"Sec. 55. Minnesota Statutes 1990, section 256B.501, is amended by adding a subdivision to read:

Subd. 12. [ICF/MR SALARY ADJUSTMENTS.] For the rate period beginning January 1, 1992, and ending September 30, 1993, and for the rate period beginning January 1, 1993, and ending September 30, 1994, the commissioner shall add the appropriate salary adjustment cost per diem calculated in paragraphs (a) to (c) to the total operating cost payment rate of each facility. The salary adjustment cost per diem must be determined as follows:

(a) [COMPUTATION AND REVIEW GUIDELINES.] Except as provided in paragraph (d), a state-operated community service, and any facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, are not eligible for salary adjustments otherwise granted under this subdivision. For purposes of the salary adjustment per diem computation and reviews in this subdivision, the term "salary adjustment cost" means the facility's allowable program operating cost category employee training expenses, and the facility's allowable salaries, payroll taxes and fringe benefits. The term does not include these same salary related costs for both administrative or central office employees.

For the purpose of determining the amount of salary adjustment to be granted under this subdivision, the commissioner must use the reporting years ending December 31, 1990, and December 31, 1991 as the base year for the salary adjustment per diem computations. For the purpose of each year's salary adjustment cost review, the commissioner must use the facility's salary adjustment cost for the

reporting year ending December 31, 1991, as the base year. If the base year and the reporting year subject to review include salary cost reclassifications made by the department, the commissioner must reconcile those differences before completing the salary adjustment per diem review.

(b) [AVERAGE HOURLY WAGE COMPUTATION.] For each eligible facility, the commissioner must compute the facility average hourly wage. The computation of the facility average hourly wage shall be equal to the facility's salary adjustment costs divided by the total compensated hours for those same employees. The commissioner shall array the facility average hourly wage computations. Once the commissioner has established the array, the array must not be reestablished.

(c) [SALARY ADJUSTMENT PER DIEM COMPUTATIONS.] The salary adjustment cost per diem shall be equal to the computation in clause (1) or clause (2), as appropriate.

(1) For the rate period beginning January 1, 1992, a facility whose average hourly wage computation is in the lowest 30 percent of the array shall receive a salary adjustment cost per diem equal to its salary adjustment costs multiplied by 6.5 percent, and then divided by the facility's resident days. For the facilities not in the lowest 30 percent of the array, their salary adjustment cost per diem shall equal to their salary adjustment costs multiplied by five percent, and then divided by the facility's resident days.

(2) For the rate period beginning January 1, 1992, each facility shall receive a salary adjustment cost per diem equal to its salary adjustment costs multiplied by 5 percent, and then divided by the facility's resident days.

(d) [ADJUSTMENTS FOR NEW FACILITIES.] For newly constructed or newly established facilities, except for state-operated community services, whose payment rates are governed by Minnesota Rules, part 9553.0075, if the settle-up cost report includes a reporting year which is subject to review under this subdivision, the commissioner shall adjust the rule provision governing the maximum settle-up payment rate by increasing the .4166 percent for each full month of the settle-up cost report to .7083. For any subsequent rate period which is authorized for salary adjustments under this subdivision, the commissioner shall compute salary adjustment cost per diems by annualizing the salary adjustment costs for the settle-up cost report period and treat that period as the base year for purposes of reviewing salary adjustment cost per diems.

(e) [SALARY ADJUSTMENT PER DIEM REVIEW.] The commissioner shall review the implementation of the salary adjustments on a per diem basis. For reporting years ending December 31, 1992,

December 31, 1993, and December 31, 1994, the commissioner must review and determine the amount of change in salary adjustment costs in each of the above reporting years over the base year. In the case of each review, the commissioner must inflate the base year's salary adjustment costs by the cumulative percentage increase granted in paragraph (c), plus three percent or the lessor for each of the three years reviewed. The commissioner must then compare each facility's salary adjustment costs for the reporting year divided by the facility's resident days for the base year. If the facility has had a one-time program operating cost adjustment settle-up during any of the reporting years subject to review, the commissioner must remove the per diem effect of the one-time program adjustment before completing the review and per diem comparison.

The review and per diem comparison must be done by the commissioner each year following the reporting years subject to review. If the salary adjustment cost per diem for the reporting year being reviewed is less than the base year's inflated salary adjustment cost per diem, the commissioner must recover the difference within 120 days after the date of written notice. The amount of the recovery shall be equal to the per diem difference multiplied by the facility's resident days in the reporting year being reviewed. Written notice of the amount subject to recovery must be given by the commissioner following each reporting year reviewed. Interest charges must be assessed by the commissioner after the 120th day of that notice at the same interest rate the commissioner assesses for other balance outstanding."

"Sec. 29. Minnesota Statutes 1990, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) A person, family, or married couple Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of six consecutive calendar months during any 12 consecutive calendar month period, subject to the provisions of subdivision 3. The person's six-month eligibility period begins on the first day of the calendar month following the date of application for assistance or the date all eligibility factors are met, whichever is later, and ends on the last day of the third consecutive calendar month, whether or not the person has received benefits for all three months. The person is not eligible to receive work readiness benefits during the six calendar months immediately following the six-month eligibility period; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of

benefits to complete the provisions of the person's employability development plan.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a).

Sec. 30. Minnesota Statutes 1990, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Except as provided in this subdivision, grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Work readiness payments must be provided to persons determined eligible for the work readiness program as provided in this subdivision except when the special payment provisions in subdivision 1b are utilized. The initial payment must be prorated to provide assistance for the period beginning with the date the completed application is received by the county agency or the date the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the final day of that month. The amount of the first payment must be determined by dividing the number of days to be covered under the payment by the number of days in the month, to determine the percentage of days in the month that are covered by the payment, and multiplying the monthly payment amount by this percentage. Subsequent payments must be paid monthly on the first day of each month. Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and on the first day of each month of services, the county agency must inform all mandatory registrants in the assistance unit that they must attend an orientation within 30 days comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month in which the orientation is scheduled unless the registrants attend orientation comply with work readiness requirements before the end of the month. A registrant who fails, without good cause, to comply with require-

ments during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice, ~~on or before the date that~~ no later than five days after eligibility ends, which informs the registrant that family general assistance or work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and ~~advise~~ advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and ~~attends an orientation~~ complies with the work readiness requirements that had not been complied with, or demonstrates that the person had good cause for failing to comply with the requirement. The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.

(c) Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the six months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.

(d) Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 31. Minnesota Statutes 1990, section 256D.051, subdivision 3a, is amended to read:

Subd. 3a. [PERSONS REQUIRED TO REGISTER FOR AND PARTICIPATE IN THE WORK READINESS PROGRAM.] Each person in a work readiness assistance unit who is 18 years old or older must register for and participate in the work readiness program. A child person in the assistance unit who is at least 16 years old but less than 19 years old and who is not a full-time secondary school student is required to register and participate. A student who was enrolled as a full-time student during the last school term must be considered a full-time student during summers and school holidays. ~~If an assistance unit includes children under age six and suitable child care is not available at no cost to the family, one adult member of the assistance unit is exempt from registration for and participation in the work readiness program. The county agency shall designate the adult who must register. The registrant must be the adult who is the principal wage earner,~~

having earned the greater of the incomes, except for income received in-kind, during the 24 months immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each parent, the applicant must designate the principal wage earner, and that designation must not be transferred after program eligibility is determined as long as assistance continues without interruption.

Sec. 32. Minnesota Statutes 1990, section 256D.051, subdivision 6, is amended to read:

Subd. 6. [SERVICE COSTS.] The commissioner shall reimburse 92 percent of county agency expenditures for providing work readiness services including direct participation expenses and administrative costs, except as provided in section 256.017; and reimbursement from the state appropriation must not exceed an average of \$260 each year for each registrant who has completed an employment development plan for direct expenses incurred by the registrant for transportation, clothes, and tools necessary for employment. Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision from January 1, 1991, on. State work readiness funds shall be used only to pay the county agency's actual costs of providing participant support services, direct program services, and program administrative costs for persons who participate in work readiness services. Beginning January 1, 1991, the average reimbursable cost per recipient must not exceed \$283 annually. Beginning July 1, 1991, the average annual reimbursable cost for providing work readiness services to a recipient must not exceed \$10 for an orientation, \$50 for a written employability assessment, and \$223 for necessary recipient support services such as tools and clothing necessary for employment and transportation to participate in work readiness services. If the entire \$223 is not needed for recipient support services, the balance may be used for completion of a written employability plan and to pay for all services and costs necessary to implement the plan, including the costs of training, employment search assistance, placement, work experience, on-the-job training, other appropriate activities, and the administrative and program costs incurred in providing these services. Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991. Payment to counties under this subdivision is subject to the provisions of section 256.017. After paying direct expenses as needed by individual registrants, the county agency may use any remaining money to provide additional services as needed by any registrant including employability assessments and employability development plans, education, orientation, employment search assistance, placement, other work experience, on-the-job training, and other appropriate

activities and the administrative costs incurred providing these services.

Sec. 33. Minnesota Statutes 1990, section 256D.051, subdivision 8, is amended to read:

Subd. 8. [VOLUNTARY QUIT.] A person who is required to participate in work readiness services is not eligible for general assistance or work readiness payments or services if, without good cause, the person refuses a legitimate offer of, or quits, suitable employment within 60 days before the date of application. A person who is required to participate in work readiness services and, without good cause, voluntarily quits suitable employment or refuses a legitimate offer of suitable employment while receiving general assistance or work readiness payments or services shall be terminated from the general assistance or work readiness program and disqualified for two months according to rules adopted by the commissioner as specified in subdivision 1a.

Sec. 34. Minnesota Statutes 1990, section 256D.052, subdivision 3, is amended to read:

Subd. 3. [SERVICES PROVIDED.] Within the limits of the state appropriation the county agency must provide child care and transportation to enable people to participate in literacy training under this section. The state shall reimburse county agencies for the costs of providing transportation under this section up to the amount of the state appropriation. Counties must make every effort to ensure that child care is available as needed by recipients who are pursuing literacy training.

Sec. 35. Minnesota Statutes 1990, section 256D.07, is amended to read:

256D.07 [TIME OF PAYMENT OF ASSISTANCE.]

An applicant for general assistance or general assistance medical care authorized by section 256D.03, subdivision 3, shall be deemed eligible if the application and the verification of the statement on that application demonstrate that the applicant is within the eligibility criteria established by sections 256D.01 to 256D.21 and any applicable rules of the commissioner. Any person requesting general assistance or general assistance medical care shall be permitted by the county agency to make an application for assistance as soon as administratively possible and in no event later than the fourth day following the date on which assistance is first requested, and no county agency shall require that a person requesting assistance appear at the offices of the county agency more than once prior to the date on which the person is permitted to make the application. The application shall be in writing in the manner and upon the form prescribed by the commissioner and attested to by the

oath of the applicant or in lieu thereof shall contain the following declaration which shall be signed by the applicant: "I declare that this application has been examined by me and to the best of my knowledge and belief is a true and correct statement of every material point." On the date that general assistance is first requested, the county agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, assistance for necessary transportation, or other emergency assistance pursuant to section 256D.06, subdivision 2. A person in need of emergency assistance shall be granted emergency assistance immediately, and necessary emergency assistance shall continue ~~until either the person is determined to be ineligible for general assistance or the first grant of general assistance is paid to the person for up to 30 days following the date of application.~~ A determination of an applicant's eligibility for general assistance shall be made by the county agency as soon as the required verifications are received by the county agency and in no event later than 30 days following the date that the application is made. Any verifications required of the applicant shall be reasonable, and the commissioner shall by rule establish reasonable verifications. General assistance shall be granted to an eligible applicant without the necessity of first securing action by the board of the county agency. The first month's grant must be computed to cover the time period starting with the date a signed application form is received by the county agency or from the date that the applicant meets all eligibility factors, whichever occurs later. ~~The first grant may be reduced by the amount of emergency general assistance provided to the applicant.~~

If upon verification and due investigation it appears that the applicant provided false information and the false information materially affected the applicant's eligibility for general assistance or general assistance medical care provided pursuant to section 256D.03, subdivision 3, or the amount of the applicant's general assistance grant, the county agency may refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Sec. 36. Minnesota Statutes 1990, section 256D.10, is amended to read:

256D.10 [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.]

No grant of general assistance except one made pursuant to ~~sections~~ section 256D.06, subdivision 2; 256D.051, subdivisions 1, paragraph (c), and 1a, paragraph (b); or 256D.08, subdivision 2, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the county agency.

Nothing herein shall deprive a recipient of the right to full administrative and judicial review of an order or determination of a county agency as provided for in section 256.045 subsequent to any action taken by a county agency after a prior hearing.

Sec. 37. Minnesota Statutes 1990, section 256D.101, subdivision 1, is amended to read:

Subdivision 1. [NOTICE REQUIREMENTS.] (a) At the time a registrant is registered for the work readiness program, and at least every 30 days on the first day of each month of services after that, the county agency shall provide, in advance, a clear, written description of the specific tasks and assigned duties the registrant which all mandatory registrants must complete to receive general assistance or work readiness pay. The notice must explain that the registrant will be terminated from the work readiness program unless the registrant has completed the specific tasks and assigned duties. The notice must inform the registrant that at the end of the month if the registrant fails without good cause to comply with work readiness requirements more than once every six months, the registrant will be terminated from the work readiness program and disqualified from receiving assistance for one month if it is the registrant's first disqualification within the preceding six months, or for two months if the registrant has been previously disqualified within the preceding six months.

(b) If after the initial certification period the county agency determines that a registrant has failed to comply with work readiness requirements, the county agency shall notify the registrant of the determination. Notice must be hand delivered or mailed to the registrant within three days after the agency makes the determination but no later than the date work readiness pay was scheduled to be paid. For a recipient who has failed to provide the county agency with a mailing address, the recipient must be assigned a schedule by which a recipient is to visit the agency to pick up any notices. For a recipient without a mailing address, notices must be deemed delivered on the date of the registrant's next scheduled visit with the county agency. The notification shall be in writing and shall state the facts that support the county agency's determination. For the first time in a six-month period that the registrant has failed without good cause to comply with program requirements, the notification shall inform the registrant that the registrant may lose eligibility for work readiness pay and must specify the particular actions that must be taken by the registrant to achieve compliance and reinstate work readiness payments. The notice must state that the recipient must take the specified actions by a date certain, which must be at least five working days following the date the notification is mailed or delivered to the registrant; must explain the ramifications of the registrant's failure to take the required actions by the specified date; and must advise the registrant that the registrant may request and have a conference with the county

agency to discuss the notification. A registrant who fails without good cause to comply with requirements of the program more than once in a six-month period must be notified of termination.

Sec. 38. Minnesota Statutes 1990, section 256D.101, subdivision 3, is amended to read:

Subd. 3. [BENEFITS AFTER NOTIFICATION.] Assistance payments otherwise due to the registrant under section 256D.051 may not be paid after the notification required in subdivision 1 has been provided to the registrant unless, before the date stated in the notification, the registrant takes the specified action necessary to achieve compliance or, within five days after the effective date stated in the notice, files an appeal of the grant reduction, suspension, or termination. If, by the required date, the registrant does take the specified action necessary to achieve compliance, both the notification required by subdivision 1 and the notice required by subdivision 2 shall be canceled and all benefits due to the registrant shall be paid promptly. If, by the required date, the registrant files an appeal of the grant termination, benefits otherwise due to the registrant shall be continued pending the outcome of the appeal. An appeal of a proposed termination shall be brought under section 256.045, except that the timelines specified in this section shall apply, notwithstanding the requirements of section 256.045, subdivision 3. Appeals of proposed terminations from the work readiness program shall be heard within 30 days of the date that the appeal was filed."

The person shall elect to have the medical expenses deducted at the beginning of a one-month budget period or at the beginning of a six-month budget period. The commissioner shall seek applicable waivers from the Secretary of Health and Human Services to allow persons eligible for assistance on a spend-down basis under this subdivision to elect to pay the monthly spend-down amount to the local agency in order to maintain eligibility on a continuous basis for medical assistance and to simplify payment to health care providers. If the local agency has not received payment of the spend-down amount by the 15th day of the month, the recipient is ineligible for this option for the following month. “Notwithstanding the provisions of sections 246.18, 246.60, any provisions of chapters 246, 254A, 254B, or any other law to the contrary, the commissioner of human services, for the biennium ending June 1993, is directed to ensure that all regional treatment center programs operated solely for the treatment of chemical dependency as well as the program located in Ah-Gwah-Ching, shall not accept any client admissions for the purpose of chemical dependency treatment after August 1, 1991, and shall cease operating all programs relating solely to chemical dependency services no later than December 31, 1991.

Subd. 2. [APPLICABILITY.] Notwithstanding section 268.975, subdivisions 6 and 8, the commissioner may waive the threshold

requirements for finding a plant closing or substantial layoff in special cases where the governor's job training council recommends waiver to the commissioner following a finding by the council that the number of workers dislocated as a result of a plant closing or substantial layoff would have a substantial impact on the community or labor market where the closure or layoff occurs and, in the absence of intervention through the rapid response program, would overwhelm the capacity of other programs to provide effective assistance. An individual is eligible for the training and other services described in section 268.977, subdivision 1, clause (4), if the only reason the individual is not a "dislocated worker" under section 268.975, subdivision 3, is because the threshold employment loss requirements of section 268.975, subdivisions 6 and 8, have not been met.

Sec. 52. [LEGISLATIVE AUDITOR STUDY.]

The legislative auditor shall evaluate the effectiveness of the dislocated worker program under sections 268.975 to 268.98 in meeting its objectives and submit the evaluation to the legislature by January 1, 1992.

Sec. 53. Minnesota Statutes 1990, section 268.98, is amended to read:

268.98 [PERFORMANCE STANDARDS; RULES.]

(1) The commissioner shall establish performance standards for the programs and activities administered or funded through the rapid response program under section 268.977. The commissioner may use existing federal performance standards or, if the commissioner determines that the federal standards are inadequate or not suitable, may formulate new performance standards to ensure that the programs and activities of the rapid response program are effectively administered.

(2) The commissioner shall adopt rules implementing the programs authorized under section 268.975 to 268.979 and the performance standards under section 268.98. The rules must include reporting requirements for the programs and grants. While the commissioner is making rules as required under this section, the commissioner shall continue to implement sections 268.975 to 268.98 under existing law. The commissioner shall report to the legislature on the effectiveness of sections 268.975 to 268.98 on February 1 of each year.

Subd. 5. [DEPOSIT OF STATE AID.] (1) The municipal treasurer, on receiving the fire state aid, shall within 30 days after receipt transmit it to the treasurer of the duly incorporated firefighters’ relief association if there is one organized and the association has filed a financial report with the municipality; but if there is no relief association organized, or if any association dissolve, be removed, or has heretofore dissolved, or has been removed as trustees of state

aid, then the treasurer of the municipality shall keep the money in the municipal treasury as provided for in section 424A.08 and shall be disbursed only for the purposes and in the manner set forth in that section.

(2) The municipal treasurer, upon receipt of the police state aid, shall disburse the police state aid in the following manner:

(a) For a municipality in which a local police relief association exists and all peace officers are members of the association, the total state aid shall be transmitted to the treasurer of the relief association within 30 days of the date of receipt, and the treasurer of the relief association shall immediately deposit the total state aid in the special fund of the relief association;

(b) For a municipality in which police retirement coverage is provided by the public employees police and fire fund and all peace officers are members of the fund, the total state aid shall be applied toward the municipality's employer contribution to the public employees police and fire fund pursuant to section 353.65, subdivision 3, and any state aid in excess of the amount required to meet the employer's contribution pursuant to section 353.65, subdivision 3, shall be deposited in the public employees insurance reserve holding account of the public employees retirement association; or

(c) For a municipality other than a city of the first class with a population of more than ~~300,000~~ 200,000 in which both a police relief association exists and police retirement coverage is provided in part by the public employees police and fire fund, the municipality may elect at its option to transmit the total state aid to the treasurer of the relief association as provided in clause (a), to use the total state aid to apply toward the municipality's employer contribution to the public employees police and fire fund subject to all the provisions set forth in clause (b), or to allot the total state aid proportionately to be transmitted to the police relief association as provided in this subdivision and to apply toward the municipality's employer contribution to the public employees police and fire fund subject to the provisions of clause (b) on the basis of the respective number of active full-time peace officers, as defined in section 69.011, subdivision 1, clause (g).

For a city of the first class with a population of more than ~~300,000~~ 200,000, in addition, the city may elect to allot the appropriate portion of the total police state aid to apply toward the employer contribution of the city to the public employees police and fire fund based on the covered salary of police officers covered by the fund each payroll period and to transmit the balance to the police relief association.

(3) The county treasurer, upon receipt of the police state aid for the county, shall apply the total state aid toward the county's employer

contribution to the public employees police and fire fund pursuant to section 353.65, subdivision 3, and any state aid in excess of the amount required to meet the employer's contribution pursuant to section 353.65, subdivision 3, shall be deposited in the public employees insurance reserve holding account of the public employees retirement association.

Sec. 2. Minnesota Statutes 1990, section 69.77, subdivision 2b, is amended to read:

Subd. 2b. [RELIEF ASSOCIATION FINANCIAL REQUIREMENTS; MINIMUM MUNICIPAL OBLIGATION.] The officers of the relief association shall determine the financial requirements of the relief association and minimum obligation of the municipality for the following calendar year in accordance with the requirements of this subdivision. The financial requirements of the relief association and the minimum obligation of the municipality shall be determined on or before the submission date established by the municipality pursuant to subdivision 2c.

The financial requirements of the relief association for the following calendar year shall be based on the most recent actuarial valuation or survey of the special fund of the association if more than one fund is maintained by the association, or of the association, if only one fund is maintained, prepared in accordance with sections 356.215, subdivisions 4 to 4k and 356.216, as required pursuant to subdivision 2h. If an actuarial estimate is prepared by the actuary of the relief association as part of obtaining a modification of the benefit plan of the relief association and the modification is implemented, the actuarial estimate shall be used in calculating the financial requirements of the relief association.

If the relief association has an unfunded actuarial accrued liability as reported in the most recent actuarial valuation or survey, the total of the amounts calculated pursuant to clauses (a), (b), and (c) shall constitute the financial requirements of the relief association for the following year. If the relief association does not have an unfunded actuarial accrued liability as reported in the most recent actuarial valuation or survey, the amount calculated pursuant to clauses (a) and (b) shall constitute the financial requirements of the relief association for the following year.

(a) The normal level cost requirement for the following year, expressed as a dollar amount, which shall be determined by applying the normal level cost of the relief association as reported in the actuarial valuation or survey and expressed as a percentage of covered payroll to the estimated covered payroll of the active membership of the relief association, including any projected increase in the active membership, for the following year.

(b) To the dollar amount of normal cost thus determined shall be

added an amount equal to the dollar amount of the administrative expenses of the special fund of the association if more than one fund is maintained by the association, or of the association if only one fund is maintained, for the most recent year, multiplied by the factor of 1.035. For a relief association in a municipality, the administrative expenses are those authorized under section 69.80. No amount of administrative expenses under this clause shall be included in the financial requirements of a relief association in a city of the first class with a population of more than ~~300,000~~ 200,000.

(c) To the dollar amount of normal cost and expenses determined under clauses (a) and (b) shall be added an amount equal to the level annual dollar amount which is sufficient to amortize the unfunded actuarial accrued liability by December 31, 2010, as determined from the actuarial valuation or survey of the fund, using an interest assumption set at the rate specified in section 356.215, subdivision 4d. The amortization date specified in this clause shall apply to all local police or salaried firefighters' relief associations and shall supersede any amortization date specified in any applicable special law.

The minimum obligation of the municipality shall be an amount equal to the financial requirements of the relief association reduced by the estimated amount of member contributions from covered salary anticipated for the following calendar year and the estimated amounts anticipated for the following calendar year from the applicable state aid program established pursuant to sections 69.011 to 69.051 receivable by the relief association after any allocation made pursuant to section 69.031, subdivision 5, clause (2), subclause (c) or 423A.01, subdivision 2, clause (6), from the local police and salaried firefighters' relief association amortization aid program established pursuant to section 423A.02 and from the supplementary amortization state-aid program established under Laws 1984, chapter 564, section 48, and Laws 1985, chapter 261, section 17.

Sec. 3. Minnesota Statutes 1990, section 356.216, is amended to read:

356.216 [CONTENTS OF ACTUARIAL VALUATIONS FOR LOCAL POLICE AND FIRE FUNDS.]

(a) The provisions of section 356.215 governing the contents of actuarial valuations shall apply to any local police or fire pension fund or relief association required to make an actuarial report under this section except as follows:

(1) in calculating normal cost and other requirements, if required to be expressed as a level percentage of covered payroll, the salaries used in computing covered payroll shall be the maximum rate of salary from which retirement and survivorship credits and amounts

of benefits are determined and from which any member contributions are calculated and deducted;

(2) in lieu of the amortization date specified in section 356.215, subdivision 4g, the appropriate amortization target date specified in section 69.77, subdivision 2b, or 69.773, subdivision 4, clause (b), shall be used in calculating any required amortization contribution;

(3) in addition to the tabulation of active members and annuitants provided for in section 356.215, subdivision 4i, the member contributions for active members for the calendar year and the prospective annual retirement annuities under the benefit plan for active members shall be reported;

(4) actuarial valuations required pursuant to section 69.773, subdivision 2, shall be made at least every four years and actuarial valuations required pursuant to section 69.77 shall be made annually; and

(5) the actuarial balance sheet showing accrued assets valued at market value if the actuarial valuation is required to be prepared at least every four years or valued as current assets under section 356.215, subdivision 1, clause (6), or paragraph (b), whichever applies, if the actuarial valuation is required to be prepared annually, actuarial accrued liabilities, and the unfunded actuarial accrued liability shall include the following required reserves:

- (a) For active members
 - 1. Retirement benefits
 - 2. Disability benefits
 - 3. Refund liability due to death or withdrawal
 - 4. Survivors' benefits
- (b) For deferred annuitants' benefits
- (c) For former members without vested rights
- (d) For annuitants
 - 1. Retirement annuities
 - 2. Disability annuities
 - 3. Surviving spouses' annuities
 - 4. Surviving children's annuities

In addition to those required reserves, separate items shall be shown for additional benefits, if any, which may not be appropriately included in the reserves listed above.

(6) actuarial valuations shall be due by the first day of the seventh month after the end of the fiscal year which the actuarial valuation covers.

- (b) For a relief association in a city of the first class with a

population of more than ~~300,000~~ 200,000, the following provisions additionally apply:

(1) in calculating the actuarial balance sheet, unfunded actuarial accrued liability, and amortization contribution of the relief association, "current assets" means the value of all assets at cost, including realized capital gains and losses; plus or minus, whichever applies, the average value of total unrealized capital gains or losses for the most recent three-year period ending with the end of the plan year immediately preceding the actuarial valuation report transmission date; and

(2) in calculating the applicable portions of the actuarial valuation, an annual preretirement interest assumption of six percent, an annual postretirement interest assumption of six percent, and an annual salary increase assumption of four percent must be used.

Sec. 4. Minnesota Statutes 1990, section 423A.01, subdivision 2, is amended to read:

Subd. 2. [OPERATION OF LOCAL RELIEF ASSOCIATION UPON MODIFICATION OF RETIREMENT COVERAGE FOR NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.] The following provisions shall govern the operation of a local relief association upon the modification of retirement coverage for newly hired police officers or firefighters:

(1) The minimum obligation of a municipality in which the retirement coverage for newly hired police officers or salaried firefighters has been modified pursuant to subdivision 1 with respect to the local relief association shall be determined and governed in accordance with the provisions of sections 69.77, 356.215, and 356.216, except that the normal cost calculation for the relief association shall be computed as a percentage of the compensation paid to the active members of the relief association. The compensation paid to persons with retirement coverage modified pursuant to subdivision 1 shall not be included in any of the computations made in determining the obligation of the municipality with respect to the local relief association.

(2) The contribution rate of members of the local relief association shall be governed by section 69.77, unless a special law establishing a greater member contribution rate is applicable whereupon it shall continue to govern. The member contribution rate of persons with retirement coverage modified pursuant to subdivision 1 shall be governed by section 353.65.

(3) Unless otherwise provided for by law, when every active member of the local relief association retires or terminates from active duty, the local relief association shall cease to exist as a legal entity and the assets of the special fund of the relief association shall

be transferred to a trust fund to be established by the appropriate municipality for the purpose of paying service pensions and retirement benefits to recipient beneficiaries. Recipient beneficiaries who are competent to act on their own behalf shall be entitled to select the prescribed number of trustees of the trust fund as provided in this clause, subject to the approval of the governing body of the municipality. If there are at least five recipient beneficiaries, the trust fund shall be managed by a board of trustees composed of five persons selected by the recipient beneficiaries of the fund. When there are fewer than five recipient beneficiaries, the number of trustees selected by the recipient beneficiaries shall be equal to the number of the remaining recipient beneficiaries. The governing body of the municipality shall select the additional trustees. The term of the elected members of the board of trustees shall be indefinite and shall continue until a vacancy occurs in one of the board of trustee member positions. Board of trustee members shall not be compensated for their services, but shall be reimbursed for any expenses actually and necessarily incurred as a result of the performance of their duties in their capacity as board of trustee members. The municipality shall perform whatever services are necessary to administer the trust fund. When all obligations of the trust fund are paid, the balance of the assets remaining in the trust fund shall revert to the municipality for expenditure for law enforcement or firefighting purposes, whichever is applicable.

(4) The financial requirements of the trust fund and the minimum obligation of the municipality with respect to the trust fund shall be determined in accordance with sections 69.77, 356.215, and 356.216 until the unfunded accrued liability of the trust fund is fully amortized in accordance with section 69.77, subdivision 2b. The municipality shall provide in its annual budget for at least the aggregate amount of service pensions, disability benefits, survivorship benefits, and refunds which are projected as payable for the following calendar year, as determined by the board of trustees of the trust fund, less the amount of assets in the trust fund as of the end of the most current calendar year for which figures are available, valued pursuant to section 356.20, subdivision 4, clause (1)(a), if the difference between those two figures is a positive number.

(5) In calculating the amount of service pensions and other retirement benefits payable from the local relief association and in calculating the amount of any automatic postretirement increases in those service pensions and retirement benefits based on the salary paid or payable to active members or escalated in any fashion, the salary for use as the base for the service pension or retirement benefit calculation and the postretirement increase calculation for the local relief association shall be the salary for the applicable position as specified in the articles of incorporation or bylaws of the relief association as of the date immediately prior to the effective date of the modification of retirement coverage for newly hired personnel pursuant to subdivision 1, as the applicable salary is reset

by the municipality periodically, irrespective of whether retirement coverage for persons holding the applicable position used in calculations is provided by the relief association or by the public employees police and fire fund. If for a local salaried firefighters relief association, the specified position no longer exists because of a reorganization of the fire department as a volunteer fire department, the percentage increase in the salary of the position of a top grade patrol officer in the police department of the municipality must be the basis for service pension and retirement benefit postretirement increase calculations.

(6) If the modification of retirement coverage implemented pursuant to subdivision 1 is applicable to a local police relief association, the police state aid received by the municipality shall be disbursed pursuant to section 69.031, subdivision 5, clause (2)(c). If the modification of retirement coverage implemented pursuant to subdivision 1 is applicable to a local firefighters' relief association, the fire state aid received by the applicable municipality other than a city of the first class with a population of more than ~~300,000~~ 200,000 shall be disbursed as the municipality at its option may elect. The municipality may elect: (a) to transmit the total fire state aid to the treasurer of the local relief association for immediate deposit in the special fund of the relief association; or (b) to apply the total fire state aid toward the employer contribution of the municipality to the public employees police and fire fund pursuant to section 353.65, subdivision 3; or (c) to allocate the total fire state aid proportionately between the special fund of the local relief association and employer contribution of the municipality to the public employees police and fire fund on the basis of the respective number of active full-time salaried firefighters receiving retirement coverage from each.

For a city of the first class with a population of more than ~~300,000~~ 200,000, in addition, the city may elect to allot the appropriate portion of the total fire state aid to apply toward the employer contribution of the city to the public employees police and fire fund based on the covered salary of firefighters covered by the fund each payroll period and to transmit the balance to the firefighters relief association.

Sec. 5. Laws 1989, chapter 319, article 19, section 6, is amended to read:

Sec. 6. [DISPOSITION OF ASSETS UPON CONCLUSION OF BENEFIT PAYMENTS.]

Upon the death of the last benefit recipient and the certification by the chief administrative officer of a city of the first class with a population of more than ~~300,000~~ 200,000 to the state auditor of the absence of any remaining person with a benefit entitlement, the assets of the relief association or trust fund, whichever applies, must revert to the city and may be used by the city only for law

enforcement or firefighting expenditure purposes, whichever applies.

Sec. 6. Laws 1989, chapter 319, article 19, section 7, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For the purposes of this section, each of the terms in this subdivision have the meanings given them in paragraphs (a) to (h).

(a) "Annual postretirement payment" means the payment of a lump sum postretirement benefit to an eligible member on June 1 following the determination date in any year.

(b) "City" means a city of the first class with a population of more than ~~300,000~~ 200,000.

(c) "Determination date" means December 31 of each year.

(d) "Eligible member" means a person, including a service pensioner, a disability pensioner, a survivor, or dependent of a deceased active member, service pensioner, or disability pensioner, who received a pension or benefit during the 12 months before the determination date. A person who received a pension or benefit for the entire 12 months before the determination date are eligible for a full annual postretirement payment. A person who received a pension or benefit for less than 12 months before the determination date is eligible for a prorated annual postretirement payment.

(e) "Excess investment income" means the amount by which the time weighted total rate of return earned by the fund in the most recent fiscal year has exceeded the actual percentage increase in the current monthly salary of a top grade patrol officer or top grade firefighter, whichever applies, in the most recent fiscal year plus two percent. The excess investment income must be expressed as a dollar amount and may not exceed one percent of the total assets of the fund and does not exist unless the yearly average percentage increase of the time weighted total rate of return of the fund for the previous five years exceeds by two percent the yearly average percentage increase in monthly salary of a top grade patrol officer or top grade firefighter, whichever applies, during the previous five calendar years.

(f) "Fund" means a police relief association or firefighters relief association, whichever applies, located in the city and governed by Minnesota Statutes, section 69.77.

(h) "Time weighted total rate of return" means the percentage amount determined by using the formula or formulas established by the state board of investment under *Minnesota Statutes, section 11A.04, clause (11)*, and in effect on January 1, 1987.

Sec. 7. Laws 1989, chapter 319, article 19, section 7, subdivision 4, as amended by Laws 1990, chapter 570, article 12, section 63, is amended to read:

Subd. 4. [AMOUNT OF ANNUAL POSTRETIREMENT PAYMENT.] The amount determined under subdivision 3 must be applied in accordance with this subdivision. The relief association in a city of the first class with a population exceeding 300,000 shall apply the first one-half of one percent of assets which constitute excess investment income to the payment of an annual postretirement payment as specified in this subdivision. The relief association in a city of the first class with a population of more than 200,000 but less than 300,000 shall apply the first one-half of assets which constitute excess investment income to the payment of the annual postretirement payment. The second one-half of one percent of assets which constitute excess investment income in a city of the first class with a population exceeding 300,000 shall be applied to reduce the state amortization state aid or supplementary amortization state aid payments otherwise due to the relief association under section 423A.02 for the current calendar year. The remaining one-half of assets constituting excess investment income in a city of the first class with a population of more than 200,000 but less than 300,000 shall likewise be applied to reduce state amortization or supplementary amortization aid payments otherwise due for the current calendar year under section 423A.02 for the current calendar year. The relief association shall pay an annual postretirement payment to all eligible members in an amount not to exceed one-half of one percent of the assets of the fund. Payment of the annual postretirement payment must be in a lump sum amount on June 1 following the determination date in any year. Payment of the annual postretirement payment may be made only if the time weighted total rate of return exceeds by two percent the actual percentage increase in the current monthly salary of a top grade patrol officer or a top grade firefighter, whichever applies, in the most recent fiscal year and the yearly average percentage increase of the time weighted total rate of return of the fund for the previous five years exceeds by two percent the yearly average percentage increase in monthly salary of a top grade patrol officer or a top grade firefighter, whichever applies, of the previous five years. The total amount of all payments to members may not exceed the amount determined under subdivision 3. Payment to each eligible member must be calculated by dividing the total number of pension units to which eligible members are entitled into the excess investment income available for distribution to members, and then multiplying that result by the number of units to which each eligible member is entitled to determine each eligible member's annual postretirement payment.

Payment to each eligible member may not exceed an amount equal to the total monthly benefit that the eligible member was entitled to in the prior year under the terms of the benefit plan of the relief association or each eligible member's proportionate share of the excess investment income, whichever is less. In addition to the provisions of subdivision 1 and this subdivision that require that the time weighted total rate of return earned by the fund in the most recent fiscal year exceeds by two percent the actual percentage increase in the current monthly salary of a top grade patrol officer or a top grade firefighter in the most recent fiscal year, a relief association in a city of the first class with a population of more than 200,000 but less than 300,000 may pay an annual postretirement payment only if the percent of assets to accrued liability equals or exceeds amounts determined as follows:

(1) The relief association shall certify the percent of assets to accrued liability, based on the actuarial valuation for calendar year 1990, and subtract this percent from 100 percent.

(2) The relief association shall divide the remainder in clause (1) by 19.

(3) For calculations made in 1992, the relief association shall add to the base percent in clause (1), the amount calculated under clause (2).

(4) For calculations made in every year after 1992, the relief association shall add to the amount from the previous year, the amount calculated under clause (2).

Sec. 8. [EFFECTIVE DATE.]

Sections 1 to 7 are effective on approval by the St. Paul city council and compliance with Minnesota Statutes, section 645.021. These sections apply to 1990 investment performance, actuarial valuations covering the calendar year ending December 31, 1990, and the annual financial requirements and minimum municipal obligation based on the 1990 actuarial valuation. Sections 1 to 7 are not severable. However, a resolution by the St. Paul city council granting approval pursuant to section 645.021 may apply sections 1 to 7 to either a police fund or to a fire fund or both."

Subd. 6. [PROPERTY RENTAL.] (a) [LEASES.] The commissioner shall rent land and other premises when necessary for state purposes. The commissioner may lease land or premises for five years or less, subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. The commissioner also may lease land or premises for 20 years or less, subject to the 30-day cancellation, if the lessor is a political subdivision or other instrument of state government.

The commissioner may not rent non-state-owned land and buildings or substantial portions of land or buildings within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board. If the commissioner enters into a lease-purchase agreement for buildings or substantial portions of buildings within the capitol area, the commissioner shall require that any new construction of non-state-owned buildings conform to design guidelines of the capitol area architectural and planning board. Lands needed by the department of transportation for storage of vehicles or road materials may be rented for five years or less, such leases for terms over two years being subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. An agency or department head must consult with the chairs of the house appropriations and senate finance committees before entering into any agreement that would cause an agency's rental costs to increase by ten percent or more per square foot or would increase the number of square feet of office space rented by the agency by 25 percent or more in any fiscal year.

(b) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless

the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available.

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the national register of historic places, designated by a state or county historical society, or designated by a municipal preservation commission.

(d) [RECYCLING SPACE.] Leases for space of 30 days or more for 5,000 square feet or more must require that space be provided for recyclable materials."

Sec. 2. [115A.9157] [RECHARGEABLE BATTERIES AND APPLIANCES.]

Subdivision 1. [DEFINITION.] For the purpose of this section "rechargeable battery" means a sealed nickel-cadmium battery, a sealed lead acid battery, or any other rechargeable battery that is not governed by section 115A.9155 or exempted by the commissioner.

Subd. 2. Subd. 4. [PILOT PROJECTS.] By April 15, 1992, manufacturers whose rechargeable batteries or appliances powered by rechargeable batteries are sold in this state shall implement pilot projects for the collection and proper management of all rechargeable batteries and the participating manufacturers' appliances powered by rechargeable batteries. Manufacturers may act as a group or through a representative organization. The pilot projects must run for a minimum of 18 months and be designed to collect sufficient state-wide data for the design and implementation of permanent collection and management programs that may be reasonably expected to collect at least 90 percent of waste rechargeable batteries and the participating manufacturers' appliances powered by rechargeable batteries that are generated in the state.

By December 1, 1991, the manufacturers or their representative organization shall submit plans for the projects to the legislative commission. At least every six months during the pilot projects the manufacturers shall submit progress reports to the commission. The commission shall review the plans and progress reports.

By November 1, 1993, the manufacturers or their representative organization shall report to the legislative commission the final results of the projects and plans for implementation of permanent programs. The commission shall review the final results and plans.

The batteries and appliances collected must be recycled or otherwise managed or disposed of properly.

Subd. 6. [LIST OF PARTICIPANTS.] The manufacturers or their representative organization shall maintain a list of manufacturers participating in projects and programs and make the list available to retailers, distributors, governmental agencies and other interested persons.

S. F. No. 880 was reported to the House.

Sparby moved to amend S. F. No. 880, as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 48.512, subdivision 3, is amended to read:

Subd. 3. [CONFIRM NO INVOLUNTARY CLOSING.] Before opening or authorizing signatory power over a transaction account, the financial intermediary shall attempt to verify the information disclosed for subdivision 2, clause (i). Inquiries made to verify this information through persons in the business or providing such information shall include an inquiry based on the applicant's identification number provided under subdivision 2, clause (g). The financial intermediary may not open or authorize signatory power over a transaction account if (i) the applicant had a transaction account closed by a financial intermediary without consent because of issuance by the applicant of dishonored checks within 12 months immediately preceding the application, or (ii) the applicant has been convicted of a criminal offense because of the use of a check or other similar item within 24 months immediately preceding the application.

If the transaction account is refused pursuant to this subdivision, the reasons for the refusal shall be given to the applicant in writing and the applicant shall be allowed to provide additional information.

Sec. 2. Minnesota Statutes 1990, section 48.512, subdivision 4, is amended to read:

Subd. 4. [IDENTIFICATION IS REQUIRED.] A financial intermediary shall not open or authorize signatory power over a transaction account if none of the applicants provides a driver's license, identification card, or identification document as required by subdivision 2. If the applicant provides a driver's license or identification card issued under section 171.07, the financial intermediary must confirm the identification number and name on that card through the records of the department of public safety. The financial intermediary need not confirm this information if an employee of the financial intermediary has known the identity of the applicant for at least one year prior to the time of the application, and the employee provides a signed statement confirming that fact. When a minor is the applicant and the minor does not have a driver's license or identification card issued pursuant to section 171.07, the identification requirements of subdivision 2, clause (g), and this subdivision are satisfied if the minor's parent or guardian provides identification of that person's own that meets the identification requirement. The financial intermediary may waive the identification requirement if the applicant has had another type of account with the financial intermediary for at least one year immediately preceding the time of application.

Sec. 3. Minnesota Statutes 1990, section 48.512, subdivision 5, is amended to read:

Subd. 5. [NO LIABILITY.] The requirements of this section do not impose any liability on financial intermediaries offering transaction accounts or, except as provided in subdivisions 3 and 4, limit a

financial intermediary's discretion as to whether to grant or deny an application subject to this section. This subdivision does not exempt a financial intermediary from civil penalties imposed under section 45.027.

Sec. 4. Minnesota Statutes 1990, section 48.512, is amended by adding a subdivision to read:

Subd. 8. [CHECK LABELING.] A person providing printed checks for a transaction account shall print the month and year that the original order was received or the month and year that appears on the facsimile of the check from which the new checks are produced, unless the applicant has an existing account in good standing or a previous account in good standing within the past five years that was voluntarily closed. This subdivision no longer applies after the account has been open and in good standing for one year.

Sec. 5. Minnesota Statutes 1990, section 48.512, is amended by adding a subdivision to read:

Subd. 9. [RULES AFFECTING CHECKING ACCOUNTS; OTHER FINANCIAL INFORMATION.] The commissioner of commerce may exercise the powers authorized under section 45.027 if the commissioner has reason to believe that a financial intermediary or drawer has failed to:

(1) comply with the verification requirements of subdivision 2, 3, or 4; or

(2) release information as required under section 609.535, subdivision 7.

Sec. 6. [48.513] [FINANCIAL INTERMEDIARY FEES.]

A financial intermediary may charge a fee for the assembly, production, and copying of records requested under chapter 13A or section 609.535, subdivision 6 or 7. The fee may not exceed a reasonable standard charge for document search and duplication. For purposes of this section, "financial intermediary" has the meaning given in section 48.512, subdivision 1.

Sec. 7. Minnesota Statutes 1990, section 332.50, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] "Check" means a check, draft, order of withdrawal, or similar negotiable or nonnegotiable instrument.

"Credit" means an arrangement or understanding with the drawee for the payment of the check.

"Dishonor" has the meaning given in section 336.3-507, but does not include dishonor due to a stop payment order requested by an issuer who has a good faith defense to payment on the check.

Sec. 8. Minnesota Statutes 1990, section 332.50, subdivision 2, is amended to read:

Subd. 2. [ACTS CONSTITUTING.] (a) Whoever issues any check that is dishonored and is not paid within 30 days after mailing a notice of dishonor that includes a citation to this section and section 609.535, and a description of the penalties contained in these sections, in compliance with subdivision 3, is liable to the holder for: (1) the amount of the check, plus a civil penalty of up to \$100, or up to 100 percent of the value of the check, whichever is greater; (2) interest at the rate payable on judgments pursuant to section 549.09 on the face amount of the check from the date of dishonor; and (3) reasonable attorney fees if the aggregate amount of the check checks is over \$1,250.

(b) If the amount of the dishonored check plus any service charges which have been incurred under paragraphs (d) and (e) have not been paid within 30 days after having mailed a notice of dishonor in compliance with subdivision 3 but before initiating a cause of action, the holder may make a written demand for payment for the liability imposed by paragraph (a) by sending a copy of this section and a description of the liability contained in this section to the issuer's last known address.

(c) After notice has been sent but before an action under this section is heard by the court, the plaintiff shall settle the claim if the defendant gives the plaintiff the amount of the check plus court costs, any service charge owed under paragraph (d), and attorney fees if the amount of the check was over \$1,250.

(d) A service charge not exceeding \$15 may be imposed immediately on any dishonored check, regardless of mailing a notice of dishonor, if written notice of the service charge was conspicuously displayed on the premises when the check was issued. The service charge may not exceed \$20, except that if the payee uses the services of a law enforcement agency to obtain payment of a dishonored check, a service charge of up to \$25 may be imposed if the service charge is used to reimburse the law enforcement agency for its expenses. A payee may impose only one service charge under this paragraph for each dishonored check.

(e) This subdivision prevails over any provision of law limiting, prohibiting, or otherwise regulating service charges authorized by this subdivision, but does not nullify charges for dishonored checks, which do not exceed \$15 the charges in paragraph (d) or the actual cost of collection, but in no case more than \$30, or terms or

conditions for imposing the charges which have been agreed to by the parties to an express contract.

Sec. 9. Minnesota Statutes 1990, section 609.535, subdivision 2a, is amended to read:

Subd. 2a. [PENALTIES.] (a) A person who is convicted of issuing a dishonored check under subdivision 2 may be sentenced as follows:

(1) to imprisonment for not more than one year or to payment of a fine of not more than \$3,000, or both, if the value of the dishonored check, or checks aggregated under paragraph (b), is more than \$250; or

(2) to imprisonment for not more than 90 days or to payment of a fine of not more than \$700, or both, if the value of the dishonored check, or checks aggregated under paragraph (b), is not more than \$250.

(b) In a prosecution under this subdivision, the value of dishonored checks issued by the defendant in violation of this subdivision within any six-month period may be aggregated and the defendant charged accordingly in applying this section. When two or more offenses are committed by the same person in two or more counties, the accused may be prosecuted in any county in which one of the dishonored checks was issued for all of the offenses aggregated under this paragraph.

Sec. 10. Minnesota Statutes 1990, section 609.535, subdivision 6, is amended to read:

Subd. 6. [RELEASE OF ACCOUNT INFORMATION TO LAW ENFORCEMENT AUTHORITIES.] A drawee shall release the information specified below to any state, county, or local law enforcement or prosecuting authority which certifies in writing that it is investigating or prosecuting a complaint against the drawer under this section or section 609.52, subdivision 2, clause (3)(a), and that 15 days have elapsed since the mailing of the notice of dishonor required by subdivisions 3 and 8. This subdivision applies to the following information relating to the drawer's account:

(1) Documents relating to the opening of the account by the drawer;

(2) Notices regarding nonsufficient funds, overdrafts, and the dishonor of any check drawn on the account within a period of six months of the date of request;

(3) Periodic statements mailed to the drawer by the drawee for the periods immediately prior to, during, and subsequent to the issu-

ance of any check which is the subject of the investigation or prosecution; or

(4) The last known home and business addresses and telephone numbers of the drawer.

The drawee shall release all of the information described in clauses (1) to (4) that it possesses within ten days after receipt of a request conforming to all of the provisions of this subdivision. ~~The drawee may impose a reasonable fee for the cost for furnishing this information to law enforcement or prosecuting authorities, not to exceed 15 cents per page.~~

A drawee is not liable in a criminal or civil proceeding for releasing information in accordance with this subdivision.

Sec. 11. Minnesota Statutes 1990, section 609.535, subdivision 7, is amended to read:

Subd. 7. [RELEASE OF ACCOUNT INFORMATION TO PAYEE OR HOLDER.] (a) A drawee shall release the information specified in paragraph (b), clauses (1) and (2) to (3) to the payee or holder of a check that has been dishonored who makes a written request for this information and states in writing that the check has been dishonored and that 30 days have elapsed since the mailing of the notice described in subdivision 8 and who accompanies this request with a copy of the dishonored check and a copy of the notice of dishonor.

The requesting payee or holder shall notify the drawee immediately to cancel this request if payment is made before the drawee has released this information.

(b) This subdivision applies to the following information relating to the drawer's account:

(1) Whether at the time the check was issued or presented for payment the drawer had sufficient funds or credit with the drawee, and whether at that time the account was open, closed, or restricted for any reason and the date it was closed or restricted; ~~and~~

(2) The last known home address and telephone number of the drawer. The drawee may not release the address or telephone number of the place of employment of the drawer unless the drawer is a business entity or the place of employment is the home; and

(3) A statement as to whether the aggregated value of dishonored checks attributable to the drawer within six months before or after the date of the dishonored check exceeds \$250; for purposes of this

clause, a check is not dishonored if payment was not made pursuant to a stop payment order.

The drawee shall release all of the information described in clauses (1) ~~and (2)~~ to (3) that it possesses within ten days after receipt of a request conforming to all of the provisions of this subdivision. ~~The drawee may require the person requesting the information to pay the reasonable costs, not to exceed 15 cents per page, of reproducing and mailing the requested information.~~

(c) A drawee is not liable in a criminal or civil proceeding for releasing information in accordance with this subdivision."

The commissioner may provide for servicing of the loans and agreements, the times they are payable and the amounts of payments, the amount of the loans and agreements, their security, and other terms, conditions, and provisions necessary or convenient in connection with them and may enter into all necessary contracts and security instruments in connection with them. The report must project the available revenues of the lessees of the facilities described in subdivisions 5 and 6 that are at least sufficient during each year of the term of the proposed applicable bonds to pay when due all financial obligations of the lessees under the leases. The report must include the factors on which the projection is based.

(b) Except as otherwise provided in this subdivision, the following data required under sections 1 to 15 or submitted in connection with the application or any agreement authorized under this act is nonpublic data: business plans, financial statements, customer lists, and market and feasibility studies paid for with nonpublic money. With the approval of the commissioner, the owner of the facility may place a mortgage or security interest lien on the facility. The mortgage is exempt from the mortgage registry tax imposed under chapter 287. In the event of a default under the loan, lease agreement, or other revenue agreement, the facility may be leased to another person for any lawful purpose or sold, subject to the approval of the commissioner.

Subd. 7. [ENVIRONMENTAL ASSESSMENT.] Notwithstanding any other law or rule, no environmental review must be completed prior to the approval of an application and the issuance of a conditional commitment for the loan, or the taking of any other action permitted by sections 1 to 15, including the issuance of bonds, which is considered necessary or desirable by the commissioner to prepare for a final commitment and to make it effective. Environmental review, to the extent required by law, shall be made in conjunction with the issuance by state agencies of environmental permits for the project. Permits may be applied for prior to the issuance of a conditional commitment. Action shall be taken as expeditiously as possible on environmental review and all permits required.

Sec. 3. [116R.03] [GENERAL POWERS.]

