Sec. 2. Minnesota Statutes 1990, section 43A.17, subdivision 9, is amended to read:

Subd. 9. [POLITICAL SUBDIVISION SALARY LIMIT.] The salary of a person employed by a statutory or home rule charter city, county, town, school district, metropolitan or regional agency, or other political subdivision of this state, or employed under section 422A.03, may not exceed 95 percent of the salary of the governor as set under section 15A.082, except as provided in this subdivision. The commissioner shall review each proposed increase giving due consideration to salary rates paid to other persons with similar responsibilities in the state. The commissioner may not increase the limitation until the commissioner has presented the proposed increase to the legislative commission on employee relations and received the commission's recommendation on it. The recommendation is advisory only. If the commission does not give its recommendation on a proposed increase within 30 days from its receipt of the proposal, the commission is deemed to have recommended approval.

Sec. 5. Minnesota Statutes 1990, section 144.8093, is amended to read:

144.8093 [EMERGENCY MEDICAL SERVICES FUND.]

Subdivision 1. [CITATION.] This section is the "Minnesota emergency medical services system support act."

Subd. 2. [ESTABLISHMENT AND PURPOSE.] In order to develop, maintain, and improve regional emergency medical services systems, the department of health shall establish an emergency medical services system fund. The fund shall be used for the general purposes of promoting systematic, cost-effective delivery of emergency medical care throughout the state; identifying common local, regional, and state emergency medical system needs and providing assistance in addressing those needs; ~~undertaking special projects of statewide significance that will enhance the provision of emergency medical care in Minnesota~~ providing discretionary grants for emergency medical service projects with potential regionwide significance; providing for public education about emergency medical care; promoting the exchange of emergency medical care information; ensuring the ongoing coordination of regional emergency medical services systems; and establishing and maintaining training standards to ensure consistent quality of emergency medical services throughout the state.

Subd. 3. [USE AND RESTRICTIONS.] Designated regional emergency medical services systems may use emergency medical services system funds to support local and regional emergency medical services as determined within the region, with particular emphasis given to supporting and improving emergency trauma and cardiac care and training. No part of a region's share of the fund may be used to directly subsidize any ambulance service operations or rescue service operations or to purchase any vehicles or parts of vehicles for an ambulance service or a rescue service.

Subd. 4. [DISTRIBUTION.] Money from the fund shall be distributed according to this subdivision. Eighty Ninety-three and one-

third percent of the fund shall be distributed annually on a contract for services basis with each of the eight regional emergency medical services systems designated by the commissioner of health. The systems shall be governed by a body consisting of appointed representatives from each of the counties in that region and shall also include representatives from emergency medical services organizations. The commissioner shall contract with a regional entity only if the contract proposal satisfactorily addresses proposed emergency medical services activities in the following areas: personnel training, transportation coordination, public safety agency cooperation, communications systems maintenance and development, public involvement, health care facilities involvement, and system management. If each of the regional emergency medical services systems submits a satisfactory contract proposal, then this part of the fund shall be distributed evenly among the regions. If one or more of the regions does not contract for the full amount of its even share or if its proposal is unsatisfactory, then the commissioner may reallocate the unused funds to the remaining regions on a pro rata basis. Six and two-thirds percent of the fund shall be used by the commissioner to support regionwide reporting systems and to provide other regional administration and technical assistance. ~~Thirteen and one-third percent shall be distributed by the commissioner as discretionary grants for special emergency medical services projects with potential statewide significance.~~

Sec. 7. Minnesota Statutes 1990, section 256.969, subdivision 6a, is amended to read:

Subd. 6a. [SPECIAL CONSIDERATIONS.] (a) In determining the payment rates, the commissioner shall consider whether the following circumstances exist:

(1) [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph, the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. This paragraph shall be applied to all payment rates of the affected hospital.

(2) [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the geometric mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost calculated by dividing the operating payment rate per admission, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment, by the arithmetic mean length of stay for the diagnostic category. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the geometric mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative percentage outlier payment to a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

(3) [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For admissions occurring on or after the rate

year beginning January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.

(4) [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

(5) [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of paragraph (7), except that hospice rates shall not exceed the amount allowed under federal law and payment shall be secondary to any other medical assistance hospice program. Rates and payments established under this paragraph must meet the requirements of section 256.9685, subdivisions 1 and 2, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(6) [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment established separately from other inpatient hospital services, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The commissioner may establish separate relative values under subdivision 2 for rehabili-

tation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

(7) [NEONATAL TRANSFERS.] For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to paragraph (8). The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.

(8) [TRANSFERS.] Except as provided in paragraphs (5) and (7), operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined in subdivisions 2b and 2c, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under paragraph (2) and subdivisions 2b and 2c.

(b) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

(c) Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at the facility's usual and customary charges to the general public. This exemption is not effective for payments under general assistance medical care.

(d) Except as provided in paragraph (a), clauses (1) and (3), out-of-state hospitals that are located within a Minnesota local trade

area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule. Hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.

(e) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this paragraph. Payments, including third party liability, established under this paragraph may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

(f) Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

(g) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July April 1, 1988 1991, and December 31, 1990 the implementation date of the upgrade to the Medicaid management information system, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(h) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July April 1, 1988 1991, and December 31, 1990 the implementation date of the upgrade to the Medicaid management information system, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that

were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(i) Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of paragraph (a), clause (8), except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 8. Minnesota Statutes 1990, section 290.01, subdivision 19b, is amended to read:

Subd. 19b. [SUBTRACTIONS FROM FEDERAL TAXABLE INCOME.] For individuals, estates, and trusts, there shall be subtracted from federal taxable income:

(1) interest income on obligations of any authority, commission, or instrumentality of the United States to the extent includable in taxable income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) if included in federal taxable income, the amount of any overpayment of income tax to Minnesota or to any other state, for any previous taxable year, whether the amount is received as a refund or as a credit to another taxable year's income tax liability;

(3) the amount paid to others not to exceed \$650 for each dependent in grades kindergarten to 6 and \$1,000 for each dependent in grades 7 to 12, for tuition, textbooks, and transportation of each dependent in attending an elementary or secondary school situated in Minnesota, North Dakota, South Dakota, Iowa, or Wisconsin, wherein a resident of this state may legally fulfill the state's compulsory attendance laws, which is not operated for profit, and which adheres to the provisions of the Civil Rights Act of 1964 and chapter 363. As used in this clause, "textbooks" includes books and other instructional materials and equipment used in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state. "Textbooks" does not include instructional books and

materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to instill such tenets, doctrines, or worship, nor does it include books or materials for, or transportation to, extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or similar programs. In order to qualify for the subtraction under this clause the taxpayer must elect to itemize deductions under section 63(e) of the Internal Revenue Code;

(4) to the extent included in federal taxable income, distributions from a qualified governmental pension plan, an individual retirement account, simplified employee pension, or qualified plan covering a self-employed person that represent a return of contributions that were included in Minnesota gross income in the taxable year for which the contributions were made but were deducted or were not included in the computation of federal adjusted gross income. The distribution shall be allocated first to return of contributions until the contributions included in Minnesota gross income have been exhausted. This subtraction applies only to contributions made in a taxable year prior to 1985;

(5) income as provided under section 290.0802;

(6) the amount of unrecovered accelerated cost recovery system deductions allowed under subdivision 19g; ~~and~~

(7) to the extent included in federal adjusted gross income, income realized on disposition of property exempt from tax under section 290.491; and

(8) to the extent not deducted in computing federal taxable income, the amount paid for health insurance of self-employed individuals under section 162(l) of the Internal Revenue Code of 1986, as amended through December 31, 1990, except that the 25 percent limitation does not apply. If the taxpayer deducted all or part of the amount paid for insurance under section 213 of the Internal Revenue Code of 1986, as amended through December 31, 1990, the amount of the subtraction under this clause equals the lesser of (i) the amount paid for insurance, as defined in section 162(l), less the amount deducted under section 162(l) or (ii) 7.5 percent of adjusted gross income as determined under section 213.

Section 8 is effective for taxable years beginning after December 31, 1990.

The resolution must name the ~~four~~ two or more cities or towns included in the district. The resolution must be adopted by a two-thirds majority of the members-elect of the governing body or board acting on it, or by the voters of the city or town as provided in this section.

Each resolution adopted by the governing body of a city or town must be published in its official newspaper and takes effect 40 days after publication, unless a petition for referendum on the resolution is filed with the governing body within 40 days. Sec. 10. [STUDY OF BASIC AND ADVANCED LIFE SUPPORT REIMBURSEMENT.]

The commissioner of human services, in consultation with the commissioner of health, shall study the mechanisms and rates of reimbursement for advanced and basic life support ambulance and special transportation service calls under medical assistance and general assistance medical care. The study shall examine methods of simplifying the claims process, interpretation of the "medically necessary" criteria and prior approval in light of the statutory mandate that ambulance service may not be denied, as well as other issues that create impediments to reasonable and fair reimbursement. The commissioner shall report findings and offer recommendations to the legislature by February 1, 1992, on means of maximizing potential reimbursement levels.

The commissioner of commerce and the commissioner of health shall study prepaid ambulance service plans that allow a person to prepay for ambulance services on a yearly basis. The commissioners shall study plans offered in other states and shall study the cost effectiveness and feasibility of offering these plans in Minnesota. The commissioners shall study methods of funding the plans. The commissioners shall also address the issue of whether these plans should be regulated as insurance, health maintenance organizations, or as another type of entity. The commissioners shall conduct the study in conjunction with the attorney general. The commissioners shall report the findings of the study to the legislature by January 1, 1992.

ARTICLE 3

DATA COLLECTION AND RESEARCH INITIATIVES

Section 1. [62J.42] [HEALTH CARE ANALYSIS UNIT.]

Subdivision 1. [ESTABLISHMENT.] The commissioner of health shall establish a health care analysis unit to conduct data and research initiatives in order to improve the efficiency and effectiveness of health care in Minnesota.

Subd. 2. [GENERAL DUTIES; IMPLEMENTATION DATE.] The health care analysis unit shall:

(1) conduct applied research using existing and newly established health care data bases, and promote applications based on existing research;

(2) establish the condition-specific data base required under section 2;

(3) develop and implement data collection procedures to ensure a high level of cooperation from health care providers and health plans;

(4) provide technical assistance as needed to the department of health;

(5) periodically evaluate the state's existing health care financing and delivery programs;

(6) regularly prepare estimates, specific to Minnesota, of total health service expenditures and sources of payment;

(7) participate as a partner or sponsor of private sector initiatives that promote publicly disseminated applied research on health care delivery, outcomes, costs, quality, and management;

(8) conduct periodic surveys, including those required by section 4; and

(9) provide technical assistance to health plan and health care purchasers, as required by section 5.

Subd. 3. [CRITERIA FOR UNIT INITIATIVES.] Data and research initiatives by the health care analysis unit must:

(1) serve the needs of the general public, public sector health care programs, employers and other purchasers of health care, health care providers, including providers serving large numbers of low-income people, and health plan companies;

(2) promote a significantly accelerated pace of publicly disseminated, applied research on health care delivery, outcomes, costs, quality, and management;

(3) conduct research and promote health care applications based on scientifically sound and statistically valid methods;

(4) be statewide in scope, in order to benefit health care purchasers and providers in all parts of Minnesota and to ensure a broad and representative data base for research, comparisons, and applications;

(5) emphasize data that is useful, relevant, and nonredundant of existing data. The initiatives may duplicate existing private activities, if this is necessary to ensure that the data collected will be in the public domain;

(6) be structured to minimize the administrative burden on health plans, health care providers, and the health care delivery system; and

(7) promote continuous improvement in the efficiency and effectiveness of health care delivery.

Subd. 4. [CRITERIA FOR PUBLIC SECTOR HEALTH CARE PROGRAMS.] Data and research initiatives related to public sector health care programs must:

(1) assist the state's current health care financing and delivery programs to deliver and purchase health care in a manner that promotes improvements in health care efficiency and effectiveness;

(2) assist the state in its public health activities, including the analysis of disease prevalence and trends and the development of public health responses;

(3) assist the state in developing and refining its overall health policy, including policy related to health care costs, quality, access, and outcomes research; and

(4) provide a data source that allows the evaluation of state health care financing and delivery programs.

Subd. 5. [DATA COLLECTION PROCEDURES.] The health care analysis unit shall collect data from health care providers, health plan companies, and individuals in the most cost-effective manner, which does not unduly burden providers. The unit may require health care providers and health plan companies to collect and provide patient health data, provide mailing lists of patients, and cooperate in other ways with the data collection process. The health care analysis unit may assign, or require health care providers and health plan companies to assign, a unique identification number to each patient to safeguard patient identity.

Subd. 6. [DATA CLASSIFICATION.] (a) Data collected through the large-scale data base initiatives of the health care analysis unit required by sections 2 and 3 are classified as private data on individuals and may be disclosed only to: employees of the department of health working on unit initiatives; researchers affiliated with university research centers or departments, who are conducting research on health outcomes and practice parameters; researchers working under contract with the department of health; and individuals purchasing health care services for health plan companies and groups.

(b) Data collected through the survey research initiatives of the health care analysis unit required by section 4 are classified as

public data under section 13.03, except that any patient or enrollee identifying information is private data.

(c) Summary data derived from data collected through the large-scale data base and survey research initiatives of the health care analysis unit may be provided under section 13.05, subdivision 7, and may be released in studies produced by the bureau of health care access.

Subd. 7. [DATA COLLECTION ADVISORY COMMITTEE.] The commissioner shall convene a 15 member data collection advisory committee consisting of health service researchers, health care providers, health plan company representatives, representatives of businesses that purchase health coverage, and consumers. The advisory committee shall evaluate methods of data collection and shall recommend to the commissioner methods of data collection that minimize administrative burdens, address data privacy concerns, and meet the needs of health service researchers. The advisory committee is governed by section 15.059.

Subd. 8. [FEDERAL AND OTHER GRANTS.] The commissioner of health shall seek federal funding, and funding from private and other non-state sources, for the initiatives of the health care analysis unit.

Sec. 2. [62J.43] [LARGE-SCALE DATA BASE.]

Subdivision 1. [ESTABLISHMENT.] The health care analysis unit shall establish a large-scale data base for a limited number of health conditions. This initiative must meet the requirements of this section.

Subd. 2. [SPECIFIC HEALTH CONDITIONS.] (a) The data must be collected for specific health conditions, rather than specific procedures, types of health care providers, or services. The health care analysis unit shall designate up to eight specific health conditions for which data shall be collected during the first year of operation. For subsequent years, data may be collected for up to six additional specific health conditions. The number of specific conditions for which data is collected is subject to the availability of appropriations.

(b) The initiative must emphasize conditions that account for significant total costs, when considering both the frequency of a condition and the unit cost of treatment. The initial emphasis must be on the study of conditions commonly treated in hospitals on an inpatient or outpatient basis, or in freestanding outpatient surgical centers. As improved data collection and evaluation techniques are incorporated, this emphasis shall be expanded to include entire episodes of care for a given condition, whether or not treatment

includes use of a hospital or a freestanding outpatient surgical center.

Subd. 3. [INFORMATION TO BE COLLECTED.] The data collected must include information on health outcomes, including information on mortality, morbidity, patient functional status and quality of life, symptoms, and patient satisfaction. The data collected must include information necessary to measure and make adjustments for differences in the severity of patient condition across different health care providers, and may include data obtained directly from the patient or from patient medical records. The data must be collected in a manner that allows comparisons to be made between providers, health plan companies, public programs, and other entities.

Subd. 4. [DATA COLLECTION AND REVIEW.] Data collection for any one condition must continue for a sufficient time to permit: adequate analysis by researchers and appropriate providers, including providers who will be impacted by the data; feedback to providers; and monitoring for changes in practice patterns. The health care analysis unit shall annually review all specific health conditions for which data is being collected, in order to determine if data collection for that condition should be continued.

Subd. 5. [USE OF EXISTING DATA BASES.] (a) The health care analysis unit shall negotiate with private sector organizations currently collecting data on specific health conditions of interest to the unit, in order to obtain required data in a cost-effective manner and minimize administrative costs. The unit shall attempt to establish linkages between the large scale data base established by the unit and existing private sector data bases and shall consider and implement methods to streamline data collection in order to reduce public and private sector administrative costs.

(b) The health care analysis unit shall use existing public sector data bases, such as those existing for medical assistance and Medicare, to the greatest extent possible. The unit shall establish linkages between existing public sector data bases and consider and implement methods to streamline public sector data collection in order to reduce public and private sector administrative costs.

Sec. 3. [62J.44] [ANALYSIS AND USE OF DATA COLLECTED THROUGH THE LARGE-SCALE DATA BASE.]

Subdivision 1. [DATA ANALYSIS.] The health care analysis unit shall analyze the data collected on specific health conditions using existing practice parameters and newly researched practice parameters, including those established through the medical effectiveness studies of the federal government. The unit may use the data collected to develop new practice parameters, if development and refinement is based upon input from and analysis by practitioners,

particularly those practitioners knowledgeable about and impacted by practice parameters. The unit may also refine existing practice parameters, and may encourage or coordinate private sector research efforts designed to develop or refine practice parameters.

Subd. 2. [EDUCATIONAL EFFORTS.] The health care analysis unit shall maintain and improve the quality of health care in Minnesota by providing practitioners in the state with information about practice parameters. The unit shall promote, support, and disseminate parameters for specific, appropriate conditions, and the research findings on which these parameters are based, to all practitioners in the state who diagnose or treat the medical condition.

Subd. 3. [PEER REVIEWS.] The unit may require peer reviews for specific medical conditions for which medical practice in all or part of the state deviates from practice parameters. The unit may also require peer reviews for specific medical conditions for which there are large variations in treatment method or frequency of treatment in all or part of the state. Peer reviews may be required for all medical practitioners statewide, or limited to medical practitioners in specific areas of the state. The peer reviews shall determine if the procedures conducted by medical practitioners are medically necessary and appropriate, and within acceptable and prevailing practice parameters that have been disseminated by the health care analysis unit in conjunction with the appropriate professional organizations. If a medical practitioner's practice style does not change and the practitioner continues to perform procedures that are medically inappropriate, even after educational efforts by the review panel, the panel may report the practitioner to the appropriate professional licensing board.

Subd. 4. [PEER REVIEW ADVISORY COMMITTEE.] The commissioner shall convene a 15 member peer review advisory committee comprised of representatives of health care professional organizations, health licensing boards, and organizations such as the Foundation for Health Care Evaluation that conduct peer reviews. The advisory committee shall present recommendations for legislation to the health care analysis unit by January 1, 1992. These recommendations must address issues related to the establishment and composition of peer review panels, and the procedures to be followed by peer review panels. The advisory committee is governed by section 15.059.

Sec. 4. [62J.45] [SURVEY RESEARCH.]

The health care analysis unit shall conduct periodic surveys to accomplish the data and research goals listed in section 1. These surveys shall include, but are not limited to:

(1) surveys of enrollee satisfaction with health plans and health care providers;

(2) surveys to monitor changes over time in financial and geographic access and sources of health coverage;

(3) surveys of health service prices, especially for services less commonly covered by health insurance, or for which patients commonly face significant out-of-pocket expenses;

(4) surveys of health plan prices, especially for health plans sold on a community-rated or table-rated basis; and

(5) surveys of new procedures and treatments performed by health care providers, as a basis for considering changes in the benefits provided by state health coverage programs.

Sec. 5. [62J.46] [TECHNICAL ASSISTANCE FOR PURCHASERS.]

The health care analysis unit shall provide technical assistance to health plan and health care purchasers. The unit shall collect information about:

(1) premiums, benefit levels, managed care procedures, health care outcomes, and other features of popular health plans and health plan companies; and

(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses.

The commissioner shall publicize this information in an easily understandable format.

Sec. 6. Minnesota Statutes 1990, section 145.61, subdivision 5, is amended to read:

Subd. 5. "Review organization" means a nonprofit organization acting according to clause (k) or a committee whose membership is limited to professionals and administrative staff, except where otherwise provided for by state or federal law, and which is established by a hospital, by a clinic, by one or more state or local associations of professionals, by an organization of professionals from a particular area or medical institution, by a health maintenance organization as defined in chapter 62D, by a nonprofit health service plan corporation as defined in chapter 62C, by a professional standards review organization established pursuant to United States Code, title 42, section 1320c-1 et seq., or by a medical review agent established to meet the requirements of section 256B.04,

Sec. 7. Minnesota Statutes 1990, section 145.64, is amended to read:

145.64 [CONFIDENTIALITY OF RECORDS OF REVIEW ORGANIZATION.]

Subdivision 1. [DATA AND INFORMATION.] All data and information acquired by a review organization, in the exercise of its duties and functions, shall be held in confidence, shall not be disclosed to anyone except to the extent necessary to carry out one or more of the purposes of the review organization, and shall not be subject to subpoena or discovery. ARTICLE 4

SMALL EMPLOYER HEALTH BENEFITS

Section 1. [62K.01] [CITATION AND PURPOSE.]

Subdivision 1. [CITATION.] This chapter may be cited as the "small employer health benefit act of 1991."

Subd. 2. [FINDINGS.] The legislature finds that a significant number of uninsured residents of the state of Minnesota are employed by small employers. Small employers may be unable to purchase affordable health coverage because of the application of mandated benefits to all health plan products and the historical underwriting and rating practices applied by health carriers to small employer groups. The legislature believes that access to health insurance may improve for small employers if specific rating and underwriting restrictions, in conjunction with the use of a reinsurance pool, are imposed on all health carriers doing business in the small employer market, if health carriers are permitted to offer a limited benefit plan, and if a systematic review of proposed new benefits is required.

Subd. 3. [PURPOSE.] The purpose of this chapter is to promote the availability of health insurance to small employers; to impose certain restrictions on the underwriting and rating of small employer groups; to improve access to health care services to the employees of small employers and their dependents; to establish a reinsurance pool to enable health carriers to more equitably spread the risk of loss associated with small employer business; and to provide for the systematic review of the social and financial impacts of proposed mandated benefits.

Subd. 4. [JURISDICTION.] This chapter applies to any health carrier that offers, issues, delivers, or renews a health benefit plan to one or more employees of a small employer.

Sec. 2. [62K.02] [DEFINITIONS.]

Subdivision 1. [TERMS.] For the purposes of this chapter, the terms defined in this section have the meanings given them unless the language or the context clearly indicates otherwise.

Subd. 2. [ACTUARIAL OPINION.] "Actuarial opinion" means a written statement by a member of the American Academy of Actuaries that a health carrier is in compliance with this chapter, based on the person's examination, including a review of the appropriate records and of the actuarial assumptions and methods utilized by the health carrier in establishing premium rates for health benefit plans.

Subd. 3. [APPROPRIATE COMMITTEE CHAIRS.] "Appropriate committee chairs" means the chairs of the house health and human services committee, the house financial institutions and insurance committee, the senate commerce committee, and the senate health and human services committee.

Subd. 4. [ASSOCIATION.] "Association" means the small employer reinsurance association created by section 62K.10.

Subd. 5. [BASE PREMIUM RATE.] "Base premium rate" means for each class of business as to a rating period, the lowest premium rate charged or which could have been charged under a rating system for that class of business by the health carrier to small employers with similar case characteristics for health benefit plans with the same or similar coverage.

Subd. 6. [BOARD OF DIRECTORS.] "Board of directors" means the board of directors of the small employer reinsurance association created by section 62K.10.

Subd. 7. [CASE CHARACTERISTICS.] "Case characteristics" means the relevant characteristics of a small employer, as determined by a health carrier, which are considered by the carrier in the determination of premium rates for the small employer. Such relevant characteristics include, but are not limited to, geographic area, employer group size, benefit differences, and family composition. Age, sex, claims experience, health status, and industry of the employer and duration of issue are not case characteristics for the purposes of this chapter.

Subd. 8. [CLASS OF BUSINESS.] "Class of business" means all of the small employer business of a health carrier as shown on the

records of the health carrier except that a health carrier may establish a distinct grouping of small employers:

- (1) if a class of business was acquired from another health carrier;
- (2) if the class of business relies on substantially different managed care requirements, including but not limited to the use of limited provider networks, prior authorization, concurrent review, discharge planning, and case management;
- (3) if the class of business is marketed and sold through persons not participating in the sale of health benefit plans to other distinct groupings of small employers; or
- (4) if the class of business is provided through an association of not less than 100 employers which has been formed for purposes other than obtaining insurance.

The commissioner may approve the establishment of additional classes of business upon application to the commissioner and a finding by the commissioner that such action would enhance the efficiency and fairness of the small employer market.

Subd. 9. [COINSURANCE.] "Coinsurance" means an established dollar amount or percentage of health care expenses that an eligible employee or dependent is required to pay directly to a provider of medical services or supplies pursuant to the terms of a health benefit plan.

Subd. 15. [DEPENDENT.] "Dependent" means an eligible employee's spouse, unmarried child who is under the age of 19 years, dependent child who is a student under the age of 25 years and financially dependent upon the eligible employee, or dependent child of any age who is disabled, subject to the applicable terms of the health benefit plan issued by the health carrier.

Subd. 16. [DURATION OF ISSUE.] "Duration of issue" means a rate factor used to justify higher rates which incorporated the length of time a group is covered by a health carrier, but which does not incorporate claims experience or health status.

Subd. 17. [ELIGIBLE CHARGES.] "Eligible charges" means the actual charges submitted to a health carrier by or on behalf of a provider, eligible employee, or dependent for health services covered by the carrier's health benefit plan. Eligible charges do not include charges for health services excluded by the health benefit plan or charges for which an alternate carrier is liable pursuant to the coordination of benefit provisions of the health benefit plan.

Subd. 18. [ELIGIBLE EMPLOYEE.] "Eligible employee" means an individual employed by a small employer for at least 20 hours per week on a regular basis and who has satisfied all employer participation and eligibility requirements, including but not limited to the satisfactory completion of a probationary period of not less than 30 days. A late entrant is not an eligible employee.

Subd. 19. [FINANCIALLY IMPAIRED CONDITION.] "Financially impaired condition" means a health carrier which is not insolvent and (1) is deemed by the commissioner to be potentially unable to fulfill its contractual obligations, or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

Subd. 20. [HEALTH BENEFIT PLAN.] "Health benefit plan" means any policy, contract, or certificate issued by a health carrier to a small employer for the coverage of medical and hospital benefits. Health benefit plan includes a small employer plan as defined in subdivision 33. The term does not include coverage that is:

- (1) limited to disability or income protection coverage;
- (2) automobile medical payment coverage;

- (9) long-term care insurance as defined in section 62A.46; or
- (10) issued as a supplement to Medicare, as defined in sections 62A.31 to 62A.44.

For the purpose of this act, a health benefit plan issued to employees of a small employer who meets the participation requirements of section 62K.03 shall be deemed to have been issued to a small employer. A health benefit plan issued on behalf of a health carrier shall be deemed to be issued by the health carrier.

Subd. 21. [HEALTH CARRIER.] "Health carrier" means an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a health service plan licensed under chapter 62C; a health maintenance organization licensed under chapter 62D; a fraternal benefit society operating under chapter 64B; a joint self-insurance employee health plan operating under chapter 62H; and a multiple employer welfare arrangement, as defined in section 3 of the Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, section 1103, as amended.

For the purpose of this act companies that are affiliated companies or that are eligible to file a consolidated tax return shall be treated as one carrier except that any insurance company or health service plan corporation that is an affiliate of a health maintenance organization located in Minnesota or any health maintenance organization located in Minnesota that is an affiliate of an insurance company or health service plan corporation may treat the health maintenance organization as a separate health carrier.

Subd. 22. [HEALTH PLAN.] "Health plan" means a health benefit plan issued by a health carrier:

(1) to a small employer;

(2) to any employer who does not satisfy the definition of a small employer as set forth in subdivision 31; or

(3) to any individual purchasing an individual or conversion policy of health care coverage issued by a health carrier.

Subd. 24. [LATE ENTRANT.] "Late entrant" means an eligible employee or dependent who is not enrolled in a small employer's health benefit plan. Late entrants may be subject to a preexisting condition limitation or exclusion from coverage for up to 18 months from the effective date of coverage of the late entrant. An otherwise eligible employee or dependent shall not be a late entrant if:

(1) the individual was covered by another group health plan at the time the individual was eligible to enroll in a health benefit plan, declined enrollment on that basis, and presents to a health carrier a certificate of termination of such coverage, provided that the individual maintains continuous coverage;

(2) the individual has lost coverage under another group health plan due to the expiration of benefits available under the Consolidated Omnibus Budget Reconciliation Act of 1981 (COBRA), Public Law Number 99-272, as amended, and any state continuation laws applicable to the employer or health carrier, provided that the individual maintains continuous coverage;

(3) the individual is a new spouse of an eligible employee, provided that enrollment is requested within 30 days of the date of marriage; or

(4) the individual is a new dependent child of an eligible employee, provided that enrollment is requested within 30 days of the date of birth or adoption.

Subd. 25. [MANDATED BENEFIT OR ELIGIBILITY.] "Mandated benefit or eligibility" means a health plan benefit or eligibility required by state law to be included in a health plan offered or issued by a health carrier that requires the coverage of or the offer of coverage of specific diseases, conditions, treatments, services, or persons, or the direct reimbursement of services rendered by specific types of health care providers.

Subd. 26. [MCHA.] “MCHA” means the Minnesota comprehensive health association established pursuant to section 62E.10.

Subd. 27. [MEDICAL NECESSITY.] “Medical necessity” means the appropriate and necessary medical and hospital services eligible for payment under a health benefit plan as determined by a health carrier.

Subd. 28. [MEMBERS.] “Members” means the health carriers operating in the small employer market who are members of the association.

Subd. 29. [PREEXISTING CONDITION.] “Preexisting condition” means any condition manifesting in such a manner as would cause an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment or for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately preceding the effective date of coverage, or as to a pregnancy existing as of the effective date of coverage of a health benefit plan.

Subd. 30. [RATING PERIOD.] “Rating period” means the 12 month or prorated calendar period for which premium rates established by a health carrier are assumed to be in effect, as determined by the health carrier.

Subd. 31. [SMALL EMPLOYER.] “Small employer” means any person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no less than two nor more than 15 eligible employees. If a small employer has only two eligible employees, the employees must not be the spouse, child, sibling, parent, or grandparent of the other. Entities which are eligible to file a combined tax return for purposes of state tax laws shall be considered a single employer for purposes of determining the number of eligible employees. Small employer status shall be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this act shall continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer’s health benefit plan.

Subd. 32. [SMALL EMPLOYER MARKET.] “Small employer market” means the market for group health benefit plans for small employers. Sec. 3. [62K.03] [PARTICIPATION REQUIREMENTS.]

Subdivision 1. Beginning during the transition period, as defined in section 62K.02, subdivision 34, every health carrier participating in the small employer market shall make available a health benefit plan to small employers and shall fully comply with the underwriting and rate restrictions set forth in this chapter. A health carrier may cease to transact business in the small employer market pursuant to section 62K.09.

Subd. 2. [EXCEPTION TO CARRIER PARTICIPATION.] A health carrier transacting business in the small employer market shall not be required to offer a health benefit plan to small employers pursuant to this chapter if the commissioner finds that such offer would place the health carrier in a financially impaired condition. A health carrier which does not offer a health benefit plan to small employers pursuant to this subdivision shall not offer a health benefit plan to small employers for 180 days following a determination by the commissioner that the health carrier has ceased to be in a financially impaired condition.

Subd. 3. [EMPLOYER PARTICIPATION.] Health carriers shall require that:

(1) 75 percent of a small employer's eligible employees who have not waived coverage participate in any health benefit plan offered, sold, issued, or renewed by the health carrier; and

(2) small employers contribute a minimum of 50 percent of the premium charged by the health carrier for coverage of an eligible employee.

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted by this chapter. Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees of small employers. Except as hereinafter permitted with respect to late

entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee's or dependent's health benefit plan. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by another health benefit plan, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation shall not exceed 18 months.

Subd. 5. [CANCELLATIONS.] No health carrier shall cancel, decline to issue, or fail to renew a health benefit plan as a result of the claim experience or health status of the small employer group; provided, however, that a health carrier may cancel, decline to issue, or fail to renew a health benefit plan:

(1) for nonpayment of the required premium or contributions toward premiums by the small employer or eligible employee;

(2) for fraud or misrepresentation by the small employer, eligible employee, or dependent with respect to their eligibility for coverage or any other material fact;

(3) if eligible employee participation during the preceding calendar year declines to less than 75 percent;

(4) for failure of an employer to comply with the health carrier's premium contribution requirements;

(5) if a health carrier ceases to do business in the small employer market pursuant to section 62K.09;

(6) for any other reasons or grounds expressly permitted by the respective licensing laws and regulations governing a health carrier, including but not limited to any service area restrictions imposed on health maintenance organizations pursuant to section 62D.03, subdivision 4, paragraph (m), and insufficient provider network capacity, as determined by the commissioner, to the extent that these grounds are not expressly inconsistent with this chapter.

Subd. 6. [MCHA ENROLLEES.] Health carriers shall offer coverage to any eligible employee or dependent enrolled in MCHA at the time of the health carrier's issuance of a health benefit plan to a small employer. MCHA enrollees shall be offered the option: (a) to be enrolled in the small employer's health benefit plan as of the first

date of renewal of a health benefit plan occurring on or after July 1, 1992, or, in the case of a new group, as of the initial effective date of the health benefit plan; or (b) to continue to be enrolled in MCHA. If the MCHA enrollee chooses to remain in MCHA, the employer must (a) pay the difference between the deductible paid by other employees for the group coverage and the deductible paid by the MCHA enrollee for the comprehensive health insurance plan; (b) pay the difference between the coinsurance paid by other employees under the group health plan and the MCHA enrollee under the comprehensive insurance plan; and (c) ensure that the MCHA enrollee does not pay more in premium contribution and out-of-pocket maximums for coverage under the MCHA coverage than the largest contribution toward premium and out-of-pocket maximums paid by any other employee receiving health care coverage through the same employer. Unless otherwise permitted by this act, health carriers shall not impose any underwriting restrictions, including any preexisting condition limitations on any eligible employee or dependent previously enrolled in MCHA and transferred to a health benefit plan so long as continuous coverage is maintained.

Sec. 4. [62K.04] [TRANSITION PERIOD.]

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] During the transition period, as defined in section 62K.02, subdivision 34, health carriers participating in the small employer market shall offer and make available a health benefit plan to small employers who satisfy the small employer participation requirements specified in section 62K.03, subdivision 3, and shall comply with the underwriting, rating, and other requirements set forth in sections 62K.03 to 62K.09. Compliance with these requirements is required as of the first renewal date of any small employer group occurring during the transition period. For new small employer business, compliance is required as of the first date of offering occurring during the transition period.

Subd. 2. [NEW CARRIERS.] A health carrier entering the small employer market after the transition period, as defined in section 62K.02, subdivision 34, shall begin complying with this chapter during the 365-day period beginning with the health carrier's initial offer, issue, or delivery of a health benefit plan to a small employer or an eligible employee of a small employer. Compliance with this chapter's requirements is required as of the first date of offering of a health benefit plan to a small employer. A health carrier entering the small employer market after the transition period shall be deemed to be a member of the small employer reinsurance association established by section 62K.10 as of the date of the health carrier's initial offer of a health benefit plan to a small employer.

Sec. 5. [62K.05] [SMALL EMPLOYER PLAN BENEFITS.]

Subdivision 1. [BENEFIT DESIGN.] The minimum benefits of a

small employer plan offered by a health carrier shall be equal to 80 percent of the cost of health care services covered under the small employer plan, in excess of an annual deductible which shall not exceed \$500 per individual and \$1,000 per family. Each small employer offered a small employer plan must be offered a plan that has an annual deductible of \$100 per individual and a plan that has an annual deductible of \$250 per individual. Coinsurance and deductibles shall not apply to child health supervision services and prenatal services, as defined by section 62A.047.

Out-of-pocket costs for covered services shall not exceed \$3,000 per individual and \$6,000 per family per year. The maximum lifetime benefit shall not be less than \$500,000.

Subd. 2. [MINIMUM BENEFITS.] The medical services and supplies listed in this subdivision are the minimum benefits that must be covered by a small employer plan:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10), (11), and (12);

(2) physician services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic X rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician or qualify as reimbursable under the health carrier's most commonly sold health plan for insured group coverage;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services as defined in section 62A.047;

(10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299;

(11) up to ten hours per year of outpatient mental health diagnosis or treatment for illnesses or conditions not described in clause (10);

(12) up to 60 hours per year of outpatient treatment of chemical dependency;

(13) 50 percent of the cost of prescription drugs, up to a separate annual maximum out-of-pocket expense of \$1,000 per individual for prescription drugs, and 100 percent of the cost thereafter; and

(14) chiropractic services for the diagnosis or treatment of illnesses, injuries, or conditions within the chiropractic scope of practice as defined in section 148.01. Examination by, or referral from, a medical physician shall not be a condition of receipt of chiropractic care under this subdivision.

Subd. 3. [ADDITIONAL BENEFITS.] Health carriers may offer small employers additional benefits not listed in this section, so long as all requirements of this chapter are met.

Subd. 4. [BENEFIT EXCLUSIONS.] No medical, hospital, or other health care benefits, services, supplies, or articles not expressly set forth in subdivision 2 are required to be included in a health benefit plan. Nothing in subdivision 2 shall restrict the right of a health carrier to restrict coverage to those services which are medically necessary. Health carriers may exclude any benefit, service, supply, or article not expressly set forth in subdivision 2 from a health benefit plan.

Subd. 5. [CONTINUATION COVERAGE.] Health benefit plans must include only the continuation of coverage provisions required by the Consolidated Omnibus Reconciliation Act of 1981 (COBRA), Public Law Number 99-272, as amended.

Subd. 6. [DEPENDENT COVERAGE.] Other state law and rules applicable to health plan coverage of newborn infants, dependent children who do not reside with the eligible employee, handicapped children, and dependents and adopted children shall apply to a health benefit plan, provided, however, that section 62A.151 shall not apply to a health benefit plan issued to small employers.

Subd. 7. [MEDICAL EXPENSE REIMBURSEMENT.] Health carriers may reimburse or pay for medical services provided pursuant to a health benefit plan in accordance with the health carrier's

provided contract requirements including but not limited to salaried arrangements, capitation, the payment of usual and customary charges, fee schedules, discounts from fee-for-service, per diems, diagnostic-related groups (DRGs), and other payment arrangements. Nothing in this chapter requires a health carrier to develop, implement, or change its provider contract requirements for a health benefit plan. Coinsurance, deductibles, out-of-pocket maximums, and maximum lifetime benefits must be calculated and determined in accordance with each health carrier's standard business practices.

Subd. 8. [PLAN DESIGN.] Notwithstanding any other law, regulation, or administrative interpretation to the contrary, health carriers may offer a health benefit plan through any provider arrangement, including but not limited to the use of open, closed, or limited provider networks. The provider networks offered by any health carrier may be specifically designed for the small employer market and may be modified at the carrier's election so long as any necessary regulatory requirements are met. Health carriers shall use professionally recognized provider standards of practice when they are available, and may use any utilization management practices otherwise permitted by law, including but not limited to second surgical opinions, prior authorization, concurrent and retrospective review, referral authorizations, case management and discharge planning. A health carrier may contract with groups of providers with respect to health care services or benefits, and may negotiate with providers regarding the level or method of reimbursement provided for services rendered under a health benefit plan.

Subd. 9. [ACTUARIALLY EQUIVALENT HMO PLAN PERMITTED.] Health maintenance organizations regulated under chapter 62D may offer and make available a small employer plan that differs from the plan set forth in subdivisions 1 and 2. This alternative small employer plan must be actuarially equivalent to the minimum benefits set forth in subdivisions 1 and 2, but must be more similar to the structure of benefits customarily provided by health maintenance organizations. The commissioner of health shall adopt rules specifying the minimum set of benefits required by this subdivision.

Sec. 6. [62K.06] [DISCLOSURE OF UNDERWRITING RATING PRACTICES.]

When offering or renewing a health benefit plan, health carriers shall disclose in all solicitation and sales materials:

- (1) the case characteristic factors used to determine initial and renewal rates;
- (2) the extent to which premium rates for a small employer are

established or adjusted based upon actual or expected variation in claim experience;

(3) provisions concerning the health carrier's right to change premium rates and the factors other than claim experience that affect changes in premium rates;

(4) a description of the class of business in which a small employer is or will be included, including the applicable grouping of plan;

(5) provisions relating to renewability of coverage;

(6) the use and effect of any preexisting condition provisions, if permitted; and

(7) the use of any provider network arrangements and effect on eligibility for benefits.

Sec. 7. [62K.07] [SMALL EMPLOYER REQUIREMENTS.]

Subdivision 1. [VERIFICATION OF ELIGIBILITY.] A small employer purchasing a health benefit plan shall maintain information verifying the continuing eligibility of the employer, its employees, and their dependents and shall provide such information to its health carrier on a quarterly basis or as reasonably requested by the health carrier.

Subd. 2. [WAIVERS.] A small employer participating in a health benefit plan shall maintain written documentation of a waiver of coverage by an eligible employee or dependent and shall provide such documentation to the health carrier upon reasonable request.

Sec. 8. [62K.08] [RESTRICTIONS RELATING TO PREMIUM RATES.]

Subdivision 1. [RATE RESTRICTIONS.] Premium rates for all health benefit plans sold or issued to small employers shall be subject to the following restrictions:

(a) [INDEX RATE.] Between classes of business, the index rate for a rating period for any class of business must not exceed the index rate for any other class of business by more than 20 percent, adjusted pro rata for periods less than one year. In the case of health benefit plans issued prior to the effective date of this act, which meet the definition of section 62K.02, subdivision 20, a premium rate for a rating period, adjusted pro rata for rating periods of less than a year, may exceed the ranges set forth in section 8 for a period of five years following the effective date of this act.

(b) [PREMIUM VARIATIONS.] Within a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates which could be charged to such employers under the rating system for that class of business, shall be limited to the index rate, plus or minus 30 percent of the index rate, adjusted pro rata for rating periods of less than one year.

(c) [ANNUAL PREMIUM INCREASE.] The percentage increases in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(1) the percentage change in the index rate measured from the first day of the prior rating period to the first day of the new rating period;

(2) an adjustment, not to exceed 15 percent annually and adjusted pro rata for rating periods of less than one year, due to the claims experience, health status, or duration of issue of the eligible employees or dependents of the small employer as determined from the health carrier's rate manual for the class of business; and

(3) any adjustment due to change in coverage, demographic composition, or change in the case characteristics of the small employer as determined from the health carrier's rate manual for the class of business.

Subd. 2. [INVOLUNTARY TRANSFERS PROHIBITED.] A health carrier shall not involuntarily transfer a small employer into or out of a class of business. A health carrier shall not offer to transfer a small employer into or out of a class of business unless such offer is made to transfer all small employers in the class of business without regard to case characteristics, age, sex, claim experience, health status, industry of the employer, or duration of issue.

Sec. 9. [62K.09] [CESSATION OF SMALL EMPLOYER BUSINESS.]

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the following activities:

(1) the elimination of a class of business by a health carrier so long as other classes of business are maintained;

(2) the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line,

provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines; and

(3) the inability of any health carrier to offer or renew a health benefit plan because it has given notice to the commissioner that it will not have the capacity within a specific provider site under contract to or owned by the health carrier to adequately deliver services to the enrollees, insureds or subscribers of health benefit plans. Any health carrier which ceases to offer a particular provider site to the small employer market must also cease to offer that provider site to new groups other than small employers for any of its products.

Subd. 2. [NOTICE TO EMPLOYERS.] A health carrier electing to cease doing business in the small employer market shall provide 120 days' written notice to each small employer covered by a health benefit plan issued by the health carrier. Any health carrier that ceases to write new business in the small employer market shall continue to be governed by this act with respect to continuing small employer business conducted by the carrier.

Subd. 3. [REENTRY PROHIBITION.] A health carrier that ceases to do business in the small employer market after the effective date of this act shall be prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the commissioner. This subdivision shall apply to any health maintenance organization that ceases to do business in the small employer market in one service area with respect to that service area only.

Sec. 10. [62K.10] [REINSURANCE ASSOCIATION.]

Subdivision 1. [NONPROFIT CORPORATION.] The small employer reinsurance association is a nonprofit corporation.

Subd. 2. [PURPOSE.] The association is established to provide for the fair and equitable transfer of risk associated with participation by a health carrier in the small employer market to a private reinsurance pool created and maintained by the association. The participation by a health carrier in the reinsurance pool is voluntary.

Subd. 3. [TASK FORCE.] The commissioner shall establish an 11 member task force to develop the rules of participation in, and operating guidelines for, the reinsurance pool. Nine members shall represent health carriers. The commissioner shall appoint these nine members as follows: three members must be representatives of insurance companies licensed under chapter 60A to offer, sell or issue a policy of accident and sickness insurance; three members must be representatives of nonprofit health service plan corpora-

tions regulated under chapter 62C; and three members must be representatives of health maintenance organizations regulated under chapter 62D. In selecting task force members who represent insurance companies licensed under chapter 60A, the commissioner shall give preference to carriers with larger shares of the small employer market and to carriers domiciled in Minnesota. The commissioners of commerce and health shall serve as ex officio members of the task force.

Subd. 4. [APPOINTMENT.] The commissioner shall appoint the members of the task force no later than June 15, 1991.

Subd. 5. [REPORT.] The task force shall report to the legislature on its recommendations for operation of the reinsurance association no later than January 15, 1992. The report must include recommendations regarding the transfer of risk to the association, assessments, board composition, and operation of the association. The report must include recommendations regarding statutory changes necessary for implementation of the reinsurance association by July 1, 1992.

Sec. 11. [62K.11] [SUPERVISION BY COMMISSIONER.]

Subdivision 1. [REPORTS.] Health carriers doing business in the small employer market shall file by April 1 of each year an annual actuarial opinion with the commissioner certifying that the health carrier is in compliance with the underwriting and rating requirements of this chapter and that the rating methods used by the carrier are actuarially sound. Health carriers shall retain a copy of such opinion at their principal place of business.

Subd. 2. [RECORDS.] Health carriers doing business in the small employer market shall maintain at their principal place of business a complete and detailed description of their rating practices, including information and documentation which demonstrate that a health carrier's rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

Subd. 3. [SUBMISSIONS TO COMMISSIONER.] The commissioner may request information and documentation from a health carrier describing its rating practices and renewal underwriting practices, including information and documentation that demonstrates that a health carrier's rating methods and practices are in accordance with sound actuarial principles. Any information received by the commissioner pursuant to this subdivision is nonpublic data pursuant to section 13.37.

Sec. 12. [62K.12] [PENALTIES AND ENFORCEMENT.]

The commissioner may suspend or revoke a health carrier's license or certificate of authority or impose a monetary penalty not to exceed \$25,000 for each violation of this chapter. Such action shall be by order and subject to the notice, hearing, and appeal procedures set forth in section 60A.051. The action of the commissioner shall be subject to judicial review pursuant to chapter 14.

Sec. 13. [62K.13] [PROHIBITED PRACTICES.]

Subdivision 1. [PROHIBITION ON ISSUANCE OF INDIVIDUAL POLICIES.] Health carriers operating in the small employer market shall not offer, issue, or renew an individual policy, subscriber contract, or certificate to any eligible employee or dependent of a small employer who satisfies the employer participation requirements set forth in section 62K.03, subdivision 3, except as permitted in subdivision 2.

Subd. 2. [EXCEPTIONS.] (a) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage pursuant to section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

(c) Health carriers may voluntarily offer conversion policies under section 62E.17 to eligible employees.

(d) Health carriers may sell, issue or renew individual continuation policies to eligible employees as required under section 62K.05.

Subd. 3. [SALE OF OTHER PRODUCTS.] A health carrier shall not condition the offer, sale, issuance, or renewal of a health benefit plan on the purchase by a small employer of other insurance products offered by the health carrier or a subsidiary or affiliate of the health carrier, including but not limited to life, disability, property, and general liability insurance. This prohibition shall not apply to indemnity benefits offered as a supplement to a health maintenance organization plan to provide coverage to enrollees for health care services and supplies received from providers who are not employed by, under contract with, or otherwise affiliated with the health maintenance organization.

Sec. 14. [DEPARTMENT OF COMMERCE STUDY.]

The commissioner of commerce shall study the effects of Minne-

sota Statutes, chapter 62K, and shall report its findings and recommendations to the legislature no later than January 15, 1994. The commissioner of health shall cooperate and assist as needed in this study, with respect to the effects on the market for health maintenance organization coverage. The study shall determine whether the findings set forth in Minnesota Statutes, section 62K.01, subdivision 2 are correct and whether chapter 62K has achieved the purpose set forth in Minnesota Statutes, section 62K.01, subdivision 3. The study shall assist the legislature in determining whether chapter 62K should continue after June 30, 1994, and if so, what changes, if any, should be made in chapter 62K or other related statutes.

Sec. 15. [REPEALER.]

Sections 1 to 13 are repealed effective June 30, 1994.

Sec. 16. [EFFECTIVE DATE.]

Sections 1 to 14 are effective July 1, 1992, except that subdivisions 3, 4, and 5 of section 10 are effective the day following final enactment. All rulemaking authority granted by this article is effective the day following final enactment.

ARTICLE 5

OUTCOMES-BASED PILOT PROJECT

Section 1. [144.7061] [LEGISLATIVE INTENT AND FINDINGS.]

The legislature finds that the use of health care practice parameters combined with an outcomes-based approach to health care management offers unique opportunities to improve health care quality in Minnesota by reducing levels of unnecessary and ineffective health care and by providing consumers, providers, and payors with necessary information and incentives to identify and purchase quality, cost-effective health care. The savings that could be realized through the implementation of such a system on a statewide basis, as well as the improvement in the quality of care being provided, makes the goal of providing affordable, quality health care to all the citizens of the state much easier to attain.

Therefore, the legislature finds it to be appropriate and desirable to conduct an innovative pilot project to design, implement, administer, and evaluate an outcomes-based model of health care management, incorporating practice parameters.

The cost savings realized by the project will be used to periodically expand the project to include more participants, providers, and to expand the number of medical conditions and treatments covered by

practice parameters. The ultimate goal of the project will be to generate sufficient cost savings to expand the project to include all citizens of the state who do not have health care coverage.

Sec. 2. [144.7062] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For purposes of this article, the following terms have the meanings given them.

Subd. 2. [COMMISSIONER.] “Commissioner” means the commissioner of health.

Subd. 3. [HEALTH CARE ANALYSIS UNIT.] “Health care analysis unit” means the unit established in article 4 of this act.

Subd. 4. [HEALTH COVERAGE.] “Health coverage” means a policy or contract providing health and accident benefits under chapter 62A, 62C, 62D, 62H, or 64B, or under section 471.617, subdivision 2. Health coverage also includes coverage provided under chapter 256B and section 256D.03, subdivision 4. Health coverage does not include a policy or contract designed primarily to provide coverage on a per diem, fixed annuity, or nonexpense-incurred basis, or that provides only accident coverage.

Subd. 5. [HEALTH PLAN COMPANY.] “Health plan company” means any entity governed by chapter 62A, 62C, 62D, 62H, or 64B, or section 471.617, subdivision 2, that offers, sells, issues, or renews health coverage in this state. Health plan company does not include an entity that sells only policies designed primarily to provide coverage on a per diem, fixed annuity, or nonexpense-incurred basis, or policies that provide only accident coverage.

Subd. 6. [PRACTICE PARAMETER.] “Practice parameter” means a recommendation used by physicians and other providers in clinical decision making for the purpose of determining when intervention is necessary and in order to minimize unnecessary, unproven, or ineffective care. Practice parameters identify the range of diagnostic, therapeutic or preventive interventions which will be utilized when documented circumstances indicate that medical treatment is necessary to improve health. Practice parameters must be supported by medical or health citations from appropriately controlled studies.

Sec. 3. [144.7063] [CONSUMERS' HEALTH IMPROVEMENT PLAN PILOT PROJECT.]

Subdivision 1. [ESTABLISHMENT.] The commissioner of health, through the health care analysis unit, shall establish and administer the consumers' health improvement plan pilot project, and carry out the duties assigned in this article.

Subd. 2. [INITIAL PROJECT AREA.] The commissioner shall select an area or areas of the state in which to initiate the consumers' health improvement plan pilot project according to the following criteria:

(a) The initial pilot project area or areas shall include sufficient numbers of health care providers practicing in various health care specialties to ensure full access to all necessary, effective health care by pilot project participants.

(b) The initial pilot project area or areas shall contain a sufficient number of participants to allow scientifically and statistically valid analyses to be conducted based upon the data collected.

The commissioner, through the health care analysis unit, shall supervise all aspects of the project.

Subd. 3. [DUTIES OF THE HEALTH CARE ANALYSIS UNIT.] The health care analysis unit shall:

(a) Establish a process for the initial approval, revision, and addition of practice parameters. All practice parameters adopted for use in the pilot project must be supported by medical or health literature citations from appropriate studies so as to minimize unnecessary or ineffective care.

(b) Establish system requirements for an outcomes-based management system incorporating practice parameters for use in the pilot project. System requirements shall be broad enough to allow use of more than one brand or variety of software or hardware provided that they meet the compatibility objectives of this subdivision. The system selected shall:

(1) allow for direct, automated inputting of all information collected in connection with the delivery of health care;

(2) allow participating providers to precertify participants for treatment on the basis of health need and measure outcome against the cost of care;

(3) be capable of being operated from facilities used by participating health care providers;

(4) include a report function to allow both providers and consumers access to private provider and private individual data, concerning both the consumers' course of treatment and summary data concerning the comparative outcomes of treatment in similar cases.

(c) Establish and maintain a pilot project health outcomes database as follows:

(1) determine uniform specifications for the collection, transmission, and maintenance, and dissemination of health outcomes data for the pilot project that are consistent with those adopted by the health care analysis unit under article 4, section 2; and

(2) conduct studies and research on the following subjects:

(i) new and revised practice parameters to be used in connection with the pilot project;

(ii) the comparative effectiveness of alternative modes of treatment, medical equipment, and drugs;

(iii) the relative satisfaction of participants with their care, determined with reference to both provider and mode of treatment;

(iv) the cost versus the effectiveness of health care treatments; and

(v) the impact on cost and effectiveness of health care of the management techniques and administrative interventions used in the pilot project.

The health care analysis unit shall coordinate the research activities conducted under this subdivision with the research activities of the unit conducted under article 4, in order to increase the cost-effectiveness of unit activities and avoid duplication of effort.

(d) Adopt emergency and permanent rules relating to the administration of the pilot project. At a minimum, the rules must provide that:

(1) any licensed provider who agrees to render care subject to approved practice parameters and who agrees to implement the project's outcomes-based management system may participate in the pilot project; and

(2) initially, participation by pilot project providers is limited to those maintaining offices within 30 miles of the pilot project area or areas. The health care analysis unit may also designate pilot project providers from outside this area to assure that participants have full access to covered health care. Additional providers will be added as the project expands.

(e) Establish, in consultation with the health plan company under contract, appropriate financial incentives and disincentives designed to further the purposes of the project, including the application or waiver of copayments and deductibles.

(f) Establish appropriate eligibility, enrollment, premium, and payment provisions consistent with the purposes of the project.

(g) Establish an appeals panel for the timely review and resolution of written complaints brought by a provider or enrollee. The decision of the appeals panel is final and binding.

Subd. 4. [SELECTION OF HEALTH PLAN COMPANY.] (a) The commissioner shall select, by competitive bid, a health plan company to manage health care provided to pilot project participants. The health plan company must have demonstrated experience in at least the following areas:

(1) health care management;

(2) claims administration; and

(3) the management of health care information systems.

(b) The health plan company shall:

(1) adopt a provider fee schedule and negotiate contracts with hospitals and other health care providers, including but not limited to contracts for drugs and medical equipment, in which fees for services and supplies are equivalent to those prevailing under other local third-party payers.

