- Subd. 3. [ORDER OF ASSESSMENT; NOTICE AND DEMAND TO TAX PAYER.] (a) When a return has been filed and the commissioner of revenue determines that the tax disclosed by the return is different than the tax determined by the examination, the commissioner shall send an order of assessment to the taxpayer. The order must explain the basis for the assessment and must explain the taxpayer's appeal rights. An assessment by the commissioner of revenue must be made by recording the liability of the taxpayer in the office of the commissioner of revenue, which may be done by keeping a copy of the order of assessment sent to the taxpayer. An order of assessment is final when made but may be reconsidered by the commissioner under section 349.219.
- (b) The amount of unpaid tax shown on the order must be paid to the commissioner of revenue: (1) within 60 days after notice of the amount and demand for its payment have been mailed to the taxpayer by the commissioner of revenue; or (2) if an administrative appeal is filed under section 349.219 within 60 days following the determination or compromise of the appeal.
- Subd. 4. [ERRONEOUS REFUNDS.] An erroneous refund is considered an underpayment of tax on the date made. An assessment of a deficiency arising out of an erroneous refund may be made at any time within two years from the making of the refund. If part of the refund was induced by fraud or misrepresentation of a material fact, the assessment may be made at any time.
- Subd. 5. [ASSESSMENT PRESUMED VALID.] A return or assessment made by the commissioner of revenue is prima facie correct and valid. The taxpayer has the burden of establishing the incorrectness or invalidity of the return or assessment in any action or proceeding in respect to it.
- Subd. 6. [AGGREGATE REFUND OR ASSESSMENT.] On examining returns of a taxpayer for more than one year or period, the commissioner of revenue may issue one order covering the period under examination that reflects the aggregate refund or additional tax due.
- Subd. 7. [SUFFICIENCY OF NOTICE.] An order of assessment sent by United States mail, postage prepaid to the taxpayer at the taxpayer's last known address, is sufficient even if the taxpayer is deceased or is under a legal disability, or, in the case of a corporation, has terminated its existence, unless the department has been provided with a new address by a party authorized to receive notices of assessment.
- Sec. 17. [349.2152] [EXTENSIONS FOR FILING RETURNS AND PAYING TAXES.]

When, in the commissioner of revenue's judgment, good cause

exists, the commissioner may extend the time for filing tax returns and/or paying taxes for not more than six months.

Sec. 18. [349.216] [LIMITATIONS ON TIME FOR ASSESSMENT OF TAX.]

Subdivision 1. [GENERAL RULE.] Except as otherwise provided in this chapter, the amount of taxes assessable must be assessed within 3½ years after the return is filed (whether or not the return is filed on or after the date prescribed). A return must not be treated as filed until it is in processible form. A return is in processible form when it is filed on a permitted form and contains sufficient data to identify the taxpayer and permit the mathematical verification of the tax liability shown on the return.

- Subd. 2. [FALSE OR FRAUDULENT RETURN.] Notwithstanding subdivision 1, the tax may be assessed at any time if a false or fraudulent return is filed or if a taxpayer fails to file a return.
- Subd. 3. [OMISSION IN EXCESS OF 25 PERCENT.] Additional taxes may be assessed within 6½ years after the due date of the return or the date the return was filed, whichever is later, if the taxpayer omits from a tax return taxes in excess of 25 percent of the taxes reported in the return.
- Subd. 4. [TIME LIMIT FOR REFUNDS.] Unless otherwise provided in this chapter, a claim for a refund of an overpayment of tax must be filed within  $3\frac{1}{2}$  years from the date prescribed for filing the return (plus any extension of time granted for filing the return, but only if filed within the extended time) or two years from the time the tax is paid, whichever period expires later. Interest on refunds must be computed at the rate specified in section 270.76 from the date of payment to the date the refund is paid or credited. For purposes of this subdivision, the date of payment is the later of the date the tax was finally due or was paid.
- Subd. 5. [BANKRUPTCY; SUSPENSION OF TIME.] The time during which a tax must be assessed or collection proceedings begun is suspended during the period from the date of a filing of a petition in bankruptcy until 30 days after either: (1) notice to the commissioner of revenue that the bankruptcy proceedings have been closed or dismissed, or (2) the automatic stay has been ended or has expired, whichever occurs first.

The suspension of the statute of limitations under this section applies to the person the petition in bankruptcy is filed against, and all other persons who may also be wholly or partially liable for the tax.

Subd. 6. [EXTENSION AGREEMENT.] If before the expiration of

time prescribed in subdivisions 1 and 4 for the assessment of tax or the filing of a claim for refund, both the commissioner of revenue and the taxpayer have consented in writing to the assessment or filing of a claim for refund after that time, the tax may be assessed or the claim for refund filed at any time before the expiration of the agreed upon period. The period may be extended by later agreements in writing before the expiration of the period previously agreed upon.

Sec. 19. [349.217] [CIVIL PENALTIES.]

Subdivision 1. [PENALTY FOR FAILURE TO PAY TAX.] If a tax is not paid within the time specified for payment, a penalty is added to the amount required to be shown as tax. The penalty is three percent of the unpaid tax if the failure is for not more than 30 days, with an additional penalty of three percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding 24 percent in the aggregate.

If the taxpayer has not filed a return, for purposes of this subdivision the time specified for payment is the final date a return should have been filed.

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return within the time prescribed or an extension, a penalty is added to the tax. The penalty is three percent of the amount of tax not paid on or before the date prescribed for payment of the tax if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate.

If a taxpayer fails to file a return within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must be at least the lesser of: (1) \$200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) \$50.

Subd. 3. [COMBINED PENALTIES.] When penalties are imposed under subdivisions 1 and 2, except for the minimum penalty under subdivision 2, the penalties imposed under both subdivisions combined must not exceed 38 percent.

Subd. 4. [PENALTY FOR INTENTIONAL DISREGARD OF LAW OR RULES.] If part of an additional assessment is due to negligence or intentional disregard of the provisions of the applicable chapters of rules of the commissioner of revenue (but without intent to

<u>defraud), there is added to the tax an amount equal to ten percent of the additional assessment.</u>

- Subd. 5. [PENALTY FOR FALSE OR FRAUDULENT RETURN; EVASION.] If a person files a false or fraudulent return, or attempts in any manner to evade or defeat a tax or payment of tax, there is imposed on the person a penalty equal to 50 percent of the tax found due for the period to which the return related, less amounts paid by the person on the basis of the false or fraudulent return.
- Subd. 6. [PENALTY FOR SALES AFTER REVOCATION, SUS-PENSION, OR EXPIRATION.] A distributor who engages in, or whose representative engages in, the offering for sale, sale, transport, delivery, or furnishing of gambling equipment to a person, firm, or organization, after the distributor's license or permit has been revoked or suspended, or has expired, and until such license or permit has been reinstated or renewed, is liable for a penalty of \$1,000 for each day the distributor continues to engage in the activity. This subdivision does not apply to the transport of gambling equipment for the purpose of returning the equipment to a licensed manufacturer.
- Subd. 7. [PAYMENT OF PENALTIES.] The penalties imposed by this section must be collected and paid in the same manner as taxes.
- Subd. 9. [ORDER PAYMENTS CREDITED.] All payments received may be credited first to the oldest liability not secured by a judgment or lien in the discretion of the commissioner of revenue, but in all cases must be credited first to penalties, next to interest, and then to the tax due.

Sec. 20. [349.2171] [TAX-RELATED CRIMINAL PENALTIES.]

Subdivision 1. [PENALTY FOR FAILURE TO FILE OR PAY.] (a) A person required to file a return, report, or other document with the commissioner of revenue, who knowingly fails to file it when required, is guilty of a gross misdemeanor. A person required to file a return, report, or other document who willfully attempts to evade or defeat a tax by failing to file it when required is guilty of a felony.

(b) A person required to pay or to collect and remit a tax, who knowingly fails to do so when required, is guilty of a gross misdemeanor. A person required to pay or to collect and remit a tax, who willfully attempts to evade or defeat a tax law by failing to do so when required, is guilty of a felony.

- Subd. 2. [FALSE OR FRAUDULENT RETURNS; PENALTIES.]
  (a) A person required to file a return, report, or other document with the commissioner of revenue, who delivers to the commissioner of revenue a return, report, or other document known by the person to be fraudulent or false concerning a material matter, is guilty of a felony.
- (b) A person who knowingly aids or assists in, or advises in the preparation or presentation of a return, report, or other document that is fraudulent or false concerning a material matter, whether or not the falsity or fraud committed is with the knowledge or consent of the person authorized or required to present the return, report, or other document, is guilty of a felony.
- Subd. 3. [SALES WITHOUT PERMIT; VIOLATIONS.] (a) A person who engages in the business of selling pull-tabs or tipboards in Minnesota without the licenses or permits required under this chapter, or an officer of a corporation who so engages in the sales, is guilty of a gross misdemeanor.
- (b) A person selling gambling equipment in Minnesota after revocation of a license or permit under this chapter, when the commissioner of revenue or the board has not issued a new license or permit, is guilty of a felony.
- Subd. 4. [CRIMINAL PENALTIES.] Criminal penalties imposed by this section are in addition to civil penalties imposed by this chapter.
- Subd. 5. [STATUTE OF LIMITATIONS.] Notwithstanding section 628.26, or other provision of the criminal laws of this state, an indictment may be found and filed, or a complaint filed, upon a criminal offense specified in this section, in the proper court within six years after the offense is committed.

Sec. 21. [349.218] [INTEREST.]

Subdivision 1. [INTEREST RATE.] When an interest assessment is required under this section, interest is computed at the rate specified in section 270.75.

- Subd. 2. [LATE PAYMENT.] If a tax is not paid within the time specified by law for payment, the unpaid tax bears interest from the date the tax should have been paid until the date the tax is paid.
- Subd. 3. [EXTENSIONS.] If an extension of time for payment has been granted, interest must be paid from the date the payment should have been made if no extension had been granted, until the date the tax is paid.

- Subd. 4. [ADDITIONAL ASSESSMENTS.] If a taxpayer is liable for additional taxes because of a redetermination by the commissioner of revenue, or for any other reason, the additional taxes bear interest from the time the tax should have been paid, without regard to any extension allowed, until the date the tax is paid.
- Subd. 5. [ERRONEOUS REFUNDS.] In the case of an erroneous refund, interest accrues from the date the refund was paid unless the erroneous refund results from a mistake of the department, then no interest or penalty is imposed unless the deficiency assessment is not satisfied within 60 days of the order.
- Subd. 6. [INTEREST ON JUDGMENTS.] Notwithstanding section 549.09, if judgment is entered in favor of the commissioner of revenue with regard to any tax, the judgment bears interest at the rate specified in section 270.75 from the date the judgment is entered until the date of payment.
- Subd. 7. [INTEREST ON PENALTIES.] (a) A penalty imposed under section 349.217, subdivision 1, 2, 3, 4, or 5 bears interest from the date the return or payment was required to be filed or paid (including any extensions) to the date of payment of the penalty.
- (b) A penalty not included in paragraph (a) bears interest only if it is not paid within ten days from the date of notice. In that case interest is imposed from the date of notice to the date of payment.

## Sec. 22. [349.219] [ADMINISTRATIVE REVIEW.]

Subdivision 1. [TAXPAYER RIGHT TO RECONSIDERATION.] A taxpayer may obtain reconsideration by the commissioner of revenue of an order assessing tax, a denial of a request for abatement of penalty assessed under section 349.152, subdivision 1, clause (5), or 349.217, or a denial of a claim for refund of money paid to the commissioner of revenue under provisions, assessments, or orders under this chapter by filing an administrative appeal as provided in subdivision 4. A taxpayer cannot obtain reconsideration if the action taken by the commissioner of revenue is the outcome of an administrative appeal.

- Subd. 2. [APPEAL BY TAXPAYER.] A taxpayer who wishes to seek administrative review must follow the procedure provided by subdivision 4.
- Subd. 3. [NOTICE DATE.] For purposes of this section the term "notice date" means the date of the order adjusting the tax or order denying a request for abatement, or, in the case of a denied refund, the date of the notice of denial.
  - Subd. 4. [TIME AND CONTENT FOR ADMINISTRATIVE AP-

- PEAL.] Within 60 days after the notice date, the taxpayer must file a written appeal with the commissioner of revenue. The appeal need not be in any particular form but must contain the following information:
  - (1) name and address of the taxpayer;
- (2) if a corporation, the state of incorporation of the taxpayer, and the principal place of business of the corporation;
- (3) the Minnesota identification number or social security number of the taxpayer;
  - (4) the type of tax involved;
  - (5) the date;
- (6) the tax years or periods involved and the amount of tax involved for each year or period;
  - (7) the findings in the notice that the taxpayer disputes;
- (8) a summary statement that the taxpayer relies on for each exception; and
- (9) the taxpayer's signature or signature of the taxpayer's duly authorized agent.
- Subd. 5. [EXTENSIONS.] When requested in writing and within the time allowed for filing an administrative appeal, the commissioner of revenue may extend the time for filing an appeal for a period not to exceed 30 days from the expiration of the 60 days from the notice date.
- Subd. 6. [AUTOMÁTIC EXTENSION OF STATUTE OF LIMITA-TIONS.] Notwithstanding any statute of limitations to the contrary, when the commissioner of revenue has made a determination and the taxpayer has authority to file an administrative appeal, the period during which the commissioner can make further assessments or other determinations does not expire before:
- (1) 90 days after the notice date if no protest is filed under subdivision 4; or
- (2) 90 days after the commissioner of revenue notifies the taxpayer of the determination on the appeal.
- Subd. 7. [DETERMINATION OF APPEAL.] On the basis of applicable law and available information, the commissioner of revenue shall determine the validity, if any, in whole or part of the

appeal and notify the taxpayer of the decision. This notice must be in writing and contain the basis for the determination.

- Subd. 8. [AGREEMENT DETERMINING TAX LIABILITY.]

  When it appears to be in the best interests of the state, the commissioner of revenue may settle taxes, penalties, or interest that the commissioner has under consideration by virtue of an appeal filed under this section. An agreement must be in writing and signed by the commissioner of revenue and the taxpayer or the taxpayer's representative authorized by the taxpayer to enter into an agreement. An agreement must be filed in the office of the commissioner of revenue.
- Subd. 9. [APPEAL OF AN ADMINISTRATIVE APPEAL.] Following the determination or settlement of an appeal, the commissioner of revenue must issue an order reflecting that disposition. Except in the case of an agreement determining tax under this section, the order is appealable to the Minnesota tax court under section 271.06.
- Subd. 10. [APPEAL WHERE NO DETERMINATION.] If the commissioner of revenue does not make a determination within six months of the filing of an administrative appeal, the taxpayer may elect to appeal to tax court.
- Subd. 11. [EXEMPTION FROM ADMINISTRATIVE PROCEDURE ACT.] This section is not subject to chapter 14.
- Sec. 23. [STATE TO BE SUPPLIER OF GAMBLING EQUIPMENT.]

Notwithstanding any other law to the contrary, after June 30, 1990, the state of Minnesota will be the sole supplier of all gambling equipment under Minnesota Statutes, chapter 349. The commissioner of revenue shall no later than January 15, 1990, submit to the legislature a bill making all statutory changes required to implement this section including proposing the required staff and appropriation. The bill shall include provisions requiring the state to provide an adequate supply and variety of gambling equipment and to supply it efficiently. The commissioner of revenue shall provide copies of this bill to the chair of the house of representatives tax committee and to the chair of the senate committee on taxes and tax laws.

# Sec. 24. [INSTRUCTION TO THE REVISOR.]

The revisor of statutes is directed to change the words "charitable gambling" wherever they appear in Minnesota Statutes to "lawful gambling" in Minnesota Statutes 1990 and subsequent editions of the statutes.

#### ARTICLE 9

#### TAX INCREMENT FINANCING

- Section 1. Minnesota Statutes 1988, section 469.174, subdivision 7, is amended to read:
- Subd. 7. [ORIGINAL GROSS TAX CAPACITY.] (a) Except as provided in paragraph (b), "original gross tax capacity" means the gross tax capacity of all taxable real property within a tax increment financing district as most recently certified by the commissioner of revenue as of the date of the request by an authority for certification by the county auditor, together with subsequent adjustments as set forth in section 469.177, subdivisions 1 and 4. In determining the original gross tax capacity the gross tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the gross tax capacity of the property shall be the gross tax capacity as most recently determined by the commissioner of revenue.
- (b) The original gross tax capacity of any designated hazardous substance site or hazardous substance subdistrict shall be determined on January 2 following as of the date the agency or municipality authority certifies to the county auditor that the agency or municipality has entered a redevelopment or other agreement for the removal actions or remedial actions specified in a development response action plan, or otherwise provided funds to finance the development response action plan. The original gross tax capacity equals (i) the gross tax capacity of the parcel or parcels in the site or

subdistrict, as most recently determined by the commissioner of revenue, less (ii) the estimated reasonable and necessary costs of the removal actions and remedial actions as specified in a development response action plan to be undertaken with respect to the parcel as certified to the county auditor by the municipality or agency or parcels, (iii) but not less than zero.

- (c) The original gross tax capacity of a hazardous substance site or subdistrict shall be increased by the amount by which it was reduced pursuant to paragraph (b), clause (ii), upon certification by the municipality that the <u>cost of the</u> removal and remedial actions specified in the development response action plan, except for long-term monitoring and similar activities, have been completed <u>paid or</u> reimbursed.
- (d) For purposes of this subdivision, "real property" shall include any property normally taxable as personal property by reason of its location on or over publicly owned property.
- Sec. 2. Minnesota Statutes 1988, section 469.174, subdivision 10, is amended to read:
- Subd. 10. [REDEVELOPMENT DISTRICT.] (a) "Redevelopment district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the authority finds by resolution that one of the following conditions, reasonably distributed throughout the district, exists:
- (1) parcels consisting of 70 percent of the parcels in area of the district are occupied by buildings, streets, utilities, or other improvements and more than 50 percent of the buildings, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance; or
- (2) parcels consisting of 70 percent of the parcels in area of the district are occupied by buildings, streets, utilities, or other improvements and 20 percent of the buildings are structurally substandard and an additional 30 percent of the buildings are found to require substantial renovation or clearance in order to remove such existing conditions as: inadequate street layout, incompatible uses or land use relationships, overcrowding of buildings on the land, excessive dwelling unit density, obsolete buildings not suitable for improvement or conversion, or other identified hazards to the health, safety, and general well-being of the community; or
- (3) the property consists of underutilized air rights existing over a public street, highway, or right-of-way; or
  - (4) the property consists of vacant, unused, underused, inappro-

priately used, or infrequently used railyards, rail storage facilities, or excessive or vacated railroad rights-of-way; or

- (5) the district consists of an existing or proposed industrial park no greater in size than 250 acres, which contains a sewage lagoon contaminated with polychlorinated biphenyls.
- (b) For purposes of this subdivision, "structurally substandard" shall mean containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance.
- (c) For purposes of this subdivision, a parcel is not occupied by buildings, streets, utilities, or other improvements unless 15 percent of the area of the parcel contains improvements.
- (d) For districts consisting of two or more noncontiguous areas, each area must qualify as a redevelopment district under paragraph (a), clauses (1) to (3), to be included in the district, and the entire area of the district must satisfy paragraph (a).
- Sec. 3. Minnesota Statutes 1988, section 469.174, subdivision 16, is amended to read:
- Subd. 16. [DESIGNATED HAZARDOUS SUBSTANCE SITE.] "Designated hazardous substance site" means any parcel or parcels with respect to which the authority or municipality has certified to the county auditor that the authority or municipality has entered into a redevelopment or other agreement providing for the removal actions or remedial actions specified in a development response action plan or the municipality or authority will use other available money, including without limitation tax increments, to finance the removal or remedial actions. A parcel described in the plan or plan amendment may be designated for inclusion in the hazardous substance subdistrict prior to approval of the development action response plan on the basis of the reasonable expectation of the municipality. Such parcel may not be certified as part of the subdistrict until the development action response plan has been approved.
- Sec. 4. Minnesota Statutes 1988, section 469:174, subdivision 17, is amended to read:
- Subd. 17. [DEVELOPMENT ACTION RESPONSE PLAN.] "Development action response plan" means a plan or proposal for removal actions or remedial actions if the plan or proposal is submitted to the pollution control agency and the actions contained

recommended in the plan or proposal are approved in writing by the commissioner of the agency as reasonable and necessary to protect the public health, welfare, and environment. The commissioner shall review the development action response plan and approve, modify or reject the recommended actions within 60 days after submission of the plan (or revised plan) by the authority. The commissioner shall notify the authority in writing of the decision on the recommended actions within 30 days after the decision and, if the recommended actions are rejected, shall specify the reasons for rejection.

- Sec. 5. Minnesota Statutes 1988, section 469.174, is amended by adding a subdivision to read:
- Sec. 6. Minnesota Statutes 1988, section 469.175, subdivision 3, is amended to read:
- Subd. 3. [MUNICIPALITY APPROVAL.] A county auditor shall not certify the original gross tax capacity of a tax increment financing district until the tax increment financing plan proposed for that district has been approved by the municipality in which the district is located. If an authority that proposes to establish a tax increment financing district and the municipality are not the same, the authority shall apply to the municipality in which the district is proposed to be located and shall obtain the approval of its tax increment financing plan by the municipality before the authority may use tax increment financing. The municipality shall approve the tax increment financing plan only after a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of the hearing. This The published notice must include a map of the area of the district from which increments may be collected and, if the project area includes additional area, a map of the project area in which the increments may be expended. The hearing may be held before or after the approval or creation of the project or it may be held in conjunction with a hearing to approve the project. Before or at the time of approval of the tax increment financing plan, the municipality shall make the following findings. and shall set forth in writing the reasons and supporting facts for each determination:
- (1) that the proposed tax increment financing district is a redevelopment district, a mined underground space development district, a housing district, a soils condition district, or an economic development district; if the proposed district is a redevelopment district, the reasons and supporting facts for the determination that the district meets the criteria of section 469.174, subdivision 10,

paragraph (a), clauses (1) to (5), must be retained and made available to the public by the authority until the district has been terminated.

- (2) that the proposed development or redevelopment, in the opinion of the municipality, would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future and therefore the use of tax increment financing is deemed necessary.
- (3) that the tax increment financing plan conforms to the general plan for the development or redevelopment of the municipality as a whole.
- (4) that the tax increment financing plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the development or redevelopment of the project by private enterprise.
- (5) that the municipality elects the method of tax increment computation set forth in section 469.177, subdivision 3, clause (b), if applicable.

When the municipality and the authority are not the same, the municipality shall approve or disapprove the tax increment financing plan within 60 days of submission by the authority, or the plan shall be deemed approved. When the municipality and the authority are not the same, the municipality may not amend or modify a tax increment financing plan except as proposed by the authority pursuant to subdivision 4. Once approved, the determination of the authority to undertake the project through the use of tax increment financing and the resolution of the governing body shall be conclusive of the findings therein and of the public need for the financing.

Sec. 7. Minnesota Statutes 1988, section 469.175, is amended by adding a subdivision to read:

Subd. 6a. [REPORTING REQUIREMENTS.] (a) The municipality must annually report to the commissioner of revenue the following amounts for the entire municipality:

- (1) the total principal amount of nondefeased tax increment financing bonds that are outstanding at the end of the previous calendar year; and
- (2) the total annual amount of principal and interest payments that are due for the current calendar year on (i) general obligation tax increment financing bonds, and (ii) other tax increment financing bonds.

- (b) The municipality must annually report to the commissioner of revenue the following amounts for each tax increment financing district located in the municipality:
- (1) the type of district, whether economic development, redevelopment, housing, soils condition, mined underground space, or hazardous substance site;
  - (2) the date on which the district is required to be decertified;
- (3) the captured tax capacity of the district, by property class as specified by the commissioner of revenue, for taxes payable in the current calendar year;
- $\frac{(4)\ the}{calendar}\frac{tax}{year;}\frac{increment}{and}\frac{revenues}{revenues}\frac{for}{taxes}\frac{taxes}{payable}\frac{in}{in}\frac{the}{tax}\frac{current}{tax}$
- (5) whether the tax increment financing plan or other governing document permits increment revenues to be expended (i) to pay bonds, the proceeds of which were or may be expended on activities located outside of the district, (ii) for deposit into a common fund from which money may be expended on activities located outside of the district, or (iii) to otherwise finance activities located outside of the tax increment financing district.
- (c) The report required by this subdivision must be filed with the commissioner of revenue on or before March 1 of each year.
- $\frac{(d)}{August} \frac{This}{1,} \frac{section}{1979.} \ \underline{applies} \ \underline{to} \ \underline{districts} \ \underline{certified} \ \underline{before,} \ \underline{on,} \ \underline{and} \ \underline{after}$
- Sec. 8. Minnesota Statutes 1988, section 469.175, subdivision 7, is amended to read:
- Subd. 7. [CREATION OF HAZARDOUS SUBSTANCE SUBDI-STRICT; RESPONSE ACTIONS. (a) A municipality or An authority which is creating or has created a tax increment financing district may establish within the district a hazardous substance subdistrict upon the notice and after the discussion, public hearing, and findings required for approval of or modification to the original plan. The geographic area of the subdistrict is made up of any parcels in the district designated for inclusion by the municipality or authority that are designated hazardous substance sites, and any additional parcels in the district designated for inclusion that are contiguous to the hazardous substance site except for the interposition of a right-of-way. Before or at the time of approval of the tax increment financing plan or plan modification providing for the creation of the hazardous substance subdistrict, the municipality authority must make the findings under paragraphs (b) to (d), and set forth in writing the reasons and supporting facts for each.

- (b) Development or redevelopment of the site, in the opinion of the municipality authority, would not reasonably be expected to occur solely through private investment and tax increment otherwise available, and therefore the hazardous substance district is deemed necessary.
- (c) Other parcels that are not designated hazardous substance sites are expected to be developed together with a designated hazardous substance site.
- (d) The subdistrict is not larger than, and the period of time during which increments are elected to be received is not longer than, that which is necessary in the opinion of the municipality to provide for the additional costs due to the designated hazardous substance site.
- (e) Upon request by a municipality or an authority that has incurred expenses for removal or remedial actions to implement a development response action plan, the attorney general may:
- (1) bring a civil action on behalf of the municipality or authority to recover the expenses, including administrative costs and litigation expenses, under section 115B.04 or other law; or

The certification by the municipality or authority is prima facie evidence that the expenses are reasonable and necessary. The attorney general may deduct litigation expenses incurred by the attorney general from any amounts recovered in an action brought under paragraph (e), clause (1). The municipality or authority shall reimburse the attorney general for litigation expenses not recovered in an action under paragraph (e), clause (1), and but only from the additional tax increment required to be used as described in section 469.176, subdivision 4e. - Sec. 9. Minnesota Statutes 1988, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (f) (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing

district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

- (c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.
- (d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original gross tax capacity of the taxable real property in the district by the county auditor or after August 1, 1982, for tax increment financing districts authorized prior to August 1, 1979, unless within the three-year period (1) bonds have been issued pursuant to section 469.178, or in aid of a project pursuant to any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, prior to August 1, 1979, or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.
- (e) No tax increment shall in any event be paid to the authority from a redevelopment district after 25 years from date of receipt by the authority of the first tax increment, after 25 years from the date of the receipt for a housing district, after 25 years from the date of the receipt for a mined underground space development district, after 12 years from approval of the tax increment financing plan for a soils condition district, and after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district.

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

- (f) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.
- (g) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.
- Sec. 10. Minnesota Statutes 1988, section 469.176, is amended by adding a subdivision to read:

[REDEVELOPMENT DISTRICTS.] At least 90 percent of the revenues derived from tax increments from a redevelopment district must be used to finance the cost of correcting conditions that allow designation of redevelopment districts under section 469.174, subdivision 10. These costs include acquiring properties containing structurally substandard buildings or improvements, acquiring adjacent parcels necessary to provide a site of sufficient size to permit development, demolition of structures, clearing of the land, and installation of utilities, roads, sidewalks, and parking facilities for the site. The allocated administrative expenses of the authority may be included in the qualifying costs.
- Sec. 11. Minnesota Statutes 1988, section 469.176, subdivision 6, is amended to read:
- Subd. 6. [ACTION REQUIRED.] If, after four years from the date of certification of the original gross tax capacity of the tax increment financing district pursuant to section 469.177, no demolition, rehabilitation, or renovation of property or other site preparation, including qualified improvement of a street adjacent to a parcel but not installation of utility service including sewer or water systems, has been commenced on a parcel located within a tax increment financing district by the authority or by the owner of the parcel in accordance with the tax increment financing plan, no additional tax increment may be taken from that parcel, and the original gross tax capacity of that parcel shall be excluded from the original gross tax capacity of the tax increment financing district. If the authority or the owner of the parcel subsequently commences demolition, rehabilitation, or renovation or other site preparation on that parcel

including qualified improvement of a street adjacent to that parcel, in accordance with the tax increment financing plan, the authority shall certify to the county auditor that the activity has commenced, and the county auditor shall certify the gross tax capacity thereof as most recently certified by the commissioner of revenue and add it to the original gross tax capacity of the tax increment financing district. The county auditor must enforce the provisions of this subdivision. The authority must submit to the county auditor evidence that the required activity has taken place for each parcel in the district. The evidence for a parcel must be submitted by February 1 of the fifth year following the year in which the parcel was certified as included in the district. For purposes of this subdivision, qualified improvements of a street are limited to (1) construction or opening of a new street, (2) relocation of a street, and (3) substantial reconstruction or rebuilding of an existing street.

Sec. 12. [469.1761] [INCOME REQUIREMENTS; HOUSING PROJECTS.]

Subdivision 1. [REQUIREMENT IMPOSED.] In order for a tax increment financing district to qualify as a housing district, the income limitations provided in this section must be satisfied. The requirements imposed by this section apply to residential property receiving assistance financed with tax increments, including interest reduction, land transfers at less than the authority's cost of acquisition, utility service or connections, roads, or other subsidies. The provisions of this section do not apply (1) to interest reduction programs, provided that the duration of the district is limited to 12 years from the collection of the first increment or (2) to districts located in a targeted area as defined in section 462C.08, subdivision 9, clause (e).

Subd. 2. [OWNER OCCUPIED HOUSING.] For owner occupied residential property, 95 percent of the housing units must be initially purchased and occupied by individuals whose family income is less than or equal to the income requirements for qualified mortgage bond projects under section 143(f) of the Internal Revenue Code.

Subd. 3. [RENTAL PROPERTY.] For residential rental property, the property must satisfy the income requirements for a qualified residential rental project as defined in section 142(d) of the Internal Revenue Code. A property also satisfies the requirements of section 142(d) if 50 percent of the residential units in the project are occupied by individuals whose income is 80 percent or less of area median gross income. The requirements of this subdivision apply for the duration of the tax increment financing district.

Subd. 4. [NONCOMPLIANCE; ENFORCEMENT.] Failure to comply with the requirements of this section results in application of the duration limits for economic development districts to the district. If

at the time of the noncompliance the district has exceeded the duration limits for an economic development district, the district must be decertified effective for taxes assessed in the next calendar year. The commissioner of revenue shall enforce the provisions of this section. The commissioner may waive insubstantial violations. Appeal of the commissioner's orders of noncompliance must be made to the tax court in the manner provided in section 271.06.

If clause (1) or (2) applies, the authority must annually pay to the school district an amount of increment equal to the increment that is attributable to the increase in the tax capacity rate under the referendum. If clause (3) applies, upon approval by a majority vote of the governing body of the municipality and the school board, the authority must pay to the school district an amount of increment equal to the increment that is attributable to the increase in the tax capacity rate under the referendum. The amounts of these increments may be expended and must be treated by the school district in the same manner as provided for the revenues derived from the referendum levy approved by the voters. The provisions of this subdivision apply to projects for which certification was requested before, on, and after August 1, 1979.

#### Sec. 18. [TRANSITION RULES.]

# ARTICLE 11 MISCELLANEOUS

Section 1. Minnesota Statutes 1988, section 270.067, subdivision 1, is amended to read:

Subdivision 1. [STATEMENT OF PURPOSE.] State governmental policy objectives are sought to be achieved both by direct expenditure of governmental funds and by the granting of special and selective tax relief or tax expenditures. Both direct expenditures of governmental funds and tax expenditures have an effect on the ability of the state and local governments to lower tax rates or to increase expenditures. As a result, tax expenditures should receive a regular and comprehensive review by the legislature as to (a) their total cost, (b) their effectiveness in achieving their objectives, (c) their effect on the fairness and equity of the distribution of the tax burden, and (d) the public and private cost of administering tax expenditure financed programs. This section is intended to facilitate a regular review of the state and local tax expenditure budget by the legislature by providing for the preparation of a regular biennial tax expenditure budget.

- Sec. 2. Minnesota Statutes 1988, section 270.067, subdivision 2, is amended to read:
- Subd. 2. [PREPARATION; SUBMISSION.] The commissioner of revenue shall prepare a tax expenditure budget for the state every four years. The tax expenditure budget report shall be submitted to the legislature as a supplement to the governor's budget and at the same time as provided for submission of the budget pursuant to section 16A.11, subdivision 1, except that the next such report shall be submitted in 1993, and every four years thereafter.
- Sec. 3. Minnesota Statutes 1988, section 295.34, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 2, every telephone company shall file a return with the commissioner of revenue on or before April 15 of each year, and submit payment therewith, of the following percentages of its gross earnings, including long distance access charges, of the preceding calendar year derived from business within this state:

(a) for gross earnings from service to rural subscribers and from exchange business of all cities of the fourth class and statutory cities having a population of 10,000 or less

for calendar years beginning before December 31, 1988, four percent,

for calendar year 1989, three percent, provided that the estimated tax payments made on March 15 and June 15, 1989, pursuant to section 295.365, must be made as if the tax were imposed at a rate of four percent,

for calendar year 1990, 1.5 percent,

for calendar year 1991, one percent, and

for calendar years beginning after December 31, 1991, exempt; and

(b) for gross earnings derived from all other business

for calendar years beginning before December 31, 1988, seven percent,

for calendar year 1989, 5.5 percent, provided that the estimated tax payments made on March 15 and June 15, 1989, pursuant to section 295.365, must be made as if the tax were imposed at a rate of seven percent,

for calendar year 1990, three percent,

for calendar year 1991, 2.5 percent, and

for calendar years beginning after December 31, 1991, exempt.

A tax shall not be imposed on the gross earnings of a telephone company from business originating or terminating outside of Minnesota, except that the gross earnings tax is imposed on all long distance access charges allocated to interstate service received in payment from a telephone company before December 31, 1989.

The tax imposed is in lieu of all other taxes, except the taxes imposed by chapter 290, property taxes assessed beginning in 1989, payable in 1990, and sales and use taxes imposed as a result of chapter 297A. All money paid by a company for connecting fees and switching charges to any other company shall be reported as earnings by the company to which they are paid. For the purposes of this section, the population of any statutory city shall be considered as that stated in the latest federal census.

