Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 13.02, is amended by adding a subdivision to read:

Subd. 8a. [NOT PUBLIC DATA.] "Not public data" means any government data which is classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

Sec. 2. Minnesota Statutes 1982, section 13.03, subdivision 3, is amended to read:

Subd. 3. [REQUEST FOR ACCESS TO DATA.] Upon request to a responsible authority or designee, a person shall be permitted to inspect and copy *public* government data at reasonable times and places, and if the person requests, he shall be informed of the data's meaning. The responsible authority or designee shall provide copies of *public* government data upon request. The responsible authority may require the requesting person to pay the actual costs of making, certifying and compiling the copies. If the responsible authority or designee is not able to provide copies at the time a request is made he shall supply copies as soon as reasonably possible.

When a request under this subdivision involves any person's receipt of copies of public government data which has commercial value and is an entire formula, pattern, compilation, program, device, method, technique, process, data base, or system developed with a significant expenditure of public funds by the agency, the responsible authority may charge a reasonable fee for the information in addition to the costs of making, certifying, and compiling the copies. Any fee charged must be clearly demonstrated by the agency to relate to the actual development costs of the information. The responsible authority, upon the request of any person, shall provide sufficient documentation which explains and justifies the fee being charged.

If the responsible authority or designee determines that the requested data is classified so as to deny the requesting person access, the responsible authority or designee shall (SO) inform the requesting person of the determination either orally at the time of the request, (AND) or in writing as soon (THEREAFTER) after that time as possible, and shall cite the (STATUTE) specific statutory section, temporary classification, or specific provision of federal law on which the determination is based. Upon the request of any person denied access to data, the responsible authority or designee shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.

Sec. 3. Minnesota Statutes 1982, section 13.03, subdivision 4, is amended to read:

Subd. 4. [CHANGE IN CLASSIFICATION OF DATA.] The classification of data in the possession of an agency shall change if it is required to do so to comply with either judicial or administrative rules pertaining to the conduct of legal actions or with a specific statute applicable to the data in the possession of the disseminating or receiving agency.

If data on individuals is classified as both private and confidential by this chapter, or any other statute or federal law, then the correct classification of the data shall be presumed to be private.

To the extent that government data is disseminated to state agencies, political subdivisions, or statewide systems by another state agency, political subdivision, or statewide system, the data disseminated shall have the same classification in the hands of the agency receiving it as it had in the hands of the entity providing it.

Sec. 4. Minnesota Statutes 1982, section 13.03, is amended by adding a subdivision to read:

Subd. 5. [DISCOVERABILITY OF NOT PUBLIC DATA.] Access to data classified as not public may be sought by a party in a civil or criminal proceeding, whether administrative or judicial, by seeking discovery of the data pursuant to the rules of administrative, arbitration, civil, or criminal legal actions. The classification of data as not public shall not create a presumption that the data is not discoverable.

If a state agency, political subdivision, or statewide system opposes discovery of government data on the grounds that the data are classified as not public, the party which seeks access to the data may bring before the appropriate presiding judicial officer, arbitrator, or hearing examiner an action to compel discovery.

The presiding officer shall first decide whether or not the data is discoverable pursuant to the rules of evidence and of criminal, civil, or administrative procedure appropriate to the action.

In addition, if necessary, the presiding officer shall then consider and decide whether the benefit to the party seeking the data outweighs any harm to the confidentiality interests of the agency maintaining the data, or of any person who has provided the data or who is the subject of the data, or to the privacy interest of any individual identified in the data. The presiding officer may fashion and issue any protective orders necessary to assure proper handling of the data by the parties.

Sec. 5. Minnesota Statutes 1982, section 13.03, is amended by adding a subdivision to read:

Subd. 6 [COURT ORDERS.] Data classified as not public may be provided, pursuant to a valid court order, to a party named in a civil or criminal proceeding, whether administrative or judicial. In determining whether or not to issue an order, or in any action brought to challenge an order previously issued, the hearing examiner, arbitrator, or judicial officer shall make a decision as to whether or not to order the data to be released under the rules of civil, criminal, or administrative procedure appropriate to the action. In addition, the presiding officer shall consider whether the benefit to the party seeking the data outweighs any harm to the confidentiality interests of the agency maintaining the data, or of any person who has provided the data or who is identified in the data, or to the privacy interest of any individual identified in the data.

Sec. 6. Minnesota Statutes 1982, section 13.03, is amended by adding a subdivision to read:

Subd. 7. Nothing in this chapter or any other statute shall be construed to prevent a state agency, statewide system, or political subdivision from acquiring a copyright or patent on computer software programs or components of programs created by that agency.

Sec. 7. Minnesota Statutes 1982, section 13.04, subdivision 2, is amended to read:

Subd. 2. [INFORMATION REQUIRED TO BE GIVEN INDIVIDUAL.] An individual asked to supply private or confidential data concerning himself shall be informed of: (a) the purpose and intended use of the requested data within the collecting state agency, political subdivision, or statewide system; (b) whether he may refuse or is legally required to supply the requested data; (c) any known consequence arising from his supplying or refusing to supply private or confidential data; and (d) the identity of other persons or entities authorized

by state or federal law to receive the data. This requirement shall not apply when an individual is asked to supply investigative data, pursuant to section 13.82, subdivision 5, to a law enforcement officer.

Sec. 8. Minnesota Statutes 1982, section 13.05, subdivision 3, is amended to read:

Subd. 3. Page 2, delete lines 11 to 16 and insert:

"Sec. 2. Minnesota Statutes 1983 Supplement, section 290.92, subdivision 28, is amended to read:

Subd. 28. Any holder of a class A or B license issued by the Minnesota (HORSE) racing commission who makes a payment to a holder of a class C license issued by the commission, (OR WHO PAYS) *except* an amount *paid* as a purse, shall deduct from the payment and withhold seven percent of the amount as Minnesota withholding tax when the amount paid to that individual during the calendar year exceeds (\$200) \$600. For purposes of the provisions of this section, a payment to any person which is subject to withholding under this subdivision must be treated as if the payment was a wage paid by an employer to an employee. Every individual who is to receive a payment which is subject to withholding under this subdivision shall furnish the license holder with a statement, made under the penalties of perjury, containing the name, address, and social security account number of the person receiving the payment. No withhold-

ing is required if the individual presents a signed certificate from his employer which states that the individual is an employee of that employer. A nonresident individual who holds a class C license must be treated as an athlete for purposes of applying the provisions of sections 290.17, subdivision 2(1)(b)(ii) and 290.92, subdivision 4a.

Sec. 3. Minnesota Statutes 1982, section 290.61, is amended to read:

290.61 [PUBLICITY OF RETURNS, INFORMATION.]

It shall be unlawful for the commissioner or any other public official or employee to divulge or otherwise make known in any manner any particulars set forth or disclosed in any report or return required by this chapter, or any information concerning the taxpayer's affairs acquired from his or its records, officers, or employees while examining or auditing any taxpayer's liability for taxes imposed hereunder, except in connection with a proceeding involving taxes due under this chapter from the taxpayer making such return or to comply with the provisions of sections 290.612 and 302A.821. The commissioner may furnish a copy of any taxpayer's return to any official of the United States or of any state having duties to perform in respect to the assessment or collection of any tax imposed upon or measured by income, if such taxpayer is required by the laws of the United States or of such state to make a return therein. The commissioner may disclose information from withholding tax returns received from the taxpayer to the Minnesota department of economic security for purposes of auditing unemployment tax. Prior to the release of any information to any official of the United States or any other state or the department of economic security under the provisions of this section, the person to whom the information is to be released shall sign an agreement which provides that he will protect the confidentiality of the returns and information revealed thereby to the extent that it is protected under the laws of the state of Minnesota. The commissioner and all other public officials and employees shall keep and maintain the same secrecy in respect to any information furnished by any department, commission, or official of the United States or of any other state in respect to the income of any person as is required by this section in respect to information concerning the affairs of taxpayers under this chapter. Nothing herein contained shall be construed to prohibit the commissioner from publishing statistics so classified as not to disclose the identity of particular returns or reports and the items thereof. Upon request of a majority of the members of the senate tax committee or of the house tax committee or the tax study commission, the commissioner shall furnish abstracted financial information to those committees for research purposes from returns or reports filed pursuant to this chapter, provided that he shall not disclose the name, address, social security number, business identification number or any other item of information associated with any return or report which the commissioner believes is likely to identify the tax-

payer. The commissioner shall not furnish the actual return, or a portion thereof, or a reproduction or copy of any return or portion thereof. "Abstracted financial information" means only the dollar amounts set forth on each line on the form including the filing status.

Any person violating the provisions of this section shall be guilty of a gross misdemeanor.

In order to locate the named payee on state warrants issued pursuant to this chapter or chapter 290A and undeliverable by the United States postal service, the commissioner may publish in any English language newspaper of general circulation in this state a list of the name and last known address of the payee as shown on the reports or returns filed with the commissioner. The commissioner may exclude the names of payees whose refunds are in an amount which is less than a minimal amount to be determined by the commissioner. The published list shall not contain any particulars set forth on any report or return. The publication shall include instructions on claiming the warrants.

An employee of the department of revenue may, in connection with his official duties relating to any audit, collection activity, or civil or criminal tax investigation or any other offense under this chapter, disclose return information to the extent that such disclosure is necessary in obtaining information, which is not otherwise reasonably available, with respect to the correct determination of tax, liability for tax, or the amount to be collected or with respect to the enforcement of any other provision of this chapter.

In order to facilitate processing of returns and payments of taxes required by this chapter, the commissioner may contract with outside vendors and may disclose private and nonpublic data to the vendor. The data disclosed will be administered by the vendor consistent with this section.

Information from a tax return required under this chapter on a license holder or an owner of a horse may be provided by the commissioner to the Minnesota racing commission.

"MINNESOTA MILK IN SCHOOLS PROGRAM

Section 1. [121.60] [MILK IN SCHOOLS PROGRAM; CITATION.]

Sections 1 to 7 may be cited as the Minnesota Milk In Schools Act.

Sec. 2. [121.61] [LEGISLATIVE FINDINGS; POLICY STATEMENT.]

The legislature finds that milk is a wholesome, nutritious, and natural product. Milk is especially important for school students to improve learning ability and promote good health. The legislature further finds that substantial cuts in federal programs to provide milk to school students at reduced cost have resulted in greatly decreased milk consumption by students, and that Minnesota's dairy farmers would benefit from increased milk consumption. It is therefore the policy of the legislature to promote milk consumption in schools through a voluntary program designed to encourage private contributions in order to make milk available to students at a reduced cost.

Sec. 3. [121.62] [MILK IN SCHOOLS PROGRAM.]

Subdivision 1. [ADMINISTRATION.] The Minnesota Milk in Schools Program created by this act shall be administered by the commissioner of education or designee. The state board of education may adopt rules and temporary rules for operation of the program. No temporary rules promulgated to initiate the program may remain in effect for more than 360 days after the effective date of this act. The Minnesota Milk In Schools Program shall be coordinated with federal milk and school lunch programs operated by the department of education.

Subd. 2. [ELIGIBLE SCHOOLS.] "Eligible schools" means public school districts and nonpublic schools which operate educational programs for students in kindergarten through grade six. Schools which are participating in the federal Special Milk Program authorized pursuant to Public Law 89-642 shall not be eligible to participate in the program established in this section.

Subd. 3. [ELIGIBLE MILK PRODUCTS.] The Minnesota Milk in Schools Program may be used to help eligible schools provide the following products to students: whole homogenized milk, "two percent" milk, skim milk, chocolate flavored milk containing not less than two percent butterfat, and any other

products that may be designated by state board rules. Eligible milk products may be delivered to eligible schools packaged in single serving containers or in larger quantities.

Subd. 4. [APPLICATION.] Beginning in the 1984-1985 school year, by August 1 of each year, any eligible school may apply to the commissioner of education on application forms provided by the department to participate in the Minnesota Milk In Schools Program and to receive aid for eligible milk products as defined in subdivision 3.

Sec. 4. [121.63] [AID PAYMENTS.]

The department of education shall pay aid to eligible schools who comply with the requirements of section 3, subdivision 4, in an amount equal to the amount raised by the school district pursuant to section 6, but not to exceed an amount of \$1.25 for each pupil unit in average daily membership in grades kindergarten to six. The school district may decide how the aid is allocated among the pupils in those grades. The department shall make an initial payment of the district's aid entitlement by August 31 of each fiscal year and the remaining amount by March 31 in the same fiscal year.

Sec. 5. [121.64] [UFARS ACCOUNT.]

The state board of education, with the advice and assistance of the uniform financial and reporting standards council, shall establish a new Minnesota Milk In Schools Program account. Funds received by the district for this program shall be deposited in this account and shall be expended only for the purposes of this program.

Sec. 6. [121.65] [ADDITIONAL FUNDING.]

Districts participating in this program may accept additional private contributions to supplement the state funding. These contributions shall be deposited in the district's fund established pursuant to section 5 and shall be treated in accordance with the provisions of section 290.089, subdivision 2, for income tax purposes.

Sec. 7. [121.66] [PROMOTION; DISSEMINATION OF INFORMATION.]

The department of education, in cooperation with the school districts, shall promote and disseminate information about the Minnesota Milk In Schools Program to school district residents.

Sec. 8. [APPROPRIATION.]

There is appropriated from the general fund to the department of education \$500,000 for the purpose of implementing sections 3 to 8.

Sec. 9. [EFFECTIVE DATE.]

Sections 1 to 7 are effective the day following final enactment."

The board shall also consider technologies for retrievable storage of hazardous wastes for later recycling, re-use, recovery, conversion, or treatment.

Subd. 1b. [CONTENTS.] The plan (SHALL) must include at least the (FOLLOWING) elements (:) prescribed in this subdivision.

(a) (AN) *The plan must estimate (OF) the types and (VOLUMES) quantities of hazardous waste (WHICH) that will be generated in the state through the year 2000 (;).*

(b) *The plan must set out specific and quantifiable objectives for reducing to the greatest feasible and prudent extent the need for and (PRACTICE) use of disposal facilities located within the state, through waste reduction, pretreatment, retrievable storage, processing, and resource recovery (;).*

(c) (A DESCRIPTION OF) *The plan must estimate the minimum disposal capacity and capability (NEEDED TO BE DEVELOPED WITHIN) required by generators in the state for use through the year 2000 (,). The estimate must be based on the achievement of the objectives under (CLAUSE) paragraph (b) (;).*

(d) (A DESCRIPTION OF) *The plan must describe and recommend the implementation strategies required to (DEVELOP THE NEEDED) assure availability of disposal capacity for the types and quantities of waste estimated under (CLAUSE) paragraph (c) and to achieve the objectives (UNDER CLAUSE) required by paragraph (b) (, INCLUDING). The recommendations must address at least the following: the necessary private and government actions; the types of facilities and programs required; the availability and use of specific facilities outside of the state; development schedules for facilities, services, and (REGULATIONS) rules that should be established in the state; revenue-raising and financing measures; levels of public and private effort and expenditure; legal and institutional changes; and other similar matters.*

(e) The plan (SHALL) *must* provide for the orderly development of hazardous waste management sites and facilities to protect the health and safety of rural and urban communities. In preparing the plan the board shall consider its impact upon agriculture and natural resources.

(f) The plan (SHALL REQUIRE THE ESTABLISHMENT IN THE STATE OF AT LEAST ONE COMMERCIAL RETRIEVABLE STORAGE OR DISPOSAL FACILITY AND SHALL RECOMMEND AND ENCOURAGE) *must include* methods and procedures that will (INSURE) *encourage* the establishment of (AT LEAST ONE FACILITY) *programs, services, and facilities that the board recommends for development in the state for the recycling, re-use, recovery, conversion, treatment, destruction, transfer, (OR) storage, or disposal, including retrievable storage, of hazardous waste.*

The plan must be consistent with the estimate of need and feasibility analysis prepared under section 115A.24, the analysis provided in the phase I environmental impact statement determined to be adequate under section 115A.25, subdivision 1a, and the decisions made by the board under sections 115A.28 and 115A.291.

The board may make the implementation of elements of the plan contingent on actions of the legislature (WHICH) *that* have been recommended in the draft plan (AND CERTIFICATION OF NEED AND CONSIDERED IN THE REPORTS SUBMITTED PURSUANT TO SECTION 115A.08).

Subd. 2. [PROCEDURE.] (THE PLAN SHALL BE BASED UPON THE REPORTS PREPARED PURSUANT TO SECTION 115A.08.) The plan (, THE CERTIFICATE OF NEED ISSUED UNDER SECTION 115A.24,) and the procedures for hearings on the (DRAFT) plan (AND DRAFT CERTIFICATE OF NEED, SHALL) *are not (BE) subject to the rule-making or contested case provisions of chapter 14. Before revising the draft plan prepared under subdivision 3, or amending its adopted plan, the board shall provide notice and hold a public hearing in a manner consistent with the procedure followed by the board in the hearings on the draft plan, as provided in subdivision 3 and approved by the legislative commission.*

Subd. 3. [PREPARATION OF DRAFT PLAN.] By July 1, 1983, the (CHAIRMAN) *chairperson* of the board shall report to the legislative commission on waste management about the hearing to be held pursuant to this subdivision. The (CHAIRMAN) *chairperson* shall describe the board's plans and procedures for the hearing, the provisions for encouraging public participation in the hearing, and the board's plans for preparing the required report to the legislature fully and accurately summarizing the results of the hearing, the objections raised to the board's draft plan (AND CERTIFICATION), and the board's response to the testimony received. The legislative commission

shall hold a hearing to receive public comment on the board's proposed hearing procedures and thereafter shall make any recommendations it deems appropriate for changes in the board's procedures. By November 1, 1983, the board through its chairperson shall issue a draft hazardous waste management plan proposed for adoption pursuant to this section (, AND A DRAFT CERTIFICATE OR CERTIFICATES OF NEED PROPOSED FOR ISSUANCE UNDER SECTION 115A.24). The draft plan (AND CERTIFICATES) must include an explanation of the basis of the findings, conclusions, and recommendations contained therein. The board shall hold a public hearing on the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) within 30 days of (THEIR) *its* issuance. Notices of the draft plan (AND THE DRAFT CERTIFICATE OR CERTIFICATES) and notice of the hearing (SHALL) *must* be published in the state register and newspapers of general circulation in the state. The notices must indicate how copies of the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) may be obtained. The board shall make the draft plan (AND DRAFT CERTIFICATE OR CERTIFICATES OF NEED) available for public review and comment at least 21 days before the hearing. The hearing (SHALL) *must* be ordered by the chairperson of the board and (SHALL) *must* be conducted by the state office of administrative hearings in a manner consistent with the completion of the proceedings in the time allowed by this section. The hearing officer (SHALL) *may* not issue a report but shall preside at the hearing to ensure that the hearing is conducted in a fair, orderly, and expeditious manner and in accordance with the hearing procedures of the board. A majority of the permanent members of the board shall attend the hearing. In connection with the hearing, the chairperson of the board shall provide copies of the studies and reports on which the draft plan (AND CERTIFICATION OF NEED ARE) *is* based and shall present an explanation of the basis of the findings, conclusions, and recommendations in the draft plan (AND CERTIFICATION OF NEED).

Within 15 days following the hearing the director of the agency shall issue a hazardous waste pollution control report. The report must be submitted to the legislative commission. The report must be based on existing and proposed federal and state pollution control rules and available information and expertise on the character, nature, and degree of hazard of the types and categories of hazardous waste identified in the plan. The report must:

(a) assess the pollution control problems and risks associated with each type and category of hazardous waste identified by the (DRAFT CERTIFICATION OF NEED) *plan* as eligible for disposal, before or after pretreatment, at a facility or facilities of the type and design selected by the board, and identify design and pretreatment alternatives or other methods for dealing with those problems and risks;

(b) identify at least one specific alternative technology for dealing with each waste (WHICH) that the report recommends should not be (CERTIFIED) accepted for disposal, and assess the pollution control problems and risks associated with the alternatives;

(c) assess the pollution control problems and risks associated with each standard and criteria contained in the plan (AND CERTIFICATION) for determining the eligibility or ineligibility of waste for disposal;

(d) assess the pollution control programs and risks associated with the processing and other alternatives to disposal (WHICH) that are recommended in the plan for specific types or categories of hazardous waste, and identify methods for dealing with those problems and risks.

Within 30 days following the hearing, the board shall revise the draft plan (AND THE DRAFT CERTIFICATE OR CERTIFICATES OF NEED) as it deems appropriate, shall make a written response to the testimony received at the hearing and to the agency's report explaining its disposition of any recommendations made with respect to the plan (AND CERTIFICATION), and shall submit to the legislative commission the revised draft plan (AND CERTIFICATION OF NEED), together with a report on the testimony received, the board's response, and the results of the hearing process.

Sec. 7. [ABATEMENT COST RECOVERY FOR MUNICIPALITIES.]

Any metropolitan municipality that offers a resource recovery program shall be paid annually by the commissioner an amount equal to 75 cents per household. Notwithstanding any other provisions of this act, the amount necessary to make payments to the municipality is appropriated from the landfill abatement fund to the commissioner. The municipality shall use the payment from the commissioner to fund landfill abatement activities, including any programs designed to reduce the amount of mixed municipal solid waste disposed of at landfills.

Sec. 8. [115A.152] [TECHNICAL AND RESEARCH ASSISTANCE TO GENERATORS.]

Subdivision 1. [PURPOSES.] The board shall provide for the establishment of a technical and research assistance program for generators of hazardous waste in the state. The program must be designed to assist generators in the state to obtain information about management of hazardous wastes, to identify and apply methods of reducing the generation of hazardous wastes, to facilitate improved management of hazardous waste and compliance with hazardous waste regulations, and for other

similar purposes. The program must emphasize assistance to smaller businesses that have inadequate technical and financial resources for obtaining information, assessing waste management methods, and developing and applying waste reduction techniques. Information and techniques developed under this program must be made available through the program to all generators in the state.

Subd. 2. [ASSISTANCE.] The assistance program must include at least the following elements:

(a) outreach programs including on-site consultation at locations where hazardous waste is generated, seminars, workshops, training programs, and other similar activities designed to assist generators to evaluate their hazardous waste generation and management practices, identify opportunities for waste reduction and improved management, and identify subjects that require additional information and research;

(b) a program to assemble, catalog, and disseminate information about hazardous waste reduction and management methods, available commercial waste management facilities and consultant services, and regulatory programs (provided that specific questions by generators about interpretation or application of waste management rules or regulations should be referred to appropriate regulatory agencies);

(c) evaluation and interpretation of information needed by generators to improve their management of hazardous waste; and

(d) informational and technical research to identify alternative technical solutions that can be applied by specific generators to reduce the generation of hazardous waste.

Subd. 3. [ADMINISTRATION; EVALUATION.] The assistance program must be coordinated with other public and private programs that provide management and technical assistance to smaller businesses and generators of small quantities of hazardous waste, including programs operated by public and private educational institutions. The board may make grants to a public or private person or association that will establish and operate the elements of the program, but the grants must require that the assistance be provided at no cost to the generators and that the grantees provide periodic reports on the improvements in waste management, waste reduction, and regulatory compliance achieved by generators through the assistance provided.

Sec. 9. [115A.154] [WASTE REDUCTION GRANTS.]

Subdivision 1. [PROPOSALS AND GRANTS.] The board may make grants to generators of hazardous waste in the state

for studies to determine the feasibility of applying specific methods and technologies to reduce the generation of hazardous waste. Grants may be awarded only on the basis of proposals submitted to the board by generators. The board shall select proposals that offer the greatest opportunity to significantly reduce the generation of hazardous waste by the generators making the proposal and, if applied generally, to significantly reduce the generation of hazardous waste in the state. The significance of waste reduction may be measured by the volume of hazardous waste that is eliminated or by the reduction in risk to public health and safety and the environment that is achieved by the reduction. In awarding grants, the board may consider the extent of any financial and technical support that will be available from other sources for the study. The board may adopt additional criteria for awarding grants consistent with the purposes of this section.

Subd. 2. [LIMITATIONS.] *The waste reduction information and techniques developed using grants awarded under this section must be made available to all generators in the state through the technical assistance and research program established under section 8. Grant money awarded under this section may not be spent for capital improvements or equipment.*

Sec. 10. [115A.156] [WASTE PROCESSING AND COLLECTION FACILITIES AND SERVICES; DEVELOPMENT GRANTS.]

Subdivision 1. [PURPOSE.] *The board may make grants to eligible recipients to determine the feasibility and method of developing and operating specific types of commercial facilities and services for collecting and processing hazardous waste, including integrated facilities designed for both processing and disposal of hazardous waste. Grants may be made for:*

- (1) *market assessment, including generator surveys;*
- (2) *conceptual design and preliminary engineering;*
- (3) *financial and business planning necessary to address sources of funding, financial security, liability, pricing structure, and similar matters necessary to the development and proper operation of a facility or service;*
- (4) *environmental impact and site analysis, preparation of permit applications, and environmental and permit review;*
- (5) *analysis of methods of overcoming identified technical, institutional, legal, regulatory, market, or other constraints; and*
- (6) *analysis of other factors affecting development, operation, and use of a facility or service.*

Subd. 2. [ELIGIBILITY.] A person proposing to develop and operate specific collection and processing facilities or services to serve generators in the state is eligible for a grant. The board may give preference to applications by associations of two or more generators in the state proposing to develop and operate commercial facilities or services capable of collecting or processing their hazardous wastes.

Subd. 3. [PROCEDURE FOR AWARDING GRANTS.] The board may establish procedures for awarding grants under this section. The procedures for awarding grants shall include consideration of the following factors:

(1) the need to provide collection and processing for a variety of types of hazardous wastes;

(2) the extent to which the facility or service would provide a significant amount of processing or collection capacity for waste generated in the state, measured by the volume of waste to be managed, the number and geographic distribution of generators to be served, or the reduction of risk to public health and safety and the environment achieved by the operation of the facility or service;

(3) the availability of the facility or service to all generators needing the service in the area to be served;

(4) the contribution of the facility or service to achieving the policies and objectives of the hazardous waste management plan;

(5) participation by persons with demonstrated experience in developing, designing, or operating hazardous waste collection or processing facilities or services;

(6) the need for assistance from the board to accomplish the work;

(7) the extent to which a proposal would produce and analyze new information; and

(8) other factors established by the board consistent with the purposes of this section.

The board may adopt temporary rules under sections 14.29 to 14.36 to implement the grant program. Temporary rules adopted by the board remain in effect for 360 days or until permanent rules are adopted, whichever occurs first.

Subd. 4. [LIMITATIONS.] A grant may not exceed \$50,000. The board may award more than one grant for a single proposed facility or service if the board finds that results of

previous studies justify additional work on other aspects of the development and operation of the facility or service. Grant money may not be spent for capital improvements or equipment.

Subd. 5. [MATCHING FUNDS REQUIRED.] A recipient other than an association of generators in the state must agree to pay at least 50 percent of the cost of the study. An association of two or more generators in the state must agree to pay at least 20 percent of the cost of the study.

Sec. 11. [115A.158] [DEVELOPMENT OF PROCESSING AND COLLECTION FACILITIES AND SERVICES; REQUESTS FOR PROPOSALS.]

Subdivision 1. [REQUEST BY BOARD; CONTENTS OF PROPOSAL.] The board through its chairperson shall request proposals for the development and operation of specific types of commercial hazardous waste processing and collection facilities and services, including integrated facilities designed for both processing and disposal of hazardous waste, that offer the greatest possibility of achieving the policies and objectives of the waste management plan including the goal of reducing to the greatest extent feasible and prudent the need for and practice of disposal. The proposals must contain at least the following information:

(1) the technical, managerial, and financial qualifications and experience of the proposer in developing and operating facilities and services of the type proposed;

(2) the technical specifications of the proposed facility or service including the process that will be used, the amount and types of hazardous waste that can be handled, the types, volume, and proposed disposition of any residuals, and a description of anticipated adverse environmental effects;

(3) the requirements of the site or sites needed to develop and operate the facility or service and the likelihood that a suitable site or sites will be available for the facility or service;

(4) projections of the costs and revenues of the facility or service, the types and numbers of generators who will use it, and the fee structure and estimated user charges necessary to make the facility or services economically viable;

(5) the schedule for developing and commencing operation of the facility or service; and

(6) the financial, technical, institutional, legal, regulatory, and other constraints that may hinder or prevent the development or operation of the facility or service and the actions that

could be taken by state and local governments or by the private sector to overcome those constraints.

The information provided in the proposal must be based on current and projected market conditions, hazardous waste streams, legal and institutional arrangements, and other circumstances specific to the state.

Subd. 2. [PROCEDURE; EVALUATION; REPORT.] In requesting proposals, the board shall inform potential developers of the assistance available to them in siting and establishing hazardous waste processing and collection facilities and services in Minnesota including the availability of sites listed on the board's inventory of preferred areas for hazardous waste processing facilities, the authority of the board to acquire sites and order the establishment of facilities in those areas, the policies and objectives of the hazardous waste management plan, and the availability of information developed by the board on hazardous waste generation and management in the state.

The board shall evaluate the proposals received in response to its request and determine the extent to which the proposals demonstrate the qualifications of the developers, the technical and economic feasibility of the proposed facility or service, and the extent to which the proposed facility or service will contribute in a significant way to the achievement of the policies and objectives of the hazardous waste management plan.

The board shall report to the legislative commission on the proposals that it has received and evaluated, and on the legislative, regulatory, and other actions needed to develop and operate the proposed facilities or services.

Subd. 3. [TIME FOR PROPOSALS.] The board shall issue the first round of requests under this section by June 1, 1984. The first round proposals must be returned to the board by November 1, 1984. The board shall submit its report on these proposals to the legislative commission by January 1, 1985. The board may issue additional requests in 1985 and in future years.

Sec. 12 [115A.159] [DEVELOPMENT OF HAZARDOUS WASTE COLLECTION AND TRANSPORTATION SERVICES.]

The board through its chairperson shall request, pursuant to the first round of requests under section 11, proposals for the development and operation of a system of commercial collection and transportation services for hazardous waste especially designed to serve smaller businesses and generators of small quantities of hazardous waste that have difficulty securing effective and reliable collection and shipment services and acceptance of

wastes at appropriate waste facilities. The board's request under this section should require proposals containing at least the following elements:

- (1) a collection service;
- (2) assistance to clients about on-site waste management;
- (3) a shipping coordination service, which may include transfer and temporary storage and bulking facilities and computerized inventory tracking capabilities, as the proposer deems appropriate and necessary to provide efficient and reliable combined shipment of wastes from generators to processing and disposal facilities;
- (4) a brokerage service to ensure acceptance of wastes at appropriate processing and disposal facilities;
- (5) recommendations on the utility of local or regional associations of generators to increase the efficiency and reliability of the services; and
- (6) recommendations on processing facilities, including mobile modular processing units, that would complement the collection and transportation system.

The board's request must require proposals that offer the delivery of services in stages commencing no later than July 1, 1985. The board should specify or require specification of immediate and staged performance standards for the services proposed, which may include standards relating to the volume and types of waste, the number and geographic distribution of generators served, accessibility, the percent of total waste and generators served, and other appropriate matters. After evaluating proposals received in response to its request, the board may select a proposer as the recipient of a development grant under section 10. Notwithstanding the provisions of section 10, subdivisions 4 and 5, on the amount of the grant and the required match, the grant made under this section may be up to \$350,000 and may not require a match greater than ten percent of the grant award.

Sec. 13. [115A.162] [HAZARDOUS WASTE PROCESSING FACILITY LOANS.]

The board shall review applications for hazardous waste processing facility loans received by the economic development authority and forwarded to the board under section 45. The board may certify a loan application only if it determines that:

- (1) the applicant has demonstrated that the proposed facility is technically feasible;

(2) *the applicant has made a reasonable assessment of the market for the services offered by the proposed facility;*

(3) *the applicant has agreed to provide funds for the proposed facility in an amount equal to at least 25 percent of the capital cost of the facility excluding land acquisition cost;*

(4) *the applicant has agreed to pay the cost of any land acquisition necessary to develop the facility; and*

(5) *the facility will contribute in a significant way to achievement of the policies and objectives of the hazardous waste management plan and, in particular, to reduce the need for and practice of hazardous waste disposal.*

As a condition of its certification the board may require an applicant to agree to provide funds in excess of 25 percent of the capital cost of the facility in addition to any land acquisition costs. In certifying an application or in determining the share of the capital costs that will be provided by the loan, the board may consider the types and volumes of hazardous waste that will be handled by the facility, the number of generators served by the facility, and the extent to which the facility serves the need of smaller businesses that generate hazardous waste. The board may establish additional criteria for certifying loan applications consistent with the provisions of this section.

The board may adopt temporary rules under sections 14.29 to 14.36 to implement the loan program. Temporary rules adopted by the board remain in effect for 360 days or until permanent rules are adopted, whichever occurs first.

Sec. 14. [115A.165] [EVALUATION OF PROGRAMS; REPORT.]

By November 1, 1986, the board shall evaluate the extent to which the programs provided in sections 8 to 13 have contributed to the achievement of the policies and objectives of the hazardous waste management plan. The evaluation must consider the amount of waste reduction achieved by generators through the technical and research assistance and waste reduction grant programs and the progress in reducing the need for and practice of disposal achieved through the development grants and the request for proposal program. The board shall report the results of its evaluation to the legislative commission with its recommendations for further action.

Sec. 15. Minnesota Statutes 1982, section 115A.18, is amended to read:

115A.18 [LEGISLATIVE FINDINGS; PURPOSE.]

The legislature finds that proper management of hazardous waste generated in the state is needed to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens, that the establishment of safe *commercial disposal facilities (IS) in the state may be necessary and practicable* to properly manage the waste, that this cannot be accomplished solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on *whether commercial disposal facilities should be established in the state and on the locations, sizes, types, and functions of any such facilities.*

Sec. 16. Minnesota Statutes 1983 Supplement, section 115A.21, subdivision 1, is amended to read:

Subdivision 1. [SELECTION.] The board shall select (AT LEAST FOUR LOCATIONS) *more than one location* in the state, no more than one site per county, as candidate sites for commercial disposal facilities for hazardous waste. Candidate sites (SELECTED BY THE BOARD BEFORE FEBRUARY 1, 1983, AND ADDITIONAL CANDIDATE SITES SELECTED PURSUANT TO THIS SECTION,) must be reviewed pursuant to sections 115A.22 to 115A.30. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended pursuant to subdivision 2a.

Sec. 17. Minnesota Statutes 1983 Supplement, section 115A.21, is amended by adding a subdivision to read:

Subd. 1a. [VOLUNTEER CANDIDATE SITES.] *The board may select candidate sites under this subdivision in addition to sites selected under subdivision 1. The board may submit a site to the agency if the site is proposed as a candidate site by a facility operator with the approval of the owners of the site and the statutory or home rule charter city or town and county in which the site is located. A location may be selected as a candidate site under this subdivision if the agency determines and certifies that the site is intrinsically suitable for the use intended. The director of the agency shall identify the information needed by the agency to make the determination of intrinsic suitability. The board shall obtain the necessary information and provide it to the director.*

The director of the agency shall make a recommendation to the agency board on intrinsic suitability within 30 days after receiving the information from the board. The agency board shall make the determination on intrinsic suitability not later than the first regular meeting of the agency board held at least ten days after the director's recommendation.

The decisions of the board and the agency under this subdivision are not subject to the contested case or rulemaking provisions of chapter 14, or the procedures provided in subdivision 2a.

Sec. 18. Minnesota Statutes 1983 Supplement, section 115A.22, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on reports referred to in subdivision 7, the plan adopted under section 115A.11, and the (CERTIFICATION OF NEED) *estimates and analysis* required under section 115A.24 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.

Sec. 19. Minnesota Statutes 1983 Supplement, section 115A.22, subdivision 4, is amended to read:

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] Within 30 days following the appointment of a local project review committee, the local committee shall select a temporary board member to be added to the board for the purposes of the reports to be issued under section 115A.08, the plan to be adopted under section 115A.11, and the (NEED CERTIFICATIONS) *estimates, the analysis and the review* of candidate sites conducted under sections 115A.18 to 115A.30. Temporary board members shall not participate or vote in decisions affecting the selection and certification of sites under sections 115A.201 and 115A.21. If a local committee fails to appoint a temporary board member within the time permitted by this subdivision, the governor shall appoint a temporary board member to represent the committee on the board. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located. Temporary board members shall serve for terms lasting as long as the location the member represents is a candidate site or, in the case of members representing (THE) a site or sites finally chosen for the facility, until the commencement of the operation of the facility at that site.

Sec. 20. Minnesota Statutes 1982, section 115A.24, is amended to read:

115A.24 [(CERTIFICATION OF NEED) DISPOSAL FACILITIES; ESTIMATE OF NEED; ANALYSIS OF ECONOMIC FEASIBILITY.]

Subdivision 1. [(CERTIFICATE) ESTIMATE OF NEED FOR DISPOSAL FACILITIES.] (ON THE BASIS OF AND CONSISTENT WITH ITS HAZARDOUS WASTE MANAGE-

MENT PLAN ADOPTED UNDER SECTION 115A.11, THE BOARD SHALL ISSUE A CERTIFICATE OR CERTIFICATES OF NEED FOR DISPOSAL FACILITIES FOR HAZARDOUS WASTES IN THE STATE. THE CERTIFICATE OR CERTIFICATES SHALL INDICATE THE TYPES AND VOLUMES OF WASTE FOR WHICH DISPOSAL FACILITIES ARE AND WILL BE NEEDED THROUGH THE YEAR 2000 AND) *The board shall develop an estimate of the number, types, capacity, and function or use of (THE) any hazardous waste disposal facilities needed in the state. (BEFORE FINALLY ADOPTING THE CERTIFICATE OF NEED THE BOARD SHALL SUBMIT IT TO THE AGENCY FOR A REVISION OF THE HAZARDOUS WASTE POLLUTION CONTROL REPORT REQUIRED UNDER SECTION 115A.11, SUBDIVISION 2.)*

In developing its estimate the board shall:

(1) prepare a preliminary estimate of the types and quantities of waste generated in the state for which disposal will be needed through the year 2000 based to the extent practical on data obtained from generators who are likely to use the facility;

(2) estimate the disposal capacity located outside of the state, taking into account the status of facility permits, current and planned capacity, and prospective restrictions on expansion of capacity;

(3) estimate the prospects for the continued availability of capacity outside of the state for disposal of waste generated in the state;

(4) estimate the types and quantities of waste likely to be generated as residuals of the commercial hazardous waste processing facilities recommended by the board for development in the state and for which disposal will be needed, taking into account the likely users of the facilities; and

(5) compare the indirect costs and benefits of developing disposal facilities in the state or relying on facilities outside the state to dispose of hazardous waste generated in the state, taking into account the effects on business, employment, economic development, public health and safety, the environment, and the development of collection and processing facilities and services in the state.

In preparing the estimate, the board (SHALL CERTIFY NEED) may identify need for disposal only to the extent that the board has determined that there are no feasible and prudent alternatives, including waste reduction, separation, pretreatment, processing, and resource recovery, which would minimize adverse impact upon air, water, land and all other natural re-

sources (, PROVIDED THAT THE BOARD SHALL REQUIRE THE ESTABLISHMENT OF AT LEAST ONE COMMERCIAL DISPOSAL FACILITY IN THE STATE). Economic considerations alone (SHALL) *may* not justify (CERTIFICATION) *an estimate of need for disposal* nor the rejection of alternatives. Alternatives that are speculative and conjectural (SHALL) *are* not (BE DEEMED TO BE) feasible and prudent. The board shall consider all technologies being developed in other countries as well as in the United States when it considers the alternatives to hazardous waste disposal. (THE CERTIFICATE OR CERTIFICATES SHALL NOT BE SUBJECT TO THE PROVISIONS OF CHAPTER 14 BUT SHALL BE THE FINAL DETERMINATION REQUIRED ON THE MATTERS DECIDED BY THE CERTIFICATE OR CERTIFICATES AND SHALL HAVE THE FORCE AND EFFECT OF LAW. THE CERTIFICATE OR CERTIFICATES SHALL NOT BE AMENDED FOR FIVE YEARS EXCEPT AS PROVIDED IN SECTION 115A.291. IN REVIEWING AND SELECTING SITES, COMPLETING AND DETERMINING THE ADEQUACY OF ENVIRONMENTAL IMPACT STATEMENTS, AND ISSUING APPROVALS AND PERMITS FOR WASTE DISPOSAL FACILITIES DESCRIBED IN THE CERTIFICATE OR CERTIFICATES OF NEED, MATTERS DETERMINED IN THE CERTIFICATION SHALL NOT BE RECONSIDERED EXCEPT AS OTHERWISE PROVIDED IN SECTION 115A.291. THE BOARD AND THE PERMITTING AGENCIES SHALL BE REQUIRED TO MAKE A FINAL DECISION APPROVING THE ESTABLISHMENT OF FACILITIES CONSISTENT WITH THE CERTIFICATION EXCEPT AS OTHERWISE PROVIDED IN SECTION 115A.291.)

Subd. 3. [RADIOACTIVE WASTE.] The board's (CERTIFICATE) *estimate of need* shall not allow the use of a facility for disposal of radioactive waste, as defined by section 116C.71, subdivision 6.

Subd. 4. [ECONOMIC FEASIBILITY ANALYSIS.] *The board shall prepare an economic feasibility analysis for disposal facilities of the type, capacity and function or use estimated by the board to be needed in the state under subdivision 1. The analysis must be specific to the sites where the facilities are proposed to be located. The analysis must include at least the following elements:*

(1) *an estimate of the capital, operating, and other direct costs of the facilities and the fee schedules and user charges necessary to make the facilities economically viable;*

(2) *an assessment of the other costs of using the disposal facilities, such as transportation costs and disposal surcharges;*

(3) *an assessment of the market for the facility for waste generated in the state, that identifies the generators that would*

use the facility under existing and likely future market conditions, describes the methods otherwise available to those generators to manage their wastes and the costs of using those methods, and establishes the level at which the cost of using the proposed facilities would be competitive with the cost of using other available methods of waste management;

(4) an estimate of the subsidy, if any, needed to make the facility competitive for Minnesota generators under existing market conditions and the changes in market conditions that would increase or lower any subsidy.

Sec. 21. Minnesota Statutes 1983 Supplement, section 115A.241, is amended to read:

115A.241 [PARTICIPATION BY FACILITY DEVELOPERS AND OPERATORS.]

The board shall solicit the participation of private developers and operators of waste facilities in the evaluation of hazardous waste disposal sites and facility specifications. (TO QUALIFY FOR CONSIDERATION AS A DEVELOPER OR OPERATOR, A PERSON SHALL SUBMIT A LETTER) *The board shall request developers and operators to submit letters of intent to participate in evaluating sites, economic feasibility of disposal facilities, and facility specifications. The letters must be submitted to the board (WITHIN 90 DAYS FOLLOWING THE PUBLICATION OF THE BOARD'S DRAFT PLAN PURSUANT TO SECTION 115A.08, SUBDIVISION 4) by September 1, 1984. To qualify for selection as a developer or operator, a person shall submit operability reports to the board at least 60 days before the board's hearings under section 115A.27, and shall submit an amended report within 60 days following the decisions under section 115A.28. The letters of intent and reports (SHALL) must be in the form and contain the information deemed appropriate by the board.*

Sec. 22. Minnesota Statutes 1983 Supplement, section 115A.25, subdivision 1, is amended to read:

Subdivision 1. [ENVIRONMENTAL IMPACT STATEMENT.] A phased environmental impact statement (SHALL) *must be completed by the board and the agency before any permits are issued under section 115A.291. The statement must be prepared and reviewed in accordance with chapter 116D and the rules issued pursuant thereto, except as otherwise required by this section and sections 115A.11 (, 115A.24), 115A.28, and 115A.30. The board and agency shall follow the procedures in subdivisions 2 and 3 in lieu of the scoping requirements of chapter 116D and rules issued pursuant thereto. The statement (SHALL) must be completed in two phases as provided in subdivisions 1a and 1b.*

Sec. 23. Minnesota Statutes 1983 Supplement, section 115A.25, subdivision 1a, is amended to read:

Subd. 1a. [PHASE I.] Phase I of the statement (SHALL) *must* be completed by the board on the environmental effects of the (BOARD'S DECISION ON SITES AND FACILITY SPECIFICATIONS) *decisions that the board is required to make* under section 115A.28. Phase I of the statement (SHALL) *must* not address or reconsider (ALTERNATIVE SITES OR FACILITY NUMBERS, TYPES, CAPACITY, FUNCTION, AND USE WHICH) *alternatives that have been eliminated from consideration* by the board's decisions under sections 115A.201 and 115A.21 (AND 115A.24). The determination of the adequacy of phase I of the statement is exclusively the authority of the board. The governor shall establish an interagency advisory group to comment on the scope of phase I of the statement, to review drafts, and to provide technical assistance in the preparation and review of phase I of the statement. The advisory group (SHALL) *must* include representatives of the agency, the departments of natural resources, health, agriculture, energy, planning and development, and transportation, and the Minnesota geological survey. In order to obtain the staff assistance necessary to prepare the statement, the chairperson of the board may request reassignment of personnel pursuant to section 16.21 and may arrange to have other agencies prepare parts of the statement pursuant to section 16.135.

