(1) coordinate or co-locate the services through an existing community-based, family-oriented program such as a family resource center;

(2) minimize the amount of state funding that is needed for initial construction or remodeling costs by using an existing facility, by sharing a facility with a school or other program, or by obtaining contributions for these costs from private or local sources;

(3) reduce the costs and time of transportation by enabling children to attend a program closer to their home communities;

(4) increase services in an area where less than 15 percent of eligible children are enrolled; and

(5) expand programs within a city where no center-based program exists.

The additional funds provided to a grantee under this subdivision shall be considered part of the grantees funding base for future formula allocations of state or federal funds.

Sec. 51. Minnesota Statutes 1990, section 268.975, subdivision 3, is amended to read:

Subd. 3. [DISLOCATED WORKER.] "Dislocated worker" means an individual who:

(2) ~~was a resident of the state at the time~~ has been terminated or has received a notice of termination of employment ~~or at the time of receiving the notification of termination of employment~~ as a result of any plant closing or any substantial layoff at a plant, facility, or enterprise; ~~and~~

(3) ~~is eligible for or has exhausted unemployment compensation and is unlikely to return to the previous industry or occupation~~ has been long-term unemployed and has limited opportunities for employment or reemployment in the same or a similar occupation in the area in which the individual resides, including older individuals who may have substantial barriers to employment by reason of age;

(4) has been self-employed, including farmers and ranchers, and is unemployed as a result of general economic conditions in the

community in which the individual resides or because of natural disasters, subject to rules to be adopted by the commissioner; or

(5) has been terminated or who has received a notice of termination from employment with a public or nonprofit employer.

A dislocated worker must have been working in Minnesota at the time employment ceased.

Sec. 52. Minnesota Statutes 1990, section 268.975, is amended by adding a subdivision to read:

Subd. 3a. [ADDITIONAL DISLOCATED WORKER.] "Additional dislocated worker" means an individual who was a full-time homemaker for a substantial number or years and derived the substantial share of his or her support from:

(2) public assistance on account of dependents in the home and no longer receives such support.

An additional dislocated worker must have resided in Minnesota at the time the support ceased.

Sec. 53. Minnesota Statutes 1990, section 268.977, is amended to read:

268.977 [RAPID RESPONSE PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHMENT.] (a) The commissioner shall establish a rapid response program to (1) assist employees, employers, business organizations or associations, labor organizations, local government units, and community organizations to quickly and effectively respond to announced or actual plant closings and substantial layoffs and (2) assist dislocated workers and additional dislocated workers. Grant recipients and substate grantees may, but shall not be required to, subcontract with the department for readjustment services.

(b) The program must include or address at least the following:

(1) within five working days after becoming aware of an announced or actual plant closing or substantial layoff, establish on-site contact with the employer, employees, labor organizations if there is one representing the employees, and leaders of the local government units and community organizations to provide coordination of efforts to formulate a communitywide response to the plant

closing or substantial layoff, provide information on the public and private service and programs that might be available, inform the affected parties of the prefeasibility study grants under section 268.978, and collect any information required by the commissioner to assist in responding to the plant closing or substantial layoff;

(2) provide ongoing technical assistance to employers, employees, business organizations or associations, labor organizations, local government units, and community organizations to assist them in reacting to or developing responses to plant closings or substantial layoffs;

(3) establish and administer the prefeasibility study grant program under section 268.978 to provide an initial assessment of the feasibility of alternatives to plant closings or substantial layoffs;

(4) work with employment and training service providers, employers, business organizations or associations, labor organizations, local government units, dislocated workers, and community organizations in providing training, education, community support service, job search programs, job clubs, and other services to address the needs of potential or actual dislocated workers;

(6) collect and make available information on programs that might assist dislocated workers and the communities affected by plant closings or substantial layoffs; and

(7) when they can be provided without adversely affecting delivery of services to dislocated workers, the services under clause (4) shall be available to additional dislocated workers as defined in section 268.975, subdivision 3a.

Subd. 2. [APPLICABILITY.] ~~Notwithstanding section 268.975, subdivisions 6 and 8, the commissioner may waive the threshold requirements for finding a plant closing or substantial layoff in special cases where the governor's job training council recommends waiver to the commissioner following a finding by the council that the number of workers dislocated as a result of a plant closing or substantial layoff would have a substantial impact on the community or labor market where the closure or layoff occurs and, in the absence of intervention through the rapid response program, would overwhelm the capacity of other programs to provide effective assistance.~~ A proposal for a program recommended for funding by the governor's job training council shall not be denied based upon the increased funding and resources of substate areas.

Sec. 54. Minnesota Statutes 1990, section 268.98, is amended to read:

268.98 [PERFORMANCE STANDARDS.]

(a) The commissioner shall establish performance standards for the programs and activities administered or funded through the rapid response program under section 268.977. The commissioner may use existing federal performance standards or, if the commissioner determines that the federal standards are inadequate or not suitable, may formulate new performance standards to ensure that the programs and activities of the rapid response program are effectively administered.

(b) Not less than 20 percent of the funds expended under this section must be used to provide needs-related payments and other supportive services as those terms are used in subchapter III of the Job Training Partnership Act, United States Code, title 29, section 1661d(b). This requirement does not apply to the extent that a program proposal requests less than 20 percent of such funds. At the end of the fiscal year, each substate grantee and each grant recipient shall report to the commissioner on the types of services funded under this paragraph and the amounts expended for such services. By January 15 of each year, the commissioner shall provide a summary report to the legislature.

Sec. 55. Minnesota Statutes 1990, section 268A.08, subdivision 2, is amended to read:

Subd. 2. Subject to the provisions of sections 268A.06 to 268A.09 and the rules of the department, each rehabilitation facility board shall:

(a) Review and evaluate the need for extended employment programs offered by the rehabilitation facility provided pursuant to sections 268A.06 to 268A.09 and report thereon to the commissioner and, when indicated, the public, together with recommendations for additional extended employment programs. Extended employment program services shall be targeted to persons with brain injuries, serious and persistent mental health disabilities, and persons who are not otherwise eligible for day training and habilitation services under chapter 252 that are reimbursed by medical assistance;

(b) Recruit and promote local financial support for the extended employment programs from private sources such as community chests, business, industrial and private foundations, voluntary agencies and other lawful sources and promote public support for municipal and county appropriations;

(c) Promote, arrange, and implement working agreements with

other educational and social service agencies both public and private and any other allied agencies;

(d) Advise the commissioner on the adoption and implementation of policies to stimulate effective community relations;

(e) Review the annual plan and budget and make recommendations thereon;

(f) When the extended employment program offered by the rehabilitation facility is certified, act as the administrator of the rehabilitation facility and its programs for purposes of this chapter.

Sec. 56. Minnesota Statutes 1990, section 268A.09, subdivision 2, is amended to read:

Subd. 2. [EVALUATION; STATE FUNDING.] At the beginning of each fiscal year, the commissioner shall allocate available funds to extended employment programs for disbursement during the fiscal year in accordance with approved plans or budgets. The commissioner shall study and recommend to the legislature by March 1, 1985, new allocation formulas which take into consideration effectiveness of the rehabilitation facility extended employment programs. In its recommendation the commissioner shall calculate the fiscal impact of the various formulas on each rehabilitation facility and the extent to which a rehabilitation facility can utilize new allocation formulas. The commissioner shall develop forms to assist the rehabilitation facilities in collecting data necessary to complete the program evaluation. Information needed to conduct the evaluations must be submitted by the rehabilitation facilities along with the annual requests for funding. Failure to submit documentation requested by the commissioner shall result in the withdrawal of all state funding for the extended employment programs offered by the rehabilitation facility.

The commissioner shall provide an annual cost-of-living adjustment to extended employment program grants for supported employment, long-term employment, work activity, and work component services beginning July 1, 1993. The annual cost-of-living adjustment shall be a percentage amount equal to the percent increase, if any, in the consumer price index (CPT-V-US) city average as published by the Bureau of Labor Statistics, United States Department of Labor, during the last calendar year.

The commissioner shall from time to time during the fiscal year review the budgets and expenditures of the rehabilitation facilities and programs. If funds are not needed for the program to which they were allocated, the commissioner may, after reasonable notice and opportunity for hearing, withdraw such funds as are unencumbered and reallocate them to other programs. The commissioner may withdraw funds from any rehabilitation facility or program which is

not being administered in accordance with its approved plan and budget unless a modified plan and budget is submitted to and approved by the commissioner, and implemented within a reasonable time.

The commissioner shall also withdraw funds from a rehabilitation facility or program not being administered according to department rules, or not meeting mandatory standards for certification, unless a plan bringing the rehabilitation facility or program into compliance with the rules and standards is submitted to and approved by the commissioner and implemented within a reasonable time.

ARTICLE 4

HEALTH CARE

Section 1. Minnesota Statutes 1990, section 144A.071, is amended by adding a subdivision to read:

Subd. 3a. [CERTIFICATION OF LICENSED BEDS IN A CERTIFIED FACILITY.] Nothing in this section prohibits the commissioner of health from certifying licensed nursing home beds in a facility certified for medical assistance provided that these beds meet the certification requirements and the facility enters into a written agreement with the commissioner of human services specifying that medical assistance reimbursement shall not be requested for a greater number of residents than the facility had medical assistance certified beds on April 1, 1991.

Sec. 2. Minnesota Statutes 1990, section 246.64, subdivision 3, is amended to read:

Subd. 3. [RESPONSIBILITIES OF COMMISSIONER.] The commissioner shall credit all receipts from billings for rates set in subdivision 1, except those credited according to subdivision 2, to the chemical dependency fund. This money must not be used for a regional treatment center activity that is not a chemical dependency service or an allocation of expenditures that are included in the base for computation of the rates under subdivision 1. The commissioner may expand chemical dependency services so long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. The commissioner may expand or reduce chemical dependency staff complement as long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. ~~An increase or decrease in chemical dependency staff shall not result in an increase or decrease in staff in any facility or unit not providing chemical dependency services.~~ Notwithstanding chapters 176 and 268, the commissioner shall provide for the self-insurance of regional treatment center chemical dependency programs for the costs of unemployment compensation and workers' compensation claims. The commissioner shall provide a biennial report to the chairs of the senate finance subcommittee on health and human services, the house of representatives human services division of appropriations, and the senate and house of representatives health and human services committees.

Sec. 3. Minnesota Statutes 1990, section 252.46, subdivision 3, is amended to read:

Subd. 3. [RATE MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous

calendar year increased by no more than the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year. The commissioner shall not provide an annual inflation adjustment for the fiscal year ending June 30, 1993.

Sec. 4. Minnesota Statutes 1990, section 252.46, subdivision 6, is amended to read:

Subd. 6. [VARIANCES.] A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request with the recommended payment rates. The commissioner shall develop by October 1, 1989, a uniform format for submission of documentation for the variance requests. This format shall be used by each vendor requesting a variance. The form shall be developed by the commissioner and shall be reviewed by representatives of advocacy and provider groups and counties. A variance may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, and transportation. The county board shall review all vendors' payment rates that are ten or more than ten percent lower than the statewide median payment rates. If the county determines that the payment rates do not provide sufficient revenue to the vendor for authorized service delivery the county must recommend a variance under this section. When the county board contracts for increased services from any vendor for some or all individuals receiving services from the vendor, the county board shall review the vendor's payment rates to determine whether the increase requires that a variance to the minimum rates be recommended under this section to reflect the vendor's lower per unit fixed costs. The written variance request must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate.

(2) The proposed changes are required for the vendor to deliver authorized individual services in an effective and efficient manner.

(3) The proposed changes are necessary to demonstrate compliance with minimum licensing standards~~, or to provide community integrated and supported employment services after a change in the vendor's existing services has been approved as provided in section 252.28~~.

(4) The vendor documents that the changes cannot be achieved by reallocating current staff or by reallocating financial resources.

(5) The county board submits evidence that the need for additional staff cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(6) The county board submits a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(7) The county board's recommended payment rates do not exceed 125 percent of the current calendar year's statewide median payment rates.

The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Sec. 5. Minnesota Statutes 1990, section 252.46, subdivision 14, is amended to read:

Subd. 14. [PILOT STUDY.] The commissioner may initiate a pilot payment rate system under section 252.47. The pilot project may establish training and demonstration sites. The pilot payment rate system must include actual transfers of funds, not simulated transfers. The pilot payment rate system may involve ~~up to four counties and four~~ vendors representing different geographic regions and rates of reimbursement. Participation in the pilot project is voluntary. Selection of participants by the commissioner is based on the vendor's submission of a complete application form provided by the commissioner. The application must include letters of agreement from the host county, counties of financial responsibility, and residential service providers. Evaluation of the pilot project must include consideration of the effectiveness of procedures governing establishment of equitable payment rates. Implementation of the pilot payment rate system is contingent upon federal approval and systems feasibility. The policies and procedures governing administration, participation, evaluation, service utilization, and payment for services under the pilot payment rate system are not subject to the rulemaking requirements of chapter 14.

Sec. 6. Minnesota Statutes 1990, section 252.478, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT OF ~~PROGRAM~~ METRO TRANSPORTATION SUPPORT GRANTS.] The commissioner of human services shall establish and operate a metro transportation

support grants program to provide reimbursement for client transportation by metro mobility, or cost-effective alternatives, to day training and habilitation services for which client transportation is a required and funded component, and to maximize use of federal funds for this reimbursement. A metro transportation support grants account shall be established in the department of human services chart of accounts.

Sec. 7. Minnesota Statutes 1990, section 252.478, subdivision 3, is amended to read:

Subd. 3. [COUNTY SHARE.] The county share of the metro transportation support grants program costs will be distributed by the department to all metropolitan counties from the metro transportation support grants account. ~~For state fiscal year 1991, the funds transferred from the regional transit board to this account shall be distributed to: Ramsey county, 48 percent; Hennepin county, 46 percent; Dakota county, five percent; and Anoka county, one percent. For subsequent fiscal years, funds shall be distributed annually based on each county's percentage of total expenses incurred for trips provided on metro mobility to and from day training and habilitation services during the preceding 12-month period.~~ in amounts not to exceed those received by the counties and used for increased expenses incurred for trips provided on metro mobility during fiscal year 1991. Counties must recommend decreases to the payment rates for vendors whose transportation costs decrease with use of cost-effective alternatives. Counties should deposit these funds into the program accounts that will incur the transportation expenses.

Sec. 8. Minnesota Statutes 1990, section 254B.04, subdivision 1, is amended to read:

State money appropriated for this paragraph must be placed in a separate account established for this purpose.

(b) A person not entitled to services under paragraph (a), but with family income that is less than 60 percent of the state median income for a family of like size and composition, shall be eligible to receive chemical dependency fund services within the limit of funds available after persons entitled to services under paragraph (a) have been served. A county may spend money from its own sources to serve persons under this paragraph.

(c) Persons whose income is between 60 percent and 115 percent of the state median income shall be eligible for chemical dependency services on a sliding fee basis, within the limit of funds available, after persons entitled to services under paragraph (a) and persons eligible for services under paragraph (b) have been served. Persons eligible under this paragraph must contribute to the cost of services according to the sliding fee scale established under subdivision 3. A county may spend money from its own sources to provide services to persons under this paragraph. State money appropriated for paragraphs (b) and (c) must be placed in a separate account established for the purposes of paragraphs (b) and (c).

(d) Notwithstanding paragraphs (b) and (c), state money appropriated to serve persons who are not entitled to services under paragraph (a) must be expended for chemical dependency treatment services for persons who are eligible for services but not entitled to services under paragraph (a) and who have children in their household, are pregnant, or are younger than 19 years old. These persons may have household incomes up to 115 percent of the state median income. State money appropriated for this paragraph must be placed in a separate account established for this purpose. Any money in addition to the amounts necessary to serve the persons identified in this paragraph must be expended according to the provisions of paragraphs (b) and (c).

Sec. 9. Minnesota Statutes 1990, section 256.045, subdivision 10, is amended to read:

Subd. 10. [PAYMENTS PENDING APPEAL.] If the commissioner of human services or district court orders monthly assistance or aid or services paid or provided in any proceeding under this section, it shall be paid or provided pending appeal to the commissioner of human services, district court, court of appeals, or supreme court. The human services referee may order the local human services agency to reduce or terminate medical assistance or general assistance medical care to a recipient before a final order is issued under this section if: (1) the human services referee determines at the hearing that the sole issue on appeal is one of a change in state or federal law; and (2) the commissioner or the local agency notifies the recipient before the action. The state or county agency has a claim for food stamps ~~and~~, cash payments, medical assistance, and general assistance medical care made to or on behalf of a recipient or former recipient while an appeal is pending if the recipient or former recipient is determined ineligible for the food stamps ~~and~~, cash payments, medical assistance, or general assistance medical care as a result of the appeal, except for medical assistance and general assistance medical care made on behalf of a recipient pursuant to a court order.

Sec. 10. Minnesota Statutes 1990, section 256.936, is amended by adding a subdivision to read:

Subd. 5. [APPEALS.] If the commissioner suspends, reduces, or terminates eligibility for the children's health plan, or services provided under the children's health plan, the commissioner must provide notification according to the laws and rules governing the medical assistance program. A children's health plan applicant or enrollee aggrieved by a determination of the commissioner has the right to appeal the determination according to section 256.045.

Sec. 11. Minnesota Statutes 1990, section 256.9365, subdivision 1, is amended to read:

Subdivision 1. [PROGRAM ESTABLISHED.] The commissioner of human services shall establish a program to pay private health plan premiums for persons who have contracted human immunodeficiency virus (HIV) to enable them to continue coverage under a group or individual health plan. If a person is determined to be eligible under subdivision 2, the commissioner shall: (1) pay the eligible person's group plan ~~continuation coverage~~ premium for ~~18 months after termination of employment, or~~ the period of continuation coverage provided in the Consolidated Omnibus Budget Reconciliation Act of 1985; or (2) pay the eligible person's individual plan premium for 24 months ~~after initial application~~.

Sec. 12. Minnesota Statutes 1990, section 256.9365, subdivision 3, is amended to read:

Subd. 3. [RULES.] The commissioner shall establish rules as necessary to implement the program. Special requirements for the payment of individual plan premiums under subdivision 2, clause (5), must be designed to ensure that the state cost of paying an individual plan premium over a two-year period does not exceed the estimated state cost that would otherwise be incurred in the medical assistance or general assistance medical care program.

Sec. 13. Minnesota Statutes 1990, section 256.9685, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The medical assistance payment rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment.

Sec. 14. Minnesota Statutes 1990, section 256.9686, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] For purposes of this section and sections ~~256.9685,~~ 256.969, and 256.9695, the following terms and phrases have the meanings given.

Sec. 15. Minnesota Statutes 1990, section 256.9686, subdivision 6, is amended to read:

Subd. 6. [HOSPITAL.] "Hospital" means a facility licensed under sections 144.50 to 144.58 ~~or~~, an out-of-state facility licensed to provide acute care under the requirements of that state in which it is located, or an Indian health service facility designated to provide acute care by the federal government.

Sec. 16. Minnesota Statutes 1990, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index shall be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program for admissions occurring during the fiscal year ending June 30, 1993.

Sec. 17. Minnesota Statutes 1990, section 256.969, subdivision 2, is amended to read:

Subd. 2. [DIAGNOSTIC CATEGORIES.] The commissioner shall use to the extent possible existing diagnostic classification systems, including the system used by the Medicare program to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed ~~and shall not be determined on a hospital specific basis~~. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to

establish relative values. Relative value determinations shall not include property cost data, Medicare crossover data, and data ~~from the transferring hospital~~ on admissions that are paid a per day transfer ~~discharges, except data on transfer discharges with a burn diagnostic classification or data on transfer discharges for the patient's convenience that have been reported by the hospital to the commissioner by the October 1 preceding the~~ rate ~~year~~ under subdivision 13. The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may recategorize the diagnostic classifications and recalculate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period.

Sec. 18. Minnesota Statutes 1990, section 256.969, subdivision 2c, is amended to read:

Subd. 2c. [PROPERTY PAYMENT RATES.] For each hospital's first two consecutive fiscal years beginning on or after July 1, 1988, the commissioner shall limit the annual increase in property payment rates for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index derived from the methodology in effect on the day before July 1, 1989. When computing budgeted and settlement property payment rates, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc., consistent with the quarter of the hospital's fiscal year end. For admissions occurring on or after the rate year beginning January 1, 1991, the commissioner shall obtain property data from an updated base year and establish property payment rates per admission for each hospital. Property payment rates shall be derived from data from the same base year that is used to establish operating payment rates. The property information shall include cost categories not subject to the hospital cost index and shall reflect the cost-finding methods and allowable costs of the Medicare program ~~in effect during the base year~~. The base year property payment ~~rate per admission~~ rates shall be adjusted for ~~positive percentage change differences~~ increases in the ~~net book value of hospital~~ property ~~and equipment~~ cost by increasing the base year property payment rate ~~per admission~~ 85 percent of the percentage change from the base year through the ~~most recent~~ year ~~ending prior to the rate year~~ for which ~~required information is available~~ a Medicare cost report has been submitted to the Medicare program and filed with the department by the October 1 before the rate year. ~~The percentage change shall be derived from equivalent audited information in both years and shall be adjusted to account for changes in generally accepted accounting principles, reclassification of assets, allocations to nonhospital areas, and fiscal years.~~ The ~~cost, audit, and charge data used to establish~~ property rates shall

only reflect inpatient services covered by medical assistance ~~and shall not include operating cost information. To be eligible for the property payment rate per admission adjustment, the hospital must provide the necessary information to the commissioner, in a format specified by the commissioner, by the October 1 preceding the rate year.~~ The commissioner shall adjust rates for the rate year beginning January 1, 1991, to ensure that all hospitals are subject to the hospital cost index limitation for two complete years.

Sec. 19. Minnesota Statutes 1990, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. [PAYMENTS.] Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. To establish interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. The commissioner may selectively contract with hospitals for services within the diagnostic categories relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to use a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party and recipient liability, for ~~admissions~~ discharges occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation ~~is not applicable and~~ shall ~~not~~ be calculated ~~to include~~ separately for medical assistance and general assistance medical care services. The limitation on general assistance medical care shall be effective for admissions occurring on or after July 1, 1991. Services that have rates established under subdivision 6a, paragraph (a), clause (5) or (6), must be limited separately from other services. After consulting with the affected hospitals, the commissioner may consider related hospitals one entity and may merge the payment rates while maintaining separate provider numbers. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year. The rate setting data must reflect the admissions data used to establish relative values. Base year changes

from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

Sec. 20. Minnesota Statutes 1990, section 256.969, subdivision 6a, is amended to read:

Subd. 6a. [SPECIAL CONSIDERATIONS.] ~~(a)~~ In determining the payment rates, the commissioner shall consider whether the ~~following~~ circumstances in subdivisions 7 to 14 exist~~:~~.

~~(1)~~ Subd. 7. [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph, the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. ~~This paragraph shall be applied to all payment rates of the affected hospital.~~

~~(2)~~ Subd. 8. [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the ~~geometric~~ mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost ~~calculated by dividing the operating payment rate per admission~~, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment~~, by the arithmetic mean length of stay for the diagnostic category~~. The outlier threshold for neonatal and burn diagnostic

categories shall be established at one standard deviation beyond the ~~geometric~~ mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative ~~percentage~~ to the 70 percent outlier payment ~~to~~ that is at a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

~~(3)~~ Subd. 9. [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. ~~For admissions occurring on or after the rate year beginning January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.~~

~~(4)~~ Subd. 10. [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

For admissions occurring on or after July 1, 1991, and until the expiration date of section 256.9695, subdivision 3, services of certified registered nurse anesthetists provided on an inpatient basis may be paid as allowed by section 256B.0625, subdivision 11, when the hospital's base year did not include the cost of these services. To be eligible, a hospital must notify the commissioner in

writing by July 1, 1991, of the request and must comply with all other requirements of this subdivision.

~~(5)~~ Subd. 11. [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of ~~paragraph (7)~~ subdivision 13, except that rates shall not be standardized by the case mix index or adjusted by relative values and hospice rates shall not exceed the amount allowed under federal law ~~and payment shall be secondary to any other medical assistance hospice program~~. Rates and payments established under this ~~paragraph~~ subdivision must meet the requirements of section 256.9685, subdivisions 1 and 2~~, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6~~. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this ~~paragraph~~ subdivision shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, ~~3, 4, 5~~ 3a, 4a, 5a, and ~~6~~ 7 to 14.

~~(6)~~ Subd. 12. [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment, if allowed by federal law, established separately from other inpatient hospital services~~, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6~~. The commissioner may establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

~~(7)~~ Subd. 13. [NEONATAL TRANSFERS.] For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to ~~paragraph (8)~~ subdivision 14. The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal

patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. For admissions occurring after the transition period specified in section 256.9695, subdivision 3, the operating payment rate portion of the rate shall be standardized by the case mix index and adjusted by relative values. The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this ~~paragraph~~ subdivision shall not be used to establish ~~payments or relative values~~ rates under subdivisions 2, 2b, 2c, ~~3, 4, 5~~ 3a, 4a, 5a, and ~~6~~ 7 to 14.

~~(8)~~ Subd. 14. [TRANSFERS.] Except as provided in ~~paragraphs (5)~~ subdivisions 11 and ~~(7)~~ 13, operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined ~~in~~ under this subdivision and subdivisions 2, 2b ~~and~~, 2c, 3a, 4a, 5a, and 7 to 12, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under ~~paragraph (2) and~~ this subdivision and subdivisions 2, 2b ~~and~~, 2c, 3a, 4a, 5a, and 7 to 13.

~~(b)~~ Subd. 15. [ROUTINE SERVICE COST LIMITATION; APPLICABILITY.] The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

~~(c)~~ Subd. 16. [INDIAN HEALTH SERVICE FACILITIES.] Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at ~~the facility's usual and customary~~ charges ~~to the general public~~ as limited to the amount allowed under federal law. This exemption is not effective for payments under general assistance medical care.

~~(d)~~ Subd. 17. [OUT-OF-STATE HOSPITALS IN LOCAL TRADE AREAS.] ~~Except as provided in paragraph (a), clauses (1) and (3),~~ Out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. For this subdivision and subdivision 18, local trade area means a county contiguous to Minnesota. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this ~~paragraph~~ subdivision until required by rule. Hospitals affected

by this ~~paragraph~~ subdivision shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This ~~paragraph~~ subdivision is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this ~~paragraph~~ subdivision at least 90 days before the start of the hospital's fiscal year.

~~(e)~~ Subd. 18. [OUT-OF-STATE HOSPITALS OUTSIDE LOCAL TRADE AREAS.] Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this ~~paragraph~~ subdivision. Payments, including third party and recipient liability, established under this ~~paragraph~~ subdivision may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

~~(f)~~ Subd. 19. [METABOLIC DISORDER TESTING OF MEDICAL ASSISTANCE RECIPIENTS.] Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

~~(g)~~ Subd. 20. [INCREASES IN MEDICAL ASSISTANCE INPATIENT PAYMENTS; CONDITIONS.] (a) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

~~(h)~~ (b) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of

the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

~~(i)~~ Subd. 21. [MENTAL HEALTH OR CHEMICAL DEPENDENCY ADMISSIONS; RATES.] Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of ~~paragraph (a), clause (8)~~ subdivision 14, except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 21. Minnesota Statutes 1990, section 256.9695, subdivision 1, is amended to read:

Subdivision 1. [APPEALS.] A hospital may appeal a decision arising from the application of standards or methods under section 256.9685, 256.9686, or 256.969, if an appeal would result in a change to the hospital's payment rate or payments. Both overpayments and underpayments that result from the submission of appeals shall be implemented. Regardless of any appeal outcome, relative values shall not be recalculated. The appeal shall be heard by an administrative law judge according to sections ~~14.48~~ 14.57 to ~~14.56~~ 14.62, or upon agreement by both parties, according to a modified appeals procedure established by the commissioner and the office of administrative hearings. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect or not according to law.

(a) To appeal a payment rate or payment determination or a determination made from base year information, the hospital shall file a written appeal request to the commissioner within 60 days of the date the payment rate determination was mailed. The appeal request shall specify: (i) the disputed items; (ii) the authority in federal or state statute or rule upon which the hospital relies for each disputed item; and (iii) the name and address of the person to contact regarding the appeal. ~~A change to a payment rate or payments that results from a successful appeal to the Medicare program of the base year information establishing rates for the rate year beginning in 1991 and after is a prospective adjustment to subsequent rate years.~~ After December 31, 1990, payment rates shall not be adjusted for appeals of base year information that affect years prior to the rate year beginning January 1, 1991. Facts to be

considered in any appeal of base year information are limited to those in existence at the time the payment rates of the first rate year were established from the base year information. In the case of Medicare settled appeals, the 60-day appeal period shall begin on the mailing date of the notice by the Medicare program or the date the medical assistance payment rate determination notice is mailed, whichever is later.

(b) To appeal a payment rate or payment change that results from a difference in case mix between the base year and a rate year, the procedures and requirements of paragraph (a) apply. However, the appeal must be filed with the commissioner within 120 days after the end of a rate year. A case mix appeal must apply to the cost of services to all medical assistance patients that received inpatient services from the hospital during the rate year appealed.

Sec. 22. Minnesota Statutes 1990, section 256B.031, subdivision 4, is amended to read:

Subd. 4. [PREPAID HEALTH PLAN RATES.] For payments made during calendar year 1988, the monthly maximum allowable rate established by the commissioner of human services for payment to prepaid health plans must not exceed 90 percent of the projected average monthly per capita fee-for-service medical assistance costs for state fiscal year 1988 for recipients of aid to families with dependent children. The base year for projecting the average monthly per capita fee-for-service medical assistance costs is state fiscal year 1986. A maximum allowable per capita rate must be established collectively for Anoka, Carver, Dakota, Hennepin, Ramsey, St. Louis, Scott, and Washington counties. A separate maximum allowable per capita rate must be established collectively for all other counties. The maximum allowable per capita rate may be adjusted to reflect utilization differences among eligible classes of recipients. For payments made during calendar year 1989, the maximum allowable rate must be calculated in the same way as 1988 rates, except the base year is state fiscal year 1987. For payments made during calendar year 1990 and later years, the commissioner shall ~~contract~~ consult with an independent actuary ~~to establish~~ in establishing prepayment rates, but shall retain final control over the rate methodology. Rates established for prepaid health plans must be based on the services that the prepaid health plan provides under contract with the commissioner.

Sec. 23. Minnesota Statutes 1990, section 256B.031, is amended by adding a subdivision to read:

Subd. 11. [LIMITATION ON REIMBURSEMENT TO PROVIDERS NOT AFFILIATED WITH A PREPAID HEALTH PLAN.] A prepaid health plan may limit any reimbursement it may be required to pay to providers not employed by or under contract with the prepaid health plan to the medical assistance rates paid by the

commissioner of human services to providers for services to recipients not enrolled in a prepaid health plan.

Sec. 24. Minnesota Statutes 1990, section 256B.055, subdivision 10, is amended to read:

Subd. 10. [INFANTS.] Medical assistance may be paid for an infant less than one year of age ~~born on or after October 1, 1984~~, whose mother was eligible for and receiving medical assistance at the time of birth and who remains in the mother's household or who is in a family with countable income that is equal to or less than the income standard established under section 256B.057, subdivision 1. ~~Eligibility under this subdivision is concurrent with the mother's and does not depend on the father's income except as the income affects the mother's eligibility.~~

Sec. 25. Minnesota Statutes 1990, section 256B.055, subdivision 12, is amended to read:

Subd. 12. [DISABLED CHILDREN.] (a) A person is eligible for medical assistance if the person is under age 19 and qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance under the state plan if residing in a medical institution, and who requires a level of care provided in a hospital, skilled nursing facility, intermediate care facility, or intermediate care facility for persons with mental retardation or related conditions, for whom home care is appropriate, provided that the cost to medical assistance for home care services is not more than the amount that medical assistance would pay for appropriate institutional care.

(b) For purposes of this subdivision, "hospital" means an acute care institution as defined in section 144.696, subdivision 3, licensed pursuant to sections 144.50 to 144.58, which is appropriate if a person is technology dependent or has a chronic health condition which requires frequent intervention by a health care professional to avoid death.

(c) For purposes of this subdivision, "skilled nursing facility" and "intermediate care facility" means a facility which provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is in need of special treatments provided or supervised by a licensed nurse; or has unpredictable episodes of active disease processes requiring immediate judgment by a licensed nurse.

(d) For purposes of this subdivision, "intermediate care facility for the mentally retarded" or "ICF/MR" means a program licensed to provide services to persons with mental retardation under section 252.28, and chapter 245A, and a physical plant licensed as a

supervised living facility under chapter 144, which together are certified by the Minnesota department of health as meeting the standards in Code of Federal Regulations, title 42, part 483, for an intermediate care facility which provides services for persons with mental retardation or persons with related conditions who require 24-hour supervision and active treatment for medical, behavioral, or habilitation needs.

(e) For purposes of this subdivision, a person "requires a level of care provided in a hospital, skilled nursing facility, intermediate care facility, or intermediate care facility for persons with mental retardation or related conditions" if the person requires 24-hour supervision because the person exhibits suicidal or homicidal ideation or behavior, psychosomatic disorders or somatopsychic disorders that may become life threatening, severe socially unacceptable behavior associated with psychiatric disorder, psychosis or severe developmental problems requiring continuous skilled observation, or disabling symptoms that do not respond to office-centered outpatient treatment. The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by the case manager if the child has one, the parent or guardian, the child's physician or physicians or, if available, the screening information obtained under section 256B.092.

Sec. 26. Minnesota Statutes 1990, section 256B.057, subdivision 1, is amended to read:

Subdivision 1. [PREGNANT WOMEN AND INFANTS.] An infant less than one year of age or a pregnant woman who has written verification of a positive pregnancy test from a physician or licensed registered nurse, is eligible for medical assistance if countable family income is equal to or less than 185 percent of the federal poverty guideline for the same family size. Eligibility for a pregnant woman or infant less than one year of age under this subdivision must be determined without regard to asset standards established in section 256B.056, subdivision 3. ~~Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.~~ An infant born on or after January 1, 1991, to a woman who was eligible for and receiving medical assistance on the date of the child's birth shall continue to be eligible for medical assistance without redetermination until the child's first birthday, as long as the child remains in the woman's household.

Sec. 28. Minnesota Statutes 1990, section 256B.057, subdivision 3, is amended to read:

Subd. 3. [QUALIFIED MEDICARE BENEFICIARIES.] A person who is entitled to Part A Medicare benefits, whose income is equal to or less than 85 percent of the federal poverty guidelines, and whose assets are no more than twice the asset limit used to determine eligibility for the supplemental security income program, is eligible for medical assistance reimbursement of Part A and Part B premiums, Part A and Part B coinsurance and deductibles, and cost-effective premiums for enrollment with a health maintenance organization or a competitive medical plan under section 1876 of the Social Security Act. The income limit shall be increased to 90 percent of the federal poverty guidelines on January 1, 1990; and to ~~95~~ 100 percent on January 1, 1991; ~~and to 100 percent on January 1, 1992~~. Reimbursement of the Medicare coinsurance and deductibles, when added to the amount paid by Medicare, must not exceed the total rate the provider would have received for the same service or services if the person were a medical assistance recipient with Medicare coverage. ~~Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.~~ Increases in benefits under Title II of the Social Security Act shall not be counted as income for purposes of this subdivision until the first day of the second full month following publication of the change in the federal poverty guidelines.