(c) For the period January 1, 1984 through December 31, 1986, all money paid by a company for connecting fees and switching charges, including carriers access charges except that portion paid for directory assistance and billing and collection services, to any other

company must be reported as earnings by the company to which they are paid, but are not deemed to be earnings of the collecting and paying company.

(d) Gross earnings include customer access charges. Customer access charges are not gross earnings from business originating or terminating outside of Minnesota for purposes of the gross earnings tax. Customer access charges include the flat rate monthly charges received by a telephone company from its customers, that are authorized by the Federal Communications Commission and that compensate a telephone company for the cost of a local telephone plant to the extent attributable to interstate service.

#### Sec. 4. [STATEMENT OF PURPOSE.]

The purpose of section 3 is to confirm and clarify the original intent of the legislature in enacting the exemption for gross earnings from business originating or terminating outside of Minnesota in Minnesota Statutes, section 295.34. Section 3 does not create a new category of earnings subject to the gross earnings tax. It ratifies existing state interpretation of the telephone gross earnings tax and Minnesota Statutes, section 295.34.

Mayo Medical Foundation

Subdivision 1. Total Appropriation \$83,593,000 \$96,453,000

1991

The amounts that may be spent from this appropriation for each purpose are specified in the following subdivisions.

As part of its next budget request, the board shall report on its method of implementing the base adjustments required in this section.

Subd. 2. Agency Administration

\$3,900,000

\$2,972,000

- (a) The optometry and osteopathy contract program for students who were in the program in the 1986-1987 academic year must be discontinued on June 30, 1990. No new students may be admitted.
- (b) As part of its 1991 biennial budget request, the HECB shall report its recommendations for improvements to the SELF program.
- (c) Notwithstanding Laws 1987, chapter 401, section 33, the task force on post-secondary quality assessment may continue for the 1989-1991 biennium. The task force membership may be expanded to include public members appointed by the higher education advisory council from nominees submitted by the HECB.
- (d) No further funding of the enterprise development centers shall be provided through the HECB. The Greater Minnesota Corporation may provide funding for the centers.
- (e) \$150,000 for the biennium is for matching grants to post-secondary institutions that submit acceptable proposals for campus community service projects emphasizing students performing as tutors or mentors to their younger peers. Campus community

1991

\$

service projects attempt to instill in students the value of civic involvement and the belief that each student's community service can make a difference in the community. The HECB may award up to 20 grants. To receive a grant, a recipient must match the grant amount from any resources available to the institution. The state grant is for a staff person on each recipient's campus to coordinate student community service involvement. Up to \$25,000 of the appropriation may be used for HECB administration, coordination, training, consultation, and evaluation costs. The legislature intends the grant program to be phased out at the end of the biennium to be replaced by 100 percent funding by the recipient institutions from any resources available to the institution.

(f) The HECB shall undertake the second phase of the study of post-secondary needs in the state, as provided in Laws 1988, chapter 703, article 1, section 2, subdivision 3. This phase must concentrate on those parts of the state outside the St. Cloud to Rochester population corridor. The HECB may contract for portions of the study, as necessary, but is not subject to Minnesota Statutes, chapter 16B. Before proceeding with the request for proposals, the HECB shall consult with the postsecondary systems, institutions, and other relevant agencies to locate studies and market analyses that could be used in conducting phase 2. The study must focus on (1) an assessment of the current and future conditions and needs; (2) strategies to meet these needs; (3) costs associated with the strategies; and (4) effects of the strategies on existing institutions, state policies, quality of education, and system and institutional missions.

The study should include consideration of at least the following concerns: the

1991

current and projected demographic and participation trends: current levels and types of services available; needs of traditional and nontraditional students: the geographical accessibility of services needed by different types of students: uses of alternative delivery systems, instructional technology, cooperative efforts, and reciprocity agreements: relationships between postsecondary institutions and business; and the physical capacity of existing institutions. The study shall analyze attendance patterns and may include market surveys. The HECB shall report the findings of the study to the education and finance committees of the senate and the education and appropriations committees of the house by December 1, 1990. By January 1, 1991, the HECB shall review and comment on each of the strategies proposed in the study. In submitting the findings of phase 2, the board shall relate them to the results of phase 1 and their implications for statewide policy.

The study shall serve as the 1990 intersystem plan as required in Minnesota Statutes, section 135A.06, subdivision 2.

(g) The HECB shall analyze and make recommendations on plans submitted for providing undergraduate and practitioner-oriented graduate programs in the seven-county metropolitan area. By February 1, 1990, the HECB shall report on its recommendations to the education and finance committees of the senate and the education and appropriations committees of the house.

Subd. 3. State Scholarships and Grants

\$82,644,000

If the appropriation in this subdivision for either year is insufficient, the ap-

1991

propriation for the other year is available for it.

During the biennium, the higher education coordinating board may ask the commissioner of finance to loan general fund money to the scholarship and grant account to ease cash flow difficulties. The higher education coordinating board must first certify to the commissioner that there will be adequate refunds to the account to repay the loan. The commissioner shall use the refunds to make repayment to the general fund of the full amount loaned. Money necessary to meet cash flow difficulties in the state scholarship and grant program is appropriated to the commissioner of finance for loans to the higher education coordinating board.

This appropriation contains money for increasing living allowances for state scholarships and grants to \$3,170 for the first year and \$3,465 for the second year.

\$2,000,000 each year is for child care grants. For the biennium, the board may determine a reasonable percentage of the appropriation to be used for the administrative costs of the agency and the campuses.

The HECB shall report to the education divisions of the house appropriations and senate finance committees on the academic progress and persistence of state scholarship and grant program recipients by February 1, 1990.

The HECB shall examine and make recommendations on the use of post-secondary scholarships and other mechanisms to provide incentives to students to pursue International Baccalaureate degrees. In making its recommendations, the HECB shall include an analysis of the cost of a

1991

scholarship program and whether these scholarships would be an appropriate use of state funds.

The HECB may use up to \$250,000 of the appropriation in each year to provide grants for Minnesota resident students participating in the program. Grants must be awarded on the same basis as other state grants, except that the cost of attendance shall be adjusted to incorporate the state university tuition level and the Akita fee level. An individual grant must not exceed the state grant maximum award for a student at a four-year private college. The HECB and the state university board shall report on these grants in the 1991 biennial budget document.

By February 15, 1990, the HECB shall report to the education divisions of the senate finance and the house appropriations committees on implementation of procedures to recover overpayment of state scholarship and grant awards. The report shall cover overpayments for the 1988-1989 academic year and shall include at least the following information for each case for which recovery of an overpayment is sought:

- (2) the manner in which the overpayment was discovered;
- (3) the amount of the overpayment;
- (4) the recovery plan proposed by the HECB;
- (5) whether the case was brought to court and, if so,
- (a) why the case was brought to court,

1991

(b) the cost to the HECB of bringing the case to court, and

- (c) whether the HECB recovered costs and attorney fees; and
- (6) the disposition, including the amount of the overpayment recovered and the amount of time elapsed from the time the overpayment was discovered to the time a repayment agreement was reached.

The report shall not include any information identifying the students involved.

biennial budget document.

Effective the day after final enactment of this subdivision, no more money may be paid out of the treasury of this state in connection with an agreement under Minnesota Statutes, section 16B.16, to provide a wood-fired boiler heating system at the campus of either Bemidji State University or St. Cloud State University. This prohibition is intended to be permanent.

port on the nursing programs in the 1991

Minnesota Statutes, section 16B.16, authorizes the commissioner of administration to enter into installment purchase agreements to acquire equipment that will improve the energy efficiency of a state building or facility if, among other things, the entire cost of the contract is a percentage of the resultant savings in energy costs and the state may unilaterally cancel the agreement if the legislature fails to appropriate funds to continue the contract. Section 16B.16 does not authorize the commissioner to commit the

1991

state to pay for equipment that does not work nor to pay more for energy as a result of the installment purchase agreement than would be needed without the agreement. If there are no savings in energy costs through use of the equipment, there should be no compensation due under the agreement.

The commissioner of administration acted under Minnesota Statutes, section 16B.16, when entering into installment purchase agreements to install wood-fired boiler heating systems at the campuses of Bemidii State University and St. Cloud State University. The wood-fired boiler heating system installed at the Bemidii campus did not work as promised and the promised energy sayings were not achieved. The state refused to make further payments under the agreement for Bemidji and canceled the agreement for St. Cloud. The state later resumed making payments under the agreement for Bemidji, even though it believed there had been a complete failure of consideration.

The purpose of this subdivision is to make clear to all potential investors in state and local bonds and to financial institutions that the state is not and never has been responsible for financing the wood-fired boiler heating systems at Bemidii and St. Cloud state universities. other than through payment to the vendor of a percentage of the resultant savcosts. in energy Since equipment and technology chosen by the vendor did not produce savings in energy costs, the entire loss should be borne by the vendor and by the vendor's financial backers, not by the state.

Programs must include exchanges that extend beyond the immediate service area of the institution to address the needs of different types of schools, students, and teachers.

Subd. 2. [COMPENSATION.] The appropriations provided to the board of regents of the University of Minnesota and the state university board in the omnibus elementary and secondary education finance act, 1989 H.F. No. 654, are to defray the costs of participants in the faculty exchange under this section. They are intended to compensate for expenses that are unavoidable and beyond the normal living expenses exchange participants would incur if they were not involved in this exchange. The state university board, the board of regents of the University of Minnesota, and their respective campuses, in conjunction with the participating school districts, must control costs for all participants as much as possible, through means such as arranging housing exchanges, providing campus housing, and providing university, state, or school district cars for transportation. The criteria developed by the instructional technology task force, as reported to the 1989 legislature, shall be utilized for evaluating any projects or systems. A report shall be submitted on the activities, plans, financial implications, and anticipated outcomes, to the chairs of the finance and appropriation committees by February 15, 1990. ## Subd. 10. Wood-Fired Boilers

Effective upon enactment of this act, no more money shall be paid out of the treasury of this state in connection with an agreement under Minnesota Statutes, section 16B.16, to provide a wood-fired boiler heating system at the campus of either Bemidji State University or St. Cloud State University. This prohibition is intended to be permanent.

Minnesota Statutes, section 16B.16. authorizes the commissioner of administration to enter into installment purchase agreements to acquire equipment that will improve the energy efficiency of a state building or facility if, among other things, the entire cost of the contract is a percentage of the resultant savings in energy costs and the state may unilaterally cancel the agreement if the legislature fails to appropriate funds to continue the contract. Section 16B.16 does not authorize the commissioner to commit the state to pay for equipment that does not work nor to pay more for energy as a result of the installment purchase agreement than would be needed without the agreement. If there are no savings in energy costs through use of the equipment, there should be no compensation due under the agreement.

The commissioner of administration acted under Minnesota Statutes, section 16B.16, when entering into installment purchase agreements install wood-fired boiler heating systems at the campuses of Bemidii State University and St. Cloud State University. The wood-fired boiler heating system installed at the Bemidji campus did not work as promised and the promised energy savings were not achieved. The state refused to make further payments under the agreement for Bemidji and canceled the agreement for St. Cloud. The state later resumed making payments under the agreement for Bemidji, even though it believed there had been a complete failure of consideration.

The purpose of this subdivision is to make clear to all potential investors in state and local bonds and to financial institutions that the state is not and never has been responsible for financing the wood-fired boiler heating systems at Bemidji and St. Cloud state universities, other than through payment to the vendor of a percentage of the resultant savings in energy costs. Since the equipment and technology chosen by the vendor did not produce savings in energy costs, the entire loss should be borne by the vendor and by the vendor's financial backers, not by the state.

To provide money to be loaned to school districts as agencies and political subdivisions of the state to acquire and to better public land and buildings and other public improvements of a capital nature, in the manner provided by the maximum effort school aid law, the commissioner of finance shall issue and sell school loan bonds of the state of Minnesota in the maximum amount of \$20,000,000 \$22,000,000, in addition to the bonds already authorized for this purpose. The same amount is appropriated to the maximum effort school loan fund and must be spent under the direction of the

commissioner of education to make debt service loans and capital loans to school districts as provided in sections 124.36 to 124.47. The bonds must be issued and sold and provision for their payment must be made according to section 124.46. Enough money to pay interest on the bonds to and including July 1 in the second year after the date of issue must be credited from the bond proceeds to the school loan bond account in the state bond fund. Expenses incidental to the sale, printing, execution, and delivery of the bonds, including, but without limitation, actual and necessary travel and subsistence expenses of state officers and employees for those purposes, must be paid from the maximum effort school loan fund, and the money necessary for the expenses is appropriated from that fund.

Sec. 2. Minnesota Statutes 1988, section 124.494, subdivision 1, is amended to read:

Subdivision 1. [QUALIFICATION.] Any group of school districts that meets the criteria required under subdivision 2 may apply for an incentive grant in an amount up to not to exceed the lesser of \$6,000,000 or 75 percent of the approved construction costs of a cooperative secondary education facility.

- Subd. 2. [REVIEW BY COMMISSIONER.] (a) Any group of districts that submits an application for a grant shall submit a proposal to the commissioner for review and comment under section 121.15, and the commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to acquire, construct, remodel or improve the secondary facility. The commissioner must not approve an application for an incentive grant for any secondary facility unless the facility receives a favorable review and comment under section 121.15 and the following criteria are met:
- (1) a minimum of three or more districts, with kindergarten to grade 12 enrollments in each district of no more than  $\frac{1,000}{1,200}$  pupils, enter into a joint powers agreement;

  - (4) at least 240 pupils would be served in grades 10 to 12, 320

pupils would be served in grades 9 to 12, or 480 pupils would be served in grades 7 to 12;

- (5) no more than one superintendent is employed by the joint powers board as a result of the cooperative secondary facility agreement;
- (6) a statement of need is submitted, that may include reasons why the current secondary facilities are inadequate, unsafe or inaccessible to the handicapped;
- (7) an educational plan is prepared, that includes input from both community and professional staff;
- (8) a combined seniority list for all participating districts is developed by the joint powers board;
- (9) an education program is developed that provides for more learning opportunities and course offerings, including the offering of advanced placement courses, for students than is currently available in any single member district; and
- (10) a plan is developed for providing instruction of any resident students in other districts when distance to the secondary education facility makes attendance at the facility unreasonably difficult or impractical.
- (b) To the extent possible, the joint powers board is encouraged to provide for severance pay or for early retirement incentives under section 125.611, for any teacher or administrator, as defined under section 125.12, subdivision 1, who is placed on unrequested leave as a result of the cooperative secondary facility agreement.
- Sec. 4. Minnesota Statutes 1988, section 124.494, subdivision 4, is amended to read:
- Subd. 4. [AWARD OF GRANTS.] The commissioner shall examine and consider all applications for grants, and if any joint powers district is found not qualified, the commissioner shall promptly notify that joint powers board. On July 1 of 1988 1989, the commissioner shall make awards to no more than two qualified applicants whose applications have been on file with the commissioner more than one month. A grant award is subject to verification by the joint powers districts as specified in subdivision 6. A grant award must not be made until the site of the secondary facility has been determined. If the total amount of the approved applications exceeds the amount that is or can be made available, the commissioner shall allot the available amount equally between the approved applicant districts. The commissioner shall promptly certify to each qualified joint powers district the amount, if any, of the grant awarded to it.

The commissioner of education must determine that the costs are directly related to reducing or eliminating racial imbalance and are part of an approved desegregation plan. The district must also certify that the district has sought all available federal funds before submitting a grant application.
- Sec. 8. Minnesota Statutes 1988, section 129B.73, subdivision 4, is amended to read:

#### CONFERENCE COMMITTEE REPORT ON S. F. NO. 299

A bill for an act relating to game and fish; providing for restitution for wild animals that are illegally killed or injured; providing for civil penalties for wild animals killed or injured; restricting expenditures from restitution to replacement and propagation of wild animals illegally killed or injured; amending Minnesota Statutes 1988, section 97A.065, by adding a subdivision; proposing coding for new law in Minnesota Statutes, chapter 97A.

May 19, 1989

The Honorable Jerome M. Hughes President of the Senate

The Honorable Robert E. Vanasek Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 299, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S. F. No. 299 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 97A.065, is amended by adding a subdivision to read:

Subd. 5. [RESTITUTION FOR WILD ANIMALS.] Money collected from restitution under section 2 for wild animals killed, injured, or possessed in violation of the game and fish laws must be used by the commissioner for replacement, propagation, or protection of wild animals.

Sec. 2. [97A.341] [RESTITUTION FOR WILD ANIMALS ILLEGALLY TAKEN.]

Subdivision 1. [LIABILITY FOR RESTITUTION.] A person who kills, injures, or possesses a wild animal in violation of the game and fish laws is liable to the state for the value of the wild animal as provided in this section. Species afforded protection include members of the following groups as defined by statute or rule: game fish, game birds, big game, small game, fur-bearing animals, minnows, and threatened and endangered animal species. Other animal species may be added by order of the commissioner as determined after public meetings and notification of the chairs of the environment and natural resources committees in the senate and house of representatives.

Subd. 2. [ARREST AND CHARGING PROCEDURE.] (a) An enforcement officer who arrests a person for killing, injuring, or possessing a wild animal in violation of the game and fish laws must describe the number, species, and restitution value of wild animals illegally killed, injured, or possessed on the warrant or the notice to appear in court.

(b) As part of the charge against a person arrested for killing, injuring, or possessing a wild animal in violation of the game and

fish laws, the prosecuting attorney must include a demand that restitution be made to the state for the value of the wild animal killed, injured, or possessed. The demand for restitution is in addition to the criminal penalties otherwise provided for the violation.

- Subd. 3. [SENTENCING PROCEDURE.] If a person is convicted of or pleads guilty to killing, injuring, or possessing a wild animal in violation of the game and fish laws, the court must require the person to pay restitution to the state for replacement of the wild animal as part of the sentence or state in writing why restitution was not imposed. The court may consider the economic circumstances of the person and, in lieu of monetary restitution, order the person to perform conservation work representing the amount of restitution that will aid the propagation of wild animals. If the court does not order a person to pay restitution, the court administrator must send a copy of the court order to the commissioner.
- Subd. 4. [AMOUNT OF RESTITUTION.] The amount of restitution shall be determined by the court by a preponderance of the evidence. In determining the amount of restitution, the court must consider the value of the wild animal under section 3.
- Subd. 5. [RESTITUTION CREDITED TO GAME AND FISH FUND.] The court administrator shall forward restitution collected under this section to the commissioner of finance and the commissioner shall credit all money forwarded to the game and fish fund in the state treasury.
  - Sec. 3. [97A.345] [RESTITUTION VALUE OF WILD ANIMALS.]
- (a) The commissioner may, by rules adopted under chapter 14, prescribe the dollar value to the state of species of wild animals. The value may reflect the value to other persons to legally take the wild animal, the replacement cost, or the intrinsic value to the state of the wild animals. Species of wild animals with similar values may be grouped together.
- (b) The value of a wild animal under the rules adopted by the commissioner is prima facie evidence of a wild animal's value under section 2.
- (c) The commissioner shall report annually to the legislature the amount of restitution collected under section 2 and the manner in which the funds were expended.

# Sec. 4. [EFFECTIVE DATE.]

Sections 1 and 2 are effective November 1, 1989, and apply to

game and fish law violations committed on or after that date.

Section 3 is effective the day after final enactment."

May 20, 1989

The Honorable Jerome M. Hughes President of the Senate

The Honorable Robert E. Vanasek Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 738, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S. F. No. 738 be further amended as follows:

Delete everything after the enacting clause and insert:

- "Section 1. Minnesota Statutes 1988, section 169.86, subdivision 5, is amended to read:
- Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:
  - (a) \$15 for each single trip permit.
- (b) \$36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight and dimension.
- (c) \$60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:
- (1) refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;
- (2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;
- (3) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;
- (4) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); and

  - (1) truck cranes;
  - (2) construction equipment, machinery, and supplies;
  - (3) manufactured homes;

- (4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);
  - (5) double-deck buses;
  - (6) commercial boat hauling.
- (e) for vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

# Overweight Axle Group Cost Factors

### Cost Per Mile For Each Group Of:

Weight (pounds) exceeding weight limitations on axles	Two consecutive axles spaced within 8 feet or less	Three consecutive axles spaced within 9 feet or less	Four consecutive axles spaced within 14 feet or less
0-2,000	.100.	.040	.036

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

<sup>(</sup>f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

Fee

\$800

Gross Weight (pounds) of vehicle			Annual Permit		
	90,000 or less		. The WE street	\$200	
	90,001 - 100,000			\$300

Subdivision 1. [SPECIAL VEHICLE.] The commissioner may issue a permit for a vehicle that meets the following requirements:

- (a) There must be no more than two support points for the vehicle or for each vehicle of a vehicle combination. The support point of each axle group must be capable of distributing the load equally to each axle of the group with a variance of no more than 3,000 pounds between any two axles of the group.
- (b) The maximum wheel load may not exceed the tire manufacturer's recommended load or the following weight limits, whichever is less:
  - (1) front steering axles, 550 pounds per inch;
  - (2) other single axles, 500 pounds per inch;
  - (3) tandem axles, 450 pounds per inch; and
  - (4) tridem or quad axle groups, 425 pounds per inch.
- (c) The axle group weights must comply with the limitations of section 169.825, subdivision 10.
- (d) The vehicle may not be equipped with a variable load axle, unless the variable load axle cannot be operated from the cab of the vehicle.

- Subd. 2. [PERMIT RESTRICTIONS.] A vehicle operating under a permit issued under this section may not travel on an interstate highway. The permit does not authorize the vehicle to exceed allowable gross weights that restrict travel on a highway or bridge under the authority of the commissioner or a local road authority.
- Sec. 3. Minnesota Statutes 1988, section 219.071, subdivision 2, is amended to read:
- Subd. 2. - (1) money appropriated to the department in the future for the purposes of this section;
- (2) available federal funds allocated for the grade-crossing program established by this section; and
- (3) money acquired by the department by gift, grant, or contribution from any source for purposes of this section.
- Sec. 4. Minnesota Statutes 1988, section 219.072, is amended to read:

# 219.072 [ESTABLISHMENT OF NEW GRADE CROSSINGS.]

The establishment of all new grade crossings must be approved by the commissioner. When establishment of a new grade crossing is desired, either by the public officials having the necessary authority or by the railroad company, and the public officials and the railroad company cannot agree as to need, location, or type of warning devices required, either party may file a petition with the commissioner setting forth the facts and submitting the matter for determination. The commissioner, after notice as the commissioner deems reasonable, shall conduct a hearing and issue an order determining the matters submitted. If the commissioner approves the establishment of a new grade crossing, the commissioner may in the same order direct that the costs, including the costs of the type of warning devices required, be divided between the railroad company and the public authority involved as the parties may agree, or, if they fail to agree, then as determined by the commissioner on the basis of benefit to the users of each. However, the commissioner may

defer determination of the division of costs to a subsequent order to be made on the basis of evidence previously taken.

Sec. 5. Minnesota Statutes 1988, section 222.49, is amended to read:

# 222.49 [RAIL SERVICE IMPROVEMENT ACCOUNT.]

The rail service improvement account is created in the special revenue fund in the state treasury. The commissioner shall deposit in this account all money appropriated to or received by the department for the purpose of rail service improvement, including bond proceeds as authorized by Article XI, Section 5, Clause (i) of the Minnesota Constitution and federal money, but excluding proceeds of state bonds or other funds appropriated to the commissioner from the state transportation fund for the acquisition or betterment of property pertaining to the state rail bank established by section 222.63, and excluding income of the state rail bank and any other funds appropriated for its maintenance or improvement. All money so deposited is appropriated to the department for expenditure for rail service improvement in accordance with applicable state and federal law. This appropriation shall not lapse but shall be available until the purpose for which it was appropriated has been accomplished. No money appropriated to the department for the purposes of administering the rail service improvement program shall be deposited in the rail service improvement account nor shall such administrative costs be paid from the account.

- Sec. 6. Minnesota Statutes 1988, section 222.50, subdivision 4, is amended to read:
- Subd. 4. The commissioner may negotiate and enter into contracts for the purpose of rail line rehabilitation and for the purpose of assisting in the payment of up to 50 percent of the nonfederal share of a rehabilitation project under service improvement and may incorporate funds available from the federal rail service continuation program. The participants in these contracts shall be railroads, rail users and the department, and may be political subdivisions of the state and the federal government. In such contracts, participation by all parties shall be voluntary. The commissioner may provide a portion of the money required to carry out the terms of any such contract by expenditure from the rail service improvement account.
- Sec. 7. Minnesota Statutes 1988, section 222.50, subdivision 5, is amended to read:
- Subd. 5. In making any contract pursuant to subdivision 4 the commissioner may:
  - (a) Stipulate minimum operating standards for rail lines designed

to achieve reasonable transportation service for shippers and to achieve best use of funds invested in rail line rehabilitation;

- (b) Require a portion of the total assistance for improving a rail line to be loaned to the railroad by rail users and require the railroad to reimburse rail users for any loan on the basis of use of the line and the revenues produced when the line has been improved; and
- (c) Determine the terms and conditions under which all or any portion of state funds allocated shall be repaid to the department by the railroads. Reimbursement may be made as a portion of the increased revenue derived from the improved rail line. Any reimbursement received by the department pursuant to this clause shall be deposited in the rail service improvement account and shall be appropriated exclusively for rehabilitating other rail lines in the state pursuant to subdivision 4; and.
- (d) Require, in lieu of reimbursement as provided in clause (e) of this subdivision, that the railroad establish and maintain a separate railroad fund to be used exclusively for rehabilitation of other rail lines in Minnesota, to which a portion of the increase in revenue derived from the improved rail line shall be credited. The terms and conditions for use of money in the fund shall be stipulated in the contract. The contract shall also stipulate a penalty for use of such money in a manner other than as set forth in the contract and require the railroad to report to the department at such times as the commissioner requires, concerning the disbursement of money from the fund and the general status of rail line improvements.
- Sec. 8. Minnesota Statutes 1988, section 222.50, subdivision 7, is amended to read:
- Subd. 7. The commissioner may expend money from the rail service improvement account for the following purposes:
- (a) To pay interest adjustments on loans guaranteed under the state rail user loan guarantee program;
- (b) To pay a portion of the costs of capital improvement projects designed to improve rail service including construction or improvement of short segments of rail line such as side track, team track and connections between existing lines, and construction and improvement of loading, unloading, storage and transfer facilities of a rail user;
- (c) To acquire, maintain, manage and dispose of railroad right-ofway pursuant to subdivision 8 and the state rail bank program;
- (d) To provide for aerial photography survey of proposed and abandoned railroad tracks for the purpose of recording and reestab-

lishing by analytical triangulation the existing alignment of the inplace track;  $\underline{or}$ 

(e) To pay a portion of the costs of acquiring a rail line by a regional railroad authority established pursuant to chapter 398A.

All money derived by the commissioner from the disposition of railroad right-of-way or of any other property acquired pursuant to sections 222.46 to 222.62 shall be deposited in the rail service improvement account.

Sec. 9. Minnesota Statutes 1988, section 222.63, subdivision 8, is amended to read:

Subd. 8. [RAIL BANK MAINTENANCE AND IMPROVEMENT] ACCOUNTS. A special accounts account shall be maintained in the state treasury, designated as the rail bank maintenance account and the rail bank improvement account, to record the receipts and expenditures of the commissioner of transportation for the maintenance and for the acquisition and betterment of rail bank property. Expenditures of proceeds of state transportation bonds and any other amounts appropriated to the commissioner from the state transportation fund shall be recorded in the improvement account. Funds received by the commissioner of transportation from rentals. fees, or charges for the use of rail bank property shall be credited to the maintenance account and used for the maintenance of that property and held as a reserve for maintenance expenses in an amount determined by the commissioner, and amounts received in the maintenance account in excess of the reserve requirements shall be transferred to the rail service improvement account. All proceeds of the sale of abandoned rail lines shall be deposited in the rail service improvement account. The improvement account shall be used only for the acquisition and betterment of abandoned rail lines and right of way. All money to be deposited in those accounts this rail service improvement account as provided in this subdivision is appropriated to the commissioner of transportation for the purposes of this section. The appropriations shall not lapse but shall be available until the purposes for which the funds are appropriated are accomplished.

We, the undersigned conferees for S. F. No. 139, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S. F. No. 139 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 168.123, subdivision 1, is amended to read:

Subdivision 1. [GENERAL REQUIREMENTS; FEES.] The registrar shall issue special license plates to an applicant who served in the active military service in a branch of the armed forces of the United States, was discharged under honorable conditions, and is an owner or joint owner of a motor vehicle included within the definition of a passenger automobile or which is self-propelled recreational equipment, on payment of a fee of \$10 for each set of two plates, payment of the registration tax required by law, and compli-

ance with other laws relating to registration and licensing of motor vehicles and drivers. The additional fee of \$10 is payable for each set of plates, is payable only when the plates are issued, and is not payable in a year in which tabs or stickers are issued instead of number plates. An applicant must not be issued more than two sets of plates for vehicles owned or jointly owned by the applicant.

The veteran shall have a certified copy of the veteran's discharge papers, indicating character of discharge, at the time of application.

Sec. 2. Minnesota Statutes 1988, section 168.125, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE AND DESIGN.] The registrar shall issue special license plates bearing the inscription "EX-POW" to any applicant who is both a former prisoner of war and an owner or joint owner of a motor vehicle upon the applicant's compliance with all the laws of this state relating to the registration and licensing of motor vehicles and drivers. The special license plates shall be of a design and size to be determined by the commissioner. Plates bearing the "EX-POW" inscription may be issued for only one motor vehicle per applicant.

Application for issuance of these plates shall be made at the time of renewal or first application for registration. The application shall include a certification by the commissioner of veterans affairs that the applicant was a member of the military forces of the United States who was captured, separated, and incarcerated by an enemy of the United States during a period of armed conflict.

The applicant shall pay, in addition to the registration tax required by law, a fee for the special license plates issued under this section, in an amount calculated by the commissioner to cover the cost of the license plates. The additional fee is payable only when the plates are issued and no additional fee is payable in any year in which tabs or stickers are issued in lieu of number plates. All fees from the sale of the special license plates shall be paid into the state treasury and credited to the highway user tax distribution fund.

Notwithstanding the provisions of section 168.12, subdivision 1, the special license plates issued under this section may be transferred to another motor vehicle owned or jointly owned by the former prisoner of war upon the payment of a fee of \$5. This fee shall be paid into the state treasury and credited to the highway user tax distribution fund.

Upon the death of a former prisoner of war, the registrar shall continue to issue, upon renewal, the special license plates to a vehicle owned by the surviving spouse of the former prisoner of war. Special license plates issued to a surviving spouse may be trans-

 $\frac{\text{ferred to another vehicle owned by the surviving spouse as provided}}{\text{in this subdivision.}}$ 

For purposes of this section, "motor vehicle" means a passenger automobile, station wagon, pickup truck, motorcycle, or recreational vehicle.

No person shall receive a driver's license unless and until the person surrenders to the department all valid driver's licenses in possession issued to the person by any other jurisdiction. licenses shall be returned by the department to the issuing department together with information that licensee is now licensed in new jurisdiction. No person shall be permitted to have more than one valid driver's license at any time. The operator's permit may be issued to any person who has attained the age of 15 years and who has passed the examination prescribed by the commissioner. The instruction permit may be issued to any person who has attained the age of 15 years and who has successfully completed an approved safety course and passed the written portion of the examination prescribed by the commissioner.

This course must consist of, but is not limited to, a basic understanding of:

A license may be renewed on or before expiration or within one year after expiration upon application, payment of the required fee, and passing the examination required of all drivers for renewal. Driving privileges shall be extended or renewed on or preceding the expiration date of an existing driver's license unless the commissioner believes that the licensee is no longer qualified as a driver.

The expiration date for each provisional under-21 license shall be the 19th 21st birthday of the licensee. Upon the provisional licensee attaining the age of 19 21 and upon the application, payment of the required fee, and passing the examination required of all drivers for renewal, a driver's license shall be issued if the commissioner deems the record of the provisional licensee to be satisfactory unless the commissioner determines that the licensee is no longer qualified as a driver.

The expiration date for each provisional license issued before August 1, 1989, is the 19th birthday of the licensee. When a holder of a provisional license attains the age of 19, requires a duplicate license, or wants to obtain an updated under-21 license, and upon the payment of a \$5 application fee and passing the examination required for renewal, an under-21 driver's license must be issued unless the commissioner believes that the licensee is no longer qualified as a driver. The expiration date of an under-21 license is the person's 21st birthday.

Any valid Minnesota driver's license issued to a person then or subsequently on active duty with the Armed Forces of the United States, or the person's spouse, shall continue in full force and effect without requirement for renewal until 90 days after the date of the person's discharge from such service, provided that a spouse's license must be renewed if the spouse is residing within the state at the time the license expires or within 90 days after the spouse returns to Minnesota and resides within the state.

- (d) Order the child to undergo a chemical dependency evaluation and if warranted by this evaluation, order participation by the child

in an inpatient or outpatient chemical dependency treatment program; or

(e) Perform any other activities or participate in any other treatment programs deemed appropriate by the court.

In all cases where the juvenile court finds that a child has purchased or attempted to purchase an alcoholic beverage in violation of section 340A 503, if the child has a driver's license or permit to drive, and if the child used a driver's license or, permit or Minnesota identification card to purchase or attempt to purchase the alcoholic beverage, the court shall forward its finding in the case and the child's driver's license or permit to the commissioner of public safety. Upon receipt, the commissioner shall revoke suspend the child's license or permit for a period of 30 90 days.

None of the dispositional alternatives described in clauses (a) to (e) shall be imposed by the court in a manner which would cause an undue hardship upon the child.

The comments must include a determination of whether the plan and controls are consistent with the elements in this chapter. The commissioner shall notify the county of its determination. # 40A.10 [APPLICATION FOR CREATION OF EXCLUSIVE AGRICULTURAL USE ZONE PRESERVE.]

Subdivision 1. [CONTENTS.] An eligible person may apply to the county in which the land is located for the creation of an exclusive agricultural use zone preserve on forms provided by the commissioner. In case a zone preserve is located in more than one county, the application must be submitted to the county in which the majority of the land is located. The application must contain at least the following information and other information the commissioner requires:

- (a) Legal description of the area to be designated and parcel identification numbers where designated by the county auditor;
  - (b) Name and address of the owner;
- (c) A witnessed signature of the owner covenanting that the land will be kept in exclusive agricultural use and will be used in accordance with the provisions of this chapter that exist on the date of application; and
- (d) A statement that the restrictive covenant will be binding on the owner or the owner's successor or assignee, and will run with the land.

In the case of registered property, the owner shall submit the owner's duplicate certificate of title along with the application.