For the purpose of exercising the specific powers authorized under sections 1 to 15 and effectuating the other purposes of sections 1 to 15, the commissioner may:

(1) acquire, hold, pledge, assign, or dispose of real or personal property or any interest in property, including a mortgage or security interest in a facility described in section 2, subdivision 5 or 6;

(2) enter into agreements, contracts, or other transactions with any federal or state agency, any person and any domestic or foreign partnership, corporation, association, or organization, including

contracts or agreements for administration and implementation of all or part of sections 1 to 15;

(3) acquire real property, or an interest therein, by purchase or foreclosure, where the acquisition is necessary or appropriate;

(4) enter into agreements with lenders, borrowers, or the issuers of securities for the purpose of regulating the development and management of any facility financed in whole or in part by the proceeds of bonds or loans;

(5) enter into agreements with other appropriate federal, state, or local governmental units; and

(6) contract with, use, or employ any federal, state, regional, or local public or private agency or organization, legal counsel, financial advisors, investment bankers or others, upon terms the commissioner considers necessary or desirable, to assist in the exercise of any of the powers authorized under sections 1 to 15 and to carry out the objectives of sections 1 to 15 and may pay for the services from bond proceeds or otherwise available department money.

Sec. 4. [116R.04] [REVENUE BONDS; PURPOSES, TERMS, APPROVAL.]

Subdivision 1. [BONDS.] The commissioner from time to time may issue negotiable bonds in one or more series or issues in a principal amount which, in the opinion of the commissioner of trade and economic development, is necessary to provide sufficient funds for achieving the purposes of sections 1 to 15, including the construction of a heavy maintenance facility for aircraft to be located at the Duluth international airport, the financing of an aircraft engine repair facility in the city of Hibbing, the payment of interest on bonds of the commissioner, the establishment of reserves to secure the bonds, and the payment of all other expenditures of the commissioner and the owner of a financed facility incident to and necessary or convenient to carry out the purposes and powers of sections 1 to 15. The bonds may be issued as bonds or notes or in any other form authorized by law. Except as provided in section 2, subdivision 4, paragraph (a), sections 16A.31 to 16A.675 do not apply to the bonds authorized under section 2.

Subd. 2. [REFUNDING OF BONDS.] The commissioner from time to time may issue bonds for the purpose of refunding any bonds then outstanding, including the payment of any redemption premiums thereon, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the bonds to be refunded, to the redemption of such outstanding bonds on any redemption date, or to pay interest on the refunding bonds and may,

pending such application, be placed in escrow to be applied to such purchase, payment, retirement, or redemption. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations that are permitted investments under section 11A.24. The income earned or realized on any such investment may also be applied to the payment of the bonds to be refunded, interest or premiums on the refunded bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of such proceeds and any investment income may be returned to the general fund or, if applicable, the state bond fund, for use in any lawful manner. All refunding bonds issued under the provisions of this subdivision must be issued and secured in the manner provided by order of the commissioner, provided that any refunding bonds may be secured in any manner by which the refunded bonds were secured and payable from any source from which the refunded bonds were secured.

Subd. 3. [KIND OF BONDS.] All bonds issued under this section must be issued in the form and manner provided in section 16A.672.

Subd. 4. [COMPLIANCE WITH FEDERAL LAW.] The commissioner may covenant and agree with the holders of the bonds issued under this section that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes.

Subd. 5. [TAXABILITY OF INTEREST.] Interest on the bonds authorized by this section may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.

Sec. 5. [116R.05] [BONDS; ORDERS AUTHORIZING, ADDITIONAL TERMS, SALE.]

Subdivision 1. [TERMS.] The bonds must be authorized by an order or orders of the commissioner, bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States, at such place or places within or without the state, and be subject to such terms of redemption or purchase prior to maturity as the order or orders may provide, or as may be provided in any indenture or indentures of trust. If, for any reason, whether existing at the date of issue of any bonds or at the date of making or purchasing any loan or securities from the proceeds or after that date, the interest on any bonds is or becomes subject to federal income taxation, this shall not impair or affect the validity or the provisions made for the security of the bonds. The bonds may be sold at public or private sale at a price or prices determined by the

commissioner. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the commissioner to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters or prevailing market conditions and practices.

Subd. 2. [SOURCES OF PAYMENT.] Except as otherwise provided for bonds issued under section 4, subdivision 2, the bonds are payable solely from the following sources and only to the extent provided in the order or indenture authorizing or securing the bonds:

(1) revenues of any nature derived from the ownership, lease, operation, sale, foreclosure, or refinancing of a facility described in section 2, subdivision 5 or 6;

(2) repayments of any loans made under sections 1 to 15;

(3) proceeds of any bonds or deficiency bonds;

(4) amounts in any account or accounts authorized by section 11 or 12;

(5) amounts paid by St. Louis county under its obligations referred to in section 2, subdivision 4;

(6) investment income on any of the sources specified in clauses (1) to (7);

(7) amounts payable under any insurance policy, guaranty, letter of credit, or other instrument securing the bonds; and

(8) any other revenues which the commissioner may pledge or appropriate not prohibited by law or the Minnesota Constitution.

Subd. 3. [NOT A STATE DEBT.] Except as provided in section 2, subdivision 4, paragraph (a), no bond shall constitute a debt of the state within the meaning of any statutory or constitutional limitation or pledge the full faith and credit of the state, and no holder of any bonds may compel any exercise of the taxing power of the state to pay principal, premiums, or interest for the bonds, nor to enforce payment of principal, premiums, or interest against any property of the state, except for property expressly pledged, mortgaged, encumbered, or appropriated for this purpose.

Sec. 6. [116R.06] [BONDS; OPTIONAL ORDER AND CONTRACT PROVISIONS.]

Any order authorizing any bonds or any issue of bonds or any indenture may contain provisions, which may be a part of the contract with the holders of the bonds, as to the matters referred to in this section.

(a) It may pledge or create a lien on money or property and any money held in trust or otherwise by others to secure the payment of the bonds or of any series or issue of bonds, subject to any agreements with bondholders which exist.

(b) It may provide for the custody, collection, securing, investment, and payment of money.

(c) It may set aside reserves or sinking funds and provide for their regulation and disposition and may create other special funds into which money may be deposited.

(d) It may limit the loans and securities to which the proceeds of sale of bonds may be applied and may pledge repayments thereon to secure the payment of the notes or bonds or of any series or issue of notes or bonds.

(e) It may limit the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds.

(f) It may prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent to the amendment or abrogation, and the manner in which that consent may be given.

(g) It may vest in a trustee or trustees property, rights, powers, and duties in trust determined by the commissioner, which may include any or all of the rights, powers, and duties of the bondholders, or may limit the rights, powers, and duties of the trustee. It may make contracts with a trustee or trustees authorizing the trustee or trustees to invest in investments that may be invested in by the state board of investment under section 11A.24, and apply, or dispose of and use money in any account.

(h) It may define the acts or omissions to act which constitute a default in the obligations and duties of the commissioner and may provide for the rights and remedies of the holders of bonds in the event of a default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of sections 1 to 15, which in any way affect the security or protection of the bonds and the rights of the bondholders.

Sec. 7. [116R.07] [PLEDGES.]

Any pledge made by the commissioner is valid and binding from the time the pledge is made. The money or property pledged and later received by the commissioner is immediately subject to the lien of the pledge without any physical delivery of the property or money or further act, and the lien of any pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the commissioner, whether or not those parties have notice of the lien or pledge. Neither the order nor any other instrument by which a pledge is created need be recorded.

Sec. 8. [116R.08] [BONDS; NONLIABILITY OF INDIVIDUALS.]

The commissioner and the commissioner's staff and any person executing the bonds are not personally liable on the bonds or subject to any personal liability or accountability by reason of their issuance.

Sec. 9. [116R.09] [BONDS; PURCHASE AND CANCELLATION.]

The commissioner, subject to agreements with bondholders which may then exist, has power out of any funds available for the purpose to purchase bonds of the commissioner at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (b) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

Sec. 10. [116R.10] [STATE PLEDGE AGAINST IMPAIRMENT OF CONTRACTS.]

The state pledges and agrees with the holders of any bonds issued under sections 1 to 15, that the state will not limit or alter the rights vested in the commissioner to fulfill the terms of any agreements made with the bondholders, or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged. The commissioner may include this pledge and agreement of the state in any agreement with the holders of bonds issued under sections 1 to 15.

Subdivision 1. [FUNDS.] The commissioner or any trustee appointed by the commissioner under sections 1 to 15 shall establish and maintain an aircraft facilities fund for each of the facilities described in section 2, subdivisions 5 and 6. Except for amounts

required by the commissioner to be deposited in a debt service account, proceeds of each issue of bonds authorized under section 2, subdivision 1, must be deposited in a separate account, debt service reserve, or other account designated by the commissioner. The owner of each facility described in section 2, subdivisions 5 and 6, may withdraw proceeds of bonds for application to the appropriated purposes in the manner provided by order of the commissioner or in any indenture authorized by order of the commissioner. The commissioner may establish whatever accounts might be necessary to carry out sections 1 to 15.

Subd. 2. [ACCOUNTS.] The state treasurer or any trustee appointed by the commissioner under sections 1 to 15 shall maintain permanently on official books and records debt service accounts separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on each series of bonds authorized under section 2, subdivision 1. No later than the due date of each principal and interest payment on the bonds, the commissioner shall withdraw from the proceeds of the bonds, or from revenues on hand and available for the purpose, and shall deposit in the debt service accounts the amount, if any, required in the account by the order of the commissioner or any indenture authorized by an order of the commissioner. All amounts in any debt service account are appropriated for the payment of principal, premiums, and interest for the bonds to which the account relates.

Sec. 12. [116R.12] [POWERS AND DUTIES OF TRUSTEE.]

Subdivision 1. [GENERAL.] The trustee, if any, designated in any indenture or order securing an issue of bonds may, in the trustee's own name, if so provided in the indenture or order:

(1) enforce all rights of the bondholders, including the right to require the commissioner to collect fees, charges, interest, and payments on leases, loans, or interests therein held by the commissioner and eligible securities purchased by it adequate to carry out any agreement as to, or pledge of, those fees, charges, and payments, and to require the commissioner to carry out any other agreements with the holders of the bonds and to perform the duties required under sections 1 to 15;

(2) bring suit upon the bonds;

(3) require the commissioner to account as if it were the trustee of any express trust for the holders of the bonds;

(4) enjoin any acts or things which may be unlawful or in violation of the rights of holders of the bonds; or

(5) upon a default as defined in any bond, order, or indenture, declare all the bonds due and payable, enforce any remedy available under law, and if all defaults are made good, the trustee may annul the declaration and consequences.

Subd. 2. [ADDITIONAL POWERS.] In addition to the powers in subdivision 1, the trustee has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders in the enforcement and protection of their rights.

Subd. 3. [VENUE.] The venue of any action or proceedings brought by a trustee is in Ramsey county.

Sec. 13. [116R.13] [DEBT SERVICE RESERVE ACCOUNT.]

Subdivision 1. [AUTHORITY.] The commissioner or a trustee appointed by the commissioner may create, maintain, and establish a special account or accounts for the security of one or more or all series of the bonds, which accounts are known as debt service reserve accounts. The commissioner may pay into each debt service reserve account:

(1) any money appropriated by the state only for the purposes of that account;

(2) any proceeds of sale of bonds to the extent provided in the order or indenture authorizing their issuance;

(3) any money directed to be transferred by the commissioner to that debt service reserve account; and

(4) any other money made available to the commissioner for the purpose of that account from any other source.

Subd. 2. [USE OF MONEY.] The money held in or credited to each debt service reserve account, except as provided in this section, must be used solely for the payment of the principal of bonds of the commissioner as the bonds mature or otherwise become due, the purchase of the bonds, the payment of interest on the bonds, the payment of any premium required when the bonds are redeemed before maturity, or any rebate amounts owing to the United States government in accordance with any applicable covenant to comply with federal tax laws; provided, that money in a debt service reserve account may not be withdrawn at any time in an amount which would reduce the amount of the account to less than any amount which the commissioner determines to be reasonably necessary for the purposes of the account, except for the purpose of paying principal, premium, or interest due on bonds secured by the account, for the payment of which other money is not available.

Subd. 3. [GENERAL OBLIGATION BONDS.] (a) If the amount in any debt service reserve account falls below the minimum required in an order of the commissioner or indenture for the applicable series of bonds and the order or indenture so provides, the commissioner shall issue as promptly as practicable, but in no event later than six months after the occurrence of the deficiency, general obligation bonds in accordance with the Minnesota Constitution, article XI, section 7, and section 2, subdivision 4; section 16A.641, subdivisions 1 to 4 and 6 to 13; section 16A.66, section 16A.672; and section 16A.675, except as otherwise provided in this section and unless provision is made for restoring the deficiency from other sources. Section 16A.641, subdivision 5, does not apply to the issuance of bonds authorized under this subdivision. Proceeds of the bonds not required for payment of costs related to the issuance of the bonds must be deposited in the debt service reserve account, except that accrued interest must be deposited as provided in section 16A.641, subdivision 7, paragraph (b).

(b) The underwriting discount, spread, or commission paid or allowed to the underwriters or placement agents of deficiency bonds and bonds described in section 2, subdivision 4, paragraph (a), must be an amount not in excess of the amount determined by the commissioner to be reasonable in light of the risk assumed and the expense of issuance, if any, required to be paid by the underwriters, placement agents, or prevailing market conditions and practices.

Subd. 4. [LIMITATION.] If the commissioner creates a debt service reserve account for the security of any series of bonds, the commissioner may not issue any additional bonds which are similarly secured if the amount of any of the debt service reserve accounts at the time of issuance does not equal or exceed the minimum amount, if any, required by the resolution creating that account, unless the commissioner deposits in each account at the time of issuance, from the proceeds of the bonds or otherwise, an amount which, together with the amount then in the account, will not be less than the minimum amount required.

Subd. 5. [EXCESS MONEY.] To the extent consistent with the orders and indentures securing outstanding bonds, the commissioner may, at the close of any fiscal year, transfer to any other account from any debt service reserve account, any excess in that account over the amount considered by the commissioner to be reasonably necessary for the purpose of the account.

Subd. 6. [CONSTRUCTION.] Nothing in this section may be construed to limit the right of the commissioner to create and establish by order or indenture other accounts or security in addition to debt service reserve accounts which are necessary or desirable in connection with any bonds or programs.

Sec. 14. [116R.14] [CONSTRUCTION.]

Sections 1 to 15 are necessary for the welfare of the state of Minnesota and its inhabitants; therefore, they shall be liberally construed to effect their purpose.

Sec. 15. [116R.15] [SEVERABILITY; ACTIONS.]

Each of the provisions of sections 1 to 15, and each application thereof to particular circumstances, is severable. If any provision or application is found to be unconstitutional and void, it is the intention that the remaining provisions and applications shall be valid and enforceable to the full extent possible under section 645.20.

For the first taxable year when the facility has been in operation for at least three consecutive months, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year. For each of the succeeding four taxable years, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year. Subd. 2. [SECURITY AND SOURCE OF PAYMENT.] The revenue bonds described in subdivision 1 are payable solely from and secured by the revenues derived by the commission from the leases upon the properties described in subdivision 1, paragraph (a), clause (1), the revenue agreements upon the properties described in subdivision 1, paragraph (a), clause (2), and other revenues as the commission may designate and pledge which are derived from the ownership and operation of its airports, air navigation facilities and other facilities; provided that the pledge and application of all revenues to the payment and security of the revenue bonds are subject and subordinate to the first and prior charge thereon for the payment and security of the commission's general obligation revenue bonds as provided in section 473.667. The revenue bonds shall not be payable from or charged upon any funds or assets of the commission other than the commission revenues expressly pledged to their payment. An owner of the revenue bonds may not compel any exercise of the taxing power of the commission, the state, or any other taxing jurisdiction. Each bond must state in substance the limited nature of the obligations. The revenue bonds may be further secured by an assignment of leases with respect to the properties acquired, financed, or refinanced, and (i) with respect to the prop-

erties described in subdivision 1, paragraph (a), clause (1), by a mortgage and security agreement upon the properties and by other collateral as is pledged to secure the obligations of the airline corporation or other lessee under the leases on the properties, and (ii) with respect to the properties described in subdivision 1, paragraph (a), clause (2), by other collateral as is pledged to secure the obligations of the airline corporation under the revenue agreements. In the resolution or other instrument providing for the issuance of the revenue bonds, the commission may provide for or require the creation of accounts from sources specified by the commission. The sources may include a portion of the proceeds of the revenue bonds or payment by the airline corporation, for the payment and security of the revenue bonds, including a debt service reserve account, separate from the accounts maintained for payment of the general obligation revenue bonds. The leases described in subdivision 1, paragraph (a), clause (1), and the revenue agreements described in subdivision 1, paragraph (a), clause (2), must provide that if the commission determines to pledge any of its revenues to secure the revenue bonds, including revenues deposited into a debt service reserve account for the revenue bonds, the airline corporation concurrently shall pledge assets to the commission as security for repayment of the revenues so that the net unencumbered values of the pledged assets, as independently appraised at the time of issuance and periodically to the satisfaction of the commission during the term of the revenue bonds, is a percentage of the amount of commission revenues so pledged as determined by the commission; provided that the percentage shall not be less than 125 percent.

Subd. 3. [DUE DILIGENCE CONDITIONS.] Before the commission may issue the revenue bonds described in subdivision 1, the commission and the commissioner of finance must receive, in form and substance satisfactory to the commission:

(1) a report of audit of the commission's financial records for the fiscal year most recently ended or, if this is not yet available, a report for the preceding year, prepared by a nationally recognized firm of certified public accountants, showing that the net revenues received that year, computed as the gross receipts less any refunds of rates, fees, charges, and rentals for airport and air navigation facilities and service, and less the aggregate amount of current expenses, paid or accrued, of operation and maintenance of property and carrying on the commission's business and activities, equaled or exceeded the maximum amount of then outstanding bonds of the commission and interest thereon to become due in any future fiscal year;

(2) a written report prepared by a nationally recognized consultant on airport management and financing, projecting available revenues of the airline corporation at least sufficient during each year of the term of the proposed revenue bonds to pay when due all financial obligations of the airline corporation under the revenue

agreements and leases described in subdivision 1 and stating the factors on which the projection is based; and

(3) a written report prepared by a nationally recognized consultant on airport management and financing, projecting available revenues of the commission at least sufficient during each year of the term of the proposed revenue bonds to pay all principal and interest when due on the revenue bonds, and stating the estimates of air traffic, rate increases, inflation, and other factors on which the projection is based.

Sec. 4. Minnesota Statutes 1990, section 473.667, is amended by adding a subdivision to read:

Subd. 12. [BONDS FOR HEAVY MAINTENANCE FACILITY.] The commission may issue general obligation revenue bonds for the purpose of constructing a heavy maintenance facility for aircraft to be located at Minneapolis-St. Paul International Airport. The heavy maintenance facility must be owned by the commission and leased to and operated by airline corporations, for use by airline corporations in connection with their airline operations. The principal amount of the general obligation revenue bonds issued under this subdivision, including any debt service reserve account or any other reserve account, is limited to \$230,000,000 in excess of the amount authorized by subdivision 2.

Sec. 5. [473.680] [TAX INCREMENT FINANCING DISTRICT FOR HEAVY MAINTENANCE FACILITY.]

Subdivision 1. [AUTHORIZATION.] The commission may create a tax increment financing district as provided in this subdivision on property located at the Minneapolis-St. Paul International Airport. Except as otherwise provided in this section, the provisions of sections 469.174 to 469.179 apply to the district. The district shall consist of parcels on which the heavy maintenance facility described in section 473.667, subdivision 12, is proposed to be located. The commission is the "authority" for purposes of sections 469.174 to 469.179.

Subd. 2. [CHARACTERISTICS OF THE DISTRICT.] (a) The district shall be an economic development district as defined in section 469.174, subdivision 12.

(b) Notwithstanding section 469.176, subdivision 4c, the revenue derived from tax increment from the district may be used to pay debt service on general obligation revenue bonds issued by the commission under section 473.667, subdivision 12.

Sec. 6. [EFFECTIVE DATES; APPLICATION.]

Sections 1 to 4 are effective the day following final enactment and shall apply to bonds issued before December 31, 1991, and bonds issued to refund the bonds. This act applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington."

S. F. No. 918 was reported to the House.

Carruthers moved to amend S. F. No. 918, as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 60A.08, is amended by adding a subdivision to read:

Subd. 14. [AGREEMENT TO RESCIND POLICY.] (a) If the insurer has knowledge of any claims against the insured that would remain unsatisfied due to the financial condition of the insured, the insurer and the insured may not agree to rescind the policy.

(b) Before entering into an agreement to rescind a policy, an insurer must make a good faith effort to ascertain: (1) the existence and identity of all claims against the policy; and (2) the financial condition of the insured.

(c) An agreement made in violation of this section is void and unenforceable.

Sec. 2. Minnesota Statutes 1990, section 72A.201, subdivision 6, is amended to read:

Subd. 6. [STANDARDS FOR AUTOMOBILE INSURANCE CLAIMS HANDLING, SETTLEMENT OFFERS, AND AGREEMENTS.] In addition to the acts specified in subdivisions 4, 5, 7, 8, and 9, the following acts by an insurer, adjuster, or a self-insured or self-insurance administrator constitute unfair settlement practices:

(1) if an automobile insurance policy provides for the adjustment and settlement of an automobile total loss on the basis of actual cash value or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;

(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more

qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;

(5) regardless of whether the loss was total or partial, if loss of use coverage exists under the insurance policy, failing to notify an insured at the time of the insurer's acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured's deductible in the insurer's demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible

amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney;

(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60 days prior to the expiration of that time limitation;

(12) if an insurer chooses to have an insured examined as permitted by section 65B.56, subdivision 1, failing to notify the insured of all of the insured's rights and obligations under that statute, including the right to request, in writing, and to receive a copy of the report of the examination;

(13) failing to provide, to an insured who has submitted a claim for benefits described in section 65B.44, a complete copy of the insurer's claim file on the insured, excluding internal company memoranda, all materials that relate to any insurance fraud investigation, materials that constitute attorney work-product or that qualify for the attorney-client privilege, and medical reviews that are subject to section 145.64, within ten business days of receiving a written request from the insured. The insurer may charge the insured a reasonable copying fee. This clause supersedes any inconsistent provisions of sections 72A.49 to 72A.505."

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 62A.31, subdivision 1, is amended to read:

Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract or other evidence of accident and health insurance the effect or purpose of which is to supplement Medicare coverage issued or delivered in this state or offered to a resident of this state shall be sold or issued to an individual age 65 or older covered by Medicare unless the following requirements are met:

(a) The policy must provide a minimum of the coverage set out in subdivision 2;

(b) The policy must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage;

(c) The policy must contain a provision that the plan will not be canceled or nonrenewed on the grounds of the deterioration of health of the insured;

(d) Before the policy is sold or issued, an offer of both categories of Medicare supplement insurance has been made to the individual, together with an explanation of both coverages; ~~and~~

(e) An outline of coverage as provided in section 62A.39 must be delivered at the time of application and prior to payment of any premium;

(f) (1) The policy must provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period, not to exceed 24 months, in which the policyholder has applied for and is determined to be entitled to medical assistance under title XIX of the Social Security Act, but only if the policyholder notifies the issuer of the policy within 90 days after the date the individual becomes entitled to this assistance;

(2) If suspension occurs and if the policyholder or certificate holder loses entitlement to this medical assistance, the policy shall be automatically reinstated, effective as of the date of termination of

this entitlement, if the policyholder provides notice of loss of the entitlement within 90 days after the date of the loss;

(3) The policy must provide that upon reinstatement (i) there is no additional waiting period with respect to treatment of preexisting conditions, (ii) coverage is provided which is substantially equivalent to coverage in effect before the date of the suspension, and (iii) premiums are classified on terms that are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage not been suspended;

(g) The written statement required by an application for Medicare supplement insurance pursuant to section 62A.43, subdivision 1, shall be made on a form, approved by the commissioner, that states that counseling services may be available in the state to provide advice concerning the purchase of Medicare supplement policies and enrollment under the Medicaid program;

(h) No issuer of Medicare supplement policies in this state may deny or condition the issuance or effectiveness of any Medicare supplement insurance policy form available for sale in this state, nor may it discriminate in the pricing of such a policy, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for such insurance is submitted during the six-month period beginning with the first month in which an individual first enrolled for benefits under Medicare Part B;

(i) If a Medicare supplement policy replaces another Medicare supplement policy, the issuer of the replacing policy shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement policy for similar benefits to the extent the time was spent under the original policy;

(j) The policy has been filed with and approved by the department as meeting all the requirements of sections 62A.31 to 62A.44; and

(k) the policy guarantees renewability.

Only the following standards for renewability may be used in Medicare supplement insurance policy forms.

No issuer of Medicare supplement insurance policies may cancel or nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

If a group Medicare supplement insurance policy is terminated by

the group policyholder and is not replaced as provided in this clause, the issuer shall offer certificate holders an individual Medicare supplement policy which, at the option of the certificate holder, provides for continuation of the benefits contained in the group policy; or provides for such benefits and benefit packages as otherwise meet the requirements of this clause.

If an individual is a certificate holder in a group Medicare supplement insurance policy and the individual terminates membership in the group, the issuer of the policy shall offer the certificate holder the conversion opportunities described in this clause; or offer the certificate holder continuation of coverage under the group policy.

Sec. 2. Minnesota Statutes 1990, section 62A.316, is amended to read:

62A.316 [BASIC MEDICARE SUPPLEMENT PLAN; COVERAGE.]

(a) The basic Medicare supplement plan must have a level of coverage that will provide:

(1) coverage for all of the Medicare part A inpatient hospital coinsurance amounts, and 100 percent of all Medicare part A eligible expenses for hospitalization not covered by Medicare for the calendar year, after satisfying the Medicare part A deductible;

(2) coverage for the daily copayment amount of Medicare part A eligible expenses for the calendar year incurred for skilled nursing facility care;

(3) coverage for the 20 percent copayment amount of Medicare eligible expenses excluding outpatient prescription drugs under Medicare part B regardless of hospital confinement for Medicare part B after the Medicare deductible amount;

(4) 80 percent of the usual and customary hospital and medical expenses and supplies incurred during travel outside the United States as a result of a medical emergency;

(5) coverage for the reasonable cost of the first three pints of blood, or equivalent quantities of packed red blood cells as defined under federal regulations under Medicare parts A and B, unless replaced in accordance with federal regulations; and

~~(5)~~ (6) 100 percent of the cost of immunizations.

(b) Only the following optional benefit riders may be added to this plan:

(1) coverage for all of the Medicare part A inpatient hospital deductible amount;

(2) a minimum of 80 percent of usual and customary eligible medical expenses and supplies not covered by Medicare part B. This does not include outpatient prescription drugs;

(3) coverage for all of the Medicare part B annual deductible; and

(4) coverage for at least 50 percent, or the equivalent of 50 percent, of usual and customary prescription drug expenses.

Nothing in this section prohibits the plan from requiring that services be received from providers designated as preferred providers or participating providers in order to receive coverage under optional benefit riders.

Sec. 3. Minnesota Statutes 1990, section 62A.36, subdivision 1a, is amended to read:

Subd. 1a. [SUPPLEMENT TO ANNUAL STATEMENTS.] Each insurer that has Medicare supplement policies in force in this state shall, as a supplement to the annual statement required by section 60A.13, submit, in a form prescribed by the commissioner, data showing its incurred claims experience, its earned premiums, and the aggregate amount of premiums collected and losses incurred for each Medicare policy form in force. If the data submitted does not confirm that the insurer has satisfied the loss ratio requirements of this section, the commissioner shall notify the insurer in writing of the deficiency. The insurer shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the insurer fails to file amended rates within the prescribed time, the commissioner shall order that the insurer's filed rates for the nonconforming policy be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The insurer's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the insurer from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data as to premiums and loss ratios for the preceding three years available to the public at a cost not to exceed the cost of copying. The commissioner shall also provide the public with copies of the policies to which the loss ratios and premiums apply. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Sec. 4. Minnesota Statutes 1990, section 62A.43, subdivision 1, is amended to read:

Subdivision 1. [DUPLICATE COVERAGE PROHIBITED.] No agent shall sell a Medicare supplement plan, as defined in section 62A.31, to a person who currently has one plan in effect; however, an agent may sell a replacement plan in accordance with section 62A.40, provided that the second plan is not made effective any sooner than necessary to provide continuous benefits for preexisting conditions. Every application for Medicare supplement insurance shall require a written statement signed by the applicant listing of all health and accident insurance maintained by the applicant as of the date the application is taken and stating whether the applicant is entitled to any medical assistance. The written statement must be accompanied by a written acknowledgment, signed by the seller of the policy, of the request for and receipt of the statement.

Sec. 5. [EFFECTIVE DATE.]

Sections 1 to 4 are effective November 5, 1991. If the federal government extends the date for compliance with any provision of this act that is required by the federal Omnibus Budget Reconciliation Act of 1990, the commissioner may by order extend the date by which that provision of this act must be complied with. An order of the commissioner under this section must not extend the compliance date for longer than six months from November 5, 1991.

The Honorable Robert E. Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 1086, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 1086 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1
PROPERTY TAXES

Section 1. Minnesota Statutes 1990, section 13.51, subdivision 2, is amended to read:

Subd. 2. [INCOME PROPERTY ASSESSMENT DATA.] The following data collected by political subdivisions from individuals or business entities concerning income properties are classified as private or nonpublic data pursuant to section 13.02, subdivisions 9 and 12:

- (a) detailed income and expense figures for the current year plus the previous three years;
- (b) average vacancy factors for the previous three years;
- (c) verified net rentable areas or net usable areas, whichever is appropriate;
- (d) anticipated income and expenses for the current year; ~~and~~
- (e) projected vacancy factor for the current year; and
- (f) lease information.

Sec. 2. Minnesota Statutes 1990, section 13.51, is amended by adding a subdivision to read:

Subd. 3. [DATA ON INCOME OF INDIVIDUALS.] Income information on individuals collected and maintained by political subdivi-

visions to determine eligibility of property for classification 4c under section 273.13, subdivision 25, paragraph (c), is private data on individuals as defined in section 13.02, subdivision 12.

Sec. 3. Minnesota Statutes 1990, section 13.54, is amended by adding a subdivision to read:

Subd. 5. [PRIVATE DATA ON INDIVIDUALS.] Income information on individuals collected and maintained by a housing agency to determine eligibility of property for classification 4c under section 273.13, subdivision 25, paragraph (c), is private data on individuals as defined in section 13.02, subdivision 12. The data may be disclosed to the county and local assessors responsible for determining eligibility of the property for classification 4c.

Sec. 4. [117.57] [AUTHORITIES; RAILROAD PROPERTIES.]

Subdivision 1. [EMINENT DOMAIN.] The power of eminent domain of an authority, as defined in section 469.174, subdivision 2, extends to railroad properties located within the authority's limits, provided:

(1) the railroad property is not a line of track for which abandonment is required under federal law, or if it is a line of track for which abandonment is required under federal law, abandonment has been approved;

(2) some part of the property contains land pollution as defined in section 116.06, or contains a release or threatened release of petroleum, as provided in chapter 115C, or contains a release or threatened release of a pollutant, contaminant, hazardous substance, or hazardous waste, as provided in chapter 115B; and

(3) the authority intends to develop the property and has a plan for its cleanup and development within five years in order to maximize its market value.

Upon a showing by the petitioner in condemnation proceedings that the conditions described in clauses (1) to (3) exist, then the public use to which the authority would put the property is adjudged a superior public use to railroad use or any other past, present, or proposed future use, regardless of whether the property is held in trust, was previously acquired by condemnation, or is owned by a railroad.

Subd. 2. [RELATION TO STATE RAIL BANK.] Nothing in this section shall supersede the provisions of section 222.63.

Subd. 3. [RELATION TO REGIONAL RAILROAD AUTHORITIES.] An authority shall not be adjudged to have a superior public

use to that of a regional railroad authority as defined in section 398A.01 or a state trail covered by section 85.015.

Sec. 5. Minnesota Statutes 1990, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM LEVY.] (a) The levy authorized by section 124A.23, subdivision 2, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy as a percentage of net tax capacity, the amount that will be raised by that local tax rate in the first year it is to be levied, and that the local tax rate shall be used to finance school operations. The ballot may state that existing levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring authority. The ballot shall designate the specific number of years for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

“Shall the increase in the levy proposed by (petition to) the board of, School District No. ..., be approved?”

If approved, the amount provided by the approved local tax rate applied to the net tax capacity for the year preceding the year the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed levy increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of increase in annual dollars and annual percentage for typical residential home-

steads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "In 1989 the legislature reduced property taxes for education by increasing the state share of funding for education. However, state aid for cities and townships was reduced by a corresponding amount. As a result, property taxes for cities and townships may increase. Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased levy amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A levy approved by the voters of the district pursuant to paragraph (a) must be made at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce a levy for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by

paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

Sec. 6. Minnesota Statutes 1990, section 124A.03, is amended by adding a subdivision to read:

Subd. 2a. (SCHOOL REFERENDUM LEVY; MARKET VALUE.) Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.

The ballot shall state the maximum amount of the increased levy as a percentage of market value, the amount that will be raised by that new school referendum tax rate in the first year it is to be levied, and that the new school referendum tax rate shall be used to finance school operations.

If approved, the amount provided by the new school referendum tax rate applied to the market value for the year preceding the year the levy is certified, shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.

Sec. 7. Minnesota Statutes 1990, section 270.12, subdivision 2, is amended to read:

Subd. 2. The board shall meet annually between April 15 and June 30 at the office of the commissioner of revenue and examine and compare the returns of the assessment of the property in the several counties, and equalize the same so that all the taxable property in the state shall be assessed at its market value, subject to the following rules:

(1) The board shall add to the aggregate valuation of the real property of every county, which the board believes to be valued below its market value in money, such percent as will bring the same to its market value in money;

(2) The board shall deduct from the aggregate valuation of the real property of every county, which the board believes to be valued above its market value in money, such percent as will reduce the same to its market value in money;

(3) If the board believes the valuation for a part of a class

determined by a range of market value under clause (8), a class, or classes of the real property of any town or district in any county, or the valuation for a part of a class, a class, or classes of the real property of any county not in towns or cities, should be raised or reduced, without raising or reducing the other real property of such county, or without raising or reducing it in the same ratio, the board may add to, or take from, the valuation of a part of a class, a class, or classes in any one or more of such towns or cities, or of the property not in towns or cities, such percent as the board believes will raise or reduce the same to its market value in money;

(4) The board shall add to the aggregate valuation of any class of personal property of any county, town, or city, which the board believes to be valued below the market value thereof, such percent as will raise the same to its market value in money;

(5) The board shall take from the aggregate valuation of any class of personal property in any county, town or city, which the board believes to be valued above the market value thereof, such percent as will reduce the same to its market value in money;

(6) The board shall not reduce the aggregate valuation of all the property of the state, as returned by the several county auditors, more than one percent on the whole valuation thereof;

(7) When it would be of assistance in equalizing values the board may require any county auditor to furnish statements showing assessments of real and personal property of any individuals, firms, or corporations within the county. The board shall consider and equalize such assessments and may increase the assessment of individuals, firms, or corporations above the amount returned by the county board of equalization when it shall appear to be undervalued, first giving notice to such persons of the intention of the board so to do, which notice shall fix a time and place of hearing. The board shall not decrease any such assessment below the valuation placed by the county board of equalization; ~~and~~

(8) In equalizing values pursuant to this section, the board shall utilize a 12-month assessment/sales ratio study conducted by the department of revenue containing only sales that are filed in the county auditor's office under section 272.115, by November 1 of the previous year and that occurred between October 1 of the year immediately preceding the previous year and September 30 of the previous year.

The assessment/sales ratio study may separate the values of residential property into market value categories. The board may adjust the market value categories and the number of categories as necessary to create an adequate sample size for each market value category. The board may determine the adequate sample size. To the extent practicable, the methodology used in preparing the

assessment/sales ratio study must be consistent with the most recent Standard on Assessment Sales Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The board may determine the geographic area used in preparing the study to accurately equalize values. A sales ratio study separating residential property into market value categories may not be used as the basis for a petition under chapter 278.

The sales prices used in the study must be discounted for terms of financing. The board shall use the median ratio as the statistical measure of the level of assessment for any particular category of property; and

(9) The board shall receive from each county the estimated market values on the assessment date falling within the study period for all parcels by magnetic tape or other medium as prescribed by the commissioner of revenue.

Sec. 8. Minnesota Statutes 1990, section 271.04, is amended to read:

271.04 [HEARINGS.]

The tax court shall hold hearings and meetings as may be prescribed by the rules of the tax court, including a rule on the admissibility of evidence not produced 30 days before a hearing by an owner of income-producing property. The principal office of the tax court shall be in Saint Paul, but it shall hold hearings at any other place within the state, so that taxpayers may appear before the court with as little inconvenience and expense to the taxpayer as is practicable. The tax court shall be allowed to use the district court court room in all of the counties. The administrator of the tax court shall consult with the court administrator of the district court involved before a schedule of court room to be used by the tax court is established. Each tax court judge may hear and decide cases. Upon petition by a party to a case, or upon a motion by a tax court judge, and approval by a majority of the tax court, a case may be tried before the entire tax court. When an appeal is taken by a resident taxpayer from an order of the commissioner, not involving property taxes, venue for the case shall be, at the election of the taxpayer, in Ramsey county or in the district court judicial district in which the taxpayer resides. Venue shall be in Ramsey county for an appeal taken by a nonresident taxpayer from an order of the commissioner. Venue for all other cases arising under the tax laws of the state shall be in the same judicial district as if the case was being tried in district court.

Sec. 9. Minnesota Statutes 1990, section 271.21, subdivision 6, is amended to read:

Subd. 6. The hearing in the small claims division shall be

informal and without a jury. The judge may hear any testimony and receive any evidence the judge deems necessary or desirable for a just determination of the case except that evidence relating to the valuation of income-producing property not provided to the county assessor 30 days before a hearing by the property owner is not admissible, except when necessary to prevent undue hardship or when failure to provide is due to the unavailability of the evidence at that time. Sales ratio studies published by the department of revenue may be admissible as a public record without foundation. All testimony shall be given under oath. A party may appear personally or may be represented or accompanied by an attorney. No transcript of the proceedings shall be kept.

Sec. 10. Minnesota Statutes 1990, section 272.02, subdivision 1, is amended to read:

Subdivision 1. All property described in this section to the extent herein limited shall be exempt from taxation:

- (1) all public burying grounds;

(b) A building or structure shall include the building or structure itself, together with all improvements or fixtures annexed to the building or structure, which are integrated with and of permanent benefit to the building or structure, regardless of the present use of the building, and which cannot be removed without substantial damage to itself or to the building or structure.

Sec. 12. Minnesota Statutes 1990, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 1a, 6, 8, and 9 or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the

property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the valuation of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, that lot ~~or any single contiguous lot fronting on the same street~~ shall be eligible for revaluation. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 13. Minnesota Statutes 1990, section 273.11, is amended by adding a subdivision to read:

Subd. 1a. [GENERAL AND ROUTINE MAINTENANCE.] General and routine maintenance of structures classified under section 273.13, subdivisions 22 and 23, shall not be subject to assessment and shall be disregarded in establishing market value, provided that it is owned by the same taxpayer in the current and previous years' assessment. For purposes of this subdivision, "general and routine maintenance" includes, but is not limited to, the following items:

- (1) roof repair, excluding replacement;
- (2) siding repair, excluding replacement;
- (3) window repair, excluding replacement;
- (4) smoke detection, security, and sprinkler systems;
- (5) plumbing repair, excluding replacement; and
- (6) electrical rewiring.

Sec. 14. Minnesota Statutes 1990, section 273.12, is amended to read:

273.12 [ASSESSMENT OF REAL PROPERTY.]

It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to every element and factor affecting the market value thereof, including its location with reference to roads and streets and the location of roads and streets thereon or over the same, and to take into consideration a reduction in the acreage of each tract or lot sufficient to cover the amount of land actually used for any improved public highway and the reduction in area of land caused thereby, provided, that in determining the market value of vacant land, the fact that such land is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the net tax capacity of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment. It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to lands which are comparable in character, quality, and location, to the end that all lands similarly located and improved will be assessed upon a uniform basis and without discrimination and, for agricultural lands, to consider and give recognition to its earning potential as measured by its free market rental rate.

Notwithstanding the provisions of this or any other section, no additional value shall be assessed for unmined mineral value except for iron ore or taconite.

Sec. 15. Minnesota Statutes 1990, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

(d) If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have ~~one or both parents~~ a relative shown on the deed as ~~coowners~~ a coowner, the assessor shall allow a full homestead classification and extend full homestead credit. This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, grandparent, brother, sister, uncle, or aunt. This relationship may be by blood or marriage.

(e) In the case of property owned and formerly occupied by two or more persons in joint tenancy or tenancy in common, when those persons are parents and children, and when one or more of the owners ceases to occupy the property, the assessor shall continue to allow a full homestead classification as long as at least one of the owners continues to occupy the property for purposes of a homestead. This paragraph applies only to single family residential property. For purposes of this paragraph, the terms "parents" and "children" include relationships by marriage.

Sec. 16. Minnesota Statutes 1990, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead by June 1 of a year, constitutes class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, prior to June 15 of the year of occupancy in order to qualify under this subdivision. The assessor must not deny full homestead treatment to a property that is partially homesteaded on January 2 but occupied for the purpose of a full homestead by June 1 of a year.

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

The owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

The county assessor shall publish in a newspaper of general circulation within the county no later than June 1 of each year a notice informing the public of the requirement to file an application for homestead prior to June 15.

Sec. 17. Minnesota Statutes 1990, section 273.124, subdivision 14, is amended to read:

Subd. 14. [AGRICULTURAL HOMESTEADS; SPECIAL PROVISIONS.] (a) Real estate of less than ten acres that is the homestead of its owner must be classified as class 2a under section 273.13, subdivision 23, paragraph (a), if:

(1) the parcel on which the house is located is contiguous to ~~agricultural land~~ on at least two sides to (i) agricultural land, (ii) land owned or administered by the United States Fish and Wildlife Service, or (iii) land administered by the department of natural resources on which in lieu taxes are paid under sections 477A.11 to 477A.14;

(2) its owner also owns a noncontiguous parcel of agricultural land that is at least 20 acres;

(3) the noncontiguous land is located not farther than two townships or cities, or a combination of townships or cities from the homestead; and

(4) the agricultural use value of the noncontiguous land and farm buildings is equal to at least 50 percent of the market value of the house, garage, and one acre of land.

Homesteads initially classified as class 2a under the provisions of this subdivision shall remain classified as class 2a, irrespective of subsequent changes in the use of adjoining properties, as long as the homestead remains under the same ownership, the owner owns a noncontiguous parcel of agricultural land that is at least 20 acres, and the agricultural use value qualifies under clause (4).

(b) Noncontiguous land shall be included as part of a homestead under section 273.13, subdivision 23, paragraph (a), only if the homestead is classified as class 2a and the detached land is located in the same township or city, or not farther than two townships or cities or combination thereof from the homestead.

(c) Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified as a homestead under section 273.13, subdivision 23, paragraph (a). If agricultural land is classified class 2a, any other dwellings on the land used for purposes of a homestead by persons holding vested remainder interests who are actively engaged in farming the property, and up to one acre of the land surrounding each homestead and reasonably necessary for the use of the dwelling as a home, must also be assessed class 2a.

Sec. 18. Minnesota Statutes 1990, section 273.13, subdivision 22, is amended to read:

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first ~~\$68,000~~ \$72,000 of market value of class 1a property has a net class rate of one percent of its market value and a gross class rate of 2.17 percent of its market value. For taxes payable in 1992, the market value of class 1a property that exceeds ~~\$68,000~~ \$72,000 but does not exceed ~~\$110,000~~ \$115,000 has a class rate of two percent of its market value; and the market value of class 1a property that exceeds \$110,000 \$115,000 has a class rate of ~~three~~ 2.5 percent of its market value. For taxes payable in 1993 and thereafter, the market value of class 1a property that exceeds \$72,000 has a class rate of two percent.

(b) Class 1b property includes real estate or manufactured homes used for the purposes of a homestead by

(1) any blind person, if the blind person is the owner thereof or if

the blind person and the blind person's spouse are the sole owners thereof; or

(2) any person, hereinafter referred to as "veteran," who:

(i) served in the active military or naval service of the United States; and

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and

(iii) ~~with assistance by the administration of veterans affairs~~ has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

(3) any person who:

(i) is permanently and totally disabled and

(ii) receives 90 percent or more of total income from

(A) aid from any state as a result of that disability; or

(B) supplemental security income for the disabled; or

(C) workers' compensation based on a finding of total and permanent disability; or

(D) social security disability, including the amount of a disability insurance benefit which is converted to an old age insurance benefit and any subsequent cost of living increases; or

(E) aid under the Federal Railroad Retirement Act of 1937, United States Code Annotated, title 45, section 228b(a)5; or

(F) a pension from any local government retirement fund located in the state of Minnesota as a result of that disability; or

~~(iii)~~ (4) any person who is permanently and totally disabled and whose household income as defined in section 290A.03, subdivision 5, is 150 percent or less of the federal poverty level.

Property is classified and assessed under clause (4) only if the government agency or income-providing source certifies, upon the request of the property owner, that the property owner satisfies the disability requirements of this subdivision.

Property is classified and assessed pursuant to clause (1) only if the commissioner of jobs and training certifies to the assessor that the owner of the property satisfies the requirements of this subdivision.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$32,000 market value of class 1b property has a net class rate of .45 percent of its market value and a gross class rate of .87 percent of its market value. The remaining market value of class 1b property has a gross or net class rate using the rates for class 1 or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 225 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort or a partner in a partnership that owns the resort, even if the title to the homestead is held by the corporation or partnership. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property, excluding the portion used exclusively as a homestead, is used or available for use for residential occupancy and a fee is charged for residential occupancy. Class 1c property has a class rate of .4 percent of the first \$32,000 of market value for taxes payable in 1990, .6 percent of the first \$32,000 of market value for taxes payable in 1991, .8 percent of the first \$32,000 of market value for taxes payable in 1992, and one percent of market value in excess of \$32,000 for taxes payable in 1990, 1991, and 1992, and one percent of total market value for taxes payable in 1993 and thereafter with the following limitation: the area of the property must not exceed 100 feet of lakeshore footage for each cabin or campsite located on the property up to a total of 800 feet and 500 feet in depth, measured away from the lakeshore.

Sec. 19. Minnesota Statutes 1990, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision

22. If the market value of the house, garage, and surrounding one acre of land is less than ~~\$110,000~~ \$115,000, the value of the remaining land including improvements equal to the difference between ~~\$110,000~~ \$115,000 and the market value of the house, garage, and surrounding one acre of land has a net class rate of .45 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over ~~\$110,000~~ \$115,000 of market value that does not exceed 320 acres has a net class rate of 1.3 percent of market value for taxes payable in 1990 and thereafter, and a gross class rate of 2.25 percent of market value. The remaining property over the ~~\$110,000~~ \$115,000 market value in excess of 320 acres has a class rate of 1.7 percent of market value for taxes payable in 1990, and 1.6 percent of market value for taxes payable in 1991, and thereafter, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of 1.7 percent of market value for taxes payable in 1990, and 1.6 percent of market value for taxes payable in 1991, and thereafter, and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in state or federal farm programs. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products; and includes the commercial boarding of horses if the commercial boarding of horses is done in conjunction with the raising or cultivation of agricultural products.

(d) Real estate of less than ten acres used principally for raising poultry, livestock, fruit, vegetables or other agricultural products, including the breeding of fish for sale and consumption if the fish breeding occurs on land zoned for or cultivating agricultural use products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in the preceding sentence means any of the products identified in section 273-111, this subdivision 6, clause (2) includes:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(e) (f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

- (1) wholesale and retail sales;
- (2) processing of raw agricultural products or other goods;
- (3) warehousing or storage of processed goods; and
- (4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Classification pursuant to this clause is limited to a term of 15 years.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under section 48. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in section 48 the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for valuation under section 48. The class rates in paragraph (c), clauses (1), (2), and (3) and this ~~clause paragraph~~ apply to the properties described in them, only in proportion to occupancy of the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to January 1, 1984; or the project had been approved by

the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983. If the property is purchased from the federal government by the nonprofit corporation for the purpose of continuing to provide transitional housing after the expiration of the lease, the property shall continue to be eligible for this classification.

To qualify as class 4e under this paragraph, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the county assessor to determine qualification under this paragraph.

For taxes payable in 1992, 1993, and 1994, only, class 4e property has a class rate of 1.5 percent of market value, except that property qualifying under item (ii) in 1992, 1993, or 1994 continues to receive a 1.5 percent class rate until the five-year lease has expired.

Sec. 21. Minnesota Statutes 1990, section 275.08, subdivision 1b, is amended to read:

Subd. 1b. The amounts certified under section 275.07 after adjustment under section 275.07, subdivision 3, by an individual local government unit, except for any amounts certified under section 124A.03, subdivision 2a, and section 275.60, shall be divided by the total gross tax capacity of all taxable properties within the local government unit's taxing jurisdiction for tax payable in 1989 and by the total net tax capacity of all taxable properties within the local government unit's taxing jurisdiction, for taxes payable in 1990 and thereafter. The resulting ratio, the local government's local tax rate, multiplied by each property's gross tax capacity for taxes payable in 1989 and net tax capacity for taxes payable in 1990 and subsequent years shall be each property's total tax for that local government unit before reduction by any credits.

Any amount certified to the county auditor under section 124A.03, subdivision 2a, or under section 275.60, after the dates given in those sections, shall be divided by the total estimated market value of all taxable properties within the taxing district. The resulting ratio, the taxing district's new referendum tax rate, multiplied by each property's estimated market value shall be each property's new referendum tax before reduction by any credits.

Sec. 22. [275.59] [LEVY OR BOND REFERENDUM; BALLOT NOTICE.]

Notwithstanding any general or special law or any charter provisions, any question submitted to the voters by any local governmental subdivision at a general or special election after the day of final enactment, authorizing a property tax levy or tax rate increase, including the issuance of debt obligations payable in whole or in part from property taxes, must include on the ballot the following notice in bold-face type.

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE."

For purposes of this section and section 275.60, "local governmental subdivision" includes counties, home rule and statutory cities, towns, school districts, and all special taxing districts. This statement is in addition to any general or special laws or any charter provisions that govern the contents of a ballot question.

This section does not apply to a school district bond election if the debt service payments are to be made entirely from transfers of revenue from the capital fund to the debt service fund.

Sec. 23. [275.60] [REFERENDUM LEVY; MARKET VALUE.]

For local governmental subdivisions other than school districts, any levy required to be approved and approved by the voters at a general or special election for taxes payable in 1992 and thereafter, shall be levied against the market value of all taxable property within the governmental subdivision. Any levy amount subject to the requirements of this section shall be certified separately to the county auditor under section 275.07.

The ballot shall state the maximum amount of the increased levy as a percentage of market value and the amount that will be raised by the new referendum tax rate in the first year it is to be levied.

Sec. 24. Minnesota Statutes 1990, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value as defined in section 272.03, subdivision 8;

(2) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(3) a total of the following aids:

(i) education aids payable under chapters 124 and 124A;

(ii) local government aids for cities, towns, and counties under chapter 477A; and

(iii) disparity reduction aid under section 273.1398;

(4) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(5) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and

(6) the net tax payable in the manner required in paragraph (a); and

(7) any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.60. These amounts shall be listed as "voter approved referenda levies."

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 25. Minnesota Statutes 1990, section 279.03, subdivision 1a, is amended to read:

If the rate so determined is less than ten percent, the rate of interest shall be ten percent. The maximum per annum rate shall be 14 percent if the rate specified under section 270.75, subdivision 5, exceeds 14 percent. The rate shall be subject to change on January 1 of each year.

(b) If a person is the owner of one or more parcels of property on which taxes are delinquent, and the delinquent taxes are more than 25 percent of the prior year's school district levy, interest on the delinquent property taxes, penalties, and costs unpaid after January 1, 1992, shall be payable at twice the rate determined under paragraph (a) for the year.

Sec. 26. Minnesota Statutes 1990, section 281.17, is amended to read:

The period of redemption for all lands sold to the state at a tax judgment sale shall be three years from the date of sale to the state of Minnesota if the land is within an incorporated area unless it is: (a) nonagricultural homesteaded land as defined in section 273.13, subdivision 22; (b) homesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (a); or (c) seasonal recreational land as defined in section 273.13, subdivision 25, paragraph ~~(d)(1) or (c)(4)~~ clause (5), in for which event the period of redemption is five years from the date of sale to the state of Minnesota.

The period of redemption for homesteaded lands as defined in section 273.13, subdivision 22, located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, and sold to the state at a tax judgment sale is three years from the date of sale. The period of redemption for all lands located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, except homesteaded lands as defined in section 273.13, subdivision 22, and sold to the state at a tax judgment sale is one year from the date of sale.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale, except that the period of redemption for nonhomesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (b), shall be two years from the date of sale if at that time, that property is owned by a person who owns one or more parcels of property on which taxes are delinquent, and the delinquent taxes are more than 25 percent of the prior year's school district levy.

