Subd. 2. [SELF-REPORTING.] A regulated person who is diagnosed as infected with HIV or HBV shall report that information to the commissioner promptly and as soon as medically necessary for disease control purposes, but no more than 30 days after learning of the diagnosis or 30 days after becoming licensed or registered by the state.

Subd. 3. [MANDATORY REPORTING.] A person or institution required to report HIV or HBV status to the commissioner under Minnesota Rules, parts 4605.7030, subparts 1 to 4 and 6, and 4605.7040, shall, at the same time, notify the commissioner if the person or institution knows that the reported person is a regulated person.

Subd. 4. [INFECTION CONTROL REPORTING.] A regulated person shall, within ten days, report to the appropriate board personal knowledge of a serious failure or a pattern of failure by another regulated person to comply with accepted and prevailing infection control procedures related to the prevention of HIV and HBV transmission. In lieu of reporting to the board, the regulated person may make the report to a designated official of the hospital, nursing home, clinic, or other institution or agency where the failure to comply with accepted and prevailing infection control procedures occurred. The designated official shall report to the appropriate board within 30 days of receiving a report under this subdivision. The report shall include specific information about the response by the institution or agency to the report. A regulated person shall not be discharged or discriminated against for filing a complaint in good faith under this subdivision.

Subd. 5. [IMMUNITY.] A person is immune from civil liability or criminal prosecution for submitting a report in good faith to the commissioner or to a board under this section.

**Sec. 12. [214.19] [GROUNDS FOR DISCIPLINARY OR RESTRICTIVE ACTION.]**

A board may refuse to grant a license or registration or may impose disciplinary or restrictive action against a regulated person who:

(c) fails to comply with any monitoring or reporting requirement.

**Sec. 13. [214.20] [TEMPORARY SUSPENSION.]**

The board may, without hearing, temporarily suspend the right to practice of a regulated person if the board finds that the regulated person has refused to submit to or comply with monitoring under section 214.22. The suspension shall take effect upon written notice to the regulated person specifying the statute or rule violated. The suspension shall remain in effect until the board issues a final order based on a stipulation or after a hearing. At the time the board issues the suspension notice, the board shall schedule a disciplinary hearing to be held under chapter 14. The regulated person shall be provided with at least 20 days' notice of a hearing held under this section. The hearing shall be scheduled to begin no later than 30 days after the issuance of the suspension order.

**Sec. 14. [214.21] [NOTICE; ACTION.]**

If the board has reasonable grounds to believe a regulated person infected with HIV or HBV has done or omitted doing any act that would be grounds for disciplinary action under section 214.19, the board may take action after giving notice three business days before the action, or a lesser time if deemed necessary by the board. The board may:

(a) temporarily suspend the regulated person's right to practice under section 214.20;

(b) require the regulated person to appear personally at a conference with representatives of the board and to provide information relating to the regulated person's health or professional practice; and

(c) take any other lesser action deemed necessary by the board for the protection of the public.

Sec. 15. [214.22] [MONITORING.]

Subdivision 1. [COMMISSIONER OF HEALTH.] The board shall enter into a contract with the commissioner to perform the functions in subdivisions 2 and 3. The contract shall provide that:

(a) unless requested to do otherwise by a regulated person, a board shall refer all regulated persons infected with HIV or HBV to the commissioner;

(b) the commissioner may choose to refer any regulated person who is infected with HIV or HBV as well as all information related thereto to the person's board at any time for any reason, including but not limited to: the degree of cooperation and compliance by the regulated person; the inability to secure information or the medical records of the regulated person; or when the facts may present other possible violations of the regulated persons practice act. Upon request of the regulated person who is infected with HIV or HBV the commissioner shall refer the regulated person and all information related thereto to the person's board. Once the commissioner has referred a regulated person to a board, the board may not thereafter submit it to the commissioner to establish a monitoring plan unless the commissioner of health consents in writing;

(c) a board shall not take action on grounds relating solely to the HIV or HBV status of a regulated person until after referral by the commissioner; and

(d) notwithstanding sections 13.39 and 13.41 and chapters 147, 148, 150A, 153, and 214, a board shall forward to the commissioner any information on a regulated person who is infected with HIV or HBV that the department of health requests.

Subd. 2. [MONITORING PLAN.] After receiving a report that a regulated person is infected with HIV or HBV, the board or the commissioner acting on behalf of the board shall evaluate the past and current professional practice of the regulated person to determine whether there has been a violation under section 214.19. The board or the commissioner acting on behalf of the board shall also:

(a) establish a plan to monitor the regulated person's practice. The board or the commissioner acting on behalf of the board may enter

into agreements with qualified persons to perform monitoring on its behalf. A person involved in the monitoring of a regulated person's practice shall comply with any requirements imposed by the board or the commissioner acting on behalf of the board.

(b) require regular reports, at a frequency determined by the board or the commissioner acting on behalf of the board, regarding the regulated person's health status; and

(c) require any other information it deems necessary.

The regulated person shall comply with any request for information and any monitoring requirement established under this subdivision.

Subd. 3. [EXPERT REVIEW PANEL.] The board or the commissioner acting on behalf of the board may appoint an expert review panel to assist in the performance of the responsibilities under this section. In consultations with the expert review panel, the commissioner or board shall, to the extent possible, protect the identity of the regulated person. When an expert review panel is appointed, it must contain at least one member appointed by the commissioner and one professional member appointed by the board. The panel shall provide expert assistance to the board, or to the commissioner acting on behalf of the board, in the subjects of infectious diseases, epidemiology, practice techniques used by regulated persons, and other subjects determined by the board or by the commissioner acting on behalf of the board. Members of the expert review panel are subject to those provisions of chapter 13 that restrict the commissioner or the board under this act.

Subd. 4. [IMMUNITY.] Members of the board or the commissioner acting on behalf of the board, and persons who participate on an expert review panel or who assist the board or the commissioner in monitoring the practice of a regulated person, are immune from civil liability or criminal prosecution for any actions, transactions, or publications made in good faith and in execution of, or relating to, their duties under sections 214.16 to 214.23, except that no immunity shall be available for persons who have knowingly violated any provision of chapter 13.

#### Sec. 16. [214.23] [INSPECTION OF PRACTICE.]

Subdivision 1. [AUTHORITY.] The board is authorized to conduct inspections of the clinical practice of a regulated person to determine whether the regulated person is following accepted and prevailing infection control procedures. The board shall provide at least three business days notice to the clinical practice prior to the inspection. The clinical practice of a regulated person includes any location where the regulated person practices that is not an institution licensed and subject to inspection by the commissioner of

health. During the course of inspections the privacy and confidentiality of patients and regulated persons shall be maintained. The board may require on license renewal forms that regulated persons inform the board of all locations where they practice.

Subd. 2. [ACCESS; RECORDS.] An inspector from the board shall have access, during reasonable business hours for purposes of inspection, to all areas of the practice setting where patient care is rendered or drugs or instruments are held that come into contact with a patient. An inspector is authorized to interview employees and regulated persons in the performance of an inspection, to observe infection control procedures, test equipment used to sterilize instruments, and to review and copy all relevant records, excluding patient health records. In performing these responsibilities, inspectors shall make reasonable efforts to respect and preserve patient privacy and the privacy of the regulated person. Boards are authorized to conduct joint inspections and to share information obtained under this section. The boards shall contract with the commissioner to perform the duties under this subdivision.

Subd. 3. [BOARD ACTION.] If accepted and prevailing infection control techniques are not being followed, the board may educate the regulated person or take other actions. The board and the inspector shall maintain patient confidentiality in any action resulting from the inspection.

Subd. 4. [RULEMAKING.] A board is authorized to adopt rules setting standards for infection control procedures. Boards shall engage in joint rulemaking. Boards must seek and consider the advice of the commissioner of health before adopting rules. No inspections shall be conducted under this section until after infection control rules have been adopted. Each board is authorized to provide educational information and training to regulated persons regarding infection control. All regulated persons who are employers shall make infection control rules available to employees who engage in functions related to infection control.

“Sec. 2. Minnesota Statutes 1991 Supplement, section 245.484, is amended to read:

245.484 [RULES.]

The commissioner shall adopt emergency rules to govern implementation of case management services for eligible children in section 245.4881 and professional home-based family treatment services for medical assistance eligible children, in section 245.4884, subdivision 3, by January 1, 1992, and must adopt permanent rules by January 1, 1993.

The commissioner shall adopt permanent rules as necessary to carry out sections 245.461 to 245.486 and 245.487 to 245.4888. The commissioner shall reassign agency staff as necessary to meet this deadline.

By January 1, 1993, the commissioner shall adopt permanent rules specifying program requirements for family community support services.

Sec. 3. Minnesota Statutes 1990, section 245.4871, is amended by adding a subdivision to read:

Subd. 9a. [CRISIS ASSISTANCE.] “Crisis assistance” means assistance to the child, family, and the child’s school in recognizing and resolving a mental health crisis. It shall include, at a minimum, working with the child, family, and school to develop a crisis assistance plan. Crisis assistance does not include services designed to secure the safety of a child who is at risk of abuse or neglect or necessary emergency services.

Sec. 4. Minnesota Statutes 1991 Supplement, section 245.4884, subdivision 1, is amended to read:

Subdivision 1. [AVAILABILITY OF FAMILY COMMUNITY SUPPORT SERVICES.] By July 1, 1991, county boards must provide or contract for sufficient family community support services within the county to meet the needs of each child with severe emotional disturbance who resides in the county and the child's family. Children or their parents may be required to pay a fee in accordance with section 245.481.

Family community support services must be designed to improve the ability of children with severe emotional disturbance to:

- (1) manage basic activities of daily living;
- (2) function appropriately in home, school, and community settings;
- (3) participate in leisure time or community youth activities;
- (4) set goals and plans;
- (5) reside with the family in the community;
- (6) participate in after-school and summer activities;
- (7) make a smooth transition among mental health and education services provided to children; and
- (8) make a smooth transition into the adult mental health system as appropriate.

In addition, family community support services must be designed to improve overall family functioning if clinically appropriate to the child's needs, and to reduce the need for and use of placements more intensive, costly, or restrictive both in the number of admissions and lengths of stay than indicated by the child's diagnostic assessment.

The commissioner of human services shall work with mental health professionals to develop standards for clinical supervision of family community support services. These standards shall be incorporated in rule and in guidelines for grants for family community support services.

Sec. 5. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 19a, is amended to read:

Subd. 19a. [PERSONAL CARE SERVICES.] Medical assistance covers personal care services in a recipient's home. Recipients who

can direct their own care, or persons who cannot direct their own care when accompanied authorized by the responsible party, may use approved hours outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Medical assistance does not cover personal care services at a hospital, nursing facility, intermediate care facility or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator-dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. All personal care services must be provided according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient or the parent of a recipient under age 18, the responsible party, the foster care provider of a recipient who cannot direct their own care or the recipient's legal guardian. Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627. An exception for foster care providers may be made according to section 256B.0627, subdivision 5, paragraph (j).

Sec. 6. Minnesota Statutes 1991 Supplement, section 256B.0627, subdivision 5, is amended to read:

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.

(b) [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits, skilled nurse visits, health promotions, or health assessments under section 256B.0625, subdivision 6a; and

(2) a total of ten hours of nursing supervision under section 256B.0625, subdivision 7 or 19a.

(c) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph (b) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened; or

(3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request.

(d) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (c) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waived services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.

(e) [ASSESSMENT AND CARE PLAN.] The home care provider shall conduct an assessment and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries.

(f) [PRIOR AUTHORIZATION.] The commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a request for prior authorization, authorize home care services as follows:

(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits

established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options.

(2) [PERSONAL CARE SERVICES.] (i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's case mix level;

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs;

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have complex behaviors;

(D) up to the amount the commissioner would pay, as of July 1, 1991, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.091 or 256B.092.

(ii) The number of direct care hours shall be determined according to annual cost reports which are submitted to the department by nursing facilities each year. The average number of direct care hours, as established by May 1, shall be incorporated into the home care limits on July 1 each year.

(iii) The case mix level shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The forms shall be a combination of current assess-

ment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if they require:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care; or

(G) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

(v) A recipient shall qualify as having complex behavior if the recipient exhibits on a daily basis the following:

(A) self-injurious behavior;

(B) unusual or repetitive habits;

(C) withdrawal behavior;

(D) hurtful behavior to others;

(E) socially or offensive behavior;

(F) destruction of property; or

(G) a need for constant one-to-one supervision for self-preservation.

(vi) The complex behaviors in clauses (A) to (G) have the meanings developed under section 256B.501.

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined that a health benefit plan is required to pay for medically necessary nursing services. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall remain valid. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization through the process described above. Under no circumstances shall a prior authorization be valid for more than 12 months. A recipient who appeals a reduction in previously authorized home care services may request that the previously authorized services, other than temporary services under paragraph (i), be continued pending an appeal under section 256.045, subdivision 10.

(h) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] The department has 30 days from receipt of the request to complete the prior authorization, during which time it may approve a temporary level of home care service. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner.

(j) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(4) home care services when the number of foster care residents is greater than four; or

(5) home care services when combined with foster care payments, less the base rate, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.

Sec. 7. Minnesota Statutes 1991 Supplement, section 256B.0627, subdivision 6, is amended to read:

Subd. 6. [RECOVERY OF EXCESSIVE PAYMENTS.] The commissioner shall seek monetary recovery from providers of payments made for services which exceed the limits established in this section. This subdivision does not apply to services provided to a recipient at the previously authorized level pending an appeal under section 256.045, subdivision 10."

Subd. 4. [RESTITUTION PAYMENT PRIORITY.] If in addition to placing the defendant on probation, the court orders the defendant to pay restitution, the court shall order that the restitution be paid before any probation service fee.

For purposes of this section, "home care providers" shall mean the providers described in section 144A.43, subdivision 4, including hospice programs described in section 144A.48. Home care providers are exempt from the licensure requirement in section 144A.46, subdivision 1, until 90 days after the effective date of the licensure rules. Beginning July 1, 1987, no home care provider, as defined in section 144A.43, subdivision 4, except a provider exempt from licensure under section 144A.46, subdivision 2, may provide home care services in this state without registering with the commissioner. A registered home care provider is subject to sections 144A.51 to 144A.54. Registration under this section does not exempt a home care provider from the licensure and other requirements later adopted by the commissioner.

Within 90 days after the effective date of the licensure rules under section 144A.45, the commissioner of health shall issue provisional licenses to all home care providers registered with the department as of that date. (a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile’s license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;

(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees,

at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;

(5) regardless of whether the loss was total or partial, if loss of use

coverage exists under the insurance policy, failing to notify an insured at the time of the insurer's acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured's deductible in the insurer's demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney;

(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60 days prior to the expiration of that time limitation;

(12) if an insurer chooses to have an insured examined as permitted by section 65B.56, subdivision 1, failing to notify the insured of all of the insured's rights and obligations under that statute, including the right to request, in writing, and to receive a copy of the report of the examination;

(13) failing to provide, to an insured who has submitted a claim for benefits described in section 65B.44, a complete copy of the insurer's claim file on the insured, excluding internal company memoranda,

all materials that relate to any insurance fraud investigation, materials that constitute attorney work-product or that qualify for the attorney-client privilege, and medical reviews that are subject to section 145.64, within ten business days of receiving a written request from the insured. The insurer may charge the insured a reasonable copying fee. This clause supersedes any inconsistent provisions of sections 72A.49 to 72A.505;

(14) if an automobile policy provides for the adjustment or settlement of an automobile loss due to damaged window glass, failing to assume all reasonable costs sufficient to pay the insured's chosen vendor for the repair or replacement of comparable window glass at a price generally available in the area. This clause does not prohibit an insurer from recommending a vendor to the insured or from agreeing with a vendor to perform work at an agreed-upon price-, provided, however, that before recommending a vendor, the insurer shall offer its insured the opportunity to choose the vendor;

(15) requiring that the repair or replacement of motor vehicle glass and related products and services be made in a particular place or shop or by a particular entity, or by otherwise limiting the ability of the insured to select the place, shop, or entity to repair or replace the motor vehicle glass and related products and services; or

(16) engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular company or location to provide the motor vehicle glass repair or replacement services or products. For purposes of this section, a warranty shall not be considered an inducement or incentive.

Sec. 14. [169.1216] [IMPOUNDMENT OF MOTOR VEHICLES UNDER LOCAL ORDINANCE; PREREQUISITES TO REDEMPTION.]

Subdivision 1. [DEFINITION.] As used in this section, "impoundment" means the removal of a motor vehicle, as defined in section 169.121, subdivision 11, to a storage facility or impound lot as authorized by a local ordinance.

Subd. 2. [REDEMPTION; PREREQUISITES.] If a motor vehicle is impounded by a peace officer following the arrest or taking into custody of a driver for a violation of section 169.121, an ordinance in conformity with it, or 169.129, the impounded vehicle shall only be released from impoundment:

(1) to the registered owner, a person authorized by the registered owner, a lienholder of record, or a person who has purchased the vehicle from the registered owner, who provides both proof of ownership of the vehicle and proof of insurance required by law to cover the vehicle; or

(2) if the vehicle is subject to a rental or lease agreement, to a

renter or lessee who provides a copy of the rental or lease agreement and proof of insurance required by law to cover the vehicle.

Subd. 3. [TO WHOM INFORMATION PROVIDED.] The proof of ownership and insurance or, where applicable, the copy of the rental or lease agreement required by subdivision 2 shall be provided to the law enforcement agency impounding the vehicle or to a person or entity designated by the law enforcement agency to receive the information.

Subd. 4. [LIABILITY FOR STORAGE COSTS.] No law enforcement agency, local unit of government, or state agency is responsible or financially liable for any storage fees incurred due to an impoundment under this section.

Sec. 15. [169.1217] [FORFEITURE OF MOTOR VEHICLES USED TO COMMIT CERTAIN TRAFFIC OFFENSES.]

Subdivision 1. [DEFINITIONS.] As used in this section, the following terms have the meanings given them:

(a) “Appropriate authority” means a law enforcement agency that has the authority to make an arrest for a violation of a designated offense.

(b) “Designated offense” includes a violation of section 169.121, an ordinance in conformity with it, or 169.129:

(1) within five years of three prior driving under the influence convictions or three prior license revocations based on separate incidents;

(2) within 15 years of the first of four or more prior driving under the influence convictions or the first of four or more prior license revocations based on separate incidents;

(3) by a person whose driver’s license or driving privileges have been canceled under section 171.04, clause (8); or

(4) by a person who is subject to a restriction on the person’s driver’s license under section 171.09 which provides that the person may not use or consume any amount of alcohol or a controlled substance.

(c) “Motor vehicle” and “vehicle” have the meaning given “motor vehicle” in section 169.121, subdivision 11. The terms do not include a vehicle which is stolen or taken in violation of the law.

(d) “Owner” means the registered owner of the motor vehicle according to records of the department of public safety and includes

a lessee of a motor vehicle if the lease agreement has a term of 180 days or more.

(e) "Prior driving under the influence conviction" has the meaning given the phrase in section 169.121, subdivision 3.

(f) "Prior license revocation" has the meaning given the phrase in section 169.121, subdivision 3.

(g) "Prosecuting authority" means the attorney in the jurisdiction in which the designated offense occurred who is responsible for prosecuting violations of a designated offense.

Subd. 2. [SEIZURE.] A motor vehicle subject to forfeiture under this section may be seized by the appropriate agency upon process issued by any court having jurisdiction over the vehicle. Property may be seized without process if:

(1) the seizure is incident to a lawful arrest or a lawful search;

(2) the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding under this section; or

(3) the appropriate agency has probable cause to believe that the delay occasioned by the necessity to obtain process would result in the removal or destruction of the vehicle. If property is seized without process under this clause, the prosecuting authority must institute a forfeiture action under this section as soon as is reasonably possible.

Subd. 3. [RIGHT TO POSSESSION VESTS IMMEDIATELY; CUSTODY OF SEIZED VEHICLE.] All right, title, and interest in a vehicle subject to forfeiture under this section vests in the appropriate agency upon commission of the designated offense giving rise to the forfeiture. Any vehicle seized under this section is not subject to replevin, but is deemed to be in the custody of the appropriate agency subject to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. When a vehicle is so seized, the appropriate agency may:

(1) place the vehicle under seal;

(2) remove the vehicle to a place designated by it; and

(3) take other steps reasonable and necessary to secure the vehicle and prevent waste.

Subd. 4. [BOND BY OWNER FOR POSSESSION.] If the owner of a vehicle that has been seized under this section seeks possession of

the vehicle before the forfeiture action is determined, the owner may, subject to the approval of the appropriate agency, give security or post bond payable to the appropriate agency in an amount equal to the retail value of the seized vehicle. On posting the security or bond, the seized vehicle must be returned to the owner and the forfeiture action shall proceed against the security as if it were the seized vehicle.

Subd. 5. [FORFEITURE; A CIVIL PROCEDURE.] (a) An action for forfeiture is a civil in rem action and is independent of any criminal prosecution, except as provided in this subdivision. The appropriate agency handling the forfeiture has the benefit of the evidentiary presumption of subdivision 9, but otherwise bears the burden of proving the act or omission giving rise to the forfeiture by clear and convincing evidence. Certified copies of motor vehicle records concerning prior license revocations are admissible as substantive evidence where necessary to prove the commission of a designated offense.

(b) A court may not issue an order of forfeiture under this section while the alleged owner of the property is in custody and related criminal proceedings are pending against the alleged owner.

Subd. 6. [MOTOR VEHICLES SUBJECT TO FORFEITURE.] A motor vehicle is subject to forfeiture under this section if it was used in the commission of a designated offense.

Subd. 7. [LIMITATIONS ON FORFEITURE OF MOTOR VEHICLES.] (a) A vehicle is subject to forfeiture under this section only if the owner committed the designated offense upon which the forfeiture is based, or the owner was a passenger in the vehicle at the time the designated offense was committed.

(b) A vehicle encumbered by a bona fide security interest or subject to a lease that has a term of 180 days or more, is subject to the interest of the secured party or lessor unless the party or lessor had knowledge of or consented to the act upon which the forfeiture is based.

(c) Notwithstanding paragraph (b), a vehicle is not subject to forfeiture based solely on the secured party's or lessor's knowledge of the act or omission upon which the forfeiture is based if the secured party or lessor took reasonable steps to terminate use of the vehicle by the offender.

Subd. 8. [FORFEITURE BY JUDICIAL ACTION; PROCEDURE.] The forfeiture of a vehicle by judicial action is governed by this subdivision. A separate complaint must be filed against the vehicle stating the act giving rise to the forfeiture and the date and place of the act. The prosecuting authority shall notify the owner or possessor of the vehicle of the action, if known or readily ascertainable.

The action must be captioned in the name of the prosecuting authority or the authority's designee as plaintiff and the vehicle as defendant.

Subd. 9. [ADMINISTRATIVE FORFEITURE PROCEDURE.] (a) When an appropriate authority makes an arrest or issues a citation for a designated offense, the motor vehicle used to commit the offense is presumed to be subject to forfeiture under this subdivision if the owner is the person alleged to have committed the offense or was a passenger in the vehicle at the time of the offense. The appropriate authority may seize the motor vehicle and give the offender a notice of intent to forfeit the vehicle. The appropriate authority shall also give the notice within ten days to all persons known to have an ownership or possessory interest in the vehicle. Notice mailed by certified mail to the address shown in department of public safety records is deemed sufficient notice to the registered owner of the vehicle.

(b) Notice may otherwise be given in the manner provided by law for service of a summons in a civil action. The notice must be in writing and contain:

(1) a description of the vehicle seized;

(2) the date of seizure; and

(3) notice of the right to obtain judicial review of the forfeiture and of the procedure for obtaining that judicial review, printed in English, Hmong, and Spanish. Substantially, the following language must appear conspicuously: "IF YOU DO NOT DEMAND JUDICIAL REVIEW EXACTLY AS PRESCRIBED IN MINNESOTA STATUTES, SECTION 169.1217, SUBDIVISION 9, PARAGRAPH (C), YOU LOSE THE RIGHT TO A JUDICIAL DETERMINATION OF THIS FORFEITURE AND YOU LOSE ANY RIGHT YOU MAY HAVE TO THE ABOVE DESCRIBED VEHICLE. YOU MAY NOT HAVE TO PAY THE FILING FEE FOR THE DEMAND IF IT IS DETERMINED YOU ARE UNABLE TO AFFORD THE FEE. YOU DO NOT HAVE TO PAY THE FILING FEE IF THE PROPERTY IS WORTH LESS THAN \$500 AND YOU FILE YOUR CLAIM IN CONCILIATION COURT."

(c) Within 30 days following service of a notice of intent to forfeit under this subdivision, a claimant may file a demand for a judicial determination of the forfeiture. The demand must be in the form of a civil complaint and must be filed with the court administrator in the county in which the seizure occurred, together with proof of service of a copy of the complaint on the prosecuting authority, and the standard filing fee for civil actions unless the petitioner has the right to sue in forma pauperis under section 563.01. If the value of the seized vehicle is less than \$500, the claimant may file an action in conciliation court for recovery of the seized vehicle without paying

the conciliation court filing fee. No responsive pleading is required of the prosecuting authority and no court fees may be charged for the prosecuting authority's appearance in the matter. The proceedings are governed by the rules of civil procedure.

(d) The complaint must be captioned in the name of the claimant as plaintiff, the seized vehicle as defendant, must state with specificity the grounds on which the claimant alleges the vehicle was improperly seized, and must state the plaintiff's interest in the vehicle seized. Notwithstanding any law to the contrary, an action for the return of a vehicle seized under this section may not be maintained by or on behalf of any person who has been served with a notice of seizure and forfeiture unless the person has complied with this subdivision.

(e) If the claimant makes a timely demand for judicial determination under this subdivision, the appropriate agency must conduct the forfeiture under subdivision 8.

(f) If a demand for judicial determination of an administrative forfeiture is filed under this subdivision and the court orders the return of the seized vehicle, the court shall order that filing fees be reimbursed to the person who filed the demand. In addition, the court may order the appropriate authority to pay reasonable costs, expenses, and attorney fees under section 549.21, subdivision 2.

Subd. 10. [DISPOSITION OF FORFEITED VEHICLES.] (a) If the court finds under subdivision 8 or 9 that the vehicle is subject to forfeiture, it shall order the appropriate agency to:

(1) sell the vehicle and distribute the proceeds under paragraph (c); or

(2) keep the vehicle for official use.

(b) If property is forfeited administratively under subdivision 9 and no demand for judicial determination is made, the appropriate agency may dispose of the property as provided in paragraph (a) without a court order.

(c) The proceeds from the sale of forfeited vehicles, after payment of seizure, storage, forfeiture, and sale expenses, and satisfaction of valid liens against the property, must be forwarded to the treasury of the political subdivision that employs the prosecuting authority responsible for the forfeiture for use in enforcing and prosecuting violations of the driving while under the influence laws.

Sec. 16. Minnesota Statutes 1991 Supplement, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state or upon the ice of any boundary water of this state consents, subject to the provisions of this section and section 169.121, to a chemical test of that person's blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has probable cause to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist:

(1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity with it;

(2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death;

(3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or

(4) the screening test was administered and ~~recorded~~ indicated an alcohol concentration of 0.10 or more.

The test may also be required of a person when an officer has probable cause to believe the person was driving, operating, or in physical control of a commercial motor vehicle with the presence of any alcohol.

(b) At the time a test is requested, the person shall be informed:

(1) that Minnesota law requires the person to take a test to determine if the person is under the influence of alcohol or a controlled substance or, if the motor vehicle was a commercial motor vehicle, that Minnesota law requires the person to take a test to determine the presence of alcohol;

(2) that if testing is refused, the person's right to drive will be revoked for a minimum period of one year or, if the person is under the age of 18 years, for a period of one year or until the person reaches the age of 18 years, whichever is greater and, if the vehicle was a commercial motor vehicle, that the person will be disqualified from operating a commercial motor vehicle for a minimum period of one year;

(3) that if a test is taken and the results indicate an alcohol concentration of 0.10 or more, the person's right to drive will be revoked for a minimum period of 90 days or, if the person is under the age of 18 years, for a period of six months or until the person reaches the age of 18 years, whichever is greater, and, if the vehicle

was a commercial motor vehicle, that if the test results indicate the presence of any alcohol, the person will be prohibited from operating a commercial motor vehicle for 24 hours from issuance of an out-of-service order, and if the results indicate an alcohol concentration of 0.04 or more, the person will be disqualified from operating a commercial motor vehicle for a minimum period of one year;

(4) that whether a test is taken or refused, the person may be subject to criminal prosecution for an alcohol or controlled substance related driving offense;

(5) (3) that if testing is refused and the person's right to drive has been revoked once within the past five years or two or more times within the past ten years for an alcohol or controlled substance related driving offense, the person may be subject to criminal prosecution because the person refused testing;

(6) (4) that after submitting to testing, the person has the right to have additional tests made by someone of the person's own choosing;

(5) if the peace officer has probable cause to believe the person has violated section 609.21, that a test will be taken with or without the person's consent; and

(6) that after submitting to testing, the person has the right to consult with an attorney and to have additional tests made by someone of the person's own choosing; and

(7) that if the person refuses to take a test, the refusal may be offered into evidence against the person at trial, but that this right is limited to the extent that it cannot unreasonably delay administration of the test.

(c) The peace officer who requires a test pursuant to this subdivision may direct whether the test shall be of blood, breath, or urine. Action may be taken against a person who refuses to take a blood test only if an alternative test was offered and action may be taken against a person who refuses to take a urine test only if an alternative test was offered.

Sec. 17. Minnesota Statutes 1990, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL; REVOCATION OF LICENSE.] If a person refuses to permit a test, none shall be given, but the peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. However, if a peace officer has probable cause to believe that the person has violated section 609.21, a test may be required and obtained despite

the person's refusal. A refusal to submit to an alcohol concentration test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence. If a person submits to a test and the test results indicate an alcohol concentration of 0.10 or more, or if a person was driving, operating, or in physical control of a commercial motor vehicle and the test results indicate an alcohol concentration of 0.04 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to a test, the commissioner of public safety shall revoke the person's license or permit to drive, or nonresident operating privilege, for a period of one year even if a test was obtained pursuant to this section after the person refused to submit to testing. Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in physical control of a commercial motor vehicle with the presence of any alcohol and that the person refused to submit to a test, the commissioner shall disqualify the person from operating a commercial motor vehicle for a period of one year under section 171.165 and shall revoke the person's license or permit to drive or nonresident operating privilege for a period of one year. If the person refusing to submit to testing is under the age of 18 years, the commissioner shall revoke the person's license or permit to drive, or nonresident operating privilege, for a period of one year or until the person reaches the age of 18 years, whichever is greater. Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to a test and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or nonresident operating privilege, for:

- (1) a period of 90 days; or,
- (2) if the person is under the age of 18 years, for a period of six months or until the person reaches the age of 18 years, whichever is greater; or
- (3) if the person's driver's license or driving privileges have been revoked within the past five years under this section or section 169.121, for a period of 180 days.

On certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in

physical control of a commercial motor vehicle with any presence of alcohol and that the person submitted to a test and the test results indicated an alcohol concentration of 0.04 or more, the commissioner of public safety shall disqualify the person from operating a commercial motor vehicle under section 171.165.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 18. Minnesota Statutes 1990, section 169.126, subdivision 1, is amended to read:

(b) The defendant is arrested for committing an offense described in section 169.121 or 169.129 but is convicted of another offense arising out of the circumstances surrounding the arrest.

Sec. 19. Minnesota Statutes 1991 Supplement, section 169.126, subdivision 2, is amended to read:

Subd. 2. [REPORT.] (a) The assessment report shall be on a form prescribed by the commissioner of public safety and shall contain an evaluation of the convicted defendant concerning the defendant's prior traffic record, characteristics and history of alcohol and chemical use problems, and amenability to rehabilitation through the alcohol safety program. The report shall be classified as private data on individuals as defined in section 13.02, subdivision 12.

Sec. 20. Minnesota Statutes 1990, section 169.126, subdivision 4c, is amended to read:

Subd. 4c. [REIMBURSEMENT FOR INDIGENTS AND CASES OF UNDUE HARDSHIP.] The commissioner of public safety shall reimburse the county for the cost of each assessment and report at a rate established by the commissioner for cases where the court has determined according to section 169.121, subdivision 5a, that the county may not impose a chemical dependency assessment charge and surcharge because the convicted person is indigent or because the assessment charge and surcharge would create undue hardship. The county may not be reimbursed for the cost of any assessment or report not completed within the time limit provided in subdivision 4. Reimbursement to the county must be made from the general fund. The commissioner of public safety shall adopt rules under chapter 14 providing for the reimbursement of counties for assessments conducted under this ~~section~~ subdivision.

Subdivision 1. [ACTS PROHIBITED.] (a) No person shall operate or be in physical control of any snowmobile or all-terrain vehicle anywhere in this state or on the ice of any boundary water of this state ~~while under the influence of:~~

(1) when the person is under the influence of alcohol, as provided in section 169.121, subdivision 1, clauses (a) and (d);

(2) when the person is under the influence of a controlled substance, as defined in section 152.01, subdivision 4; or

(3) when the person is under the influence of a combination of any two or more of the elements named in clauses (1) and, (2), and (6);

(4) when the person's alcohol concentration is 0.10 or more;

(5) when the person's alcohol concentration, as measured within two hours of the time of operating, is 0.10 or more; or

(6) when the person is knowingly under the influence of any chemical compound or combination of chemical compounds that is listed as a hazardous substance in rules adopted under section 182.655 and that affects the nervous system, brain, or muscles of the person so as to substantially impair the person's ability to operate the snowmobile or all-terrain vehicle.

(b) No owner or other person having charge or control of any snowmobile or all-terrain vehicle shall authorize or permit any individual the person knows or has reason to believe is under the influence of alcohol or a controlled substance or other substance, as provided under paragraph (a), to operate the snowmobile or all-

terrain vehicle anywhere in this state or on the ice of any boundary water of this state.

(c) No owner or other person having charge or control of any snowmobile or all-terrain vehicle shall knowingly authorize or permit any person, who by reason of any physical or mental disability is incapable of operating the vehicle, to operate the snowmobile or all-terrain vehicle anywhere in this state or on the ice of any boundary water of this state.

Subd. 2. [ARREST.] Conservation officers of the department of natural resources, sheriffs, sheriff's deputies, and other peace officers may arrest a person for a violation under subdivision 1 without a warrant upon probable cause, if without regard to whether the violation was committed in the officer's presence. ~~If the violation did not occur in the officer's presence, the officer may arrest the person if the person was involved in a snowmobile or all-terrain vehicle accident resulting in death, personal injury, or property damage.~~

Subd. 3. [PRELIMINARY SCREENING TEST.] When an officer authorized under subdivision 2 to make arrests has reason to believe from the manner in which a person is operating, controlling, or acting upon departure from a snowmobile or all-terrain vehicle, or has operated or been in control of the vehicle, that the operator may be violating or has violated subdivision 1, paragraph (a), the officer may require the operator to provide a breath sample for a preliminary screening test using a device approved by the commissioner of public safety for this purpose. The results of the preliminary screening test shall be used for the purpose of deciding whether an arrest should be made under this section and whether to require the chemical tests authorized in section 84.911, but may not be used in any court action except:

(1) to prove that a test was properly required of an operator under section 84.911; or

(2) in a civil action arising out of the operation or use of a snowmobile or all-terrain vehicle.

Following the preliminary screening test, additional tests may be required of the operator as provided under section 84.911. An operator who refuses a breath sample is subject to the provisions of section 84.911 unless, in compliance with that section, the operator submits to a blood, breath, or urine test to determine the presence of alcohol or a controlled substance.

Subd. 4. [EVIDENCE.] In a prosecution for a violation of subdivision 1, paragraph (a), or an ordinance in conformity with it, the admission of evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine, is governed by section 86B.331, subdivision 4.

A prior impaired operating conviction includes a prior juvenile adjudication that would have been a prior impaired operating conviction if committed by an adult.

(c) The attorney in the jurisdiction where the violation occurred who is responsible for prosecuting misdemeanor violations of this section is also responsible for prosecuting gross misdemeanor violations of this section. When an attorney responsible for prosecuting gross misdemeanors under this section requests criminal history information relating to prior impaired operating convictions from a court, the court must furnish the information without charge.

(d) A person who operates a snowmobile or all-terrain vehicle during the period the person is prohibited from operating the vehicle under subdivision 6 is guilty of a misdemeanor.

Subd. 5a. [NOTICE OF ENHANCED PENALTIES.] When a court sentences a person for a misdemeanor violation of this section, it shall inform the defendant of the statutory provisions that provide for enhancement of criminal penalties for repeat violators. The failure of a court to provide this information to a defendant does not affect the future applicability of these enhanced penalties to that defendant.

Subd. 6. [OPERATING PRIVILEGES SUSPENDED.] Upon conviction under this section, or an ordinance in conformity with it, and in addition to any penalty imposed under subdivision 5, the person is prohibited for one year from operating a snowmobile or all-terrain vehicle, whichever was involved in the violation.

Subd. 8. [IMMUNITY FROM LIABILITY.] The state or political subdivision that employs an officer who is authorized under subdivision 2 to make an arrest for violations of subdivision 1 is immune from any liability, civil or criminal, for the care or custody of the snowmobile or all-terrain vehicle being operated by or in the physical control of the person arrested if the officer acts in good faith and exercises due care.

Sec. 2. Minnesota Statutes 1990, section 84.911, is amended to read:

84.911 [CHEMICAL TESTING.]