- Subd. 2. [REVIEW AND NOTICE.] Upon receipt of an application, the county shall determine if all material required by subdivision 1 has been submitted and, if so, shall determine that the application is complete. When used in this chapter, the term "date of application" means the date the application is determined to be complete by the county. The county shall send a copy of the application to the county assessor, the regional development commission, where applicable, and the soil and water conservation district where the land is located. The district shall prepare an advisory statement of existing and potential conservation problems in the zone. The district shall send the statement to the owner of record and to the commissioner. A copy of the application and a legal description of the property must also be sent to the commissioner.
- Subd. 3. - Subd. 6. [MAPS.] The commissioner shall maintain agricultural preserve maps illustrating land covenanted as agricultural preserves.
- Sec. 4. Minnesota Statutes 1988, section 40A.11, subdivision 4, is amended to read:

Designation as an exclusive agricultural use zone preserve and the benefits and limitations contained in this chapter and the restrictive covenant filed with the application cease on the date of expiration. In the case of registered property, the county recorder shall cancel the restric-

tive covenant upon the certificate of title and the owner's duplicate certificate of title on the effective date of the expiration.

# Sec. 6. [40A.18] [LAND USE.]

Subdivision 1. [AGRICULTURAL PRODUCTION.] Land within an agricultural preserve must be maintained for agricultural production. The average maximum density of residential structures within an agricultural preserve and the location of a new structure must conform to locally applicable plan or zoning regulations. Commercial and industrial uses are not permitted except as provided in subdivision 2 after the user is issued a permit by the local government. The local government is responsible for enforcing this section.

- Subd. 2. [ALLOWED COMMERCIAL AND INDUSTRIAL OPER-ATIONS.] Commercial and industrial operations are not allowed on land within an agricultural preserve except:
- (1) small on-farm commercial or industrial operations normally associated with and important to farming in the agricultural preserve area;
- (3) small commercial use of existing farm buildings for trades not disruptive to the integrity of the agricultural preserve such as a carpentry shop, small scale mechanics shop, and similar activities that a farm operator might conduct.

"Existing" in clauses (2) and (3) means existing on August 1, 1989.

Subd. 3. [DENSITY RESTRICTION AFTER SUBDIVISION.] If a separate parcel is created for a residential structure, commercial, or industrial use permitted under subdivision 1, the parcel is no longer an agricultural preserve unless the eligibility requirements of section 40A.09 and any county eligibility requirements are met. However, the separate parcel must remain under the maximum

residential density restrictions in effect for the original preserve at the time it was placed into the preserve until the agricultural preserve status for the original parcel ends.

Sec. 7. [40A.19] [TRANSFER FROM AGRICULTURAL PROPERTY TAX LAW TREATMENT.]

When land which has been receiving the special agricultural valuation and tax deferment provided in section 273.111 becomes an agricultural preserve under sections 40A.02 to 40A.17, the recapture of deferred tax and special assessments as provided in section 273.111, subdivisions 9 and 11, may not be made. Special assessments deferred under section 273.111, at the date of commencement of the preserve, must continue to be deferred for the duration of the preserve. All these deferred special assessments are payable within 90 days of the date of expiration unless other terms are mutually agreed upon by the authority and the owner. In the event of early termination of a preserve or a portion of it under section 40A.11, subdivision 5, all special assessments accruing to the terminated portion plus interest are payable within 90 days of the date of termination unless otherwise deferred or abated by executive order of the governor. The assessor shall indicate the amount of the property tax reduction on the property tax statement of each taxpayer receiving a credit under this section. The credit paid pursuant to this section shall be deducted from the tax due on the property before computation of the homestead credit paid pursuant to section 273.13 and the state agricultural credit paid pursuant to section 124.2137.

Subd. 2. [REIMBURSEMENT FOR LOST REVENUE.] The county may transfer money from the county conservation account

created in section 40A.152 to the county revenue fund to reimburse the fund for the cost of the property tax credit. [ESTABLISHMENT OF PROGRAM.] The board, in consultation with the commissioner of agriculture, in consultation with and the commissioner of natural resources, shall establish and administer a conservation reserve program. The commissioner of agriculture shall contract with the board of water and soil resources to shall implement sections 40.40 to 40.44. Selection of land for the conservation reserve program must be based on its potential for fish and wildlife production, reducing erosion, and protecting water quality.

- Subd. 2. [ELIGIBLE LAND.] Land may be placed in the conservation reserve program if the land:
  - (1)(a) is marginal agricultural land, or
- $(\underline{b})$  is adjacent to marginal agricultural land and is either beneficial to resource protection or necessary for efficient recording of the land description, or
  - (c) consists of a drained wetland, or
- (d) is land that with a windbreak would be beneficial to resource protection, including wildlife habitat and wind erosion control, or
  - (e) is cropland in a sensitive groundwater area, or
  - (f) is cropland adjacent to public waters, or
  - (g) is a woodlot on agricultural land, or
- (h) is an area of abandoned buildings on agricultural land, provided that no funds are used for compensation for the value of the buildings, or
  - (i) is land on a hillside used for pasture.

Cropland adjacent to the restored wetland wetlands may also be enrolled to the extent of up to four acres of cropland for each acre of wetland restored;

- (2) was owned by the landowner on January 1, 1985, or was owned by the landowner, or a parent or other blood relative of the landowner, for at least three years one year before the date of application;
- (3) is at least five acres in size, except for a windbreak, or is a whole field as defined by the United States Agricultural Stabilization and Conservation Services;
- (4) is not set aside, enrolled or diverted under another federal or state government program; and
- (5) was in agricultural crop production for at least two years during the period 1981 to 1985, except drained wetlands, or land on a hillside used for pasture. In selecting drained wetlands for enrollment in the program, the highest priority must be given to wetlands with a cropping history during the period 1976 to 1985.

The enrolled land of a landowner may not exceed 20 percent of the landowner's total agricultural land acreage in the state, if the landowner owns at least 200 acres of agricultural land as defined by section 500.24, subdivision 2. If a landowner owns less than 200 acres of agricultural land the amount that may be enrolled in the conservation reserve is:

- (a) all agricultural land owned, if 20 acres or less; or
- (b) if the total agricultural land owned is more than 20 acres but less than 200 acres, 20 acres plus ten percent of the balance of the agricultural land.

In selecting land for enrollment in the program, highest priority must be given to permanent easements that are consistent with the purposes stated in section 40.41.

- Subd. 3. [CONSERVATION EASEMENTS.] The eommissioner board may acquire conservation easements on eligible land. An easement may be permanent or of limited duration. An easement acquired on land for windbreak purposes, under subdivision 2, clause (d), may be only of permanent duration. An easement of limited duration may not be acquired if it is for a period less than 20 years. The negotiation and acquisition of easements authorized by this section are exempt from the contractual provisions of chapter 16B.
- Subd. 4. [NATURE OF PROPERTY RIGHTS ACQUIRED.] (a) A conservation easement must prohibit:
- (1) alteration of wildlife habitat and other natural features, unless specifically approved by the commissioner board;

- (2) agricultural crop production, unless specifically approved by the commissioner board for wildlife management purposes;
- (3) grazing of livestock unless approved by the <del>commissioner</del> board after consultation with the commissioner of natural resources, in the case of severe drought, or a local emergency declared under section 12.29; and
- (4) spraying with chemicals or mowing, except as necessary to comply with noxious weed control laws or emergency control of pests necessary to protect public health.
- (b) A conservation easement is subject to the terms of the agreement provided in subdivision 5.
- (c) A conservation easement must allow repairs, improvements, and inspections necessary to maintain public drainage systems provided the easement area is restored to the condition required by the terms of the conservation easement.
- Subd. 5. [AGREEMENTS BY LANDOWNER.] The commissioner board may enroll eligible land in the conservation reserve program by signing an agreement in recordable form with a landowner in which the landowner agrees:
- (1) to convey to the state a conservation easement that is not subject to any prior title, lien, or encumbrance;
- (2) to seed the land subject to the conservation easement, as specified in the agreement, to establish and maintain perennial cover of either a grass-legume mixture or native grasses for the term of the easement, at seeding rates determined by the commissioner board; or to plant trees or carry out other long-term capital improvements approved by the commissioner board for soil and water conservation or wildlife management;
- (3) to restore any drained wetland and to convey to the state a permanent easement for the wetland restoration;
- (4) that other land supporting natural vegetation owned or leased as part of the same farm operation at the time of application, if it supports natural vegetation or has not been used in agricultural crop production, will not be converted to agricultural crop production or pasture; and
- (5) to the enforcement of the terms of the easement and agreements in this subdivision by an action for specific performance, a mandatory injunction, or for damages in an amount not to exceed the total amount paid by the state to the landowner under subdivi-

- sion 6, with interest from the date of each default under the agreement, and
- (6) that the easement duration may be lengthened through mutual agreement with the board in consultation with the commissioners of agriculture and natural resources if they determine that the changes effectuate the purpose of the program or to facilitate its administration.
- Subd. 6. [PAYMENTS FOR CONSERVATION EASEMENTS AND ESTABLISHMENT OF COVER.] The commissioner board must make the following payments to the landowner for the conservation easement and agreement:
- (1) to establish the perennial cover or other improvements required by the agreement, up to 75 percent of the total eligible cost not to exceed \$75 per acre for limited duration easements, and 100 percent of the total eligible cost not to exceed \$100 per acre for perpetual easements and 100 percent of the total eligible cost of wetland restoration not to exceed \$300 per acre;
- (2) for the cost of planting trees required by the agreement, up to 75 percent of the total eligible cost not to exceed \$200 per acre for limited duration easements, and 100 percent of the total eligible cost not to exceed \$300 per acre for perpetual easements;
- (3) for a permanent easement, 70 percent of the township average equalized estimated market value of agricultural property as established by the commissioner of revenue at the time of easement application;
- (4) for an easement of limited duration, 90 percent of the present value of the average of the accepted bids for the federal conservation reserve program, as contained in Public Law Number 99-198, in the relevant geographic area and on bids accepted at the time of easement application; or
- (5) an alternative payment system for easements based on cash rent or a similar system as may be determined by the commissioner board.

For hillside pasture conservation easements, the payments to the landowner for the conservation easement and agreement must be reduced to reflect the value of similar property.

Subd. 7. [PAYMENT LIMITS AND ELIGIBILITY.] (a) The commissioner board may not pay more than \$50,000 to a landowner for all the landowner's conservation easements and agreements acquired by the board under this section, excluding payments received

to establish cover and other supporting conservation measures on the enrolled area under subdivision 6, clauses (1) and (2).

- (b) Notwithstanding any other provision of law, no individual may receive a total amount of payments, not including payments to establish cover pursuant to subdivision 6, clauses (1) and (2), exceeding \$50,000 during the individual's lifetime. For purposes of calculating the payment cap, payments made to legal entities other than individuals must be allocated to each individual according to their interest in the legal entity receiving the payment.
- (c) A minor child and the child's parents or guardian must be considered as one individual, except that a minor person may be considered a separate individual if the person has established and maintains a different household from the person's parents or guardian and personally carries out the actual farming operations on the farm for which there is a separate accounting. A person is a minor person until the person reaches 18 years of age.
- Subd. 78. [EASEMENT RENEWAL.] When a conservation easement of limited duration expires, a new conservation easement and agreement for an additional period of not less than 20 years may be acquired by agreement of the commissioner board and the landowner, under the terms of this section. The commissioner board may adjust payment rates as a result of renewing an agreement and conservation easement only after examining the condition of the established cover, conservation practices, and land values.
- Subd. 8 9. [CORRECTION OF CONSERVATION EASEMENT BOUNDARY LINES.] To correct errors in legal descriptions for easements obtained that affect the ownership interests in the state and adjacent landowners, the commissioner may, in the name of the state, with the approval of the attorney general, convey, without consideration, interests of the state necessary to correct legal descriptions of boundaries. The conveyance must be by quitclaim deed or release in a form approved by the attorney general.
- Subd. 10. [ENFORCEMENT AND DAMAGES.] (1) A landowner who violates the terms of a conservation easement or agreement under this section, or induces, assists, or permits another to do so, is liable to the state for treble damages if the trespass is willful, but liable for double damages only if the trespass is not willful. The amount of damages is the amount needed to make the state whole or the amount the landowner has gained due to the violation, whichever is greater.
- (2) Upon the request of the board, the attorney general may commence an action for specific performances, injunctive relief, damages, and any other appropriate relief, including attorney fees, to enforce sections 40.41 to 40.45 in district court in the county where all or part of the violation is alleged to have been committed,

or where the landowner resides or has a principal place of business.

Any action brought under this section must be heard and determined by a judge sitting without a jury.

Sec. 3. Minnesota Statutes 1988, section 40.44, is amended to read:

40.44 [COOPERATION AND TECHNICAL ASSISTANCE; SUP-PLEMENTAL CONSERVATION PAYMENT.]

Subdivision 1. [COOPERATION.] In implementing sections 40.41 to 40.44 the commissioner board must share information and cooperate with the department of agriculture, the department of natural resources, the pollution control agency, the United States Fish and Wildlife Service, the Agricultural Stabilization and Conservation Service and Soil Conservation Service of the United States Department of Agriculture, the Minnesota extension service, the University of Minnesota, county boards, and interested private organizations and individuals.

- Subd. 2. [TECHNICAL ASSISTANCE.] The commissioners board and the commissioner of agriculture and natural resources must provide necessary technical assistance to landowners enrolled in the conservation reserve program. The commissioner of natural resources must provide technical advice and assistance to the commissioner board on (1) the form and content of the conservation easement and agreement; (2) forestry and agronomic practices; and (3) hydrologic and hydraulic design relating to the establishment and maintenance of permanent cover, or other conservation improvements. The commissioner of transportation must provide technical advice and assistance to the commissioners board and the commissioner of agriculture and natural resources on the planting of windbreaks adjacent to highways. The commissioners of agriculture board and commissioner of natural resources shall jointly prepare an informational booklet on the conservation reserve program and other state and federal programs for land acquisition, conservation, and retirement to be made available to eligible landowners and the general public.
- Subd. 3. [SUPPLEMENTAL CONSERVATION PAYMENTS.] The eommissioner board may supplement payments made under federal land retirement programs to the extent of available appropriations other than bond proceeds. The supplemental payments must be used to establish perennial cover on land enrolled or increase payments for land enrollment in programs approved by the eommissioner board, including the federal conservation reserve program and federal and state waterbank program.
- Subd. 4. [FOOD PLOTS AND WINDBREAKS.] The board, in cooperation with the commissioner of natural resources, may authorize wildlife food plots on land with windbreaks.

Sec. 4. Minnesota Statutes 1988, section 40.45, is amended to read:

## 40.45 [RULEMAKING.]

The commissioner board may adopt emergency rules to implement Laws 1987, chapter 357. The emergency rules adopted on August 27, 1986, shall remain in effect until December 31, 1987, or until amended or replaced by emergency or permanent rules sections 40.41 to 40.45. The rules must include standards for tree planting so that planting does not conflict with existing electrical lines, telephone lines, rights-of-way, or drainage ditches.

- Sec. 5. Minnesota Statutes 1988, section 84.95, subdivision 2, is amended to read:
- Subd. 2. [PURPOSES AND EXPENDITURES.] Money from the reinvest in Minnesota resources fund may only be spent for the following fish and wildlife conservation enhancement purposes:

Subdivision 1. Any person, firm, or corporation engaged in the business of transporting motor vehicles owned by another, by delivering, by drive-away or towing methods, either singly or by means of the full mount method, the saddle mount method, the tow bar method, or any other combination thereof, and under their own power, vehicles over the highways of the state from the manufacturer or any other point of origin, to any point of destination, within or without the state, shall make application to the registrar for a drive-away in transit license. This application for annual license shall be accompanied by a registration fee of \$250 and contain such information as the registrar may require. Upon the filing of the application and the payment of the fee, the registrar shall issue to each drive-away operator a general distinguishing number, which number must be carried and displayed on the power unit consistent with section 169.79 and such number shall remain on the vehicle while being operated within the state. Upon payment of a \$10 fee the registrar shall license the applicant as a dealer for the remainder of the calendar year in which the application was received. The registrar shall issue to each. dealer, upon request of the dealer, dealer plates as provided in subdivision 16 upon payment of \$3 \$5 for each plate, and the plates may be used in the same manner and for the same purposes as is provided in subdivision 16. That the Senate recede from its amendment and that H. F. No. 654 be further amended as follows:

Delete everything after the enacting clause and insert:

# "ARTICLE 1 GENERAL EDUCATION REVENUE

Section 1. Minnesota Statutes 1988, section 16A.1541, is amended to read:

# 16A.1541 [ADDITIONAL REVENUES; PRIORITY.]

If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget and cash flow reserve account until the total amount in the account equals \$550,000,000 five percent of total general fund appropriations for the current biennium as established by the most recent legislative session after reducing the property tax levy recognition percent under section 121.904, subdivision 4a to 27 percent.

The amounts necessary to meet the requirements of this section are appropriated from the general fund.

- Sec. 2. Minnesota Statutes 1988, section 124.19, subdivision 5, is amended to read:
- Subd. 5. [SCHEDULE ADJUSTMENTS.] (a) It is the intention of the legislature to encourage efficient and effective use of staff and facilities by school districts. School districts are encouraged to consider both cost and energy saving measures.
- (b) Notwithstanding the provisions of subdivision 1 or 4, any district, including a district operating a program pursuant to sections 120.59 to 120.67 or 129B.42 to 129B.47, or operating a commissioner-designated area learning center program under section 129B.56, or that otherwise receives the approval of the commissioner to operate its instructional program to avoid an aid reduction in any year, may adjust the annual school schedule for that program throughout the calendar year so long as the number of instructional hours in the year is not less than the number of instructional hours per day specified in the rules of the state board multiplied by the minimum number of instructional days required by subdivision 1.
- Sec. 3. Minnesota Statutes 1988, section 124.19, is amended by adding a subdivision to read:
- Subd. 7. [ALTERNATIVE PROGRAMS.] (a) This subdivision applies to an alternative program that has been approved by the state board of education pursuant to Minnesota Rules, part 3500.3500, as exempt from Minnesota Rules, part 3500.1500, requiring a school day to be at least six hours in duration.
- (b) To receive general education revenue for a pupil in an alternative program, a school district must meet the requirements in this paragraph. The program must be approved by the commissioner of education. In approving a program, the commissioner may use the process used for approving state designated area learning centers under section 129B.56.
- (c) In addition to the requirements in paragraph (b), to receive general education revenue for a pupil in an alternative program that has an independent study component, a school district must meet the requirements in this paragraph.

For a course having an independent study component, the pupil must complete coursework and receive credit for each course for which the aid is claimed.

The school district must develop with the pupil a continual

learning plan for the pupil. A district must allow a minor pupil's parent or guardian to participate in developing the plan, if the parent or guardian wants to participate. The plan must identify the learning experiences and expected outcomes needed for satisfactory credit for the year and for graduation. The plan must be updated each year.

General education revenue for a pupil in an approved alternative program without an independent study component must be prorated for a pupil participating for less than a full school year, or its equivalent.

General education revenue for a pupil in an approved alternative program that has an independent study component must be prorated for a pupil receiving fewer than six credits in a year.

For an alternative program having an independent study component, the commissioner shall require a description of the courses in the program, the kinds of independent study involved, the expected learning outcomes of the courses, and the means of measuring student performance against the expected outcomes.

A credit for a year in an approved alternative program shall, for the purposes of audit, be considered to be 170 hours of teacher contact time and independent study time.

Sec. 4. Minnesota Statutes 1988, section 124A.03, subdivision 2, is amended to read:

[REFERENDUM LEVY.] (1) (a) The levy authorized by section 124A.23, subdivision 2, may be increased in any the amount that is approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only two elections may be held to approve a levy increase that will commence in a specific school year. FTE's per square mile transported by the district in the regular transportation category, or (b) 200;

- (2) whether the district is nonrural, based upon criteria established by the department of education; and
- (3) the logarithm of the percentage of all FTE's transported in the regular category using buses that are not owned by the district.
- (b) To predict the logarithm of the base cost for each district according to subdivision 3 for the 1986-1987 and 1987-1988 base year and thereafter, years the multiple regression formula shall use the following terms for each district:
  - (1) the logarithm of the lesser of:
  - (A) 200; or
  - (B) the quotient obtained by dividing the sum of:
- (i) the number of FTE pupils transported in the regular category in the base year, plus
- (ii) the number of secondary FTE pupils transported to and from school in the base year who live more than one mile but less than two miles from the public school that they could attend or from the nonpublic school actually attended, plus
- (iii) the number of FTE pupils residing less than one mile from school who were transported to and from school in the base year because of extraordinary traffic hazards in the excess category in the base year,
  - (C) by the area of the district in square miles;
- (2) whether the district is nonrural, based upon criteria established by the department of education; and
- (3) the logarithm of the percentage of all FTE's transported in the regular category using buses that are not owned by the district.
- Subd. 7a. [BASE YEAR SOFTENING FORMULA.] Each district's predicted base cost determined for each school year the 1986-1987 and 1987-1988 base years according to subdivision 3 shall be adjusted as provided in this elause subdivision to determine the district's adjusted authorized predicted cost per FTE for that year.
- (a) If the base cost of the district is within five percent of the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to the base cost.

- (b) If the base cost of the district is more than five percent greater than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 105 percent of the predicted base cost, plus 40 percent of the difference between (i) the base cost, and (ii) 105 percent of the predicted base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be less than 80 percent of base cost.
- (c) If the base cost of the district is more than five percent less than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 95 percent of the predicted base cost, minus 40 percent of the difference between (i) 95 percent of predicted base cost, and (ii) the base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be more than 120 percent of base cost.
- (d) For the 1988-1989 base year and later years, each district's predicted base cost determined according to subdivision 3a must be adjusted as provided in this subdivision to determine the district's adjusted predicted base cost for that year. The adjusted predicted base cost equals 50 percent of the district's base cost plus 50 percent of the district's predicted base cost, but the adjusted predicted base cost cannot be less than 80 percent, nor more than 110 percent, of the base cost.
- Subd. 7b. [INFLATION FACTORS.] The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by 6.0 percent to determine the district's aid entitlement per FTE for the 1986-1987 school year, by 4.9 percent to determine the district's aid entitlement per FTE for the 1987-1988 school year, and by 4.1 percent to determine the district's aid entitlement per FTE for the 1988-1989 school year, and by 5.8 percent to determine the district's regular transportation allowance for the 1989-1990 school year. The adjusted predicted base cost determined for a district under subdivision 7a for the base year must be increased by 5.4 percent to determine the district's regular transportation allowance for the 1990-1991 school year, but the regular transportation allowance for a district cannot be less than the district's minimum regular transportation allowance according to subdivision 1, paragraph (t).
- Subd. 7c. [TRANSPORTATION REVENUE.] Beginning in the 1990-1991 school year, the transportation revenue for each district equals the sum of the district's regular transportation revenue and the district's nonregular transportation revenue.
- $\begin{array}{c} \textbf{(a) The regular transportation} \\ \underline{\textbf{district's regular transportation}} \\ \underline{\textbf{The sum of the number of FTE's transported}} \\ \underline{\textbf{to subdivision}} \\ \underline{\textbf{The regular and desegregation}} \\ \underline{\textbf{categories in the regular and desegregation}} \\ \underline{\textbf{categories in the current school year.}} \\ \end{array}$

- (b) The nonregular transportation revenue for each district equals the district's actual cost in the current school year for nonregular transportation services, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation category in the current school year.
- Subd. 8a. [TRANSPORTATION AID.] (a) For the 1988-1989 school year and thereafter 1989-1990 school years, a district's transportation aid is equal to the sum of its basic transportation aid under subdivision 8b, its nonregular transportation aid under subdivision 8i, and its nonregular transportation levy equalization aid under subdivision 8j, minus its contracted services aid reduction under subdivision 8k and minus its basic transportation levy limitation for the levy attributable to that school year under section 275.125, subdivision 5.
- (b) For  $\underline{1990\text{-}1991}$  and  $\underline{later\ school}\ \underline{years},\ \underline{a}\ \underline{district's}\ \underline{transportation\ aid\ equals\ the\ product\ of:}$
- $\underbrace{(1)}_{\begin{subarray}{c} \begin{subarray}{c} \begin{subarray}$
- (i) the maximum basic transportation levy for that school year under section 275.125, subdivision 5, plus
- (ii) the maximum nonregular transportation levy for that school year under section 275.125, subdivision 5c, plus
  - (iii) the contracted services aid reduction under subdivision 8k,
- (2) times the ratio of the sum of the actual amounts levied under section 275.125, subdivisions 5 and 5c, to the sum of the maximum levies under section 275.125, subdivisions 5 and 5c.
- (c) If the total appropriation for transportation aid for any fiscal year is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the transportation levy of off-formula districts in the same proportion.

Subd. 8b. [BASIC AID COMPUTATION.] A district's basic transportation aid pursuant to this section for each school year the 1988-1989 and 1989-1990 school years shall equal the district's aid entitlement per FTE determined according to subdivision 7b, times the total number of authorized FTE's transported in the regular category in the district in the eurrent school year.

Subd. 8i. [NONREGULAR TRANSPORTATION AID.] (a) A dis-

trict's nonregular transportation aid shall be determined according to this subdivision.

- (b) For the 1986-1987 and 1987-1988 school years, nonregular transportation aid shall equal (1) 20 percent of the first \$10 of actual cost in the current year for nonregular transportation services per total pupil unit, plus 40 percent of the next \$10 of actual cost in the current year for nonregular transportation services per total pupil unit, plus 60 percent of the actual cost in the current year for nonregular transportation services per total pupil unit which exceeds \$20, times (2) the number of total pupil units in the district in the current year.
- (e) For the 1988-1989 and 1989-1990 school year and thereafter years, nonregular transportation aid equals (1) 60 percent of the actual cost in the current year for nonregular transportation services per total pupil unit which exceeds \$30, times (2) the number of total pupil units in the district in the current year.
- Subd. 8j. [NONREGULAR TRANSPORTATION LEVY EQUAL-IZATION AID.] For the 1984-1985 school year and each year thereafter 1988-1989 and 1989-1990 school years, a district's non-regular transportation levy equalization aid shall be determined pursuant to this subdivision.
- (a) Unreimbursed nonregular transportation revenue shall equal the actual cost in the <u>eurrent school</u> year for nonregular transportation services, minus the district's nonregular transportation aid computed pursuant to subdivision 8i.
- (b) The nonregular transportation levy is the levy authorized by section 275.125, subdivision 5c.
- (c) Nonregular transportation levy equalization aid for a district shall equal the product of (1) its unreimbursed nonregular transportation revenue, minus the nonregular transportation levy limitation for that year, times (2) the ratio of the district's actual nonregular transportation levy to its nonregular transportation levy limitation.
- Subd. 8k. [CONTRACTED SERVICES AID REDUCTION.] (a) For the 1984-1985 school year and each year thereafter, each district's transportation aid shall be reduced according to the provisions of this subdivision, if the district contracted for some or all of the transportation services provided in the regular category.
- (b) For the 1988-1989 and 1989-1990 school years, the department of education shall compute this subtraction by conducting the multiple regression analysis specified in subdivision 3 and computing the district's aid under two circumstances, once including the coefficient of the factor specified in subdivision 4b, clause (3), and

once excluding the coefficient of that factor. The aid subtraction shall equal the difference between the district's aid computed under these two circumstances.

(c) For 1990-1991 and later school years, the department of education shall determine the subtraction by computing the district's regular transportation revenue under two circumstances, once including the factor specified in subdivision 3a, clause (c), and once excluding the factor. The aid subtraction equals the difference between the district's revenue computed under the two circumstances.

Subd. 8l. [ALTERNATIVE ATTENDANCE PROGRAMS.] A district that serves enrolls nonresident pupils in programs under sections 120.062, 120.075, 120.0751, 120.0752, 123.3515, 126.22, and 129B.52 to 129B.55 shall provide authorized transportation to the pupil within the attendance area for the school that the pupil attends. The state shall pay transportation aid attributable to the pupil to the serving nonresident district according to this section. The resident district of the pupil's residence need not provide or pay for transportation between the pupil's residence and the district's border.

Subd. 9. [DISTRICT REPORTS.] Each district shall report data to the department as required by the department to implement the transportation aid formula. If a district's final transportation aid payment is adjusted after the final aid payment has been made to all districts, the adjustment shall be made by increasing or decreasing the district's aid for the next fiscal year.

Subd. 10. [DEPRECIATION.] Any school district which that owns school buses or mobile units shall transfer annually from the undesignated fund balance account in its transportation fund to the reserved fund balance account for bus purchases in its transportation fund at least an amount equal to 12½ percent of the original cost of each type one or type two bus or mobile unit until the original cost of each type one or type two bus or mobile unit is fully amortized, plus 20 percent of the original cost of each type three bus included in the district's authorized cost under the provisions of subdivision 1, elause paragraph (b), clause (4), until the original cost of each type three bus is fully amortized, plus 331/3 percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized; provided, if the district's transportation aid or levy is reduced pursuant to subdivision 8a because the appropriation for that year is insufficient, this amount shall be reduced in proportion to the reduction pursuant to subdivision 8a as a percentage of the sum of

(1) the district's total transportation aid without the reduction pursuant to subdivision 8a, plus

- (2) the district's basic transportation levy limitation under section 275.125, subdivision 5, plus
- (3) the district's contract services aid reduction under subdivision 8k, plus
- (4) the district's nonregular transportation levy limitation under section 275.125, subdivision 5e district's transportation revenue under subdivision 7c.
- Sec. 4. Minnesota Statutes 1988, section 275.125, subdivision 5, is amended to read:
- Subd. 5. [BASIC TRANSPORTATION LEVY.] Each year, a school district may levy for school transportation services an amount not to exceed the amount raised by the basic transportation tax capacity rate times the adjusted gross tax capacity of the district for the preceding year. The commissioner of revenue shall establish the basic transportation tax capacity rate and certify it to the commissioner of education by September 1 of each year for levies payable in the following year. The basic transportation tax capacity rate shall be a rate, rounded up to the nearest hundredth of a mill percent, that, when applied to the adjusted gross tax capacity of taxable property for all districts, raises the amount specified in this subdivision. The basic transportation tax capacity rate for transportation for the 1990 fiscal year shall be the rate that raises \$72,681,200 \$82,063,200 for fiscal year 1991 and \$86,166,400 for subsequent fiscal years. The basic transportation tax capacity rate certified by the commissioner of revenue must not be changed due to changes or corrections made to a district's adjusted gross tax capacity after the tax capacity rate has been certified.
- Sec. 5. Minnesota Statutes 1988, section 275.125, subdivision 5b, is amended to read:
- Subd. 5b. [TRANSPORTATION LEVY OFF-FORMULA AD-JUSTMENT.] (a) In any the 1989 and 1990 fiscal year years, if the basic transportation levy under subdivision 5 in a district attributable to a particular the fiscal year exceeds the transportation aid computation under section 124.225, subdivisions 8b, 8i, 8j, and 8k, the district's levy limitation shall be adjusted as provided in this subdivision. In the year following each next fiscal year, the district's transportation levy shall be reduced by an amount equal to the difference between (1) the amount of the basic transportation levy under subdivision 5, and (2) the sum of the district's transportation aid computation pursuant to section 124.225, subdivisions 8b, 8i, 8j, and 8k, and the amount of any subtraction made from special state aids pursuant to section 124.2138, subdivision 2, less the amount of any aid reduction due to an insufficient appropriation as provided in section 124.225, subdivision 8a.

- (b) For 1991 and later fiscal years, in a district if the basic transportation levy under subdivision 5 attributable to that fiscal year is more than the difference between (1) the district's transportation revenue under section 124.225, subdivision 7c, and (2) the sum of the district's maximum nonregular levy under subdivision 5c and the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a, the district's transportation levy in the next fiscal year must be reduced by the amount of the excess.
- Sec. 6. Minnesota Statutes 1988, section 275.125, subdivision 5c, is amended to read:
- Subd. 5c. [NONREGULAR TRANSPORTATION LEVY.] A school district may also make a levy for unreimbursed nonregular transportation costs pursuant to this subdivision. The amount of the levy shall not exceed the product of:
- (a) the district's unreimbursed nonregular transportation revenue determined pursuant to section 124.225, subdivision 8j, clause (a), times
  - (b) the lesser of

- (ii) the ratio of the district's adjusted gross tax capacity for the preceding year per total pupil unit in the school year to which the levy is attributable, to \$83,800. be the result of the following computation:
  - (a) multiply
- (1) the amount of the district's nonregular transportation revenue under section 124.225, subdivision 7c that is more than the product of \$30 times the district's actual pupil units, by
  - (2) 60 percent;
- (b) <u>subtract</u> the <u>result</u> in <u>clause</u> (a) from the <u>district's</u> total nonregular transportation revenue;
- (c) multiply the result in clause (b) by the lesser of one or the ratio of (i) the quotient derived by dividing the adjusted gross tax capacity of the district for the year before the year the levy is certified by the actual pupil units in the district for the school year to which the levy is attributable, to (ii) \$9,722.

Sec. 7. Minnesota Statutes 1988, section 275.125, subdivision 5e, is amended to read:

Subd. 5e. [EXCESS TRANSPORTATION LEVY.] A school district may make a levy for excess transportation costs according to this subdivision. The amount of the levy shall be the result of the following computation:

- (a) Multiply the lesser of (1) the regular transportation allowance for the fiscal year to which the levy is attributable, or (2) the base cost computed using data for the current school fiscal year according to section 124.225, subdivision 1, paragraph (i) to which the levy is attributable, by the sum of the number of secondary FTE pupils transported to and from school in the current year who live more than one mile but less than two miles from the public school which they could attend or the nonpublic school actually attended, plus the number of FTE pupils residing less than one mile from school who were transported to and from school in the current year due to extraordinary traffic hazards number of weighted FTE pupils transported in the excess category in the district in the current school year.
- (b) Add to the result in paragraph (a) the actual cost in the eurrent fiscal year to which the levy is attributable of other related services that are necessary because of extraordinary traffic hazards.

## ARTICLE 3

## SPECIAL PROGRAMS

Section 1. Minnesota Statutes 1988, section 120.17, subdivision 3, is amended to read:

Subd. 3. [RULES OF THE STATE BOARD.] The state board shall promulgate rules relative to qualifications of essential personnel, courses of study, methods of instruction, pupil eligibility, size of classes, rooms, equipment, supervision, parent consultation, and any other rules it deems necessary for instruction of handicapped children. These rules shall provide standards and procedures appropriate for the implementation of and within the limitations of subdivisions 3a and 3b. These rules shall also provide standards for the discipline, control, management and protection of handicapped children. The state board shall not adopt rules for pupils served in level 1, 2, or 3, as defined in Minnesota Rules, part 3525.2340,

establishing either case loads or the maximum number of pupils that may be assigned to special education teachers. The state board, in consultation with the departments of health and human services. shall adopt permanent rules for instruction and services for children under age five and their families. Until June 30, 1988, a developmental achievement center under contract to a school district to provide special instruction and services is eligible for variance from rules relating to personnel licensure. Until June 30, 1988, the licensure variance for a developmental achievement center shall be granted according to the same procedures and criteria used for granting a variance to a school district. The state board shall adopt rules to determine eligibility for special education services. The rules shall include procedures and standards by which to grant variances for experimental eligibility criteria. The state board shall, according to section 14.05, subdivision 4, notify a district applying for a variance from the rules within 45 calendar days of receiving the request whether the request for the variance has been granted or denied. If a request is denied, the board shall specify the program standards used to evaluate the request and the reasons for denying. the request.

