Subdivision 1. [RESERVATION OF MARGINAL LAND AND WETLANDS.] Notwithstanding any other law, marginal land and wetlands are withdrawn from sale by the state unless use of the marginal land or wetland is restricted by a conservation easement as provided in this section. This section does not apply to transfers of land by the board of water and soil resources to correct errors in legal descriptions under section 73, subdivision 8, or to transfers by the commissioner of natural resources for:

(1) land that is currently in nonagricultural commercial use if a conservation easement would interfere with the commercial use;

(2) land in platted subdivisions;

(3) conveyances of land to correct errors in legal descriptions under section 84.0273;

(4) exchanges of nonagricultural land with the federal government, or exchanges of Class A, Class B, and Class C nonagricultural land with local units of government under sections 94.342, 94.343, 94.344, and 94.349;

(5) land transferred to political subdivisions for public purposes under sections 84.027, subdivision 10, and 94.10; and

(6) land not needed for trail purposes that is sold to adjacent property owners and lease holders under section 85.015, subdivision 1, paragraph (b).

Subd. 2. [DELINEATION OF WETLAND OR MARGINAL LAND.] (a) Before state land is sold, the land must be submitted to the board of water and soil resources to determine and delineate the marginal land and wetlands to be reserved or restricted by a conservation easement. The delineation of the reservation or conservation easement need not be by legal description and may be a description in general terms that identifies the marginal land or wetlands.

(b) Marginal land and wetlands may not be sold unless restricted by a conservation easement with the restrictions provided in section 73, subdivision 4, paragraphs (a) and (c), and other restrictions determined necessary by the board of water and soil resources.

Subd. 3. [SCHOOL TRUST LAND.] If the sale of school trust land as defined in section 92.025 is restricted by a conservation easement and the restriction results in a reduction of the amount received from the sale, the commissioner of natural resources must determine the amount of the reduction. The amount of the reduction in sale price must be paid from appropriations to acquire conservation easements and shall be credited to the account to which the proceeds from the sale are credited.

Subd. 4. [RELEASE AND ALTERATION OF CONSERVATION EASEMENT.] The board may alter, release, or terminate a conservation easement created under this section after consultation with the commissioners of agriculture and natural resources. Subd. 6. [OPTIONAL COVERAGES.] An insurance company or nonprofit health service plan corporation may offer coverages in addition to those required by this section.

Sec. 3. [62K.03] [ELIGIBILITY; TAX CREDIT.]

(a) A Minnesota resident is eligible for coverage under this chapter if the resident does not have coverage under:

(1) a policy, plan, or contract of health or accident insurance regulated under chapter 62A, 62C, 62D, 62E, 62H, or 64B; or

(2) Medicare, medical assistance, general assistance medical care, an employment-based insurance program, or other subsidized health insurance program.

(b) An individual who is covered, or whose dependents are covered, by a policy regulated under this chapter may receive a tax credit for all or a portion of the premiums paid according to section 290.0675.

Sec. 4. [62K.04] [CIVIL PENALTY FOR TERMINATION OF EMPLOYMENT-BASED COVERAGE.]

The commissioner of commerce may impose a civil penalty on an employer that without good cause discontinues all plans of health coverage provided or made available to employees who are residents of this state.

The amount of the civil penalty is equal to four times the total annual premium or financing obligation of that employer for the previous calendar year.

For purposes of this section, "good cause" does not exist if the employer discontinues all plans of health coverage because coverage under individual policies offered pursuant to section 1 is available to employees after the discontinuation.

In a proceeding brought by the commissioner under this section, the employer has the burden of proving that good cause existed for the discontinuation.

Sec. 5. Minnesota Statutes 1989 Supplement, section 290.01, subdivision 19a, is amended to read:

Subd. 19a. [ADDITIONS TO FEDERAL TAXABLE INCOME.] For individuals, estates, and trusts, there shall be added to federal taxable income:

(1)(i) interest income on obligations of any state other than Minnesota or a political or governmental subdivision, municipality, or governmental agency or instrumentality of any state other than Minnesota exempt from federal income taxes under the Internal Revenue Code or any other federal statute, and

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code, except the portion of the exempt-interest dividends derived from interest income on obligations of the state of Minnesota or its political or governmental subdivisions, municipalities, governmental agencies or instrumentalities, but only if the portion of the exempt-interest dividends from such Minnesota sources paid to all shareholders represents 95 percent or more of the exempt-interest dividends that are paid by the regulated investment company as defined in section 851(a) of the Internal Revenue Code, or the fund of the regulated investment company as defined in section 851(h) of the Internal Revenue Code, making the payment; and

(2) the amount of income taxes paid or accrued within the taxable year under this chapter and income taxes paid to any other state or to any province or territory of Canada, to the extent allowed as a deduction under section 63(d) of the Internal Revenue Code, but the addition may not be more than the amount by which the itemized deductions as allowed under section 63(d) of the Internal Revenue Code exceeds the amount of the standard deduction as defined in section 63(c) of the Internal Revenue Code; and

(3) the capital gain amount of a lump sum distribution to which the special tax under section 1122(h)(3)(B)(ii) of the Tax Reform Act of 1986, Public Law Number 99-514, applies; and

(4) if a credit is claimed under section 290.0675, the amount of

premiums deducted in determining federal taxable income as required under section 290.0675, subdivision 5.

Sec. 6. [290.0675] [HEALTH CARE CREDIT.]

Subdivision 1. [CREDIT ALLOWED.] A taxpayer who is enrolled for health care coverage under chapter 62K may take a credit against the tax due for the taxable year under this chapter for a percentage of the eligible premiums paid during the taxable year for the health care plan.

Subd. 2. [AMOUNT OF CREDIT.] The amount of the credit is equal to a percentage of the eligible premium. For a taxpayer whose taxable income for the taxable year does not exceed \$5,000, the amount of the credit is 100 percent of the eligible premium. The percentage of the total premium allowed in determining the credit is reduced ten percent for each \$1,000 of taxable income for the taxable year exceeding \$5,000. No credit is allowed to a taxpayer whose taxable income exceeds \$15,000.

Subd. 3. [REFUNDABLE CREDIT.] If the amount of the credit allowed under this section exceeds the taxpayer's liability for tax under this chapter, the commissioner shall refund the excess amount of the credit to the taxpayer.

Subd. 4. [ELIGIBLE PREMIUMS.] For purposes of this credit, "eligible premiums" means the premiums paid during the taxable year for the coverage of the taxpayer and dependents of the taxpayer under chapter 62K, up to a maximum premium of \$720. It does not include premiums paid for optional coverage.

Subd. 5. [TAX CREDIT TABLES.] The commissioner may construct and make available to taxpayers tables showing the amount of the credit at various levels of taxable income and eligible premiums. The tables must follow the schedule required in subdivision 2, except that the commissioner may graduate the transitions between taxable income and premium expense brackets.

Subd. 6. [MEDICAL DEDUCTION.] If a taxpayer claims a credit for premiums under this section and has taken a deduction for the same premium amounts in determining taxable income under section 213(a) of the Internal Revenue Code, the taxpayer must add the amount of the premiums deducted under that section to federal taxable income under section 290.01, subdivision 19a, clause (4). The addition may not be more than the amount by which the itemized deductions as allowed under section 63(d) of the Internal Revenue Code exceed the amount of the standard deduction as defined in section 63(c) of the Internal Revenue Code. "Internal Revenue Code" for purposes of this subdivision means the Internal Revenue Code of 1986, as amended through December 31, 1989.

Subd. 7. [INFORMATION FURNISHED TO COMMISSIONER.] A taxpayer claiming a credit under this section must furnish to the commissioner the information required by the commissioner to determine eligibility for the credit. The commissioner may require that proof of coverage under chapter 62K be filed with the return claiming the credit.

Subd. 8. [APPROPRIATION.] The amount necessary to pay the credits allowed under this section is annually appropriated to the commissioner of revenue from the general fund in the state treasury.

Sec. 7. Minnesota Statutes 1988, section 290.92, subdivision 5, is amended to read:

Subd. 5. [EXEMPTIONS.] (1) [ENTITLEMENT.] An employee receiving wages shall on any day be entitled to claim withholding exemptions in a number not to exceed the number of withholding exemptions that the employee claims and that are allowable pursuant to section 3402(f)(1), (m), and (n) of the Internal Revenue Code of 1986, as amended through December 31, 1987, for federal withholding purposes, plus additional exemptions or amounts for the credit allowed under section 290.0675.

(2) [WITHHOLDING EXEMPTION CERTIFICATE.] The provisions concerning exemption certificates contained in section 3402(f)(2) and (3) of the Internal Revenue Code of 1986, as amended through December 31, 1987, shall apply.

(3) [FORM OF CERTIFICATE.] Withholding exemption certificates shall be in such form and contain such information as the commissioner may by rule prescribe.

(4) [ADDITIONAL EXEMPTIONS.] The commissioner of revenue shall provide for the determination of the additional exemptions or amounts allowed for the credit under section 290.0675. The commissioner may require that the exemptions or amounts be determined and withheld as part of the withholding tables under subdivision 2a or 3, or may require that a separate amount be added to the amount withheld.

Sec. 8. Minnesota Statutes 1989 Supplement, section 290.92, subdivision 5a, is amended to read:

Subd. 5a. [VERIFICATION OF WITHHOLDING EXEMPTIONS; APPEAL.] (1) An employer shall submit to the commissioner a copy of any withholding exemption certificate or any affidavit of residency received from an employee on which the employee claims any of the following:

(a) a total number of withholding exemptions in excess of ten or a number prescribed by the commissioner, or

(b) a status that would exempt the employee from Minnesota withholding, including where the employee is a nonresident exempt from withholding under subdivision 4a, clause (3), except where the employer reasonably expects, at the time that the certificate is received, that the employee's wages under subdivision 1 from the employer will not then usually exceed \$200 per week, or

(c) any number of withholding exemptions which the employer has reason to believe is in excess of the number to which the employee is entitled, or

(d) any withholding exemptions or amounts claimed for the credit under section 290.0675 to which the employer has reason to believe the employee is not entitled.

(2) Copies of exemption certificates and affidavits of residency required to be submitted by clause (1) shall be submitted to the commissioner within 30 days after receipt by the employer unless the employer is also required by federal law to submit copies to the Internal Revenue Service, in which case the employer may elect to submit the copies to the commissioner at the same time that the employer is required to submit them to the Internal Revenue Service.

(3) An employer who submits a copy of a withholding exemption certificate in accordance with clause (1) shall honor the certificate until notified by the commissioner that the certificate is invalid. The commissioner shall mail a copy of any such notice to the employee. Upon notification that a particular certificate is invalid, the employer shall not honor that certificate or any subsequent certificate unless instructed to do so by the commissioner. The employer shall allow the employee the number of exemptions and compute the withholding tax as instructed by the commissioner in accordance with clause (4).

(4) The commissioner may require an employee to verify entitlement to the number of exemptions or to the exempt status claimed on the withholding exemption certificate or, to verify nonresidency. The commissioner may require an employee to verify entitlement to additional exemptions or amounts claimed under section 290.0675. The employee shall be allowed at least 30 days to submit the verification, after which time the commissioner shall, on the basis of the best information available to the commissioner, determine the employee's status and allow the employee the maximum number of withholding exemptions allowable under this chapter. The commissioner shall mail a notice of this determination to the employee at the address listed on the exemption certificate in question or to the last known address of the employee. Pursuant to section 270B.06,

the commissioner may notify the employer of this determination and instruct the employer to withhold tax in accordance with the determination.

However, where the commissioner has reasonable grounds for believing that the employee is about to leave the state or that the collection of any tax due under this chapter will be jeopardized by delay, the commissioner may immediately notify the employee and the employer, pursuant to section 270B.06, that the certificate is invalid, and the employer must not honor that certificate or any subsequent certificate unless instructed to do so by the commissioner. The employer shall allow the employee the number of exemptions and compute the withholding tax as instructed by the commissioner.

(5) The commissioner's determination under clause (4) shall be appealable to tax court in accordance with section 271.06, and shall remain in effect for withholding tax purposes pending disposition of any appeal.

Sec. 9. Minnesota Statutes 1988, section 290.93, subdivision 4, is amended to read:

Subd. 4. [COMMISSIONER TO PRESCRIBE DECLARATION.] The declaration shall be in such form and shall contain such information as the commissioner may prescribe. The commissioner may require proof of eligibility for the credit under section 290.0675, if an amount is deducted for the credit by the individual in determining the estimated tax under subdivision 3.

Sec. 10. [EFFECTIVE DATE.]

Sections 5 to 9 are effective for taxable years beginning after December 31, 1990."

(a) Notwithstanding Minnesota Statutes, section 273.11, or any law to the contrary, after determining the market value for the 1990 assessment of property classified class 1, the assessor shall compare the market value with the market value determined in the preceding assessment. Subd. 32. [TARGET CLASS RATE.] All classes of property with a class rate of 5.06 percent have a target class rate of four percent. At the time of submission of the biennial budget under section 16A.11, the governor shall recommend the effective class rate for taxes payable in the following two calendar years by designating a "phase-in percentage," equal to the proportion of the effective class rate that will be based on the target class rate of four percent, with the remaining proportion based on the class rate of 5.06 percent. The governor shall identify and include within the budget funding for the increased expenditures for homestead and agricultural credit aid over the amount of expenditures for homestead and agricultural credit aid provided in Laws 1989, First Special Session chapter 1, that are estimated to result from the recommendation. At that time, the governor may propose alternative programs other than homestead and agricultural credit aid to prevent other taxpayers' taxes from increasing as a result of the governor's recommended increase in the phase-in percentage. The effective net class rate is the sum of the products of:

(1) the phase-in percentage adopted by the legislature multiplied by four percent; and

(2) 100 percent minus the phase-in percentage multiplied by 5.06 percent.

The phase-in percentage in any year cannot be less than it was in the prior year. The phase-in percentage for taxes payable in 1991 is

ten 29 percent provided that the governor may recommend an alternative phase-in percentage for taxes payable in 1991.

Beginning in 1991, the commissioner of revenue shall annually set the effective class rate to use for taxes payable in the following year as provided in this subdivision and announce it by June 1. For purposes of any aid, levy limitation, debt limit, or salary limitation, and property tax administration, net tax capacity must be computed with reference to the effective class rate for the properties affected by this subdivision."

BUDGET RESERVE

Section 1. Minnesota Statutes 1988, section 16A.15, subdivision 1, is amended to read:

Subdivision 1. [REDUCTION.] (a) If the commissioner determines that probable receipts for the general fund will be less than anticipated, ~~and that the amount available for the remainder of the biennium will be less than needed, and that the conditions specified in subdivision 6a for reducing the amount in the budget reserve account established in subdivision 6a are met,~~ the commissioner shall, with the approval of the governor, and after consulting the legislative advisory commission, reduce the amount in the budget and cash flow reserve account established in subdivision 6 as needed ~~to balance expenditures with revenue by the amount permitted in subdivision 6a to increase revenue available to meet expenditures.~~

(b) ~~An additional~~ Any remaining deficit that exists after determining the amount, if any, that can be drawn from the budget reserve account under the provisions of subdivision 6a shall, with the approval of the governor, and after consulting the legislative advisory commission, be made up by reducing unexpended allotments of any prior appropriation or transfer. Notwithstanding any other law to the contrary, the commissioner is empowered to defer or suspend prior statutorily created obligations which would prevent effecting such reductions.

(c) If the commissioner determines that probable receipts for any other fund, appropriation, or item will be less than anticipated, and that the amount available for the remainder of the term of the appropriation or for any allotment period will be less than needed, the commissioner shall notify the agency concerned and then reduce the amount allotted or to be allotted so as to prevent a deficit.

(d) In reducing allotments, the commissioner may consider other sources of revenue available to recipients of state appropriations and may apply allotment reductions based on all sources of revenue available.

(e) In like manner, the commissioner shall reduce allotments to an agency by the amount of any saving that can be made over previous spending plans through a reduction in prices or other cause.

Sec. 2. Minnesota Statutes Second 1989 Supplement, section 16A.15, subdivision 6, is amended to read:

Subd. 6. [BUDGET AND CASH FLOW RESERVE ACCOUNT.] A budget and cash flow reserve account is created in the general fund in the state treasury. The commissioner of finance shall, as autho-

rized from time to time by law, restrict part or all of the budgetary balance in the general fund for use as the budget and cash flow reserve account. The commissioner of finance shall transfer to the budget and cash flow reserve account such amounts as are available to bring the total amount, including any existing balance in the account on June 30, 1989, to \$550,000,000 ~~\$200,000,000~~. The amounts restricted shall remain in the account until drawn down under the provisions of this subdivision ~~1~~ or increased under section 16A.1541.

The amount in the cash flow reserve account must be used only to meet temporary cash flow needs in the general fund. The amount in the cash flow reserve account must not be used to supplement general fund revenues when the amount available for the rest of the biennium is less than needed.

Sec. 3. Minnesota Statutes 1988, section 16A.15, is amended by adding a subdivision to read:

Subd. 6a. [BUDGET RESERVE ACCOUNT.] The legislature finds that a budget reserve is necessary to protect the state budget and the recipients of state-funded services from severe fluctuations in revenue available due to fluctuations in the economy and the difficulty of accurately estimating revenues in advance of their receipt. The legislature further finds that a budget reserve equal to five percent of the state's annual general fund expenditures and transfers is a suitable amount. A budget reserve account is created in the general fund in the state treasury. The commissioner of finance shall, as authorized from time to time by law, restrict part of the budgetary balance in the general fund for use as the budget reserve account. The commissioner of finance shall transfer to the budget reserve account such amounts as are available to bring the total amount to \$350,000,000. This amount shall exclude the amount of the cash flow reserve account created under subdivision 6. Beginning July 1, 1991, interest and investment earnings attributable to the amount in the budget reserve account shall accrue to that account. The amounts restricted as the budget reserve account shall remain in the account until drawn down under the provisions of this subdivision and subdivision 1.

The amount in the budget reserve account shall be reduced and used to balance expenditures with revenue only to meet shortfalls due to revenue collections that are less than was projected. The budget reserve account shall not be used to balance expenditures with revenue to the extent that the shortfall was caused by expenditures that exceed estimates.

If a revenue collection shortfall occurs during a biennium that is less than \$150,000,000, no amount shall be drawn from the budget reserve account. If a revenue collection shortfall occurs that is more than \$150,000,000, an amount shall be drawn from the budget

reserve account equal to (1) one-half of the amount by which the revenue collection shortfall exceeds \$150,000,000, but is less than \$450,000,000, plus (2) the amount by which the revenue collection shortfall exceeds \$450,000,000.

Sec. 4. Minnesota Statutes Second 1989 Supplement, section 16A.1541, is amended to read:

16A.1541 [ADDITIONAL REVENUES; PRIORITY.]

If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget and cash flow reserve account until the total amount in the account equals five percent of total general fund appropriations for the current ~~biennium~~ fiscal year as established by the ~~most recent legislative session~~ legislature. Beginning in November 1990 1991, forecast unrestricted budgetary general fund balances are first appropriated to reduce the property tax levy recognition percent under section 121.904, subdivision 4a, to 27 percent before money is allocated to the budget and cash flow reserve account under the preceding sentence.

The amounts necessary to meet the requirements of this section are appropriated from the general fund.

Sec. 5. [REVENUES AND EXPENDITURES PROJECTIONS.]

The commissioner shall report projections of state revenues and expenditures to the governor and the legislature in March, July, and November of each year. Copies of the revenue projection report shall be given to the speaker and the minority leader of the house and the majority leader and minority leader of the senate. The report shall project state revenues and expenditures to the end of the current biennium and the end of the next biennium.

Sec. 6. [EFFECTIVE DATE.]

This article is effective the day following final enactment."

To the extent that local government aid under section 477A.012 or homestead and agricultural credit aid under section 273.1398 is reduced for aid payable in 1990 due to the reduction calculated under section 477A.012, subdivision 5, the county board is authorized to reduce county funds allocated for health and human service

programs, subject to the restrictions of this section. A county may reduce allocations for health and human services programs by an amount no greater than the amount of the reduction computed under section 477A.012, subdivision 5. A county may not reduce allocations for programs required by federal law or regulation, nor for programs specified in section 273.1398 as subject to state takeover. A county may, notwithstanding the requirements of any state law or rule to the contrary, reduce allocations for other health or human services programs, for calendar year 1990, if the reduction is approved by the commissioner responsible for the program. Reductions should be made when possible in health and human services administration, rather than in direct services to clients. If a county proposes to reduce allocations for programs supervised by the commissioner of human services, the county must submit the list of affected programs with the amount of planned reductions for review by the commissioner of human services. If a county proposes to reduce allocations for programs supervised by the commissioner of health, the county must submit the list of affected programs with the amount of planned reductions, for review by the commissioner of health. A commissioner shall review the program reductions proposed by a county. The commissioner shall approve the program reductions, unless the proposed reduction would result in a violation of a federal law or regulation or is a program specified in section 273.1398. The commissioner shall notify the county within 30 days after the county submits its planned reductions. For program reductions approved by the commissioner responsible for the program, the county may continue the program reductions in 1991 and future years."

Subd. 2. (2) the kinds of formal exposure to the health care profession a hospital or clinic can provide to a pupil;

(3) the need for health care professionals in a particular area; and

(4) the willingness of a hospital or clinic to pay one-half the costs of employing a pupil.

The Minnesota medical association and the Minnesota hospital association jointly must provide the commissioner by January 31, 1991, with a list of hospitals and clinics willing to participate in the program and what provisions those hospitals or clinics will make to ensure a pupil's adequate exposure to the health care profession, and indicate whether a hospital or clinic is willing to pay one-half the costs of employing a pupil.

Subd. 3. [GRANTS.] The commissioner shall award grants to districts or groups of districts meeting the requirements of subdivision 2. The grants must be used to pay one-half of the costs of employing a pupil in a hospital or clinic during the course of the program. No more than five pupils may be selected from any one high school to participate in the program and no more than one-half of the number of pupils selected may be from the seven-county metropolitan area.

Subd. 4. [EVALUATION.] The commissioner, in cooperation with the Minnesota medical association and the Minnesota hospital association, shall evaluate the summer health care intern program and recommend to the education committees of the legislature by February 15, 1992, whether or not the program should be continued and, if so, under what circumstances.

The higher education coordinating board shall coordinate intersystem efforts in the development of the program plans to achieve intersystem cooperation and differentiation.

Each planning report shall consider at least the following elements:

(1) a statement of program priorities for undergraduate, graduate, and professional education, including data about program cost and average class size within each institution;

(2) the effects of proposed programmatic and enrollment changes on other systems and campuses;

(3) a review of plans for adjusting the number of facilities, staff, and programs to projected level of demand, including consideration of campus and program mergers, campus and program closings, new governance structures, the relationship between fixed costs and projected enrollment changes, and consolidation of institutions, services, and programs that serve the same geographic area under different governing boards;

In making its recommendations, the HECB shall include an analysis of the cost of a scholarship program and whether these scholarships would be an appropriate use of state funds.

The HECB may use up to \$250,000 of the appropriation in each year to provide grants for Minnesota resident students participating in the Akita program. Grants must be awarded on the same basis as other state grants, except that the cost of attendance shall be adjusted to incorporate the state university tuition level and the travel, room and board, books, and fees asso-

ciated with the Akita fee level program. An individual grant must not exceed the state grant maximum award for a student at a four-year private college. The HECB and the state university board shall report on these grants in the 1991 biennial budget document.

By February 15, 1990, the HECB shall report to the education divisions of the senate finance and the house appropriations committees on implementation of procedures to recover overpayment of state scholarship and grant awards. The report shall cover overpayments for the 1988-1989 academic year and shall include at least the following information for each case for which recovery of an overpayment is sought:

- (1) the reason for the overpayment;
- (2) the manner in which the overpayment was discovered;
- (3) the amount of the overpayment;
- (4) the recovery plan proposed by the HECB;
- (5) whether the case was brought to court and, if so,
 - (a) why the case was brought to court,
 - (b) the cost to the HECB of bringing the case to court, and
 - (c) whether the HECB recovered costs and attorney fees; and
- (6) the disposition, including the amount of the overpayment recovered and the amount of time elapsed from the time the overpayment was discovered to the time a repayment agreement was reached.

The report shall not include any information identifying the students involved.

Sec. 8. [LEASE AGREEMENT.]

The state university board may enter into a lease agreement for use of Lourdes Hall, located on the campus of the former college of St. Teresa in Winona, to establish and operate a residential college program. The agreement must include an option to purchase. Notwithstanding Minnesota Statutes, section 16B.24, subdivision 6, the lease agreement may be for the number of years necessary, but not more than 20 years, for the operation of the program. Before entering into the agreement, the board shall consult with the chairs of the senate finance and house appropriations committees. The agreement is not valid unless it includes a clause reserving the exclusive right of the state to terminate by nonappropriation.

Sec. 9. [CONSUMER INFORMATION SYSTEM.]

The public post-secondary state governing boards, and private post-secondary colleges and occupational and technical institutions that enroll recipients of state grants, shall develop a consumer information system for occupational programs. The system must be based on student placement and must include all subbaccalaureate occupational programs and all programs that lead to an occupation requiring certification, licensure, or testing for entry. The first phase of the system must include all subbaccalaureate occupational programs. The higher education coordinating board must coordinate the development of the system and must report on it to the education divisions of the house appropriations and the senate finance committees by February 15, 1991.

Sec. 10. [SYSTEM PLANNING.]

Subdivision 1. [HECB.] As part of its role in coordinating the continuing work on MSPAN 1 and to reduce duplication and improve the efficient delivery of quality services to students, the higher education coordinating board shall examine the current status of system governance and mission differentiation. It further shall examine whether courses and programs are offered currently in the appropriate system. The board shall recommend any change it deems necessary or advisable in governance, mission differentiation, and program location. The board shall consult with the post-secondary systems in its examination. It shall report its findings and recommendations as part of its reporting process in subdivision 2.

Subd. 2. [ALL SYSTEMS.] Notwithstanding Minnesota Statutes, section 135A.06, in place of system plans, the public post-secondary systems shall submit plans for providing undergraduate and prac-

titioner-oriented graduate programs in the seven-county metropolitan area to the higher education coordinating board.

As one part of the planning process, each public post-secondary governing board shall review its current mission statement. Each board shall determine whether the statement accurately reflects its mission and the role of its system in the mission differentiation efforts, and recommend any changes its statement requires. The boards shall submit their mission statements and recommendations to the higher education coordinating board with their metropolitan area plans by December 1, 1990.

The higher education coordinating board shall review and comment on the plans and mission statements and report to the legislature and governor by February 15, 1991.

“Sec. 15. [126.027] [SEX EDUCATION.]

Subdivision 1. [PURPOSE.] It is the intent of the legislature to help young people respond responsibly when making decisions about what is appropriate sexual behavior.

Subd. 2. [EMPHASIZE ABSTINENCE.] All public elementary, junior high, and senior high school classes that teach sex education and discuss sexual intercourse shall emphasize that abstinence from sexual intercourse is the only protection that is 100 percent effective against unwanted teenage pregnancy, sexually transmitted diseases, and acquired immune deficiency syndrome (AIDS) when transmitted sexually.

Subd. 3. [SEX EDUCATION GUIDELINES.] All sex education courses and courses that discuss sexual intercourse must satisfy the following criteria:

(1) Course material and instruction must be age appropriate.

(2) Course material and instruction must stress that abstinence is the only contraceptive method which is 100 percent effective, and that all other methods of contraception carry a risk of failure in preventing unwanted teenage pregnancy. Statistics based on the latest medical information must be provided to students citing the failure and success rates of condoms and other contraceptives in preventing pregnancy.

(3) Course material and instruction must stress that sexually transmitted diseases are serious possible hazards of sexual intercourse. Students must be provided with statistics based on the latest

medical information citing the failure and success rates of condoms in preventing AIDS and other sexually transmitted diseases.

(4) Course material and instruction must include a discussion of the possible emotional and psychological consequences of preadolescent and adolescent sexual intercourse outside of marriage and the consequences of unwanted adolescent pregnancy.

(5) Course material and instruction must stress that students should abstain from sexual intercourse until they are ready for marriage.

(6) Course material and instruction must teach honor and respect for monogamous heterosexual marriage.

(7) Course material and instruction must advise students of the laws pertaining to their financial responsibility to children born in and out of wedlock.

(8) Course material and instruction must advise students that it is unlawful to have sexual relations with persons to whom they are not married.

(9) Course material and instruction must emphasize that students have the power to control personal behavior. Students must be encouraged to base their actions on reasoning, self-discipline, sense of responsibility, self-control, and ethical considerations, such as respect for one's self and others.

(10) Course materials and instruction must teach students not to make unwanted physical and verbal sexual advances, how to say no to unwanted sexual advances, and that it is wrong to take advantage of or exploit another person."

"Sec. 32. [SEX EDUCATION MATERIALS.]

Subdivision 1. [VIDEO TAPES AND SUPPLEMENTARY MATERIALS.] (a) The commissioner of education must contract with an organization to develop video tapes and supplementary materials that help young people respond responsibly when making decisions about appropriate sexual behavior. The commissioner must review the video tapes and supplementary materials to ensure that the tapes and materials, at a minimum, do all of the following:

(1) present the main theme of sexual abstinence and responsibility to students in grades 7 through 12;

(2) be student-centered, not teacher-centered, using students as presenters in the videos to reflect the pressure students feel from their peers, both male and female, and from the media;

(3) be acceptable for presentation on television and of high enough quality to be used as shorts on television as public service announcements;

(4) focus on the process of decision making that students use when confronted with a decision about engaging in sex, with the video portraying refusal skills and reflecting the decisionmaking processes taught in the school curriculum;

(5) portray vignettes dispelling myths on why students engage in sex;

(6) portray strategies for males and females to say no;

(7) discuss the topic of abstinence and encourage students to take responsibility and make ethical and reasoned decisions in the prevention of teen pregnancy, with the idea of the video tapes being used over a long period of time;

(8) represent a broad spectrum of approaches ensuring diversity in terms of age and maturity levels, ethnicity, and urban, suburban, and rural environments; and

(9) encourage youth to resist negative peer pressure.

(b) The commissioner must integrate existing educational materials with the video tapes and supplementary materials and distribute the video tapes and supplementary materials to all school districts.

Subd. 2. [FUNDING.] Adolescent Family Life Demonstration Project grants available may be used to purchase or contract for the development of video tapes and supplementary materials.

Sec. 33. [NO EXPLICIT MATERIALS.]

To protect the pupils' natural latency, a school district must not use sexually explicit materials as part of its health and sexual education curriculum for pupils in kindergarten to grade four."

The higher education coordinating board shall coordinate intersystem efforts in the

development of the program plans to achieve intersystem cooperation and differentiation.

Each planning report shall consider at least the following elements:

(1) a statement of program priorities for undergraduate, graduate, and professional education, including data about program cost and average class size within each institution;

(2) the effects of proposed programmatic and enrollment changes on other systems and campuses;

(3) a review of plans for adjusting the number of facilities, staff, and programs to projected level of demand, including consideration of campus and program mergers, campus and program closings, new governance structures, the relationship between fixed costs and projected enrollment changes, and consolidation of institutions, services, and programs that serve the same geographic area under different governing boards;

(4) a review of the current and projected use of community outreach and extension programs including information on all off-campus sites, including at least information for each site from the inventory established in section 9;

The system must be based on student placement and must include all subbaccalaureate occupational programs and all programs that lead to an occupation requiring certification, licensure, or testing for entry. The first phase of the system must include all subbaccalaureate occupational programs. The higher education coordinating board must coordinate the development of the system and must report on it to the education divisions of the house appropriations and the senate finance committees by February 15, 1991.

Each board shall determine whether the statement accurately reflects its mission and the role of its system in the mission differentiation efforts, and recommend any changes its statement requires. The boards shall submit their mission statements and recommendations to the higher education coordinating board with their metropolitan area plans by December 1, 1990.

The higher education coordinating board shall review and comment on the plans and mission statements and report to the legislature and governor by February 15, 1991.

The determination and selection by the presidential candidate shall take precedence over the decision of the state convention and is final. The secretary of state shall promptly notify the secretary of the state convention of the affected political party of the action by a presidential candidate.

“Section 1. [CITATION.]

This act may be cited as the “Minnesota natural wild rice preservation act of 1990” or “Manomin act.”

Sec. 2. [PURPOSE.]

This act promotes restoration of the natural wild rice industry in northern Minnesota, enabling communities to participate and benefit from the increased per capita income of the unemployed, underemployed, and seasonal worker. The resource of natural wild rice is local, renewable, and does not require long-term subsidization. This industry by its nature is self-sustaining, enables broad citizen involvement and empowerment, and would preserve cultural and agricultural diversity and integration. It is, therefore, neces-

sary to take steps sufficient to restore the industry of our state grain, wild rice.

Sec. 3. [116J.645] [MINNESOTA NATURAL WILD RICE PROMOTION ADVISORY COUNCIL.]

The Minnesota natural wild rice promotion advisory council is established for the promotion and marketing of hand-harvested natural lake or river wild rice. The commissioner of trade and economic development, with recommendations from the Minnesota Chippewa Tribe, shall appoint no more than 15 members to the advisory council. The advisory council must include representatives of natural wild rice hand harvesters, natural wild rice processors, natural wild rice dealers, and enrolled members of the Minnesota Chippewa Tribe. At least 51 percent of the membership of the advisory council must be American Indians as defined in section 254B.01, subdivision 2. Members of the advisory council shall serve for four-year terms and section 15.059, subdivisions 2 and 4, shall apply to members of the advisory council. Members of the advisory council may receive no per diem and may not be reimbursed for expenses. The department of trade and economic development shall provide technical assistance to the advisory council relating to the marketing of natural wild rice.

The advisory council functions shall include but not be limited to addressing the issues of trademarking, labeling, packaging, consumer awareness, and marketing techniques necessary to the successful promotion of the exclusive and original nature of the home-grown Minnesota product.

The advisory council shall advise the department of trade and economic development annually of its activities and progress in this regard."

This notice shall be given on the same day that the record is submitted. The secretary of state shall forward one copy of each rule to the revisor of statutes. If the rule is disapproved, the attorney general shall state in writing the reasons and make recommendations to overcome the deficiencies, and the rule shall not be filed in the office of the secretary of state, nor published until the deficiencies have been overcome. A state employee may purchase no more than one motor vehicle from the state in any 12-month period. A person violating the provisions of this section is guilty of a misdemeanor. This section shall not apply to the sale of property or materials acquired or produced by the state or subdivision for sale to the general public in the ordinary course of business. The commissioner may purchase the land by using an appraisal as the basis for the purchase price, by matching the highest written bona fide offer, or by negotiating a direct purchase with the owner. If a negotiated purchase price exceeds \$250,000, the commissioner shall first consult with the chairs of the senate finance committee and house of representatives appropriations committee in the manner provided in section 15.16, subdivision 5. The commissioner may not spend or obligate the state for an amount exceeding the amount appropriated to the commissioner for capitol area property acquisition. Sections 117.232, 117.52, and 117.521 do not govern purchases under this subdivision.

(b) The commission shall consider, on its own initiative, ways and means of fostering better relations among local governments and between local governments and the state government.

Sec. 58. Minnesota Statutes 1989 Supplement, section 16A.11, subdivision 3, is amended to read:

Subd. 3. [PART TWO: DETAILED BUDGET.] Part two of the budget, the detailed budget estimates both of expenditures and revenues, shall also include statements of the bonded indebtedness of the state, showing the actual amount of the debt service for at least the past two completed fiscal years, and the estimated amount for the current fiscal year and for the next two fiscal years, the debt authorized and unissued, the condition of the sinking funds, and the borrowing capacity. It shall also contain any statements on the financial plan which the governor believes desirable or which may be required by the legislature. The detailed estimates shall include the budget request of each agency arranged in tabular form so it may readily be compared with the governor's budget for each agency. They shall also include, as part of each agency's organization chart, a summary of the personnel employed by the agency, showing the complement approved by the legislature for the current biennium, additional complement positions authorized through the governor or the commissioner, positions transferred into or out of the agency, additional part-time and seasonal positions and the number of employees of all kinds employed by the agency on June 30 of the last complete fiscal year. The summary of the number of employees must list employees by employment status, including but not limited to full-time unlimited, part-time unlimited, full-time or part-time seasonal, intermittent, full-time or part-time temporary, full-time or part-time emergency, and other. Subd. 3. [REIMBURSEMENT.] (a) Under the plan, the commissioner shall make and record the reimbursement to the general fund of the statewide indirect costs attributable to an executive agency's nongeneral fund receipts for the last fiscal year. Unless the commissioner determines that agency indirect cost receipts are a reimbursement for general fund expenditures, the receipts are appropriated to the agency to pay administrative expenses. However, the commissioner may, ~~for reasons of sound financial management,~~ waive the reimbursement under this subdivision for certain nongeneral fund receipts: but only under the following circumstances:

(1) where regulations or law do not allow for the payment of indirect costs;

(2) where funds held by the state are held in trust funds other than pension trust funds, gift funds, endowment funds, debt service funds, and bond proceeds funds;

(3) where the funds are pass-through grant money;

(4) where receipts are collected for workshops, seminars, or conferences; or

(5) where the amount is less than \$500.

The commissioner shall report all waivers in the next statewide indirect cost plan.

(b) There is annually appropriated from all direct appropriated nongeneral funds an amount sufficient to reimburse the general fund for statewide indirect costs.

Sec. 60. Minnesota Statutes 1988, section 16A.127, subdivision 8, is amended to read:

Subd. 8. [EXEMPTION.] This section does not apply to the community college system, state universities, or the state board of vocational technical education. ~~Except for federal funds, this section does not apply to the department of natural resources for agency indirect costs.~~

An agency head may, upon written request of an employee, deduct from the pay of the employee a requested amount to be paid to the Minnesota benefit association, or to any organization contemplated by section 179A.06, of which the employee is a member, or to a company that has contracted to insure the employee for the medical costs of cancer or intensive care. If an employee is a member of or has accounts with more than one credit union or financial institution or more than one organization under section 179A.06, or is insured by more than one company, only one credit union or financial institution and one organization and one company may be paid money by direct deposit or by payroll deduction from the employee's pay.

Sec. 62. [16A.79] [MATCHING FEDERAL APPROPRIATIONS.]

Specific appropriations that are made to match federal appropriations shall be considered change requests in the following biennial budget submission if, during the biennium, the federal funding has been reduced or eliminated.

Sec. 63. Minnesota Statutes 1988, section 16B.24, subdivision 5, is amended to read:

Subd. 5. [RENTING OUT STATE PROPERTY.] (a) [AUTHORITY.] The commissioner may rent out state property, real or personal, that is not needed for public use, if the rental is not otherwise provided for or prohibited by law. The property may not be rented out for more than five years at a time without the approval of the state executive council and may never be rented out for more than 25 years.

(b) [RESTRICTIONS.] Paragraph (a) does not apply to state trust fund lands, other state lands under the jurisdiction of the department of natural resources, lands forfeited for delinquent taxes, lands acquired under section 298.22, or lands acquired under section 41.56 which are under the jurisdiction of the department of agriculture.

(c) [RENTAL OF STATE LAND; BUILDINGS FOR PUBLIC USE.] The commissioner may rent state land for no more than 30 years if the lease provides that the lessee shall design, develop, and construct on the land premises for public use and that the state has the option to lease the premises under subdivision 6, paragraph (a); has a lease-purchase agreement covering the premises under sub-

division 6, paragraph (b); or has an agreement covering the premises providing for a lease with option to buy under subdivision 6, paragraph (c). A lease or lease-purchase agreement entered into under this paragraph is subject to cancellation upon 30 days' written notice by the state for any reason except rental by the state of other land or premises for the same use.

(d) [FORT SNELLING CHAPEL; RENTAL.] The Fort Snelling Chapel, located within the boundaries of Fort Snelling State Park, is available for use only on payment of a rental fee. The commissioner shall establish rental fees for both public and private use. The rental fee for private use by an organization or individual must reflect the reasonable value of equivalent rental space. Rental fees collected under this section must be deposited in the general fund.

(d) (e) [RENTAL OF LIVING ACCOMMODATIONS.] The commissioner shall establish rental rates for all living accommodations provided by the state for its employees. Money collected as rent by state agencies pursuant to this paragraph must be deposited in the state treasury and credited to the general fund.

Notwithstanding any law to the contrary, all money collected as rent pursuant to the terms of this section shall be deposited in the state treasury. Money collected as rent to recover the depreciation cost of a building built with state dedicated funds shall be credited to the dedicated fund which funded the original acquisition or construction. All other money received shall be credited to the general services revolving fund.

Sec. 64. Minnesota Statutes 1989 Supplement, section 16B.24, subdivision 6, is amended to read:

Subd. 6. [PROPERTY RENTAL.] (a) [LEASES.] The commissioner shall rent land and other premises when necessary for state purposes. The commissioner may lease land or premises for five years or less, subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. The commissioner may not rent non-state-owned land and buildings or substantial portions of land or buildings within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board. If the commissioner enters into a lease-purchase agreement for buildings or substantial portions of buildings within the capitol area, the commissioner shall require that any new construction of non-state-owned buildings conform to design guidelines of the capitol area architectural and planning board. Lands needed by the department

of transportation for storage of vehicles or road materials may be rented for five years or less, such leases for terms over two years being subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use.

(b) [LEASE-PURCHASE.] The commissioner may lease land or buildings for no more than 30 years if the lease agreement provides for the transfer of the ownership of the leased land and buildings upon normal termination of the lease for an amount not to exceed \$1. The commissioner may not enter into a lease-purchase agreement for the use of land or buildings within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board. A lease-purchase agreement entered into under this paragraph is subject to cancellation upon 30 days' written notice by the state for any reason except rental by the state of other land for the same use.

(c) [LEASE WITH OPTION TO BUY.] The commissioner may lease land or premises for no more than 30 years if the lease agreement provides the state a unilateral right to purchase all leased land and premises. The unilateral right must:

(1) be available at any time during the lease agreement; and

(2) provide for a decreasing purchase price reflecting a mortgage balance that would reach zero in no more than 30 years from the beginning of the initial lease period.

The commissioner may not enter an agreement providing for a lease with option to buy covering land or premises within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board.

