Resolved, That the temporary Rules of the House for this session, the 77th regular session, shall be the same as the Permanent Rules of the House for the last session, the 76th regular session, as they existed on Monday, April 25, 1990, with the following exceptions:

Rule 5.8 shall read as follows:

5.8 BILLS AFFECTING STATE GOVERNMENT POWERS AND STRUCTURE. Any bill, whether originating in the House or the Senate, which creates or reestablishes any new department, agency, commission, board, task force, advisory committee or council, or bureau, or any other such entity, or which substantially changes or alters the organization of or delegates emergency rulemaking authority to or exempts from rulemaking any department or agency thereof of state government, or substantially changes, alters, vests or divests official rights, powers, or duties of any official, department or agency of the state government or any institution under its control, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Governmental Operations for action by that committee. Prior to the deadline set by Rule 9.3, any committee other than the Committee on Governmental Operations to which such bill is referred shall, in its report, recommend re-referral to the Committee on Governmental Operations. After the deadline set by Rule 9.3, a report shall recommend re-referral to the Committee on Rules and Legislative Administration.

This rule does not apply to the omnibus bill on taxation, the education finance bill, or the omnibus appropriations bills for: state government; human resources; education; economic development, infrastructure and regulation; or environment and natural resources. But, if those bills contain provisions that would create or reestablish a commission, board, task force, advisory committee or council, or other such entity, then the chair of the Committee on Taxes, the chair of the Committee on Education, or the chair of a

division of the Committee on Appropriations, as appropriate, must communicate the inclusion of the provision to the chair of the Committee on Rules and Legislative Administration prior to consideration of the matter on the floor.

All other bills in the House Committees on Appropriations and on Taxes are also exempt from this rule except for bills to create or reestablish a commission, board, task force, advisory committee or council, or other such entity. Prior to the deadline set by Rule 9.3, those bills shall be re-referred to the Committee on Governmental Operations. After that deadline, the bills shall be re-referred to the Committee on Rules and Legislative Administration.

Rule 5.10 shall read as follows:

5.10 WAYS AND MEANS COMMITTEE; RESOLUTION; EFFECT ON EXPENDITURES AND TAX BILLS. The Committee on Ways and Means shall hold hearings as necessary to determine state expenditures and taxes for the coming fiscal biennium. No later than March 19, 1990, the Committee on Ways and Means shall report a budget resolution to the House for consideration. The budget resolution shall take the form of a House resolution that sets the maximum limitation on expenditures and taxes for the coming fiscal biennium for the general fund and an amount to be set aside as a budget reserve. The limitation is effective, if adopted, unless the House adopts a different limitation in a subsequent budget resolution that accounts for increases or decreases in general fund revenues and expenditures anticipated for the current fiscal biennium.

No bill described in Rule 5.7 or 5.9 shall be given its second reading until the House has received a statement from the Committee on Ways and Means certifying that the major expenditure and tax bills are reconciled and do not exceed the limitation specified in the budget resolution for the general fund. Major expenditure and tax bills are: the education appropriation bill; the environment and natural resources appropriation bill; the human resources appropriation bill; the state government appropriation bill; the economic development, infrastructure and regulation appropriation bill; the education finance bill; and the omnibus tax bill. However, a bill may be given its second reading by special authorization of the Committee on Ways and Means or by majority vote of the whole House. A special authorization may be reported by an oral notice to the House from the Chair of the Committee on Ways and Means or a designee of the Chair stating that the fiscal impact of a bill will be accounted for in the reconciliation statement.

The Committee on Appropriations and the Committee on Taxes, upon recommending passage of any bill described in Rule 5.7 or 5.9, shall provide to the Committee on Ways and Means a fiscal statement on the bill.

After the House has received a reconciliation statement from the Committee on Ways and Means, the House shall not give a second reading to any bill described in Rule 5.7 or 5.9 other than the major expenditure and tax bills. However, a bill may be given its second reading after the House has received from the Committee on Ways and Means a statement certifying that the fiscal impact of the bill is within the guidelines of the budget resolution, or after authorization by majority vote of the whole House. The statement of the Committee on Ways and Means may be reported orally by the Chair of the Committee on Ways and Means or a designee of the Chair.

Resolved, that the Permanent Rules of the House of Representatives for the 77th Session shall read as follows:

PERMANENT RULES OF THE HOUSE OF REPRESENTATIVES

ARTICLE I – DAILY BUSINESS

1.1 CONVENING OF THE HOUSE. Unless otherwise ordered, regular sessions of the House shall convene at two-thirty p.m. The Speaker shall take the chair at the hour at which the House convenes and the House shall then be called to order. A prayer shall be said by the Chaplain or time allowed for a brief meditation. Then, on the first legislative day in any calendar week, it shall be followed by the pledge of allegiance to the flag of the United States of America. Then a roll of members shall be called and the names of members present and members excused shall be entered in the Journal of the House.

1.2 READING OF THE JOURNAL. A quorum being present, the Journal of the preceding day shall be read by the Chief Clerk unless otherwise ordered. The House may correct any errors in the Journal of the preceding day.

1.3 ORDER OF BUSINESS. After the reading of the Journal, the order of business of the day shall be:

- (1) Presentation of petitions or other communications.

- (2) Reports of standing committees.
- (3) Second reading of House bills.
- (4) Second reading of Senate bills.
- (5) Reports of select committees.
- (6) Introduction and first reading of House bills.
- (7) Consideration of messages from the Senate.
- (8) First reading of Senate bills.
- (9) Consent Calendar.
- (10) Calendar for the day.
- (11) General Orders.
- (12) Motions and resolutions.

Conference committees on House bills and the Committee on Rules and Legislative Administration may report at any time except when the House is in the Committee of the Whole.

1.4 SECOND READING OF BILLS. Every bill shall require a second reading.

Except as otherwise ordered, every bill requiring the approval of the Governor shall, after a second reading, be considered in a Committee of the Whole before it shall be finally acted upon by the House.

1.5 COMMITTEE OF THE WHOLE. The Committee of the Whole is a committee of the entire membership of the House. The Speaker may appoint another member as chair to preside over the Committee of the Whole.

When the House arrives at the General Orders of the Day, it shall resolve itself into a Committee of the Whole to consider bills on General Orders.

A bill considered in the Committee of the Whole shall be reported and then debated by sections, with the title considered last. All amendments shall be typewritten and five copies shall be submitted to the Chair who shall report them to the House.

1.6 RULES TO APPLY TO COMMITTEE OF THE WHOLE. The Rules of the House shall be observed in the Committee of the Whole so far as

may be applicable except that the previous question shall not be forced or speaking limited.

Upon demand of 15 members, the yeas and nays shall be called, the question voted on, and the yeas and nays recorded in the Journal of the House.

In the Committee of the Whole no amendment increasing the amount of any appropriation shall be passed without the yeas and nays recorded in the Journal of the House.

A motion that the Committee arise shall always be in order and shall be decided without debate.

1.7 GENERAL ORDERS OF THE DAY. The Chief Clerk at the direction of the Speaker shall prepare the General Orders of the Day, which is a list of all bills which have not been made Special Orders or placed on the Consent Calendar, numbered according to their order at second reading. Unless otherwise ordered by a majority of the Committee, items on General Orders shall be taken up in numerical order.

The Chief Clerk shall see that a copy of each bill printed under the Rules or Orders of the House is placed in each member's file, which is to be kept at the member's desk in the chamber, at least 24 hours before the bill shall be considered in the Committee of the Whole. ~~Under the first order of business each day, the Chief Clerk shall report to the House which bills have been placed in the files.~~

If a bill is progressed three times it shall be placed at the end of General Orders.

Except during the last five days in any year on which a bill may be passed, a bill amended in the Committee of the Whole shall not be given its third reading until it is engrossed and reproduced as amended.

1.8 THIRD READING OF BILLS. No amendment shall be received after the third reading without the unanimous consent of the House, except to fill blanks or to amend titles.

At any time prior to its passage any bill or resolution may be referred or re-referred by a majority vote of the whole House. If the committee, other than the Committee of the Whole, to which it was referred or re-referred reports an amendment on it, it shall again be given its second reading, considered in Committee of the Whole, given its third reading and placed upon its final passage.

1.9 SPECIAL ORDERS. A bill may be made the Order of the Day

for a special time and be placed upon a separate list known as "Special Orders."

The Committee on Rules and Legislative Administration may by committee report designate as a Special Order any bill which has had its second reading.

Any member may move to make a bill a Special Order by giving notice at least two legislative days in advance of and specifying the day on which the member will so move. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member designated in writing by the member who originally gave notice of the Special Order to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order; however, a Special Order designated by the Committee on Rules and Legislative Administration may be continued or postponed by a majority vote of the whole House at the time of such Special Order.

When the time arrives for the consideration of any Special Order, the House shall consider each bill upon the Special Order in the order in which it is listed. After consideration it shall immediately be read the third time and placed upon final passage.

1.10 TAX AND APPROPRIATION BILLS GIVEN PRECEDENCE. Any bill relating to taxes or raising revenue shall be acted upon whenever requested by the Chair of the Committee on Taxes, and any appropriation bill shall be acted upon whenever requested by the Chair of the Committee on Appropriations.

1.11 CONSENT CALENDAR. Any bill of a non-controversial nature for which the committee report recommends placement upon the Consent Calendar shall be given its second reading after the

report is adopted and placed upon the Consent Calendar. The bill shall be printed and placed in the members' files at least one day before it can be considered. The bill shall be placed upon the Consent Calendar in the order in which it is given its second reading.

The Consent Calendar shall immediately precede the order of business known as "Calendar for the Day." Every bill on the Consent Calendar shall be debated, given its third reading and voted upon, provided, however, that at any time prior to third reading, ten members may object to any bill as being controversial. Any bill so objected to shall be stricken from the Consent Calendar and be immediately placed upon General Orders, taking its place in the usual order.

1.12 SUSPENSION OF RULES TO ADVANCE A BILL. Every bill shall be reported on three different days, except that in case of urgency, a two-thirds majority of the whole House may suspend this Rule. A motion for suspension of the Rules to advance a bill for consideration out of its regular order is in order under the order of business "Motions and Resolutions" or at any time the bill is before the House. The motion must be presented to the Speaker in writing and must state the present position of the bill.

1.13 MINORITY REPORTS. Any minority report shall be made separately from the majority report and shall be considered before the majority report. If the minority report is adopted the majority report shall not be considered. If the minority report is not adopted the majority report shall then be considered.

1.14 COMMITTEE REPORT LAID OVER. The report of any committee may be laid over one day and printed in the Journal, if so ordered by the House.

1.15 RECALLING BILL FROM COMMITTEE OR DIVISION. In regular session, except after the deadline for committee reports on bills originating in the House, any bill or resolution may be recalled from any committee or division at any time by majority vote of the whole House, be given a second reading and be advanced to General Orders. A motion to recall a bill or resolution shall be in order only under the order of business "Motions and Resolutions."

1.16 TIME LIMIT FOR CONSIDERATION OF BILLS. If 20 legislative days after a bill has been referred to committee or division (other than a bill in Appropriations) no report has been made upon it by the committee or division, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee or division shall have ten calendar days thereafter in which to vote upon the bill requested. If the committee or division fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate

return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the end of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

After Monday, March 26, 1990 In regular session after, the House shall not act on bills other than those recommended by conference committee reports or the Committee on Rules and Legislative Administration, and those bills contained in messages from the Senate or from the Governor.

1.17 DISPOSITION OF SENATE BILLS. Any Senate File received by the House, accompanied by a message announcing its passage by the Senate, shall be referred to the appropriate standing committee in accordance with Rule 5.4. However, if a Senate File is received which is stated by a member to be identical to a House File already reported by a standing committee of the House and placed on General Orders, Calendar, Consent Calendar, or Special Orders, the Senate File shall be referred to the Chief Clerk for comparison. If the Chief Clerk reports that the Senate File is identical with the House File, the Senate File may by majority vote be substituted for the House File and take its place. The fact that the bills are identical shall be entered in the Journal and the House File is then considered withdrawn.

Any Senate File which has been amended on the floor of the House, except at time of final passage, and any Senate File which has been reported to the House with amendments by a House standing committee, shall be unofficially engrossed and reprinted by the Chief Clerk. Amendments to unofficial engrossments of a Senate File may be offered by members on the floor of the House but shall not be offered in standing committees.

1.18 RECORDED FLOOR PROCEEDINGS. All proceedings on the floor of the House shall be recorded on magnetic tape or similar recording device under the direction of the Chief Clerk. Two copies of each tape shall be delivered to the Director of the Legislative Reference Library and there maintained on file for use by any member of the public in accordance with the rules of the Legislative Reference Library. At the end of each biennium, the Director of the Legislative Reference Library shall deliver one copy of each tape to the Director of the Minnesota Historical Society.

Any person may obtain a copy of any such tape during the biennium in which it is recorded upon payment of a fee determined

by the Chief Clerk to be adequate to cover the cost of preparing the copy.

Discussion preserved under this rule is not intended to be admissible in any court or administrative proceeding on an issue of legislative intent.

ARTICLE II - VOTING

2.1 AUTHORIZING ELECTRIC VOTING SYSTEM. Except for a vote upon elections or the overriding of a Governor's veto, any vote may be taken by means of the electric voting system which shall be under the control of the Speaker of the House.

2.2 CALL OF THE HOUSE. Ten members may demand a call of the House at any time except after voting has commenced. When such call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave until the roll call is suspended or completed. During the roll call, no motion shall be in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. After the roll call is suspended or completed the Sergeant at Arms shall not permit any member to leave the Chamber unless excused by the Speaker. A call of the House may be lifted by a majority vote of the whole House.

2.3 DEMANDING YEAS AND NAYS. Yeas and nays shall be ordered without demand upon final passage of bills and upon adoption of resolutions or motions directing the payment of money. In all other cases the yeas and nays shall be ordered only upon demand of 15 members.

2.4 EXPLAINING OR CHANGING VOTE. No member shall be allowed to explain a vote or discuss the question while the yeas and nays are being taken, nor be allowed to change a vote after the yeas and nays have been announced from the chair by the Speaker.

2.5 EVERY UNEXCUSED MEMBER TO VOTE. Any member who is immediately interested in the question being voted on shall not vote.

Every other member present before a vote is declared from the chair shall vote for or against the matter before the House, unless the House excuses the member from voting. However, no member is required to vote on any matter concerning a resolution except for a resolution relating to the internal business of the House or the Legislature.

A member who declines to vote on a call of the member's name shall be required to state reasons for so declining. After the vote has

been taken but before the chair has announced the vote, the chair shall submit to the House the question, "Shall the member, for the reasons stated, be excused from voting?" which shall be decided without debate. Any other proceedings in reference thereto shall take place after announcement of the vote.

ARTICLE III – MOTIONS AND AMENDMENTS

3.1 AMENDMENTS AND OTHER MOTIONS. No amendment or other motion shall be debated until after it is stated by the Speaker.

After an amendment or other motion has been stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time before amendment or decision. Unless a motion, resolution or amendment is withdrawn on the day it is made, it shall be entered in the Journal, together with the name of the member offering it.

The Speaker may require any amendment or other motion be typewritten and that five copies be given to the Chief Clerk.

3.2 PRECEDENCE OF MOTIONS. When a question is under consideration, no motion shall be received except the following, the first four of which shall be decided without debate:

- (1) To fix the time of adjournment.
- (2) To adjourn.
- (3) To lay on the table.
- (4) For the previous question.
- (5) To refer.
- (6) To postpone to a day certain.
- (7) To amend.
- (8) To postpone indefinitely.
- (9) To pass.

The motions shall have precedence in the order listed. However, if the motion for the previous question has been seconded and the main question ordered, the motion to lay on the table shall not be in order.

3.3 MOTION TO ADJOURN. A motion to adjourn shall always be in order except during roll call.

When a motion to adjourn is made it shall be in order for the Speaker, before putting the question, to permit any member to state reasons which would seem to render adjournment improper at that time. Such a statement shall not be debatable and shall be limited to not over two minutes.

3.4 MOTION FOR RECONSIDERATION. When a question has been decided either in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move its reconsideration, provided that such motion is made either on the same day the vote was taken or within the following two days of actual session of the House. A motion for reconsideration can be made at any time in the Order of Business and shall take precedence over all other questions except the motion to adjourn and the notice of intention to move reconsideration. Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

In regular session in an odd-numbered year, notice of intention to move reconsideration shall not be in order after ~~Monday, April 24, 1989~~

In regular session in an even-numbered year, notice of intention to move reconsideration shall not be in order after ~~Thursday, March 22, 1990~~

3.5 ORDER OF PUTTING QUESTION. Except in the case of privileged questions, all questions, whether in committee or in the House, shall be put in the order in which they are moved. When filling blanks, a motion for the largest sum or the longest time shall be put first.

3.6 DIVISION OF A QUESTION. Any member may request the

division of a question which contains several separate and distinct points. A motion to strike out and insert shall not be divisible. If a motion to strike out is lost it shall not preclude another motion to *amend or to strike out and insert*.

3.7 THE PREVIOUS QUESTION. The motion calling for the previous question must be seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, it shall have the effect of cutting off all debate and bringing the House to direct vote upon the question or questions.

The previous question may be moved and ordered upon a single motion, a series of motions allowable under the Rules, or an amendment or amendments; or it may include all authorized motions or amendments, including a vote on final passage of a bill.

On a motion for the previous question, but prior to its being ordered, a call of the House shall be in order. After a majority has ordered the previous question, no call shall be in order prior to the decision on the main question.

When the previous question is decided in the negative, the main question remains under debate until disposed of by taking a vote either on the question or in some other manner.

All incidental questions of order arising after a motion is made for the previous question and prior to the vote on the main question shall be decided without debate.

3.8 AMENDMENTS TO AMENDMENTS. An amendment may be amended, but an amendment to an amendment may not be amended.

3.9 MOTIONS AND PROPOSITIONS TO BE GERMANE. No motion or proposition on a subject different from that under consideration shall be admitted under guise of its being an amendment.

3.10 AMENDMENT NOT TO ANNEX ANOTHER BILL. Except in a standing committee no bill or resolution shall at any time be amended by annexing or incorporating any other bill or resolution.

3.11 RESOLUTIONS AND MOTIONS INVOLVING EXPENDITURE OF MONEY. Any resolution or motion involving the expenditure of money out of the legislative expense fund shall be referred to the Committee on Rules and Legislative Administration before being acted upon by the House. A majority vote of the whole House, determined by a roll call, is required to pass any such resolution or motion.

3.12 AMENDMENTS TO APPROPRIATION AND TAX BILLS. No

amendment increasing an appropriation and no amendment increasing a tax shall be declared passed until voted for by a majority of the whole House determined by a roll call vote.

3.13 MOTION TO LAY ON THE TABLE. A motion to lay on the table shall not be in order on a motion to amend, except that a motion to amend the Rules may be tabled.

3.14 MOTION TO RESCIND. The motion to rescind shall not be in order at any time in any proceeding in the House or in any committee of the House.

3.15 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole House is required to suspend, alter, or amend any Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House.

Except as provided in Rule 1.12, a motion to suspend, alter, or amend any Rule of the House must be made under the order of business "Motions and Resolutions." If the motion is made at any other time, unanimous consent is required before the Speaker can entertain the motion.

The motion prevailed and the amendment was adopted.

The question recurred on the Long motion that the report of the Committee on Rules and Legislative Administration and the proposed Permanent Rules of the House for the 77th Session, as amended, be now adopted. The motion prevailed and the Permanent Rules of the House for the 77th Session were adopted.

So the report of the Committee on Rules and Legislative Administration and the Permanent Rules of the House for the 77th Session were adopted as follows:

PERMANENT RULES OF THE HOUSE OF
REPRESENTATIVES

ARTICLE I – DAILY BUSINESS

1.01 CONVENING OF THE HOUSE. Unless otherwise ordered, regular sessions of the House shall convene at two-thirty p.m. The Speaker shall take the chair at the hour at which the House convenes and the House shall then be called to order. A prayer shall be said by the Chaplain or time allowed for a brief meditation. Then, on the first legislative day in any calendar week, it shall be followed by the pledge of allegiance to the flag of the United States of America. Then a roll of members shall be called and the names of members present and members excused shall be entered in the Journal of the House.

1.02 READING OF THE JOURNAL. A quorum being present, the Journal of the preceding day shall be read by the Chief Clerk unless otherwise ordered. The House may correct any errors in the Journal of the preceding day.

1.03 ORDER OF BUSINESS. After the reading of the Journal, the order of business of the day shall be:

- (1) Presentation of petitions or other communications.
- (2) Reports of standing committees.
- (3) Second reading of House bills.
- (4) Second reading of Senate bills.
- (5) Reports of select committees.
- (6) Introduction and first reading of House bills.
- (7) Consideration of messages from the Senate.
- (8) First reading of Senate bills.
- (9) Consent Calendar.
- (10) Calendar for the day.
- (11) General Orders.
- (12) Motions and resolutions.

Conference committees on House bills and the Committee on Rules and Legislative Administration may report at any time except when the House is in the Committee of the Whole.

1.04 SECOND READING OF BILLS. Every bill shall require a second reading.

Except as otherwise ordered, every bill requiring the approval of the Governor shall, after a second reading, be considered in a Committee of the Whole before it shall be finally acted upon by the House.

1.05 COMMITTEE OF THE WHOLE. The Committee of the Whole is a committee of the entire membership of the House. The Speaker may appoint another member as chair to preside over the Committee of the Whole.

When the House arrives at the General Orders of the Day, it shall resolve itself into a Committee of the Whole to consider bills on General Orders.

A bill considered in the Committee of the Whole shall be reported and then debated by sections, with the title considered last. All amendments shall be typewritten and five copies shall be submitted to the Chair who shall report them to the House.

1.06 RULES TO APPLY TO COMMITTEE OF THE WHOLE. The Rules of the House shall be observed in the Committee of the Whole so far as may be applicable except that the previous question shall not be forced or speaking limited.

Upon demand of 15 members, the yeas and nays shall be called, the question voted on, and the yeas and nays recorded in the Journal of the House.

In the Committee of the Whole no amendment increasing the amount of any appropriation shall be passed without the yeas and nays recorded in the Journal of the House.

A motion that the Committee arise shall always be in order and shall be decided without debate.

1.07 GENERAL ORDERS OF THE DAY. The Chief Clerk at the direction of the Speaker shall prepare the General Orders of the Day, which is a list of all bills which have not been made Special Orders or placed on the Consent Calendar, numbered according to their order at second reading. Unless otherwise ordered by a majority of the Committee, items on General Orders shall be taken up in numerical order.

The Chief Clerk shall see that a copy of each bill printed under the Rules or Orders of the House is placed in each member's file, which is to be kept at the member's desk in the chamber, at least 24 hours before the bill shall be considered in the Committee of the Whole.

If a bill is progressed three times it shall be placed at the end of General Orders.

Except during the last five days in any year on which a bill may be passed, a bill amended in the Committee of the Whole shall not be given its third reading until it is engrossed and reproduced as amended.

1.08 THIRD READING OF BILLS. No amendment shall be received after the third reading without the unanimous consent of the House, except to fill blanks or to amend titles.

At any time prior to its passage any bill or resolution may be referred or re-referred by a majority vote of the whole House. If the committee, other than the Committee of the Whole, to which it was referred or re-referred reports an amendment on it, it shall again be given its second reading, considered in *Committee of the Whole*, given its third reading and placed upon its final passage.

1.09 SPECIAL ORDERS. A bill may be made the Order of the Day for a special time and be placed upon a separate list known as "Special Orders."

The Committee on Rules and Legislative Administration may by committee report designate as a Special Order any bill which has had its second reading.

Any member may move to make a bill a Special Order by giving notice at least two legislative days in advance of and specifying the day on which the member will so move. The notice shall include the number and title of the bill and the day and time certain for the Special Order. Only the member giving such notice, or another member designated in writing by the member who originally gave notice of the Special Order to the Speaker, may make the motion for the Special Order. A two-thirds vote of the whole House on such motion is required to make a bill a Special Order.

The time set for the motion may not be extended, and failure to make the motion on the specified day forfeits the right to make the motion.

A motion to make a bill a Special Order, when made according to the procedures herein prescribed, shall be a privileged motion, shall take precedence over all other motions except a motion to adjourn or to set the time to adjourn and questions of personal privilege, and

may be made at any time on the day designated in the notice. A three-fourths vote of the whole House is required to suspend the motion.

