(g) for vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to \$120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

(h) for vehicles granted a special permit under section 3, \$1,400.

*The proceeds from this fee must be deposited in the state treasury and credited to the highway user tax distribution fund.*

*In addition to this fee the commissioner shall charge for each permit an access fee of \$600, subject to the provisions of section 4, subdivision 4. The proceeds from this fee must be deposited as provided in section 4, subdivision 2. This fee may not be collected after June 30, 1991.*

Sec. 3. Minnesota Statutes 1984, section 169.86, is amended by adding a subdivision to read:

*Subd. 7. [THREE-VEHICLE COMBINATION PERMIT.]*  
(a) *The commissioner may issue a special permit for a three-vehicle combination consisting of a truck-tractor and two semitrailers to travel on interstate highways and other highways as provided in clause (d), except that such a permitted combination may not travel within that portion of the seven-county metropolitan area which is bounded by the connecting rights-of-way of marked interstate highways 494 and 694 and that portion of marked interstate highway 94 which connects interstate highways 494 and 694 in Hennepin county.*

*The permit is valid for a period of one year.*

(b) *The three-vehicle combination may not exceed an overall length, unladen or with load, of 110 feet; a maximum total gross weight of 105,500 pounds; or maximum axle weight restrictions under this chapter.*

(c) *Before granting a special permit under this subdivision, the commissioner shall consider the motor carrier's record of safety including its: (1) safety program, (2) maintenance program, (3) safety history, with emphasis on experience with and safe operation of three-vehicle combinations, and (4) record of satisfactory compliance with other traffic and operational laws and rules, such as driver qualification requirements.*

(d) *A combination operating under a permit under this subdivision may enter onto and exit from an interstate highway only at an interchange which has been designated by the commissioner under this clause. Such a combination may travel*

*only on interstate highways, and for a distance of up to one mile on other streets and highways which have an interstate highway interchange designated under this subdivision.*

*A permittee under this subdivision may request the commissioner to designate an interstate highway interchange for use by permitted vehicles under this subdivision. On receiving the request the commissioner shall determine the total expenditures required to provide for the safe use by such combinations of the interchange, the intersecting street or highway and the entry point onto the intersecting highway used by such combinations. The commissioner shall not designate the interchange until all necessary modifications to accommodate such combinations safely have been made to the interchange, the intersecting street or highway and the entry point for combinations onto the intersecting street or highway.*

*If the intersecting highway is under the jurisdiction of a local authority the designation of the interchange must be approved by a resolution of the governing body of the local authority before becoming effective. In such an instance the local authority must, along with the resolution of approval, provide the commissioner with the cost of modifications to the intersecting highway and entry points to allow their safe use by permitted combinations. The local authority may, as a condition of approval, require that the commissioner pay the costs of the modifications as provided in section 4.*

*The commissioner may not designate more than four intersections under this subdivision before July 1, 1987.*

*(e) The commissioner shall monitor the use of three-vehicle combinations authorized by this subdivision to evaluate the safety and operational performance of the vehicles and the adequacy of the funding provisions.*

*(f) The commissioner shall take no action under this subdivision which would result in a loss of federal highway funds to the state.*

*(g) No combination of vehicles operating under a permit under this subdivision may transport:*

*(1) class A and B explosives as defined in the Code of Federal Regulations, title 49, sections 173.53 and 173.88;*

*(2) radioactive materials as defined in the Code of Federal Regulations, title 49, section 173.403; or*

*(3) bulk quantities of hazardous materials as defined in the Code of Federal Regulations, title 49, section 171.8, including but not limited to gasoline, special fuel, fuel oil, or heating oil.*

(h) *In addition to conditions authorized under subdivision 3, the commissioner may impose restrictions or prohibitions on the operation of such combinations during times the commissioner determines their operation is unsafe because of weather or road conditions.*

(i) *For purposes of this subdivision and section 4 an "entry point" includes only that part of an entry point which is under the jurisdiction of a road authority.*

**Sec. 4. [169.863] [MODIFICATION OF INTERCHANGES.]**

*Subdivision 1. [ACCOUNT CREATED.] There is created in the state treasury an account to be known as the highway access modification account. All money in the account is automatically appropriated to the commissioner of transportation for expenditure only as authorized by this section.*

*Subd. 2. [DEPOSIT OF FUNDS.] All money collected by the commissioner from the access fee must be paid to the state treasurer for deposit in the highway access modification account. The state treasurer may also accept gifts for deposit in the account.*

*Subd. 3. [USE OF FUNDS.] The commissioner of transportation may expend money from the highway access modification account only to:*

(1) *pay the cost of modifications to interstate highway interchanges and to intersecting trunk highways and entry points thereon, to allow their use by combinations with permits issued under section 3;*

(2) *make grants to local authorities to pay the cost of modifying streets and highways under their jurisdiction which intersect interstate highways, and entry points thereon, to allow their use by such combinations; and*

(c) *make payments to the trunk highway fund as provided in subdivision 4.*

*The commissioner may not expend any funds to accomplish the modifications described in clause (1) except funds from the highway access modification account, except as provided in subdivision 4.*

*Subd. 4. [USE OF TRUNK HIGHWAY AND LOCAL FUNDS.] (a) The commissioner may expend money from the trunk highway fund to modify interstate highway interchanges and intersecting trunk highways and entry points thereon to allow their use by combinations with permits issued under section 3, if the commissioner determines there are insufficient*

*funds in the highway access modification fund to pay for modifications requested under section 3. The commissioner may not make expenditures from the trunk highway fund for these purposes after June 30, 1987.*

*(b) A road authority, other than the commissioner, may expend any funds under its control to modify roads and streets under its jurisdiction, and entry points thereon, to allow their use by combinations with permits issued under section 3. The commissioner may make a grant to such a road authority under subdivision 3 to reimburse it for the cost of the modification.*

*(c) After June 30, 1987, the commissioner may not expend any funds from the highway access modification account for modifications to interstate highway interchanges and intersecting trunk highways and entry points thereon until the commissioner has first paid to the trunk highway fund an amount equal to the total amount expended from the trunk highway fund for such modifications between the effective date of this act and June 30, 1987.*

#### Sec. 5. [STUDY.]

*The commissioner of transportation shall prepare and furnish to the house and senate transportation committees, by January 1, 1987, a study to establish a road use tax for trucks based on registered weight and distance traveled. The study shall be developed by the commissioner of transportation in cooperation with the department of revenue, the department of public safety, and the department of finance.*

*The proposal shall be revenue neutral to the extent that total road use taxes collected from trucks under the weight distance proposal shall be comparable to total road use taxes collected from trucks under the current system of registration fees and motor fuel taxes.*

## 245.805 [FINES; ENFORCEMENT.]

*Subdivision 1. [CORRECTION ORDER.] All facilities licensed under sections 245.781 to 245.812 and 252.28, subdivision 2, shall be periodically inspected by the commissioner as necessary to produce the greatest benefit to the persons who use the facility and to minimize the possibility of abuse or neglect of those persons.*

Whenever the commissioner finds, upon inspection of a facility, that the operator is not in compliance with an applicable law or rule or regulation, a correction order shall be issued to the operator. The correction order shall state the deficiency or deficiencies, cite the specific law or regulations violated, and specify the time allowed for correction.

(IF, UPON REINSPECTION, IT IS FOUND THAT THE OPERATOR HAS NOT CORRECTED THE DEFICIENCY OR DEFICIENCIES SPECIFIED IN THE CORRECTION ORDER, THE OPERATOR MAY BE REQUIRED TO FORFEIT TO THE STATE WITHIN 15 DAYS A SUM OF UP TO \$250 FOR EACH DEFICIENCY NOT CORRECTED. A FORFEITURE ORDER MAY BE APPEALED IN ACCORDANCE WITH THE PROCEDURES SET FORTH IN SECTION 245.801. ALL FORFEITURES SHALL BE PAID INTO THE GENERAL FUND. ANY UNPAID FORFEITURES MAY BE RECOVERED BY THE ATTORNEY GENERAL.)

*Subd. 2. [REINSPECTIONS; FINES.] Reinspection shall take place within a reasonable time after the time allowed for correction has expired. If upon reinspection it is found that the operator has not corrected deficiencies specified in the correction order, the commissioner shall notify the operator of the commissioner's proposed fines for failure to comply with the correction order. Unless a hearing is requested under subdivision 4, the operator shall forfeit to the state, within 15 days after receipt of the commissioner's notification of proposed fines, up to \$1,000 for each deficiency not corrected. For each subsequent reinspection, the operator may be fined an additional amount for each deficiency which has not been corrected. The notice of noncompliance shall inform the operator of the amount of the fine, the right to a hearing, and the procedure for requesting a hearing.*

*Subd. 3. [FINES; RECOVERY.] In each rule adopted or amended after the effective date of this section, the commissioner shall adopt a schedule of fines that apply to each uncorrected deficiency. Until the commissioner has adopted a schedule of fines in a rule, the schedule of fines in this subdivision applies.*

*(a) For deficiencies that the commissioner determines are administrative in nature and do not directly have adverse effects*

*on the health, safety, or welfare of individuals, the commissioner shall assess a fine of \$250 for each uncorrected deficiency and may assess the fine for each day the deficiency remains uncorrected.*

*(b) For deficiencies that the commissioner determines have an undesirable effect on the quality or quantity of services provided to individuals but do not adversely affect the health or safety of individuals, the commissioner shall assess a fine of \$500 for each uncorrected deficiency and may assess the fine for each day the deficiency remains uncorrected.*

*(c) For deficiencies that the commissioner determines adversely affect the health or safety of individuals or are violations of section 626.556, subdivisions 9 and 12, or section 626.557, subdivisions 14 and 15, the commissioner shall assess a fine of \$1,000 for each uncorrected deficiency and may assess the fine for each day the deficiency remains uncorrected. All forfeitures shall be paid into the general fund. Any unpaid forfeitures may be recovered by the attorney general.*

*Subd. 4. [HEARINGS.] An operator is entitled to a hearing on any notice of noncompliance with a correction order issued as a result of a reinspection, if the operator makes a written request for a hearing within 15 days of receipt of the notice of noncompliance. Failure to request a hearing shall result in the forfeiture of a penalty as determined by the commissioner in accordance with subdivision 2. A request for a hearing shall operate as a stay, during the hearing process, of any forfeiture provided for in this section. Upon receipt of the request for a hearing, the commissioner shall promptly initiate a contested case proceeding with the office of administrative hearings. The office shall promptly schedule a hearing on the matter before an administrative law judge. The hearing and proceedings shall be in accordance with the contested case proceedings of chapter 14. Notwithstanding the provisions of sections 14.50 and 14.57, the administrative law judge shall make findings of fact and conclusions of law and issue a decision. If the administrative law judge decides that the operator of a facility has not corrected the deficiency specified in the correction order, the administrative law judge shall impose a penalty in accordance with subdivisions 2 and 3 and shall order the operator to pay all costs associated with the contested case proceeding, including reasonable attorney's fees.*

**Sec. 2. [325F.6652] [NOTICE TO CONSUMER.]**

*At the time of purchase the manufacturer must provide directly to the consumer a written statement on a separate piece of paper, in 10-point all capital type, in substantially the following form: "IMPORTANT: IF THIS VEHICLE IS DEFECTIVE, YOU MAY BE ENTITLED UNDER STATE LAW TO REPLACEMENT OF IT OR A REFUND OF ITS PURCHASE PRICE. HOWEVER, TO BE ENTITLED TO REFUND OR REPLACE-*

**Sec. 4. [325F.6654] [MANUFACTURER'S DUTY TO REFUND OR REPLACE.]**

*Subdivision 1. [DUTY.] (a) If the manufacturer or its authorized dealers are unable to make the farm tractor conform to any applicable express written warranty by repairing or correcting any condition which substantially impairs the use or market value of the farm tractor to the consumer within the time periods and after the number of attempts specified in subdivision 2, the manufacturer, through its authorized dealer who sold the farm tractor, shall, at the option of the consumer, replace the farm tractor with a comparable one, charging the consumer only a reasonable allowance for the consumer's use of the farm tractor, or accept the return of the farm tractor from the consumer and refund to the consumer the cash purchase price, including sales tax, license fees, registration fees, and any similar governmental charges, less a reasonable allowance for prior use. Refunds shall be made to the consumer and lienholder, if any, as their interests may appear in the county recorder's office. If no replacement or refund is made, the consumer may bring a civil action to enforce the obligation. No action may be brought unless the manufacturer has received prior direct written notification from or on behalf of the consumer and has been offered an opportunity to cure the condition alleged within a reasonable time that is not to exceed 60 business days.*

*(b) For a self-propelled vehicle, this section is limited to warranties on the engine and power train.*

*Subd. 2. [WHEN DUTY ARISES.] The replacement or refund obligation specified in subdivision 1 shall arise if the manufacturer or its authorized dealers are unable to make the farm*

tractor conform to applicable express written warranties within the express written warranty term or during the period of one year following the date of the original physical delivery of the farm tractor to the consumer, whichever is the earlier date, and (1) the same nonconformity has been subject to repair four or more times by the manufacturer or its authorized dealers, but such nonconformity continues to exist; or (2) the farm tractor is out of service by reason of repair of the same nonconformity for a cumulative total of 60 or more business days when the service department of the authorized dealer in possession of the farm tractor is open for purposes of repair, provided that days when the consumer has been provided by the manufacturer or its authorized dealers with the use of another farm tractor which performs the same function shall not be counted.

**Sec. 5. [325F.6655] [EXTENSION OF WARRANTY.]**

*The terms of any express written warranty, the one-year period, and the 60-day repair period shall be extended by any period of time during which repair services or replacement parts are not available to the consumer because of a war, invasion, or strike, or fire, flood, or other natural disaster.*

**Sec. 6. [325F.6656] [ALTERNATIVE DISPUTE SETTLEMENT.]**

*Subdivision 1. [PROCEDURE.] If a manufacturer has established, or participates in, an informal dispute settlement procedure which substantially complies with the provisions of the Code of Federal Regulations, title 16, part 703, as amended, and the requirements of this section, the provisions of section 4 concerning refunds or replacement do not apply to a consumer who has not first used this procedure.*

*Subd. 2. [FINDINGS AS EVIDENCE.] The findings and decisions in an informal dispute settlement procedure shall address and state in writing whether the consumer would be entitled to a refund or replacement under the presumptions and criteria set out in section 4, and are admissible as nonbinding evidence in any legal action and are not subject to further foundation requirements.*

*Subd. 3. [REPLACEMENT OR REFUND.] If, in an informal dispute settlement procedure, it is decided that a consumer is entitled to a replacement vehicle under section 4, then the consumer has the option of selecting and receiving either a replacement vehicle or a full refund as authorized by section 4. Any refund selected by a consumer shall include all amounts authorized by section 4.*

*Subd. 4. [REQUIREMENTS.] (a) In any informal dispute settlement procedure provided for by this section:*

(1) no documents shall be received by any informal dispute settlement mechanism unless those documents have been provided to each of the parties in the dispute prior to the mechanism's meeting, with an opportunity for the parties to comment on the documents in writing, or with oral presentation at the request of the mechanism;

(2) "nonvoting" manufacturer or dealer representatives shall not attend or participate in the internal dispute settlement procedures unless the consumer is also present and given a chance to be heard, or unless the consumer previously consents to the manufacturer or dealer participation without the consumer's presence and participation;

(3) consumers shall be given an adequate opportunity to contest a manufacturer's assertion that a nonconformity falls within intended specifications for the vehicle by having the basis of the manufacturer's claim appraised by a technical expert selected and paid for by the consumer prior to the informal dispute settlement hearing;

(4) no disputes shall be heard where there has been a recent attempt by the manufacturer to repair a consumer's vehicle, but no response has yet been received by the informal dispute mechanism from the consumer as to whether the repairs were successfully completed. This provision shall not prejudice a consumer's rights under this section nor shall it extend the informal dispute mechanism's 40-day time limit for deciding disputes, as established by the Code of Federal Regulations, title 16, part 703; and

(5) the manufacturer shall provide and the informal dispute settlement mechanism shall consider all information relevant to resolving the dispute, such as the prior dispute records and information required by the Code of Federal Regulations, title 16, part 703.6, and any relevant technical service bulletins which may have been issued by the manufacturer or lessor regarding the motor vehicle being disputed.

(b) A settlement reached under this section is binding on all participating parties.

**Subd. 5. [EXHAUSTION OF SETTLEMENT REMEDY.]** No consumer shall be required to first participate in an informal dispute settlement procedure before filing an action in district court if the informal dispute settlement procedure does not comply with the requirements of this section, notwithstanding the procedure's compliance with the Code of Federal Regulations, title 16, part 703.

**Subd. 6. [CIVIL REMEDY.]** Any consumer injured by a violation of this section may bring a civil action to enforce this section and recover costs and disbursements, including reasonable attorney's fees.

Sec. 7. [325F.6657] [AFFIRMATIVE DEFENSES.]

*It shall be an affirmative defense to claim under sections 1 to 8 that (1) an alleged nonconformity does not substantially impair such use and market value, or (2) a nonconformity is the result of abuse or neglect, or of modifications or alterations of the farm tractor not authorized by the manufacturer.*

Sec. 8. [325F.6658] [LIMITATION ON ACTIONS.]

*Any action brought under sections 1 to 8 shall be commenced within six months following (1) expiration of the express written warranty term, or (2) one year following the date of the original delivery of the farm tractor to the customer, whichever is later.*

Sec. 9. [325F.6659] [REMEDY NONEXCLUSIVE.]

*Nothing in sections 1 to 8 limits the rights or remedies which are otherwise available to a consumer under any other law.*

Sec. 10. [EFFECTIVE DATE.]

*Sections 1 to 9 apply to farm tractors sold after the first day of January following the effective date of sections 1 to 9."*

Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

**((C) PREVIOUS SUPPORT ORDERS AND MAINTENANCE ORDERS MAY BE CONSIDERED IF THE OBLIGOR IS PAYING THEM.)**

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court *considers the factors in section 518.17, subdivision 4, and makes express findings of fact as to the reason for departure below or above the guidelines (IN THAT CASE IN WHICH THE COURT ORDERS SUPPORT THAT SO DEVIATES FROM THE GUIDELINES). (IT MAY ALSO INCREASE THE AMOUNT OF CHILD SUPPORT BY MORE THAN THE GUIDELINES WITHOUT MAKING EXPRESS FINDINGS BY AGREEMENT OF THE PARTIES OR BY MAKING FURTHER FINDINGS.)*

Sec. 6. Minnesota Statutes 1984, section 518.57, is amended to read:

518.57 [MINOR CHILDREN, SUPPORT.]

*Subdivision 1. [ORDER.] Upon a decree of dissolution, legal separation or annulment, the court may make a further order which is just and proper concerning the maintenance of the minor children as (IS) provided by section 518.17, and for the maintenance of any child of the parties as defined in section 518.54, as support money, and may make the same a lien or charge upon the property of the parties to the proceeding, or either of them, either at the time of the entry of the judgment or by subsequent order upon proper application (THEREFOR).*

*Subd. 2. [SEASONAL INCOME.] The court shall establish the annual support of an obligor with a seasonal income so that the obligor makes either the same monthly payments throughout the year or monthly payments that reflect variations in income.*

Sec. 7. Minnesota Statutes 1984, section 518.611, is amended by adding a subdivision to read:

*Subd. 10. [ORDER TERMINATING INCOME WITHHOLDING.] Whenever an obligation for support of a child or maintenance of a spouse, or both, terminates under the terms of the order or decree establishing the obligation, and where the obligation is enforced by an order for income withholding from the obligor, the court shall enter an order, directed to the obligor's employer or other payer of funds, which terminates the income withholding. The order terminating income withholding must specify the effective date of the order, referencing the initial order or decree establishing the support obligation.*

Sec. 8. [518.619] [CONTESTED CUSTODY; MEDIATION SERVICES.]

*Subdivision 1. [MEDIATION PROCEEDING.] Except as provided in subdivision 2, if it appears on the face of the petition or other application for an order or modification of an order for the custody of a child that custody is contested, the matter may be set for mediation of the contested issue prior to or concurrent with setting the matter for hearing. The purpose of the mediation proceeding is to reduce acrimony which may exist between the parties and to develop an agreement assuring the child's close and continuing contact with both parents after the marriage is dissolved. The mediator shall use best efforts to effect a settlement of the custody dispute.*

*Subd. 2. [EXCEPTION.] If the court determines that there is probable cause that one of the parties, or a child of a party, has been physically or sexually abused by the other party, the court shall not require mediation.*

*Subd. 3. [MEDIATOR APPOINTMENT.] In order to participate in a custody mediation, a mediator must be appointed by the family court. A mediator must be a member of the professional staff of a family court, probation department, mental health services agency, or a private mediation service. The mediator must be on a list of mediators approved by the court having jurisdiction of the matter, unless the parties stipulate to a mediator not on the list.*

*Subd. 4. [MEDIATOR QUALIFICATIONS.] A mediator who performs mediation in contested child custody matters shall meet the following minimum qualifications:*

*(a) knowledge of the court system and the procedures used in contested child custody matters;*

*(b) knowledge of other resources in the community to which the parties to contested child custody matters can be referred for assistance;*

*(c) knowledge of child development, clinical issues relating to children, the effects of marriage dissolution on children, and child custody research; and*

*(d) a minimum of 40 hours of certified mediation training.*

*Subd. 5. [RECORDS; PRIVATE DATA.] Mediation proceedings shall be conducted in private. All records of a mediation proceeding shall be private, except that they shall be available as evidence in an action for marriage dissolution and related proceedings on any issue in controversy in the dissolution. Oral and written communications from the parties to the mediator made in a mediation proceeding shall be deemed an official record within the meaning of section 600.22.*

*Subd. 6. [MEDIATOR RECOMMENDATIONS.] When the parties have not reached agreement as a result of the mediation proceeding, the mediator may recommend to the court that an investigation be conducted under section 518.167, or that other action be taken to assist the parties to resolve the controversy before hearing on the issues. The mediator shall not conduct the investigation. The mediator may recommend that mutual restraining orders be issued in appropriate cases, pending determination of the controversy, to protect the well-being of the children involved in the controversy.*

*Subd. 7. [MEDIATION AGREEMENT.] An agreement reached by the parties as a result of mediation shall be discussed with the attorneys, if any, for the parties by the parties, and the approved agreement may then be included in the marital dissolution decree or other stipulation submitted to the court.*

*Subd. 8. [RULES.] Each court shall adopt rules to implement this section, and shall compile and maintain a list of mediators.*

Sec. 9. Minnesota Statutes 1985 Supplement, section 518.64, subdivision 2, is amended to read:

**Subd. 2. [MODIFICATION.]** The terms of a decree respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost-of-living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair. On a motion for modification of maintenance, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court shall take into consideration the needs of the children and *shall not consider* the financial circumstances of each party's spouse, if any. A modification which decreases support or maintenance may be made retroactive only upon a showing that any failure to pay in accord with the terms of the original order was not willful. A modification which increases support or maintenance shall not be made retroactive if the obligor has substantially complied with the previous order. Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

"Section 1. Minnesota Statutes 1985 Supplement, section 144.562, subdivision 3, is amended to read:

Subd. 3. [APPROVAL OF LICENSE CONDITION.] The commissioner of health shall approve a license condition for swing beds if the hospital meets all of the criteria of this subdivision:

(a) The hospital must meet the eligibility criteria in subdivision 2.

(b) The hospital must be in compliance with the medicare conditions of participation for swing beds under Code of Federal Regulations, title 42, section 405.1041.

(c) The hospital must agree, in writing, to limit the length of stay of a patient receiving services in a swing bed to not more than 40 days, or the duration of medicare eligibility, unless the commissioner of health approves a greater length of stay in an emergency situation. To determine whether an emergency situation exists, the commissioner shall require the hospital to provide documentation that continued services in the swing bed are required by the patient; that no skilled nursing facility beds are available within 25 miles from the patient's home, or in some more remote facility of the resident's choice, that can provide the appropriate level of services required by the patient; and that other alternative services are not available to meet the needs of the patient. If the commissioner approves a greater length of stay, the hospital shall develop a plan providing for the discharge of the patient upon the availability of a nursing home bed or other services that meet the needs of the patient. Permission to extend a patient's length of stay must be requested by the hospital at least ten days prior to the end of the maximum length of stay.

(d) The hospital must agree, in writing, to limit admission to a swing bed only to (1) patients who have been hospitalized and not yet discharged from the facility, or (2) patients who are transferred directly from an acute care hospital to a swing bed in any other hospital.

Sec. 2. Minnesota Statutes 1985 Supplement, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983 or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules; (OR)

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration; or

*(g) to accomplish the reconfiguration or replacement of nursing home beds provided that the number of licensed beds does not increase and that the facility's current and subsequent property-related payment rates do not increase as a result of the change.*

Sec. 3. Minnesota Statutes 1985 Supplement, section 256.969, subdivision 2, is amended to read:

Subd. 2. [RATES FOR INPATIENT HOSPITALS.] Rates paid to inpatient hospitals shall be based on a rate per admission until the commissioner can begin to reimburse hospitals for

services under the medical assistance and general assistance medical care programs based upon a diagnostic classification system appropriate to the service populations. On July 1, 1984, the commissioner shall begin to utilize to the extent possible existing classification systems, including medicare. The commissioner may incorporate the grouping of hospitals with similar characteristics for uniform rates upon the development and implementation of the diagnostic classification system. Prior to implementation of the diagnostic classification system, the commissioner shall report the proposed grouping of hospitals to the senate health and human services committee and the house health and welfare committee. *Effective August 1, 1985, the computation of the base year cost per admission and the computation of the relative values of the diagnostic categories must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs and days beyond that point. Claims paid for care provided on or after August 1, 1985, shall be adjusted to reflect a recomputation of rates. The commissioner may reconstitute the diagnostic categories to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the state register and a 30 day comment period.* Medical assistance and general assistance medical care reimbursement for treatment of mental illness shall be reimbursed based upon diagnosis classifications. The commissioner may selectively contract with hospitals for services within the diagnostic classifications relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to utilize a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital.

Sec. 4. Minnesota Statutes 1985 Supplement, section 256B.-091, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] It is the purpose of this section to prevent inappropriate nursing home or boarding care home placement by establishing a program of preadmission screening teams for all (APPLICANTS SEEKING) *medical assistance recipients and any individual who would become eligible for medical assistance within 180 days of admission to a licensed nursing home or boarding care home participating in the medical assistance program.* Further, it is the purpose of this section and the program to gain further information about how to contain costs associated with inappropriate nursing home or boarding care home admissions. The commissioners of human services and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the appropriation available.

Sec. 5. Minnesota Statutes 1985 Supplement, section 256B.-091, subdivision 2, is amended to read:

Subd. 2. [SCREENING TEAMS; ESTABLISHMENT.] Each county agency designated by the commissioner of human services to participate in the program shall contract with the local board of health organized under sections 145.911 to 145.922 or other public or nonprofit agency to establish a screening team to assess (THE HEALTH AND SOCIAL NEEDS OF ALL APPLICANTS), prior to admission to a nursing home or a boarding care home licensed under section 144A.02 or sections 144.50 to 144.56, that is certified for medical assistance as a skilled nursing facility, intermediate care facility level I, or intermediate care facility level II, *the health and social needs of medical assistance recipients and any individuals who would become eligible for medical assistance within 180 days of nursing home or boarding care home admission.* Each local screening team shall be composed of a public health nurse from the local public health nursing service and a social worker from the local community welfare agency. Each screening team shall have a physician available for consultation and shall utilize individuals' attending physicians' physical assessment forms, if any, in assessing needs. The individual's physician shall be included on the screening team if the physician chooses to participate. If a person who has been screened must be reassessed for purposes of assigning a case mix classification because admission to a nursing home occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team. If the individual is being discharged from an acute care facility, a discharge planner from that facility may be present, at the facility's request, during the screening team's assessment of the individual and may participate in discussions but not in making the screening team's recommendations under subdivision 3, clause (e). If the assessment procedure or screening team recommendation results in a delay of the individual's discharge from the acute care facility, the facility shall not be denied medical assistance reimbursement or incur any other financial or regulatory penalty of the medical assistance program that would otherwise be caused by the individual's extended length of stay (**; 50 PERCENT OF THE COST OF THIS REIMBURSEMENT OR FINANCIAL OR REGULATORY PENALTY SHALL BE PAID BY THE STATE AND 50 PERCENT SHALL BE PAID BY THE COUNTY**). Other personnel as deemed appropriate by the county agency may be included on the team. The county agency may contract with an acute care facility to have the facility's discharge planners perform the functions of a screening team with regard to individuals discharged from the facility and in those cases the discharge planners may participate in making recommendations under subdivision 3, clause (e). No member of a screening team shall have a direct or indirect financial or self-serving interest in a nursing home or noninstitutional referral such that it would not be possible for the member to consider each case objectively. *Nothing in this subdivision shall prohibit a county agency from sending only a public health nurse to perform the screening.*

Sec. 6. Minnesota Statutes 1985 Supplement, section 256B.-091, subdivision 4, is amended to read:

Subd. 4. [SCREENING OF PERSONS.] Prior to nursing home or boarding care home admission, screening teams shall assess the needs of all (APPLICANTS) *persons receiving medical assistance and of all persons who would be eligible for medical assistance within 180 days of admission to a nursing home or boarding care home*, except (1) patients transferred from other nursing homes; (2) patients who, having entered acute care facilities from nursing homes, are returning to nursing home care; (3) persons entering a facility described in section 256B.431, subdivision 4, paragraph (b); (4) *individuals whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team upon admission and provides an update to the screening team on the 30th day after admission*; (5) *individuals who have a contractual right to have their nursing home care paid for indefinitely by the veteran's administration*; or ((4)) (6) persons entering a facility conducted by and for the adherents of a recognized church or religious denomination for the purpose of providing care and services for those who depend upon spiritual means, through prayer alone, for healing. The cost for screening persons who are receiving medical assistance or who would be eligible for medical assistance within 180 days of nursing home or boarding care home admission, must be paid by state, federal, and county money. Other persons shall be assessed by a screening team upon payment of a fee approved by the commissioner.

Sec. 7. Minnesota Statutes 1985 Supplement, section 256B.-091, subdivision 5, is amended to read:

Subd. 5. [APPEALS.] Appeals from the screening team's recommendation shall be made pursuant to the procedures set forth in section 256.045, subdivisions 2 and 3. (AN APPEAL SHALL BE AUTOMATIC IF THE INDIVIDUAL'S PHYSICIAN DOES NOT AGREE WITH THE RECOMMENDATION OF THE SCREENING TEAM.)

Sec. 8. Minnesota Statutes 1985 Supplement, section 256B.-091, subdivision 8, is amended to read:

Subd. 8. [ALTERNATIVE CARE GRANTS.] The commissioner shall provide grants to counties participating in the program to pay costs of providing alternative care to individuals screened under subdivision 4 *and nursing home residents who request a screening. Prior to July of each year, the commissioner shall allocate state funds available for alternative care grants to each local agency. This allocation must be made as follows: half of the state funds available for alternative care grants must be allocated to each county according to the total number of adults in that county who are recipients age 65 or older who are reported to the department by March 1 of each state fiscal year*

*and half of the state funds available for alternative care grants must be allocated to a county according to that county's number of medicare enrollments age 65 or older for the most recent statistical report. Payment is available under this subdivision only for individuals (1) for whom the screening team would recommend nursing home admission or continued stay if alternative care were not available; (2) who are receiving medical assistance or who would be eligible for medical assistance within 180 days of admission to a nursing home; (3) who need services that are not available at that time in the county through other public assistance; and (4) who are age 65 or older.*

*The commissioner shall establish, by rule, in accordance with chapter 14 procedures for determining grant reallocations, limits on the rates for payment of approved services, and submittal and approval of a biennial county plan for the administration of the preadmission screening and alternative care grants program. Grants may be used for payment of costs of providing care-related supplies, equipment, and services such as, but not limited to, foster care for elderly persons, day care whether or not offered through a nursing home, nutritional counseling, or medical social services, which services are provided by a licensed health care provider, a home health service eligible for reimbursement under Titles XVIII and XIX of the federal Social Security Act, or by persons employed by or contracted with by the county board or the local welfare agency. The county agency shall ensure that a plan of care is established for each individual in accordance with subdivision 3, clause (e) (2), and that a client's service needs and eligibility is reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary and follow up services as necessary. The county agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program and shall provide documentation in each individual's plan of care and to the commissioner that the most cost effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. The county agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care grants program and that the agency allowed potential providers an opportunity to be selected to contract with the county board. Grants to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.*

The commissioner shall establish a sliding fee schedule for requiring payment for the cost of providing services under this subdivision to persons who are eligible for the services but who are not yet eligible for medical assistance. The sliding fee schedule is not subject to chapter 14 but the commissioner shall publish the schedule and any later changes in the State Register

and allow a period of 20 working days from the publication date for interested persons to comment before adopting the sliding fee schedule in final forms.

The commissioner shall apply for a waiver for federal financial participation to expand the availability of services under this subdivision. The commissioner shall provide grants to counties from the nonfederal share, unless the commissioner obtains a federal waiver for medical assistance payments, of medical assistance appropriations. A county agency may use grant money to supplement but not supplant services available through other public assistance or service programs and shall not use grant money to establish new programs for which public money is available through sources other than grants provided under this subdivision. A county agency shall not use grant money to provide care under this subdivision to an individual if the anticipated cost of providing this care would exceed the average payment, as determined by the commissioner, for the level of nursing home care that the recipient would receive if placed in a nursing home. The nonfederal share may be used to pay up to 90 percent of the start-up and service delivery costs of providing care under this subdivision. Each county agency that receives a grant shall pay ten percent of the costs.

The commissioner shall promulgate emergency rules in accordance with sections 14.29 to 14.36, to establish required documentation and reporting of care delivered.

Sec. 9. Minnesota Statutes 1985 Supplement, section 256B.48, subdivision 1b, is amended to read:

Subd. 1b. [EXCEPTION.] Notwithstanding any agreement between a nursing home and the department of human services or the provisions of this section or section 256B.411, other than subdivision 1a of this section, the commissioner may authorize continued medical assistance payments to a nursing home which ceased intake of medical assistance recipients prior to July 1, 1983, and which charges private paying residents rates that exceed those permitted by subdivision 1, paragraph (a), for (i) residents who resided in the nursing home before July 1, 1983, or (ii) residents for whom the commissioner or any predecessors of the commissioner granted a permanent individual waiver prior to October 1, 1983. *Nursing homes seeking continued medical assistance payments under this subdivision shall make the reports required under subdivision 2, except that on or after December 31, 1985, the financial statements required need not be audited by or contain the opinion of a certified public accountant or licensed public accountant, but need only be reviewed by a certified public accountant or licensed public accountant.* In the event that the state is determined by the federal government to be no longer eligible for the federal share of medical assistance payments made to a nursing home under this

subdivision, the commissioner may cease medical assistance payments, under this subdivision, to that nursing home.

Sec. 10. Minnesota Statutes 1985 Supplement, section 256B.-501, subdivision 3, is amended to read:

Subd. 3. [RATES FOR INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall establish, by rule, procedures for determining rates for care of residents of intermediate care facilities for persons with mental retardation or related conditions. The procedures shall be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of residents in efficiently and economically operated facilities. In developing the procedures, the commissioner shall include:

(a) cost containment measures that assure efficient and prudent management of capital assets and operating cost increases which do not exceed increases in other sections of the economy;

(b) limits on the amounts of reimbursement for property, general and administration, and new facilities;

(c) requirements to ensure that the accounting practices of the facilities conform to generally accepted accounting principles; (AND)

(d) incentives to reward accumulation of equity; and

(e) *appeals procedures that satisfy the requirements of section 256B.50 for appeals of decisions arising from the application of standards or methods pursuant to Minnesota Rules, parts 9510.0500 to 9510.0890, 9553.0010 to 9553.0080, and 12 MCAR 2.05301 to 2.05315 (temporary).*

In establishing rules and procedures for setting rates for care of residents in intermediate care facilities for persons with mental retardation or related conditions, the commissioner shall consider the recommendations contained in the February 11, 1983, Report of the Legislative Auditor on Community Residential Programs for the Mentally Retarded and the recommendations contained in the 1982 Report of the Department of Public Welfare Rule 52 Task Force. Rates paid to supervised living facilities for rate years beginning during the fiscal biennium ending June 30, 1985, shall not exceed the final rate allowed the facility for the previous rate year by more than five percent.

Sec. 11. [GEOGRAPHIC GROUPINGS STUDY.]

*By February 1, 1987, the director of the state planning agency, in consultation with the commissioner of human services, shall*

*report to the legislature on the appropriateness of current geographic groupings for reimbursement of nursing home operating costs. The report shall contain recommendations for legislative action which address the following: nursing home input prices and regional variation in costs; and alternative methods for recognizing regional variations in the cost of doing business including approaches used by other states with comparable nursing home reimbursement systems.*

**Sec. 12. [TASK FORCE ON LONG-TERM CARE HEALTH PLANNING.]**

*Subdivision 1. [DUTIES.] The long-term care commission shall conduct a study and report to the legislature by January 15, 1987. In making its study the commission shall solicit input from the Minnesota nursing home trade association, members from the long-term care commission groups, and a representative of the commission of health and human services. In the study and report, the commission shall:*

*(1) propose a statewide plan for orderly and rational development of additional long-term care facilities;*

*(2) examine the need to amend the moratorium law to permit replacement or reconfiguration of beds, provided no new beds are added to the system unless necessary;*

*(3) examine current classification of the intermediate care facilities class two (ICF II) as to the possibility of reclassification or upgrading; and*

*(4) address the need to modernize and renovate long-term care facilities built prior to 1970 to improve energy efficiency and the quality of life in those older facilities.*

*Subd. 2. [TASK FORCE EXPIRATION DATE.] The task force on long-term care health planning expires January 15, 1987.*

**Sec. 13. [REFUND REQUIRED.]**

*Any current or previous nursing home provider obligated pursuant to a written agreement or otherwise to refund to a private paying resident, the resident's legal representative, or the resident's successor in interest, excess charges made in violation of section 256B.48, subdivision 1, clause (a), since July 1, 1976, shall refund the excess charges plus interest to the private paying resident, the resident's legal representative, or the resident's successor in interest before July 1, 1986. Unless otherwise specified in a written agreement with the commissioner of human services, the amount of excess charges to be refunded shall*

*be equal to the difference between the prospective desk audit rate, before appeal resolutions, established by the commissioner and the actual amount charged to each private paying resident. The interest refunded shall be equal to the greater of the actual interest earned by the provider or six percent per annum. However, where a current or previous nursing home provider has notified a resident, the resident's legal representative, or the resident's successor in interest, that the resident is due a refund and the refund is unclaimed, or if the resident, the resident's legal representative, or the resident's successor in interest cannot be located, the provider is exempt from any cause of action for civil damages. A private paying resident, the resident's legal representative, or the resident's successor in interest, has a cause of action for civil damages against the current or previous nursing home provider for the provider's failure to refund the excess charges and interest owing in violation of this section. The damages shall be three times the excess charges and interest payment that results from the violation, together with costs and disbursements, including reasonable attorney's fees or their equivalent. For prospective desk audit rates established prior to July 1, 1983, which are under appeal as of March 1, 1986, the provider must refund the amount not in dispute with notice that an additional refund may be forthcoming upon resolution of an appeal. Any amounts still owing the resident, the resident's legal representative, or the resident's successor in interest, after the appeal is settled must be refunded within 30 days of the resolution of the appeal. Interest shall continue on the amount not immediately refunded.*

In evaluating and selecting sites under sections 12 to 15, the board shall act in accordance with sections 115A.18 to 115A.20, except as otherwise provided in sections 12 to 15.*

*Subd. 4. [STABILIZATION AND CONTAINMENT FACILITY; RESTRICTIONS; CONTAINMENT STANDARDS TO PROTECT HUMAN HEALTH AND ENVIRONMENT.] No facility may be sited under the provisions of sections 115A.18 to 115A.30 except a stabilization and containment facility. The facility must be above grade unless the board determines, after environmental review under section 15, subdivision 2, that an alternative design would provide greater protection for human health and the environment. No waste may be accepted for containment at the facility except the following:*

- (a) waste rendered nonhazardous;*
- (b) industrial waste; and*
- (c) waste that is not eligible for acceptance under clause (a) or (b), if the agency determines that all of the following requirements are met:*

*(1) there is no feasible and prudent alternative to containment of the waste that would minimize adverse impact upon human health and the environment;*

*(2) the waste has been treated using feasible and prudent technology that minimizes the possibility of migration of any hazardous constituents of the waste; and*

*(3) the waste meets the standards adopted to protect human health and the environment under the authority of 42 U.S.C. section 6924(m), and any additional protective standards adopted by the agency under section 116.07, subdivision 4.*

*If no federal or state standards have been adopted for a waste as provided in clause (3), the waste may not be accepted for containment.*

*Subd. 5. [AGENCY ADOPTION OF RULES.] The agency shall adopt rules under chapter 14 establishing procedures by which a person must demonstrate that a hazardous waste can be accepted by the facility as provided in subdivision 4. The agency shall adopt all rules necessary to implement the provisions of subdivision 4 and this subdivision before granting any permit for operation of the facility.*

**Sec. 12. [115A.191] [VOLUNTARY CONTRACTS WITH COUNTIES.]**

*Subdivision 1. [BOARD TO SEEK CONTRACTS.] The waste management board and any eligible county board may enter a contract as provided in this section expressing their voluntary and mutually satisfactory agreement concerning the location and development of a stabilization and containment facility. The chair shall negotiate contracts with eligible counties and shall present drafts of the negotiated contracts to the board for its approval. The chair shall actively solicit, encourage, and assist counties, together with developers, landowners, the local business community, and other interested parties, in developing resolutions of interest.*

*Subd. 2. [RESOLUTION OF INTEREST IN NEGOTIATING; ELIGIBILITY.] A county is eligible to negotiate a contract under this section if the county board files with the waste management board and the board accepts a resolution adopted by the county board that expresses the county board's interest in negotiations and its willingness to accept the preliminary evaluation of one or more study areas in the county for consideration as a location of a stabilization and containment facility. The county board resolution expressing interest in negotiations must provide for county cooperation with the board, as necessary to facilitate the evaluation of study areas in the county, and for the appointment of a member of the county board or an officer or employee of the county as official liaison with the board with respect to the matters provided in the resolution and future negotiations with the board. The county shall provide affected political subdivisions and other interested persons with an opportunity to suggest contract terms. A county board by resolution may withdraw a resolution of interest, and the waste management board may withdraw its acceptance of such a resolution, at any time before the parties execute a contract under this section. A county that is eligible to negotiate a contract shall receive the benefits as provided in section 22.*

*Subd. 3. [EVALUATION OF STUDY AREAS.] The chair, in cooperation with the county board, may engage in activities necessary for the evaluation of study areas in any county that*

is eligible to negotiate a contract under this section. The determination of whether any study area may be considered or excluded from consideration under sections 115A.18 to 115A.20 and sections 12 to 15 is exclusively the authority of the board. Before entering a contract under this section, the board shall determine whether the study area identified in the contract is appropriate for preparation of an environmental impact statement.

**Subd. 4. [REQUIREMENTS OF CONTRACT.]** A contract between the board and a county must include provisions by which:

(a) the state, acting through the board, agrees to implement the terms of the contract and provide the benefits and implement the procedures and practices agreed upon pursuant to subdivision 5;

(b) the state, acting through the board, agrees to provide benefits to the county under section 22; and

(c) the county agrees that the study area or areas in the county that have been determined by the board to be appropriate for preparation of an environmental impact statement are subject to evaluation and selection by the board as provided in section 15.

After executing the contract, the study areas identified in the contract remain subject to the provisions of section 15 until the study areas are dismissed from further consideration by the board.

**Subd. 5. [NEGOTIATED TERMS.]** A contract executed under subdivision 4 may contain any terms agreed upon by the state and the county, including:

(a) procedures relating to the evaluation and selection of a site and the construction, operation, and maintenance of a proposed facility, including procedures for cooperation, consultation, and coordination between the board and the county or political subdivisions in the county on those matters;

(b) practices and procedures necessary to assure and demonstrate safe operation of a proposed facility;

(c) services, compensation, or benefits to be provided by the state to the county or political subdivisions in the county, including (i) payments in lieu of taxes on a publicly owned site; (ii) compensation for property owners adjoining or in close proximity to the facility through property tax relief or assurance of property value; (iii) compensation for local public expenditures necessitated by the facility; (iv) compensation for demonstrable pri-

*vate and community impacts from the facility; (v) monetary compensation to the county and other parties affected by the facility, in addition to compensation for necessary expenditures and demonstrable impacts; (vi) provision of services or benefits to assure the health, safety, comfort, and economic development and well-being of the county and its citizens;*

- (d) provision for amendment of the contract; and*
- (e) provisions for resolutions of disputes under the contract.*

*Terms of the contract requiring enactment of additional state law, including an appropriation law, are contingent on that enactment. The contract may provide for implementation of its terms during evaluation of a study area in the county under section 15 and in the event that a study area in the county is selected as the site for a facility under that section.*

**Sec. 13. [115A.192] [SELECTION OF DEVELOPER OF STABILIZATION AND CONTAINMENT FACILITY; REQUEST FOR PROPOSALS.]**

*Subdivision 1. [REQUEST FOR PROPOSALS.] The chair shall issue requests for proposals for the development and operation of a stabilization and containment facility. The request must be designed to obtain detailed information about the qualifications of a respondent to develop and operate the facility; the capital and operating costs of the facility and the sources and methods by which the respondent plans to finance the facility; the technical specifications of the proposed facility and the technologies to be employed for processing, stabilization, containment, and monitoring; the requirements of the site for the proposed facility; the schedule for developing and commencing operation of the facility; and other matters which the chair deems necessary for the board to evaluate and select a developer and operator for the facility. Before issuing the requests, the chair shall prepare a draft of clauses (a) to (e) of the report required by section 14. The draft must accompany the requests for proposals.*

*Subd. 2. [SELECTION OF DEVELOPER; PROCEDURE.] After evaluating responses to the request for proposals and before selecting a site as provided in section 15, the board shall decide whether to select a developer for a stabilization and containment facility. If the board selects a developer it shall proceed as provided in section 15 to select a site for the development of a facility. If the board decides not to select a developer, the board shall proceed as provided in section 15 to select and acquire a site for potential future development of a facility.*

**Sec. 14. [115A.193] [REPORT ON FACILITY DEVELOPMENT.]**

*The chair shall prepare a report concerning the development of a stabilization and containment facility. The report must include:*

*(a) a conceptual plan that describes and evaluates the proposed design and operation of the facility, including an evaluation of technical feasibility, a description and evaluation of the types and quantities of hazardous waste and nonhazardous residual waste from hazardous waste processing that the facility would be designed to accept, and a description and evaluation of technologies needed or desired at the facility for processing, stabilization, and containment, including above grade containment;*

*(b) procedures and standards for the operation of the facility that require the use of reduction, recycling, and recovery of any hazardous waste before the waste is accepted for stabilization when the alternative or additional management method is feasible and prudent and would materially reduce adverse impact on human health and the environment;*

*(c) evaluation of the design and use of the facility for processing, stabilization, or containment of industrial waste, including technical and regulatory issues and alternative management methods;*

*(d) evaluation of feasible and prudent technologies that may substantially reduce the possibility of migration of any hazardous constituents of wastes that the facility would be designed to accept;*

*(e) a general analysis of the necessary and desirable physical, locational, and other characteristics of a site for the facility;*

*(f) an evaluation of the prospects of and conditions required for the regulatory delisting of residual waste from hazardous waste processing;*

*(g) an evaluation of the feasibility of an interstate, regional approach to the management of hazardous waste; and*

*(h) an economic feasibility analysis of the development and operation of the facility, including the anticipated use of the facility by Minnesota generators and sources of private and public financing that may be available or necessary for development or operation.*

*The chair shall submit a draft of the report to the board and the legislative commission on waste management before executing contracts under section 12.*

Sec. 15. [115A.194] [EVALUATION AND SELECTION OF SITES; PERMITS.]

*Subdivision 1. [BOARD; DETERMINATION OF SITING PROCEDURE.] The board shall proceed to take the actions provided in subdivisions 2 and 4 pursuant to any contracts executed under section 12.*

*Subd. 2. [BOARD; REQUIREMENTS BEFORE DECISIONS.] Before the board makes decisions under subdivision 4:*

*(a) the board shall complete environmental impact statements on the environmental effects of the decisions, in the manner provided in chapter 116D and the rules issued under that chapter; and*

*(b) the chair shall present to the board the report on facility development prepared as provided in section 14.*

*Subd. 3. [AGENCIES; REPORT ON PERMIT CONDITIONS AND APPLICATION REQUIREMENTS.] Within 30 days following the determination of the adequacy of the environmental impact statements and the presentation of the report on facility development, after consulting with the board, facility developers, and affected local government units, the chief executive officer of each permitting state agency shall issue to the board reports on permit conditions and permit application requirements at each location. The reports must indicate, to the extent possible based on existing information, the probable terms, conditions, and requirements of permits, and the probable supplementary documentation that will be required for the environmental impact statement and permit applications under subdivision 5. If the board has selected a developer, the report of the agency must include a description of the rules necessary to implement the provisions of section 11, subdivision 4.*

*Subd. 4. [BOARD DECISIONS.] Within 90 days after the board has determined the adequacy of the environmental impact statement, the board shall: (1) specify the type, capacity, and function of the stabilization and containment facility, including operating and design standards for the facility; and (2) select one of the study areas evaluated under this section as the site for the facility, unless the board determines, based upon potential significant adverse effects on the environment, that none of the study areas should be selected as the site consistent with the reasonable requirements of the public health, safety, and welfare and the state's paramount concern for the protection of its air, water, land, and other natural resources from pollution, impairment, or destruction. The provisions of sections 115A.28, subdivisions 2 and 3 and 115A.30 apply to any board decision to select a study area as a site under this subdivision.*

*If the board selects a study area as a site under this subdivision, the board shall dismiss all other study areas from further*

*consideration. If the board does not select a study area as a site under this subdivision, the board shall dismiss all study areas from further consideration.*

*Subd. 5. [AGENCY; PERMITS; ENVIRONMENTAL REVIEW.] Before the agency issues permits for the facility, the agency shall complete an environmental impact statement specifically on the environmental effects of permitting decisions required to be made by permitting agencies. The statement must be completed in the manner provided in chapter 116D and the rules issued under that chapter.*

Sec. 16. Minnesota Statutes 1985 Supplement, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1983 payable in 1984 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, but only to the extent of the increase in levy for such judgments and out of court settlements over levy year 1970, taxes payable in 1971;

(b) pay the costs of complying with any written lawful order initially issued prior to January 1, 1977 by the state of Minnesota, or the United States, or any agency or subdivision thereof, which is authorized by law, statute, special act or ordinance and is enforceable in a court of competent jurisdiction, or any stipulation agreement or permit for treatment works or disposal system for pollution abatement in lieu of a lawful order signed by the governmental subdivision and the state of Minnesota, or the United States, or any agency or subdivision thereof which is enforceable in a court of competent jurisdiction. The commissioner of revenue shall in consultation with other state departments and agencies, develop a suggested form for use by the state of Minnesota, its agencies and subdivisions in issuing orders pursuant to this subdivision;

(c) pay the costs to a governmental subdivision for their minimum required share of any program otherwise authorized by law for which matching funds have been appropriated by the state of Minnesota or the United States, excluding the administrative costs of public assistance programs, to the extent of the increase in levy over the amount levied for the local share of the program for the taxes payable year 1971. This clause shall apply only to those programs or projects for which matching funds

have been designated by the state of Minnesota or the United States on or before September 1, of the previous year and only when the receipt of these matching funds is contingent upon the initiation or implementation of the project or program during the year in which the taxes are payable or those programs or projects approved by the commissioner;

(d) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. Except for the costs of general assistance as defined in section 256D.02, subdivision 4, general assistance medical care under section 256D.03 and the costs of hospital care pursuant to section 261.21, the aggregate amounts levied pursuant to this clause are subject to a maximum increase of 18 percent over the amount levied for these purposes in the previous year;

(e) pay the costs of principal and interest on bonded indebtedness or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(f) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(g) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(h) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(i) pay the amounts required to compensate for a decrease in manufactured homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy year, pursuant to section 274.19, subdivision 8, as amended, is less than the distribution of the manufactured homes tax to the governmental subdivision pursuant to Minnesota Statutes 1969, section 273.13, subdivision 3, in calendar year 1971;

(j) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy

it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(k) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(l) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal board but only to the extent and for the levy years as provided by the board in its order pursuant to section 414.01, subdivision 15. Special levies authorized by the board shall not exceed 50 percent of the levy limit base of the governmental subdivision and may not be in effect for more than three years after the board's order;

(m) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments, and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) the increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) the amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multiplying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in assessed value over the assessed value of the real estate parcels subject to such private development as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and non-

residential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and non-residential commercial development. In the levy year following the levy year in which the special levy made pursuant to this clause is discontinued, one-half of the amount of that special levy made in the preceding year shall be added to the permanent levy base of the governmental subdivision;

(n) recover a loss or refunds in tax receipts incurred in non-special levy funds resulting from abatements or court action in the previous year pursuant to section 275.48;

(o) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(p) the amounts allowed under section 174.27 to establish and administer a commuter van program;

(q) pay the costs of financial assistance to local governmental units and certain administrative, engineering, and legal expenses pursuant to Laws 1979, chapter 253, section 3;

(r) compensate for revenue lost as a result of abatements or court action pursuant to section 270.07, 270.17 or 278.01 due to a reassessment ordered by the commissioner of revenue pursuant to section 270.16;

(s) pay the total operating cost of a county jail as authorized in section 641.01. Sec. 17. Minnesota Statutes 1984, section 400.08, is amended to read:

#### 400.08 [SERVICE AREAS AND CHARGES.]

*Subdivision 1. [DEFINITION.] For the purposes of this section, "solid waste management services" includes collection, processing, and disposal of solid waste, closure and post-closure care of a solid waste facility, and response, as defined in section 115B.02, to releases from a solid waste facility or closed solid waste facility.*

*Subd. 2. [SERVICE AREAS.] In addition to the power that the county may exercise under other law, and in order to provide solid waste management services to those areas needing services, the county board by resolution may establish and determine the boundaries of solid waste management service areas in the county. Before the adoption of the resolution the county board shall hold a public hearing on the question. If a service area is established, the county board may impose service charges for solid waste management services for the area and may levy a tax on all the property in the area, or any combination of charges and taxes. The county board on its own motion may enlarge any existing service area following the procedures specified in this section. Upon the petition of a landowner, land may be added to the service area without a public hearing on the enlargement.*

*Subd. 3. [SERVICE CHARGES.] The county may establish by ordinance, revise when deemed advisable, and collect just and reasonable rates and charges for solid waste management services provided by the county or by others under contract with the county. The ordinance may obligate the owners, lessees, or occupants of property, or any or all of them, to pay charges for solid waste management services to their properties and may obligate the user of any facility to pay a reasonable charge for the use of the facility. Rates and charges may take into account the character, kind, and quality of the service and of the solid waste, the method of disposition, the number of people served at each place of collection, and all other factors that enter into the*

cost of the service, including but not limited to depreciation and payment of principal and interest on money borrowed by the county for the acquisition or betterment of facilities. *A notice of intention to enact an ordinance, published pursuant to section 375.51, subdivision 2, shall provide for a public hearing thereon to be held prior to the meeting at which the ordinance is to be considered.*

*Subd. 4. [COLLECTION.] The rates and charges may be billed and collected in a manner the board shall determine. On or before October 15 in each year, the county board (SHALL) may certify to the county auditor all unpaid outstanding charges (FOR SERVICES HEREUNDER), and a (STATEMENT OF THE) description of the lands (WHICH WERE SERVICED AND) against which the charges arose. It shall be the duty of the county auditor, upon order of the county board, to extend the assessments, with interest not to exceed (SIX PERCENT AS) the interest rate provided for in (THE COUNTY ORDINANCE) section 279.03, subdivision 1, upon the tax rolls of the county for the taxes of the year in which the assessment is filed. For each year ending October 15 the assessment with interest shall be carried into the tax becoming due and payable in January of the following year, and shall be enforced and collected in the manner provided for the enforcement and collection of real property taxes in accordance with the provisions of the laws of the state. The charges, if not paid, shall become delinquent and be subject to the same penalties and the same rate of interest as the taxes under the general laws of the state. (ALL RATES AND CHARGES SHALL BE UNIFORM IN THEIR APPLICATION TO USE AND SERVICE OF THE SAME CHARACTER AND QUANTITY. A NOTICE OF INTENTION TO ENACT SUCH AN ORDINANCE, PUBLISHED PURSUANT TO SECTION 375.51, SUBDIVISION 2, SHALL PROVIDE FOR A PUBLIC HEARING THEREON TO BE HELD PRIOR TO THE MEETING AT WHICH THE ORDINANCE IS TO BE CONSIDERED.)*

Sec. 18. [400.101] [BONDS.]