Sec. 24. Minnesota Statutes 1983 Supplement, section 115A.25, subdivision 1b, is amended to read:

Subd. 1b. [PHASE II.] Phase II of the statement (SHALL) *must* be completed by the agency as a supplement to phase I specifically for the purpose of examining the environmental effects of (THE) *any* permitting decisions *that may be required* to be made by the permitting agencies under section 115A.291. In preparing, reviewing, and determining the adequacy of phase II of the statement, the agency shall not repeat or duplicate the research and analysis contained in phase I of the statement, unless the agency determines that the information available is not adequate or that additional information is necessary to examine the environmental effects of the permitting decisions. Phase II of the statement (SHALL) *may* not address or reconsider (ALTERNATIVE SITES AND FACILITY NUMBERS, TYPES, CAPACITY, FUNCTION, AND USE WHICH) *alternatives that have been eliminated from consideration* by the board's decisions under sections 115A.201, 115A.21, (115A.24,) and 115A.28. The determination of adequacy of phase II of the statement *must* be made by the agency within 180 days following submission of the preliminary permit application or applications under section 115A.291. The determination of the adequacy of phase II of the statement is exclusively the authority of the agency.

Sec. 25. Minnesota Statutes 1983 Supplement, section 115A.26, is amended to read:

115A.26 [AGENCIES; REPORT ON PERMIT CONDITIONS AND APPLICATION REQUIREMENTS.]

Within 30 days following the board's determination of the adequacy of phase I of the environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, the chief executive officer of each permitting state agency shall issue to the board draft reports on permit conditions and permit application requirements at each candidate site. The reports must indicate, to the extent possible based on existing information, the probable terms, conditions, and requirements of permits, including the types and categories of waste eligible for disposal with or without pretreatment, and the probable supplementary documentation that will be required for phase II of the environmental impact statement under section 115A.25 and for permit applications under section 115A.291. The reports may be revised following the hearings under section 115A.27 as the chief executive officer deems necessary. (THE REPORTS MUST BE CONSISTENT WITH THE ESTABLISHMENT OF FACILITIES IN ACCORDANCE WITH THE CERTIFICATION OF NEED.)

Sec. 26. Minnesota Statutes 1983 Supplement, section 115A.-27, subdivision 2, is amended to read:

Subd. 2. [BOARD HEARINGS.] Within 120 days following the board's determination of the adequacy of phase I of the environmental impact statement under section 115A.25, the board shall conduct a hearing in each county containing a candidate site, for the purpose of receiving testimony on the decisions required under section 115A.28. The hearings (SHALL) *must* be ordered by the chairperson of the board. The subject of the board hearing (SHALL) *may* not extend to matters previously decided in the board's decision on sites under (SECTION) *sections 115A.201 and 115A.21 (AND THE CERTIFICATE OF NEED ISSUED UNDER SECTION 115A.24). The record of the hearings must include the estimate of need for disposal facilities and the economic feasibility analysis prepared under section 115A.24, the phase I environmental impact statement, and the reports on permit conditions issued under section 115A.26.* The hearing (SHALL) *must* be conducted for the board by the state office of administrative hearings in a manner consistent with the completion of the proceedings in the time allowed. The proceedings and the hearing procedures are not subject to the rule-making or contested case provisions of chapter 14. The hearing officer (SHALL) *may* not issue a report but shall preside at the hearings to ensure that the hearings are conducted in a fair, orderly, and expeditious manner and in accordance with the hearing procedures of the board. A majority of the permanent members of the board shall be present at the hearing.

Sec. 27. Minnesota Statutes 1983 Supplement, section 115A.-28, subdivision 1, is amended to read:

Subdivision 1. [DECISION OF BOARD.] Within 60 days following the conclusion of the hearings under section 115A.27, subdivision 2, and after consulting with private facility developers, the permitting agencies, affected local government units, and the local project review committees, *the board shall make the decisions as required by this subdivision. If the board decides that a disposal facility should not be developed in the state, it shall dismiss the candidate sites from further consideration. If the board determines and certifies that a disposal facility is needed and should be developed in the state, the board shall (FINALLY) select (THE) a site or sites (FOR THE FACILITIES AND THE DEVELOPER AND OPERATOR OF THE FACILITY AND SHALL PRESCRIBE FURTHER SPECIFICATIONS ON) and specify the number, type, capacity, function, and use of (THE) any facilities (AS THE BOARD DEEMS APPROPRIATE, CONSISTENT WITH THE BOARD'S CERTIFICATION OF NEED ISSUED UNDER SECTION 115A.24) to be established under sections 115A.18 to 115A.30. Sites that are not selected by the board cease to be candidate sites.* If the chairperson of the board determines that an agency report on permit conditions and application requirements has been substantially revised following hearings held pursuant to section 115A.27, subdivision 2, the chairperson may delay the decision for 30 days and may order a public hearing to receive further testimony on the sites and facilities to be established. The proceeding (SHALL) *must be conducted as provided in section 115A.27, subdivision 2, except that hearings shall not be separately held in the affected counties and the issues relating to all agency reports (SHALL) must be considered at one hearing (THE BOARD'S DECISION SHALL PROVIDE FOR THE ESTABLISHMENT OF FACILITIES CONSISTENT WITH THE BOARD'S CERTIFICATION OF NEED).*

The board may not make any final decision under this subdivision until the board:

(1) *determines the current status of and future prospects for the final development of commercial hazardous waste processing facilities in the state based on the responses to the board's requests for proposals, the results of the board's processing facility development grant and loan programs, and any applications which have been filed for processing facility operation permits; and*

(2) *adjusts the estimate of need prepared under section 115A.24 to reflect the types and quantities of hazardous waste likely to be generated as residuals of processing facilities based on the board's determination under clause (1).*

Sec. 28. Minnesota Statutes 1983 Supplement, section 115A.291, is amended to read:

115A.291 [PERMITS.]

Research and analysis necessary to the permit applications and permit decisions required under this chapter, and the supporting environmental study, must commence immediately following the board's decision (UNDER SECTION 115A.28) to *apply for permits under this section*. Within 180 days following its (FINAL DECISION) decisions under section 115A.28, the board shall *conclude its analysis of the financial requirements for the facility and shall decide whether to submit, or cause to be submitted by a developer and operator selected by the board, a preliminary application for permits for a facility or facilities consistent with its decision under section 115A.28*. Following review by the permitting agencies and within 60 days following the agency's determination of the adequacy of phase II of the environmental impact statement, the board shall revise the application, or cause it to be revised, in accordance with the recommendations of the permitting agencies. In preparing its revised permit application, the board may amend its (CERTIFICATION OF NEED ISSUED UNDER SECTION 115A.24 OR ITS) facility specifications under section 115A.28, if the board finds and determines, based upon the recommendations of the permitting agencies, that: (a) the amendments are necessary to secure permits for the construction and operation of the proposed facility at the proposed site, and (b) the recommendations and amendments are the result of new information or rules produced after the board's decisions under (SECTIONS 115A.24 AND) section 115A.28. Within 210 days following the submission of the revised permit application, the permitting agencies shall issue the necessary permits unless the pollution control agency determines that the facility or facilities proposed for permitting present environmental problems which cannot be addressed through the imposition of permit conditions. *The permits may not allow the use of the facility for disposal of radioactive waste, as defined by section 116C.71, subdivision 6.*

Sec. 29. Minnesota Statutes 1982, section 115A.46, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Plans shall address the state policies and purposes expressed in section 115A.02. Plans for the location, establishment, operation, maintenance, and post-closure use of facilities and facility sites, for ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. Plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. Plans shall address the establishment of joint powers management programs or waste management districts where appropriate. (PLANS PROPOSING A DESIGNATION OF RESOURCE RECOVERY FACILITIES PURSUANT TO SECTIONS 115A.70 AND 400.162 SHALL BE SUBMITTED TO THE WASTE MANAGEMENT BOARD FOR REVIEW AND APPROVAL OR DISAPPROVAL. THE REVIEW SHALL BE BASED ON WHETHER THE PLANS CONFORM TO THE REQUIRE-

MENTS OF THIS SECTION. THE BOARD MAY REQUIRE REVISION OF A PLAN AS A CONDITION OF ITS APPROVAL.) Plans shall address other matters as the rules of the agency may require consistent with the purposes of sections 115A.42 to 115A.46. Political subdivisions preparing plans under sections 115A.42 to 115A.46 shall consult with persons presently providing solid waste collection, processing, and disposal services. Plans (PREPARED BY LOCAL UNITS OF GOVERNMENT IN THE METROPOLITAN AREA SHALL CONFORM TO THE REQUIREMENTS OF CHAPTER 473) *shall be approved by the agency, or the metropolitan council pursuant to section 473.803. After initial approval, each plan shall be updated every five years and revised as necessary for further approval.*

Sec. 30. Minnesota Statutes 1982, section 115A.46, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. (THE PLANS SHALL CONTAIN AN ASSESSMENT OF OPPORTUNITIES TO REDUCE THE NEED FOR LAND DISPOSAL THROUGH WASTE REDUCTION AND RESOURCE RECOVERY. THE ALTERNATIVE DEGREES OF REDUCTION ACHIEVABLE. AND) *The plans shall require the most feasible and prudent reduction of the need for and practice of land disposal of mixed municipal solid waste. The plans shall address at least waste reduction, separation, and resource recovery, and shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste. The plans shall describe specific functions to be performed and activities to be undertaken to achieve the abatement objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The plans shall include a comparison of the costs of (ALTERNATIVES) the activities to be undertaken, including capital and operating costs, and the effects of the (ALTERNATIVES) activities on the cost to generators and on persons currently providing solid waste collection, processing, and disposal services. The plans shall include alternatives which could be used to achieve the abatement objectives if the proposed functions and activities are not established. The plans shall designate how public education shall be accomplished.* The plans shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plans shall include criteria and standards to protect comparable private and public facilities already existing in the

area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures.

Sec. 31. Minnesota Statutes 1982, section 115A.70, is amended by adding a subdivision to read:

Subd. 8. [AUTHORITY.] A waste management district possessing designation authority in its articles of incorporation may be authorized to designate a resource recovery facility under sections 32 to 41.

Sec. 32. [115A.80] [DESIGNATION OF RESOURCE RECOVERY FACILITIES; PURPOSE.]

In order to further the state policies and purposes expressed in section 115A.02, and to advance the public purposes served by resource recovery, the legislature finds and declares that it may be necessary pursuant to sections 32 to 41 to authorize a qualifying solid waste management district or county to designate a resource recovery facility.

Sec. 33. [115A.81] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The terms used in sections 32 to 41 have the meanings given them in this section.

Subd. 2. [DESIGNATION.] "Designation" means a requirement by a waste management district or county that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be delivered to a resource recovery facility identified by the district or county.

Sec. 34. [115A.82] [ELIGIBILITY.]

Facilities may be designated under sections 32 to 41 by (1) a solid waste management district established pursuant to sections 115A.62 to 115A.72 and possessing designation authority in its articles of incorporation; or (2) a county, but only for waste generated outside of the boundaries of a district qualifying under

clause (1) or the Western Lake Superior Sanitary District established by Laws 1971, chapter 478, as amended.

Sec. 35. [115A.83] [EXEMPTION.]

The designation may not apply to or include: (1) materials that are separated from solid waste and recovered for reuse in their original form or for use in manufacturing processes; or (2) materials that are processed at another resource recovery facility at the capacity in operation at the time that the designation plan is approved by the reviewing authority.

Sec. 36. [115A.84] [DESIGNATION PLAN.]

Subdivision 1. [REQUIREMENT.] Before commencing the designation procedure under section 37, the district or county shall adopt a comprehensive solid waste management plan or, under chapter 473, a master plan. The comprehensive or master plan must include a plan for designation approved under this section.

Subd. 2. [DESIGNATION; PLAN CONTENTS.] (a) The designation plan must evaluate (1) the benefits of the designation, including the public purposes achieved by the conservation and recovery of resources, the furtherance of local and any district or regional waste management plans and policies, and the furtherance of the state policies and purposes expressed in section 115A.02; and (2) the estimated costs of the designation, including the direct capital, operating, and maintenance costs of the facility designated, the indirect costs, and the long-term effects of the designation.

(b) In particular the designation plan must evaluate:

(1) whether the designation will result in the recovery of resources or energy from materials which would otherwise be wasted;

(2) whether the designation will lessen the demand for and use of land disposal;

(3) whether the designation is necessary for the financial support of the facility;

(4) whether less restrictive methods for ensuring an adequate solid waste supply are available; and

(5) other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed designation, the direct and indirect costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators.

Subd. 3. [PLAN APPROVAL.] A district or county planning a designation for waste generated wholly within the metropolitan area defined in section 473.121 shall submit its designation plan to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation plan to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 90 days following submission of the plan for review. The reviewing authority shall approve the designation plan if the plan satisfies the requirements of subdivision 2.

Subd. 4. [EXCLUSION OF CERTAIN MATERIALS.] When it approves the designation plan, the reviewing authority shall exclude from the designation materials that the reviewing authority determines will be processed at another resource recovery facility if:

(1) the other resource recovery facility is substantially completed or will be substantially completed within 18 months of the time that the designation plan is approved by the reviewing authority; and

(2) the other facility has or will have contracts for purchases of its product; and

(3) the materials are or will be under contract for delivery to the other facility at the time the other facility is completed.

In order to qualify for the exclusion of materials under this subdivision, the operator or owner of the other resource recovery facility shall file with the reviewing authority and the district or county or counties a written description of the facility, its intended location, its waste supply sources, purchasers of its products, its design capacity and other information that the reviewing authority and the district or county or counties may reasonably require. The information must be filed as soon as it becomes available but not later than the date when the county or district submits its designation plan for approval.

The reviewing authority may revoke the exclusion granted under this subdivision when it approves the designation ordinance under section 38 if in its judgment the excluded materials will not be processed at the other facility.

Sec. 37. [115A.85] [PROCEDURE.]

Subdivision 1. [REQUIREMENT.] A district or county with an approved designation plan shall proceed as provided in this section when designating facilities. A district need not repeat the designation procedures in this section to the extent that the procedures have been completed by each county having ter-

ritory in the district or by a joint powers board composed of each county having territory in the district.

Subd. 2. [HEARING.] *The district or county shall hold a public hearing to take testimony on the designation. Notice of the hearing must be published in a newspaper of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing and must be mailed to political subdivisions, landfill operators, and licensed solid waste collectors who may be expected to use the facility. The notification must: (1) describe the area in which the designation will apply and the plans for the use of the solid waste; (2) specify the point or points of delivery of the solid waste; (3) estimate the types and quantities of solid waste subject to the designation; and (4) estimate the fee to be charged for the use of the facilities and for any products of the facilities. A designation or contract for use is not invalid by reason of the failure of the district or county to provide written notice to an entity listed in this subdivision.*

Subd. 3. [NEGOTIATED CONTRACTS FOR USE.] *During a period of 90 days following the hearing, the district or county shall negotiate with the persons entitled to written notice under subdivision 2 for the purpose of developing contractual agreements that will require use of the facilities proposed to be designated.*

Subd. 4. [DESIGNATION DECISION.] *At the end of the 90-day contract negotiation period the district or county may proceed to secure approval for and implement the designation as provided in section 38.*

Sec. 38. [115A.86] [IMPLEMENTATION OF DESIGNATION.]

Subdivision 1. [DESIGNATION ORDINANCE.] (a) *The district or county shall prepare a designation ordinance to implement a designation. The designation ordinance must: (1) define the geographic area and the types and quantities of solid waste subject to designation; (2) specify the point or points of delivery of the solid waste; (3) require that the designated solid waste be delivered to the specified point or points of delivery; (4) set out the procedures and principles to be followed by the county or district in establishing and amending any rates and charges at the designated facility; and (5) state any additional regulations governing waste collectors or other matters necessary to implement the designation.*

(b) *The designation ordinance must provide an exception for: (1) materials that are exempt or excluded from the designation under section 35 or 36, subdivision 4; and (2) materials otherwise subject to the designation for which negotiated contractual arrangements exist that will require and effect the delivery of the waste to the facility for the term of the contract.*

Subd. 2. [APPROVAL.] A district or county whose designation applies wholly within the metropolitan area defined in section 473.121 shall submit the designation ordinance, together with any negotiated contracts assuring the delivery of solid waste, to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation ordinance, together with any negotiated contracts assuring the delivery of solid waste, to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 90 days following submission of the designation for review. The reviewing authority shall approve the designation if it determines that the designation procedure specified in section 37 was followed and that the designation is based on a plan approved under section 36. The reviewing authority may attach conditions to its approval.

Subd. 3. [IMPLEMENTATION.] The designation may be placed into effect no less than 60 days following the approval required in subdivision 2. The effective date of the designation must be specified at least 60 days in advance. If the designation is not placed into effect within two years of approval, the designation must be resubmitted to the reviewing authority for approval or disapproval under subdivision 2, unless bonds have been issued to finance the resource recovery facility to which the designation applies.

Subd. 4. [EFFECT.] The designation is binding on all political subdivisions, landfill operators, solid waste generators, and solid waste collectors in the designation area.

Subd. 5. [AMENDMENTS.] Amendments to a designation ordinance must be submitted to the reviewing authority for approval. The reviewing authority shall approve the amendment if the amendment is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02. If the reviewing authority does not act within 90 days, the amendment is approved.

Sec. 39. [115A.87] [JUDICIAL REVIEW.]

An action challenging a designation must be brought within 60 days of the approval of the designation by the reviewing authority. The action is subject to section 562.02.

Sec. 40. [115A.88] [SERVICE GUARANTEE.]

The district or county may not arbitrarily terminate, suspend, or curtail services provided to any person required by contract or designation ordinance to use designated facilities without the consent of the person or without just cause.

Sec. 41. [115A.89] [SUPERVISION OF IMPLEMENTATION.]

The reviewing authority shall: (1) require regular reports on the implementation of each designation; (2) periodically evaluate whether each designation as implemented has accomplished its purposes and whether the designation is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02; and (3) report periodically to the legislature on its conclusions and recommendations.

Sec. 42. Minnesota Statutes 1983 Supplement, section 115B.22, subdivision 1, is amended to read:

Subdivision 1. [TAXES IMPOSED; EXCLUSIONS.] Each generator of hazardous waste shall pay the taxes imposed by this section based upon the volume and destination of the hazardous wastes generated. The taxes imposed by this section do not apply to hazardous wastes destined for recycling or reuse including waste accumulated, stored, or physically, chemically, or biologically treated before recycling or reuse, to used crankcase oil, to hazardous waste which is generated as a result of any response action, or to hazardous waste which meets applicable pretreatment standards or compliance schedules and is discharged to a public sewage treatment works, or to hazardous waste that is generated as residue from a hazardous waste incineration facility that treats waste subject to taxation under subdivision 5.

Sec. 43. Minnesota Statutes 1982, section 116.07, is amended by adding subdivisions to read:

Subd. 4e. [CLOSURE AND POSTCLOSURE RULES.] *The agency shall adopt rules establishing requirements for the closure of solid waste disposal facilities and for the postclosure care of closed facilities. The rules apply to all solid waste disposal facilities in operation at the time the rules are effective. Compliance with the rules is a condition of obtaining or retaining a permit to operate the facility. The rules must provide standards and procedures for closing disposal facilities and for the care, maintenance, and monitoring of the facilities after closure that will prevent, mitigate, or minimize the threat to public health and the environment posed by closed disposal facilities.*

Subd. 4f. [FINANCIAL RESPONSIBILITY RULES.] *The agency shall adopt rules requiring the operator or owner of a solid waste disposal facility to submit to the agency proof of the operator's or owner's financial capability to provide reasonable and necessary response during the operating life of the facility and for 20 years after closure, and to provide for the closure of the facility and postclosure care required under agency rules. Proof of financial responsibility is required of the operator*

or owner of a facility receiving an original permit or a permit for expansion after adoption of the rules. Within 180 days of the effective date of the rules, proof of financial responsibility is required of an operator or owner of a facility with a remaining capacity of more than five years or 500,000 cubic yards that is in operation at the time the rules are adopted. Compliance with the rules is a condition of obtaining or retaining a permit to operate the facility.

Subd. 4g. [CIVIL PENALTIES.] *The civil penalties of section 115.071 apply to any person in violation of the rules adopted under subdivision 4e or 4f.*

Sec. 44. Minnesota Statutes 1982, section 116J.88, is amended by adding a subdivision to read:

Subd. 8a. [HAZARDOUS WASTE PROCESSING FACILITY LOAN.] *"Hazardous waste processing facility loan" means a loan for the acquisition, construction, or improvement of real and personal property to be used for the collection or processing of hazardous waste as those terms are defined in section 115A.03, subdivisions 5, 13, and 25.*

Sec. 45. Minnesota Statutes 1983 Supplement, section 116J.90, is amended by adding a subdivision to read:

Subd. 4a. [HAZARDOUS WASTE PROCESSING FACILITY LOANS.] *The authority may make, purchase, or participate in making or purchasing hazardous waste processing facility loans in any amount, and may enter into commitments therefore. A private person proposing to develop and operate a hazardous waste processing facility is eligible to apply for a loan under this subdivision. Applications must be made to the authority. The authority shall forward the applications to the waste management board for review pursuant to section 13. If the waste management board does not certify the application, the authority may not approve the application nor make the loan. If the waste management board certifies the application, the authority shall approve the application and make the loan if funds are available for it and if the authority finds that:*

(1) *development and operation of the facility as proposed by the applicant is economically feasible;*

(2) *there is a reasonable expectation that the principal and interest on the loan will be fully repaid; and*

(3) *the facility is unlikely to be developed and operated without a loan from the authority.*

The authority and the waste management board shall establish coordinated procedures for loan application, certification, and approval.

The authority may use the economic development fund to provide financial assistance to any person whose hazardous waste processing facility loan application has been certified by the waste management board and approved by the authority, and for this purpose may exercise the powers granted in section 116J.89, subdivision 1a, with respect to any loans made or bonds issued under this subdivision regardless of whether the applicant is an eligible small business.

The authority may issue bonds and notes in the aggregate principal amount of \$10,000,000 for the purpose of making, purchasing, or participating in making or purchasing hazardous waste processing facility loans. This amount is in addition to any other authority to issue bonds and notes under chapter 116J.

The authority may adopt temporary rules under sections 14.29 to 14.36 to implement the loan program under this subdivision. Temporary rules adopted by the authority remain in effect for 360 days or until permanent rules are adopted, whichever occurs first.

Sec. 46. Minnesota Statutes 1982, section 400.04, is amended by adding a subdivision to read:

Subd. 2a. [RIGHT OF ENTRY.] A county or authorized agent of the county may enter during normal business hours on public or private property to obtain information or conduct surveys or investigations to accomplish the purposes of the county under chapter 400 if reasonable notice is given and compensation is made for any damage to the property caused by the entrance and activity.

Sec. 47. Minnesota Statutes 1982, section 400.04, subdivision 3, is amended to read:

Subd. 3. [ACQUISITION, CONSTRUCTION AND OPERATION OF PROPERTY AND FACILITIES.] Notwithstanding any other law, a county may acquire, construct, enlarge, improve, repair, supervise, control, maintain, and operate (ANY AND ALL) solid waste facilities and other property and facilities needed, used, or useful for solid waste management purposes, and may purchase and lease materials, equipment, machinery and (SUCH) other personal property (AS IS) necessary for (SUCH) the purposes upon terms and conditions determined by the board, with or without advertisement for bids, including the use of conditional sales contracts and lease-purchase agreements. A county may employ (SUCH) the personnel (AS ARE) reasonably necessary for the care, maintenance and operation of (SUCH) the property and facilities. A county shall contract with private persons for the construction, maintenance, and operation of solid waste facilities where the facilities are adequate and available for use and competitive with other means of providing the same service.

Sec. 48 Minnesota Statutes 1982, section 400.162, is amended to read:

400.162 [COUNTY DESIGNATION OF RESOURCE RECOVERY FACILITY.]

(THE AUTHORITY GRANTED TO COUNTIES BY THIS SECTION SHALL NOT APPLY WITHIN THE WESTERN LAKE SUPERIOR SANITARY DISTRICT ESTABLISHED BY LAWS 1971, CHAPTER 478, AS AMENDED, NOR WITHIN ANY SOLID WASTE MANAGEMENT DISTRICT ESTABLISHED UNDER SECTIONS 115A.62 TO 115A.72. IN ORDER TO ACCOMPLISH THE OBJECTIVES OF COUNTY WASTE MANAGEMENT, TO FURTHER THE STATE POLICIES AND PURPOSES EXPRESSED IN SECTION 115A.02, AND TO ADVANCE THE PUBLIC PURPOSES SERVED BY RESOURCE RECOVERY, THE LEGISLATURE FINDS AND DECLARES THAT IT MAY BE NECESSARY TO AUTHORIZE A COUNTY TO REQUIRE THAT ALL OR ANY PORTION OF THE SOLID WASTE THAT IS GENERATED WITHIN THE BOUNDARIES OF THE COUNTY OR ANY SERVICE AREA THEREOF AND IS DISPOSED OF IN THE STATE BE DELIVERED TO A RESOURCE RECOVERY FACILITY DESIGNATED BY THE COUNTY BOARD OR A TRANSFER STATION SERVING SUCH A FACILITY. ANY COUNTY DESIGNATION SHALL BE BASED UPON A PLAN PREPARED AND APPROVED IN CONFORMANCE WITH SECTION 115A.46 AND SHALL BE SUBMITTED PURSUANT TO SECTION 115A.071 FOR REVIEW AND APPROVAL OR DISAPPROVAL BY THE WASTE MANAGEMENT BOARD. IN ESTABLISHING, CONTINUING, AND TERMINATING THE DESIGNATION, THE COUNTY SHALL BE GOVERNED BY ALL STANDARDS, EXEMPTIONS, PROCEDURES, AND OTHER REQUIREMENTS PROVIDED IN SECTION 115A.70, SUBDIVISIONS 2 TO 6) *A qualifying county may be authorized to designate a resource recovery facility under sections 32 to 41.*

Sec. 49. Minnesota Statutes 1983 Supplement, section 473.149, subdivision 2d, is amended to read:

Subd. 2d. [LAND DISPOSAL ABATEMENT PLAN.] By January 1, (1984) 1985, after considering *any* county land disposal abatement proposals and waste stream analysis that have been submitted by that date, pursuant to section 473.803, subdivision 1b, the council shall amend its policy plan to include specific and quantifiable *metropolitan* objectives for abating (THE) *to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste and of specific components of the solid waste stream, either by type of waste or class of generator. The objectives must be stated in annual increments through the year 1990 and thereafter in five*

year increments through the year 2000. The plan (SHALL) must include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. (THE OBJECTIVES IN) The plan (SHALL BE BASED UPON STANDARDS) must include measurable objectives for (COUNTY) local abatement of solid waste through resource recovery and waste reduction and separation programs and activities for each metropolitan county and for cities of the first class, the second class, and the third class, respectively, stated in annual increments through the year 1990 and in five year increments through the year 2000. The standards must be based upon and implement the council's metropolitan abatement objectives. The council's plan (SHALL) must include standards and procedures to be used by the council in determining (THAT) whether a metropolitan (COUNTIES HAVE NOT) county or class of cities within a metropolitan county has implemented the council's metropolitan land disposal abatement plan and (HAVE NOT MET) has achieved the (STANDARDS) objectives for (COUNTY) local abatement (PROGRAMS AND ACTIVITIES). The council shall report on abatement to the legislative commission (ON ITS) before January 1 of each year. The report must include an assessment of whether the objectives of the metropolitan abatement plan (AND ON) have been met and whether each county and each class of city within each county has achieved the objectives set for it in the council's plan. The report must recommend any legislation that may be required to implement the plan. If in any year the council reports that the objectives of the council's abatement plan have not been met, the council shall attach legislation to the report that reassigns appropriate governmental responsibilities among cities, counties, and metropolitan agencies so as to assure implementation and achievement of the metropolitan and local abatement plans and objectives.

Sec. 50. Minnesota Statutes 1983 Supplement, section 473.149, subdivision 2e, is amended to read:

Subd. 2e. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] By January 1, (1984) 1985, after requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number (AND CAPACITY) of sites and the capacity of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 473.833. The council shall adopt a schedule (FOR DEVELOPMENT) of disposal (FACILITIES BY) capacity to be developed in each county through the year 2000. The schedule (SHALL BE BASED UPON) may not allow capacity in excess of the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan, except as the council deems necessary to allow reallocation of capacity

as required by this subdivision. The council (MAY) shall make the implementation of elements of the schedule, including the disposal capacity allocated to each county, contingent on actions of (THE COUNTIES) each county and class of city in that county in adopting and implementing (COUNTY) abatement plans pursuant to section 473.803, subdivision 1b (; AND). The council shall review the development schedule (AT LEAST) every (TWO YEARS) year and shall revise the development schedule (AS IT DEEMS APPROPRIATE) and the allocation of disposal capacity required for each county based on the progress made in (THE ADOPTION AND) that county in the implementation of the (COUNCIL AND COUNTY) council's abatement plans and achievement of metropolitan and local abatement objectives. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 473.833. The schedule (SHALL) must include standards and procedures for council certification of need pursuant to section 473.823. The schedule (SHALL) must include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 473.833, no longer needed for disposal facilities. The schedule (SHALL) must also include a closure schedule and plans for post-closure management for facilities in existence before the adoption of the development schedule.

Sec. 51. Minnesota Statutes 1982, section 473.181, subdivision 4, is amended to read:

Subd. 4. [SOLID WASTE.] The council shall review (COUNTY) solid waste (REPORTS, AND SOLID WASTE FACILITY PERMIT APPLICATIONS PURSUANT TO SECTIONS 473.803 AND 473.823) management activities of local government units as provided in sections 473.801 to 473.834 and 32 to 41.

Sec. 52. Minnesota Statutes 1982, section 473.801, subdivision 1, is amended to read:

Subdivision 1. For the purposes of sections 473.801 to (473.823 AND SECTIONS 473.827, 473.831, AND 473.833) 473.845 the terms defined in this section have the meanings given them.

Sec. 53. Minnesota Statutes 1982, section 473.801, subdivision 4, is amended to read:

Subd. 4. Unless otherwise provided the definitions of terms (DEFINED) in section 115A.03 shall apply to sections 473.801 to (473.823) 473.845.

Sec. 54. Minnesota Statutes 1983 Supplement, section 473.803, subdivision 1a, is amended to read:

Subd. 1a. [PROPOSED INVENTORY OF DISPOSAL SITES.] By October 15, 1981, each (COUNTY) *metropolitan county having a population of less than 300,000, as determined by the 1980 United States Census*, shall adopt, by resolution of its governing body, an inventory of (FOUR) *at least three* proposed sites in the county suitable for mixed municipal solid waste disposal facilities and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. *Each metropolitan county having a population greater than 300,000, as determined by the 1980 United States Census*, shall adopt, by resolution of its governing body, an inventory of *at least four* proposed sites in the county that are suitable for mixed municipal solid waste disposal facilities and shall submit the inventory to the council for approval or disapproval. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in federal and state regulations and the council's policy plan for solid waste management. In proposing and approving sites for the inventory, the counties and the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be adopted by a county or the council as part of an inventory unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. Each county shall provide to the agency data relating to the intrinsic suitability of the sites to be proposed for the inventory as soon as available. By July 1, 1981 each county shall propose at least the number of sites required for the inventory, and the director of the agency shall issue a notice indicating which of those sites the director recommends be certified as intrinsically suitable. Notice of hearings on the director's recommendation shall be published in the state register and newspapers of general circulation in the metropolitan area and shall be sent by mail to the metropolitan council and local government units containing a proposed inventory site. A hearing shall be held in each metropolitan county and shall be conducted by the state office of administrative hearings in a manner consistent with the completion of the proceedings and the hearing examiner's report to the agency in the time allowed by this section. The hearing shall afford all interested persons an opportunity to testify and present evidence on the subject of the hearing. The subject of the hearing shall be limited to information submitted by the county and additional information

on the proposed sites which is relevant to the agency's decision on intrinsic suitability. The rulemaking and contested case procedures of chapter 14 shall not apply to this hearing. The report of the hearing examiner shall contain findings of fact, conclusions, and recommendations on the subject of the hearing. The agency shall make a final determination as to the intrinsic suitability of each proposed site and shall certify them accordingly within 90 days of the county's proposal of a site. The agency shall not be required to promulgate rules pursuant to chapter 15 on criteria and standards to govern its certification of intrinsic suitability under this section. No action of the agency shall be held invalid by reason of the agency's failure to notify any of the entities listed in this subdivision. The council shall evaluate each site with respect to local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required of that county.

Sec. 55. Minnesota Statutes 1983 Supplement, section 473.-803, subdivision 1b, is amended to read:

Subd. 1b. [LAND DISPOSAL ABATEMENT.] By April 1, 1982, after considering the council's disposal abatement report submitted to the counties pursuant to section 473.149, subdivision 2a, each county shall submit to the council a proposal to reduce to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste. The proposal (SHALL) *must* address at least waste reduction, separation, and resource recovery. The proposal (SHALL) *must* include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste generated within the county. The proposal (SHALL) *must* describe specific functions to be performed and activities to be undertaken by the county and cities and towns within the county to achieve the objectives and (SHALL) *must* describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The proposal (SHALL) *must* include alternatives which could be used to achieve the objectives if the proposed functions and activities are not established. *By August 1, 1984, each county shall provide the council with an analysis of the solid waste generated in the county, by classification of generators and by composition. Each county shall revise its master plan to include a land disposal abatement element*

to implement the council's land disposal abatement plan adopted under section 473.149, subdivision 2d, and shall submit the revised plan to the council for review under subdivision 2 within nine months after the adoption of the council's *metropolitan abatement plan. The county plan must embody and be consistent with at least the local abatement objectives for the county and cities within the county as stated in the council's plan.* The (PROPOSAL AND) master plan revision required by this subdivision (SHALL) *must be prepared in consultation with (CITIES AND TOWNS WITHIN THE COUNTY, PARTICULARLY THE CITIES AND TOWNS IN WHICH A SOLID WASTE DISPOSAL FACILITY IS OR MAY BE LOCATED PURSUANT TO THE COUNTY MASTER PLAN) the advisory committee established pursuant to subdivision 4.*

Sec. 56. Minnesota Statutes 1982, section 473.803, subdivision 2, is amended to read:

Subd. 2. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall disapprove and return the plan with its comments to the county for revision and resubmittal. The county (SHALL HAVE 90) *has 60 days to revise and resubmit the plan for council approval. Any county solid waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.*

Sec. 57. Minnesota Statutes 1982, section 473.803, subdivision 3, is amended to read:

Subd. 3. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council for its approval a report containing information, as the council may prescribe in its policy plan, concerning solid waste generation and management within the county. The report shall include a statement of progress in achieving the land disposal abatement objectives (OF) *for the county and classes of cities in the county as stated in the council's policy plan and county master plan.* The report (SHALL) *must include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.*

Sec. 58. Minnesota Statutes 1982, section 473.803, is amended by adding a subdivision to read:

Subd. 4. [ADVISORY COMMITTEE.] *By July 1, 1984 each county shall establish a solid waste management advisory committee to aid in the preparation of the county master plan and any revisions thereof. The committee must consist of one-*

third citizen representatives, one-third representatives from towns and cities within the county, and one-third representatives from private waste management firms. At least one-third of the members of the committee must be residents of towns or cities within the county containing solid waste disposal facilities and eligible solid waste disposal sites included in the council's disposal site inventory. Members of the council's solid waste advisory committee who reside in the county are members of the county advisory committee. A representative of the metropolitan council is an ex officio member of the committee.

Sec. 59. Minnesota Statutes 1982, section 473.811, subdivision 10, is amended to read:

Subd. 10. [COUNTY DESIGNATION OF RESOURCE RECOVERY FACILITIES.] (THE AUTHORITY GRANTED TO METROPOLITAN COUNTIES BY THIS SUBDIVISION SHALL NOT APPLY WITHIN ANY SOLID WASTE MANAGEMENT DISTRICT ESTABLISHED UNDER SECTIONS 115A.62 TO 115A.72. IN ORDER TO ACCOMPLISH THE OBJECTIVES OF COUNTY WASTE MANAGEMENT, TO FURTHER THE STATE POLICIES AND PURPOSES EXPRESSED IN SECTION 115A.02, AND TO ADVANCE THE PUBLIC PURPOSES SERVED BY RESOURCE RECOVERY, THE LEGISLATURE FINDS AND DECLARES THAT IT MAY BE NECESSARY TO AUTHORIZE A COUNTY TO REQUIRE THAT ALL OR ANY PORTION OF THE SOLID WASTE THAT IS GENERATED WITHIN THE BOUNDARIES OF THE COUNTY OR ANY SERVICE AREA THEREOF AND IS DISPOSED OF IN THE STATE BE DELIVERED TO A RESOURCE RECOVERY FACILITY DESIGNATED BY THE COUNTY BOARD OR A TRANSFER STATION SERVING SUCH A FACILITY. ANY COUNTY DESIGNATION SHALL BE BASED UPON AN APPROVED MASTER PLAN AND SHALL BE SUBMITTED PURSUANT TO SECTION 473.827, SUBDIVISION 1, FOR REVIEW AND APPROVAL OR DISAPPROVAL BY THE METROPOLITAN COUNCIL. IN ESTABLISHING, CONTINUING, AND TERMINATING THE DESIGNATION, THE COUNTY SHALL BE GOVERNED BY ALL STANDARDS, EXEMPTIONS, PROCEDURES, AND OTHER REQUIREMENTS PROVIDED IN SECTION 115A.70, SUBDIVISIONS 2 TO 6) *A qualifying county may be authorized to designate a resource recovery facility under sections 32 to 41.*

Sec. 60. Minnesota Statutes 1983 Supplement, section 473.823, subdivision 6, is amended to read:

Subd. 6. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility (SHALL) *or capacity may be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for*

the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures (SHALL) *must* be based on the council's disposal abatement plan adopted (PURSUANT TO) *under* section 473.149, subdivision 2d, and the abatement master plans of counties adopted (PURSUANT TO) *under* section 473.803, subdivision 1b. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural (SHALL) *are not* (BE DEEMED TO BE) feasible and prudent. Economic considerations alone (SHALL) *do not* justify the certification of need or the rejection of alternatives. In its certification the council (SHALL) *may not* consider alternatives (WHICH) *that* have been eliminated from consideration by the adoption of the inventory pursuant to section 473.149, subdivision 2b, or the selection of sites under section 473.833, subdivision 3.

Sec. 61. Minnesota Statutes 1982, section 473.833, subdivision 4, is amended to read:

Subd. 4. [ACQUISITION AND DISPOSITION.] In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, (THE COUNCIL SHALL PROVIDE FOR THE ACQUISITION BY A) *each* metropolitan county (OF) *shall acquire* property and rights in property at and around each solid waste disposal site selected *within the county* pursuant to subdivision 3. Each site scheduled for development as a facility through the year 1990 (SHALL) *must* be acquired in fee. Development rights (SHALL) *must* be acquired for each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights (SHALL) *must* be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. The owner of any property for which development rights are to be or have been acquired pursuant to this subdivision may elect by written notice at any time up to 90 days following the issuance of a permit by the agency for a facility to have the county acquire fee title to the property. Fee title (SHALL) *may not* be acquired by counties for buffer areas (ONLY) *except* at the election of the owner of the fee.

(a) A facility that weighs the waste that it accepts must pay a fee of 50 cents per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility.

(b) A facility that does not weigh the waste but that measures the volume of the waste that it accepts must pay a fee of 50 cents per cubic yard of waste accepted at the entrance of the facility.

(c) Waste residue from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse is exempt from one-half of the amount of fee imposed by this subdivision if there is at least an 85 percent volume reduction in the solid waste processed. To

qualify for exemption under this clause, waste residue must be brought to a disposal facility separately. The commissioner of revenue, with the advice and assistance of the agency, shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 65. [473.841] [METROPOLITAN LANDFILL ABATEMENT FUND.]

Subdivision 1. [ESTABLISHMENT; PURPOSES.] The metropolitan landfill abatement fund is created as an account in the state treasury in order to reduce to the greatest extent feasible and prudent the need for and practice of land disposal of mixed municipal solid waste in the metropolitan area. The fund consists of revenue deposited in the fund under section 64, subdivision 2, clause (a) and interest earned on investment of money in the fund. All repayments to loans made under this section shall be credited to the fund. Except as otherwise provided in section 71, subdivisions 2 and 3, and section 64, subdivision 7, the money in the fund may be spent, upon appropriation by the legislature, only for the following purposes:

(1) solid waste management planning assistance in the metropolitan area under sections 115A.42 to 115A.46;

(b) Up to five percent of the money in the fund may be appropriated to the agency for transfer to the metropolitan council for technical assistance and grant administration.

Subd. 3. [COMMISSION RECOMMENDATION.] The legislative commission on waste management shall make recommendations to the standing legislative committees on finance and appropriations about appropriations from the fund.

Subd. 4. [RESOURCE RECOVERY GRANTS AND LOANS.] The grant and loan program under this subdivision is administered by the metropolitan council. Grants and loans may be made to any person for resource recovery projects. The grants and loans may include the cost of planning, acquisition of land and equipment, and capital improvements. Grants and loans for planning may not exceed 50 percent of the planning costs. Grants and loans for acquisition of land and equipment and for capital improvements may not exceed 50 percent of the cost of the project. Grants and loans may be made for public education on the need for the resource recovery projects. A grant

or loan for land, equipment, or capital improvements may not be made until the metropolitan council has determined the total estimated capital cost of the project and ascertained that full financing of the project is assured. Grants and loans made to cities, counties, or solid waste management districts must be for projects that are in conformance with approved master plans.

Sec. 66. [473.842] [METROPOLITAN LANDFILL CONTINGENCY ACTION FUND.]

Subdivision 1. [ESTABLISHMENT.] The metropolitan landfill contingency action fund is created as an account in the state treasury. The fund consists of revenue deposited in the fund under section 64, subdivision 2, clause (b); amounts recovered under subdivision 6; and interest earned on investment of money in the fund.

(1) reasonable and necessary expenses for closure and post-closure care of a mixed municipal solid waste disposal facility in the metropolitan area for a 20-year period after closure, if the agency determines that the operator or owner will not take the necessary actions requested by the agency for closure and postclosure in the manner and within the time requested; or

(2) reasonable and necessary response and postclosure costs at a mixed municipal solid waste disposal facility in the metropolitan area that has been closed for 20 years in compliance with the closure and postclosure rules of the agency.

Subd. 3. [COMMISSION RECOMMENDATION.] The legislative commission on waste management shall make recommendations to the standing legislative committees on finance and appropriations about appropriations from the fund.

Subd. 4. [DUTY TO PROVIDE INFORMATION.] The operator or owner of a mixed municipal solid waste disposal facility or a solid waste disposal facility shall provide the necessary information to the agency required by sections 63 to 69 or by agency rules.

Subd. 5. [ACCESS TO INFORMATION AND PROPERTY.] The agency or any member, employee, or agent thereof authorized by the agency, upon presentation of credentials, may:

The attorney general may bring an action to recover amounts spent by the agency under this section from persons who may be liable for them. Amounts recovered, including money paid under any agreement, stipulation, or settlement must be deposited in the metropolitan landfill contingency action fund.*

Subd. 7. [CIVIL PENALTIES.] *The civil penalties of section 115.071 apply to any person in violation of this section. All money recovered by the state under any statute or rule related to the regulation of solid waste in the metropolitan area, including civil penalties and money paid under any agreement, stipulation, or settlement, shall be deposited in the fund.*

Sec. 67. [473.843] [REPORT TO LEGISLATURE.]

By November 1, 1986, and each year thereafter, the agency and metropolitan council shall submit to the senate finance committee, the house appropriations committee, and the legislative commission on waste management separate reports describing the activities for which money from the landfill abatement and contingency action funds has been spent during the previous fiscal year.