Sec. 27. Minnesota Statutes 1990, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. (a) If the gross property taxes payable on a homestead increase more than ten percent over the net property taxes payable in the prior year on the same property that is owned by the same owner in both years, and the amount of that increase is \$40 or more for taxes payable in 1990 and 1991, \$60 or more for taxes payable in 1992, \$80 or more for taxes payable in 1993, and \$100 or more for taxes payable in 1994, a claimant who is a homeowner shall be allowed an additional refund equal to the sum of (1) 75 percent of the first \$250 of the amount of the increase over ten percent for taxes payable in 1990 and 1991, 75 percent of the first \$275 of the amount of the increase over ten percent for taxes payable in 1992, 75 percent of the first \$300 of the amount of the increase over ten percent for taxes payable in 1993, and 75 percent of the first \$325 of the amount of the increase over ten percent for taxes payable in 1994, and (2) 90 percent of the amount of the increase over ten percent plus \$250 for taxes payable in 1990 and 1991, 90 percent of the amount of the increase over ten percent plus \$275 for taxes payable in 1992, 90 percent of the amount of the increase over ten percent plus \$300 for taxes payable in 1993, and 90 percent of the amount of the increase over ten percent plus \$325 for taxes payable in 1994. This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable after reductions made under sections 273.13, subdivisions 22 and 23; 273.132; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

(2) "Gross property taxes" means net property taxes payable determined without regard to the refund allowed under this subdivision.

(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

On or before December 1, 1990, and December 1 of each of the following three years, the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in the following year. Notwithstanding the open appropriation

provision of section 290A.23, if the estimated total refund claims for taxes payable in 1991, 1993, or 1994 exceed the following amounts for the taxes payable year designated, the commissioner shall increase the dollar amount of tax increase which must occur before a taxpayer qualifies for a refund so that the estimated total refund claims do not exceed the appropriation limit.

Taxes payable in:	Appropriation limit
1991	\$13,000,000
1992	\$6,500,000
1993	\$6,000,000

The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.

Sec. 28. Minnesota Statutes 1990, section 430.102, subdivision 3, is amended to read:

Subd. 3. [ANNUAL IMPROVEMENT ASSESSMENT PROCEDURE; APPEALS.] When the council has acted on the estimate of costs, the city engineer, with the assistance of the city assessor, shall prepare an assessment roll. The roll must list separately the amounts to be specially assessed against benefited and assessable property in the district in proportion to the benefits, descriptions of the property, and the names of the owners of the property to the extent they are available to the engineer. The assessment roll must be filed in the office of the city clerk and be available there for inspection.

The city council shall meet to consider objections to the amounts of special assessments at least ten days after a notice of hearing has been mailed to the named owners of the tracts, parcels, and lots of property proposed to be assessed. The notice must give the time, place, and purpose of the meeting, but may refer to the assessment roll for further particulars. When the city council has approved the amounts of the special assessments in the assessment roll or has changed them, the city clerk shall certify a copy of the assessment roll, with any changes, to the county auditor to be extended on the tax lists of the county. The special assessments must be collected with and in the same manner as other taxes on property for the current year.

Within 20 days after the adoption of the assessment, an aggrieved person may appeal to the district court as provided in section 430.03 except that no commissioners will be appointed to consider the amount of benefits. If the court finds that the assessment is not arbitrary, unreasonable, or made under a demonstrable mistake of fact or erroneous theory of law, it shall confirm the proceedings; if the court finds that the assessment is valid but for the inclusion of one or more items of cost, it shall reduce the assessment by the

amount erroneously included and confirm the assessment as reduced. Otherwise the court shall remand the matter to the city council for reconsideration and reassessment of the benefits after notice and hearing like those for the original assessments under this subdivision. Objections to the assessment are waived unless appealed under this paragraph.

Sec. 29. Minnesota Statutes 1990, section 430.102, subdivision 4, is amended to read:

Sec. 30. Minnesota Statutes 1990, section 473F.01, is amended to read:

473F.01 [PURPOSE; USE OF PROCEEDS.]

Subdivision 1. [PURPOSE.] The legislature finds it desirable to improve the revenue raising and distribution system in the seven county Twin Cities area to accomplish the following objectives:

(1) To provide a way for local governments to share in the resources generated by the growth of the area, without removing any resources which local governments already have;

(2) To increase the likelihood of orderly urban development by reducing the impact of fiscal considerations on the location of business and residential growth and of highways, transit facilities and airports;

(3) To establish incentives for all parts of the area to work for the growth of the area as a whole;

(4) To provide a way whereby the area's resources can be made available within and through the existing system of local governments and local decision making;

(5) To help communities in different stages of development by making resources increasingly available to communities at those early stages of development and redevelopment when financial pressures on them are the greatest; and

(6) To encourage protection of the environment by reducing the impact of fiscal considerations so that flood plains can be protected and land for parks and open space can be preserved; and

(7) ~~To provide for the distribution to municipalities of additional revenues generated within the area or from outside sources pursuant to other legislation.~~

Subd. 2. [USE OF PROCEEDS.] Except as provided in section 473F.08, subdivision 3a, the proceeds from the areawide tax imposed under this chapter must be used by a local governmental unit in the same manner and for the same purposes as the proceeds from other ad valorem taxes levied by the local governmental unit.

Sec. 31. Minnesota Statutes 1990, section 473F.02, subdivision 3, is amended to read:

Subd. 3. "Commercial-industrial property" means the following categories of property, as defined in section 273.13, excluding that portion of such property (1) which may, by law, constitute the tax base for a tax increment pledged pursuant to under section 469.042 or 469.162, certification of which was requested prior to August 1, 1979, to the extent and while such tax increment is so pledged; or (2) ~~which may, by law, constitute the tax base for tax revenues set aside and paid over for credit to a sinking fund pursuant to direction of the city council in accordance with Laws 1963, chapter 881, as amended, to the extent that such revenues are so treated in any year; or~~ (3) which is exempt from taxation pursuant to under section 272.02:

(a) That portion of class 3 property defined in Minnesota Statutes 1971, section 273.13, consisting of stocks of merchandise and furniture and fixtures used therewith; manufacturers' materials and manufactured articles; and tools, implements and machinery, whether fixtures or otherwise.

(b) That portion of class 4 property defined in Minnesota Statutes 1971, section 273.13, which is ~~either used or zoned for use~~ for any commercial or industrial purpose, except for such property which is,

Property shall be considered as used exclusively for residential occupancy only if each of not less than 80 percent of its occupied residential units is, or, in the case of property under construction, will when completed be occupied under an oral or written agreement for occupancy over a continuous period of not less than 30 days.

If the classification of property prescribed by section 273.13 is modified by legislative amendment, the references in this subdivision shall be to such successor class or classes of property, or portions thereof, as embrace the kinds of property designated in this subdivision.

Sec. 32. Minnesota Statutes 1990, section 473F.02, subdivision 8, is amended to read:

Subd. 8. "Municipality" means a city, town, or township located in whole or part within the area, but not the cities of New Prague or Northfield. If a municipality is located partly within and partly without the area, the references in sections 473F.01 to 473F.13 to property or any portion thereof subject to taxation or taxing jurisdiction within the municipality are to such property or portion thereof as is located in that portion of the municipality within the area, except that the fiscal capacity of such a municipality shall be computed upon the basis of the valuation and population of the entire municipality.

A municipality shall be excluded from the area if its municipal comprehensive zoning and planning policies conscientiously exclude most commercial-industrial development, for reasons other than preserving an agricultural use. The metropolitan council and the commissioner of revenue shall jointly make this determination annually and shall notify those municipalities that are ineligible to participate in the tax base sharing program provided in this chapter for the following year.

Sec. 33. Minnesota Statutes 1990, section 473F.02, subdivision 12, is amended to read:

Subd. 12. "Market value" of real and personal property within a municipality means the "~~actual market value~~" assessor's estimated market value of all real and personal property, including the value of manufactured housing, within the municipality, determined in the manner and with respect to the property described for school districts in section 475.53, subdivision 4, except that no adjustment shall be made for property on which taxes are paid into the state treasury under gross earnings tax laws applicable to common carrier railroads. For purposes of sections 473F.01 to 473F.13, the commissioner of revenue shall annually make determinations and

reports with respect to each municipality which are comparable to those it makes for school districts under section 124.2131, subdivision 1, in the same manner and at the same times as are prescribed by the subdivision. The commissioner of revenue shall annually determine, for each municipality, information comparable to that required by section 475.53, subdivision 4, for school districts, as soon as practicable after it becomes available. The commissioner of revenue shall then compute the equalized market value of property within each municipality using the aggregate sales ratios from the department of revenue's sales ratio study.

Sec. 34. Minnesota Statutes 1990, section 473F.02, subdivision 13, is amended to read:

Subd. 13. "Valuation" means the market value of real and personal property within a municipality as defined in subdivision 12.

Sec. 35. Minnesota Statutes 1990, section 473F.05, is amended to read:

473F.05 [GROSS NET TAX CAPACITY YEARS.]

On or before August 5 of each year, the assessors within each county in the area shall determine and certify to the county auditor the gross net tax capacity in that year of commercial-industrial property subject to taxation within each municipality in the county, determined without regard to section 469.177, subdivision 3.

Sec. 36. Minnesota Statutes 1990, section 473F.06, is amended to read:

473F.06 [INCREASE IN GROSS NET TAX CAPACITY.]

On or before July 15 of each year, the auditor of each county in the area shall determine the amount, if any, by which the gross net tax capacity determined in the preceding year pursuant to under section 473F.05, of commercial-industrial property subject to taxation within each municipality in the auditor's county exceeds the gross net tax capacity in 1971 of commercial-industrial property subject to taxation within that municipality. If a municipality is located in two or more counties within the area, the auditors of those counties shall certify the data required by section 473F.05 to the county auditor who is responsible under other provisions of law for allocating the levies of that municipality between or among the affected counties. That county auditor shall determine the amount of the net excess, if any, for the municipality under this section, and certify that amount under section 473F.07. Notwithstanding any other provision of sections 473F.01 to 473F.13 to the contrary, in the case of a municipality which is designated on July 24, 1971, as a redevelopment area pursuant to under section 401(a)(4) of the Public Works

and Economic Development Act of 1965, Public Law Number 89-136, the increase in its gross net tax capacity of commercial-industrial property for purposes of this section shall be determined in each year subsequent to the termination of such designation by using as a base the gross net tax capacity of commercial-industrial property in that municipality in the 1989 assessment year following that in which such designation is terminated, rather than the gross net tax capacity of such property in 1971. The increase in gross total net tax capacity determined by this section shall be reduced by the amount of any decreases in the gross net tax capacity of commercial-industrial property resulting from any court decisions, court related stipulation agreements, or abatements for a prior year, and only in the amount of such decreases made during the 12-month period ending on May 1 of the current assessment year, where such decreases, if originally reflected in the determination of a prior year's gross net tax capacity under section 473F.05, would have resulted in a smaller contribution from the municipality in that year. An adjustment for such decreases shall be made only if the municipality made a contribution in a prior year based on the higher gross net tax capacity of the commercial-industrial property.

Sec. 37. Minnesota Statutes 1990, section 473F.07, is amended to read:

473F.07 [COMPUTATION OF AREAWIDE TAX BASE.]

Subdivision 1. Each county auditor shall certify the determinations ~~pursuant to~~ under sections 473F.05 and 473F.06 to the administrative auditor on or before August 1 of each year.

The administrative auditor shall determine an amount equal to 40 percent of the sum of the amounts certified ~~pursuant to~~ under section 473F.06, and ~~divide that sum by 2-1/2~~. The resulting amount shall be known as the "areawide gross net tax capacity for(year)."

Subd. 2. The commissioner of revenue shall certify to the administrative auditor, on or before August 10 of each year, the population of each municipality for the ~~second~~ preceding year, the proportion of that population which resides within the area, the average fiscal capacity of all municipalities in the area for the preceding year, and the fiscal capacity of each municipality in the area for the preceding year.

Subd. 3. The administrative auditor shall determine, for each municipality, the product of (a) its population, and (b) the proportion which the average fiscal capacity of municipalities for the preceding year bears to the fiscal capacity of that municipality for the preceding year, ~~and (c) two~~. The product shall be the areawide tax base distribution index for that municipality, ~~provided that (a) if the product in the case of any municipality is less than its population,~~

its index shall be increased to its population, and (b). If a municipality is located partly within and partly without the area its index shall be that which is otherwise determined hereunder, multiplied by the proportion which its population residing within the area bears to its total population as of the preceding year.

Subd. 4. The administrative auditor shall determine the proportion which the index of each municipality bears to the sum of the indices of all municipalities and shall then multiply this proportion in the case of each municipality, by the areawide net tax capacity, provided that if the distribution net tax capacity for a municipality is less than 95 percent of the municipality's previous year distribution net tax capacity, and more than ten percent of the municipality's fiscal capacity consists of manufactured home property, the municipality's distribution net tax capacity will be increased to 95 percent of the previous year net tax capacity and the distribution net tax capacity of other municipalities in the area will be proportionately reduced.

Subd. 5. The ~~product~~ result of the ~~multiplication~~ procedure prescribed by subdivision 4 shall be known as the "areawide ~~gross~~ net tax capacity for (year) attributable to (municipality)." The administrative auditor shall certify such product to the auditor of the county in which the municipality is located on or before August 15.

Sec. 38. Minnesota Statutes 1990, section 473F.08, subdivision 2, is amended to read:

Subd. 2. The net tax capacity of a governmental unit is its net tax capacity, as determined in accordance with other provisions of law including section 469.177, subdivision 3, subject to the following adjustments:

(a) There shall be subtracted from its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to 40 percent of the amount certified in that year pursuant to section under sections 473F.06 in respect to that and 473F.07 for the municipality as the total preceding year's net tax capacity of commercial-industrial property which is subject to the taxing jurisdiction of the governmental unit within the municipality, determined without regard to section 469.177, subdivision 3, bears to the total preceding year's net tax capacity of commercial-industrial property within the municipality, determined without regard to section 469.177, subdivision 3;

(b) There shall be added to its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to the areawide net tax capacity for the year attributable to that municipi-

pality as the total preceding year's net tax capacity of residential property which is subject to the taxing jurisdiction of the governmental unit within the municipality bears to the total preceding year's net tax capacity of residential property of the municipality.

Sec. 39. Minnesota Statutes 1990, section 473F.08, subdivision 5, is amended to read:

Subd. 5. On or before August 25 of each year, the county auditor shall certify to the administrative auditor that portion of the levy of each governmental unit determined ~~pursuant to~~ under subdivision 3, clause (a). The administrative auditor shall then determine the areawide tax rate sufficient to yield an amount equal to the sum of such levies from the areawide ~~gross net~~ tax capacity. On or before September 1 of each year, the administrative auditor shall certify the areawide tax rate to each of the county auditors.

Sec. 40. Minnesota Statutes 1990, section 473F.08, subdivision 6, is amended to read:

The tax rate determined in accordance with subdivision 4 shall apply in the taxation of the remainder of the net tax capacity of the item.

Sec. 41. Minnesota Statutes 1990, section 473F.09, is amended to read:

473F.09 [ADJUSTMENTS IN DATES.]

Sec. 42. Minnesota Statutes 1990, section 473F.13, subdivision 1, is amended to read:

The secretary of state shall also certify to the commissioner of revenue the current population of the new, enlarged, or successor municipality, if determined by the Minnesota municipal board incident to consolidation, annexation, or incorporation proceedings. The population so certified shall govern for purposes of sections 473F.01 to 473F.13 until the metropolitan council files its first population estimate as of a later date with the commissioner of revenue. If an annexation of unincorporated land occurs without proceedings before the Minnesota municipal board, the population of the annexing municipality as previously determined shall continue to govern for purposes of sections 473F.01 to 473F.13 until the metropolitan council files its first population estimate as of a later date with the commissioner of revenue.

The excess market value, including value added by the January 2, 1991, assessment, must be entered equally in the next two succeeding 1991 and 1992 assessment years.

(b) This subdivision does not apply to increases in value attributable to improvements made to the real estate since the January 2, 1989, assessment. It does not apply to property becoming subject to taxation since the January 2, 1989, assessment. After the first year, certification that the funds have been spent as required shall be made by the housing and redevelopment authority performing the financial audit or review on the property as required by the regulatory authority. A copy of the certification must be submitted to the assessor by May 30 of each year. If the assessor determines upon review of the certification that the benefit has not inured to the tenants, the property shall be subject to additional property taxes in the amount of triple the difference between the taxes determined in accordance with this subdivision and the amount of tax payable on the property if it were valued according to subdivision 1 and classified according to section 273.13, subdivision 25, paragraph (a) or (b), as appropriate for those years in which the benefit of the tax savings did not inure to the tenants.

Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1991 the class rate applied to class 3 utility real and personal property shall be 5.38 percent; the class rate applied to class 4c property and that portion of class 3 property with an actual net class rate of 2.3 percent shall be 2.4 percent; the class rates applied to class 2a agricultural homestead property excluding the house, garage, and one acre shall be .4 percent for the first \$100,000 of value reduced by the value of the house, garage, and one acre, 1.3 percent for the remaining value of the first 320 acres, and 1.7 percent for the remaining value of any acreage in excess of 320 acres; the class rate applied to class 2b property shall be 1.7 percent; the class rate applied to class 1b property shall be .4 percent; and the class rate for the portion of class 1 property and the house, garage, and one acre portion of class 2a property with a market value in excess of \$100,000 shall be 3.0 percent 1992 the class rate applied to class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; the class rate applied to noncommercial seasonal recreational residential property shall be 2.25 percent; and the class rates for the portion of class 1a and 1b property and class 2a property shall be 2 percent for the market value between \$68,000 and \$110,000 and 2.5 percent for the market value over \$110,000; and for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. The reclassification of fraternity and sorority houses as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991. The addition of class 4e property shall not be considered in determining net tax capacity for aids payable in 1992. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under

section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(i) For purposes of calculating the homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction

factor” is the product of (i) a unique taxing jurisdiction’s 1989 local tax rate; (ii) its total net tax capacity; and (iii) 0.9767.

(j) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, “gross taxes levied on all properties,” “gross taxes,” or “taxes levied” means the total taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties’ assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. “Gross taxes” are before any reduction for disparity reduction aid but “taxes levied” are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

For homestead and agricultural credit aid payable in 1991, “gross taxes” or “gross taxes levied on all properties” shall mean gross taxes payable in 1989, excluding actual amounts levied for the purposes listed in subdivision 2a, multiplied by the cost-of-living adjustment factor and the household adjustment factor.

“Taxes levied” excludes actual amounts levied for purposes listed in subdivision 2a.

(k) “Human services aids” means:

(1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;

(3) general assistance medical care under section 256D.03, subdivision 6;

(4) general assistance under section 256D.03, subdivision 2;

(5) work readiness under section 256D.03, subdivision 2;

(6) emergency assistance under section 256.871, subdivision 6;

(7) Minnesota supplemental aid under section 256D.36, subdivision 1;

(8) preadmission screening and alternative care grants under section 256B.091;

(9) work readiness services under section 256D.051;

(10) case management services under section 256.736, subdivision 13;

(11) general assistance claims processing, medical transportation and related costs; and

(12) medical assistance, medical transportation and related costs.

(l) "Cost-of-living adjustment factor" means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

(p) "Household adjustment factor" means the number of households for the second most recent year preceding that in which the aids are payable divided by the number of households for the third most recent year. The household adjustment factor cannot be less than one.

(q) "Growth adjustment factor" means the household adjustment factor in the case of counties, cities, and towns. In the case of school districts the growth adjustment factor means the average daily membership of the school district under section 124.17, subdivision 2, for the school year ending in the second most recent year preceding that in which the aids are payable divided by the average daily membership for the third most recent year. In the case of special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(r) For aid payable in 1992, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b. For aid payable in 1993, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2, less any reductions in 1992 required under sections 477A.012, subdivision 7; 477A.013, subdivision 9; and 477A.0135, subdivision 2. For aid payable in 1994 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2.

(s) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to equalized school levies as defined in subdivision 2a.

Sec. 2. Minnesota Statutes 1990, section 273.1398, subdivision 3, is amended to read:

Subd. 3. [DISPARITY REDUCTION AID.] (a) For taxes payable in 1990, and subsequent years, the amount of disparity aid originally certified for each unique taxing jurisdiction for taxes payable in the prior year shall be multiplied by the ratio of (1) the jurisdiction's tax capacity using the class rates for taxes payable in the year for which aid is being computed, provided that the class rates for the portion of class 1a and 1b property and class 2a property shall be 2 percent for the market value between \$68,000 and \$110,000 and 2.5 percent for the market value over \$110,000, to (2) its tax capacity using the class rates for taxes payable in the year prior to that for which aid is being computed, both based upon market values for taxes payable in the year prior to that for which aid is being computed. For taxes payable in 1992 and subsequent years, the amount of disparity aid certified to each taxing jurisdiction shall be reduced by any reduction required in 1992 pursuant to sections 477A.012, subdivision 7; 477A.013, subdivision 9; and 477A.0135, subdivision 2.

(b) The disparity reduction aid is allocated to each local govern-

ment levying taxes in the unique taxing jurisdiction in the proportion that the local government's payable gross taxes bears to the total payable gross taxes levied within the unique taxing jurisdiction.

Sec. 3. Minnesota Statutes 1990, section 273.1398, subdivision 5, is amended to read:

Subd. 5. [ADDITIONAL HOMESTEAD AND AGRICULTURAL CREDIT GUARANTEE.] Beginning with taxes payable in 1990, each unique taxing jurisdiction may receive additional homestead and agricultural credit guarantee payments.

(1) Each year, the commissioner shall determine the total education aids paid under chapters 124 and 124A, homestead and agricultural credit aid and disparity reduction aid paid under this section, local government aid to cities, counties, and towns paid under chapter 477A, and human services aids, including for aids paid in 1991 and thereafter, the amount paid under subdivision 5b, paid to counties for each taxing jurisdiction. The commissioner shall apportion each local government's aids to the unique taxing jurisdiction based upon the proportion that the unique taxing jurisdiction's tax capacity bears to the total tax capacity of the local government.

(2) Each year, the commissioner will compute a gross local tax rate for each taxing jurisdiction equal to its total levy divided by its gross tax capacity under Minnesota Statutes 1988, section 273.13. For each unique taxing jurisdiction, a total gross local tax rate will be determined. This total gross local tax rate will be applied against the gross tax capacity of property that would have been eligible for the homestead credit or the agricultural credit for taxes payable in 1989. An estimated credit amount will be determined for all qualifying parcels based upon the credit rate structure in effect for taxes payable in 1989. The resulting credit amounts will be summed for all parcels in the unique taxing jurisdiction.

If the amount determined in clause (2) is greater than the amount determined in clause (1), the difference will be additional homestead and agricultural credit guarantee payments for the unique taxing jurisdiction. The additional credit amount shall proportionately reduce the local tax rates of all local governments levying taxes within the unique taxing jurisdiction in the following year. The commissioner shall certify the amounts of additional credits determined under this subdivision to the county auditor at the time provided in subdivision 6. For aid payable in 1992 and subsequent years, the aid payable under this subdivision shall be reduced by any reduction required in 1992 pursuant to sections 477A.012, subdivision 7; 477A.013, subdivision 9; and 477A.0135, subdivision 2.

Sec. 4. Minnesota Statutes 1990, section 477A.011, subdivision 27, as amended by Laws 1991, chapter 2, article 8, section 2, is amended to read:

Subd. 27. [REVENUE BASE.] "Revenue base" means the amount levied for taxes payable in 1991, including the levy on the fiscal disparity distribution under section 473F.08, subdivision 3, paragraph (a), and before reduction for the homestead and agricultural credit aid under section 273.1398, subdivision 2, equalization aid under section 477A.013, subdivision 5, and disparity reduction aid under section 273.1398, subdivision 3; plus the originally certified local government aid under sections 477A.011; 477A.012, subdivisions 1, and 3, and 6, determined without regard to subdivision 2; and 477A.013, subdivisions 1, subdivision 3, 6, and 7; and the estimated taconite aids used to determine levy limits for taxes payable in 1991 under section 275.51, subdivision 3i.

Sec. 5. Minnesota Statutes 1990, section 477A.011, is amended by adding a subdivision to read:

Subd. 29. [ADJUSTED REVENUE BASE.] "Adjusted revenue base" means revenue base as defined in subdivision 27 less the special levy under section 275.50, subdivision 5, paragraph (a).

Sec. 6. Minnesota Statutes 1990, section 477A.011, is amended by adding a subdivision to read:

Subd. 31. [1992 REDUCTION PERCENTAGE.] "1992 reduction percentage" means the equal percentage reduction in each county, city, and special taxing district adjusted revenue base that is necessary to reduce 1992 aid payments under sections 477A.012, subdivisions 1, 3, and 4; 477A.013, subdivisions 3 and 5; 273.1398, subdivisions 2, 3, and 5, by a combined amount of \$51,000,000. Hospital districts are not considered special taxing districts for purposes of this subdivision.

Sec. 7. Minnesota Statutes 1990, section 477A.012, subdivision 1, as amended by Laws 1991, chapter 2, article 8, section 4, is amended to read:

Subdivision 1. [AID AMOUNT.] In calendar year 1990, each county government shall receive a distribution equal to the aid amount certified for 1987 pursuant to this subdivision. Except as provided in subdivision subdivisions 6 and 7, in calendar year years 1991 and subsequent years 1992, each county government shall receive a distribution equal to the aid amount it received in 1990 under this subdivision less the reduction made under subdivision 5. In calendar year 1993 and subsequent years, each county government shall receive a distribution equal to the aid amount it received under this subdivision in 1992 less the reductions made under subdivision 7.

Sec. 8. Minnesota Statutes 1990, section 477A.012, is amended by adding a subdivision to read:

Subd. 7. [1992 COUNTY AID ADJUSTMENT.] A county's 1992 payment of local government aid, homestead and agricultural credit aid, disparity reduction aid, and additional homestead and agricultural credit guarantee is reduced by the product of its adjusted revenue base and the 1992 reduction percentage. The aid reduction is first applied to a county's local government aid; then, if necessary, its homestead and agricultural credit aid; then, if necessary, its disparity reduction aid; and then, if necessary, its additional homestead and agricultural credit guarantee.

Sec. 9. Minnesota Statutes 1990, section 477A.013, subdivision 3, as amended by Laws 1991, chapter 2, article 8, section 7, is amended to read:

Subd. 3. [CITY AID DISTRIBUTION.] In 1989, a city whose initial aid is greater than \$0 will receive the following aid increases in addition to an amount equal to the local government aid it received in 1988 under Minnesota Statutes 1987 Supplement, section 477A.013:

(1) for a city whose expenditure/unlimited aid ratio is at least 1.5, two percent of city revenue;

(2) for a city whose expenditure/unlimited aid ratio is at least 1.4 but less than 1.5, 2.5 percent of city revenue;

(3) for a city whose expenditure/unlimited aid ratio is at least 1.3 but less than 1.4, three percent of city revenue;

(4) for a city whose expenditure/unlimited aid ratio is at least 1.2 but less than 1.3, four percent of city revenue;

(5) for a city whose expenditure/unlimited aid ratio is at least 1.1 but less than 1.2, five percent of city revenue;

(6) for a city whose expenditure/unlimited aid ratio is at least 1.05 but less than 1.1, six percent of city revenue;

(7) for a city whose expenditure/unlimited aid ratio is at least 1.0 but less than 1.05, seven percent of city revenue;

(8) for a city whose expenditure/unlimited aid ratio is at least .95 but less than 1.0, 7.5 percent of city revenue;

(9) for a city whose expenditure/unlimited aid ratio is at least .75 but less than .95, 8.5 percent of city revenue; and

(10) for a city whose expenditure/unlimited aid ratio is less than .75, nine percent of city revenue.

In 1990, a city whose initial aid is greater than \$0 will receive an amount equal to the aid it received under this section in the year prior to that for which aids are being calculated plus an aid increase equal to 50 percent of the rates listed in clauses (1) to (10) multiplied by city revenue.

In 1991 and ~~subsequent years~~ 1992, a city will receive an amount equal to the local government aid it received under this section in the previous year, except as provided in ~~subdivision~~ subdivisions 8 and 9. In 1993 and subsequent years, a city will receive an amount equal to the local government aid it received under this section in 1992 less the amounts deducted in 1992 under subdivision 9.

A city's aid increase under this subdivision is limited to the lesser of (1) 20 percent of its levy for taxes payable in the year prior to that for which aids are being calculated, or (2) its initial aid amount, or (3) 15 percent of the total local government aid amount received under this section in the previous year, provided that no city will receive an increase that is less than two percent of its 1989 local government aid for aids payable in 1990.

A city whose initial aid is \$0 will receive in 1990 an amount equal to 102 percent of the local government aid it received in 1989 under Minnesota Statutes 1988, section 477A.013. ~~A city whose initial aid is \$0 will receive in 1991 an amount equal to the aid it received in the previous year under this section.~~ For purposes of this subdivision, the term "local government aid" does not include equalization aid amounts under subdivision 5.

Sec. 10. Minnesota Statutes 1990, section 477A.013, is amended by adding a subdivision to read:

Subd. 9. [1992 CITY AID ADJUSTMENT.] A city's or town's 1992 payment of local government aid, equalization aid, homestead and agricultural credit aid, disparity reduction aid, and additional homestead and agricultural credit guarantee is reduced by the product of its adjusted revenue base and the 1992 reduction percentage. The aid reduction is first applied to a city's or town's local government aid; then, if necessary, its equalization aid; then, if necessary, its homestead and agricultural credit aid; then, if necessary, its disparity reduction aid; and then, if necessary, its additional homestead and agricultural credit guarantee.

Sec. 11. Laws 1991, chapter 2, article 8, section 9, is amended to read:

477A.0135 [SPECIAL TAXING DISTRICTS; 1991 AID REDUCTION.]

Subdivision 1. [1991 SPECIAL TAXING DISTRICTS AID ADJUSTMENT.] A special taxing district's July 20, 1991 payment of homestead and agricultural credit aid, and disparity reduction aid is reduced by the product of its revenue base and the reduction percentage, as determined in section 477A.011, subdivision 28. The aid reduction is first applied to a special taxing district's homestead and agricultural credit aid amount in its scheduled July 20, 1991 aid payment. If the aid reduction is greater than the homestead and agricultural credit aid amount in its scheduled July 20, 1991 aid payment, the remaining amount is then applied to the special taxing district's disparity reduction aid. The July 20, 1991 homestead and agricultural credit aid and disparity reduction aid payment to a special taxing district after this reduction cannot be less than \$0.

Subd. 2. [1992 SPECIAL TAXING DISTRICT AID ADJUSTMENT.] The 1992 payment of homestead and agricultural credit aid and disparity reduction aid to each special taxing district, excluding hospital districts, is reduced by the product of its adjusted revenue base and the 1992 reduction percentage. The aid reduction is first applied to a special taxing district's homestead and agricultural credit aid amount. If the aid reduction is greater than the homestead and agricultural credit aid, the remaining amount is then applied to the special taxing district's disparity reduction aid.

Sec. 12. Minnesota Statutes 1990, section 477A.014, subdivision 1, as amended by Laws 1991, chapter 2, article 8, section 10, is amended to read:

[CALCULATIONS AND PAYMENTS.] The commissioner of revenue shall make all necessary calculations and make payments pursuant to sections 477A.012, 477A.013, and 477A.03 directly to the affected taxing authorities annually. In addition, the commissioner shall notify the authorities of their aid amounts, as well as the computational factors used in making the calculations for their authority, and those statewide total figures that are pertinent, before August 15 of the year preceding the aid distribution year, except that for aid payable in 1990 the commissioner of revenue must notify the authorities of their aid amounts as well as the computational factors used in the calculation before October 23, 1989. The commissioner shall reduce the July 20, 1991, payment of local government aid, equalization aid, homestead and agricultural credit aid, and disparity reduction aid to counties, cities, towns, and special taxing districts by a combined amount of \$50,000,000. The commissioner shall reduce the county, city, and special taxing district aids for 1992 and subsequent years as specified in sections 477A.012, subdivision 7; 477A.013, subdivision 9; and 477A.0135, subdivision 2.

ARTICLE 3

LEVY LIMITS

Section 1. Minnesota Statutes 1990, section 275.125, is amended by adding a subdivision to read:

Subd. 6j. [LEVY FOR CRIME RELATED COSTS.] For taxes levied in 1991, payable in 1992 only, each school district may make a levy on all taxable property located within the school district for the purposes specified in this subdivision. The maximum amount which may be levied for all costs under this subdivision shall be equal to \$1 multiplied by the population of the school district. For purposes of this subdivision, "population" of the school district means the same as contained in section 275.14. The proceeds of the levy must be used for reimbursing the cities and counties who contract with the school district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison services in the district's middle and secondary schools, (2) to teach drug abuse resistance education curricula in the elementary schools, and (3) to pay the costs incurred for the salaries and benefits of peace officers and sheriffs whose primary responsibilities are to investigate controlled substance crimes under chapter 152. The school district must initially attempt to contract for these services with the police department of each city or the sheriff department of the county

within the school district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries. The levy authorized under this subdivision is not included in determining the school district's levy limitations and must be disregarded in computing any overall levy limitations under sections 275.50 to 275.56 of the participating cities or counties.

Sec. 2. Minnesota Statutes 1990, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1990 payable in 1991 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) for taxes levied in 1990, payable in 1991 and subsequent years, pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this clause for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in section 273.1398, subdivision 1, paragraph (i) (k), are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, "income maintenance programs" include income maintenance programs in section 273.1398, subdivision 1, paragraph (i) (k), to the extent the county provides benefits under those programs over the statutory mandated standards. Effective with taxes levied in 1990, the portion of this special levy for human service programs identified in section 273.1398, subdivision 1, paragraph (i) (k), is eliminated;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c, or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a

public emergency; and to pay the cost for certificates of indebtedness issued ~~pursuant to~~ under sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission ~~pursuant to~~ under section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

~~(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to~~ under section 270.16;

~~(j) (i) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5, provided that an appeal for the levy under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3;~~

After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year ~~(a)~~. If the county utilizes this special levy, any amount levied by the county in the previous levy year for the purposes specified under this clause and included in the county's previous year's levy limitation computed under section 275.51, shall be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the county's current year levy limitation. (i) The amount levied in the previous levy year for the purposes specified under this clause under the levy limitation in section 275.51 must be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the current year levy limitation.

(ii) The amount levied in the previous levy year, for the purposes specified under clause (a) ~~or (u)~~ must be deducted from the previous year's amount used to calculate the maximum amount allowable under clause (a) in the current levy year; ~~and~~

under this section by the amount determined by the commissioner to have been levied for that purpose, provided that the total adjustment shall not be in excess of three percent of the total expense for income maintenance programs within the county. The commissioner's decision is final.

(b) A governmental subdivision subject to the limitations in this section may appeal to the commissioner of revenue for authorization to levy for the special levies as contained in section 275.50, subdivision 5, clauses (4), (m), and (n) (i), (k), (l), and (m). If the governmental subdivision can provide evidence satisfactory to the commissioner that it incurred costs for the specified purposes of those levies, the commissioner may allow the governmental subdivision to levy under section 275.50, subdivision 5, clause (4), (m), or (n) (i), (k), (l), or (m), by the amount determined by the commissioner. The commissioner's decision is final.

(c) A county may appeal to the commissioner of revenue for an adjustment to its levy limit base for taxes levied in 1989. If the county can provide evidence satisfactory to the commissioner that the percentage adjustments to the costs, fees, or fines described in subdivision 3f, paragraph (c) or (f), do not provide accurate adjustments for that county, the commissioner may permit the county to increase its levy limit base by the amount determined by the commissioner. The commissioner's decision is final.

(d) A county may appeal to the commissioner of revenue for an increase in its levy base for the 12 or 15 percent limit under section 275.50, subdivision 5, clause (u), item (i), for the portion of the amount of its payable 1989 special levy under Minnesota Statutes 1988, section 275.50, subdivision 5, clause (a), for the income maintenance programs that was actually used to finance social services and social services administration subject to the 18 percent limit under Minnesota Statutes 1988, section 275.50, subdivision 5, clause (a), for payable 1989. If the county can provide evidence satisfactory to the commissioner in support of this claim, the commissioner may permit the county to increase its levy base for the 12 or 15 percent limit under section 275.50, subdivision 5, clause (u), item (i), in the amount determined by the commissioner. The commissioner's decision is final.

(e) A county may appeal to the commissioner of revenue for an adjustment in its special levy for 1990 under section 275.50, subdivision 5, clause (u), item (ii), if the difference between the county share of costs not reimbursed by the state or federal government of payments made in 1989 to or on behalf of recipients of aid under any public assistance program authorized by law and the amount levied in 1988 to pay those costs is greater than 30 percent of the 1989 costs. The adjustment may not exceed the amount of the difference between the county share of these costs and the amount levied in 1988 to pay these costs.

If a number of voters in the region equal to five percent of those who voted for candidates for governor at the last gubernatorial election present a petition within nine weeks of the first published notice to the secretary of state requesting that the matter be submitted to popular vote, it shall be submitted at the next general election. The question prepared shall be:

If a majority of those voting on the question approve or if no petition is presented within the prescribed time the authority may levy a tax at any annual rate not exceeding 0.04835 percent of market value of all taxable property situated within the municipality or municipalities named in its organization resolution. Its recording officer shall file in the office of the county auditor of each county in which territory under the jurisdiction of the authority is located a certified copy of the board of commissioners' resolution levying the tax, and each county auditor shall assess and extend upon the tax rolls of each municipality named in the organization resolution the portion of the tax that bears the same ratio to the whole amount that the net tax capacity of taxable property in that municipality bears to the net tax capacity of taxable property in all municipalities named in the organization resolution. Collections of the tax shall be remitted by each county treasurer to the treasurer of the authority. ARTICLE 4

TRUTH IN TAXATION

Section 1. Minnesota Statutes 1990, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver on or before November 10 each year, by first class mail to each taxpayer at the address listed on the county's current year's assess-

ment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year as required in paragraph (d) or (e) and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. ~~It must state the time and place for the continuation of the hearing if the hearing is not completed on the original date.~~

(d) Except as provided in paragraph (e), for taxes levied in 1990 and 1991, the notice must state by county, city or town, and school district:

(1) the total proposed or, for a town, final property tax levy for taxes payable the following year after reduction for state aid;

(2) the percentage increase or decrease from the actual property tax levy for taxes payable in the current year; and

(3) for counties, cities, and towns, the increase or decrease in population from the second previous calendar year to the immediately prior calendar year, and for school districts, the increase or decrease in the number of pupils in average daily membership from the ~~second previous current school year~~ to the immediately prior following school year as determined by the commissioner of education. The data used to determine the increase or decrease in population under this clause must be the data used for purposes of the population adjustment to the levy limit base of the county, city, or town under section 275.51, subdivision 6.

For notices which are not parcel-specific, the notice must also state a total percentage increase or decrease in the proposed levy, relative to the actual property tax levy for taxes payable in the current year for the county, city or town, and school district. The county auditor shall compute the total percentage increase or decrease as an average percentage change weighted in proportion to each taxing jurisdiction's proportion of the total levy.

For purposes of this paragraph, "proposed property taxes after

reduction for state aid" means the taxing authority's levy certified under section 275.07, subdivision 1.

(e) In the case of a county containing a city of the first class, or taxing authority lying wholly within a county or counties containing a city of the first class, for taxes levied in 1991, and thereafter, and for all counties for taxes levied in 1992 and thereafter, the notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(f) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified; and

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified.

(g) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 13 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

ARTICLE 5

INCOME TAX AND FEDERAL UPDATE

Section 1. [268.55] [FOODSHELF ACCOUNT.]

Subdivision 1. [ESTABLISHMENT.] A foodshelf account is established in the state general fund to receive contributions designated on income tax returns and property tax refund forms. The state treasurer shall credit all interest earned on the money to the account.

Subd. 2. [DISTRIBUTION OF MONEY.] The statewide grantee designated by the legislature shall periodically distribute money in the account to qualifying foodshelf programs. A foodshelf program qualifies under this section if it is a nonprofit corporation, or is affiliated with a nonprofit corporation, as defined under section 501(c)(3) of the Internal Revenue Code of 1986, and distributes a standard food order without charge to needy individuals. The standard food order must consist of, at least, a two-day supply or six pounds per person of nutritionally balanced food items. A qualifying foodshelf program may not limit food distributions to individuals of a particular religious affiliation, race, or other criteria unrelated to need or to requirements necessary to administration of a fair and orderly distribution system. A qualifying foodshelf program may not use the money received or the food distribution program to foster or advance religious or political views. A qualifying foodshelf must have a stable address and directly serve individuals in a defined geographic area that is not also served in substantial part by another foodshelf. The statewide grantee shall resolve questions of whether two foodshelves are serving in substantial part the same area.

Subd. 3. [APPLICATION.] In order to receive money from the foodshelf account, a program must apply to the statewide grantee. The application must be in a form prescribed by the statewide grantee and must contain information specified by the statewide grantee to verify that the applicant is a qualifying foodshelf program and the amount the applicant is entitled to receive under subdivision 4. Applications must be filed at the times and for the periods determined by the statewide grantee.

Subd. 4. [DISTRIBUTION FORMULA.] The statewide grantee shall distribute the foodshelf account money to qualifying foodshelf programs either (1) in proportion to the number of individuals served by the program during the prior period of its operation or (2) in proportion to the share of contributions to the foodshelf account

from taxpayers who reside in the geographic service area of the foodshelf. The statewide grantee shall gather data from applications or other appropriate sources to determine the proportionate amount each qualifying program is entitled to receive. The statewide grantee may increase or decrease the qualifying program's proportionate amount if it determines the increase or decrease is necessary or appropriate to meet changing needs or demands.

Subd. 5. [USE OF MONEY.] Money distributed to foodshelf programs under this section must be used to provide client services to needy individuals and families. Qualified expenditures include purchases of food or personal care items, expenditures for vouchers for those items, and expenditures for transportation of food. None of the money expended may be used to pay for other expenses, such as rent, salaries, and other administrative expenses. Recipients must retain records documenting expenditure of the money for a three-year period and comply with any additional requirements imposed by the statewide grantee.

Subd. 6. [ENFORCEMENT.] The statewide grantee may undertake any reasonable actions, including but not limited to on-site inspections and auditing of accounts and records, to ensure that recipients of money under this section comply with the requirements of the law. The statewide grantee may contract with an outside organization to audit or otherwise oversee recipients' use of the money. If ineligible expenditures are made by a recipient, the amount must be repaid to the statewide grantee and deposited in the foodshelf account.

Subd. 7. [APPROPRIATION.] (a) The money deposited in the foodshelf account is appropriated to the commissioner of jobs and training, to be awarded to a statewide grantee designated by the legislature, provided the grantee agrees to comply with the requirements in this section, to be distributed to foodshelf programs under this section and for administration of the distribution. None of the money may be retained by the commissioner for administrative expenses or other purposes.

(b) For each fiscal year, the statewide grantee may estimate the amounts that will be received during the year by the foodshelf account and may distribute the estimated receipts evenly over the fiscal year even though the contributions are not received until the second half of the year.

Sec. 2. Minnesota Statutes 1990, section 270A.03, subdivision 7, is amended to read:

Subd. 7. "Refund" means an individual income tax refund or political contribution refund, pursuant to chapter 290, or a property tax credit or refund, pursuant to chapter 290A.

For purposes of this chapter, lottery prizes, as set forth in section 349A.08, subdivision 8, shall be treated as refunds.

Sec. 3. Minnesota Statutes 1990, section 289A.12, is amended by adding a subdivision to read:

Subd. 14. [REGULATED INVESTMENT COMPANIES; REPORTING EXEMPT-INTEREST DIVIDENDS.] (a) A regulated investment company paying \$10 or more in exempt-interest dividends to an individual who is a resident of Minnesota must make a return indicating the amount of the exempt-interest dividends, the name, address, and social security number of the recipient, and any other information that the commissioner specifies. A copy of the return must be provided to the shareholder and the commissioner no later than 30 days after the close of the taxable year. The copy of the return provided to the shareholder must include a clear statement, in the form prescribed by the commissioner, that the exempt-interest dividends must be included in the computation of Minnesota taxable income. The commissioner may require regulated investment companies with 500 or more Minnesota resident shareholders to file returns on magnetic media in a format and form prescribed by the commissioner.

(b) This subdivision applies to regulated investment companies required to register under chapter 80A.

(c) For purposes of this subdivision, the following definitions apply.

However, if the return shows timely deposits in full payment of the taxes due for that period, the return may be filed on or before the tenth day of the second calendar month following the period. An employer, in preparing a quarterly return, may take credit for monthly deposits previously made for that quarter. Entertainer withholding tax returns are due within 30 days after each performance. Returns for withholding from payments to out-of-state contractors are due within 30 days after the payment to the contractor. Returns for withholding by partnerships are due on or before the due date specified for filing partnership returns. Returns for withholding by ~~small business S~~ corporations are due on or before the due date specified for filing corporate franchise tax returns.

Sec. 5. Minnesota Statutes 1990, section 289A.19, subdivision 1, is amended to read:

Subdivision 1. [~~INDIVIDUAL INCOME, FIDUCIARY INCOME, ENTERTAINMENT TAX, AND INFORMATION RETURNS.]~~ When, in the commissioner's judgment, good cause exists, the commissioner may extend the time for filing ~~individual and~~ fiduciary income tax returns, entertainment tax returns, and information returns for not more than six months. If an extension to file the federal ~~individual or~~ fiduciary income tax return or information return has been granted under section 6081 of the Internal Revenue Code of 1986, as amended through December 31, 1989, the time for filing the state return is extended for that period. The commissioner may require the taxpayer to file a tentative return when the regularly required return is due, and to pay a tax on the basis of the tentative return at the times required for the payment of taxes on the basis of the regularly required return from the taxpayer.

Sec. 6. Minnesota Statutes 1990, section 289A.20, is amended by adding a subdivision to read:

Subd. 5. [~~PAYMENT OF FRANCHISE TAX ON LIFO RECAPTURE.]~~ If a corporation is subject to LIFO recapture under section 1363(d) of the Internal Revenue Code of 1986, as amended through December 31, 1990, any increase in the tax imposed by section 290.06, subdivision 1, by reason of the inclusion of the LIFO recapture amount in its income is payable in four equal installments.

The first installment must be paid on or before the due date, determined without regard to extensions, for filing the return for the first taxable year for which the corporation was subject to the LIFO recapture. The three succeeding installments must be paid on or before the due date, determined without regard to extensions, for filing the corporations's return for the three succeeding taxable years.

For purposes of computing interest on underpayments, the last three installments must not be considered underpayments until after the payment due date specified in this subdivision.

Sec. 7. Minnesota Statutes 1990, section 289A.30, subdivision 1, is amended to read:

Subdivision 1. [~~INDIVIDUAL AND FIDUCIARY INCOME, CORPORATE FRANCHISE TAX.~~] Where good cause exists, the commissioner may extend the time for payment of the amount determined as ~~an individual or a fiduciary income tax or corporate franchise tax~~ by the taxpayer, or an amount determined as a deficiency, for a period of not more than six months from the date prescribed for the payment of the tax.

Sec. 8. Minnesota Statutes 1990, section 289A.38, subdivision 9, is amended to read:

Subd. 9. [REPORT MADE OF CHANGE OR CORRECTION OF FEDERAL RETURN.] If a taxpayer is required to make a report under subdivision 7, and does report the change or files a copy of the amended return, the commissioner may recompute and reassess the tax due, including a refund (1) within one year after the report or amended return is filed with the commissioner, notwithstanding any period of limitations to the contrary, or (2) within any other applicable period stated in this section, whichever period is longer. The period provided for the carryback of any amount of loss or credit is also extended as provided in this subdivision, notwithstanding any law to the contrary. If the commissioner has completed a field audit of the taxpayer, and, but for this subdivision, the commissioner's time period to adjust the tax has expired, the additional tax due or refund is limited to only those changes that are required to be made to the return which relate to the changes made on the federal return. This subdivision does not apply to sales and use tax.

For purposes of this subdivision and section 289A.42, subdivision 2, a "field audit" is the physical presence of examiners in the taxpayer's or taxpayer's representative's office conducting an examination of the taxpayer with the intention of issuing an assessment or notice of change in tax or which results in the issuing of an assessment or notice of change in tax. The examination may include inspecting a taxpayer's place of business, tangible personal property, equipment, computer systems and facilities, pertinent books, records, papers, vouchers, computer printouts, accounts, and documents.

Sec. 9. Minnesota Statutes 1990, section 289A.38, subdivision 10, is amended to read:

Subd. 10. [INCORRECT DETERMINATION OF FEDERAL ADJUSTED GROSS INCOME.] Notwithstanding any other provision of

this chapter, if a taxpayer whose gross net income is determined under section 290.01, ~~subdivisions 20 and 20e~~ subdivision 19, omits from income an amount that will under the Internal Revenue Code of 1986, as amended through December 31, 1989, extend the statute of limitations for the assessment of federal income taxes, or otherwise incorrectly determines the taxpayer's federal adjusted gross income resulting in adjustments by the Internal Revenue Service, then the period of assessment and determination of tax will be that under the Internal Revenue Code of 1986, as amended through December 31, 1989. When a change is made to federal income during the extended time provided under this subdivision, the provisions under subdivisions 7 to 9 regarding additional extensions apply.

Sec. 10. Minnesota Statutes 1990, section 289A.42, subdivision 2, is amended to read:

Subd. 2. [FEDERAL EXTENSIONS.] ~~When a taxpayer who~~ consents to an extension of time for the assessment of federal income taxes ~~must notify the commissioner within 90 days of the execution of the consent,~~ the period in which the commissioner may recompute the tax is also extended, notwithstanding any period of limitations to the contrary, as follows:

(1) for the periods provided in section 289A.38, subdivisions 8 and 9;

(2) for six months following the expiration of the extended federal period of limitations when no change is made by the federal authority. If no change is made by the federal authority, and, but for this subdivision, the commissioner's time period to adjust the tax has expired, and if the commissioner has completed a field audit of the taxpayer, no additional changes resulting in additional tax due or a refund may be made. For purposes of this subdivision, "field audit" has the meaning given it in section 289A.38, subdivision 9.

Sec. 11. Minnesota Statutes 1990, section 289A.50, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RIGHT TO REFUND.] (a) Subject to the requirements of this section and section 289A.40, a taxpayer who has paid a tax in excess of the taxes lawfully due and who files a written claim for refund will be refunded or credited the overpayment of the tax determined by the commissioner to be erroneously paid.

(b) The claim must specify the name of the taxpayer, the date when and the period for which the tax was paid, the kind of tax paid, the amount of the tax that the taxpayer claims was erroneously paid, the grounds on which a refund is claimed, and other information relative to the payment and in the form required by the commissioner. An income tax, estate tax, or corporate franchise tax

return, or amended return claiming an overpayment constitutes a claim for refund.

(c) When, in the course of an examination, and within the time for requesting a refund, the commissioner determines that there has been an overpayment of tax, the commissioner shall refund or credit the overpayment to the taxpayer and no demand is necessary. If the overpayment exceeds \$1, the amount of the overpayment must be refunded to the taxpayer. If the amount of the overpayment is less than \$1, the commissioner is not required to refund. In these situations, the commissioner does not have to make written findings or serve notice by mail to the taxpayer.

(d) If the amount allowable as a credit for withholding or, estimated taxes, or dependent care exceeds the tax against which the credit is allowable, the amount of the excess is considered an overpayment. The refund allowed by section 290.06, subdivision 23, is also considered an overpayment.

(e) If the entertainment tax withheld at the source exceeds by \$1 or more the taxes, penalties, and interest reported in the return of the entertainment entity or imposed by section 290.9201, the excess must be refunded to the entertainment entity. If the excess is less than \$1, the commissioner need not refund that amount.

(f) If the surety deposit required for a construction contract exceeds the liability of the out-of-state contractor, the commissioner shall refund the difference to the contractor.

(g) An action of the commissioner in refunding the amount of the overpayment does not constitute a determination of the correctness of the return of the taxpayer.

(h) There is appropriated from the general fund to the commissioner of revenue the amount necessary to pay refunds allowed under this section.

Sec. 12. Minnesota Statutes 1990, section 289A.60, subdivision 2, is amended to read:

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return other than an income tax return of an individual, within the time prescribed or an extension, a penalty is added to the tax. The penalty is three percent of the amount of tax not paid on or before the date prescribed for payment of the tax including any extensions if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate.

If a taxpayer fails to file a return, other than an income tax return of an individual, within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must not be less than the lesser of: (1) \$200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) \$50.

If a taxpayer fails to file an individual income tax return within six months after the date prescribed for filing of the return, a penalty of ten percent of the amount of tax not paid by the end of that six-month period is added to the tax.

Sec. 13. Minnesota Statutes 1990, section 289A.60, subdivision 12, is amended to read:

Subd. 12. [PENALTIES RELATING TO PROPERTY TAX REFUNDS.] (a) If the commissioner determines that a property tax refund claim is or was excessive and was filed with fraudulent intent, the claim must be disallowed in full. If the claim has been paid, the amount disallowed may be recovered by assessment and collection.

(b) If it is determined that a property tax refund claim is excessive and was negligently prepared, ten percent of the corrected claim must be disallowed. If the claim has been paid, the amount disallowed must be recovered by assessment and collection.

