“Section 1. [116O.122] [SEED CAPITAL FUND.]

Subdivision 1. [ESTABLISHMENT.] The corporation shall, in consultation with private venture and seed capital companies and other public and private organizations as appropriate, implement a centrally-managed seed capital fund to invest in early stage companies and small companies in Minnesota through equity or equity-type investments. The seed capital fund may receive contributions from the corporation, as well as from local, state, or federal government, private foundations or other sources. Funds transferred from the greater Minnesota account established in section 116O.12 to the seed capital fund established in this section must be matched by an equal dollar amount from nonstate sources. The corporation must identify the nonstate sources and amount of match before the release of funds from the greater Minnesota account. Total investments by the seed capital fund in seven-county metropolitan area based companies must not exceed 20 percent of the total amount

invested. Investments which contribute to the 20 percent metropolitan area limitation are those which will primarily enhance the operations of a metropolitan based facility. Investments that benefit a greater Minnesota facility of a metropolitan based company are not subject to the limitation. Investments by the seed capital fund must be matched by other sources of capital at a ratio to be determined by the corporation. Private sources of capital must contribute no less than one-third of the total investment for each project. The seed capital fund shall identify sources of technical, management, and marketing assistance for companies funded by the seed capital program and make appropriate referrals. The seed capital fund shall establish a procedure for liquidating public and private investments. This procedure must include conditions and terms for repayment of seed capital fund investments when a company is sold.

Subd. 2. [REGIONAL SEED CAPITAL REPORT.] By February 15, the board shall submit to the legislature and governor an annual report on the activities of the seed capital program.

Subd. 3. [CREDIT LIMIT.] The sum of the credits for investment in the fund under section 2 may not exceed \$... million in each fiscal year. In order to administer and enforce this limit, the corporation shall provide to investors in the fund, on a first-come first-served basis, credit entitlement certificates up to the annual limit.

Sec. 2. Minnesota Statutes 1990, section 290.06, is amended by adding a subdivision to read:

Subd. 24. [SEED CAPITAL FUND CREDIT.] (a) A taxpayer is allowed a credit against the tax imposed by this chapter equal to .. percent of the amount of a qualified investment in the regional seed capital program established and operated by the Greater Minnesota Corporation under section 1, during the taxable year. The maximum amount of this credit is \$.....

(b) The credit for the taxable year may not exceed the liability for tax. If the amount of the credit exceeds the liability for tax for the taxable year, the balance of the credit is a carryover credit to each of the next three taxable years. The entire amount of the credit shall be a credit carryover to the earliest of the taxable years to which it may be carried and then to each successive year to which the credit may be carried. In no case may the sum of credits allowed in a taxable year exceed the liability for tax.

(c) For purposes of this subdivision, the following terms have the meanings given.

(1) "Liability for tax" means the tax imposed by this chapter, except the tax under sections 290.091, 290.0921, and 290.0922,

reduced by the sum of nonrefundable credits allowed under this chapter.

(2) "Qualified investment" means the amount of an investment in the regional seed capital fund that receives a credit entitlement certificate from the Greater Minnesota Corporation under section 1.

Sec. 3. Minnesota Statutes 1990, section 469.101, is amended by adding a subdivision to read:

Subd. 23. [SUPPLYING SMALL BUSINESS CAPITAL.] Notwithstanding any contrary law, the authority may participate with public or private corporations or other entities, whose purpose is to provide seed or venture capital to small businesses that have facilities located or to be located in the district. For that purpose the authority may use not more than ten percent of available annual net income or \$1,000,000 annually, whichever is less, to invest in equities or acquire equity-type investments. These investments can be made directly in eligible corporations or entities or acquired through participation in a public or private seed or venture capital fund. The participation by the authority may not exceed in any year 25 percent of the total amount of funds provided for venture or seed capital purposes by all of the participants. The corporation, entity, or fund shall report in writing each six months to the commissioners of the authority all investments and other action taken by it since the last report. Funds contributed to the corporation or entity must be invested pro rata with each contributor of capital taking proportional risks on each investment. As used in this subdivision, the term "small business" has the meaning given it in section 645.445, subdivision 2.

House Concurrent Resolution No. 1 was reported to the House.

HOUSE CONCURRENT RESOLUTION NO. 1

A house concurrent resolution relating to congressional redistricting; establishing standards for redistricting plans.

Be It Resolved, by the House of Representatives of the State of Minnesota, the Senate concurring therein:

A plan presented to the Senate or House of Representatives for redistricting seats in the United States House of Representatives must adhere to the following standards:

(1) There must be eight districts, each entitled to elect a single member.

(2) The districts must be as nearly equal in population as practicable.

(3) The districts must be composed of compact, convenient contiguous territory. Contiguity by water is sufficient if the water is not a serious obstacle to travel within the district.

(4) The districts must be numbered in a regular series, beginning with congressional district 1 in the southeast corner of the state and ending with district 8 in the northeast corner of the state.

(5) The districts must not dilute the voting strength of racial or language minority populations. Where a concentration of a racial or language minority population makes it possible, the districts must increase the probability that members of the minority will be elected.

(6) A county, city, or town should not be divided into more than one district except as necessary to meet equal-population requirements or to form districts that are composed of compact, convenient contiguous territory.

(7) The districts should attempt to preserve communities of interest where that can be done in compliance with the preceding standards.

(8) The geographic areas and population counts used in maps, tables, and legal descriptions of the districts must be those used by the Legislative Coordinating Commission's Subcommittee on Redistricting.

The Subcommittee on Redistricting will notify the President of the Senate and the Speaker of the House of Representatives when the necessary 1990 census data has been received from the United States Census Bureau, loaded into the Subcommittee's computerized redistricting system, and verified as ready for use in redistricting. A redistricting plan will not be considered for adoption by the Senate or House of Representatives until the notice has been given.

Rodosovich moved that House Concurrent Resolution No. 1 be now adopted. The motion prevailed and House Concurrent Resolution No. 1 was adopted.

House Concurrent Resolution No. 2 was reported to the House.

HOUSE CONCURRENT RESOLUTION NO. 2

A house concurrent resolution relating to legislative redistricting; establishing standards for redistricting plans.

Be It Resolved, by the House of Representatives of the State of Minnesota, the Senate concurring therein:

A plan presented to the Senate or House of Representatives for

redistricting seats in the Senate and House of Representatives must adhere to the following standards:

(1) The Senate must be composed of 67 members. The House of Representatives must be composed of 134 members.

(2) Each district is entitled to elect a single member.

(3) A representative district may not be divided in the formation of a senate district.

(4) The districts must be substantially equal in population. The population of a district must not deviate from the ideal by more than two percent, plus or minus.

(5) The districts must be composed of compact, convenient contiguous territory. Contiguity by water is sufficient if the water is not a serious obstacle to travel within the district.

(6) The districts must be numbered in a regular series, beginning with House district 1A in the northwest corner of the state and proceeding across the state from west to east, north to south, but bypassing the seven-county metropolitan area until the southeast corner has been reached; then to the seven-county metropolitan area outside the cities of Minneapolis and St. Paul; then in Minneapolis and St. Paul.

(7) The districts must not dilute the voting strength of racial or language minority populations. Where a concentration of a racial or language minority makes it possible, the districts must increase the probability that members of the minority will be elected.

(8) A county, city, or town should not be divided into more than one district except as necessary to meet equal-population requirements or to form districts that are composed of compact, convenient contiguous territory.

(9) The districts should attempt to preserve communities of interest where that can be done in compliance with the preceding standards.

(10) The geographic areas and population counts used in maps, tables, and legal descriptions of the districts must be those used by the Legislative Coordinating Commission's Subcommittee on Redistricting.

The Subcommittee on Redistricting will notify the President of the Senate and the Speaker of the House of Representatives when the necessary 1990 census data has been received from the United States Census Bureau, loaded into the Subcommittee's computerized

redistricting system, and verified as ready for use in redistricting. A redistricting plan will not be considered for adoption by the Senate or House of Representatives until the notice has been given.

Rodosovich moved that House Concurrent Resolution No. 2 be now adopted. The motion prevailed and House Concurrent Resolution No. 2 was adopted.

“Section 1. [CITATION.]

This act may be cited as the “wetland enhancement, preservation, and protection act of 1991.”

Sec. 2. [LEGISLATIVE INTENT.]

It is the intent of the legislature to ensure that the owners of wetlands receive fair compensation for compliance with the provisions of this act. It is intended that a substantial annual appropriation be available to provide that compensation.

Sec. 3. Minnesota Statutes 1990, section 97A.145, subdivision 2, is amended to read:

Subd. 2. [ACQUISITION PROCEDURE.] (a) Lands purchased or leased under this section must be acquired in accordance with this subdivision.

(b) The commissioner must notify the county board and the town officers where the land is located and furnish them a description of the land to be acquired. The county board must approve or disapprove the proposed acquisition within 90 days after being notified. The commissioner may extend the time up to 30 days. The soil and

water conservation district supervisors shall counsel the county board on drainage and flood control and the best utilization and capability of the land.

(c) If the county board approves the acquisition within the prescribed time, the commissioner may acquire the land.

(d) If the county board disapproves the acquisition, it must state valid reasons. ~~The commissioner may not purchase or lease the land if the county board disapproves the acquisition and states its reasons within the prescribed time period.~~

Sec. 4. Minnesota Statutes 1990, section 103A.201, is amended to read:

103A.201 [REGULATORY POLICY.]

Subdivision 1. [POLICY.] To conserve and use water resources of the state in the best interests of its people, and to promote the public health, safety, and welfare, it is the policy of the state that:

(1) subject to existing rights, public waters are subject to the control of the state;

(2) the state, to the extent provided by law, shall control the appropriation and use of waters of the state; and

(3) the state shall control and supervise activity that changes or will change the course, current, or cross section of public waters, including the construction, reconstruction, repair, removal, abandonment, alteration, or the transfer of ownership of dams, reservoirs, control structures, and waterway obstructions in public waters.

Subd. 2. WETLANDS FINDINGS; PUBLIC INTEREST. (a) Wetlands identified in the state under section 13 and the United States Fish and Wildlife Service National Wetland Inventory maps do not:

(1) grant the public additional or greater right of access to the wetlands;

(2) diminish the right of ownership or usage of the beds underlying the wetlands, except as otherwise provided by law;

(3) affect state law forbidding trespass on private lands; and

(4) require the commissioner to acquire access to the wetlands.

(b) The legislature finds that the wetlands of Minnesota provide public value by conserving surface waters, maintaining and improving water quality, preserving wildlife habitat, providing recreational opportunities, reducing runoff, providing for floodwater retention, reducing stream sedimentation, contributing to improved subsurface moisture, helping moderate climatic change, and enhancing the natural beauty of the landscape, and are important to comprehensive water management, and that it is in the public interest to:

(1) achieve no net loss in the quantity, quality, and biological diversity of Minnesota's existing wetlands;

(2) increase the quantity, quality, and biological diversity of Minnesota's wetlands by restoring or enhancing diminished or drained wetlands;

(3) avoid direct or indirect impacts from activities that destroy or diminish the quantity, quality, and biological diversity of wetlands; and

(4) mitigate where avoidance of activity is not feasible and prudent.

(c) Mitigation must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(d) If an agricultural wetland is located in a cultivated field, then mitigation under section 12 must be accomplished through restoration only without regard to the priority order in paragraph (c).

(e) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

Sec. 5. Minnesota Statutes 1990, section 103B.311, subdivision 6, is amended to read:

Subd. 6. [SCOPE OF PLANS.] Comprehensive water plans must include:

(1) a description of the existing and expected changes to physical environment, land use, and development in the county;

(2) available information about the surface water, groundwater, and related land resources in the county, including existing and potential distribution, availability, quality, and use;

(3) objectives for future development, use, and conservation of water and related land resources, including objectives that concern water quality and quantity, and sensitive areas, wellhead protection areas, and related land use conditions, and a description of actions that will be taken in affected watersheds or groundwater systems to achieve the objectives;

(4) a description of potential changes in state programs, policies, and requirements considered important by the county to management of water resources in the county;

(5) a description of conflicts between the comprehensive water plan and existing plans of other local units of government;

(6) a description of possible conflicts between the comprehensive water plan and existing or proposed comprehensive water plans of other counties in the affected watershed units or groundwater systems;

(7) the identification of high priority areas in the county for wetland restoration;

(8) a program for implementation of the plan that is consistent with the plan's management objectives and includes schedules for amending official controls and water and related land resources plans of local units of government to conform with the comprehensive water plan, and the schedule, components, and expected state and local costs of any projects to implement the comprehensive water plan that may be proposed, although this does not mean that projects are required by this section; and

~~(8)~~ (9) a procedure for amending the comprehensive water plan.

Sec. 6. Minnesota Statutes 1990, section 103E.701, is amended by adding a subdivision to read:

Subd. 6. [WETLAND RESTORATION AND MITIGATION.] Repair of a drainage system may include the restoration or enhancement of wetlands; wetland mitigation under section 103G.222; and the realignment of a drainage system to prevent drainage of a wetland.

Sec. 7. [103E.516] [PERMANENT WETLANDS PRESERVE.]

Subdivision 1. [EASEMENTS.] Upon application by a landowner, the board may acquire permanent easements on land containing type 1, 2, or 3 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition).

Subd. 2. [NATURE OF PROPERTY RIGHTS ACQUIRED.] (a) A permanent full easement acquired must prohibit draining, ditching, tiling, filling, leveling, burning vegetation, and alteration of wildlife habitat and other natural features in the wetland, except that vegetation may be burned if permitted by the commissioner of natural resources or an agent of the commissioner.

(b) A permanent limited easement may permit grazing at any time, hay harvesting at any time, and cropping wetlands when they are dry of natural causes.

(c) A permanent easement may include one adjacent upland acre of land for each acre of type 2 wetland included.

(d) The easement must require that the landowner control noxious weeds pursuant to sections 18.171 to 18.317.

(e) The conservation easement must be conveyed to the state in recordable form free of any prior title, lien, or encumbrance and must provide for a right of entry by the state for inspection and correction of violations.

Subd. 3. [PAYMENT.] Payment for the conservation easement may be made in ten equal annual payments or, at the option of the land owner, shall be made: (1) for a limited easement, in a lump sum at 75 percent of the township average equalized estimated market value of agricultural property as established by the commissioner of revenue at the time of easement applications; (2) for a full easement, in a lump sum at 90 percent of the township average equalized estimated market value of agricultural property as established by the commissioner of revenue at the time of easement application.

Subd. 4. [PROPERTY TAX EXEMPTION.] Wetlands in which the board has acquired permanent easements under this section shall be exempt from property taxes in the year the easement is acquired and for all subsequent years.

Subd. 5. [ENFORCEMENT AND CORRECTIONS.] Enforcement of the conservation easement or violation corrections shall be governed by section 103F.515, subdivisions 8 and 9.

Subd. 6. [AVAILABLE FUNDS.] A property owner entitled to payments under this section must receive payments to the extent that funds are available. If funds are not available and payments are not made, restrictions on the use of the property owner's wetlands are terminated under this section.

Subd. 7. [REPORT REQUIRED.] The board must report annually to the legislature on the number, types, and acres of wetlands lost and gained each year.

Sec. 8. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 10a. [LOCAL GOVERNMENT UNIT.] "Local government unit" means:

(1) outside of the seven-county metropolitan area, a city council or county board of commissioners; and

(2) in the seven-county metropolitan area, a city council, a town board under section 368.01, or a watershed management organization under section 103B.211.

Sec. 9. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 11a. [MITIGATION.] “Mitigation” is the quantification and replacement of an area’s size, quality, character, and diversity through restoration or creation of at least equivalent quantities in another area after the impacts of the proposed project have been avoided and minimized to the extent possible and there are no feasible and prudent alternatives.

Sec. 10. Minnesota Statutes 1990, section 103G.005, subdivision 15, is amended to read:

Subd. 15. [PUBLIC WATERS.] (a) “Public waters” means:

(1) waterbasins assigned a shoreland management classification by the commissioner under sections 103F.201 to 103F.221, except wetlands less than 80 acres in size that are classified as natural environment lakes;

(2) waters of the state that have been finally determined to be public waters or navigable waters by a court of competent jurisdiction;

(3) meandered lakes, excluding lakes that have been legally drained;

(4) waterbasins previously designated by the commissioner for management for a specific purpose such as trout lakes and game lakes pursuant to applicable laws;

(5) waterbasins designated as scientific and natural areas under section 84.033;

(6) waterbasins located within and totally surrounded by publicly owned lands;

(7) waterbasins where the state of Minnesota or the federal government holds title to any of the beds or shores, unless the owner declares that the water is not necessary for the purposes of the public ownership;

(8) waterbasins where there is a publicly owned and controlled access that is intended to provide for public access to the waterbasin;

(9) natural and altered watercourses with a total drainage area greater than two square miles;

(10) natural and altered watercourses designated by the commissioner as trout streams; and

(11) public waters wetlands, unless the statute expressly states otherwise.

(b) Public waters are not determined exclusively by the proprietorship of the underlying, overlying, or surrounding land or by whether it is a body or stream of water that was navigable in fact or susceptible of being used as a highway for commerce at the time this state was admitted to the union.

Sec. 11. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 17a. [WATERSHED.] "Watershed" means the 81 major watershed units delineated by the map, "State of Minnesota Watershed Boundaries - 1979".

Sec. 12. Minnesota Statutes 1990, section 103G.005, subdivision 18, is amended to read:

Subd. 18. [PUBLIC WATERS WETLANDS.] "Public waters wetlands" means all types 3, 4, and 5 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition), not included within the definition of public waters, that are ten or more acres in size in unincorporated areas or 2-1/2 or more acres in incorporated areas, including those wetlands designated as public waters under section 103G.201.

Sec. 13. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 19. [WETLANDS.] "Wetlands" means lands transitional between terrestrial and aquatic systems where the water table is usually at or near the surface or the land is covered by shallow water. For purposes of this definition, wetlands must have the following three attributes:

- (1) have a predominance of hydric soils;
- (2) are inundated or saturated by surface or ground water at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and
- (3) under normal circumstances support a prevalence of such vegetation.

Sec. 14. Minnesota Statutes 1990, section 103G.221, subdivision 1, is amended to read:

Subdivision 1. [DRAINAGE OF WETLANDS GENERALLY PROHIBITED WITHOUT REPLACEMENT.] Except as provided in subdivisions 2 and 3, Wetlands may not be drained, and a permit authorizing drainage of wetlands may not be issued, unless the wetlands to be drained are replaced by wetlands that will have equal or greater public value.

Sec. 15. [103G.222] [REPLACEMENT OF WETLANDS.]

(a) Wetlands which are identified on United States Fish and Wildlife Service National Wetlands Inventory maps or revisions thereof, or which have been restored or created by public or private conservation programs, must not be drained or filled, wholly or partially, unless there are no feasible and prudent alternatives and unless replaced by restoring or creating wetland areas of at least equivalent size, quantity, character, and diversity under either a mitigation plan approved as provided in section 21 or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 21.

(b) Any mitigation or replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 21, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish mitigation in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded.

(c) For a wetland of two acres or less, mitigation must be in the ratio of two acres of mitigated wetland for each acre of drained or filled wetland, of which from ten to 50 percent must be a buffer zone of permanent vegetative cover.

(d) For a wetland of more than two acres, mitigation must be in the ratio of one acre of mitigated wetland for each acre of drained or filled wetland.

(e) Wetlands that are restored or created as a result of an approved mitigation plan are subject to the provisions of this section for any subsequent drainage or filling.

(f) All requests to add or delete a wetland from the application of this subdivision must be approved in the same way as provided for appeals by the committee for dispute resolution of the board of water and soil resources, and in consultation with the commissioner of agriculture, and must be based on a preponderance of the evidence

that the wetland does or does not comply with established criteria for inclusion in the national wetlands inventory.

Sec. 16. [103G.223] [CALCAREOUS FENS.]

Calcareous fens, as identified by the commissioner, may not be filled, drained, or otherwise degraded, wholly or partially, by any activity, unless the commissioner, under an approved management plan, decides some alteration is necessary.

Sec. 17. [84.034] [PEATLAND PROTECTION.]

Subdivision 1. [CITATION.] Sections 17 to 19 may be cited as the "Minnesota peatland protection act."

Subd. 2. [FINDINGS.] The legislature finds that certain Minnesota peatlands possess unique scientific, aesthetic, vegetative, hydrologic, geologic, wildlife, wilderness and educational values and represent the various peatland ecological types in the state. The legislature finds that it is desirable and appropriate to protect and preserve these patterned peatlands as a peatland management system through establishment and designation of certain peatland core areas as scientific and natural areas.

Subd. 3. [DEFINITIONS.] (1) Unless language or context clearly indicates that a different meaning is intended, the following terms, for the purposes of sections 17 to 19, have the meanings given to them.

(2) "Winter road" means an access route which may be used by vehicles only when the substrate is frozen.

(3) "Corridors of disturbance" means rights of way which are in existence on the effective date of this act, such as ditches, ditch banks, transmission lines, pipelines, permanent roads, winter roads, and recreational trails. The existence, on the effective date of this act, of a corridor of disturbance may be demonstrated by physical evidence, document recorded in the office of county recorder or other public official, aerial survey, or other evidence similar to the above.

(4) "State land" means land owned by the state of Minnesota and administered by the commissioner.

Subd. 4. [DESIGNATION OF PEATLAND SCIENTIFIC AND NATURAL AREAS.] Within the peatland areas described in section 18, state lands are hereby established and designated as scientific and natural areas to be preserved and managed by the commissioner in accordance with subdivision 5 and section 86A.05, subdivision 5.

Subd. 5. [ACTIVITIES IN PEATLAND SCIENTIFIC AND NATURAL AREAS.] Areas designated in subdivision 4 as peatland scientific and natural areas are subject to the following conditions:

(a) Except as provided in paragraph (b), all restrictions otherwise applicable to scientific and natural areas designated under section 86A.05, subdivision 5, apply to the surface use and to any use of the mineral estate which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas, including but not limited to, the following prohibitions:

(1) construction of any new public drainage systems after the effective date of this act or improvement or repair to a public drainage system in existence on the effective date of this act, under authority of chapter 103E, or any other alteration of surface water or ground water levels or flows unless specifically permitted under paragraph (b), clause (5) or (6);

(2) removal of peat, sand, gravel, or other industrial minerals;

(3) exploratory boring or other exploration or removal of oil, natural gas, radioactive materials or metallic minerals which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or natural features of the peatland scientific and natural areas, except in the event of a national emergency declared by Congress;

(4) commercial timber harvesting;

(5) construction of new corridors of disturbance, of the kind defined in subdivision 3, after the effective date of this act; and

(6) ditching, draining, filling, or any other activities which modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas.

(b) The following activities are allowed:

(1) recreational activities, including hunting, fishing, trapping, cross country skiing, snowshoeing, nature observation, or other recreational activities permitted in the management plan approved by the commissioner;

(2) scientific and educational work and research;

(3) maintenance of corridors of disturbance, including survey lines, consistent with protection of the peatland ecosystem;

(4) use of corridors of disturbance unless limited by a management plan adopted by the commissioner under subdivision 6;

(5) improvements to a public drainage system in existence on the effective date of this act only when it is for the protection and maintenance of the ecological integrity of the peatland scientific and natural area and when included in a management plan adopted by the commissioner under subdivision 6;

(6) repairs to a public drainage system in existence on the effective date of this act which crosses a peatland scientific and natural area and is used for the purposes of providing a drainage outlet for lands outside of the peatland scientific and natural area, provided that there are no other feasible and prudent alternative means of providing the drainage outlet. The commissioner shall cooperate with the ditch authority in the determination of any feasible and prudent alternatives. No repairs which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas shall be made unless approved by the commissioner;

(7) motorized uses that are engaged in, on corridors of disturbance, on or before the effective date of this act;

(8) control of forest insects, disease, and wildfires, as described in a management plan adopted by the commissioner under subdivision 6; and

(9) geological and geophysical surveys which would not significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas.

Subd. 6. [MANAGEMENT PLANS.] The commissioner shall develop a management plan for each peatland scientific and natural area designated under section 18 in a manner prescribed by section 86A.09.

Subd. 7. [ESTABLISHING BASELINE ECOLOGICAL DATA.] The commissioner shall establish baseline data on the ecology and biological diversity of peatland scientific and natural areas and provide for ongoing, long-term ecological monitoring to determine whether changes are occurring in the peatland scientific and natural areas. This research is intended to identify any changes occurring in peatland scientific and natural areas as a result of any permitted activities outside the peatland scientific and natural areas. This baseline data may include, but is not limited to, the history of the peatlands and their geologic origins, plant and animal communities, hydrology, water chemistry, and contaminants introduced from remote sources of atmospheric deposition.

Subd. 8. [DITCH ABANDONMENTS.] In order to eliminate repairs or improvements to any public drainage system that crosses a peatland scientific and natural area in those instances where the repair or improvement adversely affects an area, the commissioner may petition for the abandonment of parts of the public drainage system under section 106A.811. If the public drainage system is necessary as a drainage outlet for lands outside of the peatland scientific and natural area, the commissioner will cooperate with the ditch authority in the development of feasible and prudent alternative means of providing a drainage outlet which avoids the crossing of and damage to the peatland scientific and natural area. In so doing, the commissioner shall grant flowage easements to the ditch authority for disposal of the outlet water on other state lands. The ditch authority shall approve the abandonment of parts of any public drainage system crossing a peatland scientific and natural area if the public drainage system crossing of those areas is not necessary as a drainage outlet for lands outside of the areas or if there are feasible and prudent alternative means of providing a drainage outlet without crossing such areas. In any abandonment under this subdivision the commissioner may enter into an agreement with the ditch authority regarding apportionment of costs and, contingent upon appropriations of money for that purpose, may agree to pay a reasonable share of the cost of abandonment.

Subd. 9. [COMPENSATION FOR TRUST FUND LANDS.] The commissioner shall acquire by exchange or eminent domain the surface interests, including peat, on trust fund lands contained in peatland scientific and natural areas established in subdivision 4.

Sec. 18. [84.035] [PEATLAND SCIENTIFIC AND NATURAL AREAS, DESIGNATION.]

Sec. 19. Minnesota Statutes 1990, section 103G.231, is amended by adding a subdivision to read:

Subd. 3. [PEAT MINING.] Peat mining, as defined in section 93.461, is permitted subject to the mine permit and reclamation requirements of sections 93.44 to 93.51, and the rules adopted under those restrictions, except as provided for in sections 17 to 19.

Sec. 20. [103G.2241] [EXCEPTIONS.]

Subdivision 1. [AGRICULTURAL EXEMPTIONS.] Wetlands identified in section 15 are not subject to mitigation or replacement if:

(1) the wetland is of type 1 or 2 and is four acres in size or less and is located on agricultural land;

(2) the wetland is a wetland restored under a contract or easement providing the landowner with the right to drain the restored wetland;

(3) the wetland is located between the banks of a ditch, as defined in section 103E.005, subdivision 8; or is located between the crowns of the leveled spoil banks planted with permanent grass, as provided in section 103E.021; and the wetland is drained pursuant to a ditch repair as defined in section 103E.701;

(4) the wetland is located within the right-of-way of a ditch and the filling is limited to side casting of spoil materials resulting from a ditch repair or maintenance project;

(5) the wetland has received a commenced drainage determination provided for by the federal Food Security Act of 1985, that was made to the county agricultural stabilization and conservation service office prior to September 19, 1988, and a ruling and any subsequent appeals or reviews have determined that drainage of the wetland had been commenced prior to December 23, 1985;

(6) the wetland is on agricultural land currently enrolled, or enrolled in the future, in the federal Food Security Act of 1985, as amended, except that land enrolled in a federal farm program is eligible for participation for those acres not already compensated under the federal program;

(7) the wetland was created solely as a result of beaver dam construction, or the blockage of culverts through roadways maintained by a public authority;

(8) the wetland was created by the constriction or blockage of a tile or ditch drainage facility existing on or before the effective date of this act, whether the constriction or blockage has occurred within the wetland or at a point downstream from the wetland;

(9) the wetland was planted and harvested with annually seeded crops or was in a crop rotation seeding of pasture grasses and legumes six of the ten years prior to January 1, 1991, or is included under the federal conservation reserve program in United States Code, title 16, section 3831; or

(10) a parcel containing approximately 50 acres in Washington county described as the northeast quarter of the northwest quarter and the southeast quarter of the northwest quarter of section 32, township 29 north, range 21 west lying east of Minnesota trunk highway No. 694, and the south 466.69 feet of the west 466.69 feet of the northwest quarter of the northeast quarter of section 32, township 29 north, range 21 west.

Subd. 2. [EXEMPTION FOR APPROVED PROJECTS.] Development projects and ditch improvement projects in the state that have received preliminary or final plat approval, or infrastructure that has been installed, or having site plan approval, conditional use permits, or similar official approval by a governing body or government agency, on or before the effective date of this act are exempt from provisions of this act. In the seven-county metropolitan area and in cities of the first and second class, plat approval must be preliminary as approved by the appropriate governing body.

Subd. 3. [EXEMPTION FOR WILD RICE LANDS.] The provisions of this act do not apply to land on which wild rice is planted, grown, or harvested, or land for which a permit is acquired for the development of water impoundment structures and facilities for the growth and harvesting of wild rice.

Sec. 21. [103G.2242] [MITIGATION PLANS.]

Subdivision 1. [RULES.] (a) By December 31, 1992, the commissioner, in consultation with the commissioner of agriculture, shall adopt rules governing the approval of mitigation plans under this section. These rules must address the criteria, procedure, timing, and location of acceptable mitigation; the establishment and administration of a wetland banking program for public and private projects, which include mitigation provisions allowing monetary payment to the wetland banking program for alteration of agricultural wetlands; the methodology to be used in identifying and evaluating wetland functions; the administrative, monitoring, and enforcement procedures to be used; and a procedure for the review and appeal of decisions under this section. In the case of peatlands or mineral wetlands, the mitigation plan rules must consider the impact on carbon balance described in the report required by Laws 1990, chapter 587, and include the planting of trees or shrubs.

(b) Prior to the adoption of the commissioner's rules, a mitigation plan must be approved by a six-member review panel within 120 days of application. The review panel shall be composed of the area regional administrator for the department of natural resources, the area regional director of the pollution control agency, one board member of the local soil and water conservation district or districts within the county, one manager of the watershed district, one member of the local water planning organization who must be appointed by the county board, and the commissioner of agriculture or the commissioner's designee. Where there is no watershed district, a member of the governing board of the county or city shall be present on the review panel.

(c) The review panel must use the "Minnesota Wetland Evaluation Methodology" as the criteria for ensuring that a degraded wetland must be mitigated effectively before a mitigation plan is approved.

(d) After the adoption of the rules, the mitigation plan must be approved by a resolution of the governing body of the local government unit, consistent with the provisions of the rules.

(e) If the local government unit fails to apply the rules, the government unit is subject to penalty under law, the loss of financial assistance under section 103B.3369, subdivision 5, and the commissioner must assume authority for approval of mitigation plans within the affected jurisdiction.

(f) The commissioner must notify the board of water and soil resources and the commissioner of agriculture when assuming authority for approval of mitigation plans under paragraph (e).

Subd. 2. [EVALUATION.] Questions concerning the location, size, or type of a wetland shall be submitted to and determined by a technical evaluation panel after an on-site inspection. The technical evaluation panel shall be composed of a technical professional employee of the department of natural resources, a technical professional employee of the local soil and water conservation district or districts, and an engineer for the local government unit. The panel must consult with and be in concurrence with the United States Fish and Wildlife Service and the national wetland inventory maps. The panel shall provide the wetland determination to the authority that must approve a mitigation plan under this section, and may recommend approval or denial of the mitigation plan. The authority must consider and include the decision of the technical evaluation panel in their approval or denial of a mitigation plan.

Subd. 3. [DECISION.] Upon receiving and considering all required data, the local government unit or commissioner approving a mitigation plan must act on all applications for mitigation plan approval within 120 days.

Subd. 4. [NOTICE OF APPLICATION.] Within ten days of receiving an application for approval of a mitigation plan under this section, a copy of the application must be submitted to the commissioner for publication in the Environmental Quality Board Monitor and separate copies mailed to individual members of the public who request a copy, the board of supervisors of the soil and water conservation district, the managers of the watershed district, the board of county commissioners, the commissioner of agriculture, and the mayors of the cities within the area watershed. At the same time, the local government unit must give general notice to the public in a general circulation newspaper within the area affected.

Subd. 5. [NOTICE OF DECISION.] At least 30 days prior to the effective date of the approval or denial of a mitigation plan under this section, a copy of the approval or denial must be submitted for publication in the Environmental Quality Board Monitor and separate copies mailed to the applicant, the commissioner, individual

members of the public who request a copy, the board of supervisors of the soil and water conservation district, the managers of the watershed district, the board of county commissioners, the commissioner of agriculture, and the mayors of the cities within the area watershed.

Subd. 6. [PUBLIC COMMENT PERIOD.] Before approval or denial of a mitigation plan under this section, comments may be made by the public to the local government unit or the commissioner for a period of 60 days.

Subd. 7. [APPEAL.] Appeal of the decision may be obtained by mailing a notice of appeal to the board of water and soil resources within 30 days after the postmarked date of the mailing specified in subdivision 5. If appeal is not sought within 30 days, the decision becomes final. Appeal may be made by the wetland owner by any of those to whom notice is required to be mailed under subdivision 5, or by 100 residents of the county in which a majority of the wetland is located. All appeals must be heard by the committee for dispute resolution of the board of water and soil resources, in consultation with the commissioner of agriculture, and a decision made within 60 days of the appeal. The decision must be served by mail on the parties to the appeal, and is not subject to the provisions of chapter 14. The decision must be considered the decision of an agency in a contested case for purposes of judicial review under sections 14.63 to 14.69.

Subd. 8. [LOCAL REQUIREMENTS.] The rules adopted under subdivision 1 shall allow for local government units to use their own notice and public comment procedures so long as the requirements of this section are satisfied.

Subd. 9. [WETLAND HERITAGE ADVISORY COMMITTEE.] The governor shall establish a wetland heritage advisory committee consisting of a balanced diversity of interests including agriculture, environmental, sporting organizations, land development organizations, local government organizations, and other agencies. The committee must consist of nine members including the commissioner of agriculture, or a designee of the commissioner, the director of the board of water and soil conservation, and seven members appointed by the governor. The governor's appointees must include one county commissioner, one representative each from a statewide sportsman's organization, a statewide conservation organization, an agricultural commodity research and promotion council, one faculty member of an institution of higher education with expertise in the natural sciences, and one member each from two statewide farm organizations. The committee shall advise the commissioner on the development of rules and, after rule adoption, shall meet twice a year to review implementation of the program, to identify strengths and weaknesses, and to recommend changes to the rules and the law to improve the program.

Subd. 10. [MITIGATION CREDITS.] No public or private wetland restoration, enhancement, or construction may be allowed for mitigation unless specifically designated for mitigation and paid for by the individual or organization performing the wetland restoration, enhancement, or construction, and is completed prior to any draining or filling of the wetland.

Subd. 11. [MITIGATED WETLAND ELIGIBLE FOR RIM.] A mitigated wetland under this section, in which the mitigation is located on the wetland owner's land, is eligible for enrollment under section 103F.515.

Sec. 22. [103G.226] [LOCAL GOVERNMENT UNITS AUTHORITY.]

A local government unit may adopt rules or ordinances that are more stringent than required by sections 15 and 21.

Sec. 23. [103G.227] [DRAINING PUBLIC WATERS; DRAINAGE SYSTEM MAINTENANCE.]

No public ditch may be repaired in such a way as to partially or completely drain a public water inventoried under section 103G.201, except as provided in section 103G.221. This section does not limit the rights of a landowner to maintain an existing drainage system within the criteria set forth in section 20.

This section and the provisions of sections 14 and 15 do not apply to the maintenance or repair of existing drainage systems when the maintenance or repair are necessary to allow for the continuation of prevailing farming practices and cropping history, including alterations necessary to correct failure of a system due to land subsidence. On land farmable in six of ten years, if a tile line must be replaced to conform with modern farm practices, the replacement tile may be larger and placed at a greater depth than the tile being replaced.

Sec. 24. [103G.228] [ENFORCEMENT.]

Subdivision 1. [CRIMINAL PENALTY.] Violation of this act constitutes a misdemeanor.

Subd. 2. [COURT COSTS.] Upon conviction, a violator of this act must pay all applicable court costs.

Subd. 3. [DAMAGED WETLAND.] Conviction under this act may require a violator to restore or replace any diminished or destroyed wetland. The imposed penalty under subdivision 1 may be reduced by 50 percent if the convicted violator restores the wetland within 30 days of notice of the conviction.

Subd. 4. [COMMISSIONER.] The commissioner or authorized agent is responsible for enforcement of this act.

Sec. 25. Minnesota Statutes 1990, section 103G.231, is amended by adding a subdivision to read:

Subd. 4. [USE OF WETLANDS FOR FOREST MANAGEMENT ACTIVITIES.] (a) Temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, is permitted so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage of the wetland or public waters.

(b) Permanent access for forest roads across wetlands is permitted so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch or tile line; with filling avoided if possible; and there is no drainage of the wetland or public waters.

Sec. 26. [103G.232] [USE OF WETLANDS FOR OTHER PURPOSES.]

Subdivision 1. [AGRICULTURAL PURPOSES.] Activities associated with agriculture carried out for the purpose of growing, protecting, harvesting, or sustaining agricultural production are permitted so long as these activities do not result in the drainage or filling of a wetland or public water.

Subd. 2. [ROADWAYS AND BRIDGES.] Activities associated with routine maintenance of existing public highways, roads, streets, and bridges, or replacement of or minor improvements to structurally deficient or functionally obsolete structures where the improvements are necessary to meet current design and safety standards, are permitted so long as these activities do not result in the drainage or filling of a wetland or public waters.

Subd. 3. [PERMITTED STRUCTURES.] Normal maintenance and repair of a permitted structure or a structure constructed before the effective date of this section is permitted so long as it does not result in the drainage or filling of the wetland or public waters.

Subd. 4. [RIGHTS-OF-WAY MAINTENANCE.] Activities associated with routine maintenance of utility and pipeline rights-of-way are permitted as long as the right-of-way is not increased.

Sec. 27. [REPEALER.]

Minnesota Statutes 1990, section 103G.221, subdivisions 2 and 3, are repealed.

Sec. 28. [APPROPRIATION AND BONDS.]

\$50,000,000 is appropriated from the bond proceeds fund to be divided as follows:

“ARTICLE 1

SMALL EMPLOYER HEALTH BENEFITS

Section 1. [62K.01] [CITATION AND PURPOSE.]

Subdivision 1. [CITATION.] This chapter may be cited as the “small employer health benefit act of 1991.”

Subd. 2. [FINDINGS.] The legislature finds that a significant number of uninsured residents of the state of Minnesota are employed by small employers. Small employers may be unable to purchase affordable health coverage because of the application of mandated benefits to all health plan products and the historical underwriting and rating practices applied by health carriers to small employer groups. The legislature believes that access to health insurance may improve for small employers if specific rating and underwriting restrictions, in conjunction with the use of a reinsurance pool, are imposed on all health carriers doing business in the small employer market, if health carriers are permitted to offer a limited benefit plan, and if a systematic review of proposed new benefits is required.

Subd. 3. [PURPOSE.] The purpose of this chapter is to promote the availability of health insurance to small employers; to impose

certain restrictions on the underwriting and rating of small employer groups; to improve access to health care services to the employees of small employers and their dependents; to establish a reinsurance pool to enable health carriers to more equitably spread the risk of loss associated with small employer business; and to provide for the systematic review of the social and financial impacts of proposed mandated benefits.

Subd. 4. [JURISDICTION.] This chapter applies to any health carrier that offers, issues, delivers, or renews a health benefit plan to one or more employees of a small employer.

Sec. 2. [62K.02] [DEFINITIONS.]

Subdivision 1. [TERMS.] For the purposes of this chapter, the terms defined in this section have the meanings given them unless the language or the context clearly indicates otherwise.

Subd. 2. [ACTUARIAL OPINION.] "Actuarial opinion" means a written statement by a member of the American Academy of Actuaries that a health carrier is in compliance with this chapter, based on the person's examination, including a review of the appropriate records and of the actuarial assumptions and methods utilized by the health carrier in establishing premium rates for health benefit plans.

Subd. 3. [APPROPRIATE COMMITTEE CHAIRS.] "Appropriate committee chairs" means the chair of the health and human services committee and the chair of the insurance committee of the house of representatives, the chair of the commerce committee, and the chair of the health and human services committee of the senate.

Subd. 4. [ASSOCIATION.] "Association" means the small employer reinsurance association created by section 62K.10.

Subd. 5. [BASE PREMIUM RATE.] "Base premium rate" means for each class of business as to a rating period, the lowest premium rate charged or which could have been charged under a rating system for that class of business by the health carrier to small employers with similar case characteristics for health benefit plans with the same or similar coverage.

Subd. 6. [BOARD OF DIRECTORS.] "Board of directors" means the board of directors of the small employer reinsurance association created by section 62K.10.

Subd. 7. [CASE CHARACTERISTICS.] "Case characteristics" means the relevant characteristics of a small employer, as determined by a health carrier, which are considered by the carrier in the determination of premium rates for the small employer. Such

relevant characteristics include, but are not limited to, geographic area, employer group size, benefit differences, and family composition. Age, sex, claims experience, health status, and industry of the employer and duration of issue are not case characteristics for the purposes of this chapter.

Subd. 8. [CLASS OF BUSINESS.] “Class of business” means all of the small employer business of a health carrier as shown on the records of the health carrier except that a health carrier may establish, with the prior written approval of the commissioner, a distinct grouping of small employers:

(1) if a class of business was acquired from another health carrier;
or

(2) if the class of business relies on substantially different managed care requirements, including but not limited to the use of limited provider networks, prior authorization, concurrent review, discharge planning, and case management.

The commissioner may approve the establishment of additional classes of business upon application to the commissioner and a finding by the commissioner that such action would enhance the efficiency and fairness of the small employer market.

Subd. 9. [COINSURANCE.] “Coinsurance” means an established dollar amount or percentage of health care expenses that an eligible employee or dependent is required to pay directly to a provider of medical services or supplies pursuant to the terms of a health benefit plan.

Subd. 10. [COMMISSIONER.] “Commissioner” means the commissioner of commerce or the commissioners’ designated representative for plans governed by chapter 62A or 62C or the commissioner of health for health maintenance organizations governed by chapter 62D.

Subd. 11. [CONTINUOUS COVERAGE.] “Continuous coverage” means the maintenance of continuous and uninterrupted health plan coverage by an eligible employee or dependent. If a small employer has only two eligible employees, the employees must not be the spouse, child, sibling, parent, or grandparent of the other. Entities which are eligible to file a combined tax return for purposes of state tax laws shall be considered a single employer for purposes of determining the number of eligible employees. Small employer status shall be determined on an annual basis as of the renewal date of the health benefit plan. Subd. 32. [SMALL EMPLOYER MARKET.] "Small employer market" means the market for group health benefit plans for small employers. Sec. 3. [62K.03] [PARTICIPATION REQUIREMENTS.]

Subdivision 1. [CARRIER PARTICIPATION.] Every health carrier shall, as a condition of authority to transact business in this state in the small employer market, offer, sell, issue, and renew a health benefit plan to small employers in accordance with this chapter. Beginning during the transition period, as defined in section 62K.02, subdivision 34, every health carrier participating in the small employer market shall make available a health benefit plan to small employers and shall fully comply with the underwrit-

ing and rate restrictions set forth in this chapter. A health carrier may cease to transact business in the small employer market pursuant to section 62K.09.

Subd. 2. [EXCEPTION TO CARRIER PARTICIPATION.] A health carrier transacting business in the small employer market shall not be required to offer a health benefit plan to small employers pursuant to this chapter if the commissioner finds that such offer would place the health carrier in a financially impaired condition. A health carrier which does not offer a health benefit plan to small employers pursuant to this subdivision shall not offer a health benefit plan to small employers for 180 days following a determination by the commissioner that the health carrier has ceased to be in a financially impaired condition.

Subd. 3. [EMPLOYER PARTICIPATION.] Health carriers shall require that:

(1) 100 percent of a small employer's eligible employees who have not waived coverage participate in any health benefit plan offered, sold, issued, or renewed by the health carrier; and

(2) small employers contribute a minimum of 50 percent of the premium charged by the health carrier for coverage of an eligible employee.

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted by this chapter. Except as hereinafter permitted with respect to late entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee's or dependent's health benefit plan. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by another health benefit plan, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation shall not exceed 18 months.

Subd. 5. [CANCELLATIONS.] No health carrier shall cancel, decline to issue, or fail to renew a health benefit plan as a result of the claim experience or health status of the small employer group; provided, however, that a health carrier may cancel, decline to issue, or fail to renew a health benefit plan:

(1) for nonpayment of the required premium or contributions toward premiums by the small employer or eligible employee;

(2) for fraud or misrepresentation by the small employer, eligible employee, or dependent with respect to their eligibility for coverage or any other material fact;

(3) if eligible employee participation during the preceding calendar year declines to less than 100 percent;

(4) for failure of an employer to comply with the health carrier's premium contribution requirements;

(5) if a health carrier ceases to do business in the small employer market pursuant to section 62K.09;

(6) for any other reasons or grounds expressly permitted by the respective licensing laws and regulations governing a health carrier, including but not limited to any service area restrictions imposed on health maintenance organizations pursuant to section 62D.03, subdivision 4, paragraph (m), and insufficient provider network capacity, as determined by the commissioner, to the extent that these grounds are not expressly inconsistent with this chapter.

