITION PROVISION; UNITARY NET OPERATING LOSSES.]

(a) If for a taxable year a corporation is subject to the provisions of Minnesota Statutes, section 290.095, subdivision 3, clause (d), the corporation may elect to take a net operating loss carryback pursuant to this section. If the taxpayer elects to be covered by the provisions of this section, the carryback shall be subject to the provisions of Minnesota Statutes, section 290.095, subdivision 3, but excluding clause (d).

(b) If the corporation elects to be covered by this section, all members of the unitary group must file amended returns for the year to which the loss is carried back. The amended returns must reflect the income of the entire unitary business as provided in Minnesota Statutes, section 290.34, subdivision 2. The unitary group of corporations must calculate the sum of the separate tax liabilities prior to the amended returns and the sum of the tax liabilities after the amended returns are filed. (1) If the sum of the separate tax liabilities is more than the sum of the unitary tax liabilities per amended returns, no refund is allowed from the filing of the amended returns. (2) If the sum of the separate tax liabilities is less than the sum of the unitary tax liabilities per amended returns, the difference must be paid with the filing of the amended returns.

(c) After filing the amended returns required by clause (b), the corporation shall be allowed a net operating loss carryback pursuant to section 290.095, subdivision 3. The net operating loss carryback is allowable only to the extent of the tax liability on the amended returns. The time limit on the filing of the amended return allowed under this section shall be the same as the time limit on the filing of the return for the year from which the loss is carried back.

(d) This section is effective for taxable years beginning after June 1981 and is repealed for taxable years beginning after December 31, 1984.

*If the taxpayer elects to be covered by this section, the extension of net operating loss carryovers provided by the last sentence of Minnesota Statutes, section 290.095, subdivision 3, clause (d), does not apply to any year to which a loss is carried back under this section.*

Sec. 9. Minnesota Statutes 1983 Supplement, section 290.09, subdivision 29, is amended to read:

Subd. 29. [DEDUCTIONS ATTRIBUTABLE TO FARMING.] (a) [DEFINITIONS.] For purposes of this subdivision, income and gains and expenses and losses shall be considered as "arising from a farm" if such items are received or incurred in connection with cultivating the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of livestock, (INCLUDING HORSES FOR HORSE RACING,) bees, poultry, and fur-bearing animals and wildlife, and all operations incident thereto, including but not limited to the common use of "hedging." *This subdivision does not apply to the breeding, raising, caring for, or training of racing horses.*

(b) [DEDUCTIONS LIMITED.] Except as provided in this subdivision, expenses and losses, except for interest and taxes, arising from a farm shall not be allowed as deductions in excess of income and gains arising from a farm.

(c) [DEDUCTIONS ALLOWED; CARRYOVER DEDUCTIONS.] Expenses and losses arising from a farm or farms shall be allowed as deductions up to the amount of the income and gains arising from a farm or farms in any taxable year, plus the first \$30,000 of nonfarm gross income, or nonfarm taxable net income in the case of a corporation, provided however that in any case where nonfarm income exceeds \$30,000, the maximum allowable amount of \$30,000 shall be reduced by an amount equal to the nonfarm income in excess of \$30,000 multiplied by three. For this purpose and for the purpose of applying the limitation in the following paragraph regarding the application of any carryback or carryforward, the term gross income shall include the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, as amended through December 31, 1981, and no deduction shall be allowed for two-earner married couples as provided in section 221 of the Internal Revenue Code of 1954, as amended through December 31, 1981. Any remaining balance of the deductions shall be carried back three years and carried forward five years, in chronological order, provided, however, that in any case in which any individual, estate or trust which elects a net operating loss carryforward under section 172(b)(3)(C) of the Internal Revenue Code of 1954, as amended through December 31, 1981, such losses shall not be carried back but shall only be carried forward.

Current expenses and losses shall be utilized as deductions in any taxable year, to the extent herein allowable, prior to the application of any carryback or carryover deductions. In any event, the combined amounts of such current expenses and losses and carryback or carryover deductions shall be allowed as deductions up to the amount of the income and gains arising from a farm or farms in any taxable year, plus the first \$30,000 of nonfarm gross income, or nonfarm taxable net income in the case of a corporation, provided however that in any case where nonfarm income exceeds \$30,000, the maximum allowable amount of \$30,000 shall be reduced by an amount equal to the nonfarm income in excess of \$30,000 multiplied by three.

(d) [SHAREHOLDERS SEPARATE ENTITIES.] For purposes of this subdivision, individual shareholders of an S corporation shall be considered separate entities.

(e) [SPECIAL PERIOD OF LIMITATION WITH RESPECT TO FARM LOSS LIMITATION CARRYBACKS.] For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to a farm loss limitation carryback under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation shall be that period which ends with the expiration of the 15th day of the 46th month (or the 45th month, in the case of a corporation) following the end of the taxable year of the farm loss which results in the carryback. During this extended period, married individuals who elected to file separate returns or a combined return may change their election and file a joint return.

(f) [INTEREST ON CLAIMS.] In any case in which a taxpayer is entitled to a refund in a carryback year due to the carryback of a farm loss, interest shall be computed only from the end of the taxable year in which the loss occurs.

(g) [ORDER OF APPLICATION.] The application of this subdivision shall be made after applying any limitation to out of state losses contained in section 290.17.

#### Sec. 10. [CARRYFORWARD OF DEDUCTION.]

*Any remaining balance of the deductions attributable to the breeding, raising, caring for, or training of racing horses from taxable years beginning before January 1, 1984, after any carryback or carryforward deductions allowed under Minnesota Statutes, section 290.09, subdivision 29 in taxable years beginning before January 1, 1984, may be carried forward to taxable years beginning after December 31, 1983, until they have been carried forward five years beginning with the first taxable year after the taxable year in which the deductions occurred. The deductions carried over to taxable years beginning after December 31, 1983, shall be allowed in an amount up to gross income or, in the*

*case of a corporation, taxable net income. The term "gross income" includes the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, as amended through December 31, 1982.*

Sec. 11. Minnesota Statutes 1983 Supplement, section 290.18, subdivision 2, is amended to read:

Subd. 2. [FEDERAL INCOME TAX PAYMENTS AND REFUNDS.] The adjusted gross income shall be computed by deducting from the gross income assignable to this state under section 290.17, the deduction for allowable federal income taxes determined under the provisions of sections (290.09, SUBDIVISION 4,) 290.10 (8), (9) or (10), and 290.18. *For purposes of the preceding sentence, federal income tax shall include the foreign tax credit allowed under section 33 of the Internal Revenue Code of 1954, as amended through December 31, 1983.*

This deduction shall be allowed to individuals, estates, or trusts (i) for taxable years beginning after December 31, 1980 in the taxable year to which the liability applies. Such liability includes the portion of self-employment tax allowed under section 290.10, clause (8). The self-employment tax must be deducted by the person who is deriving the income. When the federal tax liability is joint and several under the computation of a joint federal return of husband and wife, the federal tax liability must be split between the spouses in the same ratio that the federal adjusted gross income of that spouse bears to the total federal adjusted gross income. For purposes of the preceding sentence, "federal adjusted gross income" includes the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, as amended through December 31, 1981.

(ii) Taxes paid for a taxable year beginning before January 1, 1981 shall be allowed as follows:

(1) Those taxes paid in a taxable year beginning before January 1, 1981, shall be claimed in the year in which the payment was made.

(2) Those paid in a taxable year beginning after December 31, 1980 but before January 1, 1983 shall be divided and deducted in equal installments reflected by the yearly periods beginning with the first day of the taxable year in which the payment was made and ending December 31, 1986. For an amount which remains to be deducted in a taxable year beginning after December 31, 1982, where the federal tax liability for the year in which the payment was made is joint and several under the computation of a joint federal return of husband and wife, the remaining amounts to be deducted shall be claimed by the same spouse and in the same dollar amount as the deduction was claimed in the first taxable year beginning after December 31, 1981.

(3) Those paid in a taxable year beginning after December 31, 1982 shall be claimed in the year in which the payment was made. This amount shall be apportioned between spouses as provided in clause (i) and shall be allocated for exempt income under the provisions of section 290.10, clause (9) or (10) as though the payment was part of the federal tax liability for the year in which the payment was made.

(4) In the case of a person who was self employed during all or a portion of the taxable year, the federal income tax liability for purposes of this clause shall be increased by the self-employment tax allowed under section 290.10, clause (8). The self-employment tax shall be deducted in the year paid as provided in paragraph (1), (2), or (3). The self-employment tax must be deducted by the person who earned the income. Self-employment tax paid in a taxable year beginning after December 31, 1982 shall be allocated for exempt income as provided in paragraph (3).

(iii) If a taxpayer's federal tax liability is eventually not paid by reason of compromise, discharge, or court order, the deduction allowed pursuant to this subdivision shall be disallowed for the taxable year in which the liability was accrued.

(iv) In the event a federal tax liability for a taxable year commencing after December 31, 1980 is increased, decreased or modified, and such increase, decrease or modification has resulted in a change in the amount of Minnesota income tax in the year to which such increase, decrease or modification is attributable, the taxpayer's deduction under this subdivision shall be modified for such year.

(v) If the readjustments required in (iii) or (iv) are for taxes reflected in the transition rule described in (ii) (2), the readjustment shall be made equally to the remaining installments and if a reduction to such installments is required under this readjustment which exceeds the total of all remaining installments, the remaining installments will be reduced to zero and the excess included in income as a federal income tax refund.

(vi) Refunds which are not involved with any readjustments under the transition rule shall be included in income under Minnesota Statutes 1982, section 290.01, subdivision 20a, clause (6) if it is from a year beginning before January 1, 1981.

(vii) Refunds of taxes for years beginning after December 31, 1980, shall be used to adjust the deduction in the taxable year of the liability unless that year is closed by statute and no other adjustments are to be required or allowable in which case such refund shall be reportable in the year received.

Sec. 12. Minnesota Statutes 1982, section 290.19, subdivision 1a, is amended to read:

Subd. 1a. [DETERMINATION OF SALES MADE WITHIN THIS STATE.] For purposes of this section the following rules shall apply in determining whether or not sales are made within this state.

When tangible personal property is sold to a purchaser who is licensed by a state or political subdivision to resell the tangible personal property only within the state of ultimate destination and upon which an excise tax is imposed by that state, the sale is made in that state.*

The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of (SUCH) *the other corporation (, AND THE DIVIDENDS WERE PAID FROM INCOME ARISING OUT OF BUSINESS DONE IN THIS STATE BY THE CORPORATION PAYING SUCH DIVIDENDS; BUT IF THE INCOME OUT OF WHICH THE DIVIDENDS ARE DECLARED WAS DERIVED FROM BUSINESS DONE WITHIN AND WITHOUT THIS STATE, THEN SO MUCH OF THE REMAINDER SHALL BE ALLOWED AS A DEDUCTION AS THE AMOUNT OF THE TAXABLE NET INCOME OF THE CORPORATION PAYING THE DIVIDENDS ASSIGNABLE OR ALLOCABLE TO THIS STATE BEARS TO THE ENTIRE NET INCOME OF THE CORPORATION, SUCH RATE BEING DETERMINED BY THE RETURNS UNDER THIS CHAPTER OF THE CORPORATION*

THE BURDEN SHALL BE ON THE TAXPAYER OF SHOWING THAT THE AMOUNT OF DIVIDENDS CLAIMED AS A DEDUCTION HAS BEEN RECEIVED FROM INCOME ARISING OUT OF BUSINESS DONE IN THIS STATE).

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1954, as amended through December 31, 1982.

(d) If dividends received by a corporation that does not have nexus with Minnesota under the provisions of Public Law 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.34, subdivision 2, then for purposes of this

**Subdivision 1. [TAX REDUCTIONS.]** The county auditor shall reduce the tax for school purposes on all property receiving the homestead credit pursuant to section 273.13, subdivision 6, by an amount equal to (29) 33 percent of the tax levy imposed on up to 320 acres of land including the buildings and structures thereon but excluding the homestead dwelling and surrounding one acre of land. The county auditor shall reduce the tax for school purposes on the next 320 acres classified pursuant to section 273.13, subdivision 6 by an amount equal to (13) 15 percent of the tax levy imposed on the property. The tax on all other agricultural lands classified pursuant to section 273.13, subdivision 6 shall be reduced by an amount equal to ten percent of the tax levy imposed on the property. The tax on the first 320 acres of agricultural land classified pursuant to section 273.13, subdivi-

sion 4 and all real estate devoted to temporary and seasonal residential occupancy for recreational purposes, but not devoted to commercial purposes, shall be reduced by an amount equal to (13) 15 percent of the tax imposed on the property. The tax on timber land classified pursuant to section 273.13, subdivision 8a and agricultural land in excess of 320 acres classified pursuant to section 273.13, subdivision 4 shall be reduced by an amount equal to ten percent of the tax levy imposed on the property. The amounts so computed by the county auditor shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under the provisions of section 275.29. Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner of revenue shall review the certifications to determine their accuracy. He may make changes in the certification as he may deem necessary or return a certification to the county auditor for corrections. The amount of the reduction provided under this subdivision which any taxpayer can receive on all qualifying property which he owns shall not exceed (\$2,000) \$4,000 in the case of agricultural property and shall not exceed \$100 in the case of seasonal residential recreational property. In the case of property owned by more than one person, the maximum amount of the reduction shall apply to the total of all the owners. For purposes of computing the credit pursuant to this subdivision, the "tax levy" shall be the tax levy reduced by the credits provided by sections 273.115, 273.116, 273.123, 273.42, subdivision 2, and 473H.10.

Sec. 2. Minnesota Statutes 1983 Supplement, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, (7,) 8, and 9 or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but he shall value each article or description of property by itself, and at such sum or price as he believes the same to be fairly worth in money. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted

shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the assessed value of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment. All property, or the use thereof, which is taxable under sections 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 3. Minnesota Statutes 1982, section 273.123, is amended by adding a subdivision to read:

*Subd. 2a. [APPLICATION REQUIREMENTS.] A request for property tax relief shall be considered by the executive council only if the following requirements are met by the local unit of government submitting the request:*

*(1) a completed disaster survey shall be included with the request; and*

*(2) the average dollar amount of damage for the homes which are damaged and located within the geographic boundaries of the applicant shall be \$5,000 or more; and*

*(3) either (a) at least 25 homes located within the geographic boundaries of the applicant must have been damaged or destroyed; or (b) the total dollar amount of damage to all of the damaged homes located within the geographic boundaries of the applicant shall be equal to at least one percent of the total market value of all homestead property located within the geographic boundaries of the applicant.*

Sec. 4. Minnesota Statutes 1982, section 273.123, is amended by adding a subdivision to read:

*Subd. 7. [LOCAL OPTION.] The owner of homestead property not qualifying for an adjustment in valuation pursuant to subdivisions 1 to 5 may receive a reduction in the amount of taxes payable for the year in which the destruction occurs on the homestead portion if:*

*(a) 50 percent or more of the homestead dwelling, as established by the county assessor, is unintentionally or accidentally destroyed and the homestead is uninhabitable, and*

*(b) the owner of the property makes written application to the county assessor as soon as practical after the damage has occurred, and*

(c) the owner of the property makes written application to the county board, upon completion of the restoration of the destroyed structure.

The county board may grant a reduction in the amount of property tax which the owner must pay on the qualifying home in the year of destruction. Any reduction in the amount of tax payable which is authorized by county board action shall be calculated based upon the number of months that the home is uninhabitable. The amount of net tax due from the taxpayer shall be multiplied by a fraction, the numerator of which is the number of months the dwelling was occupied by that taxpayer and the denominator is 12. For purposes of this subdivision, if a structure is occupied for a fraction of a month, it is considered a month. "Net tax" is defined as the amount of tax after the subtraction of all of the state paid property tax credits. If application is made following payment of all property taxes due for the year of destruction, the amount of the reduction granted by the county board shall be refunded to the taxpayer by the county treasurer as soon as practical.

Any reductions or refunds approved by the county board shall not be subject to approval by the commissioner of revenue.

The county board may levy in the following year the amount of tax dollars lost to the county government as a result of the reductions granted pursuant to this subdivision. Any amount levied for this purpose shall be exempt from the levy limit provisions of sections 275.50 to 275.56.

Sec. 5. Minnesota Statutes 1983 Supplement, section 273.13, subdivision 6, is amended to read:

Subd. 6. [CLASS 3B.] Agricultural land, except as provided by class 1 hereof, and which is used for the purposes of a homestead shall constitute class 3b and shall be valued and assessed as follows: the first \$60,000 of market value shall be valued and assessed at 14 percent; the remaining market value shall be valued and assessed at 19 percent. The maximum amount of the market value of the homestead bracket subject to the 14 percent rate shall be adjusted by the commissioner of revenue as provided in section 273.1311. The property tax to be paid on class 3b property as otherwise determined by law less any reduction received pursuant to sections 124.2137, 273.123, 273.135, and 473H.10 shall be reduced by 54 percent of the tax; provided that the amount of the reduction shall not exceed \$650. Noncontiguous land shall constitute class 3b only if the homestead is classified as class 3b or class 3c provided that an owner whose homestead is classified as class 3c shall meet the income requirements under section 273.111, subdivision 6 and the detached land is located in the same township or city or not farther than two townships or cities or combination thereof from the homestead. The first \$12,000 market value of each tract of real estate which is rural in

character and devoted or adaptable to rural but not necessarily agricultural use, used for the purpose of a homestead shall be exempt from taxation for state purposes; except as specifically provided otherwise by law. *Homestead credit shall not be granted on that agricultural property receiving the state school agricultural credit when the homestead is classified as class 3c property.*

Agricultural land as used herein, and in section 124.2137, shall mean contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land and land included in federal farm programs.

Real estate of less than ten acres used principally for raising poultry, livestock, fruit, vegetables or other agricultural products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

The assessor shall determine and list separately on his records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 6. Minnesota Statutes 1982, section 273.13, subdivision 9, is amended to read:

Subd. 9. [CLASS 4A, 4B, 4C, AND 4D.] (1) All property not included in the preceding classes shall constitute class 4a and shall be valued and assessed at 43 percent of the market value thereof, except as otherwise provided in this subdivision.

(2) Real property which is not improved with a structure and which is not utilized as part of a commercial or industrial activity shall constitute class 4b and shall be valued and assessed at 40 percent of market value.

(3) Commercial and industrial property, except as provided in this subdivision, shall constitute class 4c and shall be valued and assessed at 34 percent of the first (\$50,000) \$100,000 of market value and 43 percent of the remainder, provided that in the case of state-assessed commercial or industrial property owned by one person or entity, only one parcel shall qualify for the 34 percent assessment, and in the case of other commercial or industrial property owned by one person or entity, only one parcel in each county shall qualify for the 34 percent assessment.

Residential real estate containing three or less units, other than seasonal residential, recreational and homesteads, shall be classified as class 3dd property and shall have a taxable value equal to 28 percent of market value.

Residential real estate as used in this subdivision means real property used or held for use by the owner thereof, or by his tenants or lessees as a residence for rental periods of 30 days or more, but shall not include homesteads, or real estate devoted to temporary or seasonal residential occupancy for recreational purposes. Where a portion of a parcel of property qualified for class 3d or 3dd and a portion does not qualify for class 3d or 3dd the valuation shall be apportioned according to the respective uses.

Residential real estate containing less than (THREE) *four* units when entitled to homestead classification for one or more units shall be classed as 3b, 3c or 3cc according to the provisions of subdivisions 6 and 7. *A single rented or leased dwelling unit located within or attached to a private garage or similar structure owned by the owner of a homestead and located on the premises of that homestead must be classified as 3b, 3c, or 3cc as part of the owner's homestead according to the provisions of subdivisions 6 and 7. If more than one dwelling unit is attached to the structure, the units must be assessed as class 3d or 3dd property.*

Sec. 8. Minnesota Statutes 1983 Supplement, section 273.13, subdivision 21, is amended to read:

Subd. 21. [LIMITATION ON HOMESTEAD CLASSIFICATION.] If the assessor has classified property as both home-

The homestead classification ratios contained in subdivisions 6 and 7 shall only be applied against that portion of the property which is homestead and is classified 3b, 3c, or 3cc, whichever is applicable.

*If the assessor has classified property as both homestead and nonhomestead, the homestead credit provided under subdivisions 6 and 7 and the reductions in tax provided under sections 273.135 and 273.1391, shall apply to the value of both the homestead and the nonhomestead portions of the property.*

(EXCEPT FOR BUILDINGS CONTAINING FEWER THAN THREE UNITS CLASSIFIED PURSUANT TO SECTION 273.13, SUBDIVISION 19, IF THE PORTION OF A BUILDING USED AS THE OWNER'S HOMESTEAD IS SEPARATE FROM OTHER DWELLING UNITS IN THE BUILDING, ONLY THE OWNER'S RESIDENCE PLUS THE LAND ATTRIBUTABLE TO THE RESIDENCE IS TO RECEIVE EITHER THE 3B, 3C, OR 3CC CLASSIFICATION.)

Sec. 9. Minnesota Statutes 1983 Supplement, section 477A.013, subdivision 1, is amended to read:

Subdivision 1. [TOWNS.] In each calendar year, each town which (HAS AN AVERAGE EQUALIZED MILL RATE) levied a tax payable in the previous year of at least (TWO MILLS) one mill shall receive a distribution equal to 50 percent of the amount received in 1983 pursuant to Minnesota Statutes 1982, sections 273.138, 273.139, and 477A.011 to 477A.03.