Sec. 68. [473.844] [OPERATOR OR OWNER LIABILITY FOR RESPONSE EXPENSES.]

The operator or owner of a mixed municipal solid waste disposal facility in the metropolitan area is not liable under any other law for response costs incurred by the agency at that facility under section 66, if the facility has been closed for 20 years in compliance with the closure and postclosure rules of the agency. Any provision of this section which relieves the operator or owner of a facility from liability for the payment of the agency's response costs must not be construed to affect the liability of any other person who may be liable for those costs.

Sec. 69. [473.845] [COUNTY FEE AUTHORITY.]

A metropolitan county and counties contiguous to a metropolitan county may charge a fee to operators of mixed municipal solid waste disposal facilities within the county. The fee may not

exceed 25 cents per cubic yard of solid waste accepted and disposed at the facility. The county fee is in addition to the fee paid under section 65. The proceeds of the county fee must be deposited in the county general fund and used for landfill abatement purposes or response actions. Waste residue from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse is exempt from one-half the amount of fee imposed by a county under this section if there is at least an 85 percent volume reduction in the solid waste processed. To qualify for exemption under this section, procedures provided under section 64, subdivision 1, clause (c) must be followed.

Sec. 70. [ORGANIZED COLLECTION STUDY.]

The metropolitan council shall study the need for a system to implement organized collection of residential, commercial, and industrial solid wastes in the metropolitan area. The council shall submit the study to the legislative commission on waste management by June 1, 1985.

Sec. 71. [APPROPRIATIONS.]

Subdivision 1. [AMOUNTS.] The following amounts are appropriated from the general fund to the agency for the biennium ending June 30, 1985:

Subd. 3. [FEE ADMINISTRATION.] The sum of \$75,000 is appropriated from the general fund to the commissioner of revenue for the purpose of administering section 64. This appropriation is available until June 30, 1985. This appropriation shall be reimbursed to the general fund under section 64, subdivision 7. The complement of the department of revenue is increased by two positions.

The method of sampling of room air conditioners shall be that required by the Department of Energy and found in Federal Register, volume 44, pages 22410-22418 (April 13, 1979). A new room air conditioner having dual voltage ratings shall conform to the energy efficiency ratio requirements at each rating. (THIS SUBDIVISION SHALL NOT APPLY TO AIR CONDITIONERS IN MINNESOTA ON OCTOBER 1, 1977.)*

Sec. 6. [116J.261] [ALTERNATIVE ENERGY TECHNICAL ACTIVITY.]

Subdivision 1. [CREATION, GOALS.] To further the development of indigenous energy resources and energy conservation, the commissioner shall establish an alternative energy technical activity. The activity shall facilitate the development of

specific projects in the public and private sectors as well as providing the broad range of information, education, and technical assistance services necessary to accelerate energy conservation and alternative energy development in the state.

Subd. 2. [DUTIES.] The alternative energy technical activity shall:

(a) provide on-site technical assistance for alternative energy and conservation projects;

(b) develop information materials and educational programs to meet the needs of engineers, technicians, developers, and others in the alternative energy field;

(c) conduct feasibility studies when the results of the studies would be of benefit to others working in the same area; and

(d) facilitate development of energy projects through assistance in finding financing, meeting regulatory requirements, gaining public and private support, limited technical consultation, and similar forms of assistance.

Sec. 7. Minnesota Statutes 1983 Supplement, section 116J.31, is amended to read:

116J.31 [ENERGY AUDITS.]

The commissioner shall develop and administer state programs of energy audits of residential and commercial buildings including those required by United States Code, title 42, section 8211, et seq. and section 8281, et seq. (THE ATTORNEY GENERAL MAY RELEASE INFORMATION ON CONSUMER COMPLAINTS ABOUT THE OPERATION OF THE PROGRAM TO THE COMMISSIONER.) *The commissioner shall continue to administer the residential energy audit program as originally established under the provisions of United States Code, title 42; section 8211, et seq., through July 1, 1986, irrespective of any prior expiration date provided in United States Code, title 42, section 8216. The commissioner shall have authority to approve temporary programs if they are likely to result in the installation of as many conservation measures as would have been installed had the utility met the requirements of United States Code, title 42, section 8211, et seq. The consumer services division and the attorney general are authorized to release information on consumer comments about the operation of the program to the commissioner.*

Sec. 8. Minnesota Statutes 1982, section 116J.36, as amended by Laws 1983, chapter 301, section 129, is amended to read:

116J.36 [DISTRICT HEATING AND QUALIFIED ENERGY IMPROVEMENT LOANS.]

Subdivision 1. [POLICIES.] Developing and improving efficient and economical district heating systems *and certain public works capital improvements which conserve energy or substitute a lower cost, more plentiful, or indigenous fuel* is a public purpose for state and local financing and a proper function of state and local government. Climate and geography make a reliable, economic supply of energy essential for (INDUSTRIAL, COMMERCIAL) *industry, commerce, and residential heating.* Imported supplies of *certain fuels* are increasingly costly, unreliable, and environmentally disadvantageous. District heating systems employing cogeneration techniques and innovative technology offer an important means of increasing the efficiency of Minnesota's energy systems and reducing the state's reliance on imported energy supplies. The combination of the large initial capital cost and investors' lack of familiarity with district heating has made the private market reluctant to provide the necessary capital for district heating projects. As a result, public leadership, cooperation, and aid are needed to demonstrate the feasibility of district heating systems by establishing economically viable municipal district heating systems as demonstration projects. *Certain other types of improvements offer municipalities substantial opportunities for reducing energy costs or generating revenues from wastes.*

Municipal district heating systems *and other qualified improvements which conserve energy or allow for the substitution of fuels* may be financed by loans from the state and from other sources available to municipalities.

Subd. 2. [DEFINITIONS.] In this section:

(a) "Construction costs" means all costs associated with the construction, modification or expansion of a district heating system except for preliminary planning costs and detailed design costs. Construction costs include the cost of debt service from the time a construction loan is made until five years after the beginning of the operation of the district heating system constructed or the part of the system being modified or expanded.

(b) "District heating" means the use of a central energy conversion facility to produce hot water or steam for a district heating system. District heating facilities may also produce electricity in addition to hot water or steam.

(c) "Municipality" means any county, city, town, *school district, or a municipal power agency* (, OR) *formed pursuant to sections 453.53 to 453.62. Municipality also means a public utility, as defined in section 452.01, subdivision 3, owned and operated by a city, however organized (OR). For purposes of a dis-*

district heating system only, municipality also means a nonprofit corporation organized pursuant to the provisions of chapter 317 whose membership is limited to the mayor and governing body of the city in which the district heating system is located.

(d) "District heating system" means any existing or proposed facility for (1) the production, through cogeneration or otherwise, of hot water or steam to be used for district heating, or (2) the transmission and distribution of hot water or steam for district heating either directly to heating consumers or to another facility or facilities for transmission and distribution, or (3) any part or combination of the foregoing facilities.

(e) "Qualified energy improvement" means a cost-effective capital improvement to public land, buildings, or energy using systems, other than a district heating system, including the purchase or installation of equipment to reduce the usage of conventional energy sources or to use alternative energy resources. Qualified energy improvements also include waste-to-energy facilities that meet the criteria specified in subdivision 8a and any rule adopted under that subdivision. Qualified energy improvements shall meet all environmental and permitting standards established by state and federal law.

Subd. 3. [ELIGIBILITY, DISTRICT HEATING.] The commissioner of finance, upon (REQUEST) recommendation of the (GOVERNOR) authority, may make loans to municipalities for the acquisition, construction, expansion, or modification of district heating systems. A loan shall be made only to a municipality that has demonstrated to the authority that:

(a) The municipality has the financial capability to sponsor the project;

(b) The project is technologically feasible;

(c) The district heating project will become a cogeneration facility or the project will utilize hot water or, if the project involves an existing district steam heating system, the project will become integrated with a hot water district heating system, or the project will allow the use of nonpetroleum fuels or will construct an efficient heat transmission system; and

(d) The municipality has made adequate provision to assure proper and efficient operation and maintenance of the project after construction is completed.

Subd. 3a. [ELIGIBILITY, QUALIFIED ENERGY IMPROVEMENTS.] The commissioner of finance, upon recommendation of the authority, may make loans to a municipality for the acquisition, construction, or expansion of a qualified energy improvement. A loan shall be made only to a municipality that has demonstrated that:

(a) *the municipality has the financial capability to sponsor the qualified energy improvement;*

(b) *the improvement is technologically feasible;*

(c) *the improvement conforms to criteria specified in subdivision 8a and any rule adopted thereto; and*

(d) *the municipality has made adequate provision to assure proper and efficient operation and maintenance of the improvement after construction is completed.*

Subd. 3b. [GRANT ELIGIBILITY, DISTRICT HEATING.] The commissioner of energy (, PLANNING) and economic development may provide planning grants to municipalities for planning related to the development of district heating systems. The municipality must demonstrate that a community heatload survey and map have been successfully completed, that potential district heating load is sufficiently large to justify further consideration, and that sufficient resources are available for the municipality to meet its financial requirements. Eligible planning grant costs include project definition, development of preliminary financing and distribution system plans, and obtaining commitment for detailed planning or design and preparation of a final report. The amount of the grant to a municipality is limited to 90 percent of eligible planning costs and shall not exceed \$70,000, as established by rule or temporary rule.

Subd. 3c. [GRANT ELIGIBILITY, QUALIFIED ENERGY IMPROVEMENTS.] The commissioner of energy and economic development may provide planning grants to municipalities for planning related to the development of qualified energy improvements. The municipality must demonstrate that sufficient resources are available for the municipality to meet its financial requirements. Eligible planning grant costs include definition of the improvement, development of preliminary financing plans, and obtaining commitment for detailed planning or design and preparation of a final report. The amount of a grant to a municipality is limited to 90 percent of eligible planning costs and shall not exceed \$100,000 as established by rule or temporary rule.

Subd. 4. [PRIORITIES, DISTRICT HEATING.] The (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) authority shall give higher priority to a project that does more to achieve the following goals:

(a) *The district heating conversion facility employs cogeneration techniques;*

(b) *The facility uses renewable or nonpetroleum sources of energy;*

(c) The district heating facility will save petroleum or natural gas;

(d) The operation of the district heating facility will not have an adverse impact on the environment;

(e) The district heating facility may readily be expanded to serve additional customers or to supply additional amounts of energy, and market demand for the energy exists;

(f) The project has obtained additional financing from the federal government, private sources, or other sources of capital; and

(g) Other goals the (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) *authority* finds desirable for district heating systems.

Subd. 4a. [PRIORITIES, ENERGY IMPROVEMENTS.] The authority shall give higher priority to qualified energy improvements that best meet the following goals:

(a) *reducing the dependence of a municipality on imported fuels;*

(b) *providing a cost reduction or revenue source for the municipality;*

(c) *providing multiple benefits to residents within the municipality;*

(d) *demonstrating technologies for solid waste treatment.*

Subd. 5. [APPLICATION.] Application for a loan to be made pursuant to subdivision 6 or 7 shall be made by a municipality to the (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) authority on a form prescribed by the (COMMISSIONER OF ENERGY, PLANNING AND ECONOMIC DEVELOPMENT BY RULE) authority. The (COMMISSIONER OF ENERGY, PLANNING AND DEVELOPMENT) authority shall (REVIEW EACH APPLICATION AND) determine:

(a) *Whether or not the project or proposed energy improvement is eligible for a loan;*

(b) *The priority of the project or qualified energy improvement when ranked with (ALL) other eligible projects or improvements for which a loan application has been submitted;*

(c) *The total estimated cost of the project or improvement;*

(d) The amount of the loan for which the project or *improvement* is eligible;

(e) The terms upon which the loan would be made; and

(f) The means by which the municipality proposes to finance the project or *improvement*, including:

(1) A loan authorized by state law; or

(2) A grant of money appropriated by state law; or

(3) A grant to the municipality by an agency of the federal government within the amount of money then appropriated to that agency and allocated by it to projects or *improvements* within the state; or

(4) The appropriation of proceeds of bonds or other money of the municipality to an account for the construction of the project or *improvement*; or

(5) User charges, franchise fees, special assessments or taxes; or

(6) Any or all of the means referred to in clauses (1) to (5).

Subd. 6. [LOANS, DISTRICT HEATING AND QUALIFIED ENERGY IMPROVEMENTS.] Upon the recommendation of the (GOVERNOR) *authority* pursuant to subdivision 8, the commissioner of finance shall make loans to municipalities on the following terms:

(a) In the case of loans for design costs, the maximum amount of the loan shall be limited by the provisions of this clause. For cities of the first class and counties containing a city of the first class, individually or through the exercise of joint powers agreements, the amount of the loan shall not exceed 40 percent of the design costs. For cities of the second, third and fourth class, and other municipalities, the amount of the loan shall not exceed 90 percent of the design costs;

(b) In the case for loans for construction costs, a municipality must demonstrate that all design activities have been completed; that the project or *improvement* is economically and technologically feasible; that the district heating system or *qualified energy improvement* will be constructed, and that it has made adequate provisions to assure proper and efficient operation and maintenance of the project or *improvement*. For cities of the first class and counties containing a city of the first class, individually or through the exercise of joint powers agreements, the amount of the loan shall be up to 50 percent of the construction costs. For cities of the second class, the amount of the loan

shall be up to 80 percent of the construction costs. For cities of the third or fourth class, *and other municipalities*, the amount of the loan shall be up to 90 percent of the construction costs.

(c) A loan made pursuant to this section is repayable over a period of *not more than 20 years* (**WITH INTEREST PAYMENTS BEGINNING THE FIRST YEAR**) *from the date the loan is made*. Interest shall accrue from the date of the loan at a rate of interest assigned at the date of loan commitment, *but the first payment of interest shall not be due until one year after the loan was made*. Principal payments shall begin in the sixth year after the receipt of the loan on a 25 year level payment schedule with the balance of the principal to be retired with the payment due 20 years after receipt of the loan. *Interest attributable to the first year of deferred payment shall be amortized in equal periodic payments over the remainder of the term of the loan*. For each loan, the initial deposit to the state bond fund required by section 16A.65, subdivision 1, shall be made by the commissioner of finance, and no loan may be refused solely because the municipality does not provide the initial deposit.

(d) *The authority may also pledge a segregated portion of the energy development fund to guarantee or insure bonds and notes, or the interest rate thereon, issued by the commissioner of finance on behalf of the state of Minnesota for purposes of section 116J.36 or 116J.37.*

Subd. 7. [MODERN STEAM SYSTEMS.] (a) A municipality which has operating within its boundaries a modern steam district heating system owned by a district heating utility may apply for a loan or grant under this section even though the district heating project for which the loan or grant application is made may be planned, constructed, or owned by a district heating utility. The loan or grant application shall be treated in the same manner as loan or grant applications for district heating projects where the projects are to be planned, constructed, or owned by a municipality.

All or a portion of the proceeds of a loan made to a municipality described in this subdivision may be used to make loans to a district heating utility to provide financial assistance for the planning, modification, expansion or construction of a district heating project. Prior to making the loan to the district heating utility, the municipality shall:

(1) Adopt a district heating plan which identifies the areas of the city to be served by district heating; a time schedule indicating when service would be available in different areas of the city and the type of service to be offered; and

(2) Enter into a written agreement with the district heating utility which includes a requirement that the district heating

utility restrict expansion of its existing steam system within its current geographic boundaries as determined by the municipality and develop a hot water system on a specific time schedule.

(b) The powers, authority and obligations granted to a municipality under this subdivision are supplemental to the powers, authority and obligations granted all municipalities under this section.

(c) As used in this subdivision, "modern steam district heating system" means a steam district heating system with condensate return built after 1970 and before May 30, 1981. "District heating utility" means any person, corporation, or other legal entity which owns or operates or plans to own or operate a district heating system. "District heating project" means a new district heating system, or the expansion or modification of the existing modern steam district heating system.

Subd. 8. [LOAN APPROVAL.] The commissioner of energy (, PLANNING) and economic development shall prepare and submit to the (LEGISLATIVE ADVISORY COMMISSION A LIST OF) energy and economic development authority separate lists of loan requests for district heating (LOAN REQUESTS) systems and qualified energy improvements. The list for district heating loans shall contain the supporting information required by subdivisions 3, 4, 5, 6, and 7. The list for qualified energy improvements shall contain the supporting information required by subdivisions 3a, 3c, 4a, 5, and 6. The recommendation of the (LEGISLATIVE ADVISORY COMMISSION) authority shall be transmitted to the (GOVERNOR) commissioner of finance. The (GOVERNOR) commissioner of finance shall (APPROVE OR DISAPPROVE, OR RETURN FOR FURTHER CONSIDERATION, EACH PROJECT RECOMMENDED FOR APPROVAL BY THE LEGISLATIVE ADVISORY COMMISSION. LOANS MAY BE DISBURSED ONLY UPON APPROVAL BY THE GOVERNOR) sell bonds and make loans for district heating projects and qualified energy improvements only upon the recommendation of the authority.

Subd. 8a. [CRITERIA FOR QUALIFIED ENERGY IMPROVEMENTS.] Qualified energy improvements eligible for loans shall meet criteria established in rule by the commissioner of energy and economic development. Rules shall include criteria for analyzing the cost-effectiveness of improvements. Rules relating to qualified energy improvements involving a waste-to-energy facility shall be adopted in consultation with the waste management board and the pollution control agency. An improvement involving a waste-to-energy facility must be part of a solid waste management plan approved by the pollution control agency or a plan approved pursuant to section 473.803.

Subd. 9. [PAYMENT; OBLIGATION.] The commissioner of finance shall not pay money to a municipality pursuant to an approved loan until he has determined that:

(a) Financing of the project or *improvement* as proposed by the municipality is assured by an irrevocable undertaking, by resolution of the governing body of the municipality, to use all money made available by the financing plan exclusively for the eligible costs of the project or *improvement*, and to pay any additional amount by which the cost of the project or *improvement* exceeds the estimate by the appropriation to the construction account of additional (MUNICIPAL) money of the *municipality* or the proceeds of additional bonds to be issued by the municipality; and that

(b) The governing body of the municipality has adopted a resolution obligating the municipality to repay the loan according to the terms in the loan. The obligation may be payable from user charges, franchise fees, special assessments or other money available to the municipality. The resolution shall obligate the municipality to annually impose and collect user charges, franchise fees, special assessments, or to use any other money available to it from any other specified source, in amounts and at times that if collected in full will annually produce at least five percent in excess of the amount needed for all annual costs of the system, including annual repayment on state loans. A municipality may also pledge to levy an ad valorem tax to guarantee the payments under the loan agreement. For the purpose of repaying the loan, the municipality by resolution of its governing body may fix the rates and charges for district heating system or *qualified energy improvement* service and products, may enter into contracts for the payment by others of costs of construction, maintenance, and use of the project or *improvement* in accordance with section 444.075 and may pledge the revenues derived therefrom. The commissioner of finance shall condition a loan upon the establishment of rates and charges or the execution of contracts sufficient to produce annually the revenues pledged for repayment of all annual costs of the system, including annual repayment of the state loan.

Subd. 10. [RECEIPTS.] All principal and interest payments received by the commissioner of finance in repayment of the loans authorized by this section shall be deposited in the state treasury and credited to the state bond fund and are appropriated to the commissioner of finance for the purposes of that account.

Subd. 11. [RULES.] The commissioner of energy (, PLANNING) and *economic* development shall adopt rules necessary to carry out *the programs* of this section. The commissioner of energy (, PLANNING) and *economic* development (SHALL) *may* adopt temporary rules pursuant to sections 14.29 to 14.36, meeting the requirements of this section. The rules shall contain as a minimum:

(a) Procedures for application by municipalities; and

(b) Criteria for reviewing grant and loan applications.

Sec. 9. [116J.381] [COMMUNITY ENERGY PROGRAM.]

Subdivision 1. [FINDINGS.] The legislature finds that the cost of energy causes economic and social stress, and that the state has an interest in facilitating solutions to energy related stresses. The legislature also finds that community-based energy programs are an effective means of implementing improved energy practices including conservation, greater efficiency in energy use, and the use of alternative resources. Further, community based energy programs are found to be a public purpose for which public money may be spent.

Sec. 10. [116J.382] [COMMUNITY ENERGY COUNCILS.]

Subdivision 1. [CREATION.] Cities or counties, individually or through the exercise of joint powers agreements, may create community energy councils. Membership on a council shall include representatives of labor, small business, voluntary organizations, senior citizens, and low and moderate income residents, and may include city and county officials and others.

Subd. 2. [POWERS AND DUTIES.] A community energy council may:

(1) analyze social and economic impacts caused by energy expenditures;

(2) plan, coordinate, advertise, and provide energy programs to minimize negative social and economic impacts;

(3) seek, accept, and disburse grants and other aids from public or private sources for purposes authorized in this subdivision; and

(4) exercise other powers and duties imposed on it by statute, charter, or by ordinance.

Sec. 11. [116J.383] [COMMUNITY BASED ENERGY PROGRAM.]

Subdivision 1. [DEPARTMENT ASSISTANCE.] The commissioner may provide professional and financial assistance to communities to establish community energy councils, and develop and implement community energy programs; within the resources available to it.

Sec. 12. Minnesota Statutes 1982, section 325F.20, subdivision 1, is amended to read:

Subdivision 1. The commissioner shall adopt rules pursuant to chapter 14 regarding quality, information, and product safety specifications for the manufacture, labeling, installation, and thermographing of insulation. The specifications and any amendments to them shall conform as far as is practical to federal standards or other standards generally accepted and in use throughout the United States. The standards, with modifications as may be deemed necessary, may be adopted by reference. The specifications adopted and any amendments shall be based on the application of scientific principles, approved tests, and professional judgment. *For purposes of this subdivision, the commissioner may adopt temporary rules which may remain in effect for 360 days.*

Sec. 13. [APPROPRIATION.]

Subd. 2. \$50,000 in fiscal year 1985 is appropriated from the general fund to the commissioner of energy and economic development for a manager of the alternative energy technical activity. The manager shall have technical expertise and professional experience in the field of engineering. The department of employee relations shall assign the position to a classification that will use all but not more than \$50,000 for salary and benefits. The complement of the department is increased by one position.

The complement of the department is increased by one position in the unclassified service.

Subd. 7. \$50,000 in fiscal year 1985 is appropriated to the commissioner of energy and economic development for the study and adoption of standards for fiber fuels.

Subd. 8. \$279,000 in fiscal year 1985 is appropriated from the general fund to the commissioner of finance for district heating debt service pursuant to Minnesota Statutes, section 116J.36, subdivision 6, as amended by this act.

Subd. 9. \$2,500,000 for fiscal year 1985 is appropriated from the general fund to the commissioner of economic security for purposes of extending or expanding the low income residential weatherization program authorized by section 268.37. Any federal money received before December 31, 1984, in excess of anticipated revenues for the weatherization program shall reduce the state appropriation for this purpose by a like amount."

program (IF THE CHILD HAD BEEN BORN AND LIVING WITH THE WOMAN), *the Minnesota supplemental aid program; or*

(4) *Who is a pregnant woman, as certified in writing by a physician or nurse midwife, and who (a) meets the other eligibility criteria of this section, and (b) would be categorically eligible for assistance under the aid to families with dependent children program if the child had been born and was living with the woman; or*

(5) *Who meets the categorical eligibility requirements of the supplemental security income program and the other eligibility requirements of this section; or*

(5) (6) *Who, except for the amount of income or resources, would qualify for supplemental security income for the aged, blind and disabled, or aid to families with dependent children, and (IS IN NEED OF MEDICAL ASSISTANCE) who meets the other eligibility requirements of this section; or*

(7) (8) *Who is residing in a hospital for treatment of mental disease or tuberculosis and is 65 years of age or older and without means sufficient to pay the per capita hospital charge; and*

(8) (9) *Who resides in Minnesota, or, if absent from the state, is deemed to be a resident of Minnesota in accordance with the regulations of the state agency; and*

(9) (10) *Who alone, or together with his spouse, does not own real property other than the homestead. For the purposes of this section, "homestead" means the house owned and occupied by the applicant or recipient as his (DWELLING PLACE) primary place of residence, together with the contiguous land upon which it is situated (AND AN AREA NO GREATER THAN TWO CONTIGUOUS LOTS IN A PLATTED OR LAID OUT CITY OR TOWN OR 80 CONTIGUOUS ACRES IN UNPLATTED LAND. OCCUPANCY OR EXEMPTION SHALL BE DETERMINED AS PROVIDED IN CHAPTER 510 AND APPLICABLE LAW, INCLUDING CONTINUING EXEMPTION BY FILING NOTICE UNDER SECTION 510.07). The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by the spouse, minor child, or disabled child of any age; or the applicant/recipient is expected to return to the home as a principal residence within six calendar months of entry to the long-term care facility. Certification of expected*

return to the homestead shall be documented in writing by the attending physician. Real estate not used as a home may not be retained unless it produces net income applicable to the family's needs or the family is making a continuing effort to sell it at a fair and reasonable price (OR UNLESS SALE OF THE REAL ESTATE WOULD NET AN INSIGNIFICANT AMOUNT OF INCOME APPLICABLE TO THE FAMILY'S NEEDS,) or unless the commissioner determines that sale of the real estate would cause undue hardship; and

((10)) (11) Who individually does not own more than \$3,000 in cash or liquid assets, or if a member of a household with two family members (husband and wife, or parent and child), does not own more than \$6,000 in cash or liquid assets, plus \$200 for each additional legal dependent. In computing income to determine eligibility of persons who are not residents of long term care facilities, the commissioner shall disregard increases in income due solely to increases in federal retiree, survivor's, and disability insurance benefits, veterans administration benefits, and railroad retirement benefits in the percentage amount established in the biennial appropriations law unless prohibited by federal law or regulation. If prohibited, the commissioner shall first seek a waiver. In excess income cases, eligibility shall be limited to a period of six months beginning with the first of the month in which these medical obligations are first incurred; and

((12)) (13) Who has continuing monthly expenses for medical care that are more than the amount of his excess income, computed on a monthly basis, in which case eligibility may be established before the total income obligation referred to in the

preceding paragraph is incurred, and medical assistance payments may be made to cover the monthly unmet medical need. In licensed nursing home and state hospital cases, income over and above that required for justified needs, determined pursuant to a schedule of contributions established by the commissioner of public welfare, is to be applied to the cost of institutional care. The commissioner of public welfare may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care (AND SHALL SEEK A WAIVER FROM FEDERAL REGULATIONS WHICH ESTABLISH THE AMOUNT REQUIRED TO BE CONTRIBUTED BY EITHER SPOUSE WHEN ONE SPOUSE IS A NURSING HOME RESIDENT); and

((13)) (14) Who has applied or agrees to apply all proceeds received or receivable by him or his spouse from automobile accident coverage and private health care coverage to the costs of medical care for himself, his spouse, and children. The state agency may require from any applicant or recipient of medical assistance the assignment of any rights accruing under private health care coverage. Any rights or amounts so assigned shall be applied against the cost of medical care paid for under this chapter. Any assignment shall not be effective as to benefits paid or provided under automobile accident coverage and private health care coverage prior to receipt of the assignment by the person or organization providing the benefits.

Subd. 2. [PRESUMPTION OF PURPOSE.] Any transaction described in subdivision 1 shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance under this chapter unless the individual or eligible spouse furnishes convincing evidence to establish that the transaction was exclusively for another purpose.

Subd. 3. [RESOURCE VALUE.] For purposes of subdivision 1, the value of the resource or interest shall be the fair market value at the time it was *given away*, sold, or (GIVEN AWAY) *disposed of*, less the amount of compensation received.

Subd. 4. [PERIOD OF INELIGIBILITY.] For any uncompensated transfer, the period of ineligibility shall be calculated by dividing the *uncompensated* transferred amount by the statewide average monthly skilled nursing facility per diem for the previous calendar year to determine the number of months of ineligibility. The individual shall remain ineligible until this fixed ineligibility period has expired (, SUBJECT TO THE EXCLUSIONS CONTAINED IN SECTION 256B.06, SUBDIVISION 1). *The period of ineligibility may exceed 24 months, and a re-application for benefits after 24 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired.*

Subd. 5. [(EXCLUSIONS FOR HOMESTEAD TRANSFERS) EXCLUDED RESOURCES.] (NOTWITHSTANDING SUBDIVISION 4, AN INDIVIDUAL SHALL NOT BE INELIGIBLE IF THE TRANSFERRED PROPERTY IS A HOMESTEAD AS DEFINED BY SECTION 256B.06, SUBDIVISION 1, AND ONE OF THE FOLLOWING CONDITIONS APPLIES:) *Except for the limitations contained in subdivision 6, a resource which is transferred while otherwise excluded under sections 256B.06 and 256B.07 shall not be considered an available resource for purposes of medical assistance eligibility. Subd. 6. [PROHIBITED TRANSFERS OF EXCLUDED RESOURCES.] *Any individual who is an inpatient in a skilled nursing facility or an intermediate care facility who, at any time during or after the 24-month period immediately prior to application for medical assistance, disposed of a homestead for less than fair market value shall be ineligible for medical assistance in accordance with subdivisions 1 to 4. An individual shall not be ineligible for medical assistance if one of the following conditions applies to the homestead transfer:*

(1) a satisfactory showing is made that the individual can reasonably be expected to return to the homestead as a permanent residence;

(2) title to the (HOME) *homestead* was transferred to the individual's spouse, child who is under age 21, or blind or permanently and totally disabled child as defined in the supplemental security income program;

(3) a satisfactory showing is made that the individual intended to dispose of the (HOME) *homestead* at fair market value or for other valuable consideration; or

(4) the local agency determines that denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

Subd. (6) 7. [EXCEPTION FOR ASSET TRANSFERS.] Notwithstanding the provisions of subdivisions 1 to (5) 6, an institutionalized spouse who applies for medical assistance on or after July 1, 1983, may transfer liquid assets to his or her non-institutionalized spouse without loss of eligibility if all of the following conditions apply:

(a) The noninstitutionalized spouse is not applying for or receiving assistance;

(b) The noninstitutionalized spouse has less than \$10,000 in liquid assets, including assets singly owned and 50 percent of assets owned jointly with the institutionalized spouse;

(c) The amount transferred, together with the noninstitutionalized spouse's own assets, totals no more than \$10,000 in liquid assets; and

(d) The transfer may be effected only once, at the time of initial medical assistance application.

Subd. (7) 8. [CONFORMANCE WITH FEDERAL LAW.] Notwithstanding the other provisions of this section, uncompensated property transfers shall be treated no more restrictively than allowed by federal law.

(b) In order to contain costs, the county board shall, with the approval of the commissioner of public welfare, select vendors of medical care who can provide the most economical care consistent with high medical standards and may contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall encourage county boards to submit proposals for demonstration projects designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under section 256B.02, subdivision 8, except that where counties enter into prepaid capitation agreements, payments shall be as provided in section 256.966, subdivision 2.

Sec. 26. Minnesota Statutes 1982, section 256D.06, is amended by adding a subdivision to read:

Subd. 6. If any amount of general assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the local agency. The agency shall give written notice to the recipient of its intention to recover the overpayment. Overpayments to a current assistance unit shall be recovered either through repayment by the individual in part or in full, or reduction of the amount of aid payable to the assistance unit of which the individual is a member. For any month in which an overpayment is to be recovered, recoupment may be made by reducing the grant but only if the reduced assistance payment, together with the assistance unit's liquid assets and total income after deducting actual work expenses equals at least 95 percent of the applicable standard of assistance for the assistance unit, except that if the overpayment is due solely to agency error, this total after deducting actual work expenses shall equal at least 99 percent of the applicable standard of assistance. In cases where there is both an overpayment and an underpayment, the local agency shall offset one against the other in correcting the payment. The recipient may appeal the agency's determination that an overpayment has occurred in accordance with section

256.045. The county agency shall promptly repay the recipient for any underpayment and shall disregard that payment when determining the assistance unit's income and resources in the month when the payment is made and the following month.

Any applicant, otherwise eligible for supplemental aid and possibly eligible for maintenance benefits from any other source shall (a) make application for those benefits within 30 days of the supplemental aid application; and (b) execute an interim assistance authorization agreement on a form as directed by the commissioner. If found eligible for benefits from other sources, and a payment received from another source relates to the period during which supplemental aid is also being received, the recipient shall be required to reimburse the local agency for the interim assistance paid. Reimbursement shall not exceed the amount of supplemental aid paid during the time period to which the other maintenance benefits apply and shall not exceed the state standard applicable to that time period. Reimbursement may be sought directly from the other source of maintenance income but shall remain the primary obligation of the recipient. The commissioner shall adopt rules, and may adopt temporary rules, in accordance with chapter 14, authorizing local agencies to retain from the amount recovered under an interim assistance agreement 25 percent plus actual reasonable fees, costs, and disbursements of appeals and litigation, of providing special assistance to the recipient in processing the recipient's claim for maintenance benefits from another source. The money retained under this section shall be from the state share of the recovery. The local agency may contract with qualified persons to provide the special assistance. The rules adopted by the commissioner shall include the methods by which local agencies shall identify, refer, and assist recipients who may be eligible for benefits under federal programs for the disabled. This subdivision does not require repayment of per diem payments made to shelters for battered women pursuant to section 256D.05, subdivision 3.

If such arrangements have been made, the county shall authorize burial in accord with the written instructions of the deceased. If it is determined that the person did not leave sufficient means to defray the necessary expenses of his burial, nor any relatives therein of sufficient ability to procure his burial, the county board shall cause a decent burial of his remains to be made at the expense of the county.

The first of these is the fact that the
 Government has a large surplus of
 money. This surplus is the result of
 the Government's policy of
 maintaining a low rate of interest
 on its bonds. This policy has
 resulted in a large amount of
 money being borrowed by the
 Government. This money is then
 used to finance the Government's
 operations. The result is a large
 surplus of money. This surplus is
 the result of the Government's
 policy of maintaining a low rate
 of interest on its bonds. This
 policy has resulted in a large
 amount of money being borrowed
 by the Government. This money
 is then used to finance the

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax pur-

poses, the modification shall be limited to 40 per centum of the portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Income from the performance of personal or professional services which is subject to the reciprocity exclusion contained in section 290.081, clause (a);

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20; including any capital loss or net operating loss carryforwards or carrybacks or out of state loss carryforwards resulting from the losses, and including any farm loss carryforwards or carrybacks;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether the amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, or the amount reflected as the ordinary income portion of a lump sum distribution under section 402(e) of the Internal Revenue Code of 1954, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, or (iii) severance pay distributed to an individual upon discontinuance of the individual's employment due to termination of business operations by the individual's employer, provided that the termination is reasonably likely to be permanent, involves the discharge of at least 75 percent of the employees at that site within a one-year period, and the business is not acquired by another person who continues operations at that site. The maximum amount of this subtraction shall be \$11,000 less the amount by which the individual's federal adjusted gross income, plus the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, exceeds \$17,000. For purposes of this clause, "severance pay" means an amount received for cancellation of an employment contract or a collectively bargained termination payment made as a substitute for income which would

have been earned for personal services to be rendered in the future. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$11,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000;

(7) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain recognized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(8) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later, *including distributions from an individual retirement account which represent a return of contributions if they were included previously in gross income on the individual's income tax return. The distribution shall be allocated first to the return of contributions included in gross income until the amount of the contributions has been exhausted;*

(9) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed before January 1, 1986 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

(10) The first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota. This modification does not apply to compensation defined in subdivision 20b, clause (6);

(11) The amount of any income earned for personal services rendered outside of Minnesota prior to the date when the taxpayer became a resident of Minnesota. This modification does not apply to compensation defined in subdivision 20b, clause (6);

(12) In the case of wages or salaries paid or incurred on or after January 1, 1977, the amount of any credit for employment of certain new employees under sections 44B and 51 to 53 of the Internal Revenue Code of 1954 which is claimed as a credit against the taxpayer's federal tax liability, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(13) In the case of work incentive program expenses paid or incurred on or after January 1, 1979, the amount of any credit

The screening required by this section may be effected by trees, shrubs, or foliage, natural objects, fences or other appropriate means as determined by standards established by the

commissioner. Plantings (WHICH) that will eventually achieve effective screening shall be acceptable. Plantings shall be used in connection with any fence or other non-natural screening device.

(2) ANY SUCH (b) A portion of a junk yard (OR PORTION THEREOF WHICH) that cannot be effectively (BE) screened (SHALL) must be removed or relocated (PURSUANT TO) under the provisions of this section (ON OR BEFORE JULY 1, 1979). (ANY SUCH) A junk yard lawfully existing (ON) along a highway (WHICH) that is made a part of the trunk highway system after January 1, 1975, and becomes nonconforming thereby shall be effectively screened or removed or relocated within four years (THEREAFTER). Any junk yard (WHICH) that comes into existence after July 1, 1971 (WHICH) that does not conform to this section, or (WHICH) that becomes nonconforming after July 1, 1971, or (WHICH) that becomes nonconforming after action by the commissioner pursuant to this section, is hereby declared to be a public nuisance and illegal, and the commissioner may enter upon the land where the junk yard is located and may screen the same, or may relocate or dispose of the junk yard after 90 days notice to the owner or dealer thereof, if known, or to the owner of the land. In this event, no compensation shall be paid to the owner or dealer or owner of the land, and the commissioner may (COLLECT) recover the cost of screening, removal, relocation or disposal from the owner or dealer, if known, or from the owner of the land upon which the junk yard is located. Any costs recovered by the commissioner shall be deposited in the general fund and credited to the salvage yard account.

((3)) (c) None of the articles commonly found in junk yards shall be allowed to remain on the grounds for more than 24 hours unless within the buildings or the properly screened area as provided herein, nor shall any junk in any junk yard be allowed to extend above existing or planned screening so as to be visible from the highway.

Subd. 4. [AUTHORITY; ENFORCEMENT.] The commissioner shall screen junk yards when required by this section at locations on the right-of-way of the highway or on lands within 1,000 feet of the right-of-way and shall pay for the costs thereof. If screening is not feasible because of economic or topographic reasons, the commissioner shall secure the removal, relocation or disposal of such junk yard by sale, agreement, or other means, and pay for the costs thereof. Notwithstanding the other provisions of this section, if a junk yard exists within one-half mile of the right-of-way of any trunk highway and is visible from the highway, the commissioner may acquire easements for screening purposes up to one-half mile from the edge of the right-of-way of the highway. REPORTS OF STANDING COMMITTEES

Rice from the Committee on Appropriations to which was referred:

H. F. No. 288, A bill for an act relating to energy; establishing a residential rental property weatherization compliance program; requiring the filing of a certificate of compliance

with minimum energy efficiency standards for renter-occupied residences; providing certain remedies for noncompliance; making other changes; appropriating money; amending Minnesota Statutes 1982, sections 116J.27, subdivision 4, and by adding subdivisions; and 116J.30, by adding a subdivision; Minnesota Statutes 1983 Supplement, sections 116J.27, subdivision 6; and 290A.19; proposing new law coded in Minnesota Statutes, chapter 116J.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 116J.27, is amended by adding a subdivision to read:

Subd. 3a. [RESIDENTIAL RENTAL PROPERTY WEATHERIZATION COMPLIANCE PROGRAM.] (a) For purposes of this subdivision, "evaluator" means a person certified according to standards prescribed in subdivision 6 or pursuant to section 116J.31, a professional engineer or architect registered pursuant to sections 326.02 to 326.15, or a qualified person approved by the department.

(b) After January 1, 1985, and on or before July 1, 1986, the owner of a renter-occupied residence shall file with the commissioner a certificate of compliance with all applicable energy efficiency standards prescribed by subdivisions 1 and 3. The certificate shall be obtained from an evaluator following an inspection of the residence conducted after August 31, 1984, and recorded on a form provided by the commissioner. After inspection, if the evaluator determines that the energy efficiency standards prescribed by subdivisions 1 and 3 have been met, he or she shall issue and sign a certificate of compliance. The evaluator may charge a reasonable fee for inspecting the residence and issuing the certificate. No evaluator may inspect a residence and issue the certificate required by this subdivision if the evaluator has an ownership interest in the residence or is employed by any person having an ownership interest in the residence. No evaluator may make energy efficiency improvements or profit directly or indirectly from the provision of energy efficiency improvements to a residence that he or she has inspected. The certificate for low-rent housing owned by a public housing authority or a housing and redevelopment authority as defined in section 462.421, subdivision 2, may be issued by an officer or employee of the authority or by an evaluator after completion of an energy audit as required by the United States department of housing and urban development pursuant to Code of Federal Regulations, title 24, sections 965.301 to 965.310, and completion of improvements necessary to bring the building into compliance with the requirements of subdivisions 1 and 3. The energy audit of low-rent housing may be conducted before September 1, 1984, but the certificate for low-rent housing shall indicate com-

pliance with the standards to be in effect as of July 1, 1985. The commissioner shall adopt a form for the certificate. The commissioner shall maintain a file by street address of the certificates filed pursuant to this subdivision. The certificates shall be released to the public according to section 13.03. If a certificate is not on file for a residence, upon request of any person, the commissioner shall provide without charge a written statement that a certificate is not on file as of the date of execution of the statement. The statement is prima facie evidence in a court or administrative action of the facts it contains and of the fact that the residence is not in compliance with the energy efficiency standards prescribed by subdivisions 1 and 3. The commissioner may charge a fee to owners, other than public housing authorities and housing and redevelopment authorities, who file certificates under this subdivision in an amount sufficient to defray the costs of administering the residential rental property weatherization compliance program. The fee receipts shall be deposited in the general fund. The commissioner may review whether a residence continues to meet the energy efficiency standards, and may revoke the certificate if the residence is not in compliance with the standards.

Sec. 2. Minnesota Statutes 1982, section 116J.27, subdivision 4, is amended to read:

Subd. 4. [INSPECTIONS.] The commissioner shall conduct inspections on a random basis for compliance with the provisions of subdivision 3. The commissioner (OF ENERGY, PLANNING AND DEVELOPMENT) may authorize a municipality, with its consent, to conduct the inspections within the municipality's jurisdiction, or to otherwise enforce the provisions of subdivision 3 or 3a. Any municipality which conducts an inspections or other enforcement program (IN CONJUNCTION WITH EXISTING CITY INSPECTION PROGRAMS) shall have authority under all subdivisions of section 116J.30 to enforce the provisions of (SUBDIVISION) subdivisions 3 and 3a; provided that (50) 100 percent of the penalties (TO BE PAID TO THE STATE TREASURY) for violation of (SUBDIVISION) subdivision 3 or 3a shall be paid to the municipality.

Sec. 3. Minnesota Statutes 1982, section 116J.27, is amended by adding a subdivision to read:

Subd. 4a. [ENFORCEMENT AFTER INSPECTION.] If the commissioner determines, after an inspection conducted by or on behalf of the department, that a renter-occupied residence is not in compliance with the standards prescribed pursuant to subdivision 1, the commissioner may issue to the owner of the renter-occupied residence or the owner's agent a determination of noncompliance and may commence a contested case proceeding under sections 14.57 to 14.62. The determination shall (1) specify the reasons for the determination, (2) include a copy of the inspection report, (3) state the actions that must be taken to

bring the residence into compliance with the standards, (4) state that if the residence is not brought into compliance with the standards within 90 days following the date of the determination, a contested case proceeding will be commenced, and (5) specify a fine that will be assessed upon the conclusion of the contested case proceeding in the absence of a showing of good cause in that proceeding. The contested case proceeding hearing shall be held in the county in which the renter-occupied residence is located. Notwithstanding the provisions of sections 14.50 and 14.61, the hearing examiner in the contested case proceeding shall make findings of fact and conclusions of law and issue a decision, and if the hearing examiner decides that the residence is not in compliance with the standards, the hearing examiner shall enter an order directing the owner to take such affirmative action as in the judgment of the hearing examiner will effectuate the purposes of section 116J.27.