Subd. 6. [MCHA ENROLLEES.] Health carriers shall offer coverage to any eligible employee or dependent enrolled in MCHA at the time of the health carrier's issuance of a health benefit plan to a small employer. MCHA enrollees shall be enrolled in the small employer's health benefit plan as of the first date of renewal of a health benefit plan occurring after January 1, 1993, or, in the case of a new group, as of the initial effective date of the health benefit plan. Unless otherwise permitted by this act, health carriers shall not impose any underwriting restrictions, including any preexisting condition limitations on any eligible employee or dependent previously enrolled in MCHA and transferred to a health benefit plan so long as continuous coverage is maintained.

Sec. 4. [62K.04] [TRANSITION PERIOD.]

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] During the transition period, as defined in section 62K.02, subdivision 34, health carriers participating in the small employer market shall offer and make available a health benefit plan to small employers who satisfy the small employer participation requirements specified in section 62K.03, subdivision 3, and shall comply with the underwriting, rating, and other requirements set forth in sections 62K.03 to 62K.09. Compliance with these requirements is required as of the first renewal date of any small employer group occurring during the transition period. For new small employer

business, compliance is required as of the first date of offering occurring during the transition period.

Subd. 2. [NEW CARRIERS.] A health carrier entering the small employer market after the transition period, as defined in section 62K.02, subdivision 34, shall begin complying with this chapter during the 365-day period beginning with the health carrier's initial offer, issue, or delivery of a health benefit plan to a small employer or an eligible employee of a small employer. Compliance with this chapter's requirements is required as of the first date of offering of a health benefit plan to a small employer. A health carrier entering the small employer market after the transition period shall be deemed to be a member of the small employer reinsurance association established by section 62K.10 as of the date of the health carrier's initial offer of a health benefit plan to a small employer.

Sec. 5. [62K.05] [SMALL EMPLOYER PLAN BENEFITS.]

Subdivision 1. [BENEFIT DESIGN.] The minimum benefits of a small employer plan shall be equal to 80 percent of the cost of health care services covered under the small employer plan, in excess of an annual deductible which shall not exceed \$500 per individual and \$1,000 per family. Coinsurance and deductibles shall not apply to child health supervision services and prenatal services, as defined by section 62A.047.

Out-of-pocket costs for covered services shall not exceed \$3,000 per individual and \$6,000 per family per year. The maximum lifetime benefit shall not be less than \$500,000.

Subd. 2. [MINIMUM BENEFITS.] The medical services and supplies listed in this subdivision are the minimum benefits that must be covered by a small employer plan:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clause (10);

(2) physician services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic X rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services as defined in section 62A.047; and

(10) inpatient and outpatient physician and hospital services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299.

Subd. 3. [ADDITIONAL BENEFITS.] Health carriers may offer small employers additional benefits not listed in this section.

Subd. 4. [BENEFIT EXCLUSIONS.] No medical, hospital, or other health care benefits, services, supplies, or articles not expressly set forth in subdivision 2 are required to be included in a health benefit plan. Nothing in subdivision 2 shall restrict the right of a health carrier to restrict coverage to those services which are medically necessary. Health carriers may exclude any benefit, service, supply, or article not expressly set forth in subdivision 2 from a health benefit plan.

Subd. 5. [CONTINUATION COVERAGE.] Health benefit plans must include only the continuation of coverage provisions required by the Consolidated Omnibus Reconciliation Act of 1981 (COBRA), Public Law Number 99-272, as amended.

Subd. 6. [DEPENDENT COVERAGE.] Other state law and rules applicable to health plan coverage of newborn infants, dependent children who do not reside with the eligible employee, handicapped children, and dependents and adopted children shall apply to a health benefit plan, provided, however, that section 62A.151 shall not apply to a health benefit plan issued to small employers.

Subd. 7. [MEDICAL EXPENSE REIMBURSEMENT.] Health carriers may reimburse or pay for medical services provided pursuant to a health benefit plan in accordance with the health carrier's provided contract requirements including but not limited to salaried arrangements, capitation, the payment of usual and customary charges, fee schedules, discounts from fee-for-service, per diems, diagnostic-related groups (DRGs), and other payment arrangements. Nothing in this chapter requires a health carrier to develop,

implement, or change its provider contract requirements for a health benefit plan. Coinsurance, deductibles, out-of-pocket maximums, and maximum lifetime benefits must be calculated and determined in accordance with each health carrier's standard business practices.

Subd. 8. [PLAN DESIGN.] Notwithstanding any other law, regulation, or administrative interpretation to the contrary, health carriers may offer a health benefit plan through any provider arrangement, including but not limited to the use of open, closed, or limited provider networks. Health carriers may use any utilization management practices otherwise permitted by law, including but not limited to second surgical opinions, prior authorization, concurrent and retrospective review, referral authorizations, case management and discharge planning. A health carrier may contract with groups of providers with respect to health care services of benefits, and may negotiate with providers regarding the level or method of reimbursement provided for services rendered under a health benefit plan.

Sec. 6. [62K.06] [DISCLOSURE OF UNDERWRITING RATING PRACTICES.]

When offering or renewing a health benefit plan, health carriers shall disclose in all solicitation and sales materials:

(1) the case characteristic factors used to determine initial and renewal rates, including demographics, claim experience, health status, benefit design, industry of the small employer, or duration of issue;

(2) the extent to which premium rates for a small employer are established or adjusted based upon actual or expected variation in claim experience;

(3) provisions concerning the health carrier's right to change premium rates and the factors other than claim experience that affect changes in premium rates;

(4) a description of the class of business in which a small employer is or will be included, including the applicable grouping of plan;

(5) provisions relating to renewability of coverage; and

Sec. 7. [62K.07] [SMALL EMPLOYER REQUIREMENTS.]

Subdivision 1. [VERIFICATION OF ELIGIBILITY.] Small em-

employers purchasing a health benefit plan shall maintain information verifying the continuing eligibility of the employer, its employees, and their dependents and shall provide such information to health carriers on a quarterly basis or as reasonably requested by the health carrier.

Subd. 2. [WAIVERS.] Small employers participating in a health benefit plan shall maintain written documentation of a waiver of coverage by an eligible employee or dependent and shall provide such documentation to the health carrier upon reasonable request.

Subdivision 1. [RATE RESTRICTIONS.] Premium rates for all health benefit plans sold or issued to small employers shall be subject to the following restrictions:

(a) [INDEX RATE.] Between classes of business, the index rate for a rating period for any class of business must not exceed the index rate for any other class of business by more than 20 percent, adjusted pro rata for periods less than one year.

(b) [PREMIUM VARIATIONS.] Within a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates which could be charged to such employers under the rating system for that class of business, shall be limited to the index rate, plus or minus 30 percent of the index rate, adjusted pro rata for rating periods of less than one year.

(c) [ANNUAL PREMIUM INCREASE.] The percentage increases in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(1) the percentage change in the index rate measured from the first day of the prior rating period to the first day of the new rating period;

(2) an adjustment, not to exceed 15 percent annually and adjusted pro rata for rating periods of less than one year, due to the claims experience, health status, or duration of issue of the eligible employees or dependents of the small employer as determined from the health carrier's rate manual for the class of business; and

(3) any adjustment due to change in coverage, demographic composition, or change in the case characteristics of the small employer as determined from the health carrier's rate manual for the class of business.

Subd. 2. [TABLE RATING.] The difference between the highest premium rate for all rate tables and the lowest premium rate for all rate tables within a class of business for small employers with similar case characteristics must be limited to the average premium rate for all rate tables, plus or minus 30 percent, adjusted pro rata for rating periods of less than one year.

Subd. 3. [INVOLUNTARY TRANSFERS PROHIBITED.] A health carrier shall not involuntarily transfer a small employer into or out of a class of business. A health carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, age, sex, claim experience, health status, industry of the employer, or duration of issue.

Sec. 9. [62K.09] [CESSATION OF SMALL EMPLOYER BUSINESS.]

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the following activities:

(1) the elimination of a class of business by a health carrier so long as other classes of business are maintained;

(2) the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines; and

(3) the inability of a health maintenance organization to offer or renew a health benefit plan because it has demonstrated to the satisfaction of the commissioner that it will not have the capacity within its service area to adequately deliver services to the enrollees of health benefit plans because of its obligations to existing large group contract holders and enrollees.

Subd. 2. [NOTICE TO EMPLOYERS.] A health carrier electing to cease doing business in the small employer market shall provide 120 days' written notice to each small employer covered by a health benefit plan issued by the health carrier. Any health carrier that ceases to write new business in the small employer market shall continue to be governed by this act with respect to continuing small employer business conducted by the carrier.

Subd. 3. [REENTRY PROHIBITION.] A health carrier that ceases

to do business in the small employer market after the effective date of this act shall be prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the commissioner. The participation by a health carrier in the reinsurance pool is voluntary.

Subd. 3. [TASK FORCE.] The commissioner of commerce shall establish a six-member task force to develop the rules of participation in and operating guidelines for the reinsurance pool. Members of the task force must be representative of the member's respective share in the small employer market during the preceding year. One member must be representative of an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident or sickness insurance. One member must be representative of a non-profit health service plan corporation regulated under chapter 62C. Subd. 5. [REPORT.] The task force shall report to the legislature on their recommendations for operation of the reinsurance association no later than January 15, 1992. The report must include recommendations regarding the transfer of risk to the association, assessments, board composition, and operation of the association. The report must include recommendations regarding statutory changes necessary for implementation of the reinsurance association by January 1, 1993.

Sec. 11. [62K.11] [SUPERVISION BY COMMISSIONER.]

Subdivision 1. [REPORTS.] Health carriers doing business in the small employer market shall file by April 1 of each year an annual actuarial opinion with the commissioner certifying that the health

carrier is in compliance with the underwriting and rating requirements of this chapter and that the rating methods used by the carrier are actuarially sound. Health carriers shall retain a copy of such opinion at its principal place of business.

Subd. 2. [RECORDS.] Health carriers doing business in the small employer market shall maintain at their principal place of business a complete and detailed description of their rating practices, including information and documentation which demonstrate that a health carrier's rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

Subd. 3. [SUBMISSIONS TO COMMISSIONER.] The commissioner may request information and documentation from a health carrier describing its rating practices and renewal underwriting practices, including information and documentation that demonstrates that a health carrier's rating methods and practices are in accordance with sound actuarial principles. Any information received by the commissioner pursuant to this subdivision is nonpublic data pursuant to section 13.37.

Sec. 12. [62K.12] [PENALTIES AND ENFORCEMENT.]

The commissioner may suspend or revoke a health carrier's license or certificate of authority or impose a monetary penalty not to exceed \$25,000 for each violation of this chapter. Such action shall be by order and subject to the notice, hearing, and appeal procedures set forth in section 60A.051. The action of the commissioner shall be subject to judicial review pursuant to chapter 14.

Sec. 13. [62K.13] [PROHIBITED PRACTICES.]

Subdivision 1. [PROHIBITION ON ISSUANCE OF INDIVIDUAL POLICIES.] Health carriers operating in the small employer market shall not offer, issue, or renew an individual policy, subscriber contract, or certificate to any eligible employee or dependent of a small employer who satisfies the employer participation requirements set forth in section 62K.03, subdivision 3, except as permitted in subdivision 2.

Subd. 2. [EXCEPTIONS.] (a) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage pursuant to section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage as a result of the expiration of any continuation

of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

Subd. 3. |SALE OF OTHER PRODUCTS.| A health carrier shall not condition the offer, sale, issuance, or renewal of a health benefit plan on the purchase by a small employer of other insurance products offered by the health carrier or a subsidiary or affiliate of the health carrier, including but not limited to life, disability, property, and general liability insurance. This prohibition shall not apply to insurance products offered as a supplement to a health maintenance organization plan to provide coverage to enrollees for health care services and supplies received from providers who are not employed by, under contract with, or otherwise affiliated with the health maintenance organization.

ARTICLE 2

HEALTH CARE COST CONTAINMENT

Section 1. |62K.19| [MANDATORY REVIEW OF MANDATED BENEFITS.]

Subdivision 1. |SCOPE.| This section applies to any amendments or revisions to the minimum benefits set forth in section 62K.05, and to newly enacted, amended, or revised benefits applicable to any health plan.

Subd. 2. |EVALUATION PROCESS.| Any person, association, or organization seeking consideration of a legislative proposal that would mandate a new, revised, or amended minimum benefit or the offering of a new, revised, or amended minimum benefit by a health carrier in a health plan shall submit to the department of health a report assessing the social and financial impact of the proposed benefit. The appropriate committee chairs shall also refer all legislative proposals for new health plan benefits or amendments to current health plan benefits to the department of health for review and evaluation.

Subd. 3. |EVALUATION CRITERIA.| Upon receipt of a legislative proposal, the commissioner of health shall evaluate the social and financial impact of a proposed change, amendment, revision, or addition to a health plan using the following criteria, to the extent that reliable information is available:

(1) the extent to which the treatment or service is utilized by a significant portion of the population;

(2) the extent to which the treatment or service is medically effective;

(3) the extent to which health plan coverage is currently generally available without a mandate;

(4) if coverage is not generally available, the extent to which lack of coverage results in persons being unable to obtain necessary health care;

(5) if coverage is not generally available, the extent to which lack of coverage results in unreasonable financial hardship;

(6) the level of public demand for the treatment or for health plan coverage of the treatment;

(7) the extent to which health plan coverage would increase or decrease the cost of treatment or service;

(8) the extent to which health plan coverage may increase the use of the treatment or service;

(9) the extent to which the treatment or service may be a substitute or alternative for a more expensive treatment;

(10) the extent to which health plan coverage can reasonably be expected to increase or decrease premiums and the administrative expenses of health carriers; and

(11) the impact of the proposed mandate on the total cost of health care.

The commissioner of health may request the appropriate committee chairs to rank the proposals referred under this section to enable the commissioner to evaluate them in order of importance.

Subd. 4. [QUALIFIED EXPERTS.] The commissioner of health may contract with qualified experts in the disciplines of biostatistics, epidemiology, health economics, medicine, underwriting, and health sciences research to review the social and financial impact of proposed mandates. Qualified experts under contract to the department of health shall provide a written report of their analysis. The qualified experts shall evaluate the social and financial impact of the proposed mandate using the criteria stated in subdivision 3.

Subd. 5. [PUBLIC COMMENT.] The commissioner of health shall publish in the State Register a description of the proposed change in mandated benefits and a notice soliciting public comment on the proposal. The commissioner shall receive written public comments from interested persons for 30 days from the date of publication in the State Register. All data or comments submitted to the commissioner are public data, unless the provider of the data requests that it be held as trade secret information and maintained as nonpublic

data, as defined by section 13.02, subdivision 9. All public comments submitted to the auditor shall, to the extent feasible, address the criteria stated in subdivision 3 and shall be forwarded to any qualified experts retained by the commissioner.

Subd. 6. [COMMISSIONER'S DUTIES.] The commissioner of health shall review reports received from qualified experts and public comments. The commissioner shall issue a recommendation in the form of a written report that shall incorporate the reports of qualified experts and public comments. The report must be issued no later than 120 days after the date of submission pursuant to subdivision 2. The commissioner shall forward this recommendation to the appropriate committee chairs, the speaker of the house, and the majority leader of the senate.

Sec. 2. [144.1463] [TECHNOLOGY AND BENEFITS ADVISORY COMMITTEE.]

Subdivision 1. [MEMBERSHIP.] The commissioner shall convene a technology and benefits advisory committee consisting of 11 members. The membership shall consist of the following:

(1) a practicing physician with broad knowledge of developments in medical technology and medical care services innovations;

(2) a medical researcher specializing in development of new medical technology and services;

(3) a nurse experienced in high-technology medical care;

(4) an individual with expertise in biomedical ethics;

(5) two representatives of third-party payors of health care costs, one representing a managed care plan, the other representing another health insurance model;

(6) three consumers of health care services; and

(7) two employers, one representing a firm with fewer than 49 employees, and one representing a firm with 50 or more employees, who offer health insurance plans under chapter 62A, 62C, or 62D to their employees.

Subd. 2. [DUTIES.] The technology and benefits advisory committee is responsible for periodically reviewing, analyzing, and evaluating health care technology, benefits, and coverage, and making recommendations to the commissioner. The committee's recommendations must be based on the following principles: (1) equitable access to health care procedures and technologies; (2) maintaining an appropriate balance between expenditures for primary and

preventive care, and expenditures for high-cost cases; (3) promotion of high-quality and cost-effective health care; and (4) containment of health care cost increases. The committee shall make recommendations to the commissioner on proposed additions or deletions of benefit mandates under chapters 62A, 62C, 62D, and 62E and to programs of health care coverage financed or administered by the state, including, but not limited to, the state employees' health plan.

Sec. 3. [MEDICAL MALPRACTICE STUDY.]

The commissioner of health shall study the causes of increasing medical malpractice costs, and the impact of these increased costs on access to medical care. The commissioner shall consider the use of alternative dispute resolution mechanisms, such as arbitration and mediation, as alternatives to litigation, the use of documented medical care protocols and guidelines, and any other strategies for limiting malpractice costs without depriving consumers of due process and just compensation for redress of harm resulting from negligence or incompetence. In conducting this study, the commissioner shall consult with medical care providers, attorneys with experience in malpractice litigation, experts in alternative dispute resolution, consumers, and third party payors of health care costs. The commissioner shall report to the legislature with recommendations on or before July 1, 1992.

ARTICLE 3 ADMINISTRATION

Section 1. [HEALTH PLANNING.]

Subdivision 1. [DUTIES OF THE COMMISSIONER.] The commissioner of health shall prepare a statewide health plan to establish long-term goals for improving the health of Minnesota citizens. The goals shall include, but need not be limited to:

(1) improving the health care delivery system, including Minnesota's public health infrastructure;

(2) increasing access to quality health care, both financial and geographic;

(3) reducing the occurrence of diseases or conditions that are influenced by lifestyle choices and cultural norms;

(4) reducing the incidence of vaccine-preventable disease;

(5) reducing the transmission of HIV infection and other sexually transmitted disease in Minnesota;

(6) reducing the occurrence and severity of chronic disease;

(7) reducing the occurrence of environmentally induced and occupationally induced disease;

(8) reducing the incidence of mortality and morbidity resulting from injury;

(9) improving the health status of Minnesota's communities of color;

(10) improving the health status of women of child-bearing age and their children; and

(11) improving the health of Minnesota's elderly citizens.

Subd. 2. [HEALTH PLANNING ADVISORY COMMITTEE.] The commissioner shall appoint a health planning advisory committee, which shall advise the commissioner in developing the state health plan and long-term goals under subdivision 1. The committee shall serve for two years, and shall consist of the following:

(1) two physicians, one primary care physician, and one specialist;

(2) one nurse;

(3) one member representing an allied health occupation;

(4) one representative of a hospital;

(5) one representative of a nursing home;

(6) two representatives of third-party payors of health care costs, one representing a managed care plan, the other representing a different health insurance model; and

(7) five consumers, of whom two shall be persons of color.

In appointing the committee, the commissioner shall ensure that all regions of the state are represented.

Sec. 2. [HEALTH PROGRAM CONSOLIDATION PLAN.]

The commissioner of health, with assistance from the commissioner of human services and the commissioners of other state agencies, shall by January 1, 1993, report to the legislature on the potential benefits of consolidating, through merger or reconfiguration, health benefit programs administered, funded, or provided by state and local government. These programs include, but are not limited to: medical assistance, general assistance medical care, the children's health plan, the Minnesota comprehensive health association, the maternal and child health program, the services for children with handicaps program, state and local government employee health benefits programs, corrections system health programs, and the health care components of workers' compensation coverage and motor vehicle and motorcycle coverage. The report must identify programs for which consolidation is appropriate, and provide an implementation plan that significantly improves the cost-effectiveness of public and private health care purchasing. The report must also recommend any legislative changes needed for effective program consolidation.

Sec. 3. [HEALTH PLAN REGULATION STUDY.]

The commissioner of health and the commissioner of commerce shall develop a plan for the division of regulatory authority over health plans. The plan must allow each commissioner to exercise the independent authority to the greatest extent possible and must minimize jurisdictional overlaps. This plan must be presented to the legislature by July 1, 1992.

Sec. 4. [MANAGED CARE ORGANIZATION STUDY.]

The commissioner of health, in consultation with the commissioner of commerce, shall study the need for regulation of organizations which provide utilization review or which operate limited-access health care provider networks on behalf of payors of health care costs not regulated under Minnesota Statutes, chapter 62A, 62C, or 62D. If the commissioner determines that regulation is necessary to ensure adequate and appropriate access to quality medical care, the commissioner shall present a plan for regulation in the report. This report shall be presented to the legislature by July 1, 1992.

Sec. 5. [APPROPRIATION.]

\$...... is appropriated from the general fund for the biennium ending June 30, 1993, to the commissioner of health for the purposes of this article.

ARTICLE 4

DATA COLLECTION AND RESEARCH INITIATIVES

Section 1. [144.7061] [HEALTH CARE ANALYSIS UNIT.]

Subdivision 1. [ESTABLISHMENT.] The commissioner of health shall establish a health care analysis unit to conduct data and research initiatives in order to improve the efficiency and effectiveness of health care in Minnesota.

Subd. 2. [GENERAL DUTIES; IMPLEMENTATION DATE.] The health care analysis unit shall:

(1) conduct applied research using existing and newly established health care data bases, and promote applications based on existing research;

(2) establish the condition-specific data base required under section 2;

(3) develop and implement data collection procedures to ensure a high level of cooperation from health care providers and health plans;

(4) provide technical assistance as needed to the department of health;

(5) periodically evaluate the state's existing health care financing and delivery programs;

(6) regularly prepare estimates, specific to Minnesota, of total health service expenditures and sources of payment;

(7) participate as a partner or sponsor of private sector initiatives that promote publicly disseminated applied research on health care delivery, outcomes, costs, quality, and management;

(8) conduct periodic surveys, including those required by section 4;

(9) provide technical assistance to health plan and health care purchasers, as required by section 5; and

(10) provide technical assistance to the administrator of the outcomes-based pilot project established in article 5.

Subd. 3. [CRITERIA FOR UNIT INITIATIVES.] Data and research initiatives by the health care analysis unit must:

(1) serve the needs of the general public, public sector health care programs, employers and other purchasers of health care, health care providers, including providers serving large numbers of low-income people, and health plan companies;

(2) promote a significantly accelerated pace of publicly disseminated, applied research on health care delivery, outcomes, costs, quality, and management;

(3) conduct research and promote health care applications based on scientifically sound and statistically valid methods;

(4) be statewide in scope, in order to benefit health care purchasers and providers in all parts of Minnesota and to ensure a broad and representative data base for research, comparisons, and applications;

(5) emphasize data that is useful, relevant, and nonredundant of existing data. The initiatives may duplicate existing private activities, if this is necessary to ensure that the data collected will be in the public domain;

(6) be structured to minimize the administrative burden on health plans, health care providers, and the health care delivery system; and

(7) promote continuous improvement in the efficiency and effectiveness of health care delivery.

Subd. 4. [CRITERIA FOR PUBLIC SECTOR HEALTH CARE PROGRAMS.] Data and research initiatives related to public sector health care programs must:

(1) assist the state's current health care financing and delivery programs to deliver and purchase health care in a manner that promotes improvements in health care efficiency and effectiveness;

(2) assist the state in its public health activities, including the analysis of disease prevalence and trends and the development of public health responses;

(3) assist the state in developing and refining its overall health policy, including policy related to health care costs, quality, and access; and

(4) provide a data source that allows the evaluation of state health care financing and delivery programs.

Subd. 5. [DATA COLLECTION PROCEDURES.] The health care analysis unit shall collect data from health care providers, health

plan companies, and individuals in the most cost-effective manner. The unit may require health care providers and health plan companies to collect and provide patient health data, provide mailing lists of patients, and cooperate in other ways with the data collection process. The health care analysis unit may assign, or require health care providers and health plan companies to assign, a unique identification number to each patient to safeguard patient identity.

Subd. 6. [DATA CLASSIFICATION.] (a) Data collected through the large-scale data base initiatives of the health care analysis unit required by section 62J.45 are classified as private data on individuals and may be disclosed only to: employees of the department of health working on unit initiatives; researchers affiliated with university research centers or departments, who are conducting research on health outcomes, practice parameters, and medical practice style; researchers working under contract with the department of health; and individuals purchasing health care services for health plan companies and groups.

(b) Data collected through the survey research initiatives of the health care analysis unit required by section 62J.47 are classified as public data under section 13.03, except that any patient or enrollee identifying information is private data.

(c) Summary data derived from data collected through the large-scale data base and survey research initiatives of the health care analysis unit may be provided under section 13.05, subdivision 7, and may be released in studies produced by the bureau of health care access.

Subd. 7. [FEDERAL AND OTHER GRANTS.] The commissioner of health shall seek federal funding, and funding from private and other non-state sources, for the initiatives of the health care analysis unit.

Sec. 2. [144.7063] [LARGE-SCALE DATA BASE.]

Subdivision 1. [ESTABLISHMENT.] The health care analysis unit shall establish a large-scale data base for a limited number of health conditions. This initiative must meet the requirements of this section.

Subd. 2. [SPECIFIC HEALTH CONDITIONS.] (a) The data must be collected for specific health conditions, rather than specific procedures, types of health care providers, or services. The health care analysis unit shall designate up to eight specific health conditions for which data shall be collected during the first year of operation. For subsequent years, data may be collected for up to six additional specific health conditions. The number of specific conditions for which data is collected is subject to the availability of appropriations.

(b) The initiative must emphasize conditions that account for significant total costs, when considering both the frequency of a condition and the unit cost of treatment. The initial emphasis must be on the study of conditions commonly treated in hospitals on an inpatient or outpatient basis, or in freestanding outpatient surgical centers. As improved data collection and evaluation techniques are incorporated, this emphasis shall be expanded to include entire episodes of care for a given condition, whether or not treatment includes use of a hospital or a freestanding outpatient surgical center.

Subd. 3. [INFORMATION TO BE COLLECTED.] The data collected must include information on health outcomes, including information on mortality, patient functional status and quality of life, symptoms, and patient satisfaction. The data collected must include information necessary to measure and make adjustments for differences in the severity of patient condition across different health care providers, and may include data obtained directly from the patient or from patient medical records. The data must be collected in a manner that allows comparisons to be made between providers, health plan companies, public programs, and other entities.

Subd. 4. [DATA COLLECTION AND REVIEW.] Data collection for any one condition must continue for a sufficient time to permit adequate analysis, feedback to providers, and monitoring for changes in practice patterns. The health care analysis unit shall annually review all specific health conditions for which data is being collected, in order to determine if data collection for that condition should be continued.

Subd. 5. [USE OF EXISTING DATA BASES.] (a) The health care analysis unit shall negotiate with private sector organizations currently collecting data on specific health conditions of interest to the unit, in order to obtain required data in a cost-effective manner and minimize administrative costs. The unit shall attempt to establish linkages between the large scale data base established by the unit and existing private sector data bases and shall consider and implement methods to streamline data collection in order to reduce public and private sector administrative costs.

(b) The health care analysis unit shall use existing public sector data bases, such as those existing for medical assistance and Medicare, to the greatest extent possible. The unit shall establish linkages between existing public sector data bases and consider and implement methods to streamline public sector data collection in order to reduce public and private sector administrative costs.

Sec. 3. [144.7065] [ANALYSIS AND USE OF DATA COLLECTED THROUGH THE LARGE-SCALE DATA BASE.]

Subdivision 1. [DATA ANALYSIS.] The health care analysis unit shall analyze the data collected on specific health conditions using existing medical practice parameters and newly researched medical practice parameters, including those established through the medical effectiveness studies of the federal government. The unit may also use the data collected to develop new practice parameters, or refine existing practice parameters, and may encourage or coordinate private sector research efforts designed to develop or refine practice parameters.

Subd. 2. [EDUCATIONAL EFFORTS.] The health care analysis unit shall maintain and improve the quality of health care in Minnesota by providing medical practitioners in the state with information about practice parameters and medical practice style. The unit shall disseminate medical parameters for specific medical conditions, and the research findings on which these parameters are based, to all medical practitioners in the state who diagnose or treat the medical condition.

Subd. 3. [PEER REVIEWS.] The unit may require peer reviews for specific medical conditions for which medical practice in all or part of the state deviates from practice parameters. The unit may also require peer reviews for specific medical conditions for which there are large variations in treatment method or frequency of treatment in all or part of the state. Peer reviews may be required for all medical practitioners statewide, or limited to medical practitioners in specific areas of the state. The peer reviews shall determine if the procedures conducted by medical practitioners are medically necessary and appropriate. If a medical practitioner's practice style does not change and the practitioner continues to perform procedures that are medically inappropriate, even after educational efforts by the review panel, the panel may report the practitioner to the appropriate professional licensing board.

Sec. 4. [144.7067] [SURVEY RESEARCH.]

The health care analysis unit shall conduct periodic surveys to accomplish the data and research goals listed in section 1. These surveys shall include, but are not limited to:

(1) surveys of enrollee satisfaction with health plans and health care providers;

(2) surveys to monitor changes over time in financial and geographic access and sources of health coverage;

(3) surveys of health service prices, especially for services less commonly covered by health insurance, or for which patients commonly face significant out-of-pocket expenses;

(4) surveys of health plan prices, especially for health plans sold on a community-rated or table-rated basis; and

(5) surveys of new procedures and treatments performed by health care providers, as a basis for considering changes in the benefits provided by state health coverage programs.

Sec. 5. [144.7069] [TECHNICAL ASSISTANCE FOR PURCHASERS.]

The health care analysis unit shall provide technical assistance to health plan and health care purchasers. The unit shall collect information about:

(1) premiums, benefit levels, managed care procedures, health care outcomes, and other features of popular health plans and health plan companies; and

(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses.

The commissioner shall publicize this information in an easily understandable format.

Sec. 6. Minnesota Statutes 1990, section 147.091, subdivision 1, is amended to read:

Subdivision 1. [GROUNDS LISTED.] The board may refuse to grant a license or may impose disciplinary action as described in section 147.141 against any physician. The following conduct is prohibited and is grounds for disciplinary action:

(a) Failure to demonstrate the qualifications or satisfy the requirements for a license contained in this chapter or rules of the board. The burden of proof shall be upon the applicant to demonstrate such qualifications or satisfaction of such requirements.

(b) Obtaining a license by fraud or cheating, or attempting to subvert the licensing examination process. Conduct which subverts or attempts to subvert the licensing examination process includes, but is not limited to: (1) conduct which violates the security of the examination materials, such as removing examination materials from the examination room or having unauthorized possession of any portion of a future, current, or previously administered licensing examination; (2) conduct which violates the standard of test administration, such as communicating with another examinee during administration of the examination, copying another examinee's answers, permitting another examinee to copy one's answers, or possessing unauthorized materials; or (3) impersonating an exam-

(h) Failure to supervise a physician's assistant or failure to supervise a physician under any agreement with the board.

(i) Aiding or abetting an unlicensed person in the practice of medicine, except that it is not a violation of this paragraph for a physician to employ, supervise, or delegate functions to a qualified person who may or may not be required to obtain a license or registration to provide health services if that person is practicing within the scope of that person's license or registration or delegated authority.

(j) Adjudication as mentally incompetent, mentally ill or mentally retarded, or as a chemically dependent person, a person dangerous to the public, or a person who has a psychopathic personality by a

court of competent jurisdiction, within or without this state. Such adjudication shall automatically suspend a license for the duration thereof unless the board orders otherwise.

(k) Engaging in unprofessional conduct. Unprofessional conduct shall include any departure from or the failure to conform to the minimal standards of acceptable and prevailing medical practice in which proceeding actual injury to a patient need not be established. Unprofessional conduct shall also include the performance of procedures that are judged by a peer review panel as medically inappropriate and in conflict with established medical practice parameters.

(l) Inability to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, use of drugs, narcotics, chemicals or any other type of material or as a result of any mental or physical condition, including deterioration through the aging process or loss of motor skills.

(3) referring a patient to any health care provider as defined in section 144.335 in which the referring physician has a significant financial interest unless the physician has disclosed the physician's own financial interest; and

(4) dispensing for profit any drug or device, unless the physician has disclosed the physician's own profit interest.

The physician must make the disclosures required in this clause in advance and in writing to the patient and must include in the disclosure a statement that the patient is free to choose a different health care provider. This clause does not apply to the distribution of revenues from a partnership, group practice, nonprofit corporation, or professional corporation to its partners, shareholders, members, or employees if the revenues consist only of fees for services performed by the physician or under a physician's direct supervision, or to the division or distribution of prepaid or capitated health care premiums, or fee-for-service withhold amounts paid under contracts established under other state law.

Sec. 7. [STUDY OF ADMINISTRATIVE COSTS.]

The health care analysis unit shall study costs and requirements incurred by health plan companies and health care providers that are related to the collection and submission of information to the state and federal government, insurers, and other third parties. The unit shall recommend to the commissioner by January 1, 1993, any reforms that may reduce these costs without compromising the purposes for which the information is collected.

Sec. 8. [APPROPRIATION.]

\$..... is appropriated from the general fund to the commissioner of health, for the biennium ending June 30, 1993, to establish a health care analysis unit and implement the initiatives required by sections 1 to 7.

ARTICLE 5
OUTCOMES-BASED PILOT PROJECT

Section 1. [144.7071] [LEGISLATIVE INTENT AND FINDINGS.]

The legislature finds that the use of health care practice guidelines combined with an outcomes-based approach to health care management offers unique opportunities to avoid unnecessary and ineffective health care by providing consumers, providers, and payors with necessary information and incentives to identify and purchase health care that works. The savings that could be realized through the implementation of such a system on a statewide basis, as well as the improvement in the quality of care being provided, makes the goal of providing affordable, quality health care to all the citizens of the state much easier to attain.

Therefore, the legislature finds it to be appropriate and desirable to conduct an innovative pilot project to design, implement, administer, and evaluate an outcomes-based model of health care management, incorporating practice guidelines.

The cost savings realized by the project will be used to periodically expand the project to include more participants, providers, and care delivered under guidelines. The ultimate goal of the project will be to generate sufficient cost savings to expand the project to include all citizens of the state who do not have health care coverage.

Sec. 2. [144.7073] [CONSUMERS' HEALTH IMPROVEMENT PLAN PILOT PROJECT.]

Subdivision 1. [INITIAL PROJECT AREA.] The commissioner of health shall select an area or areas of the state in which to initiate the consumers' health improvement plan pilot project according to the following criteria:

(a) The initial pilot project area or areas shall include sufficient numbers of health care providers practicing in sufficient numbers of health care specialties to ensure full access to all necessary, effective health care by pilot project participants.

(b) The initial pilot project area or areas shall be of sufficient size to include as residents at least 15,000 uninsured persons and at least 25,000 persons insured under existing programs of public or private health insurance.

The commissioner shall supervise all aspects of the project.

Subd. 2. [SELECTION OF ADMINISTRATOR.] The commissioner shall select an administrator for the project by competitive

bid. The administrator must have demonstrated experience in at least the following areas:

- (1) health care management;
- (2) claims administration;
- (3) the management of health care information systems;
- (4) the use of practice guidelines within an outcomes-based management system; and
- (5) the direct provision of health care.

Subd. 3. [ADMINISTRATOR'S DUTIES.] The administrator shall consult regularly with the health care analysis unit, established in article 4, in carrying out the duties assigned in this subdivision. The administrator's duties are as follows:

(a) Establish a process for the initial approval, revision, and addition of practice guidelines which are submitted by each provider's professional association, and by the health care analysis unit established in article 4, for use by providers participating in the pilot project. The practice guidelines to be implemented in the pilot project are those objective findings or circumstances that when present document that the initiation of health care is necessary to preserve or improve health. All guidelines implemented must be supported by medical or health literature citations from appropriately controlled studies so as to minimize unnecessary, unproven or ineffective care.

(b) Adopt a provider fee schedule and negotiate hospital and other health service and supply contracts, including but not limited to contracts for drugs and medical equipment, in which fees for services and supplies are equivalent to those prevailing under other local third-party payers, except that to the extent possible, reimbursement shall be linked to providers' success in achieving the objective of the pilot project to identify and deliver necessary and effective health care.

(c) Establish system requirements for an outcomes-based management system incorporating practice guidelines for use in the pilot project. System requirements shall be broad enough to allow use of more than one brand or variety of software or hardware provided that they meet the compatibility objectives of this subdivision. System requirements shall include the following:

(1) The software selected shall allow for direct, automated inputting of all information collected in connection with the delivery of health care, including, but not limited to, history and examination

data and data relating to clinical and functional status and satisfaction with care.

(2) The software shall allow participating providers to precertify participants for treatment on the basis of health need; and, once treatment has been rendered, to measure outcome against the cost of care.

(3) System hardware and software shall be capable of being operated from participating providers offices; and, to the extent practicable, shall emphasize on-site health care management by providers.

(4) The system shall include a report function to allow both providers and consumers access to individual data, which shall be nonpublic and private, concerning both the consumers' course of treatment and summary data concerning the comparative outcomes of treatment in similar cases, which shall be public.

(d) Establish and maintain the Minnesota health outcomes database as follows:

(1) determine uniform specifications for the collection, transmission, and maintenance of health outcomes data for the pilot project; and

(2) conduct studies and research on the following subjects:

(i) new and revised practice guidelines to be used in connection with the pilot project;

(ii) the comparative effectiveness of alternative modes of treatment, medical equipment, and drugs;

(iii) the relative satisfaction of participants with their care, determined with reference to both provider and mode of treatment;

(iv) the cost versus the effectiveness of health care treatments; and

(v) the impact on cost and effectiveness of health care of the management techniques and administrative interventions used in the pilot project.

(e) Issue rules relating to the administration of the pilot project. At a minimum, the rules must provide that:

(1) any licensed provider who agrees to render care subject to approved practice guidelines and who agrees to implement the

project's outcomes-based management system may participate in the pilot project; and

(2) initially, participation by pilot project providers is limited to those maintaining offices within 30 miles of the pilot project area or areas. The administrator may also designate providers from outside this area to assure that participants have full access to covered health care. Additional providers will be added as the project expands.

(f) Establish appropriate financial incentives and disincentives designed to further the purposes of the project, including the application or waiver of copayments and deductibles.

(g) Establish appropriate eligibility, enrollment, and payment provisions consistent with the purposes of the project.

Subd. 4. [PARTICIPATION.] (a) All persons residing in the pilot project area who do not have health care coverage are eligible to participate in the project.

(b) All persons covered under state-subsidized health programs who reside in the pilot project area shall be required to participate in the pilot project to the extent that they seek care for which there are approved providers providing care subject to approved guidelines.

(c) Any of the following privately insured persons may receive care rendered subject to practice guidelines by pilot project providers, if they live in the pilot project area and they and their insurer consent to their participation, and agree to share data relating to cost and outcome with the pilot project administrator:

(1) persons covered by self-insured plans; and

(2) persons covered by health plans purchased from private carriers.

Subd. 5. [COVERAGE FOR HEALTH CARE FOR PILOT PROJECT PARTICIPANTS.] (a) The administrator shall determine basic health care coverage for persons who do not have health care coverage. That coverage shall include:

(1) care that is necessary and effective, as determined by reference to approved practice guidelines and validated by measurement of outcomes;

(2) care, including preventive care, determined by the administrator to be necessary, and for which there exists sufficient study or

research data to support a finding that the care is necessary and effective; and

(3) other care determined by the administrator to be covered, but for which there is insufficient study or research data to support a finding of necessity or effectiveness.

(b) Coverage for persons enrolled in state-subsidized health programs shall be that which is set forth in their benefits agreements:

(1) except that for care of proven effectiveness delivered subject to approved guidelines, such coverage, including choice of provider, shall be limited to care obtained from participating providers;

(2) except that coverage shall be supplemented with preventive care as defined by the Guidelines of the United States Task Force on Preventive Care to the extent it is necessary and effective; and

(3) a waiver of federal regulations shall be requested with respect to coverage mandated by federal law whenever care is provided under guidelines or standards by pilot project providers.

(c) Coverage for persons enrolled in private health plans directed to pilot project participating providers by their carriers shall be that set forth in their benefits agreements:

(1) provided, however, that this coverage may be limited to care rendered subject to practice guidelines; and

(2) provided further that preventive care from pilot project providers shall be made available to the extent it is necessary and effective care.

(d) The administrator shall take such steps as may be reasonable and necessary to reconcile existing health coverage with care provided participants by pilot project providers. Any conflict between existing health coverage and pilot project guidelines shall be resolved in favor of the pilot project guidelines.

(e) Coverage for persons who do not otherwise have health care coverage and persons enrolled in state-subsidized health programs based upon benefits shall be converted to coverage based upon need and effectiveness at the earliest possible date.

(f) The administrator shall make every possible effort to eliminate barriers to access to health care determined to be both necessary and effective and take steps to eliminate access to health care not determined to be necessary and effective.

Subd. 6. [PROVIDER PANELS.] (a) The administrator shall appoint panels of providers who shall assist the administrator in determining what additional practice guidelines are needed and which existing ones need revising.

(b) These panels shall also advise the administrator about adding participants and providers during the course of the project to maximize the cost savings generated by the project and to expand its size and scope to the extent practicable.

(c) New and revised practice guidelines shall be implemented based on referred medical journals and published studies that conform to the requirements of controlled studies and the scientific method of inquiry and after consultation with the appropriate panel of providers.

Subd. 7. [PAYMENT OF CLAIMS AND FINANCIAL INCENTIVES PAID TO PILOT PROJECT PROVIDERS.] (a) Participating providers shall be paid on the basis of fee schedules, contracts, and to the extent they are cost effective, financial incentives established by the administrator.

The two cities shall adopt and administer the competency tests for the residential building contractors and remodelers established in section 13 within six months of the effective date of the rules establishing the examinations. The local government may verify a license by telephone or facsimile machine.

Sec. 11. [326.87] [CONTINUING EDUCATION.]

Subdivision 1. [STANDARDS.] The commissioner, in consultation with the council, may adopt standards for continuing education requirements and course approval. Subd. 2. [HOURS.] A licensee of a general residential contractor or remodeler must provide proof of completion of 15 hours for each two-year license period. A specialty contractor must complete five hours for each two-year license period. Continuing real estate hours and continuing general residential contractor or remodeler hours must be granted for the same course if it meets the guidelines for an approved course in each license program.

Sec. 12. [326.88] [TEMPORARY LICENSES.]

Subd. 3. [CATEGORY TWO LICENSE.] A category two temporary license must be issued to residential building contractors, remodelers, or specialty contractors if the person who obtained a license under section 8, subdivision 2, clause (2) or (3), leaves the partnership or corporation because of death, disability, retirement, or position change. A category two temporary license expires after one year and may not be renewed.

Sec. 13. [326.89] [APPLICATION AND EXAMINATION.]

Subdivision 1. [FORM.] An applicant for a license under sections 7 to 22 must submit an application to the commissioner, under oath, on a form prescribed by the commissioner. Within 30 days of receiving all required application information, the commissioner must act on the license request. If one of the categories in the application does not apply, the applicant must state the reason. The commissioner may refuse to issue a license if the application is not complete or contains unsatisfactory information.

Subd. 2. [CONTENTS.] The application must include the following information regarding the applicant:

- (1) Minnesota workers' compensation insurance account number;
- (2) employment insurance account number;
- (3) type of license requested;

- (7) the applicant's education and experience as they relate to the requested type of license; and
- (8) the applicant's business history for the past five years and whether the applicant has ever filed for bankruptcy or protection from creditors or has any unsatisfied judgments against the applicant.

The commissioner may require further information as the commissioner deems appropriate to administer the provisions and further the purposes of this chapter.

Subd. 3. [EXAMINATION.] All individual applicants must satisfactorily complete a written examination for the type of license requested. The commissioner may establish the examination qualifications, including related education experience and education, the examination procedure, and the examination for each licensing

group. The examination must include at a minimum the following areas:

(1) appropriate knowledge of technical terms commonly used and the knowledge of reference materials and code books to be used for technical information; and

(2) understanding of the general principles of business management and other pertinent state laws.

Each examination must be designed for the specified type of license requested. The council shall advise the commissioner on the grading, monitoring, and updating of examinations.

Subd. 4. [COMPETENCY SKILLS.] The commissioner shall, in consultation with the council, determine the competency skills and installation knowledge required for the licensing of specialty contractors.

Sec. 14. [326.90] [LOCAL LICENSE PROHIBITED.]

Except as provided in section 8, subdivision 3, clause (6), a political subdivision may not require a residential building contractor, remodeler, or specialty contractor to also be licensed under any ordinance, law, rule, or regulation of the political subdivision. This section does not prohibit charges for building permits or other charges not directly related to licensure.

Sec. 15. [326.91] [DENIAL, SUSPENSION, OR REVOCATION OF LICENSES.]

Subdivision 1. [CAUSE.] The commissioner may by order deny, suspend, or revoke any license or may censure a licensee if the commissioner finds that the order is in the public interest, and that the applicant or licensee:

(1) has filed an application for a license which is incomplete in any material respect or contains any statement which, in light of the circumstances under which it is made, is false or misleading with respect to any material fact;

(2) has engaged in a fraudulent, deceptive, or dishonest practice;

(3) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the business;

(4) has failed to reasonably supervise employees, agents, subcontractors, or salespersons, or has performed negligently or in breach of contract, so as to cause injury or harm to the public;

(8) has failed to use the proceeds of any payment made to the licensee for the construction of, or any improvement to, residential real estate, as defined in section 326.83, for the payment of labor, skill, material, and machinery contributed to such construction or improvement, knowing that the cost of any such labor performed, or skill, material, or machinery furnished for such improvement remains unpaid; or

(9) has not furnished to the person making such payment either a valid lien waiver as to any unpaid labor performed, or skill, material, or machinery furnished for such improvement, or a payment bond in the basic amount of the contract price for such improvement conditioned for the prompt payment to any person or persons entitled thereto.