Sec. 10. Minnesota Statutes 1982, section 477A.13, is amended to read:

#### 477A.13 [TIME OF PAYMENT, DEDUCTIONS.]

Payments to the counties shall be made from the general fund during the month of July of the year next following certification. There shall be deducted from amounts paid any amounts paid to a county or township during the preceding year pursuant to sections (84A.51,) 89.036, 97.49, subdivision 3, and 272.68, subdivision 3 with respect to the lands certified pursuant to section 477A.12.

*Payments under section 477A.12 must also be reduced by the following percentages of the amounts paid during the preceding year under section 84A.51:*

- (1) for the payment made July 15, 1984, 75 percent;*
- (2) for the payment made July 15, 1985, 50 percent;*
- (3) for the payment made July 15, 1986, 25 percent; and*
- (4) for the payment made thereafter, 0 percent.*

#### Sec. 11. [HOMESTEAD CREDIT ADJUSTMENTS.]

*The commissioner of revenue shall by May 1, 1984, advise each county auditor to recompute the homestead credit to be applied against each parcel of property assessed by the county as both homestead and nonhomestead property. The homestead credit shall be applied against the entire parcel. The county auditor shall file an abatement with the county board listing each affected parcel and the additional homestead credit. The county board shall approve the abatement in the same manner as provided in section 375.192 and forward it to the commissioner. For purposes of this section, "homestead credit" means reductions paid pursuant to sections 273.13, subdivision 14a, 273.135 and 273.1391.*

*The county treasurer shall issue corrected property tax statements showing the corrected taxes. The additional homestead credit shall be a reduction against the second half taxes unless the county treasurer issues the corrected statements on or before May 11, 1984.*

*By July 1, 1984, each county auditor shall notify the commissioner in writing about the procedures used in the county to handle this process.*

#### Sec. 12. [STATEMENT OF PURPOSE.]

*The legislature finds that the method of valuing farm property on the basis of sales of comparable properties overstates the value of farm property. Further, the legislature finds that methods of determining the production value of farm property are not suitable as a basis for directly determining the value of individual parcels of farm property. Therefore, the legislature determines that market value should continue to be used as the basis for taxation but that that market value should be adjusted to reflect the production value of farm property.*

#### Sec. 13. [DETERMINATION OF RATIO.]

*The commissioner of revenue shall consider alternative methods of determining the production value of farm property and shall make a recommendation to the legislature by January 15, 1985, as to the percentage of market value to be used in determining the production value to be used for the 1985 assessment, taxes payable in 1986.*

#### Sec. 14. [GUIDELINES TO COUNTY ASSESSORS.]

*The department of revenue is directed by the legislature to prepare and issue guidelines to all county assessors by October 1984, on the following two topics:*

*(a) the proper assessment methods which should be used when valuing land which is irrigated or capable of being irrigated, and*

*(b) the proper method for adjusting sales price for financing terms and other conditions of a sale in determining true market value.*

*The guidelines are not rules subject to the administrative procedure act of chapter 14.*

#### Sec. 15. [LOCAL GOVERNMENT AIDS ADJUSTMENT.]

*Subdivision 1. [ELIGIBLE AMOUNT.] For any city (a) which incorporated in 1974 or thereafter, and (b) whose current population as determined for the calendar year 1979 local government aids distribution exceeded its 1970 census population by a factor of two or more, the commissioner of revenue shall determine the additional amount that the city would have received in the 1979 aid distribution had the full amount of its then current population been used in the formula calculation for that year. This amount shall be increased by 30 percent, and and by a percentage equal to its percentage increase in population from 1979 to 1983.*

*Subd. 2. [ADJUSTMENTS.] For every qualifying city, the amount determined pursuant to subdivision 1 shall be permanently added to its adjusted local revenue base pursuant to Minnesota Statutes, section 477A.011, subdivision 7a, and its maximum aid pursuant to Minnesota Statutes, section 477A.011, subdivision 10, for aids payable in 1984. 1984 aid distributions for all affected cities shall be based upon formula factors as amended by this section.*

*This amount shall also be a permanent adjustment to each city's adjusted levy limit base for taxes payable in 1984, pursuant to Minnesota Statutes, section 275.51, subdivision 3h.*

**Sec. 16. [REPEALER.]**

*Minnesota Statutes 1983 Supplement, section 273.11, subdivision 7, is repealed.*

**Sec. 17. [EFFECTIVE DATE.]**

*The increase in the agricultural aid maximum to \$4,000 in section 1 is effective for the 1983 assessment and thereafter, taxes payable 1984 and thereafter. The agricultural aid percentage increases in section 1 and sections 2 to 8 and 16 are effective for the 1984 assessment and thereafter, taxes payable in 1985 and thereafter. Section 9 is effective for local government aid distributions in 1985 and thereafter. Sections 10 to 14 are effective the day after final enactment. Section 15 is effective for local government aid distributions in 1984 and thereafter.*

**ARTICLE 6**

Section 1. Minnesota Statutes 1983 Supplement, section 290A.03, subdivision 8, is amended to read:

Subd. 8. [CLAIMANT.] (a) "Claimant" means a person, other than a dependent, who filed a claim authorized by sections 290A.01 to 290A.20 and who was domiciled in this state during the calendar year for which the claim for relief was filed.

(b) In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes or payments made in lieu of ad valorem taxes, including payments of special assessments imposed in lieu of ad valorem taxes, are payable at some time during the calendar year covered by the claim.

(c) "Claimant" shall not include a resident of a nursing home, intermediate care facility, or long term residential facility whose rent constituting property taxes is paid pursuant to the supplemental security income program under title XVI of the Social Security Act, the Minnesota supplemental aid program under sections 256D.35 to 256D.41, the medical assistance program pursuant to title XIX of the Social Security Act, or the general assistance medical care program pursuant to section 256D.03, subdivision 3. If only a portion of the rent constituting property taxes is paid by these programs, the resident shall be a claimant for purposes of this chapter, but the refund calculated pursuant to section 290A.04 shall be multiplied by a fraction, the numerator of which is income as defined in subdivision 3 reduced by the total amount of income from the above sources other than vendor payments under the medical assistance program or the general assistance medical care program and the denominator of which is income as defined in subdivision 3 plus

vendor payments under the medical assistance program or the general assistance medical care program, to determine the allowable refund pursuant to this chapter.

(d) Notwithstanding paragraph (c), if the claimant was a resident of the nursing home, intermediate care facility or long term residential facility for only a portion of the calendar year covered by the claim, the claimant may compute rent constituting property taxes by disregarding the rent constituting property taxes from the nursing home, intermediate care facility, or long term residential facility and use only that amount of rent constituting property taxes or property taxes payable relating to that portion of the year when the claimant was not in the facility. The claimant's household income is his income for the entire calendar year covered by the claim.

(e) In the case of a claim for rent constituting property taxes of a part year Minnesota resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only. Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. *When two individuals of a household are able to meet the qualifications for a claimant, they may determine among them as to who the claimant shall be. If they are unable to agree, the matter shall be referred to the commissioner of revenue and his decision shall be final.* If a homestead property owner was a part year Minnesota resident, the income reflected in the computation made pursuant to section 290A.04 shall be for the entire calendar year, including income not assignable to Minnesota.

(f) (EXCEPT AS PROVIDED IN SECTION 290A.05.) If a homestead is occupied by two or more renters (OR JOINT TENANTS OR TENANTS IN COMMON), who are not husband and wife, the rent (OR PROPERTY TAXES) shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be his household income for purposes of computing the amount of credit to be allowed.

Sec. 2. Minnesota Statutes 1983 Supplement, section 290A.03, subdivision 13, is amended to read:

Subd. 13. [PROPERTY TAXES PAYABLE.] "Property taxes payable" means the property tax exclusive of special assessments, penalties, and interest payable on a claimant's homestead before reductions made pursuant to section 273.13, subdivisions 6, 7 and 14a, but after deductions made pursuant to sections 124.2137, 273.115, 273.116, 273.135, 273.139, 273.1391, 273.42, subdivision 2, and any other state paid property tax credits in any calendar year. In the case of a claimant who makes ground lease payments, "property taxes payable" includes the amount of the payments directly attributable to the property taxes assessed against the parcel on which the house is located.

No apportionment or reduction of the "property taxes payable" shall be required for the use of a portion of the claimant's homestead for a business purpose if the claimant does not deduct any business depreciation expenses for the use of a portion of the homestead in the determination of federal adjusted gross income. For homesteads which are manufactured homes as defined in section 168.011, subdivision 8, "property taxes payable" shall also include the amount of the gross rent paid in the preceding year for the site on which the homestead is located, which is attributable to the net tax paid on the site. The amount attributable to property taxes shall be determined by multiplying the net tax on the parcel by a fraction, the numerator of which is the gross rent paid for the calendar year for the site and the denominator of which is the gross rent paid for the calendar year for the parcel. *When a homestead is owned by two or more persons as joint tenants or tenants in common, such tenants shall determine between them which tenant may claim the property taxes payable on the homestead. If they are unable to agree, the matter shall be referred to the commissioner of revenue and his decision shall be final.* Property taxes are considered payable in the year prescribed by law for payment of the taxes.

In the case of a claim relating to "property taxes payable," the claimant must have owned and occupied the homestead on January 2 of the year in which the tax is payable and (i) the property must have been classified as homestead property pursuant to section 273.13, subdivisions 6, 7, or 14a on or before June 1 of the year in which the "property taxes payable" were levied; or (ii) the claimant must provide documentation from the local assessor that application for homestead classification has been made prior to October 1 of the year in which the "property taxes payable" were payable and that the assessor has approved the application.

Sec. 3. Minnesota Statutes 1983 Supplement, section 290A.-04, subdivision 2e, is amended to read:

Subd. 2e. If the net property taxes payable on a homestead increase more than 20 percent over the net property taxes payable in the previous year on the same property, a claimant who is a homeowner shall be allowed an additional refund equal to (50) 100 percent of the amount by which the increase exceeds 20 percent. This subdivision shall not apply to any increase in the net property taxes payable attributable to improvements made to the homestead. (THE REFUND SHALL NOT EXCEED \$200. THE MAXIMUM REFUND SHALL BE REDUCED BY \$20 FOR EACH \$1,000 OF THE CLAIMANT'S HOUSEHOLD INCOME IN EXCESS OF \$30,000. NO REFUND SHALL BE ALLOWED IF THE CLAIMANT'S HOUSEHOLD INCOME EXCEEDS \$40,000.) *The maximum refund shall be an unlimited dollar amount, provided, however, that it shall be reduced by one-tenth for each \$1,000 of claimant's household income in excess of \$40,000.*

*No refund pursuant to this subdivision shall be allowed if the claimant's household income exceeds \$50,000.*

For purposes of this subdivision, "net property taxes payable" means property taxes payable after reductions made pursuant to sections 124.2137; 273.13, subdivisions 6, 7, and 14a; 273.115, subdivision 1; 273.116, subdivision 1; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivisions 2, 2a and 2b.

In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

(ON OR BEFORE DECEMBER 1, 1983, THE COMMISSIONER SHALL ESTIMATE THE COST OF MAKING THE PAYMENTS PROVIDED BY THIS SECTION. NOTWITHSTANDING THE OPEN APPROPRIATION PROVISION OF SECTION 290A.23, IF THE ESTIMATED TOTAL REFUND CLAIMS EXCEED \$11,000,000, THE COMMISSIONER SHALL ADJUST ACCORDINGLY THE PERCENTAGE INCREASE IN NET PROPERTY TAXES PAYABLE OVER THE PREVIOUS YEAR WHICH IS REQUIRED TO QUALIFY FOR THE CREDIT PROVIDED IN THIS SUBDIVISION.)

This subdivision is repealed effective for property taxes levied in 1984, payable in 1985.

Sec. 4. Minnesota Statutes 1982, section 290A.04, is amended by adding a subdivision to read:

*Subd. 2g. If the net property taxes payable on a homestead increase more than 15 percent over the net property taxes payable in the previous year on the same property, a claimant who is a homeowner shall be allowed an additional refund equal to 50 percent of the amount by which the increase exceeds 15 percent. This subdivision shall not apply to any increase in the net property taxes payable attributable to improvements made to the homestead. The refund shall not exceed \$400. The maximum refund shall be reduced by \$40 for each \$1,000 of the claimant's household income in excess of \$40,000. No refund shall be allowed if the claimant's household income exceeds \$50,000.*

For purposes of this subdivision, "net property taxes payable" means property taxes payable after reductions made pursuant to sections 124.2137; 273.13, subdivisions 6, 7, and 14a; 273.115, subdivision 1; 273.116, subdivision 1; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax

*credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivisions 2, 2a and 2b.*

*In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.*

*This subdivision is repealed effective for property taxes levied in 1985, payable in 1986.*

**Sec. 5. Minnesota Statutes 1983 Supplement, section 290A.05, is amended to read:**

**290A.05 [COMBINED HOUSEHOLD INCOME (; RENTERS AND LESSEES).]**

If a person occupies a homestead with another person or persons not related to the person as husband and wife, excluding dependents, (JOINT TENANTS OR TENANTS IN COMMON WHO ARE ALSO CLAIMANTS,) roomers or boarders on contract, and has property tax payable with respect to the homestead, the household income of the claimant or claimants for the purpose of computing the refund allowed by section 290A.04 shall include the total income received by the other persons residing in the homestead. If a person occupies a homestead with another person or persons not related as husband and wife or as dependents, (AND WHO ARE RESIDING AT THE HOMESTEAD UNDER RENTAL OR LEASE AGREEMENT,) the property tax payable or rent constituting property tax shall be reduced as follows.

*If the other person or persons are residing at the homestead under rental or lease agreement, the amount of property tax payable or rent constituting property tax shall be that portion not covered by the rental agreement.*

**Sec. 6. [COMPUTATION; REFUNDS.]**

The statements shall contain the information required in Minnesota Statutes, section 276.04, except that a notice must be enclosed stating that the statement is amended pursuant to this section. The auditor shall recertify the agricultural aid amounts to the commissioner of revenue by the time and in the form determined by the commissioner. The commissioner of revenue shall review the recertifications to determine their ac-*

*curacy. He may make changes in the recertification he deems necessary or return a certification to the county auditor for corrections.*

*If property taxes payable in 1984 have been paid in full without the adjustments required by this section, the taxpayer shall receive a refund equal to the difference between the taxes paid and the tax as recomputed. The county auditor shall determine the amount of the refund and mail it to the taxpayer as soon as practical.*

*If property taxes payable in 1984 have been partially paid without the adjustments required by this section, the auditor shall reduce the remaining taxes due by the amount of the tax reduction required by this section, and refund any excess. He shall notify the affected taxpayer of the corrected tax. In lieu of the reduction, a taxpayer may elect to receive a refund, and upon application of the taxpayer, the auditor shall refund the amount of the reduction attributable to the partial tax payment.*

*Refunds paid under this section do not include interest.*

*If the county auditor has settled and distributed funds under Minnesota Statutes, section 276.10 with respect to any amounts which have been refunded to taxpayers under this section, the amounts of those refunds must be deducted from the next settlement and distribution. The county auditor shall notify the appropriate school districts of the amount to be deducted.*

#### Sec. 7. [PAYMENT; PENALTIES.]

*Section 6 does not excuse timely payment of taxes as required in Minnesota Statutes, section 279.01. Penalties shall accrue as provided in Minnesota Statutes, section 279.01 only on the amount of the taxes as recomputed under section 6.*

#### Sec. 9. [APPROPRIATION.]

**Sec. 10. [EFFECTIVE DATE.]**

*Sections 1, 2, and 5 are effective for claims based on property taxes payable in 1985 and thereafter. Sections 3 and 6 to 9 are effective the day after final enactment. Section 4 is effective for claims based on property taxes levied in 1984 payable in 1985.*

**ARTICLE 7****Section 1. [RAMSEY-WASHINGTON METRO WATERSHED DISTRICT; WATER MAINTENANCE AND REPAIR FUND; CREATION OF FUNDS; TAX LEVY.]**

*The Ramsey-Washington metro watershed district may, in addition to its other powers, establish a water maintenance and repair fund which shall be kept distinct from all other funds of the district. The fund shall be maintained by an annual ad valorem tax levy on each dollar of assessed valuation of all taxable property within the Ramsey-Washington metro watershed district sufficient to raise not more than \$30,000 in 1985, and in subsequent years not more than \$15,000. The board of managers of the district shall adopt each year, by resolution, the amount to be raised by mill levy for the fund for the ensuing year, which shall be levied, collected, and distributed to the district in accordance with Minnesota Statutes, section 112.611, in addition to any other money levied, collected, and distributed to the district.*

**Sec. 2. [PURPOSE OF FUND.]**

Within 30 days following receipt of the written notice, any affected municipality may notify the district in writing that it will perform the works ordered by the district. If approved by referendum as provided in section 5, the board may levy a tax not to exceed 1.0 mills on the taxable value of all real and personal property located within the district. The amount of tax levied is in addition to all other taxes on the property and must be disregarded in the calculation of all other mill rate or per capita levy limitations imposed by law or charter upon the cities or towns located within the district. The tax shall be collected by the Crow Wing county treasurer and paid directly to the board. The proceeds of the tax levy shall be used by the board in conjunction with money received from the Iron Range Resources and Rehabilitation Board for operation of the Croft Historical Park.

[ADJUSTED ASSESSED VALUE.] (a) [COMPUTATION.]** The equalization aid review committee, consisting of the commissioner of education, the commissioner of administration, the commissioner of agriculture, and the commissioner of revenue, is hereby continued and permanently established. The duty of this committee shall be to review the assessed valuation of the districts of the state. (WHEN SUCH REVIEWS DISCLOSE REASONABLE EVIDENCE THAT THE ASSESSED VALUATION OF ANY DISTRICT FUR-

NISHED BY ANY COUNTY AUDITOR IS NOT BASED UPON THE MARKET VALUE OF TAXABLE PROPERTY IN SUCH DISTRICT, THEN SAID COMMITTEE SHALL CALL UPON THE DEPARTMENT OF REVENUE TO ASCERTAIN THE MARKET VALUE OF SUCH PROPERTY, AND ADJUST SUCH VALUES AS REQUIRED BY LAW TO DETERMINE THE ADJUSTED ASSESSED VALUATION) *The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures referenced in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine an aggregate equalized assessed value for the various strata of taxable property in each school district, which value shall be designated as the adjusted assessed value. The department of revenue shall take such steps as are necessary in the performance of that duty and may incur such expense as is necessary therefor. The commissioner of revenue is authorized to reimburse any county or governmental official for services performed at his request in ascertaining such adjusted valuation. On or before March 15, annually, the department of revenue shall submit its report on the assessed values established by the previous year's assessment to said committee for approval or rejection and, if approved, such report shall be filed not later than the following July 1 with the commissioner of education and each county auditor for those school districts for which he has the responsibility for determination of mill rates. A copy of the adjusted assessed value so filed shall be forthwith mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which such district is located.*

(b) [METHODOLOGY.] *In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general methodology with specific procedures necessary for proper execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedures act. By January 15, 1985, the commissioner shall report to the Chairmen of the House Tax Committee and the Senate Committee on Taxes and Tax Laws the results of a study which the commissioner shall prepare comparing the 1983 sales ratio study based upon the original 1983 assessment/sales ratio study methodology with the new methodology as provided in clause (b). The 1984 adjusted assessed values which are certified to the commissioner of education shall be computed using the 1983 assessment/sales ratio study methodology unless the 1985 legislature directs otherwise.*

(c) [AGRICULTURAL LANDS.] For purposes of determining the adjusted assessed value of agricultural lands for the calculation of 1977 adjusted assessed values and thereafter, the market value of agricultural lands shall be the arithmetic average of (1) the price for which the property would sell in an arms length transaction, and (2) the income which could be derived from its free market gross rental rate capitalized at a rate of nine percent.

Sec. 2. Minnesota Statutes 1982, section 271.01, subdivision 5, is amended to read:

No sales ratio study received into evidence shall be conclusive or binding on the court and evidence of its reliability or unreliability may be introduced by any party including, but not limited to, evidence of inadequate adjustment of sale prices for terms of financing, *inadequate adjustment of sales prices to reflect the difference in the date of sale compared to the assessment date, and inadequate sample size.*

(c) *there is an adequate sample size, and*

(d) *the median ratio of the class of property of the subject property in the same county, city or town of the subject property is lower than 90 percent.*

If the commissioner later finds the tax assessment to be erroneous, he may adjust the assessment prior to collection.

(5) The commissioner shall not be required to object to any subsequent original, amended or supplemental return in order to preserve his rights. The commissioner shall not be precluded from objecting to a subsequent original, amended or supplemental return even though an original return was accepted as filed. If the commissioner had accepted an original return showing no tax due and a subsequent original, amended or supplemental return discloses additional assets not disclosed on the original return, the commissioner may object to any matter of valuation, taxability, deduction or computation of tax on the original return within 180 days of receipt of the subsequent original, amended or supplemental return.

The personal representative of an estate containing such property may elect to pay all or part of the tax imposed by this chapter in one or more, but not to exceed ten, equal installments, provided that the maximum amount of tax which may be paid in installments pursuant to this subdivision shall be an amount which bears the same ratio to the estate's tax liability under this chapter as the value of property determined pursuant to section (291.075) 2032A of the Internal Revenue Code and included in the Minnesota taxable estate bears to the amount of the Minnesota taxable estate. The first installment shall be paid on or before the date selected by the personal representative. The date may be no more than five years after the date prescribed by section 291.11, subdivision 1, for payment of the estate tax. Each succeeding installment shall be paid on or before that same date each year. An election under this subdivision shall be made not later than nine months after the decedent's death and shall be made in the manner as the commissioner shall prescribe by rule.