- Sec. 2. Minnesota Statutes 1988, section 120.17, subdivision 3b, is amended to read:
- Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment, and educational placement of handicapped children:
  - (a) Parents and guardians shall receive prior written notice of:
- (1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child;
- (2) a proposed placement of their child in, transfer from or to, or denial of placement in a special education program; or
- (3) the proposed provision, addition, denial or removal of special education services for their child;
- (b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (d) at the district's initiative;
- (c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if

they object to any proposal of which they are notified pursuant to clause (a). The conciliation process shall not be used to deny or delay a parent or guardian's right to a due process hearing. If the parent or guardian refuses efforts by the district to conciliate the dispute with the school district, the requirement of an opportunity for conciliation shall be deemed to be satisfied;

- (d) Parents, guardians, and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted by and in the school district where the child resides responsible for assuring that an appropriate program is provided in accordance with state board rules, if the parent or guardian continues to object to:
- (1) a proposed formal educational assessment or proposed denial of a formal educational assessment of their child;
- (2) the proposed placement of their child in, or transfer of their child to a special education program;
- (3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program;
- (4) the proposed provision or addition of special education services for their child; or
- (5) the proposed denial or removal of special education services for their child.

At least five calendar days before the hearing, the objecting party shall provide the other party with a brief written statement of the objection and the reasons for the objection.

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with the person's objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved,

at the expense of the school district, pending ultimate disposition of the action.

(e) The decision of the hearing officer pursuant to clause (d) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45-day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the hearing review officer by the parent, guardian, or the school board of the district where the child resides pursuant to clause (f).

The local decision shall:

- (1) be in writing;
- (2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the hearing review officer of the basis and reason for the decision;
- (3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;
- (4) state the amount and source of any additional district expenditure necessary to implement the decision; and
- (5) be based on the standards set forth in subdivision 3a and the rules of the state board.
- (f) Any local decision issued pursuant to clauses (d) and (e) may be appealed to the hearing review officer within 30 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district where the child resides responsible for assuring that an appropriate program is provided in accordance with state board rules.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The hearing review officer shall issue a final decision based on an impartial review of the local decision and the entire record within 30 calendar days after the filing of the appeal. The hearing review officer shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. The hearing review officer may

grant specific extensions of time beyond the 30-day period at the request of any party.

The final decision shall:

- (1) be in writing;
- (2) include findings and conclusions; and
- (3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.
- (g) The decision of the hearing review officer shall be final unless appealed by the parent or guardian or school board to the court of appeals. The judicial review shall be in accordance with chapter 14.
- (h) The commissioner of education, having delegated general supervision of special education to the appropriate staff, shall be the hearing review officer except for appeals in which:
- (1) the commissioner has a personal interest in or specific involvement with the student who is a party to the hearing;
- (2) the commissioner has been employed as an administrator by the district that is a party to the hearing;
- (3) the commissioner has been involved in the selection of the administrators of the district that is a party to the hearing;
- (4) the commissioner has a personal, economic, or professional interest in the outcome of the hearing other than the proper administration of the federal and state laws, rules, and policies;
- (5) the appeal challenges a state or local policy which was developed with substantial involvement of the commissioner; or
- (6) the appeal challenges the actions of a department employee or official.

For any appeal to which the above exceptions apply, the state board of education shall name an impartial and competent hearing review officer.

In all appeals, the parent or guardian of the handicapped student or the district that is a party to the hearing may challenge the impartiality or competence of the proposed hearing review officer by applying to the state board of education.

- (i) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise, the child shall remain in the child's current educational placement and shall not be denied initial admission to school.
- (j) The child's school district of residence, if different from the district where the child actually resides, a resident district, and providing district shall receive notice of and may be a party to any hearings or appeals pursuant to under this subdivision.
- Sec. 3. Minnesota Statutes 1988, section 120.17, subdivision 11a, is amended to read:

Subd. 11a. [STATE INTERAGENCY COORDINATING COUN-CIL.] An interagency coordinating council of 15 members is established. The members and the chair shall be appointed by the governor. The council shall be composed of at least three parents of handicapped children under age seven with handicaps, a representative of each of the commissioners of education, health, and human services, three representatives of public or private providers of services for handicapped children under age five with handicaps, one member of the senate, one member of the house of representatives, one representative of teacher preparation programs in early childhood-special education, at least one representative of advocacy organizations for handicapped children with handicaps, at least one representative of a school district or a school district cooperative, and other members knowledgeable about handicapped children under age five with handicaps. Section 15.059, subdivisions 2 to 5, apply to the council. The council shall meet at least quarterly. A representative of each of the commissioners of education, health, and human services shall attend council meetings as a nonvoting member of the council.

The council shall address methods of implementing the state policy of developing and implementing comprehensive, coordinated, multidisciplinary interagency programs of early intervention services for handicapped children with handicaps and their families.

The duties of the council include recommending policies to ensure a comprehensive and coordinated system of all state and local agency services for handicapped children under age five with handicaps and their families. The policies must address how to incorporate each agency's services into a unified state and local system of multidisciplinary assessment practices, individual intervention plans, comprehensive systems to find children in need of services, methods to improve public awareness, and assistance in determining the role of interagency early intervention committees.

It is the joint responsibility of county boards and school districts to coordinate, provide, and pay for appropriate services, and to facili-

tate payment for services from public and private sources. Appropriate services must be determined in consultation with parents, physicians, and other educational, medical, health, and human services providers. Appropriate services include family education and counseling, home visits, occupational and physical therapy, speech pathology, audiology, psychological services, case management, medical services for diagnostic and evaluation purposes, early identification, and screening, assessment, and health services necessary to enable handicapped children with handicaps to benefit from early intervention services. School districts must be the primary agency in this cooperative effort.

Each year by January 15 the council shall submit its recommendations to the education committees of the legislature, the governor, and the commissioners of education, health, and human services.

Subdivision 1. [INSTRUCTION IN REGULAR CLASSROOM.] A school district may receive assurance of mastery revenue to provide direct instructional services to eligible pupils in the pupils' regular classroom.

- Subd. 2. [ELIGIBLE DISTRICTS.] To be eligible to receive assurance of mastery revenue, a district must have a policy adopted according to section 126.67, subdivision 3a, that identifies the direct instructional services to be used to assure that individual pupils master the learner outcomes in communications and mathematics.

[ELIGIBLE PUPILS.] A pupil is eligible to receive services provided with assurance of mastery revenue if the pupil has not demonstrated mastery of learner outcomes in communications or mathematics, or both, after receiving instruction that was designed to enable the pupil to master the learner outcomes in a regular classroom setting. To determine pupil eligibility, a district must use the learner outcomes and the evaluation process, adopted by the school board under section 126.666, subdivision 1, clauses (2) and (3), for the subjects and at the grade level at which the district uses the revenue.

- $\underline{\text{(3)}}$   $\underline{\text{using different instructional materials than were used initially.}}$
- Subd. 5. [REVENUE AMOUNT.] Assurance of mastery revenue is the sum of state and district money. - (a) The school must plan, conduct, and administer an education program that complies with the requirements of chapters 120, 121, 122, 123, 124, 124A, 125, 126, 129, 129A, and 129B.
- $\underline{\text{(b) The school must comply with all other state statutes governing independent school districts.}}$ 
  - (c) The state tribal contract school aid must be used to supple-

ment, and not to replace, the money for American Indian education programs provided by the federal government.

- Subd. 2. [REVENUE AMOUNT.] For 1989-1990 and later school years, an American Indian-controlled contract school that is located on a reservation within the state and that complies with the requirements in subdivision 1 is eligible to receive tribal contract school aid. The amount of aid is derived by:
- (1) multiplying the formula allowance under section 124A.22, subdivision 2, times the actual pupil units as defined in section 124A.02, subdivision 19, in attendance during the fall count week, but not including pupil units for which the school has received reimbursement under sections 123.933 and 126.23 for the school for the current school year;
- (2) subtracting from the result in clause (1) the amount of money allotted to the school by the federal government through the Indian School Equalization Program of the Bureau of Indian Affairs, according to Code of Federal Regulations, title 25, part 39, subparts A to E, for the basic program as defined by section 39, 11, b but not money allotted through subparts F to L for contingency funds, school board training, student training, interim maintenance and minor repair, interim administration cost, prekindergarten, and operation and maintenance, and the amount of money that is received according to section 126.23;
  - (3) dividing the result in clause (2) by the actual pupil units; and
- (4) multiplying the actual pupil units by the lesser of \$1,500 or the result in clause (3).
- Subd. 3. [LAW WAIVER.] Notwithstanding subdivision 1, paragraphs (a) and (b), a contract school:
  - (1) is not subject to the Minnesota election law;
- (2) has no authority under this section to levy for property taxes, issue and sell bonds, or incur debt; and
- (3) may request through its managing tribal organization a recommendation of the state board of education, for consideration of the legislature, that a contract school not be subject to specified statutes related to independent school districts.
- Sec. 16. [124A.215] [REVENUE FOR INDIVIDUALIZED LEARNING AND DEVELOPMENT.]

(1) working toward reducing instructor-learner ratios and increasing the amount of individual attention given each learner in kindergarten and grade one to help each learner develop socially and emotionally and in knowledge, skills, and attitudes; and

### (2) improving program offerings.

Subd. 2. [DEFINITION.] "Instructor" in this section means a public employee licensed by the board of teaching whose duties are full-time instruction or the equivalent, excluding a teacher for whom categorical aids are received pursuant to sections 124.273 and 124.32. Instruction may be provided by a learner's instructor, by another instructor, by a team of instructors, or by an education assistant or aide supervised by a learner's regular instructor. In this section, instructor does not include supervisory and support personnel, as defined in section 125.03. An instructor whose duties are less than full-time instruction must be included as an equivalent only for the number of hours of instruction.

Subd. 3. [STATE REVENUE CRITERIA.] Revenue available under section 17 is to enable a district to work to achieve the district's instructor-learner ratios in kindergarten and grade one established by the curriculum advisory committee in each district, and to prepare and use an individualized learning plan for each learner in kindergarten and grade one. A district must not increase the districtwide instructor-learner ratios in grades two through eight as a result of reducing instructor-learner ratios in kindergarten and grade one.

A district's curriculum advisory committee, as part of the policy under section 126.666, must develop a districtwide plan to work to achieve the instructor-learner ratios in kindergarten and grade one adopted by the school board of the district, and to prepare and use an individualized learning plan for each learner in kindergarten and grade one. If the school board of a school district determines that the district has achieved and is maintaining the instructor-learner ratios specified by the district's curriculum advisory committee, and has prepared and is using individualized learning plans, the school board must direct the school district to use the aid it receives under section 17 to work to improve program offerings throughout the district, or the education district of which the district is a member, based upon a plan developed by the district's curriculum advisory committee.

Sec. 17. [124A.216] [INDIVIDUALIZED LEARNING AND DE-VELOPMENT AID.]

Subdivision 1. [ELIGIBILITY.] A district is eligible for individualized learning and development aid if the school board of the district has adopted a district instructor-learner ratio specified by

the district's curriculum advisory committee and submits its ratio to the department of education by April 15, 1990.

- Subd. 2. [AID AMOUNT.] An eligible district shall receive individualized learning and development aid in an amount equal to \$62.25 times the district's average daily membership in kindergarten and grade one. Aid received under this subdivision must be used only to achieve the district's instructor-learner ratios and prepare and use individualized learning plans for learners in kindergarten and grade one. If the district has achieved and is maintaining the district's instructor-learner ratios, then the district may use the aid to work to improve program offerings throughout the district.
- Subd. 3. [WITHHOLDING.] The commissioner must withhold individualized learning and development aid from any district that fails to make a good faith effort to achieve its instructor-learner ratios.

## Sec. 18. [124A.218] [REPORT.]

The commissioner of education shall monitor and evaluate the effectiveness of districts' reduced instructor-learner ratios, individualized learning plans, and efforts to improve program offerings and shall report to the education committees in the legislature before March 1 of each school year.

Sec. 19. Minnesota Statutes 1988, section 124A.28, subdivision 1, is amended to read:

Subdivision 1. [USE OF THE REVENUE.] The compensatory education revenue under section 124A.22, subdivision 3, may be used to provide eligible services to eligible pupils according to section 6, subdivisions 3 and 4. It also may be used to meet the educational needs of pupils whose educational achievement is below the level that is appropriate for pupils of their age. These needs may be met by providing at least some of the following:

- (1) remedial instruction in reading, language arts, and mathematics to improve the achievement level of these pupils;
- (2) additional teachers and teacher aides to provide more individualized instruction to these pupils;

The money in these accounts shall be available for expenditures for state and national activities related to specific organizations. Administration of money collected under this section is not subject to the provisions of chapters 15, 16A, and 16B, and may be deposited outside the state treasury. Money shall be administered under the policies of the applicable state board or agency relating to post-secondary and secondary vocational student organizations and is subject to audit by the legislative auditor. Any unexpended money shall not cancel but may be carried forward to the next fiscal year.

# Sec. 21. [126.237] [ALTERNATE INSTRUCTION REQUIRED.]

Before a pupil is referred for a special education assessment, the district must conduct and document at least two instructional strategies, alternatives, or interventions while the pupil is in the regular classroom. The pupil's teacher must provide the documentation. A special education assessment team may waive this requirement when they determine the pupil's need for the assessment is urgent. This section may not be used to deny a pupil's right to a special education assessment.

- (g) If an application is accepted, the parent or guardian must notify the nonresident district in writing within 15 calendar days of receiving the acceptance whether the pupil intends to enroll in the nonresident district. If an application is rejected, the district must state in the notification the reason for rejection. The parent or guardian shall notify the nonresident district by February 15 whether the pupil intends to enroll in the nonresident district. Notice of intent to enroll in the nonresident district obligates the pupil to attend the nonresident district during the following school year, unless the school boards of the resident and the nonresident districts agree in writing to allow the pupil to transfer back to the resident district, or the pupil's parents or guardians change residence to another district. If a parent or guardian does not notify the nonresident district, the pupil may not enroll in that nonresident district during the following school year, unless the school boards of the resident and nonresident district agree otherwise. Students may participate in the program if they reside in:

(1) a district that has been designated a learning year site under subdivision 2;

- Subd. 2. [STATE BOARD DESIGNATION.] An area learning center designated by the state must be a site. Up to an additional ten learning year sites may be designated by the state board of education. To be designated, a district or center must demonstrate to the commissioner of education that it will:
- (1) provide a program of instruction that permits pupils to receive instruction throughout the entire year; and
- (2) maintain a record system that, for purposes of section 124.17, permits identification of membership attributable to pupils participating in the program. The record system and identification must ensure that the program will not have the effect of increasing the total number of pupil units attributable to an individual pupil as a result of a learning year program.
- Subd. 3. [HOURS OF INSTRUCTION.] Pupils participating in a program must be able to receive the same total number of hours of instruction they would receive if they were not in the program. If a pupil has not completed the graduation requirements of the district after completing the minimum number of secondary school hours of instruction, the district may allow the pupil to continue to enroll in courses needed for graduation.

For the purposes of section 120.101, subdivision 5, the minimum number of hours for a year determined for the appropriate grade level of instruction shall constitute 170 days of instruction. Hours of instruction that occur after the close of the instructional year in June shall be attributed to the following fiscal year.

- Subd. 4. [STUDENT PLANNING.] A district must inform all pupils and their parents about the learning year program. A continual learning plan must be developed for each pupil with the participation of the pupil, parent or guardian, teachers, and other staff. These additional services and compensation, if any, for the services shall not become a part of the employee's continuing contract rights under section 125.12 or 125.17.
- Subd. 7. [REVENUE COMPUTATION AND REPORTING.] Aid and levy revenue computations shall be based on the total number of hours of education programs for pupils in average daily membership for each fiscal year. For purposes of section 124.17, average daily membership shall be computed by dividing the total number of hours of participation for the fiscal year by the minimum number of hours for a year determined for the appropriate grade level. Hours of participation that occur after the close of the regular instructional year and before July 1 shall be attributed to the following fiscal year. Thirty hours may be used for teacher workshops, staff development, or parent-teacher conferences. As part of each pilot program, the department of education and each district must report and evaluate the changes needed to adjust the dates of the fiscal year for aid and levy computation and fiscal year reporting. For revenue computation purposes, the learning year program shall generate revenue based on the formulas for the fiscal year in which the services are provided.

State aid and levy revenue computation for the learning year programs begins July 1, 1988, for fiscal year 1989.

- Subd. 8. [EXEMPTION.] To operate the pilot program, the state board of education may exempt the district from specific rules relating to student and financial accounting, reporting, and revenue computation.

A school district shall grant academic credit to a pupil enrolled in

a course for secondary credit if the pupil successfully completes the course. Nine quarter or six semester college credits equal at least one full year of high school credit. Fewer college credits may be prorated. A school district shall also grant academic credit to a pupil enrolled in a course for post-secondary credit if secondary credit is requested by a pupil. If no comparable course is offered by the district, the district shall, as soon as possible, notify the state board of education, which shall determine the number of credits that shall be granted to a pupil who successfully completes a course. If a comparable course is offered by the district, the school board shall grant a comparable number of credits to the pupil. If there is a dispute between the district and the pupil regarding the number of credits granted for a particular course, the pupil may appeal the school board's decision to the state board of education. The state board's decision regarding the number of credits shall be final.

The secondary credits granted to a pupil shall be counted toward the graduation requirements and subject area requirements of the school district. Evidence of successful completion of each course and secondary credits granted shall be included in the pupil's secondary school record. A pupil must provide the school with a copy of the pupil's grade in each course taken for secondary credit under this section. Upon the request of a pupil, the pupil's secondary school record shall also include evidence of successful completion and credits granted for a course taken for post-secondary credit. In either case, the record shall indicate that the credits were earned at a post-secondary institution.

If a pupil enrolls in a post-secondary institution after leaving secondary school, the post-secondary institution shall award post-secondary credit for any course successfully completed for secondary credit at that institution. Other post-secondary institutions may award, after a pupil leaves secondary school, post-secondary credit for any courses successfully completed under this section. An institution may require the pupil to pay for fees, textbooks, and materials for a course taken for post-secondary credit.

Sec. 11. Minnesota Statutes 1988, section 123.3514, is amended by adding a subdivision to read:

# TECHNICAL CHANGES FOR SCHOOL DISTRICT PROPERTY TAXES

Section 1. Minnesota Statutes 1988, section 124.2131, subdivision 1, is amended to read:

Subdivision 1. [ADJUSTED GROSS TAX CAPACITY.] (a) [COM-PUTATION.1 The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures referenced in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine an aggregate equalized gross tax capacity and an aggregate equalized net tax capacity for the various strata classes of taxable property in each school district, which tax capacity shall be designated as the adjusted gross tax capacity and the adjusted net tax capacity, respectively. The department of revenue shall take such steps as are necessary in the performance of that duty and may incur such the expense as is necessary therefor to make the determinations. The commissioner of revenue is authorized to may reimburse any county or governmental official for requested services performed in ascertaining such the adjusted gross tax capacity and the adjusted net tax capacity. On or before March 15 annually, the department of revenue shall file with the chair of the tax committee of the house of representatives and the chair of the committee on taxes and tax laws of the senate a report of adjusted gross tax capacities and adjusted net tax capacities. On or before June 15, annually, the department of revenue shall file its final report on the adjusted gross tax capacities and adjusted net tax capacities established by the previous year's assessment with the commissioner of education and each county auditor for those school districts for which the auditor has the responsibility for determination of mill tax capacity rates. A copy of the adjusted gross tax capacity report so filed shall be forthwith mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which each district is located.

- (b) [METHODOLOGY.] In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general methodology with specific procedures necessary for proper execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedure act. By January 15, 1985, the commissioner shall report to the chairs of the house tax committee and the senate committee on taxes and tax laws the results of a study which the commissioner shall prepare comparing the 1983 sales ratio study based upon the original 1983 assessment/sales ratio study methodology with the new methodology as provided in clause (b). The 1984 adjusted assessed values which are certified to the commissioner of education shall be computed using the 1983 assessment/sales ratio study methodology unless the 1985 legislature directs otherwise.
- (c) [AGRICULTURAL LANDS.] For purposes of determining the adjusted gross tax capacity and adjusted net tax capacity of agricultural lands for the calculation of 1987 adjusted gross tax capacities and thereafter adjusted net tax capacities, the market value of agricultural lands shall be the price for which the property would sell in an arms length transaction.
- Sec. 2. Minnesota Statutes 1988, section 124.38, subdivision 7, is amended to read:
- Subd. 7. [MAXIMUM EFFORT DEBT SERVICE LEVY.] "Maximum effort debt service levy" means the lesser of:
  - (1) A levy in whichever of the following amounts is applicable:
- (a) In any school district granted a debt service loan after July 31, 1981 or granted a capital loan which is approved after July 31, 1981, a levy in a total dollar amount computed as 16 mills a gross tax capacity rate of 13.08 percent on the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 16.27 percent on the adjusted net tax capacity for taxes payable in 1991 and thereafter;
- (b) In any school district granted a debt service loan before August 1, 1981 or granted a capital loan which was approved before August 1, 1981, a levy in a total dollar amount computed as 15 mills a gross tax capacity rate of 12.26 percent on the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 15.26 percent

on the net tax capacity for taxes payable in 1991 and thereafter, until and unless the district receives an additional loan; or

- (2) A levy in whichever of the following amounts is applicable:
- (a) In any school district which received a debt service or capital loan from the state before January 1, 1965, a levy in a total dollar amount computed as 4.10 mills on the market value in each year, unless the district applies or has applied for an additional loan subsequent to January 1, 1965, or issues or has issued bonds on the public market, other than bonds refunding state loans, subsequent to January 1, 1967;
- (b) In any school district granted a debt service or capital loan between January 1, 1965, and July 1, 1969, a levy in a total dollar amount computed as  $5\frac{1}{2}$  mills on the market value in each year, until and unless the district receives an additional loan;
- (c) In any school district granted a debt service or capital loan between July 1, 1969 and July 1, 1975, a levy in a total dollar amount computed as 6.3 mills on market value in each year until and unless the district has received an additional loan;
- (d) In any school district for which a capital loan was approved prior to August 1, 1981, a levy in a total dollar amount equal to the sum of the amount of the required debt service levy and an amount which when levied annually will in the opinion of the commissioner be sufficient to retire the remaining interest and principal on any outstanding loans from the state within 30 years of the original date when the capital loan was granted; provided, that the school board in any district affected by the provisions of clause (2)(d) may elect instead to determine the amount of its levy according to the provisions of clause (1); provided further that if a district's capital loan is not paid within 30 years because it elects to determine the amount of its levy according to the provisions of clause (2)(d), the liability of the district for the amount of the difference between the amount it levied under clause (2)(d) and the amount it would have levied under clause (1), and for interest on the amount of that difference, shall not be satisfied and discharged pursuant to section 124.43, subdivision 4.
- Sec. 3. Minnesota Statutes 1988, section 124.43, subdivision 1, is amended to read:

Subdivision 1. [REVIEW BY COMMISSIONER.] (a) The commissioner may, after review and a favorable recommendation by the state board of education, recommend to the legislature capital loans to school districts. Proceeds of the loans shall be used only for sites for school buildings and for acquiring, bettering, furnishing, or equipping school buildings under contracts to be entered into within 12 months from and after the date on which each loan is granted.

- (b) Any school board that intends to submit an application for a capital loan shall submit a proposal to the commissioner for review and comment pursuant to section 121.15 by September 1 of any year, and the commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the facility. The state board shall not make a favorable recommendation on an application for a capital loan for any facility unless:
- (1) the facility receives a positive review and comment pursuant to section 121.15; and
  - (2) the state board determines that
- (A) the facilities are needed to replace facilities dangerous to the health and safety of pupils, or to provide for pupils for whom no adequate facilities exist;
- (B) the facilities could not be made available through dissolution and attachment of the district to another district or through pairing, interdistrict cooperation, or consolidation with another district, or through the purchase or lease of facilities from existing institutions within the area. The preference of the school district regarding reorganization shall not be a criterion used by the state board in determining whether the facilities could be made available through reorganization;
- (C) the facilities are comparable in size and quality to facilities recently constructed in other districts of similar enrollment; and
- (D) the district's need for the facilities is comparable to needs that comparable districts are meeting through local bond issues.

The state board may recommend that the loan be approved in a reduced amount in order to meet the foregoing criteria. If the state board recommends that a loan not be approved, the commissioner shall not recommend approval of the loan. If the state board recommends that the loan be approved in a reduced amount, the commissioner shall not recommend approval of a loan larger than that recommended by the state board.

(c) As part of reviewing an application for a capital loan, the commissioner of education shall prepare estimated yearly repayments by the school district and the estimated amount of principal and interest that may be forgiven after the term of the loan. These estimates shall assume no growth in gross tax capacity over the term of the loan, shall assume a levy equal to 16 mills a gross tax capacity rate of 13.08 percent times the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 16.27 percent for taxes payable in 1991 and thereafter, and shall be prepared

using a methodology approved by the commissioner of finance. The commissioner of education shall use a discount factor provided by the commissioner of finance in determining the present value of the estimated amount of interest and principal which may be forgiven after the term of the loan.

- (d) No loan shall be recommended for approval for any district exceeding an amount computed as follows:
  - (1) The amount requested by the district under subdivision 2;
- (2) Plus the aggregate principal amount of general obligation bonds of the district outstanding on June 30 of the year following the year the application was received, not exceeding the limitation on net debt of the district in section 475.53, subdivision 4, or 24 percent of the adjusted gross tax capacity, the following amount:
- (i) for the period October 1, 1988, to September 30, 1989, 197 percent of its adjusted gross tax capacity,
- (ii) for any 12-month period beginning October 1 of any year after 1988, 245 percent of its adjusted net tax capacity as most recently determined, whichever is less;
- (3) Less the maximum net debt permissible for the district on December 1 of the year the application is received, under the limitation in section 475.53, subdivision 4, or 24 percent of the most recent adjusted gross tax capacity available at the time of application, the following amount:
- (i) for the period October 1, 1988, to September 30, 1989, 197 percent of its adjusted gross tax capacity,
- (ii) for any 12-month period beginning October 1 of any year after 1988, 245 percent of its adjusted net tax capacity as most recently determined, whichever is less; and
- (4) Less any amount by which the amount voted exceeds the total cost of the facilities for which the loan is granted, as estimated in accordance with subdivision 4, provided that the loan may be approved in an amount computed as provided in clauses (1) to (3), subject to subsequent reduction in accordance with this clause.
- Sec. 4. Minnesota Statutes 1988, section 124.82, subdivision 3, is amended to read:
- Subd. 3. [FACILITIES DOWN PAYMENT LEVY REFEREN-DUM.] A district may levy the tax capacity rate approved by a majority of the electors voting on the question to provide funds for a down payment for an approved project. The election must take place

no more than five years before the estimated date of commencement of the project. The referendum must be held on a date set by the school board. A referendum for a project not receiving a positive review and comment by the commissioner under section 121.15 must be approved by at least 60 percent of the voters at the election. The referendum may be called by the school board and may be held:

- (1) separately, before an election for the issuance of obligations for the project under chapter 475; or
- (2) in conjunction with an election for the issuance of obligations for the project under chapter 475; or
- (3) notwithstanding section 475.59, as a conjunctive question authorizing both the down payment levy and the issuance of obligations for the project under chapter 475. Any obligations authorized for a project may be issued within five years of the date of the election.

The ballot must provide a general description of the proposed project, state the estimated total cost of the project, state whether the project has received a positive or negative review and comment from the commissioner of education, state the maximum amount of the down payment levy in mills as a percentage of net tax capacity, state the amount that will be raised by that tax capacity rate in the first year it is to be levied, and state the maximum number of years that the levy authorization will apply.

The ballot must contain a textual portion with the information required in this section and a question stating substantially the following:

"Shall the down payment levy proposed by the board of ...... School District No. ..... be approved?"

If approved, the amount provided by the approved tax capacity rate applied to each year's gross the net tax capacity for the year preceding the year the levy is certified may be certified for the number of years approved.

In the event a conjunctive question proposes to authorize both the down payment levy and the issuance of obligations for the project, appropriate language authorizing the issuance of obligations must also be included in the question.

The district must notify the commissioner of education of the results of the referendum.

Sec. 5. Minnesota Statutes 1988, section 134.33, subdivision 1, is amended to read:

Subdivision 1. An establishment grant as described in section 134.32, subdivision 2, shall be made to any regional public library system for the first two state fiscal years after a board of county commissioners has contracted to join that system and has agreed that the county will provide the levels of support for public library service specified in this section. In the first year of participation 1990, the county shall provide an amount of support equivalent to 3 mill times 0.25 percent of the adjusted gross tax capacity of the taxable property of the county as determined by the commissioner of revenue for the second year preceding that calendar year or twothirds of the per capita amount established under the provisions of section 134.34, subdivision 1, whichever amount is less. In the second year of participation 1991 and in each year thereafter, the county shall provide an amount of support equivalent to .4 mill times 0.41 percent of the adjusted gross net tax capacity of the taxable property of the county as determined by the commissioner of revenue for the second year preceding that calendar year or the per capita amount established under the provisions of section 134.34, subdivision 1, whichever is less. The minimum level of support shall be certified annually to the county by the department of education. In no event shall the department of education require any county to provide a higher level of support than the level of support specified in this section in order for a system to qualify for an establishment grant. This section shall not be construed to prohibit any county from providing a higher level of support for public libraries than the level of support specified in this section.

Sec. 6. Minnesota Statutes 1988, section 134.34, subdivision 1, is amended to read:

Subdivision 1. [LOCAL SUPPORT LEVELS.] A regional library basic system support grant shall be made to any regional public library system where there are at least three participating counties and where each participating city and county, except in the first year of participation as provided in section 134.33, is providing for public library service support the lesser of (a) an amount equivalent to .4 mill times 0.33 percent of the adjusted gross tax capacity of the taxable property of that city or county, as determined by the commissioner of revenue for the second year preceding that calendar year in 1990 and an amount equivalent to .41 percent of the net tax capacity of the taxable property of that city or county, as determined by the commissioner of revenue for the second year preceding that calendar year in 1991 and later years or (b) a per capita amount calculated under the provisions of this subdivision. The per capita amount is established for calendar year 1980 1990 as \$3 \$3.62. In succeeding calendar years, the per capita amount shall be increased by a percentage equal to one-half of the percentage by which the total state adjusted gross net tax capacity of property as determined by the commissioner of revenue for the second year preceding that calendar year increases over that total adjusted gross net tax capacity for the third year preceding that calendar year. The minimum level of support shall be certified annually to the participating cities and counties by the department of education. A city which is a part of a regional public library system shall not be required to provide this level of support if the property of that city is already taxable by the county for the support of that regional public library system. In no event shall the department of education require any city or county to provide a higher level of support than the level of support specified in this section in order for a system to qualify for a regional library basic system support grant. This section shall not be construed to prohibit a city or county from providing a higher level of support for public libraries than the level of support specified in this section.

Sec. 7. Minnesota Statutes 1988, section 273.1102, subdivision 3, is amended to read:

Subd. 3. [1988 ADJUSTMENT.] For School districts district levy limitations or authorities expressed in terms of mills and adjusted assessed value, their levy limitations in any special law that is not codified in Minnesota Statutes shall be converted by the department of education to "equalized gross tax capacity rates." for taxes payable in 1989 and 1990 and equalized net tax capacity rates for taxes payable in 1991 and thereafter. For purposes of this calculation, the 1987 adjusted assessed values of the district shall be converted to "adjusted gross tax capacities" by multiplying the equalized market values by class of property by the gross tax capacity rates provided in section 273.13. Each county assessor and the city assessors of Minneapolis, Duluth, and St. Cloud shall furnish the commissioner of revenue the 1987 market value for taxes payable in 1988 for any new classes of property established in this article. The commissioner shall use those values, and estimate values where needed, in developing the 1987 tax capacity for each school district under this section. The requirements of section 124.2131, subdivisions 1, paragraph (c), and 2 and 3, shall remain in effect.

Sec. 8. Minnesota Statutes 1988, section 275.011, subdivision 1, is amended to read:

Subdivision 1. The property tax levied for any purpose <u>under a special law that is not codified in Minnesota Statutes or a city charter provision and that is subject to a mill rate limitation imposed by statute or the special law, excluding levies subject to mill rate limitations that use adjusted assessed values determined by the commissioner of revenue under section 124.2131, must not exceed the following amount for the years specified:</u>

(a) for taxes payable in 1988, the product of the applicable mill rate limitation imposed by statute or special law multiplied by the total assessed valuation of all taxable property subject to the tax as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

- (b) for taxes payable in 1989, the product of (1) the property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property subject to the tax divided by the assessment year 1987 total market valuation of all taxable property subject to the tax; and
- (c) for taxes payable in 1990 and subsequent years, the product of (1) the property tax levy limitation for the previous year determined pursuant to this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property subject to the tax for the current assessment year divided by the total market valuation of all taxable property subject to the tax for the previous assessment year.

For the purpose of determining the property tax levy limitation for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property subject to the tax without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

Sec. 9. Minnesota Statutes 1988, section 275.125, subdivision 6e, is amended to read:

Subd. 6e. [DESEGREGATION LEVY.] Each year, independent school district No. 625, St. Paul, may levy an amount not to exceed one mill a gross tax capacity rate of .80 percent times the adjusted gross tax capacity of the district for taxes payable in 1990 or a net tax capacity rate of 1.0 percent times the adjusted net tax capacity of the district for taxes payable in 1991 and thereafter. Notwithstanding section 121.904, the entire amount of this levy shall be recognized as revenue for the fiscal year in which the levy is certified. This levy shall not be considered in computing the aid reduction under section 124.155.

[MINNEAPOLIS HEALTH INSURANCE SUBSIDY LEVY.] Each year special school district No. 1, Minneapolis, may make an additional levy not to exceed the amount raised by .1 mill a gross tax capacity rate of .08 percent times the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of .11 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter of the property in the district for the preceding year.

In addition, in 1987 the district may levy an amount not to exceed the amount raised by .1 mill times the adjusted gross tax capacity of the property in the district for the preceding year for health insurance subsidies for fiscal year 1988. The school district shall disburse the health insurance premium subsidy to each eligible teacher in a timely and efficient manner. Independent school district No. 625, St. Paul, may levy according to this subdivision and subdivision 6e. Notwithstanding section 121.904, the entire amount of this levy shall be recognized as revenue for the fiscal year in which the levy is certified. - (a) an amount equal to 50 percent of the total dollar amount of the payments received pursuant to those sections or revenue recognized pursuant to section 477A.15 in the previous fiscal year; or
- (b) an amount equal to the total dollar amount of the payments received pursuant to those sections or revenue recognized pursuant to section 477A.15 in the previous fiscal year less the product of the same dollar amount of payments or revenue times the ratio of the maximum levy allowed the district under Minnesota Statutes 1986, sections 124A.03, subdivision 2, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, and 124A.14, subdivision 5a, to the total levy allowed the district under this section and Minnesota Statutes 1986, sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 124A.20, subdivision 2, for levies certified in 1986.