*The county, by resolution, may authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities, related transmission facilities, or property or property rights for the facilities, for improvements of a capital nature to respond, as defined in section 115B.02, to releases from closed solid waste facilities, or for refunding any outstanding bonds issued for any such purpose, and may pledge to the payment of the bonds and the interest thereon, its full faith, credit, and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Except as otherwise provided in this section, the bonds must be issued and sold in accordance with the provisions of chapter 475. The proceeds of the bonds may be used in part to establish a*

*reserve as further security for the payment of the principal and interest of the bonds when due. Revenue bonds issued under this section may be sold at public or private sale upon conditions that the county board determines, but any bonds to which the full faith and credit and taxing powers of the county are pledged must be sold in accordance with the provisions of chapter 475. No election is required to authorize the issuance of bonds under this section.*

Sec. 19. Minnesota Statutes 1984, section 400.11, is amended to read:

#### 400.11 [TAX LEVIES; ADVANCE FUNDING.]

The county may levy taxes for solid waste management purposes upon all taxable property within the county (, WHICH SHALL NOT AFFECT THE AMOUNT OR RATE OF TAXES WHICH MAY BE LEVIED FOR OTHER COUNTY PURPOSES). The county may levy a tax in anticipation of need for solid waste management purposes as specified in the resolution levying the tax, appropriating the proceeds of the tax to a special fund to be used only for those purposes and, until used, to be invested in securities authorized in section 475.66.

Sec. 20. Minnesota Statutes 1984, section 473.811, subdivision 2, is amended to read:

Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. The proceeds of the bonds may be used in part to establish a reserve as further security for the payment of the principal and interest of the bonds when due. Revenue bonds issued pursuant to this section may be sold at public or private sale upon such conditions as the county board shall determine, but any bonds to which the full faith and credit and taxing powers of the county are pledged shall be sold in accordance with the provisions of chapter 475. The sum of the state's obligations under this clause may not exceed \$800,000 in any fiscal year.*

*(c) Aid distributions under this subdivision are in addition to any distributions to which a county is entitled pursuant to subdivision 1, and must not be deducted in the computation of levy limits. When an aid payment is made pursuant to section 477A.015, the commissioner shall distribute to each eligible county the full entitlement due under paragraph (a) for the county's period of eligibility that was not paid in a previous distribution. When an aid payment is made pursuant to section 477A.015, the commissioner shall distribute to each county that has executed a contract the full amount due under paragraph (b) in accordance with the terms of the contract. *By a majority vote of each county board, county boards representing a majority of the population of the judicial district may petition the chief judge of the district to hold a hearing to determine whether the public defender system in the district should be terminated. **"Section 1. [LEGISLATIVE FINDING.]**

*The legislature finds that the development of the former metropolitan stadium site with the construction of a project comprising hotels, commercial, office, and residential structures and educational, cultural, and entertainment facilities is an economic development which will benefit the city, seven county metropolitan area, and the state as a whole, by creating employment, promoting tourism to the state of Minnesota, increasing public revenues, and encouraging the location and expansion of other businesses in the state.*

*The legislature finds that a portion of the funds from the metropolitan area tax base sharing program under Minnesota Statutes, chapter 473F should be distributed to the city of Bloomington for the following reasons: (i) the proceeds distributed from the fiscal disparities pool will be dedicated to debt service on bonds issued for construction of major public improvements within the project area, including improvements to state and regional roadways, that are above and beyond the transportation requirements generated by the subject site; (ii) allocation of fiscal disparity proceeds for construction of such public improvements will result in the release of state highway funds to be utilized for improvements to other state and regional highways within the state; (iii) the funding sources authorized in this act are necessary to ensure that state and regional priorities are maintained for other elements of the regional transportation system; (iv) the use of such funds to construct major public improvements within the project area will promote removal of blight and facilitate redevelopment of the subject property; (v) the project is within a redevelopment district and the legislature has exempted other redevelopment districts from the metropolitan revenue distribution program, but in lieu of an exemption from that program, the legislature is providing these funds as an alternative method of assistance in the related improvements; (vi) due to the significant loss of federal funds experienced by state and local governments, the legislature recognizes that joint public-private participation is necessary to improve the state economy and that the development of the subject site will create employment, increase public revenues, promote tourism, and attract new business to the state. Therefore, the legislature finds that providing areawide and local financial assistance, including the provision of security for debt financing, but not including direct subsidies to private interests, in the development of the former metropolitan stadium site, is a public purpose of state, metropolitan, and local government in Minnesota and that it is a benefit to the metropolitan area within the purpose of the metropolitan revenue distribution program pursuant to chapter 473F.*

**Sec. 2. [DEFINITIONS.]**

*For the purposes of sections 2 to 11, the following terms have the meanings given them in this section.*

(a) "City" means the city of Bloomington, its city council, and any other board, authority, commission, or officer authorized by law, charter, or ordinance to exercise city powers of a nature referred to in this act.

(b) "Generic EIS" means the airport south environmental impact statement approved by the Minnesota environmental quality board on November 20, 1984.

(c) "Generic ISP" means the airport south indirect source permit approved by the Minnesota pollution control agency on January 25, 1985.

(d) "Airport south industrial development district" means an area encompassing approximately 2,365 acres bounded on the north by Interstate 494, on the east and south by the Minnesota river, and on the west by trunk highway 77.

(e) "Port authority" means the port authority of the city of Bloomington.

(f) "Project" means the redevelopment of the blighted former metropolitan stadium site containing a complex of hotels, commercial, office, and residential structures, and educational, cultural, and entertainment facilities which is located within the city of Bloomington, Hennepin county, and containing approximately 85 acres east of Trunk Highway 77, west of 24th Avenue, south of the metropolitan sports center, and north of Killebrew Drive.

(g) "Related improvements" means highway improvements to Trunk Highway 77 from 86th Street to Interstate 494, including ramp and interchange improvements in connection therewith and construction of the 24th Avenue Interstate 494 interchange.

### Sec. 3. [SALES TAX.]

Subdivision 1. [LEGISLATIVE FINDINGS.] The legislature finds that in the construction of the project pursuant to section 1, the city and the state may construct major regional and statewide public improvements and the city will provide special services. Improvements and services, so long as they directly fulfill the requirements of a public purpose as declared in section 1, include, but are not limited to, the following:

(1) the repair, maintenance, operation, and construction of any improvements authorized by Minnesota Statutes, section 429.021, and assistance in the funding of the improvements;

(2) assistance in the funding, including lease payments, of parking services rendered or contracted for by the port authority;

(3) *construction of related improvements; and*

(4) *any other service or public improvement provided by the city that is authorized by law or charter.*

*Further, the legislature finds that the improvements and services provided, while benefiting the people of the state, the metropolitan area, and the city as a whole, will also specially benefit persons who choose to patronize the project and the retailers who choose to locate businesses within the project. Because of the extraordinary nature of the improvements and services to be rendered by the city, and because a particular class of persons choosing to locate businesses within or patronize the project will receive greater benefit from the improvements and services than other classes of taxpayers, the legislature finds that the designation of the project as a special sales tax district and the imposition of a special sales tax within the project under subdivision 2 will more equitably apportion the burden of funding the improvements and services among the various classes of taxpayers benefited within the district.*

*Subd. 2. [TAX.] The city may by ordinance designate the project as a special sales tax district and may impose a sales tax on the gross receipts from sales at retail made by any person in the area included in the project. The tax must be imposed at a rate determined by the city but may not exceed one percent. The tax must be imposed upon sales transactions taxable pursuant to Minnesota Statutes, chapter 297A except that the city may exempt from the tax imposed under this section any transaction for which a tax is imposed under section 4 or 5.*

#### Sec. 4. [LODGING TAXES.]

*Notwithstanding Minnesota Statutes, section 477A.018 or any law, ordinance, or charter to the contrary, the city may impose a sales tax at a rate determined by the city but not greater than five percent on the gross receipts from the furnishing for consideration of lodging for a period of less than 30 days at a hotel, motel, rooming house, tourist court, or resort located within the city. The authority to impose this sales tax shall not be construed as authority which is additional to that provided in section 477A.018, subdivision 2.*

#### Sec. 5. [LIQUOR TAXES.]

*Notwithstanding Minnesota Statutes, section 477A.016 or any law, ordinance, or charter to the contrary, the city may impose a sales tax at a rate determined by the city but not greater than five percent on the gross receipts from retail on-sales of intoxicating liquor and fermented malt beverages when sold at licensed on-sale liquor establishments located within the city.*

**Sec. 6. [COLLECTION OF TAXES.]**

*The city may provide for the reporting and payment of a tax imposed under section 3, 4, or 5 to the commissioner of revenue together with the tax imposed by Minnesota Statutes, chapter 297A and may impose the interest and penalty provisions contained in that chapter. If so provided, the reporting and payment provisions for the sales and use tax contained in Minnesota Statutes, chapter 297A shall apply to a tax imposed by the city under this section, and the commissioner shall administer and enforce the assessment and collection of the tax. The commissioner shall have all the powers provided in Minnesota Statutes to administer and enforce the assessment and collection of the tax. The proceeds of the tax, less refunds and costs of collection, must be remitted to the city at least quarterly. The amount deducted by the commissioner shall be deposited in the general fund.*

**Sec. 7. [USE OF PROCEEDS; POWERS.]**

*The proceeds of the taxes imposed under section 3, 4, or 5 and the proceeds of the distribution under section 12 may only be expended by the city for the public purpose stated in section 1, as follows: (i) the distribution under section 12 shall be expended for the total cost of financing and debt service payments for related improvements, including interest on bonds issued pursuant to Laws 1985, chapter 295; (ii) the proceeds from taxes imposed under section 3 may be expended for the total cost of financing and debt service payments for related improvements or other public improvements within the project area; (iii) the proceeds from the taxes imposed under sections 4 and 5 may be expended for debt service on bonds issued for related improvements or citywide improvements and public services as authorized by law and charter. The city may transfer funds to the port authority to accomplish the public purpose of section 1 only as authorized by this section or to provide for the development of improvements within the airport south industrial development district.*

*The city of Bloomington shall pay, from funding sources enumerated above, all costs of the related improvements, including trunk highways, within the project area. To provide for this funding of trunk highways, the city and the commissioner of transportation may enter into an agreement under which the city agrees to loan, without interest, and to advance money to the commissioner for deposit in the state treasury to the credit of the trunk highway fund an amount sufficient for the design services, the construction and the construction engineering of those trunk highway facilities that the commissioner determines necessary to build as part of the related improvements. The commissioner must repay those loan funds to the city from the trunk highway fund in ten equal annual installments commencing after completion of the trunk highway facilities within the related improvements or 1990, whichever occurs later in time.*

*No interest or inflation index money will be paid to the city for the use of this loan money by the commissioner from the trunk highway fund.*

*In order to expedite the project and to minimize disruption to the statewide highway program, the city shall be the lead agency responsible for all design, contract letting, award, and administration of related improvements in the project area. The city shall acquire and convey to the state, without costs to the state, all rights-of-way needed for trunk highway improvements in the project area.*

**Sec. 8. [DEBT SECURITY.]**

*The proceeds of the taxes permitted by sections 3, 4, and 5 may be pledged by the city or port authority for the payment of tax increment revenue bonds issued pursuant to Minnesota Statutes, chapter 273.*

**Sec. 9. [BONDS; REVENUE SOURCES.]**

*Notwithstanding Minnesota Statutes, section 273.77, paragraph (c), to directly carry out only the public purpose as declared in section 1, the port authority of the city of Bloomington may, by resolution, authorize the issuance and sale of revenue bonds payable in whole or in part from all or part of the revenues derived from:*

*(i) the sales taxes permitted by sections 3, 4, and 5 if they are pledged or imposed in whole or part to pay the principal, premium, if any, and interest on the bonds, and*

*(ii) tax increment revenues and assessments derived from a tax increment financing district located wholly or partially within the municipality to finance any expenditure which the port authority is authorized to make by Minnesota Statutes, section 273.75, subdivision 4.*

**Sec. 10. [PORT AUTHORITY; DEVELOPMENT POWERS.]**

*In addition to the authority provided by Minnesota Statutes, section 458.192, subdivision 10, the port authority may, if proper in the public interest under section 1, build suitable buildings or structures on land leased by it.*

**Sec. 11. [DEVELOPMENT AUTHORITY PURSUANT TO GENERIC EIS AND GENERIC ISP.]**

*Subject to other reviews and permits required by law, the project is authorized to proceed with a level of development as identified in the draft and final generic EIS and generic ISP.*

*The authority to proceed with this level of development is conditioned on the construction of highway improvements with a capacity equal to or greater than those specified in the draft and final generic EIS and generic ISP and in accordance with the specific and general conditions specified therein.*

Sec. 12. Minnesota Statutes 1984, section 473F.08, is amended by adding a subdivision to read:

*Subd. 3a. Beginning in 1987 and each subsequent year through 1998, the city of Bloomington shall determine the interest payments for that year for the bonds which have been sold for the related improvements pursuant to section 2, paragraph (g). Effective for property taxes payable in 1988 through property taxes payable in 1999, after the Hennepin county auditor has computed the areawide portion of the levy for the city of Bloomington pursuant to section 473F.08, subdivision 3, clause (a), the auditor shall annually add a dollar amount to the city of Bloomington's areawide portion of the levy equal to the amount which has been certified to the auditor by the city of Bloomington for the interest payments for that year for the bonds which were sold for the related improvements as defined in section 2, paragraph (g). The total areawide portion of the levy for the city of Bloomington including the additional amount for interest repayment certified pursuant to this subdivision shall be certified by the Hennepin county auditor to the administrative auditor pursuant to section 473F.08, subdivision 5. The Hennepin county auditor shall distribute to the city of Bloomington the additional areawide portion of the levy computed pursuant to this subdivision at the same time that payments are made to the other counties pursuant to section 473F.08, subdivision 7a. This additional areawide portion of the levy which is distributed to the city of Bloomington shall be exempt from the city's levy limit provisions contained in sections 275.50 to 275.56.*

Sec. 13. [APPLICABILITY; EFFECTIVE DATE.]

*Section 12 applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington and pursuant to Minnesota Statutes, section 645.023, subdivision 1, clause (c), is effective without local approval the day after final enactment. Pursuant to Minnesota Statutes, section 645.023, subdivision 1, clause (a), sections 1 to 11 are effective without local approval the day after final enactment."*

(11) who resides in Minnesota, or, if absent from the state, is deemed to be a resident of Minnesota in accordance with the regulations of the state agency; and

(12) who alone, or together with his spouse, does not own real property other than the homestead. For the purposes of this section, "homestead" means the house owned and occupied by the applicant or recipient as his primary place of residence, together with the contiguous land upon which it is situated. The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by the spouse, minor child, or disabled child of any age; or the applicant/recipient is expected to return to the home as a principal residence within six calendar months of entry to the long-term care facility. Certification of expected return to the homestead shall be documented in writing by the attending physician. Real estate not used as a home may not be retained unless it produces net income applicable to the family's needs or the family is making a continuing effort to sell it at a fair and reasonable price or unless the commissioner determines that sale of the real estate would cause undue hardship or unless the equity in the real estate when combined with the equity in the homestead totals \$15,000 or less; and

(13) who individually does not own more than \$3,000 in cash or liquid assets, or if a member of a household with two family members (husband and wife, or parent and child), does not own more than \$6,000 in cash or liquid assets, plus \$200 for each additional legal dependent. *In addition to these maximum amounts, an eligible individual or family may accrue interest on these amounts, but they must be reduced to the maximum at the time of an eligibility redetermination. For residents of long-term care facilities, the accumulation of the clothing and personal needs allowance pursuant to 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination.* Cash and liquid assets may include a prepaid funeral contract and insurance policies with cash surrender value. The value of the following shall not be included:

(a) the homestead, and (b) one motor vehicle licensed pursuant to chapter 168 and defined as: (1) passenger automobile, (2) station wagon, (3) motorcycle, (4) motorized bicycle or (5) truck of the weight found in categories A to E, of section 168.013, subdivision 1e; and

(14) who has or anticipates receiving an annual income not in excess of the income standards by family size used in the aid to families with dependent children program, or who has income in excess of these maxima and in the month of application, or

during the three months prior to the month of application, incurs expenses for medical care that total more than one-half of the annual excess income in accordance with the regulations of the state agency. In computing income to determine eligibility of persons who are not residents of long-term care facilities, the commissioner shall disregard increases in income (DUE SOLELY TO INCREASES IN FEDERAL RETIREE, SURVIVOR'S, AND DISABILITY INSURANCE BENEFITS, VETERANS ADMINISTRATION BENEFITS, AND RAILROAD RETIREMENT BENEFITS IN THE PERCENTAGE AMOUNT ESTABLISHED IN THE BIENNIAL APPROPRIATIONS LAW UNLESS PROHIBITED BY FEDERAL LAW OR REGULATION. IF PROHIBITED, THE COMMISSIONER SHALL FIRST SEEK A WAIVER) *as required by Public Law Number 94-566, section 503.* In excess income cases, eligibility shall be limited to a period of six months beginning with the first of the month in which these medical obligations are first incurred; and

(15) who has continuing monthly expenses for medical care that are more than the amount of his excess income, computed on a monthly basis, in which case eligibility may be established before the total income obligation referred to in the preceding paragraph is incurred, and medical assistance payments may be made to cover the monthly unmet medical need. In licensed nursing home and state hospital cases, income over and above that required for justified needs, determined pursuant to a schedule of contributions established by the commissioner of human services, is to be applied to the cost of institutional care. The commissioner of human services may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care; and

(16) who has applied or agrees to apply all proceeds received or receivable by him or his spouse from automobile accident coverage and private health care coverage to the costs of medical care for himself, his spouse, and children. The state agency (MAY) *shall* require from any applicant or recipient of medical assistance the assignment of any rights accruing under private health care coverage *to a provider or agency seeking reimbursement under that coverage.* Any rights or amounts so assigned shall be applied against the cost of medical care paid for under this chapter. Any assignment shall not be effective as to benefits paid or provided under automobile accident coverage and private health care coverage prior to receipt of the assignment by the person or organization providing the benefits.

The period of ineligibility may exceed 24 months, and a reapplication for benefits after 24 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired.

“Section 1. [84.95] [MINERAL RESOURCES PROGRAM.]

*Subdivision 1. [FINDINGS.] The legislature finds that there has been a disinvestment in mineral and timber resources of the state. To provide a diversified economic base in the state, it is necessary to stimulate investment in the state's natural resources. Mineral exploration by the private sector must be encouraged and assisted. The long-term health of the state will be aided by a diverse state economy that includes productive natural resource industries. A forestry management plan is already mandated. The great benefits from the state's mineral resources will not be realized without state stimulation of investment, which can be achieved through a program coordinated by the department of natural resources to accelerate geologic mapping and mineral deposit evaluation and to provide analytical support to the mineral and timber industries. This participation by the state will lead to active participation by private industry in healthy Minnesota timber and mineral resources industries.*

*Subd. 2. [PROGRAM.] The commissioner of natural resources shall coordinate a program, in cooperation with the Minnesota geological survey, the Minnesota Resources Research Center, the Natural Resources Research Institute, and other available facilities, to:*

- (1) *accelerate geological mapping of the state;*

(2) *accelerate evaluation of the state's mineral potential and other natural resources; and*

(3) *provide analytical support for participants in the mineral industry.*

*Subdivision 1. [AMOUNTS.] The state planning agency may award independent grants to municipalities for projects for 50 percent or, if the pollution control agency requires advanced treatment, 65 percent of the eligible cost of construction of wastewater treatment facilities. The agency may award independent grants for up to an additional 30 percent or, if the pollution control agency requires advanced treatment, up to an additional 25 percent of the eligible cost of construction to municipalities for which the construction would otherwise impose significant financial hardship. The amounts of the additional grants must be based on per connection capital cost, median household income, and per capita adjusted assessed valuation. For grants made under this section, the eligible cost is as determined by the United States Environmental Protection Agency under the Federal Water Pollution Control Act, as amended, United States Code, title 33, section 1314, et seq., except that eligible cost also includes the acquisition of land for stabilization ponds and the provision of reserve capacity sufficient to serve the reasonable needs of the municipality for 20 years in the case of treatment works and 40 years in the case of sewer systems. The eligible cost does not include the provision of collector sewers as defined in pollution control agency rules, the provision of service to seasonal homes, or cost increases from contingencies that exceed three percent of as-bid costs or cost increases from unanticipated site conditions that exceed an additional two percent of as-bid costs. These grants may be awarded in separate steps for planning and design in addition to actual construction. Until December 31, 1990, not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.*

**Subd. 4. [REIMBURSEMENT GRANTS.]** *Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and be reimbursed in a subsequent year conditioned upon appropriation of sufficient money under subdivision 1 for that year. The maximum amount of the reimbursement the agency may commit in any single fiscal year is equal to the amount newly appropriated to the state grants programs for that year.*

#### **Sec. 4. [245.883] [RULES.]**

*Rules for family day care and group family day care homes must be adopted in consultation with representatives of counties and with families who reflect the diversity of families who use day care, including families from urban, suburban, and rural communities, and with representatives of those who operate day care homes in urban, suburban, and rural communities. In addition, the commissioner shall:*

*(1) summarize day care rules in language understandable to the general public and provide a copy of each rule and its summary to each agency and provider;*

*(2) develop and distribute to providers and applicants an information brochure, in language understandable to the general public, that:*

*(i) describes services offered to applicants by the department under section 245.783, subdivision 1;*

*(ii) summarizes procedures for appealing a denial, revocation, suspension, or nonrenewal of license as set forth in section 245.801 and in rules promulgated by the commissioner;*

(iii) explains penalties for failure to license a day care facility or failure to take corrective action as set forth in section 245.803; and

#### **Sec. 5. [245.884] [STANDARDS AND REGULATORY METHODS.]**

*In writing and enforcing day care rules, the commissioner shall identify, and when feasible and appropriate, incorporate objectively validated indicators of quality day care; methods for establishing child/staff ratios that take into consideration the age distribution of children in day care; and methods for establishing safety standards for day care facilities that take into consideration the findings of empirical studies of fire detection factors, fire spread factors, and evacuation of day care homes in case of fire. The commissioner shall provide an information service that will interpret day care rules and provide assistance to consumers and providers. To the extent feasible and appropriate, the commissioner shall identify and incorporate alternative methods of day care regulation that:*

(1) increase the variety of day care available to consumers by expanding the types and categories of licensure, including the use of conditional and restricted licenses;

(2) establish a substantial compliance standard rather than a full or absolute compliance standard;

(3) include providers, consumers, advocacy groups, and experts in relevant professional fields in establishing weighted values that describe the relative importance of compliance with each provision of a day care rule;

(4) when appropriate, incorporate performance standards in place of specification standards to allow flexibility in regulation;

(5) *set minimum standards for safety, sanitation, and meeting the developmental needs of children; and*

(6) *use graded licenses as a means of informing consumers about the quality of day care delivered by a provider.*

**Sec. 6. [REPORT.]**

*When a county agency determines that an applicant or provider would be required to spend over \$100 for physical changes to ensure child safety, the commissioner may issue a conditional license when all of the following conditions have been met:*

(a) *The commissioner shall notify the provider or applicant in writing of the safety deficiencies.*

(b) *The commissioner shall notify the provider or applicant in writing of alternative compliance standards that would correct deficiencies, if available.*

(c) *The provider or applicant agrees in writing to notify each parent, on a form prescribed by the commissioner that requires the signature of the parent, of the safety deficiencies and the existence of the conditional license.*

**Sec. 9. [245.885] [REGULATION BY LOCAL GOVERNMENT.]**

*The authority of local units of government to establish requirements for day care facilities is limited by Minnesota Statutes, section 299F.011, subdivision 4a, clauses (1) and (2).*

## Sec. 10. [STUDY OF CHILD CARE.]

*Subdivision. 1. [TASK FORCE.] The commissioner shall establish a task force under the auspices of the council on children, youth, and families to study child care services. - (6) alternative methods of day care regulation that increase the variety of day care available to consumers and increase the types and categories of licensure, including conditional and restricted licenses.*

*Subd. 3. [REPORT ON STUDY OF CHILD CARE.] By January 1, 1987, the council on children, youth, and families shall submit to the health and human services committees of the legislature a report containing the findings and recommendations of the task force and proposals for legislative action. To the extent possible, the task force shall use existing research and published information in conducting the study and compiling the report.*

*Subd. 4. [ASSISTANCE TO THE TASK FORCE.] At the request of the council on children, youth, and families, state agencies and legislative research offices shall provide assistance to the task force.*

Subd. 5. [STATE PARK ROAD ACCOUNT.] After deducting for administrative costs and for the disaster account and research account as heretofore provided from the remainder of the total sum provided for in subdivision 1, there shall be deducted a sum equal to the three quarters of one percent of the remainder but not to exceed the sum of (\$200,000) \$600,000 annually. The sum so deducted shall be set aside in a separate account and shall be used for the establishment, location, relocation, construction, reconstruction and improvement of those roads included in the county state-aid highway system under Minnesota Statutes 1961, Section 162.02, Subdivision 6 which *border and provide substantial access to an outdoor recreation unit as defined in section 86A.04 or which* provide access to the headquarters of or the principal parking lot located within (A STATE PARK) *such a unit*. At the request of the commissioner of natural resources the counties wherein such roads are located shall do such work as

requested in the same manner as on any other county state-aid highway and shall be reimbursed for such construction, reconstruction or improvements from the amount set aside by this subdivision. *Before requesting a county to do work on a county state-aid highway as provided in this subdivision, the commissioner of natural resources must obtain approval for the project from the county state-aid screening board. The screening board, before giving its approval, must obtain a written comment on the project from the county engineer of the county requested to undertake the project.* Any sums paid to counties in accordance with this subdivision shall reduce the money needs of said counties in the amounts necessary to equalize their status with those counties not receiving such payments. Any balance of the amount so set aside, at the end of each year shall be transferred to the county state-aid highway fund.

*By rule made under section 162.02, the commissioner shall prescribe standards for establishing, locating, constructing, reconstructing, and improving county state-aid highways that provide access to units of the outdoor recreation system.*

Sec. 2. Minnesota Statutes 1984, section 169.81, subdivision 2, is amended to read:

Subd. 2. [LENGTH OF VEHICLES.] (a) No single unit motor vehicle, except truck cranes which may not exceed 45 feet, unladen or with load may exceed a length of 40 feet extreme overall dimensions inclusive of front and rear bumpers, except that the governing body of a city is authorized by permit to provide for the maximum length of a motor vehicle, or combination of motor vehicles, or the number of vehicles that may be fastened together, and which may be operated upon the streets or highways of a city; provided, that the permit may not prescribe a length less than that permitted by state law. A motor vehicle operated in compliance with the permit on the streets or highways of the city is not in violation of this chapter.

(b) No single semitrailer, *unladen or with load*, may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer adjacent to the truck or truck-tractor, in excess of 48 feet, except as provided in paragraph (d). No single trailer, *unladen or with load*, may have an overall length inclusive of tow bar assembly and exclusive of rear protective bumpers which do not increase the overall length by more than six inches, in excess of 45 feet. For determining compliance with the provisions of this subdivision, the length of the semitrailer or trailer must be determined separately from the overall length of the combination of vehicles.

(c) No semitrailer or trailer used in a three-vehicle combination, *unladen or with load*, may have an overall length, exclusive

of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer or trailer adjacent to the truck or truck-tractor, and further exclusive of the tow bar assembly, in excess of 28-1/2 feet. The commissioner may not grant a permit authorizing the movement, in a three-vehicle combination, of a semitrailer or trailer that exceeds 28-1/2 feet, *whether unladen or with load*, except that the commissioner may renew a permit that was granted before April 16, 1984 for the movement of a semitrailer or trailer that exceeds the length limitation in this paragraph.

(d) The commissioner may issue an annual permit for a semitrailer in excess of 48 feet in length, if the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet and if a combination of vehicles, which includes a semitrailer in excess of 48 feet for which a permit has been issued under this paragraph, does not exceed an overall length of 65 feet, *unladen or with load*. The annual fee for a permit issued under this paragraph is \$36.

Sec. 3. Minnesota Statutes 1984, section 169.825, is amended by adding a subdivision to read:

*Subd. 3a.* [TANDEM AXLES.] "*Tandem axles*" means two consecutive axles whose centers are spaced more than 40 inches and not more than 96 inches apart.

Sec. 4. Minnesota Statutes 1984, section 169.825, subdivision 8, is amended to read:

Subd. 8. [PNEUMATIC-TIRED VEHICLES.] No vehicle or combination of vehicles equipped with pneumatic tires shall be operated upon the highways of this state:

(a) Where the gross weight on any wheel exceeds 9,000 pounds, except that on designated *local routes and state trunk highways* the gross weight on any single wheel shall not exceed 10,000 pounds;

(b) Where the gross weight on any single axle exceeds 18,000 pounds, except that on designated *local routes and state trunk highways* the gross weight on any single axle shall not exceed 20,000 pounds;

(c) Where the maximum wheel load exceeds 600 pounds per inch of tire width or the manufacturer's recommended load, whichever is less;

(d) Where the gross weight on any axle of a tridem exceeds 15,000 pounds, except that for vehicles to which an additional axle has been added prior to June 1, 1981, the maximum gross

weight on any axle of a tridem may be up to 16,000 pounds provided the gross weight of the tridem combination does not exceed 37,000 pounds where the first and third axles of the tridem are spaced seven feet apart; 38,500 pounds where the first and third axles of the tridem are spaced eight feet apart; and 39,900 pounds where the first and third axles of the tridem are spaced nine feet apart.

(e) Where the gross weight on any group of axles exceeds the weights permitted under this section with any or all of the interior axles disregarded and their gross weights subtracted from the gross weight of all axles of the group under consideration.

Sec. 5. Minnesota Statutes 1984, section 169.825, subdivision 10, is amended to read:

Subd. 10. [GROSS WEIGHT SCHEDULE.] (a) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated upon the highways of this state where the total gross weight on any group of two or more consecutive axles of any vehicle or combination of vehicles exceeds that given in the following table for the distance between the centers of the first and last axles of any group of two or more consecutive axles under consideration; the distance between axles being measured longitudinally to the nearest even foot, and when the measurement is a fraction of exactly one-half foot the next largest whole number in feet shall be used, except that when the distance between axles is more than three feet four inches and less than three feet six inches the distance of four feet shall be used:

The gross weights shown in parentheses in this clause are permitted only on *state trunk highways and routes* designated under section 169.832, subdivision 11.

(b) Notwithstanding any lesser weight in pounds shown in this table but subject to the restrictions on gross vehicle weights in clause (c), two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each and a combined gross load of 68,000 pounds provided the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(c) Notwithstanding the provisions of section 169.85, the gross vehicle weight of all axles of a vehicle or combination of vehicles shall not exceed (THE FOLLOWING):

(1) 80,000 pounds for any vehicle or combination of vehicles on all state trunk highways as defined in section 160.02, subdivision 2, and for all routes designated under section 169.832, subdivision 11; and

(2) 73,280 pounds for any vehicle or combination of vehicles with five axles or less on all routes, other than state trunk highways and routes that are not designated under section 169.832, subdivision 11; and

(3) 80,000 pounds for any vehicle or combination of vehicles with six or more axles on all routes, other than state trunk highways and routes that are not designated under section 169.832, subdivision 11 (;).

(d) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a combination of vehicles that includes a three axle semi-trailer first registered before August 1, 1981. All other weight limitations in this section are applicable (;).

(e) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a four axle ready mix concrete truck which was equipped with a fifth axle prior to June 1, 1981. The maximum gross weight on four or fewer consecutive axles of vehicles excepted by this clause shall not exceed any maximum weight specified for four or fewer consecutive axles in this subdivision.

Sec. 6. Minnesota Statutes 1984, section 169.832, subdivision 11, is amended to read:

Subd. 11. [DESIGNATION OF LOCAL ROUTES.] The commissioner may designate any county or local street or highway route or segment of a route to carry the gross weights permitted under section 169.825. Any designation of a route pursuant to this subdivision (, OTHER THAN A TRUNK HIGHWAY ROUTE,) is subject to the approval of the local authority having jurisdiction over the route. A route may not be designated if the commissioner finds that designation

(a) creates an undue hazard to traffic safety; or

(b) is inconsistent with structural capacity of the route, including consideration of the volume of traffic expected to occur on the route after designation.

Notwithstanding any finding under clause (b), the commissioner shall designate any route which is needed to provide

- (i) a connection between significant centers of population or commerce, or between other designated routes; or
- (ii) access to a transportation terminal; or
- (iii) temporary emergency service to a particular shipping or receiving point on the route.

The commissioner may undesignate any route when continued designation is inconsistent with the provisions of this subdivision, subject to the approval of any local authority having jurisdiction over the route.

Any route designation or undesignation shall be effective when adopted. The commissioner may designate or undesignate any route when requested by any local authority having jurisdiction over the route.

Sec. 7. Minnesota Statutes 1984, section 169.832, is amended by adding a subdivision to read:

*Subd. 13. [RESTRICTIONS ON TRUNK HIGHWAYS.]*

*(a) For purposes of this section a "market artery" is a trunk highway or segment thereof which:*

- (i) provides a connection between significant centers of population or commerce;*
- (ii) provides a connection between highways described in clause (a);*
- (iii) provides access to a transportation terminal; or*
- (iv) provides temporary emergency service to a particular shipping or receiving point on a market artery.*

*(b) The commissioner may impose seasonal load restrictions under section 169.87 on a trunk highway which is a market artery only after giving notice of intention to do so to the chairs of the transportation and appropriations committees of the house of representatives, and the chairs of the transportation and finance committees of the senate. The commissioner shall provide with each notice a plan for the improvement of the highway to a level at which seasonal weight limits will not be necessary on it.*

*(c) The commissioner shall, by rule promulgated under chapter 14, the administrative procedure act, define "significant centers of population and commerce" for purposes of this section. In drafting the rule the commissioner shall consult with major highway users, representatives of manufacturing, retail trade and agriculture, local government and regional develop-*

296.026 [(SPECIAL FUEL;) ANNUAL (COMPRESSED NATURAL GAS USER) PERMIT FOR VEHICLES USING COMPRESSED NATURAL GAS OR PROPANE.]

Subdivision 1. [(COMPRESSED NATURAL GAS) ANNUAL (USER) ALTERNATE FUEL PERMIT.] Any person owning a motor vehicle propelled by compressed natural gas or propane shall obtain an annual (COMPRESSED NATURAL GAS USER) permit for each such vehicle. The period for which (A COMPRESSED NATURAL GAS USER) *the alternate fuel* permit is valid must coincide with the motor vehicle registration period of the vehicle. A person shall obtain all required (COMPRESSED NATURAL GAS USER) permits within 30 days of becoming a (COMPRESSED NATURAL GAS) user of *compressed natural gas or propane*.

Subd. 2. [PERMIT FEES IMPOSED.] The fees for annual (COMPRESSED NATURAL GAS USER) *alternate fuel* permits are based on each vehicle's mileage in the preceding year and are as follows:

Gross Vehicle Weight	Fee
Under 6,000 pounds	\$8.50 per 1,000 miles
6,001 - 12,000 pounds	\$(9) 10 per 1,000 miles

12,001 - 18,000 pounds	\$(16) 18 per 1,000 miles
18,001 - 26,000 pounds	\$(23) 26 per 1,000 miles
26,001 - 36,000 pounds	\$(27) 30 per 1,000 miles
Over 36,000 pounds	\$(34) 38 per 1,000 miles

(THE MAXIMUM FEE FOR AN ANNUAL COMPRESSED NATURAL GAS USER PERMIT FOR VEHICLES IN ALL GROSS VEHICLE WEIGHT CLASSES SHALL NOT EXCEED THE FEE CHARGED FOR 22,000 ACTUAL MILES DRIVEN.) If no true cumulative mileage figures are available for the preceding year, the fee charged under this section (SHALL) *must* be based on 15,000 miles driven.

The fee for a permit required by this section must be calculated based on the number of unexpired months remaining in the registration year of the vehicle as measured from the date of the occurrence of the event requiring the permit.

Subd. 3. [PERMIT APPLICATIONS.] A person shall apply for (A COMPRESSED NATURAL GAS USER) *an annual alternate fuel* permit for each motor vehicle specified in this section each time the vehicle is registered. The commissioner of public safety shall prescribe the form of the application. The form must require the applicant to provide the following information:

- (1) the name and address of the owner or person licensing the vehicle;
- (2) a description of the vehicle, including the mileage on the vehicle as of the date of registration, *and the type of fuel used*;
- (3) the true cumulative mileage registered on the odometer; and
- (4) other information necessary for the proper implementation of this section.

A completed application must be submitted to the department of public safety. The department of public safety shall issue (A COMPRESSED NATURAL GAS USER) *an alternate fuel* permit and collect the fee provided in this section.

Subd. 4. [PERMIT STICKERS.] The (COMPRESSED NATURAL GAS USER) *alternate fuel* permit required by this section must be a gummed sticker prepared by the department of public safety. The permit must be attached to the lower left corner of the windshield of the motor vehicle for which it was

Subd. 5. [PERMIT NOT TRANSFERABLE.] (A COMPRESSED NATURAL GAS USER) *An alternate fuel* permit is not transferable, either to a new vehicle or to a new owner. Upon the transfer of ownership of any motor vehicle (HAVING A COMPRESSED NATURAL GAS USER) *with a permit*, the department of public safety shall credit the transferor with the number of unexpired months remaining in the registration period, except that when such a vehicle is transferred within the same month in which acquired, no credit for the month is allowed. If (SUCH) a transferor acquires another motor vehicle for which (A SPECIAL) *an alternate fuel* (USER) permit is required at the time of transfer, the credit provided by this section must be applied toward payment of the (COMPRESSED NATURAL GAS USER) *alternate fuel* permit fee then due. Otherwise the transferor may file a claim for the amount of the credit with the commissioner upon a form prescribed by the commissioner. The department shall make payment of the claim from the undistributed (COMPRESSED NATURAL GAS USER) *alternate fuel* permit fees.

Subd. 6. [MOTOR VEHICLE CONVERSION REPORT.] (ANY) A person who installs equipment in a motor vehicle to permit it to be powered by compressed natural gas *or propane* shall report the installation to the department of public safety within 30 days. The report must include the name and address of the owner of the vehicle, the make, model, and serial number of the vehicle, the type of fuel that the vehicle was equipped to use prior to the installation, the true cumulative mileage registered on the odometer, and, if the vehicle is registered, the license plate number of the vehicle.

Compressed natural gas *or propane* sold as (A) fuel for motor vehicles displaying valid annual (COMPRESSED NATURAL GAS) *alternate fuel* permit stickers is not subject to any additional tax at the time of sale. All (COMPRESSED NATURAL GAS USER) *alternate fuel permit* fees collected by the department of public safety must be deposited in *the* state treasury and credited to the highway user tax distribution fund.

Sec. 14. Minnesota Statutes 1985 Supplement, section 296.028, is amended to read:

*(a) whether the unregulated service may harm or endanger the health, safety, and quality of care for citizens of the state and whether the potential for harm is recognizable and not remote;*

(b) *whether the service requires specialized skill or training and whether the public needs will benefit by assurances of initial and continuing provider ability;*

(c) *whether the citizens of this state are or may be effectively protected by other means; and*

(d) *whether the overall cost effectiveness and economic impact would be positive for citizens of the state.*

*Subd. 2. [REGULATION MODES.] If the commissioner and the task force find after evaluation of the criteria listed in subdivision 1 that it is necessary to regulate the provision of a service, then regulation shall be recommended to the legislature in modes in the following order:*

*Two or more of these modes may be recommended to the legislature if necessary and appropriate.*

*Subd. 3. [ANNUAL REPORT.] The commissioner shall report to the legislature on or before October 1 of each year, regarding activities of the task force, problems identified, recommendations on services to be regulated, the mode of regulation that is appropriate, and a cost-benefit analysis for each service recommended. (2) *description of information necessary to implement a regulatory mode;*

(3) standards of training of home care services personnel, which may vary according to the nature of the services provided or the health status of the consumer provided that the commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 3;

(4) standards of supervision of personnel providing home care services, which may vary according to the nature of the services provided or the health status of the consumer;

“Section 1. Minnesota Statutes 1984, section 168.011, is amended by adding a subdivision to read:

*Subd. 30. [FLEET.] “Fleet” means a combination of 1,000 or more vehicles and trailers owned by a person solely for the use of that person or employees of the person and registered in this state under section 2. It does not include vehicles licensed under section 168.187.*

Sec. 2. [168.127] [FLEET VEHICLES; REGISTRATION, FEES.]

*Subdivision 1. [REGISTRATION CATEGORY.] A unique registration category is established for vehicles and trailers of a fleet. Vehicles registered in the fleet must be issued a distinctive license plate. The design and size of the fleet license plate must be determined by the commissioner.*

*Subd. 2. [ANNUAL REGISTRATION PERIOD.] Instead of the registration period assigned for vehicles registered under sections 168.014, 168.017, and 168.12, subdivisions 1 and 2a, a person may register a fleet on an annual basis. The annual registration period for vehicles in the fleet will be determined by the commissioner. By January 1, the applicant must provide all information necessary to qualify as a fleet registrant including a list of all vehicles in the fleet. On initial registration, all taxes*

*Subd. 3. [REGISTRATION CARDS ISSUED.] On approval of the application for fleet registration the commissioner must issue a registration card for each qualified vehicle in the fleet. The registration card must be carried in the vehicle at all times and be made available to a peace officer on demand. Validation stickers must be issued to vehicles registered by gross weight.*

*Subd. 4. [FILING REGISTRATION APPLICATIONS.] Initial fleet applications for registration and renewals must be filed with the registrar or authorized representative at the main headquarters offices of the department of public safety in St. Paul.*

*Subd. 5. [RENEWAL OF FLEET REGISTRATION.] On the renewal of a fleet registration the registrant shall pay full licensing fees for every vehicle registered in the preceding year unless the vehicle has been properly deleted from the fleet. In order to delete a vehicle from a fleet, the fleet registrant must surrender to the commissioner the registration card, validation stickers, and license plates. If the card, stickers, or license plates are lost or stolen, the fleet registrant shall submit a sworn statement stating the circumstances for the inability to surrender the card, stickers, and license plates. The commissioner shall assess a penalty of 20 percent of the total tax due on the fleet against the fleet registrant who fails to renew the licenses issued under this section or fails to report the removal of vehicles from the fleet within 30 days. The penalty must be paid within 30 days after it is assessed.*

*Subd. 6. [FEES.] Instead of the \$3.25 filing fee for each vehicle, the applicant shall pay a \$3.25 administrative fee for each vehicle in the fleet. The administrative fee must be deposited in the state treasury and credited to the highway user tax distribution fund. A filing fee of \$3.25 must be collected by the processing office for an application regardless of the number of vehicles listed.*

(a) a law enacted after June 30, 1985, which mandates a new program or an increased level of service of an existing program;

(b) an executive order issued after June 30, 1985, which mandates a new program;

(c) an executive order issued after June 30, 1985, which implements or interprets a state statute and, by this implementation or interpretation, increases program levels above the levels required before July 1, 1985;

(d) a statute enacted after June 30, 1985, or executive order issued after June 30, 1985, which implements or interprets a federal statute or regulation and, by this implementation or interpretation, increases program or service levels above the levels required by this federal statute or regulation;

(e) a statute enacted after June 30, 1985, or executive order issued after June 30, 1985, which implements or interprets a statute or amendment adopted or enacted pursuant to the approval of a statewide ballot measure by the voters and, by this implementation or interpretation, increases program or service levels above the levels required by the ballot measure;

(f) a statute enacted after June 30, 1985, or executive order issued after June 30, 1985, which removes an option previously

Sec. 2. Minnesota Statutes 1985 Supplement, section 16A.128, is amended to read:

**16A.128 [FEE SETTING.]**

**Subdivision 1. [POLICY.]** *Agency fees and fee adjustments shall not exceed amounts established by statute. Where amounts are not established by statute, fees shall be established or adjusted as provided in this section.*

*The legislature, in setting or adjusting fees, or taking actions affecting the setting or adjusting of fees, should attempt to ensure that (1) agency fees and fee adjustments include only those service-related costs that provide a primary benefit to the individual fee payer and (2) service-related costs that benefit the general community are borne by the agency.*

**Subd. 1a. [APPROVAL.]** Fees for accounts for which appropriations are made may not be established or adjusted without the approval of the commissioner. If the fee or fee adjustment is required by law to be fixed by rule, the commissioner's approval must be in the statement of need and reasonableness.

These fees must be reviewed each fiscal year. Unless the commissioner determines that the fee must be lower, fees must be set or fee adjustments must be made so the total fees nearly equal the sum of the appropriation for the accounts plus the agency's general support costs, statewide indirect costs, and attorney general costs attributable to the fee function.

Subd. 2. [NO RULEMAKING.] The kinds of fees that need not be fixed by rule unless specifically required by law are:

- (1) fees based on actual direct costs of a service;
- (2) one-time fees;
- (3) fees that produce insignificant revenues;
- (4) fees billed within or between state agencies;
- (5) fees exempt from commissioner approval; or
- (6) fees for admissions to or use of facilities operated by the iron range resources and rehabilitation board, if the fees are set according to prevailing market conditions to recover operating costs.

Subd. 2a. [PROCEDURE.] Other fees not fixed by law must be fixed by rule (. THE PROCEDURE FOR NONCONTROVERSIAL RULES IN SECTIONS 14.21 TO 14.28 MAY BE USED EXCEPT THAT NO PUBLIC HEARING NEED BE HELD UNLESS 20 PERCENT OF THE PERSONS WHO WILL BE REQUIRED TO PAY THE FEE SUBMIT TO THE AGENCY DURING THE 30 DAY PERIOD ALLOWED FOR COMMENT A WRITTEN REQUEST FOR A PUBLIC HEARING ON THE PROPOSED RULE. THE NOTICE OF INTENTION TO ADOPT THE RULES MUST STATE WHETHER A HEARING WILL BE HELD IF NOT REQUIRED. THIS PROCEDURE MAY BE USED ONLY WHEN THE TOTAL FEES ESTIMATED FOR THE BIENNIUM DO NOT EXCEED THE SUM OF DIRECT APPROPRIATIONS, INDIRECT COSTS, TRANSFERS IN, AND SALARY SUPPLEMENTS FOR THAT PURPOSE. A PUBLIC HEARING IS REQUIRED TO FIX FEES SPENT UNDER OPEN APPROPRIATIONS OF DEDICATED RECEIPTS) *according to chapter 14. Before an agency submits notice to the state register of intent to adopt rules that establish or adjust fees, the agency must send a copy of the notice and the proposed rules to the chairs of the house appropriations committee and senate finance committee.*

Sec. 3. Minnesota Statutes 1985 Supplement, section 16A.1281, is amended to read:

16A.1281 [REPORT ON LOW OR HIGH FEES.]

Each biennium the commissioner shall review fees collected by agencies. The commissioner shall report on the fees to the *commissioner of revenue and to the* appropriation and finance committees not later than the date the governor submits the biennial budget to the legislature. The report must analyze the fees that the commissioner believes will be too low or too high in the next biennium for the service provided. The analysis must take into account the cost of collecting the fee *and state the revenue generated by the fees of each agency.*

Sec. 4. Minnesota Statutes 1984, section 105.482, subdivision 8, is amended to read:

Subd. 8. [HYDROPOWER GENERATION POLICY; LEASING OF DAMS AND DAM SITES.] Consistent with laws relating to dam construction, reconstruction, repair, and maintenance, the legislature finds that the public health, safety, and welfare of the state is also promoted by the use of state waters to produce hydroelectric or hydromechanical power. Further, the legislature finds that the leasing of existing dams and potential dam sites primarily for such power generation is a valid public purpose. A local governmental unit, or the commissioner of natural resources with the approval of the state executive council, may provide pursuant to a lease or development agreement for the development and operation of dams, dam sites, and hydroelectric or hydromechanical power generation plants owned by the respective government by an individual, a corporation, an organization, or other legal entity upon (SUCH) terms and conditions (AS THE LOCAL GOVERNMENTAL UNIT OR THE COMMISSIONER MAY NEGOTIATE FOR A PERIOD NOT TO EXCEED 99 YEARS) *as contained in subdivision 9.* For installations of 15,000 kilowatts or less at a dam site and reservoir that is not being used on January 1, 1984 in connection with the production of hydroelectric or hydromechanical power, the lease or development agreement negotiated by the local governmental unit and the developer shall constitute full payment by the lessee and may be in lieu of all real or personal property taxes that might otherwise be due to a local governmental unit. If the dam, dam site, or power generation plant is located in or contiguous to a city or town, other than the lessor governmental unit, the lease or agreement shall not be effective unless it is approved by the governing body of the city or town. For purposes of this subdivision, city means a statutory or home rule charter city.

Sec. 5. Minnesota Statutes 1984, section 105.482, subdivision 9, is amended to read:

Subd. 9. [CONTENTS OF DEVELOPMENT AGREEMENT.] An agreement for the development or redevelopment of a hydropower site may contain, but need not be limited to, the following provisions:

(b) Provisions for a performance bond on the developer, or, certification that the equipment and its installation have a design life at least as long as the lease;

(c) Provisions to assure adequate maintenance and safety in the impoundment structures, if any, and to assure access to recreational sites, if any;

*An agreement shall contain provisions to assure the maximum financial return to the local governmental unit or the commissioner of natural resources.*

Sec. 6. [EFFECTIVE DATE.]

*Section 1 is effective the day following final enactment and applies to all fees established or adjusted after that date. Section 2, subdivision 1, and section 3 are effective the day following final enactment. Section 2, subdivisions 1a, 2, and 2a are effective July 1, 1987, and apply to all fees established or adjusted after that date."*

524.2-202 [AUGMENTED ESTATE.]

The augmented estate means the estate reduced by funeral and administration expenses, the homestead, family allowances and exemptions, liens, mortgages, and enforceable claims, to which is added the sum of the following amounts:

(1) The value of property, *other than the homestead*, transferred by the decedent at any time during the marriage, to or for the benefit of any person other than the surviving spouse, to the extent that the decedent did not receive adequate and full consideration in money or money's worth for the transfer, if the transfer is of any of the following types:

(i) any transfer under which the decedent retained at the time of death the possession or enjoyment of, or right to income from, the property;

(ii) any transfer to the extent that the decedent retained at the time of death a power, either alone or in conjunction with any other person, to revoke or to consume, invade or dispose of the principal for his or her own benefit;

(iii) any transfer whereby property is held at the time of decedent's death by decedent and another with right of survivorship;

(iv) any transfer made within one year of death of the decedent to the extent that the aggregate transfers to any one donee in the year exceeds \$30,000.

Any transfer is excluded if made with the written consent or joinder of the surviving spouse. Property is valued as of the decedent's death except that property given irrevocably to a donee during lifetime of the decedent is valued as of the date the donee came into possession or enjoyment if that occurs first. (NOTHING IN THIS SECTION SHALL CAUSE ANY LIFE INSURANCE, ACCIDENT INSURANCE, JOINT ANNUITY, OR PENSION OR PROFIT SHARING PLAN PAYABLE TO A PERSON OTHER THAN THE SURVIVING SPOUSE TO BE INCLUDED IN THE AUGMENTED ESTATE.)

(2) The value of property, *other than the homestead*, owned by the surviving spouse at the decedent's death, plus the value of property transferred by the spouse at any time during marriage to any person other than the decedent which would have been includable in the spouse's augmented estate if the surviving spouse had predeceased the decedent, to the extent the owned or transferred property is derived from the decedent by any means other than testate or intestate succession or as an obligation of support without a full consideration in money or money's worth. For purposes of this clause:

(i) Property derived from the decedent includes, but is not limited to, any beneficial interest of the surviving spouse in a trust created by the decedent during the decedent's lifetime (,); any property appointed to the spouse by the decedent's exercise of a general or special power of appointment also exercisable in favor of others than the spouse (,); *any proceeds of insurance, including accidental death benefits, on the life of the decedent attributable to premiums paid by the decedent; any lump sum immediately payable and the commuted value of the proceeds of annuity contracts under which the decedent was the primary annuitant attributable to premiums paid by the decedent; the commuted value of amounts payable after the decedent's death under any public or private pension, disability compensation, benefit, or retirement plan or account, excluding the federal social security system, by reason of service performed, disabilities incurred, or deposits made by the decedent; any property held at the time of decedent's death by decedent and the surviving spouse with right of survivorship (,); any property held by decedent and transferred by contract to the surviving spouse by reason of the decedent's death (,); and the value of the share of the surviving spouse resulting from rights in community property in this or any other state formerly owned with the decedent. (THE AUGMENTED ESTATE DOES NOT INCLUDE THE PROCEEDS OF LIFE INSURANCE PAYABLE UPON THE DEATH OF THE DECEDENT, IN LUMP SUM OR IN THE FORM OF AN ANNUITY,*

ACCIDENT INSURANCE, JOINT ANNUITY OR PENSION OR PROFIT SHARING PLAN, NOR DOES IT INCLUDE PREMIUMS PAID THEREFOR BY THE DECEDENT OR ANY OTHER PERSON.)

(ii) Property owned by the spouse at the decedent's death is valued as of the date of death. Property transferred by the spouse is valued at the time the transfer became irrevocable, or at the decedent's death, whichever occurred first. Income earned by included property prior to the decedent's death is not treated as property derived from the decedent.

(iii) Property owned by the surviving spouse as of the decedent's death of the kind described in clause (2)(i) is presumed to have been derived from the decedent except to the extent that the surviving spouse establishes that it was derived from another source. All other property owned by the surviving spouse as of the decedent's death, or previously transferred by the surviving spouse, is presumed not to have been derived from the decedent except to the extent that an interested party establishes that it was derived from the decedent.

(3) *The value of property paid to, or for the benefit of, a person other than the surviving spouse as a result of the decedent's death if the property is any of the following types:*

(i) *proceeds of insurance, including accidental death benefits, but excluding insurance proceeds paid for a bona fide business purpose, on the life of the decedent attributable to premiums paid by the decedent during the marriage;*

(ii) *a lump sum immediately payable, or the commuted value of the proceeds of annuity contracts under which the decedent was the primary annuitant attributable to premiums paid by the decedent during the marriage; or*

(iii) *the commuted value of amounts payable after the decedent's death under any public or private pension, disability compensation, benefit, or retirement plan or account, excluding the federal social security system, by reason of service performed, disabilities incurred, or deposits made by the decedent, attributable to premiums or contributions paid by the decedent during the marriage.*

*For purposes of this clause, premiums paid by the decedent's employer, the decedent's partner, a partnership of which the decedent was a member, or the decedent's creditors, are deemed to have been paid by the decedent.*

*Unless the payer of the property has received written notice of intention to file a petition for the elective share, the property may be paid, upon request and satisfactory proof of the dece-*

*dent's death, to the designated beneficiary of the property. Payment made discharges the payer from all claims for the amounts paid. This does not extend to payments made after the payer has received written notice of intention to file a petition for the elective share. Unless the notice is withdrawn by the surviving spouse, the surviving spouse must concur in any demand for withdrawal.*

*For an insurer, the written notice of intention to file a petition for the elective share must be mailed to its home office by registered mail, return receipt requested, or served upon the insurer in the same manner as a summons in a civil action. Upon receipt of written notice of intention to file a petition for the elective share, an insurer may pay any amounts owed by it specified in clause (3) to the court in which the probate proceedings relating to the estate of the decedent are venued, or if no proceedings have been commenced, to the court having jurisdiction of decedents' estates located in the county of the insured's residence. The court shall hold the funds and, upon its determination under section 524.2-205, subsection (d), shall order its disbursement in accordance with the determination. If no petition is filed in the court within the specified time under section 524.2-205, subsection (a), or if filed, the demand for an elective share is withdrawn under section 524.2-205, subsection (c), the court shall order disbursement to the designated beneficiary. Payment made to the court discharges the insurer from all claims for the amounts paid.*

*Upon petition to the probate court by the designated beneficiary, the court may order that all or part of the property be paid to the designated beneficiary in an amount and subject to conditions consistent with this section.*

Sec. 3. Minnesota Statutes 1985 Supplement, section 524.2-205, is amended to read:

**524.2-205 [PROCEEDING FOR ELECTIVE SHARE; TIME LIMIT.]**

(a) The surviving spouse may elect to take an elective share in the augmented (NET) estate by filing in the court and mailing or delivering to the personal representative, if any, a petition for the elective share within nine months after the date of death, or within six months after the probate of the decedent's will, whichever limitation last expires. However, nonprobate transfers, described in section 524.2-202, clauses (1) and (3), shall not be included within the augmented estate for the purpose of computing the elective share, if the petition is filed later than nine months after death. The court may extend the time for election as it sees fit for cause shown by the surviving spouse before the time for election has expired.