(c) An owner or managing agent who knowingly fails to give a certificate of rent constituting property tax to a renter, as required by section 290A.19, paragraph (a), is liable to the commissioner for a penalty of \$100 for each failure.

(d) If the owner or managing agent knowingly gives rent certificates that report total rent constituting property taxes in excess of the amount of actual rent constituting property taxes paid on the rented part of a property, the owner or managing agent is liable for a penalty equal to the greater of (1) \$100 or (2) 50 percent of the excess that is reported. An overstatement of rent constituting property taxes is presumed to be knowingly made if it exceeds by ten percent or more the actual rent constituting property taxes.

(e) A claim filed after the original or extended due date will be reduced by five percent of the amount otherwise allowable, plus an additional five percent for each month of delinquency, not exceeding a total reduction of 25 percent, which may be canceled or reduced by the commissioner if the delinquency is due to reasonable cause. In any event, No claim is allowed if the initial claim is filed more than one year after the original due date for filing the claim.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal

adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, ~~1989~~ 1990, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

(f) For taxable years 1991 and 1992, the tax determined under paragraphs (a) through (c) is increased by four percent of

(1) the reduction in itemized deductions under section 68 of the Internal Revenue Code of 1986, as amended through December 31, 1990, and

(2) the reduction in the taxpayer's personal and dependent exemption amounts under section 151(d) of the Internal Revenue Code of 1986, as amended through December 31, 1991.

Sec. 18. Minnesota Statutes 1990, section 290.06, subdivision 2d, is amended to read:

Subd. 2d. [INFLATION ADJUSTMENT OF BRACKETS.] (a) For taxable years beginning after December 31, ~~1990~~ 1991, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, ~~1987~~ 1990, and before January 1, ~~1991~~ 1992. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest \$10 amount. If the rate bracket ends in \$5, it must be rounded up to the nearest \$10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as amended through December 31, ~~1989~~ 1990, except that in section 1(f)(3)(B) the word "~~1989~~" "1990" shall be substituted for the word "1987." For 1991, the commissioner shall then determine the percent change from the 12 months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31, ~~1990~~ 1991, and in each subsequent year, from the 12

months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the administrative procedure act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

Sec. 19. Minnesota Statutes 1990, section 290.06, subdivision 22, is amended to read:

Subd. 22. [CREDIT FOR TAXES PAID TO ANOTHER STATE.] (a) A taxpayer who is liable for taxes on or measured by net income to another state or province or territory of Canada, as provided in paragraphs (b) through (f), upon income allocated or apportioned to Minnesota, is entitled to a credit for the tax paid to another state or province or territory of Canada if the tax is actually paid in the taxable year or a subsequent taxable year. A taxpayer who is a resident of this state pursuant to section 290.01, subdivision 7, clause (2), and who is subject to income tax as a resident in the state of the individual's domicile is not allowed this credit unless the state of domicile does not allow a similar credit.

(b) For an individual, estate, or trust, the credit is determined by multiplying the tax payable under this chapter by the ratio derived by dividing the income subject to tax in the other state or province or territory of Canada that is also subject to tax in Minnesota while a resident of Minnesota by the taxpayer's federal adjusted gross income, as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, modified by the addition required by section 290.01, subdivision 19a, clause (1), and the subtraction allowed by section 290.01, subdivision 19b, clause (1), to the extent the income is allocated or assigned to Minnesota under sections 290.081 and 290.17.

(c) If the taxpayer is an athletic team that apportions all of its income under section 290.17, subdivision 5, paragraph (c), the credit is determined by multiplying the tax payable under this chapter by the ratio derived from dividing the total net income subject to tax in the other state or province or territory of Canada by the taxpayer's Minnesota taxable income.

(d) The credit determined under paragraph (b) or (c) shall not exceed the amount of tax so paid to the other state or province or territory of Canada on the gross income earned within the other state or province or territory of Canada subject to tax under this chapter, nor shall the allowance of the credit reduce the taxes paid under this chapter to an amount less than what would be assessed if such income amount was excluded from taxable net income.

(e) In the case of the tax assessed on a lump sum distribution under section 290.032, the credit allowed under paragraph (a) is the tax assessed by the other state or province or territory of Canada on the lump sum distribution that is also subject to tax under section 290.032, and shall not exceed the tax assessed under section 290.032. To the extent the total lump sum distribution defined in section 290.032, subdivision 1, includes lump sum distributions received in prior years or is all or in part an annuity contract, the reduction to the tax on the lump sum distribution allowed under section 290.032, subdivision 2, includes tax paid to another state that is properly apportioned to that distribution.

(f) If a Minnesota resident reported an item of income to Minnesota and is assessed tax in such other state or province or territory of Canada on that same income after the Minnesota statute of limitations has expired, the taxpayer shall receive a credit for that year under paragraph (a), notwithstanding any statute of limitations to the contrary. The claim for the credit must be submitted within one year from the date the taxes were paid to the other state or province or territory of Canada. The taxpayer must submit sufficient proof to show entitlement to a credit.

(g) For the purposes of this subdivision, a resident shareholder of a corporation having a valid election in effect under section 1362 of the Internal Revenue Code of 1986, as amended through December 31, 1990, must be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state that does not measure the income of the shareholder of the S corporation by reference to the income of the S corporation. For the purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.

Sec. 20. Minnesota Statutes 1990, section 290.06, subdivision 23, is amended to read:

Subd. 23. [CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.] (a) A taxpayer may claim a credit refund equal to the amount of the taxpayer's contributions made in the calendar year to candidates and to any political party. The maximum credit refund for an individual must not exceed \$50 and, for a married couple filing jointly, must not exceed \$100. A credit for refund of a contribution is allowed only if the taxpayer files a form required by the commissioner and attaches to the form a copy of an official credit refund receipt form issued by the candidate or party. A claim must be filed with the commissioner not sooner than September 1 of the calendar year in which the contribution is made and no later than April 15 of the calendar year following the calendar year in which the contribution is made. A taxpayer may file only one claim per calendar year. Amounts paid by the commissioner after June 15 of the calendar year following the calendar year in which the contri-

bution is made must include interest at the rate specified in section 270.76.

(b) No credit refund is allowed under this subdivision for a contribution to any candidate who has not signed an agreement to limit campaign expenditures as provided in section 10A.322, or 10A.43, and for whom voluntary spending limits are specified in section 10A.25 or 10A.43. This subdivision does not limit the campaign expenditure of a candidate who does not sign an agreement but accepts a contribution for which the contributor improperly claims a credit refund.

(c) For purposes of this subdivision, "political party" means a major political party as defined in section 200.02, subdivision 7, or a minor political party qualifying for inclusion on the income tax or property tax refund form under section 10A.31, subdivision 3a. A "major or minor party" includes the aggregate of the party organization within each house of the legislature, the state party organization, and the party organization within congressional districts, counties, legislative districts, municipalities, and precincts. "Candidate" means a candidate as defined in section 10A.01, subdivision 5, but does not include a candidate for judicial office. Beginning January 1, 1991, "candidate" also means a candidate for the United States Senate or United States House of Representatives from Minnesota. "Contribution" means a gift of money.

~~(d) The commissioner shall include a copy of the credit form with the instructions for the long and short individual taxation forms. The commissioner shall make copies of the form available to the public and candidates upon request.~~

(e) The following data collected or maintained by the commissioner under this subdivision are private: the identities of individuals claiming a credit refund, the identities of candidates to whom those individuals have made contributions, and the amount of each contribution.

(f) The amount necessary to pay claims for the credit refund provided in this section is appropriated from the general fund to the commissioner of revenue.

Sec. 21. Minnesota Statutes 1990, section 290.06, is amended by adding a subdivision to read:

Subd. 24. [MILITARY PAY CREDIT.] An individual is allowed a credit against the tax imposed under subdivision 2c equal to ten percent of the amount of the taxpayer's compensation for service in the armed forces of the United States or the United Nations. The maximum amount of this credit is the lesser of \$100 or the taxpayer's liability for tax under subdivision 2c. Compensation does not include a pension, retired pay, or similar income.

Sec. 22. Minnesota Statutes 1990, section 290.067, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF CREDIT.] A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2 except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer, and the provisions of section 32(b)(1)(D) of the Internal Revenue Code of 1986, as amended through December 31, 1990 do not apply.

If a child who is six years of age or less at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but not older than six years of age at the close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care. These deemed amounts apply regardless of whether any employment-related expenses have been paid.

If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident, part-year resident, or a person whose tax is computed under section 290.06, subdivision 2c, paragraph (f) who has earned income not subject to tax under this chapter, the credit determined under section 21 of the Internal Revenue Code

must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

Sec. 23. Minnesota Statutes 1990, section 290.067, subdivision 2a, is amended to read:

Subd. 2a. [INCOME.] (a) For purposes of this section, "income" means the sum of the following:

(1) ~~the greater of federal adjusted gross income as defined in section 62 of the Internal Revenue Code or zero;~~ and

(2) the sum of the following amounts to the extent not included in clause (1):

(i) all nontaxable income;

(ii) the amount of a passive activity loss that is not disallowed as a result of section 469, paragraph (i) or ~~(l)~~ (m) of the Internal Revenue Code and the amount of passive activity loss carryover allowed under section 469(b) of the Internal Revenue Code;

(iii) an amount equal to the total of any discharge of qualified farm indebtedness of a solvent individual excluded from gross income under section 108(g) of the Internal Revenue Code;

(iv) cash public assistance and relief;

(v) any pension or annuity (including railroad retirement benefits, all payments received under the federal Social Security Act, supplemental security income, and veterans benefits), which was not exclusively funded by the claimant or spouse, or which was funded exclusively by the claimant or spouse and which funding payments were excluded from federal adjusted gross income in the years when the payments were made;

(vi) interest received from the federal or a state government or any instrumentality or political subdivision thereof;

(vii) workers' compensation;

(viii) nontaxable strike benefits;

(ix) the gross amounts of payments received in the nature of disability income or sick pay as a result of accident, sickness, or other disability, whether funded through insurance or otherwise;

(x) ~~the ordinary income portion of a lump sum distribution under section 402(e)(3) of the Internal Revenue Code; and~~

(xi) contributions made by the claimant to an individual retirement account, including a qualified voluntary employee contribution; simplified employee pension plan; self-employed retirement plan; cash or deferred arrangement plan under section 401(k) of the Internal Revenue Code; or deferred compensation plan under section 457 of the Internal Revenue Code; and

(xii) nontaxable scholarship or fellowship grants.

In the case of an individual who files an income tax return on a fiscal year basis, the term "federal adjusted gross income" means federal adjusted gross income reflected in the fiscal year ending in the next calendar year. Federal adjusted gross income may not be reduced by the amount of a net operating loss carryback or carryforward or a capital loss carryback or carryforward allowed for the year.

(b) "Income" does not include:

(1) amounts excluded pursuant to the Internal Revenue Code, sections 101(a), 102, and 121;

(2) amounts of any pension or annuity that were exclusively funded by the claimant or spouse if the funding payments were not excluded from federal adjusted gross income in the years when the payments were made;

(c) surplus food or other relief in kind supplied by a governmental agency;

(d) relief granted under chapter 290A; and

(e) child support payments received under a temporary or final decree of dissolution or legal separation.

Sec. 24. Minnesota Statutes 1990, section 290.0802, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) "Adjusted gross income" means federal adjusted gross income as used in section 22(d) of the Internal Revenue Code for the taxable year, plus the ordinary income portion of a lump sum distribution as defined in section 402(e)(3) of the Internal Revenue Code, and less any pension, annuity, or disability benefits paid under the Railroad Retirement Act of 1974 that are included in federal gross income but

are not subject to state taxation other than the subtraction allowed under section 290.01, subdivision 19b, clause (4).

(b) "Disability income" means disability income as defined in section 22(c)(2)(B)(iii) of the Internal Revenue Code.

(c) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through December 31, 1989.

(d) "Nontaxable retirement and disability benefits" means the amount of pension, annuity, or disability benefits that would be included in the reduction under section 22(c)(3) of the Internal Revenue Code and pension, annuity, or disability benefits ~~paid under the Railroad Retirement Act of 1974 that~~ **are included in federal gross income but are not subject to state taxation other than the subtraction allowed under section 290.01, subdivision 19b, clause (4).**

(e) "Qualified individual" means a qualified individual as defined in section 22(b) of the Internal Revenue Code.

Sec. 25. Minnesota Statutes 1990, section 290.0802, subdivision 2, is amended to read:

Subd. 2. [SUBTRACTION.] (a) A qualified individual is allowed a subtraction from federal taxable income for the individual's subtraction base amount. The excess of the subtraction base amount over the taxable net income computed without regard to the subtraction for the elderly or disabled under section 290.01, subdivision 19b, clause (5), may be used to reduce the amount of a lump sum distribution subject to tax under section 290.032.

(b)(1) The initial subtraction base amount equals

(i) ~~\$10,000~~ \$12,000 for a married taxpayer filing a joint return if a spouse is a qualified individual,

(ii) ~~\$8,000~~ \$9,600 for a single taxpayer, and

(iii) ~~\$5,000~~ \$6,000 for a married taxpayer filing a separate federal return.

(2) The qualified individual's initial subtraction base amount, then, must be reduced by the sum of nontaxable retirement and disability benefits and one-half of the amount of adjusted gross income in excess of the following thresholds:

(i) ~~\$15,000~~ \$18,000 for a married taxpayer filing a joint return if both spouses are qualified individuals,

(ii) ~~\$12,000~~ \$14,500 for a single taxpayer or for a married couple filing a joint return if only one spouse is a qualified individual, and

(iii) ~~\$7,500~~ \$9,000 for a married taxpayer filing a separate federal return.

(3) In the case of a qualified individual who is under the age of 65, the maximum amount of the subtraction base may not exceed the taxpayer's disability income.

(4) The resulting amount is the subtraction base amount.

Sec. 26. Minnesota Statutes 1990, section 290.091, subdivision 1, is amended to read:

Subdivision 1. [IMPOSITION OF TAX.] In addition to all other taxes imposed by this chapter a tax is imposed on individuals, estates, and trusts equal to the excess (if any) of

(a) an amount equal to ~~six~~ seven percent of alternative minimum taxable income after subtracting the exemption amount, over

(b) the regular tax for the taxable year.

Sec. 27. Minnesota Statutes 1990, section 290.091, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:

(a) "Alternative minimum taxable income" means the sum of the following for the taxable year:

(1) the taxpayer's federal alternative minimum taxable income as defined in section 55(b)(2) of the Internal Revenue Code;

(2) the taxpayer's itemized deductions allowed in computing federal alternative minimum taxable income; but excluding the Minnesota charitable contribution deduction and non-Minnesota charitable deductions to the extent they are included in federal alternative minimum taxable income under section 57(a)(6) of the Internal Revenue Code;

(3) to the extent not included in federal alternative minimum taxable income, the amount of interest income as provided by section 290.01, subdivision 19a, clause (1); less the sum of

(i) interest income as defined in section 290.01, subdivision 19b, clause (1);

(ii) an overpayment of state income tax as provided by section 290.01, subdivision 19b, clause (2); and

(iii) the amount of investment interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed net investment income, as defined in section 163(d)(4) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income.

In the case of an estate or trust, alternative minimum taxable income must be computed as provided in section 59(c) of the Internal Revenue Code.

(b) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through December 31, 1989.

(c) "Investment interest" means investment interest as defined in section 163(d)(3) of the Internal Revenue Code.

(d) "Tentative minimum tax" equals six percent of alternative minimum taxable income after subtracting the exemption amount determined under subdivision 3.

(e) "Regular tax" means the tax that would be imposed under this chapter (without regard to this section and section 290.032), reduced by the sum of the nonrefundable credits allowed under this chapter.

(f) "Net minimum tax" means the minimum tax imposed by this section.

(g) "Minnesota charitable contribution deduction" means a charitable contribution deduction under section 170 of the Internal Revenue Code to or for the use of an entity described in section 290.21, subdivision 3, clauses (a) to (e).

Sec. 28. Minnesota Statutes 1990, section 290.0922, is amended by adding a subdivision to read:

Subd. 4. [PARTNER'S PRO RATA SHARE.] For the purposes of this section, a partner's pro rata share of a partnership's property, payroll, and sales or receipts is not included in the property, payroll, and sales or receipts of the partner.

Sec. 29. Minnesota Statutes 1990, section 290.17, subdivision 1, is amended to read:

Subdivision 1. [SCOPE OF ALLOCATION RULES.] (a) The income of resident individuals is not subject to allocation outside this state. The allocation rules apply to nonresident individuals, estates, trusts, nonresident partners of partnerships, nonresident sharehold-

ers of corporations having a valid election in effect under section 1362 of the Internal Revenue Code of 1986, as amended through December 31, 1989, and all corporations not having such an election in effect. If a partnership or corporation would not otherwise be subject to the allocation rules, but conducts a trade or business that is part of a unitary business involving another legal entity that is subject to the allocation rules, the partnership or corporation is subject to the allocation rules.

(b) Expenses, losses, and other deductions (referred to collectively in this paragraph as "deductions") must be allocated along with the item or class of gross income to which they are definitely related for purposes of assignment under this section or apportionment under section 290.191, 290.20, 290.35, or 290.36. Deductions not definitely related to any item or class of gross income are assigned to the taxpayer's domicile.

(c) The application of the allocation rules as they apply to income, gains, losses, deductions, or credits of (1) a partner's distributable share from a partnership under section 290.31, subdivision 4; (2) a shareholder's distributable share from an S corporation provided in section 1366 of the Internal Revenue Code of 1986, as amended through December 31, 1989; (3) a beneficiary's distributable share from an estate or trust as provided in section 290.23, subdivision 9; or (4) the shareholders of regulated investment companies, real estate investment trusts, and real estate mortgage investment conduits as provided in subchapter M of the Internal Revenue Code of 1986, as amended through December 31, 1989, shall be determined by the resident status of the partner, beneficiary, or shareholder at the end of the taxable year of the partnership, estate or trust, or corporation. In the case of an individual who is a resident for only part of a taxable year, the individual's income, gains, losses, and deductions from the distributive share of a partnership, S corporation, trust, or estate are not subject to allocation outside this state to the extent of the distributive share multiplied by a ratio, the numerator of which is the number of days the individual was a resident of this state during the tax year of the partnership, S corporation, trust, or estate, and the denominator of which is the number of days in the taxable year of the partnership, S corporation, trust, or estate.

Sec. 30. Minnesota Statutes 1990, section 290.17, subdivision 2, is amended to read:

Subd. 2. [INCOME NOT DERIVED FROM CONDUCT OF A TRADE OR BUSINESS.] The income of a taxpayer subject to the allocation rules that is not derived from the conduct of a trade or business must be assigned in accordance with paragraphs (a) to (f):

(a)(1) Subject to paragraphs (a)(2) and (a)(3), income from labor or personal or professional services is assigned to this state if, and to

the extent that, the labor or services are performed within it; all other income from such sources is treated as income from sources without this state.

Severance pay shall be considered income from labor or personal or professional services.

(2) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner:

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota; and

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete or entertainer not listed in clause (i), for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(3) For purposes of this section, amounts received by a nonresident from the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions, or a Minnesota volunteer firefighters' relief association, by way of payment as a pension, public employee retirement benefit, or any combination of these, or as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 408, or 409, or as defined in section 403(b) or 457 of the Internal Revenue Code of 1986, as amended through December 31, 1989, are not considered income derived from carrying on a trade or business or from performing personal or professional services in Minnesota, and are not taxable under this chapter.

(b) Income or gains from tangible property located in this state that is not employed in the business of the recipient of the income or gains must be assigned to this state.

(c) Except upon the sale of a partnership interest or the sale of stock of an S corporation, income or gains from intangible personal property not employed in the business of the recipient of the income or gains must be assigned to this state if the recipient of the income or gains is a resident of this state or is a resident trust or estate.

Gain on the sale of a partnership interest is allocable to this state

in the ratio of the original cost of partnership tangible property in this state to the original cost of partnership tangible property everywhere, determined at the time of the sale. If more than 50 percent of the value of the partnership's assets consists of intangibles, gain or loss from the sale of the partnership interest is allocated to this state in accordance with the sales factor of the partnership for its first full tax period immediately preceding the tax period of the partnership during which the partnership interest was sold.

~~Gain on the sale of stock held in an S corporation is allocable to this state in an amount equal to the gain on the sale of the stock multiplied by the ratio that was used to compute the amount of S corporation income assignable to Minnesota in the tax year preceding the year of sale.~~

Gain on the sale of goodwill or income from a covenant not to compete that is connected with a business operating all or partially in Minnesota is allocated to this state to the extent that the income from the business in the year preceding the year of sale was assignable to Minnesota under subdivision 3.

(d) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state.

(e) Income from winnings on Minnesota pari-mutuel betting tickets, the Minnesota state lottery, and lawful gambling as defined in section 349.12, subdivision 24, conducted within the boundaries of the state of Minnesota shall be assigned to this state.

(f) All items of gross income not covered in paragraphs (a) to (e) and not part of the taxpayer's income from a trade or business shall be assigned to the taxpayer's domicile.

Sec. 31. Minnesota Statutes 1990, section 290.431, is amended to read:

290.431 [NONGAME WILDLIFE CHECKOFF AND FOOD-SHELF CHECKOFFS.]

Subdivision 1. [CHECKOFF AUTHORIZED.] Every individual who files an income tax return or property tax refund claim form may designate on their original return that \$1 or more shall be added to the tax or deducted from the refund that would otherwise be payable by or to that individual and paid either into an account to be established for the management of nongame wildlife or into the foodshelf account, or both. The commissioner of revenue shall, on the income tax return and the property tax refund claim form, notify filers of their right to designate that a portion of their tax or refund

shall be paid into either the nongame wildlife management account or the foodshelf account, or both.

Subd. 2. [DEPOSIT OF MONEY.] The sum of the amounts so designated to be paid shall be credited to the nongame wildlife management account for use by the nongame program of the section of wildlife in the department of natural resources and to the foodshelf account established under section 1.

Subd. 3. [NONGAME WILDLIFE ACCOUNT.] All interest earned on money accrued in the nongame wildlife management account shall be credited to the account by the state treasurer. The commissioner of natural resources shall submit a work program for each fiscal year and semiannual progress reports to the legislative commission on Minnesota resources in the form determined by the commission. None of the money provided in this section may be expended unless the commission has approved the work program.

Subd. 4. [STATE PLEDGE.] The state pledges and agrees with all contributors to the nongame wildlife management account to use the funds contributed solely for the management of nongame wildlife projects and further agrees that it will not impose additional conditions or restrictions that will limit or otherwise restrict the ability of the commissioner of natural resources to use the available funds for the most efficient and effective management of nongame wildlife.

The state further pledges that all money given to the foodshelf programs will be used for foodshelf programs for needy people in Minnesota.

Subd. 5. [INFORMATION ON SOURCE.] The commissioner shall annually report to the designated statewide grantee the amount of the contributions to that account designated on the tax returns of residents of each county.

Subd. 6. [LIMITATIONS ON CHECKOFFS.] (a) No more than two tax checkoffs may be included on income tax returns and property tax refund forms for any taxable year.

In the case of an unregulated financial institution subject to this section, these receipts are apportioned to this state based on the ratio that its gross business income, excluding such receipts, earned from sources within this state bears to gross business income, excluding such receipts, earned from sources within all states. Subd. 8. [DEPOSIT; DEFINITION.] (a) "Deposit," as used in subdivision 7, has the meanings in this subdivision.

(b) "Deposit" means the unpaid balance of money or its equivalent

received or held by a financial institution in the usual course of business and for which it has given or is obligated to give credit, either conditionally or unconditionally, to a commercial, checking, savings, time, or thrift account whether or not advance notice is required to withdraw the credited funds, or which is evidenced by its certificate of deposit, thrift certificate, investment certificate, or certificate of indebtedness, or other similar name, or a check or draft drawn against a deposit account and certified by the financial institution, or a letter of credit or a traveler's check on which the financial institution is primarily liable. However, without limiting the generality of the term "money or its equivalent," any such account or instrument must be regarded as evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining the credit or instrument is primarily or secondarily liable, or for a charge against a deposit account, or in settlement of checks, drafts, or other instruments forwarded to the bank for collection.

(c) "Deposit" means trust funds received or held by the financial institution, whether held in the trust department or held or deposited in any other department of the financial institution.

(d) "Deposit" means money received or held by a financial institution, or the credit given for money or its equivalent received or held by a financial institution, in the usual course of business for a special or specific purpose, regardless of the legal relationship so established. Under this paragraph, "deposit" includes, but is not limited to, escrow funds, funds held as security for an obligation due to the financial institution or others, including funds held as dealers reserves, or for securities loaned by the bank financial institution, funds deposited by a debtor to meet maturing obligations, funds deposited as advance payment on subscriptions to United States government securities, funds held for distribution or purchase of securities, funds held to meet its acceptances or letters of credit, and withheld taxes. It does not include funds received by the financial institution for immediate application to the reduction of an indebtedness to the receiving financial institution, or under condition that the receipt of the funds immediately reduces or extinguishes the indebtedness.

(e) "Deposit" means outstanding drafts, including advice or another such institution, cashier's checks, money orders, or other *officer's checks issued* in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial institution itself.

Sec. 19. Minnesota Statutes 1990, section 290.191, subdivision 11, is amended to read:

merchant are attributed to the state in which the merchant is located. In the case of merchants located within and without the state, only receivables from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Assets in the nature of securities and money market instruments are apportioned to this state based upon the ratio that total deposits from this state, its residents, its political subdivisions, agencies and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies and instrumentalities. In the case of an unregulated financial institution, the assets are apportioned to this state based upon the ratio that its gross business income earned from sources within this state bears to gross business income earned from sources within all states. For purposes of this subsection, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities are attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

Property seized under this subdivision is subject to forfeiture as provided in subdivisions 2 and 3.

Subd. 2. [INVENTORY.] Within two days after the seizure of gasoline or special fuel, the person making the seizure shall deliver an inventory of the property seized to the person from whom the seizure was made, if known, and file a copy with the office of the commissioner. Within ten days after the date of service of the inventory, the person from whom the property was seized or any person claiming an interest in the property may file with the commissioner a demand for a judicial determination of whether the property was lawfully subject to seizure and forfeiture. The commissioner, within 30 days of demand for a judicial determination, shall begin an action in the district court of the county where the seizure was made to determine the issue of forfeiture. The action must be brought in the name of the state and prosecuted by the county attorney or by the attorney general. The court shall hear the action without a jury and shall try and determine the issues of fact and law involved. When a judgment of forfeiture is entered, the commissioner may, unless the judgment is stayed pending an appeal, either (1) cause the forfeited property to be destroyed; or (2) cause it to be sold at public auction as provided by law. Proceeds of a sale, after deducting the expense of keeping the gasoline or special fuel and costs of the sale, must be paid into the state treasury. The commissioner shall reimburse designees for costs incurred. If a demand for judicial determination is made and no action is commenced as provided in this subdivision, the property must be released by the commissioner and redelivered to the person entitled to it. If no demand is made, the property seized must be considered forfeited to the state by operation of law and may be disposed of by the commissioner as provided where there has been a judgment of forfeiture. When the commissioner is satisfied that a person from whom property is seized under this chapter was acting in good faith and without intent to evade the tax, the commissioner shall release the property seized, without further legal proceedings.

Subd. 3. [CONVEYANCES.] (a) The commissioner or authorized designees shall file with the court a separate complaint against the vehicle or conveyance, describing it and charging its use in the specified violation, and specifying substantially the time and place of the unlawful use. A copy of the complaint must be served on the defendant or person in charge of the vehicle or conveyance at the time of seizure, if any. The court shall issue an order directed to any person known or believed to have a right or title to, interest in, or lien on the vehicle or conveyance and to persons unknown claiming a right, title, interest, or lien:

(1) describing the vehicle or conveyance and stating that it was seized and that a complaint against it, charging the specified violation, has been filed with the court;

(2) requiring the persons to file with the court administrator of the court their answer to the complaint, setting forth any claim they

may have to a right or title to, interest in, or lien on the vehicle or conveyance, within ten days after the service of the order; and

(3) notifying them in substance that if they fail to file their answer within that time the vehicle or conveyance will be ordered sold by the commissioner.

(b) The court shall cause the order to be served on:

(1) the registered owner;

(2) any person who has duly filed a conditional sales contract, mortgage, or other lien instrument covering the property unless it has been released or satisfied;

(4) on unknown persons by publication, as provided for service of summons in a civil action.

(c) If no answer is filed within the time prescribed, the court shall, on affidavit by the court administrator of the court setting forth that fact, order the vehicle or conveyance forfeited and direct that it be sold by the commissioner or the commissioner's agents. The proceeds of the sale, after deducting the expense of keeping the vehicle or conveyance and costs of the sale, including any costs incurred pursuant to paragraph (f), must be paid into the state treasury. The commissioner shall reimburse designees for costs incurred.

(d) If an answer is filed within the time provided, the court shall fix a time for hearing at least ten but no more than 30 days after the time for filing the answer expires. At the hearing, the matter must be heard and determined by the court, without a jury, as in other civil actions. If the court finds that the vehicle or conveyance, or any part of it, was used in a violation as specified in the complaint, it shall order the vehicle or conveyance forfeited and direct that it be sold, as provided in this section, unless the owner shows to the satisfaction of the court that the vehicle was being used without the owner's consent or that, when giving the consent, the owner had no notice or knowledge or reason to believe that the vehicle or conveyance was intended to be used in a violation. After deducting the expense of keeping the vehicle or conveyance and costs of the sale, the officer making the sale shall pay, according to their priority, all liens established at the hearing as being bona fide and existing without the lienor having any notice or knowledge at the time the lien was created that the vehicle or conveyance was being used or was intended to be used in connection with any violation, and shall pay the balance of the proceeds into the state treasury. The

commissioner shall reimburse designees for costs incurred. A sale under this section frees the conveyance sold from all liens.

(e) At any time after seizure and before the hearing, the vehicle or conveyance must be returned to the owner or person having a legal right to its possession on execution by that person of a valid bond to the state of Minnesota, with corporate surety, of at least \$100 but not more than double the value of the vehicle or conveyance seized, to be approved by the court in which the case is triable, or a judge of that court. The bond must guarantee compliance with the order and judgment of the court, and, if ordered by the court, payment of the full value of the vehicle or conveyance at the time of seizure.

(f) If the seized vehicle or conveyance is owned or operated by a for-hire common or contract motor carrier, and was being used without knowledge of the violation, the commissioner shall return the vehicle or conveyance to its owner or operator as soon as possible without need for court order, and shall provide to such owner or operator reasonable compensation for the time during which the vehicle or conveyance is held pursuant to seizure.

For the purpose of calculating the tax under section 297D.08, a quantity of marijuana or other controlled substance is measured by the weight of the substance whether pure or impure or dilute, or by dosage units when the substance is not sold by weight, in the dealer's tax obligor's possession. A quantity of a controlled substance is dilute if it consists of a detectable quantity of pure controlled substance and any excipients or fillers.

Sec. 39. Minnesota Statutes 1990, section 297D.09, subdivision 1, is amended to read:

Subdivision 1. [PENALTIES.] Any dealer tax obligor violating this chapter is subject to a penalty of 100 percent of the tax in addition to the tax imposed by section 297D.08. The penalty will be collected as part of the tax.

Sec. 40. Minnesota Statutes 1990, section 297D.09, subdivision 1a, is amended to read:

Subd. 1a. [CRIMINAL PENALTY; SALE WITHOUT AFFIXED STAMPS.] In addition to the tax penalty imposed, a dealer tax obligor distributing or possessing marijuana or controlled substances without affixing the appropriate stamps, labels, or other indicia is guilty of a crime and, upon conviction, may be sentenced to imprisonment for not more than seven years or to payment of a fine of not more than \$14,000, or both.

Sec. 41. Minnesota Statutes 1990, section 297D.11, is amended to read:

297D.11 [PAYMENT DUE.]

Subdivision 1. [STAMPS AFFIXED.] When a dealer tax obligor purchases, acquires, transports, or imports into this state marijuana or controlled substances on which a tax is imposed by section 297D.08, and if the indicia evidencing the payment of the tax have not already been affixed, the dealer tax obligor shall have them permanently affixed on the marijuana or controlled substance immediately after receiving the substance. Each stamp or other official indicia may be used only once.

Subd. 2. [PAYABLE ON POSSESSION.] Taxes imposed upon marijuana or controlled substances by this chapter are due and payable immediately upon acquisition or possession in this state by a dealer tax obligor.

Sec. 42. Minnesota Statutes 1990, section 297D.12, subdivision 1, is amended to read:

Subdivision 1. [ASSESSMENT PROCEDURE.] An assessment for a dealer tax obligor not possessing valid stamps or other official indicia showing that the tax has been paid shall be considered a jeopardy assessment or collection, as provided in section 270.70. The commissioner shall assess a tax and applicable penalties based on personal knowledge or information available to the commissioner; mail the taxpayer at the taxpayer's last known address or serve in person, a written notice of the amount of tax and penalty; demand its immediate payment; and, if payment is not immediately made, collect the tax and penalty by any method prescribed in chapter 270, except that the commissioner need not await the expiration of the times specified in chapter 270.

Sec. 43. Minnesota Statutes 1990, section 297D.13, subdivision 1, is amended to read:

Subdivision 1. [DISCLOSURE PROHIBITED.] Notwithstanding

any law to the contrary, neither the commissioner nor a public employee may reveal facts contained in a report or return required by this chapter or any information obtained from a dealer tax obligor; nor can any information contained in such a report or return or obtained from a dealer tax obligor be used against the dealer tax obligor in any criminal proceeding, unless independently obtained, except in connection with a proceeding involving taxes due under this chapter from the dealer tax obligor making the return.

Sec. 44. Minnesota Statutes 1990, section 297D.13, subdivision 3, is amended to read:

Subd. 3. [STATISTICS.] This section does not prohibit the commissioner from publishing statistics that do not disclose the identity of dealers tax obligors or the contents of particular returns or reports.

Sec. 45. Minnesota Statutes 1990, section 297D.14, is amended to read:

297D.14 [INVESTIGATORY POWERS.]

For the purpose of determining the correctness of any return, determining the amount of tax that should have been paid, determining whether or not the dealer tax obligor should have made a return or paid taxes, or collecting any taxes under this chapter, the commissioner may examine, or cause to be examined, any books, papers, records, or memoranda, that may be relevant to making such determinations, whether the books, papers, records, or memoranda, are the property of or in the possession of the dealer tax obligor or another person. The commissioner may require the attendance of any person having knowledge or information that may be relevant, compel the production of books, papers, records, or memoranda by persons required to attend, take testimony on matters material to the determination, and administer oaths or affirmations. Upon demand of the commissioner or any examiner or investigator, the court administrator of any court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, and memoranda. The commissioner may also issue subpoenas. Disobedience of subpoenas issued under this chapter is punishable by the district court of the district in which the subpoena is issued, or, if the subpoena is issued by the commissioner, by the district court of the district in which the party served with the subpoena is located, in the same manner as contempt of district court.

Sec. 46. Minnesota Statutes 1990, section 325D.32, subdivision 10, is amended to read:

Subd. 10. (a) "Cost to wholesaler" means the basic cost of the cigarettes, prior to deducting manufacturer's timely payment and stamping discounts and any other discounts or rebates, plus the cost

of doing business by the wholesaler, as defined in sections 325D.30 to 325D.42.

(b) In the absence of proof of a lesser or higher cost, the cost of doing business by the wholesaler is presumed to be four percent of the basic cost of the cigarettes, plus cartage to the retail outlet, if furnished or paid for by the wholesaler, in the absence of proof of a lesser or higher cost. Such cartage cost is presumed to be one-half of one percent of the basic cost of the cigarettes in the absence of proof of a lesser or higher cost. A manufacturer's timely payment and stamping discounts and any other discounts or rebates shall not be deducted in determining the cost of doing business by the wholesaler, whether it is determined under the percentage formula set forth in this paragraph or proof of actual cost.

(c) A wholesaler electing to sell cigarettes at a price other than that presumed by law must submit to the commissioner documentation substantiating the actual cost of the cigarettes before selling at actual cost. For purposes of this paragraph "actual cost" means basic cost as defined in subdivision 9 plus the wholesaler's cost of doing business. The commissioner shall review the documents submitted and, if necessary, request additional documentation to verify the accuracy of the cost computations. If, within 15 days of submission of the documentation, the commissioner has not notified the wholesaler of any deficiencies in the cost computations, the wholesaler may begin selling at actual cost. The cost computations are effective for a period of not more than 12 months beginning 15 days after submission of the documentation. Fifteen days before expiration of the 12-month period, the wholesaler must submit new cost documentation for review by the commissioner to continue selling at less than the price presumed by law. New cost documentation must also be submitted to the commissioner on the last day of a month in which the basic cost of cigarettes increases.

Sec. 47. [325D.405] [INVESTIGATIONS.]

The commissioner or duly authorized agents may conduct investigations to determine compliance with the provisions of sections 325D.30 to 325D.42 and, in connection with such investigations, the commissioner and duly authorized agents have all the powers conferred upon the commissioner by section 270.06.

Sec. 48. Minnesota Statutes 1990, section 325D.415, is amended to read:

325D.415 [CIGARETTE DISTRIBUTOR FEES.]

A cigarette distributor as defined in section 297.01, subdivision 7, shall pay to the commissioner an annual fee as follows:

(1) a fee of \$2,500 is due from those distributors whose annual cigarette tax collections exceed \$2,000,000; and

(2) a fee of \$1,200 is due from those distributors whose annual cigarette tax collections are \$2,000,000 or less.

The annual fee must be paid by December 31 of each year. If the fee is not paid when due, the commissioner shall revoke or refuse to issue or renew the license under chapter 297. The annual fee must be deposited into the general fund, and is available upon appropriation to the commissioner of revenue to be used for the administration and enforcement of sections 325D.30 to 325D.415.

Sec. 49. [451.10] [MUNICIPAL FRANCHISE FEES.]

Subdivision 1. [AUTHORITY.] A municipality may contract with a public utility furnishing natural, manufactured, or mixed gas, or electricity in the municipality to obtain a license or franchise in accordance with the ordinances or regulations of the municipality and to pay a franchise fee, not exceeding three percent, based on the gross operating revenues or gross earnings from the utility's operations in the municipality. If a municipality imposes a franchise fee under this section, the fee must be imposed at the same rate on each public utility furnishing natural, manufactured, or mixed gas or electricity in the municipality.

Subd. 2. [EXEMPTION.] The gross earnings or operating revenues from the utility's operations in the municipality do not include (1) revenue derived from the sale of natural, manufactured or mixed gas, or electricity by the public utility to another public utility for resale; or (2) revenues of the public utility which the municipality and the public utility agree are subject to competition from other energy sources that are not subject to the franchise fee.

Subd. 3. [DEFINITIONS.] "Public utility" has the meaning given in section 216B.02, except it also includes (1) a cooperative electric association organized under chapter 308A, and (2) a public utility whose total natural gas business consists of supplying natural, manufactured or mixed gas to no more than 650 customers within the municipality.

"Municipality" means a statutory or home rule charter city or a county for earnings derived from service provided in the unincorporated area of the county.

Subd. 4. [PREEMPTION.] (a) The provisions of this section are the exclusive authority for municipalities to collect fees on electricity or gas utility franchises or licenses. This section does not affect the validity of a franchise or license imposing a fee or charge enacted before June 1, 1991, and such a franchise or license remains

effective, except that the municipality may not increase the rate of the charge after June 1, 1991. If a utility franchise expires or otherwise terminates and the franchise fee was imposed at a rate higher than three percent, the municipality may impose a fee for a new franchise to provide the same utility service at the same or a lower rate.

(b) This section shall not be construed to preempt the regulation of public utilities under other state or federal law.

Sec. 50. Laws 1987, chapter 268, article 11, section 12, is amended to read:

Sec. 12. [EFFECTIVE DATE.]

Sections 1 to 3 and 6 to 11, paragraph (a), are effective for all tax years after December 31, 1986. Section 11, paragraph (b), is effective beginning calendar year ~~1992~~ 1994.

Sec. 51. [FLOOR STOCKS TAXES.]

Subdivision 1. [CIGARETTES.] A floor stocks tax is imposed on every person engaged in business in this state as a distributor, retailer, subjobber, vendor, manufacturer, or manufacturer's representative of cigarettes, on the stamped cigarettes in the person's possession or under the person's control at 12:01 a.m. on July 1, 1991. The tax is imposed at the following rates:

(1) on cigarettes weighing not more than three pounds a thousand, 2.5 mills on each cigarette;

(2) on cigarettes weighing more than three pounds a thousand, 5 mills on each cigarette.

Each distributor, by July 8, 1991, shall file a report with the commissioner, in the form the commissioner prescribes, showing the cigarettes on hand at 12:01 a.m. on July 1, 1991, and the amount of tax due on them. The tax imposed by this section is due and payable by August 1, 1991, and after that date bears interest at the rate of one percent a month.

Each retailer, subjobber, vendor, manufacturer, or manufacturer's representative shall file a return with the commissioner, in the form the commissioner prescribes, showing the cigarettes on hand at 12:01 a.m. on July 1, 1991, and pay the tax due thereon by August 1, 1991. Tax not paid by the due date bears interest at the rate of one percent a month.

Subd. 2. [TOBACCO PRODUCTS.] A floor stocks tax is imposed on every person engaged in business in this state as a distributor of

tobacco products, at the rate of ten percent of the wholesale sales price of each tobacco product in the person's possession or under the person's control at 12:01 a.m. on July 1, 1991.

Each distributor, by July 8, 1991, shall file a report with the commissioner, in the form the commissioner prescribes, showing the tobacco products on hand at 12:01 a.m. on July 1, 1991, and the amount of tax due on them. The tax imposed by this section is due and payable by August 1, 1991, and after that date bears interest at the rate of one percent a month.

Subd. 3. [AUDIT AND ENFORCEMENT.] The taxes imposed by this section are subject to the audit, assessment, and collection provisions applicable to the taxes imposed under chapter 297C. The commissioner may require a distributor to receive and maintain copies of floor stocks tax returns filed by all persons requesting a credit for returned cigarettes.

Subd. 4. [DEPOSIT OF PROCEEDS.] The revenue from the tax imposed under this section shall be deposited by the commissioner in the state treasury and credited to the general fund.

Sec. 52. [REPEALER.]

Minnesota Statutes 1990, section 296.028, is repealed.

Sec. 53. [EFFECTIVE DATE.]

Section 1 is effective retroactive to August 1, 1990. Sections 5, 16, 20, 27, 28, 29, 32, and 33 are effective July 1, 1991. Section 6 is effective for calendar years beginning after December 31, 1990. Sections 8 to 13 are effective for permits issued after June 30, 1991. Sections 14 and 22 are effective the day following final enactment. Section 31 is effective for offenses committed after June 30, 1988. Sections 17 to 19, 23, 25, 26, and 30 are effective January 1, 1992.

ARTICLE 9

TAX INCREMENT FINANCING

Section 1. Minnesota Statutes 1990, section 273.1399, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) "Qualifying captured tax capacity" means the following amounts:

(1) the captured tax capacity of a new or the expanded part of an existing economic development or soils condition tax increment financing district, other than a qualified manufacturing district, for which certification was requested after April 30, 1990; and

(2) the captured tax capacity of a qualified manufacturing district, multiplied by the following percentage based on the number of years that have elapsed since the district was first certified (measured from January 2 immediately preceding certification of the original tax capacity). In no case may the final amounts be less than zero or greater than the total captured tax capacity of the district:

<u>Number of Years</u>	<u>Percentage</u>
<u>1</u>	<u>0</u>
<u>2</u>	<u>20</u>
<u>3</u>	<u>40</u>
<u>4</u>	<u>60</u>
<u>5</u>	<u>80</u>
<u>6 or more</u>	<u>100;</u>

(3) the captured tax capacity of a new or the expanded part of an existing tax increment financing district, other than an economic development or soils condition district, for which certification was requested after April 30, 1990, multiplied by the following percentage based on the number of years that have elapsed since the district was first certified (measured from January 2 immediately preceding certification of the original tax capacity). In no case may the final amounts be less than zero or greater than the total captured tax capacity of the district.

<u>Number of years</u>	<u>Renewal and Renovation Districts</u>	<u>All other Districts</u>
<u>0 to 5</u>	<u>0</u>	<u>0</u>
<u>6</u>	<u>12.5</u>	<u>6.25</u>
<u>7</u>	<u>25</u>	<u>12.5</u>
<u>8</u>	<u>37.5</u>	<u>18.75</u>
<u>9</u>	<u>50</u>	<u>25</u>
<u>10</u>	<u>62.5</u>	<u>31.25</u>
<u>11</u>	<u>75</u>	<u>37.5</u>
<u>12</u>	<u>87.5</u>	<u>43.75</u>
<u>13</u>	<u>100</u>	<u>50</u>
<u>14</u>	<u>100</u>	<u>56.25</u>
<u>15</u>	<u>100</u>	<u>62.5</u>
<u>16</u>	<u>100</u>	<u>68.75</u>
<u>17</u>	<u>100</u>	<u>75</u>
<u>18</u>	<u>100</u>	<u>81.25</u>
<u>19</u>	<u>100</u>	<u>87.5</u>
<u>20</u>	<u>100</u>	<u>93.75</u>
<u>21 or more</u>	<u>100</u>	<u>100</u>

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured tax capacity resulting from the reduction in the subdistrict's or site's original tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) "Qualified manufacturing district" means an economic development district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and (4), for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that (1) has a population under 10,000 according to the last federal census and (2) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget.

Sec. 2. Minnesota Statutes 1990, section 273.1399, subdivision 3, is amended to read:

Subd. 3. [CALCULATION OF EDUCATION AIDS.] For each school district containing qualifying captured tax capacity, the commissioner of education shall compute a hypothetical state aid amount that would be paid to the school district if the qualifying captured tax capacity were divided by the sales ratio and included in the school district's adjusted tax capacity for purposes of calculating equalized levies as defined in section 273.1398, subdivision 2a, and associated state aids. The commissioner of education shall notify the commissioner of revenue of the difference between the actual aid paid and the hypothetical aid amounts calculated for each school district, broken down by the municipality that approved the tax increment financing district containing the qualifying captured tax capacity. The resulting amount is the reduction in state tax increment financing aid.

Sec. 3. Minnesota Statutes 1990, section 469.012, subdivision 8, is amended to read:

Subd. 8. [INTEREST REDUCTION PROGRAM; LIMITATIONS.] In developing the interest reduction program authorized by subdivision 7 the authority shall consider:

(1) the availability and affordability of other governmental programs;

(2) the availability and affordability of private market financing; and

(3) the need for additional affordable mortgage credit to encourage

the construction and enable the purchase of housing units within the jurisdiction of the authority.

The authority shall adopt rules for the interest reduction program. Interest reduction assistance shall not be provided if the authority determines that financing for the purchase of a housing unit or for the construction or rehabilitation of housing units is otherwise available from private lenders upon terms and conditions that are affordable by the applicant, as provided by the authority in its rules.

For the purposes of this subdivision an "assisted housing unit" is a housing unit which is rented or to be rented and which is a part of a rental housing development where the financing for the rental housing development is assisted with interest reduction assistance provided by the authority during the calendar year. If interest reduction assistance is provided for construction period interest for a rental housing development, the housing units in the housing development shall be considered assisted housing units for a period after occupancy of the housing units which is equal to the period during which interest reduction assistance is provided to assist the construction financing of the rental housing development. In any calendar year when an authority provides interest reduction assistance for assisted housing units (1) at least 20 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to families or individuals with an adjusted gross income which is equal to or less than 80 percent of the median family income, and (2) at least an additional 55 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to individuals or families with an annual adjusted gross income which is equal to or less than 66 times 120 percent of the monthly fair market rent for the unit established by the United States Department of Housing and Urban Development. At least 80 percent of the aggregate dollar amount of funds appropriated by an authority within any calendar year to provide interest reduction assistance for financing of construction, rehabilitation, or purchase of single family housing, as that term is defined in section 462C.02, subdivision 4, shall be appropriated for housing units that are to be sold to or occupied by families or individuals with an adjusted gross income which is equal to or less than 110 percent of median family income. For the purposes of this subdivision, "median family income" means the median family income established by the United States Department of Housing and Urban Development for the nonmetropolitan county or the standard metropolitan statistical area, as the case may be. The adjusted gross income may must be adjusted by the authority for family size. The limitations imposed upon assisted housing units by this subdivision do not apply to interest reduction assistance for a rental housing development located in a targeted area as defined in section 462C.02. An authority that establishes a program pursuant to this subdivision shall by January 2 each year report to the commissioner

of trade and economic development a description of the program established and a description of the recipients of interest reduction assistance.

Sec. 4. Minnesota Statutes 1990, section 469.174, subdivision 7, is amended to read:

Subd. 7. [ORIGINAL NET TAX CAPACITY.] (a) Except as provided in paragraph (b), "original net tax capacity" means the tax capacity of all taxable real property within a tax increment financing district as ~~most recently~~ certified by the commissioner of revenue ~~as of the date of~~ for the previous assessment year, provided that the request by an authority for certification ~~by of a new tax increment financing district or for the expansion of an existing district has been made to the county auditor, by June 30. The original tax capacity of districts for which requests are filed after June 30 has an original tax capacity based on the current assessment year. In any case, the original tax capacity must be determined together with subsequent adjustments as set forth in section 469.177, subdivisions 1 and 4. In determining the original net tax capacity the net tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the net tax capacity of the property shall be the net tax capacity as most recently determined by the commissioner of revenue.~~

(b) The original net tax capacity of any designated hazardous substance site or hazardous substance subdistrict shall be determined as of the date the authority certifies to the county auditor that the authority has entered a redevelopment or other agreement for the removal actions or remedial actions specified in a development response action plan, or otherwise provided funds to finance the development response action plan. The original net tax capacity equals (i) the net tax capacity of the parcel or parcels in the site or subdistrict, as most recently determined by the commissioner of revenue, less (ii) the estimated costs of the removal actions and remedial actions as specified in a development response action plan to be undertaken with respect to the parcel or parcels, (iii) but not less than zero.

(c) The original net tax capacity of a hazardous substance site or subdistrict shall be increased by the amount by which it was reduced pursuant to paragraph (b), clause (ii), upon certification by the municipality that the cost of the removal and remedial actions specified in the development response action plan, except for long-term monitoring and similar activities, have been paid or reimbursed.

(d) For purposes of this subdivision, "real property" shall include

any property normally taxable as personal property by reason of its location on or over publicly owned property.

Sec. 5. Minnesota Statutes 1990, section 469.174, subdivision 10, is amended to read:

Subd. 10. [REDEVELOPMENT DISTRICT.] (a) "Redevelopment district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the authority finds by resolution that one of the following conditions, reasonably distributed throughout the district, exists:

(1) parcels consisting of 70 percent of the area of the district are occupied by buildings, streets, utilities, or other improvements and more than 50 percent of the buildings, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance; or

(2) the property consists of vacant, unused, underused, inappropriately used, or infrequently used railyards, rail storage facilities, or excessive or vacated railroad rights-of-way.

(b) For purposes of this subdivision, "structurally substandard" shall mean containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance.

A building is not structurally substandard if it is in compliance with the building code applicable to new buildings or could be modified to satisfy the building code at a cost of less than 15 percent of the cost of constructing a new structure of the same square footage and type on the site. The municipality may find that a building is not disqualified as structurally substandard under the preceding sentence on the basis of reasonably available evidence, such as the size, type, and age of the building, the average cost of plumbing, electrical, or structural repairs, or other similar reliable evidence. If the evidence supports a reasonable conclusion that the building is not disqualified as structurally substandard, the municipality may make such a determination without an interior inspection or an independent, expert appraisal of the cost of repair and rehabilitation of the building.

A parcel is deemed to be occupied by a structurally substandard building for purposes of the finding under paragraph (a) if all of the following conditions are met:

(1) the parcel was occupied by a substandard building within

three years of the filing of the request for certification of the parcel as part of the district with the county auditor;

(2) the substandard building was demolished or removed by the authority or the demolition or removal was financed by the authority or was done by a developer under a development agreement with the authority;

(3) the authority found by resolution before the demolition or removal that the parcel was occupied by a structurally substandard building and that after demolition and clearance the authority intended to include the parcel within a district; and

(4) upon filing the request for certification of the tax capacity of the parcel as part of a district, the authority notifies the county auditor that the original tax capacity of the parcel must be adjusted as provided by section 469.177, subdivision 1, paragraph (h).

(c) For purposes of this subdivision, a parcel is not occupied by buildings, streets, utilities, or other improvements unless 15 percent of the area of the parcel contains improvements.

(d) For districts consisting of two or more noncontiguous areas, each area must qualify as a redevelopment district under paragraph (a), clauses (1) to (3), to be included in the district, and the entire area of the district must satisfy paragraph (a).