Subdivision 1. [MANDATORY CHEMICAL TESTING.] A person who operates or is in physical control of a snowmobile or all-terrain vehicle anywhere in this state or on the ice of any boundary water of this state is required, subject to the provisions of this section, to take or submit to a test of the person's blood, breath, or urine for the purpose of determining the presence and amount of alcohol or a controlled substance. The test shall be administered at the direction of an officer authorized to make arrests under section 84.91, subdivision 2. Taking or submitting to the test is mandatory when requested by an officer who has probable cause to believe the person was operating or in physical control of a snowmobile or all-terrain vehicle in violation of section 84.91, subdivision 1, paragraph (a), and one of the following conditions exists:

(1) the person has been lawfully placed under arrest for violating section 84.91, subdivision 1, paragraph (a);

(2) the person has been involved while operating a snowmobile or all-terrain vehicle in an accident resulting in property damage, personal injury, or death;

(3) the person has refused to take the preliminary screening test provided for in section 84.91, subdivision 3; or

Subd. 2. [PENALTIES; REFUSAL; REVOCATION OF SNOWMOBILE OR ALL-TERRAIN VEHICLE OPERATING PRIVILEGE.] (a)

However, if a peace officer has probable cause to believe that the person has violated section 609.21, a test may be required and obtained despite the person's refusal.

On certification by the officer that probable cause existed to believe the person had been operating or in physical control of a snowmobile or all-terrain vehicle while under the influence of alcohol or a controlled substance, and that the person refused to submit to testing, the commissioner shall impose a civil penalty of \$500 and shall prohibit the person from operating a snowmobile or all-terrain vehicle, whichever was involved in the violation, for a period of one year even if a test was obtained pursuant to this section after the person refused to submit to testing.

On behalf of the commissioner, an officer requiring a test or directing the administration of a test shall serve on a person who refused to permit a test immediate notice of intention to prohibit the operation of a snowmobile or all-terrain vehicle, and to impose the civil penalty set forth in this subdivision. If the officer fails to serve a notice of intent to suspend operating privileges, the commissioner may notify the person by mail, and the notice is deemed received three days after mailing. The notice must advise the person of the right to obtain administrative and judicial review as provided in this section. The prohibition imposed by the commissioner takes effect ten days after receipt of the notice. The civil penalty is imposed on receipt of the notice and must be paid within 30 days of imposition.

(b) A person who operates a snowmobile or all-terrain vehicle during the period the person is prohibited from operating the vehicle as provided under paragraph (a) is guilty of a misdemeanor.

Subd. 3. [RIGHTS AND OBLIGATIONS.] At the time a test is requested, the person must be informed:

(1) that Minnesota law requires a person to take a test to determine if the person is under the influence of alcohol or a controlled substance;

(2) that if the person refuses to take the test, the a person is subject to a civil penalty of \$500 for refusing to take the test and, in addition, is prohibited for a one-year period from operating a snowmobile or an all-terrain vehicle, as provided under subdivision 2;

(3) that if testing is refused it will not affect the person's motor vehicle driver's license;

(4) that if the test is taken and the results indicate ~~that the person is under the influence of an alcohol or a controlled substance~~ concentration of 0.10 or more, the person ~~will~~ may be subject to ~~criminal penalties and in addition to any other penalties the court may impose~~, the person's operating privileges will be suspended as provided under section 84.91, subdivision 6;

(5) that, after submitting to testing, the person has the right to have additional tests made by someone of the person's own choosing; ~~and~~

(6) if the peace officer has probable cause to believe the person has violated section 609.21, that a test will be taken with or without the person's consent;

(7) that the person has the right to consult with an attorney, but that this right is limited to the extent that it cannot unreasonably delay administration of the test or the person will be deemed to have refused the test; and

(8) that a refusal to take a test ~~will~~ may be offered into evidence against the person at trial.

Subd. 4. [REQUIREMENT OF URINE TEST.] Notwithstanding subdivision 1, if there is probable cause to believe there is impairment by a controlled substance that is not subject to testing by a breath test, a blood or urine test may be required even after a breath test has been administered.

Subd. 5. [CHEMICAL TESTS.] Chemical tests administered under this section are governed by section 86B.335, subdivisions 8, 9, and 10.

Subd. 6. [JUDICIAL AND ADMINISTRATIVE REVIEW; ENFORCEMENT.] Judicial and administrative review of sanctions imposed under this section is governed by section 86B.335, subdivisions 3, 4, and 5. Payment and enforcement of the civil penalty imposed under this section is governed by section 86B.335, subdivisions 11 and 12.

(6) when the person is knowingly under the influence of any chemical compound or combination of chemical compounds that is listed as a hazardous substance in rules adopted under section 182.655 and that affects the nervous system, brain, or muscles of the person so as to substantially impair the person's ability to operate the motorboat.

(b) An owner or other person having charge or control of a motorboat may not authorize or allow an individual the person knows or has reason to believe is under the influence of alcohol or a controlled or other substance, as provided under paragraph (a), to operate the motorboat in operation on the waters of this state.

(c) An owner or other person having charge or control of a motorboat may not knowingly authorize or allow a person, who by reason of a physical or mental disability is incapable of operating the motorboat, to operate the motorboat in operation on the waters of this state.

(d) For purposes of this subdivision, a motorboat "in operation"

does not include a motorboat that is anchored, beached, or securely fastened to a dock or other permanent mooring.

Subd. 2. [ARREST.] Conservation officers of the department of natural resources, sheriffs, sheriff's deputies, and other peace officers may arrest a person for a violation under subdivision 1 without a warrant upon probable cause if, without regard to whether the violation was committed in the officer's presence. If the violation did not occur in the officer's presence, the officer may arrest the person if the person was involved in a motorboat accident resulting in death, personal injury, or property damage.

Subd. 3. [PRELIMINARY SCREENING TEST.] (a) If an officer authorized under subdivision 2 to make arrests has reason to believe from the manner in which a person is operating, controlling, or acting upon departure from a motorboat, or has operated or been in control of a motorboat, that the operator may be violating or has violated subdivision 1, paragraph (a), the officer may require the operator to provide a breath sample for a preliminary screening test using a device approved by the commissioner of public safety for this purpose.

(b) The results of the preliminary screening test shall be used for the purpose of deciding whether an arrest should be made under this section and whether to require the chemical tests authorized in section 86B.335, but may not be used in a court action except:

(1) to prove that a test was properly required of an operator pursuant to section 86B.335; or

(2) in a civil action arising out of the operation or use of the motorboat.

(c) Following the preliminary screening test, additional tests may be required of the operator as provided under section 86B.335.

(d) An operator who refuses a breath sample is subject to the provisions of section 86B.335 unless, in compliance with that section, the operator submits to a blood, breath, or urine test to determine the presence of alcohol or a controlled substance.

(b) For the purposes of this subdivision:

(1) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol; and

(2) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

(c) Evidence of the refusal to take a preliminary screening test required under subdivision 3 or a chemical test required under section 86B.335 is admissible into evidence in a prosecution under this section or an ordinance in conformity with it.

(d) This subdivision does not limit the introduction of other competent evidence bearing upon the question of whether or not the person violated this section, including tests obtained more than two hours after the alleged violation and results obtained from partial tests on an infrared breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample. A sample is adequate if the instrument analyzes the sample and does not indicate the sample is deficient.

(e) If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of subdivision 1, paragraph (a), clause (5), that the defendant consumed a sufficient quantity of alcohol after the time of operating or physical control of a motorboat and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed 0.10; provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.

Subd. 5. [PENALTIES.] (a) A person who violates a prohibition contained in subdivision 1, or an ordinance in conformity with it, is guilty of a misdemeanor; ~~except that.~~

When an attorney responsible for prosecuting gross misdemeanors under this section requests criminal history information relating to prior impaired operating convictions from a court, the court must furnish the information without charge.

(b) (d) A person who operates a motorboat on the waters of this state during the period the person is prohibited from operating any motorboat or after the person's ~~motorboat~~ watercraft operator's permit has been revoked, as provided under subdivision 6, is guilty of a misdemeanor.

Subd. 5a. [NOTICE OF ENHANCED PENALTIES.] When a court sentences a person for a misdemeanor violation of this section, it shall inform the defendant of the statutory provisions that provide for enhancement of criminal penalties for repeat violators. The failure of a court to provide this information to a defendant does not affect the future applicability of these enhanced penalties to that defendant.

Subd. 6. [SUSPENSION AND REVOCATION OF OPERATING PRIVILEGES.] (a) Upon conviction under this section, or an ordinance in conformity with it, and in addition to any penalty imposed under subdivision 5, the person is prohibited from operating any motorboat on the waters of this state for a period of 90 days between May 1 and October 31, extending over two consecutive years if necessary.

The commissioner shall notify the convicted person of the period when the person is prohibited from operating a motorboat as provided under subdivision 6 or section 86B.335, subdivision 2. The commissioner shall also periodically circulate to appropriate law enforcement agencies a list of all persons who are prohibited from operating any motorboat or have had their ~~motorboat~~ watercraft operator's permits revoked pursuant to subdivision 6 or section 86B.335, subdivision 2.

Subd. 8. [GOVERNMENT IMMUNITY FROM LIABILITY FOR BOAT CARE.] The state or political subdivision that is the employer of an officer authorized under subdivision 2 to make an arrest for violations of subdivision 1 is immune from any liability, civil or criminal, for the care or custody of the motorboat being operated by or in the physical control of the person arrested if the officer acts in good faith and exercises due care.

Sec. 2. Minnesota Statutes 1990, section 86B.335, subdivision 1, is amended to read:

Subdivision 1. [CHEMICAL TESTING.] A person who operates or is in physical control of a motorboat in operation on the waters of this state is required, subject to the provisions of this section, to take or submit to a test of the person's blood, breath, or urine for the purpose of determining the presence and amount of alcohol or a controlled substance. A motorboat "in operation" does not include a motorboat that is anchored, beached, or securely fastened to a dock or other permanent mooring. The test shall be administered at the direction of an officer authorized to make arrests under section 86B.331, subdivision 2. Taking or submitting to the test is mandatory when requested by an officer who has probable cause to believe the person was operating or in physical control of a motorboat in violation of section 86B.331, subdivision 1, paragraph (a), and one of the following conditions exist:

(1) the person has been lawfully placed under arrest for violating section 86B.331, subdivision 1, paragraph (a);

(2) the person has been involved in a motorboat accident resulting in property damage, personal injury, or death;

(3) the person has refused to take the preliminary screening test provided for in section 86B.331, subdivision 3; or

(4) the screening test was administered and recorded indicated an alcohol concentration of 0.10 or more.

Sec. 3. Minnesota Statutes 1990, section 86B.335, subdivision 2, is amended to read:

Subd. 2. [REFUSAL TO TAKE TEST.] (a) If a person refuses to take a test required under subdivision 1, a test is not to be given, but the officer authorized to make arrests under section 86B.331, subdivision 2, shall report the refusal to the commissioner of natural resources and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction where the incident occurred that gave rise to the test demand and refusal. However, if a peace officer has probable cause to believe that the person has

violated section 609.21, a test may be required and obtained despite the person's refusal.

(b) On certification by the officer that probable cause existed to believe the person had been operating or in physical control of a motorboat while under the influence of alcohol or a controlled substance, and that the person refused to submit to testing, the commissioner shall impose a civil penalty of \$500 and shall prohibit the person from operating any motorboat on the waters of this state for a period of one year even if a test was obtained pursuant to this section after the person refused to submit to testing. If the person refusing to submit to testing is under the age of 18 years at the time of the refusal, the person's watercraft operator's permit shall be revoked by the commissioner as set forth in this subdivision and a new permit after the revocation must be issued only after the person successfully completes a watercraft safety course.

(c) On behalf of the commissioner, an officer requiring a test or directing the administration of a test shall serve on a person who refused to permit a test immediate notice of intention to impose the civil penalty set forth in this subdivision, to prohibit the operation of motorboats, and to revoke a watercraft operator's permit. The officer shall take a watercraft operator's permit held by the person, and shall send the permit to the commissioner along with the certification provided for in this subdivision. If the officer fails to serve a notice of intent to revoke, the commissioner may notify the person by mail and the notice is deemed received three days after mailing. The notice must advise the person of the right to obtain administrative and judicial review as provided in this section. The prohibition and revocation, if any, shall take effect ten days after receipt of the notice. The civil penalty is imposed on receipt of the notice and shall be paid within 30 days of imposition.

(d) A person who operates a motorboat on the waters of this state during the period the person is prohibited from operating a motorboat as provided under paragraph (b) or (c) is guilty of a misdemeanor.

The petition must be filed with the district court administrator of the county, municipal, or unified trial court in the county where the incident occurred which gave rise to the test demand and refusal, together with proof of service of a copy on the commissioner and the prosecuting authority for misdemeanor offenses for the jurisdiction in which the incident occurred. A responsive pleading is not required of the commissioner

of natural resources, and court fees may not be charged for the appearance of the representative of the commissioner in the matter.

(b) The petition must be captioned in the name of the person making the petition as petitioner and the commissioner as respondent. The petition must state specifically the grounds upon which the petitioner seeks rescission of the order imposing sanctions.

(c) The filing of the petition does not stay the revocation or prohibition against operation of a motorboat. However, the filing of a petition stays imposition of the civil penalty. The judicial review shall be conducted according to the rules of civil procedure.

Sec. 5. Minnesota Statutes 1990, section 86B.335, subdivision 5, is amended to read:

Subd. 5. [HEARING.] (a) A hearing under this section must be before a ~~municipal, county, or unified~~ district court judge in the county where the incident occurred which gave rise to the test demand and refusal. The hearing must be to the court and may be conducted at the same time as hearings upon pretrial motions in the criminal prosecution under section 86B.331. The hearing must be recorded. The commissioner must be represented by the prosecuting authority for misdemeanor offenses for the jurisdiction in which the incident occurred which gave rise to the test demand and refusal.

(b) The hearing must be held at the earliest practicable date and in any event no later than 60 days following the filing of the petition for review. The reviewing court may order a temporary stay of the balance of the prohibition or revocation if the hearing has not been conducted within 60 days after filing of the petition, upon the application of the petitioner and upon terms the court deems proper.

(c) The scope of the hearing must be limited to the issues of:

(1) whether the officer had probable cause to believe that the person was operating or in physical control of a motorboat in violation of section 86B.331;

(2) whether one of the conditions in subdivision 1 existed;

(3) whether the person was informed as prescribed in subdivision 6; and

(4) whether the person refused to submit to testing.

(d) It is an affirmative defense for the petitioner to prove that, at the time of the refusal, the petitioner's refusal to permit the test was based upon reasonable grounds.

(e) The court shall order that the prohibition or revocation be either sustained or rescinded and shall either sustain or rescind the civil penalty. The court shall forward a copy of the order to the commissioner.

Sec. 6. Minnesota Statutes 1990, section 86B.335, subdivision 6, is amended to read:

Subd. 6. [RIGHTS AND OBLIGATIONS.] At the time a test is requested, the person must be informed:

(1) that Minnesota law requires a person to take a test to determine if the person is under the influence of alcohol or a controlled substance;

(2) that a person is subject to a civil penalty of \$500 for refusing to take the test and, in addition, the person is prohibited from operating any motorboat, as provided under subdivision 2, for refusing to take the test;

(3) that if testing is refused it will not affect the person's motor vehicle driver's license;

(4) that if the test is taken and the results indicate ~~that the person is under the influence of alcohol or a controlled substance~~ an alcohol concentration of 0.10 or more, the person ~~will~~ may be subject to criminal penalties and, in addition to any other penalties the court may impose, the person's operating privileges will be suspended as provided under section 86B.331, subdivision 6, paragraph (a);

(5) that, after submitting to testing, the person has the right to have additional tests made by someone of the person's own choosing; ~~and~~

(6) if the peace officer has probable cause to believe the person has violated section 609.21, that a test will be taken with or without the person's consent;

(7) that the person has the right to consult with an attorney, but that this right is limited to the extent that it cannot unreasonably delay administration of the test or the person will be deemed to have refused the test; and

(8) that a refusal to take a test ~~will~~ may be offered into evidence against the person at trial.

The gross weights shown in parentheses in this clause are permitted only on state trunk highways and routes designated under section 169.832, subdivision 11.

(b) Notwithstanding any lesser weight in pounds shown in this table but subject to the restrictions on gross vehicle weights in clause (c), two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each and a combined gross load of 68,000 pounds provided the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(c) Notwithstanding the provisions of section 169.85, the gross vehicle weight of all axles of a vehicle or combination of vehicles shall not exceed:

(1) 80,000 pounds for any vehicle or combination of vehicles on all state trunk highways as defined in section 160.02, subdivision 2, and for all routes designated under section 169.832, subdivision 11; and

(2) 73,280 pounds for any vehicle or combination of vehicles with five axles or less on all routes, other than state trunk highways and routes that are designated under section 169.832, subdivision 11; and

(3) 80,000 pounds for any vehicle or combination of vehicles with six or more axles on all routes, other than state trunk highways and routes that are designated under section 169.832, subdivision 11.

(d) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a combination of vehicles that includes a three axle semitrailer first registered before August 1, 1981. All other weight limitations in this section are applicable.

(e) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a four axle ready mix concrete

truck which was equipped with a fifth axle prior to June 1, 1981. The maximum gross weight on four or fewer consecutive axles of vehicles excepted by this clause shall not exceed any maximum weight specified for four or fewer consecutive axles in this subdivision.

Sec. 5. Minnesota Statutes 1990, section 169.825, subdivision 14, is amended to read:

Subd. 14. [VARIABLE LOAD AXLES.] A vehicle or combination of vehicles equipped with one or more variable load axles shall have the pressure control preset so that the weight carried on the variable load axle may not be varied by the operator during transport of any load. The actuating control for the axle shall function only as an on and off switch. The provisions of this subdivision do not apply to any farm truck registered prior to July 1, 1981, under section 168.013, subdivision 1c, for 57,000 pounds or less ~~or to any rear-loading refuse compactor vehicle.~~ This subdivision does not apply to rear-loading refuse compactor vehicles, except that any refuse compactor vehicle having a tridem rear axle must comply with this subdivision before being issued a special permit under section 169.86, subdivision 5, paragraph (h).

Sec. 6. Minnesota Statutes 1991 Supplement, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) \$15 for each single trip permit.

(b) \$36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) \$60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) ~~refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;~~

(2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(3) (2) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(4) (3) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); and

(5) (4) special pulpwood vehicles described in section 169.863.

(d) \$120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

#### Overweight Axle Group Cost Factors

##### Cost Per Mile For Each Group Of:

Weight (pounds) exceeding weight limitations on axles	Two consecutive axles spaced within 8 feet or less	Three consecutive axles spaced within 9 feet or less	Four consecutive axles spaced within 14 feet or less
0-2,000	.100	.040	.036
2,001-4,000	.124	.050	.044
4,001-6,000	.150	.062	.050
6,001-8,000	Not permitted	.078	.056
8,001-10,000	Not permitted	.094	.070
10,001-12,000	Not permitted	.116	.078

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

A permit issued for up to 46,000 pounds on a tridem rear axle must limit the gross vehicle weight to not more than 62,000 pounds.

PLANNING

Section 1. Minnesota Statutes 1990, section 462.357, subdivision 2, is amended to read:

Subd. 2. [GENERAL REQUIREMENTS.] At any time after the

adoption of a land use plan for the municipality, the planning agency, for the purpose of carrying out the policies and goals of the land use plan, may prepare a proposed zoning ordinance and submit it to the governing body with its recommendations for adoption. Subject to the requirements of subdivisions 3, 4 and 5, the governing body may adopt and amend a zoning ordinance by a two-thirds vote of all its members. If the comprehensive municipal plan is in conflict with the zoning ordinance, the zoning ordinance supersedes the plan. Zoning ordinances and subdivision regulations adopted under this chapter shall implement the purpose, objectives, and policies of the comprehensive plan. Zoning ordinances and subdivision regulations must not allow land use and development that will effectively prevent the planned land use as designated within specific areas in the comprehensive plan. The determination of the timing of the implementation of the comprehensive plan shall be at the sole discretion of the governing body.

Sec. 2. Minnesota Statutes 1990, section 473.175, subdivision 1, is amended to read:

Subdivision 1. The council shall review the comprehensive plans of local governmental units and the capital improvement programs of school districts, prepared and submitted pursuant to Laws 1976, chapter 127, sections 1 to 23, to determine their compatibility with each other and conformity with metropolitan system plans. The council shall review and comment on the apparent consistency of the comprehensive plans and capital improvement programs with other adopted chapters of the metropolitan development guide. The council may require a local governmental unit to modify any comprehensive plan or part thereof which may have a substantial impact on or contain a substantial departure from metropolitan system plans. By January 1, 1994, the council shall establish criteria, after soliciting comments and suggestions from potentially affected local government units, for determining when a comprehensive local plan or plan amendment will have a substantial impact on or substantially depart from metropolitan system plans. The criteria may not be limited to a metropolitan facility's capacity, but must also address whether a proposed plan or plan amendment will have a substantial impact on or substantially depart from metropolitan system plans, as that phrase is used in section 473.852, subdivision 8. The criteria established under this subdivision shall become effective and apply to matters pending before the council on or after June 1, 1994.

Sec. 3. Minnesota Statutes 1990, section 473.858, subdivision 1, is amended to read:

Subdivision 1. Within three years following the receipt of the metropolitan system statement, every local governmental unit shall have prepared a comprehensive plan in accordance with sections 462.355, subdivision 4, 473.175, and 473.851 to 473.871 and the applicable planning statute and shall have submitted the plan to the

metropolitan council for review pursuant to section 473.175. The provisions of sections 462.355, subdivision 4, 473.175, and 473.851 to 473.871 shall supersede the provisions of the applicable planning statute wherever a conflict may exist. ~~If the comprehensive municipal plan is in conflict with the zoning ordinance, the zoning ordinance supersedes the plan.~~

Sec. 4. Minnesota Statutes 1990, section 473.865, subdivision 1, is amended to read:

Subdivision 1. Each local governmental unit shall adopt official controls as described in its adopted comprehensive plan and shall submit copies of the official controls to the council within 30 days following adoption thereof, for information purposes only. The official controls adopted shall implement the purpose, objectives, and policies of the comprehensive plan. Zoning ordinances and subdivision regulations must not allow land use and development that will effectively prevent the planned land use as designated within specific areas of the comprehensive plan. The determination of the timing of the implementation of the comprehensive plan shall be at the sole discretion of the governing body. The provisions of this subdivision do not limit the applicability of the requirements in subdivision 3.

H. F. No. 1778, A bill for an act relating to metropolitan government; limiting the authority of the metropolitan council to authorize issuance of bonds for sewer facilities; limiting the authority of the public facilities authority to fund certain sewer projects; amending Minnesota Statutes 1990, sections 446A.05, subdivision 1, and by adding a subdivision; and 473.541, subdivisions 3, 4, and by adding a subdivision.

“Section 1. [POLICY STATEMENT.]

It is the policy of the state of Minnesota to allocate the costs of metropolitan area infrastructure, including interceptors and treatment works in the metropolitan disposal system, by methods that do not encourage urban sprawl or subsidize development by taxes or other costs imposed upon persons living in developed areas.

Sec. 2. Minnesota Statutes 1990, section 473.517, subdivision 2, is amended to read:

Subd. 2. [ALLOCATION OF METROPOLITAN TREATMENT WORKS AND INTERCEPTOR COSTS; ADJUSTED VOLUME.] Except as provided in ~~subdivision~~ subdivisions 3 and 3a, the current costs of all treatment works and interceptors in the metropolitan disposal system shall be allocated among and paid by all local government units in the sewer service area which will discharge sewage into them, directly or indirectly, into the metropolitan disposal system during the budget year, in proportion to the total volume estimated to be so discharged by each local government unit, adjusted as follows:

(a) increased or decreased, as the case may be, to the extent the commission determines, on the basis of such historical and reasonably projected data as may be available, that the sewage discharged by one unit will require more or less treatment to produce a suitable effluent than that discharged by others;

(b) decreased by any amount of surface water estimated by the commission to be discharged by a local government unit from a combined storm and sanitary sewer system;

(c) increased by that volume of normal sanitary sewage which is equivalent for treatment purposes to the volume of surface water

referred to in clause (b), as determined by the commission from available engineering data; and

(d) increased or decreased, as the case may be, by the amount of any substantial and demonstrable error in a previous estimate.

Sec. 3. Minnesota Statutes 1990, section 473.517, is amended by adding a subdivision to read:

Subd. 3a. [ALLOCATION OF METROPOLITAN TREATMENT WORKS AND INTERCEPTOR COSTS; REHABILITATION COSTS.] In preparing each budget the commission shall estimate the costs for debt service and capital improvements related to rehabilitation of metropolitan treatment works and interceptors in the metropolitan disposal system and deduct those costs from the current costs allocated under subdivision 2. The total amount deducted under this subdivision must be allocated among and paid by all local government units which will discharge sewage, directly or indirectly, into the metropolitan disposal system during the budget year, in proportion to the total volume estimated to be discharged by each local government unit as determined under subdivision 2.

Sec. 4. Minnesota Statutes 1990, section 473.517, is amended by adding a subdivision to read:

Subd. 6a. [ESTABLISHMENT OF SERVICE AREAS.] The commission, with the approval of the council, shall by resolution establish sewer service areas, designated by name or number, each comprising that part of the metropolitan area primarily served or to be served by a particular interceptor or group of interceptors, or part thereof, situated within the sewer service area. The sewer service areas shall be reasonably consistent with the council's geographic policy areas as defined in the council's metropolitan development and investment framework.

Sec. 5. [TRANSITION PLAN.]

In order to minimize the effects of the change in the cost allocation method provided by sections 1 to 4, the commission may adopt a reasonable implementation plan for transition from the cost allocation system in effect before the effective date of sections 1 to 4 and the cost allocation system established by those sections. The cost allocation system established by sections 1 to 4 must be fully effective in fiscal year 1996 after a phase-in period occurring in fiscal years 1994 through 1995.

Sec. 6. Laws 1991, chapter 183, section 1, is amended to read:

Section 1. [FULLY DEVELOPED AREA; STUDY.]

The metropolitan council must conduct a study of the development patterns and needs in the council-defined fully developed area. The council must direct its staff to:

- (1) examine both the development patterns and the migration patterns in the fully developed area that have occurred in the last 20 years with special attention to household composition;
- (2) compare the relative public costs of redevelopment in the fully developed area with the costs of development within the council-defined developing area. This work should include, but is not limited to, transportation and transit, wastewater treatment, public safety services, housing, and education;
- (3) examine the changing demographics of the fully developed area and other areas within the metropolitan region, and make projections regarding the economic and social condition of the fully developed area;
- (4) examine the anticipated effects of a light rail transit system on the economic and social condition of the fully developed area; and
- (5) recommend changes that would encourage the economic and social strengthening of the fully developed area.

In conducting its study, the council must use, along with other information, any available data from the 1990 census. The council must present its findings to the legislature by February 15, ~~1994~~ 1993. The council must also present interim briefings to the legislature on work in progress at least annually between the effective date of this act and the completion of the study.

(a) The commissioner shall establish a natural preservation routes category within the county state-aid highway system.

(b) Natural preservation routes include:

(1) those routes that possess designated by the commissioner under subdivision 5 as possessing particular scenic, environmental, or historical characteristics, such as routes along lakes or through forests, wetlands, or flood plains, that would be harmed by construction or reconstruction meeting the engineering standards under section 162.07 or the rules adopted under that section; and

(2) any county state-aid highway any segment of which passes through or adjacent to a wild and scenic river district established under chapter 103F.

(c) The commissioner shall adopt rules establishing minimum construction and reconstruction standards that address public safety

and reflect the function, lower traffic volume, and slower speed on natural preservation routes. The rules may not establish standards for natural preservation routes that are higher than the standards for national forest highways within national forests and state park access roads within state parks. Design standards specifying slopes, construction limits, and the width of vehicle recovery areas on forest highways, forest and park roads, and on natural preservation routes must minimize harmful environmental impact. In the case of reconstruction of a natural preservation route, design standards must provide for the preservation to the greatest extent possible of the existing profile, alignment, recovery area, and cross section of the existing highway, and the minimization to the greatest extent possible of acquisition of real property for the reconstruction.

Subd. 1a. [PROJECT REVIEW, HEARING, AND APPROVAL.] A county may not reconstruct a natural preservation route where the reconstruction project would (1) materially change the existing profile, alignment, recovery area, or cross section of the existing highway, or (2) require the acquisition of any significant amount of real property, unless the project has been approved by the commissioner as provided in this subdivision. On receiving a request for approval of such a project, the commissioner shall refer the request to the appropriate advisory committee established under subdivision 5, paragraph (b). The advisory committee shall, after holding at least one public hearing in the area affected by the project, consider the request and make a recommendation to the commissioner. Following receipt of the committee's recommendation the commissioner shall issue an order approving or disapproving the project, or approving it with such modifications as the commissioner determines will best preserve the highway's scenic, environmental, or historic characteristics. The county may not proceed with the reconstruction project except in conformity with the commissioner's order.

This subdivision does not apply to the construction of bicycle paths and pedestrian walkways that are separate from the roadway and shoulder of a natural preservation route.

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified

beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided:

(1) the nursing home beds are not certified for participation in the medical assistance program; and

(2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital build-

ings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds. The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure and if the cost of any remodeling of the facility does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less; or to license as nursing home beds boarding care beds in a facility with an addendum to its provider agreement effective beginning July 1, 1983, if the boarding care beds to be upgraded meet the standards for nursing home licensure. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, but before January 1, 1988, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the fiscal year beginning on January 1, 1988, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted prior year's payment rate plus the real estate tax and special assessment per diem.

(5) For fiscal years beginning on or after January 1, 1989, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate less the real estate tax and special assessment per diem must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of

Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted payment rate plus the real estate tax and special assessment per diem.

(6) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

(d) A facility that meets the criteria of paragraph (c) shall submit annual cost reports on forms prescribed by the commissioner.

(e) For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(f) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

- (1) ~~the sale or transfer of a nursing home upon death of an owner;~~
- (2) ~~the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act;~~
- (3) ~~the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;~~
- (4) ~~any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;~~
- (5) a sale and leaseback to the same licensee which does not constitute a change in facility license;
- (6) (2) a transfer of an interest to a trust;
- (7) (3) gifts or other transfers for no consideration;

~~(8)~~ (4) a merger of two or more related organizations;

~~(9)~~ a transfer of interest in a facility held in receivership;

~~(10)~~ (5) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa; or

~~(11)~~ (6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; ~~or~~

~~(12)~~ an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

(g) Upon receiving a recommendation from the commissioner of health for a review of rates under section 144A.15, subdivision 6, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report. The payment rate adjustment must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership under section 144A.15 ends, or until another date the commissioner sets.

Upon the subsequent sale or transfer of the nursing home, the commissioner may recover amounts paid through payment rate adjustments under this paragraph. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.

Sec. 18. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 9a. [ONE-TIME ADJUSTMENT FOR 21-MONTH FACTOR.] For the rate period beginning October 1, 1992, the 21-month inflation factor for operating costs shall be increased by .7 percent.

Sec. 19. [256B.4311] [NURSING FACILITY PROPERTY REIMBURSEMENT.]

Subdivision 1. [AUTHORITY.] The commissioner shall establish nursing facility property-related payment rates for nursing facilities certified under the medical assistance program for the rate period beginning October 1, 1992, and for rate years beginning after June 30, 1992, according to the provisions of this section.

Subd. 2. [DEFINITIONS.] For purposes of this section, the following terms shall have the meaning given to them.

Subd. 2a. [ADDITION.] "Addition" means an extension, enlargement, or expansion of the nursing facility for the purpose of increasing the number of licensed beds or improving resident care.

Subd. 2b. [APPRAISED VALUE.] "Appraised value" means the value of the nursing facility buildings, attached fixtures, and land improvements used directly for resident care.

Subd. 2c. [ATTACHED FIXTURES.] "Attached fixtures" means equipment used directly for resident care affixed to the building and not easily movable as specified in the fixed equipment table of the depreciation guidelines.

Subd. 2d. [BUILDINGS.] "Buildings" means the physical plant used directly for resident care and licensed under sections 144.50 to 144.56 or chapter 144A, and auxiliary buildings in the nature of sheds, garages, and storage buildings located on site if used directly for resident care. This definition does not include buildings or portions of buildings used by central, affiliated, or corporate offices.

Subd. 2e. [CAPITAL ASSETS.] "Capital assets" means a nursing facility's buildings, attached fixtures, land improvements, leasehold improvements, and all additions to or replacements of those assets used directly for resident care.

Subd. 2f. [COMMENCED CONSTRUCTION.] "Commenced construction" means the date on which a newly constructed nursing facility, or nursing facility with an increase in licensed beds of 50 percent or more, meets all the following conditions.

(a) The final working drawings and specifications were approved by the commissioner of health.

(b) The construction contracts were let.

(c) A timely construction schedule was developed stipulating dates for beginning, achieving various stages, and completing construction.

(d) All zoning and building permits have been issued.

(e) Financing for the project was secured as evidenced by the issuance of a binding letter of commitment by the financial institution, sale of bonds, or other similarly binding agreements.

Subd. 2g. [DELETION.] "Deletion" means the sale, destruction, or dismantling of a nursing facility capital asset or a portion of a nursing facility capital asset without subsequent replacement.

Subd. 2h. [DEPARTMENT.] "Department" means the Minnesota department of human services.

Subd. 2i. [DEPRECIATED REPLACEMENT COST METHOD.] "Depreciated replacement cost method" means the method of property appraisal which determines the value of a capital asset by establishing the replacement cost new reduced by depreciation.

Subd. 2j. [REPLACEMENT COST NEW.] "Replacement cost new" means the amount required to obtain a new asset of equivalent utility to that which exists, but built at current prices, with modern materials and according to current standards, designs, and layout.

Subd. 2k. [DEPRECIATION.] "Depreciation" as pertains to property appraisals, means a loss of utility and value caused by deterioration or physical depreciation such as wear and tear, decay, dry rot, cracks, encrustations, or structural defects; and functional obsolescence such as poor plan, mechanical inadequacy or overadequacy, and functional inadequacy or overadequacy due to size, style, or age.

Subd. 2l. [DEPRECIABLE EQUIPMENT.] "Depreciable equipment" means the standard movable care equipment and support service equipment generally used in nursing facilities. Depreciable equipment includes that equipment specified in the major movable equipment table of the depreciation guidelines.

Subd. 2m. [DEPRECIATION GUIDELINES.] "Depreciation guidelines" means the most current version of "The Estimated Useful Lives of Depreciable Hospital Assets," issued by the American Hospital Association. Except as provided in Minnesota Rules, part 9549.0030, subpart 4, useful life in the depreciation guidelines must not be used in the determination of the total payment rate.

Subd. 2n. [EQUIPMENT ALLOWANCE.] "Equipment allowance" means that component of the property-related payment rate which is denominated as a payment for the use of depreciable equipment.

Subd. 2o. [LAND IMPROVEMENT.] "Land improvement" means an improvement to the land surrounding the nursing facility directly used for resident care as specified in the land improvements table of the depreciation guidelines, if replacement of the land improvement is the responsibility of the nursing facility.

Subd. 2p. [NOMINAL LEASE.] "Nominal lease" means a lease which meets the following conditions:

(1) the annual lease payment compared to the rental value of the physical plant and the depreciable equipment is a nominal amount, usually \$1 per year;

(2) the length of the lease, including renewal provisions, reflects the intent of the lessor and lessee to lease the physical plant and depreciable equipment for the remainder of their useful lives;

(3) the lease agreement imposes a duty upon the lessee to make improvements and to properly maintain the nursing facility;

(4) the lease agreement has no restrictions on the free use of the nursing facility by the lessee other than it must be used as a licensed nursing facility;

(5) the lease agreement is not between related organizations; and

(6) the lease agreement must not require the furnishing of any indirect benefits to the lessor.

Subd. 2q. [REPAIR.] "Repair" means the cost of labor and materials needed to restore an existing capital asset to sound condition after damage or malfunction or to maintain an existing capital asset in a usable condition.

Subd. 2r. [REPLACEMENT.] "Replacement" means a renovation or substitution of an existing capital asset to improve function or extend useful life.

Subd. 2s. [USEFUL LIFE.] "Useful life" means the length of time an asset is expected to provide economic service before needing replacement.

Subd. 3. [ALLOWABLE CAPITAL ASSETS.] The nursing facility's allowable capital assets shall be determined as follows.

(a) The nursing facility must classify capital assets and depreciable equipment using the depreciation guidelines. The commissioner shall use the nursing facility's capital assets as adjusted by the department using the depreciation guidelines, plus capital asset additions and minus capital asset deletions.

(b) The total amount of capital assets in paragraph (a) must be subject annually to the replacement cost per bed limits in subdivision 6, paragraph (a), as computed in subdivision 6, paragraph (b). The nursing facility's allowable capital assets is the lesser of those two amounts.

(c) If the nursing facility's capital assets is leased with an arms-length operating lease, the commissioner must compute the present value of the lease. For the purpose of computing the present value of the lease, the commissioner must apply the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value must not exceed the lesser of the interest rate limitation in subdivision 4a, paragraph (b), or 15 percent; and

(3) the residual value used in determining the present value of the lease must be 20 percent of the lessor's capital assets leased.

(d) A nonprofit nursing facility must first use restricted funds, then capital asset replacement funds in subdivision 8 to purchase or replace capital assets to the extent of the cost of those capital assets before it borrows funds for the purchase or replacement of those capital assets. For purposes of this subdivision and Minnesota Rules, part 9549.0035, subpart 2, a restricted fund is a fund for which use is restricted to the purchase or replacement of capital assets by the donor or by the nonprofit nursing facility's board.

(e) Construction period interest expense must be capitalized as a part of the cost of the building. The period of construction extends to the earlier of either the first day a resident is admitted to the nursing facility or the date the nursing facility is certified to receive medical assistance recipients.

(f) A nursing facility whose capital assets are leased with a nominal lease shall have that lease capitalized under generally accepted accounting principles as between related organizations.

Subd. 3a. [CAPITALIZATION.] The cost of purchasing or repairing capital assets shall be capitalized under paragraphs (a) to (e).

(a) The cost of purchasing a capital asset listed in the depreciation guidelines must be capitalized. The cost of purchasing any other capital asset not included in the depreciation guidelines must be capitalized if the asset has a useful life of more than two years and costs more than \$500. In no case shall a capital asset or piece of equipment costing less than \$200 be capitalized.