(d) [CANCELLATION.] A lease with option to buy agreement entered into under paragraph (c) is subject to cancellation upon 30 days' written notice by the state for any reason except rental by the state of other land or premises for the same use.

(e) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available.

(f) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible,

prudent and cost effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the national register of historic places, designated by a state or county historical society, or designated by a municipal preservation commission.

(d) (g) [RECYCLING SPACE.] Leases for space of 30 days or more for 5,000 square feet or more must require that space be provided for recyclable materials.

(h) [REQUIRED CLAUSE.] A lease, lease-purchase, or lease with option to buy agreement authorized by this section is not valid unless it includes a clause explicitly reserving to the legislature the right to terminate the agreement by nonappropriation.

Sec. 65. Minnesota Statutes 1988, section 16B.24, is amended by adding a subdivision to read:

Subd. 11. [WINDOW DESIGN.] For state office space that is leased, purchased, or substantially remodeled after July 1, 1990, the commissioner shall require that not less than ten percent of the exterior windows in the office area open to the outside to allow for fresh air in work areas.

Sec. 66. Minnesota Statutes 1988, section 16B.24, is amended by adding a subdivision to read:

Subd. 12. [USE OF BUILDING MATERIALS CONTAINING MERCURY.] Effective July 1, 1990, the commissioner shall not allow the use of paints or light switches containing mercury in any replacement or remodeling work accomplished in state-owned or leased facilities governed by this section. In the event that replacement or remodeling of state-owned or leased facilities is accomplished by the use of a nonstate contractor or developer, the contract or lease agreement shall prohibit the use of paints or light switches containing mercury within the state-owned or leased areas.

Sec. 67. Minnesota Statutes 1989 Supplement, section 16B.465, subdivision 1, is amended to read:

Subdivision 1. [CREATION.] The statewide telecommunications access routing system provides voice, data, video, and other telecommunications transmission services to state agencies, educational institutions, including private colleges, public corporations, and state political subdivisions. It is not a telephone company for purposes of chapter 237. It shall not resell or sublease any services or facilities to nonpublic entities except it may serve private colleges. The commissioner has the responsibility for planning, development, and operations of a statewide telecommunications

access routing system in order to provide cost-effective telecommunications transmission services to system users.

Sec. 68. Minnesota Statutes 1989 Supplement, section 18.0225, is amended to read:

18.0225 [GRASSHOPPER CONTROL PROGRAM.]

(a) The commissioner of agriculture shall develop and implement a grasshopper control program to prevent crop damage in the grasshopper control zone. Within grasshopper control zones the commissioner, landowners, and local weed inspectors have the same authorities and duties under chapter 18 for grasshoppers as if grasshoppers are noxious weeds under chapter 18, except that the commissioner and the commissioner's agents do not have authority to require grasshopper control measures on land under the jurisdiction of the commissioner of natural resources under section 84.033 or land owned by a nonprofit scientific or educational organization and maintained in a natural state. After consultation and cooperation with the state entomologist, the commissioner must develop the program to economically and efficiently control grasshoppers and to minimize adverse environmental impact, including the selection of pesticides and prescription of application rates.

(b) The grasshopper control program must utilize proven methods of grasshopper control and the commissioner may make grants for experimental methods of control in selected areas.

(c) The commissioner in consultation with the commissioner of natural resources, upon written request from any person or organization, may exempt from grasshopper control measures a parcel of land that the commissioner determines to be of particular scientific or natural significance or is particularly sensitive to the use of insecticides or other control methods being used. The request for exemption must include at least the following:

(1) the name and address of the person or organization making the request;

(2) the acreage and legal description of the parcel; and

(3) a statement of the specific reasons why an exemption is reasonable.

(d) A decision of the commissioner under paragraph (d) must be in writing and delivered to the person or organization making the request and the clerk of the town in which the property is located. The commissioner, counties, towns, and their agents are not liable for damages from exemptions granted under paragraphs (c) and (d).

(e) Before any grasshopper control measures, including spraying or the deposit of pelletized controls, are applied on or to public waterways, streams, or lakes, the commissioner shall seek the review and approval of the commissioner of natural resources.

Sec. 69. [43A.48] [CAREER DEVELOPMENT GRANTS.]

Subd. 2. [PURPOSE OF GRANTS.] The grants may be used to fund projects that examine government practices in Minnesota, other states, the United States, and foreign countries. The projects must be short-term and designed to investigate new methods for delivering state services.

Subd. 3. [AMOUNT OF GRANT MATCHING.] The maximum grant amount is \$3,000. The grant must be matched by the agency employing the grantee.

Subd. 4. [GRANT APPLICATIONS.] The commissioner must publicize the grant program to eligible grant applicants. The commissioner shall develop and make available a grant application form. Only persons applying for grants on the application form are eligible for grants.

Subd. 5. [GRANT CRITERIA.] The commissioner shall award grants to those projects which the commissioner decides have the best prospects for improving delivery of state services. The decision of the commissioner is final with no right of appeal.

Subd. 6. [INELIGIBLE PERSONS.] Employees of higher education systems who are eligible for sabbatical leaves and commissioners or directors of state agencies are not eligible for career development grants.

Subd. 7. [REPORT TO LEGISLATURE.] The commissioner shall report on the grant program to the legislature by January 15 of each odd-numbered year.

Sec. 70. Minnesota Statutes 1989 Supplement, section 84.928, subdivision 2, is amended to read:

(3) without headlight and taillight lighted at all times if the vehicle is equipped with headlight and taillight;

(4) without a functioning stoplight if so equipped;

(5) in a tree nursery or planting in a manner that damages or destroys growing stock;

(6) without a brake operational by either hand or foot;

(7) with more persons on the vehicle than it was designed for;

(8) at a speed exceeding ten miles per hour on the frozen surface of public waters within 100 feet of a person not on an all-terrain vehicle or within 100 feet of a fishing shelter; or

(9) to transport a firearm unless the firearm meets the restrictions defined in section 97B.045; or

Subd. 2. [FUNDING SOURCES.] The critical habitat ~~private sector~~ matching account shall consist of contributions from ~~private~~ nonstate sources and appropriations.

Subd. 3. [APPROPRIATIONS MUST BE MATCHED BY PRIVATE NONSTATE FUNDS.] Appropriations transferred to the critical habitat ~~private sector~~ matching account may be expended only to the extent that they are matched equally with contributions to the account from ~~private~~ nonstate sources or by funds contributed to the nongame wildlife management account. The private contributions may be made in cash or in contributions of land or interests in land that are designated by the commissioner of natural resources as program acquisitions. Appropriations transferred to the account

that are not matched within three years from the date of the appropriation shall cancel to the source of the appropriation. For the purposes of this section, the private contributions of land or interests in land shall be valued in accordance with their appraised value.

Subd. 4. [MANAGEMENT.] The critical habitat private sector matching account shall be managed to earn the highest interest compatible with prudent investment, preservation of principal, and reasonable liquidity. Unless an appropriation to the account reverts to its original source under subdivision 3, the principal and interest in the account remain in the account until expended as provided in this section.

Subd. 5. [PLEDGES AND CONTRIBUTIONS.] The commissioner of natural resources may accept contributions and pledges to the critical habitat ~~private sector~~ matching account. A pledge that is made contingent on an appropriation is acceptable and shall be reported with other pledges as required in this section. In the budget request for each biennium, the commissioner shall report the balance of contributions in the account and the amount that has been pledged for payment in the succeeding two calendar years.

Money in the account is appropriated to the commissioner of natural resources only for the direct acquisition or improvement of land or interests in land as provided in section 84.944. To the extent of available appropriations other than bond proceeds, the money matched to the nongame wildlife management account may be used for the management of nongame wildlife projects as specified in section 290.431. Acquisition includes: (1) purchase of land or an interest in land by the commissioner; or (2) acceptance by the commissioner of gifts of land or interests in land as program projects.

Sec. 72. Minnesota Statutes 1988, section 92.67, subdivision 5, is amended to read:

Sec. 74. Minnesota Statutes 1989 Supplement, section 105.41, subdivision 5a, is amended to read:

Subd. 5a. [WATER USE PROCESSING FEE.] (a) Except as provided in paragraph (b), a water use processing fee not to exceed \$2,000 must be prescribed by the commissioner in accordance with the following schedule of fees for each water use permit in force at any time during the year:

(1) 0.05 cent per 1,000 gallons for the first 50 million gallons per year; and

(2) 0.1 cents per 1,000 gallons for the amounts greater than 50 million gallons per year.

(b) For once-through cooling systems as defined in subdivision 1c, a water use processing fee must be prescribed by the commissioner in accordance with the following schedule of fees for each water use permit in force at any time during the year:

(1) 5.0 cents per 1,000 gallons until December 31, 1991;

~~(2)~~ 10.0 cents for per 1,000 gallons from January 1, 1992 1990, until December 31, 1996; and

~~(3)~~ (2) 15.0 cents per 1,000 gallons after beginning January 1, 1997.

(c) The fee is payable based on the amount of water permitted during the year and in no case may the fee be less than \$25.

(d) Failure to pay the fee is sufficient cause for revoking a permit.

Sec. 75. Minnesota Statutes 1989 Supplement, section 115A.54, subdivision 2a, is amended to read:

Subd. 2a. [SOLID WASTE MANAGEMENT PROJECTS.] (a) The board shall provide technical and financial assistance for the acquisition and betterment of solid waste management projects as provided in this subdivision and section 115A.52. Money appropriated for the purposes of this subdivision must be distributed as grants.

(b) Except as provided in paragraph (c), a project may receive grant assistance up to 25 percent of the capital cost of the project or \$2,000,000, whichever is less, except that projects constructed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 25 percent of the capital cost of the project; or (2) \$2,000,000 times the number of participating counties, whichever is less.

(c) A recycling project or a project to compost or co-compost waste may receive grant assistance up to 50 percent of the capital cost of the project or \$2,000,000, whichever is less, except that projects completed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 50 percent of the capital cost of the project; or (2) \$2,000,000 times the number of participating counties, whichever is less.

(d) Notwithstanding paragraph (e), the agency may award grants for transfer stations that will initially transfer waste to landfills if the transfer stations are part of a planned resource recovery project, the county where the planned resource recovery facility will be located has a comprehensive solid waste management plan approved by the agency, and the solid waste management plan proposes the development of the resource recovery facility. If the proposed resource recovery facility is not in place and operating within five years of the date of the grant award, the recipient shall repay the grant amount to the state.

(e) Projects without resource recovery are not eligible for assistance.

(f) In addition to any assistance received under clause (b) or (c), a project may receive grant assistance for the cost of tests necessary to determine the appropriate pollution control equipment for the project or the environmental effects of the use of any product or material produced by the project.

(g) In addition to the application requirements of section 115A.51, an application for a project serving eligible jurisdictions in only a single county must demonstrate that cooperation with jurisdictions in other counties to develop the project is not needed or not feasible. Each application must also demonstrate that the project is not financially prudent without the state assistance, because of the

applicant's financial capacity and the problems inherent in the waste management situation in the area, particularly transportation distances and limited waste supply and markets for resources recovered.

(h) For the purposes of this subdivision, a "project" means a processing facility, together with any transfer stations, transmission facilities, and other related and appurtenant facilities primarily serving the processing facility. The board shall adopt rules for the program by July 1, 1985.

Sec. 76. Minnesota Statutes 1989 Supplement, section 115A.923, subdivision 2, is amended to read:

Subd. 2. [DISPOSITION OF PROCEEDS.] ~~After reimbursement to the department of revenue for costs incurred in administering this section,~~ The proceeds of the fees imposed under this section, including interest and penalties, must be deposited as follows:

(2) one-quarter of the proceeds must be deposited in the greater Minnesota landfill contingency action fund.

Sec. 77. Minnesota Statutes 1988, section 116.36, subdivision 1, is amended to read:

Subdivision 1. ~~For the purposes of this section and section 116.37 sections 116.36 to 116.38,~~ the following terms shall have the meanings given.

Sec. 78. [116.38] [PCB BURNING.]

Subdivision 1. [STATE POLICY.] The legislature finds that risks to human health must be adequately evaluated before a facility may burn PCBs. The legislature also finds that if there is a risk to human health, all human health must be treated with equal concern, and facilities that cause risks to human health must not be allowed to operate in sparsely populated areas if they would not be allowed to operate in heavily populated areas.

Subd. 2. [EIS REQUIRED.] The pollution control agency may not allow burning of wastes containing 50 ppm or greater PCBs by permit or otherwise unless an environmental impact statement is completed. This section does not apply to experimental burning of small quantities of waste containing 50 ppm or greater PCBs.

Sec. 79. Minnesota Statutes 1988, section 116.65, subdivision 3, is amended to read:

Subd. 3. [APPROPRIATION.] Sufficient funds are appropriated from the vehicle emission inspection account to the agency for the reimbursement of obligations incurred by the inspection maintenance operator during the initial contract period for the contract entered into under section 116.62, subdivision 3. By the end of the initial contract entered by the agency under section 116.62, subdivision 3, the amounts appropriated from the motor vehicle transfer fund to the vehicle emission inspection account must be repaid to the transfer fund, and the amounts necessary for this repayment are appropriated from the vehicle emission inspection account.

Sec. 80. Minnesota Statutes 1989 Supplement, section 116.85, is amended to read:

116.85 [MONITORS REQUIRED FOR INCINERATORS.]

Subdivision 1. [EMISSION MONITORS.] Notwithstanding any other law to the contrary, an incinerator permit that contains emission limits for dioxin, cadmium, chromium, lead, or mercury must, as a condition of the permit, require the installation of an air emission monitoring system approved by the commissioner. The monitoring system must provide continuous measurements to ensure optimum combustion efficiency for the purpose of ensuring optimum dioxin destruction. The system shall also be capable of providing a permanent record of monitored emissions that will be available upon request to the commissioner and the general public. The commissioner shall provide periodic inspection of the monitoring system to determine its continued accuracy. The facility must conduct periodic stack testing for mercury at intervals not to exceed 90 days. Refuse-derived fuel facilities must conduct periodic stack testing for mercury at intervals not to exceed 15 months unless a previous test showed a permit exceedance after which the agency may require quarterly testing until permit requirements are satisfied.

Subd. 2. [CONTINUOUSLY MONITORED EMISSIONS.] Should, at any time after normal startup, the permitted facility's continuously monitored emissions exceed permit requirements, based on accurate and valid emissions data, the facility shall immediately report the exceedance to the commissioner and immediately either commence appropriate modifications to the facility to ensure its ability to meet permitted requirements or commence shutdown if the modifications cannot be completed within 72 hours. Compliance with permit requirements must then be demonstrated based on additional testing.

Subd. 3. [PERIODICALLY TESTED EMISSIONS.] Should, at any time after normal startup, the permitted facility's periodically tested emissions exceed permit requirements based on accurate and valid emissions data, the facility shall immediately report the exceedance to the commissioner, and the commissioner shall direct

the facility to commence appropriate modifications to the facility to ensure its ability to meet permitted requirements within 30 days, or to commence appropriate testing for a maximum period of 30 days to assure compliance with applicable permit limits. If the commissioner determines that compliance has not been achieved after 30 days, then the facility shall shut down until compliance with permit requirements is demonstrated based on additional testing. This section shall not be construed to limit the authority of the agency to regulate incinerator operations under any other law.

Sec. 81. [116.87] [CARBON DIOXIDE; LEGISLATIVE INTENT.]

The legislature recognizes that waste carbon dioxide emissions, primarily from transportation and industrial sources, are a primary component of the global greenhouse effect that warms the earth's atmosphere and will result in untold and irreparable damage to the agricultural, water, forest, and wildlife resources of the state. The legislature further recognizes that trees are a major factor in keeping the earth's carbon cycle balanced, and planting trees and perennial shrubs and vines recycles carbon downward from the atmosphere.

Sec. 82. Minnesota Statutes 1988, section 116D.04, subdivision 5a, is amended to read:

Sec. 110. Minnesota Statutes 1988, section 270.68, subdivision 1, is amended to read:

Subdivision 1. [LEGAL ACTION.] In addition to all other methods authorized by law for the collection of tax, if any tax payable to the commissioner of revenue or to the department of revenue, including penalties and interest thereon, is not paid within 60 days after it is required by law to be paid, the commissioner of revenue may, within five years after the date of assessment of the tax, bring an action at law against the person liable for the payment or collection of the tax, in the name of the state, for the recovery of the tax and interest and penalties due in respect thereof. The action shall be brought in the district court of the judicial district in which lies the county of the residence or principal place of business within this state of the taxpayer, or, in the case of an estate or trust, of the place of its principal administration, and for this purpose the place named as such in the return, if any, made by the taxpayer shall be conclusive against the taxpayer in this matter. If no place is named in the return, the action may be commenced in Ramsey county. The action shall be commenced by filing with the court administrator a statement showing the name and address of the taxpayer, if known, an itemized summary of the taxable periods and the type of tax, the tax due and unpaid and the interest and penalties due with respect thereto under the provisions of law applicable to the tax, and shall contain a prayer that the court adjudge the taxpayer to be indebted on account of the taxes, interest, and penalties in the amount specified in the statement; a copy of the statement shall be furnished to the court administrator therewith. The court administrator shall mail a copy of the statement by certified mail to the taxpayer at the address given in the return, if any; and, if no address is given, then at the taxpayer's last known address, within five days after the same is filed, except that, if the taxpayer's address is not known, notice shall be made by posting a copy of the statement for ten days in the place in the courthouse where public notices are regularly posted. To litigate the claim, or any part thereof, the taxpayer shall file a verified answer with the court administrator setting forth objections to the claim, or any part thereof; the answer shall be filed on or before the 20th day after the date of mailing the statement; or, if notice has been given by posting, on or before the 20th day after the expiration of the period during which the notice was required to be posted. If no answer is filed within the specified time, the court

administrator, upon the filing of an affidavit of default, shall enter judgment for the state in the amount prayed for, plus costs of \$10. If an answer is filed, the issues raised shall stand for trial as soon as possible after the filing of the answer, and the court shall determine the issues and direct judgment accordingly; and, if the taxes, interest, or penalties are sustained to any extent over the amount rendered by the taxpayer, shall assess \$10 costs against the taxpayer. The court shall disregard all technicalities and matters of form not affecting the substantial merits. The commissioner may call upon the county attorney or the attorney general to conduct the proceedings on behalf of the state. If a proceeding is referred to a county attorney, and the county attorney fails to act on the matter within 30 days, the attorney general may conduct the proceeding. Execution shall be issued upon the judgment at the request of the commissioner, and the execution shall, in all other respects, be governed by the laws applicable to executions issued on judgments. Only the homestead and household goods of the judgment debtor shall be exempt from seizure and sale upon the execution.

Sec. 113. Minnesota Statutes 1988, section 290A.19, is amended to read:

290A.19 [OWNER OR MANAGING AGENT TO FURNISH RENT CERTIFICATE; PENALTY.]

If the renter moves prior to December 31, the owner or managing agent has the option to either provide the certificate to the renter at the time of moving, or mail the certificate to the forwarding address if an address has been provided by the renter. The certificate shall be made available to the renter not later than January 31 of the year following the year in which the rent was paid. The owner or managing agent must retain a duplicate of each certificate for a period of three years. The duplicate must be made available to the commissioner or the renter if either requests a copy.

(b) Any owner or managing agent who willfully fails to furnish a certificate to the renter and the commissioner as required by this section is liable to the commissioner for a penalty of \$100 for each act or failure to act. The penalty shall be assessed and collected in the manner provided in chapter 290 for the assessment and collection of income tax. If the owner or managing agent willfully furnishes certificates that report total rent constituting property taxes in excess of the amount of actual property taxes paid on the rented part of a property, as determined under this section, the owner or managing agent is liable for a penalty equal to the greater of (1) \$100 or (2) 50 percent of the excess that is reported. If the owner or managing agent reports a total amount of rent constituting property taxes that exceeds by ten percent or more the actual property taxes, the report is deemed to be willful.

(c) If the owner or managing agent elects to provide the renter with the certificate at the time of moving, rather than after December 31, the amount of rent constituting property taxes shall be computed as follows:

(i) The net tax shall be reduced by 1/12 for each month remaining in the calendar year.

(ii) In calculating the denominator of the fraction pursuant to section 290A.03, subdivision 11, the gross rent paid through the last month of claimant's occupancy shall be substituted for "the gross rent paid for the calendar year for the property in which the unit is located."

(d) The certificate of rent constituting property taxes shall include the address of the property, including the county, and the property tax parcel identification number and any additional information which the commissioner determines is appropriate.

(e) If the owner or managing agent fails to provide the renter with a certificate of rent constituting property taxes, the commissioner shall allocate the net tax on the building to the unit on a square footage basis or other appropriate basis as the commissioner determines. The renter shall supply the commissioner with a statement from the county treasurer which gives the amount of property tax on the parcel, the address and property tax parcel identification number of the property, and the number of units in the building.

(f) The owner or managing agent must file a copy of the certificate of rent paid with the commissioner before April 15 of the year following the year in which the rent was paid. The commissioner may require that each owner or managing agent report on a single form the total property taxes for a property and the allocation of the property taxes as rent constituting property taxes among the renters of the property.

Any unencumbered balance remaining in the first year does not cancel and is available for the second year.

The distribution for fiscal year 1991 shall be in two payments with the second payment made after November 1, 1990.

Subd. 3. [REDUCTION FOR DEFICIENT REVENUES.] If the amount of revenue estimated by the commissioner of revenue and reported to the office of waste management under article 19, section 8, is less than \$29,968,000, 75 percent of the difference between the amount estimated and \$29,968,000 must be subtracted from the appropriation in subdivision 1, and the distribution to be made after November 1, 1990, must be reduced by the same amount.

Subd. 4. [ADDITIONAL GRANTS WITH EXCESS REVENUES.] (a) If the amount of revenue estimated by the commissioner of revenue and reported to the office of waste management under article 19, section 8, is greater than \$29,968,000, 75 percent of the difference between the amount estimated and \$29,968,000 is appropriated to the office of waste management to be distributed to counties after November 1, 1990, as provided in this subdivision and is subject to article 19, section 1, subdivisions 2 and 3. No more than \$5,000,000 shall be appropriated for distribution to counties under this subdivision through the solid waste management projects grants programs under Minnesota Statutes, section 115A.54.

(b) Notwithstanding article 19, section 1, subdivision 1, the appropriation in this subdivision must be distributed to counties to provide that in fiscal years 1990 and 1991 each county receives at least 50 percent of the revenue generated in that county by the tax on solid waste collection and disposal services imposed in article 19. The office of waste management shall distribute the appropriation so that the county or counties receiving the smallest percentage of grant received to revenue generated is increased to the percentage of the county or counties with the next smallest percentage of grant received to revenue generated until the appropriation is spent or each county has received a grant of at least 50 percent of the revenue generated in the county. Any remainder must be distributed among all counties in proportion to their population. For purposes of this paragraph, the commissioner of revenue must estimate the amount of revenue generated in each county.

The commissioners of the pollution control agency and the department of natural resources shall have authority to solicit and accept funds from nonstate sources to accomplish the responsibilities in this section.

14.26 [ADOPTION OF PROPOSED RULE; SUBMISSION TO ATTORNEY GENERAL.]

If no hearing is required, the agency shall submit to the attorney general the proposed rule and notice as published, the rule as proposed for adoption, any written comments received by the agency, and a statement of need and reasonableness for the rule. The agency shall give notice to all persons who requested to be informed that these materials have been submitted to the attorney general. This notice shall be given on the same day that the record is submitted. If the proposed rule has been modified, the notice shall state that fact, and shall state that a free copy of the proposed rule, as modified, is available upon request from the agency. The rule and these materials shall be submitted to the attorney general within 180 days of the day that the comment period for the rule is over or the rule is automatically withdrawn. The agency shall report its failure to adopt the rules and the reasons for that failure to the legislative commission to review administrative rules, other appropriate legislative committees, and the governor.

Even if the 180-day period expires while the attorney general reviews the rule, if the attorney general rejects the rule, the agency may resubmit it after taking corrective action. The resubmission must occur within 30 days of when the agency receives written notice of the disapproval. If the rule is again disapproved, the rule is withdrawn. An agency may resubmit at any time before the expiration of the 180-day period. If the agency withholds some of the proposed rule, it may not adopt the withheld portion without again following the procedures of sections 14.14 to 14.28, or 14.29 to 14.36.

The attorney general shall approve or disapprove the rule as to its legality and its form to the extent the form relates to legality, including the issue of substantial change, and determine whether the agency has the authority to adopt the rule and whether the record demonstrates a rational basis for the need for and reasonableness of the proposed rule within 14 days. If the rule is approved, the attorney general shall promptly file two copies of it in the office of the secretary of state. The secretary of state shall forward one copy of each rule to the revisor of statutes. If the rule is disapproved, the

attorney general shall state in writing the reasons and make recommendations to overcome the deficiencies, and the rule shall not be filed in the office of the secretary of state, nor published until the deficiencies have been overcome. The attorney general shall send a statement of reasons for disapproval of the rule to the agency, the chief administrative law judge, the legislative commission to review administrative rules, and to the revisor of statutes.

The attorney general shall assess an agency for the actual cost of processing rules under this section. The agency shall pay the attorney general's assessments using the procedures of section 8.15. Each agency shall include in its budget money to pay the attorney general's assessment. Receipts from the assessment must be deposited in the state treasury and credited to the general fund.

Sec. 12. Minnesota Statutes 1988, section 16A.127, subdivision 3, is amended to read:

Subd. 3. [REIMBURSEMENT.] (a) Under the plan, the commissioner shall make and record the reimbursement to the general fund of the statewide indirect costs attributable to an executive agency's nongeneral fund receipts for the last fiscal year. Unless the commissioner determines that agency indirect cost receipts are a reimbursement for general fund expenditures, the receipts are appropriated to the agency to pay administrative expenses. However, the commissioner may, for reasons of sound financial management, waive the reimbursement under this subdivision for certain nongeneral fund receipts, but only under the following circumstances:

(1) where regulations or law do not allow for the payment of indirect costs;

(2) where funds held by the state are held in trust funds other than pension trust funds, gift funds, endowment funds, debt service funds, and bond proceeds funds;

(3) where the funds are pass-through grant money;

(4) where receipts are collected for workshops, seminars, or conferences; or

(5) where the amount is less than \$500.

The commissioner shall report all waivers in the next statewide indirect cost plan.

(b) There is annually appropriated from all direct appropriated nongeneral funds an amount sufficient to reimburse the general fund for statewide indirect costs.

Sec. 13. Minnesota Statutes 1988, section 16A.127, subdivision 8, is amended to read:

(c) The commissioner may centrally acquire, warehouse, and distribute supplies, materials, and equipment for governmental units or nonprofit organizations. Expenses incurred in connection with acquiring, warehousing, and distributing must be paid from the materials distribution revolving fund.

The commissioner may, however, require the governmental unit or nonprofit organization to deposit in advance in the materials distribution revolving fund the cost of the surplus property, supplies, materials, and equipment upon mutually agreeable terms and conditions. The commissioner may charge a fee to political subdivisions and nonprofit organizations to establish their eligibility for receiving the property and to pay for costs of storage and distribution.

ARTICLE 4

STATE PLANNING

Section 1. [STATEMENT OF PURPOSE.]

The legislature finds the need to capitalize on opportunities to restructure services in such a way that the level and quality of service provided to the public can be maintained while reducing the cost and size of government through a program of investiture and divestiture. The legislature further recognizes that the long-term

goal of streamlining state government can only be accomplished by focusing on restructuring or redesigning state programs during the 1990 session that have an impact on the 1992-1993 biennium. In keeping with the goal of streamlining state government based on sound fiscal management principles, the legislature has chosen to reassign those essential duties housed within the state planning agency to other, more organizationally suitable agencies and divest those functions that are not essential.

Sec. 2. Minnesota Statutes Second 1989 Supplement, section 3.885, subdivision 3, is amended to read:

Subd. 3. [STAFF.] (a) The commission may:

(1) employ and fix the salaries of professional, technical, clerical, and other staff of the commission;

(2) employ and discharge staff solely on the basis of their fitness to perform their duties and without regard to political affiliation;

(3) buy necessary furniture, equipment, and supplies;

(4) enter into contracts for necessary services, equipment, office, and supplies;

(5) provide its staff with computer capability necessary to carry out assigned duties. The computer should be capable of receiving data and transmitting data to computers maintained by the executive and judicial departments of state government that are used for budgetary and revenue purposes; and

(6) use other legislative staff.

(b) The commission may hire an executive director and delegate any of its authority under paragraph (a) to that person. (6) additional issues requested by the commission.

(d) The following state aids and associated state mandates shall be reviewed:

(1) local aids and credits including local government aid, homestead and agricultural credit aid, disparity reduction aid, taconite homestead credit and aids, tax increment financing, and fiscal disparities;

(2) human services aids including community health services aids, correctional program aids, and social service program and administrative aids;

The parties to the dispute shall enter mediation upon the order of the commissioner of health. Whether or not a request for mediation from one of the parties has been received, the commissioner shall order mediation if failure to reach agreement would significantly impair access to health care services on the part of current enrollees of that health maintenance organization. Participation in mediation shall be required of all parties for a period of not more than 30 days. Notice of termination of provider agreements, as required under section 62D.08, subdivision 5, shall take effect no earlier than 31 days after the first day of mediation under this section.

Effective for services rendered on or after July 1, 1990, payments for obstetrical and pediatric services to medical assistance recipients shall be increased by 15 percent. This increase shall be applied to the provider categories under section 6402(b) of the Omnibus Budget Reconciliation Act of 1989, and applicable federal guidelines. For obstetrical services, this increase is in addition to the ten percent increase effective October 1, 1988.

Notwithstanding the provisions of Laws 1989, chapter 282, article 1, section 2, subdivision 7, clause (a), the 50th percentile of the prevailing charge for 1982 will be estimated by the commissioner in the following situations:

- (1) there were less than ten billings in the calendar year specified in legislation governing maximum payment rates;
- (2) the service was not available in the calendar year specified in legislation governing maximum payment rates;
- (3) the payment amount is the result of a provider appeal;
- (4) the procedure code description has changed since the calendar year specified in legislation governing maximum payment rates, therefore, the prevailing charge information reflects the same code but a different procedure description; or
- (5) the 50th percentile reflects a payment which is grossly inequitable when compared with payment rates for procedures or services which are substantially similar.

When one of the above situations occur, the commissioner will use the following

methodology to reconstruct a rate comparable to the 50th percentile of the prevailing rate:		

(1) refer to information which exists for the first nine billings in the calendar year specified in legislation governing maximum payment rates; or

(2) refer to surrounding or comparable procedure codes; or

(3) refer to the 50th percentile of years subsequent to the calendar year specified in legislation governing maximum payment rates; and backdown the amount by applying an appropriate Consumer Price Index formula; or

(4) refer to relative value indexes; or

(5) refer to reimbursement information from other third parties, such as Medicare.

ARTICLE 2

HEALTH DEPARTMENT; SOCIAL SERVICES

Section 1. Minnesota Statutes 1988, section 4.071, is amended to read:

4.071 [OIL OVERCHARGE MONEY.]

Subdivision 1. [APPROPRIATION REQUIRED.] "Oil overcharge money" means money received by the state as a result of litigation or settlements of alleged violations of federal petroleum pricing regulations. Oil overcharge money may not be spent until the legislative commission on Minnesota resources has reviewed the proposed projects and the money it is specifically appropriated by law.

Subd. 2. [MINNESOTA RESOURCES PROJECTS.] The legislature intends to appropriate one-half of the oil overcharge money for projects that have been reviewed and recommended by the legislative commission on Minnesota resources. A work plan must be prepared for each proposed project for review by the commission. The commission must recommend specific projects to the legislature.

Subd. 3. [ENERGY CONSERVATION PROJECTS.] The oil overcharge money that is not otherwise appropriated by law or dedicated by court order is appropriated to the commissioner of jobs and training for energy conservation projects that directly serve low-income Minnesotans. This appropriation is available until spent.

Sec. 2. Minnesota Statutes 1989 Supplement, section 116.76, subdivision 9, is amended to read:

Subd. 9. [GENERATOR.] "Generator" means a person whose activities produce infectious waste. "Generator" does not include a person who produces sharps as a result of administering medication to oneself. "Generator" does not include an ambulance service licensed under section 144.802, an eligible board of health, community health board, or public health nursing agency as defined in

section 116.78, subdivision 10, or a program providing school health service under section 123.35, subdivision 17.

Sec. 3. Minnesota Statutes 1989 Supplement, section 116.78, is amended by adding a subdivision to read:

Subd. 9. [DISPOSAL OF INFECTIOUS WASTE BY AMBULANCE SERVICES.] Any infectious waste, as defined in section 116.76, subdivision 12, produced by an ambulance service in the transport or care of a patient must be properly packaged and disposed of at the destination hospital or at the nearest hospital if the patient is not transported. A hospital must accept the infectious waste if it is properly packaged according to the standards the hospital uses for packaging its own infectious wastes. The hospital may charge the ambulance service a reasonable fee for disposal of the infectious waste. Nothing in this subdivision shall require a hospital to accept infectious waste if the waste is of a type not generated by the hospital or if the hospital cannot safely store the waste.

Sec. 4. Minnesota Statutes 1989 Supplement, section 116.78, is amended by adding a subdivision to read:

Subd. 10. [DISPOSAL OF INFECTIOUS WASTE BY PUBLIC HEALTH AGENCIES AND PROGRAMS PROVIDING SCHOOL HEALTH SERVICES.] Any infectious waste, as defined in section 116.76, subdivision 12, produced by an eligible board of health, community health board, or public health nursing agency or a program providing school health services under section 123.35, subdivision 17, must be properly packaged and may be disposed of at a hospital. For purposes of this subdivision, an "eligible board of health, community health board, or public health nursing agency" is defined as a board of health, community health board, or public health nursing agency located in a county with a population of less than 40,000. A hospital must accept the infectious waste if it is properly packaged according to the standards the hospital uses for packaging its own infectious wastes. The hospital may charge an eligible board of health, community health board, or public health nursing agency or a program providing school health services a reasonable fee for disposal of the infectious waste. Nothing in this subdivision shall require a hospital to accept infectious waste if the waste is of a type not generated by the hospital or if the hospital cannot safely store the waste.

Sec. 5. [144.062] [VACCINE COST REDUCTION PROGRAM.]

The commissioner of administration, after consulting with the commissioner of health, may negotiate discounts or rebates on vaccine or may purchase vaccine at reduced prices, and offer it to medical care providers at the department's cost plus a fee for administrative costs. As a condition of receiving the vaccine at

reduced cost, a medical care provider must agree to pass on the savings to patients. The commissioner of health may transfer money appropriated for other department of health programs to the commissioner of administration for the initial cost of purchasing vaccine, provided the money is repaid by the end of each state fiscal year and the commissioner of finance approves the transfer. Proceeds from the sale of vaccines to medical care providers are appropriated to the commissioner of administration. If the commissioner of administration, in consultation with the commissioner of health, determines that a vaccine cost reduction program is not economically feasible or cost effective, the commissioner may elect not to implement the program, but shall provide a report to the legislature that explains the reasons for the decision.

Sec. 6. [144.1465] [FINDING AND PURPOSE.]

The legislature finds that rural hospitals are an integral part of the health care delivery system and are fundamental to the development of a sound rural economy. The legislature further finds that access to rural health care must be assured to all Minnesota residents. The rural health care system is undergoing a restructuring that threatens to jeopardize access in rural areas to quality health services. To assure continued rural health care access the legislature proposes to establish a grant program to assist rural hospitals and their communities with the development of strategic plans and transition projects, provide subsidies for geographically isolated hospitals facing closure, and examine the problem of recruitment and retention of rural physicians, nurses, and other allied health care professionals.

Sec. 7. [144.147] [RURAL HOSPITAL PLANNING AND TRANSITION GRANT PROGRAM.]

Subdivision 1. [DEFINITION.] "Eligible rural hospital" means any nonfederal, general acute care hospital that is either:

(1) located in a rural area, as defined in the federal Medicare regulations, United States Code, title 42, section 405.1041, or located in a community with a population of less than 5,000, according to United States Census Bureau statistics, outside the seven-county metropolitan area;

(2) has 100 or fewer beds; and

(3) is not for profit.

Subd. 2. [GRANTS AUTHORIZED.] The commissioner shall establish a program of grants to assist eligible rural hospitals. The commissioner shall award grants to hospitals and communities for the purposes set forth in paragraphs (a) and (b).

(a) Grants may be used by hospitals and their communities to develop strategic plans for preserving access to health services. At a minimum, a strategic plan must consist of:

(1) a needs assessment to determine what health services are needed and desired by the community. The assessment must include interviews with or surveys of area health professionals, local community leaders, and public hearings;

(2) an assessment of the feasibility of providing needed health services that identifies priorities and timeliness for potential changes; and

(3) an implementation plan.

The strategic plan must be developed by a committee that includes representatives from the hospital, local public health agencies, other health providers, and consumers from the community.

(b) The grants may also be used by eligible rural hospitals that have developed strategic plans to implement transition projects to modify the type and extent of services provided, in order to reflect the needs of that plan. Grants may be used by hospitals under this paragraph to develop hospital-based physician practices that integrate hospital and existing medical practice facilities that agree to transfer their practices, equipment, staffing, and administration to the hospital. Not more than one-third of any grant shall be used to offset losses incurred by physicians agreeing to transfer their practices to hospitals.

Subd. 3. [CONSIDERATION OF GRANTS.] In determining which hospitals will receive grants under this section, the commissioner shall take into account:

(1) improving community access to hospital or health services;

(2) changes in service populations;

(3) demand for ambulatory and emergency services;

(4) the extent that the health needs of the community are not currently being met by other providers in the service area;

(5) the need to recruit and retain health professionals; and

(6) the involvement and extent of support of the community and local health care providers.

Subd. 4. [ALLOCATION OF GRANTS.] (a) Eligible hospitals must apply to the commissioner no later than September 1, 1990, for grants awarded in the 1991 state fiscal year; and no later than September 1, 1990, for grants awarded in the 1992 state fiscal year.

(b) The commissioner may award up to two grants for each fiscal year. The commissioner must make a final decision on the funding of each application within 60 days of the deadline for receiving applications.

(c) Each relevant community health board has 30 days in which to review and comment to the commissioner on grant applications from hospitals in their community health service area.

(d) In determining which hospitals will receive grants under this section, the commissioner shall consider the following factors:

(1) Description of the problem, description of the project and the likelihood of successful outcome of the project. The applicant must explain clearly the nature of the health services problems in their service area, how the grant funds will be used, what will be accomplished, and the results expected. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations.

(2) The extent of community support for the hospital and this proposed project. The applicant should demonstrate support for the hospital and for the proposed project from other local health service providers and from local community and government leaders. Evidence of such support may include past commitments of financial support from local individuals, organization or government entities; and commitment of financial support, in-kind services or cash, for this project.

(3) The comments, if any, resulting from a review of the application by the community health board in whose community health service area the hospital is located.

(e) In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning the maximum of 70 points for an applicant's understanding of the problem, description of the project, and likelihood of successful outcome of the project; and a maximum of 30 points for the extent of community support for the hospital and this project. The commissioner may also take into account other relevant factors.

(f) A grant to a hospital, including hospitals that submit applications as consortia, may not exceed \$50,000 a year, and may not exceed a term of two years. Prior to the receipt of any grant, the hospital must certify to the commissioner that at least one-half of

the amount, which may include in-kind services, is available for the same purposes from nonstate sources. A hospital receiving a grant under this section may use the grant for any expenses incurred in the development of strategic plans or the implementation of transition projects with respect to which the grant is made. Project grants may not be used to retire debt incurred with respect to any capital expenditure made prior to the date on which the project is initiated.

Subd. 5. [EVALUATION.] The commissioner shall evaluate the overall effectiveness of the grant program. The commissioner may collect, from the hospital, and communities receiving grants, the information necessary to evaluate the grant program. Information related to the financial condition of individual hospitals shall be classified as nonpublic data.

Sec. 8. Minnesota Statutes 1989 Supplement, section 144.562, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY FOR LICENSE CONDITION.] A hospital is not eligible to receive a license condition for swing beds unless (1) it either has a licensed bed capacity of less than 50 beds defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66, or it has a licensed bed capacity of 50 beds or more and has swing beds that were approved for Medicare reimbursement before May 1, 1985, or it has a licensed bed capacity of less than 65 beds and, as of the effective date, the available nursing homes within 50 miles have had occupancy rates of 96 percent or higher in the past two years, or it has a licensed capacity of less than 63 beds and is a nonprofit facility; (2) it is located in a rural area as defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66; and (3) it agrees to utilize no more than four hospital beds as swing beds at any one time, except that the commissioner may approve the utilization of up to three additional beds at the request of a hospital if no Medicare certified skilled nursing facility beds are available within 25 miles of that hospital.

Sec. 9. Minnesota Statutes 1988, section 144.581, subdivision 1, is amended to read:

Subdivision 1. [NONPROFIT CORPORATION POWERS.] A municipality, political subdivision, state agency, or other governmental entity that owns or operates a hospital authorized, organized, or operated under chapters 158, 250, 376, and 397, or under sections 246A.01 to 246A.27, 412.221, 447.05 to 447.13, 447.31, or 471.59, or under any special law authorizing or establishing a hospital or hospital district shall, relative to the delivery of health care services, have, in addition to any authority vested by law, the authority and legal capacity of a nonprofit corporation under chapter 317, including authority to

- (a) enter shared service and other cooperative ventures,
- (b) join or sponsor membership in organizations intended to benefit the hospital or hospitals in general,
- (c) enter partnerships,
- (d) incorporate other corporations,
- (e) have members of its governing authority or its officers or administrators serve as directors, officers, or employees of the ventures, associations, or corporations,
- (f) own shares of stock in business corporations, and
- (g) offer, directly or indirectly, products and services of the hospital, organization, association, partnership, or corporation to the general public, and
- (h) provide funds for payment of educational expenses of up to \$20,000 per individual, if the hospital or hospital district has at least \$1,000,000 in reserve and depreciation funds at the time of payment, and these funds were obtained solely from the operating revenues of the hospital or hospital district.