Any Special Order, or any part of it, may be continued or postponed by two-thirds vote of the whole House at the time of such Special Order; however, a Special Order designated by the Committee on Rules and Legislative Administration may be continued or postponed by a majority vote of the whole House at the time of such Special Order.

When the time arrives for the consideration of any Special Order, the House shall consider each bill upon the Special Order in the order in which it is listed. After consideration it shall immediately be read the third time and placed upon final passage.

1.10 TAX AND APPROPRIATION BILLS GIVEN PRECEDENCE. Any bill relating to taxes or raising revenue shall be acted upon whenever requested by the Chair of the Committee on Taxes, and any appropriation bill shall be acted upon whenever requested by the Chair of the Committee on Appropriations.

1.11 CONSENT CALENDAR. Any bill of a non-controversial nature for which the committee report recommends placement upon the Consent Calendar shall be given its second reading after the report is adopted and placed upon the Consent Calendar. The bill shall be printed and placed in the members' files at least one day before it can be considered. The bill shall be placed upon the Consent Calendar in the order in which it is given its second reading.

The Consent Calendar shall immediately precede the order of business known as "Calendar for the Day." Every bill on the Consent Calendar shall be debated, given its third reading and voted upon, provided, however, that at any time prior to third reading, ten members may object to any bill as being controversial. Any bill so objected to shall be stricken from the Consent Calendar and be immediately placed upon General Orders, taking its place in the usual order.

1.12 SUSPENSION OF RULES TO ADVANCE A BILL. Every bill shall be reported on three different days, except that in case of urgency, a two-thirds majority of the whole House may suspend this Rule. A motion for suspension of the Rules to advance a bill for consideration out of its regular order is in order under the order of business "Motions and Resolutions" or at any time the bill is before the House. The motion must be presented to the Speaker in writing and must state the present position of the bill.

1.13 MINORITY REPORTS. Any minority report shall be made separately from the majority report and shall be considered before the majority report. If the minority report is adopted the majority

report shall not be considered. If the minority report is not adopted the majority report shall then be considered.

1.14 COMMITTEE REPORT LAID OVER. The report of any committee may be laid over one day and printed in the Journal, if so ordered by the House.

1.15 RECALLING BILL FROM COMMITTEE OR DIVISION. In regular session, except after the deadline for committee reports on bills originating in the House, any bill or resolution may be recalled from any committee or division at any time by majority vote of the whole House, be given a second reading and be advanced to General Orders. A motion to recall a bill or resolution shall be in order only under the order of business "Motions and Resolutions."

1.16 TIME LIMIT FOR CONSIDERATION OF BILLS. If 20 legislative days after a bill has been referred to committee or division (other than a bill in Appropriations) no report has been made upon it by the committee or division, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee or division shall have ten calendar days thereafter in which to vote upon the bill requested. If the committee or division fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the end of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

In regular session after, the House shall not act on bills other than those recommended by conference committee reports or the Committee on Rules and Legislative Administration, and those bills contained in messages from the Senate or from the Governor.

1.17 DISPOSITION OF SENATE BILLS. Any Senate File received by the House, accompanied by a message announcing its passage by the Senate, shall be referred to the appropriate standing committee in accordance with Rule 5.04. However, if a Senate File is received which is stated by a member to be identical to a House File already reported by a standing committee of the House and placed on General Orders, Calendar, Consent Calendar, or Special Orders, the Senate File shall be referred to the Chief Clerk for comparison. If the Chief Clerk reports that the Senate File is identical with the House File, the Senate File may by majority vote be substituted for the

House File and take its place. The fact that the bills are identical shall be entered in the Journal and the House File is then considered withdrawn.

Any Senate File which has been amended on the floor of the House, except at time of final passage, and any Senate File which has been reported to the House with amendments by a House standing committee, shall be unofficially engrossed and reprinted by the Chief Clerk. Amendments to unofficial engrossments of a Senate File may be offered by members on the floor of the House but shall not be offered in standing committees.

1.18 RECORDED FLOOR PROCEEDINGS. All proceedings on the floor of the House shall be recorded on magnetic tape or similar recording device under the direction of the Chief Clerk. Two copies of each tape shall be delivered to the Director of the Legislative Reference Library and there maintained on file for use by any member of the public in accordance with the rules of the Legislative Reference Library. At the end of each biennium, the Director of the Legislative Reference Library shall deliver one copy of each tape to the Director of the Minnesota Historical Society.

Any person may obtain a copy of any such tape during the biennium in which it is recorded upon payment of a fee determined by the Chief Clerk to be adequate to cover the cost of preparing the copy.

Discussion preserved under this rule is not intended to be admissible in any court or administrative proceeding on an issue of legislative intent.

ARTICLE II - VOTING

2.01 AUTHORIZING ELECTRIC VOTING SYSTEM. Except for a vote upon elections, any vote may be taken by means of the electric voting system which shall be under the control of the Speaker of the House.

2.02 CALL OF THE HOUSE. Ten members may demand a call of the House at any time except after voting has commenced. When such call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave until the roll call is suspended or completed. During the roll call, no motion shall be in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. After the roll call is suspended or completed the Sergeant at Arms shall not permit any member to leave the Chamber unless excused by the Speaker. A call of the House may be lifted by a majority vote of the whole House.

2.03 DEMANDING YEAS AND NAYS. Yeas and nays shall be ordered without demand upon final passage of bills and upon adoption of resolutions or motions directing the payment of money. In all other cases the yeas and nays shall be ordered only upon demand of 15 members.

2.04 EXPLAINING OR CHANGING VOTE. No member shall be allowed to explain a vote or discuss the question while the yeas and nays are being taken, nor be allowed to change a vote after the yeas and nays have been announced from the chair by the Speaker.

2.05 EVERY UNEXCUSED MEMBER TO VOTE. Any member who is immediately interested in the question being voted on shall not vote.

Every other member present before a vote is declared from the chair shall vote for or against the matter before the House, unless the House excuses the member from voting. However, no member is required to vote on any matter concerning a resolution except for a resolution relating to the internal business of the House or the Legislature.

A member who declines to vote on a call of the member's name shall be required to state reasons for so declining. After the vote has been taken but before the chair has announced the vote, the chair shall submit to the House the question, "Shall the member, for the reasons stated, be excused from voting?" which shall be decided without debate. Any other proceedings in reference thereto shall take place after announcement of the vote.

ARTICLE III - MOTIONS AND AMENDMENTS

3.01 AMENDMENTS AND OTHER MOTIONS. No amendment or other motion shall be debated until after it is stated by the Speaker.

After an amendment or other motion has been stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time before amendment or decision. Unless a motion, resolution or amendment is withdrawn on the day it is made, it shall be entered in the Journal, together with the name of the member offering it.

The Speaker may require any amendment or other motion be typewritten and that five copies be given to the Chief Clerk.

3.02 PRECEDENCE OF MOTIONS. When a question is under consideration, no motion shall be received except the following, the first four of which shall be decided without debate:

- (1) To fix the time of adjournment.

- (2) To adjourn.
- (3) To lay on the table.
- (4) For the previous question.
- (5) To refer.
- (6) To postpone to a day certain.
- (7) To amend.
- (8) To postpone indefinitely.
- (9) To pass.

The motions shall have precedence in the order listed. However, if the motion for the previous question has been seconded and the main question ordered, the motion to lay on the table shall not be in order.

3.03 MOTION TO ADJOURN. A motion to adjourn shall always be in order except during roll call.

When a motion to adjourn is made it shall be in order for the Speaker, before putting the question, to permit any member to state reasons which would seem to render adjournment improper at that time. Such a statement shall not be debatable and shall be limited to not over two minutes.

3.04 MOTION FOR RECONSIDERATION. When a question has been decided either in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move its reconsideration, provided that such motion is made either on the same day the vote was taken or within the following two days of actual session of the House. A motion for reconsideration can be made at any time in the Order of Business and shall take precedence over all other questions except the motion to adjourn and the notice of intention to move reconsideration. Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

In regular session in an odd-numbered year, notice of intention to move reconsideration shall not be in order after

In regular session in an even-numbered year, notice of intention to move reconsideration shall not be in order after

3.05 ORDER OF PUTTING QUESTION. Except in the case of privileged questions, all questions, whether in committee or in the House, shall be put in the order in which they are moved. When filling blanks, a motion for the largest sum or the longest time shall be put first.

3.06 DIVISION OF A QUESTION. Any member may request the division of a question which contains several separate and distinct points. A motion to strike out and insert shall not be divisible. If a motion to strike out is lost it shall not preclude another motion to amend or to strike out and insert.

3.07 THE PREVIOUS QUESTION. The motion calling for the previous question must be seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, it shall have the effect of cutting off all debate and bringing the House to direct vote upon the question or questions.

The previous question may be moved and ordered upon a single motion, a series of motions allowable under the Rules, or an amendment or amendments; or it may include all authorized motions or amendments, including a vote on final passage of a bill.

On a motion for the previous question, but prior to its being ordered, a call of the House shall be in order. After a majority has ordered the previous question, no call shall be in order prior to the decision on the main question.

When the previous question is decided in the negative, the main question remains under debate until disposed of by taking a vote either on the question or in some other manner.

All incidental questions of order arising after a motion is made for the previous question and prior to the vote on the main question shall be decided without debate.

3.08 AMENDMENTS TO AMENDMENTS. An amendment may be

amended, but an amendment to an amendment may not be amended.

3.09 MOTIONS AND PROPOSITIONS TO BE GERMANE. No motion or proposition on a subject different from that under consideration shall be admitted under guise of its being an amendment.

3.10 AMENDMENT NOT TO ANNEX ANOTHER BILL. Except in a standing committee *no bill* or resolution shall at any time be amended by annexing or incorporating any other bill or resolution.

3.11 RESOLUTIONS AND MOTIONS INVOLVING EXPENDITURE OF MONEY. Any resolution or motion involving the expenditure of money out of the legislative expense fund shall be referred to the Committee on Rules and Legislative Administration before being acted upon by the House. A majority vote of the whole House, determined by a roll call, is required to pass any such resolution or motion.

3.12 AMENDMENTS TO APPROPRIATION AND TAX BILLS. No amendment increasing an appropriation and no amendment increasing a tax shall be declared passed until voted for by a majority of the whole House determined by a roll call vote.

3.13 MOTION TO LAY ON THE TABLE. A motion to lay on the table shall not be in order on a motion to amend, except that a motion to amend the Rules may be tabled.

3.14 MOTION TO RESCIND. The motion to rescind shall not be in order at any time in any proceeding in the House or in any committee of the House.

3.15 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole House is required to suspend, alter, or amend any Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House.

Except as provided in Rule 1.12, a motion to suspend, alter, or amend any Rule of the House must be made under the order of business "Motions and Resolutions." If the motion is made at any other time, unanimous consent is required before the Speaker can entertain the motion.

A motion to suspend the Rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion.

ARTICLE IV – DEBATE AND DECORUM

4.01 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, no member or officer of the House shall be absent from any session of the House without first having obtained from the Speaker permission to be absent.

4.02 DUTIES OF MEMBERS. Members shall keep their seats until the Speaker announces adjournment.

Every member, before speaking, shall rise and respectfully address the Speaker and shall not speak further until recognized by the Speaker. When two or more members rise at the same time, the Speaker shall designate the member to speak first.

4.03 QUESTIONS OF ORDER. If any member of the House transgresses the Rules, either in speaking or in any other way, the Speaker shall, or any member may, call the member to order. A member so called to order shall immediately sit down unless another member moves to permit the member who was called to order to explain. In either case, the House, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall that member be at liberty to proceed. A member called to order shall be liable to censure or such other punishment as the House may deem proper.

4.04 ORDER IN DEBATE. No member shall speak more than twice on the same subject without leave of the House, nor more than once until every other member wishing to speak on the pending question has had an opportunity to do so.

4.05 NOTICE OF INTENTION TO DEBATE A RESOLUTION. Any member may give notice of intention to debate a resolution. Such notice may be given at any time before the vote is taken on the resolution. If such notice is given, the resolution shall be laid over one day without debate or any other action.

4.06 OFFENSIVE WORDS IN DEBATE. If any member is called to order for offensive words in debate, the member calling for order shall report the words to which exception is taken and the Clerk shall record them. No member shall be held to answer or be subject to censure of the House for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place.

4.07 ORDER DURING SESSION. No member shall walk out of or across the Chamber when the Speaker is putting the question. No member shall engage in private conversation while another member is speaking or pass between the speaking member and the Chair.

4.08 NO ONE TO REMAIN BY THE CHIEF CLERK'S DESK. No member or other person shall remain by the Chief Clerk's desk while the yeas and nays are being called.

4.09 WHO MAY BE ADMITTED TO THE FLOOR. No person shall be admitted within the House Chamber, except members themselves, properly authorized employees, the Chief Executive and ex-governors of the State of Minnesota, members of the Senate, heads of departments of the state government, judges of the Supreme and District Courts, members of Congress, properly accredited representatives of radio and television stations, newspapers and press associations, as herein provided for, and none other. When a former member of Congress or the Minnesota Legislature or any other person is issued a permit by the Speaker good for the day, that person shall be provided with a seat near the Speaker's rostrum, and at no time shall a conversation be carried on so as to disturb the business of the House. Before issuing the permit, the Speaker shall make certain that the person does not seek the floor of the House for the purpose of influencing decisions of the House.

The alcoves shall be kept for the use of members only, and the Sergeant at Arms shall keep them cleared.

It shall not be in order for the Speaker to entertain a request for the suspension of this Rule, or to present from the Chair the request of any member for unanimous consent unless an extraordinary condition exists, in which event the Speaker may consent to entertain a motion for its suspension.

During the period extending from one hour prior to the time the House is scheduled to convene until one hour after the House adjourns for the day, the retiring room shall be reserved for the exclusive use of the members and employees of the House or Senators specifically authorized to be present by a House member. No committee meetings shall be held therein except for emergency meetings authorized by the Speaker of the House. The Sergeant at Arms is charged with the duty of strict enforcement of this provision.

4.10 PRESENTATION OF PETITIONS. Any petition, memorial or other paper presented to the House shall include the name of the member introducing it and a brief description of its contents and shall be presented by the Speaker, who shall state briefly its contents.

4.11 NO SMOKING IN HOUSE CAPITOL AREA. Smoking is prohibited in areas of the Capitol under the jurisdiction of the House of Representatives, including the House Chamber and Retiring Room and galleries, hearing rooms, minor corridors and offices, except private offices.

ARTICLE V - BILLS

5.01 BILL AND RESOLUTION FORM. No bill or resolution shall be introduced until it has been examined and approved by the Revisor of Statutes as to form and compliance with the Joint Rules of the House and Senate and the Rules of the House. Approval as to form shall be endorsed on the bill or resolution by the Revisor of Statutes.

5.02 INTRODUCTION OF BILLS AND RESOLUTIONS. A bill, advisory bill or resolution offered for introduction shall be placed in the hands of the Speaker at least 24 hours prior to the convening of the daily session. Every bill, advisory bill and resolution shall be introduced in quadruplicate and each copy shall contain the signature of the member or name of the committee introducing it. No bill, advisory bill, memorial or resolution shall have more than five authors. A statement of facts being forwarded for action to a governmental official, agency, or body or other similar proposal is a memorial and shall be introduced in the same form as a bill and take the same course as a bill. No resolution shall authorize the expenditure of monies from any source other than the legislative expense fund.

5.03 ADVISORY BILLS. An advisory bill may be introduced by any member in the same manner as a bill except that the requirements of Rule 5.01 shall not apply.

Each advisory bill shall be typewritten on a form provided by the Chief Clerk. It shall have a title not exceeding 12 words in length and shall contain a specific proposal for the initiation, termination or alteration of a law or program of the state or any of its subdivisions. It need not be drafted in a form appropriate for enactment into law.

An advisory bill may be considered only in committee and shall not be given a second reading or be otherwise considered by the House, except that the committee may report its recommendation for re-referral to another committee.

5.04 FIRST READING AND REFERENCE OF BILLS. Each bill, advisory bill and resolution shall be reported and given its first reading upon its introduction. No bill, advisory bill or resolution shall be objected to upon its introduction.

Except as provided in Rule 1.17 and Rule 5.05 each bill, advisory bill or resolution shall, after first reading, be referred by the Speaker to the appropriate standing committee or division thereof.

Congratulatory resolutions are exempt from this rule and may be adopted by the Committee on Rules and Legislative Administration without further consideration by the House.

Except as otherwise provided in these Rules, after a bill, advisory bill or resolution has been referred by the Speaker, a majority vote of the whole House shall be required for a re-referral of the bill, advisory bill or resolution by the House.

5.05 COMMITTEE BILLS. A committee bill shall be read for the first time and may be referred by the Speaker to any standing committee. If it is not so referred, it shall be laid over one day. It shall then be read for the second time and placed upon General Orders, or, if recommended by the Committee, upon the Consent Calendar.

5.06 PRINTING OF BILLS. Every bill shall be printed after it has been given its second reading. A bill may be printed at any other time a majority of the House so orders.

5.07 BILLS CARRYING AN APPROPRIATION. Any bill, whether originating in the House or Senate, carrying an appropriation, or which may involve any present or future financial obligation on the part of the State, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Appropriations for action by that committee. Any committee, other than the Committee on Appropriations, to which such bill has been referred shall note in its report that the bill carries an appropriation.

5.08 BILLS AFFECTING STATE GOVERNMENT POWERS AND STRUCTURE. Any bill, whether originating in the House or the Senate, which creates or reestablishes any new department, agency, commission, board, task force, advisory committee or council, or bureau, or any other such entity, or which substantially changes or alters the organization of or delegates emergency rulemaking authority to or exempts from rulemaking any department or agency thereof of state government, or substantially changes, alters, vests or divests official rights, powers, or duties of any official, department or agency of the state government or any institution under its control, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Governmental Operations for action by that committee. Prior to the deadline set by Rule 9.03, any committee other than the Committee on Governmental Operations to which such bill is referred shall, in its report, recommend re-referral to the Committee on Governmental Operations. After the deadline set by Rule 9.03, a report shall recommend re-referral to the Committee on Rules and Legislative Administration.

This rule does not apply to the omnibus bill on taxation, the education finance bill, or the omnibus appropriations bills for: state government; human resources; education; economic development, infrastructure and regulation; or environment and natural resources. But, if those bills contain provisions that would create or reestablish a commission, board, task force, advisory committee or council, or other such entity, then the chair of the Committee on

Taxes, the chair of the Committee on Education, or the chair of a division of the Committee on Appropriations, as appropriate, must communicate the inclusion of the provision to the chair of the Committee on Rules and Legislative Administration prior to consideration of the matter on the floor.

All other bills in the House Committees on Appropriations and on Taxes are also exempt from this rule except for bills to create or reestablish a commission, board, task force, advisory committee or council, or other such entity. Prior to the deadline set by Rule 9.03, those bills shall be re-referred to the Committee on Governmental Operations. After that deadline, the bills shall be re-referred to the Committee on Rules and Legislative Administration.

5.09 **BILLS AFFECTING TAXES.** Any bill whether originating in the House or Senate, which substantially affects state tax policy or the administration of state tax policy, after being reported to the House, shall be referred, or re-referred, as the case may be, to the Committee on Taxes for action by that committee. Any standing committee other than the Committee on Taxes to which such a bill is referred shall, in its report, recommend re-referral to the Committee on Taxes.

5.10 **WAYS AND MEANS COMMITTEE; RESOLUTION; EFFECT ON EXPENDITURES AND TAX BILLS.** The Committee on Ways and Means shall hold hearings as necessary to determine state expenditures and taxes for the coming fiscal biennium. In regular session, not later than ten days following the last available state general fund revenue and expenditure forecast for the coming fiscal biennium prepared during the session, the Committee on Ways and Means shall report a budget resolution to the House for consideration. The budget resolution shall take the form of a House resolution that sets the maximum limitation on expenditures and taxes for the coming fiscal biennium for the general fund and an amount to be set aside as a budget reserve. The limitation is effective, if adopted, unless the House adopts a different limitation in a subsequent budget resolution that accounts for increases or decreases in general fund revenues and expenditures anticipated for the current fiscal biennium.

No bill described in Rule 5.07 or 5.09 shall be given its second reading until the House has received a statement from the Committee on Ways and Means certifying that the major expenditure and tax bills are reconciled and do not exceed the limitation specified in the budget resolution for the general fund. Major expenditure and tax bills are: the education appropriation bill; the environment and natural resources appropriation bill; the human resources appropriation bill; the state government appropriation bill; the economic development, infrastructure and regulation appropriation bill; the education finance bill; and the omnibus tax bill. However, a bill may be given its second reading by special authorization of the Committee on Ways and Means or by majority vote of the whole House. A

special authorization may be reported by an oral notice to the House from the Chair of the Committee on Ways and Means or a designee of the Chair stating that the fiscal impact of a bill will be accounted for in the reconciliation statement.

The Committee on Appropriations and the Committee on Taxes, upon recommending passage of any bill described in Rule 5.07 or 5.09, shall provide to the Committee on Ways and Means a fiscal statement on the bill.

After the House has received a reconciliation statement from the Committee on Ways and Means, the House shall not give a second reading to any bill described in Rule 5.07 or 5.09 other than the major expenditure and tax bills. However, a bill may be given its second reading after the House has received from the Committee on Ways and Means a statement certifying that the fiscal impact of the bill is within the guidelines of the budget resolution, or after authorization by majority vote of the whole House. The statement of the Committee on Ways and Means may be reported orally by the Chair of the Committee on Ways and Means or a designee of the Chair.

5.11 RECESS BILL INTRODUCTIONS. During the period between the last day of the session in any odd-numbered year and the first day of the session in the following year, any bill filed with the Speaker for introduction shall be given a file number and may be unofficially referred to an appropriate standing committee of the House of Representatives.

Delete page 2, lines 1 to 26, and insert:

“Whereas, the citizens of Minnesota acknowledge and appreciate the dedication and devotion to country of the men and women serving in the Persian Gulf area; and

Whereas, the United Nations has condemned Saddam Hussein and the aggressive and oppressive Iraqi invasion and occupation of Kuwait and has called for the immediate withdrawal of Iraq from Kuwait; and

Whereas, the United Nations has imposed strict economic sanctions on Iraq; and

Whereas, the massive buildup of military forces of both Iraq and the United States and its allies in the Persian Gulf region has created an extremely volatile condition in which war could break out with little provocation; and

Whereas, a war with Iraq could involve the use of chemical weapons and could escalate to the use of nuclear weapons; and

Whereas, a war with Iraq could result in the death of thousands of combatants and civilians; and

Whereas, a war with Iraq would damage relations with some Arab nations for decades to come; and

Whereas, a war with Iraq could cost the United States and its allies one billion dollars per day, diverting necessary funds from

health care, housing, education, economic development, and human services; and

Whereas, war in the Persian Gulf region would cause a serious increase in the price of oil, resulting in economic disarray and prolonged worldwide recession; and

Whereas, the citizens of Minnesota wholeheartedly support the United States military personnel currently stationed in the Persian Gulf region, have grave concerns for their safety, and believe that their best interests would be served by averting war; and

Whereas, the Gulf crisis has required great sacrifice from members of our armed forces and their families and friends and war will require even greater sacrifice; *Now, Therefore*,

Be It Resolved by the Legislature of the State of Minnesota that it urges the President of the United States to allow the sanctions adequate time to work and to commit the United States fully to negotiations that will avert war and guarantee mutual security for all nations and people.

Be It Further Resolved that the Legislature requests the Governor of the State of Minnesota to declare a day of prayer for peace and to ask all religious institutions to participate.

Be It Further Resolved that the Legislature urges all Minnesotans to write to members of our armed forces in the Gulf area pledging their personal support for their sacrifice.

Be It Further Resolved that the Secretary of State of the State of Minnesota is directed to prepare certified copies of this memorial and transmit them to the President of the United States, the President and Secretary of the United States Senate, the Speaker and Chief Clerk of the United States House of Representatives, and Minnesota's Senators and Representatives in Congress."

Delete the title and insert:

"A resolution memorializing the President of the United States to fully commit the United States to negotiations that will avert war and result in a settlement of disputes with Iraq."

With the recommendation that when so amended the bill pass.

The report was adopted.