(b) The surviving spouse shall give notice of the time and place set for hearing to persons interested in the estate and to the distributees and recipients of portions of the augmented net estate whose interests will be affected by the taking of the elective share.

(c) The surviving spouse may withdraw his demand for an elective share at any time before entry of an order by the court determining the elective share.

(d) After notice and hearing, the court shall determine the amount of the elective share and shall order its payment from the assets of the augmented net estate or by contribution as appears appropriate under section 524.2-207. If it appears that a fund or property included in the augmented net estate has not come into the possession of the personal representative, or has been distributed by the personal representative, the court nevertheless shall fix the liability of any person who has any interest in the fund or property or who has possession thereof, whether as trustee or otherwise. The proceeding may be maintained against fewer than all persons against whom relief could be sought, but no person is subject to contribution in any greater amount than he would have been if relief had been secured against all persons subject to contribution.

(e) The order or judgment of the court may be enforced as necessary in suit for contribution or payment in other courts of this state or other jurisdictions.

*(f) Whether or not an election has been made under subsection (a), the surviving spouse may elect statutory rights in the homestead by filing in the manner provided in this section a petition in which the spouse asserts the rights provided in section 525.145, provided that:*

*(1) when the homestead is subject to a testamentary disposition, the filing must be within nine months after the date of death, or within six months after the probate of the decedent's will, whichever limitation last expires; or*

*(2) where the homestead is subject to other disposition, the filing must be within nine months after the date of death.*

*The court may extend the time for election for cause shown by the surviving spouse before the time for filing has expired.*

Sec. 4. Minnesota Statutes 1985 Supplement, section 525.145, is amended to read:

525.145 [DESCENT OF HOMESTEAD.]

(1) Where there is a surviving spouse the homestead, including a manufactured home which is the family residence, shall

descend free from any testamentary or other disposition thereof to which the spouse has not consented in writing or (BY ELECTION TO TAKE UNDER THE WILL) as provided by law, as follows:

(a) if there be no surviving child or issue of any deceased child, to the spouse;

(b) if there be children or issue of deceased children surviving, then to the spouse for the term of the spouse's natural life and the remainder in equal shares to the children and the issue of deceased children by right of representation.

(2) Where there is no surviving spouse and the homestead has not been disposed of by will it shall descend as other real estate.

(3) Where the homestead passes by descent or will to the spouse or children or issue of deceased children, it shall be exempt from all debts which were not valid charges thereon at the time of decedent's death except that the homestead shall be subject to a claim filed pursuant to section 246.53 for state hospital care or 256B.15 for medical assistance benefits. If the homestead passes to a person other than a spouse or child or issue of a deceased child, it shall be subject to the payment of the items mentioned in section 524.2-101. No lien or other charge against any homestead which is so exempted shall be enforced in the probate court, but the claimant may enforce the lien or charge by an appropriate action in the district court.

(4) *For purposes of this section, except as provided in section 524.2-301, the surviving spouse is deemed to consent to any testamentary or other disposition of the homestead to which the spouse has not previously consented in writing unless the spouse files in the manner provided in section 524.2-205, subsection (f), a petition that asserts the homestead rights provided to the spouse by this section.*

Sec. 5. Minnesota Statutes 1984, section 525.539, is amended by adding a subdivision to read:

*Subd. 7. [BEST INTERESTS OF THE WARD OR CONSERVATEE.] "Best interests of the ward or conservatee" means all relevant factors to be considered or evaluated by the court in nominating a guardian or conservator, including but not limited to:*

(1) *the reasonable preference of the ward or conservatee, if the court determines the ward or conservatee has sufficient capacity to express a preference;*

(2) *the interaction between the proposed guardian or conservator and the ward or conservatee; and*

(3) *the interest and commitment of the proposed guardian or conservator in promoting the welfare of the ward or conservatee and the proposed guardian's or conservator's ability to maintain a current understanding of the ward's or conservatee's physical and mental status and needs. In the case of a ward or a conservatorship of the person, welfare includes:*

- (i) *food, clothing, shelter, and appropriate medical care;*
- (ii) *social, emotional, religious, and recreational requirements; and*
- (iii) *training, education, and rehabilitation.*

*Kinship is not a conclusive factor in determining the best interests of the ward or conservatee but should be considered to the extent that it is relevant to the other factors contained in this subdivision.*

Sec. 6. Minnesota Statutes 1984, section 525.544, is amended to read:

**525.544 [(PLANNING PROVISIONS) NOMINATION OR APPOINTMENT OF GUARDIAN OR CONSERVATOR.]**

**Subdivision 1. [BY PROPOSED WARD OR CONSERVATEE.]** In the petition or in a written instrument executed before or after the petition is filed, the (PERSON) *proposed ward or conservatee* may, if (AT THE TIME OF SIGNING THE SAME, HE) *the person* has sufficient capacity to form an intelligent preference, nominate a conservator or guardian or give instructions to the conservator or guardian (OR HE MAY DO BOTH). The written instrument shall be executed and attested in the same manner as a will. The court shall appoint the person so nominated as conservator or guardian and shall charge (HIM) *the person* with the instructions, unless the court finds that the appointment of the nominee or the instructions (OR BOTH) are not in the best interests of the (PERSON TO BE PLACED UNDER CONSERVATORSHIP OR GUARDIANSHIP) *proposed ward or conservatee*.

**Subd. 2. [OTHER CASES.] (WHEN ANY PERSON)** *If the proposed ward or conservatee lacks capacity or fails to nominate a conservator or guardian, the court may appoint (ANY) a qualified person if the court finds that the person's appointment is in the best interests of the proposed ward or conservatee. (THE COURT SHALL CONSIDER THE INTEREST OF A PROSPECTIVE GUARDIAN OR CONSERVATOR IN THE WELFARE OF THE PROPOSED WARD OR CONSERVATEE. KINSHIP, WHILE A FACTOR, SHALL NOT BE CONCLUSIVE IN MAKING THE APPOINTMENT.)* If the proposed ward or conservatee lacks capacity or fails to give

instructions, the court may give (SUCH) *the guardian or conservator* powers as required in accordance with section 525.56.

Sec. 7. Minnesota Statutes 1984, section 525.551, subdivision 5, is amended to read:

Subd. 5. [FINDINGS.] In all cases the court shall (FIND THE FACTS SPECIFICALLY) *make specific written findings of fact*, state separately its conclusions of law (THEREON), and direct the entry of an appropriate judgment or order.

If upon completion of the hearing and consideration of the record the court finds: (a) that the requirements for the voluntary appointment of a conservator or guardian have been met, or (b) (1) that the proposed ward or conservatee is incapacitated as defined in section 525.54; and (2) in need of the supervision and protection of a guardian or conservator; and (3) that no appropriate alternatives to the guardianship or conservatorship exist which are less restrictive of the person's civil rights and liberties, such as those set forth in section 525.54, subdivision 7, it shall enter its order or judgment granting all of the powers set out in section 525.56, subdivision 3, in the case of a guardian of the person, and section 525.56, subdivision 4, in the case of a guardian of the estate, or specifying the powers of the conservator pursuant to section 525.56. *The court shall make a finding that appointment of the person chosen as guardian or conservator is in the best interests of the ward or conservatee.* Except as provided in section 525.544, subdivision 1, *if more than one person has petitioned the court to serve as guardian or conservator, or if the petition is contested*, the court shall make a finding that the person to be appointed as guardian or conservator is the most suitable and best qualified person among those who (HAVE INDICATED TO THE COURT THAT THEY ARE AVAILABLE AND WILLING TO DISCHARGE THE TRUST) *are available* before making the appointment. *The court's finding as to the best available guardian must specifically address the reasons for the court's determination that the appointment of that person is in the best interests of the ward or conservatee.*

The court may enumerate in its findings which legal rights the proposed ward or conservatee is incapable of exercising.

Sec. 8. Minnesota Statutes 1984, section 525.61, is amended to read:

525.61 [RESTORATION TO CAPACITY; MODIFICATION OF GUARDIANSHIP OR CONSERVATORSHIP.]

*Subdivision 1. [GENERAL.] Any adult person who is under guardianship or conservatorship or his guardian or conservator, or any other person may petition the court in which he was so*

adjudicated to be restored to capacity or to have a guardianship transferred to a conservatorship or to modify the guardianship or conservatorship. Upon the filing of the petition, the court shall fix the time and place for the hearing thereof, notice of which shall be given to the ward or conservatee, guardian or conservator, and to those other persons and in a manner provided in section 525.55.

*Subd. 2. [RESTORATION TO CAPACITY.]* To obtain an order of restoration to capacity the petitioner must prove by a preponderance of the evidence that the ward or conservatee is no longer incapacitated as defined in section 525.54, and is able to make provisions for his care or manage his property. If a ward or conservatee has the functional ability to care for himself or for his property, or to make provisions for his care or the care of his property, the fact that he may be impaired to some extent by a mental condition shall not preclude his restoration to capacity. In any proceedings for restoration, the court may appoint one person duly licensed by a health related licensing board and one accredited social worker with expertise in evaluating persons who have the disabilities similar to those found to be the reason for the ward's or conservatee's incapacity, to assist in the determination of his mental condition and functional ability to care for himself or his property. The court shall allow and order paid to each health professional and social worker a reasonable sum for his services. Upon the order, the county auditor shall issue a warrant on the county treasurer for the payment thereof.

*Subd. 3. [APPOINTMENT OF NEW GUARDIAN OR CONSERVATOR.]* Upon a motion to remove a guardian or conservator and appoint a new guardian or conservator, the court shall consider whether the existing guardian or conservator has performed the applicable duties and whether the continued appointment of the guardian or conservator is in the best interests of the ward or conservatee. The court shall appoint a new guardian or conservator if it finds that:

(1) *the existing guardian or conservator has failed to perform the duties associated with the guardianship or conservatorship or to provide for the best interests of the ward or conservatee; and*

(2) *the best interests of the ward or conservatee will be better served by the appointment of a new guardian or conservator.*

*The court's decision must include the specific findings required by section 525.551, subdivision 5.*

**Sec. 9. [EFFECTIVE DATE.]**

*(A) the sum of the amounts of the school district's certified levy for the fiscal year in which the excess tax increment is paid according to the following:*

*(i) sections 124A.03, subdivision 1, 124A.06, subdivision 3a, and 124A.08, subdivision 3a, if the school district is entitled to basic foundation aid according to section 124A.02;*

*(b) An amount must be subtracted from the school district's levy limitation for the next levy certified equal to the difference between:*

*(1) the amount of the distribution of excess increment, and*

*(2) the amount subtracted from aid pursuant to clause (a) of this subdivision.*

*If the aid and levy reductions required by this subdivision cannot be made to the aid for the fiscal year specified or to the levy specified, the reductions must be made from aid for subsequent fiscal years, and from subsequent levies. The school district shall use the payment of excess tax increment to replace the aid and levy revenue reduced under this subdivision.*

Sec. 3. Minnesota Statutes 1984, section 273.73, subdivision 10, is amended to read:

Subd. 10. [REDEVELOPMENT DISTRICT.] (a) "Redevelopment district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the authority finds by resolution that one of the following conditions (, REASONABLY DISTRIBUTED THROUGHOUT THE DISTRICT,) exists:

(1) (70 PERCENT OF) The parcels in the district *that* are occupied by buildings, streets, utilities or other improvements *comprise 70 percent or more of the total area of the district* and more than 50 percent of the buildings, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance; or

(2) (70 PERCENT OF) The parcels in the district *that* are occupied by buildings, streets, utilities or other improvements *comprise 70 percent or more of the total area of the district* and (20) 30 percent of the buildings are structurally substandard and an additional 30 percent of the buildings are found to require substantial renovation or clearance in order to remove such existing conditions as: inadequate street layout, incompatible uses or land use relationships, overcrowding of buildings on the land, excessive dwelling unit density, obsolete buildings not suitable for improvement or conversion, or other identified hazards to the health, safety and general well being of the community; or

(3) (LESS THAN 70 PERCENT OF) The parcels in the district *that* are occupied by buildings, streets, utilities or other improvements *comprise less than 70 percent of the total area of the district*, but due to unusual terrain or soil deficiencies requiring substantial filling, grading or other physical preparation for use at least 80 percent of the total acreage of (SUCH) *the unimproved* land has a fair market value upon inclusion in the redevelopment district which, when added to the estimated cost of preparing that land for development, excluding costs directly related to roads as defined in section 160.01 and local improvements as described in section 429.021, subdivision 1, clauses 1 to 7, 11 and 12, and section 430.01, if any, exceeds its anticipated fair market value after completion of said preparation; provided that no parcel shall be included within a redevelopment district pursuant to this paragraph (3) unless the authority has concluded an agreement or agreements for the development of at

least 50 percent of the acreage having the unusual soil or terrain deficiencies, which agreement provides recourse for the authority should the development not be completed; or

(4) The property consists of underutilized air rights existing over a public street, highway or right-of-way; or

(5) The property consists of vacant, unused, underused, inappropriately used or infrequently used railyards, rail storage facilities or excessive or vacated railroad rights-of-way.

(b) For purposes of this subdivision, "structurally substandard" shall mean containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance. "Parcel" shall mean a tract or plat of land established prior to the certification of the district as a single unit for purposes of assessment.

*(c) If the district consists of one or more noncontiguous geographic areas, each area must qualify as a redevelopment district under clauses (a)(1) through (a)(5) in order to be included in the district and the area of the entire district must satisfy the requirements of paragraph (a).*

*(d) A parcel is not occupied by buildings, streets, utilities or other improvements if less than two percent of the total area of the parcel is occupied by buildings, streets, utilities or other improvements.*

Sec. 4. Minnesota Statutes 1984, section 273.74, subdivision 1, is amended to read:

Subdivision 1. [TAX INCREMENT FINANCING PLAN.]  
A tax increment financing plan shall contain:

(a) A statement of objectives of an authority for the improvement of a project;

(b) A statement as to the development program for the project, including the property within the project, if any, which the authority intends to acquire;

(c) A list of any development activities which the plan proposes to take place within the project, for which contracts have been entered into at the time of the preparation of the plan, including the names of the parties to the contract, the activity governed by the contract, the cost stated in the contract, and the expected date of completion of that activity;

(d) Identification or description of the type of any other specific development reasonably expected to take place within the project, and the date when the development is likely to occur;

(e) Estimates of the following:

(1) Cost of the project, including administration expenses;

(2) Amount of bonded indebtedness to be incurred;

(3) Sources of revenue to finance or otherwise pay public costs;

(4) The most recent assessed value of taxable real property within the tax increment financing district;

(5) The estimated captured assessed value of the tax increment financing district at completion; and

(6) The duration of the tax increment financing district's existence; and

(f) A statement of the authority's estimate of the impact of tax increment financing on the assessed values of all taxing jurisdictions in which the tax increment financing district is located in whole or in part. *For purposes of the statement, the authority shall assume that the estimated captured assessed value would be available to the other taxing jurisdictions without creation of the district.*

Sec. 5. Minnesota Statutes 1985 Supplement, section 273.74, subdivision 2, is amended to read:

Subd. 2. [CONSULTATIONS; COMMENT AND FILING.] Before formation of a tax increment financing district, the authority shall provide an opportunity to the members of the county boards of commissioners of any county in which any portion of the proposed district is located and the members of the school board of any school district in which any portion of the proposed district is located to meet with the authority. The authority shall present to the members of the county boards of commissioners and the school boards its estimate of the fiscal and economic implications of the proposed tax increment financing district. *The information on the fiscal and economic implications of the plan must be provided to the county and school district boards at least 30 days before the public hearing required by subdivision 3. The 30 day requirement is waived if the county and school district submit written comments on the proposal and any modification of the proposal to the authority after receipt of the information.* The members of the county boards of commissioners and the school boards may present their comments at the public hearing on the tax increment financing plan required by subdivision 3.

(THE COUNTY AUDITOR SHALL NOT CERTIFY THE ORIGINAL ASSESSED VALUE OF A DISTRICT PURSUANT TO SECTION 273.76, SUBDIVISION 1, UNTIL THE COUNTY BOARD OF COMMISSIONERS HAS PRESENTED ITS WRITTEN COMMENT ON THE PROPOSAL TO THE AUTHORITY, OR 30 DAYS HAS PASSED FROM THE DATE OF THE TRANSMITTAL BY THE AUTHORITY TO THE BOARD OF THE INFORMATION REGARDING THE FISCAL AND ECONOMIC IMPLICATIONS, WHICHEVER OCCURS FIRST.) Upon adoption of the tax increment financing plan, the authority shall file a copy of the plan with the commissioner of energy and economic development. The authority must also file with the commissioner a copy of the development plan for the project area.

Sec. 6. Minnesota Statutes 1985 Supplement, section 273.74, subdivision 3, is amended to read:

Subd. 3. [MUNICIPALITY APPROVAL.] No county auditor shall certify the original assessed value of a tax increment financing district until the tax increment financing plan proposed for that district has been approved by the municipality in which the district is located. If an authority which proposes to establish a tax increment financing district and the municipality are not the same, the authority shall apply to the municipality in which the district is proposed to be located and shall obtain the approval of its tax increment financing plan by the municipality before the authority may use tax increment financing. The municipality shall approve the tax increment financing plan only after a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of the hearing. This hearing may be held before or after the approval or creation of the project or it may be held in conjunction with a hearing to approve the project. Before or at the time of approval of the tax increment financing plan, the municipality shall make the following findings, and shall set forth in writing the reasons and supporting facts for each determination:

(a) That the proposed tax increment financing district is a redevelopment district, a mined underground space development district, a housing district or an economic development district.

(b) That (THE PROPOSED) development or redevelopment (*, IN THE OPINION OF THE MUNICIPALITY,*) of each parcel from which increment may be collected under the plan would not reasonably be expected to occur (SOLELY) through private investment and any governmental assistance, other than tax increment financing, available to the site within the reasonably foreseeable future (AND THEREFORE THE USE OF TAX INCREMENT FINANCING IS DEEMED NECESSARY). *If development of a parcel from which increment may be collected under the plan would occur without the use of tax increment financing, then the requirements of the preceding sentence may*

*be satisfied with respect to that parcel if the municipality finds that the proposed development or redevelopment will have an assessed value at least equal to 130 percent of the greater of (1) the current assessed value of the parcel or (2) the assessed value of the development that reasonably would be expected to occur through private investment and any governmental assistance available to the site, other than tax increment financing.*

(c) That the tax increment financing plan conforms to the general plan for the development or redevelopment of the municipality as a whole.

(d) That the tax increment financing plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the development or redevelopment of the project by private enterprise.

(e) That the municipality elects the method of tax increment computation set forth in section 273.76, subdivision 3, clause (b), if applicable.

When the municipality and the authority are not the same, the municipality shall approve or disapprove the tax increment financing plan within 60 days of submission by the authority, or the plan shall be deemed approved. When the municipality and the authority are not the same, the municipality may not amend or modify a tax increment financing plan except as proposed by the authority pursuant to subdivision 4. Once approved, the determination of the authority to undertake the project through the use of tax increment financing and the resolution of the governing body shall be conclusive of the findings therein and of the public need for such financing.

Sec. 7. Minnesota Statutes 1984, section 273.74, subdivision 4, is amended to read:

Subd. 4. [MODIFICATION OF PLAN.] (a) A tax increment financing plan may be modified by *resolution* of an authority (, PROVIDED THAT).

(b) Any reduction or enlargement of geographic area of the project or tax increment financing district, increase in amount of bonded indebtedness to be incurred, including a determination to capitalize interest on the debt if that determination was not a part of the original plan, or to increase or decrease the amount of interest on the debt to be capitalized, increase in the portion of the captured assessed value to be retained by the authority, increase in total estimated tax increment expenditures or designation of additional property to be acquired by the authority shall be approved upon the notice and after the discussion, public hearing and findings required for approval of the original plan; provided that if an authority changes the type of district from housing, redevelopment or economic development to another

type of district, this change shall not be considered a modification but shall require the authority to follow the procedure set forth in sections 273.71 to 273.78 for adoption of a new plan, including certification of the assessed valuation of the district by the county auditor. *The requirements of this paragraph do not apply if (1) the only modification is to eliminate parcels from the project or district and (2)(A) the current assessed value of the parcels eliminated from the district equals or exceeds the assessed value of those parcels in the district's original assessed value or (B) the authority agrees that, notwithstanding section 273.76, subdivision 1, the original assessed value will be reduced by no more than the current assessed value of the parcels eliminated from the district. The authority must notify the county auditor of any modification that reduces or enlarges the geographic area of a district or a project area from which increment is collected.*

(c) The geographic area of a tax increment financing district may be reduced, but shall not be enlarged after five years following the date of certification of the original assessed value by the county auditor or five years from August 1, 1979, for tax increment financing districts authorized prior to August 1, 1979, except that development districts created pursuant to chapter 472A prior to August 1, 1979 may be reduced but shall not be enlarged after five years following the date of designation of such district.

Sec. 8. Minnesota Statutes 1985 Supplement, section 273.75, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained elsewhere in this subdivision any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as any such bonds continue to be outstanding (; PROVIDED, HOWEVER,). The tax increment pledged to the payment of bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to such maturity or redemption date, provided that for bonds issued pursuant to section 273.77, clauses (a) and (b) the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full (; PROVIDED, FURTHER, THAT).

(b) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original assessed value of the taxable real property in the district by the county auditor (OR THREE

YEARS FROM AUGUST 1, 1979, FOR TAX INCREMENT FINANCING DISTRICTS AUTHORIZED PRIOR TO AUGUST 1, 1979), unless within the three year period ((A)) (1) bonds have been issued pursuant to section 273.77, or in aid of a project pursuant to any other law, except revenue bonds issued pursuant to chapter 474, prior to August 1, 1979, or ((B)) (2) the authority has acquired property within the district (,); or ((C)) (3) the authority has constructed or caused to be constructed public improvements within the district (; AND PROVIDED, FURTHER, THAT).

(c) No tax increment shall in any event be paid to the authority from a redevelopment district after (25) 20 years from date of receipt by the authority of the first tax increment, after 25 years from the date of the receipt for a housing district (, AFTER 25 YEARS FROM THE DATE OF THE RECEIPT) or for a mined underground space development district, and after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district. *In the case of an economic development district the authority may waive receipt of increment for the first year in which property tax is paid by captured assessed value. For purposes of determining the duration limits the waived increment does not constitute receipt of increment.* For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after (30) 15 years from (AUGUST 1, 1979) April 1, 1986 or the term of an outstanding bond, secured by increments from the district or project area, whichever is greater.

(d) Modification of a tax increment financing plan pursuant to section 273.74, subdivision 4, shall not extend the durational limitations of this subdivision.

Sec. 9. Minnesota Statutes 1984, section 273.75, subdivision 2, is amended to read:

Subd. 2. [EXCESS TAX INCREMENTS.] In any year in which the tax increment exceeds the amount necessary to pay the costs authorized by the tax increment financing plan, including the amount necessary to cancel any tax levy as provided in section 475.61, subdivision 3, the authority shall use the excess amount to do any of the following, in the order determined by the authority: (a) prepay any outstanding bonds, (b) discharge the pledge of tax increment therefor, (c) pay into an escrow account dedicated to the payment of such bond, or (d) return the excess amount to the county auditor who shall distribute the excess amount to the municipality, county and school district in which the tax increment financing district is located in direct proportion to their respective mill rates. *The county auditor must report to the commissioner of education the amount of any excess tax increment distributed to a school district within 30 days of the distribution.*

Sec. 10. Minnesota Statutes 1985 Supplement, section 273.75, subdivision 4, is amended to read:

Subd. 4. [LIMITATION ON USE OF TAX INCREMENT.] All revenues derived from tax increment shall be used in accordance with the tax increment financing plan. The revenues shall be used solely for the following purposes: (a) to pay the principal of and interest on bonds issued to finance a project; (b) by a rural development financing authority for the purposes stated in section 362A.01, subdivision 2, by a port authority or municipality exercising the powers of a port authority to finance or otherwise pay the cost of redevelopment pursuant to chapter 458, by a housing and redevelopment authority to finance or otherwise pay public redevelopment costs pursuant to chapter 462, by a municipality to finance or otherwise pay the capital and administration costs of a development district pursuant to chapter 472A, by a municipality or redevelopment agency to finance or otherwise pay premiums for insurance or other security guaranteeing the payment when due of principal of and interest on the bonds pursuant to chapters 462C, 474, or both chapters, or to accumulate and maintain a reserve securing the payment when due of the principal of and interest on the bonds pursuant to chapters 462C, 474, or both chapters, which revenues in the reserve shall not exceed, subsequent to the fifth anniversary of the date of issue of the first bond issue secured by the reserve, an amount equal to 20 percent of the aggregate principal amount of the outstanding and nondefeased bonds secured by the reserve. *Tax increments may be used to pay for the county's administrative expenses as provided in section 14.* Revenues derived from tax increment may be used to finance the costs of an interest reduction program operated pursuant to section 462.445, subdivisions 10 to 13, or pursuant to other law granting interest reduction authority and power by reference to those subdivisions only under the following conditions: (a) tax increments may not be collected for a program for a period in excess of 12 years after the date of the first interest rate reduction payment for the program, (b) tax increments may not be used for an interest reduction program, if the proceeds of bonds issued pursuant to section 273.77 after December 31, 1985, have been or will be used to provide financial assistance to the specific project which would receive the benefit of the interest reduction program, and (c) not more than 50 percent of the estimated tax increment derived from a project may be used to finance an interest reduction program for owner-occupied single-family dwellings unless a project is located either in an area which would qualify as a redevelopment district or within a city designated as an enterprise zone pursuant to section 273.1312, subdivision 4, clause (c)(3). These revenues shall not be used to circumvent existing levy limit law. No revenues derived from tax increment shall be used for the *acquisition*, construction (OR), renovation, *operation*, or *maintenance* of a (MUNICIPALLY OWNED) building used (PRIMARILY AND) regularly for conducting the business of (THE) a municipality (;) *if the municipality would qualify*

*as a principal user of the building within the meaning of that term in section 103(b) of the Internal Revenue Code of 1954, as amended through December 31, 1985. This provision shall not prohibit the use of revenues derived from tax increments for the construction or renovation of a parking structure, a commons area used as a public park or a facility used for social, recreational or conference purposes and not primarily for conducting the business of the municipality. For purposes of financing public improvements in an economic development district, revenues derived from tax increment may only be expended to finance the cost of public improvements in excess of the amount that could be assessed based on benefits received under chapter 429. If after notice and public hearing the municipality makes a finding of the amount of benefits received under chapter 429, the amount of benefits received are that amount for purposes of applying the preceding sentence.*

Sec. 11. Minnesota Statutes 1984, section 273.75, subdivision 6, is amended to read:

Subd. 6. [LIMITATION ON INCREMENT.] (IF, AFTER FOUR YEARS FROM THE DATE OF CERTIFICATION OF THE ORIGINAL ASSESSED VALUE OF THE TAX INCREMENT FINANCING DISTRICT PURSUANT TO SECTION 273.76, NO DEMOLITION, REHABILITATION OR RENOVATION OF PROPERTY OR OTHER SITE PREPARATION, INCLUDING IMPROVEMENT OF A STREET ADJACENT TO A PARCEL BUT NOT INSTALLATION OF UTILITY SERVICE INCLUDING SEWER OR WATER SYSTEMS, HAS BEEN COMMENCED ON A PARCEL LOCATED WITHIN A TAX INCREMENT FINANCING DISTRICT BY THE AUTHORITY OR BY THE OWNER OF THE PARCEL IN ACCORDANCE WITH THE TAX INCREMENT FINANCING PLAN,) (a) No additional tax increment may be taken from (THAT) a parcel in a tax increment financing district, and the original assessed value of that parcel shall be excluded from the original assessed value of the tax increment financing district, unless within four years after certification of the original assessed value of the district one of the following occurs:

(1) *qualified improvements on the parcel have been undertaken by the authority;*

(2) *qualified improvements on the parcel have been undertaken by the owner of the parcel and either*

(A) *the qualified improvements were financed, in whole or major part, with tax increment revenues or the proceeds of bonds, or*

(B) *the municipality finds, at a public hearing and after 30 days notice to the school district and county, that development*

*of the parcel would not have occurred without the expenditure of increment revenues for the acquisition of property or the construction of improvements in the district.*

(b) If (THE AUTHORITY OR THE OWNER OF THE PARCEL SUBSEQUENTLY COMMENCES DEMOLITION, REHABILITATION OR, RENOVATION OR OTHER SITE PREPARATION ON THAT PARCEL INCLUDING IMPROVEMENT OF A STREET ADJACENT TO THAT PARCEL, IN ACCORDANCE WITH THE TAX INCREMENT FINANCING PLAN) *qualified improvements on a parcel from which increment was not permitted to be collected under paragraph (a) are undertaken by the authority or by the owner and are financed, in whole or major part, with tax increment revenues, the authority shall certify to the county auditor that the activity has commenced, and the county auditor shall certify the assessed value thereof as most recently certified by the commissioner of revenue and add it to the original assessed value of the tax increment financing district.*

(c) *The duration limits under section 273.75 for economic development districts apply to the district if both the following two conditions are satisfied:*

(1) *The district is a redevelopment district designated pursuant to section 273.73, subdivision 10, clause (a)(1), (a)(2) or (a)(3).*

(2) *If the parcels from which increment may not be collected pursuant to this subdivision were removed from the district, the district would not have satisfied the conditions for a redevelopment district under section 273.73, subdivision 10 at the time the district was created. Application of this paragraph may not result in a shorter duration limit than the term of the bonds secured by increments from the district, outstanding at the time clause (2) is satisfied.*

*If increment is permitted to be collected from a parcel pursuant to paragraph (b) and if the inclusion of the parcel in the district would cause the district to satisfy the conditions for a redevelopment district as recomputed under paragraph (c)(2), the duration limits for a redevelopment district reapply to the district.*

(d) *The provisions of this subdivision must be enforced by the county auditor. The authority must by February 1 of each year submit to the county auditor evidence that the required activity has taken place for the parcels in the district.*

(e) *For purposes of this subdivision the following terms have the meanings given.*

(1) "Parcel" means a tract or plat of land established prior to the certification of the district as a single unit for purposes of assessment.

(2) "Qualified improvements" mean demolition, rehabilitation or renovation of property or other site preparation, including improvement of a street adjacent to a parcel. Qualified improvements do not include installation of utility service, including sewer or water systems.

Sec. 12. Minnesota Statutes 1984, section 273.75, subdivision 7, is amended to read:

Subd. 7. [SUBSEQUENT DISTRICTS.] Except as provided in subdivision 6, for subsequent recertification of parcels eliminated from a district because of lack of development activity, no parcel that has been (SO) eliminated subsequent to two years from the date of the original certification may be included in a tax increment district if, at any time during the 20 years prior to the date when certification of the district is requested pursuant to section 273.76, subdivision 1, that parcel had been included in an economic development district.

Sec. 13. Minnesota Statutes 1984, section 273.75, is amended by adding a subdivision to read:

Subd. 9. [SOIL DEFICIENCIES DISTRICTS.] Tax increment revenues derived from a redevelopment district for which the authority makes findings under section 273.73, subdivision 10, clause (a)(3), may be used only to pay for the cost of correction of or the additional costs of installing public improvements directly caused by the unusual terrain or soil deficiencies and for the administrative expenses of the authority allocable to the district.

Sec. 14. Minnesota Statutes 1984, section 273.75, is amended by adding a subdivision to read:

Subd. 10. [REIMBURSEMENT FOR ADMINISTRATIVE COSTS.] As reimbursement for the cost of administering tax increment financing, the county may require the authority to pay by November 1 of each year an amount determined pursuant to this subdivision. The amount of the reimbursement for a tax increment financing district for each year must be calculated as follows:

(a) Multiply the amount of the appropriation to the county auditor and treasurer that is allocable to the cost of administering the property tax system by a fraction, the numerator of which is the total tax increment payable by properties located in the county and the denominator of which is the total gross property tax payable by all properties located in the county; and

*(b) Multiply the product calculated under clause (a) by a fraction, the numerator of which is the tax increment payable by properties located both in the tax increment district and the county and the denominator of which is the total tax increment payable by all properties located in the county.*

*For purposes of this subdivision, "amount" refers to the amount appropriated for the calendar year or the amount of property taxes payable for the calendar year for which the reimbursement is calculated.*

Sec. 15. Minnesota Statutes 1985 Supplement, section 273.76, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL ASSESSED VALUE.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original assessed value of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original assessed value has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to subdivision 4. In the case of a mined underground space development district the county auditor shall certify the original assessed value as zero, plus the assessed value, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

*(b) The amount to be added to the original assessed value of the district as a result of previously tax exempt real property within the district becoming taxable shall be equal to the assessed value of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the value which shall be assessed by the assessor at the time of such transfer. The amount to be added to the original assessed value of the district as a result of enlargements thereof shall be equal to the assessed value of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 273.74, subdivision 4. If the assessed value of a property increases because the property no longer qualifies under the Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, the increase in assessed value must be added to the original assessed value. Each year the auditor shall also add to the original assessed value of each economic development district an amount equal to the original assessed value for the preceding year multiplied by the average percentage increase in the assessed valuation of all property included in the economic*

development district during the five years prior to certification of the district.

(c) The amount to be subtracted from the original assessed value of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original assessed value initially attributed to the property becoming tax exempt or being removed from the district. If the assessed value of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original assessed value of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured assessed value of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor shall have the power to specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 273.74, subdivision 4.

Sec. 16. Minnesota Statutes 1984, section 273.76, is amended by adding a subdivision to read:

*Subd. 3a. [PAYMENT TO SCHOOL DISTRICT FOR REFERENCE LEVY INCREASE.] If a tax increment financing district is located in a school district in which the voters have approved new millage or an increase in millage pursuant to section 124A.03, subdivision 2, the authority must pay to the school district the amount raised by the new or increased millage. The amount to be paid to the school district must be computed as follows:*

(1) *Subtract the mill rate approved by the voters of the school district pursuant to section 124A.03, subdivision 2, as of June 30, 1986, or the date the tax increment financing district was certified, whichever is later, and still in effect on the date the levy is certified, from the mill rate approved by the voters under that section as of the date the levy is certified. If the result is less than zero, select zero.*

(2) *Multiply the result in clause (1) by the ratio of the school district's actual levy certified pursuant to section 124A.03, subdivision 2, to its permitted levy under that section.*

(3) *Multiply the result in clause (2) by the retained captured assessed value of the authority located within that school district as of January 2 of the year in which the levy is certified.*

*The county auditor must compute the payment required by this subdivision and report the amount to the authority, the school district, and the commissioner of education by March 1 of each year. The payment must be made by November 1 of the year in which the property taxes are payable.*

Sec. 17. Minnesota Statutes 1984, section 273.76, subdivision 4, is amended to read:

Subd. 4. [POOL AMOUNT.] Of the aggregate annual volume cap under existing federal tax law, the amount determined pursuant to section 3, subdivision 1, clause (2), shall be allocated among issuers pursuant to this section for each calendar year. An entitlement issuer may apply for an allocation pursuant to this section only after August 20. An entitlement issuer may apply for an allocation before November 1 only if the entitlement issuer has adopted a final resolution authorizing the sale of obligations equal to any allocation received under section 4 or has returned all of its unused allocation for reallocation under this section.*

*Notwithstanding the preceding paragraph, the following entitlement issuers may apply for an allocation under this section:*

*(a) A city of the first class may apply for an allocation for a manufacturing project at any time.*

*(b) State issuers, other than the iron range resources and rehabilitation commissioner, may apply for and receive allocations under this section in an aggregate amount not to exceed that portion of its entitlement allocation returned for reallocation under section 4.*

*Subd. 2. [APPLICATION.] An issuer may apply for an allocation pursuant to this section by submitting to the department an application on forms provided by the department, accompanied by (1) a preliminary resolution, and (2) an application deposit in the amount of one percent of the requested allocation. An issuer may elect not to submit an application for an allocation for a project for which the issuer previously adopted a preliminary resolution.*

*Subd. 3. [ALLOCATION CRITERIA.] The department shall rank each application received pursuant to this section on the basis of the number of points awarded to it, with one point being awarded for each of the following criteria satisfied:*

*(a) The current rate of unemployment for the applicant is at or above 110 percent of the statewide average unemployment rate for the most recently available reporting period, as determined by the department of economic security. The unemployment rate for the applicant is the greater of (1) the most recent estimate available for the smallest jurisdiction which wholly includes the jurisdiction of the applicant, as reported by the department of economic security, or (2) another estimate supplied by the applicant with respect to its jurisdiction, which is documented by the applicant.*

*(b) The number of individuals employed in the applicant's jurisdiction declined from the second calendar year before the application, to the first calendar year before the application. The estimate of the number of individuals employed for each*

year must be based on the same source and must be (1) the most recent estimate available for the smallest jurisdiction which wholly includes the applicant, as reported by the department of economic security, or (2) another estimate supplied by the applicant with respect to its jurisdiction, which is documented by the applicant.

(c) The project will provide additional general tax revenue to the taxing jurisdictions in which the project is located beginning not later than three years after issuance of the obligations.

(d) The number of jobs to be created by the project is at least two jobs for each \$100,000 of issuance authority requested for the project.

(e) As of the date of application the total market value of all taxable property in the applicant's jurisdiction, based on the most recent certification of assessed value to the commissioner of revenue, has either (1) declined in relation to the first calendar year before the certification, or (2) increased in relation to the first calendar year before the certification at a rate which is less than 90 percent of the rate of increase of the state average market value over the same period.

(f) The total capital expenditures for the project exceed by ten percent the amount of the proceeds of the obligations to be issued for the project.

(g) The project is wholly located in an enterprise zone designated pursuant to section 273.1312.

(h) The project site meets the criteria necessary to qualify as a tax increment redevelopment district as defined in section 273.73, subdivision 10. To qualify under this clause the project need not be included in a tax increment financing district.

(i) The project meets one of the following energy conservation criteria: (1) the project is eligible for the additional federal investment tax credits for energy property, (2) the project involves construction or expansion of a district heating system as defined in section 116J.36, or (3) the project involves construction of an energy source as described in section 116J.26, clause (a), (b), or (d) or 116M.03, subdivisions 22, 23 and 26.

(j) The project consists of the renovation, rehabilitation, or reconstruction of an existing building which is (1) located in a historic district designated under section 138.73, or on a site listed in the state registry of historical sites under sections 138.53 to 138.5819; or (2) designated in the National Register pursuant to United States Code, title 16, section 470a.

(k) Service connections to sewer and water systems are available to the project at the time the application is submitted.

(l) *As provided by a binding agreement by the principal user or users of the project with the applicant, at least ten percent of the individuals employed by the principal user or users of the project will be minority or low income individuals.*

(m) *When the application is submitted either (1) the anticipated owner of the project, or any party of which the owner is a controlling partner or shareholder, or which is a controlling shareholder or partner of the owner, does not own or operate a substantially similar business within the state or (2) the project is an expansion of the operations of an existing business which is not likely to have the effect of transferring existing employment from one or more other municipalities within the state to the municipality in which the project is located.*

(n) *A controlling interest in the project will be owned by one or more women or minority persons.*

(o) *Seventy-five percent or more of the proceeds of the proposed issue will be used to rehabilitate an existing structure.*

*Subd. 4. [ALLOCATION PROCEDURE.] (a) The department shall allocate available issuance authority under this section on Monday of each week to applications received on or before Monday of the preceding week in the following order of priority and available issuance authority may not be allocated to any other project:*

*(1) applications for manufacturing projects;*

*(2) applications for pollution control projects or waste management projects; and*

*(3) applications for commercial redevelopment projects.*

*Within each category of applications available authority must be allocated on the basis of the numerical rank determined pursuant to this section. In the case of an application for issuance authority that includes more than one project to be financed by one issue of obligations, the points assigned to the application shall be computed on the basis of the weighted average of points for the projects. The projects must all be of the same category of projects to be submitted as a multiproject application. If two or more applications have the same numerical rank, the ranking of the applications must be by lot unless otherwise agreed by the respective issuers. If an application is rejected, the department must notify the applicant and return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted.*

*(b)(1) From January 1 through October 31, no more than 20 percent of the total amount available for allocation during the*

calendar year pursuant to this section may be allocated to pollution control and waste management projects.

(2) From January 1 through October 31, no more than 35 percent of the total amount available for allocation during the calendar year pursuant to this section may be allocated to commercial redevelopment projects. This amount is increased to 50 percent of the total available authority for the next month's allocation if the following two conditions occur: (i) on or after June 30 the total amount of issuance authority available under this section which has not been allocated or has been allocated to but was returned by an issuer exceeds 45 percent of the total amount of issuance authority available for allocation under this section for the calendar year; or (ii) the entire amount of issuance authority available under this subparagraph for commercial redevelopment projects has been allocated.

Subd. 5. [LETTER OF INTENT.] After September 1 of each year, an issuer which has received an allocation pursuant to this section prior to September 1 may retain any unused portion of the allocation only if the issuer has submitted to the department on or before September 1 a letter stating its intent to issue obligations pursuant to the allocation before the end of the calendar year or within the time period permitted by existing federal tax law. If the letter of intent is not submitted to the department of energy and economic development, the one percent application deposit must be returned to the issuer, the allocation canceled, and the issuance authority is available for reallocation pursuant to this section. If an issuer returns for reallocation all or any part of its allocation on or before October 31, that portion of its application deposit equal to one percent of the amount returned must be refunded within 30 days, except to the extent that the deposit is required to be retained under section 13.

Subd. 6. [FINAL ALLOCATION.] From November 1 to December 31 of each year, the annual volume cap under existing federal tax law, which is not both previously allocated and subject to a preliminary resolution for a specific project, whether or not committed pursuant to a letter of intent, or which is not reserved for qualified mortgage bonds, is available for allocation or reallocation and shall be allocated among issuers. The iron range resources and rehabilitation commissioner, the energy and economic development authority, or an entitlement city may reallocate after August 31 its retained allocation among projects identified in preliminary resolutions filed with the department prior to November 1. An application for this allocation must include evidence of passage of a preliminary resolution and state that it is the intent of the applicant that the obligations will be issued by the end of the year or within the time period permitted by existing federal tax law, and must be accompanied by an application deposit in the amount of one percent of the requested

*allocation. Applications must be made and allocations shall be awarded in accordance with subdivisions 3 and 4.*

*Authority may be allocated under this subdivision to any project, notwithstanding the percentage limits and other restrictions contained in subdivision 4. Applications must be ranked and authority allocated first according to the order of priority and ranking of points under subdivisions 3 and 4. The remaining authority must be allocated according to the ranking of points under subdivision 3. If two or more applications receive an equal number of points, allocations among them must be made by lot unless otherwise agreed by the respective applicants.*

*If issuance authority remains or becomes available following the last Monday on which allocations are made for any calendar year, the department must allocate the available authority to the department of finance. The department of finance shall allocate the remaining authority between the Minnesota housing finance agency and the higher education coordinating board. Amounts allocated to the Minnesota housing finance agency shall be used for the issuance of mortgage credit certificates, and amounts allocated to the higher education coordinating board shall be used for the issuance of obligations under chapter 136A.*

*Subd. 7. [RETURN OF ALLOCATION.] If on or after November 1 but prior to December 1 of any year, an issuer determines that it will not issue obligations pursuant to an allocation received by it pursuant to this section or section 4 by the end of that year or within the time period permitted by existing federal tax law, the issuer must notify the department of the amount that is available for reallocation pursuant to this subdivision. In such case, the department shall refund to the issuer within 30 days that portion of the application deposit equal to one-third of one percent of the amount returned for reallocation, except to the extent the deposit is required to be retained under section 13. The amounts available for reallocation must be allocated on or before December 31 pursuant to subdivision 6.*

**Sec. 6. [474A.06] [NOTICE OF ISSUE UNDER EXISTING FEDERAL TAX LAW.]**

*Issuers that issue obligations subject to existing federal tax law must file with the department within five days after the obligations are issued a written notice of issue stating the date of issuance of the obligations, the allocation under which the obligations are issued, and the principal amount of the obligations. If obligations are to be issued as a series of obligations, the notice of issue must be filed for each series of obligations that is issued. If the notice of issue is not filed within five days after the obligations are issued, the obligations shall be considered not to have received an allocation under existing federal tax law. Within 30 days after receipt of the notice, the depart-*

*ment must refund a portion of the application deposit required under section 4 or 5 equal to one percent of the principal amount of the obligations issued.*

**Sec. 7. [474A.07] [QUALIFIED MORTGAGE BONDS UNDER EXISTING FEDERAL TAX LAW.]**

*Subdivision 1. [HOUSING FINANCE AGENCY ALLOCATION.] The applicable volume limit for qualified mortgage bonds for the Minnesota housing finance agency, pursuant to existing federal tax law, for a calendar year is 100 percent of the state ceiling for qualified mortgage bonds for that year, reduced only by (1) any amounts of qualified mortgage bonds which have been or may be allocated by law to specified cities, and (2) any amounts of qualified mortgage bonds which are allocated to cities pursuant to subdivisions 2 and 3. The aggregate amount allocated to cities, under clause (1) or (2), together with the amount of qualified mortgage bonds reserved for the agency, shall not exceed the limit for the state under existing federal tax law.*

*By August 1 of each year, a city which has received by law an allocation of the state ceiling for qualified mortgage bonds shall submit its housing programs to the Minnesota housing finance agency for approval pursuant to section 462C.04, subdivision 2, in an amount of bonds equal to or less than, the city's allocation. If the amount of qualified mortgage bonds, for which program approval is granted on or before September 1 is less than the amount allocated by law to the city, the applicable limit for the agency shall be increased by the difference between the amount allocated by law to the city, and the amount for which program approval has been granted.*

*Subd. 2. [CITY ALLOCATION.] Unless otherwise authorized by law, a city that intends to issue during a calendar year qualified mortgage bonds that are subject to existing federal tax law, shall by January 2 of that year submit to the Minnesota housing finance agency a program that will use a portion of the state qualified mortgage bond ceiling. The total amount of qualified mortgage bonds included in all programs submitted pursuant to this subdivision by a city may not exceed \$10,000,000. Each program must be accompanied by a certificate from the city that states that the qualified mortgage bond issue is feasible. By February 1, the Minnesota housing finance agency must review each program pursuant to section 462C.04, subdivision 2. The Minnesota housing finance agency shall approve all programs that the agency determines are consistent with chapter 462C, and that meet the following conditions:*

*(1) all of the loans must be reserved for a period of not less than six months for persons and families whose adjusted family income is below 80 percent of the limits on adjusted gross income provided in section 462C.03, subdivision 2; and*

(2) loans must be made only to finance homes that are serviced by municipal water and sewer utilities; provided that if the approval of all programs would result in an allocation to cities in excess of 27-1/2 percent of the state ceiling for the calendar year 1985, reduced by the amount of qualified mortgage bonds that are allocated by law to specified cities, the Minnesota housing finance agency shall approve programs that are submitted by a city which meets any of the following three criteria: (i) a city of the first class, (ii) a city that did not receive an allocation under this subdivision or Minnesota Statutes 1984, section 462C.09, subdivision 2(a), or Minnesota Statutes 1985 Supplement, section 462C.09, subdivision 2(a), during the preceding two calendar years, or (iii) a group of cities that plan to jointly issue bonds for the program provided further that if approval of all of the programs submitted by cities that meet one or more of the criteria in (i), (ii), or (iii) would result in a total allocation to cities in excess of the portion of the state ceiling available for allocation, then from among those programs the agency shall select by lot the programs to be approved. If a portion of the state ceiling remains unallocated after the agency has approved all programs submitted by cities that meet one or more of the criteria in (i), (ii), or (iii), the Minnesota housing finance agency shall select by lot from among the remaining programs the programs to be approved. The Minnesota housing finance agency shall determine if a program meets the conditions in clauses (1) and (2) based solely upon the program with accompanying information submitted to the agency. Approval of a program shall constitute an allocation of a portion of the state ceiling for qualified mortgage bonds equal to the proposed bond issue or issues contained in the program, provided that the allocation for the last selected program that receives an allocation may be equal to or less than the amount of the bond issue or issues proposed in the program.

If a city which received an allocation pursuant to this subdivision, or which has been allocated a portion of the state ceiling by law and has received approval of one or more programs, has not issued bonds by September 1 in an amount equal to the allocation, and the city intends to issue qualified mortgage bonds prior to the end of the calendar year, the city shall by September 1 submit to the Minnesota housing finance agency for each program a letter that states the city's intent to issue the qualified mortgage bonds prior to the end of the calendar year. If the Minnesota housing finance agency does not receive the letter from the city, then the allocation of the state ceiling for that program expires on September 1, and the applicable limit for the Minnesota housing finance agency is increased by an amount equal to the unused portion of the allocation to the city. A city referred to in subdivision 1, clause (1), need not apply under this subdivision with respect to bonds allocated by law to the city, but may apply for an additional allocation of bonds under this subdivision.

Subd. 3. [ADDITIONAL CITY ALLOCATION.] On or before September 1 of each year, the Minnesota housing finance

agency shall identify the amount, if any, of its applicable limit for qualified mortgage bonds for that calendar year that it does not intend to issue. A city that intends to issue qualified mortgage bonds prior to the end of the calendar year for which it has not received an allocation of the state ceiling may submit a program for approval on or before September 1 to the Minnesota housing finance agency for a portion of the amount of the Minnesota housing finance agency's applicable limit as provided in subdivision 1 which the agency does not intend to issue. The total amount of qualified mortgage bonds included in all programs of any city submitted pursuant to this subdivision shall not exceed \$10,000,000. The program shall be accompanied by the same certificate required by subdivision 2. The Minnesota housing finance agency shall allocate the amount of the state ceiling to be allocated pursuant to this subdivision using the same factors listed in subdivision 2, provided that a program for a city receiving an allocation pursuant to subdivision 2 during the calendar year shall be ranked below all other programs if the bonds proposed in the program, when added to the bonds included in programs approved pursuant to subdivision 2, exceed \$10,000,000. A city that submitted a program pursuant to subdivision 2 but that did not receive an allocation may renew its application with a letter of intent to issue. A city referred to in subdivision 1, clause (1), may apply for an additional allocation of bonds under this subdivision.

**Subd. 4. [AGENCY REVIEW.]** The 30-day review requirement in section 462C.04, subdivision 2, does not apply to programs submitted to the agency that require an allocation of the state ceiling pursuant to this section. A failure by the agency to complete any action by the date set forth in this section shall not result in the approval of any program or the allocation of any portion of the applicable limit of the agency. Approval by the agency of programs after the dates provided in this section is effective in allocating a portion of the state ceiling. Programs approved by the agency may be amended with the approval of the agency under section 462C.04, subdivision 2, provided that the dollar amount of bonds for the program may not be increased.

**Subd. 5. [STATE CERTIFICATION.]** The executive director of the Minnesota housing finance agency is designated as the state official to provide the preissuance certification required by section 103A(j)(4)(A) of the Internal Revenue Code of 1954, as amended through December 31, 1985.

**Subd. 6. [CORRECTION AMOUNTS FOR MORTGAGE CREDIT CERTIFICATE PROGRAMS.]** A reduction in the state ceiling for qualified mortgage bonds caused by the failure of a mortgage credit certificate program to comply with a federal statute or regulation shall be assessed against the amount of qualified mortgage bonds allocated by law, other than by way of this section, to the city which adopted the program. If no such allocation exists or it is less than the correction amount determined by the secretary of the treasury, then the amount of the

*correction amount in excess of the allocation shall be assessed against the 27-1/2 percent of the state ceiling allocated to the cities under subdivision 2.*

**Sec. 8. [474A.08] [DETERMINATION OF ENTITLEMENT ALLOCATIONS UNDER FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [ENTITLEMENT ISSUERS.] The dollar amount of the governmental volume cap allocated to entitlement issuers under a federal volume limitation act for each calendar year must be determined by the department as follows:*

*(1) to the department of finance 24 percent of the governmental volume cap to be allocated among state issuers under section 9;*

*(2) to each city, a sum equal to 75 percent of the amount of bond issuance authority allocated to the city under section 4, subdivision 4;*

*(3) to each city to which bond issuance authority is specifically allocated under state law for qualified mortgage bonds, a sum equal to the full amount of the bond issuance authority, which amount is to be used solely for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition as used in the federal volume limitation act prior to September 1, and thereafter may also be used for the issuance of either such mortgage bonds or obligations to finance multifamily housing projects;*

*(4) to a city or cities that received an allocation to issue qualified mortgage bonds during 1986 under Minnesota Statutes 1985 Supplement, section 462C.09, subdivision 2a, an amount or amounts for 1986 equal to such allocation, which amount may be used prior to September 1 for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition in a federal volume limitation act, and thereafter may also be used for the issuance of obligations to finance multifamily housing projects; and*

*(5) to a city or cities determined in accordance with the procedure set forth in section 7, subdivisions 2 and 3, an allocation to issue qualified mortgage bonds during 1987, in an amount determined in accordance with such procedure contained in section 7, subdivisions 2 and 3, which amount may be used prior to September 1 for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition in a federal volume limitation act, and thereafter may also be used for the issuance of obligations to finance multifamily housing projects.*

*For any entitlement issuer that received an allocation for a qualified multifamily housing project and did not issue obliga-*

tions for the project within the time period specified under section 13, subdivision 3, the amount allocated to the entitlement issuer under this subdivision for 1987 must be reduced by the amount of the unused allocation and the amount of any other allocation retained by that issuer after September 1, 1986, for which obligations have not been issued in 1986. The amount of any reduction in allocation must be added to the amounts available for pool allocation under section 11.

For purposes of this subdivision, "population" means the population determined under section 477A.011, subdivision 3.

**Subd. 2. [NOTICE OF ENTITLEMENT ALLOCATION.]** As soon as possible in each calendar year, the department shall provide a notice of entitlement allocation to each entitlement issuer stating separately the amount that may be issued for "qualified mortgage bonds" or for obligations with a comparable definition, a federal volume limitation act and the amount that may be issued for other obligations.

**Sec. 9. [474A.09] [ALLOCATION OF STATE ENTITLEMENTS UNDER FEDERAL VOLUME LIMITATION ACT.]**

The amount allocated to the department of finance under section 8, subdivision 1, clause (1), may be allocated or reallocated by the commissioner of the department of finance internally among state issuers, provided that 11.5 percent of the entitlement allocation must be allocated to the iron range resources and rehabilitation commissioner. Upon the request of a statutory city located in the taconite tax relief area that received an entitlement allocation under Minnesota Statutes 1984, section 474.18, of \$5,000,000 or more for calendar year 1985, the iron range resources and rehabilitation commissioner shall enter into an agreement with the city whereby the commissioner issues obligations on behalf of the city, in an amount requested by the city but not to exceed 17 percent of the amount allocated to the commissioner under this subdivision.