## ARTICLE 10

Section 1. Minnesota Statutes 1982, section 270.80, subdivision 4, is amended to read:

Subd. 4. "Nonoperating property" means and includes all property other than property defined in subdivision 3. Nonoperating property shall include real property which is leased or

rented or available for lease or rent to any person which is not a railroad company. Vacant land shall be presumed to be available for lease or rent if it has not been used as operating property for a period of one year preceding the valuation date. Nonoperating property also includes land which is not necessary and integral to the performance of railroad transportation services and which is not used on a regular and continual basis in the performance of these services. *Nonoperating property also includes that portion of a general corporation office building and its proportionate share of land which is not used for railway operation or purpose.*

Sec. 2. Minnesota Statutes 1982, section 270.84, subdivision 1, is amended to read:

Subdivision 1. The commissioner shall annually between April 30 and July 31 make a determination of the fair market value of the operating property of every railroad company doing business in this state as of January 2 of the year in which the valuation is made. (IN DETERMINING THE FAIR MARKET VALUE OF THE PORTION OF OPERATING PROPERTY WITHIN THIS STATE, THE COMMISSIONER SHALL VALUE THE OPERATING PROPERTY AS A UNIT. TAKING INTO CONSIDERATION THE VALUE OF THE OPERATING PROPERTY OF THE ENTIRE SYSTEM, AND SHALL ALLOCATE TO THIS STATE THAT PART THEREOF WHICH IS A FAIR AND REASONABLE PROPORTION OF SAID ENTIRE SYSTEM VALUATION. IF THE COMMISSIONER USES ORIGINAL COST AS A FACTOR IN DETERMINING THE UNIT VALUE OF OPERATING PROPERTY, NO DEPRECIATION OR OBSOLESCENCE ALLOWANCE SHALL BE PERMITTED. HOWEVER, IF THE COMMISSIONER USES REPLACEMENT COST AS A FACTOR IN DETERMINING THE UNIT VALUE OF OPERATING PROPERTY, THEN A REASONABLE DEPRECIATION AND OBSOLESCENCE ALLOWANCE MAY BE USED) *In making this determination, the commissioner shall employ generally accepted appraisal principles and practices which may include the unit method of determining value. The commissioner may promulgate temporary rules adopting valuation procedures under sections 14.29 to 14.36.*

The commissioner shall give a report to the legislature in February (1980) 1985 and in February (1981) 1986 on the formula which he has used to determine the (UNIT) value of railroad operating property pursuant to (LAWS 1979, CHAPTER 303) *this article*. This report shall also contain the valuation for payable (1980) 1985 and (1981) 1986 by company and the taxes payable in (1980) 1985 and (1981) 1986 by company based upon the valuation of operating property. The legislature may review the formula, the valuation, and the resulting taxes and may make changes in the formula that it deems necessary.

Sec. 3. Minnesota Statutes 1982, section 270.86, is amended to read:

**270.86 [APPORTIONMENT AND EQUALIZATION OF VALUATION.]**

*Subdivision 1. [APPORTIONMENT OF VALUE.]* Upon determination by the commissioner of the fair market value of the operating property of each railroad company, he shall apportion such value to the respective counties and to the taxing districts therein in conformity with fair and reasonable rules and standards to be established by the commissioner pursuant to notice and hearing, except as provided in section 270.81. In establishing such rules and standards the commissioner may consider (a) the physical situs of all station houses, depots, docks, wharves, and other buildings and structures with an original cost in excess of \$10,000; (b) the proportion that the length and type of all the tracks used by the railroad in such county and taxing district bears to the length and type of all the track used in the state; and (c) other facts as will result in a fair and equitable apportionment of value.

*Subd. 2. [EQUALIZED VALUATION.]* After making the apportionment provided in subdivision 1, the commissioner shall determine the equalized valuation of the operating property in each county by applying to the apportioned value an estimated current year median sales ratio for all commercial and industrial property in that county. If the commissioner decides there are insufficient sales to determine a median commercial-industrial sales ratio, an estimated current year countywide median sales ratio for all property shall be applied to the apportioned value. No equalization shall be made to the market value of the operating property if the median sales ratio determined pursuant to this subdivision is within five percent of the assessment ratio of the railroad operating property.

Sec. 4. Minnesota Statutes 1982, section 270.87, is amended to read:

**270.87 [CERTIFICATION TO COUNTY ASSESSORS.]**

When the commissioner has made his annual determination of the equalized fair market value of the operating property of each company in each of the respective counties, and in the taxing districts therein, he shall certify the equalized fair market value to the county assessor, which shall constitute the equalized fair market value of the operating property of the railroad company in such county and the taxing districts therein upon which taxes shall be levied and collected in the same manner as on the commercial and industrial property of such county and the taxing districts therein.

## Sec. 5. [APPROPRIATION.]

*There is appropriated from the general fund to the commissioner of revenue the amounts necessary to make refunds of property taxes to railroads for assessment years 1981 and 1982 as a result of a change in the assessed valuation of railroad property. For purposes of this section, the term "property taxes" includes any interest which is required to be paid to the railroads. For purposes of this section, the term "taxing districts" includes counties, cities, towns, and special taxing districts.*

*The county auditor shall certify the amount of refunds paid to the railroads by all taxing districts in the county to the commissioner of revenue, provided that any refunds of less than \$50 which a taxing district made to a railroad shall be disregarded. The certification must be made on the forms and completed by the date prescribed by the commissioner. The commissioner of revenue shall review the certification and make changes in the certification that he determines are necessary. The commissioner shall make the payment to the county treasurer as soon as practicable after certification. The county treasurer shall make payment to each taxing district after apportionment by the county auditor.*

*This appropriation is available the day after final enactment until expended.*

### CONSIDERATION UNDER RULE 1.10

Pursuant to rule 1.10, Tomlinson requested immediate consideration of H. F. No. 2016.

H. F. No. 2016 was reported to the House.

Tomlinson moved to amend H. F. No. 2016, the first engrossment, as follows:

Page 77, after line 18, insert:

“ARTICLE 5

INTEREST RATE ON REFUNDS

Section 1. [270.76] [INTEREST ON REFUNDS.]

*When any tax payable to the commissioner of revenue or to the department of revenue is overpaid and an amount is due the taxpayer as a refund of the overpayment, the overpayment shall bear interest from the date of payment of the tax until the date the refund is paid or credit is made, unless another period for computing interest is provided by law. The interest rate per annum on overpayments shall be 80 percent of the interest rate contained in section 270.75, the rate shall be adjusted annually and become effective as provided in section 270.75, subdivision 5, and the result of the adjustment in the rate shall be rounded to the nearest full percent. The determination of the commissioner pursuant to this subdivision shall not be considered a “rule” and shall not be subject to the Administrative Procedure Act contained in chapter 14.*

Sec. 2. Minnesota Statutes 1982, section 270A.07, subdivision 5, is amended to read:

Subd. 5. [INTEREST ON REFUNDS.] Any refund wrongfully or incorrectly applied to a debt and transferred to a claimant agency shall be paid by the agency to the debtor. The sum wrongfully or incorrectly withheld shall bear interest at (SIX PERCENT PER YEAR) *the rate specified in section 270.76, computed from the date when the refund would begin to bear interest under section 290.92, subdivision 13, clause (1), regardless of whether the refund is payable under chapter 290 or 290A. If the claimant agency is a state agency, the payment shall be made out of the agency's appropriation.*

Sec. 3. Minnesota Statutes 1982, section 271.12, is amended to read:

271.12 [WHEN ORDER EFFECTIVE.]

No order for refundment by the commissioner of revenue, the appropriate unit of government, or the tax court shall take effect until the time for appeal therefrom or review thereof by all parties entitled thereto has expired. Otherwise every order of the commissioner, the appropriate unit of government, or the tax court shall take effect immediately upon the filing thereof, and no appeal therefrom or review thereof shall stay the execution

thereof or extend the time for payment of any tax or other obligation unless otherwise expressly provided by law; provided, that in case an order which has been acted upon, in whole or in part, shall thereafter be set aside or modified upon appeal, the determination upon appeal or review shall supersede the order appealed from and be binding upon all parties affected thereby, and such adjustments as may be necessary to give effect thereto shall be made accordingly. If it be finally determined upon such appeal or review that any person is entitled to refundment of any amount which has been paid for a tax or other obligation, such amount, unless otherwise provided by law, shall be paid to him by the state treasurer, or other proper officer, out of funds derived from taxes of the same kind, if available for the purpose, or out of other available funds, if any, with interest at (SIX PERCENT) *the rate specified in section 270.76* from the date of payment of the tax, unless a different rate of interest is otherwise provided by law, in which case such other rate shall apply, upon certification by the commissioner of revenue, the appropriate unit of government, the tax court or the supreme court. If any tax, assessment, or other obligation be increased upon such appeal or review, the increase shall be added to the original amount, and may be enforced and collected therewith.

Sec. 4. Minnesota Statutes 1983 Supplement, section 290.50, subdivision 1, is amended to read:

Subdivision 1. [PROCEDURE, TIME LIMIT.] (a) A taxpayer who has paid or from whom there has been collected an amount of tax for any year in excess of the amount legally due for that year, may file with the commissioner a claim for a refund of such excess. Except as otherwise provided in this section, no claim or refund shall be allowed or made after three and one-half years from the date prescribed for filing the return (plus any extension of time granted for filing the return, but only if filed within the extended time) or after two years from the date of overpayment, whichever period is longer, unless before the expiration of the period a claim is filed by the taxpayer. For this purpose an income tax return or amended return claiming an overpayment shall constitute a claim for refund.

(b) If no claim was filed, the credit or refund shall not exceed the amount which would be allowable if a claim was filed on the date the credit or refund is allowed.

(c) If a claim relates to an overpayment on account of a failure to deduct a loss due to a bad debt or to a security becoming worthless, the claim shall be allowed if filed within seven years from the date prescribed in section 290.42 for the filing of the return, and the refund or credit shall be limited to the amount of overpayment attributable to the loss.

(d) For purposes of this section, the prepayment of tax made through the withholding of tax at the source, or payment

of estimated tax, prior to the due date of the tax are considered as having been paid on the last day prescribed by law for the payment of the tax by the taxpayer. A return filed before the due date shall be considered as filed on the due date.

(e) Except as provided in sections 290.92, subdivision 13, 290.93, subdivision 9, and 290.936, interest on the overpayment refunded or credited to the taxpayer shall be allowed at the rate (OF SIX PERCENT PER ANNUM) *specified in section 270.76* computed from the date of payment of the tax until the date the refund is paid or credit is made to the taxpayer. However, to the extent that the basis for the refund is a net operating loss carryback or a capital loss carryback, interest shall be computed only from the end of the taxable year in which the loss occurs.

(f) If a taxpayer reports a change in his federal gross income, items of tax preference, deductions, credits, or a renegotiation, or files a copy of his amended federal return, within 90 days as provided by section 290.56, subdivision 2, a refund may be made of any overpayment within one year after such report or amended return is filed except as provided in subdivision 2.

(g) There is hereby appropriated from the general fund to the commissioner of revenue the amounts necessary to make payments of refunds allowed pursuant to this section.

Sec. 5. Minnesota Statutes 1982, section 290.92, subdivision 11, is amended to read:

Subd. 11. [REFUNDS.] Where there has been an overpayment of tax imposed by this section, refund of such overpayment or credit shall be made to the employer in accordance with regulations prescribed by the commissioner, but only to the extent that the amount of such overpayment was not deducted and withheld under subdivision 2a or subdivision 3 by the employer. Any overpayment which is refunded shall bear interest at the rate (OF SIX PERCENT PER ANNUM) *specified in section 270.76*, computed from the date of payment until the date the refund is paid to the employer. The commissioner of finance shall cause any such refund of tax and interest to be paid out of the general fund in accordance with the provisions of section 290.62 and so much of said fund as may be necessary is hereby appropriated for that purpose. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

Sec. 6. Minnesota Statutes 1983 Supplement, section 290.92, subdivision 13, is amended to read:

Subd. 13. [REFUNDS.] (1) Where the amount of the tax withheld at the source under subdivision 2a or subdivision 3

exceeds by \$1 or more the taxes (and any added penalties and interest) reported in the return of the employee taxpayer or imposed upon him by this chapter, the amount of such excess shall be refunded to the employee-taxpayer. If the amount of such excess is less than \$1 the commissioner shall not be required to refund that amount. Where any amount of such excess to be refunded exceeds \$10, such amount on the original return shall bear interest at the rate (OF SIX PER CENT PER ANNUM) specified in section 270.76, computed from 90 days after (a) the due date of the return of the employee taxpayer or (b) the date on which his return is filed, whichever is later, to the date the refund is paid to the taxpayer. A return shall not be treated as filed until it is in processible form. A return is in processible form when it is filed on a permitted form containing the taxpayer's name, address, social security account number, the required signature, and sufficient required information (whether on the return or on required attachments) to permit the mathematical verification of tax liability shown on the return. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

(2) Any action of the commissioner in refunding the amount of such excess shall not constitute a determination of the correctness of the return of the employee taxpayer within the purview of section 290.46.

(3) The commissioner of finance shall cause any such refund of tax and interest, to be paid out of the general fund in accordance with the provisions of section 290.62, and so much of said fund as may be necessary is hereby appropriated for that purpose.

Sec. 7. Minnesota Statutes 1983 Supplement, section 290.93, subdivision 9, is amended to read:

Subd. 9. [OVERPAYMENT OF ESTIMATED TAX.] (1) Where the amount of an installment payment of estimated tax exceeds the amount determined to be the correct amount of such installment payment, the overpayment shall be credited against the unpaid installments, if any. Where the total amount of the estimated tax payments plus (a) the total amount of tax withheld at the source under section 290.92, subdivision 2a or subdivision 3 (if any) and (b) and other payments (if any) exceeds by \$1 or more the taxes (and any added penalties and interest) reported in the return of the taxpayer or imposed upon him by this chapter, the amount of such excess shall be refunded to the taxpayer. If the amount of such excess is less than \$1 the commissioner shall not be required to refund that amount. Where any amount of such excess to be refunded exceeds \$10, such amount on the original return shall bear interest at the rate (OF SIX PERCENT PER ANNUM) specified in

section 270.76, computed from 90 days after (a) the due date of the return of the taxpayer or (b) the date on which his return is filed, whichever is later, until the date the refund is paid to the taxpayer. A return shall not be treated as filed until it is in processible form. A return is in processible form when the return is filed on a permitted form, and the return contains the taxpayer's name, address, social security account number, the required signature, and sufficient required information (whether on the return or on required attachments) to permit the mathematical verification of tax liability shown on the return. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

(2) Any action of the commissioner in refunding the amount of such excess shall not constitute a determination of the correctness of the return of the taxpayer within the purview of section 290.46.

(3) The commissioner of finance shall cause any such refund of tax and interest to be paid out of the general fund in accordance with the provisions of section 290.62, and so much of said fund as may be necessary is hereby appropriated for that purpose.

Sec. 8. Minnesota Statutes 1982, section 290.936, is amended to read:

#### 290.936 [OVERPAYMENT OF ESTIMATED TAX.]

(1) Where the amount of an installment payment of estimated tax exceeds the amount determined to be the correct amount of such installment payment, the overpayment shall be credited against the unpaid installments, if any. Where the total amount of the estimated tax payments and other payments, if any, exceeds by \$1 or more the taxes (and any added penalties and interest) reported in the return of the taxpayer or imposed upon him by this chapter, the amount of such excess shall be refunded to the taxpayer. If the amount of such excess is less than \$1, the commissioner shall not be required to refund. Where any amount of such excess to be refunded exceeds \$10, such amount on the original return shall bear interest at the rate (OF SIX PERCENT PER ANNUM) *specified in section 270.76*, computed from 90 days after (a) the due date of the return of the taxpayer or (b) the date on which his return is filed, whichever is later, until the date the refund is paid to the taxpayer. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

(2) Any action of the commissioner in refunding the amount of such excess shall not constitute a determination of the correctness of the return of the taxpayer within the purview of section 290.46.

Interest shall be added at (SIX PERCENT PER ANNUM) *the rate specified in section 270.76* from September 15 or 60 days after receipt of the application if the application is filed after August 31. Interest will be computed until the date the claim is paid.

Sec. 11. Minnesota Statutes 1982, section 291.18, is amended to read:

Sec. 12. Minnesota Statutes 1982, section 294.09, subdivision 1, is amended to read:

Subdivision 1. [PROCEDURES; TIME LIMIT.] A company, joint stock association, copartnership, corporation, or individual who has paid, voluntarily or otherwise, or from whom there has been collected (other than by proceedings instituted by the attorney general under sections 294.06 and 294.08, subdivision 3) an amount of gross earnings tax for any year in excess of the amount legally due for that year, may file with the commissioner of revenue a claim for a refund of such excess. Except as provided in subdivision 4, no such claim shall be entertained unless filed within two years after such tax was paid or collected, or within three and one-half years from the filing of the return, whichever period is the longer. Upon the filing of a claim the commissioner shall examine the same and shall make and file written findings thereon denying or allowing the claim in whole or in part and shall mail a notice thereof to such company, joint stock association, copartnership, corporation, or individual at the address stated upon the return. If such claim is allowed in whole or in part, the commissioner shall credit the amount of the allowance against any tax due the state from the claimant and for the balance of said allowance, if any, the commissioner shall issue his certificate for the refundment of the excess paid. The commissioner of finance shall cause such refund to be paid out of the proceeds of the gross earnings taxes imposed by Minnesota Statutes 1967, Chapters 294 and 295 as other state moneys are expended. So much of the proceeds as may be necessary are hereby appropriated for that purpose. Any allowance so made by the commissioner shall include interest at the rate (OF SIX PERCENT) *specified in section 270.76* computed from the date of payment or collection of the tax until the date the refund is paid to the claimant.

Sec. 13. Minnesota Statutes 1983 Supplement, section 297A.35, subdivision 1, is amended to read:

Subdivision 1. A person who has, pursuant to the provisions of this chapter, paid to the commissioner an amount of tax for any period in excess of the amount legally due for that period, may file with the commissioner a claim for a refund of such excess subject to the conditions specified in subdivision 5. Except as provided in subdivision 4 no such claim shall be entertained unless filed within two years after such tax was paid, or within three years from the filing of the return, whichever period is the longer. The commissioner shall examine the claim and make and file written findings thereon denying or allowing the claim in whole or in part and shall mail a notice

thereof to such person at the address stated upon the claim. Any allowance shall include interest on the excess determined at a rate (OF SIX PERCENT PER ANNUM) *specified in section 270.76* from the date such excess was paid or collected until the date it is refunded or credited. If such claim is allowed in whole or in part, the commissioner shall credit the amount of the allowance against any taxes under sections 297A.01 to 297A.44 due from the claimant and for the balance of said allowance, if any, the commissioner shall issue his certificate for the refundment of the excess paid, and the commissioner of finance shall cause such refund to be paid out of the proceeds of the taxes imposed by sections 297A.01 to 297A.44, as other state moneys are expended. So much of the proceeds of such taxes as may be necessary are hereby appropriated for that purpose.

Sec. 14. Minnesota Statutes 1982, section 298.09, subdivision 4, is amended to read:

Subd. 4. If the amount of tax determined by the commissioner is subsequently found to be erroneous, the commissioner may, at any time within three years from the date the tax is certified as provided in section 298.10, redetermine the amount thereof. No such redetermination shall be made increasing the tax unless the person from whom the additional amount is due is given ten days written notice thereof and an opportunity to be heard thereon. If an order is made increasing the tax, the same proceedings shall be had as provided for occupation taxes originally determined and certified. Any person who has paid an occupation tax may apply to the commissioner within the time herein limited for a redetermination of the tax, and if the commissioner determines that the tax has been overpaid, he shall make and file an order determining the amount of such overpayment, and credit it against occupation taxes otherwise payable by the person who has overpaid the amount as so determined. If the tax is increased, interest at the rate specified in section 270.75 from the date payment should have been made shall be determined and paid; if the tax is reduced, interest at the rate (OF SIX PERCENT PER ANNUM) *specified in section 270.76* from the date of overpayment shall be allowed.

Sec. 15. Minnesota Statutes 1982, section 299.05, is amended to read:

**299.05 [ASSESSMENT BY COMMISSIONER.]**

Upon receipt of the report provided for in section 299.03, the commissioner of revenue shall determine, from information as may be possessed, or obtained, whether the report is correct, or incorrect; and, if found correct, the commissioner shall determine the amount of tax due from the person, enter the amount of the tax in department records, make assessment of taxes due

from the person, and the amount that has been paid; and, on or before June 30, of each year, demand payment from the person. The commissioner of revenue shall have power, in case he shall deem the report incorrect, or in case the report is not made and filed with the commissioner as provided in section 299.03, to make findings as to the amount of taxes due after hearing upon notice to the person interested, and the findings shall have the same effect as the determination of the amount of such taxes upon a report made as hereinbefore provided.

A person subletting land for the use of which is received royalty shall be required to pay taxes only on the difference between the amount of royalty paid by him or her and the amount received.

