In its consideration of these factors, the board shall utilize the information and recommendations developed by the subcommittees. In addition, the board shall utilize any other data developed by the subcommittees pursuant to the duties assigned to the subcommittees under this section.

After making a determination, the board shall submit its recommendation in writing to the commissioner. The board shall advise the commissioner on the adoption of rules regarding all aspects of medical care and services provided to injured employees.

(b) The board shall appoint three of its members to hear appeals from decisions of the commissioner regarding quality control and supervision of medical care; any other disputes regarding medical, surgical, and hospital care; decisions regarding the eligibility of medical providers to receive payments; or any other determinations of the commissioner pursuant to subdivision 2. The three member panel shall be composed of one member who does not represent a health care specialty, one member who represents the same specialty as the specialty at issue or, if the same specialty is not available, one member whose specialty is as close as possible considering the board's composition, and one member representing a different specialty. The three member panel shall conduct a hearing in the same manner, giving the same notice and following other procedures required of the rehabilitation review panel in section 176.102, subdivision 3a. A majority vote of the three member panel constitutes the decision of the full board. This decision may be appealed to the workers' compensation court of appeals. The medical services review board may upon petition from the commissioner and after hearing, issue a penalty of \$100 per violation, disqualify, or suspend a provider from receiving payment for services rendered under this chapter if a provider has violated any part of this chapter or rule adopted under this chapter. The hearings are initiated by the commissioner under the contested case procedures of chapter 14. The board shall make the final decision following receipt of the recommendation of the administrative law judge. The board's decision is appealable to the workers' compensation court of appeals in the manner provided by section 176.421.

(c) In any situation where a conflict of interest prevents the appointment of a full three-member panel or in any other situation where the commissioner deems it necessary to resolve a conflict of interest, the commissioner may appoint a temporary substitute board member to serve until the situation creating the conflict of interest has been resolved.

(d) The board may adopt rules of procedure. The rules may be joint rules with the rehabilitation review panel.

Sec. 29. [176.106] [ADMINISTRATIVE CONFERENCE.]

Subdivision 1. [SCOPE.] All determinations by the commissioner pursuant to sections 176.102, 176.103, 176.135, or 176.136 shall be in accordance with the procedures contained in this section.

Subd. 2. [REQUEST FOR CONFERENCE.] Any party may request an administrative conference by filing a request on a form prescribed by the commissioner.

Subd. 3. [CONFERENCE.] The matter shall be scheduled for an administrative conference within 60 days after receipt of the request for a conference. Notice of the conference shall be served on all

parties no later than 14 days prior to the conference, unless the commissioner determines that a conference shall not be held. The commissioner may order an administrative conference whether or not a request for conference is filed.

The commissioner, at his discretion, may refuse to hold an administrative conference and refer the matter for a settlement or pretrial conference or may certify the matter to the office of administrative hearings for a full hearing before a compensation judge.

Subd. 4. [APPEARANCES.] All parties shall appear either personally, by telephone, by representative, or by written submission. The commissioner shall determine the issues in dispute based upon the information available at the conference.

Subd. 5. [DECISION.] A written decision shall be issued by the commissioner or an authorized representative determining all issues considered at the conference or if a conference was not held, based on the written submissions. Disputed issues of fact shall be determined by a preponderance of the evidence. The decision must be issued within 30 days after the close of the conference or if no conference was held, within 60 days after receipt of the request for conference. The decision must include a statement indicating the right to request a de novo hearing before a compensation judge and how to initiate the request.

Subd. 6. [PENALTY.] At a conference, if the insurer does not provide a specific reason for nonpayment of the items in dispute, the commissioner may assess a penalty of \$300 payable to the special compensation fund, unless it is determined that the reason for the lack of specificity was the failure of the insurer, upon timely request, to receive information necessary to remedy the lack of specificity. This penalty is in addition to any penalty that may be applicable for nonpayment.

Subd. 7. [REQUEST FOR HEARING.] Any party aggrieved by the decision of the commissioner may request a formal hearing by filing the request with the commissioner no later than 30 days after the decision. The request shall be referred to the office of administrative hearings for a de novo hearing before a compensation judge. The commissioner shall refer a timely request to the office of administrative hearings within five working days after filing of the request and the hearing at the office of administrative hearings must be held on the first date that all parties are available but not later than 60 days after the office of administrative hearings receives the matter. Following the hearing, the compensation judge must issue the decision within 30 days. The decision of the compensation judge is appealable pursuant to section 176.421.

Subd. 8. [DENIAL OF PRIMARY LIABILITY.] The commissioner does not have authority to make determinations relating to medical or rehabilitation benefits when there is a genuine dispute over whether the injury initially arose out of and in the course of employment, except as provided by section 176.305.

Subd. 9. [SUBSEQUENT CAUSATION ISSUES.] If initial liability for an injury has been admitted or established and an issue subsequently arises regarding causation between the employee's condition and the work injury, the commissioner may make the subsequent causation determination subject to de novo hearing by a compensation judge with a right to review by the court of appeals, as provided in this chapter.

Sec. 30. Minnesota Statutes 1986, section 176.111, subdivision 17, is amended to read:

Subd. 17. [PARTIAL DEPENDENTS.] Partial dependents are entitled to receive only that proportion of the benefits provided for actual dependents which the average amount of wages regularly contributed by the deceased to such partial dependents at the time of and for a reasonable time immediately prior to the injury bore to the total income of the dependent during the same time; and if the amount regularly contributed by the deceased to such partial dependents cannot be ascertained because of the circumstances of the case, the commissioner, compensation judge, or workers' compensation court of appeals, in cases upon appeal, shall make a reasonable estimate thereof taking into account all pertinent factors of the case.

Sec. 31. Minnesota Statutes 1986, section 176.132, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBLE RECIPIENTS.] (a) An employee who has suffered personal injury prior to October 1, 1983 for which benefits are payable under section 176.101 and who has been totally disabled for more than 104 weeks shall be eligible for supplementary benefits as prescribed in this section after 104 weeks have elapsed and for the remainder of the total disablement. Regardless of the number of weeks of total disability, no totally disabled person is ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, except as provided by clause (b), provided that all periods of disability are caused by the same injury.

(b) An employee who has suffered personal injury after October 1, 1983 is eligible to receive supplementary benefits after the employee has been receiving temporary total or permanent total benefits for 208 weeks. Notwithstanding the above, an employee shall be eligible for supplementary benefits on the date permanent total disability benefits are subject to an offset for any governmental disability

program pursuant to section 176.101, subdivision 4. Regardless of the number of weeks of total disability, no person who is receiving temporary total compensation shall be ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, provided that all periods of disability are caused by the same injury.

Sec. 32. Minnesota Statutes 1986, section 176.133, is amended to read:

176.133 [ATTORNEY'S FEES, SUPPLEMENTARY BENEFITS.]

Attorney's fees may be approved by the commissioner, a compensation judge, or by the workers' compensation court of appeals from the supplementary workers' compensation benefits provided by section 176.132 if the case involves the obtaining of supplementary workers' compensation benefits. When such fees are allowed an amount equal to 25 percent of that portion of the fee which is in excess of \$250 shall be added to the employee's benefit as provided in section 176.081 rather than deducted as a portion thereof. The fees shall be determined according to section 176.081.

Sec. 33. Minnesota Statutes 1986, section 176.135, subdivision 1, is amended to read:

Subdivision 1. This treatment shall include treatments necessary to physical rehabilitation. The employer shall furnish replacement or repair for artificial members, glasses, or spectacles, artificial eyes, podiatric orthotics, dental bridge work, dentures or artificial teeth, hearing aids, canes, crutches or wheel chairs damaged by reason of an injury arising out of and in the course of the employment. In case of the employer's inability or refusal seasonably to do so the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing the same, including costs and attorney fees incurred by the employee or the health care provider. Attorney's fees shall be determined on an hourly basis according to the criteria in section 176.081, subdivision 5. The employer shall pay for the reasonable value of nursing services by a member of the employee's family in cases of permanent total disability. Except as provided in paragraph (b), orders of the commissioner with respect to this subdivision may be reviewed by the medical services review board

pursuant to section 176.103. Orders of the medical services review board with respect to this subdivision may be reviewed by the workers' compensation court of appeals on petition of an aggrieved party pursuant to section 176.103. Orders of the court of appeals may be reviewed by writ of certiorari to the supreme court.

(b) The commissioner has authority to make determinations regarding medical causation and regarding the question whether the medical condition, which required the furnished treatment or supplies, is a consequence of the injury. Objections to any order of the commissioner with respect to this paragraph shall be referred to the chief administrative law judge for a de novo hearing before a compensation judge, with a right to review by the workers' compensation court of appeals, as provided in this chapter. Both the commissioner and the compensation judges have authority to make determinations under this section in accordance with section 29 and section 176.305.

Sec. 34. Minnesota Statutes 1986, section 176.135, subdivision 1a, is amended to read:

Subd. 1a. [NONEMERGENCY SURGERY; SECOND SURGICAL OPINION.] The employer is required to furnish surgical treatment pursuant to subdivision 1 only after the employee has obtained two surgical opinions concerning whether when the surgery is reasonably required to cure and relieve the effects of the personal injury or occupational disease. If at least one of the opinions affirms that the surgery is reasonably required, the employee may choose to undergo the surgery. An employee may not be compelled to undergo surgery. If an employee desires a second opinion on the necessity of the surgery, the employer shall pay the costs of obtaining the second opinion. Except in cases of emergency surgery, the employer or insurer may require the employee to obtain a second opinion on the necessity of the surgery, at the expense of the employer, before the employee undergoes surgery. Failure to obtain a second surgical opinion shall not be reason for nonpayment of the charges for the surgery. The employer is required to pay the reasonable value of the surgery unless the commissioner or compensation judge determines that the surgery is not reasonably required. A second surgical opinion is not required in cases of emergency surgery or when the employer and employee agree that the opinion is not necessary.

Sec. 35. Minnesota Statutes 1986, section 176.135, subdivision 2, is amended to read:

Subd. 2. designation of a physician, podiatrist, or chiropractor suggested by the injured employee or the commissioner of the department of labor and industry. In such case If a change is agreed upon or ordered, the expense thereof medical expenses shall be borne by the employer upon the same terms and conditions as provided in subdivision 1 and for medical, podiatric, chiropractic and surgical treatment and attendance.

Sec. 36. Minnesota Statutes 1986, section 176.135, subdivision 3, is amended to read:

Subd. 3. [LIMITATION OF LIABILITY.] The pecuniary liability of the employer for the treatment, articles and supplies required by this section shall be limited to the charges therefor as prevail in the same community for similar treatment, articles and supplies furnished to injured persons of a like standard of living when the same are paid for by the injured persons. On this basis the commissioner, medical services review board, or workers' compensation court of appeals on appeal or compensation judge may determine the reasonable value of all such services and supplies and the liability of the employer is limited to the amount so determined.

Sec. 37. Minnesota Statutes 1986, section 176.135, is amended by adding a subdivision to read:

Subd. 6. [COMMENCEMENT OF PAYMENT.] As soon as reasonably possible, and no later than 30 calendar days after receiving the bill, the employer or insurer shall pay the charge or any portion of the charge which is not denied, deny all or a part of the charge on the basis of excessiveness or noncompensability, or specify the additional data needed, with written notification to the employee and the provider.

Sec. 38. Minnesota Statutes 1986, section 176.135, is amended by adding a subdivision to read:

Subd. 7. [MEDICAL BILLS AND RECORDS.] Health care providers shall submit to the insurer an itemized statement of charges as well as copies of medical records or reports that substantiate the nature of the charge and its relationship to the work injury. No charge may be made for copies of any records or reports that are in existence and directly relate to the items for which payment is sought under this chapter.

A health care provider shall not collect, attempt to collect, refer a bill for collection, or commence an action for collection against the employee, employer, or any other party until the information required by this section has been furnished.

Sec. 39. Minnesota Statutes 1986, section 176.136, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVE FEES.] If the ~~payer~~ employer or insurer determines that the charge for a health service or medical service is excessive, no payment in excess of the reasonable charge for that service shall be made under this chapter nor may the provider collect or attempt to collect from the injured employee or any other insurer or government amounts in excess of the amount payable under this chapter unless the commissioner, ~~medical services review board~~ compensation judge, or ~~workers' compensation court of appeals~~ determines otherwise. In such a case, the health care provider may initiate an action under this chapter for recovery of the amounts deemed excessive by the employer or insurer, but the employer or insurer shall have the burden of proving excessiveness.

Sec. 40. Minnesota Statutes 1986, section 176.1361, is amended to read:

#### 176.1361 [TESTIMONY OF PROVIDERS.]

When the commissioner, a compensation judge, or the ~~workers' compensation court of appeals~~ has reason to believe that a medical or other provider of treatment services has submitted false testimony or a false report in any proceeding under this chapter, the commissioner, compensation judge, or the workers' compensation court of appeals shall refer the matter to an appropriate licensing body or other professional certifying organization for review and recommendations. Based upon their recommendation, the ~~commissioner~~ medical services review board, after hearing, may bar the provider from making an appearance, and disallow the admission into evidence of written reports of the provider, in any proceeding under this chapter for a period not to exceed one year in the first instance and three years in the second instance, and may permanently bar the provider from appearance and the provider's reports from admission in evidence thereafter.

Sec. 41. Minnesota Statutes 1986, section 176.139, is amended to read:

#### 176.139 [NOTICE OF RIGHTS POSTED.]

A notice, in form approved by the commissioner of labor and industry, shall be posted in a conspicuous place at each place of employment Subdivision 1. [POSTING REQUIREMENT.] All employers required or electing to carry workers' compensation coverage in the state of Minnesota shall post and display in a conspicuous location a notice, in a form approved by the commissioner, advising employees of their rights and obligations under this chapter, assistance available to them, and the operation of the workers' compensation system, the name and address of the workers' compensation carrier insuring them or the fact that the employer is self-insured.

The notice shall be displayed at all locations where the employer is engaged in business.

Subd. 2. [FAILURE TO POST; PENALTY.] The commissioner may assess a penalty of \$300 against the employer payable to the special compensation fund if, after notice from the commissioner, the employer violates the posting requirement of this section.

Sec. 42. Minnesota Statutes 1986, section 176.155, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or representative of the employee. The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

Sec. 43. Minnesota Statutes 1986, section 176.155, subdivision 3, is amended to read:

Subd. 3. [REFUSAL TO BE EXAMINED.] If the injured employee refuses to comply with any reasonable request for examination, the right to compensation may be suspended by order of the ~~division, commissioner or a compensation judge or workers' compensation court of appeals in a matter before it,~~ and no compensation shall be paid while the employee continues in the refusal.

Sec. 44. Minnesota Statutes 1986, section 176.155, subdivision 5, is amended to read:

Subd. 5. [TESTIMONY OF HEALTH CARE PROVIDER.] Any physician or other health care provider designated by the commissioner, or compensation judge, or ~~workers' compensation court of appeals~~ or whose services are furnished or paid for by the employer, or who treats, examines, or is present at any examination, of an injured employee, may be required to testify as to any knowledge acquired by the physician or health care provider in the course of the treatment or examination relative to the injury or disability resulting from the injury only if ~~the commissioner or a compensation judge makes a written finding that the appearance of the physician or health care provider is crucial to the accurate determination of the employee's disability:~~ in cases involving occupational disease, cardiopulmonary injuries or diseases, injuries resulting from cumulative trauma, issues of apportionment of liability, and mental disorders, or upon an order of a compensation judge. In all other cases all evidence related to health care must be submitted by written report as prescribed by the chief administrative law judge. A party may cross-examine by deposition a physician or health care provider who has examined or treated the employee. If a physician or health care provider is not available for cross-examination prior to the hearing and the physician's or health care provider's written report is submitted at the hearing, the compensation judge shall, upon request of the adverse party, require the physician or health care provider to testify at the hearing or to be present at a posthearing deposition for the purpose of being cross-examined by the adverse party. All written evidence relating to health care must be submitted prior to or at the time of the hearing and no evidence shall be considered which was submitted after the hearing unless the compensation judge orders otherwise, and, in no case later than 30 days following the final hearing date unless an extension is granted by the chief administrative law judge. Existing medical reports must be submitted with a claim petition or answer as provided in sections 176.291 and 176.321. All reports shall substantially conform to rules prescribed by the chief administrative law

judge. When a written report is used to present the testimony, it shall be admitted into evidence without the necessity for foundational testimony and shall be considered as prima facie evidence of the opinions it contains.

Sec. 45. Minnesota Statutes 1986, section 176.179, is amended to read:

**176.179 [PAYMENTS OF COMPENSATION RECEIVED IN GOOD FAITH.]**

Notwithstanding section 176.521, subdivision 3, or any other provision of this chapter to the contrary, except as provided in this section, no lump sum or weekly payment, or settlement, which is voluntarily paid to an injured employee or the survivors of a deceased employee in apparent or seeming accordance with the provisions of this chapter by an employer or insurer, or is paid pursuant to an order of the workers' compensation division, a compensation judge, or court of appeals relative to a claim by an injured employee or the employee's survivors, and received in good faith by the employee or the employee's survivors shall be refunded to the paying employer or insurer in the event that it is subsequently determined that the payment was made under a mistake in fact or law by the employer or insurer. When the payments have been made to a person who is entitled to receive further payments of compensation for the same injury, the mistaken compensation may be taken as a full credit against future lump sum benefit entitlement and as a partial credit against future weekly benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of economic recovery or impairment compensation shall not exceed 20 percent of the amount that would otherwise be payable.

A credit may not be applied against medical expenses due or payable.

Sec. 46. Minnesota Statutes 1986, section 176.185, is amended by adding a subdivision to read:

**Subd. 5a. [PENALTY FOR IMPROPER WITHHOLDING.] An employer who violates subdivision 5 after notice from the commissioner is subject to a penalty of 200 percent of the amount withheld from or charged the employee. The penalty shall be imposed by the commissioner. Fifty percent of this penalty is payable to the special compensation fund and 50 percent is payable to the employee.**

Sec. 47. Minnesota Statutes 1986, section 176.191, subdivision 1, is amended to read:

Subdivision 1. Where compensation benefits are payable under this chapter, and a dispute exists between two or more employers or two or more insurers as to which is liable for payment, the commissioner, compensation judge, or ~~workers' compensation~~ court of appeals upon appeal shall direct, unless action is taken under subdivision 2, that one or more of the employers or insurers make payment of the benefits pending a determination of liability. A temporary order may be issued under this subdivision whether or not the employers or insurers agree to pay under the order.

When liability has been determined, the party held liable for the benefits shall be ordered to reimburse any other party for payments which the latter has made, including interest at the rate of 12 percent a year. The claimant shall also be awarded a reasonable attorney fee, to be paid by the party held liable for the benefits.

An order directing payment of benefits pending a determination of liability may not be used as evidence before a compensation judge, the workers' compensation court of appeals, or court in which the dispute is pending.

Sec. 48. Minnesota Statutes 1986, section 176.191, subdivision 2, is amended to read:

Subd. 2. Where compensation benefits are payable under this chapter, and a dispute exists between two or more employers or two or more insurers as to which is liable for payment, the commissioner or a compensation judge upon petition shall authorize order, unless action is taken under subdivision 1, the special compensation fund established in section 176.131 to make payment of the benefits pending a determination of liability.

The personal injury for which the commissioner or a compensation judge shall order compensation from the special fund is not limited by section 176.131, subdivision 8.

When liability has been determined, the party held liable for benefits shall be ordered to reimburse the special compensation fund for payments made, including interest at the rate of 12 percent a year.

Sec. 49. [176.194] [PROHIBITED PRACTICES.]

Subdivision 1. [APPLICATION.] This section applies to insurers, self-insurers, group self-insurers, political subdivisions of the state, and the administrator of state employees' claims.

This section also applies to adjusters and third-party administrators who act on behalf of an insurer, self-insurer, group self-insurer,

the assigned risk plan, the Minnesota insurance guaranty association, a political subdivision, or any other entity.

This section shall be enforceable only by the commissioner of labor and industry. Evidence of violations under this section shall not be admissible in any civil action.

Subd. 2. [PURPOSE.] This section is not intended to replace existing requirements of this chapter which govern the same or similar conduct; these requirements and penalties are in addition to any others provided by this chapter.

Subd. 3. [PROHIBITED CONDUCT.] The following conduct is prohibited:

(1) failing to reply, within 30 calendar days after receipt, to all written communication about a claim from a claimant that requests a response;

(2) failing, within 45 calendar days after receipt of a written request, to commence benefits or to advise the claimant of the acceptance or denial of the claim by the insurer;

(3) failing to pay or deny medical bills within 45 days after the receipt of all information requested from medical providers;

(4) filing a denial of liability for workers' compensation benefits without conducting an investigation;

(5) failing to regularly pay weekly benefits in a timely manner as prescribed by rules adopted by the commissioner once weekly benefits have begun. Failure to regularly pay weekly benefits means failure to pay an employee on more than three occasions in any 12-month period within three business days of when payment was due;

(6) failing to respond to the department within 30 calendar days after receipt of a written inquiry from the department about a claim;

(7) failing to pay pursuant to an order of the department, compensation judge, court of appeals, or the supreme court, within 45 days from the filing of the order unless the order is under appeal; or

(8) advising a claimant not to obtain the services of an attorney or representing that payment will be delayed if an attorney is retained by the claimant.

Subd. 4. [PENALTIES.] The penalties for violations of clauses (1) through (6) are as follows:

<u>1st through 5th violation</u> <u>of each paragraph</u>	<u>written warning</u>
<u>6th through 10th violation</u> <u>of each paragraph</u>	<u>\$2,500 per violation</u> <u>in excess of five</u>
<u>11th through 30th violation</u> <u>of each paragraph</u>	<u>\$5,000 per violation</u> <u>in excess of ten</u>

For violations of clauses (7) and (8), the penalties are:

<u>1st through 5th violation</u> <u>of each paragraph</u>	<u>\$2,500 per violation</u>
<u>6th through 30th violation</u> <u>of each paragraph</u>	<u>\$5,000 per violation</u> <u>in excess of five</u>

The penalties under this section may be imposed in addition to other penalties under this chapter that might apply for the same violation. The penalties under this section are assessed by the commissioner and are payable to the special compensation fund. A party may object to the penalty and request a formal hearing under section 176.85. If an entity has more than 30 violations within any 12-month period, in addition to the monetary penalties provided, the commissioner may refer the matter to the commissioner of commerce with recommendation for suspension or revocation of the entity's (a) license to write workers' compensation insurance; (b) license to administer claims on behalf of a self-insured, the assigned risk plan, or the Minnesota insurance guaranty association; (c) authority to self-insure; or (d) license to adjust claims. The commissioner of commerce shall follow the procedures specified in section 176.195.

Subd. 5. [RULES.] The commissioner may, by rules adopted in accordance with chapter 14, specify additional misleading, deceptive, or fraudulent practices or conduct which are subject to the penalties under this section.

Sec. 50. Minnesota Statutes 1986, section 176.195, subdivision 3, is amended to read:

Subd. 3. [COMPLAINT, ANSWER; HEARING.] A complaint against an insurer shall include a notice and order for hearing, shall be in writing and shall specify clearly the grounds upon which the license is sought to be suspended or revoked. The insurer may shall file a written answer to the complaint and is entitled to receive a hearing in its own behalf before the commissioner of commerce within 20 days of service of the complaint. The hearing shall be conducted under chapter 14.

Sec. 51. Minnesota Statutes 1986, section 176.221, subdivision 1, is amended to read:

Subdivision 1. [COMMENCEMENT OF PAYMENT.] Within 14 days of notice to or knowledge by the employer of an injury compensable under this chapter the payment of temporary total compensation shall commence. Within 14 days of notice to or knowledge by an employer of a new period of temporary total disability which is caused by an old injury compensable under this chapter, the payment of temporary total compensation shall commence; provided that the employer or insurer may file for an extension with the commissioner within this 14-day period, in which case the compensation need not commence within the 14-day period but shall commence no later than 30 days from the date of the notice to or knowledge by the employer of the new period of disability. Commencement of payment by an employer or insurer does not waive any rights to any defense the employer has on any claim or incident either with respect to the compensability of the claim under this chapter or the amount of the compensation due. Where there are multiple employers, the first employer shall pay, unless it is shown that the injury has arisen out of employment with the second or subsequent employer. Liability for compensation under this chapter may be denied by the employer or insurer by giving the employee written notice of the denial of liability. If liability is denied for an injury which is required to be reported to the commissioner under section 176.231, subdivision 1, the denial of liability must be filed with the commissioner within 14 days after notice to or knowledge by the employer of an injury which is alleged to be compensable under this chapter. If the employer or insurer has commenced payment of compensation under this subdivision but determines within 30 days of notice to or knowledge by the employer of the injury that the disability is not a result of a personal injury, payment of compensation may be terminated upon the filing of a notice of denial of liability within 30 days of notice or knowledge. After the 30-day period, payment may be terminated only by the filing of a notice as provided under section 176.242 60. Upon the termination, payments made may be recovered by the employer if the commissioner or compensation judge finds that the employee's claim of work related disability was not made in good faith. A notice of denial of liability must state in detail specific reasons explaining why the claimed injury or occupational disease was determined not to be within the scope and course of employment and shall include the name and telephone number of the person making this determination.

Sec. 52. Minnesota Statutes 1986, section 176.221, subdivision 3, is amended to read:

Subd. 3. [PENALTY.] If the employer or insurer does not begin payment of compensation within the time limit prescribed under subdivision 1 or 8, the commissioner may assess a penalty, payable to the special compensation fund, of up to 100 percent which shall be a percentage of the amount of compensation to which the employee is entitled because of the injury to receive up to the date compensa-

tion payment is made to the employee or the compensation to which the employee is entitled to receive up to the date the penalty is imposed, in addition to any other penalty otherwise provided by statute. This penalty may also be imposed on an employer or insurer who violates section 176.242 or 176.243 including, but not limited to, violating the commissioner's decision not to discontinue compensation.

The amount of penalty shall be determined as follows:

<u>Numbers of days late</u>	<u>Penalty</u>
<u>1 - 15</u>	<u>25 percent of compensation due, not to exceed \$375,</u>
<u>16 - 30</u>	<u>50 percent of compensation due, not to exceed \$1,140,</u>
<u>31 - 60</u>	<u>75 percent of compensation due, not to exceed \$2,878,</u>
<u>61 or more</u>	<u>100 percent of compensation due, not to exceed \$3,838.</u>

The penalty under this section is in addition to any penalty otherwise provided by statute.

Sec. 53. Minnesota Statutes 1986, section 176.221, subdivision 7, is amended to read:

Subd. 7. [INTEREST.] Any payment of compensation, charges for treatment under section 176.135 or, rehabilitation expenses under 176.102, subdivision 9, or penalties assessed under this chapter not made when due shall bear interest at the rate of eight percent a year from the due date to the date the payment is made or the rate set by section 549.09, subdivision 1, whichever is greater.

For the purposes of this subdivision, permanent partial disability payment is due 14 days after receipt of the first medical report which contains a disability rating if such payment is otherwise due under this chapter, and charges for treatment under section 176.135 are due 30 calendar days after receiving the bill and necessary medical data.

If the claim of the employee or dependent for compensation is contested in a proceeding before a compensation judge or the commissioner, the decision of the judge or commissioner shall provide for the payment of unpaid interest on all compensation awarded, including interest accruing both before and after the filing of the decision.

Sec. 54. Minnesota Statutes 1986, section 176.225, subdivision 1, is amended to read:

Subdivision 1. [GROUNDS.] Upon reasonable notice and hearing or opportunity to be heard, the ~~division~~ commissioner, a compensation judge, or upon appeal, the ~~workers' compensation~~ court of appeals or the supreme court may award compensation, in addition to the total amount of compensation award, of up to 25 percent of that total amount where an employer or insurer has:

(a) instituted a proceeding or interposed a defense which does not present a real controversy but which is frivolous or for the purpose of delay; or,

(b) unreasonably or vexatiously delayed payment; or,

(c) neglected or refused to pay compensation; or,

(d) intentionally underpaid compensation; or

(e) unreasonably or vexatiously discontinued compensation in violation of ~~section 176.242~~ sections 59 and 60.

Sec. 55. Minnesota Statutes 1986, section 176.225, subdivision 4, is amended to read:

Subd. 4. [HEARING BEFORE COMMISSIONER OF COMMERCE.] Upon receipt of a complaint filed under subdivision 3, the commissioner of commerce shall hear and determine the matter in the manner provided by ~~this~~ chapter 14. On finding that a charge made by the complaint is true, the commissioner of commerce ~~shall~~ may suspend or revoke the license of the insurer to do business in this state. The insurer may appeal from the action of the commissioner revoking the license in the manner provided in ~~this~~ chapter 14.

Sec. 56. Minnesota Statutes 1986, section 176.231, subdivision 2, is amended to read:

Subd. 2. [INITIAL REPORT, WRITTEN REPORT.] Where subdivision 1 requires an injury to be reported within 48 hours, the employer may make an initial report by telephone, telegraph, or personal notice, and file a written report of the injury within seven days from its occurrence or within such time as the commissioner of labor and industry designates. All written reports of injuries required by subdivision 1 shall include the date of injury, amounts of payments made, if any, and the date of the first payment. The reports shall be in quadruplicate on a form designed by the commissioner, with two copies the original to the commissioner and, one copy to the insurer, and one copy to the employee.

If an insurer or self-insurer repeatedly fails to pay benefits within three days of the due date, pursuant to section 176.221, the insurer or self-insurer shall be ordered by the commissioner to explain, in person, the failure to pay benefits due in a reasonable time. If prompt payments are not thereafter made, the commissioner shall refer the insurer or self-insurer to the commissioner of commerce for action pursuant to section 176.225, subdivision 4.

Sec. 57. Minnesota Statutes 1986, section 176.231, subdivision 10, is amended to read:

**Subd. 10. [FAILURE TO FILE REQUIRED REPORT, PENALTY.]** If an employer, insurer, physician, chiropractor, or other health provider fails to file with the commissioner any report required by this section in the manner and within the time limitations prescribed, or otherwise fails to provide a report required by this section in the manner provided by this section, the commissioner may impose a penalty of up to \$200 for each failure.

The imposition of a penalty may be appealed to a compensation judge within 30 days of notice of the penalty.

Penalties collected by the state under this subdivision shall be paid into the special compensation fund.

Sec. 58. Minnesota Statutes 1986, section 176.231, is amended by adding a subdivision to read:

**Subd. 11. [FAILURE TO FILE REQUIRED REPORT; SUBSTITUTE FILING.]** Where this section requires the employer to file a report of injury with the commissioner, and the employer is unable or refuses to file the report, the insurer shall file the report within ten days of a request from the division. The report shall be filed in the manner prescribed by this section. If both the employer and the insurer fail to file the report within 30 days of notice of the injury, the commissioner shall file the report.

The filing of a report of injury by the commissioner does not subject an employee or the dependents of an employee to the three-year time limitations under section 176.151, paragraphs 1 and 2.

A substitute filing under this subdivision shall not be a defense to a penalty assessed under subdivision 10.

Sec. 59. [176.238] [NOTICE OF DISCONTINUANCE OF TEMPORARY TOTAL, TEMPORARY PARTIAL, OR PERMANENT TOTAL COMPENSATION.]

Subdivision 1. [NECESSITY FOR NOTICE AND SHOWING; CONTENTS.] Except as provided in section 176.221, subdivision 1, once the employer has commenced payment of benefits, the employer may not discontinue payment of compensation until it provides the employee with notice in writing of intention to do so. A copy of the notice shall be filed with the division by the employer. The notice to the employee and the copy to the division shall state the date of intended discontinuance and set forth a statement of facts clearly indicating the reason for the action. Copies of whatever medical reports or other written reports in the employer's possession which are relied on for the discontinuance shall be attached to the notice.

Subd. 2. [CONTINUANCE OF EMPLOYER'S LIABILITY; SUSPENSION.] (a) [DISCONTINUANCE BECAUSE OF RETURN TO WORK.] If the reason for discontinuance is that the employee has returned to work, temporary total compensation may be discontinued effective the day the employee returned to work. Written notice shall be served on the employee and filed with the division within 14 days of the date the insurer or self-insured employer has notice that the employee has returned to work.

(b) [DISCONTINUANCE FOR REASONS OTHER THAN RETURN TO WORK.] If the reason for the discontinuance is for other than that the employee has returned to work, the liability of the employer to make payments of compensation continues until the copy of the notice and reports have been filed with the division. When the division has received a copy of the notice of discontinuance, the statement of facts and available medical reports, the duty of the employer to pay compensation is suspended, except as provided in the following subdivisions and in section 60.

Subd. 3. [INTERIM ADMINISTRATIVE DECISION.] An employee may request the commissioner to schedule an administrative discontinuance conference to obtain an expedited interim decision concerning the discontinuance of compensation. Procedures relating to discontinuance conferences are set forth in section 60.

Subd. 4. [OBJECTION TO DISCONTINUANCE.] An employee may serve on the employer and file with the commissioner an objection to discontinuance if:

(a) the employee elects not to request an administrative conference under section 60;

(b) if the employee fails to timely proceed under that section;

(c) if the discontinuance is not governed by that section; or

(d) if the employee disagrees with the commissioner's decision issued under that section. Within ten calendar days after receipt of an objection to discontinuance, the commissioner shall refer the

matter to the office for a de novo hearing before a compensation judge to determine the right of the employee to further compensation.

Subd. 5. [PETITION TO DISCONTINUE.] Instead of filing a notice of discontinuance, an employer may serve on the employee and file with the commissioner a petition to discontinue compensation. A petition to discontinue compensation may also be used when the employer disagrees with the commissioner's decision under section 60. Within ten calendar days after receipt of a petition to discontinue, the commissioner shall refer the matter to the office for a de novo hearing before a compensation judge to determine the right of the employer to discontinue compensation.

The petition shall include copies of medical reports or other written reports or evidence in the possession of the employer bearing on the physical condition or other present status of the employee which relate to the proposed discontinuance. The employer shall continue payment of compensation until the filing of the decision of the compensation judge and thereafter as the compensation judge, court of appeals, or the supreme court directs, unless, during the interim, occurrences arise justifying the filing of a notice under subdivision 1 or 2 and the discontinuance is permitted by the commissioner's order or no conference under section 60 is requested.

Subd. 6. [EXPEDITED HEARING BEFORE A COMPENSATION JUDGE.] A hearing before a compensation judge shall be held within 30 calendar days after the office receives the file from the commissioner if:

(a) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the notice of discontinuance was filed and where no administrative conference has been held;

(b) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the commissioner's decision under this section has been issued;

(c) a petition to discontinue has been filed by the insurer in lieu of filing a notice of discontinuance; or

(d) a petition to discontinue has been filed within 60 calendar days after the commissioner's decision under this section has been issued.

If the petition or objection is filed later than the deadlines listed above, the expedited procedures in this section apply only where the employee is unemployed at the time of filing the objection and shows, to the satisfaction of the chief administrative judge, by sworn affidavit, that the failure to file the objection within the deadlines was due to some infirmity or incapacity of the employee or to circumstances beyond the employee's control. The hearing shall be

limited to the issues raised by the notice or petition unless all parties agree to expanding the issues. If the issues are expanded, the time limits for hearing and issuance of a decision by the compensation judge under this subdivision shall not apply.

Once a hearing date has been set, a continuance of the hearing date will be granted only under the following circumstances:

(a) the employer has agreed, in writing, to a continuation of the payment of benefits pending the outcome of the hearing; or

(b) the employee has agreed, in a document signed by the employee, that benefits may be discontinued pending the outcome of the hearing.

Absent a clear showing of surprise at the hearing or the unexpected unavailability of a crucial witness, all evidence must be introduced at the hearing. If it is necessary to accept additional evidence or testimony after the scheduled hearing date, it must be submitted no later than 14 days following the hearing, unless the compensation judge, for good cause, determines otherwise.

The compensation judge shall issue a decision pursuant to this subdivision within 30 days following the close of the hearing record.

Subd. 7. [ORDER OF COMPENSATION JUDGE.] If the order of the compensation judge confirms a discontinuance of compensation, the service and filing of the order relieves the employer from further liability for compensation subject to the right of review provided by this chapter, and to the right of the compensation judge to set aside the order at any time prior to the review and to grant a new hearing pursuant to this chapter. Once an appeal to the workers' compensation court of appeals is filed, a compensation judge may not set aside the order. In any appeal from the compensation judge's decision under this section, the court of appeals shall conclude any oral arguments by the parties within 60 days following certification of the record from the office.

Subd. 8. [NOTICE FORMS.] Notices under this section shall be on forms prescribed by the commissioner.

Subd. 9. [SERVICE ON ATTORNEY.] If the employee has been presently represented by an attorney for the same injury, all notices required by this section shall also be served on the last attorney of record.

Subd. 10. [FINES; VIOLATION.] An employer who violates requirements set forth in this section or section 60 is subject to a fine of up to \$500 for each violation payable to the special compensation fund.

Subd. 11. [APPLICATION OF SECTION.] This section shall not apply to those employees who have been adjudicated permanently totally disabled, or to those employees who have been administratively determined pursuant to division rules to be permanently totally disabled.

Sec. 60. [176.239] [ADMINISTRATIVE DECISION CONCERNING DISCONTINUANCE OF COMPENSATION.]

Subdivision 1. [PURPOSE.] The purpose of this section is to provide a procedure for parties to obtain an expedited interim administrative decision in disputes over discontinuance of temporary total, temporary partial, or permanent total compensation.

Subd. 2. [REQUEST FOR ADMINISTRATIVE CONFERENCE.] If the employee disagrees with the notice of discontinuance, the employee may request that the commissioner schedule an administrative conference to be conducted pursuant to this section.

If temporary total, temporary partial, or permanent total compensation has been discontinued because the employee has returned to work, and the employee believes benefits should be reinstated due to occurrences during the initial 14 calendar days of the employee's return to work, the employee's request must be received by the commissioner within 30 calendar days after the employee has returned to work. If the employer has failed to properly serve and file the notice as provided in section 59, the employee's time period to request an administrative conference is extended up to and including the 40th calendar day subsequent to the return to work.

If temporary total, temporary partial, or permanent total compensation has been discontinued for a reason other than a return to work, the employee's request must be received by the commissioner within 12 calendar days after the notice of discontinuance is received by the commissioner. If the employer discontinues compensation without giving notice as required by section 59, the employee's time period for requesting an administrative conference is extended up to and including the 40th calendar day after which the notice should have been served and filed.

The commissioner may determine that an administrative conference is not necessary under this section for reasons prescribed by rule and permit the employer to discontinue compensation, subject to the employee's right to file an objection to discontinuance under section 59, subdivision 4.

In lieu of making a written request for an administrative conference with the commissioner, an employee may make an in-person or telephone request for the administrative conference.

Subd. 3. [PAYMENT THROUGH DATE OF DISCONTINUANCE CONFERENCE.] If a notice of discontinuance has been served and filed due to the employee's return to work, and the employee requests a conference, the employer is not obligated to reinstate or otherwise pay temporary total, temporary partial, or permanent total compensation unless so ordered by the commissioner.

When an administrative conference is conducted under circumstances in which the employee has not returned to work, compensation shall be paid through the date of the administrative conference unless:

- (a) the employee has returned to work since the notice was filed;
- (b) the employee fails to appear at the scheduled administrative conference; or
- (c) due to unusual circumstances or pursuant to the rules of the division, the commissioner orders otherwise.

Subd. 4. [SCHEDULING OF CONFERENCE.] If the employee timely requests an administrative conference under this section, the commissioner shall schedule a conference within ten calendar days after receiving the request.

Subd. 5. [CONTINUANCES.] An employee or employer may request a continuance of a scheduled administrative conference. If the commissioner determines there is good cause for a continuance, the commissioner may grant the continuance for not more than 14 calendar days unless the parties agree to a longer continuance. If compensation is payable through the day of the administrative conference pursuant to subdivision 3, and the employee is granted a continuance, compensation need not be paid during the period of continuance unless the commissioner orders otherwise. If the employer is granted a continuance and compensation is payable through the day of the administrative conference pursuant to subdivision 3, then compensation shall continue to be paid during the continuance. The commissioner may grant an unlimited number of continuances provided that payment of compensation during any continuance is subject to this subdivision.

Subd. 6. [SCOPE OF THE ADMINISTRATIVE DECISION.] If benefits have been discontinued due to the employee's return to work, the commissioner shall determine whether, as a result of occurrences arising during the initial 14 calendar days after the return to work, the employee is entitled to additional payment of temporary total, temporary partial, or permanent total compensation.

If periodic payment of temporary total, temporary partial, or permanent total compensation has been discontinued for reasons

other than a return to work, the commissioner shall determine whether the employer has reasonable grounds to support the discontinuance. Only information or reasons specified on the notice of discontinuance shall provide a basis for a discontinuance, unless the parties agree otherwise.

Subd. 7. [INTERIM ADMINISTRATIVE DECISION.] After considering the information provided by the parties at the administrative conference, the commissioner shall issue to all interested parties a written decision on payment of compensation. Administrative decisions under this section shall be issued within five working days from the close of the conference. Disputed issues of fact shall be determined by a preponderance of the evidence.

Subd. 8. [DISAGREEMENT WITH ADMINISTRATIVE DECISION.] An employee who disagrees with the commissioner's decision under this section may file an objection to discontinuance under section 59, subdivision 4. An employer who disagrees with the commissioner's decision under this section may file a petition to discontinue under section 59, subdivision 5.

Subd. 9. [ADMINISTRATIVE DECISION BINDING; EFFECT OF SUBSEQUENT DETERMINATIONS.] The commissioner's decision under this section is binding upon the parties and the rights and obligations of the parties are governed by the decision.

If an objection or a petition is filed under subdivision 8, the commissioner's administrative decision remains in effect and the parties' obligations or rights to pay or receive compensation are governed by the commissioner's administrative decision, pending a determination by a compensation judge pursuant to section 59, subdivision 6.

If the commissioner has denied a discontinuance or otherwise ordered commencement of benefits, the employer shall continue paying compensation until an order is issued by a compensation judge, the court of appeals, or the supreme court, allowing compensation to be discontinued, or unless, during the interim, occurrences arise justifying the filing of a notice under section 59, subdivisions 1 or 2, and the discontinuance is permitted by the commissioner or no conference is requested. If a compensation judge, the court of appeals, or the supreme court later rules that the discontinuance was proper or that benefits were otherwise not owing the employee, payments made under the commissioner's administrative decision and order shall be treated as an overpayment which the insurer may recover from the employee subject to section 176.179.

If the commissioner has permitted a discontinuance or otherwise not ordered commencement of benefits, the service and filing of the administrative decision relieves the employer from further liability

for compensation subject to the right of review afforded by this chapter.

Subd. 10. [APPLICATION OF SECTION.] This section is applicable to all cases in which the employee's request for an administrative conference is received by the division after the effective date of this section even if the injury occurred prior to the effective date. This section shall not apply to those employees who have been adjudicated permanently totally disabled, or to those employees who have been administratively determined pursuant to division rules to be permanently totally disabled.

Sec. 61. Minnesota Statutes 1986, section 176.271, subdivision 1, is amended to read:

Subdivision 1. Unless otherwise provided by this chapter or by the commissioner of labor and industry, all proceedings before the division under this chapter are initiated by the filing of a written petition on a prescribed form with the commissioner of labor and industry at the commissioner's principal office. All claim petitions shall include the information required by section 176.291.

Sec. 62. Minnesota Statutes 1986, section 176.275, is amended to read:

176.275 [FILING OF PAPERS; PROOF OF SERVICE.]

Subdivision 1. [FILING.] If a document is required to be filed by this chapter or any rules adopted pursuant to authority granted by this chapter, the filing shall be completed by the receipt of the document at the division, department, office, or the court of appeals. The workers' compensation division, department, office, and the workers' compensation court of appeals shall file accept any paper document which has been delivered to it for legal filing immediately upon its receipt in the office of the commissioner of the department of labor and industry. The commissioner of the department of labor and industry shall file any paper which has been delivered to the commissioner for filing immediately upon its receipt.

A notice or other document required to be served or filed at either the department, the office, or the court of appeals which is inadvertently served or filed at the wrong one of these agencies shall be deemed to have been served or filed with the proper agency. The receiving agency shall note the date of receipt of a document and shall forward the documents to the proper agency no later than two working days following receipt.

Subd. 2. [PROOF OF SERVICE.] Whenever a provision of this chapter or rules adopted pursuant to authority granted by this chapter require either a proof of service or affidavit of service, the requirement is satisfied by the inclusion of a proof of service on the

document which has been served, in a form acceptable by the state district courts or approved by the commissioner.

Sec. 63. Minnesota Statutes 1986, section 176.291, is amended to read:

The petition may be stricken from the calendar upon motion of a party for failure to timely provide the required list of health care providers or authorizations.

Sec. 64. Minnesota Statutes 1986, section 176.301, subdivision 1, is amended to read:

Subdivision 1. [TRIAL BY COURT; REFERENCE TO COMMISSIONER CHIEF ADMINISTRATIVE LAW JUDGE.] When a workers' compensation issue has been joined is present in the district court action, the court may try the action itself without a jury, or refer the matter to the commissioner. In the latter case, the commissioner shall refer the matter to the chief administrative law judge for assignment to a compensation judge. The compensation judge shall report findings and decisions to the district court. The court may approve or disapprove such decision in the same manner as it approves or disapproves the report of a referee. The court shall enter judgment upon such decision.

If a representative appears on behalf of a party, the representative must have authority to fully settle the matter.

If settlement is not reached, the presiding officer may require the parties to present copies of all documentary evidence not previously filed and a summary of the evidence they will present at a formal hearing. If appropriate, a written summary decision shall be issued within ten days after the conference stating the issues and a determination of each issue. If a party fails to appear at the conference, all issues may be determined contrary to the absent party's interest, provided the party in attendance presents a prima facie case.

The summary decision is final unless a written request for a formal hearing is served on all parties and filed with the commissioner within 30 days after the date of service and filing of the summary decision. Within ten days after receipt of the request, the commissioner shall certify the matter to the office for a de novo hearing.

Sec. 67. Minnesota Statutes 1986, section 176.305, subdivision 2, is amended to read:

Subd. 2. [COPY OF PETITION.] The commissioner shall deliver the original petition and answer, after certification for a hearing before a compensation judge by a settlement judge, to the office of administrative hearings for assignment to a compensation judge.

Once a case is stricken, it may not be reinstated until the missing information is provided to the adverse parties and filed with the commissioner or compensation judge. If a case has been stricken from the calendar for one year or more and no corrective action has been taken, the commissioner or a compensation judge may, upon

the commissioner's or judge's own motion or a motion of a party which is properly served on all parties, dismiss the case. The petitioner must be given at least 30 days advance notice of the proposed dismissal before the dismissal is effective.