Subd. 2. [ADMINISTRATIVE ACTION.] Section 45.027 applies to any action taken by the commissioner in connection with the administration of sections 7 to 22.

Sec. 16. [326.92] [PENALTIES.]

Subdivision 1. [MISDEMEANOR.] A person required to be licensed under sections 7 to 22, who performs unlicensed work as a residential building contractor, remodeler, or specialty contractor, is guilty of a misdemeanor.

Subd. 2. [LIEN RIGHTS.] An unlicensed person who knowingly violates sections 7 to 22 has no right to claim a lien under section 514.01 and the lien is void. Nothing in this section affects the lien rights of material suppliers and licensed contractors to the extent provided by law.

Subd. 3. [COMMISSIONER ACTION.] The commissioner may bring actions, including cease and desist actions, against a licensed or unlicensed residential building contractor, remodeler, or specialty contractor to protect the public health, safety, and welfare.

Sec. 17. [326.93] [SERVICE OF PROCESS; NONRESIDENT LICENSING.]

Subdivision 1. [LICENSE.] A nonresident of Minnesota may be licensed as a residential building contractor, remodeler, or specialty

contractor upon compliance with all the provisions of sections 7 to 22.

Subd. 2. [SERVICE OF PROCESS.] Service of process upon a person performing work in the state of a type that would require a license under sections 7 to 22 may be made as provided in section 45.028.

Sec. 18. [326.94] [RECOVERY FUND; INSURANCE.]

Subdivision 1. [RECOVERY FUND.] In addition to any other fees, each applicant shall pay a fee to the residential recovery fund. The residential recovery fund is created in the state treasury and must be administered by the commissioner in the manner provided by section 82.34 with the following exceptions:

(1) that the commissioner shall set appropriate fees for each license category for the initial license and for the renewal of licenses and may establish a fee scale based on the licensee's gross annual receipts;

(2) that the sole purpose of this fund is to compensate persons aggrieved by fraudulent, deceptive, or dishonest practices by licensees of this section; and

(3) that the sum of the unpaid judgment per claimant or transaction excluding attorney fees shall not exceed \$10,000 and that nothing may obligate the fund for more than \$50,000 per licensee per year.

Subd. 2. [INSURANCE.] Residential building contractors, remodelers, and specialty contractors must have public liability insurance with limits of at least \$100,000 per occurrence and \$10,000 property damage insurance. The commissioner may increase the minimum amount of insurance required based on the type of license and the annual gross receipts of the licensee.

Sec. 19. [326.95] [LICENSE NUMBER; ADVERTISING.]

Subdivision 1. [LICENSE NUMBER MUST BE DISPLAYED.] The license number of a licensee must be placed on all building permits and building permit applications made to or issued by the state or a political subdivision. In jurisdictions that have not adopted the state building code, the license number must be placed on the site plan review or zoning permit. License numbers must be on all business cards and all contracts to perform work for which a license is required.

Subd. 2. [ADVERTISING.] The license number of a licensee must appear in any display advertising by that licensee.

Subd. 3. [CONTRACTS.] Contracts entered into by a licensee must state that the person is licensed and must state the license number.

Subd. 4. [NOTICES.] License numbers must appear on each notice under section 514.11, and each statement under section 514.08.

Sec. 20. [326.96] [PUBLIC EDUCATION.]

The commissioner may develop materials and programs to educate the public concerning licensing requirements and methods for reporting unlicensed contracting activity.

Sec. 21. [326.97] [LICENSE RENEWAL.]

Subdivision 1. [APPROVAL.] Licensees whose applications have been properly and timely filed and who have not received notice of denial of renewal within 30 days are considered to have been approved for renewal and may continue to transact business whether or not the renewed license has been received. Application for renewal of a license is required every two years after the initial issuance. Applications are timely if received or postmarked by December 15 of the year prior to the renewal year. Applications must be made on a form approved by the commissioner.

Subd. 2. [FAILURE TO APPLY.] A person who has failed to make a timely application for renewal of a license by January 1 of the renewal year is unlicensed until the license has been issued by the commissioner and is received by the applicant.

Subd. 3. [REEXAMINATION NOT REQUIRED.] An examination is not required for the renewal of a license, except that a licensee who has failed to renew a license for two years must retake the examination.

Sec. 22. [326.98] [RULES.]

The commissioner may adopt rules to administer and enforce sections 7 to 22.

No. 279, A bill for an act relating to the environment; authorizing the city of Hopkins to issue bonds to pay for environmental response costs at a landfill; authorizing the city to impose a solid waste collection surcharge; authorizing a landfill cleanup assessment against property; authorizing a service charge; appropriating money.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 473.845, subdivision 3, is amended to read:

Subd. 3. [EXPENDITURES FROM THE FUND.] Money in the fund may only be appropriated to the agency for expenditure for:

(1) reasonable and necessary expenses for closure and postclosure care of a mixed municipal solid waste disposal facility in the metropolitan area for a 20-year period after closure, if the agency determines that the operator or owner will not take the necessary actions requested by the agency for closure and postclosure in the manner and within the time requested;

(2) reasonable and necessary response and postclosure costs at a mixed municipal solid waste disposal facility in the metropolitan area that has been closed for 20 years in compliance with the closure and postclosure rules of the agency; or

(3) reasonable and necessary response costs resulting from county actions required under section 473.833, subdivision 2a, when those actions are done under the supervision of the agency; or

(4) reimbursement to a local government unit for costs incurred over \$400,000 under a work plan approved by the commissioner of the agency to remediate methane at a closed disposal facility owned by the local government unit.

Sec. 2. [DEFINITIONS.]

For the purposes of this act, the following terms have the meaning given them.

(a) "City" means the city of Hopkins.

(b) "Landfill" means the approximately 26 acre landfill site owned by the city in the northwest quarter of the southwest quarter of Section 25, Township 117, North Range 22 West, Hennepin county.

(c) "Release" has the meaning given it in Minnesota Statutes, section 115B.02, subdivision 15.

(d) "Response" has the meaning given it in Minnesota Statutes, section 115B.02, subdivision 18.

Sec. 3. [BONDS; LOANS.]

Subdivision 1. [BONDS.] (a) The city may issue bonds as provided in this subdivision after making the findings in this paragraph. The city must find:

(1) costs have been or will be incurred to respond to releases from the landfill, including methane releases and releases into the groundwater;

(2) other responsible parties have not provided funds to cover the costs of responding to the releases;

(3) the public health and welfare or the environment will be endangered by allowing the releases to continue;

(4) the response is consistent with orders and directives from the commissioner of the Minnesota pollution control agency; and

(5) the issuance of bonds is deemed necessary by the city to pay for response costs.

(b) The city may authorize by resolution the issuance of bonds in an amount which together with any previous bonds issued under this section, does not exceed \$5,000,000 to pay any costs incurred or to be incurred by the city to respond to releases, to conduct closure and postclosure care, to remediate the landfill and any immediately adjacent property, and to refund outstanding bonds issued for these purposes.

(c) The city may pledge to the payment of the bonds and the interest on the bonds, its full faith, credit, and taxing powers, or the revenues from the landfill cleanup assessment and the service charge authorized by this act.

(d) The proceeds of the bonds may be used in part to establish a reserve as a further security for the payment of their principal and interest when due and to pay credit enhancement fees.

(e) Bonds issued under this section may be sold at public or private sale upon conditions that the city determines. An election is not required to authorize the issuance of bonds under this section and bonds or obligations issued under this act shall not be included in computing the net debt of the city under Minnesota Statutes, chapter 475. Expenses for response costs that are payable through the bonding authority granted in this act are not current expenses of the city under Minnesota Statutes, section 475.52. Except as otherwise provided in this section, the bonds must be issued and sold as provided in Minnesota Statutes, chapter 475.

Subd. 2. [LOANS IN ANTICIPATION OF BONDS.] After authorizing bonds in accordance with this act, the city may borrow to provide money immediately that is required for the bond purpose. The city shall decide the terms of the loans by resolution. The loans must be evidenced by negotiable notes due in not more than 24 months from the date of the loan payable to the order of the lender or to bearer, to be repaid with interest from the proceeds of the bonds when the bonds are issued and delivered to the bond purchasers. The city may enter into loan and related agreements, both before and after issuing the obligations, with persons, firms, public or private

corporations, federal or state agencies, and governmental units under terms and conditions the city considers appropriate. A governmental unit in the state may make or purchase the loans. Minnesota Statutes, chapter 475, does not apply to the loans and the loans may be made without advertisement.

Sec. 4. [REVENUE MECHANISMS.]

Subdivision 1. [AUTHORITY.] (a) The city may, by ordinance, impose the landfill cleanup assessment as provided in subdivision 2 to pay the costs specified in this subdivision. If revenue from the landfill cleanup assessment is insufficient for payment of those costs, the city may levy a service charge as provided in subdivision 3 for the remaining amount necessary.

The costs which can be paid from the assessment authorized in subdivision 2 and the service charge authorized in subdivision 3 include:

(1) the costs of principal and interest on bonds or other obligations issued under section 3 until the bonds or other obligations are repaid; and

(2) the costs incurred or to be incurred to respond to releases, closure, and postclosure care of the landfill until June 30, 1996.

(b) The city shall not budget more than \$400,000 per year from the combination of assessments and service charges. Any amount received in excess of \$400,000 in one year shall be subtracted from the total of the assessments and service charges allowed to be imposed for the next year.

(c) After June 30, 1996, the city shall not budget from the total of the assessments and service charges more than the annual amount needed to pay principal and interest on the bonds issued under section 3. The city's authority to impose assessments and service charges under this act expires on final payment of the principal and interest on the bonds, except that any funds remaining may be placed in the general fund of the city.

Subd. 2. [LANDFILL CLEANUP ASSESSMENT.] (a) The city may impose an assessment against the property classes established by the city under paragraph (b). The landfill cleanup assessment must be determined by the city and certified to the county auditor by January 1 of each year. The assessment must be extended on the assessment rolls of the county for the year in which the assessment is filed, and shall be enforced and collected in the same manner provided for real estate taxes. The assessments, if not paid, become delinquent in January of the following year and are subject to the same penalties and at the same rate of interest as delinquent real

estate taxes. Assessments imposed under this subdivision are exempt from the determination of the city's levy limitation under Minnesota Statutes, chapter 275.

(b) For the purposes of this subdivision, the city shall classify, by ordinance, real property within the corporate limits of the city according to the type of solid waste generation on or from the property. Property exempt from taxation by the state and political subdivisions and other governmental units must also be included in the classification. Classifications must include, but are not limited to, commercial, industrial, single family residential, and multifamily residential property. Rates and charges for the assessment may take into account the character, kind, and quality of the service and of the solid waste, the method of disposition, the number of people served at each place of collection, and all other factors that enter into the cost of solid waste generation.

Subd. 3. [SERVICE CHARGE.] The city may levy a service charge computed upon the net tax capacity of all the taxable property in the city, not to exceed the remaining amount necessary as provided in subdivision 1. Service charges based on the net tax capacity may be payable and collected at the same time and in the same manner as provided for payment and collection of ad valorem taxes. Service charges imposed under this act are not included in computations under Minnesota Statutes, section 469.177, chapter 473F, or any other law that applies to general ad valorem levies.

Sec. 5. [DOES NOT AFFECT LIABILITY.]

This act does not affect the liability of persons for costs or damages associated with releases from the landfill and does not affect the city's right to pursue responsible parties or indemnification from any party for costs or damage associated with the landfill.

This act does not affect the city's liability under Minnesota Statutes, section 115B.04, subdivision 4.

Sec. 6. [COST RECOVERY; USE OF PROCEEDS.]

The city shall seek reimbursement of the costs covered by this act under any applicable insurance contract and shall seek to recover its costs from persons liable for releases from the landfill under Minnesota Statutes, section 115B.04.

The city must first use amounts recovered under this section to pay the administrative and legal expenses of the city that are incurred under this act and then to pay the principal and interest on the bonds authorized in section 3 and if there remains any excess after retirement of the bonds, the city must apply it to property tax relief.

Sec. 7. [APPROPRIATION.]

\$..... is appropriated from the metropolitan landfill contingency action trust fund to the commissioner of the pollution control agency to be available until June 30, 1993, for the purpose of reimbursing the city for costs incurred over \$400,000 under a work plan approved by the commissioner to remediate methane at the landfill.

The maximum amount for which the city may bond under section 3, subdivision 1, paragraph (b), is reduced by the amount of the appropriation in this section.

Sec. 8. [EFFECTIVE DATE.]

This act is effective the day following final enactment, except that if the service charges are imposed in section 4, subdivision 3, they cannot be levied on property before the 1991 levy, payable in 1992."

Subdivision 1. [DATE.] The municipal general election in each statutory city shall be held on the first Tuesday after the first Monday in November in every even-numbered year; ~~except that.~~ Notwithstanding any provision of law to the contrary and subject to the provisions of this section, the governing body of a statutory city may, by ordinance passed at a regular meeting held before September 1 of any year, elect to hold the election on the first Tuesday after the first Monday in November in each odd-numbered year. A city which was a village on January 1, 1974 and before that date provided for a system of biennial elections in the odd-numbered year shall continue to hold its elections in that year until changed in accordance with this section. When a city changes its elections from one year to another, and does not provide for the expiration of terms by ordinance, the term of an incumbent expiring at a time when no municipal election is held in the months immediately prior to expiration is extended until the date for taking office following the next scheduled municipal election. If the change results in having three council members to be elected at a succeeding election, the two individuals receiving the highest vote shall serve for terms of four years and the individual receiving the third highest number of votes shall serve for a term of two years. To provide an orderly transition to the odd or even year election plan, the governing body of the city may adopt supplementary ordinances regulating initial elections and officers to be chosen at the elections and shortening or lengthening the terms of incumbents and those elected at the initial election so as to conform as soon as possible to the regular schedule provided in section 412.02, subdivision 1. Whenever the time of the municipal election is changed, the city clerk immediately shall notify in writing the county auditor and secretary of state of the change of date. Thereafter the municipal general election shall be held on the first Tuesday after the first Monday in November in each

Sec. 18. Minnesota Statutes 1990, section 205.07, is amended by adding a subdivision to read:

Subd. 3. [EFFECT OF ORDINANCE; REFERENDUM.] An ordinance changing the year of the municipal election is effective 240 days after passage and publication or at a later date fixed in the ordinance. Within 180 days after passage and publication of the ordinance, a petition requesting a referendum on the ordinance may be filed with the city clerk. The petition shall be signed by eligible voters equal in number to ten percent of the total number of votes cast in the city at the last municipal general election. If the requisite petition is filed within the prescribed period, the ordinance shall not become effective until it is approved by a majority of the voters voting on the question at a general or special election held at least 60 days after submission of the petition. If the petition is filed, the governing body may reconsider its action in adopting the ordinance.

Sec. 19. Minnesota Statutes 1990, section 205.16, subdivision 4, is amended to read:

Subd. 4. [NOTICE TO AUDITOR.] At least 30 45 days prior to every municipal election, the municipal clerk shall provide a written notice to the county auditor, including the date of the election and the offices and questions to be voted on at the election.

Sec. 20. Minnesota Statutes 1990, section 205A.07, subdivision 3, is amended to read:

Subd. 3. [NOTICE TO AUDITOR.] At least 30 45 days prior to every school district election, the school district clerk shall provide a written notice to the county auditor of each county in which the school district is located. The notice must include the date of the election and the offices and questions to be voted on at the election.

Sec. 21. Minnesota Statutes 1990, section 447.32, subdivision 2, is amended to read:

Subd. 2. [ELECTIONS.] Except as provided in this chapter, the Minnesota election law applies to hospital district elections, as far as practicable. Regular elections must be held in each hospital district at the same time, in the same election precincts, and at the same polling places as general elections of state and county officers. Alternatively, the hospital board may by resolution fix a date for an election, not later than December 7 just before the expiration of board members' terms. It may establish the whole district as a single election precinct or establish two or more different election precincts and polling places for the elections. If there is more than one

precinct, the boundaries of the election precincts and the locations of the polling places must be defined in the notice of election, either in full or by reference to a description or map on file in the office of the clerk.

Special elections may be called by the hospital board at any time to vote on any matter required by law to be submitted to the voters. A special election may not be conducted either during the 30 days before and the 30 days after the state primary or state general election, or during the 20 days before and the 20 days after the regularly scheduled election of any municipality wholly or partially within the hospital district. Special elections must be held within the election precinct or precincts and at the polling place or places designated by the board. In the case of the first election of officers of a new district, precincts and polling places must be set by the governing body of the most populous city or town included in the district.

Advisory ballots may be submitted by the hospital board on any question it wishes, concerning the affairs of the district, but only at a regular election or at a special election required for another purpose.

Sec. 22. Minnesota Statutes 1990, section 447.32, subdivision 3, is amended to read:

Subd. 3. [ELECTION NOTICES.] At least two weeks before the first day to file affidavits of candidacy, the clerk of the district shall publish a notice stating the first and last day on which affidavits of candidacy may be filed, the places for filing the affidavits and the closing time of the last day for filing. The clerk shall post a similar notice in at least one conspicuous place in each city and town in the district at least ten days before the first day to file affidavits of candidacy.

The notice of each election must be posted in at least one public and conspicuous place within each city and town included in the district at least ten days before the election. It must be published in the official newspaper of the district or, if a paper has not been designated, in a legal newspaper having general circulation within the district, at least ~~one week~~ two weeks before the election. Failure to give notice does not invalidate the election of an officer of the district. A voter may contest a hospital district election in accordance with chapter 209. Chapter 209 applies to hospital district elections.

Sec. 23. Minnesota Statutes 1990, section 447.32, subdivision 4, is amended to read:

Subd. 4. [CANDIDATES; BALLOTS; CERTIFYING ELECTION.] A person who wants to be a candidate for the hospital board shall file

an application to be placed on the ballot as a candidate affidavit of candidacy for the election either as member at large or as a member representing the city or town where the candidate resides. Voting must be by secret ballot. The clerk shall prepare, at the expense of the district, necessary ballots for the election of officers. Ballots must contain the names of the proposed candidates for each office, the length of the term of each office, and an additional blank space for the insertion of another name by the voter. The ballots must be marked and initialed by at least two judges as official ballots and used exclusively at the election. Any proposition to be voted on may be printed on the ballot provided for the election of officers or on a different ballot. The hospital board may also authorize the use of voting machines subject to chapter 206. Enough election judges may be appointed to receive the votes at each polling place. They may be paid by the district at a rate set by the board. The election judges shall act as clerks of election, count the ballots cast, and submit them to the board for canvass.

After canvassing the election, the board shall issue a certificate of election to the candidate who received the largest number of votes cast for each office. The clerk shall deliver the certificate to the person entitled to it in person or by certified mail. Each person certified shall file an acceptance and oath of office in writing with the clerk within 30 days after the date of delivery or mailing of the certificate. The board may fill any office as provided in subdivision 1 if the person elected fails to qualify within 30 days, but qualification is effective if made before the board acts to fill the vacancy.

(c) The board shall adopt emergency rules within four months of the effective date of this section, and permanent rules within one year of the effective date of this section, designed to ensure that

costs submitted to the board for reimbursement are reasonable. The rules shall include a requirement that persons taking corrective action solicit competitive bids, based on unit service costs, except in circumstances where the board determines that such solicitation is not feasible.

(d) The board shall adopt rules requiring training of environmental consultants and contractors.

Sec. 3. Minnesota Statutes 1990, section 115C.09, subdivision 1, is amended to read:

Subdivision 1. [REIMBURSABLE COSTS.] (a) The board shall provide partial reimbursement to eligible responsible persons for reimbursable costs incurred after June 4, 1987.

(c) A cost for liability to a third party is incurred by the responsible person when an order or consent decree establishing the liability is entered. Except as provided in this paragraph, reimbursement may not be made for costs of liability to third parties until all eligible corrective action costs have been reimbursed. If a corrective action is expected to continue in operation for more than one year after it has been fully constructed or installed, the board may estimate the future expense of completing the corrective action and, after subtracting this estimate from the total reimbursement available under subdivision 3, reimburse the costs for liability to third parties. The total reimbursement may not exceed the limit set forth in subdivision 3.

Sec. 4. Minnesota Statutes 1990, section 115C.09, subdivision 2, is amended to read:

[RESPONSIBLE PERSON ELIGIBILITY.] (a) A responsible person who has incurred reimbursable costs after June 4, 1987, in response to a release, may apply to the board for partial reimbursement under subdivision 3 and rules adopted by the board. The board may consider applications for reimbursement after the commissioner has approved a design for corrective action that the commissioner determines will adequately address the release. The board may also consider applications when the corrective action has been fully constructed or installed and periodically afterward as the corrective action continues operation. at the following stages:

(1) after the commissioner approves a plan for corrective action related to soil contamination;

(2) after the commissioner determines that the corrective action plan described in clause (1) has been fully constructed or installed;

(3) after the commissioner approves a comprehensive plan for corrective action that will adequately address the entire release, including groundwater contamination if necessary;

(4) after the commissioner determines that the corrective action necessary to adequately address the release has been fully constructed or installed; and

(5) periodically afterward as the corrective action continues operation, but no more frequently than four times per 12-month period unless the application is for more than \$2,000 in reimbursement.

(b) The commissioner shall review a plan, and provide an approval or disapproval to the responsible person and the board, within 60 days in the case of a plan submitted under paragraph (a), clause (1), and within 120 days in the case of a plan submitted under paragraph (a), clause (3), or the commissioner shall explain to the board why additional time is necessary. For purposes of the preceding sentence, board consideration of an application is timely if it occurs at the regularly scheduled meeting following the deadline. Board staff may review applications submitted to the board simultaneous to the commissioner's consideration of the appropriateness of the corrective action, but the board may not act on the application until after the commissioner's approval is received.

~~(b) (c) A reimbursement may not be made unless the board determines that the commissioner has determined that the corrective action has, or when completed will have, adequately addressed~~

(3) the deterrent effect of the award reduction on other tank owners and operators; and

Subdivision 1. [PROPERTY ON OR ADJACENT TO PUBLIC WATERS.] (a) All land which is the property of the state as a result of forfeiture to the state for nonpayment of taxes, regardless of whether the land is held in trust for taxing districts, and which borders on or is adjacent to meandered lakes and other public waters and watercourses, and the live timber growing or being thereon, is hereby withdrawn from sale except as hereinafter provided. The authority having jurisdiction over the timber on any such lands may sell the timber as otherwise provided by law for cutting and removal

under such conditions as the authority may prescribe in accordance with approved, sustained yield forestry practices. The authority having jurisdiction over the timber shall reserve such timber and impose such conditions as the authority deems necessary for the protection of watersheds, wildlife habitat, shorelines, and scenic features. Within the area in Cook, Lake, and St. Louis counties described in the Act of Congress approved July 10, 1930 (46 Stat. 1020), the timber on tax-forfeited lands shall be subject to like restrictions as are now imposed by that act on federal lands.

(b) Of all tax-forfeited land bordering on or adjacent to meandered lakes and other public waters and watercourses and so withdrawn from sale, a strip two rods in width, the ordinary high-water mark being the waterside boundary thereof, and the land side boundary thereof being a line drawn parallel to the ordinary high-water mark and two rods distant landward therefrom, hereby is reserved for public travel thereon, and whatever the conformation of the shore line or conditions require, the authority having jurisdiction over such lands shall reserve a wider strip for such purposes.

(c) Any tract or parcel of land which has 50 feet or less of waterfront may be sold by the authority having jurisdiction over the land, in the manner otherwise provided by law for the sale of such lands, if the authority determines that it is in the public interest to do so. If the authority having jurisdiction over the land is not the commissioner of natural resources, the land may not be offered for sale without the prior approval of the commissioner of natural resources.

(d) Any tract or parcel of land which has 51 feet or more of waterfront, and for which the authority having jurisdiction over the land proposes legislation to permit its sale, must be submitted per description by the authority to the commissioner of natural resources by November 1 of each year. The commissioner must evaluate the land and its public benefits, and recommend the appropriate disposition of the land to the chairs of the house and senate environment and natural resources committees within two years after the November 1 notification. Upon mutual consent between the authority having jurisdiction over the land and the commissioner, a tract or parcel of land may be sold or otherwise disposed of according to this section before the commissioner's recommendation if an emergency situation exists. The commissioner's recommended disposition of the land may include sale to a private party, acquisition by the department of natural resources for public purposes, and cooperative management agreements with, or transfer to, another unit of government."

“Section 1. [17.46] [SHORT TITLE.]

Sections 1 to 10 may be cited as the “aquaculture development act.”

Sec. 2. [17.47] [FINDINGS; POLICY.]

The legislature finds that aquaculture provides a consistent source of quality food, employment opportunities, enhanced commercial and recreational fishing, agricultural diversification, and an improved balance of trade.

The legislature finds that many areas of the state of Minnesota are environmentally and economically suitable for aquaculture development.

The legislature finds that aquaculture should be considered a branch of the agricultural industry of the state for purposes of any laws that apply to or provide for the advancement, benefit, or protection of the agricultural industry within the state, and therefore the legislature encourages the promotion of aquacultural activities, programs, and development with the same status as other agricultural activities, programs, and development within the state.

It is the policy of this state to encourage environmentally sound development and expansion of the state's aquaculture industry.

Sec. 3. [17.48] [DEFINITIONS.]

Subd. 2. [AQUACULTURE] “Aquaculture” means the culture of private aquatic life for consumption or sale.

Subd. 3. [AQUATIC FARM.] “Aquatic farm” means a facility used for the purpose of culturing private aquatic life in waters, including but not limited to, human-made ponds, vats, tanks, raceways, and other indoor or outdoor facilities for which the aquatic farmer owns or otherwise has complete control of trespass over the surrounding land.

Subd. 4. [AQUATIC FARMER.] “Aquatic farmer” means an individual who practices aquaculture.

Subd. 5. [COMMISSIONER.] “Commissioner” means the commissioner of agriculture.

Subd. 6. [DEPARTMENT.] “Department” means the department of agriculture.

Subd. 7. [PRIVATE AQUATIC LIFE.] “Private aquatic life” means fish, shellfish, mollusks, crustaceans, and any other aquatic animals cultured within an aquatic farm.

Sec. 4. Minnesota Statutes 1990, section 17.49, is amended to read:

17.49 [AQUACULTURE PROGRAM AND PROMOTION.]

Subdivision 1. [PROGRAM ESTABLISHED.] The commissioner shall establish and promote a program ~~for the commercial raising of fish in fish farms~~ of aquaculture in consultation with an advisory committee consisting of the University of Minnesota, the commissioner of natural resources, the commissioner of agriculture, the commissioner of trade and economic development, the commissioner of the state planning agency, representatives of the private fish ~~raising~~ aquaculture industry, and the chairs of the environment and natural resources committees of the house of representatives and senate.

Subd. 2. [COORDINATION.] Aquaculture programs in the state must be coordinated through the commissioner of agriculture. The commissioner of agriculture shall direct the development of aquaculture in the state. Aquaculture research, projects, and demonstrations must be reported to the commissioner before state appropriations for the research, projects, and demonstrations are encumbered. The commissioner shall maintain a data base of aquaculture research, demonstrations, and other related information pertaining to aquaculture in the state.

Subd. 2a. [DEVELOPMENT PROGRAM.] The commissioner may establish a Minnesota aquaculture development and aid program that may include support for applied research, demonstration,

financing, marketing, promotion, broodstock development, and other services.

Subd. 3. [REPORT.] The commissioner shall prepare an annual report on the amount of fish and aquaculture products consumed produced in the state, where the products were produced, the opportunities in the state for aquaculture development, and impediments to Minnesota development of aquaculture.

Sec. 5. [17.493] [PRIVATE AQUATIC LIFE.]

Notwithstanding sections 97A.015 and 97A.025, private aquatic life is private property and is considered "property of another" as that term is defined in section 609.52, subdivision 1, paragraph (8). The unpermitted taking of private aquatic life is considered "theft" as that term is defined in section 609.52, subdivision 2, and is subject to the penalties of section 609.52, subdivision 3.

Sec. 6. [17.494] [AQUACULTURE PERMITS; RULES.]

The department of agriculture shall act as permit or license coordinator for aquatic farmers and shall assist aquatic farmers in obtaining licenses or permits.

By July 1, 1992, any state agency issuing multiple permits or licenses for aquaculture shall consolidate those permits or licenses required for each aquatic farm location to expedite the permitting process. The department of natural resources' transportation permits are exempted from this requirement. State agencies shall adopt rules or commissioner's orders which set forth permit and license requirements, approval timelines, and establish standards for compliance with permit or licensing requirements.

Nothing in this section shall be interpreted to modify any agency's regulatory authority over aquaculture production.

Sec. 7. [17.495] [APPEAL PROCEDURES.]

If a state agency refuses to grant a license or permit to an aquatic farmer, it shall provide the aquatic farmer with a written notice specifying the reasons for refusal.

An aquatic farmer may contest a state agency's adverse determination of the license or permit application to an administrative law judge as provided in sections 14.57 to 14.69. Sec. 10. [17.498] [BEST AVAILABLE TECHNOLOGY; BEST MANAGEMENT PRACTICES.]

After consultation with the commissioners of agriculture and natural resources, the pollution control agency shall initiate rulemaking by October 1, 1991, to develop water quality permit requirements for aquaculture facilities under Minnesota Rules, chapter 7050. The requirements shall be based upon a consideration of best available technology and best management practices that are capable of preventing and minimizing degradation of waters of the state, considering economic factors, availability, technical feasibility, effectiveness, and environmental effects. The rulemaking shall consider, among other things, classes, types, sizes, and categories of aquaculture facilities as water quality requirements are established.

Provided, however, that the restrictions in this subdivision do not apply to corporations or partnerships in clause (b) and do not apply to corporations, limited partnerships, and pension or investment funds that record its name and the particular exception under clauses (a) to (r) under which the agricultural land is

owned or farmed, have a *conservation plan* prepared for the agricultural land, report as required under subdivision 4, and satisfy one of the following conditions under clauses (a) to (r):

(a) A bona fide encumbrance taken for purposes of security;

(b) A family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership as defined in subdivision 2 or a general partnership;

(c) Agricultural land and land capable of being used for farming owned by a corporation as of May 20, 1973, or a pension or investment fund as of May 12, 1981, including the normal expansion of such ownership at a rate not to exceed 20 percent of the amount of land owned as of May 20, 1973, or, in the case of a pension or investment fund, as of May 12, 1981, measured in acres, in any five-year period, and including additional ownership reasonably necessary to meet the requirements of pollution control rules;

(d) Agricultural land operated for research or experimental purposes with the approval of the commissioner of agriculture, provided that any commercial sales from the operation must be incidental to the research or experimental objectives of the corporation. A corporation, limited partnership, or pension or investment fund seeking to operate agricultural land for research or experimental purposes must submit to the commissioner a prospectus or proposal of the intended method of operation, containing information required by the commissioner including a copy of any operational contract with individual participants, prior to initial approval of an operation. A corporation, limited partnership, or pension or investment fund operating agricultural land for research or experimental purposes prior to May 1, 1988, must comply with all requirements of this clause except the requirement for initial approval of the project;

(e) Agricultural land operated by a corporation or limited partnership for the purpose of raising breeding stock, including embryos, for resale to farmers or operated for the purpose of growing seed, wild rice, nursery plants or sod;

(f) Agricultural land and land capable of being used for farming leased by a corporation or limited partnership in an amount, measured in acres, not to exceed the acreage under lease to such corporation as of May 20, 1973, or to the limited partnership as of May 1, 1988, and the additional acreage required for normal expansion at a rate not to exceed 20 percent of the amount of land leased as of May 20, 1973, for a corporation or May 1, 1988, for a limited partnership in any five-year period, and the additional acreage reasonably necessary to meet the requirements of pollution control rules;

(g) Agricultural land when acquired as a gift (either by grant or a

devise) by an educational, religious, or charitable nonprofit corporation or by a pension or investment fund or limited partnership; provided that all lands so acquired by a pension or investment fund, and all lands so acquired by a corporation or limited partnership which are not operated for research or experimental purposes, or are not operated for the purpose of raising breeding stock for resale to farmers or operated for the purpose of growing seed, wild rice, nursery plants or sod must be disposed of within ten years after acquiring title thereto;

(h) Agricultural land acquired by a pension or investment fund or a corporation other than a family farm corporation or authorized farm corporation, as defined in subdivision 2, or a limited partnership other than a family farm partnership or authorized farm partnership as defined in subdivision 2, for which the corporation or limited partnership has documented plans to use and subsequently uses the land within six years from the date of purchase for a specific nonfarming purpose, or if the land is zoned nonagricultural, or if the land is located within an incorporated area. A pension or investment fund or a corporation or limited partnership may hold such agricultural land in such acreage as may be necessary to its nonfarm business operation; provided, however, that pending the development of agricultural land for nonfarm purposes, such land may not be used for farming except under lease to a family farm unit, a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership, or except when controlled through ownership, options, leaseholds, or other agreements by a corporation which has entered into an agreement with the United States of America pursuant to the New Community Act of 1968 (Title IV of the Housing and Urban Development Act of 1968, United States Code, title 42, sections 3901 to 3914) as amended, or a subsidiary or assign of such a corporation;

The aforementioned ten-year or five-year limitation period shall be deemed a covenant running with the title to the land against any pension or investment fund or corporate or limited partnership grantee or assignee or the successor of such pension or investment fund or corporation or limited partnership. Notwithstanding the five-year divestiture requirement under this clause, a financial institution may continue to

own the agricultural land if the agricultural land is leased to the immediately preceding former owner, but must divest of the agricultural land within the ten-year period;

(j) Agricultural land acquired by a corporation regulated under the provisions of Minnesota Statutes 1974, chapter 216B, for purposes described in that chapter or by an electric generation or transmission cooperative for use in its business, provided, however, that such land may not be used for farming except under lease to a family farm unit, a family farm corporation, or a family farm partnership;

(k) Agricultural land, either leased or owned, totaling no more than 2,700 acres, acquired after May 20, 1973, for the purpose of replacing or expanding asparagus growing operations, provided that such corporation had established 2,000 acres of asparagus production;

“Section 1. Minnesota Statutes 1990, section 609.5314, subdivision 2, is amended to read:

Subd. 2. [ADMINISTRATIVE FORFEITURE PROCEDURE.] (a) Forfeiture of property described in subdivision 1 is governed by this subdivision. When seizure occurs, or within a reasonable time after that, all persons known to have an ownership or possessory interest in seized property must be notified of the seizure and the intent to forfeit the property. In the case of a motor vehicle required to be registered under chapter 168, notice mailed by certified mail to the address shown in department of public safety records is deemed sufficient notice to the registered owner.

(b) Notice may otherwise be given in the manner provided by law for service of a summons in a civil action. The notice must be in writing and contain:

(1) a description of the property seized;

(2) the date of seizure;

(3) notice of the right to obtain judicial review of the forfeiture; and

(4) ~~notice~~ of the procedure for obtaining that judicial review of the forfeiture, printed in English, Hmong, and Spanish. Substantially the following language must appear conspicuously: “IF YOU DO NOT DEMAND JUDICIAL REVIEW EXACTLY AS PRESCRIBED IN MINNESOTA STATUTES, SECTION 609.5314, SUBDIVISION 3, YOU LOSE THE RIGHT TO A JUDICIAL DETERMINATION

OF THIS FORFEITURE AND YOU LOSE ANY RIGHT YOU MAY HAVE TO THE ABOVE DESCRIBED PROPERTY.”

Subd. 3. [JUDICIAL DETERMINATION.] (a) Within 60 days following service of a notice of seizure and forfeiture under this section, a claimant may file a demand for a judicial determination of the forfeiture. The demand must be in the form of a civil complaint and must be filed with the court administrator in the county in which the seizure occurred, together with proof of service of a copy of the complaint on the county attorney for that county, ~~and the standard filing fee for civil actions.~~ A demand filed with the court administrator under this subdivision does not require a filing fee if the value of the seized property is less than \$500. No responsive pleading is required of the county attorney and no court fees may be charged for the county attorney's appearance in the matter. The proceedings are governed by the rules of civil procedure.

(b) The complaint must be captioned in the name of the claimant as plaintiff, the seized property as defendant, and must state with specificity the grounds on which the claimant alleges the property was improperly seized and stating the plaintiff's interest in the property seized. Notwithstanding any law to the contrary, an action for the return of property seized under this section may not be maintained by or on behalf of any person who has been served with a notice of seizure and forfeiture unless the person has complied with this subdivision.

(c) If the claimant makes a timely demand for judicial determination under this subdivision, the appropriate agency must conduct the forfeiture under section 609.531, subdivision 6a.

(d) If a demand for judicial determination of an administrative forfeiture is filed under this subdivision and the court orders the return of the seized property, the court shall order that filing fees be reimbursed to the person who filed the demand. In addition, the court may order the payment of reasonable costs, expenses, and attorney fees under section 549.21, subdivision 2. If the court orders a payment of these costs, they must be paid from forfeited money or proceeds from the sale of forfeited property from the appropriate law enforcement and prosecuting agencies in the same proportion as they would be distributed under section 609.5315, subdivision 5.

Sec. 4. Minnesota Statutes 1990, section 611.32, is amended to read:

611.32 [PROCEEDINGS WHERE INTERPRETER APPOINTED.]

Subdivision 1. [PROCEEDINGS AND PRELIMINARY PROCEEDINGS INVOLVING POSSIBLE CRIMINAL SANCTIONS OR CONFINEMENT.] In any proceeding in which a person handicapped in communication may be subjected to confinement or, criminal sanction, or forfeiture of the person's property, and in any proceeding preliminary to that proceeding, including coroner's inquest, grand jury proceedings, and proceedings relating to mental health commitments, the presiding judicial officer shall appoint a qualified interpreter to assist the person handicapped in communication and any witness handicapped in communication throughout the proceedings.

Subd. 2. [PROCEEDINGS AT TIME OF APPREHENSION OR ARREST.] Following the apprehension or arrest of a person handicapped in communication for an alleged violation of a criminal law, the arresting officer, sheriff or other law enforcement official shall immediately make necessary contacts to obtain a qualified interpreter and shall obtain an interpreter at the earliest possible time at the place of detention. A law enforcement officer shall, with the assistance of the interpreter, explain to the person handicapped in communication, all charges filed against the person, and all procedures relating to the person's detainment and release. If the property of a person is seized under section 609.531, subdivision 4, the seizing officer, sheriff, or other law enforcement official shall, upon request, make available to the person at the earliest possible time a qualified interpreter to assist the person in understanding the possible consequences of the seizure and the person's right to judicial review. If the seizure is governed by section 609.5314, subdivision 2, a request for an interpreter must be made within 15 days after service of the notice of seizure and forfeiture. For a person who requests an interpreter under this section because of a seizure of property under section 609.5314, the 60 days for filing a demand for a judicial determination of a forfeiture begins when the interpreter is provided. The interpreter shall also assist the person with all other communications, including communications relating to needed medical attention. or other law enforcement official shall make available to the person a qualified interpreter to assist the person throughout the interrogation or taking of a statement.”

Sec. 2. Minnesota Statutes 1990, section 504.02, is amended to read:

504.02 [CANCELLATION OF LEASES IN CERTAIN CASES; ABANDONMENT OR SURRENDER OF POSSESSION.]

Subdivision 1. [ACTION TO RECOVER.] (a) In case of a lease of real property, when the landlord has a subsisting right of reentry for the failure of the tenant to pay rent the landlord may bring an action to recover possession of the property and such action is equivalent to a demand for the rent and a reentry upon the property; but if, at any

time before possession has been delivered to the plaintiff on recovery in the action, the lessee or a successor in interest as to the whole or any part of the property pays to the plaintiff or brings into court the amount of the rent then in arrears, with interest and costs of the action, and an attorney's fee not exceeding \$5, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease.

(b) If the lessee or successor in interest brings into court the amount of the rent in arrears and the court finds:

(1) that for reasons beyond the defendant's reasonable control the defendant could not pay the rent in arrears prior to the bringing of the action; and

(2) that the defendant meets the financial eligibility criteria in section 563.01, subdivision 3;

the court shall order the court administrator to refund to the plaintiff the filing fee in the action and order the defendant to pay the remainder of the costs of the action to the plaintiff.

(c) If the tenant has paid to the plaintiff or brought into court the amount of rent in arrears but is unable to pay the interest, costs of the action, and attorney's fee required by this subdivision, the court may permit the defendant to pay these amounts into court and be restored to possession within the same period of time, if any, which the court stays the issuance of the writ of restitution pursuant to section 566.09.

(d) Prior to or after commencement of an action to recover possession for nonpayment of rent, the parties may agree only in writing that partial payment of rent in arrears which is accepted by the landlord prior to issuance of the order granting restitution of the premises pursuant to section 566.09 may be applied to the balance due and does not waive the landlord's action to recover possession of the premises for nonpayment of rent.

(e) Rental payments under this subdivision must first be applied to rent claimed as due in the complaint from prior rental periods before applying any payment toward rent claimed in the complaint for the current rental period unless the court finds that under the circumstances the claim for rent from prior rental periods has been waived.

Subd. 2. [LEASE GREATER THAN 20 YEARS.] (a) If the lease under which the right of reentry is claimed is a lease for a term of more than 20 years, reentry cannot be made into the land or such action commenced by the landlord unless, after default, the landlord

For purposes of this clause, personal property includes ponderous machinery and equipment used in a business or production activity that at common law is considered real property.

Any taxpayer requesting exemption of all or a portion of any equipment or device, or part thereof, operated primarily for the control or abatement of air or water pollution shall file an application with the commissioner of revenue. The equipment or device shall meet standards, rules, or criteria prescribed by the Minnesota pollution control agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota pollution control agency shall upon request of the commissioner furnish information or advice to the commissioner. On determining that property qualifies for exemption, the commissioner shall issue an order exempting the property from taxation. The equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota pollution control agency remains in effect.

(10) Wetlands. For purposes of this subdivision, "wetlands" means (1) land described in section 103G.005, subdivision 18, or (2) land which is mostly under water, produces little if any income, and has no use except for wildlife or water conservation purposes, provided it is preserved in its natural condition and drainage of it would be legal, feasible, and economically practical for the production of livestock, dairy animals, poultry, fruit, vegetables, forage and grains, except wild rice. "Wetlands" shall include adjacent land which is not suitable for agricultural purposes due to the presence of the wetlands. "Wetlands" shall not include woody swamps containing shrubs or trees, wet meadows, meandered water, streams, rivers, and floodplains or river bottoms. Exemption of wetlands from

taxation pursuant to this section shall not grant the public any additional or greater right of access to the wetlands or diminish any right of ownership to the wetlands.

(11) Native prairie. The commissioner of the department of natural resources shall determine lands in the state which are native prairie and shall notify the county assessor of each county in which the lands are located. Pasture land used for livestock grazing purposes shall not be considered native prairie for the purposes of this clause. Upon receipt of an application for the exemption provided in this clause for lands for which the assessor has no determination from the commissioner of natural resources, the assessor shall refer the application to the commissioner of natural resources who shall determine within 30 days whether the land is native prairie and notify the county assessor of the decision. Exemption of native prairie pursuant to this clause shall not grant the public any additional or greater right of access to the native prairie or diminish any right of ownership to it.

(12) Property used in a continuous program to provide emergency shelter for victims of domestic abuse, provided the organization that owns and sponsors the shelter is exempt from federal income taxation pursuant to section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1986, notwithstanding the fact that the sponsoring organization receives funding under section 8 of the United States Housing Act of 1937, as amended.

(13) If approved by the governing body of the municipality in which the property is located, property not exceeding one acre which is owned and operated by any senior citizen group or association of groups that in general limits membership to persons age 55 or older and is organized and operated exclusively for pleasure, recreation, and other nonprofit purposes, no part of the net earnings of which inures to the benefit of any private shareholders; provided the property is used primarily as a clubhouse, meeting facility, or recreational facility by the group or association and the property is not used for residential purposes on either a temporary or permanent basis.

(14) To the extent provided by section 295.44, real and personal property used or to be used primarily for the production of hydroelectric or hydromechanical power on a site owned by the state or a local governmental unit which is developed and operated pursuant to the provisions of section 103G.535.

(b) a "fixed satellite regional or national program service facility" operated by a corporation licensed by the federal communications commission to provide fixed satellite-transmitted regularly scheduled broadcasting services using satellites operating in the 6-ghz. band.

An exemption provided by clause (15) shall apply for a period not to exceed five years. When the facility no longer qualifies for exemption, it shall be placed on the assessment rolls as provided in subdivision 4. Before approving a tax exemption pursuant to this paragraph, the governing body of the municipality shall provide an opportunity to the members of the county board of commissioners of the county in which the facility is proposed to be located and the members of the school board of the school district in which the facility is proposed to be located to meet with the governing body. The governing body shall present to the members of those boards its estimate of the fiscal impact of the proposed property tax exemption. The tax exemption shall not be approved by the governing body until the county board of commissioners has presented its written comment on the proposal to the governing body or 30 days has passed from the date of the transmittal by the governing body to the board of the information on the fiscal impact, whichever occurs first.

(16) Real and personal property owned and operated by a private, nonprofit corporation exempt from federal income taxation pursuant to United States Code, title 26, section 501(c)(3), primarily used in the generation and distribution of hot water for heating buildings and structures.