Sec. 31. Minnesota Statutes 1990, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, the amount of his or her veteran's pension not exceeding $90 per month;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally-appointed guardian or conservator, five percent of the recipient's gross monthly income up to $100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only if the children resided with the institutionalized person immediately prior to admission;

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member; ~~and~~

(7) reparations payments made by the Federal Republic of Germany; and

(8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 32. Minnesota Statutes 1990, section 256B.0625, subdivision 4, is amended to read:

Subd. 4. [OUTPATIENT AND PHYSICIAN-DIRECTED CLINIC SERVICES.] Medical assistance covers outpatient hospital or physician-directed clinic services. The physician-directed clinic staff

shall include at least two physicians and all services shall be provided under the direct supervision of a physician. Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. ~~A second medical opinion is required before reimbursement for elective surgeries requiring a second opinion. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before reimbursement and the criteria and standards for deciding whether an elective surgery should require a second surgical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.001 to 14.69. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal.~~ "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section.

Sec. 33. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 4a. [SECOND MEDICAL OPINION FOR SURGERY.] Certain surgeries require a second medical opinion to confirm the necessity of the procedure, in order for reimbursement to be made. The commissioner shall publish in the State Register a list of surgeries that require a second medical opinion and the criteria and standards for deciding whether a surgery should require a second medical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.01 to 14.69. The commissioner's decision about whether a second medical opinion is required, made according to rules governing that decision, is not subject to administrative appeal.

Sec. 34. Minnesota Statutes 1990, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner shall designate a formulary committee to advise the commissioner on the

names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner ~~may~~ shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. Prior authorization may be required by the commissioner~~, with the consent of the drug formulary committee,~~ before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the ~~appropriate professional consultants under contract with or employed by the state agency,~~ drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand medically necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

Sec. 35. Minnesota Statutes 1990, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. [TRANSPORTATION COSTS.] (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this subdivision, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the provider receives and maintains a current physician's order by the recipient's attending physician. The commissioner shall establish maximum medical assistance reimbursement rates for special transportation services for persons who need a wheelchair lift van or stretcher-equipped vehicle and for those who do not need a wheelchair lift van or stretcher-equipped vehicle. The average of these two rates must not exceed $12.50 for the base rate and 80 cents per mile. Special transportation provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.

Sec. 36. Minnesota Statutes 1990, section 256B.0625, subdivision 19, is amended to read:

Subd. 19. [PERSONAL CARE ASSISTANTS.] Medical assistance covers personal care assistant services provided by an individual, not a relative, who is qualified to provide the services, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse. Payments to personal care assistants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies. The commissioner shall not provide an annual inflation adjustment for the fiscal year ending June 30, 1993.

Sec. 37. Minnesota Statutes 1990, section 256B.0625, subdivision 24, is amended to read:

Subd. 24. [OTHER MEDICAL OR REMEDIAL CARE.] Medical assistance covers any other medical or remedial care licensed and recognized under state law unless otherwise prohibited by law, except chiropractic services in excess of 18 visits per year, and except licensed chemical dependency treatment programs or primary treatment or extended care treatment units in hospitals that are covered under ~~Laws 1986, chapter 394, sections 8 to 20~~ chapter 254B. The commissioner shall include chemical dependency services in the state medical assistance plan for federal reporting purposes, but payment must be made under ~~Laws 1986, chapter 394, sections 8 to 20~~ chapter 254B. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before medical assistance reimbursement, and the criteria and standards for deciding whether an elective surgery should require a second medical opinion. The list and criteria and standards are not subject to the requirements of sections 14.01 to 14.69.

Sec. 38. Minnesota Statutes 1990, section 256B.0625, subdivision 25, is amended to read:

Subd. 25. [~~SECOND OPINION OR~~ PRIOR AUTHORIZATION REQUIRED.] The commissioner shall publish in the State Register a list of health services that require prior authorization, as well as the criteria and standards used to select health services on the list. The list and the criteria and standards used to formulate it are not subject to the requirements of sections 14.001 to 14.69. The commissioner's decision whether prior authorization is required for a health service ~~or a second medical opinion is required for an elective surgery~~ is not subject to administrative appeal.

Sec. 39. Minnesota Statutes 1990, section 256B.0625, subdivision 28, is amended to read:

Subd. 28. [CERTIFIED ~~PEDIATRIC OR FAMILY~~ NURSE PRACTITIONER SERVICES.] Medical assistance covers services performed by a certified pediatric nurse practitioner ~~or~~, a certified family nurse practitioner, a certified adult nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.

Sec. 40. Minnesota Statutes 1990, section 256B.0625, subdivision 30, is amended to read:

Subd. 30. [OTHER CLINIC SERVICES.] (a) Medical assistance covers rural health clinic services, federally qualified health center services, ~~and~~ nonprofit community health clinic services, public health clinic services, and the services of a clinic meeting the criteria established in rule by the commissioner. Rural health clinic services and federally qualified health center services mean services defined in United States Code, title 42, section 1396d(a)(2)(B) and (C). Payment for rural health clinic and federally qualified health center services shall be made according to applicable federal law and regulation.

(b) A federally qualified health center that is beginning initial operation shall submit an estimate of budgeted costs and visits for the initial reporting period in the form and detail required by the commissioner. A federally qualified health center that is already in operation shall submit an initial report using actual costs and visits for the initial reporting period. Within 90 days of the end of its reporting period, a federally qualified health center shall submit, in the form and detail required by the commissioner, a report of its operations, including allowable costs actually incurred for the period and the actual number of visits for services furnished during the period, and other information required by the commissioner.

Federally qualified health centers that file Medicare cost reports shall provide the commissioner with a copy of the most recent Medicare cost report filed with the Medicare program intermediary for the reporting year which support the costs claimed on their cost report to the state.

Sec. 41. Minnesota Statutes 1990, section 256B.08, is amended by adding a subdivision to read:

Subd. 3. [OUTREACH LOCATIONS.] The local agency must establish locations, other than those used to process applications for cash assistance, to receive and perform initial processing of applications for pregnant women and children who want medical assistance only. At a minimum, these locations must be in federally qualified health centers and in hospitals that receive disproportionate share adjustments under section 256.969, subdivision 8, except that hospitals located outside of this state that receive the disproportionate share adjustment are not included. Initial processing of the application need not include a final determination of eligibility. Local agencies shall designate a person or persons within the agency who will receive the applications taken at an outreach location and the local agency will be responsible for timely determination of eligibility.

Sec. 42. Minnesota Statutes 1990, section 256B.091, subdivision 8, is amended to read:

Subd. 8. [ALTERNATIVE CARE GRANTS.] (a) The commissioner shall provide funds to counties participating in the program to pay costs of providing alternative care to individuals screened under subdivision 4 and nursing home or boarding care home residents who request a screening.

(b) Prior to July of each year, the commissioner shall allocate state funds available for alternative care grants to each local agency.

(c) For fiscal year 1991 only, the appropriation shall be distributed as specified in paragraphs (1) and (2).

(1) Sufficient state funds shall be set aside for payment for unreimbursed services provided prior to April 1, 1990, as billed by each county by June 1, 1990.

(2) The remainder of the state funds available for alternative care grants must be allocated to each county in the same proportion as each county's share of the actual payments made plus claims submitted for services rendered in the base year. The base year for each county shall be either fiscal year 1989 or calendar year 1989, whichever period contains a larger total dollar amount of payments plus claims submitted for each county. To be counted in the alloca-

tion process, claims must be submitted by June 1, 1990. This allocation will include the state share for medical assistance recipients as well as the state share for those who would be eligible within 180 days after nursing home admission. No reallocation between counties will be made. The county agency shall not be reimbursed for services which exceed the county allocation. To receive reimbursement for persons who are eligible within 180 days, the county must submit invoices within 90 days following the month of service. The number of medical assistance waiver recipients which each county may serve is allocated according to the number of open medical assistance waiver cases on July 1, 1990. Additional recipients may be served with the approval of the commissioner. These additional recipients must be served within the county's allocation.

(d) The alternative care grant appropriation for fiscal years 1992 and beyond shall cover only individuals who would be eligible for medical assistance within 180 days after admission to a nursing home. The commissioner shall allocate state funds available for alternative care grants to each county agency. The allocation must be made as follows: the state funds available for alternative care grants, up to the amount of the previous year's allocation increased by the percentage for rates in Minnesota Rules, part 9505.2490, must be allocated to each county in the same proportion as the previous year's allocation. If the appropriation is less than the previous year's allocation plus inflation, it shall be prorated according to the county's share of the formula. Any funds appropriated in excess of the previous year's allocation plus inflation shall be allocated to county agencies by methodologies that target funds for programs designed to reduce premature nursing home placements and promote cost-effective alternatives to increasing nursing home beds and nursing home utilization. The additional allocation to counties will become part of the allocation base. No percentage inflationary increase based on Minnesota Rules, part 9505.2490, may be provided for the fiscal year ending June 30, 1993. The commissioner shall appoint a work group including county and senior representatives to assist in developing criteria for allocating funds which may include identifying special target populations, geographic areas, or projects. No reallocation between counties shall be made. The county agency shall not be reimbursed for services which exceed the county allocation. To receive reimbursement, the county must submit invoices within 90 days following the date of service. The number of medical assistance waiver recipients which a county may serve must be allocated according to the number of open medical assistance waiver cases on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(e) The commissioner is directed to conduct a review of the preadmission screening program and alternative care grant program including screening requirements, screening reimbursement,

program effectiveness, eligibility criteria for alternative care, accessibility to services, copayment and sliding fee issues, county utilization, rates for services, the payment system, funding and forecasting issues, administrative requirements, incentives for innovation, improved consistency with the community assistance for disabled individuals program and medical assistance home care services, and the allocation formula. In conducting this review, special attention should be given to ways to increase sliding fee collections and reduce or minimize administrative and program requirements and associated county costs. The commissioner shall appoint a work group including county and senior citizen representatives to assist in the program review. The commissioner must present a report on the findings of the review and recommendations for change to the legislature by February 15, 1991.

(f) Payment is available under this subdivision only for individuals (1) for whom the screening team would recommend nursing home or boarding care home admission, or continued stay if alternative care were not available; (2) who are receiving medical assistance or who would be eligible for medical assistance within 180 days of admission to a nursing home; (3) who need services that are not available at that time in the county through other public assistance; and (4) who are age 65 or older.

(g) The commissioner shall establish by rule, in accordance with chapter 14, procedures for determining limits on the rates for payment of approved services, including screenings, and submittal and approval of a biennial county plan for the administration of the preadmission screening and alternative care grants program.

(h) Grants may be used for payment of costs of providing care-related supplies, equipment, and the following services: adult foster care, adult day care, home health aide, homemaker, personal care, case management, and respite care. These services must be provided by a licensed health care provider, a home health service eligible for reimbursement under Titles XVIII and XIX of the federal Social Security Act, or by persons employed by or contracted with by the county board or the local welfare agency.

(i) The county agency shall ensure that a plan of care is established for each individual in accordance with subdivision 3, clause (e)(2), and that a client's service needs and eligibility is reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary and follow up services as necessary. The county agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program and shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among avail-

able qualified providers, both public and private. The county agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care grants program, including a minimum of 14 days written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection, and that the agency allowed potential providers an opportunity to be selected to contract with the county board. Grants to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

(j) The county must select providers for contracts or agreements using the following criteria and other criteria established by the county:

(1) the need for the particular services offered by the provider;

(2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;

(3) the geographic area to be served;

(4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;

(5) rates for each service and unit of service exclusive of county administrative costs;

(6) evaluation of services previously delivered by the provider; and

(7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

(k) The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

(l) The commissioner shall establish a sliding fee schedule for requiring payment for the cost of providing services under this subdivision to persons who are eligible for the services but who are not yet eligible for medical assistance. The sliding fee schedule is not subject to chapter 14 but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the sliding fee schedule in final forms.

(m) The commissioner shall apply for a waiver for federal financial participation to expand the availability of services under this subdivision. Waivered services provided to medical assistance recipients must comply with the same criteria as defined in this section and in the approved waiver. Reimbursement for the medical assistance recipients shall be made from the regular medical assistance account. The commissioner shall provide grants to counties from the nonfederal share, unless the commissioner obtains a federal waiver for medical assistance payments, of medical assistance appropriations. A county agency may use grant money to supplement but not supplant services available through other public assistance or service programs and shall not use grant money to establish new programs for which public money is available through sources other than grants provided under this subdivision. A county agency shall not use grant money to provide care under this subdivision to an individual if the anticipated cost of providing this care would exceed the average payment, as determined by the commissioner, for the level of care that the recipient would receive if placed in a nursing home or boarding care home. The nonfederal share may be used to pay up to 90 percent of the start-up and service delivery costs of providing care under this subdivision. The state share of the nonfederal portion of costs shall be 90 percent and the county share shall be ten percent. Each county agency that receives a grant shall pay ten percent of the costs for persons who are eligible for the services but who are not yet eligible for medical assistance.

(n) Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on, for individuals who are receiving medical assistance.

(o) Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(p) The commissioner shall promulgate emergency rules in accordance with sections 14.29 to 14.36, to establish required documentation and reporting of care delivered.

Sec. 43. Minnesota Statutes 1990, section 256B.19, subdivision 1, is amended to read:

Subdivision 1. [DIVISION OF COST.] The ~~cost~~ state and county share of medical assistance ~~paid by each county of financial responsibility~~ costs not paid by federal funds shall be ~~borne~~ as follows:

(1) ninety percent ~~of the expense of assistance not paid by federal funds available for that purpose shall be paid by the~~ state funds and

ten percent ~~shall be paid by the~~ county ~~of financial responsibility~~ funds, unless otherwise provided below;

(2) beginning January 1, 1992, zero percent state funds and 100 percent county funds for the cost of placement of severely emotionally disturbed children in regional treatment centers.

For counties that participate in a Medicaid demonstration project under sections 256B.69 and 256B.71, the division of the nonfederal share of medical assistance expenses for payments made to prepaid health plans or for payments made to health maintenance organizations in the form of prepaid capitation payments, this division of medical assistance expenses shall be 95 percent by the state and five percent by the county of financial responsibility.

~~Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.~~

In counties where prepaid health plans are under contract to the commissioner to provide services to medical assistance recipients, the cost of court ordered treatment ordered without consulting the prepaid health plan that does not include diagnostic evaluation, recommendation, and referral for treatment by the prepaid health plan is the responsibility of the county of financial responsibility.

Sec. 44. Minnesota Statutes 1990, section 256B.19, is amended by adding a subdivision to read:

Subd. 1a. [STATE REIMBURSEMENT OF COUNTIES.] Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on and after January 1, 1991, except for costs described in subdivision 1, clause (2). Payment to counties under this subdivision is subject to the provisions of section 256.017.

Sec. 45. Minnesota Statutes 1990, section 256B.19, is amended by adding a subdivision to read:

Subd. 2c. [OBLIGATION OF LOCAL AGENCY TO INVESTIGATE AND DETERMINE ELIGIBILITY FOR MEDICAL ASSISTANCE.] (a) When the commissioner receives information that indicates that a general assistance medical care recipient or children's health plan enrollee may be eligible for medical assistance, the commissioner may notify the appropriate local agency of that fact. The local agency must investigate eligibility for medical assistance and take appropriate action and notify the commissioner of that action within 90 days from the date notice is issued. If the

person is eligible for medical assistance, the local agency must find eligibility retroactively to the date on which the person met all eligibility requirements.

(b) When a prepaid health plan under a contract with the state to provide medical assistance services notifies the commissioner that an infant has been or will be born to an enrollee under the contract, the commissioner may notify the appropriate local agency of that fact. The local agency must investigate eligibility for medical assistance for the infant, take appropriate action, and notify the commissioner of that action within 90 days from the date notice is issued. If the infant would have been eligible on the date of birth, the local agency must establish eligibility retroactively to that month.

(c) For general assistance medical care recipients and children's health plan enrollees, if the local agency fails to comply with paragraph (a), the local agency is responsible for the entire cost of general assistance medical care or children's health plan services provided from the date the commissioner issues the notice until the date the local agency takes appropriate action on the case and notifies the commissioner of the action. For infants, if the local agency fails to comply with paragraph (b), the commissioner may determine eligibility for medical assistance for the infant for a period of two months, and the local agency shall be responsible for the entire cost of medical assistance services provided for that infant, in addition to a fee of $100 for processing the case. The commissioner shall deduct any obligation incurred under this paragraph from the amount due to the local agency under subdivision 1.

Sec. 46. Minnesota Statutes 1990, section 256B.431, subdivision 2l, is amended to read:

The commissioner of human services shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year.

(b) For rate years beginning on or after July 1, 1992, the commissioner shall index the prior year's operating cost limits by the percentage change in the Data Resources Inc. Nursing home Market Basket between the midpoint of the current report year and the midpoint of the previous report year. The commissioner of human services shall use the indices as forecasted by Data Resources Inc., in the fourth quarter of the calendar year preceding the rate year.

Sec. 47. Minnesota Statutes 1990, section 256B.431, subdivision 3e, is amended to read:

Subd. 3e. [HOSPITAL-ATTACHED CONVALESCENT AND NURSING CARE FACILITIES.] If a nonprofit or community-operated hospital and attached convalescent and nursing care facility suspend operation of the hospital, the surviving nursing care facility must be allowed to continue its status as a hospital-attached convalescent and nursing care facility for reimbursement purposes in three subsequent rate years. A community-operated hospital and attached convalescent and nursing care facility with 40 beds as of April 21, 1991, that suspended operation of the hospital in April 1986, may continue its status as a hospital-attached convalescent and nursing care facility for reimbursement purposes, for rate years beginning on or after July 1, 1991, provided that group 3 limits are used for purposes of determining any efficiency incentive.

Sec. 48. Minnesota Statutes 1990, section 256B.431, subdivision 3f, is amended to read:

Subd. 3f. [PROPERTY COSTS AFTER JULY 1, 1988.] (a) [INVESTMENT PER BED LIMIT.] For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be $32,571 per licensed bed in multiple bedrooms and $48,857 per licensed bed in a single bedroom. For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be $49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1990, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1991, the replacement-cost-new per bed limits will be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1), except that the index utilized will be the Bureau of the Census: Composite fixed-weighted price index as published in the Survey of Current Business.

(b) [RENTAL FACTOR.] For the rate year beginning July 1, 1988, the commissioner shall increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8, item A, by 6.2 percent rounded to the nearest 100th percent for the purpose of reimbursing nursing homes for soft costs and entrepreneurial profits not included in the cost valuation services used by the state's contracted appraisers. For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this paragraph for the rate year beginning July 1, 1988.

(c) [OCCUPANCY FACTOR.] For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing homes except those whose average length of stay in a skilled level of care

For a nursing home whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use the greater of resident days or 80 percent of capacity days but in no event shall the divisor exceed 95 percent of capacity days.

(d) [EQUIPMENT ALLOWANCE.] For rate years beginning on July 1, 1988, and July 1, 1989, the commissioner shall add ten cents per resident per day to each nursing home's property-related payment rate. The ten-cent property-related payment rate increase is not cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the commissioner shall increase each nursing home's equipment allowance as established in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day. For rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E.

(e) [POST CHAPTER 199 RELATED-ORGANIZATION DEBTS AND INTEREST EXPENSE.] For rate years beginning on or after July 1, 1990, Minnesota Rules, part 9549.0060, subpart 5, item E, shall not apply to outstanding related organization debt incurred prior to May 23, 1983, provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010 to 9510.0480, the debt is subject to repayment through annual principal payments, and the nursing home demonstrates to the commissioner's satisfaction that the interest rate on the debt was less than market interest rates for similar arms-length transactions at the time the debt was incurred. If the debt was incurred due to a sale between family members, the nursing home must also demonstrate that the seller no longer participates in the management or operation of the nursing home. Debts meeting the conditions of this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010 to 9549.0080.

(f) [BUILDING CAPITAL ALLOWANCE FOR NURSING HOMES WITH OPERATING LEASES.] For rate years beginning on or after July 1, 1990, a nursing home with operating lease costs incurred for the nursing home's buildings shall receive its building capital allowance computed in accordance with Minnesota Rules, part 9549.0060, subpart 8.

Sec. 49. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 3k. Sec. 50. Minnesota Statutes 1990, section 256B.49, is amended by adding a subdivision to read:

Subd. 4. [INFLATION ADJUSTMENT.] For the fiscal year ending June 30, 1993, the commissioner of human services shall not provide an annual inflation adjustment for home and community-based waivered services.

Sec. 51. Minnesota Statutes 1990, section 256B.50, subdivision 1d, is amended to read:

Subd. 1d. [EXPEDITED APPEAL REVIEW PROCESS.] (a) Within 120 days of the date an appeal is due according to subdivision 1b, the department shall review an appealed adjustment equal to or less than $100 annually per licensed bed of the provider, make a determination concerning the adjustment, and notify the provider of the determination. Except as allowed in paragraph (g), this review does not apply to an appeal of an adjustment made to, or proposed on, an amount already paid to the provider. In this subdivision, an adjustment is each separate disallowance, allocation, or adjustment of a cost item or part of a cost item as submitted by a provider according to forms required by the commissioner.

(b) For an item on which the provider disagrees with the results of the determination of the department made under paragraph (a), the provider may, within 60 days of the date of the review notice, file with both the office of administrative hearings and the department its written argument and documents, information, or affidavits in support of its appeal. If the provider fails to make ~~a submission~~ timely submissions in accordance with this paragraph, the department's determinations on the disputed items must be upheld.

(c) Within 60 days of the date the department received the provider's submission under paragraph (b), the department may file with the office of administrative hearings and serve upon the provider its written argument and documents, information, and affidavits in support of its determination. If the department fails to make a submission in accordance with this paragraph, the administrative law judge shall proceed pursuant to paragraph (d) based on the provider's submission.

(d) Upon receipt by the office of administrative hearings of the department's submission made under paragraph (c) or upon the expiration of the 60-day filing period, whichever is earlier, the chief administrative law judge shall assign the matter to an administrative law judge. The administrative law judge shall consider the submissions of the parties and all relevant rules, statutes, and case law. The administrative law judge may request additional argument from the parties if it is deemed necessary to reach a final decision, but shall not allow witnesses to be presented or discovery to be made in the proceeding. Within 60 days of receipt by the office of

administrative hearings of the department's submission or the expiration of the 60-day filing period in paragraph (c), whichever is earlier, the administrative law judge shall make a final decision on the items in issue, and shall notify the provider and the department by first-class mail of the decision on each item. The decision of the administrative law judge is the final administrative decision, is not appealable, and does not create legal precedent, except that the department may make an adjustment contrary to the decision of the administrative law judge based upon a subsequent cost report amendment or field audit that reveals information relating to the adjustment that was not known to the department at the time of the final decision.

(e) For a disputed item otherwise subject to the review set forth in this subdivision, the department and the provider may mutually agree to bypass the expedited review process and proceed to a contested case hearing at any time prior to the time for the department's submission under paragraph (c).

(f) When the department determines that ~~the appeals of two or more providers otherwise~~ an appeal item subject to the review set forth in this subdivision ~~present~~ presents the same or substantially the same adjustment~~,~~ presented in another appeal filed pursuant to this chapter, the department may remove the disputed items from the review in this subdivision, and the disputed items shall proceed in accordance with subdivision 1c. The department's decision to remove the appealed adjustments to contested case proceeding is final and is not reviewable.

(g) For a disputed item otherwise subject to the review in this subdivision, the department or a provider may petition the chief administrative law judge to issue an order allowing the petitioning party to bypass the expedited review process. If the petition is granted, the disputed item must proceed in accordance with subdivision 1c. In making the determination, the chief administrative law judge shall consider the potential impact and precedential and monetary value of the disputed item. A petition for removal to contested case hearing must be filed with the chief administrative law judge and the opposing party on or before the date on which its submission is due under paragraph (b) or (c). Within 20 days of receipt of the petition, the opposing party may submit its argument opposing the petition. Within 20 days of receipt of the argument opposing the petition, or if no argument is received, within 20 days of the date on which the argument was due, the chief administrative law judge shall issue a decision granting or denying the petition. If the petition is denied, the petitioning party has 60 days from the date of the denial to make a submission under paragraph (b) or (c).

(h) The department and a provider may mutually agree to use the procedures set forth in this subdivision for any disputed item not otherwise subject to this subdivision.

(i) Nothing shall prevent either party from making its submissions and arguments under this subdivision through a person who is not an attorney.

(j) This subdivision applies to all appeals for rate years beginning after June 30, 1988.

Sec. 52. Minnesota Statutes 1990, section 256B.501, subdivision 3g, is amended to read:

Subd. 3g. [ASSESSMENT OF RESIDENTS.] For rate years beginning on or after October 1, ~~1990~~ 1993, the commissioner shall establish program operating cost rates for care of residents in facilities that take into consideration service characteristics of residents in those facilities. To establish the service characteristics of residents, the quality assurance and review teams in the department of health shall assess all residents annually beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the client's behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. The commissioner may adjust the program operating cost rates of facilities based on a comparison of client service characteristics, resource needs, and costs. The commissioner may adjust a facility's payment rate during the rate year when accumulated changes in the facility's average service units exceed the minimums established in the rules required by subdivision 3j.

Each facility's interdisciplinary team shall continue to assess each new admission to the facility. The quality assurance and review teams in the department of health shall continue to assess all residents annually. The quality assurance and review teams and the interdisciplinary team shall assess all residents using a uniform assessment instrument developed by the commissioner and the ICF/MR reimbursement and quality assurance and review manual. Beginning with the reporting year which ends December 31, 1991, the commissioner shall annually collect client statistical data based on assessments performed by the quality assurance and review teams and by the interdisciplinary team on annual cost reports submitted by the facility and may use this data in the calculation of program operating costs payment rates after October 1, 1993.

Sec. 53. Minnesota Statutes 1990, section 256B.501, subdivision 8, is amended to read:

Subd. 8. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS.] The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the commissioner for medical assistance reimbursement for very dependent persons with special needs in an amount in excess of the rates

allowed pursuant to subdivisions 2 and 4, including rates established under section 252.46 when they apply to services provided to residents of intermediate care facilities for persons with mental retardation or related conditions, and procedures to be followed for rate limitation exemptions for intermediate care facilities for persons with mental retardation or related conditions. No excess payment ~~or limitation exemption~~ approved by the commissioner after June 30, 1991, shall be authorized unless ~~the need for the service is documented in the individual service plan of the person or persons to be served, the type and duration of the services needed are stated, and there is a basis for estimated cost of the services.~~:

(1) the need for specific level of service is documented in the individual service plan of the person to be served;

(2) the level of service needed can be provided within the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, without a rate exception within 12 months;

(3) staff hours beyond those available under the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, necessary to deliver services do not exceed 720 hours within six months;

(4) there is a basis for the estimated cost of services;

(5) the provider requesting the exception documents that current per diem rates are insufficient to support needed services;

(6) estimated costs, when added to the costs of current medical assistance-funded residential and day training and habilitation services and calculated as a per diem, do not exceed the per diem established for the regional treatment centers for persons with mental retardation and related conditions on July 1, 1990, indexed annually by the urban consumer price index, all items, published by the United States Department of Labor, for the next fiscal year over the current fiscal year;

(7) any contingencies for an approval as outlined in writing by the commissioner are met; and

(8) any commissioner orders for use of preferred providers are met.

The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits.

The commissioner may terminate the rate exception at any time under any of the conditions outlined in Minnesota Rules, part 9510.1120, subpart 3, for county termination, or by reason of information obtained through program and fiscal audits which

indicate the criteria outlined in this subdivision have not been, or are no longer being, met. The commissioner may approve no more than two consecutive six-month rate exceptions for an eligible client whose first application for funding occurs after June 30, 1991.

Sec. 54. Minnesota Statutes 1990, section 256B.501, subdivision 11, is amended to read:

Subd. 11. [INVESTMENT PER BED LIMITS, INTEREST EXPENSE LIMITATIONS, AND ARMS-LENGTH LEASES.] (a) The provisions of Minnesota Rules, part 9553.0075, except as modified under this subdivision, shall apply to newly constructed or established facilities that are certified for medical assistance on or after May 1, 1990.

(b) For purposes of establishing payment rates under this subdivision and Minnesota Rules, parts 9553.0010 to 9553.0080, the term "newly constructed or newly established" means a facility (1) for which a need determination has been approved by the commissioner under sections 252.28 and 252.291; (2) whose program is newly licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, and certified under Code of Federal Regulations, title 42, section 442.400, et seq.; and (3) that is part of a proposal that meets the requirements of section 252.291, subdivision 2, paragraph (2). The term does not include a facility for which a need determination was granted solely for other reasons such as the relocation of a facility; a change in the facility's name, program, number of beds, type of beds, or ownership; or the sale of a facility, unless the relocation of a facility to one or more service sites is the result of a closure of a facility under section 252.292, in which case clause (3) shall not apply. The term does include a facility that converts more than 50 percent of its licensed beds from class A to class B residential or class B institutional to serve persons discharged from state regional treatment centers on or after May 1, 1990, in which case clause (3) does not apply.

(c) Newly constructed or newly established facilities that are certified for medical assistance on or after May 1, 1990, shall be allowed the capital asset investment per bed limits as provided in clauses (1) to (4).

(1) The 1990 calendar year investment per bed limit for a facility's land must not exceed $5,700 per bed for newly constructed or newly established facilities in Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, Carver, Chisago, Isanti, Wright, Benton, Sherburne, Stearns, St. Louis, Clay, and Olmsted counties, and must not exceed $3,000 per bed for newly constructed or newly established facilities in other counties.

(2) The 1990 calendar year investment per bed limit for a facility's

depreciable capital assets must not exceed $44,800 for class B residential beds, and $45,200 for class B institutional beds.

(3) The investment per bed limit in clause (2) must not be used in determining the three-year average percentage increase adjustment in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (4), for facilities that were newly constructed or newly established before May 1, 1990.

(4) The investment per bed limits in clause (2) and Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2) shall be adjusted annually beginning January 1, 1991, and each January 1 following, as provided in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2), except that the index utilized will be the Bureau of the Census: Composite fixed-weighted price index as published in the Survey of Current Business.

(d) A newly constructed or newly established facility's interest expense limitation as provided for in Minnesota Rules, part 9553.0060, subpart 3, item F, on capital debt for capital assets acquired during the interim or settle-up period, shall be increased by 2.5 percentage points for each full .25 percentage points that the facility's interest rate on its mortgage is below the maximum interest rate as established in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2). For all following rate periods, the interest expense limitation on capital debt in Minnesota Rules, part 9553.0060, subpart 3, item F, shall apply to the facility's capital assets acquired, leased, or constructed after the interim or settle-up period. If a newly constructed or newly established facility is acquired by the state, the limitations of this paragraph and Minnesota Rules, part 9553.0060, subpart 3, item F, shall not apply.

(e) If a newly constructed or newly established facility is leased with an arms-length lease as provided for in Minnesota Rules, part 9553.0060, subpart 7, the lease agreement shall be subject to the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value of the lease must not exceed the lesser of the interest rate limitation in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2), or 16 percent; and

(3) the residual value used in determining the net present value of the lease must be established using the provisions of Minnesota Rules, part 9553.0060.

(f) All leases of the physical plant of an intermediate care facility

for the mentally retarded shall contain a clause that requires the owner to give the commissioner notice of any requests or orders to vacate the premises 90 days before such vacation of the premises is to take place. In the case of unlawful detainer actions, the owner shall notify the commissioner within three days of notice of an unlawful detainer action being served upon the tenant. The only exception to this notice requirement is in the case of emergencies where immediate vacation of the premises is necessary to assure the safety and welfare of the residents. In such an emergency situation, the owner shall give the commissioner notice of the request to vacate at the time the owner of the property is aware that the vacating of the premises is necessary. This section applies to all leases entered into after May 1, 1990. Rentals set in leases entered into after that date that do not contain this clause are not allowable costs for purposes of medical assistance reimbursement.

(g) A newly constructed or newly established facility's preopening costs are subject to the provisions of Minnesota Rules, part 9553.0035, subpart 12, and must be limited to only those costs incurred during one of the following periods, whichever is shorter:

(1) between the date the commissioner approves the facility's need determination and 30 days before the date the facility is certified for medical assistance; or

(2) the 12-month period immediately preceding the 30 days before the date the facility is certified for medical assistance.

(h) The development of any newly constructed or newly established facility as defined in this subdivision and projected to be operational after July 1, 1991, by the commissioner of human services shall be delayed until July 1, 1993, except for those facilities authorized by the commissioner as a result of a closure of a facility according to section 252.292 prior to January 1, 1991, or those facilities developed as a result of a receivership of a facility according to section 245A.12. This paragraph does not apply to state-operated community facilities authorized in section 252.50.

Sec. 55. Minnesota Statutes 1990, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is age 18 or older and who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051 ~~and is not eligible for medical assistance under chapter 256B~~

~~including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5~~; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of $1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of $30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first $50 of earned income is not allowed; or

(3) ~~who is over age 18 and~~ who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care ~~may be paid for a person, regardless of age, who~~ is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, ~~if~~ and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants

or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

Sec. 56. Minnesota Statutes 1990, section 256D.03, subdivision 4, is amended to read:

(11) medical transportation~~,~~;

(12) chiropractic services as covered under the medical assistance program~~,~~;

(13) podiatric services~~, and~~;

(14) dental ~~care. In addition, payments of state aid shall be made for:~~ services;

~~(1)~~ (15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;

~~(2)~~ (16) day treatment services for mental illness provided under contract with the county board;

~~(3)~~ (17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;

~~(4)~~ (18) case management services for a person with serious and persistent mental illness ~~who would be eligible for medical assistance except that the person resides in an institution for mental diseases~~;

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

~~(b)~~ (c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall ~~contract~~ consult with an independent actuary ~~to establish~~ in establishing prepayment rates, but shall retain final control over the rate methodology.

~~(c)~~ (d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical

dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

~~(d)~~ (e) Any county may, from its own resources, provide medical payments for which state payments are not made.

~~(e)~~ (f) Chemical dependency services that are reimbursed under ~~Laws 1986, chapter 394, sections 8 to 20,~~ chapter 254B must not be reimbursed under general assistance medical care.

~~(f)~~ (g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

Sec. 57. Minnesota Statutes 1990, section 256D.06, subdivision 1b, is amended to read:

Subd. 1b. [EARNED INCOME SAVINGS ACCOUNT.] In addition to the $50 disregard required under subdivision 1, the county agency shall disregard an additional earned income up to a maximum of $150 per month for persons residing in a negotiated rate residence, as that term is defined in section 256I.03, subdivision 2, or in facilities licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and 9530.2500 to 9530.4000, and for whom discharge and work are part of a treatment plan and for persons living in supervised apartments with services funded under Minnesota Rules, parts 9535.0100 to 9535.1600, and for whom discharge and work are part of a treatment plan and for persons residing in a negotiated rate residence, as that term is defined in section 256I.03, subdivision 3, who are receiving advocacy and support services for the purpose of independent living. The additional amount disregarded must be placed in a separate savings account by the eligible individual, to be used upon discharge from the residential facility into the community. A maximum of $1,000, including interest, of the money in the savings account must be excluded from the resource limits established by section 256D.08, subdivision 1, clause (1). Amounts in that account in excess of $1,000 must be applied to the resident's cost of care. If excluded money is removed from the savings account by the eligible individual at any time before the individual is discharged from the facility into the community, the money is income to the individual in the month of receipt and a resource in subsequent months. If an eligible individual moves from a community facility to an inpatient hospital setting, the separate savings account is an excluded asset for up to 18 months. During that time, amounts that accumulate in excess of the $1,000 savings limit must be applied to the patient's cost of care. If the patient continues to be hospitalized at the conclusion of the 18-month period, the entire account must be applied to the patient's cost of care.