Sec. 70. Minnesota Statutes 1986, section 176.306, is amended by adding a subdivision to read:

Subd. 3. [SCHEDULING MATTERS.] A compensation judge may schedule a pretrial or settlement conference, whether or not a party requests such a conference.

Sec. 71. Minnesota Statutes 1986, section 176.312, is amended to read:

176.312 [AFFIDAVIT AFFIDAVITS OF PREJUDICE AND PETITIONS FOR REASSIGNMENT.]

In accordance with rules adopted by the chief administrative law judge, an affidavit of prejudice for cause may be filed by a each party to the claim against a compensation judge, in the same manner as an affidavit of prejudice is filed pursuant to law or rule of district court assigned to hear a case. The filing of an affidavit of prejudice against a compensation judge has the same effect and shall be treated in the same manner as in district court.

A petition for reassignment of a case to a different compensation judge for hearing may be filed once, in any case, by each party to the claim within ten days after the filing party has received notice of the assigned judge. Upon receipt of a timely petition for reassignment, the chief administrative law judge shall assign the case to another judge.

An affidavit of prejudice or a petition for reassignment shall be filed with the chief administrative law judge and shall not result in

the continuance or delay of a hearing scheduled under section 176.341.

This section does not apply to prehearing or settlement conferences.

Sec. 72: Minnesota Statutes 1986, section 176.321, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The answer shall admit, deny, or affirmatively defend against the substantial averments of the petition, and shall state the contention of the adverse party with reference to the matter in dispute.

Each fact alleged by the petition or answer and not specifically denied by the answer or reply is deemed admitted, but the failure to deny such a fact does not preclude the workers' compensation court of appeals, commissioner, or compensation judge from requiring proof of the fact.

The answer shall include the names and addresses of all known witnesses; whether or not the employer intends to schedule an adverse examination and, if known, the date, time, and place of all adverse examinations; the desired location for a hearing; any request for a prehearing or settlement conference; the estimated time needed to present evidence at a hearing; and, if an affidavit of significant financial hardship and request for an expedited hearing are included with the petition, any objection the employer may have to that request. If the date, time, and place of all adverse examinations is unknown at the time the answer is filed, the employer must notify the commissioner in writing of the date, time, and place of all adverse examinations within 50 days of the filing of the claim petition.

Sec. 73. Minnesota Statutes 1986, section 176.321, subdivision 3, is amended to read:

Subd. 3. [EXTENSION OF TIME IN WHICH TO FILE ANSWER.] Upon showing of cause, the commissioner of the department of labor and industry may extend the time in which to file an answer or reply for not more than 30 additional days. The time to file an answer or reply may also be extended upon agreement of the petitioner, and provided that the commissioner must be notified in writing by the employer no later than five days beyond the time required for the filing of the answer of the fact that an agreement has been reached, including the length of the extension. If an answer is not filed and there has been no extension by order of the commissioner or by agreement, the failure to file an answer shall be treated as a default. Any case received by the office that does not include an answer, written extension order, or written notification of

the extension agreement shall be immediately set for a hearing at the first available date under section 176.331.

Sec. 74. [176.322] [DECISIONS BASED ON STIPULATED FACTS.]

If the parties agree to a stipulated set of facts and only legal issues remain, the commissioner or compensation judge may determine the matter without a hearing based upon the stipulated facts and the determination is appealable to the court of appeals pursuant to sections 176.421 and 176.442. In any case where a stipulated set of facts has been submitted pursuant to this section, upon receipt of the file or the stipulated set of facts the chief administrative law judge shall immediately assign the case to a compensation judge for a determination. The judge shall issue a determination within 60 days after receipt of the stipulated facts.

Sec. 75. Minnesota Statutes 1986, section 176.331, is amended to read:

176.331 [AWARD BY DEFAULT PROCEEDINGS WHEN ANSWER NOT FILED.]

Except in cases involving multiple employers or multiple insurers, if an adverse party fails to file and serve an answer and the petitioner presents proof of this fact, the commissioner or compensation judge may enter whatever award or order to which the petitioner is entitled on the basis of the facts alleged in the petition, but the compensation judge may require proof of an alleged fact. If the commissioner requires proof or obtain an extension from the commissioner or the petitioner as required by section 176.321, subdivision 3, the commissioner shall request refer the matter to the chief administrative law judge to assign the matter to a compensation judge for an immediate hearing and prompt award or other order. The adverse party that failed to file an answer may appear at the hearing, present evidence and question witnesses, but shall not be granted a continuance for any reason.

If an adverse party who fails to serve and file an answer is neither insured for workers' compensation liability nor a licensed self-insured as required by section 176.181 and the special compensation fund is a party to the proceeding, the commissioner or compensation judge may enter an order awarding benefits to the petitioning party without a hearing if so requested by the special compensation fund.

Where in a default case the petition does not state facts sufficient to support an award, the compensation judge shall give the petitioner or the petitioner's attorney written notice of this deficiency. The petitioner may thereupon serve and file another petition as in the case of an original petition.

Sec. 76. Minnesota Statutes 1986, section 176.341, subdivision 3, is amended to read:

Subd. 3. [NOTICE MAILED TO EACH PARTY.] Unless subdivision 6 applies, at least 30 days prior to the date of hearing, the chief administrative law judge shall mail a notice of the time and place of hearing to each interested party. This subdivision does not apply to hearings which have been continued from an earlier date. In those cases, the notice shall be given in a manner deemed appropriate by the chief administrative law judge after considering the particular circumstances in each case.

Sec. 77. Minnesota Statutes 1986, section 176.341, is amended by adding a subdivision to read:

Subd. 4. [CONTINUANCES.] Only the chief administrative law judge or designee, on a showing of good cause, may grant a continuance of a hearing at the office. Except in cases of emergency or other good cause shown, any request for a continuance must be signed by both the party and the attorney seeking the continuance.

A continuance of a hearing will be granted only upon a showing of good cause. Good cause is established when the underlying eventuality is unforeseen, is not due to lack of preparation, is relevant, is brought to the chief administrative law judge's attention in a timely manner and does not prejudice the adversary.

Continuances will not be granted for the reason that an attorney for one of the parties has scheduled a vacation for the date set for the hearing unless the attorney has, prior to the setting of the hearing date, notified the office of the unavailable dates.

Continuances which are requested during the course of a hearing are subject to the same standards but may be granted or denied by the compensation judge assigned to the hearing. Continuances of prehearing or settlement conferences at the department or at the office are subject to the same standards but may be granted or denied by a settlement judge, the calendar judge, compensation judge, or other presiding officer assigned to the prehearing or settlement conference.

Sec. 78. Minnesota Statutes 1986, section 176.341, is amended by adding a subdivision to read:

Subd. 5. [EVIDENCE.] Absent a clear showing of surprise at the hearing or the unexpected unavailability of a crucial witness, all evidence must be submitted at the time of the hearing. Upon a showing of good cause, the compensation judge may grant an extension not to exceed 30 days following the hearing date.

Sec. 79. Minnesota Statutes 1986, section 176.341, is amended by adding a subdivision to read:

Subd. 6. [SIGNIFICANT FINANCIAL HARDSHIP; EXPEDITED HEARINGS.] An employee may file a request for an expedited hearing which must be granted upon a showing of significant financial hardship. In determining whether a significant financial hardship exists, consideration shall be given to whether the employee is presently employed, the employee's income from all sources, the nature and extent of the employee's expenses and debts, whether the employee is the sole support of any dependents, whether either foreclosure of homestead property or repossession of necessary personal property is imminent, and any other matters which have a direct bearing on the employee's ability to provide food, clothing, and shelter for the employee and any dependents.

A request for an expedited hearing must be accompanied by a sworn affidavit of the employee providing facts necessary to satisfy the criteria for a significant financial hardship. The request may be made at the time a claim petition is filed or any time thereafter. Unless the employer objects to the request in the answer to the claim petition or within 20 calendar days of the filing of a request made subsequent to the filing of the claim petition, the affidavit is a sufficient showing of significant financial hardship.

If a request for an expedited hearing has been served and filed, the commissioner or compensation judge shall issue an order granting or denying the request, provided that where the parties agree that significant financial hardship exists or no objection to the request is timely filed, the request is automatically granted and the compensation judge or commissioner need not issue an order. If it is denied, the matter will be returned to the regular calendar of cases and the request for an expedited hearing may be renewed at a settlement conference. If no objection has been timely filed or if the request is granted, the commissioner shall immediately refer the matter to the office to commence prehearing procedures.

The calendar judge shall issue a prehearing order and notice of the date, time, and place for a prehearing conference which shall be set for no later than 45 days following the filing of the affidavit of significant financial hardship. The prehearing order shall require the parties to serve and file prehearing statements no later than five working days prior to the date set for the prehearing conference. The prehearing statements shall include those items listed in the joint rules of the division and the office which the calendar judge deems appropriate.

Following any prehearing conference and absent an agreement or stipulation from the parties, the commissioner or compensation judge shall issue an order establishing deadlines for the parties to complete their preparation for hearing and, after consultation with

the calendar judge, establishing the date, time, and place for a hearing.

Sec. 80. Minnesota Statutes 1986, section 176.351, subdivision 2a, is amended to read:

Subd. 2a. [SUBPOENAS NOT PERMITTED.] A member of the rehabilitation review panel or medical services board or an employee of the department who has conducted an administrative or settlement conference or hearing under ~~section 176.192, 176.103, 176.135, 176.136, 176.242, or 176.243~~ section 29 or 60, shall not be subpoenaed to testify regarding the conference, hearing, or concerning a mediation session. A member of the rehabilitation review panel, medical services board, or an employee of the department may be required to answer written interrogatories limited to the following questions:

(c) Did the person making the decision consider all the information presented prior to rendering a decision?

(d) Did the person making the decision rely on information outside of the information presented at the conference or hearing in making the decision?

In addition, for a hearing with a compensation judge and with the consent of the compensation judge, an employee of the department who conducted an administrative conference, hearing, or mediation session, may be requested to answer written interrogatories relating to statements made by a party at the prior proceeding. These interrogatories shall be limited to affirming or denying that specific statements were made by a party.

Sec. 81. Minnesota Statutes 1986, section 176.361, subdivision 2, is amended to read:

Subd. 2. [WRITTEN APPLICATION.] A person desiring to intervene in a workers' compensation case as a party, including but not limited to a health care provider who has rendered services to an employee or an insurer who has paid benefits under section 176.191, shall submit a timely written application to intervene to the ~~compensation or settlement judge to whom the case has been assigned. If the case has not yet been assigned, the application shall~~

be made to the calendar judge if the case has been certified to the office, or to the division if the case has not been certified to the commissioner, the office, or to the mediation or rehabilitation and medical services section if the matter is pending in that section court of appeals, whichever is applicable.

(a) The application must be served on all parties either personally, by first class mail, or registered mail, return receipt requested. An application to intervene must be served and filed within 30 days after a person has received notice that a claim has been filed or a request for mediation made. An untimely application is subject to denial under subdivision 7.

(b) In any other situation, timeliness will be determined by the commissioner, compensation judge, or awarding authority in each case based on circumstances at the time of filing. The application must show how the applicant's legal rights, duties, or privileges may be determined or affected by the case; state the grounds and purposes for which intervention is sought; and indicate the statutory right to intervene. The application must be accompanied by the following, if applicable, except that if the action is pending in the mediation or rehabilitation and medical services section, clause (6) is not required and the information listed in clauses (1) to (5) may be brought to the conference rather than attached to the application:

(1) an itemization of disability payments showing the period during which the payments were or are being made; the weekly or monthly rate of the payments; and the amount of reimbursement claimed;

(2) a summary of the medical or treatment payments, or rehabilitation services provided by the division of vocational rehabilitation, broken down by creditor, showing the total bill submitted, the period of treatment or rehabilitation covered by that bill, the amount of payment on that bill, and to whom the payment was made;

(3) copies of all medical or treatment bills on which some payment was made;

(4) copies of the work sheets or other information stating how the payments on medical or treatment bills were calculated;

(5) a copy of the relevant policy or contract provisions upon which the claim for reimbursement is based;

(6) a proposed order allowing intervention with sufficient copies to serve on all parties;

(7) the name and telephone number of the person representing the intervenor who has authority to reach a settlement of the issues in dispute;

(8) proof of service or copy of the registered mail receipt;

(9) at the option of the intervenor, a proposed stipulation which states that all of the payments for which reimbursement is claimed are related to the injury or condition in dispute in the case and that, if the petitioner is successful in proving the compensability of the claim, it is agreed that the sum be reimbursed to the intervenor; and

(10) if represented by an attorney, the name, address, telephone number, and Minnesota Supreme Court license number of the attorney.

Sec. 82. Minnesota Statutes 1986, section 176.361, subdivision 5, is amended to read:

Subd. 5. [ORDER.] If an objection to intervention remains following settlement or pretrial conferences, the calendar commissioner or compensation judge shall rule on the intervention and the order is binding on the compensation judge to whom the case is assigned for hearing.

Sec. 83. Minnesota Statutes 1986, section 176.361, subdivision 7, is amended to read:

Subd. 7. [EFFECTS OF NONCOMPLIANCE.] Failure to comply with this section shall not result in a denial of the claim for reimbursement unless the compensation judge, or commissioner, or settlement judge determines that the noncompliance has materially prejudiced the interests of the other parties.

Sec. 84. Minnesota Statutes 1986, section 176.371, is amended to read:

#### 176.371 [AWARD OR DISALLOWANCE OF COMPENSATION.]

The compensation judge to whom a petition has been assigned for hearing, shall hear all competent, relevant evidence produced at the hearing. All questions of fact and law submitted to a compensation judge at the hearing shall be disposed of and the judge's decision shall be filed with the commissioner, except where expedited procedures require a shorter time, within 60 days after the submission, unless sickness or casualty prevents a timely filing, or the time is extended by written consent of the parties, or the chief administrative law judge extends the time for good cause. The compensation judge's decision shall include a determination of all contested issues of fact and law and an award or disallowance of compensation or

other order as the pleadings, evidence, this chapter and rule require. A compensation judge's decision shall include a memorandum only if necessary to delineate the reasons for the decision or to discuss the credibility of witnesses. A memorandum shall not contain a recitation of the evidence presented at the hearing but shall be limited to the compensation judge's basis for the decision.

No part of the salary of a compensation judge shall be paid unless the chief administrative law judge determines that all decisions of that judge have been issued within the time ~~limit~~ limits prescribed by this ~~section~~ chapter.

Sec. 85. Minnesota Statutes 1986, section 176.411, subdivision 1, is amended to read:

Subdivision 1. [CONDUCT OF HEARINGS AND INVESTIGATIONS.] Except as otherwise provided by this chapter, when a compensation judge makes an investigation or conducts a hearing, the compensation judge is bound neither by the common law or statutory rules of evidence nor by technical or formal rules of pleading or procedure. Hearsay evidence which is reliable is admissible. The investigation or hearing shall be conducted in a manner to ascertain the substantial rights of the parties.

Findings of fact shall be based upon competent relevant and material evidence only, as presented by competent witnesses, and shall comport with section 176.021.

Sec. 86. Minnesota Statutes 1986, section 176.421, is amended by adding a subdivision to read:

Subd. 4. [SERVICE AND FILING OF NOTICE; COST OF TRANSCRIPT.] Within the 30-day period for taking an appeal, the appellant shall:

- (1) serve a copy of the notice of appeal on each adverse party;

(3) in order to defray the cost of the preparation of the record of the proceedings appealed from, pay to the state treasurer, office of administrative hearings account the sum of \$25.

The first party to file an appeal is liable for the original cost of preparation of the transcript. Cross-appellants or any other persons requesting a copy of the transcript are liable for the cost of the copy. The chief administrative law judge may require payment for transcription costs to be made in advance of the transcript preparation. The cost of a transcript prepared by a nongovernmental source shall be paid directly to that source and shall not exceed the cost that the source would be able to charge the state for the same service.

Upon a showing of cause, the chief administrative law judge may direct that a transcript be prepared without expense to the party requesting its preparation, in which case the cost of the transcript shall be paid by the office of administrative hearings.

All fees received by the office of administrative hearings for the preparation of the record for submission to the workers' compensation court of appeals or for the cost of transcripts prepared by the office shall be deposited in the office of administrative hearings account in the state treasury and shall be used solely for the purpose of keeping the record of hearings conducted under this chapter and the preparation of transcripts of those hearings.

A person aggrieved by the determination may appeal to the workers' compensation court of appeals by filing a notice of appeal with the commissioner in the same manner and within the same time as if the appeal were from an order or decision of a compensation judge to the workers' compensation court of appeals.

Sec. 89. Minnesota Statutes 1986, section 176.511, subdivision 1, is amended to read:

Subdivision 1. [PARTIES NOT AWARDED COSTS.] Except as provided otherwise by this chapter and specifically by this section, in appeals before the ~~workers' compensation~~ court of appeals or hear-

A settlement which purports to do so must be approved by the ~~division commissioner~~, a compensation judge, or ~~workers' compensation court of appeals~~.

The conclusive presumption in this subdivision applies to a settlement agreement entered into on or after January 15, 1982, whether the injury to which the settlement applies occurred prior to or on or after January 15, 1982.

Subd. 2a. [SETTLEMENTS NOT SUBJECT TO APPROVAL.] When a settled case is not subject to approval, upon receipt of the stipulation for settlement, ~~the commissioner~~, a compensation judge, a ~~settlement judge~~, or the ~~workers' compensation court of appeals~~ shall immediately sign the award and file it with the commissioner. Payment pursuant to the award shall be made within 14 days after it is filed with the commissioner. The commissioner may correct mathematical or clerical errors at any time.

Subd. 3. [SETTING ASIDE AWARD UPON SETTLEMENT.] Notwithstanding the provisions of subdivision 1, 2, or 2a, or any provision in the agreement of settlement to the contrary, upon the filing of a petition by any party to the settlement, the ~~workers' compensation court of appeals~~ may set aside an award made upon a settlement, pursuant to this chapter. In appropriate cases, the ~~workers' compensation court of appeals~~ may refer the matter to the chief administrative law judge for assignment to a compensation judge for hearing.

(16) engaging in abusive or fraudulent billing practices, including violations of the federal Medicare and Medicaid laws or state medical assistance laws;

(17) becoming addicted or habituated to a drug or intoxicant;

(18) prescribing a drug for other than medically accepted therapeutic or experimental or investigative purposes authorized by a state or federal agency;

(19) engaging in sexual conduct with a patient or conduct that may reasonably be interpreted by the patient as sexual, or in verbal behavior which is seductive or sexually demeaning to a patient; or

(20) failure to make reports as required by section 13 or to cooperate with an investigation of the board as required by section 9.

Subd. 2. [EVIDENCE.] In disciplinary actions alleging a violation of subdivision 1, clause (3) or (4), a copy of the judgment or proceeding under the seal of the court administrator or of the administrative agency that entered the same is admissible into evidence without further authentication and constitutes prima facie evidence of the contents of that judgment or proceeding.

#### Sec. 9. [153.20] [PODIATRIST COOPERATION.]

A podiatrist who is the subject of an investigation by or on behalf of the board shall cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by or on behalf of the board relating to the subject of the investigation and providing copies of patient medical records, as reasonably requested by the board, to assist the board in its investigation. The board shall pay for copies requested. If the board does not have a written consent from a patient permitting access to the patient's records, the podiatrist shall delete any data in the record that identifies the patient before providing it to the board. The board shall maintain any records obtained under this section as investigative data under chapter 13.

#### Sec. 10. [153.21] [MENTAL EXAMINATION; ACCESS TO MEDICAL DATA.]

Subdivision 1. [SUBMISSION TO EXAMINATION.] If the board has probable cause to believe that a doctor of podiatric medicine falls within the provisions of section 8, subdivision 1, clause (12), it may direct the doctor to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this subdivision, a doctor of podiatric medicine licensed under this chapter is considered to have consented to submit to a mental or physical examination when directed in writing by the board and further to have waived all objections to the admissibility of the examiner's testimony or examination reports on the ground that the same constitute a privileged communication. Failure of a podiatrist to submit to an examination when directed constitutes an admission of the allegations against the podiatrist, unless the failure was due to circumstance beyond the podiatrist's control, in which case a default and final order may be entered without the taking of testimony or

presentation of evidence. A podiatrist affected under this subdivision shall at reasonable intervals be given an opportunity to demonstrate that the podiatrist can resume the competent practice of podiatric medicine with reasonable skill and safety to patients. In any proceeding under this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a podiatrist in any other proceeding.

Subd. 2. [ACCESS TO MEDICAL DATA.] In addition to ordering a physical or mental examination or chemical dependency evaluation, the board may, notwithstanding section 13.42, 144.651, or any other law limiting access to medical or other health data, obtain medical data and health records relating to a licensee or applicant without the licensee's or applicant's consent if the board has probable cause to believe that a doctor of podiatric medicine falls within the provisions of section 8, subdivision 1, clause (12). The medical data may be requested from a provider, as defined in section 144.335, subdivision 1, paragraph (b), an insurance company, or a government agency, including the department of human services. A provider, insurance company, or government agency shall comply with any written request of the board under this section and is not liable in any action for damages for releasing the data requested by the board if the data are released in accordance with a written request under this section, unless the information is false and the provider giving the information knew, or had reason to believe, the information was false.

Sec. 11. [153.22] [FORMS OF DISCIPLINARY ACTION; DATES; AUTOMATIC SUSPENSION; REISSUANCE.]

Subdivision 1. [FORMS OF DISCIPLINARY ACTION.] When the board finds, after notice and hearing, that a licensed doctor of podiatric medicine has violated a provision or provisions of this chapter, it may do one or more of the following:

- (1) revoke the license;
- (2) suspend the license;
- (3) impose limitations or conditions on the podiatrist's practice of podiatric medicine; the imposition of retraining or rehabilitation requirements; the requirement of practice under supervision; or the conditioning of continued practice on demonstration of knowledge or skills by appropriate examination or other review of skill and competence;
- (4) impose a civil penalty not exceeding \$10,000 for each separate violation, the amount of the civil penalty to be fixed so as to deprive the podiatrist of any economic advantage gained by reason of the violation charged or to reimburse the board for the cost of the investigation and proceeding;

(5) order the podiatrist to provide unremunerated professional service under supervision at a designated public hospital, nursing home, clinic, or other health care institution; or

(6) censure or reprimand the licensed podiatrist.

Subd. 2. [TEMPORARY SUSPENSION OF LICENSE.] In addition to any other remedy provided by law, the board may, without a hearing, temporarily suspend the license of a doctor of podiatric medicine if the board finds that the doctor has violated a statute or rule that the board is empowered to enforce and continued practice by the doctor would create a serious risk of harm to the public. The suspension shall take effect upon written notice to the doctor, specifying the statute or rule violated. The suspension shall remain in effect until the board issues a final order in the matter after a hearing. At the time it issues the suspension notice, the board shall schedule a disciplinary hearing to be held under the contested case procedure of the administrative procedure act. The doctor shall be provided with at least 20 days notice of any hearing held under this subdivision. The hearing shall be scheduled to begin no later than 30 days after the issuance of the suspension order.

Subd. 3. [EFFECTIVE DATES.] A suspension, revocation, condition, limitation, qualification or restriction of a license shall be in effect pending determination of an appeal unless the court, upon petition and for good cause shown, shall otherwise order.

Subd. 4. [AUTOMATIC SUSPENSION.] A license to practice podiatric medicine is automatically suspended if (1) a guardian of the person of a licensee is appointed by order of a probate court under sections 525.54 to 525.61, for reasons other than the minority of the licensee; or (2) the licensee is committed by order of a probate court under chapter 253B or sections 526.09 to 526.11. The license remains suspended until the licensee is restored to capacity by a court and, upon petition by the licensee, the suspension is terminated by the board after a hearing.

Subd. 5. [CONDITIONS ON REISSUED LICENSE.] In its discretion, the board may restore and reissue a license to practice podiatric medicine, but as a condition of the license may impose any disciplinary or corrective measure that it might originally have imposed.

## Sec. 12. [153.23] [DISCIPLINARY INVESTIGATION.]

Subdivision 1. [MALPRACTICE COMPLAINTS.] Whenever the files maintained by the board show that a podiatric medical malpractice settlement or award to the plaintiff has been made against a podiatrist as reported by insurers, the executive director may initiate a complaint under section 214.10.

Subd. 2. [ACCESS TO HOSPITAL RECORDS.] The board shall have access to hospital and medical records of a patient treated by the podiatrist under review if the patient signs a written consent permitting that access. If no consent form has been signed, the hospital or podiatrist shall first delete data in the record that identifies the patient before providing it to the board.

Sec. 13. [153.24] [REPORTING OBLIGATIONS.]

Subdivision 1. [PERMISSION TO REPORT.] A person who has knowledge of any conduct constituting grounds for discipline under this chapter may report the violation to the board.

Subd. 2. [INSTITUTIONS.] Any hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state shall report to the board any action taken by the institution or organization or any of its administrators or medical or other committees to revoke, suspend, restrict, or condition a podiatrist's privilege to practice or treat patients in the institution, or as part of the organization, any denial of privileges, or any other disciplinary action. The institution or organization shall also report the resignation of any podiatrists before the conclusion of any disciplinary proceeding, or prior to the commencement of formal charges but after the podiatrist had knowledge that formal charges were contemplated or in preparation. No report shall be required of a podiatrist voluntarily limiting his or her practice at a hospital if the podiatrist notifies all hospitals at which the podiatrist has privileges of the voluntary limitation and the reasons for it.

Subd. 3. [LICENSED PROFESSIONALS.] A licensed health professional shall report to the board personal knowledge of any conduct that the professional reasonably believes constitutes grounds for disciplinary action under this chapter by any podiatrist, including any conduct showing that the podiatrist may be medically incompetent, or may have engaged in unprofessional conduct or may be medically or physically unable to engage safely in the practice of podiatric medicine.

Subd. 4. [INSURERS.] Four times a year as prescribed by the board, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to podiatrists shall submit to the board a report concerning the podiatrists against whom podiatric medical malpractice settlements or awards have been made to the plaintiff. The report must contain at least the following information:

(1) the total number of podiatric malpractice settlements or awards made to the plaintiff;

(2) the date the podiatric malpractice settlements or awards to the plaintiff were made;

(3) the allegations contained in the claim or complaint leading to the settlements or awards made to the plaintiff;

(4) the dollar amount of each podiatric malpractice settlement or award;

(5) the regular address of the practice of the podiatrist against whom an award was made or with whom a settlement was made; and

(6) the name of the podiatrist against whom an award was made or with whom a settlement was made.

The insurance company shall, in addition to the foregoing information, report to the board any information it has that tends to substantiate a charge that a podiatrist may have engaged in conduct violating this chapter.

Subd. 5. [COURTS.] The court administrators of the district courts or any other court of competent jurisdiction shall report to the board any judgment or other determination of the court that adjudges or includes a finding that a podiatrist is mentally ill, mentally incompetent, guilty of a felony, or guilty of a violation of federal or state narcotics laws or controlled substances act, guilty of an abuse or fraud under Medicare or Medicaid, appoints a guardian of the podiatrist under sections 525.54 to 525.61 or commits a podiatrist under chapter 253B or sections 526.09 to 526.11.

Subd. 6. [SELF-REPORTING.] A podiatrist shall report to the board any personal action that would require that a report be filed with the board by any person, health care facility, business, or organization under subdivisions 2 to 5.

Subd. 7. [DEADLINES; FORMS.] Reports required by subdivisions 2 to 6 must be submitted not later than 30 days after the occurrence of the reportable event or transaction. The board may provide forms for the submission of reports required by this section, may require that reports be submitted on the forms provided, and may adopt rules necessary to assure prompt and accurate reporting.

#### Sec. 14. [153.25] [IMMUNITY.]

Subdivision 1. [REPORTING.] Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting a report to the board under section 13 or for otherwise reporting to the board violations or alleged violations of section 8.

Subd. 2. [INVESTIGATION.] Members of the board and persons employed by the board or engaged in the investigation of violations and in the preparation and management of charges of violations of

this chapter on behalf of the board are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

Greenfield from the Committee on Health and Human Services to which was referred:

H. F. No. 1022, A bill for an act relating to human services; establishing a community services conversion project; proposing coding for new law in Minnesota Statutes, chapter 252.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. [252.292] [COMMUNITY SERVICES CONVERSION PROJECT.]

Subdivision 1. [COMMISSIONER'S DUTIES; REPORT.] For the purposes of section 252.291, subdivision 3, the commissioner of human services shall ask counties to present proposals for the voluntary conversion of services provided by community intermediate care facilities for persons with mental retardation or related conditions to services provided under home and community-based services.

The commissioner shall report to the legislature by March 1, 1988, on the status of the community services conversion project. The report must include the project's cost, the number of counties and facilities participating, the number and location of decertified community intermediate care beds, and the project's effect on residents, former residents, and employees of community intermediate care facilities for persons with mental retardation or related conditions.

Subd. 2. [COUNTY PROPOSALS.] (a) The commissioner may approve county proposals within the limitations of this section. To be considered for approval, county proposals must contain the following information:

(1) specific plans for the development and provision of alternative services for residents moved from intermediate care facilities for persons with mental retardation or related conditions;

(2) time lines and expected beginning dates for resident relocation and facility closure; and

(3) projected caseloads and expenditures for intermediate care facilities for persons with mental retardation or related conditions and for home and community-based services.

(b) Counties must ensure that residents discharged from facilities participating in the project are moved to their home communities whenever possible. For the purposes of this section, "home community" means the county of financial responsibility or a county

adjacent to the county of financial responsibility. The commissioner shall have the sole authority to waive this requirement based on the choice of the person or the person's legal representative, if any.

(c) County proposals must comply with the need determination procedures in sections 252.28 and 252.291, the responsibility for persons with mental retardation or related conditions specified in section 256B.092, the requirements under United States Code, title 42, sections 1396 et seq., and section 256B.501, and the rules adopted under these laws.

(d) The commissioner shall give first priority to proposals that:

(1) respond to the emergency relocation of a facility's residents;

(2) result in the closing of a facility;

(3) demonstrate that alternative placements will be developed based on individual resident needs and applicable federal and state rules; and

(4) demonstrate savings of medical assistance expenditures. The commissioner shall give second priority to proposals that meet all of the above criteria except clause (1).

(e) The commissioner shall select proposals that best meet the criteria established in this subdivision within the appropriations made available for home and community-based services. The commissioner shall notify counties and facilities of the selections made and approved by the commissioner.

(f) For each proposal approved by the commissioner, a contract must be established between the commissioner, the county where the facility is located, and the participating facility. The contract must address the items in this subdivision and must be consistent with the requirements of this section.

Subd. 3. [HOME AND COMMUNITY-BASED SERVICES.] Home and community-based services shall be allocated to participating counties to replace intermediate care facility services for persons with mental retardation or related conditions that are decertified through the project. One additional home and community-based services placement shall be provided for each current resident of an intermediate care facility for persons with mental retardation or related conditions who chooses and is eligible for home and community-based services. The placement must meet applicable federal and state laws and rules. Additional home and community-based services placements will not be authorized for persons transferred to other intermediate care facilities for persons with mental retardation or related conditions, including state hospitals, or to

nursing homes licensed under chapter 144A, or for persons determined ineligible for home and community-based services.

The county must provide quarterly reports to the commissioner regarding the number of people moving out of participating facilities each month and their alternative placement. County actions that result in a denial of services, failure to act with reasonable promptness, suspension, reduction, or termination of services may be appealed by affected persons under section 256.045.

Subd. 4. [FACILITY RATES.] For purposes of this section, the commissioner shall establish payment rates under section 256B.501 and Minnesota Rules, parts 9553.0010 to 9553.0080, except that, in order to facilitate an orderly transition of residents from community intermediate care facilities for persons with mental retardation or related conditions to services provided under the home and community-based services program, the commissioner may, in a contract with the provider, modify the effect of provisions in Minnesota Rules, parts 9553.0010 to 9553.0080, as stated in clauses (a) to (i):

(a) extend the interim and settle-up rate provisions to include facilities covered by this section;

(b) extend the length of the interim period, but not to exceed 24 months. The commissioner may grant a variance to exceed the 24-month interim period, as necessary, for facilities which are licensed and certified to serve more than 99 persons. In no case shall the commissioner approve an interim period which exceeds 36 months;

(c) waive the investment per bed limitations for the interim period and the settle-up rate;

(d) limit the amount of reimbursable expenses related to the acquisition of new capital assets;

(e) prohibit the acquisition of additional capital debt or refinancing of existing capital debt unless prior approval is obtained from the commissioner;

(f) establish an administrative operating cost limitation for the interim period and the settle-up rate;

(g) require the retention of financial and statistical records until the commissioner has audited the interim period and the settle-up rate;

(h) require that the interim period be audited by a certified or licensed public accounting firm; or

(i) change any other provision to which all parties to the contract agree.

Sec. 2. Minnesota Statutes 1986, section 256B.092, subdivision 1, is amended to read:

Subdivision 1. [COUNTY OF FINANCIAL RESPONSIBILITY; DUTIES.] Before any services shall be rendered to persons with mental retardation or related conditions who are in need of social service and medical assistance, the county of financial responsibility shall conduct a diagnostic evaluation in order to determine whether the person is or may be mentally retarded or has or may have a related condition. If a client is diagnosed as mentally retarded or as having a related condition, that county must conduct a needs assessment, develop an individual service plan, provide ongoing case management services at the level identified in the individual service plan, and authorize placement for services. To the extent possible, for wards of the commissioner the county shall consider the opinions of the parent of the person with mental retardation or a related condition when developing the person's individual service plan. If the county of financial responsibility places a client in another county for services, the placement shall be made in cooperation with the host county of service, and arrangements shall be made between the two counties for ongoing social service, including annual reviews of the client's individual service plan. The host county may not make changes in the service plan without approval by the county of financial responsibility."

Amend the title as follows:

Page 1, line 3, after the semicolon insert "requiring counties to consider the opinions of parents when developing service plans for persons with mental retardation and related conditions; amending Minnesota Statutes 1986, section 256B.092, subdivision 1;"

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1986, section 115B.28, subdivision 4, is amended to read:

Subd. 4. [ADMINISTRATIVE PERSONNEL AND SERVICES.] The board may appoint an executive director who is not a member of the board. The executive director is in the unclassified service. The commissioner of health shall provide staff assistance, administrative services, and office space under a contract with the board. The board shall reimburse the commissioner for the staff, services, and space provided. In order to perform its duties, the board may request information from the supervising officer of any state agency or state institution of higher education. When requesting health data as defined in section 13.38 or sections 144.67 to 144.69, the board must submit a written release signed by the subject of the data or, if the subject is deceased, a representative of the deceased, authorizing release of the data in whole or in part. The supervising officer shall comply with the board's request to the extent possible considering available agency or institution appropriations and may assign agency or institution employees to assist the board in performing its duties under sections 115B.25 to 115B.37.

Sec. 2. Minnesota Statutes 1986, section 144.0722, is amended to read:

144.0722 [RESIDENT REIMBURSEMENT CLASSIFICATIONS; PROCEDURES FOR RECONSIDERATION.]

Subdivision 1. [RESIDENT REIMBURSEMENT CLASSIFICATIONS.] The commissioner of health shall establish resident reimbursement classifications based upon the assessments of residents of nursing homes and boarding care homes conducted under sections 144.072 and 144.0721, or under rules established by the commissioner of human services under sections 256B.41 to 256B.48. The reimbursement classifications established by the commissioner must conform to the rules established by the commissioner of human services.

Subd. 2. [NOTICE OF RESIDENT REIMBURSEMENT CLASSIFICATION.] The commissioner of health shall notify each resident, and the nursing home or boarding care home in which the resident resides, of the reimbursement classification established under subdivision 1. The notice must inform the resident of the classification that was assigned, the opportunity to review the documentation supporting the classification, the opportunity to obtain clarification from the commissioner, and the opportunity to request a reconsideration of the classification. The notice of resident classification must be sent by first-class mail. The individual resident notices may be sent to the resident's nursing home or boarding care home for distribution to the resident. The nursing home or boarding care home is responsible for the distribution of the notice to each resident, to the person responsible for the payment of the resident's nursing home expenses, or to another person designated by the resident. This notice must be distributed within three working days after the facility's receipt of the notices from the department.

Subd. 3. [REQUEST FOR RECONSIDERATION.] The resident or the nursing home or boarding care home may request that the commissioner reconsider the assigned reimbursement classification. The request for reconsideration must be submitted in writing to the commissioner within ten working 30 days of the receipt of the notice of resident classification. For reconsideration requests submitted by or on behalf of the resident, the time period for submission of the request begins as of the date the resident or the resident's representative receives the classification notice. The request for reconsideration must include the name of the resident, the name and address of the facility in which the resident resides, the reasons for the reconsideration, the requested classification changes, and documentation supporting the requested classification. The documentation accompanying the reconsideration request is limited to documentation establishing that the needs of the resident at the time of the assessment resulting in the disputed classification justify a change of classification.

Subd. 3a. [ACCESS TO INFORMATION.] Upon written request, the nursing home or boarding care home must give the resident or the resident's representative a copy of the assessment form and the other documentation that was given to the department to support the assessment findings. The nursing home or boarding care home shall also provide access to and a copy of other information from the resident's record that has been requested by or on behalf of the resident to support a resident's reconsideration request. A copy of any requested material must be provided within three working days of receipt of a written request for the information. If a facility fails to provide the material within this time, it is subject to the issuance of a correction order and penalty assessment under sections 144.653 and 144A.10. Notwithstanding those sections, any correction order issued under this subdivision must require that the facility immediately comply with the request for information and that as of the

date of the issuance of the correction order, the facility shall forfeit to the state a \$100 fine the first day of noncompliance, and an increase in the \$100 fine by \$50 increments for each day the noncompliance continues. For the purposes of this section, "representative" includes the resident's guardian or conservator, the person authorized to pay the nursing home expenses of the resident, a representative of the nursing home ombudsman's office whose assistance has been requested, or any other individual designated by the resident.

Subd. 3b. [FACILITY'S REQUEST FOR RECONSIDERATION.] In addition to the information required in subdivision 3, a reconsideration request from a nursing home or boarding care home must contain the following information: the date the resident reimbursement classification notices were received by the facility; the date the classification notices were distributed to the resident or the resident's representative; and a copy of a notice sent to the resident or to the resident's representative. This notice must tell the resident or the resident's representative that a reconsideration of the resident's classification is being requested, the reason for the request, that the resident's rate will change if the request is approved by the department and the extent of the change, that copies of the facility's request and supporting documentation are available for review, and that the resident also has the right to request a reconsideration. If the facility fails to provide this information with the reconsideration request, the request must be denied, and the facility may not make further reconsideration requests on that specific reimbursement classification.

Subd. 4. [RECONSIDERATION.] The commissioner's reconsideration must be made by individuals not involved in reviewing the assessment that established the disputed classification. The reconsideration must be based upon the initial assessment and upon the information provided to the commissioner under subdivision 3. If necessary for evaluating the reconsideration request, the commissioner may conduct on-site reviews. In its discretion, the commissioner may review the reimbursement classifications assigned to all residents in the facility. Within 15 working days of receiving the request for reconsideration, the commissioner shall affirm or modify the original resident classification. The original classification must be modified if the commissioner determines that the assessment resulting in the classification did not accurately reflect the needs of the resident at the time of the assessment. The resident and the nursing home or boarding care home shall be notified within five working days after the decision is made. The commissioner's decision under this subdivision is the final administrative decision of the agency.

Subd. 5. [AUDIT AUTHORITY.] The department of health may audit assessments of nursing home and boarding care home residents. These audits may be in addition to the assessments completed

by the department under section 144.0721. The audits may be conducted at the facility, and the department may conduct the audits on an unannounced basis.

Sec. 3. Minnesota Statutes 1986, section 144.092, is amended to read:

144.092 [COORDINATED NUTRITION DATA COLLECTION.]

The commissioner of health ~~shall~~ may develop and coordinate a reporting system to improve the state's ability to document inadequate nutrient and food intake of Minnesota's children and adults and to identify problems and determine the most appropriate strategies for improving inadequate nutritional status. The board on aging ~~shall~~ may develop a method to evaluate the nutritional status and requirements of the elderly in Minnesota. The commissioner of health and the board on aging ~~shall~~ may report to the legislature on each July 1, beginning in 1988, on the results of their investigation and their recommendations on the nutritional needs of Minnesotans.

Sec. 4. [144.4171] [SCOPE.]

Subdivision 1. [AUTHORITY.] Under the powers and duties assigned to the commissioner in sections 144.05 and 144.12, the commissioner shall proceed according to sections 4 to 19 with respect to persons who pose a health threat to others or who engage in noncompliant behavior.

Subd. 2. [PREEMPTION.] Sections 4 to 19 preempt and supersede any local ordinance or rule concerning persons who pose a health threat to others or who engage in noncompliant behavior.

Sec. 5. [144.4172] [DEFINITIONS.]

Subdivision 1. [CARRIER.] "Carrier" means a person who harbors or who the commissioner reasonably suspects of harboring a specific infectious agent whether or not there is present discernible clinical disease and who serves as a potential source of infection. In the absence of a medically accepted test, the commissioner may reasonably suspect an individual of carrier status only when a determination based upon specific facts justifies an inference that the individual harbors a specific infectious agent.

Subd. 2. [COMMUNICABLE DISEASE.] "Communicable disease" means a disease or condition that causes serious illness, serious disability, or death, the infectious agent of which may pass or be carried, directly or indirectly, from the body of one person to the body of another.

Subd. 3. [COMMISSIONER.] "Commissioner" means the commissioner of health.

Subd. 4. Subd. 3. [CARRIER STATUS.] Upon a finding by the court that the commissioner's suspicion of carrier status is reasonable as established by presentation of facts justifying an inference that the respondent harbors a specific infectious agent, there shall exist a rebuttable presumption that the respondent is a carrier. This presumption may be rebutted if the respondent demonstrates noncarrier status after undergoing medically accepted tests.

Subd. 4. [FAILURE TO APPEAR.] If a party fails to appear at the hearing without prior court approval, the hearing may proceed without the absent party and the court may make its determination on the basis of all reliable evidence submitted at the hearing.

(9) comply with any combination of the remedies in clauses (1) to (8), or other remedies considered just by the court. In no case may a respondent be committed to a correctional facility.

Subd. 2. [COMMITMENT REVIEW PANEL.] The court may not order the remedy specified in subdivision 1, clause (8), unless it first considers the recommendation of a commitment review panel appointed by the commissioner to review the need for commitment of the respondent to an institutional facility.

The duties of the commitment review panel shall be to:

(1) review the record of the proceeding;

(2) interview the respondent. If the respondent is not interviewed, the reasons must be documented; and

(3) identify, explore, and list the reasons for rejecting or recommending alternatives to commitment.

The petitioner or respondent may appeal the decision of the district court. The court of appeals shall hear the appeal within 30 days after service of the notice of appeal. However, respondent's status as determined by the district court remains unchanged, and any remedy ordered by the district court remains in effect while the appeal is pending.

Subdivision 1. [APPREHEND AND HOLD.] To protect the public health in an emergency, the court may order a health officer or peace officer to take a person into custody and transport the person to an appropriate emergency care or treatment facility for observation, examination, testing, diagnosis, care, treatment, and, if necessary, temporary detention. If the person is already institutionalized, the court may order the institutional facility to hold the person. These orders must be issued in an ex parte proceeding upon an affidavit of the commissioner or a designee of the commissioner. An order shall issue upon a determination by the court that reasonable cause exists to believe that the person is: (a) for indirectly transmitted diseases, an imminent health threat to others; or (b) for directly transmitted diseases a substantial likelihood of an imminent health threat to others.

- (5) the person's right to counsel, including the right, if indigent, to representation by counsel designated by the court or county of venue.

Subd. 3. However, in no case may the emergency hold continue longer than five days, unless a petition is filed under section 6. If a petition is filed, the emergency hold must continue until a hearing on the petition is held under section 10. That hearing must occur within five days of the filing of the petition, exclusive of Saturdays, Sundays, and legal holidays.

If the respondent provides inaccurate or misleading information, or later becomes able to pay the full cost of care, the respondent becomes liable to the county for costs paid by the county.

Subd. 2. [COURT-APPOINTED COUNSEL.] If the court appoints counsel to represent respondent free of charge, counsel must be compensated by the county in which respondent resides, except to the extent that the court finds that the respondent is financially able to pay for counsel's services. In these situations, the rate of compensation for counsel shall be determined by the court.

Subdivision 1. [PUBLIC PLACES.] No person shall smoke in a public place or at a public meeting except in designated smoking areas. Subd. 2. [AUTOMATIC DIALING-ANNOUNCING DEVICE.] "Automatic dialing-announcing device" means a device that selects and dials telephone numbers and that, working alone or in conjunction with other equipment, disseminates a prerecorded or synthesized voice message to the telephone number called.

Subd. 3. [CALLER.] "Caller" means an individual, corporation, firm, partnership, association, or legal or commercial entity who attempts to contact, or who contacts, a subscriber in this state by using a telephone or a telephone line.

Subd. 4. [COMMERCIAL TELEPHONE SOLICITATION.] "Commercial telephone solicitation" means any unsolicited call to a residential subscriber when the person initiating the call has not had a prior business or personal relationship with the subscriber, and when the purpose of the call is to solicit the purchase or the consideration of purchase of goods or services by the subscriber. Commercial telephone solicitation does not include calls initiated by organizations listed in section 290.21, subdivision 3, clauses (a) to (e).

Subd. 5. [SUBSCRIBER.] "Subscriber" means an individual who has subscribed to residential telephone service from a telephone company regulated by this state, and the other persons living or residing with the subscribing individual.

Sec. 2. [325E.27] [USE OF PRERECORDED OR SYNTHESIZED VOICE MESSAGES.]

A caller shall not use or connect to a telephone line an automatic dialing-announcing device that delivers a prerecorded or synthesized voice message, unless: (1) the subscriber has knowingly or voluntarily requested, consented to, permitted, or authorized receipt of the message; or (2) the message is immediately preceded by a live operator who obtains the subscriber's consent before the message is delivered. This section does not apply to messages to subscribers with whom the caller has a current business relationship, messages from school districts to students, parents or employees, or messages advising employees of work schedules.

Where the message is immediately preceded by a live operator, the operator must, at the outset of the message, disclose:

(1) the name of the business, firm, organization, association, partnership, or entity for which the message is being made;

(2) the purpose of the message; and

(3) the identity or kinds of goods or services the message is promoting.

If the message solicits payment or commitment of funds, that must be disclosed.

Sec. 5. [325E.30] [TELEPHONE CONSUMER PREFERENCE OPTION.]