Sec. 6. Minnesota Statutes 1990, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2

and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor ~~or after August 1, 1982, for tax increment financing districts authorized prior to August 1, 1979,~~ unless within the three-year period (1) bonds have been issued in aid of the project containing the district pursuant to section 469.178, ~~or in aid of a project pursuant to any other law,~~ except revenue bonds issued pursuant to sections 469.152 to 469.165, ~~prior to August 1, 1979,~~ or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) No tax increment shall in any event be paid to the authority (1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, redevelopment district, or housing district, (2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district, (3) after 12 years from approval of the tax increment financing plan for a soils condition district, and (4) after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district.

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

(f) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.

(g) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment

may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section ~~469.175~~ 469.174, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section ~~469.175~~ 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

reimburse a party for payment of the costs, including interest on unreimbursed costs.

(b) For purposes of this subdivision, bonds include subsequent refunding bonds if one of two tests is met: (1) the proceeds of the original refunded bonds were spent on activities within five years after the district was certified or (2) the original refunded bonds are issued within five years after the district was certified and the proceeds are expended on activities within a reasonable temporary period within the meaning of the use of that term under section 148(c)(1) of the Internal Revenue Code meet the requirements of paragraph (a), clause (2).

Sec. 11. Minnesota Statutes 1990, section 469.1763, is amended by adding a subdivision to read:

Subd. 5. [CREDIT ENHANCED BONDS.] Except as otherwise provided in this section, revenues derived from tax increments may be used to pay debt service on credit enhanced bonds issued to finance activities outside of the district from which the revenues are derived, regardless of when the district is created. For purposes of this subdivision, "district" includes a district or a project area for

which certification to collect increments was requested before August 1, 1979.

Sec. 12. Minnesota Statutes 1990, section 469.177, subdivision 1, is amended to read:

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable ~~shall be equal to~~ equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements ~~thereof shall be equal to~~ equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the average percentage increase in the net tax capacity market value of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(h) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

Sec. 9. Minnesota Statutes 1990, section 289A.38, subdivision 12, is amended to read:

Subd. 12. [REQUEST FOR EARLY AUDIT FOR INDIVIDUAL INCOME, FIDUCIARY INCOME, MINING COMPANY, AND CORPORATE FRANCHISE TAXES.] (a) Tax must be assessed within 18 months after written request for an assessment has been made in the case of income received (1) during the lifetime of a decedent, (2) by the decedent's estate during the period of administration, (3) by a trustee of a terminating trust or other fiduciary who, because of custody of assets, would be liable for the payment of tax under section 289A.31, subdivision 4, or (4) by a mining company or a corporation. A proceeding in court for the collection of the tax must begin within two years after written request for the assessment (filed after the return is made and in the form the commissioner prescribes) by the personal representative or other fiduciary representing the estate of the decedent, or by the trustee of a terminating trust or other fiduciary who, because of custody of assets, would be liable for the payment of tax under section 289A.31, subdivision 4, or by the corporation. Except as provided in section 289A.42, subdivision 1, an assessment must not be made after the expiration of 3-1/2 years after the return was filed, and an action must not be brought after the expiration of four years after the return was filed.

(b) Paragraph (a) only applies in the case of a mining company or a corporation if:

(1) the written request notifies the commissioner that the corporation contemplates dissolution at or before the expiration of the 18-month period;

(2) the dissolution is begun in good faith before the expiration of the 18-month period; and

(3) the dissolution is completed within the 18-month period.

Sec. 10. Minnesota Statutes 1990, section 289A.56, subdivision 2, is amended to read:

Subd. 2. [CORPORATE FRANCHISE, MINING COMPANY, INDIVIDUAL AND FIDUCIARY INCOME, AND ENTERTAINER TAX OVERPAYMENTS.] Interest must be paid on an overpayment refunded or credited to the taxpayer from the date of payment of the tax until the date the refund is paid or credited. For purposes of this subdivision, the prepayment of tax made by withholding of tax at the source or payment of estimated tax before the due date is considered paid on the last day prescribed by law for the payment of

the tax by the taxpayer. A return filed before the due date is considered as filed on the due date.

When the amount of tax withheld at the source or paid as estimated tax or allowable as other refundable credits, or withheld from compensation of entertainers, exceeds the tax shown on the original return by \$10, the amount refunded bears interest from 90 days after (1) the due date of the return of the taxpayer, or (2) the date on which the original return is filed, whichever is later, until the date the refund is paid to the taxpayer. Where the amount to be refunded is less than \$10, no interest is paid. However, to the extent that the basis for the refund is a net operating loss carryback, interest is computed only from the end of the taxable year in which the loss occurs.

Sec. 11. Minnesota Statutes 1990, section 289A.60, subdivision 4, is amended to read:

Subd. 4. [SUBSTANTIAL UNDERSTATEMENT OF LIABILITY; PENALTY.] The commissioner of revenue shall impose a penalty for substantial understatement of any tax payable to the commissioner, except a tax imposed under chapter 297A.

There must be added to the tax an amount equal to 20 percent of the amount of any underpayment attributable to the understatement. There is a substantial understatement of tax for the period if the amount of the understatement for the period exceeds the greater of: (1) ten percent of the tax required to be shown on the return for the period; or (2)(a) \$10,000 in the case of a mining company or a corporation, other than an S corporation as defined in section 290.9725, when the tax is imposed by chapter 290, or (b) \$5,000 in the case of any other taxpayer, and in the case of a mining company or a corporation any tax not imposed by chapter 290 or section 298.01 or 298.015. The term "understatement" means the excess of the amount of the tax required to be shown on the return for the period, over the amount of the tax imposed that is shown on the return. The amount of the understatement shall be reduced by that part of the understatement that is attributable to the tax treatment of any item by the taxpayer if there is or was substantial authority for the treatment, or any item with respect to which the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return. The special rules in cases involving tax shelters provided in section 6662(d)(2)(C) of the Internal Revenue Code of 1986, as amended through December 31, 1989, shall apply and shall apply to a tax shelter the principal purpose of which is the avoidance or evasion of state taxes. The commissioner may abate all or any part of the addition to the tax provided by this section on a showing by the taxpayer that there was reasonable cause for the understatement, or part of it, and that the taxpayer acted in good faith. The additional tax and penalty shall

bear interest at the rate specified in section 270.75 from the time the tax should have been paid until paid.

The amount of the credit allowed under this paragraph is determined under section 290.06, subdivision 21.

(b) A credit is allowed against qualified regular tax for qualified alternative minimum tax previously paid. The amount of the credit allowed under this paragraph is determined under section 290.0921, subdivision 8. For purposes of calculating this credit, the following terms have the meanings given:

At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner applying for homestead classification.

If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. Any amount of homestead benefits recovered from the property owner must be transmitted to the commissioner by the end of each calendar quarter. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The amount of penalty collected must be deposited in the county general fund.

The commissioner will provide suggested homestead applications to each county. If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

Sec. 11. Minnesota Statutes 1990, section 276.041, is amended to read:

276.041 [FILING TO RECEIVE NOTICE OF DELINQUENT TAXES.]

Fee owners, vendees, mortgagees, lienholders, escrow agents, and lessees of real property may file their names and current mailing addresses with the county auditor in the county where the land is located for the purpose of receiving notices affecting the land that are issued under sections 276.04, 281.23, and 279.091. A person filing shall pay a filing fee of \$15 to the county auditor for each parcel. The filing expires after three years. The county auditor shall give a copy of the list of names and addresses to the county treasurer. Taxpayers of record with the county auditor and mortgagees who remit taxes on their behalf shall receive tax statements and other notices and are not required to file and pay fees under this section.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 277.011 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Subd. 3. [IMPROVEMENTS TO REAL PROPERTY.] Personal property taxes assessed upon improvements made to real property taxed under section 272.01, subdivision 2, or 273.19, if unpaid, become delinquent on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later. In counties where

the office of county treasurer has been combined with the office of county auditor, the petitioner must serve the number of copies required by the county. The petitioner must file the copies with proof of service, in the office of the court administrator of the district court before the 16th day of May of the year in which the tax becomes payable. The county auditor assessor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be sent forwarded by the assessor to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the tax court. An appeal may also be taken to the tax court under chapter 271 at any time following receipt of the valuation notice required by section 273.121 but prior to May 16 of the year in which the taxes are payable.

[SALES RATIO STUDIES AS EVIDENCE.] The sales ratio studies published by the department of revenue, or any part of the studies, or any copy of the studies or records accumulated to prepare the studies which is prepared by the commissioner of revenue for use in determining education aids shall be admissible in evidence as a public record without the laying of a foundation if the sales prices used in the study are adjusted for the terms of the sale to reflect market value and are adjusted to reflect the difference in the date of sale compared to the assessment date. The department of revenue sales ratio study shall be prima facie evidence of the level of assessment. Additional evidence relevant to the sales ratio study is also admissible. No sales ratio study received into evidence shall be conclusive or binding on the court and evidence of its reliability or unreliability may be introduced by any party including, but not limited to, evidence of inadequate adjustment of sale prices for terms of financing, inadequate adjustment of sales prices to reflect the difference in the date of sale compared to the assessment date, and inadequate sample size.

No reduction in value on the grounds of discrimination shall be granted on the basis of a sales ratio study unless

(a) the sales prices are adjusted for the terms of the sale to reflect market value,

(b) the sales prices are adjusted to reflect the difference in the date of sale compared to the assessment date,

(c) there is an adequate sample size, and

(d) the median ratio of the same classification of property in the

same county, city, or town as the subject property is lower than 90 percent, except that in the case of a county containing a city of the first class, the median ratio for the county shall be the ratio determined excluding sales from the first class city within the county.

~~If a reduction in value on the grounds of discrimination is granted based on the above criteria, the reduction shall equal the difference between (1) the ratio for the petitioner's property less five percentage points 95 percent and (2) the median ratio determined by the court. In order to receive relief on the basis of discrimination, the petitioner must establish the ratio of the assessor's estimated market value to the actual fair market value for the property.~~

Sec. 15. Minnesota Statutes 1990, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3, on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, a penalty shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer. The penalty shall be at a rate of three percent on homestead property and seven percent on nonhomestead property. This penalty shall not accrue until June 1 of each year, or 21 days after the postmark date on the envelope containing the property tax statements, whichever is later, on commercial use real property used for seasonal residential recreational purposes and classified as class 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1, or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the first day of each month, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes provided that if the due date was extended beyond May 15 as the result of any delay in mailing property tax statements no additional penalty shall accrue if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had been May 15 shall be charged. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four

percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November and December following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

This section applies to payment of personal property taxes assessed against improvements to leased property, except as provided by section 277.01, subdivision 3.

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 16. Minnesota Statutes 1990, section 279.01, subdivision 2, is amended to read:

Subd. 2. ~~In the case of any tax on class 1b, 2a, and 1a homestead property paid within 30 days after the due date specified in this section or after the 30-day extension as specified in subdivision 3,~~ The county board may, with the concurrence of the county treasurer, delegate to the county treasurer the power to abate the penalty provided for late payment of taxes in the current year. Notwithstanding section 270.07, if any county board so elects, the county treasurer may abate the penalty on finding that the imposition of the penalty would be unjust and unreasonable.

Sec. 17. Minnesota Statutes 1990, section 279.06, is amended to read:

The form shall contain the information required under subdivision 1, but shall be organized and presented in a manner easily read and understood. Sec. 18. Minnesota Statutes 1990, section 281.17, is amended to read:

281.17 [PERIOD FOR REDEMPTION.]

The period of redemption for all lands sold to the state at a tax judgment sale shall be three years from the date of sale to the state of Minnesota if the land is within an incorporated area unless it is: (a) nonagricultural homesteaded land as defined in section 273.13, subdivision 22, (b) homesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (a), or (c) seasonal recreational land as defined in section 273.13, ~~subdivision~~ subdivisions 22, paragraph (c), and 25, paragraph (d)(1) or (c)(4), clause (5), in which event the period of redemption is five years from the date of sale to the state of Minnesota.

The period of redemption for homesteaded lands as defined in section 273.13, subdivision 22, located in a targeted neighborhood as

defined in Laws 1987, chapter 386, article 6, section 4, and sold to the state at a tax judgment sale is three years from the date of sale. The period of redemption for all lands located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, except homesteaded lands as defined in section 273.13, subdivision 22, and sold to the state at a tax judgment sale is one year from the date of sale.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale.

Sec. 19. Minnesota Statutes 1990, section 282.01, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. Parcels of land becoming the property of the state in trust under law declaring the forfeiture of lands to the state for taxes shall be classified by the county board of the county in which the parcels lie as conservation or nonconservation. In making the classification the board shall consider the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. The classification, furthermore, must encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; facilitate reduction of governmental expenditures; conserve and develop the natural resources; and foster and develop agriculture and other industries in the districts and places best suited to them.

In making the classification the county board may use information made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing pertinent information at the time the classification is made. The lands may be reclassified from time to time as the county board may consider necessary or desirable, except for conservation lands held by the state free from any trust in favor of any taxing district.

If the lands are located within the boundaries of an organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale must first be approved by the town board of the town or the governing body of the municipality in which the lands are located. The town board of the town or the governing body of the municipality is considered to have approved the classification or reclassification and sale if the

county board is not notified of the disapproval of the classification or reclassification and sale within 90 days of the date the request for approval was transmitted to the town board of the town or governing body of the municipality. If the town board or governing body desires to acquire any parcel lying in the town or municipality by procedures authorized in this subdivision, it must file a written application with the county board to withhold the parcel from public sale. The application must be filed within 90 days of the request for classification or reclassification and sale. The county board shall then withhold the parcel from public sale for one year. A clerical error made by county officials does not serve to eliminate the request of the town board or governing body if the board or governing body has forwarded the application to the county auditor.

Sec. 20. Minnesota Statutes 1990, section 282.33, subdivision 1, is amended to read:

Subdivision 1. Whenever an unrecorded deed from the state of Minnesota conveying tax-forfeited lands shall have been lost or destroyed, an application, in form approved by the attorney general, for a new deed may be made by the grantee or the grantee's successor in interest to the commissioner of revenue. If it appears to the commissioner of revenue that the facts stated in the petition are true, the commissioner shall issue a new deed to the original grantee, in form approved by the attorney general, with like effect as the original deed. The commissioner shall send the new deed to the county recorder, who after recording the deed will forward it to the county auditor. The application shall be accompanied by a fee of ~~\$20~~ \$25, payable to the commissioner of revenue, which shall be deposited with the state treasurer and credited to the general fund.

Sec. 21. Minnesota Statutes 1990, section 375.192, subdivision 2, is amended to read:

Subd. 2. Upon written application by the owner of the property, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties, or interest on them as the board deems just and equitable and order the refund in whole or part of any taxes, costs, penalties, or interest which have been erroneously or unjustly paid. The county board may also grant the abatement of penalties for taxes paid within 30 days of the due date, regardless of the classification of the property. The application must include the social security number of the applicant. The social security number is private data on individuals as defined by section 13.02, subdivision 12. The application must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board. If the application is for abatement of penalty or interest, the application must be approved by the county treasurer and county auditor. No reduction, abatement, or refund of any special assessments made or

levied by any municipality for local improvements shall be made unless it is also approved by the board of review or similar taxing authority of the municipality. Before taking action on any reduction or abatement where the reduction of taxes, costs, penalties, and interest exceed \$10,000, the county board shall give 20 days' notice to the school board and the municipality in which the property is located. The notice must describe the property involved, the actual amount of the reduction being sought, and the reason for the reduction. If the school board or the municipality object to the granting of the reduction or abatement, the county board must refer the abatement or reduction to the commissioner of revenue with its recommendation. The commissioner shall consider the abatement or reduction under section 270.07, subdivision 1.

An appeal may not be taken to the tax court from any order of the county board made in the exercise of the discretionary authority granted in this section.

Sec. 22. Minnesota Statutes 1990, section 414.031, subdivision 6, is amended to read:

Subd. 6. [EFFECTIVE DATE OF ANNEXATION.] The annexation shall be effective as of the date fixed in the annexation order or on such later date as is fixed in the annexation order. A copy of the annexation order must be delivered immediately by the executive director of the Minnesota municipal board to the appropriate county auditor or auditors. For the purposes of taxation, if the annexation becomes effective on or before August 1 of a levy year, the municipality may levy on the annexed area beginning with that same levy year. If the annexation becomes effective after August 1 of a levy year, the town may continue to levy on the annexed area for that levy year, and the municipality may not levy on the annexed area until the following levy year.

Sec. 24. Minnesota Statutes 1990, section 414.033, subdivision 7, is amended to read:

Subd. 7. Any annexation ordinance provided for in this section must be filed with the board, the township, the county auditor and the secretary of state and is final on the date the ordinance is approved by the board. A copy of the annexation ordinance must be delivered immediately by the governing body of the municipality to the appropriate county auditor or auditors. For the purposes of taxation, if the annexation becomes effective on or before August 1 of a levy year, the municipality may levy on the annexed area beginning with that same levy year. If the annexation becomes effective after August 1 of a levy year, the town may continue to levy on the annexed area for that levy year, and the municipality may not levy on the annexed area until the following levy year.

Sec. 25. Minnesota Statutes 1990, section 414.06, subdivision 4, is amended to read:

Subd. 4. [EFFECTIVE DATE OF DETACHMENT.] The detachment shall be effective upon the issuance of the board's order, or at such later date, as provided by the board in its order. A copy of the detachment order must be delivered immediately by the executive director of the Minnesota municipal board to the appropriate county auditor or auditors. For the purposes of taxation, if the detachment becomes effective on or before August 1 of a levy year, the town or towns acquiring the detached area may levy on it beginning with that same levy year. If the detachment becomes effective after August 1 of a levy year, the municipality may continue to levy on the detached area for that levy year, and the town or towns acquiring the detached area may not levy on it until the following levy year.

Sec. 26. Minnesota Statutes 1990, section 414.061, subdivision 3, is amended to read:

The commissioner of revenue shall prepare a suggested form of question to be presented at the election. The referendum must be held at a special or general election before December 1, 1991 1990.

The total amount for apportionment in respect to firefighters state aid shall not be greater or lesser than the amount of premium taxes paid to the state upon the premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report after subtracting the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters relief associations. The amount for apportionment in respect to police state aid shall be distributed to the municipalities maintaining police departments and to the county on the basis of the number of active peace officers, as certified pursuant to section 69.011, subdivision 2, clause (b). The commissioner shall calculate the percentage of increase or decrease reflected in the apportionment over or under the previous year's available state aid using the same premiums as a basis for comparison.

Sec. 6. Minnesota Statutes 1990, section 69.021, subdivision 6, is amended to read:

Subd. 6. Necessary adjustments shall be made to subsequent apportionments.

The state aid available in respect to peace officers shall not exceed the amount of tax collected and shall be distributed to the counties in proportion to the total number of active peace officers, as defined in section 69.011, subdivision 1, clause (g), in each county who are employed either by municipalities maintaining police departments or by the county. Any necessary adjustments shall be made to subsequent apportionments.

Sec. 7. Minnesota Statutes 1990, section 69.021, subdivision 7, is amended to read:

In the case of incorporated or municipal fire departments furnishing fire protection to other cities, towns, or townships as evidenced by valid fire service contracts filed with the commissioner, the distribution shall be adjusted proportionately to take into consideration the crossover fire protection service. Necessary adjustments shall be made to subsequent apportionments.

If one or more fire departments are furnishing contracted fire service to a city, town, or township, only the population and net tax capacity market value of the area served by each fire department shall be considered in calculating the state aid and the fire departments furnishing service shall enter into an agreement apportioning among themselves the percent of the population and the net tax capacity market value of each service area. The agreement shall be in writing and filed with the commissioner in duplicate. The commissioner shall forward one copy of the agreement to the county auditor of the county wherein the fire department is located and retain one copy.

The aid shall be paid to the treasurer of the municipality where the fire department is located and the treasurer of the municipality shall within 30 days transmit the aid to the relief association if the relief association has filed a financial report with the treasurer of the municipality and has met all other statutory provisions pertaining to the aid apportionment.

months and the proportional or fractional number who were employed less than 12 months;

(b) For each municipality which contracts with the county for police service, a proportionate amount of the state aid distributed to the county based on the full-time equivalent number of peace officers providing contract service shall be credited against the municipality's contract obligation;

(c) For each municipality which contracts with another municipality for police service, a proportionate amount of the state aid distributed to the municipality providing contract service based on the full-time equivalent number of peace officers providing contract service on a full-time equivalent basis shall be credited against the contract obligation of the municipality receiving contract service;

(d) No municipality entitled to receive ~~police~~ state ~~peace officer~~ aid shall be apportioned less ~~police~~ state ~~peace officer~~ aid for any year under Laws 1976, chapter 315, than the amount which was apportioned to it for calendar year 1975 based on premiums reported to the commissioner for calendar year 1974; provided, the amount of ~~police~~ state peace officer aid to other municipalities within the county and to the county shall be adjusted in proportion to the total number of peace officers in the municipalities and the county, so that the amount of ~~police~~ state peace officer aid apportioned shall not exceed the amount of ~~police~~ state peace officer aid available for apportionment.

Sec. 8. Minnesota Statutes 1990, section 69.021, subdivision 8, is amended to read:

Subd. 8. [POPULATION AND TAX CAPACITY MARKET VALUE.] In computations requiring the use of population figures only official statewide federal census figures are to be used. Increases or decreases in population disclosed by reason of any special census shall not be taken into consideration.

ARTICLE 13

LOCAL GOVERNMENT SERVICE SHARING AND
COMBINATION INCENTIVES

Section 1. [465.80] [SERVICE SHARING GRANTS.]

Subdivision 1. [SCOPE.] This section establishes a program for grants to cities, counties, and towns to enable them to meet the start-up costs of providing shared services or functions.

Subd. 2. [ELIGIBILITY.] Any home rule charter or statutory city, county, or town that provides a plan for offering a governmental service under a joint powers agreement with another city, county, or town, or with an agency of state government, is eligible for a grant under this section, and is referred to in this section as an "eligible local government unit."

Subd. 3. [PLAN.] To apply for a grant under this section, the governing body of the eligible local government unit must by resolution adopt a plan that includes:

(1) a proposal to enter into an agreement for the joint exercise of powers under section 471.59 that will result in a fully integrated service or function provided by the eligible local unit of government and one or more other government units as defined in section 471.59. Agreements solely to make joint purchases are not sufficient to qualify under this section;

(2) specific projections of cost savings or more efficient service operations that are reasonably likely to result from the combined service or function; and

(3) evidence of the need for financial assistance to meet start-up costs that would be entailed in providing the combined service or function.

Subd. 4. [SUBMISSION OF PLAN TO DEPARTMENT.] The plan must be submitted to the department of trade and economic development. The commissioner of trade and economic development will approve a plan only if it contains the elements set forth in subdivision 3, with sufficient information to verify the assertions under

clauses (2) and (3). The commissioner may request modifications of a plan. If the commissioner rejects a plan, written reasons for the rejection must be provided, and a governmental unit may modify the plan and resubmit it.

Subd. 5. [GRANTS.] The amount of each grant shall be equal to the additional start-up costs for which evidence is presented under subdivision 3, clause (3). Only one grant will be given to a local government unit for any function or service it proposes to combine with another government unit, but a unit may apply for separate grants for different services or functions it proposes to combine. If the amount of money available for making the grants is not sufficient to fully fund the grants to eligible local government units with approved plans, the commissioner shall award grants on the basis of each qualified applicant's score under a scoring system to be devised by the commissioner to measure the relative needs for the grants and the ratio of costs to benefits for each proposal.

Sec. 2. [465.81] [COOPERATION AND COMBINATION.]

Subdivision 1. [SCOPE.] Sections 2 to 8 establish procedures to be used by counties, cities, or towns that adopt by resolution an agreement providing a plan to provide combined services during an initial two-year cooperation period and then to merge into a single unit of government over the succeeding two-year period.

Subd. 2. [DEFINITIONS.] As used in sections 2 to 8, the words defined in this subdivision have the meanings given them in this subdivision.

"City" means home rule charter or statutory cities.

"Commissioner" means the commissioner of trade and economic development.

"Department" means the department of trade and economic development.

"Governing body" means, in the case of a county, the county board; in the case of a city, the city council; and, in the case of a town, the town board.

"Local government unit" or "unit" includes counties, cities, and towns.

Subd. 3. [COMBINATION REQUIREMENTS.] Counties may combine with one or more other counties. Cities may combine with one or more other cities or with one or more towns. Towns may combine with one or more other towns or with one or more cities. Units that combine must be contiguous.

Sec. 3. [465.82] [COOPERATION AND COMBINATION PLAN.]

Subdivision 1. [ADOPTION AND STATE AGENCY REVIEW.] Each governing body that proposes to combine under sections 2 to 8 must adopt by resolution a plan for cooperation and combination. The plan must address each item in this section. The plan must be specific for any item that will occur within three years and may be general or set forth alternative proposals for an item that will occur more than three years in the future. The plan must be submitted to the department of trade and economic development for review and comment. Significant modifications and specific resolutions of items must be submitted to the department for review and comment. In the official newspaper of each local government unit proposed for combination, the governing body must publish at least a summary of the adopted plans, each significant modification and resolution of items, and the results of each department review and comment.

Subd. 2. [CONTENTS OF PLAN.] The plan shall state:

(1) the specific cooperative activities the units will engage in during the first two years of the venture;

(2) the steps to be taken to effect the merger of the governmental units, beginning in the third year of the process, with completion no later than four years after the process begins;

(3) the steps by which a single governing body will be created. Notwithstanding any other law to the contrary, all current members of the governing bodies of the local government units that propose to combine under sections 2 to 8 may serve on the initial governing body of the combined unit, until a gradual reduction in membership is achieved by foregoing election of new members when terms expire until the number permitted by other law is reached;

(4) changes in services provided, facilities used, administrative operations and staffing to effect the preliminary cooperative activities and the final merger;

(5) treatment of employees of the merging governmental units, specifically including provisions for reassigning employees, dealing with unions, and providing financial incentives to encourage early retirements;

(6) financial arrangements for the merger, specifically including responsibility for debt service on outstanding obligations of the merging entities;

(7) two, five, and ten-year projections prepared by the department of revenue at the request of the local government unit, of revenues,

expenditures, and property taxes for each unit if it combined and if it remained separate;

(8) procedures for a referendum to be held prior to the year of the proposed combination to approve combining the local government units, specifically stating whether a majority of those voting in each district proposed for combination or a majority of those voting on the question in the entire area proposed for combination would be needed to pass the referendum; and

(9) a time schedule for implementation.

Sec. 4. [465.83] [STATE AGENCY APPROVAL.]

Before scheduling a referendum on the question of combining local government units under section 5, the units shall submit the plan adopted under section 3 to the commissioner. The commissioner may require any information it deems necessary to evaluate the plan. The commissioner shall disapprove the proposed combination if the commissioner finds that the plan is not reasonably likely to enable the combined unit to provide services in a more efficient or less costly manner than the separate units would provide them, or if the plans or plan modification are incomplete.

Sec. 5. [465.84] [REFERENDUM.]

During the first or second year of cooperation, and after approval of the plan by the department under section 4, a referendum on the question of combination shall be conducted. The referendum shall be on a date called by the governing bodies of the units that propose to combine. The referendum shall be conducted according to the Minnesota election law, as defined in section 200.01. If the referendum fails, the same question or a modified question may be submitted the following year. If the referendum fails again, the same question may not be submitted. Referendums shall be conducted on the same date in all local government units.

Sec. 6. [465.85] [COUNTY AUDITOR TO PREPARE PLAT.]

Upon the request of two or more local government units that have adopted a resolution to cooperate and combine, the county auditor shall prepare a plat. If the proposed combined local government unit is located in more than one county, the request shall be submitted to the county auditor of the county that has the greatest land area in the proposed district. The plat must show:

(1) the boundaries of each of the present units;

(2) the boundaries of the proposed unit;

(3) the boundaries of proposed election districts, if requested; and

(4) other information deemed pertinent by the governing bodies or the county auditor.

Sec. 7. [465.86] [BONDED DEBT AT THE TIME OF COMBINATION.]

Debt service for bonds outstanding at the time of the combination may be levied by the combined governing body consistent with the plan adopted according to section 3, and any subsequent modifications, subject to section 475.61. The primary obligation to pay the bonded indebtedness outstanding on the effective date of combination remains with the local government unit that issued the bonds, but a combined unit may make debt service payments on behalf of a preexisting unit.

Sec. 8. [465.87] [AIDS TO COOPERATING AND COMBINING UNITS.]

Subdivision 1. [ELIGIBILITY.] A local government unit is eligible for aid under this section if the commissioner has approved its plan to cooperate and combine under section 4.

Subd. 2. [AMOUNT OF AID.] The aid to be paid to each eligible local government unit is equal to the following per capita amounts, based on the combined population of the units, not to exceed \$100,000 per year for any unit.

<u>Combined Population after Combination</u>	<u>Aid Per Capita</u>
0 - 2,500	\$25
2,500 - 5,000	20
5,000 - 20,000	15
over 20,000	10

Payments shall be made on the dates provided for payments of local government aid under section 477A.013, beginning in the year during which substantial cooperative activities under the plan initially occur, unless those activities begin after July 1, in which case the initial aid payment shall be made in the following calendar year.

Subd. 3. [TERMINATION OF AID; RECAPTURE.] If a second referendum under section 5 fails, or if an initial referendum fails and the governing body does not schedule a second referendum within one year after the first has failed, or if one or more of the local government units that proposed to combine terminates its participation in the cooperation or combination, no additional aid will be paid under this section. The amount previously paid under this

section to a unit must be repaid if the governing body of the unit acts to terminate its current level of participation in the plan. The amount previously paid to the unit must be repaid in annual installments equal to the total amount paid to the unit for all years under subdivision 2, divided by the number of years when payments were made.

Sec. 9. [APPROPRIATION.]

\$1,500,000 is appropriated to the commissioner of trade and economic development to be used to make the grants under section 1 and to pay the aids under sections 2 to 8. At least 40 percent of the amount appropriated under this section shall be used to make aid payments under sections 2 to 8 unless there are not enough qualified applicants for the cooperation and combination program to make use of the full appropriation.

Section 1. [47.209] [MANUFACTURED HOME FINANCING; PROPERTY TAX ESCROW REQUIREMENT.]

Any agreement entered into after December 31, 1991, for the financing or refinancing of a purchase of a manufactured home shall require that the lender maintain an escrow account for deposit of payments for property taxes payable on the manufactured home, and that the borrower make the required payments. As used in this section, "lender" includes a state bank and trust company, national banking association, state or federally chartered savings and loan association, mortgage bank, mutual savings bank, insurance company, credit union, or a dealer as defined in section 327B.01, subdivision 7, who enters into an agreement for financing or refinancing a purchase of a manufactured home.

Sec. 2. Minnesota Statutes 1990, section 274.19, subdivision 3, is amended to read:

Subd. 3. [TAX STATEMENTS; PENALTIES; COLLECTIONS.] Not later than July 15 in the year of assessment the county treasurer shall mail to the taxpayer a statement of tax due on a manufactured home. The taxes are due on the last day of August, except that if the tax exceeds \$50, one-half of the amount due may be paid on August 31, and the remainder on November 15. Taxes remaining unpaid after the due date are delinquent, and a penalty of eight percent must be assessed and collected as part of the unpaid taxes. On September 30 the county treasurer shall make a list of taxes remaining unpaid and shall certify the list immediately to the

~~court administrator of district court. The court administrator shall issue warrants to the sheriff for collection.~~

Sec. 3. [277.17] [ESCROW REQUIREMENT FOR DELINQUENCIES ON MANUFACTURED HOMES.]

Subdivision 1. [CERTIFICATION TO MANUFACTURED HOME OWNER.] On or before October 15 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the personal property taxes due on August 31 are delinquent as of September 30. On or before December 31 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the taxes due on August 31 were not delinquent but the personal property taxes due on November 15 are delinquent as of December 15. The letter must inform the owner that due to the delinquency, the owner will be required under state law to begin making monthly payments of delinquent property taxes, and that the property taxes will also be escrowed for payment of property taxes the following year. The form and content of the notice to the owner shall be specified by the commissioner of revenue.

Subd. 2. [ESTABLISHMENT OF TAX ESCROW ACCOUNTS.] The county auditor must establish a tax escrow account for delinquent property taxes for each owner receiving a letter under subdivision 1. An owner who receives a notice regarding taxes due August 31 must pay an additional amount each month equal to ten percent of the delinquent personal property taxes, penalties, and interest due, plus ten percent of the tax payable in the following calendar year. If the owner fails to pay the tax due on November 15, the additional amount of tax due but unpaid will be added to the delinquent property taxes payable by installment under this section. An owner who receives a notice regarding taxes due November 15 must pay an additional amount each month equal to 15 percent of the delinquent taxes, penalties, and interest due, plus 12 percent of the tax payable in the following calendar year.

Subd. 3. [COUNTY ESCROW.] Within 30 days of receipt of a letter from the county auditor under subdivision 1, the owner must make the first monthly payment under subdivision 2 to the county auditor. The commissioner of revenue shall prescribe the procedures to be used for monthly collections of the delinquent and current tax payments. If an owner is making the payments at the time required under this section, no action may be taken under section 4 with respect to the manufactured home for which the property taxes are being paid into the escrow account.

Sec. 4. [277.20] [LIEN FOR PERSONAL PROPERTY TAX.]

Subdivision 1. [CREATION OF LIEN.] Except for property exempt under subdivision 3, the tax assessed on personal property or manufactured homes and collectible under this chapter is a lien on

all the real and personal property within this state of the person liable for the payment of the tax. The lien arises on January 2 of the year in which the tax is assessed and continues until the tax is paid. For purposes of this section and section 277.21, "tax" also includes penalty, interest, recording fees, sheriff fees, and court costs that may accrue on the unpaid tax.

Subd. 2. [FILING OF LIEN FOR ENFORCEABILITY.] The lien imposed by subdivision 1 is not enforceable against any purchaser, mortgagee, pledgee, holder of a uniform commercial code security interest, mechanic's lienor, or judgment lien creditor until a notice of lien has been filed by the county treasurer in the office of the county recorder of the county in which the property is situated, or in the case of personal property belonging to an individual who is not a resident of this state, or that is a corporation, partnership, or other organization, in the office of the secretary of state. Priority of a lien created under this article shall be determined in accordance with the provisions of section 507.34. Liens filed in the office of the county recorder shall be filed with the state tax liens filed pursuant to section 270.69, and the index shall indicate the name of the county for which the lien was filed. If the land is registered, the notice of lien shall be filed in the office of the registrar of titles of the county in which the property is registered. Notwithstanding any other law to the contrary, the county treasurer is exempt from the payment of fees when the lien is offered for filing or recording; the fee for filing or recording the lien must be paid at the time the release of lien is offered for filing or recording. Notwithstanding any law to the contrary, the fee for filing or recording the lien or the release of lien is \$15.

Subd. 3. [EXEMPT PROPERTY.] The lien imposed on personal property by this section, even though properly filed, is not enforceable against the personal property listed as exempt in sections 550.37, 550.38, and 550.39, but manufactured homes otherwise exempt under section 550.37, subdivision 12, are subject to lien under this section.

Subd. 4. [PERIOD OF LIMITATIONS.] Notwithstanding any other law to the contrary, the lien imposed by this section is enforceable from the time the lien arises and for ten years from the date of filing the notice of lien. The notice of lien must be filed by the county treasurer within five years after the date of assessment of the tax. A notice of lien filed in one county may be transcribed to any other county within ten years after the date of its filing, but the transcription does not extend the period during which the lien is enforceable. A notice of lien may be renewed by the county treasurer before the expiration of the ten-year period for an additional ten years. The taxpayer must receive written notice of the renewal.

Subd. 5. [ENFORCEABILITY OF LIEN.] The lien imposed by this

section is enforceable by levy as authorized in section 277.21, or by judgment lien foreclosure as authorized in chapter 550.

Subd. 6. [NOTICE OF MORTGAGE FORECLOSURE OR CONTRACT TERMINATION.] If a lien has been filed by the county treasurer against real property under this section, and, after the recording of the lien, a mortgage foreclosure upon the real property is commenced under chapter 580, or a termination of contract of sale of the real property is commenced under section 559.21, notice of the mortgage foreclosure or termination of contract of sale must be mailed to the county treasurer at least 25 days before the foreclosure, sale, or date of termination. Notice need not be given under this subdivision if the lien has been filed within 30 days or less before the foreclosure, sale, or date of termination. The notice must contain the following information: (1) the name and address of the taxpayer; (2) a copy of the notice of mortgage foreclosure or contract for deed cancellation; (3) a copy of the lien filed by the county treasurer; (4) the total unpaid balance of the mortgage or contract for deed; and (5) a legal description of the property. Upon a request of a party providing notice under this subdivision, the county treasurer shall send to the party within one business day of receiving the notice a receipt for the notice.

Subd. 7. [FILING ENTITLEMENT.] Execution of notices of liens or of other notices affecting personal property tax liens by the county treasurer or a delegate entitles them to be filed, and no other attestation, certification, or acknowledgment is necessary.

Subd. 8. [LIEN SEARCH FEES.] Upon request of a person, the filing officer shall issue a certificate showing whether there is on file, on the date and hour stated in the certificate, any notice of lien or certificate or notice affecting any lien filed after December 31, 1991, naming a particular person, and giving the date and hour of filing of each notice or certificate naming the person. The fee for a certificate is as provided by section 336.9-407 or 357.18, subdivision 1, clause (3). Upon request, the filing officer shall furnish a copy of any notice of lien, or notice or certificate affecting a lien, for a fee of \$1 per page.

Sec. 5. [277.21] [LEVY AND DISTRAINT.]

Subdivision 1. [COLLECTION AUTHORITY OF THE COUNTY TREASURER.] If a tax assessed on personal property or manufactured homes and collectible under this chapter is not paid when due, the county treasurer shall, as soon as practicable, take action the county treasurer considers necessary and reasonable to collect the delinquent tax. By mutual agreement, the county treasurer may use the services of the district court or the central collection unit of the county to effect collection. In addition, by inclusion and not limitation, the county treasurer may request a writ of execution to enforce any tax judgment or may levy and seize property under authority

granted by this section. Taxes may be collected by the county treasurer within five years after the date of assessment of the tax, or if a lien has been filed, within the period the lien is enforceable, or if the tax judgment has been filed, within the statutory period of enforcement of a valid tax judgment, by a levy upon all property and rights to property of the person liable for the payment of the tax. However, the right to levy does not extend to property that is exempt from execution under sections 550.37, 550.38, and 550.39, but manufactured homes otherwise exempt per section 550.37, subdivision 12, are subject to levy and sale under this section. The term "levy" includes the power of distraint and seizure by any means. For this purpose, the term "tax" includes penalty, interest, and costs properly payable.

Subd. 2. [NOTICE AND DEMAND; JEOPARDY COLLECTION.] At least 30 days before a levy is made, notice and demand for payment of the amount due must be given to the person liable for the payment or collection of the tax. If the county treasurer has reason to believe that collection of the tax is in jeopardy, notice and demand for immediate payment of the tax may be made by the county treasurer. If the tax is not paid, the county treasurer may proceed to collect by levy without regard to the 30-day period or the due date.

If collection of tax on personal property or manufactured homes is in jeopardy because of removal from the county or other reasons before the time that the taxes are calculated for the property for the current tax year, the county auditor shall immediately determine the amount of tax by applying the latest available levy rate and market value and shall notify the county treasurer of the amount of tax in jeopardy. The county treasurer may levy and seize the property without regard to prior notice or due date.

The notice required under this subdivision must be sent to the taxpayer's last known address and must include a brief statement that states in simple and nontechnical terms: (1) the administrative appeals available to the taxpayer with respect to the levy and sale; and (2) the alternatives available to the taxpayer that can prevent a levy, including an installment payment agreement under section 277.23.

Subd. 3. [MANNER OF EXECUTION AND SALE.] In making the execution of the levy and in collecting the taxes due, the county treasurer has all of the powers in chapter 550 and in any other law for purposes of effecting an execution against property in this state. The sale of property levied upon, and the time and manner of redemption therefrom, must be consistent with authority granted to the commissioner of revenue to collect state taxes under sections 270.70 to 270.709. The seal of the court, subscribed by the court administrator, as provided in section 550.04, is not required. The

levy for collection of taxes may be made, whether or not a legal action for collection of the taxes has been commenced.

Subd. 4. [STAY OF SALE.] (a) Except for a jeopardy collection under subdivision 2, property shall not be seized for collection of tax until the time has expired for filing an appeal of the assessment with the tax court under chapter 277, or section 274.19 in the case of a manufactured home. If a jeopardy assessment has been made, the owner may file an appeal with the tax court within 30 days after the notice of assessment is issued by the county. The notice shall advise the owner of the right of appeal. If a timely appeal has been filed, no sale may be made unless the taxes remain unpaid for a period of more than 30 days after final determination of the appeal by the tax court or by the appropriate judicial forum.

(b) Notwithstanding paragraph (a), seized property may be sold if:

(1) the taxpayer consents in writing to the sale; or

(2) the county treasurer determines that the property is perishable or may become greatly reduced in price or value by keeping, or that the property cannot be kept without great expense.

Subd. 5. [PROBATE COURT JURISDICTION.] If a levy has been made to collect taxes under this section and the property seized is properly included in a formal proceeding commenced under sections 524.3-401 to 524.3-505 and maintained under full supervision of the court, the property may not be sold until the probate proceedings are completed or until the court so orders.

Subd. 6. [BOND OR SECURITY TO RELEASE A SEIZURE.] The property seized must be returned to the owner if the owner gives a surety bond equal to the appraised value of the owner's interest in the property, or deposits with the county treasurer security in a form and amount that is necessary to ensure payment of the liability, but not more than twice the liability.

Subd. 7. [INJUNCTION.] Notwithstanding any other provision to the contrary, if a levy or sale under this section would irreparably injure rights in property that the court determines to be superior to rights of the taxing districts in the property, the district court may grant an injunction to prohibit the enforcement of the levy or to prohibit a sale.

Subd. 8. [PERSONAL LIABILITY.] A person who fails or refuses to surrender without reasonable cause any property or rights to property subject to levy, upon demand by the county treasurer, is personally liable to the treasurer in an amount equal to the value of the property or rights not so surrendered, but not exceeding the amount of taxes for the collection of which the levy has been made.

Any amount recovered under this subdivision must be credited against the tax liability for the collection of which the levy was made.

Subd. 9. [PENALTY.] In addition to the personal liability imposed by subdivision 8, if a person required to surrender property or rights to property fails or refuses to surrender the property or rights to property without reasonable cause, the person is liable for a penalty equal to 25 percent of the amount recoverable under subdivision 8. No part of the penalty may be credited against the tax liability for the collection of which the levy was made.

Subd. 10. [PERSON DEFINED.] The term "person" as used in subdivision 8 includes an officer or employee of a corporation or a member or employee of a partnership who, as an officer, employee, or member is under a duty to surrender the property or rights to property or to discharge the obligation. The county attorney shall take appropriate action against any person who has failed to comply with subdivision 8 or 9.

Subd. 11. [OPTIONAL REMEDY.] An action taken by the county treasurer under this section does not constitute an election to pursue a remedy to the exclusion of any other remedy.

Subd. 12. [EQUITABLE RELIEF.] Upon the seizure of property of a person, that person may, upon giving 48-hours notice to the county treasurer and to the court, bring a claim for equitable relief before the district court for the release of the property to the taxpayer upon terms and conditions the court considers equitable.

Subd. 13. [LEVY AND SALE BY SHERIFF.] If a tax collectible under this chapter is not paid as provided in subdivision 1 or 2, the county treasurer may, within the time prescribed for collection in subdivision 1, delegate authority by issuing a warrant to the sheriff of a county in the state of Minnesota directing the sheriff as the county treasurer's agent to levy on and sell the real and personal property of the person liable for the payment of the tax and to return the warrant and pay to the county treasurer the money collected within 120 days from the date of the warrant.

The sheriff shall proceed under authority of the warrant to levy on and seize any property and rights to property in the county belonging to the person liable for the payment of the tax, except that the right to levy and seizure does not extend to property that is exempt from execution under sections 550.37, 550.38, and 550.39, but manufactured homes otherwise exempt under section 550.37, subdivision 12, are subject to levy under this section. The sheriff shall sell so much of the property levied on as is necessary to satisfy the amount of the warrant and the sheriff's costs.

Sales procedures, and the time and manner of redemption from

them, must be consistent with the procedures in sections 270.701 to 270.709 for warrants issued by the commissioner of revenue. The sale proceeds, less the sheriff's costs, must be turned over to the county treasurer who issued the warrant. The proceeds must be applied as provided in section 270.708.

Subd. 14. [PRIORITY OF LEVY.] Notwithstanding section 52.12, a levy by the county treasurer made under this section on a taxpayer's funds on deposit in a financial institution located in this state, has priority over an unexercised right of setoff of the financial institution to apply the levied funds toward the balance of an outstanding loan or loans owed by the taxpayer to the financial institution. A claim by the financial institution that it exercised its right to setoff before the levy must be substantiated by evidence of the date of the setoff, and must be verified by the sworn statement of a responsible corporate officer of the financial institution. Furthermore, for purposes of determining the priority of a levy made under this section, the levy must be treated as if it were an execution made under chapter 550.

Subd. 15. [EFFECT OF HONORING LEVY.] A person in possession of, or obligated with respect to, property or rights to property subject to levy on which a levy has been made who, upon demand by the county treasurer or agent, surrenders the property or rights to property, or pays a liability under subdivision 8, must be discharged from any obligation or liability to the person liable for the payment or collection of the delinquent tax with respect to the property or rights to property so surrendered or paid.

Subd. 16. [NOTICE OF LEVY.] Notwithstanding any other law to the contrary, the notice of a levy authorized by this section may be served by mail or by delivery by an employee or agent of the county treasurer.

Sec. 6. [277.22] [ADJUSTMENT OF TAX LIABILITY.]

If the amount of tax determined under section 277.21, subdivision 2, is greater than the corrected tax computed by applying the proper value and levy rate, the excess must be refunded to the person paying the tax. If the amount paid is less, the deficiency must be collected in the same manner as other personal property taxes not collected.

Sec. 7. [277.23] [CONFESSION OF JUDGMENT FOR HOMESTEAD.]

Subdivision 1. [PROCEDURE.] The owner or another person having an interest in a manufactured home classified and taxed as a homestead may confess judgment and pay the delinquent personal property tax on the manufactured home in installments in the general manner provided in section 279.37 for real property tax. The

provisions of section 279.37 apply to these confessions of judgment and installment payments, except as otherwise provided in this section. A down payment must be tendered of 20 percent of the amount of taxes, costs, penalty, and interest accrued to the date of tender. The balance of the judgment must be paid in four equal annual installments, plus interest on the unpaid balance as provided in this chapter.

The confession of judgment must be substantially in the following form:

“To the court administrator of the district court of county:

Name of taxpayer:

Location of manufactured home (county):

Description of property:

Tax Year
(start with the most
recent tax year in
which you owe taxes)

Amount due
(total of delinquent
taxes, costs, interest,
and penalty)

.....
.....
.....
.....
.....
.....

.....
.....
.....
.....
.....
.....

I am the owner of the manufactured home described above.

I offer to confess judgment on the following amount of the delinquent taxes on the property named above:

Amount to be paid: \$.....

I direct the court to enter judgment for that amount.

I waive all irregularities in the tax proceedings affecting these taxes, and I waive any defense or objection I may have to them.

I agree to pay 20 percent of the total amount now.

Amount paid now: \$.....

I agree to pay the balance of the amount in four equal annual installments. I agree to pay each installment on or before December 31 of each year after the year in which I file this form.

I agree to pay interest as provided in Minnesota Statutes, chapter 277. I agree that the interest is payable annually on the installments remaining unpaid.

I agree to pay current taxes each year before they become delinquent, unless I contest the taxes under Minnesota Statutes, chapter 277. If I do contest them, I agree to pay the amount decided by the tax court within 30 days after the court enters its final judgment in the proceedings.

Date:

Signature of taxpayer:"

Upon receipt of the signed confession of judgment and the required payment, the county treasurer shall file the confession of judgment with the court administrator of the district court. When entered by the court administrator, the judgment has the same force and effect of other civil judgments in personam.

Subd. 2. [BILLING.] The county treasurer shall give notice by mail before December 1 of each year to the person making a confession of judgment at the address given in it of the payment due under the confession on the following December 31. If the county treasurer has not received the installment payment by December 31, the treasurer shall give notice by certified mail at the last known address of the person making the confession of judgment, without regard to the county or state of the person's residency. This notice must state that the property is subject to levy and sale if payment is not made for the preceding December 31 within 60 days. Failure to send or receive the notice does not postpone any payment or excuse any default under the confession of judgment. Proof of mailing must be made by the certificate of the county treasurer filed in the treasurer's office.

Subd. 3. [FEES.] The party making a confession of judgment shall pay the county treasurer a fee as set by the county board to defray the costs of processing the confession of judgment and making the annual billings required. Fees as set by the county board must be paid to the court administrator of the court for entry of judgment and for the entry of each full or partial release of the confession of judgment. Fees must be credited to the general revenue fund of the county.

Sec. 8. [277.24] [UNCOLLECTED TAXES.]

If at any time in the collection proceedings the county treasurer is satisfied that the tax cannot be collected for any reason or finds that the collection costs are excessive in comparison to the amount of tax involved, the treasurer may cancel the taxes due. A list of canceled

taxes must be kept by the treasurer for a period of six years. The list must identify the taxpayer, the amount of uncollectible liability, and the reason for uncollectibility.

Sec. 9. [STUDY.]

The department of revenue shall study the issue of taxation of manufactured homes and report its specific recommendations to the legislature by March 1, 1993. The study shall include a review of the tax escrow requirements in section 1, and recommendations on the creation and enforcement of tax liens on manufactured homes. The department shall consult with the appropriate committees of the legislature and the Minnesota state bar association in conducting this study.

Sec. 10. [REPEALER.]

Minnesota Statutes 1990, sections 272.50; 272.51; 272.52; 272.53; 277.02; 277.03; 277.05; 277.06; 277.07; 277.08; 277.09; 277.10; 277.11; 277.12; and 277.13, are repealed.

Sec. 11. [EFFECTIVE DATE.]

Section 2 is effective for taxes payable in 1992 and thereafter. Section 3 is effective for taxes becoming delinquent in 1992 and thereafter.

Sections 4 to 8 and 10 are effective January 1, 1992, but the liens shall be enforceable only for taxes payable after January 1, 1992. A levy authorized by this article may be made to collect any tax remaining unpaid on the effective date, whether or not the tax is included in a judgment. Liens arising under Minnesota Statutes, section 272.50, shall remain in force until taxes are paid, notwithstanding repeal of Minnesota Statutes, section 272.50.

ARTICLE 15
COLLECTIONS

Section 1. Minnesota Statutes 1990, section 270.274, subdivision 1, is amended to read:

Subdivision 1. [ADMINISTRATIVE REVIEW.] Within five days after a jeopardy assessment or jeopardy collection is made to assess or collect a tax administered by the commissioner of revenue, the commissioner shall provide the taxpayer with a written statement of the information relied on in making the assessment or levy. Within 30 days after the written statement is provided or, if not provided, within 35 days after the assessment or levy, the taxpayer may request the commissioner to review the action taken. After a request

for review, the commissioner shall determine whether the assessment or levy is reasonable and whether the amount assessed or demanded as a result of the action is appropriate under the circumstances.

Sec. 2. Minnesota Statutes 1990, section 270.66, subdivision 3, is amended to read:

Subd. 3. [AGENCIES SHALL MAINTAIN RECORDS.] Notwithstanding any provision to the contrary, every person, organization, or corporation doing business (hereafter called vendor) with the state of Minnesota or any of its departments, agencies, or educational institutions including the University of Minnesota (all hereafter called agency) shall provide that agency with either their social security number, federal taxpayer identification number, or Minnesota tax identification number. The agency shall maintain records of this information, and shall make these records available, on request, to the commissioner for the sole purpose of identifying people who have not filed state tax returns or who have not paid uncontested state tax liabilities (hereafter called delinquent taxpayer). When an agency is notified by the commissioner that a vendor is a delinquent taxpayer, payments shall not be made by the agency to the vendor until the commissioner notifies the agency that the vendor no longer is a delinquent taxpayer. Furthermore, if the vendor has an uncontested delinquent tax liability, the setoff provided in subdivision 1 may be implemented. The commissioner shall determine that a vendor no longer is a delinquent taxpayer when the vendor has filed all delinquent state tax returns, paid all uncontested state tax liabilities or entered into an agreement with the commissioner which provides for the payment of these liabilities.