Sec. 2. HUMAN SERVICES

Subdivision 1. Social Services (8,175,000)

The commissioner shall transfer \$5,000,000 in fiscal year 1991 from the consolidated chemical dependency treatment fund to the general fund. Notwithstanding Minnesota Statutes, sections 254B.02, subdivision 4, and 254B.09, all money remaining in the

consolidated chemical dependency treatment fund after all services provided in fiscal year 1991 are reimbursed shall cancel. This cancellation shall apply to state money remaining in county allocations, the reserve account, tribal allocations, the tribal reserve account, and the nonreservation Indian reserve account.

Laws 1990, chapter 568, article 2, section 59, is effective February 1, 1991, notwithstanding Laws 1990, chapter 568, article 2, section 104, subdivision 3. For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, section 254B.03, subdivision 4, the commissioner may refuse to pay for services to persons not eligible under Minnesota Statutes, section 254B.04, subdivision 1, and the state is not financially liable for payment of services to ineligible persons.

The department of human services is authorized to receive new federal funds as of October 1, 1990, for child care. The new funds are authorized under Section 5081 of the federal Omnibus Budget Reconciliation Act of 1990, which amends the Social Security Act adding section 402(1), providing child care to low income families.

For the biennium ending June 30, 1991, and notwithstanding any other law to the contrary, counties may not enter into agreements for new general assistance or Minnesota supplemental aid negotiated rate beds except under the following two circumstances, both

of which are limited to existing funding caps: limited adult foster care development needed to ensure census reduction targets for developmentally disabled persons at regional treatment centers; and development to ensure compliance with the federal Omnibus Budget Reconciliation Act of 1990 alternative disposition plan requirements for inappropriately placed developmentally disabled persons.

For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, section 256D.051 and Minnesota Rules, parts 9500.1200 to 9500.1318, the commissioner shall identify groups of nonexempt work readiness registrants receiving food stamps who must participate in the work readiness employment and training program as a condition of eligibility for work readiness assistance. All other nonexempt registrants shall be deferred from participation in the Work Readiness Employment and Training Program. The notice and disqualification provisions of Minnesota Statutes, section 256D.101, remain in effect. The commissioner shall modify the groups identified in order to increase the number of registrants who must participate if necessary to meet federal participation requirements or if sufficient funds are available to expand program operations. Counties must provide ongoing employment and training services to all registrants in the county who are members of the groups identified by the commissioner.

\$100,000 of this reduction is from the appropriation in Laws 1989, chapter 282, article 1, section 2, subdivision 6, to reimburse local agencies for the costs of providing transportation for work readiness literacy training. The commissioner shall reimburse counties for these purposes up to the amount of this appropriation, and state financial liability shall not extend beyond the appropriation amount.

Sec. 4. [VOLUNTARY UNPAID LEAVE OF ABSENCE.]

Appointing authorities in the executive branch of state government shall encourage each employee to take an unpaid leave of absence for up to 160 hours during the period ending June 30, 1991. Each appointing authority approving such a leave shall allow the employee to continue accruing vacation and sick leave, be eligible for paid holidays and insurance benefits, accrue seniority, and accrue service credit in state retirement plans permitting service credits for authorized leaves of absence as if the employee had actually been employed during the time of the leave. If the leave of absence is for one full pay period or longer, any holiday pay shall be included in the first payroll warrant after return from the leave of absence. The appointing authority shall attempt to grant requests for unpaid leaves of absence consistent with the need to continue efficient operation of the agency. However, each appointing authority shall retain discretion to grant or refuse to grant requests for leaves of absence and to schedule and cancel leaves, subject to applicable provisions of collective bargaining agreements and compensation plans. Approval of leave under this section shall be given by the appointing authority in writing, with a copy to the commissioner of finance, who shall reduce the agency's allotments by the amount of the resulting savings. It is estimated that this option for employees will result in general fund savings of \$1,270,000 by June 30, 1991.

“Section 1. Minnesota Statutes 1990, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1990 payable in 1991 and subsequent years, “special levies” means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) for taxes levied in 1990, payable in 1991 and subsequent years, pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this clause for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in section 273.1398, subdivision 1, paragraph (i), are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, “income maintenance programs” include income maintenance programs in section 273.1398, subdivision 1, paragraph (i), to the extent the county provides benefits under those programs over the statutory mandated standards. Effective with taxes levied in 1990, the portion of this special levy for human service programs identified in section 273.1398, subdivision 1, paragraph (i), is eliminated;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c, or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of

indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to section 270.16;

(j) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5;

(k) pay the cost of hospital care under section 261.21;

(l) pay the unreimbursed costs incurred in the previous year to satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, provided that an appeal for the unreimbursed costs under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3;

(m) pay the expenses reasonably and necessarily incurred in preparing for or repairing the effects of natural disaster including the occurrence or threat of widespread or severe damage, injury, or loss of life or property resulting from natural causes such as earthquake, fire, flood, wind storm, wave action, oil spill, water contamination, air contamination, or drought in accordance with standards formulated by the emergency services division of the state department of public safety, provided that an appeal for the expenses incurred under this clause were approved by the commissioner of revenue under section 275.51, subdivision 3;

(n) pay a portion of the losses in tax receipts to a city due to tax abatements or court actions in the year preceding the current levy year, provided that an appeal for the tax losses was approved by the commissioner of revenue under section 275.51, subdivision 3. This special levy is limited to the amount of the losses times the ratio of the nonspecial levies to total levies for taxes payable in the year the abatements were granted. County governments are not authorized to claim this special levy;

(o) pay the operating cost of regional library services authorized under section 134.34, subject to a maximum increase over the previous year of the greater of (1) 103 percent multiplied by one plus the percentage increase determined for the governmental subdivision under section 275.51, subdivision 3h, clause (b), or (2) six percent. If a governmental subdivision elected to include some or all of its levy for libraries within its adjusted levy limit base in the prior year, but elects to claim the levy as a special levy in the current levy year, the allowable increase is determined by applying the greater percentage determined under clause (1) or (2) to the total amount levied for libraries in the prior levy year. After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year. This limit may be redistributed according to the provisions of section 134.342. In no event shall the special levy be less than the minimum levy required under sections 134.33 and 134.34, subdivisions 1 and 2;

(p) pay the amount of the county building fund levy permitted under section 373.40, subdivision 6;

(q) pay the county's share of the costs levied in 1989, 1990, and 1991 for the Minnesota cooperative soil survey under Minnesota Statutes 1988, section 40.07, subdivision 15;

(r) for taxes levied in 1989, payable in 1990 only, pay the cost incurred for the minimum share required by counties levying for the first time under section 134.34 as required under section 134.341. For taxes levied in 1990, and thereafter, counties levying under this provision must levy under clause (o), and their allowable increase must be determined with reference to the amount levied in 1989 under this paragraph;

(s) for taxes levied in 1989, payable in 1990 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids to a county under sections 273.1398, subdivision 2, paragraph (d), and 477A.012, subdivision 3, for aids payable in 1990;

(t) for taxes levied in 1990 only by a county in the eighth judicial district, provide an amount equal to the amount of the levy, if any, that is required under Laws 1989, chapter 335, article 3, section 54, subdivision 8, as amended by Laws 1990, chapter 604, article 9, section 14;

(u) for taxes levied in 1989, payable in 1990 only, pay the costs not reimbursed by the state or federal government:

(i) for the costs of purchase or delivery of social services. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties.

(ii) for payments made to or on behalf of recipients of aid under any public assistance program authorized by law. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent and must be used only for the public assistance programs.

(iii) If the amount levied under ~~this paragraph (u)~~ clause (ii) in 1989 for public assistance programs is less than the actual expenditures needed for these programs for 1990, the difference between the actual expenditures and the amount levied may be levied in 1990 as a special levy. If the amount levied under clause (ii) in 1989 for public assistance programs is greater than the actual expenditures needed for these programs for 1990, the difference between the

amount levied and the actual expenditures shall be deducted from the 1990 levy limit, payable in 1991;

(v) pay an amount of up to 25 percent of the money sought for distribution and approved under section 115A.557, subdivision 3, paragraph (b), clause (3);

(w) pay the unreimbursed costs of per diem jail or correctional facilities services paid by the county in the previous 12-month period ending on July 1 of the current year provided that the county is operating under a department of corrections directive that limits the capacity of a county jail as authorized in section 641.01 or 641.262, or a correctional facility as defined in section 241.021, subdivision 1, paragraph (5);

(x) for taxes levied in 1990 and 1991, payable in 1991 and 1992 only, pay the operating or maintenance costs of a county jail as authorized in section 641.01 or 641.262, or of a correctional facility as defined in section 241.021, subdivision 1, paragraph (5), to the extent that the county can demonstrate to the commissioner of revenue that the amount has been included in the county budget as a direct result of a rule, minimum requirement, minimum standard, or directive of the department of corrections. If the county utilizes this special levy, any amount levied by the county in the previous levy year for the purposes specified under this clause and included in the county's previous year's levy limitation computed under section 275.51, shall be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the county's current year levy limitation. The county shall provide the necessary information to the commissioner of revenue for making this determination;

(y) for taxes levied in 1990, payable in 1991 only, pay an amount equal to the unreimbursed county costs paid in 1989 and 1990 for the purpose of grasshopper control; and, for taxes levied in 1991 payable in 1992 only, pay an amount equal to the unreimbursed county costs paid in 1991 for the purpose of grasshopper control;

(z) for a county, provide an amount needed to fund comprehensive local water implementation activities under sections 103B.3361 to 103B.3369 as provided in this clause.

A county may levy an amount not to exceed the water implementation local tax rate times the adjusted net tax capacity of the county for the preceding year. The water implementation local tax rate shall be set by August 1 each year by the commissioner of revenue for taxes payable in the following year. As used in this paragraph, the "adjusted net tax capacity of the county" means the net tax capacity of the county as equalized by the commissioner of revenue based upon the results of an assessment/sales ratio study. That rate shall be the rate, rounded up to the nearest one-thousandth of a percent, that, when applied to the adjusted net tax capacity for all counties,

raises the amount specified in this clause. The water implementation local tax rate for taxes levied in 1990 shall be the rate that raises \$1,500,000 and the rate for taxes levied in 1991 shall be the rate that raises \$1,500,000. A county must levy a tax at the rate established under this clause to qualify for a grant from the board of water and soil resources under section 103B.3369, subdivision 5;

(aa) pay the unreimbursed county costs for court-ordered family-based services and court-ordered out-of-home placement for children to the extent that the county can demonstrate to the commissioner of revenue that the estimated amount included in the county's budget for the following levy year is for the purposes specified under this clause. For purposes of this special levy, costs for "family-based services" and "out-of-home placement" means costs resulting from court-ordered targeted family services designed to avoid out-of-home placement and from court-ordered out-of-home placement under the provisions of sections 260.172 and 260.191, which are unreimbursed by the state or federal government, insurance proceeds, or parental or child obligations. Any amount levied under this clause must only be used by the county for the purposes specified in this clause.

If the county uses this special levy and the county levied an amount in the previous levy year, for the purposes specified under this clause, under another special levy or under the levy limitation in section 275.51, the following adjustments must be made:

(i) The amount levied in the previous levy year for the purposes specified under this clause under the levy limitation in section 275.51 must be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the current year levy limitation.

(ii) The amount levied in the previous levy year, for the purposes specified under clause (a) or (u) must be deducted from the previous year's amount used to calculate the maximum amount allowable under clause (a) in the current levy year; and

(bb) pay the amounts allowed as special levies under Laws 1989, First Special Session chapter 1, article 5, section 50, and subdivisions 5a and 5b.

Sec. 2. Minnesota Statutes 1990, section 275.51, subdivision 3f, is amended to read:

(e) For taxes levied by a county in 1989, the levy limit base determined under paragraph (d) shall be reduced by an amount equal to 90 percent of the cost of public defender services for felonies and gross misdemeanors and the costs of law clerks in the county that are assumed by the state during calendar year 1990, less 103 percent of one-half the amount of fees collected by the courts in the county during calendar year 1988. For taxes levied in 1990, the levy limit base determined under paragraph (d) shall first be increased by the product of (1) the amount deducted under this paragraph for taxes levied in 1989 and (2) the adjustments under subdivision 3h, paragraphs (a) and (b) for taxes levied in 1989, and then shall be reduced by an amount equal to the cost of public defender services for felonies and gross misdemeanors and the cost of law clerks in the county that are assumed by the state during calendar year 1991, less the amount of fees collected by the courts in the county during calendar year 1989, computed at the rate of \$30 for civil and probate filings and \$20 for marriage dissolutions.

(f) For taxes levied in 1989 by a county that is located in the eighth judicial district, the levy limit base determined under paragraphs (d) and (e) shall be further reduced by an amount equal to 90 percent of the cost of operation of the trial courts in the county during calendar year 1990 that are assumed by the state and for which an appropriation is provided, less 103 percent of the sum of (1) the remaining one-half of the amount of fees and (2) 100 percent of the amount of fines collected by the courts in the county during calendar year 1988. For taxes levied in 1990 by a county that is located in the eighth judicial district, the levy limit base determined under paragraphs (d) and (e) is reduced by the product of (1) 103 percent of

one-half of the fees collected by the courts in the county during calendar year 1988, and (2) the adjustments under subdivision 3h, paragraphs (a) and (b) for taxes levied in 1989.

(g) By October 15, 1989, the board of public defense shall determine and certify to the commissioner of revenue the pro rata share for each county of the state-financed public defense services described in paragraph (e) during the six-month period beginning July 1, 1990. By October 15, 1989, the supreme court shall determine and certify to the department of revenue for each county the pro rata share for each county of the cost of providing law clerks during the three-month period beginning October 1, 1990, plus, for each county located in the eighth judicial district, the cost of operation of the trial courts during calendar year 1990.

By July 15, 1990, the supreme court shall determine and certify to the department of revenue for each county the pro rata share for each county of the cost of providing law clerks during calendar year 1991 plus, for each county located in the eighth judicial district, the cost of operation of the trial courts during the first six months of 1991.

(h) For taxes levied in a county in 1991, the levy limit base shall be reduced by an amount equal to the cost in the county of court reporters, judicial officers, and district court referees and the expenses of law clerks and court reporters as authorized in sections 484.545, subdivision 3, and 486.05, subdivisions 1 and 1a, as certified by the supreme court pursuant to section 477A.012, subdivision 4.

(i) If a governmental subdivision received an adjustment to its levy limit base for taxes levied in 1988 under section 275.51, subdivision 3j, its levy limit base for taxes levied in 1989 must be reduced by the lesser of (1) the adjustment under section 275.51, subdivision 3j, or (2) the difference between its (i) levy limit for taxes levied in 1988 and its (ii) total actual levy for taxes levied in 1988 minus any special levies claimed for taxes levied in 1988 under section 275.50, subdivision 5.

Subd. 4. [SALES RATIO STUDIES AS EVIDENCE.] The sales ratio studies published by the department of revenue, or any part of the studies, or any copy of the studies or records accumulated to prepare the studies which is prepared by the commissioner of revenue for use in determining education aids shall be admissible in evidence as a public record without the laying of a foundation if the

sales prices used in the study are adjusted for the terms of the sale to reflect market value and are adjusted to reflect the difference in the date of sale compared to the assessment date. The department of revenue sales ratio study shall be prima facie evidence of the level of assessment. Additional evidence relevant to the sales ratio study is also admissible. No reduction in value on the grounds of discrimination shall be granted on the basis of a sales ratio study unless

(a) the sales prices are adjusted for the terms of the sale to reflect market value,

(c) there is an adequate sample size, and

(d) the median ratio of the same classification of property in the same county, city, or town as the subject property is lower than 90 percent, except that in the case of a county containing a city of the first class, the median ratio for the county shall be the ratio determined excluding sales from the first class city within the county.

If a reduction in the court-determined market value on the grounds of discrimination is granted based on the above criteria, the reduction shall equal the difference between ~~(1) the ratio for the petitioner's property less five percentage points 95 percent and (2) the median ratio determined by the court. In order to receive relief on the basis of discrimination, the petitioner must establish the ratio of the assessor's estimated market value to the actual fair market value for the property.~~

Subdivision 1. [CONVERSION OF USE; MINIMUM NOTICE.] At least nine months before the conversion of all or a portion of a manufactured home park to another use, or before closure of a manufactured home park or cessation of use of the land as a manufactured home park, the park owner must prepare a closure statement and provide a copy to the local planning agency and a copy to a resident of each manufactured home where the residential use is being converted. A resident may not be required to vacate until 60 days after the conclusion of the public hearing required under subdivision 4. If a lot is available in another section of the park that will continue to be operated as a park, the park owner must allow the resident to relocate the home to that lot unless the home, because of its size or local ordinance, is not compatible with that lot.

Sec. 2. Minnesota Statutes 1990, section 327C.095, is amended by adding a subdivision to read:

Subd. 6. [INTENT TO CONVERT USE OF PARK AT TIME OF PURCHASE.] Before the execution of an agreement to purchase a manufactured home park, the purchaser must notify the park owner, in writing, if the purchaser intends to close the manufactured home park or convert it to another use within one year of the execution of the agreement. The notice must be sent by first class mail to a resident of each manufactured home in the park. The notice period begins on the postmark date affixed to the notice and ends 45 days after it begins. The residents or a nonprofit organization which has the written permission of 51 percent of the residents to represent them in the acquisition of the park shall have 45 days to meet the cash price and to execute an agreement to purchase the park for the purposes of keeping the park as a manufactured housing community. The park owner must accept the offer if it meets the cash price and the same terms and conditions

set forth in the purchaser's offer except that the seller is not obligated to provide owner financing. For purposes of this section, cash price means the cash price offer or equivalent cash offer as defined in section 500.24, subdivision 6, paragraph (d).

Sec. 3. Minnesota Statutes 1990, section 327C.095, is amended by adding a subdivision to read:

Subd. 8. [EFFECT OF NONCOMPLIANCE.] If a manufactured home park is sold or converted to another use in violation of subdivision 6 or 7, the residents do not have any continuing right to purchase the park as a result of that sale or conversion. Any violation of subdivision 6 or 7 shall be subject to section 8.31, subdivision 1, except that relief shall be limited so that questions of marketability of title shall not be affected.

Sec. 5. [327C.096] [NOTICE OF SALE.]

When a park owner offers to sell a manufactured home park to the public through advertising in a newspaper, or by listing the park with a realtor licensed by the department of commerce, the owner must provide concurrent written notice to a resident of each manufactured home in the park that the park is being offered for sale. The notice provided by the park owner to a resident of each manufactured home does not grant any property rights in the park. This section does not apply in the case of a taking by eminent domain, a transfer by a corporation to an affiliate, a transfer by a partnership to one of its partners, or a sale or transfer to a person

who would be an heir of the owner if the owner were to die intestate. Sec. 4. Minnesota Statutes 1990, section 103A.201, is amended to read:

103A.201 [REGULATORY POLICY.]

Subdivision 1. [POLICY.] To conserve and use water resources of

the state in the best interests of its people, and to promote the public health, safety, and welfare, it is the policy of the state that:

(1) subject to existing rights, public waters are subject to the control of the state;

(2) the state, to the extent provided by law, shall control the appropriation and use of waters of the state; and

(3) the state shall control and supervise activity that changes or will change the course, current, or cross section of public waters, including the construction, reconstruction, repair, removal, abandonment, alteration, or the transfer of ownership of dams, reservoirs, control structures, and waterway obstructions in public waters.

Subd. 2. [FINDINGS; PUBLIC INTEREST.] (a) The legislature finds that the wetlands of Minnesota provide public value by conserving surface waters, maintaining and improving water quality, preserving wildlife habitat, providing recreational opportunities, reducing runoff, providing for floodwater retention, reducing stream sedimentation, contributing to improved subsurface moisture, helping moderate climatic change, and enhancing the natural beauty of the landscape, and are important to comprehensive water management, and that it is in the public interest to:

(1) achieve no net loss in the quantity, quality, and biological diversity of Minnesota's existing wetlands;

(2) increase the quantity, quality, and biological diversity of Minnesota's wetlands by restoring or enhancing diminished or drained wetlands;

(3) avoid direct or indirect impacts from activities that destroy or diminish the quantity, quality, and biological diversity of wetlands; and

(4) mitigate where avoidance of activity is not feasible and prudent.

(b) Mitigation must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

Sec. 5. Minnesota Statutes 1990, section 103E.701, is amended by adding a subdivision to read:

Subd. 6. [WETLAND RESTORATION AND MITIGATION.] Repair of a drainage system may include the restoration or enhancement of wetlands; wetland mitigation under section 103G.222; and the realignment of a drainage system to prevent drainage of a wetland.

Sec. 6. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 10a. [LOCAL WATER MANAGEMENT ORGANIZATION.] "Local water management organization" means a county board of commissioners or, in the seven-county metropolitan area, a watershed management organization under section 103B.211.

Sec. 7. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 11a. [MITIGATION.] "Mitigation" is the quantification and replacement of an area's size, quality, character, and diversity through restoration or creation of at least equivalent quantities in another area after the impacts of the proposed project have been avoided and minimized to the extent possible and there are no feasible and prudent alternatives.

Sec. 8. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 17a. [WATERSHED.] "Watershed" means the 81 major watershed units delineated by the map, "State of Minnesota Watershed Boundaries - 1979".

Sec. 9. Minnesota Statutes 1990, section 103G.005, subdivision 18, is amended to read:

Subd. 18. [PUBLIC WATERS WETLANDS.] “Public waters wetlands” means all types 3, 4, and 5 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition), not included within the definition of public waters, that are ten or more acres in size in unincorporated areas or 2-1/2 or more acres in incorporated areas.

Sec. 10. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 19. [WETLANDS.] “Wetlands” means lands transitional between terrestrial and aquatic systems where the water table is usually at or near the surface or the land is covered by shallow water. For purposes of this definition, wetlands must have the following three attributes:

(1) at least periodically, the land supports predominantly hydrophytes;

(2) the substrate is predominantly undrained hydric soil; and

(3) the substrate is nonsoil and is saturated with water or covered by shallow water at some time during the growing season of each year.

Sec. 11. Minnesota Statutes 1990, section 103G.221, subdivision 1, is amended to read:

Subdivision 1. [DRAINAGE OF WETLANDS GENERALLY PROHIBITED WITHOUT REPLACEMENT.] Except as provided in subdivisions 2 and 3, Wetlands may not be drained, and a permit authorizing drainage of wetlands may not be issued, unless the wetlands to be drained are replaced by wetlands that will have equal or greater public value.

Sec. 12. [103G.222] [REPLACEMENT OF WETLANDS.]

(a) Wetlands which are identified on United States Fish and Wildlife Service National Wetlands Inventory maps or revisions thereof, or which have been restored or created by public or private conservation programs, must not be drained or filled, wholly or partially, unless there are no feasible and prudent alternatives and unless replaced by restoring or creating wetland areas of at least equivalent size, quantity, character, and diversity under either a mitigation plan approved as provided in section 16 or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of

wetland areas that are applicable to mitigation plans approved as provided in section 16.

(b) Any mitigation or replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 16, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish mitigation in counties or watersheds in which 80 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded.

(c) Mitigation must be in the ratio of two acres of mitigated wetland for each acre of drained or filled wetland, of which 25 percent must be a buffer zone of permanent vegetative cover.

(d) Wetlands that are restored or created as a result of an approved mitigation plan are subject to the provisions of this section for any subsequent drainage or filling.

(e) All requests to add or delete a wetland from the application of this subdivision must be approved in the same way as provided for appeals by the committee for dispute resolution of the board of water and soil resources, and must be based on a preponderance of the evidence that the wetland does or does not comply with established criteria for inclusion in the national wetlands inventory.

Sec. 13. [103G.223] [CALCAREOUS FENS.]

Calcareous fens, as identified by the commissioner, may not be filled, drained, or otherwise degraded, wholly or partially, by any activity.

Sec. 14. [103G.224] [ECOLOGICALLY SIGNIFICANT PEATLANDS.]

Ecologically significant peatlands that are identified on maps in the 1984 commissioner of natural resources report, "Recommendations for Protection of Ecologically Significant Peatlands in Minnesota," may not be filled, drained, or otherwise degraded, wholly or partially, by any activity.

Sec. 15. [103G.2241] [EXCEPTIONS.]