Subdivision 1. [RULES.] The public utilities commission shall adopt rules by October 1, 1988, to adopt a mechanism for creating and maintaining a telephone consumer preference option to enable residential subscribers to be included in a listing of persons who do not want commercial telephone solicitation calls. The mechanism must:

(1) be revenue neutral;

(2) allow semiannual updating of the listing; and

(3) provide that costs be borne by persons acquiring the listings and not by subscribers.

Any listing compiled must be made available to persons who engage in commercial telephone solicitation.

The commission shall annually review the operation of the mechanism it adopts under this subdivision and make adjustments as needed.

Subd. 2. [UNWANTED SOLICITATION PROHIBITED.] No person shall make a commercial telephone solicitation to a residential subscriber who is listed pursuant to the mechanism required in section 1.

Sec. 6. [325E.31] [OPTIONS FOR CALLERS.]

Sec. 7. [325E.32] [PENALTIES; REMEDIES.]

Page 95, after line 17, insert:

"Section 1. [43A.315] [EMPLOYEES OF SCHOOL DISTRICTS.]

Subdivision 1. [DEFINITIONS.] In this section, the definitions in this subdivision apply.

(a) [COMMISSIONER.] "Commissioner" means the commissioner of the department of employee relations.

(b) [EMPLOYEE.] "Employee" means (1) a person who is a public employee within the definition of section 179A.03, subdivision 14, and is employed by an eligible employer; (2) a person employed by another public educational employer approved by the commissioner of employee relations; or (3) a person employed by a labor organization or employee association certified as an exclusive representative of employees of an eligible employer or by another public employer approved by the commissioner.

(c) [ELIGIBLE EMPLOYER.] "Eligible employer" means one of the following: a school district as defined in section 120.02; an educational cooperative service unit as defined in section 123.58; an intermediate district as defined in section 136C.02, subdivision 7; a cooperative center for vocational education as defined in section 123.351; a regional management information center as defined in section 121.935; or an education unit organized under the joint powers act, section 471.59.

(d) [EXCLUSIVE REPRESENTATIVE.] "Exclusive representative" means an exclusive representative as defined in section 179A.03, subdivision 8.

Subd. 2. [SCHOOL EMPLOYEE PARTICIPATION.] Participation in the basic benefits plan offered according to subdivision 3 is subject to the conditions in this subdivision.

(a) Each exclusive representative for an eligible employer determines whether the employees it represents will participate. The exclusive representative shall give notice to the employer of its determination to participate in the hospital, medical, life, and dental package before the execution of a new collective bargaining agreement or by April 1 of an odd-numbered year, whichever occurs first. The employer and the exclusive representative may by mutual consent make a determination at a later date to participate during the annual enrollment period established by the commissioner. By April 1 of an odd-numbered year, the employer must determine whether its employees who are not represented by an exclusive representative will participate in the hospital, medical, life, and dental package. Either all or none of an employer's unrepresented employees must participate.

(b) The decision to participate is for a one-year term if coverage begins in an even-numbered year and a two-year term if coverage begins in an odd-numbered year. Participation is automatically renewed for an additional four-year term unless the exclusive representative, or the employer in the case of unrepresented employees, gives the commissioner notice of withdrawal.

(c) The exclusive representative shall give notice of intent to withdraw to the commissioner before execution of a new collective bargaining agreement to cover the date on which the term of participation expires, or May 1 of the year in which the term of participation expires, whichever is first. If there is no exclusive representative, the employer shall notify the commissioner by May 1 of the year in which participation expires. A group that withdraws shall wait 18 months before rejoining.

(d) Each participating employer shall notify the commissioner of the individuals who will be participating within three weeks of receiving notice of intent to participate and within three weeks of deciding that its unrepresented employees will participate. The employer shall also submit other information as required by the commissioner for administration of this plan.

Subd. 3. [BENEFITS.] By February 1, 1989, the commissioner of employee relations shall offer a basic benefits plan as provided to employees covered by section 43A.18, subdivision 2, or as modified by the commissioner, in consultation with a labor-management committee appointed by the commissioner. The plan shall include employee hospital, medical, dental, and life insurance for employees and hospital and medical benefits for dependents. Health maintenance organization options and other delivery system options, if they are available, cost effective, and capable of servicing a group of this size, shall be provided. Plans with different deductible amounts may be offered. Participation in optional coverages provided by the plan may be determined by collective bargaining agreements. For employees not represented by an exclusive representative, the em-

ployer may offer the optional coverages to eligible employees and their dependents provided in the plan.

Subd. 4. [PREMIUMS.] Premiums, including an administration fee, shall be established by the commissioner of employee relations. Each eligible employer shall pay monthly the amounts due for employee benefits including the amounts under subdivision 5 to the commissioner on or before the dates established by the commissioner. Failure to pay may result in cancellation of the benefits. The proportions of premium paid by the employer and employee are subject to collective bargaining.

Subd. 5. [FRINGE BENEFIT FUND.] A school employee fringe benefit fund is established in the state treasury. The deposits consist of the premiums received from employers participating in the plan. All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other related service costs. The commissioner shall reserve an amount of money to cover the estimated cost of claims incurred but unpaid. The state board of investment shall invest the money according to section 11A.24. Investment income and losses attributable to the fund shall be credited to the fund.

Subd. 6. [CONTINUATION OF COVERAGE.] (a) A participating employee who is laid off or placed on unrequested leave may elect to continue the fringe benefit coverage. This coverage is at the expense of the employee unless otherwise provided by a collective bargaining agreement. Coverage continues until one of the following occurs: (1) the employee is reemployed and eligible for health care coverage under a group policy; or (2) the insurance continuation periods required by state and federal laws expire.

(b) A participating employee who retires and is receiving an annuity or is eligible for and has applied for an annuity under chapter 352, 353, 354, or 354A is eligible to continue to participate in the group hospital, medical, and dental coverage at premiums established by the commissioner. This participation is at the retiree's expense, unless otherwise provided by a collective bargaining agreement. An employer shall notify an employee of this option no later than the effective date of retirement. The retired employee must notify the employer within 30 days after the effective date of retirement of intent to exercise this option. A spouse of a deceased retired employee may purchase the benefits provided at premiums established by the commissioner if the employee received an annuity under chapter 352, 353, 354, or 354A and if the spouse was a dependent under the retired employee's coverage under this section at the time of the death of the retired employee. Coverage under this paragraph must be coordinated with relevant insurance benefits provided through the federally sponsored Medicare program.

(c) The benefits may continue in the event of a strike permitted by section 179A.18, if the exclusive representative chooses to have

coverage continue and the employee pays the total monthly premiums when due.

(d) A person who desires to participate under paragraphs (a) to (c) shall notify the employer or former employer of intent to participate according to timelines established by the commissioner. The employer shall notify the commissioner, and coverage shall begin as soon as permitted by the commissioner. Persons participating under these paragraphs shall make required premium payments in the time and manner established by the employer or the commissioner.

Subd. 7. [LABOR MANAGEMENT COMMITTEE.] A labor management committee of equal numbers of employees and employers or their representatives shall be appointed by the commissioner of employee relations. The committee shall study issues relating to the insurance plan including, but not limited to, flexible benefits, utilization review, quality assessment, and cost efficiency."

Sec. 2. COMMISSIONER OF HUMAN SERVICES

Subdivision 1. Total Appropriation    \$928,601,400    \$978,242,800

The amounts that may be spent from this appropriation for each program and activity are more specifically described in the following subdivisions.

Federal money received in excess of the estimates shown in the 1987 department of human services budget document reduces the state appropriation by the amount of the excess receipts, unless otherwise directed by the governor, after consulting with the legislative advisory commission.

Positions and administrative money may be transferred within the department of human services as the commissioner considers necessary, with the advance approval of the commissioner of finance.

1988

1989

\$

\$

Estimates of federal money that will be earned by the various accounts of the department of human services and deposited in the general fund are detailed on the worksheets of the conferees of the senate and house of representatives, a true copy of which is on file in the office of the commissioner of finance. If federal money anticipated is less than that shown on the official worksheets, the commissioner of finance shall reduce the amount available from the direct appropriation a corresponding amount. The reductions must be noted in the budget document submitted to the 76th legislature in addition to an estimate of similar federal money anticipated for the 1989-1991 biennium.

The commissioner of human services is authorized to use up to \$180,000 from the revolving account created by Minnesota Statutes, section 256.01, subdivision 2, paragraph (15), for the purposes of maximizing collections of federal Title IV-E funds through automation of the administrative functions associated with the licensing of foster care and family day care homes.

The information system project appropriations shall be deposited in the special systems account according to the provisions of Minnesota Statutes, section 256.014 and, except for development costs under the Child Support Enforcement Project, are not available until September 1, 1987.

Funds appropriated to computer projects may be transferred from one project to another as the commissioner considers necessary.

	1988	1989
	\$	\$
<p>The commissioner shall report quarterly to the chair of the senate finance committee and the chair of the house of representatives appropriation committee detailing the progress made, the nature and amount of expenditures made, and future development plans. On January 1 of each year the commissioner must also report to the legislature under the provisions of Minnesota Statutes, section 256.014, subdivision 3, on the steps taken to integrate these projects with the information systems architecture of the state.</p>		

The unexpended appropriation for these projects remaining in the first year do not cancel but are available in the second year of the biennium.

Subd. 2. Human Services Management	7,710,200	7,724,100
Subd. 3. Policy and Program Support Services	4,171,700	4,320,300
Subd. 4. Community Social Services	73,234,000	66,659,700

The commissioner may use money from available social service appropriations to pay appropriate administrative and training costs associated with child foster care programs to maximize federal reimbursement under title IV-E of the social security act, United States Code, title 42, sections 670 to 676. State money may be used for this purpose only if the money is replaced by other federal or state money so that there is no reduction or delay in payments for any of the programs involved. Notwithstanding any other law, transfers must be disregarded when applying the formula for allocation of state social service money and must not cause a reduction in the total amount of money available to grantees.

	1988	1989
	\$	\$
Of this appropriation, \$48,199,300 the first year and \$40,969,400 the second year are for community social services subsidies.		

Of the amount appropriated to the day care sliding fee program, \$121,700 is allocated each year of the biennium to the migrant day care program.

\$447,400 is allocated for each year of the biennium ending June 30, 1989, from the federal title XX allocation to the migrant day care program.

Any unexpended balance of the fiscal year 1988 appropriation for the subsidized adoption program shall not cancel, but shall be available for fiscal year 1989.

Notwithstanding the criteria in Minnesota Rules, part 9525.0960, subpart 3, for the biennium ending June 30, 1989, the commissioner shall use semi-independent living services funding for new persons first to reduce the number of inappropriate nursing home placements and then to provide alternative community services to those recipients in intermediate care facilities for the mentally retarded or waived services who are no longer eligible for those services. This provision supersedes any inconsistent provision of Minnesota Statutes, section 252.275 or any other law.

1988

1989

\$

\$

By January 15, 1988, the commissioner of human services shall report to the chairs of the health and human services committee in the senate and the house of representatives on information systems needed to support improved accountability from the general fund and monitoring for county social service expenditures. The report shall include but not be limited to: the identification of minimum data elements required for federal compliance purposes; an inventory and description of current social services data collection activities; an assessment of specific data elements needed to monitor major state social services policy goals; an analysis of any difficulties imposed by data collection by target population; and opportunities for improving the reliability and accuracy of data submitted by counties. The commissioner shall also make recommendations for future technical improvements and identify any needed strategies for transition from current reporting mechanisms to systems with better reliability, timeliness, and county participation.

Funds appropriated to the foster grandparent, retired senior volunteer, and senior companion programs may be transferred among the programs as the commissioner considers necessary.

The commissioner shall review social services programs offered and proposed to be offered to senior citizens including but not limited to the foster grandparent, retired senior volunteer, and senior companion programs. (d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules; or

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or to another site subject to the restrictions in section 13, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project approved by the interagency board for quality assurance under section 13;

(k) to license or certify nursing home beds in a hospital facility that are relocated from a different hospital facility provided:

(4) the nursing home beds are not certified for participation in the medical assistance program; or

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings or from a hospital-attached nursing home to the hospital building or from a separate nursing home under common ownership with or control of a hospital to the hospital when a hospital-attached nursing home is moved simultaneously to that hospital if the facility will make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation and will delicense the same number of acute care beds within the existing complex of hospital buildings or building or within the hospital receiving the nursing home beds. Movement of these nursing home beds is subject to the limitations of section 13, subdivision 5. When a nonhospital-attached nursing home and a hospital-attached nursing home under common ownership or control are combined into one hospital building, a combined cost report must be submitted for the cost reporting years ending on or after September 30, 1987, and shall be subject to the nonhospital-attached nursing home rate limitations.

The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency board by September 30. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made. To be considered for approval, a proposal must include the following information:

(1) whether the request is for renovation, replacement, upgrading, or conversion;

(2) a description of the problem the project is designed to address;

(3) a description of the proposed project;

(4) an analysis of projected costs, including initial construction and remodeling costs, site preparation costs, financing costs, and estimated operating costs during the first two years after completion of the project;

(5) for proposals involving replacement of all or part of a facility, the proposed location of the replacement facility and an estimate of the cost of addressing the problem through renovation;

Subd. 3. (2) the extent to which the average occupancy rate of all facilities in the county in which the applicant is located, together with all contiguous Minnesota counties, supports the need for the proposed project;

(3) the extent to which the proposal furthers state long-term care goals, including the goal of enhancing the availability and use of alternative care services and the goal of reducing the number of long-term care resident rooms with more than two beds;

(4) the cost effectiveness of the proposal, including the proposal's long-term effects on the costs of the medical assistance program, as determined by the commissioner of human services; and

(5) the feasibility and appropriateness of the proposal, as determined by the commissioner of health.

(b) In addition to the criteria in paragraph (a), the following criteria must be used to evaluate, compare, and rank proposals involving renovation or replacement:

(1) the extent to which the project improves conditions that affect the health or safety of residents, such as narrow corridors, narrow door frames, unenclosed fire exits, and wood frame construction;

(2) the extent to which the project improves conditions that affect the quality of life of residents in a facility or the ability of the facility to provide efficient care, such as a relatively high number of residents in a room; inadequate lighting or ventilation; poor access to bathing or toilet facilities; a lack of available ancillary space for dining rooms, day rooms, or rooms used for other activities; problems relating to heating, cooling, or energy efficiency; inefficient location of nursing stations; or narrow corridors.

Subd 5. [REPLACEMENT RESTRICTIONS.] Proposals submitted or approved under this section involving replacement must provide for replacement of the facility on the existing site except as allowed in this subdivision. (b) No more than one proposal for upgrading may be approved for a facility.

(c) Upgrading is limited to a total of ten beds.

The adjusted assessed value of taxable property in counties receiving taconite production tax revenue shall be increased by an amount equal to the taconite regular production tax revenue divided by the county’s mill rate.

(d) [COUNTY INCOME MAINTENANCE EXPENDITURES.] “County income maintenance expenditures” means the income maintenance program expenditures, including administrative costs, of a county for income maintenance programs, minus federal, state, and other revenue received for income maintenance programs during the calendar year ending immediately before the fiscal year for which equalization aid is paid.

(g) [POPULATION.] “Population” means the estimate of population in a county most recently issued by the state demographer’s office on October 1 of the fiscal year for which equalization aid is paid.

Subd. 2. [COUNTY ELIGIBILITY.] The commissioner of human services shall establish a county’s eligibility for equalization aid using the following formula:

(a) A statewide standard deviation from the mean shall be calculated for each of the following factors: recipient rate, per capita income, per capita taxable value, and per capita income maintenance expenditures.

(b) A standard score shall be calculated for each factor; the standard score is the factor minus the state mean for that factor divided by the statewide standard deviation from the mean for that factor.

(c) The standard score for per capita income and per capita taxable value shall be multiplied by negative one.

(d) The county's average score of the standard scores of the four factors shall be computed.

Every county with an average score equal to one or higher shall be eligible for equalization aid.

Subd. 3. [AMOUNT OF EQUALIZATION AID.] The commissioner shall establish a distress indicator for each county eligible for equalization aid by multiplying the county's average standard score by its population. Equalization aid shall be allocated to all eligible counties in proportion to each eligible county's distress indicator.

Subd. 4. [PHASE-IN.] Notwithstanding the provisions of subdivisions 2 and 3, the commissioner of human services shall make minimum equalization aid payments to counties during fiscal years 1988 and 1989 as follows:

(a) A base amount equal to the average amount of equalization aid received for fiscal years 1981 to 1986 shall be calculated for every county.

(b) If the appropriation for equalization aid during fiscal year 1988 or 1989 is less than the average of all equalization aid appropriations for fiscal years 1981 to 1986, the base amount for each county shall be reduced by that proportion for that fiscal year.

(c) In fiscal year 1988, each county shall receive 100 percent of its base amount within the limit of available appropriations. In fiscal year 1989, each county shall receive 90 percent of its base amount within the limit of available appropriations.

Subd. 5. [LIMIT.] No county shall receive equalization aid for any fiscal year amounting to more than 75 percent of county income maintenance expenditures.

Subd. 6. [PAYMENT.] The commissioner of human services shall make preliminary payments for equalization aid for a fiscal year by December 15th of the fiscal year. The commissioner shall adjust each county's equalization aid in accordance with the allocation formula established in subdivision 3 and make final payments by June 30 of the fiscal year.

The commissioner shall determine the anticipated average per capita cost. The commissioner may establish one all inclusive rate or separate rates for each patient or resident disability group, and may establish separate charges for each hospital facility. "Cost of care" for outpatient or day-care patients or residents shall be on a cost for service basis under a schedule the commissioner shall establish.

For purposes of this subdivision "resident patient" means a person who occupies a bed while housed in a hospital state facility for observation, care, diagnosis, or treatment.

For purposes of this subdivision "outpatient" or "day-care" patient or resident means a person who makes use of diagnostic, therapeutic, counseling, or other service in a state hospital facility or through state hospital personnel but does not occupy a hospital bed overnight.

For the purposes of collecting from the federal government for the care of those patients eligible for medical care under the Social Security Act "cost of care" shall be determined as set forth in the rules and regulations of the Department of Health and Human Services or its successor agency.

Sec. 23. Minnesota Statutes 1986, section 246.51, is amended to read:

[PROCEDURES.] The commissioner shall make investigation as necessary to determine, and as circumstances require redetermine, what part of the cost of care, if any, the patient or resident is able to pay. If the patient or resident is unable to pay the full cost of care the commissioner shall make a determination as to the ability of the relatives to pay. The patient or resident, and relatives or both shall provide the commissioner documents and proofs necessary to determine their ability to pay. Failure to provide the commissioner with sufficient information to determine ability to pay may make the patient, resident, or relatives, both, liable for the full cost of care until the time when sufficient information is provided. No parent shall be liable for the cost of care given a patient at a regional treatment center after the patient has reached the age of 18 years. The commissioner's determination shall be conclusive in any action to enforce payment of the cost of care unless appealed from as provided in section 246.55. All money received, except for chemical dependency receipts, shall be paid to the state treasurer and placed in the general fund of the state and a separate account kept of it. Responsibility under this section shall not apply to those relatives having gross earnings of less than \$11,000 per year.

Subd. 2. [RULES.] The commissioner shall adopt, pursuant to the administrative procedure act, rules establishing uniform standards for determination of patient liability and relative, guardian or conservator responsibility for care provided at state hospitals facilities. These rules shall have the force and effect of law.

Sec. 24. Minnesota Statutes 1986, section 246.511, is amended to read:

246.511 [RELATIVE RESPONSIBILITY.]

In no case, shall a patient's or resident's relatives, pursuant to the commissioner's authority under section 246.51, be ordered to pay more than ten percent of the cost of care, unless they reside outside the state. Parents of children in state hospitals facilities shall have their responsibility to pay determined according to section 252.27, subdivision 2. The commissioner may accept voluntary payments in excess of ten percent. The commissioner may require full payment of the full per capita cost of care in state hospitals facilities for patients or residents whose parent, parents, spouse, guardian, or conservator do not reside in Minnesota.

Sec. 25. [246.531] [SUBROGATION OF INSURANCE SETTLEMENTS.]

Subdivision 1. [SUBROGATION TO PATIENT'S RIGHTS.] The department of human services shall be subrogated, to the extent of the cost of care for services given, to the rights a patient or resident who receives treatment or care at a state facility may have under private health care coverage. The right of subrogation does not attach to benefits paid or provided under private health care coverage before the carrier issuing the health care coverage receives written notice of the exercise of subrogation rights.

Subd. 2. [CIVIL ACTION.] To recover under this section, the department of human services, with counsel of the attorney general, may institute or join in a civil action against the carrier issuing the private health care coverage.

Sec. 26. Minnesota Statutes 1986, section 251.011, subdivision 6, is amended to read:

Subd. 6. [RULES.] The commissioner of human services may promulgate rules for the operation of, and for the admission of residents in, and to establish charges for care in the state nursing homes at Ah-Gwah-Ching and Oak Terrace. Charges for care in the state nursing homes shall be established under sections 246.50 to 246.55. For the purposes of collecting from the federal government for the care of those residents in the state nursing homes eligible for medical care under the Social Security Act, "cost of care" shall be determined as set forth in the rules and regulations of the department of health and human services or its successor agency.

Sec. 27. Minnesota Statutes 1986, section 252.275, subdivision 1, is amended to read:

Subdivision 1. [PROGRAM.] The commissioner of human services shall establish a statewide program to assist counties in reducing the utilization of intermediate care services in state hospitals and in community residential facilities, including nursing homes, for persons with mental retardation or related conditions. The commissioner shall make grants to county boards to establish, operate, or contract for the provision of semi-independent living services licensed by the commissioner pursuant to sections 245.781 to 245.812 and 252.28.

Sec. 28. Minnesota Statutes 1986, section 252.275, subdivision 2, is amended to read:

Subd. 2. [APPLICATION; CRITERIA.] To apply for a grant, a county board shall submit an application and budget for use of grant money in the form specified by the commissioner. The commissioner shall make grants only to counties whose applications and budgets or portions thereof are approved by the commissioner.

Sec. 29. Minnesota Statutes 1986, section 252.275, subdivision 4, is amended to read:

Subd. 4. [FORMULA.] From the appropriations made available for this program, the commissioner shall allocate grants under this section to finance up to 95 percent, but not less than 80 percent, of each county's cost approved budget for semi-independent living services for mentally retarded persons with mental retardation or related conditions. The commissioner shall not approve budgeted costs for services for any person which exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year. Nothing in this subdivision prevents a county from using other funds to pay for additional costs of semi-independent living services.

As of July 1, 1987, the commissioner shall allocate funds and reimburse county costs for persons approved for funding. The commissioner shall proportionally allocate funds to counties based on the approved budgeted costs for persons approved for funding. The commissioner shall adjust county grants based on actual approved expenditures and shall reallocate funds to the extent necessary. The commissioner may set aside up to two percent of the appropriations to fund county demonstration projects that improve the efficiency and effectiveness of semi-independent living services.

Sec. 30. Minnesota Statutes 1986, section 252.275, subdivision 7, is amended to read:

Subd. 7. [REPORTS.] The commissioner shall require collection of data and periodic reports necessary to demonstrate the effectiveness of semi-independent living services in helping persons with mental

retardation or related conditions achieve self-sufficiency and independence. The commissioner shall report to the legislature no later than January 15, 1984, on the effectiveness of the program, its effect on reducing the number of persons with mental retardation or related conditions in state hospitals and in intermediate care facilities, and the commissioner's recommendations regarding making this program an integral part of the social services programs administered by the counties.

Sec. 31. Minnesota Statutes 1986, section 256.01, subdivision 4, is amended to read:

Subd. 4. [DUTIES AS STATE AGENCY.] The state agency shall:

(1) supervise the administration of assistance to dependent children under Laws 1937, chapter 438, by the county agencies in an integrated program with other service for dependent children maintained under the direction of the state agency;

(2) may subpoena witnesses and administer oaths, make rules, and take such action as may be necessary, or desirable for carrying out the provisions of Laws 1937, chapter 438. All rules made by the state agency shall be binding on the counties and shall be complied with by the respective county agencies;

(3) establish adequate standards for personnel employed by the counties and the state agency in the administration of Laws 1937, chapter 438, and make the necessary rules to maintain such standards;

(4) prescribe the form of and print and supply to the county agencies blanks for applications, reports, affidavits, and such other forms as it may deem necessary and advisable;

(5) cooperate with the federal government and its public welfare agencies in any reasonable manner as may be necessary to qualify for federal aid for aid to dependent children and in conformity with the provisions of Laws 1937, chapter 438, including the making of such reports and such forms and containing such information as the Federal Social Security Board may from time to time require, and comply with such provisions as such board may from time to time find necessary to assure the correctness and verification of such reports; and

(6) may cooperate with other state agencies in establishing reciprocal agreements in instances where a child receiving aid to dependent children moves or contemplates moving into or out of the state, in order that such child may continue to receive supervised aid from the state moved from until the child shall have resided for one year in the state moved to; and

(7) on or before October 1 in each even-numbered year make a biennial report to the governor concerning the activities of the agency;

(8) prepare a plan and submit it to the full productivity and opportunity coordinator in each even-numbered year, according to standards established by the coordinator, for use in developing a biennial statewide employment and training plan design, develop, and administer an intake, referral, and inventory system that provides localized, single-point intake with a direct access to a statewide data base to match client needs with employment opportunities and public and private services. The system must include information on all available public and private programs for employment and training services and income maintenance and support services as defined in section 268.0111. The state agency shall cooperate with the department of jobs and training, counties and other local service units, service providers, and clients in the development and operation of the system. The system is not subject to sections 16B.40 to 16B.45; and

(9) enter into agreements with other departments of the state as necessary to meet all requirements of the federal government.

Sec. 32. Minnesota Statutes 1986, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] (a) In counties in which the commissioner of human services has not appointed a local welfare referee, any person applying for, receiving or having received any of the forms of public assistance described in subdivision 2 whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, may contest that action or decision before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action or decision, or within 90 days of such written notice if the applicant, recipient, patient or relative shows good cause why the request was not submitted within the 30-day time limit.

(b) All prepaid health plans under contract to the commissioner pursuant to chapter 256B or 256D must provide for a complaint system according to section 62D.11. For persons enrolled in prepaid health plans under chapter 256B or 256D, costs paid or incurred in filing and resolving a complaint are the responsibility of the prepaid health plan. The prepaid health plan shall issue a written resolution within 30 days of filing with the prepaid health plan.

(c) A local agency or party aggrieved by a ruling of a local welfare referee, or a party aggrieved by a ruling of a prepaid health plan,

may appeal the ruling to the state agency by filing a notice of appeal with the state agency within 30 days after receiving the ruling of the local welfare referee. A state welfare referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human services. In appeals from rulings of local welfare referees, the hearing may be limited, upon stipulation of the parties, to a review of the record of the local welfare referee. The commissioner need not grant a hearing if the sole issue raised by an appellant is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner.

(d) In a notice of appeal from a ruling of a prepaid health plan, a recipient may request an expedited hearing. The commissioner shall appoint a welfare referee to investigate and determine whether an expedited appeal is warranted. In making such a determination, the referee shall evaluate whether the medical condition of the recipient, if not immediately diagnosed and treated, could cause physical or mental disability, substantial deterioration of physical or mental health, continuation of severe pain, or death. The referee may order a second medical opinion from the prepaid health plan or order a second medical opinion from a non-prepaid health plan provider at prepaid health plan expense. If the referee determines that an expedited appeal is warranted, the referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case. In urgent or emergency situations in which a prepaid health plan provider has prescribed treatment, and the prepaid health plan has denied authorization for that treatment, the referee may order the health plan to authorize such treatment pending the outcome of the appeal if an expedited hearing would not prevent disability, deterioration, severe pain, or death.

Sec. 33. Minnesota Statutes 1986, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the

standard of need for the assistance unit. An amount remaining after this calculation is income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. In making its determination the county agency shall disregard the following from family income:

(1) all of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans awarded pursuant to a federal law when public assistance was considered in making the award and the award was made on the basis of financial need; and that part of any other educational grant or loan which is used for educational purposes, such as tuition, fees, equipment, transportation and child care expenses necessary for school attendance;

(3) the first \$75 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) an amount equal to the actual expenditures but not to exceed \$160 for the care of each dependent child or incapacitated individual living in the same home and receiving aid. In the case of a person not engaged in full-time employment or not employed throughout the month, the commissioner shall prescribe by rule a lesser amount to be disregarded;

(5) thirty dollars plus one-third of the remainder of each individual's earned income not already disregarded for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has:

(a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; or

(b) refused without good cause to accept an offer of suitable employment; or

(c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or

(d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services.

Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment.

The disregard of \$30 and one-third of the remainder of earned income described in clause (5) shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of clauses (5)(a) to (5)(d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under clause (d), the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit; and

(7) insurance settlements to pay medical bills, to compensate a member of an assistance unit for partial or permanent loss of function or a body part, or to repair or replace insured property.

The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit shall be paid to the assistance unit within 15 days of the last day of the month of collection of such periodic support payments and shall be disregarded in determining the amount of assistance.

Subdivision 1. [DEFINITIONS.] For purposes of this section the following terms shall have the meanings given them:

(a) "Eligible persons" means pregnant women and children one year old or younger who have gross family incomes that are equal to or less than 185 percent of the federal poverty guidelines and who are not eligible for medical assistance under chapter 256B or general assistance medical care under chapter 256D and who are not otherwise insured for the covered services. Eligibility for pregnant women shall continue for 60 days post-partum to allow for follow-up visits.

(b) "Covered services" means prenatal care services and well baby care services.

(c) "Prenatal care services" means the outpatient services provided to pregnant women which are medically necessary for the pregnancy. Physician or certified nurse-midwife services for delivery are included but inpatient hospital services are not included.

(d) "Well baby care services" means the preventive care and immunizations provided according to age-related standards established by the commissioner under rules governing the early periodic screening diagnosis and treatment program.

(e) "Eligible providers" means those health care providers who provide prenatal care services to medical assistance clients under rules established by the commissioner for that program. Reimbursement under this section shall be at the same rates and conditions established for medical assistance. A provider of prenatal care services shall assess whether the pregnant woman is at risk of delivering a low birth weight baby or has a health condition which may increase the probability of a problem birth."

(f) "Commissioner" means the commissioner of human services.

Subd. 2. [FUND ADMINISTRATION.] The children's health fund is established to promote access to appropriate health care for pregnant women and to assure healthy babies and healthy children. The commissioner shall establish an office for the state administration of this fund. The fund shall be used to provide prenatal care and well baby care services for eligible persons. Payment for these services shall be made to all eligible providers. The commissioner shall establish marketing efforts to encourage potentially eligible persons to receive information about the program. A toll-free telephone number must be used to provide information about the fund and to promote access to the covered services. The commissioner must make a quarterly assessment of the expected expenditures for the covered services and the appropriation. Based on this assessment the commissioner may limit enrollments. If sufficient funds are not available to cover all costs incurred in one quarter, the

commissioner may seek an additional authorization for funding from the legislative advisory committee.

Subd. 3. [APPLICATION PROCEDURES.] Applications and other information must be available in provider offices, local human services agencies, community health offices, and Women, Infants and Children (WIC) program sites. These sites may accept applications, collect the enrollment fee, and forward the forms and fees to the commissioner. Otherwise, applicants may apply directly to the commissioner. The commissioner may use individuals' social security numbers as identifiers for purposes of administering the fund and conduct data matches to verify income. Applicants shall submit evidence of family income, earned and unearned, that will be used to verify income eligibility. Notwithstanding any other law to the contrary, benefits under this section are secondary to any plan of insurance or benefit program under which an eligible person may have coverage. The commissioner shall identify eligible persons who may have coverage or benefits under other plans of insurance or who become eligible for medical assistance.

Subd. 4. [ENROLLMENT FEE.] An enrollment fee of \$35 is required from eligible persons for prenatal care services and an enrollment fee of \$25 is required from eligible persons for well baby care services. The fees may be paid together at the time of enrollment or as two payment installments.

Sec. 35. Minnesota Statutes 1986, section 256.969, subdivision 2, is amended to read:

Subd. 2. [RATES FOR INPATIENT HOSPITALS.] Rates paid to inpatient hospitals shall be based on a rate per admission until the commissioner can begin to reimburse hospitals for services under the medical assistance and general assistance medical care programs based upon a diagnostic classification system appropriate to the service populations. On July 1, 1984, the commissioner shall begin to utilize to the extent possible existing classification systems, including medicare. The commissioner may incorporate the grouping of hospitals with similar characteristics for uniform rates upon the development and implementation of the diagnostic classification system. Prior to implementation of the diagnostic classification system, the commissioner shall report the proposed grouping of hospitals to the senate health and human services committee and the house health and welfare committee. Effective August 1, 1985, or upon approval by the Federal Health Care Financing Agency, the computation of the base year cost per admission and the computation of the relative values of the diagnostic categories must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs and days beyond that point. Claims paid for care provided on or after August 1, 1985, shall be adjusted to reflect a recomputation of rates. The commissioner may reconstitute the diagnostic categories to reflect actual

hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period. After May 1, 1986, acute care hospital billings under the medical assistance and general assistance medical care programs must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments with inpatient hospitals that have individual patient lengths of stay in excess of 30 days regardless of diagnosis-related group. For purposes of establishing interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance and general assistance medical care reimbursement for treatment of mental illness shall be reimbursed based upon diagnosis classifications. The commissioner may selectively contract with hospitals for services within the diagnostic classifications relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to utilize a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Effective July 1, 1988, the commissioner shall limit the annual increase in pass-through cost payments for depreciation, rents and leases, and interest expense to the annual growth in the consumer price index for all urban consumers (CPI-U). When computing budgeted pass-through cost payments, the commissioner shall use the annual increase in the CPI-U forecasted by Data Resources, Inc. consistent with the quarter of the hospital's fiscal year end. In final settlement of pass-through cost payments, the commissioner shall use the CPI-U for the month in which the hospital's fiscal year ends compared to the same month one year earlier.

Sec. 36. [256.974] [OFFICE OF OMBUDSMAN FOR OLDER MINNESOTANS; CREATION; LOCAL PROGRAMS.]

There is established within the board on aging the office of ombudsman for older Minnesotans. The office incorporates the long-term care ombudsman program required under the Older Americans Act, Public Law Number 98-459, section 307(a)(12) established within the Minnesota board on aging. The state ombudsman shall be in the classified service pursuant to section 256.01, subdivision 7. The Minnesota board on aging may make grants to local programs or area agencies on aging for the provision of ombudsman services to clients in county or multicounty areas. The individuals providing local ombudsman services must be qualified to perform the duties in section 38.

Sec. 37. [256.9741] [DEFINITIONS.]

Subd. 2. "Acute care facility" means a facility licensed as a hospital under sections 144.50 to 144.56.

Subd. 3. "Client" means an individual who requests, or on whose behalf a request is made for, ombudsman services and is (a) a resident of a long-term care facility or (b) a patient in an acute care facility who is eligible for Medicare and requests assistance relating to admission or discharge from an acute care facility.

Subd. 4. "Area agency on aging" means an agency responsible for coordinating a comprehensive aging services system within a planning and service area that has been designated an area agency on aging by the Minnesota board on aging.

Subd. 5. "Office" means the office of ombudsman established within the Minnesota board on aging or local ombudsman programs.

Sec. 38. [256.9742] [DUTIES AND POWERS OF THE OFFICE.]

Subdivision 1. [DUTIES.] The duties of the office shall be:

(1) to gather information and evaluate any act, practice, policy, procedure, or administrative action of a long-term care facility, acute care facility, or government agency that may adversely affect the health, safety, welfare, or rights of any client;

(2) mediate or advocate on behalf of clients;

(3) monitor the development and implementation of federal, state, or local laws, regulations, and policies affecting the rights and benefits of clients;

A second medical opinion is required before reimbursement for elective surgeries requiring a second opinion. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before reimbursement and the criteria and standards for deciding whether an elective surgery should require a second surgical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.01 to 14.69. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal. "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the

appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section;

The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven; or any other over-the-counter drug identified by the commissioner, in consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination

Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of this fee the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2.

Notwithstanding the above provisions, implementation of any change in the fixed dispensing fee which has not been subject to the

administrative procedure act shall be limited to not more than 180 days, unless, during that time, the commissioner shall have initiated rulemaking through the administrative procedure act;

(12) Diagnostic, screening, and preventive services. “Preventive services” include services related to pregnancy, including services for those conditions which may complicate a pregnancy and which may be available to a pregnant woman determined to be at risk of poor pregnancy outcome. Preventive services available to a woman at risk of poor pregnancy outcome may differ in an amount, duration, or scope from those available to other individuals eligible for medical assistance;

(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion;

(15) Transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this clause, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory;

The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before medical assistance reimbursement, and the criteria and standards for deciding whether an elective surgery should require a second medical opinion. The list and criteria and standards are not subject to the requirements of sections 14.01 to 14.69. The commissioner shall publish in the State Register a list of health services that require prior authorization, as well as the criteria and standards used to select health services on the list. The list and the criteria and standards used to formulate it are not subject to the requirements of sections 14.01 to 14.69. The commissioner's decision whether prior authorization is required for a health service or a second medical opinion is required for an elective surgery is not subject to administrative appeal.

Sec. 44. Minnesota Statutes 1986, section 256B.02, is amended by adding a subdivision to read:

Subd. 12. [PREPAID HEALTH PLAN.] "Prepaid health plan" means a vendor who receives a capitation payment and assumes financial risk for the provision of medical assistance services under a contract with the commissioner.

Sec. 45. Minnesota Statutes 1986, section 256B.03, subdivision 1, is amended to read:

Subdivision 1. [GENERAL LIMIT.] All payments for medical assistance hereunder must be made to the vendor. The maximum payment for new vendors enrolled in the medical assistance program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

## Sec. 46. [256B.031] [PREPAID HEALTH PLANS.]

Subdivision 1. [CONTRACTS.] The commissioner may contract with health insurers licensed and operating under chapters 60A and 62A, nonprofit health service plans licensed and operating under chapter 62C, health maintenance organizations licensed and operating under chapter 62D, and vendors of medical care and organizations participating in prepaid programs under section 256D.03, subdivision 4, clause (b) to provide medical services to medical assistance recipients. Prepaid health plans must contract with public health agencies, nonprofit community health clinics, and community health agencies in their service areas provided the terms of participation for the clinics and agencies are competitive with the terms of other providers under contract to the prepaid plans. Contracts between the commissioner and a prepaid health plan are exempt from the set-aside and preference provisions of section 16B.19, subdivisions 5 and 6. Contracts must specify the services that are included in the per capita rate. Contracts must specify those services that are to be eligible for risk sharing between the prepaid health plan and the state. Contracts must also state that payment must be made within 30 days after the month of coverage.

Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program, provided the terms of participation in the program are competitive with the terms of other participants.

Subd. 2. [SERVICES.] State contracts for these services must assure recipients of at least the comprehensive health services defined in section 256B.02, subdivision 8, except services defined in section 256B.02, subdivision 8, paragraphs (2), (5), (16), and (17), and except services defined as chemical dependency services and mental health services.

Contracts under this section must include provision for assessing pregnant women to determine their risk of poor pregnancy outcome. Contracts must also include provision for treatment of women found to be at risk of poor pregnancy outcome.

Subd. 3. [INFORMATION REQUIRED.] Prepaid health plans under contract must provide information to the commissioner according to the contract specifications. The information must include, but not be limited to, the number of people receiving services, the number of encounters, the types of services received, evidence of an operating quality assurance program, and information about the use of and actual recoveries of available third-party resources.

Subd. 4. [PREPAID HEALTH PLAN RATES.] For payments made during calendar year 1988, the monthly maximum allowable rate established by the commissioner of human services for payment to prepaid health plans must not exceed 85 percent of the projected averaged monthly per capita fee-for-service medical assistance costs for state fiscal year 1988 for recipients of aid to families with dependent children. The base year for projecting the average monthly per capita fee-for-service medical assistance costs is state fiscal year 1986. A maximum allowable per capita rate must be established collectively for Anoka, Carver, Dakota, Hennepin, Ramsey, St. Louis, Scott, and Washington counties. A separate maximum allowable per capita rate must be established collectively for all other counties. The maximum allowable per capita rate may be adjusted to reflect utilization differences among eligible classes of recipients. For payments made during calendar year 1989, the maximum allowable rate must be calculated in the same way as 1988 rates, except the base year is state fiscal year 1987. For payments made during calendar year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates. Rates established for prepaid health plans must be based on the services that the prepaid health plan provides under contract with the commissioner.

Subd. 5. [FREE CHOICE LIMITED.] In counties where there are two or more prepaid health plans under contract and where the prepaid health plans have providers in the local trade areas, the commissioner may require those who receive aid to families with dependent children to enroll in a prepaid health plan, except that those recipients who are refugees and whose health services are reimbursed 100 percent by the federal government for the first 31 months after entry to the United States are not required to enroll. Recipients required to enroll must receive services from or through the prepaid health plan.

Enrollment in a prepaid health plan is mandatory for recipients who become eligible on or after December 1, 1987. If the recipient does not choose a health plan within 20 days of being determined eligible for medical assistance or aid to families with dependent children, the commissioner shall randomly assign the recipient to a health plan. Those recipients who are eligible on November 30, 1987, must choose a prepaid health plan by December 20, 1987. If a recipient does not choose a prepaid health plan by December 20, 1987, the commissioner shall randomly assign the recipient to a health plan. Each recipient shall be enrolled in the health plan for a minimum period of six months following the effective date of enrollment, except that the recipient may change health plans once within the first 60 days after initial enrollment. The commissioner shall request a waiver from the federal Health Care Financing Administration to extend the minimum period to 12 months. Enrollment in a prepaid health plan is mandatory only when recipients have a choice of at least two prepaid health plans.

Women who are receiving medical assistance due to pregnancy and later become eligible for aid to families with dependent children are not required to choose a prepaid health plan until 60 days postpartum. An infant born as a result of that pregnancy must be enrolled in a prepaid health plan at the same time as the mother.

If third-party coverage is available to a recipient through enrollment in a prepaid health plan through employment, through coverage by the former spouse, or if a duty of support has been imposed by law, order, decree, or judgment of a court under section 518.551, the obligee or recipient shall participate in the prepaid health plan in which the obligee has enrolled provided that the commissioner has contracted with the plan.

Subd. 6. [OMBUDSMAN.] The commissioner shall designate an ombudsman to advocate for persons required to enroll in prepaid health plans under this section. The ombudsman shall advocate for recipients enrolled in prepaid health plans through complaint and appeal procedures and ensure that necessary medical services are provided either by the prepaid health plan directly or by referral to appropriate social services. At the time of enrollment in a prepaid health plan, the local agency shall inform recipients about the ombudsman program and their right to a resolution of a complaint by the prepaid health plan if they experience a problem with the plan or its providers.

Subd. 7. [PREPAYMENT COORDINATOR.] The local agency shall designate a prepayment coordinator to assist the state agency in implementing this section, sections 256B.69 and 256D.03, subdivision 4. Such assistance shall include educating recipients about available health care options; enrolling recipients pursuant to subdivision 5; providing necessary eligibility and enrollment information to health plans and the state agency; and coordinating complaints and appeals with the ombudsman established in subdivision 6.

Sec. 47. Minnesota Statutes 1986, section 256B.04, subdivision 14, is amended to read:

Subd. 14. [COMPETITIVE BIDDING.] The commissioner shall utilize volume purchase through competitive bidding under the provisions of chapter 16, to provide the following items:

- (1) eyeglasses;
- (2) oxygen. The commissioner shall provide for oxygen needed in an emergency situation on a short-term basis, until the vendor can obtain the necessary supply from the contract dealer;
- (3) hearing aids and supplies; and

- (4) durable medical equipment, including but not limited to:
- (a) hospital beds;
  - (b) commodes;
  - (c) glide-about chairs;
  - (d) patient lift apparatus;
  - (e) wheelchairs and accessories;
  - (f) oxygen administration equipment;
  - (g) respiratory therapy equipment;
  - (h) electronic diagnostic, therapeutic and life support systems; ~~and~~
- (5) wheelchair transportation services; and
- (6) drugs.

Sec. 48. Minnesota Statutes 1986, section 256B.04, subdivision 15, is amended to read:

Subd. 15. [UTILIZATION REVIEW.] (1) Establish on a statewide basis a new program to safeguard against unnecessary or inappropriate use of medical assistance services, against excess payments, against unnecessary or inappropriate hospital admissions or lengths of stay, and against underutilization of services in prepaid health plans, long-term care facilities or any health care delivery system subject to fixed rate reimbursement. In implementing the program, the state agency shall utilize both prepayment and postpayment review systems to determine if utilization is reasonable and necessary. The determination of whether services are reasonable and necessary shall be made by the commissioner in consultation with a professional services advisory group appointed by the commissioner. An aggrieved party may appeal the commissioner's determination pursuant to the contested case procedures of chapter 14.

(2) Contracts entered into for purposes of meeting the requirements of this subdivision shall not be subject to the set-aside provisions of chapter 16B.

(3) A recipient aggrieved by the commissioner's termination of services or denial of future services may appeal pursuant to section 256.045. A vendor aggrieved by the commissioner's determination that services provided were not reasonable or necessary may appeal pursuant to the contested case procedures of chapter 14. To appeal, the vendor shall notify the commissioner in writing within 30 days

of receiving the commissioner's notice. The appeal request shall specify each disputed item, the reason for the dispute, an estimate of the dollar amount involved for each disputed item, the computation that the vendor believes is correct, the authority in statute or rule upon which the vendor relies for each disputed item, the name and address of the person or firm with whom contacts may be made regarding the appeal, and other information required by the commissioner.