Sec. 58. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 1a. [LOWER MAXIMUM RATE.] The maximum monthly rate for a general assistance or Minnesota supplemental aid nego-

tiated rate residence that enters into an initial negotiated rate agreement with a county agency on or after June 1, 1989, may not exceed 90 percent of the maximum rate established under subdivision 1. This is effective until June 30, 1993, or until the statewide system authorized under subdivision 6 is established, whichever occurs first.

Sec. 59. Minnesota Statutes 1990, section 256I.05, subdivision 2, is amended to read:

Subd. 2. [MONTHLY RATES; EXEMPTIONS.] (a) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690. For residences in this clause that have less than five percent of their licensed boarding care capacity reimbursed by the medical assistance program, rate increases shall be provided according to section 256B.431, subdivision 4, paragraph (c).

(b) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a negotiated rate residence under general assistance or Minnesota supplemental aid. Rate increases for these residences are subject to the provisions of subdivision 7.

(c) ~~The following residences are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner:~~

~~(1) a residence that is not certified to participate in the medical assistance program, that was licensed as a boarding care facility by March 1, 1985, and does not receive supplemental program funding under Minnesota Rules, parts 9535.2000 to 9535.3000 or 9553.0010 to 9553.0080;~~

~~(2)~~ The maximum negotiated rate does not apply to a residence certified to participate in the medical assistance program, licensed as a boarding care facility or a nursing home, and declared to be an institution for mental disease by January 1, 1989. Effective January 1, 1989, the ~~actual documented cost~~ rate for these residences is the individual's appropriate medical assistance case mix rate ~~until the commissioner develops a comprehensive system of rates and payments for persons in all negotiated rate residences~~. The exclusion from the rate limit for residences under this clause ~~expires July 1, 1991~~ continues until June 30, 1992. The commissioner of human services, in consultation with the counties in which these residences

are located, shall review the status of each certified nursing home and board and care facility declared to be an institution for mental disease. This review shall include the cost effectiveness of continued payment for residents through general assistance or Minnesota supplemental aid; the appropriateness of placement of general assistance or supplemental aid clients in these facilities; the effects of Public Law Number 100-203 on these facilities; and the role of these facilities in the mental health service delivery system. The commissioner shall make recommendations to the legislature by January 1, 1990, regarding the need to continue the exclusion of these facilities from the negotiated rate maximum and the future role of these facilities in serving persons with mental illness.

(d) The commissioner of human services shall take the following action in relation to certified boarding care facilities and nursing homes that have been declared institutions for mental diseases, excluding those facilities exempt under paragraph (a):

(1) All mental health and placement screenings and diagnostic assessments required under the federal Omnibus Budget Reconciliation Act (OBRA) must be completed by July 1, 1991, for all residents in institutions for mental diseases admitted before June 1, 1991. Residents determined to need relocation under the preadmission screening and annual resident review must be relocated to a more appropriate placement in accordance with the timelines established in the state's alternative disposition plan.

(2) By October 1, 1991, all institutions for mental diseases must be reviewed again by the commissioner to determine if they are still institutions for mental diseases, and the commissioner shall immediately revoke a declaration that a facility is an institution for mental diseases if the commissioner determines that the facility is not an institution for mental diseases.

(3) The commissioner shall provide to institutions for mental diseases training in the criteria used in assessing residents for determination of institutions for mental diseases status and the numbers of residents in each category.

(4) For facilities whose status as an institution for mental diseases is not revoked by the commissioner by October 1, 1991, a facility-specific plan must be developed by the commissioner and the facility, in consultation with the appropriate consumer groups, to offer alternative services to enough residents by July 1, 1992, to allow the commissioner to revoke the facility's status as an institution for mental diseases.

Sec. 60. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 7a. [RATE INCREASES FOR THE 1993 FISCAL YEAR.]

For the fiscal year ending June 30, 1993, no inflationary increase shall be provided in rates for negotiated rate settings under subdivision 7.

Sec. 61. [*DEMONSTRATION PROJECTS.*]

The commissioner shall demonstrate the development of family foster care services for persons with developmental disabilities in order to achieve regional treatment center census reduction or to develop alternative placements for persons inappropriately placed in nursing homes. For all persons participating in this demonstration that receive services funded by the enhanced waivered services fund, the costs of waivered services shall not exceed an average of $120 per person per day in fiscal year 1993.

The commissioner shall demonstrate a family choice option for 100 persons with developmental disabilities and their families in fiscal year 1992 and for 200 persons and their families in fiscal year 1993. For all persons authorized by the commissioner to receive services under the family choice option, the cost of services funded by the Title XIX home- and community-based waiver are limited to an average of $35 per person per day in fiscal year 1992 with annual cost adjustments as authorized by the legislature.

Sec. 7. Minnesota Statutes 1990, section 256.031, is amended to read:

256.031 [MINNESOTA FAMILY INVESTMENT PLAN.]

Subdivision 1. [CITATION.] Sections 256.031 to ~~256.036~~ 256.0361 may be cited as the Minnesota family investment plan.

Subd. 2. [LEGISLATIVE FINDINGS.] The legislature recognizes the need to fundamentally change the way government supports families. The legislature finds that many features of the current system of public assistance do not help families carry out their two basic functions: the economic support of the family unit and the care and nurturing of children. The legislature recognizes that the Minnesota family investment plan is an investment strategy that will support and strengthen the family's social and financial functions. This investment in families will provide long-term benefits through stronger and more independent families.

Subd. 3. [AUTHORIZATION FOR THE DEMONSTRATION.] (a) The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, and the ~~directors~~ director of the higher education coordinating board ~~and the office of jobs policy~~, is authorized to proceed with the planning and designing of the Minnesota family investment plan and to implement the plan to test policies, methods, and cost impact on an experimental basis by using field trials. The commissioner, under the authority in section 256.01, subdivision 2, shall implement the plan according to sections 256.031 to ~~256.033 describe the basic principles of the program. Sections 256.034 to 256.036 provide a basis for congressional action. Using sections 256.031 to 256.036, the commissioner shall seek congressional authority to implement the program in field trials After obtaining congressional authority to implement the Minnesota family investment plan in field trials, the commissioner shall request specific appropriations from the legislature to implement field trials~~ 256.0361 and Public Law Numbers 101-202 and 101-239, section 8015, as amended. If major and unpredicted costs to the program occur, the commissioner may take corrective action consistent with Public Law Numbers 101-202 and 101-239, which may include termination of the program. Before taking such corrective action, the commissioner shall consult with the chairs of the senate health and human services committee, the house health and human services committee, the health and human services division of the senate finance committee and the human resources division of the house appropriations committee, or, if the legislature is not in session, consult with the legislative advisory commission.

(b) The field trials ~~must~~ shall be conducted as permitted under federal law, for as many years as necessary, and in different

geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.

(c) The commissioner shall select the counties which shall serve as field trial or control sites based on criteria which ensure reliable evaluation of the program.

(d) The commissioner is authorized to determine the number of families and characteristics of subgroups to be included in the evaluation.

(i) A family that applies for or is currently receiving financial assistance from aid to families with dependent children; family general assistance or work readiness; or food stamps may be assigned by the commissioner to an experimental or a control group for the purposes of evaluating the family investment plan. Families assigned to an experimental group receive benefits and services through the family investment plan. Families assigned to a control group receive benefits and services through existing programs. A family may not select the group to which it is assigned. Once assigned to a group, a family must remain in that group for the duration of the project.

The commissioner shall seek terms from the federal government that are consistent with the goals of the Minnesota family investment plan. The commissioner shall also seek terms from the federal government that will maximize federal financial participation so that the extra costs to the state of implementing the program are minimized, to the extent that those terms are consistent with the goals of the Minnesota family investment plan. An agreement with the federal government under this section shall provide that the agreements may be canceled by the state or federal government upon ~~six months'~~ 180 days' notice or immediately upon mutual agreement. These preemployment activities may include, based on availability and resources, participation in dislocated worker services, chemical dependency treatment, mental health services, self-esteem enhancement activities, peer group networks, displaced homemaker programs, education programs leading toward the employment goal, parenting education, and other programs to help the families reach their employment goals and enhance their ability to care for their children.

Subd. 6c. [FAMILY SUPPORT AGREEMENT.] (a) The family support agreement is the enforceable component of the employability plan as described in subdivision 6b and section 256.736, subdivision 10, paragraph (a), clause (15). A parental caregiver's failure to comply with any part of the family support agreement without good cause as provided in subdivision 2a is subject to sanction as provided in subdivision 3.

(b) A family support agreement must identify the parental caregiver's employment goal or goals and outline the steps which the parental caregiver and case manager mutually determined are necessary to achieve each goal. Activities are limited to:

(1) employment;

(2) employment and training activities; or

(3) education up to a baccalaureate degree.

(c) A family support agreement shall include only those activities described in paragraph (b). Social Services or activities, such as mental health or chemical dependency services, parenting education, or budget management, can be included in the employability plan and not in the family support agreement and are not subject to a sanction under subdivision 3.

(d) For a parental caregiver whose employability plan is composed entirely of services described in paragraph (c), the family support agreement shall designate a date for reassessment of the activities needed to reach the parental caregiver's employment goal and this date shall be considered as the content of the family support agreement. The parental caregiver and case manager shall meet at least semiannually to review and revise the family support agreement.

(e) The family support agreement must identify the services that the county agency will provide to the family to enable the parental caregiver to comply with the family support agreement, including support services such as transportation and child care.

(f) The family support agreement must state the parental caregiv-

(g) The family support agreement will specify a date for completion of activities leading to the employment goal.

(h) The family support agreement must be signed and dated by the case manager and parental caregiver. In all cases, the case manager must assist the parental caregiver in reviewing and understanding the family support agreement and must assist the caregiver in setting realistic goals in the agreement which are consistent with the ultimate goal of financial support for the caregiver's family. The case manager must inform the caregiver of the right to seek conciliation as provided in subdivision 6e.

(i) The caregiver may revise the family support agreement with the case manager when good cause indicates revision is warranted. Revisions for reasons other than good cause to employment goals or steps toward self-support may be made in the first six months after the signing of the family support agreement with the approval of the case manager. After that, the revision must be approved by the case management supervisor or other persons responsible for review of case management decisions.

Subd. 6d. [LENGTH OF JOB SEARCH.] When the family support agreement specifies a date when job search should begin, the parental caregiver must participate in employment search activities. If, after three months of search, the parental caregiver does not find a job that is consistent with the parental caregiver's employment goal, the parent must accept any suitable employment. The search may be extended for up to three months if the parental caregiver seeks and needs additional job search assistance.

Subd. 6e. [CONCILIATION.] A conciliation procedure shall be available as provided in section 256.736, subdivision 11, paragraph (c). The conciliation conference will be available to parental caregivers who cannot reach agreement with the case manager about the contents or interpretation of the family support agreement, or who have received a notice of intent to implement a sanction as required under subdivision 3. Implementation of the sanction will be postponed pending the outcome of conciliation. The conciliation conference will be facilitated by a neutral mediator, and the goal will be to achieve mutual agreement between the parental caregiver and case manager. The conciliation conference is an optional procedure preceding the hearing process under section 256.045.

~~Subd. 7. [EMPLOYMENT BONUS.] A family leaving the program as a result of increased earnings through employment is entitled to an employment bonus. This bonus is a one-time cash incentive, not more than the family's monthly payment standard, to~~

A parental caregiver may request a conciliation conference, as provided under section ~~256.736~~ 256.035, ~~subdivisions 4a and 11~~ subdivision 6e, when the caregiver disputes the ~~contents~~ terms of a ~~contract~~ family support agreement developed under the Minnesota family investment plan or disputes a decision regarding failure or refusal to ~~cooperate~~ comply with the terms of a ~~contract~~ family support agreement. The disputes are not subject to administrative review under section 256.045, unless they result in a denial, suspension, reduction, or termination, and the parental caregiver complies with section 256.045. A caregiver need not request a conciliation conference to request a hearing according to section 256.045.

Federal reimbursement obtained must be allocated to the county that spent money for child care that is federally reimbursable under ~~the AFDC employment special needs program or other~~ programs that provide federal reimbursement for

child care services. The counties shall use the federal money to expand child care services ~~to AFDC recipients~~. The commissioner may adopt rules under chapter 14 to implement and coordinate federal program requirements.

Sec. 32. Minnesota Statutes 1990, section 256H.03, is amended to read:

256H.03 [BASIC SLIDING FEE PROGRAM.]

Subdivision 1. [~~COUNTIES~~ ALLOCATION PERIOD; NOTICE OF ALLOCATION.] When the commissioner notifies county and human service boards of the forms and instructions they are to follow in the development of their biennial community social services plans required under section 256E.08, the commissioner shall also notify county and human services boards of their estimated child care fund program allocation for the two years covered by the plan. By June 1 of each year, the commissioner shall notify all counties of their final child care fund program allocation.

Subd. 1a. [WAITING LIST.] Each county that receives funds under this section ~~and section 256H.05~~ must keep a written record and report to the commissioner the number of eligible families who have applied for a child care subsidy or have requested child care assistance. Counties shall perform a cursory determination of eligibility when a family requests information about child care assistance. A family that appears to be eligible must be put on a waiting list if funds are not immediately available. The waiting list must identify students in need of child care. When money is available counties shall expedite the processing of student applications during key enrollment periods.

Subd. 2. [ALLOCATION; LIMITATIONS.] From July 1, 1991, through June 30, 1992, the commissioner shall allocate the money appropriated under the child care fund for the basic sliding fee program and shall allocate those funds between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area as follows:

(1) 50 percent of the money shall be allocated among the counties on the basis of the number of families below the poverty level, as determined from the most recent census or special census; and

(2) 50 percent of the money shall be allocated among the counties on the basis of the counties' portion of the AFDC caseload for the preceding state fiscal year.

If, under the preceding formula, either the seven-county metropolitan area consisting of Anoka, Carver, Dakota, Hennepin, Ram-

sey, Scott, and Washington counties or the area consisting of counties outside the seven-county metropolitan area is allocated more than 55 percent of the basic sliding fee funds, each county's allocation in that area shall be proportionally reduced until the total for the area is no more than 55 percent of the basic sliding fee funds. The amount of the allocations proportionally reduced shall be used to proportionally increase each county's allocation in the other area.

Subd. 2a. [ELIGIBLE RECIPIENTS.] Families that meet the eligibility requirements under sections 256H.10, except AFDC recipients and transition year families, and 256H.11 are eligible for child care assistance under the basic sliding fee program. From July 1, 1990, to June 30, 1991, a county may not accept new applications for the basic sliding fee program unless the county can demonstrate that its state money expenditures for the basic sliding fee program for this period will not exceed 95 percent of the county's allocation of state money for the fiscal year ending June 30, 1990. As basic sliding fee program money becomes available to serve new families, eligible families whose benefits were terminated during the fiscal year ending June 30, 1990, for reasons other than loss of eligibility shall be reinstated. Families enrolled in the basic sliding fee program as of July 1, 1990, shall be continued until they are no longer eligible. Counties shall make vendor payments to the child care provider or pay the parent directly for eligible child care expenses on a reimbursement basis.

Subd. 2b. [FUNDING PRIORITY.] (a) First priority for child care assistance under the basic sliding fee program must be given to eligible non-AFDC families who do not have a high school or general equivalency diploma or who need remedial and basic skill courses in order to pursue employment or to pursue education leading to employment. Within this priority, the following subpriorities must be used:

(1) child care needs of minor parents;

(2) child care needs of parents under 21 years of age; and

(3) child care needs of other parents within the priority group described in this paragraph.

(b) Second priority must be given to ~~all other~~ parents who ~~are eligible for the basic sliding fee program~~ have completed their AFDC transition year.

Subd. 3. [REVIEW OF USE OF FUNDS; REALLOCATION.] After each quarter, the commissioner shall review the use of basic sliding fee program ~~and AFDC child care program~~ allocations by county. The commissioner may reallocate unexpended or unencumbered money among those counties who have expended their full

allocation. Any unexpended money from the first year of the biennium may be carried forward to the second year of the biennium.

Subd. 4. [ALLOCATION FORMULA.] Beginning July 1, 1992, the basic sliding fee funds shall be allocated according to the following formula:

(a) One-half of the funds shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the 12-month period ending on June 30 of the preceding calendar year.

(b) One-fourth of the funds shall be allocated based on the number of children under age 13 in each county who are enrolled in general assistance medical care, medical assistance, and the children's health plan on July 1, of each year.

(c) One-fourth of the funds shall be allocated based on the number of children under age 13 who reside in each county, from the most recent estimates of the state demographer.

Subd. 5. [FORMULA LIMITATION.] The amounts computed under subdivision 4 shall be subject to the following limitation. No county shall be allocated an amount less than its guaranteed floor as provided in subdivision 6. If the amount allocated to a county under subdivision 4 would be less that its guaranteed floor, the shortage shall be recovered proportionally from all counties which would be allocated more than their guaranteed floor.

Subd. 6. [GUARANTEED FLOOR.] (a) Each county's guaranteed floor shall equal the lesser of:

(1) the county's original allocation in the preceding calendar year; or

(2) 110 percent of the county's basic sliding fee child care program state earnings for the 12-month period ending on June 30 of the preceding calendar year. For purposes of this clause, "state earnings" means the reported nonfederal share of direct child care expenditures adjusted for the 15 percent required county match and seven percent administration limit.

(b) When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, for the purpose of establishing the guaranteed floor.

Sec. 33. [256H.035] [FEDERAL AT-RISK CHILD CARE PROGRAM.]

Subdivision 1. [COMMISSIONER TO ADMINISTER PROGRAM.] The commissioner of human services is authorized and directed to receive, administer, and expend funds available under the at-risk child care program under Public Law Number 101-508 (1).

Subd. 2. [RULEMAKING AUTHORITY.] The commissioner may adopt rules under chapter 14 to administer the at-risk child care program.

Sec. 34. Minnesota Statutes 1990, section 256H.05, is amended to read:

Subd. 1c. [~~FUNDING~~ WAITING LIST PRIORITY.] AFDC recipients must be put on a waiting list for the basic sliding fee program when they leave AFDC due to their earned income.

Subd. 2. [COOPERATION WITH OTHER PROGRAMS.] The county shall develop cooperative agreements with the employment and training service provider for coordination of child care funding with employment, training, and education programs for all AFDC recipients who receive services under section 256.736. The cooperative agreement shall specify that individuals receiving employment, training, and education services under an employability plan from the employment and training service provider shall be guaranteed child care assistance from the county responsible for the current employability development plan.

Subd. 3. [CONTRACTS; OTHER USES ALLOWED.] Counties may contract for administration of the program or may arrange for or contract for child care funds to be used by other appropriate programs, in accordance with this section and as permitted by federal law and regulations.

Subd. 5. [FEDERAL REIMBURSEMENT.] Counties shall maximize their federal reimbursement under Public Law Number 100-485 or other federal reimbursement programs for money spent for persons ~~listed in this section~~ eligible under this chapter. The commissioner shall allocate any federal earnings to the county to be used to expand child care services under ~~these sections~~ this chapter.

Sec. 35. [256H.055] [FEDERAL CHILD CARE AND DEVELOPMENT BLOCK GRANT.]

Subdivision 1. [COMMISSIONER TO ADMINISTER BLOCK GRANT.] The commissioner of human services is authorized and directed to receive, administer, and expend child care funds available under the child care and development block grant authorized under Public Number 101-508 (2).

Counties may not limit the duration of child care subsidies for a person in an employment or educational program, except when the person is found to be ineligible under the child care fund eligibility standards. Any limitation must be based on a person's employability plan in the case of an AFDC recipient, and county policies included in the child care allocation plan. Time limitations for child care assistance, as specified in Minnesota Rules, parts 9565.5000 to 9565.5200, do not apply to basic or remedial educational programs needed to prepare for post-secondary education or employment. These programs include: high school, general equivalency diploma, and English as a second language. Programs exempt from this time limit must not run concurrently with a post-secondary program. Financially eligible students who have received child care assistance for one academic year shall be provided child care assistance in the following academic year if funds allocated under sections 256H.03 and 256H.05 are available. If an AFDC recipient who is receiving AFDC child care assistance under this chapter moves to another county ~~as authorized in their employability plan~~, continues to participate in educational or training programs authorized in their employability development plans, and continues to be eligible for AFDC child care assistance under this

chapter, the AFDC caretaker must receive continued child care assistance from the county responsible for their current employability development plan, without interruption.

Sec. 37. Minnesota Statutes 1990, section 256H.09, is amended by adding a subdivision to read:

Subd. 5. Funds appropriated for the AFDC child care program under section 256H.05 and for the basic sliding fee program under section 256H.03 do not cancel to the general fund but shall be carried forward by the department of human services for child care subsidies to eligible families.

Sec. 38. Minnesota Statutes 1990, section 256H.15, subdivision 1, is amended to read:

Subdivision 1. [SUBSIDY RESTRICTIONS.] (a) Until June 30, 1991, the maximum child care rate is determined under this paragraph. The county board may limit the subsidy allowed by setting a maximum on the provider child care rate that the county shall subsidize. The maximum rate set by any county shall not be lower than 110 percent or higher than 125 percent of the median rate in that county for like care arrangements for all types of care, including special needs and handicapped care, as determined by the commissioner. If the county sets a maximum rate, it must pay the provider's rate for each child receiving a subsidy, up to the maximum rate set by the county. If a county does not set a maximum provider rate, it shall pay the provider's rate for every child in care. The maximum state payment is 125 percent of the median provider rate. If the county has not set a maximum provider rate and the provider rate is greater than 125 percent of the median provider rate in the county, the county shall pay the amount in excess of 125 percent of the median provider rate from county funding sources. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.

A rate which includes a provider bonus paid under subdivision 2 or a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision 2. The department of human services shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.

(c) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family copayment fee.

Sec. 39. Minnesota Statutes 1990, section 256H.15, subdivision 2, is amended to read:

Subd. 2. [PROVIDER RATE BONUS FOR ACCREDITATION.] Currently accredited child care centers shall be paid a ten percent bonus above the maximum rate established in subdivision 1, up to the actual provider rate. A family day care provider shall be paid a ten percent bonus above the maximum rate established in subdivision 1, if the provider holds a current early childhood development credential approved by the commissioner, up to the actual provider rate. For purposes of this subdivision, "accredited" means accredited by the National Association for the Education of Young Children or the National Council on Accreditation of Services for Families and Children.

County food stamp offices shall screen and issue food stamps to applicants on the day of application. Applicants who meet the federal criteria for expedited issuance and have an immediate need for food assistance shall receive either:

(1) a manual Authorization to Participate (ATP) card; or

(2) the immediate issuance of food stamp coupons.

The local food stamp agency shall conspicuously post in each food stamp office a notice of the availability of and the procedure for applying for expedited issuance and verbally advise each applicant of the availability of the expedited process.

Sec. 55. Minnesota Statutes 1990, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for

dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support ~~agreement~~ stipulation of the parties if each party is represented by independent counsel, unless the ~~agreement is not in the interest of justice~~ stipulation does not meet the conditions of paragraph (e). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom.

The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more

$1001 – 4000	25%	30%	35%	39%	43%	47%	50%

Guidelines for support for an obligor with a monthly income of $4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of $4,000.

Net Income defined as:

Total monthly income less	*(i)	Federal Income Tax
	*(ii)	State Income Tax
	(iii)	Social Security Deductions
	(iv)	Reasonable Pension Deductions
*Standard Deductions apply – use of tax tables recommended	(v)	Union Dues
	(vi)	Cost of Dependent Health Insurance Coverage
	(vii)	Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
	(viii)	A Child Support or Maintenance Order that is Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(a) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(b) the party demonstrates, and the court finds, that:

(i) the excess employment began after the filing of the petition for dissolution;

(ii) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(iii) the excess employment is voluntary and not a condition of employment;

(iv) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(v) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(b);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c).

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18

months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be *in the nature of child support.*

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) ~~The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines.~~ The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and *shall specifically address the criteria in* paragraph (b) of this subdivision and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties, each represented by independent counsel, have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines; the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

Sec. 56. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5b. [DETERMINATION OF INCOME.] (a) The parents shall timely serve on all parties and file documentation of earnings and income. When there is a prehearing conference, the court must receive the documentation *of earnings and income at least ten days* prior to the prehearing conference. Documentation of earnings and income includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of earnings and income also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as received that provide verification of earnings over a longer period.

(b) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the

hearing, the court shall set income for that parent based on credible evidence before the court or in accordance with paragraph (c). Credible evidence may include documentation of current or recent earnings and income, testimony of the other parent concerning recent earnings and income levels, and the parent's wage reports filed with the Minnesota department of jobs and training under section 268.121.

(c) If the court finds that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of imputed income. Imputed income means the estimated earning ability of a parent based on the parent's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the parent's qualifications. For a parent with no previous job history and no higher education or advanced training or who has made reasonable efforts and cannot find suitable employment, the court may take judicial notice of estimated earning ability based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If the parent is physically or mentally incapacitated, it shall be presumed that the parent is not voluntarily unemployed or underemployed.

Sec. 57. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5c. [CHILD SUPPORT GUIDELINES TO BE REVIEWED EVERY FOUR YEARS.] No later than 1994 and every four years after that, the department of human services shall conduct a review of the child support guidelines and shall present findings and recommendations from its review to the legislature.

Sec. 58. Minnesota Statutes 1990, section 518.64, is amended to read:

518.64 [MODIFICATION OF ORDERS OR DECREES.]

Subdivision 1. After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on ~~petition~~ motion of either of the parties or on ~~petition~~ motion of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided.

Subd. 2. [MODIFICATION.] (a) The terms of ~~a decree~~ an order respecting maintenance or support may be modified upon a showing

of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least $50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

~~(1)~~ shall ~~take into consideration~~ apply the ~~needs of the children~~ child support guidelines in section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability ~~or~~, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

Subd. 3. Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

Subd. 4. Unless otherwise agreed in writing or expressly provided in the ~~decree~~ order, provisions for the support of a child are terminated by emancipation of the child but not by the death of a parent obligated to support the child. When a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump sum payment, to the extent just and appropriate in the circumstances.

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order ~~pursuant to this section or section 256.87~~ for support or maintenance. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Subd. 6. [EXPEDITED PROCEDURE.] (a) The public authority may seek a modification of the child support order in accordance with the rules of civil procedure or under the expedited procedures in this subdivision.

(b) The public authority may serve the following documents upon

the obligor either by certified mail or in the manner provided for service of a summons under the rules of civil procedure:

(1) a notice of its application for modification of the obligor's support order stating the amount and effective date of the proposed modification which date shall be no sooner than 20 days from the date of service;

(2) an affidavit setting out the basis for the modification under subdivision 2, including evidence of the current income of the parties;

(3) any other documents the public authority intends to file with the court in support of the modification;

(4) the proposed order;

(5) notice to the obligor that if the obligor fails to move the court and request a hearing on the issue of modification of the support order within 20 days of service of the notice of application for modification, the public authority will likely obtain an order, ex parte, modifying the support order; and

(6) an explanation to the obligor of how a hearing can be requested, together with a motion for review form that the obligor can complete and file with the court to request a hearing.

(c) If the obligor moves the court for a hearing, any modification must be stayed until the court has had the opportunity to determine the issue. Any modification ordered by the court is effective on the date set out in the notice of application for modification, but no earlier than 20 days following the date the obligor was served.

(d) If the obligor fails to move the court for hearing within 20 days of service of the notice, the public authority shall file with the court a copy of the notice served on the obligor as well as all documents served on the obligor, proof of service, and a proposed order modifying support.

(e) If, following judicial review, the court determines that the procedures provided for in this subdivision have been followed and the requested modification is appropriate, the order shall be signed ex parte and entered.

(f) Failure of the court to enter an order under this subdivision does not prejudice the right of the public authority or either party to seek modification in accordance with the rules of civil procedure.

(g) The supreme court shall develop standard forms for the notice of application of modification of the support order, the supporting

affidavit, the obligor's responsive motion, and proposed order granting the modification.

Sec. 59. Minnesota Statutes 1990, section 609.52, is amended by adding a subdivision to read:

Subd. 4. [WRONGFULLY OBTAINED PUBLIC ASSISTANCE; CONSIDERATION OF DISQUALIFICATION.] When determining the sentence for a person convicted of theft by wrongfully obtaining public assistance, as defined in section 256.98, subdivision 1, the court shall consider the fact that, under section 256.98, subdivision 8, the person will be disqualified from receiving public assistance as a result of the person's conviction.

Sec. 60. [STUDY.]

The commissioner of human services shall monitor the families who are unable to get child care subsidies through the basic sliding fee program after completing their year of transition child care and shall report findings to the legislature by January 1, 1993. The report shall include, but not be limited to, the following data on these families: the total number losing child care and the counties in which they live, the length of time for each family to reach the top of the waiting list, the number of families returning to AFDC while they are waiting for child care, and, if available, the type of child care arrangements made by families who lost child care subsidies.

Sec. 61. [TRANSFERS.]

In addition, family community support services must be designed to improve overall family functioning if clinically appropriate to the child's needs, and to reduce the need for and use of placements more intensive, costly, or restrictive both in the number of admissions and lengths of stay than indicated by the child's diagnostic assessment.

Sec. 22. Minnesota Statutes 1990, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. [SCREENING REQUIRED.] The county board shall, ~~upon~~ prior to admission, except in the case of emergency admission, screen all children ~~admitted~~ referred for treatment of severe emotional disturbance to a residential treatment facility, ~~an acute care hospital,~~ or informally admitted to a regional treatment center if public funds are used to pay for the services. The county board shall also screen all children admitted to an acute care hospital for treatment of severe emotional disturbance if public funds other than reimbursement under chapters 256B and 256D are used to pay for the services. If a child is admitted to a residential treatment facility or acute care hospital for emergency treatment ~~of emotional disturbance~~ or held for emergency care by a regional treatment center under section 253B.05, subdivision 1, screening must occur within ~~five~~ three working days of admission. (1) is necessary;

(2) is appropriate to the child's individual treatment needs;

(3) cannot be effectively provided in the child's home; and

(4) provides a length of stay as short as possible consistent with the individual child's need.

Screening shall include both a diagnostic assessment and a functional assessment which evaluates family, school, and community living situations. If a diagnostic assessment or functional assessment has been completed by a mental health professional within 180 days, a new diagnostic or functional assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the screening process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether or not these services are available and accessible to the child and family.

During the screening process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family community support plan is being developed by the case manager, if assigned.

Screening shall be in compliance with section 256F.07 or 257.071, whichever applies. Wherever possible, the parent shall be consulted in the screening process, unless clinically inappropriate.

The screening process, and placement decision, and recommendations for mental health services must be documented in the child's record.

An alternate review process may be approved by the commissioner if the county board demonstrates that an alternate review process has been established by the county board and the times of review, persons responsible for the review, and review criteria are comparable to the standards in clauses (1) to ~~(5)~~ (4).

Sec. 23. Minnesota Statutes 1990, section 245.4885, subdivision 2, is amended to read:

Subd. 2. [QUALIFICATIONS.] No later than July 1, 1991, screening of children for residential and inpatient services must be conducted by a mental health professional. Where appropriate and available, special mental health consultants must participate in the screening. Mental health professionals providing screening for inpatient and residential services must not be financially affiliated with any acute care inpatient hospital, residential treatment facil-

(1) mental health professionals or mental health practitioners are unavailable to provide this service; and

(2) services are provided by a designated person with training in human services who receives clinical supervision from a mental health professional.

Subd. 2. [GRANT APPLICATION AND REPORTING REQUIREMENTS.] To apply for a grant a county board shall submit an application and budget for the use of the money in the form specified by the commissioner. The commissioner shall make grants only to counties whose applications and budgets are approved by the commissioner. In awarding grants, the commissioner shall give priority to those counties whose applications indicate plans to collaborate in the development, funding, and delivery of services with other agencies in the local system of care. The commissioner shall adopt emergency and permanent rules to govern grant applications, approval of applications, allocation of grants, and maintenance of financial statements by grant recipients. The commissioner shall specify requirements for reports, including quarterly fiscal reports, according to section 256.01, subdivision 2, paragraph (17). For the purposes of this section, a child has an "emotional handicap" if the child has a psychiatric or other emotional disorder which substantially impairs the child's mental health and requires 24-hour treatment or supervision.

Sec. 30. Minnesota Statutes 1990, section 252.27, subdivision 2a, is amended to read:

Subd. 2a. [CONTRIBUTION AMOUNT.] (a) The natural or adoptive parents of a minor child, including a child determined eligible for medical assistance without consideration of parental income, must contribute monthly to the cost of services, unless the child is married or has been married, parental rights have been terminated, or the child's adoption is subsidized according to section 259.40 or through title IV-E of the Social Security Act.

(b) The parental contribution ~~equals the following percentage of that portion of~~ shall be computed by applying to the adjusted gross income of the natural or adoptive parents that exceeds 200 percent of the federal poverty guidelines for the applicable household size, the following schedule of rates:

~~Adjusted Gross Income~~	~~Percentage contribution exceeding 200 percent of poverty~~
~~Under $49,999~~	~~10~~
~~$50,000 to $59,999~~	~~12~~
~~$60,000 to $74,999~~	~~14~~
~~$75,000 or more~~	~~15~~

(1) on the amount of adjusted gross income over 200 percent of poverty, but not over $50,000, ten percent;

(2) on the amount of adjusted gross income over 200 percent of poverty and over $50,000 but not over $60,000, 12 percent;

(3) on the amount of adjusted gross income over 200 percent of poverty, and over $60,000 but not over $75,000, 14 percent; and

(4) on all adjusted gross income amounts over 200 percent of poverty, and over $75,000, 15 percent.

If the child lives with the parent, the parental contribution is reduced by $200. If the child resides in an institution specified in section 256B.35, the parent is responsible for the personal needs allowance specified under that section in addition to the parental contribution determined under this section. The parental contribution is reduced by any amount required to be paid directly to the child pursuant to a court order, but only if actually paid.

(c) The household size to be used in determining the amount of contribution under paragraph (b) includes natural and adoptive parents and their dependents under age 21, including the child receiving services. Adjustments in the contribution amount due to annual changes in the federal poverty guidelines shall be implemented on the first day of July following publication of the changes.

(d) For purposes of paragraph (b), "income" means the adjusted gross income of the natural or adoptive parents determined according to the previous year's federal tax form.

(e) The contribution shall be explained in writing to the parents at the time eligibility for services is being determined. The contribution shall be made on a monthly basis effective with the first month in which the child receives services. Annually upon redetermination or at termination of eligibility, if the contribution exceeded the cost of services provided, the local agency or the state shall reimburse that excess amount to the parents, either by direct reimbursement if the parent is no longer required to pay a contribution, or by a reduction in or waiver of parental fees until the excess amount is exhausted.

(f) The monthly contribution amount must be reviewed at least

every 12 months; when there is a change in household size; and when there is a loss of or gain in income from one month to another in excess of ten percent. The local agency shall mail a written notice 30 days in advance of the effective date of a change in the contribution amount. A decrease in the contribution amount is effective in the month that the parent verifies a reduction in income or change in household size.

(g) Parents of a minor child who do not live with each other shall each pay the contribution required under paragraph (a), except that a court-ordered child support payment actually paid on behalf of the child receiving services shall be deducted from the contribution of the parent making the payment.

(h) The contribution under paragraph (b) shall be increased by an additional five percent if the local agency determines that insurance coverage is available but not obtained for the child. For purposes of this section, "available" means the insurance is a benefit of employment for a family member at an annual cost of no more than five percent of the family's annual income. For purposes of this section, insurance means health and accident insurance coverage, enrollment in a nonprofit health service plan, health maintenance organization, self-insured plan, or preferred provider organization.

Parents who have more than one child receiving services shall not be required to pay more than the amount for the child with the highest expenditures. There shall be no resource contribution from the parents. The parent shall not be required to pay a contribution in excess of the cost of the services provided to the child, not counting payments made to school districts for education-related services. Notice of an increase in fee payment must be given at least 30 days before the increased fee is due.