Sec. 10. Minnesota Statutes 1989 Supplement, section 144.802, subdivision 3, is amended to read:

Subd. 3. [APPLICATIONS; NOTICE OF APPLICATION; RECOMMENDATIONS.] (a) Each prospective licensee and each present licensee wishing to offer a new type or types of ambulance service, to establish a new base of operation, or to expand a primary service area, shall make written application for a license to the commissioner on a form provided by the commissioner.

(b) For applications for the provision of ambulance services in a service area located within a county, the commissioner shall promptly send notice of the completed application to the county board and to each community health service board, governing body of a regional emergency medical services system designated under section 144.8093, ambulance service, and municipality in the area in which ambulance service would be provided by the applicant. The commissioner shall publish the notice, at the applicant's expense, in the State Register and in a newspaper in the municipality in which the base of operation will be located, or if no newspaper is published in the municipality or if the service would be provided in more than one municipality, in a newspaper published at the county seat of the county in which the service would be provided.

(c) For applications for the provision of ambulance services in a

service area larger than a county, the commissioner shall promptly send notice of the completed application to the municipality in which the service's base of operation will be located and to each community health board, county board, governing body of a regional emergency medical services system designated under section 144.8093, and ambulance service located within the counties in which any part of the service area described by the applicant is located, and any contiguous counties. The commissioner shall publish this notice, at the applicant's expense, in the State Register.

(d) The commissioner shall request that the chief administrative law judge appoint an administrative law judge to hold a public hearing in the municipality in which the service's base of operation will be located. The public hearing shall be conducted as contested case hearing under chapter 14.

(e) Each municipality, county, community health service board, governing body of a regional emergency medical services system, ambulance service, and other person wishing to make recommendations concerning the disposition of the application shall make written recommendations to the administrative law judge within 30 days of the publication of notice of the application in the State Register.

(f) The administrative law judge shall:

(1) hold a public hearing in the municipality in which the service's base of operations is or will be located;

(2) provide notice of the public hearing in the newspaper or newspapers in which notice was published under paragraph (b) for two successive weeks at least ten days before the date of the hearing;

(3) allow any interested person the opportunity to be heard, to be represented by counsel, and to present oral and written evidence at the public hearing;

(4) provide a transcript of the hearing at the expense of any individual requesting it.

(g) The administrative law judge shall review and comment upon the application and shall make written recommendations as to its disposition to the commissioner within 90 days of receiving notice of the application. In making the recommendations, the administrative law judge shall consider and make written comments as to whether the proposed service, change in base of operations, or expansion in primary service area is needed, based on consideration of the following factors:

(1) the relationship of the proposed service, change in base of

operations or expansion in primary service area to the current community health plan as approved by the commissioner under section 145.918 145A.12, subdivision 4;

(2) the recommendations or comments of the governing bodies of the counties and municipalities in which the service would be provided;

(3) the deleterious effects on the public health from duplication, if any, of ambulance services that would result from granting the license;

(4) the estimated effect of the proposed service, change in base of operation or expansion in primary service area on the public health;

(5) whether any benefit accruing to the public health would outweigh the costs associated with the proposed service, change in base of operations, or expansion in primary service area.

The administrative law judge shall recommend that the commissioner either grant or deny a license or recommend that a modified license be granted. The reasons for the recommendation shall be set forth in detail. The administrative law judge shall make the recommendations and reasons available to any individual requesting them.

Sec. 11. Minnesota Statutes 1989 Supplement, section 144.804, subdivision 1, is amended to read:

Subdivision 1. [DRIVERS AND ATTENDANTS.] No publicly or privately owned basic ambulance service shall be operated in the state unless its drivers and attendants possess a current emergency medical care course certificate authorized by rules adopted by the commissioner of health according to chapter 14. Until August 1, 1994, a licensee may substitute a person currently certified by the American Red Cross in advanced first aid and emergency care or a person who has successfully completed the United States Department of Transportation first responder curriculum, and who has also been trained to use all of the equipment carried in the ambulance basic life support equipment as required by rules adopted by the commissioner under section 144.804, subdivision 2, for one of the persons on a basic ambulance, provided that person will function as the driver while transporting a patient. Sec. 14. Minnesota Statutes 1989 Supplement, section 144.8091, is amended to read:

144.8091 [REIMBURSEMENT TO NONPROFIT AMBULANCE SERVICES.]

Subdivision 1. (e) The board may adopt regulations that permit out-of-state wholesale drug distributors to obtain a license on the basis of reciprocity to the extent that an out-of-state wholesale drug distributor:

(1) possesses a valid license granted by another state under legal standards comparable to those that must be met by a wholesale drug distributor of this state as prerequisites for obtaining a license under the laws of this state; and

Consistent with that policy and with section 252.50, and within the limits of appropriations made available for this purpose, the commissioner may establish, by June 30, 1991, the following state-operated, community-based programs for the least vulnerable regional treatment center residents: at Brainerd regional services center, two residential programs and two day programs; at Cambridge regional treatment center, four residential programs and two day programs; at Faribault regional treatment center, ten residential programs and six day programs; at Fergus Falls regional treatment center, two residential programs and one day program; at Moose Lake regional treatment center, four residential programs and two day programs; and at Willmar regional treatment center, two residential programs and one day program. Sec. 35. Minnesota Statutes 1988, section 252.27, as amended by Laws 1989, chapter 282, article 2, section 92, is amended to read:

252.27 [COST OF BOARDING CARE OUTSIDE OF HOME OR INSTITUTION PARENTAL CONTRIBUTION FOR THE COST OF CHILDREN'S SERVICES.]

Subdivision 1. [COUNTY RESPONSIBILITY.] Whenever any child who has mental retardation or a related condition, or a physical or emotional handicap is in 24-hour care outside the home including respite care, in a facility licensed by the commissioner of human services, the cost of care services shall be paid by the county of financial responsibility determined pursuant to chapter 256G. If the child's parents or guardians do not reside in this state, the cost shall be paid by the responsible governmental agency in the state from which the child came, by the parents or guardians of the child if they are financially able, or, if no other payment source is available, by the commissioner of human services.

Subd. 1a. [DEFINITIONS.] A person has a "related condition" if that person has a severe, chronic disability that is (a) attributable to cerebral palsy, epilepsy, autism, Prader-Willi syndrome, or any other condition, other than mental illness, found to be closely related to mental retardation because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with mental retardation or requires treatment or services similar to those required for persons with mental retardation; (b) is likely to continue indefinitely; and (c) results in substantial functional limitations in three or more of the following areas of major life activity: self-care, understanding and use of language, learning, mobility, self-direction, or capacity for independent living. For the

purposes of this section, a child has an "emotional handicap" if the child has a psychiatric or other emotional disorder which substantially impairs the child's mental health and requires 24-hour treatment or supervision.

Subd. 2. [PARENTAL RESPONSIBILITY.] Responsibility of the parents for the cost of care services shall be based upon ability to pay. The state agency shall adopt rules to determine responsibility of the parents for the cost of care services when:

(a) Insurance or other health care benefits pay some but not all of the cost of care services; and

(b) No insurance or other health care benefits are available.

Subd. 2a. [CONTRIBUTION AMOUNT.] (a) The natural or adoptive parents of a minor child, including a child determined eligible for medical assistance without consideration of parental income, must contribute monthly to the cost of services, unless the child is married or has been married, parental rights have been terminated, or the child's adoption is subsidized according to section 259.40 or through title IV-E of the Social Security Act.

(b) The parental contribution equals 15 percent of the natural or adoptive parents' income that exceeds 200 percent of the federal poverty guidelines for the applicable household size, reduced by the following amounts:

(1) \$200 if the child lives with the parent;

(2) the personal needs allowance under section 256B.35, if paid by the parent, and if the child resides in an institution specified in that section; and

(3) any amount required to be paid directly to the child pursuant to a court order, and only if actually paid.

(c) The household size to be used in determining the amount of contribution under paragraph (b) includes natural and adoptive parents and their dependents under age 21, including the child receiving services.

(d) For purposes of paragraph (b), "income" means the natural or adoptive parents' adjusted gross income determined according to the previous year's federal tax form.

(e) The contribution shall be explained to the parents when eligibility for services is determined. The contribution amount shall be reviewed upon eligibility redetermination or upon request of the responsible relative. The contribution shall be made on a monthly

basis beginning with the first month in which the child receives services. Annually upon redetermination or at termination of eligibility, if the contribution exceeded the cost of services provided, the local agency or the state shall reimburse that excess amount to the parents, either by direct reimbursement if the parent is no longer required to pay a contribution, or by a reduction in or waiver of parental fees until the excess amount is exhausted.

(f) The monthly contribution amount must be reviewed at least every 12 months; when there is a change in household size; and when there is a loss of or gain in income from one month to another in excess of ten percent.

(g) Divorced parents of a minor child shall each pay the contribution required under paragraph (a), except that a court-ordered child support payment actually paid on behalf of the child receiving services shall be deducted from the contribution of the parent making the payment.

(h) The contribution under paragraph (b) shall be increased by an additional five percent if the local agency determines that insurance coverage is available but not obtained for the child. For purposes of this section, "available" means the insurance is a benefit of employment for a family member at an annual cost of no more than five percent of the family's annual income. For purposes of this section, insurance means health and accident insurance coverage, enrollment in a nonprofit health service plan, health maintenance organization, self-insured plan, or preferred provider organization.

Parents who have more than one child in out-of-home care receiving services shall not be required to pay more than the amount for one the child in out-of-home care. In no event shall the parents be required to pay more than five percent of their income as defined in section 290A.03, subdivision 3 with the highest expenditures. There shall be no resource contribution from the parents. The parent shall not be required to pay a contribution in excess of the cost of the services provided to the child. Notice of an increase in fee payment must be given at least 30 days before the increased fee is due.

Subd. 2b. [CHILD'S RESPONSIBILITY.] Responsibility of the child for the cost of care shall be up to the maximum amount of the total income and resources attributed to the child except for the clothing and personal needs allowance as provided in section 256B.35, subdivision 1. Reimbursement by the parents and child shall be made to the county making any payments for care and treatment services. The county board may require payment of the full cost of caring for children whose parents or guardians do not reside in this state.

To the extent that a child described in subdivision 1 is eligible for benefits under chapter 62A, 62C, 62D, 62E, or 64B, the county is not

liable for the cost of care. A parent or legal guardian who discontinues payment of health insurance premiums, subscriber fees or enrollment fees for a child who is otherwise eligible for those benefits is ineligible for payment of the cost of care of that child under this section.

The commissioner's determination shall be conclusive in any action to enforce payment of the cost of care. Any appeals from the commissioner's determination shall be made pursuant to section 256.045, subdivisions 2 and 3 services.

Subd. 2c. [APPEALS.] A parent may appeal the determination of an obligation to make a contribution under this section, according to section 256.045.

Subd. 3. [CIVIL ACTIONS.] If the parent fails to make appropriate reimbursement as required in subdivision 2, the county attorney may initiate a civil action to collect any unpaid reimbursement.

Subd. 4. [ORDER OF PAYMENT.] If the parental contribution is for reimbursement for the cost of services to both the local agency and the medical assistance program, the local agency shall be reimbursed for its expenses first and the remainder shall be dedicated to the medical assistance program.

Sec. 36. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 1, is amended to read:

Subdivision 1. [RATES FOR CALENDAR YEARS 1989 AND 1990.] Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board for calendar years 1989 and 1990 are governed by subdivisions 2 to 10 11.

"Payment rate" as used in subdivisions 2 to 10 11 refers to three kinds of payment rates: a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site; a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

Sec. 38. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 3, is amended to read:

Subd. 4. [NEW VENDORS.] Payment rates established by a county for calendar years 1989 and 1990, for a new vendor for which there were no previous rates must not exceed 125 percent of the average payment rates in the regional development commission district under sections 462.381 to 462.396 in which the new vendor is located. When at least 50 percent of the persons to be served by the new vendor are persons discharged from a regional treatment center on or after January 1, 1990, the recommended payment rates for the new vendor shall not exceed twice the current statewide average payment rates.

For purposes of this subdivision, persons discharged from the regional treatment center do not include persons who received temporary care under section 252A.111, subdivision 3.

Sec. 40. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 12, is amended to read:

Subd. 12. [RATES ESTABLISHED AFTER 1990.] Unless a variance is granted under subdivision 6, payment rates established by a county for calendar year 1990 and which are in effect December 31, 1990, remain in effect until June 30, 1991. Payment rates established by a county board to be paid to a vendor on or after January 1, 1991, must be determined under permanent rules adopted by the commissioner. Until permanent rules are adopted, the payment rates must be determined according to subdivisions 1 to 11 except for the period from July 1, 1991, through December 31, 1991, when the increase determined under subdivision 3 must not exceed the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the

current calendar year over the previous calendar year. No county shall pay a rate that is less than the minimum rate determined by the commissioner.

In developing procedures for setting minimum payment rates and procedures for establishing payment rates, the commissioner shall consider the following factors:

- (1) a vendor's payment rate and historical cost in the previous year;
- (2) current economic trends and conditions;
- (3) costs that a vendor must incur to operate efficiently, effectively and economically and still provide training and habilitation services that comply with quality standards required by state and federal regulations;
- (4) increased liability insurance costs;
- (5) costs incurred for the development and continuation of supported employment services;
- (6) cost variations in providing services to people with different needs;
- (7) the adequacy of reimbursement rates that are more than 15 percent below the statewide average; and
- (8) other appropriate factors.

The commissioner may develop procedures to establish differing hourly rates that take into account variations in the number of clients per staff hour, to assess the need for day training and habilitation services, and to control the utilization of services.

In developing procedures for setting transportation rates, the commissioner may consider allowing the county board to set those rates or may consider developing a uniform standard.

Medical assistance rates for home and community-based services provided under section 256B.501 by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47.

Sec. 41. [252.478] [METRO TRANSPORTATION SUPPORT GRANTS.]

Subdivision 1. [ESTABLISHMENT OF PROGRAM.] The commissioner of human services shall establish and operate a metro transportation support grants program to provide reimbursement for client transportation by metro mobility to day training and habilitation services for which client transportation is a required and funded component, and to maximize use of federal funds for this reimbursement. A metro transportation support grants account shall be established in the department of human services chart of accounts.

Subd. 2. [RATES.] Costs of transportation to and from a day training and habilitation service agency must be a part of the payment rate established for each day training and habilitation services agency.

The commissioner may approve payment rates for day training and habilitation services that exceed the limits in Minnesota Statutes, section 252.46, subdivision 6, for vendors whose transportation costs increase as a result of action taken by the regional transit board under Laws of Minnesota 1988, chapter 684, article 2, section 3, or Laws of Minnesota 1989, chapter 269, section 35, or Minnesota Statutes, section 473.386, subdivision 4.

Subd. 3. [COUNTY SHARE.] The county share of the metro transportation support grants program costs will be distributed by the department to all metropolitan counties from the metro transportation support grants account. For state fiscal year 1991, the funds transferred from the regional transit board to this account shall be distributed to: Ramsey county, 48 percent; Hennepin county, 46 percent; Dakota county, five percent; and Anoka county, one percent. For subsequent fiscal years, funds shall be distributed annually based on each county's percentage of total expenses incurred for trips provided on metro mobility to and from day training and habilitation services during the preceding 12-month period. Counties should deposit these funds into the program accounts that will incur the transportation expenses.

Sec. 42. [252.53] [TASK FORCE ON COMPENSATION FOR DIRECT CARE EMPLOYEES.]

The commissioner of human services shall establish a task force on the compensation and training of direct care employees. The purpose of the task force is to address staff turnover, recruitment, and training in order to have a significant number of qualified people working in programs that provide direct care services to individuals. Programs include nursing homes, intermediate care facilities for persons with mental retardation, semi-independent living services, day training and habilitation, waived services, supported employment, rehabilitation facilities, services for persons with mental illness, child care, and chemical dependency. Members of the task force shall be appointed by the commissioner. Task force

membership shall consist of at least one representative from the department of human services, the department of employee relations, the department of jobs and training, and the department of health, advocates, direct care staff from unionized and nonunionized facilities, providers, collective bargaining representatives, and representatives from institutions of post-secondary education, metro and greater Minnesota counties, and the governor's council on developmental disabilities. The task force shall submit a report to the commissioner by November 1, 1990 that includes recommendations on the following:

(1) entry and promotional level wage ranges for various job classifications which reduce wage and benefit inequities between community and state-operated facilities and services;

(2) implementation of wage and benefit increases over a four-year period to ensure that wages and benefits are brought up to a level competitive within the community marketplace;

(3) mechanisms to link wage increases to initial training, continuing education, and competency;

(4) recruitment and retention of qualified staff; and

(5) the impact of making adjustments pursuant to complying with United States Code, title 29, section 157 (Supp. 1988), and sections 179.16 and 179A.12.

By January 15, 1991 the commissioner shall submit the report and recommended legislation to implement the report to the chairs of the house and senate health and human services committees.

Sec. 43. Minnesota Statutes 1988, section 254A.03, is amended by adding a subdivision to read:

Subd. 4. [RULE AMENDMENT.] The commissioner shall by emergency rulemaking amend Minnesota Rules, parts 9530.6600 to 9530.7030, in order to contain costs and increase collections for the consolidated chemical dependency treatment fund. The amendment must establish criteria that will:

(1) increase the use of outpatient treatment for individuals who can abstain from mood-altering chemicals long enough to benefit from outpatient treatment;

(2) increase the use of outpatient treatment in combination with primary residential treatment;

(3) increase the use of long-term treatment programs for individ-

uals who are not likely to benefit from primary residential treatment; and

(4) limit the repeated use of residential placements for individuals who have been shown not to benefit from residential placements, including long-term residential treatment.

Sec. 44. [254A.17] [PREVENTION AND TREATMENT INITIATIVES.]

Subdivision 1. [TRAINING.] The commissioner shall offer training in chemical dependency diagnostic and intervention services through appropriate human services programs managed by the department. Child care workers, social workers, and others shall be trained to recognize the symptoms of chemical abuse and dependency and respond with appropriate referrals or interventions.

Subd. 2. [ADDICTION RESEARCH.] The commissioner shall award grants to support research in the causes and mitigation of chemical addiction, coordinate these efforts with other related research, and disseminate the results.

Subd. 3. [MATERNAL AND CHILD SERVICE PROGRAMS.] The commissioner shall fund maternal and child health and social service programs designed to improve the health and functioning of children born to mothers using alcohol and controlled substances. Comprehensive programs shall include immediate and ongoing intervention, treatment, and coordination of medical, educational, and social services through a child's preschool years. Programs shall also include research and evaluation to identify methods most effective in improving outcomes among this high-risk population.

Subd. 4. [CHILD PROTECTION PROGRAMS.] The commissioner shall fund innovative child protection programs for children and families at risk due to substance abuse. Funding of a program under this subdivision must result in (1) earlier intervention; (2) the provision of in-home supervision; and (3) case management of all services required. Programs must also include research and evaluation to identify methods most effective in child protection services for this high-risk population.

Subd. 5. [STATEWIDE DETOXIFICATION TRANSPORTATION PROGRAM.] The commissioner shall provide grants to counties, Indian reservations, other nonprofit agencies, or local detoxification programs for provision of transportation of intoxicated individuals to detoxification programs.

Sec. 45. Minnesota Statutes 1989 Supplement, section 254B.03, subdivision 4, is amended to read:

Subd. 4. [DIVISION OF COSTS.] Except for services provided by a county under section 254B.09, subdivision 1, or services provided under section 256B.69 or 256D.03, subdivision 4, paragraph (b), the county shall, out of local money, pay the state for 15 percent of the cost of chemical dependency services, including those services provided to persons eligible for medical assistance under chapter 256B and general assistance medical care under chapter 256D. Counties may use the indigent hospitalization levy for treatment and hospital payments made under this section. Fifteen percent of any state collections from private or third-party pay, less 15 percent of the cost of payment and collections, must be distributed to the county that paid for a portion of the treatment under this section. If all funds allocated according to section 254B.02 are exhausted by a county and the county has met or exceeded the base level of expenditures under section 254B.02, subdivision 3, the county shall pay the state for 15 percent of the costs paid by the state under this section. The commissioner may refuse to pay state funds for services to persons not eligible under section 254B.04, subdivision 1, if the county financially responsible for the persons has exhausted its allocation.

Sec. 46. Minnesota Statutes 1988, section 254B.06, is amended by adding a subdivision to read:

Subd. 1a. [VENDOR COLLECTIONS.] The commissioner may amend Minnesota Rules, parts 9530.7000 to 9530.7025, to require a vendor of chemical dependency transitional and extended care rehabilitation services to collect the cost of care received under a program from an eligible person who has been determined to be partially responsible for treatment costs, and to remit the collections to the commissioner. The commissioner shall pay to a vendor for the collections an amount equal to five percent of the collections remitted to the commissioner by the vendor. The amendment may be adopted under the emergency rulemaking provisions of sections 14.29 to 14.36.

Sec. 47. Minnesota Statutes 1988, section 254B.08, is amended to read:

254B.08 [FEDERAL WAIVERS.]

The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation for the provision of services to persons who need chemical dependency services. The commissioner may seek amendments to the waivers or apply for additional waivers to contain costs. The commissioner shall ensure that payment for the cost of providing chemical dependency services under the federal waiver plan does not exceed the cost of chemical dependency services that would have been provided without the waived services.

Notwithstanding sections 254B.04 and 256B.02, subdivision 8,

clause (18), and rules adopted under section 254B.03, subdivision 5, persons eligible under sections 256B.055, 256B.056, and 256B.06 for medical assistance benefits shall not be eligible for services reimbursed through the consolidated chemical dependency fund, except for transitional rehabilitation, extended care programs, and culturally specific programs as defined by Minnesota Rules, part 9530.6605, subpart 13, until the federal Social Security Act, section 2108 (1915B), program waivers are secured. Until the necessary federal program waivers are secured, persons eligible for medical assistance benefits under sections 256B.055, 256B.056, and 256B.06 shall be eligible for chemical dependency treatment services under sections 256B.02, subdivision 8, and 256B.0625.

Sec. 48. Minnesota Statutes 1989 Supplement, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the standard of need for the assistance unit. An amount remaining after this calculation is income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. In making its determination the county agency shall disregard the following from family income:

(1) all of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans;

(3) the first \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of subclauses (a) to (d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) \$174

for each individual age two or older, and \$199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

A review of a payment decision under clause (6) must be requested within 30 days after receiving the notice of collection of assigned support, or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit.

Sec. 49. [256.9791] [MEDICAL SUPPORT BONUS INCENTIVES.]

Subdivision 1. [BONUS INCENTIVE.] (a) A bonus incentive program is created to increase the identification and enforcement by county agencies of dependent health insurance coverage for persons who are receiving medical assistance under section 256B.055 and for whom the county agency is providing child support enforcement services.

(b) The bonus shall be awarded to a county child support agency for each person for whom coverage is identified and enforced by the child support enforcement program when the obligor is under a court order to provide dependent health insurance coverage.

Subd. 2. [DEFINITIONS.] For the purpose of this section, the following definitions apply.

(a) "Case" means a family unit that is receiving medical assis-

tance under section 256B.055 and for whom the county agency is providing child support enforcement services.

(b) "Commissioner" means the commissioner of the department of human services.

(c) "County agency" means the county child support enforcement agency.

(d) "Coverage" means initial dependent health insurance benefits for a case or individual member of a case.

(e) "Enforceable order" means a child support court order containing the statutory language in section 518.171 or other language ordering an obligor to provide dependent health insurance coverage.

(f) "Enforce" or "enforcement" means obtaining proof of current or future dependent health insurance coverage through an overt act by the county agency.

(g) "Identify" or "identification" means obtaining proof of dependent health insurance coverage through an overt act by the county agency.

Subd. 3. [ELIGIBILITY; REPORTING REQUIREMENTS.] (a) In order for a county to be eligible to claim a bonus incentive payment, the county agency must report to the commissioner no later than August 1 of each fiscal year the number of cases as of June 30 of the preceding fiscal year in which: (1) the court has established an obligation for coverage by the obligor and (2) the number of cases in which coverage was in effect as of June 30. The ratio resulting when the number of cases reported in clause (2) is divided by the number of cases reported under (1) shall be used to determine the amount of the bonus incentive according to subdivision 4.

(b) A county that fails to submit the required information by August 1 of each fiscal year will be ineligible for any bonus payments under this section for that fiscal year.

Subd. 4. [RATE OF BONUS INCENTIVE.] The rate of the bonus incentive shall be determined according to paragraphs (a) to (c).

(a) When a county agency has identified or enforced coverage in up to and including 50 percent of its cases, the county shall receive \$15 for each person for whom coverage is identified or enforced.

(b) When a county agency has identified or enforced coverage in more than 50 percent but less than 80 percent of its cases, the county shall receive \$20 for each person for whom coverage is identified or enforced.

(c) When a county agency has identified or enforced coverage in 80 percent or more of its cases, the county shall receive \$25 for each person for whom coverage is identified or enforced.

Subd. 5. [CLAIMS FOR BONUS INCENTIVE.] (a) Beginning July 1, 1990, county agencies shall file a claim for a medical support bonus payment by reporting to the commissioner the following information for each case where dependent health insurance is identified or enforced as a result of an overt act of the county agency:

(1) child support enforcement system case number or county specific case number;

(2) names and dates of birth for each person covered; and

(3) effective date of coverage.

(b) The report shall be made upon enrollment in coverage but no later than September 30 for coverage identified or established during the preceding fiscal year.

(c) The county agency making the initial contact resulting in the establishment of coverage shall be the county agency to claim the bonus incentive even if the case is transferred to another county agency prior to the actual establishment of coverage.

(d) Disputed claims shall be submitted to the commissioner whose decision shall be final.

Subd. 6. [DISTRIBUTION.] (a) Bonus incentives shall be issued to the county agency quarterly, within 45 days after the last day of each quarter for which a bonus incentive is being claimed, and shall be paid up to the limit of the appropriation in the order in which claims are received.

(b) Total bonus incentives shall be computed by multiplying the number of persons included in claims submitted in accordance with this section by the applicable bonus payment as determined in subdivision 4. A county agency must maintain a record of bonus incentives claimed and received for each quarter.

(c) The county agency will be required to pay back any bonus erroneously issued.

Sec. 50. [256.984] [ADMINISTRATIVE FRAUD DISQUALIFICATION HEARINGS.]

Subdivision 1. [HEARING AUTHORITY.] A local agency may also initiate an administrative fraud disqualification hearing for individuals accused of wrongfully obtaining assistance or inten-

tional program violations in the AFDC or food stamp programs. The hearing is subject to the requirements of section 256.045.

Subd. 2. [COMBINED HEARING.] The referee may combine a fair hearing and administrative fraud disqualification hearing into a single hearing if the factual issues arise out of the same, or related, circumstances and the individual receives prior notice that the hearings will be combined. If the administrative fraud disqualification hearing and fair hearing are combined, the time frames for administrative fraud disqualification hearings apply.

Sec. 51. [256.985] [DISQUALIFICATION PROVISIONS.]

Subdivision 1. [DISQUALIFICATION FROM PROGRAM.] (a) Any person found by clear and convincing evidence, by a federal or state court or in an administrative hearing, to have wrongfully obtained assistance in the AFDC or food stamp programs shall be disqualified from that assistance program and the needs of that individual shall not be taken into consideration in determining the grant or assistance level. The period of disqualification shall be as follows:

- (1) for a first offense, six months;
- (2) for a second offense, 12 months; and
- (3) for a third or subsequent offense, permanent disqualification.

The disqualification period shall begin within 45 days of the date on which the fraud determination is made, unless the individual is not a current participant in the program. If the individual is not a current participant in the program, the disqualification period shall begin when the individual has applied and been determined eligible for benefits.

(b) Any period for which sanctions are imposed is effective, without possibility of administrative stay, until the finding upon which the sanctions were imposed is reversed by a court of competent jurisdiction. The period for which sanctions are imposed is not subject to review. The sanctions provided under this subdivision are in addition to, and not in substitution for, any other sanctions that may be provided for by law for the offense involved.

(c) The commissioner may adopt rules as necessary to conduct administrative fraud disqualification hearings in accordance with section 256.984 and this section.

Subd. 2. [INELIGIBILITY FOR GENERAL ASSISTANCE.] No person disqualified from any federally aided assistance program

shall be eligible for general assistance during the period covered by the disqualification sanction.

Sec. 52. Minnesota Statutes 1989 Supplement, section 256B.092, subdivision 7, is amended to read:

Subd. 7. [SCREENING TEAMS ESTABLISHED.] (a) Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are entitled to the level of care provided by an intermediate care facility for persons with mental retardation or related conditions or for whom there is a reasonable indication that they might require the level of care provided by an intermediate care facility. The screening team shall make an evaluation of need within 15 working days of the date that the assessment is completed or within 60 working days of a request for service by a person with mental retardation or related conditions, whichever is the earlier, and within five working days of an emergency admission of an individual to an intermediate care facility for persons with mental retardation or related conditions. The screening team shall consist of the case manager, the client, a parent or guardian, and a qualified mental retardation professional, as defined in the Code of Federal Regulations, title 42, section 483.430, as amended through June 3, 1988. The case manager may also act as the qualified mental retardation professional if the case manager meets the federal definition. County social service agencies may contract with a public or private agency or individual who is not a service provider for the person for the public guardianship representation required by the screening or individual service and habilitation planning process. The contract shall be limited to public guardianship representation for the screening and individual service and habilitation planning activities. The contract shall require compliance with the commissioner's instructions and may be for paid or voluntary services. For individuals determined to have overriding health care needs, a registered nurse must be designated as either the case manager or the qualified mental retardation professional. The case manager shall consult with the client's physician, other health professionals or other persons as necessary to make this evaluation. The case manager, with the concurrence of the client or the client's legal representative, may invite other persons to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case.

(b) In addition to the requirements of paragraph (a), the following conditions apply to the discharge of persons with mental retardation or a related condition from a regional treatment center:

(1) For a person under public guardianship, at least two weeks prior to each screening team meeting the case manager must notify in writing parents, near relatives, and the ombudsman established

under section 245.92 or a designee, and invite them to attend. The notice to parents and near relatives must include: (i) notice of the provisions of section 252A.03, subdivision 4, regarding assistance to persons interested in assuming private guardianship; (ii) notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7); and (iii) information about advocacy services available to assist parents and near relatives of persons with mental retardation or related conditions. In the case of an emergency screening meeting, the notice must be provided as far in advance as practicable.

(2) Prior to the discharge, a screening must be conducted under subdivision 8 and a plan developed under subdivision 1a. For a person under public guardianship, the county shall encourage parents and near relatives to participate in the screening team meeting. The screening team shall consider the opinions of parents and near relatives in making its recommendations. The screening team shall determine that the services outlined in the plan are available in the community before recommending a discharge. The case manager shall provide a copy of the plan to the person, legal representative, parents, near relatives, the ombudsman established under section 245.92, and the protection and advocacy system established under United States Code, title 42, section 6042, at least 30 days prior to the date the proposed discharge is to occur. The information provided to parents and near relatives must include notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7). If a discharge occurs, the case manager and a staff person from the regional treatment center from which the person was discharged must conduct a monitoring visit as required in Minnesota Rules, part 9525.0115, within 90 days of discharge and provide an evaluation within 15 days of the visit to the person, legal representative, parents, near relatives, ombudsman, and the protection and advocacy system established under United States Code, title 42, section 6042.

(3) In order for a discharge or transfer from a regional treatment center to be approved, the concurrence of a majority of the screening team members is required. The screening team shall determine that the services outlined in the discharge plan are available and accessible in the community before the person is discharged. The recommendation of the screening team cannot be changed except by subsequent action of the team and is binding on the county and on the commissioner. If the commissioner or the county determines that the decision of the screening team is not in the best interests of the person, the commissioner or the county may seek judicial review of the screening team recommendation. A person or legal representative may appeal under section 256.045, subdivision 3 or 4a.

(4) For persons who have overriding health care needs or behaviors that cause injury to self or others, or cause damage to property that

is an immediate threat to the physical safety of the person or others, the following additional conditions must be met:

(i) For a person with overriding health care needs, either a registered nurse or a licensed physician shall review the proposed community services to assure that the medical needs of the person have been planned for adequately. For purposes of this paragraph, "overriding health care needs" means a medical condition that requires daily clinical monitoring by a licensed registered nurse.

(ii) For a person with behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, a qualified mental retardation professional, as defined in paragraph (a), shall review the proposed community services to assure that the behavioral needs of the person have been planned for adequately. The qualified mental retardation professional must have at least one year of experience in the areas of assessment, planning, implementation, and monitoring of individual habilitation plans that have used behavior intervention techniques.

(5) No person with mental retardation or a related condition may be discharged from a regional treatment center before an appropriate community placement is available to receive the person.

(6) Effective July 1, 1996, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than 15 beds. Effective July 1, 1993 ~~1998~~, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than ten beds.

(7) If the person, legal representative, parent, or near relative of the person proposed to be discharged from a regional treatment center objects to the proposed discharge, the individual who objects to the discharge may request a review under section 256.045, subdivision 4a, and may request reimbursement as allowed under section 256.045. The person must not be transferred from a regional treatment center while a review or appeal is pending. Within 30 days of the request for a review, the local agency shall conduct a conciliation conference and inform the individual who requested the review in writing of the action the local agency plans to take. The conciliation conference must be conducted in a manner consistent with section 256.045, subdivision 4a. A person, legal representative, parent, or near relative of the person proposed to be discharged who is not satisfied with the results of the conciliation conference may submit to the commissioner a written request for a hearing before a state human services referee under section 256.045, subdivision 4a. The person, legal representative, parent, or near relative of the person proposed to be discharged may appeal the order to the district court of the county responsible for furnishing assistance by serving

a written copy of a notice of appeal on the commissioner and any adverse party of record within 30 days after the day the commissioner issued the order and by filing the original notice and proof of service with the court administrator of the district court. Judicial review must proceed under section 256.045, subdivisions 7 to 10. For a person under public guardianship, the ombudsman established under section 245.92 may object to a proposed discharge by requesting a review or hearing or by appealing to district court as provided in this clause. The person must not be transferred from a regional treatment center while a conciliation conference or appeal of the discharge is pending.

Sec. 53. Minnesota Statutes 1988, section 256E.06, subdivision 2, is amended to read:

Subd. 2. [FORMULA LIMITATION.] The amounts computed pursuant to subdivision 1 shall be subject to the following limitations:

(a) No county shall be allocated more than 130 percent of the amount received prior to any penalty imposed under subdivision 7 in the immediately preceding year. If the amount allocated to any county pursuant to subdivision 1 is greater than this amount, the excess shall be reallocated to all counties in direct proportion to their initial allocations.

(b) Each county shall be guaranteed a percentage increase over the previous year's allocation equal to 0.2 percent for each percentage increase in the statewide allocation, up to a maximum guaranteed increase of one percent when the statewide allocation increases by five percent or more. If the amount allocated to any county pursuant to subdivision 1 is less than this amount, the shortage shall be recovered from all counties in direct proportion to their initial allocations.

(c) If the amount to be allocated statewide in any year is less than the amount allocated in the previous year, then the provisions of clause (b) shall not apply, and each county's allocation shall be equal to its previous year's allocation reduced by the same percentage that the statewide allocation was reduced.

Sec. 54. Minnesota Statutes 1988, section 256E.06, subdivision 7, is amended to read:

Subd. 7. [FAILURE TO LEVY.] A county which levies less than the levy required in subdivision 5, shall receive a reduction in the aid calculated pursuant to subdivisions 1 and 2. The commissioner shall calculate the reduced aid as follows:

(a) Divide the amount levied by the amount required to be levied in subdivision 5; and

(b) Multiply the ratio derived in clause (a) times the aid calculated under ~~subdivision~~ subdivisions 1 and 2.

The amount of the reduction in aid shall be returned to the general fund. The reduction in aid imposed under this subdivision shall be effective for one year, and aid in the following year shall be calculated under subdivisions 1 and 2 as though the reduction had not occurred.

Sec. 55. [PURPOSE OF JOB IMPACT STATEMENT AND PREFEASIBILITY STUDY.]

A public financing role in economic development is justified for two reasons: to create or retain jobs, and to increase the tax base. Therefore it is important to support development that provides employment growth and good wages and benefits, and to encourage and support labor market stability and long-term business presence in communities. It is also important to communities and their residents to protect existing jobs and assure that actions taken by employers and government units do not lead to the temporary or permanent displacement of existing jobs through plant closings or dislocation. The purpose of the jobs impact statement is to require government units that plan to provide financial assistance for new commercial or industrial development, or plan to undertake the development themselves, to examine the potential effects of the development and to discuss them publicly. It is also important to monitor development to ensure public accountability by measuring how accurate the information from the job impact statement proved to be.

Sec. 56. [268.452] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For the purposes of sections 268.452 to 268.455, the following terms have the meanings given them.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of jobs and training.

Subd. 3. [DEVELOPMENT.] "Development" means a multiunit rental property, or commercial or industrial project that in some way benefits from a governmental action or a project developed by a government unit, which will result or could potentially result in the displacement of jobs or which the parties involved claim to retain jobs or increase the number of jobs.

Subd. 4. [DISPLACEMENT.] "Displacement" means the loss of

employment by an individual resulting from a governmental action. An individual is not displaced if the employment loss at the site is the result of the relocation or consolidation of part or all of the employer's operations, and prior to the closing the government unit documents that: (1) the employer offers to transfer the individual to a different site of employment within a reasonable commuting distance, or (2) the employer's operations are relocated to a site within a reasonable commuting distance.

Subd. 5. [GOVERNMENTAL ACTION.] "Governmental action" means an effort made by a government unit to undertake, encourage, or promote development; or significantly restructure the administration or delivery of government services which could potentially result in a loss of jobs. These efforts include, but are not limited to, developments financed or administered directly by a government unit; a reduction in property taxes to encourage the development; and financial assistance through loans, loan guarantees, interest subsidies, tax increment financing, tax-exempt financing, grants, or other financing tools utilized by a government unit to encourage development.

Subd. 6. [GOVERNMENT UNIT.] "Government unit" means any state agency defined in section 16A.011, subdivision 2, the greater Minnesota corporation, metropolitan agency defined in section 473.121, subdivision 5a, University of Minnesota, statutory or home rule charter city, county, town, watershed district organized under chapter 112, or local economic development agency. Local economic development agencies include all entities or agencies authorized, organized, or created under chapter 469; and all port authorities created by special law.

Subd. 7. [JOB IMPACT STATEMENT; STATEMENT.] "Job impact statement" or "statement" means the detailed job impact statement required under section 268.453.

Subd. 8. [RETAIN.] "Retain" means that without the governmental action, the job could not be continued.

Sec. 57. [268.453] [JOB IMPACT STATEMENT.]

Subdivision 1. [JOB IMPACT STATEMENT REQUIREMENT.] When it is determined by the government unit that a governmental action or development will result or could potentially result in the displacement of jobs or the parties involved in the development or governmental action claim it will retain or increase the number of jobs, the government unit that is responsible for the governmental action must prepare a job impact statement before initiating the governmental action. If the responsible government unit does not prepare a statement, a person, community group, labor organization, or other organization may appeal to the commissioner to require the responsible government unit to prepare a statement.

The commissioner must determine within ten working days if a statement is required; and if a statement is required, the commissioner shall require the responsible government unit to prepare a statement. No job impact statement will be required if a government unit informs the commissioner that the governmental action under appeal is the result of a budgeting decision and the government unit has determined that the governmental action will not result in a significant restructuring of the administration or delivery of government services. When there is more than one government unit responsible for governmental actions affecting a specific development, the units involved must agree which unit is responsible for preparing the statement. This government unit may request information from all government units involved in the development.

Subd. 2. [JOB IMPACT STATEMENT CONTENTS.] (a) A job impact statement required under subdivision 1 must include the following information:

(1) number and types of permanent jobs that will be displaced, retained, or created as a result of the development;

(2) wage rates and benefits of the permanent jobs that will be displaced, retained, or created; and

(3) the total financial assistance provided by government units to the development.

(b) In addition to the information required under paragraph (a), the following information must be included in the job impact statement when there has been or potentially could be a displacement of jobs as a result of a governmental action or development:

(1) description of the demographic characteristics of the work force that could be displaced;

(2) description of skill levels and educational needs of the jobs that could be displaced;

(3) discussion of the likelihood of workers that may be displaced by the development of finding new jobs with comparable pay and benefits;

(4) past experience of parties involved in the development of meeting employment projections for other developments; and

(5) identification, if any, of alternatives to mitigate the job displacement due to the governmental action or development.

(c) In preparing the information required under this subdivision,

the commissioner must assist the government unit if so requested by the unit.

Subd. 3. [PUBLIC COMMENT.] The government unit must distribute the job impact statement to labor unions or other employee representatives that might be affected by the governmental action, community-based organizations that have expressed an interest in the development, and other persons or organizations that request a copy of the job impact statement. In addition, the job impact statement must be posted at the employment site where workers may be displaced as a result of the governmental action.

After the completion and distribution of the job impact statement, a public hearing must be held but only when the governmental action may or will result in the displacement of jobs. The appropriate governing board or senior official of the government unit must hold the public hearing on the completed statement prior to the government unit's approval of any development that receives or benefits from a governmental action. Notice of the public hearing must be provided in a newspaper of general circulation not less than ten days nor more than 30 days before the date of the hearing.

Subd. 4. [STATEMENT SUBMITTED TO COMMISSIONER; ANNUAL REPORT.] After the public meeting required under subdivision 3 and after any changes have been made as a result of testimony at the public hearing, the government unit must submit the statement to the commissioner. The commissioner must prepare and submit a report to the governor and legislature by February 1 of each year that compiles and summarizes the results of the individual statements and the monitoring reports required in section 268.455 submitted to the commissioner in the previous year. The annual report must also contain the commissioner's assessment of the overall process of preparing the statements and any recommendations the commissioner may have in improving the process.

Sec. 58. [268.454] [DISPLACED WORKER BENEFITS.]