Sec. 4. Minnesota Statutes 1982, section 116J.27, is amended by adding a subdivision to read:

Subd. 4b. [ENFORCEMENT FOR FAILURE TO FILE CERTIFICATE.] *If the commissioner determines that the certificate prescribed in subdivision 3a has not been filed for a renter-occupied residence, and if the residence is located in a municipality which has been authorized to conduct an enforcement program pursuant to subdivision 4, the commissioner may notify the municipality that the certificate has not been filed. If the renter-occupied residence is not located in a municipality that has been authorized to conduct an enforcement program, or if a municipality takes no enforcement action within 30 days following the date of notification from the commissioner, the commissioner may issue to the owner of the renter-occupied residence or the owner's agent a determination that the certificate has not been filed and may commence a contested case proceeding under sections 14.57 to 14.62. The determination shall state that if the certificate is not filed within 90 days following the date of the determination, a contested case proceeding may be commenced, and the determination shall specify the fine that will be assessed upon the conclusion of the contested case proceeding in the absence of a showing of good cause in that proceeding. Notwithstanding the provisions of sections 14.50 and 14.61, the hearing examiner in the contested case proceeding shall make findings of fact and conclusions of law and issue a decision, and if the hearing examiner decides that the certificate has not been filed for the residence, the hearing examiner shall enter an order directing the owner to take such affirmative action as in the judgment of the hearing examiner will effectuate the purposes of section 116J.27.*

Sec. 5. Minnesota Statutes 1982, section 116J.27, is amended by adding a subdivision to read:

Subd. 4c. [FINES FOR NONCOMPLIANCE; EXCEPTION.] *If the hearing examiner issues a decision, following a*

contested case proceeding commenced pursuant to subdivision 4a or 4b, that a renter-occupied residence is not in compliance with the standards prescribed pursuant to subdivision 1 or that the certificate prescribed in subdivision 3a has not been filed, and that the owner of the renter-occupied residence has not proven a good cause, as defined by rule or temporary rule adopted by the commissioner, for his failure to comply with the standards prescribed pursuant to subdivision 1 or his failure to file the certificate prescribed in subdivision 3a, the hearing examiner shall assess a fine against the owner in accordance with a schedule of fines adopted by the commissioner by rule or temporary rule. This subdivision shall not apply in the case of low-rent housing owned by a public housing authority or a housing and redevelopment authority as defined in section 462.421, subdivision 2.

Sec. 6. Minnesota Statutes 1983 Supplement, section 116J.27, subdivision 6, is amended to read:

Subd. 6. [BUILDING EVALUATORS.] The commissioner shall certify evaluators in each county of the state who are qualified to determine the compliance of a residence with applicable energy efficiency standards. The commissioner shall, by rule pursuant to chapter 14, adopt standards for the certification and performance of evaluators and set a fee for the certification of evaluators which is sufficient to cover the ongoing costs of the program once it is established. The commissioner shall encourage the certification of existing groups of trained municipal personnel and qualified individuals from community-based organizations and public service organizations. Each certified evaluator shall, on request of the owner, inspect any residence and report the degree to which it complies with applicable energy efficiency standards established pursuant to subdivision 1. The inspections shall be made within 30 days of the request. (EVALUATORS SHALL BE CERTIFIED ONLY IF THEY ALSO MEET ALL REQUIREMENTS FOR CONDUCTING RESIDENTIAL ENERGY AUDITS PURSUANT TO 42 U.S.C. 8211 ET SEQ.) The commissioner shall enter into an agreement with the department of education for the provision of evaluator training through the area vocational technical institutes. The commissioner may contract with the area vocational technical institutes to reduce the training costs to the students. The commissioner may eliminate the examination fee for persons seeking upgraded certificates. The commissioner may also establish requirements for continuing education, periodic recertification, and revocation of certification for evaluators.

Sec. 7. Minnesota Statutes 1982, section 116J.30, is amended by adding a subdivision to read:

Subd. 4. For purposes of sections 504.18 and 566.18 to 566.33, the weatherstripping, caulking, storm window, and storm door energy efficiency standards for renter-occupied residences pre-

scribed by section 116J.27, subdivisions 1 and 3, are health and safety standards, and the penalties and remedies provided in this section are in addition to and do not limit remedies otherwise available to tenants of renter-occupied residences.

Sec. 8. Minnesota Statutes 1983 Supplement, section 290A.19, is amended to read:

290A.19 [OWNER OR MANAGING AGENT TO FURNISH RENT CERTIFICATE; PENALTY.]

(a) The owner or managing agent of any property for which rent is paid for occupancy as a homestead shall furnish a certificate of rent constituting property tax to each person who is a renter on December 31, in the form prescribed by the commissioner. If the renter moves prior to December 31, the owner or managing agent shall at his option either provide the certificate to the renter at the time he moves, or mail the certificate to the forwarding address if an address has been provided by the renter. The certificate shall be made available to the renter not later than January 31 of the year following the year in which the rent was paid. Any owner or managing agent who willfully fails to furnish a certificate as provided herein shall be liable to the commissioner for a penalty of \$20 for each act or failure to act. The penalty shall be assessed and collected in the manner provided in chapter 290 for the assessment and collection of income tax.

(b) If the owner or managing agent elects to provide the renter with the certificate at the time he moves, rather than after December 31, the amount of rent constituting property taxes shall be computed as follows:

(i) The net tax shall be reduced by 1/12th for each month remaining in the calendar year.

(ii) In calculating the denominator of the fraction pursuant to section 290A.03, subdivision 11, the gross rent paid through the last month of claimant's occupancy shall be substituted for "the gross rent paid for the calendar year for the property in which the unit is located."

(c) The certificate of rent constituting property taxes shall include the address of the property, including the county, and the property tax parcel identification number and any additional information which the commissioner determines is appropriate.

(d) If the owner or managing agent fails to provide the renter with a certificate of rent constituting property taxes, the commissioner shall allocate the net tax on the building to the unit on a square footage basis or other appropriate basis as the commissioner determines. The renter shall supply the

commissioner with a statement from the county treasurer which gives the amount of property tax on the parcel, the address and property tax parcel identification number of the property, and the number of units in the building.

(e) Effective January 1, 1986, the commissioner shall provide to the commissioner of the department of energy and economic development a copy of all certificates of rent constituting property taxes that have been filed with the department. The copies of the certificates shall be provided by June 1 of each year.

Sec. 9. Minnesota Statutes 1982, section 462A.05, is amended by adding a subdivision to read:

Subd. 24. [RENTAL HOUSING ENERGY EFFICIENCY COMPLIANCE LOANS.] The agency may make or purchase or otherwise participate in the making, and may enter into commitments for the purchase, making, or participating in the making, of loans to owners of rental residential property for the purpose of energy improvements necessary to bring the property into compliance with standards established under section 116J.27, subdivisions 1 and 3. Loans pursuant to this subdivision shall be at such terms and rates of interest and with security for repayment, if any, the agency determines to be reasonably necessary to achieve the highest level of compliance with the energy standards. The loans shall be made without limitations relating to the incomes of the owners or tenants. Loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and conditions.

Sec. 10. Minnesota Statutes 1982, section 462A.21, is amended by adding a subdivision to read:

Subd. 13. The agency may make, purchase, or otherwise participate in loans pursuant to section 1, and may pay the costs and expenses necessary and incidental to the development and operation of the program authorized therein. It may combine loan funds established pursuant to legislative appropriations with loan funds established for the same or similar purposes pursuant to the sale of its notes or bonds in order to reduce the effective interest rate to borrowers.

Sec. 11. [116J.275] [EXCEPTIONS.]

Sections 1 and 3 to 6 do not apply to farm property consisting of five or more acres containing one single family residence, to owner-occupied single family residences, to single family residences which are rented for a period not to exceed four months in any 12-month period, and to condominium units.

Sec. 12. [APPROPRIATION.]

The sum of \$80,000 in fiscal year 1985 is appropriated from the general fund to the commissioner of energy and economic development for the purposes of this act. The complement of the department is increased by two positions.

Sec. 13. [EFFECTIVE DATE.]

Delete the title and insert:

Reported the same back with the following amendments:

Page 2, after line 11, insert:

"Sec. 2. [CITIZEN REVIEW BOARD PILOT PROJECT.]

Subdivision 1. [PURPOSE.] The purpose of a citizen review board pilot project is to determine (1) the need for and feasibility of establishing a statewide system of citizen review boards for children placed in substitute care for more than six months;

(2) the optimal methods of achieving statewide compliance with the requirements of Public Law 96-272, Sections 427 and 475; (3) a comparison of the citizen review board concept with local social service agency administrative review panels; (4) whether a citizen review facilitates the timely return of children to their birth parents, placement for adoption, or other permanency plans; and (5) whether the citizen review process provides benefits to children that are comparable to those provided by the juvenile court.

Subd. 2. [PILOT PROJECT; ESTABLISHMENT.] *The commissioner of public welfare, hereinafter the commissioner, shall establish a citizen review board pilot project in at least one judicial district to be determined by the commissioner. The citizen review boards shall review one-half of the cases of children in substitute care for more than six months in each project district. The other one-half will be reviewed under existing administrative review procedures.*

Subd. 3. [CITIZEN REVIEW BOARD.] *There shall be one citizen review board for every 75 children eligible for review by a citizen board in each project area. Each board shall consist of five members who are residents of the judicial district and have shown an interest in the welfare of children. Each board shall, to the extent feasible, represent the various socio-economic, racial, and ethnic groups of the district in which it serves. At least one member shall be a foster parent. No more than one person may be employed by the department of public welfare, by a child welfare agency, or by the juvenile court. Board members shall be appointed by the commissioner in consultation with the administrator of the local social services agency and the presiding judge of the juvenile court. Board members shall be required to attend in-service training sessions sponsored by the commissioner. Board members shall be appointed to serve a term that expires June 30, 1987. Appointments to fill vacancies on the board shall be made in the same manner and subject to the same conditions as the initial appointments to the board. Members shall continue to serve until a successor is appointed. Members of the board shall not receive compensation but shall be reimbursed for expenses.*

Subd. 4. [REVIEW.] *For purposes of determining what efforts have been made by the supervising agency or child caring institution to carry out the plan for permanent placement of each child subject to review under the project, citizen review boards shall, every six months from the date of the child's initial placement, review the cases of participating children who have resided in public or private foster care for a period of more than six months and who are under the jurisdiction of (1) the commissioner of corrections; (2) the designated social service agency; (3) the commissioner of public welfare pursuant to section 260.242; or (4) a child placing agency, a facility licensed pursuant to sections 245.781 to 245.813, a county home school, or a group foster home licensed under section 241.12. All chil-*

The review procedure established by this subdivision shall replace administrative reviews required by section 257.071, subdivision 2, for children reviewed under the pilot project.

Subd. 5. [RETURN OF CHILDREN TO PARENTS; ADOPTION.] Citizen review boards shall encourage and facilitate the timely return to their birth parents of foster children reviewed under this program or, where appropriate, shall encourage the appropriate agency to initiate procedures to make the child free for adoption and to exert maximum effort to place the child for adoption.

Subd. 6. [RECOMMENDATIONS TO JUVENILE COURT AND THE LOCAL SOCIAL SERVICES AGENCY.] The citizen review board shall submit to the juvenile court and the local social services agency, within ten days following review of any placement, findings and recommendations regarding the efforts and progress made by the designated local social services agency to carry out the case placement plan established pursuant to section 257.071, together with any other recommendations regarding the child. The findings and recommendations shall include the date of the next review; the signature of all persons attending the review; documentation of the procedural safeguards as required in Public Law 96-272, Section 475; and any comments the birth parents or the child wish to communicate to the agency or the court.

Subd. 7. [UNNECESSARY CHANGES IN PLACEMENT.] Citizen review boards shall promote and encourage the department of public welfare and all agencies involved in placing children in foster care to maximize stability and family continuity for children in foster care by discouraging unnecessary changes in the placement of foster children.

Subd. 8. [APPROPRIATENESS OF PLACEMENT.] Citizen review boards shall review foster care placements and family recruitment policies of agencies involved in placing children for adoption to ensure that the best interests of minority children are met by having due consideration given to their racial and ethnic heritage.

Subd. 9. [INFORMATION ON RIGHTS.] Citizen review boards shall assist the local social services agencies in informing birth parents, foster parents, and other interested parties of their rights and responsibilities with respect to any child in foster care. Birth parents, foster parents, the child, and other interested parties shall be allowed to participate in the review process.

Subd. 10. [DEFICIENCY REPORTS.] Citizen review boards shall report to the department of public welfare, the local social services agency, and other adoptive or foster care agencies deficiencies in the agencies' efforts to secure permanent homes for children whose cases have been reviewed by the board.

Subd. 11. [AGENCY COOPERATION; DATA PRIVACY REQUIREMENTS.] All public and private agencies and institutions that provide or arrange foster care services for children shall cooperate with the citizen review boards by furnishing information required for effective implementation of this section. Information in the possession of a public agency or institution shall be provided pursuant to section 13.05, subdivision 9, and shall retain the same classification in the possession of a citizen review board as it had in the possession of the public agency or institution. Information supplied by a private agency or institution that identifies an individual shall not be disclosed or disseminated by a citizen review board for any purpose except as required to implement this section.

"Section 1. Minnesota Statutes 1982, section 473.581, subdivision 3, is amended to read:

Subd. 3. [LIMITATIONS.] The principal amount of the bonds issued pursuant to subdivision 1, clause (a), shall not exceed the amounts hereinafter authorized. If the commission's proposal and the construction contracts referred to in clause (g) of this subdivision provide for the construction of a covered multipurpose sports facility, the total cost of constructing the facility under the construction contracts, not including costs paid from funds provided by others, and the principal amount of bonds issued pursuant to subdivision 1, clause (a), shall be limited to \$55,000,000. If the commission's proposal and the construction contracts do not provide for the construction of a cover on a proposed multipurpose sports facility and the commission does not otherwise contract for the construction or acquisition of a cover for the sports facility, the principal amount

shall be limited to \$42,000,000. If the commission's proposal and the construction contracts provide for the construction of a new sports facility for football and soccer and for remodeling the existing metropolitan stadium for baseball, the principal amount shall be limited to \$37,500,000. If the commission's proposal and the construction contracts provide for the reconstruction and remodeling of the existing metropolitan stadium as an uncovered multipurpose sports facility, the principal amount shall be limited to \$25,000,000. The bonds issued pursuant to subdivision 1, clause (a), shall bear an average annual rate of interest, including discount, not in excess of 7-1/2 percent. The proceeds of the bonds issued pursuant to subdivision 1, clause (a), shall be used only for the acquisition and betterment of sports facilities suitable for baseball, football and soccer, with a seating capacity for football and soccer of approximately 65,000 persons. The council shall issue its bonds and construction of sports facilities may commence when the council has made the following determinations:

(a) The commission has executed agreements with major league professional baseball and football organizations to use its sports facilities for all scheduled regular season home games and play-off home games and, in the case of the football organization, for at least one-half of its exhibition games played each season. The agreements shall be for a period of not more than 30 years nor less than the term of the longest term bonds that in the council's judgment it may find it necessary to issue to finance the acquisition and betterment of the commission's sports facilities. The agreements may contain provisions negotiated between the organizations and the commission which provide for termination upon conditions related and limited to the bankruptcy, insolvency, or financial capability of the organization. The agreements shall provide that, in the event of breach of the agreements, the defaulting organization shall pay damages annually to the commission. The annual payment shall be in an amount equal to the annual average of all revenue derived by the commission from attendance at events and activities of the defaulting organization during the years prior to default, provided that the damages shall not exceed in any year an amount sufficient, with other revenues of the commission but excluding proceeds of the taxes under section 473.592, to pay all expenses of operation, maintenance, administration, and debt service for the facilities used by the defaulting organization during the same year. The damages shall be payable during the period from the occurrence of the default to the date on which another major league professional baseball or football organization, replacing the defaulting organization, enters into a use agreement with the commission for not less than the then remaining term of the original agreement. The agreements with the teams shall provide that no closed circuit or pay television broadcasting of events in the sports facility may be allowed without the approval of the commission. The agreements shall include provisions protecting the commission and the council in the event of change in ownership of the professional teams.

(b) The commission has executed agreements with professional baseball and football major leagues which guarantee the continuance of franchises in the metropolitan area for the period of the agreements referred to in clause (a).

(c) The proceeds of bonds provided for in this subdivision will be sufficient, together with other capital funds that may be available to the commission, to construct or remodel and to furnish the sports facilities proposed by the commission, including the appropriate professional fees and charges but excluding, except as otherwise provided in this subdivision, the acquisition, clearance, relocation, and legal costs referred to in clauses (d) and (e).

(d) The commission has acquired, without cost to the commission or the council except as provided in this subdivision, title to all real property including all easements and other appurtenances needed for the construction and operation of any proposed sports facilities or has received a grant of funds or has entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required, to make any payment upon which the commission's acquisition of title and possession of the real property is conditioned.

(e) The commission has received a grant of funds or entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required, to pay all costs, except as provided in this subdivision, of clearing the real property needed for the construction and operation of any proposed sports facilities of all buildings, railroad tracks and other structures, including without limitation all relocation costs, all utility relocation costs, and all legal costs.

(f) The commission has executed agreements with appropriate labor organizations and construction contractors which provide that no labor strike or management lockout will halt, delay or impede construction.

(g) The commission has executed agreements which will provide for the construction of its sports facilities for a certified construction price and completion date and which include performance bonds in an amount at least equal to 100 percent of the certified price to cover any costs which may be incurred over and above the certified price, including but not limited to costs incurred by the commission or loss of revenues resulting from incomplete construction on the completion date.

(h) The environmental impact statement for the sports facility or facilities has been accepted by the environmental quality board, and the pollution control agency and any other de-

partment, agency, or unit of government have taken the actions necessary to permit the construction of the sports facility or facilities.

(i) At least 50 percent of the private boxes provided for in the commission's proposal for the sports facility or facilities are sold or leased for at least five years.

(j) The anticipated revenue from the operation of the sports facility or facilities plus any additional available revenue of the commission and the revenue from the taxes under section 473.-592 will be an amount sufficient to pay when due all debt service plus all administration, operating and maintenance expense.

(k) The commission has studied and considered the needs of the University of Minnesota for athletic facilities for a prospective 20 year period.

(l) The municipality where the facility is to be constructed has entered into an agreement as contemplated in section 473.-592.

(m) The commission has entered into an agreement or agreements with a purchaser or purchasers of tickets of admission for a period of not less than 20 years which will assure that (, IF THE PROFESSIONAL FOOTBALL ORGANIZATION CANNOT COMPLY WITH THE PROVISIONS OF SECTION 473.568,) whenever more than 90 and less than 100 percent of the tickets of admission for seats at any professional football game, which were available for purchase by the general public 120 hours or more before the scheduled beginning time of the game either at the sports facility where the game is to be played or at the box office closest to the sports facility, have been purchased 72 hours or more before the beginning time of the game, then all of such tickets which remain unsold will be purchased in sufficient time to permit the telecast to areas within the state which otherwise would not receive the telecast because of the terms of an agreement in which the professional football league has sold or otherwise transferred all or part of the rights of the league's member organizations in the sponsored telecasting of games of the organizations. The party or parties agreeing to the purchase of such unsold tickets shall be obligated for a period of at least 20 years in an amount determined by the council to be sufficient to assure the purchase of all such unsold tickets. (AN AGREEMENT OR AGREEMENTS SATISFYING THE REQUIREMENTS OF THIS CLAUSE SHALL FREE THE PROFESSIONAL FOOTBALL ORGANIZATION FROM THE PROHIBITION OTHERWISE IMPOSED ON IT BY SECTION 473.568.)

(n) The council has entered into an agreement with the brokerage firm or brokerage firms to be used in connection with

the issuance and sale of the bonds guaranteeing that fees and charges payable to the brokerage firm or firms in connection therewith, including any underwriting discounts, shall not exceed fees and charges customarily payable in connection with the issuance and sale of bonds secured by the pledge of the full faith and credit of the municipality in which any new sports facility is to be located.

The validity of any bonds issued under subdivision 1, clause (a), and the obligations of the council and commission related thereto, shall not be conditioned upon or impaired by the council's determinations made pursuant to this subdivision. For purposes of issuing the bonds the determinations made by the council shall be deemed conclusive, and the council shall be and remain obligated for the security and payment of the bonds irrespective of determinations which may be erroneous, inaccurate, or otherwise mistaken.

Sec. 2. [REPEALER.]

Minnesota Statutes 1982, section 473.568, is repealed. This repeal is based solely upon the continued effectiveness of the agreement or agreements entered into by the Metropolitan Sports Facilities Commission and the purchaser or purchasers of tickets of admission as provided for by Laws 1979, chapter 203, section 8. Such agreements shall remain in effect throughout their terms and the commission shall have no authority to terminate or modify such agreements.

Payments for the benefit of any dependent child, as defined in section 353.01, subdivision 15, shall be made to the surviving parent, or if there be none, to the legal guardian of the child. The maximum monthly benefit for a family shall not exceed (\$700) \$1,000, and the minimum benefit per family shall not be less than (30) 50 percent of the (") basic member's (") specified average *monthly* salary, subject to the aforementioned maximum. The surviving spouse benefit shall terminate upon the remarriage of the spouse, and the dependent children's benefit shall be reduced pro tanto when any child is no longer dependent.

Any survivor of a (") basic member (") whose average salary was less than \$75 per month shall not be entitled to the benefits provided in this subdivision. *Prior to payment of any survivor benefit pursuant to this subdivision, in lieu of that benefit, the surviving dependent spouse may elect to receive the joint and survivor annuity provided pursuant to section 353.32, subdivision 1a.*

Except for any benefits provided pursuant to section 353.32, subdivisions 1 and 1a, there are no survivor benefits payable to the surviving spouse or dependent children of a deceased (") coordinated member (").

Sec. 26. Minnesota Statutes 1982, section 353.32, subdivision 1a, is amended to read:

Subd. 1a. [SURVIVING SPOUSE OPTIONAL ANNUITY.] If a member or former member who has attained the age of at least (58) 55 years and has credit for not less than (20) ten years of allowable service, or (HAS ATTAINED THE AGE OF AT LEAST 62 YEARS AND) who has credit for not less than (10) 30 years of allowable service (, DIES BEFORE PUBLIC SERVICE HAS TERMINATED, OR IF AN EMPLOYEE WHO HAS FILED A VALID APPLICATION FOR AN ANNUITY OR DISABILITY BENEFIT PRIOR TO TERMINATION OF PUBLIC SERVICE), regardless of age attained, dies before the annuity or disability benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive, in lieu of a refund with interest provided in subdivision 1, or survivor benefits otherwise payable pursuant to section 353.31, an annuity equal to the (50) 100 percent joint and survivor annuity which the member could have qualified for had the member terminated service on the date of death (.). *The annuity shall be computed as provided in sections 353.29, subdivisions 2 and 3; and 353.30, subdivisions 1, 1a, 1b and 1c. No payment shall accrue beyond the end of the month in which entitlement to the annuity has terminated. An amount equal to the excess, if any, of the accumulated contributions which were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse shall be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of the deceased member. Any member may specify in writing that this subdivision shall not apply and that payment shall be made only to the designated beneficiary, as otherwise provided by this chapter.*

Sec. 27. Minnesota Statutes 1982, section 353.33, Subdivision 2, is amended to read:

Subd. 2. [APPLICATIONS; ACCRUAL OF BENEFITS.] Every claim or demand for a total and permanent disability benefit shall be initiated by written application in the manner and

form prescribed by the executive director, filed in the office of the retirement association, showing compliance with the statutory conditions qualifying the applicant for a total and permanent disability benefit. A member or former member who became totally and permanently disabled during his period of membership may file his application for total and permanent disability benefits within three years next following termination of public service, but not thereafter. This benefit shall begin to accrue (90 DAYS) following the commencement of disability, 90 days preceding the filing of the application, or, if annual or sick leave is paid for more than the said 90 day period, from the date salary ceased whichever is later. No payment shall accrue beyond the end of the month in which entitlement has terminated. If the disabilitant dies prior to negotiating the check for the month in which death occurs, payment will be made to the surviving spouse, or if none, to the designated beneficiary, or if none, to the estate.

Sec. 28. Minnesota Statutes 1982, section 353.651, subdivision 3, is amended to read:

Subd. 3. [RETIREMENT ANNUITY FORMULA.] The average salary as defined in subdivision 2, multiplied by two and one-half percent per year of allowable service for the first (20) 25 years and two percent per year of allowable service thereafter, shall determine the amount of the ("") normal ("") retirement annuity. If the member has earned allowable service for performing services other than those of a police officer or fire fighter, the annuity representing such service shall be computed in accordance with sections 353.29 and 353.30.

Sec. 29. Minnesota Statutes 1982, section 354.42, subdivision 5, is amended to read:

Subd. 5. *For the purpose of amortizing the unfunded entry-age normal liability an additional employer contribution shall be made in the amount of (3.05) 4.60 percent of the salary of each member (FOR THE PURPOSE OF AMORTIZING THE DEFICIT IN THE FUND). For the fiscal year ending June 30, 1985, the commissioner of finance shall increase allotments to state agencies having members covered by the teachers retirement association in an amount equal to 1.55 percent of the salaries of basic and coordinated plan members of the teachers' retirement fund.*

This contribution shall be made in the manner provided in section 354.43.

Sec. 30. Minnesota Statutes 1982, section 354.44, subdivision 6, is amended to read:

Subd. 6. [COMPUTATION OF FORMULA PROGRAM RETIREMENT ANNUITY.] (1) The formula retirement an-

nuity hereunder shall be computed in accordance with the applicable provisions of the formula stated in clause (2) hereof on the basis of each member's average salary for the period of his formula service credit. For the purposes of computing the formula benefits under the formula and variable program, if a combination of these formulas is used, the formula percentages used will be those percentages in each formula as continued for the respective years of service from one formula to the next.

For all years of formula service credit "average salary" for the purpose of determining the member's retirement annuity means the average salary upon which contributions were made and upon which payments were made to increase the salary limitation provided in Minnesota Statutes 1971, Section 354.511 for the highest five successive years of formula service credit provided however that such "average salary" shall not include any more than the equivalent of 60 monthly salary payments.

(2) The average salary as defined in clause (1), multiplied by the following percentages per year of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled:

	Coordinated Member	Basic Member
Each year of service during first ten	1.0 percent per year	2.0 percent per year
Each year of service thereafter	1.5 percent per year	2.5 percent per year

(3) Where any member retires prior to age 65 under a formula annuity, (HE) *the member* shall be paid a retirement annuity in an amount equal to the normal annuity provided in this subdivision and subdivision 7, reduced by (ONE-HALF OF ONE PERCENT FOR EACH MONTH THAT THE MEMBER IS UNDER AGE 65 TO AND INCLUDING AGE 60 AND REDUCED BY) one-fourth of one percent for each month under age (60) 65 at the time of retirement except that for any member who has 30 or more years of allowable service credit, the reduction shall be applied only for each month which the member is under age 62.

Sec. 31. Minnesota Statutes 1982, section 354.46, subdivision 1, is amended to read:

Subdivision 1. [BASIC PROGRAM; BENEFITS FOR SPOUSE AND CHILDREN OF TEACHER.] If a basic member who has at least 18 months of allowable service credit and who has an average salary as defined in section 354.44, subdivision 6 equal to or greater than \$75 dies prior to retirement or if a former basic member who, at the time of death, was total-

ly and permanently disabled and receiving disability benefits pursuant to section 354.48 dies prior to attaining the age of 65 years, the surviving dependent spouse and dependent children of the basic member or former basic member shall be entitled to receive a monthly benefit as follows:

(a) Surviving dependent

spouse (30) 50 percent of the basic member's monthly average salary paid in the last full fiscal year preceding death

(b) Each dependent

child ten percent of the basic member's monthly average salary paid in the last full fiscal year preceding death

Payments for the benefit of any dependent child under the age of 22 years shall be made to the surviving parent, or if there be none, to the legal guardian of the child. The maximum monthly benefit shall not exceed (\$700) \$1,000 for any one family, and the minimum benefit per family shall not be less than (30) 50 percent of the basic member's average salary, subject to the foregoing maximum. The surviving dependent spouse benefit shall terminate upon remarriage, and the surviving dependent children's benefit shall be reduced pro tanto when any surviving child is no longer dependent.

If the basic member and the surviving dependent spouse are killed in a common disaster and if the total of all survivors benefits payable pursuant to this subdivision is less than the accumulated deductions plus interest payable, the surviving dependent children shall receive the difference in a lump sum payment.

If the survivor benefits provided in this subdivision exceed in total the monthly average salary of the deceased basic member, these benefits shall be reduced to an amount equal to the deceased basic member's monthly average salary.

Prior to payment of any survivor benefit pursuant to this subdivision, in lieu of that benefit, the surviving dependent spouse may elect to receive the joint and survivor annuity provided pursuant to subdivision 2, or may elect to receive a refund of accumulated deductions with interest in a lump sum as provided pursuant to sections 354.47, subdivision 1 or 354.62, subdivision 5, clause (3). If there are any surviving dependent children, the surviving dependent spouse may elect to receive the refund of accumulated deductions only with the consent of the district court of the district in which the surviving dependent child or children reside.

Sec. 32. Minnesota Statutes 1982, section 354.46, subdivision 2, is amended to read:

Subd. 2. [DEATH WHILE ELIGIBLE DESIGNATED BENEFICIARY BENEFIT.] The surviving spouse of any member or former member who has attained the age of at least 55 years and has credit for at least (20) ten years of allowable service or who has credit for at least 30 years of allowable service irrespective of age shall be entitled to joint and survivor annuity coverage in the event of death of the member prior to retirement. If the surviving spouse does not elect to receive a surviving spouse benefit provided pursuant to subdivision 1, if applicable, or does not elect to receive a refund of accumulated member contributions provided pursuant to sections 354.47, subdivision 1, or 354.62, subdivision 5, clause (3), whichever is applicable, the surviving spouse shall be entitled to receive, upon written application on a form prescribed by the executive director, a benefit equal to the second portion of a 100 percent joint and survivor annuity as provided pursuant to section 354.45 and computed pursuant to section 354.44, subdivisions 2, 6 or 7, whichever is applicable. If the member was a participant in the variable annuity division, the applicable portion of the benefit shall be computed pursuant to section 354.62, subdivision 5, clause (1). The benefit shall be payable for life.

Sec. 33. Minnesota Statutes 1982, section 354.48, subdivision 2, is amended to read:

Subd. 2. [APPLICATIONS.] Any person described in subdivision 1 may make application for a total and permanent disability benefit within 18 months following termination of teaching service but not thereafter. This benefit shall begin to accrue (90 DAYS) following the commencement of disability or the day following the date on which salary ceases, whichever is later, but shall not begin to accrue more than 90 days prior to the date the application is filed with the board. If salary is being received for either annual or sick leave during the period, payments shall accrue from the date salary ceases.

Sec. 34. Minnesota Statutes 1982, section 354.48, subdivision 3a, is amended to read:

Subd. 3a. [OPTIONAL ANNUITY ELECTION.] A disabled member may elect to receive the normal disability benefit or an optional annuity as provided in section 354.45, subdivision 1. The election of an optional annuity shall be made prior to commencement of payment of the disability benefit and shall be effective (30 DAYS AFTER RECEIPT OF THE ELECTION OR) and shall begin to accrue on the same date (ON WHICH) the disability benefit begins to accrue (, WHICHEVER OCCURS LATER. UPON BECOMING EFFECTIVE, THE OPTIONAL ANNUITY SHALL BEGIN TO ACCRUE ON THE SAME DATE AS PROVIDED FOR THE DISABILITY BENEFIT).

Sec. 35. Minnesota Statutes 1982, section 354.62, subdivision 5, is amended to read:

Subd. 5. [VARIABLE RETIREMENT ANNUITY.] (1) At retirement the amount of the member's variable account accumulation in the employee variable annuity contribution account, based on the valuation at the previous fiscal year end plus any contributions made by the person since the end of the previous fiscal year, and an equal amount from the employer variable annuity contribution account shall be transferred to the variable annuity reserve account, and the variable retirement annuity for the member shall be determined by the member's age, and sex, and the amount transferred for the member to the variable annuity reserve account at the date of retirement. The amount of the annuity shall be calculated on the basis of an appropriate annuity table of mortality with an interest assumption (AS PROVIDED IN SECTION 354.07, SUBDIVISION 1) of eight percent, except that if the member elects to have the accumulation transferred to the Minnesota post-retirement investment fund as authorized by clause (8), the annuity shall be calculated with an interest assumption of five percent.

(2) Whenever the admitted value of the annuity reserve account of the variable annuity division, as of June 30 of any year, exceeds or is less than the then present value of all variable annuities in force, determined in accordance with the rate of interest and approved actuarial tables then in effect, by at least two percent of the present value, the amount of each variable annuity payment shall be proportionately increased or decreased for the following year.

(3) The death benefit payable in the event of a member's death prior to retirement shall be a lump sum refund of a member's variable account accumulation, based on the valuation at the previous fiscal year end plus any contributions made by the person since the end of the previous fiscal year; to the surviving spouse, or if there is no surviving spouse to the designated beneficiary. Except that if a member has made an election in accordance with section 354.46, then the surviving spouse shall receive a joint and survivor annuity as described in section 354.44 and computed as provided in clause (1). An amount equal to the lump sum refund made in this clause shall be transferred from the employer contribution account to the variable annuity turnover account.

(4) Except as provided in section 354.44, subdivision 7, any person who ceases to be a member by reason of termination of teaching service, shall be entitled to a lump sum refundment of the member's variable account accumulations, based on the valuation at the previous fiscal year end plus any contributions made by the person since the end of the previous fiscal year. Application for a refundment may be made no sooner than 30 days after termination of teaching service if the applicant has

not again become a teacher. Repayment of a refundment upon resumption of teaching is not permitted under this section. An amount equal to the refundment to the member shall be transferred from the employer contribution account to the variable annuity turnover account.

(5) If a member is determined to be totally and permanently disabled as provided in sections 354.05, subdivision 14; and 354.48, the member shall be entitled to the annuity provided in this subdivision.

(6) Those members eligible for retirement as provided in section 354.44, subdivision 1 shall upon application for the annuity provided therein be entitled to the annuity provided in this subdivision. The annuity elected in accordance with sections 354.44, and 354.45 shall be the annuity applicable to this subdivision.

(7) Notwithstanding section 356.18, increases in annuity payments pursuant to this section shall be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase not be made.

(8) At retirement, a member may elect to have the amount of the member's variable annuity accumulation in the employee variable annuity contribution account and an equal amount from the employer variable annuity contribution account transferred to the Minnesota post-retirement investment fund as provided in section 354.63, subdivision 2, clause (2). This election may also be made by a surviving spouse who receives an annuity under clause (3) of this subdivision. The election shall be made on a form provided by the executive secretary.

Sec. 36. Minnesota Statutes 1982, section 354A.23, is amended by adding a subdivision to read:

Subd. 3. Sec. 37. Minnesota Statutes 1982, section 354A.31, subdivision 6, is amended to read:

Subd. 6. [REDUCED RETIREMENT ANNUITY.] Upon retirement at an age prior to age 65 with ten years of service credit or prior to age 62 with at least 30 years of service credit, a coordinated member shall be entitled to a retirement annuity in an amount equal to the normal retirement annuity reduced by

(ONE-HALF) *one-fourth* of one percent for each month that the coordinated member is under the age of 65 if the coordinated member has less than 30 years of service credit or is under the age of 62 if the coordinated member has at least 30 years of service credit (BUT IS OVER THE AGE OF 59, AND REDUCED BY ONE-FOURTH OF ONE PERCENT FOR EACH MONTH THAT THE COORDINATED MEMBER IS UNDER THE AGE OF 60).

Each actuarial valuation shall measure all aspects of the fund in accordance with changes in benefit plans, if any, and salaries as will be in force during the ensuing fiscal year. Each actuarial valuation shall be in accordance with the entry age normal cost (level normal cost) method.

Each actuarial valuation required under this section shall include:

(1) For each fund providing any benefits under a benefit formula, the level normal cost of the benefits provided by the laws governing the fund as of the date of the valuation, computed in accordance with the entry age normal cost (level normal cost) method. For the purpose of this subdivision, the terms

(a) "expected future statutory supplemental contributions" means the sum of future employee and employer contributions at the rates specified in statute at the time the valuation is completed reduced by the present value of future normal costs; and

(b) "current assets" means the value of all assets at cost, plus one-third of any unrealized capital gains or losses, plus realized income, including realized capital gains or losses.

In addition to the above (REQUIRED RESERVES) itemization of benefit obligations, separate items shall be shown for additional benefits, if any, which may not be appropriately included in the (RESERVES LISTED) list shown above.

For funds governed by chapters 3A, 352, 352B, 352C, 353, 354, 354A, and 490, the additional contribution shall be calculated on a level (DOLLAR BASIS BY THE ESTABLISHED DATE FOR FULL FUNDING WHICH IS IN EFFECT AT THE TIME OF THE VALUATION) percent basis by the established date for full funding which is in effect at the time of the valuation. The level percent additional contribution shall be calculated assuming annual payroll growth of 6.5 percent. For all other funds, the additional annual contribution shall be calculated on a level dollar basis.

If, after the first actuarial valuation date occurring after June 1, 1979, there has not been a change in any or all of the actuarial assumptions used for calculating the accrued liability of the fund, a change in the benefit plan governing annuities

and benefits payable from the fund, a change in the actuarial cost method used in calculating the accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded accrued liability of the fund, the established date for full funding for the first actuarial valuation made after June 1, 1979 and each successive actuarial valuation shall be the first actuarial valuation date which occurs after June 1, 2009.

If after the first actuarial valuation date occurring after June 1, 1979, there has been a change in any or all of the actuarial assumptions used for calculating the accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded accrued liability in the fund, the established date for full funding shall be determined using the following procedure:

(i) The unfunded accrued liability of the fund shall be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect prior to an applicable change;

(ii) The level annual dollar contribution or level percentage, whichever is applicable, which is needed to amortize the unfunded accrued liability amount determined pursuant to subclause (i) by the established date for full funding in effect prior to the change shall be calculated using the interest assumption specified in clause (4) in effect prior to the change;

(iii) The unfunded accrued liability of the fund shall be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect prior to the change;

(iv) The level annual dollar contribution or level percentage, whichever is applicable, which is needed to amortize the difference between the unfunded accrued liability amount calculated pursuant to subclause (i) and the unfunded accrued liability amount calculated pursuant to subclause (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective shall be calculated using the interest assumption specified in clause (4) in effect subsequent to any applicable change;

(v) The level annual dollar or level percentage amortization contribution pursuant to subclause (iv) shall be added to the

level annual dollar amortization contribution or level percentage calculated pursuant to subclause (ii);

(vi) The period in which the unfunded accrued liability amount determined in subclause (iii) will be amortized by the total level annual dollar or level percentage amortization contribution computed pursuant to subclause (v) shall be calculated using the interest assumption specified in clause (4) in effect subsequent to any applicable change, rounded to the nearest integral number of years, but which shall not exceed a period of 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and which shall not be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect prior to the change; and

(vii) The period determined pursuant to subclause (vi) shall be added to the date as of which the actuarial valuation was prepared and the date obtained shall be the new established date for full funding.

(8) AN ACTUARIAL BALANCE SHEET SHALL NOT INCLUDE AS AN ASSET THE PRESENT VALUE OF THE CONTRIBUTIONS REQUIRED UNDER CLAUSE (7).)

(9) (8) An analysis by the actuary explaining the increase or decrease in the unfunded accrued liability since the last valuation. The explanation shall subdivide the increase or decrease in unfunded accrued liability into at least the following parts:

(a) Increases or decreases in unfunded accrued liability because of changes in benefits;

(b) Increases and decreases in unfunded accrued liability because of each change, if any, in actuarial assumptions;

(c) Actuarial gains or losses resulting from any deviations of actual investment earnings, actual mortality rates, actual salary increase rates, actual disability rates, actual withdrawal rates and actual retirement rates from the assumptions on which the valuations are based;

(d) Increases or decreases in unfunded accrued liability because of other reasons, including the effect of the amortization contribution required under clause (7); and

(e) Increases or decreases in unfunded accrued liability because of changes in eligibility requirements or groups included in the membership of the fund.

((10)) (9) A tabulation of active membership and annuitants in the fund. If the membership of a fund is under more than one general benefit program, a separate tabulation shall be made for each general benefit program. The tabulations shall be submitted in the following form:

Sec. 13. Minnesota Statutes 1982, section 62D.04, is amended to read:

62D.04 [ISSUANCE OF CERTIFICATE AUTHORITY.]

Subdivision 1. Upon receipt of an application for a certificate of authority, the commissioner of health shall determine whether the applicant for a certificate of authority has:

(a) Demonstrated the willingness and potential ability to assure that health care services will be provided in such a manner as to enhance and assure both the availability and accessibility of adequate personnel and facilities;

(b) Arrangements for an ongoing evaluation of the quality of health care;

(c) A procedure to develop, compile, evaluate, and report statistics relating to the cost of its operations, the pattern of utilization of its services, the quality, availability and accessibility of its services, and such other matters as may be reasonably required by regulation of the commissioner of health;

(d) Reasonable provisions for emergency and out of area health care services;

(e) Demonstrated that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner of health may consider (EITHER THE STANDARDS OF CLAUSES (1) AND (2), OR THE STANDARDS OF CLAUSES (3) AND (4), WHICHEVER THE APPLICANT SHALL ELECT):

(1) the financial soundness of its arrangements for health care services and the proposed schedule of charges used in connection therewith;

(2) the adequacy of its working capital;

(3) arrangements which will guarantee for a reasonable period of time the continued availability or payment of the cost of health care services in the event of discontinuance of the health maintenance organization; (AND)

(4) agreements with providers for the provision of health care services; and

(5) any deposit of cash or securities submitted in accordance with section 19.

(f) Demonstrated that it will assume full financial risk on a prospective basis for the provision of comprehensive health maintenance services, including hospital care; provided, however, that the requirement in this paragraph shall not prohibit a health maintenance organization from obtaining insurance or making other arrangements (i) for the cost of providing to any enrollee comprehensive health maintenance services, the aggregate value of which exceeds \$5,000 in any year, (ii) for the cost of providing comprehensive health care services to its members on a non-elective emergency basis, or while they are outside the area served by the organization, or (iii) for not more than 95 percent of the amount by which the health maintenance organization's costs for any of its fiscal years exceed 105 percent of its income for such fiscal years; and

(g) Otherwise met the requirements of sections 62D.01 to 62D.29.

Subd. 2. Within 90 days after the receipt of the application for a certificate of authority, the commissioner of health shall determine whether or not the applicant meets the requirements of this section. If the commissioner of health determines that the applicant meets the requirements of sections 62D.01 to 62D.29, he shall issue a certificate of authority to the applicant. If the commissioner of health determines that the applicant is not qualified, he shall so notify the applicant and shall specify the reason or reasons for such disqualification.

Subd. 3. Except as provided in section 62D.03, subdivision 2, no person who has not been issued a certificate of authority shall use the words "health maintenance organization" or the initials "HMO" in its name, contracts or literature. Provided, however, that persons who are operating under a contract with, operating in association with, enrolling enrollees for, or otherwise authorized by health maintenance organization licensed under sections 62D.01 to 62D.29 to act on its behalf may use the terms "health maintenance organization" or "HMO" for the limited purpose of denoting or explaining their association or relationship with the authorized health maintenance organization. No health maintenance organization which has a minority of consumers as members of its board of directors shall use the words "consumer controlled" in its name or in any way represent to the public that it is controlled by consumers.

Subd. 4. Upon being granted a certificate of authority to operate as a health maintenance organization, the organization

must continue to operate in compliance with the standards set forth in subdivision 1. Noncompliance may result in the imposition of a fine or the suspension or revocation of the certificate of authority, in accordance with sections 62D.15 to 62D.17.

Sec. 14. [62D.041] [PROTECTION AGAINST INSOLVENCY.]

Subdivision 1. [DEFINITION.] For the purposes of this section, the term "uncovered expenditures" means the costs of health care services that are covered by a health maintenance organization for which an enrollee would also be liable in the event of the organization's insolvency, including out-of-area services, referral services, and any other expenditures for health care services for which the health maintenance organization is at risk.

Subd. 2. [REQUIRED DEPOSIT.] Unless otherwise provided in this section, each health maintenance organization shall deposit with any organization or trustee acceptable to the commissioner through which a custodial or controlled account is utilized, cash, freely alienable securities, or any combination of these or other measures that is acceptable to the commissioner in the amount set forth in this section. If a health maintenance organization does not have the required reserves or its reserves are not properly computed, operations shall be adjusted to correct the condition, according to a written plan proposed by the health maintenance organization and approved by the commissioner. If a health maintenance organization does not propose measures to correct its reserves or surplus within a reasonable time, if a corporation violates the plan which has been approved, or if there is evidence that an improper reserve or surplus status cannot be corrected within a reasonable time, the commissioner of commerce may take action against the corporation under chapter 60B.