However, the commissioner shall not reimburse costs of services for any person if the costs exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year, and shall not reimburse costs of a one-time living allowance for any person if the costs exceed $1,500 in a state fiscal year. The commissioner may make payments to each county in quarterly installments. The commissioner may certify an advance of up to 25 percent of the allocation. Subsequent payments shall be made on a reimbursement basis for reported expenditures and may be adjusted for anticipated spending patterns.

[FORMULA.] ~~From the appropriations made available for this program, the commissioner shall allocate grants under this section to finance up to 95 percent of each county's approved budget for semi-independent living services for persons with mental retardation or related conditions. The commissioner shall not approve budgeted costs for services for any person which exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year.~~ Effective January 1, 1992, the commissioner shall allocate funds on a calendar year basis. For calendar year 1992, funds shall be allocated based on each county's portion of the statewide reimbursement received under this section for state fiscal year 1991. For subsequent calendar years, funds shall be allocated based on each county's portion of the

statewide expenditures eligible for reimbursement under this section during the 12 months ending on June 30 of the preceding calendar year.

If the legislature appropriates funds for special purposes, the commissioner may allocate the funds based on proposals submitted by the counties to the commissioner in a format prescribed by the commissioner. Nothing in this ~~subdivision~~ section prevents a county from using other funds to pay for additional costs of semi-independent living services.

~~As of July 1, 1987, the commissioner shall allocate funds and reimburse county costs for persons approved for funding. The commissioner shall proportionally allocate funds to counties based on the approved budgeted costs for persons approved for funding. The commissioner shall adjust county grants based on actual approved expenditures and shall reallocate funds to the extent necessary. The commissioner may set aside up to two percent of the appropriations to fund county demonstration projects that improve the efficiency and effectiveness of semi-independent living services.~~

Subd. 4a. [FORMULA LIMITATION.] For calendar year 1993 and all subsequent years, the amounts computed pursuant to subdivision 4 shall be subject to the following limitation: no county shall be allocated an amount less than its guaranteed floor as provided in subdivision 4b. If the amount allocated to any county pursuant to subdivision 4 would be less than its guaranteed floor, the shortage shall be recovered proportionally from all counties which would be allocated more than their guaranteed floor.

Subd. 4b. [GUARANTEED FLOOR.] Each county with an original allocation for the preceding year that is equal to or less than the guaranteed floor minimum index shall have a guaranteed floor equal to its original allocation for the preceding year. Each county with an original allocation for the preceding year that is greater than the guaranteed floor minimum index shall have a guaranteed floor equal to the lesser of clause (1) or (2):

(1) the county's original allocation for the preceding year; or

(2) 70 percent of the county's reported expenditures eligible for reimbursement during the 12 months ending on June 30 of the preceding calendar year.

For calendar year 1993, the guaranteed floor minimum index shall be $20,000. For each subsequent year, the index shall be adjusted by the projected change in the average value in the United States Department of Labor Bureau of Labor Statistics consumer price index (all urban) for that year.

When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, to establish each county's guaranteed floor.

Subd. 4c. [REVIEW OF FUNDS; REALLOCATION.] After each quarter, the commissioner shall review county program expenditures. The commissioner may reallocate unexpended money at any time among those counties which have earned their full allocation.

Subd. 5. [DISPLACED HOSPITAL WORKERS.] Providers of semi-independent living services shall make reasonable efforts to hire qualified employees of ~~state hospital~~ regional treatment center mental retardation units who have been displaced by reorganization, closure, or consolidation of ~~state hospital~~ regional treatment center mental retardation units.

Subd. 6. [RULES.] The commissioner ~~shall~~ may adopt emergency and permanent rules in accordance with chapter 14 to govern ~~grant applications, criteria for approval of applications,~~ allocation ~~of grants, and maintenance of program and financial statements by grant recipients~~, reimbursement, and compliance.

Subd. 7. [REPORTS.] The commissioner shall specify requirements for reports, including quarterly fiscal and annual program reports, according to section 256.01, subdivision 2, paragraph (17).

Subd. 8. [USE OF FEDERAL FUNDS.] The commissioner shall make every reasonable effort to maximize the use of federal funds for semi-independent living services.

Subd. 9. [COMPLIANCE.] If a county board or provider under contract with a county board to provide semi-independent living services does not comply with this section and the rules adopted by the commissioner of human services under this section, including the reporting requirements, the commissioner may recover, suspend, or withhold payments.

Sec. 32. Minnesota Statutes 1990, section 252.28, subdivision 1, is amended to read:

Subdivision 1. [DETERMINATIONS; BIENNIAL REDETERMINATIONS.] In conjunction with the appropriate county boards, the commissioner of human services shall determine, and shall redetermine biennially, the need, location, size, and program of public and private residential services and day ~~care facilities and~~ training and habilitation services for ~~children and adults~~ persons with mental retardation or related conditions. This subdivision does not apply to semi-independent living services and residential-based habilitation

services provided to four or fewer persons at a single site funded as home and community-based services.

Sec. 33. Minnesota Statutes 1990, section 252.28, subdivision 3, is amended to read:

Subd. 3. [LICENSING DETERMINATIONS.] (1) No new license shall be granted pursuant to this section when the issuance of the license would substantially contribute to an excessive concentration of community residential facilities within any town, municipality or county of the state.

(2) In determining whether a license shall be issued pursuant to this subdivision, the commissioner of human services shall specifically consider the population, size, land use plan, availability of community services and the number and size of existing public and private community residential facilities in the town, municipality or county in which a licensee seeks to operate a residence. Under no circumstances may the commissioner newly license any facility pursuant to this section except as provided in section 245A.11. The commissioner of human services shall establish uniform rules to implement the provisions of this subdivision.

(3) Licenses for community facilities and services shall be issued pursuant to section 245.821.

(4) No new license shall be granted for a residential program that provides home and community-based waivered services to more than four individuals at a site, except as authorized by the commissioner for emergency situations that would result in the placement of individuals into regional treatment centers. Such licenses shall not exceed 24 months.

(5) The commissioner shall not approve a determination of need application that requests that an existing residential program license under Minnesota Rules, parts 9525.0215 to 9525.0355 be modified in a manner that would result in the issuance of two or more licenses for the same residential program at the same location.

Sec. 34. Minnesota Statutes 1990, section 252.28, is amended by adding a subdivision to read:

Subd. 5. [APPEALS.] A county may appeal a determination of need, size, location, or program according to chapter 14. Notice of appeals must be provided to the commissioner within 30 days after the receipt of the commissioner's determination.

Sec. 35. [252.293] [EMERGENCY SITUATIONS.]

Subdivision 1. [TRANSFERS; INTERIM RATES.] In emergency

situations, the commissioner of human services may transfer existing beds, relocate residents, and establish an interim payment rate under the procedures contained in Minnesota Rules, part 9553.0075, for up to two years, as necessary to ensure the replacement of the original services for the residents of intermediate care facilities for persons with mental retardation or related conditions. The payment rate must be based on projected costs and is subject to settle up. An emergency situation exists when it appears to the commissioner of human services that the health, safety, or welfare of residents may be in jeopardy due to imminent or actual loss of use of the physical plant or damage to the physical plant making it temporarily or permanently uninhabitable.

The subsequent rate for a facility providing services for the same resident following the temporary emergency situation shall be based upon the costs incurred during the interim period, if the residents are permanently placed in the same facility. If the residents need to be relocated for permanent placements, the temporary emergency location must close and the procedures for establishing new rates for newly constructed or newly established facilities shall be followed.

This provision regarding emergency situations does not apply to facilities placed in receivership by the commissioner of human services under section 245A.12 or 245A.13, or facilities which have rates set under section 252.292, subdivision 4, or to relocations of residents to existing facilities.

Subd. 2. [APPROVAL OF TEMPORARY LOCATIONS.] The commissioner of human services shall notify the commissioner of health of the existence of the emergency and the decision to order the relocation of residents. This notice shall also identify the temporary location or locations selected by the commissioner of human services for the relocation of the residents. Notwithstanding the provisions of section 252.291, the commissioner of health may license and certify the temporary location or locations as an intermediate care facility for persons with mental retardation or related conditions if the location complies with the applicable state rules and federal regulations. The facility from which the residents were relocated shall not be used to house residents until the commissioner of human services authorizes the return of residents to the facility and the commissioner of health verifies that the facility complies with the applicable state and federal regulations. If the temporary location closes under the provisions of subdivision 1, the license and certification of the temporary location is voided. The voiding of the license and certification shall not be considered as a suspension, revocation, or nonrenewal of the license or as an involuntary decertification of the facility.

Sec. 36. Minnesota Statutes 1990, section 252.32, is amended to read:

252.32 [FAMILY ~~SUBSIDY~~ SUPPORT PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHED; ~~APPLICATION~~.] In accordance with state policy established in section 256F.01 that all children are entitled to live in families that offer safe, nurturing, permanent relationships, and that public services be directed toward preventing the unnecessary separation of children from their families, and because many families who have children with mental retardation or related conditions have special needs and expenses that other families do not have, the commissioner of human services shall establish a program to ~~provide subsidies to families to enable them to care for their dependents with handicaps in their own home~~ assist families who have dependents with mental retardation or related conditions living in their home. The program shall make support grants available to the families and shall establish local volunteer support networks.

Subd. 1a. [SUPPORT GRANTS.] ~~This program~~ Provision of support grants must be limited to families who require support and whose dependents are under the age of 22 and ~~who are mentally retarded or~~ who have mental retardation or who have a related condition and ~~otherwise would require or be eligible for placement in a licensed residential facility as set forth in section 245A.02, subdivision 6~~ who have been determined by a screening team established under section 256B.092 to require the level of care provided by an intermediate care facility for persons with mental retardation or related conditions. Families who are receiving home and community-based waivered services are not eligible for support grants. Families whose annual adjusted gross income is $60,000 or more are not eligible for support grants, except in cases where extreme hardship is demonstrated. Beginning in state fiscal year 1994, the commissioner shall adjust the income ceiling annually to reflect the projected change in the average value in the United States Department of Labor, Bureau of Labor Statistics consumer price index (all urban) for that year.

Support grants may be made available as monthly subsidy grants, respite care grants, and lump sum grants.

Support grants may be issued in the form of cash, voucher, and direct county payment to a vendor.

Applications for the ~~subsidy~~ support grant shall be made by the county social service agency to the department of human services. The application shall specify the needs of the family, the form of the grant requested by the family, and how the ~~subsidy will be used~~ family intends to use the support grant and recommendations of the county.

Subd. 2. [INDIVIDUAL SERVICE PLAN.] Before a support grant is issued, an individual service plan for the dependent as required by

section 256E.08 and the rules adopted thereunder, or an individual service plan as requested by the family and defined in 256B.092, shall be developed by the county social service agency and agreed upon by the parents. A transitional plan shall be developed for the dependent when the dependent turns age 17 in order to assure an orderly transition to other services when the family terminates services from this program and to assure that an application is made for supplemental security income and other benefits.

Subd. 3. [~~SUBSIDY~~ AMOUNT OF SUPPORT GRANT; USE.] ~~Subsidy~~ Support grant amounts shall be determined by the commissioner of human services. ~~The subsidy may be used to cover the costs of special equipment, special clothing or diets, related transportation, therapy, medications, respite care, medical care, diagnostic assessments, modifications to the home and vehicle, and other services or items that assist the family and dependent.~~ Each service and item purchased with a support grant must:

(1) be over and above the normal costs of caring for the dependent if the dependent did not have a disability;

(2) be directly attributable to the dependent's disabling condition; and

(3) enable the family to delay or prevent the out-of-home placement of the dependent.

The design and delivery of services and items purchased under this section must suit the dependent's chronological age and be provided in the least restrictive environment possible, consistent with the needs identified in the individual service plan.

Items and services purchased with support grants must be those for which there are no other public or private funds available to the family. Fees assessed to parents for health or human services that are funded by federal, state, or county dollars are not reimbursable through this program.

The maximum monthly amount shall be $250 per eligible dependent, or $3,000 per eligible dependent per state fiscal year, within the limits of available funds. During fiscal year 1992 and 1993, the maximum monthly grant awarded to families who are eligible for medical assistance shall be $200, except in cases where extreme hardship is demonstrated. The commissioner may consider the ~~child's~~ dependent's supplemental security income in determining the amount of the ~~subsidy~~ support grant. A variance may be granted by the commissioner to exceed ~~$250~~ $3,000 per state fiscal year per eligible dependent for emergency circumstances in cases where exceptional resources of the family are required to meet the health, welfare-safety needs of the child~~, for a period not to exceed 90 days~~

~~per fiscal year~~. The commissioner may set aside ~~one~~ up to five percent of the appropriation to fund emergency situations.

Subd. 3a. [VOLUNTEER SUPPORT NETWORKS.] Within the limits of the appropriation, the commissioner shall develop local community volunteer support networks that benefit families who are caring for a person with mental retardation or a related condition in the person's own home. The commissioner may issue requests for proposals to develop these networks and may use the advisory task force under section 252.31 in developing selection criteria and selecting grantees.

Subd. 3b. [REPORTS AND REIMBURSEMENT.] The commissioner shall specify requirements for quarterly fiscal and annual program reports according to section 256.01, subdivision 2, paragraph (17). Program reports shall include data which will enable the commissioner to evaluate program effectiveness and to audit compliance. The commissioner shall reimburse county costs on a quarterly basis.

Subd. 3c. [FEDERAL FUNDS.] The commissioner and the counties shall make every reasonable effort to maximize the use of federal funds for family supports.

Subd. 3d. [COUNTY BOARD RESPONSIBILITIES.] County boards receiving funds under this section shall:

(1) determine the needs of families for services in accordance with section 256B.092 or 256E.08 and any rules adopted under those sections;

(2) determine the eligibility of all persons proposed for program participation;

(3) recommend for approval all items and services to be reimbursed and inform families of the commissioner's approval decision;

(4) issue support grants directly to, or on behalf of, eligible families;

(5) inform recipients of their right to appeal under subdivision 3e;

(6) submit quarterly financial reports under subdivision 3b; and

(7) coordinate services with other programs offered by the county.

Subd. 3e. [APPEALS.] The denial, suspension, or termination of services under this program may be appealed by a recipient or application under section 256.045, subdivision 3.

Subd. 4. [RULEMAKING.] The commissioner shall amend permanent rules to govern ~~subsidy~~ grant applications under this section, criteria for approval, and other areas necessary to implement this program.

Subd. 5. [COMPLIANCE.] If a county board or grantee does not comply with this section and the rules adopted by the commissioner of human services, the commissioner may recover, suspend, or withhold payments.

Subd. 12. [RATES ESTABLISHED AFTER 1990.] Unless a variance is granted under subdivision 6, payment rates established by a county for calendar year 1990 and which are in effect December 31, 1990, remain in effect until June 30, 1991. Payment rates established by a county board to be paid to a vendor on or after ~~July 1, 1991~~ January 1, 1993, must be determined under permanent rules adopted by the commissioner. Until permanent rules are adopted, the payment rates must be determined according to subdivisions 1 to 11 except for the period from July 1, 1991, through December 31, 1991, when the increase determined under subdivision 3 must not exceed the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the current calendar year over the previous calendar year. No county shall pay a rate that is less than the minimum rate determined by the commissioner.

In developing procedures for setting minimum payment rates and procedures for establishing payment rates, the commissioner shall consider the following factors:

(1) a vendor's payment rate and historical cost in the previous year;

(2) current economic trends and conditions;

(3) costs that a vendor must incur to operate efficiently, effectively and economically and still provide training and habilitation services that comply with quality standards required by state and federal regulations;

(4) increased liability insurance costs;

(5) costs incurred for the development and continuation of supported employment services;

(6) cost variations in providing services to people with different needs;

(7) the adequacy of reimbursement rates that are more than 15 percent below the statewide average; and

(8) other appropriate factors.

The commissioner may develop procedures to establish differing hourly rates that take into account variations in the number of clients per staff hour, to assess the need for day training and habilitation services, and to control the utilization of services.

In developing procedures for setting transportation rates, the commissioner may consider allowing the county board to set those rates or may consider developing a uniform standard.

Medical assistance rates for home and community-based services provided under section 256B.501 by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47.

Sec. 38. Minnesota Statutes 1990, section 252.46, is amended by adding a subdivision to read:

Subd. 15. [FOR-PROFIT ORGANIZATIONS.] Notwithstanding the requirement in section 252.41, subdivision 9, that vendors be nonprofit entities, the commissioner may approve up to 15 for-profit organizations to provide day training and habilitation services for the purposes of studying the impacts that for-profit vendors have on the delivery, quality, and costs of day training and habilitation services.

Sec. 39. Minnesota Statutes 1990, section 252.50, subdivision 2, is amended to read:

Sec. 44. Minnesota Statutes 1990, section 256B.092, is amended to read:

256B.092 [CASE MANAGEMENT OF PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.]

(2) ~~prior to the admission of a person to a regional treatment center program for persons with developmental disabilities, the county agency made efforts to secure community-based alternatives. If these alternatives were rejected in favor of a regional treatment center placement, the county agency must also document the reasons why they were rejected; and~~

~~(3)~~ the county agency has made a request for state funds or new capacity for services to meet the individual's unmet needs, ~~since~~ after those needs have been identified in the person's individual service plan.

Subd. ~~1e.~~ 1f. [COUNTY WAITING LIST.] The county agency shall maintain a waiting list of persons with developmental disabilities specifying the services needed but not provided. This waiting list shall be used by county agencies to assist them in developing needed services or amending their community social services plan as required in section 256E.09, subdivision 1.

Subd. 1g. [CONDITIONS NOT REQUIRING DEVELOPMENT OF INDIVIDUAL SERVICE PLAN.] Unless otherwise required by

federal law, the county agency is not required to complete an individual service plan as defined in subdivision 1b for:

(1) persons whose families are requesting respite care as a single service for their family member who resides with them, or whose families are requesting only a family subsidy grant and are not requesting purchase or arrangement of other habilitative or social services; and

(2) persons with mental retardation or related conditions, living independently without authorized services or receiving funding for services at a rehabilitation facility as defined in section 268A.01, subdivision 6, and not in need of or requesting additional services.

Subd. 2. [MEDICAL ASSISTANCE.] To assure quality case management to those ~~county clients~~ persons who are eligible for medical assistance, the commissioner shall, upon request ~~by the county board~~:

(a) provide consultation on the case management process;

(b) assist county agencies in the screening and annual reviews of clients review process to assure that appropriate levels of service are provided to persons;

(c) provide consultation on service planning and development of services with appropriate options;

(d) provide training and technical assistance to county case managers; and

(e) authorize payment for medical assistance services according to chapter 256B and rules implementing it.

Subd. 3. [AUTHORIZATION AND TERMINATION OF SERVICES.] County agency case managers, under rules of the commissioner, shall authorize and terminate services of community and ~~state hospital~~ regional treatment center providers ~~in accordance with~~ according to individual service plans. Services provided to persons with mental retardation or related conditions may only be authorized and terminated by case managers according to (1) rules of the commissioner and (2) the individual service plan as defined in subdivision 1b. Medical assistance services not needed shall not be authorized by county agencies ~~nor~~ or funded by the commissioner. When purchasing or arranging for unlicensed respite care services for persons with overriding health needs, the county agency shall seek the advice of a health care professional in assessing provider staff training needs and skills necessary to meet the medical needs of the person.

Subd. 4. [~~ALTERNATIVE~~ HOME AND COMMUNITY-BASED SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall make payments to ~~county boards~~ approved vendors participating in the medical assistance program to pay costs of providing ~~alternative~~ home and community-based services, including case management service activities provided as an approved home and community-based service, to medical assistance eligible persons with mental retardation or related conditions who have been screened under subdivision 7 and according to federal requirements. Payments for home and community-based services shall not exceed amounts authorized by the county of financial responsibility. For specifically identified former residents of regional treatment centers and nursing facilities, the commissioner shall be responsible for authorizing payments and payment limits under the appropriate home and community-based service program. Payment is available under this subdivision only for persons who, if not provided these services, would require the level of care provided in an intermediate care facility for persons with mental retardation or related conditions.

Subd. 4a. [DEMONSTRATION PROJECTS.] The commissioner may waive state rules governing home and community-based services in order to demonstrate other methods of administering these services and to improve efficiency and responsiveness to individual needs of persons with mental retardation or related conditions, notwithstanding section 14.05, subdivision 4. All demonstration projects approved by the commissioner must comply with state laws and federal regulations, must remain within the fiscal limitations of the home and community-based services program for persons with mental retardation or related conditions, and must assure the health and safety of the persons receiving services according to section 256E.08, subdivision 1.

Subd. 4b. [CASE MANAGEMENT FOR PERSONS RECEIVING HOME AND COMMUNITY-BASED SERVICES.] Persons authorized for and receiving home and community-based services may select from vendors of case management which have provider agreements with the state to provide home and community-based case management service activities. This subdivision becomes effective July 1, 1992, only if the state agency is unable to secure federal approval for limiting choice of case management vendors to the county of financial responsibility.

Subd. 5. [FEDERAL WAIVERS.] The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation under United States Code, title 42, sections 1396 ~~to 1396p~~ et seq., as amended ~~through December 31, 1987~~, for the provision of services to persons who, in the absence of the services, would need the level of care provided in a ~~state hospital~~ regional treatment center or a community intermediate care facility for persons with mental retardation or related conditions. The

commissioner may seek amendments to the waivers or apply for additional waivers under United States Code, title 42, sections 1396 ~~to 1396p~~ et seq., as amended ~~through December 31, 1987~~, to contain costs. The commissioner shall ensure that payment for the cost of providing home and community-based alternative services under the federal waiver plan shall not exceed the cost of intermediate care services including day training and habilitation services that would have been provided without the waivered services.

Subd. 6. [RULES.] The commissioner shall adopt emergency and permanent rules to establish required controls, documentation, and reporting of services provided in order to assure proper administration of the approved waiver plan, and to establish policy and procedures to reduce duplicative efforts and unnecessary paperwork on the part of case managers.

Subd. 7. [SCREENING TEAMS ~~ESTABLISHED~~.] ~~(a) Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are entitled to the level of care provided by an intermediate care facility for persons with mental retardation or related conditions or for whom there is a reasonable indication that they might require the level of care provided by an intermediate care facility.~~ For persons with mental retardation or a related condition, screening teams shall be established which shall evaluate the need for the level of care provided by residential-based habilitation services, residential services, training and habilitation services, and nursing facility services. The evaluation shall address whether home and community-based services are appropriate for persons who are at risk of placement in an intermediate care facility for persons with mental retardation or related conditions, or for whom there is reasonable indication that they might require this level of care. The screening team shall make an evaluation of need within 15 working days of the date that the assessment *is completed* or within 60 working days of a request for service by a person with mental retardation or related conditions, whichever is the earlier, and within five working days of an emergency admission of ~~an individual~~ a person to an intermediate care facility for persons with mental retardation or related conditions. The screening team shall consist of the case manager for persons with mental retardation or related conditions, the ~~client~~ person, ~~a parent or~~ the person's legal guardian or conservator, or the parent if the person is a minor, and a qualified mental retardation professional, as defined in the Code of Federal Regulations, title 42, section 483.430, as amended through June 3, 1988. The case manager may also act as the qualified mental retardation professional if the case manager meets the federal definition. County social service agencies may contract with a public or private agency or individual who is not a service provider for the person for the public guardianship representation required by the screening or individual service ~~and habilitation~~ planning process. The contract

shall be limited to public guardianship representation for the screening and individual service ~~and habilitation~~ planning activities. The contract shall require compliance with the commissioner's instructions and may be for paid or voluntary services. For ~~individuals~~ persons determined to have overriding health care needs, a registered nurse must be designated as either the case manager or the qualified mental retardation professional. The case manager shall consult with the ~~client's~~ person's physician, other health professionals or other ~~persons~~ individuals as necessary to make this evaluation. The case manager, with the concurrence of the ~~client or the client's~~ person, the person's legal ~~representative~~ guardian or conservator, or the parent if the person is a minor, may invite other ~~persons~~ individuals to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case. Nothing in this section shall be construed as requiring the screening team meeting to be separate from the service planning meeting.

~~(b) In addition to the requirements of paragraph (a), the following conditions apply to the discharge of persons with mental retardation or a related condition from a regional treatment center:~~

~~(1) For a person under public guardianship, at least two weeks prior to each screening team meeting the case manager must notify in writing parents, near relatives, and the ombudsman established under section 245.92 or a designee, and invite them to attend. The notice to parents and near relatives must include: (i) notice of the provisions of section 252A.03, subdivision 4, regarding assistance to persons interested in assuming private guardianship; (ii) notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7); and (iii) information about advocacy services available to assist parents and near relatives of persons with mental retardation or related conditions. In the case of an emergency screening meeting, the notice must be provided as far in advance as practicable.~~

~~(2) Prior to the discharge, a screening must be conducted under subdivision 8 and a plan developed under subdivision 1a. For a person under public guardianship, the county shall encourage parents and near relatives to participate in the screening team meeting. The screening team shall consider the opinions of parents and near relatives in making its recommendations. The screening team shall determine that the services outlined in the plan are available in the community before recommending a discharge. The case manager shall provide a copy of the plan to the person, legal representative, parents, near relatives, the ombudsman established under section 245.92, and the protection and advocacy system established under United States Code, title 42, section 6042, at least 30 days prior to the date the proposed discharge is to occur. The information provided to parents and near relatives must include notice of the rights of parents and near relatives to object to a~~

~~proposed discharge by requesting a review as provided in clause (7). If a discharge occurs, the case manager and a staff person from the regional treatment center from which the person was discharged must conduct a monitoring visit as required in Minnesota Rules, part 9525.0115, within 90 days of discharge and provide an evaluation within 15 days of the visit to the person, legal representative, parents, near relatives, ombudsman, and the protection and advocacy system established under United States Code, title 42, section 6042.~~

~~(3) In order for a discharge or transfer from a regional treatment center to be approved, the concurrence of a majority of the screening team members is required. The screening team shall determine that the services outlined in the discharge plan are available and accessible in the community before the person is discharged. The recommendation of the screening team cannot be changed except by subsequent action of the team and is binding on the county and on the commissioner. If the commissioner or the county determines that the decision of the screening team is not in the best interests of the person, the commissioner or the county may seek judicial review of the screening team recommendation. A person or legal representative may appeal under section 256.045, subdivision 3 or 4a.~~

~~(4) For persons who have overriding health care needs or behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, the following additional conditions must be met:~~

~~(i) For a person with overriding health care needs, either a registered nurse or a licensed physician shall review the proposed community services to assure that the medical needs of the person have been planned for adequately. For purposes of this paragraph, "overriding health care needs" means a medical condition that requires daily clinical monitoring by a licensed registered nurse.~~

~~(ii) For a person with behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, a qualified mental retardation professional, as defined in paragraph (a), shall review the proposed community services to assure that the behavioral needs of the person have been planned for adequately. The qualified mental retardation professional must have at least one year of experience in the areas of assessment, planning, implementation, and monitoring of individual habilitation plans that have used behavior intervention techniques.~~

~~(5) No person with mental retardation or a related condition may be discharged from a regional treatment center before an appropriate community placement is available to receive the person.~~

~~(6) Effective July 1, 1991, a resident of a regional treatment~~

~~center may not be discharged to a community intermediate care facility with a licensed capacity of more than 15 beds. Effective July 1, 1993, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than ten beds.~~

~~(7) If the person, legal representative, parent, or near relative of the person proposed to be discharged from a regional treatment center objects to the proposed discharge, the individual who objects to the discharge may request a review under section 256.045, subdivision 4a, and may request reimbursement as allowed under section 256.045. The person must not be transferred from a regional treatment center while a review or appeal is pending. Within 30 days of the request for a review, the local agency shall conduct a conciliation conference and inform the individual who requested the review in writing of the action the local agency plans to take. The conciliation conference must be conducted in a manner consistent with section 256.045, subdivision 4a. A person, legal representative, parent, or near relative of the person proposed to be discharged who is not satisfied with the results of the conciliation conference may submit to the commissioner a written request for a hearing before a state human services referee under section 256.045, subdivision 4a. The person, legal representative, parent, or near relative of the person proposed to be discharged may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a notice of appeal on the commissioner and any adverse party of record within 30 days after the day the commissioner issued the order and by filing the original notice and proof of service with the court administrator of the district court. Judicial review must proceed under section 256.045, subdivisions 7 to 10. For a person under public guardianship, the ombudsman established under section 245.92 may object to a proposed discharge by requesting a review or hearing or by appealing to district court as provided in this clause. The person must not be transferred from a regional treatment center while a conciliation conference or appeal of the discharge is pending.~~

Subd. 8. [SCREENING TEAM DUTIES.] The screening team shall:

(a) review diagnostic data;

(b) review health, social, and developmental assessment data using a uniform screening tool specified by the commissioner;

(c) identify the level of services appropriate to maintain the person in the most normal and least restrictive setting that is consistent with the person's treatment needs;

(d) identify other noninstitutional public assistance or social service that may prevent or delay long-term residential placement;

(e) assess whether a ~~client~~ person is in need of long-term residential care;

(f) make recommendations regarding placement and payment for: (1) social service or public assistance support, or both, to maintain a ~~client~~ person in the ~~client's~~ person's own home or other place of residence; (2) training and habilitation service, vocational rehabilitation, and employment training activities; (3) community residential placement; (4) regional treatment center placement; or (5) a home and community-based service alternative to community residential placement or ~~state hospital~~ regional treatment center placement;

(g) evaluate the availability, location, and quality of the services listed in paragraph (f), including the impact of placement alternatives on the ~~client's~~ person's ability to maintain or improve existing patterns of contact and involvement with parents and other family members;

(h) identify the cost implications of recommendations in paragraph (f);

(i) make recommendations to a court as may be needed to assist the court in making ~~commitments~~ decisions regarding commitment of ~~mentally retarded~~ persons with mental retardation; and

(j) inform ~~clients~~ the person and the person's legal guardian or conservator, or the parent if the person is a minor, that appeal may be made to the commissioner pursuant to section 256.045.

Subd. 8a. [COUNTY CONCURRENCE.] (a) When a person has been screened and authorized for services in an intermediate care facility for persons with mental retardation or related conditions or for home and community-based services for persons with mental retardation or related conditions, the case manager shall assist that person in identifying a service provider who is able to meet the needs of the person according to the person's individual service plan. If the identified service is to be provided in a county other than the county of financial responsibility, the county of financial responsibility shall request concurrence of the county where the person is requesting to receive the identified services. The county of service may refuse to concur if:

(1) it can demonstrate that the provider is unable to provide the services identified in the person's individual service plan as services that are needed and are to be provided;

(2) in the case of an intermediate care facility for persons with mental retardation or related conditions, there has been no autho-

rization for admission by the admission review team as required in section 256B.0925; or

(3) in the case of home and community-based services for persons with mental retardation or related conditions, the county of service can demonstrate that the prospective provider has failed to substantially comply with the terms of a past contract or has had a prior contract terminated within the last 12 months for failure to provide adequate services, or has received a notice of intent to terminate the contract.

(b) The county of service shall notify the county of financial responsibility of concurrence or refusal to concur no later than 20 working days following receipt of the written request. Unless other mutually acceptable arrangements are made by the involved county agencies, the county of financial responsibility is responsible for costs of social services and the costs associated with the development and maintenance of the placement. The county of service may request that the county of financial responsibility purchase case management services from the county of service or from a contracted provider of case management when the county of financial responsibility is not providing case management as defined in section 256B.092 and rules adopted under that section, unless other mutually acceptable arrangements are made by the involved county agencies. Standards for payment limits under this section may be established by the commissioner. Financial disputes between counties shall be resolved as provided in section 256G.09.

Subd. 9. [REIMBURSEMENT.] Payment for services shall not be provided to a service provider for any ~~recipient~~ person placed in an intermediate care facility for persons with mental retardation or related conditions prior to the ~~recipient~~ person being screened by the screening team. The commissioner shall not deny reimbursement for: (a) ~~an individual~~ a person admitted to an intermediate care facility for persons with mental retardation or related conditions who is assessed to need long-term supportive services, if long-term supportive services other than intermediate care are not available in that community; (b) any ~~individual~~ person admitted to an intermediate care facility for persons with mental retardation or related conditions under emergency circumstances; (c) any eligible ~~individual~~ person placed in the intermediate care facility for persons with mental retardation or related conditions pending an appeal of the screening team's decision; or (d) any medical assistance recipient when, after full discussion of all appropriate alternatives including those that are expected to be less costly than intermediate care for persons with mental retardation or related conditions, the ~~individual~~ person or the ~~individual's~~ person's legal ~~representative~~ guardian or conservator, or the parent if the person is a minor, insists on intermediate care placement. The screening team shall provide documentation that the most cost effective alternatives available

were offered to this individual or the individual's legal ~~representative~~ guardian or conservator.

Subd. 10. [ADMISSION OF PERSONS TO AND DISCHARGE OF PERSONS FROM REGIONAL TREATMENT CENTERS.] (a) Prior to the admission of a person to a regional treatment center program for persons with mental retardation, the case manager shall make efforts to secure community-based alternatives. If these alternatives are rejected by the person, the person's legal guardian or conservator, or the county agency in favor of a regional treatment center placement, the case manager shall document the reasons why the alternatives were rejected.

(b) When discharge of a person from a regional treatment center to a community-based service is proposed, the case manager shall convene the screening team and in addition to members of the team identified in subdivision 7, the case manager shall invite to the meeting the person's parents and near relatives, and the ombudsman established under section 245.92 if the person is under public guardianship. The meeting shall be convened at a time and place that allows for participation of all team members and invited individuals who choose to attend. The notice of the meeting shall inform the person's parents and near relatives about the screening team process, and their right to request a review if they object to the discharge, and shall provide the names and functions of advocacy organizations, and information relating to assistance available to individuals interested in establishing private guardianships under the provisions of section 252A.03. The screening team meeting shall be conducted according to subdivisions 7 and 8. Discharge of the person shall not go forward without consensus of the screening team.

(c) The results of the screening team meeting and individual service plan developed according to subdivision 1b shall be used by the interdisciplinary team assembled in accordance with Code of Federal Regulations, title 42, section 483.440, to evaluate and make recommended modifications to the individual service plan as proposed. The individual service plan shall specify postplacement monitoring to be done by the case manager according to section 253B.15, subdivision 1a.

(d) Notice of the meeting of the interdisciplinary team assembled in accordance with Code of Federal Regulations, title 42, section 483.440, shall be sent to all team members 15 days prior to the meeting, along with a copy of the proposed individual service plan. The case manager shall request that proposed providers visit the person and observe the person's program at the regional treatment center prior to the discharge. Whenever possible, preplacement visits by the person to proposed service sites should also be scheduled in advance of the meeting. Members of the interdisciplinary team assembled for the purpose of discharge planning shall include

but not be limited to the case manager, the person, the person's legal guardian or conservator, parents and near relatives, the person's advocate, representatives of proposed community service providers, representatives of the regional treatment center residential and training and habilitation services, a registered nurse if the person has overriding medical needs that impact the delivery of services, and a qualified mental retardation professional specializing in behavior management if the person to be discharged has behaviors that may result in injury to self or others. The case manager may also invite other service providers who have expertise in an area related to specific service needs of the person to be discharged.