(iii) It provides support services such as child care, work readiness training, and career development counseling; and a self-sufficiency program with periodic monitoring of each resident's progress in completing the program's goals. (iv) It provides services to a resident of the facility for at least six months but no longer than three years, except

residents enrolled in an educational or vocational institution or job training program. These residents may receive services during the time they are enrolled but in no event longer than four years. (v) It is sponsored by an organization that has received a grant under either section 256.7365 for the biennium ending June 30, 1989, or section 462A.07, subdivision 15, for the biennium ending June 30, 1991, for the purposes of providing the services in items (i) to (iv). (vi) It is sponsored by an organization that is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1987. The exemption is granted beginning with the year following the year in which the lease begins for as long as the property is leased. The exemption shall terminate in the year following the year in which the property becomes privately owned.

Sec. 4. Minnesota Statutes 1990, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, ~~and 9, and 11~~ or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land,

exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the valuation of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, that lot or any single contiguous lot fronting on the same street shall be eligible for revaluation. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 5. Minnesota Statutes 1990, section 273.11, is amended by adding a subdivision to read:

Subd. 11. [LOW-INCOME HOUSING.] In addition to the normal market value determination, a special market value for properties classified pursuant to section 273.13, subdivision 25, paragraph (c), which have applied for treatment under this subdivision, shall be determined by capitalizing the net operating income derived from actual restricted rents and standardized expenses which are from time to time determined by the housing finance agency for like projects. Net operating incomes must be greater than zero. The special market value shall be used to compute the taxes owing only on that portion of the structure occupied by low-income, elderly, or handicapped persons or low- and moderate-income families as defined in the applicable laws. Management of properties valued under this subdivision must demonstrate annually to the assessor that tax savings realized by use of this method of valuation have inured to the tenants, with not less than 70 percent of such tax savings to be used for reduced rents, improved maintenance, capital improvements, or capital reserves. Capital reserves must be in accordance with agreements approved by the governmental regulatory authority. An amount not to exceed 30 percent must be used for other tenant services including, but not limited to, self-sufficiency services, job counseling, and education programs. After the first year, certification that the funds have been spent as required shall be made by an independent auditor performing the financial audit or review on the property as required by the regulatory authority. If the benefit has not inured to the tenants, the property shall be subject to additional property taxes in the amount of triple the difference between the taxes determined in accordance with this

subdivision and the amount it would pay if it were valued according to subdivision 1 and classified according to section 273.13, subdivision 25, paragraph (a) or (b) as appropriate for those years in which the benefit of the tax savings did not inure to the tenants.

Sec. 6. [273.1106] [DELAYED VALUATION OF REHABILITATION IMPROVEMENTS.]

Subdivision 1. [VALUATION INCREASE DELAYED.] Notwithstanding other provisions of law dealing with tax capacity valuation of real property, the tax capacity valuation of a single- or multiple-unit residential building based on the improvements made during rehabilitation of the building may not be increased during the rehabilitation year or any of the five years following the rehabilitation if the building meets the criteria set forth in subdivision 2. After the fifth year following rehabilitation, the building will be valued like other buildings in the same property class in that taxing district.

Subd. 2. [ELIGIBILITY.] To qualify for valuation under subdivision 1, the owner of a building must apply to the assessor before starting a rehabilitation project.

(a) For a residential building located in targeted neighborhoods, the assessor shall approve treatment under subdivision 1 if:

(1) the building is a classified 1a, class 1b, class 4a, or class 4b;

(2) the building is not used as a hotel or motel in which the rental units are used by tenants for rental periods of less than 30 days;

(3) not more than 25 percent of the residential units in the building are subsidized through section 8 of the United States Housing Act of 1937, United States Code, title 42, section 1437(f);

(4) the rehabilitation is completed within one year and before the January 2 assessment date; and

(5) the rehabilitation is limited to the original structure.

(b) For a residential building located outside targeted neighborhoods, the assessor shall approve treatment under subdivision 1 if the building meets the provisions of paragraph (a) and is one of the following:

(1) a single-unit owner occupied building where the owner is eligible, at the time of application, for property tax relief under chapter 290A; or

(2) a multi-unit residential building where at least 50 percent of the owners are eligible as homeowners, at the time of application, for property tax relief under chapter 290A; or

(3) a multi-unit residential rental building where the median rents charged, at the time of application, are no more than 110 percent of the median rental rates for the county where the building is located.

As used in this subdivision, the term "targeted neighborhoods" has the meaning given it in section 469.202, subdivision 1.

Subd. 3. [OTHER INCREASES IN VALUATION.] Any increase in value of a building approved for treatment under subdivision 1 that results from a general rise in value of similar buildings of the same class throughout the taxing district or from improvements made to the building that were not part of the rehabilitation program submitted to the assessor for approval must be added to the assessed valuation of the building.

Subd. 4. [RECORDS.] An assessor who grants the delayed assessment treatment provided in this section shall maintain records of the location and number of the buildings that qualify and the amount of value added by the rehabilitation.

Sec. 7. Minnesota Statutes 1990, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future

development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

If property is owned in joint tenancy or tenancy in common by parents and children who occupy the property for purposes of a homestead, the assessor must not deny homestead treatment in whole or in part because a parent or a child ceases to occupy the property. For purposes of this paragraph, "parents" and "children" include relationships by marriage.

If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have ~~one or both parents~~ a relative shown on the deed as ~~coowners~~ a coowner, the assessor shall allow a full homestead classification and ~~extend full homestead credit~~. ~~This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, grandparent, sibling, uncle, or aunt. The relationship may be by blood or marriage.~~ The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted.

Classification pursuant to this clause is limited to a term of 15 years, or the original term of the financing.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents. Properties described in clauses (1)(ii), (3), and (4) may apply annually to the assessor for valuation under section 273.11, subdivision 1. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. This clause applies only to the property of a nonprofit or limited dividend entity.

Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 225 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Class 4c property classified in this clause also includes the remainder of class 1c resorts;

(b) The terms defined in section 469.174 have the meanings given in that section.

Sec. 10. [297E.01] [WHOLESALE PAINT TAX.]

Subdivision 1. [DEFINITIONS.] For purposes of this section:

(a) "Paint" means a fluid, semifluid, or other material, with a suspension finely divided coloring matter, which changes to a solid film when a layer is applied to a metal, wood, stone, paper, leather, cloth, plastic, or other surface. "Paint" does not include (1) transparent coverings, (2) printing inks or those materials that become a part of the substrate, such as the pigment in a plastic article, or (3) those materials that are bonded to the substrate, such as by electroplating or ceramic glazing.

(b) "Wholesaler" means any person who sells or otherwise furnishes for resale purposes, from a stock maintained inside or outside the state, paint to one or more retailers within the state. "Wholesaler" includes a manufacturer of paint who sells paint directly to retailers.

(c) "Retailer" means a person who sells paint at retail to ultimate users. "Retailer" includes a person who buys paint for redistribution to one or more retail establishments the person owns or with which the person maintains a franchise agreement.

(d) "Commissioner" means the commissioner of revenue.

Subd. 2. [TAX IMPOSED.] There is imposed a tax on the sale of each container of paint by a wholesaler to a retailer in the state. The rate of tax is five cents per gallon or metric equivalent. The liability for the tax is incurred when the paint is delivered by the wholesaler to the retailer, to a common or contract carrier for delivery to the retailer, or when received by the customer's authorized representative at the wholesaler's place of business, regardless of the wholesaler's method of accounting or of the terms of the sale.

Subd. 3. [RETURNS.] The tax imposed by this section is due and payable on or before the 20th day of the month following the month in which the liability for the tax is incurred. Each wholesaler shall file a return monthly with the commissioner stating the total volume of paint the wholesaler has sold that is subject to the tax during the previous month. The commissioner may authorize returns to be filed via magnetic media or electronic data transfer.

Subd. 4. [TAX PERMIT.] Every wholesaler must file with the commissioner of revenue an application, on a form the commissioner prescribes, for a paint tax identification number and paint tax permit. A permit is not assignable and is valid only for the wholesaler in whose name it is issued.

Subd. 5. [RECORDS.] A wholesaler must keep at each licensed

place of business complete and accurate records for that place of business, including itemized invoices of all paint held, purchased, manufactured, or brought in or caused to be brought in from outside the state, and all sales of paint. Books, records, and other papers and documents must be kept for a period of at least three years after the date of the documents, or the date of entries appearing in the records, unless the commissioner authorizes in writing their destruction or disposal at an earlier date. At any time during usual business hours, the commissioner or the commissioner's authorized agents may enter a wholesaler's place of business and inspect the premises and the records required to be kept under this section, to determine whether the provisions of this chapter are being fully complied with. If the commissioner or any of the commissioner's agents are denied free access to, or are hindered or interfered with in making an inspection of, a wholesaler's place of business, the commissioner may revoke the wholesaler's permit.

Subd. 6. [SUSPENSION, REVOCATION.] The commissioner, after giving notice, may for reasonable cause revoke or suspend a permit issued to a wholesaler under this section. The notice must be sent to the distributor at least 15 days before the effective date of the proposed suspension or revocation. The notice must give the reason for the proposed action and must direct the wholesaler to show cause why the proposed action should not be taken. The notice may be served personally or by mail. A suspension or revocation is a contested case under sections 14.57 to 14.69.

Subd. 7. [REFUND.] The commissioner shall allow a refund of tax paid under this section of (1) tax paid on a container, or case of containers, of paint that is returned to a wholesaler by a retailer, and the container or case is subsequently returned by the wholesaler to the manufacturer, and (2) tax paid in excess of the amount owed. The amounts necessary to make the refunds are appropriated to the commissioner from the lead abatement fund.

Subd. 8. [COLLECTION; CIVIL PENALTIES.] The provisions of chapter 297A relating to the commissioner's authority to audit, assess, and collect the tax imposed by that chapter apply to the tax, penalty, and interest imposed by this section. The commissioner shall impose civil penalties for violation of this section as provided in section 289A.60, and the additional tax and penalties are subject to interest at the rate provided in section 270.75.

Subd. 9. [RULES.] The commissioner may adopt rules, including emergency rules, for the administration and enforcement of this chapter.

Subd. 10. [PERSONAL DEBT.] The tax imposed by this section, including penalties and interest thereon, is a personal debt of the person required to file a return from the time the liability for the tax arises, without regard to when the time for payment of the liability

occurs. The debt is, in the case of the executor or administrator of the estate or a decedent and in the case of a fiduciary, that of the person in the person's official or fiduciary capacity only unless the person has voluntarily distributed the assets held in that capacity without reserving sufficient assets to pay the tax, interest, and penalties, in which event the person is personally liable for any deficiency.

Subd. 11. [DEPOSIT OF FUNDS.] All revenues received under this chapter must be paid to the state treasurer for deposit in the lead abatement fund.

Sec. 11. [297E.02] [TAX STAMP.]

Subdivision 1. [STAMPS AFFIXED.] Payment of the tax imposed in section 10 must be evidenced by stamps affixed to each container of paint subject to the tax. Before delivering any container of taxable paint to a retailer, a wholesaler must affix to the container a stamp evidencing tax paid. The commissioner may require, in the case of paint shipped into the state from outside the state, that the stamp be affixed to the container at the time the container enters the state. The commissioner may by rule provide for the furnishing of stamps and for the time and manner of affixing them.

Subd. 2. [DESIGN, PRINTING.] The commissioner shall adopt the design of the stamps and shall arrange for the printing of the stamps in such amounts and denominations as the commissioner deems necessary. The commissioner shall make the stamps available to all persons liable for the tax imposed under section 10, and may impose a charge therefor.

Subd. 3. [RESALE PROHIBITED.] No wholesaler may sell or transfer any stamps obtained from the commissioner. A wholesaler who has stamps on hand at the time of discontinuing business may return the stamps to the commissioner and receive a refund of the amount paid for the stamps. The commissioner may by rule provide for the replacement of stamps that have become unusable.

Sec. 12. [297E.03] [VIOLATIONS.] It is a gross misdemeanor for any person to:

(1) possess, with intent to evade the tax, paint on which the tax imposed by section 10 has not been paid;

(2) make a false statement on any return or other document filed with the commissioner under this chapter;

(3) fail to keep, or to falsify, a record required to be kept under this chapter; or

(4) counterfeit, forge, or alter a stamp designed under section 11, or have in possession such a counterfeited, forged, or altered stamp.

Sec. 13. [297E.04] [FUND CREATED.]

Subdivision 1. [FUND ESTABLISHED.] A lead abatement fund is created in the state treasury. The fund consists of all revenue deposited in the fund under section 115C.081, all other money made available to the fund by law, and all interest thereon.

Subd. 2. [USES OF FUND.] Money in the lead abatement fund may be appropriated by law for:

(1) lead abatement programs administered by the Minnesota housing finance agency; and

(2) lead abatement programs administered by the commissioner of health.

Sec. 14. Minnesota Statutes 1990, section 469.176, subdivision 4f, is amended to read:

Subd. 4f. H. F. No. 813, A bill for an act relating to pensions and retirement; recodifying, correcting, and amending certain laws relating to the Minneapolis police relief association; proposing coding for new law as Minnesota Statutes, chapter 423B.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. Laws 1953, chapter 127, section 1, is amended by adding a subdivision to read:

Subd. 2b. [SURVIVING SPOUSE MEMBER.] “Surviving spouse member” means the person who was the legally married spouse of the member, residing with the decedent, and who was married while or prior to the time the decedent was on the payroll of the police department, and who, in case the deceased member was a pensioner or deferred pensioner, was legally married to the member at least one year before the decedent’s retirement from the police department. The term does not include the surviving spouse who has deserted a member or who has not been dependent upon the member for support, nor does it include the surviving common law spouse of a member.

Sec. 2. Laws 1965, chapter 493, section 3, as amended by Laws 1983, chapter 88, section 5, is amended to read:

Sec. 3. [INCORPORATION, GOVERNMENT BY BOARD.]

Subdivision 1. [MEMBERS, TERMS, ELECTIONS.] The association shall become incorporated. It shall be governed by a board of nine members. The mayor, chief of police, and city comptroller/treasurer of the city shall be ex officio members of the board. The Minneapolis city council shall appoint two persons to serve as members. Those members shall be appointed for a term of two years. All city appointments will be effective from January 1 in the odd-numbered years through December 31 in the even-numbered years. The other members of the board shall be elected by the members of the association. Those elected to the first board shall be elected for terms of one, two, three, four, five years respectively; thereafter election shall be for a term of five years. Each elective member of the board shall hold office until his successor is elected and has qualified. Any vacancy in the office of an elective member of the board shall be filled by a special election called for that purpose. Any member so elected shall hold office for the balance of the term for which his predecessor was elected. Those members of the board shall continue to serve their present terms as provided by this

section and the articles of incorporation and bylaws of the association. In 1983, the retired members shall separately from among themselves elect one member to serve on the board to serve a three-year term. This position shall continue to be filled by a retired member as in the same manner as provided for other elective members of the board; however, the election of this position shall be held every three years. In the years 1987, 1991, 1995, and 1999 when elections are held for board members, those board positions held by active members shall end and those board positions shall be filled by retired members from an election conducted amongst only the retired members, the term of office for those positions will be three years.

Beginning in 1991, the surviving spouse members of the relief association must elect from among themselves one surviving spouse member to serve as a member of the board for a three-year term. With the exception of a three-year term, the provisions of this section applicable to elective members of the board must govern the manner in which this position will be filled.

In the other years when elections are held to fill a board position of an active member only active members will vote. As long as there remains at least one active member on active duty with the Minneapolis police department, there shall be a member of the board of directors from the active ranks in accordance with the election procedures outlined in this section. The affairs of the association shall be regulated by its articles of incorporation and bylaws.

Subd. 2. [CONTINUATION OF BOARD.] Notwithstanding the provisions of Minnesota Statutes, section 423A.01, subdivision 2, or any other law, the board of trustees and its successors established pursuant to subdivision 1 shall continue to govern the association until there are no more than 100 members of the police pension fund. The fund must thereafter become a trust fund in accordance with Minnesota Statutes, section 423A.01, subdivision 2.

Sec. 3. Laws 1949, chapter 406, section 6, subdivision 3, as amended by Laws 1953, chapter 127, section 6; Laws 1965, chapter 493, section 3; and Laws 1983, chapter 88, section 11, is amended to read:

Subd. 3. [DISABLED MEMBERS.] Any active member who becomes disabled from performing his duties as a member of the police department of the city by reason of sickness or accident, if off the payroll of the police department, having exhausted all accumulated vacation, overtime, and sick leave credits due him, is entitled to receive from the association during his disability such benefits as the bylaws of the association provide, but such benefits shall not extend beyond a six-months period except when an active member is disabled because of an injury sustained while on duty. Such benefits

may extend for an indefinite time during disability. The bylaws may provide that an active member shall have completed a minimum number of years of service in order to be entitled to such benefits. Before any such benefits shall be paid or allowed, notice of the disability and application for benefits on account thereof shall be made to the secretary of the association within 90 days after such sickness or disability.

The bylaws may provide that such active member's periods of disability up to one year may be included in computing the member's total years of service for pension purposes.

Sec. 4. Laws 1949, chapter 406, section 4, subdivisions 2 and 3, as amended by Laws 1953, chapter 127, section 4; Laws 1965, chapter 534, section 1; Laws 1967, chapter 825, section 1; Laws 1969, chapter 258, section 1; Laws 1973, chapter 272, section 1; Laws 1975, chapter 428, section 1; Laws 1983, chapter 88, section 7; and Laws 1987, chapter 372, article 2, section 6, is amended to read:

The policemen's pension fund shall be used only for the payment of:

(a) Service, disability or dependency pensions;

(b) Salaries of the secretary of the association in an amount not to exceed 30 percent of the base salary of a top-grade patrolman ~~and~~ of the president of the association in an amount not to exceed ten percent of the base salary of a top-grade patrolman, and of the other elected members of the board of trustees in an amount not to exceed three units;

(c) Expenses of officers and employees of the association in connection with the protection of the fund;

(d) All expenses of operating and maintaining the association;

(e) Hospital and medical insurance for pensioners who have completed 20 years or more of service or permanent disabilitants and surviving spouses of deceased active members, disabilitants, or service pensioners who have completed 20 years or more of service of one unit per month, such one unit to be added to the pension otherwise provided for herein; provided that a pensioner or surviving spouse may in writing authorize a deduction from their pension for an insurance plan adopted by the association;

(f) Health and welfare benefits of one unit per month in addition to other benefits for members who retire after July 1, 1980, and have

completed 20 years or more of service or members who are permanent disabilitants; and

(g) Other expenses authorized by law.

“ARTICLE 1

REVISED CHILD SUPPORT GUIDELINES

Section 1. Minnesota Statutes 1990, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the

custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support agreement of the parties if each party is represented by independent counsel, unless the agreement is not in the best interest of justice the child or does not meet the conditions of paragraph (e). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom.

The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
\$400 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

\$501 – 550	15%	18%	21%	24%	26%	28%	30%

\$1001 – 4000	25%	30%	35%	39%	43%	47%	50%

Guidelines for support for an obligor with a monthly income of \$4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of \$4,000.

Net Income defined as:

Total monthly income less	*(i) Federal Income Tax
	*(ii) State Income Tax
	(iii) Social Security Deductions
	(iv) Reasonable Pension Deductions
*Standard Deductions apply-use of tax tables recommended	(v) Union Dues
	(vi) Cost of Dependent Health Insurance Coverage
	(vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
	(viii) A Child Support or Maintenance Order that is Currently Being Paid.

“Net income” does not include:

(1) the income of the obligor’s spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor’s living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(a) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(b) the party demonstrates, and the court finds, that:

(i) the excess employment began after the filing of the petition for dissolution;

(ii) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(iii) the excess employment is voluntary and not a condition of employment;

(iv) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(v) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(b);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c).

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines. The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) of this subdivision and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties, each represented by independent counsel, have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines; the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

Sec. 2. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5b. [DETERMINATION OF INCOME.] (a) The parents shall timely serve on all parties and file documentation of earnings. In all cases, the court must receive the documentation of earnings at least ten days prior to the prehearing conference. Documentation of earnings includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of earnings also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as received that provide verification of earnings over a longer period.

(b) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that parent based on credible evidence before the court. This evidence may include documentation of current or recent income, testimony of the other parent concerning recent income levels, and the parent's wage reports filed with the Minnesota department of jobs and training under section 268.121.

Sec. 3. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5c. [CHILD SUPPORT GUIDELINES TO BE REVIEWED EVERY FOUR YEARS.] No later than 1994 and every four years after that, the department of human services shall conduct a review of the child support guidelines and shall present findings and recommendations from its review to the legislature.

Sec. 4. Minnesota Statutes 1990, section 518.64, is amended to read:

518.64 [MODIFICATION OF ORDERS OR DECREES.]

Subdivision 1. After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on ~~petition~~ motion of either of the parties or on ~~petition~~ motion of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided.

Subd. 2. [MODIFICATION.] (a) The terms of a ~~decree~~ an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

~~(1) shall take into consideration apply the needs of the children~~
child support guidelines in section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if payments are made through the public authority responsible for child support enforcement. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability ~~or~~, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead,

provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

Subd. 3. Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

Subd. 4. Unless otherwise agreed in writing or expressly provided in the ~~decree order~~, provisions for the support of a child are terminated by emancipation of the child but not by the death of a parent obligated to support the child. When a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump sum payment, to the extent just and appropriate in the circumstances.

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order ~~pursuant to this section or section 256.87 for support or maintenance~~. This subdivision does not exempt a financial intermediary from civil penalties imposed under section 45.027.

Sec. 3. Minnesota Statutes 1990, section 48.512, is amended by adding a subdivision to read:

Subd. 8. [CHECK LABELING.] A person providing printed checks for a transaction account shall print the month and year that the original order was received or the month and year that appears on the facsimile of the check from which the new checks are produced, unless the applicant has an existing account in good standing or a previous account in good standing within the past five years that was voluntarily closed. This subdivision no longer applies after the account has been open and in good standing for one year.

Sec. 4. Minnesota Statutes 1990, section 48.512, is amended by adding a subdivision to read:

Subd. 9. [RULES AFFECTING CHECKING ACCOUNTS; OTHER FINANCIAL INFORMATION.] The commissioner of commerce may exercise the powers authorized under section 45.027 if the commissioner has reason to believe that a financial intermediary or drawer has failed to:

For purposes of this section, "financial intermediary" has the meaning given in section 48.512, subdivision 1.

Sec. 7. Minnesota Statutes 1990, section 332.50, subdivision 2, is amended to read:

Subd. 2. [ACTS CONSTITUTING.] (a) Whoever issues any check that is dishonored and is not paid within 30 days after mailing a notice of dishonor that includes a citation to this section and section 609.535, and a description of the penalties contained in these sections, in compliance with subdivision 3, is liable to the holder for: (1) the amount of the check, plus a civil penalty of up to \$100, or up to 100 percent of the value of the check, whichever is greater; (2) interest at the rate payable on judgments pursuant to section 549.09 on the face amount of the check from the date of dishonor; and (3) reasonable attorney fees if the amount of the check is over \$1,250.

(b) Before bringing an action, a payee may make a written demand for payment for the liability imposed by paragraph (a) by sending a copy of this section and a description of the liability contained in this section to the issuer's last known address.

(d) A service charge not exceeding \$15 may be imposed immediately on any dishonored check, regardless of mailing a notice of dishonor, if written notice of the service charge was conspicuously displayed on the premises when the check was issued. The service charge may not exceed \$20, except that if the payee uses the services

of a law enforcement agency to obtain payment of a dishonored check, a service charge of up to \$25 may be imposed. A payee may impose only one service charge under this paragraph for each dishonored check.

(e) This subdivision prevails over any provision of law limiting, prohibiting, or otherwise regulating service charges authorized by this subdivision, but does not nullify charges for dishonored checks, which do not exceed \$15 the charges in paragraph (d) or the actual cost of collection, but in no case more than \$30, or terms or conditions for imposing the charges which have been agreed to by the parties to an express contract.

(b) This subdivision applies to the following information relating to the drawer's account:

The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation. The court also may refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (a).

(f) If the court finds that the respondent has violated an order for protection issued under subdivision 6 and that the order has expired between the time of the violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's violation of the prior order.

Subdivision 1. [DEVELOPMENT OF PROGRAM.] The authority shall develop an agricultural development bond beginning farmer and agricultural business enterprise loan program to facilitate the acquisition of agricultural land and improvements and depreciable

The authority shall exercise the powers granted to it in this chapter in order to fulfill the goal of providing financial assistance to beginning farmers and agricultural business enterprises in the acquisition of agricultural land, agricultural improvements, depreciable agricultural property, and real and personal property for an agricultural business enterprise. The authority may participate in and cooperate with programs of the farmers home administration, federal land bank, or any other agency or instrumentality of the federal government or with any program of any other state agency in the administration of the agricultural development bond beginning farmer and agricultural business enterprise loan program and in the making or purchasing of mortgage or secured loans under this chapter.

Subd. 2. (1) make mortgage loans to qualified beginning farmers for the acquisition of agricultural land, agricultural improvements, depreciable agricultural property, and real and personal property for an agricultural business enterprise. Each mortgage loan made by the authority under this program and all collateral securing the loan shall be assigned to the individual investor or agricultural lender originating the loan as the sole security for the authorities bond.

(2) enter into contracts to purchase agricultural land, agricultural improvements, depreciable agricultural property, and real and

personal property for an agricultural business enterprise from individuals or agricultural lenders on behalf of a beginning farmer or agricultural business enterprise. The authority may provide by rule the grounds for permitted assumptions of mortgages and contracts or for the leasing, sale, or other conveyance of any interest in the agricultural land or improvements or real or personal property of an agricultural business enterprise. However, the authority shall provide and state in its mortgages and contracts that the interest rate of the loan or contracts shall increase to the then prevailing market rate if the mortgage or contract is assumed by anyone other than a qualified beginning farmer or agricultural business enterprise. This subdivision controls with respect to a mortgage loan or contract made under this program, notwithstanding other law.

Sec. 11. [41C.06] [LOAN ALLOCATION.]

Not more than 25 percent of the total bond allocation available for beginning farmer and agricultural business enterprise loans may be

used for agricultural business enterprise loans. However, any portion of the bond allocation that remains unencumbered on November 1 of each year may be made available for agricultural business enterprise loans.

Sec. 12. [41C.07] [BONDS.]

Subdivision 1. [AUTHORITY.] The authority may issue its negotiable bonds in principal amounts which, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its corporate purposes, the payment of interest on its bonds, the establishment of reserves to secure its bonds, and all other expenditures of the authority incident to and necessary or convenient to carry out its purposes and powers. The bonds are investment securities and negotiable instruments within the meaning of and for all purposes of the Uniform Commercial Code.

Subd. 2. [PAYMENT OF BONDS.] Bonds are payable solely and only out of the money, assets, or revenues of the authority and as provided in the agreement with bondholders pledging any particular money, assets, or revenues. Bonds are not an obligation of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limitations, but are special obligations of the authority payable solely and only from the sources provided in this chapter, and the authority shall not pledge the credit or taxing power of this state or any political subdivision of this state other than the authority or make its debts payable out of any money except that of the authority.

Subd. 3. [RESOLUTION OF AUTHORITY.] Bonds must be authorized by a resolution of the authority. However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.

Subd. 4. [REQUIREMENTS.] Bonds must:

(1) state the date and series of the issue, be consecutively numbered and state on their face that they are payable both as to principal and interest solely out of the assets of the authority and do not constitute an indebtedness of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limit; and

(2) be either registered, registered as to principal only, issued in denominations as the authority prescribes, fully negotiable instruments under the laws of this state, signed on behalf of the authority with the manual or facsimile signature of the chair or vice-chair, attested by the manual or facsimile signature of the secretary, have impressed or imprinted on them the seal of the authority or a

facsimile of it, be payable as to interest at rates and at times as the authority determines, be payable as to principal at times over a period not to exceed 50 years from the date of issuance, at places and with reserved rights of prior redemption as the authority prescribes, be sold at prices, at public or private sale, and in a manner as the authority prescribes, and the authority may pay all expenses, premiums, and commissions that it considers necessary or advantageous in connection with the issuance and sale, and be issued under and subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter, as are found to be necessary by the authority for the most advantageous sale.

Subd. 5. [REFUNDING.] The authority may issue its bonds for the purpose of refunding any bonds of the authority then outstanding, including the payment of any redemption premiums and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this chapter. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the authority for use by it in any lawful manner. All refunding bonds shall be issued and secured and are subject to the provisions of this chapter in the same manner and to the same extent as other bonds.

Subd. 6. [ANTICIPATION NOTES.] The authority may issue negotiable bond anticipation notes and may renew them from time to time, but the maximum maturity of the notes, including renewals, must not exceed ten years from the date of issue of the original notes. Notes are payable from any available money of the authority not otherwise pledged or from the proceeds of the sale of bonds in anticipation of which the notes were issued. Notes may be issued for any corporate purpose of the authority. Notes must be issued in the same manner as bonds and notes and the resolution authorizing them may contain any provisions, conditions, or limitations, not inconsistent with the provisions of this subdivision, which the bonds or a bond resolution of the authority may contain. Notes may be sold at public or private sale. In case of default on its notes or violation of any obligations of the authority to the noteholders, the noteholders have all the remedies provided in this chapter for bondholders. Notes are as fully negotiable as bonds of authority.

Subd. 7. [FILING.] A copy of each pledge agreement by or to the

authority, including without limitation each bond resolution, indenture of trust or similar agreement, or any revisions or supplements to it must be filed with the secretary of state and no further filing or other action under article 9 of the Uniform Commercial Code or any other law of the state is required to perfect the security interest in the collateral or any additions to it or substitutions for it and the lien and trust so created are binding from and after the time made against all parties having claims of any kind in tort, contract, or otherwise against the pledgor.

Subd. 8. [PERSONAL LIABILITY LIMITED.] Members of the authority and any person executing its bonds are not liable personally on the bonds or subject to personal liability or accountability by reason of the issuance of the authority's bonds.

Subd. 9. [NOTICE.] The authority shall publish a notice of intention to issue bonds in a newspaper published and of general circulation in the state. The notice shall include a statement of the maximum amount of bonds proposed to be issued and, in general, what net revenues will be pledged to pay the bonds and interest on them. An action may not be brought questioning the legality of the bonds or the power of the authority to issue the bonds or the legality of any proceedings in connection with the authorization or issuance of the bonds after 60 days from the date of publication of the notice.

Sec. 13. [41C.08] [RESERVE FUNDS AND APPROPRIATIONS.]

Subdivision 1. [AUTHORITY.] The authority may create and establish one or more special funds, each to be known as a "bond reserve fund" and shall pay into each bond reserve fund any money appropriated and made available by the state for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the resolutions of the authority authorizing their issuance, and any other money that is available to the authority for the purpose of the fund from any other sources. Money held in a bond reserve fund, except as otherwise provided in this chapter, must be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

Subd. 2. [WITHDRAWALS.] Money in a bond reserve fund may not be withdrawn from it in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other money of the authority is not available. Any income or interest earned by, or incremental to, a

bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

Subd. 3. [ISSUANCE OF SECURED BONDS.] The authority may not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund will not be less than the bond reserve fund requirement for the fund. For the purposes of this section, the term "bond reserve fund requirement" means, as of any particular date of computation, an amount of money required to be on deposit therein in the bond reserve fund, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established.

Subd. 4. [MAINTENANCE OF LEVELS.] To assure the continued operation and solvency of the authority for the carrying out of its corporate purposes, provision is made in subdivision 1 for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the chair of the authority shall, on or before July 1 of each calendar year, make and deliver to the governor a certificate stating the sum, if any, required to restore each bond reserve fund to its bond reserve fund requirement. Within 30 days after the beginning of the session of the legislature next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including any sum required to restore each bond reserve fund to its bond reserve fund requirement. Sums appropriated by the legislature and paid to the authority under this section must be deposited by the authority in the applicable bond reserve fund.

Subd. 5. [REPAYMENT.] Amounts paid over to the authority by the state under this section constitute and must be accounted for as advances by the state to the authority and, subject to the rights of the holders of any bonds of the authority, must be repaid to the state without interest from all available operating revenues of the authority in excess of amounts required for the payment of bonds, the bond reserve fund, and operating expenses.

Subd. 6. [ANNUAL REPORT.] The authority shall cause to be delivered to the finance committees in the legislature within 90 days of the close of its fiscal year its annual report certified by an independent certified public accountant, who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority selected by the authority. In the event that the principal amount of any bonds deposited in a bond

reserve fund is withdrawn for payment of principal or interest thereby reducing the amount of that fund to less than the bond reserve fund requirement, the authority shall immediately notify the legislature of this event and take steps to restore the fund to its bond reserve fund requirement from any amounts available, other than principal of a bond issue, that are not pledged to the payment of other bonds.

Sec. 14. [41C.09] [REMEDIES OF BONDHOLDERS.]

Subdivision 1. [DEFAULT.] If the authority defaults in the payment of principal or interest on an issue of bonds at maturity or upon call for redemption and the default continues for a period of 30 days or if the authority fails or refuses to comply with the provisions of this chapter, or defaults in an agreement made with the holders of an issue of bonds, the holders of 25 percent in aggregate principal amount of bonds of the issue then outstanding, by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of the bonds for the purposes provided in this section.

Subd. 2. [ACTIONS.] The authority or any trustee appointed under the indenture under which the bonds are issued may, but upon written request of the holders of 25 percent in aggregate principal amount of the issue of bonds then outstanding shall:

(1) enforce all rights of the bondholders including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter;

(2) bring suit upon the bonds;

(3) by action require the authority to account as if it were the trustee of an express trust for the holders;

(4) by action enjoin any acts or things which are unlawful or in violation of the rights of the holders; and

(5) declare all the bonds due and payable and, if all defaults are made good, with the consent of the holders of 25 percent of the aggregate principal amount of the issue of bonds then outstanding, annul the declaration and its consequences.

Subd. 3. [TRUSTEE'S POWERS.] The trustees may exercise functions specifically set forth or incident to the general representation of bondholders in the enforcement and protection of their rights.

Subd. 4. [NOTICE.] Before declaring the principal of bonds due

and payable, the trustee shall first give 30 days' notice in writing to the governor, to the authority, and to the attorney general of the state.

Subd. 5. [JURISDICTION.] The district court has jurisdiction of any action by the trustee on behalf of bondholders. The venue of the action is in the county in which the principal office of the authority is located.

The bondholders may, to the extent provided in the resolution to which the bonds were issued or in its agreement with the authority, enforce any of the remedies in subdivision 2, clauses (1) to (5), or the remedies provided in the proceedings or agreements for and on their own behalf.

Sec. 15. [41C.10] [BONDS AS LEGAL INVESTMENTS.]

Bonds are securities in which public officers, state departments and agencies, political subdivisions, insurance companies, and other persons carrying on an insurance business, banks, trust companies, savings and loan associations, investment companies, and other persons carrying on a banking business, administrators, executors, guardians, conservators, trustees, and other fiduciaries and other persons authorized to invest in bonds or other obligations of this state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also securities which may be deposited with and may be received by public officers, state departments and agencies, and political subdivisions for any purpose for which the deposit of bonds or other obligations of this state is authorized.

Sec. 16. [41C.11] [CONFLICTS OF INTEREST.]

Subdivision 1. [DISCLOSURE; PROHIBITIONS.] If a member or employee of the authority has an interest, either direct or indirect, in a contract to which the authority is or is to be a party or in a mortgage lender requesting a loan from or offering to sell mortgage or secured loans to the authority, the interest must be disclosed to the authority in writing and must be set forth in the minutes of the authority. The member or employee having the interest may not participate in action by the authority with respect to that contract or mortgage lender.

The total base level of appropriations and complement currently assigned to the department of finance for purposes of administering the rural finance authority, under chapter 41B, is transferred to the department of agriculture. This transfer is effective July 1, 1991.

Sec. 17. [41C.12] [APPLICATION AND ORIGINATION FEE; FUND CREATED.]

(a) There is created in the general fund a rural finance authority administrative fund. Proceeds from the application and origination fees assessed by the authority under paragraph (b) must be deposited in the dedicated fund. Beginning July 1, 1993, money in the fund is appropriated as needed to the director of the rural finance authority for administrative costs of the agricultural development bond beginning farmer and agricultural business enterprise loan program.

(b) The authority may impose a reasonable application and origination fee for each loan issued under the beginning farmer and agricultural business enterprise loan program. The fee must be deposited in the rural finance authority administrative fund created in paragraph (a).

Sec. 21. Minnesota Statutes 1990, section 474A.061, subdivision 1, is amended to read:

Subdivision 1. [APPLICATION.] (a) An issuer may apply for an allocation under this section by submitting to the department an application on forms provided by the department, accompanied by (1) a preliminary resolution, (2) a statement of bond counsel that the proposed issue of obligations requires an allocation under this chapter, (3) the type of qualified bonds to be issued, (4) an application deposit in the amount of one percent of the requested allocation before the last Monday in August, or in the amount of two percent of the requested allocation on or after the last Monday in August, and (5) a public purpose scoring worksheet for ~~small issue manufacturing project applications~~. Proposed projects that receive 50 points or more are eligible for all of the proposed allocation. Proposed projects that receive less than 50 points are eligible to receive a proportionally reduced share of the proposed authority.

If there are two or more applications for manufacturing projects from the ~~manufacturing small issue pool~~ and there is insufficient bonding authority to provide allocations for all projects in any one week after all eligible bonding authority has been transferred as provided in section 474A.081, the available bonding authority shall be awarded by lot unless otherwise agreed to by the respective issuers.

The Minnesota housing finance agency may not apply for an allocation for mortgage bonds under this section until after the last Monday in September. Notwithstanding the restrictions imposed on unified pool allocations after October 1 under subdivision 3, paragraph (c)(2), the Minnesota housing finance agency may be awarded allocations for mortgage bonds from the unified pool after October 1. The Minnesota housing finance agency may apply for and receive an allocation under this section without submitting an application deposit.

- (5) applications for mortgage bonds; and
- (6) applications for governmental bonds.

Allocations for residential rental projects may only be made during the first allocation in September. The amount of allocation provided to an issuer for a specific manufacturing project will be

Proposed manufacturing projects that receive 50 points or more are eligible for all of the proposed allocation. Proposed manufacturing projects that receive less than 50 points under section 474A.045 are only eligible to receive a proportionally reduced share of the proposed authority. If there are two or more applications for manufacturing projects from the unified pool and there is insufficient bonding authority to provide allocations for all manufacturing projects in any one allocation period, the available bonding authority shall be awarded based on the number of points awarded a project under section 474A.045 with those projects receiving the greatest number of points receiving allocation first.

If sufficient bonding authority is not available to reserve the required amounts for both small issue bonds and public facility bonds, seven-eighths of the remaining available bonding authority is reserved for small issue bonds and one-eighth of the remaining available bonding authority is reserved for public facility bonds.

(2) The total amount of allocations for mortgage bonds from the housing pool and the unified pool may not exceed:

- (i) \$10,000,000 for any one city; or
- (ii) \$20,000,000 for any number of cities in any one county.

An allocation for mortgage bonds may be used for mortgage credit certificates.

After October 1, allocations shall be awarded from the unified pool only for the following types of qualified bonds: small issue bonds, public facility bonds, and residential rental project bonds.

(d) If there is insufficient bonding authority to fund all projects within any qualified bond category, allocations shall be awarded by lot unless otherwise agreed to by the respective issuers. If an application is rejected, the commissioner must notify the applicant and return the application deposit to the applicant within 30 days

unless the applicant requests in writing that the application be resubmitted. The granting of an allocation of bonding authority under this section must be evidenced by issuance of a certificate of allocation.

Subd. 4. [MORTGAGE BONDS.] All remaining bonding authority available for allocation under this section on December 1, is allocated to the Minnesota housing finance agency.

Sec. 6. Minnesota Statutes 1990, section 62E.14, is amended by adding a subdivision to read:

Subd. 2b. [ELIGIBILITY BASED ON A PRESUMPTIVE CONDITION.] An employer under section 62E.11, subdivision 2, may enroll an eligible person in the state plan at the time of renewal of the health care coverage for the employer's group if, during the term of the previous coverage, the person has developed a presumptive condition as defined by the association. Alcohol dependency and chemical dependency are not presumptive conditions for the purposes of this subdivision.

Sec. 7. [62J.49] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The definitions in this section apply to sections 7 to 24.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of health.

Subd. 3. [GROUP SPONSOR.] "Group sponsor" means an employer or other entity described in section 62A.10, subdivision 1, as an eligible purchaser of health coverage.

Subd. 4. [HEALTH COVERAGE.] "Health coverage" means a policy or contract providing health and accident protection under chapter 62A, 62C, 62D, or 64B. Health coverage does not include a policy or contract designed primarily to provide coverage on a per diem, fixed annuity, or non-expense-incurred basis, or that provides only accident coverage.

Subd. 5. [HEALTH PLAN COMPANY.] "Health plan company" means any entity operating under chapter 62A, 62C, 62D, or 64B that offers, sells, issues, or renews health coverage in this state. Health plan company does not include an entity that sells only policies designed primarily to provide coverage on a per diem, fixed annuity, or non-expense-incurred basis, or policies that provide only accident coverage.

Subd. 6. [INDIVIDUAL.] "Individual" means an individual or family that applies to a health plan company for coverage on an individual or family basis.

Subd. 7. [LARGE GROUP.] "Large group" means a group of 100 or more employees or members of a group sponsor that applies for or obtains health coverage from a health plan company. Owners of sole proprietorships, partnerships, and other unincorporated entities are employees for purposes of this definition. Dependents of employees or members do not count for purposes of this definition.

Subd. 8. [MEDIUM-SIZED GROUP.] “Medium-sized group” means a group of not fewer than 30 nor more than 99 employees or members of a group sponsor that applies for or obtains health coverage from a health plan company. Owners of sole proprietorships, partnerships, and other unincorporated entities are employees for purposes of this definition. Dependents of employees or members do not count for purposes of this definition.

Subd. 9. [OPTIONAL COVERAGE.] “Optional coverage” means health coverage that supplements the state benefit set.

Subd. 10. [SMALL GROUP.] “Small group” means a group of not fewer than two nor more than 29 employees or members of a group sponsor that applies for or obtains health coverage from a health plan company. Owners of sole proprietorships, partnerships, and other unincorporated entities are employees for purposes of this definition. Dependents of employees or members do not count for purposes of this definition.

Subd. 11. [STATE BENEFIT SET.] “State benefit set” means the benefits provided by the state plan. When the state plan provides the intermediate benefit set, the state benefit set means that set. When the state plan provides the universal basic benefit set, the state benefit set means that benefit set.

Subd. 12. [STATE PLAN.] “State plan” means the Minnesotans’ health care plan.

Sec. 8. [62J.50] [GROUPS; DEFINITIONS.]

The definitions of group size and group sponsor in section 7 are subject to United States Code, title 26, sections 414(b), 414(c), and 414(m), and federal regulations related to those sections, where a group sponsor or sponsors alter, reform, or redefine a group or groups to avoid or to take advantage of community rating. The commissioners of commerce and health have authority to adopt rules supplemental to those federal statutes and regulations to prevent qualification as a large, medium-sized, or small group through the use of separate organizations, multiple organizations, employee leasing, or other arrangements.

Sec. 9. [62J.51] [PROVISION OF COVERAGE.]

No health plan company may deny an application for health coverage submitted to it by an individual, small group, or medium-sized group, if the health plan company offers, sells, issues, or renews health coverage to entities of the same category as the entity that submitted the application.

Sec. 10. [62J.52] [CANCELLATION.]

No health plan company may cancel or fail to renew health coverage that it provides to an individual, small group, or medium-sized group, except for nonpayment of a legally permitted premium or copayment, fraud or misrepresentation, noncompliance with plan provisions, or failure to maintain legally permitted participation requirements.

Sec. 11. [62J.53] [PREEXISTING CONDITIONS.]

No health plan company may deny an application or limit the coverage provided to an individual, small group, or medium-sized group on the basis of the past or present health status of any person. Limitations on coverage include, but are not limited to, waiting periods, excluded or restricted conditions or types of coverage, and similar restrictions. For optional coverage, a health plan company may require a waiting period of up to 12 months for coverage of preexisting conditions. This waiting period may not be used for optional coverage purchased at the time of the applicant's initial enrollment in the state benefit set or when the person's optional coverage is substantially similar to coverage that person had with another health plan company if the coverage was continuously in force.

Sec. 12. [62J.54] [LEVEL COMMISSIONS.]

No health plan company may pay commissions or other compensation to an agent or broker, with respect to the sale of health coverage, unless payment of the commissions is spread evenly over a period of at least five years from the date of purchase of the coverage.

Sec. 13. [62J.55] [COMMUNITY RATING REQUIRED.]

Subdivision 1. [COMMUNITY RATING.] No health plan company may offer, sell, issue, or renew health coverage to any individual or small group, unless the premium charged for the coverage is community rated. If the health plan company participates in the state plan, the community rate charged in the private market for a plan with the same set of benefits must equal the rate charged in the state plan. Health plan companies must use the following rate cells only: (1) one person; (2) a two-person family; and (3) a family of three or more persons, and health plan companies may charge a different rate for each cell.

Subd. 2. [LIMITATIONS.] The community rating may not take into account the age, sex, health status, disability, occupation, geographical location, or any other factors except the following:

(1) actuarially valid differences in benefit levels, assuming average utilization rates. However, the assumed impact of those benefit

levels on utilization may not be considered a valid rate modification factor;

(2) differences in family size, except that family members in excess of three must be disregarded;

(3) actual differences in acquisition and administration costs between individuals as a whole and small groups as a whole; and

(4) premium reductions of no more than four percent for individuals or small groups that engage in activities or practices intended to promote the health of the covered persons.