**Sec. 10. [474A.10] [ENTITLEMENT ISSUERS UNDER THE FEDERAL VOLUME LIMITATION ACT.]**

**Subdivision 1. [NOTICE OF ISSUE.]** Each entitlement issuer that issue obligations pursuant to an entitlement allocation received under section 8 must provide a notice of issue to the department on forms provided by the department stating (1) the date of issuance of the obligations; (2) the title of the issue; (3) the principal amount of the obligations; (4) the type or types of the obligations that cause them to be subject to the annual volume cap; and (5) the dollar amount of the obligations subject to the governmental volume cap of a federal volume limitation act. For obligations that are issued as a part of a series of obligations, a notice must be provided for each series. Any issue of obligations for which a notice of issue is not pro-

vided to the department within five days after issuance is deemed not to have received an allocation under a federal volume limitation act. Within 30 days after receipt of the notice of issue, the department must refund a portion of any deposit made pursuant to subdivision 3 equal to one percent of the principal amount of the obligations issued.

*Subd. 2. [ENTITLEMENT TRANSFERS.] An entitlement issuer may enter into an agreement with another entitlement issuer whereby the recipient entitlement issuer issues obligations pursuant to issuance authority allocated to the original entitlement issuer.*

*Subd. 3. [RESERVATION OR CANCELLATION OF ENTITLEMENT ALLOCATIONS.] After September 1, 1986, an entitlement issuer may retain all or a portion of its entitlement allocation under a federal volume limitation act only if the department has received by September 1 a letter stating the intent of the entitlement issuer to issue obligations under its entitlement allocation before the end of the calendar year or within the time permitted by a federal volume limitation act and an application deposit equal to one percent of the unused allocation for which it intends to issue obligations, provided that there shall be credited against the required deposit, any deposit made in accordance with section 4 for a corresponding allocation under existing federal tax law. Any unused portion of an allocation for which an application deposit and letter of intent have not been received by the department by September 1, 1986, is canceled and must be reallocated under section 11. Notwithstanding the provisions of this subdivision, the department of finance may retain \$15,000,000 of its entitlement allocation for the issuance of obligations. If any time after August 31, 1986, the department of finance determines that part or all of the retained allocation will not be required for obligations issued by the state, the portion not required cancels and shall be reallocated under section 11.*

**Sec. 11. [474A.11] [ALLOCATION OF POOL AMOUNT UNDER THE FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [POOL AMOUNT.] For calendar year 1986 and from January 1 to June 30 of 1987, the portion of the governmental volume cap and any allocations canceled or returned for reallocation under section 10 or section 12, subdivision 9, shall be allocated to issuers other than state issuers, under this section.*

*An entitlement issuer, other than state issuers, may apply for an allocation under this section only after August 20. If an entitlement issuer, other than state issuers, applies for an allocation prior to November 1, the entitlement issuer must have either adopted a final resolution authorizing the sale of obliga-*

tions in an amount equal to any allocation received under section 8 or returned any remaining allocation for reallocation under this section.

*Notwithstanding the preceding paragraph, the following entitlement issuers may apply for an allocation under this section:*

(a) *Entitlement issuers that received an allocation only under section 8, subdivision 1, clause (4) or (5), may apply for an allocation at any time.*

(b) *A city of the first class may apply for an allocation for a manufacturing project at any time.*

(c) *Any entitlement issuer, other than a state issuer, may apply for an allocation for a qualified multifamily housing project after September 1 if (1) it has adopted a preliminary resolution for specific projects for the amount of any of its retained entitlement allocation, and (2) the amount of allocation applied for does not exceed \$10,000,000.*

(d) *State issuers may apply for and receive allocations under this section in an aggregate amount not to exceed that portion of the state's entitlement allocation returned for reallocation under section 10.*

*Subd. 2. [APPLICATION.] An issuer may apply for an allocation pursuant to this section by submitting to the department an application on forms provided by the department accompanied by (1) a preliminary resolution, and (2) if the application is submitted prior to September 1 of any calendar year, an application deposit in the amount of one percent of the requested allocation, or if the application is submitted after August 31, 1986, an application deposit in the amount of two percent of the requested allocation, provided that there shall be credited against the required deposit any deposit made with respect to the same project in accordance with section 5. An application deposit for a qualified multifamily housing project must include an additional application deposit in the amount of one percent of the requested allocation. An application pursuant to this section may be combined with an application under section 5.*

*Subd. 3. [ALLOCATION CRITERIA.] The department must rank each application received under this section on the basis of the number of points awarded to it, with one point being awarded for each of the criteria listed in section 5, subdivision 3, that are satisfied, and one point being awarded for each of the following criteria:*

- (1) *the project is a multifamily housing project; and*

(2) the project is a multifamily housing project designed for rental primarily to handicapped persons or to elderly persons.

An application for an allocation relating to an issue of obligations the proceeds of which are to be used to refund outstanding obligations shall be assigned a ranking of no points.

Subd. 4. [ALLOCATION PROCEDURE.] (a) The department shall allocate available issuance authority on Monday of each week to applications received by Monday of the preceding week, in the following order of priority and available issuance authority may not be allocated to any other project prior to September 1, 1986:

- (1) applications for manufacturing projects;
- (2) applications for pollution control projects or waste management projects; and
- (3) applications for commercial redevelopment projects or multifamily housing projects.

Within each category of applications available authority must be allocated on the basis of the numerical rank determined under this section. In the case of an application for an allocation relating to more than one project to be financed by one issue of obligations, the points assigned to the application shall be computed on the basis of the weighted average of points for the projects. The projects must all be of the same category of projects to be submitted as a multiproject application. If two or more applications have the same numerical rank, the ranking of the applications must be by lot unless otherwise agreed by the respective issuers. If an application is rejected, the department must notify the applicant and shall return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted.

(b) From January 1 through October 31, no more than 20 percent of the total amount of issuance authority available for allocation during the calendar year pursuant to this section may be allocated to pollution control and waste management projects.

(c) From January 1 through October 31, no more than 35 percent of the total amount of issuance authority available for allocation during the calendar year pursuant to this section may be allocated to commercial redevelopment projects and multifamily housing projects. This amount is increased to 50 percent of the total available authority for the next month's allocation if the following two conditions occur: (1) on or after June 30 the total amount of issuance authority available under this section which has not been allocated or has been allocated to

*but was returned by an issuer exceeds 45 percent of the total amount of issuance authority available for allocation under this section for the calendar year; and (2) the entire amount of issuance authority available under this clause for commercial re-development and multifamily housing projects has been allocated.*

*Subd. 5. [CERTIFICATE OF ALLOCATION.] The granting of an allocation of issuance authority by the department pursuant to this section shall be evidenced by issuance of a certificate of allocation provided to the applicant in accordance with section 13.*

*Subd. 6. [FINAL ALLOCATION.] After November 1, allocations shall be made under this subdivision to any project including, without limitation, projects for owner-occupied housing, notwithstanding the percentage limits and other restrictions contained in this section. Applications must be ranked and allocations made first according to the order of priority and ranking of points under subdivisions 3 and 4. Any remaining amount must be allocated according to the ranking of points under subdivision 3. If two or more applications receive an equal number of points, allocations among the applications must be made by lot unless otherwise agreed by the respective applicants. If issuance authority remains or becomes available following the last Monday on which allocations are made during the calendar year, the department must allocate the remaining authority to the department of finance, and the department of finance must allocate the remaining authority between the Minnesota housing finance agency and the higher education coordinating board. Amounts so allocated to the Minnesota housing finance agency shall be used for the issuance of mortgage credit certificates, and amounts allocated to the higher education coordinating board shall be used for the issuance of obligations under chapter 136A.*

**Sec. 12. [474A.12] [501(c)(3) POOL; FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [501(c)(3) POOL.] This section applies only to allocations made under a federal volume limitation act. The amount, if any, of the aggregate annual volume cap that must be set aside for qualified 501(c)(3) bonds in 1986 or in 1987 or pursuant to subdivision 9 shall be allocated under this section.*

*Subd. 2. [HIGHER EDUCATION FACILITIES AUTHORITY.] Of the portion of the annual volume cap allocated under this section, \$20,000,000 for each calendar year is allocated to the higher education facilities authority for the issuance of obligations under sections 136A.25 through 136A.42. After September 1 of each year, the higher education facilities authority may retain an unused portion of its allocation only if the higher education facilities authority submits to the department*

on or before September 1 a letter which states (1) its intent to issue obligations pursuant to its allocation or a portion of it before the end of the calendar year or within the time period permitted under a federal volume limitation act, and (2) a description of the specific project or projects for which the obligations will be issued, together with an application deposit in the amount of one percent of the amount of the unused allocation or the portion of it pursuant to which it intends to issue obligations. The authority may subsequently reallocate the retained allocation among the projects described in clause (2). On September 1 any unused portion of the amount allocated to the higher education facilities authority and not reserved by a letter of intent and an application deposit is canceled and subject to reallocation in accordance with subdivision 3. If the higher education facilities authority returns for reallocation all or any part of its allocation on or before October 31, that portion of the application deposit equal to one percent of the amount returned shall be refunded within 30 days.

Subd. 3. [APPLICATION.] An issuer may apply for an allocation of bond issuance authority under this section by submitting to the department an application on forms provided by the department, accompanied by (1) a preliminary resolution of the issuer, and (2) an application deposit in the amount of one percent of the requested allocation. The higher education facilities authority may apply for an allocation under subdivision 4 or 6 only if it has adopted a final resolution authorizing the sale of obligations in an amount equal to the allocation received and not returned for reallocation under subdivision 2.

Subd. 4. [ALLOCATION.] As of the 10th and 25th day of each month prior to September 1, the department shall allocate issuance authority available under this section on the basis of applications then on hand, assigning allocations in the order in which the applications are received by the department. If two or more applications are filed with the department on the same day and if there is insufficient issuance authority for the applications, the allocation between or among the applications shall be by lot unless otherwise agreed by the respective applicants. Before September 1 the amount allocated to an issuer for a 501(c)(3) organization may not exceed \$15,000,000 for the year. Two or more local issuers may combine their allocations in one or more single bond issues which exceed \$15,000,000 so long as no more than \$10,000,000 of the bond issue is for facilities located within the geographic boundaries of each issuer and the obligations may be issued jointly by a joint powers board or by one issuer on behalf of all the issuers to whom the allocation is made.

Subd. 5. [LETTER OF INTENT.] After September 1 of each calendar year, an issuer which has received an allocation pursuant to this section prior to September 1, may retain an unused portion of the allocation only if the issuer has submitted

to the department on or before September 1 a letter stating its intent to issue obligations before the end of the calendar year or within the time period permitted by a federal volume limitation act. If the letter of intent is not submitted to the department, the one percent application deposit must be returned to the issuer and the allocation is canceled and available for reallocation pursuant to subdivision 6. If an issuer returns for reallocation all or any part of its allocation on or before October 31, that portion of its application deposit equal to one percent of the amount returned must be refunded within 30 days. If it returns the allocation after October 31 but before December 1, that portion of the application deposit equal to one-third of one percent of the amount returned must be refunded within 30 days.

*Subd. 6. [ALLOCATION AFTER SEPTEMBER 1.]* On September 1 of each year the aggregate amount set aside for qualified 501(c)(3) bonds, less any amounts previously allocated or reallocated and either reserved by an issuer with a letter of intent or with respect to which a notice of issue has been filed shall be reallocated in accordance with this subdivision.

*Bond issuance authority subject to reallocation under this subdivision on and after September 1 in any year shall be allocated by the department in the order in which the applications were received by the department. If two or more applications are filed with the department on the same day and if there is insufficient issuance authority for the applications, the allocation between or among such applications shall be by lot unless otherwise agreed by the respective applicants. As soon as practicable after September 1, the department shall publish in the State Register a notice of the aggregate amount available for reallocation pursuant to this subdivision. Within five days after September 10, October 10, November 10, December 10, and December 20, the department shall allocate available authority under this subdivision. If issuance remains or becomes available following the final December 20th allocation, the department must allocate the remaining authority to the department of finance, and the department of finance shall allocate the remaining authority between the Minnesota housing finance agency and the higher education coordinating board. Amounts so allocated to the Minnesota housing finance agency shall be used for the issuance of mortgage credit certificates, and amounts allocated to the higher education coordinating board shall be used for the issuance of obligations under chapter 136A.*

*Subd. 7. [NOTICE OF 501(c)(3) ALLOCATION.]* The department shall issue a notice granting an allocation of issuance authority under this section. No allocations may be made if the sum of the principal amount of proposed allocation and the aggregate principal amount of allocations previously made and not returned for reallocation exceeds the amount of issuance authority set aside, without the right to override by state legislation, for qualified 501(c)(3) bonds under a federal volume limitation act.

*If an application is rejected, the department must notify the applicant and return the application deposit to the applicant within 30 days, unless the applicant requests in writing that the application be resubmitted.*

*Subd. 8. [NOTICE OF ISSUE.] Issuers that issue obligations under this section must provide a notice of issue to the department on forms provided by the department stating (1) the date of issuance of the obligations; (2) the title of the issue; (3) the principal amount of the obligations; and (4) the dollar amount of the obligations subject to the annual volume cap of a federal volume limitation act. For obligations issued as a part of a series of obligations, a notice must be provided for each series. An issue of obligations for which a notice of issue is not provided to the department within five days after issuance is deemed not to have received an allocation under a federal volume limitation act. Within 30 days after receipt of the notice of issue, the department must refund a portion of any deposit made pursuant to subdivision 3 equal to one percent of the principal amount of the obligations issued.*

*Subd. 9. [NO MANDATORY SET-ASIDE; 501(C)(3) POOL.] If a federal volume limitation act is enacted that does not require that issuance authority be set aside for qualified 501(c)(3) bonds, \$105,000,000 of issuance authority is available for allocation under this section from January 1 through October 31 of 1986 and \$52,500,000 of issuance authority is available for allocation under this section from January 1, 1987 through June 30, 1987. Notwithstanding the provisions of subdivision 6, if issuance authority is available for allocation pursuant to this subdivision, no allocation may be made pursuant to this section after October 31 for calendar year 1986 and the remaining amount of unallocated authority under this section that is or becomes available is canceled and must be reallocated pursuant to section 11.*

**Sec. 13. [474A.13] [CERTIFICATE OF ALLOCATION UNDER FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [ISSUANCE OF CERTIFICATE OF ALLOCATION.] The department must issue a certificate of allocation for any allocation granted under section 11, except as provided in subdivision 4.*

*Subd. 2. [ISSUANCE OF CERTIFICATE OF ALLOCATION; GENERAL OBLIGATIONS.] The department must issue a certificate of allocation for any general obligation for which an allocation request is received upon forms provided by the department, except as provided in subdivision 4. The forms must contain:*

- (1) *the name and address of the issuer;*

(2) *the address, telephone number, and name of an authorized representative of the issuer;*

(3) *the principal amount of general obligations proposed to be issued by the issuer;*

(4) *the title of the proposed issue;*

(5) *a statement of the issuer that the proposed issue of obligations is expected to be offered for sale on or before the expiration date of the certificate of allocation for which the request is being made;*

(6) *the amount of the allocation requested;*

(7) *the project or projects to be financed with the general obligations; and*

(8) *a certification that the general obligations do not constitute "industrial development bonds" as defined in section 103(b) of the Internal Revenue Code of 1954, as amended through December 31, 1985, and an opinion of bond counsel to that effect;*

*The aggregate amount of issuance authority that may be allocated to an issuer pursuant to this subdivision for the calendar year may not exceed \$10,000,000. If submitted on or after September 1 for calendar year 1986, an allocation request must be accompanied by a deposit in the amount of one percent of the amount of allocation requested. The department shall issue certificates of allocation on Monday of each week for applications received by Monday of the preceding week and shall make the allocations among the applications by lot.*

*Subd. 3. [NOTICE OF ISSUE.] A certificate of allocation expires and is deemed not to have been issued if the department has not received a notice of issue on a form provided by the department stating that the obligations for which the certificate of allocation was provided were issued, or in the case of a general obligation, a final resolution providing for sale was adopted, within the longest of the following periods:*

(1) *for a certificate of allocation issued on or prior to August 15, 1986, or anytime in 1987, within 30 days of the date of issuance of the certificate;*

(2) *for a certificate of allocation issued between August 16 and September 1, 1986, by September 16, 1986;*

(3) *for a certificate of allocation issued on or after September 1, within 15 days of the date of issuance of the certificate; and*

(4) for a certificate of allocation issued to an entitlement issuer for a qualified multifamily housing project, within 30 days of issuance of the certificate of allocation.

Any of the periods specified in clauses (1), (2), or (3) may be extended for an additional period of the same number of days if an additional deposit in the amount of three percent of the amount of the certificate of allocation is provided before the end of the initial period. The period specified in clause (4) may be extended for an additional 30 days if an additional deposit in the amount of four percent of the amount of the certificate of allocation is provided before the end of the initial period.

The notice of issue must be executed by an officer of the issuer or by the bond counsel approving the issue and must state the principal amount of the obligations issued or to be issued and the difference, if any, between the amount issued or to be issued and the amount stated in the certificate of allocation. If the notice of issue is not provided to the department by the time required, then (1) the certificate of allocation expires and the issue is deemed not to have received an allocation for the purpose of complying with a federal volume limitation act, and (2) the deposit required by section 10, 11, or this section is forfeited by the issuer. If the notice is received by the department on or prior to the prescribed deadline, then within 30 days after receipt of this notice, the department must refund a portion of any application deposit in proportion to the amount of the allocation authority issued.

**Subd. 4. [LIMITATIONS ON THE ISSUANCE OF CERTIFICATES.]** No certificate of allocation may be granted under a federal volume limitation act under any of the following circumstances:

(1) the amount of the allocation requested, when added to (i) the aggregate amount of certificates of allocation issued and not expired; (ii) amounts remaining available to be allocated pursuant to section 11; and (iii) entitlement authority allocated pursuant to section 8 and not returned pursuant to section 10, subdivision 3, for reallocation would cause the governmental volume cap to be exceeded. If two or more applications for a certificate of allocation are filed with the department on the same day and there is insufficient issuance authority for the applications, certificates shall be issued first for applications made pursuant to subdivision 2 and thereafter for applications made pursuant to subdivision 1; or

(2) the principal amount of the proposed allocation exceeds \$25,000,000 unless the issuer is the Minnesota housing finance agency or the Minnesota higher education coordinating board, or unless the issue is a pooled or joint issue or any issue of a joint powers board, provided that for joint or pooled issues or issues of a joint powers board the aggregate amount of the issue may not exceed \$100,000,000.

*Subd. 5. [CERTIFICATES ARE NOT TRANSFERABLE.] Certificates of allocation are not transferable. An issuer that receives an allocation of issuance authority pursuant to sections 1 to 21 to finance a project within the boundaries of the issuer may allow another issuer to issue obligations pursuant to the issuance authority, whether or not the boundaries of the other issuer are co-terminous with the boundaries of the issuer that received the authority.*

**Sec. 14. [474A.14] [NOTICE OF AVAILABLE AUTHORITY.]**

*The department shall publish in the State Register at least twice monthly, a notice of the amount of issuance authority, if any, available for allocation pursuant to sections 5, 11, and 12.*

**Sec. 15. [474A.15] [STATE HELD HARMLESS.]**

*The state is not liable in any manner to any issuer, holder of obligations, or other person for carrying out the duties imposed on it under this act.*

**Sec. 16. [474A.16] [EXCLUSIVE METHOD OF ALLOCATION.]**

*Sections 1 to 23 are the exclusive method for allocating authority to issue obligations for the purposes of complying with the volume limitation of a federal volume limitation act and existing federal tax law. An issuer of obligations may elect to obtain an allocation of authority under either existing federal tax law, a federal volume limitation act, or both.*

**Sec. 17. [474A.17] [ADMINISTRATIVE PROCEDURE ACT NOT APPLICABLE.]**

*Minnesota Statutes, chapter 14, does not apply to actions taken by any state agency, entity, or the governor under this act.*

**Sec. 18. [474A.18] [PROSPECTIVE OVERRIDE OF FEDERAL VOLUME LIMITATION ACT.]**

*This act prospectively overrides and replaces the method of allocating the authority to issue obligations among uses and among issuers as provided in a federal volume limitation act to the extent allowed by a federal volume limitation act.*

**Sec. 19. [474A.19] [GOVERNOR'S ACTION.]**

*If at any time before June 30, 1987, a federal volume limitation act is enacted into law in a form different from that existing as of December 31, 1985, which (1) eliminates or adds any re-*

*quirement that a specific type of obligation is subject to a volume limitation that is inconsistent with the allocation mechanism provided for in sections 1 to 23, or (2) provides for other restrictions on the allocation of issuance authority that are inconsistent with the allocation mechanism provided for in sections 1 to 23, the governor may, consistent with a federal volume limitation act as enacted, by executive order or proclamation, establish such revisions to the allocation system as may be necessary and appropriate and which the governor, in consultation with the legislative advisory commission and the attorney general, determines are most consistent with the purposes of and the allocation mechanism provided for in this act. An executive order or proclamation made by the governor under this section does not withdraw or impair any allocation made if obligations have been issued under such allocations unless the obligations are not subject to the volume cap of a federal volume limitation act and written notice is provided to the issuer.*

**Sec. 20. [474A.20] [STATE CERTIFICATION.]**

*The commissioner of the department is designated as the state official to provide any pre-issuance or post-issuance certification required by a federal volume limitation act.*

**Sec. 21. [474A.21] [APPROPRIATION; RECEIPTS.]**

*Any fees collected by the department under this act must be deposited in the general fund. The amount necessary to repay application deposits is appropriated to the department from the general fund for that purpose.*

**Sec. 22. [REPEALER.]**

*Minnesota Statutes 1984, sections 462C.09, subdivisions 1 and 4; 474.16, subdivisions 1, 2, and 5; 474.21; and 474.25; and Minnesota Statutes 1985 Supplement, sections 462C.09, subdivisions 2a, 3, 5, and 6; 474.16, subdivisions 3, 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15; 474.17; 474.19; 474.20; 474.23; and 474.26 are repealed. Nothing in this section is intended to affect the validity of any allocation granted pursuant to the repealed sections prior to the effective date of this act, including any allocation carried forward for use in a later calendar year. If prior to the date of enactment of this act, a notice of allocation is received pursuant to Minnesota Statutes 1985 Supplement, section 474.19, and if obligations pursuant to that allocation are not issued on or before the date of enactment of this act, the issuer may elect within 30 days after enactment of the act to either resubmit its application pursuant to the provisions of this act and receive a credit for the deposit already made or request a refund of the deposit. If a refund of the deposit is requested, the department must refund the deposit within 15 days.*

**Sec. 24. [EFFECTIVE DATE; SUNSET.]**

*This article is effective the day following final enactment. Sections 2, subdivisions 3, 9, 10, 11, 16, 22, and 25; 3, subdivisions 2 and 3; 8 to 13; 18 to 20 are repealed effective July 1, 1987.*

### Article 3

#### Bond Issuance Authority

##### Section 1. [116N.01] [DEFINITIONS.]

*Subdivision 1. [APPLICABILITY.] For the purposes of sections 1 to 3, the terms defined in this section have the following meanings.*

*Subd. 2. [ECONOMIC DEVELOPMENT LOAN REPAYMENT.] "Economic development loan repayment" means a payment received or to be received by a municipality with respect to a loan made by the municipality for economic development purposes from the proceeds of a federal or state grant, from the proceeds of bonds issued pursuant to section 3 or from municipal resources appropriated for such purpose.*

*Subd. 3. [MUNICIPALITY.] "Municipality" means a statutory or home rule charter city, a housing and redevelopment authority created pursuant to chapter 462 or a port authority created pursuant to chapter 458.*

*Subd. 4. [PROJECT.] "Project" means an industrial development district as defined in section 458.191, subdivision 1; a project as defined in section 462.421, subdivision 14; a development district as defined in chapter 472A or any special law; or a project as defined in section 474.02, subdivision 1, 1a or 1b.*

##### Sec. 2. [116N.02] [USES OF LOAN REPAYMENTS.]

*(a) Subject to any restrictions imposed on the use thereof by any related federal or state grant, economic development loan repayments and the proceeds of bonds issued pursuant to section 3 may be applied or pledged by a municipality to the following purposes:*

*(1) to finance or otherwise pay the costs of a project;*

*(2) to pay principal and interest on bonds issued pursuant to section 273.77, chapter 474, 458, 462, or section 3, to purchase insurance or other credit enhancement for any of those obligations or to create or maintain reserves therefor; or*

*(3) for any other purpose authorized by law.*

(b) *In the event economic development loan repayments are used to pay principal or interest on any obligations referred to in clause (2), the municipality may be reimbursed for the amount so applied with interest not exceeding the rate of interest on the obligations from subsequent collections of taxes or other revenues which had been designated as the primary source of payment of the obligations.*

Sec. 3. [116N.03] [BONDS.]

*A municipality may by resolution authorize, issue, and sell revenue bonds payable solely from all or a portion of a municipality's economic development loan repayments to finance an expenditure that the municipality is authorized to make under section 2. The bonds may be issued in one or more series and sold at public or private sale and at the prices the municipality may determine. The bonds may be secured, bear interest at the rate or rates, have the rank or priority, be executed in the manner, mature and be subject to the defaults, redemptions, repurchases, tender options or other terms as the municipality may determine. The municipality may enter into and perform all contracts considered necessary or desirable by it to issue the bonds and apply the proceeds thereof, including an indenture of trust with a trustee within or without the state, a loan agreement, lease or installment sale contract in connection with the project to be financed or a guaranty of the bonds or related instrument. The bonds may be further secured by any pledge or mortgage securing the economic development loan repayments pledged to the bonds. The bonds, and the bonds must so state, may not be payable from nor charged upon any funds other than the economic development loan repayments and property pledged or mortgaged to the payment of the bonds nor may the municipality be subject to any liability on the bonds or have the power to obligate itself to pay the bonds from funds other than the economic development loan repayments and properties pledged and mortgaged. A holder or holders of the bonds may not compel any exercise of the taxing powers of the municipality to pay the principal of or interest on the bonds or to enforce payment of them against any other property of the municipality. No bonds may be issued under this section, the proceeds of which are to be loaned to a nongovernmental person or entity, unless the municipality estimates that the economic development loan repayments pledged to the payment of principal and interest, exclusive of economic development loan repayments to be made by the person or entity, if paid to the municipality in accordance with their terms, are sufficient to pay principal and interest on the bonds when due.*

Sec. 4. Minnesota Statutes 1984, section 412.301, is amended to read:

412.301 [FINANCING PURCHASE OF CERTAIN EQUIPMENT.]

The council may issue certificates of indebtedness (WITHIN EXISTING) or *capital notes*, subject to the city's debt limits (FOR THE PURPOSE OF PURCHASING FIRE OR POLICE) to purchase *public safety* equipment (OR), ambulance equipment (OR STREET) and other *medical equipment* or road construction or maintenance equipment, and other *capital equipment* having an expected useful life at least as long as the terms of the notes or certificates. Such certificates or notes shall be payable in not more than five years and shall be issued on such terms and in such manner as the council may determine. If the amount of the certificates or notes to be issued to finance any such purchase exceeds one percent of the assessed valuation of the city, (EXCLUDING MONEY AND CREDITS,) they shall not be issued for at least ten days after publication in the official newspaper of a council resolution determining to issue them; and if before the end of that time, a petition asking for an election on the proposition signed by voters equal to ten percent of the number of voters at the last regular municipal election is filed with the clerk, such certificates or notes shall not be issued until the proposition of their issuance has been approved by a majority of the votes cast on the question at a regular or special election. A tax levy shall be made for the payment of the principal and interest on such certificates or notes as in the case of bonds.

Sec. 5. Minnesota Statutes 1984, section 462C.02, subdivision 6, is amended to read:

Subd. 6. "City" means any statutory or home rule charter city, a county housing and redevelopment authority created by special law or authorized by its county to exercise its powers pursuant to section 462.426, or any public body which (a) is the housing and redevelopment authority in and for a statutory or home rule charter city, or the port authority of a statutory or home rule charter city, and (b) is authorized by ordinance to exercise, on behalf of a statutory or home rule charter city, the powers conferred by sections 462C.01 to (462C.08) 462C.10.

Sec. 6. Minnesota Statutes 1984, section 462C.06, is amended to read:

**462C.06 [COUNTY HOUSING AND REDEVELOPMENT AUTHORITY ACTING ON BEHALF OF CITY.]**

A housing and redevelopment authority in and for a county may exercise the powers conferred by sections 462C.01 to (462C.-07) 462C.10 either (1) on its own behalf or (2) on behalf of a city (other than a county housing and redevelopment authority), if the city authorizes the housing and redevelopment authority in and for the county in which the city is located to exercise such powers and the county has authorized its housing and redevelopment authority to exercise its powers pursuant to section 462.426 or the county housing and redevelopment authority has been

*created by special law*; provided, however, that any program undertaken pursuant to this section (SHALL BE INCLUDED IN LIMITATIONS PROVIDED IN SECTION 462C.07, SUBDIVISION 2, AND ALSO SHALL BE) is subject to the limitations of sections 462C.03 and 462C.04 in the case of a single family housing program, and subject to the limitations of section 462C.-05 in the case of a multifamily housing development program.

Sec. 7. Minnesota Statutes 1984, section 462C.07, subdivision 1, is amended to read:

Subdivision 1. To finance programs or developments described in any plan the city may, upon approval of the program as provided in section 462C.04, subdivision 2, issue and sell revenue bonds or obligations which shall be payable exclusively from the revenues of the programs or developments. In the purchase or making of single family housing loans and the purchase or making of multifamily housing loans and the issuance of revenue bonds or other obligations the city may exercise within its corporate limits, any of the powers the Minnesota housing finance agency may exercise under chapter 462A, without limitation under the provisions of chapter 475. *The proceeds of revenue bonds issued to make or purchase single family housing loans that are jointly issued by two or more cities pursuant to section 471.59 may be used to make or purchase single family housing loans secured by homes in any of the cities.*

Sec. 8. Minnesota Statutes 1984, section 466.06, is amended to read:

#### 466.06 [LIABILITY INSURANCE.]

The governing body of any municipality may procure insurance against liability of the municipality and its officers, employees, and agents for damages resulting from its torts and those of its officers, employees, and agents, including torts specified in section 466.03 for which the municipality is immune from liability. The insurance may provide protection in excess of the limit of liability imposed by section 466.04. If the municipality has the authority to levy taxes, the (PREMIUM) costs (FOR SUCH INSURANCE) *of procuring the insurance, including but not limited to premiums, installment purchase payments, participation costs in self-insurance pools, or other method of payment,* may be levied in excess of any per capita or millage tax limitation imposed by statute or charter. However, a school district may not levy pursuant to this section for premium costs for motor vehicle insurance protecting against injuries or damages arising out of the operation of district owned, operated, leased, or controlled vehicles for the transportation of pupils for purposes for which state aid is authorized under section 124.223, or for purposes for which the district is authorized to levy under section 275.125, subdivision 5d. Any independent board or commission in the municipality having authority to disburse funds for a particular

municipal function without approval of the governing body may similarly procure liability insurance with respect to the field of its operation. The procurement of such insurance constitutes a waiver of the defense of governmental immunity to the extent of the liability stated in the policy but has no effect on the liability of the municipality beyond the coverage so provided.

Sec. 9. Minnesota Statutes 1984, section 471.59, subdivision 11, is amended to read:

Subd. 11. [JOINT POWERS BOARD.] Two or more governmental units, through action of their governing bodies, *by adoption of a joint powers agreement that complies with the provisions of subdivisions 1 through 5*, may establish a joint board to issue bonds or obligations pursuant to any law by which any of the governmental units establishing the joint board may independently issue bonds or obligations and may use the proceeds of the bonds or obligations to carry out the purposes of the law under which the bonds or obligations are issued. A joint board created pursuant to this section may issue obligations and other forms of indebtedness only pursuant to *express* authority granted by the action of the governing bodies of the governmental units which established the joint board. The joint board established pursuant to this subdivision shall be composed solely of members of the governing bodies of the governmental unit which established the joint board, and the joint board may not pledge the full faith and credit or taxing power of any of the governmental units which established the joint board. The obligations or other forms of indebtedness shall be obligations of the joint board *issued on behalf of the governmental units creating the joint board*. The obligations or other forms of indebtedness shall be issued in the same manner and subject to the same conditions and limitations which would apply if the obligations were issued or indebtedness incurred by one of the governmental units which established the joint board provided that any reference to a governmental unit in the statute, law, or charter provision authorizing the issuance of the bonds or the incurring of the indebtedness shall be considered a reference to the joint board.

Sec. 10. Minnesota Statutes 1984, section 471.981, is amended by adding a subdivision to read:

*Subd. 4a. [MUTUAL INSURANCE COMPANY; CREATION.] A political subdivision may participate in a self-insurance pool established under subdivision 3. Membership in a mutual insurance company established by a self-insurance pool shall be limited to political subdivisions. Notwithstanding section 66A.02, chapter 317 shall apply to a mutual insurance company created by a self-insurance pool. Notwithstanding section 66A.03, for a mutual insurance company created under this subdivision, there shall be not less than 25 bona fide applications for policies of insurance of each kind sought to be written, signed by at*

least 25 members, covering at least 25 separate risks, each risk, within the maximum net single risk described herein and one year's premiums thereon paid in cash, and admitted assets of not less than \$100,000, which admitted assets shall not be less than five times the maximum net single risk, as herein defined, and shall have on deposit with the commissioner, as security for all of its policyholders, stock or bonds of this state or of the United States or bonds of any of the municipalities of this state, or personal obligations secured by first mortgage on real estate within this state worth, exclusive of buildings, the amount of the lien, and bearing interest of not less than three percent per annum, to an amount the actual market value of which, exclusive of interest, shall never be less than \$100,000.

Sec. 11. Minnesota Statutes 1984, section 471.981, is amended by adding a subdivision to read:

*Subd. 6. [INSURANCE INSTALLMENT PURCHASE AGREEMENT.] A political subdivision may, by resolution of its governing body, enter into an insurance installment purchase agreement with a self-insurance pool created under subdivision 3. A self-insurance pool may use insurance installment purchase agreements to provide participating political subdivisions with coverage against the risks enumerated in subdivision 1. The self-insurance fund or pool may finance insurance installment purchase agreements by issuing revenue bonds or other evidences of indebtedness issued on behalf of the participating political subdivisions. A participating political subdivision shall fund its pro rata share of the financing with payments sufficient to produce revenue for the prompt payment of the bonds or other evidences of indebtedness, including all interest accruing thereon and premiums. The insurance installment purchase agreements may provide for additional contributions or premiums if it is actuarially determined that the assets of the insurance installment purchase agreement available to pay claims are insufficient. The insurance installment purchase agreement may be a multiyear contract and shall not be subject to any referendum, public bidding, or net debt limitation requirement of section 475.53. The agreement shall constitute a revenue agreement under chapter 474 and a political subdivision shall follow the applicable procedures enumerated in chapter 474 when entering into the agreement.*

Sec. 12. Minnesota Statutes 1984, section 471.981, is amended by adding a subdivision to read:

*Subd. 7. [BOND ISSUE FOR INSURANCE PROCUREMENT.] Notwithstanding section 471.59, subdivision 11, the procurement of insurance in accordance with subdivision 6 may be financed in whole or in part by the issuance of general obligation bonds of a political subdivision in the manner provided in chapter 475 or by the issuance of revenue bonds of the self-insurance pool, secured by the insurance installment purchase agree-*

*ments of the participating political subdivisions in the manner provided in chapter 474 and subdivisions 6 and 8. The self-insurance pool, with the approval of the governing body of each participating political subdivision, shall fix the total amount needed to be raised for the procurement of insurance and shall apportion to each participating political subdivision the share of this amount and the costs of operation, or of annual debt service or payments required to pay this amount with interest, which is to be raised by the political subdivision. The issuance of general obligation bonds under this subdivision may be by negotiated sale at a discount not to exceed four percent, at a variable rate of interest subject to chapter 475.*

*The governing body of each participating political subdivision shall annually levy a tax to repay the costs of retirement of any bonds or to make payments under the insurance installment purchase agreements. The governing body of the political subdivision may levy these taxes without limitation as to rate or amount and the levy of these taxes shall not cause the amount of other taxes levied or to be levied, which are subject to any such limitation, to be reduced.*

*The proceeds from the sale of bonds shall be paid by the participating political subdivisions into a fund held by the self-insurance pool. Proceeds of taxes levied for installment payments under the insurance installment purchase agreements shall be assigned by the participating political subdivisions and shall be paid directly to a trustee designated by the pool to secure payment of the revenue bonds or other evidences of indebtedness issued by the pool under subdivision 6.*

Sec. 13. Minnesota Statutes 1984, section 471.981, is amended by adding a subdivision to read:

*Subd. 8. [INSURANCE INSTALLMENT PURCHASE; INTEREST RATE.] Participating political subdivisions may delegate to the pool the power to determine the interest rate on the insurance installment purchase agreement provided that the rate does not exceed the rate of the revenue bonds or other evidences of indebtedness sold by the pool by more than one-fourth of one percent. Participating political subdivisions may delegate to the pool the power to determine the principal amount of revenue bonds or other evidences of indebtedness, the pro rata share of each political subdivision's cost of issuance, reserve fund requirements, and capitalized interest.*

Sec. 14. Minnesota Statutes 1985 Supplement, section 475.52, subdivision 6, is amended to read:

*Subd. 6. [CERTAIN PURPOSES.] Any municipality may issue bonds for paying judgments against it; for procuring insurance or funding a reserve for self-insurance against risks through a self-insurance pool in accordance with section 471.981, or in*

*such other manner on a collective basis as provided by law; for refunding outstanding bonds; for funding floating indebtedness; or for funding all or part of the municipality's current and future unfunded liability for a pension or retirement fund or plan referred to in section 356.20, subdivision 2, as those liabilities are most recently computed pursuant to sections 356.215 and 356.216 by purchasing one or more insurance policies or annuity contracts to pay all or a specified part of the liability within the period required by law. The board of trustees or directors of a pension fund or relief association referred to in section 69.77 or chapter 422A must consent and must be a party to any contract made under this section with respect to the fund held by it for the benefit of and in trust for its members.*

**Sec. 15. Minnesota Statutes 1984, section 475.55, subdivision 1, is amended to read:**

**Subdivision 1. [INTEREST; FORM.] Interest on obligations (SHALL NOT EXCEED THE GREATEST OF (A) THE RATE DETERMINED PURSUANT TO SUBDIVISION 4 FOR THE MONTH IN WHICH THE RESOLUTION AUTHORIZING THE OBLIGATIONS WAS ADOPTED, OR (B) THE RATE DETERMINED PURSUANT TO SUBDIVISION 4 FOR THE MONTH IN WHICH THE OBLIGATIONS ARE SOLD, OR (C) THE RATE OF TEN PERCENT PER ANNUM) is not subject to any limitation on rate or amount. All obligations shall be securities as provided in the Uniform Commercial Code, chapter 336, article 8, may be issued as certificated securities or as uncertificated securities, and if issued as certificated securities may be issued in bearer form or in registered form, as defined in section 336.8-102. The validity of an obligation shall not be impaired by the fact that one or more officers authorized to execute it by the governing body of the municipality shall have ceased to be in office before delivery to the purchaser or shall not have been in office on the formal issue date of the obligation. Every obligation, as to certificated securities, or transaction statement, as to uncertificated securities, shall be signed manually by one officer of the municipality or by a person authorized to act on behalf of a bank or trust company, located in or outside of the state, which has been designated by the governing body of the municipality to act as authenticating agent. Other signatures and the seal of the issuer may be printed, lithographed, stamped or engraved thereon and on any interest coupons to be attached thereto. The seal need not be used. A municipality may do all acts and things which are permitted or required of issuers of securities under the Uniform Commercial Code, chapter 336, article 8, and may designate a corporate registrar to perform on behalf of the municipality the duties of a registrar as set forth in those sections. Any registrar shall be an incorporated bank or trust company, located in or outside of the state, authorized by the laws of the United States or of the state in which it is located to perform the duties. If obligations are issued as uncertificated securities, and a law requires or permits the obligations to contain a statement or recital, whether**

on their face or otherwise, it shall be sufficient compliance with the law that the statement or recital is contained in the transaction statement or in an ordinance, resolution, or other instrument which is made a part of the obligation by reference in the transaction statement as provided in section 336.8-202.

Sec. 16. Minnesota Statutes 1984, section 475.55, subdivision 2, is amended to read:

Subd. 2. [SUPERSESSON.] The provisions of this section (SHALL) supersede any maximum interest rate fixed by any other law or a city charter with respect to obligations of the state or any municipality or governmental or public subdivision, district, corporation, commission, board, council, or authority of whatsoever kind, including warrants or orders issued in evidence of allowed claims for property or services furnished to the issuer (, BUT SHALL NOT LIMIT THE INTEREST ON ANY OBLIGATION ISSUED PURSUANT TO A LAW OR CHARTER AUTHORIZING THE ISSUER TO DETERMINE THE RATE OR RATES OF INTEREST).

Sec. 17. Minnesota Statutes 1984, section 475.55, subdivision 3, is amended to read:

Subd. 3. [SPECIAL ASSESSMENTS.] Notwithstanding any contrary provisions of law or charter, special assessments pledged to the payment of obligations may bear interest at the rate the governing body by resolution determines (, NOT EXCEEDING THE GREATER OF (A) THE MAXIMUM INTEREST RATE PER ANNUM WHICH THE OBLIGATIONS MAY BEAR UNDER THE PROVISIONS OF THIS SECTION FOR THE MONTH IN WHICH THE RESOLUTION AUTHORIZING THE SPECIAL ASSESSMENT WAS ADOPTED OR (B) THE MAXIMUM INTEREST RATE PERMITTED TO BE CHARGED AGAINST THE ASSESSMENTS UNDER THE LAW OR CITY CHARTER PURSUANT TO WHICH THE ASSESSMENTS WERE LEVIED).

Sec. 18. Minnesota Statutes 1985 Supplement, section 475.56, is amended to read:

475.56 [INTEREST RATE.]

(a) Any municipality issuing obligations under any law may issue obligations bearing interest at a single rate or at rates varying from year to year which may be lower or higher in later years than in earlier years. Such higher rate for any period prior to maturity may be represented in part by separate coupons designated as additional coupons, extra coupons, or B coupons (, BUT THE HIGHEST AGGREGATE RATE OF INTEREST CONTRACTED TO BE SO PAID FOR ANY PERIOD SHALL NOT EXCEED THE MAXIMUM RATE AUTHORIZED BY LAW). Such higher rate may also be represented in part by the

issuance of additional obligations of the same series, over and above but not exceeding two percent of the amount otherwise authorized to be issued, and the amount of such additional obligations shall not be included in the amount required by section 475.59 to be stated in any bond resolution, notice, or ballot, or in the sale price required by section 475.60 or any other law to be paid ( ; BUT IF THE PRINCIPAL AMOUNT OF THE ENTIRE SERIES EXCEEDS ITS CASH SALE PRICE, SUCH EXCESS SHALL NOT, WHEN ADDED TO THE TOTAL AMOUNT OF INTEREST PAYABLE ON ALL OBLIGATIONS OF THE SERIES TO THEIR STATED MATURITY DATES, CAUSE THE AVERAGE ANNUAL RATE OF SUCH INTEREST TO EXCEED THE MAXIMUM RATE AUTHORIZED BY LAW). This section does not authorize a provision in any such obligations for the payment of a higher rate of interest after maturity than before.

(b) Any obligation of an issue of obligations otherwise subject to section 475.55, subdivision 1, may bear interest at a rate varying periodically at the time or times and on the terms, including convertibility to a fixed rate of interest, determined by the governing body of the municipality (, BUT THE RATE OF INTEREST FOR ANY PERIOD SHALL NOT EXCEED THE MAXIMUM RATE OF INTEREST FOR THE OBLIGATIONS DETERMINED IN ACCORDANCE WITH SECTION 475.55, SUBDIVISION 1). For purposes of section 475.61, subdivisions 1 and 3, the interest payable on variable rate obligations for their term shall be determined as if their rate of interest is the maximum rate (PERMITTED FOR THE OBLIGATIONS UNDER SECTION 475.55, SUBDIVISION 1, OR THE LESSER MAXIMUM RATE) of interest payable on the obligations in accordance with their terms or if no maximum rate is provided then an estimated maximum rate determined by the municipality, but if the interest rate is subsequently converted to a fixed rate the levy may be modified to provide at least five percent in excess of amounts necessary to pay principal of and interest at the fixed rate on the obligations when due. For purposes of computing debt service or interest pursuant to section 475.67, subdivision 12, interest throughout the term of bonds issued pursuant to this subdivision is deemed to accrue at the rate of interest first borne by the bonds. The provisions of this paragraph do not apply to obligations issued by a statutory or home rule charter city with a population of less than 10,000, as defined in section 477A.011, subdivision 3, or to obligations that are not rated A or better, or an equivalent subsequently established rating, by Standard and Poor's Corporation, Moody's Investors Service or other similar nationally-recognized rating agency. *Notwithstanding the previous sentence, this paragraph applies to obligations of a municipality in an amount not to exceed \$300,000 in a calendar year that mature within three years of the date of issuance, if the most recently issued general obligations of the municipality issued within the previous three years, but excluding obligations insured, guaranteed or payable by an obligor other than the municipality, were rated A or better, or an equivalent subsequently*

*established rating, by Standard and Poor's Corporation, Moody's Investors Service or other similar nationally recognized rating agency.*

**Sec. 19. [475.561] [TAXABLE STATUS; SPECIAL PROVISIONS.]**

*Subdivision 1. [INCREASE OR DECREASE IN INTEREST.] (a) Obligations may be issued which provide, if interest on the obligations is determined under the terms of the obligations to be subject to federal income taxation, for an increase in the rate of interest payable on the obligations, from the date of issuance or another date, to a rate provided under the terms of the obligations.*

*(b) If the municipality issues obligations it intends to be exempt from federal income taxation but which bond counsel will not provide an opinion that the interest on the obligations will be exempt from federal income taxation under pending legislation or otherwise, the municipality may provide for the obligations to bear interest at a rate that will decrease, from the date of issuance or another date, to a rate provided under the terms of the obligations if the obligations are subsequently determined to be exempt from federal income taxation.*

*(c) For purposes of section 475.61, subdivisions 1 and 3, the increase or decrease in interest rate permitted by this subdivision need not be taken into account until the increase or decrease occurs. Upon occurrence of the increase or decrease, the levy must be modified to provide at least five percent in excess of the amount necessary to pay principal and interest at the new rate of interest on the obligations.*

*Subd. 2. [ARBITRAGE REBATE.] A municipality may, from the proceeds of bonds, investment earnings, or any other available moneys of the municipality, pay to the United States or an officer, department, agency or instrumentality of the United States a rebate of excess earnings or arbitrage profits or other payment required to maintain the bonds as tax exempt. A covenant to make a payment or payments pursuant to this subdivision is not an obligation of the municipality.*

*Subd. 3. [PREPAYMENT OR PURCHASE OF BONDS.] A municipality that issues obligations it intends to be exempt from federal income taxation may agree to prepay or purchase the obligations (a) at the time and in the amount it determines necessary or desirable to maintain the obligations as exempt from federal income taxation or (b) upon a determination that the obligations are taxable. A municipality may make arrangements to have money available with which to purchase or prepay the obligations as the municipality determines necessary or desirable. If arrangements are made with a financial institution*

*pursuant to section 475.54, subdivision 5a or this subdivision and if the municipality owes the financial institution money under the arrangement, the obligation to pay the financial institution is not a general obligation of the municipality unless and until the provisions of this chapter for general obligations have been satisfied. For purposes of section 475.61, subdivisions 1 and 3, money necessary to make the purchase or prepayment are not amounts needed to meet when due principal and interest payments on the obligations.*

*Subd. 4. [RATIFICATION.] This section is, in part, remedial in nature. Obligations issued prior to the effective date of this section are not invalid or unenforceable for providing terms, consequences or remedies that are authorized by this section.*

Sec. 20. Minnesota Statutes 1985 Supplement, section 475.58, subdivision 1, is amended to read:

Subdivision 1. [APPROVAL BY MAJORITY OF ELECTORS; EXCEPTIONS.] Obligations authorized by law or charter may be issued by any municipality upon obtaining the approval of a majority of the electors voting on the question of issuing the obligations, but an election shall not be required to authorize obligations issued:

- (1) to pay any unpaid judgment against the municipality;
- (2) for refunding obligations;
- (3) for an improvement, which obligation is payable wholly or partly from the proceeds of special assessments levied upon property specially benefited by the improvement, or of taxes levied upon the increased value of property within a district for the development of which the improvement is undertaken, including obligations which are the general obligations of the municipality, if the municipality is entitled to reimbursement in whole or in part from the proceeds of such special assessments or taxes and not less than 20 percent of the cost of the improvement is to be assessed against benefited property or is estimated to be received from such taxes within the district;
- (4) payable wholly from the income of revenue producing conveniences;
- (5) under the provisions of a home rule charter which permits the issuance of obligations of the municipality without election;
- (6) under the provisions of a law which permits the issuance of obligations of a municipality without an election; and

(7) to fund pension or retirement fund liabilities *or to procure insurance or fund a reserve for self-insurance*, pursuant to section 475.52, subdivision 6.

Sec. 21. Minnesota Statutes 1985 Supplement, section 475.60, subdivision 2, is amended to read:

Subd. 2. [REQUIREMENTS WAIVED.] The requirements as to public sale shall not apply to:

(1) obligations issued under the provisions of a home rule charter or of a law specifically authorizing a different method of sale, or authorizing them to be issued in such manner or on such terms and conditions as the governing body may determine;

(2) obligations sold by an issuer in an amount not exceeding the total sum of \$300,000 in any three-month period;

(3) obligations issued by a governing body other than a school board in anticipation of the collection of taxes or other revenues appropriated for expenditure in a single year, if sold in accordance with the most favorable of two or more proposals solicited privately;

(4) obligations sold to any board, department, or agency of the United States of America or of the state of Minnesota, in accordance with rules or regulations promulgated by such board, department, or agency; (AND)

(5) obligations issued to fund pension and retirement fund liabilities *or to procure insurance or fund a reserve for self-insurance*, under section 475.52, subdivision 6, *or section 471.981*, obligations issued with tender options under section 475.54, subdivision 5a, crossover refunding obligations referred to in section 475.67, subdivision 13, and any issue of obligations comprised in whole or in part of obligations bearing interest at a rate or rates which vary periodically referred to in section 475.56; *and*

*(b) obligations that the governing body of the municipality determines to be subject to federal income taxation.*

Sec. 22. Minnesota Statutes 1984, section 475.61, subdivision 5, is amended to read:

Subd. 5. [TEMPORARY OBLIGATIONS.] When all conditions exist precedent to the offering for sale of obligations of any municipality in any amount for any purpose authorized by law, and the municipality has applied for a grant or loan of state or federal funds to aid in payment of cost incurred for the authorized purpose, its governing body may by resolution issue and sell temporary obligations not exceeding the total amount authorized,

maturing within not more than three years from the date such obligations are issued. In this event so much of the proceeds of the grant or loan when received shall be credited to the debt service fund for the temporary obligations as may be needed for the payment thereof, with interest, when due, and the tax which would otherwise be required by subdivision 1 need not be levied. Any amount of the temporary obligations which cannot be paid at maturity, from the proceeds of the grant or loan or from any other funds appropriated by the governing body for the purpose, shall be paid from the proceeds of definitive obligations to be issued and sold before the maturity date; or if sufficient funds are not available for payment in full of the temporary obligations at maturity, the holders thereof shall have the right to require the issuance in exchange therefor of definitive obligations secured in the manner provided in subdivision 1 and bearing interest at the (MAXIMUM) rate (PERMITTED BY LAW) *set forth in the temporary obligations or if the obligations do not set forth a rate, at the maximum rate that would apply under Minnesota Statutes 1984, section 475.55 if it were in effect.*

Sec. 23. Minnesota Statutes 1985 Supplement, section 475.66, subdivision 1, is amended to read:

Subdivision 1. All debt service funds shall be deposited and secured as provided in chapter 118, except for amounts invested as authorized in this section, and may be deposited in interest bearing accounts, and such deposits may be evidenced by certificates of deposit with fixed maturities. Sufficient cash for payment of principal, interest, and redemption premiums when due with respect to the obligations for which any debt service fund is created shall be provided by crediting to the fund the collections of tax, special assessment, or other revenues appropriated for that purpose, and depositing all such receipts in a depository bank or banks duly qualified according to law or investing and reinvesting such receipts in securities authorized in this section. Time deposits shall be withdrawable and certificates of deposit and investments shall mature and shall bear interest payable at times and in amounts which, in the judgment of the governing body or its treasurer or other officer or committee to which it has delegated investment decisions, will provide cash at the times and in the amounts required for the purposes of the debt service fund, provided however, that the governing body may authorize the purchase of longer term investments subject to an agreement to repurchase such investments at times and prices sufficient to yield the amounts estimated to be so required. Repurchase agreements may be entered into with

(1) a bank qualified as depository of money held in the debt service fund (, OR WITH);

(2) any national or state bank in the United States which is a member of the federal reserve system and whose combined capital and surplus equals or exceeds \$10,000,000 (, OR);

“Section 1. Minnesota Statutes 1985 Supplement, section 294.22, is amended to read:

**294.22 [GROSS EARNINGS TAX; COMPUTATION.]**

Every company owning or operating any taconite railroad shall pay annually into the state treasury a sum of money equal to (FIVE) 3.75 percent of the gross earnings derived from the operation of such taconite railway within the state. The gross earnings of such a taconite railroad company from the transportation of taconite concentrates from the Mesabi Range to ports on Lake Superior, for all purposes hereof, shall be a sum of money equal to the amount which would be charged under established tariffs of common carriers for the transportation of an equal tonnage of iron ore or taconite concentrates, whichever is shipped from Mesabi Range points to ports at the head of Lake Superior, including the established charges for loading such ore on boats. For all purposes of chapter 298 the rate of the gross earnings as so calculated shall be treated as the cost of transportation of such concentrates or iron ore between such points. If such a taconite railroad company transports coal or any other commodity, except taconite concentrates, its gross earnings shall include an amount equal to the established tariffs of common carriers for the transportation of the same quantities of similar commodities for corresponding distances, not, however, including any such charges for any such commodities used or intended to be used in the construction, operation or maintenance of such railroad.

Sec. 2. Minnesota Statutes 1984, section 294.23, is amended to read:

**294.23 [COMPANIES LIABLE FOR TAX.]**

If a company producing concentrates from taconite shall transport the taconite in the course of the concentrating process and before such concentrating process is completed to a concentrating plant located within the state over a railroad which is not a common carrier and shall not use a common carrier or taconite railroad company as defined in section 294.21 for the movement of the concentrate to a point of consumption or port for shipment beyond the state, then such company nevertheless shall pay annually into the state treasury a tax equal to (FIVE) 3.75 percent of the amount which would be charged for the transportation of such concentrates produced by such taconite company as if such concentrates were transported by a common carrier under established tariffs of common carriers from the Mesabi Range or other iron range point nearest to the mine at which such taconite is quarried to ports at the head of Lake Superior, including established charges for loading such ore on boats. For the purposes of sections 294.24 to 294.28, such a company shall be considered a taconite railroad company.

Sec. 3. Minnesota Statutes 1985 Supplement, section 298.01, subdivision 1, is amended to read:

Subdivision 1. Every person engaged in the business of mining or producing iron ore or other ores in this state shall pay to the state of Minnesota an occupation tax equal to (15 PERCENT OF THE VALUATION OF ALL ORES MINED OR PRODUCED BEFORE JANUARY 1, 1986,) 14.5 percent of the valuation of all ores produced after December 31, 1985 and before January 1, 1987, (AND) 14 percent of the valuation of all ores produced after December 31, 1986 and before January 1, 1988, 13 percent of the valuation of all ore produced after December 31, 1987, and before January 1, 1989, and 12 percent of the valuation of all ore produced after December 31, 1988. Said tax shall be in addition to all other taxes provided for by law and shall be due and payable from such person on or before June 15 of the year next succeeding the calendar year covered by the report thereon to be filed as hereinafter provided.