Sec. 49. Minnesota Statutes 1986, section 256B.06, subdivision 1, is amended to read:

For purposes of this section, a woman is considered pregnant for 60 days postpartum; or

(5) who is a pregnant woman, as certified in writing by a physician or nurse midwife, who meets the other eligibility criteria of this section and whose unborn child would be eligible as a needy child under clause (9) (8) if born and living with the woman. For the purposes of this section, "homestead" means the house owned and occupied by the applicant or recipient as a primary place of residence, together with the contiguous land upon which it is situated. The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by the spouse, minor child, or disabled child of any age; or the applicant/recipient is expected to return to the home as a principal residence within six calendar months of entry to the long-term care facility. Certification of expected return to the homestead shall be documented in writing by the attending physician. The homestead is also excluded for the first six calendar months of the person's stay in the long-term care facility. The homestead must be reduced to an amount within limits or excluded on another basis if the person remains in the long-term care facility for a period longer than six months. Real estate not used as a home may not be retained unless it produces net income applicable to the family's needs or the family is making a continuing effort to sell it at a fair and reasonable price or unless the commissioner determines that sale of the real estate would cause undue hardship or unless the equity in the real estate when combined with the equity in the homestead totals \$15,000 or less the property is not salable, the equity is \$6,000 or less and the income produced by the property is at least six percent of the equity, or the excess real

In addition to these maximum amounts, an eligible individual or family may accrue interest on these amounts, but they must be reduced to the maximum at the time of an eligibility redetermination. For residents of long-term care facilities, the accumulation of the clothing and personal needs allowance pursuant to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. Cash and liquid assets may include a prepaid funeral contract and insurance policies with cash surrender value. The value of the following shall not be included:

To be excluded, the vehicle must have a market value of less than \$4,500; be necessary to obtain medically necessary health services; be necessary for employment; be modified for operation by or transportation of a handicapped person; or be necessary to perform essential daily tasks because of climate, terrain, distance, or similar factors. The equity value of other motor vehicles is counted against the cash or liquid asset limit; and

(14) who has or anticipates receiving an annual a semiannual income not in excess of the income standards by family size used in the aid to families with dependent children program, or who has income in excess of these maxima and in the month of application, or during the three months prior to the month of application, incurs expenses for medical care that total more than one-half of the annual excess income in accordance with the rules of the state

agency. Notwithstanding any laws or rules to the contrary, in computing income to determine eligibility of persons who are not residents of long-term care facilities, the commissioner shall disregard increases in income as required by Public Law Number 94-566, section 503. In excess income cases, eligibility shall be limited to a period of six months beginning with the first of the month in which these medical obligations are first incurred, Public Law Number 99-272 and Public Law Number 99-509; and

(15) who has continuing monthly expenses for medical care that are more than the amount of the person's excess income, computed on a monthly basis, in which case eligibility may be established before the total income obligation referred to in the preceding paragraph is incurred, and medical assistance payments may be made to cover the monthly unmet medical need. In licensed nursing home and state hospital cases, income over and above that required for justified needs, determined pursuant to a schedule of contributions established by the commissioner of human services, is to be applied to the cost of institutional care or who is a pregnant woman who meets the requirements of clauses (1) to (8) except that her anticipated income is in excess of the income standards by family size used in the aid to families with dependent children program, but is equal to or less than 100 percent of the nonfarm income official poverty line as defined by the United States Office of Management and Budget. Eligibility for a pregnant woman with respect to this clause shall be without regard to the asset standards specified in clauses (12) and (13). For persons who reside in licensed nursing homes, regional treatment centers, or medical institutions, the income over and above that required in section 256B.35 for personal needs allowance is to be applied to the cost of institutional care. In addition, income may be retained by an institutionalized person (a) to support dependents in the amount that, together with the income of the spouse and child under age 18, would provide net income equal to the medical assistance standard for the family size of the dependents excluding the person residing in the facility; or (b) for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if the person was not living together with a spouse or child under age 21 at the time the person entered a long-term care facility, if the person has expenses of maintaining a residence in the community, and if a physician certifies that the person is expected to reside in the long-term care facility on a short-term basis. For purposes of this section, persons are determined to be residing in licensed nursing homes, regional treatment centers, or medical institutions if the persons are expected to remain for a period expected to last longer than three months. The commissioner of human services may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care; and

accident coverage and private health care coverage to any third person liable for the costs of medical care for the person, the spouse, and children. Persons must cooperate with the state in establishing paternity and obtaining third party payments. By signing an application for medical assistance, a person assigns to the department of human services all rights the person may have to medical support or payments for medical expenses from any other person or entity on their own or their dependent's behalf and agrees to cooperate with the state in establishing paternity and obtaining third party payments. Any rights or amounts so assigned shall be applied against the cost of medical care paid for under this chapter. Any assignment takes effect upon the determination that the applicant is eligible for medical assistance and up to three months prior to the date of application if the applicant is determined eligible for and receives medical assistance benefits. The application must contain a statement explaining this assignment. Any assignment shall not be effective as to benefits paid or provided under automobile accident coverage and private health care coverage prior to receipt notification of the assignment by the person or organization providing the benefits; and

(17) eligibility is available for the month of application and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

Sec. 50. Minnesota Statutes 1986, section 256B.06, is amended by adding a subdivision to read:

Subd. 4. [CITIZENSHIP REQUIREMENTS.] Eligibility for medical assistance is limited to citizens of the United States and aliens lawfully admitted for permanent residence or otherwise permanently residing in the United States under the color of law. Payment shall also be made for care and services that are furnished to an alien who otherwise meets the eligibility requirements of this section if such care and services are necessary for the treatment of an emergency medical condition. For purposes of this subdivision, the term "emergency medical condition" means a medical condition, including labor and delivery, that if not immediately treated could cause a person physical or mental disability, continuation of severe pain, or death.

Sec. 51. Minnesota Statutes 1986, section 256B.064, subdivision 1a, is amended to read:

Subd. 1a. [GROUNDS FOR MONETARY RECOVERY AND SANCTIONS AGAINST VENDORS.] The commissioner may seek monetary recovery and impose sanctions against vendors of medical

care for any of the following: fraud, theft, or abuse in connection with the provision of medical care to recipients of public assistance; a pattern of presentment of false or duplicate claims or claims for services not medically necessary; a pattern of making false statements of material facts for the purpose of obtaining greater compensation than that to which the vendor is legally entitled; suspension or termination as a Medicare vendor; and refusal to grant the state agency access during regular business hours to examine all records necessary to disclose the extent of services provided to program recipients. ~~No sanction may be imposed or monetary recovery obtained against any vendor of nursing home or convalescent care for providing services not medically necessary when the services provided were ordered by a licensed health professional not an employee of the vendor.~~ The determination of services not medically necessary shall be made by the commissioner in consultation with a ~~provider peer advisory committee appointed by the commissioner on the recommendation of appropriate professional organizations.~~

Sec. 52. Minnesota Statutes 1986, section 256B.15, is amended to read:

If a person receives any medical assistance hereunder, on the person's death, if single, or on the death of the person ~~and the surviving spouse, if married survivor of a married couple, either or both of whom received medical assistance, and only when there is no surviving child who is under 21 or is blind or totally disabled,~~ the total amount paid for medical assistance rendered for the person and spouse, after age 65, without interest, shall be filed as a claim against the estate of the person or the estate of the surviving spouse in the court having jurisdiction to probate the estate. A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly-owned property at any time during the marriage. The claim shall be considered an expense of the last illness of the decedent for the purpose of section 524.3-805. Any statute of limitations that purports to limit any county agency or the state agency, or both, to recover for medical assistance granted hereunder shall not apply to any claim made hereunder for reimbursement for any medical assistance granted hereunder. Any statute that purports to limit a county or state agency from filing an affidavit of successorship shall not apply to a claim made under this section. Counties may retain one-half of the nonfederal share of medical assistance collections from estates that are directly attributable to county effort.

Sec. 53. Minnesota Statutes 1986, section 256B.17, subdivision 4, is amended to read:

Subd. 4. [PERIOD OF INELIGIBILITY.] For any uncompensated transfer, the period number of months of ineligibility shall be

calculated by dividing the uncompensated transferred amount by the statewide average monthly skilled nursing facility per diem per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year to determine the number of months of ineligibility. The individual shall remain ineligible until this fixed ineligibility period has expired. The period of ineligibility may exceed 24 months, and a reapplication for benefits after 24 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired.

Sec. 54. Minnesota Statutes 1986, section 256B.17, subdivision 5, is amended to read:

Subd. 5. [EXCLUDED RESOURCES.] Except for the limitations contained in subdivision 6, a resource which is transferred while otherwise excluded under sections section 256B.06 and 256B.07 shall not be considered an available resource for purposes of medical assistance eligibility. This exception shall not apply to applicants for or recipients of general assistance medical care benefits under chapter 256D.

Sec. 55. Minnesota Statutes 1986, section 256B.19, subdivision 1, is amended to read:

Subdivision 1. [DIVISION OF COST.] The cost of medical assistance paid by each county of financial responsibility shall be borne as follows: Payments shall be made by the state to the county for that portion of medical assistance paid by the federal government and the state on or before the 20th day of each month for the succeeding month upon requisition from the county showing the amount required for the succeeding month. Ninety percent of the expense of assistance not paid by federal funds available for that purpose shall be paid by the state and ten percent shall be paid by the county of financial responsibility.

For counties that participate in a medicaid demonstration project under sections 256B.69 and 256B.71, the division of the nonfederal share of medical assistance expenses for payments made to prepaid health plans or for payments made to health maintenance organizations in the form of prepaid capitation payments, this division of medical assistance expenses shall be 95 percent by the state and five percent by the county of financial responsibility.

State contracts with health maintenance organizations shall assure medical assistance recipients of at least the comprehensive health maintenance services defined in section 62D.02, subdivision 7. The contracts shall require health maintenance organizations to provide information to the commissioner concerning the number of people receiving services, the number of encounters, the type of services received, evidence of an operational quality assurance

**program pursuant to section 62D.04 and information about utilization.**

In counties where prepaid health plans are under contract to the commissioner to provide services to medical assistance recipients, the cost of court ordered treatment ordered without consulting the prepaid health plan that does not include diagnostic evaluation, recommendation, or and referral for treatment by the prepaid health plan is the responsibility of the county of financial responsibility.

Sec. 56. Minnesota Statutes 1986, section 256B.35, subdivision 1, is amended to read:

Subdivision 1. Notwithstanding any law to the contrary, welfare allowances for clothing and personal needs for individuals receiving medical assistance while residing in any skilled nursing home or, intermediate care facility, or medical institution including recipients of supplemental security income, in this state shall not be less than \$40 per month from all sources.

Provided that this personal needs allowance may be paid as part of the Minnesota supplemental aid program, notwithstanding the provisions of section 256D.37, subdivision 2, and payments to the recipients from Minnesota supplemental aid funds may be made once each three months beginning in October, 1977 covering liabilities that accrued during the preceding three months.

Sec. 57. Minnesota Statutes 1986, section 256B.35, subdivision 2, is amended to read:

Subd. 2. Neither the skilled nursing home, the intermediate care facility, the medical institution, nor the department of human services shall withhold or deduct any amount of this allowance for any purpose contrary to this section.

Sec. 58. Minnesota Statutes 1986, section 256B.421, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] For the purposes of this section and sections 256B.41, 256B.411, 256B.431, 256B.433, 256B.47, 256B.48, 256B.50, and 256B.502, the following terms and phrases shall have the meaning given to them.

Sec. 59. Minnesota Statutes 1986, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing homes in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing homes that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing homes licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing homes referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each proprietary nursing home as an operating cost of that nursing home. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing homes shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing home as an operating cost of that nursing home. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, and license fees paid as required by the Minnesota department of health, for each nursing home (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e).

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of the nursing home that meets the criteria for special dietary needs of its residents as described in section 144A.071, subdivision 3, clause (c), and the special dietary needs involve the preparation of Kosher foods as defined in section 31.651. The adjustment shall be the difference between the nursing home's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group. The adjustment shall be calculated based on allowable costs incurred during the reporting year ending in 1986, and shall be adjusted each rate year by the raw food component of the economic change index established pursuant to section 256B.431, 2b(e). An adjustment for dietary consulting shall be the difference between the nursing home's allowable historical dietary consulting cost per diem and 115 percent of the median historical allowable dietary consulting cost per diem of the corresponding geographic group. An adjustment for dietary supplies shall be the difference between the nursing home's allowable historical dietary supply cost per diem and 105 percent of the median historical allowable dietary supply cost per diem of the corresponding geographic group. The rate adjustment shall be reduced by the applicable phase-in percentage as provided under section 256B.431, subdivision 2(h).

Sec. 60. Minnesota Statutes 1986, section 256B.431, subdivision 2e, is amended to read:

Subd. 2e. [NEGOTIATED RATES CONTRACTS FOR SERVICES FOR VENTILATOR DEPENDENT PERSONS.] Until procedures for determining operating cost payment rates according to mix of resident needs are established, the commissioner may negotiate, with a nursing home that is eligible to receive medical assistance payments, a payment rate of up to 125 percent of the allowed payment rate to be paid for a period of up to three months for individuals who have been hospitalized for more than 100 days, or who have extensive care needs based on nursing hours actually provided or mental or physical disability, or who need respite care for a specified and limited time period. In addition, the commissioner shall take into consideration facilities which historically provided nursing hours at or near the maximum limits which were subsequently reduced as a consequence of payment rate reductions. The payment rate shall be based on an assessment of the nursing home's resident mix as determined by the commissioner of health. When circumstances dictate, the commissioner has authority to renegotiate payment rates for an additional period of time. The payment rate negotiated and The commissioner may contract with a nursing home eligible to receive medical assistance payments to provide services to a ventilator dependent person identified by the commissioner according to criteria developed by the commissioner, including:

(1) nursing home care has been recommended for the person by a preadmission screening team;

(2) the person has been assessed at case mix classification K;

(3) the person has been hospitalized for at least six months and no longer requires inpatient acute care hospital services; and

(4) the commissioner has determined that necessary services for the person cannot be provided under existing nursing home rates.

The commissioner may issue a request for proposals to provide services to a ventilator dependent person to nursing homes eligible to receive medical assistance payments and shall select nursing homes from among respondents according to criteria developed by the commissioner, including:

(i) the cost effectiveness and appropriateness of services;

(ii) the nursing home's compliance with federal and state licensing and certification standards; and

(iii) the proximity of the nursing home to a ventilator dependent person identified by the commissioner who requires nursing home placement.

The commissioner may negotiate an adjustment to the operating cost payment rate for a nursing home selected by the commissioner from among respondents to the request for proposals. The negotiated adjustment must reflect only the actual additional cost of meeting the specialized care needs of a ventilator dependent person identified by the commissioner for whom necessary services cannot be provided under existing nursing home rates and which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or 9505.0170 to 9505.0475. The negotiated adjustment shall not affect the payment rate charged to private paying residents under the provisions of section 256B.48, subdivision 1. The negotiated adjustment paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rulemaking procedures required by chapter 14 and section 256B.502.

Sec. 61. Minnesota Statutes 1986, section 256B.431, subdivision 3a, is amended to read:

Subd. 3a. [PROPERTY-RELATED COSTS AFTER JULY 1, 1985.]

(a) For rate years beginning on or after July 1, 1985, the commissioner, by permanent rule, shall reimburse nursing home providers that are vendors in the medical assistance program for the rental use of real estate and depreciable equipment. "Real estate" means land improvements, buildings, and attached fixtures used directly for resident care. "Depreciable equipment" means the standard moveable resident care equipment and support service equipment generally used in long-term care facilities.

(b) In developing the method for determining payment rates for the rental use of nursing homes, the commissioner shall consider factors designed to:

- (1) simplify the administrative procedures for determining payment rates for property-related costs;
- (2) minimize discretionary or appealable decisions;
- (3) eliminate any incentives to sell nursing homes;
- (4) recognize legitimate costs of preserving and replacing property;
- (5) recognize the existing costs of outstanding indebtedness allowable under the statutes and rules in effect on May 1, 1983;
- (6) address the current value of, if used directly for patient care, land improvements, buildings, attached fixtures, and equipment;
- (7) establish an investment per bed limitation;
- (8) reward efficient management of capital assets;
- (9) provide equitable treatment of facilities;
- (10) consider a variable rate; and
- (11) phase-in implementation of the rental reimbursement method.

(c) No later than January 1, 1984, the commissioner shall report to the legislature on any further action necessary or desirable in order to implement the purposes and provisions of this subdivision.

(d) For rate years beginning on or after July 1, 1987, a nursing home which has reduced licensed bed capacity after January 1, 1986, shall be allowed to:

(1) aggregate the applicable investment per bed limits based on the number of beds licensed prior to the reduction; and

(2) establish capacity days for each rate year following the licensure reduction based on the number of beds licensed on the previous April 1 if the commissioner is notified of the change by April 4. The notification must include a copy of the delicensure request that has been submitted to the commissioner of health.

(e) Until the rental reimbursement method is fully phased-in, a nursing home whose final property related payment rate is the rental rate shall continue to have its property related payment rates established based on the rental reimbursement method.

Sec. 62. Minnesota Statutes 1986, section 256B.431, is amended by adding a subdivision to read:

Subd. 3b. [DEPRECIATION RECAPTURE.] The sale of a nursing home which occurred on or after July 1, 1987, shall result in depreciation recapture payments to be paid by the buyer to the commissioner within 60 days of the department's notification if the sale price exceeds the nursing home's allowable historical cost of capital assets including land recognized by the commissioner at the time of the sale, reduced by accumulated depreciation. The gross recapture amount shall be the lesser of the actual gain on the sale or actual depreciation recognized for the purpose of calculating medical assistance payment rates from the latter of the date of previous sale on November 1, 1972, through the date of the sale. The gross recapture amount shall be allocated to each reporting year from the latter of the date of previous sale on November 1, 1972, through the date of the sale in the same ratio as depreciation amounts recognized for the purpose of calculating medical assistance payment rates. The amount allocated to each reporting year shall be divided by the total actual resident days in that reporting year, thereby determining a cost-per-resident day. The recapture amount shall be the cost-per-resident day for each reporting year times the actual medical assistance resident days for the corresponding rate year following each reporting year. No payment of depreciation recapture shall be assessed with respect to a portion of a rate year beginning after June 30, 1985, in which the property-related payment rate was based on the nursing home's rental value. The recapture amount shall be reduced by one percent for each month of continuous ownership since the previous date of sale of the nursing home up to a maximum of 100 months. For the purpose of this subdivision, the sale of a nursing home means the sale or transfer of a nursing home's capital assets or capital stock or the redemption of ownership interests by members of a partnership. In the case of a sale or transfer of a nursing home in which the new operator leases depreciable equipment used in the nursing home business from the prior operator, or an affiliate of the prior operator, the net present value of the lease shall be added to the transaction price for the purpose of determining the actual gain on the sale. In the case of a partial sale of a nursing home, the provisions of this subdivision will be applied proportionately to sales or accumulations of sales that exceed 20 percent of a nursing home's capital assets or capital stock. Depreciation recapture payments resulting from the sale of a nursing home which occurred before July 1, 1985, shall be calculated in accordance with reimbursement regulations in effect on the date of the sale.

Sec. 63. Minnesota Statutes 1986, section 256B.431, is amended by adding a subdivision to read:

Subd. 3c. [PLANT AND MAINTENANCE COSTS.] For the rate years beginning on or after July 1, 1987, the commissioner shall allow as an expense in the reporting year of occurrence the lesser of the actual allowable plant and maintenance costs for supplies, minor equipment, equipment repairs, building repairs, purchased services and service contracts, except for arms-length service contracts whose primary purpose is supervision, or \$325 per licensed bed.

Sec. 64. Minnesota Statutes 1986, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983 and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less

than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

A facility that meets the criteria of this paragraph shall submit annual cost reports on forms prescribed by the commissioner.

For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(d) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

(1) the sale or transfer of a nursing home upon death of an owner;

(2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act; or

(3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;

(4) any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;

(5) a sale and leaseback to the same licensee which does not constitute a change in facility license;

(6) a transfer of an interest to a trust;

(7) gifts or other transfers for no consideration;

(8) a merger of two or more related organizations;

(9) a transfer of interest in a facility held in receivership;

(10) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa;

(11) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; and

(12) an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

Sec. 65. Minnesota Statutes 1986, section 256B.433, is amended to read:

256B.433 [ANCILLARY SERVICES.]

**Subdivision 1. [SETTING PAYMENT; MONITORING USE OF THERAPY SERVICES.]** The commissioner shall promulgate rules pursuant to the administrative procedure act to set the amount and method of payment for ancillary materials and services provided to recipients residing in long-term care facilities nursing homes. Payment for materials and services may be made to either the nursing home in the operating cost per diem, to the vendor of ancillary services pursuant to Minnesota Rules, parts 9500.0750 to 9500.1080 or to a nursing home pursuant to Minnesota Rules, parts 9500.0750 to 9500.1080. Payment for the same or similar service to a recipient

shall not be made to both the nursing home and the vendor. The commissioner shall ensure the avoidance of double payments through audits and adjustments to the nursing home's annual cost report as required by section 256B.47, and that charges and arrangements for ancillary materials and services are cost effective and as would be incurred by a prudent and cost conscious buyer. Therapy services provided to a recipient must be medically necessary and appropriate to the medical condition of the recipient. If the vendor, nursing home, or ordering physician cannot provide adequate medical necessity justification, as determined by the commissioner and an advisory committee that meets the requirements of section 256B.064, subdivision 1a, the commissioner may recover or disallow the payment for the services and shall require prior authorization for therapy services as a condition of payment or shall impose administrative sanctions to limit the vendor, nursing home, or ordering physician's participation in the medical assistance program.

Subd. 2. [CERTIFICATION THAT TREATMENT IS APPROPRIATE.] The physical therapist, occupational therapist, speech therapist, or audiologist who provides or supervises the provision of therapy services, other than an initial evaluation, to a medical assistance recipient must certify in writing that the therapy's nature, scope, duration, and intensity are appropriate to the medical condition of the recipient every 30 days. The therapist's statement of certification must be maintained in the recipient's medical record together with the specific orders by the physician and the treatment plan. If the recipient's medical record does not include these documents, the commissioner may recover or disallow the payment for such services. The commissioner shall utilize a peer review program that meets the requirements of section 256B.064, subdivision 1a, to make recommendations regarding the medical necessity of services provided.

Subd. 3. [SEPARATE BILLINGS FOR THERAPY SERVICES.] Payment for therapy services provided to nursing home residents that are billed separate from nursing home's payment rate or according to Minnesota Rules, parts 9500.0750 to 9500.1080, shall be subject to the following requirements:

(a) The practitioner invoice must include, in a format specified by the commissioner, the provider number of the nursing home where the medical assistance recipient resides regardless of the service setting.

(b) Nursing homes that are related by ownership, control, agreement, affiliation, or employment status to the vendor of therapy services shall report, in a format specified by the commissioner, the revenues received during the reporting year for therapy services provided to residents of the nursing home. The commissioner shall offset the revenues received during the reporting year for therapy

services provided to residents of the nursing home to the total payment rate of the nursing home by dividing the amount of offset by the nursing home's actual resident days. Except as specified in paragraphs (d) and (f), the amount of offset shall be the revenue in excess of 105 percent of the cost removed from the cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. In establishing a new base period for the purpose of setting operating cost payment rate limits and rates, the commissioner shall not include the revenues offset in accordance with this section.

(c) Nursing homes shall limit charges in total to vendors of therapy services for renting space, equipment, or obtaining other services during the rate year to 105 percent of the annualized cost removed from the reporting year cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. If the arrangement for therapy services is changed so that a nursing home is subject to this paragraph instead of paragraph (b), the cost that is used to determine rent must be adjusted to exclude the annualized costs for therapy services that are not provided in the rate year. The maximum charges to the vendors shall be based on the commissioner's determination of annualized cost and may be subsequently adjusted upon resolution of appeals.

(d) The commissioner shall require reporting of all revenues relating to the provision of therapy services and shall establish a therapy cost, as determined by section 256B.47, to revenue ratio for the reporting year ending in 1986. For subsequent reporting years, the ratio may increase five percentage points in total until a new base year is established under paragraph (e). Increases in excess of five percentage points may be allowed if adequate justification is provided to and accepted by the commissioner. Unless an exception is allowed by the commissioner, the amount of offset in paragraph (b) is the greater of the amount determined in paragraph (b) or the amount of offset that is imputed based on one minus the lesser of (1) the actual reporting year ratio or (2) the base reporting year ratio increased by five percentage points, multiplied by the revenues.

(e) The commissioner may establish a new reporting year base for determining the cost to revenue ratio.

(f) If the arrangement for therapy services is changed so that a nursing home is subject to the provisions of paragraph (b) instead of paragraph (c), an average cost to revenue ratio based on the ratios of nursing homes that are subject to the provisions of paragraph (b) shall be imputed for paragraph (d).

(g) This section does not allow unrelated nursing homes to reorganize related organization therapy services and provide services among themselves to avoid offsetting revenues. Nursing homes

that are found to be in violation of this provision shall be subject to the penalty requirements of section 256B.48, subdivision 1, paragraph (f).

Sec. 66. Minnesota Statutes 1986, section 256B.47, subdivision 1, is amended to read:

Subdivision 1. [NONALLOWABLE COSTS.] The following costs shall not be recognized as allowable: (1) political contributions; (2) salaries or expenses of a lobbyist, as defined in section 10A.01, subdivision 11, for lobbying activities; (3) advertising designed to encourage potential residents to select a particular nursing home; (4) assessments levied by the commissioner of health for uncorrected violations; (5) legal and related expenses for unsuccessful challenges to decisions by governmental agencies; (6) memberships in sports, health or similar social clubs or organizations; and (7) costs incurred for activities directly related to influencing employees with respect to unionization; and (8) direct and indirect costs of providing services which are billed separately from the nursing home's payment rate or pursuant to Minnesota Rules, parts 9500.0750 to 9500.1080. The commissioner shall by rule exclude the costs of any other items not directly related to the provision of resident care.

Sec. 67. Minnesota Statutes 1986, section 256B.47, is amended by adding a subdivision to read:

Subd. 3. [ALLOCATION OF COSTS.] To ensure the avoidance of double payments as required by section 256B.433, the direct and indirect reporting year costs of providing residents of nursing homes that are not hospital attached with therapy services that are billed separately from the nursing home payment rate or according to Minnesota Rules, parts 9500.0750 to 9500.1080, must be determined and deducted from the appropriate cost categories of the annual cost report as follows:

(a) The costs of wages and salaries for employees providing or participating in providing and consultants providing services shall be allocated to the therapy service based on direct identification.

(b) The costs of fringe benefits and payroll taxes relating to the costs in paragraph (a) must be allocated to the therapy service based on direct identification or the ratio of total costs in paragraph (a) to the sum of total allowable salaries and the costs in paragraph (a).

(c) The costs of housekeeping, plant operations and maintenance, real estate taxes, special assessments, property and insurance, other than the amounts classified as a fringe benefit, must be allocated to the therapy service based on the ratio of service area square footage to total facility square footage.

(d) The costs of bookkeeping and medical records must be allocated to the therapy service either by the method in paragraph (e) or based on direct identification. Direct identification may be used if adequate documentation is provided to, and accepted by, the commissioner.

(e) The costs of administrators, bookkeeping, and medical records salaries, except as provided in paragraph (d), must be allocated to the therapy service based on the ratio of the total costs in paragraphs (a) to (d) to the sum of total allowable nursing home costs and the costs in paragraphs (a) to (d).

Sec. 68. Minnesota Statutes 1986, section 256B.47, is amended by adding a subdivision to read:

Subd. 4. [ALLOCATION OF COSTS; HOSPITAL-ATTACHED FACILITIES.] To ensure the avoidance of double payments as required by section 256B.433, the direct and indirect reporting year costs of providing therapy services to residents of a hospital-attached nursing home, when the services are billed separately from the nursing home's payment rate or according to Minnesota Rules, parts 9500.0750 to 9500.1080, must be determined and deducted from the appropriate cost categories of the annual cost report based on the Medicare step-down as prepared in accordance with instructions provided by the commissioner.

Sec. 69. Minnesota Statutes 1986, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be offered to all residents and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they

were included in the payment rate for the previous reporting year. A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of \$100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home;

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home;

(d) Providing differential treatment on the basis of status with regard to public assistance;

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately.

The collection and use by a nursing home of financial information of any applicant pursuant to the preadmission screening program established by section 256B.091 shall not raise an inference that the

nursing home is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing home except as payment for renting or leasing space or equipment of the nursing home or purchasing support services, if those from the nursing home as limited by section 256B.433. All agreements are must be disclosed to the commissioner; and upon request of the commissioner. Nursing homes and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing home or boarding care home which is in violation of this section if extreme

hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation, and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing home is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing home to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing home.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Sec. 70. Minnesota Statutes 1986, section 256B.48, subdivision 6, is amended to read:

Subd. 6. [MEDICARE CERTIFICATION.] All nursing homes certified as skilled nursing facilities under the medical assistance program shall participate in medicare part A and part B unless, after submitting an application, medicare certification is denied by the federal health care financing administration. Medicare review shall be conducted at the time of the annual medical assistance review. Charges for medicare-covered services provided to residents who are simultaneously eligible for medical assistance and medicare must be billed to medicare part A or part B before billing medical assistance. Medical assistance may be billed only for charges not reimbursed by medicare.

Until September 30, 1987, the commissioner of health may grant exceptions from this requirement when a nursing home submits a written request for exception and it is determined that there is sufficient participation in the medicare program to meet the needs of medicare beneficiaries in that region of the state. For the purposes of this section, the relevant region is the county in which the nursing home is located together with contiguous Minnesota counties. There is sufficient participation in the medicare program in a particular region when the proportion of skilled resident days paid by the medicare program is at least equal to the national average based on the most recent figure that can be supplied by the federal health care financing administration. A nursing home that is granted an

exception under this subdivision must give appropriate notice to all applicants for admission that medicare coverage is not available in the nursing home and publish this fact in all literature and advertisement related to the nursing home. A nursing home with 110 to 150 beds which is located within one-half mile of a hospital-attached nursing home with 44 licensed beds which were medicare certified on January 1, 1980, is exempted from this requirement and need not participate in the medicare program as required under this subdivision.

Sec. 71. Minnesota Statutes 1986, section 256B.50, subdivision 2, is amended to read:

Subd. 2. [APPRAISED VALUE; APPEALS BOARD.] (a) Appeals concerning the appraised value of a nursing home's real estate must be heard by a three-person appeal board appointed by the commissioner. The real estate as defined in section 256B.431, subdivision 3, must be appraised using the depreciated replacement cost method.

(b) Members of the appeals board shall be appointed by the commissioner from the list of appraisers approved for state contracts by the commissioner of administration. In making the selection, the commissioner of human services shall ensure that each member is experienced in the use of the depreciated replacement cost method and is free of any personal, political, or economic conflict of interest that may impair the member's ability to function in a fair and objective manner.

(c) The appeals board shall appoint one of its members to act as chief representative and shall examine witnesses when it is necessary to make a complete record. Facts to be considered by the board are limited to those in existence at the time of the appraisal being appealed. The board shall issue a written report regarding each appeal to the commissioner within 30 days following the close of the record. The report must contain findings of fact, conclusions, and a recommended disposition based on a majority decision of the board. A copy of the report must be served upon all parties.

(d) The commissioner shall issue an order adopting, rejecting, or modifying the appeal board's recommendation within 30 days of receipt of the report. A copy of the decision must be served upon all parties.

(e) Within 30 days of receipt of the commissioner's order, the appealing party may appeal to the Minnesota court of appeals. The court's decision is limited to a determination of the appraised value of the real estate and must not include costs assessed against either party. (a) An appeal request concerning the appraised value of a nursing home's real estate as established by an appraisal conducted after July 1, 1986, shall state the appraised value the nursing home believes is correct for the building, land improvements, and attached

equipment and the name and address of the firm with whom contacts may be made regarding the appeal. The appeal request shall include a separate appraisal report prepared by an independent appraiser of real estate which supports the total appraised value claimed by the nursing home. The appraisal report shall be based on an on-site inspection of the nursing home's real estate using the depreciated replacement cost method, must be in a form comparable to that used in the commissioner's appraisal, and must pertain to the same time period covered by the appealed appraisal. The appraisal report shall include information related to the training, experience, and qualifications of the appraiser who conducted and prepared the appraisal report for the nursing home.

(b) A nursing home which has filed an appeal request prior to the effective date of this law concerning the appraised value of its real estate as established by an appraisal conducted before July 1, 1986, must submit to the commissioner the information described under paragraph (a) within 60 days of the effective date of this act in order to preserve the appeal.

(c) An appeal request which has been filed pursuant to the provisions of paragraph (a) or (b) shall be finally resolved through an agreement entered into by and between the commissioner and the nursing home or by the determination of an independent appraiser based upon an on-site inspection of the nursing home's real estate using the depreciated replacement cost method, in a form comparable to that used in the commissioner's appraisal, and pertaining to the same time period covered by the appealed appraisal. The appraiser shall be selected by the commissioner and the nursing home by alternately striking names from a list of appraisers approved for state contracts by the commissioner of administration. The appraiser shall make assurances to the satisfaction of the commissioner and the nursing home that the appraiser is experienced in the use of the depreciated cost method of appraisals and that the appraiser is free of any personal, political, or economic conflict of interest that may impair the ability to function in a fair and objective manner. The commissioner shall pay costs of the appraiser through a negotiated rate for services of the appraiser.

(d) The decision of the appraiser is final and is not appealable. Exclusive jurisdiction for appeals of the appraised value of nursing homes lies with the procedures set out in this subdivision. No court of law shall possess subject matter jurisdiction to hear appeals of appraised value determinations of nursing homes.

Sec. 72. Minnesota Statutes 1986, section 256B.69, subdivision 6, is amended to read:

Subd. 6. [SERVICE DELIVERY.] Each demonstration provider shall be responsible for the health care coordination for eligible individuals. Demonstration providers:

(a) Shall authorize and arrange for the provision of all needed health services including but not limited to the full range of services listed in section 256B.02, subdivision 8, in order to ensure appropriate health care is delivered to enrollees;

(b) Shall accept the prospective, per capita payment from the commissioner in return for the provision of comprehensive and coordinated health care services for eligible individuals enrolled in the program;

(c) May contract with other health care and social service practitioners to provide services to enrollees; and

(d) Shall institute recipient grievance procedures according to the method established by the project, utilizing applicable requirements of chapter 62D. Disputes not resolved through this process shall be appealable to the commissioner as provided in subdivision 11.

Demonstration providers must comply with the standards for claims settlement under section 72A.20, subdivision 12a, paragraphs (d), (e), (g), and (h) when contracting with other health care and social service practitioners to provide services to enrollees. A demonstration provider must pay a claim within 30 business days of the date of acceptance of the claim.

Sec. 73. Minnesota Statutes 1986, section 256B.69, subdivision 11, is amended to read:

Subd. 11. [APPEALS.] A recipient may appeal to the commissioner a demonstration provider's delay or refusal to provide services. The commissioner shall appoint a panel of health practitioners, including social service practitioners, as necessary to determine the necessity of services provided or refused to a recipient. The deliberations and decisions of the panel replace the administrative review process otherwise available under this chapter 256. The panel shall follow the time requirements and other provisions of the Code of Federal Regulations, title 42, sections 431.200 to 431.246. The time requirements shall be expedited based on request by the individual who is appealing for emergency services. If a service is determined to be necessary and is included among the benefits for which a recipient is enrolled, the service must be provided by the demonstration provider as specified in subdivision 5. The panel's decision is a final agency action that may be appealed under the contested case provisions of chapter 14.

Sec. 74. Minnesota Statutes 1986, section 256B.69, is amended by adding a subdivision to read:

Subd. 12. [JUDICIAL REVIEW.] A party aggrieved by an order of the panel may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a

notice of appeal upon the commissioner and any adverse party of record within 30 days after the date the panel issued the order and by filing the original notice and proof of service with the court administrator of the district court. Service may be made personally or by mail. Service by mail is complete upon mailing. No filing fee shall be required by the court administrator in appeals taken under this subdivision. The commissioner may elect to become a party to the proceedings in the district court. Any party may demand that the commissioner furnish all parties to the proceedings with a copy of the decision, and a transcript of any testimony, evidence, or other supporting papers from the hearing held before the panel, by serving a written demand on the commissioner within 30 days after service of the notice of appeal.

Sec. 75. Minnesota Statutes 1986, section 256B.69, is amended by adding a subdivision to read:

Subd. 13. [HEARING.] A party may obtain a hearing at a special term of the district court by serving a written notice of the time and place of the hearing at least ten days before the date of the hearing. The court may consider the matter in or out of chambers and shall take no new or additional evidence unless it determines that the evidence is necessary for a more equitable disposition of the appeal.

Sec. 76. Minnesota Statutes 1986, section 256B.69, is amended by adding a subdivision to read:

Subd. 14. [APPEAL.] A party aggrieved by the order of the district court may appeal the order as in other civil cases. No costs or disbursements shall be taxed against a party nor shall any filing fee or bond be required of a party.

Sec. 77. Minnesota Statutes 1986, section 256B.69, is amended by adding a subdivision to read:

Subd. 15. [PAYMENTS PENDING APPEAL.] If the panel or district court orders services paid or provided in any proceeding under this section, it must be paid or provided pending appeal to the district court, court of appeals, or supreme court.

Sec. 78. Minnesota Statutes 1986, section 256B.69, is amended by adding a subdivision to read:

Subd. 16. [PROJECT EXTENSION.] Minnesota Rules, parts 9550.1450; 9500.1451; 9500.1452; 9500.1453; 9500.1454; 9500.1455; 9500.1456; 9500.1457; 9500.1458; 9500.1459; 9500.1460; 9500.1461; 9500.1462; 9500.1463; and 9500.1464 are extended until December 31, 1990.

Sec. 79. Minnesota Statutes 1986, section 256C.26, is amended to read:

256C.26 [EMPLOYMENT SERVICES.]

The commissioner of jobs and training shall include in the biennial plan submitted to the full productivity and opportunity coordinator a method develop a plan to deal with the underemployment of hearing impaired persons. The plan shall provide for training regarding the nature of hearing handicaps for department staff who consult with prospective employers or who provide job placement services.

Sec. 80. Minnesota Statutes 1986, section 256D.01, subdivision 1a, is amended to read:

Subd. 1a. [STANDARDS.] (1) A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. To achieve these aims, the commissioner shall establish minimum standards of assistance for general assistance. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs.

For a recipient who is a member of a one-person assistance unit, the standard shall not be less than the combined total of the minimum standards of assistance for shelter and basic needs in effect on February 1, 1983. The standards of assistance shall not be lower for a recipient sharing a residence with another person unless that person is a responsible relative. The standards of assistance for recipients who are members of an assistance unit composed of more than one person must be equal to the aid to families with dependent children standard of assistance for a family of similar size and composition.

The standards shall be lowered for recipients who share a residence with a person who is a responsible relative of one or more members of the assistance unit if the responsible relative also receives general assistance or aid to families with dependent children. The standards must also be lowered for recipients who share a residence with a responsible relative if the relative is not receiving general assistance or aid to families with dependent children because the relative has been sanctioned or disqualified. If the responsible relative is receiving general assistance or aid to families with dependent children, or would be receiving them but for sanction or disqualification, then the standard applicable to the general assistance recipient's assistance unit must equal the amount that would be attributable to the members of the assistance unit if the members were included as additional recipients in the responsible relative's general assistance or aid to families with dependent children grant. When determining the amount attributable to members of an

assistance unit that must receive a reduced standard; the amount attributed to adults must be the amount attributed to another child added to the responsible relative's assistance unit. When an assistance unit is subject to a reduced standard, the reduced standard must not exceed the standard that applies to an assistance unit that does not share a residence with a responsible relative.

For recipients, except recipients who are eligible under section 256D.05, subdivision 1, paragraph (a), clauses (1), (7), (8), (9), and (14), who share a residence with a responsible relative who is not receiving general assistance or aid to families with dependent children but who receives other income, the standards shall be lowered, subject to these limitations:

(a) The general assistance grant to the one-person assistance unit shall be in an amount such that total household income is equal to the aid to families with dependent children standard for a household of like size and composition, except that the grant shall not exceed that paid to a general assistance recipient living independently.

(b) Benefits received by a responsible relative under the supplemental security income program, the social security retirement program if the relative was receiving benefits under the social security disability program at the time of becoming eligible for the social security retirement program or if the relative is a person described in section 256D.05, subdivision 1, paragraph (a), clause (1), (7), or (9), the social security disability program, a workers' compensation program, the Minnesota supplemental aid program, or on the basis of the relative's disability, must not be included in the household income calculation.

(2) The commissioner shall set the standard of assistance for an assistance unit consisting of an adult recipient who is childless and unmarried or living apart from his or her children and spouse and who does not live with his or her parent or parents or a legal custodian. When the other standards specified in this subdivision increase, this standard shall also be increased by the same percentage.

(3) For an assistance unit consisting of an adult who is childless and unmarried or living apart from his or her children and spouse, but who lives with his or her parent or parents, the general assistance standard of assistance shall be equal to the amount that the aid to families with dependent children standard of assistance would increase if the recipient were added as an additional minor child to an assistance unit consisting of the recipient's parent and all of that parent's family members, provided that the standard shall not exceed the standard for a general assistance recipient living alone. Benefits received by a responsible relative of the assistance unit under the supplemental security income program, a workers' compensation program, the Minnesota supplemental aid program,

or any other program based on the responsible relative's disability, and any benefits received by a responsible relative of the assistance unit under the social security retirement program, shall not be counted in the determination of eligibility or benefit level for the assistance unit. An adult child shall be ineligible for general assistance if the available resources or the countable income of the adult child and the parent or parents with whom he or she lives are such that a family consisting of the adult child's parent or parents, the parent or parents' other family members and the adult child as the only or additional minor child would be financially ineligible for general assistance.

(4) For an assistance unit consisting of a married couple who are childless or who live apart from any child or children of whom either of the married couple is a parent or legal custodian, the standards of assistance shall be equal to the first and second adult standards of the aid to families with dependent children program. If one member of the couple is not included in the general assistance grant, then the standard of assistance for the other shall be equal to the second adult standard of the aid to families with dependent children program, except that, when one member of the couple is not included in the general assistance grant because he or she is not categorically eligible for general assistance under section 256D.05, subdivision 1, and has exhausted work readiness eligibility under section 256D.051, subdivision 4 or 5, for the period of time covered by the general assistance grant, then the standard of assistance for the remaining member of the couple shall be equal to the first adult standard of the aid to families with dependent children program.

(5) For an assistance unit consisting of all members of a family, the standards of assistance shall be the same as the standards of assistance applicable to a family under the aid to families with dependent children program if that family had the same number of parents and children as the assistance unit under general assistance and if all members of that family were eligible for the aid to families with dependent children program. If one or more members of the family are not included in the assistance unit for general assistance, the standards of assistance for the remaining members shall be equal to the standards of assistance applicable to an assistance unit composed of the entire family, less the standards of assistance applicable to a family of the same number of parents and children as those members of the family who are not in the assistance unit for general assistance. Notwithstanding the foregoing, if an assistance unit consists solely of the minor children because their parent or parents have been sanctioned from receiving benefits from the aid to families with dependent children program, the standard for the assistance unit shall be equal to the special child standard of the aid to families with dependent children program. A child shall not be excluded from the assistance unit unless income intended for its benefit is received from a federally aided categorical assistance program; supplemental security income; retirement, survivors, and

disability income; other assistance programs; or child support and maintenance payments. The income of a child who is excluded from the assistance unit shall not be counted in the determination of eligibility or benefit level for the assistance unit.

Sec. 81. Minnesota Statutes 1986, section 256D.02, subdivision 5, is amended to read:

Subd. 5. "Family" means two or more individuals who are related by blood, marriage or adoption, who are living in a place or residence maintained by one or more of them as a home, and at least one of whom is a child who is not married to another of such individuals and is in the care of or dependent upon another of such individuals the following persons who live together: a minor child or a group of minor children related to each other as siblings, half siblings, or stepsiblings, together with their natural or adoptive parents, their stepparents, or their legal custodians, and any other minor children of whom an adult member of the family is a legal custodian.

Sec. 82. Minnesota Statutes 1986, section 256D.02, subdivision 8, is amended to read:

Subd. 8. "Income" means any form of income, including remuneration for services performed as an employee and net earnings from self-employment, reduced by the amount attributable to employment expenses as defined by the commissioner. Such payments may not be considered as available to meet the needs of any person other than the person for whose benefit they are received, unless that person is under a legal duty to support another a family member or a spouse and the income is not excluded under section 256D.01, subdivision 1a. Goods and services provided in lieu of cash payment shall be excluded from the definition of income, except that payments made for room, board, tuition or fees by a parent, on behalf of a child enrolled as a full-time student in a post-secondary institution, must be included as income.

Sec. 83. Minnesota Statutes 1986, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] Persons eligible for benefits under sections 256D.01 to 256D.21 and persons not eligible for federal health care benefits whose nonexempt property, as determined according to medical assistance standards, has an equity value no greater than \$1,000 and whose income is not in excess of the medical assistance standards shall be eligible for general assistance medical care. Persons with excess income and resources may qualify for benefits under this subdivision by spending down. Treatment of income and resources in calculation of the spenddown shall be the same as in the medical assistance program pursuant to chapter 256B. General assistance medical care may be paid for any person:

(1) who is eligible for assistance under section 256D.05 or 256D.051 and is not eligible for medical assistance under chapter 256B; or

(2) who is a resident of Minnesota; whose income as calculated under chapter 256B is not in excess of the medical assistance standards or whose excess income is spent down pursuant to chapter 256B; and whose equity in resources is not in excess of \$1,000 per assistance unit. Exempt real and liquid assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B.

Eligibility is available for the month of application and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

Sec. 84. Minnesota Statutes 1986, section 256D.03, is amended by adding a subdivision to read:

Subd. 3a. [CLAIMS; ASSIGNMENT OF BENEFITS.] Claims must be filed pursuant to section 256D.16. General assistance medical care applicants and recipients must apply or agree to apply third party health and accident benefits to the costs of medical care. They must cooperate with the state in establishing paternity and obtaining third party payments. By signing an application for general assistance, a person assigns to the department of human services all rights to medical support or payments for medical expenses from another person or entity on their own or their dependent's behalf and agrees to cooperate with the state in establishing paternity and obtaining third party payments. The application shall contain a statement explaining the assignment. Any rights or amounts assigned shall be applied against the cost of medical care paid for under this chapter. An assignment is effective on the date general assistance medical care eligibility takes effect. The assignment shall not affect benefits paid or provided under automobile accident coverage and private health care coverage until

the person or organization providing the benefits has received notice of the assignment.

Sec. 85. Minnesota Statutes 1986, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist, hearing aids, prosthetic devices, laboratory and X-ray services, physician's services, medical transportation, chiropractic services as covered under the medical assistance program, podiatric services, and dental care. In addition, payments of state aid shall be made for day treatment services provided by a mental health center established under sections 245.61 to 245.69, subdivision 1, and funded through chapter 256E and for prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization.

(b) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under section 256B.02, subdivision 8. The rates payable under this section must be calculated according to section ~~256.966, subdivision 2~~ 46, subdivision 4.

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to

remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to ~~June 30, 1987~~ March 31, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical 5 payments for which state payments are not made.

(e) Chemical dependency services that are reimbursed under Laws 1986, chapter 394, sections 8 to 20, must not be reimbursed under general assistance medical care.

(f) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be

determined from the average usual and customary charge of the same vendor type enrolled in the base year.