If the amount of tax determined by the commissioner is subsequently found to be erroneous, the commissioner may, at any time within three years from the date allowed above for the original assessment, redetermine the amount of the tax. No redetermination shall be made increasing the tax unless the person from whom the additional amount is due is given ten days written notice of the proposed increase and the person's right to a hearing pursuant to chapter 14. Any person who has paid a royalty tax may apply to the commissioner within three years from the date allowed above for the original assessment for a redetermination of the tax and if the commissioner determines that the tax has been overpaid, he or she shall make and file an order determining the amount of the overpayment and credit the overpayment against the royalty taxes otherwise payable by the person who overpaid the tax. If the tax is increased, interest at the rate specified in section 270.75 from the date payment should have been made shall be determined and added to the tax. If the tax is reduced, interest at the rate (OF SIX PERCENT PER ANNUM) specified in section 270.76 from the date of the overpayment shall be allowed.

*Subd. 12. [MILL RATE FACTOR.] "Mill rate factor" means a municipality's population multiplied by its average equalized municipal mill rate.*

Sec. 2. Minnesota Statutes 1982, section 477A.011, is amended by adding a subdivision to read:

*Subd. 13. [ASSESSED VALUE FACTOR.] "Assessed value factor" means a municipality's population multiplied by the ratio of the statewide average equalized assessed value per capita to the municipality's equalized assessed value per capita. The statewide average equalized assessed value per capita is obtained by dividing the total equalized assessed value of all cities in the state by the total population of all cities in the state.*

Sec. 3. Minnesota Statutes 1983 Supplement, section 477A.-013, subdivision 1, is amended to read:

Subdivision 1. [TOWNS.] In each calendar year, each town which (HAS AN AVERAGE EQUALIZED MILL RATE OF AT LEAST TWO MILLS) had levied for taxes payable in the previous year at least one mill on the dollar of the assessed value of the town shall receive a distribution equal to 50 percent of the amount received in 1983 pursuant to Minnesota Statutes 1982, sections 273.138, 273.139, and 477A.011 to 477A.03.

Sec. 4. Minnesota Statutes 1983 Supplement, section 477A.-013, subdivision 2, is amended to read:

Subd. 2. [CITIES (AND TOWNS).] In each calendar year, (EACH) the total local government aid appropriation for cities determined pursuant to section 477A.03 shall be apportioned among all statutory and home rule charter (CITY) cities as follows: (SHALL RECEIVE A DISTRIBUTION EQUAL TO THE AMOUNT OBTAINED BY SUBTRACTING TEN MILLS MULTIPLIED BY THE MUNICIPALITY'S EQUALIZED ASSESSED VALUE FROM THE ADJUSTED LOCAL REVENUE BASE.)

(AN AID AMOUNT SHALL BE COMPUTED IN THE SAME MANNER FOR ALL TOWNS WHICH HAVE AN AVERAGE EQUALIZED MILL RATE OF AT LEAST TWO MILLS. A TOWN'S FINAL AID AMOUNT SHALL BE DETERMINED BY EITHER THE SUBDIVISION 1 OR THE SUBDIVISION 2 CALCULATION, WHICHEVER IS GREATER.)

(a) *Each city of the first class shall receive an apportionment equal to its previous year aid;*

(b) *One-half of the allocation for cities other than cities of the first class shall be apportioned in proportion to the ratio of each city's mill rate factor to the sum of the mill rate factors of all cities in the state other than cities of the first class;*

(c) *One-half of the allocation for cities other than cities of the first class shall be apportioned in proportion to the ratio of each city's assessed value factor to the sum of the assessed value factors of all cities in the state other than cities of the first class.*

Sec. 5. Minnesota Statutes 1982, section 477A.013, is amended by adding a subdivision to read:

*Subd. 2a. [PHASE-IN.] For the calendar year 1985 aid distribution, each city's previous year aid shall be subtracted from its total allocation pursuant to subdivision 2. The resulting amount shall be divided by three. Notwithstanding the provisions of subdivision 2, each city's 1985 aid distribution shall be obtained by adding the amount resulting from this calculation to the city's previous year aid, when the result is positive, or subtracting the amount from the city's previous year aid, when the result is negative. If the result of this calculation for a city yields an aid amount greater than \$140 per capita, the amount shall be reduced to the level of its previous year aid or \$140 per capita, whichever is greater.*

*The commissioner of revenue shall determine the amounts to be allocated pursuant to subdivision 2, clauses (b) and (c) in such a manner as to entirely distribute the sum appropriated for cities pursuant to section 477A.03, subdivision 2.*

The credit shall be allowed in addition to any credits under section 290.06, subdivision 3f, allowed to a taxpayer on account of a qualified individual. The credit shall be refundable.*

*(b) The amount of the taxpayer's credit for each qualified individual shall be the lesser of:*

*(1) 25 percent of the expenses paid or incurred during the taxable year; or*

An individual may request reassessment in order to determine qualification for this credit for the taxable year or for a succeeding taxable year, provided that the local screening team or other designated agent may require that reassessments shall not be made at intervals of less than one year, absent an affirmative showing of a change in health or social services needs.

(f) The department of revenue, after consultation with the department of public welfare and the department of health, may provide a form for the certification of the needs assessment by the local screening team or other designated agent, and may require that the form be filed with any return filed by the taxpayer initially claiming the credit for the qualified individual. If the form is required, the commissioner of revenue shall provide an adequate supply of forms to each local screening team or designated agent.

This modification does not apply to compensation defined in subdivision 20b, clause (6);

(11) The amount of any income earned for personal services rendered outside of Minnesota prior to the date when the taxpayer became a resident of Minnesota. This modification does not apply to compensation defined in subdivision 20b, clause (6);

(12) In the case of wages or salaries paid or incurred on or after January 1, 1977, the amount of any credit for employment of certain new employees under sections 44B and 51 to 53 of the Internal Revenue Code of 1954 which is claimed as a credit against the taxpayer's federal tax liability, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(13) In the case of work incentive program expenses paid or incurred on or after January 1, 1979, the amount of any credit for expenses of work incentive programs under sections 40, 50A and 50B of the Internal Revenue Code of 1954 which is claimed as a credit against the taxpayer's federal tax liability, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(16) Interest earned on a contract for deed entered into for the sale of property for agricultural use if the rate of interest set in the contract is no more than nine percent per year for the duration of the term of the contract. This exclusion shall be available only if (1) the purchaser is an individual who, together with his spouse and dependents, has a total net worth valued at less than \$150,000 and (2) the property sold under the contract is farm land as defined in section 41.52, subdivision 6 of no more than 1,000 acres that the purchaser intends to use for agricultural purposes. Compliance with these requirements shall be stated in an affidavit to be filed with the first income tax return on which the taxpayer claims the exclusion provided in this clause. Upon request accompanied by the information necessary to make the determination, the commissioner shall determine whether interest to be paid on a proposed transaction will qualify for this exclusion; the determination shall be provided within 30 days of receipt of the request, unless the commissioner finds it necessary to obtain additional information, or verification of the information provided, in which case the determination shall be provided within 30 days of receipt of the final item of information or verification. The exclusion provided in this clause shall apply to interest earned on contracts for deed entered into after December 31, 1981 and before July 1, 1983;

The distribution shall be allocated first to return of contributions included in gross income until the amount of the contributions has been exhausted; and

(20) *Interest earned on capital gains or income recognized on the sale of agricultural land or income received from the rental of agricultural land, as allowed in section 3.*

**Sec. 3. [290.0881] [DEDUCTIONS FOR SALE OR RENTAL OF AGRICULTURAL LAND.]**

*Subdivision 1. [DEFINITIONS.] (a) "Agricultural land" means land which is or has been devoted for the last five years to agricultural purposes and includes any agricultural buildings or an agricultural homestead located thereon. Wetlands, naturally vegetated lands, and woodlands contiguous to or surrounded by agricultural lands are agricultural lands if under the same ownership or management during the period of agricultural use.*

*(b) "Agricultural purposes" means the production of vegetables, forage, grains, and other agricultural crops, livestock or livestock products, dairy animals or dairy products, poultry or poultry products, horticultural and nursery stock, fruit, or bees and apiary products.*

*(c) "Beginning farmer" means any person who is a United States citizen and Minnesota resident; who provides proof of participation in a farm management program; who uses or intends to use the agricultural land purchased or rented exclusively for agricultural purposes; who has with the assistance of the local soil and water conservation office prepared a plan for the farm rented or purchased; and who has, including spouse and dependents, a total net worth valued at less than \$125,000, adjusted as provided in subdivision 6.*

*(d) "Landowner" means a partner, family farm corporation, or an authorized farm corporation as defined in section 500.24, subdivision 2, which owns agricultural land, or an individual who is a United States citizen or permanent resident alien who owns agricultural land, except that any partner, family farm corporation, authorized farm corporation, or individual that acquires agricultural land for the purpose of obtaining the income tax deduction provided for in this section shall not be deemed to be a landowner.*

*(e) "Seller-sponsored loan" has the meaning given it in section 41.52, subdivision 8.*

*(f) "Rental income" means income, whether in cash or in crops, from the rental of at least 80 acres of agricultural land*

*pursuant to a written lease of at least two years duration. If the lease provides for rent payment in crops, the amount of rental income is the cash value of the crops at the time they are received by the landowner. Crops are received by the landowner when the landowner has control over them or when the landowner can demand their payment under the lease.*

*Subd. 2. [CAPITAL GAINS DEDUCTION.] To the extent included in federal adjusted gross income, there shall be allowed as a subtraction from the federal adjusted gross income of any landowner, 50 percent of capital gains or income recognized and otherwise taxable on the sale of agricultural land consisting of 80 acres or more to a beginning farmer for agricultural purposes.*

*The deduction shall apply only to capital gains recognized in the taxable year during which the sale occurred. The deduction shall not apply to that portion of capital gains recognized and included in federal adjusted gross income which exceeds \$50,000.*

*Subd. 3. [DEDUCTION FOR INTEREST ON SALE WITH SELLER-SPONSORED LOAN.] There shall be allowed as a subtraction from the federal adjusted gross income of any landowner interest income earned on the sale of at least 80 acres of agricultural land with a seller-sponsored loan to a beginning farmer for agricultural purposes.*

*This subdivision shall apply only if the following conditions are met:*

*(1) The loan will be completely amortized in 20 years or more with even payments of interest and principal and no balloon payment at the end, or the loan is amortized for 20 years with a balloon payment in ten years or less;*

*(2) The loan has an annual imputed interest rate equal to the minimum rate allowed by the Internal Revenue Service for transactions between nonrelated parties to meet installment sales requirements; and*

*(3) The interest is not excludable under section 41.58, subdivision 3.*

*Subd. 4. [DEDUCTION FOR RENTAL INCOME.] There shall be allowed as a subtraction from federal adjusted gross income 50 percent of the rental income of a landowner from the rental to a beginning farmer of agricultural land used for agricultural purposes, however, no deduction is allowed for rental income exceeding \$10,000 per year, and the excess shall be treated as ordinary income.*

*No landowner may claim this deduction for leases with more than one beginning farmer from rentals on the same tract or*

parcel of land or from rentals to any member of the landowner's immediate family. The rental stated in the lease must be equal to or less than the prevailing free market gross rental rate for that grade of land as determined for property tax purposes for assessments made on January 2 of the year in which the lease is executed. The lease may provide that the rental rate shall be related to the prevailing free market gross rental rate as determined for each year. The taxpayer must certify on the return that no rental agreement with any other person was cancelled for the purpose of qualifying for the deduction provided in this subdivision.

*Subd. 5. [QUALIFICATION.] In order to qualify for any of the deductions provided in this section, the taxpayer shall file with the first income tax return on which the taxpayer claims a deduction under this section with respect to each sale or lease a notarized statement from the beginning farmer who purchased or rented the land. The statement shall contain a list of the assets, debts, and net worth of the beginning farmer together with any other information required by the commissioner of revenue.*

*Subd. 6. [NET WORTH ADJUSTMENT.] The maximum net worth allowed for qualification as a beginning farmer shall be annually adjusted by the percentage used to adjust the tax brackets as provided in section 290.06, subdivision 2d. The percentage announced by the commissioner in October under section 290.06, subdivision 2d, shall be the percentage by which the maximum net worth amount is increased for sales occurring or leases first occurring during the following calendar year.*

*Subd. 7. [EARLY TERMINATION OF LEASE.] If a lease is terminated by a land owner prior to expiration of the three-year period, there shall be added to gross income for the taxable year in which the lease was terminated amounts deducted in previous years pursuant to subdivision 4, to the extent that the deduction resulted in a tax benefit.*

#### "ARTICLE 11

Section 1. Minnesota Statutes 1983 Supplement, section 290.-07, subdivision 1, is amended to read:

Subdivision 1. [ANNUAL ACCOUNTING PERIOD.] Net income and taxable net income shall be computed upon the basis of the taxpayer's annual accounting period. If a taxpayer has no annual accounting period, or has one other than a fiscal year, as heretofore defined, the net income and taxable net income shall be computed on the basis of the calendar year. Taxpayers shall employ the same accounting period on which they report, or would be required to report, their net income under the Internal Revenue Code. (THE COMMISSIONER SHALL PROVIDE BY RULE FOR THE DETERMINATION OF THE ACCOUNTING PERIOD FOR TAXPAYERS WHO FILE A COMBINED REPORT UNDER SECTION 290.34, SUBDIVISION 2, WHEN MEMBERS OF THE GROUP USE DIFFERENT ACCOUNTING PERIODS FOR FEDERAL INCOME TAX PURPOSES. UNLESS THE TAXPAYER CHANGES ITS ACCOUNTING PERIOD FOR FEDERAL PURPOSES, THE DUE DATE OF THE RETURN IS NOT CHANGED.)

A taxpayer may change his accounting period only with the consent of the commissioner. In case of any such change, he shall pay a tax for the period not included in either his former or newly adopted taxable year, computed as provided in section 290.32.

Sec. 2. Minnesota Statutes 1982, section 290.095, subdivision 3, is amended to read:

Subd. 3. [CARRYOVER AND CARRYBACK.] (a) Except as provided in clause (d) or subdivision 8, a net operating loss for any taxable year shall be:

(1) A net operating loss carryback to each of the three taxable years preceding the taxable year of such loss, and

(2) A net operating loss carryover to each of the five taxable years following the taxable year of such loss.

(b) The entire amount of the net operating loss for any taxable year shall be carried to the earliest of the taxable years to which, by reason of subdivision 3, clause (a) or (d), such loss may be carried. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the taxable net income, adjusted by the modifications specified in subdivision 4, for each of the prior taxable years to which such loss may be carried.

(c) Where a corporation does business both within and without Minnesota, and apports its income under the provisions of section 290.19, the net operating loss deduction shall be allowed to the extent of the apportionment ratio of the loss year, or the year to which the loss is carried, whichever is smaller.

(D) WHERE A CORPORATION FILES A COMBINED REPORT WHICH REFLECTS THE ENTIRE UNITARY BUSINESS AS PROVIDED IN SECTION 290.34, SUBDIVISION 2, THE CORPORATION SHALL NOT BE ALLOWED A NET OPERATING LOSS CARRYBACK TO A YEAR IN WHICH IT DID NOT FILE A COMBINED REPORT. THE NUMBER OF TAXABLE YEARS FOR WHICH A NET OPERATING LOSS CARRYOVER IS ALLOWED SHALL BE INCREASED BY THE NUMBER OF TAXABLE YEARS FOR WHICH A NET OPERATING LOSS CARRYBACK IS NOT ALLOWED UNDER THIS CLAUSE.)

Sec. 3. Minnesota Statutes 1983 Supplement, section 290.17, subdivision 2, is amended to read:

Subd. 2. [OTHER TAXPAYERS.] In the case of taxpayers not subject to the provisions of subdivision 1, items of gross income shall be assigned to this state or other states or countries in accordance with the following principles:

(1) (a) The entire income of all resident or domestic taxpayers from compensation for labor or personal services, or from a business consisting principally of the performance of personal or professional services, shall be assigned to this state, and the income of nonresident taxpayers from such sources shall be assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources shall be treated as income from sources without this state.

(b) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from com-

compensation for labor or personal services performed within this state shall be determined in the following manner.

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota. In order to eliminate the need to file state or provincial income tax returns in several states or provinces, Minnesota will exclude from income any income assigned to Minnesota under the provisions of this clause for a nonresident athlete who is employed by an athletic team whose operations are not based in this state if the state or province in which the athletic team is based provides a similar income exclusion. If the state or province in which the athletic team's operations are based does not have an income tax on an individual's personal service income, it will be deemed that that state or province has a similar income exclusion. As used in the preceding sentence, the term "province" means a province of Canada.

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete not listed in clause (i), or who is an entertainer, for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(2) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state. Income from winnings on Minnesota pari-mutuel betting tickets shall be assigned to this state. Income and gains received from tangible property not employed in the business of the recipient of such income or gains, and from tangible property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, shall be assigned to this state if such property has a situs within it, and to other states only if it has no situs in this state. Income or gains from intangible personal property not employed in the business of the recipient of such income or gains, and from intangible personal property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, wherever held, whether in trust, or otherwise, shall be assigned to this state if the recipient thereof is domiciled within this state or is a resident trust or estate.

(3) Income derived from carrying on a trade or business, including in the case of a business owned by natural persons the income imputable to the owner for his services and the use of his property therein, shall be assigned to this state if the trade or

business is conducted wholly within this state, and to other states if conducted wholly without this state. This provision shall not apply to business income subject to the provisions of clause (1);

(4) When a trade or business is carried on partly within and partly without this state, the entire income derived from such trade or business, including income from intangible property employed in such business and including, in the case of a business owned by natural persons, the income imputable to the owner for his services and the use of his property therein, shall be governed, except as otherwise provided in sections 290.35 and 290.36, by the provisions of section 290.19, notwithstanding any provisions of this section to the contrary. This shall not apply to business income subject to the provisions of clause (1), nor shall it apply to income from the operation of a farm which is subject to the provisions of clause (2). For the purposes of this clause, a trade or business located in Minnesota is carried on partly within and partly without this state if tangible personal property is sold by such trade or business and delivered or shipped to a purchaser located outside the state of Minnesota.

(IF THE TRADE OR BUSINESS CARRIED ON WHOLLY OR PARTLY IN MINNESOTA IS PART OF A UNITARY BUSINESS, THE ENTIRE INCOME OF THAT UNITARY BUSINESS SHALL BE SUBJECT TO APPORTIONMENT UNDER SECTION 290.19 EXCEPT FOR BUSINESS INCOME SUBJECT TO THE PROVISIONS OF CLAUSE (1) AND FARM INCOME SUBJECT TO THE PROVISIONS OF CLAUSE (2). THE TERM "UNITARY BUSINESS" SHALL MEAN BUSINESS ACTIVITIES OR OPERATIONS WHICH ARE OF MUTUAL BENEFIT, DEPENDENT UPON, OR CONTRIBUTORY TO ONE ANOTHER, INDIVIDUALLY OR AS A GROUP. UNITY SHALL BE PRESUMED WHENEVER THERE IS UNITY OF OWNERSHIP, OPERATION, AND USE, EVIDENCED BY CENTRALIZED MANAGEMENT OR EXECUTIVE FORCE, CENTRALIZED PURCHASING, ADVERTISING, ACCOUNTING, OR OTHER CONTROLLED INTERACTION BUT THE ABSENCE OF THESE CENTRALIZED ACTIVITIES WILL NOT NECESSARILY EVIDENCE A NONUNITARY BUSINESS. UNITY OF OWNERSHIP WILL NOT BE DEEMED TO EXIST WHEN A CORPORATION IS INVOLVED UNLESS THAT CORPORATION IS A MEMBER OF A GROUP OF TWO OR MORE CORPORATIONS MORE THAN 50 PERCENT OF THE VOTING STOCK OF EACH MEMBER OF THE GROUP IS DIRECTLY OR INDIRECTLY OWNED BY A COMMON OWNER OR BY COMMON OWNERS, EITHER CORPORATE OR NONCORPORATE, OR BY ONE OR MORE OF THE MEMBER CORPORATIONS OF THE GROUP.)

(THE ENTIRE INCOME OF A UNITARY BUSINESS SHALL BE SUBJECT TO APPORTIONMENT AS PROVIDED IN SECTION 290.19. NONE OF THE INCOME OF A

UNITARY BUSINESS SHALL BE CONSIDERED AS DERIVED FROM ANY PARTICULAR SOURCE AND NONE SHALL BE ALLOCATED TO ANY PARTICULAR PLACE EXCEPT AS PROVIDED BY THE APPLICABLE APPORTIONMENT FORMULA.)

In determining whether or not intangible property is employed in a unitary business carried on partly within and partly without this state so that income derived therefrom is subject to apportionment under section 290.19 the following rules and guidelines shall apply.

(a) Intangible property is employed in a business if the business entity owning intangible property holds it as a means of furthering the business operation of which a part is located within the territorial confines of this state.

(b) Where a business operation conducted in Minnesota, is owned by a business entity which carries on business activity outside of the state different in kind from that conducted within this state, and such other business is conducted entirely outside the state, it will be presumed that the two business operations are unitary in nature, interrelated, connected and interdependent unless it can be shown to the contrary.

(5) For purposes of this section, amounts received by a non-resident from the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions, or a Minnesota volunteer fireman's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1981, are not considered income derived from carrying on a trade or business or from performing personal or professional services in Minnesota, and are not taxable under this chapter.