Subd. 3. [AMOUNT FOR BEGINNING ORGANIZATIONS.] The amount for an organization that is beginning operation shall be the greater of: (a) five percent of its estimated expenditures for health care services for its first year of operation; (b) twice its estimated average monthly uncovered expenditures for its first year of operation; or (c) \$100,000.

At the beginning of each succeeding year, unless not applicable, the organization shall deposit with the organization or trustee, cash, freely alienable securities, or any combination of these or other measures acceptable to the commissioner in an amount equal to four percent of its estimated annual uncovered expenditures for that year.

Subd. 4. [AMOUNT FOR EXISTING ORGANIZATIONS.] Unless not applicable, an organization that is in operation on the

effective date of this section shall make a deposit equal to the larger of:

(a) one percent of the preceding 12 months' uncovered expenditures; or

(b) \$100,000 on the first day of the fiscal year beginning six months or more after the effective date of this section.

In the second fiscal year, if applicable, the amount of the additional deposit shall be equal to two percent of its estimated annual uncovered expenditures. In the third year, if applicable, the additional deposit shall be equal to three percent of its estimated annual uncovered expenditures for that year. In the fourth fiscal year and subsequent years, if applicable, the additional deposit shall be equal to four percent of its estimated annual uncovered expenditures for each year. Each year's estimate, after the first year of operation, shall reasonably reflect the prior year's operating experience and delivery arrangements.

Subd. 5. [WAIVER.] The commissioner may waive any of the deposit requirements set forth in subdivisions 2 and 3 whenever satisfied that the organization has sufficient net worth and an adequate history of generating net income to assure its financial viability for the next year, or its performance and obligations are guaranteed by an organization with sufficient net worth and an adequate history of generating net income, or the assets of the organization or its contracts with insurers, hospital, or medical service corporations, governments, or other organizations are reasonably sufficient to assure the performance of its obligations.

Subd. 6. [FINANCIAL EXEMPTIONS.] When an organization has achieved a net worth not including land, buildings, and equipment of at least \$1,000,000 or has achieved a net worth including organization-related land, buildings, and equipment of at least \$5,000,000, the annual deposit requirement does not apply.

The annual deposit requirement does not apply to an organization if the total amount of the accumulated deposit is equal to 25 percent of its estimated annual uncovered expenditures for the next calendar year, or the capital and surplus requirements for the formation for admittance of an accident and health insurer in this state, whichever is less.

If the organization has a guaranteeing organization which has been in operation for at least five years and has a net worth not including land, buildings, and equipment of at least \$1,000,000 or which has been in operation for at least ten years and has a net worth including organization-related land, buildings, and equipment of at least \$5,000,000, the annual deposit require-

ment does not apply. If the guaranteeing organization is sponsoring more than one organization, the net worth requirement shall be increased by \$400,000 not including organization-related land, buildings, and equipment, for each additional organization, for guaranteeing organizations that have been in operation for at least five years, and by \$2,000,000 including organization-related land, buildings, and equipment, for each additional organization, for guaranteeing organizations that have been in operation for at least ten years. This requirement to maintain a deposit in excess of the deposit required of an accident and health insurer does not apply during any time that the guaranteeing organization maintains for each organization it sponsors a net worth at least equal to the capital and surplus requirements for an accident and health insurer.

Subd. 7. [CONTROL OVER DEPOSITS.] All income from deposits shall belong to the depositing organizations and shall be paid to it as it becomes available. A health maintenance organization that has made a securities deposit may withdraw that deposit or any part thereof after making a substitute deposit of cash, freely alienable securities, or any combination of these or other measures of equal amount and value. Any securities shall be approved by the commissioner before being substituted.

Subd. 8. [REDUCTION BY COMMISSIONER.] In any year in which an annual deposit is not required of an organization's request the commissioner shall reduce the required, previously accumulated deposit by \$100,000 for each \$250,000 of net worth in excess of the amount that allows the organization not to make the annual deposit. If the amount of net worth no longer supports a reduction of its required deposit, the organization shall immediately redeposit \$100,000 for each \$250,000 of reduction in net worth, provided that its total deposit shall not exceed the maximum required under this section.

Sec. 15. Minnesota Statutes 1982, section 62D.05, subdivision 3, is amended to read:

Subd. 3. A health maintenance organization may contract with providers of health care services to render the services the health maintenance organization has promised to provide under the terms of its health maintenance contracts, may, subject to section 62D.12, subdivision 11, enter into separate pre-paid dental contracts, or other separate health service contracts, may, subject to the limitations of section 62D.04, subdivision 1, clause (f), contract with insurance companies and nonprofit health service plan corporations for insurance, indemnity or reimbursement of its cost of providing health care services for enrollees or against the risks incurred by the health maintenance organization, and may contract with insurance companies and nonprofit health service plan corporations to insure or cover the enrollees' costs and expenses in the health maintenance orga-

The board shall develop, and the commissioner of public welfare shall implement, a resident relocation plan that instructs the county in which the nursing home or *certified boarding care home* is located of procedures to ensure that the needs of residents in nursing homes or *certified boarding care homes* about to be closed are met. *The duties of a county under the relocation plan also apply when residents are to be discharged from a nursing home or certified boarding care home as a result of change in certification, closure, or loss or termination of the facility's medical assistance provider agreement.* The county shall ensure placement in swing beds in hospitals, placement in unoccupied beds in other nursing homes, utilization of home health care on a temporary basis, foster care placement, or other appropriate alternative care. (14 PERCENT) (3) *for nursing homes with 40 or fewer certified beds in total, the greater of 14 percent or the median of general and administrative cost per diems of nursing homes grouped by level of care; and*

(4) *15 percent for convalescent and nursing care units attached to hospitals for the rate year beginning July 1, (1983) 1984, of the expenditures in all operating cost categories except fringe benefits, payroll taxes, and general and administration.*

(b) *for the rate year beginning July 1, 1983, and ending June 30, 1984, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on the allowed historical operating costs as reported in the most recent cost report received by December 31, 1982 and audited by March 1, 1983, and may be subsequently adjusted to reflect the costs allowed. To determine the allowed historical operating cost, the commissioner shall update the historical per diem shown in those cost reports to June 30, 1983, using a nine percent annual rate of increase after applying the general and*

administrative cost limitation described in paragraph (a). The commissioner shall calculate the 60th percentile of actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1.

(1) Within each group, each nursing home whose actual allowable historical operating cost per diem as determined under this paragraph (b) is above the 60th percentile shall receive the 60th percentile increased by six percent plus 80 percent of the difference between its actual allowable operating cost per diem and the 60th percentile.

(2) Within each group, each nursing home whose actual allowable historical operating cost per diem is at or below the 60th percentile shall receive that actual allowable historical operating cost per diem increased by six percent.

For the rate year beginning July 1, 1984, and ending June 30, 1985, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on actual allowable historical operating costs incurred during the reporting year preceding the rate year. The commissioner shall analyze and evaluate each nursing home's report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year. The actual allowable historical operating costs, after the commissioner's analysis and evaluation, shall be added together and divided by the number of actual resident days to compute the actual allowable historical operating cost per diems. The commissioner shall calculate the 60th percentile of actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1.

(3) Within each group, each nursing home whose actual allowable historical operating cost per diem is above the 60th percentile of payment rates shall receive the 60th percentile increased at an annual rate of six percent plus 75 percent of the difference between its actual allowable historical operating cost per diem and the 60th percentile.

(4) Within each group, each nursing home whose actual allowable historical operating cost per diem is at or below the 60th percentile shall receive that actual allowable historical operating cost per diem increased at an annual rate of six percent.

(c) for (SUBSEQUENT YEARS) rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing

homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. The commissioner shall:

(1) Contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate;

(2) (ESTABLISH THE 60TH PERCENTILE OF ACTUAL ALLOWABLE HISTORICAL OPERATING COST PER DIEMS FOR EACH GROUP OF NURSING HOMES ESTABLISHED UNDER SUBDIVISION 1 BASED ON COST REPORTS OF ALLOWABLE OPERATING COSTS IN THE PREVIOUS REPORTING YEAR.) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective. (THE ALLOWABLE HISTORICAL OPERATING COSTS, AFTER THE COMMISSIONER'S ANALYSIS AND EVALUATION, SHALL BE ADDED TOGETHER AND DIVIDED BY THE ACTUAL NUMBER OF RESIDENT DAYS IN ORDER TO COMPUTE THE ACTUAL ALLOWABLE HISTORICAL OPERATING COST PER DIEM;)

(3) Establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, age, size of the nursing home, and the costs that must be incurred for the care of residents in efficiently and economically operated nursing homes. The limits established under this clause shall remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (c), clause (4).

In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent.

The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner may combine one or more operating cost categories and may use

different methods for calculating payment rates for each operating cost category or combination of operating cost categories.

(3)) (4) Establish a composite index (FOR EACH GROUP) or indices by determining the (WEIGHTED AVERAGE OF ALL) appropriate economic change indicators to be applied to (THE) specific operating cost categories (IN THAT GROUP;) or combination of operating cost categories.

(4) WITHIN EACH GROUP, EACH NURSING HOME SHALL RECEIVE THE 60TH PERCENTILE INCREASED BY THE COMPOSITE INDEX CALCULATED IN PARAGRAPH (C) (3). THE HISTORICAL BASE FOR DETERMINING THE PROSPECTIVE PAYMENT RATE SHALL NOT EXCEED THE OPERATING COST PAYMENT RATES DURING THAT REPORTING YEAR.)

(5) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (c), clause (4) for the operating cost category plus an efficiency incentive established pursuant to paragraph (c), clause (3), or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(6) The commissioner shall include the reported actual real estate tax liability of each proprietary nursing home as an operating cost of that nursing home. The commissioner shall include a reported actual special assessment for each nursing home as an operating cost of that nursing home. Total real estate tax liability and actual special assessments paid for each nursing home (i) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (BUT (II) SHALL NOT BE USED TO COMPUTE THE 60TH PERCENTILE) (ii) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (iii) shall not be increased by the composite index or indices established pursuant to paragraph (c), clause (4).

(7) For rate years beginning on or after July 1, 1986, the commissioner may allow a one-time adjustment to historical operating costs of a nursing home that has been found by the commissioner of health to be significantly below care related minimum standards appropriate to the mix of resident needs in

that nursing home when it is determined by the commissioners of health and welfare that the nursing home is unable to meet minimum standards through reallocation of nursing home costs and efficiency incentives or allowances. In developing procedures to allow adjustments, the commissioner shall specify the terms and conditions governing any additional payments made to a nursing home as a result of the adjustment. The commissioner shall establish procedures to recover amounts paid pursuant to this clause, in whole or in part, and to adjust current and future rates, for nursing homes that fail to use the adjustment to satisfy care related minimum standards.

(d) (THE COMMISSIONER SHALL ALLOW THE NURSING HOME TO KEEP, AS AN EFFICIENCY INCENTIVE, THE DIFFERENCE BETWEEN THE NURSING HOME'S OPERATING COST PAYMENT RATE ESTABLISHED FOR THAT RATE YEAR AND THE ACTUAL HISTORICAL OPERATING COSTS INCURRED FOR THAT RATE YEAR, IF THE LATTER AMOUNT IS SMALLER. IF A NURSING HOME'S ACTUAL HISTORIC OPERATING COSTS ARE GREATER THAN THE PROSPECTIVE PAYMENT RATE FOR THAT RATE YEAR, THERE SHALL BE NO RETROACTIVE COST SETTLE-UP.) If an annual cost report or field audit indicates that (THE) expenditures for direct resident care have been reduced in amounts large enough to indicate a possible detrimental effect on the quality of care, the commissioner shall notify the commissioner of health and the inter-agency board for quality assurance. If a field audit reveals that unallowable expenditures have been included in the nursing home's historical operating costs, the commissioner shall disallow the expenditures and recover the entire overpayment. The commissioner shall establish, by rule, procedures for assessing an interest charge at the rate determined for unpaid taxes or penalties under section 270.75 on any outstanding balance resulting from an overpayment or underpayment.

(e) *Until procedures for determining operating cost payment rates according to mix of resident needs are established, the commissioner may negotiate, with a nursing home that is eligible to receive medical assistance payments, a payment rate of up to 125 percent of the allowed payment rate to be paid for a period of up to three months for individuals who have been hospitalized for more than 100 days, or who have extensive care needs based on nursing hours actually provided or mental or physical disability, or who need (FOR) respite care for a specified and limited time period (, AND). In addition, the commissioner shall take into consideration facilities which historically provided nursing hours at or near the maximum limits which were subsequently reduced as a consequence of payment rate reductions. The payment rate shall be based on an assessment of the nursing home's resident mix as determined by the commissioner of health. When circumstances dictate, the com-*

missioner has authority to renegotiate payment rates for an additional period of time. The payment rate negotiated and paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rule-making procedures required by chapter 14 and section 256B.502.

(f) **UNTIL (GROUPS ARE ESTABLISHED ACCORDING TO MIX OF RESIDENT CARE NEEDS) procedures for determining operating cost payment rates according to mix of resident needs are established,** nursing homes licensed on June 1, 1983 by the commissioner to provide residential services for the physically handicapped and nursing homes that have an average length of stay of less than 180 days shall not be included in the calculation of the 60th percentile of any group. For rate year beginning July 1, 1983 and July 1, 1984, each of these nursing homes shall receive their actual allowed historical operating cost per diem increased by six percent. The commissioner shall also apply to these nursing homes the percentage limitation on the general and administrative cost category as provided in subdivision 2, paragraph (a).

Sec. 15. Minnesota Statutes 1983 Supplement, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) A newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983 and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2, paragraph (b) to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2(f), the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by temporary and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. *Until procedures determining operating cost payment rates according to mix of resident needs are established,* the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) *For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any*

facility that is licensed by the department of health only as a boarding care home, is certified by the department of health as an intermediate care facility, is licensed by the department of public welfare under 12 MCAR S 2.036, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, shall remain in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited payment rate determined in paragraph (b), clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the purpose of establishing payment rates under this clause, the facility's rate and reporting years coincide with the facility's fiscal year.

A facility that meets the criteria of paragraph (b) shall submit annual cost reports on forms prescribed by the commissioner.

Sec. 16. Minnesota Statutes 1983 Supplement, section 256B.-431, subdivision 5, is amended to read:

Subd. 5. [ADJUSTMENTS.] When resolution of appeals or on-site field audits of the records of nursing homes within a group result in adjustments to the 60th percentile of the payment rates within the group in (ANY) the reporting year ending on September 30, 1983, the 60th percentile established for the following rate year for that group shall be increased or decreased by the adjustment amount.

Sec. 17. Minnesota Statutes 1983 Supplement, section 256B.-431, is amended by adding a subdivision to read:

Subd. 6. *The commissioners of health and welfare shall adopt temporary rules necessary for the implementation and enforcement of the reimbursement system established in sections 5 to 16, 18 and 20. The commissioner of health may adopt temporary rules relating to the licensure requirements of boarding care*

homes and nursing homes promulgated under sections 144.56 and 144A.08 if appropriate due to the changes in the reimbursement system. Until June 30, 1986, any temporary rules promulgated by the commissioners of health or welfare under this section shall be adopted in accordance with the provisions contained in sections 14.29 to 14.36 in effect as of March 1, 1984. Temporary rules adopted under this section shall have the force and effect of law and shall remain in effect until June 30, 1986 unless otherwise superseded by rule. The procedures for the adoption of the temporary rules authorized by this section shall prevail over any other act which amends the provisions of chapter 14 regardless of the date of final enactment of those amendments. The rules shall be developed in consultation with the interagency board for quality assurance, provider groups and consumers and the board shall conduct public hearings as appropriate. The commissioners of health and welfare shall consider all comments received and shall not implement the temporary rules until a report on the proposed rules has been presented to the senate health and human services committee and the house of representatives health and welfare committee. The rules shall be effective five days after publication in the State Register.

Sec. 18. Minnesota Statutes 1983 Supplement, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be offered to all residents and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a

nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of a hearing examiner under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The hearing examiner shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance;

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of \$100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home;

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home;

(d) (REQUIRING ANY APPLICANT TO THE NURSING HOME, OR THE APPLICANT'S GUARDIAN OR CONSERVATOR, AS A CONDITION OF ADMISSION, TO ASSURE THAT THE APPLICANT IS NEITHER ELIGIBLE FOR NOR WILL SEEK PUBLIC ASSISTANCE FOR PAYMENT OF NURSING HOME CARE COSTS) *Providing differential treatment on the basis of status with regard to public assistance;*

(e) *Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance. Admissions discrimination shall include, but is not limited to:*

1) *basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs;*

2) *engaging in preferential selection from waiting lists based on an applicant's ability to pay privately.*

The collection and use by a nursing home of relevant financial information about any applicant screened under the provisions of the pre-admission screening program established

by section 256B.091 shall not of itself raise an inference that the nursing home is utilizing that information for any purpose prohibited by this paragraph;

((E)) (f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any portion of his fee to the nursing home except as payment for renting or leasing space or equipment of the nursing home or purchasing support services, if those agreements are disclosed to the commissioner; and

((F)) (g) Refusing, for more than 24 hours, to accept a resident returning to his same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or his guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against his individual account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of his individual account.

The commissioner may continue to make medical assistance payments to a nursing home or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20 day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation, and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal

the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing home is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing home to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing home.

Sec. 19. [256B.491] [WAIVERED SERVICES.]

Subdivision 1. [STUDY.] The commissioner of public welfare shall prepare a study on the characteristics of providers who have the potential for offering home and community-based services under federal waivers authorized by United States Code, Title 42, sections 1396 to 1396p. The study shall include, but not be limited to:

(a) An analysis of the characteristics of providers presently involved in offering services to the elderly, chronically ill children, disabled persons under age 65, and mentally retarded persons;

(b) The potential for conversion to waivered services of facilities which currently provide services to the disability groups enumerated in clause (a);

(c) Proposals for system redesign to include (1) profiles of the types of providers best able, within reasonable fiscal constraints, to serve the needs of clients and to fulfill public policy goals in provision of waivered services, (2) methods for limiting concentration of facilities providing services under waiver, (3) methods for insuring that services are provided by the widest array of provider groups.

The commissioner shall present the study to the legislature no later than March 15, 1985.

Subd. 2. [CONTROL LIMITED.] Until July 1, 1985, no one person shall control the delivery of waivered services to more than 50 persons receiving waivered services as authorized by section 256B.501. For the purposes of this section the following terms have the meanings given them:

(1) A "person" is an individual, a corporation, a partnership, an association, a trust, an unincorporated organization, a subsidiary of an organization, and an affiliate. A "person" does not include any governmental authority, agency or body.

(2) An "affiliate" is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with another person.

(3) "Control" including the terms "controlling", "controlled by", and "under the common control with" is the possession, direct or indirect, or the power to direct or cause the direction of the management, operations or policies of a person, whether through the ownership of voting securities, by contract, through consultation or otherwise.

Sec. 20. Minnesota Statutes 1983 Supplement, section 256B.50, is amended to read:

256B.50 [APPEALS.]

A nursing home may appeal a decision arising from the application of standards or methods pursuant to sections 256B.41 and 256B.47 if the appeal, if successful, would result in a change to the nursing home's payment rate. *The appeal procedures also apply to appeals of payment rates calculated under 12 MCAR S 2.049 filed with the department on or after May 1, 1984.* To appeal, the nursing home shall notify the commissioner in writing of its intent to appeal within 30 days and submit a written appeal request within 60 days of receiving notice of the payment rate determination or decision. The appeal request shall specify each disputed item, the reason for the dispute, an estimate of the dollar amount involved for each disputed item, the computation that the nursing home believes is correct, the authority in statute or rule upon which the nursing home relies for each disputed item, the name and address of the person or firm with whom contacts may be made regarding the appeal, and other information required by the commissioner. The appeal shall be heard by a hearing examiner according to sections 14.48 to 14.56, or upon agreement by both parties according to a modified appeals procedure established by the commissioner and the hearing examiner. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect. Regardless of any rate appeal, the rate established shall be the rate paid and shall remain in effect until final resolution of the appeal or subsequent desk or field audit adjustment, notwithstanding any provision of law or rule to the contrary. To challenge the validity of rules established by the commissioner pursuant to sections 256B.41, 256B.421, 256B.431, 256B.47, 256B.48, 256B.50, and 256B.502, a nursing home shall comply with section 14.44.

Sec. 21. [256B.504] [ACQUISITION LIMITATION.]

Subdivision 1. [CONTROL LIMITED.] Except for beds in state operated institutions, no one person shall control more than ten percent of any one classification of the beds certified for

medical assistance for a period of one year from the effective date of this section. For purposes of this section, beds certified as skilled, intermediate care levels one and two shall be combined into one classification. Facilities certified as intermediate care facilities mentally retarded shall be considered a separate classification. In no case shall any one person control more than an aggregate ten percent of the certified beds in a given classification within the state of Minnesota. For purposes of computing the ten percent limitation, certified beds in state operated institutions shall be excluded. Any person controlling more than ten percent of the beds in any given classification shall divest itself of such excess within 18 months of the effective date of this law. For the purposes of this section the following terms have the meanings given them:

(1) A "person" is an individual, a corporation, a partnership, an association, a trust, an unincorporated organization, a subsidiary of an organization, and an affiliate.

(2) An "affiliate" is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with another person.

(3) "Control" including the terms "controlling", "controlled by", and "under the common control with" is the possession, direct or indirect, or the power to direct or cause the direction of the management, operations or policies of a person, whether through the ownership of voting securities, by contract, through consultation or otherwise.

Subd. 2. [STUDY.] The Interagency Board for Quality Assurance shall study the issues of ownership concentration in the nursing home industry in this state, with special attention to the effect on medical assistance rates paid for resident care. The Board shall make a report to the Legislative Commission on Long Term Health Care in January, 1985.

Sec. 22. Minnesota Statutes 1982, section 256D.06 is amended by adding a subdivision to read:

Subd. 6. General assistance funds may be paid to cover the room and board needs of persons who are eligible for general assistance and who are placed by the county in a licensed facility for the purpose of receiving physical, mental health or rehabilitative care.

Sec. 23. [REPORT.] *By February 1, 1986, the commissioner of health shall report to the legislature recommendations to reduce the amount and cost of regulation for nursing homes. The recommendations shall identify at least ten specific regulations and regulatory procedures that are not cost effective and*

that do not enhance the quality of care for residents of nursing homes.

Sec. 24. [OPERATING COST ADJUSTMENT ALLOWANCE.]

For the rate year beginning July 1, 1984, and ending June 30, 1985, and for the purpose of salary increases for direct-care personnel, the commissioner shall add \$.26 per resident per day to the operating cost payment rate of each nursing home whose allowable historical operating cost per diem is below the 60th percentile of all historical operating costs per diems for its respective group. For the same rate year, and for the same purpose, the commissioner shall add \$.13 per resident per day to the operating cost payment rate of each nursing home whose allowable historical operating cost per diem is above the 60th percentile of all historical operating costs per diems for its respective group. The groups shall be the groups established under section 256B.431, subdivision 1, based on cost reports of allowable historical operating costs incurred in the previous reporting year. This increase shall not be used for general and administrative costs or property-related costs. Any changes in the ranking of nursing homes resulting from a field audit or appeals settlement shall not affect the calculations under this clause.

Sec. 25. [APPROPRIATION.]

Subdivision 1. There is appropriated to the commissioner of health \$698,500 to implement the provisions of sections 5 to 7 and 17. The approved complement of the department of health is increased by 22 positions.

Subd. 2. There is appropriated to the commissioner of the department of public welfare \$4,272,000 for the purposes of sections 8 to 24.

Subd. 3. There is appropriated to the legislative commission on long term health care \$25,000 for the purposes of nursing home reimbursement rule developments and the state hospital planning study.

Subd. 4. The appropriations in subdivisions 1, 2 and 3 are from the general fund for the biennium ending June 30, 1985.

Sec. 26. [EFFECTIVE DATE.]

The Honorable Harry A. Sieben, Jr.
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 1516, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 1516 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 429.011, is amended by adding a subdivision to read:

Subd. 14. "Fire protection system" means pipes, standpipes, sprinklers, control systems and other devices and equipment installed in or outside a building for the primary purpose of elimi-

nating or reducing the spread of fire in the building or providing for safe evacuation of the building, whether the devices and equipment are publicly or privately owned.

Sec. 2. Minnesota Statutes 1982, section 429.021, subdivision 1, is amended to read:

Subdivision 1. [IMPROVEMENTS AUTHORIZED.] The council of a municipality shall have power to make the following improvements:

(1) To acquire, open, and widen any street, and to improve the same by constructing, reconstructing, and maintaining sidewalks, pavement, gutters, curbs, and vehicle parking strips of any material, or by grading, graveling, oiling, or otherwise improving the same, including the beautification thereof and including storm sewers or other street drainage and connections from sewer, water or similar mains to curb lines.

(2) To acquire, develop, construct, reconstruct, extend and maintain storm and sanitary sewers and systems, including outlets, holding areas and ponds, treatment plants, pumps, lift stations, service connections, and other appurtenances of a sewer system, within and without the corporate limits.

(3) To construct, reconstruct, extend and maintain steam heating mains.

(6) To acquire, improve and equip parks, open space areas, playgrounds and recreational facilities within or without the corporate limits.

(7) To plant trees on streets and provide for their trimming, care and removal.

(8) To abate nuisances and to drain swamps, marshes and ponds on public or private property and to fill the same.

(9) To construct, reconstruct, extend, and maintain dikes and other flood control works.

(10) To construct, reconstruct, extend and maintain retaining walls and area walls.

(11) To acquire, construct, reconstruct, improve, alter, extend, operate, maintain and promote a pedestrian skyway system.

(12) To acquire, construct, reconstruct, extend, operate, maintain and promote underground pedestrian concourses.

(13) To acquire, construct, improve, alter, extend, operate, maintain and promote public malls, plazas or courtyards.

(14) To construct, reconstruct, extend, and maintain district heating systems.

(15) *To construct, reconstruct, alter, extend, operate, maintain and promote fire protection systems in existing buildings, but only upon a petition pursuant to section 429.031, subdivision 3.*

Sec. 3. Minnesota Statutes 1982, section 429.031, subdivision 3, is amended to read:

Subd. 3. [PETITION BY ALL OWNERS.] Whenever all owners of real property abutting upon any street named as the location of any improvement shall petition the council to construct the improvement and to assess the entire cost against their property, the council may, without a public hearing, adopt a resolution determining such fact and ordering the improvement. The validity of the resolution shall not be questioned by any taxpayer or property owner or the municipality unless an action for that purpose is commenced within 30 days after adoption of the resolution as provided in section 429.036. Nothing herein prevents any property owner from questioning the amount or validity of the special assessment against his property pursuant to section 429.081. *In the case of a petition for the installation of a fire protection system, the petition must contain or be accompanied by an undertaking satisfactory to the city by the petitioner that the petitioner will grant the municipality the necessary property interest in the building to permit the city to enter upon the property and the building to construct, maintain, and operate the fire protection system. In the case of a petition for the installation of a fire protection system, the petitioner may request abandonment of the improvement at any time after it has been ordered pursuant to subdivision 1 and before contracts have been awarded for the construction of the improvement under section 429.041, subdivision 2. If such a request is received, the city council shall abandon the proceedings but in such case the petitioner shall reimburse the city for any and all expenses incurred by the city in connection with the improvement.*

Sec. 4. Minnesota Statutes 1982, section 429.091, subdivision 2, is amended to read:

Subd. 2. [TYPES OF OBLIGATIONS PERMITTED.] The council may by resolution adopted prior to the sale of obligations pledge the full faith, credit, and taxing power of the municipality for the payment of the principal and interest. Such obligations shall be called improvement bonds and the council shall pay the principal and interest out of any fund of the municipality when the amount credited to the specified fund is insufficient for the purpose and shall each year levy a sufficient amount to take care of accumulated or anticipated deficiencies, which levy shall not be subject to any statutory or charter tax limitation. Obligations for the payment of which the full faith and credit of the municipality is not pledged shall be called improvement warrants *or, in the case of bonds for fire protection systems, revenue bonds* and shall contain a promise to pay solely out of the proper special fund *or funds pledged to their payment*. It shall be the duty of the municipal treasurer to pay maturing principal and interest on warrants *or revenue bonds* out of funds on hand in the proper (SPECIAL FUND) *funds* and not otherwise.

Sec. 5. Minnesota Statutes 1982, section 429.091, subdivision 3, is amended to read:

Subd. 3. [METHOD OF ISSUANCE.] All obligations shall be issued in accordance with the provisions of chapter 475, except (THAT) *as provided in this subdivision*.

An election shall be required for bonds if less than 20 percent of the cost of the improvement to the municipality is to be assessed against benefited property.

If the full faith, credit, and taxing power of the municipality is not pledged and the bonds are issued to finance a fire protection system, a public sale shall not be required and the obligations may

- (a) *mature at any time or times within 30 years from date of issue,*
- (b) *mature in the amount or amounts,*
- (c) *be sold at a price equal to the percentage of their par value, plus accrued interest, and*
- (d) *bear interest at the rate or rates, as agreed by the purchaser and the municipality, notwithstanding any limitation of interest rate or cost or of the amounts of annual maturities contained in any other law.*

The maturities shall be such as in the opinion of the council are warranted by the anticipated collections of assessments and ad valorem levies for the municipality's share of the cost; except that the council may in its discretion issue and sell temporary improvement bonds maturing and subject to further conditions as set forth in subdivision 5. All obligations shall state upon their face the purpose of the issue and the fund from which they are payable. The amount of any obligations issued hereunder shall not be included in determining the net indebtedness of any municipality under the provisions of any law limiting such indebtedness.

Sec. 6. Minnesota Statutes 1982, section 429.101, subdivision 1, is amended to read:

Subdivision 1. [ORDINANCES.] In addition to any other method authorized by law or charter, the governing body of any municipality may provide for the collection of unpaid special charges for all or any part of the cost of

- (a) snow, ice, or rubbish removal from sidewalks,
- (b) weed elimination from streets or private property,
- (c) removal or elimination of public health or safety hazards from private property, excluding any structure included under the provisions of sections 463.15 to 463.26,
- (d) installation or repair of water service lines, street sprinkling or other dust treatment of streets,
- (e) the trimming and care of trees and the removal of unsound trees from any street,
- (f) the treatment and removal of insect infested or diseased trees on private property, the repair of sidewalks and alleys, (OR)
- (g) the operation of a street lighting system, or
- (h) the operation and maintenance of a fire protection system

as a special assessment against the property benefited. The council may by ordinance adopt regulations consistent with this section to make this authority effective, including, at the option of the council, provisions for placing primary responsibility upon the property owner or occupant to do the work himself (except in the case of street sprinkling or other dust treatment, alley repair, tree trimming, care, and removal or the operation of a street lighting system) upon notice before the work is under-

taken, and for collection from the property owner or other person served of the charges when due before unpaid charges are made a special assessment.

Sec. 7. [EFFECTIVE DATE.]

This act is effective the day following final enactment."

"Section 1. [CONSTITUTIONAL AMENDMENTS PROPOSED.]

Subdivision 1. [PROPOSAL TO PEOPLE.] An amendment to the Minnesota Constitution is proposed to the people as provided by subdivisions 2 to 7.

Subd. 2. [AMENDMENTS TO ARTICLE IV.] If the amendment is adopted, article IV, sections 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15, 18, 19, 20, 21, 22, 23, 24, 25, and 26, will read as follows:

Section 1. The legislature consists of the senate (AND HOUSE OF REPRESENTATIVES).

Sec. 2. The number of members who compose the senate (AND HOUSE OF REPRESENTATIVES) shall be prescribed by law. The representation (IN BOTH HOUSES) shall be apportioned equally throughout the different sections of the state in proportion to the population thereof.

Sec. 3. At its first session after each enumeration of the inhabitants of this state made by the authority of the United States, the legislature shall have the power to prescribe the bounds of congressional and legislative districts. Senators shall be chosen by single districts of convenient contiguous territory. (NO REPRESENTATIVE DISTRICT SHALL BE DIVIDED IN THE FORMATION OF A SENATE DISTRICT.) The (SENATE) districts shall be numbered in a regular series.

Sec. 4. (REPRESENTATIVES SHALL BE CHOSEN FOR A TERM OF TWO YEARS, EXCEPT TO FILL A VACANCY.) Senators shall be chosen for a term of four years, except to fill a vacancy (AND EXCEPT). There shall be an (ENTIRE NEW) election of all (THE) senators at the first general election (OF REPRESENTATIVES) after each new legislative apportionment provided for in this article. *After the election following reapportionment, the legislature shall determine by lot whether members elected from odd or even numbered districts shall serve two or four year terms.* The governor shall call elections to fill vacancies in (EITHER HOUSE OF) the legislature.

Sec. 5. No senator (OR REPRESENTATIVE) shall hold any other office under the authority of the United States or the state of Minnesota, except that of postmaster or of notary public. If elected or appointed to another office, a legislator may resign from the legislature by tendering his resignation to the governor.

Sec. 6. Senators (AND REPRESENTATIVES) shall be qualified voters of the state, and shall have resided one year in the state and six months immediately preceding the election in the

district from which elected. (EACH HOUSE) *The legislature* shall be the judge of the election returns and eligibility of its own members. The legislature shall prescribe by law the manner for taking evidence in cases of contested seats (IN EITHER HOUSE).

Sec. 7. (EACH HOUSE) *The legislature* may determine the rules of its proceedings, sit upon its own adjournment, punish its members for disorderly behavior, and with the concurrence of two-thirds expel a member; but no member shall be expelled a second time for the same offense.

Sec. 9. The compensation of senators (AND REPRESENTATIVES) shall be prescribed by law. No increase of compensation shall take effect during the period for which the members of the existing (HOUSE OF REPRESENTATIVES) *legislature* may have been elected.

Sec. 10. The members of (EACH HOUSE) *the legislature* in all cases except treason, felony and breach of the peace, shall be privileged from arrest during the session of (THEIR RESPECTIVE HOUSES) *the legislature* and in going to or returning from the same. For any speech or debate in (EITHER HOUSE) *the legislature* they shall not be questioned in any other place.

Sec. 11. Two or more members of (EITHER HOUSE) *the legislature* may dissent and protest against any act or resolution which they think injurious to the public or to any individual and have the reason of their dissent entered in the journal.

Sec. 12. The legislature shall meet at the seat of government in regular session in each biennium at the times prescribed by law for not exceeding a total of 120 legislative days. The legislature shall not meet in regular session, nor in any adjournment thereof, after the first Monday following the third Saturday in May of any year. After meeting at a time prescribed by law, the legislature may adjourn to another time. "Legislative day" shall be defined by law. A special session of the legislature may be called by the governor on extraordinary occasions.

(NEITHER HOUSE DURING A SESSION OF THE LEGISLATURE SHALL ADJOURN FOR MORE THAN THREE DAYS (SUNDAYS EXCEPTED) NOR TO ANY OTHER PLACE THAN THAT IN WHICH THE TWO HOUSES SHALL BE ASSEMBLED WITHOUT THE CONSENT OF THE OTHER HOUSE.)

Sec. 13. A majority of (EACH HOUSE) *the legislature* constitutes a quorum to transact business, but a smaller number may adjourn from day to day and compel the attendance of absent members in the manner and under the penalties it may provide.

Sec. 14. (EACH HOUSE) *The legislature* shall be open to the public during its sessions except in cases which in its opinion require secrecy.

Sec. 15. (EACH HOUSE) *The legislature* shall elect its presiding officer and other officers as may be provided by law. (BOTH HOUSES) *The legislature* shall keep journals of (THEIR) *its* proceedings, and from time to time publish the same, and the yeas and nays, when taken on any question, shall be entered in the journals.

(SEC. 18. ALL BILLS FOR RAISING REVENUE SHALL ORIGINATE IN THE HOUSE OF REPRESENTATIVES, BUT THE SENATE MAY PROPOSE AND CONCUR WITH THE AMENDMENTS AS ON OTHER BILLS.)

Sec. 19. Every bill shall be reported on three different days in (EACH HOUSE) *legislature*, unless, in case of urgency, two-thirds of the (HOUSE WHERE THE BILL IS PENDING DEEM) *legislature deems* it expedient to dispense with this rule.

Sec. 20. Every bill passed (BY BOTH HOUSES) shall be enrolled and signed by the presiding officer (OF EACH HOUSE). Any presiding officer refusing to sign a bill passed (BY BOTH HOUSES) shall thereafter be disqualified from any office of honor or profit in the state. (EACH HOUSE) *The legislature* by rule shall provide the manner in which a bill shall be certified for presentation to the governor in case of such refusal.

Sec. 21. No bill shall be passed (BY EITHER HOUSE) upon the day prescribed for adjournment. This section shall not preclude the enrollment of a bill or its transmittal (FROM ONE HOUSE TO THE OTHER OR) to the executive for his signature.

Sec. 22. The style of all laws of this state shall be: "Be it enacted by the legislature of the state of Minnesota." No law shall be passed unless voted for by a majority of all the members elected to (EACH HOUSE OF) the legislature, and the vote entered in the journal (OF EACH HOUSE).

Sec. 23. Every bill passed in conformity to the rules (OF EACH HOUSE AND THE JOINT RULES OF THE TWO HOUSES) shall be presented to the governor. If he approves a bill, he shall sign it, deposit it in the office of the secretary of state and notify the (HOUSE IN WHICH IT ORIGINATED) *legislature* of that fact. If he vetoes a bill, he shall return it with his objections to the (HOUSE IN WHICH IT ORIGINATED) *legislature*. His objections shall be entered in the journal. If, after reconsideration, two-thirds of (THAT HOUSE) *the legislature* agree to pass the bill, (IT SHALL BE SENT, TOGETHER

WITH THE GOVERNOR'S OBJECTIONS, TO THE OTHER HOUSE, WHICH SHALL LIKEWISE RECONSIDER IT. IF APPROVED BY TWO-THIRDS OF THAT HOUSE) it becomes a law and shall be deposited in the office of the secretary of state. In such cases the votes (OF BOTH HOUSES) shall be determined by yeas and nays, and the names of the persons voting for or against the bill shall be entered in the journal (OF EACH HOUSE). Any bill not returned by the governor within three days (Sundays excepted) after it is presented to him becomes a law as if he had signed it, unless the legislature by adjournment within that time prevents its return. Any bill passed during the last three days of a session may be presented to the governor during the three days following the day of final adjournment and becomes law if the governor signs and deposits it in the office of the secretary of state within 14 days after the adjournment of the legislature. Any bill passed during the last three days of the session which is not signed and deposited within 14 days after adjournment does not become a law.

If a bill presented to the governor contains several items of appropriation of money, he may veto one or more of the items while approving the bill. At the time he signs the bill the governor shall append to it a statement of the items he vetoes and the vetoed items shall not take effect. If the legislature is in session, he shall transmit to (THE HOUSE IN WHICH THE BILL ORIGINATED) *it*, a copy of the statement, and the items vetoed shall be separately reconsidered. If on reconsideration any item is approved by two-thirds of the members (ELECTED TO EACH HOUSE), it is a part of the law notwithstanding the objections of the governor.

Sec. 24. Each order, resolution or vote (REQUIRING THE CONCURRENCE OF THE TWO HOUSES) except such as relate to the business or adjournment of the legislature shall be presented to the governor and is subject to his veto as prescribed in case of a bill.

Sec. 25. During a session (EACH HOUSE) *the legislature* may punish by imprisonment for not more than 24 hours any person not a member who is guilty of any disorderly or contemptuous behavior in its presence.

Sec. 26. Passage of a general banking law requires the vote of two-thirds of the members (OF EACH HOUSE OF THE LEGISLATURE).

Subd. 3. [AMENDMENTS TO ARTICLE IX.] If the amendment is approved, article IX, sections 1 and 2, will read as follows:

Section 1. A majority of the members elected to (EACH HOUSE OF) the legislature may propose amendments to this

constitution. Proposed amendments shall be published with the laws passed at the same session and submitted to the people for their approval or rejection at a general election. If a majority of all the electors voting at the election vote to ratify an amendment, it becomes a part of this constitution. If two or more amendments are submitted at the same time, voters shall vote for or against each separately.

Sec. 2. Two-thirds of the members elected to (EACH HOUSE OF) the legislature may submit to the electors at the next general election the question of calling a convention to revise this constitution. If a majority of all the electors voting at the election vote for a convention, the legislature at its next session, shall provide by law for calling the convention. The convention shall consist of as many delegates as there are members of the house of representatives. Delegates shall be chosen in the same manner as members of the house of representatives and shall meet within three months after their election. Section 5 of Article IV of the constitution does not apply to election to the convention.

Subd. 4. [AMENDMENT TO ARTICLE XI.] If the amendment is approved, article XI, section 5, will read as follows:

(c) to borrow temporarily as authorized in section 6;

(d) to refund outstanding bonds of the state or any of its agencies whether or not the full faith and credit of the state has been pledged for the payment of the bonds;

(i) to improve and rehabilitate railroad rights-of-way and other rail facilities whether public or private, provided that bonds issued and unpaid shall not at any time exceed \$200,000,000 par value; and

(j) as otherwise authorized in this constitution.

As authorized by law political subdivisions may engage in the works permitted by (f), (g), and (i) and contract debt therefor.

Subdivision 1. [OBLIGATION TO REPURCHASE.] Whenever any person, firm, or corporation engaged in the business of selling and retailing farm implements and repair parts for farm implements enters into a written contract, sales agree-

ment or security agreement whereby the retailer agrees with any wholesaler, manufacturer, or distributor of farm implements, machinery, attachments or repair parts to maintain a stock of parts or complete or whole machines, or attachments, and thereafter the written contract, sales agreement or security agreement is terminated, cancelled or discontinued, then the wholesaler, manufacturer, or distributor shall pay to the retailer or credit to the retailer's account, if the retailer has outstanding any sums owing the wholesaler, manufacturer, or distributor, unless the retailer should desire and has a contractual right to keep such merchandise, a sum equal to 100 percent of the net cost of all current unused complete farm implements, machinery and attachments in new condition which have been purchased by the retailer from the wholesaler, manufacturer or distributor within the 24 months immediately preceding notification by either party of intent to cancel or discontinue the contract, including transportation charges which have been paid by the retailer, or invoiced to retailer's account by the wholesaler, manufacturer or distributor and 80 percent of the current net prices on repair parts, including superseded parts listed in current price lists or catalogs in use by the wholesaler, manufacturer or distributor on the date of cancellation or discontinuance of the contract, which parts had previously been purchased by the retailer from the wholesaler, manufacturer, or distributor and are held by the retailer on the date of the cancellation or discontinuance of the contract or thereafter received by the retailer from the wholesaler, manufacturer or distributor. The wholesaler, manufacturer, or distributor shall also pay the retailer or credit to his account a sum equal to five percent of the current net price of all parts returned for the handling, packing, and loading of the parts back to the wholesaler, manufacturer, or distributor unless the wholesaler, manufacturer or distributor elects to perform inventorying, packing and loading of the parts itself. Upon the payment or allowance of credit to the retailer's account of the sum required by this subdivision, the title to the farm implements, farm machinery, attachments or repair parts shall pass to the manufacturer, wholesaler or distributor making the payment or allowing the credit and the manufacturer, wholesaler or distributor shall be entitled to the possession of the farm implements, machinery, attachments or repair parts. However, this section shall not in any way affect any security interest which the wholesaler, manufacturer or distributor may have in the inventory of the retailer.

Payment required under this subdivision must be made to the retailer by the tenth day of the month following the month in which the retailer returned the farm implements, farm machinery, attachments, and repair parts.

If payment is not made within this period, interest at the same rate the wholesaler, manufacturer, or distributor charges on its overdue accounts will be applied to this payment beginning 30 days after due date specified."

32.417 [INVESTMENT REIMBURSEMENTS TO MANUFACTURED MILK PRODUCERS.]

An operator of a dairy farm that produces milk for sale in cans may apply for a reimbursement in the amount of \$100 for the first \$500 or fraction thereof, and ten percent of the next \$2,000, of the net expenditures by the operator for any capital improvements or equipment installed primarily for the purpose of conforming to the standards adopted in section 32.415. No reimbursement may be made to an applicant unless:

- (a) the applicant provides receipts for the expenditures;
- (b) a dairy inspector authorized by the commissioner certifies that the applicant's dairy operation complies with the

standards adopted in section 32.415 as a result of the installation of the improvements or equipment; and

(c) the expenditures for the improvements and equipment were made on or after the effective date of this section but before July 1, 1985.