Wetlands identified in section 12 are not subject to mitigation or replacement if:

(1) the wetland is a wetland restored under a contract or easement providing the landowner with the right to drain the restored wetland;

(2) the wetland is located between the banks of a ditch, as defined in section 103E.005, subdivision 8; or is located between the crowns of the leveled spoil banks planted with permanent grass, as provided in section 103E.021; and the wetland is drained pursuant to a ditch repair as defined in section 103E.701;

(3) the wetland has received a commenced drainage determination provided for by the federal Food Security Act of 1985, that was made to the county agricultural stabilization and conservation service office prior to September 19, 1988, and a ruling and any subsequent appeals or reviews have determined that drainage of the wetland had been commenced prior to December 23, 1985; or

(4) the wetland was created solely as a result of beaver dam construction, or the blockage of culverts through roadways maintained by a public authority.

Sec. 16. [103G.2242] [MITIGATION PLANS.]

Subdivision 1. [RULES.] (a) By July 1, 1992, the commissioner shall adopt rules governing the approval of mitigation plans under this section. These rules must address the criteria, procedure, timing, and location of acceptable mitigation; the establishment and administration of a wetland banking program for public transportation projects; the methodology to be used in identifying and evaluating wetland functions; the administrative, monitoring, and enforcement procedures to be used; and a procedure for the review and appeal of decisions under this section.

(b) Prior to the adoption of these rules, within 120 days, the mitigation plan must be approved by a five-member review panel. The review panel shall be composed of the area regional administrator for the department of natural resources, the area regional director of the pollution control agency, one board member of the local soil and water conservation district or districts within the county, one manager of the watershed district, and one member of the local water planning group who must be appointed by the county board. Where there is no watershed district, a member of the governing board of the county or city shall be present on the review panel.

(c) After the adoption of these rules, the mitigation plan must be approved by a resolution of the governing board of the local water management organization, consistent with the provisions of the rules.

(d) If the local water management organization fails to apply the rules, the water management organization is subject to penalty under law, and the commissioner must assume authority for approval of mitigation plans within the affected jurisdiction.

Subd. 2. [EVALUATION.] Questions concerning the location, size, or type of a wetland shall be submitted to and determined by a technical evaluation panel after an onsite inspection. The technical evaluation panel shall be composed of a technical professional employee of the department of natural resources, a technical professional employee of the local soil and water conservation district or districts, and an engineer for the local water management organization. The panel must consult with and be in concurrence with the United States Fish and Wildlife Service and the national wetland inventory maps. The panel shall provide the wetland determination to the authority that must approve a mitigation plan under this section, and may recommend approval or denial of the mitigation plan. The authority must consider and include the decision of the technical evaluation panel in their approval or denial of a mitigation plan.

Subd. 3. [MITIGATION COMPLETION.] Mitigation must be completed at least one growing season prior to the actual draining or filling of a wetland.

Subd. 4. [DECISION.] Upon receiving and considering all required data, the local water management organization or commissioner approving a mitigation plan must act on all applications for mitigation plan approval within 120 days.

Subd. 5. [NOTICE OF APPLICATION.] Within ten days of receiving an application for approval of a mitigation plan under this section, a copy of the application must be submitted to the commissioner for publication in the Environmental Quality Board Monitor and separate copies mailed to individual members of the public who request a copy, the board of supervisors of the soil and water conservation district, the managers of the watershed district, the board of county commissioners, and the mayors of the cities within the watershed. At the same time, the local water management organization must give general notice to the public in a general circulation newspaper within the area affected.

Subd. 6. [NOTICE OF DECISION.] At least 30 days prior to the effective date of the approval or denial of a mitigation plan under this section, a copy of the approval or denial must be submitted for publication in the Environmental Quality Board Monitor and separate copies mailed to the applicant, the commissioner, individual members of the public who request a copy, the board of supervisors of the soil and water conservation district, the managers of the watershed district, the board of county commissioners, and the mayors of the cities within the area watershed.

Subd. 7. [PUBLIC COMMENT PERIOD.] Before approval or denial of a mitigation plan under this section, comments may be made by the public to the local water management organization or the commissioner for a period of 60 days.

Subd. 8. [APPEAL.] Appeal of the decision may be obtained by mailing a notice of appeal to the board of water and soil resources within 30 days after the postmarked date of the mailing specified in subdivision 6. If appeal is not sought within 30 days, the decision becomes final. Appeal may be made by any of those to whom notice is required to be mailed under subdivision 6, or by 25 residents of the state. All appeals must be heard by the committee for dispute resolution of the board of water and soil resources, and a decision made within 60 days of the appeal. The decision must be served by mail on the parties to the appeal, and is not subject to the provisions of chapter 14. The decision must be considered the decision of an agency in a contested case for purposes of judicial review under sections 14.63 to 14.69.

Subd. 9. [WETLAND HERITAGE ADVISORY COMMITTEE.] The commissioner shall establish a wetland heritage advisory committee consisting of a balanced diversity of interests including agriculture, environmental, sporting organizations, land development organizations, local government organizations, and other agencies. The committee shall advise the commissioner on the development of rules and, after rule adoption, shall meet twice a year to review implementation of the program, to identify strengths and weaknesses, and to recommend changes to the rules and the law to improve the program.

Subd. 10. [MITIGATION CREDITS.] No public or private wetland restoration, enhancement, or construction may be allowed for mitigation unless specifically designated for mitigation and paid for by the individual or organization performing the wetland restoration, enhancement, or construction, and is completed prior to any draining or filling of the wetland.

Sec. 17. [103G.226] [DRAINING PUBLIC WATERS.]

No public ditch may be repaired in such a way as to partially or completely drain a public water inventoried under section 103G.201, except as provided in section 103G.221. This section does not limit the rights of a landowner to maintain an existing drainage system within the criteria set forth in section 15.

Subd. 3. [DAMAGED WETLAND.] Conviction under this act requires a violator to restore or replace any diminished or destroyed

wetland. The imposed penalty under subdivision 1 may be reduced by 50 percent if the convicted violator restores the wetland within 30 days of notice of the conviction.

Subd. 4. [COMMISSIONER.] The commissioner or authorized agent is responsible for enforcement of this act.

Subd. 5. [PHONE LINE.] The commissioner must provide and publicize a toll-free phone number to the public for information about violations of this act.

Subd. 2. [FILLING WETLANDS FOR IRRIGATION BOOMS.] A landowner may fill temporarily pad or bridge a wetland to accommodate wheeled booms on irrigation devices if the fill does not impede normal drainage activity has only a minimal impact on the hydrologic and biologic characteristics of the wetland. The landowner must notify the local water management organization having jurisdiction at least seven days before the actual padding or bridging occurs.

Sec. 20. Minnesota Statutes 1990, section 103G.231, is amended by adding a subdivision to read:

Subd. 3. [USE OF WETLANDS FOR FOREST MANAGEMENT ACTIVITIES.] (a) Temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, is permitted so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage or filling of the wetland or public waters.

(b) Permanent access for forest roads across wetlands is permitted so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch or tile line; and there is no drainage or filling of the wetland or public waters.

Sec. 21. [273.113] [STATE PAID WETLANDS CONSERVATION PAYMENT.]

Subdivision 1. [PAYMENT.] The owner of wetlands may annually receive a wetlands conservation payment of an amount equal to one percent of the average level of estimated market value of an acre of contiguous land next to where the qualifying wetland is located, multiplied by the number of acres of wetlands owned. The payment

must be paid directly by check from the commissioner of revenue to the property owner.

1.16 TIME LIMIT FOR CONSIDERATION OF BILLS. If 20 legislative days after a bill has been referred to committee or division (other than a bill in Appropriations) no report has been made upon it by the committee or division, its chief author may request that it be returned to the House and the request shall be entered in the Journal for the day. The committee or division shall have ten calendar days thereafter in which to vote upon the bill requested. If the committee or division fails to vote upon it within the ten days, the chief author may, at any time within five calendar days thereafter, present a written demand to the Speaker for its immediate return to the House. The demand shall be entered in the Journal for that day and shall constitute the demand of the House. The bill shall then be considered to be in the possession of the House, given its second reading and placed at the end of General Orders.

Such bill is subject to re-reference by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or within one legislative day thereafter, the motion shall take precedence over all other motions except privileged motions and shall be in order at any time.

In regular session in the odd-numbered year after Friday, May 10, 1991, and in the even-numbered year after, the House shall not act on bills other than those recommended by conference committee reports or the Committee on Rules and Legislative Administration, and those bills contained in messages from the Senate or from the Governor.

Such motion or notice shall not be in order if the document, bill, resolution, message, report or other official action on which the vote was taken shall have left the possession of the House.

When a member gives notice of intention to move reconsideration of the final action of the House on any bill, resolution, message, report or other official action, the Chief Clerk shall retain the same until after the matter is disposed of or the time has expired during which the motion for reconsideration can be made.

On the last day allowed for the motion to reconsider, it shall be in order for any member who voted on the prevailing side to make the motion, unless the matter has been already disposed of.

A motion for reconsideration having been voted upon and lost shall not be renewed.

Reported the same back with the following amendments:

Page 1, delete lines 7 to 25, and insert:

“Whereas, Congress enacted the low-income home energy assistance program in 1981 to provide funds to low-income Americans to help them pay for the costs of energy to heat their homes; and

Whereas, since 1986, the funding level for the program has been reduced by approximately \$600 million to a level of \$1.415 billion, while eligibility for the program has been expanded to include energy assistance for household cooling, resulting in financial hardship for many low-income Americans in cold-weather states; and

Whereas, the secretary of health and human services has indicated, in a letter to the federal office of management and budget, his intention to reduce program funding by approximately two-thirds, from its current level of \$1.415 billion to \$468 million for fiscal year 1992 and to concentrate operation of the program in the six New England states, New York, New Jersey, and Pennsylvania, where low-income residents are most likely to use fuel oil for home heating; and

Whereas, the secretary seeks to reduce funding for the program and to curtail its operation in states, such as Minnesota, other than the proposed target states; and

Whereas, sharply curtailing the funding and availability of program funds in states, such as Minnesota, with harsh climates could result in life-threatening conditions for low-income persons; Now, Therefore,

Be It Resolved by the Legislature of the State of Minnesota that the President and Congress should resist efforts to reduce funding for the low-income home energy assistance program and to concentrate its operations in a few selected northeastern states, to the detriment of other cold-weather states such as Minnesota.

Be It Further Resolved that Congress should increase the appropriation to the low-income home energy assistance program to reflect the increasing cost of heating fuel and to anticipate events that could further affect its cost and supply.

Be It Further Resolved that the President should support and sign into law legislation enacted by Congress increasing the appropriation to the low-income home energy assistance program and should disavow the efforts of his secretary of health and human services to curtail the program in most of the country.

Be It Further Resolved that, should the President and Congress be required to make cuts in energy assistance funding to meet federal budget deficit targets, those cuts should be made on the basis of type and method of delivery of fuels.

Be It Further Resolved that the Secretary of State of Minnesota shall transmit copies of this resolution to the President of the United States, the President and the Secretary of the Senate of the United States, the Speaker and the Clerk of the House of Representatives of the United States, and to Minnesota's Senators and Representatives in Congress."

Subd. 5. The department ~~may~~ must provide a donor document to each person making application for a driver's license or a Minnesota identification card ~~whereby any such person may execute an anatomical gift, pursuant to the provisions of the uniform anatomical gift act, sections 525.921 to 525.93 who indicates a desire not to make a decision regarding making an anatomical gift at the time the application is made.~~ The commissioner of public safety shall prescribe the form of the donor document and the application for a driver's license or a Minnesota identification card whereby execution by the applicant of the donor document or application will make an anatomical gift pursuant to the provisions of the uniform anatomical gift act (1987), sections 4 to 25. Anatomical gift does not include donation of all or part of an unborn child or newborn child who has been the subject of an induced abortion.

"Induced abortion" means the termination of the pregnancy of a woman known to be pregnant, if the termination is intended to accomplish something other than to increase the probability of a live birth, to preserve the life or physical health of the pregnant woman, to preserve the life or physical health of the child after live birth, or to remove a dead unborn child.

The department shall identify donors of anatomical gifts by the designation "donor" on the front side of the donor's driver's license or Minnesota identification card. The issuance of a license indicating "donor" completes the donation process and the license shall constitute the final donor record. The department shall not be required to retain the physical record of the donor card or application after issuance of the driver's license for the donation to be valid. The designation "donor" shall constitute sufficient legal authority for the removal of all body organs or parts upon death of the donor for the purpose of transplantation and the designation shall be

removed only upon written notice to the department. Delivery of the license or Minnesota identification card during the donor's lifetime is not necessary to make the gift valid."

Page 12, after line 10, insert:

“TOXIC EMISSIONS AND DEPOSITION

Section 1. [116.451] [LEGISLATIVE INTENT.]

The legislature recognizes that a natural process called the “hydrological cycle of water” that involves precipitation, evaporation, evapotranspiration, snow accumulation and runoff, and that purifies the water that recharges the rivers, lakes, and groundwater aquifers, is often prevented from purifying the water by continuing releases and discharges of toxic substances.

The legislature further recognizes that toxic release/discharge, ambient concentration, and deposition substantially resulting from the conduct of commercial, institutional, industrial and governmental operations, both within and without the state, pose a present and severe danger to the delicate integrity of the ecosystem within the state and threaten human health and welfare, and the failure to mitigate sources of toxic release/discharge into the air and deposition upon the waters, vegetation, and soils will soon result in untold and irreparable damage to the agricultural, water, forest, fish, and wildlife resources of the state. It is therefore the intent of the legislature in enacting sections 1 to 8 to protect the natural processes of atmospheric water purification by ensuring the hydrological cycle of water and the integrity of the ecosystem, and to support and encourage other states, the federal government, and the province of Ontario in doing likewise.

Sec. 2. [116.452] [DEFINITIONS.]

Subdivision 1. [SCOPE.] As used in sections 1 to 8, the terms defined in this section have the meanings given them.

Subd. 2. [AGENCY.] “Agency” means the pollution control agency.

Subd. 3. [INTEGRITY OF THE ECOSYSTEM.] “Integrity of the ecosystem” means the maintenance of mutually beneficial species of plants and animals and of other natural characteristics in order that the biological viability of the ecosystem is assured.

Sec. 3. [116.453] [LIST OF TOXIC AIR POLLUTANTS.]

By January 1, 1993, the agency must develop and establish by rule a list of toxic air pollutants. The list shall include toxic substances listed in the Minnesota toxic release inventory reported as required by the federal SARA law, United States Code, title 42, section 313; toxic substances listed as hazardous air pollutants in title III of the federal Clean Air Act, Public Law Number 101-549, as amended in 1990; and any other toxic substances that, based on reasonable medical or scientific theory, have the following characteristics:

(1) acute or chronic toxicity that could materially impair the health or development of humans, animals, plants, or aquatic organisms;

(2) genetic, reproductive, neurological, or developmental toxicity to humans or other animals either directly or indirectly through substantial alteration of ecosystems;

(3) bioaccumulation, biomagnification, biotransformation, or other effects in the food chain that directly or indirectly impair humans, aquatic organisms, or other animals; or

(4) effects that otherwise pose a significant threat to the integrity of aquatic or terrestrial ecosystems.

Sec. 4. [116.454] [MONITORING PROGRAM.]

By January 1, 1992, the agency must establish a statewide monitoring program for toxic release/discharge, ambient concentration, and deposition of toxic substances from the air. The monitoring program shall include the measurement of toxic substances accumulating in animals, water, fish, and sediments of lakes.

Sec. 5. [116.455] [EMISSION AND PROBABLE SOURCE INVENTORY.]

By January 1, 1993, the agency must establish an inventory of the emission sources of pollutants contained on the list of toxic air pollutants required in section 3. If, in the future, new substances are added to the list, the agency shall establish an emission sources inventory for the newly listed substances within one year after the new listing.

Sec. 6. [116.456] [EMISSION REDUCTION REQUIREMENTS.]

By January 1, 1993, the agency must establish rules governing the release or emission of toxic air pollutants that will ensure a 50 percent reduction, based on 1987 levels, in statewide emissions of toxic air pollutants by 1998. The rules must consider:

(1) acute or chronic effects that materially impair the health or development of humans, plants, aquatic organisms, or plants;

(2) genetic, reproductive, neurological, or developmental effects on humans or other animals either directly or indirectly through substantial alteration of the ecosystems;

(3) bioaccumulation, biomagnification, biotransformation, or other effects in the food chain that directly or indirectly impair humans, aquatic organisms, or other animals; or

(4) effects that otherwise pose a significant threat to the integrity of aquatic or terrestrial ecosystems.

In setting limits for specific pollutants, the agency shall use United States Environmental Protection Agency risk assessment methods and United States Environmental Protection Agency derived reference doses, unit risk factors, and potency slopes, whenever possible. If United States Environmental Protection Agency derived values are not available, the agency must develop a scientifically defensible method for deriving pollutant specific limits that will protect public health and the environment.

In establishing the emission reduction requirements, the agency must require pollution prevention over pollution control in situations where either pollution prevention or pollution control are able to achieve the emission reduction goals.

Sec. 7. [116.457] [MERCURY EMISSIONS REDUCTIONS.]

Subdivision 1. [TOYS OR GAMES.] Beginning July 1, 1991, a person may not sell in this state a toy or game that contains mercury or a toy or game that includes a battery that contains mercury and that is not removable.

Subd. 2. [LATEX PAINT.] (a) A manufacturer may not sell, distribute, or offer for sale in this state, any mercury-containing latex paint beginning January 1, 1992. A retailer may sell mercury-containing latex paint from the retailer's stock existing on the effective date of this section.

(b) A manufacturer who violates paragraph (a) is subject to a minimum fine of \$100 per gallon of latex paint in violation.

Subd. 3. [ELECTRONIC DEVICES AND APPLIANCES.] Beginning January 1, 1992, the mercury in thermostats, thermometers, electronic switches, and appliances being removed from service must be recycled or otherwise managed to ensure that the mercury is not placed in a solid waste composting, resource recovery, or disposal facility or a wastewater disposal system.

Beginning January 1, 1992, a person may not sell a thermostat, thermometer, electronic switch, or appliance that contains mercury unless the device or appliance is clearly labeled to inform the purchaser or consumer that:

(1) mercury is present in the device or appliance;

(2) it is illegal to put the device or appliance with the mercury in it in the garbage; and

(3) the mercury must be recycled or otherwise managed to ensure that it is not placed in a solid waste composting, resource recovery, or disposal facility or a wastewater disposal system.

A person who is in the business of installing or repairing thermostats, thermometers, electronic switches, or appliances containing mercury shall take custody of devices or appliances containing mercury that are no longer in use and shall remove the mercury for or shall otherwise manage the devices or appliances to ensure that the mercury is not placed in the solid waste stream or a wastewater disposal system.

Subd. 4. [VAPOR LAMPS; LIGHTING FIXTURES AND HARDWARE.] Beginning January 1, 1992, the mercury in a vapor lamp or lighting fixture or hardware that is being removed from service must be recycled or otherwise managed to ensure that the mercury is not placed in a solid waste composting, resource recovery, or disposal facility or a wastewater disposal system.

A person who installs or repairs lamps or lighting fixtures, or hardware shall take custody of lamps, fixtures, or hardware containing mercury that are no longer in use and shall remove the mercury for recycling or shall otherwise manage the lamps, fixtures, or hardware to ensure that the mercury is not placed in the solid waste stream or a wastewater disposal system.

Subd. 5. [FUNGICIDES.] On or after January 1, 1992, the use of mercury-containing fungicides on lawns and golf courses is prohibited.

Subd. 6. [MEDICAL AND SCIENTIFIC INSTRUMENTS.] Beginning January 1, 1992, the mercury contained in medical and scientific instruments that are discarded must be recycled or otherwise managed to ensure that the mercury is not placed in a solid waste composting, resource recovery, or disposal facility or a wastewater disposal system.

"ARTICLE 1

NEIGHBORHOOD LAND TRUSTS

Section 1. [462A.30] |DEFINITIONS. |

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 7.

Subd. 2. [AGENCY.] "Agency" means the Minnesota housing finance agency.

Subd. 3. [FIRST OPTION TO PURCHASE.] "First option to purchase" means a right of a neighborhood land trust or the agency to purchase all or any portion of the improvements and leasehold interest of a lessee, sublessee, or other resident of property subject to a ground lease, prior to the rights of any other party and at a limited equity price.

Subd. 4. [GROUND LEASE.] "Ground lease" means a lease of real property in which the lease does not include buildings or other improvements.

Subd. 5. [LEASEHOLD INTEREST.] "Leasehold interest" means the real property interest of a lessee in a ground lease in which the neighborhood land trust is the lessor.

Subd. 6. [LIMITED EQUITY FORMULA.] "Limited equity formula" means a method, to be determined by rule adopted by the agency, for calculation of the limited equity price, designed to maintain the affordability of the housing and the public subsidy.

Subd. 7. [LIMITED EQUITY PRICE.] "Limited equity price" means a price for the sale of any building or other improvement located on land owned by a neighborhood land trust determined by means of the limited equity formula.

Subd. 8. [NEIGHBORHOOD LAND TRUST.] "Neighborhood land trust" means a nonprofit corporation organized under chapter 317A that complies with section 2 and that qualifies for tax exempt status under United States Code, title 26, section 501(c)(3), and meets all other criteria for neighborhood land trust set by the agency.

Subd. 9. [PERSONS AND FAMILIES OF LOW AND MODERATE INCOME.] "Persons and families of low and moderate income" has the meaning specified in section 462A.03, subdivision 10.

Sec. 2. [462A.31] |NEIGHBORHOOD LAND TRUSTS. |

Subdivision 1. [PURPOSES.] A neighborhood land trust must have as one of its purposes the holding of land and the leasing of land for the purpose of preserving the affordability of housing on that land for persons and families of low and moderate income.

Subd. 2. [POWERS.] A neighborhood land trust may have any or all of the powers permitted to a nonprofit corporation under chapter 317A, except that a neighborhood land trust must have the power to buy and sell land, to mortgage and otherwise encumber land, and to negotiate and enter into ground leases with an initial term of up to 99 years.

Subd. 3. [BYLAWS.] The bylaws of a neighborhood land trust must provide that:

(1) members of the general public who support the neighborhood land trust's purposes may become members of the trust;

(2) no more than 30 percent of the members may reside outside of the geographical area in which the neighborhood land trust operates, as specified in the bylaws;

(3) the membership has the power to elect a specified percentage of not less than 51 percent of the members of the governing board of the neighborhood land trust;

(4) lessees, residents of housing located on land owned by the neighborhood land trust, or representatives of either must constitute no less than 25 percent nor more than 40 percent of the membership of the governing board;

(5) remaining members of the governing board, if any, may be appointed by the neighborhood land trust board, to the extent specified in the bylaws; and

(6) the neighborhood land trust has the power to operate only within a geographical area specified in the bylaws.

Sec. 3. [462A.32] [LEASES.]

Subdivision 1. [LESSEES.] A neighborhood land trust shall hold title to and lease land to persons and families of low and moderate income or to other persons or corporations for purposes consistent with the goals of the neighborhood land trust.

Subd. 2. [RENT.] A neighborhood land trust may charge rent to the lessee in an amount to be determined by a method specified in the lease. The rent may include, but need not be limited to, land acquisition costs, real estate taxes, special assessments, an administrative charge, and a land use fee. The rent charged must take into

account any homestead real estate tax status granted to the property.

Subd. 3. [RESTRICTIONS.] A ground lease in which a neighborhood land trust is the lessor must contain provisions designed to preserve the affordability of housing on the land. Each ground lease must reserve to the neighborhood land trust the first option to purchase any building or improvement on the land, or any condominium or cooperative unit located in a building on the land, at a limited equity price specified in the ground lease. Each ground lease must grant to the Minnesota housing finance agency the right to exercise that first option to purchase if the neighborhood land trust does not, for any reason, exercise the first option. Each ground lease must exempt sales to persons and families of low and moderate income from the provisions granting the first option to purchase to the neighborhood land trust and to the Minnesota housing finance agency. Sales to persons and families of low and moderate income are not exempt from the limited equity price. A ground lease may also contain appropriate restrictions on:

- (1) subletting or assigning the ground lease;
- (2) construction and renovation of buildings and other improvements; and
- (3) sale of buildings and improvements.

Subd. 4. [MORTGAGES.] (a) A ground lease with a neighborhood land trust must prohibit the lessee from mortgaging the lessee's interest in the lease or in buildings or other improvements without the consent of the neighborhood land trust. A ground lease may obligate a neighborhood land trust as lessor and fee title holder to consent to, join in, or subordinate its interest to, a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land. A lease provision so obligating a neighborhood land trust must specify that the mortgage must provide to the neighborhood land trust the right to receive from the mortgagee prompt notice of default in the mortgage and the right to cure the default or to purchase the mortgagee's interest in the mortgage. The limited equity price and provisions in subdivision 3 do not apply if the lessee or the neighborhood land trust fails to cure the default or purchase the mortgagee's interest in the mortgage.