(6) All other items of gross income shall be assigned to the taxpayer's domicile.

Sec. 4. Minnesota Statutes 1983 Supplement, section 290.21, subdivision 4, is amended to read:

Subd. 4. (a) 85 percent of dividends received by a corporation during the taxable year from another corporation, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or when the trade or

business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom. The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of such other corporation, and the dividends were paid from income arising out of business done in this state by the corporation paying such dividends; but if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the remainder shall be allowed as a deduction as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof; the burden shall be on the taxpayer of showing that the amount of remainder claimed as a deduction has been received from income arising out of business done in this state.

(b) If the trade or business of the taxpayer consists principally of the holding of the stocks and the collection of the income and gains therefrom, dividends received by a corporation during the taxable year from another corporation, if the recipient owns 80 percent or more of all the voting stock of such other corporation, from income arising out of business done in this state by the corporation paying such dividends; but, if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the dividends shall be allowed as deduction as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof. The burden shall be on the taxpayer of showing that the amount of dividends claimed as a deduction has been received from income arising out of business done in this state.

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code of 1954, as amended through December 31, 1982.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1954, as amended through December 31, 1982.

(D) IF DIVIDENDS RECEIVED BY A CORPORATION THAT DOES NOT HAVE NEXUS WITH MINNESOTA UNDER THE PROVISIONS OF PUBLIC LAW 86-272 ARE INCLUDED AS INCOME ON THE RETURN OF AN AFFILIATED CORPORATION PERMITTED OR REQUIRED TO FILE A COMBINED REPORT UNDER SECTION 290.34, SUBDIVISION 2, THEN FOR PURPOSES OF THIS SUBDIVISION THE DETERMINATION AS TO WHETHER THE TRADE OR BUSINESS OF THE CORPORATION CONSISTS PRINCIPALLY OF THE HOLDING OF STOCKS AND THE COLLECTION OF INCOME AND GAINS THEREFROM SHALL BE MADE WITH REFERENCE TO THE TRADE OR BUSINESS OF THE AFFILIATED CORPORATION HAVING A NEXUS WITH MINNESOTA.)

Sec. 5. Minnesota Statutes 1983 Supplement, section 290.34, subdivision 2, is amended to read:

Subd. 2. [AFFILIATED OR RELATED CORPORATIONS, (COMBINED REPORT) *CONSOLIDATED STATEMENTS*.] When a corporation which is required to file an income tax return is affiliated with or related to any other corporation through stock ownership by the same interests or as parent or subsidiary corporations, or has its income regulated through contract or other arrangement, the commissioner of revenue may permit or require such (COMBINED REPORT) *consolidated statements* as, in his opinion, (IS) *are* necessary in order to determine the taxable net income of any one of the affiliated or related corporations. (FOR PURPOSES OF COMPUTING EITHER THE ARITHMETIC AVERAGE OR WEIGHTED APPORTIONMENT FORMULAS UNDER SECTION 290.19, SUBDIVISION 1 FOR EACH CORPORATION INVOLVED, THE NUMERATOR OF THE FRACTION SHALL BE THAT CORPORATION'S SALES, PROPERTY, AND PAYROLL IN MINNESOTA AND THE DENOMINATOR SHALL BE THE TOTAL SALES, PAYROLL, AND PROPERTY OF ALL THE CORPORATIONS SHOWN ON THE COMBINED REPORT. THE COMBINED REPORT SHALL REFLECT THE INCOME OF THE ENTIRE UNITARY BUSINESS AS PROVIDED IN SECTION 290.17, SUBDIVISION 2, CLAUSE (4). THE COMBINED REPORT SHALL REFLECT INCOME ONLY FROM CORPORATIONS CREATED OR ORGANIZED IN THE UNITED STATES OR UNDER THE LAWS OF THE UNITED STATES OR OF ANY STATE, THE DISTRICT OF COLUMBIA, THE COMMONWEALTH OF PUERTO RICO, ANY POSSESSION OF THE UNITED STATES, OR ANY POLITICAL SUBDIVISION OF ANY OF THE FOREGOING. ALL INTER-COMPANY TRANSACTIONS BETWEEN COMPANIES WHICH ARE CONTAINED ON THE COMBINED REPORT SHALL BE ELIMATED. THIS SUBDIVISION SHALL NOT APPLY TO INSURANCE COMPANIES WHOSE INCOME IS DETERMINED UNDER SECTION 290.35 OR TO INVESTMENT COMPANIES WHOSE INCOME IS DETERMINED UNDER SECTION 290.36.)

Sec. 6. Minnesota Statutes 1982, section 290.34, is amended by adding a subdivision to read:

*Subd. 5. [AFFILIATED CORPORATIONS, CONSOLIDATED RETURNS.] An affiliated group of corporations, all the members of which are required to file income tax returns under the provisions of this chapter, may file a consolidated return in lieu of separate returns if any income of each of the members of the affiliated group including the common parent, if any, is assignable to this state under the provisions of this chapter, or if the group of corporations files a federal consolidated income tax return pursuant to Section 1501 of the Internal Revenue Code of 1954, as amended through December 31, 1983. However, no group of corporations filing separate federal income tax returns shall file a Minnesota consolidated return. In the case of a corporation which is a member of the affiliated group for a fractional part of the taxable year, the consolidated return must include the income of such corporation for such part of the year as it is a member of the affiliated group. The consolidated net income of the affiliated group must be determined in accordance with rules prescribed by the commissioner.*

Owners of land defined as class 3, 3b, 3c, (3CC,) 3d or 3f pursuant to section 273.13 listed on records of the county auditor or county treasurer over which runs a high voltage transmission line as defined in section 116C.52, subdivision 3, except a high voltage transmission line the construction of which was commenced prior to July 1, 1974, shall receive a property tax credit in an amount determined by multiplying a fraction, the numerator of which is the length of high voltage transmission line which runs over that parcel and the denominator of which is the total length of that particular line running over all property within the city or township by ten percent of the transmission line tax revenue derived from the tax on that portion of the line within the city or township pursuant to section 273.36. In the

case of property owners in unorganized townships, the property tax credit shall be determined by multiplying a fraction, the numerator of which is the length of the qualifying high voltage transmission line which runs over the parcel and the denominator of which is the total length of the qualifying high voltage transmission line running over all property within all the unorganized townships within the county, by the total utility property tax credit fund amount available within the county for that year pursuant to section 273.42, subdivision 1. Where a right-of-way width is shared by more than one property owner, the numerator shall be adjusted by multiplying the length of line on the parcel by the proportion of the total width on the parcel owned by that property owner. The amount of credit for which the property qualifies shall not exceed 20 percent of the total gross tax on the parcel prior to deduction of the state paid agricultural credit and the state paid homestead credit, provided that, if the property containing the right of way is included in a parcel which exceeds 40 acres, the total gross tax on the parcel shall be multiplied by a fraction, the numerator of which is the sum of the number of acres in each quarter-quarter section or portion thereof which contains a right of way and the denominator of which is the total number of acres in the parcel set forth on the tax statement, and the maximum credit shall be 20 percent of the product of that computation, prior to deduction of those credits. The auditor of the county in which the affected parcel is located shall calculate the amount of the credit due for each parcel and transmit that information to the county treasurer. The county auditor, in computing the credits received pursuant to sections 273.13 and 273.135, shall reduce the gross tax by the amount of the credit received pursuant to this section, unless the amount of the credit would be less than \$10.

If, after the county auditor has computed the credit to those qualifying property owners in unorganized townships, there is money remaining in the utility property tax credit fund, then that excess amount in the fund shall be returned to the general school fund of the county.

H. F. No. 1454, A bill for an act relating to taxation; providing for timely payment of certain withholding income taxes; amending Minnesota Statutes 1982, section 290.92, subdivision 6, as amended.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1983 Supplement, section 290.92, subdivision 6, is amended to read:

Subd. 6. [RETURNS, DEPOSITS.] (1) (a) [RETURNS.] Every employer who is required to deduct and withhold tax under subdivision 2a or 3 shall file a return with the commissioner for each quarterly period, on or before the last day of the month following the close of each quarterly period, unless otherwise prescribed by the commissioner. Any tax required to be deducted and withheld during the quarterly period shall be paid with the return unless an earlier time for payment is provided. However, any return may be filed on or before the tenth day of the second calendar month following the period if the return shows timely deposits in full payment of the taxes due for that period. For the purpose of the preceding sentence, a deposit which is not required to be made within the return period, may be made on or before the last day of the first calendar month following the close of the period. Every employer, in preparing a quarterly return, shall take credit for monthly deposits previously made in accordance with this subdivision.

The return shall be in the form and contain the information prescribed by the commissioner. The commissioner may grant a reasonable extension of time for filing the return and paying the tax, but no extension shall be granted for more than six months.

(b) [ADVANCE DEPOSITS REQUIRED IN CERTAIN CASES.] (i) Unless clause (ii) is applicable, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax withheld during that quarter under subdivision 2a or 3 exceeds \$500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month. (ii) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is \$3,000 or more, the employer shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. For purposes of this subparagraph, the term "eighth-monthly period" means the first three days of a calendar month, the fourth day through the seventh day of a calendar month, the eighth day through the 11th day of a calendar month, the 12th day through the 15th day of a calendar month, the 16th day through the 19th day of a calendar month, the 20th day through the 22nd day of a calendar month, the 23rd day through the 25th day of a calendar month, or the portion of a calendar month following the 25th day of the month.

(c) [OTHER METHODS.] The commissioner may by rule prescribe other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify employers according to the amount of their tax liability and may adopt an appropriate reporting period for each class which he deems to be consistent with efficient tax collection. In no event shall the duration of the reporting period be more than one year, provided that for employers with annual withholding tax liabilities of less than \$1,200 the reporting period shall be no more frequent than quarterly.

(2) If less than the correct amount of tax is paid to the commissioner, proper adjustments, with respect to both the tax and the amount to be deducted, shall be made, without interest, in the manner and at the times as the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment shall be assessed and collected in the manner and at the times as the commissioner prescribes.

(3) If any employer fails to make and file any return required by paragraph (1) at the time prescribed, or makes and files a false or fraudulent return, the commissioner shall make for him a return from his own knowledge and from information he obtains through testimony, or otherwise, and assess a tax on the basis of it. The amount of tax shown on it shall be paid to the commissioner at the times as the commissioner prescribes. Any return or assessment made by the commissioner shall be prima

facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect to it.

(4) If the commissioner, in any case, has reason to believe that the collection of the tax provided for in paragraph (1) of this subdivision, and any added penalties and interest, if any, will be jeopardized by delay, he may immediately assess the tax, whether or not the time otherwise prescribed by law for making and filing the return and paying the tax has expired.

(5) Any assessment under this subdivision shall be made by recording the liability of the employer in the office of the commissioner in accordance with rules prescribed by the commissioner. Upon request of the employer, the commissioner shall furnish the employer a copy of the record of assessment.

(6) Any assessment of tax under this subdivision shall be made within 3-1/2 years after the due date of the return required by paragraph (1), or the date the return was filed, whichever is later. In the case of a false or fraudulent return or failure to file a return, the tax may be assessed at any time.

(7) (a) Except as provided in (b) of this paragraph, every employer who fails to pay to or deposit with the commissioner any sum or sums required by this section to be deducted, withheld and paid, shall be personally and individually liable to the state for the sum or sums (and any added penalties and interest). Any sum or sums deducted and withheld in accordance with the provisions of subdivision 2a or subdivision 3 shall be held to be a special fund in trust for the state of Minnesota.

(b) If the employer, in violation of this section, fails to deduct and withhold the tax under this section, and thereafter the taxes against which the tax may be credited are paid, the tax required to be deducted and withheld shall not be collected from the employer; but this does not relieve the employer from liability for any penalties and interest otherwise applicable for failure to deduct and withhold.

(8) Upon the failure of any employer to pay to or deposit with the commissioner, within the time provided by paragraphs (1), (2), or (3) of this subdivision, any tax required to be withheld in accordance with the provisions of subdivision 2a or subdivision 3, or if the commissioner has assessed a tax pursuant to paragraph (4), the tax shall become immediately due and payable, and the commissioner may deliver to the attorney general a certified statement of the tax, penalties and interest due from the employer. The statement shall also give the address of the employer owing the tax, the period for which the tax is due, the date of the delinquency, and any other information required by the attorney general. The attorney general shall institute legal action in the name of the state to recover the

amount of the tax, penalties, interest and costs. The commissioner's certified statement to the attorney general shall for all purposes and in all courts be prima facie evidence of the facts stated in it and that the amount shown in it is due from the employer named in the statement. If an action is instituted, the court shall, upon application of the attorney general, appoint a receiver of the property and business of the delinquent employer for the purpose of impounding it as security for any judgment which has been or may be recovered. Any action shall be brought within five years after the due date of the return or deposit required by paragraph (1), or the date the return was filed, or deposit made whichever is later. In the case of failure to make and file the return or if the return is false or fraudulent, or the deposit is not made, the action may be brought at any time.

(8a) The period of time during which a tax must be assessed or collection proceedings commenced under this subdivision shall be suspended during the period from the date of filing of a petition in bankruptcy until 30 days after the commissioner of revenue receives notice that the bankruptcy proceedings have been closed or dismissed or the automatic stay has been terminated or has expired.

The suspension of the statute of limitations under this subdivision shall apply to the person against whom the petition in bankruptcy is filed and all other persons who may also be wholly or partially liable for the tax under this chapter.

(9) Either party to an action for the recovery of any tax, interest or penalties under this subdivision may appeal the judgment as in other civil cases.

(10) No suit shall lie to enjoin the assessment or collection of any tax imposed by this section, or the interest and penalties added to it.

(11) *For purposes of this subdivision, a withholding tax payment, return, or deposit is filed or paid on time if the payment, return, or deposit was mailed to the commissioner of revenue on or before the due date, including any extension of time which was granted. The person required to make the payment, return, or deposit has the burden of establishing that the payment, return, or deposit was timely mailed by United States mail in an envelope, postage prepaid, and properly addressed. This clause does not apply to an employer who must deposit an amount at the end of an eighth monthly period under clause (1) (b) (ii).*

[EQUITABLE COMPENSATION RELATIONSHIP.] "Equitable compensation relationship" means that a primary consideration in negotiating, establishing, recommending, and approving total compensation is comparable work value in relationship to other employee positions within the political subdivision.*

*Subd. 6. [FEMALE-DOMINATED CLASS.] "Female-dominated class" means any class in which 70 percent or more of the members are female.*

*Subd. 7. [MALE-DOMINATED CLASS.] "Male-dominated class" means any class in which 80 percent or more of the members are male.*

*Subd. 8. [POSITION.] "Position" means a group of current duties and responsibilities assigned or delegated by a supervisor to an individual.*

**Sec. 2. [471.992] [EQUITABLE COMPENSATION RELATIONSHIPS.]**

*Subject to sections 179.61 to 179.76 but notwithstanding any other law to the contrary, every political subdivision of this state shall establish equitable compensation relationships between female-dominated, male-dominated, and balanced classes of employees. In all interest arbitration held pursuant to sections 179.61 to 179.76, the arbitrator shall follow the equitable compensation relationship standards established under sections 1 to 10. This section will become effective August 1, 1987.*

**Sec. 3. [471.993] [COMPENSATION RELATIONSHIPS OF POSITIONS.]**

*Subdivision 1. [ASSURANCE OF REASONABLE RELATIONSHIP.] In preparing management negotiation positions for compensation established through collective bargaining under chapter 179 and in establishing, recommending, and approving compensation plans for employees of political subdivisions not represented by an exclusive representative under chapter 179, the respective political subdivision as the public employer, as defined in section 179.63, subdivision 4, or, where appropriate, the Minnesota merit system, shall assure that:*

*(1) compensation for positions in the classified civil service, unclassified civil service, and management bear reasonable relationship to one another;*

*(2) compensation for positions in the classified civil service, unclassified civil service, and management bear reasonable relationship to similar positions outside of that particular political subdivision's employment; and*

*(3) compensation for positions within the classified civil service, unclassified civil service, and management bear reasonable relationship among related job classes and among various levels within the same occupational group.*

*Subd. 2. [REASONABLE RELATIONSHIP DEFINED.]*  
*For purposes of subdivision 1, compensation for positions bear "reasonable relationship" to one another if:*

*(1) the compensation for positions which require comparable skill, effort, responsibility, working conditions, and other relevant work related criteria is comparable; and*

*(2) the compensation for positions which require differing skill, effort, responsibility, working conditions, and other relevant work related criteria is proportional to the skill, effort, responsibility, working conditions, and other relevant work related criteria required.*

**Sec. 4. [471.994] [JOB EVALUATION SYSTEM.]**

*Every political subdivision shall use a job evaluation system in order to determine the comparable work value. The political subdivision may use the system of some other public employer in the state. Each political subdivision shall meet and confer with the exclusive representatives of their employees on the development or selection of a job evaluation system.*

**Sec. 5. [471.995] [REPORT AVAILABILITY.]**

*Notwithstanding section 13.37, every political subdivision shall submit a report containing the results of the job evaluation system to the exclusive representatives of their employees to be used by both parties in contract negotiations. At a minimum, the report to each exclusive representative shall identify the female-dominated classes in the political subdivision for which compensation inequity exists, based on the comparable work value, and all data not on individuals used to support these findings.*

**Sec. 6. [471.996] [PRIVATE DATA.]**

*Except as provided in section 5, the results of any job evaluation system established under section 4 and the reports compiled under section 5 shall be considered personnel data as defined in section 13.43, subdivision 1, and treated as private data under section 13.43, subdivisions 4 and 5, until July 31, 1987. The director of mediation services is authorized to release the job evaluation system results and reports to labor organizations as provided under section 13.43, subdivision 6.*

**Sec. 7. [EFFECT ON OTHER LAW.]**

*Notwithstanding chapter 179 or other law to the contrary, it is not an unfair labor practice to allocate a specified amount of funds to be used solely to correct inequitable compensation relationships.*

## Sec. 8. [471.997] [HUMAN RIGHTS ACT EXCEPTION.]

*Neither the commissioner of human rights nor any state court shall use or consider the results of any job evaluation system established under section 4 and the reports compiled under section 5 in any proceeding or action commenced alleging discrimination before August 1, 1987, under chapter 363.*

## Sec. 9. [471.998] [REPORT TO COMMISSIONER.]

*Subdivision 1. [REPORT ON IMPLEMENTATION PLAN; CONTENTS.] Every political subdivision shall report to the commissioner of employee relations by October 1, 1985, on its plan for implementation of sections 4 and 5. Each report shall include:*

*(1) the title of each job class which the political subdivision has established;*

*(2) the following information for each class as of July 1, 1984:*

*(a) the number of incumbents;*

*(b) the percentage of incumbents who are female;*

*(c) the comparable work value of the class, as determined under the system chosen under section 4; and*

*(d) the minimum and maximum monthly salary for the class;*

*(3) a description of the job evaluation system used by the political subdivision; and*

*(4) a plan for establishing equitable compensation relationships between female-dominated and male-dominated classes, including:*

*(a) identification of classes for which a compensation inequity exists based on the comparable work value;*

*(b) a time table for implementation of pay equity; and*

*(c) the estimated cost of implementation.*

*Subd. 2. [TECHNICAL ASSISTANCE.] The commissioner of employee relations shall, upon request of a political subdivision, provide technical assistance in completing the required reports.*

**Sec. 10. [471.999] [REPORT TO LEGISLATURE.]** *The commissioner of employee relations shall provide to the legislature any recommendations for changes in levy limits and formulas, or other factors affecting a political subdivision's ability to establish equitable compensation relationships. The recommendations shall be presented in a report to the legislature by January 1, 1986, so that the legislature can consider the results in setting aid formulas for political subdivisions. Such experience ratio shall be computed to the nearest one-tenth of a percent.

(c) During the 60 consecutive calendar months immediately preceding July 1 of the preceding calendar year for 1985 and each year thereafter; except that, for any employer who has not been subject to the Minnesota employment services law for a period of time sufficient to meet the 60 consecutive months requirement, the commissioner shall compute an experience ratio if his account has been chargeable with benefits during at least the 12 consecutive calendar months immediately preceding July 1 of the preceding calendar year. Such experience ratio shall be the quotient obtained by dividing (1-1/4 TIMES) the total benefits charged to the employer's account during the period his account has been chargeable but not less than the 12 or more than the 60 consecutive calendar months ending on June 30 of the pre-

ceding calendar year for 1985 and each year thereafter, by his total taxable payroll for the same period on which all contributions due have been paid to the department of economic security on or before July 31 of the preceding calendar year. ((E) SUCH EMPLOYER'S PROTEST, IF ANY, RELATING TO THE INELIGIBILITY OR DISQUALIFICATION OF SUCH INDIVIDUAL) *Upon establishment of a benefit year, the commissioner shall give notice to the last employer for whom the individual worked and all base period employers. The employer so notified shall have seven days after the mailing of the notice to file a protest to charges or raise an issue of ineligibility or disqualification.*

(3) (IF ANY BASE PERIOD EMPLOYER, AFTER THE NOTICE OF FILING OF A CLAIM AND THE REQUEST FOR WAGE AND SEPARATION INFORMATION HAS BEEN DULY MAILED TO HIS LAST KNOWN ADDRESS, FAILS TO FILE INFORMATION AS PROVIDED BY ITEMS (A) THROUGH (E) OF CLAUSE 2 OF THIS SUBDIVISION WITHIN SEVEN DAYS, THE COMMISSIONER SHALL:)

( (A) DETERMINE THE VALIDITY OF AN INDIVIDUAL'S CLAIM BASED ON THE CLAIMANT'S STATEMENTS OR ANY OTHER AVAILABLE INFORMATION. AN EMPLOYER SHALL BE LIABLE FOR A LATE FILING FEE OF NOT LESS THAN \$5 NOR MORE THAN \$25, AS THE COMMISSIONER MAY DETERMINE, TO BE PAID TO THE DEPARTMENT OF ECONOMIC SECURITY AND CREDITED TO THE CONTINGENT FUND IF HE HAS FAILED WITHOUT GOOD CAUSE TO SUBMIT THE WAGE AND SEPARATION INFORMATION AS REQUIRED IN CLAUSE 2 OF THIS SUBDIVISION WITHIN SEVEN DAYS AFTER THE REQUEST HAS BEEN DULY MAILED TO HIS LAST KNOWN ADDRESS) *If, upon review of the wage information on file with the department it is found that an employer failed to provide wage information for the claimant, the commissioner shall accept a claimant certification as to the wages earned, based upon the claimant's records, and issue a monetary determination of validity based upon the certification. The employer who failed to report the individual's wages or filed an erroneous report shall be penalized in accordance with section 268.16 or 268.18. In the absence of fraud, if a redetermination of validity of claim based on an employer's late or erroneous report subsequently cancels or reduces the amount of*

benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid to him prior to such re-determination (; AND).