If the statement finds that workers will be displaced or if the actual development or governmental action results in the displacement of existing workers, the government unit responsible for the governmental action must initiate and coordinate efforts with employers, developers, service providers, and other appropriate parties to attempt to secure necessary benefits for the displaced workers. The government unit must assess which of the following benefits are required by the displaced workers and must initiate and coordinate efforts to attempt to provide the required benefits. These benefits must include:

- (1) retraining and education expenses;
- (2) relocation expenses;

- (3) health insurance expenses;
- (4) supplemental unemployment insurance payments;
- (5) child care expenses when the displaced worker is enrolled in education or retraining; and
- (6) emergency expenses for shelter, clothing, and food.

The government unit must work with employment and training services providers, other government units, community organizations, labor organizations, and other organizations in efforts to administer and deliver these benefits. The government unit may contribute to but is not financially obligated for the benefits listed in clauses (1) to (6) and other benefits provided to dislocated workers under this subdivision; but is obligated for the costs of the initiation and coordination responsibilities required of the government unit under this subdivision. The government unit may participate in providing benefits.

Sec. 59. [268.455] [MONITORING.]

Each government unit must submit an annual report by February 1 of each year. The purpose of the report is to summarize all job impact statements completed during the previous year which will provide public accountability of governmental action. An explanation of any significant changes in actual employment and wage information compared to the jobs impact statement prepared for that development or governmental action in any of the three previous years must be included in the report.

Subd. 14. [PUBLIC ASSISTANCE.] "Public assistance" means financial assistance provided to a person by the state, city, county, or town. Sec. 61. [268.982] [COMMUNITY RESPONSE COMMITTEE.]

A community response committee may be created in each community in which an employer has engaged in a plant closing or mass layoff. The committee must consist of at least 11 members and have representatives of the city or town in which the establishment is located, the appropriate county, employees that were laid off due to the plant closing or mass layoff, and recognized leaders of community groups in the area in which the establishment is located. When the establishment is located within the boundaries of a city, the mayor of that city shall appoint the members of the community response committee. When the establishment is located outside a city's boundaries, the committee shall be appointed by the governing body of the county in which the establishment is located. The committee may elect a chair and officers. Before funds made available under section 268.983 may be spent or distributed, a committee must be established and the commissioner must certify that the membership meets the requirements of this section.

The committee must:

(1) undertake a needs analysis of the community and the workers laid off because of the plant closing or mass layoff;

(2) distribute the funds made available under section 268.983 based on the needs analysis required under clause (1);

(3) determine the necessary eligibility criteria required under section 268.983, subdivisions 4 and 5, for the community service emergency grants and wage subsidies; and

(4) work closely with the commissioner and employment and training service providers in ensuring that services are made available to employees laid off because of a plant closing or mass layoff.

Sec. 62. [268.983].[COMMUNITY SUPPORT RESOURCES.]

Subdivision 1. [EMPLOYER FINANCIAL RESPONSIBILITIES.] An employer that engages in a plant closing or mass layoff within three years after an acquisition must pay the appropriate local unit of government an amount equal to ten percent of the total wages and salaries paid to affected employees of the establishment during the 12 months prior to the plant closing or mass layoff. The payment required under this subdivision is paid to the city when the establishment is located within the boundaries of a city and to the county when the establishment is located outside a city's boundaries. The payment must be made within two weeks of the date of the plant closing or mass layoff. The money collected under this subdivision may only be used for:

- (1) economic development planning grants under subdivision 3;
- (2) community service emergency grants under subdivision 4;
- (3) wage subsidies under subdivision 5; or
- (4) administrative cost reimbursement under subdivision 2.

Subd. 2. [FISCAL AGENT.] The city or county which receives the required payment from an employer under subdivision 1 must act as the fiscal agent for the money and only disburse the money for eligible uses outlined under this section at the direction of the community response committee established under section 268.982. The city or county shall provide administrative support to the committee. Up to five percent of the money received under subdivision 1 may be used to reimburse the city or county for the administrative support.

Subd. 3. [ECONOMIC DEVELOPMENT PLANNING GRANTS.] The community response committee may award economic development planning grants to government units or other public agencies, nonprofit organizations, for-profit organizations, or other persons to examine the short-term and long-term alternatives for strengthening the economy in the area surrounding the establishment that has experienced the plant closing or mass layoff. The committee shall award grants under this subdivision to public agencies, organizations, or persons that have the qualifications and experience for examining the alternatives. The examination of alternatives must address the following:

(1) an estimate of the economic effect of the plant closing or mass layoff in terms of direct and indirect jobs lost and, if possible, the reduction in the area's income;

(2) an estimate of the ability of other employers in the area to absorb in their work force the laid-off workers;

(3) an identification of area businesses that have the potential for expansion and the financial and other resources as well as the worker skills required of such an expansion;

(4) an identification of financial and other incentives that might be required to reopen the establishment under new ownership and management;

(5) a statement of whether the closed establishment can be reopened as an employee-owned establishment;

(6) identify the industries that might be candidates for expansion in the area and the incentives that might be required to encourage their development or location in the area; and

(7) identify the skills required by the laid-off workers to increase their chances of finding employment in the area or other regions of the state.

Subd. 4. [COMMUNITY SERVICE EMERGENCY GRANTS.] The community response committee may provide emergency grants to workers and their families directly affected by the plant closing or mass layoff. The emergency grants may be used for the immediate food, clothing, shelter, transportation, training, and relocation needs of these workers. The committee may contract with a local unit of government, other public agency, community action program, or a nonprofit organization to provide the emergency grants awarded under this subdivision. The committee or organization contracting with the committee shall coordinate their efforts with existing area providers of these emergency needs.

Subd. 5. [WAGE SUBSIDIES.] The community response committee may contract with a certified local service provider defined in section 268.673, subdivision 4a, to provide wage subsidies to workers laid off because of a plant closing or mass layoff. Wage subsidy money under this subdivision must be distributed in the same manner that wage subsidies are used under section 268.677. Wage subsidies under this subdivision must be given to businesses and other employers who have jobs available that offer potential for long-term employment. Business and other employers that receive wage subsidy payments under this subdivision are subject to section 268.681.

Sec. 63. [268.984] [SEVERANCE PAYMENT.]

Subdivision 1. [SEVERANCE PAYMENT.] Each employer owning or operating a facility engaged in a plant closing or mass layoff shall make a severance payment to an affected employee if the affected employee has been employed by the employer for three or more years. The payment may, at the option of the employer, be made before or at the termination of the affected employee. The severance payment must be equal to the gross weekly wage of the affected employee at the time of termination, multiplied by the number of full and partial years for which the employee has been employed by the employer. For an affected employee whose gross weekly wage has been reduced within one year of a plant closing as a result of a reduction in the average weekly number of hours worked by the employee, the severance payment must be equal to the affected employee's gross weekly wage before the reduction in the average weekly number of hours worked, multiplied by the number of full and partial years for which the employee has been employed by the employer.

Subd. 2. [OTHER PAYMENTS.] Vacation pay, accrued wages, and other types of payments made for a reason other than compensation for termination of employment are not severance payments under subdivision 1.

Sec. 64. [268.985] [HEALTH CARE COVERAGE.]

Each employer who engages in a plant closing or mass layoff and who has had an employer-paid health insurance plan in place within the previous three-year period preceding the date of the plant closing or mass layoff shall pay to each affected employee an amount equal to 12 times the most recent monthly premium paid by the employer on behalf of the employee. The employer is not obligated to make this payment if the employer chooses to continue the health insurance plan for one year after the plant closing or mass layoff, with the employer paying at least the same portion of the premium that the employer paid before the employee was terminated. The employer shall also continue to make the health insurance plan available to each affected employee as required in section 62A.17 or in federal law.

Sec. 65. [268.986] [PRIORITY OF CLAIMS.]

To the extent not otherwise determined by federal law, a money claim on behalf of an affected employee against an employer engaged in a plant closing has priority over all other claims against an employer, except wage and salary claims.

Sec. 66. [268.987] [EMPLOYER APPEAL PROCESS.]

Subdivision 1. [APPEALS PANEL.] The governor shall appoint a seven-member appeals panel consisting of three members representing business interests, three members representing labor interests, and one member representing the general public who acts as chair. At least four of the members must have experience or knowledge of business financing or public accounting. The terms, compensation, expenses, vacancies, and removal of members are as provided in section 15.0575. The commissioner of jobs and training must provide administrative support to the panel.

The employer may not cause a plant closing or mass layoff until the appeals board has rendered a decision on an appeal by the employer under subdivision 2 or 3. The panel must render its decision within 30 days of the appeal request by an employer. The 30-day limit may be extended if both the employer and the panel agrees to the extension.

The commissioner may contract with a public accounting firm or others to provide technical assistance to the panel. Members of the panel, the commissioner, or any of the persons the panel has contracted with must have access to all the employer's financial records and other related information for the past five years to assist in rendering a decision on an appeal made by an employer under subdivision 2 or 3.

Subd. 2. [APPEAL OF PAYMENT.] An employer may appeal to the appeals panel established under subdivision 1 to reduce or eliminate the payment required under section 268.983, the severance and health benefit payments required under sections 268.984 and 268.985, and the repayments of public assistance required under section 268.988. The employer must appeal under this subdivision at least 30 days before the date of the plant closing or mass layoff. The employer may appeal under this subdivision only if the employer determines that the plant closing or mass layoff is likely to be due to one or more of the following:

(1) a natural disaster including, but not limited to, a flood, damage or destruction due to weather, earthquakes, or drought;

(2) a decrease in sales of the employer resulting from economic or market factors that directly affect the demand for the products produced or provided at the establishment; or

(3) the plant closing or mass layoff was required to prevent the acquired business entity from becoming insolvent.

The employer must establish by a preponderance of the evidence that the plant closing or mass layoff was due to one of the reasons outlined in clause (1), (2), or (3), and not because of the financial needs of the employer to pay for debt incurred because of an acquisition or because of a reorganization or duplication of the

operations of the employer. In cases where the operations of the establishment have been terminated or significantly affected by a fire, flood, or other unexpected natural disaster and the result is a plant closing or mass layoff, the employer is not required to appeal 30 days before the plant closing or mass layoff. The employer may appeal under this subdivision but is not required to make payments to the community or affected employees until the appeals decision is rendered by the appeals panel.

Subd. 3. [APPEAL OF REPAYMENT OF PUBLIC ASSISTANCE.] The employer may appeal the amount of public assistance the employer must pay back under section 268.988. The panel must render its decision within 30 days of the appeals request of the employer. The commissioner may contract with public accounting firms or others to provide technical assistance to the panel in determining the correct amount of the repayment.

Sec. 67. [268.988] [REPAYMENT OF PUBLIC ASSISTANCE.]

An employer who causes a plant closing or mass layoff shall pay back or reimburse an amount equal to the amount of public assistance which it or the acquired business entity has received in the past five-year period from a government unit. The amount of public assistance to be repaid under this section equals the sum of the following:

(1) the reduction in the employer's capital expenditures at the establishment as a result of the public assistance including, but not limited to, assistance in acquiring land, buildings, and equipment;

(2) the reduction of the employer's financing costs at the establishment including, but not limited to, savings in interest costs resulting from tax exempt financing;

(3) the reduction in the employer's taxes on the operations at the establishment; and

(4) the reduction in the employer's operating costs at the establishment as the result of other assistance besides tax reductions or abatements.

The amount of public assistance to be repaid that is calculated in clauses (1) to (4) must be adjusted to reflect any amounts that have been recaptured or the employer has been required to repay under the provisions of another law or contractual agreement. The public assistance required to be repaid under this section must be made to the government unit authorizing or enabling the employer to receive the public assistance, regardless of whether the cost or reduction in revenues was borne by another government unit. The employer may appeal the payment amount to the appeals panel

established in section 268.987. The government unit that the public assistance is to be repaid to under this section may enter into an agreement with the recipient of public assistance for the repayment or reimbursement of the public assistance and the time of the repayment.

Sec. 68. [268.989] [NOTIFICATION OF INTENTIONS.]

An employer must provide notice to the commissioner of jobs and training and the home rule or statutory city or county, in which an establishment which the employer has acquired is located, of what the employer's intentions are relating to that specific establishment for the three-year period following the acquisition. The notice must state that the employer plans to cause a plant closing or mass layoff at the establishment if, at the time of the acquisition, the employer has determined that these actions will take place in the three-year period following acquisition. The notice must be provided within two months of the date of acquisition.

The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support agreement of the parties if each party is represented by independent counsel, unless the agreement is not in the interest of justice. In other cases the court shall order child support in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property;

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines.

Sec. 74. Minnesota Statutes 1989 Supplement, section 518.551, subdivision 10, is amended to read:

Subd. 10. [ADMINISTRATIVE PROCESS FOR CHILD AND MEDICAL SUPPORT ORDERS.] An administrative process is established to obtain, modify, and enforce child and medical support orders and maintenance.

The commissioner of human services may designate counties to participate in the administrative process established by this section. All proceedings for obtaining, modifying, or enforcing child and medical support orders and maintenance and adjudicating uncontested parentage proceedings, required to be conducted in counties designated by the commissioner of human services in which the county human services agency is a party or represents a party to the action must be conducted by an administrative law judge from the office of administrative hearings, except for the following proceedings:

- (1) adjudication of contested parentage;
- (2) motions to set aside a paternity adjudication or declaration of parentage;
- (3) evidentiary hearing on contempt motions; and
- (4) motions to sentence or to revoke the stay of a jail sentence in contempt proceedings.

An administrative law judge may hear a stipulation reached on a contempt motion, but any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a district judge.

For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue orders to show cause and to issue bench warrants for failure to appear.

Before implementing the process in a county, the chief administrative law judge, the commissioner of human services, the director of the county human services agency, the county attorney, and the county court administrator shall jointly establish procedures and the county shall provide hearing facilities for implementing this process in a county.

the direction of the county attorney, may prepare, sign, serve, and file complaints and motions for obtaining, modifying, or enforcing child and medical support orders and maintenance and related documents, appear at prehearing conferences, and participate in proceedings before an administrative law judge. This activity shall not be considered to be the unauthorized practice of law.

All other aspects of the case, including, but not limited to, pleadings, discovery, and motions, shall be conducted under the rules of family court, the rules of civil procedure, and chapter 518. The administrative law judge shall make findings of fact, conclusions, and a final decision and issue an order. Orders issued by an administrative law judge are enforceable by the contempt powers of the county and district courts.

The decision and order of the administrative law judge shall be a final agency decision for purposes of sections 14.63 to 14.69 is appealable to the court of appeals in the same manner as a decision of the district court.

Every order for maintenance or support must include the obligor's social security number and date of birth and the name and address of the obligor's employer or other payor of funds.

(1) the obligor is at least 30 days in arrears;

(2) the obligee or the public authority serves written notice of income withholding, showing arrearage, on the obligor at least 15 days before service of the notice of income withholding and a copy of the court's order on the payor of funds;

(3) within the 15-day period, the obligor fails to move the court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding, or on other grounds limited to mistakes of fact, and, ex parte, to stay service on the payor of funds until the motion to deny withholding is heard; and

(4) the obligee or the public authority serves a copy of the notice of income withholding, a copy of the court's order, and the provisions of this section on the payor of funds; and

(5) the obligee serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services.

(b) To pay the arrearage specified in the notice of income withholding, the employer or payor of funds shall withhold from the obligor's income an additional amount equal to 20 percent of the monthly child support or maintenance obligation until the arrearage is paid.

(c) The obligor may, at any time, waive the written notice required by this subdivision.

(d) The obligor may move the court, under section 518.64, to modify the order respecting the amount of maintenance or support.

(e) Every order for support or maintenance shall provide for a conspicuous notice of the provisions of this subdivision. An order without this notice remains subject to this subdivision.

(f) Unless otherwise directed by court order, income withholding shall continue in effect after the termination of the ongoing obligation for the amount ordered under this subdivision and subdivision 1, until all arrearages have been paid in full.

Sec. 77. Minnesota Statutes 1988, section 518.611, is amended by adding a subdivision to read:

Subd. 2a. [PREAUTHORIZED TRANSFERS FROM OBLIGOR ACCOUNTS.] In any case where income withholding is ineffective due to the obligor's method of obtaining income, the court shall order the obligor to identify a child support deposit account owned solely by the obligor, or to establish such an account, in a financial institution located in this state for the purpose of depositing court ordered child support payments. The court shall order the obligor to execute an agreement with the appropriate public authority authorizing preauthorized transfers from the obligor's child support deposit account payable to an account of the public authority responsible for child support enforcement. The court shall order the

obligor to disclose to the court all deposit accounts owned by the obligor in whole or in part in any financial institution. The court may order the obligor to disclose to the court the opening or closing of any deposit account owned in whole or in part by the obligor within 30 days. The court may order a financial institution to disclose to the court the account number and any other account identification information regarding accounts owned in whole or in part by the obligor. An obligor who fails to comply with this section, fails to deposit funds in at least one deposit account sufficient to pay court-ordered child support, or stops payment or revokes authorization of any preauthorized transfer is subject to contempt of court procedures under chapter 588.

Sec. 78. Minnesota Statutes 1989 Supplement, section 518.611, subdivision 4, is amended to read:

Subd. 4. An employer or other payor of funds, or financial institution in this state is required to withhold income according to court orders for withholding issued by other states or territories. The payor shall withhold from the income payable to the obligor the amount specified in the order and amounts required under subdivision 2, paragraph (b), and section 518.613 and shall remit, within ten days of the date the obligor is paid the remainder of the income, the amounts withheld to the public authority. The payor shall identify on the remittance information the date the obligor is paid the remainder of the income. The financial institution shall execute preauthorized transfers from the deposit accounts of the obligor in the amount specified in the order and amounts required under subdivision 2 as directed by the public authority responsible for child support enforcement. Employers may combine all amounts withheld from one pay period into one payment to each public authority, but shall separately identify each obligor making payment. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party. An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld. A financial institution is liable to the obligee if funds in any of the obligor's deposit accounts identified in the court order

The individual shall disclose this information at the time of hiring. When an individual discloses that the individual owes child support that is required to be withheld, the employer shall begin withholding according to the terms of the order and under this section. When a withholding order is in effect and the obligor's employment is terminated or the periodic payment terminates, the obligor and the obligor's employer or the payor of funds shall notify the public agency responsible for child support enforcement of the termination within ten days of the termination date. The notice shall include the obligor's home address and the name and address of the obligor's new employer or payor of funds, if known. (b) An employer, trustee, or other payor of funds who has been served with a notice of income withholding under subdivision 2 or section 518.613 must:

(1) notify the public authority of any lump sum payment of \$500 or more that is to be paid to the obligor;

The task force shall make recommendations for improving coordination, administrative efficiency, and effectiveness of the activities of the department of health and the boards that monitor and regulate these social work and mental health occupations and professions. The task force shall solicit and consider the comments and recommendations of affected individuals, associations, and government agencies. In developing its recommendations, the task force shall consider:

(3) methods of coordinating the various systems for accepting and investigating complaints;

The commissioners shall study plans offered in other states and shall study the cost-effectiveness and feasibility of offering these plans in Minnesota. The commissioners shall study methods of funding the plans. The commissioners shall also address the issue of whether these plans should be regulated as insurance, health maintenance organizations, or as another type of entity. The commissioners shall conduct the study in conjunction with the attorney general. The commissioners shall report the findings of the study to the legislature by January 1, 1992.

Sec. 100. [COMPREHENSIVE REVIEW OF THE STATE EMERGENCY MEDICAL SERVICE SYSTEM.]

The commissioner shall present recommendations to the legislature by January 1, 1992.

Sec. 102. [STUDY OF BASIC AND ADVANCED LIFE SUPPORT REIMBURSEMENT.]

The commissioner of human services, in consultation with the commissioner of health, shall study the mechanisms of reimbursement for advanced and basic life support ambulance calls under medical assistance and general assistance medical care. The study shall examine methods of simplifying the claims process, interpretation of the "medically necessary" criteria and prior approval in light of the statutory mandate that service may not be denied, as well as other issues that create impediments to reimbursement. The commissioner shall report findings and offer recommendations to the legislature by January 1, 1991, on means of maximizing potential reimbursement levels.

Sec. 103. [STUDY OF RECRUITMENT AND RETENTION INDUCEMENTS.]

The commissioner of health, in consultation with the executive director of the public employees retirement association, shall study the need for recruitment and retention inducements for professional ambulance personnel in all areas of the state. The study must:

The commissioner shall meet regularly with the administrators of the three medical schools to obtain information on progress toward this goal.

Sec. 106. [STUDY OF MEDICAL ASSISTANCE REIMBURSEMENT FOR RURAL PHYSICIANS.]

The commissioner of human services shall examine methods to increase medical assistance reimbursement to medical doctors and doctors of osteopathy. The commissioner may consider selective reimbursement increases for the following primary care services as defined by the commissioner by the appropriate current procedure terminology (CPT); preventive care, office visits, maternity and delivery services, and pediatric immunization, and may consider other changes in medical assistance reimbursement designed to target reimbursement increases to medical doctors and doctors of osteopathy providing primary care services. The commissioner shall present recommendations to the legislature by January 15, 1991.

Sec. 107. [RURAL HEALTH PROFESSIONALS AND HOSPITAL STUDY.]

The commissioner of health shall conduct an examination of: (1) the critical shortage of primary care health professionals, such as physicians and nurses, experienced by rural areas; and (2) the need for hospitals and specific hospital services in different areas of the state. The study may consider, at a minimum, the following:

(1) distribution of health care professionals, especially primary care physicians;

(2) geographic distribution of educational programs;

In conducting the study, the commissioner shall consult with rural health care providers, hospitals, and higher education institutions. The commissioner shall require state health care professional licensing boards to submit data upon request to the department by July 1 for each preceding calendar year. The commissioner must report the findings and present recommendations to relieve current and projected health care professional shortages, and address the shortage or oversupply of hospitals and specific hospital services in different areas of the state, to the legislature by February 1, 1991.

Sec. 108. [TRANSFER OF FUNDS.]

All money raised under section 109, through the license renewal surcharges for registered nurses and licensed practical nurses shall be transferred each year from the board of nursing to the higher education coordinating board for the purposes of the nursing grant programs for licensed practical nurses and registered nurses, provided in House File 2269, the first engrossment, article 3, sections 4 and 5, and shall be available until expended.

The board of nursing shall transfer all money received under this subdivision, less an amount sufficient to pay the costs of administering the program not to exceed 12 percent of the fee collected under this subdivision, to the higher education coordinating board on a quarterly basis. This money is available until expended by the higher education coordinating board. By January 1, 1991, and each subsequent year, the board of nursing shall provide an estimate to the higher education coordinating board of the amount of money that may be available each year based on the number of anticipated registration renewals in that year.

(b) Notwithstanding paragraph (a), up to the first \$6,000 of fees collected under this subdivision may be used to program the board of nursing's computer system for purposes of administering this section.

Sec. 9. Minnesota Statutes 1989 Supplement, section 256.936, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section the following terms shall have the meanings given them:

(a) "Eligible persons" means pregnant women and children who are one year of age or older but less than 18 years of age who have gross family incomes that are equal to or less than 185 percent of the federal poverty guidelines and who are not eligible for medical assistance under chapter 256B or general assistance medical care under chapter 256D and who are not otherwise insured for the covered services. The period of eligibility for children extends from the first day of the month in which the child's first birthday occurs birth to the last day of the month in which the child becomes 18 years old. For purposes of this subdivision, a woman is considered pregnant for 60 days postpartum.

(b) "Covered services" means children's health services.

(c) "Children's health services" means the health services reimbursed under chapter 256B, with the exception of inpatient hospital services, special education services, private duty nursing services, orthodontic services, medical transportation services, personal care

assistant and case management services, hospice care services, nursing home or intermediate care facilities services, and chemical dependency services.

(d) "Eligible providers" means those health care providers who provide children's health services to medical assistance recipients under rules established by the commissioner for that program. Reimbursement under this section shall be at the same rates and conditions established for medical assistance.

(e) "Commissioner" means the commissioner of human services.

(f) "Gross family income" for farm and nonfarm self-employed means income calculated using as the baseline the adjusted gross income reported on the applicant's federal income tax form for the previous year and adding back in reported depreciation, carryover loss, and net operating loss amounts that apply to the business in which the family is currently engaged. Applicants shall report the most recent financial situation of the family if it has changed from the period of time covered by the federal income tax form. The report may be in the form of percentage increase or decrease.

Sec. 10. Minnesota Statutes 1989 Supplement, section 256.936, subdivision 4, is amended to read:

Subd. 4. [ENROLLMENT FEE.] An annual enrollment fee of \$25, not to exceed \$150 per family, is required from eligible persons, who have gross family incomes that are equal to or less than 185 percent of the federal poverty guidelines, for children's health services. An annual enrollment fee of \$50, not to exceed \$300 per family, is required from eligible persons, who have gross family incomes that exceed 185 percent of the federal poverty guidelines, for children's health services. Enrollment fees are dedicated to the commissioner for the children's health plan program. The commissioner shall make an annual redetermination of continued eligibility and identify people who may become eligible for medical assistance.

Sec. 11. [256.9365] [PURCHASE OF CONTINUATION COVERAGE FOR AIDS PATIENTS.]

Subdivision 1. [PROGRAM ESTABLISHED.] The commissioner of human services shall establish a program to pay private health plan premiums for persons who have contracted human immunodeficiency virus (HIV) to enable them to continue coverage under a group or individual health plan. If a person is determined to be eligible under subdivision 2, the commissioner shall pay the eligible person's group plan continuation coverage premium for 18 months after termination of employment, or pay the eligible person's individual plan premium for 24 months after initial application.

Subd. 2. [ELIGIBILITY REQUIREMENTS.] To be eligible for the program, an applicant must satisfy the following requirements:

(1) the applicant must provide a physician's statement verifying that the applicant is infected with HIV and is, or within three months is likely to become, too ill to work in the applicant's current employment because of HIV-related disease;

(2) the applicant's monthly gross family income must not exceed 300 percent of the federal poverty guidelines, after deducting medical expenses and insurance premiums;

(3) the applicant must not own assets with a combined value of more than \$25,000;

(4) if applying for payment of group plan premiums, the applicant must be covered by an employer's or former employer's group insurance plan and be eligible to purchase continuation coverage; and

(5) if applying for payment of individual plan premiums, the applicant must be covered by an individual health plan whose coverage and premium costs satisfy additional requirements established by the commissioner in rule.

Subd. 3. [RULES.] The commissioner shall establish rules as necessary to implement the program. Special requirements for the payment of individual plan premiums under subdivision 2, clause (5), must be designed to ensure that the state cost of paying an individual plan premium over a two-year period does not exceed the estimated state cost that would otherwise be incurred in the medical assistance program.

Sec. 12. Minnesota Statutes 1989 Supplement, section 256.969, subdivision 2c, is amended to read:

Subd. 2c. [PROPERTY PAYMENT RATES.] For each hospital's first two consecutive fiscal years beginning on or after July 1, 1988, the commissioner shall limit the annual increase in property payment rates for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index derived from the methodology in effect on the day before July 1, 1989. When computing budgeted and settlement property payment rates, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc., consistent with the quarter of the hospital's fiscal year end. For admissions occurring on or after the rate year beginning January 1, 1991, the commissioner shall obtain property data from an updated base year and establish property payment rates per admission for each hospital. Property payment rates shall be derived from data from the same base year that is used

to establish operating payment rates. The property information shall include cost categories not subject to the hospital cost index and shall reflect the cost-finding methods and allowable costs of the Medicare program in effect during the base year. The property payment rate per admission shall be adjusted for positive percentage change differences in the net book value of hospital property and equipment by increasing the property payment rate per admission 85 percent of the percentage change from the base year through the most recent year ending prior to the rate year for which required information is available. The percentage change shall be derived from equivalent audited information in both years and shall be adjusted to account for changes in generally accepted accounting principles, reclassification of assets, allocations to nonhospital areas, and fiscal years. The cost, audit, and charge data used to establish property rates shall only reflect inpatient services covered by medical assistance and shall not include operating cost information. To be eligible for the property payment rate per admission adjustment, the hospital must provide the necessary information to the commissioner, in a format specified by the commissioner, by the October 1 preceding the rate year. The commissioner shall adjust rates for the rate year beginning January 1, 1991, to ensure that all hospitals are subject to the hospital cost index limitation for two complete years.

Sec. 13. Minnesota Statutes 1989 Supplement, section 256.969, subdivision 6a, is amended to read:

Subd. 6a. [SPECIAL CONSIDERATIONS.] (a) In determining the payment rates, the commissioner shall consider whether the following circumstances exist:

(1) [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph, the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. This paragraph shall be applied to all payment rates of the affected hospital.

(2) [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the geometric mean length of stay or

allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost calculated by dividing the operating payment rate per admission, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment, by the arithmetic mean length of stay for the diagnostic category. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the geometric mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative percentage outlier payment to a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

(3) [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For admissions occurring on or after the rate year beginning January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.

(4) [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider

number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

(5) [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of paragraph (7), except that hospice rates shall not exceed the amount allowed under federal law and payment shall be secondary to any other medical assistance hospice program. Rates and payments established under this paragraph must meet the requirements of section 256.9685, subdivisions 1 and 2, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(6) [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment established separately from other inpatient hospital services, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The commissioner may establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

(7) [NEONATAL TRANSFERS.] For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to paragraph (8). The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. The cost

and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(8) [TRANSFERS.] Except as provided in paragraphs (5) and (7), operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined in subdivisions 2b and 2c, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under paragraph (2) and subdivisions 2b and 2c.

(b) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

(c) Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at the facility's usual and customary charges to the general public. This exemption is not effective for payments under general assistance medical care.

(d) Except as provided in paragraph (a), clauses (1) and (3), out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule. Hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.

(e) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the

commissioner. Relative values shall not include data from hospitals that have rates established under this paragraph. Payments, including third party liability, established under this paragraph may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

(f) Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

(g) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(h) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(i) Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of paragraph (a), clause (8), when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 14. Minnesota Statutes 1989 Supplement, section 256.9695, subdivision 1, is amended to read:

Subdivision 1. [APPEALS.] A hospital may appeal a decision arising from the application of standards or methods under section

256.9685, 256.9686, or 256.969, if an appeal would result in a change to the hospital's payment rate or payments. Both overpayments and underpayments that result from the submission of appeals shall be implemented. Regardless of any appeal outcome, relative values shall not be recalculated. The appeal shall be heard by an administrative law judge according to sections 14.48 to 14.56, or upon agreement by both parties, according to a modified appeals procedure established by the commissioner and the office of administrative hearings. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect or not according to law.

(a) To appeal a payment rate or payment determination or a determination made from base year information, the hospital shall file a written appeal request to the commissioner within 60 days of the date the payment rate determination was mailed. The appeal request shall specify: (i) the disputed items; (ii) the authority in federal or state statute or rule upon which the hospital relies for each disputed item; and (iii) the name and address of the person to contact regarding the appeal. A change to a payment rate or payments that results from a successful appeal to the Medicare program of the base year information establishing rates for the rate year beginning in 1991 and after is a prospective adjustment to subsequent rate years. After December 31, 1990, payment rates shall not be adjusted for appeals of base year information that affect years prior to the rate year beginning January 1, 1991. Facts to be considered in any appeal of base year information are limited to those in existence at the time the payment rates of the first rate year were established from the base year information. In the case of Medicare settled appeals, the 60-day appeal period shall begin on the mailing date of the notice by the Medicare program or the date the medical assistance payment rate determination notice is mailed, whichever is later.

(b) To appeal a payment rate or payment change that results from a difference in case mix between the base year and a rate year, the procedures and requirements of paragraph (a) apply. However, the appeal must be filed with the commissioner within ~~60~~ 120 days after the end of a rate year. A case mix appeal must apply to the cost of services to all medical assistance patients that received inpatient services from the hospital during the rate year appealed. For this paragraph, hospital means a facility holding the provider number as an inpatient service facility.

Sec. 15. Minnesota Statutes 1989 Supplement, section 256.9695, subdivision 3, is amended to read:

Subd. 3. [TRANSITION.] Except as provided in section 256.969, subdivision 6a, paragraph (a), clause (3), the commissioner shall establish a transition period for the calculation of payment rates

from July 1, 1989, to December 31, 1990, as follows the implementation date of the upgrade to the Medicaid management information system.

During the transition period:

(a) Changes resulting from section 256.969, subdivision 6a, paragraph (a), clauses (1), (2), (4), (5), (6), and (8), shall not be implemented, except as provided in section 256.969, subdivision 6a, paragraph (a), clause (7), and paragraph (i).

(b) Rates established for hospital fiscal years beginning on or after July 1, 1989, shall not be adjusted for the one percent technology factor included in the hospital cost index. The beginning of the 1991 rate year shall be delayed and the rates notification requirement shall not be applicable.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. Payments made for admissions occurring on or after July June 1, 1990, shall not include be adjusted by the one percent technology factor included in the hospital cost index and the hospital cost index shall not exceed four percent. This hospital cost index limitation shall not apply to hospitals that meet the requirements of section 256.969, subdivision 6a, paragraphs (g) and (h).

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through December 31, 1990 the transition period. The laws in effect on the day before July 1, 1989, apply to the retroactive settlement from July 1, 1989, to December 31, 1990.

Sec. 16. Minnesota Statutes 1988, section 256B.04, subdivision 15, is amended to read:

Subd. 15. [UTILIZATION REVIEW.] (1) Establish on a statewide basis a new program to safeguard against unnecessary or inappropriate use of medical assistance services, against excess payments, against unnecessary or inappropriate hospital admissions or lengths of stay, and against underutilization of services in prepaid health plans, long-term care facilities or any health care delivery system subject to fixed rate reimbursement. In implementing the program, the state agency shall utilize both prepayment and postpayment review systems to determine if utilization is reasonable and necessary. The determination of whether services are reasonable and necessary shall be made by the commissioner in consultation with a

professional services advisory group or health care consultant appointed by the commissioner.

(2) Contracts entered into for purposes of meeting the requirements of this subdivision shall not be subject to the set-aside provisions of chapter 16B.

(3) A recipient aggrieved by the commissioner's termination of services or denial of future services may appeal pursuant to section 256.045. A vendor aggrieved by the commissioner's determination that services provided were not reasonable or necessary may appeal pursuant to the contested case procedures of chapter 14. To appeal, the vendor shall notify the commissioner in writing within 30 days of receiving the commissioner's notice. The appeal request shall specify each disputed item, the reason for the dispute, an estimate of the dollar amount involved for each disputed item, the computation that the vendor believes is correct, the authority in statute or rule upon which the vendor relies for each disputed item, the name and address of the person or firm with whom contacts may be made regarding the appeal, and other information required by the commissioner.

(4) The commissioner may select providers to provide case management services to recipients who use health care services inappropriately or to recipients who are eligible for other managed care projects. The providers shall be selected based upon criteria that may include a comparison with a peer group of providers related to the quality, quantity, or cost of health care services delivered or a review of sanctions previously imposed by health care services programs or the provider's professional licensing board.

Sec. 17. Minnesota Statutes 1988, section 256B.04, subdivision 16, is amended to read:

Subd. 16. [PERSONAL CARE ASSISTANTS SERVICES.] (a) The commissioner shall adopt permanent rules to implement, administer, and operate the personal care assistant services program. The rules must incorporate the standards and requirements adopted by the commissioner of health under section 144A.45 which are applicable to the provision of personal care assistant program. Limits on the extent of personal care assistant services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant

that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and visits supervision by the registered nurse supervising the personal care assistant;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

(b) For personal care assistants under contract with an agency under paragraph (a), the provision of training and supervision by the agency does not create an employment relationship. The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county.

Sec. 18. Minnesota Statutes 1988, section 256B.055, subdivision 3, is amended to read:

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member; and

(6) (7) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

For purposes of clause (5) (6), other family member includes only minor or dependent children, dependent parents, or dependent siblings of the institutionalized or community spouse if the sibling resides with the community spouse. a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 33. Minnesota Statutes 1989 Supplement, section 256B.059, subdivision 4, is amended to read:

Subd. 4. [INCREASED COMMUNITY SPOUSE ASSET ALLOWANCE; WHEN ALLOWED.] (a) If either the institutionalized spouse or community spouse establishes that the community spouse asset allowance under subdivision 3 (in relation to the amount of income generated by such an allowance) is not sufficient to raise the community spouse's income to the minimum monthly maintenance needs allowance in section 256B.058, subdivision 2, paragraph (c), there shall be substituted for the amount allowed to be transferred an amount sufficient, when combined with the monthly income otherwise available to the spouse, to provide the minimum monthly maintenance needs allowance. A substitution under this paragraph may be made only if the assets of the couple have been arranged so that the maximum amount of income-producing assets, at the maximum rate of return, are available to the community spouse under the community spouse asset allowance. The maximum rate of return is the average rate of return available from the financial institution holding the asset, or a rate determined by the commissioner to be reasonable according to community standards, if the asset is not held by a financial institution.

(b) The community spouse asset allowance under subdivision 3 can be increased by court order or hearing that complies with the requirements of United States Code, title 42, section 1924.

Sec. 34. Minnesota Statutes 1989 Supplement, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of application for medical assistance benefits, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the greater of:

(1) \$12,000; or

(2) the lesser of the spousal share or \$60,000; or

(3) the amount required by court order to be paid to the community spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdi-

vision 2; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under clause (b).

(e) (d) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.

Sec. 35. Minnesota Statutes 1989 Supplement, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] If an institutionalized a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months of before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months of before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2. For purposes of this section, long-term care services include nursing facility services, and home and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home and community-based services under section 256B.491.

Sec. 36. Minnesota Statutes 1989 Supplement, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. [PERIOD OF INELIGIBILITY.] For any uncompensated transfer, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the

transfer was reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

Sec. 37. Minnesota Statutes 1989 Supplement, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] An institutionalized person receiving medical assistance on the date of institutionalization who has transferred assets for less than fair market value within the 30 months immediately before the date of institutionalization or an institutionalized person who was not receiving medical assistance on the date of institutionalization and who has transferred assets for less than fair market value within 30 months immediately before the month of application who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for long-term care services if one of the following conditions apply:

(1) the assets were transferred to the community spouse, as defined in section 256B.059; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to his or her spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services granted within 30 months of the transfer, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter.

Sec. 38. Minnesota Statutes 1988, section 256B.0625, subdivision 4, is amended to read:

Subd. 4. [OUTPATIENT AND CLINIC SERVICES.] Medical assistance covers outpatient hospital or nonprofit community health clinic services or physician-directed clinic services. The physician-directed clinic staff shall include at least two physicians, one of whom is on the premises whenever the clinic is open, and all services shall be provided under the direct supervision of the a physician who is on the premises. Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. A second medical opinion is required before reimbursement for elective surgeries requiring a second opinion. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before reimbursement and the criteria and standards for deciding whether an elective surgery should require a second surgical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.01 to 14.69. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal. "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section.

Sec. 39. Minnesota Statutes 1988, section 256B.0625, subdivision 5, is amended to read:

Subd. 5. [COMMUNITY MENTAL HEALTH CENTER SERVICES.] Medical assistance covers community mental health center services, as defined in rules adopted by the commissioner pursuant to section 256B.04, subdivision 2, and provided by a community mental health center as defined in section 245.62, subdivision 2.

Sec. 40. Minnesota Statutes 1988, section 256B.0625, is amended by adding a subdivision to read:

Subd. 8a. [OCCUPATIONAL THERAPY.] Medical assistance covers occupational therapy and related services.

Sec. 41. Minnesota Statutes 1988, section 256B.0625, subdivision 9, is amended to read:

Sec. 42. Minnesota Statutes 1989 Supplement, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner. The commissioner shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring

a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

Sec. 43. Minnesota Statutes 1988, section 256B.0625, is amended by adding a subdivision to read:

Payment for rural health clinic and federally qualified health center services shall be made according to applicable federal law and regulation.

(3) services provided by the recipient's spouse, legal guardian, or parent of a minor child;

(4) sterile procedures; and

(5) injections of fluids into veins, muscles, or skin.

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to paragraphs (a) to (e).

(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home health care services to a recipient that began before and is continued without increase on or after December 1987 shall be exempt from the payment limitations of this section, as long as the services are medically necessary.

(b) [LEVEL I HOME CARE.] For all new cases after December 1987, medically necessary home care services up to \$800 may be provided in a calendar month.

If the services in the recipient's home care plan will exceed the \$800 threshold for 30 days or less, the medically necessary services may be provided.

(c) [LEVEL II HOME CARE.] If the services in the recipient's home care plan will exceed \$800 for more than 30 days, a public health nurse from the local preadmission screening team shall determine the recipient's maximum level of home care according to this paragraph.

(1) The local preadmission screening team shall base its determination of the recipient's maximum level of care on the need and eligibility of the recipient for one of the following placements:

(i) residential facility for persons with mental retardation or related conditions operated under section 256B.501;

(ii) inpatient hospital care for a ventilator-dependent recipient. "Ventilator dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to or has been dependent for at least 30 consecutive days; or

(iii) all other recipients not appropriate for one of the above placements.

(2) If the recipient is eligible under clause (1)(i), the monthly medical assistance reimbursement for home care services shall not exceed the total monthly statewide average payment rate for residential facilities for children or adults with mental retardation or related conditions appropriate for the recipient's age and level of self-preservation as determined according to Minnesota Rules, parts 9553.0010 to 9553.0080.

(3) If the recipient is eligible under clause (1)(ii), the monthly medical assistance reimbursement for home care services shall not exceed the monthly cost of care at Bethesda Respiratory Hospital. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at Bethesda Respiratory Hospital.

(4) If the recipient is not eligible under either clause (1)(i) or (1)(ii), the monthly medical assistance reimbursement for home care services shall not exceed the total monthly statewide average payment for the case mix classification most appropriate to the recipient. The case mix classification is established under section 256B.431.

(5) The determination of the recipient's maximum level of home care by the public health nurse is called a home care cost assessment. The home care cost assessment must be requested by the home care provider before the end of the first 30 days of provided service and must be conducted by the public health nurse within ten working days following request.

(6) A home care provider shall request a new home care cost assessment when the needs of the individual have changed enough to require that a revised care plan be implemented that will increase costs beyond what was authorized by the previous home care cost assessment and the change is anticipated to last for more than 30 days. The home care provider must request the home care cost assessment before the end of the first 30 days of provided service. Whenever a home care cost assessment is completed, the public health nurse that completes the home care cost assessment, in consultation with the home care provider, shall determine the time

period for which a home care cost assessment shall remain valid. If the recipient continues to require home care services beyond the limited duration of the home care cost assessment, the home care provider must request a reassessment through the home care cost assessment process described above. Under no circumstances shall a home care cost assessment be valid for more than 12 months.