Sec. 4. Minnesota Statutes 1985 Supplement, section 298.03, is amended to read:

#### 298.03 [VALUE OF ORE; HOW ASCERTAINED.]

*Subdivision 1.* [GENERALLY.] The valuation of iron or other ores for the purposes of determining the amount of tax to be paid under the provisions of section 298.01 shall be ascertained by subtracting from the value of such ore, at the place where the same is brought to the surface of the earth, such value to be determined by the commissioner of revenue:

(1) the reasonable cost of supplies used and labor performed at the mine in separating the ore from the ore body,

including hoisting, elevating, or conveying the same to the surface of the earth;

(2) if the ore is taken from an open pit mine, an amount for each ton of ore mined or produced during the year equal to the cost of removing the overburden, divided by the number of tons of ore uncovered, the number of tons of ore uncovered in each case to be determined by the commissioner of revenue;

(3) if the ore is taken from an underground mine, an amount for each ton of ore mined or produced during the year equal to the cost of sinking and constructing shafts and running drifts, divided by the number of tons of ore that can be advantageously taken out through such shafts and drifts, the number of tons of ore that can be advantageously taken out in each case to be determined by the commissioner of revenue;

(4) the amount of royalties paid on the ore mined or produced during the year;

(5) for persons mining or producing iron ore the mining or production of which is subject to the occupation tax imposed by section 298.01, subdivision 1, the amount of the ad valorem taxes levied and paid for the year against the realty in which the ore is deposited; for all others a percentage of the ad valorem taxes levied and paid for such year against the realty in which the ore is deposited equal to the percentage that the tons mined or produced during such year bears to the total tonnage in the mine;

(6) in the case of taconite, semitaconite and iron sulphide operations, the tax payable under section 298.24 (, BUT NOT EXCEEDING 25 CENTS PER TAXABLE TON,) and that payable under section 298.35, on the concentrates produced in said year and any taxes paid under Laws 1955, chapter 391, 429, 514, 576 or 540, or any other law imposing on such taconite operations a specific tax for school or other governmental purposes;

(7) the amount or amounts of all the foregoing subtractions shall be ascertained and determined by the commissioner of revenue. Deductions for interest on plant investment shall not exceed the greater of (a) four percent of book value, or (b) the amount actually paid but not exceeding six percent of book value. No subtraction shall be allowed for shrinkage of iron ore.

*Subd. 2. [SPECIAL TRANSPORTATION COSTS.] If the ore is not transported using the Great Lakes Seaway system, the commissioner must allow, as a deduction in computing the valuation of the ore, the reasonable cost of transportation of the ore to its destination. This subdivision does not affect the valuation of ore shipped using the Great Lakes Seaway system.*

Sec. 5. Minnesota Statutes 1984, section 298.24, subdivision 1, is amended to read:

Subdivision 1. (a) There is hereby imposed upon taconite and iron sulphides, and upon the mining and quarrying thereof, and upon the production of iron ore concentrate therefrom, and upon the concentrate so produced, a tax of (\$1.25) \$1.90 cents per gross ton of merchantable iron ore concentrate produced therefrom. (THE TAX ON CONCENTRATES PRODUCED IN 1978 AND SUBSEQUENT YEARS PRIOR TO 1985 SHALL BE EQUAL TO \$1.25 MULTIPLIED BY THE STEEL MILL PRODUCTS INDEX DURING THE PRODUCTION YEAR, DIVIDED BY THE STEEL MILL PRODUCTS INDEX IN 1977. THE INDEX STATED IN CODE NUMBER 1013, OR ANY SUBSEQUENT EQUIVALENT, AS PUBLISHED BY THE UNITED STATES DEPARTMENT OF LABOR, BUREAU OF LABOR STATISTICS WHOLESALE PRICES AND PRICE INDEXES FOR THE MONTH OF JANUARY OF THE YEAR IN WHICH THE CONCENTRATE IS PRODUCED SHALL BE THE INDEX USED IN CALCULATING THE TAX IMPOSED HEREIN. IN NO EVENT SHALL THE TAX BE LESS THAN \$1.25 PER GROSS TON OF MERCHANTABLE IRON ORE CONCENTRATE. THE TAX ON CONCENTRATES PRODUCED IN 1985 AND 1986 SHALL BE AT THE RATE DETERMINED FOR 1984 PRODUCTION. UNEMPLOYMENT COMPENSATION

Section 1. Minnesota Statutes 1984, section 268.03, is amended to read:

268.03 [DECLARATION OF PUBLIC POLICY.]

As a guide to the interpretation and application of sections 268.03 to 268.24, the public policy of this state is declared to be as follows: Economic insecurity due to unemployment is a serious menace to the health, morals, and welfare of the people of this state. Involuntary unemployment is therefore a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burdens. This can be provided by encouraging employers to provide more stable employment and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing power and limiting the serious social consequences of poor relief assistance. The legislature, therefore, declares that in its considered judgement the public good and the general welfare of the citizens of this state will be promoted by providing, under the police powers of the state for the (COMPULSORY SETTING ASIDE OF UNEMPLOYMENT RESERVES TO BE USED FOR THE BENEFIT OF PERSONS UNEMPLOYED THROUGH NO FAULT OF THEIR OWN) *establishment of an unemployment insurance fund. The reserves of the unemployment insurance fund are to be used to provide a temporary replacement of a portion of lost wages to individuals with a permanent attachment to the work force, who become involuntarily unemployed through no fault of their own, and who are actively seeking, and are willing and available to accept, suitable reemployment.*

Sec. 2. Minnesota Statutes 1984, section 268.04, subdivision 24, is amended to read:

Subd. 24. “Valid claim” with respect to any individual means a claim filed by an individual who has registered for work and who has earned wage credits and established credit weeks or *alternative credit weeks* during his base period sufficient to entitle him to benefits under section 268.07, subdivision 2.

Sec. 3. Minnesota Statutes 1984, section 268.04, subdivision 25, is amended to read:

Subd. 25. [WAGES.] "Wages" means all remuneration for services, including commissions and bonuses, back pay as of the date of payment, and tips and gratuities paid to an employee by a customer of an employer and accounted for by the employee to the employer, and the cash value of all remuneration in any medium other than cash, except that such term shall not include:

(a) For the purpose of determining contributions payable under section 268.06, subdivision 2, that part of the remuneration which exceeds (, FOR EACH CALENDAR YEAR, THE GREATER OF \$7,000 OR THAT PART OF THE REMUNERATION WHICH EXCEEDS 60 PERCENT OF THE AVERAGE ANNUAL WAGE ROUNDED TO THE NEAREST \$100 COMPUTED IN ACCORDANCE WITH THE PROVISIONS OF CLAUSE (F)) (i) \$11,400 for calendar year 1987 and \$12,000 for calendar year 1988 and all calendar years thereafter, for each employer that has an experience ratio of one-tenth of one percent or more, or (ii) \$10,000 for calendar year 1987, and \$12,000 for calendar year 1988 and thereafter, for each employer that has an experience ratio of less than one-tenth of one percent, paid to an individual by an employer with respect to covered employment in this state, or with respect to employment under the unemployment compensation law of any other state during any calendar year paid to such individual by such covered employer or his predecessor during such calendar year; provided, that if the term "wages" as contained in the Federal Unemployment Tax Act is amended to include remuneration in excess of the amount required to be paid hereunder to an individual by an employer under the federal act for any calendar year, wages for the purposes of sections 268.03 to 268.24 shall include remuneration paid in a calendar year up to an amount equal to the dollar limitation specified in the Federal Unemployment Tax Act. For the purposes of this clause, the term "employment" shall include service constituting employment under any employment security law of another state or of the federal government;

(b) The amount of any payment made to, or on behalf of, an employee under a plan or system established by an employer which makes provision for his employees generally or for a class or classes of his employees (including any amount paid by an employer for insurance or annuities, or into a fund, to provide for any such payment), on account of (1) retirement or (2) sickness or accident disability or (3) medical and hospitalization expenses in connection with sickness or accident disability, or (4) death, provided the employee has not the option to receive, instead of provision for such death benefit, any part of such payment, or if such death benefit is insured, any part of the premium (or contributions to premiums) paid by his employer and has not the right, under the provisions of the plan or system or policy of insurance providing for such death benefit, to assign

such benefit, or to receive a cash consideration in lieu of such benefit either upon his withdrawal from the plan or system providing for such benefit or upon termination of such plan or system or policy of insurance or of his employment with such employer;

The product shall be computed to the nearest whole dollar. (ON OR BEFORE JUNE 30 OF EACH YEAR THE COMMISSIONER SHALL DETERMINE THE AVERAGE WEEKLY WAGE PAID BY EMPLOYERS SUBJECT TO SECTIONS 268.03 TO 268.24 IN THE FOLLOWING MANNER:)*

((A) THE SUM OF THE TOTAL MONTHLY EMPLOYMENT REPORTED FOR THE PREVIOUS CALENDAR YEAR SHALL BE DIVIDED BY 12 TO DETERMINE THE AVERAGE MONTHLY EMPLOYMENT;)

((B) THE SUM OF THE TOTAL WAGES REPORTED FOR THE PREVIOUS CALENDAR YEAR SHALL BE DIVIDED BY THE AVERAGE MONTHLY EMPLOYMENT TO DETERMINE THE AVERAGE ANNUAL WAGE; AND)

((C) THE AVERAGE ANNUAL WAGE SHALL BE DIVIDED BY 52 TO DETERMINE THE AVERAGE WEEKLY WAGE.)

(THE AVERAGE WEEKLY WAGE AS SO DETERMINED COMPUTED TO THE NEAREST WHOLE DOLLAR SHALL APPLY TO CLAIMS FOR BENEFITS WHICH ESTABLISH A BENEFIT YEAR WHICH BEGINS SUBSEQUENT TO DECEMBER 31 OF THE YEAR OF THE COMPUTATION.)

Sec. 5. Minnesota Statutes 1984, section 268.04, is amended by adding a subdivision to read:

*Subd. 29a. [ALTERNATIVE CREDIT WEEK.] "Alternative credit week" means any week for which wages or back pay, actually or constructively paid, wages overdue and delayed beyond the usual time of payment, and back pay by or from one or more employers to an employee for insured work equal or exceed 20 times the state minimum wage in effect on the date the employee makes a claim for benefits.*

Sec. 6. Minnesota Statutes 1984, section 268.04, subdivision 30, is amended to read:

Subd. 30. "Average weekly wage" means the quotient derived by dividing the total wage credits earned by an individual from

all employers in insured work in the base period by the number of credit weeks *or alternative credit weeks*.

Sec. 7. Minnesota Statutes 1984, section 268.06, subdivision 5, is amended to read:

Subd. 5. [BENEFITS CHARGED AS AND WHEN PAID.] Benefits paid to an individual pursuant to a valid claim shall be charged against the account of his employer as and when paid, except that benefits paid to an individual who earned base period wages for part-time employment shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer if the employer: (1) provided weekly base period part-time employment (; (2)), continues to provide weekly employment equal to at least 90 percent of the part-time employment provided in the base period (;), and ((3)) is an interested party because of the individual's loss of other employment; *or (2) provided weekly employment in the base period on an on-call as needed basis, continues to employ the individual on the same basis and provides employment substantially equal to the employment provided in the base period, and is an interested party because of the individual's loss of other employment.*

The amount of benefits so chargeable against each base period employer's account shall bear the same ratio to the total benefits paid to an individual as the base period wage credits of the individual earned from such employer bear to the total amount of base period wage credits of the individual earned from all his base period employers.

In making computations under this provision, the amount of wage credits if not a multiple of \$1, shall be computed to the nearest multiple of \$1.

Benefits shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer for unemployment (1) that is directly caused by a major natural disaster declared by the president pursuant to section 102(2) of the Disaster Relief Act of 1974 (42 United States Code 5122(2)), if the unemployed individual would have been eligible for disaster unemployment assistance with respect to that unemployment but for the individual's receipt of unemployment insurance benefits, *or (2) that is directly caused by a fire, flood, or act of God where 70 percent or more of the employees employed in the affected location become unemployed as a result and the employer substantially reopens its operations in that same area within 360 days of the fire, flood, or act of God. Benefits shall be charged to the employer's account where the unemployment is caused by the willful act of the employer or a person acting on behalf of the employer.*

Sec. 8. Minnesota Statutes 1984, section 268.06, subdivision 8, is amended to read:

Subd. 8. [DETERMINATION OF CONTRIBUTION RATES.] For each calendar year the commissioner shall determine the contribution rate of each employer by adding the minimum rate to the experience ratio (, EXCEPT THAT IF THE RATIO FOR THE CURRENT CALENDAR YEAR INCREASES OR DECREASES THE EXPERIENCE RATIO FOR THE PRECEDING CALENDAR YEAR BY MORE THAN ONE AND ONE-HALF PERCENTAGE POINTS FOR 1982; AND 2-1/2 PERCENTAGE POINTS FOR 1983 AND EACH YEAR THEREAFTER, THE INCREASE OR DECREASE FOR THE CURRENT YEAR SHALL BE LIMITED TO ONE AND ONE-HALF PERCENTAGE POINTS FOR 1982; AND 2-1/2 PERCENTAGE POINTS FOR 1983 AND EACH YEAR THEREAFTER, PROVIDED THAT A SMALL BUSINESS EMPLOYER SHALL BE ELIGIBLE, UPON APPLICATION, FOR A REDUCTION IN THE LIMITATION TO 1-1/2 PERCENTAGE POINTS FOR 1983 AND EACH YEAR THEREAFTER. "SMALL BUSINESS EMPLOYER" FOR THE PURPOSE OF THIS SUBDIVISION MEANS AN EMPLOYER WITH AN ANNUAL COVERED PAYROLL OF \$250,000 OR LESS, OR FEWER THAN 20 EMPLOYEES IN THREE OF THE FOUR QUARTERS ENDING JUNE 30, OF THE PREVIOUS CALENDAR YEAR).

The minimum rate for all employers that have had benefits charged to their account at any time during the period described in subdivision 6 shall be one percent if the amount in the unemployment compensation fund is less than \$80,000,000 on June 30 of the preceding calendar year; or nine-tenths of one percent if the fund is more than \$80,000,000 but less than \$90,000,000; or eight-tenths of one percent if the fund is more than \$90,000,000 but less than \$110,000,000; or seven-tenths of one percent if the fund is more than \$110,000,000 but less than \$130,000,000; or six-tenths of one percent if the fund is more than \$130,000,000 but less than \$150,000,000; or five-tenths of one percent if the fund is more than \$150,000,000 but less than \$170,000,000; or three-tenths of one percent if the fund is more than \$170,000,000 but less than \$200,000,000; or one-tenth of one percent if the fund is \$200,000,000 or more; provided that no employer shall have a contribution rate of more than 7.5 percent.

*The minimum rate for all employers that have not had benefits charged to their account at any time during the period described in subdivision 6 shall be eight-tenths of one percent for calendar year 1987 and seven-tenths of one percent for calendar year 1988 and thereafter.*

For the purposes of this section the unemployment compensation fund shall not include any moneys advanced from the

Federal Unemployment Account in the unemployment trust fund in accordance with Title XII of the Social Security Act, as amended. (NO EMPLOYER FIRST ASSIGNED AN EXPERIENCE RATIO IN ACCORDANCE WITH SUBDIVISION 6, SHALL HAVE HIS CONTRIBUTION RATE INCREASED OR DECREASED BY MORE THAN ONE AND ONE-HALF PERCENTAGE POINTS FOR 1982; AND 2-1/2 PERCENTAGE POINTS FOR 1983 AND EACH YEAR THEREAFTER OVER THE CONTRIBUTION RATE ASSIGNED FOR THE PRECEDING CALENDAR YEAR IN ACCORDANCE WITH SUBDIVISION 3A, PROVIDED THAT A SMALL BUSINESS EMPLOYER SHALL BE ELIGIBLE, UPON APPLICATION, FOR A REDUCTION IN THE LIMITATION TO 1-1/2 PERCENTAGE POINTS FOR 1983 AND EACH YEAR THEREAFTER.)

**Sec. 9. [268.062] [STANDBY SOLVENCY SURTAX.]**

*If the balance in the unemployment compensation fund as calculated on April 1 of a year is less than 12.5 percent of benefits paid out in the previous year, a ten percent surtax is imposed on employers payable to the unemployment compensation fund. The surtax is imposed on the experience portion of the employer's contributions for the calendar year preceding the April 1 calculation. The surtax shall be assessed on the July 1 next following the April 1 calculation and is due March 1 of the year following its imposition. The surtax imposed by this subdivision is not a part of the employer's contribution rate for the purpose of the maximum tax limitation of section 268.06, subdivision 8. An employer's surtax under this section and contribution rate under section 268.06, subdivision 8, shall not in the aggregate exceed 8.15 percent.*

*(b) for claims which establish a benefit year subsequent to June 30, 1987, the individual's total base period wage credits multiplied by 1.1 percent if it is the individual's first claim during the five-year period immediately preceding the claim filing, or 1.0 percent for subsequent claims filed within that five-year period. The amount (SO) computed under this paragraph, if not a whole dollar, shall be rounded down to the next lower dollar amount. (THE MAXIMUM WEEKLY BENEFIT AMOUNT OF CLAIMS FOR BENEFITS WHICH ESTABLISH A BENEFIT YEAR SUBSEQUENT TO JULY 1, 1979 SHALL BE 66-2/3 PERCENT OF THE AVERAGE WEEKLY WAGE, EXCEPT AS PROVIDED IN CLAUSE (D).)*

(ON OR BEFORE JUNE 30 OF EACH YEAR THE COMMISSIONER SHALL DETERMINE THE AVERAGE WEEKLY WAGE PAID BY EMPLOYERS SUBJECT TO SECTIONS 268.03 TO 268.24 IN THE FOLLOWING MANNER:)

Sec. 12. Minnesota Statutes 1984, section 268.071, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] As used in this section, unless the context clearly requires otherwise:

(1) [EXTENDED BENEFIT PERIOD.] “Extended benefit period” means a period which

(a) Begins with the third week after a week for which there is a state “on” indicator; and

(b) Ends with either of the following weeks, whichever occurs later: The third week after the first week for which there is a state “off” indicator; or the 13th consecutive week of the period;

Provided, that no extended benefit period may begin before the 14th week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) [STATE “ON” INDICATOR.] There is a “state ‘on’ indicator” for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this law

(a) equaled or exceeded 120 percent of the average of such rates for the corresponding 13 week period ending in each of the preceding two calendar years, and

(b) equaled or exceeded five percent.

The determination of whether there has been a state “on” indicator beginning any extended benefit period may be made as provided in clauses (a) and (b) above or a “state ‘on’ indicator” shall exist if the rate described in clause (b) equaled or exceeded six percent irrespective of whether the percentage requirement provided by clause (a) is met or exceeded.

(3) [STATE “OFF” INDICATOR.] There is a “state ‘off’ indicator” for this state for a week if, for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment is less than six percent and the requirements for a “state ‘on’ indicator” under clause (2) of this subdivision are not satisfied.

(4) [RATE OF INSURED UNEMPLOYMENT.] "Rate of insured unemployment," for purposes of clauses (2) and (3), means the percentage derived by dividing the average weekly number of individuals filing claims for regular benefits in this state for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the commissioner on the basis of his reports to the United States secretary of labor, by the average monthly employment covered under this law for the first four of the most recent six completed calendar quarters ending before the end of such 13 week period.

(5) [REGULAR BENEFITS.] "Regular benefits" means benefits payable to an individual under this law or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits and additional benefits.

(6) [EXTENDED BENEFITS.] "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this section for weeks of unemployment in his eligibility period.

(7) [ADDITIONAL BENEFITS.] "Additional benefits" means benefits payable to exhaustees by reason of conditions of high unemployment or by reason of other special factors under the provisions of any state law.

(8) [ELIGIBILITY PERIOD.] "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(9) [EXHAUSTEE.] "Exhaustee" means an individual who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this law or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week:

Provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him although as a result of a pending appeal with respect to wage credits (OR), credit weeks, or *alternative credit weeks* that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) His benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which he could establish a new benefit year that would include such week or having established a benefit year that includes such week, he is precluded from receiving regular compensation by reason of: (i) a state law provision which meets the requirements of section 3304 (a) (7) of the Internal Revenue Code of 1954, or (ii) a disqualification determination which cancelled wage credits or totally reduced his benefit rights, or (iii) benefits are not payable by reason of a seasonal limitation in a state unemployment insurance law; and

(c) Has no right to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act, the trade expansion act of 1962, the automotive products act of 1965 and such other federal laws as are specified in regulations issued by the United States secretary of labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law he is considered an exhaustee.

(10) [STATE LAW.] "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the Internal Revenue Code of 1954.

Sec. 13. [268.073] [ADDITIONAL UNEMPLOYMENT COMPENSATION BENEFITS.]

*Subdivision 1. Additional unemployment compensation benefits are authorized under this section only if the commissioner determines that:*

*(1) an employer has reduced operations at an establishment resulting in the reduction of at least 50 percent of the employer's work force and the lay-off of at least 50 employees at that establishment;*

*(2) the employer does not intend to resume operations which would lead to the reemployment of those employees at any time in the future; and*

*(3) the unemployment rate for the county in which the establishment is located was ten percent during the month of the reduction or any of the three months preceding or succeeding the reduction.*

*Subd. 2. [PAYMENT OF BENEFITS.] All benefits payable under this section are payable from the fund.*

*Subd. 3. [ELIGIBILITY CONDITIONS.] An individual is eligible to receive additional benefits under this section for any week during the individual's benefit year if the commissioner finds that:*

*(1) the individual's unemployment is the result of a reduction in operations as provided under subdivision 1;*

*(2) the individual is unemployed and meets the eligibility requirements for the receipt of unemployment benefits under section 268.08;*

*(3) the individual is not subject to a disqualification for benefits under section 268.09; for the purpose of this subdivision, the disqualifying conditions set forth in section 268.09, and the requalifying requirements thereunder, apply to the receipt of additional benefits under this section;*

*(4) the individual has exhausted all rights to regular benefits payable under section 268.07, is not entitled to receive extended benefits under section 268.071, and is not entitled to receive unemployment compensation benefits under any other state or federal law for the week in which the individual is claiming additional benefits;*

*(5) the individual has made a claim for additional benefits with respect to any week the individual is claiming benefits in accordance with the regulations as the commissioner may prescribe with respect to claims for regular benefits; and*

*(6) the individual has worked at least 26 weeks during the individual's base period in employment with an employer for whom the commissioner has determined there was a reduction in operations under subdivision 1.*

*Subd. 4. [WEEKLY BENEFIT AMOUNT.] A claimant's weekly benefit amount under this section shall be the same as the individual's weekly benefit amount payable during the individual's current benefit year under section 268.08.*

*Subd. 5. [MAXIMUM BENEFITS PAYABLE.] A claimant's maximum amount of additional benefits payable in the individual's benefit year shall be six times the individual's weekly benefit amount. Unemployment compensation benefits paid to an individual under any state or federal law other than regular benefits payable under section 268.07 shall be deducted from that individual's maximum amount of additional benefits.*

*Subd. 6. The additional benefits provided under this section shall be payable to any claimant who meets the eligibility conditions under subdivision 3 whose unemployment occurred on July*

*1, 1984, or thereafter, provided the claimant has filed a claim for additional benefits which is effective January 1, 1986, or thereafter.*

Sec. 14. Minnesota Statutes 1985 Supplement, section 268.08, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY CONDITIONS.] An individual shall be eligible to receive benefits with respect to any week of unemployment only if the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.24;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt;

(3) was able to work and was available for work, and was actively seeking work. The individual's weekly benefit amount shall be reduced one-fifth for each day the individual is unable to work or is unavailable for work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner or in training approved pursuant to section 236 of the Trade Act of 1974, as amended.

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college or university unless a majority of the credit weeks or *alternative credit weeks* earned in the base period were for services performed during weeks in which the student was attending school as a full-time student.

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty; and

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. However, payment for the waiting week shall be made to the individual as follows: *ten percent of the amount of the individual's weekly benefit amount otherwise payable shall be paid to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is termi-*

nated because of the individual's return to employment; *the remaining 90 percent of the individual's weekly benefit amount shall be paid to the individual after the last week for which the individual has qualified for and been paid benefits.* No individual is required to serve a waiting period of more than one week within the one-year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 15. Minnesota Statutes 1984, section 268.08, subdivision 3, is amended to read:

Subd. 3. [NOT ELIGIBLE.] An individual shall not be eligible to receive benefits for any week with respect to which he is receiving, has received, or has filed a claim for remuneration in an amount equal to or in excess of his weekly benefit amount in the form of

(1) termination, severance, or dismissal payment or wages in lieu of notice whether legally required or not; provided that if a termination, severance, or dismissal payment is made in a lump sum, the employer may allocate such lump sum payment over a period equal to the lump sum divided by the employee's regular pay while employed by such employer; provided any such payment shall be applied for a period immediately following the last day of work but not to exceed 28 calendar days; or

(2) vacation allowance paid directly by the employer for a period of requested vacation, including vacation periods assigned by the employer under the provisions of a collective bargaining agreement, or uniform vacation shutdown; or

(3) compensation for loss of wages under the workers' compensation law of this state or any other state or under a similar law of the United States, or under other insurance or fund established and paid for by the employer except that this does not apply to an individual who is receiving temporary partial compensation pursuant to section 176.101, subdivision 3k; or

(4) 50 percent of the pension payments from any fund, annuity or insurance maintained or contributed to by a base period employer including the armed forces of the United States if the employee contributed to the fund, annuity or insurance and all of the pension payments if the employee did not contribute to the fund, annuity or insurance; or

(5) 50 percent of a primary insurance benefit under title II of the Social Security Act as amended, or similar old age benefits under any act of congress or this state or any other state.

Provided, that if such remuneration is less than the benefits which would otherwise be due under sections 268.03 to 268.24, he shall be entitled to receive for such week, if otherwise eligible,

benefits reduced by the amount of such remuneration; provided, further, that if the appropriate agency of such other state or the federal government finally determines that he is not entitled to such benefits, this provision shall not apply. If the computation of reduced benefits, required by this subdivision, is not a whole dollar amount, it shall be rounded down to the next lower dollar amount.

*If an individual's benefit is reduced because of the receipt of a pension from the employer that the individual left due to the reasons described in clause (b), the individual's benefit year shall be extended by the number of weeks necessary for the individual to receive the benefit which would have been paid in the benefit year except for that reduction if the following conditions are satisfied:*

*(a) the individual is ineligible for benefits solely due to the lapse of the benefit year;*

*(b) the individual is unemployed due to the closing of a place of employment or is otherwise permanently laid off and not due to a voluntary decision of the individual to retire; and*

*(c) the individual had not attained mandatory retirement age at the time the individual became unemployed.*

Sec. 16. Minnesota Statutes 1984, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from employment under clauses (1), (2), or (3) shall be disqualified for waiting week credit and benefits. For separations under clauses (1) and (2), the disqualification shall continue until (FOUR) *eight* calendar weeks have elapsed following his separation and the individual has earned (FOUR) *eight* times his weekly benefit amount in insured work.

(1) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued his employment with such employer. For the purpose of this clause, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment or based solely on a provision in a collective bargaining agreement by which an individual has vested discretionary authority in another to act in behalf of the individual shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other con-

duct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(2) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with his work or for misconduct which interferes with and adversely affects his employment.

An individual shall not be disqualified under clauses (1) and (2) of this subdivision under any of the following conditions:

(a) The individual voluntarily discontinued his employment to accept work offering substantially better conditions of work or substantially higher wages or both;

(b) The individual is separated from employment due to his own serious illness provided that such individual has made reasonable efforts to retain his employment;

An individual who is separated from his employment due to his illness of chemical dependency which has been professionally diagnosed or for which he has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment he knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain his employment.

(c) The individual accepts work from a base period employer which involves a change in his location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues his employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(d) The individual left employment because he had reached mandatory retirement age and was 65 years of age or older;

(e) The individual is terminated by his employer because he gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which he receives his normal wage or salary which is equal to or greater than his weekly benefit amount;

(f) The individual is separated from employment due to the completion of an apprenticeship program, or segment thereof, approved pursuant to chapter 178;

(g) The individual voluntarily leaves part-time employment with a base period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment with the base period employer was not available for the individual.

(3) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with his work or gross misconduct which interferes with and adversely affects his employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom he was discharged for gross misconduct connected with his work.

For the purpose of this clause "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a health care facility, gross misconduct also includes misconduct involving an act of patient or resident abuse as defined in section 626.557, subdivision 2, clause (d).

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with his work.

(4) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing clauses, excepting clauses (2)(c) and (2)(e), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure, without good cause, to accept an offer of suitable re-employment shall not be used as a factor in determining the future contribution rate of the employer whose offer of re-employment he failed to accept or whose offer of re-employment was refused solely due to the distance of the available work from his residence, the individual's own serious illness or his other employment at the time of the offer.

(5) An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any

acts or omissions occurring after his separation from employment with the employer.

(6) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from his own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment.

Sec. 17. Minnesota Statutes 1984, section 268.09, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO APPLY FOR OR ACCEPT SUITABLE WORK OR RE-EMPLOYMENT.] An individual shall be disqualified for waiting week credit and benefits during the week of occurrence and until (FOUR) *eight* calendar weeks have elapsed following his refusal or failure and he has earned (FOUR) *eight* times his weekly benefit amount in insured work if the commissioner finds that he has failed, without good cause, either to apply for available, suitable work of which he was advised by the employment office, or the commissioner or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commissioner, or to accept a base period employer's offer of re-employment offering substantially the same or better hourly wages and conditions of work as were previously provided by that employer in his base period.

(a) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience, his length of unemployment and prospects of securing local work in his customary occupation, and the distance of the available work from his residence.

(b) Notwithstanding any other provisions of sections 268.03 to 268.24, no work shall be deemed suitable, and benefits shall not be denied thereunder to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) if as a condition of being employed the individual would be required to join a union or to resign from or refrain from joining any bona fide labor organization;

(4) if the individual is in training with the approval of the commissioner.

(c) *Except as otherwise provided in paragraph (b), work is suitable if it meets the requirements of paragraph (a) and pays 75 percent or more of the individual's gross weekly wages.*

Sec. 18. Minnesota Statutes 1984, section 268.09, is amended by adding a subdivision to read:

*Subd. 2a. An individual who has qualified for benefits under the alternative credit week requirement, as provided under section 268.07, subdivision 2, and who is disqualified for benefits under subdivisions 1 and 2 of this section, other than for gross misconduct, shall be disqualified for waiting week credit and benefits. The disqualification shall continue until eight weeks have elapsed following the separation or refusal of suitable work or reemployment and until the individual has worked for a minimum of 20 hours in each of eight weeks in insured work.*

Sec. 19. Minnesota Statutes 1984, section 268.10, subdivision 1, is amended to read:

Subdivision 1. [FILING.] Claims for benefits shall be made in accordance with such regulations as the commissioner may prescribe. Each employer shall post and maintain printed statements of such regulations in places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the commissioner to each employer without cost to him.

(1) Any employer upon separation of an employee from his employment for any reason which may result in disqualification for benefits under section 268.09, shall furnish to such employee a separation notice which shall provide the employer's name, address, and employer account number as registered with the department, the employee's name and social security account number, the inclusive dates of his employment, and the reason for the separation. A copy of such separation notice shall be filed with the commissioner within seven days of such separation. The commissioner shall require each individual filing a claim for benefits to establish a benefit year to furnish the reason for separation from all employers in his base period.

(2) Upon the filing, by an individual, of a claim for benefits, the commissioner shall give notice to all such base period employers of the filing of such claim and request each such base period employer, within seven days after the mailing of such notice, to furnish the following information:

(a) The total wage credits earned in the base period;

(b) The number of credit weeks or *alternative credit weeks* which end within the base period;

(c) The week ending dates for each calendar week within the base period in which the individual earned less than the amount required to make a credit week and the amount of earnings in each such week;

(d) The reason for the separation or separations of such individual from the employ of the employer in the base period; and

(e) Such employer's protest, if any, relating to the ineligibility or disqualification of such individual.

(3) If any base period employer, after the notice of filing of a claim and the request for wage and separation information has been duly mailed to his last known address, fails to file information as provided by items (a) through (e) of clause 2 of this subdivision within seven days, the commissioner shall:

(a) Determine the validity of an individual's claim based on the claimant's statements or any other available information. An employer shall be liable for a late filing fee of not less than \$5 nor more than \$25, as the commissioner may determine, to be paid to the department of economic security and credited to the contingent fund if he has failed without good cause to submit the wage and separation information as required in clause 2 of this subdivision within seven days after the request has been duly mailed to his last known address. In the absence of fraud, if a redetermination of validity of claim based on an employer's late report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid to him prior to such redetermination; and

(b) Determine any issue of disqualification raised by clause (1) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in clause (1), any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report.

Sec. 20. Minnesota Statutes 1984, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the

maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks or *alternative credit weeks* from all employers in insured work by the number of base period credit weeks or *alternative credit weeks*. If within the time specified for the filing of wage and separation information as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal tribunal decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 263.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appeal.

ing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to a referee for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the tribunal from an initial determination.

(6) If a referee's decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

## Sec. 21. [UNEMPLOYMENT BENEFIT BORROWINGS.]

*The commissioner of jobs and training must determine on October 1, 1986, whether there will be sufficient funds in the unemployment compensation fund established under section 268.05, subdivision 5, for the payment of unemployment benefits from November 10, 1986, to January 1, 1987.*

*If the commissioner determines there is a possibility that there will be insufficient money in the fund to pay those benefits the commissioner must notify the commissioner of finance immediately. The commissioner of finance must, upon receiving notice, arrange for short term borrowing an amount necessary to cover the insufficiency as calculated by the commissioner of*

*jobs and training and deposit the money in the unemployment compensation fund.*

*The commissioner of jobs and training must spend only amounts from the borrowing as are necessary to pay all unemployment benefits due from November 1, 1986, to January 1, 1987, without requiring an advance from the secretary of the treasury of the United States under section 1201 of the social security act, as amended.*

*The loan is repayable immediately subsequent to January 1, 1987, from employers contributions made to the commissioner pursuant to section 268.06. Interest on the loan shall be paid from funds available to the commissioner of jobs and training to the extent it does not violate federal law or regulations otherwise the interest shall be paid from the general fund.*

Sec. 22. Minnesota Statutes 1984, section 16A.671, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY; ADVISORY RECOMMENDATION.] To ensure that cash is available when needed to pay warrants drawn on the general fund under appropriations and allotments and for transfers under section 14, the governor may authorize the commissioner (1) to issue certificates of indebtedness in anticipation of the collection of taxes levied for and other revenues appropriated to the general fund for expenditure during each biennium; and (2) to issue additional certificates to refund outstanding certificates and interest on them, under the Constitution, article XI, section 6.

Sec. 23. [REEMPLOYMENT BENEFIT STUDY.]

*The commissioner of the department of jobs and training shall study the feasibility and public policy implication of providing partial weekly benefits to individuals that return to work prior to the time their benefit eligibility ceases. The commissioner shall report the results of the study along with any recommendations to each house of the legislature by January 1, 1987.*

Sec. 24. [QUARTERLY QUALIFYING STUDY.]

*The commissioner of the department of jobs and training shall make a detailed study of quarterly qualifying statutes in other states and shall present that study, along with a proposal for its implementation, to the legislature no later than January 1, 1987. The proposal shall be as revenue- and benefit-neutral as practicable with reference to the laws in effect as of January 1, 1987, as is reasonably possible. The report shall include a detailed explication of the need for adoption of this system, including pertinent citations of federal laws, and a timetable for its implementation.*

**Sec. 25. [EFFECTIVE DATE.]**

*Sections 1, 13, 14, 15, 16, 17, 21, 22, 23, and 24 are effective the day following final enactment. Sections 2, 4, 5, 6, 10, 11, 12, 18, 19, and 20 are effective July 1, 1986. Section 7 is effective retroactively to January 1, 1986. Sections 3, 8, and 9 are effective January 1, 1987.*

**ARTICLE 2****TRANSFER OF AUTHORITY TO OFFICE OF  
ADMINISTRATIVE HEARINGS****Section 1. [TRANSFER FROM DEPARTMENT OF JOBS  
AND TRAINING.]**

*Subdivision 1. [PURPOSE.] It is the purpose and intent of this article to transfer all unemployment compensation hearing responsibilities and related functions except for appeal hearings before the commissioner or an authorized representative from the department of jobs and training to the office of administrative hearings.*

*Subd. 2. [PERSONNEL; EQUIPMENT.] All unemployment insurance referees at the department of jobs and training are transferred to the office of administrative hearings pursuant to Minnesota Statutes, section 15.039, except as otherwise provided by this article. Notwithstanding any laws to the contrary, all unemployment insurance referees employed by the department of jobs and training at the time of this transfer are eligible for appointment as unemployment judges within the office of administrative hearings, and shall be appointed as such on transfer. The commissioner shall provide office space at the department of jobs and training for the chief administrative law judge to use prior to the transfer in order to complete a review of the existing hearing system and personnel prior to the effective date of the transfer. The commissioner of administration, after consultation with the commissioner of jobs and training, the commissioner of finance, and the chief administrative law judge, shall determine the appropriate location of office space for the transferred personnel. The commissioner shall continue to provide space for the conduct of hearings in the same facilities and locations which are presently utilized for that purpose.*

*Subd. 4. [RULES.] The chief administrative law judge may make emergency rules for the purpose of adopting procedural rules for unemployment compensation hearings. The rules shall not conflict with any provisions of chapter 268 and shall comply with any applicable federal laws, rules, or regulations.*

*Subd. 5. [TIMELINESS.] To satisfy United States Department of Labor funding requirements the office of administrative hearings shall meet or exceed timeliness standards under federal regulation in the conduct of unemployment compensation hearings.*

**14.48 [CREATION OF OFFICE OF ADMINISTRATIVE HEARINGS; CHIEF ADMINISTRATIVE LAW JUDGE AP-**

**POINTED; OTHER ADMINISTRATIVE LAW JUDGES APPOINTED.]**

A state office of administrative hearings is created. The office shall be under the direction of a chief administrative law judge who shall be learned in the law and appointed by the governor, with the advice and consent of the senate, for a term ending on June 30 of the sixth calendar year after appointment. Senate confirmation of the chief administrative law judge shall be as provided by section 15.066. The chief administrative law judge shall appoint additional administrative law judges and compensation judges to serve in his office as necessary to fulfill the duties prescribed in sections 14.48 to 14.56. The chief administrative law judge may delegate to a subordinate employee the exercise of a specified statutory power or duty as deemed advisable, subject to the control of the chief administrative law judge. Every delegation must be by written order filed with the secretary of state. All administrative law judges, *unemployment insurance judges*, and compensation judges shall be in the classified service except that the chief administrative law judge shall be in the unclassified service, but may be removed from his position only for cause. All administrative law judges shall have demonstrated knowledge of administrative procedures and shall be free of any political or economic association that would impair their ability to function officially in a fair and objective manner. All workers' compensation judges shall be learned in the law, shall have demonstrated knowledge of workers' compensation laws and shall be free of any political or economic association that would impair their ability to function officially in a fair and objective manner.

Sec. 4. Minnesota Statutes 1985 Supplement, section 14.51, is amended to read:

**14.51 [PROCEDURAL RULES FOR HEARINGS.]**

The chief administrative law judge shall adopt rules to govern the procedural conduct of all hearings, relating to both rule adoption, amendment, suspension or repeal hearings, contested case hearings, (AND) workers' compensation hearings *and unemployment compensation hearings*, and to govern the conduct of voluntary mediation sessions for rulemaking and contested cases other than those within the jurisdiction of the bureau of mediation services. (TEMPORARY) *Emergency* rulemaking authority is granted to the chief administrative law judge for the purpose of (IMPLEMENTING LAWS 1981, CHAPTER 346, SECTIONS 2 TO 6, 103 TO 122, 127 TO 135, AND 141) *the adoption of procedural rules for unemployment compensation hearings*. The procedural rules for hearings shall be binding upon all agencies and shall supersede any other agency procedural rules with which they may be in conflict. The procedural rules for hearings shall include in addition to normal procedural matters provisions relating to recessing and reconvening new hearings when the proposed final rule of an agency is substantially different from that which was

proposed at the public hearing. The procedural rules shall establish a procedure whereby the proposed final rule of an agency shall be reviewed by the chief administrative law judge to determine whether or not a new hearing is required because of substantial changes or failure of the agency to meet the requirements of sections 14.13 to 14.18. Upon his own initiative or upon written request of an interested party, the chief administrative law judge may issue a subpoena for the attendance of a witness or the production of books, papers, records or other documents as are material to the matter being heard. The subpoenas shall be enforceable through the district court in the district in which the subpoena is issued.

Sec. 5. Minnesota Statutes 1984, section 14.53, is amended to read:

**14.53 [COSTS ASSESSED.]**

In consultation with the commissioner of (ADMINISTRATION) *finance* the chief administrative law judge shall assess agencies the cost of services rendered to them in the conduct of hearings. All agencies shall include in their budgets provisions for such assessments.

Sec. 6. Minnesota Statutes 1984, section 43A.18, subdivision 4, is amended to read:

**Subd. 4. [PLANS NOT ESTABLISHED BUT APPROVED BY COMMISSIONER.]** Notwithstanding any other law to the contrary, total compensation for employees listed in this subdivision shall be set by appointing authorities within the limits of compensation plans that have been approved by the commissioner before becoming effective.

(a) Total compensation for employees who are not covered by a collective bargaining agreement in the offices of the governor, attorney general, secretary of state, state auditor and state treasurer shall be determined by the governor, attorney general, secretary of state, state auditor and state treasurer, respectively.

(b) Total compensation for unclassified positions pursuant to section 43A.08, subdivision 1, clause (h), in the higher education coordinating board, and in the state board of vocational technical education shall be determined by the state university board and the state board for community colleges, the higher education coordinating board, and the state board of vocational technical education, respectively.

(c) Total compensation for classified administrative law judges and *unemployment insurance judges* in the office of administrative hearings shall be determined by the chief administrative law judge.

Sec. 7. Minnesota Statutes 1984, section 179A.10, subdivision 1, is amended to read:

Subdivision 1. [EXCLUSIONS.] The commissioner of employee relations shall meet and negotiate with the exclusive representative of each of the units specified in this section. The units provided in this section are the only appropriate units for executive branch state employees. The following employees shall be excluded from any appropriate unit:

(1) the positions and classes of positions in the classified and unclassified services defined as managerial by the commissioner of employee relations in accordance with section 43A.18, subdivision 3, and so designated in the official state compensation schedules;

(2) unclassified positions in the state university system and the community college system defined as managerial by their respective boards;

(3) positions of physician employees compensated under section 43A.17, subdivision 4;

(4) positions of all unclassified employees appointed by a constitutional officer;

(5) positions in the bureau of mediation services and the public employment relations board;

(6) positions of employees whose classification is pilot or chief pilot;

(7) administrative law judge, *unemployment insurance judge*, and compensation judge positions in the office of administrative hearings; and

(8) positions of all confidential employees.

Sec. 8. Minnesota Statutes 1984, section 268.06, subdivision 18, is amended to read:

Subd. 18. [NOTICE TO EMPLOYER.] The commissioner shall at least twice each year notify each employer of the benefits as determined by the department which have been charged to his account subsequent to the last notice. Unless reviewed in the manner hereinafter provided, charges set forth in such notice, or as modified by a redetermination, a decision of (A REFEREE) an *unemployment insurance judge*, or the commissioner, shall be final and shall be used in determining the contribution rates for all years in which the charges occur within the employer's experience period and shall not be subject to collateral

attack by way of review of a rate determination, application for adjustment or refund, or otherwise.

Sec. 9. Minnesota Statutes 1984, section 268.06, subdivision 19, is amended to read:

Subd. 19. [NOTICE OF RATE.] The commissioner shall mail to each employer notice of his rate of contributions as determined for any calendar year pursuant to this section. Such notice shall contain the contribution rate, factors used in determining the individual employer's experience rating, and such other information as the commissioner may prescribe. Unless reviewed in the manner hereinafter provided, the rate as determined or as modified by a redetermination, a decision of (A REFEREE) *an unemployment insurance judge*, or the commissioner shall be final except for fraud and shall be the rate upon which contributions shall be computed for the calendar year for which such rate was determined, and shall not be subject to collateral attack for any errors, clerical or otherwise, whether by way of claim for adjustment or refund, or otherwise. If the legislature changes any of the factors used to determine the contribution rate of any employer for any year subsequent to the original mailing of such notice for the year, the earlier notice shall be void. The notice based on the new factors shall be deemed to be the only notice of rate of contributions for that year and shall be subject to the same finality, redetermination and review procedures as provided above.

Sec. 10. Minnesota Statutes 1984, section 268.06, subdivision 20, is amended to read:

Subd. 20. [PROTEST, REVIEW, REDETERMINATION, APPEAL.] A review of the charges made to an employer's account as set forth in the notice of charges referred to in subdivision 18 and a review of an employer's contribution rate as set forth in the notice of his rate for any calendar year as provided in subdivision 19, may be had by the employer if he files with the commissioner a written protest setting forth his reasons therefor within 30 days from the date of the mailing of the notice of charges or contribution rate to him. The date shall appear on the notice. Upon receipt of the protest, the commissioner shall refer the matter to an official designated by him to review the charges appearing on the notice appealed from or the computations of the protesting employer's rate, as the case may be, to determine whether or not there has been any clerical error or error in computation in either case. The official shall either affirm or make a redetermination rectifying the charges or rate as the case may be, and a notice of the affirmation or redetermination shall immediately be mailed to the employer. If the employer is not satisfied with the affirmation or redetermination, he may appeal by filing a notice with the department within ten days after the date of mailing appearing upon the redetermination. Upon the receipt of the appeal, the commis-

sioner shall refer the matter to (A REFEREE) *the office of administrative hearings* for a hearing and after opportunity for a fair hearing, the (REFEREE) *unemployment insurance judge* shall affirm, modify or set aside the original determination with its affirmation or the redetermination, as appears just and proper. The commissioner may at any time upon his own motion correct any clerical error of the department resulting in charges against an employer's account or any error in the computation of an employer's contribution rate. The (REFEREE) *unemployment insurance judge* may order the consolidation of two or more appeals whenever, in his judgment, consolidation will not be prejudicial to any interested party. At any hearing a written report of any employee of the department which has been authenticated shall be admissible in evidence. Appeals from the decision of the (REFEREE) *unemployment insurance judge* shall be provided by section 268.10, subdivision 5.

Sec. 11. Minnesota Statutes 1984, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks from all employers in insured work by the number of base period credit weeks. If within the time specified for the filing of wage and separation information as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an (APPEAL TRIBUNAL) *unemployment insurance judge* decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an (APPEAL

TRIBUNAL) *unemployment insurance judge* decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an (APPEAL) *unemployment insurance judge* decision awarding benefits, any benefits paid under the award of such initial determination or (APPEAL TRIBUNAL) *unemployment insurance judge* decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to (A REFEREE) *the office of*

*administrative hearings* for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the (TRIBUNAL) *unemployment insurance judge* from an initial determination.

(6) If (A REFEREE'S) *an unemployment insurance judge's* decision affirms an initial determination awarding benefits or the commissioner affirms an (APPEAL TRIBUNAL) *unemployment insurance judge* decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 12. Minnesota Statutes 1984, section 268.10, subdivision 3, is amended to read:

Subd. 3. [APPEAL; HEARING.] *Upon receipt of an appeal from an initial determination made under subdivision 2, the commissioner shall immediately forward the appeal and all necessary documents to the chief administrative law judge for assignment of an unemployment insurance judge to hear the case and the scheduling of a date, time, and place for the hearing. Unless an appeal is withdrawn, the date for hearing before (A REFEREE) an unemployment insurance judge shall be set and notice of the hearing shall be mailed to the last known address of all interested parties at least ten days prior to the date set for the hearing. The notice shall be mailed by the office of administrative hearings. The hearing may be conducted by means of a conference telephone call except that the appellant may request that the hearing be conducted in person. The hearing shall be a trial de novo, and, upon the evidence presented, the (REFEREE) unemployment insurance judge shall affirm, modify, or set aside the initial determination. Where the same or substantially similar evidence is relevant and material to the issues in appeals by more than one individual or in appeals by one individual with respect to two or more weeks of unemployment, the appeals may be consolidated into one hearing pursuant to the procedural rules adopted by the chief administrative law judge. The (REFEREE) unemployment insurance judge shall exclude from any consolidated hearing the appeal of an individual who may be prejudiced because of the consolidation. (A REFEREE) An unemployment insurance judge shall not hear any appeal in which the (REFEREE) unemployment insurance judge has a direct interest. The parties and the commissioner shall be notified of the (REFEREE'S) unemployment insurance judge's decision and the reason for it. The (REFEREE'S) unemployment insurance judge's decision is deemed to be the final decision unless a further appeal is initiated pursuant to subdivision 5.*

Sec. 13. Minnesota Statutes 1984, section 268.10, subdivision 4, is amended to read:

Subd. 4. [(REFEREES) TRANSCRIPTS; REVIEW OF DECISIONS.] (IN ORDER TO ASSURE THE PROMPT DISPOSITION OF ALL CLAIMS FOR BENEFITS, THE COMMISSIONER SHALL APPOINT ONE OR MORE IMPARTIAL REFEREES. THE COMMISSIONER SHALL BY RULE ADOPT A PROCEDURE BY WHICH REFEREES HEAR AND DECIDE DISPUTED CLAIMS, SUBJECT TO APPEAL TO THE COMMISSIONER. NO PERSON SHALL PARTICIPATE ON BEHALF OF THE COMMISSIONER IN ANY CASE IN WHICH THAT PERSON IS AN INTERESTED PARTY. THE COMMISSIONER MAY DESIGNATE ALTERNATES TO SERVE IN THE ABSENCE OR DISQUALIFICATION OF A REFEREE) *The department shall cause a transcript to be prepared of all cases heard by an unemployment insurance judge from which an appeal is made to the commissioner. There shall be no charges, fees, transcript costs, or other cost imposed upon the employee in prosecuting an appeal. All decisions of (REFEREES) unemployment insurance judges shall be made available to the public in accordance with rules the commissioner may prescribe, except that names of interested parties may be deleted.*

Sec. 14. Minnesota Statutes 1984, section 268.10, subdivision 5, is amended to read:

Subd. 5. [REVIEW BY COMMISSIONER.] Within 30 days after mailing or personal delivery of the notice of (A REFEREE'S) *an unemployment insurance judge's* decision to the claimant or employer at the last known address, a party may file, with the commissioner, a notice of appeal from the decision and obtain a review of it by the commissioner or an authorized representative. (THE COMMISSIONER WITHIN THE SAME PERIOD OF TIME MAY ON THE COMMISSIONER'S OWN MOTION ORDER A REVIEW OF A DECISION. UPON REVIEW, THE COMMISSIONER OR AUTHORIZED REPRESENTATIVE MAY AFFIRM, MODIFY, OR SET ASIDE ANY FINDING OF FACT OR DECISION, OR BOTH, OF THE REFEREE ON THE BASIS OF THE EVIDENCE PREVIOUSLY SUBMITTED IN THE CASE, OR REMAND THE MATTER BACK TO THE REFEREE FOR THE TAKING OF ADDITIONAL EVIDENCE AND NEW FINDINGS AND DECISION BASED ON ALL OF THE EVIDENCE BEFORE THE REFEREE.) *The notice of appeal must set forth the issues raised on appeal. The notice of the decision of the unemployment compensation judge must explain how an appeal may be filed. On an appeal taken under this subdivision, the commissioner or authorized representative is limited to the issues raised by the parties in the notice of the appeal from the unemployment insurance judge's decision. The commissioner or authorized representative, on the basis of evidence previously submitted, may*

*affirm the decision of the unemployment insurance judge, may remand the case for further proceedings, or may modify or reverse the decision if the unemployment insurance judge's decision is in error of law, violates the procedures of chapter 268, is unsupported by substantial evidence in view of the record as a whole when the issue in dispute involves a question of fact, or is arbitrary or capricious.* Notice of all hearings on review shall be given to all interested parties in the same manner as provided for by subdivision 3. *Upon the motion of a party, the commissioner or authorized representative may (REMOVE TO HIMSELF OR HERSELF OR) transfer to another (REFEREE) unemployment insurance judge the proceedings on any claim pending before (A REFEREE) an unemployment insurance judge. (ANY PROCEEDINGS REMOVED TO THE COMMISSIONER OR AUTHORIZED REPRESENTATIVE SHALL BE HEARD UPON NOTICE IN ACCORDANCE WITH THE REQUIREMENTS OF SUBDIVISION 3.)* The department of economic security shall mail to all interested parties and the chief administrative law judge a notice of the filing of and a copy of the findings and decision of the commissioner or his representative.

Sec. 15. Minnesota Statutes 1984, section 268.10, subdivision 6, is amended to read:

Subd. 6. [COMMISSIONER.] The manner in which disputed claims are presented, the reports required from the claimant and from employers, and the conduct of (HEARINGS AND) appeals shall be in accordance with the rules adopted by the commissioner (FOR DETERMINING THE RIGHTS OF THE PARTIES, WHETHER OR NOT THE REGULATIONS). *Rules relating to the conduct of hearings before unemployment insurance judges shall be adopted by the chief administrative law judge. The rules of the commissioner and the chief administrative law judge need not conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing shall be recorded, but need not be transcribed unless the disputed claim is further appealed.*

Sec. 16. Minnesota Statutes 1984, section 268.10, subdivision 9, is amended to read:

Subd. 9. [REPRESENTATION BY ATTORNEY.] In any proceeding under these sections before (A REFEREE) *an unemployment insurance judge* or the commissioner, a party may be represented by an agent or attorney, but no individual claiming benefits shall be charged fees of any kind in a proceeding before (A REFEREE) *an unemployment insurance judge*, the commissioner, commissioner's representatives, or by any court or any officers thereof. Any individual claiming benefits in any proceedings before the commissioner or his representatives or a

court may be represented by counsel or other duly authorized agent, except that said agent in any court proceedings under these sections, must be an attorney at law; but no counsel shall either charge or receive for the services more than an amount approved by the commissioner and no fees shall be collected from an individual claiming benefits by any agent unless he is an attorney at law.

Sec. 17. Minnesota Statutes 1984, section 268.12, subdivision 8, is amended to read:

Subd. 8. [RECORDS; REPORTS.] (1) Each employing unit shall keep true and accurate work records for such periods of time and containing such information as the commissioner may prescribe. Such records shall be open to inspection, audit, and verification, and be subject to being copied by any authorized representative of the commissioner at any reasonable time and as often as may be necessary. The commissioner, (APPEAL REFEREE) *unemployment insurance judge*, or any other duly authorized representative of the commissioner, may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the commissioner, (APPEAL REFEREE) *unemployment insurance judge*, or any other duly authorized representative of the commissioner deems necessary for the effective administration of sections 268.03 to 268.24, provided that quarterly contribution and wage report forms shall include the employee's name, social security number, and total wages paid to the employee.

(2) The commissioner may cause to be made such summaries, compilations, photographs, duplications, or reproductions of any records, reports, or transcripts thereof as he may deem advisable for the effective and economical preservation of the information contained therein, and such summaries, compilations, photographs, duplications or reproductions, duly authenticated, shall be admissible in any proceeding under sections 268.03 to 268.24, if the original record or records would have been admissible therein. Notwithstanding any restrictions contained in section 16B.50, except restrictions as to quantity, the commissioner is hereby authorized to duplicate, on equipment furnished by the federal government or purchased with funds furnished for that purpose by the federal government, records, reports, summaries, compilations, instructions, determinations, or any other written matter pertaining to the administration of the Minnesota economic security law.

(3) Notwithstanding any inconsistent provisions elsewhere, the commissioner may provide for the destruction or disposition of any records, reports, transcripts, or reproductions thereof, or other papers in his custody, which are more than two years old, the preservation of which is no longer necessary for the establishment of contribution liability or benefit rights or for any purpose necessary to the proper administration of sections 268.03 to 268.24, including any required audit thereof, provided,

that the commissioner may provide for the destruction or disposition of any record, report, or transcript, or other paper in his custody which has been photographed, duplicated, or reproduced in the manner provided in clause (2).

(4) Notwithstanding the provisions of the Minnesota State Archives Act the commissioner shall with the approval of the legislative auditor destroy all benefit checks and benefit check authorization cards that are more than two years old and no person shall make any demand, bring any suit or other proceeding to recover from the state of Minnesota any sum alleged to be due him on any claim for benefits after the expiration of two years from the date of filing such claim.