((B) (4) *The commissioner shall determine any issue of disqualification raised by clause (1) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in clause (1), any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report.*

Sec. 19. Minnesota Statutes 1983 Supplement, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. (IF WITHIN THE TIME LIMITS FOR FILING A PROTEST AN EMPLOYER NOTIFIES THE DEPARTMENT THAT AN INDIVIDUAL'S WEEKLY BENEFIT AMOUNT AS DETERMINED UNDER SECTION 268.07 EXCEEDS THE INDIVIDUAL'S WEEKLY WAGES EARNED WITH THE EMPLOYER, THE INDIVIDUAL'S WEEKLY BENEFIT AMOUNT SHALL BE THE LESSER OF (1) THE WEEKLY BENEFIT AMOUNT AS DETERMINED UNDER SECTION 268.07, OR (2) THE WEEKLY BENEFIT AMOUNT WHICH IS 50 PERCENT OF THE QUOTIENT DERIVED BY DIVIDING THE TOTAL WAGE CREDITS EARNED IN THE INDIVIDUAL'S BASE PERIOD CREDIT WEEKS FROM ALL EMPLOYERS IN INSURED WORK BY THE NUMBER OF BASE PERIOD CREDIT WEEKS.) If within the time specified for the filing of (WAGE AND SEPARATION INFORMATION) a *protest* as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be

taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal tribunal decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to a referee for hearing and determination in accordance with the procedure outlined in subdivision

3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the tribunal from an initial determination.

(6) If a referee's decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 20. Minnesota Statutes 1983 Supplement, section 268.12, subdivision 8, is amended to read:

Subd. 8. [RECORDS; REPORTS.] (1) Each employing unit shall keep true and accurate work records for such periods of time and containing such information as the commissioner may prescribe. Such records shall be open to inspection, audit, and verification, and be subject to being copied by any authorized representative of the commissioner at any reasonable time and as often as may be necessary. The commissioner, appeal referee, or any other duly authorized representative of the commissioner, may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the commissioner, appeal referee, or any other duly authorized representative of the commissioner deems necessary for the effective administration of sections 268.03 to 268.24 (, PROVIDED THAT QUARTERLY CONTRIBUTION AND WAGE REPORT FORMS SHALL INCLUDE THE EMPLOYEE'S NAME, SOCIAL SECURITY NUMBER, AND TOTAL WAGES PAID TO THE EMPLOYEE).

(2) The commissioner may cause to be made such summaries, compilations, photographs, duplications, or reproductions of any records, reports, or transcripts thereof as he may deem advisable for the effective and economical preservation of the information contained therein, and such summaries, compilations, photographs, duplications or reproductions, duly authenticated, shall be admissible in any proceeding under sections 268.03 to 268.24, if the original record or records would have been admissible therein. Notwithstanding any restrictions contained in section 16.02, except restrictions as to quantity, the commissioner is hereby authorized to duplicate, on equipment furnished by the federal government or purchased with funds furnished for that purpose by the federal government, records, reports, summaries, compilations, instructions, determinations, or any other written matter pertaining to the administration of the Minnesota Employment Services Law.

(3) Notwithstanding any inconsistent provisions elsewhere, the commissioner may provide for the destruction or disposition

of any records, reports, transcripts, or reproductions thereof, or other papers in his custody, which are more than two years old, the preservation of which is no longer necessary for the establishment of contribution liability or benefit rights or for any purpose necessary to the proper administration of sections 268.03 to 268.24, including any required audit thereof, provided, that the commissioner may provide for the destruction or disposition of any record, report, or transcript, or other paper in his custody which has been photographed, duplicated, or reproduced in the manner provided in clause (2).

(4) Notwithstanding the provisions of the Minnesota State Archives Act the commissioner shall with the approval of the legislative auditor destroy all benefit checks and benefit check authorization cards that are more than two years old and no person shall make any demand, bring any suit or other proceeding to recover from the state of Minnesota any sum alleged to be due him on any claim for benefits after the expiration of two years from the date of filing such claim.

Subd. 3. [CONTINGENT ACCOUNT.] There is hereby created in the state treasury a special account, to be known as the employment services contingent account, which shall not lapse nor revert to any other fund. Such account shall consist of all moneys appropriated therefor by the legislature, all moneys in the form of interest and penalties collected pursuant to (SECTION) *sections 268.16 and 268.18, and all moneys received in the form of voluntary contributions to this account and interest thereon. All moneys in such account shall be supplemental to all federal moneys that would be available to the commissioner but for the existence of this account. Moneys in this account are hereby appropriated to the commissioner and shall be expended in accordance with the provisions of section 3.30, in connec-*

tion with the administration of sections 268.03 to 268.24. *Commencing with the fiscal year beginning July 1, 1984, the commissioner is authorized to expend annually, in addition to any federal money and without reference to section 3.30, the sum of \$500,000, from available money in this fund which is derived from interest and penalties collected pursuant to sections 268.16 and 268.18 and money received in the form of voluntary payments and interest thereon, for the purpose of providing for: (a) the investigation of fraud on the part of any person in claiming or obtaining benefits under sections 268.03 to 268.24 or fraud on the part of any employer in attempting to avoid or reduce any contribution or other payment required from an employing unit under those sections; (b) determination of benefit overpayments and contribution underpayments for reasons other than fraud; and (c) recovery of money due to the department as a result of clauses (a) and (b).* Whenever the commissioner expends moneys from said contingent account for the proper and efficient administration of the Minnesota employment services law for which funds have not yet been made available by the federal government, such moneys so withdrawn from the contingent account shall be replaced as hereinafter provided. Upon the deposit in the employment services administration fund of moneys which are received in reimbursement of payments made as above provided for said contingent account, the commissioner shall certify to the state treasurer the amount of such reimbursement and thereupon the state treasurer shall transfer such amount from the employment services administration fund to said contingent account. All moneys in this account shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for the other special accounts in the state treasury. The state treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the employment services contingent account provided for herein. Notwithstanding anything to the contrary contained herein, on June 30 of each year, except 1982, all amounts in excess of \$300,000 in this account shall be paid over to the unemployment compensation fund established under section 268.05 and administered in accordance with the provisions set forth therein.

Sec. 23. Minnesota Statutes 1983 Supplement, section 268.16, subdivision 2, is amended to read:

Subd. 2. [REPORTS; DELINQUENCIES; PENALTIES.] (1) Any employer who knowingly fails to make and submit to the department of economic security any *contribution* report (OF WAGES PAID BY OR DUE FROM HIM FOR INSURED WORK IN THE MANNER AND) at the time (SUCH) *the* report is required by (REGULATIONS) *rules* prescribed by the commissioner shall pay to the department of economic security for the contingent account a penalty in the amount of one and one-half percent of contributions accrued during the period for which (SUCH) *the* report is required, for each month from and

after (SUCH) *the due date* until (SUCH) *the report is properly made and submitted to the department of economic security.* In no case shall the amount of the penalty imposed hereby be less than \$5 per month. The maximum penalty imposed hereby shall be \$25 or the amount determined at the rate of 1-1/2 percent per month, whichever is greater. (ANY EMPLOYING UNIT WHICH FAILS TO MAKE AND SUBMIT TO THE COMMISSIONER ANY REPORT, OTHER THAN ONE OF WAGES PAID OR PAYABLE FOR INSURED WORK, AS AND WHEN REQUIRED BY THE REGULATIONS OF THE COMMISSIONER, SHALL BE SUBJECT TO A PENALTY IN THE SUM OF \$10 PAYABLE TO THE DEPARTMENT OF ECONOMIC SECURITY FOR THE CONTINGENT ACCOUNT. ALL SUCH PENALTIES SHALL BE IN ADDITION TO INTEREST AND ANY OTHER PENALTIES PROVIDED FOR BY SECTIONS 268.03 TO 268.24 AND SHALL BE COLLECTED AS PROVIDED BY SECTION 268.161.)

(2) If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by regulations under the authority thereof, or shall make, willfully or otherwise, an incorrect, false or fraudulent contribution report, he shall, on the written demand of the commissioner, make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make for him a report, or corrected report, from his own knowledge and from such information as he can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report.

(3) *Any employer who fails to file the wage detail report required by section 268.121 shall pay to the department of economic security for the contingent account a penalty of one-tenth of one percent of total wages paid and wages due but not paid during the period for each month the report is delinquent. The penalty shall not be assessed if the wage detail report is properly made and filed within 30 days after a demand for the*

report is mailed to the employer's address of record. In no case shall the amount of the penalty, if assessed, be more than \$500 or less than \$25. Penalties due under this subdivision may be waived where good cause for late filing is found by the commissioner. Any employer who files the wage detail report required by section 268.121 but knowingly fails to include any of the required information or knowingly enters erroneous information shall be subject to a penalty of \$25 for each individual for whom the information is missing or erroneous.

(4) Any employing unit which fails to make and submit to the commissioner any report, other than a contribution report or wage detail report, as and when required by rule, shall be subject to a penalty in the sum of \$25 payable to the department of economic security for the contingent account.

(5) Penalties provided for in paragraphs (1), (3), and (4) shall be in addition to interest and any other penalties imposed by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.

#### Sec. 24. [BENEFIT AND WAGE STUDY.]

"Sec. 43. Minnesota Statutes 1982, section 168.33, subdivision 2, is amended to read:

Subd. 2. [POWERS.] The registrar shall have the power to appoint, hire and discharge and fix the compensation of the necessary employees, in the manner provided by law, as may be required to enable him to properly carry out the duties imposed upon him by the provisions of this chapter. As of April 14, 1976, the registrar may appoint, and for cause discontinued, a deputy registrar for any city as the public interest and convenience may require, without regard to whether the county auditor of the county in which the city is situated has been appointed as the deputy registrar for the county or has been discontinued as the

deputy registrar for the county, and without regard to whether the county in which the city is situated has established a county license bureau which issues motor vehicle licenses as provided in section 373.32.

Effective August 1, 1976, the registrar may appoint, and for cause discontinue, a deputy registrar for any city as the public interest and convenience may require, if the auditor for the county in which the city is situated chooses not to accept appointment as the deputy registrar for the county or is discontinued as a deputy registrar, or if the county in which the city is situated has not established a county license bureau which issues motor vehicle license as provided in section 373.32. Any person appointed by the registrar as a deputy registrar for any city shall be a resident of the county in which the city is situated.

The registrar may appoint, and for cause discontinue, the county auditor of each county as a deputy registrar. The auditor, with the approval of the director of motor vehicles, may appoint, and for cause discontinue, the clerk or equivalent officer of each city or any other person as a deputy registrar as public interest and convenience may require, regardless of his county of residence. Notwithstanding any other provision, a person other than a county auditor or a director of a county license bureau, who was appointed by the registrar before August 1, 1976, as a deputy registrar for any city, may continue to serve as deputy registrar and may be discontinued for cause only by the registrar. The county auditor shall be responsible for the acts of deputy registrars appointed by him. Each such deputy, before entering upon the discharge of his duties, shall take and subscribe an oath to faithfully discharge his duties and to uphold the laws of the state. If a deputy registrar appointed hereunder is not an officer or employee of a county or city, such deputy shall in addition give bond to the state in the sum of \$10,000, or such larger sum as may be required by the registrar, conditioned upon the faithful discharge of his duties as deputy registrar. *A corporation organized pursuant to chapter 302A may be appointed a deputy registrar. Upon application by a person serving as a deputy registrar and the giving of the requisite bond as provided in subdivision 2 of this section, a corporation named in an application shall become the duly appointed and qualified successor to the deputy registrar.* Each deputy registrar appointed hereunder shall keep and maintain, in a convenient public place within the place for which he is appointed, a registration and motor vehicle tax collection bureau, to be approved by the registrar, for the registration of motor vehicles and the collection of motor vehicle taxes thereon. He shall keep such records and make such reports to the registrar as that officer, from time to time, may require. Such records shall be maintained at the facility of the deputy registrar. The records and facilities of the deputy registrar shall at all times be open to the inspection of the registrar or his agents. He shall report daily to the registrar all registrations made and taxes and fees collected by him. The filing fee imposed pursuant

to subdivision 7 shall be deposited in the treasury of the place for which he is appointed, or if such deputy is not a public official, he shall retain the filing fee, but the registration tax and any additional fees for delayed registration he has collected he shall deposit each day in an approved state depository to the credit of the state through the state treasurer. The place for which the deputy registrar is appointed through its governing body shall provide the deputy registrar with facilities and personnel to carry out the duties imposed by this subdivision if such deputy is a public official. In all other cases, the deputy shall maintain a suitable facility for serving the public."

The court shall have continuing jurisdiction over all the remaining issues relative to the marital dissolution. If one of the parties shall die subsequent to the entry of summary judgment on the issue of dissolution but before the entry of a final judgment and decree resolving all issues relative to the marital dissolution, entry of such a summary judgment shall be considered to have severed all property owned by the parties and titled in joint tenancy into an equal tenancy-in-common and reserve any remaining issues for subsequent determination if that action appears to be in the best interests of the parties or the children of the parties.*

Sec. 2. Minnesota Statutes 1982, section 518.167, is amended to read:

518.167 [INVESTIGATIONS AND REPORTS.]

Subdivision 1. In contested custody proceedings, and in other custody proceedings if a parent or the child's custodian

so requests, the court may order an investigation and report concerning custodial arrangements for the child. The investigation and report may be made by the county welfare agency or department of court services.

Subd. 2. In preparing his report concerning a child, the investigator may consult any person who may have information about the child and his potential custodial arrangements *except for persons involved in mediation efforts between the parties. Mediation personnel may disclose to investigators and evaluators information collected during mediation only if agreed to in writing by all parties.* Upon order of the court, the investigator may refer the child to professional personnel for diagnosis. The investigator may consult with and obtain information from medical, psychiatric, *school personnel*, or other expert persons who have served the child in the past after obtaining the consent of the parents or the child's custodian or guardian. Subd. 4. *The investigator's report may be received at the hearing.*

Sec. 3. Minnesota Statutes 1982, section 518.58, is amended to read:

518.58 [DIVISION OF MARITAL PROPERTY.]

Upon a dissolution of a marriage, an annulment, or in a proceeding for disposition of property following a dissolution of marriage by a court which lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property and which has since acquired jurisdiction, the court shall make a just and equitable division of the marital property of the

parties without regard to marital misconduct, after making findings regarding the division of the property. The court shall base its findings on all relevant factors including the length of the marriage, any prior marriage of a party, the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, needs, opportunity for future acquisition of capital assets, and income of each party. The court shall also consider the contribution of each in the acquisition, preservation, depreciation or appreciation in the amount or value of the marital property, as well as the contribution of a spouse as a homemaker. It shall be conclusively presumed that each spouse made a substantial contribution to the acquisition of income and property while they were living together as husband and wife. The court may also award to either spouse the household goods and furniture of the parties, whether or not acquired during the marriage.

If the court finds that either spouse's resources or property, including his portion of the marital property as defined in section 518.54, subdivision 5 are so inadequate as to work an unfair hardship, considering all relevant circumstances, the court may, in addition to the marital property, apportion up to one-half of the property otherwise excluded under section 518.54, subdivision 5, clauses (a) to (d) to prevent the unfair hardship. If the court apportions property other than marital property, it shall make findings in support of the apportionment. The findings shall be based on all relevant factors including the length of the marriage, any prior marriage of a party, the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, needs, and opportunity for future acquisition of capital assets and income of each party.

If the court finds that it is necessary to preserve the marital assets of the parties, the court may order the sale of the homestead of the parties or the sale of other marital assets, as the individual circumstances may require, during the pendency of a proceeding for a dissolution of marriage or an annulment. If the court orders a sale, it may further provide for the disposition of the funds received from the sale during the pendency of the proceeding.

*If the court finds that there are substantial marital assets under the control of one spouse, the court may allow for a partial distribution of marital assets during the pendency of a proceeding for a dissolution of marriage or an annulment for emergency or compelling reasons or upon the request of both parties."*

H. F. No. 1400, A bill for an act relating to highway traffic regulations; providing for criminal penalties upon refusal by a driver suspected of driving under the influence of alcohol or a controlled substance to take a chemical test; authorizing chemical testing of a suspect who is unconscious or in a condition rendering the suspect incapable of refusal; amending Minnesota Statutes 1982, section 169.123, subdivisions 2, as amended; 5a; 6, as amended; and by adding a subdivision.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 1, is amended to read:

Subdivision 1. [CRIME.] It is a misdemeanor for any person to drive, operate or be in physical control of any motor vehicle within this state:

- (a) When the person is under the influence of alcohol;
- (b) When the person is under the influence of a controlled substance;
- (c) When the person is under the influence of a combination of any two or more of the elements named in clauses (a) and (b); (OR)
- (d) When the person's alcohol concentration is 0.10 or more;  
*or*
- (e) *When the person's alcohol concentration as measured within two hours of the time of driving is 0.10 or more.*

The provisions of this subdivision apply, but are not limited in application, to any person who drives, operates, or is in physical control of any motor vehicle in the manner prohibited by this subdivision upon the ice of any lake, stream, or river, including but not limited to the ice of any boundary water.

Sec. 2. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 1a, is amended to read:

Subd. 1a. [ARREST.] (WHEN AN ACCIDENT HAS OCCURRED,) A peace officer may lawfully arrest a person for violation of subdivision 1 without a warrant upon probable cause, without regard to whether the violation was committed in the officer's presence.

When a peace officer has probable cause to believe that a person is driving or operating a motor vehicle in violation of subdivision 1, and before a stop or arrest can be made the person escapes from the geographical limits of the officer's jurisdiction, the officer in fresh pursuit of the person may stop or arrest the person in another jurisdiction within this state and may exercise the powers and perform the duties of a peace officer under sections 169.121 and 169.123. An officer acting in fresh pursuit pursuant to this subdivision is serving in his regular line of duty as fully as though he was within his jurisdiction.

The express grant of arrest powers in this subdivision does not limit the arrest powers of peace officers pursuant to sections 626.65 to 626.70 or section 629.40 in cases of arrests for violation of subdivision 1 or any other provision of law.

Sec. 3. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 2, is amended to read:

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by a medical or chemical analysis of it (**(, IF THE TEST IS TAKEN VOLUNTARILY OR PURSUANT TO SECTION 169.123).**)

For the purposes of this subdivision:

(a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(b) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the refusal to take a test is admissible into evidence in a prosecution under this section or an ordinance in conformity with it.

(FOR PURPOSES OF THIS SECTION AND SECTION 169.123, THE RESULT OF AN EVIDENTIARY TEST ADMINISTERED WITHIN TWO HOURS OF THE ALLEGED VIOLATION IS DEEMED TO BE THE ALCOHOL CONCENTRATION AT THE TIME OF THE VIOLATION.) *If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of subdivision 1, clause (e) that the defendant consumed a sufficient quantity of alcohol after the time of actual driving, operating, or physical control of a motor vehicle and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed 0.10. Provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.*

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person was under the influence of alcohol or a controlled substance, including tests obtained more than two hours after the alleged violation.

Sec. 4. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 3, is amended to read:

Subd. 3. [CRIMINAL PENALTIES.] A person who violates this section or an ordinance in conformity with it is guilty of a misdemeanor.

The following persons are guilty of a gross misdemeanor:

(a) A person who violates this section or an ordinance in conformity with it within five years of a prior conviction under this section, section 169.129, (OR) an ordinance *in conformity with either of them*, or a statute or ordinance from another state in conformity with (IT) *either of them*; and

(b) A person who violates this section or an ordinance in conformity with it within ten years of two or more prior convictions under this section, section 169.129, (OR) an ordinance *in conformity with either of them*, or a statute or ordinance from another state in conformity with (IT) *either of them*.

The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations of this section shall also be responsible for prosecution of gross misdemeanor violations of this section.