(7) Reimbursement for the home care cost assessment shall be made through the Medicaid administrative authority. The state shall pay the nonfederal share.

(d) [LEVEL III HOME CARE.] If the home care provider determines that the recipient's needs exceed the amount authorized for the appropriate level of care as determined in paragraph (c), the home care provider may refer the case to the department for a level III determination. Based on the client needs, physician orders, diagnosis, condition, and plan of care, the department may give prior authorization for care that exceeds level II described in paragraph (c). The amount authorized shall not exceed the maximum cost for the appropriate level of care as determined in paragraph (c), clause (1), which will be the maximum ICF/MR rate for intermediate care facilities for persons with mental retardation or related conditions, or the maximum nursing home case mix payment, or the highest hospital cost for the state.

The department has 30 days from receipt of the request to complete the level III determination, during which time it may authorize the higher level while reviewing the case.

Case reviews or authorization of home care services in levels II and III may result in assignment of a case manager.

(e) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Any home care service provided in an adult or child foster care setting must receive prior authorization by the department.

Subd. 6. [RECOVERY OF EXCESSIVE PAYMENTS.] The commissioner shall seek monetary recovery of payments from providers made for services which exceed the limits established in this section.

Sec. 47. [256B.0629] [ADVISORY COMMITTEE ON ORGAN AND TISSUE TRANSPLANTS.]

Subdivision 1. [CREATION AND MEMBERSHIP.] By July 1, 1990, the commissioner shall appoint and convene a 12 member advisory committee to provide advice and recommendations to the commissioner concerning the eligibility of organ and tissue transplant procedures for reimbursement by medical assistance and general assistance medical care. The committee must include rep-

representatives of the transplant provider community, hospitals, patient recipient groups or organizations, the department of human services, the department of finance, and the department of health, and persons with expertise in ethics, law, and economics. The terms and removal of members shall be governed by section 15.059. Members shall not receive per diems but shall be compensated for expenses. The advisory committee does not expire as provided in section 15.059, subdivision 6.

Subd. 2. [FUNCTION AND OBJECTIVES.] The advisory committee shall meet at least twice a year. The committee's activities include, but are not limited to:

(1) collection of information on the efficacy and experience of various forms of transplantation not approved by medicare;

(2) collection of information from Minnesota transplant providers on available services, success rates, and the current status of transplant activity in the state;

(3) development of guidelines for determining when and under what conditions, organ and tissue transplants not approved by medicare should be eligible for reimbursement by medical assistance and general assistance medical care;

(4) providing recommendations, at least annually, to the commissioner on: (i) organ and tissue transplant procedures, beyond those approved by medicare, that should also be eligible for reimbursement under medical assistance and general assistance medical care; and (ii) which transplant centers should be eligible for reimbursement from medical assistance and general assistance medical care.

Subd. 3. [ANNUAL REPORT.] The advisory committee shall present an annual report to the commissioner and the chairs of the health and human services appropriations divisions of the house appropriations committee and the senate finance committee by January 1 of each year on the findings and recommendations of the committee.

Subd. 4. [RESPONSIBILITIES OF THE COMMISSIONER.] The commissioner shall, at least annually:

(1) Develop and publish criteria governing the eligibility of organ and tissue transplant procedures for reimbursement from medical assistance and general assistance medical care. Procedures approved by medicare are automatically eligible for medical assistance and general assistance medical care reimbursement.

(2) Develop and publish criteria certifying transplant centers within and outside of Minnesota where Minnesotans receiving

medical assistance and general assistance medical care may obtain transplants.

Sec. 48. [256B.0643] [VENDOR REQUEST FOR CONTESTED CASE PROCEEDING.]

Unless otherwise provided by law, a vendor of medical care, as defined in section 256B.02, subdivision 7, must use this procedure to request a contested case, as defined in section 14.02, subdivision 3. A request for a contested case must be filed with the commissioner in writing within 30 days after the date the notification of an action or determination was mailed. The appeal request must specify:

- (1) each disputed action or item;
- (2) the reason for the dispute;
- (3) an estimate of the dollar amount involved, if any, for each disputed item;
- (4) the computation or other disposition that the appealing party believes is correct;
- (5) the authority in statute or rule upon which the appealing party relies for each disputed item;
- (6) the name and address of the person or firm with whom contacts may be made regarding the appeal; and
- (7) other information required by the commissioner.

Nothing in this section shall be construed to create a right to an administrative appeal or contested case proceeding.

Sec. 49. Minnesota Statutes 1988, section 256B.091, subdivision 4, is amended to read:

Subd. 4. [SCREENING OF PERSONS.] Prior to nursing home or boarding care home admission, screening teams shall assess the needs of all applicants, except (1) patients transferred from other certified nursing homes or boarding care homes; (2) patients who, having entered acute care facilities from nursing homes or boarding care homes, are returning to a nursing home or boarding care home; (3) persons entering a facility described in section 256B.431, subdivision 4, paragraph (e) individuals who are screened by another state within three months before admission to a Minnesota nursing home; (4) individuals not eligible for medical assistance whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team upon admission and provides an update to the screening team on the 30th day after admission; (5) individuals who have a contractual right to have

their nursing home care paid for indefinitely by the veteran's administration; or (6) persons entering a facility conducted by and for the adherents of a recognized church or religious denomination for the purpose of providing care and services for those who depend upon spiritual means, through prayer alone, for healing. The total screening cost for each county for applicants and residents of nursing homes who request a screening must be paid monthly by nursing homes and boarding care homes participating in the medical assistance program in the county. The monthly amount to be paid by each nursing home and boarding care home for fiscal year 1991 must be determined by dividing the county's estimate of the total annual cost of screenings allowed by the commissioner in the county for the following rate year by 12 to determine the monthly cost estimate and allocating the monthly cost estimate to each nursing home and boarding care home based on the number of licensed beds in the nursing home or boarding care home. The rate allowed for a screening where two team members are present shall be the actual costs up to \$218. The rate allowed for a screening where only one team member is present shall be the actual costs up to \$131. The commissioner shall establish by rulemaking an annual adjustment of the state maximum screening rate. The monthly cost estimate for each nursing home or boarding care home must be submitted to the nursing home or boarding care home and the state by the county no later than February 15 of each year for inclusion in the nursing home's or boarding care home's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing home or boarding care home as an operating cost of that nursing home in accordance with section 256B.431, subdivision 2b, clause (g). For all individuals regardless of payment source, if delay of screening timelines are not met because a county is late in screening an individual who meets the delay of screening criteria, the county is solely responsible for paying the cost of the preadmission screening. If in more than ten percent of the total number of screenings performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent. Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility. Any other interested person may be screened under this subdivision if the person pays a fee for the screening based upon a sliding fee scale determined by the commissioner.

Sec. 50. Minnesota Statutes 1988, section 256B.091, subdivision 6, is amended to read:

Subd. 6. [REIMBURSEMENT.] The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams. Medical assistance

reimbursement shall not be provided for any recipient placed in a nursing home in opposition to the screening team's recommendation after January 1, 1981; provided, however, the commissioner shall not deny reimbursement for (1) an individual admitted to a nursing home or boarding care home who is assessed to need long-term supportive services if long-term supportive services other than nursing home care are not available in that community; (2) any eligible individual placed in the nursing home or boarding care home pending an appeal of the preadmission screening team's decision; (3) any eligible individual placed in the nursing home or boarding care home by a physician in an emergency situation and where the screening team has not made a decision within five working days of its initial contact; or (4) any medical assistance recipient when, after full discussion of all appropriate alternatives including those that are expected to be less costly than care in a nursing home or boarding care home, the individual or the individual's legal representative insists on nursing home or boarding care home placement. Medical assistance reimbursement for nursing homes shall not be provided for any recipient who the team has determined does not meet the level of care criteria for nursing home placement. The screening team shall provide documentation that the most cost effective alternatives available were offered to this individual or the individual's legal representative.

Sec. 51. Minnesota Statutes 1989 Supplement, section 256B.091, subdivision 8, is amended to read:

Subd. 8. [ALTERNATIVE CARE GRANTS.] (a) The commissioner shall provide ~~grants funds~~ to counties participating in the program to pay costs of providing alternative care to individuals screened under subdivision 4 and nursing home or boarding care home residents who request a screening.

(b) Prior to July of each year, the commissioner shall allocate state funds available for alternative care grants to each local agency. ~~This allocation must be made as follows: half of the state funds available for alternative care grants must be allocated to each county according to the total number of adults in that county who are recipients age 65 or older who are reported to the department by March 1 of each state fiscal year and half of the state funds available for alternative care grants must be allocated to a county according to that county's number of Medicare enrollments age 65 or older for the most recent statistical report.~~

(c) For fiscal year 1991 only, the appropriation shall be distributed as specified in paragraphs (1) and (2).

(1) Sufficient state funds shall be set aside for payment for unreimbursed services provided prior to April 1, 1990, as billed by each county by June 1, 1990.

(2) The remainder of the state funds available for alternative care grants must be allocated to each county in the same proportion as each county's share of the actual payments made plus claims submitted for services rendered in the base year. The base year for each county shall be either fiscal year 1989 or calendar year 1989, whichever period contains a larger total dollar amount of payments plus claims submitted for each county. To be counted in the allocation process, claims must be submitted by June 1, 1990. This allocation will include the state share for medical assistance recipients as well as the state share for those who would be eligible within 180 days after nursing home admission. No reallocation between counties will be made. The county agency shall not be reimbursed for services which exceed the county allocation. To receive reimbursement for persons who are eligible within 180 days, the county must submit invoices within 90 days following the date of service. The number of medical assistance waiver recipients which each county may serve is allocated according to the number of open medical assistance waiver cases on July 1, 1990. Additional recipients may be served with the approval of the commissioner. These additional recipients must be served within the county's allocation.

(d) The alternative care grant appropriation for fiscal years 1992 and beyond shall cover only individuals who would be eligible for medical assistance within 180 days after admission to a nursing home. The commissioner shall allocate state funds available for alternative care grants to each county agency. The allocation must be made as follows: the state funds available for alternative care grants, up to the amount of the previous year's allocation increased by the percentage for rates in Minnesota Rules, part 9505.2490, must be allocated to each county in the same proportion as the previous year's allocation. If the appropriation is less than the previous year's allocation plus inflation, it shall be prorated according to the county's share of the formula. Any funds appropriated in excess of the previous year's allocation plus inflation shall be allocated to county agencies, by methodologies that target funds for programs designed to reduce premature nursing home placements and promote cost-effective alternatives to increasing nursing home beds and nursing home utilization. The additional allocation to counties will become part of the allocation base. The commissioner shall appoint a work group including county and senior representatives to assist in developing criteria for allocating funds which may include identifying special target populations, geographic areas, or projects. No reallocation between counties shall be made. The county agency shall not be reimbursed for services which exceed the county allocation. To receive reimbursement, the county must submit invoices within 90 days following the date of service. The number of medical assistance waiver recipients which a county may serve must be allocated according to the number of open medical assistance waiver cases on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(e) The commissioner is directed to conduct a review of the preadmission screening program and alternative care grant program including screening requirements, screening reimbursement, program effectiveness, eligibility criteria for alternative care, accessibility to services, copayment and sliding fee issues, county utilization, rates for services, the payment system, funding and forecasting issues, administrative requirements, incentives for innovation, improved consistency with the community assistance for disabled individuals program and medical assistance home care services, and the allocation formula. In conducting this review, special attention should be given to ways to reduce or minimize administrative and program requirements and associated county costs. The commissioner shall appoint a work group including county and senior citizen representatives to assist in the program review. The commissioner must present a report on the findings of the review and recommendations for change to the legislature by February 15, 1991.

(f) Payment is available under this subdivision only for individuals (1) for whom the screening team would recommend nursing home or boarding care home admission, or continued stay if alternative care were not available; (2) who are receiving medical assistance or who would be eligible for medical assistance within 180 days of admission to a nursing home; (3) who need services that are not available at that time in the county through other public assistance; and (4) who are age 65 or older.

(g) The commissioner shall establish by rule, in accordance with chapter 14, procedures for determining grant reallocations, limits on the rates for payment of approved services, including screenings, and submittal and approval of a biennial county plan for the administration of the preadmission screening and alternative care grants program.

(h) Grants may be used for payment of costs of providing care-related supplies, equipment, and the following services such as, but not limited to: adult foster care for elderly persons, adult day care whether or not offered through a nursing home, nutritional counseling, or medical social services, which, home health aide, home-maker, personal care, case management, and respite care. These services are must be provided by a licensed health care provider, a home health service eligible for reimbursement under Titles XVIII and XIX of the federal Social Security Act, or by persons employed by or contracted with by the county board or the local welfare agency.

(i) The county agency shall ensure that a plan of care is established for each individual in accordance with subdivision 3, clause (e)(2), and that a client's service needs and eligibility is reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary and

follow up services as necessary. The county agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program and shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. The county agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care grants program, including a minimum of 14 days written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection, and that the agency allowed potential providers an opportunity to be selected to contract with the county board. Grants to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

(j) The county must select providers for contracts or agreements using the following criteria and other criteria established by the county:

- (1) the need for the particular services offered by the provider;
- (2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;
- (3) the geographic area to be served;
- (4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;
- (5) rates for each service and unit of service exclusive of county administrative costs;
- (6) evaluation of services previously delivered by the provider; and
- (7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

(k) The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

(l) The commissioner shall establish a sliding fee schedule for requiring payment for the cost of providing services under this subdivision to persons who are eligible for the services but who are

not yet eligible for medical assistance. The sliding fee schedule is not subject to chapter 14 but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the sliding fee schedule in final forms.

(m) The commissioner shall apply for a waiver for federal financial participation to expand the availability of services under this subdivision. Waivered services provided to medical assistance recipients must comply with the same criteria as defined in this section and in the approved waiver. Reimbursement for the medical assistance recipients shall be made from the regular medical assistance account. The commissioner shall provide grants to counties from the nonfederal share, unless the commissioner obtains a federal waiver for medical assistance payments, of medical assistance appropriations. A county agency may use grant money to supplement but not supplant services available through other public assistance or service programs and shall not use grant money to establish new programs for which public money is available through sources other than grants provided under this subdivision. A county agency shall not use grant money to provide care under this subdivision to an individual if the anticipated cost of providing this care would exceed the average payment, as determined by the commissioner, for the level of care that the recipient would receive if placed in a nursing home or boarding care home. The nonfederal share may be used to pay up to 90 percent of the start-up and service delivery costs of providing care under this subdivision. The state share of the nonfederal portion of costs shall be 90 percent and the county share shall be ten percent. Each county agency that receives a grant shall pay ten percent of the costs for persons who are eligible for the services but who are not yet eligible for medical assistance.

(n) Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on, for individuals who are receiving medical assistance.

(o) Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(p) The commissioner shall promulgate emergency rules in accordance with sections 14.29 to 14.36, to establish required documentation and reporting of care delivered.

Sec. 52. Minnesota Statutes 1989 Supplement, section 256B.14, is amended to read:

256B.14 [RELATIVE'S RESPONSIBILITY.]

Subdivision 1. [IN GENERAL.] Subject to the provisions of sections 256B.055, 256B.056, and 256B.06, responsible relative means the parent of a minor recipient of medical assistance or the spouse of a medical assistance recipient.

Subd. 2. [ACTIONS TO OBTAIN PAYMENT.] The state agency shall promulgate rules to determine the ability of responsible relatives to contribute partial or complete payment or repayment of medical assistance furnished to recipients for whom they are responsible. These rules shall not require payment or repayment when payment would cause undue hardship to the responsible relative or that relative's immediate family. These rules shall be consistent with the requirements of section 252.27, subdivision 2, for parents of children whose eligibility for medical assistance was determined without deeming of the parents' resources and income. For parents of children receiving services under a federal medical assistance waiver or under section 134 of the Tax Equity and Fiscal Responsibility Act of 1982, United States Code, title 42, section 1396a(e)(3), while living in their natural home, including in-home family support services, respite care, homemaker services, and minor adaptations to the home, the state agency shall take into account the room, board, and services provided by the parents in determining the parental contribution to the cost of care. The county agency shall give the responsible relative notice of the amount of the payment or repayment within 30 days of the date of the notice of the person's eligibility. If the state agency or county agency finds that notice of the payment obligation was given to the responsible relative, but that the relative failed or refused to pay, a cause of action exists against the responsible relative for that portion of medical assistance granted after notice was given to the responsible relative, which the relative was determined to be able to pay.

The action may be brought by the state agency or the county agency in the county where assistance was granted, for the assistance, together with the costs of disbursements incurred due to the action.

In addition to granting the county or state agency a money judgment, the court may, upon a motion or order to show cause, order continuing contributions by a responsible relative found able to repay the county or state agency. The order shall be effective only for the period of time during which the recipient receives medical assistance from the county or state agency.

Subd. 3. [COMMUNITY SPOUSE CONTRIBUTION.] The community spouse of an institutionalized person who receives medical assistance under section 256B.059, subdivision 5, paragraph (b), has an obligation to pay for the cost of care equal to the dollar value of

assets considered available under section 256B.059, subdivision 5, paragraph (a).

Subd. 4. [APPEALS.] A responsible relative may appeal the determination of an obligation to make a contribution under this section, according to section 256.045.

Sec. 53. Minnesota Statutes 1988, section 256B.15, is amended to read:

256B.15 [CLAIMS AGAINST ESTATES.]

Subdivision 1. [ESTATES SUBJECT TO CLAIMS.] If a person receives any medical assistance hereunder, on the person's death, if single, or on the death of the survivor of a married couple, either or both of whom received medical assistance, and only when there is no surviving child who is under 21 or is blind or totally disabled, the total amount paid for medical assistance rendered for the person and spouse, after age 65, without interest, shall be filed as a claim against the estate of the person or the estate of the surviving spouse in the court having jurisdiction to probate the estate.

A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage. A claim shall be filed if medical assistance was rendered for either or both persons under one of the following circumstances:

(a) the person was over 65 years of age; or

(b) the person resided in a medical institution for six months or longer and, at the time of institutionalization or application for medical assistance, whichever is later, the person could not have reasonably been expected to be discharged and returned home, as certified in writing by the person's treating physician. For purposes of this section only, a "medical institution" means a skilled nursing facility, intermediate care facility, intermediate care facility for persons with mental retardation, nursing facility, or inpatient hospital.

The claim shall be considered an expense of the last illness of the decedent for the purpose of section 524.3-805. Any statute of limitations that purports to limit any county agency or the state agency, or both, to recover for medical assistance granted hereunder shall not apply to any claim made hereunder for reimbursement for any medical assistance granted hereunder. Counties are entitled to one-half of the nonfederal share of medical assistance collections from estates that are directly attributable to county effort.

Subd. 2. [LIMITATIONS ON CLAIMS.] The claim shall include only the total amount of medical assistance rendered after age 65 or during a period of institutionalization described in subdivision 1, clause (b), and shall not include interest. A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage.

Subd. 3. [MINOR, BLIND OR DISABLED CHILDREN.] If a decedent who was single, or who was the surviving spouse of a married couple, is survived by a child who is under age 21 or blind or permanently and totally disabled according to the supplemental security income program criteria, no claim shall be filed against the estate.

Subd. 4. [OTHER SURVIVORS.] If the decedent who was single or the surviving spouse of a married couple is survived by one of the following persons, a claim exists against the estate in an amount not to exceed the value of the nonhomestead property included in the estate:

(a) a sibling who resided in the decedent medical assistance recipient's home at least one year before the decedent's institutionalization and continuously since the date of institutionalization; or

(b) a son or daughter who resided in the decedent medical assistance recipient's home for at least two years immediately before the parent's institutionalization and continuously since the date of institutionalization, and who establishes by a preponderance of the evidence that he or she provided care to the parent who received medical assistance, the care was provided before institutionalization, and the care permitted the parent to reside at home rather than in an institution.

Sec. 54. Minnesota Statutes 1988, section 256B.19, is amended by adding a subdivision to read:

Subd. 2b. [PILOT PROJECT REIMBURSEMENT.] In counties where a demonstration or pilot project is operated under the medical assistance program, the state may pay 100 percent of the administrative costs for the demonstration or pilot project after June 30, 1990. Reimbursement for these costs is subject to section 256.025.

Sec. 55. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

Subd. 2l. [INFLATION ADJUSTMENTS AFTER JULY 1, 1990.] For rate years beginning on or after July 1, 1990, the forecasted composite price index for a nursing home's allowable operating cost

per diems shall be determined using Data Resources, Inc., forecast for change in the Nursing Home Market Basket. The commissioner of human services shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year.

Sec. 56. Minnesota Statutes 1988, section 256B.431, subdivision 3e, is amended to read:

Subd. 3e. [HOSPITAL-ATTACHED CONVALESCENT AND NURSING CARE FACILITIES.] If a community-operated hospital and attached convalescent and nursing care facility suspend operation of the hospital, or a nonprofit hospital and attached convalescent and nursing care facility suspend operation of the hospital on July 31, 1989, the surviving nursing care facility must be allowed to continue its status as a hospital-attached convalescent and nursing care facility for reimbursement purposes in three subsequent rate years.

Sec. 57. Minnesota Statutes 1989 Supplement, section 256B.431, subdivision 3g, is amended to read:

Subd. 3g. [PROPERTY COSTS AFTER JULY 1, 1990, FOR CERTAIN FACILITIES.] (a) For rate years beginning on or after July 1, 1990, nursing homes that, on or after January 1, 1976, but prior to January 1, 1987, were newly licensed after new construction, or increased their licensed beds by a minimum of 35 percent through new construction, and whose building capital allowance is less than their allowable annual principal and interest on allowable debt prior to the application of the replacement-cost-new per bed limit and whose remaining weighted average debt amortization schedule as of January 1, 1988, exceeded 15 years, must receive a property-related payment rate equal to the greater of their rental per diem or their annual allowable principal and allowable interest without application of the replacement-cost-new per bed limit, divided by their capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by subdivision 3f, paragraph (c), for the preceding reporting year, plus their equipment allowance. A nursing home that is eligible for a property-related payment rate under this subdivision and whose property-related payment rate in a subsequent rate year is its rental per diem must continue to have its property-related payment rates established for all future rate years based on the rental reimbursement method in Minnesota Rules, part 9549.0060.

The commissioner may require the nursing home to apply for refinancing as a condition of receiving special rate treatment under this subdivision.

(b) If a nursing home is eligible for a property-related payment rate under this subdivision, and the nursing home's debt is refi-

nanced after ~~October~~ January 1, 1988 1985, the provisions in paragraphs (1) to (7) also apply to the property-related payment rate for rate years beginning on or after July 1, 1990.

(1) A nursing home's refinancing must not include debts with balloon payments.

(2) If the issuance costs, including issuance costs on the debt refinanced, are financed as part of the refinancing, the historical cost of capital assets limit in Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (6), includes issuance costs that do not exceed seven percent of the debt refinanced, plus the related issuance costs. For purposes of this paragraph, issuance costs means the fees charged by the underwriter, issuer, attorneys, bond raters, appraisers, and trustees, and includes the cost of printing, title insurance, registration tax, and a feasibility study for the refinancing of a nursing home's debt. Issuance costs do not include bond premiums or discounts when bonds are sold at other than their par value, points, or a bond reserve fund. To the extent otherwise allowed under this paragraph, the straight-line amortization of the refinancing issuance costs is not an allowable cost.

(3) The annual principal and interest expense payments and any required annual municipal fees on the nursing home's refinancing replace those of the refinanced debt and, together with annual principal and interest payments on other allowable debts, are allowable costs subject to the limitation on historical cost of capital assets plus issuance costs as limited in paragraph (2), if any.

(4) If the nursing home's refinancing includes zero coupon bonds, the commissioner shall establish a monthly debt service payment schedule based on an annuity that will produce an amount equal to the zero coupon bonds at maturity. The term and interest rate is the term and interest rate of the zero coupon bonds. Any refinancing to repay the zero coupon bonds is not an allowable cost.

(5) The annual amount of annuity payments is added to the nursing home's allowable annual principal and interest payment computed in paragraph (3).

(6) The property-related payment rate is equal to the amount in paragraph (5), divided by the nursing home's capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by subdivision 3f, paragraph (c), for the preceding reporting year plus an equipment allowance.

(7) Except as provided in this subdivision, the provisions of Minnesota Rules, part 9549.0060 apply.

Sec. 58. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

Subd. 3h. [PROPERTY COSTS FOR THE RATE YEAR BEGINNING JULY 1, 1990.] Notwithstanding Minnesota Rules, part 9549.0060, subpart 13, item H, the commissioner shall determine property-related payment rates for nursing homes for the rate year beginning July 1, 1990, as follows:

(a) The property-related payment rate for a nursing home that qualifies under subdivision 3g is the rate determined under that subdivision.

(b) Nursing homes shall be grouped according to the type of property-related payment rate the commissioner determined for the rate year beginning July 1, 1989. A nursing home whose property-related payment rate was determined under Minnesota Rules, part 9549.0060, subpart 13, item A (full rental reimbursement) shall be considered group A. A nursing home whose property-related payment rate was determined under Minnesota Rules, part 9549.0060, subpart 13, item B (phase-down to full rental reimbursement) shall be considered group B. A nursing home whose property-related payment rate was determined under Minnesota Rules, part 9549.0060, subpart 13, item C or D (phase-up to full rental reimbursement) shall be considered group C.

(c) For the rate year beginning July 1, 1990, a Group A nursing home shall receive its property-related payment rate determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(d) For the rate year beginning July 1, 1990, a Group B nursing home shall receive the greater of 90.5 percent of the property-related payment rate in effect on July 1, 1989; or the rental per diem rate determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section in effect on July 1, 1990; or the sum of 100 percent of the nursing home's allowable principal and interest expense, plus its equipment allowance multiplied by the resident days for the reporting year ending September 30, 1989, divided by the nursing home's capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by subdivision 3f, paragraph (c); except that the nursing home's property-related payment rate must not exceed its property-related payment rate in effect on July 1, 1989.

(e) For the rate year beginning July 1, 1990, a Group C nursing home shall receive its property-related payment rate determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, except the rate must not exceed the lesser of its property-related payment rate determined for the rate year beginning July 1,

1989, multiplied by 150 percent or its rental per diem rate determined effective July 1, 1990.

(f) The property-related payment rate for a nursing home that qualifies for a rate adjustment under Minnesota Rules, part 9549.0060, subpart 13, item G (special reappraisals) shall have the property-related payment rate determined in paragraphs (a) to (e) adjusted according to the provisions in that rule.

(g) For the rate year beginning July 1, 1990, a nursing home in the city of Faribault with a construction project approved by the commissioner under the moratorium exception approval process in section 144A.073 prior to February 1, 1990, whose property-related payment rate for the rate year beginning July 1, 1989, was determined under Minnesota Rules, part 9549.0060, subpart 13, item C or D (phase-up to full rental reimbursement) shall have its property-related payment rate determined under Minnesota Rules, part 9549.0060, subpart 13, item A (full rental reimbursement).

Sec. 59. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

Subd. 3i. [PROPERTY RATE ADJUSTMENT FOR REQUIRED IMPROVEMENTS.] The commissioner shall add an adjustment to the property-related payment rate of a certified, freestanding boarding care home reflecting the costs incurred by that nursing home to install a communications system in every room and hallway handrails, as required under the 1987 federal Omnibus Budget Reconciliation Act, Public Law Number 100-203. The property-related payment rate increase is only available if, and to the extent that, the nursing home's existing property-related payment rate, minus the nursing home's allowable principal and interest costs and equipment allowance, is not sufficient to cover the costs of the required improvements. Each nursing home eligible for the adjustment shall submit to the commissioner a detailed estimate of the cost increases the facility will incur to meet the new physical plant requirements. Ten percent of the amount of the costs that are determined by the commissioner to be reasonable for the nursing home to meet the new requirements, divided by resident days, must be added to the nursing home's property-related payment rate. The adjustment shall be added to the property-related payment rate determined under section 256B.431, subdivision 3h. The resulting recalculated property-related payment rate is effective October 1, 1990, or 60 days after a nursing home submits its detailed cost estimate, whichever occurs later.

The adjustment is only available to a certified, freestanding boarding care home that cannot meet the requirements of Public Law Number 100-203 for communications systems and handrails as demonstrated to the satisfaction of the commissioner of health. When the commissioner of human services establishes that it is not

cost effective to upgrade an eligible certified, freestanding boarding care home to the new standards, the commissioner of human services may exclude the certified freestanding boarding care home if it is either an institution for mental disease or a certified, freestanding boarding care home that would have been determined to be an institution for mental disease but for the fact that it has 16 or fewer licensed beds.

Sec. 60. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

Subd. 3j. [SPECIAL PROPERTY RATE.] Notwithstanding any law or rule to the contrary, for rate years beginning July 1, 1990, a nursing home under lease from 1968 until 1983 with a lessee or related party having an option to purchase the nursing home, which option was subsequently exercised, shall be allowed debt and interest costs incurred by the lessee or related party on indebtedness created when the option to purchase was exercised before the end of the 1983 calendar year. The nursing home must demonstrate to the commissioner's satisfaction that the interest rate on the debt was less than market interest rates for similar arms-length transactions at the time the debt was incurred.

Sec. 61. Minnesota Statutes 1989 Supplement, section 256B.431, subdivision 7, is amended to read:

Subd. 7. [ONE-TIME ADJUSTMENT TO NURSING HOME PAYMENT RATES TO COMPLY WITH OMNIBUS BUDGET RECONCILIATION ACT.] The commissioner shall determine a one-time nursing staff adjustment to the payment rate to adjust payment rates to upgrade certain nursing homes' professional nursing staff complement to meet the minimum standards of 1987 Public Law Number 100-203. The adjustments to the payment rates determined under this subdivision cover cost increases to meet minimum standards for professional nursing staff. For a nursing home to be eligible for the payment rate adjustment, a nursing home must have all of its current licensed beds certified solely for the intermediate level of care. When the commissioner establishes that it is not cost effective to upgrade an eligible nursing home to the new minimum staff standards, the commissioner may exclude the nursing home if it is either an institution for mental disease or a nursing home that would have been determined to be an institution for mental disease, but for the fact that it has 16 or fewer licensed beds.

(a) The increased cost of professional nursing for an eligible nursing home shall be determined according to clauses (1) to (4):

(1) subtract from the number 8760 the compensated hours for professional nurses, both employed and contracted, and, if the result is greater than zero, then multiply the result by \$4.55;

(2) subtract from the number 2920 the compensated hours for registered nurses, both employed and contracted, and, if the result is greater than zero, then multiply the result by \$9.30;

(3) if an eligible nursing home has less than 61 licensed beds, the director of nurses' compensated hours must be included in the compensated hours for professional nurses in clause (1). If the director of nurses is also a registered nurse, the director of nurses' hours must be included in the compensated hours for registered nurses in clause (2); and

(4) the one-time nursing staff adjustment to the payment rate shall be the sum of clauses (1) and (2) as adjusted by clause (3), if appropriate, and then divided by the nursing home's actual resident days for the reporting year ending September 30, 1988.

(b) The one-time nursing staff adjustment to the payment rate is effective from January 1, 1990, to June 30, 1991.

(c) If a nursing home is granted a waiver to the minimum professional nursing staff standards under Public Law Number 100-203 for either the professional nurse adjustment referred to in clause (1), or the registered nurse adjustment in clause (2), the commissioner must recover the portion of the nursing home's payment rate that relates to a one-time nursing staff adjustment granted under this subdivision. The amount to be recovered shall be based on the type and extent of the waiver granted.

(d) Notwithstanding the provisions of paragraph (a), clause (3), if an eligible nursing home has less than 61 licensed beds, the director of nurses' compensated hours must be excluded from the computation of compensated hours for professional nurses and registered nurses in paragraph (a), clauses (1) and (2). The commissioner shall recompute the one-time nursing staff adjustment to the payment rate using the data from the cost report for the reporting year ending September 30, 1989, and the adjustment computed under this paragraph shall replace the adjustment previously computed under this subdivision effective October 1, 1990, and shall be effective for the period October 1, 1990, to June 30, 1992.

Sec. 62. [256B.432] [LONG-TERM CARE FACILITIES; CENTRAL, AFFILIATED, OR CORPORATE OFFICE COSTS.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them.

(a) "Management agreement" means an agreement in which one or more of the following criteria exist:

(1) the central, affiliated, or corporate office has or is authorized to

assume day-to-day operational control of the long-term care facility for any six-month period within a 24-month period. "Day-to-day operational control" means that the central, affiliated, or corporate office has the authority to require, mandate, direct, or compel the employees of the long-term care facility to perform or refrain from performing certain acts, or to supplant or take the place of the top management of the long-term care facility. "Day-to-day operational control" includes the authority to hire or terminate employees or to provide an employee of the central, affiliated, or corporate office to serve as administrator of the long-term care facility;

(2) the central, affiliated, or corporate office performs or is authorized to perform two or more of the following: the execution of contracts; authorization of purchase orders; signature authority for checks, notes, or other financial instruments; requiring the long-term care facility to use the group or volume purchasing services of the central, affiliated, or corporate office; or the authority to make annual capital expenditures for the long-term care facility exceeding \$50,000, or \$500 per licensed bed, whichever is less, without first securing the approval of the long-term care facility board of directors;

(3) the central, affiliated, or corporate office becomes or is required to become the licensee under applicable state law;

(4) the agreement provides that the compensation for services provided under the agreement is directly related to any profits made by the long-term care facility; or

(5) the long-term care facility entering into the agreement is governed by a governing body that meets fewer than four times a year, that does not publish notice of its meetings, or that does not keep formal records of its proceedings.

(b) "Consulting agreement" means any agreement the purpose of which is for a central, affiliated, or corporate office to advise, counsel, recommend, or suggest to the owner or operator of the nonrelated long-term care facility measures and methods for improving the operations of the long-term care facility.

(c) "Long-term care facility" means a nursing home whose medical assistance rates are determined according to section 256B.431 or an intermediate care facility for persons with mental retardation and related conditions whose medical assistance rates are determined according to section 256B.501.

Subd. 2. [EFFECTIVE DATE.] For rate years beginning on or after July 1, 1990, the central, affiliated, or corporate office cost allocations in subdivisions 3 to 6 must be used when determining medical assistance rates under sections 256B.431 and 256B.501.

Subd. 3. [ALLOCATION; DIRECT IDENTIFICATION OF COSTS OF LONG-TERM CARE FACILITIES; MANAGEMENT AGREEMENT.] All costs that can be directly identified with a specific long-term care facility that is a related organization to the central, affiliated, or corporate office, or that is controlled by the central, affiliated, or corporate office under a management agreement, must be allocated to that long-term care facility.

Subd. 4. [ALLOCATION; DIRECT IDENTIFICATION OF COSTS TO OTHER ACTIVITIES.] All costs that can be directly identified with any other activity or function not described in subdivision 3 must be allocated to that activity or function.

Subd. 5. [ALLOCATION OF REMAINING COSTS; ALLOCATION RATIO.] (a) After the costs that can be directly identified according to subdivisions 3 and 4 have been allocated, the remaining central, affiliated, or corporate office costs must be allocated between the long-term care facility operations and the other activities or facilities unrelated to the long-term care facility operations based on the ratio of expenses.

(b) For purposes of allocating these remaining central, affiliated, or corporate office costs, the numerator for the allocation ratio shall be determined as follows:

(1) for long-term care facilities that are related organizations or are controlled by a central, affiliated, or corporate office under a management agreement, the numerator of the allocation ratio shall be equal to the sum of the total costs incurred by each related organization or controlled long-term care facility;

(2) for a central, affiliated, or corporate office providing goods or services to related organizations that are not long-term care facilities, the numerator of the allocation ratio shall be equal to the sum of the total costs incurred by the non-long-term care related organizations;

(3) for a central, affiliated, or corporate office providing goods or services to unrelated long-term care facilities under a consulting agreement, the numerator of the allocation ratio shall be equal to the greater of directly identified central, affiliated, or corporate costs or the contracted amount; or

(4) for business activities that involve the providing of goods or services to unrelated parties which are not long-term care facilities, the numerator of the allocation ratio shall be equal to the greater of directly identified costs or revenues generated by the activity or function.

(c) The denominator for the allocation ratio is the sum of the numerators in paragraph (b), clauses (1) to (4).

Subd. 6. [COST ALLOCATION BETWEEN LONG-TERM CARE FACILITIES.] (a) Those long-term care operations that have long-term care facilities both in Minnesota and outside of Minnesota must allocate the long-term care operation's central, affiliated, or corporate office costs identified in subdivision 5 to Minnesota based on the ratio of total resident days in Minnesota long-term care facilities to the total resident days in all facilities.

(b) The Minnesota long-term care operation's central, affiliated, or corporate office costs identified in paragraph (a) must be allocated to each Minnesota long-term care facility on the basis of resident days.

Sec. 63. Minnesota Statutes 1988, section 256B.48, is amended by adding a subdivision to read:

Subd. 1c. [CASE MIX RATE FOR PROVIDER WITH ADDENDUM TO PROVIDER AGREEMENT.] A nursing home with an addendum to its provider agreement effective beginning July 8, 1985, or September 24, 1985, shall have its payment rates established by the commissioner under this subdivision. To save medical assistance resources, for rate years beginning after July 1, 1991, the provider's payment rates shall be the payment rates established by the commissioner July 1, 1990, multiplied by a 12-month inflation factor based on the forecasted inflation between the mid-points of rate years using the inflation index applied by the commissioner to other nursing homes.

The provider and the department of health shall complete case mix assessments under Minnesota Rules, chapter 4656, and parts 9549.0058 and 9549.0059, on only those residents receiving medical assistance. The commissioner of health may audit and verify the limited provider assessments at any time.

Sec. 64. Minnesota Statutes 1988, section 256B.48, subdivision 2, is amended to read:

Subd. 2. [REPORTING REQUIREMENTS.] No later than December 31 of each year, a skilled nursing facility or intermediate care facility, including boarding care facilities, which receives medical assistance payments or other reimbursements from the state agency shall:

(a) Provide the state agency with a copy of its audited financial statements. The audited financial statements must include a balance sheet, income statement, statement of the rate or rates charged to private paying residents, statement of retained earnings, statements of changes in financial position (cash and working capital

methods) statement of cash flows, notes to the financial statements, audited applicable supplemental information, and the certified public accountant's or licensed public accountant's opinion. The examination by the certified public accountant or licensed public accountant shall be conducted in accordance with generally accepted auditing standards as promulgated and adopted by the American Institute of Certified Public Accountants;

(b) Provide the state agency with a statement of ownership for the facility;

(c) Provide the state agency with separate, audited financial statements as specified in clause (a) for every other facility owned in whole or part by an individual or entity which has an ownership interest in the facility;

(d) Upon request, provide the state agency with separate, audited financial statements as specified in clause (a) for every organization with which the facility conducts business and which is owned in whole or in part by an individual or entity which has an ownership interest in the facility;

(e) Provide the state agency with copies of leases, purchase agreements, and other documents related to the lease or purchase of the nursing facility;

(f) Upon request, provide the state agency with copies of leases, purchase agreements, and other documents related to the acquisition of equipment, goods, and services which are claimed as allowable costs; and

(g) Permit access by the state agency to the certified public accountant's and licensed public accountant's audit workpapers which support the audited financial statements required in clauses (a), (c), and (d).

Documents or information provided to the state agency pursuant to this subdivision shall be public. If the requirements of clauses (a) to (g) are not met, the reimbursement rate may be reduced to 80 percent of the rate in effect on the first day of the fourth calendar month after the close of the reporting year, and the reduction shall continue until the requirements are met.

Sec. 65. Minnesota Statutes 1988, section 256B.49, is amended by adding a subdivision to read:

Subd. 3. [CONTINUED SERVICES FOR PERSONS OVER AGE 65.] Persons who are found eligible for services under this section before their 65th birthday may remain eligible for these services after their 65th birthday if they meet all other eligibility factors.

Sec. 66. Minnesota Statutes 1989 Supplement, section 256B.495, subdivision 1, is amended to read:

Subdivision 1. [PAYMENT OF RECEIVERSHIP FEES.] The commissioner in consultation with the commissioner of health may establish a receivership fee payment that exceeds a long-term care facility payment rate when the commissioner of health determines a long-term care facility is subject to the receivership provisions under section 144A.14 or 144A.15 or the commissioner of human services determines that a facility is subject to the receivership under section 245A.12 or 245A.13. In establishing the receivership fee payment, the commissioner must reduce the receiver's requested receivership fee by amounts that the commissioner determines are included in the long-term care facility's payment rate and that can be used to cover part or all of the receivership fee. Amounts that can be used to reduce the receivership fee shall be determined by reallocating facility staff or costs that were formerly paid by the long-term care facility before the receivership and are no longer required to be paid. The amounts may include any efficiency incentive, allowance, and other amounts not specifically required to be paid for expenditures of the long-term care facility.

If the receivership fee cannot be covered by amounts in the long-term care facility's payment rate, a receivership fee payment shall be set according to paragraphs (a) and (b) and payment shall be according to paragraphs (c) to (e).

(a) The receivership fee per diem shall be determined by dividing the annual receivership fee payment by the long-term care facility's resident days from the most recent cost report for which the commissioner has established a payment rate or the estimated resident days in the projected receivership fee period.

(b) The receivership fee per diem shall be added to the long-term care facility's payment rate.

(c) Notification of the payment rate increase must meet the requirements of section 256B.47, subdivision 2.

(d) The payment rate in paragraph (b) for a nursing home shall be effective the first day of the month following the receiver's compliance with the notice conditions in paragraph (c). The payment rate in paragraph (b) for an intermediate care facility for the mentally retarded shall be effective on the first day of the rate year in which the receivership fee per diem is determined.

(e) The commissioner may elect to make a lump sum payment of a portion of the receivership fee to the receiver or managing agent. In this case, the commissioner and the receiver or managing agent shall agree to a repayment plan. Regardless of whether the commis-

sioner makes a lump sum payment under this paragraph, the provisions of paragraphs (a) to (d) and subdivision 2 also apply.