(2) develop financial incentives and disincentives for provider reimbursement designed to further the purposes of the project. Provider reimbursement disincentives shall not be set at a rate lower than 50 percent of the provider fee schedule or contract rate negotiated in clause (1);

(3) apply, to the extent they are cost-effective, appropriate financial incentives and disincentives designed to further the purposes of the project, including the application or waiver of copayments and deductibles;

(4) implement the eligibility, enrollment, and payment provisions established by the commissioner;

(5) collect the medical outcomes data specified by the health care analysis unit; and

(6) implement all other requirements established by the commissioner under subdivision 3.

Subd. 5. [DATA TRANSFER AND CLASSIFICATION.] The health plan company under contract shall transfer data collected under this section to the health care analysis unit. The unit shall

incorporate this data into the large-scale data base established under article 4, section 2. Data collected on individuals participating in the pilot project are classified as private data on individuals and may be disclosed only as provided under article 4, section 1, subdivision 6. Summary data may be provided under section 13.03, subdivision 7, and may be released in studies produced by the health care analysis unit and made available to pilot project participants.

Subd. 6. [NONDISCOVERABLE AND INADMISSIBLE IN ANY LEGAL PROCEEDING.] Any and all data, clinical norms, medical practice parameters, findings, or other information developed, compiled or collected under this article, including compliance or non-compliance with any medical practice parameters under this pilot program, shall not be discoverable or admissible in any civil, criminal, or administrative proceeding, including but not limited to, professional licensure proceedings.

Sec. 4. [144.7064] [ELIGIBILITY.]

Subdivision 1. [PARTICIPATION.] (a) All persons residing in the pilot project area who do not have health care coverage, as defined in section 2, are eligible to participate in the project.

(b) Individuals covered by self-insured health plans may receive care rendered subject to practice parameters by pilot project providers, if they live in the pilot project area and they and their benefit plan administrator consent to their participation, and agree to share data relating to cost and outcome with the health care analysis unit.

(c) All persons covered under general assistance medical care who reside in the pilot project area are required to participate in the pilot project to the extent they seek care for which there are approved providers providing care subject to approved practice parameters. The commissioner of human services shall seek any federal waivers needed to include medical assistance recipients residing in the pilot project area, to the extent they seek care for which there are approved providers providing care subject to approved practice parameters.

(d) All persons residing in the project area who are children's health plan enrollees are eligible to participate in the project.

(e) Employees of state and local government are eligible to participate with the approval of their bargaining unit.

(f) Premiums for pilot project participants who do not have health coverage, or who are children's health plan enrollees, shall be based on the sliding scale provided in subdivisions 2 and 4. Premiums for self-insured participants, and participants who are employees of state and local government, shall be those required by their existing

plan of health benefit coverage. No premiums shall be charged to individuals enrolled in general assistance medical care or medical assistance.

Subd. 2. [SLIDING SCALE.] Each individual and family unit without health coverage enrolled in the pilot project shall pay a premium set in relation to adjusted gross income and family size. The commissioner shall establish a sliding scale to determine the amount of the premium each individual or family must pay to obtain health coverage through the pilot project. The sliding scale must use the federal poverty guidelines as the primary unit of measurement, and must be based on an individual's or family's federal adjusted gross income as shown on the federal income tax return. If the family files separate returns, the federal adjusted gross income from the returns must be combined for purposes of computing the family's federal adjusted gross income. The sliding scale must be designed so that individuals and families with adjusted gross incomes less than 25 percent of the federal poverty level pay 1.08 percent of their adjusted gross income, and those with adjusted gross incomes between 250 percent and 275 percent of the federal poverty level pay 6.5 percent of their adjusted gross income. Individuals and families with adjusted gross incomes over 275 percent of the federal poverty guideline or \$40,000, whichever is less, are not eligible for a subsidized premium and must pay 100 percent of the cost of coverage through the pilot project.

Subd. 3. [ADJUSTMENTS TO THE INCOME LIMIT AND SLIDING SCALE.] The commissioner shall adjust the sliding scale and the maximum income limit for subsidized coverage to reflect changes in prevailing income levels, health coverage costs, and benefit levels.

Subd. 4. [CHILDREN'S HEALTH PLAN ENROLLEES.] The commissioner shall establish a separate sliding scale for children's health plan enrollees. Premiums charged must be proportional to the value of benefits provided by the pilot project that are in addition to those provided under section 256.936. Children's health plan enrollees shall still be required to pay the enrollment fee required by section 256.936.

Sec. 5. [144.7065] [COVERAGE FOR HEALTH CARE FOR PILOT PROJECT PARTICIPANTS.]

Subdivision 1. [PERSONS WITHOUT HEALTH CARE COVERAGE.] The commissioner, through the health care analysis unit, shall determine basic health care coverage for persons who do not have health care coverage. That coverage shall include:

(1) care that is necessary and effective, as determined by reference to approved practice parameters and validated by measurement of outcomes;

(2) care, including preventive care, determined by the commissioner to be necessary, and for which there exists sufficient study or research data to support a finding that the care is necessary and effective; and

(3) other care determined by the commissioner to be covered, but for which there is insufficient study or research data to support a finding of necessity or effectiveness.

Subd. 2. [PERSONS COVERED UNDER STATE-FINANCED PROGRAMS.] Coverage for persons enrolled in the children's health plan, general assistance medical care, and medical assistance, if a federal waiver is granted, shall be that which is set forth in their benefits agreements:

(1) except that for care of proven effectiveness delivered subject to approved practice parameters, such coverage, including choice of provider, shall be limited to care obtained from participating providers;

(2) except that coverage shall be supplemented with preventive care as defined by the Guidelines of the United States Task Force on Preventive Care to the extent it is necessary and effective; and

(3) except that the commissioner of health, after consultation with the commissioner of human services, may provide additional benefits to children's health plan enrollees beyond those provided under section 256.936.

A waiver of federal regulations shall be requested with respect to coverage mandated by federal law whenever care is provided under practice parameters by pilot project providers.

Subd. 3. [PERSONS COVERED UNDER SELF-INSURED PLANS; EMPLOYEES OF STATE AND LOCAL GOVERNMENT.] Coverage for persons enrolled in self-insured health plans participating in the pilot project, and for state and local government employees who are participants, shall be that set forth in their benefits agreements:

(1) provided, however, that care is provided under pilot project guidelines by pilot project providers; and

(2) provided further that preventive care from pilot project providers shall be made available to the extent it is necessary and effective care.

Subd. 4. [COORDINATION.] The commissioner shall take such steps as may be reasonable and necessary to reconcile existing health coverage with care provided participants by pilot project

providers. Any conflict between existing health coverage practice parameters and pilot project practice parameters shall be resolved in favor of the pilot project practice parameters.

Coverage for persons who do not otherwise have health care coverage and persons enrolled in state-subsidized health programs based on benefits shall be converted to coverage based on need and effectiveness at the earliest possible date.

The health care analysis unit shall make every possible effort to eliminate barriers to access to health care determined to be both necessary and effective and take steps to eliminate access to health care not determined to be necessary and effective.

Subd. 5. [PROVIDER PANELS.] (a) The commissioner shall appoint panels of providers with appropriate experience and expertise. The panels shall advise the health care analysis unit regarding new and revised practice parameters which have been supported by medical or health citations from appropriately controlled studies, based on outcomes data collected by the pilot project.

(b) In situations where these practice parameters overlap specialty or other professional boundaries, the panels must include representatives from each affected specialty or provider group.

(c) These panels shall advise the health care analysis unit in defining outcomes and how they should properly be used.

(d) These panels shall also advise the health care analysis unit about adding participants and providers during the course of the project to maximize the cost savings generated by the project and to expand its size and scope to the extent practicable.

(e) The advice solicited pursuant to this subdivision is not binding on the health care analysis unit.

Sec. 6. [144.7066] [ADMINISTRATION OF THE PILOT PROJECT.]

Subdivision 1. [CLAIM PAYMENT.] Participating providers shall be paid by the health plan company on the basis of fee schedules, contracts, and, to the extent they are cost effective, financial incentives established by the commissioner.

The commissioner shall conduct periodic audits of the health plan company under contract. The health plan company shall audit pilot project providers' outcomes management systems to ensure that cost and effectiveness data is accurately reported and pilot project guidelines are adhered to.

Subd. 2. [GENERAL ADMINISTRATION.] The commissioner shall establish a pilot project administrative office, hire staff and arrange working relationships with persons currently employed by the state of Minnesota in the administration of health coverage programs. The commissioner shall also initiate procedures designed to identify and recruit for participation in the pilot project persons who do not have health care coverage, persons currently enrolled in state-financed health programs, and persons receiving coverage from self-insured plans.

Subd. 3. [ASSISTANCE.] State departments, agencies, boards, and commissions shall provide the assistance to the commissioner of health to design, implement, administer, and evaluate the pilot project. The evaluation shall include an estimate of the savings accrued by state-financed health care programs due to the pilot project.

Subd. 4. [WAIVER OF INCONSISTENT PROVISIONS.] The commissioner of health and the commissioner of commerce may waive mandated health benefit requirements, and open enrollment requirements, if there is reasonable evidence that these requirements would prohibit the operation of the pilot project. The commissioner of health and the commissioner of commerce shall provide for public comment before any requirement is waived. For purposes of the pilot project, section 72A.20, subdivision 15, clause (4) applies.

Sec. 7. [144.7067] [REPORTS.]

The commissioner shall, by the end of January of each year the pilot project is operating, provide a detailed report to the legislature. The report must include a review by the health care analysis unit of the:

- (1) outcomes of care provided in the pilot project;
- (2) progress in implementing, expanding, or revising practice parameters for use in connection with all necessary and effective modes of treatment used in the pilot project;
- (3) actual improvements in quality of care achieved as a result of providing only care that is necessary and effective;
- (4) actual savings achieved as a result of rendering only necessary, proven, and effective care;
- (5) impact of the pilot project's systems, technologies, and methods on all providers and other participants, health care, and the health care delivery system in general;

(6) progress in eliminating barriers to access to necessary and effective care rendered participants enrolled in the pilot project; and

(7) results likely to be achieved if the pilot project were extended to include additional persons who do not have health care coverage and additional persons currently enrolled in state or employer financed health insurance programs.

The report must include recommendations for any additional legislation needed to implement the project.

In the report due January 1, 1993, and each subsequent year, the commissioner shall make recommendations regarding any expansion of the project during the next year, including expanding the project area, the number of participants and providers, and the practice parameters to be added, or the termination of the pilot project.

Sec. 8. [REPEALER.]

This article is repealed July 1, 1996.

ARTICLE 6

Subdivision 1. [GENERAL.] The commissioner of commerce may request bids from, and negotiate and contract with, carriers the commissioner determines are best qualified to underwrite and service health care plans that meet the requirements of section 62K.02. The commissioner may establish any conversion and continuation privileges for those plans the commissioner considers appropriate. The commissioner may negotiate premium rates and coverage provisions with all carriers regulated under chapters 62A, 62C, and 62D. The commissioner may also negotiate reasonable cost containment measures to be applied to all carriers under chapters 62A, 62C, and 62D. The commissioner shall consider the cost of the plans, conversion options relating to the contracts, service capabilities, character, financial position, and reputation of the carriers and other factors the commissioner considers appropriate. Each contract must be for a uniform term of at least one year but may be made automatically renewable from term to term in the absence of notice of termination by either party. The commissioner shall, to the extent feasible, offer a choice of plans available from two or more carriers regulated under chapters 62A, 62C, and 62D. The commissioner may offer only one plan in an area of the state if only one acceptable bid exists or if offering more than one would result in substantial, additional administrative costs.

Subd. 2. [CONTRACT TO CONTAIN STATEMENT OF BENE-

(3) care which is primarily for custodial or domiciliary purposes which would not qualify as eligible services under Medicare;

(4) any charge for confinement in a private room to the extent it is in excess of the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician, provided, however, that if the institution does not have semiprivate rooms, its most common semiprivate room charge shall be considered to be 90 percent of its lowest private room charge;

(5) that part of any charge for services or articles rendered or prescribed by a physician, dentist, or other health care personnel which exceeds the prevailing charge in the locality where the service is provided; and

(6) any charge for services or articles the provision of which is not within the scope of authorized practice of the institution or individual rendering the services or articles.

Subd. 6. [OPTIONAL COVERAGES.] The commissioner may offer coverages in addition to those required by this section.

Sec. 3. [62K.03] [ELIGIBILITY; TAX CREDIT.]

Subdivision 1. [RESIDENTS WITH NO COVERAGE.] (a) A Minnesota resident is eligible for coverage under this chapter if the resident does not have coverage under:

The commissioner shall disseminate appropriate information to the residents of this state about the existence of coverage under this chapter and the means of enrollment. Means of communication may include use of the press, radio, and television, as well as publication in appropriate state offices and publications.

The commissioner shall devise and implement methods to maintain public awareness of the provisions of this chapter and shall administer this chapter in a manner that facilitates public participation.

Sec. 6. [62K.06] [CIVIL PENALTY.]

The commissioner of commerce shall impose a civil penalty upon an employer that discontinues all plans of health coverage provided or made available to its employees who are Minnesota residents if the commissioner finds that the discontinuation occurred because the employees were eligible for coverage under this chapter.

The amount of the civil penalty must be equal to two times the total annual premium obligation of that employer for the previous calendar year.

The commissioner of revenue shall provide the commissioner of commerce with information necessary for the administration and enforcement of this section.

Sec. 7. Minnesota Statutes 1990, section 290.01, subdivision 19a, is amended to read:

(2) the amount of income taxes paid or accrued within the taxable year under this chapter and income taxes paid to any other state or to any province or territory of Canada, to the extent allowed as a deduction under section 63(d) of the Internal Revenue Code, but the addition may not be more than the amount by which the itemized deductions as allowed under section 63(d) of the Internal Revenue Code exceeds the amount of the standard deduction as defined in section 63(c) of the Internal Revenue Code; and

(3) the capital gain amount of a lump sum distribution to which the special tax under section 1122(h)(3)(B)(ii) of the Tax Reform Act of 1986, Public Law Number 99-514, applies; and

Sec. 8. [290.0675] [HEALTH CARE CREDIT.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of this credit, the following definitions have the meanings given them.

(b) "Eligible premiums" means the premiums paid during the taxable year for the coverage of the taxpayer and dependents of the taxpayer for health care coverage under chapter 62K. It does not include premiums paid for optional coverage.

(c) "Qualified health care coverage" means health care coverage under chapter 62K.

(d) "Qualified individual taxpayer" means (1) a married individual filing jointly whose household income for the taxable year does not exceed \$25,000; (2) a married individual filing separately whose household income for the taxable year does not exceed \$12,500; and (3) an unmarried individual whose household income for the taxable year does not exceed \$15,000.

(e) "Household income" has the meaning given it in section 290A.03, subdivision 5.

Subd. 2. [CREDIT ALLOWED.] A qualified individual taxpayer who has paid eligible premiums for qualified health care coverage

may take a credit against the tax due for the taxable year under this chapter.

Subd. 3. [AMOUNT OF CREDIT.] The amount of the credit is 100 percent of the eligible premiums that exceed five percent of the taxpayer's household income.

Subd. 4. [REFUNDABLE CREDIT.] If the amount of the credit allowed under this section exceeds the taxpayer's liability for tax under this chapter, the commissioner shall refund the excess amount of the credit to the taxpayer.

Subd. 5. [TAX CREDIT TABLES.] The commissioner may construct and make available to taxpayers tables showing the amount of the credit at various levels of taxable income and eligible premiums.

Subd. 6. [MEDICAL DEDUCTION.] If a taxpayer claims a credit for premiums under this section and has taken a deduction for the same premium amounts in determining taxable income under section 213(a) of the Internal Revenue Code, the taxpayer must add the amount of the premiums deducted under that section to federal taxable income under section 290.01, subdivision 19a, clause (4). "Internal Revenue Code" for purposes of this subdivision means the Internal Revenue Code of 1986, as amended through December 31, 1990.

Subd. 7. [INFORMATION FURNISHED TO COMMISSIONER.] A taxpayer claiming a credit under this section must furnish to the commissioner the information required by the commissioner to determine eligibility for the credit. Sec. 9. Minnesota Statutes 1990, section 290.92, subdivision 5, is amended to read:

Subd. 5. [EXEMPTIONS.] (1) [ENTITLEMENT.] An employee receiving wages shall on any day be entitled to claim withholding exemptions in a number not to exceed the number of withholding exemptions that the employee claims and that are allowable pursuant to section 3402(f)(1), (m), and (n) of the Internal Revenue Code

of 1986, as amended through December 31, 1989, for federal withholding purposes, plus additional exemptions or amounts for the credit allowed under section 290.0675.

(2) [WITHHOLDING EXEMPTION CERTIFICATE.] The provisions concerning exemption certificates contained in section 3402(f)(2) and (3) of the Internal Revenue Code of 1986, as amended through December 31, 1989, shall apply.

(3) [FORM OF CERTIFICATE.] Withholding exemption certificates shall be in such form and contain such information as the commissioner may by rule prescribe.

(4) [ADDITIONAL EXEMPTIONS.] The commissioner of revenue shall provide for the determination of the additional exemptions or amounts allowed for the credit under section 290.0675. The commissioner may require that the exemptions or amounts be determined and withheld as part of the withholding tables under subdivision 2a or 3, or may require that a separate amount be added to the amount withheld.

Sec. 10. Minnesota Statutes 1990, section 290.92, subdivision 5a, is amended to read:

Subd. 5a. [VERIFICATION OF WITHHOLDING EXEMPTIONS; APPEAL.] (1) An employer shall submit to the commissioner a copy of any withholding exemption certificate or any affidavit of residency received from an employee on which the employee claims any of the following:

(a) a total number of withholding exemptions in excess of ten or a number prescribed by the commissioner, or

(b) a status that would exempt the employee from Minnesota withholding, including where the employee is a nonresident exempt from withholding under subdivision 4a, clause (3), except where the employer reasonably expects, at the time that the certificate is received, that the employee's wages under subdivision 1 from the employer will not then usually exceed \$200 per week, or

(c) any number of withholding exemptions which the employer has reason to believe is in excess of the number to which the employee is entitled, or

(d) any withholding exemptions or amounts claimed for the credit under section 290.0675 to which the employer has reason to believe the employee is not entitled.

(2) Copies of exemption certificates and affidavits of residency required to be submitted by clause (1) shall be submitted to the

commissioner within 30 days after receipt by the employer unless the employer is also required by federal law to submit copies to the Internal Revenue Service, in which case the employer may elect to submit the copies to the commissioner at the same time that the employer is required to submit them to the Internal Revenue Service.

(3) An employer who submits a copy of a withholding exemption certificate in accordance with clause (1) shall honor the certificate until notified by the commissioner that the certificate is invalid. The commissioner shall mail a copy of any such notice to the employee. Upon notification that a particular certificate is invalid, the employer shall not honor that certificate or any subsequent certificate unless instructed to do so by the commissioner. The employer shall allow the employee the number of exemptions and compute the withholding tax as instructed by the commissioner in accordance with clause (4).

(4) The commissioner may require an employee to verify entitlement to the number of exemptions or to the exempt status claimed on the withholding exemption certificate or, to verify nonresidency. The commissioner may require an employee to verify entitlement to additional exemptions or amounts claimed under section 290.0675. The employee shall be allowed at least 30 days to submit the verification, after which time the commissioner shall, on the basis of the best information available to the commissioner, determine the employee's status and allow the employee the maximum number of withholding exemptions allowable under this chapter. The commissioner shall mail a notice of this determination to the employee at the address listed on the exemption certificate in question or to the last known address of the employee. Pursuant to section 270B.06, the commissioner may notify the employer of this determination and instruct the employer to withhold tax in accordance with the determination.

However, where the commissioner has reasonable grounds for believing that the employee is about to leave the state or that the collection of any tax due under this chapter will be jeopardized by delay, the commissioner may immediately notify the employee and the employer, pursuant to section 270B.06, that the certificate is invalid, and the employer must not honor that certificate or any subsequent certificate unless instructed to do so by the commissioner. The employer shall allow the employee the number of exemptions and compute the withholding tax as instructed by the commissioner.

(5) The commissioner's determination under clause (4) shall be appealable to tax court in accordance with section 271.06, and shall remain in effect for withholding tax purposes pending disposition of any appeal.

Sec. 11. [EFFECTIVE DATE.]

Sections 7 to 10 are effective for taxable years beginning after December 31, 1991.

Subd. 2. [ELIGIBILITY.] To be eligible to participate in the program, a prospective physician must submit a letter of interest to the higher education coordinating board ~~while attending medical school. Before completing the first year of residency.~~ A student or resident who is accepted must sign a contract to agree to serve at least three of the first five years following residency in a designated rural area.

Sec. 2. Minnesota Statutes 1990, section 136A.1355, subdivision 3, is amended to read:

Subd. 3. [LOAN FORGIVENESS.] Prior to June 30, 1991, the higher education coordinating board may accept up to eight applicants who are fourth year medical students, up to eight applicants who are first year residents, and up to eight applicants who are second year residents for participation in the loan forgiveness program. For the period July 1, 1991 through June 30, 1995, the higher education coordinating board may accept up to eight applicants who are fourth year medical students per fiscal year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of medical school, up to a maximum of four years, an agreed amount, not to exceed \$10,000, as a qualified loan. For each year that a participant serves as a physician in a designated rural area, up to a maximum of four years, the higher education coordinating board shall annually pay an amount equal to one year of qualified loans and the interest accrued on these loans. Participants who move their practice from one designated rural area to another remain eligible for loan repayment.

Sec. 3. [136A.1356] [MIDLEVEL PRACTITIONER EDUCATION ACCOUNT.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following definitions apply:

(a) "Designated rural area" means a Minnesota community that:

- (1) is outside a ten-mile radius of a ranally area;
- (2) has more than 2,000 persons per physician, including seasonal variation; and
- (3) has notified the higher education coordinating board of its need for a physician or nurse for the community.

For purposes of this definition, "ranally area" means a central city or cities and any adjacent built-up areas, plus other communities not connected by continuously built-up areas if population density exceeds 60 persons per square mile and the work force of the other communities significantly depends on the central city or cities.

(b) "Midlevel practitioner" means a nurse practitioner, nurse-midwife, nurse anesthetist, advanced clinical nurse specialist, or physician assistant.

(c) "Nurse-midwife" means a registered nurse who has graduated from a program of study designed to prepare registered nurses for advance practice as nurse-midwives.

(e) "Physician assistant" means a person meeting the definition in Minnesota Rules, part 5600.2600, subpart 11.

Subd. 2. [CREATION OF ACCOUNT.] A midlevel practitioner education account is established. The higher education coordinating board shall use money from the account to establish a loan forgiveness program for midlevel practitioners agreeing to practice in designated rural areas.

Subd. 3. [ELIGIBILITY.] To be eligible to participate in the program, a prospective midlevel practitioner must submit a letter of interest to the higher education coordinating board prior to or while attending a program of study designed to prepare the individual for service as a midlevel practitioner. Before completing the first year of this program, a midlevel practitioner must sign a contract to agree to serve at least two of the first four years following graduation from the program in a designated rural area.

Subd. 4. [LOAN FORGIVENESS.] The higher education coordinating board may accept up to eight applicants per year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of midlevel practitioner study, up to a maximum of two years, an

agreed amount, not to exceed \$7,000, as a qualified loan. For each year that a participant serves as a midlevel practitioner in a designated rural area, up to a maximum of four years, the higher education coordinating board shall annually repay an amount equal to one-half a qualified loan and the interest accrued on one-half a qualified loan. Participants who move their practice from one designated rural area to another remain eligible for loan repayment.

Subd. 5. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 4 for full repayment of all qualified loans, the higher education coordinating board shall collect from the participant 100 percent of any payments made for qualified loans and interest, plus a penalty of 50 percent of the amount paid. The higher education coordinating board shall deposit the money collected in the midlevel practitioner education account. The board shall allow waivers of all or part of the money owed the board if emergency circumstances prevented fulfillment of the required service commitment.

Sec. 4. [144A.70] [EDUCATION ACCOUNT FOR NURSES WHO AGREE TO PRACTICE IN A NURSING HOME OR INTERMEDIATE CARE FACILITY FOR PERSONS WITH MENTAL RETARDATION AND RELATED CONDITIONS.]

Subdivision 1. [CREATION OF THE ACCOUNT.] An education account in the general fund is established for a loan forgiveness program for nurses who agree to practice nursing in a nursing home or intermediate facility for persons with mental retardation and related conditions. The account consists of money appropriated by the legislature and repayments and penalties collected under subdivision 4. Money from the account must be used for a loan forgiveness program.

Subd. 2. [ELIGIBILITY.] To be eligible to participate in the loan forgiveness program, a person planning to enroll in a program of study designed to prepare the person to become a registered nurse or licensed practical nurse must submit a letter of interest to the commissioner before enrolling in the nursing education program. Before completing the first year of study, the applicant must sign a contract in which the applicant agrees to practice nursing for at least one of the first two years following completion of the nursing education program providing nursing services in a licensed nursing home or intermediate care facility for persons with mental retardation and related conditions.

Subd. 3. [LOAN FORGIVENESS.] The commissioner may accept up to ten applicants a year. Applicants are responsible for securing their own loans. For each year of nursing education, for up to two years, applicants accepted into the loan forgiveness program may designate an agreed amount, not to exceed \$3,000, as a qualified

loan. For each year that a participant practices nursing in a nursing home or intermediate care facility for persons with mental retardation and related conditions, up to a maximum of two years, the commissioner shall annually repay an amount equal to one year of qualified loans and the interest accrued on the loans. Participants who move from one nursing home or intermediate care facility for persons with mental retardation and related conditions to another remain eligible for loan repayment.

Subd. 4. The commissioner shall deposit the collections in the general fund to be credited to the account established in subdivision 1. The commissioner may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

Subd. 5. [RULES.] The commissioner shall adopt rules to implement this section.

Sec. 5. [STUDY OF OBSTETRICAL ACCESS.]

The commissioner of health shall study access to obstetrical services in Minnesota and report to the legislature by February 1, 1992. The study must examine the number of physicians discontinuing obstetrical care in recent years and the effects of high malpractice costs and low government program reimbursement for obstetrical services, and must identify areas of the state where access to obstetrical services is most greatly affected. The commissioner shall recommend ways to reduce liability costs and to encourage physicians to continue to provide obstetrical services.

Sec. 6. [GRANT PROGRAM FOR MIDDLELEVEL PRACTITIONER TRAINING.]

The higher education coordinating board shall award grants to Minnesota schools or colleges that educate, or plan to educate midlevel practitioners, in order to establish and administer midlevel practitioner training programs in areas of rural Minnesota with the greatest need for midlevel practitioners. The program must address rural health care needs, and incorporate innovative methods of bringing together faculty and students, such as the use of telecommunications, and must provide both clinical and lecture components. The board shall award two grants for the fiscal year ending June 30, 1992.

Sec. 7. [GRANTS FOR CONTINUING EDUCATION.]

The higher education coordinating board shall establish a competitive grant program for schools of nursing and other providers of continuing nurse education, in order to develop continuing education programs for nurses working in rural areas of the state. The programs must complement, and not duplicate, existing continuing education activities, and must specifically address the needs of nurses working in rural practice settings. The board shall award two grants for the fiscal year ending June 30, 1992.

Sec. 8. [FEASIBILITY STUDIES.]

The higher education coordinating board shall conduct feasibility studies to assess: (1) the need for outreach baccalaureate nurse education programs that would offer classes and clinical experiences in sites convenient to students living in rural areas of the state with the greatest need for registered nurses; and (2) the need for a four-year, generic, baccalaureate degree program for registered nurses in northern Minnesota. The board shall present findings and recommendations to the legislature by February 15, 1992.

real property, when the landlord has a subsisting right of reentry for the failure of the tenant to pay rent the landlord may bring an action to recover possession of the property and such action is equivalent to a demand for the rent and a reentry upon the property; but if, at any time before possession has been delivered to the plaintiff on recovery in the action, the lessee or a successor in interest as to the whole or any part of the property pays to the plaintiff or brings into court the amount of the rent then in arrears, with interest and costs of the action, and an attorney's fee not exceeding \$5, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease.

(b) If the tenant has paid to the plaintiff or brought into court the amount of rent in arrears but is unable to pay the interest, costs of the action, and attorney's fee required by this subdivision, the court may permit the defendant to pay these amounts into court and be restored to possession within the same period of time, if any, which the court stays the issuance of the writ of restitution pursuant to section 566.09.

(c) Prior to or after commencement of an action to recover possession for nonpayment of rent, the parties may agree only in writing that partial payment of rent in arrears which is accepted by the landlord prior to issuance of the order granting restitution of the premises pursuant to section 566.09 may be applied to the balance due and does not waive the landlord's action to recover possession of the premises for nonpayment of rent.

(d) Rental payments under this subdivision must first be applied to rent claimed as due in the complaint from prior rental periods before applying any payment toward rent claimed in the complaint for the current rental period unless the court finds that under the circumstances the claim for rent from prior rental periods has been waived.

Subd. 2. [LEASE GREATER THAN 20 YEARS.] (a) If the lease under which the right of reentry is claimed is a lease for a term of more than 20 years, reentry cannot be made into the land or such action commenced by the landlord unless, after default, the landlord shall serve upon the tenant, also upon all creditors having a lien of record legal or equitable upon the leased premises or any part thereof, a written notice that the lease will be canceled and terminated unless the payment or payments in default shall be made and the covenants in default shall be performed within 30 days after the service of such notice, or within such greater period as the lessor shall specify in the notice, and if such default shall not be removed within the period specified within the notice, then the right of reentry shall be complete at the expiration of the period and may be exercised as provided by law. If any such lease shall provide that the landlord, after default, shall give more than 30 days' notice in

writing to the tenant of the landlord intention to terminate the tenancy by reason of default in terms thereof, then the length of the notice to terminate shall be the same as provided for and required by the lease.

(b) As to such leases for a term of more than 20 years, if at any time before the expiration of six months after possession obtained by the plaintiff by abandonment or surrender of possession by the tenant or on recovery in the action, the lessee or a successor in interest as to the whole or part of the property, or any creditor having a lien legal or equitable upon the leased premises or any part thereof, pays to the plaintiff, or brings into court, the amount of rent then in arrears, with interest and the costs of the action, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease. The provisions of this section shall not apply to any action or proceeding now pending in any of the courts of this state.

Subd. 3. [JUDGMENT TO BE RECORDED.] Upon recovery of possession by the landlord in the action a certified copy of the judgment shall be recorded in the office of the county recorder of the county where the land is situated if unregistered land or in the office of the registrar of titles of such county if registered land and upon recovery of possession by the landlord by abandonment or surrender by the tenant an affidavit by the landlord or the landlord's attorney setting forth such fact shall be recorded in a like manner and such recorded certified copy of such judgment or such recorded affidavit shall be prima facie evidence of the facts stated therein in reference to the recovery of possession by such landlord.

Sec. 3. Minnesota Statutes 1990, section 504.185, subdivision 2, is amended to read:

Subd. 2. [PROCEDURE.] When a municipality, utility company, or other company supplying home heating oil, propane, natural gas, electricity, or water to a building has issued a final notice or has posted the building proposing to disconnect or discontinued the service to the building because an owner who has contracted for the service has failed to pay for it or because an owner is required by law or contract to pay for the service and fails to do so, a tenant or group of tenants may pay to have the service continued or reconnected as provided under this section. Before paying for the service, the tenant or group of tenants shall give oral or written notice to the owner of the tenant's intention to pay after 48 hours, or a shorter period that is reasonable under the circumstances, if the owner has not already paid for the service. In the case of oral notification, written notice shall be mailed or delivered to the owner within 24 hours after oral notice is given.

(a) In the case of natural gas, electricity, or water, if the owner has

not yet paid the bill by the time of the tenant's intended payment, or if the service remains discontinued, the tenant or tenants may pay the outstanding bill for the most recent billing period, if the utility company or municipality will restore the service for at least one billing period.

(b) In the case of home heating oil or propane, if the owner has not yet paid the bill by the time of the tenant's intended payment, or if the service remains discontinued, the tenant or tenants may order and pay for one month's supply of the proper grade and quality of oil or propane.

After submitting receipts for the payment to the owner, a tenant may deduct the amount of the tenant's payment from the rental payment next paid to the owner. Any amount paid to the municipality, utility company, or other company by a tenant under this subdivision is considered payment of rent to the owner for purposes of section 504.02.

Sec. 4. Minnesota Statutes 1990, section 504.20, subdivision 3, is amended to read:

Subd. 3. It shall be sufficient compliance with the time requirement of this subdivision if the deposit or written statement required by this subdivision is placed in the United States mail as first class mail, postage prepaid, in an envelope with a proper return address, correctly addressed according to the mailing address or delivery instructions furnished by the tenant, within the time required by this subdivision. The landlord may withhold from the deposit only amounts reasonably necessary:

(a) To remedy tenant defaults in the payment of rent or of other funds due to the landlord pursuant to an agreement; or

(b) To restore the premises to their condition at the commencement of the tenancy, ordinary wear and tear excepted.

In any action concerning the deposit, the burden of proving, by a fair preponderance of the evidence, the reason for withholding all or any portion of the deposit shall be on the landlord.

Sec. 5. Minnesota Statutes 1990, section 504.20, subdivision 4, is amended to read:

Subd. 4. Sec. 6. [504.246] [TORT LIABILITY.]

A landlord is liable for damages for personal injury caused to a tenant, or others on the premises with the consent of the tenant, or a subtenant by a condition existing before or after the tenant took possession of the premises, which is a breach of an express covenant to repair or maintain the leased premises or is a breach of the covenants specified in section 504.18, subdivision 1, if:

(1) the condition created an unreasonable risk on the premises which performance of the landlord's covenants would have prevented;

(2) the landlord knew of the condition; and

(3) the landlord failed to perform the covenants.

The provisions of this section do not limit any rights or remedies a tenant otherwise has under another statute or in contract or tort at common law.

Sec. 7. Minnesota Statutes 1990, section 504.27, is amended to read:

504.27 [REMEDIES ARE ADDITIONAL.]

Any provision, whether oral or written, of any lease or other agreement, whereby any provision of sections 504.24 to 504.27 is waived by a tenant is contrary to public policy and void. The provisions of sections 504.24 to 504.27 shall apply only to tenants as that term is defined in section 566.18, subdivision 2, and buildings as that term is defined in section 566.18, subdivision 7. The authority may use that determination as a basis for the maximum amount of income for admissions to housing development projects or housing projects owned or operated by it;

(30) within its area of operation, to acquire and sell real property that is benefited by federal housing assistance payments, other rental subsidies, interest reduction payments, or interest reduction contracts for the purpose of preserving the affordability of low- and moderate-income multifamily housing; ~~and~~

(31) to apply for, enter into contracts with the federal government, administer, and carry out a section 8 program. Authorization by the governing body creating the authority to administer the program at the authority's initial application is sufficient to authorize operation of the program in its area of operation for which it was created without additional local governing body approval. Approval by the governing body or bodies creating the authority constitutes approval of a housing program for purposes of any special or general law requiring local approval of section 8 programs undertaken by city, county, or multicounty authorities; and

(32) to secure a mortgage or loan by obtaining the appointment of receivers or assignments of rents and profits under sections 559.17 and 576.01, except that the limitation relating to the minimum

amounts of the original principal balances of mortgages specified in sections 559.17, subdivision 2, clause (2); and 576.01, subdivision 2, does not apply.

If no suit is brought within the 90 days, the authority must return the amount of the check or letter of credit to the person making it. If a suit is brought within the 90-day period, the authority must disburse the amount of the check or proceeds from the letter of credit pursuant to the order of the court.

ARTICLE 8
NEIGHBORHOOD LAND TRUSTS

Section 1. [462A.30] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 8.

Subd. 2. [AGENCY.] "Agency" means the Minnesota housing finance agency.

Subd. 3. [FIRST OPTION TO PURCHASE.] "First option to purchase" means a right of a neighborhood land trust or the agency to purchase all or any portion of the improvements and leasehold interest of a lessee, sublessee, or other resident of property subject to a ground lease, prior to the rights of any other party and at a limited equity price.

Subd. 4. [GROUND LEASE.] "Ground lease" means a lease of real property in which the lease does not include buildings or other improvements.

Subd. 5. [LEASEHOLD INTEREST.] "Leasehold interest" means the real property interest of a lessee in a ground lease in which the neighborhood land trust is the lessor.

Subd. 6. [LIMITED EQUITY FORMULA.] "Limited equity formula" means a method, to be determined by rule adopted by the agency, for calculation of the limited equity price, designed to maintain the affordability of the housing and the public subsidy.

Subd. 7. [LIMITED EQUITY PRICE.] "Limited equity price" means a price for the sale of any building or other improvement located on land owned by a neighborhood land trust determined by means of the limited equity formula.

Subd. 8. [NEIGHBORHOOD LAND TRUST.] "Neighborhood land trust" means a nonprofit corporation organized under chapter 317A that complies with section 2 and that qualifies for tax exempt status under United States Code, title 26, section 501(c)(3), and meets all other criteria for neighborhood land trust set by the agency.

Subd. 9. [PERSONS AND FAMILIES OF LOW AND MODERATE INCOME.] "Persons and families of low and moderate income" has the meaning specified in section 462A.03, subdivision 10.

Sec. 2. [462A.31] [NEIGHBORHOOD LAND TRUSTS.]

Subdivision 1. [PURPOSES.] A neighborhood land trust must

have as one of its purposes the holding of land and the leasing of land for the purpose of preserving the affordability of housing on that land for persons and families of low and moderate income.

Subd. 2. [POWERS.] A neighborhood land trust may have any or all of the powers permitted to a nonprofit corporation under chapter 317A, except that a neighborhood land trust must have the power to buy and sell land, to mortgage and otherwise encumber land, and to negotiate and enter into ground leases with an initial term of up to 99 years.

Subd. 3. [BYLAWS.] The bylaws of a neighborhood land trust must provide that:

(1) members of the general public who support the neighborhood land trust's purposes may become members of the trust;

(2) no more than 30 percent of the members may reside outside of the geographical area in which the neighborhood land trust operates, as specified in the bylaws;

(3) the membership has the power to elect a specified percentage of not less than 51 percent of the members of the governing board of the neighborhood land trust;

(4) lessees, residents of housing located on land owned by the neighborhood land trust, or representatives of either must constitute no less than 25 percent nor more than 40 percent of the membership of the governing board;

(5) remaining members of the governing board, if any, may be appointed by the neighborhood land trust board, to the extent specified in the bylaws; and

(6) the neighborhood land trust has the power to operate only within a geographical area specified in the bylaws.

Sec. 3. [462A.32] [LEASES.]

Subdivision 1. [LESSEES.] A neighborhood land trust shall hold title to and lease land to persons and families of low and moderate income or to other persons or corporations for purposes consistent with the goals of the neighborhood land trust.

Subd. 2. [RENT.] A neighborhood land trust may charge rent to the lessee in an amount to be determined by a method specified in the lease. The rent may include, but need not be limited to, land acquisition costs, real estate taxes, special assessments, an administrative charge, and a land use fee.

Subd. 3. [RESTRICTIONS.] A ground lease in which a neighborhood land trust is the lessor must contain provisions designed to preserve the affordability of housing on the land. Each ground lease must reserve to the neighborhood land trust the first option to purchase any building or improvement on the land, or any condominium or cooperative unit located in a building on the land, at a limited equity price specified in the ground lease. Each ground lease must grant to the Minnesota housing finance agency the right to exercise that first option to purchase if the neighborhood land trust does not, for any reason, exercise the first option. Each ground lease must exempt sales to persons and families of low and moderate income from the provisions granting the first option to purchase to the neighborhood land trust and to the Minnesota housing finance agency. Sales to persons and families of low and moderate income are not exempt from the limited equity price. A ground lease may also contain appropriate restrictions on:

- (1) subletting or assigning the ground lease;
- (2) construction and renovation of buildings and other improvements; and
- (3) sale of buildings and improvements.

Subd. 4. [MORTGAGES.] (a) A ground lease with a neighborhood land trust must prohibit the lessee from mortgaging the lessee's interest in the lease or in buildings or other improvements without the consent of the neighborhood land trust. A ground lease may obligate a neighborhood land trust as lessor and fee title holder to consent to, join in, or subordinate its interest to, a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land. A lease provision so obligating a neighborhood land trust must specify that the mortgage must provide to the neighborhood land trust the right to receive from the mortgagee prompt notice of default in the mortgage and the right to cure the default or to purchase the mortgagee's interest in the mortgage. The limited equity price and provisions in subdivision 3 do not apply if the lessee or the neighborhood land trust fails to cure the default or purchase the mortgagee's interest in the mortgage.

(b) A ground lease with a neighborhood land trust must provide that the neighborhood land trust will not, during the term of the lease, mortgage or otherwise encumber its interest in the property or permit any liens on its interest in the property to exist. This prohibition does not apply to mortgages that require the mortgagee to subordinate the lien of its mortgage to a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land.

Subd. 5. [RIGHTS OF HEIRS.] A ground lease with a neighbor-

hood land trust must provide that the heirs of the lessee may assume the lease, if the heirs agree to occupy the lease property as their homestead. For purposes of this subdivision, "the heirs" means the heirs at law of a lessee who dies intestate or the devisees of a lessee who dies testate.

Sec. 4. [462A.33] [NOTICE OF LEASE.]

A neighborhood ground lease must be in recordable form and may, but need not be, recorded in the office of the county recorder or filed in the office of the county registrar of titles. If the lease is not recorded or filed, the lessee shall record or file a notice of lease on a form to be prepared and made available by the agency. The notice of lease must state the names and addresses of the lessor and lessee, the beginning date and initial term of the lease, and a legal description of the property. The notice of lease must state that the lease is entered into pursuant to this chapter, must be signed by the lessor and lessee, and must be in recordable form.

Sec. 5. [462A.34] [DISSOLUTION.]

If a neighborhood land trust is dissolved, the procedure is governed by chapter 317A, except as otherwise provided in this section. If a receiver is to be appointed, the agency has priority to be appointed or to designate the appointee. The agency need not exercise its priority.

Sec. 6. [462A.35] [MORTGAGE SECURING LOANS TO TRUST.]

A neighborhood land trust may grant a mortgage on real estate to secure repayment of loans obtained from the state, any of its agencies or subdivisions, or any other entity, for the purpose of purchase, construction, or renovation of that real estate. Any such mortgage must comply with section 462A.32, subdivision 4, paragraph (b).

Sec. 7. [462A.36] [CITY OR HOUSING AUTHORITY MAY ACT AS LAND TRUST.]

Any home rule charter or statutory city, except cities of the first class, or any housing and redevelopment authority as defined by chapter 469 may exercise all of the powers granted in this chapter to neighborhood land trusts, subject to the city's or housing and redevelopment authority's ongoing compliance with all of the requirements of this chapter, except to the extent that compliance with this chapter conflicts with other law governing cities or housing and redevelopment authorities.

Sec. 8. [462A.37] [TRUST LAW NOT APPLICABLE.]

A neighborhood land trust is not subject to chapter 501B or the common law of trusts.

Subdivision 1. [COMMUNITY AND NEIGHBORHOOD DEVELOPMENT GRANTS.] The commissioner may award matching grants to eligible organizations. Grants to any one eligible organization may not exceed \$25,000 in any fiscal year and a grant may not be used for any purpose that replaces an existing community program identified by the commissioner. Each grant must be matched with at least two dollars of nonstate money or in-kind contributions to each dollar of grant money. The grants may be used for community or neighborhood public safety and human service activities, street and public property lighting, recycling efforts, repair or removal of dilapidated buildings, community or neighborhood beautification and cleanup, historic preservation of buildings, small scale park and open space development, increasing or preserving the availability of housing primarily serving low- or moderate-income persons, organizing or funding neighborhood land trusts established under section 462A.30, and other projects, programs, or activities that the commissioner determines will improve or revitalize the community or neighborhood.

Sec. 2. Minnesota Statutes 1990, section 116J.984, subdivision 5, is amended to read:

Subd. 5. [APPLICATIONS; PRIORITY.] The commissioner may establish criteria to establish the priority of the applications received for grants awarded under subdivision 1. The criteria may include:

(1) the degree of community support measured by the amount of participation in the project or activities by volunteers;

(2) the extent that the eligible organizations have participated with or solicited input from other organizations that provide community and regional assistance;

(3) the amount of nonstate matching funds identified as available for the project or activities; ~~and~~

(4) the degree to which the project will assure the long-term affordability of neighborhood housing by use of a neighborhood land trust; and

(5) any other criteria the commissioner determines necessary to carry out the purposes of this section.

Sec. 3. Minnesota Statutes 1990, section 462A.02, is amended by adding a subdivision to read:

Subd. 11. It is further declared that it is in the best interests of the citizens of the state of Minnesota that public money used for the purposes of this chapter be used in a manner that best assures the long-term affordability of housing to low- and moderate-income citizens. To achieve that public purpose, the agency shall consider, in the making of grants and loans and other uses of agency resources, the degree to which such grants, loans, and other uses will assure the long-term affordability of the housing, by use of the neighborhood land trust model or other techniques.

Sec. 4. Minnesota Statutes 1990, section 462A.03, is amended by adding a subdivision to read:

Subd. 22. [NEIGHBORHOOD LAND TRUST.] "Neighborhood land trust" has the meaning specified in article 8, section 1.

Sec. 5. Minnesota Statutes 1990, section 462A.201, subdivision 2, is amended to read:

Subd. 2. [LOW-INCOME HOUSING.] The agency may, in consultation with the advisory committee, use money from the housing trust fund account to provide loans or grants for projects for the development, construction, acquisition, preservation, and rehabilitation of low-income rental and limited equity cooperative housing units and homes for ownership. Projects funded under this subdivision may involve property owned by a neighborhood land trust. No more than 20 percent of available funds may be used for home ownership projects. At least 75 percent of the rental and cooperative units, and 100 percent of the homes for ownership, must be rented to or cooperatively owned, or owned by persons and families whose income does not exceed 30 percent of the median family income for the metropolitan area as defined in section 473.121, subdivision 2. Neighborhood land trusts are eligible for both home ownership project funds and rental project funds. In making the grants, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. To promote the geographic distribution of grants and loans, the agency may designate a portion of the grant or loan awards to be set aside for projects located in specified congressional districts or other geographical regions specified by the agency. The agency may adopt emergency and permanent rules for awarding grants and loans under this subdivision. The emergency rules are effective for 180 days or until the permanent rules are adopted, whichever occurs first.

Sec. 6. [462A.204] [NEIGHBORHOOD LAND TRUST ACCOUNT.]

Subdivision 1. [CREATION.] (a) The neighborhood land trust account is created as a separate account in the housing development fund.

(b) The neighborhood land trust account consists of:

(3) all proceeds from the sale of land purchased with money from the neighborhood land trust account; and

(4) money made available to the agency for the purposes of the account from other sources, including the transfer of unencumbered balances from other accounts in the housing development fund.

Subd. 2. [APPLICATION OF ACCOUNT.] The agency shall make loans and grants to finance the organization of neighborhood land trusts, the purchase of land or interests in land by neighborhood land trusts, and the development of affordable housing in accordance with article 8.

Subd. 3. [AGENCY POWERS; DUTIES.] The agency shall:

(1) establish criteria to select which organizations eligible under article 8, that apply for loans and grants under this section, receive funding;

(2) establish priorities for funding neighborhood land trusts that best demonstrate the ability to provide housing for people most in need;

(3) establish requirements for matching funds for loans and grants under this section;

(4) determine the circumstances, terms, and conditions under which all or any portion of a loan made under this section will be repaid; and

(5) establish appropriate security for loan repayment.

Subd. 4. [ELIGIBLE ORGANIZATIONS; CAPACITY.] An organization eligible under article 8 must demonstrate in its application to the agency that it is able to establish and operate a neighborhood land trust by having the capacity to:

(1) organize and continue a relationship with the land trust board as required by article 8;

(2) select and acquire property for a neighborhood land trust and contract with businesses or organizations for the rehabilitation or development of the neighborhood land trust property;

(3) acquire any required matching funds;

(4) link residents of neighborhood land trusts with community self-sufficiency resources; and

(5) provide property maintenance classes and other residential assistance.

Subd. 5. [TRANSFERS.] Notwithstanding section 462A.20, subdivision 3, the agency may not transfer unencumbered balances from the neighborhood land trust account to any other account in the housing development fund.

Sec. 7. [462A.38] [NEIGHBORHOOD LAND TRUST REPORTS.]

Each neighborhood land trust that receives a grant or loan from the agency must submit an annual report to the agency by December 1 of each year. The report must describe the use of grant or loan funds received.

“ARTICLE 1

AIRCRAFT MAINTENANCE AND ENGINE REPAIR FACILITIES: STATE FINANCING

Section 1. [116R.01] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to sections 1 to 16.

Subd. 2. [BONDS.] "Bonds" means the bonds authorized under section 2, subdivision 1, or bonds issued to refund these bonds, except for deficiency bonds.

Subd. 3. [COMMISSIONER.] "Commissioner" means the commissioner of finance.

Subd. 4. [DEFICIENCY BONDS.] "Deficiency bonds" means the bonds authorized under section 13, subdivision 3, or bonds issued to refund these bonds.

Sec. 2. [116R.02] [BOND ISSUE; SALE AUTHORIZATION.]

Subdivision 1. [SALE AUTHORIZATION.] The commissioner of finance, upon the request of the governor, may issue and sell revenue bonds as provided under sections 1 to 15 in one or more series or issues for the purposes provided in this section in the aggregate principal amount of up to \$350,000,000. Proceeds of the bonds and investment income on the proceeds are appropriated in the amounts and for the purposes specified in subdivisions 2, 5, and 6 and section 4.

Subd. 2. [LOAN, LEASE, AND REVENUE AGREEMENTS.] (a) The commissioner may loan the proceeds of the bonds, make other loans or enter into lease agreements or other revenue agreements for the facilities described in subdivisions 5 and 6. The commissioner may provide for servicing of the loans and agreements, the times they are payable and the amounts of payments, the amount of the loans and agreements, their security, and other terms, conditions, and provisions necessary or convenient in connection with them and may enter into all necessary contracts and security instruments in connection with them. The commissioner shall seek to obtain the best available security for the loans or agreements. The facilities described in subdivisions 5 and 6 may be pledged as collateral for the loans made and bonds issued under sections 1 to 15.

(b) To reduce the risk that state general funds will be needed to pay debt service on the state guaranteed bonds, the commissioner must require that the financing arrangements include a coverage test satisfactory to the commissioner so that the sum of the value of the assets and other security pledged to the payment of bonds or the rent due under any lease of the project and taken into account by the commissioner is no less than 125 percent of the outstanding state guaranteed bonds. Assets and other security that may be taken into account include (1) net unencumbered value of the project and any collateral or third party guaranty, including a letter of credit, pledged or otherwise furnished by a user of the project or by a benefitted airline company as security for the payment of rent, (2)

bond proceeds, including earnings thereon, and (3) prepayments of rent, after making such adjustments the commissioner determines to be appropriate to take into account any outstanding bonds secured by a lien on the project or rent that is prior to the lien thereon that is securing the state guaranteed bonds. The commissioner may adopt the method of valuing the assets and other security as the commissioner determines to be appropriate, including valuation of the project as its original cost less depreciation.

“State guaranteed bonds” means all outstanding bonds secured as provided in subdivision 4, paragraph (a).

Subd. 3. [REVIEW PROCEDURE; DATA PRACTICES.] (a) Before issuing the bonds, approving financial assistance, or entering into loan, lease, or other revenue agreements for the facilities described in subdivisions 5 and 6, the commissioner of finance shall review the financial condition of the proposed lessee of the facilities, and any corporations affiliated with the lessee by common ownership, relating to the proposed debt financing. The commissioner shall exercise due diligence in the review. The commissioner shall engage a nationally recognized consultant familiar with the airline industry and its financing to prepare a written report on the financial condition of the lessee, and any corporations affiliated with the lessee by common ownership, relating to the proposed debt financing. The lessee and any corporations affiliated with the lessee by common ownership shall provide all information required for the commissioner’s review and the consultant’s report, including information similar to that required by an investment bank or other financial institution considering a project for debt financing.

(b) The commissioner of trade and economic development and the metropolitan airports commission shall advise the commissioner of finance on the financing of the proposed facilities, the proposed financial assistance, and related loan, lease, and other revenue agreements. The commissioner of trade and economic development and the metropolitan airports commission shall review all financial information related to the transaction. The commissioner of finance may not issue the bonds, approve the financial assistance, or enter into loan, lease, or other revenue agreements until the commissioner of trade and economic development and the metropolitan airports commission approve the proposed financial assistance.

(c) Except as otherwise provided in this subdivision, the following data required under sections 1 to 15 or submitted in connection with the provision of financial assistance or any agreement authorized under this act is nonpublic data: business plans, financial statements, customer lists, and market and feasibility studies paid for with nonpublic money. The commissioner or the commissioner of trade and economic development may make the data accessible to any person, agency, or public entity if the commissioner or the commissioner of trade and economic development determines that

access is required under state or federal securities law or is necessary for the person, agency, or public entity to perform due diligence in connection with the provision of financial assistance to the facilities described in subdivisions 5 and 6.

(d) Before the commissioner issues bonds, approves financial assistance, or enters into loan, lease, or other revenue agreements, the commissioner shall submit a report on the proposed transaction to the governor. The report must describe: all proposed state and local government financial commitments; the financial assistance proposed to be provided; the proposed loan, lease, and revenue agreements; any other arrangements related to state and local debt, taxes, financing, and debt service; and the estimates of economic activity, air traffic, and other factors that have been used in assessing the prospective financial condition of the lessee and its affiliates. The report must contain the following findings:

(1) that the commissioners of trade and economic development and finance and the metropolitan airports commission have reviewed the current and prospective financial condition of the proposed lessee of the facilities and any corporations affiliated with the lessee by common ownership; and

(2) that, on the basis of their review, the commissioners and commission have determined that the revenues estimated to be available to the lessee for payments under the loan, lease, or other revenue agreements are at least sufficient during each year of the term of the proposed bonds to pay when due all financial obligations of the lessee under the terms of the proposed loan, lease, or other revenue agreements. Copies of the report must be filed at the legislature as provided in section 3.195 when the report is submitted to the governor.

Subd. 4. [SECURITY.] (a) If so provided in the commissioner's order or any indenture authorizing the applicable series of bonds, up to \$125,000,000 principal amount of bonds for the facility described in subdivision 5 and up to \$50,000,000 principal amount of bonds for the facility described in subdivision 6 may be secured by either of the following methods:

(1) upon the occurrence of any deficiency in a debt service reserve fund for a series of bonds as provided in section 13, subdivision 3, the commissioner shall issue and sell deficiency bonds in a principal amount not to exceed (i) the lesser of \$125,000,000 or the outstanding principal amount of the bonds secured by the debt service reserve fund for facilities described in subdivision 5 and (ii) the lesser of \$50,000,000 or the outstanding principal amount of the bonds secured by the debt service fund for the facilities described in subdivision 6; or

(b) At the request of the commissioner, St. Louis county shall by resolution of its county board, unconditionally and irrevocably pledge as a general obligation, its full faith, credit, and taxing power to pay or secure payment of principal and interest due on up to \$12,600,000 principal amount of revenue bonds for the facility described in subdivision 5 and principal and interest due on up to \$15,000,000 principal amount of revenue bonds for the facility described in subdivision 6. The general obligation and pledge of St. Louis county are not subject to and shall not be taken into account for purposes of any debt limitation. A levy of taxes for the St. Louis county general obligation is not subject to and shall not be taken into account for purposes of any levy limitations. The general obligation and the bonds secured by the general obligation may be issued without an election. Except for sections 475.61 and 475.64, chapter 475 does not apply to the general obligation or to the bonds secured by the general obligation.

(c) Bonds and deficiency bonds issued under sections 1 to 15 and any indenture entered into in connection with the issuance of the bonds are not subject to section 16B.06.

The facility must be owned by the metropolitan airports commission and leased for the benefit of one or more airline companies for use as a heavy maintenance base. With the approval of the commissioner, the owner of the facility may place a mortgage or security interest lien on the facility or any interest in or part of the facility. The mortgage is exempt from the mortgage registry tax imposed under chapter 287. In the event of a default under the loan, lease agreement, or other revenue agreement, the facility, or any part of the facility, may be leased or sold to another person for any lawful purpose, subject to the approval of the commissioner. The

approval of the commissioner is not required if the bond trustee has taken control of the facility as a result of a default.