The commissioner shall provide (AN) *to the operator of each dairy farm that produces milk for sale in cans a simple application form for the reimbursement (PROGRAM) provided by this section.* (BY JANUARY 1, 1984, THE COMMISSIONER SHALL ADOPT TEMPORARY RULES UNDER SECTIONS 14.29 TO 14.36 WHICH PROVIDE REIMBURSEMENT APPLICATION AND PAYMENT PROCEDURES, AND ELIGIBILITY CRITERIA BASED ON AN APPLICANT'S NEED FOR A REIMBURSEMENT. NOT WITHSTANDING THE PROVISIONS OF SECTION 14.35, THE RULES SHALL BE EFFECTIVE UNTIL JULY 1, 1985. NO REIMBURSEMENT APPLICATION MAY BE APPROVED AFTER JUNE 30, 1985.) *The department shall accept applications for the investment reimbursement program until April 30, 1985.*

Sec. 7. Minnesota Statutes 1982, section 41.56, subdivision 3, is amended to read:

Subd. 3. [DEFAULT, FILING CLAIM.] Within 90 days of a default on a guaranteed family farm security loan, the lender shall send notice to the applicant stating that the commissioner must be notified if the default continues for 180 days, and the consequences of that default. The lender and the applicant may agree to take any steps reasonable to assure the fulfillment of the loan obligation.

In cases where the participant cannot meet scheduled loan payments due to circumstances of a unique or temporary nature and the participant provides sufficient evidence to the commissioner that sufficient cash flow can be generated in the future to fully meet all needs, the commissioner may utilize funds in the special account created in section 41.61, subdivision 1, to meet the participant's loan obligation for no more than two consecutive years. These funds must be paid back to the fund within five years with interest charged at the rate of four per cent below the prevailing Federal Land Bank rates.

After 180 days from the initial default, if the applicant has not made arrangements to meet his obligation, the lender shall file a claim with the commissioner, identifying the loan and the nature of the default, and assigning to the state all of the lender's security and interest in the loan in exchange for payment according to the terms of the family farm security loan guarantee. In the case of a seller-sponsored loan, the seller may elect to pay the commissioner all sums owed the commissioner by the

applicant and retain title to the property in lieu of payment by the commissioner under the terms of the loan guarantee. If the commissioner determines that the terms of the family farm security loan guarantee have been met, he shall authorize payment of state funds to the lender, and shall notify the defaulting party. The state of Minnesota shall then succeed to the interest of the mortgagee or the vendor of the contract for deed. Taxes shall be levied and paid on the land as though the owner were a natural person and not a political subdivision of the state. The commissioner may, on behalf of the state, commence foreclosure or termination proceedings in the manner provided by law."

"Section 1. Minnesota Statutes 1982, section 13.42, subdivision 2, is amended to read:

Subd. 2. [PUBLIC HOSPITALS; DIRECTORY INFORMATION.] If a person is a patient in a hospital operated by a state agency or political subdivision pursuant to legal commitment, directory information is public data. If a person is a patient other than pursuant to commitment in a hospital controlled by a state agency or political subdivision, directory information is public data unless the patient requests otherwise, in which case it is private data on individuals.

Directory information about an emergency patient who is unable to communicate which is public under this subdivision shall not be released until a reasonable effort is made to notify the next of kin. Although an individual has requested that directory information be private, the hospital (MAY) shall, subject to the restrictions imposed by section 254A.09, release directory information, upon written request, to a law enforcement agency pursuant to a lawful investigation pertaining to that individual."

Sec. 2. Minnesota Statutes 1982, section 144.335, is amended to read:

144.335 [ACCESS TO HEALTH RECORDS AND DIRECTORY INFORMATION.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them:

(a) "Patient" means a natural person who has received health care services from a provider for treatment of a medical, psychiatric or mental condition, or a person he designates in writing as his representative. Except for minors who have received health care services pursuant to sections 144.341 to 144.347, in the case of a minor, "patient" includes a parent or guardian, or a person acting as a parent or guardian in the absence of a parent or guardian.

(b) "Provider" means (1) any person who furnishes health care services and is licensed to furnish the services pursuant to chapters 147, 148, 150A, 151 or 153; and (2) a health care facility licensed pursuant to chapters 144 or 144A.

(c) "*Directory information*" means the name of the patient, date admitted, general condition, and date released.

Subd. 2. [PATIENT ACCESS.] Upon request a provider shall supply to a patient complete and current information possessed by that provider concerning any diagnosis, treatment and prognosis of the patient in terms and language the patient can reasonably be expected to understand.

Upon a patient's written request, a provider at a reasonable cost to the patient shall furnish to the patient: (a) copies of the patient's health record, including but not limited to laboratory reports, x-rays, prescriptions, and other technical information used in assessing the patient's health condition; (b) the pertinent portion of the record relating to a specific condition; or (c) a summary of the record.

If a provider, as defined in subdivision 1, clause (b) (1), reasonably determines that the information is detrimental to the physical or mental health of the patient, or is likely to cause the patient to harm himself or another, he may withhold the information from the patient. The information may be supplied to an appropriate third party or to another provider, as defined in subdivision 1, clause (b) (1). The provider or third party may release the information to the patient.

Subd. 3. [PROVIDER TRANSFERS AND LOANS.] A patient's health record, including but not limited to, laboratory reports, x-rays, prescriptions, and other technical information

used in assessing the patient's condition, or the pertinent portion of the record relating to a specific condition, or a summary of the record, shall be furnished to another provider upon the written request of the patient. The written request shall specify the name of the provider to whom the health record is to be furnished. The provider who furnishes the health record or summary may retain a copy of the materials furnished. The patient shall be responsible for the reasonable costs of furnishing the information.

Subd. 3a. [DISCLOSURE OF DIRECTORY INFORMATION.] Providers defined in subdivision 1, clause (b)(2) who are not public hospitals as described in section 13.42, subdivision 2, shall not release directory information without consent of the patient, except as provided in this subdivision. Directory information which relates to an emergency patient who is unable to communicate, shall not be released until a reasonable effort is made to notify the next of kin. Although an individual has requested that directory information be private, the provider shall, subject to the restrictions imposed by section 254A.09, release directory information, upon written request, to a law enforcement agency pursuant to a lawful investigation pertaining to that individual.

Subd. 4. [ADDITIONAL PATIENT RIGHTS.] The rights set forth in this section are in addition to the rights set forth in sections 144.651 and 144.652 and any other provision of law relating to the access of a patient to his health records.

Page 2, after line 11, insert:

Sec. 4. Minnesota Statutes 1982, section 254A.09, is amended to read:

254A.09 [CONFIDENTIALITY OF RECORDS.]

Subdivision 1. [CONFIDENTIALITY REQUIRED.] The department of public welfare shall assure confidentiality to individuals who are the subject of research by the state authority or treatment by an approved treatment program. The commissioner shall withhold from all persons not connected with the conduct of the research or treatment the names or other identifying characteristics of the individual unless the individual gives written permission that information relative to his treatment and recovery may be discussed with a prospective employer by either an approved treatment program staff member or a qualified employment counselor. Persons authorized to protect the privacy of these individuals may not be compelled in any federal, state or local, civil, criminal, administrative or other proceeding to identify or disclose other confidential information about the individuals. However, a person may be compelled to identify or disclose confidential information in civil investigations or proceedings related to neglect or termination of parental rights if the

court determines good cause exists to believe that the person can disclose information that is relevant to the findings which the court is being asked to make. In determining whether to compel disclosure, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the treatment relationship, and to the treatment services if disclosure occurs.

Subd. 2. [DISCLOSURE PERMITTED.] The presence of any in-patient in a medical facility or resident in a residential facility for the treatment of drug or alcohol abuse may be disclosed to callers and visitors with the in-patient's or resident's written consent. Without the consent, the presence of any in-patient or resident in a facility for the treatment of a variety of conditions may be disclosed to a law enforcement agency pursuant to a lawful investigation pertaining to that individual, if the disclosure does not indicate that the patient is being treated for drug or alcohol abuse."

“Section 1. [116C.705] [FINDINGS.]

The legislature finds that the disposal and transportation of high level radioactive waste is of vital concern to the health, safety, and welfare of the people of Minnesota, and to the economic and environmental resources of Minnesota. To ensure the health, safety, and welfare of the people, and to protect the air, land, water, and other natural resources in the state from pollution, impairment, or destruction, it is necessary for the state to regulate and control, under the laws of the United States, the exploration for high level radioactive waste disposal within the state of Minnesota. It is the intent of the legislature to exercise all legal authority for the purpose of regulating the disposal and transportation of high level radioactive waste.

Sec. 2. Minnesota Statutes 1982, section 116C.71, is amended by adding a subdivision to read:

Subd. 10. [AREA CHARACTERIZATION PLAN.] "Area characterization plan" means the official plan prepared by the department of energy for a specific geographic area outlining the proposed laboratory or field activities to be undertaken to establish the geologic, environmental, social, and economic characteristics of the area.

Sec. 3. Minnesota Statutes 1982, section 116C.71, is amended by adding a subdivision to read:

Subd. 11. [AREA RECOMMENDATION REPORT.] "Area recommendation report" means the official report prepared by the department of energy identifying specific geographic areas within a state for further evaluation as a repository for radioactive waste.

Subd. 14. [CONSULTATION AND COOPERATION AGREEMENT.] "Consultation and cooperation agreement" means the formal agreement, as defined in the Nuclear Waste Policy Act, United States Code, title 42, section 10137(c), between a state and the federal government setting forth procedures for information exchanges, state consultation, and other matters related to repository siting and construction.

Sec. 7. Minnesota Statutes 1982, section 116C.71, is amended by adding a subdivision to read:

Subd. 15. [DEPARTMENT OF ENERGY.] "Department of energy" means the United States department of energy.

Subd. 18. [POTENTIALLY IMPACTED AREA.] "Potentially impacted area" means the area designated or described in a draft or final area recommendation report or area characterization plan for study or consideration.

Sec. 11. [116C.721] [PUBLIC PARTICIPATION.]

Subdivision 1. [INFORMATION MEETINGS.] The board shall conduct public information meetings within an area designated in a draft area recommendation report, final area recommendation report, draft area characterization plan, or final area characterization plan. Information meetings shall be held within 30 days after the board receives each of the reports.

Subd. 2. [NOTICE.] The board shall notify the public of information meetings and the availability of the area recommendation reports and the area characterization plans. Copies of the reports shall be made available for public review and distribution at the board office, the Minnesota geological survey of-

office, regional development commission offices in regions that include a part of the potentially impacted areas, county courthouses in counties that include a part of a potentially impacted area, and other appropriate places determined by the board to provide public accessibility.

Subd. 3. [TRANSMITTAL OF PUBLIC CONCERNS.] The board shall transmit public concerns expressed at public information meetings to the department of energy.

Sec. 12. [116C.722] [LEGAL AND TECHNICAL ASSISTANCE TO INDIAN TRIBES.]

Sec. 13. [116C.723] [DISPOSAL STUDIES.]

Unless the state has executed a consultation and cooperation agreement, a person may not make a study or test of a specific area or site related to disposal including an exploratory drilling, a land survey, an aerial mapping, a field mapping, a waste suitability study, or other surface or subsurface geologic, hydrologic, or environmental testing or mapping.

Sec. 14. [116C.724] [CONSULTATION AND COOPERATION AGREEMENT.]

Subdivision 1. [REQUIREMENT.] Upon notice from the department of energy that Minnesota contains a potentially impacted area, the board shall negotiate a consultation and cooperation agreement with the federal government.

Subd. 2. [CONDITIONS.] (a) The consultation and cooperation agreement shall include but not be limited to the conditions specified in this subdivision.

(b) A permit shall be required for all geologic and hydrologic drilling. Conditions of obtaining and retaining the permit shall require:

(1) compliance with state drilling and drill hole restoration regulations as an exploratory boring under chapter 156A;

(2) proof that access to the test site has been obtained by a negotiated agreement or other legal process;

(3) the permittee to pay a fee covering the costs of processing and monitoring drilling activities;

(4) *unrestricted access by the commissioner of health, the commissioner of natural resources, the director of the pollution control agency, the director of the Minnesota geological survey, the county health officer, and their employees and agents to the drilling sites to inspect and monitor the drill holes, drilling operations, and abandoned sites, and to sample air and water that may be affected by drilling;*

(5) *submission of splits or portions of a core sample, requested by the commissioner of natural resources or director of the Minnesota geological survey, except that the commissioner or director may accept certified data on the sample in lieu of a sample if certain samples are required in their entirety by the permittee; and*

(6) *that a sample submitted may become property of the state.*

(c) *A person who conducts geologic, hydrologic, or geophysical testing or studies shall provide unrestricted access to both raw and interpretive data to the chairman and the director of the Minnesota geological survey or their designated representatives. The raw and interpretive data includes core samples, well logs, water samples and chemical analyses, survey charts and graphs, and predecisional reports. Studies and data shall be made available within 90 days of a formal request by the chairman.*

(d) *A person proposing to investigate shall hold at least one public meeting before a required permit is issued, and during the investigation at least once every six months, within the potentially impacted area. The meetings shall provide the public with current information on progress of the investigation. The person investigating shall respond in writing to the board about concerns and issues raised at the public meetings.*

(e) *Before a person engages in negotiations regarding property interests in land or water, or permitting activities, the person shall notify the chairman in writing. Copies of terms and agreements shall also be provided to the chairman.*

Sec. 15. [116C.731] [TRANSPORTATION OF HIGH LEVEL RADIOACTIVE WASTE.]

Subdivision 1. [NOTIFICATION.] Before a shipment of high level radioactive waste is transported in the state, the shipper shall notify the commissioner of public safety. The notice shall include the route, date, and time of the shipment in addition to information required under Code of Federal Regulations, title 10, sections 71.5a and 73.37 (f).

Subd. 2. [HIGHWAY ROUTE DETERMINATION.] Pursuant to Code of Federal Regulations, title 49, part 177, the com-

missioner may require preferred routes, dates, or times for transporting high level radioactive waste if the commissioner determines, in accordance with United States Department of Transportation "Guidelines for Selecting Preferred Highway Routes for Large Quantity Shipments of Radioactive Materials," that alternatives are safer than those proposed. On an annual basis the commissioner shall review federally approved highway routes for transporting high level radioactive waste in the state and select new state-designated routes in accordance with Code of Federal Regulations, title 49, part 177, if safety considerations indicate the alternate routes would be preferable. The state does not incur any liability by requiring the alternate routes, dates, or times to be used.

Subd. 3. [TRANSPORTATION FEE.] A person who intends to transport high level radioactive waste shall submit a transportation fee to the commissioner of public safety in the amount of \$1,000 for each vehicle carrying high level radioactive waste in each shipment with the information required in subdivision 1. The fees shall be deposited by the commissioner into the general fund.

Subd. 4. [EMERGENCY RESPONSE PLAN.] The commissioner of public safety shall consult with the commissioners of health and transportation, the director of the pollution control agency, and representatives of the federal nuclear regulatory commission, the federal emergency management agency, and the United States department of transportation and before December 1, 1984, shall prepare a plan for emergency response to a high level radioactive waste transportation accident, including plans for evacuation and cleanup. The commissioner of public safety shall report by January 1 of each year to the legislature on the status of the plan and the ability of the state to respond adequately to an accident.

Subd. 5. [APPLICABILITY.] This section does not apply to radioactive materials shipped by or for the United States government for military, national security, or national defense purposes. This section does not require disclosure of defense information or restricted data as defined in the Atomic Energy Act of 1954, United States Code, title 42, section 2014, as amended.

Sec. 16. Minnesota Statutes 1982, section 116C.74, is amended to read:

116C.74 [PENALTIES.]

Subdivision 1. [PENALTIES.] Any person who violates section 116C.72 or who causes radioactive wastes to be shipped in violation of section 116C.73 shall be guilty of a gross misdemeanor and subject to a fine of not more than \$10,000 or a sentence of imprisonment of not more than one year, or both.

Subd. 2. [VIOLATIONS; PENALTIES.] (a) A person who violates section 13, 14, or 15 is:

(1) guilty of a misdemeanor and is subject to a fine of not more than \$10,000; and

(2) subject to a civil penalty of not more than \$10,000 for each day of violation, payable to the state, and may be ordered by the court to pay to the state an additional sum as compensation for cleanup and for pollution, destruction, or impairment of the environment, including but not limited to contamination of water supplies or water aquifers.

(b) A violation of section 13, 14, or 15 may be enjoined as provided by law in an action in the name of the state brought by the attorney general.

(c) This subdivision does not limit other remedies otherwise available to either the state or private parties for violations of section 13, 14, or 15.

H. F. No. 1203 which was temporarily laid over earlier today was again reported to the House.

Norton moved to amend H. F. No. 1203, the first engrossment, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1982, section 504.22, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] As used in this section,

(a) "tenant" shall have the meaning assigned to it in section 566.18, but for purposes of section 2, it does not include residents of manufactured home parks as defined in section 327C.01, subdivision 9; and

(b) "owner" shall mean one or more persons, jointly or severally, in whom is vested a legal or beneficial interest in the premises.

Sec. 2. Minnesota Statutes 1982, section 504.22, is amended by adding a subdivision to read:

Subd. 2a. [DISCLOSURE STATEMENT.] The attorney general shall prepare and make available to the public a statement which summarizes the significant legal rights and obligations of owners and tenants of rental dwelling units. The statement shall include descriptions of the significant provisions of chapters 504 and 566. The statement shall notify tenants in public housing to consult their leases for additional rights and obligations they may have under federal law. The statement shall include the telephone number and address of the attorney general for further information.

The attorney general shall annually revise the statement provided in this section as necessary to ensure that it continues accurately to describe the statutory and case law governing the rights and duties of owners and tenants of rental dwelling units. After preparing the statement for the first time and after each annual revision of the statement, the attorney general shall hold a public meeting to discuss the statement and receive comments on its contents before it is issued. When preparing the statement and evaluating public comment, the attorney general shall be guided by the legislature's intent that the statement be brief, accurate, and complete in identifying significant legal rights and obligations, and written using words with common, everyday meanings.

Sec. 3. Minnesota Statutes 1982, section 504.22, subdivision 3, is amended to read:

Subd. 3. [POSTING OF NOTICE.] A printed or type-written notice containing the information which must be disclosed under subdivision 2 shall be placed in a conspicuous place on the premises. Unless the owner is required to post a notice required by section 5, the owner shall also place in a conspicuous place on the premises a notice that states that a copy of the statement required by section 2 is available from the attorney general to any tenant upon request unless the owner is required to post the notice required by section 5. This subdivision is complied with if notices posted in compliance with other statutes or ordinances contain the information required by subdivision 2 and this section.

Sec. 4. Minnesota Statutes 1982, section 504.22, subdivision 5, is amended to read:

Subd. 5. Except as otherwise provided in this subdivision, no action to recover rent or possession of the premises shall be maintained unless the information required by this section has been disclosed to the tenant in the manner provided herein, or unless the information required by this section is known by or has been disclosed to the tenant at least 30 days prior to the initiation of such action. Failure by the owner to post a notice required by sections 3 or 5 is not a defense to an action

brought by the owner under chapter 566 to recover rent or possession of the premises.

Sec. 5. [471.995] [RENTAL DWELLING NOTICE.]

Any license or registration or certificate of occupancy or a similar document that is issued by a home rule charter or statutory city or by a town and that is required to be posted in a building containing multiple rental dwelling units shall contain a statement that tenants of the dwelling units may contact the attorney general for information regarding the rights and obligations of owners and tenants under state law. The statement shall include the telephone number and address of the attorney general.

Amend the title as follows:

Page 1, line 2, delete the second "landlords"

Page 1, line 3, delete "of residential rental units to notify" and insert "cities and towns to include notification of rights on certificates or licenses of occupancy; requiring the attorney general to publish a statement informing"

Page 1, line 6, delete "and 3" and insert ", 3, 5"

Page 1, line 6, delete the second "subdivisions" and insert "a subdivision; proposing new law coded in Minnesota Statutes, chapter 471"

“Section 1. [181.585] [EMPLOYEE DISCHARGE.]

Any individual who:

(1) has been employed for more than 6 months under an employment contract in this state;

(2) is discharged for reasons which do not give rise to a remedy under federal law; and

(3) is discharged without just cause,

shall have a cause of action against his or her employer for breach of the employment contract. Remedies under the cause of action shall include reinstatement, specific and general contract damages, punitive damages, and costs of the suit including reasonable attorney's fees.

An employer is acting with just cause when: (1) the employer discharges the employee for mistake or misconduct which significantly and adversely affects the employer's business interests or for general business reasons that require that the employee's position be terminated; and (2) such discharge is reasonable in light of the employee's past years of service to the employer, and the quality of this service. Mistake or misconduct on the part of an employee which may give an employer just cause to discharge the employee includes incompetence, neglect of duty, and physical or mental incapacity. General business reasons which may give the employer just cause to discharge an employee include downturns in business which require that the employer temporarily or permanently discharge the employee and automation by the employer which makes the employee's position obsolete. Among other cases, an employer is not acting with just cause when the employer discharges an employee due to personal animosity, the employee's political beliefs, the employee reporting a violation of law or refusing to violate a law, and the exercise by the employee of a legal right or privilege.

Sec. 2.

Minnesota Statutes, section 181.585 shall apply only with respect to employment contracts which are entered into, renewed, or modified, after the day following final enactment of this bill."

Subdivision 1. [EMPLOYMENT.] The provisions of section 363.03, subdivision 1, shall not apply to:

(1) The employment of any individual

(a) by his parent, grandparent, spouse, child, or grandchild, or

(b) in the domestic service of any person;

(2) A religious or fraternal corporation, association, or society, with respect to qualifications based on religion, when religion shall be a bona fide occupational qualification for employment;

(3) The employment of one person in place of another, standing by itself, shall not be evidence of an unfair discriminatory practice;

(4) (AN AGE RESTRICTION APPLIED UNIFORMLY AND WITHOUT EXCEPTION TO ALL INDIVIDUALS ESTABLISHED BY A BONA FIDE APPRENTICESHIP PROGRAM ESTABLISHED PURSUANT TO CHAPTER 178, WHICH LIMITS PARTICIPATION TO PERSONS WHO ENTER THE PROGRAM PRIOR TO SOME SPECIFIED AGE AND THE TRADE INVOLVED IN THE PROGRAM PREDOMINANTLY INVOLVES HEAVY PHYSICAL LABOR OR WORK ON HIGH STRUCTURES. AFTER JANUARY 1, 1984, THESE AGE RESTRICTIONS ARE EXEMPT FROM THE PROVISIONS OF SECTION 363.03, SUBDIVISION 1 ONLY TO THE EXTENT THAT THEY ARE DECLARED EXEMPT IN RULES ADOPTED BY THE COMMISSIONER ACCORDING TO CHAPTER 14. THE COMMISSIONER MUST ADOPT RULES GOVERNING THIS SUBJECT BEFORE JANUARY

1, 1984, AND IS AUTHORIZED TO ADOPT TEMPORARY, AS WELL AS PERMANENT RULES FOR THIS PURPOSE. NEITHER SHALL) The operation of a bona fide seniority system which mandates differences in such things as wages, hiring priorities, lay-off priorities, vacation credit, and job assignments based on seniority, (BE A VIOLATION OF THE AGE DISCRIMINATION PROVISIONS OF SECTION 363.03, SUBDIVISION 1,) so long as the operation of the system is not a subterfuge to evade the provisions of chapter 363;

(5) With respect to age discrimination, a practice by which a labor organization or employer offers or supplies varying insurance benefits or other fringe benefits to members or employees of differing ages, so long as the cost to the labor organization or employer for the benefits is reasonably equivalent for all members or employees;

(6) A restriction imposed by state statute, home rule charter, ordinance, or civil service rule, and applied uniformly and without exception to all individuals, which establishes a maximum age for entry into employment as a peace officer or firefighter.

(7) Nothing in this chapter concerning age discrimination shall be construed to validate or permit age requirements which have a disproportionate impact on persons of any class otherwise protected by section 363.03, subdivision 1 or 5.

It is not an unfair employment practice for an employer, employment agency or labor organization:

(i) to require or request a person to undergo physical examination, which may include a medical history, for the purpose of determining the person's capability to perform available employment, provided (a) that an offer of employment has been made on condition that the person meets the physical or mental requirements of the job; (b) that the examination tests only for essential job-related abilities; and (c) that the examination, unless limited to determining whether the person's disability would prevent performance of the job, is required of all persons conditionally offered employment for the same position regardless of disability; or

(ii) with the consent of the employee, to obtain additional medical information for the purposes of establishing an employee health record;

(iii) to administer pre-employment tests, provided that the tests (a) measure only essential job-related abilities, (b) are required of all applicants for the same position regardless of disability unless limited to determining whether the person's disability would prevent performance of the job, and (c) accurately measure the applicant's aptitude, achievement level, or

whatever factors they purport to measure rather than reflecting the applicant's impaired sensory, manual, or speaking skills, except when those skills are the factors that the tests purport to measure; or

(iv) to limit receipt of benefits payable under a fringe benefit plan for disabilities to that period of time which a licensed physician reasonably determines a person is unable to work; or

(v) to provide special safety considerations for pregnant women involved in tasks which are potentially hazardous to the health of the unborn child, as determined by medical criteria."

For the benefit of employees employed in the capitol area, the money in the account is appropriated to the commissioner and shall be used by the commissioner *in the following order of priority*: (1) to acquire or lease commuter vans pursuant to section 16.756 (AND.); (2) within such limits and upon such conditions as the commissioner determines to be necessary, to reimburse state departments or agencies for costs resulting from agreements with the metropolitan transit commission or other operators pursuant to section 473.409; and (3) to be used for maintaining and improving parking lots or facilities owned or operated by the state. Sec. 32. Minnesota Statutes 1982, section 16A.54, is amended to read:

16A.54 [GENERAL FUND DEFINED.]

Except as provided in section 16A.671, subdivision 3, the term "general fund" appearing in any existing or hereafter enacted law relating to revenues deposited in or expenditures appropriated from the state treasury means such moneys as have been deposited in the state treasury for the usual, ordinary, running, and incidental expenses of the state government and does not include moneys deposited in the state treasury for a special or dedicated purpose.

Sec. 33. [16A.631] [STATE BUILDING FUND.]

The state building fund is established to receive state bond proceeds appropriated to agencies to acquire and to better public lands and buildings and other public improvements of a capital nature, as authorized by the Constitution, article XI, section 5, clause (a).

Sec. 34. [16A.641] [STATE BONDS; APPROPRIATIONS.]

Subdivision 1. [AUTHORITY.] When authorized by a law enacted in accordance with the Constitution, article XI, sections 5 and 7, the commissioner of finance may sell and issue general obligation bonds of the state evidencing public debt incurred for any purpose stated in those sections. The full faith, credit, and taxing powers of the state are irrevocably pledged for the prompt and full payment of the bonds and interest.

Subd. 2. [REPORT.] Before a sale of general obligation bonds, the commissioner shall report the amount of bonds to be issued and a detailed list of the projects or a statement of the program to be financed to the chairmen of the house appropriations and tax committees and of the senate finance and tax committees, and the minority leaders of the house and senate, for their advisory recommendation. The recommendation is positive if not received within ten days.

Subd. 3. [SERIES OF BONDS.] Bonds authorized by a law may be issued in more than one series, and bonds authorized by more than one law may be combined in a single series, as determined by order of the commissioner. The order must state the principal amount of the bonds to be issued under each law, and the aggregate principal amount and the maturity dates and amounts of the bonds included in the series that are to be issued for the purpose of each special fund.

Subd. 4. [SALE AND ISSUANCE.] State bonds must be sold and issued upon sealed bids in the manner and on the terms and conditions determined by the commissioner in accordance with the laws authorizing them and subject to the approval of

the attorney general, but not subject to chapter 14. For each series, in addition to provisions required by subdivision 3, the commissioner may determine:

(1) the time, place, and notice of sale and method of comparing bids;

(2) the price, not less than par for highway bonds;

(3) the principal amount and date of issue;

(4) the interest rates and payment dates;

(5) the maturity amounts and dates, not more than 20 years from the date of issue, subject to subdivision 5;

(6) the terms, if any, on which the bonds may or must be redeemed before maturity, including notice, times, and redemption prices; and

(7) the form of the bonds and the method of execution, delivery, payment, registration, conversion, and exchange, in accordance with section 16A.672.

Subd. 5. [PLANNING MATURITIES.] In issuing each series of state bonds the commissioner shall try to establish the maturities and other terms so that transfers to the state bond fund required in each year of the then current biennium under subdivision 10 may be made with the least practical effect on orderly spending plans for other appropriations from the general fund.

Subd. 6. [CERTIFICATION.] The commissioner of finance shall ascertain from state records and certify to the holders of each series of state bonds, subject to the approval of the attorney general, that all conditions exist and all actions have been taken that are needed to make the bonds valid and binding general obligations of the state in accordance with their terms. The commissioner shall also certify for the state the facts, estimates, and circumstances on the date of issue that lead the commissioner reasonably to expect that the proceeds will not be used in a way that would make the bonds arbitrage bonds under section 103(c) of the Internal Revenue Code and related federal regulations.

Subd. 7. [CREDIT OF PROCEEDS.] (a) Proceeds of bonds issued under each law must be credited by the commissioner to a special fund, as provided in this subdivision.

(b) Accrued interest and any premium received on sale of the bonds must be credited to the state bond fund created by the Constitution, article XI, section 7.

(c) Proceeds of state building bonds must be credited to the state building fund under section 16A.631.

(d) Proceeds of state highway bonds must be credited to the trunk highway fund under the Constitution, article XIV, section 6.

(e) Proceeds of bonds issued for programs of grants or loans to political subdivisions must be credited to special funds established by laws stating the purposes of the grants or loans, and the standards and criteria under which an executive agency is authorized to make them.

(f) Proceeds of refunding bonds must be credited to the state bond fund as provided in section 16A.66, subdivision 1.

Subd. 8. [APPROPRIATION OF PROCEEDS.] (a) The proceeds of bonds issued under each law are appropriated for the purposes described in the law and in this subdivision. This appropriation may never be canceled.

(b) Before the proceeds are received in the proper special fund, the commissioner may transfer to that fund from the general fund amounts not exceeding the expected proceeds. The commissioner shall return these amounts to the general fund by transferring proceeds when received. The amounts of these transfers are appropriated from the general fund and from the bond proceeds.

(c) Actual and necessary travel and subsistence expenses of employees and all other expenses incidental to the sale, printing, execution, and delivery of bonds must be paid from the proceeds. The proceeds are appropriated for this purpose.

(d) Bond proceeds remaining in a special fund after the purposes for which the bonds were issued are accomplished or abandoned, as certified by the head of the agency administering the special fund, or as determined by the commissioner, unless devoted under the appropriation act to another purpose designated in the act, shall be transferred to the state bond fund.

Subd. 9. [SPECIAL ACCOUNTS; APPROPRIATION.]

(a) The commissioner of finance shall establish separate accounts in the state bond fund for:

(1) state building bonds, and for other state bonds issued for each program of grants to political subdivisions for a particular class of capital expenditures, to record debt service payments and receipts of amounts appropriated from the general fund under subdivision 10;

(2) state highway bonds, to record debt service payments, receipts of amounts appropriated for debt service from the trunk highway fund pursuant to the Constitution, article XIV, section 6, and additional receipts, if any, of amounts appropriated from the general fund under subdivision 10;

(3) state bonds issued for each capital loan and for each program of capital loans to agencies or political subdivisions, to record debt service payments, receipts of loan repayments appropriated for debt service or reimbursement of debt service by the law authorizing the loan or program, and any additional receipts of amounts appropriated from the general fund under subdivision 10; and

(4) refunding bonds, as provided in section 16A.66, subdivision 1.

(b) All money credited, transferred, or appropriated to the state bond fund and all income from the investment of that money is appropriated to the commissioner for the payment of principal and interest on state bonds.

Subd. 10. [APPROPRIATION FROM GENERAL FUND.] There is annually appropriated to the state bond fund from the general fund the amount that, added to the amount in the state bond fund on November 1 each year, is needed to pay the principal of and interest on all state bonds due and to become due through July 1 in the second ensuing year. The money appropriated must be available in the state bond fund each year before the tax otherwise required by the Constitution, article XI, section 7, is levied.

Subd. 11. [CONSTITUTIONAL TAX LEVY.] Under the Constitution, article XI, section 7, the state auditor must levy each year on all taxable property within the state a tax sufficient, with the amount then on hand in the state bond fund, to pay all principal and interest on state bonds due and to become due to and including July 1 in the second ensuing year. If levied, this tax must be assessed and extended against real property used for the purposes of a homestead, as well as other taxable property, notwithstanding section 273.13, subdivisions 6 and 7. The tax is not subject to limitation of rate or amount. However, the amount of money appropriated from other sources as provided in subdivision 10, and actually received and on hand prior to the levy in any year, reduces the amount of the tax otherwise required to be levied. The proceeds of the tax must be credited to the state bond fund.

Subd. 12. [SUPPLEMENTAL APPROPRIATION FROM GENERAL FUND.] If the proceeds of the tax levied under subdivision 11 are ever insufficient to make the principal and interest payments on state bonds when due, the balance must be

paid out of the general fund. The amount needed to pay the balance is appropriated from the general fund to the commissioner.

Sec. 35. [16A.651] [INTEREST RATE REDUCTION.]

The commissioner may enter into contracts providing for the issuance of letters of credit, put options, or other contractual rights deemed necessary or desirable to reduce the interest rate on state general obligation bonds to be issued by the commissioner, and may pay the cost of the contracts from bond proceeds, including premiums and accrued interest, received from purchasers. The amount of bonds authorized to be issued by the commissioner under any other law adopted before the effective date of this section is increased by up to five percent in order to provide all or a portion of the money required to be paid under the contracts. The expenditure of bond proceeds for this purpose is deemed to be an expenditure for the primary purpose for which the bonds covered by the contract are authorized to be issued by the Constitution and applicable law. So much of the proceeds of bonds issued by the commissioner as is necessary to pay the costs of the letters of credit, put options, or other contractual rights is appropriated for this purpose.

Sec. 36. Minnesota Statutes 1982, section 16A.66, as amended by Laws 1983, chapter 301, sections 96, 97, and 98, is amended to read:

Sec. 41. Minnesota Statutes 1982, section 115.03, subdivision 1, is amended to read:

Subdivision 1. The agency is hereby given and charged with the following powers and duties:

(a) To administer and enforce all laws relating to the pollution of any of the waters of the state;

(b) To investigate the extent, character, and effect of the pollution of the waters of this state and to gather data and information necessary or desirable in the administration or enforcement of pollution laws, and to make such classification of the waters of the state as it may deem advisable;

(c) To establish and alter such reasonable pollution standards for any waters of the state in relation to the public use to which they are or may be put as it shall deem necessary for the purposes of this chapter and, with respect to the pollution of waters of the state, chapter 116;

(d) To encourage waste treatment, including advanced waste treatment, instead of stream low-flow augmentation for dilution purposes to control and prevent pollution;

(e) To adopt, issue, reissue, modify, deny, or revoke, enter into or enforce reasonable orders, permits, variances, standards, regulations, schedules of compliance, and stipulation agreements, under such conditions as it may prescribe, in order to prevent, control or abate water pollution, or for the installation or operation of disposal systems or parts thereof, or for other equipment and facilities;

(1) Requiring the discontinuance of the discharge of sewage, industrial waste or other wastes into any waters of the state re-

sulting in pollution in excess of the applicable pollution standard established under this chapter;

(2) Prohibiting or directing the abatement of any discharge of sewage, industrial waste, or other wastes, into any waters of the state or the deposit thereof or the discharge into any municipal disposal system where the same is likely to get into any waters of the state in violation of this chapter and, with respect to the pollution of waters of the state, chapter 116, or standards or regulations promulgated or permits issued pursuant thereto, and specifying the schedule of compliance within which such prohibition or abatement must be accomplished;

(3) Prohibiting the storage of any liquid or solid substance or other pollutant in a manner which does not reasonably assure proper retention against entry into any waters of the state that would be likely to pollute any waters of the state;

(4) Requiring the construction, installation, maintenance, and operation by any person of any disposal system or any part thereof, or other equipment and facilities, or the reconstruction, alteration, or enlargement of its existing disposal system or any part thereof, or the adoption of other remedial measures to prevent, control or abate any discharge or deposit of sewage, industrial waste or other wastes by any person;

(5) Establishing, and from time to time revising, standards of performance for new sources taking into consideration, among other things, classes, types, sizes, and categories of sources, processes, pollution control technology, cost of achieving such effluent reduction, and any non-water quality environmental impact and energy requirements. Said standards of performance for new sources shall encompass those standards for the control of the discharge of pollutants which reflect the greatest degree of effluent reduction which the agency determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants. New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed regulations prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973 and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a

ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Construction shall encompass any placement, assembly, or installation of facilities or equipment, including contractual obligations to purchase such facilities or equipment, at the premises where such equipment will be used, including preparation work at such premises;

(6) Establishing and revising pretreatment standards to prevent or abate the discharge of any pollutant into any publicly owned disposal system, which pollutant interferes with, passes through, or otherwise is incompatible with such disposal system;

(7) Requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the agency shall prescribe, and providing such other information as the agency may reasonably require;

(8) Notwithstanding any other provision of this chapter, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision 5, clause (b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the agency determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(9) Modifying, in its discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977 upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants (.) ;

(f) To require to be submitted and to approve plans and specifications for disposal systems or point sources, or any part thereof and to inspect the construction thereof for compliance with the approved plans and specifications thereof ;

(g) To prescribe and alter rules and regulations, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by this chapter and, with respect to pollution of waters of the state, in chapter 116, provided that every rule or regulation affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state ;

(h) To conduct such investigations, issue such notices, public and otherwise, and hold such hearings as are necessary or which it may deem advisable for the discharge of its duties under this chapter and, with respect to the pollution of waters of the state, under chapter 116, including, but not limited to, the issuance of permits, and to authorize any member, employee, or agent appointed by it to conduct such investigations or, issue such notices and hold such hearings ;

(i) For the purpose of water pollution control planning by the state and pursuant to the Federal Water Pollution Control Act, as amended, to establish and revise planning areas, adopt plans and programs and continuing planning processes, including, but not limited to, basin plans and areawide waste treatment management plans, and to provide for the implementation of any such plans by means of, including, but not limited to, standards, plan elements, procedures for revision, intergovernmental cooperation, residual treatment process waste controls, and needs inventory and ranking for construction of disposal systems ;

(j) To train water pollution control personnel, and charge such fees therefor as are necessary to cover the agency's costs. All such fees received shall be paid into the state treasury and credited to the water pollution control training fund of the agency, from which the agency shall have the power to make disbursements to pay expenses relating to such training ;

(k) To impose as additional conditions in permits to publicly owned disposal systems appropriate measures to insure

compliance by industrial and other users with any pretreatment standard, including, but not limited to, those related to toxic pollutants, and any system of user charges ratably as is hereby required under state law or said Federal Water Pollution Control Act, as amended, or any regulations or guidelines promulgated thereunder; (AND)

(l) To set a period not to exceed five years for the duration of any National Pollutant Discharge Elimination System permit; and

(m) To require a governmental subdivision that owns or operates a wastewater disposal system to have a plan to address its ability to pay the costs of making major repairs to the existing system and planning and constructing an adequate replacement system at the end of the existing system's expected useful life.

Sec. 43. Minnesota Statutes 1982, section 116.16, subdivision 4, is amended to read:

Subd. 4. [DISBURSEMENTS.] Disbursements from the fund shall be made by the state treasurer upon order of the commissioner of finance at the times and in the amounts requested by the agency in accordance with the *applicable state and federal (LAWS AND REGULATIONS AND THE STATE APPROPRIATION ACTS) law* governing such disbursements; except that no appropriation or loan of state funds for any project shall be disbursed to any municipality until and unless the agency has by resolution determined the total estimated cost of the project, and ascertained that financing of the project is assured by:

(1) A grant to the municipality by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state; or

(2) A grant of funds appropriated by state law; or

(3) A loan authorized by state law; or

(7) Conformity of the project and of the loan or grant application with the state water pollution control plan as certified to the federal government and with all other conditions under *applicable state and federal (LAWS AND REGULATIONS) law for a grant of state or federal funds of the nature and in the amount involved.*

Sec. 44. Minnesota Statutes 1982, section 116.16, subdivision 5, is amended to read:

Subd. 5. [RULES.] (a) *The agency shall promulgate permanent rules and may promulgate temporary rules for the administration of grants and loans authorized to be made from the fund or from federal funds under the Federal Water Pollution Control Act, as amended, which rules, however, shall not be applicable to the issuance of bonds by the commissioner of finance as provided in section 116.17. The rules shall contain as a minimum:*

- (1) *procedures for application by municipalities;*
- (2) *conditions for the administration of the grant or loan;*

(3) *criteria for (ELIGIBILITY) the ranking of projects in order of priority for grants or loans, (INCLUDING THOSE SPECIFIED IN SUBDIVISION 6) based on factors including the extent and nature of pollution, technological feasibility, assurance of proper operation, maintenance and replacement, and participation in multi-municipal systems; and*

(4) *such other matters as the agency and the director find necessary to the proper administration of the grant program.*

(b) *Except as otherwise provided in sections 116.16 to 116.18, the rules for the administration of state independent grants must comply, to the extent practicable, with provisions relating directly to protection of the environment contained in the Federal Water Pollution Control Act, as amended, and regulations and guidelines of the United States environmental protection agency promulgated under the act, except provisions regarding allocation contained in section 205 of the act and regulations and guidelines promulgated under section 205 of the act. This provision does not require approval from federal agencies for the issuance of grants or for the construction of projects under the state independent grants program.*

Sec. 45. Minnesota Statutes 1982, section 116.16, subdivision 9, is amended to read:

Subd. 9. [APPLICATIONS.] Applications by municipalities for grants or loans from the fund shall be made to the director of the agency on forms requiring information prescribed by rules of the agency. The director shall certify to the agency those applications which appear to meet the criteria set forth in sections 116.16 to 116.18 and the rules promulgated hereunder, and the agency shall award grants or loans on the basis of the criteria and priorities established in its rules and in sections 116.16 to 116.18. *A municipality that is designated under agency rules to receive state or federal funding for a project and that does not make a timely application for or that refuses the funding is not eligible for either state or federal funding for that project in that fiscal year or the subsequent year.*

Sec. 46. Minnesota Statutes 1982, section 116.16, is amended by adding a subdivision to read:

Subd. 9a. [SUBSEQUENT GRANTS.] *A municipality awarded a final grant of funding for a project under the program established by the 1972 Federal Water Pollution Control Act amendments or the state independent grants program is not eligible for additional funding to replace that project under the federal program or the state program, unless the funding is necessary as a result of subsequent changes in state water quality standards, effluent limits, or technical design requirements, or for a municipality awarded the final grant before October 1, 1984, if the funding is necessary for the provision of increased capacity.*

Sec. 47. Minnesota Statutes 1982, section 116.18, as amended by Laws 1983, chapter 301, section 117, is amended to read:

116.18 [WATER POLLUTION CONTROL FUNDS; APPROPRIATIONS AND BONDS.]

Subdivision 1. [APPROPRIATION FROM THE FUND.] The sum of (\$155,000,000) *\$167,000,000*, or so much thereof as may be necessary, is appropriated from the Minnesota state water pollution control fund in the state treasury to the pollution control agency, for the period commencing on July 23, 1971 and ending June 30, 1985, to be granted and disbursed to municipalities and agencies of the state in aid of the construction of projects conforming to section 116.16, in accordance with the rules, priorities, and criteria therein described. (EXCEPT AS OTHERWISE PROVIDED IN THIS SUBDIVISION AND IN SUBDIVISION 2, THESE STATE FUNDS SHALL BE EXPENDED AT 15 PER CENTUM OF THE ELIGIBLE COST OF CONSTRUCTION AND SHALL BE EXPENDED ONLY)

Subd. 2. [STATE MATCHING GRANTS PROGRAM ENDING SEPTEMBER 30, 1984.] (a) For projects tendered, by September 30, 1984, a grant of federal funds under section 201(g), section 202, section 203 or section 206(f) of the Federal Water Pollution Control Act, as amended, (33 U.S.C. 1314 ET SEQ.) *United States Code, title 33, sections 1251 to 1376*, at 75 per centum of the eligible cost for construction of the treatment works, state money appropriated under subdivision 1 must be expended at 15 percent of the eligible cost of construction, except as otherwise provided in this subdivision; provided, that not less than ten percent of the cost shall be paid by the municipality or agency constructing the project. In the event that a municipality is tendered federal and state grants in a percentage cumulatively exceeding 90 per centum of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to assure that not less than ten percent of the cost shall be paid by the municipality. It is the purpose of this appropriation that a grant of state funds for each project approved in each of the fiscal years ending June 30, 1971 through 1985, shall be made in an amount not less than that required in federal law and regulations as a condition for the grant of federal funds for the project and for all other water pollution control projects for which federal grants are allocated in the same year, in the maximum amount permissible under law and regulations.