Sec. 86. Minnesota Statutes 1986, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a permanent or temporary illness, injury, or incapacity which is medically certified and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the local agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person who is or may be eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;

(10) a person completing a secondary education program;

(11) a family with one or more minor children; provided that, if all the children are six years of age or older, all the adult members of the family register for and cooperate in the work readiness program under section 256D.051; and provided further that, if one or more of the children are under the age of six and if the family contains more than one adult member, all the adult members except one adult member register for and cooperate in the work readiness program under section 256D.051. The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination. The time limits of section 256D.051, subdivisions 4 and 5, do not apply to people eligible under this clause;

(b) The following persons or families with income and resources that are less than the standard of assistance established by the

commissioner are eligible for and entitled to a maximum of six months of general assistance during any consecutive 12-month period, after registering with and completing six months in a work readiness program under section 256D.051:

(1) a person who has borderline mental retardation; and

(2) a person who exhibits perceptible symptoms of mental illness as certified by a qualified professional but who is not eligible for general assistance under paragraph (a), because the mental illness interferes with the medical certification process; provided that the person cooperates with social services, treatment, or other plans developed by the local agency to address the illness.

In order to retain eligibility under this paragraph, a recipient must continue to cooperate with work and training requirements as determined by the local agency.

Sec. 87. Minnesota Statutes 1986, section 256D.05, is amended by adding a subdivision to read:

Subd. 5. [TRANSFERS OF PROPERTY.] The following provisions govern all transfers of resources relative to the general assistance program:

(a) [TRANSFERS FOR LESS THAN MARKET VALUE.] In determining the resources of an assistance unit, there shall be included any resource or an interest in a resource that was given away, sold, or disposed of for less than fair market value within 12 months preceding application for general assistance or during the period of eligibility.

(b) [PRESUMPTION OF PURPOSE.] Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for assistance under chapter 256D, unless the individual involved or other member of the assistance unit offers convincing evidence to show that the transaction was for another purpose only.

(c) [RESOURCE VALUE.] For purposes of this subdivision, the value of the resource shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received.

(d) [PERIOD OF INELIGIBILITY.] For any insufficiently compensated transfer, the period of ineligibility shall be calculated by dividing the resource value by the state standard of assistance for an assistance unit of the size involved. The assistance unit shall remain ineligible until either this fixed period of ineligibility or 12 calendar months has expired, whichever occurs first.

Sec. 88. Minnesota Statutes 1986, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] A person or, family, or married couple whose income and resources are less than the standard of assistance established by the commissioner, but who are not eligible to receive general assistance under section 256D.05, subdivision 1, are eligible for a work readiness program. Upon registration, a registrant is eligible to receive assistance in an amount equal to general assistance under section 256D.05, subdivision 1, for a maximum of six months during any consecutive 12-month period, subject to subdivisions subdivision 3, 4, and 5. The local agency shall pay work readiness assistance in monthly payments beginning at the time of registration.

Sec. 89. Minnesota Statutes 1986, section 256D.051, subdivision 6, is amended to read:

Subd. 6. [LOCAL AGENCY OPTIONS ALLOCATION OF FUNDS FOR PAYMENT OF ADMINISTRATIVE COSTS AND REGISTRANT EXPENSES.] The local agency may, at its option, provide up to \$100 per registrant for direct expenses incurred by the registrant for transportation, clothes, and tools necessary for employment. The local agency may provide an additional \$100 for direct expenses of registrants remaining in the work readiness program for more than two months. After paying direct expenses as needed by individual registrants, the local agency may use any remaining money to provide additional services as needed by any registrant including education, orientation, placement, other work experience, on-the-job training, and other appropriate activities. Subject to the amount appropriated by the legislature, funds must be allocated annually among the counties for payment of administrative costs incurred by the provider of work readiness services and for payment of direct expenses incurred by work readiness registrants. Each county shall be eligible to receive that proportion of the funds available which equals the monthly average number of work readiness participants in the county divided by the monthly average number of work readiness participants in the state for the applicable period. The applicable period for each fiscal year shall be the 12-month period ending March 31 of the prior fiscal year. For purposes of this subdivision, the term participants means individuals receiving work readiness payments and services and general assistance recipients receiving work readiness services.

Sec. 90. Minnesota Statutes 1986, section 256D.051, is amended by adding a subdivision to read:

Subd. 6a. [COUNTY MATCH AND USE OF FUNDS.] Each county shall provide a 25 percent match of the annual state work readiness allocation and may contract with an employment and training service provider to use the funds to pay direct participation

expenses and administrative costs of providing work readiness services. No more than 25 percent of the allocation may be used for administrative costs except that any funds remaining after payment of direct participation expenses may be used for additional administrative costs. Funds may be used for the following direct participation expenses: transportation, clothes, tools, and other necessary work-related expenses. Funds may be used for administrative costs incurred providing the following services: employability assessments and employability development plans, employment search assistance, education, orientation, placement, on-the-job training, and other appropriate activities.

Sec. 91. Minnesota Statutes 1986, section 256D.06, subdivision 1, is amended to read:

Subdivision 1. General assistance shall be granted in such an amount that when added to the nonexempt income actually available to the individual, married couple, or family, the total amount equals the applicable standard of assistance established by the ~~commissioner~~ for general assistance. In determining eligibility for and the amount of assistance the local agency shall disregard the first \$50 of earned income per month.

Sec. 92. Minnesota Statutes 1986, section 256D.06, subdivision 1b, is amended to read:

Subd. 1b. [EARNED INCOME SAVINGS ACCOUNT.] In addition to the \$50 disregard required under subdivision 1, the local agency shall disregard an additional earned income up to a maximum of \$150 per month for persons residing in facilities licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and 9530.2500 to 9530.4000, and for whom discharge and work are part of a treatment plan. The additional amount disregarded must be placed in a separate savings account by the eligible individual, to be used upon discharge from the residential facility into the community. A maximum of \$1,000, including interest, of the money in the savings account must be excluded from the resource limits established by section 256D.08, subdivision 1, clause (1). Amounts in that account in excess of \$1,000 must be applied to the resident's cost of care. If excluded money is removed from the savings account by the eligible individual at any time before the individual is discharged from the facility into the community, the money is income to the individual in the month of receipt and a resource in subsequent months. If an eligible individual moves from a community facility to an inpatient hospital setting, the separate savings account is an excluded asset for up to 18 months. During that time, amounts that accumulate in excess of the \$1,000 savings limit must be applied to the patient's cost of care. If the patient continues to be hospitalized at the conclusion of the 18-month period, the entire account must be applied to the patient's cost of care.

Sec. 93. Minnesota Statutes 1986, section 256D.06, subdivision 2, is amended to read:

Subd. 2. Notwithstanding the provisions of subdivision 1, a grant of general assistance shall be made to an eligible individual, married couple, or family for an emergency need, as defined in rules promulgated by the commissioner, where the recipient requests temporary assistance not exceeding 30 days if an emergency situation appears to exist and the individual is ineligible for the program of emergency assistance under aid to families with dependent children and is not a recipient of aid to families with dependent children at the time of application hereunder. If a recipient relates facts to the local agency which may be sufficient to constitute an emergency situation, the local agency shall advise the recipient of the procedure for applying for assistance pursuant to this subdivision.

Sec. 94. Minnesota Statutes 1986, section 256D.08, subdivision 1, is amended to read:

Subdivision 1. In determining eligibility of a family, married couple, or individual there shall be excluded the following resources:

(1) Real or personal property or liquid assets which do not exceed those permitted under the federally aided assistance program known as aid to families with dependent children; and

(2) Other property which has been determined, in accordance with and subject to limitations contained in rules promulgated by the commissioner, to be essential to the family or individual as a means of self-support or self-care or which is producing income that is being used for the support of the individual or family. The commissioner shall further provide by rule the conditions for those situations in which property not excluded under this subdivision may be retained by the family or individual where there is a reasonable probability that in the foreseeable future the property will be used for the self-support of the individual or family; and

(3) Payments, made pursuant to litigation and subsequent appropriation by the United States Congress, of funds to compensate members of Indian tribes for the taking of tribal land by the federal government.

Sec. 95. Minnesota Statutes 1986, section 256D.101, is amended to read:

256D.101 [FAILURE TO COMPLY WITH WORK REQUIREMENTS; NOTICE.]

Subdivision 1. [DISQUALIFICATION.] If the local agency determines that a registrant has failed to comply with the requirements of section 256D.051, the local agency shall notify the registrant of the determination. The notification shall be in writing; and shall state the facts that support the local agency's determination. For the first two times in a six-month period that the registrant has failed without good cause to comply with program requirements, the notification shall specify the particular actions that must be taken by the registrant to achieve compliance; shall state that the recipient must take the specified actions by a date certain, which must be at least 15 ten days following the date the notification is mailed or delivered to the registrant; shall explain the ramifications of the registrant's failure to take the required actions by the specified date; and shall advise the registrant that the registrant may request and have a conference with the local agency to discuss the notification. A registrant who fails without good cause to comply with requirements of the program more than two times in a six-month period must be notified of termination.

Subd. 2. [NOTICE OF GRANT REDUCTION, SUSPENSION, OR TERMINATION.] ~~No~~ The notice of grant reduction, suspension, or termination on the ground that a registrant has failed to comply with section 256D.051 shall be given mailed or hand delivered by the local agency until the notification required by subdivision 1 has been given, the time for compliance stated in the notification has lapsed, and the local agency has, subsequent concurrently with the notification required by subdivision 1. Prior to giving the notification, assessed the local agency must assess the registrant's eligibility for general assistance under section 256D.05 to the extent possible using information contained in the case file, and determined determine that the registrant is not eligible under that section. The determination that the registrant is not eligible shall be stated in the notice of grant reduction, suspension, or termination.

Subd. 3. [BENEFITS AFTER NOTIFICATION.] Assistance payments otherwise due to the registrant under section 256D.051 shall not be paid after the notification required in subdivision 1 has been provided to the registrant unless, before the date stated in the notification, the registrant takes the specified action necessary to achieve compliance or, within five days after the effective date stated in the notice, files an appeal of the grant reduction, suspension, or termination. If, by the required date, the registrant does take the specified action necessary to achieve compliance, both the notification required by subdivision 1 and the notice required by subdivision 2 shall be canceled and all benefits due to the registrant shall be paid promptly. If, by the required date, the registrant files an appeal of the grant reduction, suspension, or termination, benefits otherwise due to the registrant shall be continued pending the outcome of the appeal.

Sec. 96. Minnesota Statutes 1986, section 256D.15, is amended to read:

## 256D.15 [RELATIVE'S RESPONSIBILITY.]

The financial responsibility of a relative for an applicant for or recipient of general assistance or work readiness shall not extend beyond the relationship of a spouse or a parent of an adult child who resides with the parent, or the parent of a minor child regardless of where the minor child resides, or a family member who resides with the applicant or recipient.

Sec. 97. Minnesota Statutes 1986, section 256D.22, is amended to read:

## 256D.22 [REIMBURSEMENT OF COUNTIES BY STATE RELATING TO PUBLIC ASSISTANCE.]

To the extent of appropriations available therefor, the department of human services shall reimburse counties Subdivision 1. [DISTRIBUTION FORMULA.] Beginning July 1, 1988, and to the extent of appropriations available, the commissioner of human services shall reimburse counties' administrative costs in the following manner:

(a) 50 percent of the available appropriation shall be distributed to counties as reimbursement for up to 50 percent of all salary expenses, approved by the commissioner, incurred and paid by the counties, for which no payment or reimbursement is made by the United States or any subdivision thereof, in administering, and salary administrative costs in providing services in connection with, all public assistance programs.

(b) 25 percent of the available appropriation shall be distributed to counties based on each county's proportionate share of the state's aid to families with dependent children and medical assistance caseloads; provided, however, that each county's share shall be reduced by a direct percentage equal to the sum of that county's percentage of overdue aid to families with dependent children eligibility reviews added to that county's percentage of overdue quarterly asset reviews for medical assistance eligibility, as calculated for the quarter immediately preceding each quarter in which this payment is made. Any money accruing as a result of these reductions shall be rolled over and distributed as provided for in this paragraph during the next quarterly payment.

Sec. 98. Minnesota Statutes 1986, section 256D.37, subdivision 1, is amended to read:

Subdivision 1. (a) For all individuals who apply to the appropriate local agency for supplemental aid, the local agency shall determine whether the individual meets the eligibility criteria prescribed in subdivision 2. For each individual who meets the relevant eligibility criteria prescribed in subdivision 2, the local agency shall certify to the commissioner the amount of supplemental aid to which the individual is entitled in accordance with all of the standards in effect December 31, 1973, for the appropriate categorical aid program.

(b) When a recipient is a resident of a state hospital or a dwelling with a negotiated rate, the recipient is not eligible for a shelter standard, a basic needs standard, or for special needs payments. The state standard of assistance for those recipients is the clothing and personal needs allowance for medical assistance recipients under section 256B.35. Minnesota supplemental aid may be paid to negotiated rate facilities at the rates in effect on March 1, 1985, for services provided under the supplemental aid program to residents of the facility, up to the maximum negotiated rate specified in this section. The rate for room and board for a licensed facility must not

exceed \$800. The maximum negotiated rate does not apply to a facility that, on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690. The following facilities are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until June 30, 1987 such time that an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner:

(1) a facility that only provides services to persons with mental retardation; and

(2) as of January 1, 1987, a facility not certified to participate in the medical assistance program that is licensed as a boarding care facility as of March 1, 1985, and only provides care to persons aged 65 or older provided that no more than 16 percent of the persons in the facility are under age 65. Beginning July 1, 1987, these the facilities under subdivision 1, paragraph (b), clause (1) are subject to applicable supplemental aid limits, and mental retardation facilities must meet all applicable licensing and reimbursement requirements for programs for persons with mental retardation. The negotiated rates may be paid for persons who are placed by the local agency or who elect to reside in a room and board facility or a licensed facility for the purpose of receiving physical, mental health, or rehabilitative care, provided the local agency agrees that this care is needed by the person. When Minnesota supplemental aid is used to pay a negotiated rate, the rate payable to the facility must not exceed the rate paid by an individual not receiving Minnesota supplemental aid. To receive payment for a negotiated rate, the dwelling must comply with applicable laws and rules establishing standards necessary for health, safety, and licensure. The negotiated rate limit must be adjusted by the annual percentage change in the urban consumer price index (CPI-U) for Minneapolis-St. Paul as published by the Bureau of Labor Statistics between the previous two Octobers, new series index (1967-100) consumer price index (CPI-U, U.S. City Average) as published by the Bureau of Labor Statistics between the previous two Septembers, or 2.5 percent, whichever is lower; and increases to the rate for each individual facility may not exceed the change in the rate limit. In computing the amount of supplemental aid under this section, the local agency shall deduct from the gross amount of the individual's determined needs all income, subject to the criteria for income disregards in effect December 31, 1973, for the appropriate categorical aid program, except that the earned income disregard for disabled persons who are not residents of long-term care facilities shall be the same as the earned income disregard available to disabled persons in the supplemental security income program and all actual work expenses shall be deducted when determining the amount of income for the individual. From and after the first of the month in which an

effective application is filed, the state and the county shall share responsibility for the payment of the supplemental aid to which the individual is entitled under this section as provided in section 256D.36.

Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due.

(15) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects

or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches \$400,000. When the balance in the account exceeds \$400,000, the excess shall be transferred and credited to the general fund. Subd. 15. [STATE SHARE.] (a) The state must pay 75 percent of costs incurred by counties under subdivision 11, except that after July 1, 1988, the commissioner shall adjust the state share to reflect county performance. Factors which the commissioner may consider in adjusting the state share must include, but are not limited to, the following:

(1) percentage of long-term cases leaving the AFDC program after one year, two years, and three years;

(2) percentage of minor parents who finish high school;

(3) percentage of caretakers who are in training or education and are successfully working toward their contracted goals; and

The commissioner may raise or lower the state share of costs by a maximum of ten percent. A county may appeal a decision of the commissioner.

(b) If the state appropriation is not sufficient to fund the cost of case management services for all caretakers identified in subdivision 2a, the commissioner must define a statewide subgroup of caretakers which includes all caretakers in subdivision 2a, clause (1)

and as many caretakers as possible from subdivision 2a, clauses (2) and (3).

(c) The commissioner shall allocate funds for employment and training services to the counties as follows:

(1) a portion based on the average monthly number of AFDC-UP cases in each county, to be used for the employment search activities described in subdivision 13;

(2) a portion based on the average monthly number of all AFDC cases to be used for the orientation and referral activities described in subdivision 10; and

(3) a portion based on the average monthly number of caretakers receiving AFDC who are under the age of 22 and the average monthly number of AFDC cases open for 24 or more consecutive months. Counties shall use this portion of funds for employment search, job preparedness, and training-related expenses with priority caretakers.

Sec. 16. Minnesota Statutes 1986, section 256.736, is amended by adding a subdivision to read:

Subd. 16. [PHASE-IN.] The commissioner shall implement this section on a statewide basis as quickly as possible. The commissioner may phase in changes under the section in any reasonable manner that ensures a unified, statewide coordinated program by no later than December 31, 1988.

Sec. 17. Minnesota Statutes 1986, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the standard of need for the assistance unit. An amount remaining after this calculation is income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. In making its determination the county agency shall disregard the following from family income:

(1) all of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans awarded pursuant to a federal law when public assistance was considered in making the award and the award was made on the basis of financial need; and that part of any other educational grant or loan which is used for educational purposes, such as tuition, fees, equipment, transportation and child care expenses necessary for school attendance;

(3) the first \$75 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) an amount equal to the actual expenditures but not to exceed \$160 for the care of each dependent child or incapacitated individual living in the same home and receiving aid. In the case of a person not engaged in full-time employment or not employed throughout

the month, the commissioner shall prescribe by rule a lesser amount to be disregarded;

(5) thirty dollars plus one-third of the remainder of each individual's earned income not already disregarded for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has:

(a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; or

(b) refused without good cause to accept an offer of suitable employment; or

(c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or

(d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services.

Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment.

The disregard of \$30 and one-third of the remainder of earned income described in clause (5) shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of clauses (5)(a) to (5)(d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under clause (d), the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit; and

(7) that portion of an insurance settlements settlement earmarked and used to pay medical bills, to compensate a member of an assistance unit for partial or permanent loss of function or a body part expenses, funeral and burial costs, or to repair or replace insured property.

The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit shall be paid to the assistance unit within 15 days of the collection of such periodic support payments and shall be disregarded in determining the amount of assistance.

Subdivision 1. [STEP.] "STEP" means the strive toward excellence program administered by the department of administration.

Subd. 2. [PILOT PROJECT ESTABLISHED; GOALS.] The service delivery improvement project, consisting of six pilot projects selected under subdivision 4, is established to use STEP productivity improvement technology to achieve the following goals: redesign of employment and training and income maintenance delivery systems as required under Laws 1985, First Special Session chapter 14, article 9; and improvement of the quality and cost effectiveness of employment and training and income maintenance services provided to clients.

Subd. 3. [COMMITTEE.] The commissioner shall establish and select a committee to administer the service delivery improvement project. The committee consists of the commissioner of jobs and training, the commissioner of human services, one member of the senate, one member of the house of representatives, one public member representing the private sector, and other public members considered necessary by the commissioner. The commissioner may reimburse the public members for actual expenses in the same manner and amount as authorized by the commissioner's plan under section 43A.18, subdivision 2.

Subd. 4. [DUTIES.] The committee shall solicit from local service units or consortia of local service units proposals to conduct innovative pilot projects to redesign the employment and training and income maintenance delivery system. By December 1, 1987, the committee shall evaluate the proposals and select six pilot projects to receive training and technical assistance as provided in subdivision 6.

Subd. 5. [EVALUATION.] The committee shall evaluate each proposal based upon the extent to which the proposed pilot project uses STEP productivity improvement technology, addresses the goals set forth under subdivision 2, and involves members of the private sector in joint financing of delivery system innovations.

Subd. 6. [TRAINING AND TECHNICAL ASSISTANCE.] The commissioner shall contract with the department of administration to provide staff training, technical assistance, and detailed periodic reports of the day-to-day operation of a pilot project to affected local service units.

Subd. 7. [COOPERATION OF AGENCIES.] The commissioner of human services and the commissioner of jobs and training shall cooperate fully with local service units undertaking pilot projects under this section. If requested by a local service unit which has had a pilot project selected under subdivision 4, the commissioner shall reduce, to the extent possible, reporting and other requirements which may be applicable under state law to that pilot project.

Sec. 19. Minnesota Statutes 1986, section 256B.06, subdivision 1, is amended to read:

Subdivision 1. Medical assistance may be paid for any person:

(1) who is a child eligible for or receiving adoption assistance payments under Title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 676 under Minnesota Statutes, section 259.40 or 259.431; or

(3) who is eligible for or receiving public assistance under the aid to families with dependent children program, the Minnesota supplemental aid program; or

(4) who is a pregnant woman, as certified in writing by a physician or nurse midwife, and who (a) meets the other eligibility criteria of this section, and (b) would be categorically eligible for assistance under the aid to families with dependent children program if the child had been born and was living with the woman; or

(5) who is a pregnant woman, as certified in writing by a physician or nurse midwife, who meets the other eligibility criteria of this section and whose unborn child would be eligible as a needy child under clause (9) if born and living with the woman; or

(6) who meets the categorical eligibility requirements of the supplemental security income program and the other eligibility requirements of this section; or

(7) who, except for the amount of income or resources, would qualify for supplemental security income for the aged, blind and disabled, or aid to families with dependent children, and who meets the other eligibility requirements of this section; or

(8) who is under 21 years of age and in need of medical care that neither the person nor the person's relatives responsible under sections 256B.01 to 256B.26 are financially able to provide; or

(9) who is an infant less than one year of age born on or after October 1, 1984, whose mother was eligible at the time of birth and who remains in the mother's household. Eligibility under this clause is concurrent with the mother's and does not depend on the father's income except as the income affects the mother's eligibility; or

(10) who is residing in a hospital for treatment of mental disease or tuberculosis and is 65 years of age or older and without means sufficient to pay the per capita hospital charge; and

(11) who resides in Minnesota, or, if absent from the state, is deemed to be a resident of Minnesota in accordance with the rules of the state agency; and

(12) who alone, or together with the person's spouse, does not own real property other than the homestead. For the purposes of this section, "homestead" means the house owned and occupied by the applicant or recipient as a primary place of residence, together with the contiguous land upon which it is situated. The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by the spouse, minor child, or disabled child of any age; or the applicant/recipient is expected to return to the home as a principal residence within six calendar months of entry to the long-term care facility. Certification of expected return to the homestead shall be documented in writing by the attending physician. Real estate not used as a home may not be retained unless it produces net income applicable to the family's needs or the family is making a continuing effort to sell it at a fair and reasonable price or unless the commissioner determines that sale of the real estate would cause undue hardship or unless the equity in the real estate when combined with the equity in the homestead totals \$15,000 or less; and

(13) who individually does not own more than \$3,000 in cash or liquid assets, or if a member of a household with two family members (husband and wife, or parent and child), does not own more than \$6,000 in cash or liquid assets, plus \$200 for each additional legal dependent. In addition to these maximum amounts, an eligible

For residents of long-term care facilities, the accumulation of the clothing and personal needs allowance pursuant to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. Cash and liquid assets may include a prepaid funeral contract and insurance policies with cash surrender value. The value of the following shall not be included:

(a) the homestead, and (b) one motor vehicle licensed pursuant to chapter 168 and defined as: (1) passenger automobile, (2) station wagon, (3) motorcycle, (4) motorized bicycle or (5) truck of the weight found in categories A to E, of section 168.013, subdivision 1e; and

(14) who has or anticipates receiving an annual income not in excess of the income standards by family size used in the aid to families with dependent children program, except that families and children may have an income up to 133 $\frac{1}{3}$  of the AFDC payment standard, or who has income in excess of these maxima and in the month of application, or during the three months prior to the month of application, incurs expenses for medical care that total more than one-half of the annual excess income in accordance with the rules of the state agency. Notwithstanding any laws or rules to the contrary, in computing income to determine eligibility of persons who are not residents of long-term care facilities, the commissioner shall disregard increases in income as required by Public Law Number 94-566, section 503. In excess income cases, eligibility shall be limited to a period of six months beginning with the first of the month in which these medical obligations are first incurred; and

(15) who has continuing monthly expenses for medical care that are more than the amount of the person's excess income, computed on a monthly basis, in which case eligibility may be established before the total income obligation referred to in the preceding paragraph is incurred, and medical assistance payments may be made to cover the monthly unmet medical need. In licensed nursing home and state hospital cases, income over and above that required for justified needs, determined pursuant to a schedule of contributions established by the commissioner of human services, is to be applied to the cost of institutional care. The commissioner of human services may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care; and

(16) who has applied or agrees to apply all proceeds received or receivable by the person or the person's spouse from automobile accident coverage and private health care coverage to the costs of medical care for the person, the spouse, and children. The state agency may require from any applicant or recipient of medical assistance the assignment of any rights accruing under private health care coverage. Any rights or amounts so assigned shall be applied against the cost of medical care paid for under this chapter.

Any assignment shall not be effective as to benefits paid or provided under automobile accident coverage and private health care coverage prior to receipt of the assignment by the person or organization providing the benefits.

(b) In counties with a city of the first class, the county and the city shall develop and submit a joint plan. The plan may not be submitted until agreed to by both the city and the county. The plan must provide for the direct allocation of employment and training money to the city and the county unless waived by either. If the county and the city cannot concur on a plan, the coordinator shall resolve their dispute.

(c) The commissioner may withhold the distribution of employment and training money from a local service unit that does not submit a plan to the commissioner by the date set by this section, and shall withhold the distribution of employment and training money from a local service unit whose plan has been disapproved by the coordinator until an acceptable amended plan has been submitted.

(d) For 1985, local service unit plans must be submitted by November 1, 1985 and must include:

(1) a statement of objectives for the employment and training services the local service unit administers;

(2) the establishment of public assistance caseload reduction goals and the strategies that will be used to achieve these goals;

Subd. 2. [DUTIES OF COMMISSIONER.] (a) The commissioner shall develop standards for county and human services boards to provide child care services to enable eligible families to participate in employment ~~or~~, training, or education programs. If funds from the higher education coordinating board child care grants program are expended, the child care fund may be used for child care costs of post-secondary education students if there are sufficient funds. The commissioner shall distribute money to counties to reduce the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. The commissioner shall require counties to collect and report data that the commissioner deems necessary to evaluate the

effectiveness of the program in preventing and reducing participants' dependence on public assistance and in providing other benefits, including improvement in the care provided to children. The commissioner shall report to the full productivity and opportunity coordinator in each even-numbered year on the effectiveness of the program.

(b) The commissioner shall maximize the use of federal funds under the aid to families with dependent children employment special needs program in section 256.736, subdivision 8, for recipients of aid to families with dependent children who are in education, training, job search, or other activities allowed under that program. Funds appropriated under section 268.91 shall be coordinated with the aid to families with dependent children employment special needs program to accomplish this purpose. Federal funds obtained shall be used to expand the resources in the child care sliding fee program.

Sec. 31. Minnesota Statutes 1986, section 268.91, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION.] (a) ~~By June 1 of each odd-numbered year~~ Consistent with the community social services planning cycle, the commissioner shall notify all county and human services boards of their allocation and the procedures used for the sliding fee program. ~~Allocations must be made by July 1 of each odd-numbered year.~~ If the appropriation is insufficient to meet the needs in all counties, the amount must be prorated among the counties.

~~(b) For the purposes of this section~~ Except for set-aside funds for priority groups as described in subdivision 3a, the commissioner shall allocate money appropriated between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area so that no more than 55 percent of the total appropriation goes to either area after excluding allocations for statewide administrative costs. The commissioner shall allocate 50 percent of the money among counties on the basis of the number of families below the poverty level, as determined from the most recent special census, and 50 percent on the basis of caseloads of aid to families with dependent children for the preceding fiscal year, as determined by the commissioner of human services.

(c) Once a quarter, the commissioner shall review the use of child care fund allocations by county. In accordance with the formula found in paragraph (b), the commissioner may reallocate unexpended or unencumbered money among those counties who have expended their full portion. Any unexpended funds from the first year of the biennium may be carried to the second year of the biennium.

Sec. 32. Minnesota Statutes 1986, section 268.91, is amended by adding a subdivision to read:

Subd. 3a. [SET-ASIDE FUNDS.] The commissioner shall set aside one-third of funds appropriated to be administered as follows:

(a) Set-aside funds shall be allocated among counties based on the basis of the sum of the average monthly number of caretakers receiving aid to families with dependent children under the age of 22 and the average monthly number of aid to families with dependent children cases open 24 or more consecutive months. The sum shall be derived for each fiscal year based on the 12-month period ending March 31 of the previous fiscal year. The commissioner may reallocate unspent set-aside funds to counties which expend their full allocation. The commissioner may allocate set-aside funds based on participation rates of priority groups in employment and training activities, if the commissioner finds that the formula distribution does not allocate funds among counties in a manner which represents voluntary participation levels.

(b) Set-aside funds shall be subject to the same sliding fee schedule and other requirements as the remainder of the sliding fee program.

(c) The county shall use the set-aside funds for persons in the priority groups in the aid to families with dependent children program defined in section 4. The county shall ensure that set-aside funds are controlled by case managers for coordination of child care funding with employment, training, and education programs for the priority groups. The county shall ensure that, through the case manager, priority caretakers are guaranteed set-aside funds for child care assistance as resources permit.

(d) If the commissioner finds, on or after January 1 of a fiscal year, that set-aside funds are not being fully utilized, the commissioner may permit counties to use set-aside funds for recipients of aid to families with dependent children who are not members of the priority groups, as long as priority for use of the funds will continue to be given to the priority groups.

Sec. 33. Minnesota Statutes 1986, section 268.91, is amended by adding a subdivision to read:

Subd. 3b. [COUNTY PLAN.] (a) The commissioner shall provide counties with the necessary forms and instructions for their community social services plans, as required in section 256E.09. The forms and instructions must incorporate the information necessary to receive child care funds. For calendar years 1987 and 1988, the county agency shall submit an amendment to its approved biennial community social services plan using the forms and instructions provided by the commissioner. Beginning January 1, 1989, the

biennial community social services plan must include the child care fund.

(b) The plan must include: (1) an estimate of the need for child care services for the population defined in section 256E.03, subdivision 2, paragraph (h); (2) an estimate of the number of recipients served in each of the groups defined in subdivision 4; (3) justification, if the county prioritizes among the groups defined in subdivision 4; (4) an estimate of the number of caretaker recipients of aid to families with dependent children who will participate in employment, training, and education activities that will be federally reimbursable under the aid to families with dependent children employment special needs program; (5) the number of recipients of aid to families with dependent children who are in the priority groups defined in subdivision 3, paragraph (c); (6) documentation of the cooperative agreement with the regional service administrator as required under subdivision 3, paragraph (c); (7) descriptions of the types and availability of child care in the county; (8) documentation of any contract with another agency to deliver services under the child care fund; and (9) other information the commissioner considers necessary to administer the program.

For calendar years 1987 and 1988, the commissioner shall certify whether the plan fulfills the purposes and requirements of this section, state and federal law, and the rules of the state agency. On certifying that the plan does not do so, the commissioner shall state the reasons it does not, and the county has 30 days to submit a plan amended to comply with the requirements of the commissioner. If a county fails to resubmit a plan amended as required by the commissioner, the commissioner shall notify the county of the intention to reduce the next quarterly payment by an amount equal to five percent of the county's annual entitlement for each 30-day period during which the county fails to amend the plan as required by the commissioner.

Sec. 34. Minnesota Statutes 1986, section 268.91, is amended by adding a subdivision to read:

Subd. 3c. [REPORTING AND PAYMENTS.] (a) Counties shall submit on forms prescribed by the commissioner a quarterly financial and program activity report, due 20 calendar days after the end of each quarter. The financial and program activity report must include (1) a detailed accounting of the expenditures and revenues for the program during the preceding quarter by funding source and by group as defined in subdivision 6; (2) a description of activities and concomitant expenditures that are federally reimbursable under the aid to families with dependent children employment special needs program; (3) a description of activities and concomitant expenditures of set-aside funds for priority groups of recipients of aid to families with dependent children; (4) information on funds encumbered at the quarter's end but not yet reimbursable, for use in

adjusting allocations as provided in subdivision 3, paragraph (d); and (5) other data the commissioner considers necessary to account for the program or to evaluate its effectiveness in preventing and reducing participants' dependence on public assistance and in providing other benefits, including improvement in the care provided to children.

(b) The commissioner shall make payments to each county in quarterly installments. The commissioner may certify an advance for the first quarter of the fiscal year. Later payments must be based on actual expenditures as reported in the quarterly financial and program activity report.

(c) The commissioner may withhold, reduce, or terminate the allocation of any county that does not meet the reporting or other requirements of this program. The commissioner shall reallocate to other counties money so reduced or terminated.

Sec. 35. Minnesota Statutes 1986, section 268.91, subdivision 4, is amended to read:

Subd. 4. [FINANCIAL ELIGIBILITY.] (a) Child care services must be available to families who need child care to find or keep employment or to obtain the training or education necessary to find employment and who:

(1) receive aid to families with dependent children;

(2) have household income below the eligibility levels for aid to families with dependent children; or

(3) have household income within a range established by the commissioner.

(b) Child care services for the families receiving aid to families with dependent children must be made available as in-kind services, to cover any difference between the actual cost and the amount disregarded under the aid to families with dependent children program. Child care services to families whose incomes are below the threshold of eligibility for aid to families with dependent children, but that are not receiving aid to families with dependent children, must be made available without cost to the families.

(c) Child care services to families with incomes in the commissioner's established range must be made available on a sliding fee basis. The lower limit of the sliding fee range must be the eligibility limit for aid to families with dependent children. The upper limit of the range must be neither less than 70 percent nor more than 90 percent of the state median income for a family of four, adjusted for family size.

(d) If a disproportionate amount of the available money is provided to any one of the groups described in subdivision 4, paragraph (a), the county board shall document to the commissioner the reason the group received a disproportionate share. If a county projects that its child care allocation is insufficient to meet the needs of all groups eligible for these funds, it may prioritize new applications among the groups to be served. Set-aside funds shall be prioritized by the state, and counties do not have discretion over the use of these funds.

Sec. 36. Minnesota Statutes 1986, section 268.91, subdivision 5, is amended to read:

Subd. 5. [EMPLOYMENT OR TRAINING ELIGIBILITY.] (a) Persons who are seeking employment and who are eligible for assistance under this section are eligible to receive the equivalent of one month of child care. Employed persons who work at least ten hours a week and receive at least a minimum wage for all hours worked are eligible for child care assistance.

(b) Persons eligible under this section for child care assistance for education or training must receive assistance for the length of the program or 24 months, whichever is shorter. An education or training program with demonstrated effectiveness may be approved by the commissioner of education and accredited by the appropriate agency as an eligible program including high school or an equivalent program, an English competency program, technical or vocational training, or a four-year or associate degree program participating in employment programs, training programs, or education programs are eligible for assistance from the child care fund, providing they are financially eligible under the sliding fee scale set by the commissioner in subdivision 7.

Sec. 37. Minnesota Statutes 1986, section 268.91, subdivision 6, is amended to read:

Subd. 6. [COUNTY CONTRIBUTION.] (a) In addition to payments from parents, the program must be funded by county contributions. Except for set-aside funds, counties shall contribute five from county tax sources a minimum of 15 percent of the cost of the program in the program's first year and 15 percent in the second and subsequent years. The commissioner may require by rule that a county pay the commissioner the portion of sliding fee allocations paid by the state for which the county is responsible. The county shall advance its portion of sliding fee costs, based upon allocations made by the commissioner for that county for expenditures in the succeeding month. Adjustments of any overestimate or underestimate based on actual expenditures must be made by the commissioner by adjusting the estimate for any succeeding month after subtracting federal financial participation, fees, and other recoveries. The commissioner shall recover from the county as necessary to bring county expenditures into compliance with this subdivision.

(b) The commissioner shall recover from counties any state or federal funds found to be ineligible. If a federal audit exception is taken based on a percentage of federal earnings, all counties shall pay a share proportional to their respective federal earnings during the period in question.

A (c) To receive funds through this program, each county shall certify to the commissioner that the county has not reduced allocations from other federal, state, and county sources, which, in the absence of child care sliding fee or wage subsidy money, would have been available for child care services.

Sec. 38. Minnesota Statutes 1986, section 268.91, subdivision 7, is amended to read:

Subd. 7. [SLIDING FEE SCALE.] The sliding fee scale shall be designed so that the cost of child care to each family is affordable. The commissioner shall take into account basic living expenses of food, housing, and transportation. In setting the sliding fee schedule, the commissioner shall exclude from the amount of income used to determine eligibility an amount for federal and state income and social security taxes attributable to that income level according to federal and state standardized tax tables. The fee schedule must be designed to use any available tax credits and to progress smoothly from appropriated assistance to assistance through tax credits.

Sec. 39. Minnesota Statutes 1986, section 268.911, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner of human services may make grants to public or private nonprofit agencies for the planning, establishment, expansion, improvement, or operation of child care resource and referral programs and child care services according to the provisions of this section and may make grants to county boards to carry out the purposes of section 245.84.

Sec. 40. [FEDERAL AUTHORITY.]

Subdivision 1. [LEGISLATIVE AUTHORITY.] (a) The commissioner of human services shall seek from the Congress of the United States authority to modify the administration and delivery of the aid to families with dependent children program (AFDC) in Minnesota. The commissioner shall seek authority to:

(1) disregard more earned income of a recipient than currently allowed under United States Code, title 42, section 602(a)(8)(B)(ii). The purpose of this change is to provide an incentive to work and prevent recipients from experiencing a sudden loss of income after four months of employment;

(2) exclude from consideration in computing the income of an AFDC caretaker parent under the age of 18 any income of the parents of the caretaker parent, without regard to the residence of the caretaker parent. The purpose of this change is to allow a minor parent to receive financial assistance while remaining in a supportive home environment;

(3) determine the maximum value of an automobile which can be excluded as an asset under United States Code, title 42, section 602(a)(7)(B)(i). The purpose of this change is to recognize the need of AFDC recipients for reliable transportation in order to participate in work and training and become self-sufficient;

(4) disregard, in computing income, the cost of child care beyond that currently allowed under United States Code, title 42, section 602(a)(8)(A)(iii). The purpose of this change is to recognize the need of AFDC recipients for quality reliable child care in order to participate in work and training and become self-sufficient;

(5) permit a principal earner in a family receiving AFDC-UP to work more than 100 hours per month without being disqualified from the program. The purpose of this change is to recognize the financial reality of AFDC-UP families and to help the families achieve financial security before leaving the program. For the purposes of this subdivision, AFDC-UP refers to AFDC clients who are eligible for assistance because of unemployment as defined under section 256.12, subdivision 14;

(6) require that, as a condition of receiving aid to families with dependent children, minor parents of children six weeks of age and older who have not completed a high school education be required either to attend high school or to work toward a general education diploma as long as necessary child care and transportation services are available to them. Minor parents of children with special health needs are exempt from this requirement;

(7) allow the use of vendor payments for recipients who do not fulfill the conditions of clause (6); and

(8) introduce additional requirements or relax existing requirements to the extent the commissioner deems necessary to construct an AFDC program for Minnesota that increases the possibility of self-sufficiency of recipient families.

(b) In constructing and negotiating modifications under clause (a), the commissioner shall not agree to terms or conditions that infringe on recipients' entitlement to benefits or impede federal financial participation under United States Code, title 42, subchapter IV, part A. The commissioner shall not accept a block grant or lump sum amount of federal money for AFDC in Minnesota

unless the sum is adjusted to protect the state against an increase in the number of recipients during a period of recession.

Subd. 2. [FEDERAL APPROVAL.] The commissioner of human services shall seek federal approval to require that, as a condition of receiving aid to families with dependent children:

(1) minor parents of children six weeks of age and older who have not completed a high school education be required either to attend high school or to work toward a general education diploma as long as necessary child care and transportation services are available to them;

(2) caretakers of children age three and over be required to seek and accept suitable employment or training as long as necessary child care, transportation, and health benefits are available to them;

(3) minor parents not living with relatives be required to live in a group or foster home or, when the case manager determines the need for such services, to participate in a program that teaches skills in parenting and independent living, provided that the described living or counseling opportunities are available to the minor parent; and

(4) all caretakers coming into the program be required to attend orientation and develop a plan to obtain self-sufficiency to the extent that programs and services are available.

Subd. 3. [GRADUATED SANCTIONS.] The commissioner of human services shall seek federal approval to replace the sanctions under section 256.736, subdivision 4, clauses (4)(a) and (4)(d), with the following graduated sanctions:

(1) upon first caretaker refusal, 50 percent of the grant provided to the family shall be made in the form of protective or vendor payments; and

(2) upon second caretaker refusal, the entire grant provided to the family shall be made in the form of protective or vendor payments.

Subd. 4. [EDUCATION EXPENSES.] The commissioner of human services shall seek federal approval to exclude all expenses related to education when determining income for food stamp purposes.

Subd. 5. [DEMONSTRATION PROJECT.] If the commissioner determines that a demonstration project is the most expedient way to achieve the goals of subdivision 2, the commissioner shall apply to the secretary of health and human services for authorization to establish at least one demonstration project under United States Code, title 42, section 645. The commissioner shall request that, for purposes of the demonstration, the secretary waive requirements of

United States Code, title 42, section 602, to the extent allowed under the Code of Federal Regulations, title 45, sections 282.14 to 282.16.

Subd. 6. [IMPLEMENTATION.] If federal approval is obtained to impose additional requirements on AFDC recipients, modifications under this section take precedence over current laws and regulations until July 1, 1988.

Subd. 21. [OUTPATIENT SERVICES.] "Outpatient services" means mental health services, excluding day treatment and community support services programs, provided by or under the clinical supervision of a mental health professional to persons with a mental illness who live outside a hospital or residential treatment setting. Subd. 3. [PRIORITIES.] By January 1, 1990, the commissioner shall require that each of the treatment services and management activities described in sections 8 to 16 are developed for persons with mental illness within available resources based on the following ranked priorities:

Subd. 4. Subd. 6. [OTHER LOCAL AUTHORITY.] The county board may establish procedures and policies that are not contrary to those of the commissioner or sections 1 to 25 regarding local mental health services and facilities. The county board shall perform other acts necessary to carry out sections 1 to 25.

Sec. 7. [245.467] [QUALITY OF SERVICES.]

Subdivision 1. [CRITERIA.] Mental health services required by this chapter must be:

- (1) based, when feasible, on research findings;

Subd. 2. [DIAGNOSTIC ASSESSMENT.] All providers of residential, acute care hospital inpatient and regional treatment centers must complete a diagnostic assessment for each of their clients within five days of admission. Providers of outpatient and day treatment services must complete a diagnostic assessment within ten days of admission. In cases where a diagnostic assessment is available and has been completed within 90 days preceding admission, only updating is necessary.

Subd. 3. Sec. 9. [245.469] [EMERGENCY SERVICES.]

Subdivision 1. [AVAILABILITY OF EMERGENCY SERVICES.] By July 1, 1988, county boards must provide or contract for enough emergency services within the county to meet the needs of persons in the county who are experiencing an emotional crisis or mental illness. Clients may be required to pay a fee based on their ability to pay. Emergency services must include assessment, intervention, and appropriate case disposition. Emergency services must:

(1) promote the safety and emotional stability of people with mental illness or emotional crises;

(2) minimize further deterioration of people with mental illness or emotional crises;

(3) help people with mental illness or emotional crises to obtain ongoing care and treatment; and

(4) prevent placement in settings that are more intensive, costly, or restrictive than necessary and appropriate to meet client needs.

Subd. 2. [SPECIFIC REQUIREMENTS.] The county board shall require that all service providers of emergency services provide immediate direct access to mental health professionals during regular business hours. For evenings, weekends, and holidays, the service may be by direct toll free telephone access to a mental health professional, a mental health practitioner, or a designated person with training in human services who is under the supervision of a mental health professional. Whenever emergency service during nonbusiness hours is provided by anyone other than a mental health professional, a mental health professional must be available for consultation within 30 minutes.

Sec. 10. [245.470] [OUTPATIENT SERVICES.]

Subdivision 1. [AVAILABILITY OF OUTPATIENT SERVICES.] By July 1, 1988, county boards must provide or contract for enough outpatient services within the county to meet the needs of persons with mental illness residing in the county. Subd. 2. [SPECIFIC REQUIREMENTS.] The county board shall require that all service providers of outpatient services:

- (1) meet the professional qualifications contained in sections 1 to 25;
- (2) use a multidisciplinary mental health professional staff including at a minimum, arrangements for psychiatric consultation, licensed consulting psychologist consultation, and other necessary multidisciplinary mental health professionals;
- (3) develop individual treatment plans;

Sec. 11. [245.471] [COMMUNITY SUPPORT SERVICES PROGRAM.]

Subdivision 1. [AVAILABILITY OF COMMUNITY SUPPORT SERVICES PROGRAM.] By July 1, 1988, county boards must provide or contract for sufficient community support services within the county to meet the needs of persons with serious and persistent mental illness residing in the county. Clients may be required to pay a fee. The county board shall require that all service providers of community support services set fee schedules approved by the county board which are based on the client's ability to pay. The community support services program must be designed to improve the ability of persons with serious and persistent mental illness to:

- (1) work in a regular or supported work environment;

- (6) reduce the use of more intensive, costly, or restrictive placements both in number of admissions and lengths of stay as determined by client need.

Subd. 2. [CASE MANAGEMENT ACTIVITIES.] (a) By January 1, 1989, case management activities must be developed as part of the community support program available to all persons with serious and persistent mental illness residing in the county. Staffing ratios must be sufficient to serve the needs of the clients. The case manager must at a minimum qualify as a mental health practitioner.

(b) All providers of case management activities must develop an individual community support plan. The individual community support plan must state for each of their clients:

- (1) the goals of each service;
- (2) the activities for accomplishing each goal;
- (3) a schedule for each activity; and
- (4) the frequency of face-to-face client contacts, as appropriate to client need and the implementation of the community support plan.

The individual community support plan must incorporate the individual treatment plan. The individual treatment plan may not be a substitute for the development of an individual community support plan. The individual community support plan must be developed within 30 days of client intake and reviewed every 90 days after it is developed. The case manager is responsible for developing the individual community support plan based on a diagnostic assessment and for implementing and monitoring the delivery of services according to the individual community support plan. To the extent possible, the person with serious and persistent mental illness, the person's family, advocates, service providers, and significant others must be involved in all phases of development and implementation of the individual community support plan.

Subd. 3. [DAY TREATMENT ACTIVITIES PROVIDED.] (a) By July 1, 1989, day treatment activities must be developed as a part of the community support program available to persons with serious and persistent mental illness residing in the county. - (3) prevent placement in settings that are more intensive, costly, or restrictive than necessary and appropriate to meet client need; and
- (4) establish fee schedules approved by the county board that are based on a client's ability to pay.