(b) A ground lease with a neighborhood land trust must provide that the neighborhood land trust will not, during the term of the lease, mortgage or otherwise encumber its interest in the property or permit any liens on its interest in the property to exist. This prohibition does not apply to mortgages that require the mortgagee to subordinate the lien of its mortgage to a mortgage entered into by

a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land.

Subd. 5. [RIGHTS OF HEIRS.] A ground lease with a neighborhood land trust must provide that the heirs of the lessee may assume the lease, if the heirs agree to occupy the lease property as their homestead. For purposes of this subdivision, "the heirs" means the heirs at law of a lessee who dies intestate or the devisees of a lessee who dies testate.

Sec. 4. [462A.33] [NOTICE OF LEASE.]

A neighborhood ground lease must be in recordable form and may, but need not be, recorded in the office of the county recorder or filed in the office of the county registrar of titles. If the lease is not recorded or filed, the lessee shall record or file a notice of lease on a form to be prepared and made available by the agency. The notice of lease must state the names and addresses of the lessor and lessee, the beginning date and initial term of the lease, and a legal description of the property. The notice of lease must state that the lease is entered into pursuant to this chapter, must be signed by the lessor and lessee, and must be in recordable form.

Sec. 5. [462A.34] [DISSOLUTION.]

If a neighborhood land trust is dissolved, the procedure is governed by chapter 317A, except as otherwise provided in this section. If a receiver is to be appointed, the agency has priority to be appointed or to designate the appointee. The agency need not exercise its priority.

Sec. 6. [462A.35] [MORTGAGE SECURING LOANS TO TRUST.]

A neighborhood land trust may grant a mortgage on real estate to secure repayment of loans obtained from the state, any of its agencies or subdivisions, or any other entity, for the purpose of purchase, construction, or renovation of that real estate. Any such mortgage must comply with section 462A.32, subdivision 4, paragraph (b).

Sec. 7. [462A.36] [CITY OR HOUSING AUTHORITY MAY ACT AS LAND TRUST.]

Any home rule charter or statutory city, except cities of the first class, or any housing and redevelopment authority as defined by chapter 469 may exercise all of the powers granted in this chapter to neighborhood land trusts, subject to the city's or housing and redevelopment authority's ongoing compliance with all of the requirements of this chapter, except to the extent that compliance

with this chapter clearly conflicts with other law governing cities or housing and redevelopment authorities.

ARTICLE 2

FUNDING FOR NEIGHBORHOOD LAND TRUSTS

Section 1. Minnesota Statutes 1990, section 116J.984, subdivision 1, is amended to read:

Subdivision 1. [COMMUNITY AND NEIGHBORHOOD DEVELOPMENT GRANTS.] The commissioner may award matching grants to eligible organizations. Grants to any one eligible organization may not exceed \$25,000 in any fiscal year and a grant may not be used for any purpose that replaces an existing community program identified by the commissioner. Each grant must be matched with at least two dollars of nonstate money or in-kind contributions to each dollar of grant money. The grants may be used for community or neighborhood public safety and human service activities, street and public property lighting, recycling efforts, repair or removal of dilapidated buildings, community or neighborhood beautification and cleanup, historic preservation of buildings, small scale park and open space development, increasing or preserving the availability of housing primarily serving low- or moderate-income persons, organizing or funding neighborhood land trusts, and other projects, programs, or activities that the commissioner determines will improve or revitalize the community or neighborhood.

Sec. 2. Minnesota Statutes 1990, section 116J.984, subdivision 5, is amended to read:

Subd. 5. [APPLICATIONS; PRIORITY.] The commissioner may establish criteria to establish the priority of the applications received for grants awarded under subdivision 1. The criteria may include:

- (1) the degree of community support measured by the amount of participation in the project or activities by volunteers;
- (2) the extent that the eligible organizations have participated with or solicited input from other organizations that provide community and regional assistance;
- (3) the amount of nonstate matching funds identified as available for the project or activities; ~~and~~
- (4) the degree to which the project will assure the long-term

affordability of neighborhood housing by use of a neighborhood land trust; and

(5) any other criteria the commissioner determines necessary to carry out the purposes of this section.

Sec. 3. Minnesota Statutes 1990, section 273.124, is amended by adding a subdivision to read:

Subd. 3b. [NEIGHBORHOOD LAND TRUSTS.] When one or more buildings which contain one or more dwelling units are on land owned by a neighborhood land trust organized under article I, the neighborhood land trust qualifies for homestead treatment, as class 1a under section 273.13, subdivision 22. Homestead treatment may be claimed for each dwelling, or for each dwelling unit in buildings containing several dwelling units, that is used or intended to be used as a primary homestead by its occupants.

Sec. 4. Minnesota Statutes 1990, section 462A.02, is amended by adding a subdivision to read:

Subd. 11. It is further declared that it is in the best interests of the citizens of the state of Minnesota that public money used for the purposes of this chapter be used in a manner that best assures the long-term affordability of housing to low- and moderate-income citizens. To achieve that public purpose, the agency shall consider, in the making of grants and loans and other uses of agency resources, the degree to which such grants, loans, and other uses will assure the long-term affordability of the housing, by use of the neighborhood land trust model or other techniques.

Sec. 5. Minnesota Statutes 1990, section 462A.03, is amended by adding a subdivision to read:

Subd. 22. [NEIGHBORHOOD LAND TRUST.] "Neighborhood land trust" has the meaning specified in article 1, section 1.

Sec. 6. Minnesota Statutes 1990, section 462A.201, subdivision 2, is amended to read:

Subd. 2. [LOW-INCOME HOUSING.] The agency may, in consultation with the advisory committee, use money from the housing trust fund account to provide loans or grants for projects for the development, construction, acquisition, preservation, and rehabilitation of low-income rental and limited equity cooperative housing units and homes for ownership. Projects funded under this subdivision may involve property owned by a neighborhood land trust. No more than 20 percent of available funds may be used for home ownership projects. At least 75 percent of the rental and cooperative units, and 100 percent of the homes for ownership, must be rented to

or cooperatively owned, or owned by persons and families whose income does not exceed 30 percent of the median family income for the metropolitan area as defined in section 473.121, subdivision 2. Neighborhood land trusts are eligible for both home ownership project funds and rental project funds. In making the grants, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. To promote the geographic distribution of grants and loans, the agency may designate a portion of the grant or loan awards to be set aside for projects located in specified congressional districts or other geographical regions specified by the agency. The agency may adopt emergency and permanent rules for awarding grants and loans under this subdivision. The emergency rules are effective for 180 days or until the permanent rules are adopted, whichever occurs first.

Sec. 7. [462A.204] [NEIGHBORHOOD LAND TRUST ACCOUNT.]

Subdivision 1. [CREATION.] (a) The neighborhood land trust account is created as a separate account in the housing development fund.

(b) The neighborhood land trust account consists of:

- (2) all interest, dividends, and pecuniary gains from investment of money of the neighborhood land trust account;
- (3) all proceeds from the sale of land purchased with money from the neighborhood land trust account; and
- (4) money made available to the agency for the purposes of the account from other sources, including the transfer of unencumbered balances from other accounts in the housing development fund.

Subd. 2. [APPLICATION OF ACCOUNT.] The agency shall make loans and grants to finance the organization of neighborhood land trusts, the purchase of land or interests in land by neighborhood land trusts, and the development of affordable housing in accordance with article 1.

Subd. 3. [AGENCY POWERS; DUTIES.] The agency shall:

- (1) establish criteria to select which organizations eligible under article 1, that apply for loans and grants under this section, receive funding;

best demonstrate the ability to provide housing for people most in need;

(4) determine the circumstances, terms, and conditions under which all or any portion of a loan made under this section will be repaid; and

(5) establish appropriate security for loan repayment.

Subd. 4. [ELIGIBLE ORGANIZATIONS; CAPACITY.] An organization eligible under article 1 must demonstrate in its application to the agency that it is able to establish and operate a neighborhood land trust by having the capacity to:

(1) organize and continue a relationship with the land trust board as required by article 1;

(2) select and acquire property for a neighborhood land trust and contract with businesses or organizations for the rehabilitation or development of the neighborhood land trust property;

(3) acquire any required matching funds;

(4) link residents of neighborhood land trusts with community self-sufficiency resources; and

Subd. 5. [TRANSFERS.] Notwithstanding section 462A.20, subdivision 3, the agency may not transfer unencumbered balances from the neighborhood land trust account to any other account in the housing development fund.

Sec. 8. [462A.37] [NEIGHBORHOOD LAND TRUST REPORTS.]

Each neighborhood land trust that receives a grant or loan from the agency must submit an annual report to the agency by December 1 of each year. The report must describe the use of grant or loan funds received.

By January 15, 1992, and each year thereafter, the agency must prepare and submit an annual report to the legislature and the governor summarizing the reports of the neighborhood land trusts.

Sec. 9. Minnesota Statutes 1990, section 469.205, subdivision 3, is amended to read:

Subd. 3. [ELIGIBLE USES OF TARGETED NEIGHBORHOOD MONEY.] The city may spend targeted neighborhood money for any purpose authorized by subdivision 1 or 2, except that: (1) an amount equal to at least 50 percent of the state payment under section 469.204 made to the city must be used for housing activities; and (2) an additional amount equal to at least ten percent of the state payment under section 469.204 may be used to organize neighborhood land trusts within the targeted neighborhood and to fund the purchase of property by neighborhood land trusts within the targeted neighborhood. Use of target neighborhood money must be authorized in a revitalization program.

Sec. 10. [APPROPRIATION.]

\$3,000,000 is appropriated from the general fund to the commissioner of the housing finance agency for the neighborhood land trust account to be available until expended.

(1) is outside a ten-mile radius of a rantly area;

(2) has more than 2,000 persons per physician, including seasonal variation; and

(3) has notified the higher education coordinating board of its need for a physician or nurse for the community.

For purposes of this definition, "rantly area" means a central city or cities and any adjacent built-up areas, plus other communities not connected by continuously built-up areas if population density exceeds 60 persons per square mile and the work force of the other communities significantly depends on the central city or cities.

(b) "Midlevel practitioner" means a nurse practitioner, nurse-

midwife, nurse anesthetist, advanced clinical nurse specialist, or physician assistant.

(c) "Nurse-midwife" means a registered nurse who has graduated from a program of study designed to prepare registered nurses for advance practice as nurse-midwives.

(d) "Nurse practitioner" means a registered nurse who has graduated from a program of study designed to prepare registered nurses for advance practice as nurse practitioners.

(e) "Physician assistant" means a person meeting the definition in Minnesota Rules, part 5600.2600, subpart 11.

Subd. 2. [CREATION OF ACCOUNT.] A midlevel practitioner education account is established. The higher education coordinating board shall use money from the account to establish a loan forgiveness program for midlevel practitioners agreeing to practice in designated rural areas.

Subd. 3. [ELIGIBILITY.] To be eligible to participate in the program, a prospective midlevel practitioner must submit a letter of interest to the higher education coordinating board prior to or while attending a program of study designed to prepare the individual for service as a midlevel practitioner. Before completing the first year of this program, a midlevel practitioner must sign a contract to agree to serve at least two of the first four years following graduation from the program in a designated rural area.

Subd. 4. [LOAN FORGIVENESS.] The higher education coordinating board may accept up to eight applicants per year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of midlevel practitioner study, up to a maximum of two years, an agreed amount, not to exceed \$7,000, as a qualified loan. For each year that a participant serves as a midlevel practitioner in a designated rural area, up to a maximum of four years, the higher education coordinating board shall annually repay an amount equal to one-half a qualified loan and the interest accrued on one-half a qualified loan. Participants who move their practice from one designated rural area to another remain eligible for loan repayment.

Subd. 5. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 4 for full repayment of all qualified loans, the higher education coordinating board shall collect from the participant 100 percent of any payments made for qualified loans and interest, plus a penalty of 50 percent of the amount paid. The higher education coordinating board shall deposit the money collected in the midlevel practitioner

education account. The board shall allow waivers of all or part of the money owed the board if emergency circumstances prevented fulfillment of the required service commitment.

Sec. 4. [144.99] [SPECIAL ACCOUNT; PURPOSE.]

A special account is created within the department of health, to be known as the special account for pediatric access and training. The purpose of this account is to meet the changing health needs of Minnesota infants, children, and adolescents through the comprehensive training of pediatricians, with emphasis on those medical and psychosocial conditions encountered in outpatient practice, where most care is provided today. All money in the account is annually appropriated to the department of pediatrics, University of Minnesota school of medicine. Money in the account is to be used by the department of pediatrics to implement section 5.

Sec. 5. [144.991] [PROGRAM FOR PEDIATRIC ACCESS AND TRAINING.]

Subdivision 1. [GOALS.] The department of pediatrics in the University of Minnesota school of medicine shall administer a program for pediatric access and training. The goals of this program shall be to graduate pediatricians who:

(1) have the expertise necessary to supervise the health maintenance of infants, children, and adolescents, and treat their illnesses and disabilities in both outpatient and inpatient settings;

(2) have an interest in practicing in rural and small urban areas of the state where they are able to serve as consultants for family physicians; and

(3) as part of their practice in rural, or small urban areas, can manage conditions that are currently referred to pediatricians in large urban settings.

Subd. 2. [PROGRAM COMPONENTS.] (a) Components of the program shall include, but are not limited to:

(1) specialized training in a variety of outpatient settings;

(2) recruitment of individuals with a high probability of establishing a pediatric practice in a rural or small urban, nonmetropolitan, setting;

(3) rural training rotations; and

(4) development of peer support mechanisms for rural pediatric practitioners.

(b) The specialized training must provide pediatric trainees with substantial experience in the evaluation and management of the following conditions:

(1) disability due to birth defects and other severe illnesses of early infancy;

(2) chronic childhood disease and disability;

(3) child neglect and abuse;

(4) health problems prevalent among underserved infants and youth;

(5) physical and intellectual impairments;

(6) educational and behavioral disabilities;

(7) adolescent nutrition, pregnancy, and substance abuse; and

(8) childhood and adolescent disease and injury prevention.

Sec. 6. [144A.70] EDUCATION ACCOUNT FOR NURSES WHO AGREE TO PRACTICE IN A NURSING HOME OR INTERMEDIATE CARE FACILITY FOR PERSONS WITH MENTAL RETARDATION AND RELATED CONDITIONS.

Subdivision 1. [CREATION OF THE ACCOUNT.] An education account in the general fund is established for a loan forgiveness program for nurses who agree to practice nursing in a nursing home or intermediate facility for persons with mental retardation and related conditions. The account consists of money appropriated by the legislature and repayments and penalties collected under subdivision 4. Money from the account must be used for a loan forgiveness program.

Subd. 2. [ELIGIBILITY.] To be eligible to participate in the loan forgiveness program, a person planning to enroll in a program of study designed to prepare the person to become a registered nurse or licensed practical nurse must submit a letter of interest to the commissioner before enrolling in the nursing education program. Before completing the first year of study, the applicant must sign a contract in which the applicant agrees to practice nursing for at least one of the first two years following completion of the nursing education program providing nursing services in a licensed nursing home or intermediate care facility for persons with mental retardation and related conditions.

Subd. 3. [LOAN FORGIVENESS.] The commissioner may accept up to ten applicants a year. Applicants are responsible for securing

their own loans. For each year of nursing education, for up to two years, applicants accepted into the loan forgiveness program may designate an agreed amount, not to exceed \$3,000, as a qualified loan. For each year that a participant practices nursing in a nursing home or intermediate care facility for persons with mental retardation and related conditions, up to a maximum of two years, the commissioner shall annually repay an amount equal to one year of qualified loans and the interest accrued on the loans. Participants who move from one nursing home or intermediate care facility for persons with mental retardation and related conditions to another remain eligible for loan repayment.

Subd. 4. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 3 for full repayment of all qualified loans, the commissioner shall collect from the participant 100 percent of any payments made for qualified loans and interest, plus a penalty of 50 percent of the amount paid. The commissioner shall deposit the collections in the general fund to be credited to the account established in subdivision 1. The commissioner may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

Subd. 5. [RULES.] The commissioner shall adopt rules to implement this section.

Sec. 7. [MEDICAL ASSISTANCE INCREASE.]

Effective with services rendered on or after July 1, 1991, payments to physicians for office and outpatient services, obstetrical services, and preventive care services shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 with a 20 percent discount. Payments to physicians for critical care services and hospital medical services shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 with a 30 percent discount. Payments to physicians for all other services shall be calculated at the lower of (1) the submitted charges, or (2) the median charges in 1989 with a 40 percent discount.

Sec. 8. [STUDY OF OBSTETRICAL ACCESS.]

The commissioner of health shall study access to obstetrical services in Minnesota and report to the legislature by February 1, 1992. The study must examine the number of physicians discontinuing obstetrical care in recent years and the effects of high malpractice costs and low government program reimbursement for obstetrical services, and must identify areas of the state where access to obstetrical services is most greatly affected. The commissioner shall recommend ways to reduce liability costs and to encourage physicians to continue to provide obstetrical services.

Sec. 9. [GRANT PROGRAM FOR MIDDLELEVEL PRACTITIONER TRAINING.]

The higher education coordinating board shall award grants to Minnesota schools or colleges that educate midlevel practitioners, in order to establish and administer midlevel practitioner training programs in areas of rural Minnesota with the greatest need for midlevel practitioners. The program must address rural health care needs, and incorporate innovative methods of bringing together faculty and students, such as the use of telecommunications, and must provide both clinical and lecture components. The board shall award two grants for the fiscal year ending June 30, 1992.

Sec. 10. [GRANTS FOR CONTINUING EDUCATION.]

The higher education coordinating board shall establish a competitive grant program for schools of nursing and other providers of continuing nurse education, in order to develop continuing education programs for nurses working in rural areas of the state. The programs must complement, and not duplicate, existing continuing education activities, and must specifically address the needs of nurses working in rural practice settings. The board shall award two grants for the fiscal year ending June 30, 1992.

Sec. 11. [FEASIBILITY STUDIES.]

The higher education coordinating board shall conduct feasibility studies to assess: (1) the need for outreach baccalaureate nurse education programs that would offer classes and clinical experiences in sites convenient to students living in rural areas of the state with the greatest need for registered nurses; and (2) the need for a four-year, generic, baccalaureate degree program for registered nurses in northern Minnesota. The board shall present findings and recommendations to the legislature by February 15, 1992.

Sec. 12. [APPROPRIATION.]

“Section 1. [LEGISLATIVE FINDINGS; INTENT.]

The legislature finds that the number of complaints by school bus drivers regarding violations by motorists of traffic safety laws concerning the boarding and disembarking of children on and from school buses is increasing at an alarming rate; that the number of injuries to school children because of these violations is increasing; that these injuries to children are due to an increasing number of motorists violating these traffic safety laws; that continuing increases in these violations can only result in serious consequences to our children; that not all licensed drivers and law enforcement personnel are thoroughly familiar with the traffic laws enacted for the safety of school children; that increased education of motorists and peace officers will increase compliance with these laws; that cooperative, persistent, and strict enforcement and prosecution of these laws will lead to reduced violations and reduced injuries to school children; and that increased civil and criminal penalties, strictly imposed by the judicial branch, will increase compliance by motorists and reduce injuries to school children.

The legislature intends by enacting this act that a thorough knowledge of the traffic safety laws regarding school buses and children be imparted to drivers and law enforcement personnel; that cooperative and diligent efforts by appropriate school personnel, law enforcement, and prosecuting attorneys be exerted to enforce this act; that the judicial branch should consistently and vigorously punish violators with a view to prevent and deter future violations; and that this act be broadly interpreted as public policy to promote, enhance, and protect the safety of our school children.

Sec. 2. Minnesota Statutes 1990, section 169.01, subdivision 6, is amended to read:

Subd. 6. [SCHOOL BUS.] “School bus” means a motor vehicle used to transport ~~pupils~~ pre-elementary, elementary, middle, or

secondary students to or from a school defined in section 120.101, or to or from school-related activities, by the school or a school district, or by someone under an agreement with the school or a school district. A school bus includes vehicles used after August 1, 2001, to transport students under Public Law Number 99-425, the Head Start Act. A school bus does not include a motor vehicle transporting children to or from school for which parents or guardians receive direct compensation from a school district, a motor coach operating under charter carrier authority, or a transit bus providing services as defined in section 174.22, subdivision 7. A school bus may be type I, type II, or type III as follows:

(a) A "type I school bus" means a school bus of more than 10,000 pounds gross vehicle weight rating, designed for carrying more than ten persons. [MN Rules, part 3520.3701, subp 1]

(b) A "type II school bus" is a bus with a gross vehicle weight rating of 10,000 pounds or less, designed for carrying more than ten persons. It must be outwardly equipped and identified as a school bus. [MN Rules, part 3520.3701, subp 2]

(c) Type III school buses are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer's rated seating capacity of ten people, including the driver, and a gross vehicle weight rating of 10,000 pounds or less. In this subdivision, "gross vehicle weight rating" means the value specified by the manufacturer as the loaded weight of a single vehicle. A "type III school bus" must not be outwardly equipped and identified as a school bus. [169.44, subd 15]

Sec. 3. [169.441] [SCHOOL BUS IDENTIFICATION.]

Subdivision 1. [IDENTIFICATION AND SIGNAL REQUIREMENTS, GENERALLY.] For purposes of sections 169.441 to 169.448, school bus means a motor vehicle that is outwardly equipped and identified as a school bus. A motor vehicle that satisfies the identification requirements of this section and the signal equipment requirements of section 169.442 is considered outwardly equipped and identified as a school bus. [169.44, subd 1a]

Subd. 2. [COLOR REQUIREMENTS.] (a) A new school bus must be painted national school bus glossy yellow if it (1) is purchased for delivery after June 1, 1973, (2) is to be used in Minnesota as a school bus, and (3) can seat more than ten people, including the driver.

(b) A school bus substantially repainted after June 1, 1973, must be painted national school bus glossy yellow. [169.44, subd 1a]

(c) The roof of a school bus may be painted white.

Subd. 3. [SIGN ON BUS; APPLICATION OF OTHER LAW.] Sections 169.442, subdivisions 2 and 3; 169.443, subdivision 2; and 169.444, subdivisions 1, 4, and 5, apply only if the school bus bears on its front and rear a plainly visible sign containing the words "school bus" in letters at least eight inches in height.

The sign must be removed or covered when the vehicle is being used as other than a school bus. [169.44, subd 3]

Subd. 4. ["MN" DESIGNATION IN BUS BODY SERIAL NUMBER.] School bus bodies manufactured after December 31, 1991, and used on streets and highways in Minnesota must bear the designation "MN" within the bus body identification number. The Minnesota designation may be made only by the manufacturer and must not be located on either end of the bus body identification number. The manufacturer of the school bus body certifies by the "MN" designation that the bus body has been manufactured to meet the minimum standards required of school bus bodies by law. A school bus body manufactured before January 1, 1992, that does not bear a current inspection sticker on July 1, 1992, may not be used on streets and highways in Minnesota after July 1, 1992, unless its manufacturer recertifies that the school bus body meets minimum standards required of school bus bodies by law. [169.44, subd 17]

Subd. 5. [OPTIONAL MARKINGS; RULES.] A school bus may display a plainly visible, summary message explaining section 169.444, subdivisions 1 and 2. The commissioner shall adopt rules governing the size, type, design, display, and content of the summary message that may be shown.

Sec. 4. [169.442] [SCHOOL BUS SIGNALS.]