(e) The interdisciplinary team shall review the proposed plan to assure that it identifies service needs, availability of services, including support services, and the proposed providers' abilities to meet the service needs identified in the person's individual service plan. The interdisciplinary team shall review the most recent licensing reports of the proposed providers and corrective action taken by the proposed provider, if required. The interdisciplinary team shall review the current individual program plans for the person and agree to an interim individual program plan to be followed for the first 30 days in the person's new living arrangement. The interdisciplinary team may suggest revisions to the service plan, and all team suggestions shall be documented. If the person is to be discharged to a community intermediate care facility for persons with mental retardation or related conditions, the team shall give preference to facilities with a licensed capacity of 15 or fewer beds. Thirty days prior to the date of discharge, the case manager shall send a final copy of the service plan to all invited members of the team, the ombudsman, if the person is under public guardianship, and the advocacy system established under United States Code, title 42, section 6042.

(f) No discharge shall take place until disputes are resolved under section 256.045, subdivision 4a, or until a review by the commissioner is completed upon request of the chief executive officer or program director of the regional treatment center, or the county agency. For persons under public guardianship, the ombudsman may request a review or hearing under section 256.045. Notification schedules required under this subdivision may be waived by members of the team when judged urgent and with agreement of the parents or near relatives participating as members of the interdisciplinary team.

Sec. 45. [256B.0925] [ADMISSION REVIEW TEAM FOR ADMISSIONS TO INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.]

The admission review team shall document the factors that resulted in the decision to offer services to one qualified person over another. In cases of emergency, a review of the admission by the admission review team must occur within the first 14 days of placement.

Subd. 4. [INFORMATION FROM PROVIDER.] The provider must establish admission criteria based on the level of service that can be provided to persons seeking admission to that facility and must provide the admission review team with the following information:

The commissioner of jobs and training, in cooperation with the commissioner of human services, may make grants to fund demonstration projects designed to coordinate employability services at community support programs established under section 245.4712. Funds must be used to develop innovative programs to assist persons with serious and persistent mental illness in obtaining and retaining employment in the community. Grants are to be awarded on a request for proposal basis. Each grantee must submit as part of the application for funds a plan for evaluation of the proposed project by an outside consultant or agency.

Sec. 50. Minnesota Statutes 1990, section 462A.02, subdivision 13, is amended to read:

Subd. 13. Owners of existing residential housing occupied by renters shall be eligible for rehabilitation loans, only if, as a condition to the issuance of the loan, the owner agrees to conditions established by the agency in its rules relating to rental or other matters that will insure that the housing will be occupied by persons and families of low or moderate income. The agency shall require by rules that the owner give preference to those persons of low or moderate income who occupied the residential housing at the time of application for the loan.

Sec. 51. [RULE REVISION.]

The commissioner must revise Minnesota Rules, parts 9545.0900 to 9545.1090, which govern facilities that provide residential services for children with emotional handicaps. The rule revisions must be adopted within 12 months of the effective date of this section.

Sec. 52. [TASK FORCE TO STUDY INTEGRATED CHILDREN'S MENTAL HEALTH FUNDING.]

The commissioner of human services shall convene a task force to study the feasibility of establishing an integrated children's mental health fund. The task force shall consist of mental health professionals, county social services personnel, service providers, advocates, and parents of children who have experienced episodes of emotional disturbance. The task force shall also include representatives of the children's mental health subcommittee of the state advisory council and local coordinating councils established under Minnesota Statutes, sections 245.487 to 245.4887. The task force shall include the commissioners of education, health, and human services; two members of the senate; and two members of the house of representatives. The task force shall examine all possible county, state, and federal sources of funds for children's mental health with a view to designing an integrated children's mental health fund. The task force shall examine funding sources with a view to maximizing federal funding, and may consult with experts in the field, as necessary. The task force shall report back to the legislature by February 15, 1993, with its recommendations.

Sec. 53. [JOINT COMMITTEE ON SPECIALIZED CHILDREN'S MENTAL HEALTH RESOURCES.]

A joint committee on specialized children's mental health resources is established to study the need for specialized residential treatment programs for children with emotional disturbance who exhibit violent or destructive behavior and for whom local treatment programs are not feasible due to the small number of children who need the services and the specialized nature of the services required. The joint committee consists of two members of the senate and two members of house of representatives appointed under the rules of each house, two representatives of the children's mental health advisory committee appointed by the joint committee, representatives of the commissioners of the departments of human services, corrections, education, and health, and seven members appointed by the governor, including representatives of mental health advocacy organizations, counties, service providers, the juvenile court system, and other appropriate interests. The joint committee shall determine the estimated number of children who need specialized services and the extent to which these children are now being served in other states, and shall make recommendations for action that is needed to develop resources within Minnesota. The joint committee shall report to the legislature by December 1, 1991, with the joint committee's findings and recommendations on mech-

anisms by which the commissioner shall approve out-of-state placements of children for whom the commissioner is responsible for payment of a portion of specialized treatment costs. The joint committee is governed by Minnesota Statutes, section 15.059. The commissioner of human services shall provide staff support and supplies to the joint committee.

Sec. 54. [PILOT PROJECT FOR MENTAL HEALTH SERVICES DELIVERY SYSTEM.]

(a) Upon adoption of a resolution by the Dakota county board of commissioners, a pilot project shall be established to design and plan a mental health services delivery system that would reduce the number of commitments to regional treatment centers and improve service delivery to mentally ill persons. Dakota county will provide in-kind staff resources to study the monetary feasibility of implementing the plan, to match the appropriation of grant funds from the legislature.

(b) The pilot project will seek to maximize local community-based living and treatment alternatives for Dakota county residents who have serious and persistent mental illness, and to create a system by which residents committed for treatment pursuant to Minnesota Statutes, chapter 253B, would be committed to community facilities and programs.

(c) The pilot project will offer services that are more accessible and community-based and provide better coordination and linkage to other services and resources in the community or county than those that are currently provided.

(d) The pilot project will be implemented July 1, 1991. The planning process for implementation will continue during the 1992 fiscal year. The planning process will require that new services be developed, existing services be modified, and numerous legislative proposals be developed for presentation to the legislature in 1992.

Sec. 55. [INSTRUCTION TO REVISOR.]

Subdivision 1. The revisor of statutes shall renumber Minnesota Statutes, section 245.4886 as section 245.4887 and Minnesota Statutes, section 245.4887 as section 245.4888, and shall correct all relevant cross-references in Minnesota Statutes and Minnesota Rules.

Subd. 4. Section 45 is effective September 30, 1991.

Subd. 5. Section 53 is effective the day following final enactment.

ARTICLE 7

SAIL

Section 1. Minnesota Statutes 1990, section 144A.31, is amended to read:

144A.31 [INTERAGENCY ~~BOARD FOR QUALITY ASSURANCE~~ LONG-TERM CARE PLANNING COMMITTEE.]

Subdivision 1. [INTERAGENCY ~~BOARD~~ LONG-TERM CARE PLANNING COMMITTEE.] The commissioners of health and human services shall establish, by July 1, 1983, an interagency ~~board~~ committee of managerial employees of their respective departments who are knowledgeable and employed in the areas of long-term care, geriatric care, community services for the elderly, long-term care facility inspection, or quality of care assurance. The number of interagency ~~board~~ committee members shall not exceed ~~eight~~ twelve; ~~three~~ four members each to represent the commissioners of health and human services and one member each to represent the commissioners of state planning ~~and~~, housing finance, finance, and the chair of the Minnesota board on aging. ~~The board shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies.~~ The commissioner of human services and the commissioner of health or their designees shall annually alternate chairing and convening the ~~board~~ committee. The ~~board~~ committee may utilize the expertise and time of other individuals employed by ~~either~~ each department as needed. The ~~board~~ committee may recommend that the commissioners contract for services as

needed. The ~~board~~ committee shall meet as often as necessary to accomplish its duties, but at least quarterly. The ~~board~~ committee shall establish procedures, including public hearings, for allowing regular opportunities for input from ~~residents, nursing homes~~ consumers of long-term care services, advocates, trade associations, facility administrators, county agency administrators, and other interested persons.

~~Subd. 2. [INSPECTIONS.] No later than January 1, 1988, the board shall develop and recommend implementation and enforcement of an effective system to ensure quality of care in each nursing home in the state. Quality of care includes evaluating, using the resident's care plan, whether the resident's ability to function is optimized and should not be measured solely by the number or amount of services provided.~~

~~The board shall assist the commissioner of health in developing methods to ensure that inspections and reinspections of nursing homes are conducted with a frequency and in a manner calculated to most effectively and appropriately fulfill its quality assurance responsibilities and achieve the greatest benefit to nursing home residents. The board shall identify and recommend criteria and methods for identifying those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. The commissioner of health shall require a higher frequency and extent of inspections with respect to those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. These concerns include but are not limited to: complaints about care, safety, or rights; situations where previous inspections or reinspections have resulted in correction orders related to care, safety, or rights; instances of frequent change in administration in excess of normal turnover rates; and situations where persons involved in ownership or administration of the nursing home have been convicted of engaging in criminal activity. A nursing home that presents none of these concerns or any other concern or condition recommended by the board and established by the commissioner that poses a risk to resident care, safety, or rights shall be inspected once every two years for compliance with key requirements as determined by the board.~~

~~The board shall develop and recommend to the commissioners mechanisms beyond the inspection process to protect resident care, safety, and rights, including but not limited to coordination with the office of health facility complaints and the nursing home ombudsman program.~~

~~Subd. 3. [METHODS FOR DETERMINING RESIDENT CARE NEEDS.] The board shall develop and recommend to the commissioners definitions for levels of care and methods for determining resident care needs for implementation on July 1, 1985, in order to~~

~~adjust payments for resident care based on the mix of resident needs in a nursing home. The methods for determining resident care needs shall include assessments of ability to perform activities of daily living and assessments of medical and therapeutic needs.~~

Subd. 2a. [PLANNING AND COORDINATION.] The interagency committee shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The committee shall refine state long-term goals, establish performance indicators, and develop other methods or measures to evaluate program performance, including client outcomes. The committee shall review the effectiveness of programs in meeting their objectives.

Subd. 2b. [GOALS OF THE COMMITTEE.] The long-term goals of the committee are:

(1) to achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) to develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) to develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care; and

(4) to maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings.

These goals are designed to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources.

Subd. 4. [ENFORCEMENT.] The ~~board~~ committee shall develop and recommend for implementation effective methods of enforcing quality of care standards. The ~~board~~ committee shall develop and monitor, and the commissioner of human services shall implement, a resident relocation plan that instructs a county in which a nursing home or certified boarding care home is located of procedures to ensure that the needs of residents in nursing homes or certified boarding care homes about to be closed are met. The duties of a county under the relocation plan also apply when residents are to be discharged from a nursing home or certified boarding care home as a result of a change in certification, closure, or loss or termination of the facility's medical assistance provider agreement. The resident relocation plans and county duties required in this subdivision apply to the voluntary or involuntary closure, or reduction in services or

size of, an intermediate care facility for the mentally retarded. The relocation plan for intermediate care facilities for the mentally retarded must conform to Minnesota Rules, parts 4655.6810 to 4655.6830, 9525.0015 to 9525.0165, and 9546.0010 to 9546.0060, or their successors. The commissioners of health and human services may waive a portion of existing rules that the commissioners determine does not apply to persons with mental retardation or related conditions. The county shall ensure appropriate placement of residents in licensed and certified facilities or other alternative care such as home health care and foster care placement. In preparing for relocation, the ~~board~~ committee shall ensure that residents and their families or guardians are involved in planning the relocation.

Subd. 5. [REPORTS.] The ~~board~~ committee shall prepare a biennial report and the commissioners of health and human services shall deliver this report to the legislature ~~no later than January 15, 1984, on the board's proposals and progress on implementation of the methods required under subdivision 2~~ beginning January 31, 1993, listing progress, achievements, and current goals and objectives. The commissioners shall recommend changes in or additions to legislation necessary or desirable to fulfill their responsibilities. ~~The board shall prepare an annual report and the commissioners shall deliver this report annually to the legislature, beginning in January 1985, on the implementation of the provisions of this section.~~

Subd. 6. [DATA.] The interagency ~~board may~~ committee shall have access to data from the commissioners of health, human services, ~~and public safety~~ housing finance, and state planning for carrying out its duties under this section. The commissioner of health and the commissioner of human services may each have access to data on persons, including data on vendors of services, from the other to carry out the purposes of this section. If the interagency ~~board~~ committee, the commissioner of health, or the commissioner of human services receives data on persons, including data on vendors of services, that is collected, maintained, used or disseminated in an investigation, authorized by statute and relating to enforcement of rules or law, the ~~board~~ committee or the commissioner shall not disclose that information except:

(a) pursuant to section 13.05;

(b) pursuant to statute or valid court order; or

(c) to a party named in a civil or criminal proceeding, administrative or judicial, for preparation of defense.

Data described in this subdivision is classified as public data upon its submission to an administrative law judge or court in an administrative or judicial proceeding.

Subd. 7. [LONG-TERM CARE RESEARCH AND DATABASE.] The interagency long-term care planning committee shall collect and analyze state and national long-term care data and research, including relevant health data and information and research relating to long-term care and social needs, service utilization, costs, and client outcomes. The committee shall make recommendations to state agencies and other public and private agencies for methods of improving coordination of existing data, develop data needed for long-term care research, and promote new research activities. Research and data activities must be designed to:

(1) improve the validity and reliability of existing data and research information;

(2) identify sources of funding and potential uses of funding sources;

(3) evaluate the effectiveness and client outcomes of existing programs; and

(4) identify and plan for future changes in the number, level, and type of services needed by seniors.

Sec. 2. Minnesota Statutes 1990, section 144A.46, subdivision 4, is amended to read:

Subd. 4. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 144A.43 to 144A.49, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 144A.44. ~~For home care providers certified under the Medicare program, the state standards must not be inconsistent with the Medicare standards for Medicare services.~~ The commissioner of health shall not require a home care provider certified under the Medicare program to comply with a rule adopted under section 144A.45 if the home care provider is required to comply with any equivalent federal law or regulation relating to the same subject matter. The commissioner of health shall specify in the rules those provisions that are not applicable to certified home care providers. To the extent possible, the commissioner shall coordinate the inspections required under sections 144A.45 to 144A.48 with the health facility licensure inspections required under sections 144.50 to 144.58 or 144A.10 when the health care facility is also licensed under the provisions of Laws 1987, chapter 378.

Sec. 3. Minnesota Statutes 1990, section 198.007, is amended to read:

198.007 [QUALITY ASSURANCE.]

The board shall create a utilization review committee for each home comprised of the appropriate professionals employed by or under contract to the home. The committee shall use the case-mix system established under section 144.072 to assess the appropriateness and quality of care and services provided residents of the homes.

The board shall create an admissions committee for each home comprised of the appropriate professionals employed by or under contract to each home and adopt a preadmission screening program~~, such as the one established under section 256B.091~~, for all applicants for admission to the homes who may require nursing or boarding care, taking into account the eligibility requirements in section 198.022, the admissions criteria established by board rules, and the availability of space in the homes.

Subd. 2. [SKILLED AND INTERMEDIATE NURSING CARE.] Medical assistance covers skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 252.41, subdivision 3, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562, unless (a) the facility in which the swing bed is located is eligible as a sole community provider, as defined in Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital owned by a governmental entity with 15 or fewer licensed acute care beds; (b) the health care financing administration approves the necessary state plan amendments; (c) the patient was screened as provided ~~in section 256B.091~~ by law; (d) the patient no longer requires acute care services; and (e) no nursing home beds are available within 25 miles of the facility. The daily medical assistance payment for nursing care for the patient in the swing bed is the statewide average medical assistance skilled nursing care per diem as computed annually by the commissioner on July 1 of each year.

Sec. 6. Minnesota Statutes 1990, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be available to all residents in all areas of

the nursing home and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of $100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home.

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance or refusal to purchase special services. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that

the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately or an applicant's refusal to pay for a special service.

The collection and use by a nursing home of financial information of any applicant pursuant to ~~the~~ a preadmission screening program established by ~~section 256B.091~~ law shall not raise an inference that the nursing home is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing home except as payment for renting or leasing space or equipment or purchasing support services from the nursing home as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing homes and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures

charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing home or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing home is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing home to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing home.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Subd. 8. [REPORT.] By January 1, 1993, the Minnesota board on aging shall submit a report to the legislature evaluating the programs. The report must document the project costs and outcomes that helped delay or prevent nursing home placement. The report

must describe steps taken for quality assurance and must also include recommendations based on the project findings.

Sec. 8. Minnesota Statutes 1990, section 256B.04, subdivision 16, is amended to read:

Subd. 16. [PERSONAL CARE SERVICES.] (a) ~~The commissioner shall adopt permanent rules to implement, administer, and operate personal care services. The rules must incorporate the standards and requirements adopted by the commissioner of health under section 144A.45 which are applicable to the provision of personal care.~~ Notwithstanding any contrary language in this paragraph, the commissioner of human services and the commissioner of health shall jointly promulgate rules to be applied to the licensure of personal care services provided under the medical assistance program. The rules shall consider standards for personal care services that are based on the World Institute on Disability's recommendations regarding personal care services. These rules shall at a minimum consider the standards and requirements adopted by the commissioner of health under section 144A.45, which the commissioner of human services determines are applicable to the provision of personal care services, in addition to other standards or modifications which the commissioner of human services determines are appropriate.

The commissioner of human services shall establish an advisory group including personal care consumers and providers to provide advice regarding which standards or modifications should be adopted. The advisory group membership must include not less than 15 members, of which at least 60 percent must be consumers of personal care services and representatives of recipients with various disabilities and diagnoses and ages. At least 51 percent of the members of the advisory group must be recipients of personal care.

The commissioner of human services may contract with the commissioner of health to enforce the jointly promulgated licensure rules for personal care service providers.

Prior to final promulgation of the joint rule the commissioner of human services shall report preliminary findings along with any comments of the advisory group and a plan for monitoring and enforcement by the department of health to the legislature by February 15, 1992.

Limits on the extent of personal care services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by the registered nurse supervising the personal care assistant;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

(b) ~~For personal care assistants under contract with an agency under paragraph (a), the provision of training and supervision by the agency does not create an employment relationship.~~ The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county.

Sec. 9. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 6a. [HOME HEALTH SERVICES.] Home health services are those services specified in Minnesota Rules, part 9505.0290. Medical assistance covers home health services at a recipient's home residence. Medical assistance does not cover home health services at a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, unless the commissioner has prior authorized skilled nurse visits for less than 90 days for a resident at an intermediate care facility for persons with mental retardation, to prevent an admission to a hospital or nursing facility. Home health services must be provided by a Medicare certified home health agency. All nursing and home health aide services must be provided according to section 256B.0627.

Sec. 10. Minnesota Statutes 1990, section 256B.0625, subdivision 7, is amended to read:

Subd. 7. [PRIVATE DUTY NURSING.] Medical assistance covers private duty nursing services in a recipient's home. Recipients who are authorized to receive private duty nursing services in their home may use approved hours outside of the home during hours when normal life activities take them outside of their home and when, without the provision of private duty nursing, their health and safety would be jeopardized. Medical assistance does not cover private duty nursing services at a hospital, nursing facility, inter-

mediate care facility, or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed in an in-home setting according to section 256B.0627. All private duty nursing services must be provided according to the limits established under section 256B.0627. Private duty nursing services may not be reimbursed if the nurse is the spouse of the recipient or the parent or foster care provider of a recipient who is under age 18, or the recipient's legal guardian.

Sec. 11. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 19a. [PERSONAL CARE SERVICES.] Medical assistance covers personal care services in a recipient's home. Recipients who can direct their own care, or persons who cannot direct their own care when accompanied by the responsible party, may use approved hours outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Medical assistance does not cover personal care services at a hospital, nursing facility, intermediate care facility or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. All personal care services must be provided according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient or the parent of a recipient under age 18, the responsible party, the foster care provider of a recipient who cannot direct their own care or the recipient's legal guardian. Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627.

The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under paragraph (c), clause (2), may have a reasonable amount of time to arrange for waivered services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be transitioned to the limits established under paragraph (c), clause (2), on or before April 1, 1992.

~~(e)~~ (e) [~~LEVEL II HOME CARE~~ ASSESSMENT AND CARE PLAN.] ~~If the services in the recipient's home care plan exceed $800 for more than 30 days, a public health nurse from the local preadmission screening team shall determine the recipient's maximum level of home care according to this paragraph.~~ The home care provider shall conduct an assessment and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other

information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries.

~~(1)~~ (f) [PRIOR AUTHORIZATION.] The ~~public health nurse from the local preadmission screening team shall base the determination of the recipient's maximum level of care on the need and eligibility of the recipient for one of the following placements~~ commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. (l) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options.

(2) [PERSONAL CARE SERVICES.] (i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's case mix level;

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs;

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have complex behaviors;

(iii) The case mix level shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The forms shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if they require:

(A) daily tube feedings;

Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are applying for

home care services under the community alternative care program developed under section 256B.49, or until it is determined that a health benefit plan is required to pay for medically necessary nursing services. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

~~(3)~~ (4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ~~eligible under clause (1)(ii)~~ ventilator-dependent, the monthly medical assistance ~~reimbursement~~ authorization for home care services shall not exceed the monthly cost of care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

~~(4) If the recipient is not eligible under either clause (1)(i) or (1)(ii), the monthly medical assistance reimbursement for home care services shall not exceed the total monthly statewide average payment for the case mix classification most appropriate to the recipient. The case mix classification is established under section 256B.431.~~

~~(5) The determination of the recipient's maximum level of home care by the public health nurse is called a home care cost assessment. The home care cost assessment must be requested by the home care provider before the end of the first 30 days of provided service and must be conducted by the public health nurse within ten working days following request.~~

~~(6) A home care provider shall request a new home care cost assessment when the needs of the individual have changed enough to require that a revised care plan be implemented that will increase costs beyond what was approved by the previous home care cost assessment and the change is anticipated to last for more than 30 days. The home care provider must request the home care cost assessment before the end of the first 30 days of provided service. Whenever a home care cost assessment is completed, the public health nurse that completes the home care cost assessment, in consultation with the home care provider,~~

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a ~~home care cost assessment~~ prior authorization shall remain valid. If the recipient continues to require home care services beyond the ~~limited~~ duration of the ~~home care cost assessment~~ prior authorization, the home care provider must request a

~~reassessment through the home care cost assessment~~ new prior authorization through the process described above. Under no circumstances shall a ~~home care cost assessment~~ prior authorization be valid for more than 12 months.

~~(7) Reimbursement for the home care cost assessment shall be made through the Medicaid administrative authority. The state shall pay the nonfederal share.~~

(h) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

~~(d) [LEVEL III HOME CARE.] If the home care provider determines that the recipient's needs exceed the amount approved for the appropriate level of care as determined in paragraph (c), the home care provider may refer the case to the department for a level III determination. Based on the client needs, physician orders, diagnosis, condition, and plan of care, the department may give prior approval for care that exceeds level II described in paragraph (c). The amount approved shall not exceed the maximum cost for the appropriate level of care as determined in paragraph (c), clause (1), which will be the maximum ICF/MR rate for intermediate care facilities for persons with mental retardation or related conditions, or the maximum nursing home case mix payment, or the highest hospital cost for the state.~~

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] The department has 30 days from receipt of the request to complete the ~~level III determination~~ prior authorization, during which time it may approve ~~the higher level while reviewing the case~~ a temporary level of home care service. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner.

~~Case reviews or approval of home care services in levels II and III may result in assignment of a case manager.~~

~~(e)~~ (j) [PRIOR ~~APPROVAL~~ AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] ~~Any~~ Home care ~~service~~ services provided in an adult or child foster care setting must receive prior ~~approval~~ authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(4) home care services when the number of foster care residents is greater than four; or

(5) home care services when combined with foster care payments, less the base rate, that exceed the total amount that medical assistance would pay for the recipient's care in a medical institution.

Subd. 6. [RECOVERY OF EXCESSIVE PAYMENTS.] The commissioner shall seek monetary recovery from providers of payments made for services which exceed the limits established in this section.

Sec. 13. [256B.0628] [PRIOR AUTHORIZATION AND REVIEW OF HOME CARE SERVICES.]

Subdivision 1. [STATE COORDINATION.] The commissioner shall supervise the coordination of the prior authorization and review of home care services that are reimbursed by medical assistance.

Subd. 2. [CONTRACTOR DUTIES.] (a) The commissioner may contract with qualified registered nurses, or qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. The contractor must:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) assure that a care plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) assure cost-effectiveness of medical assistance home care services;

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner.

(c) In addition, the contractor may be requested by the commissioner to:

(1) review care plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals to the commissioner or other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 14. [256B.0911] [NURSING HOME PREADMISSION SCREENING.]

Subdivision 1. [PURPOSE AND GOAL.] The purpose of the preadmission screening program is to prevent or delay certified nursing facility placements by assessing applicants and residents and offering cost-effective alternatives appropriate for the person's needs. Further, the goal of the program is to contain costs associated

with unnecessary certified nursing facility admissions. The commissioners of human services and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the funding available.

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities;

(3) individuals whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team prior to admission and provides an update to the screening team on the 30th day after admission;

(4) individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; or

(5) individuals who are screened by another state within three months before admission to a certified nursing facility.

Regardless of the exemptions in clauses (2) to (4), persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law Number 101-508.

Persons transferred from an acute care facility to a certified nursing facility may be admitted to the nursing facility before screening, if authorized by the county agency; however, the person must be screened within ten working days after the admission.

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county agencies. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Subd. 4. [RESPONSIBILITIES OF THE COUNTY AGENCY AND THE SCREENING TEAM.] (a) The county agency shall:

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) determine if the individual screened needs nursing facility level of care;

(5) assess active treatment needs in cooperation with:

(i) a qualified mental health professional for persons with a primary or secondary diagnosis of mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(6) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(7) make recommendations for individuals screened regarding nursing home placement when there are no cost-effective community services available;

(8) develop an individual's community care plan and provide follow-up services as needed; and

(9) prepare and submit reports that may be required by the commissioner of human services.

The county agency may determine in cooperation with the local board of health that the public health nursing agency of the local board of health is the lead agency which is responsible for all of the activities above except clause (5).

(b) The screening team shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative. For purposes of this section, "cost-effective alternatives" means community services and living arrangements that cost the same or less than nursing facility care.

The screening shall be conducted within ten working days after the date of referral or, for those approved for transfer from an acute care facility to a certified nursing facility, within ten working days after admission to the nursing facility. For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include the screening team or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. The screening team or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.

Local screening teams shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The screening team shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Subd. 5. [SIMPLIFICATION OF FORMS.] The commissioner shall minimize the number of forms required in the preadmission screening process and shall limit the screening document to items necessary for care plan approval, reimbursement, program planning, evaluation, and policy development.

Subd. 6. [REIMBURSEMENT FOR PREADMISSION SCREENING.] (a) The total screening cost for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must

be determined by dividing the county's estimate of the total annual cost of screenings allowed in the county for the following rate year by 12 to determine the monthly cost estimate and allocating the monthly cost estimate to each nursing facility based on the number of licensed beds in the nursing facility.

(b) The rate allowed for a screening where two team members are present shall be the actual costs up to $195. The rate allowed for a screening where only one team member is present shall be the actual costs up to $117. Annually on July 1, the commissioner shall adjust the rate up to the percentage change forecast in the fourth quarter of the prior calendar year by the Home Health Agency Market Basket of Operating Costs, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc.

(c) The monthly cost estimate for each certified nursing facility must be submitted to the state by the county no later than February 15 of each year for inclusion in the nursing facility's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing facility as an operating cost of that nursing facility in accordance with section 256B.431, subdivision 2b, paragraph (g). The monthly cost estimates approved by the commissioner must be sent to the nursing facility by the county no later than April 15 of each year.

(d) If in more than ten percent of the total number of screenings performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent.

(e) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams.

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screening team has determined does not meet the level of care criteria for nursing facility placement.

An individual has a choice and makes the final decision between

nursing facility placement and community placement after the screening team's recommendation. However, the local county mental health authority or the local mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or does need active treatment as defined in Public Law Numbers 100-203 and 101-508.

Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.

Subd. 8. [ADVISORY COMMITTEE.] The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home- and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than 20 people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.

Sec. 15. [256B.0913] [ALTERNATIVE CARE PROGRAM.]

Subdivision 1. [PURPOSE AND GOALS.] The purpose of the alternative care program is to provide funding for or access to home and community-based services for frail elderly persons, in order to limit nursing facility placements. The program is designed to support frail elderly persons in their desire to remain in the community as independently and as long as possible and to support informal caregivers in their efforts to provide care for frail elderly people. Further, the goals of the program are:

(1) to contain medical assistance expenditures by providing care in the community at a cost the same or less than nursing facility costs; and

(2) to maintain the moratorium on new construction of nursing home beds.

Subd. 2. [ELIGIBILITY FOR SERVICES.] Alternative care services are available to all frail older Minnesotans. This includes:

(1) persons who are receiving medical assistance and served under the medical assistance program or the Medicaid waiver program;

(2) persons who would be eligible for medical assistance within 180 days of admission to a nursing facility and served under subdivisions 4 to 13; and

(3) persons who are paying for their services out-of-pocket.

Subd. 3. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR MEDICAL ASSISTANCE RECIPIENTS.] Funding for services for persons who are eligible for medical assistance is available under section 256B.0627, governing home care services, or 256B.0915, governing the Medicaid waiver for home and community-based services.

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 80 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding, are called 180-day eligible clients.

(c) The average payment for nursing facility care shall be the statewide monthly average nursing facility rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide

average monthly income of nursing facility residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

(1) adult foster care;

(2) adult day care;

(3) home health aide;

(4) homemaker services;

(5) personal care;

(6) case management;

(7) respite care;

(8) assisted living; and

(9) care-related supplies and equipment.

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, companion services, nutrition services, and training for direct informal caregivers. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993,

including any recommendations regarding provision of the additional services.

(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons or agencies employed by or contracted with the county agency or the public health nursing agency of the local board of health.

(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) Costs for supplies and equipment that exceed $150 per item per month must have prior approval from the commissioner.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care grant clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care grant clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not

perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Subd. 6. [ALTERNATIVE CARE PROGRAM ADMINISTRATION.] The alternative care program is administered by the county agency. This agency is the lead agency responsible for the local administration of the alternative care program as described in this section. However, it may contract with the public health nursing service to be the lead agency.

Subd. 7. [CASE MANAGEMENT.] The lead agency shall appoint a social worker from the county agency or a registered nurse from the county public health nursing service of the local board of health to be the case manager for any person receiving services funded by the alternative care program. The case manager must ensure the health and safety of the individual client and is responsible for the cost effectiveness of the alternative care individual care plan.

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation

liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private.

Subd. 9. [CONTRACTING PROVISIONS FOR PROVIDERS.] The lead agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care program, including a minimum of 14 days' written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection. The lead agency shall also document to the commissioner that the agency allowed potential providers an opportunity to be selected to contract with the county agency. Funds reimbursed to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The lead agency must select providers for contracts or agreements using the following criteria and other criteria established by the county:

(1) the need for the particular services offered by the provider;

(2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;

(3) the geographic area to be served;

(4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;

(5) rates for each service and unit of service exclusive of county administrative costs;

(6) evaluation of services previously delivered by the provider; and

(7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

Subd. 10. [ALLOCATION FORMULA.] (a) The alternative care appropriation for fiscal years 1992 and beyond shall cover only 180-day eligible clients.

(b) Prior to July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2. The allocation for fiscal year 1992 shall be calculated using a base that is adjusted to exclude the medical assistance share of alternative care expenditures. The adjusted base is calculated by multiplying each county's allocation for fiscal year 1991 by the percentage of county alternative care expenditures for 180-day eligible clients. The percentage is determined based on expenditures for services rendered in fiscal year 1989 or calendar year 1989, whichever is greater.

(c) If the county expenditures for 180-day eligible clients are 95 percent or more of its adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.

(d) If the county expenditures for 180-day eligible clients are less than 95 percent of its adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.

(e) For fiscal year 1992 only, a county under paragraph (d) may receive an increased allocation if annualized service costs for the month of May 1991 for 180-day eligible clients are greater than the allocation otherwise determined. A county may apply for this increase by reporting projected expenditures for May to the commissioner by June 1, 1991. The amount of the allocation may exceed the amount calculated in paragraph (c). The projected expenditures for May must be based on actual 180-day eligible client caseload and the individual cost of clients' care plans. If a county does not report its expenditures for May, the amount in paragraph (d) shall be used.

(f) Calculations for paragraphs (c) and (d) are to be made as follows: for each county, the determination of expenditures shall be based on payments for services rendered from April 1 through March 31 in the base year, to the extent that claims have been submitted by June 1 of that year.

Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations deter-

mined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) Of the remaining targeted funds:

(1) 20 percent shall be reserved for SAIL projects as described in section 256B.0917;

(2) 40 percent shall be reserved to supplement the alternative care grants program and shall be distributed to counties that apply for them according to the following criteria:

(i) Counties shall be ranked from high to low according to their need for long-term care services by multiplying the statewide utilization rate of licensed nursing homes and boarding care homes times the projected numerical change in the county's population 85 years old and over for the period 1990 to 2000, and then dividing by the number of licensed nursing home and boarding care home beds in the county. For the purposes of this section, population counts and projections shall be based on the state demographer's data and the count of licensed nursing home beds and boarding care home beds shall be the count found in the most recently published edition of the health care facilities directory of the department of health. For the purposes of this section, "utilization rate" means the proportion of persons 85 years of age and older in a county who are residing in a licensed nursing home or boarding care home according to the most recent information available from the department of health.

(ii) The projected number of additional nursing home and boarding care home beds that would be needed in each county in the absence of an alternative care program shall be calculated by multiplying the utilization rate times the projected numerical change in the county's population 85 years of age and older for the period 1990 to 2000.

(iii) All targeted funds available under this clause shall be allocated to counties by multiplying one-eighth times the number of beds projected in item (ii) times the statewide average cost of one alternative care grant client for the most recent full year for which complete cost data is available, beginning with the top-ranked county as found in item (i) and continuing down the list of counties in rank order until the funds are exhausted; and

(3) 40 percent shall be distributed to counties that can justify program growth by demonstrating the existence of alternative care waiting lists, demographically justified needs, or other unmet needs and to counties that propose innovative, cost-effective projects to divert community residents from nursing home placement or to relocate nursing home residents to community living. Projects must contribute to the state's overall goals and objectives for long-term care.

(d) Counties that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) If the commissioner does not approve a county's application for targeted funds, the funds shall be reallocated to the next ranking county according to paragraph (c), clause (2), that has not yet received funds. Counties that receive such reallocated funds must comply with this section.

(f) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(g) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

Subd. 12. [CLIENT PREMIUMS.] A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The commissioner shall establish a premium schedule ranging from $25 to $75 per month based on the client's income and assets. Until July 1, 1993, the schedule is not subject to chapter 14. The commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form. The commissioner shall adopt a permanent rule governing client premiums by July 1, 1993.

Subd. 13. [COUNTY ALTERNATIVE CARE BIENNIAL PLAN.] The commissioner shall establish by rule, in accordance with chapter 14, procedures for the submittal and approval of a biennial county plan for the administration of the alternative care program and the coordination with other planning processes for the older adult. In addition to the procedures in rule, this county biennial plan shall also include:

(1) information on the administration of the preadmission screening program;

(2) information on the administration of the home and community-based services waiver under section 256B.0915;

(3) an application for targeted funds under subdivision 10; and

(4) an optional notice of intent to apply to participate in the long-term care projects under section 256B.0917.

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 90 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) The commissioner shall reduce the county's reimbursement by the amount of the premium due from each individual as reported by the preadmission screening team at the case opening and by the case manager at each six-month reassessment.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) Annually on July 1, the commissioner must adjust the rates allowed for alternative care services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

Sec. 16. [256B.0915] [MEDICAID WAIVER FOR HOME AND COMMUNITY-BASED SERVICES.]