The ownership of the facility by the owner must not create any liability of the owner for payment of the debt service on the bonds. The owner may require as a condition of entering the lease of the facility that the lessee pay all costs, expenses, or any other obligations of ownership.

Subd. 6. [USE OF PROCEEDS; AIRCRAFT ENGINE REPAIR FACILITY.] The proceeds of the bonds issued in a principal amount not to exceed \$100,000,000 must be used to finance the costs related to the planning, construction, improvement, or equipping of an aircraft engine repair facility and facilities subordinate and related to the facility to be located at the Chisholm-Hibbing municipal airport in the city of Hibbing and any costs of issuance, reserves, credit enhancement, or an initial period of interest payments related to the bonds or the facility. The facility must be owned by the owner of the Chisholm-Hibbing municipal airport, but may be leased, with or without a purchase option exercisable, to any person for the primary purpose of repairing aircraft engines or components. With the approval of the commissioner, the owner of the facility may place a mortgage or security interest lien on the facility. The mortgage is exempt from the mortgage registry tax imposed under chapter 287. In the event of a default under the loan, lease agreement, or other revenue agreement, the facility may be leased or sold to another person for any lawful purpose, subject to the approval of the commissioner. The approval of the commissioner is not required if the bond trustee has taken control of the facility as a result of a default.

[ENVIRONMENTAL ASSESSMENT.] Notwithstanding any other law or rule, no environmental review must be completed prior to the approval of an application and the issuance of a conditional commitment for the loan, or the taking of any other action permitted by sections 1 to 15, including the issuance of bonds, which is considered necessary or desirable by the commissioner to prepare for a final commitment and to make it effective. Environmental review, to the extent required by law, shall be made in conjunction with the issuance by state agencies of environmental

refunded bonds were secured and payable from any source from which the refunded bonds were secured.

Subd. 3. [KIND OF BONDS.] All bonds issued under this section must be issued in the form and manner provided in section 16A.672.

Subd. 4. [COMPLIANCE WITH FEDERAL LAW.] The commissioner may covenant and agree with the holders of the bonds issued under this section that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes.

Subd. 5. [TAXABILITY OF INTEREST.] Interest on the bonds authorized by this section may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.

Sec. 5. [116R.05] [BONDS; ORDERS AUTHORIZING, ADDITIONAL TERMS, SALE.]

Subdivision 1. [TERMS.] The bonds must be authorized by an order or orders of the commissioner, bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States, at such place or places within or without the state, and be subject to such terms of redemption or purchase prior to maturity as the order or orders may provide, or as may be provided in any indenture or indentures of trust. If, for any reason, whether existing at the date of issue of any bonds or at the date of making or purchasing any loan or securities from the proceeds or after that date, the interest on any bonds is or becomes subject to federal income taxation, this shall not impair or affect the validity of the provisions made for the security of the bonds. The bonds may be sold at public or private sale at a price or prices determined by the commissioner. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the commissioner to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters or prevailing market conditions and practices.

Subd. 2. [SOURCES OF PAYMENT.] Except as otherwise provided for bonds issued under section 2, subdivision 4, paragraph (a), the bonds are payable solely from the following sources and are appropriated, but only to the extent provided in the order or indenture authorizing or securing the bonds:

- (1) revenues of any nature derived from the ownership, lease,

operation, sale, foreclosure, or refinancing of a facility described in section 2, subdivision 5 or 6;

(2) repayments of any loans made under sections 1 to 15;

(3) proceeds of any bonds or deficiency bonds;

(4) amounts in any account or accounts authorized by section 11 or 12;

(5) amounts paid by St. Louis county under its obligations referred to in section 2, subdivision 4;

(6) investment income on any of the sources specified in clauses (1) to (7);

(7) amounts payable under any insurance policy, guaranty, letter of credit, or other instrument securing the bonds; and

(8) any other revenues which the commissioner may pledge but excluding state appropriations unless the appropriation was specifically designated for that purpose.

Subd. 3. [NOT A STATE DEBT.] Except as provided in section 2, subdivision 4, paragraph (a), no bond shall constitute a debt of the state within the meaning of any statutory or constitutional limitation or pledge the full faith and credit of the state, and no holder of any bonds may compel any exercise of the taxing power of the state to pay principal, premiums, or interest for the bonds, nor to enforce payment of principal, premiums, or interest against any property of the state, except for property expressly pledged, mortgaged, encumbered, or appropriated for this purpose.

Sec. 6. [116R.06] [BONDS; OPTIONAL ORDER AND CONTRACT PROVISIONS.]

Any order authorizing any bonds or any issue of bonds or any indenture may contain provisions, which may be a part of the contract with the holders of the bonds, as to the matters referred to in this section.

(a) It may pledge or create a lien on money or property and any money held in trust or otherwise by others to secure the payment of the bonds or of any series or issue of bonds, subject to any agreements with bondholders which exist.

(b) It may provide for the custody, collection, securing, investment, and payment of money.

(c) It may set aside reserves or sinking funds and provide for their regulation and disposition and may create other special funds into which money may be deposited.

(d) It may limit the loans and securities to which the proceeds of sale of bonds may be applied and may pledge repayments thereon to secure the payment of the notes or bonds or of any series or issue of notes or bonds.

(e) It may limit the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds.

(f) It may prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent to the amendment or abrogation, and the manner in which that consent may be given.

(g) It may vest in a trustee or trustees property, rights, powers, and duties in trust determined by the commissioner, which may include any or all of the rights, powers, and duties of the bondholders, or may limit the rights, powers, and duties of the trustee. It may make contracts with a trustee or trustees authorizing the trustee or trustees to invest in investments that may be invested in by the state board of investment under section 11A.24, and apply, or dispose of and use money in any account.

(h) It may define the acts or omissions to act which constitute a default in the obligations and duties of the commissioner and may provide for the rights and remedies of the holders of bonds in the event of a default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of sections 1 to 15, which in any way affect the security or protection of the bonds and the rights of the bondholders.

Sec. 7. [116R.07] [PLEDGES.]

Any pledge made by the commissioner is valid and binding from the time the pledge is made. The money or property pledged and later received by the commissioner is immediately subject to the lien of the pledge without any physical delivery of the property or money or further act, and the lien of any pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the commissioner, whether or not those parties have notice of the lien or pledge. Neither the order nor any other instrument by which a pledge is created need be recorded.

Sec. 8. [116R.08] [BONDS; NONLIABILITY OF INDIVIDUALS.]

The commissioner and the commissioner's staff and any person executing the bonds are not personally liable on the bonds or subject to any personal liability or accountability by reason of their issuance.

Sec. 9. [116R.09] [BONDS; PURCHASE AND CANCELLATION.]

The commissioner, subject to agreements with bondholders which may then exist, has power out of any funds available for the purpose to purchase bonds of the commissioner at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (b) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

Sec. 10. [116R.10] [STATE PLEDGE AGAINST IMPAIRMENT OF CONTRACTS.]

The state pledges and agrees with the holders of any bonds issued under sections 1 to 15, that the state will not limit or alter the rights vested in the commissioner to fulfill the terms of any agreements made with the bondholders, or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged. The commissioner may include this pledge and agreement of the state in any agreement with the holders of bonds issued under sections 1 to 15.

Sec. 11. [116R.11] [AIRCRAFT FACILITIES FUNDS AND DEBT SERVICE ACCOUNTS.]

Subdivision 1. [FUNDS.] The commissioner or any trustee appointed by the commissioner under sections 1 to 15 shall establish and maintain an aircraft facilities fund for each of the facilities described in section 2, subdivisions 5 and 6. Except for amounts required by the commissioner to be deposited in a debt service account, proceeds of each issue of bonds authorized under section 2, subdivision 1, must be deposited in a separate account, debt service reserve, or other account designated by the commissioner. The commissioner or the owner of each facility described in section 2, subdivisions 5 and 6, may withdraw proceeds of bonds for application to the appropriated purposes in the manner provided by order of the commissioner or in any indenture authorized by order of the commissioner. The commissioner may establish whatever accounts might be necessary to carry out sections 1 to 15.

Subd. 2. [ACCOUNTS.] The state treasurer or any trustee appointed by the commissioner under sections 1 to 15 shall maintain

permanently on official books and records debt service accounts separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on each series of bonds. No later than the due date of each principal and interest payment on the bonds, the commissioner shall withdraw from the proceeds of the bonds, or from revenues on hand and available for the purpose, and shall deposit in the debt service accounts the amount, if any, required in the account by the order of the commissioner or any indenture authorized by an order of the commissioner. All amounts in any debt service account are appropriated for the payment of principal, premiums, and interest for the bonds to which the account relates.

Sec. 12. [116R.12] [POWERS AND DUTIES OF TRUSTEE.]

Subdivision 1. [GENERAL.] The trustee, if any, designated in any indenture or order securing an issue of bonds may, in the trustee's own name, if so provided in the indenture or order:

(1) enforce all rights of the bondholders, including the right to require the commissioner to collect fees, charges, interest, and payments on leases, loans, or interests therein held by the commissioner and eligible securities purchased by it adequate to carry out any agreement as to, or pledge of, those fees, charges, and payments, and to require the commissioner to carry out any other agreements with the holders of the bonds and to perform the duties required under sections 1 to 15;

(2) bring suit upon the bonds;

(3) require the commissioner to account as if it were the trustee of any express trust for the holders of the bonds;

(4) enjoin any acts or things which may be unlawful or in violation of the rights of holders of the bonds; or

(5) upon a default as defined in any bond, order, or indenture, declare all the bonds due and payable, enforce any remedy available under law, and if all defaults are made good, the trustee may annul the declaration and consequences.

Subd. 2. [ADDITIONAL POWERS.] In addition to the powers in subdivision 1, the trustee has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders in the enforcement and protection of their rights.

Subd. 3. [VENUE.] The venue of any action or proceedings brought by a trustee is in Ramsey county.

Sec. 13. [116R.13] [DEBT SERVICE RESERVE ACCOUNT.]

Subdivision 1. [AUTHORITY.] The commissioner or a trustee appointed by the commissioner may create, maintain, and establish a special account or accounts for the security of one or more or all series of the bonds, which accounts are known as debt service reserve accounts. The commissioner may pay into each debt service reserve account:

(1) any money appropriated by the state only for the purposes of that account;

(2) any proceeds of sale of bonds to the extent provided in the order or indenture authorizing their issuance;

(3) any money directed to be transferred by the commissioner to that debt service reserve account; and

(4) any other money made available to the commissioner for the purpose of that account from any other source.

Subd. 2. [USE OF MONEY.] The money held in or credited to each debt service reserve account, except as provided in this section, must be used solely for the payment of the principal of bonds of the commissioner as the bonds mature or otherwise become due, the purchase of the bonds, the payment of interest on the bonds, the payment of any premium required when the bonds are redeemed before maturity, or any rebate amounts owing to the United States government in accordance with any applicable covenant to comply with federal tax laws; provided, that money in a debt service reserve account may not be withdrawn at any time in an amount which would reduce the amount of the account to less than any amount which the commissioner determines to be reasonably necessary for the purposes of the account, except for the purpose of paying principal, premium, or interest due on bonds secured by the account, for the payment of which other money is not available.

Subd. 3. [GENERAL OBLIGATION BONDS.] (a) If the amount in any debt service reserve account falls below the minimum required in an order of the commissioner or indenture for the applicable series of bonds and the order or indenture so provides, the commissioner shall issue as promptly as practicable, but in no event later than six months after the occurrence of the deficiency, general obligation bonds in accordance with the Minnesota Constitution, article XI, section 7, and section 2, subdivision 4; section 16A.641, subdivisions 1 to 4 and 6 to 13; section 16A.66, section 16A.672; and section 16A.675, except as otherwise provided in this section and unless provision is made for restoring the deficiency from other sources. Section 16A.641, subdivision 5, does not apply to the issuance of bonds authorized under this subdivision. Proceeds of the bonds not required for payment of costs related to the issuance of the

bonds must be deposited in the debt service reserve account, except that accrued interest must be deposited as provided in section 16A.641, subdivision 7, paragraph (b).

(b) The underwriting discount, spread, or commission paid or allowed to the underwriters or placement agents of deficiency bonds and bonds described in section 2, subdivision 4, paragraph (a), must be an amount not in excess of the amount determined by the commissioner to be reasonable in light of the risk assumed and the expense of issuance, if any, required to be paid by the underwriters, placement agents, or prevailing market conditions and practices.

Subd. 4. [LIMITATION.] If the commissioner creates a debt service reserve account for the security of any series of bonds, the commissioner may not issue any additional bonds which are similarly secured if the amount of any of the debt service reserve accounts at the time of issuance does not equal or exceed the minimum amount, if any, required by the resolution creating that account, unless the commissioner deposits in each account at the time of issuance, from the proceeds of the bonds or otherwise, an amount which, together with the amount then in the account, will not be less than the minimum amount required.

Subd. 5. [EXCESS MONEY.] To the extent consistent with the orders and indentures securing outstanding bonds, the commissioner may, at the close of any fiscal year, transfer to any other account from any debt service reserve account, any excess in that account over the amount considered by the commissioner to be reasonably necessary for the purpose of the account.

Subd. 6. [CONSTRUCTION.] Nothing in this section may be construed to limit the right of the commissioner to create and establish by order or indenture other accounts or security in addition to debt service reserve accounts which are necessary or desirable in connection with any bonds or programs.

Sec. 14. [116R.14] [CONSTRUCTION.]

Sections 1 to 15 are necessary for the welfare of the state of Minnesota and its inhabitants; therefore, they shall be liberally construed to effect their purpose.

Sec. 15. [116R.15] [SEVERABILITY; ACTIONS.]

Each of the provisions of sections 1 to 15, and each application thereof to particular circumstances, is severable. If any provision or application is found to be unconstitutional and void, it is the intention that the remaining provisions and applications shall be valid and enforceable to the full extent possible under section 645.20.

Sec. 16. [116R.16] [TECHNICAL ADVISORY COMMITTEE.]

Subdivision 1. [MEMBERSHIP.] The commissioner of trade and economic development shall establish a technical advisory committee. For the facilities described in section 2, subdivisions 5 and 6, the advisory committee shall provide project oversight to the affected jurisdictions regarding project status, effectiveness, and financial conditions. The advisory committee consists of the following members:

(1) a representative of the department of trade and economic development appointed by the commissioner to act as chair of the advisory committee;

(2) a representative of the metropolitan airports commission appointed by the metropolitan airports commission;

(3) a representative of the city of Duluth appointed by the mayor of Duluth;

(4) a representative of St. Louis county appointed by the St. Louis county board of commissioners;

(5) a representative of the city of Hibbing appointed by the mayor of Hibbing; and

(6) a representative of the city of Chisholm appointed by the mayor of Chisholm.

Subd. 2. [TERMS.] The membership terms, removal, and filling of vacancies is as provided in section 15.059.

Subd. 3. [DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT DUTIES.] The commissioner of trade and economic development shall monitor, evaluate, and prepare reports on the progress and financial status of the facilities described in section 2, subdivisions 5 and 6; convene meetings of the advisory committee on a quarterly basis; and provide information and assistance to the advisory committee as is reasonably necessary.

Subd. 4. [REPORTS.] The commissioner of trade and economic development shall submit an annual report to the legislature by January 1 of each year and provide other reports to the individually represented jurisdictions as appropriate.

Sec. 17. Minnesota Statutes 1990, section 360.013, subdivision 5, is amended to read:

Subd. 5. "Airport" means any area, of land or water, except a restricted landing area, which is designed for the landing and

takeoff of aircraft, whether or not facilities are provided for the shelter, surfacing, or repair of aircraft, or for receiving or discharging passengers or cargo, and all appurtenant areas used or suitable for airport buildings or other airport facilities, including facilities described in section 2, subdivision 6, and all appurtenant rights of way, whether heretofore or hereafter established.

Sec. 18. Minnesota Statutes 1990, section 360.032, subdivision 1, is amended to read:

Subdivision 1. [ACQUISITION.] Every municipality is hereby authorized, through its governing body, to acquire property, real or personal, for the purpose of establishing, constructing, and enlarging airports and other air navigation facilities and to acquire, establish, construct, enlarge, improve, maintain, equip, operate, and regulate such airports and other air navigation facilities and structures and other property incidental to their operation, either within or without the territorial limits of such municipality and within or without this state; to make, prior to any such acquisition, investigations, surveys, and plans; to construct, install, and maintain airport facilities for the servicing and repair of aircraft and facilities authorized under section 2, subdivision 6, and for the comfort and accommodation of air travelers; and to purchase and sell equipment and supplies as an incident to the operation of its airport properties. It may not acquire, or take over any airport or other air navigation facility owned or controlled by any other municipality of the state without the consent of such municipality. It may use for airport purposes any available property that is now or may at any time hereafter be owned or controlled by it. Such air navigation facilities as are established on airports shall be supplementary to and coordinated in design and operation with those established and operated by the federal and state governments. It may assist other municipalities in the construction of approach roads leading to any airport or restricted landing area owned or controlled by it. In financing the facilities authorized under section 2, subdivision 6, it may borrow from the state or otherwise arrange for financing of the facilities and for that purpose may exercise powers vested in a municipality under sections 469.152 to 469.165.

Sec. 19. Minnesota Statutes 1990, section 360.038, subdivision 4, is amended to read:

Subd. 4. Sec. 20. Minnesota Statutes 1990, section 473.608, subdivision 1, is amended to read:

Subdivision 1. The corporation, subject to the conditions and limitations prescribed by law, shall possess all the powers as a body corporate necessary and convenient to accomplish the objects and perform the duties prescribed by sections 473.601 to 473.679, including but not limited to those hereinafter specified. These powers, except as limited by section 473.622, may be exercised at any place within 35 miles of the city hall of either Minneapolis or St. Paul, and in the metropolitan area, and in the city of Duluth for the purpose of owning, leasing, constructing, equipping, operating, borrowing money from the state for, or otherwise financing the facility described in section 2, subdivision 5.

A state loan to finance the facility described in section 2, subdivision 5, must be made on terms and conditions as the commissioner of finance, the commissioner of trade and economic development, and the commission determine to be appropriate. The state loan is not subject to and may not be counted against any limitation on the principal amount of revenue bonds or general obligation revenue bonds that the commission may issue under sections 473.601 to 473.679.

Sec. 21. [PURPOSE.]

The purpose of sections 1 to 16 is to foster long-term economic growth and job creation by financing an aircraft maintenance facility and an aircraft engine repair facility, to encourage and facilitate the retention and expansion of airports and other air navigation facilities, airline corporations' facilities, operations and services in the state; to prevent the loss of jobs, and encourage and promote the creation of additional jobs in the state in the airline

industry and in other businesses in the state served or affected by the airline industry; to promote the continued growth, and reduce the potential for and effects of a decline of economic activity in the state; and to ensure the preservation, growth, and diversification of the tax base of the state. State bonds are authorized to be issued and the proceeds of their sale are appropriated under the authority of the Minnesota Constitution, article XI, section 5, clauses (a) and (g). In authorizing the financing of the aircraft facilities, the legislature is acting in all respects for the benefit of the people of the state of Minnesota to serve the public purpose of fostering economic development within the state.

Sec. 22. [EFFECTIVE DATE; LOCAL APPROVAL.]

Section 2, subdivision 4, paragraph (b), is effective on the day after compliance with Minnesota Statutes, section 645.021, subdivision 3, by the governing body of St. Louis county. Sections 1 to 16 are effective the day following final enactment and shall apply to bonds issued to finance a project or projects for which the lease agreement was entered into before December 31, 1991.

ARTICLE 2

METROPOLITAN AIRPORTS COMMISSION

Section 1. [473.6021] [PUBLIC NECESSITY AND PURPOSE FOR ISSUANCE OF BONDS.]

In order to accomplish the public purposes set forth in section 473.602; to encourage and facilitate the retention and expansion of airline corporations' facilities, operations, and services in the metropolitan area and the state; to prevent the loss of jobs and encourage and promote the creation of additional jobs in the state in the airline industry and in other businesses in the state served or affected by the airline industry; to promote the continued growth, and reduce the potential for and effects of a decline of economic activity in the metropolitan area and the state; and to ensure the preservation, growth, and diversification of the tax base of the metropolitan area and the state; it is necessary and appropriate and in the public interest to authorize the commission to take the actions described in section 473.667, subdivision 11, and section 3.

Sec. 2. Minnesota Statutes 1990, section 473.667, is amended by adding a subdivision to read:

Subd. 11. [ADDITIONAL BONDS.] (a) The commission may issue general obligation revenue bonds for the purposes of:

(1) acquiring by purchase real and personal properties located within the metropolitan area that are related to airline operations

to be leased to airline corporations, or to other corporations affiliated by common ownership with airline corporations, for use in connection with their airline operations, including real and personal properties for use as flight training facilities; and

(2) financing or refinancing the costs of real and personal properties owned by the commission to be leased to airline corporations and used in connection with the operations of the airline corporations at airports under the commission's jurisdiction.

Prior to the issuance of the general obligation revenue bonds, the commission shall enter into a lease with the airline corporations, or with other corporations affiliated by common ownership with airline corporations, for the use of the acquired real and personal properties referenced in clause (1), and shall enter into a revenue agreement with the airline corporation for the use of the properties financed or refinanced referenced in clause (2).

(b) In addition to the covenants and agreements otherwise required or negotiated by the commission, the leases and revenue agreements for the properties must contain covenants and agreements by the airline corporation, and if the user is not the airline corporation, also by the airline corporation, satisfactory to the commission providing for:

(1) the payment of rents in amounts and at times adequate to pay the principal and interest as due on the general obligation revenue bonds issued to acquire, finance, or refinance the properties and to pay the commission's costs and expenses of issuing the bonds and acquiring and owning the properties, and otherwise satisfying the requirements of section 469.155, subdivision 5;

(2) the adequate security for payment of rents so that the net unencumbered value of the leased property described in paragraph (a), clause (1), and other collateral pledged to the commission from time to time by the airline corporation, as independently appraised at the time of issuance and periodically to the satisfaction of the commission during the term of the general obligation revenue bonds, is a percentage of the principal amount of the outstanding general obligation revenue bonds under this subdivision as determined by the commission; provided that the percentage determined by the commission must not be less than 125 percent;

(3) the retention and location of employees, operations, domestic and international, and facilities, including headquarters, of the airline corporation in the metropolitan area and the state for periods that may exceed the term of the lease and aircraft noise abatement; and

(4) early repayment, or the establishment of a defeasance account to provide for timely repayment, of the general obligation revenue

bonds upon the occurrence of events and upon terms and conditions as are satisfactory to the commission, together with financial requirements and covenants satisfactory to the commission.

(c) The purchase price of the acquired properties described in paragraph (a), clause (1), must be in an amount equivalent to a percentage of its then fair market value as determined by the commission; provided that the percentage shall not exceed 85 percent. The portion of the general obligation revenue bonds attributable to the financing or refinancing of the property described in paragraph (a), clause (2), must be in an amount equivalent to a percentage of its then fair market value as determined by the commission; provided that the percentage shall not exceed 85 percent. The principal amount of the general obligation revenue bonds issued under this subdivision, including any debt service reserve account or other reserve account, is limited to \$270,000,000 in excess of the amount authorized by subdivision 2; provided that the sum of the original principal amounts of the general obligation revenue bonds issued under this subdivision, and the revenue bonds issued under section 3, shall not exceed \$390,000,000. Before the commission may issue the general obligation revenue bonds described in this subdivision, the commission shall have received, in form and substance satisfactory to the commission, reports described in section 3, subdivision 3, relating to the general obligation revenue bonds.

Sec. 3. [473.6671] [REVENUE BONDS.]

Subdivision 1. [AUTHORIZATION.] (a) The commission may issue revenue bonds for the purpose of:

(1) acquiring by purchase real and personal properties located within the metropolitan area that are related to airline operations to be leased to airline corporations, or to other corporations affiliated by common ownership with airline corporations, for use in connection with their airline operations, including real and personal properties for use as flight training facilities; and

(2) financing or refinancing the costs of real and personal properties owned by the commission to be leased to airline corporations and used in connection with the operations of the airline corporations at airports under the commission's jurisdiction.

Prior to the issuance of the revenue bonds, the commission shall enter into a lease with the airline corporations, or with other corporations affiliated by common ownership with airline corporations, for the use of such acquired real and personal properties referenced in clause (1), and shall enter into a revenue agreement with the airline corporation for the use of the properties financed or refinanced referenced in clause (2).

(b) In addition to the covenants and agreements otherwise required or negotiated by the commission, the leases and revenue agreements for the properties must contain covenants and agreements by the airline corporation, and if the user is not the airline corporation, also by the airline corporation, satisfactory to the commission providing for:

(1) the payment of rents in amounts and at times adequate to pay the principal and interest as due on the revenue bonds issued to acquire, finance, or refinance the properties and to pay the commission's costs and expenses of issuing the bonds and acquiring and owning the properties, and otherwise satisfying the requirements of section 469.155, subdivision 5;

(2) the retention and location of employees, operations, domestic and international, and facilities, including headquarters, of the airline corporation in the metropolitan area and the state for periods that may exceed the term of the lease and aircraft noise abatement; and

(3) early repayment, or the establishment of a defeasance account to provide for timely repayment, of the general obligation revenue bonds upon the occurrence of events and upon terms and conditions as are satisfactory to the commission, together with financial requirements and covenants satisfactory to the commission.

(c) The sum of the original principal amounts of the revenue bonds issued under this subdivision, and the general obligation revenue bonds issued under section 473.667, subdivision 11, shall not exceed \$390,000,000. Except as provided in this section, the revenue bonds must be issued in the manner and are subject to the requirements of chapter 475; provided that compliance with the requirements of section 475.60 is at the discretion of the commission.

Subd. 2. [SECURITY AND SOURCE OF PAYMENT.] The revenue bonds described in subdivision 1 are payable solely from and secured by the revenues derived by the commission from the leases upon the properties described in subdivision 1, paragraph (a), clause (1), the revenue agreements upon the properties described in subdivision 1, paragraph (a), clause (2), and other revenues as the commission may designate and pledge which are derived from the ownership and operation of its airports, air navigation facilities and other facilities; provided that the pledge and application of all revenues to the payment and security of the revenue bonds are subject and subordinate to the first and prior charge thereon for the payment and security of the commission's general obligation revenue bonds as provided in section 473.667. The revenue bonds shall not be payable from or charged upon any funds or assets of the commission other than the commission revenues expressly pledged to their payment. An owner of the revenue bonds may not compel any exercise of the taxing power of the commission, the state, or any

other taxing jurisdiction. Each bond must state in substance the limited nature of the obligations. The revenue bonds may be further secured by an assignment of leases with respect to the properties acquired, financed, or refinanced by the revenue bonds, and (i) with respect to the properties described in subdivision 1, paragraph (a), clause (1), by a mortgage and security agreement upon the properties and by other collateral as is pledged to secure the obligations of the airline corporation or other lessee under the leases on the properties, and (ii) with respect to the properties described in subdivision 1, paragraph (a), clause (2), by other collateral as is pledged to secure the obligations of the airline corporation under the revenue agreements. In the resolution or other instrument providing for the issuance of the revenue bonds, the commission may provide for or require the creation of accounts from sources specified by the commission for the payment and security of the revenue bonds, including a debt service reserve account, separate from the accounts maintained for payment of the general obligation revenue bonds. The sources specified by the commission may include a portion of the proceeds of revenue bonds or payment by the airline corporation. The leases described in subdivision 1, paragraph (a), clause (1), and the revenue agreements described in subdivision 1, paragraph (a), clause (2), must provide that if the commission determines to pledge any of its revenues to secure the revenue bonds, including revenues deposited into a debt service reserve account for the revenue bonds, the airline corporation concurrently shall pledge assets to the commission as security for repayment of the pledged revenues so that the net unencumbered values of the pledged assets, as independently appraised at the time of issuance and periodically to the satisfaction of the commission during the term of the revenue bonds, is a percentage of the amount of commission revenues so pledged as determined by the commission; provided that the percentage shall not be less than 125 percent.

Subd. 3. [DUE DILIGENCE CONDITIONS.] Before the commission may issue the revenue bonds described in subdivision 1, the commission and the commissioner of finance must receive, in form and substance satisfactory to the commission:

Assets and other security that may be taken into account include (1) the net unencumbered value of the facility and any collateral or third party guaranty, including a letter of credit, pledged or otherwise furnished by a user of the facility or by a benefitted airline company as security for the payment of rent, (2) general obligation revenue bond proceeds, including earnings thereon, and (3) prepayments of rent, after making such adjustments the commission determines to be appropriate to take into account any outstanding bonds secured by

a lien on the facility or rent that is prior to the lien thereon that is securing the general obligation revenue bonds. The commission may adopt the method of valuing the assets and other security it determines to be appropriate, including valuation of the facility as its original cost less depreciation.

Sec. 5. [APPROVAL REQUIRED.]

Before issuing bonds using the additional bonding authority under sections 2 and 3, the commission shall submit the proposed issuance to the commissioners of finance and revenue for their review and approval or disapproval. Anderson, I., moved to amend H. F. No. 1387, the first engrossment, as follows:

Page 1, after line 8, insert:

“Section 1. Minnesota Statutes 1990, section 16B.24, subdivision 6, is amended to read:

Subd. 6. [PROPERTY RENTAL.] (a) [LEASES.] The commissioner shall rent land and other premises when necessary for state purposes. The commissioner may lease land or premises for five years or less, subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. The commissioner also may lease land or premises for 20 years or less, subject to the 30-day cancellation, if the lessor is a political subdivision or other instrument of state government.

The commissioner may not rent non-state-owned land and buildings or substantial portions of land or buildings within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board. If the commissioner enters into a lease-purchase agreement for build-

ings or substantial portions of buildings within the capitol area, the commissioner shall require that any new construction of non-state-owned buildings conform to design guidelines of the capitol area architectural and planning board. Lands needed by the department of transportation for storage of vehicles or road materials may be rented for five years or less, such leases for terms over two years being subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. An agency or department head must consult with the chairs of the house appropriations and senate finance committees before entering into any agreement that would cause an agency's rental costs to increase by ten percent or more per square foot or would increase the number of square feet of office space rented by the agency by 25 percent or more in any fiscal year.

(b) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available.

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the national register of historic places, designated by a state or county historical society, or designated by a municipal preservation commission.

(d) [RECYCLING SPACE.] Leases for space of 30 days or more for 5,000 square feet or more must require that space be provided for recyclable materials."

Page 4, after line 20, insert:

"Sec. 8. Minnesota Statutes 1990, section 260.015, subdivision 2a, is amended to read:

Subd. 2a. [CHILD IN NEED OF PROTECTION OR SERVICES.] "Child in need of protection or services" means a child who is in need of protection or services because the child:

(1) is abandoned or without parent, guardian, or custodian;

(2)(i) has been a victim of physical or sexual abuse, or (ii) resides with or has resided with a victim of domestic child abuse as defined in subdivision 24, (iii) resides with or would reside with a perpetrator of domestic child abuse, or (iv) is a victim of emotional maltreatment as defined in subdivision 5a;

(3) is without necessary food, clothing, shelter, education, or other required care for the child's physical or mental health or morals because the child's parent, guardian, or custodian is unable or unwilling to provide that care;

(4) is without the special care made necessary by a physical, mental, or emotional condition because the child's parent, guardian, or custodian is unable or unwilling to provide that care;

(5) is medically neglected, which includes, but is not limited to, the withholding of medically indicated treatment from a disabled infant with a life-threatening condition. The term "withholding of medically indicated treatment" means the failure to respond to the infant's life-threatening conditions by providing treatment, including appropriate nutrition, hydration, and medication which, in the treating physician's or physicians' reasonable medical judgment, will be most likely to be effective in ameliorating or correcting all conditions, except that the term does not include the failure to

provide treatment other than appropriate nutrition, hydration, or medication to an infant when, in the treating physician's or physicians' reasonable medical judgment:

(i) the infant is chronically and irreversibly comatose;

(ii) the provision of the treatment would merely prolong dying, not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or otherwise be futile in terms of the survival of the infant; or

(iii) the provision of the treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane;

(6) is one whose parent, guardian, or other custodian for good cause desires to be relieved of the child's care and custody;

(7) has been placed for adoption or care in violation of law;

(8) is without proper parental care because of the emotional, mental, or physical disability, or state of immaturity of the child's parent, guardian, or other custodian;

(9) is one whose behavior, condition, or environment is such as to be injurious or dangerous to the child or others. An injurious or dangerous environment may include, but is not limited to, the exposure of a child to criminal activity in the child's home;

(10) has committed a delinquent act before becoming ten years old;

(11) is a runaway;

(12) is an habitual truant; or

(13) is one whose custodial parent's parental rights to another child have been involuntarily terminated within the past five years.

Sec. 9. Minnesota Statutes 1990, section 260.125, subdivision 3, is amended to read:

Subd. 3. [PRIMA FACIE CASE.] A prima facie case that the public safety is not served or that the child is not suitable for treatment shall have been established if the child was at least 16 years of age at the time of the alleged offense and:

(1) is alleged by delinquency petition to have committed an aggravated felony against the person and (a) in committing the offense, the child acted with particular cruelty or disregard for the

life or safety of another; or (b) the offense involved a high degree of sophistication or planning by the juvenile; or (c) the juvenile, at the time of the offense, used, whether by brandishing, displaying, threatening with, or otherwise employing, a firearm; or

(2) is alleged by delinquency petition to have committed murder in the first degree; or

(3) is alleged by delinquency petition (a) to have committed the delinquent act of escape from confinement to a state juvenile correctional facility or a local juvenile correctional facility and (b) to have committed an offense as part of, or subsequent to, escape from custody that would be a felony listed in section 609.11, subdivision 9, if committed by an adult; or

(4) has been found by the court, pursuant to an admission in court or after trial, to have committed an offense within the preceding 24 months which would be a felony if committed by an adult, and is alleged by delinquency petition to have committed murder in the second or third degree, manslaughter in the first degree, criminal sexual conduct in the first degree or assault in the first degree; or

(5) has been found by the court, pursuant to an admission in court or after trial, to have committed two offenses, not in the same behavioral incident, within the preceding 24 months which would be felonies if committed by an adult, and is alleged by delinquency petition to have committed manslaughter in the second degree, kidnapping, criminal sexual conduct in the second degree, arson in the first degree, aggravated robbery, or assault in the second degree; or

(6) has been found by the court, pursuant to an admission in court or after trial, to have committed two offenses, not in the same behavioral incident, within the preceding 24 months, one or both of which would be the felony of burglary of a dwelling if committed by an adult, and the child is alleged by the delinquency petition to have committed another burglary of a dwelling. For purposes of this subdivision, "dwelling" means a building which is, in whole or in part, usually occupied by one or more persons living there at night; or

(7) has previously been found by the court, pursuant to an admission in court or after trial, to have committed three offenses, none in the same behavioral incident, within the preceding 24 months which would be felonies if committed by an adult, and is alleged by delinquency petition to have committed any felony other than those described in clause (2), (4), or (5); or

(8) is alleged by delinquency petition to have committed an aggravated felony against the person, other than a violation of

section 609.713, in furtherance of criminal activity by an organized gang; or

(9) has previously been found by the court, pursuant to an admission in court or after trial, to have committed an offense which would be a felony if committed by an adult, and is alleged by delinquency petition to have committed a felony-level violation of chapter 152 involving the unlawful sale or possession of a schedule I or II controlled substance, while in a park zone or a school zone as defined in section 152.01, subdivisions 12a and 14a. This clause does not apply to a juvenile alleged to have unlawfully possessed a controlled substance in a private residence located within the school zone or park zone; or

(10) is alleged by delinquency petition to have committed a violation of section 624.713, subdivision 1, clause (a), and has been previously found by the court, pursuant to an admission in court or after trial, to have committed a violation of section 624.713, subdivision 1, clause (a).

For the purposes of this subdivision, “aggravated felony against the person” means a violation of any of the following provisions: section 609.185; 609.19; 609.195; 609.20, subdivision 1 or 2; 609.221; 609.222; 609.223; 609.245; 609.25; 609.342; 609.343; 609.344, subdivision 1, clause (c) or (d); 609.345, subdivision 1, clause (c) or (d); 609.561; 609.582, subdivision 1, clause (b) or (c); or 609.713.

For the purposes of this subdivision, an “organized gang” means an association of five or more persons, with an established hierarchy, formed to encourage members of the association to perpetrate crimes or to provide support to members of the association who do commit crimes.”

(2) intentionally points a gun of any kind, capable of injuring or killing a human being and whether loaded or unloaded, at or toward another; or

Sec. 3. Minnesota Statutes 1990, section 168.10, subdivision 1c, is amended to read:

Subd. 1c. [COLLECTOR'S VEHICLE, COLLECTOR LICENSE.] Any motor vehicle, including any truck, that is at least 20 model years old and manufactured after 1935, or any motor vehicle of a defunct make defined as any car or truck originally licensed as a separate identifiable make as designated by the division of motor vehicles, and owned and operated solely as a collector's vehicle, shall be listed for taxation and registration as follows: An affidavit shall be executed stating the name and address of the person from whom purchased and of the new owner, the make of the motor vehicle, year and number of the model, the manufacturer's identification number and that the vehicle is owned and operated solely as a collector's item and not for general transportation purposes. The owner must also prove that the owner also has one or more vehicles with regular license plates. If the registrar is satisfied that the affidavit is true and correct and the owner pays a \$25 tax, the registrar shall list the vehicle for taxation and registration and shall issue number plates.

The number plates issued shall bear the inscription "Collector," "Minnesota" and the registration number or other combination of characters authorized under section 168.12, subdivision 2a, but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for the vehicle. The registrar has the power to revoke the plates for failure to comply with this subdivision.

Sec. 4. Minnesota Statutes 1990, section 168.10, subdivision 1d, is amended to read:

Subd. 1d. [COLLECTORS VEHICLES, STREET ROD LICENSE.] Any modernized motor vehicle manufactured prior to the year 1949 or designed and manufactured to resemble such vehicle shall be listed for taxation and registration as follows:

An affidavit shall be executed stating the name and address of the person from whom purchased and of the new owner, the make of the motor vehicle, year number of model, and the manufacturer's identification number. The affidavit shall further state that the vehicle is owned and operated solely as a street rod and not for general transportation purposes. The owner must also prove that the owner has one or more vehicles with regular license plates. If the registrar is satisfied that the affidavit is true and correct and the owner pays a \$25 tax, the registrar shall list such vehicle for taxation and registration and shall issue number plates.

The number plates issued shall bear the inscription "Street Rod", "Minnesota" and the registration number or other combination of characters authorized under section 168.12, subdivision 2a, but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for such vehicle. The registrar has the power to revoke such plates for failure to comply with this subdivision.

Sec. 5. Minnesota Statutes 1990, section 168.105, subdivision 3, is amended to read:

Subd. 3. [LICENSE PLATES.] The registrar shall issue number plates of the same size as standard motorcycle license plates and inscribed "collector" and "Minnesota" with the registration number or other combination of characters authorized under section 168.12, subdivision 2a, but without a date. The plates are valid without renewal as long as the classic motorcycle exists and may be issued for the applicant's use only for the classic motorcycle. The registrar may revoke the plates for noncompliance with this subdivision.

Sec. 6. Minnesota Statutes 1990, section 168.12, subdivision 1, is amended to read:

Subdivision 1. [NUMBER PLATES; VISIBILITY, PERIODS OF ISSUANCE.] The registrar, upon the approval and payment, shall issue to the applicant the number plates required by law, bearing the state name and the number assigned. The number assigned may be a combination of a letter or sign with figures. The color of the plates and the color of the abbreviation of the state name and the number assigned shall be in marked contrast. The plates shall be lettered, spaced, or distinguished to suitably indicate the registration of the vehicle according to the rules of the registrar, and when a vehicle is registered on the basis of total gross weight, the plates issued shall clearly indicate by letters or other suitable insignia the maximum gross weight for which the tax has been paid. These number plates shall be so treated as to be at least 100 times brighter than the conventional painted number plates. When properly mounted on an unlighted vehicle, these number plates, when viewed from a vehicle equipped with standard headlights, shall be visible for a distance of not less than 1,500 feet and readable for a distance of not less than 110 feet. The registrar shall issue these number plates for the following periods:

(1) ~~Number plates issued pursuant to sections 168.27, subdivisions 16 and 17, and 168.053 shall be for a one-year period.~~

(2) New number plates issued pursuant to section 168.012, subdivision 1, shall be issued to a vehicle for as long as it is owned by the exempt agency and shall not be transferable from one vehicle to another but may be transferred with the vehicle from one tax exempt agency to another.

(3) (2) Plates issued for passenger automobiles as defined in section 168.011, subdivision 7, shall be issued for a seven-year period. All plates issued under this paragraph must be replaced if they are seven years old or older at the time of annual registration or will become so during the registration period.

(4) (3) Number plates issued under sections 168.053 and 168.27, subdivisions 16 and 17, shall be for a seven-year period.

(4) Plates for any vehicle not specified in clauses (1); ~~(2)~~ and (3) to (3), except for trailers as hereafter provided, shall be issued for the life of the vehicle. Beginning with number plates issued for the year 1981, plates issued for trailers with a total gross weight of 3,000 pounds or less shall be issued for the life of the trailer and shall be not more than seven inches in length and four inches in width.

In a year in which plates are not issued, the registrar shall issue for each registration a tab or sticker to designate the year of registration. This tab or sticker shall show the calendar year or years for which issued, and is valid only for that period. The number plates, number tabs, or stickers issued for a motor vehicle may not be transferred to another motor vehicle during the period for which it is issued.

Notwithstanding any other provision of this subdivision, number plates issued to a vehicle which is used for behind-the-wheel instruction in a driver education course in a public school may be transferred to another vehicle used for the same purpose without payment of any additional fee. The registrar shall be notified of each transfer of number plates under this paragraph and may prescribe a form for notification.

Sec. 7. Minnesota Statutes 1990, section 168.12, subdivision 2a, is amended to read:

Subd. 2a. [PERSONALIZED LICENSE PLATES.] Personalized license plates must be issued to an applicant for registration of a passenger automobile, including a passenger automobile registered as a classic car, pioneer car, collector car, or street rod; van; pickup truck; motorcycle, including a classic motorcycle; or self-propelled recreational vehicle, upon compliance with the laws of this state relating to registration of the vehicle and upon payment of a one-time fee of \$100 in addition to the registration tax required by law for the vehicle. The registrar shall designate a replacement fee for personalized license plates that is calculated to cover the cost of replacement. This fee must be paid by the applicant whenever the personalized license plates are required to be replaced by law. In lieu of the numbers assigned as provided in subdivision 1, personalized license plates must have imprinted on them a series of not more than seven numbers and letters in any combination. When an applicant has once obtained personalized plates, the applicant shall have a prior claim for similar personalized plates in the next succeeding year that plates are issued if application is made for them at least 30 days before the first date that registration can be renewed. The commissioner of public safety shall adopt rules in the manner provided by chapter 14, regulating the issuance and transfer of personalized license plates. No words or combination of letters

placed on personalized license plates may be used for commercial advertising, be of an obscene, indecent, or immoral nature, or be of a nature that would offend public morals or decency. The call signals or letters of a radio or television station are not commercial advertising for the purposes of this subdivision.

Notwithstanding the provisions of subdivision 1, personalized license plates issued under this subdivision may be transferred to another motor vehicle owned or jointly owned by the applicant, upon the payment of a fee of \$5, which must be paid into the state treasury and credited to the highway user tax distribution fund. The registrar may by rule provide a form for notification. A personalized license plate issued for a classic car, pioneer car, collector car, street rod, or classic motorcycle may not be transferred to a vehicle not eligible for such a license plate.

Notwithstanding any law to the contrary, if the personalized license plates are lost, stolen, or destroyed, the applicant may apply and shall receive duplicate license plates bearing the same combination of letters and numbers as the former personalized plates upon the payment of the fee required by section 168.29.

Fees from the sale of permanent and duplicate personalized license plates must be paid into the state treasury and credited to the highway user tax distribution fund.

Sec. 8. Minnesota Statutes 1990, section 168.27, subdivision 16, is amended to read:

Subd. 16. [PLATES, DISTINGUISHING NUMBERS.] (a) The registrar shall issue to every motor vehicle dealer, upon a request from the motor vehicle dealer licensed as provided in subdivision 2 or 3, one or more plates displaying a general distinguishing number. This subdivision does not apply to a scrap metal processor, a used vehicle parts dealer, or a vehicle salvage pool. The fee for each of the first four plates is \$75 per calendar year, of which \$60 must be paid to the registrar and the remaining \$15 is payable as motor vehicle excise tax under section 297B.035. For each additional plate, the dealer shall pay the registrar a fee of \$25 and a motor vehicle excise tax of \$15 annually per calendar year. The registrar shall deposit the tax in the state treasury and it shall be credited as provided in section 297B.09. Motor vehicles, new or used, owned by the motor vehicle dealer and bearing the number plate, except vehicles leased to the user who is not an employee of the dealer during the term of the lease, held for hire, or customarily used by the dealer as a tow truck, service truck, or parts pickup truck, may be driven upon the streets and highways of this state:

(1) by the motor vehicle dealer or dealer's spouse, or any full-time employee of the motor vehicle dealer for either private or business purposes;

(2) by a part-time employee when the use is directly related to a particular business transaction of the dealer;

(3) for demonstration purposes by any prospective buyer thereof for a period of 48 hours or in the case of a truck, truck-tractor, or semitrailer, for a period of seven days; or

(4) in a promotional event that lasts no longer than four days in which at least three motor vehicles are involved.

(b) A new or used motor vehicle sold by the motor vehicle dealer and bearing the motor vehicle dealer's number plate may be driven upon the public streets and highways for a period of 72 hours by the buyer for either of the following purposes: (1) Removing the vehicle from this state for registration in another state, or (2) permitting the buyer to use the motor vehicle before the buyer receives number plates pursuant to registration. Use of a motor vehicle by the buyer under the provisions of clause (2) of the preceding sentence before the buyer receives number plates pursuant to registration constitutes a use of the public streets or highways for the purpose of the time requirements for registration of motor vehicles.

Sec. 9. Minnesota Statutes 1990, section 168.27, subdivision 17, is amended to read:

Subd. 17. [APPLICATION FOR IN TRANSIT PLATES.] Every licensed dealer in motor vehicles may make application upon a blank provided by the registrar for that purpose for a general distinguishing number for use upon all new or used motor vehicles being transported from the dealer's source of supply, or other place of storage, to the dealer's place of business, or to another place of storage, or from one dealer to another. A general distinguishing number shall be assigned by the registrar to the dealer for that purpose, and the registrar shall then issue to the dealer the number of plates as the dealer may request, upon the payment by the dealer to the registrar of the sum of \$5 per plate per calendar year. The plates shall be known as "in transit" plates. The registrar may issue "in transit" plates, upon the payment of the sum of \$5 to the registrar, to dealers duly licensed in other states or provinces upon information furnished in the manner as the registrar may prescribe, and which satisfies the registrar that persons or companies applying therefor are duly licensed dealers under the laws of the states or provinces.

Sec. 23. Minnesota Statutes 1990, section 171.165, subdivision 3, is amended to read:

Subd. 3. [GRAVE OR MULTIPLE OFFENSES.] Subject to section 171.166, the commissioner shall disqualify a person from operating commercial motor vehicles for:

(1) not less than three years, for a conviction or revocation set forth in subdivision 1 or 2 committed during the transportation of hazardous materials;

(2) not less than ten years, if the person is convicted a second or subsequent time of an offense set forth in subdivision 1 or if the person's license is revoked more than once under section 169.123 or 2, a statute of another state or ordinance in conformity with it, or any combination of ~~them~~ those offenses; or

(3) life, if the person is convicted under chapter 152 of a felony involving the manufacture, sale, or distribution of a controlled substance, or involving the possession of a controlled substance with intent to manufacture, sell, or distribute it, and the person is found to have used a commercial motor vehicle in the commission of the felony.

Sec. 24. Minnesota Statutes 1990, section 171.29, subdivision 1, is amended to read:

Subdivision 1. No person whose ~~drivers~~ driver's license has been revoked by reason of conviction, plea of guilty, or forfeiture of bail not vacated, under section 171.17 or 65B.67, or revoked under section 169.123 or 169.172 shall be issued another license unless and until that person shall have successfully passed an examination as required for an initial license.

Sec. 25. Minnesota Statutes 1990, section 171.30, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE.] In any case where a person's license has been suspended under section 171.18 or revoked under section 65B.67, 169.121, 169.123, 169.792, or 171.17, the commissioner may issue a limited license to the driver including under the following conditions:

(1) if the driver's livelihood or attendance at a chemical dependency treatment or counseling program depends upon the use of the driver's license;

(2) if the use of a driver's license by a homemaker is necessary to prevent the substantial disruption of the education, medical, or nutritional needs of the family of the homemaker; or

(3) if attendance at a post-secondary institution of education by an enrolled student of that institution depends upon the use of the driver's license.

The commissioner in issuing a limited license may impose such conditions and limitations as in the commissioner's judgment are necessary to the interests of the public safety and welfare including reexamination as to the driver's qualifications. The license may be limited to the operation of particular vehicles, to particular classes and times of operation and to particular conditions of traffic. The commissioner may require that an applicant for a limited license affirmatively demonstrate that use of public transportation or carpooling as an alternative to a limited license would be a significant hardship.

For purposes of this subdivision, "homemaker" refers to the person primarily performing the domestic tasks in a household of residents consisting of at least the person and the person's dependent child or other dependents.

The limited license issued by the commissioner shall clearly indicate the limitations imposed and the driver operating under the limited license shall have the license in possession at all times when operating as a driver.

In determining whether to issue a limited license, the commissioner shall consider the number and the seriousness of prior convictions and the entire driving record of the driver and shall consider the number of miles driven by the driver annually.

Delete everything after the enacting clause and insert:

“Section 1. [184B.01] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purposes of this chapter, the terms defined in this section have the meanings given them.

Subd. 2. [AMUSEMENT RIDE.] “Amusement ride” means a mechanical device that carries or conveys passengers along, around, or over a fixed or restricted route or course for the purpose of giving its passengers amusement, pleasure, thrills, or excitement.

“Amusement ride” does not include:

(1) a coin-operated ride that is manually, mechanically, or electrically operated and customarily placed in a public location and that does not normally require the supervision or services of an operator; or

(2) nonmechanized playground equipment, including but not limited to swings, seesaws, stationary spring-mounted animal features, rider-propelled merry-go-rounds, climbers, playground slides, trampolines, and physical fitness devices.

Subd. 3. [COMMISSIONER.] “Commissioner” means the commissioner of labor and industry.

Subd. 4. [OPERATOR.] “Operator” means a person, or an agent of a person, who owns or controls or has the duty to control the operation of an amusement ride.

Sec. 2. [184B.02] [INSURANCE REQUIREMENTS.]

An operator must have an insurance policy in force written by an insurance company authorized to do business in this state, in an amount of not less than \$1,000,000 per occurrence, insuring the operator against liability for injury to persons arising out of the use of an amusement ride.

Sec. 3. [184B.03] [INSPECTION.]

An amusement ride must be inspected at least once annually by an insurer or a person with whom the insurer has contracted. If an inspection reveals that an amusement ride does not meet the insurer's underwriting standards, the insurer must notify the operator. An operator must not operate an amusement ride until the ride passes an insurer's inspection for all items related to safe operation of the amusement ride.

The inspection required under this section must include testing consistent with current American Society for Testing and Material standards and specifications for amusement rides and devices. The inspection required by this section is in addition to any other inspection required or permitted by law.

Sec. 4. [184B.04] [FILING.]

An operator must file with each sponsor, lessor, landowner, or other person responsible for an amusement ride being offered for use by the public:

(1) a certificate stating that the insurance required by section 2 is in effect; and

(2) an affidavit attesting that the inspection required by section 3 has been performed.

Sec. 5. [184B.05] [COMMISSIONER INFORMATION REQUESTS.]

The commissioner may request from the sponsor, lessor, landowner, or other person responsible for an amusement ride being offered for use by the public, whether or not the person is the operator, information concerning whether the insurance required by section 2 is in effect on the amusement ride, and whether the inspection required by section 3 has occurred. The person to whom the information request is made must respond to the commissioner within 15 days after the request is made.

Sec. 6. [184B.06] [CIVIL PENALTY.]

A person that violates sections 1 to 5 is subject to a fine of up to \$2,000 for each day the violation exists. A county attorney in a county in which an amusement ride is operated in violation of this chapter may enforce this section by action in district court.

Sec. 7. [184B.07] [INJUNCTIONS.]

A county attorney in a county in which an amusement ride is operated or, on request of the commissioner, the attorney general, may obtain an injunction or other equitable relief against an actual or threatened violation of this chapter."

In addition, a licensed organization must report to the board monthly on its purchases of gambling equipment and must include the type, quantity, and dollar amount from each supplier separately. No All low-level radioactive waste that may be treated, recycled, stored, or disposed of in this state except at a facility that is specifically licensed for treatment, recycling, storage, or disposal of low-level radioactive waste shall conform to applicable federal and state requirements regardless of whether or not the waste has been reclassified as “below regulatory concern” by the United States Nuclear Regulatory Commission pursuant to a generic rule or standard adopted after January 1, 1990.

Sec. 4. [144.0525] [DATA FROM LABOR AND INDUSTRY AND JOBS AND TRAINING; EPIDEMIOLOGIC STUDIES.]

All data collected by the commissioner of health under sections 176.234 and 268.12 shall be used only for the purposes of epidemiologic investigations and surveillance of occupational health and safety.

Sec. 5. [144.1211] [ENFORCEMENT.]

Subdivision 1. [CEASE AND DESIST ORDER.] (a) The commissioner of health may issue an order requiring a person to cease activities related to the use of X-ray equipment, accelerators, and any device that emits ionizing radiation if the commissioner of health determines:

(1) that any individual is in danger of harmful and unnecessary exposure to ionizing radiation resulting from:

(i) X-ray equipment not operated, or X-ray procedures not performed according to standards prescribed by the commissioner of health in rule to minimize unnecessary exposure;

(ii) protective structural shielding of an X-ray facility not meeting the standards prescribed by the commissioner of health in rule to minimize unnecessary exposure; and

(iii) X-ray equipment prohibited for diagnostic or therapeutic X-ray use by the commissioner of health in rule; or

(2) that any individual is in danger from X-ray equipment with observed mechanical or electrical defects.

(b) The order is effective immediately upon issuance. Following issuance of the cease and desist order, the commissioner shall provide opportunity for a hearing under the contested case provisions of chapter 14.

(c) The commissioner may assess an administrative penalty for each violation specified in the cease and desist order.

Subd. 2. [CORRECTION ORDER.] (a) The commissioner may issue correction orders for persons to correct violations of this section or other statutes and rules related to ionizing radiation, or for violation of a cease and desist order. The correction order shall state the deficiencies that constitute the violation; the specific statute, rule, or provision of a cease and desist order violated; and the time by which the violation must be corrected.

(b) If the person believes that the information contained in the commissioner's correction order is in error, the person may ask the commissioner to reconsider the parts of the order that are alleged to be in error. The request must be in writing, must be delivered to the commissioner by certified mail within seven calendar days after receipt of the order, and must:

(1) specify which parts of the order for corrective action are alleged to be in error;

(2) explain why they are in error; and

(3) provide documentation to support the allegation of error.

The commissioner shall respond to requests made under this paragraph within 15 calendar days after receiving request. A request for reconsideration does not stay the correction order; however, after reviewing the request for reconsideration, the commissioner may provide additional time to comply with the order if

necessary. The commissioner's disposition of a request for reconsideration is final.

Subd. 3. [REINSPECTIONS.] If upon reinspection it is found that any deficiency specified in the correction order or cease and desist order has not been corrected, a notice of noncompliance with a correction order shall be issued stating each deficiency not corrected and specifying any administrative penalty issued for each deficiency.