(b) The nursing facility may consider as an expense a repair that costs \$500 or less. Repairs that are considered as an expense must be classified in the plant operation and maintenance cost category. If the cost of a repair to a capital asset is \$500 or more, and the estimated useful life of the capital asset is extended beyond its original estimated useful life by at least two years, or if the productivity of the capital asset is increased significantly over original productivity, then the cost of the repair must be capitalized.

(c) The property-related expenditures related to capital assets such as lease or depreciation, interest, and real estate taxes which are used by central, affiliated, or corporate offices must be classified in the nursing facility's general and administrative cost category.

(d) Construction period interest expense, feasibility studies, and other costs related to the construction period must be capitalized.

(e) The commissioner shall allow as an expense in the reporting year of occurrence the lesser of the actual allowable plant and maintenance costs for supplies, minor equipment, equipment repairs, building repairs, purchased services and service contracts, except for arms-length service contracts whose primary purpose is supervision, or \$325 per licensed bed.

Subd. 4. [ALLOWABLE DEBT.] For purposes of determining the property-related payment rate, the commissioner shall allow or disallow debt according to paragraphs (a) to (e), and subdivision 4a.

(a) Debt shall be limited as follows:

(1) debt incurred for the purchase of land directly used for resident care and the purchase or construction of nursing facility buildings, attached fixtures, or land improvements or the capitalized replacement or capitalized repair of existing buildings, attached fixtures, or land improvements shall be allowed. Debt incurred for any other purpose shall not be allowed;

(2) working capital debt shall not be allowed;

(3) an increase in the amount of a debt as a result of refinancing of capital assets which occurs after May 22, 1983, shall not be allowed except to the extent permitted by this subdivision and subdivision 4a, and to the extent that the increase in debt is the result of refinancing costs such as points, loan origination fees, or title searches. The total interest expense must be computed as the sum of the annual interest expense over the remaining term of the debt refinanced. Increases in total interest expense which result from refinancing a balloon payment on allowable debt after May 22, 1983, shall be allowed according to items (i) to (iii):

(i) the interest rate on the refinanced debt shall be limited under subdivision 4a, paragraphs (b) and (c);

(ii) the refinanced debt shall not exceed the balloon payment; and

(iii) the term of the refinanced debt must not exceed the term of the original debt computed as though the balloon payment did not exist;

(4) an increase in the amount of total outstanding debt incurred after May 22, 1983, as a result of a sale, change in ownership, or reorganization of provider entities, shall not be allowed except as provided in subdivision 9;

(5) any portion of the total allowable debt exceeding the appraised value as determined in subdivision 3 shall not be allowed; and

(6) any portion of a debt of which the proceeds exceed the historical cost of the capital asset acquired at the time of purchase shall not be allowed. If the debt includes financing costs which are financed, the debt on the financing costs must not exceed ten percent of the cost of those capital assets acquired.

(b) The nursing facility must apportion debts incurred before October 1, 1984, among land and buildings, attached fixtures, land improvements, depreciable equipment, and working capital by direct identification. If direct identification of any part of the debt is not possible, that portion of the debt which cannot be directly identified shall be apportioned to each component, except working capital debt, based on the ratio of the historical cost of the component to the total historical cost of all components. The portion of debt assigned to land and buildings, attached fixtures, and land improvements is allowable debt.

A hospital-attached nursing facility that has debts that are not directly identifiable to the hospital or the nursing facility shall allocate the portion of allowable debt computed according to this subdivision to land and buildings, attached fixtures, and land improvements using the Medicare step-down method described in subdivision 10.

(c) The nursing facility shall directly identify the proceeds of the debt associated with specific land and buildings, attached fixtures, and land improvements, and keep records that separate such debt proceeds from all other debt. Only the debt identified with specific land and buildings, attached fixtures, and land improvements shall be allowed.

(d) The total amount of allowable debt shall be the sum of all allowable debts at the beginning of the reporting year plus all

allowable debts at the end of the reporting year divided by two. Nursing facilities which have a debt with a zero balance at the beginning or end of the reporting year must use a monthly average for the reporting year.

(e) Except as otherwise permitted by laws in effect prior to the enactment of this section, debt incurred as a result of loans between related organizations must not be allowed.

Subd. 4a. [ADDITIONAL ALLOWABLE DEBT CONDITIONS.] Additional conditions and limitations for debts entered into after September 30, 1992, are as follows.

(a) The term over which the debt is to be amortized must not be less than 20 years.

(b) The maximum interest rate is the lesser of two percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation as published in the Wall Street Journal and in effect on the first day of the month in which the debt is incurred, or 16 percent. For each allowable debt with a variable or adjustable rate, the effective interest rate must be computed by dividing the interest expense for the reporting year by the average allowable debt computed under subdivision 4, paragraph (d).

(c) A nursing facility with an amortization schedule of less than 20 years or a nursing facility with debt which has a balloon payment within 20 years of the date the debt was entered into may refinance debt with an amortization schedule that does not exceed 25 years in the aggregate.

(d) A nursing facility which refinances debt during a reporting year beginning after June 30, 1992, in order to achieve a savings in total remaining principal and interest expense payments shall receive as an incentive prior annual principal and interest expense payment for the current rate year and for the three consecutive rate years following the refinancing.

(e) Debt incurred for the acquisition of capital assets must not exceed 80 percent of the allowable cost of the capital assets acquired.

Subd. 5. [ALLOWABLE PRINCIPAL EXPENSE.] Allowable principal expense shall be determined by applying the proportion of nursing facility debt that is allowed by the commissioner under subdivision 4 to the required annual principal payments.

Subd. 5a. [ALLOWABLE INTEREST EXPENSE.] Allowable interest expense shall be determined by applying the proportion of

nursing facility debt that is allowed by the commissioner under subdivision 4 to the required annual interest expense.

Subd. 6. [REPLACEMENT COST NEW INVESTMENT PER BED LIMITS; COMPUTATION OF THE MAXIMUM ALLOWABLE REPLACEMENT COST NEW AND ALLOWABLE APPRAISED VALUE.] The nursing facility's appraised values in subdivision 10 shall be limited as in paragraphs (a) to (f). The maximum allowable replacement cost new is computed in paragraph (b).

(a) Effective January 1, 1992, the replacement cost new per bed limit for single bed rooms and multiple bed rooms shall be \$71,250 and \$47,500, respectively. Beginning January 1, 1993, and each January 1 thereafter, the commissioner shall index these limits annually by percentage change in the Bureau of the Census: Composite Fixed-weighted Price Index as published in the Survey of Current Business.

(b) Each nursing facility's maximum allowable replacement cost new is determined annually according to the following:

(1) the multiple bed room replacement cost new per bed limit in paragraph (a) must be multiplied by the number of licensed beds in multiple bed rooms;

(2) the single bed room replacement cost new per bed limit in paragraph (a) must be multiplied by the number of licensed beds in single bed rooms except as provided in subdivision 11, paragraph (c), clause (2); and

(3) the nursing facility's maximum allowable replacement cost new is the sum of clauses (1) and (2).

(c) The nursing facility's replacement cost new determined in paragraph (b) must be reduced by the replacement cost new of portions of the nursing facility used for functions whose costs are not allowable under this section and Minnesota Rules, parts 9549.0010 to 9549.0080.

(d) The adjusted replacement cost new is the lesser of paragraph (b) or (c).

(e) The adjusted depreciation is determined by subtracting from the depreciation in subdivision 10, the amount of depreciation, if any, related to the portion of the nursing facility's replacement cost new disallowed in paragraph (c) or (d).

(f) The nursing facility's allowable appraised value is determined by subtracting the amount determined in paragraph (e) from the amount in paragraph (d). If no adjustment to the replacement cost

new is required in paragraphs (c) and (d), then the nursing facility's allowable appraised value is the appraised value determined in subdivision 10.

Subd. 7. [EQUIPMENT ALLOWANCE.] The equipment allowance for each nursing facility shall be its equipment allowance in effect for the rate year ending June 30, 1992, increased by eight percent.

Subd. 8. [CAPITAL ASSET REPLACEMENT FUND.] Provisions governing the computation, distribution, indexing, and restrictions of the capital asset replacement fund are as follows.

(a) The commissioner shall establish the maximum capital asset replacement fund factor at 3.6 percent.

(b) The commissioner shall annually determine for each nursing facility a distribution factor as follows:

(1) each nursing facility's age component shall be established by dividing appraisal depreciation component by replacement cost new;

(2) each nursing facility's equity component shall be established by subtracting allowable debt from appraised value and dividing the result by appraised value; and

(3) each nursing facility's age component and equity component must be added together and divided by two to establish the distribution factor.

(c) For rate years beginning after June 30, 1993, the commissioner shall index or adjust the various components of the distribution factor as follows:

(1) nursing facilities eligible for a special reappraisal under subdivision 10 shall have their distribution factor components reestablished according to those provisions; and

(2) nursing facilities not eligible for special reappraisals shall have their distribution factor components indexed or adjusted as follows:

(i) the replacement cost new portion of the appraised value for each nursing facility must be indexed annually by the same index used to adjust the replacement cost new limit in subdivision 6, paragraph (a);

(ii) the depreciation component of the appraised value for each nursing facility must be increased annually determined by multiplying its replacement cost new as adjusted in item (i) by 1.43 percent; and

(iii) each nursing facility's appraised value shall be the amount determined in clause (1), if appropriate, or item (i) minus item (ii).

(d) The commissioner shall determine the capital asset replacement fund per diem by multiplying each nursing facility's replacement cost new, by the maximum capital asset replacement fund factor, and by the distribution factor, and dividing the result by capacity days as determined under subdivision 11. The minimum capital asset replacement fund per diem shall be 80 cents.

(e) Capital asset replacement fund restrictions shall be as follows:

(1) capital asset replacement fund payments must be invested in liquid marketable investments such as savings or money market accounts, certificates of deposit, and United States treasury bills;

(2) capital asset replacement funds and interest income earned on these funds must be used for the purchase or replacement of leasehold improvements, buildings, attached fixtures, and land improvements, or payment of capitalized repairs on these same assets for the nursing facility. If the nursing facility has principal and interest expense payments from debts incurred prior to September 30, 1992, which are nonallowable but are related to the nursing facility's capital assets, the nursing facility may use up to 50 percent of the annual capital asset replacement fund payment to cover these expenses;

(3) a separate capital asset replacement account must be maintained for each nursing facility;

(4) the capital asset replacement fund and any interest accrued and money earned on the fund shall remain the property of the nursing facility regardless of sale, transfer, change of ownership, dissolution, receivership, bankruptcy, merger, consolidation, or reorganization. If the nursing facility closes or otherwise ceases operations as a nursing facility under the medical assistance program, any capital asset replacement funds including interest accrued and money earned on the fund must be returned to the state; and

(5) a nursing facility which does not deposit the amount earned during the reporting year in the capital asset replacement fund account by the end of the reporting year will have payment rates reduced by five percent until the nursing facility demonstrates compliance with this requirement to the satisfaction of the commissioner. If the nursing facility complies, the commissioner shall retroactively reinstate the payment rates.

Subd. 9. [LIMITATIONS ON SALES OF NURSING FACILITIES.] For the rate period beginning October 1, 1992, and for rate years

beginning after June 30, 1993, a nursing facility's property-related payment rate may be adjusted for the sale of the nursing facility which occurs after September 30, 1992, as provided in paragraphs (a) to (d). For purposes of this subdivision, the term "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include a stock purchase of a nursing facility, or any of the transactions described in section 256B.431, subdivision 4, paragraph (f). For purposes of this subdivision, the term "effective date of sale" means the later of the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

(a) The commissioner shall limit the debt and related principal and interest expense to:

(1) the allowable historical cost of capital assets since the nursing facility's previous effective date of sale or the nursing facility's initial cost of constructing capital assets;

(2) plus allowable capital asset additions and minus allowable capital asset deletions; and

(3) plus one-third of the allowed inflation on the nursing facility's allowable capital assets. The commissioner shall compute the allowed inflation as described in paragraph (c). The inflation in paragraph (c), clause (1), shall be computed from the month following the date of the prior sale to the month preceding the sale to be recognized under this subdivision. The inflation in paragraph (c), clause (2), shall be computed on the average capital assets acquired in each reporting year.

(b) In addition to the limit in paragraph (a), the commissioner shall limit the maximum amount of debt to 90 percent of the amount determined in paragraph (a).

(c) For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for All Urban Consumers or the Dodge Construction Systems Cost for Nursing Homes Index must be used. If the Dodge Construction Index becomes unavailable, the commissioner shall substitute the index in section 256B.431, subdivision 3f, or other index as the secretary of the health care financing administration may designate;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (a), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated for partial years;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (a), clauses (1) and (2), must not exceed 500 percent on any group of capital assets; and

(5) must be computed starting with the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the date of the nursing facility's initial cost of constructing capital assets, and ending with the effective date of sale.

(d) In order for the debt, principal, and interest expense on a sale to be allowed under this section, the nursing facility's historical cost of capital assets must be classified or reclassified using the depreciation guidelines.

Subd. 10. [APPRAISALS AND SPECIAL REAPPRAISALS.] The commissioner shall contract with a property appraisal firm which shall use the depreciated replacement cost method to determine the appraised value of a nursing facility participating in the medical assistance program. Appraisals and special reappraisals shall be conducted by the property appraisal firm under contract with the commissioner as necessary to implement provisions of this section. The appraised value of each nursing facility and any subsequent reappraisal under this subdivision must be limited to the value of buildings, attached fixtures, and land improvements used by the nursing facility and must be subject to the limits in subdivision 6.

For hospital attached nursing facilities, the commissioner shall require the appraisal of those portions of buildings, attached fixtures, and land improvements in service areas shared between the nursing facility and the hospital. The appraised value of the shared service areas must be allocated between the nursing facility and the hospital or other nonnursing facility areas using the Medicare worksheet B-1 statistics in effect on September 30, 1984. The appraised value of the shared service areas must be allocated by step-down placing the appraised values on the appropriate line of column 1 on the Medicare worksheet B. The appraised value of the shared service areas allocated to the nursing facility shall be added to the appraised value of the nursing facility's buildings, attached fixtures, and land improvements.

Special reappraisals are subject to the following requirements.

(a) A nursing facility which makes an addition to or replacement of buildings, attached fixtures, or land improvements may request the commissioner to conduct a reappraisal upon project completion. A special reappraisal request must be submitted to the commissioner within 60 days after the project's completion date to be considered eligible for a special reappraisal. If a project has multiple

completion dates or involves multiple projects, only projects or parts of projects with completion dates within one year of the completion date associated with a special reappraisal request can be included for the purpose of establishing the nursing facility's eligibility for a special reappraisal. Upon receipt of a written request, the commissioner shall conduct a reappraisal within 60 days provided that all conditions of this paragraph are met.

The total historical cost of the addition or replacement, exclusive of the proceeds from disposals of capital assets or applicable credits such as public grants and insurance proceeds, must exceed the lesser of \$200,000 or ten percent of the most recent allowable appraised value determined under subdivision 6. The addition or replacement must be completed and a certificate of occupancy issued, or if a certificate of occupancy is not required, the addition or replacement must be available for use. Special reappraisals under this paragraph are limited to one per 12-month period.

(b) A nursing facility which retires buildings, attached fixtures, land improvements, or portions thereof without replacement, shall report the deletion to the commissioner within 30 days if the historical cost of the deletion exceeds \$200,000. The commissioner shall conduct a reappraisal of the nursing facility to establish the new appraised value and adjust the property-related payment rate accordingly.

(c) The adjusted property-related payment rate computed as a result of reappraisals in paragraphs (a) and (b) is effective on the first day of the month following the month in which the addition or replacement was completed or when the deletion occurred.

(d) The commissioner may require the reappraisal of a nursing facility within 60 days of receipt of information provided by the Minnesota department of health regarding the violation of standards and rules relating to the condition of capital assets.

Subd. 11. [CAPACITY DAYS.] The number of capacity days is determined as follows.

(a) The number of capacity days is determined by multiplying the number of licensed beds in the nursing facility by the number of days in the nursing facility's reporting period.

(b) Except as in paragraph (c), nursing facilities shall increase the number of capacity days by multiplying the number of licensed single bed rooms by 0.5 and by the number of days in the nursing facility's reporting period.

(c) The commissioner shall waive the requirements of paragraph (b) if a nursing facility agrees in writing to:

(1) the nursing facility shall agree not to request a private room payment in Minnesota Rules, part 9549.0070, subpart 3, for any medical assistance residents in licensed single bed rooms;

(2) the nursing facility shall agree not to use the single bed room replacement cost new limit for any of licensed single bed rooms in the computation of the allowable appraised value in subdivision 6; and

(3) the nursing facility shall agree not to charge any private paying resident in a single bed room a payment rate that exceeds the amount calculated under items (i) to (iii):

(i) the nursing facility's average total payment rate shall be determined by multiplying the total payment rate for each case mix resident class by the number of resident days for that class in the nursing facility's reporting year and dividing the sum of the resident class amounts by the total number of resident days in the nursing facility's reporting year;

(ii) the nursing facility's maximum single bed room adjustment must be determined by multiplying average total payment rate calculated under item (i) by ten percent; and

(iii) the nursing facility's single bed room adjustment which must not exceed the amount computed in item (ii) must be added to each total payment rate established by the commissioner to determine the nursing facility's single bed room payment rates.

(d) Except as in paragraph (e), the amount determined in paragraphs (a) to (c) must be multiplied by 0.95.

(e) If the average length of stay in a nursing facility is 180 days or less, the nursing facility capacity days shall be the greater of resident days or 80 percent of the amount determined in paragraphs (a) to (c), but in no event shall the divisor exceed 95 percent of the amount determined in paragraphs (a) to (c). For purposes of this subdivision, the nursing facility shall compute the average length of stay by dividing resident days for the reporting year by total discharges for that reporting year.

Subd. 12. [DETERMINATION OF PROPERTY-RELATED PAYMENT RATES; ARMS-LENGTH LEASES.] The commissioner shall compute the property-related payment rate for nursing facilities with an arms-length lease on the nursing facility's capital assets by adding together the following per diems:

(1) the nursing facility's allowable annual arms-length lease payment for capital assets plus the nursing facility's allowable annual principal and interest expense payments on leasehold im-

provements must be divided by their capacity days as determined under subdivision 11, to determine the principal and interest expense per diem; and

(2) the equipment allowance per diem as determined in subdivision 7.

Subd. 13. [DETERMINATION OF PROPERTY-RELATED PAYMENT RATES; NON-ARMS-LENGTH LEASES.] The commissioner shall compute the property-related payment rate for nursing facilities without an arms-length lease by adding together the following per diems:

(1) the nursing facility's allowable annual principal and interest expense payments must be divided by their capacity days as determined under subdivision 11, to determine the principal and interest expense per diem;

(2) a return on investment per diem of 45 cents;

(3) the capital asset replacement fund per diem as determined in subdivision 8, paragraph (d); and

(4) the equipment allowance per diem as determined in subdivision 7.

Subd. 14. [ARMS-LENGTH LEASES.] Leases or rental agreements shall be considered arms-length transactions unless the lease or rental agreement:

(1) results from sale and lease-back arrangements;

(2) results from a lease with option to buy at less than anticipated value;

(3) is paid to a related organization; or

(4) for other reasons is required to be capitalized in accordance with generally accepted accounting principles.

A nominal lease is not an arms-length lease.

Subd. 15. [DETERMINATION OF INTERIM AND SETTLE-UP PAYMENT RATES.] The commissioner shall determine interim and settle-up payment rates under this section and Minnesota Rules, parts 9549.0010 to 9549.0080.

Sec. 20. Minnesota Statutes 1990, section 256B.48, subdivision 1b, is amended to read:

Subd. 1b. [EXCEPTION.] Notwithstanding any agreement between a nursing home and the department of human services or the provisions of this section or section 256B.411, other than subdivision 1a, the commissioner may authorize continued medical assistance payments to a nursing home which ceased intake of medical assistance recipients prior to July 1, 1983, and which charges private paying residents rates that exceed those permitted by subdivision 1, paragraph (a), for (i) residents who resided in the nursing home before July 1, 1983, or (ii) residents for whom the commissioner or any predecessors of the commissioner granted a permanent individual waiver prior to October 1, 1983. Nursing homes seeking continued medical assistance payments under this subdivision shall make the reports required under subdivision 2, except that on or after December 31, 1985, the financial statements required need not be audited by or contain the opinion of a certified public accountant or licensed public accountant, but need only be reviewed by a certified public accountant or licensed public accountant. In the event that the state is determined by the federal government to be no longer eligible for the federal share of medical assistance payments made to a nursing home under this subdivision, the commissioner may cease medical assistance payments, under this subdivision, to that nursing home. Between October 1, 1992 and July 1, 1993, a facility governed by this subdivision may elect to resume full participation in the medical assistance program by agreeing to comply with all of the requirements of the medical assistance program, including the rate equalization law in subdivision 1, paragraph (a), and all other requirements established in law or rule, and to resume intake of new medical assistance recipients.

Sec. 21. Minnesota Statutes 1990, section 256B.48, is amended by adding a subdivision to read:

Subd. 9. [MEDICAL ASSISTANCE PARTICIPATION FOR CERTAIN FACILITIES.] An agreement entered into between a nursing facility and the commissioner of human services that limits the number of residents that will be reimbursed under the medical assistance program as a condition of allowing additional beds to be certified under section 144A.071, subdivision 3a, terminates effective October 1, 1992.

Sec. 22. Minnesota Statutes 1991 Supplement, section 256B.74, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL REIMBURSEMENT.] (a) Effective for admissions occurring on or after July 1, 1991, the commissioner shall make an indigent care payment to Minnesota and local trade area hospitals except facilities of the federal Indian Health Service and regional treatment centers, in addition to all other payment to hospitals for inpatient services. The indigent care payment shall be ten percent of the amount of medical assistance payments issued to that provider for inpatient services in a given calendar quarter or

month, excluding indigent care payments paid under this section, divided by the number of related admissions, or patient days if applicable, and multiplying the result by 111 percent. The indigent care payment is added to each admission, or patient day if applicable, occurring (1) in the second calendar quarter beginning after the quarter on which the September 15, 1991, indigent care payment amount is based and (2) in the month beginning six months after the month on which the subsequent monthly indigent care payment amount is based. Medicare crossovers are excluded from indigent care payments and from the payments and admissions on which the indigent care payment is based. The commissioner may issue indigent care payments as disproportionate population adjustments for eligible hospitals.

(b) Effective for services rendered on or after July 1, 1991, the commissioner shall reimburse outpatient hospital facility fees at 80 percent of calendar year 1990 submitted charges, not to exceed the Medicare upper payment limit. Services excepted from this payment methodology are emergency room facility fees, clinic facility fees, and those services for which there is a federal maximum allowable payment.

Sec. 23. Minnesota Statutes 1991 Supplement, section 256B.74, subdivision 3, is amended to read:

Subd. 3. [NURSING FACILITY REIMBURSEMENT.] For rate years beginning on or after July 1, 1991, the commissioner shall reimburse nursing facilities participating in the medical assistance program as follows:

(1) a capital allowance of \$1.44 per resident day shall be paid. For a licensed provider with an operating lease on the nursing facility, the capital equipment allowance shall not be the property of the lessor but shall be the property of the licensed provider for the duration of the operating lease or any renewal or extension of the operating lease; and

(2) the maximum efficiency incentive per diem payment established annually under section 256B.431, subdivision 2b, paragraph (d), shall be increased to \$2.10 effective July 1, 1991, and \$2.20 effective July 1, 1992.

Sec. 24. [HOSPITAL OUTPATIENT REIMBURSEMENT.]

For services rendered on or after October 1, 1992, the commissioner of human services shall increase hospital outpatient rates by ten percent over the rates in effect on September 30, 1992, provided that no rate shall exceed the upper payment limit established by Medicare.

## Sec. 25. [COMMISSIONER'S DUTIES.]

The commissioner of human services shall report to the legislature quarterly on the first day of January, April, July, and October regarding the provider surcharge program. The report shall include information on total billings, total collections, and administrative expenditures. The report on January 1, 1993, shall include information on all surcharge billings, collections, federal matching payments received, efforts to collect unpaid amounts, and administrative costs pertaining to the surcharge program in effect from July 1, 1991 to September 30, 1992. The commissioner shall report when submitting the budget forecast regarding any changes in the amount of the nursing home surcharge needed to ensure that collections continue at the level anticipated for fiscal year 1993. The commissioner shall continue to track and report separately any provider reimbursement increases or other payments authorized in Laws 1992, chapter 292, article 4, and under sections 1 to 12, 15, 16, 18, and 20 to 24. The commissioner shall request the Minnesota congressional delegation to support a change in federal law that would prohibit federal disallowances for any state that makes a good faith effort to comply with Public Law Number 91-234 by enacting conforming legislation prior to the issuance of federal implementing regulations.

## Sec. 26. [REPEALER.]

(a) Minnesota Statutes 1991 Supplement, sections 256.9657, subdivision 5; and 256B.74, subdivisions 8 and 9; and Laws 1991, chapter 292, article 4, section 77, are repealed.

(b) Minnesota Rules, part 9549.0060, subparts 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 13, are repealed.

(c) Minnesota Statutes 1990, section 256B.431, subdivisions 3, 3a, 3b, 3c, 3d, 3g, 3h, 3i, and 3j; and Minnesota Statutes 1991 Supplement, section 256B.431, subdivision 3f, are repealed.

## Sec. 27. [EFFECTIVE DATE.]

Sections 1 to 12, 15, 16, 18, 20 to 25, and 26, paragraph (a) are effective October 1, 1992, except that if Congress delays the effective date specified in Public Law Number 102-234, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991, section 2(a)(w)(1)(F), the effective date of this act is delayed until the latest possible date permitted by federal law."

“Section 1. Minnesota Statutes 1990, section 216B.045, subdivision 1, is amended to read:

Subdivision 1. [DEFINITION.] For the purposes of this section “intrastate pipeline” means a pipeline wholly within the state of Minnesota which transports or delivers natural gas received from another person at a point inside or at the border of the state, which is delivered at a point within the state to another, provided that all the natural gas is consumed within the state. An intrastate pipeline does not include a pipeline owned or operated by a public utility, unless a public utility files a petition requesting that a pipeline or a portion of a pipeline be classified as an intrastate pipeline and the commission approves the petition.

Sec. 2. Minnesota Statutes 1991 Supplement, section 216B.241, subdivision 2, is amended to read:

Subd. 2. [PROGRAMS.] The commissioner may by rule require public utilities to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements must be offered to the customers. The required programs must cover a two-year period. The commissioner shall require at least one public utility to establish a pilot program to make investments in and expenditures for energy from renewable resources such as solar, wind, or biomass and shall give special consideration and encouragement to programs that bring about significant net savings through the use of energy-efficient lighting. The commissioner shall evaluate the program on the basis of cost-effectiveness and the reliability of technologies employed. The rules of the department must provide to the extent practicable for a free choice, by consumers participating in the program, of the device, method, or material constituting the energy conservation improvement and for a free choice of the seller, installer, or contractor of the energy conservation improvement, provided that the device, method, material, seller, installer, or contractor is duly licensed, certified, approved, or qualified, including under the residential conservation services program, where applicable. The commissioner may require a utility to make an energy conservation improvement investment or expenditure whenever the commissioner finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. The commissioner shall nevertheless ensure that every public utility operate one or more programs under periodic review by the department. Load management may be used to meet the requirements for energy conservation improvements under this section if it results in a demonstrable reduction in consumption of energy. The commissioner shall consider and may require a utility to undertake a program suggested by an outside

source, including a political subdivision or a nonprofit or community organization. No utility may make an energy conservation improvement under this section to a building envelope unless:

(1) it is the primary supplier of energy used for either space heating or cooling in the building;

(2) the commissioner determines that special circumstances, which would unduly restrict the availability of conservation programs, warrant otherwise; or

(3) the utility has been awarded a contract under subdivision 2a.

The commissioner shall require that a substantial portion of residential conservation improvement spending and investment by public utilities addresses residential conservation improvement needs of low-income persons and shall review conservation improvement spending and investment by cooperative electric associations and municipalities in light of whether a portion of the spending or investment addresses the residential conservation improvement needs of low-income persons. For the purposes of this paragraph, "low-income" means an income less than 185 percent of the federal poverty level.

A utility, a political subdivision, or a nonprofit or community organization that has suggested a program, or the attorney general acting on behalf of consumers and small business interests, or a utility customer that has suggested a program and is not represented by the attorney general under section 8.33 may petition the commission to modify or revoke a department decision under this section, and the commission may do so if it determines that the program is not cost-effective, does not adequately address the residential conservation improvement needs of low-income persons, has a long-range negative effect on one or more classes of customers, or is otherwise not in the public interest. The person petitioning for commission review has the burden of proof. The commission shall reject a petition that, on its face, fails to make a reasonable argument that a program is not in the public interest."

(b) Whoever violates the provisions of paragraph (a) within five years of a previous conviction under paragraph (a) is guilty of a gross misdemeanor.

(c) When a person is convicted of a violation of paragraph (a) or (b), the court shall determine and make written findings on the record as to whether:

(1) the defendant owns or possesses a firearm; and

(2) the firearm was used in any way during the commission of the assault.

If the court determines that the defendant owns or possesses a firearm and used it in any way during the commission of the assault,

it shall order the defendant to relinquish possession of the firearm and give it to the sheriff of the county where the offense occurred. The sheriff shall retain custody of the firearm for two years following the date of conviction.

(d) When a person is convicted of a violation of paragraph (a) or (b), the court shall inform the defendant that the defendant is prohibited from possessing a pistol for a period of two years from the date of conviction and that it is a gross misdemeanor offense to violate this prohibition. The failure of the court to provide this information to a defendant does not affect the applicability of the pistol possession prohibition or the gross misdemeanor penalty to that defendant.

Sec. 2. Minnesota Statutes 1990, section 624.713, subdivision 1, is amended to read:

Subdivision 1. [INELIGIBLE PERSONS.] The following persons shall not be entitled to possess a pistol:

(b) a person who has been convicted in this state or elsewhere of a crime of violence unless ten years have elapsed since the person has been restored to civil rights or the sentence has expired, whichever occurs first, and during that time the person has not been convicted of any other crime of violence. For purposes of this section, crime of violence includes crimes in other states or jurisdictions which would have been crimes of violence as herein defined if they had been committed in this state;

(c) a person who is or has ever been confined or committed in Minnesota or elsewhere as a "mentally ill," "mentally retarded," or "mentally ill and dangerous to the public" person as defined in section 253B.02, to a treatment facility, unless the person possesses a certificate of a medical doctor or psychiatrist licensed in Minnesota, or other satisfactory proof that the person is no longer suffering from this disability;

(d) a person who has been convicted in Minnesota or elsewhere for the unlawful use, possession, or sale of a controlled substance other

than conviction for possession of a small amount of marijuana, as defined in section 152.01, subdivision 16, or a person who is or has ever been hospitalized or committed for treatment for the habitual use of a controlled substance or marijuana, as defined in sections 152.01 and 152.02, unless the person possesses a certificate of a medical doctor or psychiatrist licensed in Minnesota, or other satisfactory proof, that the person has not abused a controlled substance or marijuana during the previous two years;

(e) a person who has been confined or committed to a treatment facility in Minnesota or elsewhere as "chemically dependent" as defined in section 253B.02, unless the person has completed treatment. Property rights may not be abated but access may be restricted by the courts; ~~or~~

(f) a peace officer who is informally admitted to a treatment facility pursuant to section 253B.04 for chemical dependency, unless the officer possesses a certificate from the head of the treatment facility discharging or provisionally discharging the officer from the treatment facility. Property rights may not be abated but access may be restricted by the courts; or

(g) a person who has been convicted of assault in the fifth degree under section 609.224, subdivision 3, unless two years have elapsed from the date of conviction and, during that time, the person has not been convicted of any other violation of section 609.224, subdivision 3. Property rights may not be abated but access may be restricted by the courts.

A person who issues a certificate pursuant to this subdivision in good faith is not liable for damages resulting or arising from the actions or misconduct with a firearm committed by the individual who is the subject of the certificate.

Sec. 3. Minnesota Statutes 1990, section 624.714, subdivision 1, is amended to read:

Subdivision 1. [PENALTY.] A person, other than a law enforcement officer who has authority to make arrests other than citizens arrests, who carries, holds or possesses a pistol in a motor vehicle, snowmobile or boat, or on or about the person's clothes or the person, or otherwise in possession or control in a public place or public area without first having obtained a permit to carry the pistol is guilty of a gross misdemeanor. A person who has been issued a permit and who fails to have the permit in actual possession whenever the person carries the pistol or who engages in activities other than those for which the permit has been issued, is guilty of a misdemeanor.

Sec. 4. Minnesota Statutes 1990, section 624.714, is amended by adding a subdivision to read:

The adoption of these standards is not subject to the rulemaking provisions of chapter 14.

Every permit to carry a pistol that is granted or renewed by a police chief or county sheriff on or after January 1, 1993, must meet the statewide standards adopted by the commissioner of public safety.

Sec. 5. Minnesota Statutes 1990, section 624.714, subdivision 7, is amended to read:

Subd. 7. [RENEWAL.] Permits to carry a pistol issued pursuant to this section shall expire after one year and shall thereafter be renewed in the same manner and subject to the same provisions by which the original permit was obtained, except that all renewed permits must comply with the standards adopted by the commissioner of public safety under subdivision 5a.

All property acquired by either spouse subsequent to the marriage and before the valuation date is presumed to be marital property regardless of whether title is held individually or by the spouses in a form of coownership such as joint tenancy, tenancy in common, tenancy by the entirety, or community property. Each spouse shall be deemed to have a common ownership in marital property that vests not later than the time of the entry of the decree in a proceeding for dissolution or annulment. The extent of the vested interest shall be determined and made final by the court pursuant to section 518.58. If a title interest in real property is held individually by only one

spouse, the interest in the real property of the nontitled spouse shall not be subject to claims of creditors or judgment or tax liens until the time of entry of the decree awarding an interest to the nontitled spouse. The presumption of marital property is overcome by a showing that the property is nonmarital property.

Sec. 32. [580.032] [REQUEST FOR NOTICE; MAILED NOTICE.]

Subdivision 1. [FILING REQUEST FOR NOTICE.] A person having a redeemable interest in real property under section 580.23 or 580.24, may file for record a request for notice of a mortgage foreclosure by advertisement with the county recorder or registrar of titles of the county where the property is located.

Subd. 2. [CONTENT REQUIREMENTS.] A request for notice must specify: (1) the name and mailing address of the person requesting notice; (2) a legal description of the real property; (3) a description of the person's redeemable interest including, if applicable, the date and recording information of the document creating the interest; and (4) a request for notice of a mortgage foreclosure by advertisement. The request must be executed and acknowledged by the person requesting notice.

Subd. 3. [NOTICE OF PENDENCY.] A person foreclosing a mortgage by advertisement shall file for record a notice of the pendency of the foreclosure with the county recorder or registrar of titles in the county in which the property is located before the first date of publication of the foreclosure notice but not more than six months before the first date of publication.

Subd. 4. [MAILED NOTICE.] A person foreclosing a mortgage by

advertisement shall mail, at least 14 days before the date of sale, a copy of the notice of sale to each person requesting notice in a recorded request for notice at the address specified in the recorded request for notice. Mailed notice is deemed given upon deposit in the United States mail first class, postage prepaid, and addressed to the person requesting notice. Notice need not be mailed to a person: (1) whose request for notice was recorded before the recording of the mortgage being foreclosed or after the recording of the notice of pendency provided in subdivision 3; (2) served pursuant to section 580.03; or (3) who no longer has a redeemable interest.

Subd. 5. [EFFECT OF FAILURE TO MAIL NOTICE.] If a person foreclosing a mortgage by advertisement fails to mail a notice of the sale in accordance with subdivision 4, the failure does not invalidate the foreclosure.

Subd. 6. [REMEDIES.] If notice of the sale is not mailed in accordance with subdivision 4 to a person with a properly recorded request for notice, the person requesting notice has a cause of action against the person foreclosing the mortgage for money damages for the lesser of: (1) the equity in the mortgaged premises that would have been available to the person if the person had redeemed; or (2) the value of the person's redeemable interest. The value of a lien holder's redeemable interest is the amount due on and secured by the lien. The person requesting notice has the burden of proving that the notice of the sale was not mailed in accordance with subdivision 4 and that the person requesting notice had a valid redeemable interest in the mortgaged premises, had measurable damages, had the financial ability to redeem, and did not have actual notice of the sale at least 60 days before expiration of the mortgagor's period of redemption. An action for damages resulting from failure to mail notice must be brought within two years of the date of the sheriff's sale.

Subd. 7. [EXCEPTION TO DAMAGE CLAIM.] Notwithstanding subdivision 6, if notice was not mailed in accordance with subdivision 4 to a person requesting notice, the requester has no cause of action against the person foreclosing the mortgage if at least 60 days before the mortgagor's period of redemption expires, a copy of the sheriff's certificate of sale is mailed in the manner provided in this section to the person requesting notice.

Subd. 8. [NO COLOR OF TITLE.] The recording of a request for notice by itself does not give the person requesting notice any interest in the mortgaged premises for any purpose. A recorded request for notice does not constitute actual or constructive notice of any interest in the real property.

Subd. 9. [EFFECTIVE DATE.] This section is effective August 1, 1992. This section applies only to mortgages foreclosed by advertisement when the first date of publication is after January 1, 1993.

Sec. 33. Minnesota Statutes 1990, section 580.15, is amended to read:

(2) An affidavit or return of service of such notice upon the occupant of the mortgaged premises to be made by the officer or person making such service or, in case the premises were vacant or unoccupied at the time the service must be made, an affidavit or return showing that fact, to be made by the officer or person attempting to make such service;

(3) An affidavit by the person foreclosing the mortgage, or that person's attorney, or someone knowing the facts, setting forth the facts relating to the military service status of the owner of the mortgaged premises at the time of sale.

Any such affidavit recorded prior to May 16, 1967 shall be effective as prima facie evidence of the facts therein contained as though recorded subsequent to May 16, 1967.

(5) An affidavit by the person foreclosing the mortgage, or that person's attorney, or someone having knowledge of the facts, setting forth the names of the persons to whom a notice of sale was mailed as provided by section 32.