Subdivision 1. [AUTHORITY.] The commissioner is authorized to apply for a home and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous

to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waivered services to medical assistance recipients must comply with the criteria approved in the waiver.

Subd. 2. [SPOUSAL IMPOVERISHMENT POLICIES.] The commissioner shall seek to amend the federal waiver and the medical assistance state plan to allow spousal impoverishment criteria as authorized in Code of Federal Regulations, title 42, section 435.726(1924), and as implemented in sections 256B.0575, 256B.058, and 256B.059 to be applied to persons who are served on the home and community-based services waiver.

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waivered services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide monthly average nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waivered services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over $150 per month must have the commissioner's prior approval.

(e) Annually on July 1, the commissioner must adjust the rates allowed for services by the forecasted percentage change in the

Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 17. [256B.0917] [SENIORS' AGENDA FOR INDEPENDENT LIVING (SAIL) PROJECTS FOR A NEW LONG-TERM CARE STRATEGY.]

Subdivision 1. [PURPOSE, MISSION, GOALS, AND OBJECTIVES.] (a) The purpose of implementing seniors' agenda for independent living (SAIL) projects under this section is to demonstrate a new cooperative strategy for the long-term care system in the state of Minnesota. The projects are part of the initial biennial plan for a 20-year strategy. The mission of the 20-year strategy is to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

(1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care;

(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings; and

(5) build a community-based approach and community commit-

ment to delivering long-term care services for elderly persons in their homes.

(b) The objective for the fiscal years 1992 and 1993 biennial plan is to implement at least four but not more than six projects in anticipation of a statewide program. These projects will begin the process of implementing: (1) a coordinated planning and administrative process; (2) a refocused function of the preadmission screening program; (3) the development of additional home, community, and residential alternatives to nursing homes; (4) a program to support the informal caregivers for elderly persons; (5) programs to strengthen the use of volunteers; and (6) programs to support the building of community commitment to provide long-term care for elderly persons. This is done in conjunction with an expanded role of the interagency long-term care planning committee as described in section 144A.31. The services offered through these projects will be available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, the county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area must establish a local long-term care coordinating team which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Social Security Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act;

(4) ensuring efficient services provision and nonduplication of funding; and

(5) designating a local lead agency and cooperating agencies to implement the local strategy. For purposes of this section, the local lead agency shall be a county agency, a public health nursing service under the local board of health, or an area agency on aging. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must evaluate the success of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(c) The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(d) The local long-term care coordinating team shall apply to be selected as a project. Once the team is selected as a project, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(e) Projects shall be selected according to the following conditions:

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation

with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.

(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization – high growth, type 2 is high utilization – high growth, type 3 is high utilization – low growth, and type 4 is low utilization – low growth. Each county or group of counties making a proposal shall be assigned to one of these types.

(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph 3, *item (iii), with* available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b),

clause (3) and for service developers and incentive grants in subdivision 5, paragraphs (b) and (c).

(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects.

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need

assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (e), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to assure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993;

(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and

(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.

(d) Any information and referral functions funded by other sources, such as Title III and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to assure access to information for persons needing help and information regarding long-term care.

(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment.

(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager. The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to assure that federal regulations and waiver provisions are met. For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.

(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

(h) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(1) expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;

(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(3) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(4) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(5) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alterna-

tive care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Subd. 6. [STATEWIDE CAREGIVER SUPPORT AND RESPITE CARE RESOURCE CENTER; CAREGIVER SUPPORT AND RESPITE CARE PROJECTS.] (a) The commissioner shall establish and maintain a statewide resource center for caregiver support and respite care. The resource center shall:

(1) provide information, technical assistance, and training statewide to county agencies and organizations on direct service models of caregiver support and respite care services;

(2) identify and address issues, concerns, and gaps in the statewide network for caregiver support and respite care;

(3) maintain a statewide caregiver support and respite care directory;

(4) educate caregivers on the availability and use of caregiver and respite care services;

(5) promote and expand caregiver training and support groups using existing networks when possible; and

(6) apply for and manage grants related to caregiver support and respite care.

(b) The commissioner shall establish up to 36 projects to expand the respite care network in the state and to support caregivers in their responsibilities for care. The purpose of each project shall be to:

(1) establish a local coordinated network of volunteer and paid respite workers;

(2) coordinate assignment of respite workers to clients and care receivers and assure the health and safety of the client; and

(3) provide training for caregivers and ensure that support groups are available in the community.

(c) The caregiver support and respite care funds shall be available to the four to six local long-term care strategy projects designated in subdivisions 1 to 5.

(d) The commissioner shall publish a notice in the State Register to solicit proposals from public or private nonprofit agencies for the projects not included in the four to six local long-term care strategy projects defined in subdivision 2. A county agency may, alone or in combination with other county agencies, apply for caregiver support and respite care project funds. A public or nonprofit agency may apply for project funds if the agency has a letter of agreement with the county or counties in which services will be developed, stating the intention of the county or counties to coordinate their activities with the agency requesting a grant.

(e) The commissioner shall select grantees based on the following criteria:

(1) the ability of the proposal to demonstrate need in the area served, as evidenced by a community needs assessment or other demographic data;

(2) the ability of the proposal to clearly describe how the project will achieve the purpose defined in paragraph (b);

(3) the ability of the proposal to reach underserved populations;

(4) the ability of the proposal to demonstrate community commitment to the project, as evidenced by letters of support and cooperation as well as formation of a community task force;

(5) the ability of the proposal to clearly describe the process for recruiting, training, and retraining volunteers; and

(6) the inclusion in the proposal of the plan to promote the project in the community, including outreach to persons needing the services.

(f) Funds for all projects under this subdivision may be used to:

(1) hire a coordinator to develop a coordinated network of volunteer and paid respite care services and assign workers to clients;

(2) recruit and train volunteer providers;

(3) train caregivers;

(4) ensure the development of support groups for caregivers;

(5) advertise the availability of the caregiver support and respite care project; and

(6) purchase equipment to maintain a system of assigning workers to clients.

(g) Project funds may not be used to supplant existing funding sources.

(h) An advisory committee shall be appointed to advise the caregiver support project on the development and implementation of the caregiver support and respite care services projects. The advisory committee shall review procedures and provide advice and technical assistance to the caregiver support project regarding the grant program established under this section. The advisory committee shall consist of not more than 12 people appointed by the commissioner and shall be comprised of representatives from public and private agencies, service providers and consumers from all areas of the state. Members of the advisory committee shall not be compensated for service.

Subd. 7. [CONTRACT.] The commissioner of human services shall execute a contract with an organization experienced in establishing and operating community-based programs that have used the principles listed in subdivision 8, paragraph (b), in order to meet the independent living and health needs of senior citizens aged 65 and over and provide community-based long-term care for senior citizens in their homes. The organization awarded the contract shall:

(1) assist the commissioner in developing criteria for and in awarding grants to establish community-based organizations that will implement living-at-home/block nurse programs throughout the state;

(2) assist the commissioner in awarding grants to enable current living-at-home/block nurse programs to implement the combined living-at-home/block nurse program model;

(3) serve as a state technical assistance center to assist and coordinate the living-at-home/block nurse programs established; and

(4) develop the implementation plan required by subdivision 10.

Subd. 8. [LIVING-AT-HOME/BLOCK NURSE PROGRAM GRANT.] (a) The commissioner, in cooperation with the organization awarded the contract under subdivision 7, shall develop and administer a grant program to establish seven to ten community-based organizations that will implement living-at-home/block nurse programs that are designed to enable senior citizens to live as

independently as possible in their homes and in their communities. Up to seven of the programs must be in counties outside the seven-county metropolitan area. The living-at-home/block nurse program funds shall be available to the four to six SAIL projects established under this section. Nonprofit organizations and units of local government are eligible to apply for grants to establish the community organizations that will implement living-at-home/block nurse programs. In awarding grants, the commissioner shall give preference to nonprofit organizations and units of local government from communities that:

(1) have high nursing home occupancy rates;

(2) have a shortage of health care professionals; and

(3) meet other criteria established by the commissioner, in consultation with the organization under contract.

(b) Grant applicants must also meet the following criteria:

(1) the local community demonstrates a readiness to establish a community model of care, including the formation of a board of directors, advisory committee, or similar group, of which at least two-thirds is comprised of community citizens interested in community-based care for older persons;

(2) the program has sponsorship by a credible, representative organization within the community;

(3) the program has defined specific geographic boundaries and defined its organization, staffing and coordination/delivery of services;

(4) the program demonstrates a team approach to coordination and care, ensuring that the older adult participants, their families, the formal and informal providers are all part of the effort to plan and provide services; and

(5) the program provides assurances that all community resources and funding will be coordinated and that other funding sources will be maximized, including a person's own resources.

(c) Grant applicants must provide a minimum of five percent of total estimated development costs from local community funding. Grants shall be awarded for two-year periods, and the base amount shall not exceed $40,000 per applicant for the grant period. The commissioner, in consultation with the organization under contract, may increase the grant amount for applicants from communities that have socioeconomic characteristics that indicate a higher level of need for development assistance.

(d) Each living-at-home/block nurse program shall be designed by representatives of the communities being served to ensure that the program addresses the specific needs of the community residents. The programs must be designed to:

(1) incorporate the basic community, organizational, and service delivery principles of the living-at-home/block nurse program model;

(2) provide senior citizens with registered nurse directed assessment, provision and coordination of health and personal care services on a sliding fee basis as an alternative to expensive nursing home care;

(3) provide information, support services, homemaking services, counseling, and training for the client and family caregivers;

(4) encourage the development and use of respite care, caregiver support, and in-home support programs, such as adult foster care and in-home adult day care;

(5) encourage neighborhood residents and local organizations to collaborate in meeting the needs of senior citizens in their communities;

(6) recruit, train, and direct the use of volunteers to provide informal services and other appropriate support to senior citizens and their caregivers; and

(7) provide coordination and management of formal and informal services to senior citizens and their families using less expensive alternatives.

Subd. 9. [STATE TECHNICAL ASSISTANCE CENTER.] The organization under contract shall be the state technical assistance center to provide orientation and technical assistance, and to coordinate the living-at-home/block nurse programs established. The state resource center shall:

(1) provide communities with criteria in planning and designing their living-at-home/block nurse programs;

(2) provide general orientation and technical assistance to communities who desire to establish living-at-home/block nurse programs;

(3) provide ongoing analysis and data collection of existing and newly established living-at-home/block nurse programs and provide data to the organization performing the independent assessment; and

(4) serve as the living-at-home/block nurse programs' liaison to the legislature and other state agencies.

Subd. 10. [IMPLEMENTATION PLAN.] The organization under contract shall develop a plan that specifies a strategy for implementing living-at-home/block nurse programs statewide. The plan must also analyze the data collected by the state technical assistance center and describe the effectiveness of services provided by living-at-home/block nurse programs, including the program's impact on acute care costs. The organization shall report to the commissioner of human services and to the legislature by January 1, 1993.

Subd. 11. [EVALUATION AND EXPANSION.] The commissioner shall evaluate the success of the projects against the objective stated in subdivision 1, paragraph (b), and recommend to the legislature the continuation or expansion of the long-term care strategy by February 15, 1993.

Subd. 12. [PUBLIC AWARENESS CAMPAIGN.] The commissioner, with assistance from the commissioner of health and with the advice of the long-term care planning committee, shall contract for a public awareness campaign to educate the general public, seniors, consumers, caregivers, and professionals about the aging process, the long-term care system, and alternatives available including alternative care and residential alternatives. Particular emphasis will be given to informing consumers on how to access the alternatives and obtain information on the long-term care system. The commissioner shall pursue the development of new names for preadmission screening, alternative care, and foster care.

Sec. 18. [256B.0919] [ADULT FOSTER CARE AND FAMILY ADULT DAY CARE.]

Subdivision 1. [ADULT FOSTER CARE LICENSURE CAPACITY.] Notwithstanding contrary provisions of the human services licensing act and rules adopted under it, an adult foster care license holder may care for five adults age 60 years or older who do not have serious and persistent mental illness or a developmental disability. The license holder under this section shall not be a corporate business which operates more than two facilities.

Subd. 2. [ADULT FOSTER CARE; FAMILY ADULT DAY CARE.] An adult foster care license holder may also provide family adult day care for adults age 60 years or older who do not have serious and persistent mental illness or a developmental disability. The maximum combined license capacity for adult foster care and family adult day care is five adults. A separate license is not required to provide family adult day care under this subdivision. Foster care homes providing services to five adults shall not be subject to licensure by the commissioner of health under the provisions of

chapter 144, 144A, 157, or any other law requiring facility licensure by the commissioner of health.

Subd. 3. [COUNTY CERTIFICATION OF PERSONS PROVIDING ADULT FOSTER CARE TO RELATED PERSONS.] A person exempt from licensure under section 245A.03, subdivision 2, who provides adult foster care to a related individual age 65 and older, and who meets the requirements in Minnesota Rules, parts 9555.5105 to 9555.6265, may be certified by the county to provide adult foster care. A person certified by the county to provide adult foster care may be reimbursed for services provided and eligible for funding under sections 256B.0913 and 256B.0915, if the relative would suffer a financial hardship as a result of providing care. Sec. 20. Minnesota Statutes 1990, section 256B.64, is amended to read:

256B.64 [ATTENDANTS TO VENTILATOR-DEPENDENT RECIPIENTS.]

A ventilator-dependent recipient of medical assistance who has been receiving the services of a private duty nurse or personal care assistant in the recipient's home may continue to have a private duty nurse or personal care assistant present upon admission to a hospital licensed under chapter 144. The personal care assistant or private duty nurse shall perform only the services of communicator or interpreter for the ventilator-dependent patient during a transition period of up to 120 hours to assure adequate training of the hospital staff to communicate with the patient and to understand the unique comfort, safety, and personal care needs of the patient. The commissioner shall review the request and determine if it is medically necessary to continue the interpreter services or if the hospital staff has had sufficient opportunity to adequately determine the needs of the patient. The commissioner shall determine if continued service is necessary and appropriate and whether or not payments shall continue. The commissioner may not authorize services beyond the limits of the available appropriations for this section. The commissioner may adopt rules necessary to implement this section. Reimbursement under this section must be at the payment rate and in a manner consistent with the payment rate and manner used in reimbursing these providers for home care services for the ventilator-dependent recipient under the medical assistance program.

Sec. 21. Minnesota Statutes 1990, section 256D.44, is amended by adding a subdivision to read:

Subd. 7. [RATE LIMITATION; WAIVERED SERVICES ELIGIBILITY.] If a current negotiated rate for a foster care placement is for an individual who is eligible for the home and community-based services waiver for the elderly, the negotiated rate must include only the room and board portion of the rate. The room and board portion of the negotiated rate is an amount equal to the difference between the medical assistance income limit for a single disabled or aged adult minus the amount of the medical assistance personal needs allowance for persons residing in a nursing facility.

Sec. 22. Minnesota Statutes 1990, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(c) "Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1991 the class rate applied to class 3 utility real and personal property shall be 5.38 percent; the class rate applied to class 4c property and that portion of class 3 property with an actual net class rate of 2.3 percent shall be 2.4 percent; the class rates applied to class 2a agricultural homestead property excluding the house, garage, and one acre shall be .4 percent for the first $100,000 of value reduced by the value of the house, garage, and one acre, 1.3 percent for the remaining value of the first 320 acres, and 1.7 percent for the remaining value of any acreage in excess of 320 acres; the class rate applied to class 2b property shall be 1.7 percent; the class rate applied to class 1b property shall be .4 percent; and the class rate for the portion of class 1 property and the house, garage, and one acre portion of class 2a property with a market value in excess of $100,000 shall be 3.0 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. The reclassification of fraternity and sorority houses as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in

which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(j) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

For homestead and agricultural credit aid payable in 1991, "gross taxes" or "gross taxes levied on all properties" shall mean gross taxes payable in 1989, excluding actual amounts levied for the purposes listed in subdivision 2a, multiplied by the cost-of-living adjustment factor and the household adjustment factor.

"Taxes levied" excludes actual amounts levied for purposes listed in subdivision 2a.

(l) "Cost-of-living adjustment factor" means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity

distribution levy shall exclude that part of the levy attributable to equalized school levies as defined in subdivision 2a.

Subdivision 1. [SELECTION OF PROJECTS.] The commissioner of human services shall establish pilot projects to demonstrate the feasibility and cost-effectiveness of alternatives to nursing home care that involve providing coordinated alternative care grant services for all eligible residents in an identified apartment building or complex or other congregate residential setting. The commissioner shall solicit proposals from counties and shall select up to four counties to participate, including at least one metropolitan county and one county in greater Minnesota. The commissioner shall select counties for participation based on the extent to which a proposed project is likely to:

(1) meet the needs of low-income, frail elderly;

(2) enable clients to live as independently as possible;

(3) result in cost-savings by reducing the per person cost of alternative care grant services through the efficiencies of coordinated services; and

(4) facilitate the discharge of elderly persons from nursing homes to less restrictive settings or delay their entry into nursing homes.

Participating counties shall use existing alternative care grant allocations to pay for pilot project services. The counties must contract with a medical assistance-certified home care agency to coordinate and deliver services and must demonstrate to the commissioner that quality assurance and auditing systems have been established. Notwithstanding Minnesota Statutes, section 256B.091, and rules of the commissioner of human services relating to the alternative care grants program, the commissioner may authorize pilot projects to use a monthly pre-capitated ~~rates~~ rate up to 60 percent of the monthly average nursing facility payment rate as defined in Minnesota Statutes, section 256B.0913; to provide expanded services such as chore services, activities, and meal planning, preparation, and serving; and to waive freedom of choice of vendor to the extent necessary to allow one vendor to provide services to all eligible persons in a residence or building. The commissioner may apply for a waiver of federal requirements as necessary to implement the pilot projects.

Sec. 7. Minnesota Statutes 1990, section 401.10, is amended to read:

401.10 [CORRECTIONS EQUALIZATION FORMULA.]

To determine the amount to be paid participating counties the commissioner of corrections will apply the following formula:

(1) All 87 counties will be scored in accordance with a formula involving four factors:

(a) per capita income;

(b) per capita net tax capacity;

(c) per capita expenditure per 1,000 population for correctional purposes, and;

(d) percent of county population aged six through 30 years of age according to the most recent federal census, and, in the intervening years between the taking of the federal census, according to the state demographer.

"Per capita expenditure per 1,000 population" for each county is to be determined by multiplying the number of persons convicted of a felony under supervision in each county at the end of the current year by $350. To the product thus obtained will be added:

(i) the number of presentence investigations completed in that county for the current year multiplied by $50;

(ii) the annual cost to the county for county probation officers' salaries for the current year; and

(iii) 33-1/3 percent of such annual cost for probation officers' salaries.

The total figure obtained by adding the foregoing items is then divided by the total county population according to the most recent federal census, or, during the intervening years between federal censuses, according to the state demographer.

(2) The percent of county population aged six through 30 years shall be determined according to the most recent federal census, or,

during the intervening years between federal censuses, according to the state demographer.

(3) Each county is then scored as follows:

(a) Each county's per capita income is divided into the 87 county average;

(b) Each county's per capita net tax capacity is divided into the 87 county average;

(c) Each county's per capita expenditure for correctional purposes is divided by the 87 county average;

(d) Each county's percent of county population aged six through 30 is divided by the 87 county average.

(4) The scores given each county on each of the foregoing four factors are then totaled and divided by four.

(5) The quotient thus obtained then becomes the computation factor for the county. This computation factor is then multiplied by a "dollar value," as fixed by the appropriation pursuant to sections 401.01 to 401.16, times the total county population. The resulting product is the amount of subsidy to which the county is eligible under sections 401.01 to 401.16. Notwithstanding any law to the contrary, the commissioner of corrections, after notifying the committees on finance of the senate and appropriations of the house of representatives, may, at the end of any fiscal year, transfer any unobligated funds in any appropriation to the department of corrections ~~to the appropriation under sections 401.01 to 401.16, which appropriation shall not cancel but is reappropriated for the purposes of sections 401.01 to 401.16~~.

Sec. 8. Minnesota Statutes 1990, section 401.13, is amended to read:

401.13 [CHARGES MADE TO COUNTIES.]

Each participating county will be charged a sum equal to the per diem cost of confinement of those juveniles committed to the commissioner after August 1, 1973, and confined in a state correctional facility. Provided, however, that the amount charged a participating county for the costs of confinement shall not exceed the amount of subsidy to which the county is eligible~~, and provided further that the counties of commitment shall also pay the per diem herein provided for all persons convicted of a felony for which the penalty provided by law does not exceed five years and confined in a state correctional facility prior to January 1, 1981. A county or group of counties participating in the community corrections act~~

~~may not be charged for any per diem cost of confinement for adults sentenced to the commissioner of corrections for crimes committed on or after January 1, 1981~~. The commissioner shall annually determine costs ~~and deduct them from the subsidy due and payable to the respective participating counties,~~ making necessary adjustments to reflect the actual costs of confinement. ~~However, in no case shall the percentage increase in the amount charged to the counties exceed the percentage by which the appropriation for the purposes of sections 401.01 to 401.16 was increased over the preceding biennium.~~ The commissioner of corrections shall report the costs to the commissioner of finance who shall bill the counties and deposit the receipts from the counties in the general fund. All charges shall be a charge upon the county of commitment.

Sec. 9. [EMPLOYMENT AND EDUCATION PILOT PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] A pilot program is established to provide adolescents with opportunities for gaining a high school diploma, exploring occupations, evaluating vocational options, receiving career and life skills counseling, developing and pursuing personal goals, and participating in community-based projects. Two pilot projects shall be funded under the program and shall be targeted for young people as defined in Laws 1990, chapter 562, article 4, section 12, between the ages of 14 and 18 who, because of a lack of personal resources and skills, need assistance in setting and realizing education and employment goals and in becoming contributing members of their community.

(3) develop a plan to identify and assess the knowledge, skills, and aptitudes of targeted young people under subdivision 1; and

(4) must use the results of the assessment to provide appropriate education and employment opportunities to targeted young people that promote a sense of self-sufficiency, self-esteem, and community.

Subd. 3. [APPLICATION PROCESS.] To obtain a pilot project grant under this section, an applicant must submit an application to the commissioner of jobs and training in the form and manner prescribed by the commissioner after consultation with the commissioner of education. The application must describe how the applicant will assist targeted young people to set useful education and employment goals, secure meaningful employment, and lead productive lives within their community. The applicant must also indicate what resources will be available to continue the program if it is found to be effective. The commissioner may require additional information from an applicant.

Subd. 4. [REVIEWING APPLICATIONS.] When reviewing applications, the commissioner shall determine whether all the requirements in subdivisions 2 and 3 are met. The commissioner, in consultation with the commissioner of education, shall, at a minimum, consider the following when reviewing applications:

(1) the education and employment activities proposed for the program;

(2) the demonstrated effectiveness of the applicant or joint applicants as a provider of similar services to targeted young people;

(3) the attraction and use of other resources including federal and state education funding, federal and state employment training funding, local and private funding, and targeted jobs tax credits in funding the proposed programs;

(4) the availability of both the education and employment components of the program on a year-round basis; and

(5) diversity in the geographic location and delivery mechanism of the proposed programs.

Subd. 5. [GRANT AWARDS.] The commissioner may award up to two pilot project grants, one in the seven-county metropolitan area and one in outstate Minnesota. Up to ten percent of the Minnesota youth program slots in the service delivery areas of the successful grantees shall be made available for the purposes of this section.

Subd. 6. [PRELIMINARY REPORT.] The commissioner shall provide a preliminary report on the employment and education

projects to the education and judiciary committees of the legislature no later than February 1, 1992. The report shall describe the projects which have been funded and shall include any preliminary information on the implementation and results of the projects.

Sec. 10. [TRANSFER OF CHILDREN'S TRUST FUND TO DEPARTMENT OF HUMAN SERVICES.]

Subdivision 1. [COMMISSIONER OF HUMAN SERVICES.] All powers and duties imposed on the commissioner of public safety relating to the children's trust fund for the prevention of child abuse under Minnesota Statutes, sections 299A.20 to 299A.27 are transferred to and imposed on the commissioner of human services.

Subd. 2. [TRANSFER OF POWER.] The provisions of Minnesota Statutes, section 15.039, apply to the transfer of power and duties of the commissioner of public safety imposed by Minnesota Statutes, sections 299A.20 to 299A.27 to the commissioner of human services.

Subd. 3. Upon completion of their terms, the new appointing authority may appoint successors as provided by law.

ARTICLE 9

HOUSING

Section 1. Minnesota Statutes 1990, section 268.39, is amended to read:

268.39 [LIFE SKILLS AND EMPLOYMENT GRANTS.]

The commissioner may provide grants to organizations for the development and administration of life skills and employment plans for homeless individuals that reside in residential units constructed or rehabilitated under section 462A.05, subdivision ~~29~~ 20. Grants awarded under this section may also be used for the management of these residential units. The organizations that receive grants under this section must coordinate their efforts with organizations that receive grants under section 462A.05, subdivision ~~29~~ 20.

A life skills and employment plan must be developed for each tenant residing in a dwelling that receives funding under section 462A.05, subdivision ~~29~~ 20. The plan may include preapprentice and apprenticeship training in the area of housing rehabilitation. If preapprentice and apprenticeship training is part of a plan, the organization must consult with labor organizations experienced in working with apprenticeship programs. The completion or compliance with the individual life skills and employment plan must be required for a tenant to remain in a unit constructed or rehabilitated under section 462A.05, subdivision ~~29~~ 20.

The application for a grant under this section must include a plan that must provide for:

(1) training for tenants in areas such as cleaning and maintenance, payment of rent, and roommate skills, and

(2) tenant selection and rental policies that ensure rental of units to people who are homeless if applicable.

The applicant must provide a proposed occupancy contract if applicable, the name and address of the rental agent if applicable, and other information the commissioner considers necessary with the application.

The commissioner may adopt permanent rules to administer this grant program.

Sec. 2. Minnesota Statutes 1990, section 462A.03, subdivision 10, is amended to read:

Subd. 10. "Persons and families of low and moderate income" means persons and families, irrespective of race, creed, national origin ~~or~~, sex, or status with respect to guardianship or conservatorship, determined by the agency to require such assistance as is made available by sections 462A.01 to 462A.24 on account of personal or family income not sufficient to afford adequate housing. In making such determination the agency shall take into account the following: (a) The amount of the total income of such persons and

families available for housing needs, (b) the size of the family, (c) the cost and condition of housing facilities available, (d) the eligibility of such persons and families to compete successfully in the normal housing market and to pay the amounts at which private enterprise is providing sanitary, decent and safe housing. In the case of federally subsidized mortgages with respect to which income limits have been established by any agency of the federal government having jurisdiction thereover for the purpose of defining eligibility of low and moderate income families, the limits so established shall govern under the provision of sections 462A.01 to 462A.24. In all other cases income limits for the purpose of defining low or moderate income persons shall be established by the agency by emergency or permanent rules.

Sec. 3. Minnesota Statutes 1990, section 462A.03, subdivision 13, is amended to read:

Subd. 13. "Eligible mortgagor" means a nonprofit or cooperative housing corporation, the department of administration for the purpose of developing community-based programs as defined in sections 252.50 and 253.28, limited profit entity or a builder as defined by the agency in its rules, which sponsors or constructs residential housing as defined in subdivision 7, or a natural person of low or moderate income, except that the return to a limited dividend entity shall not exceed ten percent of the capital contribution of the investors or such lesser percentage as the agency shall establish in its rules; provided that residual receipts funds of a limited dividend entity may be used for agency-approved, housing-related investments owned by the limited dividend entity without regard to the limitation on returns. Owners of existing residential housing occupied by renters shall be eligible for rehabilitation loans, only if, as a condition to the issuance of the loan, the owner agrees to conditions established by the agency in its rules relating to rental or other matters that will insure that the housing will be occupied by persons and families of low or moderate income. The agency shall require by rules that the owner give preference to those persons of low or moderate income who occupied the residential housing at the time of application for the loan.

Sec. 4. Minnesota Statutes 1990, section 462A.03, subdivision 16, is amended to read:

Subd. 16. "Mentally ill person" ~~shall have the meaning prescribed by section 253B.02, subdivision 13~~ means a person with a mental illness, an adult with an acute mental illness, or a person with a serious and persistent mental illness, as prescribed by section 245.462, subdivision 20.

Sec. 5. Minnesota Statutes 1990, section 462A.05, subdivision 14, is amended to read:

Subd. 14. [REHABILITATION LOANS.] It may agree to purchase, make, or otherwise participate in the making, and may enter into commitments for the purchase, making, or participation in the making, of eligible loans for rehabilitation to persons and families of low and moderate income, and to owners of existing residential housing for occupancy by such persons and families, for the rehabilitation of existing residential housing owned by them. The loans may be insured or uninsured and may be made with security, or may be unsecured, as the agency deems advisable. The loans may be in addition to or in combination with long-term eligible mortgage loans under subdivision 3. They may be made in amounts sufficient to refinance existing indebtedness secured by the property, if refinancing is determined by the agency to be necessary to permit the owner to meet the owner's housing cost without expending an unreasonable portion of the owner's income thereon. No loan for rehabilitation shall be made unless the agency determines that the loan will be used primarily to make the housing more desirable to live in, to increase the market value of the housing, for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the purpose of administering the provisions of this chapter, establish codes and standards. Except for accessibility improvements under subdivision 14d, no loan for rehabilitation of any property shall be made in an amount which, with all other existing indebtedness secured by the property, would exceed its market value, as determined by the agency. No loan under this subdivision shall be denied solely because the loan will not be used for placing the residential housing in full compliance with all state, county, or municipal building, housing maintenance, fire, health, or similar codes and standards applicable to housing. Rehabilitation loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and conditions.

Sec. 6. Minnesota Statutes 1990, section 462A.05, is amended by adding a subdivision to read:

Subd. 14d. [ACCESSIBILITY LOAN PROGRAM.] Rehabilitation loans authorized under subdivision 14 may be made to eligible persons and families whose income does not exceed the maximum income limits allowable under section 143(f) of the Internal Revenue Code of 1986, as amended through June 30, 1991.

A person or family is eligible to receive an accessibility loan under the following conditions:

(1) the borrower or a member of the borrower's family requires a level of care provided in a hospital, skilled nursing facility, or

intermediate care facility for persons with mental retardation or related conditions;

(2) home care is appropriate; and

(3) the improvement will enable the borrower or a member of the borrower's family to reside in the housing.

Sec. 7. Minnesota Statutes 1990, section 462A.05, subdivision 20, is amended to read:

Subd. 20. [SPECIAL NEEDS HOUSING FOR HOMELESS PERSONS.] (a) The agency may make loans or grants to ~~for profit, limited dividend, or nonprofit sponsors, as defined by the agency,~~ eligible mortgagors for the acquisition, rehabilitation, and construction of residential housing to be used ~~to provide~~ for the following purposes:

(1) temporary or transitional housing ~~to low- and moderate-income~~ for low-income persons and families having an immediate need for temporary or transitional housing as a result of natural disaster, resettlement, condemnation, displacement, lack of habitable housing, or other cause as defined by the agency. Loans or grants for residential housing for migrant farmworkers may be made under this paragraph. Residential housing for migrant farmworkers must contain cooking, sleeping, bathroom facilities, and hot and cold running water in the same structure;

(2) housing to be used by low-income persons living alone; and

(3) housing for homeless individuals and families.

(b) Housing under this subdivision must be for low-income families and individuals.

(c) Loans or grants ~~pursuant to~~ under this subdivision ~~shall~~ must not be used for residential care facilities ~~or~~, for facilities that provide housing available for occupancy on less than a 24-hour continuous basis, or for any residential housing that requires occupants to accept board as well as lodging. ~~To the extent possible, a sponsor shall combine the loan or grant with other funds obtained from public and private sources. In making loans or grants, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and the appropriate security should repayment be required.~~

(d) Loans or grants under this subdivision must not exceed 50 percent of the development costs. Donated property may be used to satisfy the match requirement.

(e) All occupants of permanent housing financed under this subdivision must be offered a written lease that complies with section 325G.31, offers the occupants the option to renew, and prohibits eviction of an occupant without good cause.

(f) Priority must be given to viable proposals with the total lowest cost per person served.

(g) The selection criteria for the program must include the following: the extent to which proposals use donated, leased, abandoned, or empty dwellings owned by a public entity or property being sold by the Resolution Trust Corporation or the Department of Housing and Urban Development; and the extent to which applicants consulted with advocates for the homeless, representatives from neighborhood groups, and representatives from labor organizations in preparing the proposal.

Sec. 8. Minnesota Statutes 1990, section 462A.05, is amended by adding a subdivision to read:

Subd. 20a. [SPECIAL NEEDS HOUSING FOR CHEMICALLY DEPENDENT ADULTS.] (a) The agency may make loans or grants to for-profit, limited-dividend, or nonprofit sponsors, as defined by the agency, for residential housing to be used to provide temporary or transitional housing to low- and moderate-income persons and families having an immediate need for temporary or transitional housing as a result of natural disaster, resettlement, condemnation, displacement, lack of habitable housing, or other cause defined by the agency.

(b) Loans or grants for housing for chronic chemically dependent adults may be made under this subdivision. Housing for chronic chemically dependent adults must satisfy the following conditions:

(1) be certified by the department of health or the city as a board and lodging facility or single residence occupancy housing;

(2) meet all applicable health, building, fire safety, and zoning requirements;

(3) be located in an area significantly distant from the present location of county detoxification service sites;

(4) make available the services of trained personnel to appraise each client before or upon admission and to provide information about medical, job training, and chemical dependency services as necessary;

(5) provide on-site security designed to assure the health and safety of clients, staff, and neighborhood residents; and

(6) operate with the guidance of a neighborhood-based board.

Priority for loans and grants made under this paragraph must be given to proposals that address the needs of the Native American population and veterans of military services for this type of housing.

(c) Loans or grants pursuant to this subdivision must not be used for facilities that provide housing available for occupancy on less than a 24-hour continuous basis. To the extent possible, a sponsor shall combine the loan or grant with other funds obtained from public and private sources. In making loans or grants, the agency shall determine the circumstances, terms, and conditions under which all or any portion of the loan or grant will be repaid and the appropriate security should repayment be required.

Sec. 9. Minnesota Statutes 1990, section 462A.08, subdivision 2, is amended to read:

Subd. 2. The agency from time to time may issue bonds or notes for the purpose of refunding any bonds or notes of the agency then outstanding, or, with the consent of the original issuer, any bonds or notes then outstanding issued by an issuer other than the agency for the purpose of making or purchasing loans for single family housing or multifamily housing developments, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the redemption date next succeeding the date of delivery of such refunding bonds or notes. The proceeds of any such refunding bonds or notes may, in the discretion of the agency, be applied to the purchase or payment at maturity of the bonds or notes to be refunded, or to the redemption of such outstanding bonds or notes on the redemption date next succeeding the date of delivery of such refunding bonds or notes and may, pending such application, be placed in escrow to be applied to such purchase, retirement, or redemption. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations issued or guaranteed by the state or the United States or by any agency or instrumentality thereof, or in certificates of deposit or time deposits secured in such manner as the agency shall determine, maturing at such time or times as shall be appropriate to assure the prompt payment of the principal of and interest and redemption premiums, if any, on the bonds or notes to be refunded. The income earned or realized on any such investment may also be applied to the payment of the bonds or notes to be refunded. After the terms of the escrow have been fully satisfied, any balance of such proceeds and investment income may be returned to the agency for use by it in any lawful manner. All refunding bonds or notes issued under the provisions of this subdivision shall be issued and secured in the manner provided by resolution of the agency. If bonds or notes are issued by the agency to refund bonds or notes issued by an issuer other than the agency, as authorized by this subdivision, the agency and said issuer may

enter into such agreements as they may deem appropriate to facilitate such transaction.