Subd. 4. [ADMINISTRATIVE PENALTIES.] (a) In the notice of noncompliance issued under subdivision 3, the commissioner of health may assess an administrative penalty under this section of not more than \$10,000 for each deficiency found not corrected at the time of reinspection. In determining the amount of the penalty, the commissioner shall consider:

(1) the seriousness of the violation and the hazard or potential hazard created to the public health or safety;

(2) the amount necessary to deter future violations;

(3) the history of previous violations; and

(4) efforts to correct the violation.

For each day that the deficiency is not corrected after receipt of the notice of noncompliance, the penalty may be increased, but not more than \$500 per day.

(b) A person subject to an administrative penalty may request a contested case hearing pursuant to chapter 14 within 20 days after mailing of the notice of noncompliance. If the administrative penalty is not contested within 20 days after mailing of the notice of noncompliance, the notice of noncompliance and the administrative penalty become final and the person may not contest the notice of noncompliance or the administrative penalty. Any administrative penalty not paid or contested within 60 days after mailing of the notice of noncompliance shall increase by not more than 25 percent of the original amount assessed and shall bear interest on any unpaid balance at the rate established in section 549.09.

(c) The commissioner may also establish by rule a schedule of penalties not to exceed \$10,000.

Subd. 5. [INJUNCTIVE RELIEF.] In the event of noncompliance with a cease and desist order issued under subdivision 1, the commissioner of health may institute a proceeding to obtain injunctive relief or other appropriate relief in Ramsey county district court

or, at the commissioner of health's discretion, in the district court in which the violation of the cease and desist order occurred.

Subd. 6. [MISDEMEANOR.] A person who violates the statutes and rules related to ionizing radiation shall be guilty of a misdemeanor for each violation.

(e) A failure to make a decision as to an anatomical gift under paragraph (a) is not an objection to the making of an anatomical gift.

Sec. 30. [525.9213] [AUTHORIZATION BY CORONER OR MEDICAL EXAMINER OR LOCAL PUBLIC HEALTH OFFICIAL.]

(a) The coroner or medical examiner may release and permit the removal of a part from a body within that official's custody, for transplantation or therapy, if:

(a) If, at or near the time of death of a patient, there is no documentation in the medical record that the patient has made or refused to make an anatomical gift, the hospital administrator or a representative designated by the administrator shall discuss with the patient or a relative of the patient the option to make or refuse to make an anatomical gift and may request the making of an anatomical gift pursuant to section 15 or 16. The request must be made with reasonable discretion and sensitivity to the circumstances of the family. A request is not required if the gift is not suitable, based upon accepted medical standards, for a purpose specified in section 19. An entry must be made in the medical record of the patient, stating the name of the individual making the request, and the name, response, and relationship to the patient of the person to whom the request was made.

(b) The following persons shall make a reasonable search for a document of gift or other information identifying the bearer as a donor or as an individual who has refused to make an anatomical gift:

(1) a law enforcement officer, firefighter, paramedic, or other emergency rescuer finding an individual who the searcher believes is dead or near death;

(2) a hospital or emergency care facility, upon the admission or presentation of an individual at or near the time of death, if there is not immediately available any other source of that information; and

(3) a medical examiner or coroner upon receipt of a body.

(c) If a document of gift or evidence of refusal to make an anatomical gift is located by the search required by paragraph (b), clause (1), and the individual or body to whom it relates is taken to a hospital, the hospital must be notified of the contents and the document or other evidence must be sent to the hospital.

(d) If, at or near the time of death of a patient, a hospital knows that an anatomical gift has been made pursuant to section 16, paragraph (a), or a release and removal of a part has been permitted pursuant to section 17, or that a patient or an individual identified as in transit to the hospital is a donor, the hospital shall notify the donee if one is named and known to the hospital; if not, it shall notify an appropriate procurement organization. The hospital shall cooperate in the implementation of the anatomical gift or release and removal of a part.

(e) A person who fails to discharge the duties imposed by this section is not subject to criminal or civil liability.

Sec. 32. [525.9215] [PERSONS WHO MAY BECOME DONEES; PURPOSES FOR WHICH ANATOMICAL GIFTS MAY BE MADE.]

(2) an accredited medical or dental school, college, or university for education, research, advancement of medical or dental science;

(3) an approved chiropractic college for education; or

(4) a designated individual for transplantation or therapy needed by that individual.

(b) An anatomical gift may be made to a designated donee or without designating a donee. If a donee is not designated or if the donee is not available or rejects the anatomical gift, the anatomical gift may be accepted by any hospital or procurement organization.

(c) If the donee knows of the decedent's refusal or contrary indications to make an anatomical gift or that an anatomical gift by a member of a class having priority to act is opposed by a member of the same class or a prior class under section 16, paragraph (a), the donee may not accept the anatomical gift.

Sec. 33. [525.9216] [DELIVERY OF DOCUMENT OF GIFT.]

(a) Delivery of a document of gift during the donor's lifetime is not required for the validity of an anatomical gift.

(b) If an anatomical gift is made to a designated donee, the document of gift, or a copy, may be delivered to the donee to expedite

the appropriate procedures after death. The document of gift, or a copy, may be deposited in any hospital, procurement organization, or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of an interested person, upon or after the donor's death, the person in possession shall allow the interested person to examine or copy the document of gift.

Sec. 34. [525.9217] [RIGHTS AND DUTIES AT DEATH.]

(a) Rights of a donee created by an anatomical gift are superior to rights of others except with respect to autopsies under section 24, paragraph (b). A donee may accept or reject an anatomical gift. If a donee accepts an anatomical gift of an entire body, the donee, subject to the terms of the gift, may allow embalming and use of the body in funeral services. If the gift is of a part of a body, the donee, upon the death of the donor and before embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the person under obligation to dispose of the body.

(b) The time of death must be determined by a physician or surgeon who attends the donor at death or, if none, the physician or surgeon who certifies the death. Neither the physician or surgeon who attends the donor at death nor the physician or surgeon who determines the time of death may participate in the procedures for removing or transplanting a part unless the document of gift designates a particular physician or surgeon pursuant to section 15, paragraph (d).

(c) If there has been an anatomical gift, a technician may remove any donated parts and an enucleator may remove any donated eyes or parts of eyes, after determination of death by a physician or surgeon.

Sec. 35. [525.9218] [COORDINATION OF PROCUREMENT AND USE.]

(b) Valuable consideration does not include reasonable payment

for the removal, processing, disposal, preservation, quality control, storage, transportation, or implantation of a part.

(c) A person who violates this section is guilty of a felony and upon conviction is subject to a fine not exceeding \$50,000 or imprisonment not exceeding five years, or both.

Sec. 37. [525.9221] [EXAMINATION, AUTOPSY, LIABILITY.]

(b) The provisions of sections 525.921 to 27 are subject to the laws of this state governing autopsies.

(c) A hospital, physician, surgeon, coroner, medical examiner, local public health officer, enucleator, technician, or other person, who acts in accordance with sections 525.921 to 27 or with the applicable anatomical gift law of another state or a foreign country or attempts in good faith to do so is not liable for that act in a civil action or criminal proceeding.

(d) An individual who makes an anatomical gift pursuant to section 7 or 8 and the individual's estate are not liable for any injury or damage that may result from the making or the use of the anatomical gift.

Subd. 3. [INSURANCE; LIABILITY.] An assistance agreement must require the applicant to:

- (1) provide a comprehensive general liability insurance policy, complying with minimum amount prescribed by the commissioner by rule, naming the commissioner and officers, employees, and agents of the department of transportation as additional insureds; and
- (2) save and hold the commissioner harmless from and against all liability, damage, loss, claims, demands, and actions related to the project being assisted.

Subd. 4. ARTICLE 4

LOCAL HIGHWAY FINANCE

Section 1. Minnesota Statutes 1990, section 103G.301, is amended by adding a subdivision to read:

Subd. 5a. [TOWN FEES LIMITED.] Notwithstanding this section or any other law, no permit application or field inspection fee charged to a town in connection with the construction or alteration of a town road, bridge, or culvert shall exceed \$100.

Sec. 2. [160.82] [RUSTIC ROADS PROGRAM.]

Subdivision 1. [DESIGNATION.] A road authority other than the commissioner may, by resolution, designate a road or highway under its jurisdiction as a rustic road. A rustic road must have the characteristics of outstanding natural features or rustic or scenic beauty; a daily traffic volume of less than 150 vehicles per day; year-round use as a local access road; and maximum allowable speed of 45 miles per hour.

Subd. 2. [LOCAL AUTHORITY.] The road authority has the same authority over rustic roads as over other highways and roads under its jurisdiction. The road authority may designate the type and character of vehicles that may be operated on the rustic road; designate a rustic road or portion of the road as a pedestrian way or bicycle way, or both; and establish priority of right-of-way, paint lines, and construct dividers to physically separate vehicular, bicycle, or pedestrian traffic.

Subd. 3. [JOINT DESIGNATION.] Two or more road authorities may jointly designate a rustic road along a common boundary or into or through their jurisdictions. The road authorities may enter into agreements to divide the costs and responsibility for maintaining the rustic road.

Subd. 4. [COSTS.] A rustic road must be maintained by the road authority having jurisdiction over the road and is not eligible for state-aid funding. State money must not be spent to construct, reconstruct, maintain, or improve a rustic road, except that the commissioner shall pay from the transportation services fund the costs of publishing a map of rustic roads within the state and installing and maintaining signs designating rustic roads.

Sec. 3. [160.83] [STREETS AND HIGHWAYS WITHIN PARKS.]

Subdivision 1. [DEFINITION.] "Park road" means that portion of a street or highway located entirely within the park boundaries of or abutting a city, county, regional, or state park.

Subd. 2. [RESTRICTIONS.] A road authority may not make any changes in the width, grade, or alignment of a park road, other than a county state-aid highway or municipal state-aid street, that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain, other than changes required to permit the safe travel of vehicles at the speed lawfully designated for that park road. A road authority may not make any changes in the width, grade, or alignment of a park road that is a county state-aid highway or municipal state-aid street that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain, other than changes required by the minimum state-aid standard applicable to that road.

Subd. 3. [LIABILITY.] A road authority making changes in a park

road described in subdivision 1, and its officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on that park road and related to the design of that park road, if the design is adopted to conform to this section, the design complies with the minimum state-aid standards applicable to the road, and the design is not grossly negligent. This subdivision does not preclude an action for damages arising from negligence in the construction, reconstruction, or maintenance of a park road.

Sec. 4. [161.361] [ADVANCE FUNDING FOR TRUNK HIGHWAY PROJECTS.]

Subdivision 1. [ADVANCE FUNDING.] A road authority other than the commissioner may by agreement with the commissioner make advances from any available funds to the commissioner to expedite construction of all or part of a trunk highway within its boundaries. Money may be advanced under this section only for projects already included in the commissioner's highway work program.

Subd. 2. [REPAYMENT.] Subject to the availability of state money, the commissioner shall repay without interest the amount advanced under subdivision 1, up to the state's share of project costs, at the time the project is scheduled for completion in the highway work program. The total amount of annual repayment to road authorities under this section must never exceed the amount stated in the department's debt management policy or \$10 million, whichever is less.

Subd. 3. [LOCAL COST SHARING FOR TRUNK HIGHWAY IMPROVEMENTS.] The commissioner may accept gifts, contributions, or grants from a local government body for trunk highway construction, reconstruction, improvement, or maintenance of trunk highways within its boundaries. Money accepted by the commissioner under this subdivision must not adversely affect the scheduling of other trunk highway projects that are not funded in whole or in part by local contributions.

Sec. 5. Minnesota Statutes 1990, section 162.02, subdivision 3a, is amended to read:

Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.] The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.021 or 162.07, subdivision 2. A political subdivision in which a county state-aid highway is located or is proposed to be located may submit a written request to the commissioner for a variance for that highway. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may

grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. For purposes of this subdivision, with respect to a variance required for a county state-aid highway that is a park road as defined in section 160.83, subdivision 1, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park agency.

Sec. 6. [162.021] [NATURAL PRESERVATION ROUTES.]

Subdivision 1. [NATURAL PRESERVATION ROUTES ESTABLISHED.] The commissioner shall create within the county state-aid highway system a system of natural preservation routes. The commissioner shall provide for criteria for inclusion in the system and for the adoption of standards for the design of routes on the system.

Subd. 2. [CRITERIA.] The criteria for inclusion on the natural preservation route system must provide for the inclusion in the system of those county state-aid highways that possess unique scenic, environmental, aesthetic, recreational, or historic characteristics that would be harmed by construction or reconstruction using standards applicable to county state-aid highways that are not part of the natural preservation route system.

Subd. 3. [STANDARDS.] The design standards adopted by the commissioner for natural preservation routes must provide for the preservation of the characteristics described in subdivision 2, to the extent consistent with public safety. The standards must provide for minimum width of vehicle recovery areas, minimum slopes, and minimum ditch widths, consistent with anticipated speed and volume of traffic on the highway.

Subd. 4. [DESIGNATION.] The commissioner may designate a county state-aid highway as a natural preservation route only on petition of the governing body of the county having jurisdiction over the road. On receiving a petition for designation the commissioner shall appoint an advisory committee consisting of seven members. An advisory committee must include at least one representative of the department of natural resources or the United States department of agriculture forest service, one county commissioner, one county highway engineer, and one representative of a recognized environmental organization. The advisory committee shall consider the petition for designation and make a recommendation to the commissioner. Following receipt of the committee's recommenda-

tion the commissioner may designate the highway as a natural preservation route.

Subd. 5. [SIGNS.] The county having jurisdiction over a natural preservation route must post signs at each entry point to the route informing the public that the highway is a natural preservation route. Signs erected under this subdivision are prima facie evidence of adequate notice to the public that the highway has been designated a natural preservation route.

Subd. 6. [LIABILITY.] When a county state-aid highway has been designated a natural preservation route, constructed in accordance with the standards established by the commissioner under subdivision 1, and signs have been erected as provided in subdivision 5, the state and the county having jurisdiction over the highway, and their officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on the highway and related to the standards for its design, if the design standards comply with the standards established by the commissioner under subdivision 1. This subdivision does not preclude an action for damages arising from negligence in the construction, reconstruction, or maintenance of a natural preservation route.

Sec. 7. Minnesota Statutes 1990, section 162.09, subdivision 3a, is amended to read:

Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.] The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.13, subdivision 2. A political subdivision in which a municipal state-aid street is located or is proposed to be located may submit a written request to the commissioner for a variance for that street. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. For purposes of this subdivision, with respect to a variance requested for a municipal state-aid street that is a park road as defined in section 160.83, subdivision 1, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.

Sec. 8. Minnesota Statutes 1990, section 221.033, is amended by adding a subdivision to read:

Subd. 4. [VARIANCE.] The commissioner may adopt rules to provide a procedure to grant variances from regulations adopted under subdivision 1, and contained in Code of Federal Regulations, title 49, part 180. The variances must apply only to cargo tanks with a capacity of 3,000 gallons or less that transport gasoline in intrastate commerce in Minnesota and were first used in transportation before August 1, 1991. The commissioner shall establish inspection, testing, and registration requirements to ensure the safety of cargo tanks operated under a variance granted under this subdivision.

Sec. 9. [BICYCLE FACILITIES.]

The commissioner of transportation shall seek federal funding under United States Code, title 23, section 217, subsection (b), for the establishment of facilities for bicycle transportation.

ARTICLE 5

At least 30 days before the expiration of a term or upon the occurrence of a vacancy, the council shall request nominations for the position from relevant organizations of local elected officials, such as the association of metropolitan municipalities, the metropolitan intercounty association, the association of urban counties, and where applicable, the association of townships. Each relevant organization shall nominate at least two persons for each position. A local governmental unit that is not a member of an organization may submit nominations independently. The council shall make its appointments from the nominations submitted to it to the extent possible consistent with the other requirements of this paragraph and with the appointment of a board that fairly reflects the diverse areas and constituencies affected by transit.~~

(c) The governor shall appoint, in addition to the chair, two persons, one who is age 65 or older at the time of appointment, and one with a disability. These appointments must be made following the procedures of section 15.0597. Sec. 4. Minnesota Statutes 1990, section 473.399, is amended to read:

473.399 [LIGHT RAIL TRANSIT; REGIONAL PLAN.]

Subdivision 1. [GENERAL REQUIREMENTS.] (a) The transit board shall adopt a regional light rail transit plan, as provided in this section, to ensure that light rail transit facilities in the metropolitan area will be acquired, developed, owned, and capable of operation in an efficient, cost-effective, and coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities. To the extent practicable, the board shall incorporate into its plan appropriate elements of the plans of regional railroad authorities in order to avoid duplication of effort.

(b) The regional plan required by this section must be adopted by the board before any regional railroad authority may begin construction of light rail transit facilities and before any authority is eligible for state financial assistance for constructing light rail transit facilities. Following adoption of the regional plan, each regional railroad authority or other developer of light rail transit in the metropolitan area shall act in conformity with the plan. Each authority or proposer shall prepare or amend its comprehensive plan and preliminary and final design plans as necessary to make the plans consistent with the regional plan.

(c) Throughout the development and implementation of the plan, the board shall contract for or otherwise obtain engineering services to assure that the plan adequately addresses the technical aspects of light rail transit.

(d) The board may periodically review the plan and may make modifications or amendments to the plan.

Subd. 2. [DEVELOPMENT AND FINANCIAL PLAN.] (a) The board shall adopt a regional development and financial plan for light rail transit composed of the following elements:

(1) a staged development plan of light rail transit corridors;

(2) a statement of needs, objectives, and priorities for capital development and service for a prospective ten-year period, considering service needs, ridership projections, and other relevant factors for the various segments of the system, along with a statement of the fiscal implications of these objectives and priorities, and policies and recommendations for long-term capital financing;

(3) a capital investment component for a five-year period following the commencement of construction of facilities, with policies and

recommendations for ownership of facilities and for financing capital and operating costs.

(b) For any segments of rail line that may be constructed below the surface elevation, the plan must estimate the additional capital costs, debt service, and subsidy level that are attributable to the below grade construction. The plan must include a method of financing the operation of light rail transit that depends on property tax revenue for no more than 35 percent of the operations cost.

(c) The board shall prepare the initial plan in consultation with its light rail transit advisory committee. The board shall submit the plan and amendments to the plan to the metropolitan council for review and approval or disapproval, for conformity with the council's transportation plan. The council has 90 days to complete its review.

Subd. 3. [COORDINATION PLAN.] (a) The board shall adopt a regional coordination plan for light rail transit. The plan must include:

(1) a method for organizing and coordinating acquisition, construction, ownership, and operation of light rail transit facilities, including in particular, coordination of vehicle specifications, provisions for a single light rail transit operator for the system, and the organization and coordination method required if a turn-key approach to facility acquisition is used by a regional railroad authority;

(2) specifications and standards to ensure joint or coordinated procurement of rights-of-way, track, vehicles, electrification, communications and ticketing facilities, yards and shops, stations, and other facilities that must be or should be operated on a systemwide basis;

(3) systemwide operating and performance specifications and standards;

(4) bus and park-and-ride coordination policies, standards, and plans to assure maximum use of light rail transit and the widest possible access to light rail transit in both urban and suburban areas;

(5) a method for ensuring ongoing coordination of development, design, and operational plans for light rail facilities;

(6) provision for the operation of light rail transit by the metropolitan transit commission; and

(7) other matters that the board deems prudent and necessary to ensure that light rail transit facilities are acquired, developed,

owned, and capable of operation in an efficient, cost-effective, and coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities.

(b) The joint light rail transit advisory committee shall prepare and recommend the initial plan to the board. The board shall review the plan within 90 days and either adopt it or disapprove it and return it to the committee with the modifications that the board recommends before adoption of the plan. The committee shall take into consideration the board's recommendations and resubmit the plan to the board for review and adoption or disapproval.

(c) The metropolitan council shall review and comment on the plan and amendments to the plan.

Sec. 5. Minnesota Statutes 1990, section 473.3991, subdivision 1, is amended to read:

Subdivision 1. [CREATION; PURPOSE.] The transit board shall establish a joint light rail transit advisory committee, to assist the board in planning light rail transit facilities and in coordinating the light rail transit activities of the county regional railroad authorities and the transit commission. The committee shall perform the duties specified in section 473.399 and Laws 1989, chapter 339, section 20; ~~and shall otherwise assist the board upon request of the board.~~

Sec. 6. Minnesota Statutes 1990, section 473.3991, is amended by adding a subdivision to read:

Subd. 5. [TERMINATION.] The committee ceases to exist on the day following final enactment.

Sec. 7. Minnesota Statutes 1990, section 473.3993, subdivision 2, is amended to read:

Subd. 2. [PRELIMINARY DESIGN PLAN.] "Preliminary design plan" means a light rail transit plan that ~~identifies~~ includes:

(1) preliminary plans for the physical design of facilities, at approximately the ten percent engineering level, including location, length, and termini of routes; general dimension, elevation, alignment, and character of routes and crossings; whether the track is elevated, on the surface, or below ground; approximate station locations; and related park and ride, parking, and other transportation facilities; and a plan for handicapped access; and

(2) preliminary plans for intermodal coordination with bus operations and routes; ridership; capital costs; operating costs and

revenues; and funding for final design, construction, and operation; and an implementation method.

Sec. 8. Minnesota Statutes 1990, section 473.3993, is amended by adding a subdivision to read:

Subd. 2a. [PRELIMINARY ENGINEERING PLAN.] “Preliminary engineering plan” means a light rail transit engineering plan that includes plans for the physical design of the facilities at approximately the 30 percent engineering level; a funding plan for final design, construction, and operation; and an implementation method.

Sec. 9. Minnesota Statutes 1990, section 473.3993, subdivision 3, is amended to read:

Subd. 3. [FINAL DESIGN PLAN.] “Final design plan” means a light rail transit plan that includes the items in the preliminary design and preliminary engineering plan for the facilities proposed for construction, but with greater detail and specificity. The final design plan must include, at a minimum:

(1) final plans for the physical design of facilities, including the right-of-way definition; environmental impacts and mitigation measures; intermodal coordination with bus operations and routes; and civil engineering plans for vehicles, track, stations, parking, and access, including handicapped access; and

(2) final plans for civil engineering for electrification, communication, and other similar facilities; operational rules, procedures, and strategies; capital costs; ridership; operating costs and revenues; financing for construction and operation; an implementation method; and other similar matters.

The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.

Sec. 10. Minnesota Statutes 1990, section 473.3994, is amended to read:

473.3994 [LIGHT RAIL TRANSIT; ~~DESIGN~~ FACILITY PLANS.]

Subd. 1a. [PRELIMINARY DESIGN PLANS.] The regional transit board shall establish a procedure for preparing preliminary design plans for light rail transit facilities. The procedure must ensure that preliminary design plans implement the board's regional transit plan and qualify for federal funds in accordance with

the board's plan, and that proposals for engineering and construction projects are prepared in a timely and cost-effective manner.

Subd. 2. [PRELIMINARY DESIGN AND ENGINEERING PLANS; PUBLIC HEARING.] ~~Before preparing final design plans for a light rail transit facility, the A political subdivision proposing the that has prepared preliminary design and preliminary engineering plans for a proposed facility must hold a public hearing on the physical design component of the preliminary design plans and the preliminary engineering plans. The proposer must provide appropriate public notice of the hearing and publicity to ensure that affected parties have an opportunity to present their views at the hearing.~~

Subd. 3. [PRELIMINARY DESIGN AND PRELIMINARY ENGINEERING PLANS; LOCAL APPROVAL.] ~~At least 30 days before the hearing under subdivision 2, the proposer shall submit the physical design component of the preliminary design plans to the governing body of each statutory and home rule charter city, county, and town in which the route is proposed to be located. The city, county, or town shall hold a public hearing, except that a county board need not hold a hearing if the county board membership is identical to the membership of the regional railroad authority submitting the plan for review. Within 45 days after the hearing under subdivision 2, the city, county, or town shall review and approve or disapprove the plans for the route to be located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within 45 days after the hearing is deemed to be approval, unless an extension of time is agreed to by the city, county, or town and the proposer.~~

Subd. 4. Subd. 5. [FINAL DESIGN PLANS.] (a) ~~Before beginning construction, the proposer shall submit the physical design component of~~

final design plans to the governing body of each statutory and home rule city, county, and town in which the route is proposed to be located. Within 60 days after the submission of the plans, the city, county, or town shall review and approve or disapprove the plans for the route located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within the time period is deemed to be approval, unless an extension is agreed to by the city, county, or town and the proposer.

(b) If the governing body of one or more cities, counties, or towns disapproves the plans within the period allowed under paragraph (a), the proposer may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall review the final design plans under the same procedure and with the same effect as provided in subdivision 4 for preliminary design plans.

Subd. 6. [COUNTY APPROVAL.] The proposer of a light rail transit facility in the metropolitan area ~~must~~ shall submit the preliminary and final design plans for the facility to the governing board of the county in which the route is proposed to be located for approval or disapproval. Subd. 8. [METROPOLITAN SIGNIFICANCE.] This section does not diminish or replace the authority of the council under section 473.173.

Sec. 11. Minnesota Statutes 1990, section 473.3996, is amended to read:

473.3996 [LIGHT RAIL TRANSIT FACILITY DESIGN PLANS; REVIEW BY BOARD.]

Subdivision 1. [PRELIMINARY DESIGN AND ENGINEERING PLANS; BOARD REVIEW.] Before submitting the physical design component of final design plans of a light rail transit facility for local review under section 473.3994, subdivision 5, the proposer shall submit preliminary design and preliminary engineering plans to the regional transit board for review. The board shall review the

preliminary design plans to determine the compatibility of the plans with other light rail transit plans and facilities in the metropolitan area, the adequacy of the plans for operation and maintenance of facilities, the adequacy of the plans for handicapped accessibility, and the conformity of the plans with the council's transportation policy plan and the board's regional light rail transit plan prepared under section 473.399. The board shall submit the plans to the metropolitan transit commission for recommendations on specifications and other matters affecting operation and maintenance of facilities. The board shall submit the plans to the council for recommendations on the conformity of the plans with the council's transportation policy plan. The board may comment on any aspect of the plans. The board has 90 days to complete its review, unless an extension of time is agreed to by the proposer. If the board determines that the plans do not satisfy the standards stated in this subdivision, the board shall recommend modifications in the plans that are necessary in order to satisfy the board. The board shall either approve the plans, or if it determines that the plans do not satisfy the standards, disapprove the plans, in whole or in part, and recommend modifications in the plans that are necessary to secure approval. A proposer may not proceed with acquisition or construction of a light rail transit facility, other than land for right of way, unless the final design plans for the facility have been approved by the board. Following approval of final design plans by the board, if a regional railroad authority wishes to select a bid or a response to a request for proposal that is more than ten percent higher than the capital costs indicated in the final design plans for the facility, the authority may not proceed with construction until it has resubmitted the final design plans to the transit board for further review and approval or disapproval. The board has ten working days to review and approve or disapprove and recommend modification, unless an extension of time is agreed to by the authority.

Sec. 12. [473.3997] [LIGHT RAIL TRANSIT JOINT POWERS BOARD.]

The board shall not propose, identify, or otherwise select any specific project or category of projects. The board shall report to the legislature and the commissioner of transportation on the results of the study with recommendations:

METROPOLITAN TRANSIT SERVICE

Section 1. Minnesota Statutes 1990, section 473.375, subdivision 15, is amended to read:

Subd. 15. [PERFORMANCE STANDARDS.] The board may establish performance standards for recipients of financial assistance,

except that performance standards for recipients of financial assistance under section 473.388 shall be established after consultation with such recipients.

Sec. 2. Minnesota Statutes 1990, section 473.377, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] The transit board shall prepare, submit to the council, and adopt an implementation plan as provided in section 473.161. The services and systems management component of the board's plan must include a description of the special transportation service provided under section 473.386. The board shall prepare an implementation plan meeting the requirements of this section and submit the plan to the council by August 1, 1986, and thereafter at a time prescribed by the council. The components of the implementation plan that are applicable to recipients of financial assistance under section 473.388 shall be prepared after consultation with such recipients.

Sec. 3. Minnesota Statutes 1990, section 473.388, is amended to read:

473.388 [~~REPLACEMENT~~ OPT-OUT TRANSIT SERVICE PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHED.] ~~A replacement~~ An opt-out transit service program is established to continue the metropolitan transit service demonstration program established in Minnesota Statutes 1982, section 174.265, as provided in this section.

Subd. 2. [~~REPLACEMENT~~ OPT-OUT TRANSIT SERVICE; ELIGIBILITY.] The transit board ~~may~~ shall provide assistance under the program to a statutory or home rule charter city or town or combination thereof, that:

(a) is located in the metropolitan transit taxing district;

(b) is not served by the transit commission or is served only with transit commission bus routes which begin or end within the applying city or town or combination thereof; and

(c) has fewer than four scheduled runs of metropolitan transit commission bus service during off-peak hours defined in section 473.408, subdivision 1.

Eligible cities or towns or combinations thereof may apply on behalf of a transit operator with whom they propose to contract for service.

The board may not provide assistance under this section to a statutory or home rule charter city or town unless the city or town,

(i) was receiving assistance under Minnesota Statutes 1982, section 174.265 by July 1, 1984,

(ii) had submitted an application for assistance under that section by July 1, 1984, or

(iii) had submitted a letter of intent to apply for assistance under that section by July 1, 1984, and submits an application for assistance under this section by July 1, 1988. A statutory or home rule charter city or town has an additional 12-month extension if it has notified the board before July 1, 1988, that the city or town is in the process of completing a transportation evaluation study that includes an assessment of the local transit needs of the city or town.

Subd. 3. [APPLICATION FOR ASSISTANCE.] An application for assistance under this section must:

(a) describe the existing service provided to the applicant by the transit commission, including the estimated number of passengers carried and the routes, schedules, and fares;

(b) describe the transit service proposed for funding under the demonstration program, including the anticipated number of passengers and the routes, schedules, and fares; and

(c) indicate the total amount of available local transit funds, the portion of the available local transit funds proposed to be used to subsidize ~~replacement~~ opt-out services, and the amount of assistance requested for the ~~replacement~~ opt-out services.

Subd. 4. [FINANCIAL ASSISTANCE.] The board ~~may~~ shall grant the requested financial assistance if it determines that the proposed service is ~~consistent with the approved implementation plan and is intended to replace or increase the service to the applying city or town or combination thereof by the transit commission and that the proposed service will meet the needs of the applicant at least as efficiently and effectively as the existing service, if any, and that the assistance will be used for transit-related purposes.~~

The amount of assistance which the board ~~may~~ shall provide under this section ~~may not exceed the sum of:~~

(a) is the portion of the available local transit funds which the applicant proposes to use to subsidize the costs of the proposed service; and, including, but not limited to, costs of operations, personnel, administration, equipment, and property.

(b) an amount of financial assistance bearing an identical proportional relationship to the amount under clause (a) as the total amount of financial assistance to the transit commission bears to the total amount of taxes collected by the board under section 473.446. The board shall pay the amount to be provided to the recipient from the assistance the board would otherwise pay to the transit commission.

The board shall also provide an amount equal to one-sixth of the cost of the proposed service, recalculated annually, for the purpose of budget reserve. The budget reserve to be retained by recipients of financial assistance under this section may not exceed one-sixth of the current year cost of providing service. A budget reserve may not be budgeted or retained by a recipient under this section during any budget year in which the cost of providing service by that recipient equals or exceeds the total amount of available local transit funds.

The board shall disburse assistance to the recipient in advance, by monthly payments on or before the first day of each month of the year for which assistance is requested by the recipient.

Assistance provided by the board to the recipient must be spent for transit-related purposes. Assistance that is not spent in the budget year in which it is provided must be deposited with the board, who will place emphasis on the expenditure of these funds for suburban transit service.

For purposes of this section "available local transit funds" means 90 percent of the tax revenues which would accrue to the board from the tax it levies certified tax levy under section 473.446 in the applicant city or town or combination thereof, including the revenues which would accrue from the homestead and agricultural credit aid and disparity reduction aid.

Subd. 5. [OTHER ASSISTANCE.] A city or town receiving assistance under this section may also receive assistance from the board under section 473.384. In applying for assistance under that section an applicant must describe the portion of the available local transit funds which are not obligated to subsidize replacement service and which the applicant proposes to use to subsidize additional service. An applicant which has exhausted its available local transit funds may use any other local subsidy funds to complete the required local share.

Subd. 6. [ASSUMPTION OF PROGRAM.] The board shall certify to the commissioner of transportation when it has adopted an approved interim implementation plan and is ready to assume responsibility for the metropolitan transit service demonstration program administered by the commissioner under Minnesota Statutes 1982, section 174.265. On receipt of the certification the commissioner shall make no further contracts under that program

and shall assign all contracts then in effect under that program to the board, and the contracts at that time become obligations of the board.

Subd. 7. [BUDGET.] A recipient of assistance under this section shall prepare an annual budget and, after holding a public hearing on the budget, shall submit the budget to the board for review. The board shall review and comment on the consistency of the budget with its implementation plan.

Sec. 4. [STUDIES REQUIRED.]

(a) The metropolitan council, in consultation with the board and after consultation with participants in the opt-out transit service program, must conduct a study of the costs of planning, administering and managing transit services in the metropolitan area, including the costs of coordinating and integrating services provided by different transit operators or authorities. The council, in consultation with the board, must direct its staff to examine whether the percentage of property tax revenues raised in communities participating in the program under Minnesota Statutes, section 473.388, which accrues to the board from the tax it levies under Minnesota Statutes, section 473.446, is adequate to finance those communities' prorated share of these costs. The council, in consultation with the board, must make a recommendation to the legislature on the appropriate percentage of property tax revenues to be used to finance these costs.

(b) The council, in consultation with the board and after consultation with participants in the opt-out transit service program, must conduct a study of the interaction between the funding mechanisms of the program under Minnesota Statutes, section 473.388, and the reductions of levied taxes made pursuant to Minnesota Statutes, section 473.446, subdivision 1. The council, in consultation with the board, must direct its staff to study the interaction of these provisions, including the effect of the interaction on the financing of transit services in the metropolitan area.

(c) The council must report to the legislature on the results of these studies on or before February 15, 1992.

Sec. 5. [APPLICATION.]

Sections 1 to 4 apply in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

We, the undersigned conferees for H. F. No. 633, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 633 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 86B.005, is amended by adding a subdivision to read:

Subd. 14a. [PERSONAL WATERCRAFT.] “Personal watercraft” means a motorboat that:

(1) is powered by an inboard motor powering a water jet pump or by an outboard or propeller-driven motor; and

(2) is designed to be operated by a person or persons sitting, standing, or kneeling on the craft, rather than in the conventional manner of sitting or standing inside a motorboat.

Sec. 2. Minnesota Statutes 1990, section 86B.005, is amended by adding a subdivision to read:

Subd. 16a. [SLOW-NO WAKE.] “Slow-no wake” means operation of a watercraft at the slowest possible speed necessary to maintain steerage, but in no case greater than five miles per hour.

Sec. 3. [86B.313] [PERSONAL WATERCRAFT REGULATIONS.]

Subdivision 1. [GENERAL REQUIREMENTS.] In addition to requirements of other laws relating to watercraft, it is unlawful to operate or to permit the operation of a personal watercraft:

(5) without the lanyard-type engine cutoff switch being attached to the person, clothing, or personal flotation device of the operator, if the personal watercraft is equipped by the manufacturer with such a device;

(6) if any part of the spring-loaded throttle mechanism has been removed, altered, or tampered with so as to interfere with the return-to-idle system;

(7) to chase or harass wildlife;

(8) through emergent or floating vegetation at other than a slow-no wake speed;

(9) in a manner that unreasonably or unnecessarily endangers life, limb, or property, including weaving through congested watercraft traffic, jumping the wake of another watercraft within 100 feet of the other watercraft; or

(10) in any other manner that is not reasonable and prudent.

Subd. 2. [AGE OF OPERATOR.] Except in the case of an emergency, a person under the age of 13 years may not operate or be permitted to operate a personal watercraft, regardless of horsepower, unless there is a person 18 years of age or older on board the craft. It is unlawful for the owner of a personal watercraft to permit the personal watercraft to be operated contrary to this subdivision.

Subd. 3. [OPERATOR'S PERMIT.] Except in the case of an emergency, a person 13 years of age or over but less than 18 years of age may not operate a personal watercraft, regardless of horsepower, without possessing a valid watercraft operator's permit as required by section 86B.305, unless there is a person 18 years of age or older on board the craft. In addition to the permit requirement, a person 13 years of age operating a personal watercraft must maintain unaided observation by a person 18 years of age or older. It is unlawful for the owner of a personal watercraft to permit the personal watercraft to be operated contrary to this subdivision.

Subd. 4. [DEALERS AND RENTAL OPERATIONS.] (a) A dealer of personal watercraft shall distribute a summary of the laws and rules governing the operation of personal watercraft and, upon request, shall provide instruction to a purchaser regarding:

(1) the laws and rules governing personal watercraft; and

(2) the safe operation of personal watercraft.

(b) A person who offers personal watercraft for rent:

(1) shall provide a summary of the laws and rules governing the operation of personal watercraft and provide instruction regarding the laws and rules and the safe operation of personal watercraft to each person renting a personal watercraft; and

Sec. 4. [EFFECTIVE DATE.]

Alternatively, the hospital board may by resolution fix a date for an election, not later than December 7 just before the expiration of board members' terms. It may establish the whole district as a single election precinct or establish two or more different election precincts and polling places for the elections. If there is more than one precinct, the boundaries of the election precincts and the locations of the polling places must be defined in the notice of election, either in full or by reference to a description or map on file in the office of the clerk.

Special elections may be called by the hospital board at any time to vote on any matter required by law to be submitted to the voters. A special election may not be conducted either during the 30 days before and the 30 days after the state primary or state general

election, or during the 20 days before and the 20 days after the regularly scheduled election of any municipality wholly or partially within the hospital district. Special elections must be held within the election precinct or precincts and at the polling place or places designated by the board. In the case of the first election of officers of a new district, precincts and polling places must be set by the governing body of the most populous city or town included in the district.

Advisory ballots may be submitted by the hospital board on any question it wishes, concerning the affairs of the district, but only at a regular election or at a special election required for another purpose.

It must be published in the official newspaper of the district or, if a paper has not been designated, in a legal newspaper having general circulation within the district, at least one week two weeks before the election. Failure to give notice does not invalidate the election of an officer of the district. A voter may contest a hospital district election in accordance with chapter 209. Chapter 209 applies to hospital district elections.

Sec. 27. Minnesota Statutes 1990, section 447.32, subdivision 4, is amended to read:

the filing period. A candidate may withdraw from the election by filing an affidavit of withdrawal with the clerk of the district no later than 12:00 p.m. on the day after the last day to file affidavits of candidacy.

Voting must be by secret ballot. The clerk shall prepare, at the expense of the district, necessary ballots for the election of officers. Ballots must contain the names of the proposed candidates for each office, the length of the term of each office, and an additional blank space for the insertion of another name by the voter. The ballots must be marked and initialed by at least two judges as official ballots and used exclusively at the election. Any proposition to be voted on may be printed on the ballot provided for the election of officers or on a different ballot. The hospital board may also authorize the use of voting machines subject to chapter 206. Enough election judges may be appointed to receive the votes at each polling place. They may be paid by the district at a rate set by the board. The election judges shall act as clerks of election, count the ballots cast, and submit them to the board for canvass.

After canvassing the election, the board shall issue a certificate of election to the candidate who received the largest number of votes cast for each office. The clerk shall deliver the certificate to the person entitled to it in person or by certified mail. Each person certified shall file an acceptance and oath of office in writing with the clerk within 30 days after the date of delivery or mailing of the certificate. The board may fill any office as provided in subdivision 1 if the person elected fails to qualify within 30 days, but qualification is effective if made before the board acts to fill the vacancy.

"Section 1. Minnesota Statutes 1990, section 15.0597, is amended by adding a subdivision to read:

Subd. 5a. [GENDER BALANCE.] The membership of an agency whose vacancies are filled under this section must be gender balanced. In determining gender balance, ex officio membership positions must be excluded. No person of the overrepresented gender may be appointed or reappointed to a vacant agency position if after the appointment or reappointment the number of members of one gender would be greater than:

(1) one-half the membership plus one, in the case of an agency with an odd number of members; or

(2) one-half the membership, in the case of an agency with an even number of members.

If there is more than one appointing authority for an agency, the appointing authorities shall consult each other to ensure compliance with this subdivision. In addition, appointing authorities shall endeavor to ensure that the membership of agencies governed by this section reflect racial, ethnic, and socioeconomic diversity to the extent possible.

Sec. 2. Minnesota Statutes 1990, section 15.0597, is amended by adding a subdivision to read:

Subd. 5b. [DEVIATION.] Notwithstanding section 1, persons of an underrepresented gender may constitute less than half of the membership of an agency if the agency certifies to the secretary of state that:

(1) the agency serves the needs or addresses the concerns of a specific gender-defined population; or

(2) after a good faith effort to achieve gender balance in accordance with section 1, the appointing authority has been unable to find enough persons of the underrepresented gender who are qualified and willing to accept appointment.

Sec. 3. [TOTAL AGENCY MEMBERSHIP.]

Appointing authorities, in cooperation with one another, shall make a good faith effort to ensure that, to the greatest extent possible, the membership of all agencies, considered together, is gender balanced.

Sec. 4. [REPEALER.]

Sections 2 and 3 are repealed on June 30, 1995.

Sec. 5. [EFFECTIVE DATE.]

Section 1 is effective July 1, 1991, and applies to agency positions becoming vacant on or after that date. Sections 1, 2, and 3 do not require displacement of a person who is an incumbent agency member on the effective dates of those sections until the person's current term expires."

In this case the employee shall receive impairment compensation for the permanent partial disability which is ascertainable at that time. This impairment compensation shall be paid at the same rate that temporary total compensation was last paid. (b) If an employee accepts a job under paragraph (a), begins work at that job, and is subsequently unemployed at that job through no fault of the employee, that employee shall receive temporary total compensation, subject to the provisions of subdivision 3e or paragraph (a), as may be applicable. In addition, the employer who was the employer at the time of the injury shall provide rehabilitation consultation by a qualified rehabilitation consultant if the employee remains unemployed for 45 calendar days. This additional compensation shall cease at any time the commissioner or compensation judge determines the special circumstances are no longer present.

Sec. 13. [176.1351] [MANAGED CARE.]

Subdivision 1. [DEFINITION.] Managed care is medical service rendered or coordinated by a health care provider certified by the commissioner to treat injured employees in accordance with standards, procedures, and fees developed by the commissioner under this chapter.

Subd. 2. [ELIGIBILITY.] The commissioner shall develop a network of managed care providers. All health care providers as defined in section 176.011, subdivision 24, and other business entities are eligible for certification and must make written application to the commissioner to become certified to provide managed care to injured employees for injuries and diseases compensable under this chapter. Notwithstanding any other law regulating access to patient care, providers who are not health care providers as defined in section 176.011, subdivision 24, may provide services for those injuries or diseases only under the direction of or upon referral from a certified provider.

After the rules for provider certification have been adopted and are effective, a provider must be certified in accordance with this section, or, if ineligible for certification, must provide services under

the direction of or upon referral from a certified provider in order to receive payment for services rendered under section 176.135. A provider not in compliance with this section may not receive payment or attempt to collect from any source, including the employee, any insurer or self-insured employer, the special compensation fund, or any government program, except that retroactive certification may be permitted pursuant to guidelines established by rule, for up to one year after the service was provided unless otherwise ordered by the commissioner or compensation judge. A list of currently certified providers must be given to all self-insured employers and insurers. The list must be made available to others upon request. Employers shall post in a place easily visible to employees a list of certified health care providers in the area.

Subd. 3. [APPLICATION.] Each application for certification shall be accompanied by a reasonable fee determined by the commissioner to be sufficient to cover the cost of certification. The fee shall be deposited in the special compensation fund. A certificate is valid for the period the commissioner prescribes unless revoked or suspended. The application for certification must be made in the form and manner and set forth information the commissioner may prescribe. The application shall include, but not be limited to:

(a) the name of the health care provider who will provide services, together with appropriate evidence of compliance with any licensing, registration, or certification requirements for the provider to practice in this state;

(b) a description of the place and nature of the medical service to be provided;

(c) a signed acknowledgment form approved by the commissioner that the provider is familiar with and will comply with workers' compensation rules and laws pertaining to the services provided; and

(d) satisfactory evidence of the ability to comply with any requirements in subdivision 4 that the commissioner may prescribe.

Subd. 4. [CERTIFICATION.] Upon receipt of an application that meets the requirements of subdivision 3, the commissioner shall certify the health care provider within 30 days unless the commissioner by rule requires additional conditions for certification, which may include but are not limited to, whether the provider:

(a) proposes to provide services that meet quality, continuity, or other treatment or procedural standards required by the commissioner or this chapter;

(b) proposes to provide services in cooperation with employees,

employers, insurers, and rehabilitation providers to promote workplace health and safety and expedite return to work for injured employees;

(c) provides a timely and accurate method of reporting information prescribed by the commissioner about medical and health care services cost and utilization; and

(d) complies with any other requirement the commissioner determines is necessary to provide quality cost-effective medical services and health care to injured employees.

Subd. 5. [REVOCAION, SUSPENSION, AND REFUSAL TO CERTIFY.] If the commissioner refuses to certify a health care provider or determines certification should be revoked or suspended for a violation of this chapter or rules adopted under this chapter, and the provider disagrees with the commissioner's determination, the provider may appeal to the medical services review board for a hearing with the procedure and right to appeal provided by section 176.103, subdivision 3, paragraph (b). The commissioner may report professional misconduct to an appropriate licensing board.

Subd. 6. [REVIEW.] The commissioner, in consultation with the medical services review board, shall develop utilization review and quality assurance procedures and standards that shall be applied by self-insured employers, insurers, the commissioner, and compensation judges in determining compensability of a medical service under this chapter. These standards and procedures must balance the need for medical cost containment with the need for quality medical care and must be based on accepted medical standards. The commissioner may adopt these standards and procedures by rule.

Subd. 7. [DATA PRIVACY.] Data generated by utilization review or quality assurance activities pursuant to this section including written reports, notes, or records, shall be private and shall not be disclosed or used in any action, suit, or proceeding except in the administration of this chapter.

Subd. 8. [PRIVILEGED COMMUNICATIONS.] A person participating in utilization review or quality assurance activities pursuant to this section shall not be examined about any communication made in the course of the activities or the findings, except in the administration of this chapter, nor shall any person be subject to an action for civil damages for affirmative actions taken or statements made in good faith.

Subd. 9. [MEDICAL RECORDS CONFIDENTIALITY.] This section shall not affect the confidentiality or admission in evidence of a claimant's medical treatment records.

Subd. 10. [RULES.] In addition to rules required by subdivision 6, the commissioner may consult with the commissioners of the department of health, department of commerce, and department of human services, and shall adopt rules necessary to carry out this section. The commissioners of the departments of health, commerce, and human services shall cooperate and consult with the commissioner upon request of the commissioner. The commissioner may contract with any person or organization to assist in the development of standards, procedures, or rules required or authorized by this section.

Sec. 14. Minnesota Statutes 1990, section 176.136, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE.] (a) The commissioner shall by rule establish procedures for determining whether or not the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups.

(b) The procedures established by the commissioner shall must limit, in accordance with subdivisions 1a and 1b, the charges allowable for medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135, based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing. The procedures established by the commissioner for determining whether or not the charge for a health service is excessive shall must be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures shall must incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Sec. 15. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1a. [RELATIVE VALUE FEE SCHEDULE.] The liability of an employer for services included in the medical fee schedule is limited to the maximum fee allowed by the schedule in effect on the date of the medical service, or the provider's actual fee, whichever is lower. The medical fee schedule effective on October 1, 1990, shall remain in effect until the commissioner adopts a new schedule by permanent rule, but may remain in effect no later than June 1, 1993. The commissioner shall adopt permanent rules regulating fees allowable for medical, chiropractic, podiatric, surgical, hospital,

and other health care provider treatment or services by implementing a relative value fee schedule to be effective on October 1, 1992, or as soon thereafter as possible. The schedule shall not apply to fees regulated by subdivision 1b. The conversion factors for the relative value fee schedule must reasonably reflect a 15 percent overall reduction from 1991 charges, based on a sample of the most common services billed in the first three months of 1991 that is large enough to be statistically valid.

After permanent rules have been adopted to implement this section, the conversion factors must be adjusted annually on October 1, by the percentage change in the statewide average weekly wage, as set forth and limited under section 176.645, subdivision 1. The commissioner shall annually give notice in the State Register of the adjusted conversion factors. This notice shall be in lieu of the requirements of chapter 14.

Sec. 16. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1b. [LIMITATION OF LIABILITY.] (a) The liability of the employer for treatment, articles, and supplies provided to an employee while an inpatient at a small hospital shall be the hospital's usual and customary charge, unless the charge is determined by the commissioner or a compensation judge to be unreasonably excessive. A "small hospital," for purposes of this paragraph, is a hospital which has 50 or fewer licensed beds, including the licensed beds of all other hospitals owned in common with or otherwise affiliated with it.

(b) The liability of the employer for the treatment, articles, and supplies that are not limited by subdivision 1a or paragraph (a) shall be limited to 80 percent of the provider's usual and customary charge, or 80 percent of the prevailing charges for similar treatment, articles, and supplies furnished to an injured person when paid for by the injured person, whichever is less. On this basis, the commissioner or compensation judge may determine the reasonable value of all treatment, services, and supplies, and the liability to the employer is limited to that amount.

Sec. 17. Minnesota Statutes 1990, section 176.136, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVE FEES.] (a) If the employer or insurer determines that the charge for a health service or medical service is excessive, no payment in excess of the reasonable charge for that service shall be made under this chapter nor may the A provider, including a hospital, may not collect or attempt to collect from the injured employee or any other insurer or government amounts in excess of the amount payable any charge or portion of a charge that is excessive under this chapter unless the commissioner, compensa-

tion judge, or court of appeals determines otherwise. In such a case, the health care provider may initiate an action under this chapter for recovery of the amounts deemed excessive by the employer or insurer, but the employer or insurer shall have the burden of proving excessiveness.

(b) A charge for a health service or medical service is excessive if it is:

(1) in excess of the maximum permissible charge pursuant to this section or section 176.135;

(2) for a service provided at a level, duration, or frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards;

(3) for a service that is outside the scope of practice of the particular provider or is not generally recognized within the particular profession of the provider as of therapeutic value for the specific injury or condition treated; or

(4) otherwise considered excessive or inappropriate pursuant to rules adopted under this chapter.

(c) Where the sole issue in dispute is whether medical fees are excessive, the only parties to the proceeding shall be the health care provider and employer or insurer. The rights of an employee are not affected by a determination under this subdivision.

Sec. 18. Minnesota Statutes 1990, section 176.155, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department to order an examination at a location further from the employee's residence. The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or representative of the employee. The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from

attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

Sec. 19. Minnesota Statutes 1990, section 176.155, is amended by adding a subdivision to read:

Subd. 2a. [EXAMINATION FEES.] The commissioner, after consultation with the medical services review board, shall adopt rules establishing a single fee schedule for examinations under this section.

Sec. 20. Minnesota Statutes 1990, section 176.83, subdivision 5, is amended to read:

Subd. 5. [EXCESSIVE MEDICAL SERVICES.] In consultation with the medical services review board or the rehabilitation review panel, rules establishing standards and procedures for determining whether a provider of health care services and rehabilitation services, including a provider of medical, chiropractic, podiatric, surgical, hospital or other services, is performing procedures or providing services at a level or with a frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards.

If it is determined by the payer that the level, frequency or cost of a procedure or service of a provider is excessive according to the standards established by the rules, the provider shall not be paid for the excessive procedure, service, or cost by an insurer, self-insurer, or group self-insurer, and the provider shall not be reimbursed or attempt to collect reimbursement for the excessive procedure, service, or cost from any other source, including the employee, another insurer, the special compensation fund; or any government program unless the commissioner or compensation judge determines at a hearing or administrative conference that the level, frequency, or cost was not excessive in which case the insurer, self-insurer, or group self-insurer shall make the payment deemed reasonable.

A health or rehabilitation provider who is determined by the rehabilitation review panel or medical services review board, after hearing, to be consistently performing procedures or providing services at an excessive level or cost may be prohibited from receiving any further reimbursement for procedures or services provided under this chapter. A prohibition imposed on a provider under this subdivision may be grounds for revocation or suspension of the provider's license or certificate of registration to provide health care or rehabilitation service in Minnesota by the appropriate licensing or certifying body.

~~The rules adopted under this subdivision shall require insurers, self-insurers, and group self-insurers to report medical and other data necessary to implement the procedures required by this clause.~~

Sec. 21. Minnesota Statutes 1990, section 176.83, is amended by adding a subdivision to read:

Subd. 5a. [REPORTING.] Rules requiring insurers, self-insurers, and group self-insurers to report medical and other data necessary to implement the procedures required by this chapter.

Sec. 22. Minnesota Statutes 1990, section 176.83, subdivision 6, is amended to read:

Subd. 6. [CERTIFICATION OR ENROLLMENT OF MEDICAL PROVIDERS.] Rules establishing procedures and standards for the certification or enrollment of physicians, chiropractors, osteopaths, podiatrists, and other health care providers, which may include other business entities providing health care services, in order to assure the coordination of treatment, rehabilitation, and other services and requirements of chapter 176 for carrying out the purposes and intent of this chapter.

After the rules for provider enrollment have been promulgated, a provider must be enrolled in accordance with the rules to receive payment for services rendered under section 176.135. An unenrolled provider may not receive payment or attempt to collect from any

source, including the employee, any insurer or self-insured employer, the special compensation fund, or any government program. Retroactive enrollment must be permitted pursuant to guidelines established by rule. The rules must provide an exception to the enrollment requirement in the case of the provision of emergency medical treatment. A list of currently enrolled providers must be given to all self-insured employers and insurers. The list must be made available to others upon request.

Sec. 23. [REPEALER.]

Minnesota Statutes 1990, section 176.136, subdivision 5, is repealed.

Sec. 24. [EFFECTIVE DATE.]

Sections 1 to 12 and 14 to 23 are effective October 1, 1991. Section 13 is effective July 1, 1992, except that the authority to adopt rules granted by subdivisions 6 and 10 is effective the day following final enactment.

ARTICLE 3 INSURANCE

Section 1. Minnesota Statutes 1990, section 79.252, is amended by adding a subdivision to read:

Subd. 6. [COVERAGE OUTSIDE STATE.] Policies issued by the assigned risk plan pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The commissioner, on behalf of the assigned risk plan, may apply for and obtain any licensure required in any other state to issue that coverage.

Sec. 2. Minnesota Statutes 1990, section 176.185, subdivision 1, is amended to read:

Subdivision 1. [NOTICE OF COVERAGE, TERMINATION, CANCELLATION.] (a) Within ten days after the issuance of a policy of insurance covering the liability to pay compensation under this chapter written by an insurer licensed to insure such liability in this state, the insurer shall file notice of coverage with the commissioner under rules and on forms prescribed by the commissioner. No policy shall be canceled by the insurer within the policy period nor terminated upon its expiration date until a notice in writing is delivered or mailed to the insured and filed with the commissioner, fixing the date on which it is proposed to cancel it, or declaring that the insurer does not intend to renew the policy upon the expiration

date. A cancellation or termination is not effective until 30 days after written notice has been filed with the commissioner in a manner prescribed by the commissioner unless prior to the expiration of the 30-day period the employer obtains other insurance coverage or an order exempting the employer from carrying insurance as provided in section 176.181. Upon receipt of the notice, the commissioner shall notify the insured that the insured must obtain coverage from some other licensed carrier and that, if unable to do so, the insured shall request the commissioner of commerce to require the issuance of a policy as provided in section 79.251, subdivision 4. Upon a cancellation or termination of a policy by the insurer, the employer is entitled to be assigned a policy in accordance with sections 79.251 and 79.252.

(b) Notice of cancellation or termination by the insured shall be served upon the insurer by written statement mailed or delivered to the insurer. Upon receipt of the notice, the insurer shall notify the commissioner of the cancellation or termination and the commissioner shall ask the employer for the reasons for the cancellation or termination and notify the employer of the duty under this chapter to insure the employer's employees.