The affidavit provided for in clause (3) hereof may be made and filed for record for the purpose of complying with the provisions of

the Soldiers' and Sailors' Civil Relief Act of 1940, passed by the Congress of the United States and approved on October 17, 1940, and may be made and filed for record at any time subsequent to the date of the mortgage foreclosure sale.

Any undistributed excess earnings or losses determined to be earnings or losses attributable to the employees' contributions shall be distributed or charged to the employers' reserve accounts in proportion to the number of covered employees employed by each employer. If income from investments is insufficient to enable the crediting of the maximum interest amount to the employee and employer accounts, the maximum interest will first be credited to the employee accounts. If income is insufficient to cover the amounts credited to the employee accounts, the insufficiency attributable to each employer~~

group of employees' accounts will be made up by a charge against the reserve account of that employer. (2) the plan is approved, in accordance with the terms of subdivision 4, by the municipality with jurisdiction over the parcels comprising the proposed district; and

(3) the findings in subdivision 5 are made with respect to the district by the municipality.

(b) A district terminates on the earliest of:

(1) the date tax increment from the district may no longer be paid to the authority under section 5 [469.1794], subdivision 6;

(2) the date set forth in the plan for termination of the district;

(3) the date the county auditor of the county in which the district is located receives from the authority a certified resolution of the

governing body of the authority that elects to terminate the district;  
or

(4) the third anniversary of the date of certification of the district (August 1, 1982, with respect to pre-1979 districts) unless: (i) bonds secured by tax increment from the district have been issued before that date; or (ii) the authority has acquired property within the district; or (iii) the authority or the municipality have constructed, or caused to be constructed, public improvements in the district.

An authority may terminate part of a district under clause (2) or (3) of this paragraph.

(c) An economic development district cannot be created after the effective date of sections 1 [469.179] to 10 [469.1799] unless the district is located entirely outside the metropolitan area and the district is located in a city with a population under 10,000.

(d) A renovation district cannot be created after the effective date of sections 1 [469.179] to 10 [469.1799].

Subd. 2. [AUTHORITY APPROVAL.] The authority must prepare the plan for a district. At least 30 days before approval of the plan by the authority or the municipality, the authority must notify in writing the county and all school districts in which the district is proposed to be located that the authority is considering the approval of the plan and creation of the district. The notice must include a statement that the authority will meet with any representative of any notified county or school district, before the date on which the governing body of the authority is scheduled to consider approval of the plan, to answer questions with respect to the district. The notice shall be accompanied by the most current draft of the plan. The plan must be approved by a resolution adopted by the affirmative votes of a majority of the members of the governing body of the authority.

Subd. 3. [PLAN.] The plan must include at least the following:

(1) the name and address of the authority, the name or title of the officer or employee of the authority designated as the representative of the authority with respect to the district, and the name and address of the municipality in which the district is located;

(2) the property identification numbers of the parcels in the district or the legal description of the district and one or more maps of the district and the project that are adequate to show the location of the district and project with respect to each other;

(3) a statement of the type of project in which the district is located, the duration of the district, and whether the district is an economic development district, a hazardous substance district, a

housing district, a manufacturing district, a pre-1979 district, a redevelopment district, a renovation district, a soils condition district, or an underground space district;

(4) the street address (or similar description) and property identification number or legal description of any parcel in the district that is proposed to be acquired by the authority;

(5) a statement of the estimated expenditures of tax increment derived from the district and funds from other sources to be made by the authority and any municipality with respect to the district and the project;

(6) a statement of the financial impact of the district upon all taxing jurisdictions in which the district is located;

(7) a statement of whether the authority has elected to establish the earliest year in which tax increment shall be received by the authority from a district and, if the election is made, a statement of the year;

(8) a statement of whether the authority has elected the method of determining tax increment under section 5 [469.1794], subdivision 2, paragraph (b);

(9) the termination date of the district;

(10) a description of all studies and analyses employed by the authority to provide the information in the plan required by clauses (1) to (9); and

(11) the original signature of the chief executive officer of the authority, or the chief financial officer of the authority if the chief executive officer has delegated to such financial officer the power to execute plans.

Subd. 4. [MUNICIPALITY APPROVAL.] Before approving the plan for a district, the municipality must conduct a public hearing on the question of the approval of the plan. A notice of the public hearing must be published in a newspaper of general circulation in the municipality at least once, at least ten days but no more than 30 days before the date of the hearing. The notice must include a map of the district. The plan must be approved by a resolution adopted by the affirmative votes of a majority of the members of the governing body of the municipality. Within 30 days after the date the resolution approving the plan is adopted by the municipality, an executed copy of the plan must be delivered to the commissioner of revenue.

Subd. 5. [MUNICIPALITY FINDINGS.] (a) Before, on, or after the date of approval of the plan for a district, and as a condition to the

creation of the district, the governing body of each municipality in which the district is located must make the following findings with respect to the district and the project in which the district is located, by a resolution adopted by the affirmative votes of a majority of the members of the governing body of the municipality:

(1) sufficient facts exist to support qualification of the district as an economic development district, a hazardous substance district, a housing district, a manufacturing district, a redevelopment district, a renovation district, a soils condition district, or an underground space district;

(2) the development or redevelopment in the project expected to be undertaken in conjunction with the creation of the district would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future and, therefore, the creation of the district and the use of tax increment financing is necessary, or, with respect to a hazardous substance district, the removal or remedial actions expected to be undertaken in conjunction with the district will prevent the economic deterioration of the project;

(3) the plan conforms to the general plan for the development or redevelopment of the municipality as a whole; and

(4) the plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the development or redevelopment of the project by private enterprise.

(b) The approval of the resolution referred to in paragraph (a) by the affirmative votes of a majority of the members of the governing body of the municipality is conclusive of the findings in it and of the public need for the district and the use of tax increment financing.

Subd. 6. [PLAN AMENDMENTS.] (a) If any information required by subdivision 3 to be included in a plan was not available on the date of creation of the plan, or if any information required by subdivision 3 to be included in a plan has changed since it was included in a plan, the authority must amend the plan to include the omitted information or change the information in the plan. If a plan amendment involves an enlargement of the area of the district or of the area of the project in which the district is located, a material change in the estimated expenditures of tax increment derived from the district, or an election under section 5 [469.1794], subdivision 2, paragraph (b), the plan amendment must be approved by the municipality in which the district is located in the same manner required for the initial approval of the plan under subdivision 4, except that publication of a map of the district in the notice required by subdivision 4 is necessary only in the event of the enlargement of the district.

(b) A district cannot be changed from one type of district to

another type of district after the plan for the district has been approved by the municipality in which the district is located. The area of a district may be reduced but cannot be enlarged after the fifth anniversary of the date of certification of the district.

(c) If the parcels in a hazardous substance district were in another district immediately before being included in the hazardous substance district and on the date of termination of the hazardous substance district the other district has not terminated, then at the election of the authority, made in writing and delivered to the county auditor, the parcels may be added back to the other district without any further action of the authority or the municipality in which the other district is located.

Subd. 7. [AUTOMATIC DELETION OF PARCELS FROM DISTRICT.] If neither the owner of a parcel in a district nor the authority begins acquisition, demolition, construction, rehabilitation, renovation, other site preparation (excluding sewer, water, or other utility service), or qualified improvement of a street adjacent to the parcel on or before the fourth anniversary of the later of the date of certification of the district or the date the plan was amended to add the parcel to the district, then the parcel is deleted from the district on the day following such fourth anniversary without any further action of the authority or the municipality. The authority must give written notice to the county auditor of the parcels that are deleted from the district under this subdivision. Such notice must be delivered to the county auditor within six months of such fourth anniversary. If the owner of the parcel or the authority subsequently begins acquisition, demolition, rehabilitation, renovation, other site preparation (excluding sewer, water, or other utility service), or qualified improvement of a street adjacent to the parcel, the authority may elect to add the parcel back to the district by delivery of written notice of such election to the county auditor. For purposes of this subdivision, "qualified improvement of a street" means construction or opening of a new street, relocation of a street, or substantial reconstruction or rebuilding of a street. The county auditor must enforce the provisions of this subdivision.

Sec. 3. [469.1792] [REQUIREMENTS FOR CREATION OF DISTRICTS.]

Subdivision 1. [ECONOMIC DEVELOPMENT DISTRICTS.] A district qualifies as an economic development district only if the authority finds that the creation of the district is in the public interest because it will discourage the relocation of commercial, industrial, or manufacturing operations from the municipality, or it will increase employment in the state, or it will keep or enhance tax payments in the state. Such finding must be made in a resolution adopted on or before the date of approval of the plan for the district by the authority. Specific restrictions on the use of tax increment

derived from an economic development district are described in section 7 [469.1796], subdivision 1.

Subd. 2. [HAZARDOUS SUBSTANCE DISTRICTS.] (a) A district qualifies as a hazardous substance district only if the parcels in the district are designated in an action proposal as parcels to which removal or remedial actions, as defined in section 115B.02, subdivisions 16 and 17, are to be undertaken, or the parcels are contiguous to or adversely affected by parcels to which removal or remedial actions are to be undertaken (including parcels that are contiguous except for the interposition of a right-of-way). As conditions to creation of a hazardous substance district, the authority must:

(1) prepare an action proposal, submit the action proposal to the commissioner of the pollution control agency, and receive a written approval of the action proposal from the commissioner of the pollution control agency; and

(2) enter into an enforceable agreement with any person to complete the removal or remedial actions referred to in the action proposal or specify in the action proposal the sources of money to be used to finance the removal or remedial actions referred to in the action proposal.

(b) A district qualifies as a hazardous substance district only if the authority finds that the district is not larger than, and the duration of the district is not longer than, the minimum necessary to provide for payment of the costs of the district. Such finding must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district by the authority.

(c) Specific restrictions on the use of tax increment derived from a hazardous substance district are described in section 7 [469.1796], subdivision 2.

Subd. 3. [HOUSING DISTRICTS.] A district qualifies as a housing district only if the authority finds that the district will provide financial assistance to owner-occupied residential property to be occupied by persons and families of low or moderate income or will provide financial assistance to residential rental property to be occupied by persons and families of low or moderate income. Such finding must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district by the authority. For purposes of owner-occupied residential property, the property will be considered occupied by persons and families of low or moderate income if 95 percent of the dwelling units are initially purchased and occupied by persons or families whose income is equal to or less than the income limits of section 143(f) of the Internal Revenue Code. For purposes of residential rental property, the property will be considered occupied by persons and families of low or moderate income if the rental and occupancy requirements of

section 142(d) of the Internal Revenue Code are satisfied, or if 50 percent or more of the dwelling units in the residential rental property are occupied by individuals whose income is 80 percent or less of the area median income, as defined in section 142(d) of the Internal Revenue Code. Specific restrictions on the use of tax increment derived from a housing district are described in section 7 [469.1796], subdivision 3.

Subd. 4. [MANUFACTURING DISTRICTS.] (a) A district qualifies as a manufacturing district if the authority finds that the district will provide financial assistance to a manufacturing facility or a tourism facility. The finding must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district by the authority.

(b) For purposes of this subdivision and section 7 [469.1796], subdivisions 1 and 5, "manufacturing facility" means property that is acquired, constructed, or rehabilitated, if at least 85 percent of the property is used:

(1) for the manufacturing or production of tangible personal property, including processing resulting in the change in condition of the tangible personal property;

(2) for the warehousing, storage, and distribution of tangible personal property (excluding retail sales);

(3) for research and development activities related to the activities listed in clauses (1) or (2); or

(4) for office and related space related to the activities listed in clauses (1), (2), or (3).

(c) For purposes of this subdivision and section 7 [469.1796], subdivisions 1 and 5, "tourism facility" means property that:

(1) is located outside the metropolitan area;

(2) is located outside a city with a population in excess of 30,000;

(3) is acquired, constructed, or rehabilitated for use as a convention and meeting facility, amusement park, recreation facility, cultural facility, marina, park, hotel, motel, or other lodging facility that in each case is intended to serve primarily individuals from outside the county; and

(4) the operating and management policies of the tourism facility are approved by the governing body of the authority.

(d) Specific restrictions on the use of tax increment derived from a manufacturing district are described in section 7 [469.1796], subdivision 5.

Subd. 5. [REDEVELOPMENT DISTRICTS.] (a) A district qualifies as a redevelopment district only if the authority finds that one of the following conditions, evenly distributed throughout the district, exists:

(1) parcels consisting of 70 percent of the area of the district are occupied by buildings, streets, utilities, or other improvements, 20 percent of the buildings are structurally substandard, and 30 percent of the other buildings require substantial renovation or clearance to remove existing conditions such as inadequate street layout, incompatible uses or land use relationships, overcrowding of buildings on the land, excessive dwelling unit density, obsolete buildings not suitable for improvement or conversion, or other identified hazards to the health, safety, and general well-being of the community; or

(2) the district consists of vacant, unused, underused, inappropriately used, or infrequently used rail yards, rail storage facilities, or excessive or vacated railroad rights-of-way. Such finding must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district by the authority.

(b) For purposes of this subdivision, "structurally substandard" means defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection (including adequate egress, layout, and condition of interior partitions), or similar factors that are of sufficient total significance to justify substantial renovation or clearance. A building is not structurally substandard if it complies with the building code applicable to new buildings or could be modified to conform to the building code at a cost of less than 15 percent of the cost of constructing a new structure of the same size and type on the site. A building is structurally substandard if it is not in compliance with federal or state laws or regulations regarding access to disabled persons and the costs of construction to gain compliance exceed 15 percent of the cost of constructing a new structure of the same size and type on the site. The authority may determine that a building is structurally substandard on the basis of reasonably available evidence such as the size, type, and age of the building, the average cost of plumbing, electrical, or structural repairs, or other similar reliable evidence. If the evidence supports a reasonable conclusion that the building is structurally substandard, the authority may make this determination without an interior inspection or an independent, expert appraisal of the cost of repair and rehabilitation of the building.

(c) For purposes of this subdivision, a parcel will be considered occupied by a structurally substandard building if:

(1) the parcel was occupied by a substandard building within five years of the date of certification of the district in which the parcel is located; and

(2) before the demolition or removal, the authority finds by resolution that the parcel is occupied by a structurally substandard building and that the authority intends to include the parcel in a district.

(d) For purposes of this subdivision, a parcel is occupied by buildings, streets, utilities, or other improvements if at least 15 percent of the area of the parcel contains buildings, streets, utilities, or other improvements.

(e) A district consisting of two or more noncontiguous areas does not qualify as a redevelopment district unless each area qualifies under paragraph (a) and the entire district qualifies under paragraph (a).

(f) Specific restrictions on the use of tax increment derived from a redevelopment district are described in section 7 [469.1796], subdivision 6.

Subd. 6. [RENOVATION DISTRICTS.] (a) A district qualifies as a renovation district only if the authority finds that the following conditions, evenly distributed throughout the district, exist:

(1) parcels consisting of 70 percent of the area of the district are occupied by buildings, streets, utilities, or other improvements;

(2) 20 percent of the buildings are structurally substandard; and

(3) 30 percent of the other buildings require substantial renovation or clearance to remove existing conditions such as inadequate street layout, incompatible uses or land use relationships, overcrowding of buildings on the land, excessive dwelling unit density, obsolete buildings not suitable for improvement or conversion, or other identified hazards to the health, safety, and general well-being of the community. Such finding must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district by the authority.

(b) For purposes of this subdivision, "structurally substandard" means defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection (including adequate egress, layout, and condition of interior partitions), or similar factors that are of sufficient total

significance to justify substantial renovation or clearance. A building is not structurally substandard if it is in compliance with the building code applicable to new buildings or could be modified to conform to the building code at a cost of less than 15 percent of the cost of constructing a new structure of the same size and type on the site. The authority may determine that a building is structurally substandard on the basis of reasonably available evidence, such as the size, type, and age of the building, the average cost of plumbing, electrical, or structural repairs, or other similar reliable evidence. If the evidence supports a reasonable conclusion that the building is structurally substandard, the authority may make this determination without an interior inspection or an independent, expert appraisal of the cost of repair and rehabilitation of the building.

(c) For purposes of this subdivision, a parcel is occupied by buildings, streets, utilities, or other improvements if at least 15 percent of the area of the parcel contains buildings, streets, utilities, or other improvements.

(d) A district consisting of two or more noncontiguous areas will not qualify as a renovation district unless each area qualifies under paragraph (a) and the entire district qualifies under paragraph (a).

(e) Specific restrictions on the use of tax increment derived from a renovation district are described in section 7 [469.1796], subdivision 6.

Subd. 7. [SOILS CONDITION DISTRICTS.] (a) A district qualifies as a soils condition district only if the authority finds that the following conditions exist in the district:

(1) less than 70 percent of the parcels in the district are occupied by buildings, streets, utilities, or other improvements;

(2) parcels consisting of 80 percent of the area of the district require substantial filling, grading, or other physical preparation to eliminate unusual terrain or soil deficiencies; and

(3) the estimated cost of the filling, grading, and other physical preparation (excluding costs not attributable to the soil deficiencies that are directly related to roads, as defined in section 160.01, and local improvements, as defined in sections 429.021, subdivision 1, clauses (1) to (7), (11), and (12), and 430.01), when added to the fair market value of the land in the district, exceeds the anticipated fair market value of the land in the district upon the completion of the filling, grading, and other physical preparation. Such findings must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district by the authority.

(b) A public waters wetland, as defined in section 103G.005,

subdivision 18, cannot be included in a soils condition district unless the authority proposes in the plan to take actions that will prevent the draining, filling, or other alteration of the wetland.

(c) If any part of the district is located in the metropolitan area, the proposed development of the district described in the plan must be consistent with the land use plan of the municipality, adopted in accordance with sections 473.851 to 473.872, and reviewed by the metropolitan council under section 473.175. If the entire district is located outside the metropolitan area, the proposed development of the district must be consistent with the comprehensive plan of the municipality.

(d) Before approval of the plan for the district by the authority, at least 50 percent of the land in the district subject to unusual soil or terrain deficiencies must be subject to the terms of one or more agreements providing for development of such land by a person other than the authority or the municipality. The agreements must provide recourse for the authority if the development is not completed.

(e) Specific restrictions on the use of tax increment derived from a soils condition district are described in section 7 [469.1796], subdivision 7.

Subd. 8. [UNDERGROUND SPACE DISTRICTS.] A district qualifies as an underground space district only if the authority finds that the parcels in the district will be used for the development or redevelopment of mined underground space for commercial, industrial, or other public or private use. Such finding must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district by the authority. Specific restrictions on the use of tax increment derived from an underground space district are described in section 7 [469.1796], subdivision 8.

#### Sec. 4. [469.1793] [REPORTING REQUIREMENTS.]

Subdivision 1. [UNIFORM REPORTING FORMS.] The state auditor shall maintain a uniform system of accounting and financial reporting for projects that include one or more districts. The uniform system of accounting and financial reporting must:

(1) provide for full disclosure of the sources and uses of the funds described in the plans for the projects;

(2) permit comparison and reconciliation with the accounts and financial reports of the authority and the municipality in which the projects are located;

(3) permit auditing of the public funds spent with respect to the projects; and

(4) be consistent with generally accepted accounting principles.

Subd. 2. [FINANCIAL REPORTS.] (a) Every authority must prepare annually a financial report for each project located in the boundaries of the authority that includes one or more districts. Each financial report must be prepared in accordance with the uniform system of accounting and financial reporting for projects maintained by the state auditor. On or before July 1 of each year, the financial report for each project must be delivered to the state auditor, the commissioner of revenue, the municipality in which the project is located, the county in which the project is located, and each school district in which the project is located.

(b) In addition to the information required by the uniform system of accounting and financial reporting for projects maintained by the state auditor, each financial report must also contain or be accompanied by the following information:

(1) the types of districts and the expected dates of termination of the districts in the project;

(2) the original tax capacity, current tax capacity, and captured tax capacity of each district in the project, and the tax increment expected to be derived from each district in the project in the current calendar year;

(3) the number of jobs proposed to be created in the next calendar year, the number of actual jobs created in the current calendar year and the average wage and average benefits of the jobs created, and the net number of jobs displaced in the current calendar year;

(4) the outstanding principal amount of bonds issued to finance costs of the project, as of the date of the financial report;

(5) the expenditures of tax increment derived from each district in the project and of the proceeds of bonds issued to finance costs of the districts and the project, in the year preceding the current calendar year (including, without limitation, the specific costs of the acquisition of real property, the acquisition or construction of site improvements, installation of utilities, and administrative expenses);

(6) the acquisition costs and the amount realized from the sales or other transfers of property in the project in the year preceding the current calendar year;

(7) with respect to districts subject to section 6 [469.1795], subdivision 2, the amount of tax increment spent on activities

outside the district in which the tax increment is generated and the amount of the proceeds of bonds referred to in clause (4) that were spent on activities outside the district in which the tax increment is generated that is expected to pay debt service on the bonds, in the year preceding the current calendar year; and

(8) any additional information required by the commissioner of revenue.

Sec. 5. [469.1794] [TAX INCREMENT.]

Subdivision 1. [CERTIFICATION OF DISTRICT.] On any date after creation of a district and before termination of the district, the authority may obtain certification of the district by delivering to the county auditor of the county in which the district is located a written request for certification of the district. The request for certification must be accompanied by a copy of the plan for the district and state whether a building permit has been issued for any of the parcels in the district within the preceding 18 months. As soon as possible after the date of certification, the county auditor must deliver to the authority a statement of the original tax capacity of the district and the amount of the original tax capacity allocated to each parcel of the district, the date of certification of the district, and the local tax rates for the parcels in the district. On or before June 1 of each succeeding year before termination of the district, the county auditor must deliver to the authority a statement of the original tax capacity of the district as most recently determined and the amount of the original tax capacity allocated to each parcel of the district, the date of certification of the district, the local tax rates for the parcels in the district, and the current tax capacity of the district as most recently determined and the amount of the current tax capacity allocated to each parcel of the district.

Subd. 2. [DETERMINATION OF TAX INCREMENT.] (a) The tax increment of a district must be determined for each year beginning with the first year in which the current tax capacity of the district exceeds the original tax capacity of the district, or, if later, the year designated in the plan as the first year in which tax increment may be received from the district. In determining the local tax rates of the taxing jurisdictions in which the district is located, the county auditor must exclude the captured tax capacity of the district from the net tax capacity of the taxing jurisdictions. The local tax rates are extended against the captured tax capacity of the district. The portion of the resulting tax revenues equal to the product of the captured tax capacity and the lesser of the original local tax rate or the local tax rate, together with any penalties or interest allocable to the taxes, are the tax increment of the district for the year in which the taxes are payable. If the original local tax rate is less than the local tax rate, then the difference between the product of the captured tax capacity and the local tax rate and the product of the captured tax capacity and the original local tax rate is treated as if

it is excess tax increment and must be distributed under the terms of section 6 [469.1795], subdivision 1, paragraph (a), clause (7), and paragraph (f).

(b) At the election of the authority, the tax increment of the district may be determined under this paragraph in lieu of the method of determination in paragraph (a). The tax increment of the district must be determined for each year beginning with the first year in which the current tax capacity of the district exceeds the original tax capacity of the district, or, if later, the year designated in the plan as the first year in which tax increment may be received from the district. In determining the local tax rates of the taxing jurisdictions in which the district is located, the county auditor must exclude from the net tax capacity of such taxing jurisdictions the amount by which the captured tax capacity of the district exceeds the product of:

(1) any fiscal disparity commercial-industrial net tax capacity increase in the district between the date of certification of the district and the current year; and

(2) the fiscal disparity ratio determined under section 473F.08, subdivision 6.

The local tax rates are extended against the amount by which the captured tax capacity of the district exceeds the product of the amounts in clauses (1) and (2). The resulting tax revenues, together with any penalties or interest allocable to such taxes, are the tax increment for the district for the year in which the taxes are payable.

Subd. 3. [ORIGINAL TAX CAPACITY.] (a) Except as provided in paragraphs (b) to (e), the original tax capacity of a district on the date of certification of the district is equal to:

(1) the sum of the net tax capacities of the parcels in the district as certified by the commissioner of revenue as of the previous assessment year, if the date of certification occurs before July 1 of a calendar year; or

(2) the sum of the net tax capacities of the parcels in the district as certified by the commissioner of revenue as of the current assessment year, if the date of certification occurs after June 30 of a calendar year.

(b) The original tax capacity of a district, determined under paragraph (a), must be increased by the net tax capacity of any property in the district that is exempt from taxation by reason of public ownership if the public ownership of the property began less than one year before the date of certification of the district.

(c) The original tax capacity of a hazardous substance district is equal to the amount by which the sum of the net tax capacities of the parcels in the hazardous substance district exceeds the costs of the removal and remedial actions of the hazardous substance district set forth in the action proposal. If the action proposal does not specify the costs of the removal and remedial actions of the district, then the authority must separately certify the costs in writing to the county auditor before the date of certification of the original tax capacity of the district.

(d) The original tax capacity of an underground space district is equal to the net tax capacity, if any, assigned to any subsurface area included in the underground space district under section 272.04.

(e) For purposes of paragraph (a), the net tax capacity of the taxable property on a parcel considered occupied by a structurally substandard building under section 3 [469.1792], subdivision 5, paragraph (c), is the greater of:

(1) the net tax capacity of the parcel as determined in accordance with paragraph (a); or

(2) the product of the market value of the taxable property on the parcel for the year in which the structurally substandard building was demolished or removed and the current class rates for such taxable property.

Subd. 4. [SUBSEQUENT ADJUSTMENTS TO ORIGINAL TAX CAPACITY.] (a) In each year after the year in which the date of certification of a district occurs, the original tax capacity of the district must be increased or decreased in accordance with the terms of paragraphs (b) to (k).

(b) If a plan is amended to include an additional parcel in the district, the original tax capacity of the district must be increased by the net tax capacity of the additional parcel, as of the date the parcel is added to the district. If a plan is amended to delete a parcel from the district, the original tax capacity of the district must be decreased by the amount of the original tax capacity of the district allocated to the deleted parcel.

(c) If a parcel in a district that was exempt from property taxation becomes subject to property taxation, the original tax capacity of the district must be increased by the net tax capacity of such parcel, as most recently certified by the commissioner of revenue. If a parcel in a district becomes exempt from property taxation, the original tax capacity of the district must be decreased by the amount of the original tax capacity allocated to such parcel.

(d) If the market value of a parcel in a district increases because

the parcel no longer qualifies for a reduced market value under section 273.111 or 273.112, or under chapter 473H, the original tax capacity of the district must be increased by the part of any increase in the net tax capacity of the parcel that is attributable to the increase in market value. If the market value of a parcel in a district increases because the parcel is no longer treated as unplatted land under section 273.11, subdivision 1, the original tax capacity of the district must be increased by the amount of any increase in the net tax capacity of the parcel that is attributable to the increase in market value.

(e) If the use of a parcel in a district changes, and the change in use results in a change in the class rate applicable to the parcel under section 273.13, the original tax capacity of the district must be increased by the amount of any increase in the net tax capacity of the parcel that is attributable to the change in class rate, and the original tax capacity of the district must be decreased by the amount of any decrease in the net tax capacity of the parcel that is attributable to the change in class rate.

(f) If a class rate established under section 273.13 is amended, and the amendment results in a change in the class rate applicable to a parcel in a district, the original tax capacity of the district must be increased by the amount of any increase in the net tax capacity of the parcel that is attributable to the amendment to the class rate, and the original tax capacity of the district must be decreased by the amount of any decrease in the net tax capacity of the parcel that is attributable to the amendment to the class rate.

(g) If a parcel in a hazardous substance district was in another district immediately before being included in the hazardous substance district and on the date of termination of the hazardous substance district the other district has not terminated, and the parcel is added to the other district as the result of an election of the authority under section 2 [469.1791], subdivision 6, paragraph (c), the original tax capacity of the other district must be increased by the original tax capacity allocated to the parcel on the date of certification of the other district (or, if the parcel was added to the other district after the date of certification of the other district, the original tax capacity allocated to the parcel on the date the parcel was added to the other district).

(h) If a parcel is deleted from a district under section 2 [469.1791], subdivision 7, the original tax capacity of the district must be reduced by the amount of the original tax capacity allocated to the parcel. If a deleted parcel is later added back to the district as the result of an election of an authority under section 2 [469.1791], subdivision 7, the original tax capacity of the district must be increased by the net tax capacity of the parcel, as most recently certified by the commissioner of revenue.

(i) If the market value of a parcel in a district is reduced by order of a court, order of the commissioner of revenue, or action or order of any county or municipality board, administrative agency, or employee with jurisdiction to take such action or make such order, and the reduction in market value relates to the parcel before the later of the date of certification of the district (or, if the parcel was added to the district after the date of certification, the date the parcel was added to the district) or the date on which improvements began on the parcel, the original tax capacity of the district must be adjusted by substituting the net tax capacity of the parcel as of the date of certification of the district (or, if the parcel was added to the district after the date of certification, the date the parcel was added to the district) with the net tax capacity the parcel would have had on the date of certification of the district (or, if the parcel was added to the district after the date of certification, the date the parcel was added to the district) if the reduced market value had been the market value of the parcel on such date.

(j) If a building permit has been issued for a parcel in a district within the 18 months before the later of the date of certification of the district or the date the parcel was added to the district, and the net tax capacity of the parcel on the later of the date of certification of the district or the date the parcel was added to the district is less than the net tax capacity of the parcel upon completion of the improvements constructed under the building permit, the original tax capacity of the district must be increased by the amount by which the net tax capacity of the parcel with the completed improvements exceeds the net tax capacity of the parcel as of the later of the date of certification of the district or the date the parcel was added to the district.

(k) If taxable improvements are made to a parcel after the later of the date of certification of the district or the date the parcel was added to the district, and the parcel becomes exempt from property taxation as a result of the authority acquiring the property through foreclosure or through the exercise of remedies under a lease or other revenue agreement, and the parcel subsequently becomes subject to property taxation, the original tax capacity of the district must be increased by the amount of the original tax capacity allocated to the parcel as of the later of the date of certification of the district or the date the parcel was added to the district.

Subd. 5. [ASSESSMENT AGREEMENTS.] An authority may enter into a written assessment agreement with any person establishing a minimum market value of a parcel, including existing improvements or improvements to be constructed on the parcel, if the parcel and improvements are owned or will be owned by the person. The minimum market value established by an assessment agreement may be fixed or may increase or decrease in later years from the initial minimum market value. An assessment agreement terminates on the earliest of the date any conditions established in

the assessment agreement for termination of the assessment agreement are satisfied, the termination date stated in the assessment agreement, the date that the district or the part of the district in which the parcel is located terminates, or the date that tax increment from the district in which the parcel is located is no longer paid to the authority under subdivision 6. An authority that enters into an assessment agreement must deliver a copy of the assessment agreement to the county assessor of the county in which the district is located, or to the assessor of the municipality in which the district is located if the assessor of the municipality has the powers of the county assessor in the municipality. The county assessor, or the assessor of the municipality, must determine whether the minimum market values in the assessment agreement are reasonable and, if so, shall execute the following certification upon the assessment agreement:

The undersigned, being legally responsible for the assessment of the property described in this agreement, certifies that the minimum market values assigned to the land and improvements are reasonable.

The assessment agreement may be filed for record in the office of the county recorder or registrar of titles of the county in which the land and improvements are located. If the assessment agreement is filed for record, the market value of the parcel and improvements for purposes of property taxation cannot be determined to be less than the applicable minimum market value established by the terms of the assessment agreement. A market value in excess of the applicable minimum market value established by the terms of the assessment agreement may be assigned to the parcel and improvements. The minimum market value assigned to the parcel and improvements for purposes of property taxation may be reduced through administrative or legal proceedings, but no assessor, auditor, board of review, board of equalization, or the commissioner of revenue, or court of this state shall grant a reduction of the market value below the applicable minimum market value established by the terms of the assessment agreement. A filed assessment agreement constitutes notice to anyone who acquires any interest in the parcel or improvements that are subject to the assessment agreement and the assessment agreement is binding on them.

Subd. 6. [DURATION OF TAX INCREMENT PAYMENTS.] (a) The tax increment derived from a district shall not be paid to the authority in which the district is located:

(1) after 25 years from the date of creation of a hazardous substance district;

(2) after 20 years from the date of receipt by the authority of the first tax increment from a housing district (unless paragraph (b) applies), a redevelopment district, or an underground space district;

(3) after 12 years from the date of receipt by the authority of the first tax increment from a manufacturing district;

(4) after 15 years from the date of receipt by the authority of the first tax increment from a renovation district;

(5) after ten years from the date of receipt by the authority of the first tax increment from a soils condition district;

(6) after eight years from the date of receipt by the authority of the first tax increment from an economic development district; and

(7) with respect to a pre-1979 district, after the earlier of (A) August 1, 2009, or (B) the later of (i) April 1, 2001, or (ii) the latest maturity of an issue of bonds outstanding on April 1, 1990, and secured by tax increment derived from the pre-1979 district (or the latest maturity of bonds issued to refund an issue of bonds outstanding on April 1, 1990, and secured by tax increment derived from the pre-1979 district, if the average maturity of the refunding bonds does not exceed the average maturity of the bonds refunded).

(b) If a final determination is made by the commissioner of revenue or a court that the owner occupied residential property or the residential rental property receiving financial assistance from a housing district is not occupied by persons and families of low or moderate income, as defined in section 3 [469.1792], subdivision 3, then the tax increment derived from the housing district shall not be paid to the authority in which the district is located after the later of:

(1) the date such determination by the commissioner of revenue or a court becomes final; or

(2) the date eight years after the receipt by the authority of the first tax increment from the housing district.

Sec. 6. [469.1795] [AUTHORIZED USES AND GENERAL LIMITATIONS ON THE USES OF TAX INCREMENT.]

Subdivision 1. [AUTHORIZED USES.] (a) All tax increment and all proceeds of bonds must be used for one or more of the following purposes:

(1) to pay the principal, premium, or purchase price of, or interest on, bonds;

(2) to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds, as described in paragraph (b);

(3) to pay public redevelopment costs of a project under sections 469.001 to 469.047, to finance the costs of redevelopment of a project under sections 469.048 to 469.068, to finance the cost of redevelopment of a project under sections 469.090 to 469.108, to finance capital and administration costs of a project under sections 469.124 to 469.134 or under any of the special laws referred to in section 1 [469.179], subdivision 4, clause (4), for the purposes stated in section 469.142, to finance premiums for insurance, pay fees for other credit enhancements, or establish or maintain a reserve securing obligations issued under sections 469.152 to 469.165 (or any predecessor sections of Minnesota Statutes) or under chapter 462C, or to pay neighborhood revitalization program costs under sections 469.1781 and 469.1831;

(4) to pay attorney general expenses or pollution control agency expenses, as described in paragraph (c);

(5) to pay to a school district the tax increment attributable to a referendum levy, as described in paragraph (d);

(6) to pay county road costs and costs of administration, as described in paragraph (e);

(7) to distribute excess tax increment to certain taxing jurisdictions, as described in paragraph (f);

(8) to transfer tax increment from parcels in qualified districts to the school districts in which such parcels are located, as described in paragraph (g); or

(9) for any purpose directed or permitted by any other special or general law that specifically refers to tax increment or the proceeds of bonds and requires or authorizes the use of such tax increment or proceeds of bonds for specified purposes.

(b) An authority may use tax increment derived from any district in the jurisdictional boundaries of the authority to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds if:

(1) the authority finds that more than one-half of the tax increment to be used to pay the principal, premium, or purchase price of, or interest on, the credit enhanced bonds will be derived from the district in which at least 75 percent of the proceeds of the credit enhanced bonds will be considered applied to activities in the district, as defined in subdivision 2; and

(2) the authority finds that it is necessary to pledge to the payment of the principal, premium, or purchase price of, and interest on, the credit enhanced bonds all or part of the tax increment

derived from one or more additional districts to make the marketing of the credit enhanced bonds feasible.

(c) If, with respect to a hazardous substance district, the attorney general brings a civil action on behalf of an authority to recover the expenses, including administrative costs and litigation expenses, under section 115B.04 or other law, or the attorney general assists an authority in bringing such a civil action, by providing legal advice, technical advice, or other assistance, or by intervening in the action, the authority must pay to the attorney general the expenses incurred by the attorney general with respect to the foregoing activities of the attorney general. If, with respect to a hazardous substance district, the pollution control agency incurs expenses to review and approve an action proposal or to render services to the attorney general with respect to the foregoing activities of the attorney general, the authority must pay to the pollution control agency the amount of such expenses incurred by the pollution control agency. Such expenses of the attorney general and the pollution control agency must be paid from the tax increment derived from the hazardous substance district that remains after payment of current debt service on bonds secured by such tax increment.

(d) If the voters of a school district approve a referendum authorizing an increase in local tax rates, an authority must pay to the school district, from all districts of the authority within the boundaries of the school district, the tax increment attributable to such increase in local tax rates if:

(1) on the date the referendum is approved, there are no bonds outstanding that were issued before May 1, 1988; or

(2) clause (1) does not apply and such payments are approved by both a majority vote of the governing body of the municipality in which such districts are located and a majority vote of the governing body of the school district in accordance with section 124A.03, subdivision 2, paragraph (g). The school districts must use the tax increment in the same manner as the money derived from the referendum levy.

(e) An authority must pay the costs of road improvements made by a county with respect to a project of the authority located in the county, from the tax increment derived from the districts in the project or from the proceeds of bonds secured by such tax increment, if the road improvements are not scheduled for construction within five years under the county capital improvement plan or other formally adopted county plan and the county determines that:

(1) the development or redevelopment of the project will require the construction of road improvements by the county; and

(2) the road improvements would not have been required if the project had not been created by the authority.