Sec. 67. Minnesota Statutes 1988, section 256B.50, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] A provider may appeal from a determination of a payment rate established pursuant to this chapter and reimbursement rules of the commissioner if the appeal, if successful, would result in a change to the provider's payment rate or to the calculation of maximum charges to therapy vendors as provided by section 256B.433, subdivision 2. Appeals must be filed in accordance with procedures in this section. This section does not apply to a request from a resident or nursing home for reconsideration of the classification of a resident under section 144.0722.

Sec. 68. Minnesota Statutes 1988, section 256B.50, subdivision 1b, is amended to read:

Subd. 1b. [FILING AN APPEAL.] To appeal, the provider shall file with the commissioner a written notice of appeal; the appeal must be received by the commissioner within 60 days of the date the determination of the payment rate was mailed. The notice of appeal must specify each disputed item; the reason for the dispute; the total dollar amount ~~and the dollar amount per bed~~ in dispute for each separate disallowance, allocation, or adjustment of each cost item or part of a cost item; the computation that the provider believes is correct; the authority in statute or rule upon which the provider relies for each disputed item; the name and address of the person or firm with whom contacts may be made regarding the appeal; and other information required by the commissioner.

Sec. 69. Minnesota Statutes 1988, section 256B.501, subdivision 3c, is amended to read:

Subd. 3c. [COMPOSITE FORECASTED INDEX.] For rate years beginning on or after October 1, 1988, the commissioner shall establish a statewide composite forecasted index to take into account economic trends and conditions between the midpoint of the facility's reporting year and the midpoint of the rate year following the reporting year. The statewide composite index must incorporate the forecast by Data Resources, Inc. of increases in the average hourly earnings of nursing and personal care workers indexed in Standard Industrial Code 805 in "Employment and Earnings," published by the Bureau of Labor Statistics, United States Department of Labor. This portion of the index must be weighted annually by the proportion of total allowable salaries and wages to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities.

For adjustments to the other operating costs in the program,

maintenance, and administrative operating cost categories, the statewide index must incorporate the Data Resources, Inc. forecast for increases in the national CPI-U. This portion of the index must be weighted annually by the proportion of total allowable other operating costs to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities. The commissioner shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the reporting year.

For rate years beginning on or after October 1, 1990, the commissioner shall index a facility's allowable operating costs in the program, maintenance, and administrative operating cost categories by using Data Resources, Inc., forecast for change in the Consumer Price Index-All Items (U.S. city average) (CPI-U). The commissioner shall use the indices as forecasted by Data Resources, Inc., in the first quarter of the calendar year in which the rate year begins.

Sec. 70. Minnesota Statutes 1988, section 256B.501, subdivision 3e, is amended to read:

Subd. 3e. [INCREASE IN LIMITS.] For rate years beginning on or after October 1, 1990, the commissioner shall increase the administrative cost per licensed bed limit in subdivision 3d, paragraph (c), and the maintenance operating cost limit in Minnesota Rules, part 9553.0050, subpart 1, item A, subitem (2), by multiplying the administrative operating cost per bed limit and the maintenance operating cost limit by the composite forecasted index in subdivision 3c except that the index shall be based on the 12 months between the midpoints of the two preceding reporting years.

Sec. 71. Minnesota Statutes 1988, section 256B.501, is amended by adding a subdivision to read:

Subd. 11. [INVESTMENT PER BED LIMITS, INTEREST EXPENSE LIMITATIONS, AND ARMS-LENGTH LEASES.] (a) The provisions of Minnesota Rules, part 9553.0075, except as modified under this subdivision, shall apply to newly constructed or established facilities that are certified for medical assistance on or after May 1, 1990.

(b) For purposes of establishing payment rates under this subdivision and Minnesota Rules, parts 9553.0010 to 9553.0080, the term "newly constructed or newly established" means a facility (1) for which a need determination has been approved by the commissioner under sections 252.28 and 252.291; (2) whose program is newly licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, and certified under Code of Federal Regulations, title 42, section 442.400, et seq.; and (3) that is part of a proposal that meets the requirements of section 252.291, subdivision 2, paragraph (2). The term does not include a facility for which a need determination was

granted solely for other reasons such as the relocation of a facility; a change in the facility's name, program, number of beds, type of beds, or ownership; or the sale of a facility, unless the relocation of a facility to one or more service sites is the result of a closure of a facility under section 252.292, in which case clause (3) shall not apply. The term does include a facility that converts more than 50 percent of its licensed beds from class A to class B residential or class B institutional to serve persons discharged from state regional treatment centers on or after May 1, 1990, in which case, clause (3) does not apply.

(c) Newly constructed or newly established facilities that are certified for medical assistance on or after May 1, 1990, shall be allowed the capital asset investment per bed limits as provided in clauses (1) to (4).

(1) The 1990 calendar year investment per bed limit for a facility's land must not exceed \$5,700 per bed for newly constructed or newly established facilities in Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, Carver, Chisago, Isanti, Wright, Benton, Sherburne, Stearns, St. Louis, Clay, and Olmsted counties, and must not exceed \$3,000 per bed for newly constructed or newly established facilities in other counties.

(2) The 1990 calendar year investment per bed limit for a facility's depreciable capital assets must not exceed \$44,800 for class B residential beds, and \$45,200 for class B institutional beds.

(3) The investment per bed limit in clause (2) must not be used in determining the three-year average percentage increase adjustment in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (4), for facilities that were newly constructed or newly established before May 1, 1990.

(4) The investment per bed limits in clause (2) shall be adjusted annually beginning January 1, 1991, and each January 1 following, as provided in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2).

(d) A newly constructed or newly established facility's interest expense limitation as provided for in Minnesota Rules, part 9553.0060, subpart 3, item F, on capital debt for capital assets acquired during the interim or settle-up period, shall be increased by 2.5 percentage points for each full .25 percentage points that the facility's interest rate on its mortgage is below the maximum interest rate as established in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2). For all following rate periods, the interest expense limitation on capital debt in Minnesota Rules, part 9553.0060, subpart 3, item F, shall apply to the facility's capital assets acquired, leased, or constructed after the interim or settle-up period. If a newly constructed or newly established facility is

acquired by the state, the limitations of this paragraph and Minnesota Rules, part 9553.0060, subpart 3, item F, shall not apply.

(e) If a newly constructed or newly established facility is leased with an arms-length lease as provided for in Minnesota Rules, part 9553.0060, subpart 7, the lease agreement shall be subject to the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value of the lease must not exceed the lesser of the interest rate limitation in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2), or 16 percent; and

(3) the residual value used in determining the net present value of the lease must be established using the provisions of Minnesota Rules, part 9553.0060.

(f) All leases of the physical plant of an intermediate care facility for the mentally retarded shall contain a clause that requires the owner to give the commissioner notice of any requests or orders to vacate the premises 90 days before such vacation of the premises is to take place. In the case of unlawful detainer actions, the owner shall notify the commissioner within three days of notice of an unlawful detainer action being served upon the tenant. The only exception to this notice requirement is in the case of emergencies where immediate vacation of the premises is necessary to assure the safety and welfare of the residents. In such an emergency situation, the owner shall give the commissioner notice of the vacation request at the time the owner of the property is aware that the vacating of the premises is necessary. This paragraph applies to all leases entered into after the effective date of this section. Rentals set in leases entered into after that date that do not contain this clause are not allowable costs for purposes of medical assistance reimbursement.

(g) A newly constructed or newly established facility's preopening costs are subject to the provisions of Minnesota Rules, part 9553.0035, subpart 12, and must be limited to only those costs incurred during one of the following periods, whichever is shorter:

(1) between the date the commissioner approves the facility's need determination and 30 days before the date the facility is certified for medical assistance; or

(2) the 12-month period immediately preceding the 30 days before the date the facility is certified for medical assistance.

Sec. 72. Minnesota Statutes 1988, section 256B.69, subdivision 3, is amended to read:

Subd. 3. [GEOGRAPHIC AREA.] The commissioner shall designate the geographic areas in which eligible individuals may be included in the demonstration project. ~~The geographic areas may include one urban, one suburban, and one rural county. In order to encourage the participation of long-term care providers, the project area may be expanded beyond the designated counties for eligible individuals over age 65~~ medical assistance prepayment programs.

Sec. 73. Minnesota Statutes 1989 Supplement, section 256B.69, subdivision 16, is amended to read:

Subd. 16. [PROJECT EXTENSION.] Minnesota Rules, parts 9500.1450; 9500.1451; 9500.1452; 9500.1453; 9500.1454; 9500.1455; 9500.1456; 9500.1457; 9500.1458; 9500.1459; 9500.1460; 9500.1461; 9500.1462; 9500.1463; and 9500.1464 are extended ~~until December 31, 1990.~~

Sec. 74. Minnesota Statutes 1988, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person:

(1) who is ~~eligible for receiving assistance under section 256D.05 or 256D.051 and is not eligible for medical assistance under chapter 256B including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5;~~ or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period except that for recipients residing in a long-term care facility, a one-month budget period must be used. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (5), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general

assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except for the disregard of the first \$50 of earned income is not allowed; or

(3) who is over age 18 and who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care may be paid for a person, regardless of age, who is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, if the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the local agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not

result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the local agency, or if the transfer was not reported, the month in which the local agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

Sec. 75. Minnesota Statutes 1989 Supplement, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by Medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist, hearing aids, prosthetic devices, laboratory and X-ray services, physician's services, medical transportation, chiropractic services as covered under the medical assistance program, podiatric services, and dental care. In addition, payments of state aid shall be made for:

(1) outpatient services provided by a mental health center or clinic that is under contract with the county board and is certified under Minnesota Rules, parts 9520.0010 to 9520.0230 established under section 245.62;

(2) day treatment services for mental illness provided under contract with the county board;

(3) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;

(4) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;

(5) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments for a person who would be eligible for medical assistance except that the person resides in an institution for mental diseases; and

(6) equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision.

(b) In order to contain costs, the commissioner of human services

shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical payments for which state payments are not made.

(e) Chemical dependency services that are reimbursed under Laws 1986, chapter 394, sections 8 to 20, must not be reimbursed under general assistance medical care.

(f) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(g) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under

chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 76. Minnesota Statutes 1989 Supplement, section 256D.03, subdivision 6, is amended to read:

Subd. 6. [DIVISION OF COSTS.] The state share of local agency expenditures for general assistance medical care shall be 90 percent and the county share shall be ten percent. Payments made under this subdivision shall be made in accordance with sections 256B.041, subdivision 5 and 256B.19, subdivision 1. In counties where a pilot or demonstration project is operated for general assistance medical care services, the state may pay 100 percent of the costs of administering the pilot or demonstration project. Reimbursement for these costs is subject to section 256.025.

Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Notwithstanding any provision to the contrary, beginning July 1, 1991, the state shall pay 100 percent of the costs for centralized claims processing by the department of administration relative to claims beginning January 1, 1991, and submitted on behalf of general assistance medical care recipients by vendors in the general assistance medical care program.

Beginning July 1, 1991, the state shall reimburse counties up to the limit of state appropriations for general assistance medical care common carrier transportation and related travel expenses provided for medical purposes after December 31, 1990. Reimbursement shall be provided according to the payment schedule set forth in section 256.025. For purposes of this subdivision, transportation shall have the meaning given it in Code of Federal Regulations, title 42, section 440.170(a), as amended through October 1, 1987, and travel expenses shall have the meaning given in Code of Federal Regulations, title 42, section 440.170(a)(3), as amended through October 1, 1987.

The county shall ensure that only the least costly most appropriate transportation and travel expenses are used. The state may enter into volume purchase contracts, or use a competitive bidding process, whenever feasible, to minimize the costs of transportation services. If the state has entered into a volume purchase contract or used the competitive bidding procedures of chapter 16B to arrange for transportation services, the county may be required to use such arrangements to be eligible for state reimbursement for general assistance medical care common carrier transportation and related travel expenses provided for medical purposes.

In counties where prepaid health plans are under contract to the commissioner to provide services to general assistance medical care recipients, the cost of court ordered treatment that does not include diagnostic evaluation, recommendation, or referral for treatment by the prepaid health plan is the responsibility of the county of financial responsibility.

Sec. 77. Minnesota Statutes 1988, section 256D.03, subdivision 7, is amended to read:

Subd. 7. [DUTIES OF THE COMMISSIONER.] The commissioner shall promulgate emergency and permanent rules as necessary to establish:

(a) standards of eligibility, utilization of services, and payment levels;

(b) standards for quality assurance, surveillance, and utilization review procedures that conform to those established for the medical assistance program pursuant to chapter 256B, including general criteria and procedures for the identification and prompt investigation of suspected fraud, theft, abuse, presentment of false or duplicate claims, presentment of claims for services not medically necessary, or false statements or representations of material facts by a vendor or recipient of general assistance medical care, and for the imposition of sanctions against such vendor or recipient of medical care. The rules relating to sanctions shall be consistent with the provisions of section 256B.064, subdivisions 1a and 2; and

(c) administrative and fiscal procedures for payment of the state share of the medical costs incurred by the counties under section 256D.02, subdivision 4a. Rules promulgated pursuant to this clause may include: (1) procedures by which state liability for the costs of medical care incurred pursuant to section 256D.02, subdivision 4a may be deducted from county liability to the state under any other public assistance program authorized by law; (2) procedures for processing claims of counties for reimbursement by the state for expenditures for medical care made by the counties pursuant to section 256D.02, subdivision 4a; and (3) procedures by which the local agencies may contract with the commissioner of human services for state administration of general assistance medical care payments.

Sec. 78. Minnesota Statutes 1988, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Unless the obligee has comparable or better group dependent health insurance coverage available at a more reasonable cost, the court shall order the obligor to name the minor child as beneficiary on any health and dental insurance plan that is available to the obligor on a group basis or through an

employer or union. "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.

If the court finds that dependent health or dental insurance is not available to the obligor on a group basis or through an employer or union, or that the group insurer is not accessible to the obligee, the court may require the obligor to obtain dependent health or dental insurance, or to be liable for reasonable and necessary medical or dental expenses of the child.

If the court finds that the dependent health or dental insurance required to be obtained by the obligor does not pay all the reasonable and necessary medical or dental expenses of the child, or that the dependent health or dental insurance available to the obligee does not pay all the reasonable and necessary medical or dental expenses of the child, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan.

Sec. 79. Minnesota Statutes 1988, section 518.171, subdivision 3, is amended to read:

Subd. 3. [IMPLEMENTATION.] A copy of the court order for insurance coverage shall be forwarded to the obligor's employer or union by the obligee or the public authority responsible for support enforcement only when ordered by the court or when the following conditions are met:

(1) the obligor fails to provide written proof to the obligee or the public authority, within 30 days of receiving effective notice of the court order, that the insurance has been obtained or that application for insurability has been made;

(2) the obligee or the public authority serves written notice of its intent to enforce medical support on the obligor by mail at the obligor's last known post office address; and

(3) the obligor fails within 15 days after the mailing of the notice to provide written proof to the obligee or the public authority that the insurance coverage existed as of the date of mailing.

The employer or union shall forward a copy of the order to the health and dental insurance plan offered by the employer.

Sec. 80. Minnesota Statutes 1988, section 518.171, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] The order is binding on the employer or union and the health and dental insurance plan when service under subdivision 3 has been made. Upon receipt of the order, or upon application of the obligor pursuant to the order, the employer or union and its health and dental insurance plan shall enroll the minor child as a beneficiary in the group insurance plan and withhold any required premium from the obligor's income or wages. If more than one plan is offered by the employer or union, the child shall be enrolled in the insurance plan in which the obligor is enrolled or the least costly plan otherwise available to the obligor that is comparable to a number two qualified plan. Failure of the obligor to execute any documents necessary to enroll the dependent in the group health and dental insurance plan will not affect the obligation of the employer or union and group health and dental insurance plan to enroll the dependent in a plan for which other eligibility requirements are met. Information and authorization provided by the public authority responsible for child support enforcement, or by the custodial parent or guardian, is valid for the purposes of meeting enrollment requirements of the health plan. The insurance coverage for a child eligible under subdivision 5 shall not be terminated except as authorized in subdivision 5.

Sec. 81. Minnesota Statutes 1988, section 518.171, subdivision 7, is amended to read:

Subd. 7. [RELEASE OF INFORMATION.] When an order for dependent insurance coverage is in effect, the obligor's employer or union shall release to the obligee or the public authority, upon request, information on the dependent coverage, including the name of the insurer. Notwithstanding any other law, information reported pursuant to section 268.121 shall be released to the public agency responsible for support enforcement that is enforcing an order for medical or dental insurance coverage under this section. The public agency responsible for support enforcement is authorized to release to the obligor's insurer or employer information necessary to obtain or enforce medical support.

Sec. 82. Laws 1988, chapter 689, article 2, section 256, subdivision 3, is amended to read:

Subd. 3. [REPORT.] The commissioner shall monitor and evaluate the pilot projects and report to the legislature by January 31, ~~1991~~ 1993. The report must address at least the following:

- (1) the extent to which each pilot project succeeded in moving elderly persons out of nursing homes into less restrictive settings or in delaying placement in a nursing home;
- (2) the ability of each project to target low-income, frail elderly;

(3) the cost-effectiveness of each project, including the financial impact on the resident, the state, and the county;

(4) the success of each project in meeting other goals established by the commissioner; and

(5) recommendations on whether the pilot projects should be continued or expanded.

Sec. 83. [RECOMMENDATIONS REGARDING PROPERTY COST PAYMENTS.]

By December 15, 1990, the rule 50 property reimbursement advisory task force under the convening authority of the commissioner of state planning shall recommend to the legislature a new system for determining property-related payment rates for nursing homes. The system recommended by the advisory task force must not increase total medical assistance spending for nursing home property costs. The system must be designed to:

(1) reimburse nursing homes for their legitimate and reasonable property-related costs;

(2) permit appropriate sales of facilities within reasonable limitations;

(3) allow for the reasonable accumulation of funds to replace capital assets;

(4) take into consideration Medicare principles and required state plan assurances;

(5) provide equitable treatment of facilities;

(6) establish limitations on investment per bed; and

(7) encourage long-term ownership of nursing facilities through providing a return on an owner's actual investment which is related to the length of ownership at the time of an arm's length sale.

Sec. 84. [FULL FUNDING POLICY FOR THE WIC PROGRAM.]

The WIC program is an effective method of ensuring that the basic nutritional needs of low-income pregnant women and small children are met. Therefore the goal of the legislature is to achieve, by July 1, 1993, a level of funding that will be sufficient to serve all persons in the state who are eligible for the program.

Sec. 85. [FEDERAL WAIVER TO REDUCE THE FREQUENCY

OF ELIGIBILITY REDETERMINATIONS FOR INFANTS ON MEDICAL ASSISTANCE.]

The commissioner of human services shall seek federal approval to eliminate eligibility redeterminations for pregnant women and infants eligible for medical assistance under Minnesota Statutes, section 256B.055, subdivisions 6 and 10, until one year after the birth of the child. The commissioner shall begin the process of seeking federal approval no later than December 31, 1990.

Sec. 86. [PRENATAL CARE AND PREVENTIVE CARE FOR CHILDREN.]

The commissioner of health, in consultation with the commissioner of human services, the commissioner of state planning, and the commissioner of education, shall prepare a state plan to improve utilization rates of medically appropriate prenatal care and preventive care for children. The plan must address at least the following issues: (1) methods of addressing barriers such as the need for child care and transportation; (2) techniques for improving public awareness of the need for prenatal care and preventive care, both statewide and within high risk target populations; and (3) strategies for overcoming cultural factors that may discourage minority populations from obtaining medically appropriate prenatal care and preventive care. To the extent possible, the commissioner shall identify methods of improving access and utilization rates that would not require a significant increase in legislative appropriations, such as reallocation of existing money, coordination and increased efficiency of existing programs, techniques for generating private contributions or federal money, and increased use of volunteers and donated services and facilities. The commissioner shall also include in the plan an analysis of the extent to which improved utilization rates, both statewide and within target populations, could result in cost savings in the medical assistance program, the general assistance medical care program, and the children's health plan. The commissioner shall present the plan to the governor and the legislature by December 15, 1990. It is the intent of the legislature to enact legislation to implement the plan during the 1991 session.

Sec. 87. [CONSUMER AWARENESS CAMPAIGN.]

The department of commerce shall establish a consumer awareness campaign to inform the public of cost effective strategies for the purchase of affordable health insurance. The department of commerce may accept public and private funds to establish and promote this consumer awareness campaign.

ARTICLE 4

Section 1. Minnesota Statutes 1988, section 256.73, subdivision 2, is amended to read:

Subd. 2. [ALLOWANCE BARRED BY OWNERSHIP OF PROPERTY.] Ownership by an assistance unit of property as follows is a bar to any allowance under sections 256.72 to 256.87:

(1) The value of real property other than the homestead, which when combined with other assets exceeds the limits of paragraph (2), unless the assistance unit is making a good faith effort to sell the nonexcludable real property. The time period for disposal must not exceed nine months and the assistance unit shall execute an agreement to dispose of the property to repay assistance received during the nine months up to the amount of the net sale proceeds. The payment must be made when the property is sold. If the property is not sold within the required time or the assistance unit becomes ineligible for any reason the entire amount received during the nine months is an overpayment and subject to recovery. For the purposes of this section, "homestead" means the home ~~owned and occupied by the child, relative, or other member of the assistance unit as a dwelling place, that is owned by, and is the usual residence of, the child, relative, or other member of the assistance unit together with the surrounding property which is not separated from the home by intervening property owned by others.~~ "Usual residence" includes the home from which the child, relative, or other members of the assistance unit is temporarily absent due to an employability development plan approved by the local human service agency, which includes education, training, or job search within the state but outside of the immediate geographic area. Public rights-of-way, such as roads which run through the surrounding property and separate it from the home, will not affect the exemption of the property; or

(2) Personal property of an equity value in excess of \$1,000 for the entire assistance unit, exclusive of personal property used as the home, one motor vehicle of an equity value not exceeding \$1,500 or the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business, one burial plot for each member of the assistance unit, one prepaid burial contract with an equity value of no more than \$1,000 for each member of the assistance unit, clothing and necessary household furniture and equipment and other basic maintenance items essential for daily living, in accordance with rules promulgated by and standards established by the commissioner of human services.

Sec. 2. Minnesota Statutes 1989 Supplement, section 256.73, subdivision 3a, is amended to read:

Subd. 3a. [PERSONS INELIGIBLE.] No assistance shall be given under sections 256.72 to 256.87:

(1) on behalf of any person who is receiving supplemental security income under title XVI of the Social Security Act unless permitted by federal regulations;

(2) for any month in which the assistance unit's gross income, without application of deductions or disregards, exceeds 185 percent of the standard of need for a family of the same size and composition; except that the earnings of a dependent child who is a full-time student may be disregarded for six calendar months per year and the earnings of a dependent child who is a full-time student that are derived from the jobs training and partnership act may be disregarded for six calendar months per year. If a stepparent's income is taken into account in determining need, the disregards specified in section 256.74, subdivision 1a, shall be applied to determine income available to the assistance unit before calculating the unit's gross income for purposes of this paragraph;

(3) to any assistance unit for any month in which any caretaker relative with whom the child is living is, on the last day of that month, participating in a strike;

(4) on behalf of any other individual in the assistance unit, nor shall the individual's needs be taken into account for any month in which, on the last day of the month, the individual is participating in a strike;

(5) on behalf of any individual who is the principal earner in an assistance unit whose eligibility is based on the unemployment of a parent when the principal earner, without good cause, fails or refuses to seek work, to participate in the job search program under section 256.736, or a community work experience program under section 256.737 if this program is available and participation is mandatory in the county, to accept employment, or to register with a public employment office, unless the principal earner is exempt from these work requirements.

Sec. 3. Minnesota Statutes 1988, section 256.736, subdivision 1a, is amended to read:

Subd. 1a. [DEFINITIONS.] As used in this section and section 256.7365, the following words have the meanings given them:

(4) a person whose presence in the home is required because of illness or incapacity of another member of the household;

(b) To the extent permissible by federal law, applicants for benefits under the AFDC program are registered for employment and training services by signing the application form. Applicants must be informed that they are registering for employment and training services by signing the form. Persons receiving benefits on or after July 1, 1987, shall register for employment and training services to the extent permissible by federal law. The caretaker has a right to a fair hearing under section 256.045 with respect to the appropriateness of the registration.

Sec. 5. Minnesota Statutes 1988, section 256.736, subdivision 3a, is amended to read:

Subd. 3a. [PARTICIPATION.] Caretakers in priority groups must participate in employment and training services under this section to the extent permissible under federal law. However, no assistance unit may be sanctioned for a caretaker's failure to participate in employment and training services under this section if failure

results from inadequate funding for employment and training services. (a) Except as provided under paragraphs (b) and (c) participation in employment and training services under this section is limited to the following recipients:

(1) caretakers who are required to participate in a job search under subdivision 14;

(2) custodial parents who are subject to the school attendance or case management participation requirements under subdivision 3b;

(5) recipients who have received AFDC for 48 or more months out of the last 60 months;

(6) recipients who are participants in the self-employment investment demonstration project under section 268.95; and

(7) recipients who participate in the new chance research and demonstration project under contract with the department of human services.

(b) If the commissioner determines that participation of persons listed in paragraph (a) in employment and training services is insufficient to either meet federal performance targets or to fully utilize funds appropriated under this section, the commissioner may, after notifying the chairs of the senate health and human services committee, the house health and human services committee, the health and human services division of the senate finance committee and the health and human services division of house appropriations, permit additional groups of recipients to participate until the next meeting of the legislative advisory commission, after which the additional groups may continue to enroll for participation, unless the legislative advisory commission disapproves the continued enrollment. The commissioner shall allow participation of additional groups in the following order only as needed to meet performance targets or fully utilize funding for employment and training services under section 256.736:

(1) custodial parents under the age of 22 who:

(i) have not completed a high school education and who, at the

time of application for AFDC, were not enrolled in high school or in a high school equivalency program; or

(ii) have had little or no work experience in the preceding year;

(2) recipients who have received at least 42 months of AFDC out of the previous 60 months;

(3) custodial parents under the age of 24 who:

(ii) have had little or no work experience in the preceding year;

(4) recipients who have received at least 36 months of AFDC out of the previous 60 months;

(5) recipients who have received 24 or more months of AFDC out of the previous 48 months; and

(c) To the extent of funds allocated specifically for this paragraph, the commissioner may permit AFDC caretakers who are not eligible for participation in employment and training services under the provisions of paragraphs (a) or (b), to participate in such services. Funds shall be allocated to county agencies based on the county's percentage of participants statewide in services under this section in the prior calendar year. Counties must provide equal or greater services to participants enrolled under that paragraph, as measured in average per client expenditures, as provided to other participants in employment and training services under this section. Caretakers shall be selected from a waiting list of caretakers who volunteer to participate, based upon a first come, first served principle. The commissioner may on a quarterly basis reallocate unused allocations to county agencies who have sufficient volunteers. In the event that funding under this paragraph is discontinued in future fiscal years, caretakers who began participation under this paragraph shall be deemed eligible under the provisions of paragraph (a), item (3).

Sec. 6. Minnesota Statutes 1989 Supplement, section 256.736, subdivision 3b, is amended to read:

Subd. 3b. [MANDATORY ASSESSMENT AND SCHOOL ATTENDANCE FOR CERTAIN CUSTODIAL PARENTS.] This subdi-

(2) "School" means:

(i) an educational program which leads to a high school diploma. The program or coursework may be, but is not limited to, a program under the post-secondary enrollment options of section 123.3514, a regular or alternative program of an elementary or secondary school, a technical institute, or a college;

(ii) coursework for a general educational development (GED) diploma of not less than six hours of classroom instruction per week; or

(iii) any other post-secondary educational program that is approved by the public school or the local agency under subdivision 11.

(b) [ASSESSMENT AND PLAN; REQUIREMENT; CONTENT.] The county agency must examine the educational level of each custodial parent under the age of 20 to determine if the recipient has completed a high school education or its equivalent. If the custodial parent has not completed a high school education or its equivalent and is not exempt from the requirement to attend school under paragraph (c), the county agency must complete an individual assessment for the custodial parent. The assessment must be performed as soon as possible but within 60 days of determining AFDC eligibility for the custodial parent. The assessment must provide an initial examination of the custodial parent's educational progress and needs, literacy level, child care and supportive service needs, family circumstances, skills, and work experience. In the case of a custodial parent under the age of 18, the assessment must also consider the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening, if available, and the effect of a child's development and educational needs on the parent's ability to participate in the program. The county agency must advise the parent that the parent's first goal must be to complete an appropriate educational option if one is identified for the parent through the assessment and, in consultation with educational agencies, must review the various school completion options with the parent and assist the parent in selecting the most appropriate option.

(c) [RESPONSIBILITY FOR ASSESSMENT AND PLAN.] For

custodial parents who are under age 18, the assessment and the employability plan must be completed by the county social services agency, as specified in section 257.33. For custodial parents who are age 18 or 19, the assessment and employability plan must be completed by the case manager. The social services agency or the case manager shall consult with representatives of educational agencies required to assist in developing educational plans under section 126.235.

(d) [EDUCATION DETERMINED TO BE APPROPRIATE.] If the case manager or county social services agency identifies an appropriate educational option, it must develop an employability plan in consultation with the custodial parent which reflects the assessment. The plan must specify that participation in an educational activity is required, what school or educational program is most appropriate, the services that will be provided, the activities the parent will take part in including child care and supportive services, the consequences to the custodial parent for failing to participate or comply with the specified requirements, and the right to appeal any adverse action. The employability plan must, to the extent possible, reflect the preferences of the participant.

(e) [EDUCATION DETERMINED TO BE NOT APPROPRIATE.] If the case manager determines that there is no appropriate educational option for a custodial parent who is age 18 or 19, the case manager shall indicate the reasons for the determination. The case manager shall then notify the county agency which must refer the custodial parent to case management services under subdivision 11 for completion of an employability plan and services. If the custodial parent fails to participate or cooperate with case management services and does not have good cause for the failure, the county agency shall apply the sanctions listed in subdivision 4, beginning with the first payment month after issuance of notice. If the county social services agency determines that school attendance is not appropriate for a custodial parent under age 18, the county agency shall refer the custodial parent to social services for services as provided in section 257.33.

(f) [SCHOOL ATTENDANCE REQUIRED.] Notwithstanding subdivision 3, a custodial parent must attend school if all of the following apply:

- (1) the custodial parent is less than 20 years of age;
- (2) transportation services needed to enable the custodial parent to attend school are available;
- (3) licensed or legal nonlicensed child care services needed to enable the custodial parent to attend school are available;

(4) the custodial parent has not already received a high school diploma or its equivalent; and

(5) the custodial parent is not exempt because the custodial parent:

(i) is ill or incapacitated seriously enough to prevent him or her from attending school;

(ii) is needed in the home because of the illness or incapacity of another member of the household; this includes a custodial parent of a child who is younger than six weeks of age;

(iii) works 30 or more hours a week; or

(iv) is pregnant if it has been medically verified that the child's birth is expected in ~~the current month or~~ within the next six months.

(g) [ENROLLMENT AND ATTENDANCE.] The custodial parent must be enrolled in school and meeting the school's attendance requirements. The custodial parent is considered to be attending when he or she is enrolled but the school is not in regular session, including during holiday and summer breaks.

(h) [GOOD CAUSE FOR NOT ATTENDING SCHOOL.] The local agency shall not impose the sanctions in subdivision 4 if it determines that a custodial parent has good cause for not being enrolled or for not meeting the school's attendance requirements. The local agency shall determine whether good cause for not attending or not enrolling in school exists, according to this paragraph:

(1) Good cause exists when the local agency has verified that the only available school program requires round trip commuting time from the custodial parent's residence of more than two hours by available means of transportation, excluding the time necessary to transport children to and from child care.

(2) Good cause exists when the custodial parent has indicated a desire to attend school, but the public school system is not providing for his or her education and alternative programs are not available.

(i) [FAILURE TO COMPLY.] The case manager and social services agency shall establish ongoing contact with appropriate school staff to monitor problems that custodial parents may have in pursuing their educational plan and shall jointly seek solutions to prevent parents from failing to complete education. If the school notifies the local agency that the custodial parent is not enrolled or is not meeting the school's attendance requirements, or appears to be facing barriers to completing education, the information must be

conveyed to the case manager for a custodial parent age 18 or 19, or to the social services agency for a custodial parent under age 18. The case manager or social services agency shall reassess the appropriateness of school attendance as specified in paragraph (f). If after consultation, school attendance is still appropriate and the case manager or social services agency determines that the custodial parent has failed to enroll or is not meeting the school's attendance requirements and the custodial parent does not have good cause, the case manager or social services agency shall inform the custodial parent's financial worker who shall apply the sanctions listed in subdivision 4 beginning with the first payment month after issuance of notice.

(j) [NOTICE AND HEARING.] A right to notice and fair hearing shall be provided in accordance with section 256.045 and the Code of Federal Regulations, title 45, section 205.10.

(k) [SOCIAL SERVICES.] When a custodial parent under the age of 18 has failed to attend school, is not exempt, and does not have good cause, the local agency shall refer the custodial parent to the social services agency for services, as provided in section 257.33.

(l) [VERIFICATION.] No less often than quarterly, the financial worker must verify that the custodial parent is meeting the requirements of this subdivision. Notwithstanding section 13.32, subdivision 3, when the local agency notifies the school that a custodial parent is subject to this subdivision, the school must furnish verification of school enrollment, attendance, and progress to the local agency. The county agency must not impose the sanctions in paragraph (i) if the school fails to cooperate in providing verification of the minor parent's education, attendance, or progress.

The caretaker may request a hearing pursuant to section 256.045 to dispute the contents of a contract or assessment developed under this section. The caretaker need not request a conciliation conference in order to request a hearing pursuant to section 256.045.

(2) Twenty percent of the state money must be allocated based on the average monthly number of nonpriority caretakers receiving AFDC in the county for the period ending December 31 of the previous fiscal year. Funds may be used to develop employability plans for nonpriority caretakers if resources allow.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous fiscal year.

The commissioner of human services shall bill the United States Department of Health and Human Services and the United States Department of Agriculture for the reimbursement and appropriate the reimbursed money to the county, the department of jobs and training, or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

(g) (h) The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the fourth quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.

(i) The county agency may continue to provide case management and supportive services to a participant for up to 90 days after the participant loses AFDC eligibility, and may continue providing a specific employment and training service for the duration of that service to a participant if funds for the service are obligated or expended prior to the participant losing AFDC eligibility.

Sec. 13. Minnesota Statutes 1989 Supplement, section 256.736, subdivision 18, is amended to read:

Subd. 18. [PROGRAM OPERATION BY INDIAN TRIBES.] (a) The commissioner may enter into agreements with any federally recognized Indian tribe with a reservation in the state to provide employment and training programs under this section to members

of the Indian tribe receiving AFDC. For purposes of this section, "Indian tribe" means a tribe, band, nation, or other organized group or community of Indians that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; and for which a reservation exists as is consistent with Public Law Number 100-485, as amended.

(b) Agreements entered into under this subdivision must require the governing body of the Indian tribe to fulfill all county responsibilities required under this section in operation of the employment and training services covered by the contract, excluding the county share of costs in subdivision 13 and any county function related to AFDC eligibility determination or grant payment. The commissioner may enter into an agreement with a consortium of Indian tribes providing the governing body of each Indian tribe in the consortium agrees to these conditions.

(c) Agreements entered into under this subdivision must require the Indian tribe to operate the employment and training services within a geographic service area not to exceed the counties within which a border of the reservation falls. Indian tribes may also operate services in Hennepin and Ramsey counties or other geographic areas as approved by the commissioner of human services in consultation with the commissioner of jobs and training.

(d) Agreements entered into under this section must require the Indian tribe to operate a federal jobs program under Public Law Number 100-485, section 482(i).

(e) Agreements entered into under this section must require conformity with section 13.46 and any applicable federal regulations in the use of data about AFDC recipients.

(f) Agreements entered into under this section must require financial and program participant activity record keeping and reporting in the manner and using the forms and procedures specified by the commissioner and that federal reimbursement received must be used to expand operation of the employment and training services.

(g) Agreements entered into under this section must require that the Indian tribe coordinate operation of the programs with county employment and training programs, Indian Job Training Partnership Act programs, and educational programs in the counties in which the tribal unit's program operates.

(h) Agreements entered into under this section must require the Indian tribe to allow inspection of program operations and records by representatives of the department.

(i) Agreements entered into under this subdivision must require the Indian tribe to ~~contract with an~~ have its employment and training service provider certified by the commissioner of jobs and training for operation of the programs; ~~or become certified itself.~~

(j) Agreements entered into under this subdivision must require the Indian tribe to specify a starting date for each program with a procedure to enable tribal members participating in county-operated employment and training services to make the transition to the program operated by the tribal unit. Programs must begin on the first day of a month specified by the agreement.

(k) If the commissioner and Indian tribe enter into an agreement, the commissioner, after consulting with the commissioner of jobs and training regarding tribal plan status, may immediately reallocate county case management and employment and training block grant money from the counties in the Indian tribe's service area to the Indian tribe, prorating each county's annual allocations according to that percentage of the number of adult tribal unit members receiving AFDC residing in the county compared to the total number of adult AFDC recipients residing in the county and also prorating the annual allocation according to the month in which the Indian tribe program starts. If the Indian tribe cancels the agreement or fails, in the commissioner's judgment, to fulfill any requirement of the agreement, the commissioner shall reallocate money back to the counties in the Indian tribe's service area.

(l) Indian tribe members receiving AFDC and residing in the service area of an Indian tribe operating employment and training services under an agreement with the commissioner must be referred by county agencies in the service area to the Indian tribe for employment and training services.

(m) The Indian tribe shall bill the commissioner of human services for services performed under the contract. The commissioner shall bill the United States Department of Health and Human Services for reimbursement. Federal receipts are appropriated to the commissioner to be provided to the Indian tribe that submitted the original bill.

Sec. 16. Minnesota Statutes 1989 Supplement, section 256.737, subdivision 2, is amended to read:

Subd. 2. [PROGRAM REQUIREMENTS.] (a) Programs under this section are limited to projects that serve a useful public service such as: health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety and child care. To the extent possible, the prior training, skills, and experience of a recipient must be used in making appropriate work experience assignments.

(b) As a condition to placing a person receiving aid to families with dependent children in a program under this subdivision, the county agency shall first provide the recipient the opportunity to participate in the following services:

(1) placement in suitable subsidized or unsubsidized employment through participation in job search under section 256.736, subdivision 14; or

(2) basic educational or vocational or occupational training for an identifiable job opportunity.

(c) If the A recipient refuses who has completed a job search under section 256.736, subdivision 14, who is unable to secure suitable employment, and a who is not enrolled in an approved training program, the county agency may, subject to subdivision 1, require the recipient to participate in a community work experience program as a condition of eligibility.

(d) The county agency shall limit the maximum number of hours any participant under this section may be required to work in any month to a number equal to the amount of the aid to families with dependent children payable to the family divided by the greater of the federal minimum wage or the applicable state minimum wage.

(e) After a participant has been assigned to a position under this section for nine months, the participant may not be required to continue in that assignment unless the maximum number of hours a participant is required to work works is no greater than the amount of the aid to families with dependent children payable with respect to the family divided by the higher of (1) the federal minimum wage or the applicable state minimum wage, whichever is greater, or (2) the rate of pay for individuals employed in the same or similar occupations by the same employer at the same site.

Sec. 17. [256.739] [GRANT DIVERSION.]

(a) County agencies may, according to section 256.736, subdivision 10, develop grant diversion programs that permit voluntary participation by AFDC recipients. A county agency that chooses to provide grant diversion as one of its optional employment and training services may divert to an employer part or all of the AFDC payment for the participant's assistance unit, in compliance with federal regulations and laws. Such payments to an employer are to subsidize employment for AFDC recipients as an alternative to public assistance payments.

(b) County agencies shall limit the length of training to nine months. Placement in a grant diversion training position with an employer is for the purpose of training and employment with the same employer, who has agreed to retain the person upon satisfactory completion of training.

(c) Placement of any recipient in a grant diversion subsidized training position must be compatible with the assessment and employability development plan established for the recipient under section 256.736, subdivision 10, paragraph (a), clauses (14) and (15).

Sec. 18. Minnesota Statutes 1989 Supplement, section 256D.01, subdivision 1a, is amended to read:

Subd. 1a. [STANDARDS.] (a) A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs.

(b) The commissioner shall set the standard of assistance for an assistance unit consisting of an adult recipient who is childless and unmarried or living apart from children and spouse and who does not live with a parent or parents or a legal custodian. When the other standards specified in this subdivision increase, this standard must also be increased by the same percentage.

(c) For an assistance unit consisting of a single adult who lives with a parent or parents, the general assistance standard of assistance is the amount that the aid to families with dependent children standard of assistance would increase if the recipient were added as an additional minor child to an assistance unit consisting of the recipient's parent and all of that parent's family members, except that the standard may not exceed the standard for a general assistance recipient living alone. Benefits received by a responsible relative of the assistance unit under the supplemental security income program, a workers' compensation program, the Minnesota supplemental aid program, or any other program based on the responsible relative's disability, and any benefits received by a responsible relative of the assistance unit under the social security retirement program, may not be counted in the determination of eligibility or benefit level for the assistance unit. Except as provided below, the assistance unit is ineligible for general assistance if the available resources or the countable income of the assistance unit and the parent or parents with whom the assistance unit lives are such that a family consisting of the assistance unit's parent or parents, the parent or parents' other family members and the assistance unit as the only or additional minor child would be financially ineligible for general assistance. For the purposes of calculating the countable income of the assistance unit's parent or parents, the calculation methods, income deductions, exclusions, and disregards used when calculating the countable income for a single adult or childless couple must be used.

(d) For an assistance unit consisting of a childless couple, the standards of assistance are the same as the first and second adult standards of the aid to families with dependent children program. If one member of the couple is not included in the general assistance grant, the standard of assistance for the other is the second adult standard of the aid to families with dependent children program.