(c) In addition to the requirements under paragraphs (a) and (b), with respect to any trucker employer in classification 7219, 7230, 7231, or 7360, or 8293 pursuant to the classification plan required to be filed under section 79.61, if the insurer or its agent has delivered or mailed a written certificate of insurance certifying that a policy in the name of a trucker employer under this paragraph is in force, then the insurer or its agent shall also deliver or mail written notice of any midterm cancellation to the trucker employer recipient of the certificate of insurance at the address listed on the certificate. If an insurer or its agent fails to mail or deliver notice of any midterm cancellation of the trucker employer's policy to the trucker employer recipient of the certificate of insurance, then the special compensation fund shall indemnify and hold harmless the recipient from any award of benefits or other damages under this chapter resulting from the failure to give notice.

Sec. 3. Minnesota Statutes 1990, section 176A.03, is amended by adding a subdivision to read:

Subd. 3. [COVERAGE OUTSIDE STATE.] Policies issued by the fund pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The fund may apply for and obtain any licensure required in any other state in order to issue such coverage.

Sec. 4. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in this

act and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of rates in effect on October 1, 1991, must be reduced by 12 percent and applied by the insurer to all policies issued, renewed, or outstanding on or after that date. An insurer may not adjust its filed rating plan to recoup the 12 percent mandated rate reduction under this section. The reduction must be computed on the basis of a 12 percent premium reduction prorated from October 1, 1991, to the expiration of that policy. An insurer shall provide written notice by January 1, 1992, to all employers having an outstanding policy with the insurer as of October 1, 1991, to read as follows: "As a result of the changes in the workers' compensation insurance system enacted by the 1991 legislature, you are entitled to a credit or refund to your current premium in an amount of \$..... which reflects a 12 percent mandated premium reduction prorated from October 1, 1991, to the expiration of your policy."

(b) No rating plan increases may be filed between April 1, 1991, and January 1, 1993.

(c) The commissioner of labor and industry shall survey Minnesota employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the commission on workers' compensation and the legislature by March 1, 1992.

Sec. 5. [TRUCK DRIVER CLASSIFICATIONS.]

The commissioner of commerce shall evaluate the current system of classification of truck drivers for workers' compensation rate purposes that separates truck drivers in classes 7219, 7380, and 8293 from the classifications for the vast majority of truck drivers employed in the private carrier industry as defined in Minnesota Statutes, section 221.011, subdivision 26. The commissioner shall determine if the classification is fair and equitable to employers of truck drivers in those three classes. If the commissioner determines that those classifications are not fair and equitable to those three classes, the commissioner shall make findings and issue an order correcting the unfairness or inequity.

Sec. 6. [EFFECTIVE DATE.]

Sections 1 and 3 are effective the day following final enactment. Section 2 is effective August 1, 1991. Section 4, paragraphs (a) and (c), are effective October 1, 1991. Section 4, paragraph (b), is effective the day following final enactment and is retroactive to April 1, 1991.

ARTICLE 4
MISCELLANEOUS

Section 1. Minnesota Statutes 1990, section 176.191, subdivision 1, is amended to read:

Subdivision 1. Where compensation benefits are payable under this chapter, and a dispute exists between two or more employers or two or more insurers as to which is liable for payment, the commissioner, compensation judge, or court of appeals upon appeal shall direct, unless action is taken under subdivision 2, that one or more of the employers or insurers make payment of the benefits pending a determination of liability. A temporary order may be issued under this subdivision whether or not the employers or insurers agree to pay under the order.

When liability has been determined, the party held liable for the benefits shall be ordered to reimburse any other party for payments which the latter has made, including interest at the rate of ~~12 percent a year~~ set by section 549.09. The claimant shall also be awarded a reasonable attorney fee, to be paid by the party held liable for the benefits.

An order directing payment of benefits pending a determination of liability may not be used as evidence before a compensation judge, the workers' compensation court of appeals, or court in which the dispute is pending.

Sec. 2. Minnesota Statutes 1990, section 176.191, subdivision 2, is amended to read:

Subd. 2. Where compensation benefits are payable under this chapter, and a dispute exists between two or more employers or two or more insurers as to which is liable for payment, the commissioner or a compensation judge upon petition shall order, unless action is taken under subdivision 1, the special compensation fund established in section 176.131 to make payment of the benefits pending a determination of liability.

The personal injury for which the commissioner or a compensation judge shall order compensation from the special fund is not limited by section 176.131, subdivision 8.

When liability has been determined, the party held liable for benefits shall be ordered to reimburse the special compensation fund for payments made, including interest at the rate of ~~12 percent a year~~ set by section 549.09.

Sec. 3. Minnesota Statutes 1990, section 176.191, subdivision 3, is amended to read:

Subd. 3. If a dispute exists as to whether an employee's injury is compensable under this chapter and the employee is otherwise covered by an insurer pursuant to chapters 62A, 62C and 62D, that insurer shall pay any medical costs incurred by the employee for the injury up to the limits of the applicable coverage and shall make any disability payments otherwise payable by that insurer in the absence of or in addition to workers' compensation liability. If the injury is subsequently determined to be compensable pursuant to this chapter, the workers' compensation insurer shall be ordered to reimburse the insurer that made the payments for all payments made under this subdivision by the insurer, including interest at a ~~rate of 12 percent a year~~ the rate set by section 549.09. If a payment pursuant to this subdivision exceeds the reasonable value as permitted by sections 176.135 and 176.136, the provider shall reimburse the workers' compensation insurer for all the excess as provided by rules promulgated by the commissioner.

Sec. 4. Minnesota Statutes 1990, section 176.191, subdivision 4, is amended to read:

Subd. 4. If the employee's medical expenses for a personal injury are paid pursuant to any program administered by the commissioner of human services, or if the employee or spouse or dependents living with the employee receive subsistence or other payments pursuant to such a program, and it is subsequently determined that the injury is compensable pursuant to this chapter, the workers' compensation insurer shall reimburse the commissioner of human services for the payments made, including interest at a ~~rate of 12 percent a year~~ the rate set by section 549.09.

Amounts paid to an injured employee or spouse or dependents living with the employee pursuant to such a program and attributable to the personal injury shall be deducted from any settlement or award of compensation or benefits under this chapter, including, but not limited to, temporary and permanent disability benefits.

The insurer shall attempt, with due diligence, to ascertain whether payments have been made to an injured employee pursuant to such a program prior to any settlement or issuance of a binding award and shall notify the department of human services, benefit recovery section, when such payments have been made. An employee who has received public assistance payments shall notify the department of human services, benefit recovery section, of its potential intervention claim prior to making or settling a claim for benefits under this chapter. Notice served on local human services agencies is not sufficient to meet the notification requirement in this subdivision.

Sec. 5. [176.1911] [DISPUTES; ARBITRATION.]

Subdivision 1. [BINDING ARBITRATION.] Where a dispute

exists between an employee, employer, insurer, the special compensation fund, the reopened case fund, or the workers' compensation reinsurance association, regarding benefits payable under this chapter, the dispute may be submitted with consent of all interested parties to binding arbitration by a neutral arbitrator. The decision of the arbitrator shall be conclusive with respect to all issues presented except as provided in subdivisions 2 and 3. An arbitration award is admissible in any other proceeding under this chapter and is binding on the parties to the arbitration proceeding.

A person with material information of the matters to be arbitrated shall attend the arbitration proceeding if any party to the proceeding deems it necessary. Reasonable expenses of meals, lost wages, and travel of the employee or witnesses in attending shall be reimbursed on a pro rata basis. Arbitration costs shall be paid by the parties, except the employee, on a pro rata basis. Any issue in dispute may be submitted to arbitration. Issues not submitted to arbitration may be resolved by other available procedures.

Subd. 2. [INCONSISTENT AWARDS.] If the employee commences an action under this chapter for benefits arising out of the same injury which resulted in the dispute arbitrated under subdivision 1, and if the benefits awarded to the employee under the employee's claim are inconsistent with the arbitration decision, any increase in benefits over those paid pursuant to the arbitration proceeding is paid by the party or parties who ordinarily would have been required to pay the increased benefits but for the arbitration. Any reimbursement from the employee of any decrease in benefits from those paid pursuant to the arbitration is paid to the party or parties who previously had paid the increased benefits. The provisions of this subdivision apply regardless of whether more or fewer employers and insurers or the special fund have been added or omitted as parties to the employee's subsequent action after arbitration.

Subd. 3. [ATTORNEY REPRESENTATION.] If an employee brings an action under the circumstances described in subdivision 2, the parties to the previous arbitration may be represented at the new action by a common or joint attorney.

Subd. 4. [ATTORNEY FEES.] No attorney's fees shall be awarded under either section 176.081, subdivision 8, or 176.191 against any employer or insurer in connection with any arbitration proceeding unless the employee chooses to retain an attorney to represent the employee's interests during arbitration.

Sec. 6. Minnesota Statutes 1990, section 176.221, subdivision 7, is amended to read:

Subd. 7. [INTEREST.] Any payment of compensation, charges for treatment under section 176.135, rehabilitation expenses under section 176.102, subdivision 9, or penalties assessed under this

chapter not made when due shall bear interest at the rate of eight percent a year from the due date to the date the payment is made or the rate set by section 549.09, subdivision 1, whichever is greater.

For the purposes of this subdivision, permanent partial disability payment is due 14 days after receipt of the first medical report which contains a disability rating if such payment is otherwise due under this chapter, and charges for treatment under section 176.135 are due 30 calendar days after receiving the bill and necessary medical data.

If the claim of the employee or dependent for compensation is contested in a proceeding before a compensation judge, arbitrator, or the commissioner, the decision of the judge, arbitrator, or commissioner shall provide for the payment of unpaid interest on all compensation awarded, including interest accruing both before and after the filing of the decision.

Sec. 7. [176.325] [CERTIFIED QUESTION.]

Subdivision 1. [WHEN CERTIFIED.] The chief administrative law judge may certify a question of workers' compensation law to the workers' compensation court of appeals as important and doubtful under the following circumstances:

(1) all parties to the case have stipulated in writing to the facts;

(2) the issue to be resolved is a question of workers' compensation law that has not been resolved by the workers' compensation court of appeals or the Minnesota supreme court; and

(3) all parties request that the matter be resolved by certification to the workers' compensation court of appeals as an important and doubtful question.

Subd. 2. [SUPREME COURT REVIEW.] Review by the supreme court of any decision of the workers' compensation court of appeals pursuant to this section shall be pursuant to section 176.471.

Subd. 3. [EXPEDITED DECISION.] It is the legislature's intent that the workers' compensation court of appeals and the Minnesota supreme court resolve the certified question as expeditiously as possible, after compliance by the parties with any requirements of the workers' compensation court of appeals or the Minnesota supreme court regarding submission of legal memoranda, oral argument, or other matters, and after the participation of amicus curiae, should the workers' compensation court of appeals or Minnesota supreme court consider such participation advisable.

Subd. 4. [NOTICE.] The chief administrative law judge shall

notify all persons who request to be notified of a certification under this section.

Sec. 8. [176.307] [COMPENSATION JUDGES; BLOCK SYSTEM.]

The chief administrative law judge must assign workers' compensation cases to compensation judges using a block system type of assignment that, among other things, ensures that a case will remain with the same judge from commencement to conclusion unless the judge is removed from the case by exercise of a legal right of a party or by incapacity. The block system must be the principal means of assigning cases, but it may be supplemented by other systems of case assignment to ensure that cases are timely decided.

Sec. 9. [REPEALER.]

Minnesota Statutes 1990, section 176.191, subdivisions 5, 6, 7, and 8, are repealed.

Sec. 10. [EFFECTIVE DATE.]

Sections 1 to 6, 8, and 9 are effective July 1, 1991. Section 7 is effective October 1, 1991.

(b) The meetings of the commission are subject to the state's open meeting law, section 471.705; except that, the five employer voting members and the five labor voting members may meet in separate closed caucuses for the purpose of deliberating on matters before the commission. All votes of the commission must be public and recorded.

Subd. 5. (5) whether the workers' compensation court of appeals should be abolished and other issues related to litigation costs and frequency; and

(6) whether insurance rates should be regulated by a system of prior approval.

The listing of the items to be studied in this section is not intended to limit the commission's authority to study other issues related to workers' compensation nor to study these same issues again at another time.

The commission shall report the results of the studies required by this section and its recommendations to the legislature by February 1, 1992.

Sec. 3. [APPROPRIATION.]

ARTICLE 7
SELF-INSURANCE

Section 1. Minnesota Statutes 1990, section 79A.02, is amended by adding a subdivision to read:

Subd. 3. [AUDIT OF SELF-INSURANCE APPLICATION.] (a) The self-insurer's security fund shall retain a certified public accountant who shall perform services for, and report directly to, the commissioner of commerce. The certified public accountant shall review each application to self-insure, including the applicant's financial data. The certified public accountant shall provide a report to the commissioner of commerce indicating whether the applicant has met the requirements of section 79A.03, subdivisions 2 and 3. Additionally, the certified public accountant shall provide advice and counsel to the commissioner about relevant facts regarding the applicant's financial condition.

(b) If the report of the certified public accountant is used by the commissioner as the basis for the commissioner's determination regarding the applicant's self-insurance status, the certified public accountant shall be made available to the commissioner for any hearings or other proceedings arising from that determination.

(c) The commissioner shall provide the advisory committee with the summary report by the certified public accountant and any financial data in possession of the department of commerce that is otherwise available to the public.

The cost of the review shall be the obligation of the self-insurer's security fund.

Sec. 2. Minnesota Statutes 1990, section 79A.02, is amended by adding a subdivision to read:

Subd. 4. [RECOMMENDATIONS TO COMMISSIONER REGARDING REVOCATION.] After each fifth anniversary from the date each individual and group self-insurer becomes certified to self-insure, the committee shall review all relevant financial data filed with the department of commerce that is otherwise available to the public and make a recommendation to the commissioner about whether each self-insurer's certificate should be revoked.

Sec. 3. Minnesota Statutes 1990, section 79A.03, subdivision 3, is amended to read:

Subd. 3. [NET WORTH.] Each individual self-insurer shall have and maintain a net worth at least equal to the greater of ten times the retention limit selected with the workers' compensation reinsurance association or one-third the amount of the self-insurer's current annual modified premium. ~~The requirements of this subdivision shall be modified if the self-insurer can demonstrate through a reinsurance program, other than coverage provided by the workers' compensation reinsurance association, that it can pay expected losses without endangering the financial stability of the company.~~

Sec. 4. Minnesota Statutes 1990, section 79A.03, subdivision 7, is amended to read:

Subd. 7. [FINANCIAL STANDARDS.] A group proposing to self-insure shall have and maintain:

(a) A combined net worth of all of the members of an amount at least equal to the greater of ten times the retention selected with the workers' compensation reinsurance association or one-third of the current annual modified premium of the members. ~~The requirements of this paragraph shall be modified if the self-insurer can demonstrate that through excess insurance, other than coverage provided by the workers' compensation reinsurance association, it can pay expected losses.~~

(b) Sufficient assets, net worth, and liquidity to promptly and completely meet all obligations of its members under chapter 176 or this chapter. In determining whether a group is in sound financial condition, consideration shall be given to the combined net worth of the member companies; the consolidated long-term and short-term debt to equity ratios of the member companies; any excess insurance other than reinsurance with the workers' compensation reinsurance association, purchased by the group from an insurer licensed in Minnesota or from an authorized surplus line carrier; other financial data requested by the commissioner or submitted by the group; and the combined workers' compensation experience of the group for the last four years.

Sec. 5. Minnesota Statutes 1990, section 79A.03, subdivision 9, is amended to read:

Subd. 9. [FILING REPORTS.] (a) Incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated outstanding liability for workers' compensation shall be reported to the commissioner by each self-insurer on a calendar year basis, in a manner and on forms available from the commissioner. Payroll information must be filed by April 1 of the following year, and loss information and total workers' compensation liability must be filed by August 1 of the following year.

(b) Each self-insurer shall, under oath, attest to the accuracy of each report submitted pursuant to paragraph (a). Upon sufficient cause, the commissioner shall require the self-insurer to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause shall include the following factors: where the losses reported appear significantly different from similar types of businesses; where major changes in the reports exist from year to year, which are not solely attributable to economic factors; or where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of that employer. If any discrepancy is found, the commissioner shall require changes in the self-insurer's or workers' compensation service company record keeping practices.

(c) With the annual loss report due August 1, each self-insurer shall report to the commissioner any workers' compensation claim from the previous year where the full, undiscounted value is estimated to exceed \$50,000, in a manner and on forms prescribed by the commissioner.

(d) Each individual self-insurer shall, within four months after the end of its fiscal year, annually file with the commissioner its latest 10K report required by the Securities and Exchange Commission. If an individual self-insurer does not prepare a 10K report, it shall file an annual certified financial statement, together with such other financial information as the commissioner may require to substantiate data in the financial statement.

(e) Each group self-insurer shall, within ~~four~~ six months after the end of the fiscal year for that group, annually file a statement showing the combined net worth of its members based upon an accounting review performed by a certified public accountant, together with such other financial information the commissioner may require to substantiate data in the group's summary statement.

(f) In addition to the financial statements required by paragraphs (d) and (e), interim financial statements or 10Q reports required by

the Securities and Exchange Commission may be required by the commissioner upon an indication that there has been deterioration in the self-insurer's financial condition, including a worsening of current ratio, lessening of net worth, net loss of income, the downgrading of the company's bond rating, or any other significant change that may adversely affect the self-insurer's ability to pay expected losses. Any self-insurer that files an 8K report with the Securities and Exchange Commission shall also file a copy of the report with the commissioner within 30 days of the filing with the Securities and Exchange Commission.

Sec. 6. Minnesota Statutes 1990, section 79A.04, subdivision 2, is amended to read:

Subd. 2. [MINIMUM DEPOSIT.] The minimum deposit is 110 percent of the private self-insurer's estimated future liability. Up to ten percent of that deposit may be used to secure payment of all administrative and legal costs relating to or arising from the employer's self-insuring. As used in this section, "private self-insurers' estimated future liability" means the private self-insurers' total of estimated future liability as determined by a member of the casualty actuarial society every two years for nongroup member private self-insurers, and every year for group member private self-insurers and, for a nongroup member private self-insurer's authority to self-insure, every year for the first five years. After the first five years, the nongroup member's total shall be as determined by a member of the casualty actuarial society every two years, and each such actuarial study shall include a projection of future losses during the two-year period until the next scheduled actuarial study, less payments anticipated to be made during that time. Estimated future liability is determined by first taking the total amount of the self-insured's future liability of workers' compensation claims and then deducting the total amount which is estimated to be returned to the self-insurer from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits or second injury benefits which are estimated to be reimbursed by the special compensation fund. Supplementary benefits or second injury benefits will not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the reports required thereunder are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the last retention limit selected by the self-insurer with the workers' compensation reinsurance association. The posting or depositing of security pursuant to this section shall release all previously posted or deposited security from any obligations under the posting or depositing and any surety bond so released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

Sec. 7. Minnesota Statutes 1990, section 79A.06, subdivision 5, is amended to read:

Subd. 5. [PRIVATE EMPLOYERS WHO HAVE CEASED TO BE SELF-INSURED.] Private employers who have ceased to be private self-insurers shall discharge their continuing obligations to secure the payment of compensation which is accrued during the period of self-insurance, for purposes of Laws 1988, chapter 674, sections 1 to 21, by compliance with all of the following obligations of current certificate holders:

(1) Filing reports with the commissioner to carry out the requirements of this chapter;

(2) Depositing and maintaining a security deposit for accrued liability for the payment of any compensation which may become due, pursuant to chapter 176. However, if a private employer who has ceased to be a private self-insurer purchases an insurance policy from an insurer authorized to transact workers' compensation insurance in this state which provides coverage of all claims for compensation arising out of injuries occurring during the period the employer was self-insured, whether or not reported during that period, the policy will discharge the obligation of the employer to maintain a security deposit for the payment of the claims covered under the policy. The policy may not be issued by an insurer unless it has previously been approved as to form and substance by the commissioner; and

(3) Paying within 30 days all assessments of which notice is sent by the security fund, for a period of seven years from the last day its certificate of self-insurance was in effect. Thereafter, the private employer who has ceased to be a private self-insurer may either: (a) continue to pay within 30 days all assessments of which notice is sent by the security fund until it has no incurred liabilities for the payment of compensation arising out of injuries during the period of self-insurance; or (b) pay the security fund a cash payment equal to four percent of the net present value of all remaining incurred liabilities for the payment of compensation under sections 176.101 and 176.111 as certified by a member of the casualty actuarial society. Assessments shall be based on the benefits paid by the employer during the ~~last full~~ calendar year of self-insurance ~~on claims incurred during that year~~ immediately preceding the calendar year in which the employer's right to self-insure is terminated or withdrawn.

In addition to proceedings to establish liabilities and penalties otherwise provided, a failure to comply may be the subject of a proceeding before the commissioner. An appeal from the commissioner's determination may be taken pursuant to the contested case procedures of chapter 14 within 30 days of the commissioner's written determination.

Any current or past member of the self-insurers' security fund is subject to service of process on any claim arising out of chapter 176 or this chapter in the manner provided by section 303.13, subdivision 1, clause (3), or as otherwise provided by law. The issuance of a certificate to self-insure to the private self-insured employer shall be deemed to be the agreement that any process which is served in accordance with this section shall be of the same legal force and effect as if served personally within this state.

Sec. 8. [79A.071] [CUSTODIAL ACCOUNTS.]

Subdivision 1. [DEPOSIT.] All securities shall be deposited with the state treasurer or in a custodial account with a depository institution acceptable to the state treasurer. Surety bonds shall be filed with the commissioner. The commissioner and the state treasurer may sell or collect, in the case of default of the employer or fund, the amount that yields sufficient funds to pay compensation due under the workers' compensation act.

Subd. 2. [ASSIGNMENT.] Securities in physical form deposited with the state treasurer must bear the following assignment, which shall be signed by an officer, partner, or owner: "Assigned to the state of Minnesota for the benefit of injured employees of the self-insured employer under the Minnesota workers' compensation act." Any securities held in a custodial account, whether in physical form, book entry, or other form, need not bear the assignment language. The instrument or contract creating and governing any custodial account must contain the following assignment language: "This account is assigned to the state treasurer by the Company to pay compensation and perform the obligations of employers imposed under Minnesota Statutes, chapter 176. A depositor or other party has no right, title, or interest in the security deposited in the account until released by the state."

Subd. 3. [CUSTODY.] All securities in physical form on deposit with the state treasurer and surety bonds on deposit shall remain in the custody of the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act. All original instruments and contracts creating and governing custodial accounts shall remain with the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act.

Subd. 4. [RELEASE.] No securities in physical form on deposit with the state treasurer or custodial accounts assigned to the state shall be released without an order from the commissioner.

Subd. 5. [EXCHANGING OR REPLACING.] Any securities deposited with the state treasurer or with a custodial account assigned to the state treasurer or surety bonds held by the commissioner may

be exchanged or replaced by the depositor with other acceptable securities or surety bonds of like amount so long as the market value of the securities or amount of the surety bond equals or exceeds the amount of deposit required. If securities are replaced by a surety bond, the self-insurer must maintain securities on deposit in an amount sufficient to meet all outstanding workers' compensation liability arising during the period covered by the deposit of the replaced securities, subject to the limitations on maximum security deposits established in Minnesota Rules, part 2780.2600.

Sec. 9. [REPEALER.]

Minnesota Rules, part 2780.0400, subparts 2, 3, 6, 7, and 8, are repealed."

(c) In the summary the commissioner shall, under the heading "Duty to Render Aid," summarize the requirements under section 609.662 and state the penalties for failure to render aid to a person injured by gunshot.

Sec. 2. [609.662] [SHOOTING VICTIM; DUTY TO RENDER AID.]

Subdivision 1. [DEFINITION.] As used in this section, "reasonable assistance" means aid appropriate to the circumstances, and includes obtaining or attempting to obtain assistance from a conservation or law enforcement officer, or from medical personnel.

Subd. 2. [DUTY TO RENDER AID.] (a) A person who discharges a firearm and knows or has reason to know that the discharge has caused bodily harm to another person, shall:

(1) immediately investigate the extent of the person's injuries; and

(2) render immediate reasonable assistance to the injured person.

punishment for any other crime committed by the defendant as part of the same conduct.

(2) otherwise, to imprisonment for not more than 90 days or to payment of a fine of not more than \$700, or both.

Subd. 4. [DEFENSE.] It is an affirmative defense to a charge under this section if the defendant proves by a preponderance of the evidence that the defendant failed to investigate or render assistance as required under this section because the defendant reasonably perceived that these actions could not be taken without a significant risk of bodily harm to the defendant or others.

Subd. 5. [WITNESSES; IMMUNITY FROM CIVIL LIABILITY.] Any person who is subject to the duty imposed by subdivision 3 who, without compensation or expectation of compensation, renders assistance to the injured person, is not liable for any civil damages as a result of acts or omissions by that person in rendering the assistance unless that person acts in a willful and wanton or reckless manner in rendering the assistance. Any person who is subject to the duty imposed by subdivision 3 who renders assistance during the course of regular employment and receives compensation or expects to receive compensation for rendering the assistance, shall be excluded from the protection of this subdivision.

Subdivision 1. [BUILDINGS.] Nothing contained in sections

65A.08 and 65A.09 shall be construed to preclude insurance against the cost, in excess of actual cash value at the time any loss or damage occurs, of actually repairing, rebuilding or replacing the insured property. Subject to any applicable policy limits, where an insurer offers replacement cost insurance, the insurance must cover the cost of replacing, rebuilding, or repairing any loss or damaged property in accordance with the minimum code as required by state or local authorities. In the case of a partial loss, unless more extensive coverage is otherwise specified in the policy, this coverage applies only to the damaged portion of the property. If a homeowner's policy does not provide replacement cost coverage for personal property, the declarations page of the policy shall so indicate by containing the term "nonreplacement cost" defined as actual cash value.

Sec. 2. [65A.44] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to this section and section 3.

Subd. 2. [INSURER.] "Insurer" means an insurer licensed to write insurance and writing residential renter's insurance in this state.

(1) a method of determining the relative benefits of grade crossing protection and improvement to the railroad, the road authority, and the public and cost-sharing guidelines;

(2) sources of funding for grade crossing protection and improvement;

(3) research needs for grade crossing safety; and

(4) recommendations for statutory changes to improve grade crossing safety.

Subd. 3. [REPORT.] The commissioner shall report to the governor and legislature not later than February 1, 1992, on the results of the study.

Sec. 2. Minnesota Statutes 1990, section 169.26, is amended to read:

169.26 [SPECIAL STOPS AT RAILROADS.]

Subdivision 1. [REQUIREMENTS.] (a) When any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this paragraph, the driver shall stop the vehicle not less than ten feet from the nearest railroad track and shall not proceed until safe to do so. These requirements apply when:

(1) a clearly visible electric or mechanical signal device warns of the immediate approach of a railroad train;

(2) a crossing gate is lowered warning of the immediate approach or passage of a railroad train; or

(3) an approaching railroad train is plainly visible and is in hazardous proximity.

(b) The fact that a moving train approaching a railroad grade crossing is visible from the crossing is prima facie evidence that it is not safe to proceed.

(c) The driver of a vehicle shall stop and remain standing and not traverse the grade crossing when a human flagger signals the approach or passage of a train. No person may drive a vehicle past a flagger at a railroad crossing until the flagger signals that the way is clear to proceed.

Subd. 1a. [VIOLATION.] A peace officer may arrest the driver of a motor vehicle if the peace officer has probable cause to believe that the driver has operated the vehicle in violation of subdivision 1 within the past four hours.

Subd. 2. [PENALTY.] (a) A person driver who violates this section subdivision 1 is guilty of a misdemeanor.

(b) The owner or, in the case of a leased vehicle, the lessee of a motor vehicle is guilty of a petty misdemeanor if a motor vehicle owned or leased by the person is operated in violation of subdivision 1. This paragraph does not apply to a lessor of a motor vehicle if the lessor keeps a record of the name and address of the lessee. This

paragraph does not apply if the motor vehicle operator is prosecuted for violating subdivision 1. A violation of this paragraph does not constitute grounds for revocation or suspension of the owner's or lessee's driver's license.

Subd. 3. [DRIVER TRAINING.] All driver education courses approved by the commissioner of education and the commissioner of public safety must include instruction on railroad-highway grade crossing safety. The commissioner of education and the commissioner of public safety shall by rule provide minimum standards of course content relating to operation of vehicles at railroad and highway grade crossings.

Subd. 4. [APPROPRIATION.] The fines collected for a violation of subdivision 1 must be deposited in the state treasury and credited to the transportation services fund.

Sec. 3. Minnesota Statutes 1990, section 171.13, subdivision 1, is amended to read:

Subdivision 1. [APPLICANTS.] Except as otherwise provided in this section, the commissioner shall examine each applicant for a driver's license by such agency as the commissioner directs. This examination must include a test of applicant's eyesight; ability to read and understand highway signs regulating, warning, and directing traffic; knowledge of traffic laws; knowledge of the effects of alcohol and drugs on a driver's ability to operate a motor vehicle safely and legally; knowledge of railroad grade crossing safety; an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle; and other physical and mental examinations as the commissioner finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways, provided, further however, no driver's license shall be denied an applicant on the exclusive grounds that the applicant's eyesight is deficient in color perception. Provided, however, that war veterans operating motor vehicles especially equipped for handicapped persons, shall, if otherwise entitled to a license, be granted such license. The commissioner shall make provision for giving these examinations either in the county where the applicant resides or at a place adjacent thereto reasonably convenient to the applicant.

Sec. 4. Minnesota Statutes 1990, section 171.13, is amended by adding a subdivision to read:

Subd. 1d. [RAILROAD CROSSING SAFETY.] The commissioner shall include in each edition of the driver's manual published by the department a section relating to safe operation of vehicles at railroad grade crossings.

Sec. 5. Minnesota Statutes 1990, section 219.074, is amended by adding a subdivision to read:

Subd. 3. [CROSSING INVENTORY.] By December 31, 1993, the commissioner shall complete an inventory of all public and private grade crossings in the state and shall annually revise the inventory to reflect grade crossing changes made under this section.

Sec. 6. [219.165] [SAFETY RULES AT PRIVATE RAILROAD GRADE CROSSINGS.]

By December 31, 1992, the commissioner shall adopt rules establishing minimum safety standards at all private railroad grade crossings in the state.

Sec. 7. [219.384] [REMOVAL OF DANGEROUS OBSTRUCTIONS.]

Subdivision 1. [REMOVAL ORDERED.] If a railroad company, road authority, or abutting property owner fails to control the growth of trees or vegetation or the placement of structures or other obstructions on its right-of-way or property so as to interfere with the safety of the public traveling on a public or private grade crossing, the local governing body of the town or municipality where the grade crossing is located may, by notice, require the obstruction to be removed as necessary to provide an adequate view of oncoming trains at the crossings. The commissioner shall adopt rules establishing minimum standards for visibility at public and private grade crossings.

Subd. 2. [PENALTY.] A railroad company, road authority, or property owner that fails to comply with this section within 30 days after being notified in writing is subject to a penalty of \$50 for each day that the condition is uncorrected. This penalty may be recovered in the manner provided in section 219.97, subdivision 5.

Sec. 8. Minnesota Statutes 1990, section 219.402, is amended to read:

219.402 [ADEQUATE CROSSING PROTECTION.]

Crossing safety devices or improvements installed or maintained under this chapter as approved by the board, or the commissioner, whether by order or otherwise, are adequate and appropriate protection for the crossing.

ARTICLE 4
LOCAL HIGHWAY FINANCE

Section 1. Minnesota Statutes 1990, section 103G.301, is amended by adding a subdivision to read:

Subd. 5a. [TOWN FEES LIMITED.] Notwithstanding this section or any other law, no permit application or field inspection fee charged to a town in connection with the construction or alteration of a town road, bridge, or culvert shall exceed \$100.

Sec. 2. [160.82] [RUSTIC ROADS PROGRAM.]

Subdivision 1. [DESIGNATION.] A road authority other than the commissioner may, by resolution, designate a road or highway under its jurisdiction as a rustic road. A rustic road must have the characteristics of outstanding natural features or rustic or scenic beauty; a daily traffic volume of less than 150 vehicles per day; year-round use as a local access road; and maximum allowable speed of 45 miles per hour.

Subd. 2. [LOCAL AUTHORITY.] The road authority has the same authority over rustic roads as over other highways and roads under its jurisdiction. The road authority may designate the type and character of vehicles that may be operated on the rustic road; designate a rustic road or portion of the road as a pedestrian way or bicycle way, or both; and establish priority of right-of-way, paint lines, and construct dividers to physically separate vehicular, bicycle, or pedestrian traffic.

Subd. 3. [JOINT DESIGNATION.] Two or more road authorities may jointly designate a rustic road along a common boundary or into or through their jurisdictions. The road authorities may enter into agreements to divide the costs and responsibility for maintaining the rustic road.

Subd. 4. [COSTS.] A rustic road must be maintained by the road authority having jurisdiction over the road and is not eligible for state-aid funding. State money must not be spent to construct, reconstruct, maintain, or improve a rustic road, except that the commissioner shall pay from the transportation services fund the costs of publishing a map of rustic roads within the state and installing and maintaining signs designating rustic roads.

Sec. 3. [160.83] [STREETS AND HIGHWAYS WITHIN PARKS.]

Subdivision 1. [DEFINITION.] "Park road" means that portion of a street or highway located entirely within the park boundaries of or abutting a city, county, regional, or state park.

Subd. 2. [RESTRICTIONS.] A road authority may not make any changes in the width, grade, or alignment of a park road, other than a county state-aid highway or municipal state-aid street, that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain, other than changes required to permit the safe travel of vehicles at the speed lawfully designated for that park road. A road authority may not make any changes in the width, grade, or alignment of a park road that is a county state-aid highway or municipal state-aid street that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain, other than changes required by the minimum state-aid standard applicable to that road.

Subd. 3. [LIABILITY.] A road authority making changes in a park road described in subdivision 1, and its officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on that park road and related to the design of that park road, if the design is adopted to conform to this section, the design complies with the minimum state-aid standards applicable to the road, and the design is not grossly negligent. This subdivision does not preclude an action for damages arising from negligence in the construction, reconstruction, or maintenance of a park road.

Sec. 4. [161.361] [ADVANCE FUNDING FOR TRUNK HIGHWAY PROJECTS.]

Subdivision 1. [ADVANCE FUNDING.] A road authority other than the commissioner may by agreement with the commissioner make advances from any available funds to the commissioner to expedite construction of all or part of a trunk highway within its boundaries. Money may be advanced under this section only for projects already included in the commissioner's highway work program.

Subd. 2. [REPAYMENT.] Subject to the availability of state money, the commissioner shall repay without interest the amount advanced under subdivision 1, up to the state's share of project costs, at the time the project is scheduled for completion in the highway work program. The total amount of annual repayment to road authorities under this section must never exceed the amount stated in the department's debt management policy or \$10 million, whichever is less.

Subd. 3. [LOCAL COST SHARING FOR TRUNK HIGHWAY IMPROVEMENTS.] The commissioner may accept gifts, contributions, or grants from a local government body for trunk highway construction, reconstruction, improvement, or maintenance of trunk highways within its boundaries. Money accepted by the commissioner under this subdivision must not adversely affect the sched-

uling of other trunk highway projects that are not funded in whole or in part by local contributions.

Sec. 5. Minnesota Statutes 1990, section 162.02, subdivision 3a, is amended to read:

Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.] The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.021 or 162.07, subdivision 2. A political subdivision in which a county state-aid highway is located or is proposed to be located may submit a written request to the commissioner for a variance for that highway. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. For purposes of this subdivision, with respect to a variance required for a county state-aid highway that is a park road as defined in section 160.83, subdivision 1, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park agency.

Sec. 6. [162.021] [NATURAL PRESERVATION ROUTES.]

Subdivision 1. [NATURAL PRESERVATION ROUTES ESTABLISHED.] The commissioner shall create within the county state-aid highway system a system of natural preservation routes. The commissioner shall provide for criteria for inclusion in the system and for the adoption of standards for the design of routes on the system.

Subd. 2. [CRITERIA.] The criteria for inclusion on the natural preservation route system must provide for the inclusion in the system of those county state-aid highways that possess unique scenic, environmental, aesthetic, recreational, or historic characteristics that would be harmed by construction or reconstruction using standards applicable to county state-aid highways that are not part of the natural preservation route system.

Subd. 3. [STANDARDS.] The design standards adopted by the commissioner for natural preservation routes must provide for the preservation of the characteristics described in subdivision 2, to the extent consistent with public safety. The standards must provide for minimum width of vehicle recovery areas, minimum slopes, and

minimum ditch widths, consistent with anticipated speed and volume of traffic on the highway.

Subd. 4. [DESIGNATION.] The commissioner may designate a county state-aid highway as a natural preservation route only on petition of the governing body of the county having jurisdiction over the road. On receiving a petition for designation the commissioner shall appoint an advisory committee consisting of seven members. An advisory committee must include at least one representative of the department of natural resources or the United States department of agriculture forest service, one county commissioner, one county highway engineer, and one representative of a recognized environmental organization. The advisory committee shall consider the petition for designation and make a recommendation to the commissioner. Following receipt of the committee's recommendation the commissioner may designate the highway as a natural preservation route.

Subd. 5. [SIGNS.] The county having jurisdiction over a natural preservation route must post signs at each entry point to the route informing the public that the highway is a natural preservation route. Signs erected under this subdivision are prima facie evidence of adequate notice to the public that the highway has been designated a natural preservation route.

Subd. 6. [LIABILITY.] When a county state-aid highway has been designated a natural preservation route, constructed in accordance with the standards established by the commissioner under subdivision 1, and signs have been erected as provided in subdivision 5, the state and the county having jurisdiction over the highway, and their officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on the highway and related to the standards for its design, if the design standards comply with the standards established by the commissioner under subdivision 1. This subdivision does not preclude an action for damages arising from negligence in the construction, reconstruction, or maintenance of a natural preservation route.

Sec. 7. Minnesota Statutes 1990, section 162.09, subdivision 3a, is amended to read:

Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.] The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.13, subdivision 2. A political subdivision in which a municipal state-aid street is located or is proposed to be located may submit a written request to the commissioner for a variance for that street. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a

written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. For purposes of this subdivision, with respect to a variance requested for a municipal state-aid street that is a park road as defined in section 160.83, subdivision 1, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.

Sec. 8. Minnesota Statutes 1990, section 221.033, is amended by adding a subdivision to read:

Subd. 4. [VARIANCE.] The commissioner may adopt rules to provide a procedure to grant variances from regulations adopted under subdivision 1, and contained in Code of Federal Regulations, title 49, part 180. The variances must apply only to cargo tanks with a capacity of 3,000 gallons or less that transport gasoline in intrastate commerce in Minnesota and were first used in transportation before August 1, 1991. The commissioner shall establish inspection, testing, and registration requirements to ensure the safety of cargo tanks operated under a variance granted under this subdivision.

Sec. 9. [BICYCLE FACILITIES.]

The commissioner of transportation shall seek federal funding under United States Code, title 23, section 217, subsection (b), for the establishment of facilities for bicycle transportation.

The council shall make its appointments from the nominations submitted to it to the extent possible consistent with the other requirements of this paragraph and with the appointment of a board that fairly reflects the diverse areas and constituencies affected by transit.~~

(c) The governor shall appoint, in addition to the chair, two persons, one who is age 65 or older at the time of appointment, and one with a disability. These appointments must be made following the procedures of section 15.0597. In addition, at least 30 days before the expiration of a term or upon the occurrence of a vacancy in the office held by a senior citizen or a person with a disability, the

governor shall request nominations from organizations of senior citizens and persons with disabilities. Each organization shall nominate at least two persons. The governor shall consider the nominations submitted.

(d) No more than three of the members appointed under paragraphs (b) and (c) may be residents of the same statutory or home rule city or town, and none may be a member of the joint light rail transit advisory committee established under section 473.3991.

Sec. 4. Minnesota Statutes 1990, section 473.399, is amended to read:

473.399 [LIGHT RAIL TRANSIT; REGIONAL PLAN.]

Subdivision 1. [GENERAL REQUIREMENTS.] (a) The transit board shall adopt a regional light rail transit plan, as provided in this section, to ensure that light rail transit facilities in the metropolitan area will be acquired, developed, owned, and capable of operation in an efficient, cost-effective, and coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities. To the extent practicable, the board shall incorporate into its plan appropriate elements of the plans of regional railroad authorities in order to avoid duplication of effort.

(b) The regional plan required by this section must be adopted by the board before any regional railroad authority may begin construction of light rail transit facilities and before any authority is eligible for state financial assistance for constructing light rail transit facilities. Following adoption of the regional plan, each regional railroad authority or other developer of light rail transit in the metropolitan area shall act in conformity with the plan. Each authority or proposer shall prepare or amend its comprehensive plan and preliminary and final design plans as necessary to make the plans consistent with the regional plan.

(c) Throughout the development and implementation of the plan, the board shall contract for or otherwise obtain engineering services to assure that the plan adequately addresses the technical aspects of light rail transit.

(d) The board may periodically review the plan and may make modifications or amendments to the plan.

Subd. 2. [DEVELOPMENT AND FINANCIAL PLAN.] (a) The board shall adopt a regional development and financial plan for light rail transit composed of the following elements:

(1) a staged development plan of light rail transit corridors;

(2) a statement of needs, objectives, and priorities for capital development and service for a prospective ten-year period, considering service needs, ridership projections, and other relevant factors for the various segments of the system, along with a statement of the fiscal implications of these objectives and priorities, and policies and recommendations for long-term capital financing;

(3) a capital investment component for a five-year period following the commencement of construction of facilities, with policies and recommendations for ownership of facilities and for financing capital and operating costs.

(b) For any segments of rail line that may be constructed below the surface elevation, the plan must estimate the additional capital costs, debt service, and subsidy level that are attributable to the below grade construction. The plan must include a method of financing the operation of light rail transit that depends on property tax revenue for no more than 35 percent of the operations cost.

(c) The board shall prepare the initial plan in consultation with its light rail transit advisory committee. The board shall submit the plan and amendments to the plan to the metropolitan council for review and approval or disapproval, for conformity with the council's transportation plan. The council has 90 days to complete its review.

Subd. 3. [COORDINATION PLAN.] (a) The board shall adopt a regional coordination plan for light rail transit. The plan must include:

(1) a method for organizing and coordinating acquisition, construction, ownership, and operation of light rail transit facilities, including in particular, coordination of vehicle specifications, provisions for a single light rail transit operator for the system, and the organization and coordination method required if a turn-key approach to facility acquisition is used by a regional railroad authority;

(2) specifications and standards to ensure joint or coordinated procurement of rights-of-way, track, vehicles, electrification, communications and ticketing facilities, yards and shops, stations, and other facilities that must be or should be operated on a systemwide basis;

(3) systemwide operating and performance specifications and standards;

(4) bus and park-and-ride coordination policies, standards, and plans to assure maximum use of light rail transit and the widest possible access to light rail transit in both urban and suburban areas;

(5) a method for ensuring ongoing coordination of development, design, and operational plans for light rail facilities;

(6) provision for the operation of light rail transit by the metropolitan transit commission; and

(7) other matters that the board deems prudent and necessary to ensure that light rail transit facilities are acquired, developed, owned, and capable of operation in an efficient, cost-effective, and coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities.

(b) The joint light rail transit advisory committee shall prepare and recommend the initial plan to the board. The board shall review the plan within 90 days and either adopt it or disapprove it and return it to the committee with the modifications that the board recommends before adoption of the plan. The committee shall take into consideration the board's recommendations and resubmit the plan to the board for review and adoption or disapproval.

(c) The metropolitan council shall review and comment on the plan and amendments to the plan.

Sec. 5. Minnesota Statutes 1990, section 473.3991, subdivision 1, is amended to read:

Subdivision 1. [CREATION; PURPOSE.] The transit board shall establish a joint light rail transit advisory committee, to assist the board in planning light rail transit facilities and in coordinating the light rail transit activities of the county regional railroad authorities and the transit commission. The committee shall perform the duties specified in section 473.399 and Laws 1989, chapter 339, section 20, ~~and shall otherwise assist the board upon request of the board.~~

Sec. 6. Minnesota Statutes 1990, section 473.3991, is amended by adding a subdivision to read:

Subd. 5. [TERMINATION.] The committee ceases to exist on the day following final enactment.

Sec. 7. Minnesota Statutes 1990, section 473.3993, subdivision 2, is amended to read:

Subd. 2. [PRELIMINARY DESIGN PLAN.] "Preliminary design plan" means a light rail transit plan that ~~identifies~~ includes:

(1) preliminary plans for the physical design of facilities, at approximately the ten percent engineering level, including location,

length, and termini of routes; general dimension, elevation, alignment, and character of routes and crossings; whether the track is elevated, on the surface, or below ground; approximate station locations; and related park and ride, parking, and other transportation facilities; and a plan for handicapped access; and

(2) preliminary plans for intermodal coordination with bus operations and routes; ridership; capital costs; operating costs and revenues; and ~~funding for final design, construction, and operation; and an implementation method.~~

Sec. 8. Minnesota Statutes 1990, section 473.3993, is amended by adding a subdivision to read:

Subd. 2a. [PRELIMINARY ENGINEERING PLAN.] "Preliminary engineering plan" means a light rail transit engineering plan that includes plans for the physical design of the facilities at approximately the 30 percent engineering level; a funding plan for final design, construction, and operation; and an implementation method.

Sec. 9. Minnesota Statutes 1990, section 473.3993, subdivision 3, is amended to read:

Subd. 3. [FINAL DESIGN PLAN.] "Final design plan" means a light rail transit plan that includes the items in the preliminary design and preliminary engineering plan for the facilities proposed for construction, but with greater detail and specificity. The final design plan must include, at a minimum:

(1) final plans for the physical design of facilities, including the right-of-way definition; environmental impacts and mitigation measures; intermodal coordination with bus operations and routes; and civil engineering plans for vehicles, track, stations, parking, and access, including handicapped access; and

(2) final plans for civil engineering for electrification, communication, and other similar facilities; operational rules, procedures, and strategies; capital costs; ridership; operating costs and revenues; financing for construction and operation; an implementation method; and other similar matters.

The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.

Sec. 10. Minnesota Statutes 1990, section 473.3994, is amended to read:

473.3994 [LIGHT RAIL TRANSIT; ~~DESIGN~~ FACILITY PLANS.]

Subd. 1a. [PRELIMINARY DESIGN PLANS.] The regional transit board shall establish a procedure for preparing preliminary design plans for light rail transit facilities. The procedure must ensure that preliminary design plans implement the board's regional transit plan and qualify for federal funds in accordance with the board's plan, and that proposals for engineering and construction projects are prepared in a timely and cost-effective manner.

Subd. 2. [PRELIMINARY DESIGN AND ENGINEERING PLANS; PUBLIC HEARING.] ~~Before preparing final design plans for a light rail transit facility, the A political subdivision proposing the that has prepared preliminary design and preliminary engineering plans for a proposed facility must hold a public hearing on the physical design component of the preliminary design plans and the preliminary engineering plans. The proposer must provide appropriate public notice of the hearing and publicity to ensure that affected parties have an opportunity to present their views at the hearing.~~

Subd. 3. [PRELIMINARY DESIGN AND PRELIMINARY ENGINEERING PLANS; LOCAL APPROVAL.] At least 30 days before the hearing under subdivision 2, the proposer shall submit the physical design component of the preliminary design plans to the governing body of each statutory and home rule charter city, county, and town in which the route is proposed to be located. The city, county, or town shall hold a public hearing, except that a county board need not hold a hearing if the county board membership is identical to the membership of the regional railroad authority submitting the plan for review. Within 45 days after the hearing under subdivision 2, the city, county, or town shall review and approve or disapprove the plans for the route to be located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within 45 days after the hearing is deemed to be approval, unless an extension of time is agreed to by the city, county, or town and the proposer.

Subd. 4. [PRELIMINARY DESIGN AND PRELIMINARY ENGINEERING PLANS; REGIONAL TRANSIT BOARD REFERRAL.] If the governing body of one or more cities, counties, or towns disapproves the preliminary design or preliminary engineering plans within the period allowed under subdivision 3, the proposer may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall hold a hearing on the plans, giving the proposer, any disapproving local governmental units, and other persons an opportunity to present their views on the plans. The board may conduct independent study as it deems desirable and may mediate and attempt to resolve disagreements

about the plans. Within 90 days after the referral, the board shall review the plans submitted by the proposer and may recommend amended plans to accommodate the objections presented by the disapproving local governmental units.

Subd. 5. [FINAL DESIGN PLANS.] (a) Before beginning construction, the proposer shall submit the physical design component of final design plans to the governing body of each statutory and home rule city, county, and town in which the route is proposed to be located. Within 60 days after the submission of the plans, the city, county, or town shall review and approve or disapprove the plans for the route located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within the time period is deemed to be approval, unless an extension is agreed to by the city, county, or town and the proposer.

(b) If the governing body of one or more cities, counties, or towns disapproves the plans within the period allowed under paragraph (a), the proposer may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall review the final design plans under the same procedure and with the same effect as provided in subdivision 4 for preliminary design plans.

Subd. 6. [COUNTY APPROVAL.] The proposer of a light rail transit facility in the metropolitan area ~~must~~ shall submit the preliminary and final design plans for the facility to the governing board of the county in which the route is proposed to be located for approval or disapproval. The proposer of the facility may not proceed with construction of the facility without the approval of the county.

Subd. 7. [COUNCIL REVIEW.] Before proceeding with construction of a light rail transit facility, a ~~regional rail authority established under chapter 398A~~ must the proposer of the facility shall submit preliminary design plans, preliminary engineering plans, and final design plans to the metropolitan council. The council ~~must~~ shall review the plans for consistency with the council's development guide and comment on the plans.

Subd. 8. [METROPOLITAN SIGNIFICANCE.] This section does not diminish or replace the authority of the council under section 473.173.

Sec. 11. Minnesota Statutes 1990, section 473.3996, is amended to read:

473.3996 [LIGHT RAIL TRANSIT FACILITY DESIGN PLANS; REVIEW BY BOARD.]

Subdivision 1. [PRELIMINARY DESIGN AND ENGINEERING PLANS; BOARD REVIEW.] Before submitting the physical design component of final design plans of a light rail transit facility for local review under section 473.3994, subdivision 5, the proposer shall submit preliminary design and preliminary engineering plans to the regional transit board for review. The board shall review the preliminary design plans to determine the compatibility of the plans with other light rail transit plans and facilities in the metropolitan area, the adequacy of the plans for operation and maintenance of facilities, the adequacy of the plans for handicapped accessibility, and the conformity of the plans with the council's transportation policy plan and the board's regional light rail transit plan prepared under section 473.399. The board shall submit the plans to the metropolitan transit commission for recommendations on specifications and other matters affecting operation and maintenance of facilities. The board shall submit the plans to the council for recommendations on the conformity of the plans with the council's transportation policy plan. The board may comment on any aspect of the plans. The board has 90 days to complete its review, unless an extension of time is agreed to by the proposer. If the board determines that the plans do not satisfy the standards stated in this subdivision, the board shall recommend modifications in the plans that are necessary in order to satisfy the board. After adopting or amending the regional plan required by section 473.399, the board may again review any previously reviewed preliminary design plans and recommend modifications that are necessary to satisfy the board.

Subd. 2. [FINAL DESIGN PLANS; BOARD APPROVAL.] Before acquiring or constructing light rail transit facilities, other than land for right of way, the proposer shall submit final design plans to the regional transit board for review. The board shall review the final design plans under the same procedure and schedule and according to the same standards as provided for its review of preliminary design plans. The board shall either approve the plans, or if it determines that the plans do not satisfy the standards, disapprove the plans, in whole or in part, and recommend modifications in the plans that are necessary to secure approval. A proposer may not proceed with acquisition or construction of a light rail transit facility, other than land for right of way, unless the final design plans for the facility have been approved by the board. Following approval of final design plans by the board, if a regional railroad authority wishes to select a bid or a response to a request for proposal that is more than ten percent higher than the capital costs indicated in the final design plans for the facility, the authority may not proceed with construction until it has resubmitted the final design plans to the transit board for further review and approval or disapproval. The board has ten working days to review and approve or disapprove and recommend modification, unless an extension of time is agreed to by the authority.

Sec. 12. [473.3997] [LIGHT RAIL TRANSIT JOINT POWERS BOARD.]

A light rail transit joint powers board shall be formed under section 471.59 to implement light rail transit final design and construction of the corridors funded solely with federal and county funds. The board shall consist of a voting member from the metropolitan transit commission, the department of transportation, the regional transit board, the metropolitan council, and the regional rail authorities of Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, and Carver counties, plus an additional voting member from a county regional rail authority with a corridor in which final design has begun.

Sec. 13. [FEDERAL FUNDING; LIGHT RAIL TRANSIT.]

(a) By July 1, 1992, the regional transit board, the regional rail authorities, and the commissioner of transportation shall prepare a joint application for federal assistance for light rail transit facilities in the metropolitan area. The application must be reviewed and approved by the metropolitan council before it is submitted. The board, the rail authorities, and the commissioner must consult with the council in preparing the application. The application may provide for metropolitan regional railroad authorities to design or construct light rail transit facilities under contract with the commissioner.

(b) Until the application described in paragraph (a) is submitted, no political subdivision in the metropolitan area may on its own apply for federal assistance for light rail transit planning or construction.

Sec. 14. [LIGHT RAIL FUNDING.]

If funds are appropriated by the legislature for construction of light rail transit facilities, the funds must be used first for construction of the central corridor in accordance with section 15.

Sec. 15. [CENTRAL CORRIDOR FACILITIES.]

Subdivision 1. [CONSTRUCTION.] The commissioner of transportation shall review and approve preliminary engineering plans, prepare final design plans, and construct light rail transit facilities in the central corridor. The commissioner shall submit final design plans for review in the manner provided under Minnesota Statutes, sections 473.3994 and 473.3996.

Subd. 2. [TUNNEL.] The commissioner may not construct underground light rail transit facilities, except that the commissioner may enter into agreements providing for underground construction

if the additional costs of underground construction are paid by the city or the regional railroad authority in which the facility is located.

Subd. 3. [OWNERSHIP.] By January 1, 1993, the commissioner shall present to the legislature a plan for transferring or sharing ownership in the land and facilities for light rail transit, and providing for maintenance of the facilities. The plan must be prepared in consultation with the regional transit board, the metropolitan transit commission, and affected local government units.

Subd. 4. [REPORT TO BOARD.] The commissioner shall report to the transportation study board on the status of the preliminary engineering plans, including cost estimates, for the central corridor by November 15, 1991.

Sec. 16. [APPLICATION.]

Sections 1 to 15 apply in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

Sec. 17. [EFFECTIVE DATE.]

Sections 5, 6, and 12 are effective July 1, 1991.

ARTICLE 7

TRANSPORTATION STUDIES

Section 1. [161.53] [RESEARCH ACTIVITIES.]

The commissioner may set aside for transportation research in each fiscal year an amount up to one percent of the total amount of all funds appropriated to the commissioner other than county state-aid and municipal state-aid highway funds. The commission shall expend this money for (1) research to improve the design, construction, maintenance, management, and environmental compatibility of transportation systems; (2) research to improve the development of transportation policies with respect to energy efficiency and economic development; (3) programs for implementing and monitoring research results; and (4) developing transportation education and outreach activities. Of all funds appropriated to the commissioner other than state-aid funds, the commissioner shall expend 0.1 percent, but not exceeding \$800,000 in any fiscal year, for research and related activities performed by the center for transportation studies of the University of Minnesota. The center shall establish a technology transfer and training center for Minnesota transportation professionals.

Sec. 2. [DEPARTMENT OF TRANSPORTATION; CORRIDOR STUDIES.]

Subdivision 1. [FINDING.] The legislature finds that a system of improved highways between regional centers in greater Minnesota and the Twin Cities metropolitan area is needed to promote economic development and to enhance commercial access, personal mobility, and traffic safety in Minnesota. It is therefore in the public interest to provide financing methods that accelerate construction of trunk highways linking regional centers in greater Minnesota with the Twin Cities metropolitan area.