An authority must pay the expenses of administration incurred by a county with respect to a project of the authority located in the county, from the tax increment derived from the districts in the project or from the proceeds of bonds secured by such tax increment. If a county intends to have its costs of road improvements or expenses of administration with respect to a project paid from tax increment derived from a district of the project created after the effective date of sections 1 [469.179] to 10 [469.1799], it must deliver written notification of such intent to the authority within 30 days of receipt by the county of the notice referred to in section 2 [469.1791], subdivision 2. The notice from the county must include an estimate of the amount of such costs and expenses. If the authority does not agree with the need for such costs or expenses, or the amount of such costs or expenses, the authority may demand in a written notice to the county that the dispute be submitted to binding arbitration in accordance with sections 572.08 to 572.30 and the rules of the American Arbitration Association. Within 30 days after the demand for binding arbitration, the parties must each select an arbitrator or agree upon a single arbitrator. If the parties each select an arbitrator, the two arbitrators must select a third arbitrator within 45 days after the demand for binding arbitration. Each party must pay the fees and expenses of the arbitrator it selected and the parties must share equally the expenses of the third arbitrator or an arbitrator mutually agreed upon by the parties.

(f) If an authority receives tax increment from a district in excess of the amount the authority intends to use, the authority must deliver the tax increment to the county with a written statement to the effect that such tax increment constitutes excess tax increment and is to be distributed to the county, municipality, and school district in which the district from which the tax increment was derived is located. The amount of excess tax increment to be distributed to the county, municipality, and school district is equal to the product of:

(1) the excess tax increment; and

(2) a fraction for each such governmental body the numerator of which is the current local tax rate of the governmental body and the denominator of which is the sum of the local tax rates for all three governmental bodies. The county auditor must report to the commissioner of education the amount of any excess tax increment distributed to a school district within 30 days of the distribution. The amounts distributed to a city or county must be deducted from the levy limits of the governmental unit for the following year. In calculating the levy limit base for later years, the amount deducted must be treated as a local government aid payment.

(g) If a district is a qualified district, the county auditor must withhold from each parcel in the qualified district a portion of the tax increment derived from each such parcel in an amount equal to the lesser of:

(1) the tax increment derived from the parcel; or

(2) an amount equal to the product of the current tax capacity of the parcel and the current general education tax rate established under section 124A.23. The tax increment withheld from each parcel must be transferred by the county auditor to the school district in which the parcel is located.

Subd. 2. [GENERAL EXPENDITURE LIMITATION.] (a) At least 75 percent of the tax increment derived from a district (excluding hazardous substance districts, manufacturing districts that provide financial assistance to a tourism facility, and redevelopment districts) must be applied to:

(1) activities in the district; or

(2) to pay the principal, premium, or purchase price of, or interest on, bonds, to the extent the proceeds of the bonds were applied to activities in the district; or

(3) to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds. No more than 25 percent of the tax increment derived from a district, excluding hazardous substance districts, manufacturing districts that provide financial assistance to a tourism facility, and redevelopment districts, may be applied, through a development fund or otherwise, to activities outside the district or to pay the principal, premium, or purchase price of, or interest on, bonds, to the extent the proceeds of the bonds were applied to activities outside the district, except to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds.

(b) For purposes of this subdivision, "activities in the district" includes:

(1) in the case of any district, the activities described in section 7 [469.1796], subdivision 2;

(2) in the case of a housing district, any housing described in section 3 [469.1792], subdivision 3;

(3) any activities authorized in subdivision 1, paragraph (a), clause (3), undertaken within the boundaries of the district;

(4) payments of attorney general expenses and pollution control

agency expenses referred to in subdivision 1, paragraph (a), clause (4);

(5) payments to a school district of tax increment that is attributable to a referendum levy, referred to in subdivision 1, paragraph (a), clause (5);

(6) county road costs and expenses of administration, referred to in subdivision 1, paragraph (a), clause (6);

(7) distributions of excess tax increment, referred to in subdivision 1, paragraph (a), clause (7); and

(8) transfers of tax increment from parcels in qualified districts, referred to in subdivision 1, paragraph (a), clause (8).

(c) Tax increment derived from a district is considered to have been applied to an activity in the district described in paragraph (b), clause (1), (2), or (3), only if:

(1) on or before the fifth anniversary of the date of certification of the district, the tax increment is actually paid to a third party with respect to the activity in the district;

(2) the tax increment is used to pay the principal, premium, or purchase price of, or interest on, bonds if, on or before the fifth anniversary of the date of certification of the district, the bonds are sold to a third party and the proceeds of the bonds are reasonably expected on the date of issuance of the bonds to be deposited in a reserve or replacement fund or spent before the later of:

(i) the fifth anniversary of the date of issuance of the bonds; or

(ii) the expiration of a reasonable temporary period, as defined in section 148(c)(1) of the Internal Revenue Code;

(3) on or before the fifth anniversary of the date of certification of the district, a binding contract is entered into with a third party for performance of the activity in the district and the tax increment is applied in accordance with the terms of the binding contract; or

(4) on or before the fifth anniversary of the date of certification of the district, costs of the activity in the district are paid and the tax increment is applied to reimburse a person for payment of such costs, including interest on unreimbursed costs.

(d) For purposes of paragraph (c), "third party" means any person other than: (1) a person receiving the benefit of assistance financed with tax increment, or (2) the authority, the municipality, or any person substantially under the control of the municipality. For

purposes of paragraph (c), "bonds" includes refunding bonds if the original refunded bonds are described in paragraph (c), clause (2).

Subd. 3. [OTHER GENERAL USE LIMITATIONS.] (a) Tax increment derived from a district, revenues derived from the sale, lease, or operation of any property or facility financed in whole or in part with tax increment, and earnings derived from the investment of the foregoing cannot be applied to the administrative expenses of a project in excess of ten percent of the total tax increment expenditures authorized by the plan or the total tax increment expenditures for the project, whichever is less.

(b) Tax increment cannot be used for the acquisition, construction, renovation, operation, or maintenance of a building to be used primarily and regularly for conducting the business of a municipality, county, school district, or any other local unit of government, or the state or federal government. This paragraph does not prohibit the use of tax increment for the construction or renovation of a parking structure, commons area used as a public park, or a facility used for social, recreational, or conference purposes and not primarily for conducting the business of a local unit of government, or the state or federal government.

(c) Tax increment derived from parcels located in one county cannot be applied to uses in another county unless the governing bodies of both counties agree to such application.

(d) Tax increment, revenues derived from the sale, lease, or operation of any property or facility financed in whole or in part with tax increment, and earnings derived from the investment of the foregoing cannot be transferred from an authority to any political subdivision of the state unless:

(1) the transfer is specifically authorized by statute;

(2) the transfer is made in exchange for specific services, such as legal, financial, or engineering services, performed by the political subdivision for the authority and the total amount of such transfers to all political subdivisions in a calendar year does not exceed \$250,000;

(3) the transfer is made to the political subdivision under the terms of a contract that was awarded to the political subdivision pursuant to public bidding procedures, or the transfer is made to the political subdivision according to a central service cost allocation plan, as described by Office of Management and Budget circular A-87 and the plan has been approved by the state auditor; or

(4) the transfer is made to repay a loan from the political subdivision to the authority.

If tax increment, revenues, or earnings referred to in the preceding sentence are transferred to a political subdivision, such tax increment, revenues, and earnings must be used by the political subdivision solely for purposes authorized by chapter 469 (excluding sections 469.152 to 469.165 and sections 469.1781 and 469.1831).

**Sec. 7. [469.1796] [SPECIFIC LIMITATIONS ON THE USES OF TAX INCREMENT.]**

**Subdivision 1. [ECONOMIC DEVELOPMENT DISTRICT LIMITATIONS.]** (a) Tax increment derived from an economic development district cannot be applied to improvements, loans, subsidies, grants, interest rate subsidies, or assistance in any form to a building if:

(1) 20 percent or more of the building, by square footage, is used for a nonqualifying purpose; or

(2) if the nonqualifying purpose is directly related to and in support of the other purposes of the building, 35 percent or more of the building, by square footage, is used for a nonqualifying purpose.

(b) For purposes of this subdivision, "nonqualifying purpose" means any purpose other than: (1) a manufacturing facility, as defined in section 3 [469.1792], subdivision 4, paragraph (b); or (2) a tourism facility, as defined in section 3 [469.1792], subdivision 4, paragraph (c). For purposes of this subdivision, "qualifying purpose" means any purpose that is not a nonqualifying purpose.

(c) If tax increment assistance is provided with respect to a building that the authority expected to be used primarily for a qualifying purpose, and, within five years after the date of certification of the district, more than 20 percent of the building is used for a nonqualifying purpose (more than 35 percent, if the nonqualifying purpose is directly related to and in support of the qualifying purpose), the recipient of the tax increment assistance must pay to the authority an amount equal to 90 percent of the benefit resulting from the tax increment assistance. The amount required to be paid may not exceed the amount of tax increment assistance provided with respect to the building. Any money received by the authority under this paragraph must be considered to be tax increment derived from the economic development district and must be used by the authority in accordance with section 6 [469.1795]. For purposes of this paragraph, "benefit" has the meaning given in chapter 429.

(d) Paragraph (a) does not apply to up to 5,000 square feet of commercial and retail space in any municipality with a population of 10,000 or less. The 5,000 square feet limitation is cumulative and applies to all facilities in all economic development districts within the municipality.

Subd. 2. [HAZARDOUS SUBSTANCE DISTRICT LIMITATIONS.] Tax increment derived from a hazardous substance district must be used only as follows:

(1) to pay or reimburse the costs of removal or remedial actions, as defined in section 115B.02, subdivisions 16 and 17, with respect to hazardous substances or pollutants or contaminants or petroleum releases affecting or which may affect the designated hazardous substance district;

(2) to pay or reimburse the costs of pollution testing, demolition, and soil compaction correction necessitated by the action plan for the hazardous substance district;

(3) to pay or reimburse the costs of relocation costs, related administrative expenses, legal fees, and attorney general expenses or pollution control agency expenses, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (4), and paragraph (c);

(6) to pay county road costs and costs of administration, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (6);

(7) to distribute excess tax increment, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (7); or

(8) to transfer tax increment from parcels in qualified districts to the school districts in which such parcels are located, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (8).

Subd. 3. [HOUSING DISTRICT LIMITATIONS.] (a) Tax increment derived from a housing district must be used only as follows:

(1) to finance the costs of land acquisition, the acquisition, installation, and construction of utilities, and the acquisition, installation, and construction of publicly-owned improvements related to qualified owner-occupied housing, as described in paragraph (b), and the relocation costs, administrative expenses, and costs of public improvements directly related to the qualified owner-occupied housing;

(2) to finance the costs of land acquisition, the acquisition,

(3) to finance an interest reduction program, as described in subdivision 4, with respect to rental housing;

(4) to finance the costs of land acquisition, the acquisition, installation, and construction of utilities, and the acquisition, installation, and construction of publicly-owned improvements related to any housing facilities located in a targeted area, as defined in section 462C.02, subdivision 9, clause (e);

(5) to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds or bonds issued to finance any of the foregoing;

(6) to pay to a school district the tax increment attributable to a referendum levy, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (5);

(8) to distribute excess tax increment, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (7); or

(9) to transfer tax increment from parcels in qualified districts to the school districts in which such parcels are located, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (8).

(b) Owner-occupied housing will constitute qualified owner-occupied housing if:

(1) 95 percent of the housing units are initially purchased and occupied by a person or persons whose family income is equal to or less than the maximum income requirements for single family housing financed with qualified mortgage bonds within the meaning of section 143 of the Internal Revenue Code; and

(2) no more than 20 percent of the market value of the owner-occupied housing development consists of commercial uses or uses other than qualified owner-occupied housing. Fair market values may be determined using the cost of construction, capitalized income, or other appropriate method of estimating market value.

(c) Rental housing will constitute qualified rental housing if the

rental housing is occupied by persons and families of low or moderate income, and no more than 20 percent of the market value of the rental housing development consists of commercial uses or uses other than qualified rental housing. Fair market values may be determined using the cost of construction, capitalized income, or other appropriate method of estimating market value. Rental housing will be considered occupied by persons and families of low or moderate income if the rental and occupancy requirements of section 142(d) of the Internal Revenue Code are satisfied, or if 50 percent or more of the dwelling units in the rental housing are occupied by individuals whose income is 80 percent or less of the area median income, as defined in section 142(d) of the Internal Revenue Code.

Subd. 4. [INTEREST REDUCTION PROGRAM LIMITATIONS.] Tax increment may be applied to the costs of an interest reduction program established under section 469.012, subdivisions 7 to 9, or under any other law granting interest reduction authority by reference to section 469.012, subdivisions 7 to 9, subject to the following limitations:

(1) tax increment must not be applied to the interest reduction program in excess of 12 years, unless the tax increment is used to provide financial assistance to residential rental property occupied or to be occupied by persons and families of low or moderate income, as defined in section 3 [469.1792], subdivision 3;

(2) no tax increment may be used for an interest reduction program if the proceeds of bonds issued after December 31, 1985, have been or will be used to provide financial assistance to the specific project that would receive the benefit of the interest reduction program; and

(3) tax increment must not be applied to an interest reduction program for owner-occupied housing.

Subd. 5. [MANUFACTURING DISTRICT LIMITATIONS.] Tax increment derived from a manufacturing district must be used only as follows:

(1) to pay or reimburse the costs of the acquisition of land for a manufacturing facility or a tourism facility, or the construction or rehabilitation of a public improvement, a manufacturing facility, or a publicly-owned tourism facility, as defined in section 3 [469.1792], subdivision 4, or relocation costs;

(2) to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds or bonds issued to finance such costs;

Subd. 6. [REDEVELOPMENT DISTRICT AND RENOVATION DISTRICT LIMITATIONS.] At least 90 percent of the tax increment derived from a redevelopment district must be used to finance the costs of correcting conditions that allow the designation of redevelopment districts, pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds or bonds issued to finance such costs, or pay relocation costs, or must be applied to pay to a school district the tax increment attributable to a referendum levy, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (5), to pay county road costs and costs of administration, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (6), to distribute excess tax increment, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (7), or to transfer tax increment from parcels in qualified districts to the school districts in which such parcels are located, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (8). At least 90 percent of the tax increment derived from a renovation district must be used to finance the costs of correcting conditions that allow the designation of renovation districts, pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds or bonds issued to finance such costs, or pay relocation costs, or must be applied to pay to a school district the tax increment attributable to a referendum levy, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (5), to pay county road costs and costs of administration, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (6), to distribute excess tax increment, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (7), or to transfer tax increment from parcels in qualified districts to the school districts in which such parcels are located, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (8). These costs include acquiring properties containing structurally standard buildings or improvements, acquiring adjacent parcels necessary to provide a site of sufficient size to permit development, demolition of structures, clearing of the land, installation of utilities, roads, sidewalks, and parking facilities for the site, and administrative expenses allocable to such costs.

Subd. 7. [SOILS CONDITION DISTRICT LIMITATIONS.] Tax increment derived from a soils condition district must be used only as follows:

(1) to acquire parcels, pay for the cost of correcting unusual terrain or soil deficiencies on the acquired parcels, pay for the installation of public improvements with respect to the acquired parcels, pay relocation costs, and pay the administrative expenses allocable to the soils condition district;

(2) to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds or bonds issued to finance any of the foregoing;

(3) to pay to a school district the tax increment attributable to a referendum levy, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (5);

(4) to pay county road costs and costs of administration, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (6);

(5) to distribute excess tax increment, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (7); or

(6) to transfer tax increment from parcels in qualified districts to the school districts in which such parcels are located, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (8).

Subd. 8. [UNDERGROUND SPACE DISTRICT LIMITATIONS.] Tax increment derived from an underground space district must be used only as follows:

(1) pay the costs of excavating and supporting the mined underground space, pay the costs of providing public access, including roadways, to the mined underground space, pay relocation costs, and pay the costs of installing utilities, including fire sprinkler systems in the mined underground space;

(2) to pay the principal, premium, or purchase price of, or interest on, credit enhanced bonds or bonds issued to finance any of the foregoing;

(3) to pay to a school district the tax increment attributable to a referendum levy, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (5);

(4) to pay county road costs and costs of administration, referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (6);

(5) to distribute excess tax increment, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (7); or

(6) to transfer tax increment from parcels in qualified districts to the school districts in which such parcels are located, as referred to in section 6 [469.1795], subdivision 1, paragraph (a), clause (8).

Sec. 8. [469.1797] [BONDS.]

Subdivision 1. [GENERALLY.] Notwithstanding any other law, no obligations, payment for which tax increment is pledged, shall be issued in connection with any project for which tax increment financing has been undertaken except as authorized in this section. Bonds are not included in the net debt of any municipality.

Subd. 2. [MUNICIPALITY GENERAL OBLIGATION BONDS.] A municipality may issue general obligation bonds to finance any expenditure or use referred to in section 6 [469.1795], subdivision 1, made by the municipality or by an authority the jurisdiction of which is wholly or partially within the municipality, in the same manner and subject only to the same conditions as those provided in chapter 475 for obligations financing improvement costs reimbursable from special assessments. Any pledge of tax increment, assessments, or other revenues for the payment of the principal, premium, or purchase price of, or interest on general obligation bonds issued under this subdivision, except when the authority and the municipality are the same, must be made by written agreement between the authority and the municipality. If the authority and the municipality are the same, the municipality may, by a resolution covenant, pledge tax increment, assessments, or other revenues for the payment of the principal, premium, or purchase price of, or interest on, general obligation bonds issued under this subdivision. If tax increment, assessments, and other revenues are pledged to general obligation bonds of the municipality, the estimated collections of tax increment, assessments, and other revenues so pledged may be deducted from the taxes otherwise required to be levied under section 475.61, subdivision 1, or the collections thereof may be certified annually to reduce or cancel the initial tax levies in accordance with section 475.61, subdivision 1 or 3.

Subd. 3. [AUTHORITY GENERAL OBLIGATION BONDS.] If the authority and the municipality are not the same, the authority may issue general obligation bonds to finance any expenditure or use referred to in section 6 [469.1795], subdivision 1, made by the authority or by a municipality the jurisdiction of which wholly or partially includes the authority. General obligation bonds of the authority must be authorized by resolution of the authority and may be issued in one or more series, have the date or dates, mature on such dates, bear interest at such rate or rates, be in the denominations and form, carry conversion or registration privileges, have the rank or priority, be executed in the manner, be payable in medium of

payment at the place or places, and be subject to the terms of redemption or purchase, with or without premium, as the resolution or an indenture or mortgage may provide. The bonds may be sold at public or private sale at the price or prices the authority determines by resolution. In any suit or proceedings involving the validity or enforceability of any bonds of the authority or the security for the bonds, any bond reciting in substance that it has been issued by the authority to aid in financing a project must be conclusively considered issued for that purpose, and the districts within the project must be conclusively considered planned, located, and carried out in accordance with the purposes and provisions of sections 1 [469.179] to 10 [469.1799]. No director, commissioner, council member, board member, officer, employee, or agent of the authority nor any person executing the bonds is liable personally on the bonds by reason of their issuance. The bonds of the authority are not a debt of any municipality, the state, or any political subdivision of the state, except the authority, and neither the municipality nor the state or any political subdivision of the state, except the authority, is liable thereon, nor shall the bonds be payable out of any funds or properties other than those of the authority and any tax increment and revenues of a district pledged for payment of the bonds.

Subd. 4. [AUTHORITY REVENUE BONDS.] Notwithstanding any other law, an authority may issue revenue bonds payable solely from all or part of revenues, including tax increment and assessments, derived from one or more districts, to finance any expenditure or use referred to in section 6 [469.1795], subdivision 1. Revenue bonds of the authority must be authorized by resolution of the authority and may be issued in one or more series, have the date or dates, mature on such dates, bear interest at the rate or rates, be in the denominations and form, carry conversion or registration privileges, have the rank or priority, be executed in the manner, be payable in medium of payment at the place or places, and be subject to the terms of redemption or purchase, with or without premium, as the resolution or an indenture or mortgage may provide. The bonds may be sold at public or private sale at the price or prices the authority determines by resolution. In any suit or proceedings involving the validity or enforceability of any bonds of the authority or the security for the bonds, any bond reciting in substance that it has been issued by the authority to aid in financing a project must be conclusively considered issued for that purpose, and the districts within the project must be conclusively considered planned, located, and carried out in accordance with the purposes and provisions of sections 1 [469.179] to 10 [469.1799]. No director, commissioner, council member, board member, officer, employee, or agent of the authority nor any person executing the bonds is liable personally on the bonds by reason of their issuance. The bonds may be further secured by a pledge and mortgage of all or any part of the project in aid of which the bonds are issued and by covenants the authority determines by resolution to be necessary and proper to secure payment of the bonds. The bonds are not payable from any funds

other than the revenues and property pledged or mortgaged to the payment thereof, and the authority is not subject to any liability thereon and has no powers to pay or obligate itself to pay the bonds from funds other than the revenues and properties pledged and mortgaged. No owners of the bonds can compel any exercise of any taxing power of the authority or any other public body, other than as permitted or required under sections 1 [469.179] to 10 [469.1799] and pledged, to pay the principal, premium, or purchase price of, or interest on, the bonds or to enforce payment of the bonds against any property of the authority or other public body other than that expressly pledged or mortgaged for payment of them.

Subd. 5. [TEMPORARY BONDS.] (a) In anticipation of the issuance of bonds under subdivision 2, 3, or 4, the authority or municipality may, by resolution, issue temporary bonds under subdivision 2, 3, or 4, maturing within three years from their date of issue, to finance any part or all of any expenditure or use referred to in section 6 [469.1795], subdivision 1. To the extent that the principal or premium of or interest on the temporary bonds cannot be paid when due from receipts of tax increment, assessments, or other funds appropriated for the purpose, the principal, premium, and interest must be paid from the proceeds of long-term bonds or additional temporary bonds that the authority or municipality offers for sale in advance of the maturity date of the temporary bonds, but the indebtedness funded by an issue of temporary bonds cannot be extended by the issuance of additional temporary bonds for more than six years from the date of the first issue. Long-term bonds may be issued under subdivision 2, 3, or 4 without regard to whether the temporary bonds were issued under subdivision 2, 3, or 4. If general obligation temporary bonds are issued under subdivision 2, the proceeds of long-term bonds or additional temporary bonds not yet sold may be treated as pledged revenues in reduction of the tax otherwise required by section 475.61 to be levied before delivery of the obligations. Subject to the six-year maturity limitation referred to in this subdivision, but without regard to the requirement of section 475.58, if any temporary bonds are not paid in full at maturity, in addition to any other remedy authorized or permitted by law, the owners of the bonds may demand that the authority or municipality issue replacement temporary bonds under subdivision 2, 3, or 4 to be exchanged at par for the outstanding temporary bonds. The replacement temporary bonds must mature within one year of the date of their date of issue and bear interest at the same rates as the temporary bonds replaced. The authority or municipality must issue a replacement temporary bond and exchange it for an outstanding temporary bond not paid in full at maturity, in accordance with the terms of this subdivision, upon demand of the owner of the temporary bond.

(b) Funds of a municipality may be invested in its temporary bonds in accordance with section 471.56, and may be purchased upon their initial issuance, but must be purchased only from funds that

the governing body of the municipality determines will not be required for other purposes before the maturity date, and must be resold before maturity only in case of emergency. If purchased from a debt service fund securing other bonds, the owners of the other bonds may enforce the obligations of the municipality with respect to the temporary bonds as if such owners were the owners of the temporary bonds.

Subd. 6. [FEDERAL VOLUME LIMITATIONS.] Sections 474A.01 to 474A.21 apply to any issuance of obligations under this section that is subject to limitation under federal tax law, as defined in section 474A.02, subdivision 8.

Subd. 7. [INTERNAL BORROWING.] In lieu of issuing bonds and using the proceeds from the sale of bonds to finance the costs of a project, an authority may use other available funds to finance such costs. Notwithstanding any limitations imposed by sections 1 [469.179] to 10 [469.1799] on the uses of tax increment, tax increment may be used to reimburse the authority the principal amount of other available funds used to finance the costs of the project, and tax increment may also be used to reimburse the authority for the investment earnings the authority would have realized from the investment of other available funds if the funds had been invested and not used to finance the costs of the project. For purposes of this subdivision, the earnings that the authority would have realized from the investment of the other available funds must be calculated from the date of expenditure of the other available funds to the date of reimbursement of the funds at an interest rate equal to the prevailing rate for 30-year United States Treasury bonds, as reported in the Wall Street Journal on the nearest date prior to the date of the expenditure.

Sec. 9. [469.1798] [ENFORCEMENT.]

Subdivision 1. [GENERALLY.] (a) The commissioner of revenue may bring suit for equitable relief or for damages, as provided in subdivisions 2, 3, and 4, arising out of a failure of a municipality or authority to comply with sections 1 [469.179] to 10 [469.1799] or related provisions of this chapter, with respect to any district in the municipality or authority. In addition, any owner of taxable property located in the city, town, school district, or county in which a district is located may bring suit for equitable relief or for damages, as provided in subdivisions 2, 3, and 4, arising out of a failure of a municipality or authority to comply with sections 1 [469.179] to 10 [469.1799], or related provisions of this chapter, with respect to the district. The prevailing party in a suit filed under the preceding sentence is entitled to costs, including reasonable attorney fees.

(b) The responsibility for financial and compliance auditing of the use of tax increment financing by authorities and municipalities remains with the state auditor. If the state auditor finds evidence

that an authority or municipality has violated a provision of the law for which a remedy is provided under this section, the state auditor must forward the relevant information to the commissioner of revenue. The commissioner of revenue may audit the use of tax increment financing by an authority.

Subd. 2. [COLLECTION OF INCREMENT.] If an authority includes or retains a parcel in a district that does not qualify for inclusion or retention in the district, the authority must pay to the county auditor an amount of money equal to the tax increment derived from the parcel for the year or years that the parcel did not qualify for inclusion or retention in the district. The original tax capacity must be reduced by the amount of the original tax capacity allocated to the parcel and the current tax capacity must be reduced by the amount of current tax capacity allocated to the parcel, effective for the current property tax assessment year. This subdivision does not apply to a failure to terminate a district on the termination date specified in the plan.

Subd. 3. [TAX INCREMENT EXPENDITURES.] An authority must pay to the county auditor an amount of money equal the tax increment and the proceeds of bonds spent or used:

(1) for a purpose that is not permitted under sections 6 [469.1795] and 7 [469.1796], or

(2) for an activity outside the geographic area in which the tax increment and proceeds of bonds may be spent or used.

Subd. 4. [LIMITATIONS.] (a) If tax increment is pledged to bonds that were issued before any suit is filed under this section, the damages under this section cannot exceed the greatest of:

(1) the damages under subdivision 2 or 3;

(2) ten percent of the sum of the tax increment and proceeds of bonds spent or used for a purpose that is not permitted under sections 6 [469.1795] and 7 [469.1796] or expended or used for an activity outside the geographic area in which the tax increment and proceeds of bonds may be spent or used; or

(3) the tax increment remaining after payment of the principal of and interest due on the bonds.

(b) In any action for damages commenced under this section, a court may abate or reduce the damages authorized in this section if the court determines that:

(1) the action by the authority or municipality was undertaken with a good faith belief in the conformity with applicable law of:

(i) the inclusion or retention of a parcel in a district that did not qualify for inclusion or retention in the district; or

(ii) the expenditures or use of tax increment or the proceeds of bonds for a purpose not authorized under sections 6 [469.1795] or 7 [469.1796] or for an activity outside the geographic area in which the tax increment and proceeds of bonds may be spent or used; and

(2) the payment of such damages would impose an undue hardship upon the authority or municipality.

Subd. 5. [DISPOSITION OF PAYMENTS.] If the authority or municipality does not have sufficient tax increment or proceeds of bonds to pay the damages imposed by this section, the municipality that approved the district must use any available money to pay the damages, including the proceeds of any property taxes levied for such purposes. Money received by the county auditor under this section must be distributed as excess tax increment in accordance with section 6 [469.1795], subdivision 1, paragraphs (a), clause (7), and (f), except that no distribution may be made to the municipality that approved the district.

Sec. 10. [469.1799] [APPLICABILITY; EFFECTIVE DATES.]

Subdivision 1. [GENERALLY.] Sections 1 [469.179] to 10 [469.1799] apply to a district if the date of certification of the district occurs on or after the effective date of these sections. If the date of certification of a district occurs before the effective date of sections 1 [469.179] to 10 [469.1799], sections 1 [469.179] to 10 [469.1799] will nevertheless apply to a parcel of the district if the parcel was added to the district by the authority after the effective date of these sections.

Subd. 2. [PROVISIONS APPLICABLE TO ALL DISTRICTS.] Notwithstanding subdivision 1, the following provisions of sections 1 [469.179] to 10 [469.1799] apply to all districts, regardless of the dates of certification of such districts:

- (1) section 3 [469.1792], subdivision 4, paragraph (c), clause (4);
- (2) section 4 [469.1793];
- (3) section 6 [469.1795], subdivision 3;
- (4) section 8 [469.1797];
- (5) section 9 [469.1798]; and
- (6) section 10 [469.1799].

In addition, for a district created before the effective date of sections 1 [469.179] to 10 [469.1799], section 2 [469.1791], subdivision 3, applies to the district upon the first amendment to the plan for the district after the effective date of sections 1 [469.179] to 10 [469.1799].

Subd. 3. [ELECTION.] (a) An authority may elect to have sections 1 [469.179] to 10 [469.1799] apply to a district even if the date of certification of the district occurred before the effective date of these sections. An election under this subdivision must be made by resolution of the authority and is not effective until a certified copy of the resolution has been delivered to the county auditor of the county in which the district is located. An election under this subdivision is irrevocable.

(b) If the date of certification of a district occurred before the effective date of sections 1 [469.179] to 10 [469.1799], and the authority elects to have sections 1 [469.179] to 10 [469.1799] apply to the district, then:

(1) a claim for damages may not be commenced under section 9 [469.1798] for any action that occurred before the effective date of sections 1 [469.179] to 10 [469.1799], if the election is made before delivery to the authority of the claim for damages under section 9 [469.1798]; and

(2) for all purposes, the district will be considered created in accordance with applicable law, all tax increment received by the authority prior to the effective date of sections 1 [469.179] to 10 [469.1799] will be considered collected in accordance with applicable law, and all tax increment expended by the authority before the effective date of sections 1 [469.179] to 10 [469.1799] will be considered expended in accordance with applicable law.

Subd. 4. [MANDATORY APPLICATION.] If the date of certification of a district occurred before August 1, 1979, and the development or redevelopment activity within the district is extended beyond the scope of activity set forth in the plan on May 1, 1992, then sections 1 [469.179] to 10 [469.1799] apply to the district after the date that the development or redevelopment activity within the district is extended beyond the scope of activity set forth in the plan on May 1, 1992.

Sec. 11. [REPEALER.]

Minnesota Statutes 1990, section 273.1399, as amended by Laws 1991, chapter 291, article 10, sections 1 and 2, is repealed.

Sec. 12. [INSTRUCTION TO REVISOR.]

In the next edition of Minnesota Statutes, the revisor of statutes shall recodify section 469.179 as section 469.1785, and correct any cross-references to the recodified section. If section 469.179 is amended in the 1992 legislative session, the revisor shall codify the amendment in the renumbered section.

Sec. 13. [EFFECTIVE DATE.]

Except as otherwise provided in this act, sections 1 [469.179] to 10 [469.1799] are effective the day following final enactment. Section 6 [469.1795], subdivision 3, paragraph (d), is effective after December 31, 1992, for property and facilities acquired or constructed after December 31, 1992. Section 11 is effective for school year 1992-1993 and for homestead and agricultural credit aid and local government aids payable in 1992, and thereafter for districts created after the effective date of sections 1 [469.179] to 10 [469.1799].

ARTICLE 2

RELATED PROVISIONS

Section 1. Minnesota Statutes 1990, section 8.31, is amended by adding a subdivision to read:

Subd. 4. [CIVIL ACTIONS UNDER SECTION 115B.04.] Upon the request of an authority, as defined in article 1, section 1 [469.179], subdivision 4, the attorney general may bring a civil action under section 115B.04 or other law, or the attorney general may intervene in an action brought by an authority. The attorney general may provide legal and technical advice or other assistance to an authority commencing such a civil action. The attorney general may deduct its administrative costs and litigation expenses from any recovery. The attorney general may accept tax increment from an authority as reimbursement for the administrative costs and litigation expenses of the attorney general. Any recovered administrative expenses or litigation costs must be deposited in the general fund of the state to the account of the attorney general.

Sec. 2. Minnesota Statutes 1990, section 116.07, is amended by adding a subdivision to read:

Subd. 4I. [HAZARDOUS SUBSTANCE DISTRICTS.] The agency shall review and, in its discretion, approve action proposals, as defined in article 1, section 1 [469.179], subdivision 2, with respect to hazardous substance districts, as defined in article 1, section 1 [469.179], subdivision 15. The agency shall render any services requested by the attorney general with respect to actions in a hazardous substance district undertaken by the attorney general under section 8.31, subdivision 4. The agency may accept tax increment from an authority, as defined in article 1, section 1

[469.179], subdivision 4, in reimbursement for expenses incurred by the agency in reviewing and approving plans and in rendering services to the attorney general. Any reimbursements must be deposited in the environmental response, compensation, and compliance account in the environmental fund in the state treasury.

Sec. 3. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated net tax capacity rate in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring authority. The ballot shall designate the specific number of years, not to exceed five, for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

“Shall the increase in the revenue proposed by (petition to) the board of ....., School District No. ..., be approved?”

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed revenue increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer,

as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by

mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

(h) The district may accept from an authority, as defined in article 1, section 1 [469.179], subdivision 4, tax increment attributable to a referendum levy under the terms of article 1, section 6 [469.1795], subdivision 1, paragraphs (a), clause (5), and (d), and the school board may approve such payments under article 1, section 6 [469.1795], subdivision 1, paragraph (d), clause (2).

Sec. 4. Minnesota Statutes 1990, section 270.06, is amended to read:

#### 270.06 [POWERS AND DUTIES.]

The commissioner of revenue shall:

(1) have and exercise general supervision over the administration of the assessment and taxation laws of the state, over assessors, town, county, and city boards of review and equalization, and all other assessing officers in the performance of their duties, to the end that all assessments of property be made relatively just and equal in compliance with the laws of the state;

(2) confer with, advise, and give the necessary instructions and directions to local assessors and local boards of review throughout the state as to their duties under the laws of the state;

(3) direct proceedings, actions, and prosecutions to be instituted to enforce the laws relating to the liability and punishment of public officers and officers and agents of corporations for failure or negligence to comply with the provisions of the laws of this state governing returns of assessment and taxation of property, and cause complaints to be made against local assessors, members of boards of equalization, members of boards of review, or any other assessing or taxing officer, to the proper authority, for their removal from office for misconduct or negligence of duty;

(4) require county attorneys to assist in the commencement of prosecutions in actions or proceedings for removal, forfeiture and punishment for violation of the laws of this state in respect to the assessment and taxation of property in their respective districts or counties;

(5) require town, city, county, and other public officers to report information as to the assessment of property, collection of taxes received from licenses and other sources, and such other information as may be needful in the work of the department of revenue, in such form and upon such blanks as the commissioner may prescribe;

(6) require individuals, copartnerships, companies, associations, and corporations to furnish information concerning their capital, funded or other debt, current assets and liabilities, earnings, operating expenses, taxes, as well as all other statements now required by law for taxation purposes;

Subd. 9. [QUALIFIED ENTITY.] “Qualified entity” means a business or organization, whether public, private, for profit, non-profit, or voluntary, that provides child care, including a business or organization that licenses or certifies others to provide child care.

Sec. 20. [299C.62] [BACKGROUND CHECKS.]

Subdivision 1. [GENERALLY.] The bureau shall develop procedures to enable a qualified entity to request a background check to determine whether a provider is the subject of any reported convic-

tion for a background check crime. Any fee for a background check must be paid by the qualified entity requesting it. The bureau shall perform the background check by retrieving and reviewing data on background check crimes maintained in the CJIS computer. The bureau is authorized to exchange fingerprints with the Federal Bureau of Investigation for the purpose of conducting criminal background checks at the national level.

Subd. 2. [BACKGROUND CHECKS; REQUIREMENTS.] The bureau may not perform a background check under this section unless the qualified entity submits a written document, signed by the provider on whom the background check is to be performed, containing the following:

(1) a question asking whether the provider has ever been convicted of a background check crime and if so, requiring a description of the crime and the particulars of the conviction;

(2) a notification to the provider that the qualified entity will request the bureau to perform a background check under this section; and

(3) a notification to the provider of the provider's rights under subdivision 3.

Background checks performed under this section may only be requested by and provided to authorized representatives of a qualified entity who have a need to know the information and may be used only for the purposes of sections 18 to 23.

Subd. 3. [PROVIDER RIGHTS.] A provider who is the subject of a background check request has the following rights:

Sec. 25. Minnesota Statutes 1990, section 363.03, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYMENT.] Except when based on a bona fide occupational qualification, it is an unfair employment practice:

(1) For a labor organization, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age,

(a) to deny full and equal membership rights to a person seeking membership or to a member;

(b) to expel a member from membership;

(c) to discriminate against a person seeking membership or a member with respect to hiring, apprenticeship, tenure, compensation, terms, upgrading, conditions, facilities, or privileges of employment; or

(d) to fail to classify properly, or refer for employment or otherwise to discriminate against a person or member.

(2) For an employer, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local commission, disability, or age,

(a) to refuse to hire or to maintain a system of employment which unreasonably excludes a person seeking employment; or

(b) to discharge an employee; or

(c) to discriminate against a person with respect to hiring, tenure, compensation, terms, upgrading, conditions, facilities, or privileges of employment.

(3) For an employment agency, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age,

(a) to refuse or fail to accept, register, classify properly, or refer for employment or otherwise to discriminate against a person; or

(b) to comply with a request from an employer for referral of applicants for employment if the request indicates directly or indirectly that the employer fails to comply with the provisions of this chapter.