(NOTWITHSTANDING ANY OTHER PROVISION, THE AGENCY MAY, IN ITS DISCRETION, AND AFTER CONSIDERATION OF THE AMOUNT OF STATE FUNDS REQUIRED TO MATCH FEDERAL FUNDS, MAKE A GRANT OF STATE FUNDS NOT EXCEEDING 15 PER CENTUM TO A MUNICIPALITY THAT WOULD QUALIFY FOR A GRANT OF FEDERAL FUNDS BUT DESIRES TO INITIATE CONSTRUCTION OF A PROJECT WITHOUT A FEDERAL GRANT. THE AGENCY MAY LIMIT THE SCOPE AND ELIGIBLE COST OF THE PROJECT.)

(b) If a municipality is tendered a grant of federal funds under section 201, paragraph (g), section 202, section 203 or section 206, paragraph (f) of the Federal Water Pollution Control Act, as amended, (33 U.S.C. 1314 ET SEQ.) *United States Code, title 33, sections 1251 to 1376*, at 85 percent of the eligible cost for construction of treatment works utilizing innovative or alternative wastewater treatment processes and techniques, state funds shall be expended at nine percent of the eligible cost of construction; provided, that not less than six percent of the eligible cost of construction shall be paid by the municipality or agency constructing the project. In the event that a municipality is tendered federal and state grants in a percentage cumulatively exceeding 94 percent of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to assure that the municipality receives no more than 94 percent of the eligible cost of construction.

(SUBD. 2. [ADDITIONAL PURPOSES OF APPROPRIATION.]) (c) If the pollution control agency, acting in accordance with section 116.16, subdivision 4 and rules promulgated by the agency establishing criteria for financial hardship cases, determines that the prevention, control, and abatement of water pollution and the public health of the state requires the construction of a project by a municipality or agency that is unable to provide 10 percent of the eligible cost thereof, the funds appropriated in subdivision 1 may be expended to reduce or eliminate its contribution to the eligible cost.

Subd. 2a. [STATE MATCHING GRANTS PROGRAM BEGINNING OCTOBER 1, 1984.] For projects tendered, on or after October 1, 1984, a grant of federal money under section 201(g), section 202, 203, or 206(f) of the Federal Water Pollution Control Act, as amended, United States Code, title 33, sections 1251 to 1376, at 55 percent or more of the eligible cost for construction of the treatment works, state money appropriated under subdivision 1 must be expended for up to 15 percent of the eligible cost of construction for municipalities for which the construction would otherwise impose significant financial hardship; provided, that not less than 25 percent of the eligible cost must be paid by the municipality or agency constructing the project. If a municipality is tendered federal and state grants in a percentage cumulatively exceeding 75 percent of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to ensure that not less than 25 percent of the eligible cost will be paid by the municipality. The amounts of the matching grants must be based on per connection capital cost, median household income, and per capita adjusted assessed valuation.

Subd. 3a. [STATE INDEPENDENT GRANTS PROGRAM.] (a) The agency may award independent grants for projects for 50 percent or, if the agency requires advanced treatment, 65 percent of the eligible cost of construction. The agency may award independent grants for up to an additional 15 percent or, if the agency requires advanced treatment, up to an additional ten percent of the eligible cost of construction to municipalities for which the construction would otherwise impose significant financial hardship; the amounts of the additional grants shall be based on per connection capital cost, median household income, and per capita adjusted assessed valuation. These grants may be awarded in separate steps for planning and design in addition to actual construction. Not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded for projects for the control of combined sewer overflow as defined by federal regulation. Until December 31, 1990, not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.

(b) *Up to ten percent of the money to be awarded as grants under this subdivision in any single fiscal year shall be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements. The agency shall forward its municipal needs list to the commissioner of energy and economic development at the beginning of each fiscal year, and the commissioner shall review the list and identify those municipalities having substantial economic development projects. After the first 90 percent of the total available money is allocated to municipalities in accordance with agency priorities, the set-aside shall be used by the agency to award grants to remaining municipalities that have been identified.*

(c) *Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and apply to be reimbursed in the subsequent year conditioned upon appropriation of sufficient money under subdivision 1 for that year. The maximum amount of the reimbursement the agency may commit in any single fiscal year is equal to the amount newly appropriated under subdivision 1 for that year.*

Subd. 4. [BOND AUTHORIZATION.] For the purpose of providing money appropriated in subdivision 1 for expenditure from the Minnesota state water pollution control fund through grants to municipalities and agencies of the state for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed for the prevention, control, and abatement of water pollution, the commissioner of finance is authorized upon request of the pollution control agency to sell and issue Minnesota state water pollution control bonds in the amount of (\$144,000,000) *\$156,000,000*, in the manner and upon the conditions prescribed in section 116.17 and in the Constitution, Article XI, Sections 4 to 7. The proceeds of the bonds, except as provided in section 116.17, subdivision 5, are appropriated and shall be credited to the Minnesota state water pollution control fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the water pollution control fund equal to the aggregate amount of grants then approved and not previously disbursed, plus the amount of grants to be approved in the current and the following fiscal year, as estimated by the pollution control agency.

Subd. 5. [FEDERAL AND OTHER FUNDS.] All federal and other funds made available for any purpose of the water pollution control fund are also appropriated to that fund.

Subd. 6. [CONTINUANCE OF APPROPRIATIONS.] None of the appropriations made in this section shall lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement from the water pollution control fund shall be and remain ap-

propriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the pollution control agency.

Sec. 48. Minnesota Statutes 1983 Supplement, section 116J.926, subdivision 3, is amended to read:

Subd. 3. [MUNICIPAL OBLIGATION.] A loan shall not be made to a municipality until it has entered into an agreement with the state providing that the municipality shall make payments of principal and interest at least equal in the aggregate to the principal amount of the loan plus interest at the rate payable on the state bonds. The annual amounts of the payments shall be determined by the commissioner of finance, and need not coincide with the principal and interest payments on the bonds. However, the amounts due each year shall be payable prior to the times transfers are required to be made pursuant to section (16A.65) 16A.641. The agreement shall obligate the municipality to levy an ad valorem property tax equal to the amounts necessary to make the payments. The amount required to be levied may be reduced by any other available amounts contained in a special fund dedicated to payment of the loan obligation.

Sec. 49. Minnesota Statutes 1982, section 136.40, subdivision 6, is amended to read:

Subd. 6. [APPROPRIATIONS TO STATE UNIVERSITY BOND ACCOUNT.] All loan payments to be deposited in the state bond fund in accordance with subdivision 2 shall be credited to the state university bond account therein. In order to reduce the amount of taxes otherwise required to be levied, in accordance with section (16A.65) 16A.641, there shall also be transferred to the state university bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state university bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated for the payment of such bonds and interest thereon, and shall be available in the state university bond account prior to the levy of the tax in any year required by the Constitution, Article 11, Section 7. The legislature may also appropriate to the state university bond account any other moneys in the state treasury not otherwise appropriated, for the security of Minnesota state university bonds in the event that sufficient money should not be available in the account from the sources herein appropriated, prior to the levy of such tax in any year. The commissioner of finance and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Sec. 50. Minnesota Statutes 1982, section 475A.03, subdivision 1, is amended to read:

Subdivision 1. The governing body of any municipality, upon compliance with the terms of sections 475A.01 to 475A.06 and approval of the commissioner of finance may, after July 1, 1971 and before May 1, 1984, include in general obligation bonds of the municipality issued for the purpose of providing funds (FOR ACQUISITION) to acquire or (BETTERMENT OF) to better public lands and buildings and other public improvements of a capital nature, or bonds issued to refund guaranteed bonds, the following statement or such modification thereof consistent with sections 475A.01 to 475A.06 as the secretary shall prescribe:

The payment of this bond and the interest thereon is secured by the state municipal bond guaranty fund in accordance with the Minnesota municipal debt service aid law.

The bonds may also include the designation "secured by the state municipal bond guaranty fund", and the notice of sale of such bonds may include a reference to such guaranty.

Sec. 51. Minnesota Statutes 1982, section 475A.05, subdivision 1, is amended to read:

Subdivision 1. For the purpose of providing money to be loaned to municipalities (FOR THE ACQUISITION) to acquire and (BETTERMENT OF) to better public lands and buildings and other public improvements of a capital nature, when needed to pay the principal of or interest on bonds issued for this purpose, or bonds issued to refund such guaranteed bonds, the municipal bond guaranty loan fund is created as a separate book-keeping account in the general books of account of the state. All proceeds of state bonds credited to this fund, all amounts transferred from the general fund, all guaranty fees received, and all repayments of principal and interest on loans made from the fund are appropriated for construction and other permanent improvement and shall be available until the purposes for which the appropriation was made have been accomplished, except that at any time when the balance on hand in the state municipal bond guaranty fund exceeds ten percent of the principal amount of all then outstanding bonds secured by the fund, the state may reappropriate to the general fund the balance in excess of this amount.

Sec. 52. Minnesota Statutes 1982, section 475A.05, is amended by adding a subdivision to read:

Subd. 1a. [GENERAL FUND APPROPRIATION.] In order to eliminate the need to sell Minnesota state municipal aid bonds, there is annually appropriated from the general fund to the commissioner of finance for transfer to the municipal bond guaranty loan fund the amounts needed to meet the state's obligations under sections 475A.01 to 475A.06, not to exceed a total of \$4,330,000. This subdivision does not prevent the sale of

state municipal aid bonds to the extent that the amount available for transfer from the general fund is not sufficient to meet all the state's obligations under sections 475A.01 to 475A.06.

Sec. 53. Minnesota Statutes 1982, section 475A.06, subdivision 7, is amended to read:

Subd. 7. The commissioner of finance is authorized to sell and issue Minnesota state municipal aid bonds in an aggregate principal amount not to exceed (\$20,000,000) \$4,330,000, the proceeds of which, except as provided in subdivision 1, are appropriated to the state municipal bond guaranty fund for the purpose of providing funds to be loaned to municipalities for the acquisition and betterment of public lands and buildings and other public improvements of a capital nature, when needed to pay the principal of or interest on bonds issued for this purpose or bonds issued to refund such guaranteed bonds, in accordance with the provisions of sections 475A.01 to 475A.06. The bonds shall be sold, issued, and secured as provided in subdivisions 1 to 6 and in Article XI, Section 7 of the Constitution.

Sec. 54. Laws 1983, chapter 344, section 6, subdivision 8, is amended to read:

“Sec. 3. [115A.075] [LEGISLATIVE POLICY AGAINST DISPOSAL OF HAZARDOUS WASTE.]

The legislature finds that hazardous waste must be managed in a manner that protects the health, safety, and welfare of the citizens of the state and protects and conserves the state's natural resources and environment; that reduction of the amount of waste generated and processing, treatment, separation and resource recovery are the preferred methods to manage hazardous waste; and that disposal of hazardous waste should be used only as a last resort when all other management methods are ineffective, and then only if an environmentally suitable site can be identified in the state.

The board, in its planning, site selection, facility approval, and other activities related to hazardous waste shall give first priority to eliminating the generation of hazardous waste and elimi-

nating or reducing the hazardous character of the waste generated in the state through processing, treatment, separation, and resource recovery.

The board may not select a site or approve any facilities for the disposal of hazardous waste until the board:

(a) completes its estimate of the need for disposal facilities and adjusts that estimate based upon the most current information on the development of processing, treatment, separation, and resource recovery facilities in the state, and the availability of disposal capacity outside of the state;

(b) completes its analysis of whether a disposal facility is economically feasible; and

(c) determines and certifies that a disposal facility is needed and should be developed in the state.

If the board selects a site and approves a facility for the disposal of hazardous waste, the board may not proceed with a permit application for the facility until 180 days after the board submits the reports required by section 29."

The reports must be submitted no later than the February 1 following the decisions under section 115A.28. After June 1, 1985, and before December 1, 1985, the waste management board shall prepare a status report on hazardous waste processing facilities indicating the amount and type of hazardous waste treatment residual and untreated material that is expected to require disposal."

Subd. 15. "*Intrinsic suitability*" of a land area or site means that, based on existing data on the inherent and natural attributes, physical features, and location of the land area or site, there is no known reason why the waste facility proposed to be located in the area or site cannot reasonably be expected to qualify for permits in accordance with agency rules. Agency certification of intrinsic suitability shall be based on data submitted to the agency by the proposing entity and data included by the hearing examiner in the record of any public hearing on recommended certification, and applied against criteria in agency rules and any additional criteria developed by the agency in effect at the time the proposing entity submits the site for certification.

In the event that all candidate sites selected by the board before the effective date of this section are eliminated from further consideration and a new search for candidate sites is commenced, "intrinsic suitability" of a land area or site shall mean that, because of the inherent and natural attributes, physical features, and location of the land area or site, the waste facility proposed to be located in the area or site would not be likely to result in material harm to the public health and safety and natural re-

sources and that therefore the proposed facility can reasonably be expected to qualify for permits in accordance with agency rules."

Part of the school day may be provided in employment-related or community-based instruction, but only within a program which receives annual approval by the local district board, is in compliance with state board rules, and is on file with the commissioner of education. The information on the employment-related or community-based instruction submitted to the commissioner shall contain at least an estimate of the number of students involved, a description of the alternative instruction, and the percentage of the students' instructional year involved.

124.2138 [REVENUE EQUITY AID SUBTRACTION.]

Subdivision 1. [BASIC MAINTENANCE LEVY EQUITY.]
(1) (IN ANY YEAR WHEN) *If the amount of the maximum levy limitation under section 275.125, subdivision 2a, for fiscal year 1985 for any district, or for fiscal year 1986 or after for a nonagricultural district (UNDER SECTION 275.125, SUBDIVISION 2a,) exceeds the district's basic foundation revenue for the corresponding fiscal year, an amount shall be deducted as provided in this subdivision from special state aids of chapter 124 receivable for the same fiscal year, and from state payments on behalf of the district for the same fiscal year authorized in sections 354.43, subdivision 1; 354A.12, subdivision 2; and 355.46, subdivision 3, clause (b). However, the aid authorized in sections 124.2137 and 124.646 shall not be reduced.*

(2) The amount of the deduction shall equal the difference between:

(a) the sum of the amount of the district's maximum levy limitation under section 275.125, subdivision 2a, plus the amount of any reductions to that levy limitation pursuant to section 275.125, subdivisions 2e, *clause (1)(b)*, and 9, and

(b) the district's basic foundation revenue.

However, for fiscal year 1985, the amount of the deduction shall be one-sixth of the difference between clauses (a) and (b); for fiscal year 1986, the amount of the deduction shall be one-third of the difference between clauses (a) and (b); for fiscal year 1987, the amount of the deduction shall be one-half of the

difference between clauses (a) and (b); for fiscal year 1988, the amount shall be two-thirds of the difference between clauses (a) and (b); and for fiscal year 1989, the amount of the deduction shall be five-sixths of the difference between clauses (a) and (b).

Subd. 2. [TRANSPORTATION LEVY EQUITY.] (1) (IN ANY FISCAL YEAR IN WHICH) *If the transportation levy for fiscal year 1985 in any district, or for fiscal year 1986 and thereafter in a nonagricultural district (ATTRIBUTABLE TO THAT FISCAL YEAR), of 1.75 mills times the adjusted assessed valuation of the district exceeds the transportation aid computation under section 124.225, subdivisions 8b, 8i, 8j, and 8k, an amount shall be deducted as provided in this subdivision from special state aids of chapter 124 receivable for the same fiscal year, and from state payments on behalf of the district for the same fiscal year authorized in sections 354.43, subdivision 1; 354A.12, subdivision 2; and 355.46, subdivision 3, clause (b), to the extent that those special state aids and state payments have not been reduced pursuant to subdivision 1 of this section. However, aid authorized in sections 124.2137 and 124.646 shall not be reduced.*

(2) The amount of the deduction shall equal the difference between:

(a) 1.75 mills times the adjusted assessed valuation of the district for the levy attributable to that fiscal year, and

(b) the sum of the district's transportation aid computation pursuant to section 124.225, subdivisions 8b, 8i, 8j, and 8k, less the amount of any aid reduction due to an insufficient appropriation as provided in section 124.225, subdivision 8a.

However, for fiscal year 1985, the amount of the deduction shall be one-sixth of the difference between clauses (a) and (b); for fiscal year 1986, the amount of the deduction shall be one-third of the difference between clauses (a) and (b); for fiscal year 1987, the amount of the deduction shall be one-half of the difference between clause (a) and (b); for fiscal year 1988, the amount of the deduction shall be two-thirds of the difference between clauses (a) and (b); and for fiscal year 1989, the amount of the deduction shall be five-sixths of the difference between clauses (a) and (b).

The district shall pay employer contributions in the amount of the reduction of these payments to the commissioner, which amount shall be placed in the general fund.

Subd. 4. [NONAGRICULTURAL DISTRICT DEFINED.] For the purposes of this section, nonagricultural district means a district where the assessed valuation of agricultural land identified in section 273.13, subdivisions 4, 6, and 6a, comprises less than 60 percent of the assessed valuation of the district.

Subdivision 1. [COST DIFFERENTIAL TIER ALLOWANCE.] "Cost differential tier allowance" means the amount of revenue per actual pupil unit used to compute the cost differential tier aid for a school year and levy for use in the same school year. A district's cost differential tier allowance shall be the result of the following computation:

(a) Divide the amount of aid the district would have received for the 1980-1981 school year if Minnesota Statutes, 1979 Supplement, section 124.224, as amended by section 124.2124, subdivision 1, had been effective for the 1980-1981 school year by the actual pupil units in the district in the 1980-1981 school year.

(b) *For the 1984-1985 school year, multiply the result in clause (a) by one. For the 1985-1986 school year and school years thereafter, multiply the result in clause (a) by two.*

(c) Divide the formula allowance for the school year by \$1265.

((C)) (d) Multiply the result in clause ((A)) (b) by the result in clause ((B)) (c).

((D)) (e) Subtract 1.25 from the training and experience index, and multiply the difference by \$300 for the 1984-1985 school year, or \$400 for the 1985-1986 school year and thereafter.

((E)) (f) Select the greater of the result in clause ((D)) (e) or zero.

((F)) (g) Add the results of clauses ((C)) (d) and ((E)) (f).

Sec. 8. Minnesota Statutes 1983 Supplement, section 124A.12, subdivision 1, is amended to read:

Subdivision 1. [FOURTH TIER ALLOWANCE.] "Fourth tier allowance" means the amount of revenue per actual pupil unit used to compute the fourth tier aid for a particular school year and the corresponding levy for that school year. (a) Subtract 1.25 from the training and experience index, and multiply the difference by \$150.

(b) Select the greater of the result in clause (a) or zero.

(c) Add \$100 to the result of clause (b).

Sec. 9. Minnesota Statutes 1983 Supplement, section 124A.14 is amended to read:

124A.14 [FIFTH TIER AID WITH 50 PERCENT EQUALIZING FACTOR.]

Subdivision 1. [TOTAL TIER ALLOWANCE.] *"Total tier allowance" shall mean the sum of the cost differential tier allowance, second tier allowance, third tier allowance, and fourth tier allowance, as defined in this chapter.*

Subd. 2. [PREVIOUS FORMULA AMOUNT.] *"Previous formula amount" shall mean:*

(a) *the sum of the grandfather revenue, replacement revenue, discretionary revenue, and low fund balance revenue the district would have received for the 1984-1985 school year if the provisions of Minnesota Statutes 1982, sections 124.2123, 124.2124, 124.2125, and 124.2128 had been effective for the 1984-1985 school year, divided by*

(b) *the 1984-1985 actual pupil units.*

(c) *The computations in this subdivision shall be made assuming that the district would have been entitled to and would have levied the maximum allowable under Minnesota Statutes 1982, section 275.125, subdivision 7a, and that no levy or aid reduction would have been made according to Minnesota Statutes 1982, section 275.125, subdivision 7c.*

Subd. 3. [MINIMUM INCREASE.] *"Minimum increase" shall mean the amount equal to \$25 times the 1984-1985 total pupil units, divided by the 1984-1985 actual pupil units.*

Subd. 4. [FIFTH TIER ALLOWANCE.] *"Fifth tier allowance" means the amount of revenue per actual pupil unit used to compute the fifth tier aid for a particular school year and the corresponding levy for that school year. The fifth tier allowance shall equal the (RESULT OF THE FOLLOWING COMPUTATION:)*

((A) DETERMINE THE REVENUE THE DISTRICT WOULD HAVE RECEIVED FOR THE 1984-1985 SCHOOL YEAR FROM GRANDFATHER REVENUE, REPLACE-

MENT REVENUE, AND LOW FUND BALANCE REVENUE, IF THE PROVISIONS OF MINNESOTA STATUTES 1982, SECTIONS 124.2123, 124.2124, AND 124.2128 HAD BEEN EFFECTIVE FOR THE 1984-1985 SCHOOL YEAR.)

((B) DETERMINE THE DISCRETIONARY REVENUE THE DISTRICT WOULD HAVE RECEIVED FOR THE 1984-1985 SCHOOL YEAR IF THE PROVISIONS OF MINNESOTA STATUTES 1982, SECTION 124.2125 HAD BEEN EFFECTIVE FOR THE 1984-1985 SCHOOL YEAR. ASSUME THE DISTRICT HAD BEEN ENTITLED TO AND HAD LEVIED THE MAXIMUM ALLOWABLE UNDER SECTION 275.125, SUBDIVISIONS 7A, AND NO AID OR LEVY REDUCTIONS WERE MADE ACCORDING TO SECTION 275.125, SUBDIVISION 7C.)

((C) DETERMINE THE AMOUNT OF REVENUE EQUAL TO \$25 TIMES THE TOTAL PUPIL UNITS IN THE 1984-1985 SCHOOL YEAR.)

((D) ADD THE RESULTS IN CLAUSES (A), (B), AND (C).)

((E) DETERMINE THE ESTIMATED REVENUE THE DISTRICT WOULD RECEIVE FOR THE 1984-1985 SCHOOL YEAR FROM THE FIRST TO FOURTH TIER REVENUE FOR THE 1984-1985 SCHOOL YEAR.)

((F) SUBTRACT THE RESULT OF CLAUSE (E) FROM THE RESULT OF CLAUSE (D).)

((G) DIVIDE THE AMOUNT IN CLAUSE (F) BY THE 1984-1985 ACTUAL PUPIL UNITS) *previous formula amount plus the minimum increase minus the total tier allowance for the current year. If this result is less than zero, the fifth tier allowance shall equal zero.*

Subd. (2) 5. [FIFTH TIER REVENUE.] A district's fifth tier revenue for each school year shall equal the fifth tier allowance times its actual pupil units for that school year.

Subd. (3) 6. [FIFTH TIER AID.] A district's fifth tier aid shall be the result of the following computation:

(1) Subtract the amount of the fifth tier levy from the amount of the fifth tier revenue.

(2) Divide the actual fifth tier levy by the permitted fifth tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

Sec. 10. Minnesota Statutes 1983 Supplement, section 124A.16, is amended to read:

124A.16 [COMMENCEMENT OF TIER REVENUE.]

Subdivision 1. [(TOTAL TIER ALLOWANCE) DEFINITIONS.] "Total tier allowance," "previous formula amount," and "minimum increase" shall (MEAN THE SUM OF THE ALLOWANCES FROM THE TIERS SPECIFIED IN SECTIONS 124A.06, 124A.08, 124A.10, 124A.12, AND 124A.14) *have the meanings given them in section 124A.14.*

(SUBD. 3. [MINIMUM INCREASE.] "MINIMUM INCREASE" SHALL MEAN THE AMOUNT EQUAL TO \$25 TIMES THE TOTAL PUPIL UNITS IN THE 1984-1985 SCHOOL YEAR, DIVIDED BY THE ACTUAL PUPIL UNITS IN THE 1984-1985 SCHOOL YEAR.)

(SUBD. 4.) The total revenue per actual pupil unit permitted from the tiers specified in sections 124A.06, 124A.08, 124A.10, 124A.12, and 124A.14 shall equal the sum of the previous formula amount plus the greater of:

(a) the minimum increase; or

(b) 25 percent of the difference between the total tier allowance and the previous formula amount in the 1984-1985 school year, 50 percent of the difference in the 1985-1986 school year, 75 percent of the difference in the 1986-1987 school year, or 100 percent of the difference in the 1987-1988 school year and subsequent school years.

Subd. (5) 3. The revenue permitted by this section shall be accorded to the lowest numbered tiers, beginning with the cost differential tier.

Subd. (6) 4. The permitted total revenue per actual pupil unit specified in subdivision (4) 2 shall be determined prior to the reduction according to section 275.125, subdivision 7e.

Subdivision 1. [DISTRIBUTION FROM GENERAL FUND.] The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton," to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, less any amount distributed under clause (8), to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton plus the increase provided in paragraph (c) to qualifying school districts to be distributed as follows:

(a) Six cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, less any amount distributed under part (d), shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its certified levy for the prior year, computed pursuant to section 275.125, comprises of the sum of certified levies for the prior year for all qualifying districts, computed pursuant to section 275.125. For purposes of distributions pursuant to this part, certified levies for the prior year computed

pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2d.

(c) On July 15, 1982, and on July 15 in subsequent years, an amount equal to the increase derived by increasing the amount determined by clause (3) (b) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in clause (3) (b) where a levy increase pursuant to section 275.125, subdivision 2d, is authorized by referendum, according to the following formula. Each district shall receive the product of:

(i) \$150 times the pupil units identified in section 124.17, subdivision 1, clauses (1) and (2), enrolled in the *second* previous school year, less the product of two mills times the district's taxable valuation in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the amount certified pursuant to section 275.125, subdivision 2d, in the previous year, to the product of two mills times the district's taxable valuation in the second previous year.

If the total amount provided by clause (3) (c) is insufficient to make the payments herein required then the entitlement of \$150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to clause (3) (c) shall not be applied to reduce foundation aids which the district is entitled to receive pursuant to sections 124.2121 to 124.2128 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of finance who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in section 298.28, subdivision 1, clause 10.

(d) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be dis-

tributed pursuant to part (b). The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) Four cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) One cent per taxable ton to the state for the cost of administering the tax imposed by section 298.24.

(7) Three cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. The amount determined in this clause shall be increased in 1981 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. The amount distributed pursuant to this clause shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this clause may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

(8) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and

schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

(9) the amounts determined under clauses (4)(a), (4)(c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

(10) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to (9) and parts (a) and (b) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 as follows: In 1981 and each year thereafter, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977; provided, however, that the amount distributed in 1981 to the unorganized territory number 2 of Lake County and the town of Beaver Bay based on the between-terminal trackage of Erie Mining Company will be distributed in 1982 and subsequent years to the unorganized territory number 2 of Lake County and the towns of Beaver Bay and Stony River based on the miles of track of Erie Mining Company in each taxing district.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allow-

able as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4) (c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account

and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection trust fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Sec. 13. [ISOLATED SCHOOL AID.]

In the 1984-1985 school year, a district having more than 2,500 square miles in area and operating six or more secondary schools shall receive aid equal to \$50 times the actual pupil units in that school year.

Sec. 14. [AID SUBTRACTION INCREASE.]

The legislature intends that, as a result of changes in school district levy limitations in this article, articles 2 and 4, the aid subtraction required by section 124.155 will be increased by an estimated \$2,283,000 for fiscal year 1985.

Sec. 15. [REPEALER.]

Minnesota Statutes 1982, section 124.212, subdivision 1, is repealed.

Sec. 16. [APPROPRIATION.]

There is appropriated from the general fund to the department of education the sum of \$166,500 for isolated school aid for fiscal year 1985.

Sec. 17. [EFFECTIVE DATE.]

Section 12 is effective for the distribution required to be made on July 15, 1984, and for distributions thereafter.

SPECIAL EDUCATION

Section 1. Minnesota Statutes 1983 Supplement, section 120.17, subdivision 3b, is amended to read:

Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment and educational placement of handicapped children:

(a) Parents and guardians shall receive prior written notice of:

(1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) a proposed placement of their child in, transfer from or to, or denial of placement in a special education program; or

(3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (d) at the district's initiative after at least one attempt to obtain this consent through a conciliation conference held pursuant to clause (c);

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a);

(d) Parents, guardians and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted in the school district where the child resides, if after at least one conciliation conference the parent or guardian continues to object to:

(1) a proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) the proposed placement of their child in, or transfer of their child to a special education program;

(3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program;

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with his objectivity at the hearing. A person who otherwise qualifies as a

hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(e) The decision of the hearing officer pursuant to clause (d) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45-day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the (COMMISSIONER) *hearing review officer* by the parent, guardian, or the school board of the district where the child resides pursuant to clause (f).

The local decision shall:

- (1) be in writing;
 - (2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the (COMMISSIONER) *hearing review officer* of the basis and reason for the decision;
 - (3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;
 - (4) state the amount and source of any additional district expenditure necessary to implement the decision; and
 - (5) be based on the standards set forth in subdivision 3a and the rules of the state board.
- (f) Any local decision issued pursuant to clauses (d) and (e) may be appealed to the (COMMISSIONER) *hearing review officer* within 15 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district where the child resides.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The (COMMISSIONER) *hearing review officer* shall issue a final decision based on an impartial review of the local decision and the entire record within 30 calendar days after the filing of the appeal. The (COMMISSIONER) *hearing review officer* shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument;

provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. The (COMMISSIONER) *hearing review officer* may grant specific extensions of time beyond the 30-day period at the request of any party.

The final decision shall:

- (1) be in writing;
- (2) include findings and conclusions; and
- (3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.

(g) The decision of the (COMMISSIONER) *hearing review officer* shall be final unless appealed by the parent or guardian or school board to the court of appeals. The judicial review shall be in accordance with chapter 14.

(h) *The commissioner of education, having delegated general supervision of special education to the appropriate staff, shall be the hearing review officer except for appeals in which:*

(1) *the commissioner has a personal interest in or specific involvement with the student who is a party to the hearing;*

(2) *the commissioner has been employed as an administrator by the district that is a party to the hearing;*

(3) *the commissioner has been involved in the selection of the administrators of the district that is a party to the hearing;*

(4) *the commissioner has a personal, economic, or professional interest in the outcome of the hearing other than the proper administration of the federal and state laws, rules, and policies;*

(5) *the appeal challenges a state or local policy which was developed with substantial involvement of the commissioner; or*

(6) *the appeal challenges the actions of a department employee or official.*

For any appeal to which the above exceptions apply, the state board of education shall name an impartial and competent hearing review officer.

In all appeals, the parent or guardian of the handicapped student or the district that is a party to the hearing may challenge the impartiality or competence of the proposed hearing review officer by applying to the state board of education.

((H)) (i) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise, the child shall remain in his current educational placement and shall not be denied initial admission to school.

((I)) (j) The child's school district of residence, if different from the district where the child actually resides, shall receive notice of any may be a party to any hearings or appeals pursuant to this subdivision.

Sec. 2. [REPEALER.]

Minnesota Statutes 1982, section 124.32, subdivisions 1a, 1e, and 2a; and Minnesota Statutes 1983 Supplement, section 124.32, subdivision 5a, are repealed.

Subd. 2b. [AID; 1985 AND AFTER.] (1) (IN FISCAL YEAR 1985 AND) Each fiscal year (THEREAFTER, EACH) a district which is operating a community education program in compliance with rules promulgated by the state board shall re-

ceive community education aid (IN). *For fiscal year 1985, the aid shall be an amount equal to the difference obtained by subtracting*

(a) an amount equal to .8 mill times the adjusted assessed valuation used to compute the community education levy limitation for the levy attributable to that school year, from

(b) the greater of

(i) \$7,000, or

(ii) \$5 times the population of the district.

For fiscal year 1986 and each fiscal year thereafter, the aid shall be an amount equal to the difference obtained by subtracting

(a) an amount equal to .8 mill times the adjusted assessed valuation used to compute the community education levy limitation for the levy attributable to that school year, from

(b) the greater of

(i) \$7,000, or

(ii) \$5.25 times the population of the district.

(2) However, for any district which certifies less than the maximum permissible levy under the provisions of section 275.125, subdivision 8, clause ((4)) (1), the district's community education aid under clause (1) of this subdivision shall be reduced by multiplying the aid amount computed pursuant to clause (1) of this subdivision by the ratio of the district's actual levy under section 275.125, subdivision 8, clause ((4)) (1), to its maximum permissible levy under section 275.125, subdivision 8, clause ((4)) (1). For purposes of computing the aid reduction pursuant to this clause, the amount certified pursuant to section 275.125, subdivision 8, clause ((4)) (1), shall not reflect reductions made pursuant to section 275.125, subdivision 9.

(3) In addition to the amount in clause (1), in fiscal year 1985 (AND EACH FISCAL YEAR THEREAFTER) a district which makes a levy for community education programs pursuant to section 275.125, subdivision 8, shall receive additional aid of 50 cents per capita.

Sec. 3. [124.2711] [EARLY CHILDHOOD AND FAMILY EDUCATION AID.]

Subdivision 1. [DEFINITION OF MAXIMUM REVENUE.] Beginning for fiscal year 1986 and each year thereafter

Subd. 2. [POPULATION.] For the purposes of subdivision 1, data reported to the department of education according to the provisions of section 120.095 may be used to determine the number of people under five years of age residing in the district. The commissioner, with the assistance of the state demographer, shall review the number reported by any district operating an early childhood and family education program. If requested, the district shall submit to the commissioner an explanation of its methods and other information necessary to document accuracy. If the commissioner determines that the district has not provided sufficient documentation of accuracy, the commissioner may request the state demographer to prepare an estimate of the number of people under five years of age residing in the district and may use this estimate for the purposes of subdivision 1.

Subd. 3. [AID.] In fiscal year 1986 and thereafter, if a district complies with the provisions of section 1 of this article, it shall receive early childhood and family education aid equal to:

(a) the difference between the maximum revenue, according to subdivision 1, and the permitted levy attributable to the same school year, according to section 275.125, subdivision 8b, times

(b) the ratio of the district's actual levy to its permitted levy attributable to the same school year, according to section 275.125, subdivision 8b.

Subd. 4. [USE OF REVENUE RESTRICTED.] The proceeds of the aid authorized by this section and the levy authorized by section 275.125, subdivision 8b, shall be used only for early childhood and family education programs.

Sec. 4. Minnesota Statutes 1983 Supplement, section 125.032, subdivision 2, is amended to read:

Subd. 2. [EXCEPTIONS.] A person who teaches in a community education program which qualifies for aid pursuant to section 124.26 shall continue to meet licensure requirements as a teacher. A person who teaches in a community education course which is offered for credit for gradua-

tion to persons under 18 years of age shall continue to meet licensure requirements as a teacher. A person who teaches a driver training course which is offered through a community education program to persons under 18 years of age shall be licensed by the board of teaching. A license which is required for an instructor in a community education program pursuant to this subdivision shall not be construed to bring an individual within the definition of a teacher for purposes of section 125.12, subdivision 1, or section 125.17, subdivision 1, clause (a). (A COMMUNITY EDUCATION INSTRUCTOR SHALL NOT BE DEFINED AS A TEACHER PURSUANT TO SECTION 179.63, SUBDIVISION 13, OR BE A MEMBER OF A TEACHER BARGAINING UNIT SOLELY AS A RESULT OF THAT INDIVIDUAL'S EMPLOYMENT IN A COMMUNITY EDUCATION PROGRAM.)

Sec. 5. Minnesota Statutes 1983 Supplement, section 275.125, subdivision 8, is amended to read:

Subd. 8. [COMMUNITY EDUCATION LEVY.] (1) (EXCEPT AS PROVIDED IN CLAUSES (2) AND (3), IN 1982 A DISTRICT WHICH HAS ESTABLISHED A COMMUNITY EDUCATION ADVISORY COUNCIL PURSUANT TO SECTION 121.88, MAY LEVY THE AMOUNT RAISED BY .9 MILL TIMES THE MOST RECENT ADJUSTED ASSESSED VALUATION OF THE DISTRICT, BUT NO MORE THAN \$5 TIMES THE POPULATION OF THE DISTRICT. THIS AMOUNT SHALL BE REDUCED TO \$4.75 PER CAPITA FOR DISTRICTS WHICH WILL QUALIFY FOR AID IN FISCAL YEAR 1984 EQUAL TO 25 CENTS PER CAPITA PURSUANT TO SECTION 124.271, SUBDIVISION 2A, CLAUSE (1)(B).)

((2) IN 1982 DISTRICTS WHICH RECEIVED TOTAL REVENUE IN FISCAL YEAR 1983 FROM COMMUNITY EDUCATION AID AND LEVY IN EXCESS OF \$5 TIMES THE POPULATION OF THE DISTRICT, MAY LEVY THE AMOUNT OF THE FISCAL YEAR 1983 REVENUE LESS \$5 TIMES THE POPULATION OF THE DISTRICT IN ADDITION TO THE AMOUNT IN CLAUSE (1).)

((3) IN 1982 DISTRICTS WHICH WILL QUALIFY FOR AID PURSUANT TO SECTION 124.271, SUBDIVISION 2A, CLAUSE (1)(C) MAY LEVY THE GREATER OF THE FOLLOWING:)

((4) IN 1983 AND) Each year (THEREAFTER), a district which has established a community education advisory

council pursuant to section 121.88, may levy the amount raised by .8 mill times the most recent adjusted assessed valuation of the district, but no more than the greater of

- (a) (\$5) \$5.25 times the population of the district, or
- (b) \$7,000.

((5)) (2) In addition to the levy authorized in clause ((4)) (1), in 1983 a district may levy an additional amount for community education programs equal to the difference obtained by subtracting

- (a) the sum in fiscal year 1984 of

- (i) the district's estimated maximum permissible revenue for fiscal year 1985 from community education aid under section 124.271, subdivision (2A) 2b, clause (1), and

- (ii) the community education levy authorized in clause ((4)) (1) of this subdivision, from

- (b) The sum in fiscal year 1983 of

- (ii) the maximum community education levy authorized in this subdivision for the district for the levy made in 1981, payable in 1982, before any reduction in the levy pursuant to subdivision 9.

((6)) (3) In 1984 and each year thereafter, in addition to the levy authorized in clause ((4)) (1), a district may levy an amount equal to the amount the district was entitled to levy pursuant to clause ((5)) (2) in 1983.

((7)) (4) The levies authorized in this subdivision shall be used for community education, including nonvocational adult programs, recreation and leisure time activity programs, and programs authorized by sections 121.85 to 121.88 and 129B.06 to 129B.09, and section 1 of this article. A school district may levy pursuant to this subdivision only after it has filed a certificate of compliance with the commissioner of education. The certificate of compliance shall certify that the governing boards of the county, municipality and township in which the school district or any part thereof is located have been sent 15 working days writ-

ten notice of a meeting and that a meeting has been held to discuss methods of increasing mutual cooperation between such bodies and the school board. The failure of a governing board of a county, municipality or township to attend the meeting shall not affect the authority of the school district to levy pursuant to this subdivision.

((8)) (5) The population of the district for purposes of this subdivision is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

Sec. 6. Minnesota Statutes 1982, section 275.125, is amended by adding a subdivision to read:

Subd. 8b. [EARLY CHILDHOOD AND FAMILY EDUCATION LEVY.] A district may levy for its early childhood and family education program. The amount levied shall not exceed the lesser of:

(a) .4 mill times the adjusted assessed valuation of the district for the year preceding the year the levy is certified, or

(b) the maximum revenue as defined in section 3 of this article, subdivision 1, for the school year for which the levy is attributable.

Sec. 7. Laws 1983, chapter 314, article 9, section 14, subdivision 3, is amended to read:

Subd. 3. [EARLY CHILDHOOD AND FAMILY EDUCATION PROGRAMS.] For early childhood and family education programs pursuant to sections 129B.06 to 129B.09, there is appropriated:

\$1,028,000 1984.

The appropriation for fiscal year 1984 includes \$209,000 for grants for fiscal year 1983 payable in fiscal year 1984, and \$819,000 for grants for fiscal year 1984. The amount of the appropriation for grants for fiscal year 1984 is the total appropriation for these grants.

The council on quality education shall prorate this amount among the eligible districts in proportion to the ratio of the district's grant for fiscal year 1983 to the total amount of grants made for fiscal year 1983. However, the total amount of revenue received by a district for fiscal year 1984 pursuant to this subdivision and Minnesota Statutes, section 124.271, subdivision 2a, clause (2) shall not exceed the amount of the district's grant for fiscal year 1983; if any district's aid is reduced because of this

limitation, the amount of the reduction shall be prorated among the districts not subject to this limitation.

Sec. 8. [EARLY CHILDHOOD AND FAMILY EDUCATION AID FOR FISCAL YEAR 1985.]

Each district that provided an early childhood and family education program funded by the council on quality education during the 1982-1983 school year is entitled to receive aid in fiscal year 1985 to continue the program. The aid shall be in addition to community education aid. The aid shall equal (a) \$11,000, minus (b) the amount of aid received pursuant to Minnesota Statutes 1983 Supplement, section 124.271, subdivision 2b, clause (3). However, a district that has not established a community education program shall receive no aid under this section.

Sec. 9. [REPEALER.]

Minnesota Statutes 1982, sections 129B.06; 129B.07; 129B.08; and 129B.09, as amended by Laws 1983, chapters 260, section 29, and 314, articles 6, section 33, and 9, sections 8 and 9, are repealed.

Sec. 10. [APPROPRIATION; EARLY CHILDHOOD AND FAMILY EDUCATION.]

There is appropriated from the general fund to the department of education for fiscal year 1985 the sum of \$116,500. Of this sum \$101,500 is for aid to districts for fiscal year 1985 according to section 8 of this article. The aid shall be paid at 100 percent of the entitlement for fiscal year 1985. The remaining \$15,000 is for the department of education for personnel service contracts to provide assistance to districts.

Sec. 11. [EFFECTIVE DATE.]

Section 4 is effective the day following final enactment. Sections 1, 3, and 9 are effective July 1, 1985.

No acquisition or betterment of lands or buildings or capital improvement which requires the expenditure of less than \$50,000, which does not change a perimeter wall and which does not require the issuance of school district bonds, shall be carried out without the approval of the (COMMISSIONER) *state director of vocational technical* education. As used in this subdivision, the terms "acquisition" and "betterment", as applied to lands and buildings, and "capital improvement" shall have the meanings ascribed to them in chapter 475, but shall not include the acquisition or betterment of machinery or equipment.

Sec. 5. Minnesota Statutes 1982, section 121.212, subdivision 1, is amended to read:

Subdivision 1. Any school board or joint school board operating an area (VOCATIONAL-TECHNICAL) *vocational technical* school, pursuant to section (121.21) *136C.07*; Laws 1967, Chapter 822, as amended; Laws 1969, Chapter 775, as amended; or Laws 1969, Chapter 1060, as amended, may make, adopt and enforce rules, regulations or ordinances for the regulation of traffic and parking in parking facilities and on private roads and roadways situated on property owned, leased, occupied or operated by the board.

Subd. 2. [RECEIPTS.] The commissioner of finance and treasurer shall deposit in the fund as received all proceeds of (VOCATIONAL-TECHNICAL) *vocational technical* building bonds, except accrued interest and premiums received upon the sale thereof. All such receipts are annually appropriated for the permanent acquisition purposes of the fund, and shall be and remain available for expenditure in accordance with this section until the purposes of the appropriations have been accomplished or abandoned.