Subdivision 1. [SIGNALS REQUIRED.] A school bus that can seat more than ten people, including the driver, must be equipped with a stop signal arm, prewarning flashing amber signals, and flashing red signals. [169.44, subd 1a]

Subd. 2. [FLASHING SIGNALS ON STOP ARM.] A school bus stop signal arm may be equipped with alternately flashing red warning signals that are visible both to the front and to the rear of the bus. School buses manufactured after July 1, 1989, must be so equipped. [169.44, subd 14; MN Rules, parts 3520.5200, subps 7 and 8, and 7425.2100, subp 1, item II]

Subd. 3. [APPROVAL OF SIGNALS.] Flashing prewarning amber signals and flashing red signals must be of a type approved by the commissioner of public safety. The signals must be a complete system meeting minimum standards required by this section and state board of education rules. [169.44, subd 10]

Subd. 4. [OPTIONAL WARNING SYSTEM.] In addition to equipment required under subdivision 1, and notwithstanding section 169.64, a school bus may be equipped with a driver-activated, exterior student-control, warning system. The driver shall activate this system when the use of the stop signal arm and flashing red signals is required under section 169.443, subdivision 1. [169.44, subd 1d]

Subd. 5. [WHITE STROBE LAMPS ON SCHOOL BUSES.] Notwithstanding sections 169.55, subdivision 1; 169.57, subdivision 3, paragraph (b), or other law to the contrary, a school bus that is subject to and complies with the color and equipment requirements of sections 169.441, subdivision 1, and 169.442, subdivision 1, may be equipped with a 360-degree, flashing strobe lamp that emits a white light with a flash rate of 60 to 120 flashes a minute. The lamp may be used only as provided in this subdivision.

The strobe lamp must be of a double flash type certified to the commissioner of public safety by the manufacturer as being weatherproof and having a minimum effective light output of 200 candelas as measured by the Blondel-Rey formula. The lamp must be permanently mounted on the longitudinal center line of the bus roof not less than two feet nor more than seven feet forward of the rear roof edge. It must operate from a separate switch containing an indicator lamp to show when the strobe lamp is in use.

The strobe lamp may be lighted only when atmospheric conditions or terrain restrict the visibility of school bus lamps and signals so as to require use of the bright strobe lamp to alert motorists to the presence of the school bus. A strobe lamp may not be lighted unless the school bus is actually being used as a school bus. [169.64, subd 7]

Sec. 5. [169.443] [SAFETY OF SCHOOL CHILDREN; BUS DRIVER'S DUTIES.]

Subdivision 1. [USING BUS SIGNALS.] A driver of a school bus shall activate the prewarning flashing amber signals of the bus before stopping to load or unload school children. The driver shall activate the amber signals at least 100 feet before stopping in a speed zone of 35 miles per hour or less and at least 300 feet before stopping in a speed zone of more than 35 miles per hour. On stopping for this purpose, the driver shall extend the stop signal arm and activate the flashing red signals. The driver shall not retract the stop signal arm nor extinguish the flashing red signals until loading or unloading is completed, students are seated, and children who must cross the roadway are safely across. [169.44, subd 2, para (a)]

Subd. 2. [USE OF STOP SIGNAL ARM.] (a) Except as provided in paragraph (b), the stop signal arm of a school bus must be used in conjunction with the flashing red signals only when the school bus

is stopped on a street or highway to load or unload school children. [169.44, subd 1]

(b) A local authority, including the governing body of an Indian tribe, may by ordinance require that a school bus activate the stop signal arm and flashing red signals while stopped to unload school children at a location other than a location on a street or highway. The ordinance must designate each location where the requirement is imposed. The requirement is effective only if the local authority has erected signs at or near the location to provide adequate notice that other vehicles are required to obey section 169.444, subdivision 1, when those signals are activated.

Subd. 3. [WHEN SIGNALS NOT USED.] School bus drivers shall not activate the prewarning flashing amber signals or flashing red signals:

(1) in special school bus loading areas where the bus is entirely off the traveled portion of the roadway and where no other motor vehicle traffic is moving or is likely to be moving within 20 feet of the bus;

(2) in residential or business districts of home rule or statutory cities when directed not to do so by the local school administrator;

(3) when a school bus is being used on a street or highway for purposes other than the actual transportation of school children to or from school or a school-approved activity;

(4) at railroad grade crossings; and

(5) when loading and unloading people while the bus is completely off the traveled portion of a separated, one-way roadway that has adequate shoulders. The driver shall drive the bus completely off the traveled portion of this roadway before loading or unloading people. [169.44, subd 2, para (b)]

Subd. 4. [STREET CROSSINGS.] Where school children must cross a roadway before getting on or after getting off the school bus, the driver of the school bus or a school bus patrol may supervise the crossing, using the standard school patrol flag or signal as approved and prescribed by the commissioner of public safety. [169.44, subd 2, para (c)]

Subd. 5. [MOVING BUS AFTER CHILDREN UNLOADED.] When children are getting off a school bus, the driver shall visually determine that they are a safe distance from the bus before moving the bus. [169.44, subd 2, para (c)]

Subd. 6. [OTHER BUSES.] The driver of a type III school bus shall

load or unload school children only from the right-hand side of the vehicle, provided that on a one-way street the driver shall load or unload school children only from the curb side of the vehicle. When loading or unloading school children, the driver shall activate the vehicle's four-way hazard lights described in section 169.59, subdivision 4. [169.44, subd 2, para (d)]

Sec. 6. [169.444] [SAFETY OF SCHOOL CHILDREN; DUTIES OF OTHER DRIVERS.]

Subdivision 1. [CHILDREN GETTING ON OR OFF SCHOOL BUS.] When a school bus is stopped on a street or highway, or other location where signs have been erected under section 169.443, subdivision 2, paragraph (b), and is displaying an extended stop signal arm and flashing red lights, the driver of a vehicle approaching the bus shall stop the vehicle at least 20 feet away from the bus. The vehicle driver shall not allow the vehicle to move until the school bus stop signal arm is retracted and the red lights are no longer flashing. [169.44, subd 1]

Subd. 2. [VIOLATIONS BY DRIVERS; PENALTIES.] (a) A person who fails to stop a vehicle or to keep it stopped, as required in subdivision 1, is guilty of a misdemeanor. [169.44, subd 1]

(b) A person is guilty of a gross misdemeanor if the person fails to stop the vehicle or to keep it stopped, as required in subdivision 1, and commits either or both of the following acts:

(1) passes or attempts to pass the school bus on the right-hand, passenger-door side of the bus; or

(2) passes or attempts to pass the school bus when a school child is outside the bus and on the roadway used by the school bus.

Subd. 3. [PROSECUTOR.] The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations of this section shall also be responsible for prosecution of gross misdemeanor violations of this section.

When an attorney responsible for prosecuting gross misdemeanors under this section requests criminal history information relating to prior convictions under this section from a court, the court must furnish the information without charge.

Subd. 4. [EXCEPTION FOR SEPARATED ROADWAY.] A person driving a vehicle on a street or highway with separated roadways is not required to stop the vehicle when approaching or meeting a school bus that is on a different roadway.

"Separated roadway" means a road that is separated from a parallel road by a safety isle or safety zone. [169.44, subd 4]

Subd. 5. [CAUSE FOR ARREST.] A peace officer may arrest the driver of a motor vehicle if the peace officer has probable cause to believe that the driver has operated the vehicle in violation of subdivision 1 within the past four hours. [169.44, subd 1c, para (1)]

Subd. 6. [VIOLATION; PENALTY FOR OWNERS AND LESSEES.] (a) If a motor vehicle is operated in violation of subdivision 1, the owner of the vehicle, or for a leased motor vehicle the lessee of the vehicle, is guilty of a petty misdemeanor.

(b) The owner or lessee must not be fined under paragraph (a) if (1) another person is convicted for that violation, or (2) the motor vehicle was stolen at the time of the violation.

(c) Paragraph (a) does not apply to a lessor of a motor vehicle if the lessor keeps a record of the name and address of the lessee.

(d) Paragraph (a) does not prohibit or limit the prosecution of a motor vehicle operator for violating subdivision 1.

(e) A violation under paragraph (a) does not constitute grounds for revocation or suspension of the owner's or lessee's driver's license. [169.44, subd 1c, para (2)]

Subd. 7. [EVIDENTIARY PRESUMPTION.] There is a presumption that signals described in section 169.442 were in working order and operable during the time when a violation of subdivision 1, 2, or 5 was committed, if the signals of the applicable school bus were inspected and visually found to be in working order and operable within 12 hours preceding the incident giving rise to the violation.

Subd. 8. [SCHEDULING CASES.] When necessary or desirable to ensure that a school bus driver who witnessed or otherwise can provide relevant information concerning a violation of this section, is available to be present at a court proceeding held to determine an alleged violation of this section, the court administrator shall schedule the proceeding to be held between the hours of 10:00 a.m. and 2:00 p.m.

Sec. 7. [169.445] [COOPERATION WITH LAW ENFORCEMENT; INFORMATION; RULES; REPORTS.]

Subd. 2. [INFORMATION; RULES.] The board shall compile information regarding violations, prosecutions, convictions or other disposition, and penalties imposed under sections 169.443 and 169.444. At the request of the board, local school authorities shall provide this information. The board may adopt rules governing the content and providing procedures for the school authorities to provide this information.

Subd. 3. [LEGISLATIVE REPORT.] The board shall submit a report to the legislature by March 1, 1992, summarizing the information compiled under subdivision 2 for the previous calendar year, listing its findings, and making recommendations it considers appropriate.

The instruction must be conducted during, and made a part of, the board's required basic course of study for peace officer licensing and the board's required programs of continuing education for peace officers.

Subd. 2. [DRIVER TRAINING PROGRAMS.] The commissioner of public safety shall adopt rules requiring thorough instruction concerning section 169.444 for persons enrolled in driver training programs offered at private and parochial schools and commercial driver training schools. Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 80E.04, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENTS.] Each new motor vehicle manufacturer shall specify in writing to each of its new motor vehicle dealers licensed in this state the dealer's obligations for preparation, delivery, and warranty service on its products. The manufacturer shall also compensate the new motor vehicle dealer for warranty service and parts required of the dealer by the manufacturer, and shall provide the dealer the schedule of compensation to be paid the dealer for parts, work, and service in connection with warranty services, and the time allowance for the performance of the work and service. This section applies to all repair services performed by the dealer for the manufacturer or with the approval of the manufacturer and for which the dealer receives compensation or reimbursement from the manufacturer.

Sec. 2. Minnesota Statutes 1990, section 80E.04, is amended by adding a subdivision to read:

Subd. 6. For purposes of this section, the terms "manufacturer" and "dealer" include manufacturers and distributors of motor vehicle engines and their dealers.

Sec. 3. Minnesota Statutes 1990, section 80E.05, is amended to read:

80E.05 [INDEMNIFICATION REQUIRED.]

Notwithstanding the terms of any franchise agreement to the contrary, it shall be a violation of sections 80E.01 to 80E.17 for any new motor vehicle manufacturer to fail to indemnify and hold harmless its franchised dealers against any judgment for damages, including, but not limited to, those based on strict liability, negligence, misrepresentation, warranty (express or implied), or revocation of acceptance as is defined in section 336.2-608, where the complaint, claim, or lawsuit relates solely to the alleged defective or negligent manufacture, assembly, or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer. Indemnification under this section must include court costs, reasonable attorney's fees and expert witness fees incurred by the motor vehicle dealer.

Sec. 4. Minnesota Statutes 1990, section 80E.06, subdivision 2, is amended to read:

Subd. 2. [CIRCUMSTANCES CONSTITUTING GOOD CAUSE.] Notwithstanding the terms of any franchise agreement or waiver to the contrary, good cause exists for the purposes of a termination, cancellation, or nonrenewal, when the new motor vehicle dealer fails to comply with a provision of the franchise which is both reasonable and of material significance to the franchise relationship; provided, that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of the failure.

If failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer; provided, that the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; the notification stated that notice was provided for failure of performance pursuant to sections 80E.01 to 80E.17; the new motor vehicle dealer was afforded a reasonable opportunity in no event less than six months to comply with the criteria; and the dealer did not demonstrate substantial progress toward compliance with the manufacturer's performance criteria during the period.

To rebut allegations of good cause for a proposed termination, a dealer may present evidence including, but not limited to a showing that the grounds for termination resulted from acts or circumstances beyond the control of the dealer and which were communicated to the manufacturer, or that in evaluating the dealer's compliance with reasonable sales criteria, the manufacturer failed to consider the dealer's sales of factory program vehicles. For the purposes of this subdivision, "factory program vehicle" means a vehicle of the current model year offered for sale and resold by the manufacturer directly or at a factory sponsored or authorized auction and purchased by a dealer holding a current franchise from the manufacturer for that same line make.

Sec. 5. Minnesota Statutes 1990, section 80E.12, is amended to read:

80E.12 [UNLAWFUL ACTS BY MANUFACTURERS, DISTRIBUTORS, OR FACTORY BRANCHES.]

It shall be unlawful for any manufacturer, distributor, or factory branch to require a new motor vehicle dealer to do any of the following:

(a) order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law which has not been voluntarily ordered by the new motor vehicle dealer provided that this paragraph does not modify or supersede reasonable provisions of the franchise requiring the dealer to market a representative line of the new motor vehicles the manufacturer or distributor is publicly advertising;

(b) order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law in order for the dealer to obtain delivery of any other motor vehicle ordered by the dealer ~~or to qualify for or participate in any rebate, refund, or similar program offered by the manufacturer;~~

(c) order or accept delivery of any new motor vehicle with special features, accessories, or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer or distributor;

(d) participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, showroom, or other display decorations or materials at the expense of the new motor vehicle dealer;

(e) enter into any agreement with the manufacturer or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between

the dealer and the manufacturer. Notice in good faith to any dealer of the dealer's violation of any terms of the franchise agreement shall not constitute a violation of sections 80E.01 to 80E.17;

(f) change the capital structure of the new motor vehicle dealer or the means by or through which the dealer finances the operation of the dealership; provided, that the new motor vehicle dealer at all times meets any reasonable capital standards agreed to by the dealer; and also provided, that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor as provided in section 80E.13, paragraph (j);

(g) prevent or attempt to prevent, by contract or otherwise, any motor vehicle dealer from changing the executive management control of the new motor vehicle dealer unless the franchisor proves that the change of executive management will result in executive management control by a person who is not of good moral character or who does not meet the franchisor's existing reasonable capital standards and, with consideration given to the volume of sales and services of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area; provided, that where the manufacturer, distributor, or factory branch rejects a proposed change in executive management control, the manufacturer, distributor, or factory branch shall give written notice of its reasons to the dealer;

(h) refrain from participation in the management of, investment in, or the acquisition of, any other line of new motor vehicle or related products; provided, however, that this clause does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the franchise and with any reasonable facilities requirements of the manufacturer;

(i) during the course of the agreement, change the location of the new motor vehicle dealership or make any substantial alterations to the dealership premises during the course of the agreement, when to do so would be unreasonable; or

(j) prospectively assent to a release, assignment, novation, waiver, or estoppel whereby a dealer relinquishes any rights under sections 80E.01 to 80E.17, or which would relieve any person from liability imposed by sections 80E.01 to 80E.17 or to require any controversy between a new motor vehicle dealer and a manufacturer, distributor, or factory branch to be referred to any person or tribunal other than the duly constituted courts of this state or the United States, if the referral would be binding upon the new motor vehicle dealer.

Sec. 6. Minnesota Statutes 1990, section 80E.13, is amended to read:

80E.13 [UNFAIR PRACTICES BY MANUFACTURERS, DISTRIBUTORS, FACTORY BRANCHES.]

It is unlawful and an unfair practice for a manufacturer, distributor, or factory branch to engage in any of the following practices:

(a) To delay, refuse, or fail to deliver new motor vehicles or new motor vehicle parts or accessories in reasonable time and in reasonable quantity relative to the new motor vehicle dealer's facilities and sales potential in the dealer's relevant market area, after having accepted an order from a new motor vehicle dealer having a franchise for the retail sale of any new motor vehicle sold or distributed by the manufacturer or distributor, if the new motor vehicle or new motor vehicle parts or accessories are publicly advertised as being available for delivery or actually being delivered. This clause is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer;

(b) To refuse to disclose to any new motor vehicle dealer handling the same line make, the manner and mode of distribution of that line make within the relevant market area;

(c) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and the other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the new motor vehicle dealer;

(d) To increase prices of new motor vehicles which the new motor vehicle dealer had ordered for private retail consumers prior to the dealer's receiving the written official price increase notification. A sales contract signed by a private retail consumer shall constitute evidence of each order if the vehicle is in fact delivered to that customer. In the event of manufacturer price reductions, the amount of any reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer;

(e) To offer any refunds or other types of inducements to any new motor vehicle dealer for the purchase of new motor vehicles of a certain line make to be sold to the state or any political subdivision thereof without making the same offer to all other new motor vehicle dealers in the same line make within the relevant market area;

(f) To release to any outside party, except under subpoena or in an administrative or judicial proceeding involving the manufacturer or

dealer, any business, financial, or personal information which may be provided by the dealer to the manufacturer, without the express written consent of the dealer or unless pertinent to judicial or governmental administrative proceedings or to arbitration proceedings of any kind;

(g) To deny any new motor vehicle dealer the right of free association with any other new motor vehicle dealer for any lawful purpose;

(h) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursement or authority granted its new vehicle dealers to make warranty adjustments with retail customers;

(i) To compete with a new motor vehicle dealer in the same line make operating under an agreement or franchise from the same manufacturer in the relevant market area. A manufacturer shall not, however, be deemed to be competing when operating a dealership, either temporarily or for a reasonable period, ~~or in a bona fide retail operation~~ which is for sale to any qualified independent person at a fair and reasonable price, or when involved in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions;

(j) To prevent a new motor vehicle dealer from receiving fair and reasonable compensation for the value of the new motor vehicle dealership. There shall be no transfer, assignment of the franchise, or major change in the executive management of the dealership, except as is otherwise provided in sections 80E.01 to 80E.17, without consent of the manufacturer, which shall not be unreasonably withheld. Denial of the request must be in writing and delivered to the new motor vehicle dealer within 60 days after the manufacturer receives the information necessary to evaluate the proposed transfer. If a denial is not sent within this period, the manufacturer shall be deemed to have given its consent to the proposed transfer or change;
or

(k) To threaten to modify or replace or modify or replace a franchise with a succeeding franchise that would adversely alter the rights or obligations of a new motor vehicle dealer under an existing franchise or that substantially impairs the sales or service obligations or investments of the motor vehicle dealer;

(l) To unreasonably deny the right to acquire factory program vehicles to any dealer holding a valid franchise from the manufacturer to sell the same line make of vehicles, provided that the manufacturer may impose reasonable restrictions and limitations on the purchase or resale of program vehicles to be applied equitably

to all of its franchised dealers. For the purposes of this paragraph, "factory program vehicle" has the meaning given the term in section 4."

Subd. 2. [GROUPS; DEFINITIONS.] The definitions of small group, medium-sized group, large group, and group sponsor in this section are subject to United States Code, title 26, sections 414(b), 414(c), and 414(m), and federal regulations related to those sections, when a group sponsor or sponsors alter, reform, or redefine a group or groups to avoid or to take advantage of community rating. The commissioners of health care access, commerce, and health may adopt rules to supplement those federal statutes and regulations to prevent qualification as a large, medium-sized, or small group through the use of separate organizations, multiple organizations, employee leasing, or other arrangements.

Subd. 3. [ADULT.] "Adult" means a person 18 years of age or older.

Subd. 4. [CHILD.] "Child" means a person under 18 years of age.

Health coverage does not include a policy or contract designed primarily to provide coverage on a per diem, fixed annuity, or nonexpense-incurred basis, or that provides only accident coverage.

Subd. 9. [HEALTH PLAN COMPANY.] "Health plan company" means any entity governed by chapter 62A, 62C, 62D, 62E, 62H, or 64B, or section 471.617, subdivision 2, that offers, sells, issues, or renews health coverage in this state. Sec. 2. [62J.09] [CREATION.]

The Minnesotans’ health care plan is created to provide health coverage to individuals, families, and employers who do not have access to other affordable health coverage.

Sec. 3. [62J.10] [COVERAGE REQUIRED FOR MINNESOTA RESIDENTS.]

All Minnesota residents must obtain health coverage equal to or greater than the intermediate benefit set or the minimum insurance benefit set. Coverage may be obtained through the state plan, an employer, an individual policy with a private health plan company, or any other source of coverage. Minnesota residents must provide proof of coverage in the manner required by the commissioner of health care access.

Sec. 4. [62J.11] [ELIGIBILITY OF INDIVIDUALS AND FAMILIES.]

To be eligible to obtain coverage through the state plan, individuals and families must be Minnesota residents and have no other source of health coverage or must have coverage that primarily supplements, rather than duplicates, the intermediate benefit set. A Minnesota resident individual or family may switch from private health coverage to the state plan provided the transfer does not result in simultaneous coverage under both the state plan and another health care plan. The individual or family must contribute to the cost of health coverage as provided in section 5.

Sec. 5. [62J.12] [INDIVIDUAL AND FAMILY PREMIUMS.]

Subdivision 1. [SLIDING SCALE.] Each individual and family unit enrolled in the state plan shall pay a premium set in relation to gross income and family size. The commissioner shall establish a sliding scale to determine the amount of the premium each individual or family must pay to obtain health coverage through the state plan. The sliding scale must use the federal poverty guidelines as the primary unit of measurement, and must be based on an individual’s or family’s federal adjusted gross income as shown on the federal income tax return. If the family files separate returns,

the federal adjusted gross income from the returns must be combined for purposes of computing the family's federal adjusted gross income. If coverage provided through the state plan is equivalent to the intermediate benefit set described in article 2, sections 2 to 10, the sliding scale must be designed so that individuals and families with incomes less than 25 percent of the federal poverty level pay 1.08 percent of their gross income, and those with incomes between 250 percent and 275 percent of the federal poverty level pay 6.5 percent of their gross income. Individuals and families with gross incomes over 275 percent of the federal poverty guideline or \$40,000, whichever is less, are not eligible for a subsidized premium and must pay 100 percent of the cost of coverage through the state plan. For coverage that differs significantly from the intermediate benefit set, the sliding scale must be adjusted to reflect the differences in coverage. In addition to payments under the sliding scale, enrollees may be required to make greater payments depending on the health plan chosen. The commissioner shall pass on differences in premiums between health plans to enrollees, except that the commissioner may limit differences in charges to enrollees if necessary to prevent enrollment that exceeds the capacity of certain plans.

Subd. 2. [ADJUSTMENTS TO THE INCOME LIMIT AND SLIDING SCALE.] The commissioner shall adjust the sliding scale and the maximum income limit for subsidized coverage to reflect changes in prevailing income levels, health coverage costs, and benefit levels.

Subd. 3. [MUST NOT HAVE ACCESS TO EMPLOYER-SUBSIDIZED COVERAGE.] To be eligible for subsidized coverage, an individual or family must not have access to subsidized health coverage through an employer, unless the amount of employer subsidy toward the cost of coverage is less than an amount determined by the commissioner of health care access. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The commissioner must treat employer contributions to Internal Revenue Code Section 125 plans as qualified employer subsidies toward the cost of health coverage for employees for purposes of this section.

Subd. 4. [NO SUBSIDY AVAILABLE FOR MEDICARE SUPPLEMENT COVERAGE.] An individual eligible for Medicare benefits must pay 100 percent of the cost of obtaining Medicare supplement coverage through the state plan, regardless of income.

Subd. 5. [COVERAGE MUST NOT DISPLACE FEDERALLY SUBSIDIZED HEALTH COVERAGE.] Subsidized state plan coverage must not displace subsidized health coverage through a federally supported health program. The commissioner shall establish procedures and requirements to allow coordinated, limited, or supplemental participation in the Minnesotans' health care plan,

including limited subsidies, of participants in federally supported health programs to the extent necessary to provide coverage comparable to coverage provided to other state plan enrollees without displacing federal benefits.

Subd. 6. [MUST BE A PERMANENT MINNESOTA RESIDENT.] To be eligible for a subsidy, individuals and families must be permanent residents of Minnesota, and must have resided in Minnesota for at least 12 months prior to application. This 12-month requirement for residency does not apply to a person who is employed within the state, provided the person satisfies the other criteria for permanent residence. A permanent Minnesota resident is a Minnesota resident who considers Minnesota to be the person's principal place of residence and intends to remain in the state permanently or for a long period of time and not as a temporary or short-term resident. An individual or family that moved to Minnesota primarily to obtain medical treatment or health coverage for a preexisting condition is not a permanent resident and is not entitled to subsidized coverage through the state plan.

Sec. 6. [62J.13] [ELIGIBILITY OF EMPLOYERS.]