Sec. 10. [462A.205] [SHALLOW RENT SUBSIDY PROGRAM.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them.

(a) "Caretaker parent" means a parent, relative caretaker, or minor caretaker as defined by the aid to families with dependent children program, sections 256.72 to 256.87.

(b) "Gross family income" for a family or individual receiving rental assistance under this section means the gross amount of the wages, salaries, social security payments, pensions, workers' compensation, unemployment compensation, public assistance payments, alimony, child support, and income from assets received by the family or individual.

(c) "Local housing agency" means the agency of local government responsible for administering the Department of Housing and Urban Development's section 8 existing voucher and certificate program.

(d) "Self-sufficiency program" means a program operated under section 256.736 or 256D.051, an employability program administered by a community action agency, a job training program administered under the job training partnership act, or courses of study at an accredited institution of higher education pursued with at least half-time student status under an employment development plan approved by the institution.

Subd. 2. [ESTABLISHMENT.] The agency may establish a shallow rent subsidy program to provide direct rental assistance for housing for individuals or families with incomes up to 50 percent of the county or area income adjusted for family size. One-half of the money appropriated for this program must be used to provide rental housing subsidies for individuals or families with incomes not exceeding 30 percent of the area median income. In order to ensure the long-term affordability of housing, a percentage of the total funds appropriated for this section may be used in housing programs that provide a lease-purchase option for low-income individuals and families. The agency may contract with a local housing agency to administer the rent assistance under this section. The local housing agency must be paid an administrative fee. The administrative fee is equal to the greater of ten percent of the amount of the subsidy or $15 per unit per month. For families or individuals receiving public assistance, rent assistance under this section must be provided in the form of vendor payments. The program must offer two options: (1) a voucher option; and (2) a project-based voucher option. When providing project-based vouchers, the agency must give priority to a

project that has received public money for rehabilitation of the housing.

Subd. 3. [AMOUNT AND PAYMENT OF RENT ASSISTANCE.] (a) Within the limits of available appropriations, eligible families and individuals may receive monthly rent assistance for a 36-month period starting with the month the family or individual first receives rent assistance under this section. The amount of the family's or individual's portion of the rental payment is equal to at least 30 percent of gross income.

(b) The rent assistance must be paid by the local housing agency to the property owner.

(c) Subject to the limitations in paragraph (d), the amount of rent assistance is the difference between the rent and the family's or individual's copayment.

(d) In no case may (1) the amount of monthly rent assistance be more than $350; (2) the owner receive more rent for assisted units than for comparable unassisted units; or (3) the amount of monthly rent assistance be more than the difference between the family's or individual's copayment and the fair market rent for the unit as determined by the Department of Housing and Urban Development.

Subd. 4. [PROPERTY OWNER.] In order to receive rent assistance payments, the property owner must enter into a standard lease agreement with the tenant which includes a clause providing for good cause evictions only. Otherwise, the lease may be any standard lease agreement. The agency and local housing agencies must make model lease agreements available to participating families and property owners.

Subd. 5. [FAMILY STABILIZATION DEMONSTRATION PROJECT.] The agency, in consultation with the department of human services, may establish a rent assistance for family stabilization demonstration project within the shallow rent subsidy program. The purpose of the project is to provide rental assistance to families (1) receiving public assistance with a caretaker parent who is participating in a self-sufficiency program and at least one minor child, or (2) who at the time of initial eligibility for rental assistance under this section were receiving public assistance and had a caretaker parent participating in a self-sufficiency program and at least one minor child. For the purposes of this subdivision, public assistance means aid to families with dependent children, family general assistance, or family work readiness. The funds may be distributed on a request for proposal basis. The requirements specified under subdivisions 1 to 4 apply to the demonstration project.

Sec. 11. Minnesota Statutes 1990, section 462A.21, subdivision 4k, is amended to read:

Subd. 4k. [HOUSING DEVELOPMENT FUND.] The agency may make grants for residential housing for low-income persons under section 462A.05, subdivision ~~28~~ 20, and may pay the costs and expenses for the development and operation of the program.

Sec. 12. Minnesota Statutes 1990, section 462A.21, subdivision 12a, is amended to read:

Subd. 12a. [PROGRAM MONEY TRANSFER.] Grants authorized under section 462A.05, ~~subdivisions 20, 28, and 29~~ subdivision 20, may be made only with specific appropriations by the legislature, but unencumbered balances of money appropriated for the purpose of loans or grants for agency programs under these subdivisions may be transferred between programs created by these subdivisions or in accordance with section 462A.20, subdivision 3.

Sec. 13. Minnesota Statutes 1990, section 462A.21, subdivision 14, is amended to read:

Subd. 14. It may make housing grants for homeless individuals as provided in section 462A.05, subdivision ~~29~~ 20, and may pay the costs and expenses for the development and operation of the program.

Sec. 14. Minnesota Statutes 1990, section 462A.22, subdivision 9, is amended to read:

Subd. 9. [BIENNIAL REPORT.] The agency shall also submit a biennial report of its activities~~, projected activities,~~ and receipts, and ~~expenditures~~ a plan for the next biennium, to the governor and the legislature on or before ~~January~~ February 15 in each odd-numbered year. The report shall include the distribution of money under each agency program by county, except for counties containing a city of the first class, where the distribution shall be reported by municipality.

In addition, the report shall include the cost to the agency of the issuance of its bonds for each issue in the biennium, along with comparable information for other state housing finance agencies.

Sec. 15. Minnesota Statutes 1990, section 462A.222, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION PROCEDURE.] (a) Projects will be awarded tax credits in three competitive rounds on an annual basis. The date for applications for each round must be determined by the

agency. No allocating agency may award tax credits prior to the application dates established by the agency.

(b) Each allocating agency must meet the requirements of section 42(m) of the Internal Revenue Code of 1986, as amended through December 31, 1989, for the allocation of tax credits and the selection of projects.

(c) For applications submitted for the first round, an allocating agency may allocate tax credits only to the following types of projects:

(1) single-room occupancy projects which are affordable by households whose income does not exceed 30 percent of the median income;

(2) family housing projects in which at least 75 percent of the units contain two or more bedrooms and at least one-third of the 75 percent contain three or more bedrooms;

(d) Before the date for applications for the second round, the allocating agencies other than the agency shall return all uncommitted and unallocated tax credits to the pool from which they were allocated, along with copies of any allocation or commitment. In the second round, the agency shall allocate the remaining credits from the regional pools to projects from the respective regions.

(e) In the third round, all unallocated tax credits must be transferred to a unified pool for allocation by the agency on a statewide basis.

(f) Unused portions of the state ceiling for low-income housing tax credits reserved to cities and counties for allocation may be returned at any time to the agency for allocation.

Sec. 16. Minnesota Statutes 1990, section 474A.048, subdivision 2, is amended to read:

Subd. 2. [LIMITATION; ORIGINATION PERIOD.] During the first ten months of an origination period, the Minnesota housing finance agency or a city may make loans financed with proceeds of mortgage bonds for the purchase of existing housing. Loans financed with the proceeds of mortgage bonds for new housing in the metropolitan area may be made during the first ten months of an origination period only if at least one of the following conditions is met:

(1) the new housing is located in a redevelopment area and is replacing a structurally substandard structure or structures;

(2) the new housing is located on a parcel purchased by the city or conveyed to the city under section 282.01, subdivision 1; ~~or~~

(a) The office must develop and establish a state information architecture to ensure that further state agency development and purchase of information systems equipment and software is directed in such a manner that individual agency information systems complement and do not needlessly duplicate or needlessly conflict with the systems of other agencies. In those instances where state agencies have need for the same or similar computer data, the commissioner shall ensure that the most efficient and cost-effective method of producing and storing data for or sharing data between those agencies is used. The development of this information architecture must include the establishment of standards and guidelines to be followed by state agencies. The commissioner of administration must establish interim standards and guidelines by August 1, 1987. The office must establish permanent standards and guidelines by July 1, 1988. On January 1, 1988, and every six months thereafter, any state agency that has purchased information systems equipment or software in the past six months, or that is contemplating purchasing this equipment or software in the next six months, must report to the office and to the chairs of the house appropriations committee and the senate finance committee on how the purchases or proposed purchases comply with the applicable standards and guidelines.

(b) The office shall assist state agencies in the planning and management of information systems so that an individual information system reflects and supports the state agency's and the state's mission, requirements, and functions.

(c) ~~Beginning July 1, 1988,~~ The office must review and approve all agency requests for legislative appropriations for the development or purchase of information systems equipment or software. Requests may not be included in the governor's budget submitted to the legislature, ~~beginning with the budget submitted in January 1989,~~ unless the office has approved the request.

(d) Each biennium the office must rank in order of priority agency requests for new appropriations for development or purchase of information systems equipment or software. The office must submit this ranking to the legislature at the same time, or no later than 14 days after, the governor submits the budget message to the legislature.

(e) ~~Beginning July 1, 1989,~~ The office must define, review, and approve major purchases of information systems equipment to (1) ensure that the equipment follows the standards and guidelines of the state information architecture; (2) ensure that the equipment is consistent with the information management principles adopted by the information policy council; (3) evaluate whether or not the agency's proposed purchase reflects a cost-effective policy regarding volume purchasing; and (4) ensure the equipment is consistent with other systems in other state agencies so that data can be shared

among agencies, unless the office determines that the agency purchasing the equipment has special needs justifying the inconsistency. The commissioner of finance may not allot funds appropriated for major purchases of information systems equipment until the office reviews and approves the proposed purchase. A public institution of higher education must not purchase interconnective computer technology without the prior approval of the office.

(f) The office shall review the operation of information systems by state agencies and provide advice and assistance so that these systems are operated efficiently and continually meet the standards and guidelines established by the office.

Sec. 59. Minnesota Statutes 1990, section 16B.41, is amended by adding a subdivision to read:

The commissioner shall establish reimbursement rates in cooperation with the commissioner of finance to be billed to participating agencies and educational institutions sufficient to cover the operating, maintenance, and administrative costs of the system.

(b) A direct appropriation made to an educational institution for usage costs associated with the STARS network must only be used by the educational institution for payment of usage costs of the network as billed by the commissioner of administration. The post-secondary appropriations may be shifted between systems as required by unanticipated usage patterns. An intersystem transfer must be requested by the appropriate system and may be made only after review and approval by the commissioner of finance, in consultation with the commissioner of administration.

Sec. 61. Minnesota Statutes 1990, section 16B.48, subdivision 2, is amended to read:

The commissioner shall make every effort to train and retrain existing employees for a changing work environment. Where restructuring may involve a loss of existing

positions and employment, the commissioner shall assist affected employees in finding suitable employment in other state agencies.

For employees whose positions will be eliminated by implementation of a restructuring plan, options presented to employees must include but not be limited to job and training opportunities necessary to qualify for another job within their current department or a similar job in another state agency.

Implementation of this section, as well as procedures for notifying employees affected by restructuring plans, must be negotiated into collective bargaining agreements under chapter 179A. Nothing in this section shall be construed as diminishing any rights defined in collective bargaining agreements under this chapter or chapter 179A.

Sec. 63. [43A.182] [PAYMENT OF SALARY DIFFERENTIAL FOR RESERVE FORCES ON ACTIVE DUTY.]

Each agency head shall pay to each eligible member of the reserve components of the armed forces of the United States an amount equal to the difference between the member's basic active duty military salary and the salary the member would be paid as an active state employee, including any adjustments the member would have received if not on leave of absence. This payment may be made only to a person whose basic active duty military salary is less than the salary the person would be paid as an active state employee. Payments must be made at the intervals at which the member received pay as a state employee. Back pay authorized by this section may be paid in a lump sum. Such pay shall not extend beyond four years from the date the employee was called to active duty plus such additional time in each case as such employee may be required to serve pursuant to law.

An eligible member of the reserve components of the armed forces of the United States is a reservist or National Guard member who was an employee of the state of Minnesota at the time the member was called to active duty and who was or is called to active duty after August 1, 1990, because of Operation Desert Shield, Operation Desert Storm, or any other action taken by the armed forces relating to hostilities between the United States and the Republic of Iraq.

The reinsurance association is not a state agency. For funds governed by chapter 354A, the actuarial valuation shall use preretirement and postretirement assumptions of 8.5 percent and an assumption that in each future year the salary on which a retirement or other benefit is based is 1.065 multiplied by the salary for the preceding year, but the actuarial valuation shall reflect the payment of postretirement adjustments to retirees shall be based on the methods specified in the bylaws of the fund as approved by the legislature. For a fund governed by chapter 422A, the actuarial valuation shall use a preretirement interest assumption of six percent, a postretirement interest assumption of five percent, and an assumption that in each future year the salary on which a retirement or other benefit is based is 1.04 multiplied by the salary for the preceding year. For funds governed by chapters 3A, 352C, and 490, the actuarial valuation shall use a preretirement interest assumption of 8.5 percent, a postretirement interest assumption of five percent, and an assumption that in each future year in which the salary amount payable is not determinable from section 3.099, 15A.081, subdivision 6, or 15A.083, subdivision 1, whichever is applicable, or from applicable compensation council recommendations under section 15A.082, the salary on which a retirement or other benefit is based is 1.065 multiplied by the known or computed salary for the preceding year, whichever is applicable.

Sec. 79. Minnesota Statutes 1990, section 356.215, subdivision 4g, is amended to read:

Subd. 4g. [AMORTIZATION CONTRIBUTIONS.] In addition to the exhibit indicating the level normal cost, the actuarial valuation shall contain an exhibit indicating the additional annual contribution which would be required to amortize the unfunded actuarial accrued liability. For funds governed by chapters 3A, 352, 352B, 352C, 353, 353C, 354, 354A, and 490, the additional contribution shall be calculated on a level percentage of covered payroll basis by the established date for full funding which is in effect when the valuation is prepared. The level percent additional contribution shall be calculated assuming annual payroll growth of 6.5 percent. For all other funds, the additional annual contribution shall be calculated on a level annual dollar amount basis.

If, for any fund other than the Minneapolis employees retirement fund, after the first actuarial valuation date occurring after June 1, 1989, there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding for the first actuarial valuation made after June 1, 1989, and each successive actuarial valuation shall be the first actuarial valuation date which occurs after June 1, 2020.

If, for any fund or plan other than the Minneapolis employees retirement fund, after the first actuarial valuation date occurring after June 1, 1989, there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding shall be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund shall be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, which is needed to amortize the unfunded actuarial accrued liability amount determined pursuant to subclause (i) by the established date for full funding in effect prior to the change shall be calculated using the interest assumption specified in subdivision 4d in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund shall be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, which is needed to amortize the difference between the unfunded actuarial accrued liability amount calculated pursuant to subclause (i) and the unfunded actuarial accrued

liability amount calculated pursuant to subclause (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective shall be calculated using the applicable interest assumption specified in subdivision 4d in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution pursuant to subclause (iv) shall be added to the level annual dollar amortization contribution or level percentage calculated pursuant to subclause (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in subclause (iii) will be amortized by the total level annual dollar or level percentage amortization contribution computed pursuant to subclause (v) shall be calculated using the interest assumption specified in subdivision 4d in effect after any applicable change, rounded to the nearest integral number of years, but which shall not exceed a period of 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and which shall not be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined pursuant to subclause (vi) shall be added to the date as of which the actuarial valuation was prepared and the date obtained shall be the new established date for full funding.

For the Minneapolis employees retirement fund, the established date for full funding shall be June 30, ~~2017~~ 2020.

In 1992 and each following year, each eligible benefit recipient shall receive the amount received in the preceding year increased by the same percentage applied on the most recent January 1 to regular annuities paid from the Minneapolis employees retirement fund.

(b) The payment provided for in this section is payable on December 1, 1991, to those persons receiving an annuity or benefit on November 30, 1991. In subsequent years, the payment must be made on December 1 to those persons receiving an annuity or benefit on the preceding November 30. This section does not authorize payment to an estate if the annuity or benefit recipient dies before the November 30 eligibility date. Notwithstanding section 356.18, the payment provided for in this section must be paid automatically unless the intended recipient files a written notice with the retirement fund requesting that it not be paid.

Subd. 3. [COST.] The cost of the payments made under this section is the responsibility of the state. The annual amortization amount must be added to the annual state contribution amount determined under section 422A.101, subdivision 3, effective July 1, 1991.

(b) The department of human rights may not be charged by the attorney general for legal representation on behalf of complaining parties who have filed a charge of discrimination with the department. This paragraph is effective retroactive to July 1, 1989. The department does not have an obligation to pay for any services rendered by the attorney general since July 1, 1985, in excess of the amounts already paid for those services.

Sec. 83. Minnesota Statutes 1990, section 422A.05, is amended by adding a subdivision to read:

Subd. 2e. [STANDING; PARTIES.] In addition to other parties with claims under statute or the common law, the state and a political subdivision that helps to finance a plan have standing to sue on behalf of all taxpayers and the plan beneficiaries for an alleged breach of fiduciary duty. If a suit is brought by the state or a political subdivision under this subdivision, no separate suit regarding the same claims on behalf of taxpayers of the state or a political subdivision or of beneficiaries may be allowed, and any suit then pending on behalf of taxpayers of the state or a political subdivision or of beneficiaries must be dismissed unless the court determines that its dismissal would prejudice or limit the rights or claims of the taxpayers or beneficiaries. Nothing in this subdivision precludes suits by both the state and an affected political subdivision or suits by the retirement board on behalf of one or more of the funds.

422A.101 [PREPARATION OF FINANCIAL REQUIREMENTS OF FUND; EMPLOYER CONTRIBUTIONS.]

Subdivision 1. [FINANCIAL REQUIREMENTS OF FUND.] Prior to August 31 annually, the retirement board, in consultation with the commission-retained actuary, shall prepare an itemized statement of the financial requirements of the fund for the succeeding fiscal year. A copy of the statement shall be submitted to the city council, the board of estimate and taxation of the city, the managing board or chief administrative officer of each city owned public utility, improvement project or municipal activity supported in whole or in part by revenues other than real estate taxes, public corporation, or unit of metropolitan government employing members of the fund,

the board of special school district No. 1, and the state commissioner of finance prior to September 15 annually. The statement shall be itemized and shall include the following:

(1) an estimate of the administrative expenses of the fund for the following year, which shall be determined by multiplying the figure for administrative expenses as reported in the most recent actuarial valuation prepared by the commission-retained actuary by the factor of 1.035;

(2) an estimate of the normal cost of the fund expressed as a dollar amount, which shall be determined by applying the normal cost of the fund as reported in the most recent actuarial valuation prepared by the commission-retained actuary and expressed as a percentage of covered payroll to the estimated total covered payroll of all employees covered by the fund for the following year;

(3) an estimate of the contribution required to amortize on a level annual dollar basis the unfunded actuarial accrued liability of the fund by June 30, ~~2017~~ 2020, using an interest rate of ~~five~~ six percent compounded annually as reported in the most recent actuarial valuation, prepared by the commission-retained actuary expressed as a dollar amount. In determining the amount of the unfunded actuarial accrued liability of the fund, all assets other than the assets of the retirement benefit fund shall be valued as current assets as defined under section 356.215, subdivision 1, clause (5), and the assets of the retirement benefit fund shall be valued equal to the actuarially determined required reserves for benefits payable from that fund;

(4) the amount of any deficiency in the actual amount of any employer contribution provided for in this section when compared to the required contribution amount certified for the previous year, plus interest on the amount at the rate of six percent per annum.

Subd. 1a. [CITY CONTRIBUTIONS.] Prior to August 31 of each year, the retirement board shall prepare an itemized statement of the financial requirements of the fund payable by the city for the succeeding fiscal year, and a copy of the statement shall be submitted to the board of estimate and taxation and to the city council by September 15. The financial requirements of the fund payable by the city shall be calculated as follows:

(a) a regular employer contribution of an amount equal to the percentage rounded to the nearest two decimal places of the salaries and wages of all employees covered by the retirement fund which equals the difference between the level normal cost plus administrative cost as reported in the annual actuarial valuation prepared by the commission-retained actuary and the employee contributions provided for in section 422A.10 less any amounts contributed toward the payment of the balance of the normal cost not paid by employee

contributions by any city owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than real estate taxes, any public corporation, any employing unit of metropolitan government, or by special school district No. 1 pursuant to subdivision 2;

(b) an additional employer contribution of an amount equal to the percent specified in section 353.27, subdivision 3a, clause (a), multiplied by the salaries and wages of all employees covered by the retirement fund less any amounts contributed toward amortization of the unfunded actuarial accrued liability by June 30, ~~2017~~ 2020, attributable to their respective covered employees by any city owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than real estate taxes, any public corporation, any employing unit of metropolitan government, or by special school district No. 1 pursuant to subdivision 2; and

(c) a proportional share of an additional employer amortization contribution of an amount equal to $3,900,000 annually until June 30, ~~2017~~ 2020, based upon the share of the fund's unfunded actuarial accrued liability attributed to the city as disclosed in the annual actuarial valuation prepared by the commission-retained actuary.

The city council shall, in addition to other taxes levied by the city, annually levy a tax equal to the amount of the financial requirements of the fund which are payable by the city. The tax, when levied, shall be extended upon the county lists and shall be collected and enforced in the same manner as other taxes levied by the city. If the city does not levy a tax sufficient to meet the requirements of this subdivision, the retirement board shall submit the tax levy statement directly to the county auditor, who shall levy the tax. The tax, when levied, shall be extended upon the county lists and shall be collected and paid into the city treasury to the credit of the retirement fund. Any amount to the credit of the retirement fund shall constitute a special fund and shall be used only for the payment of obligations authorized pursuant to this chapter.

Subd. 2. [CONTRIBUTIONS BY OR FOR CITY-OWNED PUBLIC UTILITIES, IMPROVEMENTS, OR MUNICIPAL ACTIVITIES.] Contributions by or for any city-owned public utility, improvement project, and other municipal activities supported in whole or in part by revenues other than real estate taxes, any public corporation, any employing unit of metropolitan government, special school district No. 1, or Hennepin county, on account of any employee covered by the fund, shall be calculated as follows:

(a) a regular employer contribution of an amount equal to the percentage rounded to the nearest two decimal places of the salaries and wages of all employees of the employing unit covered by the retirement fund which equals the difference between the level

normal cost plus administrative cost reported in the annual actuarial valuation prepared by the commission-retained actuary and the employee contributions provided for in section 422A.10;

(b) an additional employer contribution of an amount equal to the percent specified in section 353.27, subdivision 3a, clause (a), multiplied by the salaries and wages of all employees of the employing unit covered by the retirement fund;

(c) a proportional share of an additional employer amortization contribution of an amount equal to $3,900,000 annually until June 30, ~~2017~~ 2020, based upon the share of the fund's unfunded actuarial accrued liability attributed to the employer as disclosed in the annual actuarial valuation prepared by the commission-retained actuary.

The city council or any board or commission may, by proper action, provide for the inclusion of the cost of the retirement contributions for employees of any city-owned public utility or for persons employed in any improvement project or other municipal activity supported in whole or in part by revenues other than taxes who are covered by the retirement fund in the cost of operating the utility, improvement project, or municipal activity. The cost of retirement contributions for these employees shall be determined by the retirement board and the respective governing bodies having jurisdiction over the financing of these operating costs.

The cost of the employer contributions on behalf of employees of special school district No. 1 who are covered by the retirement fund shall be the obligation of the school district. Contributions by the school district to the retirement fund or any other public pension or retirement fund of which its employees are members must be remitted to the fund each month. An amount due and not transmitted begins to accrue interest at the rate of six percent compounded annually 15 days after the date due. The retirement board shall prepare an itemized statement of the financial requirements of the fund payable by the school district, which shall be submitted prior to September 15. Contributions by the school district shall be made at times designated by the retirement board. The school district may levy for its contribution to the retirement fund only to the extent permitted pursuant to section 275.125, subdivision 6a.

The cost of the employer contributions on behalf of elective officers or other employees of Hennepin county who are covered by the retirement fund pursuant to section 422A.09, subdivision 3, clause (2), 422A.22, subdivision 2, or 488A.115, or Laws 1973, chapter 380, section 3, Laws 1975, chapter 402, section 2, or any other applicable law shall be the obligation of Hennepin county. The retirement board shall prepare an itemized statement of the financial requirements of the fund payable by Hennepin county, which shall be submitted prior to September 15. Contributions by Hennepin county

shall be made at times designated by the retirement board. Hennepin county may levy for its contribution to the retirement fund.

Subd. 2a. [CONTRIBUTIONS BY METROPOLITAN AIRPORT COMMISSION AND METROPOLITAN WASTE CONTROL COMMISSION.] The metropolitan airport commission and the waste control commission shall pay to the Minneapolis employees retirement fund annually in installments as specified in subdivision 3 the share of the additional support rate required for full amortization of the unfunded actuarial accrued liabilities by June 30, ~~2017~~ 2020, that is attributable to airport commission or waste control commission employees who are members of the fund. The amount of the payment shall be determined ~~utilizing the most~~ as if the airport and waste control commissions' employer contributions determined under subdivision 2 had also included a proportionate share of a $1,000,000 annual employer amortization contribution. The amount of this $1,000,000 annual employer amortization contribution that would have been allocated to each commission would have been based on the share of the fund's unfunded actuarial accrued liability attributed to each commission compared to the total unfunded actuarial accrued liability attributed to all employers under subdivisions 1a and 2. The determinations required under this subdivision must be based on the most recent actuarial valuation prepared by the actuary retained by the legislative commission on pensions and retirement.

Subd. 3. [STATE CONTRIBUTIONS.] (a) The state shall pay to the Minneapolis employees retirement fund annually an amount equal to the financial requirements of the Minneapolis employees retirement fund reported in the actuarial valuation of the fund prepared by the commission-retained actuary pursuant to section 356.215 for the most recent year but based on a target date for full amortization of the unfunded actuarial accrued liabilities by June 30, ~~2017~~ 2020, less the amount of employee contributions required pursuant to section 422A.10, and the amount of employer contributions required pursuant to subdivisions 1a, 2, and 2a. Payments shall be made in four equal installments, occurring on March 15, July 15, September 15, and November 15 annually. The annual state contribution under this subdivision may not exceed $10,955,000 plus the cost of the annual supplemental benefit determined under section 356.865.

(b) If the amount determined under paragraph (a) exceeds the limitation on the state payment in paragraph (a), the excess must be allocated to and paid to the fund by the employers identified in subdivisions 1a and 2, other than units of metropolitan government. Each employer's share of the excess is proportionate to the employer's share of the fund's unfunded actuarial accrued liability as disclosed in the annual actuarial valuation prepared by the actuary retained by the legislative commission on pensions and retirement compared to the total unfunded actuarial accrued liability attrib-

uted to all employers identified in subdivisions 1a and 2, other than units of metropolitan government. Payments must be made in equal installments as set forth in paragraph (a).

Subd. 4. [ADDITIONAL EMPLOYER CONTRIBUTION IN CERTAIN INSTANCES.] If assets in the deposit accumulation fund are insufficient to make a transfer to the retirement benefit fund, the city of Minneapolis shall pay the amount of that insufficiency to the retirement benefit fund within three days of certification of the insufficiency by the executive director of the fund. The city of Minneapolis may bill any other participating employing unit other than the state for its proportion of the amount paid.

Option IV. Other optional retirement allowance forms, including a

joint and survivor option under which the benefit recipient receives a normal single-life annuity if the designated optional annuity beneficiary dies before the benefit recipient, shall be paid to the benefit recipient or other person or persons the benefit recipient nominates, provided that the optional annuity is of equivalent actuarial value to the applicable single life annuity calculated under section 422A.15 and is approved by the retirement board.

Any optional retirement allowance shall be computed and determined under a procedure specified by the commission-retained actuary utilizing the appropriate mortality table established by the board of trustees based on the experience of the fund as recommended by the commission-retained actuary and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 4d.

In adopting optional annuity forms, the board of trustees shall obtain the written recommendation of the commission-retained actuary. The recommendations shall be a part of the permanent records of the board of trustees.

(b) Each surviving child $150 per month, except for benefits beginning after July 1, 1983, which shall be ten percent of the member's average salary in effect over the last six months of allowable service preceding the month in which the death occurred. Payments for the benefit of any child under the age of 18 years shall be made to the surviving parent, or if there be none, to the legal guardian of such child. resulting from the benefit increases in this paragraph must be allocated to each employing unit listed in section 422A.101, subdivisions 1a, 2, and 2a, on the basis of the additional accrued liability resulting from increased benefits paid to the survivors of employees from that unit.

Sec. 88. [TEMPORARY OPTION.]

Notwithstanding any law to the contrary, a retired member of the Minneapolis employees retirement fund with a living designated optional annuity recipient may select a joint and survivor option under which the retired member will receive a normal single-life annuity if the designated recipient dies before the retired member. 611.18 [APPOINTMENT OF PUBLIC DEFENDER.]

If it appears to a court that a person requesting the appointment of counsel satisfies the requirements of this chapter, the court shall order the appropriate public defender to represent the person at all further stages of the proceeding through appeal, if any. For ~~those persons~~ a person appealing from a conviction, or a person pursuing a post conviction proceeding, ~~after the time for appeal has expired~~ and who has not already had a direct appeal of the conviction, the state public defender shall be appointed. For ~~all other persons~~ a person covered by section 611.14, clause (1), a district public defender shall be appointed to represent ~~them~~ that person. If (a) conflicting interests exist, (b) the district public defender for any other reason is unable to act, or (c) the interests of justice require, the state public defender may be ordered to represent a person. When the state public defender is directed by a court to represent a

defendant or other person, the state public defender may assign the representation to any district public defender. If at any stage of the proceedings, including an appeal, the court finds that the defendant is financially unable to pay counsel whom the defendant had retained, the court may appoint the appropriate public defender to represent the defendant, as provided in this section. Prior to any court appearance, a public defender may represent a person accused of violating the law, who appears to be financially unable to obtain counsel, and shall continue to represent the person unless it is subsequently determined that the person is financially able to obtain counsel. The representation may be made available at the discretion of the public defender, upon the request of the person or someone on the person's behalf. Any law enforcement officer may notify the public defender of the arrest of any such person.

Sec. 101. Minnesota Statutes 1990, section 611.25, subdivision 1, is amended to read:

Subdivision 1. [REPRESENTATION.] The state public defender shall represent, without charge, a defendant or other person appealing from a conviction ~~or pursuing a postconviction proceeding after the time for appeal has expired when the state public defender is directed to do so by a judge of the district court, of the court of appeals or of the supreme court~~ of a felony or gross misdemeanor. The state public defender shall represent any other person, who is financially unable to obtain counsel, when directed to do so by the supreme court or the court of appeals, except that the state public defender shall not represent a person in any action or proceeding in which a party is seeking a monetary judgment, recovery or award. When requested by a district public defender or appointed counsel, the state public defender may assist the district public defender, appointed counsel, or an organization designated in section 611.216 in the performance of duties, including trial representation in matters involving legal conflicts of interest or other special circumstances, and assistance with legal research and brief preparation. When the state public defender is directed by a court to represent a defendant or other person, the state public defender may~~, with the court's approval,~~ assign the representation to any district public defender.

Sec. 102. Minnesota Statutes 1990, section 611.26, is amended by adding a subdivision to read:

Subd. 3a. (a) Notwithstanding subdivision 3 or any other law to the contrary, compensation and economic benefit increases for

district public defenders and assistant district public defenders under the state board of public defense are considered compensation as defined in subdivision 3. These increases are eligible increases that may be paid from state appropriations for salary supplements for state employees.

(b) Those budgets for district public defender services under the jurisdiction of the state board of public defense shall be eligible for adjustments to their base budgets in the same manner as other state agencies. In making biennial budget base adjustments, the commissioner of finance shall consider the budgets for district public defender services, as allocated by the state board of public defense, in the same manner as other state agencies.

Sec. 103. Minnesota Statutes 1990, section 611.26, subdivision 6, is amended to read:

Subd. 6. The district public defender shall represent, without charge, a defendant charged with a felony or a gross misdemeanor when so directed by the district court. In the second, third, fourth, sixth, and eighth districts only, the district public defender shall also represent a defendant charged with a misdemeanor when so directed by the district court and shall represent a minor in the juvenile court when so directed by the juvenile court.

Sec. 104. Minnesota Statutes 1990, section 611.26, is amended by adding a subdivision to read:

Subd. 9. Notwithstanding any other law to the contrary, district public defenders and assistant district public defenders, and their employees and their dependents, may elect to enroll in the appropriate life insurance, hospital, medical and dental benefits, and optional coverages of their respective host county, as designated by the state board of public defense under section 611.27, subdivision 2, at the time, in the manner, and under conditions of eligibility as established by the host county for its employees. The host county must provide for payroll deductions to be made in the same manner and under the same conditions as provided for an eligible county employee and the employee's dependents. Nothing in this subdivision obligates the state or county to payments in the absence of an appropriation for those purposes.

Sec. 105. Minnesota Statutes 1990, section 611.27, subdivision 1, is amended to read:

Subdivision 1. (a) The total compensation and expenses, including office equipment and supplies, of the district public defender are to be paid by the county or counties comprising the judicial district.

(b) A district public defender shall annually submit a comprehen-

The budget shall be in compliance with standards and forms required by the board and must, at a minimum, include detailed substantiation as to all revenues and expenditures. The district public defender shall, at times and in the form required by the board, submit reports to the board concerning its operations, including the number of cases handled and funds expended for these services.

Within ten days after an assistant district public defender is appointed, the district public defender shall certify to the state board of public defense the compensation that has been recommended for the assistant.

(c) The state board of public defense shall transmit the proposed budget of each district public defender to the respective district court administrators and county budget officers for comment before the board's final approval of the budget. The board shall determine and certify to the respective county boards a final comprehensive budget for the office of the district public defender that includes all expenses. After the board determines the allocation of the state funds authorized pursuant to paragraph (e), the board shall apportion the expenses of the district public defenders among the several counties and each county shall pay its share in monthly installments. The county share is the proportion of the total expenses that the population in the county bears to the total population in the district as determined by the last federal census. If the district public defender or an assistant district public defender is temporarily transferred to a county not situated in that public defender's judicial district, said county shall pay the proportionate part of that public defender's expenses for the services performed in said county.

(d) Reimbursement for actual and necessary travel expenses in the conduct of the office of the district public defender shall be charged to either (1) the general expenses of the office, (2) the general expenses of the district for which the expenses were incurred if outside the district, or (3) the office of the state public defender if the services were rendered for that office.

(e) Money appropriated to the state board of public defense for the board's administration, for the state public defender, for the judicial district public defenders, and for the public defense corporations shall be expended as determined by the board. In distributing funds to district public defenders, the board shall consider the geographic distribution of public defenders, the equity of compensation among the judicial districts, public defender caseloads, and the results of the weighted case load study.

Sec. 106. Minnesota Statutes 1990, section 611.27, subdivision 4, is amended to read:

Subd. 4. [COUNTY PORTION OF COSTS.] That portion of

subdivision 1 directing counties to pay the costs of public defense service shall not be in effect between July 1, ~~1990~~ 1991, and July 1, ~~1991~~ 1993. This subdivision only relates to costs associated with felony and gross misdemeanor public defense services and all public defense services in the second, third, fourth, sixth, and eighth judicial districts.

Sec. 107. Minnesota Statutes 1990, section 626.861, is amended by adding a subdivision to read:

Subd. 1a. [SURCHARGE.] In addition to the fees described in subdivision 1, the court shall assess the following surcharges after a person is convicted:

(1) for a traffic offense in violation of chapters 168 to 178 or equivalent local ordinances other than a fine or forfeiture for a violation of a local ordinance or other law relating to the parking of a vehicle, $10; and

(2) for a violation of a local ordinance or other law relating to the parking of a vehicle, $1.