(4) For an employer, employment agency, or labor organization, before a person is employed by an employer or admitted to membership in a labor organization, to

(a) require or request the person to furnish information that pertains to race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age; or, subject to section 363.02, subdivision 1, to require or request a person to undergo physical examination; unless for the sole and exclusive purpose of national security, information pertaining to national origin is required by the United States, this state or a political subdivision or agency of the United States or this state, or for the sole and exclusive purpose of compliance with the public contracts act or any rule, regulation, or laws of the United States or of this state requiring the information or examination. A law enforcement agency may, after notifying an applicant for a peace officer or part-time peace officer position that the law enforcement agency is commencing the background investigation on the applicant, request the applicant's date of birth, gender, and race on a separate form for the sole and exclusive purpose of conducting a criminal history check, a driver's license check, and fingerprint criminal history inquiry. The form shall include a statement indicating why the data is being collected and what its limited use will be. No document which has date of birth, gender, or race information will be included in the information given to or available to any person who is involved in selecting the person or persons employed other than the background investigator. No person may act both as background investigator and be involved in the selection of an employee except that the background investigator's report about background may be used in that selection as long as no direct or indirect references are made to the applicant's race, age, or gender; or

(b) seek and obtain for purposes of making a job decision, information from any source that pertains to the person's race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age, unless for the sole and exclusive purpose of compliance with the public contracts act or any rule, regulation, or laws of the United States or of this state requiring the information; or

(c) cause to be printed or published a notice or advertisement that relates to employment or membership and discloses a preference, limitation, specification, or discrimination based on race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age.

Any individual who is required to provide information that is prohibited by this subdivision is an aggrieved party under section 363.06.

(5) For an employer, an employment agency, or a labor organization, with respect to all employment related purposes, including receipt of benefits under fringe benefit programs, not to treat women affected by pregnancy, childbirth, or disabilities related to pregnancy or childbirth, the same as other persons who are not so affected but who are similar in their ability or inability to work, including a duty to make reasonable accommodations as provided by paragraph (6).

(6) For an employer with 50 or more permanent, full-time employees, an employment agency, or a labor organization, not to make reasonable accommodation to the known disability of a qualified disabled person or job applicant unless the employer, agency, or organization can demonstrate that the accommodation would impose an undue hardship on the business, agency, or organization. "Reasonable accommodation" means steps which must be taken to accommodate the known physical or mental limitations of a qualified disabled person. "Reasonable accommodation" may include but is not limited to, nor does it necessarily require: (a) making facilities readily accessible to and usable by disabled persons; and (b) job restructuring, modified work schedules, acquisition or modification of equipment or devices, and the provision of aides on a temporary or periodic basis.

In determining whether an accommodation would impose an undue hardship on the operation of a business or organization, factors to be considered include:

(a) the overall size of the business or organization with respect to number of employees or members and the number and type of facilities;

(b) the type of the operation, including the composition and structure of the work force, and the number of employees at the location where the employment would occur;

(c) the nature and cost of the needed accommodation;

(d) the reasonable ability to finance the accommodation at each site of business; and

(e) documented good faith efforts to explore less restrictive or less expensive alternatives, including consultation with the disabled person or with knowledgeable disabled persons or organizations.

A prospective employer need not pay for an accommodation for a

job applicant if it is available from an alternative source without cost to the employer or applicant.

(7) For an employer to refuse to hire a person or discharge or otherwise disqualify a person from employment on the basis of the person's prior criminal conviction, if the person has since been granted a pardon or a pardon extraordinary for that conviction by the board of pardons, unless the conviction directly relates to the employment position. In determining whether a crime directly relates to the employment position, the employer may consider:

(a) the nature and seriousness of the crime for which the person was convicted and pardoned; and

(b) the relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the employment position.

Sec. 26. Minnesota Statutes 1990, section 388.23, subdivision 1, is amended to read:

Any person who has received an order setting aside a conviction and who thereafter has

received a relief of disability under United States Code, title 18, section 925, shall not be subject to the restrictions of this subdivision.

The record of a conviction set aside under this section shall not be destroyed, but shall be sealed and may be opened only upon court order for purposes of a criminal investigation, prosecution, or sentencing.

Sec. 28. Minnesota Statutes 1991 Supplement, section 609.535, subdivision 6, is amended to read:

Subd. 6. [RELEASE OF ACCOUNT INFORMATION TO LAW ENFORCEMENT AUTHORITIES.] A drawee shall release the information specified below to any state, county, or local law enforcement or prosecuting authority which certifies in writing that it is investigating or prosecuting a complaint against the drawer under this section or section 609.52, subdivision 2, clause (3)(a), and that 15 days have elapsed since the mailing of the notice of dishonor required by subdivisions 3 and 8. This subdivision applies to the following information relating to the drawer's account:

A drawee is not liable in a criminal or civil proceeding for releasing information in accordance with this subdivision.

A search warrant may be served only in the daytime between the hours of 7:00 a.m. and 10:00 p.m. unless the court determines on the basis of facts stated in the affidavits that a nighttime search outside those hours is necessary to prevent the loss, destruction, or removal of the objects of the search or to protect the searchers or the public. The search warrant shall state that it may be served only in the daytime between the hours of 7:00 a.m. and 10:00 p.m. unless a nighttime search outside those hours is authorized.

Sec. 30. Minnesota Statutes 1990, section 638.02, subdivision 2, is amended to read:

The court shall send a copy of its order and the pardon to the bureau of criminal apprehension.

Sec. 32. Minnesota Statutes 1990, section 638.02, subdivision 4, is amended to read:

Subd. 4. Any person granted a pardon extraordinary by the board of pardons prior to April 12, 1974 may apply to the district court of the county in which the conviction occurred for an order setting aside the conviction ~~and sealing all such records as set forth in subdivision 3.~~

Sec. 33. Minnesota Statutes 1991 Supplement, section 638.04, is amended to read:

The victim of an applicant's crime has a right to submit an oral or written statement at the meeting. The statement may summarize the harm suffered by the victim as a result of the crime and give the victim's recommendation on whether the application for a relief from the pardon board or commutation should be granted or denied. In addition, any law enforcement agency may submit an oral or written statement at the meeting, giving its recommendation on whether the application should be granted or denied. The board

must consider the victim's and the law enforcement agency's statement when making its decision on the application.

(6) A statement of other arrests, indictments, and convictions, if any, of the convict.

Every application for a relief from the pardon board or commutation of sentence shall contain a statement by the applicant consenting to the disclosure to the board of any private data concerning the applicant contained in the application or in any other record relating to the grounds on which the pardon or commutation is sought. In addition, if the applicant resided in another state after the sentence was discharged, the application for relief from the pardon board or commutation of sentence shall contain a statement by the applicant consenting to the disclosure to the board of any private data concerning the applicant that was collected or maintained by the foreign state relating to the grounds on which the pardon or commutation of sentence is sought, including disclosure of criminal arrest and conviction records.

Sec. 35. Minnesota Statutes 1991 Supplement, section 638.06, is amended to read:

638.06 [ACTION ON APPLICATION.]

The ~~clerk~~ secretary to the board shall mail notice of the application and the time and place of the hearing to any victim who is located. This notice shall specifically inform the victim of the victim's right to be present at the hearing and to submit an oral or written statement to the board as provided in section 638.04.

Sec. 36. [638.075] [ANNUAL REPORTS TO LEGISLATURE.]

By February 15 of every even-numbered year, the board of pardons shall file a written report with the legislature containing the following information:

(1) the number of applications received by the board during the preceding two calendar years for pardons, pardons extraordinary, and commutations of sentence;

(2) the number of applications granted by the board for each category; and

(3) the crimes for which the applications were granted by the board.

Sec. 38. [LEGISLATIVE STUDY; EXPUNGEMENT OF CRIMINAL RECORDS.]

The house and senate judiciary committees may undertake a study of the current statutory and judicial procedures under which a convicted offender's criminal record may be ordered sealed or expunged. “Section 1. [FINDINGS; PURPOSE.]

The legislature finds that historical uses of properties within or adjacent to certain geographic areas within Minnesota communities have contributed to the known or suspected contamination of the areas, that the known or suspected contamination of these geographic areas is significant and widespread, that the welfare of the state requires environmentally sound remediation of contaminated sites, that certain of the contaminated geographic areas can be made suitable for development if contaminants are removed but that the areas cannot be developed for any purpose unless remediation is undertaken or ensured, and that the remediation and development of the contaminated geographic areas are public purposes in the interests of environmental quality, contamination management and disposal, and economic development, for which the expenditure of public funds and the exercise of the powers provided in sections 2 to 10 are authorized and in the public interest.

It is not the intent of sections 2 to 10 to reduce, alter, or modify the liability under Minnesota or federal environmental law of a responsible person as defined in Minnesota Statutes, section 115B.03.

Sec. 2. [469.301] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] As used in sections 2 to 10, the terms defined in this section have the meanings given them.

Subd. 2. [ADDITIONAL TAX INCREMENT.] “Additional tax increment” means the tax increment received by the city which is derived from any reduction of the original net tax capacity of property within the area under section 5, paragraph (e).

Subd. 3. [AGENCY.] “Agency” means the Minnesota pollution control agency.

Subd. 4. [AREA.] “Area” means a special environmental treatment area established under section 3.

Subd. 5. [CITY.] “City” means an “authority” as defined in section 469.174, subdivision 2, a “municipality” as defined in section 469.174, subdivision 6, a county, or a housing and redevelopment authority, port authority, economic development authority, or a similar authority created under a special law.

Subd. 6. [COMMISSIONER.] “Commissioner” means the commissioner of the agency.

Subd. 7. [CONTAMINATION.] "Contamination" means the presence or possible presence on, within, or otherwise affecting the area, or properties adjacent to the area if suspected of being a contributing source of contamination of the area, of:

(1) a substance defined as a "hazardous substance" or "toxic substance" in the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, United States Code, title 42, section 9061, et seq.;

(2) a substance defined as a "hazardous substance," "hazardous waste," or "pollutant or contaminant" in section 115B.02; or

(3) another substance or contaminant determined by the federal environmental protection agency, the pollution control agency, or the department of health to be a threat to public health whose removal or remediation is necessary to the development of the area.

Subd. 8. [DISTRICT.] "District" means a tax increment financing district established within an area as authorized by sections 2 to 10.

Subd. 9. [ELIGIBLE COSTS.] "Eligible costs" means the costs eligible for payment from tax increments as provided in section 7.

Subd. 10. [ELIGIBLE PERSON.] "Eligible person" means a person who did not own, use, occupy, or contribute to the contamination in, or provide financing with respect to, a contaminated parcel before the date of inclusion in an area of the eligible site which includes the contaminated parcel.

Subd. 11. [ELIGIBLE SITE.] "Eligible site" means one or more parcels which satisfy the criteria stated in section 3, subdivision 4.

Subd. 12. [PLAN.] "Plan" or "area plan" means the plan required by section 3, as from time to time amended.

Subd. 13. [REMEDICATION.] "Remediation" means activity constituting "removal," "remedy," "remedial action," or "response" as those terms are defined in section 115B.02; environmental audits; pollution tests; demolition undertaken in connection with remediation; soil removal, correction, disposal, or compaction undertaken in connection with remediation; preparation and implementation of environmental response plans; administrative, legal, including litigation, and professional fees; and other activities reasonably related to the prevention or amelioration of contamination.

Subd. 14. [TAX INCREMENT.] "Tax increment" means the portion of property taxes derived from taxable property in a district that is allocated under the plan for payment of eligible costs, and the

proceeds of tax increment bonds or other obligations payable in whole or in part from tax increments.

Subd. 15. [TAX INCREMENT BONDS.] "Tax increment bonds" means bonds or other obligations issued under section 8.

Subd. 16. [TAX INCREMENT FINANCING ACT.] "Tax increment financing act" means sections 469.174 to 469.179.

Sec. 3. [469.302] [ESTABLISHMENT OF SPECIAL ENVIRONMENTAL TREATMENT AREA.]

Subdivision 1. [ESTABLISHMENT OF AN AREA.] A city may establish an area only in compliance with the requirements of this section.

Subd. 2. [GEOGRAPHIC DESCRIPTION.] (a) A city establishing an area shall select eligible sites within its jurisdictional boundaries. Each eligible site must consist of parcels that contain contamination, or the inclusion of which is permitted by subdivision 4, paragraph (b). For the purposes of selection of eligible sites, the city may by resolution authorize testing of a parcel within the city to assess the presence of contamination or to discover facts relevant to whether the parcel should be included in the geographic area described in a plan to remediate present contamination or prevent future contamination, except that:

(1) the testing must not unreasonably interfere with the current activity occurring on a parcel being tested;

(2) at least ten days before the testing, the city shall provide written notice of the testing to the owner of record of the parcel, each other person with an interest in the parcel whose interest appears in the public land records of the county, and each other person occupying or using the parcel if the city has actual knowledge of the occupancy or use; and

(3) the city shall pay the cost of the testing and the cost of repair or restoration of any property destroyed or damaged by the testing, provided that the city may recover the cost of the testing and other costs from a person who is a responsible person with respect to the parcel tested, if otherwise permitted by law.

(b) A city may request the agency to supervise or provide oversight or provide technical expertise in connection with testing, and the agency may, but is not obligated to, comply with the request. The agency may exercise its powers under section 115B.17, subdivision 14, in connection with the testing. The agency shall, at its request, be reimbursed for its expenses including staff oversight from any funds available to pay eligible costs.

(c) The area must consist of all or some of the eligible sites identified. An area or an eligible site need not consist of contiguous parcels, but the parcels comprising an eligible site in addition to those which contain contamination may be included only as permitted by subdivision 4, paragraph (b). The city shall prepare or cause to be prepared a map showing all of the parcels to be included in the area. The area must also satisfy the requirements of subdivision 5.

Subd. 3. [AREA PLAN.] The city shall prepare a plan for the area that includes the geographic description and map prepared under subdivision 2. The plan must describe the proposed activities within the area to:

(1) remediate existing contamination in accordance with the development action response plan required by subdivision 6;

(2) prevent future contamination; and

(3) cause development to occur within the area.

The plan must further estimate the source, amount, and uses of all tax increments and other funds to be used to pay for the activities described in the area plan. The plan must contain the findings required by subdivisions 4 and 5 and must provide sufficient detail to show the basis for the findings. The plan must include a tax increment financing plan under section 469.175, subdivision 1, for each district to be established under the plan, except that a tax increment financing plan may be for more than one district. The plan must describe the specific kinds of development expected to occur, and the increases in tax capacity expected to result from the development.

Subd. 4. [ELIGIBLE SITES.] (a) Each eligible site, or parcel included in an eligible site, as appropriate, must meet the requirements of paragraphs (b) to (e).

(b) The parcel must contain contamination, or be necessary for inclusion in the eligible site in order to prevent future contamination or remediate present contamination, or be necessary for inclusion in the eligible site in order to form a development site no larger than that necessary for development to occur on the site.

(c) For each parcel containing contamination, the city shall consider the seriousness of the contamination present in the parcel, the threat posed to the public health by the contamination, and the deterrent effect of the contamination on development of the eligible site which includes the contaminated parcel. The city shall submit a report describing the extent and magnitude of the contamination to the commissioner for approval.

(d) The city shall determine that the contamination present in the eligible site is unlikely to be remediated within five to ten years, or that development of the site is unlikely to occur within five to ten years even if remediation occurs because there is no indemnification against potential environmental liability, unless the city forms the area. In making this determination, the city shall consider the availability of funding for remediation from state and federal agencies and the availability and adequacy of the resources of responsible persons to remediate contamination.

(e) The city shall estimate the likelihood of development of the eligible site if the contamination is remediated and shall determine that development of the eligible site is likely to occur if the area is formed and the actions taken as proposed in the plan for the area.

Subd. 5. [AREA CRITERIA.] (a) In addition to the criteria for eligible sites stated in subdivision 4, each area must meet the requirements of paragraphs (b) and (c).

(b) The city must determine that either:

(1) the estimated costs of remediating present contamination or preventing future contamination within the area are no less than \$20,000 per acre for each contaminated parcel; or

(2) the fair market value of the contaminated parcels to be included within the area have suffered a decline in fair market value of not less than 35 percent in the preceding three years.

(c) The city must determine that establishment of the area, the environmental remediation and prevention activities described in the plan and, if applicable, the establishment of a guaranty or indemnification fund, are necessary to:

(1) allow development to occur on the parcels included in the area because of the reluctance of private parties to assume the risk of the cost of remediation of the contaminated parcels in the area; or

(2) cause the fair market value of the contaminated parcels included in the area to rise to the approximate fair market value of similar property available for development in the county and adjacent counties.

Subd. 6. [DEVELOPMENT ACTION RESPONSE PLAN.] The city may not establish an area or approve the plan for the area until a development action response plan as defined in section 469.174, subdivision 17, for each contaminated parcel has been submitted to the agency and the commissioner has approved or modified the development action response plan. The commissioner shall review each development action response plan and approve, modify, or reject

the recommended actions within 90 days after submission of the plan or revised plan, provided that the commissioner has previously approved an investigation report under subdivision 4, paragraph (c), for the parcel proposed for response action under the plan. Only one contaminated parcel may be included in each development action response plan.

Subd. 7. [PLAN REVIEW AND APPROVAL.] (a) The city may not give final approval to the plan until the review, hearing, and approval procedures of this subdivision have been satisfied. The governing body of the city, or city officials designated by the governing body to act in its place, shall conduct a public hearing on the plan. Notice of the public hearing must be published in a newspaper of general circulation within the city at least once and at least 14 days before the public hearing. A copy of the proposed plan must be made available for public inspection on and after the date of publication of the notice of hearing during normal business hours at the principal administrative offices of the city. At the hearing, the city shall receive comments on the plan from all those who desire to speak about it, and shall accept comments submitted in writing at or before the hearing. The city shall also afford others a reasonable opportunity to comment on the plan at the hearing.

(b) Following the hearing, and any revisions to the plan based on the comments received by the city, the city shall submit the plan to the county and each school district whose jurisdictional boundaries include any part of the area. The county and school district have 30 days in which to review the plan and provide their comments to the city.

(c) Following receipt of comments from the county and school district, or the expiration of the 30-day comment period, the city shall revise the proposed plan as the city determines appropriate, or as required by federal or state environmental protection laws. The city may then give final approval to the plan, and proceed with implementation of the plan.

Subd. 8. [MODIFICATIONS.] Following final approval of the plan, the city may eliminate parcels from the area but may not enlarge the area except to add eligible sites. Each enlargement must be evidenced by a written amendment to the plan. The amendment to the plan must comply with the requirements of subdivisions 2 to 7 as though it were a new plan. A development action response plan may be modified only with the approval of the commissioner.

Subd. 9. [EXTRATERRITORIAL AREA.] An area may include parcels outside the geographic boundaries of the city only if the city and the adjacent city or township have entered into an agreement of the type described in section 471.59, authorizing the city to exercise the powers granted under sections 2 to 10, subject to the conditions or limitations provided in the agreement. Tax increments derived

from the parcels outside the boundaries of the city must be paid to the city unless otherwise provided in the agreement.

Subd. 10. [REAL PROPERTY.] A city may acquire real property or interests in real property in connection with the activities authorized by sections 2 to 10, subject to the following limitations:

(1) the real property must be located within the area;

(2) nothing in any contract or instrument executed by the city may relieve a responsible person from liability for remediation costs, nor indemnify or hold harmless a responsible person from remediation costs; and

(3) the terms and conditions of disposition of real property by the city may be determined by the city, except that the price received by the city, either in a lump sum or in installments, must be the fair market value of the real property at the time of disposition.

Sec. 4. [469.303] [STATUS OF AREA; POWERS OF THE CITY; INDEMNIFICATION FUND.]

Subdivision 1. [STATUS OF AREA.] The area constitutes a "project" of the city within the meaning of section 469.174, subdivision 8; an "industrial development district" as described in section 469.058, subdivision 1; a "project" as described in section 469.002, subdivision 12; and a "development district" as described in section 469.125, subdivision 9. Section 273.1399 does not apply to a district formed under sections 2 to 10.

Subd. 2. [POWERS OF THE CITY.] With respect to development of the area, the city may exercise all powers granted under sections 2 to 10 and all powers of or relating to a port authority, a housing and redevelopment authority, and an economic development authority under chapter 469 or other law. The city may establish within the area and modify from time to time one or more tax increment financing districts as provided in the area plan and the tax increment financing act, except as supplemented or otherwise provided under sections 2 to 10, and expend tax increments derived from the districts on eligible costs. The powers conferred by sections 2 to 10 are in addition to the powers conferred by other law or charter. Insofar as the provisions of any other law or charter are inconsistent with sections 2 to 10, the provisions of sections 2 to 10 are controlling.

Subd. 3. [GUARANTY OR INDEMNIFICATION FUND.] In addition to the powers otherwise granted under sections 2 to 10, a city may establish and maintain a guaranty or indemnification fund with respect to any contaminated parcel, or more than one such parcel, included within the area. Funds held in the guaranty or

indemnification fund must be available, upon terms and conditions determined by the city through agreement or resolution, to an eligible person to indemnify and hold harmless the eligible person from liability for remediation costs arising under any state or federal environmental law, regulation, ruling, order, or decision with respect to the contaminated parcel or parcels by reason of the person's use, occupancy, ownership, or financing associated with the contaminated parcel. The city may not indemnify or hold harmless an eligible person from liability for contamination of a parcel caused by the eligible person. Tax increments derived from a district established as authorized in sections 2 to 10 and any other funds available to the city may be deposited in or otherwise used to secure payments from the guaranty or indemnification fund. Tax increments derived from a district established as authorized by the tax increment financing act may also be deposited in the guaranty or indemnification fund, notwithstanding any contrary provision of the tax increment financing act. The city is liable under the guaranty or indemnification only to the extent of funds available to secure payments from the guaranty or indemnification fund. The maximum amount payable from the guaranty or indemnification fund with respect to any eligible site must not exceed 50 percent of the cost of remediation of the contamination present in the contaminated parcels in the eligible site at the time of final approval of the plan, which amount may be inflated each year according to an appropriate inflation index selected by the city. The guaranty or indemnification fund must be held or maintained in or with a financial institution or corporate fiduciary eligible for the deposit of public money or eligible to act as a trustee or fiduciary for bonds or other obligations issued under chapter 475. The guaranty or indemnification fund must be held and maintained for the period agreed to by the city, except that tax increments may be deposited in the fund only during the period permitted by sections 2 to 10. Upon termination of the period of guaranty or indemnification all unexpended money then held in the guaranty or indemnification fund must be considered excess tax increments and returned to the county auditor for redistribution. Investment earnings, net of investment losses, on money held in the guaranty or indemnification fund may, at the option of the city, be retained in the fund or disbursed to the city and applied to other eligible costs. Tax increments used or pledged to secure payments from the guaranty or indemnification fund may be irrevocably pledged for that purpose, and neither filing nor possession is required to perfect the security interest created by the pledge.

Sec. 5. [469.304] [LIMITATIONS.]

(a) A tax increment financing district established by a city under sections 2 to 10 is subject to the provisions of paragraphs (b) to (j).

(b) Request for certification of the district must be filed with the county auditor before December 1 of the year following the third year in which the city gives final approval to the plan. The city may

by written notice to the county auditor elect to defer receipt of the first increment from a district until a year beginning not later than five years after the date of the request for certification. The election may be amended to provide an earlier year of payment of tax increment if the notice of the amendment is filed with the county auditor.

(c) A tax increment from an eligible site may not be paid to the city after January 1 of the year that is 25 years after the year of receipt of the first tax increment from the eligible site.

(d) Section 469.1763 does not apply to the district. Tax increment must be expended or reserved for expenditure by the city only for eligible costs. Tax increment derived from a district may be applied to eligible costs incurred anywhere within the area.

(e) Concurrently with the original request for certification, or at any subsequent time during the life of a district within the area and established as provided in the plan, the city may elect in writing to the county auditor to reduce the original net tax capacity of an eligible site, selected by the city, by up to 100 percent. All additional tax increment derived from the reduction must be expended only for the costs of remediation of contaminated parcels within the eligible site, or to make deposits in a guaranty or indemnification fund. When the city has received sufficient amounts of additional tax increment to pay or to provide for payment of all present and future eligible costs, including remediation costs and required deposits in a guaranty or indemnification fund, whether or not the city's undertaking to pay the costs is contingent, the city shall within 60 days notify the county auditor of this occurrence and shall treat all additional tax increment which exceeds the requirements as excess tax increment. The city shall return the excess tax increment to the county auditor for redistribution, and the county auditor shall then increase the original net tax capacity of each district within the area then benefiting from the reduction made under this paragraph to the original net tax capacity that would at the time prevail had no reduction been made. The reduction of the original net tax capacity permitted by this paragraph may be made only upon findings by the city, supported by written reasons or facts, that:

(1) the eligible site contains significant contamination;

(2) the development of the district would not reasonably be expected to occur through private investment and tax increment otherwise available; and

(3) the reduction in the original net tax capacity is not greater than, and the period of receipt by the city of the increased tax increment arising from the reduction is not longer than, the amount and time necessary to provide the additional tax increment required for remediation of the eligible site as set forth in the plan and the

development action response plan for the eligible site, or to make required deposits in a guaranty or indemnification fund.

(f) The city shall decertify a district upon receipt of sufficient tax increment from the district to pay, or to provide for the payment of, all of the eligible costs respecting the district. The city shall treat all tax increment that exceeds the requirements as excess tax increment. The city shall return the excess tax increment to the county auditor for redistribution.

(g) In establishing or modifying a district included in the area and established under the plan, section 469.175, subdivisions 1, clauses (1), (3), (4), and (7); 1a; 3; and 7, do not apply and the findings otherwise required by section 469.175, subdivision 3, are not required, except that the city shall make the finding, supported by the city with written reasons and supporting facts, that the action is reasonably required in the judgment of the city in furtherance of the development of the area.

(h) The following provisions of the tax increment financing act do not apply to a district formed under sections 2 to 10; sections 469.174, subdivisions 7, paragraphs (b) and (c); 16; and 17; 469.176, subdivisions 1, paragraphs (d), (e), and (g); 3; 4e; 4h; 5; 6; and 7; and 469.1762.

(i) A housing and redevelopment authority, port authority, economic development authority, or county may not exercise the powers granted by this chapter except upon the prior approval, by resolution, of the governing body of the statutory or home rule city or cities or township or townships included in whole or in part within the area established under section 3.

(j) Nothing in sections 2 to 10 or the tax increment financing act may be construed to prevent or preclude a city from establishing one or more tax increment districts under the tax increment financing act for any purpose permitted thereby, and a district may include all or some of an area or a district or an eligible site established under sections 2 to 10. Notwithstanding the provisions of the tax increment financing act, the city may allocate tax increments derived from districts established under the tax increment financing act to eligible costs under sections 2 to 10. Nothing in sections 2 to 10 or the tax increment financing act may be construed to prevent or preclude a city from establishing one or more tax increment districts under sections 2 to 10 for any purpose permitted in those sections, and any district established may include all or some of a district or project established under the tax increment financing act. Tax increments derived from a district established under sections 2 to 10 may be applied only to eligible costs, but if a district established under sections 2 to 10 and a district established under the tax increment financing act overlap, the city may allocate the tax

increments derived from the overlapping area in any reasonable manner.

Sec. 6. [469.305] [INTER-GOVERNMENTAL COOPERATION AND ASSISTANCE.]

The city, the agency, the attorney general, a city as defined in section 2, subdivision 5, and an agency of the state or the University of Minnesota may cooperate with one another and take individual or collective actions considered necessary or desirable to assist development and remediation within the area, including without limitation the preparation and execution of development action response plans, the rendering of legal and technical advice and other assistance, and the transfer of any of its properties within the area to the city or to other entities in furtherance of the development of the area. All properties so transferred by a state agency or the University of Minnesota shall, whenever included within a district within the area and established pursuant to the plan and notwithstanding any other provision of the tax increment financing act, have an original net tax capacity of zero.

Sec. 7. [469.306] [ELIGIBLE COSTS.]

For the purposes of sections 2 to 10, eligible costs mean the following costs that are directly related to remediation of contamination:

(1) the cost to pay, or reimburse any person for the payment of, remediation costs;

(2) the cost of funding a guaranty or indemnification fund created as permitted by section 4, subdivision 3, and payments from the fund, and the cost of paying the premiums on environmental liability insurance obtained by the city or by any other person with respect to real property within the area;

(3) the cost of paying the principal of and interest on bonds or other obligations of the city and associated costs or the cost of paying the interest on other bonds or other obligations or establishing and maintaining a reserve fund for the other bonds or other obligations, all as permitted by section 8;

(4) the cost of issuing bonds or other obligations payable from tax increments derived from an area and customary associated financing costs, including discount, capitalized interest, and interest on the obligations;

(5) the costs of acquisition of real property within the area;

(6) if necessary for remediation of contamination or prevention of

future contamination, the cost of public infrastructure extensions and installations including water, sanitary and storm sewer, ponding and drainage improvements, including improvements located outside the boundaries of the area;

(7) staff oversight costs of the agency and reasonable administrative costs of the city or other government units;

(8) the costs of other activities and improvements authorized by sections 2 to 10; and

(9) costs reasonably related to clauses (1) to (8).

All eligible costs are costs of a project for which tax increments and other public funds may be expended.

All costs are payable from tax increments.

#### Sec. 8. [469.307] [FINANCING.]

To finance eligible costs, the city may issue bonds or other obligations, payable in whole or in part from tax increments derived from districts created in accordance with section 469.178, and the use of tax increments to pay the principal of and interest on the bonds and other costs associated with the bonds is an eligible cost. The city may apply tax increments to pay all or part of the interest on bonds or other obligations issued by public or private entities to finance eligible costs incurred with respect to parcels within the area, or to establish or maintain reserve funds in connection with the bonds or other obligations.

#### Sec. 9. [469.308] [RELATIONSHIP TO TAX INCREMENT FINANCING ACT.]

Subdivision 1. [IN GENERAL.] To the extent that any provision of the tax increment financing act conflicts or is otherwise inconsistent with a provision of sections 2 to 10, the provisions of sections 2 to 10 apply. Nothing in sections 2 to 10 limits or prevents the exercise by the city of any power or authority it may have, and the city may, without limitation, in connection with the exercise of any power respecting development or the establishment of a tax increment financing district, elect not to use the authority granted in sections 2 to 10 and instead proceed under and subject to all of the terms of the other applicable law, including all provisions of sections 469.174 to 469.179 with respect to a tax increment financing district.

Subd. 2. [GUARANTY OR INDEMNIFICATION FUND.] Notwithstanding any provision of the tax increment financing act to the contrary, an authority as defined in the tax increment financing act may amend the tax increment financing plan with respect to any

district to permit the deposit of tax increments derived from the district, or the proceeds of bonds or other obligations payable from the tax increments, in a guaranty or indemnification fund created under this chapter if the amendment is approved on or before a date that is at least five years before the latest termination date of the district permitted by the tax increment financing act.

Sec. 10. [469.309] [RESPONSIBLE PERSONS.]

Subdivision 1. [NO INDEMNITY.] The city may not agree to indemnify or hold harmless a person other than an eligible person as defined in section 2, subdivision 10, from any losses, costs, or damages arising from the application of chapter 115B or other state or federal environmental law.

Subd. 2. [RECOVERY FROM RESPONSIBLE PERSONS.] Nothing in sections 2 to 10 may be construed to limit the authority of the city, the agency, the attorney general, and other appropriate state and federal environmental regulatory agencies or persons authorized to enforce state and federal environmental laws to enforce the provisions of state and federal environmental laws against responsible persons. All amounts recovered by the city from responsible persons, net of the costs of recovery, and all amounts otherwise received by the city representing all or a portion of amounts recovered from responsible persons, with respect to parcels included in the area must be deposited by the city.

Subd. 3. [AMOUNTS RECOVERED.] All amounts deposited with the city, as provided in subdivision 2, are considered tax increment derived from a district formed under sections 2 to 10 and must be:

- (1) applied to the payment of the costs of recovery;
- (2) applied to the payment of eligible costs; or
- (3) returned to the county auditor for redistribution.

Sec. 5. Minnesota Statutes 1990, section 14.22, is amended to read:

The notice shall be given by publication in the State Register and by United States mail to persons who have registered their names with the agency pursuant to section 14.14, subdivision 1a. The mailed notice shall include either a copy of the proposed rule or a description of the nature and effect of the proposed rule and an announcement that a free copy of the proposed rule is available on request from the agency. The notice in the State Register shall include the proposed rule or the amended rule in the form required by the revisor under section 14.07, and a citation to the most specific statutory authority for the proposed rule. The notice shall include a statement advising the public:

(1) that they have 30 days in which to submit comment in support of or in opposition to the proposed rule and that comment is encouraged;

(2) that each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed;

In connection with the statements required in clauses (1) and (3), the notice must also include the date on which the 30-day comment period ends.

Subd. 2. [DUAL NOTICES.] The agency may, at the same time notice is given under subdivision 1, give notice of a public hearing and of its intention to proceed under sections 14.14 to 14.20, if one is required under section 14.25. The notice must include a statement advising the public of its intention to cancel the public hearing if 25 or more persons do not request one. If a hearing is required, there must be at least ten calendar days between the last day for requesting a hearing and the day of the hearing.

Sec. 6. Minnesota Statutes 1990, section 14.26, is amended to read:

**14.26 [ADOPTION OF PROPOSED RULE; SUBMISSION TO ATTORNEY GENERAL.]**

Subdivision 1. The agency shall give notice to all persons who requested to be informed that these materials have been submitted to the attorney general. This notice shall be given on the same day that the record is submitted. If the proposed rule has been modified, the notice shall state that fact, and shall state that a free copy of the proposed rule, as modified, is available upon request from the agency. The rule and these materials shall be submitted to the attorney general within 180 days of the day that the comment period for the rule is over or the rule is automatically withdrawn. The agency shall report its failure to adopt the rules and the reasons for that failure to the legislative commission to review administrative rules, other appropriate legislative committees, and the governor.

Subd. 2. [RESUBMISSION.] Even if the 180-day period expires while the attorney general reviews the rule, if the attorney general rejects the rule, the agency may resubmit it after taking corrective action. The resubmission must occur within 30 days of when the agency receives written notice of the disapproval. If the rule is again disapproved, the rule is withdrawn. An agency may resubmit at any time before the expiration of the 180-day period. If the agency

withholds some of the proposed rule, it may not adopt the withheld portion without again following the procedures of sections 14.14 to 14.28, or 14.29 to 14.36.

**Subd. 3. [REVIEW.]** The attorney general shall approve or disapprove the rule as to its legality and its form to the extent the form relates to legality, including the issue of substantial change, and determine whether the agency has the authority to adopt the rule and whether the record demonstrates a rational basis for the need for and reasonableness of the proposed rule within 14 days. If the rule is approved, the attorney general shall promptly file two copies of it in the office of the secretary of state. The secretary of state shall forward one copy of each rule to the revisor of statutes. If the rule is disapproved, the attorney general shall state in writing the reasons and make recommendations to overcome the deficiencies, and the rule shall not be filed in the office of the secretary of state, nor published until the deficiencies have been overcome. (1) that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process;  
or

(2) that the agency has taken corrective action to cure the error or defect so that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process.

**Subd. 4. [COSTS.]** The attorney general shall assess an agency for the actual cost of processing rules under this section. The agency shall pay the attorney general's assessments using the procedures of section 8.15. Each agency shall include in its budget money to pay the attorney general's assessment. Sec. 7. Minnesota Statutes 1990, section 14.30, is amended to read:

**14.30 [NOTICE OF PROPOSED ADOPTION OF EMERGENCY RULE.]**

notice shall be mailed to all persons registered with the agency to receive notice of any rulemaking proceedings. The notice shall include a statement advising the public that a free copy of the proposed rule is available on request from the agency and that notice of the date of submission of the proposed emergency rule to the attorney general will be mailed to any person requesting to receive the notice. For at least 25 days after publication the agency shall afford all interested persons an opportunity to submit data and views on the proposed emergency rule in writing. The notice must also include the date on which the 25-day comment period ends.

Sec. 8. Minnesota Statutes 1990, section 14.32, is amended to read:

**14.32 [SUBMISSION OF PROPOSED EMERGENCY RULE TO ATTORNEY GENERAL.]**

Subdivision 1. [SUBMISSION.] The agency shall submit to the attorney general the proposed emergency rule as published, with any modifications. On the same day that it is submitted, the agency shall mail notice of the submission to all persons who requested to be informed that the proposed emergency rule has been submitted to the attorney general. If the proposed emergency rule has been modified, the notice shall state that fact, and shall state that a free copy of the proposed emergency rule, as modified, is available upon request from the agency.

Subd. 2. [REVIEW.] The attorney general shall review the proposed emergency rule as to its legality, review its form to the extent the form relates to legality, and shall approve or disapprove the proposed emergency rule and any modifications on the tenth working day following the date of receipt of the proposed emergency rule from the agency. The attorney general shall send a statement of reasons for disapproval of the rule to the agency, the chief administrative law judge, the legislative commission to review administrative rules, and to the revisor of statutes.

The attorney general shall disregard any error or defect in the proceeding due to the agency's failure to satisfy any procedural requirement imposed by law or rule if the attorney general finds:

(1) that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process;  
or

(2) that the agency has taken corrective action to cure the error or defect so that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process.

Subd. 2. 3. [COSTS.] The attorney general shall assess an agency

for the actual cost of processing rules under this section. Each agency shall include in its budget money to pay the attorney general's assessment. Receipts from the assessment must be deposited in the state treasury and credited to the general fund.

Sec. 9. [DUAL NOTICE RULES.]

The attorney general, after consultation with the office of administrative hearings, shall adopt rules prescribing the form and content of the notice authorized by Minnesota Statutes, section 14.22, subdivision 2. The rules may provide for a consolidated notice that satisfies the requirements of Minnesota Statutes, sections 14.14, 14.22, and 14.50, and the requirements of the rules of the office of administrative hearings and of the attorney general.

"Section 1. [TELECOMMUNICATIONS GRANT AND LOAN PROGRAM.]

Subdivision 1. [ADMINISTRATION.] The commissioner of trade and economic development and the commissioner of administration shall develop a statewide competitive grant and loan program to assist political subdivisions of the state and other public entities to develop site facilities that will allow them to participate in the statewide telecommunications access routing system. Money available for the program must be allocated evenly among the economic development regions of the state defined by the commissioner of trade and economic development. Up to half of the money must be used for grants. The remainder must be used for interest-free loans.

Subd. 2. [RESTRICTIONS ON USE OF MONEY.] Loan and grant money under the program may be used for on-site construction and renovation costs, on-site design and engineering costs, and on-site

equipment costs. Money may not be used to purchase off-site telecommunications transmission facilities and equipment.