(b) County boards may request a waiver from including day treatment services if they can document that:

- (1) an alternative plan of care exists through the county's community support program for clients who would otherwise need day treatment services;
- (2) that day treatment, if included, would be duplicative of other components of the community support program; and
- (3) that county demographics and geography make the provision of day treatment services cost ineffective and unfeasible.

Subd. 4. [BENEFITS ASSISTANCE.] By July 1, 1988, help in applying for federal benefits, including supplemental security income, medical assistance, and Medicare, must be offered as a part of the community support program available to individuals with serious and persistent mental illness for whom the county is financially responsible and who may qualify for these benefits. The county board must offer help in applying for federal benefits to all persons with serious and persistent mental illness.

Sec. 12. [245.472] [RESIDENTIAL TREATMENT SERVICES.]

Subdivision 1. [AVAILABILITY OF RESIDENTIAL TREATMENT SERVICES.] By July 1, 1988, county boards must provide or contract for enough residential treatment services to meet the needs of all persons with mental illness residing in the county. Residential treatment services include both intensive and structured residential treatment with length of stay based on client residential treatment

Acute care hospital inpatient treatment services must be designed to:

- (1) stabilize the medical condition of people with acute or serious and persistent mental illness;
- (2) improve functioning; and
- (3) facilitate appropriate referrals, follow-up, and placements.

Subd. 2. [SPECIFIC REQUIREMENTS.] Providers of acute care hospital inpatient services must meet applicable standards established by the commissioner of health.

Sec. 14. [245.474] [REGIONAL TREATMENT CENTER INPATIENT SERVICES.]

Subdivision 1. [AVAILABILITY OF REGIONAL TREATMENT CENTER INPATIENT SERVICES.] By July 1, 1987, the commissioner shall make sufficient regional treatment center inpatient services available to people with mental illness throughout the state. Regional treatment centers are responsible to:

(1) stabilize the medical condition of the person with mental illness;

(2) improve functioning;

(3) strengthen family and community support; and

(4) facilitate appropriate discharge, aftercare, and follow-up placements in the community.

Subd. 2. [QUALITY OF SERVICE.] The commissioner shall biennially determine the needs of all mentally ill patients served by regional treatment centers by administering a client-based evaluation system. The client-based evaluation system must include at least the following independent measurements: behavioral development assessment; habilitation program assessment; medical needs assessment; maladaptive behavioral assessment; and vocational behavior assessment. The commissioner shall propose staff ratios to the legislature for the mental health and support units in regional treatment centers as indicated by the results of the client-based evaluation system. The proposed staffing ratios shall include professional, nursing, direct care, medical, clerical, and support staff based on the client-based evaluation system. The commissioner shall recompute staffing ratios and recommendations on a biennial basis.

Sec. 15. [245.475] [COUNTY RESPONSIBILITY TO PROVIDE COMMUNITY SUPPORT SERVICES.]

Subdivision 1. [CLIENT ELIGIBILITY.] The county board shall provide case management and other appropriate community support services to all persons with serious and persistent mental illness. Persons who qualify for general assistance or general assistance medical care under chapter 256D and who apply to the county board for services under this section or section 16 shall have their case management and community support services funded through the mental health fund if neither third party, medical assistance, nor client fees are available to cover the cost of service. Case management services provided to people with serious and persistent mental illness eligible for medical assistance must be billed to the medical assistance program under section 28.

Subd. 2. [DESIGNATION OF CASE MANAGER.] The county board shall designate a case manager within five working days after receiving an application for community support services or immediately after authorizing payment for residential, acute care hospital inpatient, or regional treatment center services under section 16.

The county board shall send a written notice to the applicant and the applicant's representative, if any, that identifies the designated case manager.

Subd. 3. [DIAGNOSTIC ASSESSMENT.] The case manager shall promptly arrange for a diagnostic assessment of the applicant when one is not available as described in section 7, subdivision 2, to determine the applicant's eligibility as a person with serious and persistent mental illness for community support services. The county board shall notify in writing the applicant and the applicant's representative, if any, if the applicant is determined ineligible for community support services.

Subd. 4. [COMMUNITY SUPPORT SERVICES.] Upon a determination of eligibility for community support services, the case manager shall develop an individual community support plan as specified in section 11, subdivision 2, paragraph (b), arrange and authorize payment for appropriate community support services, review the client's progress, and monitor the provision of services. If services are to be provided in a host county that is not the county of financial responsibility, the case manager shall consult with the host county and obtain a letter demonstrating the concurrence of the host county regarding the provision of services.

**Sec. 16. [245.476] [SCREENING FOR INPATIENT AND RESIDENTIAL TREATMENT.]**

Subdivision 1. [CLIENT ELIGIBILITY.] The county board shall pay the cost of residential and acute care hospital inpatient services determined by the county board to be necessary under subdivision 2 to all persons with mental illness who apply to the county board for services under this section and qualify for general assistance, general assistance medical care, and Minnesota supplemental aid under chapter 256D, except for those persons who are eligible for medical assistance coverage of inpatient hospital services under chapter 256B.

Subd. 2. [SCREENING REQUIRED.] By January 1, 1989, the county board shall screen all persons before they may be admitted for treatment of mental illness to a residential treatment facility, an acute care hospital inpatient, or informally admitted to a regional treatment center if the mental health fund, medical assistance, or the regional treatment center account is used to pay for the services. Screening prior to admission must occur within ten days. If a person is admitted for treatment of mental illness on an emergency basis to a residential facility or acute care hospital or held for emergency care by a regional treatment center under section 253B.05, subdivision 1, screening must occur within five days of the admission. Persons must be screened within ten days before or within five days after admission to ensure that: (1) an admission is necessary, (2) the length of stay is as short as possible consistent with individual client need, and (3) a case manager is immediately assigned to individuals with serious and persistent mental illness and an individual community support plan is developed. A county board representative authorized to approve the use of the mental health fund must be

involved in the placement decision when the mental health professional conducting the screening is not a county employee authorized to approve the use of the mental health fund. The screening process and placement decision must be documented.

Subd. 3. [QUALIFICATIONS.] Screening for residential and inpatient services must be conducted by a mental health professional. Mental health professionals providing screening for inpatient and residential services must not be financially affiliated with any acute care inpatient hospital, residential treatment facility, or regional treatment center.

Subd. 4. [INDIVIDUAL PLACEMENT AGREEMENT.] The county board shall enter into an individual placement agreement with a provider of residential services to a person eligible for services under this section. The agreement must specify the payment rate and terms and conditions of county payment for the placement.

Sec. 17. [245.477] [APPEALS.]

Any person whose application for mental health services under section 15 or 16 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated may contest that action before the state agency as specified in section 256.045.

Sec. 18. [245.478] [LOCAL MENTAL HEALTH PROPOSAL.]

Subdivision 1. [TIME PERIOD.] The first local mental health proposal period is from July 1, 1988, to December 31, 1989. The county board shall submit its first proposal to the commissioner by January 1, 1988. Subsequent proposals must be on the same two-year cycle as community social service plans required by section 256E.09. The proposal must be made available upon request to all residents of the county at the same time it is submitted to the commissioner.

Subd. 2. [PROPOSAL CONTENT.] The local mental health proposal must include:

(1) the local mental health advisory council's or mental health subcommittee of an existing advisory council's report on unmet needs and any other needs assessment used by the county board in preparing the local mental health proposal;

(2) a description of the local mental health advisory council's or the mental health subcommittee of an existing advisory council's involvement in preparing the local mental health proposal and methods used by the county board to obtain participation of citizens,

mental health professionals, and providers in development of the local mental health proposal;

(3) information for the preceding year, including the actual number of clients who received each of the mental health services listed in sections 8 to 16, and actual expenditures and revenues for each mental health service;

(4) for the first proposal period only, information for the year during which the proposal is being prepared:

(i) a description of the current mental health system identifying each mental health service listed in sections 8 to 16;

(ii) a description of each service provider, including a listing of the professional qualifications of the staff involved in service delivery, that is either the sole provider of one of the treatment services or management activities described in sections 8 to 16 or that provides over \$10,000 of mental health services per year;

(iii) a description of how the mental health services in the county are unified and coordinated;

(iv) the estimated number of clients receiving each mental health service;

(v) estimated expenditures and revenues for each mental health service; and

(5) the following information describing how the county board intends to meet the requirements of sections 1 to 25 during the proposal period:

(i) specific objectives and outcome goals for each mental health service listed in sections 8 to 16;

(ii) a description of each service provider, including county agencies, contractors, and subcontractors, that is expected to either be the sole provider of one of the treatment services or management activities described in sections 8 to 16 or to provide over \$10,000 of mental health services per year, including a listing of the professional qualifications of the staff involved in service delivery;

(iii) a description of how the mental health services in the county will be unified and coordinated;

(iv) the estimated number of clients who will receive each mental health service; and

(v) estimated expenditures and revenues for each mental health service.

Subd. 3. [PROPOSAL FORMAT.] The local mental health proposal must be made in a format prescribed by the commissioner.

Subd. 4. [PROVIDER APPROVAL.] The commissioner's review of the local mental health proposal must include a review of the qualifications of each service provider required to be identified in the local mental health proposal under subdivision 2. The commissioner may reject a county board's proposal for a particular provider if:

(1) the provider does not meet the professional qualifications contained in sections 1 to 25;

(2) the provider does not possess adequate fiscal stability or controls to provide the proposed services as determined by the commissioner; or

(3) the provider is not in compliance with other applicable state laws or rules.

Subd. 5. [SERVICE APPROVAL.] The commissioner's review of the local mental health proposal must include a review of the appropriateness of the amounts and types of mental health services in the local mental health proposal. The commissioner may reject the county board's proposal if the commissioner determines that the amount and types of services proposed are not cost effective, do not meet client needs, or do not comply with sections 1 to 25.

Subd. 6. [PROPOSAL APPROVAL.] The commissioner shall review each local mental health proposal within 90 days and work with the county board to make any necessary modifications to comply with sections 1 to 25. After the commissioner has approved the proposal, the county board is eligible to receive an allocation from the mental health fund as described in section 19.

Subd. 7. [PARTIAL OR CONDITIONAL APPROVAL.] If the local mental health proposal is in substantial, but not in full compliance with sections 1 to 25 and necessary modifications cannot be made before the proposal period begins, the commissioner may grant partial or conditional approval and withhold a proportional share of the county board's mental health fund allocation until full compliance is achieved.

Subd. 8. [AWARD NOTICE.] Upon approval of the county board proposal, the commissioner shall send a notice of approval for funding. The notice must specify any conditions of funding and is binding on the county board. Failure of the county board to comply

with the approved proposal and funding conditions may result in withholding or repayment of funds as specified in section 21.

Subd. 9. [PLAN AMENDMENT.] If the county board finds it necessary to make significant changes in the approved local proposal, it must present the proposed changes to the commissioner for approval at least 60 days before the changes take effect. "Significant changes" means:

(1) the county board proposes to provide a mental health service through a provider other than the provider listed for that service in the approved local proposal;

(2) the county board expects the total annual expenditures for any single mental health service to vary more than ten percent from the amount in the approved local proposal;

(3) the county board expects a combination of changes in expenditures per mental health service to exceed more than ten percent of the total mental health services expenditures; or

(4) the county board proposes a major change in the specific objectives and outcome goals listed in the approved local proposal.

Sec. 19. [245.479] [MENTAL HEALTH FUND.]

Subdivision 1. [DEFINITION.] For purposes of this section, "net cost" means the county board's expenditures for services to persons with mental illness, less all offsetting credits other than the mental health fund itself. These offsetting credits include refunds, cancellations, third-party fees, recoveries and similar funds, and state and federal funds other than the mental health fund. These offsetting credits do not include state equalization aid or county board tax dollars. "Net cost" does not include the county share for medical assistance or for inpatient treatment at a state regional treatment center. County expenditures for facilities for emotionally disturbed children licensed under Minnesota Rules, parts 9545.0900 to 9545.1090, are considered expenditures for services to persons with mental illness.

Subd. 2. [PAYMENT LIMITS.] Payments to each county from the mental health fund are limited to the lesser of:

(1) 75 percent of the county's net cost as defined in subdivision 1 and as described in the approved local proposal; or

(2) the total allocated under subdivisions 4 to 7.

Subd. 3. [TIME PERIOD FOR ALLOCATIONS.] The first allocations from the mental health fund must be for the six-month period

July 1 to December 31, 1988. Later allocations must be on a calendar year basis.

Subd. 4. [BASE LEVEL ALLOCATIONS.] Each county's annual allocation from the mental health fund must include an amount at least equal to the sum of the following amounts for persons with mental illness who were the financial responsibility of the county board:

(1) the state funds expended by or for the county board under Minnesota Statutes 1986, sections 245.73 and 256E.12 in fiscal year 1987, with the exclusion of grants made for special one-time projects, the exclusion of grants for programs closed in 1987 and 1988, and with the addition of an annualized equivalent of grants made for new programs opening in 1987 or 1988;

(2) the federal mental health block grant funds allocated for the county board under Minnesota Statutes 1986, section 245.713, subdivision 1, in calendar year 1987;

(3) the state funds expended by or for the county board under Minnesota Statutes 1986, sections 256D.06 and 256D.37, for negotiated rates for adults with mental illness in facilities licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 in fiscal year 1987, minus funds expended for facilities closed in 1987 or 1988, plus an annualized equivalent for new facilities approved by the commissioner to open in 1987 or 1988;

(4) the state funds expended by or for the county board under Minnesota Statutes 1986, section 256D.03, for mental health services excluding drugs provided in fiscal year 1986, under the general assistance medical care program; and

(5) 20 percent of the county board's community social services allocation under Minnesota Statutes 1986, section 256E.06 for calendar year 1987.

Subd. 5. [TITLE XX ALLOCATION.] In addition to the allocation under subdivision 4, 20 percent of each county's title XX allocation under section 256E.07 is designated for mental health and is considered a part of the mental health fund.

Subd. 6. [ALLOCATION OF INCREASED FUNDS.] If the state-wide total available for allocation under this section is more than the amount in subdivision 4 and the reserve fund in subdivision 7, the increased funds must be distributed on the basis of the number of persons residing in each county as determined by the most recent data of the state demographer.

Subd. 7. [RESERVE FUND.] The commissioner shall set aside up to five percent of each mental health fund appropriation for a reserve fund. In addition, the reserve fund must include funds returned from counties under section 22. The commissioner shall make allocations from the reserve fund on the following criteria:

(1) the approved local proposal must show that the county board's allocation under subdivisions 4 to 6 will be less than 70 percent of the county board's net cost, or the county board provides new information showing that an unexpected increase in the need or cost of mental health services will result in the county board's mental health fund allocation falling below 70 percent of the county board's net cost;

(2) based on past performance, the county board must demonstrate ability to use funds in a cost-effective way to provide quality services;

(3) the county board and its contractors must use third-party fees, appropriate client fees, and other alternate funds wherever reasonably possible; and

(4) the county board has chosen services and vendors that are cost effective and appropriate to client needs.

Subd. 8. [PAYMENTS TO COUNTY BOARDS.] After the commissioner has approved an allocation from the mental health fund, payments must be on a quarterly basis. Each payment must include the estimated mental health fund share for the current quarter and an adjustment based on the actual mental health fund share for the preceding quarter. The commissioner shall make a payment only after receiving a completed expenditure report for the preceding quarter.

Subd. 9. [MAINTENANCE OF EFFORT.] If the county board's share of the net costs, as determined under subdivision 2, is less than the base level in subdivision 10, the state payment which would otherwise be made under subdivision 2 must be reduced by an amount equal to one-half of the reduction in county tax dollars.

Subd. 10. [COUNTY TAX DOLLARS BASE LEVEL.] The base level of county tax dollars for mental health services for each county includes the total expenditures shown in the county's approved 1987 Community Social Services Act plan under "State CSSA, Title XX and County Tax" for services to persons with mental illness:

(1) plus the total for Rule 5 facilities under target populations other than mental illness in the approved 1987 CSSA plan,

(2) minus the county share for regional treatment center services as identified in the approved 1987 CSSA plan for services to persons with mental illness,

(3) minus 20 percent of the county's state CSSA and title XX allocation for calendar year 1987,

(4) plus the county match for the general assistance, Minnesota supplemental aid, and general assistance medical care state funds, as identified in subdivision 4.

Subd. 11. [COUNTY OF FINANCIAL RESPONSIBILITY.] For purposes of section 16, the county of financial responsibility is the same as that for community social services under section 256E.08, subdivision 7. Disputes between counties regarding financial responsibility must be resolved by the commissioner in accordance with section 256D.18, subdivision 4.

Sec. 20. [245.481] [TRANSFER OF FUNDS.]

Subdivision 1. [BETWEEN APPROPRIATIONS.] To establish the mental health fund, the appropriations for fiscal year 1989 must include a transfer of funds into the mental health fund from the appropriations under sections 256D.03, 256D.06, 256D.37, and 256E.06; and Minnesota Statutes 1986, sections 245.73 and 256E.12. The amount transferred must be based on the statewide total of the base level amounts identified from these appropriations for each county under section 19, subdivision 4. The commissioner may adjust the transfers in the appropriation bill for fiscal year 1989 if new data regarding the base level amounts demonstrates that a different proportion of the affected appropriation is being used for services to persons with mental illness. The amount transferred must include an adjustment to reflect relevant legislative changes in each appropriation from the base period to fiscal year 1989.

Subd. 2. [CSSA AND GAMC TRANSFER.] One-fourth of the annual amounts that would otherwise be transferred under subdivision 1 from the appropriations for community social services and general assistance medical care must be retained by those appropriations to pay for obligations from the preceding fiscal year. The remaining transfer to the mental health fund must be completed in fiscal year 1990.

Subd. 3. [BETWEEN FISCAL YEARS.] Funds appropriated to the commissioner for mental health services for fiscal year 1988 are available for expenditure in fiscal year 1989.

Subd. 4. [LATER APPROPRIATIONS.] Each appropriation for the mental health fund after fiscal year 1989 shall include an increase at least equal to the projected increase in overall national consumer prices as determined by the commissioner of finance.

Subd. 5. [TRANSFER OF INCREASED SHARE OF INPATIENT COSTS.] At the beginning of fiscal year 1990 and each later year, the commissioner shall:

(1) estimate the total receipts from counties for mental health inpatient services under sections 246.54 and 256B.19;

(2) subtract from the total receipts in clause (1) an estimate of what the receipts would have been under Minnesota Statutes 1986, sections 246.54 and 256B.19; and

(3) transfer state funds equal to the increased receipts calculated in clause (2) from the medical assistance account to the mental health fund appropriation. The transfer shall increase the amount otherwise available for allocation to counties under section 19, subdivision 6. Allocations from this transfer are not subject to the maintenance of effort requirements in section 19, subdivision 9.

Sec. 21. [245.482] [REPORTING AND EVALUATION.]

Subdivision 1. [FISCAL REPORTS.] The commissioner shall develop a unified format for quarterly fiscal reports that will include information that the commissioner determines necessary to carry out sections 1 to 25 and section 256E.08. The county board shall submit a completed fiscal report in the required format no later than 15 days after the end of each quarter.

Subd. 2. [PROGRAM REPORTS.] The commissioner shall develop a unified format for a semiannual program report that will include information that the commissioner determines necessary to carry out sections 1 to 25 and section 256E.10. The county board shall submit a completed program report in the required format no later than 75 days after each six-month period.

Subd. 3. [PROVIDER REPORTS.] The commissioner may develop a format and procedures for direct reporting from providers to the commissioner to include information that the commissioner determines necessary to carry out sections 1 to 25. In particular, the provider reports must include aggregate information by county of residence about mental health services paid for by funding sources other than counties.

Subd. 4. [INACCURATE OR INCOMPLETE REPORTS.] The commissioner shall promptly notify a county or provider if a required report is clearly inaccurate or incomplete. The commissioner may delay all or part of a mental health fund payment if an appropriately completed report is not received as required by this section.

Subd. 5. [STATEWIDE EVALUATION.] The commissioner shall use the county and provider reports required by this section to complete the statewide report required in section 1.

Sec. 22. [245.483] [TERMINATION OR RETURN OF AN ALLOCATION.]

Subdivision 1. [FUNDS NOT NEEDED.] If the commissioner determines that funds are not needed to carry out an approved local proposal, or that a county board's projected expenditures will not be sufficient to qualify for its entire mental health fund allocation, and if the county board agrees the funds are not needed, the county board shall immediately return the unneeded funds. County board agreement is not needed when the county's final expenditure report for the year indicates that the county's actual expenditures were not sufficient to qualify for its entire mental health fund allocation.

Subd. 2. [FUNDS NOT PROPERLY USED.] If the commissioner determines that a county is not meeting the requirements of sections 1 to 25 or that funds are not being used according to the approved local proposal, all or part of the mental health fund allocation may be terminated upon 30 days notice to the county board. The commissioner may require repayment of any funds not used according to the approved local proposal. If the commissioner receives a written appeal from the county board within the 30-day period, opportunity for a hearing under the Minnesota administrative procedure act, chapter 14, must be provided before the allocation is terminated or is required to be repaid. The 30-day period begins when the county board receives the commissioner's notice by certified mail.

Subd. 3. [USE OF RETURNED FUNDS.] The commissioner may reallocate the funds returned under subdivision 1 or 2 through the reserve fund under section 19, subdivision 7.

Subd. 4. [DELAYED PAYMENTS.] If the commissioner finds that a county board or its contractors are not in compliance with the approved local proposal or sections 1 to 25, the commissioner may delay all or part of the quarterly mental health fund payment until the county board and its contractors meet the requirements. The commissioner shall not delay a payment longer than three months without first issuing a notice under subdivision 2 that all or part of the allocation will be terminated or required to be repaid. After this notice is issued, the commissioner may continue to delay the payment until completion of the hearing in subdivision 2.

Subd. 5. [STATE ASSUMPTION OF RESPONSIBILITY.] If the commissioner determines that services required by sections 1 to 25 will not be provided by the county board in the manner or to the extent required by sections 1 to 25, the commissioner shall contract directly with providers to ensure that clients receive appropriate

services. In this case, the commissioner shall use the county board's mental health fund allocation to the extent necessary to carry out the county's responsibilities under sections 1 to 25. In addition, the commissioner shall transfer from the county's community social service allocation under Minnesota Statutes 1986, section 256E.06, an amount equal to the county match which would otherwise have been required by sections 1 to 25. The commissioner shall work with the county board to allow for a return of authority and responsibility to the county board as soon as compliance with sections 1 to 25 can be assured.

Sec. 23. [245.484] [RULES.]

The commissioner shall adopt permanent rules as necessary to carry out this act.

Sec. 24. [245.485] [NO RIGHT OF ACTION.]

Sections 1 to 23 do not independently establish a right of action on behalf of recipients of services or service providers against a county board or the commissioner. A claim for monetary damages must be brought under section 3.736 or 3.751.

Sec. 25. [LIMITED APPROPRIATIONS.]

Nothing in sections 1 to 24 shall be construed to require the commissioner or county boards to fund services beyond the limits of legislative appropriations.

Sec. 26. Minnesota Statutes 1986, section 245.713, subdivision 2, is amended to read:

Subd. 2. [TOTAL FUNDS AVAILABLE; REDUCTIONS ALLOCATION.] The amount of funds available for allocation to counties for use by qualified community mental health centers shall be the total amount of Funds granted to the state by the federal government under United States Code, title 42, sections 300X to 300X-9 each federal fiscal year for mental health services reduced by the sum of the following shall be allocated as follows:

(a) Any amount set aside by the commissioner of human services for Indian ~~tribal~~ organizations within the state, which funds shall not duplicate any direct federal funding of Indian ~~tribal~~ organizations and which funds shall ~~not exceed~~ be at least 25 percent of the total ~~block grant~~ federal allocation to the state for mental health services; provided that sufficient applications for funding are received by the commissioner which meet the specifications contained in requests for proposals and, money from this source may be used for special committees to advise the commissioner on mental health programs and services for American Indians and other minorities or

underserved groups; and. For purposes of this subdivision, "Indian organization" means an Indian tribe or band or an organization providing mental health services which is legally incorporated as a nonprofit organization registered with the secretary of state and governed by a board of directors having at least a majority of Indian directors.

(b) Any amount calculated into the base of the block grant that is made available by the commissioner for qualified community mental health centers that were receiving grants for operations or other continuing grant obligations defined in United States Code, title 42, sections 300X to 300X-9 immediately prior to its enactment.

(e) An amount not to exceed ten percent of the total allocation for mental health services to be retained by the commissioner for administration.

(d) (c) Any amount permitted under federal law which the commissioner approves for demonstration or research projects for severely disturbed children and adolescents, the underserved, special populations or multiply disabled mentally ill persons. The groups to be served, the extent and nature of services to be provided, the amount and duration of any grant awards are to be based on criteria set forth in the Alcohol, Drug Abuse and Mental Health Block Grant Law, United States Code, title 42, sections 300X to 300X-9, and on state policies and procedures determined necessary by the commissioner. Grant recipients must comply with applicable state and federal requirements and demonstrate fiscal and program management capabilities that will result in provision of quality, cost-effective services.

(e) (d) The amount required under federal law, for federally mandated expenditures.

(e) An amount not to exceed ten percent of the total allocation for mental health services to be retained by the commissioner for planning and evaluation.

Sec. 27. Minnesota Statutes 1986, section 256B.02, subdivision 8, is amended to read:

Subd. 8. [MEDICAL ASSISTANCE; MEDICAL CARE.] "Medical assistance" or "medical care" means payment of part or all of the cost of the following care and services for eligible individuals whose income and resources are insufficient to meet all of this cost:

(1) Inpatient hospital services. A second medical opinion is required prior to reimbursement for elective surgeries. The commissioner shall publish in the State Register a proposed list of elective surgeries that require a second medical opinion prior to reimbursement. The list is not subject to the requirements of sections 14.01 to

14.70. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal;

(2) Skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 256B.50, subdivision 1, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562;

(3) Physicians' services;

(4) Outpatient hospital or nonprofit community health clinic services or physician-directed clinic services. The physician-directed clinic staff shall include at least two physicians, one of whom is on the premises whenever the clinic is open, and all services shall be provided under the direct supervision of the physician who is on the premises. Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section;

(5) Community mental health center services, as defined in rules adopted by the commissioner pursuant to section 256B.04, subdivision 2, and provided by a community mental health center as defined in section 245.62, subdivision 2;

(6) Home health care services;

(7) Private duty nursing services;

(8) Physical therapy and related services;

(9) Dental services, excluding cast metal restorations;

(10) Laboratory and X-ray services;

(11) The following if prescribed by a licensed practitioner: drugs, eyeglasses, dentures, and prosthetic devices. The commissioner shall designate a formulary committee which shall advise the commissioner on the names of drugs for which payment shall be made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven; or any other over-the-counter drug identified by the commissioner, in consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

The basis for determining the amount of payment shall be the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. Establishment of this fee shall not be subject to the requirements of the administrative procedure act. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2.

Notwithstanding the above provisions, implementation of any change in the fixed dispensing fee which has not been subject to the administrative procedure act shall be limited to not more than 180 days, unless, during that time, the commissioner shall have initiated rulemaking through the administrative procedure act;

(12) Diagnostic, screening, and preventive services;

(13) Health care prepayment plan premiums and insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act;

(a) The abortion is a medical necessity. "Medical necessity" means (1) the signed written statement of two physicians indicating the abortion is medically necessary to prevent the death of the mother, and (2) the patient has given her consent to the abortion in writing unless the patient is physically or legally incapable of providing informed consent to the procedure, in which case consent will be given as otherwise provided by law;

(b) The pregnancy is the result of criminal sexual conduct as defined in section 609.342, clauses (c), (d), (e)(i), and (f), and the incident is reported within 48 hours after the incident occurs to a valid law enforcement agency for investigation, unless the victim is physically unable to report the criminal sexual conduct, in which case the report shall be made within 48 hours after the victim becomes physically able to report the criminal sexual conduct; or

(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion;

(15) Transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the pur-

pose of this clause, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory;

(16) To the extent authorized by rule of the state agency, costs of bus or taxicab transportation incurred by any ambulatory eligible person for obtaining nonemergency medical care;

(17) Personal care attendant services provided by an individual, not a relative, who is qualified to provide the services, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse. Payments to personal care attendants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies; and

(18) To the extent authorized by rule of the state agency, case management services to persons with serious and persistent mental illness; and

(19) Any other medical or remedial care licensed and recognized under state law unless otherwise prohibited by law, except licensed chemical dependency treatment programs or primary treatment or extended care treatment units in hospitals that are covered under Laws 1986, chapter 394, sections 8 to 20. The commissioner shall include chemical dependency services in the state medical assistance plan for federal reporting purposes, but payment must be made under Laws 1986, chapter 394, sections 8 to 20.

Sec. 28. Minnesota Statutes 1986, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist, hearing aids, prosthetic devices, laboratory and X-ray services, physician's services, medical transportation, chiropractic services as covered under the medical assistance program, podiatric services, and dental care. In addition, payments of state aid shall be made for day treatment services provided by a mental health center established under sections 245.61 to 245.69, subdivision 1, and funded through chapter 256E and for prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization.

(b) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under section 256B.02, subdivision 8. The rates payable under this section must be calculated according to section 256.966, subdivision 2.

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical 5 payments for which state payments are not made.

(e) Chemical dependency services that are reimbursed under Laws 1986, chapter 394, sections 8 to 20, must not be reimbursed under general assistance medical care.

(f) Mental health services that are reimbursed under the mental health fund, sections 1 to 25, must not be reimbursed under general assistance medical care.

Sec. 29. Minnesota Statutes 1986, section 256D.06, subdivision 3, is amended to read:

Subd. 3. When a general assistance grant is used to pay a negotiated rate for a recipient living in a room and board arrangement or congregate living care, or when a recipient is living in a state hospital or, nursing home, or facility for adults with mental illness licensed under Minnesota Rules, parts 9520.0500 to 9520.0690, the recipient shall receive an allowance for clothing and personal needs and the allowance shall not be less than that authorized for a medical assistance recipient pursuant to section 256B.35.

Sec. 30. Minnesota Statutes 1986, section 256D.06, subdivision 6, is amended to read:

Subd. 6. General assistance funds may be paid to cover the cost of room and board needs of for persons who are eligible for general assistance and who are placed by the county in a licensed facility for the purpose of receiving physical, mental health, or rehabilitative care, except for adults with mental illness in a facility licensed under Minnesota Rules, parts 9520.0500 to 9520.0690.

Sec. 31. Minnesota Statutes 1986, section 256D.37, subdivision 1, is amended to read:

Subdivision 1. (a) For all individuals who apply to the appropriate local agency for supplemental aid, the local agency shall determine whether the individual meets the eligibility criteria prescribed in subdivision 2. For each individual who meets the relevant eligibility criteria prescribed in subdivision 2, the local agency shall certify to the commissioner the amount of supplemental aid to which the individual is entitled in accordance with all of the standards in effect December 31, 1973, for the appropriate categorical aid program.

(b) When a recipient is an adult with mental illness in a facility licensed under Minnesota Rules, parts 9520.0500 to 9520.0690, a resident of a state hospital or a dwelling with a negotiated rate, the recipient is not eligible for a shelter standard, a basic needs standard, or for special needs payments. The state standard of assistance for those recipients is the clothing and personal needs allowance for medical assistance recipients under section 256B.35. Minnesota supplemental aid may be paid to negotiated rate facilities at the rates in effect on March 1, 1985, for services provided under the supplemental aid program to residents of the facility, up to the maximum negotiated rate specified in this section. The rate for room and board for a licensed facility must not exceed \$800. ~~The maximum negotiated rate does not apply to a facility that, on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and Minnesota supplemental aid may not be used to pay a negotiated rate for adults with mental illness in a facility licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690.~~ The following facilities are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until June 30, 1987:

(1) a facility that only provides services to persons with mental retardation; and

(2) a facility not certified to participate in the medical assistance program that is licensed as a boarding care facility as of March 1, 1985, and only provides care to persons aged 65 or older. (a) actively and exclusively devoted to golf, skiing or archery or firearms range recreational use or uses and other recreational uses carried on at the establishment;

(b) five acres in size or more, except in the case of an archery or firearms range;

(c)(1) operated by private individuals and open to the public; or

(2) operated by firms or corporations for the benefit of employees or guests; or

(3) operated by private clubs having a membership of 50 or more, provided that the club does not discriminate in membership requirements or selection on the basis of sex; and

(d) made available, in the case of real estate devoted to golf, for use without discrimination on the basis of sex during the time when the facility is open to use by the public or by members, except that use for golf may be restricted on the basis of sex no more frequently than one, or part of one, weekend each calendar month for each sex and no more than two, or part of two, weekdays each week for each sex. If a golf club provides a class or category of membership that provides golfing privileges for more than one adult member of a family, either spouse in that family must be allowed to use the golf facilities at all times except during the times when use is restricted on the basis of sex as provided in the preceding sentence; failure to provide access to either spouse as set forth above constitutes discrimination on the basis of sex for the purposes of this section. A golf club may have or create an individual membership category which entitles a member for a reduced rate to play during restricted hours as established by the club. The club must have on record a written request by the member for such membership.

For purposes of this subdivision and subdivision 7a, "discrimination" means a pattern or course of conduct and, is not linked to an isolated incident.

Sec. 2. Minnesota Statutes 1986, section 273.112, subdivision 6, is amended to read:

Subd. 6. Application for deferment of taxes and assessment under this section shall be made at least 60 days prior to January 2 of each year. Such application shall be filed with the assessor of the taxing district in which the real property is located on such form as may be prescribed by the commissioner of revenue. The assessor may require proof by affidavit or other written verification that the property qualifies under subdivision 3. In the case of property operated by private clubs pursuant to subdivision 3, clause (c)(3), in order to qualify for valuation and tax deferment under this section, the taxpayer must submit to the assessor proof by affidavit or other written verification that the bylaws or rules and regulations of the club meet the eligibility requirements provided under this section. The signed affidavit or other written verification shall be sufficient demonstration of eligibility for the assessor unless the county attorney determines otherwise.

The county assessor shall refer any question regarding the eligibility for valuation and deferment under this section to the county attorney for advice and opinion under section 388.051, subdivision 1. Upon request of the county attorney, the taxpayer shall furnish information that the county attorney considers necessary in order to determine eligibility under this section.

Within 30 days after receipt of application for deferment of taxes and assessment under this section, the assessor receiving the application shall notify the taxpayer that the application has been either accepted or rejected. If no notification of rejection is received by the taxpayer within the 30-day period, the application shall be deemed accepted and the taxes shall be assessed accordingly. If the assessor, after consultation with the county attorney as required in this subdivision, rejects the application, a written rejection shall specify the reasons for the rejection. In that case the taxpayer shall have 30 days after receipt of the rejection to amend its rules, regulations or bylaws and reapply for deferment under this section. If the reapplication is not rejected within 30 days by the assessor, it shall be deemed accepted and the taxes shall be assessed accordingly. Nothing herein shall affect in any way the taxpayer's right to raise an objection to the county board, or appeal the assessment to the district court or to the tax court.

Subd. 4. [DATA BASE.] A data base of information from the program's assessments and services shall be maintained to:

(1) provide individual reports of results to the students, to the high schools in which students are enrolled, and, if authorized by the students, to post-secondary educational institutions; and

~~(e) (2) provide annual statewide summary reports of results on a statewide basis to all Minnesota high schools and, post-secondary educational institutions and to, the department of education, the chairs of the education, higher education, appropriations and finance committees of the legislature, and the governor.~~

Subd. 5. [COORDINATION.] The board shall coordinate efforts and develop additional methods of providing information, guidance, and testing services to out-of-school youth and adults.

Sec. 20. [136A.89] [ESTABLISHMENT.]

A child care grant program is established under the supervision of the higher education coordinating board. The program makes funds available to students, including students who are employed, to reduce the costs of child care while attending an eligible institution.

Sec. 21. [136A.90] [DEFINITIONS.]

For the purposes of sections 136A.89 to 136A.93, the following words have the meaning given them here.

(a) "AFDC" means recipients of aid to families with dependent children.

(b) "Board" means the Minnesota higher education coordinating board.

(c) "Child" means any person 12 years of age or younger, or a person age 13 or 14 who is handicapped, as defined in section 120.03.

(d) "Child care" means the care of a child by someone other than a parent or legal guardian in or outside the child's own home for gain or otherwise, on a regular basis, for any part of a 24-hour day.

(e) "Eligible institution" means a Minnesota public college, university, or technical institute.

(f) "Number of students with dependent children" means the sum of all Minnesota residents enrolled in eligible institutions who report dependents on their applications to the state scholarship and grant program.

(g) "Priority groups" means caretakers receiving AFDC who are under the age of 22, do not have a high school diploma or general

equivalency diploma, or have been receiving aid to families with dependent children for more than 24 months of the last 36 months.

Sec. 22. [136A.91] [ELIGIBLE STUDENTS.]

(a) An applicant is eligible for a child care grant if the applicant:

(1) is a resident of the state of Minnesota or is a recipient of aid to families with dependent children;

(2) has a household income within the range established for eligibility for the sliding fee scale program under section 268.91;

(3) is pursuing a program or course of study that applies to an undergraduate degree, diploma, or certificate; and

(4) is attending an eligible institution.

Child care grants must be given for a single term as defined by the institution in accordance with policies of the board. Grants may be renewable but the recipient must supply additional information on child care expenses.

(b) Recipients who have completed their post-secondary education and had received child care funds from the board during that education must be assured sliding fee funds for employment and training programs for up to nine months after graduation if they meet eligibility standards established under section 268.91.

Sec. 23. [136A.92] [ALLOCATION BY THE BOARD.]

Subdivision 1. [PRIORITY OF FUNDS.] The board shall set aside one-half of child care funds appropriated under this section for use by AFDC recipients attending eligible institutions. The board shall ensure that priority for use of funds is given to the priority groups within the aid to families with dependent children caseload. If institutions report that funds are not available for priority recipients, the board may restrict the use of funds so that one-half of the set-aside funds are reserved for priority recipients.

Subd. 2. [ALLOCATION TO INSTITUTIONS.] The board shall allocate funds to the eligible institutions as follows:

(1) set-aside funds are allocated to each institution based on the number of its enrolled students receiving AFDC in the previous academic year; and

(2) remaining funds are allocated to each institution based on the number of its enrolled students with dependent children in the previous academic year.

Subd. 3. [MONITORING AND REALLOCATION.] (a) The board shall establish procedures to (1) continually monitor the use of funds throughout the year; (2) identify areas of unmet need for grants; and (3) redistribute available funds in a timely manner to meet the needs of eligible recipients.

(b) By April 1 of each year, each institution must return to the board the amount of funds the board projects will not be used within the institution during the remainder of the fiscal year. The board must redistribute these funds among the institutions as needed.

Subd. 4. [RELEASE OF SET-ASIDE FUNDS.] The board must reserve set-aside funds for the exclusive use of students receiving AFDC, except as follows: if the board can project, at the end of the first year of funding that all set-aside funds allocated for the year will not be used, the board may release a reasonable proportion of the funds for use by other students with dependent children. The board must take into account normal changes in attendance patterns over the course of a academic year as well as information from local agencies and service providers on the number of anticipated students. It must retain for the exclusive use of students who receive AFDC, sufficient funds to fill projected needs but not less than 65 percent of the set-aside funds.

Subd. 5. [REVIEW OF PRIORITY RECIPIENT NEEDS.] Before August 1, 1988, the board must review its use of set-aside funds to see whether any priority recipients were denied funds. If any priority recipients were denied funds and if less than one-half of the set-aside funds were used for priority recipients, the board must develop an allocation formula that reserves one-half of the set-aside funds for priority recipients.

Sec. 24. [136A.93] [DISTRIBUTION BY INSTITUTIONS.]

Subdivision 1. [GENERAL.] Institutions receiving allocations must distribute the funds using the same eligibility requirements, payment rates for child care services, and sliding fee schedules as established by the commissioner of human services under section 268.91, except that the limitation on post-secondary program length under section 268.91, subdivision 5, clause b, does not apply.

Subd. 2. [DISTRIBUTION TO PRIORITY RECIPIENTS.] In distributing set-aside funds, institutions must give priority to recipients identified by their case managers as having a priority for services. When an institution receives notice from a case manager that a priority recipient is applying for child care funds, the institution must immediately reserve funds for the recipient. Institutions may enter into cooperative agreements with employment and training service providers as necessary to coordinate the use of set-aside funds for priority group members.

Subd. 3. [REPORT.] Institutions must submit to the board quarterly reports on program activity during the preceding quarter. Expenditures must be reported for students who are:

(a) AFDC recipients;

(b) AFDC recipients who are also members of a priority group; and

(c) not AFDC recipients.

These reports shall include the names, social security numbers, and child care costs of each AFDC recipient. The board shall submit the reports to the commissioner of human services to maximize federal financial participation in the aid to families with dependent children employment special needs program under section 256.736, subdivision 8. Federal funds obtained must be used to expand the child care fund under section 268.91. The reports must include other information required by the board or the commissioner of human services for the administration and evaluation of the program.

Sec. 25. [136C.043] [COLLECTING FEES FOR SEMINARS AND MATERIALS.]

Subdivision 1. [COLLECTION; ACCOUNTS.] The state board may adopt a policy for charging fees for seminars, conferences, workshops, and instructional materials. The state director may maintain an account for depositing the fees collected.

Subd. 2. [APPROPRIATION.] The fees collected under subdivision 1 are appropriated to the state board for expenses related to the seminars, conferences, workshops, and instructional materials.

Sec. 26. Minnesota Statutes 1986, section 137.025, subdivision 1, is amended to read:

Subdivision 1. The commissioner of finance shall pay no money to the University of Minnesota pursuant to a direct appropriation, other than an appropriation for the university of Minnesota hospitals or for buildings, until the university first certifies to the commissioner of finance that its aggregate balances in the temporary investment pool, cash, or separate investments, resulting from all state maintenance and special appropriations do not exceed \$7,000,000, or any other amount specified in the act making the appropriation, plus one-third of all tuition and fee payments from the previous fiscal year. Upon this certification, 1/12 of the annual appropriation to the university shall be paid at the beginning of each month. Additional payments shall be made by the commissioner of finance whenever the state appropriations and tuition aggregate balances in the temporary investment pool, cash, or separate investments are reduced below the indicated levels.

Sec. 27. Minnesota Statutes 1986, section 137.31, subdivision 3, is amended to read:

Subd. 3. [SET-ASIDE FOR DISADVANTAGED.] At least 15 percent of the value of the procurement contracts designated for the set-aside program shall be awarded, if possible, to small businesses owned and operated by socially or economically disadvantaged persons, as defined by state law section 645.445. If small businesses owned and operated by socially or economically disadvantaged persons are unable to perform at least 15 percent of the value of the set-aside contracts, the university may award the balance of the designated set-aside procurement contracts to other small businesses.

Sec. 28. Minnesota Statutes 1986, section 645.445, subdivision 5, is amended to read:

Subd. 5. "Socially or economically disadvantaged person" means a person who has been deprived of the opportunity to develop and maintain a competitive position in the economy because of social or economic conditions. This disadvantage may arise from cultural, social or economic circumstances, or background, physical location if the person resides or is employed in an area designated a labor surplus area by the United States Department of Labor, or other similar cause. It includes racial minorities, women, or persons who have suffered a substantial physical disability. For purposes of sections 16B.19 to 16B.22 and 137.31, the definition of "socially or economically disadvantaged person" includes sheltered workshops and work activity programs.

Sec. 29. [UNIVERSITY OF MINNESOTA ADMISSIONS COUNSELING.]

To protect access while encouraging a reduction in enrollment, the University of Minnesota shall develop counseling mechanisms to advise applicants regarding their post-secondary plans. The mechanisms must provide at least counseling for students whose high school rank and standardized test scores do not meet the minimum university admission standards or whose high school course preparation appears insufficient for academic success at the university. The counseling must occur before admission and must include a presentation of post-secondary options available to the student and an assessment of the student's opportunities for academic success within each option. The counseling is not intended to preclude applicants from being admitted to the university, but instead to improve their understanding of their enrollment options and potential for success in higher education. For applicants enrolled in high schools that have counselors, the high school counselor may provide the required advising. For applicants not enrolled in high schools or in schools without counseling staff, the advising must be provided by the university. Funding for counseling under section 6, subdivision

3, paragraph (z), must be used to develop the mechanisms. The mechanisms include, but are not limited to: workshops with high school counselors, campus based counseling, toll free hotlines, and reassigning or adding necessary university counseling staff. The public post-secondary systems should cooperate in these efforts to provide more thorough counseling for prospective students.

Sec. 30. [TASK FORCE ON QUALITY ASSESSMENT.]

Subdivision 1. [PURPOSE AND DUTIES.] A task force on post-secondary quality assessment is established. The task force shall determine the goals of quality assessment, study and select strategies and mechanisms for the state to use in achieving those goals, and consider ways to use assessment in improving post-secondary education.

Subd. 2. [MEMBERSHIP.] The members of the task force must be determined by the executive director of the HECB and the members of the higher education advisory council. One system representative and one faculty representative must be chosen for each post-secondary system from a list of nominees prepared by that system's council member. One department representative and one secondary teacher must be chosen from a list of nominees submitted by the commissioner of education. The executive director shall submit a list of nominees from the HECB staff or board members from which one task force member must be selected. The student advisory council to the HECB shall submit nominations to the executive director and the council from which two student representatives shall be selected. The executive director and the council must consider geographical balance in their selection of members. The executive director shall appoint a representative of the HECB to convene the meetings.

Subd. 3. [STAFF.] The HECB shall provide staff assistance and support services necessary for the task force to undertake and complete its work.

Subd. 4. [PILOT PROJECTS.] During the 1988 calendar year, the task force shall establish a pilot assessment project within each of the public post-secondary systems. The pilot projects must be used to help determine appropriate assessment mechanisms and to evaluate the uses and effectiveness of quality assessment.

Subd. 5. [REPORTS.] The task force shall submit a preliminary report to the higher education policy and funding divisions and committees of the legislature by February 1, 1988, concerning progress and plans of the task force. It shall submit a full report of its activities, findings, and recommendations by February 1, 1989, to these divisions and committees. Before submitting each report to the legislature, the task force shall submit the report to the higher education coordinating board for review and comment.

Subd. 6. [FUNDING.] The HECB and the task force may seek funding from nonstate sources to provide for the costs necessary to accomplish subdivisions 1 to 5.

Sec. 31. [TASK FORCE ON COMMON COURSE NUMBERING.]

Subdivision 1. [ESTABLISHED.] A task force on common course numbering in post-secondary education is established. The purpose of the task force is to study and report on the benefits to students, the cost, and the feasibility of implementing a common course numbering system.