The amount of any increased levy authorized by referendum pursuant to section 124A.03, subdivision 2, shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 4, to make payments for bonds issued and for interest thereon, shall not be reduced pursuant to this subdivision.

- (4) Before computing the reduction pursuant to this subdivision of the capital expenditure levy authorized by section 124.244, subdivision 2, and subdivisions 11c, 12, and 12a, and the community education levy authorized by subdivisions 8 and 8b, the commissioner shall ascertain from each affected school district the amount it proposes to levy for capital expenditures pursuant to section 124.244, subdivision 2, and subdivisions 11c, 12, and 12a, and for community education pursuant to subdivisions 8 and 8b. The reduction of the capital expenditure levy and the community education levy shall be computed on the basis of the amount so ascertained.

The county auditor shall deposit any amounts received pursuant to this clause in the St. Louis county treasury for purposes of paying the taconite homestead credit as provided in section 273.135.

Sec. 14. Minnesota Statutes 1988, section 275.125, subdivision 9a, is amended to read:

Subd. 9a. [STATUTORY OPERATING DEBT LEVY.] (1) In 1978 and each year thereafter in which so required by this subdivision, a district shall make an additional levy to eliminate its statutory operating debt, determined as of June 30, 1977 and certified and adjusted by the commissioner. This levy shall not be made in more than 20 successive years and each year before it is made, it must be approved by the commissioner and the approval shall specify its amount. This levy shall in each year be an amount which is equal to the amount raised by a levy of 1.5 mills a gross tax capacity rate of 1.20 percent times the adjusted gross tax capacity of the district for the preceding year for taxes payable in 1990 or a net tax capacity

rate of 1.50 percent times the adjusted net tax capacity of the district for the preceding year for taxes payable in 1991 and thereafter; provided that in the last year in which the district is required to make this levy, it shall levy an amount not to exceed the amount raised by a levy of 1.5 mills a gross tax capacity rate of 1.20 percent times the adjusted gross tax capacity of the district for the preceding year for taxes payable in 1990 or a net tax capacity rate of 1.50 percent times the adjusted net tax capacity of the district for the preceding year for taxes payable in 1991 and thereafter. When the sum of the cumulative levies made pursuant to this subdivision and transfers made according to section 121.912, subdivision 4 equals an amount equal to the statutory operating debt of the district, the levy shall be discontinued.

- (2) The district shall establish a special account in the general fund which shall be designated "appropriated fund balance reserve account for purposes of reducing statutory operating debt" on its books and records. This account shall reflect the levy authorized pursuant to this subdivision. The proceeds of this levy shall be used only for cash flow requirements and shall not be used to supplement district revenues or income for the purposes of increasing the district's expenditures or budgets.
- (3) Any district which is required to levy pursuant to this subdivision shall certify the maximum levy allowable under section 124A.23, subdivision 2 in that same year.
- (4) Each district shall make permanent fund balance transfers so that the total statutory operating debt of the district is reflected in the general fund as of June 30, 1977.
- Sec. 15. Minnesota Statutes 1988, section 275.125, subdivision 9b, is amended to read:

Subd. 9b. [OPERATING DEBT LEVY.] (1) Each year, a district may make an additional levy to eliminate a deficit in the net unappropriated operating funds of the district, determined as of June 30, 1983, and certified and adjusted by the commissioner. This levy may in each year be an amount not to exceed the amount raised by a levy of 1.5 mills a gross tax capacity rate of 1.20 percent times the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 1.50 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter of the district for the preceding year as determined by the commissioner. However, the total amount of this levy for all years it is made shall not exceed the lesser of (a) the amount of the deficit in the net unappropriated operating funds of the district as of June 30, 1983, or (b) the amount of the aid reduction, according to Laws 1981, Third Special Session chapter 2, article 2, section 2, but excluding clauses (1), (m), (n), (o), and (p), and Laws 1982, Third Special Session chapter 1, article 3, section 6, to the district in fiscal year 1983. When the cumulative levies made

pursuant to this subdivision equal the total amount permitted by this subdivision, the levy shall be discontinued.

- (2) The proceeds of this levy shall be used only for cash flow requirements and shall not be used to supplement district revenues or income for the purposes of increasing the district's expenditures or budgets.
- (3) Any district that levies pursuant to this subdivision shall certify the maximum levy allowable under section 124A.23, subdivisions 2 and 2a, in that same year.
- Sec. 16. Minnesota Statutes 1988, section 275.125, subdivision 9c, is amended to read:
- Subd. 9c. [1985 OPERATING DEBT LEVY.] (1) Each year, a district may levy to eliminate a deficit in the net unappropriated balance in the general fund of the district, determined as of June 30, 1985, and certified and adjusted by the commissioner. Each year this levy may be an amount not to exceed the amount raised by a levy of 1.5 mills a gross tax capacity rate of 1.20 percent times the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 1.50 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter of the district for the preceding year. However, the total amount of this levy for all years it is made shall not exceed the amount of the deficit in the net unappropriated balance in the general fund of the district as of June 30, 1985. When the cumulative levies made pursuant to this subdivision equal the total amount permitted by this subdivision, the levy shall be discontinued.
- (2) A district, if eligible, may levy under this subdivision or subdivision 9b but not both.
- (3) The proceeds of this levy shall be used only for cash flow requirements and shall not be used to supplement district revenues or income for the purposes of increasing the district's expenditures or budgets.
- (4) Any district that levies pursuant to this subdivision shall certify the maximum levy allowable under section 124A.23, subdivision 2 in that same year.
- Sec. 17. Minnesota Statutes 1988, section 275.125, subdivision 14a, is amended to read:
- Subd. 14a. [LEVY FOR LOCAL SHARE OF TECHNICAL INSTITUTE CONSTRUCTION.] (a) The definitions in section 136C.02 apply to this subdivision.

- (b) A district maintaining a technical institute may levy for its local share of the cost of construction of facilities for the technical institute as provided in this subdivision.
- (c) The construction must be authorized by a specific legislative act pursuant to section 136C.07, subdivision 5, after January 1, 1980. The specific legislative act must require that part of the cost of construction for post-secondary vocational purposes shall be financed by the state and that part of the cost of construction for post-secondary vocational purposes shall be financed by the school district operating the technical institute.
- (d) The district may levy an amount equal to the local share of the cost of construction for post-secondary vocational purposes, minus the amount of any unappropriated net balance in the district's post-secondary vocational technical building construction fund. A district may levy the total amount authorized by this subdivision in one year, or a proportionate amount of the total authorized amount each year for up to three successive years.
- (e) By the July 1 before a district certifies the first levy pursuant to this subdivision for the local share of any construction project, at least three weeks published notice of the proposed levy shall be given in the legal newspaper with the largest circulation in the district. The notice shall state the purpose of the proposed levy, the duration of the proposed levy and the amount of the proposed levy in dollars and mills in terms of the tax capacity rate. Upon petition within 20 days after the notice of the greater of (a) 50 voters, or (b) 15 percent of the number of voters who voted in the district at the most recent regular school board election, the board shall call a referendum on the proposed levy. The referendum shall be held on a date set by the school board, but no later than the August 20 before the levy is certified. The question on the ballot shall state the amount of the proposed levy in mills on the district's adjusted gross tax capacity terms of the tax capacity rate and in dollars in the first year of the proposed levy.
- (f) For the purposes of this subdivision, "construction" includes the acquisition and betterment of land, buildings and capital improvements for technical institutes.

- Sec. 6. The school board, for the purpose of providing moneys for the payment of its severance pay obligations under a plan approved

by resolution of the district, in addition to all other powers possessed by the school district and in addition to and in excess of any existing limitation upon the amount it is otherwise authorized by law to levy as taxes, is authorized to levy taxes annually not exceeding in any one year an amount equal to two tenths of one mill upon each dollar of the assessed valuation thereof a gross tax capacity rate of .17 percent for taxes payable in 1990 or a net tax capacity rate of .21 percent for taxes payable in 1991 and thereafter upon all taxable property within the school district which taxes as levied shall be spread upon the tax rolls, and all corrections thereof shall be held by the school district, and allocated therefor to be disbursed and expended by the school district in payment of any public school severance pay obligations and for no other purpose. Disbursements and expenditures previously authorized on behalf of the school district for payment of severance pay obligations shall not be deemed to constitute any part of the cost of the operation and maintenance of the school district within the meaning of any statutory limitation of any school district expenditures.

The amount of such severance pay allowable or to become payable in respect of any such employment or to any such employee shall not exceed the amount permitted by Minnesota Statutes, Section 465.72.

Sec. 19. Laws 1976, chapter 20, section 4, is amended to read:

Each year the commissioner of education shall certify to the county auditor and Independent School District No. 625 the correct amount of this levy. This levy shall in each year be an amount which is equal to the amount raised by a levy of 1.5 mills a gross tax capacity rate of 1.20 percent times the adjusted assessed valuation gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 1.50 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter of the district for the preceding year as determined by the equalization aid review committee, less any amount necessary for the payment of principal and interest on bonds sold pursuant to section 1. When the cumulative receipts from the levies made pursuant to this section and the earnings in the reserve account established under section 5 equal an amount equal to the statutory operating debt, the levy shall be discontinued.

If the commissioner does not receive notice of the appearance in the appropriate court or payment of the fine within 30 days of the date of the commissioner's notice to the driver, the commissioner may suspend the driver's license.

- Sec. 5. Minnesota Statutes 1988, section 469.152, is amended to read:

#### 469.152 (PURPOSES.)

The welfare of the state requires the active promotion, attraction, encouragement, and development of economically sound industry and commerce through governmental action for the purpose of preventing the emergence of blighted and marginal lands and areas of chronic unemployment. It is the policy of the state to facilitate and encourage action by local government units to prevent the economic deterioration of such areas to the point where the process can be reversed only by total redevelopment through the use of local, state. and federal funds derived from taxation, necessitating relocating displaced persons and duplicating public services in other areas. By the use of the powers and procedures described in sections 469.152 to 469.165, local government units and their agencies and authorities responsible for redevelopment and economic development may prevent occurrence of conditions requiring redevelopment, or aid in the redevelopment of existing areas of blight, marginal land, and avoidance of substantial and persistent unemployment.

The welfare of the state further requires the provision of necessary health care facilities, so that adequate health care services are available to residents of the state at reasonable cost. The welfare of the state further requires the provision of county jail facilities for the purpose of providing adequately for the care, control, and safeguarding of civil rights of prisoners. The welfare of the state requires that, whenever feasible, employment opportunities made available in part by sections 469.152 to 469.165 or other state law providing for similar financing mechanisms should be offered to individuals who are unemployed or who are economically disadvantaged.

The welfare of the state further requires that, whenever feasible, action should be taken to reduce the cost of borrowing by local governments for public purposes.

The full faith and credit of the council shall be pledged to the payment of the certificates or notes, and a tax levy shall be made for the payment of the principal and interest on the certificates or notes, in accordance with section 475.61, as in the case of bonds issued by a municipality. The tax levy authorized by this section must be deducted from the amount of taxes the council is otherwise authorized to levy under section 473.249.

- Sec. 14. Minnesota Statutes 1988, section 473.541, is amended by adding a subdivision to read:
- Subd. 4. [REVENUE BONDS.] (a) The council may, by resolution, authorize the issuance of revenue bonds for any purpose for which general obligation bonds may be issued under subdivision 3. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues, except as otherwise provided in this subdivision, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. The bonds shall be payable from and secured by a pledge of all or any part of revenues receivable under section 473.517, shall not, and shall state they do not, represent or constitute a general obligation or debt of the council, and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation. The proceeds of the bonds may be used to pay credit enhancement fees.
- (b) The bonds may be secured by a bond resolution, or a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the revenues and bond proceeds pledged for the payment and security of the bonds. The pledge shall be a valid charge on the revenues received under section 473.517. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in the revenues and bond proceeds received by the council and pledged to the payment of the bonds as against the claims of all persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof and without possession or filing as provided in the uniform commercial code or any other law, subject, however, to the rights of the holders of any general obligation bonds issued under subdivision 3. In the bond resolution or trust indenture, the council may make such covenants as it determines to be reasonable for the protection of the bondholders, including a covenant to issue general obligation bonds to refund the revenue bonds if and to the extent required to pay principal and interest on the bonds and to certify a deficiency tax levy as provided in section 473.521, subdivision 4.

<sup>(</sup>c) Neither the council, nor any council member, officer, employee,

or agent of the council, nor any person executing the bonds shall be liable personally on the bonds by reason of their issuance. The bonds shall not be payable from nor a charge upon any funds other than the revenues and bond proceeds pledged to the payment thereof, nor shall the council be subject to any liability thereon or have the power to obligate itself to pay or to pay the bonds from funds other than the revenues and bond proceeds pledged, and no holder or holders of bonds shall ever have the right to compel any exercise of the taxing power of the council (except any deficiency tax levy the council covenants to certify under section 473.521, subdivision 4) or any other public body, to the payment of principal of or interest on the bonds, nor to enforce payment thereof against any property of the council or other public body other than that expressly pledged for the payment thereof.

- Sec. 15. Minnesota Statutes 1988, section 473.811, subdivision 2, is amended to read:
- Subd. 2. (COUNTY FINANCING OF FACILITIES.) Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities, related transmission facilities, or property or property rights for the facilities, for improvements of a capital nature to respond, as defined in section 115B.02, to releases from closed solid waste facilities, or for refunding any outstanding bonds issued for any such purpose. The county may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. The proceeds of the bonds may be used in part to establish a reserve as further security for the payment of the principal and interest of the bonds when due. Revenue Bonds issued pursuant to this section may be sold at public or private sale upon such conditions as the county board shall determine, but any bonds issued after May 22, 1991, to which the full faith and credit and taxing powers of the county are pledged shall be sold in accordance with the provisions of chapter 475. No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.
- Sec. 16. Minnesota Statutes 1988, section 475.51, is amended by adding a subdivision to read:
- Subd. 13. [OTHER GOVERNMENTAL UNIT.] "Other governmental unit" means any public corporation, authority, governmental unit, or other political subdivision of the state of Minnesota that is not a municipality.

Sec. 17. Minnesota Statutes 1988, section 475.54, subdivision 4, is amended to read:

Subd. 4. [REDEMPTION.] Any obligation may be issued reserving the right of redemption and payment thereof prior to maturity, at par and accrued interest or at such premium and at such time or times as shall be determined by the governing body. Notice of the call of any prepayable obligation shall be published in a daily or weekly periodical published in a Minnesota city of the first class, or its metropolitan area, which circulates throughout the state and furnishes financial news as a part of its service; provided that published notice of the call need not be given if the obligation is in registered form and notice has been mailed to the registered holder of the obligation. When any such obligation has been validly called for redemption in accordance with its terms, and the principal thereof and all interest thereon to the date of redemption have been paid or deposited with the paying agent, interest thereon shall cease: provided that no obligation issued subsequent to July 1, 1967, shall be deemed validly called for redemption unless the notice herein required has been published or so mailed prior to the date fixed for its redemption. If actual notice of the call has been given through a different means of communication, the holder of an obligation may waive published or mailed notice.

Sec. 18. Minnesota Statutes 1988, section 475.60, subdivision 1, is amended to read:

Subdivision 1. [ADVERTISEMENT.] All obligations shall be negotiated and sold by the governing body, except when authority therefor is delegated by the governing body or by the charter of the municipality to a board, department, or officers of the municipality. Except as provided in section 475.56, obligations shall be sold at not less than par value plus accrued interest to date of delivery. Except as provided in subdivision 2 all obligations shall be sold at public sale after notice given at least ten days in advance by publication in a legal newspaper having general circulation in the municipality and ten days in advance by publication in a daily or weekly periodical, published in a Minnesota city of the first class, or its metropolitan area, which circulates throughout the state and furnishes financial news as a part of its service.

- Sec. 19. Minnesota Statutes 1988, section 475.60, subdivision 2, is amended to read:
- Subd. 2. [REQUIREMENTS WAIVED.] The requirements as to public sale shall not apply to:
- (1) obligations issued under the provisions of a home rule charter or of a law specifically authorizing a different method of sale, or authorizing them to be issued in such manner or on such terms and conditions as the governing body may determine;

- (2) obligations sold by an issuer in an amount not exceeding the total sum of \$1,200,000 in any 12-month period;
- (3) obligations issued by a governing body other than a school board in anticipation of the collection of taxes or other revenues appropriated for expenditure in a single year, if sold in accordance with the most favorable of two or more proposals solicited privately;
- (4) obligations sold to any board, department, or agency of the United States of America or of the state of Minnesota, in accordance with rules or regulations promulgated by such board, department, or agency;
- (5) obligations issued to fund pension and retirement fund liabilities under section 475.52, subdivision 6, obligations issued with tender options under section 475.54, subdivision 5a, crossover refunding obligations referred to in section 475.67, subdivision 13, and any issue of obligations comprised in whole or in part of obligations bearing interest at a rate or rates which vary periodically referred to in section 475.56; and
- (6) obligations to be issued for a purpose, in a manner, and upon terms and conditions authorized by law, if the governing body of the municipality, on the advice of bond counsel or special tax counsel, determines that interest on the obligations cannot be represented to be excluded from gross income for purposes of federal income taxation—; and
- (7) obligations issued in the form of an installment purchase contract, lease purchase agreement, or other similar agreement.
- Sec. 20. Minnesota Statutes 1988, section 475.60, subdivision 3, is amended to read:
- Subd. 3. [PUBLISHED NOTICE.] Published notice, where required, shall specify the maximum principal amount of the obligations, the place of receipt and consideration of bids and such other details as to the obligations and terms of sale as the governing body deems suitable. The published notice shall either specify the date and time for receipt of bids or provide that the bids will be received at a date and time not less than ten nor more than 60 days after the date of publication. If the published notice does not state the specific date or amount for the sale, it shall specify the manner in which notice of the date or amount of the sale will be given to prospective bidders. Notification of prospective bidders shall be given by electronic data transmission or other form of communication common to the municipal bond trade at least four days (omitting Saturdays, Sundays, and legal holidays) before the date for receipt of bids. If within five days after the date of publication a prospective bidder requests in writing to be notified by mail, the municipality shall do so. Failure to give the notice as described in the preceding sentence

to a bidder shall not affect the validity of the sale or of the obligations. The governing body may employ an agent to receive and open the bids at any place within or outside the corporate limits of the municipality, in the presence of an officer of the municipality or the officer's designee, but the obligations shall not be sold except by action of the governing body or authorized officers of the municipality after communication of the bids to them. Additional notice may be given for such time and in such manner as the governing body deems suitable. At the time and place so fixed, the bids shall be opened and the offer complying with the terms of sale and deemed most favorable shall be accepted, but the governing body may reject any and all such offers, in which event, or if no offers have been received, it may award the obligations to any person who within 30 days thereafter presents an offer complying with the terms of sale and deemed more favorable than any received previously, or upon like notice the governing body may invite other bids upon the same or different terms and conditions, except that if the original published notice does not state the specific date or amount for the sale and if the material terms and conditions of the sale remain the same, except for the date and amount, notice of the date or amount may be given in the manner provided above.

Sec. 21. Minnesota Statutes 1988, section 475.79, is amended to read:

"Section 1. Minnesota Statutes 1988, section 45.025, subdivision 8, is amended to read:

Subd. 8. [CIVIL REMEDY.] A person violating this section is liable to a purchaser of the investment product. The purchaser may sue either in equity for rescission upon tender of the investment product or at law for damages if the purchaser no longer owns the investment product. In an action for rescission, the purchaser is entitled to recover the consideration paid for the investment product, together with interest at the legal rate, costs, and reasonable attorney fees, less the amount of any income received on the investment product. In an action at law, damages are the consideration paid for the investment product together with interest at the legal rate to the date of disposition, costs, and reasonable attorney fees, less the value of the investment product at the date of disposition. Subject to the exceptions in subdivision 3, if the advertisement advertises an investment product whose interest rate varies according to the earnings or income of the issuer and if the advertisement projects the accumulated earnings for a period longer

than one year, the issuer and agent are jointly and severally liable to the purchaser for the difference in the principal and interest received by the purchaser and the principal and interest as projected in the advertisement.

- Sec. 2. Minnesota Statutes 1988, section 45.027, subdivision 7, is amended to read:
- Subd. 7. [ACTIONS AGAINST LICENSEES.] In addition to any other actions authorized by this section, the commissioner may, by order, deny, suspend, or revoke the authority or license of a person subject to chapters 45 to 83, 155A, 309, or 332, or censure that person if the commissioner finds that:

- Sec. 3. Minnesota Statutes 1988, section 45.028, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] (a) When a person, including any nonresident of this state, engages in conduct prohibited or made actionable by chapters 45 to 83, 155A, 309, and 332, or any rule or order under those chapters, and the person has not filed a consent to service of process under chapters 45 to 83, 155A, 309, and 332, that conduct is equivalent to an appointment of the commissioner as the person's attorney to receive service of process in any noncriminal suit, action, or proceeding against the person which is based on that conduct and is brought under chapters 45 to 83, 155A, 309, and 332, or any rule or order under those chapters.

- (b) Subdivision 2 also applies in all other cases under chapters 45 to 83, 155A, 309, and 332, or any rule or order under those chapters, in which a person, including a nonresident of this state, has filed a consent to service of process. This paragraph supersedes any inconsistent provision of law.

Subdivision 1. Notwithstanding any other provision of law when any insurer, including a fraternal benefit society, admitted to transact life insurance in this state pays the proceeds of or payments under any policy of life insurance, individual or group, such insurer shall pay interest at a rate not less than the then current rate of interest on death proceeds left on deposit with the insurer, computed from the insured's death until the date of payment, on any such proceeds or payments payable to a beneficiary residing in this state, or to a beneficiary under a policy issued in this state or to a

beneficiary under a policy insuring a person resident in this state at the time of death. Each application for group mortgage insurance offered prior to or at the time of loan closing shall contain a clear and conspicuous notice that the insurance is optional and is not a condition for obtaining the loan. Each person insured under a group insurance policy issued under this subdivision shall be furnished a certificate of insurance which conforms to the requirements of section 62B.06, subdivision 2, and which includes a conversion privilege permitting an insured debtor to convert, without evidence of insurability, to an individual policy of decreasing term insurance within 30 days of the date the insured debtor's group coverage is terminated for any reason other than the nonpayment of premiums. The initial amount of coverage under the individual policy shall be an amount equal to the amount of coverage terminated under the group policy and shall decrease over a term that corresponds with the scheduled term of the insured debtor's mortgage loan. The premium for the individual policy shall be the same premium the insured debtor was paying under the group policy.

A policy of accident and sickness insurance that is issued or delivered in this state and that covers a person residing in another state may provide coverage or contain provisions that are less favorable to that person than required by chapters 62A and 62E. Less favorable coverages or provisions must meet the requirements that the state in which the person resides would have required had the policy been issued or delivered in that state.

- Subd. 3. [EXCLUSIONS.] Subdivision 2 does not apply to certificates issued in regard to a master policy issued outside the state of Minnesota if all of the following are true:
- (1) the policyholder or certificate holder exists primarily for purposes other than to obtain insurance;

- Sec. 9. Minnesota Statutes 1988, section 62A.041, is amended to read:

## 62A.041 [MATERNITY BENEFITS.]

Subdivision 1. [DISCRIMINATION PROHIBITED AGAINST UNMARRIED WOMEN.] Each group policy of accident and health insurance and each group health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents that it provides to married women including the wives of employees choosing dependent family coverage. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each group policy and each group contract shall provide the same coverage for that child as that provided for the child of a married employee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

Each individual policy of accident and health insurance and each individual health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each individual policy and each individual contract

shall also provide the same coverage for that child as that provided for the child of a married insured or a married enrollee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

- Subd. 2. [LIMITATION ON COVERAGE PROHIBITED.] Each group policy of accident and health insurance, except for policies which only provide coverage for specified diseases, or each group subscriber contract of accident and health insurance or health maintenance contract, issued or renewed after August 1, 1987, shall include maternity benefits in the same manner as any other illness covered under the policy or contract.
- Subd. 3. [ABORTION.] For the purposes of this section, the term "maternity benefits" shall not include elective, induced abortion whether performed in a hospital, other abortion facility, or the office of a physician.

This section applies to policies and contracts issued, delivered, or renewed after August 1, 1985, that cover Minnesota residents.

### Sec. 10. [62A.049] [LIMITATION ON PREAUTHORIZATIONS.]

No policy of accident and sickness insurance or group subscriber contract regulated under chapter 62C issued or renewed in this state may contain a provision that makes an insured person ineligible to receive full benefits because of the insured's failure to obtain preauthorization, if that failure occurs because of the need for emergency confinement or emergency treatment. The insured or an authorized representative of the insured shall notify the insurer as soon after the beginning of emergency confinement or emergency treatment as reasonably possible. However, to the extent that the insurer suffers actual prejudice caused by the failure to obtain preauthorization, the insured may be denied all or part of the insured's benefits. This provision does not apply to admissions for treatment of chemical dependency and nervous and mental disorders.

Sec. 11. Minnesota Statutes 1988, section 62A.08, is amended to read:

### 62A.08 [COVERAGE OF POLICY, CONTINUANCE IN FORCE.]

If any such policy contains a provision establishing, as an age limit or otherwise, a date after which the coverage provided by the policy will not be effective, and if such date falls within a period for which premium is accepted by the insurer or if the insurer accepts a premium after such date, the coverage provided by the policy will continue in force subject to any right of cancellation until the end of the period for which premium has been accepted. In the event the

age of the insured has been misstated and if, according to the correct age of the insured, the eoverage provided by the policy would not have become effective, or would have ceased prior to the acceptance of such premium or premiums, then the liability of the insurer shall be limited to the refund, upon request, of all premiums paid for the period not covered by the policy the policy would not have been issued, the insurer may, within 90 days of discovering the misstatement, limit its liability to a refund of all premiums paid. In all other instances the insurer may either adjust the premium to reflect the actual age of the insured or adjust the benefits to reflect the actual age and the premium.

Sec. 12. Minnesota Statutes 1988, section 62A.09, is amended to read:

#### 62A.09 [LIMITATION.]

Nothing in sections 62A.01 to, 62A.02, 62A.03, 62A.04, 62A.05, 62A.06, 62A.07, and 62A.08 shall apply to or affect:

- (1) any policy of workers' compensation insurance or any policy of casualty or fire and allied lines insurance with or without supplementary coverage therein; or
  - (2) any policy or contract of reinsurance; or
- (3) any <del>blanket or</del> group policy of insurance, <u>except</u> <u>when</u> <u>specifically referred to</u>; or

The program of study must be beyond the education required for registered nurse licensure and must meet criteria established by the professional nursing organization having authority to certify the registered nurse in advanced nursing practice, and appear on a list established and maintained by the board of nursing through rulemaking. For the purposes of this subdivision, the board of nursing shall, by rule, adopt a list of professional nursing organizations which have the authority to certify nurses in advanced nursing practice.

This subdivision is intended to provide payment of benefits for treatment and services by a licensed registered nurse certified in advanced nursing practice as defined in this subdivision and is not intended to add to the benefits provided for in these policies or contracts.

- Sec. 14. Minnesota Statutes 1988, section 62A.15, subdivision 4, is amended to read:
- Subd. 4. [DENIAL OF BENEFITS.] (a) No carrier referred to in subdivision 1 may, in the payment of claims to employees in this state, deny benefits payable for services covered by the policy or contract if the services are lawfully performed by a licensed chiropractor, licensed optometrist, or a registered nurse meeting the requirements of subdivision 3a.
- (b) When carriers referred to in subdivision 1 make claim determinations concerning the appropriateness, quality, or utilization of chiropractic health care for Minnesotans, any of these determinations that are made by health care professionals must be made by, or under the direction of, or subject to the review of licensed doctors of chiropractic licensed under the provisions of sections 148.01 to 148.104.
- Sec. 15. Minnesota Statutes 1988, section 62A.152, subdivision 2, is amended to read:
- Subd. 2. [MINIMUM BENEFITS.] (a) All group policies and all group subscriber contracts providing benefits for mental or nervous disorder treatments in a hospital shall also provide coverage on the same basis as coverage for other benefits for at least 80 percent of the cost of the usual and customary charges of the first ten hours of treatment incurred over a 12-month benefit period, for mental or nervous disorder consultation, diagnosis and treatment services delivered while the insured person is not a bed patient in a hospital, and at least 75 percent of the cost of the usual and customary charges for any additional hours of treatment during the same 12-month benefit period for serious or persistent mental or nervous disorders, if the services are furnished by (1) a licensed or accredited

- hospital, (2) a community mental health center or mental health clinic approved or licensed by the commissioner of human services or other authorized state agency, ex (3) a licensed psychologist licensed under the provisions of sections 148.88 to 148.98, (4) a licensed consulting psychologist licensed under the provisions of sections 148.88 to 148.98, or (5) a psychiatrist licensed under chapter 147. Prior authorization from an accident and health insurance company, or a nonprofit health service corporation, shall be required for an extension of coverage beyond ten hours of treatment. This prior authorization must be based upon the severity of the disorder, the patient's risk of deterioration without ongoing treatment and maintenance, degree of functional impairment, and a concise treatment plan. Authorization for extended treatment may be limited to a maximum of 30 visit hours during any 12-month benefit period.
- (b) For purposes of this section, covered treatment for a minor includes treatment for the family if family therapy is recommended by a provider listed in paragraph (a), item (1), (2), or (3). For purposes of determining benefits under this section, "hours of treatment" means treatment rendered on an individual or single-family basis. If treatment is rendered on a group basis, the hours of covered group treatment must be provided at a ratio of no less than two group treatment sessions to one individual treatment hour.
- Sec. 16. Minnesota Statutes 1988, section 62A.152, subdivision 3, is amended to read:

The order of the physician requesting the services of the licensed psychologist or licensed consulting psychologist may be required to be submitted with the claim for payment.

This subdivision is intended to provide payment of benefits for mental or nervous disorder treatments performed by a licensed psychologist or a licensed consulting psychologist in a hospital and is not intended to change or add benefits for those services provided in policies or contracts to which this subdivision applies.

- Sec. 17. Minnesota Statutes 1988, section 62A.17, subdivision 2, is amended to read:
- Subd. 2. [RESPONSIBILITY OF EMPLOYEE.] Every covered employee electing to continue coverage shall pay the former employer, on a monthly basis, the cost of the continued coverage. If the policy, contract, or health care plan is administered by a trust, every

covered employee electing to continue coverage shall pay the trust the cost of continued coverage according to the eligibility rules established by the trust. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan for such period of coverage for similarly situated employees with respect to whom neither termination nor layoff has occurred, without regard to whether such cost is paid by the employer or employee. The employee shall be eligible to continue the coverage until the employee becomes covered under another group health plan, or for a period of 18 months after the termination of or lay off from employment, whichever is shorter. If the employee becomes covered under another group policy, contract, or health plan and the new group policy, contract, or health plan contains any preexisting condition limitations, the employee may, subject to the 18-month maximum continuation limit, continue coverage with the former employer until the preexisting condition limitations have been satisfied. The new policy, contract, or health plan is primary except as to the preexisting condition. In the case of a newborn child who is a dependent of the employee, the new policy, contract, or health plan is primary upon the date of birth of the child, regardless of which policy, contract, or health plan coverage is deemed primary for the mother of the child.

- Sec. 18. Minnesota Statutes 1988, section 62A.46, is amended by adding a subdivision to read:

Prior hospitalization may not be required under a long-term care policy.

Coverage under either policy designation must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage. Coverage under either policy designation may include a waiting period of up to 90 days before benefits are paid, but there must be no more than one waiting period per benefit period. No policy may exclude coverage for mental or nervous disorders which have a demonstrable organic cause, such as Alzheimer's and related dementias. No policy may require the insured to meet a prior hospitalization test more than once during a single benefit period be homebound or house confined to receive home care services. The policy must include a provision that the plan will not be canceled or renewal refused except on the grounds of nonpayment of the premium, provided that the insurer may change the premium rate on a class basis on any policy anniversary date. A provision that the policyholder may elect to have the premium paid in full at age 65 by payment of a higher premium up to age 65 may be offered. A provision that the premium would be waived during any period in which benefits are being paid to the insured during confinement in a nursing facility must be included. A nongroup policyholder may return a policy within 30 days of its delivery and have the premium refunded in full, less any benefits paid under the policy, if the policyholder is not satisfied for any reason.

If prior or concurrent review or authorization was provided by the insurer or its representative, the insurer may not deny payment for the authorized service or time period except in cases where fraud or substantive misrepresentation occurred.

- (2) any charge for treatment for cosmetic purposes other than for reconstructive surgery when such service is incidental to or follows surgery resulting from injury, sickness, or other diseases of the involved part or when such service is performed on a covered dependent child because of congenital disease or anomaly which has resulted in a functional defect as determined by the attending physician;
- (3) care which is primarily for custodial or domiciliary purposes which would not qualify as eligible services under Medicare;
- (4) any charge for confinement in a private room to the extent it is in excess of the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician, provided, however, that if the institution does not have semiprivate rooms, its most common semiprivate room charge shall be considered to be 90 percent of its lowest private room charge;
- (5) that part of any charge for services or articles rendered or prescribed by a physician, dentist, or other health care personnel

which exceeds the prevailing charge in the locality where the service is provided; and

- (6) any charge for services or articles the provision of which is not within the scope of authorized practice of the institution or individual rendering the services or articles.
- (d) The minimum benefits for a qualified plan shall include, in addition to those benefits specified in clauses (a) and (e), benefits for well baby care, effective July 1, 1980, subject to applicable deductibles, coinsurance provisions, and maximum lifetime benefit limitations.

Sec. 25. [65A.061] [CREDITORS LIMITED TO EXISTING INSURANCE.]

When a creditor requires a debtor to provide insurance on real or personal property security against reasonable risks of loss, damage, or destruction, no insurance shall be sold or placed by or through the creditor if the debtor provides the creditor with a loss payable through existing policies of insurance that the debtor owns or controls. This section does not apply if the existing insurance is in an amount less than the amount of indebtedness to be secured on the real or personal property.

This section does not prevent the disapproval of the insurer or a policy of insurance where there are reasonable grounds for believing that the insurer is insolvent or that the insurance is unsatisfactory as to placement with an unauthorized insurer, adequacy of the coverage, adequacy of the insurer to assume the risk to be insured, the assessment features to which the policy is subject, or other grounds that are based on the nature of the coverage and that are not arbitrary, unreasonable or discriminatory. This section does not prevent a mortgage lender or mortgage servicer from requiring that a policy of insurance or renewal of the policy be in conformance with

standards of the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation, nor does this section forbid the securing of a policy of insurance or a renewal of the policy at the request of the borrower or because of the borrower's failure to furnish the necessary insurance or renewal.