Sec. 18. Minnesota Statutes 1984, section 268.12, subdivision 9, is amended to read:

Subd. 9. [TESTIMONIAL POWERS.] (1) In the discharge of the duties imposed by sections 268.03 to 268.24, the commissioner, (APPEAL REFEREE) *unemployment insurance judge*, or any duly authorized representative of the commissioner, shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of these sections;

(2) Witnesses, other than interested parties or officers and employees of an employing unit which is an interested party, subpoenaed pursuant to this subdivision or sections 268.03 to 268.24, shall be allowed fees the same as witness fees in civil actions in district court, which fees need not be paid in advance of the time of giving of testimony, and such fees of witnesses so subpoenaed shall be deemed part of the expense of administering these sections;

(3) In case of contumacy by, or refusal to obey, a subpoena issued to any person, any court of this state within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which such person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the commissioner, or (REFEREE) *unemployment insurance judge*, or any duly authorized representative of the commissioner, shall have jurisdiction to issue to such person an order requiring such person to appear before the commissioner, (THE CHAIRMAN OF AN APPEAL TRIBUNAL, REFEREE) *unemployment insurance judge*, or any duly authorized representative of the commissioner, there to produce evidence if so ordered or there to give testimony relative to the matter under investigation or in question; and any failure to obey such order of the court may be punished by the court as a contempt thereof.

Sec. 19. Minnesota Statutes 1984, section 268.12, subdivision 10, is amended to read:

Subd. 10. [SELF-INCRIMINATION.] No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the commissioner, (THE CHAIRMAN OF AN APPEAL TRIBUNAL, REFEREE) *unemployment insurance judge*, or any duly authorized representative of the commissioner, or in obedience to the subpoena of any of them in any cause or proceeding before the commissioner, (AN APPEAL TRIBUNAL, REFEREE) *unemployment insurance judge*, or any duly authorized representative of the commissioner on the grounds that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

Sec. 20. Minnesota Statutes 1984, section 268.12, subdivision 13, is amended to read:

Subd. 13. [DETERMINATIONS.] (1) An official, designated by the commissioner, upon his own motion or upon application of an employing unit, shall determine if an employing unit is an employer within the meaning of this chapter or as to whether services performed for it constitute employment within the meaning of this chapter, and shall notify the employing unit of the determination. The determination shall be final unless the employing unit, within 30 days after the mailing of notice of the determination to the employing unit's last known address, files a written appeal from it.

(2) (THE COMMISSIONER SHALL DESIGNATE ONE OR MORE REFEREES TO CONDUCT HEARINGS ON APPEALS) *Upon receipt of an appeal under clause (1), the commissioner shall refer the matter to the office of administrative hearings for a hearing.* The employing unit and any claimant whose filed claim for benefits may be affected by a determination issued under clause (1) shall be interested parties to an appeal. The (REFEREE) *unemployment insurance judge* shall fix a time and place within this state for the hearing and give interested parties written notice of it, by mail, not less than ten days prior to the time of the hearing. In the discharge of the duties imposed by this subdivision, the (REFEREE) *unemployment insurance judge* may administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as

evidence in connection with the subject matter of the hearing. The written report of any employee of the department of economic security, made in the regular course of the performance of the employee's duties, shall be competent evidence of the facts contained in it and shall be prima facie correct, unless refuted by other credible evidence.

(3) Upon the conclusion of the hearing, the (REFEREE) *unemployment insurance judge* shall serve upon the interested parties by mail findings of fact and decision. The decision of the (REFEREE) *unemployment insurance judge*, together with his findings of fact and reasons in support of them, is final unless an interested party, within 30 days after the mailing of a copy of it to the interested parties' last known addresses, files an appeal with the commissioner and serves a copy of the appeal on the chief administrative law judge, or unless the commissioner, within 30 days after mailing of the decision, on his own motion orders the matter certified to him for review. Appeal from and review by the commissioner of the decision of the (REFEREE) *unemployment insurance judge* shall be in the manner provided by rule. The commissioner may without further hearing affirm, modify, or set aside the findings of fact or decision, or both, of the (REFEREE) *unemployment insurance judge* on the basis of the evidence previously submitted in the case, or direct the taking of additional evidence. The commissioner may disregard the findings of fact of the (REFEREE) *unemployment insurance judge* and examine the testimony taken and make any findings of fact as the evidence taken before the (REFEREE) *unemployment insurance judge* may, in the judgment of the commissioner, require, and make any decision as the facts found by him require. The commissioner shall notify the employing unit and the chief administrative law judge of his findings and decision by mail, mailed to the interested parties' last known addresses. The decision of the commissioner is final unless judicial review of it is sought as provided by this subdivision. Any interested party to a proceeding before the commissioner may obtain a transcript of the testimony taken before the (REFEREE) *unemployment insurance judge* upon payment to the commissioner of the cost of the transcript at the rate of ten cents per 100 words.

(4) The court of appeals may, by writ of certiorari to the commissioner, review all questions of law and fact presented by the record in accordance with chapter 14. The commissioner shall not be required to certify the record to the court unless the party commencing the proceedings for review pays to the commissioner the cost of certification of the record at the rate of ten cents per 100 words less any amount previously paid by the party for a transcript. The commissioner shall, upon receipt of the payment, prepare and certify to the court a true and correct typewritten copy of all matters contained in the record. The costs collected by the commissioner shall be deposited in the economic security administration fund provided for in section 268.15.

(5) A final decision of the commissioner or referee, in the absence of appeal, is conclusive for all the purposes of sections 268.03 to 268.24 except as otherwise provided, and, together with the records therein made, shall be admissible in any subsequent judicial proceeding involving liability for contributions. A final decision of the commissioner or referee may be introduced in any proceeding involving a claim for benefits.

(6) In the event a final decision of the commissioner or (REFEREE) *unemployment insurance judge* determines the amount of contributions due under sections 268.03 to 268.24, then, if the amount, together with interest and penalties, is not paid within 30 days after the decision, the provisions of section 268.161 shall apply. The commissioner shall proceed thereunder, substituting a certified copy of the final decision in place of the contribution report.

Sec. 21. Minnesota Statutes 1984, section 268.18, subdivision 1, is amended to read:

Subdivision 1. [ERRONEOUS PAYMENTS.] Any claimant for benefits who, by reason of his own mistake or through the error of any individual engaged in the administration of sections 268.03 to 268.24 or because of a determination or redetermination issued pursuant to section 268.10, subdivision 2, has received any sum as benefits to which he was not entitled under these sections, shall promptly return such benefits in cash to the nearest office of the Minnesota department of economic security. If such claimant fails to return such benefits, the department of economic security shall, as soon as it discovers such erroneous payment, determine the amount thereof and notify said individual to return the same. Unless the claimant files a written appeal with the department of economic security within 15 days after the mailing of the notice of determination to his last known address or personal delivery of the notice, the determination shall become final. If the claimant files an appeal with the department in writing within the time aforesaid the matter shall be set for hearing before (A REFEREE OF THE DEPARTMENT) *an unemployment insurance judge of the office of administrative hearings* and heard as other benefit matters are heard in accordance with section 268.10 with the same rights of review as outlined for benefit cases in that section. The commissioner of the department of economic security is hereby authorized to deduct from any future benefits payable to the claimant under these sections in either the current or any subsequent benefit year an amount equivalent to the overpayment determined or the overpayment may be collected without interest by civil action in the name of the commissioner. If a claimant has been overpaid benefits under the law of another state and that state certifies to the department the facts involved and that the individual is liable under its law to repay the benefits and requests the department to recover the overpayment, the commissioner is authorized to deduct from future benefits pay-

able to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined by that state. Benefits paid for weeks more than three years prior to the discovery of error are not erroneous payments.

Sec. 22. Minnesota Statutes 1984, section 268.18, subdivision 2, is amended to read:

Subd. 2. [FRAUD.] Any claimant who files a claim for or receives benefits by knowingly and willfully misrepresenting or misstating any material fact or by knowingly and willfully failing to disclose any material fact which would make him ineligible for benefits under sections 268.03 to 268.24 is guilty of fraud. After the discovery of facts by the commissioner indicating fraud in claiming or obtaining benefits under sections 268.03 to 268.24, he is hereby authorized to make a determination that the claimant was ineligible for each week with reference to which benefits were claimed or obtained by fraud for the amount as was in excess of what the claimant would have been entitled to had he not made the fraudulent statements or failed to disclose any material facts. The commissioner also may disqualify an individual from benefits for one to 52 weeks in which the claimant is otherwise eligible for benefits following the week in which the fraud was determined. A disqualification imposed for fraud shall not be removed by subsequent insured work or the expiration of a benefit year but shall not apply to any week more than 104 weeks after the week in which the fraud was determined. The claimant shall promptly repay in cash to the department of economic security any benefits fraudulently obtained. Unless the claimant files a written appeal with the department of economic security within 15 days after the mailing of the notice of determination to his last known address or personal delivery of the notice, the determination shall become final. If the claimant appeals from the determination within the time above specified the matter shall be referred to (A REFEREE) *an unemployment insurance judge* for a hearing as in other benefit cases and thereafter the procedure for review shall be the same as set forth in section 268.10. The commissioner is hereby authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined or the overpayment may be collected without interest by civil action in the name of the commissioner. If a claimant has been overpaid benefits under the law of another state and that state certifies to the department the facts involved and that the individual is liable to repay the benefits and requests the department to recover the overpayment, the commissioner is authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined by that state. A determination of fraud may be made at any time.

“Article 4

Section 1. Minnesota Statutes 1984, section 115.07, subdivision 1, is amended to read:

Subdivision 1. [OBTAIN PERMIT.] It shall be unlawful for any person to construct, install or operate a disposal system, or any part thereof, until plans therefor shall have been submitted to the agency unless the agency shall have waived the submission thereof to it and a written permit therefor shall have been granted by the agency.

*For disposal systems operated on streams with extreme seasonal flows, the agency must allow seasonal permit limits based on a fixed or variable effluent limit when the municipality operating the disposal system requests them and is in compliance with agency water quality standards.*

Sec. 2. [115.54] [TECHNICAL ADVISORY COMMITTEE.]

*The agency shall adopt and revise rules governing waste water treatment control under chapters 115 or 116 only with the advice of a technical advisory committee of nine members. One member of the committee shall be selected by each of the following: the state consulting engineers council, the University of Minnesota division of environmental engineering, the state association of general contractors, the state wastewater treatment plant operators association, the metropolitan waste control commission created by section 473.503, the association of metropolitan municipalities, the state association of small cities, and two members from the league of Minnesota cities. The technical advisory committee may review and advise the agency on any rule or technical requirements governing the wastewater treatment grant or loan program and may review the work of other professional persons working on a wastewater treatment project and make recommendations to those persons, the agency, and the concerned municipality, in order for the agency to ensure that water quality treatment standards will be met. The committee shall meet at least once a year, or at the call of the chair, and shall elect its chairperson. The agency*

*must provide staff support for the committee, prepare committee minutes and provide information to the committee it may request. A quorum is a simple majority and official action must be by a majority vote of the quorum.*

Sec. 3. Minnesota Statutes 1984, section 115A.14, subdivision 4, is amended to read:

Subd. 4. [POWERS AND DUTIES.] The commission shall review the biennial report of the board, *the agency municipal project list and municipal needs list reports, and the budget for the agency division of water quality.* The commission shall oversee the activities of the board under sections 115A.01 to 115A.72 and the activities of the agency under sections 115A.-42 to 115A.46 (AND), 115A.49 to 115A.54, *and 116.16 to 116.18* and direct such changes or additions in the work plan of the board and agency as it deems fit. The commission may conduct public hearings and otherwise secure data and expressions of opinion. The commission shall make such recommendations as it deems proper to assist the legislature in formulating legislation. Any data or information compiled by the commission shall be made available to any standing or interim committee of the legislature upon request of the chairperson of the respective committee.

Sec. 4. [116.163] [AGENCY FUNDING APPLICATION REVIEW.]

*Subdivision 1. [CONSTRUCTION GRANT AND LOAN APPLICATIONS.] The agency shall, pursuant to agency rules and within 90 days of receipt of a completed application for a wastewater treatment facility construction grant or loan, grant or deny the application and notify the municipality of the agency's decision. The time for consideration of the application by the agency may be extended up to 180 days if the municipality and the agency agree it is necessary.*

*Subd. 2. [LIMITATION ON MUNICIPAL PLANNING TIME.] A municipality shall complete all planning work required by the agency for award of a grant or loan, and be ready to advertise for bids for construction, within 2 years of receipt of grant or loan funds under subdivision 1. The planning time may be extended automatically by the amount of time the agency exceeds its 90-day review under subdivision 1.*

*Subd. 3. [BID REVIEW.] After a municipality has accepted bids for construction of a wastewater treatment project, the agency must review the bids within 30 days of receipt.*

Sec. 5. [116.165] [INSPECTION RESPONSIBILITY.]

*When a wastewater treatment plant is constructed with federal funds and a federal agency conducts inspections of the plant,*

*the owner of the plant or the owner's designee must conduct inspections and forward all inspection documents required by the agency to the agency for its review.*

**Sec. 6. [116.166] [MUNICIPAL APPLICATION.]**

*Section 177.41 does not apply to municipal wastewater treatment projects in cities of the third and fourth class that receive assistance through the state independent grants program or a state loan program not involving federal funds.*

**Sec. 7. [116.167] [REVOLVING LOAN ACCOUNT.]**

*Subdivision 1. [APPLICATION.] This section is effective only if the federal government requires revolving loan accounts to be established under the authority of the federal Water Pollution Control Act.*

*Subd. 2. [STATE WATER POLLUTION CONTROL REVOLVING LOAN ACCOUNT.] The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state water pollution control revolving loan account to receive any federal money authorized for loans under the federal Water Pollution Control Act, and other money appropriated by law, for the purpose of providing financial assistance to municipalities for wastewater treatment.*

*Subd. 3. [LOANS.] A loan made to a municipality under this section shall be made only after resolutions have been adopted by the agency and the governing body of the municipality obligating the municipality to repay the loan to the state treasurer in annual installments, including both principal and interest. Each installment shall be in an amount sufficient to pay the principal amount within 20 years or a shorter time interval if the amount of the annual payment will not justify the administrative expenses of processing the payment, and shall be paid from user charges, taxes, special assessments, or other funds available to the municipality. Interest on loans made to municipalities shall be established at a rate the commissioner of revenue reasonably determines sufficient to pay interest rates on state bonds issued under section 116.17, subdivision 2. Loan repayments must be deposited in the revolving loan account created by this section. Each participating municipality shall provide the agency with a financial health report compiled by the state auditor and the agency shall review the report before approving a loan. Municipalities receiving a loan under this section may still be eligible for a wastewater treatment grant from the agency.*

*A private vendor that has entered into a service contract with a municipality under sections 3 and 4 is a political subdivision for purposes of determining the tax imposed under this chapter. *For purposes of this section, "private vendor," "service contract," and "related facilities" have the meanings given in sections 3 and 4.*

**Sec. 2. [471A.01] [PUBLIC PURPOSE FINDINGS.]**

*The legislature finds that the privatization of facilities for the prevention, control, and abatement of water pollution, and the furnishing of potable water provides municipalities an opportunity under appropriate circumstances to provide those capital intensive public services in a manner that will speed construction and is less costly and more efficient than the furnishing of those services through facilities exclusively owned and operated by municipalities. The legislature further finds that existing law creates unnecessary and costly obstacles to the privatization of those capital intensive public services and that a comprehensive act is required to permit municipalities to enter into appropriate contractual arrangements with private parties to facilitate the privatization of those capital intensive public services.*

Under the service contract the municipality may, under terms and conditions agreed to by the municipality and the private vendor:*

*(1) obligate itself to pay or cause to be paid a service fee for the availability and use of the capital intensive public services to be furnished under the service contract;*

*(2) enter into other obligations the municipality considers appropriate that are not otherwise contrary to law; and*

*(3) either pledge its full faith and credit or obligate a specific source of payment for the payment of the service fee and the performance of other obligations under the service contract and the payment of damages for failure to perform the obligations.*

*The obligation of the municipality to pay the service fee and perform any other permitted obligations under the service contract are not considered a debt within the meaning of any statutory or charter provision, and no election is required as a precondition to the municipality entering into any permitted obligation or undertaking a project under a service contract.*

*Subd. 3. [PROCUREMENT PROCEDURES.] The municipality may agree under the service contract that the private vendor will acquire and construct any and all related facilities without compliance with any competitive bidding requirements, provided (1) the municipality, or municipalities if the related facilities furnish capital intensive public services to more than one municipality, has in the aggregate either no or no more than a 50 percent ownership interest in the related facilities, and (2) the municipality enters into the service contract only after requesting from two or more private vendors proposals for the furnishing of the capital intensive public services, under terms and conditions the municipality determines to be fair and reasonable. After making the request and receiving any proposals in response to the request, the municipality may negotiate the service contract with any private vendor.*

*Subd. 4. [SOURCES OF PAYMENT.] For the payment of a service fee or other monetary obligation under an existing service contract or in anticipation of need under a future service contract, the municipality may:*

*(1) levy property taxes, impose rates and charges, levy special assessments, and exercise any other revenue producing authority granted to it and apply public funds for the payment*

*of the service fee and any other monetary obligations under the service contract in the same manner, and subject to the same conditions and limitations, except as provided in section 5, that would apply if the related facilities were acquired, constructed, owned, and operated exclusively by the municipality; and*

*(2) establish by ordinance, revise when considered advisable, and collect just and reasonable rates and charges for the capital intensive public services provided under the service contract. The ordinance may obligate the owners, lessees, or occupants of property, or any or all of them, to pay charges for the capital intensive public services available for their properties and may obligate the user of a related facility to pay a reasonable charge for the use of the related facility. Rates and charges may take into account the character, kind, and quality of the capital intensive public service and all other factors that enter into the cost of the capital intensive public service, including but not limited to the service fee payable with respect to it, depreciation, and payment of principal and interest on money borrowed for the acquisition or betterment of related facilities. The rates and charges may be billed and collected in a manner the municipality shall determine. On or before October 15 in each year, the municipality shall certify to the county auditor all unpaid outstanding charges for services provided under the service contract and a statement of the description of the lands against which the charges arose. It is the duty of the county auditor, upon order of the governing body of the municipality, to extend the rates and charges with interest as provided for by ordinance upon the tax rolls of the county for the taxes of the year in which the rate or charge is filed. For each year ending October 15 the rates and charges with interest shall be carried into the tax becoming due and payable in January of the following year, and shall be enforced and collected in the manner provided for the enforcement and collection of real property taxes in accordance with the provisions of the laws of the state. The rates and charges, if not paid, shall become delinquent and be subject to the same penalties and the same rate of interest as the taxes under the general laws of the state. All rates and charges shall be uniform in their application to use and service of the same character or quantity. A public hearing on the proposed ordinance shall be held prior to the meeting at which it is to be considered by the governing body of the municipality and after notice of the hearing has been published in the official newspaper of the municipality not less than ten days prior to the hearing. The notice shall state the subject matter and the general purpose of the proposed ordinance.*

**Subd. 5. [SALE OR LEASE OF EXISTING FACILITIES.]**  
*For purposes of carrying out the service contract, the municipality may, without compliance with any competitive bidding requirement, sell or lease to the private vendor or any other municipality on terms and conditions as the municipality considers appropriate any existing related facilities, including land,*

*owned by the municipality. If the facilities are sold to a private vendor, the municipality may provide that title to the facilities reverts to the municipality if the private vendor defaults under any specified provisions in the service contract. The municipality may reacquire any existing facilities it leases or sells to the private vendor and terminate the service contract in accordance with its terms notwithstanding that the service contract may constitute an equitable mortgage. No lease of existing facilities by the municipality to the private vendor is subject to the provisions of section 504.02, unless expressly so provided in the service contract.*

**Subd. 6. [INTEREST IN THE RELATED FACILITIES.]** *The municipality may retain or acquire, on terms and conditions it considers appropriate, a present or future interest in all or part of the related facilities and grant a mortgage or security interest in its interest in the related facilities.*

**Subd. 7. [INTEREST IN THE PRIVATE VENDOR.]** *The municipality may, on terms and conditions it considers appropriate, acquire an interest in the private vendor, whether as a joint venturer, stockholder, partner, or otherwise and grant a security interest in its interest in the private vendor. However, no municipality or group of municipalities may have a controlling interest in the private vendor.*

**Subd. 8. [USE OF BOND PROCEEDS.]** *The municipality may issue bonds and other obligations and apply their proceeds toward the payment of the costs of the related facilities in the same manner and subject to the same conditions and limitations that would apply if the related facilities were acquired, constructed, owned, and operated exclusively by the municipality and for these purposes, related facilities shall be considered to be a project within the meaning of section 474.02, subdivision 1a.*

**Subd. 9. [REQUIRED PUBLIC USE.]** *The municipality may agree, subject to any applicable state statutory requirements as to designated use of the related facilities, that the sole and exclusive right to provide the capital intensive public services within its jurisdiction be assumed by the private vendor under the service contract and may require that any and all members of the public within its jurisdiction use the services provided under the service contract in the same manner and subject to the same limitations and conditions that would apply if the related facilities were acquired, constructed, owned, and operated exclusively by the municipality.*

**Subd. 10. [CONDEMNATION POWERS.]** *The municipality may exercise the right of eminent domain in the manner provided by chapter 117, for the purpose of acquiring for itself or the private vendor any and all related facilities. If the related facilities are acquired for the private vendor, the service contract shall be for a term of at least five years.*

*Subd. 11. [CONTRACTOR'S BOND AND MECHANICS' LIENS.] The municipality may waive or require the furnishing of a contractor's payment and performance bond of the kind described in section 574.26 in connection with the installation and construction of any related facilities. If the bond is required, the provisions of chapter 514 relating to liens for labor and materials are not applicable with respect to work done or labor or materials supplied for the related facilities. If the bond is waived, the provisions of chapter 514 apply with respect to work done or labor or materials supplied for the related facilities.*

**Sec. 5. [471A.04] [LEVY LIMITS.]**

*For purposes of applying sections 275.50 to 275.56, any property taxes levied for the payment of the service fee shall be treated as a special levy under the provisions of section 275.50, to the same extent and subject to the same limitations that would apply if the capital cost component of the service fee represented principal and interest payments on bonded indebtedness of the municipality within the meaning of section 275.50, subdivision 5, clause (e), and if the balance of the service fee represented operation and maintenance expenses for related facilities owned and operated exclusively by the municipality. The provisions of section 275.11 and any levy limits imposed by home rule charter do not apply to taxes levied to pay the service fee.*

**Sec. 6. [471A.05] [EXEMPTION FROM PROPERTY TAXES.]**

*If the service contract provides that property taxes imposed with respect to the related facilities are to be included in the service fee as pass-through costs, the municipality may apply to the commissioner of revenue for an exemption from property taxation of the related facilities. The property is exempt from ad valorem taxation, if the commissioner of revenue determines that the related facilities serve the general public and that similar municipally-owned facilities are exempt from ad valorem property taxation. The commissioner of revenue must notify the assessor that the property is exempt from taxation. The exemption is only effective during the term of the service contract from and after the date of filing the certificate in the case of property taxes. The exemption is not effective with respect to any property taxes levied or imposed but not collected prior to the date of approval of the exemption by the commissioner of revenue.*

**Sec. 7. [471A.06] [JOINT POWERS AGREEMENT.]**

*Two or more municipalities may enter into joint powers agreements they consider appropriate under the provisions of section 471.59 for purposes of exercising the powers granted in sections 2 to 13.*

**Sec. 9. [471A.08] [HEARING.]**

*Subdivision 1. [PUBLIC HEARING REQUIRED.] Except as provided in subdivision 2, a municipality shall, before entering into a service contract under sections 2 to 13, conduct a public hearing on the proposal to provide specified capital intensive public services under sections 2 to 13. The hearing may be conducted either before or after the date on which any request for proposals is made under section 4, subdivision 3, clause (2). A notice of the hearing shall be published in the local official newspaper of the municipality no less than 15 and no more than 45 days prior to the date set for hearing and shall describe the general nature of the proposal. Any written information developed for the proposal prior to the hearing shall be available to the public for inspection prior to the hearing. The hearing on the proposal shall be sufficient even though the site of the related facilities, the name of the private vendor, and the specific structure of the contractual arrangements with the private vendor are not known at the time of the hearing.*

*Subd. 2. [EXISTING CONTRACTS.] A municipality that entered into a service contract prior to the effective date of sections 2 to 13 may exercise any of the powers authorized by those sections without complying with subdivision 1.*

**Sec. 10. [471A.09] [INVESTMENT OF FUNDS.]**

*Any sums paid to the private vendor under the service contract are not considered public funds and may be invested in any securities in which the private vendor is authorized by law to invest.*

**Sec. 11. [471A.10] [PUBLIC EMPLOYEE LAWS.]**

*Unless expressly provided therein, no state law, charter provision, or ordinance of a municipality relating to public employees shall apply to a person solely by reason of that person's employment by a private vendor in connection with services rendered under a service contract.*

**Sec. 12. [471A.11] [REGULATION OF RATES AND CHARGES AND PUBLIC UTILITY LAWS.]**

*A municipality may regulate by ordinance, contract, or otherwise the rates and charges imposed by the private vendor with respect to any capital intensive public services provided to the public under the service contract. Whether or not the imposition of such rates and charges is so regulated, no capital intensive public services provided under the service contract are subject to regulation under the provisions of chapter 216B, unless the municipality elects to subject the services to regulation under that chapter. An election for regulation may be affected by resolution of the governing body of the municipality requesting regulation and filing the resolution with the state public utilities commission.*

**Sec. 13. [471A.12] [POWERS; ADDITIONAL AND SUPPLEMENTAL.]**

*The powers conferred by sections 2 to 13 shall be liberally construed in order to accomplish their purposes and shall be in addition and supplemental to the powers conferred by any other law or charter. If any other law or charter is inconsistent with sections 2 to 13, those sections are controlling as to service contracts entered into under those sections. However, nothing in sections 2 to 13 limits or qualifies (1) any other law that a municipality must comply with to obtain any permit in connection with related facilities or (2) any performance standard or effluent limitations applicable to related facilities.*

**273.72 [STATEMENT OF PURPOSE.]**

The statutes governing the use of tax increment financing in Minnesota have evolved over a long period of time and exist in several different special and general laws. These laws are sometimes inconsistent and provide varying procedures which render them difficult to administer. It is the intent of the legislature, by enacting the Minnesota tax increment financing act, to ratify and confirm the findings, declarations and determinations made by the legislature in connection with chapters 362A, 458, *sections 14 to 34*, 462, 472A and 474 and to establish a uniform set of standards and procedures to be followed when using this method of financing.

Subd. 2. [AUTHORITY.] "Authority" means a rural development financing authority created pursuant to chapter 362A, a housing and redevelopment authority created pursuant to chapter 462; a port authority created pursuant to chapter 458; *an economic development authority created pursuant to sections 14 to 34*; a redevelopment agency as defined by chapter 474; a municipality which is administering a development district created pursuant to chapter 472A or any special law, a municipality which undertakes a project pursuant to chapter 474; or a municipality which exercises the powers of a port authority pursuant to any general or special law.

Sec. 7. Minnesota Statutes 1985 Supplement, section 273.75, subdivision 4, is amended to read:

Subd. 4. [LIMITATION ON USE OF TAX INCREMENT.] All revenues derived from tax increment shall be used in accordance with the tax increment financing plan. *Subd. 3. [TRANSFER OF PERSONNEL.] Notwithstanding any other law or charter provision to the contrary, the city council may, by resolution, place any employees of the housing and redevelopment authority under the direction, supervision, or control of the economic development authority. The placement of any employees under the direction, supervision, or control of the economic development authority does not affect the rights of any employees of the housing and redevelopment authority, including any rights existing under a collective bar-*

*gaining agreement or fringe benefit plan. The employees shall become employees of the economic development authority.*

**Sec. 19. [458C.07] [ECONOMIC DEVELOPMENT AUTHORITY.]**

*An economic development authority is a public body corporate and politic and a political subdivision of the state with the right to sue and be sued in its own name. An authority carries out an essential governmental function when it exercises its power, but the authority is not immune from liability because of this.*

All money paid for compensation or reimbursement must be paid out of the authority's budget.*

**Subd. 5. [REMOVAL FOR CAUSE.]** *A commissioner may be removed by the city council for inefficiency, neglect of duty, or misconduct in office. A commissioner shall be removed only after a hearing. A copy of the charges must be given to the commissioner at least ten days before the hearing. The commissioner must be given an opportunity to be heard in person or by counsel at the hearing. When written charges have been submitted against a commissioner, the city council may temporarily suspend the commissioner. If the city council finds that those charges have not been substantiated, the commissioner shall be immediately reinstated. If a commissioner is removed, a record of the proceedings, together with the charges and findings, shall be filed in the office of the city clerk.*

**Sec. 21. [458C.09] [OFFICERS; DUTIES; ORGANIZATIONAL MATTERS.]**

*Subd. 7. [PUBLIC MONEY.] Authority money is public money.*

*Subd. 8. [CHECKS.] An authority check must be signed by the treasurer and one other officer named by the authority in a resolution. The check must state the name of the payee and the nature of the claim that the check is issued for.*

*Subd. 7. [DELEGATION POWER.] The authority may delegate to one or more of its agents or employees powers or duties as it may deem proper.*

**Sec. 23. [458C.11] [CONFLICT OF INTEREST.]**

*Except as authorized in section 471.88 a commissioner, officer, or employee of an authority must not acquire any financial interest, direct or indirect, in any project or in any property included or planned to be included in any project, nor shall the person have any financial interest, direct or indirect, in any contract or proposed contract for materials or service to be furnished or used in connection with any project.*

**Sec. 24. [458C.12] [DEPOSITORIES; DEFAULT; COLLATERAL.]**

*Subdivision 1. [NAMED; BOND.] Every two years an authority shall name national or state banks within the state as depositories. Before acting as a depository, a named bank shall give the authority a bond approved as to form and surety by the authority. However, an authority may accept assignments of collateral from its depository to secure deposits just as assignments of collateral are permitted by law to secure deposits of the authority's city.*

**Sec. 25. [458C.13] [OBLIGATIONS.]**

*Subdivision 1. [TAXES AND ASSESSMENTS PROHIBITED.] An authority must not levy a tax or special assessment, except as otherwise provided in sections 14 to 34, pledge the credit of the state or the state's municipal corporations or other subdivisions, or incur an obligation enforceable on property not owned by the authority.*

*Subd. 2. [BUDGET TO CITY.] Annually, at a time fixed by charter, resolution, or ordinance of the city, an authority shall send its budget to its city's council. The budget must include a detailed written estimate of the amount of money that the authority expects to need from the city to do authority business during the next fiscal year. The needed amount is what is needed in excess of any expected receipts from other sources.*

*Subd. 3. [FISCAL YEAR.] The fiscal year of the authority must be the same as the fiscal year of its city.*

*Subd. 4. [REPORT TO CITY.] Annually, at a time and in a form fixed by the city council, the authority shall make a written report to the council giving a detailed account of its activities and of its receipts and expenditures during the preceding calendar year, together with additional matters and recommendations it deems advisable for the economic development of the city.*

The financial statements must permit comparison and reconciliation with the city's accounts and financial reports. The report must be filed with the state auditor by June 30 of each year. The auditor shall review the report and may accept it or, in the public interest, audit the books of the authority.*

Sec. 26. [458C.14] [ECONOMIC DEVELOPMENT DISTRICTS; SCHEDULE OF POWERS.]

*Subdivision 1. [ESTABLISHMENT.] An economic development authority may create and define the boundaries of economic development districts at any place or places within the city and may use the powers granted in sections 14 to 34 to carry out its purposes. First the authority must hold a public hearing on the matter. At least ten days before the hearing, the authority shall publish notice of the hearing in a daily newspaper of general circulation in the city. Also, the authority shall find that an economic development district is proper and desirable to establish and develop within the city.*

*Subd. 2. [ACQUIRE PROPERTY.] The economic development authority may acquire by lease, purchase, gift, devise, or condemnation proceedings the needed right, title, and interest in property to create economic development districts. It shall pay for the property out of money it receives under sections 14 to 34. It may hold and dispose of the property subject to the limits and conditions in sections 14 to 34. The title to property acquired by condemnation or purchase must be in fee simple, absolute. The authority may accept an interest in property acquired in another way subject to any condition of the grantor or donor. The condition must be consistent with the proper use of the property under sections 14 to 34. Property acquired, owned, leased, controlled, used, or occupied by the authority for any of the purposes of this section is for public governmental and municipal purposes and is exempt from taxation by the state or by its political subdivisions. The exemption applies only while the authority holds property for its own purpose. The exemption is subject to the provisions of section 272.02, subdivision 5. When property is sold it begins to be taxed again.*

*Subd. 2a. [OPTIONS.] The economic development authority may sign options to purchase, sell, or lease property.*

*Subd. 3. [EMINENT DOMAIN.] The economic development authority may use eminent domain under chapter 117, or under its city's charter to acquire property it is authorized to acquire by condemnation. The authority may acquire in this way property acquired by its owner by eminent domain or property already devoted to a public use only if its city's council approves. The authority may possess property to be condemned after it files a petition in condemnation proceedings describing the property. The authority may abandon the condemnation before taking possession.*

*Subd. 4. [CONTRACTS.] The economic development authority may make contracts for the purpose of economic development within the powers given it in sections 14 to 34. The authority may contract or arrange with the federal government, or any of its departments, with persons, public corporations, the state,*

*or any of its political subdivisions, commissions, or agencies, for separate or joint action, on any matter related to using the authority's powers or doing its duties. The authority may contract to purchase and sell real and personal property. However, an obligation or expense must not be incurred except when existing appropriations together with the reasonable expected revenue of the authority from other sources are sufficient to discharge the obligation or pay the expense when due. The state and its municipal subdivisions are not liable on the obligations.*

*Subd. 4a. [LIMITED PARTNER.] The economic development authority may be a limited partner in a partnership whose purpose is consistent with the authority's purpose.*

*Subd. 5. [RIGHTS; EASEMENTS.] The economic development authority may acquire rights or an easement for a term of years or perpetually for development of an economic development district.*

*Subd. 6. [SUPPLIES; MATERIALS.] The economic development authority may buy the supplies and materials it needs to carry out this section.*

*Subd. 7. [RECEIVE PUBLIC PROPERTY.] The economic development authority may accept land, money, or other assistance, whether by gift, loan or otherwise, in any form from the federal or state government, or an agency of either, or a local subdivision of state government to carry out sections 14 to 34 and to acquire and develop an economic development district and its facilities under this section.*

*Subd. 8. [DEVELOPMENT DISTRICT AUTHORITY.] The economic development authority may sell or lease land held by it for economic development in economic development districts. The authority may, if proper in the public interest, build suitable buildings or structures on land owned by it. The authority may furnish capital equipment permanently or used exclusively on the lands or in the buildings if necessary to the purposes of the buildings or structures. The authority must intend that the buildings, structures, and equipment be leased or sold to private persons to further develop the economic development district.*

*The authority may acquire, develop, sell, or lease single or multiple tracts of land regardless of size, to be developed as a part of the economic development of the district under sections 14 to 34.*

*Subd. 9. [FOREIGN TRADE ZONE.] The economic development authority may apply to the board defined in United States Code, title 19, section 81a, for the right to use the powers provided in United States Code, title 19, sections 81a to 81u. If the right is granted, the authority may use the powers. One authority may apply with another authority.*

*Subd. 10. [RELATION TO CHAPTER 474.] The economic development authority may exercise powers and duties of a re-development agency under chapter 474, for a purpose in sections 14 to 34 or 462.411 to 462.705. The authority may also use the powers and duties in sections 14 to 34 and 462.411 to 462.705 for a purpose in chapter 474.*

*Subd. 11. [PUBLIC FACILITIES.] The authority may operate and maintain a public parking facility or other public facility to promote development in an economic development district.*

**Sec. 27. [458C.15] [GENERAL OBLIGATION BONDS.]**

*Subdivision 1. [AUTHORITY; PROCEDURE.] An economic development authority may issue general obligation bonds in the principal amount authorized by two-thirds majority vote of its city's council. The bonds may be issued in anticipation of income from any source. The bonds may be issued: (1) to secure funds needed by the authority to pay for acquired property or (2) for other purposes in sections 14 to 34. The bonds must be in the amount and form and bear interest at the rate set by the city council. The authority shall sell the bonds to the highest bidder. The authority shall publish notice of the time and the place for receiving bids, once at least two weeks before the bid deadline. Sections 14 to 34 govern issuance of the bonds. When those sections are silent, chapter 475 governs. The authority when issuing the bonds is a municipal corporation under chapter 475. No election shall be required to authorize the issuance of the bonds except as provided in subdivision 2.*

*Subd. 2. [REFERENDUM ON PETITION.] Before the issuance of the bonds, the city council shall publish in the official newspaper of the city an initial resolution authorizing the issuance of the bonds, and if within 21 days after the publication there is filed with the city clerk a petition requesting an election on the proposition of issuing the bonds signed by a number of qualified voters greater than ten percent of the number who voted in the city at the last general election, the bonds must not be issued until the proposition has been approved by a majority of the votes cast on it at a regular or special election.*

*Subd. 3. [OUTSIDE DEBT LIMIT.] Bonds issued by the authority must not be included in the net debt of its city. Money received under this section must not be included in a per person limit on taxing or spending in the city's charter. The authority is also exempt from the limit.*

*Subd. 4. [DETAIL; MATURITY.] The authority with the consent of its city's council shall set the date, denominations, place of payment, form, and details of the bonds. The bonds must mature serially. The first installment is due in not more than three years and the last in not more than 30 years from the date of issuance.*

*Subd. 5. [SIGNATURES; COUPONS; LIABILITY.] The bonds must be signed by the president of the authority, be attested by its secretary, and be countersigned by its treasurer; the signatures may be facsimile signatures. The interest coupons if any, must be attached to the bonds. The coupons must be executed and authenticated by the printed, engrossed, or lithographed facsimile signature of the authority's president and secretary. The bonds do not impose any personal liability on a member of the authority.*

*Subd. 6. [PLEDGE.] The bonds must be secured by the pledge of the full faith, credit, and resources of the issuing authority's city. The authority may pledge the full faith, credit, and resources of the city only if the city specifically authorizes the authority to do so. The city council must first decide whether the issuance of the bonds by the authority is proper in each case and if so, what amount of bonds to issue. The city council shall give specific consent in an ordinance to the pledge of the city's full faith, credit, and resources. The authority shall pay the principal amount of the bonds and the interest on it from taxes levied under this section to make the payment or from authority income from any source.*

*Subd. 7. [TAX LEVY.] An authority that issues bonds under this section, shall, before issuing them, levy a tax for each year on the taxable property in the authority's city. The tax must be for at least five percent more than the amount required to pay the principal and interest on the bonds as the principal and interest mature. The tax must be levied annually until the principal and interest are paid in full. After the bonds have been delivered to the purchasers, the tax must not be repealed until the debt is paid. After the bonds are issued, the authority need not take any more action to authorize extending, assessing, and collecting the tax. The authority's secretary shall immediately send a certified copy of the levy to the county auditor. The secretary shall send with the copy full information on the bonds for which the tax is levied. The county auditor shall extend and assess the levied tax annually until the principal and interest are paid in full. The authority shall transfer the surplus from the excess levy in this section to a sinking fund after the principal and interest for which the tax was levied and collected is paid. The authority may direct its secretary to send a certificate to the county auditor before October 15 in a year. The certificate must state how much available income including the amount in the sinking fund the authority will use to pay principal or interest or both on each specified issue of the authority's bonds. The auditor shall then reduce the bond levy for that year by that amount. The authority shall then set aside the certified amount and may not use it for any purpose except to pay the principal and interest on the bonds. The taxes in this section shall be collected and sent to the authority by the county treasurer under the law on collection of other taxes. The taxes must be used only to pay the bonds when due.*

*Subd. 8. [AUTHORIZED SECURITIES.] Bonds legally issued under this chapter are authorized securities under section 50.14. A savings bank, trust company, or insurance company may invest in them. A public or municipal corporation may invest its sinking funds in them. The bonds may be pledged by a bank or trust company as security for the deposit of public money in place of a surety bond.*

*The authority's bonds are instrumentalities of a public governmental agency.*

**Sec. 28. [458C.16] [REVENUE BONDS; PLEDGE; COVENANTS.]**

*Subdivision 1. [AUTHORITY.] An economic development authority may decide by resolution to issue its revenue bonds either at one time or in series from time to time. The revenue bonds may be issued to provide money to pay to acquire land needed to operate the authority, to purchase or construct facilities, to purchase, construct, install, or furnish capital equipment to operate a facility for economic development of any kind within the city, or to pay to extend, enlarge, or improve a project under its control. The issued bonds may include the amount the authority considers necessary to establish an initial reserve to pay principal and interest on the bonds. The authority shall state in a resolution how the bonds and their attached interest coupons are to be executed.*

*Subd. 2. [FORM.] The bonds of each series issued by the authority under this section shall bear interest at a rate or rates, shall mature at the time or times within 30 years from the date of issuance and shall be in the form, whether payable to bearer, registrable as to principal, or fully registrable, as may be determined by the authority. Section 27, subdivision 8, applies to all bonds issued under this section, and the bonds and their coupons, if any, when payable to bearer, shall be negotiable instruments.*

*Subd. 3. [SALE.] The sale of revenue bonds issued by the authority shall be at public or private sale. The bonds may be sold in the manner and for the price that the authority determines to be for the best interest of the authority. The bonds may be made callable, and if so issued, may be refunded.*

*Subd. 4. [AGREEMENTS.] The authority may by resolution make an agreement or covenant with the bondholders or their trustee. The authority must first decide that the agreement or covenant is needed or desirable to do what the authority may do under this section and to assure that the revenue bonds are marketable and promptly paid.*

*Subd. 5. [REVENUE PLEDGE.] In issuing general obligation or revenue bonds, the authority may secure the payment of*

*the principal and the interest on the bonds by a pledge of and lien on authority revenue. The revenue must come from the facility to be acquired, constructed, or improved with the bond proceeds or from other facilities named in the bond-authorizing resolutions. The authority also may secure the payment with its promise to impose, maintain, and collect enough rentals, rates and charges, for the use and occupancy of the facilities and for services furnished in connection with the use and occupancy, to pay its current expenses to operate and maintain the named facilities, and to produce and put enough net revenue in a special fund to meet the interest and principal requirements of the bonds, and to collect and keep any more money required by the resolutions. The authority shall decide what is current expense under this subdivision based on what is normal and reasonable under accepted accounting principles. Revenues pledged by the authority must not be used or pledged for any other authority purpose or to pay any other bonds issued under this section or under section 27, unless the other use or pledge is specifically authorized in the bond-authorizing resolutions.*

*Subd. 6. [NOT CITY DEBT.] Revenue bonds issued under this section are not a debt of the authority's city nor a pledge of that city's full faith and credit. The bonds are payable only from project revenue as described in this section. A revenue bond must contain on its face a statement to the effect that the economic development authority and its named city do not have to pay the bond or the interest on it except from revenue and that the faith, credit, and taxing power of the city are not pledged to pay the principal of or the interest on the bond.*

*Subd. 7. [NOT APPLICABLE.] Sections 474.01, subdivisions 7a, 7b, and 8 and 474.02, subdivision 1d, do not apply to revenue bonds issued under this section and chapter 474 if the interest on the revenue bonds is subject to both state and federal income tax or if the revenue bond proceeds are not loaned by the authority to a private person.*

*Subd. 8. [TAX INCREMENT BONDS.] Obligations secured or payable from tax increment revenues and issued pursuant to this section or section 27 are subject to the provisions of section 273.77.*

**Sec. 29. [458C.17] [SECTIONS THAT APPLY IF FEDERAL LIMIT APPLIES.]**

*Sections 474.16 to 474.23 apply to obligations issued under sections 14 to 34 that are limited by a federal limitation act defined in section 474.16, subdivision 5.*

**Sec. 30. [458C.18] [ADDITIONAL POWERS.]**

*Subdivision 1. [AS AGENT.] An economic development authority may cooperate with or act as agent for the federal or*

*the state government, or a state public body, or an agency or instrumentality of a government or a public body to carry out sections 14 to 34 or any other related federal, state or local law in the area of economic development district improvement.*

*Subd. 2. [STUDIES, ANALYSIS, RESEARCH.] An authority may study and analyze economic development needs in the city, and ways to meet the needs. An authority may study the desirable patterns for land use for economic development and community growth and other factors affecting local economic development in the city and make the result of the studies available to the public and to industry in general. An authority may engage in research and give out information on economic development within the city.*

*Subd. 3. [PUBLIC RELATIONS.] To further an authorized purpose an authority may (1) join an official, industrial, commercial, or trade association, or another organization concerned with the purpose, (2) have a reception of officials who may contribute to advancing the city and its economic development, and (3) carry out other public relations activities to promote the city and its economic development. Activities under this subdivision have a public purpose.*

*Subd. 4. [ACCEPT PUBLIC LAND.] An authority may accept conveyances of land from all other public agencies, commissions or other units of government, if the land can be properly used by the authority in an economic development district, to carry out the purposes of sections 14 to 34.*

*Subd. 5. [ECONOMIC DEVELOPMENT.] An authority may carry out the law on economic development districts to develop and improve the lands in an economic development district to make it suitable and available for economic development uses and purposes. An authority may fill, grade, and protect the property and do anything necessary and expedient, after acquiring the property, to make it suitable and attractive as a tract for economic development. An authority may lease some or all of its lands or property and may set up local improvement districts in all or part of an economic development district.*

*In general, with respect to an economic development district, an authority may use all the powers given an economic development authority by law.*

*Subd. 6. [AS BORROWER.] An authority after authorizing bonds under section 27 or 28 may borrow to provide money immediately required for the bond purpose. The loans must not exceed the amount of the bonds. The authority shall by resolution decide the terms of the loans. The loans must be evidenced by negotiable notes due in not more than 12 months from the date of the loan payable to the order of the lender or*

to bearer, to be repaid with interest from the proceeds of the bonds when the bonds are issued and delivered to the bond purchasers. The loan must not be obtained from any commissioner of the authority or from any corporation, association, or other institution of which an authority commissioner is a stockholder or officer.

*Subd. 7. [AS LENDER.] The proceeds of obligations issued by an authority under section 28 and temporary loans obtained under this section may be used to make or purchase loans for economic development facilities that the authority believes will require financing. To make or purchase the loans, the authority may enter into loan and related agreements, both before and after issuing the obligations, with persons, firms, public or private corporations, federal or state agencies, and governmental units under terms and conditions the authority considers appropriate. A governmental unit in the state may apply, contract for, and receive the loans. Chapter 475 does not apply to the loans.*

*Subd. 8. [MINED SPACE DEVELOPMENT.] Upon delegation by a municipality as provided in section 472B.08, an authority may exercise any of the delegated powers in connection with mined underground space development under sections 472B.03 to 472B.07.*

*Subd. 9. [CITY FACILITIES, SERVICES.] An authority city may furnish offices, structures, and space, stenographic, clerical, engineering, or other assistance to its authority.*

### Sec. 31. [458C.19] [SALE OF PROPERTY.]

*Subdivision 1. [POWER.] An economic development authority may sell and convey property owned by it within the city or an economic development district. First, the authority must decide that the sale and conveyance are in the best interests of the city or district and its people, and that the transaction furthers its general plan of economic development. This section is not limited by other law on powers of economic development authorities.*

*Subd. 2. [NOTICE; HEARING.] An authority shall hold a hearing on the sale. At the hearing a taxpayer may testify for or against the sale. At least ten, but not more than 20, days before the hearing the authority shall publish notice of the hearing on the proposed sale in a newspaper. The newspaper must be published and have general circulation in the authority's county and city. The notice must describe the property to be sold and state the time and place of the hearing. The notice must also state that the public may see the terms and conditions of the sale at the authority's office and that at the hearing the authority will meet to decide if the sale is advisable.*

*Subd. 3. [DECISION; APPEAL.] The authority shall make its findings and decision on whether the sale is advisable and enter its decision on its records within 30 days of the hearing. A taxpayer may appeal the decision. The appeal is made by filing a notice of appeal with the district court in the city or economic development district's county and serving the notice on the secretary of the authority, within 20 days after the decision is entered. The only ground for appeal is that the action of the authority was arbitrary, capricious, or contrary to law.*

*Subd. 4. [TERMS.] The terms and conditions of sale of the property must include the use that the bidder will be allowed to make of it. The authority may require the purchaser to file security to assure that the property will be given that use. In deciding the sale terms and conditions the authority may consider the nature of the proposed use and the relation of the use to the improvement of the authority's city and the business and the facilities of the authority in general. The sale must be made on the authority's terms and conditions. The authority may publish an advertisement for bids on the property at the same time and in the same manner as the notice of hearing required in this section. The authority may award the sale to the bid considered by it to be most favorable considering the price and the specified intended use. The authority may also sell the property at private sale at a negotiated price if after its hearing the authority considers that sale to be in the public interest and to further the aims and purposes of sections 14 to 34.*

*Subd. 5 [ONE-YEAR DEADLINE.] The purchaser shall, within one year from the date of purchase, devote the property to its intended use, or shall begin work on the improvements to the property to devote it to that use. If the purchaser fails to do so, the authority may cancel the sale and title to the property shall return to it. The authority may extend the time to comply with a condition if the purchaser has good cause. The terms of sale may contain other provisions that the authority considers necessary and proper to protect the public interest. A purchaser must not transfer title to the property within one year of purchase without the consent of the authority.*

*Subd. 6. [COVENANT RUNNING WITH THE LAND.] A sale made under this section must incorporate in the deed as a covenant running with the land the conditions of sections 14 to 34 relating to the use of the land. If the covenant is violated the authority may declare a breach of the covenant and seek a judicial decree from the district court declaring a forfeiture and a cancellation of the deed.*

*Subd. 7. [PLANS; SPECIFICATIONS.] A conveyance must not be made until the purchaser gives the authority plans and specifications to develop the property sold. The authority must approve the plans and specifications in writing. The preparation*

*of final plans and specifications before the hearing on the sale is not required by this subdivision but the authority may make that requirement.*

**Sec. 32. [458C.20] [ADVANCES BY AUTHORITY.]**

*An authority may advance its general fund money or its credit, or both, without interest, for the objects and purposes of sections 14 to 34. The advances must be repaid from the sale or lease, or both, of developed or redeveloped lands. If the money advanced for the development or redevelopment was obtained from the sale of the authority's general obligation bonds, then the advances must have not less than the average annual interest rate that is on the authority's general obligation bonds that are outstanding at the time the advances are made. The authority may advance repaid money for more objects and purposes of sections 14 to 34 subject to repayment in the same manner. The authority must still use rentals of lands acquired with advanced money to collect and maintain reserves to secure the payment of principal and interest on revenue bonds issued to finance economic development facilities, if the rentals have been pledged for that purpose under section 28. Advances made to acquire lands and to construct facilities for recreation purposes if authorized by law need not be reimbursed under this section. Sections 14 to 34 do not exempt lands leased from the authority to a private person, or entity from assessments or taxes against the leased property while the lessee is liable for the assessments or taxes under the lease.*

**Sec. 33. [458C.22] [CITY MAY LEVY TAXES FOR ECONOMIC DEVELOPMENT AUTHORITY.]**

*Subdivision 1. [CITY TAX LEVY.] A city shall, at the request of the authority, levy a tax in any year for the benefit of the authority. The tax must be for not more than .75 mill times the assessed valuation of taxable property in the city. The tax may be levied beyond levy limits in law. The amount levied must be paid by the city treasurer to the treasurer of the authority, to be spent by the authority.*

*Subd. 2. [ADDITIONAL CITY TAX LEVY.] A city may levy an additional tax to be spent by and for its economic development authority. If levied, the tax must enable the authority to carry out efficiently and in the public interest sections 14 to 34 to create and develop economic development districts. The authority must request the tax levy. In any year the levy must not be for more than 7/60 of one mill on each dollar of assessed valuation of taxable property in the city. The county treasurer shall pay the money levied to the authority treasurer. The money may be spent by the authority to do its duties to create and develop economic development districts. In spending the money the authority must judge what best serves the public interest. The levy in this section is in addition to the levy in subdivision 1. The city may disregard any levy limit in law to make the levy in this section.*

*Subd. 3. [REVERSE REFERENDUM.] A city may increase its levy for economic development authority purposes under subdivision 1 in the following way. Its city council must first pass a resolution stating the proposed amount of levy increase. The city must then publish the resolution together with a notice of public hearing on the resolution for two successive weeks in its official newspaper or if none exists in a newspaper of general circulation in the city. The hearing must be held two to four weeks after the first publication. After the hearing, the city council may decide to take no action or may adopt a resolution authorizing the proposed increase or a lesser increase. A resolution authorizing an increase must be published in the city's official newspaper or if none exists in a newspaper of general circulation in the city. The resolution is not effective if a petition requesting a referendum on the resolution is filed with the city clerk within 30 days of publication of the resolution. The petition must be signed by voters equaling five percent of the votes cast in the city in the last general election. Then the resolution is only effective if approved by a majority of those voting on the question. The commissioner of revenue shall prepare a suggested form of referendum question. The referendum must be held at a special or general election before October 1 of the year for which the levy increase is proposed.*

**Sec. 34. [458C.23] [SPECIAL LAW; OPTIONAL USE.]**

*A city that has established a port authority by special law or that has been granted the power to establish a port authority by special law, or a city whose city council has been authorized to exercise the powers of a port authority by special law may elect to use the powers granted in sections 14 to 34. If the election is made, the powers and duties set forth in sections 14 to 34 supersede the special law and the special law must not be used anymore. The use of powers under sections 14 to 34 by a city described in this section does not impair the security of any obligations issued or contracts or agreements executed under the special law. Control, authority, and operation of any project may be transferred to the authority in the manner provided in section 18.*

**Sec. 35. [LEGISLATIVE FINDINGS.]**

*The statement of policy and the findings of the legislature in enacting Laws 1957, chapter 812, are confirmed and apply equally to the exercise of powers by economic development authorities and statutory or home rule charter cities pursuant to sections 14 to 34.*

"Sec. 9. [471.572] [INFRASTRUCTURE REPLACEMENT RESERVE FUND.]

*Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given:*

*“Reserve fund” means the infrastructure replacement reserve fund.*

*“City” means a statutory or home rule charter city.*

*Subd. 2. [TAX LEVY.] The governing body of a city may establish, by a two-thirds vote of all its members, by ordinance or resolution a reserve fund and may annually levy a property tax for the support of the fund. The proceeds of taxes levied for its support must be paid into the reserve fund. Any other revenue from a source not required by law to be paid into another fund for purposes other than those provided for the use of the reserve fund may be paid into the fund. A tax levied by the city in accordance with this section is a special levy within the meaning of section 275.50, subdivision 5. Before a tax is levied under this section, the city must publish in the official newspaper of the city an initial resolution authorizing the tax levy. If within ten days after the publication a petition is filed with the city clerk requesting an election on the tax levy signed by a number of qualified voters greater than ten percent of the number who voted in the city at the last general election, the tax may not be levied until the levy has been approved by a majority of the votes cast on it at a regular or special election.*

*Subd. 3. [PURPOSES.] The reserve fund may be used only for the replacement of streets, bridges, curbs, gutters and storm sewers.*

*Subd. 4. [USE OF FUND FOR A SPECIFIC PURPOSE.] If the city has established a reserve fund, it may submit to the voters at a regular or special election the question of whether use of the fund should be restricted to a specific improvement or type of capital improvement. If a majority of the votes cast on the question are in favor of the limitation on the use of the reserve fund, it may be used only for the purpose approved by the voters.*

*Subd. 5. [HEARING; NOTICE.] A reserve fund may not be established until after a public hearing is held on the question. Notice of the time, place, and purpose of the hearing must be published for two successive weeks in the official newspaper of the city. The second publication must be not later than seven days before the date of the hearing.*

*Subd. 6. [TERMINATION OF FUND.] The city may terminate a reserve fund at any time in the same manner as the fund was established. Upon termination of the fund any balance is irrevocably appropriated to the debt service fund of the city to be used solely to reduce tax levies for or bonded indebtedness of the city or, if the city has no bonded indebtedness, for capital improvements authorized by this section.”*

Representative Dempsey, chair of the Select Committee, presented the report to the committee and answered questions from the committee members.