Subd. 2. [MEMBERSHIP.] The task force consists of 25 members as follows: one system level administrator experienced in transfer of credit issues, one campus level administrator experienced in curriculum development issues, two faculty members appointed by each of the public post-secondary systems and the private college council, and one student representative from each post-secondary system appointed by the student advisory council. Task force members shall serve without compensation, except that the post-secondary systems must provide for the expenses incurred by their student representatives.

Subd. 3. [DUTIES.] The task force shall study and make recommendations on the expected outcomes and benefits of expanded course equivalency, a common course numbering system for higher education, more accessible transfer information, and students' opportunities for completion of their undergraduate educations. The legislature expects that the AVTIs will be included in these recommendations when they convert to a course credit hour basis.

Subd. 4. [HECB ROLE.] The task force study and report must be coordinated by the higher education coordinating board. The board shall provide necessary staff assistance and information to the task force.

Subd. 5. [REPORT.] By December 15, 1987, the task force shall submit its report to the higher education coordinating board for review and comment. By February 1, 1988, the task force shall submit its report and recommendations to the higher education policy, appropriations, and finance divisions or committees of the legislature. The task force terminates on June 30, 1988.

Sec. 32. [MANKATO SPECIAL ASSESSMENT.]

The city of Mankato may assess Mankato State University for the costs of reconstruction and improvement of Val Imm Drive. The assessment must not be made until completion of the work and must not exceed \$500,000 or 40 percent of the project, whichever is less.

Subd. 19. [TERMS AND CONDITIONS OF EMPLOYMENT.] "Terms and conditions of employment" means the hours of employment, the compensation therefor including fringe benefits, except retirement contributions or benefits of a public pension fund described in section 356.20, subdivision 2, and the employer's personnel policies affecting the working conditions of the employees. In the case of professional employees the term does not mean educational policies of a school district. "Terms and conditions of employment" is subject to section 179A.07."

"Sec. 5. Minnesota Statutes 1986, section 465.72, subdivision 2, is amended to read:

Subd. 2. [EXCEPTIONS.] The provisions of subdivision 1 requiring that severance pay be paid over a period not to exceed five years from retirement or termination of employment and limiting severance pay to an amount equal to one year of pay do not apply to severance pay constituting compensation for accumulated sick leave in the form of periodic contributions toward premiums for group insurance policies provided for a former employee by a governmental subdivision, if the payments are made to a person who has at least ten years of allowable service with the employer who is making the severance payments. Allowable service for purposes of this subdivision has the same definition of allowable service credit as the public pension plan providing retirement coverage to the employee while employed by the employer.

This subdivision applies only to periodic contributions that have commenced before the effective date of Laws 1986, chapter 455 or that are required under contracts, or, with respect to employees not covered by contracts, personnel policies, formally adopted by the governing body of the governmental subdivision, in existence on the effective date of Laws 1986, chapter 455. After the effective date of Laws 1986, chapter 455, a governmental subdivision may not enter into a contract or adopt a personnel policy providing for a payment in violation of subdivision 1. A personnel policy or portion of a personnel policy in existence on the effective date of Laws 1986, chapter 455 and providing for a payment in violation of subdivision 1 is null and void (i) upon the expiration of a collective bargaining agreement containing a similar provision and covering employees of the governmental subdivision that has adopted the policy, or (ii) two years from the effective date of Laws 1986, chapter 455, whichever is earlier. Any payments by governmental subdivisions in accordance

with this subdivision before the effective date of Laws 1986, chapter 455 are validated.”

[PRELIMINARY SURVEY REPORT REQUIREMENTS.] In the preliminary survey report, the engineer shall show the existing or proposed drainage projects or systems that cause the overflow, the property drained or to be drained by the drainage system project, and the names of affected property owners.

Subd. 6. [BENEFITED PROPERTY TO BE DETERMINED BY VIEWERS.] If, after the preliminary survey report hearing, a detailed survey is ordered and viewers appointed, the viewers shall determine and report the benefits to all property from the outlet improvement including property drained or to be drained by the existing or drainage system and proposed drainage system project.

Sec. 38. Minnesota Statutes 1986, section 106A.225, is amended to read:

The petition must be signed by at least 26 percent of the resident owners of the property or by the owners of at least 26 percent of the area of the property traversed by that the lateral passes over. The petition must be filed with the auditor, or for property in more than one county, the petition must be filed with the auditor of the county with the largest property area traversed by passed over by the lateral. The petition must:

(1) describe in general terms the starting point, general course, and terminus of the proposed lateral;

(2) describe the property traversed by the lateral including the names and addresses of the property owners from the county assessor's office;

(3) state the necessity to construct the lateral;

(4) state that, if constructed, the lateral will be of public benefit and utility and promote the public health;

(5) request that the lateral be constructed and connected with the drainage system; and

(6) provide that the petitioners will pay all costs incurred if the proceedings are dismissed or if a contract for the construction of the lateral is not awarded.

(b) The petitioners shall give the bond required by section 106A.205.

Subd. 2. [ESTABLISHMENT PROCEDURE.] After the petition is filed, the procedure to establish and construct the lateral is the same as that provided in this chapter to establish a new drainage system project.

Subd. 3. [AUTHORITY NECESSARY FOR PROPERTY NOT ASSESSED.] A lateral may not be constructed to drain property that is not assessed benefits for the existing public drainage system until express authority for the use of the existing drainage system as an outlet for the lateral has been obtained under section 106A.401.

Sec. 39. Minnesota Statutes 1986, section 106A.231, is amended to read:

106A.231 [DISMISSAL OR DELAY OF PROCEEDINGS BY PETITIONERS.]

Subdivision 1. [DISMISSAL.] (a) A proceeding under this chapter may be dismissed by a majority of the petitioners if they own at least 60 percent of the area owned by all of the petitioners as described in the petition.

(b) The proceeding may be dismissed at any time before the proposed drainage system project is established after payment of the cost of the proceeding. If the costs cannot be collected, each and all petitioners are liable for unpaid assessments. The drainage authority shall determine and assess the cost of the proceeding against the persons liable. After the proceeding is dismissed any other action on the proposed drainage system project must begin with a new petition.

Subd. 2. [DELAY.] The drainage authority may delay drainage proceedings and drainage project construction under this chapter if a majority of the petitioners petition for a delay and the drainage authority holds a hearing on the petition. The delay may be for a period determined by the drainage authority. The drainage authority shall determine the cost of the proceedings up to the time the

proceedings are delayed and when the costs are to be paid. The costs may include interest on the costs due.

Sec. 40. Minnesota Statutes 1986, section 106A.235, subdivision 1, is amended to read:

Subdivision 1. [DESIGNATION.] A petition for a proposed drainage system project in two or more counties must be designated as a joint county drainage system with a number assigned by the auditor of the county with the largest area of property in the drainage system project.

Sec. 41. Minnesota Statutes 1986, section 106A.235, subdivision 2, is amended to read:

Subd. 2. [JOINT COUNTY DRAINAGE AUTHORITY.] The board where a petition for a proposed joint county drainage system project is filed shall notify the board of each county where property is affected by the drainage system and request the boards to meet jointly and consider the petition. The boards shall select five of their members at the meeting to be the drainage authority. At least one member must be from each board. The drainage authority shall be known as the joint county drainage authority with a joint county drainage project or system number. A vacancy in the membership of the joint county drainage authority must be filled by joint action of the boards.

Sec. 42. [106A.238] [COUNTY ATTORNEY REVIEW OF PETITION AND BOND.]

The county attorney must review each petition and bond filed with the county to determine if it meets the requirement of the proceedings for which it is intended. The county attorney must review the petition and bond within 30 days after it is filed. The county attorney must:

(1) refer the petition and bond back to the petitioners if it does not meet the requirements, with the county attorney's opinion describing the deficiencies of the petition; or

(2) refer the petition to the drainage authority.

Sec. 43. Minnesota Statutes 1986, section 106A.241, subdivision 1, is amended to read:

Subdivision 1. [APPOINTMENT.] Within 30 days after filing the receiving a petition and bond from the county attorney, the drainage authority shall, by order, appoint an engineer to make a preliminary survey within a prescribed time. The engineer must be the county highway engineer of a county where the affected property is located

or a professional engineer registered under state law. The engineer is the engineer for the drainage system project throughout the proceeding and construction unless otherwise ordered. Each appointed engineer must file an oath and bond. The engineer may be removed by the drainage authority at any time. If the engineer position is vacant, the drainage authority shall appoint another engineer as soon as possible.

Sec. 44. Minnesota Statutes 1986, section 106A.241, subdivision 2, is amended to read:

Subd. 2. [OATH; BOND.] An appointed engineer must subscribe to an oath to faithfully perform the assigned duties in the best manner possible and file a bond with the auditor. The bond must have adequate surety and be payable to the county where the petition is filed, or for a proposed joint county drainage system project to all counties in the petition. The bond must be conditioned to pay any person or the drainage authority for damages and injuries resulting from negligence of the engineer while the engineer is acting in the proceedings or construction, and provide that the engineer will diligently and honestly perform the engineer's duties. The bond is subject to approval by the auditor. The aggregate liability of the surety for all damages may not exceed the amount of the bond.

Sec. 45. Minnesota Statutes 1986, section 106A.241, subdivision 5, is amended to read:

Subd. 5. [CONSULTING ENGINEER.] After the engineer is appointed and before construction of the drainage system project is finished, the drainage authority may employ an engineer as a consulting engineer for the proceeding and construction. A consulting engineer shall advise the engineer and drainage authority on engineering matters and problems that may arise related to the proceeding and construction of the drainage system project. The drainage authority shall determine the compensation for the consulting engineer.

Sec. 46. Minnesota Statutes 1986, section 106A.245, is amended to read:

106A.245 [PRELIMINARY SURVEY AND PRELIMINARY SURVEY REPORT.]

Subdivision 1. [SURVEY.] The engineer shall proceed promptly to:

(1) examine the petition and order;

(2) make a preliminary survey of the area likely to be affected by the proposed drainage ~~system~~ project to enable the engineer to determine whether the proposed drainage ~~system~~ project is necessary and feasible with reference to the environmental and land use criteria in section 106A.015, subdivision 1;

(3) examine and gather information related to determining whether the proposed drainage ~~system~~ project substantially affects areas that are public waters; and

(4) if the proposed drainage ~~system~~ project requires construction of an open channel, examine the nature and capacity of the outlet and any necessary extension.

Subd. 2. [LIMITATION OF SURVEY.] The engineer shall restrict the preliminary survey to the drainage area described in the petition, except that to secure an outlet the engineer may run levels necessary to determine the distance for the proper fall. The preliminary survey must consider the impact of the proposed drainage ~~system~~ project on the environmental and land use criteria in section 106A.015, subdivision 1. The drainage authority may have other areas surveyed after:

(1) giving notice by mail of a hearing to survey additional areas, to be held at least ten days after the notice is mailed, to the petitioners and persons liable on the petitioners' bond;

(2) holding the hearing;

(3) obtaining consent of the persons liable on the petitioners' bond; and

Subd. 3. [ADOPTION OF FEDERAL PROJECT.] The engineer may approve and include as a part of the report, a project of the United States relating to drainage or flood control that is within the proposed drainage ~~system~~ project area, and may accept data, plats, plans, or information relating to the project furnished by United States engineers. The engineer does not need to make the preliminary survey if the material furnished by the United States is sufficient for the engineer to make the preliminary survey report.

Subd. 4. [PRELIMINARY SURVEY REPORT.] The engineer shall report the proposed drainage ~~system~~ project plan or recommend a different practical plan. The report must give sufficient information, in detail, to inform the drainage authority on issues related to feasibility, and show changes necessary to make the proposed plan practicable and feasible including extensions, laterals, and other work. If the engineer finds the proposed drainage ~~system~~ project in

the petition is feasible and complies with the environmental and land use criteria in section 106A.015, subdivision 1, the engineer shall include in the preliminary survey report a preliminary plan of the proposed system drainage project showing the proposed ditches, tile, laterals, and other improvements, the outlet of the system project, the watershed of the drainage project or system, and the property likely to be affected and its known owners. The plan must show:

(1) the elevation of the outlet and the controlling elevations of the property likely to be affected referenced to standard sea level datum, if practical;

(2) the probable size and character of the ditches and laterals necessary to make the plan practicable and feasible;

(3) the character of the outlet and whether it is sufficient;

(4) the probable cost of the drains and improvements shown on the plan;

(5) all other information and data necessary to disclose the practicability, necessity, and feasibility of the proposed drainage system project;

(6) consideration of the drainage project under the environmental and land use criteria in section 106A.015, subdivision 1, of the proposed drainage system; and

(7) other information as ordered by the drainage authority.

Sec. 48. Minnesota Statutes 1986, section 106A.261, subdivision 1, is amended to read:

Subdivision 1. [NOTICE.] When the preliminary survey report is filed, the auditor shall promptly notify the drainage authority. The drainage authority in consultation with the auditor shall set a time, by order, not more than 30 days after the date of the order, for a hearing on the preliminary survey report. At least ten days before

the hearing, the drainage authority after consulting with the auditor shall give notice by mail of the time and location of the hearing to the petitioners, owners of property, and political subdivisions likely to be affected by the proposed drainage system project in the preliminary survey report.

Sec. 49. Minnesota Statutes 1986, section 106A.261, subdivision 3, is amended to read:

Subd. 3. [SUFFICIENCY OF PETITION.] (a) The drainage authority shall first examine the petition and determine if it meets the legal requirements.

(b) If the petition does not meet the legal requirements of this chapter, the hearing shall be adjourned ~~and~~ until a specified date by which the petitioners must resubmit the petition. The petition must be referred back to the petitioners. ~~The petitioners who,~~ by unanimous action, may amend the petition. The petitioners may obtain signatures of additional property owners as added petitioners.

(c) When the hearing is reconvened, if at the adjourned hearing the petition is not resubmitted or does not meet the legal requirements, the proceedings must be dismissed.

Sec. 50. Minnesota Statutes 1986, section 106A.261, subdivision 4, is amended to read:

Subd. 4. [DISMISSAL.] (a) The drainage authority shall dismiss the proceedings if it determines that:

- (1) the proposed drainage system project is not feasible;

- (3) the proposed drainage system project is not of public benefit or utility; or
- (4) the outlet is not adequate.

(b) If the proceedings are dismissed, any other action on the proposed drainage system project must begin with a new petition.

Sec. 51. Minnesota Statutes 1986, section 106A.261, subdivision 5, is amended to read:

Subd. 5. [FINDINGS AND ORDER.] (a) The drainage authority shall state, by order, its findings and any changes that must be made in the proposed drainage system project from those outlined in the petition, including changes necessary to minimize or mitigate adverse impact on the environment, if it determines that:

(1) the proposed drainage system project outlined in the petition, or modified and recommended by the engineer, is feasible;

(2) there is necessity for the proposed drainage system project;

(3) the proposed drainage system project will be of public benefit and promote the public health, after considering the environmental and land use criteria in section 106A.015, subdivision 1; and

(4) the outlet is adequate.

(b) Changes may be stated by describing them in general terms or filing a map that outlines the changes in the proposed drainage system project with the order. The order and accompanying documents must be filed with the auditor.

Sec. 52. Minnesota Statutes 1986, section 106A.261, subdivision 6, is amended to read:

Subd. 6. [OUTLET IS EXISTING DRAINAGE SYSTEM.] If the outlet is an existing drainage system, the drainage authority may determine that the outlet is adequate and obtain permission to use the existing drainage system as an outlet. The drainage authority shall assign a number to the proposed drainage system project and proceed under section 106A.401 to act in behalf of the proposed drainage system project.

Sec. 53. Minnesota Statutes 1986, section 106A.261, subdivision 7, is amended to read:

Subd. 7. [EFFECT OF FINDINGS.] (a) For all further proceedings, the order modifies the petition and the order must be considered with the petition.

Sec. 70. Minnesota Statutes 1986, section 106A.315, subdivision 5, is amended to read:

Subd. 5. [EXTENT AND BASIS OF BENEFITS.] (a) The viewers shall determine the amount of benefits to all property benefited within the watershed, whether the property is benefited immediately by the construction of the proposed drainage system project or the proposed drainage system project can become an outlet for drainage, makes an outlet more accessible, or otherwise directly benefits the property. The benefits may be based on:

(1) an increase in the current market value of property as a result of constructing the project;

(2) an increase in the potential for agricultural production as a result of constructing the project; or

(3) an increased value as a result of a potential different land use.

(b) Benefits and damages may only be assessed against the property benefited or damaged or an easement interest in property for the exclusive use of the surface of the property.

Sec. 71. Minnesota Statutes 1986, section 106A.315, subdivision 6, is amended to read:

Subd. 6. [BENEFITS FOR PROPOSED DRAINAGE SYSTEM PROJECT AS OUTLET.] (a) If the proposed drainage system project furnishes an outlet to an existing drainage system and benefits the property drained by the existing system, the viewers shall equitably determine and assess:

(1) the benefits of the proposed drainage system project to each tract or lot drained by the existing drainage system;

(2) a single amount as an outlet benefit to the existing drainage system; or

(3) benefits on a watershed acre basis.

(b) Assessments that conform with the provisions in this subdivision are valid. If a single sum is assessed as an outlet benefit, the lien for the assessment must be prorated on all property benefited by the existing drainage system in proportion to the benefits determined in for the existing drainage system proceeding.

(c) Within the watershed that drains to the area where a project is located, the viewers may assess outlet benefits on:

(1) property that is responsible for increased siltation in downstream areas of the watershed; and

(2) property that is responsible for increased drainage system maintenance or increased drainage system capacity because the natural drainage on the property has been altered or modified to accelerate the drainage of water from the property.

Sec. 72. Minnesota Statutes 1986, section 106A.315, is amended by adding a subdivision to read:

Subd. 7. [BENEFITS FOR PROJECT THAT INCREASES DRAINAGE CAPACITY.] If part of a drainage project increases drainage capacity and the increased capacity is necessary due to increased drainage in the project watershed rather than increased drainage in a specific area, the viewers may assess benefits on property in the project watershed on a pro rata basis.

Sec. 73. Minnesota Statutes 1986, section 106A.315, is amended by adding a subdivision to read:

Subd. 8. [EXTENT OF DAMAGES.] Damages to be paid may include:

Subd. 2. [MAILING.] The auditor must mail a copy of the property owners' report to each property owner affected by the proposed drainage project, and may prepare and file an affidavit of mailing.

Sec. 77. Minnesota Statutes 1986, section 106A.325, subdivision 2, is amended to read:

Subd. 2. [NOTICE.] (a) The final hearing notice must state:

(1) that the petition is pending;

(2) that the detailed survey report is filed;

(3) that the viewers' report is filed;

(4) the time and place set for the final hearing;

(5) a brief description of the proposed drainage project and affected drainage system, giving in general terms the starting point, terminus, and general course of the main ditch and branches;

(6) a description of property benefited and damaged, and the names of the owners of the property; and

(7) the municipal and other corporations affected by the proposed drainage system project as shown by the detailed survey report and viewers' report.

(b) Names may be listed in a narrative form and property affected may be separately listed in narrative form by governmental sections or otherwise.

(c) For a joint county proceeding, separate notice may be prepared for each county affected, showing the portion of the proposed drainage system project and the names and descriptions of affected property in the county.

Sec. 78. Minnesota Statutes 1986, section 106A.325, subdivision 3, is amended to read:

Subd. 3. [METHOD OF NOTICE.] The auditor shall notify the drainage authority, auditors of affected counties, and all interested persons of the time and location of the final hearing by publication, posting, and mail. A printed copy of the final hearing notice for each affected county must be posted at least three weeks before the date of the final hearing at the front door of the courthouse in each county. Within one week after the first publication of the notice, the auditor shall give notice by mail of the time and location of the final hearing to the commissioner, all property owners, and others affected by the proposed drainage system project and listed in the detailed survey report and the viewers' report.

Sec. 79. Minnesota Statutes 1986, section 106A.335, subdivision 1, is amended to read:

Subdivision 1. [CONSIDERATION OF PETITION AND REPORTS.] At the time and location for the final hearing specified in the notice, or after the hearing adjourns, the drainage authority shall consider the petition for the drainage system project, with all matters pertaining to the detailed survey report, the viewers' report, and the commissioner's final advisory report. The drainage authority shall hear and consider the testimony presented by all interested parties. The engineer or the engineer's assistant and at least one viewer shall be present. The director may appear and be heard. If the director does not appear personally, the final advisory report shall be read during the hearing. The final hearing may be adjourned and reconvened as is necessary.

Sec. 80. Minnesota Statutes 1986, section 106A.335, subdivision 3, is amended to read:

Subd. 3. [REEXAMINATION.] If the drainage authority determines that property not included in the notice should be included and assessed or that the engineer or viewers, or both, should reexamine the proposed drainage system project or the property

benefited or damaged by the system, the drainage authority may resubmit the reports to the engineer and viewers. If a report is resubmitted the final hearing may be continued as is necessary to make the reexamination and reexamination report. If the reexamination report includes property not included in the original report, the drainage authority may, by order, adjourn the hearing and direct the auditor to serve or publish, post, and mail a final hearing notice with reference to all property not included in the previous notice. The jurisdiction of the drainage authority continues in the property given proper notice, and new or additional notice is not required for that property.

Sec. 81. Minnesota Statutes 1986, section 106A.341, is amended to read:

106A.341 [DRAINAGE AUTHORITY FINAL ORDER.]

Subdivision 1. [DISMISSAL OF PROCEEDINGS.] The drainage authority must dismiss the proceedings and petition, by order, if it determines that:

(1) the benefits of the proposed drainage system project are less than the total cost, including damages awarded;

(2) the proposed drainage system project will not be of public benefit and utility; or

(3) the proposed drainage system project is not practicable after considering the environmental and land use criteria in section 106A.015, subdivision 1.

Subd. 2. [ESTABLISHMENT OF PROPOSED DRAINAGE SYSTEM.] (a) The drainage authority shall establish, by order, a proposed drainage system project if it determines that:

(1) the detailed survey report and viewers' report have been made and other proceedings have been completed under this chapter;

(2) the reports made or amended are complete and correct;

(3) the damages and benefits have been properly determined;

(4) the estimated benefits are greater than the total estimated cost, including damages;

(5) the proposed drainage system project will be of public utility and benefit, and will promote the public health; and

(6) the proposed drainage system project is practicable.

(b) The order must contain the drainage authority's findings, adopt and confirm the viewers' report as made or amended, and establish the proposed drainage system project as reported and amended.

Sec. 82. Minnesota Statutes 1986, section 106A.345, is amended to read:

106A.345 [APPORTIONMENT OF COST FOR JOINT COUNTY DRAINAGE SYSTEMS.]

For joint county proceedings, the auditor where the petition is filed shall file a certified copy of the viewers' report with the auditor of each affected county within 20 days after the date of the final order establishing the system. When the final order to establish the drainage system project is made, the drainage authority shall determine and order the percentage of the cost of the drainage system project to be paid by each affected county. The cost shall be in proportion to the benefits received, unless there is a contrary reason. An auditor of an affected county may petition the drainage authority after the final order is made to determine and order the percentage of costs to be paid by the affected counties. The drainage authority shall hold a hearing five days after giving written notice to the auditor of each affected county. After giving the notice to the auditors of the affected counties, the drainage authority may, at any time that it is necessary, modify an order or make an additional order to allocate the cost among the affected counties.

Sec. 83. Minnesota Statutes 1986, section 106A.351, is amended to read:

106A.351 [REDETERMINATION OF BENEFITS AND DAMAGES.]

Subdivision 1. [CONDITIONS TO REDETERMINE BENEFITS AND DAMAGES; APPOINTMENT OF VIEWERS.] If the drainage authority determines that the original benefits or damages determined in a drainage proceeding do not reflect reasonable present day land values or that the benefited or damaged areas have changed, or if more than 50 percent of the property owners benefited or damaged by a drainage system petition for correction of an error that was made at the time of the proceedings that established the drainage system, the drainage authority may appoint three viewers to redetermine and report the benefits and damages and the benefited and damaged areas.

Subd. 2. [HEARING AND PROCEDURE.] The drainage authority shall hold a hearing on the report and confirm the benefits and benefited areas. (a) The redetermination of benefits and damages shall proceed as provided for viewers and the viewers' report in sections 106A.311 to 106A.321; and for.

(b) The auditor must prepare a property owner's report from the viewer's report. A copy of the property owner's report must be mailed to all persons affected by the drainage system.

(c) The drainage authority shall hold a final hearing on the report and confirm the benefits and damages and benefited and damaged areas. The final hearing shall proceed as provided under sections 106A.325, 106A.335, and 106A.341, except that the hearing shall be held within 30 days after the property owner's report is mailed.

Subd. 3. [REDETERMINED BENEFITS AND DAMAGES REPLACE ORIGINAL BENEFITS AND DAMAGES.] The redetermined benefits and damages and benefited and damaged areas must be used in place of the original benefits and damages and benefited and damaged areas in all subsequent proceedings relating to the drainage system.

Subd. 4. [APPEAL.] A person aggrieved by the redetermination of benefits and damages and benefited and damaged areas may appeal from the order confirming the benefits and damages and benefited and damaged areas under section 106A.091.

Sec. 84. Minnesota Statutes 1986, section 106A.401, subdivision 2, is amended to read:

Subd. 2. [EXPRESS AUTHORITY NECESSARY.] After the construction of a drainage system project, a public or private drainage system that drains property not assessed for benefits for the established drainage system may not be constructed to use the established drainage system as an outlet without obtaining express authority from the drainage authority of the drainage system proposed to be used as the outlet. This section is applicable to the construction of a public or private drainage system that outlets water into an established drainage system regardless of the actual physical connection.

Sec. 85. Minnesota Statutes 1986, section 106A.401, subdivision 6, is amended to read:

Subd. 6. [PAYMENT OF OUTLET FEE.] The outlet fee for a proposed drainage system project is a part of the cost of the proposed drainage system project and is to be paid by assessment against the property benefited by the proposed drainage system project, under section 106A.601, and credited to the established drainage system account.

Sec. 86. Minnesota Statutes 1986, section 106A.401, is amended by adding a subdivision to read:

**Subd. 7. [UNAUTHORIZED OUTLET INTO DRAINAGE SYSTEM.]** (a) The drainage authority must notify a property owner of an unauthorized outlet into a drainage system and direct the property owner to block the outlet or otherwise make the outlet ineffective by a specified time. The outlet must be blocked and remain ineffective until:

(1) an outlet fee is paid, which is determined by the drainage authority based on the benefits received by the property owner for the period the unauthorized outlet was operational; and

(2) the drainage authority approves a petition for the outlet and establishes the outlet fee.

(b) If a property owner does not block or make the outlet ineffective after being notified, the drainage authority must issue an order to have the work performed to bring the outlet into compliance. After the work is completed, the drainage authority must send a statement to the auditor of the county where the property is located and to the property owner containing the expenses incurred to bring the outlet into compliance and the outlet fee based on the benefits received by the property owner during the period the unauthorized outlet was operational.

Sec. 87. Minnesota Statutes 1986, section 106A.401, is amended by adding a subdivision to read:

**Subd. 8. [COLLECTION OF UNAUTHORIZED OUTLET COMPLIANCE EXPENSES.]** (a) The amount of the expenses and outlet fee is a lien in favor of the drainage authority against the property where the unauthorized outlet is located. The auditor must certify the expenses and outlet fee and enter the amount in the same manner as other drainage liens on the tax list for the following year. The amount must be collected in the same manner as real estate taxes for the property. The provisions of law relating to the collection of real estate taxes shall be used to enforce payment of amounts due under this section. The auditor must include a notice of collection of unauthorized outlet compliance expenses with the tax statement.

(b) The amounts collected under this subdivision must be deposited in the drainage system account.

Sec. 88. Minnesota Statutes 1986, section 106A.405, is amended to read:

#### 106A.405 [OUTLETS IN ADJOINING STATES.]

In any drainage proceeding, at the hearing on the detailed survey report and viewers' report, if the drainage authority determines that a proper outlet for the drainage system does not exist, except

through property in an adjoining state, the drainage authority may adjourn the hearing. If the hearing is adjourned the drainage authority shall require the auditor or, for a joint county drainage system, the auditors of affected counties to procure an option to acquire the needed right-of-way at an expense not exceeding the estimated cost specified in the detailed survey report. The order establishing the drainage system project may not be made until the option is procured. If the option is procured and the drainage system project established, the option shall be exercised and the cost of the right-of-way shall be paid as a part of the cost of the drainage system project.

Sec. 89. Minnesota Statutes 1986, section 106A.411, subdivision 3, is amended to read:

Subd. 3. [FILING; NOTICE.] (a) If proceedings to establish the drainage system project to be used as an outlet are pending, the petition must be filed with the auditor. The municipal drainage system petition must be presented to the drainage authority at the final hearing to consider the detailed survey report and viewers' report. Notice of the municipal drainage system petition must be included in the final hearing notice.

(b) If the drainage system to be used as an outlet is established, the municipal drainage system petition must be filed with the auditor. When the petition is filed, the drainage authority in consultation with the auditor shall, by order, set a time and place for hearing on the petition. Notice of the hearing must be given by publication and by mailed notice to the auditor of each affected county.

Sec. 90. Minnesota Statutes 1986, section 106A.411, subdivision 4, is amended to read:

Subd. 4. [HEARING AND ORDER.] (a) At the hearing the drainage authority may receive all evidence of interested parties for or against the granting of the petition. The drainage authority, by order, may authorize the municipality to use the drainage system as an outlet, subject to the conditions that are necessary and proper to protect the rights of the parties and safeguard the interests of the general public, if the drainage authority determines:

(1) that a necessity exists for the use of the drainage-system as an outlet for the municipal drainage system or the overflow from the system;

(2) that use of the drainage system will be of public utility and promote the public health; and

(3) that the proposed connection conforms to the requirements of the pollution control agency and provides for the construction and use of proper disposal works.

(b) The drainage authority must, by order, make the municipality a party to the drainage proceedings and determine the benefits from using the drainage project or system as an outlet.

Sec. 91. Minnesota Statutes 1986, section 106A.501, subdivision 4, is amended to read:

Subd. 4. [CONTRACT PROVISIONS FOR CHANGES DURING CONSTRUCTION.] The contract must give the engineer the right, with the consent of the drainage authority, to modify the detailed survey report, plans, and specifications as the work proceeds and as circumstances require. The contract must provide that the increased cost resulting from the changes will be paid by the drainage authority to the contractor at a rate not greater than the amount for similar work in the contract. A change may not be made that will substantially impair the usefulness of any part of the drainage project or system, substantially alter its original character, or increase its total cost by more than ten percent of the total original contract price. A change may not be made that will cause the cost to exceed the total estimated benefits found by the drainage authority, or that will cause any detrimental effects to the public interest under section 106A.015, subdivision 1.

Sec. 92. Minnesota Statutes 1986, section 106A.501, subdivision 6, is amended to read:

Subd. 6. [GUARANTY OF TILE WORK.] If tile is used to construct any part of the drainage system project, a majority of the persons affected may file a written request with the auditor to contract the tile work separately. The request must be filed before advertising for the sale of the work has begun. If the request is properly made, the tile work must be contracted separately. The contractor must guarantee the tile work under the contract for three years after its completion against any fault or negligence on the part of the contractor. The advertisement for bids must include this requirement.

Sec. 93. Minnesota Statutes 1986, section 106A.501, subdivision 7, is amended to read:

Subd. 7. [MODIFICATION OF CONTRACT BY AGREEMENT.] This chapter does not prevent the persons with property affected by the construction of a drainage system project from uniting in a written agreement with the contractor and the surety of the contractor's bond to modify the contract as to the manner or time when any portion of the drainage system project is constructed, if

the modification is recommended, in writing, by the engineer and approved by the drainage authority.

Sec. 94. Minnesota Statutes 1986, section 106A.505, subdivision 1, is amended to read:

Subdivision 1. [AUDITORS AND DRAINAGE AUTHORITY TO PROCEED.] Thirty days after the order establishing a drainage system project is filed, the auditor and the drainage authority or, for a joint county drainage system project, a majority of the auditors of the affected counties shall proceed to award the contract to construct the drainage system project.

Sec. 95. Minnesota Statutes 1986, section 106A.505, subdivision 2, is amended to read:

Subd. 2. [PENDING APPEAL OF BENEFITS AND DAMAGES.] If an appeal regarding the determination of benefits and damages is made within 30 days after the order establishing the drainage system project has been filed, a contract may not be awarded until the appeal has been determined, unless the drainage authority orders the contract awarded. The auditor of an affected county or an interested person may request the drainage authority to make the order. If the request is not made by an affected auditor, the auditors of affected counties must be given notice five days before the hearing on the request.

Sec. 96. Minnesota Statutes 1986, section 106A.505, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF CONTRACT AWARDING.] The auditor of an affected county shall give notice of the awarding of the contract by publication in a newspaper in the county. The notice must state the time and location for awarding the contract. For a joint county drainage system project the auditors shall award the contract at the office of the auditor where the proceedings are pending. If the estimated cost of construction is more than \$3,000, the auditor must also place a notice in a drainage construction trade paper. The trade paper notice must state:

- (1) the time and location for awarding the contract;
- (2) the approximate amount of work and its estimated cost;
- (3) that bids may be for the work as one job, or in sections, or separately, for bridges, ditches and open work, tile, or tile construction work, if required or advisable;
- (4) that each bid must be accompanied by a certified check or a bond furnished by an approved surety corporation payable to the

auditors of affected counties for ten percent of the bid, as security that the bidder will enter into a contract and give a bond as required by section 106A.501; and

(5) that the drainage authority reserves the right to reject any and all bids.

Sec. 97. Minnesota Statutes 1986, section 106A.505, subdivision 7, is amended to read:

Subd. 7. [AFFECTED COUNTIES CONTRACT THROUGH AUDITOR.] The chair of the drainage authority and the auditor of each affected county shall contract, in the names of their respective counties, to construct the drainage system project in the time and manner and according to the plans and specifications and the contract provisions in this chapter.

Sec. 98. Minnesota Statutes 1986, section 106A.505, subdivision 8, is amended to read:

Subd. 8. [WORK DONE BY FEDERAL GOVERNMENT.] If any of the drainage work is to be done by the United States or its agencies, a notice of awarding that contract does not need to be published and a contract for that construction is not necessary. Affected municipalities may contract or arrange with the United States or its agencies for cooperation or assistance in constructing, maintaining, and operating the drainage project and system, for control of waters in the district, or for making a survey and investigation or reports on the drainage project or system. The municipalities may provide required guaranty and protection to the United States or its agencies.

Sec. 99. Minnesota Statutes 1986, section 106A.511, subdivision 1, is amended to read:

Subdivision 1. [CONDITIONS TO USE PROCEDURE IN THIS SECTION.] The procedure in this section may be used if, after a drainage system is established:

(1) the only bids received are for more than 30 percent in excess of the engineer's estimated cost, or in excess of the benefits, less damages and other costs; or

(2) a contract is awarded, but due to unavoidable delays not caused by the contractor, the contract cannot be completed for an amount equal to or less than the benefits, less damages and other costs.

Sec. 100. Minnesota Statutes 1986, section 106A.511, subdivision 2, is amended to read:

Subd. 2. [PETITION AFTER COST ESTIMATE ERROR OR CHANGE TO LOWER COST.] A person interested in the drainage system project may petition the drainage authority if the person determines that the engineer made an error in the estimate of the drainage system project cost or that the plans and specifications could be changed in a manner materially affecting the cost of the drainage system without interfering with the efficiency. The petition must state the person's determinations and request that the detailed survey report and viewers' report be referred back to the engineer and to the viewers for additional consideration.

Sec. 101. Minnesota Statutes 1986, section 106A.511, subdivision 3, is amended to read:

Subd. 3. [PETITION AFTER EXCESSIVE COST DUE TO INFLATION.] (a) A person interested in the drainage system project may petition the drainage authority for an order to reconsider the detailed survey report and viewers' report if the person determines:

(1) that bids were received only for a price more than 30 percent in excess of the detailed survey report estimate because inflation increased the construction cost between the time of the detailed survey cost estimate and the time of awarding the contract; or

(2) that after the contract was awarded there was unavoidable delay not caused by the contractor, and between the time of awarding the contract and completion of construction inflation increased construction costs resulting in the contract not being completed for an amount equal to or less than the assessed benefits.

(b) The person may request in the petition that the drainage authority reconsider the original cost estimate in the detailed survey report and viewers' report and adjust the cost estimate consistent with the increased construction cost.

Sec. 102. Minnesota Statutes 1986, section 106A.511, subdivision 5, is amended to read:

Subd. 5. [HEARING ON COST PETITION.] (a) At the hearing the drainage authority shall consider the petition and hear all interested parties.

(b) The drainage authority may, by order, authorize the engineer to amend the detailed survey report, if the drainage authority determines that:

(1) the detailed survey report cost estimate was erroneous and should be corrected;

(2) the plans and specifications could be changed in a manner materially affecting the cost of the drainage system project without interfering with the efficiency; and

(3) with the correction or modification a contract could be awarded within the 30 percent limitation and equal to or less than benefits.

(c) If the drainage authority determines that the amended changes affect the amount of benefits or damages to any property or that the benefits should be reexamined because of inflated land values or inflated construction costs, it shall refer the viewers' report to the viewers to reexamine the benefits and damages.

(d) The drainage authority may, by order, direct the engineer and viewers to amend their detailed survey report and viewers' report to consider the inflationary cost increases if the drainage authority determines that:

(1) bids were not received; or

(2) because of inflationary construction cost increases, construction under the awarded contract cannot be completed for 30 percent or less over the detailed survey cost estimate or in excess of the benefits, less damages and other costs.

(e) The drainage authority may continue the hearing to give the engineer or viewers additional time to amend the reports. The jurisdiction of the drainage authority continues at the adjourned hearing.

(f) The drainage authority has full authority to consider the amended reports and make findings and orders. A party may appeal to the district court under section 106A.091, subdivision 1.

Sec. 103. Minnesota Statutes 1986, section 106A.515, is amended to read:

#### 106A.515 [DAMAGES, PAYMENT.]

The board of each county where the damaged property is located must order the awarded damages to be paid, less any assessment against the property, before the property is entered for construction of the drainage system project. If a county or a municipality that is awarded damages requests it, the assessment may not be deducted. If there is an appeal, the damages may not be paid until the final determination. If it is not clear who is entitled to the damages, the board may pay the damages to the court administrator of the district court of the county. The court shall direct the court administrator, by order, to pay the parties entitled to the damages.

Sec. 104. Minnesota Statutes 1986, section 106A.525, subdivision 2, is amended to read:

Subd. 2. [ROAD AUTHORITY RESPONSIBLE FOR CONSTRUCTION.] Bridges and culverts on public roads required by the construction or improvement of a drainage project or system must be constructed and maintained by the road authority responsible for keeping the road in repair, except as provided in this section.

Sec. 105. Minnesota Statutes 1986, section 106A.525, subdivision 3, is amended to read:

Subd. 3. [NOTICE; CHANGING COST.] The auditor shall notify the state and each railroad company, corporation, or political subdivision that they are to construct a required bridge or culvert on a road or right-of-way under its jurisdiction, within a reasonable time in the notice. If the work is not done within the prescribed time, the drainage authority may order the bridge or culvert constructed as part of the drainage system project construction. The cost must be deducted from the damages awarded to the corporation or collected from it as an assessment for benefits. If the detailed survey report or viewers' report shows that the construction of the bridge or culvert is necessary, the drainage authority may, by order, retain an amount to secure the construction of the bridge or culvert from amounts to be paid to a railroad, corporation, or political subdivision.

Sec. 106. Minnesota Statutes 1986, section 106A.525, subdivision 4, is amended to read:

Subd. 4. [CONSTRUCTION ON LINE BETWEEN TWO CITIES PAID EQUALLY.] The costs of constructing a bridge or culvert that is required by construction of a drainage system project on a public road that is not a state trunk highway on the line between two statutory or home rule charter cities, whether in the same county or not, must be paid jointly, in equal shares, by the cities. The cities shall pay jointly, in equal shares, for the cost of maintaining the bridge or culvert.

Sec. 107. Minnesota Statutes 1986, section 106A.541, is amended to read:

106A.541 [EXTENSION OF TIME ON CONTRACTS.]

The auditors of affected counties may extend the time for the performance of a contract as provided in this section. The contractor may apply, in writing, for an extension of the contract. Notice of the application must be given to: (1) the engineer and the attorney for the petitioners; and (2) for a joint county drainage system project, to the auditors of the affected counties. The auditors may grant an extension if sufficient reasons are shown. The extension does not affect a claim for liquidated damages that may arise after the

original time expires and before an extension or a claim that may arise after the time for the extension expires.

Sec. 108. Minnesota Statutes 1986, section 106A.555, subdivision 2, is amended to read:

Subd. 2. [HEARING.] At the hearing the drainage authority may, by order, direct payment of the balance due if it determines that the contract has been completed in accordance with the plans and specifications. If good cause is shown, the drainage authority may waive any part of the liquidated damages accruing under the contract. When the order is filed, the auditor shall draw a warrant on the treasurer of the county for the balance due on the contract. For a joint county drainage project or system the auditor shall make an order to the auditors of the affected counties to pay for their proportionate shares of the balance due on the contract. After receiving the order, the auditor of each affected county shall draw a warrant on the treasurer of the county for the amount specified in the order.

Sec. 109. Minnesota Statutes 1986, section 106A.601, is amended to read:

#### 106A.601 [DRAINAGE LIEN STATEMENT.]

Subdivision 1. [DETERMINATION OF PROPERTY LIABILITY.] When the contract for the construction of a drainage system project is awarded, the auditor of an affected county shall make a statement showing the total cost of the drainage system project with the estimated cost of all items required to complete the work. The cost must be prorated to each tract of property affected in direct proportion to the benefits. The cost, less any damages, is the amount of liability for each tract for the drainage system project. The property liability must be shown in the tabular statement under subdivision 2, opposite the property owner's name and description of each tract of property. The amount of liability on a tract of property for establishment and construction of a drainage system project may not exceed the benefits determined in the proceedings that accrue to the tract.

Subd. 2. [DRAINAGE LIEN STATEMENT.] The auditor of each affected county shall make a lien statement in tabular form showing:

(1) the names of the property owners, corporate entities, or political subdivisions of the county benefited or damaged by the construction of the drainage system project in the viewers' report as approved by the final order for establishment;

(2) the description of the property in the viewers' report, and the total number of acres in each tract according to the county tax lists;

(3) the number of acres benefited or damaged in each tract shown in the viewers' report;

(4) the amount of benefits and damages to each tract of property as stated in the viewers' report and confirmed by the final order that established the drainage system project unless the order is appealed and a different amount is set; and

(5) the amount each tract of property will be liable for and must pay into to the county treasury for the establishment and construction of the drainage system project.

Subd. 3. [SUPPLEMENTAL DRAINAGE LIEN STATEMENT.] If any items of the cost of the drainage system project have been omitted from the original drainage lien statement, a supplemental drainage lien statement with the omitted items must be made and recorded in the same manner provided for a drainage lien statement. The total amount of the original drainage lien and any supplemental drainage liens may not exceed the benefits.

Subd. 4. [RECORDING DRAINAGE LIEN STATEMENT.] The lien against property in the drainage lien statement and supplemental drainage lien statements must be certified by the auditor and recorded on each tract by the county recorder of the county where the tract is located. The county recorder's fees for recording must be paid on allowance if allowed by the board. The drainage lien statement and any supplemental drainage lien statements, after recording, must be returned and preserved by the auditor.

Sec. 110. Minnesota Statutes 1986, section 106A.605, is amended to read:

106A.605 [EFFECT OF FILED DRAINAGE LIEN.]

The amount recorded on from the drainage lien statement and supplemental drainage lien statement that each tract of property will be liable for, and the interest allowed on that amount, is a drainage lien on the property. The drainage lien is a first and paramount lien until fully paid, and has priority over all mortgages, charges, encumbrances, and other liens, unless the board subordinates the drainage lien to easements liens of record. The recording of the drainage lien, drainage lien statement, or a supplemental drainage lien statement is notice to all parties of the existence of the drainage lien.

Sec. 111. Minnesota Statutes 1986, section 106A.611, subdivision 2, is amended to read:

Subd. 2. [INTEREST.] (a) Interest is an additional drainage lien on all property until paid. The interest rate on the drainage lien

principal from the date the drainage lien statement is recorded must be set by the board, but may not exceed seven percent per year from the date the drainage lien statement is recorded the rate determined by the state court administrator for judgments under section 549.09.

(b) Before the tax lists for the year are given to the county treasurer, the auditor shall compute the interest on the unpaid balance of the drainage lien at the rate set by the board. The amount of interest must be computed on the entire unpaid principal from the date the drainage lien was recorded to August 15 of the next calendar year, and afterwards from August 15 to August 15 of each year.

(c) Interest is due and payable after November 1 of each year the drainage lien principal or interest is due and unpaid.

Sec. 112. Minnesota Statutes 1986, section 106A.611, subdivision 3, is amended to read:

Subd. 3. [COLLECTION OF PAYMENTS.] Interest and any installment due must be entered on the tax lists for the year. The installment and interest must be collected in the same manner as real estate taxes for that year by collecting one-half of the total of the installment and interest with and as a part of the real estate taxes ~~on or before May 15 and one-half on or before October 15 of the next year.~~

Sec. 113. Minnesota Statutes 1986, section 106A.611, subdivision 6, is amended to read:

Subd. 6. [DRAINAGE LIEN RECORD.] The auditor shall keep a drainage lien record for each drainage project and system showing the amount of the drainage lien remaining unpaid against each tract of property.

Sec. 114. Minnesota Statutes 1986, section 106A.611, subdivision 7, is amended to read:

Subd. 7. [COLLECTION AND ENFORCEMENT OF DRAINAGE LIENS.] The provisions of law that exist relating to the collection of real estate taxes are adopted to enforce payment of drainage liens. The drainage authority may cancel the assessment if it finds that the town road for which benefits are assessed has been vacated under section 164.07.

Sec. 116. Minnesota Statutes 1986, section 106A.615, subdivision 7, is amended to read:

Subd. 7. [RAILROAD AND UTILITY PROPERTY.] Property owned by a railroad or other utility corporation benefited by a drainage ~~system~~ project is liable for the assessments of benefits on the property as other taxable property. From the date the drainage lien is recorded, the amount of the assessment with interest is a lien against all property of the corporation within the county. Upon default the assessment may be collected by civil action or the drainage lien may be foreclosed by action in the same manner as provided by law for the foreclosure of mortgage liens. The county where the drainage lien is filed has the right of action against the corporation to enforce and collect the assessment.