Subd. 2. [STUDY.] The commissioner of transportation shall study and report to the governor and legislature the feasibility and desirability of establishing a comprehensive system of multilane divided highways connecting all regional centers with the Twin Cities metropolitan area. The study must include:

(1) existing highways on corridors between regional centers and the metropolitan area;

(2) improvements to bring all highways in these corridors to expressway standards;

(3) the cost of these improvements;

(4) the role of these improvements in the department of transportation's trunk highway programming priorities; and

(5) a schedule for completing these improvements.

The commissioner shall complete the study and submit the report not later than January 15, 1992.

Sec. 3. [3.862] [TRANSPORTATION STUDY BOARD.]

Sec. 5. [3.864] [SPECIAL STUDIES.]

Subdivision 1. [STUDIES.] The board shall conduct the studies in subdivisions 2 to 7 by January 1, 1993. The board may request the commissioner of transportation to conduct any of the studies and report to the board and the legislature.

Subd. 2. [HIGHWAY PLANNING PROCESS.] The board shall review the department of transportation's policies and procedures for identifying, evaluating, prioritizing, and implementing trunk highway development projects. The board shall not propose, iden-

tify, or otherwise select any specific project or category of projects. The board shall report to the legislature and the commissioner of transportation on the results of the study with recommendations:

(1) to the commissioner of transportation with respect to changes in the department's policies and procedures; and

(2) to the legislature with respect to changes in law governing those policies and procedures.

Subd. 3. [HIGHWAY JURISDICTION.] The board shall conduct a study of the functional classification of all streets and highways in Minnesota. The study shall include:

(1) development of a state jurisdiction plan, which must include:

(i) criteria for determining the functional class of each street and highway in the state;

(5) appropriate levels of state participation in the cost of constructing and maintaining county state-aid highways and municipal state-aid streets.

Subd. 6. [LOCAL PARTICIPATION IN TRUNK HIGHWAY PROJECTS.] The board shall study the appropriate role of local units of government in assisting in the cost of projects to construct or reconstruct trunk highways. The study must include a recommendation of guidelines to govern the extent of that participation and the types of projects for which participation is feasible and desirable.

Subd. 7. [INCREASED USE OF HIGH-OCCUPANCY VEHICLES.] The board shall study the feasibility and desirability of increasing incentives for the use of high-occupancy vehicles such as carpools, vanpools, and transit. The board shall study and evaluate, among other things, each of the following incentives:

(1) tax incentives to employees;

(2) tax incentives and other incentives to employers;

(3) parking charges designed to discourage single-occupant vehicles and promote high-occupancy vehicles;

(4) road pricing on freeways and other commuting routes;

(5) staggered work hours;

(6) expanded availability and reduced cost of regular-route transit; and

(7) increased use of demand-responsive transit to meet the needs of persons otherwise automobile dependent.

ARTICLE 8
METROPOLITAN TRANSIT SERVICE

Section 1. Minnesota Statutes 1990, section 473.375, subdivision 15, is amended to read:

Subd. 15. [PERFORMANCE STANDARDS.] The board may establish performance standards for recipients of financial assistance, except that performance standards for recipients of financial assistance under section 473.388 shall be established after consultation with such recipients.

Sec. 2. Minnesota Statutes 1990, section 473.377, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] The transit board shall prepare, submit to the council, and adopt an implementation plan as provided in section 473.161. The services and systems management component of the board's plan must include a description of the special transportation service provided under section 473.386. The board shall prepare an implementation plan meeting the requirements of this section and submit the plan to the council by August 1, 1986, and thereafter at a time prescribed by the council. The components of the implementation plan that are applicable to recipients of financial assistance under section 473.388 shall be prepared after consultation with such recipients.

Sec. 3. Minnesota Statutes 1990, section 473.388, is amended to read:

473.388 [~~REPLACEMENT~~ OPT-OUT TRANSIT SERVICE PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHED.] ~~A replacement~~ An opt-out transit service program is established to continue the metropolitan transit service demonstration program established in Minnesota Statutes 1982, section 174.265, as provided in this section.

Subd. 2. [~~REPLACEMENT~~ OPT-OUT TRANSIT SERVICE; ELIGIBILITY.] The transit board ~~may~~ shall provide assistance under the program to a statutory or home rule charter city or town or combination thereof, that:

(a) is located in the metropolitan transit taxing district;

(b) is not served by the transit commission or is served only with transit commission bus routes which begin or end within the applying city or town or combination thereof; and

(c) has fewer than four scheduled runs of metropolitan transit commission bus service during off-peak hours defined in section 473.408, subdivision 1.

Eligible cities or towns or combinations thereof may apply on behalf of a transit operator with whom they propose to contract for service.

The board may not provide assistance under this section to a statutory or home rule charter city or town unless the city or town,

(i) was receiving assistance under Minnesota Statutes 1982, section 174.265 by July 1, 1984,

(ii) had submitted an application for assistance under that section by July 1, 1984, or

(iii) had submitted a letter of intent to apply for assistance under that section by July 1, 1984, and submits an application for assistance under this section by July 1, 1988. A statutory or home rule charter city or town has an additional 12-month extension if it has notified the board before July 1, 1988, that the city or town is in the process of completing a transportation evaluation study that includes an assessment of the local transit needs of the city or town.

Subd. 3. [APPLICATION FOR ASSISTANCE.] An application for assistance under this section must:

(a) describe the existing service provided to the applicant by the transit commission, including the estimated number of passengers carried and the routes, schedules, and fares;

(b) describe the transit service proposed for funding under the demonstration program, including the anticipated number of passengers and the routes, schedules, and fares; and

(c) indicate the total amount of available local transit funds, the portion of the available local transit funds proposed to be used to subsidize ~~replacement~~ opt-out services, and the amount of assistance requested for the ~~replacement~~ opt-out services.

Subd. 4. [FINANCIAL ASSISTANCE.] The board ~~may~~ shall grant the requested financial assistance if it determines that the proposed service is consistent with the approved implementation plan and is intended to replace or increase the service to the applying city or town or combination thereof by the transit commission and that the proposed service will meet the needs of the applicant at least as efficiently and effectively as the existing service, if any, and that the assistance will be used for transit-related purposes.

The amount of assistance which the board ~~may~~ shall provide under this section ~~may not exceed the sum of:~~

(a) is the portion of the available local transit funds which the applicant proposes to use to subsidize the costs of the proposed service; and, including, but not limited to, costs of operations, personnel, administration, equipment, and property.

(b) an amount of financial assistance bearing an identical proportional relationship to the amount under clause (a) as the total amount of financial assistance to the transit commission bears to the total amount of taxes collected by the board under section 473.446. The board shall pay the amount to be provided to the recipient from the assistance the board would otherwise pay to the transit commission.

The board shall also provide an amount equal to one-sixth of the cost of the proposed service, recalculated annually, for the purpose of budget reserve. The budget reserve to be retained by recipients of financial assistance under this section may not exceed one-sixth of the current year cost of providing service. A budget reserve may not be budgeted or retained by a recipient under this section during any budget year in which the cost of providing service by that recipient equals or exceeds the total amount of available local transit funds.

The board shall disburse assistance to the recipient in advance, by monthly payments on or before the first day of each month of the year for which assistance is requested by the recipient.

Assistance provided by the board to the recipient must be spent for transit-related purposes. Assistance that is not spent in the budget year in which it is provided must be deposited with the board, who will place emphasis on the expenditure of these funds for suburban transit service.

For purposes of this section "available local transit funds" means 90 percent of the tax revenues which would accrue to the board from the ~~tax it levies~~ certified tax levy under section 473.446 in the applicant city or town or combination thereof, including the revenues which would accrue from the homestead and agricultural credit aid and disparity reduction aid.

Subd. 5. [OTHER ASSISTANCE.] A city or town receiving assistance under this section may also receive assistance from the board under section 473.384. In applying for assistance under that section an applicant must describe the portion of the available local transit funds which are not obligated to subsidize replacement service and which the applicant proposes to use to subsidize additional service. An applicant which has exhausted its available local transit funds may use any other local subsidy funds to complete the required local share.

Subd. 6. [ASSUMPTION OF PROGRAM.] The board shall certify to the commissioner of transportation when it has adopted an approved interim implementation plan and is ready to assume responsibility for the metropolitan transit service demonstration program administered by the commissioner under Minnesota Statutes 1982, section 174.265. On receipt of the certification the commissioner shall make no further contracts under that program and shall assign all contracts then in effect under that program to the board, and the contracts at that time become obligations of the board.

Subd. 7. [BUDGET.] A recipient of assistance under this section shall prepare an annual budget and, after holding a public hearing on the budget, shall submit the budget to the board for review. The board shall review and comment on the consistency of the budget with its implementation plan.

Sec. 4. [STUDIES REQUIRED.]

(a) The metropolitan council, in consultation with the board and after consultation with participants in the opt-out transit service program, must conduct a study of the costs of planning, administering and managing transit services in the metropolitan area, including the costs of coordinating and integrating services provided by different transit operators or authorities. The council, in consultation with the board, must direct its staff to examine whether the percentage of property tax revenues raised in communities participating in the program under Minnesota Statutes, section 473.388, which accrues to the board from the tax it levies under Minnesota Statutes, section 473.446, is adequate to finance those communities' prorated share of these costs. The council, in consultation with the board, must make a recommendation to the legislature on the appropriate percentage of property tax revenues to be used to finance these costs.

(b) The council, in consultation with the board and after consultation with participants in the opt-out transit service program, must conduct a study of the interaction between the funding mechanisms of the program under Minnesota Statutes, section 473.388, and the reductions of levied taxes made pursuant to Minnesota Statutes, section 473.446, subdivision 1. The council, in consultation with the board, must direct its staff to study the interaction of these provisions, including the effect of the interaction on the financing of transit services in the metropolitan area.

(c) The council must report to the legislature on the results of these studies on or before February 15, 1992.

Sec. 5. [APPLICATION.]

Sec. 3. [296.171] [FUEL TAX COMPACTS.]

Subdivision 1. [AUTHORITY.] The commissioner of public safety has the powers granted to the commissioner of revenue under section 296.17. The commissioner of public safety may enter into an agreement or arrangement with the duly authorized representative of another state or make an independent declaration, granting to owners of vehicles properly registered or licensed in another state, benefits, privileges, and exemptions from paying, wholly or partially, fuel taxes, fees, or other charges imposed for operating the vehicles under the laws of Minnesota. The agreement, arrangement, or declaration may impose terms and conditions not inconsistent with Minnesota laws.

Subd. 2. [RECIPROCAL PRIVILEGES AND TREATMENT.] An agreement or arrangement must be in writing and provide that when a vehicle properly licensed for fuel in Minnesota is operated on highways of the other state, it must receive exemptions, benefits, and privileges of a similar kind or to a similar degree as are extended to a vehicle properly licensed for fuel in that state, when

A declaration must be in writing and must contemplate and provide for mutual benefits, reciprocal privileges, or equitable treatment of the owner of a vehicle registered for fuel in Minnesota and the other state. In the judgment of the commissioner of public safety, an agreement, arrangement, or declaration must be in the best interest of Minnesota and its citizens and must be fair and equitable regarding the benefits that the agreement brings to the economy of Minnesota.

Subd. 3. [COMPLIANCE WITH MINNESOTA LAWS.] Agreements, arrangements, and declarations made under authority of this section must contain a provision specifying that no fuel license, or exemption issued or accruing under the license, excuses the operator or owner of a vehicle from compliance with Minnesota laws.

Subd. 4. [EXCHANGES OF INFORMATION.] The commissioner of public safety may make arrangements or agreements with other states to exchange information for audit and enforcement activities in connection with fuel tax licensing. The filing of fuel tax returns under this section is subject to the rights, terms, and conditions granted or contained in the applicable agreement or arrangement made by the commissioner under the authority of this section.

Subd. 5. [BASE STATE FUEL COMPACT.] The commissioner of public safety may ratify and effectuate the international fuel tax agreement or other fuel tax agreement. The commissioner's authority includes, but is not limited to, collecting fuel taxes due, issuing fuel licenses, issuing refunds, conducting audits, assessing penalties and interest, issuing fuel trip permits, issuing decals, and suspending or denying licensing.

Subd. 6. [MINNESOTA-BASED INTERSTATE CARRIERS.] Notwithstanding the exemption contained in section 296.17, subdivision 9, as the commissioner of public safety enters into interstate fuel tax compacts requiring base state licensing and filing and eliminating filing in the nonresident compact states, the Minnesota-based motor vehicles registered under section 168.187 will be required to license under the fuel tax compact in Minnesota.

Subd. 7. [DELINQUENT FILING OR PAYMENT.] If a fleet owner licensed under this section is delinquent in either filing or paying the international fuel tax agreement reports for more than 30 days, or paying the international registration plan billing under section 168.187 for more than 30 days, the fleet owner, after ten days' written notice, is subject to suspension of the apportioned license plates and the international fuel tax agreement license.

for more than 30 days, or paying the international registration plan billing under section 168.187 for more than 30 days, the commissioner may authorize any credit in either the international fuel tax agreement account or the international registration plan account to be used to offset the liability in either the international registration plan account or the international fuel tax agreement account.

Subd. 9. [FUEL COMPACT FEES.] License fees paid to the commissioner of public safety under the international fuel tax agreement must be deposited in the trunk highway fund. The commissioner shall charge the fuel license fee of \$30 established under section 296.17, subdivision 10, in annual installments of \$15 and an annual application filing fee of \$13 for quarterly reporting of fuel tax.

Subd. 10. [FUEL DECAL FEES.] The commissioner of public safety may issue and require the display of a decal or other identification to show compliance with subdivision 5. The commissioner may charge a fee to cover the cost of issuing the decal or other identification. PARKING TICKETS

Section 1. [168.135] [RENEWAL APPLICATIONS; DELINQUENT PARKING CITATIONS.]

Subdivision 1. [APPLICATION; NOTICE.] When a person applies to renew the registration for a motor vehicle, applies for duplicate, special, or personalized license plates, or applies for a change of classification, the registrar or deputy registrar shall check the computerized records system established under subdivision 2 to determine whether the applicant has been charged with a violation of a law or ordinance regulating the parking of vehicles for which the records collected under section 169.95 indicate a delinquent citation and fine. If a delinquent citation and fine is indicated, the registrar or deputy registrar shall notify the applicant as to the court to which payment of the fine is due and the amount of each fine.

Subd. 2. [COMPUTERIZED RECORDS SYSTEM; ACCESS.] (a) The registrar shall install, administer, and maintain in the department of public safety an efficient, computerized data base records system dedicated solely as the repository for delinquent parking citation and fine reports. The registrar shall provide and specify equipment and interconnection specifications, programming requirements, and training materials needed to provide courts and deputy registrars access to the department's dedicated computer data base of records on delinquent parking citations and fines.

(b) The system must be designed to allow each court to report and update by electronic communication directly with the system's computer data base those delinquent parking citations and fines that remain owing to the court. The system must be designed to allow access by a deputy registrar to the system upon transmittal of the access code of the deputy registrar, as assigned by the registrar.

(c) On complying with these specifications, providing the requisite data base accessing equipment and programming, and providing the specified interconnection equipment, the registrar shall allow each deputy registrar direct computer inquiry of these records. The system must allow electronic and toll-free telephonic access by deputy registrars as necessary to perform their vehicle registration responsibilities under subdivision 3. The registrar shall not assess a deputy registrar transaction or user costs, fees, or charges for inquiries required or necessary to discharge the duties of a deputy registrar under this section.

(d) Access must include the records required by this section and exclude only those records restricted by governing state or federal data privacy laws.

Subd. 3. [DEPUTY REGISTRARS' RESPONSIBILITIES.] (a) On receiving an application described in subdivision 1, the registrar or a deputy registrar shall access the computerized records system to discover if the applicant has a delinquent parking citation and fine. On gaining access to the system, the deputy registrar shall identify and communicate the license plate number for which the information is requested.

(b) Neither the registrar nor a deputy registrar may receive or process an application described in subdivision 1 if the response from the records system indicates that there is a delinquent citation and fine arising from a violation of a law or ordinance regulating the parking of vehicles and involving the vehicle for which the license plate was issued. A deputy registrar may rely conclusively upon the response of the records system to the inquiry.

(c) When a delinquent parking citation and fine has been paid or otherwise disposed of to the court's satisfaction, the court shall:

(1) issue the violator a receipt of payment or statement certifying that the delinquent fine has been paid or otherwise disposed of to the court's satisfaction; and

(2) update its listing of outstanding delinquent parking citations and fines to be recorded in the records system established in subdivision 2.

(d) An applicant may register the vehicle after paying or otherwise satisfactorily disposing of all delinquent parking citations and fines as follows:

(1) by reapplying after paying the outstanding parking fines to the appropriate courts and after each court's file of delinquent citations and fines have been recorded and updated in the computerized records system;

(2) by presenting court receipts or statements certifying that all delinquent fines have been paid or otherwise disposed of to the satisfaction of all applicable courts; or

(3) by paying all outstanding delinquent parking fines, as recorded in the computerized records system established in subdivision 2, by satisfactory payment to the deputy registrar, but only if the particular deputy registrar elects to provide this service. A deputy registrar electing to accept payments for fines under this

clause shall transmit all payments to the applicable courts without delay.

A deputy registrar may rely conclusively upon the receipts or certified statements issued under clause (2) and purporting to be that of the court named in the receipt or statement that the fines owed to that court have been paid or otherwise satisfied.

Subd. 4. [NOTICE AND REPORT BY COURT.] At least 15 days before any information on delinquent parking citations and fines is transmitted to the department's computerized records system, the court shall notify by mail to the last known address of the registered owner of the motor vehicle involved in the parking violation, of the nature of the violation, the amount of the fine, where the fine should be paid, and the resulting consequences concerning vehicle registration renewal if the fine is not paid. If the fine is not paid or otherwise disposed of to the satisfaction of the court or if a court appearance has not been scheduled, the court shall transmit the information to the department's computerized records system. The court may impose costs and assess penalties to the defendant to recover any expense incurred by the court in administering the notice and reporting requirements of this section. The costs and penalties are payable to the court.

Sec. 2. [168.331] [PARKING VIOLATION NOTIFICATION PROGRAM; FEE.]

An additional fee of \$1 is imposed on all violations of laws and ordinances regulating the parking of motor vehicles. Courts, violations bureaus, or other entities that collect fines for parking violations shall transmit monthly the proceeds of the fee to the registrar. The registrar shall deposit the proceeds in the general fund.

Sec. 3. [169.042] [PARKING VIOLATION WARRANTS PROHIBITED.]

A court shall not issue a warrant for the arrest of a person for delinquent parking citations for vehicles registered in Minnesota.

Sec. 4. Minnesota Statutes 1990, section 169.91, subdivision 3, is amended to read:

Subd. 3. [NOTICE TO APPEAR.] When a citation is issued for a parking violation or when a person is arrested for any violation of any law or ordinance relating to motor vehicles, their registration or their operation, or the use of the highways, the issuing or arresting officer shall prepare a written notice to appear in court. This place must be before a judge within the county in which the offense charged is alleged to have been committed who has jurisdiction and

is nearest or most accessible with reference to the place of arrest or parking violation. If the offense is a petty misdemeanor, the notice to appear must include a statement that a failure to appear will be considered a plea of guilty and waiver of the right to trial, unless the failure to appear is due to circumstances beyond the person's control. If the offense is for a violation of a law or ordinance regulating the parking of vehicles, a subsequent notice to appear must be mailed to the registered owner of the vehicle.

Sec. 5. Minnesota Statutes 1990, section 169.95, is amended to read:

169.95 [COURTS TO KEEP SEPARATE COURT RECORDS AND REPORTS OF VIOLATIONS AND DELINQUENT FINES.]

Subdivision 1. [RECORDS.] Every court administrator shall keep a full record of every case in which a person is charged with a violation of any law or ordinance, regulating the operation or parking of vehicles on highways.

Subd. 2. [REPORTS OF TRAFFIC VIOLATIONS.] Within ten days after the conviction or forfeiture of bail of a person upon a charge of violating any provisions of any law or ordinance, regulating the operation of vehicles on highways, except for parking violations, the court administrator of the court in which the conviction was had or bail was forfeited, shall immediately forward to the department of public safety an abstract of the record of the court covering the case in which the person was convicted or forfeited bail. The abstract must be certified by the person required to prepare it to be true and correct.

The abstract must be made upon a form furnished by the department of public safety, and shall include the name and address of the party charged, the driver's license number of the person involved, the nature of the offense, the date of hearing, the plea, the judgment, or whether bail was forfeited, and the amount of the fine or forfeiture, as the case may be.

Every court shall also forward a report to the department of public safety reporting the conviction of any person of manslaughter or other felony in the commission of which a vehicle was used.

Subd. 3. [REPORTS OF DELINQUENT FINES.] Every court administrator shall report delinquent parking citations and fines to the department of public safety's computerized records system established under section 1. The court administrator shall report within 30 days after the date that the payment of a fine is due. The report must be made to the commissioner of public safety as prescribed in section 1 and must contain the following information:

(1) the license plate number of the motor vehicle involved in the violation;

(2) the number of delinquent parking citations and fines;

(3) the amount of the fine for each citation; and

(4) the date the parking citation was issued.

Subd. 4. [JUDICIAL COMPLIANCE.] The failure, refusal, or neglect of any judicial officer to comply with any of the requirements of this section shall constitute misconduct in the office and shall be grounds for removal.

Sec. 6. Minnesota Statutes 1990, section 169.99, subdivision 1, is amended to read:

Subdivision 1. [EFFECT; FORM; CONTENT.] (a) Except as provided in subdivision 3, there shall be a uniform ticket issued throughout the state by the police and peace officers or by any other person for violations of this chapter and ordinances in conformity thereto. Such uniform traffic ticket shall be in the form and have the effect of a summons and complaint. Except as provided in paragraph (b), the uniform ticket shall state that if the defendant fails to appear in court in response to the ticket, an arrest warrant may be issued. The uniform traffic ticket shall consist of four parts, on paper sensitized so that copies may be made without the use of carbon paper, as follows:

(1) the complaint, with reverse side for officer's notes for testifying in court, driver's past record, and court's action, printed on white paper;

(2) the abstract of court record for the department of public safety, which shall be a copy of the complaint with the certificate of conviction on the reverse side, printed on yellow paper;

(3) the police record, which shall be a copy of the complaint and of the reverse side of copy (1), printed on pink paper;

(4) the summons, with, on the reverse side, such information as the court may wish to give concerning the traffic violations bureau, and a plea of guilty and waiver, printed on off-white tag stock.

(b) If the offense is a petty misdemeanor, the uniform ticket must state that a failure to appear will be considered a plea of guilty and waiver of the right to trial, unless the failure to appear is due to circumstances beyond the person's control.

(c) The copy of the uniform traffic ticket provided to the violator of a law or ordinance regulating the parking of vehicles must include a notice specifying the consequences regarding vehicle registration that may result if the violator fails to respond to the citation.

Sec. 7. [APPROPRIATION.]

Subd. 5. [FEE FOR VEHICLE ENDORSEMENT.] Any person applying to secure a motorcycle, school bus, special transportation service vehicle, tank vehicle, passenger, double-trailer or triple-trailer, or hazardous materials vehicle endorsement on the person's driver's license shall pay a \$2.50 examination fee at the place of application.

The commissioner may also conduct a records check at any time while a person is so licensed. The check shall consist of a criminal records check of the state criminal records repository. If the applicant has resided in Minnesota for less than five years, the records check shall also include a criminal records check of information from the state law enforcement agencies in the states where the applicant resided during the five years before moving to Minnesota, and of the national criminal records repository including the criminal justice data communications network. The commissioner may not release the results of a records check to any person except the applicant.

Subd. 4. [DISQUALIFICATION FOR PRIOR CONVICTION.] No endorsement shall be authorized for any person unless the applicant or licensee:

Page 1, after line 8, insert:

“Section 1. Subdivision 1. An amendment to the Minnesota

Constitution is proposed to the people as provided by subdivisions 2 and 3.

Subd. 2. If the amendment is adopted, article IV, sections 2 and 3 will read as follows:

Sec. 2. The number of members who compose the senate and house of representatives shall be prescribed by law. The representation in both houses shall be apportioned equally throughout the different sections of the state in proportion to the population thereof. A law changing the number of senators or representatives shall be effective on January 1 of the next year ending in the number one following enactment of the law and shall govern general elections held under an apportionment plan that becomes effective after that date.

Sec. 3. At its first session after each enumeration of the inhabitants of this state made by the authority of the United States, the legislature shall have the power to prescribe the bounds of congressional and legislative districts. Senators shall be chosen by single districts of convenient contiguous territory. No representative district shall be divided in the formation of a senate district. The senate districts shall be numbered in a regular series. The legislature shall not prescribe the boundaries for the districts of senators and representatives or for the districts of representatives in the congress of the United States.

Subd. 3. If the amendment is adopted, a new article will be added to the constitution which will read as follows:

ARTICLE XV

REDISTRICTING COMMISSION

Section 1. [REDISTRICTING COMMISSION.]

Beginning in 2001, and in each subsequent year ending in the number one, or when required by court order, a redistricting commission shall be established to draw the boundaries of legislative and congressional districts.

The commission shall consist of nine members who are eligible voters of the state. One member must be appointed by the speaker of the house and one by the members of the house representing political parties other than the party represented by the speaker. One member must be appointed by the president of the senate and one by the members of the senate representing political parties other than the party represented by the president. Article IV, section 5 does not apply to the appointment of these four members of

the redistricting commission. The term "political party" as used in this section has the meaning provided by law.

The remaining five members must be appointed by unanimous agreement of the legislative appointees. The qualifications of these members must be provided by law.

Members of the commission must be appointed within the time provided by law but not later than March 15 when the commission is established in a year ending in the number one. The supreme court shall fill any vacancy caused by failure to appoint a member within the time required by law.

Sec. 2. [APPORTIONMENT STANDARDS.]

The commission shall draw the boundaries of legislative and congressional districts in accordance with the following requirements:

- (1) Each district is entitled to elect a single member.
- (2) A state representative district may not be divided in the formation of a senate district.
- (3) The state legislative districts must be substantially equal in population. The population of a state legislative district must not deviate from the ideal by more than two percent, plus or minus.
- (4) The districts must be composed of compact, convenient contiguous territory. Contiguity by water is sufficient if the water is not a serious obstacle to travel within the district.
- (5) The districts must be numbered in a regular series.
- (6) The districts must not dilute the voting strength of racial or language minority populations. Where a concentration of a racial or language minority makes it possible, the districts must increase the probability that members of the minority will be elected.
- (7) A county, city, or town should not be divided into more than one district except as necessary to meet equal-population requirements or to form districts that are composed of compact, convenient contiguous territory.
- (8) The districts should attempt to preserve communities of interest where that can be done in compliance with the preceding standards.
- (9) No redistricting plan may be drawn for the purpose of favoring any person or political party.

Sec. 3. [REDISTRICTING PLAN.]

The commission shall adopt a redistricting plan within the time provided by law but not later than December 1 when the commission is established in a year ending in the number one. The plan must set forth all of the new legislative and congressional districts. A redistricting plan is adopted by the commission when it is approved by a vote of at least six of its members.

Sec. 4. [EFFECTIVE DATE; ELECTIONS GOVERNED BY NEW DISTRICTS.]

A redistricting plan is effective when it is adopted and any judicial proceedings have been completed. The districts set forth in a redistricting plan must govern elections of state senators, state representatives and representatives in congress beginning with the first general election after the plan is effective.

Sec. 5. [JUDICIAL REVIEW; COURT DRAWN PLAN.]

The supreme court shall exercise original jurisdiction in any matter relating to redistricting in the manner provided by law. If the commission fails to adopt a redistricting plan within the time provided by law the supreme court shall adopt its own plan in accordance with the requirements of section 2 of this article. If a redistricting plan for legislative districts is adopted by the supreme court later than April 1 of a general election year, the time for establishing residency for legislative candidates as set forth in article IV, section 6, is extended to either 45 days after the effective date of the plan or to the last day provided by law for filing for office at the general election, whichever is earlier.

Sec. 6. [IMPLEMENTATION.]

The legislature may enact the laws necessary to implement this article. Redistricting is governed by the law in effect on January 1 of the year in which a reapportionment commission is established.

Sec. 7. The amendment shall be submitted to the people at the 1980 general election. The question proposed shall be:

“Shall the Minnesota Constitution be amended to transfer from the legislature to a bipartisan commission the power to draw the boundaries of legislative and congressional districts?

Yes.....
No.....”

Sec. 2. [2.022] [CITATION.]

Sections 3 to 14 may be cited as the "Redistricting Implementation Act."

Sec. 3. [2.023] [APPOINTMENT.]

dent of the senate shall convene during the ten days following the request of the secretary of state, at a time and place directed by the secretary, to appoint members of the commission. The secretary of state shall preside at these conventions. The names of all legislative appointees shall be certified to the secretary of state not later than the following February 1. (b) Is unqualified to serve under the provisions of section 4, subdivision 3 or 4;

(d) Is unwilling to serve.

It is prima facie evidence that a member is unwilling to serve if the member fails to attend three successive meetings of the commission or fails to attend a total of six meetings of the commission. Upon removal, the position must be filled in the manner provided for filling vacancies. An individual who is removed from the commission under this section may not be reappointed to the commission.

Sec. 6. [2.026] [ADMINISTRATIVE SUPPORT.]

Page 6, line 29, after the second "city" insert ", as provided in section 23,"

Page 20, after line 3, insert:

"Sec. 16. Minnesota Statutes 1990, section 272.01, subdivision 2, is amended to read:

Subd. 2. (a) When any real or personal property which is exempt from ad valorem taxes, and taxes in lieu thereof, is leased, loaned, or otherwise made available and used by a private individual, association, or corporation in connection with a business conducted for profit, there shall be imposed a tax, for the privilege of so using or possessing such real or personal property, in the same amount and to the same extent as though the lessee or user was the owner of such property.

(b) The tax imposed by this subdivision shall not apply to:

(1) property leased or used as a concession in or relative to the use in whole or part of a public park, market, fairgrounds, port authority, economic development authority established under chapter 458C, municipal auditorium, municipal parking facility, municipal museum, or municipal stadium;

(2) property of an airport owned by a city, town, county, or group thereof which is:

(i) leased to or used by any person or entity including a fixed base operator; and

(ii) used as a hangar for the storage or repair of aircraft or to provide aviation goods, services, or facilities to the airport or general public;

the exception from taxation provided in this clause does not apply to:

(i) property located at an airport owned or operated by the metropolitan airports commission or by a city of over 50,000 population according to the most recent federal census or such a city's airport authority; or

(ii) hangars leased by a private individual, association, or corporation in connection with a business conducted for profit other than an aviation-related business; or

(iii) facilities leased by a private individual, association or corporation in connection with a business for profit, that consists of a major jet engine repair facility financed, in whole or part, with the proceeds of state bonds and located in a tax increment financing district;

(3) property constituting or used as a public pedestrian ramp or concourse in connection with a public airport; or

(4) property constituting or used as a passenger check-in area or ticket sale counter, boarding area, or luggage claim area in connection with a public airport but not the airports owned or operated by the metropolitan airports commission or cities of over 50,000 population or an airport authority therein. Real estate owned by a municipality in connection with the operation of a public airport and leased or used for agricultural purposes is not exempt.

(c) Taxes imposed by this subdivision are payable as in the case of personal property taxes and shall be assessed to the lessees or users of real or personal property in the same manner as taxes assessed to owners of real or personal property, except that such taxes shall not become a lien against the property. When due, the taxes shall constitute a debt due from the lessee or user to the state, township, city, county, and school district for which the taxes were assessed and shall be collected in the same manner as personal property taxes. If property subject to the tax imposed by this subdivision is leased or used jointly by two or more persons, each lessee or user shall be jointly and severally liable for payment of the tax.

(d) The tax on real property of the state or any of its political subdivisions that is leased by a private individual, association, or corporation and becomes taxable under this subdivision or other provision of law must be assessed and collected as a personal property assessment. The taxes do not become a lien against the real property.

Sec. 17 Minnesota Statutes 1990, section 290.06, is amended by adding a subdivision to read:

Subd. 24. [CREDIT FOR JOB CREATION.] (a) A corporation that leases and operates a heavy maintenance base for aircraft that is owned by the state of Minnesota or one of its political subdivisions, or an engine repair facility described in section 2, subdivision 6, or both, may take a credit against the tax due under this chapter.

(b) For the first taxable year when the facility has been in operation for at least three consecutive months, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days

before the last day of the taxable year. For each of the succeeding four taxable years, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year.

(c) For the first taxable year in which the credit is allowed for the facility, the credit must not exceed 80 percent of the wages paid to or incurred for persons employed by the taxpayer at the facility during the taxable year. For the succeeding four taxable years, the credit must not exceed 20 percent of the wages paid to or incurred for persons employed by the taxpayer at the facility during the taxable year. For purposes of this section, "wages" has the meaning given under section 3121(b) of the Internal Revenue Code of 1986, as amended through December 31, 1990, except the limitation to the contribution and benefit base does not apply.

(d) If the credit provided under this subdivision exceeds the tax liability of the corporation for the taxable year, the excess amount of the credit may be carried over to each of the ten taxable years succeeding the taxable year. The entire amount of the credit must be carried to the earliest taxable year to which the amount may be carried. The unused portion of the credit must be carried to the following taxable year. No credit may be carried to a taxable year more than ten years after the taxable year in which the credit was earned.

Sec. 18. [297A.2571] [AIRCRAFT FACILITY MATERIALS; EX-EMPTIONS.]

(b) The average salary for each cell of the matrix must be computed as follows using data from the second year of the previous biennium:

(1) For each school district, multiply the salary paid to full-time equivalent teachers with that combination of training and experience according to the district's teacher salary schedule by the number of actual pupil units in that district.

(2) Add the amounts computed in clause (1) for all districts in the state and divide the resulting sum by the total number of actual pupil units in all districts in the state that employ teachers.

(c) For each cell in the matrix, compute the ratio of the average salary in that cell to the average salary for all teachers in the state. Cells of the matrix in lanes beyond the master's degree plus 30

credits lane must receive the same ratio as the cells in the master's degree plus 30 credits lane.

(d) The index for each district that employs teachers equals the sum of the ratios for each teacher in that district divided by the number of teachers in that district. The index for a district that employs no teachers is zero.

(b) For fiscal year 1993 and thereafter, the maximum compensatory education revenue for each district equals the formula allowance times the AFDC pupil units computed according to section 124.17, subdivision 1c.

(c) For fiscal year 1993 and thereafter, the previous formula compensatory education revenue for each district equals the formula allowance times the AFDC pupil units computed according to section 124.17, subdivision 1b.

(d) For fiscal year 1993, the compensatory education revenue for each district equals the district's previous formula compensatory revenue plus one-fourth of the difference between the district's maximum compensatory education revenue and the district's previous formula compensatory education revenue.

(e) For fiscal year 1994, the compensatory education revenue for each district equals the district's previous formula compensatory education revenue plus one-half of the difference between the district's maximum compensatory education revenue and the district's previous formula compensatory education revenue.

(f) For fiscal year 1995, the compensatory education revenue for each district equals the district's previous formula compensatory

education revenue plus three-fourths of the difference between the district's maximum compensatory education revenue and the district's previous formula compensatory education revenue.

Subd. 5. [DEFINITIONS.] The definitions in this subdivision apply only to ~~subdivision~~ subdivisions 6 and 6a.

(a) "High school" means a secondary school that has pupils enrolled in at least the 10th, 11th, and 12th grades. If there is no secondary school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, the commissioner shall designate one school in the district as a high school for the purposes of this section.

(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of resident pupils in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of resident pupils in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district.

(d) "Isolation index" for a high school means the square root of one-half the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means an elementary school that is located ~~20~~ 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of resident pupils in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school.

Sec. 18. Minnesota Statutes 1990, section 124A.22, subdivision 8, is amended to read:

Subd. 8. [SUPPLEMENTAL REVENUE.] (a) A district's supplemental revenue for fiscal year 1992 equals the product of the district's supplemental revenue for fiscal year 1991 times the ratio of:

(2) the district's 1990-1991 actual pupil units adjusted for the change in secondary pupil unit weighting from 1.35 to 1.3 made in section 4.

(b) If a district's minimum allowance exceeds the sum of its basic revenue, previous formula compensatory education revenue, previous formula training and experience revenue, secondary sparsity revenue, and elementary sparsity revenue per actual pupil unit for a school fiscal year, and the excess is less than \$250 per actual pupil unit, the district shall receive supplemental revenue equal to the amount of the excess times the actual pupil units for the school year. If the amount of the excess is more than \$250 per actual pupil unit, the district shall receive the greater of (1) \$250 times the actual pupil units; or (2) the amount of the excess times the actual pupil units less the sum of (i) the difference between the district's training and experience revenue and its previous formula training and experience revenue; and (ii) the difference between the district's

compensatory education revenue and its previous formula compensatory education revenue.

(2) for any purpose for which the district may levy according to section 275.126, subdivision 5e.

Sec. 23. Minnesota Statutes 1990, section 124A.24, is amended to read:

124A.24 [GENERAL EDUCATION LEVY EQUITY.]

If a district's general education levy is determined according to section 124A.23, subdivision 3, an amount must be deducted from state aid authorized in this chapter and chapter 124, receivable for the same school year, and from other state payments receivable for the same school year authorized in chapter 273. The aid in section 124.646 must not be reduced.

The amount of the deduction equals the difference between:

(1) the general education tax rate, according to section 124A.23, times the district's adjusted net tax capacity used to determine the general education aid for the same school year; and

(2) the district's general education revenue, excluding supplemental revenue, for the same school year, according to section 124A.22.

However, for fiscal year 1989, the amount of the deduction shall be one-fourth of the difference between clauses (1) and (2); for fiscal year 1990, the amount of the deduction shall be one-third of the difference between clauses (1) and (2); for fiscal year 1991, the amount of the deduction shall be one-half of the difference between clauses (1) and (2); for fiscal year 1992, the amount of the deduction shall be four-sixths of the difference between clauses (1) and (2); and for fiscal year 1993, the amount of the deduction shall be five-sixths of the difference between clauses (1) and (2).

Sec. 24. Minnesota Statutes 1990, section 124A.26, subdivision 1, is amended to read:

For purposes of this subdivision only, fund balance pupil units means the number of resident pupil units in average daily membership enrolled in the district, including shared time pupils, according to section 124A.02, subdivision 20, plus

(1) pupils attending the district for which general education aid adjustments are made according to section 124A.036, subdivision 5; minus

(2) the sum of the resident pupils attending other districts for which general education aid adjustments are made according to section 124A.036, subdivision 5, and excluding plus pupils for whom payment is made according to section 126.22, subdivision 8, or 126.23. The amount of the reduction shall equal the lesser of:

(1) the amount of the excess, or

(2) \$150 times the actual pupil units for the school year.

The final adjustment payments made under section 124.195, subdivision 6, must be adjusted to reflect actual net operating fund balances as of June 30 of the prior school year.

Sec. 25. Minnesota Statutes 1990, section 124A.29, subdivision 1, is amended to read:

Subdivision 1. [~~GENERAL STAFF DEVELOPMENT AND PARENTAL INVOLVEMENT PROGRAMS.~~] (a) Of a district's basic revenue under section 124A.22, subdivision 2, an amount equal to ~~\$10~~ \$15 times the number of actual pupil units shall be reserved and may be used only to provide staff time for peer review under section 125.12 or 125.17 or staff development programs for outcome-based education, according to section 126.70, subdivisions 1 and 2a. Staff development revenue may be used only for staff time for peer review or outcome-based education activities. The school board shall determine which programs the staff development activities to provide, the manner in which they will be provided, and the extent to which other money local funds may be used for the programs to supplement staff development activities that implement outcome-based education.

(b) Of a district's basic revenue under section 124A.22, subdivision 2, an amount equal to \$5 times the number of actual pupil units must be reserved and may be used only to provide parental involvement programs that implement section 124C.61.

Sec. 26. Minnesota Statutes 1990, section 124A.30, is amended to read:

124A.30 [STATEWIDE AVERAGE REVENUE.]

By October 1 of each year the commissioner shall estimate the statewide average general education revenue per actual pupil unit and the range in general education revenue among pupils and districts by computing the difference between the fifth and ninety-fifth percentiles of general education revenue. The commissioner must provide that information to all school districts.

If the disparity in general education revenue as measured by the difference between the fifth and ninety-fifth percentiles increases in any year, the commissioner must propose a change in the general education formula that will limit the disparity in general education revenue to no more than the disparity for the previous school year. The commissioner must submit the proposal to the education committees of the legislature by January 15.

Sec. 27. Minnesota Statutes 1990, section 298.28, subdivision 4, is amended to read:

Subd. 4. [SCHOOL DISTRICTS.] (a) 27.5 cents per taxable ton plus the increase provided in paragraph (d) must be allocated to qualifying school districts to be distributed, based upon the certification of the commissioner of revenue, under paragraphs (b) and (c).

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts in which the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the prior school year shall be multiplied by the ratio of the average adjusted net tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted net tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under

section 275.125, subdivision 9, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i).

(d) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator. On July 15, 1989, and subsequent years, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). Each district shall receive the product of:

(i) \$175 times the pupil units identified in section 124.17, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of 1.8 percent times the district's taxable net tax capacity in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the sum of the amount certified pursuant to section 124A.03, subdivision 2 1g, in the previous year, plus the amount certified pursuant to section 124A.03, subdivision 1i, in the previous year, plus the referendum aid according to section 124A.03, subdivision 1h, for the current year, to the product of 1.8 percent times the district's taxable net tax capacity in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of \$175 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection

fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

Each district receiving money according to this paragraph shall reserve \$25 times the number of pupil units in the district. It may use the money only for outcome-based learning programs that enhance the academic quality of the district's curriculum. The programs must be approved by the commissioner of education.

(e) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

Sec. 28. [MORATORIUM ON REFERENDUM INCREASES.]

A school district or an education district may not conduct an election in 1991 under Minnesota Statutes, section 124A.03, subdivision 2, paragraph (a), or 124B.03, subdivision 2, paragraph (a), for property taxes payable in 1992. An election may be conducted under section 124A.03, subdivision 2, paragraph (c), or 124B.03, subdivision 2, paragraph (e).

Sec. 29. [1991 REFERENDUM APPROVAL.]

(a) Notwithstanding any law to the contrary, the commissioner of education may authorize referendum levy elections under Minnesota Statutes, section 124A.03, or any successor section for 1991 taxes payable in 1992.

(d) The commissioner shall prioritize applications and grant authority to hold an election to districts in the following order:

(1) districts that are in statutory operating debt and have an approved plan or have received an extension from the department to file a plan to eliminate the statutory operating debt;

(2) districts that have referendum levy authority expiring in fiscal year 1992 or that have a documented hardship; and

(3) all other districts.

(e) The commissioner must approve, deny, or modify each district's application for referendum levy authority by August 31, 1991.

Sec. 30. [BADGER SCHOOL DISTRICT FUND BALANCE.]

If independent school district No. 676, Badger, receives payment of delinquent property taxes and the payment is more than five percent of the total property taxes paid in the fiscal year in which the payment is received, general education revenue for the district shall not be reduced according to Minnesota Statutes, section 124A.26, subdivision 1, for an excess fund balance for the following two fiscal years.

Sec. 31. [LEVY RECOGNITION DIFFERENCES.]

For each school district that levies under Minnesota Statutes, section 124A.03, the commissioner of education shall calculate the difference between:

(a) the total amount of the levy, under Minnesota Statutes, section 124A.03, that is recognized as revenue for fiscal year 1992 according to section 1; and

(b) the amount of the levy, under Minnesota Statutes, section 124A.03, that would have been recognized as revenue for fiscal year 1992 had the percentage according to section 1 not been increased.

The commissioner shall reduce other aids due the district by the amount of the difference. The total reduction is transferred to the appropriation for general and supplemental education aid in this article.

Sec. 32. [APPROPRIATIONS.]

Subdivision 1. [DEPARTMENT OF EDUCATION.] The sums indicated in this section are appropriated from the general fund to the department of education for the fiscal years designated.

Subd. 2. [GENERAL AND SUPPLEMENTAL EDUCATION AID.] For general and supplemental education aid:

1,625,240,000 1992

The resident district is not required to provide or pay for transportation between the pupil's residence and the border of the nonresident district. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week.

At the time a nonresident district notifies a parent or guardian that an application has been accepted under subdivision 5 or 6, the nonresident district must provide the parent or guardian with the following information regarding the transportation of nonresident pupils under this section:

(1) a nonresident district may transport a pupil within the pupil's resident district under this section only with the approval of the resident district; and

(2) a parent or guardian of a pupil attending a nonresident district under this section may appeal under section 123.39, subdivision 6, the refusal of the resident district to allow the nonresident district to transport the pupil within the resident district.

Sec. 2. Minnesota Statutes 1990, section 123.3514, subdivision 8, is amended to read:

Subd. 8. [TRANSPORTATION.] A parent or guardian of a pupil enrolled in a course for secondary credit may apply to the pupil's district of residence for reimbursement for transporting the pupil between the secondary school in which the pupil is enrolled and the post-secondary institution that the pupil attends. The state board of education shall establish guidelines for providing state aid to districts to reimburse the parent or guardian for the necessary transportation costs, which shall be based on financial need. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. However, if the nearest post-secondary institution is more than 25 miles from the pupil's resident secondary school, the weekly reimbursement may not exceed the reimbursement rate per mile times the actual distance between the secondary school and the nearest post-secondary institution times ten. The state shall pay aid to the district according to the guidelines established under this subdivision. Chapter 14 does not apply to the guidelines.

Sec. 3. Minnesota Statutes 1990, section 124.195, subdivision 11, is amended to read:

This subdivision applies to both the final adjustment payment for the prior fiscal year and the payment for the current fiscal year, as established in subdivision 10.

Sec. 4. Minnesota Statutes 1990, section 124.223, subdivision 1, is amended to read:

Subdivision 1. [TO AND FROM SCHOOL; BETWEEN SCHOOLS.] (a) State transportation aid is authorized for transportation or board of resident elementary pupils who reside one mile or more from the public schools which they could attend; transportation or board of resident secondary pupils who reside two miles or more from the public schools which they could attend; transportation to and from schools the resident pupils attend according to a program approved by the commissioner of education, or between the

schools the resident pupils attend for instructional classes; transportation of resident elementary pupils who reside one mile or more from a nonpublic school actually attended; transportation of resident secondary pupils who reside two miles or more from a nonpublic school actually attended; but with respect to transportation of pupils to nonpublic schools actually attended, only to the extent permitted by sections 123.76 to 123.79; transportation of a pupil who is a custodial parent and that pupil's child between the pupil's home and the child care provider and between the provider and the school, if the home and provider are within the attendance area of the school. State transportation aid is not authorized for late transportation home from school for pupils involved in after school activities. State transportation aid is not authorized for summer program transportation except as provided in subdivision 8.

(b) For the purposes of this subdivision, a district may designate a licensed day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the pupil's parent or guardian as the home of a pupil for part or all of the day, if requested by the pupil's parent or guardian and if that facility or residence is within the attendance area of the school the pupil attends.

(c) State transportation aid is authorized for transportation to and from school of an elementary pupil who moves during the school year within an area designated by the district as a mobility zone, but only for the remainder of the school year. The attendance areas of schools in a mobility zone must be contiguous. To be in a mobility zone, a school must meet both of the following requirements:

(i) (1) more than 50 percent of the pupils enrolled in the school are eligible for free or reduced school lunch; and

(ii) (2) the pupil withdrawal rate for the last year is more than 12 percent.

(d) A pupil withdrawal rate is determined by dividing:

(ii) (2) the number of pupils enrolled in the school.

(e) The district may establish eligibility requirements for individual pupils to receive transportation in the mobility zone.

(3) Divide four-tenths by the result in clause (2).

The pupil weighting factor for the regular transportation category is one.

Sec. 7. Minnesota Statutes 1990, section 124.225, subdivision 3a, is amended to read:

Subd. 3a. [PREDICTED BASE COST.] A district's predicted base cost for the ~~1988-1989 base year and later years~~ equals the result of the following computation:

(a) Multiply the transportation formula allowance by the district's sparsity index raised to the one-fourth power. The transportation formula allowance is ~~\$406 for the 1988-1989 base year and~~ \$421 for the 1989-1990 base year and \$434 for the 1990-1991 base year.

Sec. 8. Minnesota Statutes 1990, section 124.225, subdivision 7a, is amended to read:

Subd. 7a. [BASE YEAR SOFTENING FORMULA.] ~~Each district's predicted base cost determined for the 1986-1987 and 1987-1988 base years according to subdivision 3 shall be adjusted as provided in this subdivision to determine the district's adjusted authorized predicted cost per FTE for that year.~~

(a) ~~If the base cost of the district is within five percent of the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to the base cost.~~

(b) ~~If the base cost of the district is more than five percent greater than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 105 percent of the predicted base cost, plus 40 percent of the difference between (i) the base cost, and (ii) 105 percent of the predicted base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be less than 80 percent of base cost.~~

(c) ~~If the base cost of the district is more than five percent less than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 95 percent of the predicted base cost, minus 40 percent of the difference between (i) 95 percent of predicted base cost, and (ii) the base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be more than 120 percent of base cost.~~

(d) ~~For the 1988-1989 base year and later years, Each district's predicted base cost determined according to subdivision 3a must be adjusted as provided in this subdivision to determine the district's~~

adjusted predicted base cost for that year. The adjusted predicted base cost equals 50 percent of the district's base cost plus 50 percent of the district's predicted base cost, but the adjusted predicted base cost cannot be less than 80 percent, nor more than ~~110~~ 105 percent, of the base cost.

Sec. 9. Minnesota Statutes 1990, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] ~~The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by 4.1 percent to determine the district's regular transportation allowance for the 1988-1989 school year and by 5.8 percent to determine the district's regular transportation allowance for the 1989-1990 school year. The adjusted predicted base cost determined for a district under subdivision 7a for the base year must be increased by 5.4~~ 4.0 percent to determine the district's regular transportation allowance for the ~~1990-1991~~ 1991-1992 school year and by 2.0 percent to determine the district's regular transportation allowance for the 1992-1993 school year, but the regular transportation allowance for a district cannot be less than the district's minimum regular transportation allowance according to Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t).

Sec. 10. Minnesota Statutes 1990, section 124.225, subdivision 7d, is amended to read:

Subd. 7d. [TRANSPORTATION REVENUE.] ~~Beginning in the 1990-1991 school year, the~~ Transportation revenue for each district equals the sum of the district's regular transportation revenue and the district's nonregular transportation revenue.

(a) The regular transportation revenue for each district equals the district's regular transportation allowance according to subdivision 7b times the sum of the number of FTE's transported by the district in the regular and, desegregation, and handicapped categories in the current school year.

(b) The nonregular transportation revenue for each district for the 1991-1992 school year equals the lesser of the district's actual costs in the 1991-1992 school year for nonregular transportation services or the product of the district's actual cost in the current 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year according to section 124.17, subdivision 2, times 1.03, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation category and handicapped categories in the current school year, plus the excess

nonregular transportation revenue for the 1991-1992 school year according to subdivision 7e.

(c) For the 1992-1993 and later school years, the nonregular transportation revenue for each district equals the lesser of the district's actual cost in the current school year for nonregular transportation services or the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year according to section 124.17, subdivision 2, times the nonregular transportation inflation factor for the current year, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the current year according to subdivision 7e. The nonregular transportation inflation factor for the 1992-1993 school year is 1.061.

Sec. 11. Minnesota Statutes 1990, section 124.225, is amended by adding a subdivision to read:

Subd. 7e. [EXCESS NONREGULAR TRANSPORTATION REVENUE.] (a) A district's excess nonregular transportation revenue for the 1991-1992 school year equals an amount equal to 80 percent of the difference between:

(1) the district's actual cost in the 1991-1992 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), and

(2) the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times 1.15, times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year.

(b) A district's excess nonregular transportation revenue for the 1992-1993 school year and later school years equals an amount equal to 80 percent of the difference between:

(1) the district's actual cost in the current year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), and

(2) the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times 1.30, times the ratio of the

district's average daily membership for the current year to the district's average daily membership for the base year.

(c) The state total excess nonregular transportation revenue must not exceed \$2,000,000 for the 1991-1992 school year and \$2,000,000 for the 1992-1993 school year. If the state total revenue according to paragraph (a) or (b) exceeds the limit set in this paragraph, the excess nonregular transportation revenue for each district equals the district's revenue according to paragraph (a) or (b), times the ratio of the limitation set in this paragraph to the state total revenue according to paragraph (a) or (b).

Sec. 12. Minnesota Statutes 1990, section 124.225, subdivision 8a, is amended to read:

Subd. 8a. [TRANSPORTATION AID.] ~~(a) For the 1988-1989 and 1989-1990 school years, a district's transportation aid is equal to the sum of its basic transportation aid under subdivision 8b, its nonregular transportation aid under subdivision 8i, and its nonregular transportation levy equalization aid under subdivision 8j, minus its contracted services aid reduction under subdivision 8k and minus its basic transportation levy limitation for the levy attributable to that school year under section 275.125, subdivision 5.~~

~~(b) For 1990-1991 and later school years, A district's transportation aid equals the product of:~~

~~(1) the difference between the transportation revenue and the sum of:~~

~~(i) the maximum basic transportation levy for that school year under section 275.125, subdivision 5, plus~~

~~(ii) the maximum nonregular transportation levy for that school year under section 275.125, subdivision 5c, plus~~

~~(iii) the contracted services aid reduction under subdivision 8k,~~

~~(2) times the ratio of the sum of the actual amounts levied under section 275.125, subdivisions 5 and 5c, to the sum of the permitted maximum levies under section 275.125, subdivisions 5 and 5c.~~

~~(e) (b) If the total appropriation for transportation aid for any fiscal year is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the transportation levy of off-formula districts in the same proportion.~~

Sec. 13. Minnesota Statutes 1990, section 124.225, subdivision 8k, is amended to read:

Subd. 8k. [CONTRACTED SERVICES AID REDUCTION.] (a) Each year, a district's transportation aid shall be reduced according to the provisions of this subdivision, if the district contracted for some or all of the transportation services provided in the regular category.

~~(b) For the 1988-1989 and 1989-1990 school years, the department of education shall compute this subtraction by conducting the multiple regression analysis specified in subdivision 3 and computing the district's aid under two circumstances, once including the coefficient of the factor specified in subdivision 4b, clause (3), and once excluding the coefficient of that factor. The aid subtraction shall equal the difference between the district's aid computed under these two circumstances.~~

~~(c) For 1990-1991 and later school years, The department of education shall determine the subtraction by computing the district's regular transportation revenue, excluding revenue based on the district's minimum regular transportation allowance according to Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t), under two circumstances, once including the factor specified in subdivision 3a, ~~clause~~ paragraph (c), and once excluding the factor. The aid subtraction equals the difference between the district's revenue computed under the two circumstances.~~

Sec. 14. Minnesota Statutes 1990, section 124.225, subdivision 10, is amended to read:

Subd. 10. [DEPRECIATION.] Any school district that owns school buses or mobile units shall transfer annually from the undesignated fund balance account in its transportation fund to the reserved fund balance account for bus purchases in its transportation fund at least an amount equal to 12-1/2 percent of the original cost of each type one or type two bus or mobile unit until the original cost of each type one or type two bus or mobile unit is fully amortized, plus 20 percent of the original cost of each type three bus included in the district's authorized cost under the provisions of subdivision 1, paragraph (b), clause (4), until the original cost of each type three bus is fully amortized, plus 33-1/3 percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized; provided, if the district's transportation aid or levy is reduced pursuant to subdivision 8a because the appropriation for that year is insufficient, this amount shall be reduced in proportion to the reduction pursuant to subdivision 8a as a percentage of the district's transportation revenue under subdivision 7e 7d.