Subd. 3. [LEGISLATIVE PURPOSE AND INTENT; TRIGGER FOR COMMUNITY RATING FOR INDIVIDUALS.] With respect to individuals, the legislature recognizes that community rating will increase the premiums charged to some individuals. For that reason, community rating shall not be required for individuals unless and until state subsidies sufficient to ameliorate financial hardship are available. As state funding becomes available, the extent of premium variations shall be increasingly restricted and shall evolve over time to community rating.

Sec. 14. [62J.56] [COMPENSATION OF AGENTS.]

Subdivision 1. [COMPENSATION; PRIVATE MARKET.] No health plan company shall, with respect to health coverage provided in the private market:

(1) make the amount of its compensation of an agent, broker, or employee depend in any way, directly or indirectly, upon the loss ratio or any other underwriting performance of health coverage written through the agent, broker, or employee; or

(2) cancel, terminate, or fail to renew an agency, brokerage, or employment contract or arrangement, or reduce or restrict underwriting authority on the basis of the loss ratio, or any other underwriting performance of health coverage written through an agent, broker, or employee.

Subd. 2. [COMPENSATION; STATE PLAN.] No health plan company shall, with respect to health coverage provided through the state plan, pay agent commissions. The commissioner may contract with insurance agents and brokers for outreach and enrollment services to the new state plan for set fees.

Sec. 15. [62J.57] [COMMUNITY RATING; OPEN ENROLLMENT; MEDICARE SUPPLEMENTAL.]

Health plan companies that sell Medicare supplemental coverage

must establish a separate community rate, as described in section 13, for that coverage. The community rate must be the same in the private market as in the state plan, for health plan companies that sell that coverage through the state plan. Health plan companies offering Medicare supplement coverage through either the private market or the state plan, or both, must offer such coverage on an open enrollment basis without requiring health screening or other measures of insurability, to any individual applying for coverage within six months of initial eligibility for Medicare, and to the community for a period of at least one month each year.

Sec. 16. [62J.58] [BIASED SELECTION ADJUSTMENT.]

Subdivision 1. [REPORT.] Each health plan company must annually provide the commissioner of health with a report of the number of males and females that it insured in the individual and small group market for the past calendar year, together with data showing the age distribution of the insureds, separately for males and females. A person insured by that company for only a portion of the year counts on a pro rata basis, based upon the closest whole number of months during which that person was covered. For each age-sex combination, the total cost incurred must be shown. Data must be shown separately for Medicare supplemental coverage and for coverage provided through the state plan and through the private market.

Subd. 2. [ASSESSMENTS AND PAYMENTS.] Each company must pay an assessment or receive a reimbursement, based upon the extent to which that company's age-sex distribution of insureds differs from the statewide average for the entire individual and small group market. The commissioner of health shall adopt rules specifying a procedure including the creation of a formula for determining the amount of the reimbursement or assessment with respect to individual companies. The rules for determining the amounts of reimbursements to and assessments on individual health plan companies must take into account differences in coverage levels, reinsurance pool premiums, and managed care activities that affect costs. Health plan companies whose inefficient managed care activities result in higher costs must not be compensated for those higher costs by this biased selection adjustment. The commissioner shall implement the formula by rule before any health plans are liable for payments under this biased selection adjustment provision.

Subd. 3. [IMPACT ON SMALL EMPLOYERS.] The commissioner shall design the formula in such a way that it does not become a cost burden to small employers who purchase coverage in the private market.

Subd. 4. [TRUST FUND.] Payment of assessments must be made to the commissioner of health care access and maintained in a

separate trust fund, out of which the reimbursements required by this section will be paid. Reimbursements will be made only out of this trust fund and only to the extent of assessments received. Any shortfall in assessment payments received result in pro rata adjustments in reimbursements made to health plan companies, to be compensated for in subsequent years from subsequent assessments.

Sec. 17. [62J.59] [MEDIUM-SIZED GROUPS.]

Each health plan company that offers, sells, issues, or renews health coverage for medium-sized groups in this state must determine a single base community rate for medium-sized groups. The base community rate may be adjusted to reflect differences in benefit levels or other product differences. Each health plan company participating in the medium-sized group market may offer premium rates to particular medium-sized groups that are no more than 30 percent above and no more than 30 percent below that base community rate. These premium differences may be based upon any underwriting criteria permitted by law. No health plan company may increase the premium it charges to a medium-sized group for which it provides coverage if the increase would exceed the increase in that health plan company's base community rate plus 15 percent per year. Each health plan company must provide the commissioner of commerce with a detailed description of its rating methodology, including actuarial justifications for its base community rate and for premiums that deviate from it, except that health plan companies operating under chapter 62D must provide the descriptions and justifications to the commissioner of health.

Sec. 18. [62J.60] [MINIMUM LOSS RATIOS.]

All health coverage sold by health plan companies in this state must have loss ratios no lower than those specified by rule by the commissioner of health for health plan companies operating under chapter 62D and by the commissioner of commerce for all other health plan companies. The minimum loss ratios may differ between the individual, small group, medium-sized group, and large group market.

Sec. 19. [62J.61] [ENFORCEMENT AUTHORITY.]

The commissioner of commerce and commissioner of health have the responsibility and authority to enforce sections 7 to 15, 17, 18, and 24, with respect to the health plan companies that they respectively regulate, and have all of the powers otherwise granted to them by statute for use in carrying out their respective responsibilities under this chapter.

Sec. 20. [62J.62] [REINSURANCE POOL.]

(a) All health plan companies selling health coverage to individuals, small groups, or medium-sized groups in this state, including coverage provided through the state plan, must participate in the Minnesota health reinsurance pool, unless such companies agree to meet the state requirements of community rating and guaranteed issue of coverage at their own financial risk and formally elect not to participate in the reinsurance pool. This election shall be in force for two years after a company elects not to participate. A company electing not to participate in the reinsurance pool must notify the commissioner six months prior to its effective date of nonparticipation. The commissioner of health shall administer this reinsurance pool, which must provide reinsurance to participating health plan companies for:

(1) 85 percent of costs incurred for any case, to the extent that the costs of care exceed \$30,000;

(2) 85 percent of the cost of cases assigned to the reinsurance pool pursuant to section 21; and

(3) 100 percent of that portion of the costs incurred for any case that exceeds \$100,000.

(b) For the purposes of sections 20 to 23, a "case" qualifies for reinsurance coverage if a specific patient receives \$30,000 or more in covered services for a specific cause or spell of illness in a period of 12 or fewer consecutive months. The reinsurance benefit period continues until the end of 12 consecutive months in which the patient receives less than \$10,000 in covered services for that cause or spell of illness.

Sec. 21. [62J.63] [AUTOMATIC ASSIGNMENT.]

For all health plan companies selling health plan coverage to individuals, small groups, or medium-sized groups in this state, including those companies who voluntarily elect not to participate in the overall reinsurance pool described in section 20, all cases that involve a high probability of incurring costs that exceed \$30,000 for a specific cause or spell of illness during a 12-month period shall be called "presumptive conditions." The commissioner of health shall adopt rules specifying a list of presumptive conditions. Persons having presumptive conditions at the time of initial enrollment must be assigned to the reinsurance pool by the commissioner of health upon receipt of a request from the health plan company insuring that person, together with any documentation reasonably required by the commissioner.

Sec. 22. [62J.64] [CASE MANAGEMENT.]

The commissioner of health shall contract for case management

services designed to provide cost-effective treatment of cases assigned to the reinsurance pool.

Sec. 23. [62J.65] [REINSURANCE POOL PREMIUMS.]

Each health plan company participating in the Minnesota health reinsurance pool must pay premiums for the reinsurance coverage in the amounts and at the times specified by the commissioner of health. The reinsurance premiums must be determined on a community-rated basis, except that adjustments must be made to reflect differences in managed care systems. Health plan companies providing only dental care or other limited coverage must be charged reinsurance premiums that reflect the expected cost to the reinsurance pool attributable to that category of limited coverage. Health plan companies which participate only in the automatic assignment reinsurance pool shall have their premiums adjusted accordingly.

Sec. 24. [62J.66] [MINIMUM BENEFIT LEVELS.]

Subdivision 1. [INTERMEDIATE BENEFIT SET; REQUIREMENT.] After the state plan makes its intermediate benefit set available, no health coverage may be sold in the private market to any group having more than five members unless the coverage meets the requirements of a number two qualified plan, as defined in section 62E.06, subdivision 2. During that period, each health plan company that participates in the state plan may sell the intermediate benefit set in the private market to individuals and groups of five or fewer members. Health plan companies that sell the intermediate benefit set must offer optional additional coverage that strengthens the benefits offered under the intermediate benefit set. For benefits that exceed those offered under the intermediate benefit set, health plan companies may apply preexisting condition limitations which extend for no more than two years from the date that a buyer upgrades coverage beyond the intermediate benefit set. Each health plan company must also make available to its current customers on an annual basis the option of upgrading their coverage to a benefit plan which is at least the actuarial equivalent of the intermediate benefit set. The rate offered for such upgrade coverage shall be based on the community rate offered by the health plan company adjusted only to reflect the actuarial value of the benefits.

Subd. 2. [UNIVERSAL BASIC BENEFIT SET; REQUIREMENT.] After the state plan makes its universal basic benefit set available, no health coverage may be sold in the private market to any Minnesota resident unless the coverage provides benefits equal to or greater than the universal basic benefit set.

Subd. 3. [DENTAL AND OTHER LIMITED COVERAGE.] Health plan companies providing dental coverage only may sell the dental care component of the intermediate benefit set and of the universal

basic benefit set without being required to offer the nondental components of the benefit sets.

Sec. 25. Minnesota Statutes 1990, section 363.02, subdivision 1, is amended to read:

Subdivision 1. |EMPLOYMENT.| The provisions of section 363.03, subdivision 1, shall not apply to:

(1) The employment of any individual

(a) by the individual's parent, grandparent, spouse, child, or grandchild, or

(b) in the domestic service of any person;

(2) A religious or fraternal corporation, association, or society, with respect to qualifications based on religion, when religion shall be a bona fide occupational qualification for employment;

(3) The employment of one person in place of another, standing by itself, shall not be evidence of an unfair discriminatory practice;

(4) The operation of a bona fide seniority system which mandates differences in such things as wages, hiring priorities, layoff priorities, vacation credit, and job assignments based on seniority, so long as the operation of the system is not a subterfuge to evade the provisions of this chapter;

(5) With respect to age discrimination, a practice by which a labor organization or employer offers or supplies varying insurance benefits or other fringe benefits to members or employees of differing ages, so long as the cost to the labor organization or employer for the benefits is reasonably equivalent for all members or employees;

(6) A restriction imposed by state statute, home rule charter, ordinance, or civil service rule, and applied uniformly and without exception to all individuals, which establishes a maximum age for entry into employment as a peace officer or firefighter.

(7) Nothing in this chapter concerning age discrimination shall be construed to validate or permit age requirements which have a disproportionate impact on persons of any class otherwise protected by section 363.03, subdivision 1 or 5.

(8) It is not an unfair employment practice for an employer, employment agency, or labor organization:

(i) to require or request a person to undergo physical examination,

which may include a medical history, for the purpose of determining the person's capability to perform available employment, provided

(a) that an offer of employment has been made on condition that the person meets the physical or mental requirements of the job, except that a law enforcement agency filling a peace officer position or part-time peace officer position may require or request an applicant to undergo psychological evaluation before a job offer is made provided that the psychological evaluation is for those job-related abilities set forth by the board of peace officer standards and training for psychological evaluations and is otherwise lawful;

(b) that the examination tests only for essential job-related abilities; and

(c) that the examination except for examinations authorized under chapter 176 is required of all persons conditionally offered employment for the same position regardless of disability; or

(ii) with the consent of the employee, after employment has commenced, to obtain additional medical information for the purposes of assessing continuing ability to perform the job or employee health insurance eligibility; for purposes mandated by local, state, or federal law; for purposes of assessing the need to reasonably accommodate an employee or obtaining information to determine eligibility for the second injury fund under chapter 176; or pursuant to sections 181.950 to 181.957; or other legitimate business reason not otherwise prohibited by law;

(iii) to administer preemployment tests, provided that the tests (a) measure only essential job-related abilities, (b) are required of all applicants for the same position regardless of disability except for tests authorized under chapter 176, and (c) accurately measure the applicant's aptitude, achievement level, or whatever factors they purport to measure rather than reflecting the applicant's impaired sensory, manual, or speaking skills except when those skills are the factors that the tests purport to measure; or

(iv) to limit receipt of benefits payable under a fringe benefit plan for disabilities to that period of time which a licensed physician reasonably determines a person is unable to work; or

(v) to provide special safety considerations for pregnant women involved in tasks which are potentially hazardous to the health of the unborn child, as determined by medical criteria; or

(vi) to enroll an eligible person in the comprehensive health insurance plan if:

(a) in the opinion of the commissioner of commerce, the coverage is similar to health coverage offered to other employees;

(b) due to the person's health status, the employer would otherwise be unable to obtain affordable coverage for other employees; and

(c) the employer: (i) pays the difference between the deductible paid by other employees for the group coverage and the deductible paid by the eligible person for the comprehensive health insurance plan; (ii) pays the difference between the coinsurance paid by other employees under the group health plan and the eligible person under the comprehensive insurance plan; and (iii) the eligible person does not pay more in premium contribution and out-of-pocket maximums for coverage under the state plan than the largest contribution toward premium and out-of-pocket maximums paid by any other employee receiving health care coverage through the same employers.

Thereafter, the teacher's contract shall remain in full force and effect, except as modified by mutual consent of the board and the teacher, until terminated by a majority roll call vote of the full membership of the board prior to April 1 upon one of the grounds specified in subdivision 6 or prior to June 1 upon one of the grounds specified in subdivision 6a or 6b, or until the teacher is discharged pursuant to subdivision 8, or by the written resignation of the teacher submitted prior to April 1; provided, however, that if an agreement as to the terms and conditions of employment for the succeeding school year has not been adopted pursuant to the provisions of sections 179A.01 to 179A.25 prior to March 1, the teacher's right of resignation shall be extended to the 30th calendar day following the adoption of said contract in compliance with section 179A.20, subdivision 5. If no hearing is requested within such period, it shall be deemed acquiescence by the teacher to

Such contract may be terminated at any time by mutual consent of the board and the teacher and this section shall not affect the powers of a board to suspend, discharge, or demote a teacher under and pursuant to other provisions of law.

Subd. 9a. [HEARING AND DETERMINATION BY ARBITRATOR.] A teacher whose termination is proposed under subdivision 4 on grounds specified in subdivision 6, or whose discharge is proposed under subdivision 8 may elect a hearing before an arbitrator instead of the school board. The hearing is governed by this subdivision.

(a) The teacher must make a written request for a hearing before an arbitrator within 14 days after receiving notification of proposed termination on grounds specified in subdivision 6 or within ten days of receiving notification of proposed discharge under subdivision 8. If a request for a hearing does not specify that the hearing be before an arbitrator, it shall be considered to be a request for a hearing before the school board.

(b) The arbitrator must be selected according to the procedure in section 179A.21, subdivision 2, except that the grievance procedure adopted by the commissioner of the bureau of mediation services, under section 179A.04, subdivision 3, clause (h), applies to a teacher not included in an appropriate unit defined in section 179A.03.

(c) The arbitrator shall determine whether just cause exists to support the proposed termination or discharge or, if not, to determine whether a lesser penalty, if any, should be imposed. In making the determination, the arbitration proceeding is governed by sections 572.11 to 572.17 and by the collective bargaining agreement applicable to the teacher.

(d) The hearing may be public or private, at the discretion of the teacher.

(e) The arbitrator's award is final and binding on the parties, subject to sections 572.18 to 572.26.

Subd. 5. [HEARING OF CHARGES AGAINST TEACHER.] The charges against a teacher shall be in writing and signed by the person making the same and then filed with the secretary or clerk of the school board having charge of the school in which the teacher is

If the grounds are those specified in subdivision 4, clause (1), (2), (3), or (4), the notice must also state a teacher may request arbitration under subdivision 10a. Upon such hearing being held such school board or an arbitrator shall hear all evidence that may be adduced in support of the charges and for the teacher's defense thereto. Either party shall have the right to have a written record of the hearing at the expense of the board and to have witnesses subpoenaed and all witnesses so subpoenaed shall be examined under oath. The hearing is governed by this subdivision.

(a) The teacher must make a written request for a hearing before an arbitrator within ten days after receiving a written notice of the filing of charges required by subdivision 5. Failure to request a hearing before an arbitrator during this period is considered acquiescence to a hearing before the board.

(b) The arbitrator must be selected according to the procedure in section 179A.21, subdivision 2, except that the grievance procedure adopted by the commissioner of the bureau of mediation services, under section 179A.04, subdivision 3, clause (h), applies to a teacher not included in an appropriate unit defined in section 179A.03.

(c) The arbitrator shall determine whether the charges against the teacher are based upon just cause and, if so, whether the cause justifies the teacher's discharge, demotion, or a lesser penalty, if any. The arbitration proceeding is governed by sections 572.11 to 572.17 and by the collective bargaining agreement applicable to the teacher.

(d) The hearing may be public or private, at the decision of the teacher.

(e) The arbitrator's decision is final and binding on the parties, subject to sections 572.18 to 572.26.

If the parties cannot agree on the grievance procedure, they are subject to the grievance procedure promulgated by the commissioner under section 179A.04, subdivision 3, clause (h).

(b) Notwithstanding any home rule charter to the contrary, after the probationary period of employment, any disciplinary action, other than the termination of a teacher contract or the discharge of a teacher under section 125.12 or 125.17, is subject to the grievance procedure and compulsory binding arbitration.

(c) Employees covered by civil service systems created under chapter 43A, 44, 375, 387, 419, or 420, by a home rule charter under chapter 410, or by Laws 1941, chapter 423, may pursue a grievance through the procedure established under this section. (d) A teacher who elects a hearing before an arbitrator under section 1, 2, 3, or 4, or who elects or acquiesces to a hearing before the school board may not later proceed in the alternative manner.

(e) This section does not require employers or employee organizations to negotiate on matters other than terms and conditions of employment.

"Section 1. [518.122] [DISCLOSURE OF ASSETS AND LIABILITIES.]

Subdivision 1. [FILING.] When serving the respondent with copies of the summons and petition, the petitioner shall include an assets and liabilities disclosure form, completed to the best of the petitioner's knowledge, and a blank form to be completed by the respondent. The petitioner need not include a completed disclosure form if service is by publication. If a petition requests an expedited hearing for any reason, including allegations of domestic abuse, the petitioner need not submit a completed disclosure form but may instead submit a form within 30 days after serving the petition. When serving the petitioner with an answer, the respondent shall include an assets and liabilities disclosure form, completed to the best of the respondent's knowledge. The respondent shall return a completed disclosure form to the petitioner within the time required for serving an answer, even if the respondent does not serve an answer. The court shall award attorney fees for a motion to compel compliance with this subdivision. Notwithstanding any contrary provision in the rules of civil procedure, return of the completed disclosure form does not constitute making an appearance in the case. The disclosure shall be in the form of an affidavit and may be obtained from the court administrator. The assets and liabilities disclosed by each party shall be those in existence at the time of service of the petition. The completion of a disclosure form pursuant to this section does not preclude further discovery by either party.

Subd. 2. [SANCTIONS.] If a party intentionally fails to serve a disclosure form on the other party, knowingly makes misrepresentations in a disclosure form, or knowingly omits information from a disclosure form, the court shall award attorney fees for a motion to compel compliance for any delay or inconvenience. If, after the entry

of an order for support or maintenance, or denying support or maintenance, a party learns that the other party made a misrepresentation or omission in that party's disclosure form, whether knowingly or by mistake, inadvertence, or excusable neglect, which had a material effect on the marital property, nonmarital property, or liabilities considered by the court it is grounds for modifying an order for maintenance or child support.

Subd. 3. [PREPARATION OF A FORM.] The form required to be filed pursuant to subdivision 1 shall be developed by the supreme court. The form shall provide for a party to a marriage dissolution to disclose all income as defined in section 518.54, subdivision 6, and list all assets, including both marital property and nonmarital property as defined in section 518.54, subdivision 5. In the case of nonmarital property, a party shall list both property owned solely by that party and property in which the party has any form of joint ownership with another person. The form shall also provide for a party to disclose all financial liabilities, whether they are the sole liability of that party, liabilities jointly incurred with the other party, or liabilities jointly incurred with any other person. The form shall also provide for a party to list all basic living expenses. The form shall include authorization by a party for any pension fund in which the party participates to release information about the party's benefits to the other party. The supreme court may determine the design of the disclosure form, including the desirability of preparing a basic form with supplemental schedules for particular kinds of assets and liabilities.

Sec. 2. [518.146] [SEALING RECORDS.]

If the court finds that a party to a marriage, without consent of the other party, has in contemplation of commencing, or during the pendency of, the current dissolution, separation, or annulment proceeding, transferred, encumbered, concealed, or disposed of marital assets except in the usual course of business or for the necessities of life, the court shall compensate the other party by placing both parties in the same position that they would have been in had the transfer, encumbrance, concealment, or disposal not occurred. The burden of proof under this subdivision is on the party claiming that the other party transferred, encumbered, concealed, or disposed of marital assets in contemplation of commencing or during the pendency of the current dissolution, separation, or annulment proceeding, without consent of the claiming party, and that the transfer, encumbrance, concealment, or disposal was not in the usual course of business or for the necessities of life. An order that provides for a cost-of-living adjustment shall specify the cost-of-living index to be applied and the date on which the cost-of-living adjustment shall become effective. The court may use the consumer price index for all urban consumers, Minneapolis-St. Paul (CPI-U), the consumer price index for wage earners and clerical, Minneapolis-St. Paul (CPI-W), or another cost-of-living index published by the department of labor which it specifically finds is more appropriate. ~~The court may specify that the housing component be excluded from the cost-of-living adjustment.~~ Cost-of-living increases under this section shall be compounded. The court may also increase the amount by more than the cost-of-living adjustment by agreement of the parties or by making further findings. The adjustment becomes effective on the first of May of the year in which it is made, for cases in which payment is made to the public authority. For cases in which payment is not made to the public authority, application for an adjustment may be made in any month but no application for an adjustment may be made sooner than two years after the date of the dissolution decree. A court may waive the requirement of the cost-of-living clause if it expressly finds that the obligor’s occupation or income, or both, does not provide for cost-of-living adjustment or that the order for maintenance or child support has a provision such as a step increase that has the effect of a cost-of-living clause. The court may waive a cost-of-living adjustment in a maintenance order if the parties so agree in writing. The commissioner of human services may promulgate rules for child support adjustments under this section in accordance with the rulemaking provisions of chapter 14.

Sec. 11. Minnesota Statutes 1990, section 518.641, subdivision 2, is amended to read:

Subd. 2. [CONDITIONS.] No adjustment under this section may be made unless the order provides for it and until the following conditions are met:

The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the screening process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether or not these services are available and accessible to the child and family.

Screening shall be in compliance with section 256F.07 or 257.071, whichever applies. Wherever possible, the parent shall be consulted in the screening process, unless clinically inappropriate.

The screening process, and placement decision, and recommendations for mental health services must be documented in the child's record.

plates and the color of the abbreviation of the state name and the number assigned shall be in marked contrast. The plates shall be lettered, spaced, or distinguished to suitably indicate the registration of the vehicle according to the rules of the registrar, and when a vehicle is registered on the basis of total gross weight, the plates issued shall clearly indicate by letters or other suitable insignia the maximum gross weight for which the tax has been paid. These number plates shall be so treated as to be at least 100 times brighter than the conventional painted number plates. When properly mounted on an unlighted vehicle, these number plates, when viewed from a vehicle equipped with standard headlights, shall be visible for a distance of not less than 1,500 feet and readable for a distance of not less than 110 feet. The registrar shall issue these number plates for the following periods:

(2) New number plates issued pursuant to section 168.012, subdivision 1, shall be issued to a vehicle for as long as it is owned by the exempt agency and shall not be transferable from one vehicle to another but may be transferred with the vehicle from one tax exempt agency to another.

(3) Plates issued for passenger automobiles as defined in section 168.011, subdivision 7, shall be issued for a seven-year period. All plates issued under this paragraph must be replaced if they are seven years old or older at the time of annual registration or will become so during the registration period.

Beginning with number plates issued for the year 1981, plates issued for trailers with a total gross weight of 3,000 pounds or less shall be issued for the life of the trailer and shall be not more than seven inches in length and four inches in width.

In a year in which plates are not issued, the registrar shall issue for each registration a tab or sticker to designate the year of registration. This tab or sticker shall show the calendar year or years for which issued, and is valid only for that period. The number plates, number tabs, or stickers issued for a motor vehicle may not be transferred to another motor vehicle during the period for which it is issued.

Notwithstanding any other provision of this subdivision, number plates issued to a vehicle which is used for behind-the-wheel instruction in a driver education course in a public school may be

transferred to another vehicle used for the same purpose without payment of any additional fee. The registrar shall be notified of each transfer of number plates under this paragraph and may prescribe a form for notification.

Sec. 8. Minnesota Statutes 1990, section 168.12, subdivision 2a, is amended to read:

Subd. 2a. [PERSONALIZED LICENSE PLATES.] Personalized license plates must be issued to an applicant for registration of a passenger automobile, including a passenger automobile registered as a classic car, pioneer car, collector car, or street rod; van; pickup truck; motorcycle, including a classic motorcycle; or self-propelled recreational vehicle, upon compliance with the laws of this state relating to registration of the vehicle and upon payment of a one-time fee of \$100. The fee is in addition to the registration tax required by law for the vehicle, except in the case of classic cars, pioneer cars, collector cars, street rods, and classic motorcycles. The registrar shall designate a replacement fee for personalized license plates that is calculated to cover the cost of replacement. This fee must be paid by the applicant whenever the personalized license plates are required to be replaced by law. In lieu of the numbers assigned as provided in subdivision 1, personalized license plates must have imprinted on them a series of not more than seven numbers and letters in any combination. When an applicant has once obtained personalized plates, the applicant shall have a prior claim for similar personalized plates in the next succeeding year that plates are issued if application is made for them at least 30 days before the first date that registration can be renewed. The commissioner of public safety shall adopt rules in the manner provided by chapter 14, regulating the issuance and transfer of personalized license plates. No words or combination of letters placed on personalized license plates may be used for commercial advertising, be of an obscene, indecent, or immoral nature, or be of a nature that would offend public morals or decency. The call signals or letters of a radio or television station are not commercial advertising for the purposes of this subdivision.

Notwithstanding the provisions of subdivision 1, personalized license plates issued under this subdivision may be transferred to another motor vehicle owned or jointly owned by the applicant, upon the payment of a fee of \$5, which must be paid into the state treasury and credited to the highway user tax distribution fund. The registrar may by rule provide a form for notification. A personalized license plate issued for a classic car, pioneer car, collector car, street rod, or classic motorcycle may not be transferred to a vehicle not eligible for such a license plate.

Notwithstanding any law to the contrary, if the personalized license plates are lost, stolen, or destroyed, the applicant may apply and shall receive duplicate license plates bearing the same combi-

The fee for each of the first four plates is \$75 per calendar year, of which \$60 must be paid to the registrar and the remaining \$15 is payable as motor vehicle excise tax under section 297B.035. For each additional plate, the dealer shall pay the registrar a fee of \$25 and a motor vehicle excise tax of \$15 annually per calendar year. The registrar shall deposit the tax in the state treasury and it shall be credited as provided in section 297B.09. Motor vehicles, new or used, owned by the motor vehicle dealer and bearing the number plate, except vehicles leased to the user who is not an employee of the dealer during the term of the lease, held for hire, or customarily used by the dealer as a tow truck, service truck, or parts pickup truck, may be driven upon the streets and highways of this state:

A general distinguishing number shall be assigned by the registrar to the dealer for that purpose, and the registrar shall then issue to the dealer the number of plates as the dealer may request, upon the payment by the dealer to the registrar of the sum of \$5 per plate per calendar year. The plates shall be known as "in transit" plates. The registrar may issue "in transit" plates, upon the payment of the sum of \$5 to the registrar, to dealers duly licensed in other states or provinces upon information furnished in the manner as the registrar may prescribe, and which satisfies the registrar that persons or companies applying therefor are duly licensed dealers under the laws of the states or provinces.

"Section 1. Minnesota Statutes 1990, section 13.01, is amended by adding a subdivision to read:

Subd. 3. [SCOPE.] This chapter regulates the collection, creation, storage, maintenance, dissemination, and access to government data in state agencies, statewide systems, and political subdivisions. It establishes a presumption that government data are classified as public and are therefore accessible by the public for both inspection and copying unless there is federal law, a state statute, or a temporary classification of data that provides that certain data are not public.

Data on individuals that are not public can be classified as either private, meaning the data are accessible by the individual who is the subject of the data, or as confidential meaning the data are usually not accessible by the subject of the data. Data not on individuals that are not public can be classified as either nonpublic, meaning the data are accessible by the subject of the data if there is a data subject, or protected nonpublic meaning the data are usually not accessible by the subject of the data. Statutory sections classifying data can be found in this chapter.

This chapter also establishes rights for individual subjects of data and duties to be performed by state agencies, statewide systems, and political subdivisions. It provides remedies to citizens and both criminal and personnel sanctions for violations of the statute. This chapter also contains a number of sections that define various types of data, classifications are stated for those types of data, and special issues associated with those types of data are resolved.

Sec. 2. Minnesota Statutes 1990, section 13.03, is amended by adding a subdivision to read:

Subd. 9. [EFFECT OF CHANGES TO CLASSIFICATION.] Unless otherwise expressly provided by a particular statute, the classification of data is determined by the law that applies to the data at the time a request for access to the data is made, regardless of the data's classification at the time it was collected, created, or received.

Sec. 3. Minnesota Statutes 1990, section 13.40, is amended to read:

13.40 [LIBRARY AND HISTORICAL DATA.]

Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply to this section.

The term does not include the state archives as defined in section 138.17, subdivision 1, clause (5).

(b) "Records" means all cards, correspondence, discs, maps, memoranda, microfilms, papers, photographs, recordings, tapes, writings, optical disks, and other data, information, or documentary material, regardless of physical form or characteristics, storage media, or conditions of use.

Subd. 2. [RECORDS SUBJECT TO THIS CHAPTER.] All records collected, maintained, used, or disseminated by a library or historical records repository operated by any state agency, political subdivision, or statewide system shall be administered in accordance with the provisions of this chapter.

Subd. 2. 3. [PRIVATE DATA; RECORDS OF BORROWING.] That portion of records maintained by a library which links a library patron's name with materials requested or borrowed by the patron or which links a patron's name with a specific subject about which the patron has requested information or materials is classified as private, pursuant to under section 13.02, subdivision 12, and shall not be disclosed except pursuant to a valid court order.

Subd. 4. [NONGOVERNMENTAL RECORDS.] All records held in the custody of a historical records repository that were not originally created, received, maintained, or disseminated by a state agency, political subdivision, or statewide system shall not be considered government data. These records shall be made accessible to the public unless:

(1) the records are contributed by private persons under an agreement that restricts access to the extent of any lawful limitation; or

(2) access would significantly endanger the physical or organizational integrity of the records.

Sec. 4. Minnesota Statutes 1990, section 13.43, subdivision 2, is amended to read:

Subd. 2. [PUBLIC DATA.] (a) Except for employees described in subdivision 5, the following personnel data on current and former employees, volunteers, and independent contractors of a state agency, statewide system, or political subdivision and members of advisory boards or commissions is public: name; actual gross salary; salary range; contract fees; actual gross pension; the value and nature of employer paid fringe benefits; the basis for and the amount of any added remuneration, including expense reimbursement, in addition to salary; job title; job description; education and training background; previous work experience; date of first and last employment; the existence and status of any complaints or charges against the employee, whether or not the complaint or charge resulted in a disciplinary action; the final disposition of any disciplinary action together with the specific reasons for the action and data document-

(b) For purposes of this subdivision, a final disposition occurs when the state agency, statewide system, or political subdivision makes its final decision about the disciplinary action, regardless of the possibility of any later proceedings or court proceedings. In the case of arbitration proceedings arising under collective bargaining agreements, a final disposition occurs at the conclusion of the arbitration proceedings. Final disposition includes a resignation by an individual when the resignation occurs after the final decision of the state agency, statewide system, political subdivision, or arbitrator.

(c) The state agency, statewide system, or political subdivision may display a photograph of a current or former employee to a prospective witness as part of the state agency's, statewide system's, or political subdivision's investigation of any complaint or charge against the employee.

Response or incident data may be released pursuant to section 13.82, subdivision 4.

When these reports are released for accident analysis purposes the identity of any involved person shall not be revealed. Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

(b) *Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.*

(c) The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes and to assist law enforcement agencies to apprehend juvenile offenders. Sec. 17. Minnesota Statutes 1990, section 383B.225, subdivision 6, is amended to read:

Subd. 6. [INVESTIGATION PROCEDURE.] (a) Upon notification of the death of any person, as provided in subdivision 5, the county medical examiner or a designee may proceed to the body, take charge of it, and order, when necessary, that there be no interference with the body or the scene of death. Any person violating the order of the examiner is guilty of a misdemeanor. The examiner or the examiner's designee shall make inquiry regarding the cause and manner of death and prepare written findings together with the report of death and its circumstances, which shall be filed in the office of the examiner. When it appears that death may have resulted from a criminal act and that further investigation is advisable, a copy of the report shall be transmitted to the county attorney. The examiner may take possession of all property of the deceased, mark it for identification, and make an inventory. The examiner shall take possession of all articles useful in establishing the cause of death,

mark them for identification and retain them securely until they are no longer needed for evidence or investigation. The examiner shall release any property or articles needed for any criminal investigation to law enforcement officers conducting the investigation. When a reasonable basis exists for not releasing property or articles to law enforcement officers, the examiner shall consult with the county attorney. If the county attorney determines that a reasonable basis exists for not releasing the property or articles, the examiner may retain them. The property or articles shall be returned immediately upon completion of the investigation. When the property or articles are no longer needed for the investigation or as evidence, the examiner shall release the property or articles to the person or persons entitled to them. Notwithstanding any other law to the contrary, when personal property of a decedent has come into the possession of the examiner, and is not used for a criminal investigation or as evidence, and has not been otherwise released as provided in this subdivision, the name of the decedent shall be filed with the probate court, together with a copy of the inventory of the decedent's property. At that time, an examination of the records of the probate court shall be made to determine whether a will has been admitted to probate or an administration has been commenced. Property of a nominal value, including wearing apparel, may be released to the spouse or any blood relative of the decedent or to the person accepting financial responsibility for burial of the decedent. If property has not been released by the examiner and no will has been admitted to probate or administration commenced within six months after death, the examiner shall sell the property at a public auction upon notice and in a manner as the probate court may direct. If the name of the decedent is not known, the examiner shall inventory the property of the decedent and after six months may sell the property at a public auction. The examiner shall be allowed reasonable expenses for the care and sale of the property and shall deposit the net proceeds of the sale with the county administrator, or the administrator's designee, in the name of the decedent, if known. If the decedent is not known, the examiner shall establish a means of identifying the property of the decedent with the unknown decedent and shall deposit the net proceeds of the sale with the county administrator, or a designee, so, that, if the unknown decedent's identity is established within six years, the proceeds can be properly distributed. In either case, duplicate receipts shall be provided to the examiner, one of which shall be filed with the court, the other of which shall be retained in the office of the examiner. If a representative shall qualify within six years from the time of deposit, the county administrator, or a designee, shall pay the amount of the deposit to the representative upon order of the court. If no order is made within six years, the proceeds of the sale shall become a part of the general revenue of the county.

Section 1. Minnesota Statutes 1990, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1990 payable in 1991 and subsequent years, “special levies” means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) for taxes levied in 1990, payable in 1991 and subsequent years, pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this clause for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in sec-

tion 273.1398, subdivision 1, paragraph (i), are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, "income maintenance programs" include income maintenance programs in section 273.1398, subdivision 1, paragraph (i), to the extent the county provides benefits under those programs over the statutory mandated standards. Effective with taxes levied in 1990, the portion of this special levy for human service programs identified in section 273.1398, subdivision 1, paragraph (i), is eliminated;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c, or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on

and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to section 270.16;

(j) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5;

(k) pay the cost of hospital care under section 261.21;

(l) pay the unreimbursed costs incurred in the previous year to satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, provided that an appeal for the unreimbursed costs under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3;

(m) pay the expenses reasonably and necessarily incurred in preparing for or repairing the effects of natural disaster including the occurrence or threat of widespread or severe damage, injury, or loss of life or property resulting from natural causes such as earthquake, fire, flood, wind storm, wave action, oil spill, water contamination, air contamination, or drought in accordance with standards formulated by the emergency services division of the state department of public safety, provided that an appeal for the expenses incurred under this clause were approved by the commissioner of revenue under section 275.51, subdivision 3;

(n) pay a portion of the losses in tax receipts to a city due to tax abatements or court actions in the year preceding the current levy year, provided that an appeal for the tax losses was approved by the commissioner of revenue under section 275.51, subdivision 3. This special levy is limited to the amount of the losses times the ratio of the nonspecial levies to total levies for taxes payable in the year the

abatements were granted. County governments are not authorized to claim this special levy;

(o) pay the operating cost of regional library services authorized under section 134.34, subject to a maximum increase over the previous year of the greater of (1) 103 percent multiplied by one plus the percentage increase determined for the governmental subdivision under section 275.51, subdivision 3h, clause (b), or (2) six percent. If a governmental subdivision elected to include some or all of its levy for libraries within its adjusted levy limit base in the prior year, but elects to claim the levy as a special levy in the current levy year, the allowable increase is determined by applying the greater percentage determined under clause (1) or (2) to the total amount levied for libraries in the prior levy year. After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year. This limit may be redistributed according to the provisions of section 134.342. In no event shall the special levy be less than the minimum levy required under sections 134.33 and 134.34, subdivisions 1 and 2;

(p) pay the amount of the county building fund levy permitted under section 373.40, subdivision 6;

(q) pay the county's share of the costs levied in 1989, 1990, and 1991 for the Minnesota cooperative soil survey under Minnesota Statutes 1988, section 40.07, subdivision 15;

(r) for taxes levied in 1989, payable in 1990 only, pay the cost incurred for the minimum share required by counties levying for the first time under section 134.34 as required under section 134.341. For taxes levied in 1990, and thereafter, counties levying under this provision must levy under clause (o), and their allowable increase must be determined with reference to the amount levied in 1989 under this paragraph;

(s) for taxes levied in ~~1989~~ 1991, payable in ~~1990~~ 1992 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids payable in 1992 to a county located in the third or sixth judicial district under sections ~~273.1398, subdivision 2, paragraph (d), and 477A.012, subdivision 3,~~ for aids payable in 1990 section 3;

(t) for taxes levied in 1990 only by a county in the eighth judicial district, provide an amount equal to the amount of the levy, if any, that is required under Laws 1989, chapter 335, article 3, section 54, subdivision 8, as amended by Laws 1990, chapter 604, article 9, section 14;

(u) for taxes levied in 1989, payable in 1990 only, pay the costs not reimbursed by the state or federal government:

(i) for the costs of purchase or delivery of social services. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties.

(ii) for payments made to or on behalf of recipients of aid under any public assistance program authorized by law. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent and must be used only for the public assistance programs.

If the amount levied under this paragraph (u) in 1989 is less than the actual expenditures needed for these programs for 1990, the difference between the actual expenditures and the amount levied may be levied in 1990 as a special levy. If the amount levied in 1989 is greater than the actual expenditures needed for these programs for 1990, the difference between the amount levied and the actual expenditures shall be deducted from the 1990 levy limit, payable in 1991;

(v) pay an amount of up to 25 percent of the money sought for distribution and approved under section 115A.557, subdivision 3, paragraph (b), clause (3);

(w) pay the unreimbursed costs of per diem jail or correctional facilities services paid by the county in the previous 12-month period ending on July 1 of the current year provided that the county is operating under a department of corrections directive that limits the capacity of a county jail as authorized in section 641.01 or 641.262, or a correctional facility as defined in section 241.021, subdivision 1, paragraph (5);

(x) for taxes levied in 1990 and 1991, payable in 1991 and 1992 only, pay the operating or maintenance costs of a county jail as authorized in section 641.01 or 641.262, or of a correctional facility as defined in section 241.021, subdivision 1, paragraph (5), to the extent that the county can demonstrate to the commissioner of revenue that the amount has been included in the county budget as a direct result of a rule, minimum requirement, minimum standard, or directive of the department of corrections. If the county utilizes this special levy, any amount levied by the county in the previous levy year for the purposes specified under this clause and included in the county's previous year's levy limitation computed under section 275.51, shall be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the county's current year levy limitation. The county shall provide the necessary information to the commissioner of revenue for making this determination;

(y) for taxes levied in 1990, payable in 1991 only, pay an amount

equal to the unreimbursed county costs paid in 1989 and 1990 for the purpose of grasshopper control; and, for taxes levied in 1991 payable in 1992 only, pay an amount equal to the unreimbursed county costs paid in 1991 for the purpose of grasshopper control;

(z) for a county, provide an amount needed to fund comprehensive local water implementation activities under sections 103B.3361 to 103B.3369 as provided in this clause.

A county may levy an amount not to exceed the water implementation local tax rate times the adjusted net tax capacity of the county for the preceding year. The water implementation local tax rate shall be set by August 1 each year by the commissioner of revenue for taxes payable in the following year. As used in this paragraph, the "adjusted net tax capacity of the county" means the net tax capacity of the county as equalized by the commissioner of revenue based upon the results of an assessment/sales ratio study. That rate shall be the rate, rounded up to the nearest one-thousandth of a percent, that, when applied to the adjusted net tax capacity for all counties, raises the amount specified in this clause. The water implementation local tax rate for taxes levied in 1990 shall be the rate that raises \$1,500,000 and the rate for taxes levied in 1991 shall be the rate that raises \$1,500,000. A county must levy a tax at the rate established under this clause to qualify for a grant from the board of water and soil resources under section 103B.3369, subdivision 5;

(aa) pay the unreimbursed county costs for court-ordered family-based services and court-ordered out-of-home placement for children to the extent that the county can demonstrate to the commissioner of revenue that the estimated amount included in the county's budget for the following levy year is for the purposes specified under this clause. For purposes of this special levy, costs for "family-based services" and "out-of-home placement" means costs resulting from court-ordered targeted family services designed to avoid out-of-home placement and from court-ordered out-of-home placement under the provisions of sections 260.172 and 260.191, which are unreimbursed by the state or federal government, insurance proceeds, or parental or child obligations. Any amount levied under this clause must only be used by the county for the purposes specified in this clause.

If the county uses this special levy and the county levied an amount in the previous levy year, for the purposes specified under this clause, under another special levy or under the levy limitation in section 275.51, the following adjustments must be made:

(i) The amount levied in the previous levy year for the purposes specified under this clause under the levy limitation in section 275.51 must be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the current year levy limitation.

(ii) The amount levied in the previous levy year, for the purposes specified under clause (a) or (u) must be deducted from the previous year's amount used to calculate the maximum amount allowable under clause (a) in the current levy year; and

(bb) pay the amounts allowed as special levies under Laws 1989, First Special Session chapter 1, article 5, section 50, and subdivisions 5a and 5b.

Sec. 2. Minnesota Statutes 1990, section 275.51, subdivision 3f, is amended to read:

Subd. 3f. [LEVY LIMIT BASE.] (a) The property tax levy limit base for governmental subdivisions for taxes levied in 1988 shall be equal to the total actual levy for taxes payable in 1988 with additions and subtractions as specified in paragraphs (b) and (c).

(b) The amounts to be added to the actual 1988 levy are (1) the amount of local government aid the governmental subdivision was certified to receive in 1988 under sections 477A.011 to 477A.014, (2) its 1988 taconite aids under sections 298.28 and 298.282, and (3) its 1988 wetlands and native prairie reimbursements under Minnesota Statutes 1986, sections 273.115, subdivision 3, and 273.116, subdivision 3.

(d) For taxes levied in 1989 and subsequent years, a governmental subdivision's levy limit base is equal to its adjusted levy limit base for the preceding year, provided that for taxes levied in 1989, the amount of the administrative reimbursement aid received in 1988 shall be added to the base.

(e) For taxes levied by a county in 1989, the levy limit base determined under paragraph (d) shall be reduced by an amount equal to 90 percent of the cost of public defender services for felonies and gross misdemeanors and the costs of law clerks in the county that are assumed by the state during calendar year 1990, less 103 percent of one-half the amount of fees collected by the courts in the county during calendar year 1988. For taxes levied in 1990, the levy limit base determined under paragraph (d) shall first be increased by the product of (1) the amount deducted under this paragraph for taxes levied in 1989 and (2) the adjustments under subdivision 3h, paragraphs (a) and (b) for taxes levied in 1989, and then shall be

reduced by an amount equal to the cost of public defender services for felonies and gross misdemeanors and the cost of law clerks in the county that are assumed by the state during calendar year 1991, less the amount of fees collected by the courts in the county during calendar year 1989, computed at the rate of \$30 for civil and probate filings and \$20 for marriage dissolutions.

(f) For taxes levied in 1989 by a county that is located in the eighth judicial district, the levy limit base determined under paragraphs (d) and (e) shall be further reduced by an amount equal to 90 percent of the cost of operation of the trial courts in the county during calendar year 1990 that are assumed by the state and for which an appropriation is provided, less 103 percent of the sum of (1) the remaining one-half of the amount of fees and (2) 100 percent of the amount of fines collected by the courts in the county during calendar year 1988.