Representatives Brandl and Vellenga, members of the Select Committee, were present and responded to questions from committee members.

ADOPTION OF REPORT OF SELECT COMMITTEE

The Findings and Report of the Select Committee on the Staten Case are adopted and are incorporated in this report.

RECOMMENDATION

1. The House of Representatives finds that Representative Staten's conduct with respect to the requirements of Chapter 10A, the Ethics in Government Act, from January 31, 1985 to January 31, 1986 and his plea of guilty to felony theft reflect a pattern of willful neglect and willful and deliberate conduct in disregard of state law, and fail to meet the standard of conduct for members of the House of Representatives.

2. Representative Staten shall be expelled pursuant to the Minnesota Constitution, Article IV, Section 7.

3. Upon Representative Staten's expulsion, the existence of a vacancy in the office of Representative from Legislative District 57B, Hennepin County, shall be certified to the Honorable Rudy Perpich, Governor of Minnesota.

REPORT OF THE SELECT COMMITTEE  
ON THE STATEN CASE

APPOINTMENT OF SELECT COMMITTEE

On January 24, 1986 the Speaker of the House appointed a Select Committee to investigate:

(1) findings by the Ethical Practices Board in the matter of repeated filings of incomplete reports of receipts and expenditures by the Staten Volunteer Committee, referred to the House Rules Committee on November 8, 1985 (Hereafter, "Board Findings"); and

(2) a plea of guilty to felony theft entered in district court by Representative Randolph W. Staten on January 17, 1986.

The committee was directed to make a recommendation to the House Rules Committee no later than February 26, 1986 as to what action, if any, the House of Representatives should take on these matters.

The committee's charge was to decide whether action should be taken pursuant to the House's power to judge the eligibility of its members (Minn. Const., Art. IV, Sec. 6; Art. VII, Secs. 1, 6) or its power to punish or expel members (Art. IV, Sec. 7). The committee determined its inquiry would be limited to the public record in the two matters under investigation and any additional evidence Representative Staten might supply. The committee's meetings were conducted in public with the same advance notice and other procedures as apply to all legislative committee hearings. Representative Staten and his attorney were invited to be present and were offered the opportunity to question witnesses and to call their own witnesses.

SUMMARY OF COMMITTEE MEETINGS

The committee held its first meeting Tuesday, February 11, 1986 at 4:00 p.m. Representative Dempsey, chairman of the committee, outlined the procedures the committee would follow and introduced Representative Staten to the committee. After

making a statement, answering questions, and submitting a copy (attached) of the check in question in Board Finding No. 4, Representative Staten left the meeting.

Copies of the Board Findings and supporting records were provided to the committee and are attached to this report. Mary Ann McCoy, Executive Director of the Ethical Practices Board, explained the Findings.

Martha J. Casserly, Special Assistant Attorney General for the Ethical Practices Board, explained her work on the Staten matter and answered questions from the committee.

The committee held its second meeting Friday, February 14, 1986, at 10:30 a.m. Representative Staten was not present. Ms. McCoy, Ms. Casserly, and Martin McGowan, Chairman of the Ethical Practices Board, answered further questions about the Board Findings. The complaint and transcripts of the plea and sentencing hearings in *State v. Staten* (D.C. 89406; C.A. 85-2600) were provided to the committee and are attached to this report. William Edwards, Chief of the Hennepin County Attorney's Office Criminal Division, and Stephen L. Redding, the Assistant Hennepin County Attorney responsible for prosecuting *State v. Staten*, explained the complaint, plea, and sentencing in the case and answered questions from the committee.

The committee held its third meeting, Tuesday, February 18, 1986, at 11:00 a.m. Representative Staten and his attorney, Kenneth Tilsen, were present.

Mr. Tilsen made a statement and answered questions from the committee.

Ms. McCoy, Ms. Casserly, and Harmon Ogdahl, Vice-Chair of the Ethical Practices Board, answered questions from the committee.

Representative Brandl made a statement. He then made a motion that the staff be directed to prepare a document in two parts:

- (1) a chronology of Representative Staten's reports and other communications to the Ethical Practices Board and the Board's findings, and the facts regarding Representative Staten's felony plea; and

- (2) a recommendation to the Rules Committee for the Select Committee's consideration at its next meeting, that Representative Staten be expelled from the House of Representatives.

The committee adopted Representative Brandl's motion.

Based upon the documents submitted to the committee and the testimony of witnesses appearing at its meetings, the undersigned members of the committee find as follows.

## FINDINGS OF FACT

### I. ETHICAL PRACTICES BOARD MATTER

The Select Committee incorporates in its findings as background to the Board's 1985 Findings a chronology of the incidents relating to Representative Staten's filing of incomplete and untimely reports with the Ethical Practices Board from 1981 through January 31, 1986, identified as APPENDIX—REPORT OF THE SELECT COMMITTEE. Board Findings Nos. 4 and 8 are incorporated only to the extent specified in Part B of this section.

The Select Committee adopts seven of the nine 1985 Ethical Practices Board Findings in their entirety, and portions of the remaining two. (The committee has noted in parentheses criminal penalties were applicable for the Chapter 10A provisions cited in the Board Findings.)

#### A. Board Findings Adopted in Their Entirety

Finding No. 1. As treasurer of his principal campaign committee, Representative Staten failed to timely file two of the three reports covering the 1984 election year. In two instances, certified letters and other official communications were sent. Reports as filed and subsequent amendments were incomplete and inconsistent with subpoenaed committee and bank records. Minn. Stat. Sec. 10A.20, subds. 2, 3, and 12 (misdemeanor).

Finding No. 2. Representative Staten stated on several filed reports or amendments that the contents were incomplete as filed and would need subsequent amendments. Amendments were not filed within the ten days required by law. Minn. Stat. Sec. 10A.23 (gross misdemeanor).

Finding No. 3. Although a public financing warrant for \$3,115.36 was presented to the committee depository for payment, \$2,040 in cash was paid at the same time and only \$1,874.36 of public financing was deposited in the committee depository. Minn. Stat. Sec. 10A.15, subd. 3 (misdemeanor).

Finding No. 5. Representative Staten has failed to maintain committee records as required by law, due to the event of a fire at his home in January, 1985. However, he has failed to demonstrate good faith efforts to reconstruct his records. Minn. Stat. Sec. 10A.22, subd. 6 (misdemeanor).

Finding No. 6. The pattern observed by the Board in its 1983 investigation of a second "all zeros" filing by Representative Staten on behalf of his committee has continued into 1984 and 1985, despite Representative Staten's declaration in 1983 that any problem encountered in the past would not occur in the future. Board Findings, July 5, 1983.

Finding No. 7. Representative Staten has repeatedly failed to comply with the requirements imposed by Minn. Stat. Ch. 10A for timely, accurate disclosure of campaign contributions, campaign expenditures; record keeping and deposits of campaign contributions and public financing warrants; and timely, accurate reporting and amending of filed reports. Minn. Stat. Secs. 10A.13, subd. 1 (misdemeanor); 10A.15, subd. 3 (misdemeanor); 10A.20, subd. 12 (misdemeanor); 10A.22, subd. 6 (misdemeanor); and 10A.23 (gross misdemeanor).

Finding No. 9. The ultimate responsibility for maintenance of ethical practices in the election process lies with the body in which a legislator serves. While the Board administers the campaign finance disclosure process, it is the legislative body which must judge the standards of its membership.

#### B. Board Findings Adopted in Part

Finding No. 4. Representative Staten failed to deposit in the committee depository a \$700 check, which included a contribution of \$350 and a loan of \$350. Although the contribution was received just before the 1984 general election, no timely notice of the receipt was received by the Board, as required by law. Minn. Stat. Sec. 10A.15, subd. 5.

Representative Staten supplied evidence to the committee contradicting the first sentence of Finding No. 4, which is not adopted by the committee. The committee adopts the second sentence of Finding No. 4.

Finding No. 8. Board members, its staff, and counsel have exhausted the remedies available to them to secure compliance by Representative Staten with the requirements of Minn. Stat. Ch. 10A. The Board has collected each late filing fee owed, with the exception of \$250 for which payment was promised by Representative Staten in writing. The Board has deposited the fees in the general fund of the state. Minn. Stat. Secs. 10A.20, subd. 12; 10A.34, subd. 1a.

The committee adopts Finding No. 8, except for the reference to the unpaid \$250 filing fee. When the Findings were referred to the House Rules Committee, the fee had not been paid. As of January 31, 1986 it was paid in full.

## II. CRIMINAL CHARGES

With respect to the case of *State v. Staten* (D.C. 89406; C.A. 85-2600), the Select Committee makes the following findings of fact:

1. On November 8, 1985, a criminal complaint was filed in Hennepin County District Court by the Hennepin County Attorney's office alleging that Representative Staten had violated Minnesota Statutes, section 609.52, subdivisions 2(3) (a) and 3 by committing theft in an amount over \$2,500. This offense is a felony and carries a maximum penalty of ten years imprisonment and/or a \$20,000 fine.

2. On January 17, 1986, pursuant to a plea agreement with the Hennepin County Attorney's office, Representative Staten entered a plea of guilty to a reduced charge of theft in an amount over \$250. Representative Staten's guilty plea was accepted by the Court. This offense is a felony and carries a maximum penalty of five years imprisonment and/or a \$10,000 fine.

3. On February 10, 1986, Representative Staten appeared before District Judge Walter Mann for sentencing. Judge Mann ordered that Representative Staten be sentenced to 90 days in the Hennepin County Workhouse, that execution of the sentence be stayed, and that Representative Staten be placed on one year's probation under certain conditions.

4. Under Minnesota Statutes, section 609.13, because the sentence imposed on Representative Staten was within the limits placed by law on misdemeanor offenses, Representative Staten's conviction for a felony pursuant to his guilty plea is deemed to be a conviction for a misdemeanor.

5. Because of the nature of the sentence imposed, Representative Staten did not suffer a loss of his civil rights as a result of his conviction, and therefore remains a qualified voter of this state as required by Article VII, Section 1 of the Minnesota Constitution and eligible to serve in the Minnesota House of Representatives pursuant to Article IV, Section 6.

6. The fact that Representative Staten was sentenced within the misdemeanor limits and, therefore, deemed to have been convicted of a misdemeanor rather than felony, does not change the nature of the conduct engaged in and admitted to by Representative Staten; that is, the intentional theft of property or services in an amount over \$250 by writing checks which Representative Staten knew would not be paid by the bank on which they were drawn.

## RECOMMENDATIONS

We, the undersigned, upon the foregoing findings of fact, recommend that:

1. The House of Representatives find that Representative Staten's conduct with respect to the requirements of Chapter 10A, the Ethics in Government Act, from January 31, 1985 to January 31, 1986 and his plea of guilty to felony theft reflect a pattern of willful neglect and willful and deliberate conduct in disregard of state law, and fail to meet the standard of conduct for members of the House of Representatives.

2. The House of Representatives expel Representative Staten pursuant to the Minnesota Constitution, Art. IV, Sec. 7.

3. Upon Representative Staten's expulsion, the existence of a vacancy in the office of Representative from Legislative District 57B, Hennepin County, be certified to the Honorable Rudy Perpich, Governor of Minnesota.

## APPENDIX—DRAFT REPORT OF THE SELECT COMMITTEE

## ETHICAL PRACTICES BOARD CHRONOLOGY

The Select Committee finds that the following sequence occurred in Representative Staten's filing of incomplete and untimely reports with the Ethical Practices Board from 1981 through January 31, 1986.

1981

February 2, 1981: A 1980 year end report of receipts and expenditures was due but not filed.

February 6, 24, and March 11, 1981: Rep. Staten's treasurer was sent notices that the report was late and a late fee would be imposed.

March 3, 1981: Rep. Staten filed the report which was due February 2, 1981. It contained "all zeros" for expenditures from October 21 to December 31, 1980.

March 12, 1981: Rep. Staten requested a waiver of the \$45 late fee because the delay was due to his campaign manager's being out of town and another staff person's losing necessary materials.

April 17, 1981: By letter, staff informed Rep. Staten that on April 10 the Board reviewed and denied the waiver. Staff requested payment by May 14, 1981.

May 14, 1981: A staff memo was sent to Rep. Staten requesting a response to the Board regarding his failure to submit the late filing fee.

May 15, 1981: The Board received a check for the late fee from Rep. Staten.

### 1982

February 1, 1982: The 1981 year end report was due but not filed.

February 18, 1982: The 1981 year end report was filed and a \$10 late fee was paid.

September 7, 1982: The pre-primary report was due but not received.

September 16, 1982: The pre-primary report was received, subject to a \$50 per business day late fee (\$150 total).

September 17, October 1, and October 8, 1982: Notices of the late filing fee were sent.

October 12, 1982: The late filing fee of \$150 was paid.

October 25, 1982: The pre-election report was due but not filed.

November 4, 1982: The pre-election report was received subject to a \$50 per business day late fee (\$200 total).

November 4, November 15, and November 24, 1982: Notices of the late fee were sent to Rep. Staten.

December 12, 1982: Rep. Staten paid the \$200 late fee.

### 1983

February 4, 1983: Notice by certified mail was sent to the Staten Volunteer Committee treasurer that a report of receipts and expenditures for October 19 — December 31, 1982 was not filed by January 31, 1983, as required.

February 22, 1983: The notice was returned unclaimed, then deposited in first class mail and deemed received five days later on March 1, 1983. A late filing fee began to accrue March 9 and reached its \$100 maximum April 15, 1983.

March 3, 1983: Rep. Staten filed a report of committee receipts and expenditures containing only zeros for the period October 19 — December 31, 1982. The report (1) did not carry forward required information from the 1982 pre-primary and pre-general election periods and (2) did not disclose receipt of two public financing warrants cashed on December 16, 1982. Rep. Staten noted on the report that he would amend his last three reports March 7, 1983.

March 18, 1983: A Board executive session determined that no required amendments to the three prior reports had been made. The Board noted that in March, 1981 an "all zeros" report was filed and the Board had imposed a \$45 late filing fee and notified Rep. Staten that there was a penalty for omitting information on a report certified to be true.

March 25, 1983: By letter this date the Board requested Rep. Staten to appear in executive session May 6, 1983 and provide information about the March 3 filing and the failure to amend 1982 election committee reports.

April 21, 1983: Since no response was received to the March 23 letter, a copy of it and a reminder were hand delivered to Rep. Staten. By letter received later that day, Rep. Staten informed the Board that he would meet with staff on April 26, 1983 to file the amendments. Rep. Staten cancelled this appointment. Several other appointments with staff were made and cancelled by Rep. Staten, but no amendments were filed before the May 6 Board meeting.

May 6, 1983: Rep. Staten appeared before the Board in executive session, apologized for past negligence, stated that he had acted on advice that it was more important to file on time than to file accurately, and promised to file amendments by May 9, 1983.

May 9, 1983: Rep. Staten met with staff, filed the January 31, 1983 report and properly amended two prior reports covering January 1 — October 18, 1982. The Board discussed the matter in executive session.

June 23, 1983: The Board again discussed the Staten matter in executive session.

July 5, 1983: The Board issued findings as follows. Material in brackets is supplied by this committee.

Finding No. 1. There is no probable cause to believe a violation of Minn. Stat. Sec. 10A.23 (1982) occurred. [i.e., no willful failure to report a material change or correction in a report]

Finding No. 2. The Board did not accept the statement Representative Staten filed on March 3, 1983, as a report, because it did not contain the information required by Minn. Stat. Sec. 10A.20 [i.e. specifics about assets, contributions, etc.]

Finding No. 3. The Board accepted the report covering the period October 19 through December 31, 1982, which was filed by Representative Staten on May 9, 1983, together with amendments to two 1982 reports which were filed on May 9, 1983. The Board's action in accepting the referenced report and amendments did not alter the fact that the committee failed to provide timely disclosure and amendments to filed reports in accordance with the Ethics in Government Act.

Finding No. 4. The Board concluded that the March 3, 1983, statement resulted from Representative Staten's reliance upon faulty advice and that the statement was not a willful attempt to deny to the public the disclosure of campaign finance information.

Finding No. 5. Representative Staten paid the \$100 late filing fee on June 30, 1983.

The matter is concluded and entered into the public record under Minn. Stat. Sec. 10A.02, subd. 11.

#### 1984

September 4, 1984: The pre-primary report Rep. Staten filed was incomplete. It omitted occupations and/or addresses for 20 contributors.

September 17, October 1, October 16, 1984: Rep. Staten was sent Board staff notices requesting an amended report.

October 10, 1984: Rep. Staten presented a public finance warrant for \$3,115.36 and other checks to his committee depository but deposited only \$1,874.36 of the total in the committee account.

October 18, 1984: Rep. Staten filed an amended report. One contributor was changed from Pilot City Special Fund to Jim Mosley between the September 4 report and the October 18 report.

October 29, 1984: A report was due, but not filed.

November 5, 1984: A late report was filed with blank receipt and expenditure summary pages. Rep. Staten wrote on it: "I

will need to submit an amended report to summarize enclosed information and submit additional details of expenditures and receipts."

December 26, 1984: After three notices, Rep. Staten paid the \$50 fee for late filing of the October 29 report.

## 1985

January 31, 1985: The year-end 1984 report was not filed when due.

March 14, 1985: After three notices, Rep. Staten filed the report due January 31, 1985 with blank receipt and expenditure summary pages and blank schedules for notes, loans and unpaid bills. He also filed an incomplete amendment to the October 29, 1984 report just before the Board meeting. The Board voted to subpoena committee records and invite Rep. Staten to appear at its next executive session to discuss apparent problems with filing proper reports.

April 2, 1985: Subpoena issued to Rep. Staten for the delivery of committee records by April 12, 1985; date extended to April 16, 1985.

April 16, 1985: Records were delivered with a letter stating that additional records would be furnished in about two weeks (April 30, 1985). Rep. Staten paid \$60 late filing fee for January 31, 1985 report after three staff notices dated March 15, March 29 and April 12, 1985.

April 18, 1985: Rep. Staten was sent a letter setting the time for his appearance at the May 16, 1985 Board meeting.

May 3, 1985: Rep. Staten was sent a letter changing the time for his appearance at the May 16 meeting, with a reminder that additional records had not been received.

May 6, 1985: A staff memo to the Board summarized problems noted with committee records supplied April 16, 1985.

May 7, 1985: Rep. Staten called the office and stated that due to end-of-legislative-session matters he would be unable to appear at the May 16th meeting. The Board chairman authorized extending the matter until the next Board meeting; staff notified Rep. Staten by telephone.

May 16, 1985: In executive session the Board reviewed subpoenaed committee records and found them inconsistent with filed reports.

May 23, 1985: Letter dated May 21, 1985 from Rep. Staten was received by the Board, regarding a delay by the bank in supplying records.

May 24, 1985: Staff responded to Rep. Staten's letter by sending him a copy of the May 6, 1985 memo they had provided the Board.

June 12, 1985: Rep. Staten called the Board about the date of the next Board meeting.

June 24, 1985: The Board sent Rep. Staten a letter setting the date and time of his Board appearance with a reminder that additional records had not been received.

July 15, 1985: Letter sent Rep. Staten confirming time of appointment on August 9th and place of meeting.

August 6, 1985: Due to his father's death, Rep. Staten cancelled the August 9 Board appointment.

August 9, 1985: In executive session the Board decided to subpoena committee bank records to review potential problems with the deposit of public finance warrants.

August 16, 1985: A letter was sent to Rep. Staten from the Board's attorney demanding complete and accurate 1984 reports and an explanation of his apparent failure to deposit public finance warrants by August 26, 1985.

August 26, 1985: The Board received Rep. Staten's letter stating he would file the reports by 4:30 p.m., August 27, 1985, and was attempting to provide records and answers from other sources.

August 27, 1985: No reports were filed, but Rep. Staten made an appointment with Board staff for August 28, 1985 and promised he would file the reports August 28, 1985.

August 28, 1985: Rep. Staten met with Board staff and promised he would file reports August 29, 1985.

August 29, 1985: No report was filed; Board staff left telephone messages at Rep. Staten's office.

August 30, 1985: No report was filed; Board staff left a telephone message, which Rep. Staten returned after staff left.

September 3, 1985: Rep. Staten made an appointment with Board staff for September 4, 1985 stating his report was 95% completed.

September 4, 1985: Rep. Staten cancelled his appointment and promised reports would be filed September 5, 1985.

September 5, 1985: Partially completed reports for the pre-1984 general election period and the 1984 year-end period were filed with a promise that the remainder of the reports would be submitted on September 6, 1985.

October 23, 1985: Rep. Staten came to the Board office with additional amendments to 1984 reports and a letter stating he would pay the late filing fee by November 1. He stated he would not appear at the October 24 Board meeting.

October 24, 1985: In executive session the Board discussed the matter and made findings.

November 8, 1985: Rep. Staten was sent a letter noting errors in the report amendments filed October 23. Findings were sent from the Ethical Practices Board to the House Rules Committee as follows:

#### FINDINGS

Finding No. 1. As treasurer of his principal campaign committee, Representative Staten failed to timely file two of the three reports covering the 1984 election year. In two instances, certified letters and other official communications were sent. Reports as filed and subsequent amendments were incomplete and inconsistent with subpoenaed committee and bank records. Minn. Stat. Sec. 10A.20, subds. 2, 3, and 12.

Finding No. 2. Representative Staten stated on several filed reports or amendments that the contents were incomplete as filed and would need subsequent amendments. Amendments were not

filed within the ten days required by law. Minn. Stat. Sec. 10A.23.

Finding No. 3. Although a public financing warrant for \$3,115.36 was presented to the committee depository for payment, \$2,040 in cash was paid at the same time and only \$1,874.36 of public financing was deposited in the committee depository. Minn. Stat. Sec. 10A.15, subd. 3.

Finding No. 4. Representative Staten failed to deposit in the committee depository a \$700 check, which included a contribution of \$350 and a loan of \$350. Although the contribution was received just before the 1984 general election, no timely notice of the receipt was received by the Board, as required by law. Minn. Stat. Secs. 10A.15, subd. 3; 10A.20, subd. 5.

Finding No. 5. Representative Staten has failed to maintain committee records as required by law, due to the event of a fire at his home in January, 1985. However, he has failed to demonstrate good faith efforts to reconstruct his records. Minn. Stat. Sec. 10A.22, subd. 6.

Finding No. 6. The pattern observed by the Board in its 1983 investigation of a second "all zeros" filing by Representative Staten on behalf of his committee has continued into 1984 and 1985, despite Representative Staten's declaration in 1983 that any problem encountered in the past would not occur in the future. Board Findings, July 5, 1983.

Finding No. 7. Representative Staten has repeatedly failed to comply with the requirements imposed by Minn. Stat. Ch. 10A for timely, accurate disclosure of campaign contributions, campaign expenditures; recordkeeping and deposits of campaign contributions and public financing warrants; and timely, accurate reporting and amending of filed reports. Minn. Stat. Secs. 10A.13, 10A.15, 10A.20, 10A.22, 10A.23.

Finding No. 8. Board members, its staff, and counsel have exhausted the remedies available to them to secure compliance by Representative Staten with the requirements of Minn. Stat. Ch. 10A. The Board has collected each late filing fee owed, with the exception of \$250 for which payment was promised by Representative Staten in writing. The board has deposited the fees in the general fund of the state. Minn. Stat. Secs. 10A.20, subd. 12; 10A.34, subd. 1a.

Finding No. 9. The ultimate responsibility for maintenance of ethical practices in the election process lies with the body in which a legislator serves. While the Board administers the campaign finance disclosure process, it is the legislative body which must judge the standards of its membership.

The findings in the matter of Representative Staten's failure to comply with certain provisions of Minn. Stat. Ch. 10A together with findings in the 1983 matter, shall be forwarded to the Chairman of the Rules Committee, Minnesota House of Representatives, and to the Speaker of the House of Representatives. The Board respectfully requests that the Rules Committee advise the Board what action is taken in regard to these findings.

The matter is concluded and entered into the public record under Minn. Stat. Sec. 10A.02, subd. 11.

December 3, 1985: \$150 of the \$250 late fee Rep. Staten promised to pay November 1, 1985 was paid and the balance was promised on January 2, 1986.

#### 1986

January 2, 1986: The balance of the filing fee was not received, so the Board went to conciliation court.

January 31, 1986: The remaining \$100 of the late filing fee Rep. Staten promised to pay November 1, 1985 was paid. Rep. Staten also filed a committee report for the period January 1 to December 31, 1985 showing a negative committee depository balance and no change since the last report.

A roll call was requested and properly seconded.

#### MINORITY REPORT OF THE HOUSE COMMITTEE ON RULES AND LEGISLATIVE ADMINISTRATION

We, the undersigned, being a minority of the Committee on Rules and Legislative Administration; and having reviewed the report of the Select Committee on the Staten Case, make the following recommendations and conclusions: delete the report of the Committee on Rules and Legislative Administration and insert the following:

The Minnesota House of Representatives censure Representative Randolph W. Staten for a pattern of conduct that:

- (1) brings into question his individual judgment;
- (2) is inappropriate to the office of state representative;
- (3) creates uncertainty and a lack of public confidence in the process of representative government; and

(4) is unacceptable in the eyes of his colleagues in the Minnesota House of Representatives.

b. donate one-hundred hours during the remainder of 1986 working in a community service program that enhances the understanding of chemical dependency problems. Furthermore, the director of the community service program shall report periodically to the Speaker of the House, the Chair of the Committee on Rules and Legislative Administration and the Minority Leader on Representative Staten’s participation;

c. continue in a program of chemical dependency treatment; and

d. return all 1986 public financing if the Ethical Practices Board makes a finding of probable cause that a violation of Minnesota Statutes, sections 10A.01 to 10A.34 has occurred on either the campaign finance report due on September 2, 1986 or the report due on October 27, 1986.”

## 273.72 [STATEMENT OF PURPOSE.]

The statutes governing the use of tax increment financing in Minnesota have evolved over a long period of time and exist in several different special and general laws. These laws are sometimes inconsistent and provide varying procedures which render them difficult to administer. It is the intent of the legislature, by enacting the Minnesota tax increment financing act, to ratify and confirm the findings, declarations and determinations made by the legislature in connection with chapters 362A, 458, *sections 17 to 37*, 462, 472A and 474 and to establish a uniform set of standards and procedures to be followed when using this method of financing.

Subd. 2. [AUTHORITY.] "Authority" means a rural development financing authority created pursuant to chapter 362A, a housing and redevelopment authority created pursuant to chapter 462; a port authority created pursuant to chapter 458; *an economic development authority created pursuant to sections 17 to 37*; a redevelopment agency as defined by chapter 474; a municipality which is administering a development district created pursuant to chapter 472A or any special law, a municipality which undertakes a project pursuant to chapter 474; or a municipality which exercises the powers of a port authority pursuant to any general or special law.

**Sec. 18. [458C.03] [ECONOMIC DEVELOPMENT AUTHORITY; ESTABLISHMENT.]**

*A city may, by adopting an enabling resolution in compliance with the procedural requirements of section 20, establish an eco-*

conomic development authority that, subject to section 19, has the powers contained in sections 17 to 37 and a housing and redevelopment authority under chapter 462 or other law, and a city under chapter 472A or other law. If the economic development authority exercises the powers of a housing and redevelopment authority contained in chapter 462 or other law, the city shall exercise the powers relating to a housing and redevelopment authority granted to a city by chapter 462 or other law.

Sec. 19. [458C.04] [LIMIT OF POWERS.]

*Subdivision 1. [RESOLUTION.] The enabling resolution may impose the following limits upon the actions of the authority:*

(1) *that the authority must not exercise any specified powers contained in sections 17 to 37, chapters 462 and 472A or that the authority must not exercise any powers without the prior approval of the city council;*

(2) *that, except when previously pledged by the authority, the city council may, by resolution, require the authority to transfer any portion of the reserves generated by activities of the authority that the city council determines is not necessary for the successful operation of the authority, to the city general fund, to be used for any general purpose of the city;*

(3) *that the sale of all bonds or obligations issued by the authority be approved by the city council before issuance;*

(4) *that the authority follow the budget process for city departments as provided by the city and as implemented by the city council and mayor;*

(5) *that all official actions of the authority must be consistent with the adopted comprehensive plan of the city, and any official controls implementing the comprehensive plan;*

(6) *that the authority submit all planned activities for influencing the action of any other governmental agency, subdivision, or body to the city council for approval;*

(7) *that the authority submit its administrative structure and management practices to the city council for approval; and*

(8) *any other limitation or control established by the city council by the enabling resolution.*

*Subd. 2. [MODIFICATION OF RESOLUTION.] The enabling resolution may be modified at any time, subject to subdivision 5, and provided that any modification is made in accordance with section 20.*

*Subd. 3. [REPORT ON RESOLUTION.] Without limiting the right of the authority to petition the city council at any time, each year, within 60 days of the anniversary date of the first adoption of the enabling resolution, the authority shall submit to the city council a report stating whether and how the enabling resolution should be modified. Within 30 days of receipt of the recommendation, the city council shall review the enabling resolution, consider the recommendations of the authority, and make any modification it considers appropriate. Modifications must be made in accordance with the procedural requirements of section 20.*

*Subd. 4. [COMPLIANCE.] The city council's determination that the authority has complied with the limitations imposed under this section is conclusive.*

*Subd. 5. [LIMITS; SECURITY.] Limits imposed under this section must not be applied in a manner that impairs the security of any bonds issued or contracts executed before the limit is imposed. The city council must not modify any limit in effect at the time any bonds or obligations are issued or contracts executed to the detriment of the holder of the bonds or obligations or any contracting party.*

**Sec. 20. [458C.05] [PROCEDURAL REQUIREMENT.]**

*Subdivision 1. [ENABLING RESOLUTION.] The creation of an authority by a city must be by written resolution known as the enabling resolution. Before adopting the enabling resolution, the city council shall conduct a public hearing. Notice of the time and place of hearing, a statement of the purpose of the hearing, and a summary of the resolution must be published in a newspaper of general circulation within the city once a week for two consecutive weeks. The first publication must appear not more than 30 days from the date of the public hearing.*

*Subd. 2. [MODIFICATIONS.] All modifications to the enabling resolution must be by written resolution and must be adopted after notice is given and a public hearing conducted as required for the original adoption of the enabling resolution.*

**Sec. 21. [458C.06] [TRANSFER OF AUTHORITY.]**

*Subdivision 1. [ECONOMIC DEVELOPMENT, HOUSING, REDEVELOPMENT POWERS.] The city may, by ordinance, divide any economic development, housing, and redevelopment powers granted under chapter 462 and this chapter between the economic development authority and any other authority or commission established under statute or city charter for economic development, housing, or redevelopment.*

*Subd. 2. [PROJECT CONTROL, AUTHORITY, OPERATION.] The city may, by resolution, transfer the control, au-*

thority, and operation of any project as defined in section 273.73, subdivision 8, or any other program or project authorized by chapter 462 or 472A located within the city, from the governmental agency or subdivision that established the project to the economic development authority. The city council may also require acceptance of control, authority, and operation of the project by the economic development authority. The economic development authority may exercise all of the powers that the governmental unit establishing the project could exercise with respect to the project.

When a project or program is transferred to the economic development authority, the authority shall covenant and pledge to perform the terms, conditions, and covenants of the bond indenture or other agreements executed for the security of any bonds issued by the governmental subdivision that initiated the project or program. The economic development authority may exercise all of the powers necessary to perform the terms, conditions, and covenants of any indenture or other agreements executed for the security of the bonds and shall become obligated on the bonds when the project or program is transferred as provided in this subdivision.

Subd. 3. [TRANSFER OF PERSONNEL.] Notwithstanding any other law or charter provision to the contrary, the city council may, by resolution, place any employees of the housing and redevelopment authority under the direction, supervision, or control of the economic development authority. The placement of any employees under the direction, supervision, or control of the economic development authority does not affect the rights of any employees of the housing and redevelopment authority, including any rights existing under a collective bargaining agreement or fringe benefit plan. The employees shall become employees of the economic development authority.

Sec. 22. [458C.07] [ECONOMIC DEVELOPMENT AUTHORITY.]

An economic development authority is a public body corporate and politic and a political subdivision of the state with the right to sue and be sued in its own name. An authority carries out an essential governmental function when it exercises its power, but the authority is not immune from liability because of this.

Sec. 23. [458C.08] [COMMISSIONERS; APPOINTMENT, TERMS, VACANCIES, PAY, REMOVAL.]

Subdivision 1. [COMMISSIONERS.] Except as provided in subdivision 2, clause (d), an economic development authority shall consist of either three, five, or seven commissioners who shall be appointed after the enabling resolution provided for in section 14 becomes effective. (e) *The enabling resolution may provide for the appointment of members of the city council in excess of the number required in clauses (a), (b) and (c).*

(f) *A vacancy is created in the membership of an authority when a city council member of the authority ends council membership. A vacancy for this or another reason must be filled for the balance of the unexpired term, in the manner in which the original appointment was made. The city council may set the term of the commissioners who are members of the city council to coincide with their term of office as members of the city council.*

**Subd. 3. [INCREASE IN COMMISSION MEMBERS.]** *An authority may be increased from three to five or seven members, or from five to seven members by a resolution adopted by the city council following the procedure provided for modifying the enabling resolution in section 20.*

**Subd. 4. [COMPENSATION AND REIMBURSEMENT.]** *A commissioner, including the president, shall be paid for attending each regular or special meeting of the authority in an amount to be determined by the city council. A copy of the charges must be given to the commissioner at least ten days before the hearing. The commissioner must be given an opportunity to be heard in person or by counsel at the hearing. When written charges have been submitted against a commissioner, the city council may temporarily suspend the commissioner. If the city council finds that those charges have not been substantiated, the commissioner shall be immediately reinstated. If a commissioner is removed, a record of the proceedings, together with the charges and findings, shall be filed in the office of the city clerk.*

**Sec. 24. [458C.09] [OFFICERS; DUTIES; ORGANIZATIONAL MATTERS.]**

*Subd. 2. [OFFICERS.] An authority shall elect a president, a vice-president, a treasurer, a secretary, and an assistant treasurer. The authority shall elect the president, treasurer, and secretary annually. A commissioner must not serve as president and vice-president at the same time. The other offices may be held by the same commissioner. The offices of secretary and assistant treasurer need not be held by a commissioner.*

*Subd. 3. [DUTIES AND POWERS.] The officers have the usual duties and powers of their offices. They may be given other duties and powers by the authority.*

The bond must be approved as to form and surety by the authority and filed with the secretary. The bond must be for twice the amount of money probably on hand at any one time, as determined at least annually by the authority. However, the bond must not exceed \$300,000.*

*Subd. 7. [PUBLIC MONEY.] Authority money is public money.*

*Subd. 8. [CHECKS.] An authority check must be signed by the treasurer and one other officer named by the authority in a resolution. The check must state the name of the payee and the nature of the claim that the check is issued for.*

*Subd. 9. [FINANCIAL STATEMENT.] The authority's detailed financial statement must show all receipts and disbursements, their nature, the money on hand, the purposes to which the money on hand is to be applied, the authority's credits and assets, and its outstanding liabilities in a form required for the city's financial statements. The authority shall examine the statement together with the treasurer's vouchers. If the authority finds that the statement and vouchers are correct, it shall approve them by resolution and enter the resolution in its records.*

**Sec. 25. [458C.10] [EMPLOYEES; SERVICES; SUPPLIES.]**

*Subd. 6. [CITY FACILITIES, SERVICES.] A city may furnish offices, structures and space, and stenographic, clerical, engineering, or other assistance to its authority.*

*Subd. 7. [DELEGATION POWER.] The authority may delegate to one or more of its agents or employees powers or duties as it may deem proper.*

**Sec. 26. [458C.11] [CONFLICT OF INTEREST.]**

*Except as authorized in section 471.88 a commissioner, officer, or employee of an authority must not acquire any financial interest, direct or indirect, in any project or in any property included or planned to be included in any project, nor shall the person have any financial interest, direct or indirect, in any contract or proposed contract for materials or service to be furnished or used in connection with any project.*

**Sec. 27. [458C.12] [DEPOSITORIES; DEFAULT; COLLATERAL.]**

*Subdivision 1. [NAMED; BOND.] Every two years an authority shall name national or state banks within the state as depositories. Before acting as a depository, a named bank shall give the authority a bond approved as to form and surety by the authority. The bond must be conditioned for the safekeeping and prompt repayment of deposits. The amount of bond must be at least equal to the maximum sums expected to be deposited at any one time.*

*Subd. 2. [ONE BANK ACCOUNT.] An authority may deposit all its money from any source in one bank account.*

*Subd. 3. [DEFAULT; COLLATERAL.] When authority funds are deposited by the treasurer in a bonded depository, the treasurer and the surety on the treasurer's official bond are exempt from liability for the loss of the deposits because of the failure, bankruptcy, or other act or default of the depository. However, an authority may accept assignments of collateral from its depository to secure deposits just as assignments of collateral are permitted by law to secure deposits of the authority's city.*

**Sec. 28. [458C.13] [OBLIGATIONS.]**

*Subdivision 1. [TAXES AND ASSESSMENTS PROHIBITED.] An authority must not levy a tax or special assessment, except as otherwise provided in sections 17 to 37, pledge the credit of the state or the state's municipal corporations or other subdivisions, or incur an obligation enforceable on property not owned by the authority.*

*Subd. 2. [BUDGET TO CITY.] Annually, at a time fixed by charter, resolution, or ordinance of the city, an authority shall send its budget to its city's council. The budget must include a detailed written estimate of the amount of money that the authority expects to need from the city to do authority business during the next fiscal year. The needed amount is what is needed in excess of any expected receipts from other sources.*

*Subd. 3. [FISCAL YEAR.] The fiscal year of the authority must be the same as the fiscal year of its city.*

*Subd. 4. [REPORT TO CITY.] Annually, at a time and in a form fixed by the city council, the authority shall make a written report to the council giving a detailed account of its activities and of its receipts and expenditures during the preceding calendar year, together with additional matters and recommendations it deems advisable for the economic development of the city.*

*Subd. 5. [AUDITS.] The financial statements of the authority must be prepared, audited, filed, and published or posted in the manner required for the financial statements of the city that established the authority. The financial statements must permit comparison and reconciliation with the city's accounts and financial reports. The report must be filed with the state auditor by June 30 of each year. The auditor shall review the report and may accept it or, in the public interest, audit the books of the authority.*

**Sec. 29. [458C.14] [ECONOMIC DEVELOPMENT DISTRICTS; SCHEDULE OF POWERS.]**

*Subdivision 1. [ESTABLISHMENT.] An economic development authority may create and define the boundaries of economic development districts at any place or places within the city and may use the powers granted in sections 17 to 37 to carry out its purposes. First the authority must hold a public hearing on the matter. At least ten days before the hearing, the authority shall publish notice of the hearing in a daily newspaper of general circulation in the city. Also, the authority shall find that an economic development district is proper and desirable to establish and develop within the city.*

*Subd. 2. [ACQUIRE PROPERTY.] The economic development authority may acquire by lease, purchase, gift, devise, or condemnation proceedings the needed right, title, and interest in property to create economic development districts. It shall pay for the property out of money it receives under sections 17 to 37. It may hold and dispose of the property subject to the limits and conditions in sections 17 to 37. The title to property acquired by condemnation or purchase must be in fee simple, absolute. The authority may accept an interest in property acquired in another way subject to any condition of the grantor or donor. The condition must be consistent with the proper use of the property under*

sections 17 to 37. Property acquired, owned, leased, controlled, used, or occupied by the authority for any of the purposes of this section is for public governmental and municipal purposes and is exempt from taxation by the state or by its political subdivisions. The exemption applies only while the authority holds property for its own purpose. The exemption is subject to the provisions of section 272.02, subdivision 5. When property is sold it begins to be taxed again.

*Subd. 2a. [OPTIONS.] The economic development authority may sign options to purchase, sell, or lease property.*

*Subd. 3. [EMINENT DOMAIN.] The economic development authority may use eminent domain under chapter 117, or under its city's charter to acquire property it is authorized to acquire by condemnation. The authority may acquire in this way property acquired by its owner by eminent domain or property already devoted to a public use only if its city's council approves. The authority may possess property to be condemned after it files a petition in condemnation proceedings describing the property. The authority may abandon the condemnation before taking possession.*

*Subd. 4. [CONTRACTS.] The economic development authority may make contracts for the purpose of economic development within the powers given it in sections 17 to 37. The authority may contract or arrange with the federal government, or any of its departments, with persons, public corporations, the state, or any of its political subdivisions, commissions, or agencies, for separate or joint action, on any matter related to using the authority's powers or doing its duties. The authority may contract to purchase and sell real and personal property. However, an obligation or expense must not be incurred except when existing appropriations together with the reasonable expected revenue of the authority from other sources are sufficient to discharge the obligation or pay the expense when due. The state and its municipal subdivisions are not liable on the obligations.*

*Subd. 4a. [LIMITED PARTNER.] The economic development authority may be a limited partner in a partnership whose purpose is consistent with the authority's purpose.*

*Subd. 5. [RIGHTS; EASEMENTS.] The economic development authority may acquire rights or an easement for a term of years or perpetually for development of an economic development district.*

*Subd. 6. [SUPPLIES; MATERIALS.] The economic development authority may buy the supplies and materials it needs to carry out this section.*

*Subd. 7. [RECEIVE PUBLIC PROPERTY.] The economic development authority may accept land, money, or other assis-*

*tance, whether by gift, loan or otherwise, in any form from the federal or state government, or an agency of either, or a local subdivision of state government to carry out sections 17 to 37 and to acquire and develop an economic development district and its facilities under this section.*

**Subd. 8. [DEVELOPMENT DISTRICT AUTHORITY.]** *The economic development authority may sell or lease land held by it for economic development in economic development districts. The authority may, if proper in the public interest, build suitable buildings or structures on land owned by it. The authority may furnish capital equipment permanently or used exclusively on the lands or in the buildings if necessary to the purposes of the buildings or structures. The authority must intend that the buildings, structures, and equipment be leased or sold to private persons to further develop the economic development district.*

*The authority may acquire, develop, sell, or lease single or multiple tracts of land regardless of size, to be developed as a part of the economic development of the district under sections 17 to 37.*

**Subd. 9. [FOREIGN TRADE ZONE.]** *The economic development authority may apply to the board defined in United States Code, title 19, section 81a, for the right to use the powers provided in United States Code, title 19, sections 81a to 81u. If the right is granted, the authority may use the powers. One authority may apply with another authority.*

**Subd. 10. [RELATION TO CHAPTER 474.]** *The economic development authority may exercise powers and duties of a re-development agency under chapter 474, for a purpose in sections 17 to 37 or 462.411 to 462.705. The authority may also use the powers and duties in sections 17 to 37 and 462.411 to 462.705 for a purpose in chapter 474.*

**Subd. 11. [PUBLIC FACILITIES.]** *The authority may operate and maintain a public parking facility or other public facility to promote development in an economic development district.*

**Sec. 30. [458C.15] [GENERAL OBLIGATION BONDS.]**

**Subdivision 1. [AUTHORITY; PROCEDURE.]** *An economic development authority may issue general obligation bonds in the principal amount authorized by two-thirds majority vote of its city's council. The bonds may be issued in anticipation of income from any source. The bonds may be issued: (1) to secure funds needed by the authority to pay for acquired property or (2) for other purposes in sections 17 to 37. The bonds must be in the amount and form and bear interest at the rate set by the city council. The authority shall sell the bonds to the highest bidder. The authority shall publish notice of the time and the*

place for receiving bids, once at least two weeks before the bid deadline. Sections 17 to 37 govern issuance of the bonds. When those sections are silent, chapter 475 governs. The authority when issuing the bonds is a municipal corporation under chapter 475. No election shall be required to authorize the issuance of the bonds except as provided in subdivision 2.

**Subd. 2. [REFERENDUM ON PETITION.]** Before the issuance of the bonds, the city council shall publish in the official newspaper of the city an initial resolution authorizing the issuance of the bonds, and if within 21 days after the publication there is filed with the city clerk a petition requesting an election on the proposition of issuing the bonds signed by a number of qualified voters greater than ten percent of the number who voted in the city at the last general election, the bonds must not be issued until the proposition has been approved by a majority of the votes cast on it at a regular or special election.

**Subd. 3. [OUTSIDE DEBT LIMIT.]** Bonds issued by the authority must not be included in the net debt of its city. Money received under this section must not be included in a per person limit on taxing or spending in the city's charter. The authority is also exempt from the limit.

**Subd. 4. [DETAIL; MATURITY.]** The authority with the consent of its city's council shall set the date, denominations, place of payment, form, and details of the bonds. The bonds must mature serially. The first installment is due in not more than three years and the last in not more than 30 years from the date of issuance.

**Subd. 5. [SIGNATURES; COUPONS; LIABILITY.]** The bonds must be signed by the president of the authority, be attested by its secretary, and be countersigned by its treasurer; the signatures may be facsimile signatures. The interest coupons if any, must be attached to the bonds. The coupons must be executed and authenticated by the printed, engrossed, or lithographed facsimile signature of the authority's president and secretary. The bonds do not impose any personal liability on a member of the authority.

**Subd. 6. [PLEDGE.]** The bonds must be secured by the pledge of the full faith, credit, and resources of the issuing authority's city. The authority may pledge the full faith, credit, and resources of the city only if the city specifically authorizes the authority to do so. The city council must first decide whether the issuance of the bonds by the authority is proper in each case and if so, what amount of bonds to issue. The city council shall give specific consent in an ordinance to the pledge of the city's full faith, credit, and resources. The authority shall pay the principal amount of the bonds and the interest on it from taxes levied under this section to make the payment or from authority income from any source.

*Subd. 7. [TAX LEVY.] An authority that issues bonds under this section, shall, before issuing them, levy a tax for each year on the taxable property in the authority's city. The tax must be for at least five percent more than the amount required to pay the principal and interest on the bonds as the principal and interest mature. The tax must be levied annually until the principal and interest are paid in full. After the bonds have been delivered to the purchasers, the tax must not be repealed until the debt is paid. After the bonds are issued, the authority need not take any more action to authorize extending, assessing, and collecting the tax. The authority's secretary shall immediately send a certified copy of the levy to the county auditor. The secretary shall send with the copy full information on the bonds for which the tax is levied. The county auditor shall extend and assess the levied tax annually until the principal and interest are paid in full. The authority shall transfer the surplus from the excess levy in this section to a sinking fund after the principal and interest for which the tax was levied and collected is paid. The authority may direct its secretary to send a certificate to the county auditor before October 15 in a year. The certificate must state how much available income including the amount in the sinking fund the authority will use to pay principal or interest or both on each specified issue of the authority's bonds. The auditor shall then reduce the bond levy for that year by that amount. The authority shall then set aside the certified amount and may not use it for any purpose except to pay the principal and interest on the bonds. The taxes in this section shall be collected and sent to the authority by the county treasurer under the law on collection of other taxes. The taxes must be used only to pay the bonds when due.*

*Subd. 8. [AUTHORIZED SECURITIES.] Bonds legally issued under this chapter are authorized securities under section 50.14. A savings bank, trust company, or insurance company may invest in them. A public or municipal corporation may invest its sinking funds in them. The bonds may be pledged by a bank or trust company as security for the deposit of public money in place of a surety bond.*

*The authority's bonds are instrumentalities of a public governmental agency.*

**Sec. 31. [458C.16] [REVENUE BONDS; PLEDGE; COVENANTS.]**

*Subdivision 1. [AUTHORITY.] An economic development authority may decide by resolution to issue its revenue bonds either at one time or in series from time to time. The revenue bonds may be issued to provide money to pay to acquire land needed to operate the authority, to purchase or construct facilities, to purchase, construct, install, or furnish capital equipment to operate a facility for economic development of any kind within the city, or to pay to extend, enlarge, or improve a project under its control. The issued bonds may include the*

amount the authority considers necessary to establish an initial reserve to pay principal and interest on the bonds. The authority shall state in a resolution how the bonds and their attached interest coupons are to be executed.

*Subd. 2. [FORM.] The bonds of each series issued by the authority under this section shall bear interest at a rate or rates, shall mature at the time or times within 30 years from the date of issuance and shall be in the form, whether payable to bearer, registrable as to principal, or fully registrable, as may be determined by the authority. Section 30, subdivision 8, applies to all bonds issued under this section, and the bonds and their coupons, if any, when payable to bearer, shall be negotiable instruments.*

*Subd. 3. [SALE.] The sale of revenue bonds issued by the authority shall be at public or private sale. The bonds may be sold in the manner and for the price that the authority determines to be for the best interest of the authority. The bonds may be made callable, and if so issued, may be refunded.*

*Subd. 4. [AGREEMENTS.] The authority may by resolution make an agreement or covenant with the bondholders or their trustee. The authority must first decide that the agreement or covenant is needed or desirable to do what the authority may do under this section and to assure that the revenue bonds are marketable and promptly paid.*

*Subd. 5. [REVENUE PLEDGE.] In issuing general obligation or revenue bonds, the authority may secure the payment of the principal and the interest on the bonds by a pledge of and lien on authority revenue. The revenue must come from the facility to be acquired, constructed, or improved with the bond proceeds or from other facilities named in the bond-authorizing resolutions. The authority also may secure the payment with its promise to impose, maintain, and collect enough rentals, rates and charges, for the use and occupancy of the facilities and for services furnished in connection with the use and occupancy, to pay its current expenses to operate and maintain the named facilities, and to produce and put enough net revenue in a special fund to meet the interest and principal requirements of the bonds, and to collect and keep any more money required by the resolutions. The authority shall decide what is current expense under this subdivision based on what is normal and reasonable under accepted accounting principles. Revenues pledged by the authority must not be used or pledged for any other authority purpose or to pay any other bonds issued under this section or under section 30, unless the other use or pledge is specifically authorized in the bond-authorizing resolutions.*

*Subd. 6. [NOT CITY DEBT.] Revenue bonds issued under this section are not a debt of the authority's city nor a pledge of that city's full faith and credit. The bonds are payable only*

*from project revenue as described in this section. A revenue bond must contain on its face a statement to the effect that the economic development authority and its named city do not have to pay the bond or the interest on it except from revenue and that the faith, credit, and taxing power of the city are not pledged to pay the principal of or the interest on the bond.*

*Subd. 7. [NOT APPLICABLE.] Sections 474.01, subdivisions 7a, 7b, and 8 and 474.02, subdivision 1d, do not apply to revenue bonds issued under this section and chapter 474 if the interest on the revenue bonds is subject to both state and federal income tax or if the revenue bond proceeds are not loaned by the authority to a private person.*

*Subd. 8. [TAX INCREMENT BONDS.] Obligations secured or payable from tax increment revenues and issued pursuant to this section or section 30 are subject to the provisions of section 273.77.*

**Sec. 32. [458C.17] [SECTIONS THAT APPLY IF FEDERAL LIMIT APPLIES.]**

*Sections 474.16 to 474.23 apply to obligations issued under sections 17 to 37 that are limited by a federal limitation act defined in section 474.16, subdivision 5.*

**Sec. 33. [458C.18] [ADDITIONAL POWERS.]**

*Subdivision 1. [AS AGENT.] An economic development authority may cooperate with or act as agent for the federal or the state government, or a state public body, or an agency or instrumentality of a government or a public body to carry out sections 17 to 37 or any other related federal, state or local law in the area of economic development district improvement.*

*Subd. 2. [STUDIES, ANALYSIS, RESEARCH.] An authority may study and analyze economic development needs in the city, and ways to meet the needs. An authority may study the desirable patterns for land use for economic development and community growth and other factors affecting local economic development in the city and make the result of the studies available to the public and to industry in general. An authority may engage in research and give out information on economic development within the city.*

*Subd. 3. [PUBLIC RELATIONS.] To further an authorized purpose an authority may (1) join an official, industrial, commercial, or trade association, or another organization concerned with the purpose, (2) have a reception of officials who may contribute to advancing the city and its economic development, and (3) carry out other public relations activities to pro-*

*mote the city and its economic development. Activities under this subdivision have a public purpose.*

*Subd. 4. [ACCEPT PUBLIC LAND.] An authority may accept conveyances of land from all other public agencies, commissions or other units of government, if the land can be properly used by the authority in an economic development district, to carry out the purposes of sections 17 to 37.*

*Subd. 5. [ECONOMIC DEVELOPMENT.] An authority may carry out the law on economic development districts to develop and improve the lands in an economic development district to make it suitable and available for economic development uses and purposes. An authority may fill, grade, and protect the property and do anything necessary and expedient, after acquiring the property, to make it suitable and attractive as a tract for economic development. An authority may lease some or all of its lands or property and may set up local improvement districts in all or part of an economic development district.*

*In general, with respect to an economic development district, an authority may use all the powers given an economic development authority by law.*

*Subd. 6. [AS BORROWER.] An authority after authorizing bonds under section 30 or 31 may borrow to provide money immediately required for the bond purpose. The loans must not exceed the amount of the bonds. The authority shall by resolution decide the terms of the loans. The loans must be evidenced by negotiable notes due in not more than 12 months from the date of the loan payable to the order of the lender or to bearer, to be repaid with interest from the proceeds of the bonds when the bonds are issued and delivered to the bond purchasers. The loan must not be obtained from any commissioner of the authority or from any corporation, association, or other institution of which an authority commissioner is a stockholder or officer.*

*Subd. 7. [AS LENDER.] The proceeds of obligations issued by an authority under section 31 and temporary loans obtained under this section may be used to make or purchase loans for economic development facilities that the authority believes will require financing. To make or purchase the loans, the authority may enter into loan and related agreements, both before and after issuing the obligations, with persons, firms, public or private corporations, federal or state agencies, and governmental units under terms and conditions the authority considers appropriate. A governmental unit in the state may apply, contract for, and receive the loans. Chapter 475 does not apply to the loans.*

*Subd. 8. [MINED SPACE DEVELOPMENT.] Upon delegation by a municipality as provided in section 472B.08, an authority may exercise any of the delegated powers in connection*

*with mined underground space development under sections 472B.03 to 472B.07.*

*Subd. 9. [CITY FACILITIES, SERVICES.] An authority city may furnish offices, structures, and space, stenographic, clerical, engineering, or other assistance to its authority.*

**Sec. 34. [458C.19] [SALE OF PROPERTY.]**

*Subdivision 1. [POWER.] An economic development authority may sell and convey property owned by it within the city or an economic development district. First, the authority must decide that the sale and conveyance are in the best interests of the city or district and its people, and that the transaction furthers its general plan of economic development. This section is not limited by other law on powers of economic development authorities.*

*Subd. 2. [NOTICE; HEARING.] An authority shall hold a hearing on the sale. At the hearing a taxpayer may testify for or against the sale. At least ten, but not more than 20, days before the hearing the authority shall publish notice of the hearing on the proposed sale in a newspaper. The newspaper must be published and have general circulation in the authority's county and city. The notice must describe the property to be sold and state the time and place of the hearing. The notice must also state that the public may see the terms and conditions of the sale at the authority's office and that at the hearing the authority will meet to decide if the sale is advisable.*

*Subd. 3. [DECISION; APPEAL.] The authority shall make its findings and decision on whether the sale is advisable and enter its decision on its records within 30 days of the hearing. A taxpayer may appeal the decision. The appeal is made by filing a notice of appeal with the district court in the city or economic development district's county and serving the notice on the secretary of the authority, within 20 days after the decision is entered. The only ground for appeal is that the action of the authority was arbitrary, capricious, or contrary to law.*

*Subd. 4. [TERMS.] The terms and conditions of sale of the property must include the use that the bidder will be allowed to make of it. The authority may require the purchaser to file security to assure that the property will be given that use. In deciding the sale terms and conditions the authority may consider the nature of the proposed use and the relation of the use to the improvement of the authority's city and the business and the facilities of the authority in general. The sale must be made on the authority's terms and conditions. The authority may publish an advertisement for bids on the property at the same time and in the same manner as the notice of hearing required in this section. The authority may award the sale to*

*the bid considered by it to be most favorable considering the price and the specified intended use. The authority may also sell the property at private sale at a negotiated price if after its hearing the authority considers that sale to be in the public interest and to further the aims and purposes of sections 17 to 37.*

**Subd. 5. [ONE-YEAR DEADLINE.]** *The purchaser shall, within one year from the date of purchase, devote the property to its intended use, or shall begin work on the improvements to the property to devote it to that use. If the purchaser fails to do so, the authority may cancel the sale and title to the property shall return to it. The authority may extend the time to comply with a condition if the purchaser has good cause. The terms of sale may contain other provisions that the authority considers necessary and proper to protect the public interest. A purchaser must not transfer title to the property within one year of purchase without the consent of the authority.*

**Subd. 6. [COVENANT RUNNING WITH THE LAND.]** *A sale made under this section must incorporate in the deed as a covenant running with the land the conditions of sections 17 to 37 relating to the use of the land. If the covenant is violated the authority may declare a breach of the covenant and seek a judicial decree from the district court declaring a forfeiture and a cancellation of the deed.*

**Subd. 7. [PLANS; SPECIFICATIONS.]** *A conveyance must not be made until the purchaser gives the authority plans and specifications to develop the property sold. The authority must approve the plans and specifications in writing. The preparation of final plans and specifications before the hearing on the sale is not required by this subdivision but the authority may make that requirement.*

**Sec. 35. [458C.20] [ADVANCES BY AUTHORITY.]**

*An authority may advance its general fund money or its credit, or both, without interest, for the objects and purposes of sections 17 to 37. The advances must be repaid from the sale or lease, or both, of developed or redeveloped lands. If the money advanced for the development or redevelopment was obtained from the sale of the authority's general obligation bonds, then the advances must have not less than the average annual interest rate that is on the authority's general obligation bonds that are outstanding at the time the advances are made. The authority may advance repaid money for more objects and purposes of sections 17 to 37 subject to repayment in the same manner. The authority must still use rentals of lands acquired with advanced money to collect and maintain reserves to secure the payment of principal and interest on revenue bonds issued to finance economic development facilities, if the rentals have been pledged for that purpose under section 31. Advances made*

*to acquire lands and to construct facilities for recreation purposes if authorized by law need not be reimbursed under this section. Sections 17 to 37 do not exempt lands leased from the authority to a private person, or entity from assessments or taxes against the leased property while the lessee is liable for the assessments or taxes under the lease.*

**Sec. 36. [458C.22] [CITY MAY LEVY TAXES FOR ECONOMIC DEVELOPMENT AUTHORITY.]**

*Subdivision 1. [CITY TAX LEVY.] A city shall, at the request of the authority, levy a tax in any year for the benefit of the authority. The tax must be for not more than .75 mill times the assessed valuation of taxable property in the city. The tax may be levied beyond levy limits in law. The amount levied must be paid by the city treasurer to the treasurer of the authority, to be spent by the authority.*

*Subd. 2. [ADDITIONAL CITY TAX LEVY.] A city may levy an additional tax to be spent by and for its economic development authority. If levied, the tax must enable the authority to carry out efficiently and in the public interest sections 17 to 37 to create and develop economic development districts. The authority must request the tax levy. In any year the levy must not be for more than 7/60 of one mill on each dollar of assessed valuation of taxable property in the city. The county treasurer shall pay the money levied to the authority treasurer. The money may be spent by the authority to do its duties to create and develop economic development districts. In spending the money the authority must judge what best serves the public interest. The levy in this section is in addition to the levy in subdivision 1. The city may disregard any levy limit in law to make the levy in this section.*

*Subd. 3. [REVERSE REFERENDUM.] A city may increase its levy for economic development authority purposes under subdivision 1 in the following way. Its city council must first pass a resolution stating the proposed amount of levy increase. The city must then publish the resolution together with a notice of public hearing on the resolution for two successive weeks in its official newspaper or if none exists in a newspaper of general circulation in the city. The hearing must be held two to four weeks after the first publication. After the hearing, the city council may decide to take no action or may adopt a resolution authorizing the proposed increase or a lesser increase. A resolution authorizing an increase must be published in the city's official newspaper or if none exists in a newspaper of general circulation in the city. The resolution is not effective if a petition requesting a referendum on the resolution is filed with the city clerk within 30 days of publication of the resolution. The petition must be signed by voters equaling five percent of the votes cast in the city in the last general election.*

*Then the resolution is only effective if approved by a majority of those voting on the question. The commissioner of revenue shall prepare a suggested form of referendum question. The referendum must be held at a special or general election before October 1 of the year for which the levy increase is proposed.*

**Sec. 37. [458C.23] [SPECIAL LAW; OPTIONAL USE.]**

*A city that has established a port authority by special law or that has been granted the power to establish a port authority by special law, or a city whose city council has been authorized to exercise the powers of a port authority by special law may elect to use the powers granted in sections 17 to 37. If the election is made, the powers and duties set forth in sections 17 to 37 supersede the special law and the special law must not be used anymore. The use of powers under sections 17 to 37 by a city described in this section does not impair the security of any obligations issued or contracts or agreements executed under the special law. Control, authority, and operation of any project may be transferred to the authority in the manner provided in section 21.*

**Sec. 38. [LEGISLATIVE FINDINGS.]**

*The statement of policy and the findings of the legislature in enacting Laws 1957, chapter 812, are confirmed and apply equally to the exercise of powers by economic development authorities and statutory or home rule charter cities pursuant to sections 17 to 37.*

Subd. 5. [BENEFITS CHARGED AS AND WHEN PAID.] Benefits paid to an individual pursuant to a valid claim shall be charged against the account of his employer as and when paid, except that benefits paid to an individual who earned base period wages for part-time employment shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer if the employer: (1) provided weekly base period part-time employment; (2) continues to provide weekly employment equal to at least 90 percent of the part-time employment provided in the base period; and (3) is an interested party because of the individual's loss of other employment. The amount of benefits so chargeable against each base period employer's account shall bear the same ratio to the total benefits paid to an individual as the base period wage credits of the individual earned from such employer bear to the total amount of base period wage credits of the individual earned from all his base period employers.