Subdivision 1. [GROUP COVERAGE.] An employer is eligible to enroll its employees in the state plan as a group in order to offer its employees health coverage under the Minnesotans' health care plan. To be eligible to participate, an employer must pay Minnesota unemployment insurance premiums and have two or more covered employees, including the owner, or, if a sole proprietor, must have at least one employee covered by unemployment insurance and be included in the group for purposes of health coverage. A self-employed person with no employees may not participate as an employer but may participate as an individual or family. The employer must collect employees' share of premiums and remit them to the commissioner along with the employer's contribution. Sliding scale premium subsidies as described in section 5 do not apply to group coverage. The commissioner shall establish conditions for enrollment of employer groups. Conditions may include, but are not limited to, minimum employer contributions toward coverage for employees and their families, minimum standards for employee eligibility, and eligibility waiting periods for new employees. The commissioner may establish special conditions and procedures for employers who are health care providers participating in state health care programs after considering the impact of H.F. No. 5, section 2, and of different levels of employer contributions toward employee health coverage, on state health care program reimbursement rates and obligations. The commissioner shall use administrative systems for group coverage for employers that will identify and enroll enrollees in a manner comparable to individual, nongroup enrollment in order to enhance the portability of coverage to an individual policy or to another employer covered through the state

plan, and to minimize administrative costs associated with frequent reissuing of policies.

Subd. 2. [COVERAGE OF PART-TIME AND SEASONAL EMPLOYEES.] The commissioner shall establish conditions, procedures, and a special accounting mechanism to allow employers to defray the cost of coverage for part-time and seasonal employees through the state plan without including these employees in the employer's health benefits program. This is the only circumstance under which an employer subsidy toward the cost of employee health coverage and a state subsidy for health coverage through the state plan may be combined. Employers that have terminated health benefits for part-time or seasonal employees within the three years before application are not eligible to participate in the part-time or seasonal employee enrollment system. Part-time or seasonal employees on whose behalf employer contributions have been submitted must obtain coverage through the state plan as individuals or families rather than as an employee group. The employer contributions must be used to reduce the premium that the employee would otherwise have owed, and will be in addition to any individual premium subsidy to which the employee would otherwise be entitled. The commissioner shall establish definitions and standards for part-time and seasonal employees as necessary to implement this subdivision.

Sec. 7. [62J.14] [COVERAGE.]

Subdivision 1. [INTERMEDIATE BENEFIT SET.] Individuals, families, and groups with two to five employees or members may purchase the intermediate benefit set described in article 2, sections 2 to 10, through the state plan.

Subd. 2. [SUPPLEMENTAL BENEFIT SET.] Individuals, families, and groups covered by the intermediate benefit set may purchase at their own expense the supplemental benefit set as described in article 2, section 15, through the state plan. Groups with more than five employees or members that participate in the state plan must purchase the supplemental benefit set and the intermediate benefit set.

PROGRAM ADMINISTRATION

Sec. 8. [62J.15] [PROVISION OF HEALTH CARE SERVICES; MANAGED CARE.]

In areas of the state where managed care health plans operate, the commissioner must deliver health care through contracts with managed care health plans. The commissioner may require contractors to provide all services under the intermediate benefit set, or may contract separately for certain services if the commissioner

determines this to be in the best interests of the state plan. In order to qualify for participation in the state plan, a managed care health plan must meet the specifications in this section.

(a) The health plan must demonstrate to the satisfaction of the commissioner that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees.

(b) The health plan must have sufficient provider network capacity to adequately serve enrollees and prospective enrollees.

(c) The health plan must have established procedures adequate to manage the delivery of health care. The procedures must incorporate clear standards of practice or protocols where they exist. The procedures must also require enrollees to register with a specific primary care clinic which will coordinate referrals, hospitalizations, and other health care delivery. A plan that has not established these procedures may participate in the program if the plan demonstrates to the satisfaction of the commissioner that an alternative, comparably effective system of case management has been established. A managed care health plan that has not established procedures satisfactory to the commissioner may participate in the program if the plan agrees to implement satisfactory procedures within three years from the date it is accepted for participation by the commissioner.

(d) The health plan must demonstrate a long-term commitment to improving the quality and efficiency of health care.

(e) The health plan must have established programs to educate enrollees about appropriate use of the health care system. The programs may include self-care education, telephone nurse access, encouragement of healthy lifestyles, and encouragement of conformance to prescribed courses of treatment.

(f) Health plans must notify enrollees by mail when coverage limits under the intermediate benefit set have been reached and explain that payment for future services in excess of the coverage limits are the responsibility of the patient.

(g) The health plan must include appropriate use of nonphysician providers within its overall framework of managed care.

Sec. 9. [62J.16] [AREAS WITHOUT SATISFACTORY MANAGED CARE HEALTH PLANS.]

In areas of the state where the commissioner determines satisfactory managed care health plans are not available, the commissioner

shall make health care available using one or more of the options specified in this section.

(a) The commissioner may recruit or encourage managed care health plans to serve the area.

(b) The commissioner may establish managed care health plans through direct contracts with existing clinics or other health care providers in the area consistent with the specifications and objectives of the state plan.

(c) The commissioner may pay providers on a fee-for-service basis, using the department of human services claims processing system, health care utilization review system, and other managed care procedures. When developing the payment system, the commissioner shall investigate the proposed Medicare resource-based relative value scale as the basis for a new fee schedule and the possibility of collective bargaining with health care providers. Participating providers must be required to operate under the department's managed care standards and procedures. Payment will be based on a fee schedule to be established by the commissioner with payments established at a level to ensure that program costs in the area are lower than under a managed care system. Providers must be required to accept program enrollees as a condition of serving patients covered by any health coverage program financed by state or local government, including public employee health benefit programs. Providers must be prohibited from billing enrollees for any portion of health care charges not reimbursed by the commissioner, except to collect copayments and deductibles or to charge for services that exceed coverage limits, to the extent these are specified in the state plan.

(d) The commissioner may establish health care clinics to provide services using managed care procedures.

Sec. 10. [62J.17] | ENCOURAGEMENT OF PARTICIPATION OF PROVIDERS SERVING LOW-INCOME PERSONS. |

The commissioner shall encourage expansion or development of health plans that include providers currently serving low-income, uninsured state residents, including nonprofit community clinics, public health departments, and public hospitals. The commissioner's managed care specifications must apply to these providers when serving program enrollees.

Sec. 11. [62J.18] | HEALTH PLAN COMPENSATION; GENERAL. |

The commissioner shall establish health plan payment arrangements in order to create financial incentives to improve the effec-

tiveness and efficiency of health care delivery. Health plans under contract with the state plan may not vary the benefits included in the intermediate benefit set in order to reduce the cost of premiums. Participating health plans must assume responsibility for health care delivery and must assume financial risk, subject to the limits established through the reinsurance pool. To prevent uncertainty regarding the mix and cost of enrollees from resulting in higher charges in the state plan during the first three years, the commissioner may share risk above or below the health plan's expected costs for state plan enrollees, to the extent that such risk sharing would reduce charges in the state plan. The risk sharing must not alter the community-rated basis for health plans premiums as specified in H.F. No. 4, article 6, section 5, as introduced. The commissioner shall establish a reserve fund or take other appropriate action to ensure that state funding will be available to fully satisfy the state's payment and risk-sharing obligations in the event the costs of coverage through the state plan are higher than expected. The commissioner is responsible for collecting premium payments from individuals, families, and employers, and health plan reimbursement may not be linked to collection of premium payments.

Sec. 12. [62J.19] [OUTREACH ACTIVITIES.]

Subdivision 1. [OUTREACH TO INDIVIDUALS.] The commissioner shall establish outreach activities to inform state residents about public and private sources of health coverage and to assist them in obtaining coverage. Outreach activities must include the following:

(1) health coverage information and counseling services provided throughout the state and through a toll-free telephone number; and

(2) ongoing publicity and advertising activities.

Subd. 2. [OUTREACH TO EMPLOYERS.] The commissioner shall establish outreach activities to inform employers about the Minnesotans' health care plan and other sources of health care coverage and to assist them to obtain or expand coverage for their employees. Outreach activities must be directed at the types of employers determined by the commissioner to be most interested in joining the state plan.

Sec. 13. [62J.20] [ENROLLMENT EDUCATION AND ASSISTANCE.]

The commissioner shall provide enrollment education and assistance to state residents. The assistance may include written materials, workshops, and individual assistance. Educational programs and assistance must be designed to serve persons who are not proficient in English or who have special communication needs. The

program must provide information on the following topics in addition to information provided at the discretion of the commissioner:

- (1) basic and supplemental coverage offered by the state plan;
- (2) features of specific health plans offered by the state plan, including information on obtaining health care within health plans and descriptions of provider networks;
- (3) differences between individual and group coverage;
- (4) premiums associated with each plan and premium payment procedures and obligations; and
- (5) actions enrollees must take if eligibility status changes.

Sec. 14. [62J.21] [APPLICATION FORMS AND PROCEDURES.]

Subdivision 1. [PROCEDURES.] The commissioner shall accept application forms submitted by mail or in person. Applicants must include payment equal to one month of premium costs with the completed application. Applicants who are employed full-time by an employer who participates in the state plan must apply through the employer. Part-time and seasonal employees of an employer who participates in the state plan may participate on an individual basis as provided in section 6, subdivision 2.

Subd. 2. [FORMS.] Application must be made on forms supplied by the commissioner. The commissioner shall design the form in order to collect the minimum amount of information necessary to administer the program. A more detailed form may be designed for use by applicants potentially eligible for federally subsidized health care programs and other state programs.

Subd. 3. [AVAILABILITY OF FORMS.] The commissioner shall make application forms available throughout Minnesota at state government offices; at hospitals, clinics, and other health care provider offices, especially where large numbers of low-income persons are served; with individual income tax forms; with applications for a driver's license, state identification card, or motor vehicle registration; with school and college registration materials; at food shelves; at the offices of insurers, health maintenance organizations, and other health plan companies; at school district offices; at public and private elementary schools; at community health offices; and at women, infants, and children (WIC) program sites.

Sec. 15. [62J.22] [ELIGIBILITY DETERMINATION.]

Subdivision 1. [ELIGIBILITY VERIFICATION.] The emphasis of eligibility verification procedures must be on achieving enrollment

and coverage as soon after application as possible. To this end, confirmation of income and other information provided by the applicant shall occur primarily through use of personal data that the state gathers, such as income tax records, for other purposes. The commissioner may use individuals' social security numbers as identifiers for purposes of administering the plan.

Subd. 2. [APPLICANT INFORMATION.] Applicants shall submit evidence of family income, earned and unearned, for use in determining the amount of the premium and eligibility for a subsidy. Enrollees shall report changes in eligibility status as they occur.

Subd. 3. [FRAUD.] If subsequent to enrollment an enrollee in the state plan is found to have provided fraudulent information, the commissioner may disenroll the enrollee if the enrollee has sufficient, alternate coverage, but must maintain enrollment for those without alternate coverage. In all cases, the commissioner may recover premiums not paid due to fraud through the means listed in section 21, subdivision 3.

Subd. 4. [REVERIFICATION.] Eligibility for the state plan must be redetermined annually. The commissioner must use mail and other, simple means of obtaining information from enrollees, then engage in random checkups of the accuracy of information provided.

Sec. 16. [62J.23] [ENROLLMENT.]

Subdivision 1. [COVERAGE EFFECTIVE DATE.] Coverage becomes effective on the next first or 15th of a month, whichever comes first, after the commissioner transfers enrollment information to the health plan selected by the applicant. The transfer to the health plan must occur no later than two weeks after the commissioner receives a completed application and payment of one month of premium costs.

Subd. 2. [ENROLLMENT CONFIRMATION.] No more than two weeks shall elapse between the time the commissioner receives a completed application and the applicant is notified of acceptance, rejection, or unusual delay and the reasons why. Refusal to provide a health history will not disqualify an applicant from the state plan. The commissioner shall operate a toll-free telephone service to confirm individual enrollment in the state plan. The service must be available to assist enrollees, health plans, and providers.

Sec. 17. [62J.24] [OPEN ENROLLMENT.]

The commissioner shall establish an annual open enrollment period during which enrollees must be allowed to transfer between health plans. Enrollees may not transfer between plans during

other periods unless their place of residence changes and their current plan does not provide coverage in the new location.

Sec. 18. [62J.25] [PREMIUM PAYMENTS; APPLICATION.]

The premium payment procedures established in sections 19 and 20 apply to coverage purchased through the Minnesotans' health care plan by an individual or an employer.

Sec. 19. [62J.26] [PAYMENTS FROM INDIVIDUALS.]

Subdivision 1. [AUTOMATIC PAYMENTS.] The commissioner shall establish an automatic premium payment system and shall require enrollees not receiving group coverage through an employer to make payments through the automatic system whenever practical. The system may include automatic payment through:

- (1) automatic bank account debiting;
- (2) automatic income withholding for employees, modeled after the system used for child support enforcement;
- (3) automatic collections through the state income tax system, including automatic deductions for employees and estimated payments for self-employed enrollees;
- (4) automatic deductions from unemployment compensation benefits; or
- (5) other methods developed by the commissioner.

Subd. 2. [MANUAL PAYMENTS.] The commissioner may allow manual payments directly from enrollees to the commissioner for enrollees:

- (1) making their initial premium payment with their application form;
- (2) expected to remain on the program for a short period of time; or
- (3) for whom automatic payments are impractical.

Subd. 3. [PAYMENT PERIODS.] Premiums shall be paid on a monthly basis. The commissioner shall encourage enrollees to make premium payments covering longer periods of time whenever practical.

Sec. 20. [62J.27] [EMPLOYER ENROLLMENT.]

Subdivision 1. [ENROLLMENT OF EMPLOYEES.] Employers seeking to participate in the state plan must apply to the commissioner to enroll their employees. A person enrolled under this method ceases to be covered as a member of the employer's group when employment with the employer is discontinued. The commissioner shall establish procedures to convert enrollees from group coverage to individual coverage when they cease employment with an employer who participates in the program unless the enrollee can provide evidence of coverage through a new employer or through some other plan.

Subd. 2. [COLLECTION OF PREMIUMS.] The commissioner shall require employers participating in the state plan to collect the employees' share of premiums and pay the employees' share and the employers' share directly to the commissioner.

Subd. 3. [TECHNICAL ASSISTANCE TO EMPLOYERS.] The commissioner must provide technical assistance to employers participating in the state plan. Technical assistance must be targeted to employers who do not currently offer employee health benefits or for whom technical assistance services are not readily available. The assistance must be provided at cost and may include assistance on the following:

- (1) designing and establishing a health benefit program;
- (2) administering state and federal continuation coverage requirements; and
- (3) establishing tax-sheltered premium accounts for employees.

Sec. 21. [62J.28] [ENFORCEMENT PROCEDURES.]

Subdivision 1. [EVIDENCE OF COVERAGE REQUIRED.] The commissioner shall enforce the requirement that all state residents must maintain and show evidence of health insurance coverage.

Subd. 2. [RESTRICTION ON TERMINATING COVERAGE.] The commissioner shall prohibit an enrollee from terminating coverage in the Minnesotans' health care plan except when the enrollee provides evidence of alternative coverage.

Subd. 3. [NONPAYMENT OF PREMIUM.] The commissioner may not cancel an enrollee's participation in the state plan for failure to pay premiums. The commissioner shall attempt to collect unpaid premiums through the following methods:

- (1) automatic income withholding, modeled after the child support enforcement system;

(2) automatic payroll deductions; or

(3) other methods identified or developed by the commissioner.

Subd. 4. [IDENTIFICATION OF UNINSURED PERSONS.] The commissioner shall develop and implement a system to identify state residents who have not obtained health care coverage. The system may include a survey question added to driver's license applications, income tax forms, school registration forms, and other similar forms. The system may include additional methods developed by the commissioner.

Subd. 5. [PROVISION OF COVERAGE.] The commissioner shall enroll state residents identified under subdivision 4 in the state plan and collect the appropriate premium from them.

Subd. 6. [IMPLEMENTATION.] In developing procedures to implement this section, the commissioner shall consult with the attorney general.

Sec. 22. [EFFECTIVE DATE FOR MANDATORY UNIVERSAL COVERAGE.]

Section 3 is effective July 1, 1993, or one year after the state plan becomes available statewide, whichever occurs later.

Sec. 23. [APPROPRIATION.]

\$...... is appropriated from the general fund to the commissioner of human services for the purposes of section 10, to be available until June 30, 1993.

For the purpose of this benefit, "primary care physicians" include only general and family practitioners, internists, pediatricians, obstetricians, and gynecologists, when serving in a primary care, rather than a consultative, capacity. Additional visits are covered when they are an alternative to inpatient care. The limit on visits does not apply to children.

This benefit covers vaginal and caesarean deliveries, complications of pregnancy, miscarriages, and other medically necessary services. This subdivision includes only hospital inpatient services. This subdivision does not cover neonatal care or services associated with premature birth.

Subd. 2. After a family's total copayment for all covered inpatient benefits, including mental health and all other categories of covered inpatient care, except maternity, exceeds \$2,500 in one calendar year, the intermediate benefit set covers 100 percent of additional services. After the intermediate benefit set has paid \$70,000 in inpatient benefits of any kind except maternity for a person within a calendar year, the intermediate benefit set will cover no further inpatient benefits, except maternity, of any kind for that person for that calendar year.

Sec. 12. [62J.39] [UNIVERSAL BASIC BENEFIT SET.]

The commissioner shall determine the content of the universal basic benefit set, with the advice of the technology and benefits advisory committee as established in H.F. No. 5. The universal basic benefit set must include:

(1) the benefits contained in the intermediate benefit set, including but not limited to full coverage for prenatal care, immunizations, and other preventive care as currently mandated for health maintenance organizations; and

(2) other health care services of demonstrated effectiveness, consistent with the following principles: (i) universal and equitable access to health care procedures and technologies; (ii) maintenance of an appropriate balance between expenditures for primary and preventive care, and expenditures for high cost cases; (iii) promotion of high quality and cost-effective health care; and (iv) adherence to budget targets.

Subd. 2. [CONVERSION TO THE UNIVERSAL BASIC BENEFIT SET.] The following changes will occur on July 1, 1995:

(1) the universal basic benefit set will replace the intermediate benefit set as the benefit set made available on a subsidized basis through the state plan;

(3) the state plan may make available optional coverage that exceeds the universal basic benefit set;

(4) the intermediate benefit set will no longer be available in the private market;

For the purposes of this requirement, actuarial equivalence must not be used. For health plan companies governed by chapter 62D, the minimum insurance benefit set is the set of benefits required under chapter 62D. Except as provided in section 13, no health coverage may be offered, sold, issued, or renewed to any Minnesota resident or to any group in Minnesota unless the coverage meets or exceeds the requirements of the minimum insurance benefit set.

Sec. 15. [62J.42] [SUPPLEMENTAL BENEFIT SET.]

The supplemental benefit set includes the benefits commonly included in group health coverage offered by health maintenance organizations operating under chapter 62D that are not included in the intermediate benefit set. The commissioner of health care access shall establish, by rule, uniform provisions for the supplemental benefit set. The state plan and health plan companies participating in the state plan must make the supplemental benefit set available as an option to any individual or group covered by the intermediate benefit set. (1) [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph,

the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. This paragraph shall be applied to all payment rates of the affected hospital.

(2) [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category beyond the geometric mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost calculated by dividing the operating payment rate per admission, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment, by the arithmetic mean length of stay for the diagnostic category. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the geometric mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative percentage outlier payment to a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

(3) [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For admissions occurring on or after the rate year beginning January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.

(4) [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all

hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

(5) [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of paragraph (7), except that hospice rates shall not exceed the amount allowed under federal law and payment shall be secondary to any other medical assistance hospice program. Rates and payments established under this paragraph must meet the requirements of section 256.9685, subdivisions 1 and 2, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(6) [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment established separately from other inpatient hospital services, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The commissioner may establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

(7) [NEONATAL TRANSFERS.] For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and

allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to paragraph (8). The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(8) [TRANSFERS.] Except as provided in paragraphs (5) and (7), operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined in subdivisions 2b and 2c, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under paragraph (2) and subdivisions 2b and 2c.

(b) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

(c) Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at the facility's usual and customary charges to the general public. This exemption is not effective for payments under general assistance medical care.

(d) Except as provided in paragraph (a), clauses (1) and (3), out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule. Hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information neces-

sary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.

(e) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this paragraph. Payments, including third party liability, established under this paragraph may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

(f) Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

(g) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between ~~July~~ April 1, 1988 1991, and ~~December 31, 1990~~ the implementation date of the upgrade to the Medicaid management information system, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(h) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between ~~July~~ April 1, 1988 1991, and ~~December 31, 1990~~ the implementation date of the upgrade to the Medicaid management information system, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(i) Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of paragraph (a), clause (8), except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not

exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 9. Minnesota Statutes 1990, section 447.31, subdivision 1, is amended to read:

Subdivision 1. [RESOLUTIONS.] Any ~~four~~ two or more cities and towns, however organized, except cities of the first class, may create a hospital district. They must do so by resolutions adopted by their respective governing bodies or electors. A hospital district may be reorganized according to sections 447.31 to 447.37. Reorganization must be by resolutions adopted by the district's hospital board and the governing body or voters of each city and town in the district.

Sec. 10. Minnesota Statutes 1990, section 447.31, subdivision 3, is amended to read:

Subd. 3. [CONTENTS OF RESOLUTION.] A resolution under subdivision 1 must state that a hospital district is authorized to be created under sections 447.31 to 447.37, or that an existing hospital district is authorized to be reorganized under sections 447.31 to 447.37, in order to acquire, improve, and run hospital and nursing home facilities that the hospital board decides are necessary and expedient in accordance with sections 447.31 to 447.37. The resolution must name the ~~four~~ two or more cities or towns included in the district. The resolution must be adopted by a two-thirds majority of the members-elect of the governing body or board acting on it, or by the voters of the city or town as provided in this section.

Each resolution adopted by the governing body of a city or town must be published in its official newspaper and takes effect 40 days after publication, unless a petition for referendum on the resolution is filed with the governing body within 40 days. A petition for referendum must be signed by at least five percent of the number of voters voting at the last election of officers. If a petition is filed, the resolution does not take effect until approved by a majority of voters voting on it at a regular municipal election or a special election which the governing body may call for that purpose.

The resolution may also be initiated by petition filed with the governing body of the city or town, signed by at least ten percent of the number of voters voting at the last general election. A petition must present the text of the proposed resolution and request an election on it. If the petition is filed, the governing body shall call a special election for the purpose, to be held within 30 days after the

filing of the petition, or may submit the resolution to a vote at a regular municipal election that is to be held within the 30-day period. The resolution takes effect if approved by a majority of voters voting on it at the election. Only one election shall be held within any given 12-month period upon resolutions initiated by petition. The notice of the election and the ballot used must contain the text of the resolution, followed by the question: "Shall the above resolution be approved?"

Sec. 11. [STUDY OF BASIC AND ADVANCED LIFE SUPPORT REIMBURSEMENT.]

The commissioner of human services, in consultation with the commissioner of health, shall study the mechanisms and rates of reimbursement for advanced and basic life support ambulance and special transportation service calls under medical assistance and general assistance medical care. The study shall examine methods of simplifying the claims process, interpretation of the "medically necessary" criteria and prior approval in light of the statutory mandate that ambulance service may not be denied, as well as other issues that create impediments to reasonable and fair reimbursement. The commissioner shall report findings and offer recommendations to the legislature by February 1, 1992, on means of maximizing potential reimbursement levels.

Sec. 12. [STUDY OF AMBULANCE SUBSCRIPTION PLANS.]

The commissioner of commerce and the commissioner of health shall study prepaid ambulance service plans that allow a person to prepay for ambulance services on a yearly basis. The commissioners shall study plans offered in other states and shall study the cost effectiveness and feasibility of offering these plans in Minnesota. The commissioners shall study methods of funding the plans. The commissioners shall also address the issue of whether these plans should be regulated as insurance, health maintenance organizations, or as another type of entity. The commissioners shall conduct the study in conjunction with the attorney general. The commissioners shall report the findings of the study to the legislature by January 1, 1992.

"Section 1. [62J.44] [HEALTH CARE ANALYSIS UNIT.]

Subdivision 1. [ESTABLISHMENT.] The commissioner shall establish a health care analysis unit to conduct data and research initiatives in order to improve the efficiency and effectiveness of health care in Minnesota.