(g) By October 15, 1989, the board of public defense shall determine and certify to the commissioner of revenue the pro rata share for each county of the state-financed public defense services described in paragraph (e) during the six-month period beginning July 1, 1990. By October 15, 1989, the supreme court shall determine and certify to the department of revenue for each county the pro rata share for each county of the cost of providing law clerks during the three-month period beginning October 1, 1990, plus, for each county located in the eighth judicial district, the cost of operation of the trial courts during calendar year 1990.

By July 15, 1990, the board of public defense shall determine and certify to the department of revenue the pro rata share for each county of the state-financed public defense services described in paragraph (e) during calendar year 1991. By July 15, 1990, the supreme court shall determine and certify to the department of revenue for each county the pro rata share for each county of the cost of providing law clerks during calendar year 1991 plus, for each county located in the eighth judicial district, the cost of operation of the trial courts during the first six months of 1991.

(h) For taxes levied in a county in 1991, the levy limit base shall be reduced by an amount equal to the cost in the county of court reporters, judicial officers, and district court referees and the expenses of law clerks and court reporters as authorized in sections 484.545, subdivision 3, and 486.05, subdivisions 1 and 1a, as certified by the supreme court pursuant to section 477A.012, subdivision 4.

(i) If a governmental subdivision received an adjustment to its levy limit base for taxes levied in 1988 under section 275.51, subdivision 3j, its levy limit base for taxes levied in 1989 must be reduced by the lesser of (1) the adjustment under section 275.51, subdivision 3j, or (2) the difference between its (i) levy limit for taxes

levied in 1988 and its (ii) total actual levy for taxes levied in 1988 minus any special levies claimed for taxes levied in 1988 under section 275.50, subdivision 5.

(j) For taxes levied in 1991 in a county that is located in the third or sixth judicial districts, the levy limit base shall be reduced by an amount equal to the cost of public defense services in juvenile and misdemeanor cases in the county as certified by the board of public defense in section 3.

Sec. 3. Minnesota Statutes 1990, section 477A.012, is amended by adding a subdivision to read:

The amount of the deduction is computed as provided in this subdivision.

(b) By June 30, 1991, the board of public defense shall determine and certify to the department of revenue the pro rata share for each county in the third or sixth judicial districts of the cost of the state-financed public defense services in juvenile and misdemeanor cases in the third or sixth judicial districts during the fiscal year beginning on July 1, 1992.

If the amount computed under paragraph (b) exceeds the amount payable to a county under subdivision 1, the excess shall be deducted from the county's homestead and agricultural credit aid under section 273.1398, subdivision 2, and then, if necessary, from the disparity reduction aid under section 273.1398, subdivision 3.

"Section 1. [168.135] [RENEWAL APPLICATIONS; DELINQUENT PARKING CITATIONS.]

Subdivision 1. [APPLICATION; NOTICE.] When a person applies to renew the registration for a motor vehicle, applies for duplicate, special, or personalized license plates, or applies for a change of classification, the registrar or deputy registrar shall check the

computerized records system established under subdivision 2 to determine whether the applicant has been charged with a violation of a law or ordinance regulating the parking of vehicles for which the records collected under section 169.95 indicate a delinquent citation and fine. If a delinquent citation and fine is indicated, the registrar or deputy registrar shall notify the applicant as to the court to which payment of the fine is due.

Subd. 2. [COMPUTERIZED RECORDS SYSTEM; ACCESS.] (a) The registrar shall install, administer, and maintain in the department of public safety an efficient, computerized data base records system dedicated solely as the repository for delinquent parking citation and fine reports. The registrar shall provide and specify equipment and interconnection specifications, programming requirements, and training materials needed to provide courts and deputy registrars access to the department's dedicated computer data base of records on delinquent parking citations and fines.

(b) The system must be designed to allow each court to report and update by electronic communication directly with the system's computer data base those delinquent parking citations and fines that remain owing to the court. The system must be designed to allow access by a deputy registrar to the system upon transmittal of the access code of the deputy registrar, as assigned by the registrar.

(c) On complying with these specifications, providing the requisite data base accessing equipment and programming, and providing the specified interconnection equipment, the registrar shall allow each deputy registrar direct computer inquiry of these records. The system must allow electronic and toll-free telephonic access by deputy registrars as necessary to perform their vehicle registration responsibilities under subdivision 3. The registrar shall not assess a deputy registrar transaction or user costs, fees, or charges for inquiries required or necessary to discharge the duties of a deputy registrar under this section.

(d) Access must include the records required by this section and exclude only those records restricted by governing state or federal data privacy laws.

Subd. 3. [DEPUTY REGISTRARS' RESPONSIBILITIES.] (a) On receiving an application described in subdivision 1, the registrar or a deputy registrar shall access the computerized records system to discover if the applicant has a delinquent parking citation and fine. On gaining access to the system, the deputy registrar shall identify and communicate the license plate number for which the information is requested.

(b) Neither the registrar nor a deputy registrar may receive or process an application described in subdivision 1 if the response from the records system indicates that there is a delinquent citation

and fine arising from a violation of a law or ordinance regulating the parking of vehicles and involving the vehicle for which the license plate was issued. A deputy registrar may rely conclusively upon the response of the records system to the inquiry.

(c) When a delinquent parking citation and fine has been paid or otherwise disposed of to the court's satisfaction, the court shall:

(1) issue the violator a receipt of payment or statement certifying that the delinquent fine has been paid or otherwise disposed of to the court's satisfaction; and

(2) update its listing of outstanding delinquent parking citations and fines to be recorded in the records system established in subdivision 2.

The applicant may reapply after the court's file of delinquent citations and fines has been recorded and updated in the computerized records system. Instead, the applicant may present receipts or the statements certifying that all delinquent fines have been paid or otherwise disposed of to the satisfaction of all applicable courts, to the registrar or a deputy registrar who shall then process the application. A deputy registrar may rely conclusively upon the receipts or certified statements purporting to be that of the court named in the receipt or certification that the fines owed to that court have been paid or otherwise satisfied.

Subd. 4. [NOTICE AND REPORT BY COURT.] At least 15 days before any information on delinquent parking citations and fines is transmitted to the department's computerized records system, the court shall notify by mail to the last known address of the registered owner of the motor vehicle involved in the parking violation, of the nature of the violation, the amount of the fine, where the fine should be paid, and the resulting consequences concerning vehicle registration renewal if the fine is not paid. If the fine is not paid or otherwise disposed of to the satisfaction of the court or if a court appearance has not been scheduled, the court shall transmit the information to the department's computerized records system. The court may impose costs and assess penalties to the defendant to recover any expense incurred by the court in administering the notice and reporting requirements of this section. The costs and penalties are payable to the court.

Sec. 2. [168.331] [PARKING VIOLATION NOTIFICATION PROGRAM; FEE.]

An additional fee of \$1 is imposed on all violations of laws and ordinances regulating the parking of motor vehicles. Courts, violations bureaus, or other entities that collect fines for parking violations shall transmit monthly the proceeds of the fee to the

registrar. The registrar shall deposit the proceeds in the general fund.

Sec. 3. [169.042] [PARKING VIOLATION WARRANTS PROHIBITED.]

A court shall not issue a warrant for the arrest of a person for delinquent parking citations for vehicles registered in Minnesota.

Sec. 4. Minnesota Statutes 1990, section 169.91, subdivision 3, is amended to read:

Subd. 3. [NOTICE TO APPEAR.] When a citation is issued for a parking violation or when a person is arrested for any violation of any law or ordinance relating to motor vehicles, their registration or their operation, or the use of the highways, the issuing or arresting officer shall prepare a written notice to appear in court. This place must be before a judge within the county in which the offense charged is alleged to have been committed who has jurisdiction and is nearest or most accessible with reference to the place of arrest or parking violation. If the offense is a petty misdemeanor, the notice to appear must include a statement that a failure to appear will be considered a plea of guilty and waiver of the right to trial, unless the failure to appear is due to circumstances beyond the person's control. If the offense is for a violation of a law or ordinance regulating the parking of vehicles, a subsequent notice to appear must be mailed to the registered owner of the vehicle.

Sec. 5. Minnesota Statutes 1990, section 169.95, is amended to read:

169.95 [COURTS TO KEEP SEPARATE COURT RECORDS AND REPORTS OF VIOLATIONS AND DELINQUENT FINES.]

Subdivision 1. [RECORDS.] Every court administrator shall keep a full record of every case in which a person is charged with a violation of any law or ordinance, regulating the operation or parking of vehicles on highways.

Subd. 2. [REPORTS OF TRAFFIC VIOLATIONS.] Within ten days after the conviction or forfeiture of bail of a person upon a charge of violating any provisions of any law or ordinance, regulating the operation of vehicles on highways, except for parking violations, the court administrator of the court in which the conviction was had or bail was forfeited, shall immediately forward to the department of public safety an abstract of the record of the court covering the case in which the person was convicted or forfeited bail. The abstract must be certified by the person required to prepare it to be true and correct.

The abstract must be made upon a form furnished by the department of public safety, and shall include the name and address of the party charged, the driver's license number of the person involved, the nature of the offense, the date of hearing, the plea, the judgment, or whether bail was forfeited, and the amount of the fine or forfeiture, as the case may be.

Every court shall also forward a report to the department of public safety reporting the conviction of any person of manslaughter or other felony in the commission of which a vehicle was used.

Subd. 3. [REPORTS OF DELINQUENT FINES.] Every court administrator shall report delinquent parking citations and fines to the department of public safety's computerized records system established under section 1. The court administrator shall report within 30 days after the date that the payment of a fine is due. The report must be made to the commissioner of public safety as prescribed in section 1 and must contain the following information:

(1) the license plate number of the motor vehicle involved in the violation;

(2) the number of delinquent parking citations and fines; and

(3) the amount of the fine for each citation.

Subd. 4. [JUDICIAL COMPLIANCE.] The failure, refusal, or neglect of any judicial officer to comply with any of the requirements of this section shall constitute misconduct in the office and shall be grounds for removal.

Sec. 6. Minnesota Statutes 1990, section 169.99, subdivision 1, is amended to read:

Subdivision 1. [EFFECT; FORM; CONTENT.] (a) Except as provided in subdivision 3, there shall be a uniform ticket issued throughout the state by the police and peace officers or by any other person for violations of this chapter and ordinances in conformity thereto. Such uniform traffic ticket shall be in the form and have the effect of a summons and complaint. Except as provided in paragraph (b), the uniform ticket shall state that if the defendant fails to appear in court in response to the ticket, an arrest warrant may be issued. The uniform traffic ticket shall consist of four parts, on paper sensitized so that copies may be made without the use of carbon paper, as follows:

(1) the complaint, with reverse side for officer's notes for testifying in court, driver's past record, and court's action, printed on white paper;

(2) the abstract of court record for the department of public safety, which shall be a copy of the complaint with the certificate of conviction on the reverse side, printed on yellow paper;

(3) the police record, which shall be a copy of the complaint and of the reverse side of copy (1), printed on pink paper;

(4) the summons, with, on the reverse side, such information as the court may wish to give concerning the traffic violations bureau, and a plea of guilty and waiver, printed on off-white tag stock.

(b) If the offense is a petty misdemeanor, the uniform ticket must state that a failure to appear will be considered a plea of guilty and waiver of the right to trial, unless the failure to appear is due to circumstances beyond the person's control.

(c) The copy of the uniform traffic ticket provided to the violator of a law or ordinance regulating the parking of vehicles must include a notice specifying the consequences regarding vehicle registration that may result if the violator fails to respond to the citation.

(a) In lieu of filing the bond required by section 90.161 or 90.171, as security for the issuance or assignment of a timber permit the person required to file the bond may deposit with the state treasurer cash, a certified check, a cashier's check, a personal check, a postal bank, or express money order, assignable bonds or notes of the United States, or an assignment of a bank savings account or investment certificate or an irrevocable bank letter of credit, in the same amount as would be required for a bond. If securities listed in

this section are deposited, the par value of the securities shall be not less than the amount required for the timber sale bond, and the person required to file the timber sale bond shall submit an agreement authorizing the commissioner to sell or otherwise take possession of the security in the event of default under the timber sale. All of the conditions of the timber sale bond shall equally apply to the deposit with the state treasurer. In the event of a default the state may take from the deposit the sum of money to which it is entitled; the remainder, if any, shall be returned to the person making the deposit and shall bear interest at the rate determined pursuant to section 549.09 if not returned within 30 days from the date of the default. Sums of money as may be required by the state treasurer to carry out the terms and provisions of this section are appropriated from the general fund to the state treasurer for these purposes. When cash is deposited for a bond, it shall be applied to the amount due when a statement is prepared and transmitted to the permit holder pursuant to section 90.181. Any balance due to the state shall be shown on the statement and shall be paid as provided in section 90.181. Any amount of the deposit in excess of the amount determined to be due pursuant to section 90.181 shall be returned to the permit holder when a final statement is transmitted pursuant to that section. All or part of a cash bond may be withheld from application to an amount due on a nonfinal statement if it appears that the total amount due on the permit will exceed the bid price.

(b) If an irrevocable bank letter of credit is provided as security under paragraph (a), at the written request of the permittee the state shall annually allow the amount of the bank letter of credit to be reduced by an amount proportionate to the value of timber that has been harvested and for which the state has received payment under the timber permit. The remaining amount of the bank letter of credit after a reduction under this paragraph must not be less than the value of the timber remaining to be harvested under the timber permit.

“Section 1. Minnesota Statutes 1990, section 325E.37, is amended to read:

325E.37 [TERMINATION OF SALES REPRESENTATIVES.]

Subdivision 1. [DEFINITIONS.] (a) As used in this section, the following terms have the meaning given them.

(b) “Good cause” means failure by the sales representative to substantially comply with the material and reasonable requirements imposed by a material breach of one or more provisions of a written sales representative agreement governing the relationship with the manufacturer, wholesaler, assembler, or importer, including or in absence of a written agreement, failure by the sales representative to substantially comply with the material and reasonable requirements imposed by the manufacturer, wholesaler, assembler, or importer. Good cause includes, but not limited to:

- (1) the bankruptcy or insolvency of the sales representative;
- (2) assignment for the benefit of creditors or similar disposition of the assets of the sales representative’s business;
- (3) the voluntary abandonment of the business by the sales representative as determined by a totality of the circumstances;
- (4) conviction or a plea of guilty or no contest to a charge of violating any law relating to the sales representative’s business; or
- (5) any act ~~by or conduct~~ of the sales representative which materially impairs the good will associated with the manufacturer’s,

wholesaler's, assembler's, or importer's trademark, trade name, service mark, logotype, or other commercial symbol; or

(6) failure to forward customer payments to the manufacturer, wholesaler, assembler, or importer.

(c) "Person" means a natural person, but also includes a partnership, corporation, and all other entities.

(d) "Sales representative" means a person, other than an employee, who contracts with a principal to solicit wholesale orders and who is compensated, in whole or in part, by commission, but does not include a person who places orders or purchases exclusively for the person's own account for resale.

Sales representative does not include a person who:

(1) is an employee of the principal;

(2) places orders or purchases for the person's own account for resale;

(3) holds the goods on a consignment basis for the principal's account for resale; or

(4) distributes, sells, or offers the goods, other than samples, to end users, not for resale.

(d) (e) "Sales representative agreement" means a contract or agreement, either express or implied, whether oral or written, for a definite or indefinite period, between a sales representative and another person or persons, whereby a sales representative is granted the right to distribute, represent, sell, or offer for sale a manufacturer's, wholesaler's, assembler's, or importer's goods by use of the latter's trade name, trademark, service mark, logotype, advertising, or other commercial symbol or related characteristics, and in which there exists a community of interest between the parties in the marketing of the goods or services at wholesale, retail, by lease, agreement, or otherwise. "Wholesale orders" means the solicitation of orders for goods by persons in the distribution chain for ultimate sale at retail.

Subd. 2. [TERMINATION OF AGREEMENT.] (a) A manufacturer, wholesaler, assembler, or importer may not terminate a sales representative agreement unless the person has good cause and:

(1) that person has given written notice setting forth all the reasons reason(s) for the termination at least 90 days in advance of termination; and

(2) the recipient of the notice fails to correct the reasons stated for termination in the notice within 60 days of receipt of the notice.

(b) A notice of termination is effective immediately upon receipt where the alleged grounds for termination are: the reasons set forth in subdivision 1, paragraph (b), clauses (1) to (6), hereof

(1) voluntary abandonment of the relationship by the sales representative;

(2) the conviction of the sales representative of an offense directly related to the business conducted pursuant to the sales representative agreement; or

(3) material impairment of the good will associated with the manufacturer's, assembler's, or importer's trade name, trademark, service mark, logotype, or other commercial symbol.

Subd. 3. [RENEWAL OF AGREEMENTS.] Unless the failure to renew a sales representative agreement is for good cause, and the sales representative has failed to correct reasons for termination as required by subdivision 2, no person may fail to renew a sales representative agreement unless the sales representative has been given written notice of the intention not to renew at least 90 days in advance of the expiration of the agreement. For purposes of this subdivision, a sales representative agreement of indefinite duration shall be treated as if it were for a definite duration expiring 180 days after the giving of written notice of intention not to continue the agreement.

Subd. 4. [RIGHTS UPON TERMINATION.] If a sales representative is paid by commission under a sales representative agreement and the agreement is terminated, the representative is entitled to be paid for all sales ~~made and orders to creditworthy customers made~~ in the representative's territory as to which the representative would have been entitled to commissions pursuant to the provisions of the sales representative agreement, provided that the goods purchased are actually shipped prior to the date of termination of the agreement or the end of the notification period, whichever is later, regardless of whether the goods or services have actually been delivered to the purchaser. The payments of commissions are due when the goods or services are delivered or at the date of termination, whichever occurs first. For sales as to which the representative would have been entitled to commissions pursuant to the sales representative agreement and for which the goods purchased have not been actually shipped prior to the later of the date of termination or the end of the notification period, the sales representative shall be paid commissions earned on such sale. Payment of commissions due the sales representative shall be paid in accordance with the terms of the sales representative agreement or, if not specified in

the agreement, payments of commissions due the sales representative shall be paid in accordance with section 181.145.

Subd. 5. [ARBITRATION.] (a) The sole remedy for a sales representative against a manufacturer, wholesaler, assembler, or importer who has allegedly violated any provision of this section is to submit the matter to arbitration. In the alternative, at the employee's sales representative's option, the employee sales representative may bring the employee's sales representative's common law claims in a court of law. In the event the parties do not agree to an arbitrator within 30 days after the sales representative demands arbitration in a writing delivered to the principal, either party may request the appointment of an arbitrator from the American Arbitration Association. Each party to a sales representative agreement shall be bound by the arbitration. In the event that the American Arbitration Association declines to appoint an arbitrator, the arbitration shall proceed under chapter 572. The cost of an arbitration hearing must be borne equally by both parties. Except as provided in paragraph (c), the arbitration proceeding is to be governed by the uniform arbitration act, sections 572.08 to 572.30.

(b) The arbitrator may provide any of the following remedies:

(1) sustainment of the termination of the sales representative agreement;

(2) reinstatement of the sales representative agreement;

(3) payment of commissions due under subdivision 4;

(4) reasonable attorneys' fees and costs to a prevailing sales representative;

(5) reasonable attorneys' fees and costs to a prevailing manufacturer, wholesaler, assembler, or importer, if the arbitrator finds the complaint was frivolous, unreasonable, or without foundation; or

(6) the full amount of the arbitrator's fees and expenses if the arbitrator finds that the sales representative's resort to arbitration or the manufacturer's, wholesaler's, assembler's, or importer's defense in arbitration was vexatious and lacking in good faith.

(c) Notwithstanding any provision of the uniform arbitration act to the contrary, the decision of any arbitration hearing under this subdivision is final and binding nonbinding on the sales representative and the manufacturer, wholesaler, assembler, or importer, unless otherwise agreed by the parties in writing. Any party upon application may remove the decision to district court for a trial de novo. If an application to remove a decision is not filed in the district court within 30 days after the date the decision is received by the

parties, then the district court shall, upon application of a party, issue an order confirming the decision. A written decision issued by an arbitrator, and any written findings upon which the decision is based, are admissible as nonbinding evidence in any subsequent legal action and are not subject to further foundation requirements.

Subd. 6. [SCOPE; LIMITATIONS.] (a) This section applies to a sales representative who, during some part of the period of the sales representative agreement:

(1) is a resident of Minnesota or maintains that person's principal place of business in Minnesota; or

(2) whose geographical territory specified in the sales representative agreement includes part or all of Minnesota.

(b) To be effective, any demand for arbitration under subdivision 5 must be made in writing and delivered to the principal on or before 365 days after the effective date of the termination of the agreement.

Sec. 3. Minnesota Statutes 1990, section 297B.09, is amended to read:

297B.09 [ALLOCATION OF REVENUE.]

~~Subdivision 1. [GENERAL FUND SHARE.]~~ (a) Money collected and received under this chapter must be deposited in the state treasury and credited to the general fund. The amounts collected and received shall be credited as provided in this ~~subdivision section~~, and transferred from the general fund on July 15 and January 15 of each fiscal year. The commissioner of finance must make each transfer based upon the actual receipts of the preceding six calendar months and include the interest earned during that six-month period. The commissioner of finance may establish a quarterly or other schedule providing for more frequent payments to the transit assistance fund if the commissioner determines it is necessary or desirable to provide for the cash flow needs of the recipients of money from the transit assistance fund. Money transferred to the highway user tax distribution fund and the transit assistance fund under paragraphs (b) to (f) must be apportioned as follows: 75 percent must be transferred to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund, and the remaining 25 percent of the money must be transferred to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state and to the regional transit board.

(b) ~~Twenty-five~~ Thirty percent of the money collected and received under this chapter after June 30, ~~1990~~ 1991, and before July 1, ~~1991~~ 1993, must be transferred to the highway user tax distribution fund and the transit assistance fund ~~for apportionment as follows: 75 percent must be transferred to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund, and the remaining 25 percent of the money must be transferred to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state and to the regional transit board.~~

(c) ~~Five~~ Thirty-five percent of the money collected and received under this chapter after June 30, ~~1989~~ 1993, and before July 1, ~~1991~~ 1995, must be transferred as follows: ~~75 percent must be transferred to the trunk highway user tax distribution fund and 25 percent must be transferred to the transit assistance fund.~~

(d) ~~Thirty~~ Forty percent of the money collected and received under

this chapter after June 30, ~~1991~~ 1995, and before July 1, 1997, must be transferred as follows: 75 percent must be transferred to the trunk highway user tax distribution fund and 25 percent must be transferred to the transit assistance fund.

(e) Forty-five percent of the money collected and received under this chapter after June 30, 1997, and before July 1, 1999, must be transferred to the highway user tax distribution fund and the transit assistance fund.

(f) Fifty percent of the money collected and received under this chapter after June 30, 1999, must be transferred to the highway user tax distribution fund and the transit assistance fund.

(g) ~~The distributions under this subdivision paragraphs (b) to (f) to the highway user tax distribution fund until June 30, 1991, and to the trunk highway fund thereafter, must be reduced by the amount necessary to fund the appropriation under section 41A.09, subdivision 1. For the fiscal years ending June 30, 1988, and June 30, 1989, The commissioner of finance, before making the transfers required on July 15 and January 15 of each year, shall estimate the amount required to fund the appropriation under section 41A.09, subdivision 1, for the six-month period for which the transfer is being made. The commissioner shall then reduce the amount transferred to the highway user tax distribution fund by the amount of that estimate. The commissioner shall reduce the estimate for any six-month period by the amount by which the estimate for the previous six-month period exceeded the amount needed to fund the appropriation under section 41A.09, subdivision 1, for that previous six-month period. If at any time during a six-month period in these fiscal years the amount of reduction in the transfer to the highway user tax distribution fund is insufficient to fund the appropriation under section 41A.09, subdivision 1 for that period, the commissioner shall transfer to the general fund from the highway user tax distribution fund an additional amount sufficient to fund the appropriation for that period, but the additional amount so transferred to the general fund in a six-month period may not exceed the amount transferred to the highway user tax distribution fund for that six-month period.~~

144A.31 [INTERAGENCY BOARD FOR QUALITY ASSURANCE LONG-TERM CARE PLANNING COMMITTEE.]

Subdivision 1. [INTERAGENCY BOARD LONG-TERM CARE PLANNING COMMITTEE.] The commissioners of health and human services shall establish, by July 1, 1983, an interagency ~~board~~ committee of managerial employees of their respective departments who are knowledgeable and employed in the areas of long-term care, geriatric care, community services for the elderly, long-term care facility inspection, or quality of care assurance. The number of interagency ~~board~~ committee members shall not exceed ~~eight~~ twelve; ~~three~~ four members each to represent the commissioners of

health and human services and one member each to represent the commissioners of state planning and housing finance, finance, and the chair of the Minnesota board on aging. The board shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The commissioner of human services and the commissioner of health or their designees shall annually alternate chairing and convening the board committee. The board committee may utilize the expertise and time of other individuals employed by either each department as needed. The board committee may recommend that the commissioners contract for services as needed. The board committee shall meet as often as necessary to accomplish its duties, but at least quarterly. The board committee shall establish procedures, including public hearings, for allowing regular opportunities for input from residents, nursing homes consumers of long-term care services, advocates, trade associations, facility administrators, county agency administrators, and other interested persons.

Subd. 2. [INSPECTIONS.] No later than January 1, 1988, the board shall develop and recommend implementation and enforcement of an effective system to ensure quality of care in each nursing home in the state. Quality of care includes evaluating, using the resident's care plan, whether the resident's ability to function is optimized and should not be measured solely by the number or amount of services provided.

The board shall assist the commissioner of health in developing methods to ensure that inspections and reinspections of nursing homes are conducted with a frequency and in a manner calculated to most effectively and appropriately fulfill its quality assurance responsibilities and achieve the greatest benefit to nursing home residents. The board shall identify and recommend criteria and methods for identifying those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. The commissioner of health shall require a higher frequency and extent of inspections with respect to those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. These concerns include but are not limited to: complaints about care, safety, or rights; situations where previous inspections or reinspections have resulted in correction orders related to care, safety, or rights; instances of frequent change in administration in excess of normal turnover rates; and situations where persons involved in ownership or administration of the nursing home have been convicted of engaging in criminal activity. A nursing home that presents none of these concerns or any other concern or condition recommended by the board and established by the commissioner that poses a risk to resident care, safety, or rights shall be inspected

once every two years for compliance with key requirements as determined by the board.

The board shall develop and recommend to the commissioners mechanisms beyond the inspection process to protect resident care, safety, and rights, including but not limited to coordination with the office of health facility complaints and the nursing home ombudsman program.

Subd. 3. [METHODS FOR DETERMINING RESIDENT CARE NEEDS.] The board shall develop and recommend to the commissioners definitions for levels of care and methods for determining resident care needs for implementation on July 1, 1985, in order to adjust payments for resident care based on the mix of resident needs in a nursing home. The methods for determining resident care needs shall include assessments of ability to perform activities of daily living and assessments of medical and therapeutic needs.

Subd. 2a. [PLANNING AND COORDINATION.] The interagency committee shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The committee shall refine state long-term goals, establish performance indicators, and develop other methods or measures to evaluate program performance, including client outcomes. The committee shall review the effectiveness of programs in meeting their objectives.

Subd. 2b. [GOALS OF THE COMMITTEE.] The long-term goals of the committee are:

(1) to achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) to develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) to develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care; and

(4) to maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings.

These goals are designed to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources.

Subd. 4. [ENFORCEMENT.] The board committee shall develop

and recommend for implementation effective methods of enforcing quality of care standards. The board committee shall develop and monitor, and the commissioner of human services shall implement, a resident relocation plan that instructs a county in which a nursing home or certified boarding care home is located of procedures to ensure that the needs of residents in nursing homes or certified boarding care homes about to be closed are met. The duties of a county under the relocation plan also apply when residents are to be discharged from a nursing home or certified boarding care home as a result of a change in certification, closure, or loss or termination of the facility's medical assistance provider agreement. The resident relocation plans and county duties required in this subdivision apply to the voluntary or involuntary closure, or reduction in services or size of, an intermediate care facility for the mentally retarded. The relocation plan for intermediate care facilities for the mentally retarded must conform to Minnesota Rules, parts 4655.6810 to 4655.6830, 9525.0015 to 9525.0165, and 9546.0010 to 9546.0060, or their successors. The commissioners of health and human services may waive a portion of existing rules that the commissioners determine does not apply to persons with mental retardation or related conditions. The county shall ensure appropriate placement of residents in licensed and certified facilities or other alternative care such as home health care and foster care placement. In preparing for relocation, the board committee shall ensure that residents and their families or guardians are involved in planning the relocation.

Subd. 5. [REPORTS.] The board committee shall prepare a biennial report and the commissioners of health and human services shall deliver this report to the legislature no later than January 15, 1984, on the board's proposals and progress on implementation of the methods beginning January 31, 1993, listing progress, achievements, and current goals and objectives as required under subdivision 2. The commissioners shall recommend changes in or additions to legislation necessary or desirable to fulfill their responsibilities. The board shall prepare an annual report and the commissioners shall deliver this report annually to the legislature, beginning in January 1985, on the implementation of the provisions of this section.

Subd. 6. [DATA.] The interagency board may committee shall have access to data from the commissioners of health, human services, and public safety housing finance, and state planning for carrying out its duties under this section. The commissioner of health and the commissioner of human services may each have access to data on persons, including data on vendors of services, from the other to carry out the purposes of this section. If the interagency board committee, the commissioner of health, or the commissioner of human services receives data on persons, including data on vendors of services, that is collected, maintained, used or disseminated in an investigation, authorized by statute and relating to enforcement of

rules or law, the board committee or the commissioner shall not disclose that information except:

- (a) pursuant to section 13.05;
- (b) pursuant to statute or valid court order; or
- (c) to a party named in a civil or criminal proceeding, administrative or judicial, for preparation of defense.

Data described in this subdivision is classified as public data upon its submission to an administrative law judge or court in an administrative or judicial proceeding.

Subd. 7. [LONG-TERM CARE RESEARCH AND DATABASE.] The interagency long-term care planning committee shall collect and analyze state and national long-term care data and research, including relevant health data and information and research relating to long-term care and social needs, service utilization, costs, and client outcomes. The committee shall make recommendations to state agencies and other public and private agencies for methods of improving coordination of existing data, develop data needed for long-term care research, and promote new research activities. Research and data activities must be designed to:

(1) improve the validity and reliability of existing data and research information;

(2) identify sources of funding and potential uses of funding sources;

(3) evaluate the effectiveness and client outcomes of existing programs; and

(4) identify and plan for future changes in the number, level, and type of services needed by seniors.

Members of the advisory committee shall not be compensated for service.

Subd. 3. [GRANT PROGRAM.] The Minnesota board on aging shall establish a congregate housing services grant program which will enable communities to provide on-site coordinators to serve as a contact for older persons who need services and support, and assistance to access services in order to delay or prevent nursing home placement. The board on aging is exempt from the rulemaking requirements of chapter 14 in developing, implementing, and administering this grant program.

Subd. 7. [REPORT.] By January 1, 1993, the Minnesota board on aging shall submit a report to the legislature evaluating the programs. The report must document the project costs and outcomes that helped delay or prevent nursing home placement. The report must describe steps taken for quality assurance and must also include recommendations based on the project findings.

Sec. 3. Minnesota Statutes 1990, section 256B.04, subdivision 16, is amended to read:

Subd. 16. [PERSONAL CARE SERVICES.] (a) The commissioner shall adopt permanent rules to implement, administer, and operate personal care services. The rules must incorporate the standards and requirements adopted by the commissioner of health under section 144A.45 which are applicable to the provision of personal care. Notwithstanding any contrary language in this paragraph, the commissioner of human services and the commissioner of health shall jointly promulgate rules to be applied to the licensure of personal care services provided under the medical assistance pro-

gram. The rules shall consider standards for personal care services that are based on the World Institute on Disability's recommendations regarding personal care services. These rules shall at a minimum consider the standards and requirements adopted by the commissioner of health under section 144A.45, which the commissioner of human services determines are applicable to the provision of personal care services, in addition to other standards or modifications which the commissioner of human services determines are appropriate.

The commissioner of human services shall establish an advisory group including personal care consumers and providers to provide advice regarding which standards or modifications should be adopted. The advisory group membership must include not less than 15 members, of which at least 51 percent must be consumers of personal care services.

The commissioner of human services may contract with the commissioner of health to enforce the jointly promulgated licensure rules for personal care service providers.

Prior to final promulgation of the joint rule the commissioner of human services shall report preliminary findings along with any comments of the advisory group and a plan for monitoring and enforcement by the department of health to the legislature by February 15, 1992.

Limits on the extent of personal care services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by the registered nurse supervising the personal care assistant;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

(b) For personal care assistants under contract with an agency under paragraph (a), the provision of training and supervision by

the agency does not create an employment relationship. The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county.

Medical assistance does not cover private duty nursing services at a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed in an in-home setting according to section 256B.0627. All private duty nursing services must be provided according to the limits established under section 256B.0627. Private duty nursing services may not be reimbursed if the nurse is the spouse of the recipient or the parent or foster care provider of a recipient who is under age 18, or the recipient's legal guardian.

Sec. 6. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient or the parent of a recipient under age 18, the responsible party, the foster care provider of a recipient who cannot direct their own care or the recipient's legal guardian. Parents of adult children, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627.

All home care services above these limits must receive the commissioner's prior authorization, except when:

The provider must request prior authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. (3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request.

Retroactive authorization requests will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991.

(c) [LEVEL II HOME CARE.] If the services in the recipient's home care plan exceed \$800 for more than 30 days, a public health nurse from the local preadmission screening team shall determine the recipient's maximum level of home care according to this paragraph. The home care provider shall conduct an assessment and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries.

(1) The public health nurse from the local preadmission screening team shall base the determination of the recipient's maximum level of care on the need and eligibility of the recipient for one of the following placements commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall prior authorize home care services as follows:

(i) residential facility for persons with mental retardation or related conditions operated under section 256B-501;

(ii) inpatient hospital care for a ventilator-dependent recipient. "Ventilator dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to or has been dependent for at least 30 consecutive days; or

(iii) all other recipients not appropriate for one of the above placements.

(2) If the recipient is eligible under clause (1)(i), the monthly medical assistance reimbursement for home care services shall not exceed the total monthly statewide average payment rate for residential facilities for children or adults with mental retardation or related conditions as appropriate for the recipient's age and level of self-preservation as determined according to Minnesota Rules, parts 9553.0010 to 9553.0080.

(i) All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization shall be based on medical necessity and cost effectiveness when compared with other care options.

(ii) All personal care services shall be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized shall be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize

(1) up to two times the average number of direct care hours provided in nursing facilities for the recipient's case mix level; or

(2) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs; or

(3) up to 50 percent of the reimbursement for care provided in a regional treatment center for recipients who have complex behaviors.

The number of direct care hours shall be determined according to annual cost reports which are submitted to the department by nursing facilities each year. The average number of direct care hours, as established by May 1, shall be incorporated into the home care limits on July 1 each year.

The case mix level shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The forms shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments and additions to reflect the needs and conditions of children and non-elderly adults

who need home care. The commissioner shall use the advisory group established in section 256B.04, subdivision 16, to develop the new assessment tools.

A recipient shall qualify as having complex medical needs if they require:

(1) daily tube feedings;

(2) daily parenteral therapy;

(3) wound or decubiti care;

(4) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(5) catheterization; or

(iii) All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services when:

(1) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(2) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services.

(3) (iv) If the recipient is eligible under clause (1)(ii) ventilator dependent, the monthly medical assistance reimbursement authorization for home care services shall not exceed the monthly cost of care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to or has been dependent for at least 30 consecutive days.

(4) If the recipient is not eligible under either clause (1)(i) or (1)(ii), the monthly medical assistance reimbursement for home care services shall not exceed the total monthly statewide average payment for the case mix classification most appropriate to the recipient. The case mix classification is established under section 256B.431.

(5) The determination of the recipient's maximum level of home care by the public health nurse is called a home care cost assessment. The home care cost assessment must be requested by the home care provider before the end of the first 30 days of provided service and must be conducted by the public health nurse within ten working days following request.

(6) A home care provider shall request a new home care cost assessment when the needs of the individual have changed enough to require that a revised care plan be implemented that will increase costs beyond what was approved by the previous home care cost assessment and the change is anticipated to last for more than 30 days. The home care provider must request the home care cost assessment before the end of the first 30 days of provided service. Whenever a home care cost assessment is completed, the public health nurse that completes the home care cost assessment, in consultation with the home care provider, The commissioner or the commissioner's designee shall determine the time period for which a home care cost assessment prior authorization shall remain valid. If the recipient continues to require home care services beyond the limited duration of the home care cost assessment prior authorization, the home care provider must request a reassessment through the home care cost assessment new prior authorization through the process described above. Under no circumstances shall a home care cost assessment prior authorization be valid for more than 12 months.

(7) Reimbursement for the home care cost assessment shall be made through the Medicaid administrative authority. The state shall pay the nonfederal share. The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to subdivision 5, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(d) ~~[LEVEL III HOME CARE.]~~ If the home care provider determines that the recipient's needs exceed the amount approved for the appropriate level of care as determined in paragraph (e), the home care provider may refer the case to the department for a level III determination. Based on the client needs, physician orders, diagnosis, condition, and plan of care, the department may give prior approval for care that exceeds level II described in paragraph (e). The amount approved shall not exceed the maximum cost for the appropriate level of care as determined in paragraph (e), clause (1), which will be the maximum ICF/MR rate for intermediate care facilities for persons with mental retardation or related conditions, or the maximum nursing home case mix payment, or the highest hospital cost for the state.

The department has 30 days from receipt of the request to complete the level III determination prior authorization, during which time it may approve the higher level while reviewing the case a temporary level of home care service. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner.

Case reviews or approval of home care services in levels II and III may result in assignment of a case manager.

(e) ~~(d)~~ [PRIOR APPROVAL AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Any Home care service services provided in an adult or child foster care setting must receive prior approval authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant;

(4) home care services when the number of foster care residents is greater than four; or

(5) home care services when combined with foster care payments, less an amount for room, board, clothing and personal needs, that exceed the total amount that medical assistance would pay for the recipient's care in a medical institution.

Subd. 6. [RECOVERY OF EXCESSIVE PAYMENTS.] The commissioner shall seek monetary recovery from providers of payments made for services which exceed the limits established in this section.

Sec. 8. [256B.0628] [PRIOR AUTHORIZATION AND REVIEW OF HOME CARE SERVICES.]

Subdivision 1. [STATE COORDINATION.] The commissioner shall supervise the coordination of the prior authorization and review of home care services that are reimbursed by medical assistance.

Subd. 2. [CONTRACTOR DUTIES.] (a) The commissioner may contract with qualified registered nurses, or qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. The contractor must:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) assure that a care plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) assure cost-effectiveness of medical assistance home care services;

(4) recommend to the commissioner the approval or denial of the use of medical assistance funds to pay for home care services when home care services exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner.

(c) In addition, the contractor may be requested by the commissioner to:

(1) review care plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals to the commissioner or other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 9. [256B.0911] [NURSING HOME PREADMISSION SCREENING.]

Subdivision 1. [PURPOSE AND GOAL.] The purpose of the preadmission screening program is to prevent or delay certified nursing facility placements by assessing applicants and residents and offering cost-effective alternatives appropriate for the person's needs. Further, the goal of the program is to contain costs associated with unnecessary certified nursing facility admissions. The commissioners of human services and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the funding available.

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities;

(3) individuals whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team prior to admission and provides an update to the screening team on the 30th day after admission;

(4) individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; or

(5) individuals who are screened by another state within three months before admission to a certified nursing facility.

Regardless of the exemptions in clauses (2) to (4), persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager.

Persons transferred from an acute care facility to a certified nursing facility may be admitted to the nursing facility before screening, if authorized by the screening team; however, the person must be screened within ten working days after the admission.

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county agencies. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial

screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Subd. 4. [RESPONSIBILITIES OF THE COUNTY AGENCY AND THE SCREENING TEAM.] (a) The county agency shall:

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) assess active treatment needs in cooperation with:

(i) a qualified mental health professional for persons with a primary or secondary diagnosis of mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(5) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(6) develop an individual's community care plan and provide follow-up services as needed; and

(7) prepare and submit reports that may be required by the commissioner of human services.

The county agency may determine in cooperation with the local board of health that the public health nursing agency of the local board of health is the lead agency which is responsible for all of the activities above except clause (4).

(b) The screening team shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative.

The screening shall be conducted within ten working days after the date of referral or, for those approved for transfer from an acute care facility to a certified nursing facility, within ten working days

after admission to the nursing facility. For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are screened after nursing facility admission, the nursing facility must include one or both of the screening team members in the discharge planning process for those individuals who the team has determined have discharge potential. The screening team must ensure a smooth transition and follow-up for the individual's return to the community.

Local screening teams shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The screening team shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Subd. 5. [SIMPLIFICATION OF FORMS.] The commissioner shall minimize the number of forms required in the preadmission screening process and shall limit the screening document to items necessary for care plan approval, reimbursement, program planning, evaluation, and policy development.

Subd. 6. [REIMBURSEMENT FOR PREADMISSION SCREENING.] (a) The total screening cost for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's estimate of the total annual cost of screenings allowed in the county for the following rate year by 12 to determine the monthly cost estimate and allocating the monthly cost estimate to each nursing facility based on the number of licensed beds in the nursing facility.

(b) The rate allowed for a screening where two team members are present shall be the actual costs up to \$195. The rate allowed for a screening where only one team member is present shall be the actual costs up to \$117. Annually on July 1, the commissioner shall adjust the rate up to the percentage change forecast in the fourth quarter of the prior calendar year by the Home Health Agency Market Basket of Operating Costs, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc.

(c) The monthly cost estimate for each certified nursing facility must be submitted to the nursing facility and the state by the county no later than February 15 of each year for inclusion in the nursing facility's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing facility as an operating cost of that nursing facility in accordance with section 256B.431, subdivision 2b, paragraph (g).

(d) If in more than ten percent of the total number of screenings

performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent.

(e) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams.

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screening team has determined does not meet the level of care criteria for nursing facility placement.

An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation. However, the local county mental health authority or the local mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or does need active treatment as defined in Public Law Numbers 100-203 and 101-508.

Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.

Sec. 10. [256B.0913] [ALTERNATIVE CARE PROGRAM.]

Subdivision 1. [PURPOSE AND GOALS.] The purpose of the alternative care program is to provide funding for or access to home and community-based services for frail elderly persons, in order to limit unnecessary nursing facility placements. The program is designed to support frail elderly persons in their desire to remain in the community as independently and as long as possible and to support informal caregivers in their efforts to provide care for frail elderly people. Further, the goals of the program are:

(1) to contain medical assistance expenditures by providing care in the community at a cost the same or less than nursing facility costs; and

(2) to maintain the moratorium on new construction of nursing home beds.

Subd. 2. [ELIGIBILITY FOR SERVICES.] Alternative care services are available to all frail older Minnesotans. This includes:

(1) persons who are receiving medical assistance and served under the medical assistance program or the Medicaid waiver program;

(2) persons who would be eligible for medical assistance within 180 days of admission to a nursing facility and served under subdivisions 4 to 13; and

(3) persons who are paying for their services out-of-pocket.

Subd. 3. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR MEDICAL ASSISTANCE RECIPIENTS.] Funding for services for persons who are eligible for medical assistance is available under section 256B.0627, governing home care services, or 256B.0915, governing the Medicaid waiver for home and community-based services.

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(6) the cost of the alternative care services funded by the program for this person does not exceed 80 percent of the total average medical assistance payment for nursing facility care at the individual's case mix classification.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding, are called 180-day eligible clients.

(c) The average payment for nursing facility care shall be the statewide monthly average nursing facility rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous fiscal year. The monthly limit for an individual alternative care client shall be 80 percent of the statewide average medical assistance payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or board and care home.

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

- (1) adult foster care;
- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;
- (7) respite care;
- (8) assisted living; and
- (9) care-related supplies and equipment.

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, companion services, nutrition services, and training for direct informal caregivers. These services must comply with applicable standards or rules. The commissioner shall review the cost of the added services to ensure that the county's average cost per client does not increase more than the approved inflation rate over the previous fiscal year due to the addition of these services. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.

(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed home care agency, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons employed by or contracted with the county agency or the public health nursing agency of the local board of health.

(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care grant clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care grant clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota

Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Subd. 6. [ALTERNATIVE CARE PROGRAM ADMINISTRATION.] The alternative care program is administered by the county agency. This agency is the lead agency responsible for the local administration of the alternative care program as described in this section. However, it may contract with the public health nursing service to be the lead agency.

Subd. 7. [CASE MANAGEMENT.] The lead agency shall appoint a social worker from the county agency or a registered nurse from the county public health nursing service of the local board of health to be the case manager for any person receiving services funded by the alternative care program. The case manager must ensure the health and safety of the individual client and is responsible for the cost effectiveness of the alternative care individual care plan.

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.]

The case manager shall ensure that a plan of care is developed and implemented for each 180-day eligible client and that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary and follow-up services as necessary. In developing the individual's care plan, the case manager shall include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private.