In making computations under this provision, the amount of wage credits if not a multiple of \$1, shall be computed to the nearest multiple of \$1.

Benefits shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer for unemployment (1) that is directly caused by a major natural disaster declared by the president pursuant to section 102(2) of the Disaster Relief Act of 1974 (42 United States Code 5122(2)), if the unemployed individual would have been eligible for disaster unemployment assistance with respect to that unemployment but for the individual's receipt of unemployment insurance benefits, or (2) that is directly caused by a fire, flood, or act of God where 70 percent or more of the employees employed in the affected location become unemployed as a result and the employer substantially reopens its operations in that same area within 360 days of the fire, flood, or act of God. Benefits shall be charged to the employer's account where the unemployment is caused by the willful act of the employer or a person acting on behalf of the employer.

**Sec. 2. [CITY OF LITCHFIELD; TAX INCREMENT FINANCING.]**

*Notwithstanding any other provision of law, the city council of the city of Litchfield may require the Meeker county auditor to reduce the original assessed value of a tax increment financing district in the city. The reduction shall be in an amount equal to the difference between the assessed value at the time of the certification of the district of a parcel, improvements to which were substantially destroyed by a fire occurring within 30 days after the January 2, 1986, assessment date, and the value of that parcel after the destruction of the improvements. In no case may the reduction result in an original assessed value for the district that is less than the assessed value of the district determined immediately after the date of the fire.*

**Sec. 3. [EFFECTIVE DATE.]**

*Section 1 is effective retroactively to January 1, 1986.*

*Section 2 is effective the day following final enactment."*

Page 30, after line 22, insert:

"Sec. 41. Minnesota Statutes 1984, section 176.181, subdivision 2, is amended to read:

Subd. 2. [COMPULSORY INSURANCE; SELF-INSURERS.] (1) Every employer, except the state and its municipal subdivisions, liable under this chapter to pay compensation shall insure payment of compensation with some insurance carrier authorized to insure workers' compensation liability in this state, or obtain a written order from the commissioner of commerce exempting the employer from insuring his liability for compensation and permitting him to self-insure the liability. The terms,

conditions and requirements governing self-insurance shall be established by the commissioner pursuant to chapter 14. The commissioner of commerce shall also adopt, pursuant to clause (2) (c), rules permitting two or more employers, whether or not they are in the same industry, to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as group self-insurers. With the approval of the commissioner of commerce, any employer may exclude medical, chiropractic and hospital benefits as required by this chapter. An employer conducting distinct operations at different locations may either insure or self-insure the other portion of his operations as a distinct and separate risk. An employer desiring to be exempted from insuring his liability for compensation shall make application to the commissioner of commerce, showing his financial ability to pay the compensation, whereupon by written order the commissioner of commerce may make an exemption as he deems proper. The commissioner of commerce may require further statements of financial ability of the employer to pay compensation. Upon ten days written notice the commissioner of commerce may revoke his order granting an exemption, in which event the employer shall immediately insure his liability. As a condition for the granting of an exemption the commissioner of commerce may require the employer to furnish security the commissioner of commerce considers sufficient to insure payment of all claims under this chapter. If the required security is in the form of currency or negotiable bonds, the commissioner of commerce shall deposit it with the state treasurer. In the event of any default upon the part of a self-insurer to abide by any final order or decision of the commissioner of labor and industry directing and awarding payment of compensation and benefits to any employee or the dependents of any deceased employee, then upon at least ten days notice to the self-insurer, the commissioner of commerce may by written order to the state treasurer require him to sell the pledged and assigned securities or a part thereof necessary to pay the full amount of any such claim or award with interest thereon. This authority to sell may be exercised from time to time to satisfy any order or award of the commissioner of labor and industry or any judgment obtained thereon. When securities are sold the money obtained shall be deposited in the state treasury to the credit of the commissioner of commerce and awards made against any such self-insurer by the commissioner of commerce shall be paid to the persons entitled thereto by the state treasurer upon warrants prepared by the commissioner of commerce and approved by the commissioner of finance out of the proceeds of the sale of securities. Where the security is in the form of a surety bond or personal guaranty the commissioner of commerce, at any time, upon at least ten days notice and opportunity to be heard, may require the surety to pay the amount of the award, the payments to be enforced in like manner as the award may be enforced.

(2) (a) No association, corporation, partnership, sole proprietorship, trust or other business entity shall provide services

in the design, establishment or administration of a group self-insurance plan under rules adopted pursuant to this subdivision unless it is licensed to do so by the commissioner of commerce. An applicant for a license shall state in writing the type of activities it seeks authorization to engage in and the type of services it seeks authorization to provide. The license shall be granted only when the commissioner of commerce is satisfied that the entity possesses the necessary organization, background, expertise, and financial integrity to supply the services sought to be offered. The commissioner of commerce may issue a license subject to restrictions or limitations, including restrictions or limitations on the type of services which may be supplied or the activities which may be engaged in. The license is for a two year period.

(b) To assure that group self-insurance plans are financially solvent, administered in a fair and capable fashion, and able to process claims and pay benefits in a prompt, fair and equitable manner, entities licensed to engage in such business are subject to supervision and examination by the commissioner of commerce.

(c) To carry out the purposes of this subdivision, the commissioner of commerce may promulgate administrative rules, including emergency rules, pursuant to sections 14.01 to 14.70. These rules may:

(i) establish reporting requirements for administrators of group self-insurance plans;

(ii) establish standards and guidelines to assure the adequacy of the financing and administration of group self-insurance plans;

(iii) establish bonding requirements or other provisions assuring the financial integrity of entities administering group self-insurance plans;

(iv) establish standards, including but not limited to minimum terms of membership in self-insurance plans, as necessary to provide stability for those plans;

(v) establish standards or guidelines governing the formation, operation, administration and dissolution of self-insurance plans; and

(vi) establish other reasonable requirements to further the purposes of this subdivision.

(d) *To provide small businesses with the opportunity to self-insure on a group basis, the commissioner of commerce shall promulgate group self-insurance plan rules, under chapter 14, for*

*groups of employers whose total earned premium prior to entering into a group self-insurance plan is not less than \$100,000. The rules shall provide:*

*(i) a waiver of joint and several liability requirements of the employers in the group of self-insurance plan where adequate alternative insurance or security is provided to insure payment of all claims;*

*(ii) a method to assist small business group self-insurance plans to obtain alternative insurance or security;*

*(iii) procedures by which the workers' compensation reinsurance association shall provide alternative insurance or security and the rates and charges for the insurance or security. No application for alternative insurance or security coverage shall be accepted for coverage unless the group self-insurance plan has been refused by at least two reinsurance or excess insurance insurers; and*

*(iv) for midterm termination of existing workers compensation insurance contracts without penalty in order to expedite creation of a group self-insurance plan."*

## 294.22 [GROSS EARNINGS TAX; COMPUTATION.]

Every company owning or operating any taconite railroad shall pay annually into the state treasury a sum of money equal to (FIVE) 3.75 percent of the gross earnings derived from the operation of such taconite railway within the state. The gross earnings of such a taconite railroad company from the transportation of taconite concentrates from the Mesabi Range to ports on Lake Superior, for all purposes hereof, shall be a sum of money equal to the amount which would be charged under established tariffs of common carriers for the transportation of an equal tonnage of iron ore or taconite concentrates, whichever is shipped from Mesabi Range points to ports at the head of Lake Superior, including the established charges for loading such ore on boats. For all purposes of chapter 298 the rate of the gross earnings as so calculated shall be treated as the cost of transportation of such concentrates or iron ore between such points. If such a taconite railroad company transports coal or any other commodity, except taconite concentrates, its gross earnings shall include an amount equal to the established tariffs of common carriers for the transportation of the same quantities of similar commodities for corresponding distances, not, however, including any such charges for any such commodities used or intended to be used in the construction, operation or maintenance of such railroad.

Sec. 2. Minnesota Statutes 1984, section 294.23, is amended to read:

## 294.23 [COMPANIES LIABLE FOR TAX.]

If a company producing concentrates from taconite shall transport the taconite in the course of the concentrating process and before such concentrating process is completed to a concentrating plant located within the state over a railroad which is not a common carrier and shall not use a common carrier or taconite railroad company as defined in section 294.21 for the movement of the concentrate to a point of consumption or port for shipment beyond the state, then such company nevertheless shall pay annually into the state treasury a tax equal to (FIVE) 3.75 percent of the amount which would be charged for the transportation of such concentrates produced by such taconite company as if such concentrates were transported by a common carrier under established tariffs of common carriers from the Mesabi Range or other iron range point nearest to the mine at which such taconite is quarried to ports at the head of Lake Superior, including established charges for loading such ore on boats. For the purposes of sections 294.24 to 294.28, such a company shall be considered a taconite railroad company.

Sec. 3. Minnesota Statutes 1985 Supplement, section 298.01, subdivision 1, is amended to read:

Subdivision 1. Every person engaged in the business of mining or producing iron ore or other ores in this state shall pay to the state of Minnesota an occupation tax equal to (15 PERCENT OF THE VALUATION OF ALL ORES MINED OR PRODUCED BEFORE JANUARY 1, 1986,) 14.5 percent of the valuation of all ores produced after December 31, 1985 and before January 1, 1987, (AND) 14 percent of the valuation of all ores produced after December 31, 1986 and before January 1, 1988, 13 percent of the valuation of all ore produced after December 31, 1987, and before January 1, 1989, and 12 percent of the valuation of all ore produced after December 31, 1988. Said tax shall be in addition to all other taxes provided for by law and shall be due and payable from such person on or before June 15 of the year next succeeding the calendar year covered by the report thereon to be filed as hereinafter provided.

Sec. 4. Minnesota Statutes 1985 Supplement, section 298.03, is amended to read:

298.03 [VALUE OF ORE; HOW ASCERTAINED.]

*Subdivision 1.* [GENERALLY.] The valuation of iron or other ores for the purposes of determining the amount of tax to be paid under the provisions of section 298.01 shall be ascertained by subtracting from the value of such ore, at the place where the same is brought to the surface of the earth, such value to be determined by the commissioner of revenue:

(1) the reasonable cost of supplies used and labor performed at the mine in separating the ore from the ore body, including hoisting, elevating, or conveying the same to the surface of the earth;

(2) if the ore is taken from an open pit mine, an amount for each ton of ore mined or produced during the year equal to the cost of removing the overburden, divided by the number of tons of ore uncovered, the number of tons of ore uncovered in each case to be determined by the commissioner of revenue;

(3) if the ore is taken from an underground mine, an amount for each ton of ore mined or produced during the year equal to the cost of sinking and constructing shafts and running drifts, divided by the number of tons of ore that can be advantageously taken out through such shafts and drifts, the number of tons of ore that can be advantageously taken out in each case to be determined by the commissioner of revenue;

(4) the amount of royalties paid on the ore mined or produced during the year;

(5) for persons mining or producing iron ore the mining or production of which is subject to the occupation tax imposed by

section 298.01, subdivision 1, the amount of the ad valorem taxes levied and paid for the year against the realty in which the ore is deposited; for all others a percentage of the ad valorem taxes levied and paid for such year against the realty in which the ore is deposited equal to the percentage that the tons mined or produced during such year bears to the total tonnage in the mine;

(6) in the case of taconite, semitaconite and iron sulphide operations, the tax payable under section 298.24 (, BUT NOT EXCEEDING 25 CENTS PER TAXABLE TON,) and that payable under section 298.35, on the concentrates produced in said year and any taxes paid under Laws 1955, chapter 391, 429, 514, 576 or 540, or any other law imposing on such taconite operations a specific tax for school or other governmental purposes;

(7) the amount or amounts of all the foregoing subtractions shall be ascertained and determined by the commissioner of revenue. Deductions for interest on plant investment shall not exceed the greater of (a) four percent of book value, or (b) the amount actually paid but not exceeding six percent of book value. No subtraction shall be allowed for shrinkage of iron ore.

*Subd. 2. [SPECIAL TRANSPORTATION COSTS.] If the ore is not transported using the Great Lakes Seaway system, the commissioner must allow, as a deduction in computing the valuation of the ore, the reasonable cost of transportation of the ore to its destination. This subdivision does not affect the valuation of ore shipped using the Great Lakes Seaway system.*

Sec. 5. Minnesota Statutes 1984, section 298.24, subdivision 1, is amended to read:

Subdivision 1. (a) There is hereby imposed upon taconite and iron sulphides, and upon the mining and quarrying thereof, and upon the production of iron ore concentrate therefrom, and upon the concentrate so produced, a tax of (\$1.25) \$1.90 cents per gross ton of merchantable iron ore concentrate produced therefrom. (THE TAX ON CONCENTRATES PRODUCED IN 1978 AND SUBSEQUENT YEARS PRIOR TO 1985 SHALL BE EQUAL TO \$1.25 MULTIPLIED BY THE STEEL MILL PRODUCTS INDEX DURING THE PRODUCTION YEAR, DIVIDED BY THE STEEL MILL PRODUCTS INDEX IN 1977. THE INDEX STATED IN CODE NUMBER 1013, OR ANY SUBSEQUENT EQUIVALENT, AS PUBLISHED BY THE UNITED STATES DEPARTMENT OF LABOR, BUREAU OF LABOR STATISTICS WHOLESALe PRICES AND PRICE INDEXES FOR THE MONTH OF JANUARY OF THE YEAR IN WHICH THE CONCENTRATE IS PRODUCED SHALL BE THE INDEX USED IN CALCULATING THE TAX IMPOSED HEREIN. IN NO EVENT SHALL THE TAX BE LESS THAN \$1.25 PER GROSS TON OF MERCHANTABLE IRON ORE CONCENTRATE. THE TAX ON

CONCENTRATES PRODUCED IN 1985 AND 1986 SHALL BE AT THE RATE DETERMINED FOR 1984 PRODUCTION. FOR CONCENTRATES PRODUCED IN 1987 AND SUBSEQUENT YEARS, THE TAX SHALL BE EQUAL TO THE PRECEDING YEAR'S TAX PLUS AN AMOUNT EQUAL TO THE PRECEDING YEAR'S TAX MULTIPLIED BY THE PERCENTAGE INCREASE IN THE IMPLICIT PRICE DEFLATOR FROM THE FOURTH QUARTER OF THE SECOND PRECEDING YEAR TO THE FOURTH QUARTER OF THE PRECEDING YEAR. "IMPLICIT PRICE DEFLATOR" MEANS THE IMPLICIT PRICE DEFLATOR PREPARED BY THE BUREAU OF ECONOMIC ANALYSIS OF THE UNITED STATES DEPARTMENT OF COMMERCE.)

(b) (ON CONCENTRATES PRODUCED IN 1984, AN ADDITIONAL TAX IS IMPOSED EQUAL TO EIGHT-TENTHS OF ONE PERCENT OF THE TOTAL TAX IMPOSED BY CLAUSE (A) PER GROSS TON FOR EACH ONE PERCENT THAT THE IRON CONTENT OF SUCH PRODUCT EXCEEDS 62 PERCENT, WHEN DRIED AT 212 DEGREES FAHRENHEIT.)

((C) THE TAX IMPOSED BY THIS SUBDIVISION ON CONCENTRATES PRODUCED IN 1984 SHALL BE COMPUTED ON THE PRODUCTION FOR THE CURRENT YEAR. THE TAX ON CONCENTRATES PRODUCED IN 1985 SHALL BE COMPUTED ON THE AVERAGE OF THE PRODUCTION FOR THE CURRENT YEAR AND THE PREVIOUS YEAR.) The tax on concentrates (PRODUCED IN 1986 AND THEREAFTER) shall be the average of the production for the current year and the previous two years. The rate of the tax imposed will be the current year's tax rate. This clause shall not apply in the case of the closing of a taconite facility if the property taxes on the facility would be higher if this clause and section 298.25 were not applicable.

((D)) (c) If the tax or any part of the tax imposed by this subdivision is held to be unconstitutional, a tax of \$1.25 per gross ton of merchantable iron ore concentrate produced shall be imposed.

#### Sec. 6. [EFFECTIVE DATE.]

*Sections 1 and 2 are effective January 1, 1987. Section 4 is effective for the value of ore produced after June 30, 1986. Section 5 is effective for the value of ore produced after January 1, 1986."*

Subdivision 1. [FACILITIES REQUIRED.] Except as provided in subdivision 7 and section 115A.33, all facilities for the disposal of solid waste generated by the metropolitan waste control commission shall be established and operated in accordance with this section and section 473.516. The (COUNCIL AND THE) commission shall (ESTABLISH) *acquire and own all of the facilities needed for the disposal of (SOLID WASTE) the sludge ash generated by the commission. The (COUNCIL AND THE) commission shall acquire and establish at least one facility for sludge ash disposal at a site selected by the council under this section, unless the council and the agency determine under section 23 that the facility is not needed.*

Sec. 21. Minnesota Statutes 1984, section 473.153, subdivision 3, is amended to read:

Subd. 3. [MORATORIUM.] In order to permit the comparative evaluation of sites and the participation of affected localities in decisions about the use of sites, a moratorium is hereby imposed as provided in this subdivision on development within the area of each candidate site and buffer area selected by the council. The moratorium shall extend until six months following the council's decision under subdivision 6 *or until the sites are dismissed from consideration pursuant to section 23*. No development shall be allowed to occur within the area of a site or buffer area during the period of the moratorium without the approval of the council. No county, city, or town land use control shall permit development which has not been approved by the council, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow development to occur which has not been approved by the council. The council shall not approve actions which would jeopardize the availability of a candidate site for use as a solid waste facility. The council may establish guidelines for reviewing requests for approval under this subdivision. Requests for approval shall be submitted in writing to the chairman of the council and shall be deemed to be approved by the council unless the chairman otherwise notifies the submitter in writing within 15 days.

Sec. 22. Minnesota Statutes 1985 Supplement, section 473.153, subdivision 5, is amended to read:

Subd. 5. [ENVIRONMENTAL REVIEW.] *Unless the council and the agency determine under section 23 that the sludge ash disposal facility required by subdivision 1 is not needed*, an environmental impact statement must be completed on the environmental effects of the council's decisions required by subdivision 6. The statement must be prepared and reviewed in accordance with chapter 116D and the rules issued pursuant thereto, except as otherwise required by this section. The statement must not address or reconsider alternatives eliminated from consideration pursuant to subdivisions 1 and 2 and must not address the matters subject to decision by the council pursuant to subdivision 6b.

Sec. 23. Minnesota Statutes 1984, section 473.153, is amended by adding a subdivision to read:

Subd. 4a. [NEED FOR FACILITY; OPTION TO TERMINATE SITING.] *The council may determine, by resolution following a public hearing, that the new sludge ash disposal facility to be acquired and established under this section, as required by subdivision 1, is not needed, because the council finds that permitted management methods other than land disposal, together with land disposal of ash on property owned by the commission prior to March 1, 1986, will be sufficient to accommodate all of the commission's ash without the acquisition and establishment*

*of a new facility. A determination of the council that the facility is not needed is subject to review and approval by the pollution control agency. If the agency disapproves, the council and the commission shall proceed to site, acquire, and establish the facility as required by this section. If the agency approves, the council shall terminate the siting process established by this section and permanently dismiss the candidate sites from further consideration as sites for the facility.*

Sec. 24. Minnesota Statutes 1985 Supplement, section 473.-153, subdivision 6b, is amended to read:

Subd. 6b. [CERTIFICATION OF NEED.] (NO NEW FACILITY FOR DISPOSING OF) *The disposal of sludge ash (AND OTHER WASTE) generated by the commission (SHALL BE) is not permitted in the metropolitan area without a certification of need issued by the council indicating the council's determination:*

(a) that the disposal of waste with concentrations of hazardous materials is necessary; and

(b) that (ADDITIONAL) ash disposal (CAPACITY) is (NEEDED) *necessary.*

The council shall certify need only to the extent that there are no feasible and prudent methods of reducing the concentrations of hazardous materials in the waste and no feasible and prudent alternatives to ash disposal, including large-scale composting and co-composting of sludge, which would minimize adverse impact upon natural resources. Methods and alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of methods or alternatives, including large-scale composting and co-composting of sludge as an alternative to incineration. In its certification the council shall not consider alternatives which have been eliminated from consideration by the selection of sites pursuant to subdivision 2.

Sec. 25. Minnesota Statutes 1984, section 473.516, is amended by adding a subdivision to read:

*Subd. 5. Notwithstanding section 473.523, the commission may enter into a negotiated contract with a private person to use the sludge ash generated by the commission in a manufacturing process. The contract may not exceed 30 years."*

[GROUND WATER.] "Ground water" means the water contained below the surface of the earth in the saturated zone including, without limitation, all waters whether under confined, unconfined, or perched conditions, in near surface unconsolidated sediment or regolith, or in rock formations deeper underground.*

*Subd. 3. [UNDISTURBED PERFORMANCE.] "Undisturbed performance" means the predicted behavior of a radioactive waste management facility including consideration of the uncertainties in predicted behavior, if the radioactive waste management facility is not disrupted by human intrusion or unlikely natural events.*

**Sec. 26. [116C.76] [NUCLEAR WASTE DISPOSAL SYSTEM RELEASE INTO GROUND WATER.]**

*Subdivision 1. [RADIONUCLIDE RELEASE LEVELS.] Radioactive waste management facilities for high level radioactive wastes must be designed to provide a reasonable expectation that the undisturbed performance of the facility will not cause the radionuclide concentrations, averaged over any year, in ground water to exceed:*

- (1) five picocuries per liter of radium-226 and radium-228;*
- (2) 15 picocuries per liter of alpha-emitting radionuclides including radium-226 and radium-228, but excluding radon; or*
- (3) the combined concentrations of radionuclides that emit either beta or gamma radiation that would produce an annual dose equivalent to the total body of any internal organ greater than four millirems per year if an individual consumed two liters per day of drinking water from the ground water.*

*Subd. 2. [DISPOSAL RESTRICTED.] The location or construction of a radioactive waste management facility for high*

*level radioactive waste is prohibited where the average annual radionuclide concentrations in ground water before construction of the facility exceed the limits in subdivision 1.*

*Subd. 3. [PROTECTION AGAINST RADIONUCLIDE RE-LEASE.] Radioactive waste management facilities for high level radioactive waste must be selected, located, and designed to keep any allowable radionuclide releases to the ground water as low as reasonably achievable."*

“Section 1. [84.95] [MINERAL RESOURCES PROGRAM.]

*Subdivision 1. [FINDINGS.] The legislature finds that there has been a disinvestment in mineral and timber resources of the state. To provide a diversified economic base in the state, it is necessary to stimulate investment in the state's natural resources. Mineral exploration by the private sector must be encouraged and assisted. The long-term health of the state will be aided by a diverse state economy that includes productive natural resource industries. A forestry management plan is already mandated. The great benefits from the state's mineral resources will not be realized without state stimulation of investment, which can be achieved through a program coordinated by the department of natural resources to accelerate geologic mapping and mineral deposit evaluation and to provide analytical support to the mineral and timber industries. This participation by the state will lead to active participation by private industry in healthy Minnesota timber and mineral resources industries.*

*Subd. 2. [PROGRAM.] The commissioner of natural resources shall coordinate a program, in cooperation with the Minnesota geological survey, the Minnesota Resources Research Center, the Natural Resources Research Institute, and other available facilities, to:*

- (1) accelerate geological mapping of the state;*
- (2) accelerate evaluation of the state's mineral potential and other natural resources; and*

*(3) provide analytical support for participants in the mineral industry.*

*Subdivision 1. [AMOUNTS.] The state planning agency may award independent grants to municipalities for projects for 50 percent or, if the pollution control agency requires advanced treatment, 65 percent of the eligible cost of construction of wastewater treatment facilities. The agency may award independent grants for up to an additional 30 percent or, if the pollution control agency requires advanced treatment, up to an additional 25 percent of the eligible cost of construction to municipalities for which the construction would otherwise impose significant financial hardship. The amounts of the additional grants must be based on per connection capital cost, median household income, and per capita adjusted assessed valuation. For grants made under this section, the eligible cost is as determined by the United States Environmental Protection Agency under the Federal Water Pollution Control Act, as amended, United States Code, title 33, section 1314, et seq., except that eligible cost also includes the acquisition of land for stabilization ponds and the provision of reserve capacity sufficient to serve the reasonable needs of the municipality for 20 years in the case of treatment works and 40 years in the case of sewer systems. The eligible cost does not include the provision of collector sewers as defined in pollution control agency rules, the provision of service to seasonal homes, or cost increases from contingencies that exceed three percent of as-bid costs or cost increases from unanticipated site conditions that exceed an additional two percent of as-bid costs. These grants may be awarded in separate steps for planning and design in addition to actual construction. Until December 31, 1990, not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.*

*Except as otherwise provided, the rules for the administration of state independent grants must comply, to the extent practicable, with provisions relating directly to protection of the environment contained in the federal Water Pollution Control Act, as amended, and regulations and guidelines of the United States Environmental Protection Agency promulgated under the act, except provisions regarding allocation contained in section 205 of the act and regulations and guidelines promulgated under section 205 of the act. This provision does not require approval from federal agencies for the issuance of grants or for the construction of projects under the state independent grants program.*

**Subd. 3. [FURTHERANCE OF ECONOMIC DEVELOPMENT.]** *Up to ten percent of the money to be awarded as grants under this section in any single fiscal year must be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements.*

**Subd. 4. [REIMBURSEMENT GRANTS.]** *Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and be reimbursed in a subsequent year conditioned upon appropriation of sufficient money under subdivision 1 for that year. The maximum amount of the reimbursement the agency may commit in any single fiscal year is equal to the amount newly appropriated to the state grants programs for that year.*

**Sec. 9. [116N.01] [CITATION.]**

*Sections 10 to 20 may be cited as the "greater Minnesota corporation act."*

*The legislature further finds that the establishment of a greater Minnesota fund for use by the corporation to accomplish*

*its objectives is necessary to achieve economic recovery for all of Minnesota.*

### **Sec. 3. [62A.48] [LONG-TERM CARE POLICIES.]**

*Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract, or other evidence of coverage of nursing home care or other long-term care services shall be offered, issued, delivered, or renewed in this state, whether or not the policy is issued in this state, unless the policy is offered, issued, delivered, or renewed by a qualified insurer and the policy satisfies the requirements of sections 2 to 7. A long-term care policy must cover medically prescribed long-term care in nursing facilities and at least the medically prescribed long-term home care services in section 2, subdivision 4, clauses (1) to (5), provided by a home health agency. Coverage under a long-term care policy AA must include: a maximum lifetime benefit limit of at least \$100,000 for services, and nursing facility and home care coverages must not be subject to separate lifetime maximums, and a requirement of prior hospitalization for up to one day may be imposed only for long-term care in a nursing facility. Coverage under a long-term care policy A must include: a maximum lifetime benefit limit of at least \$50,000 for services, nursing facility and home care coverages must not be subject to separate lifetime maximums, and a requirement of prior hospitalization for up to three days may be imposed for long-term care in a nursing facility or home care services.*

*Coverage under either policy designation may include a waiting period of up to 90 days before benefits are paid. The policy must include a provision that the plan will not be canceled or renewal refused except on the grounds of nonpayment of the premium, provided that the insurer may change the premium rate on a class basis on any policy anniversary date. Policy options include a provision that the policyholder may elect to have the premium paid in full at age 65 by payment of a higher premium up to age 65 and a provision that the premium would be waived during any period in which benefits are being paid to the insured. A nongroup policyholder may return a policy within 30 days of its delivery and have the premium refunded in full, less any benefits paid under the policy, if the policyholder is not satisfied for any reason.*

*Subd. 2. [PER DIEM COVERAGE.] If benefits are provided on a per diem basis, the minimum daily benefit for care in a nursing facility must be the lesser of \$60 or actual charges under a long-term care policy AA or the lesser of \$40 or actual charges under a long-term care policy A and the minimum daily benefit for home care must be the lesser of \$25 or actual charges under a long-term care policy AA or the lesser of \$25 or actual charges for nurse and therapy services and \$20 for home health aide and nonmedical services under a long-term care policy A. If home care services are provided less frequently than daily, the minimum benefit is the lesser of actual charges or an amount determined by multiplying the number of days of the period during which services will be provided, or a reasonable interval of the service period, by \$25 and dividing the resulting amount by the number of days during this period on which home care services were rendered. The home care services benefit must cover at least seven paid visits per week.*

*Subd. 3. [EXPENSE-INCURRED COVERAGE.] If benefits are provided on an expense-incurred basis, a benefit of not less than 80 percent of covered charges for medically prescribed long-term care must be provided.*

*Subd. 4. [LOSS RATIO.] The anticipated loss ratio for long-term care policies must not be less than 65 percent for policies issued on a group basis or 60 percent for policies issued on an individual or mass-market basis.*

*Subd. 5. [SOLICITATIONS BY MAIL OR MEDIA ADVERTISEMENT.] For purposes of this section, long-term care policies issued as a result of solicitations of individuals through mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.*

*Subd. 6. [COORDINATION OF BENEFITS.] A long-term care policy shall be secondary coverage for services provided under sections 2 to 7. Nothing in sections 2 to 7 shall require the secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to pay.*

**Sec. 4. [62A.50] [DISCLOSURES AND REPRESENTATIONS.]**

*Subdivision 1. [SEAL OR EMBLEMS.] No graphic seal or emblem shall be displayed on any policy, or in connection with promotional materials on policy solicitations, that may reasonably be expected to convey to the purchaser that the policy form is approved, endorsed, or certified by a state or local unit of government or agency, the federal government, or a federal agency.*

*Subd. 2. [CANCELLATION NOTICE.] Long-term care policies issued on a nongroup basis must have a notice prominently printed on the first page of the policy stating that the policyholder may return the policy within 30 days of its delivery and have the premium refunded in full if the policyholder is not satisfied for any reason. A solicitation for a long-term care policy to be issued on a nongroup basis pursuant to a direct-response solicitation must state in substance that the policyholder may return the policy within 30 days of its delivery and have the premium refunded in full if the policyholder is not satisfied for any reason.*

*Subd. 3. [DISCLOSURES.] No long-term care policy shall be offered or delivered in this state, whether or not the policy is issued in this state, and no certificate of coverage under a group long-term care policy shall be offered or delivered in this state, unless a statement containing at least the following information is delivered to the applicant at the time the application is made:*

*(1) a description of the benefits and coverage provided by the policy and the differences between this policy, a supplemental medicare policy and the benefits to which an individual is entitled under parts A and B of medicare;*

*(2) a statement of the exceptions and limitations in the policy including the following language, as applicable, in bold print: "THIS POLICY DOES NOT COVER ALL NURSING CARE FACILITIES OR NURSING HOME OR HOME CARE EXPENSES AND DOES NOT COVER RESIDENTIAL CARE. READ YOUR POLICY CAREFULLY TO DETERMINE WHICH FACILITIES AND EXPENSES ARE COVERED BY YOUR POLICY.";*

*(3) a statement of the renewal provisions including any reservation by the insurer of the right to change premiums;*

*(4) a statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions;*

*(5) an explanation of the policy's loss ratio including at least the following language: "This means that, on the average, policyholders may expect that \$ . . . . . of every \$100 in premium will be returned as benefits to policyholders over the life of the contract."; and*

*(6) a statement of the out-of-pocket expenses, including deductibles and copayments for which the insured is responsible, and an explanation of the specific out-of-pocket expenses that may be accumulated toward any out-of-pocket maximum as specified in the policy.*

Sec. 5. [62A.52] [REVIEW OF PLAN OF CARE.]

*The insurer may review an insured's plan of care at reasonable intervals, but not more frequently than once every 30 days.*

Sec. 6. [62A.54] [PROHIBITED PRACTICES.]

*Unless otherwise provided for in sections 1 to 7, the solicitation or sale of long-term care policies is subject to the requirements and penalties applicable to the sale of medicare supplement insurance policies as set forth in sections 62A.31 to 62A.44.*

Sec. 7. [62A.56] [RULEMAKING.]

*The commissioner may adopt rules pursuant to chapter 14 to carry out the purposes of sections 2 to 7. The rules may:*

*(1) establish additional disclosure requirements for long-term care policies designed to adequately inform the prospective insured of the need and extent of coverage offered;*

*(2) prescribe uniform policy forms in order to give the purchaser of long-term care policies a reasonable opportunity to compare the cost of insuring with various insurers; and*

*(3) establish other reasonable minimum standards as needed to further the purposes of sections 2 to 7.*

Sec. 8. [EFFECTIVE DATE.]

*Sections 1 to 7 are effective June 1, 1986."*

Further, delete the title and insert:

*Subd. 1b. Any person who on the day before June 30, 1982 is a participant in the state unclassified employees retirement*

program, whose position is placed in the classified service pursuant to Laws 1982, Chapter 560, may elect to maintain membership in the unclassified program as long as the person holds the position or a position in a higher class in the same agency. When an unclassified position which entitles a person to participate in the unclassified retirement program is placed in the classified service, the commissioner of employee relations shall send written notice to the incumbent of the position, and to the director of the Minnesota state retirement system. This notice shall state the incumbent's option under this subdivision. A person eligible to maintain membership in the unclassified plan shall notify the executive director of the state retirement system of the person's election to maintain membership in the unclassified plan within 60 days of the date on which the commissioner sends the notice stating that the position has been placed in the classified service. A person who does not file this notice shall be deemed to have waived the right to remain in the unclassified plan.

Subd. (1B) 1c. An employee covered by the regular plan who is subsequently employed as a permanent, full-time unclassified employee of the legislature or any commission or agency of the legislature may elect to transfer accumulated employee and matching employer contributions, as provided in section 352D.03.

Subd. 2. A person becoming a participant in the unclassified program by virtue of employment in a position specified in subdivision 1, clause (2) and remaining in the unclassified service shall remain a participant in the program even though the position the person occupies is deleted from any of the sections referenced in subdivision 1, clause (2) by subsequent amendment, except that a person shall not be eligible to elect the unclassified program after separation from unclassified service if on the return of the person to service, that position is not specified in subdivision 1, clause (2). Any person employed in a position specified in subdivision 1 shall cease to participate in the unclassified program in the event his position is placed in the classified service.

Subd. 3. An election to not participate is irrevocable during any period of covered employment. An employee with employee shares to his credit in the unclassified program, after acquiring credit for ten years of allowable service but prior to termination of covered employment, may, notwithstanding other provisions of this subdivision, elect to terminate his participation in the unclassified plan and be covered by the regular plan by filing such election with the executive director. The executive director shall thereupon redeem the employee's total shares and shall credit to the employee's account in the regular plan the amount of contributions that would have been so credited had the employee been covered by the regular plan during his entire covered employment. The balance of moneys so redeemed and not cred-

ited to the employee's account shall be transferred to the state contribution reserve of the state employees retirement fund, except that the employee contribution paid to the unclassified plan in excess of that required by the general employee plan shall be refunded to the employee as provided in section 352.22.

Subd. 4. When any person elects participation in the unclassified program all contributions from the time first eligible to make such an election shall be covered by the program.

*Subd. 5. An employee in a position with retirement coverage under the basic program in the teachers retirement association is not entitled to participate in the plan unless the employee leaves the position and begins employment more than 30 days later in a position with retirement coverage under the plan.*

Sec. 4. Minnesota Statutes 1984, section 352D.06, subdivision 1, is amended to read:

Subdivision 1. When a participant attains at least age 58, is retired from covered service, and applies for a retirement annuity, the cash value of his shares shall be transferred to the Minnesota post-retirement investment fund and used to provide an annuity for the retired employee based upon his age when the benefit begins to accrue according to the reserve basis used by the (REGULAR) *state employees retirement fund* in determining pensions and reserves.

Sec. 5. Minnesota Statutes 1984, section 352D.065, subdivision 5, is amended to read:

Subd. 5. (AN UNCLASSIFIED EMPLOYEE) *A participant* who returns to covered service after receiving benefits under this section shall not be required or allowed to repay such benefits.

The term shall also include an employee of the teachers retirement association unless the employee is covered by the Minnesota state retirement system by virtue of prior employment by the association, and any nurse, counselor, social worker, therapist or psychologist who renders service in the public schools as defined above or in state universities. The term shall also include any person who renders teaching service on a part time basis and who also renders other services for a school district. The term shall not include any person employed in subsidized on-the-job training, work experience or public service employment as an enrollee under the federal comprehensive employment and training act from and after March 30, 1978, unless the person has as of the later of March 30, 1978 or the date of employment sufficient service credit in the retirement fund to meet the minimum vesting requirements for a deferred retirement annuity, or the employer agrees in writing on forms prescribed by the executive director to make the required employer contributions, including any employer additional contributions, on account of that person from revenue sources other than funds provided under the federal comprehensive training and employment act, or the person agrees in writing on forms prescribed by the executive director to make the required employer contribution in addition to the required employee contribution. The term shall not include any person holding a part-time adult supplementary vocational-technical school license who renders part time teaching service in a vocational-technical school if (1) the service is incidental to the regular nonteaching occupation of the person; and (2) the applicable vocational-technical school stipulates annually in advance that the part time teaching service will not exceed 300 hours in a fiscal year; and (3) the part time teaching service actually does not exceed 300 hours in a fiscal year. The term also shall not include a person exempt from licensure pursuant to section 125.031 or any person who was excluded

from membership prior to January 1, 1981 pursuant to Laws 1978, chapter 556, section 1 and Laws 1980, chapter 342, section 8, if the person annually certifies on a form prescribed by the executive director that the person has established and is contributing to an individual retirement account which is based on nonteaching employment.

#### Sec. 8. [ELECTION OF COVERAGE; TRANSITION.]

*A current employee or official enumerated in Minnesota Statutes, section 352D.02, subdivision 1a, as added by section 3, may elect prospective coverage in the unclassified plan. The employee may elect to transfer prior service credit to the plan under the provisions of section 352D.12.*

*The executive director of the state retirement system, or teachers retirement association, as appropriate, shall notify current employees or officials of the option within six months following the effective date of this act. An employee or official eligible to elect coverage by the plan shall notify the appropriate director within six months after the date of notice. An election to participate in the plan is irrevocable during any current or subsequent period of employment.*

#### Sec. 9. [MINNEAPOLIS TEACHERS ARTICLES AMENDMENT.]

*In accordance with Minnesota Statutes, section 354A.12, subdivision 4, approval is granted for the Minneapolis teachers retirement fund association to amend its articles of incorporation as follows:*

*(1) Article IX, Subsection (14)D of the articles, providing an annual automatic increase annuity of 1-1/2 percent may be repealed, and Article IX, Subsection (14) may be amended to authorize an annual postretirement adjustment payable from excess investment earnings of the fund calculated as follows:*

*(a) The board of trustees shall annually determine whether or not a postretirement adjustment is payable by determining whether or not the fund has earned any investment earnings in excess of eight percent.*

*(b) The calculation of investment earnings shall include specifically, but not by way of limitation, dividends on equity investments, interest on debt investments, net rental or leasehold income on real estate, all realized capital gains and losses, and the net increase or decrease in unrealized appreciation on all readily marketable securities.*

*(c) The determination of the amount of excess investment earnings shall be based upon the time-weighted average of the*

*annualized total rate of return on the fund for the three fiscal years immediately preceding the determination.*

*(d) The board of trustees shall have discretion to limit the size of the postretirement adjustment in any year to any percentage not greater than seven percent.*

*(2) Article IX, Subsection (18), providing a lump sum post-retirement adjustment payable to retirees or beneficiaries, may be amended as follows:*

*(a) The formula for determining the amount which each eligible annuitant or benefit recipient shall be entitled to receive shall take into account not only the years of service of the member upon whose service such entitlement is based, but also the years the annuitant or benefit recipient has been receiving payments from the fund.*

*(b) For each eligible annuitant and benefit recipient, the adjustment shall equal the adjustment figure according to the formula, multiplied by the combination of years of service and years of receiving payments. The amendment may provide that the board of trustees shall have discretion to eliminate or reduce the adjustment in any year and to establish a minimum period during which a recipient must have been receiving an annuity or benefits in order to be eligible for an adjustment, which minimum period shall be at least three years but not more than fifteen years, as determined by the board of trustees based upon the records of the fund.*

*(c) In making the determination of whether or not the fund has earned any excess investment income from which to pay a lump sum postretirement adjustment, the calculation of investment income shall include dividends on equity investments, interest on debt investments, net rental or leasehold income on real estate, all realized capital gains and losses, and the net increase or decrease in unrealized appreciation on all readily marketable securities.*

In addition, the commissioner shall:*

### SPECIAL ORDERS, Continued

S. F. No. 2102 was reported to the House.

Clausnitzer moved to amend S. F. No. 2102, as follows :

Delete everything after the enacting clause and insert :

"Section 1. Minnesota Statutes 1984, section 518.165, is amended to read :

518.165 [GUARDIANS FOR MINOR CHILDREN.]

*Subdivision 1.* [PERMISSIVE APPOINTMENT OF GUARDIAN AD LITEM.] In all proceedings for child custody or for dissolution or legal separation where custody or visitation of a minor child is in issue, the court may appoint a guardian ad litem

from a panel established by the court to represent the interests of the child. The guardian ad litem shall advise the court with respect to custody, support and visitation. (THE COURT MAY ENTER AN ORDER FOR COSTS, FEES AND DISBURSEMENTS IN FAVOR OF THE CHILD'S GUARDIAN AD LITEM. THE ORDER MAY BE MADE AGAINST EITHER OR BOTH PARTIES, EXCEPT THAT ANY PART OF THE COSTS, FEES, AND DISBURSEMENTS WHICH THE COURT FINDS THE PARTIES ARE INCAPABLE OF PAYING SHALL BE BORNE BY THE COUNTY.)

*Subd. 2. [REQUIRED APPOINTMENT OF GUARDIAN AD LITEM.] In all proceedings for child custody or for marriage dissolution or legal separation in which custody or visitation of a minor child is an issue, if the court has reason to believe that the minor child is a victim of domestic child abuse or neglect, as those terms are defined in sections 260.015 and 626.556, respectively, the court shall appoint a guardian ad litem. The guardian ad litem shall represent the interests of the child and advise the court with respect to custody, support, and visitation. If the child is represented by a guardian ad litem in any other pending proceeding, the court may appoint that guardian to represent the child in the custody or visitation proceeding. No guardian ad litem need be appointed if the alleged domestic child abuse or neglect is before the court on a juvenile dependency and neglect petition. Nothing in this subdivision requires the court to appoint a guardian ad litem in any proceeding for child custody, marriage dissolution, or legal separation in which an allegation of domestic child abuse or neglect has not been made.*

*Subd. 3. [FEES.] A guardian ad litem appointed under either subdivision 1 or 2 may be appointed either as a volunteer or on a fee basis. If a guardian ad litem is appointed on a fee basis, the court shall enter an order for costs, fees, and disbursements in favor of the child's guardian ad litem. The order may be made against either or both parties, except that any part of the costs, fees, or disbursements which the court finds the parties are incapable of paying shall be borne by the county in which the proceeding is being held. In no event may the court order that costs, fees, or disbursements be paid by a party receiving public assistance or legal assistance or by a party whose annual income falls below the poverty line as established under United States Code, title 42, section 9902 (2).*

Sec. 2. Minnesota Statutes 1985 Supplement, section 626.556, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

Nothing in this section shall be construed to (1) mean that a child is neglected solely because the child's parent, guardian or other person responsible for his care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, or (2) impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter or medical care, a duty to provide that care. Neglect also means "medical neglect" as defined in section 260.015, subdivision 10, clause (e).

*Sections 2 to 15 may be cited as the "reinvest in Minnesota resources act of 1986."*

Sec. 2. [40.401] [PURPOSE AND POLICY.]

*It is the purposes of sections 2 to 6 to keep certain marginal agricultural land out of crop production or pasture to protect soil and water quality and support fish and wildlife habitat. It is state policy to encourage the retirement of marginal, highly erodible land, particularly land adjacent to public waters and drainage systems, from crop production and to reestablish a cover of perennial vegetation.*

*Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 3 to 6.*

*Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of agriculture.*

Sec. 4. [40.42] [CONSERVATION RESERVE PROGRAM.]

*Subdivision 1. [ESTABLISHMENT OF PROGRAM.] The commissioner of agriculture, in consultation with the commissioner of natural resources, shall establish and administer a conservation reserve program. Selection of land for the conservation reserve program must be based on its potential for fish and wildlife production, reducing erosion, and protecting water quality.*

*Subd. 2. [ELIGIBLE LAND.] Land may be placed in the conservation reserve program if the land:*

*(1) is marginal agricultural land, or adjacent to marginal agricultural land and beneficial to resource protection or necessary for efficient recording of the land description;*

*(2) was owned by the applicant on January 1, 1985, or for an application made on or after January 1, 1988, was owned by the applicant for at least three years before the date of application;*

*(3) is at least five acres in size, or is a whole field as defined by the United States agricultural stabilization and conservation service;*

*(4) is not set aside, enrolled or diverted under another federal or state government program; and*

*Subd. 3. [CONSERVATION EASEMENTS.] The commissioner may acquire conservation easements on eligible land. An easement may be permanent or of limited duration. An easement of limited duration may not be acquired if it is for a period less than ten years. The negotiation and acquisition of easements authorized by this section are exempt from the contractual provisions of chapter 16B.*

*Subd. 4. [NATURE OF PROPERTY RIGHTS ACQUIRED.]*  
*(a) A conservation easement must prohibit:*

*(1) alteration of wildlife habitat and other natural features, unless specifically approved by the commissioner;*

*(2) agricultural crop production, unless specifically approved by the commissioner for wildlife management purposes;*

*(3) grazing of livestock unless approved by the commissioner after consultation with the commissioner of natural resources,*

*in the case of severe drought, or a local emergency declared under section 12.29; and*

*(4) spraying with chemicals or mowing, except as necessary to comply with noxious weed control laws or emergency control of pests necessary to protect public health.*

*(b) A conservation easement is subject to the terms of the agreement provided in subdivision 5.*

*(c) A conservation easement must allow repairs, improvements, and inspections necessary to maintain public drainage systems provided the easement area is restored to the condition required by the terms of the conservation easement.*

**Subd. 5. [AGREEMENTS BY LANDOWNER.]** *The commissioner may enroll eligible land in the conservation reserve program by signing an agreement in recordable form with a landowner in which the landowner agrees:*

*(1) to convey to the state a conservation easement that is not subject to any prior title, lien, or encumbrance;*

*(2) to seed the land subject to the conservation easement, as specified in the agreement, to establish and maintain perennial cover of either a grass-legume mixture or native grasses for the term of the easement, at seeding rates determined by the commissioner; or to plant trees or carry out other long-term capital improvements approved by the commissioner for soil and water conservation or wildlife management;*

*(4) to the enforcement of the agreements in this subdivision by an action for specific performance, a mandatory injunction, or for damages in an amount not to exceed the total amount paid by the state to the landowner under subdivision 6, with interest from the date of each default under the agreement.*

**Subd. 6. [PAYMENTS FOR CONSERVATION EASEMENTS AND ESTABLISHMENT OF COVER.]** *The commissioner must make the following payments to the landowner for the conservation easement and agreement:*

*(1) to establish the perennial cover or other improvements required by the agreement, up to \$75 per acre;*

*(2) for the cost of planting trees required by the agreement, up to \$75 per acre;*

(3) for a permanent easement, 70 percent of the township average equalized estimated market value of agricultural property as established by the commissioner of revenue at the time the easement is conveyed; and

(4) for an easement of limited duration, 90 percent of the present value of the average of the acceptable bids for the federal conservation reserve program, as contained in Public Law Number 99-198, in the relevant geographic area and on bids made immediately prior to when the easement is conveyed. If federal bid figures have not been determined for the area, or the federal program has been discontinued, the rate paid shall be determined by the commissioner.

The commissioner may not pay more than \$50,000 to a landowner for all the landowner's conservation easements and agreements.

**Subd. 7. [EASEMENT RENEWAL.]** When a conservation easement of limited duration expires, a new conservation easement and agreement for an additional period of ten years may be acquired by agreement of the commissioner and the landowner, under the terms of this section. The commissioner may adjust payment rates as a result of renewing an agreement and conservation easement only after examining the condition of the established cover, conservation practices, and land values.

**Sec. 5. [40.43] [COOPERATION AND TECHNICAL ASSISTANCE; SUPPLEMENTAL CONSERVATION PAYMENT.]**

**Subdivision 1. [COOPERATION.]** In implementing sections 2 to 5 the commissioner must share information and cooperate with the department of natural resources, the pollution control agency, the United States Fish and Wildlife Service, the Agricultural Stabilization and Conservation Service and Soil Conservation Service of the United States Department of Agriculture, the Minnesota extension service, the University of Minnesota, county boards, and interested private organizations and individuals.

**Subd. 2. [TECHNICAL ASSISTANCE.]** The commissioners of agriculture and natural resources must provide necessary technical assistance to landowners enrolled in the conservation reserve program. The commissioner of natural resources must provide technical advice and assistance to the commissioner on the form and content of the conservation easement and agreement, and on agronomic practices relating to the establishment and maintenance of permanent cover, or other conservation improvements. The commissioners of agriculture and natural resources shall jointly prepare an informational booklet on the conservation reserve program and other state and federal programs for land acquisition, conservation, and retirement to be made available to eligible landowners and the general public.

*Subd. 3. [SUPPLEMENTAL CONSERVATION PAYMENTS.] The commissioner may supplement cost-share payments made under other programs, up to \$75 an acre, to the extent of available appropriations other than bond proceeds. The supplemental cost-share payments must be used to establish perennial cover on land enrolled in programs approved by the commissioner, including the federal conservation reserve program and federal and state waterbank programs.*

**Sec. 6. [40.44] [RULEMAKING.]**

*The commissioner shall adopt rules and is authorized to adopt emergency rules in order to implement sections 2 to 6. The rules must include standards for tree planting so that planting does not conflict with existing electrical lines, telephone lines, rights-of-way, or drainage ditches.*

**Sec. 7. [84.941] [POLICY.]**

*It is the policy of the state that fish and wildlife are renewable natural resources to be conserved and enhanced through planned scientific management, protection, and utilization.*

**Sec. 8. [84.942] [FISH AND WILDLIFE RESOURCES MANAGEMENT PLAN.]**

*Subdivision 1. [PREPARATION.] The commissioner of natural resources shall prepare a comprehensive fish and wildlife management plan designed to accomplish the policy of section 7. (2) *an assessment of the capability of fish and wildlife resources to meet present and future demand;*

(3) *development of a data base capable of continuous updating and useable as a resource management tool; and*

(4) *a statement of major goals, objectives, and policies to address fish and wildlife resource management issues.*

*Subd. 4. [OPERATIONAL PLAN.] The operational plan must be reviewed and updated every two years. The operational plan must include the following:*

(1) *a description of specific actions needed to address resource management issues;*

(2) *an estimate of the expenditures necessary to implement the management actions and a description of the sources and amounts of revenue available;*