Subd. 3. [DISBURSEMENTS.] Disbursements from the fund shall be made by the state treasurer upon the order of the commissioner of finance at the times and in the amounts requested by the state board of *vocational technical* education in accordance with the applicable appropriation acts, for grants to school districts for the acquisition and betterment of land, buildings, and capital improvements for area (VOCATIONAL-TECHNICAL) *vocational technical* institutes. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended therefor, as set forth in section (121.214) *136C.42*. Any such law, together with this section and the laws herein referred to, constitutes complete authority for the issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. [ISSUANCE.] The bonds shall be sold upon sealed bids and upon notice, at a price, in form and denominations, bearing interest at a rate or rates, maturing in amounts and on dates, subject to prepayment upon notice and at times and prices, payable at a bank or banks within or outside the state, with or without provisions for registration, conversion, exchange, and issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with further regulations, as the commissioner of finance shall determine subject to the approval of the attorney general, but not subject to the provisions of sections 14.02, 14.04 to 14.36, 14.38, 14.44 to 14.45, and 14.57 to 14.62. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures on the bonds and on any interest coupons and the seals may be printed or otherwise reproduced, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of a person authorized to sign on behalf of a bank designated by them as authenticating

agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the (VOCATIONAL-TECHNICAL) *vocational technical* building fund and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. [(VOCATIONAL-TECHNICAL) VOCATIONAL TECHNICAL BUILDING BOND ACCOUNT IN THE STATE BOND FUND.] The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account designated as the (VOCATIONAL-TECHNICAL) *vocational technical* building bond account, to record receipts and disbursements of money transferred to the fund to pay (VOCATIONAL-TECHNICAL) *vocational technical* building bonds and interest thereon, and of income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average rate of return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO BOND ACCOUNT.] There shall be credited to the (VOCATIONAL-TECHNICAL) *vocational technical* building bond account the premium and accrued interest received on each issue of (VOCATIONAL-TECHNICAL) *vocational technical* building bonds and, from the general fund in the state treasury, on November 1 in each year, a sum of money equal to the amount of the tax which the Constitution would otherwise require to be levied for collection in the following year, for the purpose of increasing the balance then on hand in the account to an amount sufficient to pay principal and interest due and to become due with respect to (VOCATIONAL-TECHNICAL) *vocational technical* building bonds. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax for the state bond fund in any year as required by the Constitution. The commissioner of finance and the state treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. [TAX LEVY.] On or before December 1 in each year, if the full amount appropriated to the bond account in subdivision 5 has not been credited thereto, the tax required by the Constitution shall be levied upon all taxable property within the state. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all (VOCATIONAL-TECHNICAL) *vocational technical* building bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is not sufficient money from the proceeds of such taxes to pay the principal and interest when due on (VOCATIONAL-TECHNICAL) *vocational technical* building bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefore is hereby appropriated.

Sec. 9. Minnesota Statutes 1982, section 121.2155, is amended to read:

The state portion of debt service costs shall equal the amount necessary to make payments due in each school year ending June 30 with respect to qualifying bonds issued to finance post-secondary vocational facilities and interest thereon, multiplied by the average of the district's nonresident reimbursement percentage pursuant to Minnesota Statutes 1974, Section 121.21, Subdivision 5, in fiscal years ended June 30, 1973, 1974, and 1975. For purposes of the computation of debt service aid, qualifying bonds shall include only:

Subd. 5. The commissioner of finance shall issue to the state treasurer warrants for payment of one-half of the amount to the treasurer of the school district on or before July 15 and one-half thereof on or before November 15 in the following year, in lieu of the distributions of this amount otherwise payable by county treasurers at these times under the provisions of section 276.11.

(NO RULES PROMULGATED BY THE STATE BOARD PURSUANT TO ANY STATUTE SHALL REQUIRE A DISTRICT TO OFFER SECONDARY VOCATIONAL EDUCATION.) The state board of education shall not require a school district to offer more than four credits or 560 hours of vocational education course offerings in any school year.* Rules relating to secondary vocational education programs shall not incorporate the provisions of the state plan for vocational education by reference. Section 1. Minnesota Statutes 1983 Supplement, section 124.214, subdivision 2, is amended to read:

Subd. 2. [ABATEMENTS.] Whenever by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the assessed valuation of any school district for any taxable year is changed after the taxes for that year have been spread by the county auditor and the mill rate as determined by the county auditor based upon the original assessed valuation is applied upon the changed valuations, the county auditor shall, prior to February 1 of each year, certify to the commissioner of education the amount of any resulting net revenue loss that accrued to the school district during the preceding year. In August of each year, the commissioner shall pay an abatement adjustment to the district in an amount calculated according to the provisions of this subdivision. This amount shall be deducted from the amount of the levy authorized by section 275.48. *The abatement adjustment shall be recognized as revenue in the fiscal year in which it is received.* The amount of the abatement adjustment shall be the product of:

(1) the net revenue loss as certified by the county auditor, times

(2) the ratio of:

(a) *the sum of the amounts of the district's certified levy in the preceding October according to the following:*

(i) *section 275.125, subdivisions 2a, 7d, clause (1), and 7d, clause (2), if the district is entitled to basic foundation aid according to section 124.2122;*

(ii) *section 275.125, subdivisions 7d, clause (3), if the district is entitled to third tier aid according to section 124A.10, subdivision 3;*

(iii) *section 275.125, subdivision 7d, clause (4), and 7d, clause (5), if the district is eligible for fourth tier aid according to section 124A.12, subdivision 3;*

(iv) *section 275.125, subdivisions 2j and 2k, if the district is entitled to summer school aid according to section 124.201; and*

(v) *section 275.125, subdivisions 5 and 5c, if the district is entitled to transportation aid according to section 124.225, subdivision 8a;*

(b) *to the (SUM OF THE AMOUNTS) total amount of the district's certified levy (LIMITATIONS) in the preceding Octo-*

ber pursuant to (SECTION 275.125, SUBDIVISIONS 2A, 2I, 2J, 2K, 5, 5C, 6C, AND 7A TO THE TOTAL AMOUNT OF THE DISTRICT'S MAXIMUM LEVY LIMITATION IN THE PRECEDING OCTOBER PURSUANT TO) section 275.125, *plus or minus auditor's adjustments.* (IF THE DISTRICT IS ENTITLED TO AID PURSUANT TO SECTION 124.2123, THE LEVY LIMITATION PURSUANT TO SECTION 275.125, SUBDIVISION 6B, SHALL BE INCLUDED IN THE COMPUTATION OF THE RATIO. IF THE DISTRICT IS ENTITLED TO AID PURSUANT TO SECTION 124.2128, THE LEVY LIMITATION PURSUANT TO SECTION 275.125, SUBDIVISION 6D, SHALL BE INCLUDED IN THE COMPUTATION OF THE RATIO. THE ABATEMENT ADJUSTMENT SHALL BE RECOGNIZED AS REVENUE IN THE FISCAL YEAR IN WHICH IT IS RECEIVED.)

Sec. 2. Minnesota Statutes 1982, section 124.245, subdivision 1, is amended to read:

Subdivision 1. [BASIC COMPUTATION.] (a) (FOR THE 1981-1982 SCHOOL YEAR AND) Each year (THEREAFTER, EXCEPT FOR THE 1982-1983 SCHOOL YEAR,) the state shall pay a school district the difference by which an amount equal to \$90 per pupil unit in that school year or, in districts where the (ACTUAL) number of *actual* pupil units (IDENTIFIED IN SECTION 124.17, SUBDIVISION 1, CLAUSES (1) AND (2),) has increased from the prior year, \$95 per pupil unit in that school year, exceeds the amount raised by seven mills times the adjusted assessed valuation of the taxable property in the district for the preceding year. To qualify for aid pursuant to this subdivision in any school year, a district must have levied (THE FULL) seven EARC mills for use for capital expenditures in that year pursuant to section 275.125, subdivision 11a.

(FOR THE 1982-1983 SCHOOL YEAR THE STATE SHALL PAY A SCHOOL DISTRICT THE DIFFERENCE BY WHICH AN AMOUNT EQUAL TO \$89 PER PUPIL UNIT IN THAT SCHOOL YEAR OR, IN DISTRICTS WHERE THE ACTUAL NUMBER OF PUPIL UNITS IDENTIFIED IN SECTION 124.17, SUBDIVISION 1, CLAUSES (1) AND (2), HAS INCREASED FROM THE PRIOR YEAR, \$94 PER PUPIL UNIT IN THAT SCHOOL YEAR, EXCEEDS THE AMOUNT RAISED BY SEVEN MILLS TIMES THE ADJUSTED ASSESSED VALUATION OF THE TAXABLE PROPERTY IN THE DISTRICT FOR THE PRECEDING YEAR. TO QUALIFY FOR AID PURSUANT TO THIS SUBDIVISION IN ANY SCHOOL YEAR, A DISTRICT MUST HAVE LEVIED THE FULL SEVEN EARC MILLS FOR USE FOR CAPITAL EXPENDITURES IN THAT YEAR PURSUANT TO SECTION 275.125, SUBDIVISION 11A.)

(b) (IN THE 1982-1983 SCHOOL YEAR AND EACH YEAR THEREAFTER,) The aid under clause (a) for any dis-

The criteria may include, but not be limited to, an evaluation of the pupil's academic ability, the pupil's future career plans, and lack of academic opportunity in the pupil's current school.

Subd. 2. [APPLICATION.] The commissioner shall distribute to all districts the criteria and application forms containing the date applications are due. Each district shall distribute the criteria and applications to all pupils in the district in grades 7 to 11 and their parents. Any pupil may request additional information about the program, school, and the district. A pupil shall be notified of selection by June 1 each year. Additional pupils may be selected after June 1 if space is available.

the resident district. If a pupil selected to attend a program of excellence has not been enrolled in a public school in the resident district for at least one school year immediately preceding enrollment in a program of excellence, the resident district shall not earn foundation revenue for that pupil.

Subd. 2. [DISTRICT OF ATTENDANCE.] The district receiving a pupil selected to participate in the program of excellence program shall count the pupil as a resident pupil unit as defined in section 124.17 for purpose of determining aids and levies.

[DESEGREGATION LEVY.] Each year any district which is implementing a plan for desegregation mandated by the state board of education or under court order may levy an amount not to exceed one mill times the adjusted assessed valuation of the district. Notwithstanding section 121.904, the entire amount of this levy shall be recognized as revenue for the fiscal year in which the levy is certified. This levy shall not be considered in computing the aid reduction under section 124.155. A district which levies pursuant to this subdivision may not place the proceeds of the 1983 payable 1984 levy authorized by section 275.125, subdivision 9a, in the general fund.

NO LEVY UNDER THIS SUBDIVISION SHALL EXCEED); (2) \$50,000; or (3) one mill times the adjusted assessed valuation of the district for the preceding year. The proceeds of the levy may only be used to pay for instructional costs incurred in providing the program offerings resulting from the cooperation plan.*

Sec. 8. Minnesota Statutes 1983 Supplement, section 275.125, subdivision 9b, is amended to read:

Subd. 9b. [OPERATING DEBT LEVY.] (1) (IN 1983 AND) Each year (THEREAFTER), a district may make an additional levy to eliminate a deficit in the net unappropriated operating funds of the district, determined as of June 30, 1983, and certified and adjusted by the commissioner. This levy may in each year be an amount not to exceed the amount raised by a

levy of 1.5 mills times the adjusted assessed valuation of the district for the preceding year as determined by the equalization aid review committee. However, the total amount of this levy for all years it is made shall not exceed the lesser of (a) the amount of the deficit in the net unappropriated operating funds of the district as of June 30, 1983, or (b) the amount of the aid reduction, according to Laws 1981, Third Special Session chapter 2, article 2, *section 2, but excluding clauses (l), (m), (n), (o), and (p)*, and Laws 1982, Third Special Session chapter 1, article 3, (SECTIONS) *section 6 (AND 7)*, to the district in fiscal year 1983. (2) The proceeds of this levy shall be used only for cash flow requirements and shall not be used to supplement district revenues or income for the purposes of increasing the district's expenditures or budgets.

(3) Any district which levies pursuant to this subdivision shall certify the maximum levy allowable under section (271.-125) *275.125*, subdivision 2a or 2e in that same year.

Sec. 9. Minnesota Statutes 1983 Supplement, section 275.125, subdivision 11a, is amended to read:

Subd. 11a. [CAPITAL EXPENDITURE LEVY.] (a) Each year a school district may levy an amount not to exceed the amount equal to \$90 per *total* pupil unit, or \$95 per *total* pupil unit in districts where the (ACTUAL) number of *actual* pupil units (IDENTIFIED IN SECTION 124.17, SUBDIVISION 1, CLAUSES (1) AND (2),) has increased from the prior year. No levy under this clause shall exceed seven mills times the adjusted assessed valuation of the taxable property in the district for the preceding year.

(b) The proceeds of the (TAX) *levy* may be used to acquire land, to equip and re-equip buildings and permanent attached fixtures, to rent or lease buildings for school purposes, to *purchase textbooks*, to (PAY LEASING FEES FOR) *purchase and lease* computer systems hardware (AND RELATED PROPRIETARY), software, and *related supporting materials*, and to (PAY LEASING FEES FOR) *purchase or lease* photocopy machines and telecommunications equipment. described in section 429.101, whether levied pursuant to that section or pursuant to any other law or home rule provision. The proceeds (OF THE TAX) may also be used for capital expenditures to reduce or eliminate barriers to or increase access to school facilities by handicapped individuals. The proceeds (OF THE TAX) may also be used to make capital improvements to schoolhouses to be leased pursuant to section 123.36, subdivision 10. The proceeds (OF THE TAX) may also be used to pay fees for capital (OUTLAY) expenditures assessed and certified to each participating school district by the educational cooperative service unit board of directors. The proceeds (OF THE TAX) may also be used to pay principal and interest on loans from the state authorized by section 116J.37.

(c) Subject to the commissioner's approval, the (TAX) proceeds may also be used to acquire or construct buildings. The state board shall promulgate rules establishing the criteria to be used by the commissioner in approving and disapproving district applications requesting the use of capital expenditure tax proceeds for the acquisition or construction of buildings. The approval criteria for purposes of building acquisition and construction shall include: the appropriateness of the proposal for the district's long term needs; the availability of adequate existing facilities; and the economic feasibility of bonding because of the proposed building's size or cost.

(d) The board shall establish a fund in which the proceeds of this tax shall be accumulated until expended.

(e) The proceeds of the (TAX) *levy* shall not be used for custodial or other maintenance services.

(f) Each year, subject to the seven mill limitation of clause (a) of this subdivision, a school district which operates an approved secondary vocational education program or an approved senior secondary industrial arts program may levy an additional amount equal to \$5 per *total* pupil unit for capital expenditures for equipment for these programs.

No levy under this clause shall exceed two mills times the adjusted assessed valuation of the property in the district for the preceding year. The proceeds of the tax shall be placed in the district's capital expenditure fund and may be used only for the following:

(a) for energy audits on district-owned buildings, and for funding those energy conservation and renewable energy measures which the energy audits indicate will reduce the use of non-renewable sources of energy to the extent that the projected energy cost savings will amortize the cost of the conservation measures within a period of ten years or less;

(b) for capital expenditures for the purpose of reducing or eliminating barriers to or increasing access to school facilities by handicapped persons;

(c) for capital expenditures to bring district facilities into compliance with the uniform fire code adopted pursuant to chapter 299F;

(d) for expenditures for the removal of asbestos from school buildings or property or for asbestos encapsulation;

(e) for expenditures for the cleanup and disposal of polychlorinated biphenyls; and

The governing body of any municipality may procure insurance against liability of the municipality and its officers, employees, and agents for damages resulting from its torts and those of its officers, employees, and agents, including torts specified in section 466.03 for which the municipality is immune from liability. The insurance may provide protection in excess of the limit of liability imposed by section 466.04. If the municipality has the authority to levy taxes, the premium costs for such insurance may be levied in excess of any per capita or millage tax limitation imposed by statute or charter. *However, a school district may not levy pursuant to this section for premium costs for motor vehicle insurance protecting against injuries or damages arising out of the operation of district owned, operated, leased, or controlled vehicles for the transportation of pupils for purposes for which state aid is authorized under section 124.223, or for purposes for which the district is authorized to levy under section 275.125, subdivision 5d.* Any independent board or commission in the municipality having authority to disburse funds for a particular municipal function without approval of the governing body may similarly procure liability insurance with respect to the field of its operation. The procurement of such insurance constitutes a waiver of the defense of governmental immunity to the extent of the liability stated in the policy but has no effect on the liability of the municipality beyond the coverage so provided.

Sec. 13. Laws 1983, chapter 314, article 6, section 34, subdivision 12, is amended to read:

Subd. 12. [INDIAN EDUCATION.] (a) For certain Indian education programs there is appropriated:

The appropriations are based on aid entitlements of \$156,000 for fiscal year 1984 and \$163,000 for fiscal year 1985.

These appropriations are available for expenditure with the approval of the commissioner of education.

The commissioner shall not approve the payment of any amount to a school district pursuant to this subdivision unless that school district is in compliance with all applicable laws of this state.

Sec. 7. Minnesota Statutes 1982, section 475.61, subdivision 1, is amended to read:

Subdivision 1. [DEBT SERVICE RESOLUTION.] The governing body of any municipality issuing general obligations shall, prior to delivery of the obligations, levy by resolution a direct general ad valorem tax upon all taxable property in the municipality to be spread upon the tax rolls for each year of the term of the obligations. The tax levies for all years for municipalities other than school districts shall be specified and such that if collected in full they, together with estimated collections of special assessments and other revenues pledged for the payment of said obligations, will produce at least five percent in excess of the amount needed to meet when due the principal and interest payments on the obligations. The tax levies for school districts shall be specified and such that if collected in full they, together with estimated collection of other revenues

pledged for the payment of the obligations, will produce between five and six percent in excess of the amount needed to meet when due the principal and interest payments on the obligations; except that, with the permission of the commissioner of education, a school board may specify a tax levy in a higher amount if necessary (BECAUSE OF) *either to meet an anticipated tax delinquency or for cash flow needs to meet the required payments from the debt redemption fund.* Such resolution shall irrevocably appropriate the taxes so levied and any special assessments or other revenues so pledged to the municipality's debt service fund or a special debt service fund or account created for the payment of one or more issues of obligations. The governing body may, in its discretion, at any time after the obligations have been authorized, adopt a resolution levying only a portion of such taxes, to be filed, assessed, extended, collected, and remitted as hereinafter provided, and the amount or amounts therein levied shall be credited against the tax required to be levied prior to delivery of the obligations.

Sec. 8. Minnesota Statutes 1983 Supplement, section 475.61, subdivision 3, is amended to read:

Subd. 3. [IRREVOCABILITY.] Tax levies so made and filed shall be irrevocable, except as provided in this subdivision.

In each year when there is on hand any excess amount in the debt (SERVICE) *redemption* fund of a school district at the time the district makes its property tax levies, the amount of the excess shall be certified by the school board to the county auditor and the auditor shall reduce the tax levy otherwise to be included in the rolls next prepared by the amount certified, unless the school board determines that the excess amount is necessary to ensure the prompt and full payment of the obligations and any call premium on the obligations, or will be used for redemption of the obligations in accordance with their terms. An amount shall be presumed to be excess for a school district in the amount that it, together with the levy required by subdivision 1, will exceed 106 percent of the amount needed to meet when due the principal and interest payments on the obligations due before the second following July 1. This subdivision shall not limit a school board's authority to specify a tax levy in a higher amount if necessary because of anticipated tax delinquency *or for cash flow needs to meet the required payments from the debt redemption fund.*

If the governing body, including the governing body of a school district, in any year makes an irrevocable appropriation to the debt service fund of moneys actually on hand or if there is on hand any excess amount in the debt service fund, the recording officer may certify to the county auditor the fact and amount thereof and the auditor shall reduce by the amount so certified the amount otherwise to be included in the rolls next thereafter prepared.

Transfers to the education aids increase account shall remain in the account until expended.

Sec. 10 [CERTIFICATION AND NOTICE OF PERCENT.]

Sec. 14. [APPROPRIATION.]

The appropriation for payment of support services for hearing impaired persons, according to Laws 1983, chapter 314, article 3, section 19, subdivision 8, for fiscal year 1985 is increased by \$6,000, from \$37,000 to \$43,000.

S. F. No. 1336 was reported to the House.

Vellenga moved to amend S. F. No. 1336, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 1, is amended to read:

Subdivision 1. [CRIME.] It is a misdemeanor for any person to drive, operate or be in physical control of any motor vehicle within this state:

- (a) When the person is under the influence of alcohol;
- (b) When the person is under the influence of a controlled substance;
- (c) When the person is under the influence of a combination of any two or more of the elements named in clauses (a) and (b); (OR)
- (d) When the person's alcohol concentration is 0.10 or more;
or
- (e) *When the person's alcohol concentration as measured within two hours of the time of driving is 0.10 or more.*

The provisions of this subdivision apply, but are not limited in application, to any person who drives, operates, or is in physical control of any motor vehicle in the manner prohibited by this subdivision upon the ice of any lake, stream, or river, including but not limited to the ice of any boundary water.

Sec. 2. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 1a, is amended to read:

Subd. 1a. [ARREST.] (WHEN AN ACCIDENT HAS OCCURRED,) A peace officer may lawfully arrest a person for violation of subdivision 1 without a warrant upon probable cause, without regard to whether the violation was committed in the officer's presence.

When a peace officer has probable cause to believe that a person is driving or operating a motor vehicle in violation of subdivision 1, and before a stop or arrest can be made the person escapes from the geographical limits of the officer's jurisdiction, the officer in fresh pursuit of the person may stop or arrest the person in another jurisdiction within this state and may exercise the powers and perform the duties of a peace officer under sections 169.121 and 169.123. An officer acting in fresh pursuit

pursuant to this subdivision is serving in his regular line of duty as fully as though he was within his jurisdiction.

The express grant of arrest powers in this subdivision does not limit the arrest powers of peace officers pursuant to sections 626.65 to 626.70 or section 629.40 in cases of arrests for violation of subdivision 1 or any other provision of law.

Sec. 3. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 2, is amended to read:

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by a medical or chemical analysis of it (, IF THE TEST IS TAKEN VOLUNTARILY OR PURSUANT TO SECTION 169.123).

For the purposes of this subdivision:

(a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(b) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the refusal to take a test is admissible into evidence in a prosecution under this section or an ordinance in conformity with it.

(FOR PURPOSES OF THIS SECTION AND SECTION 169.123, THE RESULT OF AN EVIDENTIARY TEST ADMINISTERED WITHIN TWO HOURS OF THE ALLEGED VIOLATION IS DEEMED TO BE THE ALCOHOL CONCENTRATION AT THE TIME OF THE VIOLATION.) *If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of subdivision 1, clause (e) that the defendant consumed a sufficient quantity of alcohol after the time of actual driving, operating, or physical control of a motor vehicle and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed 0.10. Provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.*

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or

not the person was under the influence of alcohol or a controlled substance, including tests obtained more than two hours after the alleged violation.

Sec. 4. Minnesota Statutes 1983 Supplement, section 169.121, subdivision 3, is amended to read:

Subd. 3. [CRIMINAL PENALTIES.] A person who violates this section or an ordinance in conformity with it is guilty of a misdemeanor.

The following persons are guilty of a gross misdemeanor:

(a) A person who violates this section or an ordinance in conformity with it within five years of a prior conviction under this section, section 169.129, (OR) an ordinance *in conformity with either of them*, or a statute or ordinance from another state in conformity with (IT) *either of them*; and

(b) A person who violates this section or an ordinance in conformity with it within ten years of two or more prior convictions under this section, section 169.129, (OR) an ordinance *in conformity with either of them*, or a statute or ordinance from another state in conformity with (IT) *either of them*.

The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations of this section shall also be responsible for prosecution of gross misdemeanor violations of this section.

Sec. 5. Minnesota Statutes 1983 Supplement, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION AS TO TYPE OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state consents, subject to the provisions of this section and section 169.121, to a chemical test of his blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has (REASONABLE AND) probable (GROUNDS) *cause* to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist: (1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity with it; or (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death; or (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or (4) the screening test was administered and recorded an alcohol concentration of 0.10 or more.

No action may be taken against the person for declining to take a direct blood test, if offered, unless an alternative test was offered.

(b) At the time a chemical test specimen is (REQUESTED) required, the person shall be informed (:).

((1) THAT IF TESTING IS REFUSED, THE PERSON'S RIGHT TO DRIVE WILL BE REVOKED FOR A MINIMUM PERIOD OF SIX MONTHS;)

((2) THAT IF A TEST IS TAKEN AND THE RESULTS INDICATE THAT THE PERSON IS UNDER THE INFLUENCE OF ALCOHOL OR A CONTROLLED SUBSTANCE, THE PERSON WILL BE SUBJECT TO CRIMINAL PENALTIES AND THE PERSON'S RIGHT TO DRIVE MAY BE REVOKED FOR A MINIMUM PERIOD OF 90 DAYS;)

((3) THAT THE PERSON HAS A RIGHT TO CONSULT WITH AN ATTORNEY BUT THAT THIS RIGHT IS LIMITED TO THE EXTENT THAT IT CANNOT UNREASONABLY DELAY ADMINISTRATION OF THE TEST OR THE PERSON WILL BE DEEMED TO HAVE REFUSED THE TEST;)

((4)) that after submitting to testing, the person has the right to have additional tests made by a person of his own choosing (; AND)

((5) THAT IF HE REFUSES TO TAKE A TEST, THE REFUSAL WILL BE OFFERED INTO EVIDENCE AGAINST HIM AT TRIAL).

If a person requests the opportunity to consult with an attorney prior to the test, the peace officer shall grant the request unless the consultation would delay unreasonably the administration of the test.

Sec. 6. Minnesota Statutes 1982, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL (, CONSENT TO PERMIT TEST); REVOCATION OF LICENSE.] (IF A PERSON REFUSES TO PERMIT CHEMICAL TESTING, NONE SHALL BE GIVEN, BUT) The peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. *A refusal to submit to an alcohol concentration test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence.* If a person submits to chemical testing and the test results indicate an alcohol concentration of

0.10 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed (REASONABLE AND) probable (GROUNDS) *cause* to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to chemical testing, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of (SIX MONTHS) *one year*. Upon certification by the peace officer that there existed (REASONABLE AND) probable (GROUNDS) *cause* to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to chemical testing and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of 90 days.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 7. Minnesota Statutes 1982, section 169.123, subdivision 5a, is amended to read:

Subd. 5a. [PEACE OFFICER AGENT FOR NOTICE OF REVOCATION.] On behalf of the commissioner of public safety a peace officer (OFFERING) *requiring* a chemical test or directing the administration of a chemical test shall serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing or on a person who submits to a chemical test the results of which indicate an alcohol concentration of 0.10 or more. The officer shall take the license or permit of the driver, if any, and issue a temporary license effective only for 7 days. The peace officer shall send the person's driver's license to the commissioner of public safety along with the certificate required by subdivision 4.

Sec. 8. Minnesota Statutes 1983 Supplement, section 169.123, subdivision 6, is amended to read:

Subd. 6. [HEARING.] A hearing under this section shall be before a municipal or county judge, in any county in the judicial district where the alleged offense occurred. The hearing

shall be to the court and may be conducted at the same time and in the same manner as hearings upon pre-trial motions in the criminal prosecution under section 169.121, if any. The hearing shall be recorded. The commissioner of public safety shall appear and be represented by the attorney general or through the prosecuting authority for the jurisdiction involved.

The hearing shall be held at the earliest practicable date, and in any event no later than 60 days following the filing of the petition for review. The judicial district administrator shall establish procedures to ensure efficient compliance with the provisions of this subdivision. To accomplish this, the administrator may, whenever possible, consolidate and transfer review hearings among the county courts within the judicial district.

The scope of the hearing shall be limited to the issues of:

(1) whether the peace officer had (REASONABLE AND) probable (GROUNDS) *cause* to believe the person was driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance, and whether the person was lawfully placed under arrest for violation of section 169.121, or the person was involved in a motor vehicle accident or collision resulting in property damage, personal injury or death, or the person refused to take a screening test provided for by section 169.121, subdivision 6, or the screening test was administered and recorded an alcohol concentration of 0.10 or more; and

(2) (WHETHER AT THE TIME OF THE REQUEST FOR THE TEST THE PEACE OFFICER INFORMED THE PERSON OF HIS RIGHTS AND THE CONSEQUENCES OF TAKING OR REFUSING THE TEST AS REQUIRED BY SUBDIVISION 2; AND)

((3)) either (a) whether the person refused to permit the test, or (b) whether a test was taken and the test results indicated an alcohol concentration of 0.10 or more at the time of testing, and whether the testing method used was valid and reliable, and whether the test results were accurately evaluated.

It shall be an affirmative defense for the petitioner to prove that, at the time of the refusal, his refusal to permit the test was based upon reasonable grounds.

Certified or otherwise authenticated copies of laboratory or medical personnel reports, records, documents, licenses and certificates shall be admissible as substantive evidence.

The court shall order either that the revocation be rescinded or sustained and forward the order to the commissioner of public safety. The court shall file its order within 14 days following

the hearing. If the revocation is sustained, the court shall also forward the person's driver's license or permit to the commissioner of public safety for his further action if the license or permit is not already in the commissioner's possession.

Sec. 9. Minnesota Statutes 1983 Supplement, section 609.21, subdivision 1, is amended to read:

Delete everything after the enacting clause and insert:

"Section 1. [363.031] [WAIVER PROHIBITED.]

Any provision, whether oral or written, of a lease, contract, or other agreement or instrument, which purports to be a waiver by an individual of any right or remedy provided in chapter 363 is contrary to public policy and void. [CHARGE FILING.] Any person aggrieved by a violation of this chapter may bring a civil action as provided in section 363.14, subdivision 1, clause (a), or may file a verified charge with the commissioner or his designated agent, stating the name and address of the person alleged to have committed an unfair discriminatory practice, setting out the details of the practice complained of and, if applicable, providing witnesses, documents, and any other information required by the commissioner. The commissioner may dismiss a charge when the charging party fails to provide required information. The commissioner within five days of the filing shall serve a copy of the charge and a request for a response upon the respondent personally or by (REGISTERED OR CERTIFIED) *first class mail*. After the filing of a charge the commissioner shall notify the charging party in writing of any change in the status of the charge. A copy of the notice shall be mailed to the respondent.

Sec. 3. Minnesota Statutes 1982, section 363.06, subdivision 3, is amended to read:

Subd. 3. [TIME FOR FILING CLAIM.] A claim of an unfair discriminatory practice must be brought as a civil action pursuant to section 363.14, subdivision 1, clause (a), *filed in a charge with a local commission pursuant to section 363.116, or filed in a charge with the commissioner within (SIX MONTHS) 300 days* after the occurrence of the practice. *The*

running of the 300-day limitation period is suspended during the time a potential charging party and respondent are voluntarily engaged in a dispute resolution process involving a claim of unlawful discrimination under chapter 363, including arbitration, conciliation, mediation, or grievance procedures pursuant to a collective bargaining agreement or statutory, charter, or ordinance provisions for a civil service or other employment system. A potential respondent who participates in such a process with a potential charging party before a charge is filed or a civil action is brought shall notify the department and the charging party in writing of his or her participation in the process and the date the process commenced and shall also notify the department and the charging party of the ending date of the process. A respondent who fails to provide this notification is barred from raising the defense that the statute of limitations has run until the 300 days plus a period of time equal to the suspension period has passed.

Sec. 4. Minnesota Statutes 1983 Supplement, section 363.06, subdivision 4, is amended to read:

Subd. 4. [INQUIRY INTO CHARGE.] (1) Consistent with clause (7), the commissioner shall promptly inquire into the truth of the allegations of the charge. The commissioner shall make an immediate inquiry when (NECESSARY TO PREVENT A CHARGING PARTY FROM SUFFERING IRREPARABLE LOSS IN THE ABSENCE OF IMMEDIATE ACTION) *a charge alleges actual or threatened physical violence.* The commissioner shall also make an immediate inquiry when it appears that a charge is frivolous or without merit and shall dismiss those charges.

The commissioner shall then give priority to investigating and processing those charges which the commissioner determines have one or more of the following characteristics:

(a) *there is evidence that the respondent has intentionally engaged in a reprisal;*

(b) *there is evidence of irreparable harm if immediate action is not taken;*

(c) *there is potential for broadly promoting the policies of this chapter;*

(d) *a significant number of recent charges have been filed against the respondent;*

(e) *the respondent is a government entity;*

(f) *the charge is supported by substantial documentation, witnesses, or other evidence.*

The commissioner shall inform charging parties of these priorities and shall tell each party if their charge is a priority case or not.

On other charges the commissioner shall make a determination within 12 months after the charge was filed as to whether or not there is probable cause to credit the allegation of unfair discriminatory practices, and

(2) If the commissioner determines after investigation that no probable cause exists to credit the allegations of the unfair discriminatory practice, the commissioner shall, within ten days of the determination, serve upon the charging party and respondent written notice of the determination. Within ten days after receipt of notice, the charging party may request in writing on forms prepared by the department that the commissioner reconsider his determination. The request shall contain a brief statement of the reasons for and new evidence in support of the request for reconsideration. At the time of submission of the request to the commissioner, the charging party shall deliver or mail to the respondent a copy of the request for reconsideration. The commissioner shall either reaffirm or reverse his determination of no probable cause within 20 days after receipt of the request for reconsideration, and he shall within ten days notify in writing the charging party and respondent of his decision to reaffirm or reverse.

A decision by the commissioner that no probable cause exists to credit the allegations of an unfair discriminatory practice shall not be appealed to the court of appeals pursuant to section 363.072 or sections 14.63 to 14.68.

(3) If the commissioner determines after investigation that probable cause exists to credit the allegations of unfair discriminatory practices, the commissioner shall serve on the respondent and his attorney if he is represented by counsel, by first class mail, a notice setting forth a short plain written statement of the alleged facts which support the finding of probable cause and an enumeration of the provisions of law allegedly violated. If the commissioner determines that attempts to eliminate the alleged unfair practices through conciliation pursuant to subdivision 5 have been or would be unsuccessful or unproductive, the commissioner shall issue a complaint and serve on the respondent, by (REGISTERED OR CERTIFIED) *first class* mail, a written notice of hearing together with a copy of the complaint, requiring the respondent to answer the allegations of the complaint at a hearing before a hearing examiner at a time and place specified in the notice, not less than ten days after service of said complaint. A copy of the notice shall be furnished to the charging party and the attorney general.

(4) If, at any time after the filing of a charge, the commissioner has reason to believe that a respondent has engaged in any

unfair discriminatory practice, the commissioner may file a petition in the district court in a county in which the subject of the complaint occurs, or in a county in which a respondent resides or transacts business, seeking appropriate temporary relief against the respondent, pending final determination of proceedings under this chapter, including an order or decree restraining him from doing or procuring an act tending to render ineffectual an order the commissioner may enter with respect to the complaint. The court shall have power to grant temporary relief or a restraining order as it deems just and proper, but no relief or order extending beyond ten days shall be granted except by consent of the respondent or after hearing upon notice to the respondent and a finding by the court that there is reasonable cause to believe that the respondent has engaged in a discriminatory practice. Except as modified by this section, the Minnesota Rules of civil procedure shall apply to an application, and the district court shall have authority to grant or deny the relief sought on conditions as it deems just and equitable. All hearings under this section shall be given precedence as nearly as practicable over all other pending civil actions.

(5) If a lessor, after he has engaged in a discriminatory practice defined in section 363.03, subdivision 2, clause (1), (a), leases or rents a dwelling unit to a person who has no knowledge of the practice or of the existence of a charge with respect to the practice, the lessor shall be liable for actual damages sustained by a person by reason of a final order as provided in this section requiring the person to be evicted from the dwelling unit.

(6) In any complaint issued under this section, the commissioner may seek relief for a class of individuals affected by an unfair discriminatory practice occurring on or after a date (SIX-MONTHS) 300 days prior to the filing of the charge from which the complaint originates.

(7) The commissioner may adopt policies to determine which charges are processed and the order in which charges are processed based on their particular social or legal significance, administrative convenience, difficulty of resolution, or other standard consistent with the provisions of this chapter.

(8) *The commissioner shall adopt sanctions for unreasonable delay caused by any charging party or respondent in an investigation, or any other aspect of proceedings before the department under this chapter. The sanctions adopted shall be exempt from the rulemaking provisions of chapter 14. In any proceeding before a judge or hearing examiner sanctions may be imposed against a charging party or respondent for unreasonable delay, including an increase or decrease in any award authorized under this chapter.*

Sec. 5. Minnesota Statutes 1982, section 363.071, is amended by adding a subdivision to read:

Subd. 1a. [HEARINGS 180 DAYS AFTER CHARGE.] At any time after 180 days from the filing of a charge, if there has been neither a finding of no probable cause nor of probable cause, the charging party may file a request with the commissioner to appear at a hearing on his own behalf or through a private attorney. Upon receipt of the request, the commissioner shall review the documents and information held in the department's files concerning the charge and shall release to the charging party and respondent all documents and information that is accessible to the charging party and respondent under sections 13.01 to 13.87. The commissioner shall forward the request for hearing to the office of administrative hearings, which shall promptly set the matter for hearing. If the charging party prevails at this hearing, the hearing examiner may require the respondent to reimburse the charging party for reasonable attorney's fees.

Sec. 6. Minnesota Statutes 1983 Supplement, section 363.071, subdivision 2, is amended to read:

Subd. 2. [DETERMINATION OF DISCRIMINATORY PRACTICE.] The hearing examiner shall make findings of fact and conclusions of law, and if the hearing examiner finds that the respondent has engaged in an unfair discriminatory practice, the hearing examiner shall issue an order directing the respondent to cease and desist from the unfair discriminatory practice found to exist and to take such affirmative action as in the judgment of the examiner will effectuate the purposes of this chapter. Such order shall be a final decision of the department. The examiner shall order any respondent found to be in violation of any provision of section 363.03 to pay a civil penalty to the state. This penalty is in addition to compensatory and punitive damages to be paid to an aggrieved party. The hearing examiner shall determine the amount of the civil penalty to be paid, taking into account the seriousness and extent of the violation, the public harm occasioned by the violation, whether the violation was intentional, and the financial resources of the respondent. Any penalties imposed under this provision shall be paid into the general fund of the state. In all cases where the examiner (MAY) finds that the respondent has engaged in an unfair discriminatory practice the examiner shall order the respondent to pay an aggrieved party, who has suffered discrimination, compensatory damages, including damages for mental anguish or suffering, in an amount three times the actual damages sustained, and, in all cases, may also order the respondent to pay an aggrieved party, who has suffered discrimination, punitive damages in an amount not more than \$6,000. Punitive damages shall be awarded pursuant to section 549.20. In any case where a political subdivision is a respondent the total of punitive damages awarded an aggrieved party may not exceed \$6,000 and in that case if there are two or more respondents the punitive damages may be apportioned among them. Punitive damages may only be assessed against a political subdivision in

its capacity as a corporate entity and no regular or ex officio member of a governing body of a political subdivision shall be personally liable for payment of punitive damages pursuant to this subdivision. In addition to the aforesaid remedies, in a case involving discrimination in

(a) employment, the examiner may order the hiring, reinstatement or upgrading of an aggrieved party, who has suffered discrimination, with or without back pay, admission or restoration to membership in a labor organization, or his admission to or participation in an apprenticeship training program, on-the-job-training program, or other retraining program, or any other relief the examiner deems just and equitable.

(b) housing, the examiner may order the sale, lease, or rental of the housing accommodation or other real property to an aggrieved party, who has suffered discrimination, or the sale, lease or rental of a like accommodation or other real property owned by or under the control of the person against whom the complaint was filed, according to terms as listed with a real estate broker, or if no such listing has been made, as otherwise advertised or offered by the vendor or lessor, or any other relief the examiner deems just and equitable.

The examiner shall cause the findings of fact, conclusions of law, and order to be served on the respondent (PERSONALLY,) and the charging party by (REGISTERED OR CERTIFIED) first class mail, and shall furnish copies to the attorney general and the commissioner.

Sec. 7. Minnesota Statutes 1983 Supplement, section 363.072, subdivision 1, is amended to read:

Subdivision 1. [APPEAL.] The commissioner or a person aggrieved by a final decision of the department reached after a hearing held pursuant to section 363.071 may seek judicial review in accordance with chapter 14. *The attorney general shall represent on appeal a charging party who prevailed at a hearing authorized by section 5, if the charging party requests representation within ten days after receipt of the petition for appeal.*

Sec. 8. Minnesota Statutes 1982, section 363.116, is amended to read:

363.116 [TRANSFER TO COMMISSIONER.]

A local commission may refer a matter under its jurisdiction to the commissioner.

The charging party has the option of filing a charge either with a local commission or the department. *Notwithstanding the provisions of any ordinance to the contrary, a charge may be filed with a local commission within 300 days after the occurrence of the practice.* The exercise of such choice in filing a charge with one agency shall preclude the option of filing the same charge with the other agency. At the time a charge comes to the attention of a local agency, the agency or its representative shall inform the charging party of this option, and of his rights under Laws 1967, Chapter 897.

The term "local commission" as used in this section has the same meaning given the term in section 363.115.

Sec. 9. Minnesota Statutes 1982, section 363.117, is amended to read:

363.117 [WITHDRAWAL FROM A LOCAL COMMISSION.]

Notwithstanding the provisions of any law or ordinance to the contrary, a person who has filed a charge with a local commission may bring a civil action as provided in section 363.14 at the following times:

(a) Within 45 days after the local commission has determined that there is no probable cause to credit the allegations contained in the charge; or

(b) After 45 days from the filing of the charge if a hearing has not been held or if the local commission has not entered into a conciliation agreement to which the charging party is a signator. The charging party shall notify the local commission of his intention to bring a civil action, which shall be commenced within 90 days of giving the notice.

A charging party bringing a civil action shall (MAIL BY REGISTERED OR CERTIFIED MAIL) send a copy of the summons and complaint to the local commission by first class mail and upon their receipt the local commission shall terminate all proceedings before the local commission relating to the charge. No charge shall be filed or reinstated with the local commission after a civil action relating to the same unfair discriminatory practice has been brought unless the civil action has been dismissed without prejudice.

Sec. 10. Minnesota Statutes 1982, section 363.14, subdivision 1, is amended to read:

Subdivision 1. [COURT ACTIONS, SUITS BY PRIVATE PARTIES, INTERVENTION.] A person may bring a civil action seeking redress for an unfair discriminatory practice:

(a) Directly to district court; or

(b) Notwithstanding the provisions of any law to the contrary, (1) within 45 days after the commissioner has dismissed a charge because it is frivolous or without merit, because the charging party has failed to provide required information, *because the commissioner has determined that further use of department resources is not warranted*, or because the commissioner has determined that there is no probable cause to credit the allegations contained in a charge filed with the commissioner; (2) *within 45 days after the commissioner has reaffirmed his determination of no probable cause if the charging party requested a reconsideration of the probable cause determination*; or ((2)) (3) after 45 days from the filing of a charge pursuant to section 363.06, subdivision 1 if a hearing has not been held pursuant to section 363.071 or if the commissioner has not entered into a conciliation agreement to which the charging party is a signator. The charging party shall notify the commissioner of his intention to bring a civil action, which shall be commenced within 90 days of giving the notice;

(c) The commissioner may dismiss, without prejudice to the charging party, any case filed with the department on or before June 30, 1978. The commissioner shall notify a charging party by regular mail sent before August 1, 1981, that he has a right to bring a civil action pursuant to this section. Upon giving this notice the commissioner shall end all proceedings in the department relating to the charge. Notwithstanding any statutory period of limitation to the contrary, an individual notified pursuant to this clause may bring a civil action relating to his charge; provided that the action is filed on or before February 1, 1982.

A charging party bringing a civil action shall (MAIL BY REGISTERED OR CERTIFIED MAIL) *send* a copy of the summons and complaint to the commissioner *by first class mail*, and upon their receipt the commissioner shall terminate all proceedings in the department relating to the charge. No charge shall be filed or reinstated with the commissioner after a civil action relating to the same unfair discriminatory practice has been brought unless the civil action has been dismissed without prejudice.

Upon application by the complaining party to the district court at a special term and under circumstances the court deems just, the court may appoint an attorney for the person and may au-

thorize the commencement of the action without payment of fees, costs, or security.

Upon timely application, the court may permit the department to intervene in a civil action brought pursuant to this section upon certification that the case is of general public importance.

Sec. 11. Minnesota Statutes 1982, section 363.14, subdivision 2, is amended to read:

Subd. 2. [DISTRICT COURT JURISDICTION.] Any action brought pursuant to this section shall be filed in the district court of the county wherein the unlawful discriminatory practice is alleged to have been committed or where the respondent resides or has his principal place of business.

Any action brought pursuant to this chapter shall be heard and determined by a judge sitting without a jury.

If the court finds that the respondent has engaged in an unfair discriminatory practice, it shall issue an order directing (SUCH) *appropriate* relief (AS IT DEEMS APPROPRIATE AND WHICH EFFECTUATES THE PURPOSE OF THIS CHAPTER. SUCH RELIEF SHALL BE LIMITED TO THAT PERMITTED) *as provided* by section 363.071, subdivision 2.

Sec. 12. [EFFECTIVE DATE; APPLICATION.]

Sections 1 to 11 are effective August 1, 1984. Section 5 applies only to charges filed with the department after the effective date of this act."