Subd. 9. [CONTRACTING PROVISIONS FOR PROVIDERS.] The lead agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care program, including a minimum of 14 days' written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection. The lead agency shall also document to the commissioner that the agency allowed potential providers an opportunity to be selected to contract with the county agency. Funds reimbursed to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The lead agency must select providers for contracts or agreements using the following criteria and other criteria established by the county:

- (1) the need for the particular services offered by the provider;
- (2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;
- (3) the geographic area to be served;
- (4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;
- (5) rates for each service and unit of service exclusive of county administrative costs;

(6) evaluation of services previously delivered by the provider; and

(7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

Subd. 10. [ALLOCATION FORMULA.] (a) The alternative care appropriation for fiscal years 1992 and beyond shall cover only 180-day eligible clients.

(b) Prior to July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2. The allocation for fiscal year 1992 shall be calculated using a base that is adjusted to exclude the medical assistance share of alternative care expenditures. The adjusted base is calculated by multiplying each county's allocation for fiscal year 1991 by the percentage of county alternative care expenditures for 180-day eligible clients. The percentage is determined based on expenditures for services rendered from April 1, 1990, through March 31, 1991, to the extent claims have been submitted by June 1, 1991.

(c) If the county expenditures for 180-day eligible clients are 95 percent or more of its adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.

(d) If the county expenditures for 180-day eligible clients are less than 95 percent of its adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.

(e) A county under paragraph (d) may receive an increased allocation if annualized service costs for the month of May for 180-day eligible clients are greater than the allocation otherwise determined. A county may apply for this increase by reporting projected expenditures for May to the commissioner by June 1. The amount of the allocation shall not exceed the amount calculated in paragraph (c). The projected expenditures for May must be based on actual 180-day eligible client caseload and the individual cost of clients' care plans. If a county does not report its expenditures for May, the amount in paragraph (d) shall be used.

(f) Calculations for paragraphs (c) and (d) are to be made as follows: for each county, the determination of expenditures shall be based on payments for services rendered from April 1 through

March 31 in the base year, to the extent that claims have been submitted by June 1 of that year.

Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 9 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) Of the remaining targeted funds:

(1) 20 percent shall be reserved for special projects as described in section 256B.0917;

(2) 60 percent shall be reserved to supplement the alternative care grants program and shall be distributed to counties that apply for them according to the following criteria:

(i) Counties shall be ranked from high to low according to their need for long-term care services by multiplying the statewide utilization rate of licensed nursing homes and boarding care homes times the projected numerical change in the county's population 85 years old and over for the period 1990 to 2000, and then dividing by the number of licensed nursing home and boarding care home beds in the county. For the purposes of this section, population counts and projections shall be based on the state demographer's data and the count of licensed nursing home beds and boarding care home beds shall be the count found in the most recently published edition of the health care facilities directory of the department of health. For the purposes of this section, "utilization rate" means the proportion of persons 65 years of age and older in a county who are residing in a licensed nursing home or boarding care home according to the most recent information available from the department of health.

(ii) The projected number of additional nursing home and boarding care home beds that would be needed in each county in the absence of an alternative care program shall be calculated by multiplying the utilization rate times the projected numerical change in the county's population 85 years of age and older for the period 1990 to 2000.

(iii) All targeted funds available under this clause shall be allocated to counties by multiplying one-eighth times the number of beds projected in item (ii) times the statewide average cost of one alternative care grant client for the most recent full year for which

complete cost data is available, beginning with the top-ranked county as found in item (i) and continuing down the list of counties in rank order until the funds are exhausted; and

(3) 20 percent shall be distributed to counties that propose innovative, cost-effective projects to divert community residents from nursing home placement or to relocate nursing home residents to community living. Projects must contribute to the state's overall goals and objectives for long-term care.

(d) Counties that would receive targeted funds according to paragraph (c), clause (2), must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them. If the commissioner does not approve a county's application for targeted funds, the funds shall be reallocated to the next ranking county according to paragraph (c), clause (2), that has not yet received funds. Counties that receive such reallocated funds must comply with this section.

(e) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(f) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 9, paragraphs (c) to (f), to the current year's expenditures.

Subd. 12. [CLIENT PREMIUMS.] A premium is required for all 180-day eligible clients. The commissioner shall establish a premium schedule based on the client's income and assets, to help pay for the cost of participating in the program. The schedule is not subject to chapter 14. The commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form.

Subd. 13. [COUNTY ALTERNATIVE CARE BIENNIAL PLAN.] The commissioner shall establish by rule, in accordance with chapter 14, procedures for the submittal and approval of a biennial county plan for the administration of the alternative care program and the coordination with other planning processes for the older

adult. In addition to the procedures in rule, this county biennial plan shall also include:

(1) information on the administration of the preadmission screening program;

(2) information on the administration of the home and community-based services waiver under section 256B.0915;

(3) an application for targeted funds under subdivision 10; and

(4) an optional notice of intent to apply to participate in the long-term care projects under section 256B.0917.

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 90 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

The commissioner shall reduce the county's reimbursement by the amount of the premium due from each individual as reported by the preadmission screening team at the case opening and by the case manager at each six-month reassessment.

Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

Annually on July 1, the commissioner must adjust the rates allowed for alternative care services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

Sec. 11. [256B.0915] [MEDICAID WAIVER FOR HOME AND COMMUNITY-BASED SERVICES.]

Subdivision 1. [AUTHORITY.] The commissioner is authorized to

apply for a home and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waived services to medical assistance recipients must comply with the criteria approved in the waiver.

Subd. 2. [SPOUSAL IMPOVERISHMENT POLICIES.] The commissioner shall seek to amend the federal waiver and the medical assistance state plan to allow spousal impoverishment criteria as authorized in Code of Federal Regulations, title 42, section 435.726(1924), and as implemented in sections 256B.0575, 256B.058, and 256B.059 to be applied to persons who are served on the home and community-based services waiver.

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The statewide average payment rate is calculated by determining the statewide monthly average nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year.

(c) The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waived services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month must have the commissioner's prior approval.

(e) Annually on July 1, the commissioner must adjust the rates allowed for services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 12. [256B.0917] [SENIORS AGENDA FOR INDEPENDENT LIVING (SAIL) PROJECTS FOR A NEW LONG-TERM CARE STRATEGY.]

Subdivision 1. [PURPOSE, MISSION, GOALS, AND OBJECTIVES.] (a) The purpose of implementing SAIL projects under this section is to demonstrate a new cooperative strategy for the long-term care system in the state of Minnesota. The projects are part of the initial biennial plan for a 20-year strategy. The mission of the 20-year strategy is to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

(1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care; and

(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings.

(b) The objective for the fiscal years 1992 and 1993 biennial plan is to implement at least four but not more than six projects in anticipation of a statewide program. These projects will begin the process of implementing: (1) a coordinated planning and administrative process; (2) a refocused function of the preadmission screening program; (3) the development of additional home, community, and residential alternatives to nursing homes; (4) a program to support the informal caregivers for elderly persons; and (5) programs to strengthen the use of volunteers. This is done in conjunction with an expanded role of the interagency long-term care planning committee as described in section 144A.31. The services offered through these projects will be available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, the county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area must establish a local long-term care coordinating team which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Social Security Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act;

(4) ensuring efficient services provision and nonduplication of funding; and

(5) designating a local lead agency and cooperating agencies to implement the local strategy. For purposes of this section, the local lead agency shall be a county agency, a public health nursing service under the local board of health, or an area agency on aging. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must evaluate the success of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(c) The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(d) The local long-term care coordinating team shall apply to be selected as a project. Once the team is selected as a project, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(e) Projects shall be selected according to the following conditions.

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least five counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation

with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.

(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization - high growth, type 2 is high utilization - high growth, type 3 is high utilization - low growth, and type 4 is low utilization - low growth. Each county or group of counties making a proposal shall be assigned to one of these types.

(4) Projects shall be selected from each of the types in the order that the types are listed in item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b),

clause (3) and for service developers and incentive grants in subdivision 5, paragraphs (b) and (c).

(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects.

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need

assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (e), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to assure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed from the following sources of funding as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993.

(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract.

(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

The amounts available under paragraphs (1) to (3) shall be available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.

(c) Any information and referral functions funded by other sources, such as Title III and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to assure access to information for persons needing help and information regarding long-term care.

(d) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment.

(e) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager. The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to assure that federal regulations and waiver provisions are met. For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.

(f) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

(g) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(a) expansion of alternative care to serve an increased caseload,

over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;

(b) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(1) additional adult family foster care homes;

(2) family adult day care providers as defined in section 256B.0919, subdivision 2;

(3) an assisted living program in an apartment;

(4) a congregate housing service project in a subsidized housing project; and

(5) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(c) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(d) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(e) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(f) one or more caregiver support and respite care projects, as described in subdivision 6; and

(g) an expansion of local volunteer efforts and the organization of a local committee in a selected community for the purpose of developing a community care manager program. For purposes of this paragraph, a community care manager program is a community-based project which hires a registered nurse or social worker to coordinate the volunteers and services for the frail older residents within a neighborhood or community. The project must demonstrate the support of local community organizations, churches, and service agencies.

The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the

local long-term care coordinating team and must be part of the local long-term care strategy. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraphs (b) to (e) and grant funds for paragraphs (f) and (g) shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Subd. 6. [STATEWIDE CAREGIVER SUPPORT AND RESPITE CARE RESOURCE CENTER; CAREGIVER SUPPORT AND RESPITE CARE PROJECTS.] (a) The commissioner shall establish and maintain a statewide resource center for caregiver support and respite care. The resource center shall:

(1) provide information, technical assistance, and training statewide to county agencies and organizations on direct service models of caregiver support and respite care services;

(2) identify and address issues, concerns, and gaps in the statewide network for caregiver support and respite care;

(3) maintain a statewide caregiver support and respite care directory;

(4) educate caregivers on the availability and use of caregiver and respite care services;

(5) promote and expand caregiver training and support groups using existing networks when possible; and

(6) apply for and manage grants related to caregiver support and respite care.

(b) The commissioner shall establish up to 36 projects to expand the respite care network in the state and to support caregivers in their responsibilities for care. The purpose of each project shall be to:

(1) establish a local coordinated network of volunteer and paid respite workers;

(2) coordinate assignment of respite workers to clients and care receivers and assure the health and safety of the client; and

(3) provide training for caregivers and ensure that support groups are available in the community.

(c) The caregiver support and respite care funds shall be available to the four to six local long-term care strategy projects designated in subdivisions 1 to 5.

(d) The commissioner shall publish a notice in the state register to solicit proposals from public or private nonprofit agencies for the projects not included in the four to six local long-term care strategy projects defined in subdivision 2. A county agency may, alone or in combination with other county agencies, apply for caregiver support and respite care project funds. A public or nonprofit agency may apply for project funds if the agency has a letter of agreement with the county or counties in which services will be developed, stating the intention of the county or counties to coordinate their activities with the agency requesting a grant.

(e) The commissioner shall select grantees based on the following criteria:

(1) the ability of the proposal to demonstrate need in the area served, as evidenced by a community needs assessment or other demographic data;

(2) the ability of the proposal to clearly describe how the project will achieve the purpose defined in paragraph (b);

(3) the ability of the proposal to reach underserved populations;

(4) the ability of the proposal to demonstrate community commitment to the project, as evidenced by letters of support and cooperation as well as formation of a community task force;

(5) the ability of the proposal to clearly describe the process for recruiting, training, and retraining volunteers; and

(6) the inclusion in the proposal of the plan to promote the project in the community, including outreach to persons needing the services.

(f) Funds for all projects under this subdivision may be used to:

(1) hire a coordinator to develop a coordinated network of volunteer and paid respite care services and assign workers to clients;

(2) recruit and train volunteer providers;

- (3) train caregivers;
- (4) ensure the development of support groups for caregivers;
- (5) advertise the availability of the caregiver support and respite care project; and
- (6) purchase equipment to maintain a system of assigning workers to clients.
- (g) Project funds may not be used to supplant existing funding sources.

(h) An advisory committee shall be appointed to advise the caregiver support project on the development and implementation of the caregiver support and respite care services projects. The advisory committee shall review procedures and provide advice and technical assistance to the caregiver support project regarding the grant program established under this section. The advisory committee shall consist of not more than 12 people appointed by the commissioner and shall be comprised of representatives from public and private agencies, service providers and consumers from all areas of the state. Members of the advisory committee shall not be compensated for service.

Subd. 7. [EVALUATION AND EXPANSION.] The commissioner shall evaluate the success of the projects against the objective stated in subdivision 1, paragraph (b), and recommend to the legislature the continuation or expansion of the long-term care strategy by February 15, 1993.

Subd. 8. [PUBLIC AWARENESS CAMPAIGN.] The commissioner, with assistance from the commissioner of health and with the advice of the long-term care planning committee, shall contract for a public awareness campaign to educate the general public, seniors, consumers, caregivers, and professionals about the aging process, the long-term care system, and alternatives available including alternative care and residential alternatives. Particular emphasis will be given to informing consumers on how to access the alternatives and obtain information on the long-term care system. The commissioner shall pursue the development of new names for preadmission screening, alternative care, and foster care.

Sec. 13. [256B.0919] [ADULT FOSTER CARE AND FAMILY ADULT DAY CARE.]

Subdivision 1. [ADULT FOSTER CARE LICENSURE CAPACITY.] Notwithstanding Minnesota Rules, part 9555.6165, an adult foster care license holder may care for five adults age 60 years or older who do not have serious and persistent mental illness or a

developmental disability. The license holder under this section shall not be a corporate business which operates more than two facilities.

Subd. 2. [ADULT FOSTER CARE; FAMILY ADULT DAY CARE.] An adult foster care license holder may also provide family adult day care for adults age 60 years or older who do not have serious and persistent mental illness or a developmental disability. The maximum combined license capacity for adult foster care and family adult day care is five adults. A separate license is not required to provide family adult day care under this subdivision. Foster care homes providing services to five adults shall not be subject to licensure by the commissioner of health under the provisions of chapter 144, 144A, 157, or any other law requiring facility licensure by the commissioner of health.

Subd. 3. [COUNTY CERTIFICATION OF PERSONS PROVIDING ADULT FOSTER CARE TO RELATED PERSONS.] A person exempt from licensure under section 245A.03, subdivision 2, who provides adult foster care to a related individual age 65 and older, and who meets the requirements in Minnesota Rules, parts 9555.5105 to 9555.6265, may be certified by the county to provide adult foster care. A person certified by the county to provide adult foster care may be reimbursed for services provided and eligible for funding under sections 256B.0913 and 256B.0915, if the relative would suffer a financial hardship as a result of providing care. For purposes of this subdivision, financial hardship refers to a situation in which a relative incurs a substantial reduction in income because he or she resigns from a full-time job or takes a leave of absence without pay from a full-time job to care for the client.

256B.64 [ATTENDANTS TO VENTILATOR-DEPENDENT RECIPIENTS.]

A ventilator-dependent recipient of medical assistance who has been receiving the services of a private duty nurse or personal care assistant in the recipient's home may continue to have a private duty nurse or personal care assistant present upon admission to a hospital licensed under chapter 144. The personal care assistant or private duty nurse shall perform only the services of communicator or interpreter for the ventilator-dependent patient during a transition period of up to 120 hours to assure adequate training of the hospital staff to communicate with the patient and to understand the unique comfort, safety, and personal care needs of the patient. Sec. 17. Laws 1988, chapter 689, article 2, section 256, subdivision 1, is amended to read:

Subdivision 1. [SELECTION OF PROJECTS.] The commissioner of human services shall establish pilot projects to demonstrate the feasibility and cost-effectiveness of alternatives to nursing home care that involve providing coordinated alternative care grant services for all eligible residents in an identified apartment building or complex or other congregate residential setting. The commissioner shall solicit proposals from counties and shall select up to four counties to participate, including at least one metropolitan county

and one county in greater Minnesota. The commissioner shall select counties for participation based on the extent to which a proposed project is likely to:

- (1) meet the needs of low-income, frail elderly;
- (2) enable clients to live as independently as possible;
- (3) result in cost-savings by reducing the per person cost of alternative care grant services through the efficiencies of coordinated services; and
- (4) facilitate the discharge of elderly persons from nursing homes to less restrictive settings or delay their entry into nursing homes.

Participating counties shall use existing alternative care grant allocations to pay for pilot project services. The counties must contract with a medical assistance-certified home care agency to coordinate and deliver services and must demonstrate to the commissioner that quality assurance and auditing systems have been established. Notwithstanding Minnesota Statutes, section 256B.091, and rules of the commissioner of human services relating to the alternative care grants program, the commissioner may authorize pilot projects to use a monthly pre-capitated rates rate up to 60 percent of the monthly average nursing facility payment rate as defined in Minnesota Statutes, section 256B.0913; to provide expanded services such as chore services, activities, and meal planning, preparation, and serving; and to waive freedom of choice of vendor to the extent necessary to allow one vendor to provide services to all eligible persons in a residence or building. The commissioner may apply for a waiver of federal requirements as necessary to implement the pilot projects.

"ARTICLE 1

SCOPE OF COVERAGE/LIABILITY

Section 1. Minnesota Statutes 1990, section 176.011, subdivision 11a, is amended to read:

Subd. 11a. [FAMILY FARM.] "Family farm" means any farm operation which (1) pays or is obligated to pay less than ~~\$8,000~~ \$20,000 in cash wages, exclusive of machine hire, to farm laborers for services rendered during the preceding calendar year, and (2) has total liability and medical payment coverage equal to \$200,000 and \$5,000, respectively, under a farm liability insurance policy. For purposes of this subdivision, farm laborer does not include any spouse, parent or child, regardless of age, of a farmer employed by the farmer, or any executive officer of a family farm corporation as defined in section 500.24, subdivision 2, or any spouse, parent or child, regardless of age, of such an officer employed by that family farm corporation, or other farmers in the same community or members of their families exchanging work with the employer. Notwithstanding any law to the contrary, a farm laborer shall not be considered as an independent contractor for the purposes of this chapter; provided that a commercial baler or commercial thresher shall be considered an independent contractor.

Sec. 2. Minnesota Statutes 1990, section 176.041, subdivision 1a, is amended to read:

Subd. 1a. [ELECTION OF COVERAGE.] The persons, partnerships and corporations described in this subdivision may elect to provide the insurance coverage required by this chapter.

(a) An owner or owners of a business or farm may elect coverage for themselves.

(b) A partnership owning a business or farm may elect coverage for any partner.

(c) A family farm corporation as defined in section 500.24, subdivision 2, clause (c), may elect coverage for any executive officer.

(d) A closely held corporation which had less than 22,880 hours of payroll in the previous calendar year may elect coverage for any executive officer if that executive officer is also an owner of at least 25 percent of the stock of the corporation.

(e) A person, partnership, or corporation that receives the services of a voluntary uncompensated worker who is not required to be covered under this chapter may elect to provide coverage for that worker.

(f) A person, partnership, or corporation hiring an independent contractor, as defined by rules adopted by the commissioner, may elect to provide coverage for that independent contractor. A person, partnership, or corporation may charge the independent contractor a fee for providing the coverage only if the independent contractor (1) elects in writing to be covered, (2) is issued an endorsement setting forth the terms of the coverage, the name of the independent contractors, and the fee and how it is calculated.

The persons, partnerships, and corporations described in this subdivision may also elect coverage for an employee who is a spouse, parent, or child, regardless of age, of an owner, partner, or executive officer, who is eligible for coverage under this subdivision. Coverage may be elected for a spouse, parent, or child whether or not coverage is elected for the related owner, partner, or executive director and whether or not the person, partnership, or corporation employs any other person to perform a service for hire. Any person for whom coverage is elected pursuant to this subdivision shall be included within the meaning of the term employee for the purposes of this chapter.

Notice of election of coverage or of termination of election under this subdivision shall be provided in writing to the insurer. Coverage or termination of coverage is effective the day following receipt of notice by the insurer or at a subsequent date if so indicated in the notice. The insurance policy shall be endorsed to indicate the names of those persons for whom coverage has been elected or terminated under this subdivision. An election of coverage under this subdivision shall continue in effect as long as a policy or renewal policy of the same insurer is in effect.

Nothing in this subdivision shall be construed to limit the responsibilities of owners, partnerships, or corporations to provide coverage for their employees, if any, as required under this chapter.

Sec. 3. Minnesota Statutes 1990, section 176.183, subdivision 1, is amended to read:

Subdivision 1. When any employee sustains an injury arising out of and in the course of employment while in the employ of an employer, other than the state or its political subdivisions, not

insured or self-insured as provided for in this chapter, the employee or the employee's dependents shall nevertheless receive benefits as provided for in this chapter from the special compensation fund, and the commissioner has a cause of action against the employer for reimbursement for all moneys paid out or to be paid out, and, in the discretion of the court, as punitive damages an additional amount not exceeding 50 60 percent of all moneys paid out or to be paid out. As used in this subdivision, "employer" includes officers of corporations who have legal control, either individually or jointly with another or others, of the payment of wages. An action to recover the moneys shall be instituted unless the commissioner determines that no recovery is possible. All moneys recovered shall be deposited in the general fund. There shall be no payment from the special compensation fund if there is liability for the injury under the provisions of section 176.215, by an insurer or self-insurer.

Sec. 4. Minnesota Statutes 1990, section 176.215, is amended by adding a subdivision to read:

Subd. 1a. [EXCLUSIVE REMEDY.] The liability of a general contractor, intermediate contractor, or subcontractor who pays compensation pursuant to subdivision 1, to an injured individual who is not an employee of the general contractor, intermediate contractor, or subcontractor is exclusive and in the place of any other liability to the individual, the individual's personal representative, surviving spouse, parent, any child, dependent, next of kin, or other person entitled to recover damages on account of the individual's injury or death.

Sec. 5. [EFFECTIVE DATE.]

Section 1 is effective January 1, 1992. Sections 2 to 4 are effective the day following final enactment.

ARTICLE 2

COMPENSATION BENEFITS

Section 1. Minnesota Statutes 1990, section 176.011, subdivision 3, is amended to read:

Subd. 3. [DAILY WAGE.] "Daily wage" means the daily wage of the employee in the employment engaged in at the time of injury but does not include tips and gratuities paid directly to an employee by a customer of the employer and not accounted for by the employee to the employer. If the amount of the daily wage received or to be received by the employee in the employment engaged in at the time of injury was irregular or difficult to determine, or if the employment was part time, the daily wage shall be computed by dividing the total amount the employee actually earned in such employment

in the last 26 weeks, by the total number of days in which the employee actually performed any of the duties of such employment, provided further, that in the case of the construction industry, mining industry, or other industry where the hours of work are affected by seasonal conditions, the weekly wage shall not be less than five times the daily wage. Where board or allowances other than tips and gratuities are made to an employee in addition to wages as a part of the wage contract they are deemed a part of earnings and computed at their value to the employee. In the case of persons performing services for municipal corporations in the case of emergency, then the normal working day shall be considered and computed as eight hours, and in cases where such services are performed gratis or without fixed compensation the daily wage of the person injured shall, for the purpose of calculating compensation payable under this chapter, be taken to be the usual going wage paid for similar services in municipalities where such services are performed by paid employees. If, at the time of injury, the employee was regularly employed by two or more employers, the employee's earnings in all such employments shall be included in the computation of daily wage. Holiday pay and vacation pay shall not be included in the calculation of daily wage.

Sec. 2. Minnesota Statutes 1990, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. Holiday pay and vacation pay shall not be included in the calculation of weekly wage. The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed $66 \frac{2}{3}$ 80 percent of the ~~product of the daily wage times the number of days normally worked~~ employee's after-tax weekly wage, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivi-

vision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 3. Minnesota Statutes 1990, section 176.011, is amended by adding a subdivision to read:

Subd. 18a. [AFTER-TAX WEEKLY WAGE.] "After-tax weekly wage" means the weekly wage reduced by the amounts required to be withheld by the Federal Insurance Contributions Act, United States Code, title 16, sections 3101 to 3126, but without regard to the yearly maximum, and by state and federal income tax laws using as the number of allowances the number of exemptions that the employee is entitled to under federal law for the employee and the employee's dependents and without additional allowances. The after-tax weekly wage must be determined as of the date of injury, and changes in dependents after that date may not be considered.

Sec. 4. Minnesota Statutes 1990, section 176.021, subdivision 3, is amended to read:

Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other nonperiodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section 176.101, subdivision 3. If doubt exists as to the eventual permanent partial disability, payment for the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101, shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of economic recovery compensation or lump sum or periodic payment of impairment permanent partial disability compensation, the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. Economic recovery compensation or impairment compensation pursuant to section 176.101 is payable in

addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. Impairment compensation is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and no credit shall be taken for payment of economic recovery compensation or impairment compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. Economic recovery compensation or impairment compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.

~~The right to receive economic recovery compensation or impairment permanent partial compensation vests in an injured employee or in the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained, provided that the employee lives for at least 30 days beyond the date of the injury. Upon the death of an employee who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met.~~

~~Disability ratings for permanent partial disability shall be based on objective medical evidence. The right is not abrogated by the employee's death prior to the making of the payment.~~

Sec. 5. Minnesota Statutes 1990, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant to this chapter, including temporary total compensation, temporary partial compensation, permanent partial disability, economic recovery com-

~~ensation, impairment compensation, medical compensation, rehabilitation, death, and permanent total compensation.~~

Sec. 6. Minnesota Statutes 1990, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For an injury producing temporary total disability, the compensation is ~~66-2/3~~ 80 percent of the after-tax weekly wage at the time of injury.

~~(1) provided that~~ (b) During the year commencing on October 1, ~~1979~~ 1991, and each year thereafter, commencing on October 1, the maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31, of the preceding year.

~~(2) (c) The minimum weekly compensation benefits for temporary total disability shall be not less than 50~~ payable is 20 percent of the statewide average weekly wage or the injured employee's actual after-tax weekly wage, whichever is less. ~~In no case shall a weekly benefit be less than 20 percent of the statewide average weekly wage.~~

(3) the employee retires by withdrawing from the labor market;

(4) the employee fails to diligently search for appropriate work;

(5) the employee refuses an offer of work that is consistent with a plan of rehabilitation filed with the commissioner which meets the requirements of section 176.102, subdivision 1, or, if no plan has been filed, the employee refuses an offer of work that the employee can do in the employee's physical condition; or

(6) 90 days pass after the employee has reached maximum medical improvement, except as provided in section 176.102, subdivision 11, paragraph (b).

(e) For purposes of this subdivision, the 90-day period after maximum medical improvement commences on the earlier of:

(1) the date that the employee receives a written medical report indicating that the employee has reached maximum medical improvement; or

(2) the date that the employer or insurer serves the report on the employee and the employee's attorney, if any, and files a copy with the division.

(f) Once temporary total disability compensation has ceased under paragraph (d), clause (1), (2), (3), or (4), it may be recommenced prior to 90 days after maximum medical improvement only as follows:

(1) if temporary total disability compensation ceased under paragraph (d), clause (1), it may be recommenced if the employee again becomes disabled as a result of the work-related injury;

(2) if temporary total disability compensation ceased under paragraph (d), clause (2), it may be recommenced if the employee is laid off or terminated for reasons other than misconduct or is medically unable to continue at the job;

(3) if temporary total disability compensation ceased under paragraph (d), clause (3), but the employee subsequently returned to work, it may be recommenced in accordance with paragraph (f), clause (2); or

(4) if temporary total disability compensation ceased under paragraph (d), clause (4), it may be recommenced if the employee begins diligently searching for appropriate work. Temporary total disability compensation recommenced under this paragraph is subject to cessation under paragraph (d).

(g) Once temporary total disability compensation has ceased under paragraph (d), clauses (5) and (6), it may not be recommenced at a later date except as provided under section 176.102, subdivision 11, paragraph (b).

Sec. 7. Minnesota Statutes 1990, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be ~~66-2/3~~ 66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the ~~employee's partially disabled condition.~~ 80 percent of the difference

between the after-tax weekly wage of the employee at the time of injury and the after-tax weekly wage the employee is able to earn in the employee's partially disabled condition.

(b) This Temporary partial compensation shall be paid during the period of disability except as provided in this section; payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to a maximum compensation equal to the statewide average weekly wage: when the employee is working, earning less than the employee's weekly wage at the time of the injury, and the reduction in the wage the employee is able to earn in the employee's partially disabled condition is due to the injury. Except as provided in section 176.102, subdivision 11, paragraph (b), temporary partial compensation may not be paid after the employee has returned to work for 156 weeks, including weeks in which the employee has no wage loss, or after 350 weeks after the date of injury, whichever occurs first.

(c) Temporary partial compensation may not exceed the maximum rate for temporary total compensation and must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 300 percent of the statewide average weekly wage.

Sec. 8. Minnesota Statutes 1990, section 176.101, is amended by adding a subdivision to read:

Subd. 3. [PERMANENT PARTIAL DISABILITY.] (a) Compensation for permanent partial disability is as provided in this subdivision. Permanent partial disability must be rated as a percentage of the whole body in accordance with rules adopted by the commissioner under section 176.105. The percentage determined pursuant to the rules must be multiplied by the corresponding amount in the following table:

<u>Percent of Disability</u>	<u>Amount</u>
<u>0-25</u>	<u>\$ 75,000</u>
<u>26-30</u>	<u>80,000</u>

<u>96-100</u>	<u>400,000</u>

An employee may not receive compensation for more than a 100 percent disability of the whole body, even if the employee sustains disability to two or more body parts.

(b) Permanent partial disability is payable upon cessation of temporary total disability under subdivision 1. If the employee is not working, the compensation is payable in installments at the same intervals and in the same amount as the initial temporary total disability rate. If the employee returns to work, the remaining compensation is payable in a lump sum 30 days after the employee returned to work, provided the employment has not been substantially interrupted by the injury for any part of the 30 days and the employee is still employed at the job at the end of the period. Permanent partial disability is not payable while temporary total compensation is being paid. Permanent partial disability is payable to permanently totally disabled employees in a lump sum at the time the disability can be ascertained.

Sec. 9. Minnesota Statutes 1990, section 176.101, subdivision 4, is amended to read:

Subd. 4. [PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be ~~66 2/3~~ 80 percent of the daily after-tax weekly wage at the time of the injury, subject to a ~~maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to the minimum weekly compensation rates for a temporary total disability.~~ This compensation shall be paid during the permanent total disability of the injured employee but after a total of \$25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if the disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. This reduction shall also apply to any old age and survivor insurance benefits. Permanent total disability payments shall cease at retirement. Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of confinement in the institution, unless there is wholly dependent on the employee for support some person named in section 176.111, subdivision 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of confinement, shall be paid for the benefit of the dependent person during dependency. The depen-

gency of this person shall be determined as though the employee were deceased.

Sec. 10. Minnesota Statutes 1990, section 176.101, subdivision 5, is amended to read:

Subd. 5. [TOTAL DISABILITY DEFINITION.] (a) For purposes of subdivision 4, permanent total disability means only:

(1) the total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties; or

(2) any other injury which totally and permanently incapacitates the employee from working at an occupation which brings the employee an income ~~constitutes total disability.~~

(b) For purposes of paragraph (a), clause (2), "totally and permanently incapacitated" means that the employee's physical disability, in combination with the employee's age, education and training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income. Local labor market conditions may not be considered in making the total and permanent incapacitation determination.

Sec. 11. Minnesota Statutes 1990, section 176.101, subdivision 6, is amended to read:

Subd. 6. [MINORS.] If any employee entitled to the benefits of this chapter is a minor or is an apprentice of any age and sustains a personal injury arising out of and in the course of employment resulting in permanent total or a compensable permanent partial disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for temporary total, temporary partial, a permanent total disability or economic recovery compensation shall be 105 percent of the state-wide average weekly wage.

Sec. 12. Minnesota Statutes 1990, section 176.101, is amended by adding a subdivision to read:

Subd. 9. [MOVING EXPENSES.] An injured employee who has reached maximum medical improvement and who is unable to find suitable gainful employment consistent with the individual's physical disability, in combination with the individual's age, education and training, and experience, due to local labor market conditions is eligible to receive up to \$5,000 for moving expenses, provided:

(1) 90 days have passed after the individual has reached maximum medical improvement;

(2) the individual has actually moved in order to take a new job which constitutes suitable gainful employment; and

(3) the new job is located at a distance greater than 35 miles from the individual's current residence.

Sec. 13. Minnesota Statutes 1990, section 176.102, subdivision 11, is amended to read:

Subd. 11. [RETRAINING; COMPENSATION.] (a) Retraining is limited to 156 weeks. An employee who has been approved for retraining may petition ~~the commissioner~~ for additional compensation not to exceed 25 percent of the compensation otherwise payable. If the commissioner or compensation judge determines that this additional compensation is warranted due to unusual or unique circumstances of the employee's retraining plan, the commissioner or compensation judge may award additional compensation in an amount ~~the commissioner determines is appropriate~~, not to exceed the employee's request. This additional compensation shall cease at any time the commissioner or compensation judge determines the special circumstances are no longer present.

(b) If the employee is not working during a retraining plan that has been specifically approved under this section, temporary total compensation is payable for up to 90 days after the end of the retraining plan; except that, payment during the 90-day period is subject to cessation in accordance with section 176.101, subdivision 1, paragraph (d), clauses (1) to (5). If the employee is working during the retraining plan but earning less than at the time of injury, temporary partial compensation is payable at the rate of 80 percent of the difference between the employee's after-tax weekly wage at the time of injury and the after-tax weekly wage the employee is able to earn in the employee's partially disabled condition, subject to the maximum rate for temporary total compensation. Temporary partial compensation is not subject to either the 156-week or the 350-week limitation provided by section 176.101, subdivision 2, during the retraining plan, but is subject to those limitations before and after the plan.

(c) Retraining may not be approved if the employee has refused suitable gainful employment, as defined by rule.

Sec. 14. Minnesota Statutes 1990, section 176.105, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE; RULES.] (a) The commissioner of labor and industry shall by rule establish a schedule of degrees of

disability resulting from different kinds of injuries. Disability ratings under the schedule for permanent partial disability must be based on objective medical evidence. The commissioner, in consultation with the medical services review board, shall periodically review the rules adopted under this paragraph to determine whether any injuries omitted from the schedule should be compensable and amend the rules accordingly.

(b) No permanent partial disability compensation shall be payable except in accordance with the disability ratings established under this subdivision. The schedule may provide that minor impairments receive a zero rating.

Sec. 15. Minnesota Statutes 1990, section 176.105, subdivision 4, is amended to read:

Subd. 4. [LEGISLATIVE INTENT; RULES; LOSS OF MORE THAN ONE BODY PART.] (a) For the purpose of establishing a disability schedule pursuant to clause (b), the legislature declares its intent that the commissioner establish a disability schedule which, assuming the same number and distribution of severity of injuries, the aggregate total of impairment compensation and economic recovery compensation benefits under section 176.101, subdivisions 3a to 3u be approximately equal to the total aggregate amount payable for permanent partial disabilities under section 176.101, subdivision 3, provided, however, that awards for specific injuries under the proposed schedule need not be the same as they were for the same injuries under the schedule pursuant to section 176.101, subdivision 3. The schedule shall be determined by sound actuarial evaluation and shall be based on the benefit level which exists on January 1, 1983.

(b) The commissioner shall by rulemaking adopt procedures setting forth rules for the evaluation and rating of functional disability and the schedule for permanent partial disability and to determine the percentage of loss of function of a part of the body based on the body as a whole, including internal organs, described in section 176.101, subdivision 3, and any other body part not listed in section 176.101, subdivision 3, which the commissioner deems appropriate.

The rules shall promote objectivity and consistency in the evaluation of permanent functional impairment due to personal injury and in the assignment of a numerical rating to the functional impairment.

Prior to adoption of rules the commissioner shall conduct an analysis of the current permanent partial disability schedule for the purpose of determining the number and distribution of permanent partial disabilities and the average compensation for various permanent partial disabilities. The commissioner shall consider setting

the compensation under the proposed schedule for the most serious conditions higher in comparison to the current schedule and shall consider decreasing awards for minor conditions in comparison to the current schedule.

The commissioner may consider, among other factors, and shall not be limited to the following factors in developing rules for the evaluation and rating of functional disability and the schedule for permanent partial disability benefits:

(1) the workability and simplicity of the procedures with respect to the evaluation of functional disability;

(2) the consistency of the procedures with accepted medical standards;

(3) rules, guidelines, and schedules that exist in other states that are related to the evaluation of permanent partial disability or to a schedule of benefits for functional disability provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of clause (a);

(4) rules, guidelines, and schedules that have been developed by associations of health care providers or organizations provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of clause (a);

(5) the effect the rules may have on reducing litigation;

(6) the treatment of preexisting disabilities with respect to the evaluation of permanent functional disability provided that any preexisting disabilities must be objectively determined by medical evidence; and

(7) symptomatology and loss of function and use of the injured member.

The factors in paragraphs (1) to (7) shall not be used in any individual or specific workers' compensation claim under this chapter but shall be used only in the adoption of rules pursuant to this section.

Nothing listed in paragraphs (1) to (7) shall be used to dispute or challenge a disability rating given to a part of the body so long as the whole schedule conforms with the expressed intent of clause (a).

(c) If an employee suffers a permanent functional disability of more than one body part due to a personal injury incurred in a single

occurrence, the percent of the whole body which is permanently partially disabled shall be determined by the following formula so as to ensure that the percentage for all functional disability combined does not exceed the total for the whole body:

$$A + B (1 - A)$$

where: A is the greater percentage whole body loss of the first body part; and B is the lesser percentage whole body loss otherwise payable for the second body part. $A + B (1 - A)$ is equivalent to $A + B - AB$.

For permanent partial disabilities to three body parts due to a single occurrence or as the result of an occupational disease, the above formula shall be applied, providing that A equals the result obtained from application of the formula to the first two body parts and B equals the percentage for the third body part. For permanent partial disability to four or more body parts incurred as described above, A equals the result obtained from the prior application of the formula, and B equals the percentage for the fourth body part or more in arithmetic progressions.

Sec. 16. Minnesota Statutes 1990, section 176.111, subdivision 6, is amended to read:

In case of the death of either of the wholly dependent parents the survivor shall receive ~~35~~ 85 percent of the after-tax weekly wage thereafter. If the deceased employee ~~leave~~ leaves one parent wholly dependent on the deceased, there shall be paid to such parent ~~35~~ 85 percent of the after-tax weekly wage at the time of the injury of the deceased employee. If the deceased leaves no dependents, no compensation is payable, except as provided by this chapter.

Sec. 23. Minnesota Statutes 1990, section 176.111, subdivision 20, is amended to read:

Subd. 20. [ACTUAL DEPENDENTS, COMPENSATION.] Actual dependents are entitled to take compensation in the order named in subdivision 3 during dependency until ~~66-2/3~~ 85 percent of the after-tax weekly wage of the deceased at the time of injury is exhausted. Sec. 26. Minnesota Statutes 1990, section 176.131, is amended by adding a subdivision to read:

Subd. 13. [APPLICABLE LAW.] The right to reimbursement under this section is governed by the law in effect on the date of the subsequent injury.

Sec. 27. Minnesota Statutes 1990, section 176.132, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBLE RECIPIENTS.] (a) An employee who has suffered personal injury prior to October 1, 1983 for which benefits are payable under section 176.101 and who has been totally disabled for more than 104 weeks shall be eligible for supplementary benefits as prescribed in this section after 104 weeks have elapsed and for the remainder of the total disablement. Regardless of the number of weeks of total disability, no totally disabled person is ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, ~~except as provided by clause (b)~~, provided that all periods of disability are caused by the same injury.

(b) An employee who has suffered personal injury after October 1, 1983, and before October 1, 1987, is eligible to receive supplementary benefits after the employee has been receiving temporary total or permanent total benefits for 208 weeks. Regardless of the number of weeks of total disability, no person who is receiving temporary total compensation shall be ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, provided that all periods of disability are caused by the same injury.

(c) An employee who has suffered a personal injury after October 1, 1987, and is permanently totally disabled as defined in section 176.101, subdivisions 4 and 5, is eligible to receive supplementary benefits after the employee has been receiving temporary total or permanent total benefits for 208 weeks. Regardless of the number of weeks of total disability, no person who is receiving permanent total compensation shall be ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, provided that all periods of disability are caused by the same injury.

Sec. 28. Minnesota Statutes 1990, section 176.132, subdivision 2, is amended to read:

Subd. 2. [AMOUNT.] (a) ~~The supplementary benefit payable under this section subdivision 1, paragraphs (a) and (b), shall be the difference between the amount the employee receives on or after January 1, 1976, under section 176.101, subdivision 1 or 4, and 65 percent of the statewide average weekly wage as computed annually.~~

The supplementary benefit payable under subdivision 1, paragraph (c), shall be the difference between:

(1) the amount the employee receives on or after October 1, 1991, under section 176.101, subdivision 4; plus the amount of disability benefits being paid under any government disability benefit program, provided those benefits are a result of the same injury or injuries giving rise to payments under section 176.101, subdivision 4; plus the amount of any federal old age and survivors insurance benefits; and

(2) 50 percent of the statewide average weekly wage, as computed annually.

(b) In the event an eligible recipient is currently receiving no compensation or is receiving a reduced level of compensation because of a credit being applied as the result of a third party liability or damages, the employer or insurer shall compute the offset credit as if the individual were entitled to the actual benefit or 65 50 percent of the statewide average weekly wage as computed annually, whichever is greater. If this results in the use of a higher credit than otherwise would have been applied and the employer or insurer becomes liable for compensation benefits which would otherwise not have been paid, the additional benefits resulting shall be handled according to this section.

(c) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of a valid agreement in settlement of a claim, no supplementary benefit shall be payable under this section. Attorney's fees shall be allowed in settlements of claims for supplementary benefits in accordance with this chapter.

(d) In the event an eligible recipient under subdivision 1, paragraph (a) or (b), is receiving no compensation or is receiving a reduced level of compensation because of prior limitations in the maximum amount payable for permanent total disability or because of reductions resulting from the simultaneous receipt of old age or disability benefits, the supplementary benefit shall be payable for the difference between the actual amount of compensation currently being paid and 65 percent of the statewide average weekly wage as computed annually.

(e) In the event that an eligible recipient is receiving simultaneous benefits from any government disability program, the amount of supplementary benefits payable under this section shall be reduced by five percent. If the individual does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provisions of United States Code, title 42, section 424a(d), this reduction shall not apply.

(f) Notwithstanding any other provision in this subdivision to the contrary, if the individual eligible recipient does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provision of United States Code, title 42, section 424a(d), the calculation of supplementary benefits payable to the individual shall be as provided under this section in Minnesota Statutes ~~1988~~ 1990.

Sec. 29. Minnesota Statutes 1990, section 176.132, subdivision 3, is amended to read:

Subd. 3. [PAYMENT.] The payment of supplementary benefits shall be the responsibility of the employer or insurer currently paying total disability benefits under subdivision 1, paragraph (a) or (b), or currently paying permanent total disability benefits under subdivision 1, paragraph (c), or any other payer of such benefits. When the eligible individual is not currently receiving benefits because the total paid has reached the maximum prescribed by law the employer and insurer shall, nevertheless, pay the supplementary benefits that are prescribed by law. The employer or insurer paying the supplementary benefit shall have the right of full reimbursement from the special compensation fund for the amount of such benefits paid.

Sec. 30. [176.178] [FRAUD.]

Any person who, with intent to defraud, receives workers' compensation benefits to which the person is not entitled by knowingly misrepresenting, misstating, or failing to disclose any material fact is guilty of theft and shall be sentenced pursuant to section 609.52, subdivision 3.

Sec. 31. Minnesota Statutes 1990, section 176.179, is amended to read:

When the payments have been made

to a person who is entitled to receive further payments of compensation for the same injury, the mistaken compensation may be taken as a full credit against future lump sum benefit entitlement and as a partial credit against future weekly benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of ~~economic recovery or impairment~~ permanent partial compensation shall not exceed 20 percent of the amount that would otherwise be payable.

Where the commissioner or compensation judge determines that the mistaken compensation was not received in good faith, the commissioner or compensation judge may order reimbursement of the compensation or order a credit for the compensation against any future monetary benefits from the same injury. The credit may be up to 100 percent of the amount of monetary benefits otherwise payable. For purposes of this section, a payment is not received in good faith if it is obtained through fraud, or if the employee knew or should have known that the compensation was paid under mistake of fact or law, and the employee has not refunded the mistaken compensation.

A credit may not be applied against medical expenses due or payable.

Sec. 32. Minnesota Statutes, section 176.221, subdivision 6a, is amended to read:

Subd. 6a. Subdivision 1. [AMOUNT.] For injuries occurring after October 1, 1975 for which benefits are payable under section 176.101, subdivisions 1, 2 and 4, and section 176.111, subdivision 5, the total benefits due the employee or any dependents shall be adjusted in accordance with this section. On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previ-

ous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. No adjustment increase made on October 1, ~~1977~~ 1991 or thereafter under this section shall exceed ~~six~~ four percent a year. The employee shall be eligible for supplementary benefits notwithstanding the provisions of section 176.132, after four years have elapsed since the date of last significant exposure to the hazard of the occupational disease if that employee's weekly compensation rate is less than the current supplementary benefit rate.

Sec. 36. Minnesota Statutes 1990, section 268.08, subdivision 3, is amended to read:

Subd. 3. [NOT ELIGIBLE.] An individual shall not be eligible to receive benefits for any week with respect to which the individual is receiving, has received, or has filed a claim for remuneration in an amount equal to or in excess of the individual's weekly benefit amount in the form of:

(1) termination, severance, or dismissal payment or wages in lieu of notice whether legally required or not; provided that if a termination, severance, or dismissal payment is made in a lump sum, the employer may allocate such lump sum payment over a period equal to the lump sum divided by the employee's regular pay while employed by such employer; provided any such payment shall be applied for a period immediately following the last day of work but not to exceed 28 calendar days; or

(5) 50 percent of a primary insurance benefit under title II of the Social Security Act, as amended, or similar old age benefits under any act of congress or this state or any other state.