Sec. 117. Minnesota Statutes 1986, section 106A.635, subdivision 1, is amended to read:

Subd. 10. [BOND RECITAL.] Each drainage bond, temporary drainage bond, and definitive drainage bond must contain a recital that it is issued by authority of and in strict accordance with this chapter. The recital is conclusive in favor of the holders of the bonds as against the county, that the drainage ~~system~~ project has been properly established, that property within the county is subject to assessment for benefits in an amount not less than the amount of the bonds, and that all proceedings and construction relative to the drainage systems financed by the bonds have been or will be made according to law.

Sec. 119. Minnesota Statutes 1986, section 106A.645, subdivision 7, is amended to read:

Subd. 7. [PAYMENT.] The fees and expenses provided for in this chapter for a drainage project or system in one county must be audited, allowed, and paid by order of the board or for a drainage project or system in more than one county must be audited, allowed, and paid by order of the drainage authority after ten days' written notice to each affected county. The notice must be given by the auditor to the auditors of affected counties. The notice must state the time and location of the hearing and that all bills on file with the auditor at the date of the notice must be presented for hearing and allowance.

Sec. 120. Minnesota Statutes 1986, section 106A.651, subdivision 1, is amended to read:

Subdivision 1. [FUNDS FOR DRAINAGE SYSTEM COSTS.] The board shall provide funds to pay the costs of drainage projects and systems.

Sec. 121. Minnesota Statutes 1986, section 106A.655, subdivision 1, is amended to read:

Subdivision 1. [PAYMENT MADE FROM DRAINAGE SYSTEM ACCOUNT.] The costs for a drainage system project proceeding and construction must be paid from the drainage system account by drawing on the account.

Subdivision 1. [DEFINITION.] The term "repair," as used in this section, means to restore all or a part of a drainage system as nearly as practicable to the same condition as when originally constructed or and subsequently improved, including resloping of ditches and leveling of waste banks if necessary to prevent further deterioration, realignment to original construction if necessary to restore the effectiveness of the drainage system, and routine operations that may be required to remove obstructions and maintain the efficiency of the drainage system.

Sec. 123. Minnesota Statutes 1986, section 106A.701, is amended by adding a subdivision to read:

Subd. 1a. [REPAIRS AFFECTING PUBLIC WATERS.] Before a repair is ordered, the drainage authority must notify the commissioner of a repair that may affect public waters. If the commissioner disagrees with the repair depth, the engineer, a representative appointed by the director, and a soil and water conservation district technician must jointly determine the repair depth using soil borings, field surveys, and other available data or appropriate methods. Costs for developing the recommended depth beyond the initial meeting must be shared equally by the drainage system and

the commissioner. The determined repair depth must be recommended to the drainage authority. The drainage authority may accept the joint recommendation and proceed with the repair.

Sec. 124. Minnesota Statutes 1986, section 106A.705, is amended to read:

Subdivision 1. [INSPECTION.] After the construction of a drainage system has been completed, the drainage authority shall maintain the drainage system that is located in its jurisdiction including grass strips under section 106A.021 and provide the repairs necessary to make the drainage system efficient. The drainage authority shall have the drainage system inspected annually on a regular basis by an inspection committee of the drainage authority or a drainage inspector appointed by the drainage authority.

Subd. 1a. [GRASS STRIP INSPECTION AND COMPLIANCE NOTICE.] (a) The drainage authority having jurisdiction over a drainage system must inspect the drainage system for violations of section 106A.021. If an inspection committee of the drainage authority or a drainage inspector determines that strips are not being maintained in compliance with section 106A.021, a compliance notice must be sent to the property owner.

(b) The notice must state:

(1) the date the ditch was inspected;

(2) the persons making the inspection;

(3) that spoil banks are to be spread in a manner consistent with the plan and function of the drainage system and the drainage system has acquired a grass strip 16½ feet in width or to the crown of the spoil bank, whichever is greater;

(4) the violations of section 106A.021;

(5) the measures that must be taken by the property owner to comply with section 106A.021 and the date when the property must be in compliance; and

(6) that if the property owner does not comply by the date specified, the drainage authority will perform the work necessary to bring the area into compliance with section 106A.021 and charge the cost of the work to the property owner.

(c) If a property owner does not bring an area into compliance with section 106A.021 as provided in the compliance notice, the inspection committee or drainage inspector must notify the drainage authority.

(d) This subdivision applies to property acquired under section 106A.021.

Subd. 2. [DRAINAGE INSPECTOR REPORT.] For each drainage system that the board designates and requires the drainage inspector to examine, the drainage inspector shall make a drainage inspection report in writing to the board after examining a drainage system, designating portions that need repair or maintenance of grass strips and the location and nature of the repair or maintenance. The board shall consider the drainage inspection report at its next meeting and may repair all or any part of the drainage system as provided under this chapter. The grass strips must be maintained in compliance with section 106A.021.

Subd. 3. [INSPECTION REPORT TO DRAINAGE AUTHORITY.] If the inspection committee or drainage inspector reports, in writing, to the drainage authority that maintenance of grass strips or repairs are necessary on a drainage system and the report is approved by the drainage authority, the maintenance or repairs must be made under this section.

Subd. 4. [REPAIRS LESS THAN ~~\$20,000~~ \$50,000.] If the drainage authority finds that the estimated cost of repairs and maintenance of one drainage system for one year will be less than ~~\$20,000~~ the greater of \$50,000 or \$1,000 per mile of open ditch in the ditch system, it may have the repair work done by hired labor and equipment without advertising for bids or entering into a contract for the repair work.

Subd. 5. [ANNUAL REPAIR ASSESSMENT LEVY LIMITS.] The drainage authority may give notice of and hold a hearing on the repair levy before ordering the levy of an assessment for repairs. In one calendar year the drainage authority may not levy an assessment for repairs or maintenance on one drainage system for more than 20 percent of the benefits of the drainage system, \$1,000 per mile of open ditch in the ditch system, or ~~\$20,000~~ \$50,000, whichever is greater, except for a repair made after a disaster under subdivision 6 or under the petition procedure.

Subd. 6. [REPAIR AND CONSTRUCTION AFTER DISASTER.] The drainage authority may repair and reconstruct the drainage system without advertising for bids and without regard to the ~~\$20,000~~ \$1,000 per mile of open ditch or \$50,000 limitation if:

(1) a drainage system is destroyed or impaired by floods, natural disaster, or unforeseen circumstances;

(2) the area where the drainage system is located has been declared a disaster area by the President of the United States and federal funds are available for repair or reconstruction; and

(3) the public interests would be damaged by repair or reconstruction being delayed.

Sec. 125. Minnesota Statutes 1986, section 106A.715, subdivision 6, is amended to read:

Subd. 6. [REPAIR BY RESLOPING DITCHES, LEVELING WASTE BANKS, INSTALLING EROSION CONTROL, AND REMOVING TREES.] (a) For a drainage system that is to be repaired by resloping ditches, leveling waste banks, installing erosion control measures, or removing trees, before ordering the repair, the drainage authority must appoint viewers to assess and report on damages and benefits if it determines that:

(1) that the resloping, leveling, and installing erosion control measures, or tree removal will require the taking of any property not contemplated and included in the original proceeding for the establishment of the drainage system; and

(2) that any waste bank leveling will directly benefit property where the bank leveling is specified; and

(3) the installation of erosion control measures will aid the long-term efficiency of the drainage system.

(b) The viewers shall assess and report damages and benefits as provided by sections 106A.315 and 106A.321 and. The drainage authority shall hear and determine the damages and benefits as provided in sections 106A.325, 106A.335, and 106A.341. The hearing shall be held within 30 days after the property owners' report is mailed. Damages must be paid as provided by section 106A.315 as a part of the cost of the repair, and benefits must be added to the benefits previously determined as the basis for the pro rata assessment for the repair of the drainage system for the repair proceeding only.

Sec. 126. [106A.728] [APPORTIONMENT OF REPAIR COSTS.]

Subdivision 1. [GENERALLY.] The cost of repairing a drainage system shall be apportioned pro rata on all property and entities that have been assessed benefits for the drainage system except as provided in this section.

Subd. 2. [ADDITIONAL ASSESSMENT FOR AGRICULTURAL PRACTICES ON GRASS STRIP.] (a) The drainage authority may, after notice and hearing, charge an additional assessment on property that has agricultural practices on or otherwise violates provisions related to the permanent grass strip acquired under section 106A.021.

(b) The drainage authority may determine the cost of the repair per mile of open ditch on the ditch system. Property that is in violation of the grass requirement shall be assessed a cost of 20 percent of the repair cost per open ditch mile multiplied by the length of open ditch in miles on the property in violation.

(c) After the amount of the additional assessment is determined and applied to the repair cost, the balance of the repair cost may be apportioned pro rata as provided in subdivision 1.

Subd. 3. [SOIL LOSS VIOLATIONS.] The drainage authority after notice and hearing may make special assessments on property that is in violation of a county soil loss ordinance.

Sec. 127. Minnesota Statutes 1986, section 106A.731, subdivision 1, is amended to read:

Subdivision 1. [APPORTIONMENT REPAIR COST OF ASSESSMENTS.] If there is not enough money in the drainage system account to make a repair, the board shall ~~apportion and~~ assess the costs of the repairs ~~pro rata~~ on all property and entities that have been assessed benefits for the drainage system.

Sec. 128. Minnesota Statutes 1986, section 106A.741, subdivision 5, is amended to read:

Subd. 5. [PROPERTY BENEFITED IN HEARING ORDER INCLUDED IN FUTURE PROCEEDINGS.] For the repair of the drainage system under this section that included the property that was not assessed and in all future proceedings relating to repairing, cleaning, improving, or altering the drainage system, the property benefited in the viewers' report hearing is part of the property benefited by the drainage system and must be assessed, in the same manner provided for the assessment of the property originally assessed for and included in the drainage system.

Sec. 129. Minnesota Statutes 1986, section 106A.811, subdivision 2, is amended to read:

Subd. 2. [PETITIONERS.] A petition must be signed by at least 51 percent of the ~~resident~~ property owners assessed for the construction of the drainage system or by the owners of not less than 51 percent of the area of the property assessed for the drainage system. For the purpose of the petition, the county is the resident owner of all tax-forfeited property held by the state and assessed benefits for the drainage system, and the board may execute the petition for the county as a ~~resident~~ an owner.

Sec. 130. Minnesota Statutes 1986, section 106A.811, subdivision 4, is amended to read:

Subd. 4. [FILING PETITION; JURISDICTION.] If all property assessed for benefits in the drainage system is in one county, the petition must be filed with the auditor unless the petition is signed by the board, in which case the petition must be made to the district court of the county and filed with the court administrator of court. If property assessed for benefits is in two or more counties, the petition must be filed with the auditor. When the petition is filed, the drainage authority in consultation with the auditor, or the court administrator with the approval of the court, shall set a time and location for a hearing on the petition. The auditor or court administrator shall give notice by publication of the time and location of the abandonment hearing to all persons interested. The hearing must be adjourned to make the examination and report and a date set to reconvene. The viewers, if appointed, shall proceed to examine the property of the objecting owner and report as soon as possible to the drainage authority or court with the description and situation of the property and whether the drainage system drains or otherwise affects the property.

(c) ~~At~~ When the ~~adjourned~~ hearing is reconvened, the drainage authority or court shall consider the viewers' report and all evidence offered, and:

(1) if the drainage authority determines that the drainage system serves any useful purpose to any property or the general public, the petition for abandonment must be denied; or

(2) if the drainage authority determines that the drainage system does not serve any useful purpose to any affected property and is not of public benefit and utility, the drainage authority or court shall make findings and shall, by order, abandon the drainage system.

#### “ARTICLE 1

Section 1. Minnesota Statutes 1986, section 41B.01, is amended to read:

41B.01 [CITATION; PURPOSE.]

Subdivision 1. [CITATION.] Sections 41B.01 to 41B.23 shall be known as and may be cited as the “Minnesota rural finance ~~administration~~ authority act of 1986.”

Subd. 2. [PURPOSE.] Sections 41B.01 to 41B.23 create and establish the Minnesota rural finance ~~administration~~ authority and establish a program under which state bonds are authorized to be issued and proceeds of their sale are appropriated under the author-

ity of article XI, section 5, clause (h) of the Minnesota Constitution, to develop the state's agricultural resources by extending credit on real estate security. The purpose of the program and of the bonds issued to finance or provide security for the program is to purchase participation interests in loans to be made available by agricultural lenders to farmers in order to restructure existing debt and to make available additional credit to farmers who own or purchase agricultural properties on terms and conditions not otherwise available from other credit sources. It is hereby found and declared that there presently exist in the state economic conditions which have severely adversely affected the economic viability of farms to the detriment of the rural economy and to the detriment of the economy of the state of Minnesota as a whole. It is further found and declared that as a result of public agricultural policies, agricultural market conditions, and other causes, the condition of the farm economy of the state of Minnesota is such as to jeopardize the continued existence and successful operation of farms in this state, necessitating the establishment of the program programs in sections 41B.01 to 41B.23 to provide new sources of credit on favorable terms and conditions. It is further found and declared that providing credit for farmers on favorable terms and conditions will serve and promote the public welfare by assuring the viability of farm operations, by preventing erosion of the tax base in rural areas, by reducing foreclosures on farm property, and by enhancing the financial stability of farmers and of the businesses which depend on farmers as customers. It is further found and declared that in establishing a Minnesota rural finance ~~administration~~ authority and in authorizing the programs in sections 41B.01 to 41B.23, the legislature is acting in all respects for the benefit of the people of the state of Minnesota to serve the public purpose of improving and otherwise promoting their health, welfare, and prosperity and that the Minnesota rural finance ~~administration~~ authority, as created and established, is empowered to act on behalf of the people of the state of Minnesota in serving this public purpose for the benefit of the general public.

Subd. 3. [RESTRUCTURED LOAN PROGRAM.] The Minnesota rural finance authority is authorized and directed pursuant to this chapter to establish and implement a restructured agricultural loan program. The purpose of the program and of bonds issued to finance or provide security for the program is to purchase participation interests in loans to be made available by agricultural lenders to farmers in order to restructure existing debt and to make available additional credit to farmers who own or purchase agricultural properties on terms and conditions not otherwise available from other credit sources.

Subd. 4. [HOMESTEAD REDEMPTION PROGRAM.] The authority is also authorized and directed pursuant to sections 41B.01 to 41B.23 to establish and implement a homestead redemption program. The purpose of this program shall be to assist those persons who have lost their farms due to foreclosure, deed-back, or

other actions necessary to settle their agricultural debts, and who are otherwise unable to secure the credit necessary to repurchase their farm homestead. The authority may enter into agreements with any eligible lender for the purposes of this program. The authority may, by rule, establish eligibility standards for this program that are different from those established for other programs of the authority. The authority's interest in any homestead redemption loan must not exceed \$25,000.

Subd. 5. [COMMITMENTS TO OTHER ENTITIES.] The authority may establish programs to make or purchase and may make or purchase, or enter into commitments to make or purchase, qualified agricultural loans or portions thereof, issued to persons described in section 41B.03, subdivision 1, which are insured or guaranteed by the Farmers Home Administration, Farm Credit System or a subdivision thereof, or any similar federal agency or federally chartered institution whose obligations are directly or indirectly guaranteed or insured by the United States. For this purpose the authority may exercise the powers set forth in sections 41B.035 and 41B.08.

Sec. 5. Minnesota Statutes 1986, section 41B.04, subdivision 1, is amended to read:

Subdivision 1. [RESTRUCTURING AUTHORITY.] ~~The administration authority~~ may enter into agreements or programs with eligible agricultural lenders for the restructuring of mortgage loans on real property located in Minnesota which is farmed by Minnesota residents, on such terms and conditions as the ~~administration authority~~ determines are not inconsistent with sections 41B.01 to 41B.23. This section governs the ~~programs of the administration authority's restructured loan program.~~

Sec. 6. Minnesota Statutes 1986, section 41B.04, subdivision 7, is amended to read:

Subd. 7. [RESTRUCTURING PROCEDURE.] The eligible agricultural lender or borrower shall propose restructuring a loan to the administration authority. Within 30 days of receiving adequate information concerning a proposal, the administration authority and the eligible lender shall notify the borrower of their determination of eligibility. An eligible agricultural lender shall then expeditiously ~~conduct necessary appraisals and~~ draft the loan restructuring agreement which must be consistent with this section and documents previously approved by the ~~administration and eligible lenders authority~~. The loan restructuring agreement must be approved by the eligible lender, the ~~administration~~, and the borrower.

An eligible borrower may participate in the restructured loan or the homestead redemption loan, but not both loans.

Sec. 7. Minnesota Statutes 1986, section 41B.04, subdivision 8, is amended to read:

Subd. 8. [STATE'S PARTICIPATION.] With respect to loans that are eligible for restructuring under sections 41B.01 to 41B.23 and upon acceptance by the administration authority, the ~~administration authority~~ shall enter into a participation agreement or other financial arrangement whereby it shall participate in a restructured loan to the extent of one-quarter of the primary principal or \$50,000, whichever is less, except that the ~~administration~~ may participate in restructured loans made for the redemption of homesteads to the extent of one-half of the primary principal or \$25,000, whichever is

less. The administration's authority's portion of the loan must thereafter be protected by the first mortgage held by the eligible lender to the extent of its participation in the loan.

Sec. 8. Minnesota Statutes 1986, section 41B.04, subdivision 9, is amended to read:

Subd. 9. [RESTRUCTURED LOAN AGREEMENT.] (a) All payments on the primary and secondary principal of the restructured loan, all payments of interest on the secondary principal, and an agreed portion of the interest payable to the eligible agricultural lender on the primary principal must be deferred to the end of the term of the loan.

(b) A borrower may prepay the restructured loan, with all primary and secondary principal and interest and deferred interest at any time without prepayment penalty.

(c) Interest on secondary principal must accrue at a below market interest rate.

(d) At the conclusion of the term of the restructured loan, the borrower owes primary principal, secondary principal, and deferred interest on primary and secondary principal. However, part of this balloon payment may be forgiven following an appraisal by the lender and the administration authority to determine the current market value of the real estate subject to the mortgage. If the current market value of the land after appraisal is less than the amount of debt owed by the borrower to the lender and administration authority on this obligation, that portion of the obligation that exceeds the current market value of the real property must be forgiven by the lender and the administration authority in the following order:

- (1) deferred interest on secondary principal;
- (2) secondary principal;
- (3) deferred interest on primary principal;
- (4) primary principal as provided in an agreement between the administration and the lender; and
- (5) accrued but not deferred interest on primary principal.

The debt forgiveness may be combined with a renegotiated loan on the unforgiven balance due if the borrower is able to establish that there are reasonable prospects of repayment on a debt equal to the current market value of real estate at then existing interest rates. If

~~so, the loan must be reamortized on terms and conditions acceptable to the lender, the administration, and the farmer.~~

(e) The authority must not participate in any refinancing of a restructured loan at the conclusion of the restructured loan.

Sec. 9. Minnesota Statutes 1986, section 41B.04, subdivision 10, is amended to read:

Subd. 10. [INTEREST RATE.] Unless the authority determines that it is not in the best interests of the restructured loan program, the interest rate per annum on the portion of the restructuring restructured loan represented by the participation interest purchased by the administration authority must be that rate of interest determined by the administration authority to be necessary to provide for the timely payment of principal and interest when due on bonds or other obligations issued by the administration authority, and to provide for the reasonable and necessary costs of issuing, carrying, administering, and securing the bonds or notes and to pay the costs incurred and to be incurred by the administration authority in the implementation of the program. The interest rate per annum borne by the primary principal portion of the restructuring loan retained by the eligible agricultural lender must be a rate of interest approved by the administration authority. The administration authority may specify the points, fees, and other charges which the eligible agricultural lender may charge to the eligible borrower.

Sec. 10. Minnesota Statutes 1986, section 41B.04, subdivision 11, is amended to read:

Subd. 11. [ADMINISTRATION.] The eligible lender shall administer the loans and shall bear all costs of the loan administration authority. Ordinary costs of administration include appraisals, litigation, abstracts of title, and similar costs. The administration agrees to share in any other responsibilities common to a loan participation agreement.

Sec. 11. Minnesota Statutes 1986, section 41B.04, subdivision 12, is amended to read:

Subd. 12. [ASSIGNABILITY.] Loans restructured under this section may not be assigned to anyone other than a direct descendant of the original borrower and the assignee must intend to engage in the direct operation and management of the farm which is subject to the mortgage meeting the eligibility requirements of section 41B.03, subdivision 1, and any other requirements imposed or approved by the authority. If such an assignment is contemplated, the borrower must obtain prior written approval of the eligible lender and the administration and the assignee shall thereafter be subject to the same terms and conditions and events of default as the original borrower. If assigned to some other party, the eligible agricultural

lender may exercise its foreclosure remedies as provided by its contracts and by law.

Sec. 12. [41B.075] [DATA PRIVACY.]

Subd. 4. [REQUIRED RATING.] No bonds may be issued unless a rating of "A" or better has been awarded to the bonds by a national bond rating agency. The "A" rating is not required, however, if the bonds are initially sold to corporations or financial institutions for investment purposes and not for the purpose of remarketing the bonds to the public.

Sec. 14. Minnesota Statutes 1986, section 41B.12, is amended to read:

41B.12 [REVENUE BONDS; NONLIABILITY OF INDIVIDUALS.]

The commissioner of finance shall maintain a separate bookkeeping account to record receipts and disbursements of money transferred to or from the security account and to record income from the investment of money in the account. Upon the written request of the ~~administration~~ authority, the commissioner of finance shall transfer from the security account to an account or accounts the ~~administration~~ authority shall designate, a sum of money sufficient in amount, if available, when added to the balances then on hand in the designated accounts, to pay bonds issued by the ~~administration~~ authority

under sections 41B.01 to 41B.23 and the interest on them due and to become due on the next succeeding date for the payment of the principal of and interest on the bonds of the administration authority or to restore to any debt service reserve fund established in connection with the bonds any amount withdrawn from the debt service reserve account to pay the bonds. When no revenue bonds secured by the security account are outstanding under the resolution authorizing their issuance, the commissioner of finance shall further transfer from all money and securities on hand in the security account on or before the date on which any installment of the principal of and interest on bonds authorized by this section is due, a sum sufficient in amount, when added to the balance then on hand in the rural renewal bond account, to pay all bonds issued under this section and the interest on them due and to become due on the next succeeding date for payment of the bonds to the state bond fund.

Sec. 16. Minnesota Statutes 1986, section 41B.19, subdivision 6, is amended to read:

Subd. 6. [INVESTMENT OF SECURITY ACCOUNT.] Money from time to time on deposit in the security account must be invested by the state board of investment at the request of the administration authority in any investment authorized by this subdivision. Money on deposit in the security account may be invested in (1) certificates of deposit insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation; (2) certificates of deposit issued by eligible agricultural lenders, whether or not fully insured or secured issued by any national banking association or by a bank and trust company organized under the laws of any state, or interest-bearing time deposits with any such institution. Section 1. Minnesota Statutes 1986, section 500.24, subdivision 6, is amended to read:

Subd. 6. [DISPOSAL OF LAND.] A state or federal agency or a corporation, other than a family farm corporation or an authorized farm corporation, when leasing or selling farm land or a farm homestead, must offer or make a good faith effort to offer land for sale or lease to the immediately preceding former owner at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor. "Highest price offered by a third party" means the acceptable cash price offered by a third party or the acceptable time-price offer made by a third party. A cash-price offer is one which involves contemporaneous transfer of title. If the acceptable offer made by a third party is a time-price offer, the seller or lessor must make the same time-price offer or an equivalent cash offer to the immediately preceding former owner. An equivalent cash offer is equal to the total of the payments made over a period of the time-price offer discounted by the treasury yield curve for like time periods plus 2.0 percent. A time-price offer is an offer that defers payment of any portion of the price and does not involve a transfer of fee title until full payment is made. An offer to lease to the former owner is required only on the first each occasion on which the property is leased until the property is actually sold or until the former owner fails to exercise the right of first refusal. An offer to sell to the former owner is required only on the first occasion on which the property is sold. An offer to sell or lease to the preceding former owner must be in writing and must accurately report all relevant details of the sale or lease offer acceptable to the seller or lessor. An offer to sell must have a copy of the purchase agreement for the highest offer made by a third party that is acceptable to the seller and must be included with the notice under this subdivision. An offer to lease must have a copy of the lease agreement for the highest offer made by a third party that is acceptable to the seller and must be included with the notice under this subdivision. An offer delivered by certified mail to the former owner's last known address is a good faith offer. This subdivision does not apply to a sale or lease that occurs after the seller or lessor has held the property for five years except for a corporation that holds land under subdivision 3, clause (i) in which case the requirement to offer to sell or lease to the immediately preceding owner remains in effect for ten years.

The former owner must exercise the right to lease farm land within ten days after receiving an offer to lease under this subdivision. The former owner must exercise the right to buy farm land within 60 days after receiving an offer to buy under this subdivision. This subdivision does not apply if the former owner is a bankruptcy estate.

The right under this subdivision may not be waived unless the waiver is signed after the right actually exists and could be exercised by the previous owner.

#### Sec. 5. [41.63] [ACQUIRED PROPERTY SALES.]

acquired property acquired on or before the effective date of this act if the buyer satisfies the eligibility criteria in section 41.55, and if the applicant agrees to participate in an approved farm management program for the first five years of the sale contract for deed or mortgage, and if:

(a) this is the buyer's first farm real estate purchase;

(b) the buyer has been the manager/operator of a commercial size farm operation and currently holds ownership to no more than 160 acres of farm real estate; or

(c) after the purchase under this article, the total agricultural land owned by the purchaser must not exceed 480 acres.

Subd. 2. [APPLICATION.] A lender desiring to provide financing for the sale of the family farm security program acquired property, or other acquired property to persons eligible for an acquired property loan guarantee, shall forward an application to the commissioner for approval utilizing forms approved by the commissioner. The commissioner shall prescribe a screening process to determine eligibility and disposition of applications. On approving a guarantee, the commissioner shall notify the lender. The lender and buyer may then complete the sale.

If the application is denied, the commissioner shall provide the lender with a written statement of the reasons for denial. An application which later meets the eligibility criteria may be resubmitted by the lender.

Subd. 3. [APPROVED SALES.] The sales agreement and the note and mortgage or contract for deed executed between lender and buyer shall have the following characteristics:

(a) The acquired property will not be sold for less than 95 percent nor more than 105 percent of current market value. Market value appraisals shall be mutually agreed to by the lender and the commissioner for each property. To the extent not disallowed by statute, a seller must, as part of the conveyance, transfer to the buyer all mineral rights it holds to the land being conveyed unless the buyer willingly waives in a separate writing the requirement to convey the mineral rights.

(b) Amortization of the mortgage or contract shall be based on no more than 30 years and no less than 20 years with a balloon payment due at the end of ten years. Early payment at the request of buyer is allowed.

(d) Interest rate shall be fixed at below preferred customer rates for the first five years and no higher than preferred customer rates for years six to ten. For 1987, the rates offered must be 6.9 percent for the first five years, and 8.9 percent for the second five years, or the applicable Federal Land Bank variable rate, whichever is lower.

Subd. 4. [LOAN SERVICING.] The lender shall be responsible for all mortgage or contract for deed servicing.

(a) At the end of the tenth year, buyers shall have the right to refinance with their sponsoring lender at the lowest interest rate for which they qualify at the time.

(b) No partial releases, release of easement payments, or other actions affecting the value of the property may be transacted without the commissioner's approval.

(c) At no time shall the lender or buyer take any action that will diminish the first position claim of the guaranteed mortgage or contract.

(d) The guarantee is neither assignable nor assumable.

(e) The lender shall, in consultation with the commissioner, pursue any legal means available to recover as much as reasonably possible in case of a default and be reimbursed for the normal costs of these actions under the guarantee provision.

Subd. 5. [DEFAULT.] Default occurs when:

(a) the buyer does not pay the principal or interest payment on the date due;

(b) the participant breaches a material obligation in the note and mortgage, loan agreement, contract for deed, or any other instrument securing the loan, and the lender determines that this breach constitutes an adverse change in the buyer's ability to repay the guaranteed loan; or

(c) the buyer fails to properly maintain the buildings and other facilities or does not follow proper soil and water conservation practices so that the value of the security is diminished.

Subd. 6. [FILING CLAIM.] When a default occurs and the appropriate actions have been taken to recover title to the property, the lender shall provide the commissioner with an acceptable plan for

liquidation and carry out that plan. The lender shall present a ledger accounting of all costs and all receipts for final review by the commissioner. Costs include the principal balance of the loan remaining at time of default, any unpaid accrued interest calculated at the stated rate of the loan to the date of default, real estate taxes and insurance premiums paid, attorneys' fees, and other costs associated with clearing title. Receipts include the sale proceeds, any rents collected, and other miscellaneous income received during the holding period. In those instances where costs exceed receipts, the commissioner shall make payment to the lender from the special guarantee account established in section 41.61, subdivision 1, for 85 percent of the excess costs. In those instances where receipts exceed costs by more than 115 percent, the lender shall remit to the commissioner one-half of all excess over the 115 percent for deposit in the special guarantee fund.

Subd. 7. [LIMITATIONS.] The sum of all outstanding acquired property loans guaranteed by the commissioner at any time may not exceed \$100,000,000. The state's maximum loss shall not exceed \$12,750,000, over the life of this program, exclusive of legal fees, default costs, administration expenses, and other expenses not associated with the principal balance or the interest due. In the event that the state's share of losses resulting from defaults in the program for acquired property sales established under this section exceeds the limit on the state's maximum loss, the commissioner must disburse guarantee payments to lenders only to the extent of the state's maximum loss limit. Any additional losses must be borne by the lender without regard to the 85 percent guarantee. Priority for loan guarantee payments within the state's maximum loss limit must be based on the date the plan for liquidation is provided to the commissioner.

## Section 1. [RESEARCH STUDY; LOW LIVESTOCK PRODUCTIVITY.]

Subdivision 1. [STUDY CRITERIA; SCOPE.] The University of Minnesota or another institution or organization selected by the commissioner of agriculture in consultation with the advisory board established under subdivision 3 shall perform the study required under this section. The study must provide interdisciplinary analysis of issues frequently believed to be electrical in nature that affect dairy and livestock productivity levels or are manifested in poor animal health. The study may include analysis of possible nonelectrical causes for low productivity levels or poor animal health at the study sites in order to help isolate the specific cause or causes of the problem at the sites. The study must be conducted on farmstead sites within the state as determined appropriate by the study team. The interdisciplinary team studying the selected sites must consist of researchers from the University of Minnesota or elsewhere who have expertise in the following fields: (1) animal sciences; (2) veterinary medicine; (3) electrical power distribution; (4) farmstead electrification; and (5) any other discipline or field deemed appropriate by members of the interdisciplinary team.

Subd. 2. [STUDY SITE SELECTION.] The farmstead sites to be studied must be selected by the advisory board established under subdivision 3. Study sites must be selected from among farmsteads whose operators request participation in the study. For three or more of the sites, preference must be given to farmsteads in dairy production areas which have experienced persistent problems with

low milk production levels and poor dairy herd health and where a traditional study of stray voltage has failed to identify or solve the problem.

Subd. 3. [ADVISORY BOARD: COMPOSITION, APPOINTMENT, DUTIES.] Not later than 30 days after the effective date of this act the governor, in consultation with the commissioner of agriculture, shall appoint an advisory board of nine members who shall determine farmstead sites to be included in the study. The advisory board shall meet at least quarterly to review progress reports on the study. Members of the advisory board shall include farmers experiencing conditions similar to those to be studied (membership on the advisory board does not preclude study of a farmstead operated by a member); farmers whose problems with low productivity levels or poor livestock health have been resolved; other farmers; a member of the Minnesota pollution control agency board; a representative of a cooperative electric association; a representative of an investor-owned electric utility which serves rural areas of Minnesota; a practicing veterinarian; and a representative of the University of Minnesota. Members of the advisory board shall serve without compensation but must be reimbursed by the commissioner of agriculture for mileage and actual expenses for meals related to service on the advisory board. The advisory board expires upon submission of the report required under subdivision 4.

Subd. 4. [REPORT.] The interdisciplinary study team shall prepare and deliver to the commissioner of agriculture a report on the results of the study. If feasible, the study team shall also submit the results of the study in a form appropriate for publication in one or more recognized scientific journals. The commissioner shall report results of the study to the house and senate committees on agriculture not later than February 1, 1989.

A resolution memorializing the President and Congress to provide fair treatment for dairy farmers.

*Whereas*, the family farm system has proven to be the means of food production best able to supply an ever expanding demand for food and at the same time to provide for the long-term, wide-based social, economic, and environmental concerns of our state; and

*Whereas*, the benefits of a healthy family farm system are shared by all citizens; and

*Whereas*, corporate agriculture, especially corporate dairy operations cannot be sensitive to the local needs of a richly diversified rural economy; *Now, Therefore*,

*Be It Resolved*, by the legislature of the State of Minnesota that Congress should enact legislation to establish price supports for dairy products at 80 percent of parity for up to 600,000 pounds of production per farm unit per year; that this level be adjusted semiannually; and that there be limits set on the importation of dairy products and substitutes including casein; and

*Be It Further Resolved*, that reductions in the support price for milk currently scheduled to take effect during 1987 and 1988 not be implemented; and

*Be It Further Resolved*, that the United States Department of Agriculture be instructed to remove regional differentials in the support price of Grade "A" milk which unfairly disadvantage Upper Midwest dairy farmers; and

*Be It Further Resolved*, that the Secretary of State of Minnesota be instructed to transmit copies of this resolution to the President of the United States, the President of the Senate of the United States, the Speaker of the House of Representatives of the United States, to the Minnesota Senators and Representatives in Congress, and to the members of the United States Senate Agriculture and the United States House Agriculture Committees.

## Section 1. [CITATION.]

Sections 1 to 6 may be cited as the "wild rice industry preservation act of 1987."

## Sec. 2. [FINDINGS; PURPOSE.]

The Minnesota wild rice industry is critically important to the state's long-term economic growth and stability, providing employment opportunities as well as national and international recognition for the production of this unique crop. In addition to diversifying and strengthening the agricultural economy of the state, wild rice production areas provide environmental habitats that are conducive to the reproduction of waterfowl, which is another invaluable state resource. Intense competition from wild rice producers in other states now threatens the sustenance and growth of this important industry, because a limited amount of land is available for sale in this state that contains the water necessary for the production of wild rice. It is therefore necessary to take steps to provide sufficient production areas for wild rice farmers in order to preserve this critical industry.

## Sec. 3. [30.30] [WILD RICE LANDS.]

Subdivision 1. [SELECTION OF WILD RICE LANDS TO BE SOLD.] (a) The commissioner, in consultation with the commissioner of natural resources and organizations representing the wild rice industry in the state, shall select 2,500 acres of state land each year to be offered for sale to persons intending to produce wild rice. The commissioner shall give priority to land that:

(1) is adjacent to existing wild rice production areas; and

(2) has been requested by a wild rice producer to be sold for wild rice production.

(b) Wild rice land that is part of the school trust fund is exempt from selection for sale to wild rice producers.

(c) Land is not exempt from selection solely because it may be subject to mineral exploration.

Subd. 2. [WILD RICE LANDS TO BE SOLD.] (a) Land selected for wild rice production under subdivision 1 must be offered for sale by September 1 of each year.

(b) All contracts to sell land selected for wild rice production must provide an option for the state to repurchase the parcel at the initial

sales price if at least 50 percent of the parcel sold has not been developed for wild rice production within five years of the sale. The commissioner of natural resources may exercise the option to repurchase a parcel that has not been adequately developed, but must consider the market conditions affecting the supply and demand of wild rice production in the state and in the United States before exercising the option.

Subd. 3. [EXERCISE OF MINERAL RIGHTS.] If the state exercises its reserved mineral rights in land selected and sold under this section, the owner must be compensated by the state for damage to improvements and any impaired ability to grow wild rice caused by the exercise of mineral rights.

Sec. 4. [30.63] [RULES.]

The commissioners of agriculture and natural resources may adopt rules by joint agreement to implement this section.

Sec. 5. Minnesota Statutes 1986, section 92.501, subdivision 2, is amended to read:

Subd. 2. [WILD RICE LAND DESIGNATION AND DEVELOPMENT.] (a) The commissioner of natural resources and the commissioner of agriculture shall, by joint agreement, prepare a plan that designates state land for wild rice production including an inventory of the number of acres of land appropriate and suitable for wild rice development, sale, and leasing in each county. The inventory must include the number of acres suitable for wild rice development that are located on school trust fund lands. Proposed mineral exploration does not exempt land from being designated for wild rice development.

(b) The initial designation plan and inventory must be completed by December 31, 1987, and updated every five years. The designation plan and inventory must be distributed to organizations representing the wild rice industry in the state.

Sec. 6. [FIRST SALE OF SELECTED LANDS.]

Notwithstanding section 3, subdivision 2, the commissioner of natural resources shall complete the first offer and sale of selected wild rice lands by one year after the effective date of this act.

Sec. 7. [REPEALER.]

Sections 1 to 6 are repealed July 1, 1990.

Sec. 8. [EFFECTIVE DATE.]

Sections 1 to 7 are effective the day after final enactment.

## ARTICLE 16

Section 1. Minnesota Statutes 1986, section 297A.257, subdivision 1, is amended to read:

Subdivision 1. [DESIGNATION OF DISTRESSED COUNTIES.]  
(a) The commissioner of energy and economic development shall annually on June 1 designate those counties which are distressed. A county is distressed if it satisfies either of the following two criteria:

(1) The county has an average unemployment rate of ten percent or more for the one-year period ending on April 30 of the year in which the designation is made; or

(2) the unemployment rate for the entire county was greater than 110 percent of the state average for the 12-month period ending the previous April 30, and 20 percent or more of the county's economy, as determined by the commissioner of jobs and training, is dependent upon agriculture. At least 15 percent of all employment within a county is "farm employment." For purposes of this clause, "farm employment" consists of self-employed farmers and their employees. In making the designation under this clause, the commissioner must use the most recent data available from the United States Department of Commerce, Bureau of Economic Analysis.

If, as a result of a plant closing, layoffs or another similar event affecting a significant number of employees in the county, the commissioner has reason to believe that the average unemployment in the county will exceed ten percent during the one-year period beginning April 30, the commissioner may designate the county as distressed, notwithstanding clause (1).

(b) The commissioner shall designate a portion of a county containing a city of the first class located outside of the metropolitan area as a distressed county if:

(1) that portion of the county has an unemployment rate of ten percent or more for the one-year period ending on April 30 of the year in which the designation is made; and

(2) that portion of the county has a population of at least 50,000 as determined by the 1980 federal census.

(c) A county or the portion of a county designated pursuant to this subdivision shall be considered a distressed county for purposes of this section and chapter 116M.

(d) Except as otherwise specifically provided, the determination of whether a county is distressed must be made using the most current data available from the state demographer. The designation of a distressed county is effective for the 12-month period beginning July 1. A county may be designated as distressed as often as it qualifies.

(e) The authority to designate counties as distressed expires on June 30, 1989."

Subd. 2. [HIGHWAY USER TAX DISTRIBUTION FUND AND TRANSIT ASSISTANCE FUND SHARE.] The proceeds collected under this chapter must be deposited in the highway user tax distribution fund and the transit assistance fund for apportionment in the following manner:

(a) None of the proceeds collected before July 1, 1984, or between July 1, 1985, and June 30, ~~1987~~ 1986, may be credited to either fund.

(b) 18.75 percent of the proceeds collected after June 30, 1984, and before July 1, 1985, and 18.75 percent of the proceeds collected after June 30, 1986, and before July 1, 1987, must be credited to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund. The remaining 6.25 percent of the proceeds must be credited to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state.

(c) Except as provided in paragraph (f), 37.5 percent of the proceeds collected after June 30, 1987, and before July 1, 1989, must be credited to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund. (d) Except as provided in paragraph (f), 56.25 percent of the proceeds collected after June 30, 1989, and before July 1, 1991, must be credited to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money

For the fiscal years ending June 30, 1988, and June 30, 1989, the commissioner of finance shall, prior to making the transfers required under subdivision 1 on July 15 and January 15 of each year, estimate the amount required to fund the appropriation under section 41A.09, subdivision 1, for the six-month period for which the transfer is being made. The commissioner shall then reduce the amount transferred to the highway user tax distribution fund by the amount of that estimate. The commissioner shall reduce the estimate for any six-month period by the amount by which the estimate for the previous six-month period exceeded the amount needed to fund the appropriation under section 41A.09, subdivision 1, for that previous six-month period. If at any time during a six-month period in those fiscal years the amount of reduction in the transfer to the highway user tax distribution fund is insufficient to fund the appropriation under section 41A.09, subdivision 1 for that period, the commissioner shall transfer to the general fund from the highway user tax distribution fund an additional amount sufficient to fund the appropriation for that period, but the additional amount so transferred to the general fund in a six-month period may not exceed the amount transferred to the highway user tax distribution fund for that six-month period under subdivision 1.

Subd. 2. [RESPONSIBILITIES.] The office has the following duties:

(a) The office must develop and establish a state information architecture to ensure that further state agency development and purchase of information systems equipment and software is directed in such a manner that individual agency information systems complement and do not needlessly duplicate or needlessly conflict with the systems of other agencies. The development of this information architecture must include the establishment of standards and guidelines to be followed by state agencies. The commissioner of administration must establish interim standards and guidelines by

August 1, 1987. The office must establish permanent standards and guidelines by July 1, 1988. On January 1, 1988, and every six months thereafter, any state agency that has purchased information systems equipment or software in the past six months, or that is contemplating purchasing this equipment or software in the next six months, must report to the office and to the chairs of the house appropriations committee and the senate finance committee on how the purchases or proposed purchases comply with the applicable standards and guidelines.

(e) Beginning July 1, 1989, the office must define, review, and approve major purchases of information systems equipment to (1) ensure that the equipment follows the standards and guidelines of the state information architecture; (2) ensure that the equipment is consistent with the information management principles adopted by the information policy council; (3) evaluate whether or not the agency's proposed purchase reflects a cost-effective policy regarding volume purchasing; and (4) ensure the equipment is consistent with other systems in other state agencies so that data can be shared among agencies, unless the office determines that the agency purchasing the equipment has special needs justifying the inconsistency. The commissioner of finance may not allot funds appropriated for major purchases of information systems equipment until the office reviews and approves the proposed purchase.

(f) The office shall review the operation of information systems by state agencies and provide advice and assistance so that these systems are operated efficiently and continually meet the standards and guidelines established by the office.

The task force must include representatives of state agencies, the supreme court, higher education systems, librarians, and private industry. Sec. 91. [PURPOSES.]

The legislature finds that the weed lythrum salicaria (purple loosestrife) has harmful environmental effects and is expanding into protected wetland areas, river valleys, and wildlife areas with the potential to destroy the reasons these areas are protected. The legislature further finds that lythrum salicaria interferes with the natural productivity of fish, wildlife, and native plants, and it has the potential to affect the cleaning of draining systems and wild rice production.

The legislature therefore finds that it is necessary to establish a comprehensive control program involving several state agencies with the commissioner of natural resources coordinating the overall effort.

Sec. 92. [86.78] [CONTROL OF LYTHRUM SALICARIA.]

Subdivision 1. The commissioner of natural resources, using existing authority, shall coordinate a control program to curb the growth of lythrum salicaria in areas of the state where it is a problem. The commissioners of agriculture and transportation must aid and cooperate with the commissioner of natural resources to establish, implement, and enforce the control program.

At a minimum, the control program must:

(1) provide for control on lands under the jurisdiction of the commissioner of natural resources;

(2) provide for control in public waters, as defined in section 105.37, subdivision 14;

(3) provide for control along highway rights-of-way;

(4) evaluate efficiency of control and any associated environmental impact;

(5) conduct a comprehensive public information and education program;

(6) continually monitor and inventory the distribution of lythrum salicaria throughout the state; and

(7) restore the funding of field operations for weed eradication conducted by the commissioner of agriculture.

Subd. 2. The commissioner of natural resources, with the cooperation of the commissioners of agriculture and transportation, must report every two years, beginning September 1, 1989, to the legislative commission on Minnesota resources on expenditures to control lythrum salicaria and progress on curbing its growth in the

state. In the report required on September 1, 1991, the commissioner must make a recommendation on whether the program coordinator position is still necessary and, if so, why.

Subd. 3. The commissioner of agriculture may adopt emergency and permanent rules in order to designate lythrum salicaria as a noxious weed. Emergency rules adopted shall remain valid until permanent rules are established.

Sec. 93. Minnesota Statutes 1986, section 88.065, is amended to read:

88.065 [EQUIPMENT FURNISHED.]

Subject to applicable provisions of state laws respecting purchases, the commissioner of natural resources may purchase for and furnish to any governmental subdivisions of the state authorized to engage in forest fire prevention or suppression materials or equipment therefor, and may transport, repair and renovate forest fire prevention and suppression materials and equipment for governmental subdivisions of the state. The commissioner may use any funds available for the purchase of forest fire prevention or suppression equipment or for its repair, transportation and renovation under federal grants, if permitted by the terms thereof, or under state appropriations, unless otherwise expressly provided. Except as otherwise authorized or permitted by federal or state laws or regulations, the governmental subdivision receiving any such materials or ~~equipment or repair or renovation~~ services shall reimburse the state for the cost. All moneys received in reimbursement shall be credited to the fund from which the purchase, transportation, repair, or renovation was made, and are hereby reappropriated annually and shall be available for the same purpose as the original appropriation.

Sec. 94. [88.122] [BALANCES TO CARRY FORWARD FOR EMERGENCY FIRE FIGHTING.]

Notwithstanding any other law, general fund balances for appropriations made to the department of natural resources for the first year of the biennium shall not cancel but are available for the second year of the biennium. Appropriations carried forward as authorized by this section shall be used only for emergency fire fighting purposes.

Sec. 95. Minnesota Statutes 1986, section 88.17, subdivision 2, is amended to read:

Subd. 2. In any prosecution under sections 88.03 to 88.22 for unlawfully starting or setting or having or permitting the continuation or spread of any fire or backfire, proof upon the part of the prosecution that such fire or backfire originated upon, or was

permitted to burn upon, or that it spread from, lands or premises occupied by the person charged with the offense, and that this person had knowledge of the fire and made no effort to put it out, shall be prima facie evidence of guilt. ~~The burden of proof as to any matter in refutation of this prima facie guilt, or in extenuation or excuse, shall be and rest upon the person so appearing prima facie to be guilty.~~

Sec. 96. Minnesota Statutes 1986, section 88.75, subdivision 1, is amended to read:

Subdivision 1. Any person who violates any of the provisions of sections 88.03 to 88.22 for which no specific penalty is therein prescribed shall be guilty of a misdemeanor and be punished accordingly.

Failure by any person to comply with any provision or requirement of sections 88.03 to 88.22 to which such person is subject shall be deemed a violation thereof.