Sec. 3. Minnesota Statutes 1990, section 270.68, subdivision 1, is amended to read:

Subdivision 1. [LEGAL ACTION.] In addition to all other methods authorized by law for the collection of tax, if any tax payable to the commissioner of revenue or to the department of revenue, including penalties and interest thereon, is not paid within 60 days after it is required by law to be paid, the commissioner of revenue may proceed under this subdivision. Within five years after the date of assessment of the tax, or, if the action is to renew or enforce a judgment, at any time before the judgment's expiration, the commissioner may bring an action at law against the person liable for the payment or collection of the tax, in the name of the state, for the recovery of the tax and interest and penalties due in respect thereof. The action shall be brought in the district court of the judicial district in which lies the county of the residence or principal place of business within this state of the taxpayer, or, in the case of an estate or trust, of the place of its principal administration, and for this purpose the place named as such in the return, if any, made by the taxpayer shall be conclusive against the taxpayer in this matter. If no place is named

in the return, the action may be commenced in Ramsey county. The action shall be commenced by filing with the court administrator a statement showing the name and address of the taxpayer, if known, an itemized summary of the taxable periods and the type of tax, the tax due and unpaid and the interest and penalties due with respect thereto under the provisions of law applicable to the tax, and shall contain a prayer that the court adjudge the taxpayer to be indebted on account of the taxes, interest, and penalties in the amount specified in the statement; a copy of the statement shall be furnished to the court administrator therewith. The court administrator shall mail a copy of the statement by certified mail to the taxpayer at the address given in the return, if any; and to the taxpayer's last known address, within five days after the same is filed, except that, if the taxpayer's address is not known, notice shall be made by posting a copy of the statement for ten days in the place in the courthouse where public notices are regularly posted. To litigate the claim, or any part of it, the taxpayer shall serve an answer upon the commissioner on or before the 20th day after the date of mailing the statement; or, if notice has been given by posting, on or before the 20th day after the expiration of the period during which the notice was required to be posted. If no answer is served within the specified time, the court administrator, upon the filing of an affidavit of default, shall enter judgment for the state in the amount prayed for, plus costs of \$10. If an answer is filed, the issues raised shall stand for trial as soon as possible after the filing of the answer, and the court shall determine the issues and direct judgment accordingly; and, if the taxes, interest, or penalties are sustained to any extent over the amount rendered by the taxpayer, shall assess \$10 costs against the taxpayer. The court shall disregard all technicalities and matters of form not affecting the substantial merits. The commissioner may call upon the county attorney or the attorney general to conduct the proceedings on behalf of the state. If a proceeding is referred to a county attorney, and the county attorney fails to issue or cause to be issued an indictment or criminal complaint within 30 days after the referral by the commissioner, the attorney general may conduct the proceeding. Execution shall be issued upon the judgment at the request of the commissioner, and the execution shall, in all other respects, be governed by the laws applicable to executions issued on judgments. Only the homestead and household goods of the judgment debtor shall be exempt from seizure and sale upon the execution.

In addition to the procedure in this subdivision, legal action may be commenced by the commissioner in district court in the same manner or venue as any other civil action.

Sec. 4. Minnesota Statutes 1990, section 270.69, is amended by adding a subdivision to read:

Subd. 13. [FORTY-FIVE DAY RULE.] A notice of tax lien filed under this section has priority over a security interest arising under

article 9 of the Uniform Commercial Code, codified as sections 336.9-101 to 336.9-508, that is perfected before the date of filing of the lien imposed by this section, but only if:

(1) the perfected security interest secures property acquired by the taxpayer or advances made by the secured party after the notice of tax lien is filed; and

(2) the property is acquired or the advance is made after the 45th day following the day on which the notice of tax lien is filed, or after the secured party has actual notice or knowledge of the tax lien filing, whichever is earlier.

Sec. 5. Minnesota Statutes 1990, section 270.70, subdivision 10, is amended to read:

Subd. 10. [PERSON DEFINED.] The term "person" as used in subdivision 8 includes an officer or employee of a corporation or a member or employee of a partnership who, as such officer, employee or member is under a duty to surrender the property or rights to property or to discharge the obligation. The personal liability imposed by subdivision 8 and the penalty imposed by subdivision 9 may, after demand to honor a levy has been made, be assessed by the commissioner within 60 days after service of the levy demand. An assessing tax order under this subdivision shall be appealable to the tax court without payment of the tax, penalty, or interest in the manner provided by law, but an appeal shall not preclude the commissioner from exercising any collection action the commissioner deems necessary to preserve the interests of the state while the matter is pending.

Sec. 6. Minnesota Statutes 1990, section 270.703, subdivision 2, is amended to read:

Subd. 2. [REDEMPTION OF REAL ESTATE AFTER SALE.] The owners of any real property sold as provided in this section, their heirs, executors, or administrators, or any person having any interest therein, or a lien thereon, or any person in their behalf, shall be permitted to redeem the property sold, or any particular tract of the property, at any time within 6 months, or in case the real property sold exceeds 10 acres in size, at any time within 12 months, after the sale thereof. The property or tract of property shall be permitted to be redeemed upon payment to the purchaser (or if not found in the county in which the property to be redeemed is situated, then to the commissioner, for the use of the purchaser, or the purchaser's heirs or assigns) of the amount paid by the purchaser together with interest at the rate specified in section ~~549.09~~ from the date of the sale 20 percent per annum.

Sec. 7. Minnesota Statutes 1990, section 270.75, subdivision 4, is amended to read:

Subd. 4. There shall be added to the amount of any underpayment of estimated income tax, computed pursuant to chapter ~~290~~ 289A, an amount in lieu of interest. The amount in lieu of interest for that taxable year shall be the amount determined in subdivision 5 for January 1 on which begins the taxable year or precedes the beginning of the taxable year. The amount in lieu of interest does not bear interest after the due date of the return for that taxable year.

Sec. 8. Minnesota Statutes 1990, section 289A.37, subdivision 1, is amended to read:

Subdivision 1. [ORDER OF ASSESSMENT; NOTICE AND DEMAND TO TAXPAYER.] (a) When a return has been filed and the commissioner determines that the tax disclosed by the return is different than the tax determined by the examination, the commissioner shall send an order of assessment to the taxpayer. When no return has been filed, the commissioner may make a return for the taxpayer under section 289A.35 or may send an order of assessment under this subdivision. The order must explain the basis for the assessment and must explain the taxpayer's appeal rights. An order of assessment is final when made but may be reconsidered by the commissioner under section 289A.65.

(b) An amount of unpaid tax shown on the order must be paid to the commissioner: (1) within 60 days after notice of the amount and demand for its payment have been mailed to the taxpayer by the commissioner; or (2) if an administrative appeal is filed under section 289A.65, within 60 days following the determination of the appeal.

Sec. 9. Minnesota Statutes 1990, section 289A.42, subdivision 1, is amended to read:

Subdivision 1. [EXTENSION AGREEMENT.] If before the expiration of time prescribed in sections 289A.38 and 289A.40 for the assessment of tax or the filing of a claim for refund, both the commissioner and the taxpayer have consented in writing to the assessment or filing of a claim for refund after that time, the tax may be assessed or the claim for refund filed at any time before the expiration of the agreed upon period. The period may be extended by later agreements in writing before the expiration of the period previously agreed upon. The taxpayer and the commissioner may also agree to extend the period for collection of the tax.

Sec. 10. Minnesota Statutes 1990, section 289A.60, is amended by adding a subdivision to read:

Subd. 20. [PENALTY FOR PROMOTING ABUSIVE TAX SHELTERS.] Any person who:

(1)(i) organizes or assists in the organization of a partnership or other entity, an investment plan or arrangement, or any other plan or arrangement, or (ii) participates in the sale of any interest in an entity or plan or arrangement referred to in clause (i); and

(2) makes or furnishes in connection with the organization or sale a statement with respect to the allowability of a deduction or credit, the excludability of income, or the securing of any other tax benefit by reason of holding an interest in the entity or participating in the plan or arrangement that the person knows or has reason to know is false or fraudulent concerning any material matter, shall pay a penalty equal to the greater of \$1,000 or 20 percent of the gross income derived or to be derived by the person from the activity.

The penalty imposed by this subdivision is in addition to any other penalty provided by this section. The penalty must be collected in the same manner as any delinquent income tax. In a proceeding involving the issue of whether or not any person is liable for this penalty, the burden of proof is upon the commissioner.

Sec. 11. Minnesota Statutes 1990, section 290.92, is amended by adding a subdivision to read:

Section 1. Minnesota Statutes 1990, section 115B.24, subdivision 2, is amended to read:

Subd. 2. [DECLARATIONS OF ESTIMATED TAX.] For 1983, every generator of hazardous waste required to pay a tax pursuant to section 115B.22 shall make a declaration of estimated hazardous waste generated for the last six months of calendar year 1983 if the tax can reasonably be estimated to exceed \$500. The declaration of the estimated tax shall be filed by October 15, 1983. The amount of estimated tax with respect to which a declaration is required shall be paid in two equal installments by October 15, 1983 and January 15, 1984. For 1984 and subsequent years, every generator of hazardous waste required to pay a tax pursuant to section 115B.22 shall make a declaration of estimated hazardous waste generated for the calendar year if the tax can reasonably be expected to be in excess of \$1,000. The declaration of estimated tax shall be filed by March 15. The amount of estimated tax with respect to which a declaration is required shall be paid in four equal installments on or before the 15th day of March, June, September, and December.

An amendment of a declaration may be filed in any interval between installment dates prescribed above but only one amendment may be filed in each interval. If an amendment of a declaration is filed, the amount of each remaining installment shall be the amount which would have been payable if the new estimate had been made when the first estimate for the calendar year was made, increased or decreased, as the case may be, by the amount computed by dividing

(1) the difference between (A) the amount of estimated tax required to be paid before the date on which the amendment was made, and (B) the amount of estimated tax which would have been required to be paid before that date if the new estimate had been made when the first estimate was made, by

(2) the number of installments remaining to be paid on or after the date on which the amendment is made.

The commissioner of revenue may grant a reasonable extension of time for filing any declaration but the extension shall not be for more than six months.

If the aggregate amount of estimated tax payments made during

a fiscal year ending June 30 is equal to or exceeds \$80,000, all estimated tax payments in the subsequent calendar year must be paid by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the estimated tax payment is due. If the date the estimated tax payment is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the estimated tax payment is due.

Sec. 2. Minnesota Statutes 1990, section 289A.20, subdivision 1, is amended to read:

Subdivision 1. [INDIVIDUAL INCOME, FIDUCIARY INCOME, CORPORATE FRANCHISE, AND ENTERTAINMENT TAXES.] (a) Individual income, fiduciary, and corporate franchise taxes must be paid to the commissioner on or before the date the return must be filed under section 289A.18, subdivision 1, or the extended due date as provided in section 289A.19, unless an earlier date for payment is provided.

Notwithstanding any other law, a taxpayer whose unpaid liability for income or corporate franchise taxes, as reflected upon the return, is \$1 or less need not pay the tax.

A corporation required to make estimated tax payments by means of an electronic funds transfer must also make the payment with the return in accordance with section 289A.26, subdivision 2a.

(b) Entertainment taxes must be paid on or before the date the return must be filed under section 289A.18, subdivision 1.

Sec. 3. Minnesota Statutes 1990, section 289A.20, subdivision 2, is amended to read:

Subd. 2. [WITHHOLDING FROM WAGES, ENTERTAINER WITHHOLDING, WITHHOLDING FROM PAYMENTS TO OUT-OF-STATE CONTRACTORS, AND WITHHOLDING BY PARTNERSHIPS AND SMALL BUSINESS CORPORATIONS.] (a) A tax required to be deducted and withheld during the quarterly period must be paid on or before the last day of the month following the close of the quarterly period, unless an earlier time for payment is provided. A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships and S corporations must be paid on or before the date the return must be filed under section 289A.18, subdivision 2.

(b)(1) Unless clause (2) applies, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax withheld during that quarter under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, exceeds \$500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month. (2) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is \$3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. For purposes of this clause, the term "eighth-monthly period" means the first three days of a calendar month, the fourth day through the seventh day of a calendar month, the eighth day through the 11th day of a calendar month, the 12th day through the 15th day of a calendar month, the 16th day through the 19th day of a calendar month, the 20th day through the 22nd day of a calendar month, the 23rd day through the 25th day of a calendar month, or the part of a calendar month following the 25th day of the month.

(c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(e) If the aggregate amount of the tax withheld during a fiscal year ending June 30 under section 290.92, subdivision 2a or 3, is equal to or exceeds \$240,000, the employer must remit each required deposit in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the deposit is due. If the date the deposit is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the deposit is due.

(1) On or before June 20 of the year, the vendor must remit the actual May liability and one-half of the estimated June liability to the commissioner.

(2) On or before August 20 of the year, the vendor must pay any additional amount of tax not remitted in June.

UNIFORM RECORDING OF STATE AND
FEDERAL TAX LIENS

Section 1. Minnesota Statutes 1990, section 268.161, subdivision 1, is amended to read:

Subdivision 1. [LIEN.] (a) Any contributions, benefit overpayments, or reimbursements due under this chapter and interest and penalties imposed with respect thereto, shall become a lien upon all the property, within this state, both real and personal, of the person liable therefor, from the date of assessment of the contribution, benefit overpayment, or reimbursement. The term "date of assessment" means the date a report was due or the payment due date of the notice of benefits charged to a reimbursable account.

(b)(1) The lien imposed by this section is not enforceable against any purchaser, mortgagee, pledgee, holder of a uniform commercial code security interest, mechanic's lien, or judgment lien creditor, until a notice of lien has been filed by the commissioner in the office of the county recorder of the county in which the property is situated, or in the case of personal property belonging to an individual who is not a resident of the state, or which is a corporation, partnership, or other organization, in the office of the secretary of state. When the filing of the notice of lien is made in the office of the county recorder, the fee for filing and indexing shall be as prescribed in sections 272.483 and 272.484.

(2) Notices of liens, lien renewals, and lien releases, in a form prescribed by the commissioner of jobs and training, may be filed with the county recorder or the secretary of state by mail, personal delivery, or by electronic transmission by the commissioner or a delegate into the computerized filing system of the secretary of state authorized under section 336.9-411. The secretary of state shall

transmit the notice electronically to the office of the county recorder, if that is the place of filing, in the county or counties shown on the computer entry. The filing officer, whether the county recorder or the secretary of state, shall endorse and index a printout of the notice in the same manner as if the notice had been mailed or delivered.

(3) County recorders and the secretary of state shall enter information relative to lien notices, renewals, and releases filed in their offices into the central data base of the secretary of state. For notices filed electronically with the county recorders, the date and time of receipt of the notice and county recorder's file number, and for notices filed electronically with the secretary of state, the secretary of state's recording information, must be entered by the filing officer into the central data base before the close of the working day following the day of the original data entry by the department of jobs and training.

(c) The lien imposed on personal property by this section, even though properly filed, is not enforceable against a purchaser with respect to tangible personal property purchased at retail or as against the personal property listed as exempt in sections 550.37, 550.38 and 550.39.

(d) A notice of tax lien filed pursuant to this section has priority over any security interest arising under chapter 336, article 9, which is perfected prior in time to the lien imposed by this section, but only if:

(1) the perfected security interest secures property not in existence at the time the notice of tax lien is filed; and

(2) the property comes into existence after the 45th day following the day on which the notice of tax lien is filed, or after the secured party has actual notice or knowledge of the tax lien filing, whichever is earlier.

(e) The lien imposed by this section shall be enforceable from the time the lien arises and for ten years from the date of filing the notice of lien. A notice of lien may be renewed by the commissioner before the expiration of the ten-year period for an additional ten years. The delinquent employer must receive notice of the renewal.

(f) The lien imposed by this section shall be enforceable by levy as authorized in subdivision 8 or by judgment lien foreclosure as authorized in chapter 550.

Sec. 2. Minnesota Statutes 1990, section 270.69, subdivision 2, is amended to read:

Subd. 2. [FILING OF LIENS NECESSARY FOR ENFORCEABILITY AGAINST CERTAIN PERSONS; METHODS OF FILING; FEES.] (a) The lien imposed by subdivision 1 is not enforceable against any purchaser, mortgagee, pledgee, holder of a uniform commercial code security interest, mechanic's lienor, or judgment lien creditor whose interest has been duly perfected or is entitled to protection under applicable provisions of state law, until a notice of lien has been filed by the commissioner of revenue in the office of the county recorder of the county in which real property is situated, or in the case of personal property belonging to an individual who is not a resident of this state or to a corporation, partnership, or other organization, in the office of the secretary of state, or in the case of personal property belonging to a resident individual, in the office of the county recorder of the county of residence of the individual. Notwithstanding any other law to the contrary, the department of revenue is exempt from the payment of fees at the time the lien is offered for filing or recording. The fee for filing or recording the lien must be paid at the time the release of lien is offered for filing or recording. Notwithstanding any law to the contrary, the fee for filing or recording the lien or the release of lien is \$15.

(b)(1) Notices of liens, and lien releases, transcriptions, and renewals, in a form prescribed by the commissioner of revenue, may be filed with the county recorder or the secretary of state by mail, personal delivery, or by electronic transmission by the commissioner or a delegate into the computerized filing system of the secretary of state authorized under section 336.9-411. The secretary of state shall transmit the notice electronically to the office of the county recorder, if that is the place of filing, in the county or counties shown on the computer entry. The filing officer, whether the county recorder or the secretary of state, shall endorse and index a printout of the notice in the same manner as if the notice had been mailed or delivered.

(2) County recorders and the secretary of state shall enter information relative to lien notices, transcriptions, renewals, and releases filed in their offices into the central data base of the secretary of state. For notices filed electronically with the county recorders, the date and time of receipt of the notice and county recorder's file number, and for notices filed electronically with the secretary of state, the secretary of state's recording information, must be entered by the filing officer into the central data base before the close of the working day following the day of the original data entry by the department of revenue.

The filing and indexing of all notices must be in accordance with the filing and indexing of notices of federal liens, certificates of release, and refiled notices under section 272.483.

(c) Notwithstanding any other law to the contrary, the department of revenue is exempt from payment of fees when a lien, lien

renewal, or lien transcription is offered for recording. ARTICLE 19

REVERSE MORTGAGES

Section 1. Minnesota Statutes 1990, section 47.58, subdivision 6, is amended to read:

Subd. 6. [TAXES; INSURANCE.] The borrower shall pay real estate taxes, assessments and insurance premiums on the property securing the loan, and the lender may require the borrower to provide evidence of payment. Mortgage registry tax required under sections 287.01 to 287.12 must be paid at the time of the recording or registering of the original reverse mortgage. If the borrower does not make timely payment the lender may pay taxes, assessments, insurance premiums and other similar charges for the protection of the property securing its loan and may add these payments to the outstanding loan balance if not repaid by the borrower within 60 days after the borrower receives notice that the lender has made the payment.

Sec. 2. Minnesota Statutes 1990, section 287.05, is amended to read:

287.05 [TAX ON RECORDATION OR REGISTRATION; SUPPLEMENTAL MORTGAGES.]

Subdivision 1. [TAX IMPOSED.] A tax of 23 cents is imposed upon each \$100, or fraction thereof, of the principal debt or obligation which is or may be secured by any mortgage of real property situated within the state executed, delivered, and recorded or registered; provided, however, that the tax shall be imposed but once upon any mortgage and extension thereof. If the mortgage describes real estate situated outside of this state, the tax shall be imposed upon that proportion of the whole debt secured thereby as the value of the real estate therein described situated in this state bears to the value of the whole of the real estate described therein. The tax imposed by this section shall not apply to a contract for the conveyance of any interest in real estate.

Subd. 2. [SUPPLEMENTAL MORTGAGES.] Any supplemental mortgage, not including revisions to a reverse mortgage as described under subdivision 6, securing a portion or all of the same indebtedness, whether or not additional security is included, shall be taxed in the following manner:

(a) Any additional indebtedness shall be taxed on the ratio that

the value of the real estate therein described in this state bears to the value of the whole of the real estate described therein.

(b) If there is no additional indebtedness but the percentage of the Minnesota real estate as compared to the total real estate secured by the previous mortgage is increased, the tax shall be recomputed and paid on the remaining indebtedness multiplied by the difference between that percentage of Minnesota real estate included in the supplemental mortgage and that percentage included in any previous mortgage.

(c) In the event of both an increase in the indebtedness and a change in the Minnesota percentage of real estate given as security, the tax shall be recomputed on the portion representing new indebtedness in the manner provided in (a) and in the event of an increase in the percentage of Minnesota property included as security, the tax shall be computed on the remaining portion of the indebtedness as provided in (b).

Subd. 3. [REVOLVING LINES OF CREDIT.] When a mortgage, including a reverse mortgage, secures a revolving line of credit under which advances, payments, and readvances may be made from time to time, the tax imposed under subdivision 1 shall be paid on the maximum amount of the line of credit which may be secured at any one time, as expressed in the mortgage, regardless of the time or amount of advances, payments, or readvances.

Subd. 4. [ADVANCES BY MORTGAGEE.] No tax under subdivision 1 shall be paid on the indeterminate amount which may be advanced by the mortgagee in protection of the mortgaged premises or the mortgage, including taxes, assessments, charges, claims, fines, impositions, insurance premiums, amounts due upon prior or superior mortgages and other prior or superior liens, encumbrances and interests, and legal expenses and attorneys' fees.

Subd. 5. [INDETERMINATE AMOUNTS.] When a mortgage secures an indeterminate amount other than those described in subdivision 3 ~~or~~ 4, or 6, no tax shall be paid at the time the mortgage is recorded or registered, but the tax must be paid at the time of recording or filing an affidavit stating the amount and time of the actual advance.

Subd. 6. [REVERSE MORTGAGES.] If real property secures a reverse mortgage, the principal debt or obligation to which mortgage registry tax applies is the expected total disbursements or cash equivalent to be made under the terms of the loan. Interest accruing on the disbursements made is not subject to mortgage registry tax. In the case of periodic payments made for an indefinite length of time, the expected total disbursements must equal the product of the periodic payment amounts and the number of payments and, if applicable, the amount of cash distribution or its equivalent. The

number of payments must be based upon the life expectancy assumption used in determining the payment amount. In the case of reverse mortgages made as part of the Housing and Community Development Act of 1987, section 255 of the National Housing Act, and administered by the Department of Housing and Urban Development (HUD), mortgage registry tax must not be assessed on Federal Housing Administration mortgage insurance premiums, monthly lender service fees, or payments to be distributed to the borrower by HUD.

Proof of financial responsibility is required of the operator or owner of a facility receiving an original permit or a permit for expansion after adoption of the rules. Within 180 days of the effective date of the rules or by July 1, 1987, whichever is later, proof of financial responsibility is required of an operator or owner of a facility with a remaining capacity of more than five years or 500,000 cubic yards that is in operation at the time the rules are adopted. (c) Counties shall comply with existing financial responsibility rules until those rules are amended under paragraph (b), and, after that time, counties shall comply with the amended rules. The method for proving financial responsibility developed under paragraph (b) may not be applied to a new solid waste disposal facility or to expansion of an existing facility, unless the expansion is a vertical expansion. Sec. 5. [270.0604] [REVENUE NOTICES.]

Subdivision 1. [AUTHORITY.] The commissioner of revenue may make, adopt, and publish interpretive revenue notices. A "revenue notice" is a policy statement that has been published pursuant to subdivision 5 and that provides interpretation, details, or supplementary information concerning the application of law or rules. Revenue notices are published for the information and guidance of taxpayers, the department of revenue, and others concerned.

Subd. 2. [EFFECT.] Revenue notices do not have the force and effect of law and have no precedential effect, but may be relied on by taxpayers until revoked or modified. A notice may be expressly revoked or modified by the department, by the issuance of a revenue notice, but may not be revoked or modified retroactively to the detriment of the taxpayers. A change in the law or an interpretation of the law occurring after the revenue notice is issued, whether in the form of a statute, court decision, administrative rule, or revenue notice, results in revocation or modification of the notice to the extent that the change affects the notice.

Subd. 3. [RETROACTIVITY.] Revenue notices are generally interpretive of existing law and therefore are retroactive to the effective date of the applicable law provision unless otherwise stated in the notice.

Subd. 4. [ISSUANCE.] The issuance of revenue notices is at the discretion of the commissioner of revenue. The commissioner shall establish procedures governing the issuance of revenue notices and tax information bulletins.

Subd. 6. [APPLICABILITY.] This section does not apply to property tax law.

Sec. 6. [270.0605] [TAX INFORMATION BULLETINS.]

The commissioner of revenue may issue tax information bulletins. "Tax information bulletins" are informational guides to enable taxpayers to become more familiar with Minnesota tax laws and their rights and responsibilities under the tax laws. Nothing con-

Sec. 7. Minnesota Statutes 1990, section 270.067, subdivision 1, is amended to read:

Subdivision 1. [STATEMENT OF PURPOSE.] State governmental policy objectives are sought to be achieved both by direct expenditure of governmental funds and by the granting of special and selective tax relief or tax expenditures. Both direct expenditures of governmental funds and tax expenditures have an effect on the ability of the state and local governments to lower tax rates or to increase expenditures. As a result, tax expenditures should receive a regular and comprehensive review by the legislature as to (a) their total cost, (b) their effectiveness in achieving their objectives, (c) their effect on the fairness and equity of the distribution of the tax burden, and (d) the public and private cost of administering tax expenditure financed programs. This section is intended to facilitate a regular review of the state and local tax expenditure budget by the legislature by providing for the preparation of a regular biennial tax expenditure budget.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. [CITATION.]

This act may be cited as the “wetland enhancement, preservation, and protection act of 1991.”

Sec. 2. Minnesota Statutes 1990, section 103A.201, is amended to read:

103A.201 [REGULATORY POLICY.]

Subdivision 1. [POLICY.] To conserve and use water resources of the state in the best interests of its people, and to promote the public health, safety, and welfare, it is the policy of the state that:

(1) subject to existing rights, public waters are subject to the control of the state;

(2) the state, to the extent provided by law, shall control the appropriation and use of waters of the state; and

(3) the state shall control and supervise activity that changes or will change the course, current, or cross section of public waters, including the construction, reconstruction, repair, removal, abandonment, alteration, or the transfer of ownership of dams, reservoirs, control structures, and waterway obstructions in public waters.

Subd. 2. [WETLANDS FINDINGS; PUBLIC INTEREST.] (a) Wetlands identified in the state under section 12 and the United States Fish and Wildlife Service National Wetland Inventory maps do not:

(1) grant the public additional or greater right of access to the wetlands;

(2) diminish the right of ownership or usage of the beds underlying the wetlands, except as otherwise provided by law;

(3) affect state law forbidding trespass on private lands; and

(4) require the commissioner to acquire access to the wetlands.

(b) The legislature finds that the wetlands of Minnesota provide public value by conserving surface waters, maintaining and improving water quality, preserving wildlife habitat, providing recreational opportunities, reducing runoff, providing for floodwater retention, reducing stream sedimentation, contributing to improved subsurface moisture, helping moderate climatic change, and enhancing the natural beauty of the landscape, and are important to comprehensive water management, and that it is in the public interest to:

(1) achieve no net loss in the quantity, quality, and biological diversity of Minnesota's existing wetlands;

(2) increase the quantity, quality, and biological diversity of Minnesota's wetlands by restoring or enhancing diminished or drained wetlands;

(3) avoid direct or indirect impacts from activities that destroy or diminish the quantity, quality, and biological diversity of wetlands; and

(4) mitigate where avoidance of activity is not feasible and prudent.

Sec. 3. Minnesota Statutes 1990, section 103B.311, subdivision 6, is amended to read:

Subd. 6. [SCOPE OF PLANS.] Comprehensive water plans must include:

(1) a description of the existing and expected changes to physical environment, land use, and development in the county;

(2) available information about the surface water, groundwater, and related land resources in the county, including existing and potential distribution, availability, quality, and use;

(3) objectives for future development, use, and conservation of water and related land resources, including objectives that concern water quality and quantity, and sensitive areas, wellhead protection areas, and related land use conditions, and a description of actions that will be taken in affected watersheds or groundwater systems to achieve the objectives;

(4) a description of potential changes in state programs, policies, and requirements considered important by the county to management of water resources in the county;

(5) a description of conflicts between the comprehensive water plan and existing plans of other local units of government;

(6) a description of possible conflicts between the comprehensive water plan and existing or proposed comprehensive water plans of other counties in the affected watershed units or groundwater systems;

(7) the identification of high priority areas in the county for wetland restoration;

(8) a program for implementation of the plan that is consistent with the plan's management objectives and includes schedules for amending official controls and water and related land resources plans of local units of government to conform with the comprehen-

sive water plan, and the schedule, components, and expected state and local costs of any projects to implement the comprehensive water plan that may be proposed, although this does not mean that projects are required by this section; and

(8) (9) a procedure for amending the comprehensive water plan.

Sec. 4. Minnesota Statutes 1990, section 103E.701, is amended by adding a subdivision to read:

Subd. 6. [WETLAND RESTORATION AND MITIGATION.] Repair of a drainage system may include the restoration or enhancement of wetlands; wetland mitigation under section 103G.222; and the realignment of a drainage system to prevent drainage of a wetland.

Sec. 5. [103F.516] [PERMANENT WETLANDS PRESERVE.]

Subdivision 1. [EASEMENTS.] Upon application by a landowner, the board may acquire permanent easements on land containing type 1, 2, or 3 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition).

Subd. 2. [NATURE OF PROPERTY RIGHTS ACQUIRED.] (a) A permanent easement acquired must prohibit draining, ditching, tiling, filling, leveling, burning vegetation, and alteration of wildlife habitat and other natural features in the wetland, except that burning vegetation and other practices may be permitted by the commissioner of natural resources or an agent of the commissioner.

(b) A permanent easement may include one adjacent upland acre of land for each acre of wetland included.

(c) The easement must require that the landowner control noxious weeds pursuant to sections 18.171 to 18.317.

(d) The permanent easement must be conveyed to the state in recordable form free of any prior title, lien, or encumbrance and must provide for a right of entry by the state for inspection and correction of violations.

Subd. 3. [PAYMENT.] Payment for the conservation easement may be made in ten equal annual payments or, at the option of the land owner, shall be made in a lump sum at 50 percent of the township average equalized estimated market value of agricultural property as established by the commissioner of revenue at the time of easement applications.

Subd. 4. [ENFORCEMENT AND CORRECTIONS.] Enforcement

of the permanent easement or violation corrections shall be governed by section 103F.515, subdivisions 8 and 9.

Subd. 5. [AVAILABLE FUNDS.] A property owner eligible for payments under this section must receive payments to the extent that funds are available. If funds are not available and payments are not made, restrictions on the use of the property owner's wetlands are terminated under this section.

Subd. 6. [REPORT REQUIRED.] The board must report annually to the legislature on the number, types, and acres of wetlands lost and gained each year.

Sec. 6. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 6a. [BOARD.] "Board" means the board of water and soil resources.

Sec. 7. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 10a. [LOCAL GOVERNMENT UNIT.] "Local government unit" means:

(1) outside of the seven-county metropolitan area, a city council or county board of commissioners; and

(2) in the seven-county metropolitan area, a city council, a town board under section 368.01, or a watershed management organization under section 103B.211.

Sec. 8. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 11a. [MITIGATION.] "Mitigation" is the quantification and replacement of an area's size, quality, character, and diversity through restoration or creation of at least equivalent quantities in another area.

Sec. 9. Minnesota Statutes 1990, section 103G.005, subdivision 15, is amended to read:

Subd. 15. [PUBLIC WATERS.] (a) "Public waters" means:

(1) waterbasins assigned a shoreland management classification by the commissioner under sections 103F.201 to 103F.221, except wetlands less than 80 acres in size that are classified as natural environment lakes;

(2) waters of the state that have been finally determined to be public waters or navigable waters by a court of competent jurisdiction;

(3) meandered lakes, excluding lakes that have been legally drained;

(4) waterbasins previously designated by the commissioner for management for a specific purpose such as trout lakes and game lakes pursuant to applicable laws;

(5) waterbasins designated as scientific and natural areas under section 84.033;

(6) waterbasins located within and totally surrounded by publicly owned lands;

(7) waterbasins where the state of Minnesota or the federal government holds title to any of the beds or shores, unless the owner declares that the water is not necessary for the purposes of the public ownership;

(8) waterbasins where there is a publicly owned and controlled access that is intended to provide for public access to the waterbasin;

(9) natural and altered watercourses with a total drainage area greater than two square miles;

(10) natural and altered watercourses designated by the commissioner as trout streams; and

(11) public waters wetlands, unless the statute expressly states otherwise.

(b) Public waters are not determined exclusively by the proprietorship of the underlying, overlying, or surrounding land or by whether it is a body or stream of water that was navigable in fact or susceptible of being used as a highway for commerce at the time this state was admitted to the union.

Sec. 10. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 17a. [WATERSHED.] "Watershed" means the 81 major watershed units delineated by the map, "State of Minnesota Watershed Boundaries - 1979".

Sec. 11. Minnesota Statutes 1990, section 103G.005, subdivision 18, is amended to read:

Subd. 18. [PUBLIC WATERS WETLANDS.] "Public waters wetlands" means all types 3, 4, and 5 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition), not included within the definition of public waters, that are ten or more acres in size in unincorporated areas or 2-1/2 or more acres in incorporated areas, including those wetlands designated as public waters under section 103G.201.

Sec. 12. Minnesota Statutes 1990, section 103G.005, is amended by adding a subdivision to read:

Subd. 19. [WETLANDS.] "Wetlands" means lands transitional between terrestrial and aquatic systems where the water table is usually at or near the surface or the land is covered by shallow water. For purposes of this definition, wetlands must have the following three attributes:

- (1) have a predominance of hydric soils;
- (2) are inundated or saturated by surface or ground water at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and
- (3) under normal circumstances support a prevalence of such vegetation.

Sec. 13. Minnesota Statutes 1990, section 103G.221, subdivision 1, is amended to read:

~~Subdivision 1. [DRAINAGE OF WETLANDS GENERALLY PROHIBITED WITHOUT REPLACEMENT.] Except as provided in subdivisions 2 and 3, Wetlands may not be drained, and a permit authorizing drainage of wetlands may not be issued, unless the wetlands to be drained are replaced by wetlands that will have equal or greater public value.~~

Sec. 14. [103G.222] [REPLACEMENT OF WETLANDS.]

(a) Wetlands which are identified on United States Fish and Wildlife Service National Wetlands Inventory maps or revisions thereof, or which have been restored or created by public or private conservation programs, must not be drained or filled, wholly or partially, unless there are no feasible and prudent alternatives and unless replaced by restoring or creating wetland areas of at least equivalent size, quantity, character, and diversity under either a mitigation plan approved as provided in section 20 or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and

standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 20.

(b) Mitigation must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) If an agricultural wetland is located in a cultivated field, then mitigation must be accomplished through restoration only without regard to the priority order in paragraph (b).

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Any mitigation or replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 20, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish mitigation in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded.

(f) For a wetland of two acres or less, mitigation must be in the ratio of two acres of mitigated wetland for each acre of drained or filled wetland.

(g) For a wetland of more than two acres, mitigation must be in the ratio of one acre of mitigated wetland for each acre of drained or filled wetland.

(h) Mitigation on wetlands greater than one acre must use the "Minnesota Wetlands Evaluation of Methodology"; on wetlands one acre or less, mitigation must be of the same wetland type.

(i) Wetlands that are restored or created as a result of an approved mitigation plan are subject to the provisions of this section for any subsequent drainage or filling.

(j) All requests to add or delete a wetland from the application of this subdivision must be approved in the same way as provided for appeals by the committee for dispute resolution of the board of water and soil resources, and must be based on a preponderance of the evidence that the wetland does or does not comply with established criteria for inclusion in the national wetlands inventory.

Sec. 15. [103G.223] [CALCAREOUS FENS.]

Calcareous fens, as identified by the commissioner, may not be filled, drained, or otherwise degraded, wholly or partially, by any activity, unless the commissioner, under an approved management plan, decides some alteration is necessary.

Sec. 16. [84.034] [PEATLAND PROTECTION.]

Subdivision 1. [CITATION.] Sections 16 to 18 may be cited as the "Minnesota peatland protection act."

Subd. 2. [FINDINGS.] The legislature finds that certain Minnesota peatlands possess unique scientific, aesthetic, vegetative, hydrologic, geologic, wildlife, wilderness and educational values and represent the various peatland ecological types in the state. The legislature finds that it is desirable and appropriate to protect and preserve these patterned peatlands as a peatland management system through establishment and designation of certain peatland core areas as scientific and natural areas.

Subd. 3. [DEFINITIONS.] (1) Unless language or context clearly indicates that a different meaning is intended, the following terms, for the purposes of sections 16 to 18, have the meanings given to them.

(2) "Winter road" means an access route which may be used by vehicles only when the substrate is frozen.

(3) "Corridors of disturbance" means rights of way which are in existence on the effective date of this act, such as ditches, ditch banks, transmission lines, pipelines, permanent roads, winter roads, and recreational trails. The existence, on the effective date of this act, of a corridor of disturbance may be demonstrated by physical evidence, document recorded in the office of county recorder or other public official, aerial survey, or other evidence similar to the above.

(4) "State land" means land owned by the state of Minnesota and administered by the commissioner.

Subd. 4. [DESIGNATION OF PEATLAND SCIENTIFIC AND NATURAL AREAS.] Within the peatland areas described in section 17, state lands are hereby established and designated as scientific and natural areas to be preserved and managed by the commissioner in accordance with subdivision 5 and section 86A.05, subdivision 5.

Subd. 5. [ACTIVITIES IN PEATLAND SCIENTIFIC AND NATURAL AREAS.] Areas designated in subdivision 4 as peatland scientific and natural areas are subject to the following conditions:

(a) Except as provided in paragraph (b), all restrictions otherwise applicable to scientific and natural areas designated under section 86A.05, subdivision 5, apply to the surface use and to any use of the mineral estate which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas, including but not limited to, the following prohibitions:

(1) construction of any new public drainage systems after the effective date of this act or improvement or repair to a public drainage system in existence on the effective date of this act, under authority of chapter 103E, or any other alteration of surface water or ground water levels or flows unless specifically permitted under paragraph (b), clause (5) or (6);

(2) removal of peat, sand, gravel, or other industrial minerals;

(3) exploratory boring or other exploration or removal of oil, natural gas, radioactive materials or metallic minerals which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or natural features of the peatland scientific and natural areas, except in the event of a national emergency declared by Congress;

(4) commercial timber harvesting;

(5) construction of new corridors of disturbance, of the kind defined in subdivision 3, after the effective date of this act; and

(6) ditching, draining, filling, or any other activities which modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas.

(b) The following activities are allowed:

(1) recreational activities, including hunting, fishing, trapping, cross country skiing, snowshoeing, nature observation, or other

recreational activities permitted in the management plan approved by the commissioner;

(2) scientific and educational work and research;

(3) maintenance of corridors of disturbance, including survey lines, consistent with protection of the peatland ecosystem;

(4) use of corridors of disturbance unless limited by a management plan adopted by the commissioner under subdivision 6;

(5) improvements to a public drainage system in existence on the effective date of this act only when it is for the protection and maintenance of the ecological integrity of the peatland scientific and natural area and when included in a management plan adopted by the commissioner under subdivision 6;

(6) repairs to a public drainage system in existence on the effective date of this act which crosses a peatland scientific and natural area and is used for the purposes of providing a drainage outlet for lands outside of the peatland scientific and natural area, provided that there are no other feasible and prudent alternative means of providing the drainage outlet. The commissioner shall cooperate with the ditch authority in the determination of any feasible and prudent alternatives. No repairs which would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas shall be made unless approved by the commissioner;

(7) motorized uses that are engaged in, on corridors of disturbance, on or before the effective date of this act;

(8) control of forest insects, disease, and wildfires, as described in a management plan adopted by the commissioner under subdivision 6; and

(9) geological and geophysical surveys which would not significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas.

Subd. 6. [MANAGEMENT PLANS.] The commissioner shall develop a management plan for each peatland scientific and natural area designated under section 17 in a manner prescribed by section 86A.09.

Subd. 7. [ESTABLISHING BASELINE ECOLOGICAL DATA.] The commissioner shall establish baseline data on the ecology and biological diversity of peatland scientific and natural areas and

provide for ongoing, long-term ecological monitoring to determine whether changes are occurring in the peatland scientific and natural areas. This research is intended to identify any changes occurring in peatland scientific and natural areas as a result of any permitted activities outside the peatland scientific and natural areas. This baseline data may include, but is not limited to, the history of the peatlands and their geologic origins, plant and animal communities, hydrology, water chemistry, and contaminants introduced from remote sources of atmospheric deposition.

Subd. 8. [DITCH ABANDONMENTS.] In order to eliminate repairs or improvements to any public drainage system that crosses a peatland scientific and natural area in those instances where the repair or improvement adversely affects an area, the commissioner may petition for the abandonment of parts of the public drainage system under section 106A.811. If the public drainage system is necessary as a drainage outlet for lands outside of the peatland scientific and natural area, the commissioner will cooperate with the ditch authority in the development of feasible and prudent alternative means of providing a drainage outlet which avoids the crossing of and damage to the peatland scientific and natural area. In so doing, the commissioner shall grant flowage easements to the ditch authority for disposal of the outlet water on other state lands. The ditch authority shall approve the abandonment of parts of any public drainage system crossing a peatland scientific and natural area if the public drainage system crossing of those areas is not necessary as a drainage outlet for lands outside of the areas or if there are feasible and prudent alternative means of providing a drainage outlet without crossing such areas. In any abandonment under this subdivision the commissioner may enter into an agreement with the ditch authority regarding apportionment of costs and, contingent upon appropriations of money for that purpose, may agree to pay a reasonable share of the cost of abandonment.

Subd. 9. [COMPENSATION FOR TRUST FUND LANDS.] The commissioner shall acquire by exchange or eminent domain the surface interests, including peat, on trust fund lands contained in peatland scientific and natural areas established in subdivision 4.

Sec. 17. [84.035] [PEATLAND SCIENTIFIC AND NATURAL AREAS, DESIGNATION.]

The following scientific and natural areas are established and are composed of all of the core peatland areas identified on maps in the 1984 commissioner of natural resources report, "Recommendations for the Protection of Ecologically Significant Peatlands in Minnesota" and maps on file at the department of natural resources:

Subd. 3. [PEAT MINING.] Peat mining, as defined in section 93.461, is permitted subject to the mine permit and reclamation

requirements of sections 93.44 to 93.51, and the rules adopted under those restrictions, except as provided for in sections 16 to 18.

Sec. 19. [103G.2241] [EXCEPTIONS.]

Subdivision 1. [AGRICULTURAL EXEMPTIONS.] Wetlands identified in section 14 are not subject to mitigation or replacement if:

(1) the wetland is a type 1 on agricultural land, as defined in United States Fish and Wildlife Circular No. 39 (1971 edition);

(2) the wetland is type 2 and is two acres in size or less and is located on agricultural land, except for bottomland hardwood type 1 wetlands;

(3) the wetland is a wetland restored for conservation purposes under a contract or easement providing the landowner with the right to drain the restored wetland;

(4) the wetland is located between the banks of a ditch, as defined in section 103E.005, subdivision 8; or is located between the crowns of the leveled spoil banks planted with permanent grass, as provided in section 103E.021; and the wetland is drained pursuant to a ditch repair as defined in section 103E.701;

(5) the wetland is located within the right-of-way of a ditch and the filling is limited to side casting of spoil materials resulting from a ditch repair or maintenance project;

(6) the wetland has received a commenced drainage determination provided for by the federal Food Security Act of 1985, that was made to the county agricultural stabilization and conservation service office prior to September 19, 1988, and a ruling and any subsequent appeals or reviews have determined that drainage of the wetland had been commenced prior to December 23, 1985;

(7) the wetland is on agricultural land annually enrolled in the federal Food, Agricultural, Conservation, and Trade Act of 1990, as amended, and is subject to sections 1421 to 1424 of the federal act in effect on January 1, 1991, except that land enrolled in a federal farm program is eligible for easement participation for those acres not already compensated under a federal program;

(8) the wetland was created after December 23, 1985, solely as a result of beaver dam construction, or the blockage of culverts through roadways maintained by a public or private authority;

on or before the effective date of this act, whether the constriction or blockage has occurred within the wetland or at a point downstream from the wetland;

(10) the wetland was planted and harvested with annually seeded crops or was in a crop rotation seeding of pasture grasses or legumes six of the ten years prior to January 1, 1991, or is included under the federal conservation reserve program in United States Code, title 16, section 3831; or

(11) a parcel containing approximately 50 acres in Washington county described as the northeast quarter of the northwest quarter and the southeast quarter of the northwest quarter of section 32, township 29 north, range 21 west lying east of Minnesota trunk highway No. 694, and the south 466.69 feet of the west 466.69 feet of the northwest quarter of the northeast quarter of section 32, township 29 north, range 21 west.

Subd. 2. [EXEMPTION FOR APPROVED PROJECTS.] Development projects and ditch improvement projects in the state that have received preliminary or final plat approval, or infrastructure that has been installed, or having site plan approval, conditional use permits, or similar official approval by a governing body or government agency, on or before the effective date of this act are exempt from provisions of this act. In the seven-county metropolitan area and in cities of the first and second class, plat approval must be preliminary as approved by the appropriate governing body.

Subd. 3. [EXEMPTION FOR WILD RICE LANDS.] The provisions of this act do not apply to land on which wild rice is planted, grown, and harvested, or land for which a permit is acquired for the development of water impoundment structures and facilities for the growth and harvesting of wild rice.

Sec. 20. [103G.2242] [MITIGATION PLANS.]

Subdivision 1. [RULES.] (a) By December 31, 1992, the commissioner, in consultation with the commissioner of agriculture, shall adopt rules governing the approval of mitigation plans under this section. These rules must address the criteria, procedure, timing, and location of acceptable mitigation; may address the state establishment and administration of a wetland banking program for public and private projects, which may include mitigation provisions allowing monetary payment to the wetland banking program for alteration of agricultural wetlands; the methodology to be used in identifying and evaluating wetland functions; the administrative, monitoring, and enforcement procedures to be used; and a procedure for the review and appeal of decisions under this section. In the case of peatlands, the mitigation plan rules must consider the impact on carbon balance described in the report required by Laws 1990, chapter 587, and include the planting of trees or shrubs.

(b) Prior to the adoption of the commissioner's rules, a mitigation plan must be approved by a six-member review panel within 120 days of application. The review panel shall be composed of the area regional administrator for the department of natural resources, the area regional director of the pollution control agency, one board member of the local soil and water conservation district or districts within the county, one manager of the watershed district, one member of the local water planning organization who must be appointed by the county board, and the commissioner of agriculture or the commissioner's designee. Where there is no watershed district, a member of the governing board of the county or city shall be present on the review panel.

(c) The review panel must use the "Minnesota Wetland Evaluation Methodology" as the criteria for ensuring that a degraded wetland must be mitigated effectively before a mitigation plan is approved.

(d) After the adoption of the rules, the mitigation plan must be approved by a resolution of the governing body of the local government unit, consistent with the provisions of the rules.

(e) If the local government unit fails to apply the rules, the government unit is subject to penalty under law, the loss of financial assistance under section 103B.3369, subdivision 5, and the commissioner must assume authority for approval of mitigation plans within the affected jurisdiction.

(f) The commissioner must notify the board of water and soil resources and the commissioner of agriculture when assuming authority for approval of mitigation plans under paragraph (e).

Subd. 2. [EVALUATION.] Questions concerning the location, size, or type of a wetland shall be submitted to and determined by a technical evaluation panel after an on-site inspection. The technical evaluation panel shall be composed of a technical professional employee of the department of natural resources, a technical professional employee of the local soil and water conservation district or districts, and an engineer for the local government unit. The panel must consult with and be in concurrence with the United States Fish and Wildlife Service and the national wetland inventory maps. The panel shall provide the wetland determination to the authority that must approve a mitigation plan under this section, and may recommend approval or denial of the mitigation plan. The authority must consider and include the decision of the technical evaluation panel in their approval or denial of a mitigation plan.

Subd. 3. [MITIGATION COMPLETION.] Mitigation must be completed prior to or concurrent with the actual draining or filling of a wetland, or an irrevocable bank letter of credit or other security

acceptable to the local government unit must be given to the local unit to guarantee the successful completion of the mitigation.

Subd. 4. [DECISION.] Upon receiving and considering all required data, the local government unit or commissioner approving a mitigation plan must act on all applications for mitigation plan approval within 120 days.

Subd. 5. [NOTICE OF APPLICATION.] Within ten days of receiving an application for approval of a mitigation plan under this section, a copy of the application must be submitted to the commissioner for publication in the Environmental Quality Board Monitor and separate copies mailed to individual members of the public who request a copy, the board of supervisors of the soil and water conservation district, the managers of the watershed district, the board of county commissioners, the commissioner of agriculture, and the mayors of the cities within the area watershed. At the same time, the local government unit must give general notice to the public in a general circulation newspaper within the area affected.

Subd. 6. STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

May 1, 1991

The Honorable Robert E. Vanasek
Speaker of the House of Representatives
The State of Minnesota

Dear Mr. Speaker:

I have vetoed Chapter 41, House File No. 472/Senate File No. 407, a bill that proposes further regulation of high pressure pipefitting.

Chapter 41 would bring chlorine plumbing, used largely in wastewater treatment to control the growth of bacteria in sludge, under strict regulation by the Department of Labor and Industry,

and would exclude performance of this kind of work by independent contractors.

In the interest of small business development and the opportunity to open up this kind of work to more people coming out of approved technical training programs, this bill is inappropriate. Further, there is no evidence that chlorine pipefitting warrants any special control. It appears the bill recommends an improper use of state power in that it favors one group over another under the guise of safety.

Finally, it is important to point out that monitoring of safety compliance will not be at all at risk by this bill not becoming law. The Department of Labor and Industry currently regulates the general area of pipefitting and will continue to do so with all due diligence.

Sincerely,

ARNE H. CARLSON
Governor

Long moved that H. F. No. 472, together with the veto message from the Governor, be laid on the table. The motion prevailed.

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

May 12, 1991

The Honorable Robert E. Vanasek
Speaker of the House of Representatives
The State of Minnesota

Dear Mr. Speaker:

I have vetoed and am returning to you Chapter 127, House File No. 1086/Senate File No. 1009, the DFL Omnibus Tax Bill. It honors none of the principles I laid out to ensure passage of legislation that protects Minnesota taxpayers and the State's economic health.

The attached letter to the taxpayers of Minnesota explains the rationale for this veto.

I am ready to work with the Legislature, both DFL and IR

caucuses, to draft a tax bill which serves the needs of all of the citizens of Minnesota.

Sincerely,

ARNE H. CARLSON
Governor

Long moved that H. F. No. 1086, together with the veto message from the Governor, be laid on the table. The motion prevailed.

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H. F. No. 132, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H. F. No. 132 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [16B.126] [FUNDS FOR ENERGY EFFICIENT BULBS.]

State agencies in the executive, legislative, and judicial branches that purchase replacement bulbs in accordance with section 16B.61, subdivision 3, paragraph (k), must use money allocated for utility expenditures for the purchase.

Sec. 2. Minnesota Statutes 1990, section 16B.61, subdivision 3, is amended to read:

Subd. 3. [SPECIAL REQUIREMENTS.] (a) [SPACE FOR COMMUTER VANS.] The code must require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

(b) [SMOKE DETECTION DEVICES.] The code must require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.

(c) [DOORS IN NURSING HOMES AND HOSPITALS.] The state building code may not require that each door entering a sleeping or patient's room from a corridor in a nursing home or hospital with an approved complete standard automatic fire extinguishing system be constructed or maintained as self-closing or automatically closing.

(d) [CHILD CARE FACILITIES IN CHURCHES.] A licensed day care center serving fewer than 30 preschool age persons and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

(e) [FAMILY AND GROUP FAMILY DAY CARE.] The commissioner of administration shall establish a task force to determine occupancy standards specific and appropriate to family and group family day care homes and to examine hindrances to establishing day care facilities in rural Minnesota. The task force must include representatives from rural and urban building code inspectors, rural and urban fire code inspectors, rural and urban county day care licensing units, rural and urban family and group family day care providers and consumers, child care advocacy groups, and the departments of administration, human services, and public safety.

By January 1, 1989, the commissioner of administration shall report the task force findings and recommendations to the appropriate legislative committees together with proposals for legislative action on the recommendations.

Until the legislature enacts legislation specifying appropriate standards, the definition of Group R-3 occupancies in the state building code applies to family and group family day care homes licensed by the department of human services under Minnesota Rules, chapter 9502.

(f) [MINED UNDERGROUND SPACE.] Nothing in the state building codes shall prevent cities from adopting rules governing the excavation, construction, reconstruction, alteration, and repair of mined underground space pursuant to sections 469.135 to 469.141, or of associated facilities in the space once the space has been created, provided the intent of the building code to establish reasonable safeguards for health, safety, welfare, comfort, and security is maintained.

(g) [ENCLOSED STAIRWAYS.] No provision of the code or any appendix chapter of the code may require stairways of existing multiple dwelling buildings of two stories or less to be enclosed.

(h) [DOUBLE CYLINDER DEAD BOLT LOCKS.] No provision of the code or appendix chapter of the code may prohibit double cylinder dead bolt locks in existing single-family homes, townhouses, and first floor duplexes used exclusively as a residential

dwelling. Any recommendation or promotion of double cylinder dead bolt locks must include a warning about their potential fire danger and procedures to minimize the danger.