Provided, that if such remuneration is less than the benefits which would otherwise be due under sections 268.03 to 268.231, the individual shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration; provided, further, that if the appropriate agency of such other state or the federal government finally determines that the individual is not entitled to such benefits, this provision shall not apply. If the computation of reduced benefits, required by this subdivision, is not a whole dollar amount, it shall be rounded down to the next lower dollar amount.

Sec. 37. Minnesota Statutes 1990, section 353.33, subdivision 5, is amended to read:

The tables or formulas must be based on the applicable federal income tax and social security laws and state income tax laws in effect on the preceding April 1. These tables or formulas are conclusive for the purposes of converting the weekly wage into after-tax weekly wage. The commissioner may contract with the department of revenue or any other person or organization in order to adopt the tables or formulas. The adoption of the tables or formulas is exempt from the administrative rulemaking provisions of chapter 14.

(b) The procedures established by the commissioner shall must limit, in accordance with subdivisions 1a and 1b, the charges allowable for medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135, based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing. The procedures established by the commissioner for determining whether or not the charge for a health service is excessive shall must be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures shall must

incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Subd. 1a. [RELATIVE VALUE FEE SCHEDULE.] The liability of an employer for services included in the medical fee schedule is limited to the maximum fee allowed by the schedule in effect on the date of the medical service, or the provider's actual fee, whichever is lower. The medical fee schedule effective on October 1, 1990, shall remain in effect until the commissioner adopts a new schedule by permanent rule, but shall remain in effect no later than June 1, 1993. The commissioner shall adopt permanent rules regulating fees, except fees limited by subdivision 1b, by implementing a relative value fee schedule to be effective on October 1, 1992, or as soon thereafter as possible. The conversion factors for the relative value fee schedule shall reasonably reflect a 15 percent overall reduction from 1991 charges, based on a sample of the most common services billed in the first six months of 1991 that is large enough to be statistically valid.

After permanent rules have been adopted to implement this section, the conversion factors must be adjusted annually on October 1, by the percentage change in the statewide average weekly wage as set forth in section 176.645, subdivision 1. The commissioner shall annually give notice in the State Register of the adjusted conversion factors. This notice shall be in lieu of the requirements of chapter 14.

Sec. 23. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

[LIMITATION OF LIABILITY.] (a) The liability of the employer for treatment, articles, and supplies provided to an employee while an inpatient or outpatient at a hospital or an outpatient at a same-day surgical facility or emergency room shall be limited to 85 percent of the amount charged.

(b) For the services rendered under paragraph (a) by a hospital with 100 or fewer licensed acute care beds, the liability of employers shall be the actual hospital charges.

(c) The liability of the employer for the treatment, articles, and supplies that are not limited by subdivision 1a or paragraph (a) shall be limited to the provider's actual charge, or the charges that prevail in the same community for similar treatment, articles, and supplies furnished to an injured person when paid for by the injured

person, whichever is lower. On this basis, the commissioner or compensation judge may determine the reasonable value of all treatment, services, and supplies, and the liability of the employer is limited to that amount.

Sec. 24. Minnesota Statutes 1990, section 176.136, subdivision 2, is amended to read:

Subd. 2. In such a case, the health care provider may initiate an action under this chapter for recovery of the amounts deemed excessive by the employer or insurer, but the employer or insurer shall have the burden of proving excessiveness.

A charge for a health service or medical service is excessive if it:

(1) exceeds the maximum permissible charge pursuant to subdivision 1 or section 176.135, subdivision 1a;

Sec. 15. [79.65] [DATA SERVICE ORGANIZATIONS; COVERAGE.]

Subdivision 1. [EXAMINATION BY COMMISSIONER.] Data service organizations are subject to all the provisions of this chapter. The commissioner or an authorized representative of the commissioner may visit the rating association at any reasonable time and examine, audit, or evaluate the rating association's operations, records, and practices. For purposes of this section, "authorized representative of the commissioner" includes employees of the departments of commerce or labor and industry or other parties

retained by the commissioner. An examination under this section may be done of any member of data service organizations for purposes of workers' compensation insurance regulation.

Subd. 2. [COSTS AND EXPENSES.] The commissioner may order and the data service organization shall pay the costs and expenses of any examination, audit, or evaluation conducted pursuant to subdivision 1. If no order is issued, a sum sufficient to pay these costs and expenses is appropriated from the special compensation fund to the commissioner of commerce.

Sec. 16. [79.70] [INVESTIGATIONS AND SUBPOENAS.]

Subdivision 1. [GENERAL POWERS.] In connection with the administration of this chapter, the commissioner of commerce may:

(1) make public or private investigations within or without this state as the commissioner considers necessary to determine whether any person has violated or is about to violate this chapter or any rule or order under this chapter, or to aid in the enforcement of this chapter, or in the prescribing of rules or forms under this chapter;

(2) require or permit any person to file a statement in writing, under oath or otherwise as the commissioner determines, as to all the facts and circumstances concerning the matter being investigated;

(3) hold hearings, upon reasonable notice, in respect to any matter arising out of the administration of this chapter;

(4) conduct investigations and hold hearings for the purpose of compiling information with a view to recommending changes in this chapter to the legislature;

(5) examine the books, accounts, records, and files of every licensee under this chapter and of every person who is engaged in any activity regulated under this chapter; the commissioner or a designated representative shall have free access during normal business hours to the offices and places of business of the person, and to all books, accounts, papers, records, files, safes, and vaults maintained in the place of business;

(6) publish information which is contained in any order issued by the commissioner; and

(7) require any person subject to this chapter to report all sales or transactions that are regulated under this chapter. The reports must be made within ten days after the commissioner has ordered the report. The report is accessible only to the respondent and other

governmental agencies unless otherwise ordered by a court of competent jurisdiction.

Subd. 2. [POWER TO COMPEL PRODUCTION OF EVIDENCE.] For the purpose of any investigation, hearing, or proceeding under this chapter, the commissioner or a designated representative may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of books, papers, correspondence, memoranda, agreements, or other documents or records that the commissioner considers relevant or material to the inquiry.

Subd. 3. [COURT ORDERS.] In case of a refusal to appear or a refusal to obey a subpoena issued to any person, the district court, upon application by the commissioner, may issue to any person an order directing that person to appear before the commissioner, or the officer designated by the commissioner, to produce documentary evidence if so ordered or to give evidence relating to the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

Subd. 4. [SCOPE OF PRIVILEGE.] No person is excused from attending and testifying or from producing any document or record before the commissioner, or from obedience to the subpoena of the commissioner or any officer designated by the commissioner or in a proceeding instituted by the commissioner, on the ground that the testimony or evidence required may tend to incriminate that person or subject that person to a penalty or forfeiture. No person may be prosecuted or subjected to a penalty or forfeiture for a transaction, matter, or thing concerning which the person is compelled, after claiming the privilege against self-incrimination, to testify or produce documentary or other evidence except that the individual is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

Subd. 5. [LEGAL ACTIONS; INJUNCTIONS; CEASE AND DESIST ORDERS.] (a) Whenever it appears to the commissioner that any person has engaged in or is about to engage in any act or practice constituting a violation of this chapter, or any rule or order adopted under this chapter, the commissioner has the powers indicated under paragraphs (b) and (c).

(b) The commissioner may bring an action in the name of the state in the district court of the appropriate county to enjoin the acts or practices and to enforce compliance with this chapter, or any rule or order adopted or issued under this chapter, or the commissioner may refer the matter to the attorney general or the county attorney of the appropriate county. Upon a proper showing, a permanent or temporary injunction, restraining order, or other appropriate relief must be granted.

(c) The commissioner may issue and serve an order requiring a person to cease and desist from violations of this chapter, or any rule or order adopted or issued under this chapter. The order must give reasonable notice of the rights of the person to request a hearing and must state the reasons for the entry of the order. A hearing must be held not later than seven days after the request for the hearing is received by the commissioner. Within 20 days after receiving the administrative law judge's report, the commissioner shall issue a further order vacating the cease and desist order or making it permanent as the facts require. If no hearing is requested within 30 days of service of the order, the order will become final and will remain in effect until it is modified or vacated by the commissioner. Unless otherwise provided, all hearings must be conducted in accordance with chapter 14. If a person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, the person is in default, and the proceeding may be determined against that person upon consideration of the cease and desist order, the allegations of which may be considered to be true. The commissioner may adopt rules of procedure concerning all proceedings conducted under this paragraph.

Subd. 6. [VIOLATIONS AND PENALTIES.] The commissioner may impose a civil penalty not to exceed \$2,000 per violation upon a person who violates this chapter, unless a different penalty is specified under this chapter.

Subd. 7. [ACTIONS AGAINST LICENSEES.] In addition to any other actions authorized by this section, the commissioner may, by order, deny, suspend, or revoke the authority or license of a person subject to this chapter, or censure that person if the commissioner finds that the order is in the public interest or the person has violated this chapter.

Subd. 8. [POWERS ADDITIONAL.] The powers contained in subdivisions 1 to 8 are in addition to all other powers of the commissioner.

Sec. 17. [79.75] [ACCESS TO INSURER.]

The commissioner, or the designated person, shall have free access during normal business hours to all books, records, securities, documents, and any or all papers relating to the property, assets, business, and affairs of any company, applicant, association, or person that may be examined pursuant to this chapter for the purpose of ascertaining, appraising, and evaluating the assets, conditions, affairs, operations, ability to fulfill obligations, and compliance with all the provisions of law of the company or person insofar as any of the above pertain to the business of insurance of a person, organization, or corporation transacting, having transacted, or being organized to transact business in this state. Every company or person being examined including officers, directors, and agents,

shall provide to the commissioner or the designated person convenient and free access at all reasonable hours at its office to all books, records, securities, documents, and any or all papers relating to the property, assets, business, and affairs of the company or person. The officers, directors, and agents of the company or person shall facilitate the examination and aid in the examination so far as it is in their power to do so.

Sec. 18. Minnesota Statutes 1990, section 176A.03, is amended by adding a subdivision to read:

Subd. 3. [COVERAGE OUTSIDE STATE.] Policies issued by the fund pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The fund may apply for and obtain any licensure required in any other state in order to issue the coverage.

Sec. 19. Minnesota Statutes 1990, section 221.141, subdivision 1, is amended to read:

Subdivision 1. [FINANCIAL RESPONSIBILITY OF CERTAIN CARRIERS.] No motor carrier and no interstate carrier shall operate a vehicle until it has obtained and has in effect the minimum amount of financial responsibility required by this section. Policies of insurance, surety bonds, other types of security, and endorsements must be continuously in effect and must remain in effect until canceled. Before providing transportation, the motor carrier or interstate carrier shall secure and cause to be filed with the commissioner and maintain in full effect, both a certificate of insurance in a form required by the commissioner, evidencing public liability insurance in the amount prescribed, and acceptable evidences of compliance with the workers' compensation insurance coverage requirements of section 176.181, subdivision 2, by providing the name of the insurance company, the policy number, and the dates of coverage, or the permit to self-insure. The insurance must cover injuries and damage to persons or property resulting from the operation or use of motor vehicles, regardless of whether each vehicle is specifically described in the policy. This insurance does not apply to injuries or death to the employees of the motor carrier or to property being transported by the carrier. The commissioner shall require cargo insurance for certificated carriers, except those carrying passengers exclusively. The commissioner may require a permit carrier to file cargo insurance when the commissioner deems necessary to protect the users of the service.

Sec. 20. [NOTICE OF INTENT TO CHALLENGE RATE LEVEL CHANGE.]

Notwithstanding Minnesota Statutes, section 79.56, subdivision 5, the commissioner shall have an additional 90 days to give notice

of intent to hold a hearing pursuant to that section. This section applies only to challenges to an insurer's change in existing rate levels or rating plan filed between the date the 1992 report required under section 79.60 is approved by the commissioner of commerce and six months thereafter.

Sec. 21. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in articles 1 to 4 and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of rates in effect on October 1, 1991, must be reduced by 17 percent and applied by the insurer to all policies issued, renewed, or outstanding on or after that date. An insurer may not adjust its filed rating plan to recoup the 17 percent mandated rate reduction under this section. The reduction must be computed on the basis of a 17 percent premium reduction prorated to the expiration of that policy. An insurer shall provide a written notice by November 1, 1991, to all employers having an outstanding policy with the insurer as of October 1, 1991, that reads as follows: "As a result of the changes in the workers' compensation insurance system enacted by the 1991 legislature, you are entitled to a credit or refund to your current premium in an amount of \$..... which reflects a 17 percent mandated premium reduction prorated to the expiration of your policy."

(b) No rate increases may be filed between April 1, 1991 and January 1, 1992.

(c) The commissioner of labor and industry shall survey Minnesota employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1992.

Sec. 22. [ADJUSTMENT.]

Within 60 days of final enactment of this legislation, the board shall determine whether any adjustment in the assigned risk rates in effect as of the date of enactment are required by this section.

Sec. 23. [REPEALER.]

Minnesota Statutes 1990, sections 79.54, 79.57, and 79.58, subdivision 1, are repealed.

Sec. 24. [EFFECTIVE DATE.]

This article is effective January 1, 1992; except that, section 21, paragraphs (a) and (c), are effective October 1, 1991; and section 21, paragraph (b), is effective the day following final enactment.

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 253B.03, is amended to read:

253B.03 [RIGHTS OF PATIENTS.]

Subdivision 1. [RESTRAINTS.] A patient has the right to be free from restraints. Restraints shall not be applied to a patient unless the head of the treatment facility or a member of the medical staff determines that they are necessary for the safety of the patient or others. Restraints shall not be applied to patients with mental retardation except as permitted under section 245.825 and rules of the commissioner of human services. Consent must be obtained from the person or person's guardian except for emergency procedures as permitted under rules of the commissioner adopted under section 245.825. Each use of a restraint and reason for it shall be made part of the clinical record of the patient under the signature of the head of the treatment facility.

Subd. 2. [CORRESPONDENCE.] A patient has the right to correspond freely without censorship. The head of the treatment facility may restrict correspondence on determining that the medical welfare of the patient requires it. For patients in regional facilities, that determination may be reviewed by the commissioner. Any limitation imposed on the exercise of a patient's correspondence rights and the reason for it shall be made a part of the clinical record of the patient. Any communication which is not delivered to a patient shall be immediately returned to the sender.

Subd. 3. [VISITORS AND PHONE CALLS.] Subject to the general rules of the treatment facility, a patient has the right to receive visitors and make phone calls. The head of the treatment facility may restrict visits and phone calls on determining that the medical welfare of the patient requires it. Any limitation imposed on the exercise of the patient's visitation and phone call rights and the reason for it shall be made a part of the clinical record of the patient.

Subd. 4. [SPECIAL VISITATION; RELIGION.] A patient has the right to meet with or call a personal physician, spiritual advisor, and counsel at all reasonable times. The patient has the right to continue the practice of religion.

Subd. 5. [PERIODIC ASSESSMENT.] A patient has the right to periodic medical assessment. The head of a treatment facility shall have the physical and mental condition of every patient assessed as frequently as necessary, but not less often than annually. If a person is committed as mentally retarded for an indeterminate period of time, the three-year judicial review must include the annual reviews for each year as outlined in Minnesota Rules, part 9525.0075, subpart 6.

Subd. 6. [CONSENT FOR MEDICAL PROCEDURE.] A patient

has the right to prior consent to any medical or surgical treatment, other than ~~the treatment of mental illness or for chemical dependency or nonintrusive treatment for mental illness~~. A patient with ~~mental retardation or the patient's guardian or conservator~~ has the right to give or withhold consent before:

(1) ~~the implementation of any aversive or deprivation procedure except for emergency procedures permitted in rules of the commissioner adopted under section 245.825; or~~

(2) ~~the administration of psychotropic medication.~~

The following procedures shall be used to obtain consent for any treatment necessary to preserve the life or health of any committed patient:

(a) The written, informed consent of a competent adult patient for the treatment is sufficient.

(b) If the patient is subject to guardianship or conservatorship which includes the provision of medical care, the written, informed consent of the guardian or conservator for the treatment is sufficient.

(c) If the head of the treatment facility determines that the patient is not competent to consent to the treatment and the patient has not been adjudicated incompetent, written, informed consent for the surgery or medical treatment shall be obtained from the nearest proper relative. For this purpose, the following persons are proper relatives, in the order listed: the patient's spouse, parent, adult child, or adult sibling. If the nearest proper relatives cannot be located or refuse to consent to the procedure, the head of the treatment facility or an interested person may petition the committing court for approval for the treatment or may petition a court of competent jurisdiction for the appointment of a guardian or conservator. The determination that the patient is not competent, and the reasons for the determination, shall be documented in the patient's clinical record.

(d) Consent to treatment of any minor patient shall be secured in accordance with sections 144.341 to 144.346, except that a minor 16 years of age or older may give valid consent for hospitalization, routine diagnostic evaluation, and emergency or short-term acute care.

(e) In the case of an emergency when the persons ordinarily qualified to give consent cannot be located, the head of the treatment facility may give consent.

No person who consents to treatment pursuant to the provisions of

this subdivision shall be civilly or criminally liable for the performance or the manner of performing the treatment. No person shall be liable for performing treatment without consent if written, informed consent was given pursuant to this subdivision. This provision shall not affect any other liability which may result from the manner in which the treatment is performed.

Subd. 6a. [CONSENT FOR TREATMENT FOR MENTAL RETARDATION.] A patient with mental retardation or the patient's guardian or conservator has the right to give or withhold consent before:

(1) the implementation of any aversive or deprivation procedure except for emergency procedures permitted in rules of the commissioner adopted under section 245.825; or

(2) the administration of psychotropic medication.

Subd. 6b. [CONSENT FOR TREATMENT FOR MENTAL ILLNESS.] A competent person admitted or committed to a treatment facility may be subjected to intrusive treatment for mental illness only with that person's written informed consent. For purposes of this section, "intrusive treatment for mental illness" means electroshock therapy and neuroleptic medication. An incompetent person who has prepared a declaration under subdivision 6d regarding treatment with intrusive therapies must be treated in accordance with this section, except in cases of emergencies.

Subd. ~~6a.~~ 6c. [ADMINISTRATION OF NEUROLEPTIC MEDICATIONS.] (a) Neuroleptic medications may be administered to persons committed as mentally ill or mentally ill and dangerous only as described in this subdivision.

(b) A neuroleptic medication may be administered to a patient who is competent to consent to neuroleptic medications if the patient has given written, informed consent to administration of the neuroleptic medication.

(c) A neuroleptic medication may be administered to a patient who is not competent to consent to neuroleptic medications if the patient, when competent, prepared a declaration under subdivision 6d requesting the treatment or authorizing a proxy to request the treatment or if a court approves the administration of the neuroleptic medication.

(d) A neuroleptic medication may be administered without court review to a patient who has not prepared a declaration under subdivision 6d and who is not competent to consent to neuroleptic medications if:

(1) the patient does not object to or refuse the medication;

(2) a guardian ad litem appointed by the court with authority to consent to neuroleptic medications gives written, informed consent to the administration of the neuroleptic medication; and

(3) a multidisciplinary treatment review panel composed of persons who are not engaged in providing direct care to the patient gives written approval to administration of the neuroleptic medication.

(e) A neuroleptic medication may be administered without judicial review and without consent in an emergency situation for so long as the emergency continues to exist if the treating physician determines that the medication is necessary to prevent serious, immediate physical harm to the patient or to others. The treatment facility shall document the emergency in the patient's medical record in specific behavioral terms.

(f) A person who consents to treatment pursuant to this subdivision is not civilly or criminally liable for the performance of or the manner of performing the treatment. A person is not liable for performing treatment without consent if written, informed consent was given pursuant to this subdivision. This provision does not affect any other liability that may result from the manner in which the treatment is performed.

(g) The court may allow and order paid to a guardian ad litem a reasonable fee for services provided under paragraph (c), or the court may appoint a volunteer guardian ad litem.

(h) A medical director or patient may petition the committing court, or the court to which venue has been transferred, for a hearing concerning the administration of neuroleptic medication. A hearing may also be held pursuant to section 253B.08, 253B.09, 253B.12, or 253B.18. The hearing concerning the administration of neuroleptic medication must be held within 14 days from the date of the filing of the petition. The court may extend the time for hearing up to an additional 15 days for good cause shown.

Subd. 6d. [ADULT MENTAL HEALTH TREATMENT.] (a) A competent adult may make a declaration of preferences or instructions regarding intrusive mental health treatment. These preferences or instructions may include, but are not limited to, consent to or refusal of these treatments.

(b) A declaration may designate a proxy to make decisions about intrusive mental health treatment. A proxy designated to make decisions about intrusive mental health treatments and who agrees to serve as proxy may make decisions on behalf of a declarant

consistent with any desires the declarant expresses in the declaration.

(c) A declaration is effective only if it is signed by the declarant and is either signed by two witnesses or is notarized. A declaration becomes operative when it is delivered to the declarant's physician or other mental health treatment provider. The physician or provider must comply with it to the fullest extent possible, consistent with reasonable medical practice, the availability of treatments requested, and applicable law. The physician or provider shall continue to obtain the declarant's informed consent to all intrusive mental health treatment decisions if the declarant is capable of informed consent. No treatment provider may require that a person make a declaration under this subdivision as a condition of receiving services.

(d) The physician or other provider shall make the declaration a part of the declarant's medical record. If the physician or other provider is unwilling at any time to comply with the declaration, the physician or provider must promptly notify the declarant and document the notification in the declarant's medical record. If the declarant has been committed as a patient under this chapter, the physician or provider may subject a declarant to intrusive treatment in a manner contrary to the declarant's expressed wishes, only upon order of the committing court. If the declarant is not a committed patient under this chapter, the physician or provider may subject the declarant to intrusive treatment in a manner contrary to the declarant's expressed wishes, only if a petition for commitment has been filed and a court order authorizing the treatment has been issued.

(e) A declaration under this subdivision may be revoked in whole or in part at any time and in any manner by the declarant if the declarant is competent at the time of revocation. A revocation is effective when a competent declarant communicates the revocation to the attending physician or other provider. The attending physician or other provider shall note the revocation as part of the declarant's medical record.

(f) A provider who administers intrusive mental health treatment according to and in good faith reliance upon the validity of a declaration under this subdivision is held harmless from any liability resulting from a subsequent finding of invalidity.

(g) In addition to making a declaration under this subdivision, a competent adult may delegate parental powers under section 524.5-505 or may nominate a guardian or conservator under section 525.544.

Subd. 7. [PROGRAM PLAN.] A person receiving services under this chapter has the right to receive proper care and treatment, best

adapted, according to contemporary professional standards, to rendering further custody, institutionalization, or other services unnecessary. The treatment facility shall devise a written program plan for each person which describes in behavioral terms the case problems, the precise goals, including the expected period of time for treatment, and the specific measures to be employed. Each plan shall be reviewed at least quarterly to determine progress toward the goals, and to modify the program plan as necessary. The program plan shall be devised and reviewed with the designated agency and with the patient. The clinical record shall reflect the program plan review. If the designated agency or the patient does not participate in the planning and review, the clinical record shall include reasons for nonparticipation and the plans for future involvement. The commissioner shall monitor the program plan and review process for regional centers to insure compliance with the provisions of this subdivision.

Subd. 8. [MEDICAL RECORDS.] A patient has the right to access to personal medical records. Notwithstanding the provisions of section 144.335, subdivision 2, every person subject to a proceeding or receiving services pursuant to this chapter shall have complete access to all medical records relevant to the person's commitment.

Subd. 9. [RIGHT TO COUNSEL.] A patient has the right to be represented by counsel at any proceeding under this chapter. The court shall appoint counsel to represent the proposed patient if neither the proposed patient nor others provide counsel. Counsel shall be appointed at the time a petition is filed pursuant to section 253B.07. Counsel shall have the full right of subpoena. In all proceedings under this chapter, counsel shall: (1) consult with the person prior to any hearing; (2) be given adequate time to prepare for all hearings; (3) continue to represent the person throughout any proceedings under this charge unless released as counsel by the court; and (4) be a vigorous advocate on behalf of the client.

Subd. 10. [NOTIFICATION.] All persons admitted or committed to a treatment facility shall be notified in writing of their rights under this chapter at the time of admission.

Sec. 2. Minnesota Statutes 1990, section 253B.18, subdivision 4b, is amended to read:

Subd. 4b. [PASS-ELIGIBLE STATUS; NOTIFICATION.] The following patients committed to the Minnesota security hospital shall not be placed on pass-eligible status unless that status has been approved by the medical director of the Minnesota security hospital:

(a) a patient who has been committed as mentally ill and dangerous and who

(1) was found incompetent to proceed to trial for a felony or was

found not guilty by reason of mental illness of a felony immediately prior to the filing of the commitment petition;

(2) was convicted of a felony immediately prior to or during commitment as mentally ill and dangerous; or

(3) is subject to a commitment to the commissioner of corrections; and

(b) a patient who has been committed as a psychopathic personality, as defined in section 526.09.

At least ten days prior to a determination on the status, the medical director shall notify the committing court, the county attorney of the county of commitment, the designated agency, an interested person, the petitioner, and the petitioner's counsel of the proposed status, and their right to request review by the special review board. If within ten days of receiving notice any notified person requests review by filing a notice of objection with the commissioner and the head of the treatment facility, a hearing shall be held before the special review board. The proposed status shall not be implemented unless it receives a favorable recommendation by a majority of the board and approval by the commissioner. The order of the commissioner is appealable as provided in section 253B.19.

Nothing in this subdivision shall be construed to give a patient an affirmative right to seek pass-eligible status from the special review board.

Sec. 3. Minnesota Statutes 1990, section 253B.18, subdivision 5, is amended to read:

Subd. 5. [PETITION; NOTICE OF HEARING; ATTENDANCE; ORDER.] A petition for an order of transfer, discharge, provisional discharge, or revocation of provisional discharge shall be filed with the commissioner and may be filed by the patient or by the head of the treatment facility. The special review board shall hold a hearing on each petition prior to making any recommendation. Within 45 days of the filing of the petition, the committing court, the county attorney of the county of commitment, the designated agency, an interested person, the petitioner and petitioner's counsel shall be given written notice by the commissioner of the time and place of the hearing before the special review board. Only those entitled to statutory notice of the hearing or those administratively required to attend may be present at the hearing. The commissioner shall issue an order no later than 14 days after receiving the recommendation of the special review board. A copy of the order shall be sent by certified mail to every person entitled to statutory notice of the hearing within five days after it is issued. No order by the commissioner shall be effective sooner than 15 days after it is issued.

Sec. 4. Minnesota Statutes 1990, section 253B.19, subdivision 2, is amended to read:

Subd. 2. [PETITION; HEARING.] The committed person or the county attorney of the county from which a patient as mentally ill and dangerous to the public was committed may petition the appeal panel for a rehearing and reconsideration of a decision by the commissioner. The petition shall be filed with the supreme court within 30 days after the decision of the commissioner. The supreme court shall refer the petition to the chief judge of the appeal panel. The chief judge shall notify the patient, the county attorney of the county of commitment, the designated agency, the commissioner, the head of the treatment facility, any interested person, and other persons the chief judge designates, of the time and place of the hearing on the petition. The notice shall be given at least 14 days prior to the date of the hearing. The hearing shall be within 45 days of the filing of the petition. Any person may oppose the petition. The appeal panel may appoint examiners and may adjourn the hearing from time to time. It shall hear and receive all relevant testimony and evidence and make a record of all proceedings. The patient, patient's counsel, and the county attorney of the committing county may be present and present and cross-examine all witnesses."

Subd. 7. [LEASED BUILDINGS OR LAND.] For purposes of class 1 determinations, homesteads include:

(a) buildings and appurtenances owned and used by the occupant as a permanent residence which are located upon land the title to which is vested in a person or entity other than the occupant;

(b) all buildings and appurtenances located upon land owned by the occupant and used for the purposes of a homestead together with the land upon which they are located, if all of the following criteria are met:

(1) the occupant is using the property as a permanent residence;

(2) the occupant is paying the property taxes and any special assessments levied against the property;

(3) the occupant has signed a lease which has an option to purchase the buildings and appurtenances;

(4) the term of the lease is at least five years; and

(5) the occupant has made a down payment of at least \$5,000 in cash if the property was purchased by means of a contract for deed or subject to a mortgage; or

(c) buildings and appurtenances leased by the occupant under a lease-purchase program administered by the Minnesota housing finance agency or a city. "City" is as defined in section 462C.02, subdivision 6.

Any taxpayer meeting all the requirements of this paragraph (b) or (c) must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, as soon as possible after signing the lease agreement and occupying the buildings as a homestead.

Sec. 2. Minnesota Statutes 1990, section 462A.05, is amended by adding a subdivision to read:

Subd. 36. [LEASE-PURCHASE HOUSING.] The agency may make grants or loans to nonprofit organizations, local government units, Indian tribes, and Indian tribal organizations to finance the acquisition, improvement, rehabilitation, and lease-purchase of single-family housing for persons of low and moderate income. A person or family is eligible to participate in a lease-purchase agreement if the person's or family's income does not exceed 60 percent of the greater of (1) state median income, or (2) area or county median income. The lease agreement must provide for a portion of the lease payment to be escrowed as a down payment on the housing. A property containing two or fewer dwelling units is eligible for financing under the lease-purchase housing program.

Sec. 3. Minnesota Statutes 1990, section 462A.05, is amended by adding a subdivision to read:

Subd. 37. [BLIGHTED RESIDENTIAL PROPERTY ACQUISITION AND REHABILITATION.] The agency may make grants to cities for the purpose of acquisition and demolition of blighted residential property and gap financing for the rehabilitation of blighted residential property or construction of new housing on the property. "Gap financing" is financing for the difference between the cost of the improvement of the blighted property, including acquisition, demolition, rehabilitation, construction, and the market value of the property upon sale. Grants under this section must be used for households with income less than or equal to the county or area median income as determined by the United States Depart-

ment of Housing and Urban Development. Cities may use the grants to establish revolving loan funds and provide loans and grants to eligible mortgagors for the acquisition and rehabilitation of blighted residential property located in a neighborhood designated by the city for neighborhood preservation. The city may determine the terms and conditions of the loans and grants.

Sec. 4. [462A.205] [SHALLOW RENT SUBSIDY PROGRAM.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them.

(a) “Caretaker parent” means a parent, relative caretaker, or minor caretaker as defined by the aid to families with dependent children program, sections 256.72 to 256.87.

(b) “Gross family income” for a family or individual receiving rental assistance under this section means the gross amount of the wages, salaries, social security payments, pensions, worker’s compensation, unemployment compensation, public assistance payments, alimony, child support, and income from assets received by the family or individual.

(c) “Local housing agency” means the agency of local government responsible for administering the department of housing and urban development’s section 8 existing voucher and certificate program.

(d) “Self-sufficiency program” means a program operated under section 256.736 or 256D.051, an employability program administered by a community action agency, a job training program administered under the job training partnership act, or courses of study at an accredited institution of higher education pursued with at least half-time student status under an employment development plan approved by the institution.

Subd. 2. [ESTABLISHMENT.] The agency may establish a shallow rent subsidy program to provide direct rental assistance for housing for individuals or families with incomes up to 50 percent of the county or area income adjusted for family size. One-half of the money appropriated for this program must be used to provide rental housing subsidies for individuals or families with incomes not exceeding 30 percent of the area median income. In order to ensure the long-term affordability of housing, one-half of the total funds appropriated for this section must be used in housing programs that provide a lease-purchase option for low-income individuals and families. The agency may contract with a local housing agency to administer the rent assistance under this section. The local housing agency must be paid an administrative fee. The administrative fee is equal to the greater than ten percent of the amount of the subsidy or \$15 per unit per month. For families or individuals receiving public assistance, rent assistance under this section must be pro-

vided in the form of vendor payments. The program must offer two options: (1) a voucher option; and (2) a project-based voucher option. When providing project-based vouchers, the agency must give priority to a project that has received public money for rehabilitation of the housing.

Subd. 3. [AMOUNT AND PAYMENT OF RENT ASSISTANCE.]

(a) Within the limits of available appropriations, eligible families and individuals may receive monthly rent assistance for a 36-month period starting with the month the family or individual first receives rent assistance under this section. The amount of the family's or individual's portion of the rental payment is equal to at least 30 percent of gross income.

(b) The rent assistance must be paid by the local housing agency to the property owner.

(c) Subject to the limitations in paragraph (d), the amount of rent assistance is the difference between the rent and the family's or individual's copayment.

(d) In no case may (1) the amount of monthly rent assistance be more than \$350; (2) the owner receive more rent for assisted units than for comparable unassisted units; or (3) the amount of monthly rent assistance be more than the difference between the family's or individual's copayment and the fair market rent for the unit as determined by the Department of Housing and Urban Development.

Subd. 4. [PROPERTY OWNER.] In order to receive rent assistance payments, the property owner must enter into a standards lease agreement with the tenant which includes a clause providing for good cause evictions only. Otherwise, the lease may be any standard lease agreement. The agency and local housing agencies must make model lease agreements available to participating families and property owners.

Subd. 5. [FAMILY STABILIZATION DEMONSTRATION PROJECT.] The agency, in consultation with the department of human services, may establish a rent assistance for family stabilization demonstration project within the shallow rent subsidy program. The purpose of the project is to provide rental assistance to families (1) receiving public assistance with a caretaker parent who is participating in a self-sufficiency program and at least one minor child, or (2) who at the time of initial eligibility for rental assistance under this section were receiving public assistance and had a caretaker parent participating in a self-sufficiency program and at least one minor child. For the purposes of this subdivision, public assistance means aid to families with dependent children, family general assistance, or family work readiness. The funds may be distributed on a request for proposal basis. The requirements

specified under subdivisions 1 to 4 apply to the demonstration project.

Sec. 5. [462A.30] [HOUSING CAPITAL RESERVE PROGRAM.]

Subdivision 1. [PROGRAM AUTHORIZATION.] The agency may establish the housing capital reserve program for the purposes of encouraging private financial institutions to participate in the preservation or rehabilitation of the existing housing stock and providing single-family home ownership and affordable rental housing opportunities. The agency may enter agreements with cities for city financial participation in the housing capital reserve program.

Subd. 2. [STATEWIDE HOUSING RESERVE FUND.] The agency may establish a statewide housing reserve fund consisting of agency and city funds for the purpose of securing housing rehabilitation loans and housing purchase-rehabilitation loans. The agency or city may issue appropriate debt capital instruments, including taxable or tax-exempt bonds, secured by the reserve fund. The agency may use the reserve fund to secure the debt instruments or for credit enhancement purposes. Proceeds may be used to make housing rehabilitation loans and housing purchase-rehabilitation loans. The reserve fund may be used to provide additional security for loans provided by public agencies and by private lenders to finance the preservation and rehabilitation of existing housing stock and provide affordable rental housing opportunities.

Subd. 3. [ELIGIBLE LOANS.] Rehabilitation loans made and pooled under this section may consist of both single and multifamily housing rehabilitation loans. Purchase-rehabilitation loans may be made and pooled for the purpose of single-family housing.

An area qualifies under this clause if 25 percent or more of the residential dwelling units are in substandard condition as determined by the city or 70 percent or more of the residential dwelling units were built before 1940 as determined by the 1980 most recent federal census figures available.

(b) An area within an eligible city that is not a city of the first class qualifies for designation as a targeted neighborhood if the city can demonstrate that the area meets at least one of the following criteria:

(1) the area had an unemployment rate that was twice the unemployment rate for the state, excluding cities of the first class, as determined by the most recent federal census figures available;

(2) the area had an increase in crime over the past five years greater than 110 percent of the citywide increase in crime; or

(3) the area had an increase in AFDC cases over the past five years greater than 110 percent of the citywide increase in AFDC cases.

Sec. 8. Minnesota Statutes 1990, section 466A.05, subdivision 2, is amended to read:

Subd. 2. [ALLOCATION.] Appropriation to each city of the first class shall be in proportion to the city's portion of the combined population of the cities. Appropriation to each city that is not a city of the first class shall be in proportion to the city's portion of population residing within targeted neighborhoods to the combined population of the targeted neighborhoods in all eligible non-first-class cities. Subdivision 1. [MEMBERSHIP] The higher education board, referred to in sections 1 to 5 as “the board,” consists of 13 members appointed by the governor with the advice and consent of the senate. At least one member of the board must be a resident of each congressional district. One member must be a student or have graduated from an institution governed by the board within one year of the date of appointment. The remaining members must be appointed to represent the state at large.

Subd. 2. These members must have served for at least one year on the board from which they were appointed. The student member shall be appointed July 1, 1993. To the extent possible the initial board must have the geographic balance required by subdivision 1.

Subd. 3. [TERM; COMPENSATION; REMOVAL; VACANCIES.] The compensation, removal of members, and filling of vacancies on

the board are as provided in section 15.0575. Members are appointed for a term of six years, except that the initial members must be appointed so that an equal number will have terms expiring in two, four, and six years. The term of the student member is two years. Terms end on June 30.

Subd. 4. [BOARD ADMINISTRATION.] The board shall elect a chair and other officers as it may desire. It shall determine its meeting dates and places.

Sec. 2. [136E.02] [HIGHER EDUCATION BOARD CANDIDATE ADVISORY COUNCIL.]

Subd. 3. [DUTIES.] The advisory council shall:

(1) develop a statement of the selection criteria to be applied and a description of the responsibilities and duties of a member of the higher education board and shall distribute this to potential candidates; and

The board shall develop administrative arrangements that make possible the efficient use of the facilities and staff of the former technical colleges, community colleges, and state universities for providing these several different programs of study, so that students may have the benefit of improved and broader course offerings, coordinated financial aid, and, where educationally appropriate, ease of transfer among schools and programs, integrated course credit, and coordinated degree programs. In carrying out the merger of the three separate systems, the board shall control administrative costs by eliminating duplicative administrative positions and course offerings.

Sec. 4. [136E.04] [POWERS AND DUTIES.]

Subdivision 1. [GENERAL AUTHORITY.] The board shall manage, supervise, and control the former technical colleges, community colleges, and state universities and all related property. Salaries and benefits of employees must be determined according to chapters 43A and 179A, except that the board is the state labor negotiator in all collective bargaining between the state and the exclusive representatives of teaching and service faculty units.

Subd. 3. [BUDGET.] The board shall submit to the governor and the legislature the budget request for its several different programs of study.

Subd. 4. [PROGRAM DELIVERY.] The board shall avoid offering duplicate programs in a common geographical area where such duplication is not educationally appropriate. After consulting with the local advisory committees, the board shall develop programs to meet the needs of students and the state.

Subd. 5. [TRANSFERABILITY.] The board shall place a high priority on ensuring the transferability of credit where educationally appropriate among the institutions it governs.

Subd. 6. [REGISTRATION AND FINANCIAL AID.] The board shall devise a registration system that simplifies and combines registration for the institutions it governs, improves the financial aid application process for students, and provides registration at common locations.

Subd. 2. [INTERIM CHANCELLOR.] By August 1, 1991, the board shall hire a chancellor on an interim basis for the period ending June 30, 1993. Thereafter, the board shall conduct a search and hire a chancellor to serve on a continuing basis.

Subd. 9. [PURCHASES; PROPERTY MANAGEMENT.] The board shall submit proposals to the 1992 legislature whereby the board will assume the responsibilities of the commissioner of administration for purchase of supplies, management of property, and construction and repair of facilities for the systems governed by the board.

Subd. 10. [ACCOUNTING SYSTEM.] The commissioner of finance shall submit proposals to the 1992 legislature that will enable the board to use a single accounting system in accord with generally accepted accounting principles for colleges and universities and eliminate the need to have a second system to account for its money in the state treasury.

Subd. 11. The new bargaining unit may begin to organize on or after July 1, 1991, for negotiating contracts that become effective on or after July 1, 1993. Other technical college employees must be assigned to the appropriate existing state bargaining unit. Sec. 3. Minnesota Statutes 1990, section 62E.02, subdivision 8, is amended to read:

Subd. 8. "Employee" means any Minnesota resident who has entered into the employment of or works under contract or service or apprenticeship with any employer. "Employee" does not include a person who has been employed for less than 30 days by that person's present employer, nor one who is employed less than 30 hours per week by that person's present employer, nor an independent contractor. For purposes of sections 62E.10 to 62E.14, employee has the meaning given the term in this subdivision, except that the term does not include a person who is employed less than 17.5 hours per week by that person's present employer.

Sec. 4. Minnesota Statutes 1990, section 62E.02, subdivision 13, is amended to read:

Subd. 13. "Eligible person" means an individual who is currently and has been a resident of Minnesota for the six months immediately preceding the date of receipt by the association or its writing carrier of a completed certificate of eligibility and who meets the enrollment requirements of section 62E.11 or 62E.14. For purposes of section 62E.11 or 62E.14, the term includes an employee, an employee's spouse, or the employee's dependents."

"Sec. 9. Minnesota Statutes 1990, section 62E.11, subdivision 2, is amended to read:

Subd. 2. Any employer which has in its employ one or more eligible persons enrolled in the comprehensive health insurance plan may make all or any portion of the state plan premium payment to the state plan directly to the writing carrier.

Notwithstanding any law to the contrary, an employer may, at the time of initial application, enroll an eligible person in the comprehensive health insurance plan if the employer has received a letter of rejection for a group insurance policy, group subscriber contract, or health care plan due to the health status of that person.

The employer may make all or any portion of the state plan premium payment to the state plan directly to the writing carrier.

An employer has the enrollment right set forth in this subdivision only if:

(1) the employer has not previously provided group health coverage to its employees for the two-year period immediately preceding the initial application; and

(2) the person to be enrolled in MCHA is already an MCHA enrollee."

"Sec. 13. Minnesota Statutes 1990, section 363.02, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYMENT.] The provisions of section 363.03, subdivision 1, shall not apply to:

(1) The employment of any individual

(a) by the individual's parent, grandparent, spouse, child, or grandchild, or

(b) in the domestic service of any person;

(2) A religious or fraternal corporation, association, or society, with respect to qualifications based on religion, when religion shall be a bona fide occupational qualification for employment;

(3) The employment of one person in place of another, standing by itself, shall not be evidence of an unfair discriminatory practice;

(4) The operation of a bona fide seniority system which mandates differences in such things as wages, hiring priorities, layoff priorities, vacation credit, and job assignments based on seniority, so long as the operation of the system is not a subterfuge to evade the provisions of this chapter;

(5) With respect to age discrimination, a practice by which a labor organization or employer offers or supplies varying insurance benefits or other fringe benefits to members or employees of differing ages, so long as the cost to the labor organization or employer for the benefits is reasonably equivalent for all members or employees;

(6) A restriction imposed by state statute, home rule charter, ordinance, or civil service rule, and applied uniformly and without exception to all individuals, which establishes a maximum age for entry into employment as a peace officer or firefighter.

(7) Nothing in this chapter concerning age discrimination shall be construed to validate or permit age requirements which have a disproportionate impact on persons of any class otherwise protected by section 363.03, subdivision 1 or 5.

(8) It is not an unfair employment practice for an employer, employment agency, or labor organization:

(i) to require or request a person to undergo physical examination, which may include a medical history, for the purpose of determining the person's capability to perform available employment, provided

(a) that an offer of employment has been made on condition that the person meets the physical or mental requirements of the job, except that a law enforcement agency filling a peace officer position or part-time peace officer position may require or request an applicant to undergo psychological evaluation before a job offer is made provided that the psychological evaluation is for those job-related abilities set forth by the board of peace officer standards and training for psychological evaluations and is otherwise lawful;

(b) that the examination tests only for essential job-related abilities; and

(c) that the examination except for examinations authorized under chapter 176 is required of all persons conditionally offered employment for the same position regardless of disability; or

(ii) with the consent of the employee, after employment has commenced, to obtain additional medical information for the purposes of assessing continuing ability to perform the job or employee health insurance eligibility; for purposes mandated by local, state, or federal law; for purposes of assessing the need to reasonably accommodate an employee or obtaining information to determine eligibility for the second injury fund under chapter 176; or pursuant to sections 181.950 to 181.957; or other legitimate business reason not otherwise prohibited by law;

(iii) to administer preemployment tests, provided that the tests (a) measure only essential job-related abilities, (b) are required of all applicants for the same position regardless of disability except for tests authorized under chapter 176, and (c) accurately measure the applicant's aptitude, achievement level, or whatever factors they purport to measure rather than reflecting the applicant's impaired sensory, manual, or speaking skills except when those skills are the factors that the tests purport to measure; or

(iv) to limit receipt of benefits payable under a fringe benefit plan for disabilities to that period of time which a licensed physician reasonably determines a person is unable to work; or

(v) to provide special safety considerations for pregnant women involved in tasks which are potentially hazardous to the health of the unborn child, as determined by medical criteria; or

(vi) to enroll an eligible person in the comprehensive health insurance plan if:

(a) in the opinion of the commissioner of commerce, the coverage is similar to health coverage offered to other employees;

(b) due to the person's health status, the employer would otherwise be unable to obtain affordable coverage for other employees; and

(c) the employer: (i) pays the difference between the deductible paid by other employees for the group coverage and the deductible paid by the eligible person for the comprehensive health insurance plan; (ii) pays the difference between the coinsurance paid by other employees under the group health plan and the eligible person under the comprehensive insurance plan; and (iii) the eligible person does not pay more in premium contribution and out-of-pocket maximums for coverage under the state plan than the largest contribution toward premium and out-of-pocket maximums paid by

any other employee receiving health care coverage through the same employers."