The surcharge must be assessed for the original charge, whether or not it is subsequently reduced. A person charged on more than one count may be assessed only one surcharge under this subdivision, but must be assessed for the most serious offense.

The court shall collect and forward to the commissioner of finance the amounts assessed for deposit in the general fund.

Sec. 108. Minnesota Statutes 1990, section 643.29, subdivision 1, is amended to read:

Subdivision 1. ["GOOD CONDUCT" ALLOWANCE.] Any person sentenced for a term to any county jail, workhouse, or correctional work farm, whether the term is part of an executed sentence or as a condition of probation, shall diminish the term of the sentence five days for each month, commencing on the day of arrival, during which the person has not violated any rule or discipline of the place wherein the person is incarcerated and, if required to labor, has labored with diligence and fidelity.

Sec. 109. Laws 1989, chapter 335, article 1, section 7, is amended to read:

Sec. 7. BOARD OF PUBLIC DEFENSE	2,665,000	19,485,000

None of this appropriation shall be used to pay for lawsuits against public agencies or public officials to change social or public policy.

$100,000 the first year is a one-time appropriation for the costs of the weighted case load study of the public defender system and public defense services.

$16,910,000 the second year is for the costs of ~~felony and gross misdemeanor~~ district public defense ~~services statewide and all public defense costs in the second and fourth judicial districts~~.

Takeover of the costs of public defense services shall be considered a part of the base level funding for the 1992-1993 biennium. Nothing in this act shall be construed to build into the base level for the 1992-1993 biennium any additional costs of the public defense system which have not been appropriated in this act.

Public defense obligations incurred by counties before July 1, 1990, remain the obligation of the counties and must be paid by the counties based on their population within the judicial district.

Sec. 110. Laws 1989, chapter 335, article 3, section 44, as amended by Laws 1990, chapter 604, article 9, section 13, is amended to read:

Sec. 44. [APPLICATION.]

Sec. 112. [SBIR MARKETING AND TECHNICAL ASSISTANCE PROGRAM.]

Minnesota project innovation may establish a small business innovation research (SBIR) marketing and technical assistance program. Minnesota project innovation may conduct the following activities under the SBIR marketing and technical assistance program:

(1) market the federal SBIR grant program to scientists, engineers, and entrepreneurs;

(2) provide technical assistance to persons applying for federal SBIR grants;

(3) assist persons applying for federal SBIR grants with securing equity financing to commercialize new technologies; and

(4) provide technical assistance to persons in gaining access to technology developed through the efforts of the federal government.

Sec. 113. [FINDINGS.]

The legislature finds that the state of Minnesota faces immediate and serious financial problems. As a result, public employers may have insufficient resources to maintain their work forces at the

current level. The legislature determines that the public interest is best served if public employers' budgets can be balanced without layoffs of public employees. Section 114 is enacted as a temporary measure to help solve the financial crisis facing units of state and local government, while minimizing layoffs of public employees.

Sec. 114. [EMPLOYER-PAID HEALTH INSURANCE.]

Subdivision 1. [STATE EMPLOYEES.] A state employee, as defined in Minnesota Statutes, section 43A.02, subdivision 21, or an employee of the state university system, community college system, Minnesota state retirement system, the teachers retirement association, or the public employees retirement association, is eligible for state-paid hospital, medical, and dental benefits if the person:

(1) is eligible for state-paid insurance under Minnesota Statutes, section 43A.18, or other law;

(2) has at least 25 years of service in the state civil service as defined in Minnesota Statutes, section 43A.02, subdivision 10, or at least 25 years of service as an employee of the Minnesota state retirement system, the teachers retirement association, or the public employees retirement association or a combination of any two or more of them;

(3) upon retirement is immediately eligible for a retirement annuity;

(4) is at least 55 and not yet 65 years of age; and

(5) retires on or after July 1, 1991, and before October 1, 1991 or, in the case of an employee as described in Minnesota Statutes, section 43A.02, subdivisions 10 and 27, retires after January 1, 1991, and before May 20, 1991, with more than 30 years of service.

Subd. 2. [OTHER PUBLIC EMPLOYEES.] The University of Minnesota or the governing body of a city, county, school district, or other political subdivision of the state may provide employer-paid hospital, medical, and dental benefits to a person who:

(1) is eligible for employer-paid insurance under collective bargaining agreements or personnel plans in effect on the day before the effective date of this section;

(2) has at least 25 years of service with the employer who will pay for the benefits after retirement;

(3) upon retirement is immediately eligible for a retirement annuity;

(4) is at least 55 and not yet 65 years of age; and

(5) in the case of a school district employee, retires on or after May 20, 1991, and before July 21, 1991; and in the case of an employee of another employer in this subdivision, retires on or after July 1, 1991, and before October 1, 1991.

An employer that pays for insurance under this section may not exclude any eligible employees.

Subd. 3. [CONDITIONS; COVERAGE.] A state employee who is eligible both for the health insurance benefit under this section and for an employer-paid health insurance benefit provided as an early retirement incentive under a collective bargaining agreement or personnel plan established by the employer must choose between that early retirement incentive and the benefit provided under this section and may not have both. An employer under subdivision 2 may impose a similar restriction. No provision of a public pension plan is an early retirement incentive for purposes of this section. For purposes of this section, a person retires when the person terminates active employment and applies for retirement benefits. The retired employee is eligible for single and dependent coverages and employer payments to which the person was entitled at the time of retirement, subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans, for employees in positions equivalent to the position from which the employee retired. The retired employee is not eligible for employer-paid life insurance. Eligibility ceases when the retired employee attains the age of 65, or when the employee chooses not to receive the retirement benefits for which the employee has applied, or when the employee is eligible for employer-paid health insurance from a new employer. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program.

Subd. 4. [RULE OF 90.] An employee who retires under this section using the rule of 90 must not be included in the calculations required by Minnesota Statutes, section 356.85.

Subd. 5. [APPLICATION OF OTHER LAWS.] Unilateral implementation of this section by a public employer is not an unfair labor practice for purposes of chapter 179A. The authority provided in this section for an employer to pay health insurance costs for certain retired employees is not subject to the limits in section 179A.20, subdivision 2a.

Sec. 115. [DISTRICT PUBLIC DEFENDER BUDGETS.]

The board of public defense may only fund those items and services in district public defender budgets which were included in the original budgets of district public defender offices as of January

1, 1990. All other public defense related costs remain the responsibility of the counties unless the state specifically appropriates for these. The cost of additional state funding of these items and services must be offset by reductions in local aids in the same manner as the original state takeover.

Sec. 116. [DISTRICT PUBLIC DEFENDERS; REPORTING CASES.]

The state board of public defense shall adopt and implement a uniform system for reporting of hours and cases by district public defenders. District public defenders shall provide whatever assistance the board requires in order to implement this reporting system.

Sec. 117. [PUBLIC DEFENDER SERVICES; RESPONSIBILITY.]

Notwithstanding Minnesota Statutes, section 611.27, subdivision 4, the state's obligation for the costs of the public defender services is limited to the appropriations made to the board of public defense. Services and expenses beyond those appropriated for shall be the responsibility of the counties within a judicial district. Expenses shall be distributed on a pro rata basis. The providing of space and the associated costs in single county judicial districts shall be the responsibility of the individual county. The county shall continue to provide space in the same manner as for other county agencies.

Sec. 118. [PUBLIC DEFENSE COSTS; HENNEPIN COUNTY.]

Hennepin county has total and exclusive authority over the public defender system in the fourth judicial district. In exercising this authority, the county board shall:

(1) pay the total compensation and expenses of the system;

(2) regulate the appointment of, and the terms and conditions of employment of, the district public defender and other employees; and

(3) establish any other policies affecting the system or its employees the board considers appropriate.

This section supersedes any inconsistent provision of law.

The revisor of statutes shall, in consultation with the board of public defense, make the necessary changes to Minnesota Statutes to effectuate this section.

Sec. 119. [INTERNATIONAL PURCHASES; SALES AND USE TAX.]

The commissioner of revenue shall review federal customs declarations and make an effort to collect the amounts owed for sales and use tax on international purchases by travelers entering the state from international destinations. The commissioner shall report to the legislature no later than January 31, 1992, on the cost-effectiveness of this activity.

Sec. 120. [ENVIRONMENTAL ORGANIZATIONAL STUDY.]

Subdivision 1. [STUDY.] (a) The environmental quality board shall inventory and prepare a study, in conjunction with the SLAM-DUNK commission, of the state's environmental and natural resources agencies and programs and shall recommend an organizational structure to achieve the following goals:

(1) more efficient delivery of services;

(2) avoidance of duplication of functions;

(3) more effective use of human and fiscal resources; and

(4) better environmental management.

(b) The study should include, but not be limited to, consideration of an organization structure that:

(1) makes clear to the public and to regulated persons or entities which state agency is responsible for performance of a specified function;

(2) minimizes the number of different state agencies that a person or entity must deal with to satisfy state regulatory requirements;

(3) creates clear lines of accountability to the governor and the legislature;

(4) minimizes friction and undesirable competition among state agencies for authority and resources;

(5) permits overall goals of environmental management programs to be implemented effectively;

(6) simplifies administrative procedures and requirements; and

(7) encourages good working relationships with units of local government, regulated entities, environmental groups, and the general public.

Subd. 2. [REPORT.] The final report and recommendation is due February 1, 1992. The board must make progress reports to the chairs of the house and senate governmental operations and environment and natural resources committees each month from September 1991 to January 1992.

Sec. 121. [REPEALER.]

Subd. 2. [COURT ADMINISTRATION.] Laws 1989, chapter 335, article 3, section 54, as amended by Laws 1989, First Special Session chapter 1, article 5, section 47, and Laws 1990, chapter 604, article 9, section 14, is repealed.

Subd. 11. [PARENT EDUCATION OPPORTUNITIES PROGRAMS.] A school board may offer, as part of a community

education program, parent education opportunities to help parents develop and improve parenting skills. The district shall attempt to encourage participation by parents of diverse backgrounds and of all cultures and racial groups represented in the district. (2) educating parents about the physical, intellectual, and emotional needs of children;

(3) enhancing the skills of parents in providing for their children's learning and development;

(4) providing resource materials that may be borrowed for home use;

(5) providing information about related community resources;

(6) conducting outreach activities to assure participation by a representative cross-section of parents in the district; and

(7) offering other programs or activities.

The programs must be reviewed periodically to assure the instruction, activities, and materials are not racially, culturally, or sexually biased. The programs may, however, reflect the ethnic diversity of the district. The programs must encourage parents to be aware of practices that may affect equitable development of children.

Money not used by a recipient nursing program must be returned to the higher education coordinating board for redistribution under this section. The board shall establish an application process for interested schools, colleges, or programs of nursing. Initial applications are due by January 1, 1991, and by January 1 of each later year. By March 1, 1991, and by March 1 of each later year, the board shall notify each applicant school, college, or program of nursing of its approximate allocation of funds in order to allow the school, college, or program to determine the number of students that can be supported by the allocation. The board shall distribute funds to the schools, colleges, or programs of nursing by August 1, 1991, and by August 1 of each later year.

Sec. 19. Minnesota Statutes 1990, section 136A.1355, subdivision 1, is amended to read:

Sec. 21. Minnesota Statutes 1990, section 299A.45, subdivision 1, is amended to read:

Subdivision 1. Subd. 3. [APPLICATIONS.] The board shall determine procedures to solicit and evaluate proposals and to award grants. The board must consider the way in which a proposal would aid students needing child care, considering the limited funds available for the state child care grant program. The grants may also fund programs to assure that child care funding and delivery is part of a student's overall package of support services.

The board must not award a grant unless the proposal demonstrates a strong likelihood that the value of the services to be generated as a result of the grant substantially exceeds the amount of the grant.

Subd. 4. [REPORT.] The higher education coordinating board shall report to the appropriations and finance committees on its distribution of the grants by February 1, 1992. The board shall evaluate the projects and make its final report by January 1, 1993.

(3) residents of other states who are attending a Minnesota institution under a tuition reciprocity agreement.

Sec. 4. Laws 1990, chapter 591, article 3, section 10, is amended to read:

Sec. 7. [ENROLLMENT AUDIT.]

The legislative audit commission and the commissioner of finance are requested to undertake a study of enrollment, including an audit of full-year equivalents, in the technical college and community college systems. The study should examine the changes in full-year equivalents since the enactment of average cost funding, the distribution of students in credit and noncredit programs, degree and nondegree programs, the inclusion of students in average cost funding for whom the systems are receiving alternative funding, and the changes in enrollment and cost among the average cost funding cells. The auditor and the commissioner are requested to report their findings and recommendations to the education divisions of the appropriations and finance committees by February 15, 1992.

A levy of taxes for the St. Louis county general obligation bonds is not subject to any levy limitations and may be issued without an election.

(b) Of the bonds issued to finance the facility described in subdivision 5, bonds in the principal amount of $125,000,000 must be secured by the general obligation of the state or the pledge of any other revenues, property, guaranties, or other credit, and $12,600,000 must be secured by the general obligation of St. Louis county.

The facility must be owned by the metropolitan airports commission and leased to and operated by an airline company for use as a heavy maintenance base. In the event of a default under the loan, lease agreement, or other revenue agreement, the facility may be leased to another person for operation as a revenue-producing enterprise, subject to the approval of the commissioner.

The facility must be publicly owned, but may be leased, with or without a purchase option exercisable at any price, to any person for the primary purpose of repairing aircraft engines or components.

Subd. 7. [ENVIRONMENTAL ASSESSMENT.] Notwithstanding any other law or rule, no environmental impact statement must be completed prior to the approval of an application and the issuance of a conditional commitment for the loan, or the taking of any other action permitted by sections 1 to 15, including the issuance of bonds, which is considered necessary or desirable by the commissioner to prepare for a final commitment and to make it effective. Sec. 3. [116R.03] [GENERAL POWERS.]

For the purpose of exercising the specific powers authorized under sections 1 to 15 and effectuating the other purposes of sections 1 to 15, the commissioner may:

(1) acquire, hold, and dispose of real or personal property;

(2) enter into agreements, contracts, or other transactions with any federal or state agency, any person and any domestic or foreign partnership, corporation, association, or organization, including contracts or agreements for administration and implementation of all or part of sections 1 to 15;

(3) acquire real property, or an interest therein, by purchase or foreclosure, where the acquisition is necessary or appropriate;

(4) enter into agreements with lenders, borrowers, or the issuers of securities for the purpose of regulating the development and management of any facility financed in whole or in part by the proceeds of bonds or loans;

(5) enter into agreements with other appropriate federal, state, or local governmental units; and

(6) contract with, use, or employ any federal, state, regional, or local public or private agency or organization, legal counsel, financial advisors, investment bankers or others, upon terms the commissioner considers necessary or desirable, to assist in the exercise of any of the powers authorized under sections 1 to 15 and to carry out the objectives of sections 1 to 15 and may pay for the services from bond proceeds or otherwise available department money.

Sec. 4. [116R.04] [REVENUE BONDS; PURPOSES, TERMS, APPROVAL.]

Subdivision 1. [BONDS.] The commissioner from time to time may issue negotiable bonds in one or more series or issues in a principal amount which, in the opinion of the commissioner of trade and economic development, is necessary to provide sufficient funds for achieving the purposes of sections 1 to 15, including the construction of a heavy maintenance facility for aircraft to be located at the Duluth international airport, the financing of an aircraft engine repair facility in the city of Hibbing, the payment of

interest on bonds of the commissioner, the establishment of reserves to secure the bonds, and the payment of all other expenditures of the commissioner incident to and necessary or convenient to carry out the purposes and powers of sections 1 to 15. The bonds may be issued as bonds or notes or in any other form authorized by law.

Subd. 2. [REFUNDING OF BONDS.] The commissioner from time to time may issue bonds for the purpose of refunding any bonds then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the redemption date next succeeding the date of delivery of those refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the bonds to be refunded, or to the redemption of such outstanding bonds on the redemption date next succeeding the date of delivery of such refunding bonds and may, pending such application, be placed in escrow to be applied to such purchase, retirement, or redemption. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations that are permitted investments under section 11A.24, maturing at a time or times appropriate to assure the prompt payment of the principal of and interest and redemption premiums, if any, on the bonds to be refunded. The income earned or realized on any such investment may also be applied to the payment of the bonds to be refunded. After the terms of the escrow have been fully satisfied, any balance of such proceeds and any investment income may be returned to the general fund for use in any lawful manner. All refunding bonds issued under the provisions of this subdivision must be issued and secured in the manner provided by resolution of the commissioner.

Subd. 3. [KIND OF BONDS.] All bonds issued under this section must be issued in the form and manner provided in section 16A.672.

Subd. 4. [COMPLIANCE WITH FEDERAL LAW.] The commissioner may covenant and agree with the holders of the bonds issued under this section that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes.

Subd. 5. [TAXABILITY OF INTEREST.] Interest on the bonds authorized by this section may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.

Sec. 5. [116R.05] [REVENUE BONDS; RESOLUTIONS AUTHORIZING, ADDITIONAL TERMS, SALE.]

The bonds must be authorized by a resolution or resolutions of the commissioner, bear such date or dates, mature at such time or times,

bear interest at such rate or rates, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States, at such place or places within or without the state, and be subject to such terms of redemption or purchase prior to maturity as the resolutions or certificates may provide. If, for any reason, whether existing at the date of issue of any bonds or at the date of making or purchasing any loan or securities from the proceeds or after that date, the interest on any bonds is or becomes subject to federal income taxation, this shall not impair or affect the validity or the provisions made for the security of the bonds. The commissioner may make covenants and take or cause to be taken actions which are necessary or desirable and possible to comply with conditions established by federal law or regulations for the exemption of interest on the obligations. The commissioner may refrain from compliance with those conditions if in the commissioner's judgment this would serve the purposes and policies set forth in sections 1 to 15 with respect to any particular issue of bonds, unless this would violate covenants made by the commissioner. The bonds may be sold at public or private sale at a price or prices determined by the commissioner. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the commissioner to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters.

Sec. 6. [116R.06] [REVENUE BONDS; OPTIONAL RESOLUTION AND CONTRACT PROVISIONS.]

Any resolution authorizing any bonds or any issue of bonds may contain provisions, which must be a part of the contract with the holders of the bonds, as to the matters referred to in this section.

(a) It may pledge or create a lien on money or property and any money held in trust or otherwise by others to secure the payment of the bonds or of any series or issue of bonds, subject to any agreements with bondholders which exist.

(b) It may provide for the custody, collection, securing, investment, and payment of money.

(c) It may set aside reserves or sinking funds and provide for their regulation and disposition and may create other special funds into which money may be deposited.

(d) It may limit the loans and securities to which the proceeds of sale of bonds may be applied and may pledge repayments thereon to secure the payment of the notes or bonds or of any series or issue of notes or bonds.

(e) It may limit the issuance of additional bonds, the terms upon

which additional bonds may be issued and secured, and the refunding of outstanding or other bonds.

(f) It may prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent to the amendment or abrogation, and the manner in which that consent may be given.

(g) It may vest in a trustee or trustees property, rights, powers, and duties in trust determined by the commissioner, which may include any or all of the rights, powers, and duties of the bondholders, or may limit the rights, powers, and duties of the trustee.

(h) It may define the acts or omissions to act which constitute a default in the obligations and duties of the commissioner and may provide for the rights and remedies of the holders of bonds in the event of a default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of sections 1 to 15, which in any way affect the security or protection of the bonds and the rights of the bondholders.

Sec. 7. [116R.07] [PLEDGES.]

Any pledge made by the commissioner is valid and binding from the time the pledge is made. The money or property pledged and later received by the commissioner is immediately subject to the lien of the pledge without any physical delivery of the property or money or further act, and the lien of any pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the commissioner, whether or not those parties have notice of the lien or pledge. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

Sec. 8. [116R.08] [REVENUE BONDS; NONLIABILITY OF INDIVIDUALS.]

The commissioner and the commissioner's staff and any person executing the bonds are not personally liable on the bonds or subject to any personal liability or accountability by reason of their issuance.

Sec. 9. [116R.09] [REVENUE BONDS; PURCHASE AND CANCELLATION.]

The commissioner, subject to agreements with bondholders which may then exist, has power out of any funds available for the purpose to purchase bonds of the commissioner at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon,

or (b) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

Sec. 10. [116R.10] [STATE PLEDGE AGAINST IMPAIRMENT OF CONTRACTS.]

The state pledges and agrees with the holders of any bonds issued under sections 1 to 15, that the state will not limit or alter the rights vested in the commissioner to fulfill the terms of any agreements made with the bondholders, or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged. The commissioner may include this pledge and agreement of the state in any agreement with the holders of bonds issued under sections 1 to 15.

Sec. 11. [116R.11] [AIRCRAFT FACILITIES FUND.]

The commissioner shall establish an aircraft facilities fund. The commissioner may establish whatever accounts might be necessary to carry out sections 1 to 15. The state treasurer or any trustee appointed by the commissioner under sections 1 to 15 shall maintain permanently on official books and records debt service accounts separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on bonds. No later than the due date of each principal and interest payment on the bonds, the commissioner shall withdraw from the proceeds of the bonds, or from revenues on hand and available for the purpose, and shall deposit in the debt service accounts the amount, if any, required in the account by the resolution or resolutions of the commissioner.

Sec. 12. [116R.12] [POWERS AND DUTIES OF TRUSTEE.]

Subdivision 1. [GENERAL.] The trustee, if any, designated in any indenture or resolution securing an issue of bonds may, and upon written request of the holders of 25 percent in principal amount of the notes or bonds then outstanding shall, in the trustee's own name, subject to the provisions of the indenture or resolution:

(1) enforce all rights of the bondholders, including the right to require the commissioner to collect fees, charges, interest, and payments on leases, loans, or interests therein held by the commissioner and eligible securities purchased by it adequate to carry out any agreement as to, or pledge of, those fees, charges, and payments, and to require the commissioner to carry out any other agreements with the holders of the notes or bonds and to perform the duties required under sections 1 to 15;

(2) bring suit upon the bonds;

(3) require the commissioner to account as if it were the trustee of any express trust for the holders of the bonds;

(4) enjoin any acts or things which may be unlawful or in violation of the rights of holders of the bonds; or

(5) declare all the bonds due and payable, and if all defaults are made good, then, with the consent of the holders of 25 percent of the principal amount of the bonds then outstanding, the trustee may annul the declaration and consequences.

Subd. 2. [ADDITIONAL POWERS.] In addition to the powers in subdivision 1, the trustee has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

Subd. 3. [VENUE; NOTICE.] The venue of any action or proceedings brought by a trustee is in Ramsey county. Before declaring the principal of bonds due and payable, the trustee shall first give 30 days' notice in writing to the commissioner.

Sec. 13. [116R.13] [REVENUE BOND ACCOUNT; REPORTS.]

Subdivision 1. [AUTHORITY.] The commissioner may create and establish a special account or accounts for the security of one or more or all series of its bonds, which accounts are known as debt service reserve accounts. The commissioner may pay into each debt service reserve account:

(1) any money appropriated by the state only for the purposes of that account;

(2) any money transferred from the security fund for the purposes of that account;

(3) any proceeds of sale of bonds to the extent provided in the resolution or indenture authorizing their issuance;

(4) any money directed to be transferred by the commissioner to that debt service reserve account; and

(5) any other money made available to the commissioner only for the purpose of that account from any other source.

Subd. 2. [USE OF MONEY.] The money held in or credited to each debt service reserve account, except as provided in this section, must be used solely for the payment of the principal of bonds of the

commissioner as the bonds mature, the purchase of the bonds, the payment of interest on the bonds, or the payment of any premium required when the bonds or notes are redeemed before maturity; provided, that money in a debt service reserve account may not be withdrawn at any time in an amount which would reduce the amount of the account to less than the amount which the commissioner determines to be reasonably necessary for the purposes of the account, except for the purpose of paying principal or interest due on bonds secured by the account, for the payment of which other money is not available.

Subd. 3. [GENERAL OBLIGATION BONDS.] If the amount in any debt service reserve account falls below the minimum required in a resolution or resolutions of the commissioner, the commissioner shall issue general obligation bonds in accordance with section 16A.641 except as otherwise provided in this section unless provision is made for restoring the deficiency from other sources. The bonds may be sold at public or private sale at a price or prices determined by the commissioner. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the commissioner to be reasonable in light of the risk assumed and the expense of issuance, if any, required to be paid by the underwriters.

Subd. 4. [LIMITATION.] If the commissioner creates a debt service reserve account for the security of any series of bonds, the commissioner may not issue any additional bonds which are similarly secured if the amount of any of the debt service reserve accounts at the time of issuance does not equal or exceed the minimum amount, if any, required by the resolution creating that account, unless the commissioner deposits in each account at the time of issuance, from the proceeds of the bonds or otherwise, an amount which, together with the amount then in the account, will not be less than the minimum amount required.

Subd. 5. [EXCESS MONEY.] To the extent consistent with the resolutions and indentures securing outstanding bonds, the commissioner may, at the close of any fiscal year, transfer to any other account from any debt service reserve account, any excess in that account over the amount considered by the commissioner to be reasonably necessary for the purpose of the account. Any excess must be transferred first to the security account to the extent of any prior withdrawals from the security account which have not previously been restored to the security account.

Subd. 6. [CONSTRUCTION.] Nothing in this section may be construed to limit the right of the commissioner to create and establish by resolution or indenture other accounts or security in addition to debt service reserve accounts which are necessary or desirable in connection with any bonds or programs.

Sec. 14. [116R.15] [CONSTRUCTION.]

Sections 1 to 15 are necessary for the welfare of the state of Minnesota and its inhabitants; therefore, they shall be liberally construed to effect their purpose.

Sec. 15. [116R.16] [SEVERABILITY; ACTIONS.]

Each of the provisions of sections 1 to 15, and each application thereof to particular circumstances, is severable. If any provision or application is found to be unconstitutional and void, it is the intention that the remaining provisions and applications shall be valid and enforceable to the full extent possible under section 645.20.

Sec. 16. Minnesota Statutes 1990, section 290.06, is amended by adding a subdivision to read:

Subd. 24. [CREDIT FOR JOB CREATION.] A corporation that leases and operates a heavy maintenance base for aircraft that is owned by the state of Minnesota or one of its political subdivisions, or an engine repair facility described in section 2, subdivision 6, or both, may take a credit against the tax due under this chapter. For the first taxable year when the facility has been in operation for at least three consecutive months, the credit is equal to $5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year. For each of the succeeding four taxable years, the credit is equal to $5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year. If the credit provided under this subdivision exceeds the tax liability of the corporation for the taxable year, the excess amount of the credit may be carried over to each of the ten taxable years succeeding the taxable year. The entire amount of the credit must be carried to the earliest taxable year to which the amount may be carried. The unused portion of the credit must be carried to the following taxable year. No credit may be carried to a taxable year more than ten years after the taxable year in which the credit was earned.

Sec. 17. [297A.2571] [AIRCRAFT FACILITY MATERIALS; EXEMPTIONS.]

Materials, equipment, and supplies used or consumed in constructing, or incorporated into the construction of, a heavy maintenance facility for aircraft that is to be owned by the state of Minnesota or one of its political subdivisions and leased by an

airline company, or an aircraft engine repair facility described in section 2, subdivision 6, are exempt from the taxes imposed under this chapter and from any sales and use tax imposed by a local unit of government, notwithstanding any ordinance or city charter provision. certain procedures in a manner defined by the commissioner for the purpose of eliminating viruses and other injurious disease or insect pests. The commissioner shall collect reasonable fees from participating nursery ~~operators~~ stock growers for services and materials that are necessary to conduct this type of work, as provided in section 16A.128.

Sec. 9. Minnesota Statutes 1990, section 18.55, is amended to read:

18.55 [RECIPROCITY WITH OTHER STATES.]

Subdivision 1. [OUT-OF-STATE NURSERY ~~OPERATOR~~ STOCK GROWER, DEALER, OR AGENT.] A nursery ~~operator~~ stock grower, dealer, or agent from another state which issues certificates to nursery ~~operators~~ stock growers, dealers, or agents of Minnesota on the same or similar basis as to nursery ~~operators~~ stock growers, dealers, or agents of such state may operate in Minnesota upon complying with the plant pest act without procuring a Minnesota certificate. Any person from another state shipping nursery stock into Minnesota shall be accorded treatment similar to that which is required of Minnesota nursery ~~operators~~ stock growers, dealers, or agents who ship or sell nursery stock in such state. No reciprocity shall be extended under this section until the commissioner has first determined which states issue certificates to nursery ~~operators~~ stock growers, dealers, or agents of Minnesota on the same or similar basis as to nursery ~~operators~~ stock growers, dealers, or agents of such states.

Subd. 2. [FILING OUT-OF-STATE CERTIFICATES OF INSPECTION.] Each out-of-state nursery ~~operator~~ stock grower or dealer whose nursery stock is sold, offered for sale, or distributed within this state shall file a certified current copy of an out-of-state certificate in the office of the commissioner. The commissioner may accept, in lieu of such individual certificates, a certified list of current certified nursery ~~operators~~ stock growers or dealers from the regulatory agency having jurisdiction in the state of origin, and may distribute such lists to persons in the state of Minnesota requesting them. The commissioner also may supply certified lists of certified Minnesota nursery ~~operators~~ stock growers and dealers offering nursery stock for sale in Minnesota and other states on request of any person. If any certified nursery ~~operator~~ stock grower or dealer has violated any provisions of the plant pest act, the filed certificate will be voided or the ~~nursery operator's~~ person's name will be stricken from the appropriate certified list.

Sec. 10. Minnesota Statutes 1990, section 18.56, is amended to read:

18.56 [TAGS.]

A tag bearing a reasonable facsimile of the nursery stock grower or dealer certificate ~~of inspection~~ shall be attached to every package or bundle of nursery stock sold or transported by any person. The form of each tag shall be approved by the commissioner before being used.

Sec. 11. Minnesota Statutes 1990, section 18.57, is amended to read:

18.57 [CARRIERS NOT TO ACCEPT UNTAGGED STOCK.]

All carriers for hire, including railroad companies, express companies and truck lines shall not accept nursery stock which is not tagged with a valid tag of the nursery stock grower or dealer making the shipment. The carrier shall promptly notify the commissioner regarding any prohibited shipment.

Sec. 12. Minnesota Statutes 1990, section 18.60, is amended to read:

18.60 [PENALTIES.]

Subdivision 1. [CERTIFICATE ~~MAY BE REVOKED~~ REVOCATION.] In addition to or in lieu of civil penalties under subdivision 2, the certificate of any person violating any of the provisions of the plant pest act may be suspended or revoked by the commissioner ~~upon five days notice and opportunity to be heard~~.

Subd. 2. ~~[MISDEMEANOR.] Any person violating any of the provisions of the plant pest act, or any rule promulgated thereunder shall be guilty of a misdemeanor.~~ [CIVIL PENALTY.] The commissioner may impose a penalty upon a person who violates the plant pest act. For a first violation, the commissioner may impose a civil penalty of not less than $100 nor more than $1,000 for each act in violation. The penalty may not exceed $25,000. If a person is found guilty of the same violation a second time during a certificate year, the commissioner may impose a civil penalty of not less than $500 nor more than $5,000 for each act in violation. The penalty may not exceed $50,000. The penalty provisions for a second violation apply to successive violations. In determining the amount of the civil penalty to be assessed under this section, the commissioner shall consider the gravity of the offense, the size of the business involved, and the effect of the penalty on the person's ability to continue in business.

Subd. 3. [APPEAL.] A person adversely affected by an act, order, or ruling made under this section, or a rule adopted under the plant pest act, may appeal under chapter 14.

Subd. 4. [FAILURE TO OBEY.] Violations of an administrative

order made under this section or a rule adopted under the plant pest act, must be punished by the district court under the laws of contempt. Each day of failure to obey an order of the commissioner is a separate violation and each violation of a particular act enjoined by the court is a separate violation.

Sec. 13. Minnesota Statutes 1990, section 27.19, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED ACTS.] (a) A person subject to the provisions of this section and sections 27.01 to 27.15 may not:

(1) operate or advertise to operate as a dealer at wholesale without a license;

(2) make any false statement or report as to the grade, condition, markings, quality, or quantity of produce, as defined in section 27.069, received or delivered, or act in any manner to deceive a consignor or purchaser;

(3) refuse to accept a shipment contracted for by the person, unless the refusal is based upon the showing of a state inspection certificate secured with reasonable promptness after the receipt of the shipment showing that the kind and quality of produce, as defined in section 27.069, is other than that purchased or ordered by the person;

(4) fail to account or make a settlement for produce within the required time;

(5) violate or fail to comply with the terms or conditions of a contract entered into by the person for the purchase or sale of produce;

(6) purchase for a person's own account any produce received on consignment, either directly or indirectly, without the consent of the consignor;

(7) issue a false or misleading market quotation, or cancel a quotation during the period advertised by the person;

(8) increase the sales charges on produce shipped to the person by means of "dummy" or fictitious sales;

(9) receive decorative forest products and the products of farms and waters from foreign states or countries for sale or resale, either within or outside of the state, and give the purchaser the impression, through any method of advertising or description, that the produce is of Minnesota origin;

(10) fail to notify in writing all suppliers of produce of the protection afforded to suppliers by the person's licensee bond, including: availability of a bond, notice requirements, and any other conditions of the bond;

(11) make a false statement to the commissioner on an application for license or bond or in response to written questions from the commissioner regarding the license or bond;

(12) commit to pay and not pay in full for all produce committed for. A processor may not commit to pay an amount less than the full contract price if the crop produced is satisfactory for processing and is not harvested for reasons within the processor's control. If the processor sets the date for planting, bunching, unusual yields, and a processor's inability or unwillingness to harvest must be considered to be within the processor's control. Under this clause growers must be compensated for passed acreage at the same rate for grade and yield as they would have received had the crop been harvested in a timely manner minus any contractual provision for green manure or feed value. Both parties are excused from payment or performance for crop conditions that are beyond the control of the parties; or

(13) discriminate between different sections, localities, communities, or cities, or between persons in the same community, by purchasing produce from farmers of the same grade, quality, and kind, at different prices, except that price differentials are allowed if directly related to the costs of transportation, shipping, and handling of the produce and a person is allowed to meet the prices of a competitor in good faith, in the same locality for the same grade, quality, and kind of produce. A showing of different prices by the commissioner is prima facie evidence of discrimination.

(b) A separate violation occurs with respect to each different person involved, each purchase or transaction involved, and each false statement.

"Sec. 4. Technical Colleges

Subdivision 1. To the state board of technical colleges for the purposes specified in this section $ 1,393,000

The state board shall report to the house appropriations and senate finance committees by January 15 of each year on the status of the capital improvement projects in this section.

Notwithstanding Minnesota Statutes, section 136C.44, during the biennium the state board of technical colleges must not make grants to school districts but shall directly supervise and control the preparation of plans and specifications to construct, alter, or enlarge the technical college buildings and structures, and for improvements provided in this section.

During the biennium, the state board of technical colleges shall advertise for bids and award contracts in connection with the improvements, supervise and inspect the work, approve necessary changes in the plans and specifications, approve estimates for payment, and accept the improvements when completed according to the plans and specifications.

During the biennium, the state board may delegate the authority provided in this section to the campus president for capital repair and replacement projects with a total cost of less than $50,000, if the state board determines that the projects can be efficiently managed at the campus level.

Plans must be paid for out of this appropriation. The remainder of the appropriation must not be spent until the board has secured suitable plans and specifications, prepared by a competent architect or engineer.