(i) [RELOCATED RESIDENTIAL BUILDINGS.] A residential building relocated within or into a political subdivision of the state need not comply with the state energy code or section 326.371 provided that, where available, an energy audit is conducted on the relocated building.

(j) [AUTOMATIC GARAGE DOOR OPENING SYSTEMS.] The code must require all residential buildings as defined in section 325F.82 to comply with the provisions of sections 325F.82 and 325F.83.

(k) [EXIT SIGN ILLUMINATION.] The code must prohibit the use of incandescent bulbs, except for battery-powered back-up bulbs, in internally illuminated exit signs.

Sec. 3. Minnesota Statutes 1990, section 299F.011, is amended by adding a subdivision to read:

Subd. 4c. [EXIT SIGN ILLUMINATION.] The uniform fire code must prohibit the use of incandescent bulbs, except for battery-powered back-up bulbs, in internally illuminated exit signs.

Sec. 4. [ENERGY EFFICIENCY IN BUILDING CODES.]

Subdivision 1. [ENERGY EFFICIENCY.] By August 1, 1991, the commissioner of public service, in consultation with the commissioner of administration, shall solicit outside information under Minnesota Statutes, section 14.10, on proposed amendments to the Minnesota building code. The commissioner shall begin rulemaking to adopt the amendments by February 1, 1993. So far as is compatible with interests of public health and safety, the amendments must be designed to equal or exceed the most energy-conserving codes adopted by any other state. To the extent practicable, the codes must equal or exceed the model conservation standards proposed by the Pacific Northwest Power Planning Council for climate zones having 8,000 to 10,000 heating degree days.

Subd. 2. [ENERGY EFFICIENCY; COMMERCIAL HEATING, VENTILATION, AND AIR CONDITIONING.] By August 1, 1991, the commissioner of public service shall solicit outside information under Minnesota Statutes, section 14.10, on proposed codes or standards for commercial heating, ventilation, and air conditioning systems and installations to assure that new and remodeled commercial development in Minnesota is as energy efficient as practicable and compatible with public health and safety. The

commissioner shall begin rulemaking to adopt the codes by February 1, 1993.

Sec. 5. [EFFECTIVE DATE.]

Sections 2 and 3 are effective January 1, 1994, and apply to all internally illuminated exit signs in use on or after that date."

(3) administer the reinsurance pool in article 7, sections 12 to 15, and the biased selection adjustment in article 7, section 9;

(4) coordinate the health care programs administered by the bureau with the medical assistance program;

(5) have the authority to clarify and refine the terms of the intermediate benefit set, the supplemental benefit set, the minimum insurance benefit set, and the universal basic benefit set, including the authority to waive copayments, or establish a sliding scale copayment schedule that will result in reduced copayments, for enrollees with federal adjusted gross incomes below 185 percent of the federal poverty guideline;

(6) coordinate the mental health benefits of the health care programs administered by the bureau with county-based mental health programs provided under the adult and children's community mental health services acts and community social services act, and recommend changes to the state plan and to adult and children's community mental health services act and community social services act programs that will improve the state plan's mental health benefits and minimize duplication with county-based programs;

Subd. 2. [CONTRACTS.] When entering into contracts with health plans and health care providers, the bureau is not subject to the competitive bidding requirements in section 16B.07. The commissioner shall, whenever practical and cost effective, contract with the commissioner of human services for services necessary to administer the Minnesotans' health care plan, including services related to eligibility determination, claims processing, and health care utilization review.

Detailed surveys of employer behavior must be conducted at least annually. After each survey is completed, the findings and an analysis of the positive or negative impact, if any, on the costs of the Minnesotans' health care plan resulting from changes in employers' behavior, and recommendations regarding actions necessary to address changes, must be reported to the commissioners of finance and revenue and to the chairs of the senate finance and house of representatives appropriations committees and the senate and house of representatives tax committees.

Sec. 4. [62J.05] [TECHNOLOGY AND BENEFITS ADVISORY COMMITTEE.]

Subdivision 1. [MEMBERSHIP.] The commissioner shall convene a technology and benefits advisory committee consisting of consumers, health care providers and payors, a representative of the medical products industry, and experts in medical ethics. Advisory

committee members are appointed by the governor. The governor shall ensure that appointments result in a balance of interests on the committee, including geographic balance. The commissioner shall present recommendations for appointments to the governor. The advisory committee is governed by section 15.059 except that it does not expire.

Sec. 5. [62J.06] [IMPLEMENTATION.]

Subdivision 1. [NEW PROGRAM PLANNING AND DEVELOPMENT.] The commissioner, through the bureau of health care access, shall begin planning and development for the state plan July 1, 1991. The commissioner shall use an implementation schedule that will lead to enrollment of eligible individuals, families, and employee groups statewide beginning July 1, 1992. Planning and development activities include:

(2) commencement of outreach activities;

(3) planning, development, and acquisition of necessary computer systems, including forms, software, and training;

Subd. 2. [SUBMISSION AND APPROVAL REQUIRED.] (a) The commissioner, through the bureau of health care access, shall coordinate the provision and management of health care by other state agencies, in order to improve health care efficiency and quality. State agencies that administer the health care programs listed in this subdivision shall submit, to the commissioner of health, the information requested by the commissioner on the methods and procedures used to provide and manage health care. The commissioner shall review the information presented and approve or disapprove the methods and procedures used by each agency. If the commissioner does not approve the methods used by an agency, the commissioner shall recommend appropriate changes in these methods and procedures, and shall require the agency to make these changes in order to obtain approval. Each agency shall submit information on methods and procedures to the commissioner of health by the date specified in this subdivision. The commissioner of health shall approve or disapprove the methods and procedures submitted within 45 days of the date specified for submission.

(b) By July 1, 1993, or one year after the state plan begins enrollment, whichever is later, the commissioner of human services shall provide the commissioner of health with requested information on the methods and procedures used to provide and manage health care through the general assistance medical care, children's health plan, and consolidated chemical dependency fund programs.

(d) By July 1, 1995, the commissioner of human services shall provide the commissioner of health with requested information on the methods and procedures used to provide and manage health care through the medical assistance programs.

(e) By July 1, 1995, the commissioners of employee relations, corrections, and other affected agencies shall provide the commissioner of health with requested information on the methods and procedures used to provide and manage health care through state and local government employee health benefits programs, corrections system health programs, and the health care component of the Minnesota crime victims reparations board program, and other health care and health coverage programs sponsored by state or local government.

(f) By July 1, 1995, the commissioners of labor and industry, commerce, and other affected agencies shall provide the commissioner of health with requested information on the methods and procedures used to provide and manage health care through the health care component of workers' compensation coverage and the health care component of motor vehicle and motorcycle coverage.

Subd. 4. [LEGISLATION.] If the commissioner determines that additional legislation is necessary to fully implement the Minnesotans' health care plan and other activities and requirements established in this chapter, or to more effectively provide and manage health care throughout the state, the commissioner shall submit proposed legislation to the legislature.

Subd. 5. [ASSISTANCE FROM OTHER AGENCIES.] At the request of the commissioner, the commissioners of human services,

commerce, state planning, employee relations, labor and industry, corrections, finance, and other affected agencies shall provide assistance in planning, development, and implementation.

Subdivision 1. [HEALTH CARE DELIVERY SYSTEM REFORM.] The commissioner shall study and make recommendations regarding further reforms to the health care delivery system in Minnesota. The commissioner shall solicit the comments, advice, and participation from communities with an interest in accessible, affordable health care. The commissioner shall submit a report to the legislature by January 1, 1994.

Subd. 2. [HEALTH PLAN REGULATION.] The commissioner of health and the commissioner of commerce shall develop a plan for the functional division of regulatory authority over health plans. This plan must be presented to the legislature by January 1, 1992. The plan must allow each commissioner to exercise independent authority to the greatest extent possible and must minimize jurisdictional overlaps. The plan must provide the commissioner of commerce with primary authority for regulating the financial integrity and corporate structure of health plans and must provide the commissioner of health with primary authority for regulating health care delivery and health care quality.

Subd. 3. [STANDARD CLAIM FORMS AND UTILIZATION REVIEW PROCEDURES.] The commissioner shall recommend to the legislature a standard claim form for ambulatory care by January 1, 1994, and standards for certain types of utilization review procedures by January 1, 1994. These recommendations must not have the effect of limiting innovation and improvement in health care delivery management, or compromising the purposes for which information is collected.

Sec. 7. [REPEALER.]

Minnesota Statutes, sections 62E.51, 62E.52, 62E.53, 62E.531, 62E.54, and 62E.55, relating to the catastrophic health expense protection program, are repealed.

ARTICLE 2

MINNESOTANS' HEALTH CARE PLAN

Section 1. [62J.07] [CREATION.]

The Minnesotans' health care plan is created to provide health coverage to individuals, families, and employers who do not have access to other affordable health coverage.

Sec. 2. [62J.08] [COVERAGE REQUIRED FOR MINNESOTA RESIDENTS.]

All Minnesota residents must obtain health coverage equal to or greater than the universal basic benefit set or the minimum insurance benefit set. Coverage may be obtained through the state plan, an employer, an individual policy with a private health plan company, or any other source of coverage. Minnesota residents must provide proof of coverage in the manner required by the commissioner of health care access.

Sec. 3. [62J.09] [ELIGIBILITY OF INDIVIDUALS AND FAMILIES.]

To be eligible to obtain coverage through the state plan, individuals and families must be Minnesota residents and have no other health coverage or must have coverage that primarily supplements, rather than duplicates, the intermediate benefit set. A Minnesota resident individual or family may switch from private health coverage to the state plan provided the transfer does not result in simultaneous coverage under both the state plan and another health care plan. The individual or family must contribute to the cost of health coverage as provided in section 4.

Sec. 4. [62J.10] [INDIVIDUAL AND FAMILY PREMIUMS.]

Subdivision 1. [SLIDING SCALE AND ENROLLEE PREMIUMS.] Each individual and family enrolled in the state plan shall pay a premium set in relation to income and family size. The commissioner shall establish a sliding scale to determine the amount of the premium each individual or family must pay to obtain health coverage through the state plan. The sliding scale must use the federal poverty guidelines as the primary unit of measurement, and must be based on an individual's or family's income, as defined in section 290A.03, subdivision 3, clauses (1) and (2). The commissioner shall determine income on the basis of a period of time, such as the prior three months, which takes into account an applicant's current financial status. The sliding scale must be designed so that individuals and families with incomes less than 25 percent of the federal poverty level pay 0.75 percent of their income, and those with incomes between 250 percent and 275 percent of the federal

poverty level pay 4.5 percent of their income. Individuals and families with incomes over 275 percent of the federal poverty guideline or \$40,000, whichever is less, are not eligible for a subsidized premium and must pay 100 percent of the cost of coverage through the state plan. In addition to payments under the sliding scale, enrollees may be required to make greater payments depending on the health plan chosen. The commissioner shall pass on differences in premiums between health plans to enrollees, except that the commissioner may limit differences in charges to enrollees if necessary to prevent enrollment that exceeds the capacity of certain plans.

Subd. 2. [ADJUSTMENTS TO THE INCOME LIMIT AND SLIDING SCALE.] The commissioner shall adjust the sliding scale and the maximum income limit for subsidized coverage to reflect changes in prevailing income levels, health coverage costs, and benefit levels.

Subd. 3. [MUST NOT HAVE ACCESS TO EMPLOYER-SUBSIDIZED COVERAGE.] To be eligible for subsidized coverage, an individual or family must not have access to subsidized health coverage through an employer, unless the amount of employer subsidy toward the cost of coverage is less than an amount determined by the commissioner of health. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The commissioner must treat employer contributions to Internal Revenue Code Section 125 plans as qualified employer subsidies toward the cost of health coverage for employees for purposes of this section.

Subd. 4. [NO SUBSIDY AVAILABLE FOR MEDICARE SUPPLEMENT COVERAGE.] An individual eligible for Medicare benefits must pay 100 percent of the cost of obtaining Medicare supplement coverage through the state plan, regardless of income.

Subd. 5. [COVERAGE MUST NOT DISPLACE FEDERALLY SUBSIDIZED HEALTH COVERAGE.] Subsidized state plan coverage must not displace subsidized health coverage through a federally supported health program, such as medical assistance, for which an individual, child, or family is eligible. The commissioner shall establish procedures and requirements to allow coordinated, limited, or supplemental participation in the Minnesotans' health care plan, including limited subsidies, of participants in federally supported health programs to the extent necessary to provide coverage comparable to coverage provided to other state plan enrollees without displacing federal benefits.

Subd. 6. [MUST BE A PERMANENT MINNESOTA RESIDENT.] To be eligible for a subsidy, individuals and families must be permanent residents of Minnesota, and must have resided in Minnesota for at least 12 months prior to application. This 12-month

requirement for residency does not apply to a person who is employed within the state, provided the person satisfies the other criteria for permanent residence. A permanent Minnesota resident is a Minnesota resident who considers Minnesota to be the person's principal place of residence and intends to remain in the state permanently or for a long period of time and not as a temporary or short-term resident. An individual or family that moved to Minnesota primarily to obtain medical treatment or health coverage for a preexisting condition is not a permanent resident and is not entitled to subsidized coverage through the state plan.

Subd. 7. [PERIOD UNINSURED.] To be eligible for a subsidy, individuals must have had no health coverage for at least three months prior to application. The commissioner may change this eligibility criterion for subsidized coverage to remain within the limits of available appropriations.

Sec. 5. [62J.11] [SUBSIDIZED COVERAGE.]

From July 1, 1992 through June 30, 1996, the intermediate benefit set, part A, shall be provided on a subsidized basis through the state plan to qualified individuals and families. Effective July 1, 1996, the universal basic benefit set shall be provided on a subsidized basis through the state plan. The provision of, and terms of eligibility for, subsidized health coverage are subject to the limits of available appropriations. The commissioner has the authority to adopt permanent rules and emergency rules related to modifying the terms of provision of, and terms of eligibility for, the receipt of subsidized coverage.

Sec. 6. [62J.12] [ELIGIBILITY OF EMPLOYERS.]

Subdivision 1. [GROUP COVERAGE.] An employer is eligible to enroll its employees in the state plan as a group in order to offer its employees health coverage under the Minnesotans' health care plan. To be eligible to participate, an employer must pay Minnesota unemployment insurance premiums and have two or more covered employees, including the owner, or, if a sole proprietor, must have at least one employee covered by unemployment insurance and be included in the group for purposes of health coverage. A self-employed person with no employees may not participate as an employer but may participate as an individual or family. The employer must collect employees' share of premiums and remit them to the commissioner along with the employer's contribution. Sliding scale premium subsidies as described in section 5 do not apply to group coverage. The commissioner shall establish conditions for enrollment of employer groups. Conditions may include, but are not limited to, minimum employer contributions toward coverage for employees and their families, minimum standards for employee eligibility, and eligibility waiting periods for new employees. The commissioner shall use administrative systems for group

coverage for employers that will identify and enroll enrollees in a manner comparable to individual, nongroup enrollment in order to enhance the portability of coverage to an individual policy or to another employer covered through the state plan, and to minimize administrative costs associated with frequent reissuing of policies.

Subd. 2. [COVERAGE OF PART-TIME AND SEASONAL EMPLOYEES.] The commissioner shall establish conditions, procedures, and a special accounting mechanism to allow employers to defray the cost of coverage for part-time and seasonal employees through the state plan without including these employees in the employer's health benefits program. This is the only circumstance under which an employer subsidy toward the cost of employee health coverage and a state subsidy for health coverage through the state plan may be combined. Employers that have terminated health benefits for part-time or seasonal employees within the three years before application are not eligible to participate in the part-time or seasonal employee enrollment system. Part-time or seasonal employees on whose behalf employer contributions have been submitted must obtain coverage through the state plan as individuals or families rather than as an employee group. The employer contributions must be used to reduce the premium that the employee would otherwise have owed, and will be in addition to any individual premium subsidy to which the employee would otherwise be entitled. The commissioner shall establish definitions and standards for part-time and seasonal employees as necessary to implement this subdivision.

PROGRAM ADMINISTRATION

Sec. 7. [62J.13] [PROVISION OF HEALTH CARE SERVICES; MANAGED CARE.]

In areas of the state where managed care health plans operate, the commissioner must deliver health care through contracts with managed care health plans. The commissioner may require contractors to provide all services under the intermediate benefit set, or may contract separately for certain services if the commissioner determines this to be in the best interests of the state plan. In order to qualify for participation in the state plan, a managed care health plan must meet the specifications in this section.

(a) The health plan must demonstrate to the satisfaction of the commissioner that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees.

(b) The health plan must have sufficient provider network capacity to adequately serve enrollees and prospective enrollees.

(c) The health plan must have established procedures adequate to manage the delivery of health care. The procedures must incorporate clear standards of practice or protocols where they exist. The procedures must also require enrollees to register with a specific primary care clinic which will coordinate referrals, hospitalizations, and other health care delivery. A plan that has not established these procedures may participate in the program if the plan demonstrates to the satisfaction of the commissioner that an alternative, comparably effective system of case management has been established. A managed care health plan that has not established procedures satisfactory to the commissioner may participate in the program if the plan agrees to implement satisfactory procedures within three years from the date it is accepted for participation by the commissioner.

(d) The health plan must demonstrate a long-term commitment to improving the quality and efficiency of health care.

(e) The health plan must have established programs to educate enrollees about appropriate use of the health care system. The programs may include self-care education, telephone nurse access, encouragement of healthy lifestyles, and encouragement of conformance to prescribed courses of treatment.

(f) Health plans must notify enrollees by mail when coverage limits under the intermediate benefit set have been reached and explain that payment for future services in excess of the coverage limits are the responsibility of the patient.

(g) The health plan must include appropriate use of nonphysician providers within its overall framework of managed care.

(h) The health plan must have arrangements for sign and spoken language interpreters necessary in connection with receipt of services covered under the plan.

Sec. 8. [62J.14] [AREAS WITHOUT SATISFACTORY MANAGED CARE HEALTH PLANS.]

In areas of the state where the commissioner determines satisfactory managed care health plans are not available, the commissioner shall make health care available using one or more of the options specified in this section.

(a) The commissioner may recruit or encourage managed care health plans to serve the area.

(b) The commissioner may establish managed care health plans through direct contracts with existing clinics or other health care

providers in the area consistent with the specifications and objectives of the state plan.

(c) The commissioner may pay providers on a fee-for-service basis, using managed care procedures, and may contract with the department of human services for claims processing and health care utilization review. When developing the payment system, the commissioner shall investigate the proposed Medicare resource-based relative value scale as the basis for a new fee schedule and the possibility of collective bargaining with health care providers. Participating providers must be required to operate under the department's managed care standards and procedures. Payment will be based on a fee schedule to be established by the commissioner with payments established at a level to ensure that program costs in the area are lower than under a managed care system. Providers must be required to accept program enrollees as a condition of serving patients covered by any health coverage program financed by state or local government, including public employee health benefit programs. Providers must be prohibited from billing enrollees for any portion of health care charges not reimbursed by the commissioner, except to collect copayments and deductibles or to charge for services that exceed coverage limits, to the extent these are specified in the state plan.

Sec. 9. [62J.15] [ENCOURAGEMENT OF PARTICIPATION OF PROVIDERS SERVING LOW-INCOME PERSONS.]

The commissioner shall encourage expansion or development of health plans that include providers currently serving low-income, uninsured state residents, including nonprofit community clinics, public health departments, and public hospitals. The commissioner's managed care specifications must apply to these providers when serving program enrollees.

Sec. 10. [62J.16] [HEALTH PLAN COMPENSATION; RESERVE FUND; PREMIUM DETERMINATION.]

Subdivision 1. [HEALTH PLAN COMPENSATION.] The commissioner shall establish health plan payment arrangements in order to create financial incentives to improve the effectiveness and efficiency of health care delivery. Health plan companies under contract with the state plan may not vary the benefits included in the intermediate benefit set in order to reduce the cost of premiums. Participating health plan companies must assume responsibility for health care delivery and must assume financial risk, subject to the limits established through the reinsurance pool. To prevent uncertainty regarding the mix and cost of enrollees from resulting in higher charges in the state plan during the plan's first three years of operation, the commissioner may share risk above or below the health plan company's expected costs for state plan enrollees, to the extent that such risk sharing would reduce charges in the state

plan. The risk sharing must not alter the community-rated basis, or limited rate variations, for premiums as specified in article 7, section 6. The commissioner is responsible for collecting premium payments from individuals, families, and employers, and health plan reimbursement may not be linked to collection of premium payments.

Subd. 2. [RESERVE FUND.] The commissioner shall establish a reserve fund to ensure that state funding will be available to fully satisfy the state's payment and risk-sharing obligations in the event the costs of coverage through the state plan are higher than expected. The reserve fund shall be established as an account within the general fund, and shall not exceed 8.33 percent of estimated total premiums for state plan coverage in the current fiscal year. The reserve fund shall include funds appropriated for this purpose, and any excess of state plan revenues more than expenses. The reserve fund shall remain available from year to year and does not cancel, except for funds in excess of the designated limit at the end of each fiscal year.

Subd. 3. [PREMIUM DETERMINATION.] The commissioner shall establish the premium rates charged in the state plan. In establishing premium rates the commissioner shall take into account differences in administrative costs for different classes of enrollment, and the need to maintain rates in the state plan that are competitive with the private market. The premium rates shall include: (1) an amount for health care delivery and health plan administration determined for each health plan company through bids or negotiations; (2) an amount for state plan administrative services provided by the department or other state agencies, not to exceed five percent of total premium; and (3) any additional amount determined to be necessary by the commissioner to ensure that funds will be available to fully satisfy the state's payment and risk-sharing obligations.

Sec. 11. [62J.17] [OUTREACH ACTIVITIES.]

Subdivision 1. [OUTREACH TO INDIVIDUALS.] The commissioner shall establish outreach activities to inform state residents about public and private sources of health coverage and to assist them in obtaining coverage. Outreach activities must include the following:

(1) health coverage information and counseling services provided throughout the state and through a toll-free telephone number; and

(2) ongoing publicity and advertising activities.

Subd. 2. [OUTREACH TO EMPLOYERS.] The commissioner shall establish outreach activities to inform employers about the Minnesotans' health care plan and other sources of health care

coverage and to assist them to obtain or expand coverage for their employees. Outreach activities must be directed at the types of employers determined by the commissioner to be most interested in joining the state plan.

Sec. 12. [62J.18] [ENROLLMENT EDUCATION AND ASSISTANCE.]

The commissioner shall provide enrollment education and assistance to state residents. The assistance may include written materials, workshops, and individual assistance. Educational programs and assistance must be designed to serve persons who are not proficient in English or who have special communication needs. The program must provide information on the following topics in addition to information provided at the discretion of the commissioner:

- (1) basic and supplemental coverage offered by the state plan;
- (2) features of specific health plans offered by the state plan, including information on obtaining health care within health plans and descriptions of provider networks;
- (3) differences between individual and group coverage;
- (4) premiums associated with each plan and premium payment procedures and obligations; and
- (5) actions enrollees must take if eligibility status changes.

Sec. 13. [62J.19] [APPLICATION FORMS AND PROCEDURES.]

Subdivision 1. [PROCEDURES.] The commissioner shall accept application forms submitted by mail or in person. Applicants must include payment equal to one month of premium costs with the completed application. Applicants who are employed full-time by an employer who participates in the state plan must apply through the employer. Part-time and seasonal employees of an employer who participates in the state plan may participate on an individual basis as provided in section 6, subdivision 2.

Subd. 2. [FORMS.] Application must be made on forms supplied by the commissioner. The commissioner shall design the form in order to collect the minimum amount of information necessary to administer the program. A more detailed form may be designed for use by applicants potentially eligible for federally subsidized health care programs and other state programs.

Subd. 3. [AVAILABILITY OF FORMS.] The commissioner shall make application forms available throughout Minnesota at state government offices; at hospitals, clinics, and other health care

provider offices, especially where large numbers of low-income persons are served; with individual income tax forms; with applications for a driver's license, state identification card, or motor vehicle registration; with school and college registration materials; at food shelves; at the offices of insurers, health maintenance organizations, and other health plan companies; at school district offices; at public and private elementary schools; at community health offices; and at women, infants, and children (WIC) program sites.

Sec. 14. [62J.20] [ELIGIBILITY DETERMINATION.]

Subdivision 1. [ELIGIBILITY VERIFICATION.] The emphasis of eligibility verification procedures must be on achieving enrollment and coverage as soon after application as possible. To this end, confirmation of income and other information provided by the applicant shall be on a random-check or special-case basis, and shall occur primarily through use of personal data that the state gathers, such as income tax and property tax refund records, for other purposes. The commissioner may use individuals' social security numbers as identifiers for purposes of administering the plan.

Subd. 2. [APPLICANT INFORMATION.] Applicants shall submit evidence of family income, earned and unearned, for use in determining the amount of the premium and eligibility for a subsidy. Enrollees shall report changes in eligibility status as they occur.

Subd. 3. [FRAUD.] (a) Prior to July 1, 1996, if subsequent to enrollment an enrollee in the state plan is found to have provided fraudulent information, the commissioner may disenroll the enrollee, and may recover premiums not paid due to fraud.

(b) Beginning July 1, 1996, if subsequent to enrollment an enrollee in the state plan is found to have provided fraudulent information, the commissioner may disenroll the enrollee if the enrollee has sufficient, alternate coverage, but must maintain enrollment for those without alternate coverage. In all cases, the commissioner may recover premiums not paid due to fraud through the means listed in section 20, subdivision 3.

Subd. 4. [REVERIFICATION.] Eligibility for the state plan must be redetermined annually. The commissioner must use mail and other, simple means of obtaining information from enrollees, then engage in random checkups of the accuracy of information provided.

Sec. 15. [62J.21] [ENROLLMENT.]

Subdivision 1. [COVERAGE EFFECTIVE DATE.] Coverage becomes effective on the next first or 15th of a month, whichever comes first, after the commissioner transfers enrollment information to the health plan selected by the applicant. The transfer to the health

plan must occur no later than two weeks after the commissioner receives a completed application and payment of one month of premium costs.

Subd. 2. [ENROLLMENT CONFIRMATION.] No more than two weeks shall elapse between the time the commissioner receives a completed application and the applicant is notified of acceptance, rejection, or unusual delay and the reasons why. Refusal to provide a health history will not disqualify an applicant from the state plan. The commissioner shall operate a toll-free telephone service to confirm individual enrollment in the state plan. The service must be available to assist enrollees, health plans, and providers.

Sec. 16. [62J.22] [OPEN ENROLLMENT.]

The commissioner shall establish an annual open enrollment period during which enrollees must be allowed to transfer between health plans. Enrollees may not transfer between plans during other periods unless their place of residence changes and their current plan does not provide coverage in the new location.

Sec. 17. [62J.23] [PREMIUM PAYMENTS; APPLICATION.]

The premium payment procedures established in sections 18 and 19 apply to coverage purchased through the Minnesotans' health care plan by an individual or an employer. Until universal health coverage is required, failure by individuals to pay premiums shall result in cancellation of state plan coverage.

Sec. 18. [62J.24] [PAYMENTS FROM INDIVIDUALS.]

Subdivision 1. [AUTOMATIC PAYMENTS.] The commissioner shall establish an automatic premium payment system and shall require enrollees not receiving group coverage through an employer to make payments through the automatic system whenever practical. The system may include automatic payment through:

- (1) automatic bank account debiting;
- (2) automatic income withholding for employees, modeled after the system used for child support enforcement;
- (3) automatic collections through the state income tax system, including automatic deductions for employees and estimated payments for self-employed enrollees;
- (4) automatic deductions from unemployment compensation benefits; or
- (5) other methods developed by the commissioner.

Subd. 2. [MANUAL PAYMENTS.] The commissioner may allow manual payments directly from enrollees to the commissioner for enrollees:

(1) making their initial premium payment with their application form;

(2) expected to remain on the program for a short period of time;
or

(3) for whom automatic payments are impractical.

Subd. 3. [PAYMENT PERIODS.] Premiums shall be paid on a monthly basis. The commissioner shall encourage enrollees to make premium payments covering longer periods of time whenever practical.

Sec. 19. [62J.25] [EMPLOYER ENROLLMENT.]

Subdivision 1. [ENROLLMENT OF EMPLOYEES.] Employers seeking to participate in the state plan must apply to the commissioner to enroll their employees. A person enrolled under this method ceases to be covered as a member of the employer's group when employment with the employer is discontinued. The commissioner shall establish procedures to convert enrollees from group coverage to individual coverage when they cease employment with an employer who participates in the program unless the enrollee can provide evidence of coverage through a new employer or through some other plan.

Subd. 2. [COLLECTION OF PREMIUMS.] The commissioner shall require employers participating in the state plan to collect the employees' share of premiums and pay the employees' share and the employers' share directly to the commissioner.

Subd. 3. [TECHNICAL ASSISTANCE TO EMPLOYERS.] The commissioner must provide technical assistance to employers participating in the state plan. Technical assistance must be targeted to employers who do not currently offer employee health benefits or for whom technical assistance services are not readily available. The assistance must be provided at cost and may include assistance on the following:

(1) designing and establishing a health benefit program;

(2) administering state and federal continuation coverage requirements; and

(3) establishing tax-sheltered premium accounts for employees.

Sec. 20. [62J.26] [ENFORCEMENT PROCEDURES.]

Subdivision 1. [EVIDENCE OF COVERAGE REQUIRED.] The commissioner shall enforce the requirement that all state residents must maintain and show evidence of health insurance coverage.

Subd. 2. [RESTRICTION ON TERMINATING COVERAGE.] The commissioner shall prohibit an enrollee from terminating coverage in the Minnesotans' health care plan except when the enrollee provides evidence of alternative coverage.

Subd. 3. [NONPAYMENT OF PREMIUM.] (a) Prior to July 1, 1996, the commissioner may cancel an enrollee's participation in the state plan for failure to pay premiums.

(b) Beginning July 1, 1996, the commissioner may not cancel an enrollee's participation in the state plan for failure to pay premiums. The commissioner shall attempt to collect unpaid premiums through the following methods:

(1) automatic income withholding, modeled after the child support enforcement system;

(2) automatic payroll deductions; or

(3) other methods identified or developed by the commissioner.

Subd. 4. [IDENTIFICATION OF UNINSURED PERSONS.] The commissioner shall develop and implement a system to identify state residents who have not obtained health care coverage. The system may include a survey question added to driver's license applications, income tax forms, school registration forms, and other similar forms. The system may include additional methods developed by the commissioner.

Subd. 5. [PROVISION OF COVERAGE.] The commissioner shall enroll state residents identified under subdivision 4 in the state plan and collect the appropriate premium from them.

Subd. 6. [IMPLEMENTATION.] In developing procedures to implement this section, the commissioner shall consult with the attorney general.

Sec. 21. [EFFECTIVE DATES.]

Sections 2 and 20, relating to mandatory universal coverage, are effective July 1, 1996. All other sections are effective July 1, 1992.

Sec. 12. [62J.38] [UNIVERSAL BASIC BENEFIT SET.]

Subdivision 1. [CONTENT OF THE UNIVERSAL BASIC BENEFIT SET.] The universal basic benefit set is a uniform standard of health coverage that will be available to all Minnesotans. The commissioner shall determine the content of the universal basic benefit set, with the advice of the technology and benefits advisory committee as established in article 1, section 4. The universal basic benefit set must include:

(1) the benefits contained in the intermediate benefit set, including but not limited to full coverage for prenatal care, immunizations, and other preventive care as currently mandated for health maintenance organizations; and

(2) other health care services of demonstrated effectiveness, consistent with the following principles: (i) universal and equitable access to health care procedures and technologies; (ii) maintenance of an appropriate balance between expenditures for primary and preventive care, and expenditures for high cost cases; (iii) promotion of high quality and cost-effective health care; and (iv) adherence to budget targets.

Subd. 2. [CONVERSION TO THE UNIVERSAL BASIC BENEFIT SET.] The following changes will occur on July 1, 1996:

(1) the universal basic benefit set will replace the intermediate benefit set, part A, as the benefit set made available on a subsidized basis through the state plan;

(3) the state plan may make available optional coverage that exceeds the universal basic benefit set;

(4) the intermediate benefit set will no longer be available in the private market;

(5) the universal basic benefit set will replace the mandated benefits currently required under chapters 60A, 62A, 62C, 62D, and 62E; and

Sec. 13. [62J.39] [AVAILABILITY OF INTERMEDIATE BENEFIT SET.]

The intermediate benefit set is available only to individuals and to small groups containing no more than 15 employees or members. The intermediate benefit set may be offered through the state plan, and through the private market only by health plan companies participating in the state plan. Health plan companies participating in the state plan and providing dental coverage only may offer through the private market the dental care component of the intermediate benefit set or the universal basic benefit set without being required to offer the nondental components of the benefit sets.

The intermediate benefit set, part A, is available only to individuals and families who receive a state premium subsidy for participation in the state plan, under article 2, section 5. Individuals and families covered by the intermediate benefit set, part A, may purchase the intermediate benefit set, part B, at their own expense, under terms established by the commissioner.

Sec. 14. [62J.40] [MINIMUM INSURANCE BENEFIT SET.]

For all health plan companies except those governed by chapter 62D, the minimum insurance benefit set is a number two qualified plan, as defined in section 62E.06, subdivision 2. For the purposes of this requirement, actuarial equivalence must not be used. For health plan companies governed by chapter 62D, the minimum insurance benefit set is the set of benefits required under chapter 62D. Except as provided in section 13, no health coverage may be offered, sold, issued, or renewed to any Minnesota resident or to any group in Minnesota unless the coverage meets or exceeds the requirements of the minimum insurance benefit set.

Sec. 15. [62J.41] [SUPPLEMENTAL BENEFIT SET.]

The supplemental benefit set includes the benefits commonly

included in group health coverage offered by health maintenance organizations operating under chapter 62D that are not included in the intermediate benefit set. The commissioner of health shall establish, by rule, uniform provisions for the supplemental benefit set. Sec. 7. Minnesota Statutes 1990, section 256.969, subdivision 6a, is amended to read:

Subd. 6a. [SPECIAL CONSIDERATIONS.] (a) In determining the payment rates, the commissioner shall consider whether the following circumstances exist:

(1) [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph, the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. This paragraph shall be applied to all payment rates of the affected hospital.

(2) [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the geometric mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost calculated by dividing the operating payment rate per admission, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment, by the arithmetic mean length of stay for the diagnostic category. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the geometric mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative

percentage outlier payment to a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

(3) [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For admissions occurring on or after the rate year beginning January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.

(4) [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

(5) [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of paragraph (7), except that hospice rates shall not exceed the amount allowed under federal law and payment shall be secondary to any other medical assistance hospice program. Rates and payments established under this paragraph must meet the

requirements of section 256.9685, subdivisions 1 and 2, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(6) [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment established separately from other inpatient hospital services, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The commissioner may establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

(7) [NEONATAL TRANSFERS.] For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to paragraph (8). The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(8) [TRANSFERS.] Except as provided in paragraphs (5) and (7), operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined in subdivisions 2b and 2c, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital,

and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under paragraph (2) and subdivisions 2b and 2c.

(b) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

(c) Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at the facility's usual and customary charges to the general public. This exemption is not effective for payments under general assistance medical care.

(d) Except as provided in paragraph (a), clauses (1) and (3), out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule. Hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.

(e) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this paragraph. Payments, including third party liability, established under this paragraph may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

(f) Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

(g) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between ~~July~~ April 1, 1988 1991,

and ~~December 31, 1990~~ the implementation date of the upgrade to the Medicaid management information system, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(h) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between ~~July April 1, 1988~~ 1991, and ~~December 31, 1990~~ the implementation date of the upgrade to the Medicaid management information system, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(i) Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of paragraph (a), clause (8), except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 8. Minnesota Statutes 1990, section 447.31, subdivision 1, is amended to read:

Subdivision 1. [RESOLUTIONS.] Any ~~four~~ two or more cities and towns, however organized, except cities of the first class, may create a hospital district. They must do so by resolutions adopted by their respective governing bodies or electors. A hospital district may be reorganized according to sections 447.31 to 447.37. Reorganization must be by resolutions adopted by the district's hospital board and the governing body or voters of each city and town in the district.

Sec. 9. Minnesota Statutes 1990, section 447.31, subdivision 3, is amended to read:

Subd. 3. [CONTENTS OF RESOLUTION.] A resolution under subdivision 1 must state that a hospital district is authorized to be created under sections 447.31 to 447.37, or that an existing hospital district is authorized to be reorganized under sections 447.31 to 447.37, in order to acquire, improve, and run hospital and nursing home facilities that the hospital board decides are necessary and expedient in accordance with sections 447.31 to 447.37. The resolution must name the ~~four~~ two or more cities or towns included in the district. The resolution must be adopted by a two-thirds majority of the members-elect of the governing body or board acting on it, or by the voters of the city or town as provided in this section.

Each resolution adopted by the governing body of a city or town must be published in its official newspaper and takes effect 40 days after publication, unless a petition for referendum on the resolution is filed with the governing body within 40 days. A petition for referendum must be signed by at least five percent of the number of voters voting at the last election of officers. If a petition is filed, the resolution does not take effect until approved by a majority of voters voting on it at a regular municipal election or a special election which the governing body may call for that purpose.

The resolution may also be initiated by petition filed with the governing body of the city or town, signed by at least ten percent of the number of voters voting at the last general election. A petition must present the text of the proposed resolution and request an election on it. If the petition is filed, the governing body shall call a special election for the purpose, to be held within 30 days after the filing of the petition, or may submit the resolution to a vote at a regular municipal election that is to be held within the 30-day period. The resolution takes effect if approved by a majority of voters voting on it at the election. Only one election shall be held within any given 12-month period upon resolutions initiated by petition. The notice of the election and the ballot used must contain the text of the resolution, followed by the question: "Shall the above resolution be approved?"

Sec. 10. [STUDY OF BASIC AND ADVANCED LIFE SUPPORT REIMBURSEMENT.]

The commissioner of human services, in consultation with the commissioner of health, shall study the mechanisms and rates of reimbursement for advanced and basic life support ambulance and special transportation service calls under medical assistance and general assistance medical care. The study shall examine methods of simplifying the claims process, interpretation of the "medically necessary" criteria and prior approval in light of the statutory mandate that ambulance service may not be denied, as well as other

issues that create impediments to reasonable and fair reimbursement. The commissioner shall report findings and offer recommendations to the legislature by February 1, 1992, on means of maximizing potential reimbursement levels.

Sec. 11. [STUDY OF AMBULANCE SUBSCRIPTION PLANS.]

The commissioner of commerce and the commissioner of health shall study prepaid ambulance service plans that allow a person to prepay for ambulance services on a yearly basis. The commissioners shall study plans offered in other states and shall study the cost effectiveness and feasibility of offering these plans in Minnesota. The commissioners shall study methods of funding the plans. The commissioners shall also address the issue of whether these plans should be regulated as insurance, health maintenance organizations, or as another type of entity. The commissioners shall conduct the study in conjunction with the attorney general. The commissioners shall report the findings of the study to the legislature by January 1, 1992.

ARTICLE 6

DATA COLLECTION AND RESEARCH INITIATIVES

Section 1. [62J.42] [HEALTH CARE ANALYSIS UNIT.]

Subdivision 1. [ESTABLISHMENT.] The commissioner of health shall establish a health care analysis unit to conduct data and research initiatives in order to improve the efficiency and effectiveness of health care in Minnesota.

Subd. 2. [GENERAL DUTIES; IMPLEMENTATION DATE.] The health care analysis unit shall:

(1) conduct applied research using existing and newly established health care data bases, and promote applications based on existing research;

(2) establish the condition-specific data base required under section 2;

(3) develop and implement data collection procedures to ensure a high level of cooperation from health care providers and health plans;

(4) provide technical assistance as needed to the department of health;

(5) periodically evaluate the state's existing health care financing and delivery programs;

(6) regularly prepare estimates, specific to Minnesota, of total health service expenditures and sources of payment;

(7) participate as a partner or sponsor of private sector initiatives that promote publicly disseminated applied research on health care delivery, outcomes, costs, quality, and management;

(8) conduct periodic surveys, including those required by section 4; and

(9) provide technical assistance to health plan and health care purchasers, as required by section 5.

Subd. 3. [CRITERIA FOR UNIT INITIATIVES.] Data and research initiatives by the health care analysis unit must:

(1) serve the needs of the general public, public sector health care programs, employers and other purchasers of health care, health care providers, including providers serving large numbers of low-income people, and health plan companies;

(2) promote a significantly accelerated pace of publicly disseminated, applied research on health care delivery, outcomes, costs, quality, and management;

(3) conduct research and promote health care applications based on scientifically sound and statistically valid methods;

(4) be statewide in scope, in order to benefit health care purchasers and providers in all parts of Minnesota and to ensure a broad and representative data base for research, comparisons, and applications;

(5) emphasize data that is useful, relevant, and nonredundant of existing data. The initiatives may duplicate existing private activities, if this is necessary to ensure that the data collected will be in the public domain;

(6) be structured to minimize the administrative burden on health plans, health care providers, and the health care delivery system; and

(7) promote continuous improvement in the efficiency and effectiveness of health care delivery.

Subd. 4. [CRITERIA FOR PUBLIC SECTOR HEALTH CARE PROGRAMS.] Data and research initiatives related to public sector health care programs must:

(1) assist the state's current health care financing and delivery programs to deliver and purchase health care in a manner that promotes improvements in health care efficiency and effectiveness;

(2) assist the state in its public health activities, including the analysis of disease prevalence and trends and the development of public health responses;

(3) assist the state in developing and refining its overall health policy, including policy related to health care costs, quality, access, and outcomes research; and

(4) provide a data source that allows the evaluation of state health care financing and delivery programs.

Subd. 5. [DATA COLLECTION PROCEDURES.] The health care analysis unit shall collect data from health care providers, health plan companies, and individuals in the most cost-effective manner, which does not unduly burden providers. The unit may require health care providers and health plan companies to collect and provide patient health data, provide mailing lists of patients, and cooperate in other ways with the data collection process. The health care analysis unit may assign, or require health care providers and health plan companies to assign, a unique identification number to each patient to safeguard patient identity.

Subd. 6. [DATA CLASSIFICATION.] (a) Data collected through the large-scale data base initiatives of the health care analysis unit required by sections 2 and 3 are classified as private data on individuals and may be disclosed only to: employees of the department of health working on unit initiatives; researchers affiliated with university research centers or departments, who are conducting research on health outcomes and practice parameters; researchers working under contract with the department of health; and individuals purchasing health care services for health plan companies and groups.

(b) Data collected through the survey research initiatives of the health care analysis unit required by section 4 are classified as public data under section 13.03, except that any patient or enrollee identifying information is private data.

(c) Summary data derived from data collected through the large-scale data base and survey research initiatives of the health care analysis unit may be provided under section 13.05, subdivision 7, and may be released in studies produced by the bureau of health care access.

Subd. 7. [DATA COLLECTION ADVISORY COMMITTEE.] The commissioner shall convene a 15 member data collection advisory

committee consisting of health service researchers, health care providers, health plan company representatives, representatives of businesses that purchase health coverage, and consumers. The advisory committee shall evaluate methods of data collection and shall recommend to the commissioner methods of data collection that minimize administrative burdens, address data privacy concerns, and meet the needs of health service researchers. The advisory committee is governed by section 15.059.

Subd. 8. [FEDERAL AND OTHER GRANTS.] The commissioner of health shall seek federal funding, and funding from private and other non-state sources, for the initiatives of the health care analysis unit.

Sec. 2. [62J.43] [LARGE-SCALE DATA BASE.]

Subdivision 1. [ESTABLISHMENT.] The health care analysis unit shall establish a large-scale data base for a limited number of health conditions. This initiative must meet the requirements of this section.

Subd. 2. [SPECIFIC HEALTH CONDITIONS.] (a) The data must be collected for specific health conditions, rather than specific procedures, types of health care providers, or services. The health care analysis unit shall designate up to eight specific health conditions for which data shall be collected during the first year of operation. For subsequent years, data may be collected for up to six additional specific health conditions. The number of specific conditions for which data is collected is subject to the availability of appropriations.

(b) The initiative must emphasize conditions that account for significant total costs, when considering both the frequency of a condition and the unit cost of treatment. The initial emphasis must be on the study of conditions commonly treated in hospitals on an inpatient or outpatient basis, or in freestanding outpatient surgical centers. As improved data collection and evaluation techniques are incorporated, this emphasis shall be expanded to include entire episodes of care for a given condition, whether or not treatment includes use of a hospital or a freestanding outpatient surgical center.

Subd. 3. [INFORMATION TO BE COLLECTED.] The data collected must include information on health outcomes, including information on mortality, morbidity, patient functional status and quality of life, symptoms, and patient satisfaction. The data collected must include information necessary to measure and make adjustments for differences in the severity of patient condition across different health care providers, and may include data obtained directly from the patient or from patient medical records. The data must be collected in a manner that allows comparisons to be

made between providers, health plan companies, public programs, and other entities.

Subd. 4. [DATA COLLECTION AND REVIEW.] Data collection for any one condition must continue for a sufficient time to permit: adequate analysis by researchers and appropriate providers, including providers who will be impacted by the data; feedback to providers; and monitoring for changes in practice patterns. The health care analysis unit shall annually review all specific health conditions for which data is being collected, in order to determine if data collection for that condition should be continued.

Subd. 5. [USE OF EXISTING DATA BASES.] (a) The health care analysis unit shall negotiate with private sector organizations currently collecting data on specific health conditions of interest to the unit, in order to obtain required data in a cost-effective manner and minimize administrative costs. The unit shall attempt to establish linkages between the large scale data base established by the unit and existing private sector data bases and shall consider and implement methods to streamline data collection in order to reduce public and private sector administrative costs.

(b) The health care analysis unit shall use existing public sector data bases, such as those existing for medical assistance and Medicare, to the greatest extent possible. The unit shall establish linkages between existing public sector data bases and consider and implement methods to streamline public sector data collection in order to reduce public and private sector administrative costs.

Sec. 3. [62J.44] [ANALYSIS AND USE OF DATA COLLECTED THROUGH THE LARGE-SCALE DATA BASE.]

Subdivision 1. [DATA ANALYSIS.] The health care analysis unit shall analyze the data collected on specific health conditions using existing practice parameters and newly researched practice parameters, including those established through the medical effectiveness studies of the federal government. The unit may use the data collected to develop new practice parameters, if development and refinement is based upon input from and analysis by practitioners, particularly those practitioners knowledgeable about and impacted by practice parameters. The unit may also refine existing practice parameters, and may encourage or coordinate private sector research efforts designed to develop or refine practice parameters.

Subd. 2. [EDUCATIONAL EFFORTS.] The health care analysis unit shall maintain and improve the quality of health care in Minnesota by providing practitioners in the state with information about practice parameters. The unit shall promote, support, and disseminate parameters for specific, appropriate conditions, and the research findings on which these parameters are based, to all

practitioners in the state who diagnose or treat the medical condition.

Subd. 3. [PEER REVIEWS.] The unit may require peer reviews for specific medical conditions for which medical practice in all or part of the state deviates from practice parameters. The unit may also require peer reviews for specific medical conditions for which there are large variations in treatment method or frequency of treatment in all or part of the state. Peer reviews may be required for all medical practitioners statewide, or limited to medical practitioners in specific areas of the state. The peer reviews shall determine if the procedures conducted by medical practitioners are medically necessary and appropriate, and within acceptable and prevailing practice parameters that have been disseminated by the health care analysis unit in conjunction with the appropriate professional organizations. If a medical practitioner's practice style does not change and the practitioner continues to perform procedures that are medically inappropriate, even after educational efforts by the review panel, the panel may report the practitioner to the appropriate professional licensing board.

Subd. 4. [PEER REVIEW ADVISORY COMMITTEE.] The commissioner shall convene a 15 member peer review advisory committee comprised of representatives of health care professional organizations, health licensing boards, and organizations such as the Foundation for Health Care Evaluation that conduct peer reviews. The advisory committee shall present recommendations for legislation to the health care analysis unit by January 1, 1992. These recommendations must address issues related to the establishment and composition of peer review panels, and the procedures to be followed by peer review panels. The advisory committee is governed by section 15.059.

Sec. 4. [62J.45] [SURVEY RESEARCH.]

The health care analysis unit shall conduct periodic surveys to accomplish the data and research goals listed in section 1. These surveys shall include, but are not limited to:

(1) surveys of enrollee satisfaction with health plans and health care providers;

(2) surveys to monitor changes over time in financial and geographic access and sources of health coverage;

(3) surveys of health service prices, especially for services less commonly covered by health insurance, or for which patients commonly face significant out-of-pocket expenses;

(4) surveys of health plan prices, especially for health plans sold on a community-rated or table-rated basis; and

(5) surveys of new procedures and treatments performed by health care providers, as a basis for considering changes in the benefits provided by state health coverage programs.

Sec. 5. [62J.46] [TECHNICAL ASSISTANCE FOR PURCHASERS.]

The health care analysis unit shall provide technical assistance to health plan and health care purchasers. The unit shall collect information about:

(1) premiums, benefit levels, managed care procedures, health care outcomes, and other features of popular health plans and health plan companies; and

(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses.

The commissioner shall publicize this information in an easily understandable format.

Sec. 6. Minnesota Statutes 1990, section 145.61, subdivision 5, is amended to read:

Subd. 5. "Review organization" means a nonprofit organization acting according to clause (k) or a committee whose membership is limited to professionals and administrative staff, except where otherwise provided for by state or federal law, and which is established by a hospital, by a clinic, by one or more state or local associations of professionals, by an organization of professionals from a particular area or medical institution, by a health maintenance organization as defined in chapter 62D, by a nonprofit health service plan corporation as defined in chapter 62C, by a professional standards review organization established pursuant to United States Code, title 42, section 1320c-1 et seq., or by a medical review agent established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), or by the department of human services, to gather and review information relating to the care and treatment of patients for the purposes of:

(a) evaluating and improving the quality of health care rendered in the area or medical institution;

(b) reducing morbidity or mortality;

(c) obtaining and disseminating statistics and information relative to the treatment and prevention of diseases, illness and injuries;

(d) developing and publishing guidelines showing the norms of health care in the area or medical institution;

(e) developing and publishing guidelines designed to keep within reasonable bounds the cost of health care;

(f) reviewing the quality or cost of health care services provided to enrollees of health maintenance organizations;

(g) acting as a professional standards review organization pursuant to United States Code, title 42, section 1320c-1 et seq.;

(h) determining whether a professional shall be granted staff privileges in a medical institution or whether a professional's staff privileges should be limited, suspended or revoked;

(i) reviewing, ruling on, or advising on controversies, disputes or questions between:

(1) health insurance carriers or health maintenance organizations and their insureds or enrollees;

(2) professional licensing boards acting under their powers including disciplinary, license revocation or suspension procedures and health providers licensed by them when the matter is referred to a review committee by the professional licensing board;

(3) professionals and their patients concerning diagnosis, treatment or care, or the charges or fees therefor;

(4) professionals and health insurance carriers or health maintenance organizations concerning a charge or fee for health care services provided to an insured or enrollee;

(5) professionals or their patients and the federal, state, or local government, or agencies thereof;

(j) providing underwriting assistance in connection with professional liability insurance coverage applied for or obtained by dentists, or providing assistance to underwriters in evaluating claims against dentists;

(k) acting as a medical review agent under section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b); ~~or~~

(l) providing recommendations on the medical necessity of a

health service, or the relevant prevailing community standard for a health service; or

(m) reviewing a provider's professional practice as requested by the health care analysis unit under section 3.

Sec. 7. Minnesota Statutes 1990, section 145.64, is amended to read:

145.64 [CONFIDENTIALITY OF RECORDS OF REVIEW ORGANIZATION.]

Subdivision 1. [DATA AND INFORMATION.] All data and information acquired by a review organization, in the exercise of its duties and functions, shall be held in confidence, shall not be disclosed to anyone except to the extent necessary to carry out one or more of the purposes of the review organization, and shall not be subject to subpoena or discovery. No person described in section 145.63 shall disclose what transpired at a meeting of a review organization except to the extent necessary to carry out one or more of the purposes of a review organization. The proceedings and records of a review organization shall not be subject to discovery or introduction into evidence in any civil action against a professional arising out of the matter or matters which are the subject of consideration by the review organization. Information, documents or records otherwise available from original sources shall not be immune from discovery or use in any civil action merely because they were presented during proceedings of a review organization, nor shall any person who testified before a review organization or who is a member of it be prevented from testifying as to matters within the person's knowledge, but a witness cannot be asked about the witness' testimony before a review organization or opinions formed by the witness as a result of its hearings. ~~The provisions of this section shall not apply to a review organization of the type described in section 145.61, subdivision 5, clause (h).~~

Subd. 2. [PROVIDER DATA.] The restrictions in subdivision 1 shall not apply to judicial proceedings in which a health care provider contests the denial, restriction, or termination of clinical privileges by a health care facility. However, any data so disclosed in such proceedings shall not be admissible in any other judicial proceeding.