Sec. 5. Minnesota Statutes 1983 Supplement, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION AS TO TYPE OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state consents, subject to the provisions of this section and section 169.121, to a chemical test of his blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has (REASONABLE AND) probable (GROUNDS) *cause* to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist: (1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity with it; or (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death; or (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or (4) the screening test was administered and recorded an alcohol concentration of 0.10 or more. No action may be taken against the person for declining to take a direct blood test, if offered, unless an alternative test was offered.

(b) At the time a chemical test specimen is (REQUESTED) *required*, the person shall be informed (:)

((1) THAT IF TESTING IS REFUSED, THE PERSON'S RIGHT TO DRIVE WILL BE REVOKED FOR A MINIMUM PERIOD OF SIX MONTHS;)

((2) THAT IF A TEST IS TAKEN AND THE RESULTS INDICATE THAT THE PERSON IS UNDER THE INFLUENCE OF ALCOHOL OR A CONTROLLED SUBSTANCE, THE PERSON WILL BE SUBJECT TO CRIMINAL PENALTIES AND THE PERSON'S RIGHT TO DRIVE MAY BE REVOKED FOR A MINIMUM PERIOD OF 90 DAYS;)

((3) THAT THE PERSON HAS A RIGHT TO CONSULT WITH AN ATTORNEY BUT THAT THIS RIGHT IS LIMITED TO THE EXTENT THAT IT CANNOT UNREASONABLY DELAY ADMINISTRATION OF THE TEST OR THE PERSON WILL BE DEEMED TO HAVE REFUSED THE TEST;)

((4) that after submitting to testing, the person has the right to have additional tests made by a person of his own choosing ( ; AND)

((5) THAT IF HE REFUSES TO TAKE A TEST, THE REFUSAL WILL BE OFFERED INTO EVIDENCE AGAINST HIM AT TRIAL).

*If a person requests the opportunity to consult with an attorney prior to the test, the peace officer shall grant the request unless the consultation would delay unreasonably the administration of the test.*

Sec. 6. Minnesota Statutes 1982, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL (, CONSENT TO PERMIT TEST); REVOCATION OF LICENSE.] (IF A PERSON REFUSES TO PERMIT CHEMICAL TESTING, NONE SHALL BE GIVEN, BUT) The peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. *A refusal to submit to an alcohol concentration test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence.* If a person submits to chemical testing and the test results indicate an alcohol concentration of 0.10 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed (REASONABLE AND) probable (GROUNDS) cause to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to chemical testing, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating

privilege, for a period of (SIX MONTHS) *one year*. Upon certification by the peace officer that there existed (REASONABLE AND) probable (GROUNDS) *cause* to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to chemical testing and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of 90 days.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 7. Minnesota Statutes 1982, section 169.123, subdivision 5a, is amended to read:

Subd. 5a. [PEACE OFFICER AGENT FOR NOTICE OF REVOCATION.] On behalf of the commissioner of public safety a peace officer (OFFERING) *requiring* a chemical test or directing the administration of a chemical test shall serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing or on a person who submits to a chemical test the results of which indicate an alcohol concentration of 0.10 or more. The officer shall take the license or permit of the driver, if any, and issue a temporary license effective only for 7 days. The peace officer shall send the person's driver's license to the commissioner of public safety along with the certificate required by subdivision 4.

Sec. 8. Minnesota Statutes 1983 Supplement, section 169.123, subdivision 6, is amended to read:

Subd. 6. [HEARING.] A hearing under this section shall be before a municipal or county judge, in any county in the judicial district where the alleged offense occurred. The hearing shall be to the court and may be conducted at the same time and in the same manner as hearings upon pre-trial motions in the criminal prosecution under section 169.121, if any. The hearing shall be recorded. The commissioner of public safety shall appear and be represented by the attorney general or through the prosecuting authority for the jurisdiction involved.

The hearing shall be held at the earliest practicable date, and in any event no later than 60 days following the filing of the petition for review. The judicial district administrator shall establish procedures to ensure efficient compliance with the provisions of this subdivision. To accomplish this, the administrator

may, whenever possible, consolidate and transfer review hearings among the county courts within the judicial district.

The scope of the hearing shall be limited to the issues of:

(1) whether the peace officer had (REASONABLE AND) probable (GROUNDS) *cause* to believe the person was driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance, and whether the person was lawfully placed under arrest for violation of section 169.121, or the person was involved in a motor vehicle accident or collision resulting in property damage, personal injury or death, or the person refused to take a screening test provided for by section 169.121, subdivision 6, or the screening test was administered and recorded an alcohol concentration of 0.10 or more; and

(2) (WHETHER AT THE TIME OF THE REQUEST FOR THE TEST THE PEACE OFFICER INFORMED THE PERSON OF HIS RIGHTS AND THE CONSEQUENCES OF TAKING OR REFUSING THE TEST AS REQUIRED BY SUBDIVISION 2; AND)

((3)) either (a) whether the person refused to permit the test, or (b) whether a test was taken and the test results indicated an alcohol concentration of 0.10 or more at the time of testing, and whether the testing method used was valid and reliable, and whether the test results were accurately evaluated.

It shall be an affirmative defense for the petitioner to prove that, at the time of the refusal, his refusal to permit the test was based upon reasonable grounds.

Certified or otherwise authenticated copies of laboratory or medical personnel reports, records, documents, licenses and certificates shall be admissible as substantive evidence.

The court shall order either that the revocation be rescinded or sustained and forward the order to the commissioner of public safety. The court shall file its order within 14 days following the hearing. If the revocation is sustained, the court shall also forward the person's driver's license or permit to the commissioner of public safety for his further action if the license or permit is not already in the commissioner's possession.

518.55 [MAINTENANCE OR SUPPORT MONEY.]

Subdivision 1. [CONTENTS OF ORDER.] Every award of maintenance or support money in a judgment of dissolution or legal separation shall clearly designate whether the same is maintenance or support money, or what part of the award is maintenance and what part is support money. An award of payments from future income or earnings of the custodial parent is presumed to be maintenance and an award of payments from the future income or earnings of the noncustodial parent is presumed to be support money, unless otherwise designated

by the court. In a judgment of dissolution or legal separation the court may determine, as one of the issues of the case, whether or not either spouse is entitled to an award of maintenance notwithstanding that no award is then made, or it may reserve jurisdiction of the issue of maintenance for determination at a later date.

*Subd. 2. [NOTICE OF DOCKETING JUDGMENT.] Every order for support or maintenance shall provide for a conspicuous notice that, if the obligor fails to make the support or maintenance payments, the obligee or a public agency responsible for maintenance or support enforcement may obtain docketing of a judgment for the unpaid amount under the provisions of section 16. The notice shall enumerate the conditions that must be met before the judgment can be docketed.*

Sec. 11. Minnesota Statutes 1983 Supplement, section 518.-551, subdivision 5, is amended to read:

**Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.]** The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support by multiplying the obligor's net income by the percentage indicated by the following guidelines:

- (3) Social Security Deductions
- (4) Mandatory Pension Deductions
- (5) Union Dues
- (6) *Cost of Dependent Health Insurance Coverage*

\* Standard Deductions apply—

(a) The child support payment guidelines take into consideration the following criteria:

(1) all earnings, income, and resources of the obligor including real and personal property;

(2) the basic living needs of the obligor;

(3) the financial needs of the child or children to be supported; and

(4) the amount of the aid to families with dependent children grant for the child or children.

(b) (DEBTS OWED TO PRIVATE CREDITORS ARE NOT TO BE CONSIDERED) In establishing a support obligation, *the court may consider debts owed to private creditors, but only if:*

(1) *the right to support has not been assigned under section 256.74;*

(2) *the debt was reasonably incurred for necessary support of the child or obligee or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income;*

(3) *the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid; and*

(4) *the court determines that the debt was legitimately incurred for the necessary support of the child or obligee or for the necessary generation of income.*

*The court shall order child support in accordance with the guidelines and any departure therefrom. If there is further departure below the guidelines that is based on a consideration of debts owed to private creditors, the court shall make specific findings as to when the debts will be fully paid. The court shall set a date certain after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the period of departure.*

*Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support for purposes of enforcement proceedings.*

(c) Previous support orders and maintenance orders may be considered if the obligor is paying them.

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for depart-

ture (BELOW) from the guidelines in that case in which the court orders support that so deviates from the guidelines. (IT MAY ALSO INCREASE THE AMOUNT OF CHILD SUPPORT BY MORE THAN THE GUIDELINES WITHOUT MAKING EXPRESS FINDINGS BY AGREEMENT OF THE PARTIES OR BY MAKING FURTHER FINDINGS.)

Sec. 12. Minnesota Statutes 1983 Supplement, section 518.551, subdivision 9, is amended to read:

Subd. 9. [ASSIGNMENT OF RIGHTS; JUDGMENT.] The public agency responsible for child support enforcement is joined as a party in each case in which rights are assigned under section 256.74, subdivision 5. When arrearages are reduced to judgment, the court shall grant judgment in favor of, and in the name of, the public agency to the extent that the arrearages are assigned. *After filing notice of an assignment with the clerk of court, who shall enter the notice in the docket, the public agency may enforce a judgment entered before the assignment of rights as if the judgment were granted to it, and in its name, to the extent that the arrearages in that judgment are assigned.*

Sec. 13. Minnesota Statutes 1983 Supplement, section 518.611, subdivision 3, is amended to read:

Subd. 3. [MODIFICATION ORDERS.] An order (MODIFYING THE AMOUNT OF MAINTENANCE OR SUPPORT,) issued after the hearing on the motion to modify *under subdivision 2, paragraph (c) of this section, shall provide that payments be made outright by withholding. The (PROVISIONS) conditions precedent to withholding of subdivision 2 do not apply.*

Sec. 14. Minnesota Statutes 1983 Supplement, section 518C.17, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE OF ORDER.] If the responding court finds a duty of support, it may order the obligor to furnish support or reimbursement therefor and subject the property of the obligor to the order. Support orders made under sections 518C.01 to 518C.36 shall require that payments be made as the responding court directs and the responding court shall order support payments under chapter 518. *Every order for support shall provide for a conspicuous notice that, if the obligor fails to make the support payments, the obligee or a public agency responsible for support enforcement may obtain docketing of a judgment for the unpaid amounts under the provisions of section 16. The notice shall enumerate the conditions that must be met before the judgment can be docketed.* The court and the prosecuting attorney of a county in which the obligor is present or has property have the same powers and duties to enforce the order as have those of the county in which it was first

issued. If enforcement is impossible, or cannot be completed in the county in which the order was issued, the prosecuting attorney shall send a certified copy of the order to the prosecuting attorney of a county in which it appears that the proceedings to enforce the order would be effective. The prosecuting attorney to whom the certified copy of the order is forwarded shall proceed with enforcement and report the results of the proceedings to the court first issuing the order.

Sec. 15. Minnesota Statutes 1983 Supplement, section 548.09, subdivision 1, is amended to read:

Subdivision 1. [DOCKETING; SURVIVAL OF JUDGMENT.] *Except as provided in section 16, every judgment requiring the payment of money (, INCLUDING A JUDGMENT OR DECREE OF DISSOLUTION OR SEPARATE MAINTENANCE, A DETERMINATION OF PARENTAGE, AN ORDER UNDER THE RECIPROCAL ENFORCEMENT OF SUPPORT ACT, OR AN ORDER UNDER SECTION 256.87, ANY OF WHICH PROVIDE FOR INSTALLMENT OR PERIODIC PAYMENTS OF CHILD SUPPORT, SPOUSAL MAINTENANCE, OR BOTH,) shall be docketed by the clerk upon its entry. Upon a transcript of the docket being filed with the clerk in any other county, the clerk shall also docket it. From the time of docketing the judgment is a lien, in the amount unpaid, upon all real property in the county then or thereafter owned by the judgment debtor. The judgment survives, and the lien continues, for ten years after its entry.*

Sec. 16. [548.091] [SUPPORT AND MAINTENANCE JUDGMENT.]

*Subdivision 1. [DOCKETING OF JUDGMENT.] A judgment for unpaid amounts under a judgment or decree of dissolution or legal separation, determination of parentage, an order under chapter 518C, or an order under section 256.87, any of which provide for installment or periodic payments of child support, maintenance, or both, shall be entered and docketed by the clerk of court only when ordered by the court or when the following conditions are met:*

(a) *The obligee or the public authority determines that the obligor is at least 30 days in arrears;*

(b) *The obligee or public authority serves a copy of an affidavit of default and notice of intent to enter judgment on the obligor by mail at his last known post office address. Service shall be deemed complete upon mailing in the manner designated. The affidavit shall state the full name, occupation, place of residence, and last known post office address of the obligor, the name and post office address of the obligee, the date of the first unpaid amount, the date of the last unpaid amount, and the total amount unpaid;*

(c) *The obligor fails within 20 days after mailing of the notice either to pay all unpaid amounts or to request a hearing on the issue of whether arrears claimed owing have been paid and to seek, ex parte, a stay of entry of judgment; and*

(d) *Not less than 20 days after service on the obligor in the manner provided, the obligee or public authority files with the clerk the affidavit of default together with proof of service and, if payments have been received by the obligee or public authority since execution of the affidavit of default, a supplemental affidavit setting forth the amount of payment received.*

**Subd. 2. [AMOUNT AND SURVIVAL OF JUDGMENT.]** *The clerk of court shall enter and docket judgment in the amount of each affidavit filed under subdivision 1 less any amount paid. From the time of docketing, the judgment is a lien in the amount unpaid upon all the real property in the county then or after owned by the judgment debtor. The judgment survives and the lien continues for ten years after its entry.*

**Subd. 3. [JUDGMENTS DOCKETED PRIOR TO DEFAULT.]** *An obligor whose property is subject to the lien of a judgment for installment of periodic payments of child support, maintenance, or both, under section 548.09, and who claims that no amount of support or maintenance is in arrears, may move the court ex parte for an order directing the clerk to vacate the lien of the judgment on the docket and register of the action where it was entered. The obligor shall file with the motion an affidavit stating that:*

(a) *The lien attached upon the docketing of a judgment or decree of dissolution or separate maintenance, a determination of parentage, an order under the Reciprocal Enforcement of Support Act, or an order under section 256.87;*

(b) *The docketing was made while no installment or periodic payment of child support, maintenance, or both, was unpaid or overdue; and*

(c) *No installment or periodic payment of child support, maintenance, or both, that was due prior to the filing of the motion remains unpaid or overdue.*

*The court shall grant the obligor's motion as soon as possible if the pleadings and affidavit show that there is and has been no default.*

Sec. 17. Minnesota Statutes 1982, section 548.13, is amended to read:

548.13 [ASSIGNMENT OF JUDGMENT; MODE AND EFFECT.]

Every assignment of a judgment shall be in writing, signed and acknowledged by the assignor, (AND) *except that written notice of assignment shall be sufficient in the case of assignment under section 256.74.* No (SUCH) assignment shall be valid as against a subsequent purchaser of the judgment in good faith for value, or against a creditor levying upon or attaching the same, unless it is filed with the clerk and an entry (THEREOF) is made in the docket. When (SO) filed and entered, (NONE) *no one* but the assignee, his agent, or attorney, shall be authorized to collect or enforce (SUCH) *the* judgment; provided, that the lien of an attorney (THEREON) *on the judgment* shall not be affected by the assignment.

Sec. 18. Minnesota Statutes 1982, section 548.17, is amended to read:

548.17 [PAYMENT AND SATISFACTION BY CLERK.]

*Subdivision 1. [JUDGMENTS OTHER THAN FOR SUPPORT AND MAINTENANCE.] Except as provided in subdivision 2,* when a judgment debtor or other person whose property is subject to the lien of a money judgment (SHALL FILE) *files* with the clerk an affidavit that he has made diligent search and inquiry and is unable to find any person having authority to receive payment and give satisfaction of such judgment, he may pay the amount due (THEREON) *on the judgment* to the clerk, who, upon receipt (THEREOF), shall note satisfaction of (SUCH) *the* judgment on the docket and register of the action (WHEREIN) *where* it was entered, and *the clerk shall issue a certificate reciting the payment and satisfaction under his seal to the person paying the (SAME A CERTIFICATE RECITING SUCH PAYMENT AND SATISFACTION) judgment.* The clerk shall at once notify all persons appearing of record to have an interest in (SUCH) *the* judgment, including the attorney of the judgment creditor, of its payment and satisfaction (, AND). Upon demand, *the clerk shall pay (SUCH) the money to the person entitled (THERETO), taking duplicate receipts (THEREFOR), one of which he shall retain, and one which he shall file (THE OTHER) in the case.*

*Subd. 2. [JUDGMENTS FOR SUPPORT AND MAINTENANCE.] When an obligor whose property is subject to the lien of a judgment for installment of periodic payments of child support, maintenance, or both, under section 354.10, files an affidavit with the clerk that the obligee cannot be found or refuses to receive payment and give satisfaction for the amount of each sum docketed, he may pay the amount due on the judgment to the clerk who, upon receipt, shall note satisfaction of the amount due on the docket and register of the action where it was entered, and the clerk shall issue a certificate under his seal to the obligor which recites the payment and satisfaction. The clerk shall at once notify all persons appearing of record to have an interest in the judgment, including the obligee's attorney, of the*

*payment and satisfaction. Upon demand, the clerk shall pay the money to the person entitled, taking duplicate receipts, one which he shall retain, and one which he shall file in the case.*

H. F. No. 1638, A bill for an act relating to highway traffic regulations; providing for breath tests to be administered using the Intoxilizer 5000 for the purpose of determining the presence of alcohol or a controlled substance; authorizing the results of Intoxilizer 5000 breath tests to be admissible into evidence in civil and criminal hearings; authorizing the admission into evidence of certain weight record documents; amending Minnesota Statutes 1982, sections 169.121, subdivision 6; 169.123, subdivisions 4, 5a, and by adding a subdivision; 169.851, subdivision 4; Minnesota Statutes 1983 Supplement, sections 169.121, subdivision 2; 169.123, subdivisions 2 and 3; proposing new law coded in Minnesota Statutes, chapter 634.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 169.01, is amended by adding a subdivision to read:

*Subd. 67. [INFRARED BREATH-TESTING INSTRUMENT.] "Infrared breath-testing instrument" means a breath-testing instrument that employs infrared technology and has been approved by the commissioner of public safety for determining alcohol concentration.*

Sec. 2. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 2, is amended to read:

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by (A MEDICAL OR CHEMICAL) an analysis of (IT) *those items*, if the test is taken voluntarily or pursuant to section 169.123.

For the purposes of this subdivision:

(a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(b) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the refusal to take a test is admissible into evidence in a prosecution under this section or an ordinance in conformity with it.

For purposes of this section and section 169.123, the result of an evidentiary test administered within two hours of the alleged violation is deemed to be the alcohol concentration at the time of the violation.

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person was under the influence of alcohol or a controlled substance, including tests obtained more than two hours after the alleged violation *and results obtained from partial tests on an infrared breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample, as defined in section 5, paragraph (b).*

Sec. 3. Minnesota Statutes 1982, section 169.121, subdivision 6, is amended to read:

Subd. 6. [PRELIMINARY SCREENING TEST.] When a peace officer has reason to believe from the manner in which a person is driving, operating, controlling, or acting upon departure from a motor vehicle, or has driven, operated, or controlled a motor vehicle, that the driver may be violating or has violated subdivision 1, he may require the driver to provide a sample of his breath for a preliminary screening test using a device approved by the commissioner of public safety for this purpose. The results of this preliminary screening test shall be used for the purpose of deciding whether an arrest should be made and whether to require the (CHEMICAL) tests authorized in section 169.123, but shall not be used in any court action except to prove that a (CHEMICAL) test was properly required of a person pursuant to section 169.123, subdivision 2. Following the screening test additional tests may be required of the driver pursuant to the provisions of section 169.123.

The driver who refuses to furnish a sample of his breath is subject to the provisions of section 169.123 unless, in compliance with section 169.123, he submits to a blood, breath or urine test to determine the presence of alcohol or a controlled substance.

Sec. 4. Minnesota Statutes 1983 Supplement, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION AS TO TYPE OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state consents, subject to the provisions of this section and section 169.121, to a (CHEMICAL) test of his blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has reasonable and probable grounds to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist: (1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity with it; or (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death; or (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or (4) the screening test was administered and recorded an alcohol concentration of 0.10 or more. No action may be taken against the person for declining to take a direct blood test, if offered, unless an alternative test was offered.

(b) At the time a (CHEMICAL) test (SPECIMEN) is requested, the person shall be informed:

(1) that if testing is refused, the person's right to drive will be revoked for a minimum period of six months;

(2) that if a test is taken and the results indicate that the person is under the influence of alcohol or a controlled substance, the person will be subject to criminal penalties and the person's right to drive may be revoked for a minimum period of 90 days;

(3) that the person has a right to consult with an attorney but that this right is limited to the extent that it cannot unreasonably delay administration of the test or the person will be deemed to have refused the test;

(4) that after submitting to testing, the person has the right to have additional tests made by a person of his own choosing; and

(5) that if he refuses to take a test, the refusal will be offered into evidence against him at trial.