Sec. 26. Minnesota Statutes 1988, section 65B.525, subdivision 1, is amended to read:

Subdivision 1. Except as otherwise provided in section 72A.327, the supreme court and the several courts of general trial jurisdiction of this state shall by rules of court or other constitutionally allowable device, provide for the mandatory submission to arbitration of all cases at issue where the claim at the commencement of arbitration is in an amount of \$5,000 or less against any insured's reparation obligor for no-fault benefits or comprehensive or collision damage coverage.

Sec. 27. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 4a. [STANDARDS FOR PREAUTHORIZATION APPROVAL.] If a policy of accident and sickness insurance or a subscriber contract requires preauthorization approval for any nonemergency services or benefits, the decision to approve or disapprove the requested services or benefits must be communicated to the insured or the insured's health care provider within ten business days of the preauthorization request provided that all information reasonably necessary to make a decision on the request has been made available to the insurer.

Sec. 28. Minnesota Statutes 1988, section 72A.20, subdivision 15, is amended to read:

Subd. 15. [PRACTICES NOT HELD TO BE DISCRIMINATION OR REBATES.] Nothing in subdivision 8, 9, or 10, or in section 72A.12, subdivisions 3 and 4, shall be construed as including within the definition of discrimination or rebates any of the following practices:

(1) in the case of any contract of life insurance or annuity, paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance, provided that any bonuses or abatement of premiums shall be fair and equitable to policyholders and for the best interests of the company and its policyholders;

- (2) in the case of life insurance policies issued on the industrial debit plan, making allowance, to policyholders who have continuously for a specified period made premium payments directly to an office of the insurer, in an amount which fairly represents the saving in collection expense;
- (3) readjustment of the rate of premium for a group insurance policy based on the loss or expense experienced thereunder, at the end of the first or any subsequent policy year of insurance thereunder, which may be made retroactive only for such policy year;
- (4) in the case of an individual or group health insurance policy, the payment of differing amounts of reimbursement to insureds who elect to receive health care goods or services from providers designated by the insurer, provided that each insurer shall on or before August 1 of each year file with the commissioner summary data regarding the financial reimbursement offered to providers so designated.

Any insurer which proposes to offer an arrangement authorized under this clause shall disclose prior to its initial offering and on or before August 1 of each year thereafter as a supplement to its annual statement submitted to the commissioner pursuant to section 60A.13, subdivision 1, the following information:

- (a) the name which the arrangement intends to use and its business address;
- (b) the name, address, and nature of any separate organization which administers the arrangement on the behalf of the insurers; and
- (c) the names and addresses of all providers designated by the insurer under this clause and the terms of the agreements with designated health care providers.

The commissioner shall maintain a record of arrangements proposed under this clause, including a record of any complaints submitted relative to the arrangements.

If the commissioner requests copies of contracts with a provider under this clause and the provider requests a determination, all information contained in the contracts that the commissioner determines may place the provider or health care plan at a competitive disadvantage is nonpublic data.

Sec. 29. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 20. [CANCELLATIONS AND NONRENEWALS.] No in-

surer shall cancel or fail to renew an individual life or individual health policy or an individual nonprofit health service plan subscriber contract for nonpayment of premium unless it mails or delivers to the named insured, at the address shown on the policy or subscriber contract at least 30 days before lapse, final notice of the cancellation or nonrenewal and the effective date of the cancellation or nonrenewal.

If the named insured is not the policy or subscriber contract owner, the notice required by this subdivision must be sent to the insured's last known address, if any, and to the owner's last known address.

Proof of mailing of the notice of lapse for failure to pay the premium before the expiration of the grace period is sufficient proof that notice required in this subdivision has been given.

This subdivision does not apply to a life or health insurance policy or contract upon which premiums are paid at a monthly interval or less and that contains any grace period required by statute for the payment of premiums during which time the insurance continues in force.

- Sec. 30. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:
- Subd. 21. [USE OF STATEMENTS OF A MINOR.] No statement of a minor or information obtained by an insurer or a representative of an insurer from a minor may be used in any manner in regard to a claim unless the parent or guardian of the minor has granted permission for the minor to be interviewed or the minor's statement to be taken.
- Sec. 31. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:
- Subd. 22. [LOSS EXPERIENCE.] An insurer shall without cost to the insured provide an insured with the loss or claims experience of that insured for the current policy period and for the two policy periods preceding the current one for which the insurer has provided coverage, within 30 days of a request for the information by the policyholder. The insurer shall not be responsible for providing information without cost more often than once in a 12-month period. The insurer is not required to provide the information if the policy covers the employee of more than one employer and the information is not maintained separately for each employer and not all employers request the data.

An insurer, health maintenance organization, or a third-party administrator may not request more than three years of loss or

claims experience as a condition of submitting an application or providing coverage.

This subdivision does not apply to individual life and health insurance policies or personal automobile or homeowner's insurance policies.

- Sec. 32. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:
- Subd. 23. [SOLICITATIONS AND SALES OF INSURANCE PRODUCTS TO BORROWERS.] (a) A loan officer, a loan representative, or other person involved in taking or processing a loan may not solicit an insurance product, except for credit life and disability or mortgage life, mortgage accidental death, or mortgage disability, and except for life insurance when offered in lieu of credit life insurance, from the completion of the initial loan application, as defined in the federal Equal Credit Opportunity Act, United States Code, title 15, sections 1691 to 1691f, and any regulations adopted under those sections, until after the closing of the loan transaction.
- $\frac{(b)\ This\ subdivision\ applies\ only\ to\ loan\ transactions\ covered\ by}{the\ federal\ Truth-in-Lending\ Act,\ United\ States\ Code,\ title\ 15,}\\ \frac{sections\ 1601\ to\ 1666j,\ and\ any\ regulations\ adopted\ under\ those}{sections.}$
- (c) This subdivision does not apply to sales of title insurance, homeowner's insurance, a package homeowner's-automobile insurance product, automobile insurance, or a similar insurance product, required to perfect title to, or protect, property for which a security interest will be taken if the product is required as a condition of the loan.
- (d) Nothing in this subdivision prohibits the solicitation or sale of any insurance product by means of mass communication.
- Sec. 33. [72A.205] [PROHIBITED PROVISIONS AND COVERAGES.]

No policy of insurance paying a death benefit that returns premiums or premiums plus interest, or multiples of less than four times the premiums or premiums plus interest, in lieu of benefits may be issued in this state. This section does not prohibit the return of premiums or premiums plus interest in connection with a voluntary or judicially ordered rescission of the policy, nor in accordance with the terms of exclusions from coverage for suicides, aviation, or war risk.

Sec. 34. [72A.327] [HEALTH CLAIMS, RIGHTS OF APPEAL.]

- (a) An insured whose claim for medical benefits under chapter 65B is denied because the treatment or services for which the claim is made is claimed to be experimental, investigative, not medically necessary, or otherwise not generally accepted by licensed health care providers and for which the insured has financial responsibility in excess of applicable copayments and deductibles may appeal the denial to the commissioner.
- $\frac{\text{(b) This section does not apply to claims for health benefits which have been arbitrated under section 65B.525, subdivision 1.}$
- (c) A three-member panel shall review the denial of the claim and report to the commissioner. The commissioner shall establish a list of qualified individuals who are eligible to serve on the panel. In establishing the list, the commissioner shall consult with representatives of the contributing members as defined in section 65B.01, subdivision 2, and professional societies. Each panel must include: one person with medical expertise as identified by the contributing members; one person with medical expertise as identified by the professional societies; and one public member. The commissioner, upon initiation of an arbitration, shall select from each list three potential arbitrators and shall notify the issuer and the claimant of the selection. Each party shall strike one of the potential arbitrators and an arbitrator shall be selected by the commissioner from the remaining names of potential arbitrators if more than one potential arbitrator is left. In the event of multiparty arbitration, the commissioner may increase the number of potential arbitrators and divide the strikes so as to afford an equal number of strikes to each adverse interest. If the selected arbitrator is unable or unwilling to serve for any reason, the commissioner may appoint an arbitrator, which will be subject to challenge only for cause. The party that denied the coverage has the burden of proving that the services or treatment are experimental, investigative, not medically necessary, or not generally accepted by licensed health care professionals. In determining whether the burden has been met, the panel may consider expert testimony, medical literature, and any other relevant sources. If the party fails to sustain its burden, the commissioner may order the immediate payment of the claim. All proceedings of the panel and any documents received or developed by the review process are nonpublic.
- (d) A person aggrieved by an order under this section may appeal the order. The appeal shall be pursuant to section 65B.525 where appropriate, or to the district court for a trial de novo, in all other cases. In nonemergency situations, if the insurer has an internal grievance or appeal process, the insured must exhaust that process before the external appeal. In no event shall the internal grievance process exceed the time limits described in section 72A.201, subdivision 4a.
  - (e) If prior authorization is required before services or treatment

can be rendered, an appeal of the denial of prior authorization may be made as provided in this section.

- (g) The permanent rulemaking authority granted in this section is effective the day following final enactment of the section regardless of the actual effective date of the section.
- Sec. 35. Minnesota Statutes 1988, section 149.11, is amended to read:

# 149.11 [PREARRANGED FUNERAL PLANS; CONTRACTS; TRUST FUNDS.]

(a) When prior to the death of any person, that person or another enters into any transaction, makes a contract, or any series or combination of transactions or contracts with another person, partnership, association or corporation, other than an insurance company licensed to do business in the state of Minnesota, by the terms of which, certain personal property related to the funeral services or the burial, cremation, or other disposition of human remains will be used upon the death of the person for whom the property is to be used, or when the professional services of a funeral director or embalmer will then be furnished, or both, then the total of all money paid by the terms of the transaction, contract or series or combination of transactions or contracts shall be held in trust for the purpose for which it has been paid until the death of the person for whose benefit the money was paid, or refunded to the person who made the payment or payments, upon demand. A prearranged funeral or burial contract buyer may, at the buyer's option, declare the funeral or burial trust to be irrevocable up to an amount equivalent to the current allowable supplemental security income asset exclusion used for determining eligibility for public assistance. The contract buyer may, at the buyer's option, also declare the interest to be irrevocable to the extent permitted by federal laws and rules governing public assistance. The buyer of either a revocable or an irrevocable prearranged funeral or burial contract retains the right to designate as trustee a different funeral establishment at any time before the death of the person for whose benefit the money was paid. Upon the death of that person, the next of kin or other legal representative of that person's estate retains the right to designate as trustee a different funeral establishment. Accruals of interest or dividends declared upon the sum of money held in trust are subject to the same trust. The person, partnership, association or corporation holding the money in trust shall inform the person on whose behalf the money is held that all money paid plus all accrued earnings will be held in trust until the death of that person or until a request for a refund is made if made prior to death, except for a prearranged funeral or burial trust declared irrevocable by the

buyer under this section. The location of the trust account including the name and address of the institution in which the money is being held and any identifying account numbers, and any subsequent changes in that information must be disclosed in writing to the person on whose behalf the money is being held, at the time the funds are deposited into the trust account and at the time of any subsequent changes in the information. The personal property shall include but not be limited to a casket, burial vault not interred in a grave, combination casket-vault or other receptacle not described in paragraph (b) for the internment, entombment, cremation, or other disposition of human remains.

- (b) Nothing in this section shall prevent the sale and delivery of cemetery lots, graves, burial vaults preinterred in a grave, cremation urns, crypt spaces, niches, or grave or lot markers or monuments before their use is required. Nothing in this section prevents the preconstruction sale of crypt spaces to be permanently installed except that any seller of mausoleum space or columbarium space, selling burial space in a mausoleum or columbarium that is not completely constructed and usable, must comply with section 306.90.
- (c) It is the intent of the legislature that the provisions of this section shall be construed as a limitation upon the manner in which a person or legal entity is permitted to accept funds in prepayment of funeral services to be performed in the future or in prepayment of funeral or burial goods to be used in connection with the funeral or final disposition of human remains. It is further intended to allow members of the public to arrange and pay for funerals, final dispositions, funeral services, and funeral and burial goods for themselves and their families in advance of need while at the same time providing all possible safeguards so that the prepaid funds cannot be dissipated, whether intentionally or not, so as to be available for the payment of the services and goods selected.

# Sec. 36. [REVISOR'S INSTRUCTION.]

The revisor of statutes shall, as part of the regular process of statutory revision, prepare a bill for introduction that amends Minnesota Statutes to reflect the intent of the legislature as expressed in section 3 to make uniform the service of process provisions in Minnesota Statutes, chapters 45 to 83, 155A, 309, and 332.

Sec. 37. [REPEALER.]

Minnesota Statutes 1988, sections 60A.23, subdivision 7; and 72A.13, subdivision 2, are repealed.

Sec. 38. [EFFECTIVE DATE.]

Sections 1 to 3, 5, 6, 8, 9, 11 to 14, 18, 23 to 25, 28, 30, 32, 33, 36, and 37 are effective the day following final enactment. Sections 4, 7, 10, 17, 20, 27, 29, 31, and 35 are effective August 1, 1989. Sections 15, 16, 19, 21, and 22 are effective for policies, plans, or contracts issued or renewed on or after August 1, 1989.

Sections 26 and 34 are effective January 1, 1990."

The list may also include housing units that do not meet handicapped facility code requirements, but that are accessible to disabled persons. The list must be made available at no cost to persons seeking accessible housing and must be updated at least every two months. An eligible organization must have the capabil-

# Subd. 4. [AGENCY POWERS; DUTIES.] The agency shall:

- Subd. 7. [PURCHASE AND REHABILITATION.] An eligible organization may acquire up to five properties in a designated area with the consent of the advisory board for that area. The organization must rehabilitate these properties to the standards established by the agency. The total maximum cost of the acquisition, rehabilitation, closing costs, and back taxes must be no greater than \$50,000 per individual property. The terms and other provisions of the contract for deed must be established by the agency. The following requirements must be included in the contract: (1) the purchase price paid by the home buyer must be equal to the total costs of acquiring and rehabilitating the property; (2) no down payment or interest payment is required of the home buyer; and (3) the monthly payment must equal 25 percent of the home buyer's gross monthly income.

If the organization chooses not to exercise its option to repurchase the property, the agency may repurchase the property.

The repurchase price paid by the organization or the agency may not exceed the lesser of the (1) appraised value of the property at the time of repurchase, or (2) the sum of:

- (iii) the product of the sum of (i) and (ii), and the increase in inflation based on the housing component of the federal Consumer Price Index.
- Subd. 10. [REPORTS.] Each organization that receives a grant under this section shall submit an annual report to the agency by December 1 of each year that describes the use of grant funds received under this section.

The agency shall prepare and submit an annual report to the legislature and the governor by January 15 of each year, beginning in 1991, that summarizes the reports of the organizations. The agency's report may also include recommendations to improve the program.

Sec. 7. Minnesota Statutes 1988, section 566.17, is amended to read:

If defendant fails to comply with the demand, then the officer shall bring, if necessary, the force of the county and whatever assistance may be necessary, at the cost of the complainant, remove the said defendant, family and all personal property

from said premises detained, immediately and place the plaintiff in the possession thereof. In case defendant cannot be found in the county, and there is no person in charge of the premises detained, so that no demand can be made upon the defendant, then the officer shall enter into the possession of the premises, breaking in if necessary, and the property of the defendant shall be removed and stored at a place designated by the plaintiff as provided under subdivision 2.

Subd. 2. [REMOVAL AND STORAGE OF PROPERTY.] (a) Incases where the defendant's personal property is to be stored in a place other than the premises, the officer shall remove all property of the defendant at the expense of the plaintiff.

The plaintiff shall have a lien upon all of the goods upon the premises for the reasonable costs and expenses incurred for removing the personal property and for the proper caring and storing the same, and the costs of transportation of the same to some suitable place of storage, in case defendant shall fail or refuse to make immediate payment for all the expenses of such removal from the premises and plaintiff shall have the right to enforce such lien by detaining the same until paid, and, in case of nonpayment for 60 days after the execution of the writ, shall have the right to enforce the lien and foreclose the same by public sale as provided for in case of sales under sections 514.18 to 514.22.

- (b) In cases where the defendant's property is to be stored on the premises, the officer shall enter the premises, breaking in if necessary, and the plaintiff may remove the defendant's personal property. The provisions of section 504.24 apply to property removed under this paragraph. The plaintiff must prepare an inventory and mail a copy of the inventory to the defendant's last known address or, if the defendant has provided a different address, to the address provided by the defendant. The inventory must be prepared, signed, and dated in the presence of the peace officer. The inventory must include the following:
- (1) a listing of the items of personal property and a description of the condition of the property;

failure to exercise care in regard to it as a reasonably careful person would exercise under like circumstances.

The plaintiff shall notify the defendant of the date and approximate time the officer is scheduled to remove the defendant, family, and the defendant's personal property from the premises. The notice must be sent by first-class mail. In addition, the plaintiff must make a good faith effort to notify the defendant by telephone. The notice must be mailed as soon as the information regarding the date and approximate time the officer is scheduled to enforce the writ is known to the plaintiff, except that the scheduling of the peace officer to enforce the writ need not be delayed because of the notice requirement. The notice must inform the defendant that the defendant and the defendant's property will be removed from the premises if the defendant has not vacated the premises by the time specified in the notice.

Subd. 3. (PENALTY; WAIVER PROHIBITED.) Unless the premises have been abandoned, a plaintiff, agent, or other person acting under the plaintiff's direction or control who enters the premises and removes the defendant's property in violation of this section is guilty of wrongful ouster under section 504.255 and is subject to penalty under section 504.25. Any rent found to be owed to the tenant must be released to the tenant.
- Subd. 12. [RETALIATION; WAIVER; RIGHTS AS ADDITIONAL.] The provisions of section 566.28 apply to proceedings under this section. This section applies to foreclosures by action under chapter 581 and to foreclosures by advertisement under chapter 580.

Subd. 2. [BEFORE FORECLOSURE SALE.] Notwithstanding section 580.23 or 581.10, if at any time before the foreclosure sale

but not more than 30 days before the first publication of the notice of sale, a court order is entered reducing the mortgagor's redemption period to five weeks under subdivision 7, after the mortgaged premises have been sold as provided in chapter 580 or 581, the mortgagor, and the mortgagor's personal representatives or assigns, within five weeks after the sale under chapter 580, or within five weeks after the date of the order confirming the sale under chapter 581, may redeem the mortgaged premises as provided in section 580.23, subdivision 1, or section 581.10, as applicable. If an order is obtained after the first publication of the notice of sale, the five-week redemption period applies only if the notice of sale contained the statement required by section 580.04, clause (7).

Subd. 3. [AFTER FORECLOSURE SALE.] Notwithstanding section 580.23 or 581.10, if at any time after the foreclosure sale, a court order is entered reducing the mortgagor's redemption period under subdivision 7, the period during which the mortgagor, the mortgagor's personal representatives and assigns, may redeem the mortgaged premises in accordance with the provisions of section 580.23, subdivision 1, or section 581.10, as applicable, is reduced so as to expire five weeks from the date the order is entered. Within ten days after the order is entered, a certified copy of the order must be filed with the office of the county recorder or registrar of titles for the county in which the mortgaged premises are located, and a copy of the order must be posted in a conspicuous place on the mortgaged premises. Within ten days of the order's entry, a copy of the order must be sent by certified mail to any party holding a lien or interest of record junior to the foreclosed mortgage who has filed with the county recorder or registrar of titles a certificate identifying the lienholder and the lien claimed, stating the lienholder's address and the legal description of the property covered by the lien, and requesting notice of any post-foreclosure sale reduction of the mortgagor's redemption period for any superior lien. Affidavits of posting and mailing to evidence the same are prima facie evidence of the facts stated therein and are entitled to recordation along with the certified copy of the order.

Subd. 4. [SUMMONS AND COMPLAINT.] In a foreclosure by advertisement, the party foreclosing a mortgage or holding the sheriff's certificate of sale may initiate a proceeding in district court to reduce the mortgagor's redemption period under this section. The proceeding must be initiated by the filing of a complaint, naming the mortgagor, or the mortgagor's personal representatives or assigns of record, as defendant, in district court for the county in which the mortgaged premises are located. If the proceeding is commenced after the foreclosure sale, the holders of junior liens and interests entitled to notice under subdivision 3 must also be named as defendants. The complaint must identify the mortgaged premises by legal description and must identify the mortgage by the names of the mortgagor and mortgagee, and any assignee of the mortgagee;

the date of its making, and pertinent recording information. The complaint must allege that the mortgaged premises are:

- (1) ten acres or less in size;
- (2) improved with a residential dwelling consisting of less than five units, which is not a model home or a dwelling under construction;
- (3) not property used in agricultural production within the meaning of Laws 1986, chapter 398, section 5; and

#### (4) abandoned.

The complaint must request an order reducing the mortgagor's redemption period to five weeks. When the complaint has been filed, the court shall issue a summons commanding the person or persons named in the complaint to appear before the court on a day and at a place stated in the summons. The appearance date shall be not less than 15 nor more than 25 days from the date of the issuing of the summons. A copy of the filed complaint must be attached to the summons.

Subd. 5. [ORDER TO SHOW CAUSE.] In a foreclosure by action, the plaintiff or the holder of the sheriff's certificate may make a motion to reduce the mortgagor's redemption period under this section. The motion must conform generally to the pleading requirements provided in subdivision 4. For purposes of the motion, the court has continuing jurisdiction over the parties and the mortgaged premises through the expiration of the redemption period. When the motion has been filed, the court shall issue an order to show cause commanding the parties it considers appropriate to appear before the court on a day and at a place stated in the order. The appearance date may not be less than 15 nor more than 25 days after the date of the order to show cause. A copy of the motion must be attached to the order to show cause.

Subd. 6. [SERVICE.] The summons or order to show cause may be served by any person not named a party to the action. The summons or order to show cause must be served at least seven days before the appearance date, in the manner provided for service of a summons in a civil action in the district court. If the defendant cannot be found in the county, the summons or order to show cause may be served by sending a copy by certified mail to the defendant's last known address, if any, at least ten days before the appearance date. The summons or order to show cause must be posted in a conspicuous place on the mortgaged premises not less than seven days before the appearance date. If personal or certified mail service cannot be made on a defendant, then the plaintiff or plaintiff's attorney may file an affidavit to that effect with the court and service by posting

the summons or order to show cause on the mortgaged premises is sufficient as to that defendant.

Subd. 7. [HEARING; EVIDENCE; ORDER.] At the hearing on the summons and complaint or order to show cause, the court shall enter an order reducing the mortgagor's redemption period as provided in subdivision 2 or 3, as applicable, if evidence is presented supporting the allegations in the complaint or motion and no appearance is made to oppose the relief sought. An affidavit by the sheriff or a deputy sheriff of the county in which the mortgaged premises are located, or of a building inspector, zoning administrator, housing official, or other municipal or county official having jurisdiction over the mortgaged premises, stating that the mortgaged premises are not actually occupied and further setting forth any of the following supporting facts, is prima facie evidence of abandonment:

Section 1. [MINNEAPOLIS, CITY OF: HOUSING ACQUISI-TION AND REHABILITATION LOAN AND GRANT PROGRAM; PURPOSE. The legislature of the state of Minnesota finds that preservation of the quality of life in a major metropolitan city is dependent upon the preservation of adequate housing, that many houses in the city cities of Minneapolis and Saint Paul do not meet the applicable housing code or otherwise need rehabilitation or modernizing, that there is a need for a comprehensive housing rehabilitation program in the city cities of Minneapolis and Saint Paul which will complement any statewide housing rehabilitation program, that some home owners are unable to afford any rehabilitation expenses, that many home owners are unable to afford housing rehabilitation loans at market rate of interest, and that because the availability of mortgage credit for housing rehabilitation is limited some home owners cannot obtain such credit, and that reinvestment in the housing stock by rehabilitating and updating homes is necessary to maintain the stability of neighborhoods in the city. The legislature further finds that the construction of housing to replace individual dilapidated and obsolete buildings, for which

rehabilitation is not economically feasible, is necessary to increase the stability and maintain the value of housing in established neighborhoods.

- Sec. 3. Laws 1974, chapter 285, section 2, is amended to read:
- Sec. 2. [CITY OF MINNEAPOLIS; HOUSING REHABILITATION LOAN PROGRAM.] The city of Minneapolis is authorized to develop and administer a housing rehabilitation loan program with respect to property located anywhere within its boundaries on such terms and conditions as it determines; provided that in approving applications for this such a program, the following factors shall be considered:

- (1) the availability and affordability of other governmental programs or private market financing; and
- (2) whether the construction of such housing enhances the stability of the neighborhood in which it is located.
  - Sec. 5. Laws 1974, chapter 285, section 3, is amended to read:
- Sec. 3. Subdivision 1. [CLASSIFICATION; USE, EXCHANGE.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. All parcels of land becoming the property of the state in trust under the provisions of any law now existing or hereafter enacted declaring the forfeiture of lands to the state for taxes, shall be classified by the county board of the county wherein such parcels lie as conservation or nonconservation. Such classification shall be made with consideration, among other things. to the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. Such classification, furthermore, shall aid: to encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; to facilitate reduction of governmental expenditures; to conserve and develop the natural resources; and to foster and develop agriculture and other industries in the districts and places best suited thereto.

In making such classification the county board may make use of such data and information as may be made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing information pertinent thereto at the time such classification is made. Such lands may be reclassified from time to time as the county board may deem necessary or desirable, except as to conservation lands held by the state free from any trust in favor of any taxing district.

If any such lands are located within the boundaries of any organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale shall first be approved by the town board of such town or the governing body of such municipality insofar as the lands located therein are concerned. The town board of the town or the governing body of the municipality will be deemed to have approved the

classification or reclassification and sale if the county board is not notified of the disapproval of the classification or reclassification and sale within 90 days of the date the request for approval was transmitted to the town board of the town or governing body of the municipality. If the town board or governing body desires to acquire any parcel lying in the town or municipality by procedures authorized in this subdivision, it shall, within 90 days of the request for classification or reclassification and sale, file a written application with the county board to withhold the parcel from public sale. The county board shall then withhold the parcel from public sale for one year.

The commissioner shall file the original declaration in the commissioner's office, with verified proof of service as herein required. The governmental subdivision may appeal to the district court of the county in which the land lies by filing with the court administrator a notice of appeal, specifying the grounds of appeal and the description of the land involved, mailing a copy thereof by certified mail to the commissioner of revenue, and filing a copy thereof for record with the county recorder or registrar of titles, all within 30 days after the mailing of the notice of reversion. If the order is sustained following the trial, the court shall enter judgment and shall fix a time after which the building shall must be destroyed or repaired or the hazardous condition removed or corrected, as the case may be, in compliance with the order as originally filed or modified by the court. If the order is not sustained, it shall be annulled and set aside. The court administrator of the court shall cause a copy of the judgment to be mailed forthwith to the persons upon whom the original order was served.

Sec. 11. Minnesota Statutes 1988, section 463.22, is amended to read:

Thereupon the court shall examine, correct, if necessary, and allow the expense account, and, if the amount received from the sale of the salvage, or of the building or structure, does not equal or exceed the amount of expenses as allowed, the court shall by its judgment certify the deficiency in the amount so allowed to the municipal clerk for collection. The owner or other party in interest shall pay the same, without penalty added thereon, and in default of payment by October 1, the clerk shall certify the amount of the expense to the county auditor for entry on the tax lists of the county as a special charge against the real estate on which the building or hazardous condition is or was situated and the same shall be collected in the same manner as other taxes and the amount so collected shall be paid into the municipal treasury. If the amount received for the sale of the salvage or of the building or structure exceeds the expense incurred by the municipality as allowed by the court, and if there are no delinquent taxes, the court shall direct the payment of the surplus to the owner or the payment of the same into court, as provided in sections 463.15 to 463.26. If there are delinquent taxes against the property, the court shall direct the payment of the surplus to the county treasurer to be applied on such taxes.

- Subdivision 1. [COMPREHENSIVE REVITALIZATION AND FINANCING PROGRAM.] For each targeted neighborhood for which a city requests state financial assistance under section 15, the city must prepare a comprehensive revitalization and financing program that includes the following:

- (3) the extent to which the activities identified in clause (2) will benefit low- and moderate-income families, will alleviate the blighted condition of the targeted neighborhood, or will otherwise assist in the revitalization of the targeted neighborhood;

- (4) a statement of the intended outcomes to be achieved by implementation of the revitalization program, how the outcomes will be measured both qualitatively and quantitatively, and the estimated time over which they will occur; and

- Subd. 2. [TARGETED NEIGHBORHOOD PARTICIPATION IN PREPARING REVITALIZATION PROGRAM.] A city requesting state financial assistance under section 15 shall adopt a process to involve the residents of targeted neighborhoods in the development, drafting, and implementation of the revitalization program. The process shall include the use of a citizen participation process established by the city. A description of the process must be included in the program. The process to involve residents of the targeted neighborhood must include at least one public hearing. The city of Minneapolis shall establish the community-based process as outlined in subdivision 3. The city of St. Paul shall use the same community-based process the city used in planning, developing, drafting, and implementing the revitalization program required under Laws 1987, chapter 386, article 6, section 6. The city of Duluth shall use the same citizen participation process the city used in planning, developing, and implementing the federal funded community development program.

- Subd. 3 [COMMUNITY PARTICIPATION; MINNEAPOLIS.] (a) For the purposes of this subdivision, "city" means the city of Minneapolis.
- (b) The city shall adopt a process to involve the residents in targeted neighborhoods and assisted housing in planning, developing, and implementing the program. As part of this process, the city shall ensure that the community-based process has sufficient resources to assist in the development of the program and that the advisory board is established.
- (c) Beginning with the program for 1991, each targeted neighborhood or group of targeted neighborhoods in the city must have a strategic planning group whose members include residents of the targeted neighborhood and representatives of institutions in the neighborhood. The group shall, as part of its responsibilities, develop a strategic plan for the neighborhood. This strategic plan must include the elements that the planning group recommends as part of the program. The strategic plan must also address how the targeted neighborhood portions of the revitalization program will be integrated with the elements that are recommended to be included as part of the community resources program if such a program is developed in the city. If possible, the city shall integrate the community participation process required under this subdivision with the community participation process required for the development of the community resources program if such a program is developed in the city.
- (d) The city shall ensure that the strategic planning group required under paragraph (c) is established. An existing group or organization that reflects the required membership under paragraph (c) may be designated as the strategic planning group. The city may provide financial and staff resources to ensure the establishment of the strategic planning groups, and may use part of the money received from the state under section 15 to assist in the establishment of the targeted neighborhood strategic planning groups.
- (e) As part of the process for the development of the program, each targeted neighborhood strategic planning group shall submit assigned priority recommendations for the revitalization program to the city and the advisory board established under paragraph (f).
- (f) The city shall establish an urban revitalization action program advisory committee to assist the city in developing and implementing the preliminary revitalization program. The advisory committee shall consist of at least two representatives of the city council appointed by the city council, one or more for-profit or nonprofit housing developers, one or more representatives of the business community appointed by the city's chamber of commerce, and resident representatives of the targeted neighborhoods. The repre-

sentatives of the targeted neighborhoods shall represent a majority of the membership of the advisory committee and reflect the geographic, cultural, racial, and ethnic diversity of the targeted neighborhoods. The city may determine the size of the advisory committee and may designate an existing entity as the advisory committee if the entity meets the membership requirements outlined in this subdivision.

- (g) The advisory committee shall work closely with city staff in developing and drafting the preliminary revitalization program. The advisory committee shall be involved in assessing needs, prioritizing funds, and developing criteria for evaluating program proposals. - (c), the city must submit a preliminary program under paragraph (c), the city must submit a preliminary program to the commissioner, the state planning agency, and the Minnesota housing finance agency for their comments. The city may not adopt the revitalization program until comments have been received from the state agencies or 30 days have elapsed without response after the program was sent to them. Comments received by the city from the state agencies within the 30-day period must be responded to in writing by the city before adoption of the program by the city.
- (c) The city may adopt a revitalization program only after holding a public hearing after the program has been prepared. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the most widely circulated community newspaper in the targeted neighborhoods not less than ten days nor more than 30 days before the date of the hearing.
- (d) A certification by the city that a revitalization program has been approved by the city council for the targeted neighborhood must be provided to the commissioner together with a copy of the

program. A copy of the program must also be provided to the Minnesota housing finance agency and the state planning agency.

- (e) A revitalization program for the city may be modified at any time by the city council after a public hearing, notice of which is published in a newspaper of general circulation in the city and in the targeted neighborhood at least ten days nor more than 30 days before the date of the hearing. If the city council determines that the proposed modification is a significant modification to the program originally certified under paragraph (d), the city council shall implement the revitalization program approval and certification process of this subdivision for the proposed modification.
- Subd. 5. [CITY OF SAINT PAUL APPROVAL.] (a) Notwithstanding any other law, including laws passed by the 1989 legislature, the city of St. Paul must use the process under this subdivision for developing and certifying an urban revitalization action program.
- (b) For the purposes of this subdivision, "city" means the city of Saint Paul.
- (c) A city may approve a preliminary revitalization program developed through a process that includes the citizen participation required under subdivision 2 only after holding a public hearing. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhoods not less than ten days nor more than 30 days before the date of the hearing. After the public hearing and after the city has incorporated any changes into the preliminary program as a result of the public hearing, the city may approve the preliminary program and shall submit the approved preliminary program for final approval to the review board.
- (d) After approval, the city shall submit the preliminary program to the commissioner, the state planning agency, and the Minnesota housing finance agency for their comments. The state agencies have 30 days to provide comments to the preliminary program. State agency comments must be submitted in writing to the review board established under paragraph (e).
- (e) The city shall establish a city urban revitalization action program review board whose purpose is to review the preliminary program submitted by the city, and approve all or portions of the program. The review board consists of two city council members who represent targeted neighborhoods, two members representing the city's business community appointed by the chamber of commerce representing businesses in the city, and three residents of targeted neighborhoods appointed by the city council. Two members of the house of representatives and one member of the state senate appointed by the city's legislative delegation shall be nonvoting members of the review board. Nonvoting legislative members of the

review board shall represent targeted neighborhoods. A member of the review board may not be an elected public official, or in any way be involved in preparing or implementing the program or any portion of the program. The review board may require the city to contract for staff assistance in reviewing and approving the program. Persons who provide staff assistance to the review board may not be city employees or in any way involved in a formal or informal organization representing residents of a targeted neighborhood. The city may use state money available under section 15 to pay for the costs of staffing the review board.

- (f) The review board shall review the city's preliminary program and approve all or portions of the program. In reviewing the program, the review board shall take into account any comments submitted by state agencies under paragraph (d). The review board may only reject the revitalization program or portions of the program for the following reasons:
- (2) the city did not follow the community-based process required under subdivision 2 for developing the revitalization program; or

The review board may approve all of the preliminary program and submit it to the city council for certification under paragraph (g) or submit for certification only those specific portions of the program approved by the review board. If the review board does not approve a portion of the program, it shall specify in writing to the city the reasons for not approving that portion of the program and any recommendations for changes. If the review board determines that a portion of the program needs significant changes, it may require the city to implement the community participation process under subdivision 2 and state review under this subdivision for making changes to that portion of the program.