Sec. 8. [STUDY OF ADMINISTRATIVE COSTS.]

The health care analysis unit shall study costs and requirements incurred by health plan companies and health care providers that are related to the collection and submission of information to the state and federal government, insurers, and other third parties. The unit shall recommend to the commissioner by January 1, 1993, any

reforms that may reduce these costs without compromising the purposes for which the information is collected.

Sec. 9. [STUDY OF OUTCOMES-BASED PILOT PROJECT.]

The health care analysis unit shall examine the feasibility of establishing a pilot project to implement, administer, and evaluate an outcomes-based model of health care management that incorporates practice guidelines. The unit shall present recommendations to the commissioner by January 1, 1992.

ARTICLE 7

HEALTH INSURANCE REFORM

Section 1. [62A.135] [NONCOMPREHENSIVE POLICIES; MINIMUM LOSS RATIOS.]

(a) This section applies to individual or group policies, certificates, or other evidence of coverage designed primarily to provide coverage for hospital or medical expenses on a per diem, fixed indemnity, or nonexpense incurred basis offered, issued, or renewed, to provide coverage after August 1, 1991, to a Minnesota resident.

(b) Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, policies must return to Minnesota policyholders in the form of aggregate benefits under the policy, for each year, on the basis of incurred claims experience and earned premiums in Minnesota and in accordance with accepted actuarial principles and practices:

(1) at least 75 percent of the aggregate amount of premiums collected in the case of group policies; and

(2) at least 65 percent of the aggregate amount of premiums collected in the case of individual policies.

(c) Noncomprehensive policies subject to the provisions of this section are also subject to the requirements, penalties, and remedies applicable to Medicare supplement policies, as set forth in section 62A.36, subdivisions 1a, 1b, and 2.

The first supplement to the annual statement required to be filed pursuant to this paragraph must be for the annual statement required to be submitted on or after January 1, 1992.

Sec. 2. [62J.51] [PROVISION OF COVERAGE.]

No health plan company may deny an application for health coverage submitted to it by an individual, small group, or medium-

sized group, if the health plan company offers, sells, issues, or renews health coverage to entities of the same category as the entity that submitted the application. This section does not apply to Medicare supplemental coverage.

Sec. 3. [62J.52] [CANCELLATION.]

No health plan company may cancel or fail to renew health coverage that it provides to an individual, small group, or medium-sized group, except for nonpayment of a legally permitted premium or copayment, fraud or misrepresentation, noncompliance with plan provisions, or failure to maintain legally permitted participation requirements. This section does not apply to Medicare supplemental coverage.

Sec. 4. [62J.53] [PREEXISTING CONDITIONS.]

Subdivision 1. [BASIC COVERAGE.] No health plan company may limit basic coverage provided to an individual, small group, or medium-sized group on the basis of the past or present health status of any person, except as allowed by this section. For purposes of this requirement, "basic coverage" means the minimum insurance benefit set or the intermediate benefit set, parts A and B. On and after July 1, 1996, a health plan company may not exclude or limit basic coverage for pre-existing conditions. Prior to July 1, 1996, a health plan company may not exclude but may limit basic coverage of pre-existing conditions to a total benefit of \$3,000 per person for the first 12 months of coverage. This total benefit of \$3,000 is based upon coverage providing benefits equivalent to those commonly included in group health coverage offered by health maintenance organizations operating under chapter 62D. The commissioner of commerce shall adopt rules specifying an actuarially equivalent total benefit limitation that may be used with other levels of health coverage. A health plan company may not apply a pre-existing condition limitation if the person enrolled in new health coverage after having other health coverage, including medical assistance under chapter 256B or general assistance medical care under chapter 256D, that would have covered the condition, so long as coverage for the condition was continuous. An unexpired pre-existing condition limitation period under previous coverage may be applied under the person's new health coverage until it would have expired if the person had not switched coverage.

Subd. 2. [OPTIONAL COVERAGE.] If a person covered by basic coverage purchases or otherwise becomes covered by optional coverage, the health plan company providing the optional coverage may exclude or limit coverage under the optional coverage for pre-existing conditions for the first year of the optional coverage. This one-year pre-existing condition exclusion or limitation must not be used if the person purchases the optional coverage when the person initially enrolls in the state plan or if the condition would

have been covered by the person's previous coverage that was continuously in force. For purposes of this section, "optional coverage" means any coverage in excess of the minimum insurance benefit set or the intermediate benefit set.

Subd. 3. [MEDICARE SUPPLEMENTAL COVERAGE; NONAPPLICABILITY.] This section does not apply to Medicare supplemental coverage.

Sec. 5. [62J.54] [LEVEL COMMISSIONS.]

No health plan company may pay commissions or other compensation to an agent or broker, with respect to the sale of health coverage, unless payment of the commissions is spread evenly over a period of at least five years from the date of purchase of the coverage.

Sec. 6. [62J.55] [COMMUNITY RATING REQUIRED.]

Subdivision 1. [COMMUNITY RATING.] No health plan company may offer, sell, issue, or renew health coverage to any individual or small group, unless the premium charged for the coverage is community rated. If the health plan company participates in the state plan, the community rate charged in the private market for a plan with the same set of benefits must equal the rate charged in the state plan. Health plan companies must use the following rate cells only: (1) one person; (2) a two-person family; and (3) a family of three or more persons, and health plan companies may charge a different rate for each cell.

Subd. 2. [LIMITATIONS.] Under community rating, the rate charged may not take into account the age, sex, health status, disability, occupation, geographical location, or any other factor except the following:

(1) actuarially valid differences in benefit levels, assuming average utilization rates;

(2) differences in family size, except that family members in excess of three must be disregarded;

(3) actual differences in acquisition and administration costs between individuals as a whole and small groups as a whole; and

(4) premium reductions of no more than four percent for individuals or small groups that engage in activities or practices intended to promote the health of the covered persons.

Subd. 3. [PHASE-IN PERIOD.] No later than July 1, 1992, each health plan company that offers, sells, issues or renews health

coverage for individuals or small groups in this state must determine and file with the commissioner of commerce a single base community rate. This rate may include adjustments permitted by subdivisions 1 and 2. This rate and the adjustments may be changed by the health plan company at any time except as otherwise limited by the commissioner of commerce. From July 1, 1992 until June 30, 1993, each health plan company may offer premium rates to particular individuals or small groups that are no more than 30 percent above and no more than 30 percent below the base community rate, as adjusted as permitted in subdivisions 1 and 2. Beginning July 1, 1993, the maximum permitted percentage deviation from the base community rate as adjusted is 20 percent. Beginning July 1, 1994, the maximum permitted percentage deviation from the base community rate as adjusted is ten percent. Beginning July 1, 1995, no deviation from the base community rate as adjusted is permitted. Coverage purchased at a premium rate permitted on the date of purchase, but subsequently no longer permitted under this section, may remain in effect at that premium rate for a period not to exceed one year from date of purchase.

Subd. 4. [MEDICARE SUPPLEMENTAL COVERAGE.] This section does not apply to Medicare supplemental coverage, except as provided in section 8.

Sec. 7. [62J.56] [COMPENSATION OF AGENTS.]

Subdivision 1. [COMPENSATION; PRIVATE MARKET.] No health plan company shall, with respect to health coverage provided in the private market:

(1) make the amount of its compensation of an agent, broker, or employee depend in any way, directly or indirectly, upon the loss ratio or any other underwriting performance of health coverage written through the agent, broker, or employee; or

(2) cancel, terminate, or fail to renew an agency, brokerage, or employment contract or arrangement, or reduce or restrict underwriting authority on the basis of the loss ratio, or any other underwriting performance of health coverage written through an agent, broker, or employee.

Subd. 2. [COMPENSATION; STATE PLAN.] No health plan company shall, with respect to health coverage provided through the state plan, pay agent commissions. The commissioner may contract with insurance agents and brokers for outreach and enrollment services to the new state plan for set fees.

Sec. 8. [62J.57] [MEDICARE SUPPLEMENTAL COVERAGE.]

Subdivision 1. [COMMUNITY RATING.] Health plan companies

that sell Medicare supplemental coverage must establish a separate community rate, as described in section 6, for that coverage. The community rate must be the same in the private market as in the state plan, for health plan companies that sell that coverage through the state plan. Beginning July 1, 1992, no Medicare supplemental coverage may be offered, issued, or sold to a Minnesota resident except at the community rate required by this section.

Subd. 2. [OPEN ENROLLMENT.] Health plan companies offering Medicare supplement coverage through either the private market or the state plan, or both, must offer such coverage on an open enrollment basis without requiring health screening or other measures of insurability, to any individual applying for coverage within six months of initial eligibility for Medicare Part B.

Subd. 3. [OTHER REGULATION.] The requirements of this section are in addition to any requirements applicable to Medicare supplemental plans contained in chapter 62A.

Sec. 9. [62J.58] [BIASED SELECTION ADJUSTMENT.]

Subdivision 1. [REPORT.] Each health plan company must annually provide the commissioner of health with a report of the number of males and females that it covered in the individual and small group market for the past calendar year, together with data showing the age distribution of the covered persons, separately for males and females. A person covered by that company for only a portion of the year counts on a pro rata basis, based upon the closest whole number of months during which that person was covered. For each age-sex combination, the total cost incurred must be shown. Data must be shown separately for Medicare supplemental coverage and for coverage provided through the state plan and through the private market.

Subd. 2. [ASSESSMENTS AND PAYMENTS.] Each company must pay an assessment or receive a reimbursement, based upon the extent to which that company's age-sex distribution of covered persons differs from the statewide average for the entire individual and small group market. The commissioner of health shall adopt rules specifying a procedure including the creation of a formula for determining the amount of the reimbursement or assessment with respect to individual companies. The rules for determining the amounts of reimbursements to and assessments on individual health plan companies must take into account differences in coverage levels, reinsurance pool premiums, and managed care activities that affect costs. Health plan companies whose inefficient managed care activities result in higher costs must not be compensated for those higher costs by this biased selection adjustment. The commissioner shall implement the formula by rule before any health plans are liable for payments under this biased selection adjustment provision.

Subd. 3. [IMPACT ON SMALL EMPLOYERS.] The commissioner shall design the formula in such a way that it does not become a cost burden to small employers who purchase coverage in the private market.

Subd. 4. [TRUST FUND.] Payment of assessments must be made to the commissioner of health and maintained in a separate trust fund, out of which the reimbursements required by this section will be paid. Reimbursements will be made only out of this trust fund and only to the extent of assessments received. Any shortfall in assessment payments received results in pro rata adjustments in reimbursements made to health plan companies, to be compensated for in subsequent years from subsequent assessments.

Sec. 10. [62J.59] [MEDIUM-SIZED GROUPS.]

Each health plan company that offers, sells, issues, or renews health coverage for medium-sized groups in this state must determine a single base community rate for medium-sized groups. The base community rate may be adjusted to reflect differences in benefit levels or other product differences. Each health plan company participating in the medium-sized group market may offer premium rates to particular medium-sized groups that are no more than 30 percent above and no more than 30 percent below that base community rate. These premium differences may be based upon any underwriting criteria permitted by law. No health plan company may increase the premium it charges to a medium-sized group for which it provides coverage if the increase would exceed the increase in that health plan company's base community rate plus 15 percent per year. Each health plan company must provide the commissioner of commerce with a detailed description of its rating methodology, including actuarial justifications for its base community rate and for premiums that deviate from it, except that health plan companies operating under chapter 62D must provide the descriptions and justifications to the commissioner of health.

Sec. 11. [62J.60] [MINIMUM LOSS RATIOS.]

All health coverage sold by health plan companies in this state must have loss ratios no lower than those to be specified by rule by the commissioner of health for health plan companies operating under chapter 62D and by the commissioner of commerce for all other health plan companies. The minimum loss ratios may differ between the individual, small group, medium-sized group, and large group market. The commissioners shall adopt rules to establish the minimum loss ratios. This section does not apply to types of coverage for which minimum loss ratios are established by statute.

Sec. 12. [62J.62] [REINSURANCE POOL.]

(a) All health plan companies selling health coverage to individ-

uals, small groups, or medium-sized groups in this state, including coverage provided through the state plan, must participate in the Minnesota health reinsurance pool. The commissioner of health shall administer this reinsurance pool, which must provide reinsurance to participating health plan companies for:

(1) 85 percent of costs incurred for any case, to the extent that the costs of care exceed \$30,000;

(2) 85 percent of costs incurred for any case assigned to the reinsurance pool pursuant to section 13; and

(3) 100 percent of costs in excess of \$100,000 incurred for any case.

(b) For the purposes of paragraph (a), clause (2), a case qualifies for reinsurance coverage if a specific patient receives \$30,000 or more in covered services for a specific cause or spell of illness in a period of 12 or fewer consecutive months. The reinsurance benefit period continues until the end of 12 consecutive months in which the patient receives less than \$10,000 in covered services for that cause or spell of illness.

Sec. 13. [62J.63] [AUTOMATIC ASSIGNMENT TO REINSURANCE POOL.]

With respect to health plan coverage of individuals, small groups, or medium-sized groups in this state, all cases that involve a high probability of incurring costs that exceed \$30,000 for a specific cause or spell of illness during a 12-month period shall be called "presumptive conditions." The commissioner of health shall adopt rules specifying a list of presumptive conditions. Persons having presumptive conditions at the time of initial enrollment must be assigned to the reinsurance pool by the commissioner of health upon receipt of a request from the health plan company insuring that person, together with any documentation reasonably required by the commissioner.

Sec. 14. [62J.64] [CASE MANAGEMENT FOR REINSURANCE POOL.]

The commissioner of health shall contract for case management services designed to provide cost-effective treatment of cases assigned to the reinsurance pool.

Sec. 15. [62J.65] [REINSURANCE POOL PREMIUMS.]

Each health plan company participating in the Minnesota health reinsurance pool must pay premiums for the reinsurance coverage in the amounts and at the times specified by the commissioner of health. The reinsurance premiums must be determined on a com-

munity-rated basis, except that adjustments must be made to reflect differences in managed care systems. Health plan companies providing only dental care or other limited coverage must be charged reinsurance premiums that reflect the expected cost to the reinsurance pool attributable to that category of limited coverage. The premiums must include the cost of administering the reinsurance pool. Premiums charged for the first 12 months of the pool's existence must include all start-up costs.

Sec. 16. [62J.66] [ENFORCEMENT AUTHORITY.]

The commissioner of commerce and commissioner of health have the responsibility and authority to enforce sections 1 to 8, 10, and 11, with respect to the health plan companies that they respectively regulate, and have all of the powers otherwise granted to them by statute for use in carrying out their respective responsibilities under this chapter.

Sec. 17. [DEPARTMENT OF COMMERCE STUDY.]

The department of commerce shall review the adequacy of reserves of companies selling noncomprehensive policies subject to Minnesota Statutes, section 62A.135 and the earnings generated from the investment of the premium dollars paid for these policies. The department shall also review the loss ratios of all accident and health policies sold in Minnesota and the appropriateness of these loss ratios in light of operating expenses, reserves, paid claims, and other relevant factors. The reviews under this section shall be treated as an examination for purposes of applying the requirements of Minnesota Statutes, section 60A.031.

The department shall report the results of its review to the chairs of the house financial institutions and insurance committee and the senate commerce committee by January 1, 1992.

Sec. 18. [REINSURANCE POOL TASK FORCE.]

The commissioner of health shall convene a task force comprised of representatives of health plan companies, selected by the commissioner of health, and staff of the departments of health and commerce, designated by the respective commissioners. The task force shall, no later than January 1, 1992, make written recommendations to the commissioner of health and to the chairs of the house committee on financial institutions and insurance and of the senate commerce committee as to the operation of the mandatory reinsurance pool required by Minnesota Statutes, section 62J.62.

Sec. 19. [MEDICARE SUPPLEMENTAL COMMUNITY RATING STUDY.]

The department of commerce shall study the possible effects of community rating on Medicare supplemental coverage enrollees and shall report its findings and any recommendations, no later than January 1, 1992, to the chairs of the house committee on financial institutions and insurance and of the senate commerce committee. The study and report must consider the effects on premiums charged to different types of enrollees, the effects on enrollment, and the effects on average premium levels.

Sec. 20. [EFFECTIVE DATE.]

Sections 2 to 16 are effective July 1, 1992, except that all rulemaking authority granted in sections 2 to 16 is effective the day following final enactment. Sections 17 to 19 are effective the day following final enactment.

ARTICLE 8

SMALL EMPLOYER HEALTH BENEFITS

Section 1. [62K.01] [CITATION AND PURPOSE.]

Subdivision 1. [CITATION.] This chapter may be cited as the "small employer health benefit act of 1991."

Subd. 2. [FINDINGS.] The legislature finds that a significant number of uninsured residents of the state of Minnesota are employed by small employers. Small employers may be unable to purchase affordable health coverage because of the application of mandated benefits to all health plan products and the historical underwriting and rating practices applied by health carriers to small employer groups. The legislature believes that access to health insurance may improve for small employers if specific rating and underwriting restrictions, in conjunction with the use of a reinsurance pool, are imposed on all health carriers doing business in the small employer market, if health carriers are permitted to offer a limited benefit plan, and if a systematic review of proposed new benefits is required.

Subd. 3. [PURPOSE.] The purpose of this chapter is to promote the availability of health insurance to small employers; to impose certain restrictions on the underwriting and rating of small employer groups; to improve access to health care services to the employees of small employers and their dependents; to establish a reinsurance pool to enable health carriers to more equitably spread the risk of loss associated with small employer business; and to provide for the systematic review of the social and financial impacts of proposed mandated benefits.

Subd. 4. [JURISDICTION.] This chapter applies to any health

carrier that offers, issues, delivers, or renews a health benefit plan to one or more employees of a small employer.

Sec. 2. [62K.02] [DEFINITIONS.]

Subdivision 1. [TERMS.] For the purposes of this chapter, the terms defined in this section have the meanings given them unless the language or the context clearly indicates otherwise.

Subd. 2. [ACTUARIAL OPINION.] "Actuarial opinion" means a written statement by a member of the American Academy of Actuaries that a health carrier is in compliance with this chapter, based on the person's examination, including a review of the appropriate records and of the actuarial assumptions and methods utilized by the health carrier in establishing premium rates for health benefit plans.

Subd. 3. [APPROPRIATE COMMITTEE CHAIRS.] "Appropriate committee chairs" means the chairs of the house health and human services committee, the house financial institutions and insurance committee, the senate commerce committee, and the senate health and human services committee.

Subd. 4. [ASSOCIATION.] "Association" means the small employer reinsurance association created by section 62K.10.

Subd. 5. [BASE PREMIUM RATE.] "Base premium rate" means for each class of business as to a rating period, the lowest premium rate charged or which could have been charged under a rating system for that class of business by the health carrier to small employers with similar case characteristics for health benefit plans with the same or similar coverage.

Subd. 6. [BOARD OF DIRECTORS.] "Board of directors" means the board of directors of the small employer reinsurance association created by section 62K.10.

Subd. 7. [CASE CHARACTERISTICS.] "Case characteristics" means the relevant characteristics of a small employer, as determined by a health carrier, which are considered by the carrier in the determination of premium rates for the small employer. Such relevant characteristics include, but are not limited to, geographic area, employer group size, benefit differences, and family composition. Age, sex, claims experience, health status, and industry of the employer and duration of issue are not case characteristics for the purposes of this chapter.

Subd. 8. [CLASS OF BUSINESS.] "Class of business" means all of the small employer business of a health carrier as shown on the

records of the health carrier except that a health carrier may establish a distinct grouping of small employers:

(1) if a class of business was acquired from another health carrier;

(2) if the class of business relies on substantially different managed care requirements, including but not limited to the use of limited provider networks, prior authorization, concurrent review, discharge planning, and case management;

(3) if the class of business is marketed and sold through persons not participating in the sale of health benefit plans to other distinct groupings of small employers; or

(4) if the class of business is provided through an association of not less than 100 employers which has been formed for purposes other than obtaining insurance.

The commissioner may approve the establishment of additional classes of business upon application to the commissioner and a finding by the commissioner that such action would enhance the efficiency and fairness of the small employer market.

Subd. 9. [COINSURANCE.] "Coinsurance" means an established dollar amount or percentage of health care expenses that an eligible employee or dependent is required to pay directly to a provider of medical services or supplies pursuant to the terms of a health benefit plan.

Subd. 10. [COMMISSIONER.] "Commissioner" means the commissioner of commerce for plans governed by chapter 62A or 62C or the commissioner of health for health maintenance organizations governed by chapter 62D, or the relevant commissioner's designated representative.

Subd. 11. [CONTINUOUS COVERAGE.] "Continuous coverage" means the maintenance of continuous and uninterrupted health plan coverage by an eligible employee or dependent. An eligible employee or dependent shall be deemed to have maintained continuous coverage if the individual requests enrollment in a health benefit plan within 30 days of termination of the prior health plan coverage.

Subd. 12. [DEDUCTIBLE.] "Deductible" means the amount of health care expenses an eligible employee or dependent is required to incur before benefits are payable under a health benefit plan.

Subd. 13. [DEMOGRAPHIC COMPOSITION.] "Demographic composition" means the age and sex characteristics of eligible employees, the family composition of eligible employees, and the

standard age categories used by a health carrier to establish premiums.

Subd. 14. [DEPARTMENT.] “Department” means the department of commerce or the department of health, as applicable.

Subd. 15. [DEPENDENT.] “Dependent” means an eligible employee’s spouse, unmarried child who is under the age of 19 years, dependent child who is a student under the age of 25 years and financially dependent upon the eligible employee, or dependent child of any age who is disabled, subject to the applicable terms of the health benefit plan issued by the health carrier.

Subd. 16. [DURATION OF ISSUE.] “Duration of issue” means a rate factor used to justify higher rates which incorporated the length of time a group is covered by a health carrier, but which does not incorporate claims experience or health status.

Subd. 17. [ELIGIBLE CHARGES.] “Eligible charges” means the actual charges submitted to a health carrier by or on behalf of a provider, eligible employee, or dependent for health services covered by the carrier’s health benefit plan. Eligible charges do not include charges for health services excluded by the health benefit plan or charges for which an alternate carrier is liable pursuant to the coordination of benefit provisions of the health benefit plan.

Subd. 18. [ELIGIBLE EMPLOYEE.] “Eligible employee” means an individual employed by a small employer for at least 20 hours per week on a regular basis and who has satisfied all employer participation and eligibility requirements, including but not limited to the satisfactory completion of a probationary period of not less than 30 days. A late entrant is not an eligible employee.

Subd. 19. [FINANCIALLY IMPAIRED CONDITION.] “Financially impaired condition” means a health carrier which is not insolvent and (1) is deemed by the commissioner to be potentially unable to fulfill its contractual obligations, or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

Subd. 20. [HEALTH BENEFIT PLAN.] “Health benefit plan” means any policy, contract, or certificate issued by a health carrier to a small employer for the coverage of medical and hospital benefits. Health benefit plan includes a small employer plan as defined in subdivision 33. The term does not include coverage that is:

- (1) limited to disability or income protection coverage;
- (2) automobile medical payment coverage;

- (3) supplemental to liability insurance;
- (4) designed solely to provide payments on a per diem, fixed indemnity or nonexpense-incurred basis;
- (5) credit accident and health insurance issued pursuant to chapter 62B;
- (6) designed solely to provide dental or vision care;
- (7) blanket accident and sickness insurance as defined in section 62A.11;
- (8) accident only coverage issued by a licensed and tested insurance agent or solicitors that provides reasonable benefits in relation to the cost of covered services;
- (9) long-term care insurance as defined in section 62A.46; or
- (10) issued as a supplement to Medicare, as defined in sections 62A.31 to 62A.44.

For the purpose of this act, a health benefit plan issued to employees of a small employer who meets the participation requirements of section 62K.03 shall be deemed to have been issued to a small employer. A health benefit plan issued on behalf of a health carrier shall be deemed to be issued by the health carrier.

Subd. 21. [HEALTH CARRIER.] “Health carrier” means an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a health service plan licensed under chapter 62C; a health maintenance organization licensed under chapter 62D; a fraternal benefit society operating under chapter 64B; a joint self-insurance employee health plan operating under chapter 62H; and a multiple employer welfare arrangement, as defined in section 3 of the Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, section 1103, as amended.

For the purpose of this act companies that are affiliated companies or that are eligible to file a consolidated tax return shall be treated as one carrier except that any insurance company or health service plan corporation that is an affiliate of a health maintenance organization located in Minnesota or any health maintenance organization located in Minnesota that is an affiliate of an insurance company or health service plan corporation may treat the health maintenance organization as a separate health carrier.

Subd. 22. [HEALTH PLAN.] “Health plan” means a health benefit plan issued by a health carrier:

(1) to a small employer;

(2) to any employer who does not satisfy the definition of a small employer as set forth in subdivision 31; or

(3) to any individual purchasing an individual or conversion policy of health care coverage issued by a health carrier.

Subd. 23. [INDEX RATE.] "Index rate" means for each class of business as to a rating period for small employers with similar case characteristics, the arithmetic average of the applicable base premium rate and the corresponding highest premium rate.

Subd. 24. [LATE ENTRANT.] "Late entrant" means an eligible employee or dependent who is not enrolled in a small employer's health benefit plan. Late entrants may be subject to a preexisting condition limitation or exclusion from coverage for up to 18 months from the effective date of coverage of the late entrant. An otherwise eligible employee or dependent shall not be a late entrant if:

(1) the individual was covered by another group health plan at the time the individual was eligible to enroll in a health benefit plan, declined enrollment on that basis, and presents to a health carrier a certificate of termination of such coverage, provided that the individual maintains continuous coverage;

(2) the individual has lost coverage under another group health plan due to the expiration of benefits available under the Consolidated Omnibus Budget Reconciliation Act of 1981 (COBRA), Public Law Number 99-272, as amended, and any state continuation laws applicable to the employer or health carrier, provided that the individual maintains continuous coverage;

(3) the individual is a new spouse of an eligible employee, provided that enrollment is requested within 30 days of the date of marriage; or

(4) the individual is a new dependent child of an eligible employee, provided that enrollment is requested within 30 days of the date of birth or adoption.

Subd. 25. [MANDATED BENEFIT OR ELIGIBILITY.] "Mandated benefit or eligibility" means a health plan benefit or eligibility required by state law to be included in a health plan offered or issued by a health carrier that requires the coverage of or the offer of coverage of specific diseases, conditions, treatments, services, or persons, or the direct reimbursement of services rendered by specific types of health care providers.

Subd. 26. [MCHA.] "MCHA" means the Minnesota comprehensive health association established pursuant to section 62E.10.

Subd. 27. [MEDICAL NECESSITY.] "Medical necessity" means the appropriate and necessary medical and hospital services eligible for payment under a health benefit plan as determined by a health carrier.

Subd. 28. [MEMBERS.] "Members" means the health carriers operating in the small employer market who are members of the association.

Subd. 29. [PREEXISTING CONDITION.] "Preexisting condition" means any condition manifesting in such a manner as would cause an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment or for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately preceding the effective date of coverage, or as to a pregnancy existing as of the effective date of coverage of a health benefit plan.

Subd. 30. [RATING PERIOD.] "Rating period" means the 12 month or prorated calendar period for which premium rates established by a health carrier are assumed to be in effect, as determined by the health carrier.

Subd. 31. [SMALL EMPLOYER.] "Small employer" means any person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no less than two nor more than 15 eligible employees. If a small employer has only two eligible employees, the employees must not be the spouse, child, sibling, parent, or grandparent of the other. Entities which are eligible to file a combined tax return for purposes of state tax laws shall be considered a single employer for purposes of determining the number of eligible employees. Small employer status shall be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this act shall continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan.

Subd. 32. [SMALL EMPLOYER MARKET.] "Small employer market" means the market for group health benefit plans for small employers. A health carrier shall be considered to be participating in the small employer market if the health carrier offers, sells, issues, or renews a health plan to any small employer or the eligible employees of a small employer offering a group health benefit plan.

Subd. 33. [SMALL EMPLOYER PLAN.] "Small employer plan" means a health benefit plan issued by a health carrier to a small

employer for coverage of the medical and hospital benefits described in section 62K.05.

Subd. 34. [TRANSITION PERIOD.] "Transition period" means July 1, 1992, through June 30, 1993.

Sec. 3. [62K.03] [PARTICIPATION REQUIREMENTS.]

Subdivision 1. [CARRIER PARTICIPATION.] Every health carrier shall, as a condition of authority to transact business in this state in the small employer market, offer, sell, issue, and renew any health benefit plan to small employers in accordance with this chapter. Beginning during the transition period, as defined in section 62K.02, subdivision 34, every health carrier participating in the small employer market shall make available a health benefit plan to small employers and shall fully comply with the underwriting and rate restrictions set forth in this chapter. A health carrier may cease to transact business in the small employer market pursuant to section 62K.09.

Subd. 2. [EXCEPTION TO CARRIER PARTICIPATION.] A health carrier transacting business in the small employer market shall not be required to offer a health benefit plan to small employers pursuant to this chapter if the commissioner finds that such offer would place the health carrier in a financially impaired condition. A health carrier which does not offer a health benefit plan to small employers pursuant to this subdivision shall not offer a health benefit plan to small employers for 180 days following a determination by the commissioner that the health carrier has ceased to be in a financially impaired condition.

Subd. 3. [EMPLOYER PARTICIPATION.] Health carriers shall require that:

(1) 75 percent of a small employer's eligible employees who have not waived coverage participate in any health benefit plan offered, sold, issued, or renewed by the health carrier; and

(2) small employers contribute a minimum of 50 percent of the premium charged by the health carrier for coverage of an eligible employee.

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted by this chapter. Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees of small employers. Except as hereinafter permitted with respect to late

entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee's or dependent's health benefit plan. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by another health benefit plan, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation shall not exceed 18 months.

Subd. 5. [CANCELLATIONS.] No health carrier shall cancel, decline to issue, or fail to renew a health benefit plan as a result of the claim experience or health status of the small employer group; provided, however, that a health carrier may cancel, decline to issue, or fail to renew a health benefit plan:

(1) for nonpayment of the required premium or contributions toward premiums by the small employer or eligible employee;

(2) for fraud or misrepresentation by the small employer, eligible employee, or dependent with respect to their eligibility for coverage or any other material fact;

(3) if eligible employee participation during the preceding calendar year declines to less than 75 percent;

(4) for failure of an employer to comply with the health carrier's premium contribution requirements;

(5) if a health carrier ceases to do business in the small employer market pursuant to section 62K.09;

(6) for any other reasons or grounds expressly permitted by the respective licensing laws and regulations governing a health carrier, including but not limited to any service area restrictions imposed on health maintenance organizations pursuant to section 62D.03, subdivision 4, paragraph (m), and insufficient provider network capacity, as determined by the commissioner, to the extent that these grounds are not expressly inconsistent with this chapter.

Subd. 6. [MCHA ENROLLEES.] Health carriers shall offer coverage to any eligible employee or dependent enrolled in MCHA at the time of the health carrier's issuance of a health benefit plan to a small employer. MCHA enrollees shall be offered the option: (a) to be enrolled in the small employer's health benefit plan as of the first

date of renewal of a health benefit plan occurring on or after July 1, 1992, or, in the case of a new group, as of the initial effective date of the health benefit plan; or (b) to continue to be enrolled in MCHA. If the MCHA enrollee chooses to remain in MCHA, the employer must (a) pay the difference between the deductible paid by other employees for the group coverage and the deductible paid by the MCHA enrollee for the comprehensive health insurance plan; (b) pay the difference between the coinsurance paid by other employees under the group health plan and the MCHA enrollee under the comprehensive insurance plan; and (c) ensure that the MCHA enrollee does not pay more in premium contribution and out-of-pocket maximums for coverage under the MCHA coverage than the largest contribution toward premium and out-of-pocket maximums paid by any other employee receiving health care coverage through the same employer. Unless otherwise permitted by this act, health carriers shall not impose any underwriting restrictions, including any preexisting condition limitations on any eligible employee or dependent previously enrolled in MCHA and transferred to a health benefit plan so long as continuous coverage is maintained.

Sec. 4. [62K.04] [TRANSITION PERIOD.]

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] During the transition period, as defined in section 62K.02, subdivision 34, health carriers participating in the small employer market shall offer and make available a health benefit plan to small employers who satisfy the small employer participation requirements specified in section 62K.03, subdivision 3, and shall comply with the underwriting, rating, and other requirements set forth in sections 62K.03 to 62K.09. Compliance with these requirements is required as of the first renewal date of any small employer group occurring during the transition period. For new small employer business, compliance is required as of the first date of offering occurring during the transition period.

Subd. 2. [NEW CARRIERS.] A health carrier entering the small employer market after the transition period, as defined in section 62K.02, subdivision 34, shall begin complying with this chapter during the 365-day period beginning with the health carrier's initial offer, issue, or delivery of a health benefit plan to a small employer or an eligible employee of a small employer. Compliance with this chapter's requirements is required as of the first date of offering of a health benefit plan to a small employer. A health carrier entering the small employer market after the transition period shall be deemed to be a member of the small employer reinsurance association established by section 62K.10 as of the date of the health carrier's initial offer of a health benefit plan to a small employer.

Sec. 5. [62K.05] [SMALL EMPLOYER PLAN BENEFITS.]

Subdivision 1. [BENEFIT DESIGN.] The minimum benefits of a

small employer plan offered by a health carrier shall be equal to 80 percent of the cost of health care services covered under the small employer plan, in excess of an annual deductible which shall not exceed \$500 per individual and \$1,000 per family. Each small employer offered a small employer plan must be offered a plan that has an annual deductible of \$100 per individual and a plan that has an annual deductible of \$250 per individual. Coinsurance and deductibles shall not apply to child health supervision services and prenatal services, as defined by section 62A.047.

Out-of-pocket costs for covered services shall not exceed \$3,000 per individual and \$6,000 per family per year. The maximum lifetime benefit shall not be less than \$500,000.

Subd. 2. [MINIMUM BENEFITS.] The medical services and supplies listed in this subdivision are the minimum benefits that must be covered by a small employer plan:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10), (11), and (12);

(2) physician services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic X rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician or qualify as reimbursable under the health carrier's most commonly sold health plan for insured group coverage;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services as defined in section 62A.047;

(10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299;

(11) up to ten hours per year of outpatient mental health diagnosis or treatment for illnesses or conditions not described in clause (10);

(12) up to 60 hours per year of outpatient treatment of chemical dependency;

(13) 50 percent of the cost of prescription drugs, up to a separate annual maximum out-of-pocket expense of \$1,000 per individual for prescription drugs, and 100 percent of the cost thereafter; and

(14) chiropractic services for the diagnosis or treatment of illnesses, injuries, or conditions within the chiropractic scope of practice as defined in section 148.01. Examination by, or referral from, a medical physician shall not be a condition of receipt of chiropractic care under this subdivision.

Subd. 3. [ADDITIONAL BENEFITS.] Health carriers may offer small employers additional benefits not listed in this section, so long as all requirements of this chapter are met.

Subd. 4. [BENEFIT EXCLUSIONS.] No medical, hospital, or other health care benefits, services, supplies, or articles not expressly set forth in subdivision 2 are required to be included in a health benefit plan. Nothing in subdivision 2 shall restrict the right of a health carrier to restrict coverage to those services which are medically necessary. Health carriers may exclude any benefit, service, supply, or article not expressly set forth in subdivision 2 from a health benefit plan.

Subd. 5. [CONTINUATION COVERAGE.] Health benefit plans must include only the continuation of coverage provisions required by the Consolidated Omnibus Reconciliation Act of 1981 (COBRA), Public Law Number 99-272, as amended.

Subd. 6. [DEPENDENT COVERAGE.] Other state law and rules applicable to health plan coverage of newborn infants, dependent children who do not reside with the eligible employee, handicapped children, and dependents and adopted children shall apply to a health benefit plan, provided, however, that section 62A.151 shall not apply to a health benefit plan issued to small employers.

Subd. 7. [MEDICAL EXPENSE REIMBURSEMENT.] Health carriers may reimburse or pay for medical services provided pursuant to a health benefit plan in accordance with the health carrier's

provided contract requirements including but not limited to salaried arrangements, capitation, the payment of usual and customary charges, fee schedules, discounts from fee-for-service, per diems, diagnostic-related groups (DRGs), and other payment arrangements. Nothing in this chapter requires a health carrier to develop, implement, or change its provider contract requirements for a health benefit plan. Coinsurance, deductibles, out-of-pocket maximums, and maximum lifetime benefits must be calculated and determined in accordance with each health carrier's standard business practices.

Subd. 8. [PLAN DESIGN.] Notwithstanding any other law, regulation, or administrative interpretation to the contrary, health carriers may offer a health benefit plan through any provider arrangement, including but not limited to the use of open, closed, or limited provider networks. The provider networks offered by any health carrier may be specifically designed for the small employer market and may be modified at the carrier's election so long as any necessary regulatory requirements are met. Health carriers shall use professionally recognized provider standards of practice when they are available, and may use any utilization management practices otherwise permitted by law, including but not limited to second surgical opinions, prior authorization, concurrent and retrospective review, referral authorizations, case management and discharge planning. A health carrier may contract with groups of providers with respect to health care services or benefits, and may negotiate with providers regarding the level or method of reimbursement provided for services rendered under a health benefit plan.

Subd. 9. [ACTUARIALLY EQUIVALENT HMO PLAN PERMITTED.] Health maintenance organizations regulated under chapter 62D may offer and make available a small employer plan that differs from the plan set forth in subdivisions 1 and 2. This alternative small employer plan must be actuarially equivalent to the minimum benefits set forth in subdivisions 1 and 2, but must be more similar to the structure of benefits customarily provided by health maintenance organizations. The commissioner of health shall adopt rules specifying the minimum set of benefits required by this subdivision.

Sec. 6. [62K.06] [DISCLOSURE OF UNDERWRITING RATING PRACTICES.]

When offering or renewing a health benefit plan, health carriers shall disclose in all solicitation and sales materials:

(3) provisions concerning the health carrier's right to change premium rates and the factors other than claim experience that affect changes in premium rates;

(4) a description of the class of business in which a small employer is or will be included, including the applicable grouping of plan;

(5) provisions relating to renewability of coverage;

(6) the use and effect of any preexisting condition provisions, if permitted; and

(7) the use of any provider network arrangements and effect on eligibility for benefits.

Sec. 7. [62K.07] [SMALL EMPLOYER REQUIREMENTS.]

Subdivision 1. [VERIFICATION OF ELIGIBILITY.] A small employer purchasing a health benefit plan shall maintain information verifying the continuing eligibility of the employer, its employees, and their dependents and shall provide such information to its health carrier on a quarterly basis or as reasonably requested by the health carrier.

Subd. 2. [WAIVERS.] A small employer participating in a health benefit plan shall maintain written documentation of a waiver of coverage by an eligible employee or dependent and shall provide such documentation to the health carrier upon reasonable request.

Sec. 8. [62K.08] [RESTRICTIONS RELATING TO PREMIUM RATES.]

Subdivision 1. [RATE RESTRICTIONS.] Premium rates for all health benefit plans sold or issued to small employers shall be subject to the following restrictions:

(a) [INDEX RATE.] Between classes of business, the index rate for a rating period for any class of business must not exceed the index rate for any other class of business by more than 20 percent, adjusted pro rata for periods less than one year. In the case of health benefit plans issued prior to the effective date of this act, which meet the definition of section 62K.02, subdivision 20, a premium rate for a rating period, adjusted pro rata for rating periods of less than a year, may exceed the ranges set forth in section 8 for a period of five years following the effective date of this act.

(b) [PREMIUM VARIATIONS.] Within a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates which could be charged to such employers under the rating system for that class of business, shall be limited to the index rate, plus or minus 30 percent of the index rate, adjusted pro rata for rating periods of less than one year.

(c) [ANNUAL PREMIUM INCREASE.] The percentage increases in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(1) the percentage change in the index rate measured from the first day of the prior rating period to the first day of the new rating period;

(2) an adjustment, not to exceed 15 percent annually and adjusted pro rata for rating periods of less than one year, due to the claims experience, health status, or duration of issue of the eligible employees or dependents of the small employer as determined from the health carrier's rate manual for the class of business; and

(3) any adjustment due to change in coverage, demographic composition, or change in the case characteristics of the small employer as determined from the health carrier's rate manual for the class of business.

Subd. 2. [INVOLUNTARY TRANSFERS PROHIBITED.] A health carrier shall not involuntarily transfer a small employer into or out of a class of business. A health carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, age, sex, claim experience, health status, industry of the employer, or duration of issue.

Sec. 9. [62K.09] [CESSATION OF SMALL EMPLOYER BUSINESS.]

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the following activities:

(1) the elimination of a class of business by a health carrier so long as other classes of business are maintained;

(2) the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line,

provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines; and

(3) the inability of any health carrier to offer or renew a health benefit plan because it has given notice to the commissioner that it will not have the capacity within a specific provider site under contract to or owned by the health carrier to adequately deliver services to the enrollees, insureds or subscribers of health benefit plans. Any health carrier which ceases to offer a particular provider site to the small employer market must also cease to offer that provider site to new groups other than small employers for any of its products.

Subd. 2. [NOTICE TO EMPLOYERS.] A health carrier electing to cease doing business in the small employer market shall provide 120 days' written notice to each small employer covered by a health benefit plan issued by the health carrier. Any health carrier that ceases to write new business in the small employer market shall continue to be governed by this act with respect to continuing small employer business conducted by the carrier.

Subd. 3. [REENTRY PROHIBITION.] A health carrier that ceases to do business in the small employer market after the effective date of this act shall be prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the commissioner. This subdivision shall apply to any health maintenance organization that ceases to do business in the small employer market in one service area with respect to that service area only.

Sec. 10. [62K.10] [REINSURANCE ASSOCIATION.]

Subdivision 1. [NONPROFIT CORPORATION.] The small employer reinsurance association is a nonprofit corporation.

Subd. 2. [PURPOSE.] The association is established to provide for the fair and equitable transfer of risk associated with participation by a health carrier in the small employer market to a private reinsurance pool created and maintained by the association. The participation by a health carrier in the reinsurance pool is voluntary.

Subd. 3. [TASK FORCE.] The commissioner shall establish an 11 member task force to develop the rules of participation in, and operating guidelines for, the reinsurance pool. Nine members shall represent health carriers. The commissioner shall appoint these nine members as follows: three members must be representatives of insurance companies licensed under chapter 60A to offer, sell or issue a policy of accident and sickness insurance; three members must be representatives of nonprofit health service plan corpora-

In selecting task force members who represent insurance companies licensed under chapter 60A, the commissioner shall give preference to carriers with larger shares of the small employer market and to carriers domiciled in Minnesota. The commissioners of commerce and health shall serve as ex officio members of the task force.

Subd. 4. [APPOINTMENT.] The commissioner shall appoint the members of the task force no later than June 15, 1991.

Subd. 5. [REPORT.] The task force shall report to the legislature on its recommendations for operation of the reinsurance association no later than January 15, 1992. The report must include recommendations regarding the transfer of risk to the association, assessments, board composition, and operation of the association. The report must include recommendations regarding statutory changes necessary for implementation of the reinsurance association by July 1, 1992.

Sec. 11. [62K.11] [SUPERVISION BY COMMISSIONER.]

Subdivision 1. [REPORTS.] Health carriers doing business in the small employer market shall file by April 1 of each year an annual actuarial opinion with the commissioner certifying that the health carrier is in compliance with the underwriting and rating requirements of this chapter and that the rating methods used by the carrier are actuarially sound. Health carriers shall retain a copy of such opinion at their principal place of business.

Subd. 2. [RECORDS.] Health carriers doing business in the small employer market shall maintain at their principal place of business a complete and detailed description of their rating practices, including information and documentation which demonstrate that a health carrier's rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

Subd. 3. [SUBMISSIONS TO COMMISSIONER.] The commissioner may request information and documentation from a health carrier describing its rating practices and renewal underwriting practices, including information and documentation that demonstrates that a health carrier's rating methods and practices are in accordance with sound actuarial principles. Any information received by the commissioner pursuant to this subdivision is nonpublic data pursuant to section 13.37.

Sec. 12. [62K.12] [PENALTIES AND ENFORCEMENT.]

The commissioner may suspend or revoke a health carrier's license or certificate of authority or impose a monetary penalty not to exceed \$25,000 for each violation of this chapter. Such action shall be by order and subject to the notice, hearing, and appeal procedures set forth in section 60A.051. The action of the commissioner shall be subject to judicial review pursuant to chapter 14.

Sec. 13. [62K.13] [PROHIBITED PRACTICES.]

Subdivision 1. [PROHIBITION ON ISSUANCE OF INDIVIDUAL POLICIES.] Health carriers operating in the small employer market shall not offer, issue, or renew an individual policy, subscriber contract, or certificate to any eligible employee or dependent of a small employer who satisfies the employer participation requirements set forth in section 62K.03, subdivision 3, except as permitted in subdivision 2.

Subd. 2. [EXCEPTIONS.] (a) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage pursuant to section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

(c) Health carriers may voluntarily offer conversion policies under section 62E.17 to eligible employees.

(d) Health carriers may sell, issue or renew individual continuation policies to eligible employees as required under section 62K.05.

Subd. 3. This prohibition shall not apply to indemnity benefits offered as a supplement to a health maintenance organization plan to provide coverage to enrollees for health care services and supplies received from providers who are not employed by, under contract with, or otherwise affiliated with the health maintenance organization.

Sec. 14. [DEPARTMENT OF COMMERCE STUDY.]

The commissioner of commerce shall study the effects of Minne-

The commissioner of health shall cooperate and assist as needed in this study, with respect to the effects on the market for health maintenance organization coverage. The study shall determine whether the findings set forth in Minnesota Statutes, section 62K.01, subdivision 2 are correct and whether chapter 62K has achieved the purpose set forth in Minnesota Statutes, section 62K.01, subdivision 3. The study shall assist the legislature in determining whether chapter 62K should continue after June 30, 1994, and if so, what changes, if any, should be made in chapter 62K or other related statutes.

Sec. 15. [REPEALER.]

Sections 1 to 13 are repealed effective June 30, 1994.

Sec. 16. [EFFECTIVE DATE.]

Sec. 29. Minnesota Statutes 1990, section 116C.94, is amended to read:

116C.94 [RULES.]

(a) The board shall adopt rules consistent with sections 116C.91 to ~~116C.95~~ 116C.96 that require an environmental assessment worksheet and otherwise comply with chapter 116D and rules adopted under it for a proposed release and a permit for a release. The board may place conditions on a permit and may deny, modify, suspend, or revoke a permit.

(b) The rules shall provide that a permit from the board is not required if the proposer can demonstrate to the board that a significant environmental permit is required for the proposal by another state agency.

(c) A person proposing a release for which a federal permit is required may apply to the board for an exemption from the board's permit or to an agency with a significant environmental permit for the proposed release for an exemption from the agency's permit. The proposer must file with the board or agency, within 14 days of filing a federal application, a written request for exemption with a copy of the federal application and the information necessary to determine if there is a potential for significant environmental effects under chapter 116D and rules adopted under it. The board or agency shall give public notice of the request in the first available issue of the EQB Monitor and shall provide an opportunity for public comment

The board or agency must grant or deny the exemption within 45 days after the receipt of the federal permit.

(d) The board shall consult with local units of government and with private citizens before adopting any rules.

Sec. 30. [116C.96] [COST REIMBURSEMENT.]

The board shall assess the proposer of a release for the necessary and reasonable costs of processing exemptions from a release permit or applications for a release permit. An estimated budget shall be prepared for each exemption or application by the chair of the board. The proposer must remit 25 percent of the estimated budget within 14 days of the receipt of the estimated budget from the chair. The unpaid balance shall be billed in periodic installments, due upon receipt of an invoice from the chair. Costs in excess of the estimated budget must be certified by the board and upon certification constitute prima facie evidence that the expenses are reasonable and necessary and shall be charged to the proposer. The proposer may review all actual costs and present objections to the board, which may modify the cost or determine that the cost assessed is reasonable. The assessment paid by the proposer shall not exceed the sum of the costs incurred. All money received under this section shall be deposited in the special account established under section 116D.045, subdivision 3, for the purpose of paying costs incurred in processing exemptions and applications."

If revenue from the landfill cleanup assessment is insufficient for payment of those costs, the city may levy a service charge as provided in subdivision 3 for the remaining amount necessary.

The costs which can be paid from the assessment authorized in subdivision 2 and the service charge authorized in subdivision 3 include:

(1) the costs of principal and interest on bonds or other obligations issued under section 3 until the bonds or other obligations are repaid; and

(2) the costs incurred or to be incurred to respond to releases, closure, and postclosure care of the landfill until June 30, 1996.

(b) The city shall not budget more than \$400,000 per year from the combination of assessments and service charges. Any amount received in excess of \$400,000 in one year shall be subtracted from the total of the assessments and service charges allowed to be imposed for the next year.

(c) After June 30, 1996, the city shall not budget from the total of the assessments and service charges more than the annual amount needed to pay principal and interest on the bonds issued under section 3. Subd. 2. [LANDFILL CLEANUP ASSESSMENT.] (a) The city may impose an assessment against the property classes established by the city under paragraph (b). The landfill cleanup assessment must be determined by the city and certified to the county auditor by January 1 of each year. The assessment must be extended on the assessment rolls of the county for the year in which the assessment is filed, and shall be enforced and collected in the same manner provided for real estate taxes. The assessments, if not paid, become delinquent in January of the following year and are subject to the same penalties and at the same rate of interest as delinquent real

estate taxes. Assessments imposed under this subdivision are exempt from the determination of the city's levy limitation under Minnesota Statutes, chapter 275.

(b) For the purposes of this subdivision, the city shall classify, by ordinance, real property within the corporate limits of the city according to the type of solid waste generation on or from the property. Property exempt from taxation by the state and political subdivisions and other governmental units must also be included in the classification. Classifications must include, but are not limited to, commercial, industrial, single family residential, and multi-family residential property. Rates and charges for the assessment may take into account the character, kind, and quality of the service and of the solid waste, the method of disposition, the number of people served at each place of collection, and all other factors that enter into the cost of solid waste generation.

Subd. 3. [SERVICE CHARGE.] The city may levy a service charge computed upon the net tax capacity of all the taxable property in the city, not to exceed the remaining amount necessary as provided in subdivision 1. Service charges based on the net tax capacity may be payable and collected at the same time and in the same manner as provided for payment and collection of ad valorem taxes. (2) if included in federal taxable income, the amount of any overpayment of income tax to Minnesota or to any other state, for any previous taxable year, whether the amount is received as a refund or as a credit to another taxable year's income tax liability;

(3) the amount paid to others not to exceed \$650 for each dependent in grades kindergarten to 6 and \$1,000 for each dependent in grades 7 to 12, for tuition, textbooks, and transportation of each dependent in attending an elementary or secondary school situated in Minnesota, North Dakota, South Dakota, Iowa, or Wisconsin, wherein a resident of this state may legally fulfill the state's compulsory attendance laws, which is not operated for profit, and which adheres to the provisions of the Civil Rights Act of 1964 and chapter 363. (1) is either located in a rural area, as defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 405.1041, or located in a community with a population of less than 5,000, according to United States Census Bureau statistics, outside the seven-county metropolitan area;

Sec. 2. Minnesota Statutes 1990, section 144.147, subdivision 3, is amended to read:

Subd. 3. [CONSIDERATION OF GRANTS.] In determining which hospitals will receive grants under this section, the commissioner shall take into account:

(1) improving community access to hospital or health services;

(2) changes in service populations;

(3) demand for ambulatory and emergency services;

(4) the extent that the health needs of the community are not currently being met by other providers in the service area;

(5) the need to recruit and retain health professionals; ~~and~~

(6) the involvement and extent of support of the community and local health care providers; and

(7) the financial condition of the hospital.

Sec. 3. Minnesota Statutes 1990, section 144.147, subdivision 4, is amended to read:

Subd. 4. (b) ~~The commissioner may award at least two grants for each fiscal year.~~ The commissioner must make a final decision on the funding of each application within 60 days of the deadline for receiving applications.

(c) Each relevant community health board has 30 days in which to review and comment to the commissioner on grant applications from hospitals in their community health service area.

(d) In determining which hospitals will receive grants under this section, the commissioner shall consider the following factors:

(1) Description of the problem, description of the project, and the likelihood of successful outcome of the project. The applicant must explain clearly the nature of the health services problems in their service area, how the grant funds will be used, what will be accomplished, and the results expected. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations.

(e) In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning the maximum of 70 points for an applicant's understanding of the problem, description of the project, and likelihood of successful outcome of the project; and a maximum of 30 points for the extent of community support for the

hospital and this project. The commissioner may also take into account other relevant factors.

(f) A grant to a hospital, including hospitals that submit applications as consortia, may not exceed \$50,000 a year and may not exceed a term of two years. Prior to the receipt of any grant, the hospital must certify to the commissioner that at least one-half of the amount, which may include in-kind services, is available for the same purposes from nonstate sources. A hospital receiving a grant under this section may use the grant for any expenses incurred in the development of strategic plans or the implementation of transition projects with respect to which the grant is made.