Sec. 5. Minnesota Statutes 1982, section 169.123, is amended by adding a subdivision to read:

*Subd. 2b. [BREATH TEST USING AN INFRARED BREATH-TESTING INSTRUMENT.] (a) In the case of a breath test administered using an infrared breath-testing instrument, the test shall consist of analyses in the following sequence: one adequate breath sample analysis, one calibration standard analysis, and a second, adequate breath sample analysis.*

*(b) In the case of a test administered using an infrared breath-testing instrument, a sample is adequate if the instrument analyzes the sample and does not indicate the sample is deficient.*

*(c) For purposes of this section, when a test is administered using an infrared breath-testing instrument, failure of a person to provide two separate, adequate breath samples in the proper sequence constitutes a refusal.*

Sec. 6. Minnesota Statutes 1983 Supplement, section 169.123, subdivision 3, is amended to read:

**Subd. 3. [MANNER OF MAKING TEST; ADDITIONAL TESTS.]** Only a physician, medical technician, physician's trained mobile intensive care paramedic, registered nurse, medical technologist or laboratory assistant acting at the request of a peace officer may withdraw blood for the purpose of determining the presence of alcohol or controlled substance. This limitation does not apply to the taking of a breath or urine (SPECIMEN) sample. The person tested has the right to have a person of his own choosing administer a chemical test or tests in addition to any administered at the direction of a peace officer; pro-

vided, that the additional test (SPECIMEN) *sample* on behalf of the person is obtained at the place where the person is in custody, after the test administered at the direction of a peace officer, and at no expense to the state. The failure or inability to obtain an additional test or tests by a person shall not preclude the admission in evidence of the test taken at the direction of a peace officer unless the additional test was prevented or denied by the peace officer. The physician, medical technician, physician's trained mobile intensive care paramedic, medical technologist, laboratory assistant or registered nurse drawing blood at the request of a peace officer for the purpose of determining alcohol concentration shall in no manner be liable in any civil or criminal action except for negligence in drawing the blood. The person administering a breath test shall be fully trained in the administration of breath tests pursuant to training given by the commissioner of public safety.

Sec. 7. Minnesota Statutes 1982, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL, CONSENT TO PERMIT TEST; REVOCATION OF LICENSE.] If a person refuses to permit (CHEMICAL TESTING) *a test*, none shall be given, but the peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. If a person submits to (CHEMICAL TESTING) *a test* and the test results indicate an alcohol concentration of 0.10 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed reasonable and probable grounds to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to (CHEMICAL TESTING) *a test*, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of six months. Upon certification by the peace officer that there existed reasonable and probable grounds to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to (CHEMICAL TESTING) *a test* and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of 90 days.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public

safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 8. Minnesota Statutes 1982, section 169.123, subdivision 5a, is amended to read:

Subd. 5a. [PEACE OFFICER AGENT FOR NOTICE OF REVOCATION.] On behalf of the commissioner of public safety a peace officer offering a (CHEMICAL) test or directing the administration of a (CHEMICAL) test shall serve immediate notice of intention to revoke and of revocation on a person who refuses to permit (CHEMICAL TESTING) a test or on a person who submits to a (CHEMICAL) test the results of which indicate an alcohol concentration of 0.10 or more. The officer shall take the license or permit of the driver, if any, and issue a temporary license effective only for 7 days. The peace officer shall send the person's driver's license to the commissioner of public safety along with the certificate required by subdivision 4.

Sec. 9. [634.16] [ADMISSION INTO EVIDENCE OF RESULTS OF INFRARED BREATH-TESTS.]

*In any civil or criminal hearing or trial, the results of an infrared breath-test, when performed by a person who has been fully trained in the use of an infrared breath-testing instrument, as defined in section 1, pursuant to training given or approved by the commissioner of public safety or his acting agent, are admissible in evidence without antecedent expert testimony that an infrared breath-testing instrument provides a trustworthy and reliable measure of the alcohol in the breath.*

Sec. 10. [EFFECTIVE DATE.]

*Sections 1 to 9 are effective the day following final enactment and apply to trials or hearings commenced on or after that date."*

Sec. 2. Minnesota Statutes 1982, section 508A.72, is amended to read:

**508A.72 [AGENCY; POWER TO BE REGISTERED.]**

Any act which may legally be done or performed by any person under sections 508A.01 to 508A.85 may be done and performed by his agent when duly authorized in writing. The instrument or power of attorney shall be *filed with the registrar and registered by him if it is* executed and acknowledged as required by law in the case of a deed (, FILED WITH THE REGISTRAR, AND REGISTERED BY HIM). **Sec. 3. [523.01] [AUTHORIZATION.]**

*A person who is a competent adult may, as principal, designate another person or an authorized corporation as the person's attorney-in-fact by a written power of attorney. The power of attorney is validly executed when it is dated and signed by the principal and, in the case of a signature on behalf of the principal, by another, or by a mark, acknowledged by a notary public. Only powers of attorney validly created pursuant to section 3 or 4 are validly executed powers of attorney for the purposes of sections 3 to 27.*

**Sec. 4. [523.02] [COMMON LAW, PRE-EXISTING AND FOREIGN POWERS OF ATTORNEY.]**

*A written power of attorney is a validly executed power of attorney for the purposes of sections 3 to 27, and is subject to the provisions of sections 3 to 27, if it is validly created pursuant to:*

(1) the law of Minnesota as it existed prior to the enactment of sections 3 to 27 if it was executed prior to the effective date of sections 3 to 27; (2) the common law; or (3) the law of another state or country.

**Sec. 5. [523.03] [INTERPRETATION.]**

*Unless the context requires otherwise, all references in sections 3 to 27 to the "principal" include any guardian or conservator of the estate appointed for the principal at any time and all references to a "power of attorney" mean a validly executed power of attorney.*

**Sec. 6. [523.04] [POWER OF ATTORNEY PRESUMED TO BE VALIDLY EXECUTED.]**

*A written power of attorney that is dated and purports to be signed by the principal named in it is presumed to be valid. All parties may rely on this presumption except those who have actual knowledge that the power was not validly executed.*

**Sec. 7. [523.05] [RECORDING OF POWER OF ATTORNEY.]**

*If the exercise of the power of attorney requires execution and delivery of any instrument which is recordable, the power of attorney and any affidavit authorized under sections 3 to 27 when authenticated for record in conformity with section 507.24, are also recordable.*

**Sec. 8. [523.06] [CERTIFICATION OF POWER OF ATTORNEY.]**

*A certified copy of a power of attorney has the same force and effect as a power of attorney bearing the signature of the principal. A copy of a power of attorney may be certified by an official of a state or of a political subdivision of a state who is authorized to make certifications. The certification shall state that the certifying official has examined an original power of attorney and the copy and that the copy is a true and correct copy of the original power of attorney.*

**Sec. 9. [523.07] [DURABLE POWER OF ATTORNEY.]**

*A power of attorney is durable if it contains language such as "This power of attorney shall not be affected by disability of the principal" or "This power of attorney shall become effective upon the disability of the principal," or similar words showing the intent of the principal that the authority conferred is exercisable notwithstanding his later disability or incapacity.*

Sec. 10. [523.08] [TERMINATION OF A DURABLE POWER.]

*A durable power of attorney terminates on the death of the principal or upon the expiration of a period of time specified in the power of attorney if the period ends prior to the death of the principal.*

Sec. 11. [523.09] [TERMINATION OF A NONDURABLE POWER OF ATTORNEY.]

*A nondurable power of attorney terminates on the death of the principal, on the incompetency of the principal, or upon the expiration of a period of time specified in the power of attorney if the period ends prior to the death or incompetency of the principal.*

Sec. 12. [523.10] [MISSING PERSONS PRESUMED LIVING.]

*A missing person is presumed to be living until actual proof of death or legal adjudication of death occurs.*

Sec. 13. [523.11] [REVOCAION OF A POWER.]

*Subdivision 1. [MANNER.] An executed power of attorney may be revoked only by a written instrument of revocation signed by the principal and, in the case of a signature on behalf of the principal by another or a signature by a mark, acknowledged by a notary public. The conservator or guardian of the principal has the same power the principal would have if the principal were not disabled or incompetent to revoke, suspend, or terminate all or any part of the power of attorney.*

*Subd. 2. [EFFECT.] Revocation of an executed power of attorney is not effective as to any party unless that party has actual notice of the revocation. As used in this chapter, "actual notice of revocation" means that a written instrument of revocation has been received by the party or, in a real property transaction, that a written instrument of revocation containing the legal description of the real property has been recorded in the office of the county recorder or filed in the office of the registrar of titles. Recorded or filed revocation is actual notice of revocation of a power of attorney only as to any interest in real property described in the revocation and located in the county where it is recorded.*

*Subd. 3. [PRESUMPTIONS.] A written instrument of revocation that purports to be signed by the principal named in the power of attorney is presumed to be valid. Any party receiving*

*the written instrument of revocation may rely on this presumption and is not liable for later refusing to accept the authority of the attorney-in-fact.*

**Subd. 4. [TRANSFEREE AFFIDAVIT OF NONREVOCA-  
TION.]** *In the case of a conveyance of an interest in property, an affidavit signed by an initial transferee of the interest of the principal stating that the initial transferee had not received, at the time of the conveyance, a written instrument of revocation of the power of attorney, constitutes conclusive proof as to all subsequent transferees that no written instrument of revocation was received by the initial transferee, except as to a subsequent transferee who commits an intentional fraud.*

**Sec. 14. [523.12] [POWER OF ATTORNEY-IN-FACT TO  
BIND PRINCIPAL.]**

*Any action taken by the attorney-in-fact pursuant to the power of attorney binds the principal, the principal's heirs and assigns, and the representative of the estate of the principal in the same manner as though the action was taken by the principal, and, during any time while a guardian or conservator has been appointed for the principal and only the guardian or conservator has the power to take relevant action, as though the action was taken by the guardian or conservator.*

**Sec. 15. [523.13] [MULTIPLE ATTORNEYS-IN-FACT.]**

*Unless it is provided to the contrary in a power of attorney which authorizes two or more attorneys-in-fact to act on behalf of a principal, any action taken by any one of the several attorneys-in-fact pursuant to the power of attorney, whether the other attorneys-in-fact consent or object to the action, binds the principal, the principal's heirs and assigns, and the representative of the estate of the principal in the same manner as though the action was taken by the principal, and, during any time while a guardian or conservator has been appointed for the principal and only the guardian or conservator has the power to take the relevant action, as though the action was taken by the guardian or conservator.*

**Sec. 16. [523.14] [SUCCESSOR ATTORNEY-IN-FACT  
NOT LIABLE FOR ACTS OF PREDECESSOR.]**

*An attorney-in-fact who is named in a power of attorney to succeed an attorney-in-fact who dies, resigns, or otherwise is unable to serve, is not liable for any action taken by the predecessor attorney-in-fact.*

**Sec. 17. [523.15] [CO-ATTORNEYS-IN-FACT NOT LIA-  
BLE FOR ACTS OF EACH OTHER.]**

*When two or more attorneys-in-fact are authorized to act on behalf of a principal, an attorney-in-fact who did not join in or consent to the action of one or more co-attorneys-in-fact is not liable for that action. Failure to object to an action is not consent.*

**Sec. 18. [523.16] [AFFIDAVIT AS PROOF OF AUTHORITY OF ATTORNEY-IN-FACT.]**

*If the attorney-in-fact exercising a power pursuant to a power of attorney has authority to act as a result of the death, incompetency, or resignation of one or more attorneys-in-fact named in the power of attorney, an affidavit executed by the attorney-in-fact setting forth the conditions precedent to the attorney-in-fact's authority to act under the power of attorney and stating that those conditions have occurred is conclusive proof as to any party relying on the affidavit of the occurrence of those conditions.*

**Sec. 19. [523.17] [AFFIDAVIT OF ATTORNEY-IN-FACT AS CONCLUSIVE PROOF OF NONTERMINATION AND NONREVOCATION IN REAL PROPERTY TRANSACTIONS.]**

*If the exercise of a power granted by a power of attorney relating to real property requires execution or delivery of any instrument which is recordable, an affidavit, signed by the attorney-in-fact, stating that the attorney-in-fact did not have, at the time of exercising a power pursuant to the power of attorney, actual knowledge of the termination of the power of attorney by the death of the principal, or, if the power of attorney is one which terminates upon the incompetence of the principal, actual knowledge of the principal's incompetence, or actual notice of the revocation of the power of attorney, is conclusive proof that the power of attorney had not terminated or been revoked at the time of the exercise of the power as to any party relying on the affidavit except any party dealing directly with the attorney-in-fact who has actual knowledge that the power of attorney had terminated prior to the exercise of the power or actual notice of the revocation of the power of attorney.*

**Sec. 20. [523.18] [ATTORNEY-IN-FACT'S SIGNATURE AS CONCLUSIVE PROOF OF NONTERMINATION.]**

*In the exercise of a power granted by a power of attorney, other than in a transaction relating to real property described in section 19, a signature by a person as "attorney-in-fact for [Name of the Principal]" or "[Name of the Principal] by [Name of the attorney-in-fact] his/her attorney-in-fact" or any similar written disclosure of the principal and attorney-in-fact relationship constitutes an attestation by the attorney-in-fact that the attorney-in-fact did not have, at the time of signing,*

actual knowledge of the termination of the power of attorney by the death of the principal or, if the power is one which terminates upon incompetence of the principal, actual knowledge of the principal's incompetence, or actual notice of the revocation of the power of attorney, and is conclusive proof as to any party relying on the attestation that the power of attorney had not terminated or been revoked at the time of the signature by the attorney-in-fact on behalf of the principal except as to any party who has actual knowledge that the power of attorney had terminated prior to the signature or actual notice of the revocation of the power of attorney.

**Sec. 21. [523.19] [THIRD PARTIES HELD HARMLESS.]**

Any party accepting the authority of an attorney-in-fact to exercise a power granted by a power of attorney is not liable to the principal, to the heirs and assigns of the principal, or to any representative of the estate of the principal if: (1) the applicable provisions of sections 19 and 20 have been satisfied; (2) the provisions of section 18 have been satisfied, if applicable; (3) the party has no actual notice of the revocation of the power of attorney prior to the transaction; (4) the party has no actual knowledge of the death of the principal and, if the power of attorney is not a durable power of attorney, has not received actual notice of a judicial determination that the principal is legally incompetent; and (5) the duration of the power of attorney specified in the power of attorney itself, if any, has not expired. A good faith purchaser from any party who has obtained an interest in property from an attorney-in-fact is not liable to the principal, the heirs or assigns of the principal, or the representative of the estate of the principal.

**Sec. 22. [523.20] [LIABILITY OF PARTIES REFUSING AUTHORITY OF ATTORNEY-IN-FACT TO ACT ON PRINCIPAL'S BEHALF.]**

Any party refusing to accept the authority of an attorney-in-fact to exercise a power granted by a power of attorney which (1) is executed in conformity with section 25; (2) contains a specimen signature of the attorney-in-fact authorized to act; (3) with regard to the execution or delivery of any recordable instrument relating to real property, is accompanied by affidavits that satisfy the provisions of section 19; (4) with regard to any other transaction, is signed by the attorney-in-fact in a manner conforming to section 20; and (5) when applicable, is accompanied by an affidavit and any other document required by section 18, is liable to the principal and to the principal's heirs, assigns, and representative of the estate of the principal in the same manner as the party would be liable had the party refused to accept the authority of the principal to act on his own behalf unless: (1) the party has actual notice of the revocation of the power of attorney prior to the exercise of the power; (2)

the duration of the power of attorney specified in the power of attorney itself has expired; or (3) the party has actual knowledge of the death of the principal or, if the power of attorney is not a durable power of attorney, actual notice of a judicial determination that the principal is legally incompetent. This provision does not negate any liability which a party would have to the principal or to the attorney-in-fact under any other form of power of attorney under the common law or otherwise.

**Sec. 23. [523.21] [DUTIES OF AN ATTORNEY-IN-FACT.]**

The attorney-in-fact shall keep complete records of all transactions entered into by the attorney-in-fact on behalf of the principal. The attorney-in-fact has no duty to render an accounting of those transactions unless: (1) requested to do so at any time by the principal; or (2) the instrument conferring the power of attorney requires that the attorney-in-fact render accountings and specifies to whom the accounting must be delivered. The persons entitled to examine and copy the records of the attorney-in-fact are the principal and the guardian or conservator of the estate of the principal while the principal is living and the personal representative of the estate of the principal after the death of the principal. The attorney-in-fact has no affirmative duty to exercise any power conferred upon the attorney-in-fact under the power of attorney. In exercising any power conferred by the power of attorney, the attorney-in-fact shall exercise the power in the same manner as an ordinarily prudent person of discretion and intelligence would exercise in the management of the person's own affairs and shall have the interests of the principal utmost in mind. The attorney-in-fact is personally liable to any person, including the principal, who is injured by an action taken by the attorney-in-fact in bad faith under the power of attorney.

**Sec. 24. [523.22] [LIABILITY OF ATTORNEY-IN-FACT FOR IMPROPER EXECUTION OF AFFIDAVITS AND SIGNATURE.]**

Nothing in sections 3 to 27 limits any rights the principal may have against the attorney-in-fact for any fraudulent or negligent actions in executing affidavits or signing or acting on behalf of the principal as an attorney-in-fact. An attorney-in-fact who knowingly executes a false affidavit or, knowing that the conditions of section 20 are not satisfied, signs on behalf of the principal is liable for treble the amount of damages suffered by the principal.

**Sec. 25. [523.23] [STATUTORY SHORT FORM OF GENERAL POWER OF ATTORNEY; FORMAL REQUIREMENTS; JOINT AGENTS.]**

Sec. 26. [523.24] [CONSTRUCTION.]

*Subd. 13.* [RECORDS, REPORTS, AND STATEMENTS.]  
In a statutory short form power of attorney, the language conferring general authority with respect to records, reports, and statements means that the principal authorizes the attorney-in-fact:

(2) to prepare, execute, and file all tax and tax information returns, for all periods, required by the laws of the United States, any state or any subdivision of a state, or any foreign government, to prepare, execute, and file all other tax-related documents for all tax periods, including requests for extension of time, offers, waivers, consents, powers of attorney, closing agreements, and petitions to any tax court regarding tax matters, and to prepare, execute, and file all other instruments which the attorney-in-fact deems desirable or necessary for the safeguarding of the principal against excessive or illegal taxation or against penalties imposed for claimed violation of any law or other governmental regulation, it being the intent of this provision that it is sufficiently definite to permit the attorney-in-fact to represent the principal respecting all taxes that the principal has paid and all tax returns that the principal has filed, either personally or through an agent, with the Internal Revenue Service or any other agency of the United States government, any state department of revenue, any political subdivision of a state, and any foreign country or political subdivision of a foreign country;

(3) to prepare, execute, and file any return, report, declaration, or other document required by the laws of the United States, any state, subdivision of a state, or any foreign government, including, by way of illustration and not as a limitation, any report or declaration required by the Social Security Administration, the commissioner of economic security or other, similar, governmental agency, which the attorney-in-fact deems to be desirable or necessary for the safeguarding or maintenance of the principal's interest;

*Subd. 14. [ALL OTHER MATTERS.] In a statutory short form power of attorney, the language conferring general authority with respect to all other matters, means that the principal authorizes the attorney-in-fact to act as an alter ego of the principal with respect to any and all possible matters and affairs affecting property owned by the principal which are not enumerated in subdivisions 1 to 13, and which the principal can do through an agent.*

**Sec. 27. [523.25] [MODIFICATION TO STATUTORY SHORT FORM POWER OF ATTORNEY.]**

*A power of attorney which satisfies the requirements of section 25, subdivision 1, is not prevented from being a statutory short form power of attorney, by the fact that: (1) it creates a nondurable power of attorney instead of a durable power of attorney; (2) it provides for one or more named successors to the attorney-in-fact originally named; or (3) it provides that the attorney-in-fact must render an accounting to the principal or other designated person.*

Sec. 28. Minnesota Statutes 1982, section 528.15, is amended to read:

**528.15 [PURPOSE; FORMS.]**

The declared purpose of sections 528.01 to (528.16) 528.15 is to render certainty to the nature of accounts of deposit in relation to the rights of survivorship, and to distinguish accounts of survivorship from accounts established for the purpose of having an agent with power to draw on the account for the convenience of the owner with no survivorship rights in the agent. To further accomplish this purpose, the forms contained in this section are recommended for use to be kept on file in the depository financial institution. Deposits made using a form of account containing the following language signed by the depositor shall be conclusive evidence of the intent of decedent to establish a survivorship account in the absence of fraud or misrepresentation, subject, nevertheless, to other disposition made by will specifically referring to the account as otherwise provided in section 528.05, clause (e), the form to read as follows:

"The undersigned signators of this account hereby acknowledge that the depositor or depositors, both as to the original deposit and any subsequent deposits, intend that such funds as

may constitute the account balance upon the death of any party to this account, shall be the property of the surviving party or parties who shall take as a surviving joint tenant.

If two or more persons shall be the survivors, their interests shall continue to be held as joint tenants with right of survivorship.

Where no rights of survivorship are intended and the account is one to be established for convenience only between a depositor and his agent, the following language is recommended for use, and when so used, any account deposited in the form shall be construed as a matter of law to be an account subject to a power of attorney with no survivorship rights, the form to read as follows:

"I ..... (grantor of power), hereby constitute and appoint ..... (grantee of power), as my attorney in fact, to deposit or withdraw funds held in ..... (name of bank), in account No. ....

Dated:

Acknowledgment: In the presence of ..... (an authorized person), ..... (name of financial institution)."

The power so granted is subject to the provisions of (SECTION 528.16) sections 3 to 27.

Sec. 29. [REPEALER.]

Minnesota Statutes 1982, sections 51A.25; 507.291; 507.292; 507.293; 507.294; 507.39; 524.5-501; 524.5-502; and 528.16, are repealed."