(e) For an assistance unit consisting of all members of a family, the standards of assistance are the same as the standards of assistance that apply to a family under the aid to families with dependent children program if that family had the same number of parents and children as the assistance unit under general assistance and if all members of that family were eligible for the aid to families with dependent children program. If one or more members of the family are not included in the assistance unit for general assistance, the standards of assistance for the remaining members are the same as the standards of assistance that apply to an assistance unit composed of the entire family, less the standards of assistance for a family of the same number of parents and children as those members of the family who are not in the assistance unit for general assistance. However, if an assistance unit consists solely of the minor children because their parent or parents have been sanctioned from receiving benefits from the aid to families with dependent children program, the standard for the assistance unit is the same as the special child standard of the aid to families with dependent children program. In no case shall the standard for family members who are in the assistance unit for general assistance, when combined with the standard for family members who are not in the general assistance unit, total more than the standard for the entire family if all members were in an AFDC assistance unit. A child may not be excluded from the assistance unit unless income intended for its benefit is received from a federally aided categorical assistance program or supplemental security income. The income of a child who is excluded from the assistance unit may not be counted in the determination of eligibility or benefit level for the assistance unit.

(f) An assistance unit consisting of one or more members of a family must have its grant determined using the policies and procedures of the aid to families with dependent children program. However, the standard of assistance must be determined according to paragraph (e), the first \$50 of total child support received by an assistance unit in a month must be excluded and the balance counted as unearned income, and nonrecurring lump sums received by the family must be considered income in the month received and a resource in the following months.

Sec. 19. Minnesota Statutes 1988, section 256D.01, is amended by adding a subdivision to read:

Subd. 1d. [RULES REGARDING EMERGENCY ASSISTANCE.]

In order to maximize the use of federal funds, the commissioner shall adopt rules, to the extent permitted by federal law, for eligibility for the emergency assistance program under aid to families with dependent children, and under the terms of sections 256D.01 to 256D.21 for general assistance, to require use of the emergency program under aid to families with dependent children as the primary financial resource when available. The commissioner shall adopt rules for eligibility for general assistance of persons with seasonal income and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient. General assistance payments may not be made for foster care, child welfare services, or other social services. Vendor payments and vouchers may be issued only as authorized in sections 256D.05, subdivision 6, and 256D.09.

Sec. 20. Minnesota Statutes 1988, section 256D.02, subdivision 5, is amended to read:

Subd. 5. "Family" means the following persons who live together: a minor child or a group of minor children related to each other as siblings, half siblings, or stepsiblings, together with their natural or adoptive parents, their stepparents, or their legal custodians, and any other minor children of whom an adult member of the family is a legal custodian. applicant or recipient and the following persons who reside with the applicant or recipient:

(1) the applicant's spouse;

(2) any minor child of whom the applicant is a parent, stepparent, or legal custodian, and that child's minor siblings, including half-siblings and step-siblings;

(3) the other parent of the applicant's minor child or children together with that parent's minor children, and, if that parent is a minor, his or her parents, stepparents, legal guardians, and minor siblings; and

(4) if the applicant or recipient is a minor, the minor's parents, stepparents, or legal guardians, and any other minor children for whom those parents, stepparents, or legal guardians are financially responsible.

A "family" must contain at least one minor child and at least one of that child's natural or adoptive parents, stepparents, or legal custodians.

Sec. 21. Minnesota Statutes 1988, section 256D.02, subdivision 8, is amended to read:

Subd. 8. "Income" means any form of income, including remuner-

ation for services performed as an employee and net earnings from self-employment, reduced by the amount attributable to employment expenses as defined by the commissioner. The amount attributable to employment expenses shall include amounts paid or withheld for federal and state personal income taxes and federal social security taxes.

"Income" includes any payments received as an annuity, retirement, or disability benefit, including veteran's or workers' compensation; old age, survivors, and disability insurance; railroad retirement benefits; unemployment benefits; and benefits under any federally aided categorical assistance program, supplementary security income, or other assistance program; rents, dividends, interest and royalties; and support and maintenance payments. Such payments may not be considered as available to meet the needs of any person other than the person for whose benefit they are received, unless that person is a family member or a spouse and the income is not excluded under section 256D.01, subdivision 1a. Goods and services provided in lieu of cash payment shall be excluded from the definition of income, except that payments made for room, board, tuition or fees by a parent, on behalf of a child enrolled as a full-time student in a post-secondary institution, and payments made on behalf of an applicant or recipient which the applicant or recipient could legally require to be paid in cash to himself or herself, must be included as income.

Sec. 22. Minnesota Statutes 1988, section 256D.02, subdivision 12, is amended to read:

Subd. 12. "Local County agency" means the agency designated by the county board of commissioners, human services boards, county welfare boards in the several counties of the state or multicounty welfare boards or departments where those have been established in accordance with law.

Sec. 23. Minnesota Statutes Second 1989 Supplement, section 256D.03, subdivision 2, is amended to read:

Subd. 2. After December 31, 1980, state aid shall be paid to local agencies for 75 percent of all general assistance and work readiness grants up to the standards of sections 256D.01, subdivision 1a, and 256D.051, and according to procedures established by the commissioner, except as provided for under section 256.017 and except that, after December 31, 1987 until January 1 1991, state aid is reduced to 65 percent of all work readiness assistance if the local agency does not make occupational or vocational literacy training available and accessible to recipients who are eligible for assistance under section 256D.051.

After December 31, 1986, state aid must be paid to local agencies for 65 percent of work readiness assistance paid under section

~~256D.051 if the county does not have an approved and operating community investment program.~~

Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of local agency expenditures made under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Sec. 24. Minnesota Statutes 1989 Supplement, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Work readiness payments must be provided to persons determined eligible for the work readiness program as provided in this subdivision except when the special payment provisions in subdivision 1b are utilized. The initial payment must be prorated to provide assistance for the period beginning with the date the completed application is received by the county agency or the date the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the final day of that month. The amount of the first payment must be determined by dividing the number of days to be covered under the payment by the number of days in the month, to determine the percentage of days in the month that are covered by the payment, and multiplying the monthly payment amount by this percentage. Subsequent payments must be paid monthly on the first day of each month.

~~There shall be an initial certification period which shall begin on the date the completed application is received by the county agency or the date that the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the date that mandatory registrants in the assistance unit must attend a work readiness orientation. This initial certification period may not cover a period in excess of 30 calendar days. All mandatory registrants in the assistance unit must be informed of the period of certification, the requirement to attend orientation, and that work readiness eligibility will end at the end of the certification period unless the registrants attend orientation. A registrant who fails to comply with requirements during the certification period, including attendance at orientation, will lose work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b).~~

At the time the county agency notifies the assistance unit that it

is eligible for work readiness assistance, the county agency must inform all mandatory registrants in the assistance unit that they must attend an orientation within 30 days, and that work readiness eligibility will end at the end of the month in which the orientation is scheduled unless the registrants attend orientation. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice, on or before the date that eligibility ends, which informs the registrant that work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination, and advises the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and attends an orientation, or demonstrates that the person had good cause for failing to comply with the requirement.

Sec. 25. Minnesota Statutes 1989 Supplement, section 256D.051, subdivision 1b, is amended to read:

Subd. 1b. [SPECIAL PAYMENT PROVISIONS.] A county agency may, at its option, provide work readiness payments as provided under section 256D.05, subdivision 6, during the initial certification period prorated to cover only an initial certification period. The initial certification period shall cover the time from the date the completed application is received by the county agency or the date that the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the date that mandatory registrants in the assistance unit must attend a work readiness orientation. This initial certification period may not cover a period in excess of 30 calendar days. All mandatory registrants in the assistance unit must be informed of the period of certification, the requirement to attend orientation, and that work readiness eligibility will end at the end of the certification period unless the registrants attend orientation. A registrant who fails, without good cause, to comply with requirements during the certification period, including attendance at orientation, will lose work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice, on or before the date that eligibility ends, which informs the registrant that work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination, and advises the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. If all mandatory registrants attend orientation, an additional grant of work readiness assistance must be issued to cover the period beginning the day after the scheduled orientation and ending on the final day of that month.

Subsequent payments of work readiness shall be governed by subdivision 1a or section 256D.05, subdivision 6. If one or more mandatory registrants from the assistance unit fail to attend the orientation, those who failed to attend orientation will be removed from the assistance unit without further notice and shall be ineligible for additional assistance. Subsequent assistance to such persons shall be dependent upon the person completing application for assistance and, being determined eligible, and attending an orientation or demonstrating that the person had good cause for failing to comply with the requirement.

A local agency that utilizes the provisions in this subdivision must implement the provisions consistently for all applicants or recipients in the county. A local agency must pay emergency general assistance to a registrant whose prorated work readiness payment does not meet emergency needs. ~~A local agency which elects to pay work readiness assistance on a prorated basis under this subdivision may not provide payments under section 256D.05, subdivision 6, for the same time period. A county agency may, at its option, provide work readiness payments as provided under section 256D.05, subdivision 6, during the initial certification period.~~

Sec. 26. Minnesota Statutes 1989 Supplement, section 256D.051, subdivision 2, is amended to read:

In order to allow time for job search, the local agency may not require an individual to participate in the work readiness program for more than 32 hours a week. The local agency shall require an individual to spend at least eight hours a week in job search or other work readiness program activities.

(b) The local agency shall prepare an annual plan for the operation of its work readiness program. The plan must be submitted to and approved by the commissioner of jobs and training. The plan must include:

- (1) a description of the services to be offered by the local agency;
- (2) a plan to coordinate the activities of all public entities providing employment-related services in order to avoid duplication of effort and to provide services more efficiently;
- (3) a description of the factors that will be taken into account when determining a client's employability development plan; and
- (4) provisions to assure that applicants and recipients are evaluated for eligibility for general assistance prior to termination from the work readiness program.

Sec. 27. Minnesota Statutes 1989 Supplement, section 256D.051, subdivision 3, is amended to read:

Subd. 3. [REGISTRANT DUTIES.] In order to receive work readiness assistance, a registrant shall: (1) cooperate with the local agency in all aspects of the work readiness program; (2) accept any suitable employment, including employment offered through the job training partnership act, Minnesota employment and economic development act, and other employment and training options; and (3) participate in work readiness activities assigned by the local agency. The local agency may terminate assistance to a registrant who fails to cooperate in the work readiness program, as provided in subdivision ~~3b~~ 3c.

refuses a legitimate offer of, or quits, suitable employment within 60 days before the date of application. A person who, without good cause, voluntarily quits suitable employment or refuses a legitimate offer of suitable employment while receiving work readiness payments or services shall be terminated from the work readiness program and disqualified for two months according to rules adopted by the commissioner.

Sec. 29. Minnesota Statutes 1988, section 256D.052, subdivision 5, is amended to read:

Subd. 5. [REASSESSMENT AND LITERACY REFERRAL.] (a) When a person is no longer functionally illiterate under rules adopted by the commissioner or is terminated for failure to comply with literacy training requirements, the local agency must assess the person's eligibility for general assistance under the remaining provisions of section 256D.05, subdivision 1, paragraph (a). The local agency must refer to the work readiness program under section 256D.051 all people not eligible for general assistance.

(b) ~~The local agency may also refer for voluntary work readiness services all recipients who reach a level of literacy that may allow successful participation in job training, provided that the job training does not interfere with a recipient's participation in literacy training. However, referral under this clause does not affect general assistance eligibility.~~

Sec. 30. Minnesota Statutes 1988, section 256D.06, subdivision 2, is amended to read:

Subd. 2. Notwithstanding the provisions of subdivision 1, a grant of general assistance shall be made to an eligible individual, married couple, or family for an emergency need, as defined in rules promulgated by the commissioner, where the recipient requests temporary assistance not exceeding 30 days if an emergency situation appears to exist and the individual is ineligible for the program of emergency assistance under aid to families with dependent children and is not a recipient of aid to families with dependent children at the time of application hereunder. If a an applicant or recipient relates facts to the local agency which may be sufficient to constitute an emergency situation, the local agency shall advise the recipient person of the procedure for applying for assistance pursuant to this subdivision.

Subdivision 1. Upon request of the court the county welfare board or probation officer shall investigate the personal and family history and environment of any minor coming within the jurisdiction of the court under section 260.111 and shall report its findings to the court. The court may order any minor coming within its jurisdiction to be examined by a duly qualified physician, psychiatrist, or psychologist appointed by the court and may order a child in need of special treatment for mental illness, chemical dependency, or a developmental disability to be placed in a residential treatment facility in accordance with subdivision 3. With the consent of the commissioner of corrections and agreement of the county to pay the costs thereof, the court may, by order, place a minor coming within its jurisdiction in an institution maintained by the commissioner for the detention, diagnosis, custody and treatment of persons adjudicated to be delinquent, in order that the condition of the minor be given due consideration in the disposition of the case. Adoption investigations shall be conducted in accordance with the laws relating to adoptions. Any funds received under the provisions of this subdivision shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The funds are available for use by the commissioner of corrections during that period and are hereby appropriated annually to the commissioner of corrections as reimbursement of the costs of providing these services to the juvenile courts.

Sec. 32. Minnesota Statutes 1988, section 260.151, is amended by adding a subdivision to read:

Subd. 3. [JUVENILE TREATMENT SCREENING TEAM.] The county welfare board shall establish a juvenile treatment screening team to conduct screenings and prepare the evaluations, reports, and case plans required by this subdivision. The team shall consist of social workers, juvenile justice professionals, and persons with expertise in the treatment of juveniles who are mentally ill, chemically dependent, or have a developmental disability. The team shall have the following duties:

(a) If the court, prior to final disposition, proposes to place a child in a residential treatment facility out of state or in one which is within the state and licensed by the commissioner of human services under chapter 245A, the screening team must evaluate the child to determine whether residential treatment is necessary. No child may be sent to a residential treatment facility out of state nor held for more than 72 hours in residential treatment within the state, under

this paragraph, unless a treatment professional certifies that an emergency requires the placement or unless the screening team has evaluated the child and recommended that the residential placement is the least restrictive alternative available in light of the child's treatment needs and the safety of the community. Where placement is made pursuant to an emergency certification, a screening team evaluation must be made as soon as possible. Unless the screening team recommends continued placement, the child must be released within five days of placement. All screening team recommendations must be supported by a report to be filed with the juvenile court within seven days of the recommendation. The report shall include a professional diagnosis of the child's condition and an outline of the proposed treatment plan.

(b) If it appears to the court that the child is likely to need special treatment and care for reasons of physical or mental health as part of a final disposition under this chapter, the court shall direct the county juvenile treatment screening team to complete a screening and assessment of the child and to develop a case plan for services, including residential services, if necessary. The case plan must be completed within 30 days of the court's order for the assessment and shall be developed in coordination with court services personnel to ensure that the best interests of the child and the safety needs of the community are met. The assessment and case plan shall be filed with the court and shall include a professional diagnosis of the child's condition and a proposed plan for treatment. If the plan recommends placement in a residential facility, the name of the facility must be specified along with the proposed length of stay and the plan for aftercare and follow-up treatment. A final disposition which involves commitment to a treatment facility out of state or to one which is within the state and licensed under chapter 245A shall not be entered in any proceeding under this chapter, unless the county board has developed and approved a case plan for treatment under this paragraph.

Sec. 33. Minnesota Statutes 1988, section 260.172, is amended by adding a subdivision to read:

Subd. 2c. [RESIDENTIAL TREATMENT FACILITY PLACEMENT.] The court may not place a child in a residential treatment facility under a detention order except as authorized under section 260.151, subdivision 3, paragraph (a).

Sec. 34. Minnesota Statutes 1989 Supplement, section 260.181, subdivision 2, is amended to read:

Subd. 2. [CONSIDERATION OF REPORTS.] Before making a disposition in a case, or terminating parental rights, or appointing a guardian for a child the court may consider any report or recommendation made by the county welfare board, probation officer, licensed child placing agency, foster parent, guardian ad litem, tribal repre-

sentative, or other authorized advocate for the child or child's family, or any other information deemed material by the court. In issuing a disposition order requiring that a child be placed in a residential treatment facility, the court must follow the juvenile screening team recommendation and case plan required by section 260.151, subdivision 3, paragraph (b).

Sec. 35. [COMPREHENSIVE STUDY.]

The commissioner of human services shall conduct a comprehensive study of state delivered hospital and community-based services for the six regional treatment centers and their catchment areas. “Sec. 32. Minnesota Statutes 1989 Supplement, section 297B.09, subdivision 1, is amended to read:

Subdivision 1. [GENERAL FUND SHARE.] (a) Money collected and received under this chapter must be deposited in the state treasury and credited to the general fund. The amounts collected and received shall be credited as provided in this subdivision, and transferred from the general fund on July 15 and January 15 of each fiscal year. The commissioner of finance must make each transfer based upon the actual receipts of the preceding six calendar months and include the interest earned during that six-month period. The commissioner of finance may establish a quarterly or other schedule providing for more frequent payments to the transit assistance fund if the commissioner determines it is necessary or desirable to provide for the cash flow needs of the recipients of money from the transit assistance fund.

(b) Thirty percent of the money collected and received under this chapter after June 30, 1988, and before July 1, 1991, and an additional \$3,408,000 for the fiscal year ending June 30, 1991, must be transferred to the highway user tax distribution fund and the transit assistance fund for apportionment as follows: 75 percent must be transferred to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund, and the remaining 25 percent of the money must be transferred to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state and to the regional transit board.

(c) Five percent of the money collected and received under this chapter after June 30, 1989, and before July 1, 1991, must be

transferred as follows: 75 percent must be transferred to the trunk highway fund and 25 percent must be transferred to the transit assistance fund.

(d) Thirty-five percent of the money collected and received under this chapter after June 30, 1991, must be transferred as follows: 75 percent must be transferred to the trunk highway fund and 25 percent must be transferred to the transit assistance fund.

(e) The distributions under this subdivision to the highway user tax distribution fund until June 30, 1991, and to the trunk highway fund thereafter, must be reduced by the amount necessary to fund the appropriation under section 41A.09, subdivision 1. For the fiscal years ending June 30, 1988, and June 30, 1989, the commissioner of finance, before making the transfers required on July 15 and January 15 of each year, shall estimate the amount required to fund the appropriation under section 41A.09, subdivision 1, for the six-month period for which the transfer is being made. The commissioner shall then reduce the amount transferred to the highway user tax distribution fund by the amount of that estimate. The commissioner shall reduce the estimate for any six-month period by the amount by which the estimate for the previous six-month period exceeded the amount needed to fund the appropriation under section 41A.09, subdivision 1, for that previous six-month period. If at any time during a six-month period in those fiscal years the amount of reduction in the transfer to the highway user tax distribution fund is insufficient to fund the appropriation under section 41A.09, subdivision 1 for that period, the commissioner shall transfer to the general fund from the highway user tax distribution fund an additional amount sufficient to fund the appropriation for that period, but the additional amount so transferred to the general fund in a six-month period may not exceed the amount transferred to the highway user tax distribution fund for that six-month period."

Effective for services rendered on or after July 1, 1990, payments for obstetrical and pediatric services to medical assistance recipients shall be increased by 15 percent. This increase shall be applied to the provider categories under section 6402(b) of the Omnibus Budget Reconciliation Act of 1989, and applicable federal guidelines. (3) refer to the 50th percentile of years subsequent to the calendar year specified in legislation governing maximum payment rates; and backdown the amount by applying an appropriate Consumer Price Index formula; or

(4) refer to relative value indexes; or

(5) refer to reimbursement information from other third parties, such as Medicare.

HEALTH DEPARTMENT; SOCIAL SERVICES

Section 1: Minnesota Statutes 1988, section 4.071, is amended to read:

4.071 [OIL OVERCHARGE MONEY.]

Subdivision 1. [APPROPRIATION REQUIRED.] "Oil overcharge money" means money received by the state as a result of litigation or settlements of alleged violations of federal petroleum pricing regulations. Oil overcharge money may not be spent until the legislative commission on Minnesota resources has reviewed the proposed projects and the money it is specifically appropriated by law.

Subd. 2. [MINNESOTA RESOURCES PROJECTS.] The legislature intends to appropriate one-half of the oil overcharge money for projects that have been reviewed and recommended by the legislative commission on Minnesota resources. A work plan must be prepared for each proposed project for review by the commission. The commission must recommend specific projects to the legislature.

Subd. 3. [ENERGY CONSERVATION PROJECTS.] The oil overcharge money that is not otherwise appropriated by law or dedicated by court order is appropriated to the commissioner of jobs and training for energy conservation projects that directly serve low-income Minnesotans. This appropriation is available until spent.

Sec. 2: Minnesota Statutes 1989 Supplement, section 116.76, subdivision 9, is amended to read:

Subd. 9. [GENERATOR.] "Generator" means a person whose activities produce infectious waste. "Generator" does not include a person who produces sharps as a result of administering medication to oneself. "Generator" does not include an ambulance service licensed under section 144.802, an eligible board of health, community health board, or public health nursing agency as defined in section 116.78, subdivision 10, or a program providing school health service under section 123.35, subdivision 17.

Sec. 3. Minnesota Statutes 1989 Supplement, section 116.78, is amended by adding a subdivision to read:

Subd. 9. [DISPOSAL OF INFECTIOUS WASTE BY AMBULANCE SERVICES.] Any infectious waste, as defined in section 116.76, subdivision 12, produced by an ambulance service in the transport or care of a patient must be properly packaged and disposed of at the destination hospital or at the nearest hospital if the patient is not transported. A hospital must accept the infectious waste if it is properly packaged according to the standards the hospital uses for packaging its own infectious wastes. The hospital may charge the ambulance service a reasonable fee for disposal of the infectious waste. Nothing in this subdivision shall require a hospital to accept infectious waste if the waste is of a type not generated by the hospital or if the hospital cannot safely store the waste.

Sec. 4. Minnesota Statutes 1989 Supplement, section 116.78, is amended by adding a subdivision to read:

Subd. 10. [DISPOSAL OF INFECTIOUS WASTE BY PUBLIC HEALTH AGENCIES AND PROGRAMS PROVIDING SCHOOL HEALTH SERVICES.] Any infectious waste, as defined in section 116.76, subdivision 12, produced by an eligible board of health, community health board, or public health nursing agency or a program providing school health services under section 123.35, subdivision 17, must be properly packaged and may be disposed of at a hospital. For purposes of this subdivision, an "eligible board of health, community health board, or public health nursing agency" is defined as a board of health, community health board, or public health nursing agency located in a county with a population of less than 40,000. A hospital must accept the infectious waste if it is properly packaged according to the standards the hospital uses for packaging its own infectious wastes. The hospital may charge an eligible board of health, community health board, or public health nursing agency or a program providing school health services a reasonable fee for disposal of the infectious waste. Nothing in this subdivision shall require a hospital to accept infectious waste if the waste is of a type not generated by the hospital or if the hospital cannot safely store the waste.

Sec. 5. [144.062] [VACCINE COST REDUCTION PROGRAM.]

The commissioner of administration, after consulting with the commissioner of health, may negotiate discounts or rebates on vaccine or may purchase vaccine at reduced prices, and offer it to medical care providers at the department's cost plus a fee for administrative costs. As a condition of receiving the vaccine at reduced cost, a medical care provider must agree to pass on the savings to patients. The commissioner of health may transfer money appropriated for other department of health programs to the com-

missioner of administration for the initial cost of purchasing vaccine, provided the money is repaid by the end of each state fiscal year and the commissioner of finance approves the transfer. Proceeds from the sale of vaccines to medical care providers are appropriated to the commissioner of administration. If the commissioner of administration, in consultation with the commissioner of health, determines that a vaccine cost reduction program is not economically feasible or cost effective, the commissioner may elect not to implement the program, but shall provide a report to the legislature that explains the reasons for the decision.

Sec. 6. [144.1465] [FINDING AND PURPOSE.]

The legislature finds that rural hospitals are an integral part of the health care delivery system and are fundamental to the development of a sound rural economy. The legislature further finds that access to rural health care must be assured to all Minnesota residents. The rural health care system is undergoing a restructuring that threatens to jeopardize access in rural areas to quality health services. To assure continued rural health care access the legislature proposes to establish a grant program to assist rural hospitals and their communities with the development of strategic plans and transition projects, provide subsidies for geographically isolated hospitals facing closure, and examine the problem of recruitment and retention of rural physicians, nurses, and other allied health care professionals.

Sec. 7. [144.147] [RURAL HOSPITAL PLANNING AND TRANSITION GRANT PROGRAM.]

Subdivision 1. [DEFINITION.] "Eligible rural hospital" means any nonfederal, general acute care hospital that is either:

(1) located in a rural area, as defined in the federal Medicare regulations, United States Code, title 42, section 405.1041, or located in a community with a population of less than 5,000, according to United States Census Bureau statistics, outside the seven-county metropolitan area;

(2) has 100 or fewer beds; and

(3) is not for profit.

Subd. 2. [GRANTS AUTHORIZED.] The commissioner shall establish a program of grants to assist eligible rural hospitals. The commissioner shall award grants to hospitals and communities for the purposes set forth in paragraphs (a) and (b).

(a) Grants may be used by hospitals and their communities to

develop strategic plans for preserving access to health services. At a minimum, a strategic plan must consist of:

(1) a needs assessment to determine what health services are needed and desired by the community. The assessment must include interviews with or surveys of area health professionals, local community leaders, and public hearings;

(2) an assessment of the feasibility of providing needed health services that identifies priorities and timeliness for potential changes; and

(3) an implementation plan.

The strategic plan must be developed by a committee that includes representatives from the hospital, local public health agencies, other health providers, and consumers from the community.

(b) The grants may also be used by eligible rural hospitals that have developed strategic plans to implement transition projects to modify the type and extent of services provided, in order to reflect the needs of that plan. Grants may be used by hospitals under this paragraph to develop hospital-based physician practices that integrate hospital and existing medical practice facilities that agree to transfer their practices, equipment, staffing, and administration to the hospital. Not more than one-third of any grant shall be used to offset losses incurred by physicians agreeing to transfer their practices to hospitals.

Subd. 3. [CONSIDERATION OF GRANTS.] In determining which hospitals will receive grants under this section, the commissioner shall take into account:

(1) improving community access to hospital or health services;

(2) changes in service populations;

(3) demand for ambulatory and emergency services;

(4) the extent that the health needs of the community are not currently being met by other providers in the service area;

(5) the need to recruit and retain health professionals; and

(6) the involvement and extent of support of the community and local health care providers.

Subd. 4. [ALLOCATION OF GRANTS.] (a) Eligible hospitals must apply to the commissioner no later than September 1, 1990, for

grants awarded in the 1991 state fiscal year; and no later than September 1, 1990, for grants awarded in the 1992 state fiscal year.

(b) The commissioner may award up to two grants for each fiscal year. The commissioner must make a final decision on the funding of each application within 60 days of the deadline for receiving applications.

(c) Each relevant community health board has 30 days in which to review and comment to the commissioner on grant applications from hospitals in their community health service area.

(d) In determining which hospitals will receive grants under this section, the commissioner shall consider the following factors:

(1) Description of the problem, description of the project and the likelihood of successful outcome of the project. The applicant must explain clearly the nature of the health services problems in their service area, how the grant funds will be used, what will be accomplished, and the results expected. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations.

(2) The extent of community support for the hospital and this proposed project. The applicant should demonstrate support for the hospital and for the proposed project from other local health service providers and from local community and government leaders. Evidence of such support may include past commitments of financial support from local individuals, organization or government entities; and commitment of financial support, in-kind services or cash, for this project.

(3) The comments, if any, resulting from a review of the application by the community health board in whose community health service area the hospital is located.

(e) In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning the maximum of 70 points for an applicant's understanding of the problem, description of the project, and likelihood of successful outcome of the project; and a maximum of 30 points for the extent of community support for the hospital and this project. The commissioner may also take into account other relevant factors.

(f) A grant to a hospital, including hospitals that submit applications as consortia, may not exceed \$50,000 a year, and may not exceed a term of two years. Prior to the receipt of any grant, the hospital must certify to the commissioner that at least one-half of the amount, which may include in-kind services, is available for the same purposes from nonstate sources. A hospital receiving a grant

under this section may use the grant for any expenses incurred in the development of strategic plans or the implementation of transition projects with respect to which the grant is made. Project grants may not be used to retire debt incurred with respect to any capital expenditure made prior to the date on which the project is initiated.

Subd. 5. [EVALUATION.] The commissioner shall evaluate the overall effectiveness of the grant program. The commissioner may collect, from the hospital, and communities receiving grants, the information necessary to evaluate the grant program. Information related to the financial condition of individual hospitals shall be classified as nonpublic data.

Sec. 8. Minnesota Statutes 1989 Supplement, section 144.562, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY FOR LICENSE CONDITION.] A hospital is not eligible to receive a license condition for swing beds unless (1) it either has a licensed bed capacity of less than 50 beds defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66; or it has a licensed bed capacity of 50 beds or more and has swing beds that were approved for Medicare reimbursement before May 1, 1985, or it has a licensed bed capacity of less than 65 beds and, as of the effective date, the available nursing homes within 50 miles have had occupancy rates of 96 percent or higher in the past two years, or it has a licensed capacity of less than 63 beds and is a nonprofit facility; (2) it is located in a rural area as defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66; and (3) it agrees to utilize no more than four hospital beds as swing beds at any one time, except that the commissioner may approve the utilization of up to three additional beds at the request of a hospital if no Medicare certified skilled nursing facility beds are available within 25 miles of that hospital.

Sec. 9. Minnesota Statutes 1988, section 144.581, subdivision 1, is amended to read:

Subdivision 1. [NONPROFIT CORPORATION POWERS.] A municipality, political subdivision, state agency, or other governmental entity that owns or operates a hospital authorized, organized, or operated under chapters 158, 250, 376, and 397, or under sections 246A.01 to 246A.27, 412.221, 447.05 to 447.13, 447.31, or 471.59, or under any special law authorizing or establishing a hospital or hospital district shall, relative to the delivery of health care services, have, in addition to any authority vested by law, the authority and legal capacity of a nonprofit corporation under chapter 317, including authority to

(a) enter shared service and other cooperative ventures,

(b) join or sponsor membership in organizations intended to benefit the hospital or hospitals in general,

(c) enter partnerships,

(d) incorporate other corporations,

(e) have members of its governing authority or its officers or administrators serve as directors, officers, or employees of the ventures, associations, or corporations,

(f) own shares of stock in business corporations, and

(g) offer, directly or indirectly, products and services of the hospital, organization, association, partnership, or corporation to the general public, and

(h) provide funds for payment of educational expenses of up to \$20,000 per individual, if the hospital or hospital district has at least \$1,000,000 in reserve and depreciation funds at the time of payment, and these funds were obtained solely from the operating revenues of the hospital or hospital district.

Sec. 10. Minnesota Statutes 1989 Supplement, section 144.802, subdivision 3, is amended to read:

Subd. 3. [APPLICATIONS; NOTICE OF APPLICATION; RECOMMENDATIONS.] (a) Each prospective licensee and each present licensee wishing to offer a new type or types of ambulance service, to establish a new base of operation, or to expand a primary service area, shall make written application for a license to the commissioner on a form provided by the commissioner.

(b) For applications for the provision of ambulance services in a service area located within a county, the commissioner shall promptly send notice of the completed application to the county board and to each community health service board, governing body of a regional emergency medical services system designated under section 144.8093, ambulance service, and municipality in the area in which ambulance service would be provided by the applicant. The commissioner shall publish the notice, at the applicant's expense, in the State Register and in a newspaper in the municipality in which the base of operation will be located, or if no newspaper is published in the municipality or if the service would be provided in more than one municipality, in a newspaper published at the county seat of the county in which the service would be provided.

(c) For applications for the provision of ambulance services in a service area larger than a county, the commissioner shall promptly send notice of the completed application to the municipality in

which the service's base of operation will be located and to each community health board, county board, governing body of a regional emergency medical services system designated under section 144.8093, and ambulance service located within the counties in which any part of the service area described by the applicant is located, and any contiguous counties. The commissioner shall publish this notice, at the applicant's expense, in the State Register.

(d) The commissioner shall request that the chief administrative law judge appoint an administrative law judge to hold a public hearing in the municipality in which the service's base of operation will be located. The public hearing shall be conducted as contested case hearing under chapter 14.

(e) Each municipality, county, community health service board, governing body of a regional emergency medical services system, ambulance service, and other person wishing to make recommendations concerning the disposition of the application shall make written recommendations to the administrative law judge within 30 days of the publication of notice of the application in the State Register.

(f) The administrative law judge shall:

(1) hold a public hearing in the municipality in which the service's base of operations is or will be located;

(2) provide notice of the public hearing in the newspaper or newspapers in which notice was published under paragraph (b) for two successive weeks at least ten days before the date of the hearing;

(3) allow any interested person the opportunity to be heard, to be represented by counsel, and to present oral and written evidence at the public hearing;

(4) provide a transcript of the hearing at the expense of any individual requesting it.

(g) The administrative law judge shall review and comment upon the application and shall make written recommendations as to its disposition to the commissioner within 90 days of receiving notice of the application. In making the recommendations, the administrative law judge shall consider and make written comments as to whether the proposed service, change in base of operations, or expansion in primary service area is needed, based on consideration of the following factors:

(1) the relationship of the proposed service, change in base of operations or expansion in primary service area to the current

community health plan as approved by the commissioner under section ~~145.018~~ 145A.12, subdivision 4;

(2) the recommendations or comments of the governing bodies of the counties and municipalities in which the service would be provided;

(3) the deleterious effects on the public health from duplication, if any, of ambulance services that would result from granting the license;

(4) the estimated effect of the proposed service, change in base of operation or expansion in primary service area on the public health;

(5) whether any benefit accruing to the public health would outweigh the costs associated with the proposed service, change in base of operations, or expansion in primary service area.

The administrative law judge shall recommend that the commissioner either grant or deny a license or recommend that a modified license be granted. The reasons for the recommendation shall be set forth in detail. The administrative law judge shall make the recommendations and reasons available to any individual requesting them.

Sec. 11. Minnesota Statutes 1989 Supplement, section 144.804, subdivision 1, is amended to read:

Subdivision 1. [DRIVERS AND ATTENDANTS.] No publicly or privately owned basic ambulance service shall be operated in the state unless its drivers and attendants possess a current emergency medical care course certificate authorized by rules adopted by the commissioner of health according to chapter 14. (b) The parental contribution equals 15 percent of the natural or adoptive parents' income that exceeds 200 percent of the federal poverty guidelines for the applicable household size, reduced by the following amounts:

(1) \$200 if the child lives with the parent;

(2) the personal needs allowance under section 256B.35, if paid by the parent, and if the child resides in an institution specified in that section; and

(3) any amount required to be paid directly to the child pursuant to a court order, and only if actually paid.

(c) The household size to be used in determining the amount of contribution under paragraph (b) includes natural and adoptive parents and their dependents under age 21, including the child receiving services.

(d) For purposes of paragraph (b), "income" means the natural or adoptive parents' adjusted gross income determined according to the previous year's federal tax form.

(e) The contribution shall be explained to the parents when eligibility for services is determined. The contribution amount shall be reviewed upon eligibility redetermination or upon request of the responsible relative. The contribution shall be made on a monthly

basis beginning with the first month in which the child receives services. Annually upon redetermination or at termination of eligibility, if the contribution exceeded the cost of services provided, the local agency or the state shall reimburse that excess amount to the parents, either by direct reimbursement if the parent is no longer required to pay a contribution, or by a reduction in or waiver of parental fees until the excess amount is exhausted.

(f) The monthly contribution amount must be reviewed at least every 12 months; when there is a change in household size; and when there is a loss of or gain in income from one month to another in excess of ten percent.

(g) Divorced parents of a minor child shall each pay the contribution required under paragraph (a), except that a court-ordered child support payment actually paid on behalf of the child receiving services shall be deducted from the contribution of the parent making the payment.

(h) The contribution under paragraph (b) shall be increased by an additional five percent if the local agency determines that insurance coverage is available but not obtained for the child. For purposes of this section, "available" means the insurance is a benefit of employment for a family member at an annual cost of no more than five percent of the family's annual income. For purposes of this section, insurance means health and accident insurance coverage, enrollment in a nonprofit health service plan, health maintenance organization, self-insured plan, or preferred provider organization.

Parents who have more than one child in out-of-home care receiving services shall not be required to pay more than the amount for one the child in out-of-home care. In no event shall the parents be required to pay more than five percent of their income as defined in section 290A.03, subdivision 3 with the highest expenditures. There shall be no resource contribution from the parents. The parent shall not be required to pay a contribution in excess of the cost of the services provided to the child. Notice of an increase in fee payment must be given at least 30 days before the increased fee is due.

Subd. 2b. [CHILD'S RESPONSIBILITY.] Responsibility of the child for the cost of care shall be up to the maximum amount of the total income and resources attributed to the child except for the clothing and personal needs allowance as provided in section 256B.35, subdivision 1. Reimbursement by the parents and child shall be made to the county making any payments for care and treatment services. The county board may require payment of the full cost of caring for children whose parents or guardians do not reside in this state.

To the extent that a child described in subdivision 1 is eligible for benefits under chapter 62A, 62C, 62D, 62E, or 64B, the county is not

liable for the cost of care. A parent or legal guardian who discontinues payment of health insurance premiums, subscriber fees or enrollment fees for a child who is otherwise eligible for those benefits is ineligible for payment of the cost of care of that child under this section.

The commissioner's determination shall be conclusive in any action to enforce payment of the cost of care. Any appeals from the commissioner's determination shall be made pursuant to section 256.045, subdivisions 2 and 3 services.

Subd. 2c. [APPEALS.] A parent may appeal the determination of an obligation to make a contribution under this section, according to section 256.045.

Subd. 3. [CIVIL ACTIONS.] If the parent fails to make appropriate reimbursement as required in subdivision 2, the county attorney may initiate a civil action to collect any unpaid reimbursement.

Subd. 4. [ORDER OF PAYMENT.] If the parental contribution is for reimbursement for the cost of services to both the local agency and the medical assistance program, the local agency shall be reimbursed for its expenses first and the remainder shall be dedicated to the medical assistance program.

Sec. 36. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 1, is amended to read:

Subdivision 1. [RATES FOR CALENDAR YEARS 1989 AND 1990.] Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board for calendar years 1989 and 1990 are governed by subdivisions 2 to ~~10~~ 11.

"Payment rate" as used in subdivisions 2 to ~~10~~ 11 refers to three kinds of payment rates: a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site; a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

Sec. 37. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 2, is amended to read:

Subd. 2. [~~1989 AND 1990 RATE MINIMUM.~~] Unless a variance is granted under subdivision 6, the minimum payment rates set by a

county board for each vendor ~~for calendar years 1989 and 1990~~ must be equal to the payment rates approved by the commissioner for that vendor in effect January 1, 1988, ~~and January 1, 1989, respectively~~ of the previous calendar year.

Sec. 38. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 3, is amended to read:

Subd. 3. ~~[1989 AND 1990 RATE MAXIMUM.]~~ Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for ~~calendar years 1989 and 1990~~ a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1, 1988, and December 1, 1989, ~~respectively,~~ of the previous calendar year increased by no more than the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year.

Sec. 39. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 4, is amended to read:

Subd. 4. ~~[NEW VENDORS.]~~ Payment rates established by a county ~~for calendar years 1989 and 1990~~, for a new vendor for which there were no previous rates must not exceed 125 percent of the average payment rates in the regional development commission district under sections 462.381 to 462.396 in which the new vendor is located. When at least 50 percent of the persons to be served by the new vendor are persons discharged from a regional treatment center on or after January 1, 1990, the recommended payment rates for the new vendor shall not exceed twice the current statewide average payment rates.

For purposes of this subdivision, persons discharged from the regional treatment center do not include persons who received temporary care under section 252A.111, subdivision 3.

Sec. 40. Minnesota Statutes 1989 Supplement, section 252.46, subdivision 12, is amended to read:

Subd. 12. ~~[RATES ESTABLISHED AFTER 1990.]~~ Unless a variance is granted under subdivision 6, payment rates established by a county for calendar year 1990 and which are in effect December 31, 1990, remain in effect until June 30, 1991. Payment rates established by a county board to be paid to a vendor on or after January 1, 1991, must be determined under permanent rules adopted by the commissioner. Until permanent rules are adopted, the payment rates must be determined according to subdivisions 1 to 11 except for the period from July 1, 1991, through December 31, 1991, when the increase determined under subdivision 3 must not exceed the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the

current calendar year over the previous calendar year. No county shall pay a rate that is less than the minimum rate determined by the commissioner.

In developing procedures for setting minimum payment rates and procedures for establishing payment rates, the commissioner shall consider the following factors:

- (1) a vendor's payment rate and historical cost in the previous year;
- (2) current economic trends and conditions;
- (3) costs that a vendor must incur to operate efficiently, effectively and economically and still provide training and habilitation services that comply with quality standards required by state and federal regulations;
- (4) increased liability insurance costs;
- (5) costs incurred for the development and continuation of supported employment services;
- (6) cost variations in providing services to people with different needs;
- (7) the adequacy of reimbursement rates that are more than 15 percent below the statewide average; and
- (8) other appropriate factors.

The commissioner may develop procedures to establish differing hourly rates that take into account variations in the number of clients per staff hour, to assess the need for day training and habilitation services, and to control the utilization of services.

In developing procedures for setting transportation rates, the commissioner may consider allowing the county board to set those rates or may consider developing a uniform standard.

Medical assistance rates for home and community-based services provided under section 256B.501 by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47.

Sec. 41. [252.478] [METRO TRANSPORTATION SUPPORT GRANTS.]

Subdivision 1. [ESTABLISHMENT OF PROGRAM.] The commissioner of human services shall establish and operate a metro transportation support grants program to provide reimbursement for client transportation by metro mobility to day training and habilitation services for which client transportation is a required and funded component, and to maximize use of federal funds for this reimbursement. A metro transportation support grants account shall be established in the department of human services chart of accounts.

Subd. 2. [RATES.] Costs of transportation to and from a day training and habilitation service agency must be a part of the payment rate established for each day training and habilitation services agency.

The commissioner may approve payment rates for day training and habilitation services that exceed the limits in Minnesota Statutes, section 252.46, subdivision 6, for vendors whose transportation costs increase as a result of action taken by the regional transit board under Laws of Minnesota 1988, chapter 684, article 2, section 3, or Laws of Minnesota 1989, chapter 269, section 35, or Minnesota Statutes, section 473.386, subdivision 4.