Subd. 2. [GENERAL DUTIES; IMPLEMENTATION DATE.] The commissioner, through the health care analysis unit, shall:

(1) conduct applied research using existing and newly established health care data bases, and promote applications based on existing research;

(2) establish the condition-specific data base required under section 2;

(3) develop and implement data collection procedures to ensure a high level of cooperation from health care providers and health plans;

(4) work closely with health plans and health care providers under contract with the commissioner of health care access to promote improvements in health care efficiency and effectiveness;

(5) periodically evaluate the state's existing health care financing and delivery programs, and the health programs created or administered by the commissioner of health care access;

(6) regularly prepare estimates, specific to Minnesota, of total health service expenditures and sources of payment;

(7) participate as a partner or sponsor of private sector initiatives that promote publicly disseminated applied research on health care delivery, outcomes, costs, quality, and management;

(8) conduct periodic surveys, including those required by section 4; and

(9) provide technical assistance to health plan and health care purchasers, as required by section 5.

The commissioner shall begin implementation of these data collection and research initiatives by July 1, 1992.

Subd. 3. [CRITERIA FOR UNIT INITIATIVES.] Data and research initiatives by the health care analysis unit must:

(1) serve the needs of the general public, public sector health care programs, employers and other purchasers of health care, health care providers, including providers serving large numbers of low-income people, and health plan companies;

(2) promote a significantly accelerated pace of publicly disseminated, applied research on health care delivery, outcomes, costs, quality, and management;

(3) conduct research and promote health care applications based on scientifically sound and statistically valid methods;

(4) be statewide in scope, in order to benefit health care purchasers and providers in all parts of Minnesota and to ensure a broad and representative data base for research, comparisons, and applications;

(5) emphasize data that is useful, relevant, and nonredundant of existing data. The initiatives may duplicate existing private activities, if this is necessary to ensure that the data collected will be in the public domain;

(6) be structured to minimize the administrative burden on health plans, health care providers, and the health care delivery system; and

(7) promote continuous improvement in the efficiency and effectiveness of health care delivery.

Subd. 4. [CRITERIA FOR PUBLIC SECTOR HEALTH CARE PROGRAMS.] Data and research initiatives related to public sector health care programs must:

(1) assist the state's current health care financing and delivery programs, and the state plan, to deliver and purchase health care in a manner that promotes improvements in health care efficiency and effectiveness;

(2) assist the state in its public health activities, including the analysis of disease prevalence and trends and the development of public health responses;

(3) assist the state in developing and refining its overall health policy, including policy related to health care costs, quality, and access; and

(4) provide a data source that allows the evaluation of state health care financing and delivery programs.

Subd. 5. [DATA COLLECTION PROCEDURES.] The health care analysis unit shall collect data from health care providers, health plan companies, and individuals in the most cost-effective manner. The unit may require health care providers and health plan companies to collect and provide patient health data, provide mailing lists of patients, and cooperate in other ways with the data collection process. The health care analysis unit may assign, or require health care providers and health plan companies to assign, a unique identification number to each patient to safeguard patient identity.

Subd. 6. [DATA CLASSIFICATION.] (a) Data collected through the large-scale data base initiatives of the health care analysis unit required by section 62J.45 are classified as private data on individuals and may be disclosed only to: employees of the bureau of health care access working on bureau initiatives; researchers affiliated with university research centers or departments, who are conducting research on health outcomes, practice parameters, and medical practice style; researchers working under contract with the bureau of health care access; and individuals purchasing health care services for health plan companies and groups.

(b) Data collected through the survey research initiatives of the health care analysis unit required by section 62J.47 are classified as public data under section 13.03, except that any patient or enrollee identifying information is private data.

(c) Summary data derived from data collected through the large-scale data base and survey research initiatives of the health care analysis unit may be provided under section 13.05, subdivision 7, and may be released in studies produced by the bureau of health care access.

Subd. 7. [FEDERAL AND OTHER GRANTS.] The commissioner of human services shall seek federal funding, and funding from private and other non-state sources, for the initiatives of the health care analysis unit.

Sec. 2. [62J.45] [LARGE-SCALE DATA BASE.]

Subdivision 1. [ESTABLISHMENT.] The health care analysis unit shall establish a large-scale data base for a limited number of health conditions. This initiative must meet the requirements of this section.

Subd. 2. [SPECIFIC HEALTH CONDITIONS.] (a) The data must be collected for specific health conditions, rather than specific procedures, types of health care providers, or services. The health care analysis unit shall designate up to eight specific health conditions for which data shall be collected during the first year of operation. For subsequent years, data may be collected for up to six additional specific health conditions. The number of specific conditions for which data is collected is subject to the availability of appropriations.

(b) The initiative must emphasize conditions that account for significant total costs, when considering both the frequency of a condition and the unit cost of treatment. The initial emphasis must be on the study of conditions commonly treated in hospitals on an inpatient or outpatient basis, or in freestanding outpatient surgical centers. As improved data collection and evaluation techniques are incorporated, this emphasis shall be expanded to include entire

episodes of care for a given condition, whether or not treatment includes use of a hospital or a freestanding outpatient surgical center.

Subd. 3. [INFORMATION TO BE COLLECTED.] The data collected must include information on health outcomes, including information on mortality, patient functional status and quality of life, symptoms, and patient satisfaction. The data collected must include information necessary to measure and make adjustments for differences in the severity of patient condition across different health care providers, and may include data obtained directly from the patient or from patient medical records. The data must be collected in a manner that allows comparisons to be made between providers, health plan companies, public programs, and other entities.

Subd. 4. [DATA COLLECTION AND REVIEW.] Data collection for any one condition must continue for a sufficient time to permit adequate analysis, feedback to providers, and monitoring for changes in practice patterns. The health care analysis unit shall annually review all specific health conditions for which data is being collected, in order to determine if data collection for that condition should be continued.

Subd. 5. [USE OF EXISTING DATA BASES.] (a) The health care analysis unit shall negotiate with private sector organizations currently collecting data on specific health conditions of interest to the unit, in order to obtain required data in a cost-effective manner and minimize administrative costs. The unit shall attempt to establish linkages between the large scale data base established by the unit and existing private sector data bases and shall consider and implement methods to streamline data collection in order to reduce public and private sector administrative costs.

(b) The health care analysis unit shall use existing public sector data bases, such as those existing for medical assistance and Medicare, to the greatest extent possible. The unit shall establish linkages between existing public sector data bases and consider and implement methods to streamline public sector data collection in order to reduce public and private sector administrative costs.

Sec. 3. [62J.46] [ANALYSIS AND USE OF DATA COLLECTED THROUGH THE LARGE-SCALE DATA BASE.]

Subdivision 1. [DATA ANALYSIS.] The health care analysis unit shall analyze the data collected on specific health conditions using existing medical practice parameters and newly researched medical practice parameters, including those established through the medical effectiveness studies of the federal government. The unit may also use the data collected to develop new practice parameters, or refine existing practice parameters, and may encourage or coordi-

nate private sector research efforts designed to develop or refine practice parameters.

Subd. 2. [EDUCATIONAL EFFORTS.] The health care analysis unit shall maintain and improve the quality of health care in Minnesota by providing medical practitioners in the state with information about practice parameters and medical practice style. The unit shall disseminate medical parameters for specific medical conditions, and the research findings on which these parameters are based, to all medical practitioners in the state who diagnose or treat the medical condition.

Subd. 3. [PEER REVIEWS.] The unit may require peer reviews for specific medical conditions for which medical practice in all or part of the state deviates from practice parameters. The unit may also require peer reviews for specific medical conditions for which there are large variations in treatment method or frequency of treatment in all or part of the state. Peer reviews may be required for all medical practitioners statewide, or limited to medical practitioners in specific areas of the state. The peer reviews shall determine if the procedures conducted by medical practitioners are medically necessary and appropriate. If a medical practitioner's practice style does not change and the practitioner continues to perform procedures that are medically inappropriate, even after educational efforts by the review panel, the panel may report the practitioner to the appropriate professional licensing board.

Sec. 4. [62J.47] [SURVEY RESEARCH.]

The health care analysis unit shall conduct periodic surveys to accomplish the data and research goals listed in section 1. These surveys shall include, but are not limited to:

(1) surveys of enrollee satisfaction with health plans and health care providers;

(2) surveys to monitor changes over time in financial and geographic access and sources of health coverage;

(3) surveys of health service prices, especially for services less commonly covered by health insurance, or for which patients commonly face significant out-of-pocket expenses;

(4) surveys of health plan prices, especially for health plans sold on a community-rated or table-rated basis; and

(5) surveys of new procedures and treatments performed by health care providers, as a basis for considering changes in the benefits provided by state health coverage programs.

Sec. 5. [62J.48] [TECHNICAL ASSISTANCE FOR PURCHASERS.]

The health care analysis unit shall provide technical assistance to health plan and health care purchasers. The unit shall collect information about:

(1) premiums, benefit levels, managed care procedures, health care outcomes, and other features of popular health plans and health plan companies; and

(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses.

The commissioner shall publicize this information in an easily understandable format.

Sec. 6. Minnesota Statutes 1990, section 147.091, subdivision 1, is amended to read:

Subdivision 1. [GROUNDS LISTED.] The board may refuse to grant a license or may impose disciplinary action as described in section 147.141 against any physician. The following conduct is prohibited and is grounds for disciplinary action:

(a) Failure to demonstrate the qualifications or satisfy the requirements for a license contained in this chapter or rules of the board. The burden of proof shall be upon the applicant to demonstrate such qualifications or satisfaction of such requirements.

(b) Obtaining a license by fraud or cheating, or attempting to subvert the licensing examination process. Conduct which subverts or attempts to subvert the licensing examination process includes, but is not limited to: (1) conduct which violates the security of the examination materials, such as removing examination materials from the examination room or having unauthorized possession of any portion of a future, current, or previously administered licensing examination; (2) conduct which violates the standard of test administration, such as communicating with another examinee during administration of the examination, copying another examinee's answers, permitting another examinee to copy one's answers, or possessing unauthorized materials; or (3) impersonating an examinee or permitting an impersonator to take the examination on one's own behalf.

(c) Conviction, during the previous five years, of a felony reasonably related to the practice of medicine or osteopathy. Conviction as used in this subdivision shall include a conviction of an offense which if committed in this state would be deemed a felony without

regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilt is made or returned but the adjudication of guilt is either withheld or not entered thereon.

(d) Revocation, suspension, restriction, limitation, or other disciplinary action against the person's medical license in another state or jurisdiction, failure to report to the board that charges regarding the person's license have been brought in another state or jurisdiction, or having been refused a license by any other state or jurisdiction.

(e) Advertising which is false or misleading, which violates any rule of the board, or which claims without substantiation the positive cure of any disease, or professional superiority to or greater skill than that possessed by another physician.

(f) Violating a rule promulgated by the board or an order of the board, a state, or federal law which relates to the practice of medicine, or in part regulates the practice of medicine including without limitation sections 148A.02, 609.344, and 609.345, or a state or federal narcotics or controlled substance law.

(g) Engaging in any unethical conduct; conduct likely to deceive, defraud, or harm the public, or demonstrating a willful or careless disregard for the health, welfare or safety of a patient; or medical practice which is professionally incompetent, in that it may create unnecessary danger to any patient's life, health, or safety, in any of which cases, proof of actual injury need not be established.

(h) Failure to supervise a physician's assistant or failure to supervise a physician under any agreement with the board.

(i) Aiding or abetting an unlicensed person in the practice of medicine, except that it is not a violation of this paragraph for a physician to employ, supervise, or delegate functions to a qualified person who may or may not be required to obtain a license or registration to provide health services if that person is practicing within the scope of that person's license or registration or delegated authority.

(j) Adjudication as mentally incompetent, mentally ill or mentally retarded, or as a chemically dependent person, a person dangerous to the public, or a person who has a psychopathic personality by a court of competent jurisdiction, within or without this state. Such adjudication shall automatically suspend a license for the duration thereof unless the board orders otherwise.

(k) Engaging in unprofessional conduct. Unprofessional conduct shall include any departure from or the failure to conform to the minimal standards of acceptable and prevailing medical practice in

which proceeding actual injury to a patient need not be established. Unprofessional conduct shall also include the performance of procedures that are judged by a peer review panel as medically inappropriate and in conflict with established medical practice parameters.

(l) Inability to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, use of drugs, narcotics, chemicals or any other type of material or as a result of any mental or physical condition, including deterioration through the aging process or loss of motor skills.

(m) Revealing a privileged communication from or relating to a patient except when otherwise required or permitted by law.

(n) Failure by a doctor of osteopathy to identify the school of healing in the professional use of the doctor's name by one of the following terms: osteopathic physician and surgeon, doctor of osteopathy, or D.O.

(o) Improper management of medical records, including failure to maintain adequate medical records, to comply with a patient's request made pursuant to section 144.335 or to furnish a medical record or report required by law.

(p) Fee splitting, including without limitation:

(1) paying, offering to pay, receiving, or agreeing to receive, a commission, rebate, or remuneration, directly or indirectly, primarily for the referral of patients or the prescription of drugs or devices;

(2) dividing fees with another physician or a professional corporation, unless the division is in proportion to the services provided and the responsibility assumed by each professional and the physician has disclosed the terms of the division;

(3) referring a patient to any health care provider as defined in section 144.335 in which the referring physician has a significant financial interest unless the physician has disclosed the physician's own financial interest; and

(4) dispensing for profit any drug or device, unless the physician has disclosed the physician's own profit interest.

The physician must make the disclosures required in this clause in advance and in writing to the patient and must include in the disclosure a statement that the patient is free to choose a different health care provider. This clause does not apply to the distribution of revenues from a partnership, group practice, nonprofit corporation, or professional corporation to its partners, shareholders, members, or employees if the revenues consist only of fees for services per-

No other appropriations shall be contained in any of said bills but all other appropriations shall be contained in separate bills.

DEADLINES

Rule 2.03. (a) In odd-numbered years, committee reports on bills favorably acted upon by a committee in the house of origin after ~~April 14, 1989~~ April 12, 1991, and committee reports on bills originating in the other house favorably acted upon by a committee after ~~April 26, 1989~~ April 24, 1991, shall be referred in the Senate to the Committee on Rules and Administration, and in the House of Representatives to the Committee on Rules and Legislative Administration for disposition. Referral is not required when a committee after the earlier date and by the later date set by this paragraph acts on a bill that is a companion to a bill that has met the earlier deadline in the other house. This rule does not apply to the Senate Committees on Finance and on Taxes and Tax Laws, and the House Committees on Appropriations and on Taxes.

Conference committees on the major appropriation bills specified in Joint Rule 2.02 shall have their reports on the members' desks by the last Thursday on which the Legislature can meet in regular session [May 16, 1991]. ~~After the last Friday on which the Legislature can meet in regular session [May 17, 1991], neither house shall act on bills other than those contained in:~~

(1) Reports of Conference Committees;

(2) Messages from the other house;

(3) Reports of the Committee on Rules and Administration in the Senate or the Committee on Rules and Legislative Administration in the House; or

(4) Messages from the Governor.

(b) In even-numbered years the Legislature shall establish by concurrent resolution deadlines based on the date intended to be the date of adjournment sine die.

AMENDING BILLS ORIGINATING IN OTHER HOUSE

Rule 2.04. Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

RECEDING FROM POSITION

Rule 2.05. Prior to a Conference Committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the Constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

CONFERENCE COMMITTEES

Rule 2.06. In all cases of disagreement between the Senate and House on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a Conference Committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee.

The manner of procedure shall be as follows: The house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a Conference Committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin.

All Conference Committees shall be open to the public.

As much as practical, meetings of Conference Committees shall be announced as far in advance as possible and actions taken shall be agreed upon in an open meeting. At an agreed upon hour the Conference Committee shall meet. The members from each house shall state to the members from the other house, orally or in writing, the reason for their respective positions. The members shall confer thereon and shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement.

If an agreement is reported, the house of origin shall act first upon the report. A Conference Committee report must be limited to provisions that are germane to the bill and amendments that were referred to the Conference Committee. A provision is not germane if it relates to a substantially different subject or is intended to accomplish a substantially different purpose from that of the bill and amendment that were referred to the Conference Committee. If the report is adopted and repassed as amended by the Conference Committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house.

Except after the last Thursday on which the Legislature can meet in regular session in odd-numbered years [May 16, 1991], and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution required by Rule 2.03, paragraph (b), to meet in regular session in even-numbered years, a written copy of a report of a Conference Committee shall be placed on the desk of each member of a house twelve hours before action on the report by that house. If the report has been reprinted in the Journal of either house for a preceding day and is available to the members, the Journal copy shall serve as the written report. The member presenting the Conference Committee report to the body shall disclose, either in writing or orally, the substantial changes from the bill or the amendment as they were last before the body.

ENROLLMENT AND SIGNATURE

Rule 2.07. After a bill or memorial has been passed by both houses, it shall be carefully and properly enrolled by the Revisor of Statutes under the direction of the Secretary of the Senate for a matter originating in the Senate or the Chief Clerk of the House for a matter originating in the House. The Revisor of Statutes shall obtain the signatures and certificates of the proper officers to the enrolled copy of the bill or memorial and present it to the Governor for his approval.

A bill or memorial may be prepared for presentation to the Governor on good quality paper approximately 8½" x 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "An Act" and it shall be identical to the bill passed by the Legislature. An enrolled bill which is amendatory of

any existing law or constitutional provision shall indicate deletions and additions in the manner provided in Rule 2.01 for printed bills.

REPORTS OF STANDING COMMITTEES

Skoglund from the Committee on Financial Institutions and Insurance to which was referred:

H. F. No. 32, A bill for an act relating to insurance; Medicare supplement; requiring certain foreign travel coverages to be added to the basic plan; amending Minnesota Statutes 1990, section 62A.316.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 62A.31, subdivision 1, is amended to read:

Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract or other evidence of accident and health insurance the effect or purpose of which is to

supplement Medicare coverage issued or delivered in this state or offered to a resident of this state shall be sold or issued to an individual age 65 or older covered by Medicare unless the following requirements are met:

(a) The policy must provide a minimum of the coverage set out in subdivision 2;

(b) The policy must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage;

(c) The policy must contain a provision that the plan will not be canceled or nonrenewed on the grounds of the deterioration of health of the insured;

(d) Before the policy is sold or issued, an offer of both categories of Medicare supplement insurance has been made to the individual, together with an explanation of both coverages; and

(e) An outline of coverage as provided in section 62A.39 must be delivered at the time of application and prior to payment of any premium;

(f) (1) The policy must provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period, not to exceed 24 months, in which the policyholder has applied for and is determined to be entitled to medical assistance under title XIX of the Social Security Act, but only if the policyholder notifies the issuer of the policy within 90 days after the date the individual becomes entitled to this assistance;

(2) If suspension occurs and if the policyholder or certificate holder loses entitlement to this medical assistance, the policy shall be automatically reinstated, effective as of the date of termination of this entitlement, if the policyholder provides notice of loss of the entitlement within 90 days after the date of the loss;

(3) The policy must provide that upon reinstatement (i) there is no additional waiting period with respect to treatment of preexisting conditions, (ii) coverage is provided which is substantially equivalent to coverage in effect before the date of the suspension, and (iii) premiums are classified on terms that are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage not been suspended;

(g) The written statement required by an application for Medicare supplement insurance pursuant to section 62A.43, subdivision 1,

shall be made on a form, approved by the commissioner, that states that counseling services may be available in the state to provide advice concerning the purchase of Medicare supplement policies and enrollment under the Medicaid program;

(h) No issuer of Medicare supplement policies in this state may deny or condition the issuance or effectiveness of any Medicare supplement insurance policy form available for sale in this state, nor may it discriminate in the pricing of such a policy, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for such insurance is submitted during the six-month period beginning with the first month in which an individual first enrolled for benefits under Medicare Part B;

(i) If a Medicare supplement policy replaces another Medicare supplement policy, the issuer of the replacing policy shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement policy for similar benefits to the extent the time was spent under the original policy;

(j) The policy has been filed with and approved by the department as meeting all the requirements of sections 62A.31 to 62A.44; and

(k) the policy guarantees renewability.

Only the following standards for renewability may be used in Medicare supplement insurance policy forms.

No issuer of Medicare supplement insurance policies may cancel or nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

If a group Medicare supplement insurance policy is terminated by the group policyholder and is not replaced as provided in this clause, the issuer shall offer certificate holders an individual Medicare supplement policy which, at the option of the certificate holder, provides for continuation of the benefits contained in the group policy; or provides for such benefits and benefit packages as otherwise meet the requirements of this clause.

If an individual is a certificate holder in a group Medicare supplement insurance policy and the individual terminates membership in the group, the issuer of the policy shall offer the certificate holder the conversion opportunities described in this clause; or offer the certificate holder continuation of coverage under the group policy.

Sec. 2. Minnesota Statutes 1990, section 62A.316, is amended to read:

62A.316 [BASIC MEDICARE SUPPLEMENT PLAN; COVERAGE.]

(a) The basic Medicare supplement plan must have a level of coverage that will provide:

(1) coverage for all of the Medicare part A inpatient hospital coinsurance amounts, and 100 percent of all Medicare part A eligible expenses for hospitalization not covered by Medicare for the calendar year, after satisfying the Medicare part A deductible;

(2) coverage for the daily copayment amount of Medicare part A eligible expenses for the calendar year incurred for skilled nursing facility care;

(3) coverage for the 20 percent copayment amount of Medicare eligible expenses excluding outpatient prescription drugs under Medicare part B regardless of hospital confinement for Medicare part B after the Medicare deductible amount;

(4) 80 percent of the usual and customary hospital and medical expenses and supplies incurred during travel outside the United States as a result of a medical emergency;

(5) coverage for the reasonable cost of the first three pints of blood, or equivalent quantities of packed red blood cells as defined under federal regulations under Medicare parts A and B, unless replaced in accordance with federal regulations; and

~~(5)~~ (6) 100 percent of the cost of immunizations.

(b) Only the following optional benefit riders may be added to this plan:

(1) coverage for all of the Medicare part A inpatient hospital deductible amount;

(2) a minimum of 80 percent of usual and customary eligible medical expenses and supplies not covered by Medicare part B. This does not include outpatient prescription drugs;

(3) coverage for all of the Medicare part B annual deductible; and

(4) coverage for at least 50 percent, or the equivalent of 50 percent, of usual and customary prescription drug expenses.

Nothing in this section prohibits the plan from requiring that services be received from providers designated as preferred providers or participating providers in order to receive coverage under optional benefit riders.

Sec. 3. Minnesota Statutes 1990, section 62A.36, subdivision 1a, is amended to read:

Subd. 1a. [SUPPLEMENT TO ANNUAL STATEMENTS.] Each insurer that has Medicare supplement policies in force in this state shall, as a supplement to the annual statement required by section 60A.13, submit, in a form prescribed by the commissioner, data showing its incurred claims experience, its earned premiums, and the aggregate amount of premiums collected and losses incurred for each Medicare policy form in force. If the data submitted does not confirm that the insurer has satisfied the loss ratio requirements of this section, the commissioner shall notify the insurer in writing of the deficiency. The insurer shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the insurer fails to file amended rates within the prescribed time, the commissioner shall order that the insurer's filed rates for the nonconforming policy be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The insurer's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the insurer from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data as to premiums and loss ratios for the preceding three years available to the public at a cost not to exceed the cost of copying. The commissioner shall also provide the public with copies of the policies to which the loss ratios and premiums apply. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Sec. 4. Minnesota Statutes 1990, section 62A.43, subdivision 1, is amended to read:

Subdivision 1. [DUPLICATE COVERAGE PROHIBITED.] No agent shall sell a Medicare supplement plan, as defined in section 62A.31, to a person who currently has one plan in effect; however, an agent may sell a replacement plan in accordance with section 62A.40, provided that the second plan is not made effective any sooner than necessary to provide continuous benefits for preexisting conditions. Every application for Medicare supplement insurance shall require a written statement signed by the applicant listing of all health and accident insurance maintained by the applicant as of the date the application is taken and stating whether the applicant is entitled to any medical assistance. The written statement must be accompanied by a written acknowledgment, signed by the seller of the policy, of the request for and receipt of the statement.

Sec. 5. [EFFECTIVE DATE.]

Sections 1 to 4 are effective November 5, 1991. If the federal government extends the date for compliance with any provision of this act that is required by the federal Omnibus Budget Reconciliation Act of 1990, the commissioner may by order extend the date by which that provision of this act must be complied with. An order of the commissioner under this section must not extend the compliance date for longer than six months from November 5, 1991.