Subd. 3. [REGIONAL ADVISORY GROUPS.] The commissioners shall appoint a regional telecommunications advisory group for each economic development region. A regional telecommunications advisory group must include, at a minimum, representation from health care providers, elementary and secondary education, post-secondary education, city or county government, the judicial system, state agencies that have offices or facilities in the region, and local telecommunications providers. In addition, an advisory group's membership must reflect broad geographic representation from within the region.

Subd. 4. [DISTRIBUTION OF GRANTS AND LOANS.] (a) The commissioners shall select recipients of grants and loans, giving preference to applicants that are working collaboratively in multi-agency, multicomunity consortiums. In order to be eligible for a grant or loan under the program, a project must meet all of the following criteria:

(1) the project must be designed to improve opportunities and quality of life for residents of the surrounding community or region by providing access to improved educational, job training, health care, or other opportunities or services provided in the public sector;

(2) the project must be designed to fit into a comprehensive telecommunications plan for the surrounding community and region;

(3) the project must have been approved by a regional telecommunications advisory group appointed under subdivision 3;

(4) the applicant must possess, or have developed a plan to acquire, the technical expertise necessary to carry out the project;

(5) the need for improved educational, medical, and other public sector services in the project area must be well documented;

(6) the project can serve as a model to be replicated in or applied to other areas, and the applicant agrees to share information with other public sector organizations regarding the progress and outcome of the project; and

(7) the applicant can demonstrate financial need.

In determining whether projects meet the criterion set out in clause (2), the commissioners shall give preference to plans that maximize public access for the region.

(b) Of applicants that satisfy the criteria in paragraph (a), the commissioners shall give preference to: (1) applicants that can demonstrate that receipt of a grant or loan through the program will help them obtain additional funding from other sources; and (2) projects proposed for areas in which the per capita personal income is below the state average, with the greatest preference going to projects proposed for areas with the lowest per capita income.

(c) Awards may be in the form of loans, matching grants, or unmatched grants.

(d) The commissioners shall administer the program in a minimum of two application and grant cycles a year, with the first round of awards to be announced no later than August 1, 1992. Any money designated for an economic development region that is not awarded within that region in earlier cycles is available in the final cycle of the year to qualified applicants in all regions.

Subd. 5. [REVOLVING ACCOUNT.] Money appropriated for the program and repayments of loans must be deposited in the state treasury and credited to an account in the special revenue fund. Money in the account is appropriated to the commissioner of trade and economic development to establish and operate a pool for additional grants or loans. In addition, money in the account is to be used to pay costs incurred by the commissioner of trade and economic development and the commissioner of administration to administer the program.

## Sec. 2. [SALE OF BONDS.]

The commissioner of finance, on request of the governor, shall issue and sell bonds of the state in an amount up to \$3,500,000. The commissioner shall issue and sell the bonds in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and the Minnesota Constitution, article XI.

### VOLUNTEER FIRE BENEFIT CHANGES

Section 1. [69.032] [MAXIMUM FIRE STATE AID; ALLOCATION OF AID IN EXCESS OF MAXIMUM.]

(a) Notwithstanding any provision of section 69.031 to the contrary, no municipality associated with a volunteer firefighters relief association that pays a service pension other than a defined contribution service pension or independent nonprofit firefighting corporation may receive fire state aid in excess of the maximum in paragraph (b).

(b) The maximum fire state aid is an amount equal to 200 percent of the amount that would be the minimum municipal obligation of the municipality or nonprofit firefighting corporation under the applicable provisions of sections 69.771 to 69.775, if the municipality or nonprofit firefighting corporation received no fire state aid, as reflected in the reporting provided to the state auditor under sections 69.011 and 69.051.

(c) The commissioner of revenue shall deduct the amount of the calculated fire state aid apportionment in excess of the maximum specified in paragraph (b) from the calculated apportionment to

determine the amount of fire state aid payable to qualifying municipalities and independent nonprofit firefighting corporations. The remaining apportionment amount in excess of the maximum must be credited to the amount of fire insurance premium tax proceeds available for the next subsequent fire state aid apportionment.

Sec. 2. Minnesota Statutes 1990, section 424A.02, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZATION.] A relief association, when its articles of incorporation or bylaws so provide, may pay out of the assets of its special fund a service pension to each of its members who: (1) separates from active service with the fire department; (2) reaches age 50; (3) completes at least five years of active service as an active member of the municipal fire department to which the relief association is associated; (4) completes at least five years of active membership with the relief association before separation from active service; and (5) complies with any additional conditions as to age, service, and membership that are prescribed by the bylaws of the relief association. A service pension computed under this section, if the bylaws or articles of incorporation of the relief association so provide, may be prorated monthly for fractional years of service. The service pension may be paid whether or not the municipality or nonprofit firefighting corporation to which the relief association is associated qualifies for fire state aid under chapter 69. In the case of a member who has completed at least five years of active service as an active member of the fire department to which the relief association is associated on the date that the relief association is established and incorporated, the requirement that the member complete at least five years of active membership with the relief association before separation from active service may be waived by the board of trustees of the relief association if the member completes at least five years of inactive membership with the relief association before the payment of the service pension. During the period of inactive membership, the member is not entitled to receive disability benefit coverage, is not entitled to receive additional service credit towards computation of a service pension, and is considered to have the status of a person entitled to a deferred service pension under subdivision 7.

No municipality or nonprofit firefighting corporation may delegate the power to take final action in setting a service pension or ancillary benefit amount or level to the board of trustees of the relief association or to approve in advance a service pension or ancillary benefit amount or level equal to the maximum amount or level that this chapter would allow rather than a specific dollar amount or level.

No relief association as defined in section 424A.001, subdivision 4, may pay a service pension or disability benefit to a former member of the relief association if that person has not separated from active

service with the fire department to which the relief association is directly associated.

For the purposes of this chapter, "to separate from active service" means to cease to perform fire suppression duties and to cease to supervise fire suppression duties.

Sec. 3. Minnesota Statutes 1990, section 424A.02, subdivision 3, is amended to read:

Subd. 3. [FLEXIBLE SERVICE PENSION MAXIMUMS.] (a) On or before August 1 of each year as part of the certification of the financial requirements and minimum municipal obligation made pursuant to section 69.772, subdivision 4, or 69.773, subdivision 5, the secretary or some other official of the relief association designated in the bylaws of each relief association shall calculate and certify to the governing body of the applicable qualified municipality the average amount of available financing per active covered firefighter for the most recent three-year period. The amount of available financing shall include any amounts of fire state aid received or receivable by the relief association, any amounts of municipal contributions to the relief association raised from levies on real estate or from other available revenue sources exclusive of fire state aid, and one-tenth of the amount of assets in excess of the accrued liabilities of the relief association calculated pursuant to sections 69.772, subdivision 2; 69.773, subdivisions 2 and 4; or 69.774, subdivision 2, if any.

(b) The maximum service pension which the relief association may have authority to provide for in its bylaws for payment to a member retiring after the calculation date when the minimum age and service requirements specified in subdivision 1 are met shall must be determined using the applicable following table in paragraph (c) or (d), whichever applies.

(c) For a relief association where the governing bylaws provide for a monthly service pension to a retiring member, if the average amount of available financing per active covered firefighter does not exceed the minimum average amount specified below, then the maximum monthly service pension amount per month for each year of service credited which that may be provided for in the bylaws shall be the greater of: (1) the service pension amount provided for in the bylaws on the date of calculation; or (2) is the maximum service pension figure corresponding to the average amount of available financing per active covered firefighter:

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 115B.17, subdivision 14, is amended to read:

Subd. 14. [REQUESTS FOR REVIEW, INVESTIGATION, AND OVERSIGHT.] (a) The commissioner may, upon request, assist a person in determining whether real property has been the site of a release or threatened release of a hazardous substance, pollutant, or contaminant. The commissioner may also assist in, or supervise, the development and implementation of reasonable and necessary response actions. Assistance may include review of agency records and files, and review and approval of a requester's investigation plans and reports and response action plans and implementation.

(b) The person requesting assistance under this subdivision shall pay the agency for the agency's cost, as determined by the commissioner, of providing assistance. Money received by the agency for assistance under this section must be deposited in the environmental response, compensation, and compliance fund.

(c) When a person investigates a release or threatened release in accordance with an investigation plan approved by the commissioner under this subdivision, the investigation does not associate that person with the release or threatened release for the purpose of section 115B.03, subdivision 3, paragraph (d).

Sec. 2. [115B.175] [VOLUNTARY RESPONSE ACTIONS; LIABILITY PROTECTION; PROCEDURES.]

Subdivision 1. [PROTECTION FROM LIABILITY; SCOPE.] (a) Subject to the provisions of this section, a person who is not otherwise responsible under sections 115B.01 to 115B.18 for a release or threatened release will not be responsible under those sections for the release or threatened release if the person undertakes and completes response actions to remove or remedy all known releases and threatened releases at an identified area of real property in accordance with a voluntary response action plan approved by the commissioner.

(b) The liability protection provided under this subdivision applies to releases or threatened releases at the identified property that are not required to be removed or remedied by the approved voluntary response action plan if the requirements of subdivision 2 are met.

Subd. 2. [PARTIAL RESPONSE ACTION PLANS; CRITERIA FOR APPROVAL.] (a) The commissioner may approve a voluntary response action plan submitted under this section that does not require removal or remedy of all releases and threatened releases at an identified area of real property if the commissioner determines that all of the following criteria have been met:

(1) if reuse or development of the property is proposed, the voluntary response action plan provides for all response actions required to carry out the proposed reuse or development in a manner that protects public health and welfare and the environment;

(2) the response actions and the activities associated with any reuse or development proposed for the property will not aggravate or contribute to releases or threatened releases that are not required to be removed or remedied under the voluntary response action plan, and will not interfere with or substantially increase the cost of response actions to address the remaining releases or threatened releases; and

(3) the owner of the property agrees to cooperate with the commissioner or other persons acting at the direction of the commissioner in taking response actions necessary to address remaining releases or threatened releases, and to avoid any action that interferes with the response actions.

(b) Under paragraph (a), clause (3), an owner may be required to agree to any or all of the following terms necessary to carry out response actions to address remaining releases or threatened releases:

(1) to provide access to the property to the commissioner and the commissioner's authorized representatives;

(2) to allow the commissioner, or persons acting at the direction of the commissioner, to undertake activities at the property including placement of borings, wells, equipment, and structures on the property; and

(3) to grant easements or other interests in the property to the agency for any of the purposes provided in clause (1) or (2).

(c) An agreement under paragraph (a), clause (3), must apply to and be binding upon the successors and assigns of the owner. The owner shall record the agreement, or a memorandum approved by the commissioner that summarizes the agreement, with the county recorder or registrar of titles of the county where the property is located.

Subd. 3. [SUBMISSION AND APPROVAL OF VOLUNTARY RESPONSE ACTION PLANS.] (a) A person shall submit a voluntary response action plan to the commissioner under section 115B.17, subdivision 14. The commissioner may provide assistance to review voluntary response action plans or supervise response action implementation under that subdivision.

(b) A voluntary response action plan submitted for approval of the commissioner must include an investigation report that describes the methods and results of an investigation of the releases and threatened releases at the identified area of real property. The commissioner must not approve the voluntary response action plan unless the commissioner determines that the nature and extent of

the releases and threatened releases at the identified area of real property have been adequately identified and evaluated in the investigation report.

(c) Response actions required in a voluntary response action plan under this section must meet the same standards for protection of public health and welfare and the environment that apply to response actions taken or requested under section 115B.17, subdivision 1 or 2.

(d) When the commissioner approves a voluntary response action plan, the commissioner may include in the approval an acknowledgment that, upon certification of completion of the response actions as provided in subdivision 5, the person submitting the plan will receive the protection from liability provided under this section.

Subd. 4. [PERFORMANCE OF RESPONSE ACTIONS DOES NOT ASSOCIATE PERSONS WITH RELEASE.] Persons specified in subdivision 6 do not associate themselves with any release or threatened release identified in an approved voluntary response action plan for the purpose of section 115B.03, subdivision 3, paragraph (d), as a result of performance of the response actions required in accordance with the plan and the direction of the commissioner. This subdivision does not apply to a person specified in subdivision 7. Nothing in this section relieves a person of any liability for failure to exercise due care in performing a response action.

Subd. 5. [CERTIFICATION OF COMPLETION OF RESPONSE ACTIONS.] (a) Response actions taken under an approved voluntary response action plan are not completed until the commissioner certifies completion in writing.

(b) Certification of completion of response actions taken under a voluntary response action plan that does not require removal or remedy of all releases and threatened releases is subject to compliance by the owner, and the owner's successors and assigns, with the terms of the agreement required under subdivision 2, paragraph (a), clause (3).

Subd. 6. [PERSONS PROTECTED FROM LIABILITY.] In addition to the person who undertakes and completes response actions, and subject to the provisions of subdivision 7, the liability protection provided by this section applies to the following persons when the commissioner issues the certificate of completion of response actions under subdivision 5:

(1) the owner of the identified property, if the owner is not responsible for any release or threatened release identified in the approved voluntary response action plan;

(2) a person providing financing to the person who undertakes and completes the response actions, or who acquires or develops the identified property; and

(3) a successor or assign of any person to whom the liability protection applies.

Subd. 7. [PERSONS NOT PROTECTED FROM LIABILITY.] The protection from liability provided by this section does not apply to:

(1) a person who aggravates or contributes to a release or threatened release that was not remedied under an approved voluntary response action plan;

(2) a person who was responsible under sections 115B.01 to 115B.18 for a release or threatened release identified in the approved voluntary response action plan before taking an action that would have made the person subject to the protection under subdivision 6; or

(3) a person who obtains approval of a voluntary response action plan for purposes of this section by fraud or misrepresentation, or by knowingly failing to disclose material information, or who knows that approval was so obtained before taking an action that would have made the person subject to the protection under subdivision 6.

Subd. 8. [OTHER RIGHTS AND AUTHORITIES NOT AFFECTED.] Nothing in this section affects the authority of the agency or commissioner to exercise any powers or duties under this chapter or other law with respect to any release or threatened release, or the right of the agency, the commissioner, or any other person to seek any relief available under this chapter against any party who is not subject to the liability protection provided under this section.

Sec. 3. [115B.177] [OWNER OF REAL PROPERTY AFFECTED BY OFF-SITE RELEASE.]

Subdivision 1. [DETERMINATION OR AGREEMENT BY COMMISSIONER.] (a) The commissioner may issue a written determination or enter into an agreement to take no action under sections 115B.01 to 115B.18 against a person who owns real property subject to a release of a hazardous substance, or pollutant or contaminant, if the commissioner finds that the release originates from a source on adjacent or nearby real property and that the person is not otherwise responsible for the release.

(b) A determination issued or agreement entered into under this section must be conditioned upon the following:

(1) agreement by the person to allow entry upon the property to

the commissioner and the authorized representatives of the commissioner to take response actions to address the release, including in appropriate cases an agreement to grant easements to the state for that purpose;

(2) agreement by the person to avoid any interference with the response actions to address the release taken by or at the direction of the agency or the commissioner, and to avoid actions that contribute to the release;

(3) invalidation of the determination or agreement if the commissioner receives new information indicating that the property owned by the person is a source of the release or that the person is otherwise responsible for the release; and

(4) any other condition that the commissioner deems reasonable and necessary to ensure that the agency and commissioner can adequately respond to the release.

Subd. 2. [SCOPE AND EFFECT OF DETERMINATION OR AGREEMENT.] (a) A determination issued or agreement entered into under this section may extend to the successors and assigns of the person to whom it originally applies, if the successors and assigns are not otherwise responsible for the release and are bound by the conditions in the determination or agreement.

(b) Issuance of a determination or execution of an agreement under this section does not affect the authority of the agency or commissioner to take any response action under sections 115B.01 to 115B.18 with respect to the release subject to the determination or agreement, or to take administrative or judicial action under those sections with respect to persons not bound by the determination or agreement.

Sec. 4. [PROPERTY TRANSFER PROGRAM; POLLUTION CONTROL AGENCY; COMPLEMENT AND APPROPRIATION.]

## Sec. 6. [EFFECTIVE DATE; APPLICATION.]

This act is effective the day following final enactment. Section 3 applies to a determination issued or an agreement entered into by the commissioner of the pollution control agency prior to its effective date if the determination or agreement meets the requirements of that section.

The commissioner shall determine and define specific data that districts must provide and establish the due date for submission. Any district not submitting required data by the due date will be excluded from the aid calculations for that year.

(b) the cash need estimated in a manner consistent with sections 124.155 and 124.195, assuming the revenue recognition percent specified in section 121.904, subdivision 4a, is 37 percent; the schedules and criteria for aid and credit payments in section 124.195. The cash need calculations required for determining the short-term borrowing cost reimbursement aid are to be based on the data used in accordance with the state aid payment calculations required by section 124.195 for the May 30 payment period. The commissioner of education may adjust the May 30 data for updated information as is appropriate.

Subd. 5. [PAYMENT.] The short-term borrowing cost reimbursement aid shall be paid in full to eligible districts on or before June 30 of each fiscal year.

Sec. 10. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated net referendum tax capacity rate as a percentage of market value in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring referendum levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot shall designate the specific number of years, not to exceed five, for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

“Shall the increase in the revenue proposed by (petition to) the board of ....., School District No. ..., be approved?”

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed revenue increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential home-

steads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

Sec. 11. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2a, is amended to read:

Subd. 2a. [SCHOOL REFERENDUM LEVY; MARKET VALUE.] Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.

~~The ballot shall state the maximum amount of the increased levy as a percentage of market value, the amount that will be raised by that new school referendum tax rate in the first year it is to be levied, and that the new school referendum tax rate shall be used to finance school operations.~~

~~If approved, the amount provided by the new school referendum tax rate applied to the market value for the year preceding the year the levy is certified, shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.~~

All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.

Sec. 16. Minnesota Statutes 1990, section 124A.23, subdivision 3, is amended to read:

Subd. 3. [GENERAL EDUCATION LEVY; DISTRICTS OFF THE FORMULA.] If the amount of the general education levy for a district exceeds the district's general education revenue, excluding training and experience revenue and supplemental revenue, the amount of the general education levy shall be limited to the following:

Section 1. Minnesota Statutes 1991 Supplement, section 120.064, subdivision 4, is amended to read:

Subd. 4. [FORMATION OF SCHOOL.] (a) A sponsor may authorize one or more licensed teachers under section 215.182 125.05, subdivision 2 1, to form and operate an outcome-based school subject to approval by the state board of education. The teachers shall organize and operate a school as a cooperative under chapter 308A or nonprofit corporation under chapter 317A.

(b) Before a teacher may begin to form and operate a school, the sponsor must file an affidavit with the state board of education stating its intent to authorize an outcome-based school. The affidavit must state the terms and conditions under which the sponsor would authorize an outcome-based school. The state board must approve or disapprove the sponsor's proposed authorization within 30 days of receipt of the affidavit. Failure to obtain state board approval precludes a sponsor from authorizing the outcome-based school that was the subject of the affidavit.

(c) The teachers authorized to organize and operate a school shall hold an election for members of the school's board of directors. All staff members employed at the school and all parents of children enrolled in the school may participate in the election. Licensed teachers employed at the school must be a majority of the members of the board of directors.

(d) The sponsor's authorization for an outcome-based school shall be in the form of a written contract signed by the sponsor and the board of directors of the outcome-based school.

Sec. 2. Minnesota Statutes 1990, section 121.935, is amended by adding a subdivision to read:

Subd. 7a. [LIMITATION ON ALL AGREEMENTS.] (a) No district shall be required by an agreement or otherwise to participate in or provide financial support for a regional center for a time period in excess of one fiscal year. Any agreement, part of an agreement, or other type of requirement to the contrary is void.

(b) This subdivision shall not affect the continued liability of a district for its share of bonded indebtedness or other debt incurred by the center before July 1, 1993. The district is liable only until the obligation or debt is discharged and only according to the payment schedule in effect on June 30, 1993, except that the payment schedule may be altered for the purpose of restructuring debt or refunding bonds outstanding on July 1, 1993, if the annual payments of the district are not increased and if the total obligation of the district for its share of outstanding bonds or other debt is not increased.

(c) To cease participating in or providing financial support for any of the services or activities provided by the center or to withdraw from the center, the school board shall adopt a resolution and notify the center of its decision on or before February 1 of any year. The cessation or withdrawal shall be effective June 30 of the same year or, at the option of the school board, June 30 of the following fiscal year.

(d) Before issuing bonds or incurring other debt, the board of a center shall adopt a resolution proposing to issue bonds or incur

other debt and the proposed financial effect of the bonds or other debt upon each participating district. The resolution shall be adopted within a time sufficient to allow the school board to adopt a resolution within the time permitted by this paragraph and to comply with the statutory deadlines set forth in sections 122.895, 125.12, and 125.17. The board of the center shall notify each participating school board of the contents of the resolution. Within 120 days of receiving the resolution of the board of the center, the school board of the participating district shall adopt a resolution stating:

- (1) its concurrence with issuing bonds or incurring other debt;
- (2) its intention to cease participating in or providing financial support for the service or activity related to the bonds or other debt;  
or
- (3) its intention to withdraw from the regional center.

A school board adopting a resolution according to clause (1) is liable for its share of bonded indebtedness or other debt as proposed by the board of the regional center. A school board adopting a resolution according to clause (2) is not liable for the bonded indebtedness or other debt, as proposed by the board of the regional center, related to the services or activities in which the district ceases participating or providing financial support. A school board adopting a resolution according to clause (3) is not liable for the bonded indebtedness or other debt proposed by the board of the regional center.

(e) On and after July 1, 1993, a district is liable according to paragraph (d) for its share of bonded indebtedness or other debt incurred by the regional center to the extent that the bonds or other debt are directly related to the services or activities in which the district participates or for which the district provides financial support. The district has continued liability only until the obligation or debt is discharged and only according to the payment schedule in effect at the time the board of the regional center provides notice to the school board, except that the payment schedule may be altered for the purpose of refunding the outstanding bonds or restructuring other debt if the annual payments of the district are not increased and if the total obligation of the district for the outstanding bonds or other debt is not increased.

Sec. 3. Minnesota Statutes 1990, section 122.23, subdivision 16, is amended to read:

Subd. 16. As of the effective date of the consolidation, the bonded debt of all component districts shall be paid according to the plan for consolidation proposed in the approved plat, pursuant to the provi-

sions of subdivision 16a or 16b, as applicable and according to this subdivision.

(a) If the plan for consolidation so provides, the bonded debt of all component districts shall be paid according to levies previously made for that debt under chapter 475. In this case, the obligation of the taxable property in the component districts with reference to the payment of such bonded debt is not affected by the consolidation.

(b) If the plan for consolidation makes no provision for the disposition of bonded debt, all the taxable property in the newly created district is taxable for the payment of any bonded debt incurred by any component district in the proportion which the net tax capacity of that part of a preexisting district which is included in the newly created district bears to the net tax capacity of the entire preexisting district as of the time of the consolidation.

(c) If the plan for consolidation so provides, all the taxable property in the newly created district will be taxable for a portion of the bonded debt incurred by any component district prior to the consolidation.

Apportionment required under paragraphs (b) and (c) shall be made by the county auditor and shall be incorporated as an annex to the order of the commissioner dividing the assets and liabilities of the component parts. This subdivision shall not relieve any property from any tax liability for payment of any bonded obligation but taxable property in the newly created district becomes primarily liable for the payment of bonded debts to the extent of the proportion stated.

Sec. 4. Minnesota Statutes 1990, section 122.247, subdivision 1, is amended to read:

Subdivision 1. [REFERENDUM LEVIES REVENUES.] The referendum levy revenue authorization of the combined district shall be one of the methods set forth in section 122.531, subdivision 2a, 2b, or 2c, and must be consistent with the plan adopted according to section 122.242, and any subsequent modifications.

Sec. 5. Minnesota Statutes 1990, section 122.531, subdivision 1a, is amended to read:

Subd. 1a. [INVOLUNTARY DISSOLUTION REFERENDUM LEVIES REVENUE.] As of the effective date of the involuntary dissolution of a district and its attachment to one or more existing districts pursuant to sections 122.32, or 122.41 to 122.52, the authorization for any referendum levy revenue previously approved by the voters of the dissolved district in that district pursuant to section 124A.03, subdivision 2, or its predecessor or successor

provision, is canceled. The authorization for any referendum levy revenue previously approved by the voters of a district to which all or part of the dissolved district is attached shall not be affected by the attachment and shall apply to the entire area of the district as enlarged by the attachment.

Sec. 6. Minnesota Statutes 1990, section 122.531, subdivision 2c, is amended to read:

Subd. 2c. If the plan for consolidation provides for discontinuance of referendum levies revenue previously approved by voters of the component districts pursuant to section 124A.03, subdivision 2, or its predecessor provision, the newly created district shall not make a receive referendum levy revenue unless the voters of the newly created district authorize a referendum levy revenue pursuant to section 124A.03, subdivision 2.

Sec. 7. Minnesota Statutes 1990, section 123.35, is amended by adding a subdivision to read:

Subd. 19a. [LIMITATION ON PARTICIPATION AND FINANCIAL SUPPORT.] (a) No school district shall be required by any type of formal or informal agreement, including a joint powers agreement, or otherwise to participate in or provide financial support for the purposes of the agreement for a time period in excess of one fiscal year. Any agreement, part of an agreement, or other type of requirement to the contrary is void.

(b) This subdivision shall not affect the continued liability of a school district for its share of bonded indebtedness or other debt incurred as a result of any agreement before July 1, 1993. The school district is liable only until the obligation or debt is discharged and only according to the payment schedule in effect on July 1, 1993, except that the payment schedule may be altered for the purpose of restructuring debt or refunding bonds outstanding on July 1, 1993, if the annual payments of the school district are not increased and if the total obligation of the school district for its share of outstanding bonds or other debt is not increased.

(c) To cease participating in or providing financial support for any of the services or activities relating to the agreement or to terminate participation in the agreement, the school board shall adopt a resolution and notify other parties to the agreement of its decision on or before February 1 of any year. The cessation or withdrawal shall be effective June 30 of the same year or, at the option of the school board, June 30 of the following fiscal year.

(d) Before issuing bonds or incurring other debt, the governing body responsible for implementing the agreement shall adopt a resolution proposing to issue bonds or incur other debt and the proposed financial effect of the bonds or other debt upon each

participating district. The resolution shall be adopted within a time sufficient to allow the school board to adopt a resolution within the time permitted by this paragraph and to comply with the statutory deadlines set forth in sections 122.895, 125.12, and 125.17. The governing body responsible for implementing the agreement shall notify each participating school board of the contents of the resolution. Within 120 days of receiving the resolution of the governing body, the school board of the participating district shall adopt a resolution stating:

(1) its concurrence with issuing bonds or incurring other debt;

(2) its intention to cease participating in or providing financial support for the service or activity related to the bonds or other debt;  
or

(3) its intention to terminate participation in the agreement.

A school board adopting a resolution according to clause (1) is liable for its share of bonded indebtedness or other debt as proposed by the governing body implementing the agreement. A school board adopting a resolution according to clause (2) is not liable for the bonded indebtedness or other debt, as proposed by the governing body, related to the services or activities in which the district ceases participating or providing financial support. A school board adopting a resolution according to clause (3) is not liable for the bonded indebtedness or other debt proposed by the governing body implementing the agreement.

(e) After July 1, 1993, a district is liable according to paragraph (d) for its share of bonded indebtedness or other debt incurred by the governing body implementing the agreement to the extent that the bonds or other debt are directly related to the services or activities in which the district participates or for which the district provides financial support. The district has continued liability only until the obligation or debt is discharged and only according to the payment schedule in effect at the time the governing body implementing the agreement provides notice to the school board, except that the payment schedule may be altered for the purpose of refunding the outstanding bonds or restructuring other debt if the annual payments of the district are not increased and if the total obligation of the district for the outstanding bonds or other debt is not increased.

Sec. 8. Minnesota Statutes 1991 Supplement, section 124.214, subdivision 2, is amended to read:

capacity is applied upon the changed net tax capacities, the county auditor shall, prior to February 1 of each year, certify to the commissioner of education the amount of any resulting net revenue loss that accrued to the school district during the preceding year. Each year, the commissioner shall pay an abatement adjustment to the district in an amount calculated according to the provisions of this subdivision. Sec. 9. Minnesota Statutes 1991 Supplement, section 124.214, subdivision 3, is amended to read:

Subd. 3. [EXCESS TAX INCREMENT.] If a return of excess tax increment is made to a school district pursuant to section 469.176, subdivision 2, or upon decertification of a tax increment district, the school district's aid and levy limitations must be adjusted for the fiscal year in which the excess tax increment is paid under the provisions of this subdivision.

(a) An amount must be subtracted from the school district's aid for the current fiscal year equal to the product of:

(1) the amount of the payment of excess tax increment to the school district, times

(2) the ratio of:

(A) the sum of the amounts of the school district's certified levy for the fiscal year in which the excess tax increment is paid according to the following:

103F.505 [PURPOSE AND POLICY.]

It is the purpose of sections 103F.505 to 103F.531 to keep certain marginal agricultural land out of crop production to protect soil and water quality and support fish and wildlife habitat. It is state policy to encourage the retirement of marginal, highly erodible land, particularly land adjacent to public waters and, drainage systems, wetlands, and locally designated priority waters, from crop production and to reestablish a cover of perennial vegetation.

Sec. 2. Minnesota Statutes 1990, section 103F.511, is amended by adding a subdivision to read:

Subd. 8a. [RIPARIAN LAND.] “Riparian land” means lands adjacent to public waters, drainage systems, wetlands, or locally designated priority waters identified in a comprehensive local water plan, as defined in section 103B.3363, subdivision 3.

Sec. 3. Minnesota Statutes 1991 Supplement, section 103F.515, subdivision 2, is amended to read:

Subd. 2. [ELIGIBLE LAND.] (a) Land may be placed in the conservation reserve program if the land meets the requirements of paragraphs (b) and (c).

(b) Land is eligible if the land:

(1) is marginal agricultural land;

(2) is adjacent to marginal agricultural land and is either beneficial to resource protection or necessary for efficient recording of the land description;

(3) consists of a drained wetland;

(4) is land that with a windbreak would be beneficial to resource protection;

(5) is land in a sensitive groundwater area;

(6) is ~~cropland adjacent to public waters~~ riparian land;

(7) is cropland or noncropland adjacent to restored wetlands to the extent of up to four acres of cropland or one acre of noncropland for each acre of wetland restored;

(8) is a woodlot on agricultural land;

(9) is abandoned building site on agricultural land, provided that funds are not used for compensation of the value of the buildings; or

(10) is land on a hillside used for pasture.

(c) Eligible land under paragraph (a) must:

(1) ~~have been owned by the landowner on January 1, 1985, or be owned by the landowner, or a parent or other blood relative of the landowner, for at least one year before the date of application;~~

(2) be at least five acres in size, except for a windbreak, woodlot, or abandoned building site, or be a whole field as defined by the United States Agricultural Stabilization and Conservation Services;

(3) not be set aside, enrolled or diverted under another federal or state government program; and

(4) have been in agricultural crop production for at least two of the last five years before the date of application during the period 1981 to 1985 except drained wetlands, riparian lands, woodlots, abandoned building sites, or land on a hillside used for pasture.

(d) The enrolled land of a landowner may not exceed 20 percent of the average farm size in the county where the land is being enrolled according to the average farm size determined by the United States Department of Agriculture, Census of Agriculture.

(e) In selecting drained wetlands for enrollment in the program, the highest priority must be given to wetlands with a cropping history during the period 1976 to 1985.

(j) No new well disclosure certificate is required on property unless under this subdivision if the buyer or seller, or a person authorized to act on behalf of the buyer or seller, certifies on the deed or other instrument of conveyance that the status or numbers and number of wells on the property has have not changed from since the last previously filed well disclosure certificate. The following statement, if followed by the signature of the person making the statement, is sufficient to comply with the certification requirement of this paragraph: "I am familiar with the property described in this instrument and I certify that the status and number of wells on the described real property have not changed since the last previously filed well disclosure certificate." The certification and signature may be on the front or back of the deed or on an attached sheet and an acknowledgment of the statement is not required for the deed or other instrument of conveyance to be recordable.

(k) The commissioner in consultation with county recorders shall prescribe the form for a well disclosure certificate and provide well disclosure certificate forms to county recorders and registrars of titles and other interested persons.

(l) Failure to comply with a requirement of this subdivision does not impair:

(1) the validity of a deed or other instrument of conveyance as between the parties to the deed or instrument or as to any other person who otherwise would be bound by the deed or instrument; or

(2) the record, as notice, of any deed or other instrument of conveyance accepted for filing or recording contrary to the provisions of this subdivision.

Subdivision 1. [WELLS AND BORINGS.] (a) A property owner must have a well or boring sealed if:

(1) the well or boring is contaminated or may contribute to the spread of contamination;

(2) the well or boring was attempted to be sealed but was not sealed according to the provisions of this chapter; or

(3) the well or boring is located, constructed, or maintained in a manner that its continued use or existence endangers groundwater quality or is a safety or health hazard.

(b) A well that is not in use must be sealed unless the property owner has a maintenance permit for the well.

(c) ~~The property owner must have a well contractor or limited well sealing contractor seal a well or boring sealed by a registered or licensed person authorized to seal the well or boring, consistent with provisions of this chapter.~~

(2) the well or boring is required to be sealed under section 103I.301; or

(3) a well is a monitoring well or dewatering well and by 14 months after construction of the well, the owner has not obtained a maintenance permit, or after a maintenance permit has been issued the owner has not renewed a maintenance permit.

Subd. 2. [FAILURE OF OWNER TO SEAL WELL OR BORING.] If the property owner fails to seal a well or boring in the time provided in the commissioner's order, or if the commissioner is unable to identify or locate the property owner, the commissioner may enter the property and have the well or boring sealed. “Section 1. [17.4981] [GENERAL CONDITIONS FOR REGULATION OF AQUATIC FARMS.]

Aquatic farms are licensed to culture private aquatic life. Cultured aquatic life is not wildlife. Aquatic farms must be licensed and given classifications to prevent or minimize impacts on natural resources. The purpose of sections 1 to 15 is to:

- (1) prevent public aquatic life from entering an aquatic farm;
- (2) prevent release of nonindigenous or exotic species into public waters without approval of the commissioner;
- (3) protect against release of disease pathogens to public waters;
- (4) protect existing natural aquatic habitats and the wildlife dependent on them; and
- (5) protect private aquatic life from unauthorized taking or harvest.

Private aquatic life that is legally acquired and possessed is an article of interstate commerce and may be restricted only as necessary to protect state fish and water resources.

[FISH HEALTH INSPECTION.] “Fish health inspection” means an on-site, statistically based sampling in accordance with processes in the Fish Health Blue Book for all lots of fish in a facility. The inspection must include at least viral testing of ovarian fluids at the 95 percent confidence level of detecting two percent incidence of disease (ovarian fluids must be sampled for certification of viral hemorrhagic septicemia and infectious hematopoietic necrosis). Bacterial diseases must be sampled at the 95 percent confidence level with a five percent incidence of disease. The inspection must be performed by a fish health inspector in cooperation with the producer with subsequent examination of the collected tissues and fluids for the detection of certifiable diseases.

**Sec. 3. [17.4983] [AQUATIC FARM OPERATIONS.]**

Subdivision 1. [ACQUISITION AND SALE OF PRIVATE AQUATIC LIFE.] Aquatic life legally possessed may be bought, acquired, and sold by licensed facilities as provided in sections 1 to 15.

Subd. 2. [ACQUISITION FROM STATE.] (a) The commissioner may sell aquatic life to licensed facilities at fair market value. Fair market value must be determined by the average market price charged in this state and contiguous states and provinces for similar quantities.

(b) The commissioner shall establish procedures to make aquatic life available to licensed facilities if state aquatic life would otherwise die or go to waste, such as in cases of winterkill lakes, waters where piscicides will be applied, and waters subject to extreme draw-down. The public must be given angling opportunities if public access is available.

(c) The commissioner shall attempt to provide opportunities to make brood stock available to licensed facilities to reduce reliance on out-of-state sources without causing adverse impacts to game fish populations.

(d) If the commissioner denies approval to obtain aquatic life

outside the state, a written notice must be submitted to the applicant stating the reasons for denial, and the commissioner shall:

(1) designate approved sources if available to obtain the desired aquatic life; or

(2) sell the aquatic life from state hatcheries at fair market value if there is a surplus from state operations.

Subd. 3. [METHODS TO HARVEST AQUATIC LIFE.] Licensed facilities may use all reasonable methods to operate and harvest aquatic life from licensed facilities, including available nets.

Subd. 4. [DISCHARGE MAY REQUIRE PERMIT.] The discharge from an aquatic farm must comply with discharge permits required by the Minnesota pollution control agency.

Subd. 5. [OWNERSHIP OF AQUATIC LIFE.] (a) Notwithstanding other provisions of law, aquatic life lawfully acquired and possessed by a licensed facility is private aquatic life and property of the owner of the licensed facility.

(b) The state may not seize or otherwise confiscate private aquatic life without due process of law, except that private aquatic life in public waters may become property of the state if the waters are not part of a licensed facility. The commissioner shall notify the licensee that the aquatic life in a facility that is no longer licensed will become property of the state if the aquatic life is not removed. If the licensee does not respond in writing within 30 days after receiving the notice and make alternative arrangements, or does not remove the aquatic life by 60 ice-free days after receiving the notice, the private aquatic life becomes property of the state.

(c) Private aquatic life that is transferred to the state or released into public waters that are not part of a licensed facility is owned by the state and may be considered wildlife.

Subd. 6. [CONTROL OF LICENSED WATERS.] (a) If the public cannot legally access waters of the state that are part of a licensed aquatic farm except by permission of the licensee, the use of the waters by the public is subject to restriction by the licensee.

(b) Waters of the state may not be licensed for aquaculture use to more than one licensee.