Subd. 3. [COUNTY SHARE.] The county share of the metro transportation support grants program costs will be distributed by the department to all metropolitan counties from the metro transportation support grants account. For state fiscal year 1991, the funds transferred from the regional transit board to this account shall be distributed to: Ramsey county, 48 percent; Hennepin county, 46 percent; Dakota county, five percent; and Anoka county, one percent. For subsequent fiscal years, funds shall be distributed annually based on each county's percentage of total expenses incurred for trips provided on metro mobility to and from day training and habilitation services during the preceding 12-month period. Counties should deposit these funds into the program accounts that will incur the transportation expenses.

Sec. 42. [252.53] [TASK FORCE ON COMPENSATION FOR DIRECT CARE EMPLOYEES.]

The commissioner of human services shall establish a task force on the compensation and training of direct care employees. The purpose of the task force is to address staff turnover, recruitment, and training in order to have a significant number of qualified people working in programs that provide direct care services to individuals. Programs include nursing homes, intermediate care facilities for persons with mental retardation, semi-independent living services, day training and habilitation, waived services, supported employment, rehabilitation facilities, services for persons with mental illness, child care, and chemical dependency. Members of the task force shall be appointed by the commissioner. Task force

membership shall consist of at least one representative from the department of human services, the department of employee relations, the department of jobs and training, and the department of health, advocates, direct care staff from unionized and nonunionized facilities, providers, collective bargaining representatives, and representatives from institutions of post-secondary education, metro and greater Minnesota counties, and the governor's council on developmental disabilities. The task force shall submit a report to the commissioner by November 1, 1990 that includes recommendations on the following:

(1) entry and promotional level wage ranges for various job classifications which reduce wage and benefit inequities between community and state-operated facilities and services;

(2) implementation of wage and benefit increases over a four-year period to ensure that wages and benefits are brought up to a level competitive within the community marketplace;

(3) mechanisms to link wage increases to initial training, continuing education, and competency;

(4) recruitment and retention of qualified staff; and

(5) the impact of making adjustments pursuant to complying with United States Code, title 29, section 157 (Supp. 1988), and sections 179.16 and 179A.12.

By January 15, 1991 the commissioner shall submit the report and recommended legislation to implement the report to the chairs of the house and senate health and human services committees.

Sec. 43. Minnesota Statutes 1988, section 254A.03, is amended by adding a subdivision to read:

Subd. 4. [RULE AMENDMENT.] The commissioner shall by emergency rulemaking amend Minnesota Rules, parts 9530.6600 to 9530.7030, in order to contain costs and increase collections for the consolidated chemical dependency treatment fund. The amendment must establish criteria that will:

(1) increase the use of outpatient treatment for individuals who can abstain from mood-altering chemicals long enough to benefit from outpatient treatment;

(2) increase the use of outpatient treatment in combination with primary residential treatment;

(3) increase the use of long-term treatment programs for individ-

uals who are not likely to benefit from primary residential treatment; and

(4) limit the repeated use of residential placements for individuals who have been shown not to benefit from residential placements, including long-term residential treatment.

Sec. 44. [254A.17] [PREVENTION AND TREATMENT INITIATIVES.]

Subdivision 1. [TRAINING.] The commissioner shall offer training in chemical dependency diagnostic and intervention services through appropriate human services programs managed by the department. Child care workers, social workers, and others shall be trained to recognize the symptoms of chemical abuse and dependency and respond with appropriate referrals or interventions.

Subd. 2. [ADDICTION RESEARCH.] The commissioner shall award grants to support research in the causes and mitigation of chemical addiction, coordinate these efforts with other related research, and disseminate the results.

Subd. 3. [MATERNAL AND CHILD SERVICE PROGRAMS.] The commissioner shall fund maternal and child health and social service programs designed to improve the health and functioning of children born to mothers using alcohol and controlled substances. Comprehensive programs shall include immediate and ongoing intervention, treatment, and coordination of medical, educational, and social services through a child's preschool years. Programs shall also include research and evaluation to identify methods most effective in improving outcomes among this high-risk population.

Subd. 4. [CHILD PROTECTION PROGRAMS.] The commissioner shall fund innovative child protection programs for children and families at risk due to substance abuse. Funding of a program under this subdivision must result in (1) earlier intervention; (2) the provision of in-home supervision; and (3) case management of all services required. Programs must also include research and evaluation to identify methods most effective in child protection services for this high-risk population.

Subd. 5. [STATEWIDE DETOXIFICATION TRANSPORTATION PROGRAM.] The commissioner shall provide grants to counties, Indian reservations, other nonprofit agencies, or local detoxification programs for provision of transportation of intoxicated individuals to detoxification programs.

Sec. 45. Minnesota Statutes 1989 Supplement, section 254B.03, subdivision 4, is amended to read:

Subd. 4. [DIVISION OF COSTS.] Except for services provided by a county under section 254B.09, subdivision 1, or services provided under section 256B.69 or 256D.03, subdivision 4, paragraph (b), the county shall, out of local money, pay the state for 15 percent of the cost of chemical dependency services, including those services provided to persons eligible for medical assistance under chapter 256B and general assistance medical care under chapter 256D. Counties may use the indigent hospitalization levy for treatment and hospital payments made under this section. Fifteen percent of any state collections from private or third-party pay, less 15 percent of the cost of payment and collections, must be distributed to the county that paid for a portion of the treatment under this section. If all funds allocated according to section 254B.02 are exhausted by a county and the county has met or exceeded the base level of expenditures under section 254B.02, subdivision 3, the county shall pay the state for 15 percent of the costs paid by the state under this section. The commissioner may refuse to pay state funds for services to persons not eligible under section 254B.04, subdivision 1, if the county financially responsible for the persons has exhausted its allocation.

Sec. 46. Minnesota Statutes 1988, section 254B.06, is amended by adding a subdivision to read:

Subd. 1a. [VENDOR COLLECTIONS.] The commissioner may amend Minnesota Rules, parts 9530.7000 to 9530.7025, to require a vendor of chemical dependency transitional and extended care rehabilitation services to collect the cost of care received under a program from an eligible person who has been determined to be partially responsible for treatment costs, and to remit the collections to the commissioner. The commissioner shall pay to a vendor for the collections an amount equal to five percent of the collections remitted to the commissioner by the vendor. The amendment may be adopted under the emergency rulemaking provisions of sections 14.29 to 14.36.

Sec. 47. Minnesota Statutes 1988, section 254B.08, is amended to read:

254B.08 [FEDERAL WAIVERS.]

The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation for the provision of services to persons who need chemical dependency services. The commissioner may seek amendments to the waivers or apply for additional waivers to contain costs. The commissioner shall ensure that payment for the cost of providing chemical dependency services under the federal waiver plan does not exceed the cost of chemical dependency services that would have been provided without the waived services.

~~Notwithstanding sections 254B.04 and 256B.02, subdivision 8,~~

clause (18), and rules adopted under section 254B.03, subdivision 5, persons eligible under sections 256B.055, 256B.056, and 256B.06 for medical assistance benefits shall not be eligible for services reimbursed through the consolidated chemical dependency fund, except for transitional rehabilitation, extended care programs, and culturally specific programs as defined by Minnesota Rules, part 9530.6605, subpart 13, until the federal Social Security Act, section 2108 (1915B), program waivers are secured. Until the necessary federal program waivers are secured, persons eligible for medical assistance benefits under sections 256B.055, 256B.056, and 256B.06 shall be eligible for chemical dependency treatment services under sections 256B.02, subdivision 8, and 256B.0625.

Sec. 48. Minnesota Statutes 1989 Supplement, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the standard of need for the assistance unit. An amount remaining after this calculation is income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. In making its determination the county agency shall disregard the following from family income:

(1) all of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans;

(3) the first \$90 of each individual's earned income. For self-employed persons; the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregarded; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of subclauses (a) to (d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) \$174

for each individual age two or older, and \$199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

A review of a payment decision under clause (6) must be requested within 30 days after receiving the notice of collection of assigned support, or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit.

Sec. 49. [256.9791] [MEDICAL SUPPORT BONUS INCENTIVES.]

Subdivision 1. [BONUS INCENTIVE.] (a) A bonus incentive program is created to increase the identification and enforcement by county agencies of dependent health insurance coverage for persons who are receiving medical assistance under section 256B.055 and for whom the county agency is providing child support enforcement services.

(b) The bonus shall be awarded to a county child support agency for each person for whom coverage is identified and enforced by the child support enforcement program when the obligor is under a court order to provide dependent health insurance coverage.

Subd. 2. [DEFINITIONS.] For the purpose of this section, the following definitions apply.

(a) "Case" means a family unit that is receiving medical assis-

tance under section 256B.055 and for whom the county agency is providing child support enforcement services.

(b) "Commissioner" means the commissioner of the department of human services.

(c) "County agency" means the county child support enforcement agency.

(d) "Coverage" means initial dependent health insurance benefits for a case or individual member of a case.

(e) "Enforceable order" means a child support court order containing the statutory language in section 518.171 or other language ordering an obligor to provide dependent health insurance coverage.

(f) "Enforce" or "enforcement" means obtaining proof of current or future dependent health insurance coverage through an overt act by the county agency.

(g) "Identify" or "identification" means obtaining proof of dependent health insurance coverage through an overt act by the county agency.

Subd. 3. [ELIGIBILITY; REPORTING REQUIREMENTS.] (a) In order for a county to be eligible to claim a bonus incentive payment, the county agency must report to the commissioner no later than August 1 of each fiscal year the number of cases as of June 30 of the preceding fiscal year in which: (1) the court has established an obligation for coverage by the obligor and (2) the number of cases in which coverage was in effect as of June 30. The ratio resulting when the number of cases reported in clause (2) is divided by the number of cases reported under (1) shall be used to determine the amount of the bonus incentive according to subdivision 4.

(b) A county that fails to submit the required information by August 1 of each fiscal year will be ineligible for any bonus payments under this section for that fiscal year.

Subd. 4. [RATE OF BONUS INCENTIVE.] The rate of the bonus incentive shall be determined according to paragraphs (a) to (c).

(a) When a county agency has identified or enforced coverage in up to and including 50 percent of its cases, the county shall receive \$15 for each person for whom coverage is identified or enforced.

(b) When a county agency has identified or enforced coverage in more than 50 percent but less than 80 percent of its cases, the county shall receive \$20 for each person for whom coverage is identified or enforced.

(c) When a county agency has identified or enforced coverage in 80 percent or more of its cases, the county shall receive \$25 for each person for whom coverage is identified or enforced.

Subd. 5. [CLAIMS FOR BONUS INCENTIVE.] (a) Beginning July 1, 1990, county agencies shall file a claim for a medical support bonus payment by reporting to the commissioner the following information for each case where dependent health insurance is identified or enforced as a result of an overt act of the county agency:

(1) child support enforcement system case number or county specific case number;

(2) names and dates of birth for each person covered; and

(3) effective date of coverage.

(b) The report shall be made upon enrollment in coverage but no later than September 30 for coverage identified or established during the preceding fiscal year.

(c) The county agency making the initial contact resulting in the establishment of coverage shall be the county agency to claim the bonus incentive even if the case is transferred to another county agency prior to the actual establishment of coverage.

(d) Disputed claims shall be submitted to the commissioner whose decision shall be final.

Subd. 6. [DISTRIBUTION.] (a) Bonus incentives shall be issued to the county agency quarterly, within 45 days after the last day of each quarter for which a bonus incentive is being claimed, and shall be paid up to the limit of the appropriation in the order in which claims are received.

(b) Total bonus incentives shall be computed by multiplying the number of persons included in claims submitted in accordance with this section by the applicable bonus payment as determined in subdivision 4. A county agency must maintain a record of bonus incentives claimed and received for each quarter.

(c) The county agency will be required to pay back any bonus erroneously issued.

Sec. 50. [256.984] [ADMINISTRATIVE FRAUD DISQUALIFICATION HEARINGS.]

Subdivision 1. [HEARING AUTHORITY.] A local agency may also initiate an administrative fraud disqualification hearing for individuals accused of wrongfully obtaining assistance or inten-

tional program violations in the AFDC or food stamp programs. The hearing is subject to the requirements of section 256.045.

Subd. 2. [COMBINED HEARING.] The referee may combine a fair hearing and administrative fraud disqualification hearing into a single hearing if the factual issues arise out of the same, or related, circumstances and the individual receives prior notice that the hearings will be combined. If the administrative fraud disqualification hearing and fair hearing are combined, the time frames for administrative fraud disqualification hearings apply.

Sec. 51. [256.985] [DISQUALIFICATION PROVISIONS.]

Subdivision 1. [DISQUALIFICATION FROM PROGRAM.] (a) Any person found by clear and convincing evidence, by a federal or state court or in an administrative hearing, to have wrongfully obtained assistance in the AFDC or food stamp programs shall be disqualified from that assistance program and the needs of that individual shall not be taken into consideration in determining the grant or assistance level. The period of disqualification shall be as follows:

- (1) for a first offense, six months;
- (2) for a second offense, 12 months; and
- (3) for a third or subsequent offense, permanent disqualification.

The disqualification period shall begin within 45 days of the date on which the fraud determination is made, unless the individual is not a current participant in the program. If the individual is not a current participant in the program, the disqualification period shall begin when the individual has applied and been determined eligible for benefits.

(b) Any period for which sanctions are imposed is effective, without possibility of administrative stay, until the finding upon which the sanctions were imposed is reversed by a court of competent jurisdiction. The period for which sanctions are imposed is not subject to review. The sanctions provided under this subdivision are in addition to, and not in substitution for, any other sanctions that may be provided for by law for the offense involved.

(c) The commissioner may adopt rules as necessary to conduct administrative fraud disqualification hearings in accordance with section 256.984 and this section.

Subd. 2. [INELIGIBILITY FOR GENERAL ASSISTANCE.] No person disqualified from any federally aided assistance program

shall be eligible for general assistance during the period covered by the disqualification sanction.

Sec. 52. Minnesota Statutes 1989 Supplement, section 256B.092, subdivision 7, is amended to read:

Subd. 7. [SCREENING TEAMS ESTABLISHED.] (a) Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are entitled to the level of care provided by an intermediate care facility for persons with mental retardation or related conditions or for whom there is a reasonable indication that they might require the level of care provided by an intermediate care facility. The screening team shall make an evaluation of need within 15 working days of the date that the assessment is completed or within 60 working days of a request for service by a person with mental retardation or related conditions, whichever is the earlier, and within five working days of an emergency admission of an individual to an intermediate care facility for persons with mental retardation or related conditions. The screening team shall consist of the case manager, the client, a parent or guardian, and a qualified mental retardation professional, as defined in the Code of Federal Regulations, title 42, section 483.430, as amended through June 3, 1988. The case manager may also act as the qualified mental retardation professional if the case manager meets the federal definition. County social service agencies may contract with a public or private agency or individual who is not a service provider for the person for the public guardianship representation required by the screening or individual service and habilitation planning process. The contract shall be limited to public guardianship representation for the screening and individual service and habilitation planning activities. The contract shall require compliance with the commissioner's instructions and may be for paid or voluntary services. For individuals determined to have overriding health care needs, a registered nurse must be designated as either the case manager or the qualified mental retardation professional. The case manager shall consult with the client's physician, other health professionals or other persons as necessary to make this evaluation. The case manager, with the concurrence of the client or the client's legal representative, may invite other persons to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case.

(b) In addition to the requirements of paragraph (a), the following conditions apply to the discharge of persons with mental retardation or a related condition from a regional treatment center:

(1) For a person under public guardianship, at least two weeks prior to each screening team meeting the case manager must notify in writing parents, near relatives, and the ombudsman established

under section 245.92 or a designee, and invite them to attend. The notice to parents and near relatives must include: (i) notice of the provisions of section 252A.03, subdivision 4, regarding assistance to persons interested in assuming private guardianship; (ii) notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7); and (iii) information about advocacy services available to assist parents and near relatives of persons with mental retardation or related conditions. In the case of an emergency screening meeting, the notice must be provided as far in advance as practicable.

(2) Prior to the discharge, a screening must be conducted under subdivision 8 and a plan developed under subdivision 1a. For a person under public guardianship, the county shall encourage parents and near relatives to participate in the screening team meeting. The screening team shall consider the opinions of parents and near relatives in making its recommendations. The screening team shall determine that the services outlined in the plan are available in the community before recommending a discharge. The case manager shall provide a copy of the plan to the person, legal representative, parents, near relatives, the ombudsman established under section 245.92, and the protection and advocacy system established under United States Code, title 42, section 6042, at least 30 days prior to the date the proposed discharge is to occur. The information provided to parents and near relatives must include notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7). If a discharge occurs, the case manager and a staff person from the regional treatment center from which the person was discharged must conduct a monitoring visit as required in Minnesota Rules, part 9525.0115, within 90 days of discharge and provide an evaluation within 15 days of the visit to the person, legal representative, parents, near relatives, ombudsman, and the protection and advocacy system established under United States Code, title 42, section 6042.

(3) In order for a discharge or transfer from a regional treatment center to be approved, the concurrence of a majority of the screening team members is required. The screening team shall determine that the services outlined in the discharge plan are available and accessible in the community before the person is discharged. The recommendation of the screening team cannot be changed except by subsequent action of the team and is binding on the county and on the commissioner. If the commissioner or the county determines that the decision of the screening team is not in the best interests of the person, the commissioner or the county may seek judicial review of the screening team recommendation. A person or legal representative may appeal under section 256.045, subdivision 3 or 4a.

(4) For persons who have overriding health care needs or behaviors that cause injury to self or others, or cause damage to property that

is an immediate threat to the physical safety of the person or others, the following additional conditions must be met:

(i) For a person with overriding health care needs, either a registered nurse or a licensed physician shall review the proposed community services to assure that the medical needs of the person have been planned for adequately. For purposes of this paragraph, "overriding health care needs" means a medical condition that requires daily clinical monitoring by a licensed registered nurse.

(ii) For a person with behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, a qualified mental retardation professional, as defined in paragraph (a), shall review the proposed community services to assure that the behavioral needs of the person have been planned for adequately. The qualified mental retardation professional must have at least one year of experience in the areas of assessment, planning, implementation, and monitoring of individual habilitation plans that have used behavior intervention techniques.

(5) No person with mental retardation or a related condition may be discharged from a regional treatment center before an appropriate community placement is available to receive the person.

(6) Effective July 1, 1996, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than 15 beds. Effective July 1, 1993 1998, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than ten beds.

(7) If the person, legal representative, parent, or near relative of the person proposed to be discharged from a regional treatment center objects to the proposed discharge, the individual who objects to the discharge may request a review under section 256.045, subdivision 4a, and may request reimbursement as allowed under section 256.045. The person must not be transferred from a regional treatment center while a review or appeal is pending. Within 30 days of the request for a review, the local agency shall conduct a conciliation conference and inform the individual who requested the review in writing of the action the local agency plans to take. The conciliation conference must be conducted in a manner consistent with section 256.045, subdivision 4a. A person, legal representative, parent, or near relative of the person proposed to be discharged who is not satisfied with the results of the conciliation conference may submit to the commissioner a written request for a hearing before a state human services referee under section 256.045, subdivision 4a. The person, legal representative, parent, or near relative of the person proposed to be discharged may appeal the order to the district court of the county responsible for furnishing assistance by serving

a written copy of a notice of appeal on the commissioner and any adverse party of record within 30 days after the day the commissioner issued the order and by filing the original notice and proof of service with the court administrator of the district court. Judicial review must proceed under section 256.045, subdivisions 7 to 10. For a person under public guardianship, the ombudsman established under section 245.92 may object to a proposed discharge by requesting a review or hearing or by appealing to district court as provided in this clause. The person must not be transferred from a regional treatment center while a conciliation conference or appeal of the discharge is pending.

Sec. 53. Minnesota Statutes 1988, section 256E.06, subdivision 2, is amended to read:

Subd. 2. [FORMULA LIMITATION.] The amounts computed pursuant to subdivision 1 shall be subject to the following limitations:

(a) No county shall be allocated more than 130 percent of the amount received prior to any penalty imposed under subdivision 7 in the immediately preceding year. If the amount allocated to any county pursuant to subdivision 1 is greater than this amount, the excess shall be reallocated to all counties in direct proportion to their initial allocations.

(b) Each county shall be guaranteed a percentage increase over the previous year's allocation equal to 0.2 percent for each percentage increase in the statewide allocation, up to a maximum guaranteed increase of one percent when the statewide allocation increases by five percent or more. If the amount allocated to any county pursuant to subdivision 1 is less than this amount, the shortage shall be recovered from all counties in direct proportion to their initial allocations.

(c) If the amount to be allocated statewide in any year is less than the amount allocated in the previous year, then the provisions of clause (b) shall not apply, and each county's allocation shall be equal to its previous year's allocation reduced by the same percentage that the statewide allocation was reduced.

Sec. 54. Minnesota Statutes 1988, section 256E.06, subdivision 7, is amended to read:

Subd. 7. [FAILURE TO LEVY.] A county which levies less than the levy required in subdivision 5, shall receive a reduction in the aid calculated pursuant to subdivisions 1 and 2. The commissioner shall calculate the reduced aid as follows:

(a) Divide the amount levied by the amount required to be levied in subdivision 5; and

(b) Multiply the ratio derived in clause (a) times the aid calculated under ~~subdivision~~ subdivisions 1 and 2.

The amount of the reduction in aid shall be returned to the general fund. The reduction in aid imposed under this subdivision shall be effective for one year, and aid in the following year shall be calculated under subdivisions 1 and 2 as though the reduction had not occurred.

Sec. 55. [PURPOSE OF JOB IMPACT STATEMENT AND PREFEASIBILITY STUDY.]

A public financing role in economic development is justified for two reasons: to create or retain jobs, and to increase the tax base. Therefore it is important to support development that provides employment growth and good wages and benefits, and to encourage and support labor market stability and long-term business presence in communities. It is also important to communities and their residents to protect existing jobs and assure that actions taken by employers and government units do not lead to the temporary or permanent displacement of existing jobs through plant closings or dislocation. The purpose of the jobs impact statement is to require government units that plan to provide financial assistance for new commercial or industrial development, or plan to undertake the development themselves, to examine the potential effects of the development and to discuss them publicly. It is also important to monitor development to ensure public accountability by measuring how accurate the information from the job impact statement proved to be.

Sec. 56. [268.452] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For the purposes of sections 268.452 to 268.455, the following terms have the meanings given them.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of jobs and training.

Subd. 3. [DEVELOPMENT.] "Development" means a multiunit rental property, or commercial or industrial project that in some way benefits from a governmental action or a project developed by a government unit, which will result or could potentially result in the displacement of jobs or which the parties involved claim to retain jobs or increase the number of jobs.

Subd. 4. [DISPLACEMENT.] "Displacement" means the loss of

employment by an individual resulting from a governmental action. An individual is not displaced if the employment loss at the site is the result of the relocation or consolidation of part or all of the employer's operations, and prior to the closing the government unit documents that: (1) the employer offers to transfer the individual to a different site of employment within a reasonable commuting distance, or (2) the employer's operations are relocated to a site within a reasonable commuting distance.

Subd. 5. [GOVERNMENTAL ACTION.] "Governmental action" means an effort made by a government unit to undertake, encourage, or promote development; or significantly restructure the administration or delivery of government services which could potentially result in a loss of jobs. These efforts include, but are not limited to, developments financed or administered directly by a government unit; a reduction in property taxes to encourage the development; and financial assistance through loans, loan guaranties, interest subsidies, tax increment financing, tax-exempt financing, grants, or other financing tools utilized by a government unit to encourage development.

Subd. 6. [GOVERNMENT UNIT.] "Government unit" means any state agency defined in section 16A.011, subdivision 2, the greater Minnesota corporation, metropolitan agency defined in section 473.121, subdivision 5a, University of Minnesota, statutory or home rule charter city, county, town, watershed district organized under chapter 112, or local economic development agency. Local economic development agencies include all entities or agencies authorized, organized, or created under chapter 469; and all port authorities created by special law.

Subd. 7. [JOB IMPACT STATEMENT; STATEMENT.] "Job impact statement" or "statement" means the detailed job impact statement required under section 268.453.

Subd. 8. [RETAIN.] "Retain" means that without the governmental action, the job could not be continued.

Sec. 57. [268.453] [JOB IMPACT STATEMENT.]

Subdivision 1. [JOB IMPACT STATEMENT REQUIREMENT.] When it is determined by the government unit that a governmental action or development will result or could potentially result in the displacement of jobs or the parties involved in the development or governmental action claim it will retain or increase the number of jobs, the government unit that is responsible for the governmental action must prepare a job impact statement before initiating the governmental action. If the responsible government unit does not prepare a statement, a person, community group, labor organization, or other organization may appeal to the commissioner to require the responsible government unit to prepare a statement.

The commissioner must determine within ten working days if a statement is required; and if a statement is required, the commissioner shall require the responsible government unit to prepare a statement. No job impact statement will be required if a government unit informs the commissioner that the governmental action under appeal is the result of a budgeting decision and the government unit has determined that the governmental action will not result in a significant restructuring of the administration or delivery of government services. When there is more than one government unit responsible for governmental actions affecting a specific development, the units involved must agree which unit is responsible for preparing the statement. This government unit may request information from all government units involved in the development.

Subd. 2. [JOB IMPACT STATEMENT CONTENTS.] (a) A job impact statement required under subdivision 1 must include the following information:

(1) number and types of permanent jobs that will be displaced, retained, or created as a result of the development;

(2) wage rates and benefits of the permanent jobs that will be displaced, retained, or created; and

(3) the total financial assistance provided by government units to the development.

(b) In addition to the information required under paragraph (a), the following information must be included in the job impact statement when there has been or potentially could be a displacement of jobs as a result of a governmental action or development:

(1) description of the demographic characteristics of the work force that could be displaced;

(2) description of skill levels and educational needs of the jobs that could be displaced;

(3) discussion of the likelihood of workers that may be displaced by the development of finding new jobs with comparable pay and benefits;

(4) past experience of parties involved in the development of meeting employment projections for other developments; and

(5) identification, if any, of alternatives to mitigate the job displacement due to the governmental action or development.

(c) In preparing the information required under this subdivision,

the commissioner must assist the government unit if so requested by the unit.

Subd. 3. [PUBLIC COMMENT.] The government unit must distribute the job impact statement to labor unions or other employee representatives that might be affected by the governmental action, community-based organizations that have expressed an interest in the development, and other persons or organizations that request a copy of the job impact statement. In addition, the job impact statement must be posted at the employment site where workers may be displaced as a result of the governmental action.

After the completion and distribution of the job impact statement, a public hearing must be held but only when the governmental action may or will result in the displacement of jobs. The appropriate governing board or senior official of the government unit must hold the public hearing on the completed statement prior to the government unit's approval of any development that receives or benefits from a governmental action. Notice of the public hearing must be provided in a newspaper of general circulation not less than ten days nor more than 30 days before the date of the hearing.

Subd. 4. [STATEMENT SUBMITTED TO COMMISSIONER; ANNUAL REPORT.] After the public meeting required under subdivision 3 and after any changes have been made as a result of testimony at the public hearing, the government unit must submit the statement to the commissioner. The commissioner must prepare and submit a report to the governor and legislature by February 1 of each year that compiles and summarizes the results of the individual statements and the monitoring reports required in section 268.455 submitted to the commissioner in the previous year. The annual report must also contain the commissioner's assessment of the overall process of preparing the statements and any recommendations the commissioner may have in improving the process.

Sec. 58. [268.454] [DISPLACED WORKER BENEFITS.]

If the statement finds that workers will be displaced or if the actual development or governmental action results in the displacement of existing workers, the government unit responsible for the governmental action must initiate and coordinate efforts with employers, developers, service providers, and other appropriate parties to attempt to secure necessary benefits for the displaced workers. The government unit must assess which of the following benefits are required by the displaced workers and must initiate and coordinate efforts to attempt to provide the required benefits. These benefits must include:

- (1) retraining and education expenses;
- (2) relocation expenses;

(3) health insurance expenses;

(4) supplemental unemployment insurance payments;

(5) child care expenses when the displaced worker is enrolled in education or retraining; and

(6) emergency expenses for shelter, clothing, and food.

The government unit must work with employment and training services providers, other government units, community organizations, labor organizations, and other organizations in efforts to administer and deliver these benefits. The government unit may contribute to but is not financially obligated for the benefits listed in clauses (1) to (6) and other benefits provided to dislocated workers under this subdivision; but is obligated for the costs of the initiation and coordination responsibilities required of the government unit under this subdivision. The government unit may participate in providing benefits.

Sec. 59. [268.455] [MONITORING.]

Each government unit must submit an annual report by February 1 of each year. The purpose of the report is to summarize all job impact statements completed during the previous year which will provide public accountability of governmental action. An explanation of any significant changes in actual employment and wage information compared to the jobs impact statement prepared for that development or governmental action in any of the three previous years must be included in the report.

Sec. 60. [268.981] [DEFINITIONS.]

Employer does not include a unit of government or an organization that is exempt from taxation under section 501 of the Internal Revenue Code of 1986, as amended through December 31, 1988.

Subd. 9. [ESTABLISHMENT.] “Establishment” means a single site of employment or one or more facilities or operating units within a single site of employment owned by an employer.

Subd. 10. [MASS LAYOFF] “Mass layoff” means a reduction in the work force at an establishment, within three years of an acquisition by an employer, that:

(1) is not the result of a plant closing; and

(i) 25 percent of the employees, excluding any part-time employees, and at least 25 employees, excluding any part-time employees; or

(ii) 50 employees, excluding any part-time employees.

Subd. 13. [PLANT CLOSING.] "Plant closing" means the shutdown or termination of operations of an establishment, within three years of an acquisition by an employer, if the shutdown results in an employment loss at the single site of employment during any 30-day period for 25 or more employees excluding any part-time employees.

Subd. 14. [PUBLIC ASSISTANCE.] "Public assistance" means financial assistance provided to a person by the state, city, county, or town. Financial assistance includes loans, grants, interest subsidies, property acquisition writedowns, tax credits, tax abatements, interest cost savings from tax-exempt bonds and other securities issued on behalf of the employer, wage subsidies provided under this chapter, and utility connections paid by the public entity to the business entity.

Sec. 61. [268.982] [COMMUNITY RESPONSE COMMITTEE.]

A community response committee may be created in each community in which an employer has engaged in a plant closing or mass layoff. The committee must consist of at least 11 members and have representatives of the city or town in which the establishment is located, the appropriate county, employees that were laid off due to the plant closing or mass layoff, and recognized leaders of community groups in the area in which the establishment is located. When the establishment is located within the boundaries of a city, the mayor of that city shall appoint the members of the community response committee. When the establishment is located outside a city's boundaries, the committee shall be appointed by the governing body of the county in which the establishment is located. The committee may elect a chair and officers. Before funds made available under section 268.983 may be spent or distributed, a committee must be established and the commissioner must certify that the membership meets the requirements of this section.

The committee must:

(1) undertake a needs analysis of the community and the workers laid off because of the plant closing or mass layoff;

(2) distribute the funds made available under section 268.983 based on the needs analysis required under clause (1);

(3) determine the necessary eligibility criteria required under section 268.983, subdivisions 4 and 5, for the community service emergency grants and wage subsidies; and

(4) work closely with the commissioner and employment and training service providers in ensuring that services are made available to employees laid off because of a plant closing or mass layoff.

Sec. 62. [268.983] [COMMUNITY SUPPORT RESOURCES.]

Subdivision 1. [EMPLOYER FINANCIAL RESPONSIBILITIES.]

An employer that engages in a plant closing or mass layoff within three years after an acquisition must pay the appropriate local unit of government an amount equal to ten percent of the total wages and salaries paid to affected employees of the establishment during the 12 months prior to the plant closing or mass layoff. The payment required under this subdivision is paid to the city when the establishment is located within the boundaries of a city and to the county when the establishment is located outside a city's boundaries. The payment must be made within two weeks of the date of the plant closing or mass layoff. The money collected under this subdivision may only be used for:

- (1) economic development planning grants under subdivision 3;
- (2) community service emergency grants under subdivision 4;
- (3) wage subsidies under subdivision 5; or
- (4) administrative cost reimbursement under subdivision 2.

Subd. 2. [FISCAL AGENT.] The city or county which receives the required payment from an employer under subdivision 1 must act as the fiscal agent for the money and only disburse the money for eligible uses outlined under this section at the direction of the community response committee established under section 268.982. The city or county shall provide administrative support to the committee. Up to five percent of the money received under subdivision 1 may be used to reimburse the city or county for the administrative support.

Subd. 3. [ECONOMIC DEVELOPMENT PLANNING GRANTS.]

The community response committee may award economic development planning grants to government units or other public agencies, nonprofit organizations, for-profit organizations, or other persons to examine the short-term and long-term alternatives for strengthening the economy in the area surrounding the establishment that has experienced the plant closing or mass layoff. The committee shall award grants under this subdivision to public agencies, organizations, or persons that have the qualifications and experience for examining the alternatives. The examination of alternatives must address the following:

(1) an estimate of the economic effect of the plant closing or mass layoff in terms of direct and indirect jobs lost and, if possible, the reduction in the area's income;

(2) an estimate of the ability of other employers in the area to absorb in their work force the laid-off workers;

(3) an identification of area businesses that have the potential for expansion and the financial and other resources as well as the worker skills required of such an expansion;

(4) an identification of financial and other incentives that might be required to reopen the establishment under new ownership and management;

(5) a statement of whether the closed establishment can be reopened as an employee-owned establishment;

(6) identify the industries that might be candidates for expansion in the area and the incentives that might be required to encourage their development or location in the area; and

(7) identify the skills required by the laid-off workers to increase their chances of finding employment in the area or other regions of the state.

Subd. 4. [COMMUNITY SERVICE EMERGENCY GRANTS.] The community response committee may provide emergency grants to workers and their families directly affected by the plant closing or mass layoff. The emergency grants may be used for the immediate food, clothing, shelter, transportation, training, and relocation needs of these workers. The committee may contract with a local unit of government, other public agency, community action program, or a nonprofit organization to provide the emergency grants awarded under this subdivision. The committee or organization contracting with the committee shall coordinate their efforts with existing area providers of these emergency needs.

Subd. 5. [WAGE SUBSIDIES.] The community response committee may contract with a certified local service provider defined in section 268.673, subdivision 4a, to provide wage subsidies to workers laid off because of a plant closing or mass layoff. Wage subsidy money under this subdivision must be distributed in the same manner that wage subsidies are used under section 268.677. Wage subsidies under this subdivision must be given to businesses and other employers who have jobs available that offer potential for long-term employment. Business and other employers that receive wage subsidy payments under this subdivision are subject to section 268.681.

Sec. 63. [268.984] [SEVERANCE PAYMENT.]

Subdivision 1. [SEVERANCE PAYMENT.] Each employer owning or operating a facility engaged in a plant closing or mass layoff shall make a severance payment to an affected employee if the affected employee has been employed by the employer for three or more years. The payment may, at the option of the employer, be made before or at the termination of the affected employee. The severance payment must be equal to the gross weekly wage of the affected employee at the time of termination, multiplied by the number of full and partial years for which the employee has been employed by the employer. For an affected employee whose gross weekly wage has been reduced within one year of a plant closing as a result of a reduction in the average weekly number of hours worked by the employee, the severance payment must be equal to the affected employee's gross weekly wage before the reduction in the average weekly number of hours worked, multiplied by the number of full and partial years for which the employee has been employed by the employer.

Subd. 2. [OTHER PAYMENTS.] Vacation pay, accrued wages, and other types of payments made for a reason other than compensation for termination of employment are not severance payments under subdivision 1.

Sec. 64. [268.985] [HEALTH CARE COVERAGE.]

Each employer who engages in a plant closing or mass layoff and who has had an employer-paid health insurance plan in place within the previous three-year period preceding the date of the plant closing or mass layoff shall pay to each affected employee an amount equal to 12 times the most recent monthly premium paid by the employer on behalf of the employee. The employer is not obligated to make this payment if the employer chooses to continue the health insurance plan for one year after the plant closing or mass layoff, with the employer paying at least the same portion of the premium that the employer paid before the employee was terminated. The employer shall also continue to make the health insurance plan available to each affected employee as required in section 62A.17 or in federal law.

Sec. 65. [268.986] [PRIORITY OF CLAIMS.]

To the extent not otherwise determined by federal law, a money claim on behalf of an affected employee against an employer engaged in a plant closing has priority over all other claims against an employer, except wage and salary claims.

Sec. 66. [268.987] [EMPLOYER APPEAL PROCESS.]

Subdivision 1. [APPEALS PANEL.] The governor shall appoint a seven-member appeals panel consisting of three members representing business interests; three members representing labor interests, and one member representing the general public who acts as chair. At least four of the members must have experience or knowledge of business financing or public accounting. The terms, compensation, expenses, vacancies, and removal of members are as provided in section 15.0575. The commissioner of jobs and training must provide administrative support to the panel.

The employer may not cause a plant closing or mass layoff until the appeals board has rendered a decision on an appeal by the employer under subdivision 2 or 3. The panel must render its decision within 30 days of the appeal request by an employer. The 30-day limit may be extended if both the employer and the panel agree to the extension.

The commissioner may contract with a public accounting firm or others to provide technical assistance to the panel. Members of the panel, the commissioner, or any of the persons the panel has contracted with must have access to all the employer's financial records and other related information for the past five years to assist in rendering a decision on an appeal made by an employer under subdivision 2 or 3.

Subd. 2. [APPEAL OF PAYMENT.] An employer may appeal to the appeals panel established under subdivision 1 to reduce or eliminate the payment required under section 268.983, the severance and health benefit payments required under sections 268.984 and 268.985, and the repayments of public assistance required under section 268.988. The employer must appeal under this subdivision at least 30 days before the date of the plant closing or mass layoff. The employer may appeal under this subdivision only if the employer determines that the plant closing or mass layoff is likely to be due to one or more of the following:

(1) a natural disaster including, but not limited to, a flood, damage or destruction due to weather, earthquakes, or drought;

(2) a decrease in sales of the employer resulting from economic or market factors that directly affect the demand for the products produced or provided at the establishment; or

(3) the plant closing or mass layoff was required to prevent the acquired business entity from becoming insolvent.

The employer must establish by a preponderance of the evidence that the plant closing or mass layoff was due to one of the reasons outlined in clause (1), (2), or (3), and not because of the financial needs of the employer to pay for debt incurred because of an acquisition or because of a reorganization or duplication of the

operations of the employer. In cases where the operations of the establishment have been terminated or significantly affected by a fire, flood, or other unexpected natural disaster and the result is a plant closing or mass layoff, the employer is not required to appeal 30 days before the plant closing or mass layoff. The employer may appeal under this subdivision but is not required to make payments to the community or affected employees until the appeals decision is rendered by the appeals panel.

Subd. 3. [APPEAL OF REPAYMENT OF PUBLIC ASSISTANCE.] The employer may appeal the amount of public assistance the employer must pay back under section 268.988. The panel must render its decision within 30 days of the appeals request of the employer. An employer who causes a plant closing or mass layoff shall pay back or reimburse an amount equal to the amount of public assistance which it or the acquired business entity has received in the past five-year period from a government unit. The amount of public assistance to be repaid under this section equals the sum of the following:

(1) the reduction in the employer's capital expenditures at the establishment as a result of the public assistance including, but not limited to, assistance in acquiring land, buildings, and equipment;

The amount of public assistance to be repaid that is calculated in clauses (1) to (4) must be adjusted to reflect any amounts that have been recaptured or the employer has been required to repay under the provisions of another law or contractual agreement. The public assistance required to be repaid under this section must be made to the government unit authorizing or enabling the employer to receive the public assistance, regardless of whether the cost or reduction in revenues was borne by another government unit. The employer may appeal the payment amount to the appeals panel

established in section 268.987. The government unit that the public assistance is to be repaid to under this section may enter into an agreement with the recipient of public assistance for the repayment or reimbursement of the public assistance and the time of the repayment.

The notice must state that the employer plans to cause a plant closing or mass layoff at the establishment if, at the time of the acquisition, the employer has determined that these actions will take place in the three-year period following acquisition. (b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property;

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines.

(3) within the 15-day period, the obligor fails to move the court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding, or on other grounds limited to mistakes of fact, and, ex parte, to stay service on the payor of funds until the motion to deny withholding is heard; and

(4) the obligee or the public authority serves a copy of the notice of income withholding, a copy of the court's order, and the provisions of this section on the payor of funds; and

(5) the obligee serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services.

(c) The obligor may, at any time, waive the written notice required by this subdivision.

(d) The obligor may move the court, under section 518.64, to modify the order respecting the amount of maintenance or support.

(e) Every order for support or maintenance shall provide for a conspicuous notice of the provisions of this subdivision. An order without this notice remains subject to this subdivision.

(f) Unless otherwise directed by court order, income withholding shall continue in effect after the termination of the ongoing obligation for the amount ordered under this subdivision and subdivision 1, until all arrearages have been paid in full.

Sec. 77. Minnesota Statutes 1988, section 518.611, is amended by adding a subdivision to read:

Subd. 2a. [PREAUTHORIZED TRANSFERS FROM OBLIGOR ACCOUNTS.] In any case where income withholding is ineffective due to the obligor's method of obtaining income, the court shall order the obligor to identify a child support deposit account owned solely by the obligor, or to establish such an account, in a financial institution located in this state for the purpose of depositing court ordered child support payments. The court shall order the obligor to execute an agreement with the appropriate public authority authorizing preauthorized transfers from the obligor's child support deposit account payable to an account of the public authority responsible for child support enforcement. The court shall order the

obligor to disclose to the court all deposit accounts owned by the obligor in whole or in part in any financial institution. The payor shall identify on the remittance information the date the obligor is paid the remainder of the income. The financial institution shall execute preauthorized transfers from the deposit accounts of the obligor in the amount specified in the order and amounts required under subdivision 2 as directed by the public authority responsible for child support enforcement. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party. An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld. When a withholding order is in effect and the obligor's employment is terminated or the periodic payment terminates, the obligor and the obligor's employer or the payor of funds shall notify the public agency responsible for child support enforcement of the termination within ten days of the termination date. The notice shall include the obligor's home address and the name and address of the obligor's new employer or payor of funds, if known.