- go The city council may, by formal resolution, certify only those portions of a program approved by the review board under paragraph (f). A certification by the city council that all or portions of a revitalization program has been approved by the review board must be provided to the commissioner together with a copy of the approved portions of the program. A copy of the approved portions of the program must be submitted to the state planning agency and Minnesota housing finance agency.
  - (h) A revitalization program may be modified at any time by the

city after a public hearing and approval by the review board. Notice of the public hearing must be published in a newspaper of general circulation in the city and in the targeted neighborhoods not less than ten days nor more than 30 days before the date of the hearing. If the review board determines that the proposed modification is a significant modification to the program originally certified under paragraph (g), it must require the implementation of the revitalization program approval and certification process under this subdivision for the proposed modification.

Sec. 15. [469.204] [PAYMENT; CITY MATCHING MONEY; DRAWDOWN, USES OF STATE MONEY.]

Subdivision 1. [PAYMENT OF STATE MONEY.] Upon receipt from a city of a certification that a revitalization program has been adopted or modified, the commissioner shall, within 30 days, pay to the city the amount of state money identified as necessary to implement the revitalization program or program modification. State money may be paid to the city only to the extent that the appropriation limit for the city specified in subdivision 2 is not exceeded. Once the state money has been paid to the city, it becomes targeted neighborhood money for use by the city in accordance with an adopted revitalization program and subject only to the restrictions on its use in sections 12 to 18.

Subd. 2. [ALLOCATION.] Each city of the first class, as defined in section 410.01, may receive a part of the appropriations made available that is the proportion that the population of such city bears to the combined population of such cities of the first class. One city may agree to reduce its entitlement amount and to make it available to another city. For the purposes of this subdivision the population of each city is determined according to the most recent estimates available to the commissioner. Interest earned by a city from money paid to the city must be repaid to the commissioner annually unless the revitalization program identifies the interest as necessary to implement the revitalization program and the requirement for city matching money is satisfied with respect to the interest.

Subd. 3. [CITY MATCHING MONEY; DRAWDOWN AND RE-STRICTION ON USE OF STATE MONEY.] A city may spend state money only if the revitalization program identifies city matching money to be used to implement the program in an amount equal to the state appropriation paid to the city. A city must keep the state money in a segregated fund for accounting purposes.

Sec. 16. [469.205] [CITY POWERS AND ELIGIBLE USES OF TARGETED NEIGHBORHOOD MONEY.]

Subdivision 1. [CONSOLIDATION OF EXISTING POWERS IN TARGETED NEIGHBORHOODS.] A city may exercise any of its

corporate powers within a targeted neighborhood. Those powers shall include, but not be limited to, all of the powers enumerated and granted to any city by chapters 462C, 469, and 474A. For the purposes of sections 469.048 to 469.068, a targeted neighborhood is considered an industrial development district. A city may exercise the powers of chapters 469.048 to 469.068 in conjunction with, and in addition to, exercising the powers granted by sections 469.001 to 469.047 and chapter 462C, in order to promote and assist housing construction and rehabilitation within a targeted neighborhood. For the purposes of section 462C.02, subdivision 9, a targeted neighborhood is considered a "targeted area."

Subd. 2. [GRANTS AND LOANS.] In addition to the authority granted by other law, a city may make grants, loans, and other forms of public assistance to individuals, for-profit and nonprofit corporations, and other organizations to implement a revitalization program. The public assistance must contain the terms the city considers proper to implement a revitalization program.

Subd. 3. [ELIGIBLE USES OF TARGETED NEIGHBORHOOD MONEY.] The city may spend targeted neighborhood money for any purpose authorized by subdivision 1 or 2, except that an amount equal to at least 50 percent of the state payment under section 15 made to the city must be used for housing activities. Use of target neighborhood money must be authorized in a revitalization program.

# Sec. 17. [469.206] [HAZARDOUS PROPERTY PENALTY.]

A city may assess a penalty up to one percent of the market value of real property, including any building located within the city that the city determines to be hazardous as defined in section 463.15, subdivision 3. The city shall send a written notice to the address to which the property tax statement is sent at least 90 days before it may assess the penalty. If the owner of the property has not paid the penalty or fixed the property within 90 days after receiving notice of the penalty, the penalty is considered delinquent and is increased by 25 percent each 60 days the penalty is not paid and the property remains hazardous. For the purposes of this section, a penalty that is delinquent is considered a delinquent property tax and subject to Minnesota Statutes, chapters 279, 280, and 281, in the same manner as delinquent property taxes.

# Sec. 18. [469.207] [ANNUAL AUDIT AND REPORT.]

Subdivision 1. [ANNUAL FINANCIAL AUDIT.] In 1989 and subsequent years, at the end of each calendar year, the legislative auditor shall conduct a financial audit to review the spending of state money under sections 12 to 18. Before spending state money to implement a revitalization program, the city must consult with the legislative auditor to determine appropriate accounting methods

and principles that will assist the legislative auditor in conducting its financial audit. The results of the financial audit must be submitted to the legislative audit commission, the commissioner, the state planning agency, and the Minnesota housing finance agency.

- Subd. 2. [ANNUAL REPORT.] A city that begins to implement a revitalization program in a calendar year must, by March 1 of the succeeding calendar year, provide a detailed report on the revitalization program or programs being implemented in the city. The report must describe the status of the program implementation and analyze whether the intended outcomes identified in section 14, subdivision 1, clause (4), are being achieved. The report must include at least the following:
- (1) the number of housing units, including lost units, removed, created, lost, replaced, relocated, and assisted as a result of the program. The level of rent of the units and the income of the households affected must be included in the report;
- (2) the number and type of commercial establishments removed, created, and assisted as a result of a revitalization program. The report must include information regarding the number of new jobs created by category, whether the jobs are full-time or part-time, and the salary or wage levels of both new and expanded jobs in the affected commercial establishments;
- (3) a description of a statement of the cost of the public improvement projects that are part of the program and the number of jobs created for each \$20,000 of money spent on commercial projects and applicable public improvement projects;
- (4) the increase in the tax capacity for the city as a result of the assistance to commercial and housing assistance; and
- (5) the amount of private investment that is a result of the use of public money in a targeted neighborhood.

The report must be submitted to the commissioner, the Minnesota housing finance agency, the state planning agency, and the legislative audit commission, and must be available to the public.

# Sec. 19. [REVITALIZATION PROGRAM MONITORING.]

The commissioner of the state planning agency, in consultation with other appropriate state agencies, shall monitor the planning, development and implementation of the urban revitalization action program. The commissioner shall determine if:

(1) the process used for developing the programs is providing

adequate neighborhood participation in the planning, drafting and implementation of the programs;

- (3) private funding is being used to partially fund the activities established under the programs.

The state planning agency shall provide an interim report to the legislature by January 1, 1990, with a final report of its findings due by January 1, 1991.

Sec. 20. [COMMUNITY SOCIAL AND ECONOMIC NEEDS.]

The commissioner of the state planning agency, in consultation with representatives of cities, counties, and school districts, shall identify significant social and economic needs in the communities throughout the state, including the future needs of the cities of the first class. The identification of the needs must be done on a county by county basis using demographic characteristics that will allow social and economic needs to be thoroughly demonstrated. When possible, the commissioner shall also identify the needs of all cities with populations of 2,500 or more people.

The demographic, economic, and other data utilized in identifying the social and economic needs shall be maintained in a data base that is accessible to legislators, researchers, and representatives of local governments. The commissioner shall provide an interim report on its findings to the legislature by January 1, 1990, with a final report by January 1, 1991.

Sec. 21. [REPEALER.]

Laws 1987, chapter 386, article 6, sections 4, 5, 6, 7, 8, 9, 10 and 11, and Laws 1987, chapter 384, article 3, section 22, are repealed, provided that actions taken under those provisions prior to the effective date of this chapter with respect to any program or to a targeted neighborhood are ratified and affirmed and must be treated as if validly taken under the provisions of sections 12 to 18.

Sec. 22. [EFFECTIVE DATE.]

Sections 12 to 18 and 21 are effective the day after final enactment, provided that the provisions of sections 12 to 15 and 16, subdivisions 2 and 3, shall not apply to any program funded by the state in fiscal year 1988.

#### CONFERENCE COMMITTEE REPORT ON H. F. NO. 723

A bill for an act relating to veterans; providing for establishment of a veterans home in Luverne; requiring a study; appropriating money; proposing coding for new law in Minnesota Statutes, chapter 198.

May 22, 1989

The Honorable Robert E. Vanasek Speaker of the House of Representatives

The Honorable Jerome M. Hughes President of the Senate

We, the undersigned conferees for H. F. No. 723, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 723 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 256B.056, is amended by adding a subdivision to read:

Subd. 3a. [ASSET LIMITATIONS FOR VETERANS.] (a) Notwithstanding subdivision 3, the income and asset limitations for a veteran who is otherwise eligible for medical assistance are the income and asset limitations established by the board of directors of the Minnesota nursing homes for veterans applying for admission to a veterans home. The provisions concerning transfers of property in section 256B.17 do not apply to a veteran. For purposes of this subdivision, "veteran" has the meaning given in section 197.447.

(b) Paragraph (a) is effective only to the extent allowed by federal medical assistance laws and regulations and only if the federal health care financing agency approves the necessary amendments to the state medical assistance plan. The commissioner shall seek waivers of federal requirements to the extent necessary to implement paragraph (a).

#### Sec. 2. [VETERANS HOMES SITING STUDY.]

Subdivision 1. [STUDY AUTHORIZED.] The commissioner of administration, in cooperation with the veterans home board of directors and the interagency board for quality assurance, must, by February 1, 1990, complete a study that will assist the legislature to determine:

- (1) if additional veterans homes should be established in any health systems agencies regions of the state not currently served by a veterans home; and
- Subd. 2. [NEED FOR ADDITIONAL VETERANS HOMES.] In analyzing whether additional veterans homes should be established in the state, the study should consider the following factors:
- (1) the number of veterans that are projected to need nursing home care in the state and in each health systems agencies region of the state;
- (2) the availability and feasibility of other long-term care alternatives for veterans;
- - (4) the availability of federal funding for construction and opera-

tion of additional veterans homes and the impact of other federal regulations;

- (5) the overall cost to the state of a veterans home in each studied health systems agencies region; and
- (6) the veterans home board of directors' long-term plan for veterans health care.

Based on these factors, the study shall recommend in which health systems agencies regions of the state, if any, not currently served by a veterans home, additional veterans homes should be established.

- Subd. 3. [ANALYSIS OF SITING ALTERNATIVES.] If the commissioner of administration recommends that additional veterans homes should be established in one or more health systems agencies regions of the state not currently serviced by a veterans nursing care facility, the study must analyze various potential sites for veterans homes based on the following factors:
  - (1) proximity to a veterans administration medical center;
  - (2) proximity to other medical services in the community;
  - (3) availability of staff to operate a home;
  - (4) construction costs;
  - (5) operating costs through the first full year of operation;
- (6) local financial contributions toward construction costs through the first full year of operation;
  - (7) physical features of a site;
  - (8) the number of veterans needing nursing care in the area; and

The commissioner shall allow a local community in an affected health systems agencies region to submit a proposal for veterans nursing care facilities, unless the community is in region 2, 5, or 6. No one of the factors listed in this subdivision may be an overriding factor in the analysis or recommendation of siting alternatives. The study must recommend, in rank order within each affected health systems agencies region, sites for new veterans nursing care facilities. Two or more contiguous health systems agencies regions may be combined for study and recommendation purposes. Previously

studied communities in health systems agencies region 3 must be included in this study.

#### Sec. 3. [VETERANS HOME; LUVERNE.]

Subdivision 1. The legislature has reviewed department of administration study and report of February 1989, and has determined that the Minnesota veterans home board shall establish a veterans nursing care facility in Luverne to provide at least 60 beds for skilled nursing care to health systems agencies region 6 in conformance with licensing rules of the department of health.

Subd. 2. [FUNDING.] The home must be purchased and built with funds, 65 percent of which must be provided by the federal government, and 35 percent by other nonstate sources, including local units of government, veterans organizations, and corporations or other business entities. Contracts made by the board for the purposes of this section are subject to chapter 16B.

Subd. 3. [LACK OF FEDERAL FUNDING.] If the funds to be provided by the federal government are not approved by December 1, 1989, the future authorization of the siting of a veterans nursing care facility in Luverne must be considered in the study provided by section 3. If the need for a veterans home is found to exist in southwest Minnesota, the site of the home must be in Luverne.

#### Sec. 4. [APPROPRIATION.]

\$200,000 is appropriated from the general fund to the commissioner of administration to conduct the study required by section 2.

# Sec. 5. [EFFECTIVE DATE.]

Sections 1 to 3 are effective the day following final enactment. Section 4 is effective July 1, 1989."

- Sec. 6. Minnesota Statutes 1988, section 10A.27, subdivision 4, is amended to read:
- Subd. 4. For the purposes of this section, a political party means the aggregate of the party organization within each house of the legislature, the state party organization, and the party organization within congressional districts, counties, legislative districts, municipalities, and precincts, and all or part of the party organization within either house of the legislature, except for individual members.

### Sec. 7. [10A.271] [CONTRIBUTION LIMIT ADJUSTMENT.]

The dollar amounts in section 10A.27, subdivision 1, clauses (e) and (g), must be adjusted for 1991 and subsequent nonelection years as provided in this section. By June 1 of each general election year, the executive director of the board shall determine the percentage increase in the consumer price index from December of the year in which the last determination was made, or December 1987, for the adjustment made in 1991, to December of the year preceding the current year. The dollar amounts used for the current year must be multiplied by that percentage. The product of the calculation must be added to each dollar amount to produce the dollar limitations to be in effect for the next nonelection year. The product must be rounded up to the next highest number of dollars evenly divisible by 25. The index used must be the revised consumer price index for all urban consumers for the St. Paul-Minneapolis metropolitan area prepared by the United States Department of Labor with 1982 as a base year.

Sec. 8. Minnesota Statutes 1988, section 10A.275, is amended to read:

# 10A.275 [MULTICANDIDATE POLITICAL PARTY EXPENDITURES.]

- Subdivision 1. [EXCEPTIONS.] Notwithstanding any other provisions of this chapter, the following expenditures by a state political party or, a substate unit of a state political party as described in section 10A.27, subdivision 4, or two or more substate units of a state political party acting together, with at least one substate unit being either: the state party organization or the party organization within congressional districts, counties, or legislative districts, shall not be considered contributions to or expenditures on behalf of any candidate for the purposes of section 10A.25 or 10A.27, and shall not be allocated to any candidates pursuant to section 10A.22, subdivision 5:
- (a) expenditures on behalf of candidates of that party generally without referring to any of them specifically in any advertisement published, posted or broadcast;
- (b) expenditures for the preparation, display, mailing or other distribution of an official party sample ballot listing the names of three or more individuals whose names are to appear on the ballot;
- (c) expenditures for any telephone conversation including the names of three or more individuals whose names are to appear on the ballot; or
- (d) expenditures for any political party fundraising effort on behalf of three or more candidates; or

- Subd. 2. [SUBSTATE UNIT OF STATE POLITICAL PARTY.] For purposes of this section, "substate unit of a state political party" means the party organization within each house of the legislature; the state party organization; or the party organization within congressional districts, counties, legislative districts, municipalities, or precincts.
- Sec. 9. Minnesota Statutes 1988, section 10A.31, subdivision 5, is amended to read:
- Subd. 5. In each calendar year the money in the general account shall be allocated to candidates as follows:

- (1) 21 percent for the offices of governor and lieutenant governor together;
  - (2) 3.6 percent for the office of attorney general;
- (3) 1.8 percent each for the offices of secretary of state, state auditor, and state treasurer;
- (4) In each calendar year during the period in which state senators serve a four-year term,  $23\frac{1}{3}$  percent for the office of state senator and  $46\frac{3}{3}$  percent for the office of state representative;
- (5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative.

In each calendar year the money in each party account shall be allocated as follows:

- (1) 14 percent for the offices of governor and lieutenant governor together;
  - (2) 2.4 percent for the office of attorney general;
- (3) 1.2 percent each for the offices of secretary of state, state auditor, and state treasurer;
- (4) In each calendar year during the period in which state senators serve a four-year term,  $23\frac{1}{3}$  percent for the office of state senator and  $46\frac{2}{3}$  percent for the office of state representative;
- (5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative;
- (6) ten percent for the state committee of a political party; money allocated to each state committee under this clause must be deposited in a separate account and must be spent for legitimate political party operations, including voter education; the sample ballot; operations of precinct caucuses, county unit conventions, and state conventions; and the maintenance and programming of computers used to provide lists of voters, party workers, party officers, patterns of voting, and other data for use in political party activities only those items enumerated in section 10A.275; money allocated to a state committee under this clause must be paid to the committee as it is received in the account; on a monthly or other basis agreed to between the committee and the board., with payment on the 15th day of the calendar month following the month in which the tax returns were received, provided that these distributions would be equal to the amount of money indicated in the department of

revenue's weekly unedited reports of income tax returns for that month, subject to final annual adjustment and settlement as indicated according to the certification by the commissioner of revenue under subdivision 6.

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula;

For each county within the candidate's district the candidate's share of the dollars allocated in that county to the candidate's party account and set aside for that office shall be:

- (a) The sum of the votes cast in the last general election in that part of the county in the candidate's district for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by
- (b) The sum of the votes cast in that county in the last general election for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by
- (c) The amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

The sum of all the county shares calculated in the formula above is the candidate's share of the candidate's party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, amounts in the party's account shall be allocated based on (a) the number of people voting in the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

Money from a party account not distributed to candidates for state senator and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. Money from the general account refused by any candidate shall be distributed to all other qualifying candidates in proportion to their shares as provided in this subdivision.

- Sec. 10. Minnesota Statutes 1988, section 10A.31, is amended by adding a subdivision to read:
- Subd. 12. [SPECIAL ELECTION ACCOUNT.] The special election account is established as a separate account in the state election campaign fund. Each eligible candidate for a legislative office in a special election shall receive from the special election account an amount equal to the sum of:
- (a) the party account money at the last general election for the candidate's party for the office the candidate is seeking; and
- (b) the general account money paid to candidates for the same office at the last general election.

If the filing period for the special election does not coincide with the filing period for the general election, a candidate who wishes to receive money from the special election account must submit a

signed agreement under section 10A.32, subdivision 3, to the board not later than the day after the candidate files the affidavit of candidacy or nominating petition for the office. Money from the special election account must be distributed in the same manner as provided for the distribution of general account money to legislative candidates in a general election.

Sec. 11. Minnesota Statutes 1988, section 10A.32, is amended by adding a subdivision to read:

Subd. 2a. [MATCHING FUNDS.] In addition to the requirements of subdivision 3, to be eligible to receive any money from the state elections campaign fund, a candidate shall file an affidavit with the board stating that during that calendar year the candidate has accumulated contributions, including unexpended balances from the prior year, or has made contributions to self, in an amount equal to or greater than ten percent of the minimum amount that the board estimates, on August 15 of the general election year, would be received by the candidate from the state campaign fund. The candidate shall submit the affidavit required by this subdivision to the board in writing on or before October 1 of the general election year.

Sec. 12. Minnesota Statutes 1988, section 10A.32, subdivision 3, is amended to read:

Subd. 3. As a condition of receiving any money from the state elections campaign fund, a candidate shall agree by stating in writing to the board that (a) the candidate's expenditures and approved expenditures shall not exceed the expenditure limits as set forth in section 10A.25, except as otherwise provided by section 10A.25, subdivision 10, and that (b) except for an amount equal to 25 percent of the expenditure limits set forth in section 10A.25, but not exceeding \$15,000, the candidate shall not accept contributions or allow approved expenditures to be made on the candidate's behalf for the period beginning with January 1 of the election year or with the registration of the candidate's principal campaign committee, whichever occurs later, and ending December 31 of the election year, which aggregate contributions and approved expenditures exceed the difference between the amount which may legally be expended by or for the candidate, and the amount which the candidate receives from the state elections campaign fund. The agreement, insofar as it relates to the expenditure limits set forth in section 10A.25, remains effective until the dissolution of the principal campaign committee of the candidate or the opening of filings for the next succeeding election to the office held or sought at the time of agreement, whichever occurs first. Money in the account of the principal campaign committee of a candidate on January 1 of the election year for the office held or sought shall be considered contributions accepted by that candidate in that year for the purposes of this subdivision. That amount of all contributions accepted by a candidate in an election year which equals the amount of noncampaign disbursements and contributions and expenditures to promote or defeat a ballot question which are made by that candidate in that year shall not count toward the aggregate contributions and approved expenditure limit imposed by this subdivision. Except for an amount equal to 25 percent of the expenditure limits set forth in section 10A.25, but not exceeding \$15,000, any amount by which the aggregate contributions and approved expenditures agreed to under clause (b) exceed the difference shall be returned to the state treasurer in the manner provided in subdivision 2. In no case shall the amount returned exceed the amount received from the state elections campaign fund.

The candidate may submit the signed agreement to the filing officer on the day of filing the affidavit of candidacy or petition to appear on the ballot, or to the board no later than September 1.

The board prior to the first day of filing for office shall forward forms for the agreement to all filing officers. The filing officer shall without delay forward signed agreements to the board. An agreement may not be rescinded after September 1.

Before the first day of filing for office, the board shall also forward a copy of section 10A.25, subdivision 3, to all filing officers. Before September 1, the filing officer shall provide a copy of section 10A.25, subdivision 3, to each candidate who files an affidavit of candidacy or whose name is to appear on the ballot by petition.

For the purposes of this subdivision only, the total amount to be distributed to each candidate is calculated to be the candidate's share of the total estimated funds in the candidate's party account as provided in subdivision 3a, plus the total amount estimated as provided in subdivision 3a to be in the general account of the state elections campaign fund and set aside for that office divided by the number of candidates whose names are to appear on the general election ballot for that office. If for any reason the amount actually received by the candidate is greater than the candidate's share of the estimate, and the contributions thereby exceed the difference, the agreement shall not be considered violated.

Sec. 13. Minnesota Statutes 1988, section 10A.32, is amended by adding a subdivision to read:

Subd. 3c. [TAX CREDIT; PENALTY.] As a condition of receiving a public subsidy for the candidate's election campaign in the form of tax credits against the tax due from individuals who contribute to the candidate's principal campaign committee, a candidate shall agree by stating in writing to the board at any time, beginning with the registration of the candidate's principal campaign committee, that the candidate's expenditures and approved expenditures shall not exceed the expenditure limits in section 10A.25, except as

otherwise provided by section 10A.25, subdivision 10. The agreement shall remain effective until the dissolution of the principal campaign committee of the candidate or the opening of filing for the next election for the office held or sought at the time of agreement, whichever occurs first.

The commissioner of revenue shall not allow any credit under section 290.06, subdivision 23, for any contribution to a candidate for legislative or statewide office who has not signed an agreement under this subdivision. Nothing in this subdivision shall be construed to limit the campaign expenditure of any candidate who does not sign an agreement under this subdivision but accepts a contribution for which the contributor claims a credit against tax due. The board shall forward a copy of any agreement signed under this subdivision to the commissioner of revenue.

The board shall make available to any candidate signing an agreement a supply of official tax credit receipt forms which state in boldface type that (a) a contributor who is given a receipt form is eligible to receive a credit against tax due in an amount equal to the amount of the contributions, but not more than \$50 for an individual or not more than \$100 for a married couple filing jointly, and (b) the candidate to whom the contribution was made has voluntarily agreed to abide by campaign expenditure limits. A candidate who does not sign an agreement under this subdivision may not issue an official tax credit receipt form or any facsimile of one to any of the candidate's contributors.

Any candidate who does not voluntarily agree to abide by the expenditure limits imposed in section 10A.25 and who willfully issues official tax credit receipt forms or any facsimiles thereof to any contributor is guilty of a misdemeanor.

Sec. 14. Minnesota Statutes 1988, section 10A.33, is amended to read:

The affidavit may be prepared and signed at any time between 60 days before the filing period opens and the last day of the filing period. Candidates for presidential electors may file petitions on or before the state primary day. Nominating petitions to fill vacancies in nominations shall be filed as provided in section 204B.13. No affidavit or petition shall be accepted later than 5:00 p.m. on the last day for filing. Affidavits and petitions for offices to be voted on in only one county shall be filed with the county auditor of that county. Affidavits and petitions for offices to be voted on in more than one county shall be filed with the secretary of state.

Sec. 17. [204D.165] [SAMPLE BALLOTS TO SCHOOLS.]

Notwithstanding any contrary provisions in section 204D.09 or 204D.16, the county auditor, two weeks before the applicable primary or general election, shall provide one copy of the sample partisan primary, nonpartisan primary, canary, white, or pink ballot to a school district upon request. The school district may have the sample ballots reproduced at its expense for classroom educational purposes.

Sec. 18. Minnesota Statutes 1988, section 290.06, is amended by adding a subdivision to read:

Subd. 23. [CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.] A taxpayer may take a credit against the tax due under this chapter equal to the amount of the taxpayer's contributions to candidates for elective state public office and to any political party. The maximum credit for an individual shall not exceed \$50 and, for a married couple filing jointly, shall not exceed \$100. No credit is allowed under this subdivision for a contribution to any candidate, other than a candidate for elective judicial office, who has not signed an agreement to limit campaign expenditures as provided in section 10A.32. The credit allowed under this subdivision must be available on the short form. This credit shall be allowed only if the contribution is verified in the manner the commissioner of revenue prescribes.

For purposes of this subdivision, "political party" means a major political party as defined in section 200.02, subdivision 7, or a minor

political party qualifying for inclusion on the income tax or property tax refund form under section 10A.31, subdivision 3a. A "major or minor party" includes the aggregate of the party organization within each house of the legislature, the state party organization, and the party organization within congressional districts, counties, legislative districts, municipalities, and precincts.

Alternatively, the candidate or congressional candidate may submit the agreement directly to the board no later than September 1. An agreement may not be rescinded after September 1.

Subd. 4. [HOW LONG AGREEMENT IS EFFECTIVE.] (a) Candidates. The agreement, insofar as it relates to the expenditure limits in section 10A.25, as adjusted by section 10A.255, remains

# "ARTICLE 1 CHAPTER 103H GROUNDWATER PROTECTION

Section 1. [103H.001] [DEGRADATION PREVENTION GOAL.]

It is the goal of the state that groundwater be maintained in its natural condition, free from any degradation caused by human activities. It is recognized that for some human activities this degradation prevention goal cannot be practicably achieved. However, where prevention is practicable, it is intended that it be achieved. Where it is not currently practicable, the development of methods and technology that will make prevention practicable is encouraged.

Sec. 2. [103H.005] [DEFINITIONS.]

- Subdivision 1. [APPLICABILITY.] The definitions in this section apply to this chapter.
- Subd. 2. [AGRICULTURAL CHEMICAL.] "Agricultural chemical" means a pesticide, fertilizer, plant amendment, or soil amendment.
- Subd. 3. [HEALTH RISK LIMITS.] "Health risk limits" means a concentration of a substance or chemical adopted by rule of the commissioner of health that is a potential drinking water contaminant because of a systemic or carcinogenic toxicological result from consumption.
- Subd. 4. [BEST MANAGEMENT PRACTICES.] "Best management practices" means practicable voluntary practices that are capable of preventing and minimizing degradation of groundwater, considering economic factors, availability, technical feasibility, implementability, effectiveness, and environmental effects. Best management practices apply to schedules of activities; design and operation standards; restrictions of practices; maintenance procedures; management plans; practices to prevent site releases, spillage, or leaks; application and use of chemicals; drainage from raw material storage; operating procedures; treatment requirements; and other activities causing groundwater degradation.
- Subd. 5. [COMMON DETECTION.] "Common detection" means detection of a pollutant that is not due to misuse or unusual or unique circumstances, but is likely to be the result of normal use of a product or a practice.
- <u>Subd.</u> 6. [DEGRADATION.] "Degradation" means changing groundwater from its natural condition by human activities.
- Subd. 7. [FERTILIZER.] "Fertilizer" has the meaning given in article 6, section 2, subdivision 11.
- <u>Subd.</u> 8. [GROUNDWATER.] "Groundwater" means groundwater as defined in section 115.01, subdivision 21.
- Subd. 10. [PLANT AMENDMENT.] "Plant amendment" has the meaning given in article 6, section 2, subdivision 25.
- Subd. 11. [POLLUTANT.] "Pollutant" means a chemical or substance for which a health risk limit has been adopted.
- Subd. 12. [POLLUTION.] "Pollution" means degradation of groundwater by a pollutant.

- Subd. 13. [SENSITIVE AREA.] "Sensitive area" means a geographic area defined by natural features where there is a significant risk of groundwater degradation from activities conducted at or near the land surface.
- Subd. 14. [SOIL AMENDMENT.] "Soil amendment" has the meaning given in article 6, section 2, subdivision 34.
- Subd. 15. [WATER RESOURCE PROTECTION REQUIRE-MENTS.] "Water resource protection requirements" means requirements adopted by rule for one or more pollutants intended to prevent and minimize pollution of groundwater. Water resource protection requirements include design criteria, standards, operation and maintenance procedures, practices to prevent releases, spills, leaks, and incidents, restrictions on use and practices, and treatment requirements.

#### PROTECTION OF SENSITIVE AREAS

# Sec. 3. [103H.101] [PROTECTION OF SENSITIVE AREAS.]

Subdivision 1. [CRITERIA FOR DETERMINATION OF SENSITIVE AREAS.] The commissioner of natural resources in consultation with the Minnesota geological survey, soil and water conservation districts, local water planning authorities, and other interested parties shall develop specific criteria for identifying sensitive groundwater areas and adopt the criteria by rule.

- Subd. 2. [IDENTIFICATION OF SENSITIVE AREAS.] The commissioner of natural resources shall, in consultation with the Minnesota geological survey, identify the location of sensitive areas by mapping and other appropriate methods after consulting the Minnesota geological survey, soil and water conservation districts, and local water planning authorities.
- Subd. 3. [NOTIFICATION OF LOCATION OF SENSITIVE AREAS.] The commissioner of natural resources shall:
- (1) notify political subdivisions with planning or zoning authority and provide maps and other materials that show where sensitive areas are located and indicate the type of risk of groundwater degradation that may occur from activities at or near the surface; and
- (2) publish notification of sensitive areas in a newspaper of general circulation in the county where the sensitive areas are located.
  - Subd. 4. [INFORMATION GATHERING.] The commissioner of

natural resources shall coordinate the collection of state and local information to identify sensitive areas. Information must be automated on or accessible to systems developed at the land management information center of the state planning agency.

- Subd. 5. [STATE PROTECTION OF SENSITIVE AREAS.] (a) The commissioner of agriculture for pollution resulting from agricultural chemicals and practices and the pollution control agency for other pollutants must consider the type of risk identified under subdivision 3 when adopting best management practices, water resource protection plans, and water resource protection requirements to prevent and minimize groundwater degradation in sensitive areas.
- (b) To prevent and minimize groundwater degradation, state agencies must consider the type of risk identified under subdivision 3 when undertaking an activity within a sensitive area.
- Subd. 6. [ACTIONS BY REGULATING AUTHORITIES.] <u>Upon adoption of a comprehensive local water plan as defined in chapter 110B or a water management plan under chapter 473, a regulating authority must take into account the plan and any geological assessments referenced in the plan when taking appropriate actions in sensitive areas.</u>
- Subd. 7. [STATE AGENCIES.] Each state agency that has a program affecting activities that may cause or contribute to ground-water pollution shall identify and develop best management practices to ensure that the program is consistent with and is effective in achieving the goal of section 1. For those activities which may cause or contribute to pollution of groundwater, but are not directly regulated by the state, best management practices shall be promoted through education, support programs, incentives, and other mechanisms.
- Sec. 4. [103H.105] [CONSERVATION EASEMENTS TO PROTECT SENSITIVE AREAS.]
- (a) Agricultural land within a sensitive area identified in section 3, subdivision 2, or by the board of water and soil resources and land in or immediately surrounding a sinkhole is marginal agricultural land for purposes of section 40.43, subdivision 2, and is eligible for the conservation reserve program under section 40.43.
- (b) Notwithstanding section 40.43, subdivision 2, clauses (2) and (5), and subdivision 4, the board of water and soil resources may authorize acquisition of hillside pasturing or grazing of livestock.

# Sec. 5. [103H.111] [LIABILITY AFTER PROTECTION OF SENSITIVE AREA.]

- (a) A landowner within a sensitive area, identified under section 3, has a complete defense to liability for degradation of groundwater caused by surface water from the sensitive area recharging groundwater if:
- (1) the landowner's portion of the sensitive area is subject to a plan adopted by the soil and water conservation district to protect the groundwater from degradation through surface water recharge;
- (2) the projects and practices required by the plan have been implemented and have been certified as having been implemented by the soil and water conservation district;
- (3) the projects and practices required by the plan are maintained according to the plan; and
- (4) the landowner has not allowed unlawful practices on the property that disrupt the projects and practices required by the plan.
- (b) The soil and water conservation district's plan must include appropriate best management practices and water resource protection requirements.

# Sec. 6. [103H.151] [BEST MANAGEMENT PRACTICES.]

Subdivision 1. [DEVELOPMENT BY POLLUTION CONTROL AGENCY.] Except as provided in subdivision 2 for agricultural chemicals and practices, the pollution control agency in consultation with local water planning authorities shall develop best management practices for the prevention of groundwater degradation for specific activity categories. The pollution control agency shall contact and solicit comments from affected persons and businesses in developing the best management practices. The pollution control agency must publish notice and also solicit comments and recommendations from state agencies and local governments affected by or regulating the activities.

Subd. 2. [AGRICULTURAL CHEMICAL BEST MANAGEMENT PRACTICES.] The commissioner of agriculture in consultation with local water planning authorities shall develop best management practices for agricultural chemicals and practices. The commissioner shall give public notice and contact and solicit comment from affected persons and businesses interested in developing the best management practices.

Subd. 3. [EDUCATION AND PROMOTION.] The commissioners of the pollution control agency and agriculture, in conjunction with

the board of water and soil resources, soil and water conservation districts, and the Minnesota extension service, must promote best management practices and provide education about how the use of best management practices will prevent, minimize, reduce, and eliminate the source of groundwater degradation. The promotion and education shall include demonstration projects.

# GROUNDWATER QUALITY MONITORING

Sec. 7. [103H.175] [GROUNDWATER QUALITY MONITORING.]

Subdivision 1. [MONITORING RESULTS TO BE SUBMITTED TO THE ENVIRONMENTAL QUALITY BOARD.] The results of monitoring groundwater quality by state agencies and political subdivisions must be submitted to the state planning agency.

Subd. 2. [COMPUTERIZED DATA BASE.] The state planning agency shall maintain a computerized data base of the results of groundwater quality monitoring in a manner that is accessible to the pollution control agency, department of agriculture, department of health, and department of natural resources. The state planning agency shall assess the quality and reliability of the data and organize the data in a usable format.