Sec. 15. Minnesota Statutes 1990, section 275.125, subdivision 5, is amended to read:

Subd. 5. [BASIC TRANSPORTATION LEVY.] Each year, a school district may levy for school transportation services an amount not to exceed the amount raised by the basic transportation tax rate times the adjusted net tax capacity of the district for the preceding year. ~~The basic transportation tax rate for fiscal year 1991 is 2.04 percent. Beginning in 1990,~~ The commissioner of revenue shall establish the basic transportation tax rate and certify it to the commissioner of education by July 1 of each year for levies payable in the following year. The basic transportation tax rate shall be a rate, rounded up to the nearest hundredth of a percent, that, when applied to the adjusted net tax capacity of taxable property for all districts, raises the amount specified in this subdivision. The basic transportation tax rate for transportation shall be the rate that raises \$66,700,000 \$64,300,000 for fiscal year 1993 and \$68,000,000 for fiscal year 1992 1994 and subsequent fiscal years. The basic transportation tax rate certified by the commissioner of revenue must not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been certified.

Sec. 16. Minnesota Statutes 1990, section 275.125, subdivision 5b, is amended to read:

Subd. 5b. [TRANSPORTATION LEVY OFF-FORMULA ADJUSTMENT.] (a) ~~In the 1989 and 1990 fiscal years, if the basic transportation levy under subdivision 5 in a district attributable to the fiscal year exceeds the transportation aid computation under section 124.225, subdivisions 8b, 8i, 8j, and 8k, the district's levy limitation shall be adjusted as provided in this subdivision. In the second year following each fiscal year, the district's transportation levy shall be reduced by an amount equal to the difference between (1) the amount of the basic transportation levy under subdivision 5, and (2) the sum of the district's transportation aid computation pursuant to section 124.225, subdivisions 8b, 8i, 8j, and 8k, and the amount of any subtraction made from special state aids pursuant to section 124.2138, subdivision 2, less the amount of any aid reduction due to an insufficient appropriation as provided in section 124.225, subdivision 8a.~~

(b) ~~For 1991 and later fiscal years, In a district if the basic transportation levy under subdivision 5 attributable to that fiscal year is more than the difference between (1) the district's transportation revenue under section 124.225, subdivision 7e 7d, and (2) the sum of the district's maximum nonregular levy under subdivision 5c and the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a, the district's transportation levy in the second year following each fiscal year must be reduced by the amount of the excess.~~

Sec. 17. Minnesota Statutes 1990, section 275.125, subdivision 5c, is amended to read:

Subd. 5c. [NONREGULAR TRANSPORTATION LEVY.] A school district may also make a levy for unreimbursed nonregular transportation costs pursuant to this subdivision. The amount of the levy shall be the result of the following computation:

(a) multiply

(1) the amount of the district's nonregular transportation revenue under section 124.225, subdivision 7e 7d, that is more than the product of ~~\$30~~ \$60 times the district's actual pupil units average daily membership, by

(2) ~~60~~ 50 percent;

(b) subtract the result in clause (a) from the district's total nonregular transportation revenue;

(c) multiply the result in clause (b) by the lesser of one or the ratio of (i) the quotient derived by dividing the adjusted net tax capacity of the district for the year before the year the levy is certified by the actual pupil units average daily membership in the district for the school year to which the levy is attributable, to (ii) ~~\$7,258~~ \$8,000.

Sec. 18. [LEVY ADJUSTMENT.]

The department of education shall adjust the 1991 levy for each school district by the amount of the change in the district's nonregular transportation levy for fiscal year 1992 according to Minnesota Statutes, section 275.125, subdivision 5c, resulting from the changes to nonregular transportation revenue and levy under sections 5, 10, 11, and 17. Notwithstanding Minnesota Statutes, section 121.904, the entire amount of this levy must be recognized as revenue for fiscal year 1992.

Sec. 19. [APPROPRIATIONS.]

Subdivision 1. [DEPARTMENT OF EDUCATION.] The sums indicated in this section are appropriated from the general fund to the department of education for the fiscal years designated.

Subd. 2. [TRANSPORTATION AID.] For transportation aid according to Minnesota Statutes, section 124.225:

\$116,340,000 1992

\$123,133,000 1993

The 1992 appropriation includes \$17,679,000 for 1991 and \$98,661,000 for 1992.

The 1993 appropriation includes \$17,146,000 for 1992 and \$105,987,000 for 1993.

\$1,500,000 in fiscal year 1992 and \$1,000,000 in fiscal year 1993 are for desegregation costs not funded in the regular or nonregular transportation formulas. The department shall allocate these amounts in proportion to the unfunded desegregation costs. Any excess of the 1992 amount is not available for transfer under Minnesota Statutes, section 124.14, subdivision 7 and is available for unfunded desegregation costs in 1993.

Subd. 3. [TRANSPORTATION AID FOR POST-SECONDARY ENROLLMENT OPTIONS.] For transportation of pupils attending post-secondary institutions according to Minnesota Statutes, section 123.3514:

\$45,000 1992

\$45,000 1993

Subd. 4. [TRANSPORTATION AID FOR ENROLLMENT OPTIONS.] For transportation of pupils attending nonresident districts according to Minnesota Statutes, section 120.0621:

\$15,000 1992

\$15,000 1993

Subd. 5. [TRANSFER AUTHORITY.] If the appropriation in subdivision 3 or 4 for either year exceeds the amount needed to pay the state's obligation for that year under that subdivision, the excess amount may be used to make payments for that year under the other subdivision.

Subd. 6. [TRANSFER AUTHORITY: FISCAL YEAR 1990 APPROPRIATION.] If the appropriation in Laws 1989, chapter 329, article 2, section 8, subdivision 3 or 4 for fiscal year 1990, exceeds the amount needed to pay the state's obligation under that subdivision, the excess amount may be used to make payments under the other subdivision.

Sec. 20. [REPEALER.]

Minnesota Statutes 1990, section 124.225, subdivisions 3, 4b, 7c, 8b, 8i, and 8j, are repealed.

Sec. 21. [EFFECTIVE DATE.]

Section 19, subdivision 6, is effective the day following final enactment.

ARTICLE 3
SPECIAL PROGRAMS

Section 1. Minnesota Statutes 1990, section 120.17, subdivision 3b, is amended to read:

Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment, and educational placement of handicapped children:

(a) Parents and guardians shall receive prior written notice of:

(1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) a proposed placement of their child in, transfer from or to, or denial of placement in a special education program; or

(3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause ~~(d)~~ (e) at the district's initiative;

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a). The conciliation process shall not be used to deny or delay a parent or guardian's right to a due process hearing. If the parent or guardian refuses efforts by the district to conciliate the dispute with the school district, the requirement of an opportunity for conciliation shall be deemed to be satisfied;

(d) The commissioner shall establish a mediation process to assist parents, school districts, or other parties to resolve disputes arising out of the identification, assessment, or educational placement of handicapped children. The mediation process must be offered as an informal alternative to the due process hearing provided under clause (e), but must not be used to deny or postpone the opportunity of a parent or guardian to obtain a due process hearing.

(e) Parents, guardians, and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted by and in the school district responsible for assuring that an appropriate program is provided in accordance with state board rules, if the parent or guardian continues to object to:

(1) a proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) the proposed placement of their child in, or transfer of their child to a special education program;

(3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program;

(4) the proposed provision or addition of special education services for their child; or

(5) the proposed denial or removal of special education services for their child.

At least five calendar days before the hearing, the objecting party shall provide the other party with a brief written statement of the objection and the reasons for the objection.

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with the person's objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(e) (f) The decision of the hearing officer pursuant to clause (d) (e) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45-day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the hearing review officer

by the parent, guardian, or the school board of the district where the child resides pursuant to clause ~~(f)~~ (g).

The local decision shall:

(1) be in writing;

(2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the hearing review officer of the basis and reason for the decision;

(3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;

(4) state the amount and source of any additional district expenditure necessary to implement the decision; and

(5) be based on the standards set forth in subdivision 3a and the *rules of the state board*.

~~(f)~~ (g) Any local decision issued pursuant to clauses ~~(d)~~ (e) and ~~(e)~~ (f) may be appealed to the hearing review officer within 30 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district responsible for assuring that an appropriate program is provided in accordance with state board rules.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The hearing review officer shall issue a final independent decision based on an impartial review of the local decision and the entire record within ~~30~~ 60 calendar days after the filing of the appeal. The hearing review officer shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. Subd. 7a. [ATTENDANCE AT SCHOOL FOR THE HANDICAPPED.] Responsibility for special instruction and services for a visually disabled or hearing impaired child attending the Minnesota state academy for the deaf or the Minnesota state academy for the blind shall be determined in the following manner:

(a) The legal residence of the child shall be the school district in which the child's parent or guardian resides.

(b) When it is determined pursuant to section 128A.05, subdivision 1 or 2 that the child is entitled to attend either school, the state board shall provide the appropriate educational program for the child. The state board shall make a tuition charge to the child's district of residence for the cost of providing the program. The amount of tuition charged shall not exceed the basic revenue of the district for that child, for the amount of time the child is in the program. For purposes of this subdivision, "basic revenue" has the meaning given it in section 124A.22, subdivision 2. The district of the child's residence shall pay the tuition and may claim general education aid for the child. The district of the child's residence shall not receive aid pursuant to section 124.32, subdivision 5, for tuition paid pursuant to this subdivision. All Tuition received by the state board, except for tuition received under clause (c), shall be deposited in the state treasury as provided in clause (g).

(c) In addition to the tuition charge allowed in clause (b), the academies may charge the child's district of residence for the academy's unreimbursed cost of providing an instructional aide assigned to that child, if that aide is required by the child's individual education plan. Tuition received under this clause must be used by the academies to provide the required service.

(e) (d) When it is determined that the child can benefit from public school enrollment but that the child should also remain in attendance at the applicable school, the school district where the institution is located shall provide an appropriate educational program for the child and shall make a tuition charge to the state board for the actual cost of providing the program, less any amount of aid received pursuant to section 124.32. The state board shall pay the tuition and other program costs including the unreimbursed transportation costs. Aids for handicapped children shall be paid to the district providing the special instruction and services. Special transportation shall be provided by the district providing the educational program and the state shall reimburse such district within the limits provided by law.

(e) (f) Notwithstanding the provisions of clauses (b) and (e) (d), the state board may agree to supply staff from the Minnesota state academy for the deaf and the Minnesota state academy for the blind to participate in the programs provided by the district where the institutions are located when the programs are provided to students in attendance at the state schools.

The state board shall deposit in the state treasury an amount equal to all tuition received less:

(1) the total number of students on May 1 less 175, times the ratio of the number of elementary students to the total number of students on May 1, times the general education formula allowance; plus

the general operation account of the academy for the deaf and the academy for the blind.

(i) There is annually appropriated to the department of education for the Faribault academies the tuition amounts received and credited to the general operation account of the academies under this section.

Sec. 3. [120.173] [ALTERNATIVE DELIVERY OF SPECIALIZED INSTRUCTIONAL SERVICES.]

Subdivision 1. [COMMISSIONER APPROVAL.] The commissioner of education may approve applications from school districts to provide prevention services as an alternative to special education and other compensatory programs during three school years. A district with an approved program may provide instruction and services in a regular education classroom to eligible pupils. Pupils eligible to participate in the program are low-performing pupils who, based on documented experience, the professional judgment of a classroom teacher, or a team of licensed professionals, would eventually qualify for special education instruction or related services under section 120.17 if the intervention services authorized by this section were unavailable. Pupils may be provided services during extended school days and throughout the entire year.

Subd. 2. [APPLICATION CONTENTS.] The application must set forth:

(1) instructional services available to eligible pupils under section 124.311, subdivision 3, and handicapped pupils under section 120.03;

(2) criteria to select pupils for the program and the assessment procedures to determine eligibility;

(3) involvement in the program of parents of pupils in the program, parent advocates, and community special education advocates;

(4) accounting procedures to document that federal special education money is used to supplement or increase the level of special education instruction and related services provided with state and local revenue, but in no case to supplant the state and local revenue, and that districts are expending at least the amount for special education instruction and related services required by federal law;

(5) the role of regular and special education teachers in planning and implementing the program; and

(6) other information requested by the commissioner.

Subd. 3. [EVALUATION.] The application shall also set forth the review and evaluation procedures to be used by the district addressing at least the following:

- (1) the number of handicapped and nonhandicapped pupils served;
- (2) the impact of the program on the academic progress and social adjustment of the pupils;
- (3) the level of satisfaction teachers, parents, and pupils have with the program;
- (4) the effect of the program on the number of referrals for special education, federal chapter 1, and other programs;
- (5) the amount of time spent by teachers on procedural activities;
- (6) the increased amount of time the pupil is in a regular education classroom; and
- (7) cost implications.

Subd. 4. [REVIEW FOR EXCESS EXPENDITURES.] The commissioner shall review each application to determine whether the personnel, equipment, supplies, residential aid, and summer school are necessary to meet the district's obligation to provide special instruction and services to handicapped children according to section 120.17. The commissioner shall not approve revenue for any expenditures determined to be unnecessary.

Subd. 5. [ANNUAL REPORT.] Each year the district must submit to the commissioner a report containing the information described in subdivision 3 and section 124.311, subdivision 7.

Subd. 6. [PUPIL RIGHTS.] A pupil participating in the program must be individually evaluated according to the pupil's actual abilities and needs. A pupil who is eligible for services under section 120.17 is entitled to procedural protections provided under Public Law Number 94-142 in any matter that affects the identification, evaluation, placement, or change in placement of a pupil. The district must ensure the protection of a pupil's civil rights, provide equal educational opportunities, and prohibit discrimination. Failure to comply with this subdivision will at least cause a district to become ineligible to participate in the program. Notwithstanding rules of the state board of education, a pupil's rights under this section cannot be waived by the state board.

Sec. 4. Minnesota Statutes 1990, section 120.181, is amended to read:

120.181 [TEMPORARY PLACEMENTS FOR CARE AND TREATMENT OF NONHANDICAPPED PUPILS.]

The responsibility for providing instruction and transportation for a nonhandicapped pupil who has a short-term or temporary physical or emotional illness or disability, as determined by the standards of the state board, and who is temporarily placed for care and treatment for that illness or disability, shall be determined in the following manner:

(a) The school district of residence of the pupil shall be the district in which the pupil's parent or guardian resides or the district designated by the commissioner of education if neither parent nor guardian is living within the state.

(b) Prior to the placement of a pupil for care and treatment, the district of residence shall be notified and provided an opportunity to participate in the placement decision. When an immediate emergency placement is necessary and time does not permit resident district participation in the placement decision, the district in which the pupil is temporarily placed, if different from the district of residence, shall notify the district of residence of the emergency placement within 15 days of the placement.

(c) When a nonhandicapped pupil is temporarily placed for care and treatment in a day program and the pupil continues to live within the district of residence during the care and treatment, the district of residence shall provide instruction and necessary transportation for the pupil. The district may provide the instruction at a school within the district of residence, at the pupil's residence, or in the case of a placement outside of the resident district, in the district in which the day treatment program is located by paying tuition to that district.

(d) When a nonhandicapped pupil is temporarily placed in a residential program for care and treatment, the district in which the pupil is placed shall provide instruction for the pupil and necessary transportation within that district while the pupil is receiving instruction, and in the case of a placement outside of the district of residence, the nonresident district shall bill the district of residence for the actual cost of providing the instruction for the regular school year and for summer school, excluding transportation costs. When a nonhandicapped pupil is temporarily placed in a residential program outside the district of residence, the administrator of the court placing the pupil shall send timely written notice of the placement to the district of residence.

(e) The district of residence shall receive general education aid for the pupil and pay tuition and other instructional costs, excluding transportation costs, to the district providing the instruction. Transportation costs shall be paid by the district providing the transpor-

Sec. 6. Minnesota Statutes 1990, section 124.311, subdivision 4, is amended to read:

Subd. 4. [ELIGIBLE SERVICES.] Assurance of mastery revenue must be used to provide direct instructional services to an eligible pupil, or group of eligible pupils, under the following conditions:

(a) Instruction may be provided at one or more grade levels from kindergarten through grade 8. (b) Instruction must be provided in the usual and customary classroom of the eligible pupil.

(c) Instruction must be provided under the supervision of the eligible pupil's regular classroom teacher. Instruction may be provided by the eligible pupil's classroom teacher, by another teacher, by a team of teachers, or by an education assistant or aide. A special education teacher may provide instruction, but instruction that is provided under this section is not eligible for aid under section 124.32.

(d) The instruction that is provided must differ from the initial instruction the pupil received in the regular classroom setting. The instruction may differ by presenting different curriculum than was initially presented in the regular classroom, or by presenting the same curriculum:

(1) at a different rate or in a different sequence than it was initially presented;

(2) using different teaching methods or techniques than were used initially; or

(3) using different instructional materials than were used initially.

Sec. 7. Minnesota Statutes 1990, section 124.32, subdivision 1b, is amended to read:

Subd. 1b. [TEACHERS SALARIES.] (a) Each year the state shall pay to a district a portion of the salary of each essential person employed in the district's program for handicapped children during the regular school year, whether the person is employed by one or more districts. The state shall also pay to the Minnesota state academy for the deaf or the Minnesota state academy for the blind a part of the salary of each instructional aide assigned to a child attending the academy, if that aide is required by the child's individual education plan.

(b) For the 1991-1992 school year, the portion for a full-time person shall be an amount not to exceed the lesser of 60 56.4 percent of the salary or \$16,727 \$15,700. By March 15 of each year, districts shall submit separate applications for program and budget approval for summer school programs. The review of these applications shall be as provided in subdivision 7. By May 1 of each year, the commissioner shall approve, disapprove or

buildings, and bringing school buildings into compliance with fire codes.

Before a district issues bonds under this subdivision, it must publish notice of the intended projects, related costs, and the total amount of district indebtedness.

A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the school district is filed with the school board within 30 days of the board's action. The percentage is to be determined with reference to the number of registered voters in the school district on the last day before the petition is filed with the school board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.

The bonds may be issued in a principal amount, that when combined with interest thereon, will be paid off with 50 percent of current and anticipated revenue for capital facilities under this section or a successor section for the current year plus projected revenue not greater than the current year for the next ten years. Once finally authorized, the district must set aside 50 percent of the current year's revenue for capital facilities under this section or a successor section each year in a separate account until all principal and interest on the bonds is paid. The district must annually transfer this amount from its capital fund to the debt redemption fund. The bonds must be paid off within ten years of issuance. The bonds must be issued in compliance with Minnesota Statutes, chapter 475, except as otherwise provided in this section.

Sec. 19. [HUTCHINSON SCHOOL DISTRICT LEASE PURCHASE LEVY.]

The aggregate principal amount of any bonds issued under this section in calendar year 1992 must not exceed \$12,700,000 and in calendar

years 1993 to 1996 must not exceed \$9,000,000 each year. Issuance of the bonds is not subject to Minnesota Statutes, section 475.58 or 475.59. As with other bonds issued by independent school district No. 625, the first sentence of Minnesota Statutes, section 475.53, subdivision 5, does not apply to issuance of the bonds. The bonds must otherwise be issued as provided in Minnesota Statutes, chapter 475. The authority to issue bonds under this section is in addition to any bonding authority authorized by Minnesota Statutes, chapter 124, or other law. The amount of bonding authority authorized under this section must be disregarded in calculating the bonding or net debt limits of Minnesota Statutes, chapter 124, or any other law other than Minnesota Statutes, section 475.53, subdivision 4.

Subd. 2. [TAX LEVY FOR DEBT SERVICE.] To pay the principal of and interest on bonds issued under subdivision 1, independent school district No. 625 must levy a tax annually in an amount required under Minnesota Statutes, section 475.61, subdivisions 1 and 3. The tax authorized under this section is in addition to the taxes authorized to be levied under Minnesota Statutes, chapter 124A or 275, or other law.

Sec. 21. [TAXPAYER NOTIFICATION.]

Subdivision 1. [APPLICABILITY.] This section applies to bonding authority granted under section 20.

Subd. 2. [NOTICE.] (a) A school board must prepare a notice of the public meeting on the proposed sale of all or any of the bonds and mail the notice to each postal patron residing within the school district. The notice must be mailed at least 15 days but not more than 30 days before the meeting. Notice of the meeting must also be posted in the administrative office of the school district and must be published twice during the 14 days before the meeting in the official newspaper of the city in which the school district is located.

(b) The notice must contain the following information:

(1) the proposed dollar amount of bonds to be issued;

(c) To comply with paragraph (b), clause (4), the notice must show the projected annual dollar increase and net tax capacity rate increase for a representative range of residential homestead, residential nonhomestead, apartments, and commercial-industrial properties located within each state senate district in the school district.

Subd. 3. [BOND AUTHORIZATION.] A school board may vote to issue bonds newly authorized under section 20 only after complying with the requirements of subdivision 2.

The commissioner may reduce the excess that a district owes the state if a district's capital loan is outstanding and if the commissioner determines that any of the following conditions apply:

(1) a district is likely to incur a substantial property tax delinquency that will adversely affect the district's ability to make its scheduled bond payments;

(2) a district's agreement with its bondholders or its taxpayers could be impaired; or

(3) the district's tax capacity per pupil is less than one-tenth of the equalizing factor as defined in Minnesota Statutes, section 124A.02, subdivision 8.

(b) The amount of the excess that may be forgiven may not exceed \$200,000 in a single year for any district.

ARTICLE 6

EDUCATION ORGANIZATION AND COOPERATION

Section 1. Minnesota Statutes 1990, section 120.08, subdivision 3, is amended to read:

Subd. 3. [SEVERANCE PAY.] A district shall pay severance pay to a teacher who is:

(1) placed on unrequested leave of absence by the district ~~because the teacher's position is discontinued~~ as a result of an agreement under this section; and

(2) not employed by another district for the school year following the teacher's placement on unrequested leave of absence. A teacher is eligible under this subdivision if the teacher:

(1) is a teacher, as defined in section 125.12, subdivision 1, but not a superintendent;

(2) has a continuing contract with the district according to section 125.12, subdivision 4.

The amount of severance pay shall be equal to the teacher's salary for the school year during which the teacher was placed on unrequested leave of absence minus the gross amount the teacher was paid during the 12 months following the teacher's termination of salary, by an entity whose teachers by statute or rule must possess a valid Minnesota teaching license, and minus the amount a teacher receives as severance or other similar pay according to a contract with the district or district policy. These entities include, but are not limited to, the school district that placed the teacher on unrequested leave of absence, another school district in Minnesota, an education district, an intermediate school district, an ECSU, a board formed under section 471.59, a technical college, a state residential academy, the Minnesota center for arts education, a vocational center, or a special education cooperative. These entities do not include a school district in another state, a Minnesota public post-secondary institution, or a state agency. Only amounts earned by the teacher as a substitute teacher or in a position requiring a valid Minnesota teaching license shall be subtracted. A teacher may decline any offer of employment as a teacher without loss of rights to severance pay.

To determine the amount of severance pay that is due for the first six months following termination of the teacher's salary, the district may require the teacher to provide documented evidence of the teacher's employers and gross earnings during that period. The district shall pay the teacher the amount of severance pay it determines to be due from the proceeds of the levy for this purpose. To determine the amount of severance pay that is due for the second six months of the 12 months following the termination of the teacher's salary, the district may require the teacher to provide documented evidence of the teacher's employers and gross earnings during that period. The district shall pay the teacher the amount of severance pay it determines to be due from the proceeds of the levy for this purpose.

A teacher who receives severance pay under this subdivision waives all further reinstatement rights under section 125.12, subdivision 6a or 6b. If the teacher receives severance pay, the teacher shall not receive credit for any years of service in the district paying severance pay prior to the year in which the teacher becomes eligible to receive severance pay.

The severance pay shall be equivalent to the teacher's salary for one year and is subject to section 465.72. The district may levy annually according to section 275.125, subdivision 4, for the severance pay.

Sec. 2. Minnesota Statutes 1990, section 121.912, is amended by adding a subdivision to read:

(2) June 30 of the fiscal year before the effective date of reorganization according to section 122.22 or 122.23.

Sec. 4. Minnesota Statutes 1990, section 121.935, is amended by adding a subdivision to read:

Any part of the appropriation for fiscal year 1991 that was not distributed directly to the centers shall be added to the allocation according to the proportions each center received for fiscal year 1991. Payment of the amount appropriated shall be to school districts. Each school district shall receive a payment equal to:

(1) the number of pupil units in the district divided by the number of pupil units in all of the districts that are members of the center; times

(2) the allocation for the center of which the district is a member.

The payment shall be used by the district to purchase services from a regional management information center, another school district, or other provider, or to provide the services. The payment shall be deposited in the district's capital expenditure fund.

[LIMITATION ON PARTICIPATION AND FINANCIAL SUPPORT.] (a) No school district shall be required by any type of formal or informal agreement, including a joint powers agreement, or otherwise to participate in or provide financial support for the purposes of the agreement for a time period in excess of one fiscal year. Any agreement, part of an agreement, or other type of requirement to the contrary is void.

(b) This subdivision shall not affect the continued liability of a school district for its share of bonded indebtedness or other debt incurred as a result of any agreement before the effective date of this section. The school district is liable only until the obligation or debt is discharged and only according to the payment schedule in effect on the effective date of this section, except that the payment schedule may be altered for the purpose of restructuring debt or refunding bonds outstanding on the effective date of this section if the annual payments of the school district are not increased and if the total obligation of the school district for its share of outstanding bonds or other debt is not increased.

(c) To cease participating in or providing financial support for any of the services or activities relating to the agreement or to terminate participation in the agreement, the school board shall adopt a resolution and notify other parties to the agreement of its decision on or before February 1 of any year. The cessation or withdrawal shall be effective June 30 of the same year or, at the option of the school board, June 30 of the following fiscal year.

(d) Before issuing bonds or incurring other debt, the governing body responsible for implementing the agreement shall adopt a resolution proposing to issue bonds or incur other debt and the proposed financial effect of the bonds or other debt upon each participating district. The resolution shall be adopted within a time sufficient to allow the school board to adopt a resolution within the time permitted by this paragraph and to comply with the statutory deadlines set forth in article 9, section 33, and sections 125.12 and 125.17. The governing body responsible for implementing the agreement shall notify each participating school board of the contents of the resolution. Within 120 days of receiving the resolution of the governing body, the school board of the participating district shall adopt a resolution stating:

(1) its concurrence with issuing bonds or incurring other debt;

(2) its intention to cease participating in or providing financial support for the service or activity related to the bonds or other debt; or

(3) its intention to terminate participation in the agreement.

A school board adopting a resolution according to clause (1) is liable for its share of bonded indebtedness or other debt as proposed by the governing body implementing the agreement. A school board adopting a resolution according to clause (2) is not liable for the bonded indebtedness or other debt, as proposed by the governing body, related to the services or activities in which the district ceases participating or providing financial support. A school board adopting a resolution according to clause (3) is not liable for the bonded indebtedness or other debt proposed by the governing body implementing the agreement.

(e) After the effective date of this section, a district is liable according to paragraph (d) for its share of bonded indebtedness or other debt incurred by the governing body implementing the agreement to the extent that the bonds or other debt are directly related to the services or activities in which the district participates or for which the district provides financial support. The district has continued liability only until the obligation or debt is discharged and only according to the payment schedule in effect at the time the governing body implementing the agreement provides notice to the school board, except that the payment schedule may be altered for the purpose of refunding the outstanding bonds or restructuring other debt if the annual payments of the district are not increased and if the total obligation of the district for the outstanding bonds or other debt is not increased.

The amount of the debt must be certified over a period of five years. After the effective date of combination according to sections 122.241 to 122.248, the levy may be certified and spread only either on the property in the combined district that would have been taxable in the preexisting district that incurred the debt or on all of the taxable property in the combined district.

(b) A district that has reorganized according to section 122.22 or 122.23 may levy to eliminate reorganization operating debt as defined in section 3, clause (2). The amount of debt must be certified over a period not to exceed five years and may be spread either only on the property in the newly created or enlarged district which was taxable in the preexisting district that incurred the debt or on all of the taxable property in the newly created or enlarged district.

Sec. 17. [122.5311] [OBLIGATIONS UPON DISTRICT REORGANIZATION.]

Subdivision 1. [CAPITAL LOAN OBLIGATIONS.] If a district has a capital loan outstanding at the time of reorganization according to section 122.22, 122.23, or sections 122.241 to 122.248, and if the plan for reorganization provides for payment of all or a portion of the capital loan obligation by the newly created or enlarged district or makes no provision for payment, all of the taxable property in the newly created or enlarged district is taxable for the payment to the extent stated in the plan. Notwithstanding any contract to the contrary, if all of the taxable property in the newly created or enlarged district is taxable for the payment of the capital loan and until the capital loan is retired or cancelled, the maximum effort debt service levy shall be recalculated annually by the department of education to be equal to the required debt service levy plus an additional amount. The additional amount shall be the greater of:

(i) zero, or

(ii) the maximum effort debt service levy of the preexisting district minus the required debt service levy of the preexisting district that received the capital loan.

For the purpose of the recalculation, additional bond issues after the date of the reorganization shall not impact the maximum effort debt service levy or the required debt service levy.

Notwithstanding any contract to the contrary, the plan for reorganization may specify that the obligation for a capital loan remains solely with the preexisting district that incurred the obligation. This subdivision does not relieve any property from any tax liability for payment of any capital loan obligation.

Subd. 2. [ENERGY LOAN OBLIGATIONS.] If a district has an energy loan outstanding at the time of reorganization according to section 122.22, 122.23, or sections 122.241 to 122.248, and if the plan for reorganization provides for payment of all or a portion of the energy loan obligation by the newly created or enlarged district or makes no provision for payment, all of the taxable property in the newly created or enlarged district is taxable for the payment.

Notwithstanding any contract to the contrary, the plan for reorganization may specify that the obligation for an energy loan remains solely with the preexisting district that incurred the obligation. This subdivision does not relieve any property from any tax liability for payment of any energy loan obligation.

Sec. 18. Minnesota Statutes 1990, section 122.535, subdivision 6, is amended to read:

Subd. 6. [SEVERANCE PAY.] A district shall pay severance pay to a teacher who is:

(1) placed on unrequested leave of absence by the district because the teacher's position is discontinued as a result of the agreement; and

(2) not employed by another district for the school year following the teacher's placement on unrequested leave of absence. A teacher is eligible under this subdivision if the teacher:

(1) is a teacher, as defined in section 125.12, subdivision 1, but not a superintendent;

(2) has a continuing contract with the district according to section 125.12, subdivision 4.

The amount of severance pay shall be equal to the teacher's salary for the school year during which the teacher was placed on unrequested leave of absence minus the gross amount the teacher was paid during the 12 months following the teacher's termination of salary, by an entity whose teachers by statute or rule must possess a valid Minnesota teaching license, and minus the amount a teacher receives as severance or other similar pay according to a contract with the district or district policy. These entities include, but are not limited to, the school district that placed the teacher on unrequested leave of absence, another school district in Minnesota, an education district, an intermediate school district, an ECSU, a board formed under section 471.59, a technical college, a state residential academy, the Minnesota center for arts education, a vocational center, or a special education cooperative. These entities do not include a school district in another state, a Minnesota public post-secondary institution, or a state agency. Only amounts earned by the teacher as a substitute teacher or in a position requiring a valid Minnesota teaching license shall be subtracted. A teacher may decline any offer of employment as a teacher without loss of rights to severance pay.

To determine the amount of severance pay that is due for the first six months following termination of the teacher's salary, the district may require the teacher to provide documented evidence of the teacher's employers and gross earnings during that period. The district shall pay the teacher the amount of severance pay it determines to be due from the proceeds of the levy for this purpose. To determine the amount of severance pay that is due for the second six months of the 12 months following the termination of the teacher's salary, the district may require the teacher to provide documented evidence of the teacher's employers and gross earnings during that period. The district shall pay the teacher the amount of severance pay it determines to be due from the proceeds of the levy for this purpose.

A teacher who receives severance pay under this subdivision waives all further reinstatement rights under section 125.12, subdivision 6a or 6b. If the teacher receives severance pay, the teacher shall not receive credit for any years of service in the district paying severance pay prior to the year in which the teacher becomes eligible to receive severance pay.

The severance pay shall be equivalent to the teacher's salary for one year and is subject to section 465.72. The district may levy annually according to section 275.125, subdivision 4, for the severance pay.

Sec. 19. Minnesota Statutes 1990, section 122.91, subdivision 5, is amended to read:

Subd. 5. [JOINDER AND WITHDRAWAL.] (a) A member school district must not withdraw from an education district that receives revenue under section 124.2721 before the end of the fiscal year for which a levy under section 124.2721 has been certified.

(b) Notwithstanding paragraph (a), a school district that certified a levy under section 124.2721 for fiscal year 1991 124.2721 may apply to the department of education to transfer from one the education district to another to comply with section 122.241, subdivision 2, clause (2), which it currently belongs to a different education district before June 1 of the calendar year after the levy was certified if any of the following conditions are met as a result of the transfer:

(1) all member school districts of a special education cooperative established under section 120.17 or 471.59, or a cooperative center for vocational education established under section 123.351 become members of the same education district;

(2) the location of the school district allows the education district into which the school district is applying to transfer to provide services more effectively than the current education district; or

(3) the number of boards governing special education cooperatives established under section 120.17 or 471.59, cooperative centers for vocational education established under section 123.351, or other educational organizations that operate within the geographic area of either education district is reduced.

(c) The department of education must accept or reject an application for transfer under this section within 30 days of receiving the application. The commissioner must adjust the revenue of both education districts so that the education district revenue attributable to the transferring school district is transferred from the previous education district to the new education district.

(e) (d) By August 1 of each year, an education district must notify the department of education concerning which school districts will be members of the education district for the purposes of certifying to the department of education the amount of revenue to be raised under section 124.2721.

Sec. 20. Minnesota Statutes 1990, section 122.94, is amended by adding a subdivision to read:

Subd. 1a. [LIMITATION ON PARTICIPATION AND FINANCIAL SUPPORT.] (a) No district shall be required by an agreement or otherwise to participate in or provide financial support for a education district for a time period in excess of one fiscal year. Any agreement, part of an agreement, or other type of requirement to the contrary is void.

(b) This subdivision shall not affect the continued liability of a school district for its share of debt incurred by the education district board before the effective date of this section. The school district is liable only until the obligation or debt is discharged and only according to the payment schedule in effect on June 30, 1993, except that the payment schedule may be altered for the purpose of restructuring debt outstanding on the effective date of this section if the annual payments of the school district are not increased and if the total obligation of the school district for its share of debt is not increased.

(c) To cease participating in or providing financial support for any of the services or activities provided by the education district or to withdraw from the education district, the school board of the school district shall adopt a resolution and notify the education district board of its decision on or before February 1 of any year. The cessation or withdrawal shall be effective June 30 of the same year or, at the option of the school board, June 30 of the following fiscal year.

(d) Before incurring debt, the board of an education district shall adopt a resolution proposing to incur debt and the proposed financial effect of the debt upon each school district. The resolution shall be adopted within a time sufficient to allow the school board to adopt a resolution within the time permitted by this paragraph and to comply with the statutory deadlines set forth in article 9, section 33, and sections 125.12 and 125.17. The board of the education district shall notify each participating school board of the contents of the resolution. Within 120 days of receiving the resolution of the board of the education district, the school board of the participating district shall adopt a resolution stating:

(1) its concurrence with incurring other debt;

(2) its intention to cease participating in or providing financial support for the service or activity related to the debt; or

(3) its intention to withdraw from the education district.

A school board adopting a resolution according to clause (1) is liable for its share of debt as proposed by the education district board. A school board adopting a resolution according to clause (2) is not liable for the debt, as proposed by the board of the education district, related to the services or activities in which the school district ceases participating or providing financial support. The school district has continued liability only until the debt is discharged and only according to the payment schedule in effect at the time the education district board provides notice to the school board, except that the payment schedule may be altered for the purpose of restructuring debt if the annual payments of the school district are not increased and if the total obligation of the school district for the debt is not increased.

Before the 1990-1991 school year, each education district must report to the state board of education on ways that other components of the academic calendar in each member district will affect the

implementation of the five-year plan described in section 122.945. Other components include the length of the school day, the time the school day begins and ends, and the number of periods in the day.

Sec. 22. Minnesota Statutes 1990, section 123.35, is amended by adding a subdivision to read:

Subd. 19. [LIMITATION ON ALL AGREEMENTS.] (a) No district shall be required by an agreement or otherwise to participate in or provide financial support for a regional center for a time period in excess of one fiscal year. Any agreement, part of an agreement, or other type of requirement to the contrary is void.

At least 60 days before not renewing or terminating a contract, the sponsor, or the state board if the state board is acting to terminate a contract, shall notify the board of directors of the school of the proposed action in writing. The notice shall state the grounds for the proposed action in reasonable detail and that the school's board of directors may request in writing an informal hearing before the sponsor or the state board within 14 days of receiving notice of nonrenewal or termination of the contract. Failure by the board of directors to make a written request for a hearing within the 14 day period shall be treated as acquiescence to the proposed action. Upon receiving a timely written request for a hearing, the sponsor or the state board shall give reasonable notice to the school's board of directors of the hearing date. The sponsor or the state board shall conduct an informal hearing before taking final action. The sponsor shall take final action to renew or not renew a contract by the last day of classes in the school year.

(2) the teacher's current educational attainment on the member district's salary schedule.

Subd. 7. [RIGHTS OF A TEACHER PLACED ON UNREQUESTED LEAVE UPON WITHDRAWAL.] (a) This subdivision applies to a teacher who is placed on unrequested leave of absence, according to section 125.12, subdivision 6a or 6b, in the year in which the cooperative provides the notice required by subdivision 3, clause (2), by a cooperative from which a member district is withdrawing.

This subdivision applies to a district that, except as a result of open enrollment according to section 120.062, provides essentially the same instruction provided by the cooperative to pupils enrolled in the withdrawing district.

(b) A teacher shall be appointed by a district to which this subdivision applies to an available teaching position which:

(1) is in a field of licensure in which pupils enrolled in the withdrawing district received instruction from the cooperative; and

(2) is within the teacher's field of licensure.

For the purpose of this paragraph, an available teaching position means any position that is vacant or would otherwise be occupied by a probationary or provisionally licensed teacher.

(c) A board may not appoint a new teacher to an available teaching position unless no teacher holding the requisite license on unrequested leave from the cooperative has filed a written request for appointment. The request shall be filed with the board of the appointing district within 30 days of receiving written notice from the appointing board that it has an available teaching position. If no teacher holding the requisite license files a request according to this paragraph, the district may fill the position as it sees fit. Available teaching positions shall be offered to teachers in order of their seniority on a combined seniority list of the teachers employed by the cooperative and the withdrawing member district.

(d) A teacher appointed according to this subdivision is not required to serve a probationary period. The teacher shall receive credit on the appointing district's salary schedule for the teacher's years of continuous service under contract with the cooperative and the member district and the teacher's educational attainment at the time of appointment or shall receive a comparable salary, whichever is less. The teacher shall receive credit for accumulations of sick leave and rights to severance benefits as if the teacher had been employed by the member district during the teacher's years of employment by the cooperative.

Subd. 8. [NONLICENSED EMPLOYEES UPON DISSOLUTION.] A nonlicensed employee who is terminated by a cooperative that dissolves shall be appointed by a district that is a member of the dissolved cooperative to a position that is created within 12 months of the dissolution of the cooperative and is created as a result of the dissolution of the cooperative. A position shall be offered to a nonlicensed employee, who fulfills the qualifications for that position, in order of the employee's seniority within the dissolved cooperative.

Subd. 9. [NONLICENSED EMPLOYEES UPON WITHDRAWAL.] A nonlicensed employee of a cooperative whose position is discontinued as a result of the withdrawal of a member district from the cooperative shall be appointed by the withdrawing member district to a position that is created within 12 months of the withdrawal and is created as a result of the withdrawal of the

member district. A position shall be offered to a nonlicensed employee, who fulfills the qualifications for that position, in order of the employee's seniority within the cooperative from which a member district withdraws.

Sec. 34. Minnesota Statutes 1990, section 123.34, subdivision 9, is amended to read:

Subd. 9. [SUPERINTENDENT.] All districts maintaining a classified secondary school shall employ a superintendent who shall be an ex officio nonvoting member of the school board. The authority for selection and employment of a superintendent shall be vested in the school board in all cases. An individual employed by a school board as a superintendent shall have an initial employment contract for a period of time no longer than ~~four~~ three years from the date of employment. ~~The initial employment contract must terminate on June 30 of an odd-numbered year. Any subsequent employment contract between a school board and the same individual to serve as a superintendent may not extend beyond June 30 of the next odd-numbered year. Any subsequent employment contract must not exceed a period of three years.~~ A school board, at its discretion, may or may not renew, ~~at its discretion,~~ an ~~initial employment contract or a subsequent employment contract.~~ A school board may terminate a superintendent during the term of an employment contract for any of the grounds specified in section 125.12, subdivision 6 or 8. A superintendent shall not rely upon an employment contract with a school board to assert any other continuing contract rights in the position of superintendent under section 125.12. Notwithstanding the provisions of sections 122.532, 122.541, 125.12, subdivision 6a or 6b, or any other law to the contrary, no individual shall have a right to employment as a superintendent based on ~~seniority or~~ order of employment in any district. If two or more school districts enter into an agreement for the purchase or sharing of the services of a superintendent, the contracting districts have the absolute right to select one of the individuals employed to serve as superintendent in one of the contracting districts and no individual has a right to employment as the superintendent to provide all or part of the services based on ~~seniority or~~ order of employment in a contracting district. ~~An individual who holds a position as superintendent in one of the contracting districts, but is not selected to perform the services, may be placed on unrequested leave of absence or may be reassigned to another available position in the district for which the individual is licensed.~~ The superintendent of a district shall perform the following:

(2) recommend to the board employment and dismissal of teachers;

(3) superintend school grading practices and examinations for promotions;

If pupils in kindergarten through grade 12 attend school in one building, one principal may supervise the building.

Each principal assigned the responsibility for the supervision of a school building shall hold a valid certification license in the assigned position of supervision and administration as established by the rules of the state board of education.

The principal shall provide administrative, supervisory, and instructional leadership services, under the supervision of the superintendent of schools of the school district and in accordance with the policies, rules, and regulations of the board of education, for the planning, management, operation, and evaluation of the education program of the building or buildings to which the principal is assigned.

Sec. 36. Minnesota Statutes 1990, section 123.35, is amended by adding a subdivision to read:

Subd. 20. [LEGAL COUNSEL; REIMBURSEMENT.] If reimbursement is requested by a school district employee, the board may, after consulting with its legal counsel, reimburse the employee for any costs and reasonable attorney fees incurred by the person to defend criminal charges brought against the person arising out of the performance of duties for the school district. A board member who is a witness or an alleged victim in the case may not vote on the reimbursement. If a quorum of the board is disqualified from voting on the reimbursement, the reimbursement shall be approved by a judge of the district court.

Sec. 37. Minnesota Statutes 1990, section 123.3514, subdivision 4, is amended to read:

Subd. 4. [AUTHORIZATION; NOTIFICATION.] Notwithstanding

any other law to the contrary, an 11th or 12th grade pupil, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to an eligible institution, as defined in subdivision 3, to enroll in nonsectarian courses offered at that post-secondary institution. If an institution accepts a secondary pupil for enrollment under this section, the institution shall send written notice to the pupil, the pupil's school district, and the commissioner of education within ten days of acceptance. The notice shall indicate the course and hours of enrollment of that pupil. If the pupil enrolls in a course for post-secondary credit, the institution shall notify the pupil about payment in the customary manner used by the institution.

Sec. 38. Minnesota Statutes 1990, section 123.3514, subdivision 6, is amended to read:

Subd. 6. [FINANCIAL ARRANGEMENTS.] At the end of each school year, the department of education shall pay the tuition reimbursement amount within 30 days to the post-secondary institutions for courses that were taken for secondary credit. The amount of tuition reimbursement shall equal the lesser of:

(1) the actual costs of tuition, textbooks, materials, and fees directly related to the course taken by the secondary pupil; or

(2) an amount equal to the difference between the basic revenue of the district for that pupil and an amount computed by multiplying the basic revenue of the district for that pupil by a ratio. The ratio to be used is the total number of hours that the pupil is enrolled in courses in the secondary school during the regular school year over the total number of secondary instructional hours per pupil in that pupil's resident district.

The amount paid for each pupil shall be subtracted from the general education aid paid to the pupil's district of attendance. If the amount to be subtracted is greater than the amount of general education aid due the district, the excess reduction shall be made from other state aids due to the district. For fiscal year 1992, for a pupil attending a post-secondary institution under this section, whether the pupil is enrolled in the post-secondary institution for secondary credit, post-secondary credit, or a combination of both, a school district shall receive aid equal to the sum of:

(1) 12 percent of the formula allowance, according to section 124.22, subdivision 2, times 1.3; plus

(2) for a pupil who attends a secondary school part time, the formula allowance, according to section 124.22, subdivision 2, times 1.3, times the ratio of the total number of hours the pupil is in membership for courses taken by the pupil for credit, to 1020 hours.

If a pupil is enrolled in a course for post-secondary credit, the school district shall include the pupil in the average daily membership only for the portion of time during which the pupil is enrolled in courses at the secondary school and enrolled in courses at a post-secondary institution for secondary credit.

The department shall not pay any tuition reimbursement or other costs of a course taken for post-secondary credit only.

For fiscal year 1993 and thereafter, a post-secondary institution shall be reimbursed according to the following:

(1) for an institution granting quarter credit, the reimbursement per credit hour shall be an amount equal to 88 percent of the product of the formula allowance, multiplied by 1.3, and divided by 45; or

(2) for an institution granting semester credit, the reimbursement per credit hour shall be an amount equal to 88 percent of the product of the general revenue formula allowance, multiplied by 1.3, and divided by 30.

For fiscal year 1993 and thereafter, a school district shall receive:

(1) for a pupil who is not enrolled in classes at a secondary school, 12 percent of the formula allowance, according to section 124.22, subdivision 2, times 1.3; or

(2) for a pupil who attends a secondary school part time, 88 percent of the product of the formula allowance, according to section 124.22, subdivision 2, times 1.3, times the ratio of the total number of hours the pupil is in membership for courses taken by the pupil for credit, to 1020 hours.

Sec. 39. Minnesota Statutes 1990, section 123.3514, subdivision 6b, is amended to read:

Subd. 6b. [FINANCIAL ARRANGEMENTS, PUPILS AGE 21 OR OVER.] At the end of each school year, the department of education shall pay the tuition reimbursement amount to the post-secondary institutions for courses taken to fulfill high school graduation requirements by pupils eligible for adult high school graduation aid. The amount of the tuition reimbursement equals the lesser of:

(1) the actual costs of tuition, textbooks, materials, and fees directly related to the course or program taken by the pupil; or

(2) an amount equal to the difference between the adult high school graduation aid attributable to that pupil and an amount computed by multiplying the adult high school graduation aid by the ratio of the total number of hours that the pupil is enrolled in

courses in the secondary school during the regular school year over the total number of secondary instructional hours per pupil in that pupil's resident district.

The amount of tuition reimbursement paid for each pupil shall be subtracted from the adult high school graduation aid paid to the pupil's district of attendance. For fiscal year 1992, for a pupil attending a post-secondary institution under this section, whether the pupil is enrolled in the post-secondary institution for secondary credit, post-secondary credit, or a combination of both, a school district shall receive aid equal to the sum of:

(1) 12 percent of the formula allowance, according to section 124.22, subdivision 2, times 1.3; plus

(2) for a pupil who attends a secondary school part time, the adult high school graduation aid times 1.3, times the ratio of the total number of hours the pupil is in membership for courses taken by the pupil for credit, to 1020 hours.

If a pupil is enrolled in a course for post-secondary credit, the school district shall include the pupil in average daily membership as computed under section 120.17, subdivision 1, only for the portion of time during which the pupil is enrolled in courses at the secondary school and enrolled in courses at the post-secondary institution for secondary credit.

The department must not pay any tuition reimbursement or other costs of a course taken for post-secondary credit only.

For fiscal year 1993 and thereafter, a post-secondary institution shall be reimbursed according to the following:

(1) for an institution granting quarter credit, the reimbursement per credit hour shall be an amount equal to 88 percent of the product of the formula allowance, multiplied by 1.3, and divided by 45; or

(2) for an institution granting semester credit, the reimbursement per credit hour shall be an amount equal to 88 percent of the product of the general revenue formula allowance multiplied by 1.3, and divided by 30.

For fiscal year 1993 and thereafter, a school district shall receive:

(1) for a pupil who is not enrolled in classes at a secondary program, 12 percent of the adult high school graduation aid, times 1.3; or

(2) for a pupil who attends classes at a secondary program part time, 88 percent of the product of the adult high school graduation

aid, times 1.3, times the ratio of the total number of hours the pupil is in membership for courses taken by the pupil for credit to 1020 hours.

Sec. 40. Minnesota Statutes 1990, section 123.38, subdivision 2b, is amended to read:

Subd. 2b. (a) The board may take charge of and control all extracurricular activities of the teachers and children of the public schools in the district. Extracurricular activities shall mean all direct and personal services for public school pupils for their enjoyment that are managed and operated under the guidance of an adult or staff member.

(b) Extracurricular activities have all of the following characteristics:

(a) (1) they are not offered for school credit nor required for graduation;

(b) (2) they are generally conducted outside school hours, or if partly during school hours, at times agreed by the participants, and approved by school authorities;

(c) (3) the content of the activities is determined primarily by the pupil participants under the guidance of a staff member or other adult.

(c) If the board does not take charge of and control extracurricular activities, these activities shall be self-sustaining with all expenses, except direct salary costs and indirect costs of the use of school facilities, met by dues, admissions, or other student fundraising events. The general fund or the technical colleges fund, if applicable, shall reflect only those salaries directly related to and readily identified with the activity and paid by public funds. Other revenues and expenditures for extra curricular activities must be recorded according to the "Manual of Instruction for Uniform Student Activities Accounting for Minnesota School Districts and Area Vocational-Technical Colleges." Extracurricular activities not under board control must have an annual financial audit and must also be audited annually for compliance with this section.

(d) If the board takes charge of and controls extracurricular activities, any or all costs of these activities may be provided from school revenues, and all revenues and expenditures for these activities shall be recorded in the same manner as other revenues and expenditures of the district.

(e) If the board takes charge of and controls extracurricular activities, no such activity shall be participated in by the teachers or

pupils in the district, nor shall the school name or any allied name be used in connection therewith, except by consent and direction of the board.

Sec. 41. Minnesota Statutes 1990, section 123.744, is amended to read:

123.744 [SCHOOL BOARDS; STUDENT MEMBERS.]

The board of directors of any school district ~~may~~ shall appoint a student to serve as an advisory member to the school board or shall establish a youth advisory council to make formal and informal recommendations to the school board. If a student advisory member is appointed to the board, the student shall serve as an advisory member to the board only while attending school in the district, and shall not receive any compensation or be reimbursed for any expenses incurred while serving in this capacity.

A student advisory member ~~may~~ shall be permitted to attend school board meetings, to be furnished with agenda materials, to introduce items for inclusion in the agenda, and to participate in discussion but shall not be entitled to vote.

If a youth advisory council is established, the board shall meet with council members at least three times per year to discuss education matters and board actions affecting the district student population.

Neither the student member nor youth advisory council members may participate in any closed discussion concerning the negotiation or implementation of a collective bargaining agreement and must not be present at a closed meeting permitted under section 471.705, subdivision 1a or 1d.

Sec. 42. Minnesota Statutes 1990, section 124.17, is amended by adding a subdivision to read:

Subd. 1c. [FOREIGN EXCHANGE PUPILS.] Notwithstanding section 123.35, subdivision 8c, or any other law to the contrary, a foreign exchange pupil enrolled in a district under a cultural exchange program may be counted as a resident pupil for the purposes of chapters 124 and 124A and section 275.125 even if the pupil has graduated from high school or the equivalent.

Sec. 43. [124.248] [REVENUE FOR AN OUTCOME-BASED SCHOOL.]

Subdivision 1. [GENERAL EDUCATION REVENUE.] General education revenue shall be paid to an outcome-based school as though it were a school district. The general education revenue for

each pupil unit is the state average general education revenue per pupil unit, calculated without compensatory revenue, plus compensatory revenue as though the school were a school district.

Subd. 2. [CAPITAL EXPENDITURE EQUIPMENT REVENUE.] Capital expenditure equipment aid shall be paid to an outcome-based school according to section 124.245, subdivision 6, as though it were a school district. Capital expenditure equipment aid shall equal capital expenditure equipment revenue. Notwithstanding section 124.244, subdivision 4, an outcome-based school may use the revenue for any purpose related to the school.

Subd. 3. [SPECIAL EDUCATION AID.] Special education aid shall be paid to an outcome-based school according to section 124.32 as though it were a school district. The school may charge tuition to the district of residence as provided in section 120.17, subdivision 4. The district of residence shall levy as provided in section 275.125, subdivision 8c, as though it were participating in a cooperative.

Subd. 4. [OTHER AID, GRANTS, REVENUE.] An outcome-based school is eligible to receive other aids, grants, and revenue according to chapters 120 to 129, as though it were a school district. However, it may not receive aid, a grant, or revenue if a levy is required to obtain the money, except as otherwise provided in this section. Federal aid received by the state must be paid to the school, if it qualifies for the aid as though it were a school district.

Subd. 5. [USE OF STATE MONEY.] Money received from the state may not be used to purchase land or buildings. The school may own land and buildings if obtained through nonstate sources.

Sec. 44. Minnesota Statutes 1990, section 125.09, subdivision 4, is amended to read:

Subd. 4. [MANDATORY REPORTING.] A school board shall report to the board of teaching, the state board of education, or the state board of technical colleges, whichever has jurisdiction over the teacher's license, when its teacher is discharged or resigns from employment after a charge is filed with the school board under section 125.17, subdivisions 4, clauses (1), (2), and (3), and 5, or after charges are filed that are ground for discharge under section 125.12, subdivision 8, clauses (a), (b), (c), (d), and (e), or when a teacher is suspended or resigns while an investigation is pending under section 125.12, subdivision 8, clauses (a), (b), (c), (d), and (e); 125.17, subdivisions 4, clauses (1), (2), and (3), and 5; or 626.556. The report must be made to the board within ten days after the discharge, suspension, or resignation has occurred. The board to which the report is made shall investigate the report for violation of subdivision 1 and the reporting school board shall cooperate in the investigation. Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having

jurisdiction over the teacher's license, a school board or school superintendent shall provide the licensing board with information about the teacher from the school district's files, any termination or disciplinary proceeding, any settlement or compromise, or any investigative file. Upon written request from the appropriate licensing board, a school board or school superintendent may, at the discretion of the school board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the school district. Any data transmitted to any board under this section shall be private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

The board to which a report is made shall transmit to the attorney general's office any record or data it receives under this subdivision for the sole purpose of having the attorney general's office assist that board in its investigation. When the attorney general's office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's license within 45 days of receiving a stipulation executed by the teacher under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

Sec. 45. Minnesota Statutes 1990, section 125.12, subdivision 3, is amended to read:

Subd. 3. [PROBATIONARY PERIOD.] The first three consecutive years of a teacher's first teaching experience in Minnesota in a single school district shall be deemed to be a probationary period of employment, and after completion thereof, the probationary period in each school district in which the teacher is thereafter employed shall be one year. The school site management team, or the school board if there is no school site management team, shall adopt a plan for written evaluation of teachers during the probationary period according to subdivision 3a or 3b. Effective July 1, 1988, Evaluation by the peer review committee charged with evaluating probationary teachers under subdivision 3a shall occur at least three times each year for a teacher performing services on 120 or more school days, at least two times each year for a teacher performing services on 60 to 119 school days, and at least one time each year for a teacher performing services on fewer than 60 school days. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent

from school shall not be included in determining the number of school days on which a teacher performs services. During the probationary period any annual contract with any teacher may or may not be renewed as the school board, after consulting with the peer review committee charged with evaluating probationary teachers under subdivision 3a, shall see fit; provided, however, that the school board shall give any such teacher whose contract it declines to renew for the following school year written notice to that effect before June 1. If the teacher requests reasons for any nonrenewal of a teaching contract, the school board shall give the teacher its reason in writing, including a statement that appropriate supervision was furnished describing the nature and the extent of such supervision furnished the teacher during the employment by the board, within ten days after receiving such request. The school board may, after a hearing held upon due notice, discharge a teacher during the probationary period for cause, effective immediately, under section 123.35, subdivision 5.