Subd. 7. [ANGLING IN LICENSED WATERS.] A person may not take fish by angling from waters subject to subdivision 6 unless the person has written permission from the licensee and:

(1) has an invoice when in possession of fish; or

(2) takes fish under an angling license, subject to the limits and conditions in the game and fish laws.

Sec. 4. [17.4984] [AQUATIC FARM LICENSE.]

Subdivision 1. [LICENSE REQUIRED.] (a) A person or entity may not operate an aquatic farm without first obtaining an aquatic farm license from the commissioner.

(b) Applications for an aquatic farm license must be made on forms provided by the commissioner.

(c) Licenses are valid for five years and are transferable upon notification to the commissioner.

(d) The commissioner shall issue an aquatic farm license on payment of the required license fee under section 8.

(e) A license issued by the commissioner is not a determination of private property rights, but is only based on a determination that the licensee does not have a significant detrimental impact on the public resource.

Subd. 2. [LISTED WATERS.] (a) An aquatic farm license must list:

(1) the specific waters of the state that may be used in connection with the licensed aquatic farm and the species approved for each licensed water;

(2) whether aeration requiring a permit is approved; and

(3) whether piscicide use is approved.

Additional waters may not be used until they are approved by the commissioner.

(b) The right to use waters licensed for private fish hatchery or aquatic farm purposes may be transferred between licensees with prior approval by the commissioner if requirements for species to be raised are met. Waters that are continually connected by a permanent watercourse to other waters must not be approved for aquatic farm use, except that connected waters that are isolated from other waters may be licensed as a single water body. Waters that are intermittently connected or may become connected with other waters may be denied, or screening or other measures may be required to prevent passage of aquatic life. Listed waters may be changed on approval by the area fisheries supervisor or the commissioner.

(c) The commissioner shall conduct an inspection of waters to be licensed prior to approving or denying initial licensing of the waters.

(d) Waters containing game fish of significant public value may be denied licensing unless the applicant can demonstrate exclusive riparian control.

(e) Waters containing game fish of significant public value may be denied licensing unless the game fish of significant public value are sold to the licensee, removed for other state use by the department of natural resources, or disposed of as provided in writing by the commissioner.

(f) Waters licensed under an aquatic farm license may be aerated during open water periods without a separate aeration permit.

Subd. 3. [LISTED SPECIES.] (a) An aquatic farm license must list the species of aquatic life appropriate for the classification of the waters. Listed species of aquatic life may be changed on written request to and approval by the area fisheries supervisor. Species of aquatic life regulated under chapter 97A, 97B, or 97C may not be cultured unless listed on the license.

(b) All waters licensed before July 1, 1992, under a private fish farm or fish hatchery license must be approved for species listed under current licenses if other conditions for licensing are met.

(c) If licensed waters are located within a 25-year floodplain and are not enclosed within a building, species of aquatic life may be licensed at the discretion of the commissioner.

(d) Licensed waters located outside of a 25-year floodplain or enclosed within a building may be licensed for any species, except that the commissioner may deny licensing for species not present in the state.

Subd. 4. [SINGLE LICENSE FOR AQUATIC FARMING OPERATION.] The commissioner shall issue a single license for aquatic farming, with the following information and endorsements:

(1) waters covered by the license;

(2) classification of each of the licensed waters;

(3) aeration endorsement for each licensed water where the licensee has exclusive control of riparian access or where the conditions for an aeration permit have been met; and

(4) endorsements requested by the licensee.

Subd. 5. [STATE LIST OF WATERS.] If the state uses waters of the state for aquatic farming, the state shall acquire legal access to the waters and make documentation of the access available to the public.

Subd. 6. [INSPECTIONS AND ENFORCEMENT.] (a) The premises, property, vehicles, private aquatic life, and equipment where private aquatic farm operations are being conducted are subject to an annual operations inspection and other reasonable and necessary inspections at reasonable times by conservation officers. The reason for the inspection must be provided in writing upon request. The owner, operator, or designee may be present when inspections are conducted.

(b) Conservation officers may enforce sections 1 to 15 under section 97A.205.

Subd. 7. [NONPUBLIC RECORDS.] (a) Licensees must keep complete, up-to-date, nonpublic records of the operation of the aquatic farm. The records must be kept for at least three years.

(b) The records must be in English and include the following information:

(2) for each species sold or disposed of, the number and pounds of fish sold or disposed of, the names and addresses of the purchasers or persons to whom the conveyances are made, and the dates of sale; and

(3) for fish sperm or viable eggs, the amount acquired or sold, the names and addresses of the sources from which acquired, the purchasers to whom conveyed, and the dates of purchase or sale;

(c) On or before March 1 of each year, the licensee shall submit a complete annual report on a form furnished by the commissioner, covering the quantity of all species sold or purchased in the preceding licensed year.

(d) An aquatic farmer shall maintain records for reasonable inspection by the commissioner. Information on aquatic life production, harvest, and sales is nonpublic information.

Sec. 5. [17.4985] [TRANSPORTATION OF AQUATIC LIFE.]

Subdivision 1. [REQUIREMENTS FOR IMPORTATION, TRANSPORTATION WITHIN THE STATE, OR STOCKING OF FISH.]

Except as provided in subdivision 3, a licensee may not import aquatic life into the state, transport aquatic life within the state, or stock waters of the state with aquatic life without first obtaining a bill of lading or transportation permit from the commissioner, with disease certification, if applicable.

Subd. 2. [BILL OF LADING.] (a) A person may transport aquatic life except salmonids or catfish with a completed bill of lading for:

(1) intrastate transportation of aquatic life between licensed private fish hatcheries, aquatic farms, or aquarium facilities licensed for the same species and of the proper classification for the aquatic life; and

(2) stocking of waters other than public waters.

(b) When aquatic life is transported between licensed private fish hatcheries, aquatic farms, or aquarium facilities, a copy of the bill of lading must be submitted to the regional fisheries manager:

(1) at least 72 hours before the transportation if species transported into a watershed are not found in it, or have their original source outside Minnesota and contiguous states; or

(2) within 30 days in cases not covered by clause (1).

(c) A bill of lading is also required at least 72 hours before any transportation between licensed waters of the same licensee if species transported into a watershed are not found in it, or have their original source outside Minnesota and contiguous states.

(d) A copy of the bill of lading must be submitted to the regional fisheries manager 72 hours before transportation for stocking of fish into public waters, except that a bill of lading may be issued for transportation and stocking following telephone or telecopy confirmation that the waters to be stocked are not public waters.

(e) Bill of lading forms may only be issued by the department of natural resources in St. Paul, and new bill of lading forms may not be issued until all previously issued forms have been returned.

Subd. 3. [EXEMPTIONS FOR TRANSPORTATION PERMITS AND BILLS OF LADING.] (a) A bill of lading or transportation permit is not required by an aquatic farm licensee for importation, transportation, or export for the following:

(1) minnows taken under an aquatic farm license in this state and transported intrastate;

(2) aquarium or ornamental fish including tropical, subtropical, and saltwater species that cannot survive in the waters of the state, which may be imported or transported if accompanied by shipping documents;

(3) fish or fish eggs that have been processed for use as food, bait, or other purposes unrelated to fish propagation;

(4) live fish, except salmonids and catfish, from a licensed aquatic farm, which may be transported directly to an outlet for processing or for other food purposes if accompanied by shipping documents;

(5) fish being exported if accompanied by shipping documents;

(6) sucker eggs, sucker fry, or fathead minnows transported intrastate for bait propagation or feeding of cultural aquatic life;

(7) species of fish that are found within the state used in connection with public shows, exhibits, demonstrations, or fishing pools for periods not exceeding 14 days; or

(8) transfer of aquatic life between licensed waters of the same licensee, except where required in subdivision 2.

(b) Shipping documents required under paragraph (a) must show the place of origin, owner or consignee, destination, number, and species.

Subd. 4. [TRANSPORTATION PERMIT REQUIREMENTS.] A transportation permit is required for all importation, transportation, or stocking of private aquatic life not covered by subdivision 2 or exempted in subdivision 3. A transportation permit may be used for multiple shipments within the 30-day term for the permit if the source and the destination remains the same. Transportation permits, which may authorize importation or stocking of public waters, may be issued through department of natural resources regional offices or the St. Paul office, and must be obtained prior to shipment.

Subd. 5. [PERMIT APPLICATION.] An application for a transportation permit must be made on forms provided by the commissioner. An incomplete application must be rejected. An application for a transportation permit for salmonids and catfish, their eggs, or sperm must be accompanied by certification that the source of the eggs or sperm are free of certifiable diseases, except that eggs with enteric redmouth, whirling disease, or furunculosis may be imported, transported, or stocked following treatment approved by the commissioner, and fish with bacterial kidney disease may be imported, transported, or stocked into areas where the disease has been previously introduced. A copy of the transportation permit showing the date of certification inspection must accompany the shipment of

fish while in transit and must be available for inspection by the commissioner. By 14 days after a completed application is received, the commissioner must approve or deny the importation permits as provided in this section.

Subd. 6. [VEHICLE IDENTIFICATION.] (a) A vehicle used by a licensee for transporting aquatic life must be identified with the licensee's name and town of residence as it appears on the license and the license number.

(b) A vehicle used by a licensee must have identification displayed so that it is readily visible from either side of the vehicle in letters and numbers not less than 2-1/2 inches high and with a three-eighths inch wide stroke. Identification may be permanently affixed to vehicles or displayed on removable plates or placards placed on opposite doors of the vehicle or on the tanks carried on the vehicle.

(c) An application to license a vehicle for minnow transport or export or for use as a fish vendor that is received by the commissioner is a temporary license until it is approved or denied.

#### Sec. 6. [17.4986] [IMPORTATION OF AQUATIC LIFE.]

Subdivision 1. [IMPORTATION AND STOCKING RESTRICTIONS.] A person may not import fish into or stock fish in the state without first obtaining a transportation permit with a disease certification when required or a bill of lading from the commissioner, unless the person is exempted.

Subd. 2. [LICENSED FACILITIES.] (a) The commissioner shall issue transportation permits to import:

(1) indigenous and naturalized species except trout, salmon, and catfish from any source to a standard facility;

(2) trout, salmon, and catfish from a nonemergency disease area to a containment facility if the fish are certified within the previous year to be free of certifiable diseases, except that eggs with enteric redmouth, whirling disease, or furunculosis may be imported following treatment approved by the commissioner, and fish with bacterial kidney disease may be imported into areas where the disease has been previously introduced; and

(3) trout, salmon, and catfish from a facility in a nonemergency disease area with a disease-free history of three years or more to a standard facility, except that eggs with enteric redmouth, whirling disease, or furunculosis may be imported following treatment approved by the commissioner, and fish with bacterial kidney disease may be imported into areas where the disease has been previously introduced.

(b) If a source facility in an emergency disease area cannot demonstrate a history free from disease, aquatic life may only be imported into a quarantine facility.

Subd. 3. [ENZOOTIC DISEASE AREA.] (a) Except as otherwise provided and except that eggs with enteric redmouth, whirling disease, or furunculosis may be imported following treatment approved by the commissioner, and fish with bacterial kidney disease may be imported into areas where the disease has been previously introduced, fish may be imported from emergency disease enzootic areas only as fertilized eggs under the following conditions:

(1) to be imported into a standard facility, fertilized eggs must have a disease-free history for at least five years;

(2) to be imported into a containment facility, fertilized eggs must have a disease-free history for at least three years; or

(3) to be imported into a quarantine facility, fertilized eggs may have a disease-free history of less than three years.

(b) A hatchery inspection must occur at least once a year and fish must have been tested for all certifiable diseases. Fish health inspections under this subdivision must comply with section 2, subdivision 12.

Sec. 7. [17.4987] [STOCKING PRIVATE AQUATIC LIFE.]

(a) A person may not release private aquatic life into public waters that are not licensed as part of an aquatic farm without first obtaining a transportation permit from the commissioner. The commissioner may deny issuance of a permit if releasing the private aquatic life is not consistent with the management plan for the public waters. The commissioner shall make management plans available to the public.

(b) If a permit is denied, the commissioner must provide reasons for the denial in writing.

Sec. 8. [17.4988] [LICENSE AND INSPECTION FEES.]

Subdivision 1. [REQUIREMENTS FOR ISSUANCE.] A permit or license must be issued by the commissioner if the requirements of law are met and the license and permit fees specified in this section are paid.

Subd. 2. [AQUATIC FARMING LICENSE.] (a) The annual fee for an aquatic farming license is \$275.

(b) The aquatic farming license must contain endorsements for the rights and privileges of the following licenses under the game and fish laws. The endorsement must be made upon payment of the license fee prescribed in section 97A.475 for the following licenses:

(1) minnow dealer license;

(2) minnow retailer license for sale of minnows as bait;

(3) minnow exporting license;

(4) minnow dealer helper license;

(5) aquatic farm vehicle endorsement, which includes a minnow dealer vehicle license, a minnow retailer vehicle license, an exporting minnow hauler vehicle license, and a fish vendor vehicle license;

(6) sucker egg taking license; and

(7) game fish packers license.

Subd. 3. [INSPECTION FEES.] The fees for the following inspections are:

(1) initial inspection of each water to be licensed, \$50;

(2) fish health inspection and certification, \$20 plus \$80 per lot thereafter; and

(3) initial inspection for containment and quarantine facility inspections, \$50.

Subd. 4. [AQUARIUM FACILITY.] (a) A person may not operate an aquarium facility without an aquarium facility license issued by the commissioner. The fee for an aquarium facility license is \$15.

(b) Game fish transferred by an aquarium facility must be accompanied by a receipt containing the information required on a shipping document by section 5, subdivision 3, paragraph (b).

Sec. 9. [17.4991] [DISEASE TRANSMISSION.]

Subdivision 1. [FACILITY DESIGNATION.] (a) The licensee may apply to the commissioner for designation of all or a portion of a facility as a standard, containment, or quarantine facility on forms prescribed by the commissioner as part of the license application or separately.

(b) By 15 business days after an application is submitted, the commissioner must notify the applicant if there are any deficiencies in the application. By 30 business days after a complete application is submitted, the commissioner shall approve or deny the designation requested. A denial must include an assessment of the actual risk to wildlife populations at the particular site. A containment designation must be approved if the facility meets the disinfection requirements of subdivision 2 and complies with section 2, subdivision 8.

Subd. 2. [DISINFECTION.] (a) Containment facilities must disinfect effluent prior to discharge to public waters. The effluent required to be disinfected includes water used by a containment facility in the production of the aquatic life of concern, waste or mortalities from the aquatic life of concern, and live forage or commercial feed discarded from the containment facility. Runoff from precipitation and excess water from natural springs, wells, or other sources that is not used in the production of aquatic life is not effluent to be disinfected.

(b) The disinfection must minimize the potential release of disease pathogens to wildlife susceptible to the pathogens based on a reasonable risk assessment. Disinfection treatment processes may include chlorination or other processes. If chlorine disinfection is utilized, a measurable residual level of 1.0 parts per million of active chlorine in the effluent must be maintained for one hour of retention time. The effluent must be sufficiently dechlorinated to prevent toxic adverse impacts to wildlife after discharge to public waters.

(c) A disinfection treatment process must ensure uninterrupted effluent treatment in the event of electrical power failure, a primary system failure, or other similar events that would cause treatment interruptions.

(d) The effluent disinfection process must be sited, designed, and operated in a manner that allows inspection by the commissioner at all times to determine whether adequate effluent disinfection is maintained.

(e) The commissioner may prescribe reasonable documentation of daily monitoring of treatment system performance to be included in the licensee's annual report. The records must be available for daily inspection by the commissioner during normal business hours and maintained for three years.

Subd. 3. [FISH HEALTH INSPECTION.] (a) An aquatic farm propagating trout, salmon, or catfish and having an effluent discharge from the aquatic farm into public waters must have an annual fish health inspection conducted by a certified fish health inspector. Testing must be conducted according to approved laboratory methods.

(b) A health inspection fee must be charged based on each lot of fish sampled. The fee by check or money order payable to the department of natural resources must be prepaid or paid at the time a bill or notice is received from the commissioner that the inspection and processing of samples is completed.

(c) Upon receipt of payment and completion of inspection, the commissioner shall notify the operator and issue a fish health certificate. The certification must be made according to the Fish Health Blue Book by a person certified as a fish health inspector.

(d) All aquatic life in transit or held at transfer stations within the state may be inspected by the commissioner. This inspection may include the collection of stock for purposes of pathological analysis. Sample size necessary for analysis will follow guidelines listed in the Fish Health Blue Book.

Subd. 4. [EMERGENCY DISEASE DETERMINATION.] If emergency diseases exist, the commissioner may order the fish in the facility to be impounded, confiscated, sold, or destroyed and the facility disinfected. The commissioner shall make every effort to allow disposed fish to be sold for market if there is no imminent danger of a significant adverse impact on natural fish populations or human health or of escape of the pathogen to public waters.

#### Sec. 10. [17.4992] [GAME FISH.]

Subdivision 1. [ACQUISITION AND PURCHASE.] Game fish sperm, viable game fish eggs, or live game fish may not be taken from public waters for aquaculture purposes, but may be purchased from the state or acquired from aquatic farms.

Subd. 2. [RESTRICTION ON THE SALE OF GAME FISH.] Species of the family salmonidae or ictaluridae, except bullheads, must be free of certifiable diseases if sold for stocking or transfer to another aquatic farm, except that eggs with enteric redmouth, whirling disease, or furunculosis may be transferred or stocked following treatment approved by the commissioner, and fish with bacterial kidney disease may be transferred or stocked to areas where the disease has been previously introduced.

Subd. 3. [ACQUISITION OF FISH FOR BROOD STOCK.] Game fish brood stock may be sold to private fish hatcheries or aquatic farms by the state at fair market value. As a one-time purchase for brood stock development, up to 20 pair of adults may be provided, if available, by the state through normal operations.

Subd. 4. [SALE OF EGGS BY THE STATE.] The commissioner may offer for sale as eggs or fry up to two percent of the department's

annual game fish egg harvest. Additional eggs or fry may be sold if they are surplus to this state's program needs.

Subd. 5. [PURCHASE OF EGGS DEPENDENT UPON FACILITY.] Licensees may purchase game fish eggs or fry from the state at a rate based on the capacity of their facility to hatch and rear fish. Licensees may purchase walleye at a rate of no more than one-half quart of eggs or 5,000 fry for each acre or fraction of licensed surface water. This limitation may be waived if an aquatic farm is an intensive culture facility. The allowable purchase of trout or salmon eggs must be based on the capacity of rearing tanks and flow of water through the aquatic farm facility.

Subd. 6. [STOCKING WALLEYES NORTH OF MARKED STATE HIGHWAY NO. 210.] Walleyes from outside of the area of the state north of marked state highway No. 210 may not be stocked in waters of the state north of marked state highway No. 210 without approval by the commissioner.

Sec. 11. [17.4993] [MINNOWS.]

Subdivision 1. [TAKING FROM PUBLIC WATERS.] A licensee may take minnow sperm, minnow eggs, and live minnows from public waters for aquatic farm purposes under an aquatic farm license.

Subd. 2. [IMPORTATION OF LIVE MINNOWS.] Minnows from outside the state may not be imported live by a licensee for purposes other than processing or feeding aquatic farm fish.

Sec. 12. [17.4994] [SUCKER EGGS.]

Sucker eggs may be taken from public waters with a sucker egg license endorsement, which authorizes sucker eggs to be taken at a rate of one quart of eggs for each 1-1/2 acres of licensed surface waters except that for intensive culture systems, sucker eggs may be taken at a rate of two quarts per 1,000 muskellunge fry being reared. The taking of sucker eggs from public waters is subject to chapter 97C and may be supervised by the commissioner.

Sec. 13. [17.4995] [RECEIPTS TO THE GAME AND FISH FUND.]

Money received by the state under sections 1 to 15 must be deposited in the state treasury and credited to the game and fish fund.

Sec. 14. [17.4996] [WHITE EARTH INDIAN RESERVATION.]

Until the commissioner reaches an agreement with the White

Earth Indian Reservation regarding the acquisition and sale of aquatic life from public waters, an aquatic farm licensee may acquire and transport rough fish, as defined in section 97A.015, subdivision 43, and yellow perch lawfully acquired and possessed by a tribal member for sale under tribal laws and regulations on the White Earth Reservation. Transportation of yellow perch off the reservation must be accompanied by documentation showing the source and number of the yellow perch.

Sec. 15. [17.4997] [RULES.]

The commissioner may adopt rules that are consistent with sections 1 to 14. The commissioner must notify the Minnesota aquaculture commission and the commissioner of agriculture prior to publication of the proposed rules.

Sec. 16. Minnesota Statutes 1990, section 97C.203, is amended to read:

97C.203 [DISPOSAL OF STATE HATCHERY EGGS OR FRY.]

(a) The commissioner shall dispose of game fish eggs and fry according to the following order of priorities:

(1) distribution of fish eggs and fry to state hatcheries to hatch fry or raise fingerlings for stocking waters of the state for recreational fishing;

(2) sale of fish eggs and fry to private fish hatcheries or licensed aquatic farms to hatch fry or raise fingerlings to stock waters of this state with fingerlings for recreational fishing at a price not less than the fair market value, established as the average price charged at the state's private hatcheries and contiguous states per volume rates; and

(3) sale at a price not less than the fair market value, established as the average price charged at the state's private hatcheries sources and contiguous states per volume rates of fish eggs and fry to private fish hatcheries and fish aquatic farms to hatch fry or raise fingerlings for sale.

(b) ~~Until July 1, 1990, the commissioner must make at least two percent of the game fish eggs collected available to private hatcheries.~~

Sec. 17. Minnesota Statutes 1990, section 97C.301, is amended by adding a subdivision to read:

Subd. 5. [AQUATIC FARMS.] An aquatic farm licensee may take aquatic life under the aquatic farm license and its endorsements as

authorized without additional licenses under the game and fish laws.

Sec. 18. Minnesota Statutes 1990, section 97C.345, subdivision 4, is amended to read:

Subd. 4. [EXCEPTIONS.] This section does not apply to:

- (1) nets used to take rainbow smelt during the open season;

- (3) seines or traps used for the taking of minnows for bait; **and**
- (4) nets, seines, or traps possessed and used under an aquatic farm license; and

Sec. 3. Minnesota Statutes 1991 Supplement, section 474A.04, subdivision 1a, is amended to read:

Subd. 1a. [ENTITLEMENT RESERVATIONS; CARRYFORWARD; DEDUCTION.] Except as provided in Laws 1987, chapter 268, article 16, section 41, subdivision 2, paragraph (a), any amount returned by an entitlement issuer before the last Monday in July shall be reallocated through the housing pool. Any amount returned on or after the last Monday in July shall be reallocated through the unified pool. An amount returned after the last Monday in November shall be reallocated to the Minnesota housing finance agency. ~~Beginning with entitlement allocations received in 1987 under Minnesota Statutes 1986, section 474A.08, subdivision 1, paragraphs (2) and (3), there shall be deducted from an entitlement issuer's allocation for the subsequent year an amount equal to the entitlement allocation under which bonds are not issued, returned on or before the last Monday in December, or carried forward under federal tax law. Except for the Minnesota housing finance agency, any amount of bonding authority that an entitlement issuer carries forward under federal tax law that is not permanently issued by the end of the succeeding calendar year shall be deducted from the entitlement allocation for that entitlement issuer for the next succeeding calendar year. Any amount deducted from an entitlement issuer's allocation under this subdivision shall be divided equally for allocation through the manufacturing pool and the housing pool.~~

Sec. 4. Minnesota Statutes 1991 Supplement, section 474A.061, subdivision 1, is amended to read:

Subdivision 1. [APPLICATION.] (a) An issuer may apply for an allocation under this section by submitting to the department an application on forms provided by the department, accompanied by (1) a preliminary resolution, (2) a statement of bond counsel that the proposed issue of obligations requires an allocation under this chapter, (3) the type of qualified bonds to be issued, (4) an application deposit in the amount of one percent of the requested allocation before the last Monday in July, or in the amount of two percent of the requested allocation on or after the last Monday in July, and (5) a public purpose scoring worksheet for manufacturing project applications. The issuer must pay the application deposit by a check made payable to the department of finance. The Minnesota housing finance agency ~~and~~, the Minnesota rural finance authority, and the Minnesota higher education coordinating board may apply for and

receive an allocation under this section without submitting an application deposit.

(b) An entitlement issuer may not apply for an allocation from the housing pool or from the public facilities pool unless it has either permanently issued bonds equal to the amount of its entitlement allocation for the current year plus any amount of bonding authority carried forward from previous years or returned for reallocation all of its unused entitlement allocation. For purposes of this subdivision, its entitlement allocation includes an amount obtained under section 474A.04, subdivision 6. This paragraph does not apply to an application from the Minnesota housing finance agency for an allocation under subdivision 2a for cities who choose to have the agency issue bonds on their behalf.

(c) If an application is rejected under this section, the commissioner must notify the applicant and return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted. The granting of an allocation of bonding authority under this section must be evidenced by a certificate of allocation.

Sec. 5. Minnesota Statutes 1991 Supplement, section 474A.061, subdivision 3, is amended to read:

Subd. 3. [ADDITIONAL DEPOSIT.] An issuer which has received an allocation under this section may retain any unused portion of the allocation after the first Tuesday in August only if the issuer has submitted to the department before the first Tuesday in August a letter stating its intent to issue obligations pursuant to the allocation before the end of the calendar year or within the time period permitted by federal tax law and a deposit in addition to that provided under subdivision 1, equal to one percent of the amount of allocation to be retained. Section 474A.091, subdivision 5, applies to an allocation made under this section. The Minnesota housing finance agency and the Minnesota rural finance authority may retain an unused portion of an allocation after the first Tuesday in August without submitting an additional deposit.

Sec. 6. Minnesota Statutes 1991 Supplement, section 474A.091, subdivision 2, is amended to read:

Subd. 2. [APPLICATION.] Issuers ~~other than the Minnesota rural finance authority~~ may apply for an allocation under this section by submitting to the department an application on forms provided by the department accompanied by (1) a preliminary resolution, (2) a statement of bond counsel that the proposed issue of obligations requires an allocation under this chapter, (3) the type of qualified bonds to be issued, (4) an application deposit in the amount of two percent of the requested allocation, and (5) a public purpose scoring worksheet for manufacturing applications. The issuer must pay the

application deposit by check. An entitlement issuer may not apply for an allocation for public facility bonds, residential rental project bonds, or mortgage bonds under this section unless it has either permanently issued bonds equal to the amount of its entitlement allocation for the current year plus any amount carried forward from previous years or returned for reallocation all of its unused entitlement allocation. For purposes of this subdivision, its entitlement allocation includes an amount obtained under section 474A.04, subdivision 6.

The Minnesota housing finance agency may not apply for an allocation for mortgage bonds under this section until after the last Monday in August. Notwithstanding the restrictions imposed on unified pool allocations after September 1 under subdivision 3, paragraph (c)(2), the Minnesota housing finance agency may be awarded allocations for mortgage bonds from the unified pool after September 1. The Minnesota housing finance agency, the Minnesota higher education coordinatng board, and the Minnesota rural finance authority may apply for and receive an allocation under this section without submitting an application deposit.

Sec. 7. Minnesota Statutes 1991 Supplement, section 474A.091, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION PROCEDURE.] (a) The commissioner shall allocate available bonding authority under this section on the Monday of every other week beginning with the first Monday in August through and on the last Monday in November. Applications for allocations must be received by the department by the Monday preceding the Monday on which allocations are to be made. If a Monday falls on a holiday, the allocation will be made or the applications must be received by the next business day after the holiday.

(b) On or before September 1, allocations shall be awarded from the unified pool in the following order of priority:

- (1) applications for small issue bonds;
- (2) applications for residential rental project bonds;
- (3) applications for public facility projects funded by public facility bonds;
- (4) applications for redevelopment bonds;
- (5) applications for mortgage bonds; and
- (6) applications for governmental bonds.

Allocations for residential rental projects may only be made during the first allocation in August. The amount of allocation provided to an issuer for a specific manufacturing project will be based on the number of points received for the proposed project under the scoring system under section 474A.045. Proposed manufacturing projects that receive 50 points or more are eligible for all of the proposed allocation. Proposed manufacturing projects that receive less than 50 points under section 474A.045 are only eligible to receive a proportionally reduced share of the proposed authority, based upon the number of points received. If there are two or more applications for manufacturing projects from the unified pool and there is insufficient bonding authority to provide allocations for all manufacturing projects in any one allocation period, the available bonding authority shall be awarded based on the number of points awarded a project under section 474A.045 with those projects receiving the greatest number of points receiving allocation first.

(c)(1) On the first Monday in August, \$5,000,000 of bonding authority is reserved within the unified pool for agricultural development bond loan projects of the Minnesota rural finance authority and \$20,000,000 of bonding authority or an amount equal to the total annual amount of bonding authority allocated to the small issue pool under section 474A.03, subdivision 1, less the amount allocated to issuers from the small issue pool for that year, whichever is less, is reserved within the unified pool for small issue bonds. On the first Monday in September, \$2,500,000 of bonding authority or an amount equal to the total annual amount of bonding authority allocated to the public facilities pool under section 474A.03, subdivision 1, less the amount allocated to issuers from the public facilities pool for that year, whichever is less, is reserved within the unified pool for public facility bonds. If sufficient bonding authority is not available to reserve the required amounts for both small issue bonds manufacturing projects and public facility bonds agricultural development bond loan projects, seven-eighths of the remaining available bonding authority is reserved for small issue bonds and one-eighth of the remaining available bonding authority is reserved for public facility bonds must be distributed between the two reservations on a pro rata basis, based upon the amounts each would have received if sufficient authority was available.

(2) The total amount of allocations for mortgage bonds from the housing pool and the unified pool may not exceed:

- (i) \$10,000,000 for any one city; or
- (ii) \$20,000,000 for any number of cities in any one county.

An allocation for mortgage bonds may be used for mortgage credit certificates.

After September 1, allocations shall be awarded from the unified

pool only for the following types of qualified bonds: small issue bonds, public facility bonds to finance publicly owned facility projects, and residential rental project bonds.

(d) If there is insufficient bonding authority to fund all projects within any qualified bond category, allocations shall be awarded by lot unless otherwise agreed to by the respective issuers. If an application is rejected, the commissioner must notify the applicant and return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted. The granting of an allocation of bonding authority under this section must be evidenced by issuance of a certificate of allocation.

Sec. 8. [HIGHER EDUCATION COORDINATING BOARD.]

Subdivision 1. [1992 MANUFACTURING POOL RESERVATION.] On the first Monday in May of 1992, \$15,000,000 of bonding authority is reserved within the manufacturing pool and \$5,000,000 of bonding authority is reserved within the public facilities pool for student loan bonds issued by the higher education coordinating board. On the day after the last Monday in July of 1992, any bonding authority remaining unallocated from the student loan bond reservations is transferred to the unified pool and must be reallocated as provided in Minnesota Statutes, section 474A.091.

Subd. 2. [1992 CARRYFORWARD.] Notwithstanding Minnesota Statutes, section 474A.091, subdivision 4, the commissioner of finance may allocate a portion of remaining available bonding authority to the higher education coordinating board for student loan bonds on December 1, 1992.

Subd. 3. [1993 UNIFIED POOL RESERVATION.] On the first Monday in August of 1993, up to \$10,000,000 of bonding authority is reserved within the unified pool for student loan bonds issued by the higher education coordinating board; provided that the total amount of the unified pool reservation authorized under this subdivision and the carryforward authorized under subdivision 2 may not exceed \$20,000,000 of bonding authority.

504.02 [CANCELLATION OF LEASES IN CERTAIN CASES; ABANDONMENT OR SURRENDER OF POSSESSION.]

Subdivision 1. [ACTION TO RECOVER.] (a) In case of a lease of real property, when the landlord has a subsisting right of reentry for the failure of the tenant to pay rent the landlord may bring an action to recover possession of the property and such action is equivalent to a demand for the rent and a reentry upon the property; but if, at any time before possession has been delivered to the plaintiff on recovery in the action, the lessee or a successor in interest as to the whole or any part of the property pays to the plaintiff or brings into court the amount of the rent then in arrears, with interest and costs of the action, and an attorney's fee not exceeding \$5, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease.

(b) If the tenant has paid to the plaintiff or brought into court the amount of rent in arrears but is unable to pay the interest, costs of the action, and attorney fees required by this subdivision, the court may permit the defendant to pay these amounts into court and be restored to possession within the same period of time, if any, which the court stays the issuance of the writ of restitution pursuant to section 566.09.

(c) Prior to or after commencement of an action to recover possession for nonpayment of rent, the parties may agree only in writing that partial payment of rent in arrears which is accepted by the landlord prior to issuance of the order granting restitution of the premises pursuant to section 566.09 may be applied to the balance due and does not waive the landlord's action to recover possession of the premises for nonpayment of rent.

(d) Rental payments under this subdivision must first be applied to rent claimed as due in the complaint from prior rental periods before applying any payment toward rent claimed in the complaint for the current rental period, unless the court finds that under the circumstances the claim for rent from prior rental periods has been waived.

Subd. 2. [LEASE GREATER THAN 20 YEARS.] (a) If the lease under which the right of reentry is claimed is a lease for a term of more than 20 years, reentry cannot be made into the land or such action commenced by the landlord unless, after default, the landlord

shall serve upon the tenant, also upon all creditors having a lien of record legal or equitable upon the leased premises or any part thereof, a written notice that the lease will be canceled and terminated unless the payment or payments in default shall be made and the covenants in default shall be performed within 30 days after the service of such notice, or within such greater period as the lessor shall specify in the notice, and if such default shall not be removed within the period specified within the notice, then the right of reentry shall be complete at the expiration of the period and may be exercised as provided by law. If any such lease shall provide that the landlord, after default, shall give more than 30 days' notice in writing to the tenant of the landlord intention to terminate the tenancy by reason of default in terms thereof, then the length of the notice to terminate shall be the same as provided for and required by the lease.

(b) As to such leases for a term of more than 20 years, if at any time before the expiration of six months after possession obtained by the plaintiff by abandonment or surrender of possession by the tenant or on recovery in the action, the lessee or a successor in interest as to the whole or part of the property, or any creditor having a lien legal or equitable upon the leased premises or any part thereof, pays to the plaintiff, or brings into court, the amount of rent then in arrears, with interest and the costs of the action, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease. The provisions of this section shall not apply to any action or proceeding now pending in any of the courts of this state.

Subd. 3. [JUDGMENT TO BE RECORDED.] Upon recovery of possession by the landlord in the action a certified copy of the judgment shall be recorded in the office of the county recorder of the county where the land is situated if unregistered land or in the office of the registrar of titles of such county if registered land and upon recovery of possession by the landlord by abandonment or surrender by the tenant an affidavit by the landlord or the landlord's attorney setting forth such fact shall be recorded in a like manner and such recorded certified copy of such judgment or such recorded affidavit shall be prima facie evidence of the facts stated therein in reference to the recovery of possession by such landlord.

Page 2, after line 18, insert:

"Sec. 2. Minnesota Statutes 1990, section 237.161, subdivision 3, is amended to read:

Subd. 3. [RATES.] (a) When the local calling area to which extended service is sought is the metropolitan local calling area in Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties, 75 percent of the costs of providing extended area service, as identified in subdivision 2, must be apportioned to the petitioning exchange and the remaining 25 percent apportioned to the exchange or exchanges to which extended area service is requested. When the proposed extended service area is not the metropolitan local calling area, the commission shall determine the apportionment of costs, provided that between 50 25 and 75 percent of the costs must be allocated to the petitioning exchange. The costs must be apportioned among the customers in an exchange so that the relationship between the rates for classes of basic local service remains the same. Rates within the existing metropolitan local calling area may not be raised as a result of the addition of a local exchange under this subdivision until the rates in the added exchange are at least equal to the highest rates in an adjacent exchange within the metropolitan local calling area, provided that the rates in the added exchange may not exceed the amount necessary to recover 100 percent of the costs

and ensure that the rates are income neutral for the telephone company serving the added exchange.

(b) The commission shall establish rates that are income neutral for each affected telephone company at the time at which the commission determines the extended area service rates. The commission shall consider the interests of all parties when determining a fair and equitable extended area service rate for a local telephone exchange that is newly included in the extended area service.

(c) A telephone company that provides local telephone service in an exchange that is included in an extended service area shall include the extended area service rate in the basic rate for the purpose of billing customers so that only one line item charge appears on customers' bills for both rates."

Page 1, after line 28, insert:

“Sec. 2. Minnesota Statutes 1991 Supplement, section 216B.241, subdivision 1b, is amended to read:

Subd. 1b. [CONSERVATION IMPROVEMENT; COOPERATIVES; MUNICIPALITIES.] (a) This subdivision applies to:

(1) a cooperative electric association that generates and transmits electricity to associations that provide electricity at retail including a cooperative electric association not located in this state that serves associations or others in the state;

(2) a municipality that provides electric service to retail customers; and

(3) a municipality with gross operating revenues in excess of \$5,000,000 from sales of natural gas to retail customers.

(b) Each cooperative electric association and municipality subject to this subdivision shall spend and invest for energy conservation improvements under this subdivision the following amounts:

(1) for a municipality, .5 percent of its gross operating revenues from the sale of gas and one percent of its gross operating revenues from the sale of electricity not purchased from a public utility governed by subdivision 1a or a cooperative electric association governed by this subdivision; and

(2) for a cooperative electric association, 1.5 percent of its gross operating revenues from service provided in the state.

(c) Each municipality and cooperative association subject to this subdivision shall identify and implement energy conservation improvement spending and investments that are appropriate for the municipality or association. Load management may be used to meet the requirements of this subdivision if it reduces the demand for or increases the efficiency of electric services. A generation and transmission cooperative electric association may include as spending and investment required under this subdivision conservation improvement spending and investment by cooperative electric associations that provide electric service at retail to consumers and that are served by the generation and transmission association. By February 1 of each year, each municipality or cooperative shall report to the commissioner its energy conservation improvement spending and investments with a brief analysis of effectiveness in reducing consumption of electricity or gas. The commissioner shall review each report and make recommendations, where appropriate, to the municipality or association to increase the effectiveness of conservation improvement activities.