#### HEALTH RISK LIMITS

Sec. 8. [103H.201] [HEALTH RISK LIMITS.]

Subdivision 1. [PROCEDURE.] (a) If groundwater quality monitoring results show that there is a degradation of groundwater, the commissioner of health may promulgate health risk limits under subdivision 2 for substances degrading the groundwater.

- (c) For systemic toxicants that are not carcinogens, the adopted health risk limits shall be derived using United States Environmental Protection Agency risk assessment methods using a reference dose, a drinking water equivalent, an uncertainty factor, and a factor for relative source contamination, which in general will measure an estimate of daily exposure to the human population, including sensitive subgroups, that is unlikely to result in deleterious effects during long-term exposure.
- (d) For toxicants that are known or probable carcinogens, the adopted health risk limits shall be derived from a quantitative estimate of the chemical's carcinogenic potency published by the

 $\frac{United}{sessment} \underbrace{\frac{Environmental}{environmental}}_{} \underbrace{\frac{Protection}{environmental}}_{} \underbrace{\frac{Agency's}{environmental}}_{} \underbrace{\frac{as-carcinogen}{environmental}}_{} \underbrace{\frac{Agency's}{environmental}}_{} \underbrace{\frac{Agency's}{environmental}}_{}$ 

- (b) If the commissioner determines that emergency conditions exist and the public health and welfare require the health risk limits to be adopted as soon as possible, the commissioner shall promulgate the adopted health risk limits notwithstanding chapter 14 but the adopted health risk limits adopted under this paragraph are only effective for one year.
- Subd. 3. [REVIEW AND REVISION.] (a) The commissioner shall review each adopted health risk limit at least every four years.
- $\underbrace{\frac{(b)}{vision}}_{2.} \underbrace{\frac{(b)}{commissioner}}_{may} \underbrace{\frac{revise}{health}}_{may} \underbrace{\frac{limits}{mits}}_{may} \underbrace{\frac{under}{subdivision}}_{may} \underbrace{\frac{(b)}{risk}}_{may} \underbrace{\frac{limits}{mits}}_{may} \underbrace{\frac{limits}$
- Subd. 4. [ADOPTION OF EXISTING RECOMMENDED ALLOW-ABLE LIMITS.] (a) Notwithstanding and in lieu of subdivision 2, the commissioner may adopt recommended allowable limits established by the commissioner on or before May 1, 1989, as health risk limits under this subdivision. Before a recommended allowable limit is adopted as an adopted health risk limit under this subdivision, the commissioner shall:
- (1) publish in the State Register and disseminate through the Minnesota extension service and through soil and water conservation districts notice of intent to adopt a recommended allowable limit as an adopted health risk limit for specific substances and shall solicit information on the health impacts of the substance;

#### EVALUATION AND COMMON DETECTION OF POLLUTION

Sec. 9. [103H.251] [EVALUATION OF DETECTION OF POL-LUTANTS.]

Subdivision 1. [METHODS.] (a) The commissioner of agriculture for pollution resulting from agricultural chemicals and practices and the pollution control agency for other pollutants shall evaluate the detection of pollutants in groundwater of the state. Evaluation of the detection may include collection technique, sampling handling technique, laboratory practices, other quality control practices, climatological conditions, and potential pollutant sources.

- (b) If conditions indicate a likelihood of the detection of the pollutant or pollutant breakdown product to be a common detection, the commissioner of agriculture or the pollution control agency must begin development of best management practices and continue to monitor for the pollutant or pollutant breakdown products.
- Subd. 2. [ANALYSIS OF POLLUTION TREND.] The commissioner of agriculture for pollution resulting from agricultural chemicals and practices and the pollution control agency for other pollutants shall develop and implement groundwater monitoring and hydrogeologic evaluation following pollution detection to evaluate pollution frequency and concentration trend. Assessment of the site-specific and pollutant-specific conditions and the likelihood of common detection must include applicable monitoring, pollutant use information, physical and chemical properties of the pollutant, hydrogeologic information, and review of information and data from other local, state, or federal monitoring data bases.

Sec. 10. [103H.275] [MANAGEMENT OF POLLUTANTS WHERE GROUNDWATER IS POLLUTED.]

Subdivision 1. [AREAS WHERE GROUNDWATER POLLUTION IS DETECTED.] (a) If groundwater pollution is detected, a state agency or political subdivision that regulates an activity causing or potentially causing a contribution to the pollution identified shall promote implementation of best management practices to prevent or minimize the source of pollution to the extent practicable.

(b) The pollution control agency, or for agricultural chemicals and practices, the commissioner of agriculture may adopt water source protection requirements under subdivision 2 that are consistent with the goal of section 1 and are commensurate with the ground-water pollution if the implementation of best management practices have proven to be ineffective.

- (c) The water resources protection requirements must be:

- - (3) submitted to the legislative water commission.
- Subd. 2. [ADOPTION OF WATER RESOURCE PROTECTION REQUIREMENTS.] (a) The pollution control agency, or for agricultural chemicals and practices, the commissioner of agriculture shall adopt by rule water resource protection requirements that are consistent with the goal of section 1 to prevent and minimize the pollution to the extent practicable. The proposed rule must be submitted to the legislative water commission for review before adoption. The water resource protection requirements must be based on the use and effectiveness of best management practices, the product use and practices contributing to the pollution detected, economic factors, availability, technical feasibility, implementability, and effectiveness. The water resource protection requirements may be adopted for one or more pollutants or a similar class of pollutants. A water resource protection requirement may not be adopted before January 1, 1991.
- (b) Before the water resource protection requirements are adopted, the pollution control agency or the commissioner of agriculture for agricultural chemicals and practices must notify affected persons and businesses for comments and input in developing the water resource protection requirements.
- (c) Unless the water resource protection requirements are to cover the entire state, the water resource protection requirements are only effective in areas designated by the commissioner of the pollution control agency by order or for agricultural chemicals and practices in areas designated by the commissioner of agriculture by order. The procedures for issuing the order and the effective date of the order must be included in the water resource protection requirements rule.
- (d) The water resource protection requirements rule must contain procedures for notice to be given to persons affected by the rule and order of the commissioner. The procedures may include notice by publication, personal service, and other appropriate methods to inform affected persons of the rule and commissioner's order.
- (e) A person who is subject to a water resource protection requirement may apply to the pollution control agency, or for agricultural chemicals and practices the commissioner of agricul-

If the pollution control agency or commissioner of agriculture approves the request, an order must be issued approving the alternative protection requirement.

(f) A person who violates a water resource protection requirement relating to pollutants, other than agricultural chemicals, is subject to the penalties for violating a rule adopted under chapter 116. A person who violates a water resource protection requirement relating to agricultural chemicals and practices is subject to the penalties for violating a rule adopted under chapter 18D.

Sec. 11. [103H.280] [AUTHORITY IS SUPPLEMENTAL.]

The authority of the pollution control agency and the commissioner of agriculture in this article is supplemental to other authority given by law and does not restrict other authorities.

Sec. 12. [NITROGEN COMPOUNDS IN GROUNDWATER STUDY.]

The pollution control agency and the department of agriculture, in consultation with the board of water and soil resources and the Minnesota experiment station, shall prepare a report on nitrate and related nitrogen compounds in groundwater. The report shall consider recommendations made by local government in comprehensive local water plans and shall incorporate the findings of the nitrogen fertilizer task force and utilize data developed by the Minnesota experiment station. This report shall be submitted to the legislative water commission by July 1, 1991. The commission shall provide recommendations to the legislature by November 15, 1991, based upon this report.

The report shall be based on existing information and shall examine areas in which improvements in the state and local response to this problem are feasible. The report shall address the following issues: the determination of trends in nitrogen pollution; causative factors; the development of recommended best management practices to reduce and minimize the pollution; regulatory controls; the feasibility of proposed treatment and corrective or mitigative measures; and the economic impacts of proposed corrective measures.

# Sec. 9. [103I.205] [WELL CONSTRUCTION.]

Subdivision 1. [NOTIFICATION REQUIRED.] (a) Except as provided in paragraphs (d) and (e), a person may not construct a well until a notification of the proposed well on a form prescribed by the commissioner is filed with the commissioner with the filing fee in section 10. If after filing the well notification an attempt to construct a well is unsuccessful, a new notification is not required unless the information relating to the successful well has substantially changed.

- (b) The property owner where a well is to be located must file the well notification with the commissioner.
- (c) The well notification under this subdivision preempts local permits and notifications, and counties or home rule charter or statutory cities may not require a permit or notification for wells.
- (d) The owner of a drive point well must notify the commissioner of the installation and location of the well. The owner must complete the notification form prescribed by the commissioner and mail it to

the commissioner by ten days after the well is completed. A fee may not be charged for the notification. A person who sells drive point wells at retail must provide buyers with notification forms and informational materials including requirements regarding wells, their location, construction, and disclosure. The commissioner must provide the notification forms and informational materials to the sellers.

- (e) A person may not construct a monitoring well or dewatering well until a permit for the monitoring well is issued by the commissioner for the construction. If after obtaining a permit an attempt to construct a well is unsuccessful, a new permit is not required as long as the initial permit is modified to indicate the location of the successful well.
- Subd. 2. [EMERGENCY PERMIT EXEMPTIONS.] The commissioner may adopt rules that modify the procedures for filing a well notification if conditions occur that:
- (2) require the monitoring well contractor or well contractor to begin constructing a well before obtaining a permit.
- Subd. 3. [MAINTENANCE PERMIT.] (a) Except as provided under paragraph (b), a well that is not in use and is inoperable must be sealed or have a maintenance permit.
- (b) If a monitoring well or a dewatering well is not sealed by 14 months after completion of construction, the owner of the property on which the well is located must obtain and annually renew a maintenance permit from the commissioner.
- Subd. 4. [LICENSE REQUIRED.] (a) Except as provided in paragraph (b), (c), (d), or (e), a person may not drill, construct, or repair a well unless the person has a well contractor's license in possession. [156A.03 s. 2]
- (b) A person may construct a monitoring well if the person is a professional engineer registered under sections 326.02 to 326.15 in the branches of civil or geological engineering, or hydrologists or hydrogeologists certified by the American Institute of Hydrology, any professional engineer registered with the board of architecture, engineering, land surveying, or landscape architecture, or a geologist certified by the American Institute of Professional Geologists, and registers with the commissioner as a monitoring well contractor on forms provided by the commissioner.

- (2) an individual who performs labor or services for a well contractor in connection with the construction or repair of a well or sealing a well at the direction and at the personal supervision of a well contractor.
- Subd. 5. [AT-GRADE MONITORING WELLS.] At-grade monitoring wells are authorized and may be installed for the purpose of evaluating groundwater conditions or for use as a leak detection device. The at-grade completion must comply with rules of the commissioner. The at-grade monitoring wells must be installed with an impermeable double locking cap and must be labeled monitoring wells.
- Subd. 6. [DISTANCE REQUIREMENTS FOR SOURCES OF CONTAMINATION.] A person may not place, construct, or install an actual or potential source of contamination any closer to a well than the isolation distances prescribed by the commissioner by rule unless a variance has been prescribed by rule.
- Subd. 7. [WELL IDENTIFICATION LABEL REQUIRED.] After a well has been constructed, the person constructing the well must attach a label to the well showing the unique well number, the

depth of the well, the name of the person who constructed the well, and the date the well was constructed.

- Subd. 8. [MONITORING WELL CONTRACT REQUIREMENT.] A person may not construct a monitoring well until the owner of the property on which the well is located and the well owner sign a written contract that describes the nature of the work to be performed, the estimated cost of the work, and provisions for sealing the monitoring well.
- Subd. 9. [REPORT OF WORK.] (a) Within 30 days after completion or sealing of a well, the person doing the work must submit a verified report to the commissioner on forms provided by the commissioner.
  - (b) The report must contain:
- (2) a log of the materials and water encountered in connection with drilling the well, and pumping tests relating to the well; and
- (c) Within 30 days after receiving the report, the commissioner shall send a copy of the report to the commissioner of natural resources, the local soil and water conservation district where the well is located, and to the director of the Minnesota geological survey.

- (9) annually for a dewatering well that is unsealed under a maintenance permit, \$25 for each well, except a dewatering project comprising more than ten wells shall be issued a single permit for wells recorded on the permit for \$250.

# Sec. 11. [103I.211] [DRILLING RECORDS.]

- (a) A person, firm, or corporation that provides the means of appropriating groundwater by drilling, boring, or another manner must file a verified statement with the director of the division of waters of the department of natural resources containing the log of the materials and water encountered and related water pumping tests.
- (b) The statements are private data and can be used only by the division of waters of the department of natural resources for scientific study. The study's result may be public information.
- (c) The commissioner of natural resources may exclude from the requirement to file statements those whose operations are of a type that would not yield significant scientific information. [105.51 s. 2]

<u>Subdivision</u> 1. [PLASTIC CASINGS ALLOWED.] The use of plastic casings in wells is expressly authorized.

Subd. 2. [RULES.] The commissioner may adopt rules relating to the installation of plastic well casing.

## Sec. 13. [1031.231] [COMMISSIONER MAY ORDER REPAIRS.]

(a) The commissioner may order the owner of a well to take remedial measures, including making repairs, reconstructing, or sealing the well according to the rules of the commissioner. The order may be issued if the commissioner determines, based on inspection of the water or the well site or an analysis of water from the well, that the well:

## (1) is contaminated;

- (2) is required to be sealed under this chapter and has not been sealed according to the rules of the commissioner;
- (3) is in a state of disrepair so that its continued existence endangers the quality of the groundwater;
  - (4) is a health or safety hazard; or
- (5) is located in a place or constructed in a manner that its continued use or existence endangers the quality of the groundwater.
- (b) The order of the commissioner may be enforced in an action to seek compliance brought by the commissioner in the district court of the county where the well is located. [156A.05 s. 4]

# Sec. 14. [1031.235] [SALE OF PROPERTY WHERE WELLS ARE LOCATED.]

In the disclosure, the seller must indicate, for each well, whether the well is in use, not in use, or sealed.
- (b) At the time of closing of the sale, the disclosure information must be provided on a well certificate signed by the seller of the property or a person authorized to act on behalf of the seller.

- (c) If a seller fails to provide a well certificate, a buyer, or a person authorized to act on behalf of the buyer, may sign a well certificate based on the information provided on the disclosure required by this section or based on other available information.
- (d) A county recorder or registrar of titles may not record a deed, instrument, or writing for which a certificate of value is required under section 272.115, or any deed or contract for deed from a governmental body exempt from the payment of state deed tax, unless the well certificate required by this subdivision is filed with the county recorder or registrar of titles and the filing fee paid under section 357.18. The county recorder or registrar of titles shall transmit the well certificate to the commissioner of health within 15 days after receiving the well certificate.

- Subd. 2. [LIABILITY FOR FAILURE TO DISCLOSE.] Unless the buyer and seller agree to the contrary, in writing, before the closing of the sale, a seller who fails to disclose the existence of a well at the time of sale and knew of or had reason to know of the existence of a well is liable to the buyer for costs and reasonable attorney fees relating to the sealing of a well. The action must be commenced by the buyer within six years after the date the buyer purchased the real property where the well is located.

Sec. 15. [103I.241] [ACTION FOR WELL CONTAMINATION.]

Subdivision 1. [OWNER'S CAUSE OF ACTION FOR WELL CONTAMINATION.] The owner of real property where a well is located has a cause of action for civil damages against a person whose action or inaction caused contamination of a well. The property owner may commence an action for a period of six years after the owner knows or becomes aware of the contamination of the well.

Subd. 2. [COURT AWARDS.] The court may award damages, reasonable attorney fees, and costs and disbursements.

#### WELL SEALING

Sec. 16. [103I.301] [WELL AND SEALING REQUIREMENTS.]

The commissioner of natural resources may make recommendations and impose conditions as the commissioner determines to be advisable in the public interest. The commissioner of natural resources, or an authorized agent of the commissioner, must be granted access at reasonable times to inspect the site of a well that has been sealed, or for which notice of sealing has been given under this subdivision. [105.51 s. 3]

- Subd. 3. [PROHIBITION ON STATE LAND PURCHASED WITHOUT WELL IDENTIFICATION.] The state may not purchase or sell real property or an interest in real property without identifying the location of all wells whether in use, not in use, or sealed on the property and making provisions to have the wells not in use properly sealed at the cost of the seller as part of the contract. The sale may not be recorded with the county recorder or registrar of titles unless this subdivision is complied with.

Sec. 18. [103I.315] [ORDERS TO SEAL WELLS.]

Subdivision 1. [ORDER TO SEAL WELL.] The commissioner may order a property owner to seal a well if:

- (1) the commissioner determines that without being sealed the well is an imminent threat to public health or public safety;
  - (2) the well is required to be sealed under section 16; or
- (3) a well is a monitoring well or dewatering well and by 14 months after construction of the well, the owner has not obtained a maintenance permit, or after a maintenance permit has been issued the owner has not renewed a maintenance permit.
- Subd. 2. [FAILURE OF OWNER TO SEAL WELL.] If the property owner fails to seal a well in the time provided in the commissioner's order, the commissioner may enter the property and have the well sealed. The property owner is liable for and must pay the costs of sealing the well.

The lien attaches to the real property where the well is located. The lien is perfected by filing the lien with the county recorder or registrar of titles where the well and property are located and serving or mailing by return receipt a copy of the lien to the property owner.
- Subd. 2. [ENFORCEMENT OF LIEN.] The commissioner or the board of water and soil resources may enforce the lien in the manner provided for a judgment lien under chapter 550 or certify the amount to the county auditor, which must be assessed against the property and collected in the same manner as real estate taxes.

- (b) An explorer may designate a responsible individual to supervise and oversee the making of exploratory borings. Before an individual supervises or oversees an exploratory boring, the individual must take and pass an examination relating to construction, location, and sealing of exploratory borings. A professional engineer registered under sections 326.02 to 326.15 or a certified professional geologist is not required to take the examination required in this subdivision but must be licensed to make an exploratory boring. [156A.071 s. 2]

- Subd. 3. [NOTIFICATION OF PROJECT CONSTRUCTION.] (a) By 30 days before making an exploratory boring, an explorer must register with the commissioner of natural resources and provide a copy of the registration to the commissioner of health. The registration must include:
- (1) the identity of the exploratory boring; and firm, association, or company engaged in
- (2) the identification of an agent, including the agent's business address.

- (c) An explorer shall annually register with the commissioner of natural resources while conducting exploratory boring. [156A.071 s. 3]
- Subd. 4. [MAP OF BORINGS.] By ten days before beginning exploratory boring, an explorer must submit to the commissioners of health and natural resources a county road map having a scale of one-half inch equal to one mile, as prepared by the department of transportation, showing the location of each proposed exploratory boring to the nearest estimated 40 acre parcel. [156A.071 s. 4]
- Subd. 5. [ACCESS TO DRILL SITES.] The commissioners of health, natural resources, and the pollution control agency, the community health board as authorized under section 145A.04, and their officers and employees shall have access to exploratory boring sites to inspect the drill holes, drilling, and sealing of the borings, and to sample ambient air and drilling waters, and to measure the radioactivity of the waste drill cuttings at the drilling site at the time of observation. The explorer must take reasonable action to minimize the adverse effects. [156A.071 s. 6]
- Subd. 7. [INSPECTION OF DATA BEFORE SUBMISSION.] The commissioner of health may, if necessary, inspect data before its submission under section 36. The data examined by the commis-

- (7) average scintillometer reading of waste drill cuttings before backfilling of the recirculation pits. [156A.071 s. 8]
- Sec. 37. [103I.605] [SUBMISSION OF DATA FROM EXPLORATORY BORINGS.]
- Subdivision 1. [REQUIREMENT.] Data obtained from exploratory borings must be submitted by the explorer to the commissioner of natural resources as provided in this section. [156A.071 s. 9]
- Subd. 2. [MINERAL DEPOSIT EVALUATION DATA.] (a) In applying for a permit required for activities relating to mineral deposit evaluation, which means examining an area to determine the quality and quantity of minerals, excluding exploratory boring but including obtaining a bulk sample, by excavating, trenching, constructing shafts, ramps, tunnels, pits, and producing refuse and other associated activities, but does not include activities intended, by themselves, for commercial exploitation of the ore body, the explorer must submit to the commissioner of natural resources data relevant to the proposal under consideration. The explorer may

identify portions of the data that, if released, would impair the competitive position of the explorer submitting the data. Data identified must be considered to be not public data.

- (b) If requested to disclose the data, the commissioner shall mail notice of the request to the explorer and determine whether release of the data would impair the competitive position of the explorer submitting the data. If the commissioner determines that release of the data would impair the competitive position of the explorer submitting the data, the commissioner may not release the data to a person other than parties to the proceedings relating to the permit under consideration. Parties to the proceedings shall maintain the confidentiality of data.
- (c) Data that are classified as not public may not be released by the commissioner until 30 days after mailed notice to the explorer of the commissioner's intention to release the data. The commissioner may not release data to a person engaged in exploration, mining, milling, or related industry pertaining to minerals. If the commissioner determines to release data, the explorer may demand a contested case hearing on the commissioner's determination or may withdraw the permit application and the data may not be released.
- (d) Any person aggrieved by the decision of the commissioner may appeal the decision according to chapter 14. [156A.071 s. 9]
- Subd. 3. [MINE DEVELOPMENT DATA.] In applying for a permit required for mine development, which means activities undertaken after mineral deposit evaluation for commercial exploitation of the ore body, the explorer must submit to the commissioner of natural resources data relevant to the proposal under consideration. The data is public data and persons submitting or releasing the data are not subject to civil or criminal liability for its use by others. [156A.071 s. 9]
- Subd. 4. [EXPLORATION DATA.] By six months after termination by the explorer of a lease or other type of exploration agreement on a property the data from the exploration must be submitted to the commissioner of natural resources. The data is public data and persons submitting or releasing the data are not subject to civil or criminal liability for its use by others. [156A.071 s. 9]
- Subd. 5. [DESIGNATION OF SAMPLES TO BE SUBMITTED.] The commissioner of natural resources shall designate the samples to be submitted, and specify where the sample is to be delivered. If an explorer requires certain samples in their entirety, the commissioner of natural resources may waive the requirement for a one-fourth portion of the samples. Samples submitted are property of the state. [156A.071 s. 9]

#### GROUNDWATER THERMAL EXCHANGE DEVICES

[PERMIT.] (a) Notwithstanding any department or agency rule to the contrary, the commissioner shall issue, on request by the owner of the property and payment of the permit fee, permits for the reinjection of water by a properly constructed well into the same aquifer from which the water was drawn for the operation of a groundwater thermal exchange device.

- (b) As a condition of the permit, an applicant must agree to allow inspection by the commissioner during regular working hours for department inspectors.
- (c) Not more than 200 permits may be issued for small systems having maximum capacities of 20 gallons per minute or less. The small systems are subject to inspection twice a year.
- (d) Not more than ten permits may be issued for larger systems having maximum capacities from 20 to 50 gallons per minute. The larger systems are subject to inspection four times a year.
- (e) A person issued a permit must comply with this section for the permit to be valid.
- Subd. 2. [WATER USE REQUIREMENTS APPLY.] Water use permit requirements and penalties under chapter 103F and related rules adopted and enforced by the commissioner of natural resources apply to groundwater thermal exchange permit recipients. A person who violates a provision of this section is subject to enforcement or penalties for the noncomplying activity that are available to the commissioner and the pollution control agency.
- Subd. 3. [CONSTRUCTION REQUIREMENTS.] (a) Withdrawal and reinjection for the groundwater thermal exchange device must be accomplished by a closed system in which the waters drawn for thermal exchange do not have contact or commingle with water from other sources or with polluting material or substances. The closed system must be constructed to allow an opening for inspection by the commissioner.
- (b) Wells that are part of a groundwater thermal exchange system may not serve another function, except water may be supplied to the domestic water system if:
- (1) the supply is taken from the thermal exchange system ahead of the heat exchange unit; and

- (2) the water discharges to a break tank through an air gap that is at least twice the effective diameter of the water inlet to the tank.
- (c) A groundwater thermal exchange system may be used for domestic water heating only if the water heating device is an integral part of the heat exchange unit that is used for space heating and cooling.

- Subdivision 1. [NOTATION OF PROTECTED INFORMATION.] In submitting data required by this chapter, the applicant may:
- (1) clearly mark any portions that in the applicant's opinion are trade secrets, or commercial or financial information; and

The board may not be a recipient of federal operating or capital assistance distributed by formula or block grant. The board may not be a recipient of federal discretionary capital grants for light rail and other fixed guideway transit systems.

No political subdivision within the metropolitan area may apply

Sec. 10. Minnesota Statutes 1988, section 473.375, subdivision 13, is amended to read:

Subd. 13. [FINANCIAL ASSISTANCE.] The board may provide financial assistance to the commission and other providers as provided in sections 473.371 to 473.449 in furtherance of and in conformance with the implementation plan of the board. The board may not use the proceeds of bonds issued by the council under section 473.39 to provide capital assistance to private, for-profit operators of public transit.

#### Sec. 11. [473.385] [TRANSIT SERVICE AREAS.]

- Subdivision 1. [DEFINITIONS.] (a) "Fully developed service area" means the fully developed area, as defined in the metropolitan council's development investment framework, plus the cities of Mendota Heights, Maplewood, North St. Paul, and Little Canada.
- (b) "Regular route transit" has the meaning given it in section 174.22, subdivision 8, except that, for purposes of this section, the term does not include services on fixed routes and schedules that are primarily intended to provide circulator service within a community or adjacent communities rather than feeder service to the system of metropolitan regular route transit operated by the commission.
- Subd. 2. [SERVICE AREAS.] The regional transit board may provide financial assistance (whether directly or through another entity) to private, for-profit operators of public transit only for the following services:
  - (1) services that are not regular route services;
- (2) regular route services provided on the effective date of this section by a private for-profit operator under contract with the board or under a certificate of convenience and necessity issued by the transportation regulation board;

(6) regular route services that the board and the commission agree are not or will not be operated for a reasonable subsidy by the commission.

#### Sec. 12. [473.399] [LIGHT RAIL TRANSIT; REGIONAL PLAN.]

- Subdivision 1. [GENERAL REQUIREMENTS.] (a) The transit board shall adopt a regional light rail transit plan, as provided in this section, to ensure that light rail transit facilities in the metropolitan area will be acquired, developed, owned, and capable of operation in an efficient, cost-effective and coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities. To the extent practicable the board shall incorporate into its plan appropriate elements of the plans of regional railroad authorities in order to avoid duplication of effort.
- (b) The regional plan required by this section must be adopted by the board before any regional railroad authority may begin construction of light rail transit facilities and before any authority is eligible for state financial assistance for constructing light rail transit facilities. Following adoption of the regional plan, each regional railroad authority or other developer of light rail transit in the metropolitan area shall act in conformity with the plan. Each authority or proposer shall prepare or amend its comprehensive plan and preliminary and final design plans as necessary to make the plans consistent with the regional plan.
- (c) Throughout the development and implementation of the plan, the board shall contract for or otherwise obtain engineering services to assure that the plan adequately addresses the technical aspects of light rail transit.
- Subd. 2. [DEVELOPMENT AND FINANCIAL PLAN.] (a) The board shall adopt a regional development and financial plan for light rail transit composed of the following elements:
  - (1) a staged development plan of light rail transit corridors;
- (2) a statement of needs, objectives, and priorities for capital development and service for a prospective ten-year period, considering service needs, ridership projections, and other relevant factors for the various segments of the system, along with a statement of the fiscal implications of these objectives and priorities, and policies and recommendations for long term capital financing;
- (3) a capital investment component for a five-year period following the commencement of construction of facilities, with policies and recommendations for ownership of facilities and for financing capital and operating costs;

- (b) For any segments of rail line that may be constructed below the surface elevation, the plan must estimate the additional capital costs, debt service, and subsidy level that are attributable to the below grade construction. The plan must include a method of financing the operation of light rail transit that depends on property tax revenue for no more than 35 percent of the operations cost.
- (c) The board shall prepare the plan in consultation with its light rail transit advisory committee. The board shall submit the plan and amendments to the plan to the metropolitan council for review and approval or disapproval, for conformity with the council's transportation plan. The council has 90 days to complete its review.
- Subd. 3. [COORDINATION PLAN.] (a) The board shall adopt a regional coordination plan for light rail transit. The plan must include:
- (1) a method for organizing and coordinating acquisition, construction, ownership, and operation of light rail transit facilities, including in particular, coordination of vehicle specifications, provisions for a single light rail transit operator for the system, and the organization and coordination method required if a turn-key approach to facility acquisition is used by a regional railroad authority;
- (2) specifications and standards to ensure joint or coordinated procurement of rights-of-way, track, vehicles, electrification, communications and ticketing facilities, yards and shops, stations, and other facilities that must be or should be operated on a systemwide basis;
- (3) systemwide operating and performance specifications and standards;
- (4) bus and park-and-ride coordination policies, standards, and plans to assure maximum use of light rail transit and the widest possible access to light rail transit in both urban and suburban areas;
- (5) a method for ensuring ongoing coordination of development, design, and operational plans for light rail facilities;
- $\frac{(6)\ provision\ for\ the\ operation\ of\ light\ rail\ transit\ by\ the\ metropolitan\ transit\ commission;\ and}$
- (7) other matters that the board deems prudent and necessary to ensure that light rail transit facilities are acquired, developed, owned, and capable of operation in an efficient, cost-effective and coordinated manner as an integrated and unified system on a

multicounty basis in coordination with buses and other transportation modes and facilities.

- (b) The joint light rail transit advisory committee shall prepare and recommend the plan to the board. The board shall review the plan within 90 days and either adopt it or disapprove it and return it to the committee with the modifications that the board recommends before adoption of the plan. The committee shall take into consideration the board's recommendations and resubmit the plan to the board for review and adoption or disapproval.

# Sec. 13. [473.3991] [JOINT LIGHT RAIL TRANSIT ADVISORY COMMITTEE.]

Subdivision 1. [CREATION; PURPOSE.] The transit board shall establish a joint light rail transit advisory committee, to assist the board in planning light rail transit facilities and in coordinating the light rail transit activities of the county regional railroad authorities and the transit commission. The committee shall perform the duties specified in sections 12 and 20 and shall otherwise assist the board upon request of the board.

# Subd. 2. [MEMBERSHIP.] The committee consists of:

- (1) two members of the governing board of each regional railroad authority that applies for and receives state funding for preliminary engineering of light rail transit facilities;
- (2) one member, in addition to those under clause (1), of the governing board of the Hennepin county regional railroad authority;
- (3) one member of the governing board of each regional railroad authority not represented under clause (1) that applies for and receives state funding for planning of light rail transit facilities;
  - (4) two members of the metropolitan transit commission; and
- (5) the commissioner of transportation or an employee of the department designated by the commissioner.

Appointments under clauses (1) to (3) are made by the respective authorities, and appointments under clause (4) are made by the commission. The regional transit board shall make the appointment for any appointing authority that fails to make the required appointments. Members serve at the pleasure of the agency making the appointment.

- Subd. 3. [CHAIR.] The committee shall annually elect a chair from among its members.
- Subd. 4. [ADMINISTRATION.] The regional transit board shall provide staff and administrative services for the committee. The organizations represented on the committee shall provide information, staff, and technical assistance for the committee as needed.
- Sec. 14. [473.3993] [LIGHT RAIL TRANSIT FACILITY PLANS; DEFINITIONS.]
- Subdivision 1. [APPLICATION.] The definitions in this section apply to section 473.169 and section 15.
- Subd. 2. [PRELIMINARY DESIGN PLAN.] "Preliminary design plan" means a light rail transit plan that identifies:
- (1) preliminary plans for the physical design of facilities, including location, length, and termini of routes; general dimension, elevation, alignment, and character of routes and crossings; whether the track is elevated, on the surface, or below ground; approximate station locations; and related park and ride, parking, and other transportation facilities; and a plan for handicapped access; and
- (2) preliminary plans for intermodal coordination with bus operations and routes; ridership; capital costs; operating costs and revenues; funding for final design, construction, and operation; and an implementation method.
- Subd. 3. [FINAL DESIGN PLAN.] "Final design plan" means a light rail transit plan that includes the items in the preliminary design plan for the facilities proposed for construction, but with greater detail and specificity. The final design plan must include, at a minimum:
- (1) final plans for the physical design of facilities, including the right-of-way definition; environmental impacts and mitigation measures; intermodal coordination with bus operations and routes; and civil engineering plans for vehicles, track, stations, parking, and access, including handicapped access; and
- (2) final plans for civil engineering for electrification, communication, and other similar facilities; operational rules, procedures and strategies; capital costs; ridership; operating costs and revenues; financing for construction and operation; an implementation method; and other similar matters.

The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and

construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.

Sec. 15. [473.3996] [LIGHT RAIL TRANSIT FACILITY DESIGN PLANS; REVIEW BY BOARD.]

Subdivision 1. [PRELIMINARY DESIGN PLANS.] Before submitting the physical design component of final design plans of a light rail transit facility for local review under section 473.169, subdivision 5, the proposer shall submit preliminary design plans to the regional transit board for review. The board shall review the preliminary design plans to determine the compatibility of the plans with other light rail transit plans and facilities in the metropolitan area, the adequacy of the plans for handicapped accessibility, and the conformity of the plans with the regional light rail transit plan prepared under section 12. The board may comment on any aspect of the plans. The board has 90 days to complete its review, unless an extension of time is agreed to by the proposer. If the board determines that the plans do not satisfy the standards stated in this subdivision, the board shall recommend modifications in the plans that are necessary in order to satisfy the board. After adopting or amending the regional plan required by section 12, the board may again review any previously reviewed preliminary design plans and recommend modifications that are necessary to satisfy the board.

Subd. 2. [FINAL DESIGN PLANS.] Before acquiring or constructing light rail transit facilities, other than land for right of way, the proposer shall submit final design plans to the regional transit board for review. The board shall review the final design plans under the same schedule and according to the same standards as provided for its review of preliminary design plans. The board shall either approve the plans, or if it determines that the plans do not satisfy the standards, disapprove the plans, in whole or in part, and recommend modifications in the plans that are necessary to secure approval. A proposer may not proceed with acquisition or construction of a light rail transit facility, other than land for right of way, unless the final design plans for the facility have been approved by the board. Following approval of final design plans by the board, if a regional railroad authority wishes to select a bid or a response to a request for proposal that is more than ten percent higher than the capital costs indicated in the final design plans for the facility, the authority may not proceed with construction until it has resubmitted the final design plans to the transit board for further review and approval or disapproval. The board has 10 working days to review and approve or disapprove and recommend modification, unless an extension of time is agreed to by the authority.

Sec. 16. Minnesota Statutes 1988, section 473:404, subdivision 2, is amended to read:

If the regional plan prepared by the transit board under section 12 calls for construction and operation of light rail transit facilities in a jurisdiction whose governing body has chosen not to organize and proceed under chapter 398A, the board may authorize the transit commission to implement the plan in that area.