Sec. 46. Minnesota Statutes 1990, section 125.12, is amended by adding a subdivision to read:

Subd. 3a. [PEER REVIEW FOR PROBATIONARY TEACHERS.] A school must have a peer review committee charged with evaluating each probationary teacher at least three times each year for a period of three years as required under subdivision 3. The purpose of the evaluation procedure is to improve the probationary teacher's instructional effectiveness. The school site management team, or the school board if there is no school site management team, after consulting with a representative of the peer review committee and the school principal or other person having general control and supervision of the school, shall adopt a procedure for written evaluations of probationary teachers. The evaluation procedure must be structured as a continuing and cooperative process between the probationary teacher, the peer review committee, and the school principal or other person having general control and supervision of the school. The school site management team, or the school board if there is no school site management team, shall make available a written description of the evaluation procedure, including evaluation policies and criteria, to each newly hired teacher and to each probationary teacher. As part of the evaluation procedure, the school and the school district shall provide the necessary resources to assist a probationary teacher to improve those areas of instruction identified by the teacher, the peer review committee, or the principal or other person having general control and supervision of the school as in need of improvement. The school and the school district also shall provide to each probationary teacher opportunities for professional growth experiences, including in-service training.

Sec. 47. Minnesota Statutes 1990, section 125.12, is amended by adding a subdivision to read:

Subd. 3b. [APPLICABILITY.] Subdivision 3a does not apply to a school district that has formally adopted a probationary teacher review process that has been mutually agreed upon by the exclusive representative of the teachers in the district and the school board.

Sec. 48. Minnesota Statutes 1990, section 125.12, is amended by adding a subdivision to read:

Subd. 4a. [PEER REVIEW FOR CONTINUING CONTRACT TEACHERS.] A school must have a peer review committee for continuing contract teachers to provide the teachers with the opportunity for positive interaction and professional growth to help students learn more effectively. The peer review committee must not judge teacher competency nor determine whether to suspend or terminate a teacher. Members of the peer review committee must be selected by the school site management team, or by the exclusive bargaining representative if there is no school site management team. The selecting body shall establish an equitable process for selecting members of the peer review committee and an orderly cycle for rotating members. Only teachers with continuing contracts shall serve as members of the peer review committee. The peer review committee shall review once each school year each teacher with a continuing contract performing services on 120 or more school days. The review process must allow experienced teachers to improve instructional effectiveness through professional learning and development opportunities that include exchanging and internalizing ideas about the components of competent teaching. An in-service training session must be held at the beginning of each school year to train members of the peer review committee to facilitate teachers' reflections about the assumptions, beliefs, and practices underlying teaching. The selecting body shall design the training sessions and give the members of the peer review committee the necessary time off from their classroom responsibilities to perform the duties listed in this subdivision.

Sec. 49. [125.135] |STAFF EXCHANGE PROGRAM. |

Subdivision 1. [ESTABLISHMENT.] A staff exchange program is established to allow local school districts to arrange temporary and voluntary exchanges among members of their kindergarten through grade 12 instructional and administrative staffs. The purpose of the program is to provide participants with an understanding of the educational concerns of other local school districts, including concerns of class organization, curriculum development, instructional practices, and characteristics of the student population.

The educational needs and interests of the host school district and the training, experience, and interests of the participants must determine the assignments of the participants in the host district. Participants may teach courses, provide counseling and tutorial services, work with teachers to better prepare students for future

educational experiences, serve an underserved population in the district, or assist with administrative functions. The assignments participants perform for the host district must be comparable to the assignments the participants perform for the district employing the participants. Participation in the exchange program need not be limited to one school or one school district and may involve other education organizations including education districts and ECSUs.

Subd. 2. [PROGRAM REQUIREMENTS.] All staff exchanges made under this section are subject to the requirements in this subdivision.

(a) A school district employing a participating staff member must not adversely affect the staff member's salary, seniority, or other employment benefits, or otherwise penalize the staff member for participating in the program.

(b) Upon completion or termination of an exchange, a school district employing a participating staff member must permit the staff member to return to the same assignment the staff member performed in the district before the exchange, if available, or, if not, a similar assignment.

(c) A school district employing a participating staff member must continue to provide the staff member's salary and other employment benefits during the period of the exchange.

(d) A participant must be licensed and tenured.

(e) Participation in the program must be voluntary.

(f) The length of participation in the program must be no less than one-half of a school year and no more than one school year, and any premature termination of participation must be upon the mutual agreement of the participant and the participating school district.

(g) A participant is responsible for transportation to and from the host school district.

(h) This subdivision does not abrogate or change rights of staff members participating in the staff exchange program or the terms of an agreement between the exclusive representative of the school district employees and the school district.

(i) Participating school districts may enter into supplementary agreements with the exclusive representative of the school district employees to accomplish the purpose of this section.

Subd. 3. [APPLICATION PROCEDURES.] The school board of a school district must decide by resolution to participate in the staff

exchange program. A staff member wishing to participate in the exchange program must submit an application to the school district employing the staff member. The district must, in a timely and appropriate manner, provide to the exclusive bargaining representatives of teachers in the state the number and names of prospective participants within the district, the assignments available within the district, and the length of time for each exchange. The exclusive bargaining representatives are requested to cooperatively participate in the coordination of exchanges to facilitate exchanges across all geographical regions of the state. Prospective participants must contact teachers and districts with whom they are interested in making an exchange. The prospective participants must make all arrangements to accomplish their exchange and the superintendents of the participating districts must approve the arrangements for the exchange in writing.

Sec. 50. |125.138| [FACULTY EXCHANGE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] A program of faculty exchange is established to allow school districts and post-secondary institutions to arrange temporary exchanges between members of their instructional staffs. These arrangements must be made on a voluntary cooperative basis between a school district and post-secondary institution, or between post-secondary institutions. Exchanges between post-secondary institutions may occur among campuses in the same system or in different systems.

Subd. 2. [USES OF PROGRAM.] Each participating school district and post-secondary institution may determine the way in which the instructional staff member's time is to be used, but it must be in a way that promotes understanding of the needs of each educational system or institution. For example, a public school teacher may teach courses, provide counseling and tutorial services, assist with the preparation of future teachers, or take professional development courses. A post-secondary teacher might teach advanced placement courses or other classes to aid an underserved population at the school district, counsel students about future educational plans, or work with teachers to better prepare students for post-secondary education. Participation need not be limited to one school or institution and may involve other groups including educational cooperative service units.

Subd. 3. [SALARIES; BENEFITS; CERTIFICATION.] Exchanges made under the program must not have a negative effect on participants' salaries, seniority, or other benefits. Notwithstanding sections 123.35, subdivision 6, and 125.04, a member of the instructional staff of a post-secondary institution may teach in an elementary or secondary school or perform a service, agreed upon according to this section, for which a license would otherwise be required without holding the applicable license. In addition, a licensed teacher employed by a school district may teach or perform a

service, agreed upon according to this section, at a post-secondary institution without meeting the applicable qualifications of the post-secondary institution. A school district is not subject to section 124.19, subdivision 3, as a result of entering into an agreement according to this section that enables a post-secondary instructional staff member to teach or provide services in the district. All arrangements and details regarding the exchange must be mutually agreed to by each participating school district and post-secondary institution before implementation.

Sec. 51. [125.1385] [EXCHANGES BETWEEN EDUCATION FACULTY.]

Subd. 4. ~~Seven and one-half~~ Five percent of the available grant funds shall be paid to each system as a base grant for basic system services.

Subd. 5. ~~Seventeen and one-half~~ Twenty-five percent of the available grant funds shall be distributed to regional public library systems ~~which contain counties whose based upon~~ the adjusted net tax capacity per capita were below the state average adjusted net tax capacity per capita for each member county or participating portion of a county as calculated for the second year preceding the fiscal year for which the grant is made. Each system's entitlement shall be calculated as follows:

(a) subtract the adjusted net tax capacity per capita for each eligible county or participating portion of a county from the state-wide average adjusted net tax capacity per capita;

(b) multiply the difference obtained in clause (a) for each eligible county or participating portion of a county by the population of that eligible county or participating portion of a county;

(c) for each regional public library system, determine the sum of the results of the computation in clause (b) for all eligible counties or portions thereof in that system;

(d) determine the sum of the result of the computation in clause (b) for all eligible counties or portions thereof in all regional public library systems in the state;

(e) for each system, divide the result of the computation in clause (c) by the result of the computation in clause (d) to obtain the allocation factor for that system;

(a) Multiply the adjusted net tax capacity per capita for each county or participating portion of a county by .0082.

(b) Add sufficient grant funds that are available under this subdivision to raise the amount of the county or participating portion of a county with the lowest value calculated according to paragraph (a) to the amount of the county or participating portion of a county with the next highest value calculated according to paragraph (a). Multiply the amount of the additional grant funds by the population of the county or participating portion of a county.

(c) Continue the process described in paragraph (b) by adding sufficient grant funds that are available under this subdivision to the amount of a county or participating portion of a county with the next highest value calculated in paragraph (a) to raise it and the amount of counties and participating portions of counties with lower values calculated in paragraph (a) up to the amount of the county or participating portion of a county with the next highest value, until reaching an amount where funds available under this subdivision are no longer sufficient to raise the amount of a county or participating portion of a county and the amount of counties and participating portions of counties with lower values up to the amount of the next highest county or participating portion of a county.

(d) If the point is reached using the process in paragraphs (b) and (c) at which the remaining grant funds under this subdivision are not adequate for raising the amount of a county or participating portion of a county and all counties and participating portions of counties with amounts of lower value to the amount of the county or participating portion of a county with the next highest value, those funds are to be divided on a per capita basis for all counties or participating portions of counties that received grant funds under the calculation in paragraphs (b) and (c).

Subd. 6. [POPULATION DETERMINATION.] Population shall be determined according to section 477A.011, subdivision 3.

ARTICLE 12

MAXIMUM EFFORT SCHOOL LOAN BONDS

Section 1. [124.479] [BOND ISSUE; MAXIMUM EFFORT SCHOOL LOANS, 1991.]

To provide money to be loaned to school districts as agencies and political subdivisions of the state to acquire and to better public land and buildings and other public improvements of a capital nature, in the manner provided by the maximum effort school aid law, the commissioner of finance shall issue and sell school loan bonds of the state of Minnesota in the maximum amount of \$45,065,000, in addition to the bonds already authorized for this purpose. The same amount is appropriated to the maximum effort school loan fund and must be spent under the direction of the commissioner of education to make debt service loans and capital loans to school districts as provided in sections 124.36 to 124.47. The bonds must be issued and sold and provision for their payment must be made according to section 124.46. Expenses incidental to the sale, printing, execution, and delivery of the bonds, including, but without limitation, actual and necessary travel and subsistence expenses of state officers and employees for those purposes, must be paid from the maximum

effort school loan fund, and the money necessary for the expenses is appropriated from that fund.

No bonds may be sold or issued under this section until all bonds authorized by Laws 1990, chapter 610, sections 2 to 7, are sold and issued and the authorized project contracts have been initiated or abandoned.

Sec. 2. [1991 MAXIMUM EFFORT LOANS.]

The commissioner of education shall make capital loans to independent school district No. 115, Cass Lake; independent school district No. 192, Farmington; independent school district No. 682, Roseau; independent school district No. 748, Sartell; independent school district No. 345, New London-Spicer; independent school district No. 533, Dover-Eyota; independent school district No. 95, Cromwell; and independent school district No. 255, Pine Island. Capital loans to these districts are approved.

Districts approved in a law for a maximum effort loan shall have their project plans and budgets reviewed by the commissioner to determine optimum cost efficiency. The commissioner may reduce the amount of the loans in accord with this review. Costs incurred by the commissioner for professional services associated with the review may be recovered from the districts.

Notwithstanding any law to the contrary, if the available funding is inadequate to meet the loan requests of all the approved districts, the commissioner may reduce the amount of the loan. The reduction to each district's loan must be proportionate to the approved loan amount. Capital loans must be made to all approved districts.

Except for reductions in the loans made according to this section, the amount, terms, and forgiveness of the loans are governed by Minnesota Statutes 1990, section 124.431.

Sec. 3. [BONDING AUTHORITY.]

Notwithstanding the election requirements of Minnesota Statutes, chapter 475, or any other law to the contrary, any school district with a capital loan approved in section 2 may issue general obligation bonds without an election in an amount not to exceed the difference between the state board approved capital loan project cost and the sum of the amount of the capital loan actually granted and the voter approved local bonding authority. If a project has been previously approved by the voters, changes in that project that do not change the total project cost do not require further voter approval. To pay the principal of and interest on bonds issued under this section, the school district shall levy a tax in an amount sufficient under Minnesota Statutes, section 475.61, subdivisions 1

and 3. The tax authorized under this section is in addition to any other taxes levied under Minnesota Statutes, chapter 124, 124A, or 275, or any other law.

Sec. 4. [APPROPRIATION; MAXIMUM EFFORT SCHOOL LOAN FUND.]

\$3,795,000 is appropriated from the general fund to the department of education for fiscal year 1993 for the maximum effort school loan fund. This appropriation is added to the appropriation in article 5 for this purpose. All the conditions that apply to the maximum effort school loan fund appropriation in article 5 apply to this appropriation.

Subdivision 1. [PROHIBITED ACTS.] (a) A person subject to the provisions of this section and sections 27.01 to 27.15 may not:

(1) operate or advertise to operate as a dealer at wholesale without a license;

(2) make any false statement or report as to the grade, condition, markings, quality, or quantity of produce, as defined in section 27.069, received or delivered, or act in any manner to deceive a consignor or purchaser;

(3) refuse to accept a shipment contracted for by the person, unless the refusal is based upon the showing of a state inspection certificate secured with reasonable promptness after the receipt of the shipment showing that the kind and quality of produce, as defined in section 27.069, is other than that purchased or ordered by the person;

(4) fail to account or make a settlement for produce within the required time;

(5) violate or fail to comply with the terms or conditions of a contract entered into by the person for the purchase or sale of produce;

(6) purchase for a person's own account any produce received on consignment, either directly or indirectly, without the consent of the consignor;

(7) issue a false or misleading market quotation, or cancel a quotation during the period advertised by the person;

(8) increase the sales charges on produce shipped to the person by means of "dummy" or fictitious sales;

(9) receive decorative forest products and the products of farms and waters from foreign states or countries for sale or resale, either within or outside of the state, and give the purchaser the impression, through any method of advertising or description, that the produce is of Minnesota origin;

(10) fail to notify in writing all suppliers of produce of the protection afforded to suppliers by the person's licensee bond, includ-

If the processor sets the date for planting, bunching, unusual yields, and a processor's inability or unwillingness to harvest must be considered to be within the processor's control. Under this clause growers must be compensated for passed acreage at the same rate for grade and yield as they would have received had the crop been harvested in a timely manner minus any contractual provision for green manure or feed value. Both parties are excused from payment or performance for crop conditions that are beyond the control of the parties; or

(13) discriminate between different sections, localities, communities, or cities, or between persons in the same community, by purchasing produce from farmers of the same grade, quality, and kind, at different prices, except that price differentials are allowed if directly related to the costs of transportation, shipping, and handling of the produce and a person is allowed to meet the prices of a competitor in good faith, in the same locality for the same grade, quality, and kind of produce. A showing of different prices by the commissioner is prima facie evidence of discrimination.

(b) A separate violation occurs with respect to each different person involved, each purchase or transaction involved, and each false statement.

Sec. 3. [169.441] [SCHOOL BUS IDENTIFICATION.]

Subdivision 1. [IDENTIFICATION AND SIGNAL REQUIREMENTS, GENERALLY.] For purposes of sections 169.441 to 169.448, school bus means a motor vehicle that is outwardly equipped and identified as a school bus. A motor vehicle that satisfies the identification requirements of this section and the signal equipment requirements of section 169.442 is considered outwardly equipped and identified as a school bus. [169.44, subd 1a]

Subd. 2. [COLOR REQUIREMENTS.] (a) A new school bus must be painted national school bus glossy yellow if it is to be used in Minnesota as a school bus, and can seat more than ten people, including the driver.

(b) A school bus that is substantially repainted must be painted national school bus glossy yellow. [169.44, subd 1a]

(c) The roof of a school bus may be painted white.

[SIGN ON BUS; APPLICATION OF OTHER LAW.] Sections 169.442, subdivisions 2 and 3; 169.443, subdivision 2; and 169.444, subdivisions 1, 4, and 5, apply only if the school bus bears on its front and rear a plainly visible sign containing the words “school bus” in letters at least eight inches in height.

The sign must be removed or covered when the vehicle is being used as other than a school bus. [169.44, subd 3]

Subd. 4. [“MN” DESIGNATION IN BUS BODY SERIAL NUMBER.] School bus bodies manufactured after December 31, 1991, and used on streets and highways in Minnesota must bear the designa-

tion "MN" within the bus body identification number. The "MN" designation may be made only by the manufacturer and must not be located on either end of the bus body identification number. The manufacturer of the school bus body certifies by the "MN" designation that the bus body has been manufactured to meet the minimum standards required of school bus bodies by law. A school bus body manufactured before January 1, 1992, that does not bear a current inspection sticker on July 1, 1992, may not be used on streets and highways in Minnesota after July 1, 1992, unless its manufacturer recertifies that the school bus body meets minimum standards required of school bus bodies by law. [169.44, subd 17]

Subd. 5. [OPTIONAL MARKINGS; RULES.] A school district or technical college may elect to show on the front and rear of the school buses that it owns or contracts for, a plainly visible, summary message explaining section 169.444, subdivisions 1 and 2. If the school district or technical college elects to display the message, it must conform with the rules of the commissioner of education. The commissioner shall adopt rules governing the size, type, design, display, and content of the summary message that may be shown.

Sec. 4. [169.442] [SCHOOL BUS SIGNALS.]

Subdivision 1. [SIGNALS REQUIRED.] A type I or type II school bus must be equipped with a stop signal arm, prewarning flashing amber signals, and flashing red signals. [169.44, subd 1a]

Subd. 2. [FLASHING SIGNALS ON STOP ARM.] A school bus stop signal arm may be equipped with alternately flashing red warning signals that are visible both to the front and to the rear of the bus. School buses manufactured after July 1, 1989, must be so equipped. [169.44, subd 14; MN Rules, parts 3520.5200, subps 7 and 8, and 7425.2100, subp 1, item II]

Subd. 3. [APPROVAL OF SIGNALS.] Flashing prewarning amber signals and flashing red signals must be of a type approved by the commissioner of public safety. The signals must be a complete system meeting minimum standards required by this section and state board of education rules. [169.44, subd 10]

Subd. 4. [OPTIONAL WARNING SYSTEM.] In addition to equipment required under subdivision 1, and notwithstanding section 169.64, a school bus may be equipped with a driver-activated, exterior student-control, warning system. The driver shall activate this system when the use of the stop signal arm and flashing red signals is required under section 169.443, subdivision 1. [169.44, subd 1d]

Subd. 5. [WHITE STROBE LAMPS ON SCHOOL BUSES.] Notwithstanding sections 169.55, subdivision 1; 169.57, subdivision 3, paragraph (b), or other law to the contrary, a school bus that is

subject to and complies with the color and equipment requirements of sections 169.441, subdivision 1, and 169.442, subdivision 1, may be equipped with a 360-degree, flashing strobe lamp that emits a white light with a flash rate of 60 to 120 flashes a minute. The lamp may be used only as provided in this subdivision.

The strobe lamp must be of a double flash type certified to the commissioner of public safety by the manufacturer as being weatherproof and having a minimum effective light output of 200 candelas as measured by the Blondel-Key formula. The lamp must be permanently mounted on the longitudinal center line of the bus roof not less than two feet nor more than seven feet forward of the rear roof edge. It must operate from a separate switch containing an indicator lamp to show when the strobe lamp is in use.

The strobe lamp may be lighted only when atmospheric conditions or terrain restrict the visibility of school bus lamps and signals so as to require use of the bright strobe lamp to alert motorists to the presence of the school bus. A strobe lamp may not be lighted unless the school bus is actually being used as a school bus. [169.64, subd 7]

Sec. 5. [169.443] [SAFETY OF SCHOOL CHILDREN; BUS DRIVER'S DUTIES.]

Subdivision 1. [USING BUS SIGNALS.] A driver of a school bus shall activate the prewarning flashing amber signals of the bus before stopping to load or unload school children. The driver shall activate and continuously operate the amber signals for a distance of at least 100 feet before stopping in a speed zone of 35 miles per hour or less and at least 300 feet before stopping in a speed zone of more than 35 miles per hour. On stopping for this purpose, the driver shall extend the stop signal arm and activate the flashing red signals. The driver shall not retract the stop signal arm nor extinguish the flashing red signals until loading or unloading is completed, students are seated, and children who must cross the roadway are safely across. [169.44, subd 2, para (a)]

Subd. 2. [USE OF STOP SIGNAL ARM.] (a) The stop signal arm of a school bus must be used in conjunction with the flashing red signals only when the school bus is stopped on a street or highway to load or unload school children. [169.44, subd 1]

(b) A local authority, including the governing body of an Indian tribe, may by ordinance require that a school bus activate the stop signal arm and flashing red signals while stopped to unload school children at a location other than a location on a street or highway. The ordinance must designate each location where the requirement is imposed. The requirement is effective only if the local authority has erected signs at or near the location to provide adequate notice

that other vehicles are required to obey section 169.444, subdivision 1, when those signals are activated.

Subd. 3. [WHEN SIGNALS NOT USED.] School bus drivers shall not activate the prewarning flashing amber signals or flashing red signals:

(1) in special school bus loading areas where the bus is entirely off the traveled portion of the roadway and where no other motor vehicle traffic is moving or is likely to be moving within 20 feet of the bus;

(2) in residential or business districts of home rule or statutory cities when directed not to do so by the local school administrator;

(3) when a school bus is being used on a street or highway for purposes other than the actual transportation of school children to or from school or a school-approved activity;

(4) at railroad grade crossings; and

(5) when loading and unloading people while the bus is completely off the traveled portion of a separated, one-way roadway that has adequate shoulders. The driver shall drive the bus completely off the traveled portion of this roadway before loading or unloading people. [169.44, subd 2, para (b)]

Subd. 4. [STREET CROSSINGS.] Where school children must cross a roadway before getting on or after getting off the school bus, the driver of the school bus or a school bus patrol may supervise the crossing, using the standard school patrol flag or signal as approved and prescribed by the commissioner of public safety. [169.44, subd 2, para (c)]

When loading or unloading school children, the driver shall activate the vehicle's four-way hazard lights described in section 169.59, subdivision 4. [169.44, subd 2, para (d)]

Subd. 7. [VIOLATION.] A person who violates this section is guilty of a misdemeanor.

Sec. 6. [169.444] [SAFETY OF SCHOOL CHILDREN; DUTIES OF OTHER DRIVERS.]

Subdivision 1. [CHILDREN GETTING ON OR OFF SCHOOL BUS.] When a school bus is stopped on a street or highway, or other location where signs have been erected under section 169.443, subdivision 2, paragraph (b), and is displaying an extended stop signal arm and flashing red lights, the driver of a vehicle approaching the bus shall stop the vehicle at least 20 feet away from the bus. The vehicle driver shall not allow the vehicle to move until the school bus stop signal arm is retracted and the red lights are no longer flashing. [169.44, subd 1]

(1) passes or attempts to pass the school bus in a motor vehicle on the right-hand, passenger-door side of the bus; or

(2) passes or attempts to pass the school bus in a motor vehicle when a school child is outside of and on the street or highway used by the school bus or on the adjacent sidewalk.

Subd. 3. [PROSECUTOR.] The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations of this section shall also be responsible for prosecution of gross misdemeanor violations of this section.

When an attorney responsible for prosecuting gross misdemeanors under this section requests criminal history information relating to prior convictions under this section from a court, the court must furnish the information without charge.

Subd. 4. [EXCEPTION FOR SEPARATED ROADWAY.] A person driving a vehicle on a street or highway with separated roadways is not required to stop the vehicle when approaching or meeting a school bus that is on a different roadway.

Subd. 7. [EVIDENTIARY PRESUMPTION.] There is a rebuttable presumption that signals described in section 169.442 were in working order and operable when a violation of subdivision 1, 2, or 5 was allegedly committed, if the signals of the applicable school bus were inspected and visually found to be in working order and operable within 12 hours preceding the incident giving rise to the violation.

Subd. 8. [SCHEDULING CASES.] When necessary or desirable to ensure that a school bus driver who witnessed or otherwise can provide relevant information concerning a violation of this section is available to be present at a court proceeding held to determine an alleged violation of this section, the court administrator shall schedule the proceeding to be held between the hours of 10:00 a.m. and 2:00 p.m.

Sec. 7. [169.445] [COOPERATION WITH LAW ENFORCEMENT; INFORMATION; RULES; REPORTS.]

Subd. 2. [MANUFACTURER RESPONSIBILITY.] (a) A manufacturer of batteries subject to subdivision 1 shall:

(1) ensure that a system for the proper collection, transportation, and processing of waste batteries exists for purchasers in Minnesota; and

(2) clearly inform each final purchaser of the prohibition on disposal of waste batteries and of the system or systems for proper collection, transportation, and processing of waste batteries available to the purchaser.

(b) To ensure that a system for the proper collection, transportation, and processing of waste batteries exists, a manufacturer shall:

(1) identify collectors, transporters, and processors for the waste batteries and contract or otherwise expressly agree with a person or persons for the proper collection, transportation, and processing of the waste batteries; or

(2) accept waste batteries returned to its manufacturing facility.

(c) At the time of sale of a battery subject to subdivision 1, a manufacturer shall provide in a clear and conspicuous manner a telephone number that the final consumer of the battery can call to obtain information on specific procedures to follow in returning the battery for recycling or proper disposal.

The manufacturer may include the telephone number and notice of return procedures on an invoice or other transaction document held by the purchaser. The manufacturer shall provide the telephone number to the commissioner of the agency.

(d) A manufacturer shall ensure that the cost of proper collection, transportation, and processing of the waste batteries is included in the sales transaction or agreement between the manufacturer and any purchaser.

~~(d)~~ (e) A manufacturer that has complied with this subdivision is not liable under subdivision 1 for improper disposal by a person other than the manufacturer of waste batteries.

Sec. 2. [115A.9157] [RECHARGEABLE BATTERIES AND PRODUCTS.]

Subdivision 1. [DEFINITION.] For the purpose of this section "rechargeable battery" means a sealed nickel-cadmium battery, a sealed lead acid battery, or any other rechargeable battery, except a rechargeable battery governed by section 115A.9155 or exempted by the commissioner under subdivision 9.

Subd. 2. [PROHIBITION.] Effective August 1, 1991, a person may not place in mixed municipal solid waste a rechargeable battery, a rechargeable battery pack, a product with a nonremovable rechargeable battery, or a product powered by rechargeable batteries or rechargeable battery pack, from which all batteries or battery packs have not been removed.

Subd. 3. [COLLECTION AND MANAGEMENT COSTS.] A manufacturer of rechargeable batteries or products powered by rechargeable batteries is responsible for the costs of collecting and managing its waste rechargeable batteries and waste products to ensure that the batteries are not part of the solid waste stream.

Subd. 4. [PILOT PROJECTS.] By April 15, 1992, manufacturers whose rechargeable batteries or products powered by nonremovable rechargeable batteries are sold in this state shall implement pilot projects for the collection and proper management of all rechargeable batteries and the participating manufacturers' products powered by nonremovable rechargeable batteries. Manufacturers may act as a group or through a representative organization. The pilot projects must run for a minimum of 18 months and be designed to collect sufficient statewide data for the design and implementation of permanent collection and management programs that may be reasonably expected to collect at least 90 percent of waste rechargeable batteries and the participating manufacturers' products powered by rechargeable batteries that are generated in the state.

By December 1, 1991, the manufacturers or their representative organization shall submit plans for the projects to the legislative commission. At least every six months during the pilot projects the manufacturers shall submit progress reports to the commission. The commission shall review the plans and progress reports.

By November 1, 1993, the manufacturers or their representative organization shall report to the legislative commission the final results of the projects and plans for implementation of permanent programs. The commission shall review the final results and plans.

Subd. 5. [COLLECTION AND MANAGEMENT PROGRAMS.] By April 15, 1994, the manufacturers or their representative organization shall implement permanent programs, based on the results of the pilot projects required in subdivision 3, that may be reasonably expected to collect 90 percent of the waste rechargeable batteries and the participating manufacturers' products powered by rechargeable batteries that are generated in the state. The batteries and

products collected must be recycled or otherwise managed or disposed of properly.

Subd. 6. [LIST OF PARTICIPANTS.] A manufacturer or its representative organization shall inform the legislative commission on waste management when they begin participating in the projects and programs and immediately if they withdraw participation. The list of participants shall be available to retailers, distributors, governmental agencies, and other interested persons who provide a self-addressed stamped envelope to the commission.

Subd. 7. [CONTRACTS.] A manufacturer or a representative organization of manufacturers may contract with the state or a political subdivision to provide collection services under this section. The manufacturer or organization shall fully reimburse the state or political subdivision for the value of any contractual services rendered under this subdivision.

Subd. 8. [ANTICOMPETITIVE CONDUCT.] A manufacturer or organization of manufacturers and its officers, members, employees, and agents who participate in projects or programs to collect and properly manage waste rechargeable batteries or products powered by rechargeable batteries are immune from liability under state law relating to antitrust, restraint of trade, unfair trade practices, and other regulation of trade or commerce for activities related to the collection and management of batteries and products required under this section.

Subd. 9. [EXEMPTIONS.] To ensure that new types of batteries do not add additional hazardous or toxic materials to the mixed municipal solid waste stream, the commissioner of the agency may exempt a new type of rechargeable battery from the requirements of this section if it poses no unreasonable hazard when placed in and processed or disposed of as part of a mixed municipal solid waste.

Sec. 3. Minnesota Statutes 1990, section 325E.125, subdivision 2, is amended to read:

Subd. 2. [MERCURY CONTENT.] (a) Except as provided in paragraph (c), a manufacturer may not sell, distribute, or offer for sale in this state an alkaline manganese battery that contains more than .30 percent mercury by weight, or after February 1, 1992, 0.025 percent mercury by weight.

(b) On application by a manufacturer, the commissioner of the pollution control agency may exempt a specific type of battery from the requirements of paragraph (a) or (d) if there is no battery meeting the requirements that can be reasonably substituted for the battery for which the exemption is sought. The manufacturer of a battery exempted by the commissioner under this paragraph is subject to the requirements of section 115A.9155, subdivision 2.

(c) Notwithstanding paragraph (a), a manufacturer may not sell, distribute, or offer for sale in this state after January 1, 1992, a button cell alkaline manganese nonrechargeable battery not subject to paragraph (a) that contains more than 25 milligrams of mercury.

Subd. 2a. [APPROVAL OF NEW BATTERIES.] A manufacturer may not sell, distribute, or offer for sale in this state a nonrechargeable battery other than a zinc air, zinc carbon, silver oxide, lithium, or alkaline manganese battery, without first having received approval of the battery from the commissioner of the pollution control agency. The commissioner shall approve only batteries that comply with subdivision 1 and do not pose an undue hazard when disposed of. This subdivision is intended to ensure that new types of batteries do not add additional hazardous or toxic materials to the state's mixed municipal waste stream.

After January 1, 1992, a person who first purchases rechargeable batteries or products powered by rechargeable batteries for importation into the state for resale may not purchase rechargeable batteries or products powered by rechargeable batteries made by any person other than a manufacturer that participates in the projects and programs required under section 115A.9157.

Sec. 7. Minnesota Statutes 1990, section 325E.1251, is amended to read:

Sec. 2. Minnesota Statutes 1990, section 504.02, is amended to read:

**504.02 [CANCELLATION OF LEASES IN CERTAIN CASES;
ABANDONMENT OR SURRENDER OF POSSESSION.]**

Subdivision 1. [ACTION TO RECOVER.] (a) In case of a lease of real property, when the landlord has a subsisting right of reentry for the failure of the tenant to pay rent the landlord may bring an action to recover possession of the property and such action is equivalent to a demand for the rent and a reentry upon the property; but if, at any time before possession has been delivered to the plaintiff on recovery in the action, the lessee or a successor in interest as to the whole or any part of the property pays to the plaintiff or brings into court the amount of the rent then in arrears, with interest and costs of the action, and an attorney's fee not exceeding \$5, and performs the other covenants on the part of the lessee, the lessee or successor may

be restored to the possession and hold the property according to the terms of the original lease.

(b) If the tenant has paid to the plaintiff or brought into court the amount of rent in arrears but is unable to pay the interest, costs of the action, and attorney's fee required by this subdivision, the court may permit the defendant to pay these amounts into court and be restored to possession within the same period of time, if any, which the court stays the issuance of the writ of restitution pursuant to section 566.09.

(c) Prior to or after commencement of an action to recover possession for nonpayment of rent, the parties may agree only in writing that partial payment of rent in arrears which is accepted by the landlord prior to issuance of the order granting restitution of the premises pursuant to section 566.09 may be applied to the balance due and does not waive the landlord's action to recover possession of the premises for nonpayment of rent.

(d) Rental payments under this subdivision must first be applied to rent claimed as due in the complaint from prior rental periods before applying any payment toward rent claimed in the complaint for the current rental period unless the court finds that under the circumstances the claim for rent from prior rental periods has been waived.

Subd. 2. [LEASE GREATER THAN 20 YEARS.] (a) If the lease under which the right of reentry is claimed is a lease for a term of more than 20 years, reentry cannot be made into the land or such action commenced by the landlord unless, after default, the landlord shall serve upon the tenant, also upon all creditors having a lien of record legal or equitable upon the leased premises or any part thereof, a written notice that the lease will be canceled and terminated unless the payment or payments in default shall be made and the covenants in default shall be performed within 30 days after the service of such notice, or within such greater period as the lessor shall specify in the notice, and if such default shall not be removed within the period specified within the notice, then the right of reentry shall be complete at the expiration of the period and may be exercised as provided by law. If any such lease shall provide that the landlord, after default, shall give more than 30 days' notice in writing to the tenant of the landlord intention to terminate the tenancy by reason of default in terms thereof, then the length of the notice to terminate shall be the same as provided for and required by the lease.

(b) As to such leases for a term of more than 20 years, if at any time before the expiration of six months after possession obtained by the plaintiff by abandonment or surrender of possession by the tenant or on recovery in the action, the lessee or a successor in interest as to the whole or part of the property, or any creditor

having a lien legal or equitable upon the leased premises or any part thereof, pays to the plaintiff, or brings into court, the amount of rent then in arrears, with interest and the costs of the action, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease. The provisions of this section shall not apply to any action or proceeding now pending in any of the courts of this state.

Subd. 3. [JUDGMENT TO BE RECORDED.] Upon recovery of possession by the landlord in the action a certified copy of the judgment shall be recorded in the office of the county recorder of the county where the land is situated if unregistered land or in the office of the registrar of titles of such county if registered land and upon recovery of possession by the landlord by abandonment or surrender by the tenant an affidavit by the landlord or the landlord's attorney setting forth such fact shall be recorded in a like manner and such recorded certified copy of such judgment or such recorded affidavit shall be prima facie evidence of the facts stated therein in reference to the recovery of possession by such landlord.

Sec. 3. Minnesota Statutes 1990, section 504.185, subdivision 2, is amended to read:

Subd. 2. [PROCEDURE.] When a municipality, utility company, or other company supplying home heating oil, propane, natural gas, electricity, or water to a building has issued a final notice or has posted the building proposing to disconnect or discontinued the service to the building because an owner who has contracted for the service has failed to pay for it or because an owner is required by law or contract to pay for the service and fails to do so, a tenant or group of tenants may pay to have the service continued or reconnected as provided under this section. Before paying for the service, the tenant or group of tenants shall give oral or written notice to the owner of the tenant's intention to pay after 48 hours, or a shorter period that is reasonable under the circumstances, if the owner has not already paid for the service. In the case of oral notification, written notice shall be mailed or delivered to the owner within 24 hours after oral notice is given.

(a) In the case of natural gas, electricity, or water, if the owner has not yet paid the bill by the time of the tenant's intended payment, or if the service remains discontinued, the tenant or tenants may pay the outstanding bill for the most recent billing period, if the utility company or municipality will restore the service for at least one billing period.

(b) In the case of home heating oil or propane, if the owner has not yet paid the bill by the time of the tenant's intended payment, or if the service remains discontinued, the tenant or tenants may order

and pay for one month's supply of the proper grade and quality of oil or propane.

After submitting receipts for the payment to the owner, a tenant may deduct the amount of the tenant's payment from the rental payment next paid to the owner. Any amount paid to the municipality, utility company, or other company by a tenant under this subdivision is considered payment of rent to the owner for purposes of section 504.02.

Sec. 4. Minnesota Statutes 1990, section 504.20; subdivision 3, is amended to read:

Subd. 3. Every landlord shall, within three weeks after termination of the tenancy or within five days of the date when the tenant leaves the building or dwelling due to the legal condemnation of the building or dwelling in which the tenant lives for reasons not due to willful, malicious, or irresponsible conduct of the tenant, and receipt of the tenant's mailing address or delivery instructions, return the deposit to the tenant, with interest thereon as above provided, or furnish to the tenant a written statement showing the specific reason for the withholding of the deposit or any portion thereof. It shall be sufficient compliance with the time requirement of this subdivision if the deposit or written statement required by this subdivision is placed in the United States mail as first class mail, postage prepaid, in an envelope with a proper return address, correctly addressed according to the mailing address or delivery instructions furnished by the tenant, within the time required by this subdivision. The landlord may withhold from the deposit only amounts reasonably necessary:

(a) To remedy tenant defaults in the payment of rent or of other funds due to the landlord pursuant to an agreement; or

(b) To restore the premises to their condition at the commencement of the tenancy, ordinary wear and tear excepted.

In any action concerning the deposit, the burden of proving, by a fair preponderance of the evidence, the reason for withholding all or any portion of the deposit shall be on the landlord.

Sec. 5. Minnesota Statutes 1990, section 504.20, subdivision 4, is amended to read:

Subd. 4. Any landlord who fails to provide a written statement within three weeks of termination of the tenancy or within five days of the date when the tenant leaves the building or dwelling due to the legal condemnation of the building or dwelling in which the tenant lives for reasons not due to willful, malicious, or irresponsible conduct of the tenant, and receipt of the tenant's mailing address

or delivery instructions, as required in subdivision 3, shall be liable to the tenant for damages in an amount equal to the portion of the deposit withheld by the landlord and interest thereon as provided in subdivision 2, as a penalty, in addition to the portion of the deposit wrongfully withheld by the landlord and interest thereon.

Sec. 6. [504.246] [TORT LIABILITY.]

A landlord is liable for damages for personal injury caused to a tenant, or others on the premises with the consent of the tenant, or a subtenant by a condition existing before or after the tenant took possession of the premises, which is a breach of an express covenant to repair or maintain the leased premises or is a breach of the covenants specified in section 504.18, subdivision 1, if:

(1) the condition created an unreasonable risk on the premises which performance of the landlord's covenants would have prevented;

(2) the landlord knew of the condition; and

(3) the landlord failed to perform the covenants.

The provisions of this section do not limit any rights or remedies a tenant otherwise has under another statute or in contract or tort at common law.

Sec. 7. Minnesota Statutes 1990, section 504.27, is amended to read:

504.27 [REMEDIES ARE ADDITIONAL.]

The remedies provided in sections 504.24 to 504.26 are in addition to and shall not limit other rights or remedies available to landlords and tenants. Any provision, whether oral or written, of any lease or other agreement, whereby any provision of sections 504.24 to 504.27 is waived by a tenant is contrary to public policy and void. The provisions of sections 504.24 to 504.27 shall apply only to tenants as that term is defined in section 566.18, subdivision 2, and buildings as that term is defined in section 566.18, subdivision 7. The provisions of sections 504.24, 504.25, 504.255, and 504.26 apply to occupants and owners of residential real property which is the subject of a mortgage foreclosure or contract for deed cancellation and as to which the period for redemption or reinstatement of the contract has expired.

Subd. 2. [INCUBATOR.] “Incubator” means a facility in which units of space may be leased by a tenant and in which the management maintains or provides access to business development services for use by tenants.

Subd. 3. [SPONSOR.] “Sponsor” means a nonprofit corporation organized under chapter 317A that complies with section 2 and qualifies for tax-exempt status under United States Code, title 26, section 501(c), which enters into a written agreement with the department to establish, operate, and administer an incubator or to provide funding to an organization which operates an incubator.

Subd. 4. [TENANT.] “Tenant” means a sole proprietorship, business partnership, or corporation operating a small business as defined by section 645.445 and leasing or otherwise occupying space in an incubator.

Sec. 2. [116J.987] [SMALL BUSINESS INCUBATOR PROGRAM.]

Subdivision 1. [GENERALLY.] The commissioner shall develop and establish a small business incubator program. The purpose of the program is to make loans and grants for the establishment, operation, and administration of small business incubators.

Subd. 2. [APPLICATIONS.] Sponsors may apply to the commissioner for loans or grants awarded under subdivision 1 to establish, operate, or administer an incubator. Each application must:

Subd. 4. [LOAN REPAYMENT.] In making loans under subdivision 1, the department must:

- (1) determine the circumstances, terms, and conditions under which all or any portion of the loan will be repaid; and
- (2) establish appropriate security for the loan repayment.

(1) the ability of the sponsor to carry out the provisions of this section;

(2) the economic impact of the incubator on the community;

(3) the incubator's conformance with regional, city, or local economic development plans, if any exist;

(4) the support of the community; and

(5) the location of the incubator, in order to encourage geographic distribution of incubators across the state.

Subd. 7. [REPORTS.] Organizations receiving funds under subdivision 1 must submit an annual report to the department. Annual reports must include, but need not be limited to, a financial statement for the incubator, a list of tenants, and evidence that all tenants are eligible under this section. The commissioner must report to the legislature by January 15, 1992, with a summary of the incubator reports and recommendations for the program.

Sec. 3. Laws 1988, chapter 594, section 6, is amended to read:

Sec. 6. [SMALL BUSINESS LOANS.]

The city council or the agency may make or guarantee working capital loans in an aggregate principal amount not exceeding \$450,000 \$2,000,000 outstanding at any time, subject to such terms and conditions as established by ordinance by the city, to expanding small businesses which are located in the city for the purpose of increasing the tax base and providing employment opportunities within the city. As used in this subdivision, the term "small business" has the meaning given it in Minnesota Statutes, section 645.445, subdivision 2. ~~This section expires June 30, 1991.~~

Sec. 4. [ECONOMIC DEVELOPMENT ACTIVITY.]

ARTICLE 8
NEIGHBORHOOD LAND TRUSTS

Section 1. [462A.30] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 8.

Subd. 2. [AGENCY.] "Agency" means the Minnesota housing finance agency.

Subd. 3. [FIRST OPTION TO PURCHASE.] "First option to purchase" means a right of a neighborhood land trust or the agency to purchase all or any portion of the improvements and leasehold interest of a lessee, sublessee, or other resident of property subject to a ground lease, prior to the rights of any other party and at a limited equity price.

Subd. 4. [GROUND LEASE.] "Ground lease" means a lease of real property in which the lease does not include buildings or other improvements.

Subd. 5. [LEASEHOLD INTEREST.] "Leasehold interest" means the real property interest of a lessee in a ground lease in which the neighborhood land trust is the lessor.

Subd. 6. [LIMITED EQUITY FORMULA.] "Limited equity formula" means a method, to be determined by rule adopted by the agency, for calculation of the limited equity price, designed to maintain the affordability of the housing and the public subsidy.

Subd. 7. [LIMITED EQUITY PRICE.] "Limited equity price" means a price for the sale of any building or other improvement located on land owned by a neighborhood land trust determined by means of the limited equity formula.

Subd. 8. [NEIGHBORHOOD LAND TRUST.] "Neighborhood land trust" means a nonprofit corporation organized under chapter 317A that complies with section 2 and that qualifies for tax exempt status under United States Code, title 26, section 501(c)(3), and meets all other criteria for neighborhood land trust set by the agency.

Subd. 9. [PERSONS AND FAMILIES OF LOW AND MODERATE INCOME.] "Persons and families of low and moderate income" has the meaning specified in section 462A.03, subdivision 10.

Sec. 2. [462A.31] [NEIGHBORHOOD LAND TRUSTS.]

Subdivision 1. [PURPOSES.] A neighborhood land trust must

have as one of its purposes the holding of land and the leasing of land for the purpose of preserving the affordability of housing on that land for persons and families of low and moderate income.

Subd. 2. [POWERS.] A neighborhood land trust may have any or all of the powers permitted to a nonprofit corporation under chapter 317A, except that a neighborhood land trust must have the power to buy and sell land, to mortgage and otherwise encumber land, and to negotiate and enter into ground leases with an initial term of up to 99 years.

Subd. 3. [BYLAWS.] The bylaws of a neighborhood land trust must provide that:

(1) members of the general public who support the neighborhood land trust's purposes may become members of the trust;

(2) no more than 30 percent of the members may reside outside of the geographical area in which the neighborhood land trust operates, as specified in the bylaws;

(3) the membership has the power to elect a specified percentage of not less than 51 percent of the members of the governing board of the neighborhood land trust;

(4) lessees, residents of housing located on land owned by the neighborhood land trust, or representatives of either must constitute no less than 25 percent nor more than 40 percent of the membership of the governing board;

(5) remaining members of the governing board, if any, may be appointed by the neighborhood land trust board, to the extent specified in the bylaws; and

(6) the neighborhood land trust has the power to operate only within a geographical area specified in the bylaws.

Sec. 3. [462A.32] [LEASES.]

Subdivision 1. [LESSEES.] A neighborhood land trust shall hold title to and lease land to persons and families of low and moderate income or to other persons or corporations for purposes consistent with the goals of the neighborhood land trust.

Subd. 2. [RENT.] A neighborhood land trust may charge rent to the lessee in an amount to be determined by a method specified in the lease. The rent may include, but need not be limited to, land acquisition costs, real estate taxes, special assessments, an administrative charge, and a land use fee.

Subd. 3. [RESTRICTIONS.] A ground lease in which a neighborhood land trust is the lessor must contain provisions designed to preserve the affordability of housing on the land. Each ground lease must reserve to the neighborhood land trust the first option to purchase any building or improvement on the land, or any condominium or cooperative unit located in a building on the land, at a limited equity price specified in the ground lease. Each ground lease must grant to the Minnesota housing finance agency the right to exercise that first option to purchase if the neighborhood land trust does not, for any reason, exercise the first option. Each ground lease must exempt sales to persons and families of low and moderate income from the provisions granting the first option to purchase to the neighborhood land trust and to the Minnesota housing finance agency. Sales to persons and families of low and moderate income are not exempt from the limited equity price. A ground lease may also contain appropriate restrictions on:

- (1) subletting or assigning the ground lease;
- (2) construction and renovation of buildings and other improvements; and
- (3) sale of buildings and improvements.

Subd. 4. [MORTGAGES.] (a) A ground lease with a neighborhood land trust must prohibit the lessee from mortgaging the lessee's interest in the lease or in buildings or other improvements without the consent of the neighborhood land trust. A ground lease may obligate a neighborhood land trust as lessor and fee title holder to consent to, join in, or subordinate its interest to, a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land. A lease provision so obligating a neighborhood land trust must specify that the mortgage must provide to the neighborhood land trust the right to receive from the mortgagee prompt notice of default in the mortgage and the right to cure the default or to purchase the mortgagee's interest in the mortgage. The limited equity price and provisions in subdivision 3 do not apply if the lessee or the neighborhood land trust fails to cure the default or purchase the mortgagee's interest in the mortgage.

(b) A ground lease with a neighborhood land trust must provide that the neighborhood land trust will not, during the term of the lease, mortgage or otherwise encumber its interest in the property or permit any liens on its interest in the property to exist. This prohibition does not apply to mortgages that require the mortgagee to subordinate the lien of its mortgage to a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land.

Subd. 5. [RIGHTS OF HEIRS.] A ground lease with a neighbor-

hood land trust must provide that the heirs of the lessee may assume the lease, if the heirs agree to occupy the lease property as their homestead. For purposes of this subdivision, "the heirs" means the heirs at law of a lessee who dies intestate or the devisees of a lessee who dies testate.

Sec. 4. [462A.33] [NOTICE OF LEASE.]

A neighborhood ground lease must be in recordable form and may, but need not be, recorded in the office of the county recorder or filed in the office of the county registrar of titles. If the lease is not recorded or filed, the lessee shall record or file a notice of lease on a form to be prepared and made available by the agency. The notice of lease must state the names and addresses of the lessor and lessee, the beginning date and initial term of the lease, and a legal description of the property. The notice of lease must state that the lease is entered into pursuant to this chapter, must be signed by the lessor and lessee, and must be in recordable form.

Sec. 5. [462A.34] [DISSOLUTION.]

If a neighborhood land trust is dissolved, the procedure is governed by chapter 317A, except as otherwise provided in this section. If a receiver is to be appointed, the agency has priority to be appointed or to designate the appointee. The agency need not exercise its priority.

Sec. 6. [462A.35] [MORTGAGE SECURING LOANS TO TRUST.]

A neighborhood land trust may grant a mortgage on real estate to secure repayment of loans obtained from the state, any of its agencies or subdivisions, or any other entity, for the purpose of purchase, construction, or renovation of that real estate. Any such mortgage must comply with section 462A.32, subdivision 4, paragraph (b).

Sec. 7. [462A.36] [CITY OR HOUSING AUTHORITY MAY ACT AS LAND TRUST.]

Any home rule charter or statutory city, except cities of the first class, or any housing and redevelopment authority as defined by chapter 469 may exercise all of the powers granted in this chapter to neighborhood land trusts, subject to the city's or housing and redevelopment authority's ongoing compliance with all of the requirements of this chapter, except to the extent that compliance with this chapter conflicts with other law governing cities or housing and redevelopment authorities.

Sec. 8. [462A.37] [TRUST LAW NOT APPLICABLE.]

A neighborhood land trust is not subject to chapter 501B or the common law of trusts.

ARTICLE 9

FUNDING FOR NEIGHBORHOOD LAND TRUSTS

Section 1. Minnesota Statutes 1990, section 116J.984, subdivision 1, is amended to read:

Subdivision 1. [COMMUNITY AND NEIGHBORHOOD DEVELOPMENT GRANTS.] The commissioner may award matching grants to eligible organizations. Grants to any one eligible organization may not exceed \$25,000 in any fiscal year and a grant may not be used for any purpose that replaces an existing community program identified by the commissioner. Each grant must be matched with at least two dollars of nonstate money or in-kind contributions to each dollar of grant money. The grants may be used for community or neighborhood public safety and human service activities, street and public property lighting, recycling efforts, repair or removal of dilapidated buildings, community or neighborhood beautification and cleanup, historic preservation of buildings, small scale park and open space development, increasing or preserving the availability of housing primarily serving low- or moderate-income persons, organizing or funding neighborhood land trusts established under section 462A.30, and other projects, programs, or activities that the commissioner determines will improve or revitalize the community or neighborhood.

Sec. 2. Minnesota Statutes 1990, section 116J.984, subdivision 5, is amended to read:

Subd. 5. [APPLICATIONS; PRIORITY.] The commissioner may establish criteria to establish the priority of the applications received for grants awarded under subdivision 1. The criteria may include:

(1) the degree of community support measured by the amount of participation in the project or activities by volunteers;

(2) the extent that the eligible organizations have participated with or solicited input from other organizations that provide community and regional assistance;

(3) the amount of nonstate matching funds identified as available for the project or activities; ~~and~~

(4) the degree to which the project will assure the long-term affordability of neighborhood housing by use of a neighborhood land trust; and

(5) any other criteria the commissioner determines necessary to carry out the purposes of this section.

Sec. 3. Minnesota Statutes 1990, section 462A.02, is amended by adding a subdivision to read:

Subd. 11. It is further declared that it is in the best interests of the citizens of the state of Minnesota that public money used for the purposes of this chapter be used in a manner that best assures the long-term affordability of housing to low- and moderate-income citizens. To achieve that public purpose, the agency shall consider, in the making of grants and loans and other uses of agency resources, the degree to which such grants, loans, and other uses will assure the long-term affordability of the housing, by use of the neighborhood land trust model or other techniques.

Sec. 4. Minnesota Statutes 1990, section 462A.03, is amended by adding a subdivision to read:

Subd. 22. [NEIGHBORHOOD LAND TRUST.] "Neighborhood land trust" has the meaning specified in article 8, section 1.

Sec. 5. Minnesota Statutes 1990, section 462A.201, subdivision 2, is amended to read:

Subd. 2. [LOW-INCOME HOUSING.] The agency may, in consultation with the advisory committee, use money from the housing trust fund account to provide loans or grants for projects for the development, construction, acquisition, preservation, and rehabilitation of low-income rental and limited equity cooperative housing units and homes for ownership. Projects funded under this subdivision may involve property owned by a neighborhood land trust. No more than 20 percent of available funds may be used for home ownership projects. At least 75 percent of the rental and cooperative units, and 100 percent of the homes for ownership, must be rented to or cooperatively owned, or owned by persons and families whose income does not exceed 30 percent of the median family income for the metropolitan area as defined in section 473.121, subdivision 2. Neighborhood land trusts are eligible for both home ownership project funds and rental project funds. In making the grants, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. To promote the geographic distribution of grants and loans, the agency may designate a portion of the grant or loan awards to be set aside for projects located in specified congressional districts or other geographical regions specified by the agency. The agency may adopt emergency and permanent rules for awarding grants and loans under this subdivision. The emergency rules are effective for 180 days or until the permanent rules are adopted, whichever occurs first.

Sec. 6. [462A.204] [NEIGHBORHOOD LAND TRUST ACCOUNT.]

Subdivision 1. [CREATION.] (a) The neighborhood land trust account is created as a separate account in the housing development fund.

(b) The neighborhood land trust account consists of:

(1) money appropriated or transferred from other state funds;

(2) all interest, dividends, and pecuniary gains from investment of money of the neighborhood land trust account;

(3) all proceeds from the sale of land purchased with money from the neighborhood land trust account; and

(4) money made available to the agency for the purposes of the account from other sources, including the transfer of unencumbered balances from other accounts in the housing development fund.

Subd. 2. [APPLICATION OF ACCOUNT.] The agency shall make loans and grants to finance the organization of neighborhood land trusts, the purchase of land or interests in land by neighborhood land trusts, and the development of affordable housing in accordance with article 8.

Subd. 3. [AGENCY POWERS; DUTIES.] The agency shall:

(1) establish criteria to select which organizations eligible under article 8, that apply for loans and grants under this section, receive funding;

(2) establish priorities for funding neighborhood land trusts that best demonstrate the ability to provide housing for people most in need;

(3) establish requirements for matching funds for loans and grants under this section;

(4) determine the circumstances, terms, and conditions under which all or any portion of a loan made under this section will be repaid; and

(5) establish appropriate security for loan repayment.

Subd. 4. [ELIGIBLE ORGANIZATIONS; CAPACITY.] An organization eligible under article 8 must demonstrate in its application to the agency that it is able to establish and operate a neighborhood land trust by having the capacity to:

(1) organize and continue a relationship with the land trust board as required by article 8;

(2) select and acquire property for a neighborhood land trust and contract with businesses or organizations for the rehabilitation or development of the neighborhood land trust property;

(3) acquire any required matching funds;

(4) link residents of neighborhood land trusts with community self-sufficiency resources; and

(5) provide property maintenance classes and other residential assistance.

Subd. 5. [TRANSFERS.] Notwithstanding section 462A.20, subdivision 3, the agency may not transfer unencumbered balances from the neighborhood land trust account to any other account in the housing development fund.

Sec. 7. [462A.38] [NEIGHBORHOOD LAND TRUST REPORTS.]

Each neighborhood land trust that receives a grant or loan from the agency must submit an annual report to the agency by December 1 of each year. The report must describe the use of grant or loan funds received.

By January 15, 1992, and each year thereafter, the agency must prepare and submit an annual report to the legislature and the governor summarizing the reports of the neighborhood land trusts.
